# MALAYSIAN STAMP DUTY HANDBOOK

**MALAYSIAN STAMP DUTY HANDBOOK** is a comprehensive desktop guide and textbook on stamp duties to fill the gap, because most leading books on the subject do not even devote a chapter on Malaysian stamp duties.

This book takes not only an in-depth look but a practical view on the following:

- Structure of Stamp Duty Act 1949
- General Principles
- Specific Instruments
- Exemptions: Section 15 and 15A
- Duty Payable
- Time of Stamp Instruments
- Adjudication of Instruments
- The relevant Schedules and Comments
- Offences and Penalties

The subjects discussed are based on the author's many years of experience in administering stamp duties and on lectures delivered at institutions of higher learning. The principles are supported by cases which aid comprehension and facilitate practice. The supplements at the back of the book include relevant forms and appendices.

The extensive index will be a boon to lawyers and students alike.
