

The Chorus Line
Chedet.co.cc
June 22, 2008
By Dr. Mahathir Mohamad

As expected Barisan Nasional party leaders, Cabinet Ministers and assorted beneficiaries of the Dato Seri Abdullah Ahmad Badawi flip-flop regime lined up metaphorically behind him to shout their support for the leader over the intransigence of Dato Yong Teck Lee and the Sabah Progressive Party.

The SAPP's motion of no confidence will not bring down Dato Abdullah's Government even if the opposition were to throw in their votes behind SAPP. The likelihood is that the opposition will not. They know it would be an exercise in futility. In any case the Speaker will not allow the motion or debate on it. So it looks like the SAPP is going to get nowhere.

But Dato Seri Abdullah and the Chorus Line should not gloat. They should realise that every time Dato Seri Abdullah demonstrates his grip over UMNO and Barisan Nasional, everytime the Chorus Line trotted their piece, they evoke disgust among the public.

That was what happened before the 2008 General Elections. From the chorus of support and the apparent lack of adverse criticisms against the Government of Dato Seri Abdullah, it looked as if the BN was popular and would romp home with the 2004 kind of results.

But actually the muzzled members of UMNO and UMNO supporters and also the members of the other BN parties as well as the public harboured a strong dislike of what they saw as self-serving sycophants. When they showed their lack of gratefulness for their good fortune to be given the right to govern they angered a lot of people. Ingrates are never popular in any society.

UMNO may have 3.5 million members but even if all of them voted there would still be constituencies where they would not win. Their success depended much on non-member supporters. Dato Seri Abdullah had no way of bribing or threatening them.

He could not summon them to be told to support BN candidates or himself.

These people had become alienated from the BN. And the muzzled ordinary UMNO and BN members had also been alienated.

Assuming that Dato Seri Abdullah could control the 3,000 UMNO branches, the 200 UMNO divisions and the 2,500 specially selected representatives at the UMNO General Assembly there would still be more than a million ordinary members of UMNO who could not be bribed or threatened.

Every time Dato Seri Abdullah came up with ridiculous policies and commit administrative and political flip-flop the Chorus Lines, the Supreme Council and the

Division heads may shout their support but the majority of the rank and file would become more disgusted. And they would resolve not to vote for UMNO or the BN.

So what will happen? Unable to do anything of consequence now these alienated people can only wait for the next election as they did for the 2008 Elections. If the results of the 12th General Election is anything to go by, the 13th General Election will be even worse than the 12th General Election for the BN.

Umno will lose and lose badly. Dato Seri Abdullah can blame the voters for sabotage but as UMNO and BN are unwilling to take heed of the voters' displeasure in 2008, the only choice they have will be to rid themselves of Dato Seri Abdullah through destroying UMNO and the BN.

Its too bad but what else can they do.

There will be no rewards for the Chorus Line and the other sycophants, including Dato Seri Najib when the BN loses to the opposition coalition.

Is this scenario likely? Well, did Abdullah and Co. think the 2008 losses were likely before they decided to hold the elections?

The few sensible UMNO leaders left should think about this. If you join the people who are obviously destroying UMNO, you will be cursed by future generations for your betrayal of their heritage.

Dear Tun,

I am tired with all these UMNO leaders who are still in a state of denial. They will soon experience the taste of being treated like "sampah". Make no mistake about it.

Dearest Tun

Pak Lah has just reversed the decision to charge foreigners a different price for sale of petrol. Najib said that it is not to subsidize foreigners AND also to reveal to the rakyat the real market price of petrol.

Was the reason to help the rakyat or was it to convince the rakyat that Pak Lah's govt is KIND in charging 2 different prices.

Are the foreign advisors working overtime, I wonder??

Do take care of your health. Glad to be able to continue reading your thoughts.

Yg berbahagia Tun,

I marvelled how you have worked for the good 22 years during your tenure as a PM, the energy that you have focused is really amazing. I could not imagined how you have managed so good even Lee Kuan Yew become so jealous (of course he would not admit it, KIASU lah nak katakan) . Yang Berbahagia Tun Dr Siti Hasmah must be your closest think tank and companion that you could never go without her. (What a loving and exemplary couple).

Tun, How all of us missed you (including the Chorus Line , but these people think they want to feed 7 generations of their family members , so them say Saya SOKONG . Kalau bangkang , mesti BPR datang cari dan buka case utk dibuat siasatan seperti yg berlaku kpd Datuk Yong SAPP).

