The author studies the present deplorable existence of the Islamic world and concludes that the very centre of Islam is in the Saudi hands. Today the *Umma*'s lands divided into two groups. One, the Al-Sa'ūd dominated and two, the main standard-bearer and free. This latter group, the *Umma* means its *Umma*, is the best educated and arguably the most powerful and able potential.

The Saudi monarchs cannot remain idle for long. It is a great challenge for twenty-first century will be the greatest challenge for these rulers. They survive on things in the balance depending on what kind of salvation they seek. In dependent if they seek sanctuary in the western world, see the world's price. Some of them are enamoured of western civilisations while others, the big sharks in the ocean of political new areas, have allowed themselves to be lapped and

The western attitude is to exist a prison for these
