

Dr MAURICE BUCAILLE

WHAT IS THE ORIGIN OF MAN?

The Answers of Science
and the Holy Scriptures

Seghers

CONTENTS

<i>Introduction</i>	9
I. – EVOLUTION IN THE ANIMAL KINGDOM : ESTABLISHED FACTS AND THE GAPS IN OUR KNOWLEDGE	
The Origins of Life and the Diversity of Living Beings ...	19
The Concept of Evolution in the Animal Kingdom. The Difficulty of Solving the Problem	26
Lamarck and Transformism	31
Darwin and Natural Selection, or a Hypothesis Survives Through Ideology	35
Essential Features of Evolution that Should Not Be Over- looked	47
The Role of Chance and Necessity	51
The Complexity of Cellular Organization and the Genes ..	57
The Genes : Their Role in Evolution and Other Processes .	66
Creative Evolution	79
II. – THE EVOLUTION OF MAN COMPARED WITH THAT OF OTHER LIVING BEINGS : SIMILARITIES AND DIFFERENCES	
The Successive Waves of Human Types : From Primitive Man to Homo Sapiens	87
Evolution in the Various Human Groups	95
The Most Debated Origin : The Apes or Their Ancestors .	101
Innate and Acquired Behaviour : A Comparison Between Man and the Animals	111

The Influence of Creative Evolution in Man's Development	122
--	-----

III. – THE FIRST ANSWER OF THE HOLY SCRIPTURES : THE BIBLE

The Need to Know the Origin and History of the Texts ..	129
Modern Approaches to the Books of the Bible	132
The Creation of Man According to the Bible : The Narratives and Their Context	140

IV. – THE ORIGIN, TRANSFORMATIONS AND REPRODUCTION OF MAN ACCORDING TO THE QUR'AN

Preliminary Notions on the Qur'anic Text, Its History and Contents	157
The Origin and Perpetuation of Life	165
The Origin of Man and Transformations of the Human Form Over the Ages	169
Human Reproduction : Its Effects Upon Transformations in the Species	180

V. – THE COMPATIBILITY BETWEEN RELIGION AND SCIENCE

The Many Approaches to the Question	193
The Difficulties Encountered	196
The Concept of Creation and Science	199
Evolution in the Animal Kingdom and the Transformations of the Human Form	202
Cellular Organization and the Origin of the Genetic Code : A Scientific Enigma	206
The Evolution of Living Beings, a Special Case Within the General Evolution of the Universe	209
The Compatibility Between Religion and Science	214