I am quite disqusted with the way the former judges so emotionally bad mouth you during the ex gratia payment by Zaid. The scenario is just like the old man from the old folk home getting duit raya and cursing their sons for neglecting them .

Tun salam sejahtera dan minta kirim salam kepada Tun Dr Siti Hasmah.
Terima kasih.

Dear Tun Dr M,

Abdullah says he cannot step down now as he needs to help strengthen UMNO & the BN at their difficult time; and not so much so after the recent poor performance in the general election. But Abdullah should know that his stewardship and decision making did contribute to the poor election performance where 5 out of every 10 Malaysians voted against the BN. This is very serious. He should realise that his very act of staying on is the reason that is further weakening UMNO & the BN.

On the other hand, if Abdullah steps down now, he would go out in disgrace as a failed Prime Minister. So as in the Malay tradition, we ought to give him time to architect the handover so that he could come out of this with some honour and dignity. Don't be so mean to him. This is what has been taught to us by our forefathers.

But will his delay give room for others outside the BN to topple him and his deputy and wipe out the BN government altogether? If the answer is Yes, then he ought to go ASAP.

Just glad to be among the first to comment.

The problem with Malaysia now is that the PM is at Ketua Kampung level of thinking. Std Ketua Kampung ni biasa la boleh mentadbir setakat suruh orang kampung tanam sayur, jaga kambing, bela lembu.. dan bersawah padi. Ketua Kampung mana pikir mcm mana nak bawa negara ke pentas dunia.

Najib pun satu hal. Macam kena pegang ekor. Panjat kata orang panjat lah dia .. terjun kata orang terjun lah dia. Kalau sekarang pun dia dah tak boleh kawal keadaan dan jadi pak turut macam mana nak ambil alih pentadbiran negara. Tak payah ada peralihan kuasa. Pilih saja orang lain.

Hari ini SAPP buat hal. Baru berape bulan selepas PRU12. Komponen yg hanya dua kerusi parlimen pun dah berani memberontak. Bayangkan apa akan berlaku sekiranya Pak Lah memegang pentadbiran hingga 2010. Yang menaggung adalah rakyat. Pak Lah hanya tahu menaikkan harga minyak dan mengambil subsidi rakyat untuk menjana projek2 yang tidak mendatangkan faedah.

Baru-baru ini sibuk dengan berita menyampaikan wang kepada bekas-bekas hakim. Akhbar-akhbar membuat liputan meluas tetapi tidak menyatakan berapa jumlah yang diberi kepada bekas-bekas hakim tersebut. Rakyat berhak mengetahui jumlah sebenar kerana wang tersebut adalah wang rakyat. Adakah mereka takut hendak mendedahkan jumlah tersebut kerana ianya terlalu banyak sedangkan rakyat sedang menderita berjimat cermat berbelanja. Sekiranya kerajaan beranggapan bahawa bayaran patut dibuat, sepatutnya kerajaan tidak teragak-agak menyatakan jumlah tersebut kerana tindak itu benar. Dengan menyembunyikan jumlah sebenar memberi gambaran bahawa ada agenda tersembunyi dibalik pemberian tersebut.

Hari ini UMNO masih mempunyai kuasa. Sehari selepas pengumuman SAPP, Dato Yong Teck Lee telah diberitakan disiasat BPR atas kes rasuah. Begitu mudah pada pemikiran saya. Ini menunjukkan betapa bongkaknya kerajaan yang ada sekarang dan kebal dari tindakan undang-undang selagi tidak membawa masalah. Mengapa kes rasuah ini tidak timbul sebelum isu ini.

Usul tidak percaya mungkin tidak menjadi kenyataan kerana boleh ditolak oleh speaker dewan. Walau pun ini tidak menunjukkan sikap demokrasi tetapi ini tidak mustahil dizaman Pak Lah. Ingat lah kuasa yg ada adalah pemberian daripada rakyat yang sentiasa melihat dan menilai. Sekarang mungkin parti komponen ini tidak dpt berbuat apa-apa. Bak kata pepatah bagai timun dengan durian. Jangan lupa suatu hari nanti durian jadi tempoyak mentimun pula yang akan menggayang durian.

My first entry to blogging. Been reading your blog since, just found the guts to comment.

Bloggers.com blocking your comment, seem like another attempt at muzzling freedom of speech ,by the so called transparent and liberal govt. I might be wrong .

