By Dr. Mahathir Mohamad

The Kuala Lumpur Foundation to Criminalise War is shocked and angered over the Israeli invasion of Gaza since Saturday 27 December 2008. Our hearts go to the people of Gaza in this time of great distress.

We call upon the international community to immediately act in concert to call upon Israel to stop the bombing of Gaza and the slaughter of innocent lives forthwith. We support the call by the United Nations for an immediate ceasefire and an end to all military operations to facilitate relief work and delivery of humanitarian aid to the people of Gaza.

The Foundation also calls upon the governments of the United States, Britain and other major powers to put necessary pressure on Tel Aviv to stop the inhuman slaughter of Palestinian men, women and children in Gaza with bombs and other weapons.
