Preface

This collection of poems is the snowballing result of my first book, '*A Special Breed*'.

This collection contains a medley of poems on various subjects composed at various places in different moods.

I am grateful to the Sarawak Literary Society for their moral support and encouragement to my book, '*A Special Breed*' and it gives me great pleasure to be able to make a further contribution to the cause of literature in Sarawak.

I would like again to thank my wife and my friends for their inspiration and encouragement in making this collection possible and to Mr Yu Loonching for his 'dressing-up' of my poems for when all is said and done, it is the final 'dressing-up' of the product that makes the product presentable!
