INTRODUCTION	v
Chapter 1	1
THE HIV PANDEMIC	
The global picture — a series of sub-epidemics — non-sexual transmission — sexual transmission — the price of poverty — migration and population movement — the gender gap	
Chapter 2	17
THE DEMOGRAPHIC IMPACT	
Population profiles — modelling the epidemic — an uncertain picture — regional predictions — the impact of interventions	
Chapter 3	29
HEALTH COSTS	
The direct costs of HIV/AIDS — an unequal picture — treatment costs — a dangerous liaison: HIV and TB — the implications for hospital care — an impossible burden?	
Chapter 4	45
SOCIAL COSTS: HIV/AIDS AND THE COMMUNITY	
The family — coping mechanisms — adapting social practices — a community fights back — women bear the brunt — the price children pay — orphans — education — the hardest hit	
Chapter 5	67
THE CHALLENGE TO LABOUR	
Human resources — impact on skilled labour — loss of productivity — responses — recruitment, training, and employment benefits — policy issues — industry as educators	

Chapter 6	89
RURAL HOUSEHOLDS AND FOOD SECURITY	
A vital industry — small farm vulnerability — credit schemes: a lifeline under threat — agricultural systems — responses — food for all — policy adjustments	
Chapter 7	105
NATIONAL PERSPECTIVES	
The importance of skilled labour — savings — foreign aid — foreign investment — the cost of lost lives — economic strategies	
Chapter 8	119
CONTAINING THE EPIDEMIC	
Interventions — behaviour change — conditions for change — target audiences — counselling and care — sexual health — the cost of interventions — political will	
Chapter 9	139
A DEVELOPMENT ISSUE	
The role of development — multilaterals and bilaterals — government response — NGOs — barriers to action — an unprecedented challenge
