LIST OF TABLES

Chapter 1. A World at Risk

- 1-1 Food Insecurity in Selected African Countries, 1986 13
1-2 World Grain Prices, July 1988, Compared With July 1987 14

Chapter 2. Halting Land Degradation

- 2-1 Status of Desertification in the World's Drylands, 1983-84 23
2-2 Observations of Land Degradation, Selected Countries and Regions 24
2-3 Annual Sediment Load Transported to the Sea by Major Rivers, Early Eighties 25
2-4 China: Effects of Land Rehabilitation Strategy in Quanjiagou, Mizhi County, 1979-86 34

Chapter 3. Reexamining the World Food Prospect

- 3-1 The Changing Pattern of World Grain Trade, 1950-88 45
3-2 United States: Sign-Up for Conservation Reserve Program, March 1986-July/August 1988 48
3-3 World Grain Production, Use, and Carryover Stocks, 1961-88 56
3-4 United States: Cropland Idled Under Commodity Programs, 1965-88 57
3-5 United States: Grain Production, Consumption, and Exportable Surplus by Crop Year, 1980-88 58

Chapter 4. Abandoning Homelands

- 4-1 Displaced Population in Selected African Countries, September 1985 62
4-2 Effects of Sea Level Rise on the Bengal and Nile River Deltas Under Two Scenarios 73

Chapter 5. Protecting the Ozone Layer

- 5-1 Global CFC Use, by Category, 1985 86
5-2 Global CFC Use, by Region, 1986 87
5-3 Use and Emissions Profiles of Commonly Used Chemicals, 1985 88

Chapter 6. Rethinking Transportation

- 6-1 Automobiles in Use, Worldwide and United States, 1950-87 98
 6-2 Car Density, 1970-86, and Car Fleet in 1986, by Region 101

Chapter 7. Responding to AIDS

- 7-1 Officially Reported AIDS Cases, Selected Countries, December 1, 1988 116
 7-2 Estimated HIV Prevalence, Selected Regions, 1987/88 116

Chapter 8. Enhancing Global Security

- 8-1 Armed Forces and Employment in Military Industry, Selected Countries, Early to Mid-Eighties 134
 8-2 Military Share of Gross National Product, Selected Countries, 1984 137

Chapter 9. Mobilizing at the Grassroots

- 9-1 Grassroots Organizations in Selected Developing Countries, Late Eighties 157

Chapter 10. Outlining a Global Action Plan

- 10-1 Projected Net Reductions in Carbon Emissions from Expanded Forest Protection and Reforestation Efforts 183
 10-2 Projected Population Size at Stabilization and Increase Over Current Level, Selected Countries 189

LIST OF FIGURES

Chapter 1. A World at Risk

- 1-1 Carbon Emissions from Fossil Fuels, 1950-87 9
 1-2 Observed Global Average Temperatures, 1880-1987, With Projections to 2040 10
 1-3 World Grain Production Per Capita, 1950-88 12
 1-4 U.S. Corn Yield Per Hectare, 1950-88 16

Chapter 3. Reexamining the World Food Prospect

- 3-1 World Grain Production, 1950-88 43
 3-2 World Harvested Area of Grain, 1950-88 46
 3-3 World Irrigated Area, 1900-85 49
 3-4 Irrigated Land in the United States, 1900-84 50

3-5	World Grain Yield Per Hectare, 1950-88	52	
3-6	World Fertilizer Use and Grain Area Per Capita, 1950-88	53	
Chapter 5. Protecting the Ozone Layer			
5-1	Atmospheric Concentration of Chlorine Monoxide and Ozone by Latitude, Southern Hemisphere, 1987	80	
Chapter 6. Rethinking Transportation			
6-1	World Passenger Car Production, 1950-87	98	
6-2	Car Production in South Korea and Brazil, 1970-87	99	
6-3	World Passenger Car Gasoline Consumption, 1950-86	102	
6-4	Fuel Consumption of U.S. Automobiles, 1970-88	103	
Chapter 8. Enhancing Global Security			
8-1	World Military Expenditures, 1950-85	133	
8-2	U.S. Military Expenditures and Budget Deficits, 1950-88	141	
Chapter 10. Outlining a Global Action Plan			
10-1	Crude Birth and Death Rates in Japan, 1948-88	189	
10-2	Crude Birth and Death Rates in China, 1949-87	190	
10-3	World Birth and Death Rates, 1950-88, With Projected Goal for 2000	190
