PREFACE

This book contains the finest speeches delivered at the Harvard Club of Malaysia functions. The Club organises the 'Prime Ministerial Address' annually, to coincide with its annual general meeting.

The Harvard Club of Malaysia was formed by a group of Malaysian graduates of Harvard University with the objective of providing assistance to potential students who intend to study at Harvard and to bring graduates and friends of Harvard together to exchange views and opinions on current affairs.

The Club's annual activities include talks by outstanding personalities, visits and friendly encounters with other Harvard Clubs in the region, sponsorship of cultural programmes particularly music and fine arts and organising public forums on topics of current interest. The Club's "educational programme" has the twin-objective of bringing special programmes not available in Malaysia from Harvard's various schools and utilising the proceeds from such programmes to the Club's foundation fund.

Tan Sri Dato' Seri Ahmad Sarji bin Abdul Hamid
PRESIDENT,
HARVARD CLUB OF MALAYSIA
27th April 1993