A strong govt, do not need chorus of support only the weak one does.

Anyway, the flip flopping of decision by the govt. of the day is embarassing. Two pump system , one for local and the other for foreigner. What kind of strategic planning and by whom? Who will monitor and implement this. What next?

Thank you.

Salam Tun.

Saya rasa Tun tidak gila sehingga mampu memerintah Malaysia selama 22 tahun. Oleh itu Tun sudah tentu punya alasan/bukti yang sangat kukuh sehingga Tun mengambil keputusan yang tidak popular dengan memecat Anwar. Walaupun Tun sendiri mengangkat dia naik ke atas, namun saya amat yakin Tun bertindak bijaksana dalam menghalang Anwar untuk memimpin Malaysia.

Saya memohon, dan sebelum ini ada beberapa orang lain juga telah memohon, untuk kesekian kalinya, sudi apa kiranya Tun berkongsi maklumat, alasan dan sebab yang mendorong Tun untuk memecat Anwar.

Semoga, pendedahan itu merupakan bakti Tun yang sangat bernilai, sekali gus dapat memadamkan fitnah konspirasi yang dilemparkan ke atas Tun, sedang di sana masih ramai lagi mereka yang masih terperdaya dan memerlukan penyataan dari mulut Tun sendiri.

Semoga rayuan ini mendapat perkenan Tun!!! Insyaallah.

Sooner or later, the old song will come the an end, and the chorus wont fit the new song.

Just like any pop songs, people will just tune to a new one. Pak Lah songs are becoming too predictable, and we are getting real bored.

For the chorus singers, do they know where they're going next. Nobody seems have any clues, with the oil crisis etc.

Pak Lah will be so busy entertaining "requests" with his lousy songs, make us wonder who's running his office.

My generation and my fathers generation have gone separate ways after Tun left the government. Even before that I was having problems communicating with my parents when it comes to politics.

I was not an ardent fan of yours in certain issues. I was really sad when you left the government though as we were at the peak of everything.

My parents before supported you. But their reason for now supporting Pak Lah is because he is the credited leader and as citizens they felt that they needed a leader that was elected by Malaysians. I told them of your blog, even bought them an internet line ... but since they are a bit weary of computers ... it didnt work.

Orang kampung like my parents needed your chedet.com to be published. Thats the only way for them to know whats happening through your mind. Although I am sure there will be some legalities for you to print them out as hard copy, that is the only way for your true heartfelt thoughts to be heard by all.

I am very proud of Tun. I read your compilation of letters from dignitaries and I felt proud. Perhaps something like that will assist your messages across.

Thanks Tun for changing my familys life from what we were to what we are now. Thanks to Pak Lah .. my familys life is going back to what we were ... nothing.

I agree with your comment. As it is, I am very angry with the PM and his sychophants with what is happening to our country. I see my own race, who are actually the worst off compared to the other races,...HIndraf or not, I worry for my children and grandchildren once the opposition takes over the country. It will turn out to be more like Singapore and the Malays will be cast aside while the others rule our country. I will never,never forgive the UMNO for doing this to my beloved country.

I agree with you Tun. The next general election will be a disaster for BN. Everyone I talk to felt BN are totally not relevant anymore. No one that I know appreciate Pak Lah at all. He's totally unpopular to the extend that the sight of him on the tv screen is a good enough reason to change channel. Its that bad.

Being a BN supporter all this while, I am worried about the direction this country will face when the opposition took over.

I pray for Tun good health always.

Assalamualaikum Tun,

As a Malaysian, it is sad to see how the country is progressing and the direction it is moving towards to. It is even frustrating to understand that there is a group of people up there that tends to not to see us down here when we were the ones who put them up there.

In case of Pak Lah, I just wonder how he could put down his head each night to sleep. How could he not see that all of these are history in the making. I won't be suprised that one day my children or my grandchildren would be reading about all of these in their primary or secondary Sejarah textbooks. Just like what I have read and learnt of the Kesultanan Melayu Melaka that succumbed, which started off with greed.

Probably history will repeat itself. Probably we can prevent it. Or not. It's up to us. Or them, as a matter of fact.

Real political leadership has never been more important to Malaysia. At a time when the whole socio-political landscape, as well as the physical landscape, is undergoing fundamental change, our political leaders reflect the growing failure of our political system to promote talent.

Malaysian politics has become almost devoid of substantive debate. This has happened for a number of reasons, but perhaps the most important is the increasingly pervasive role of the mass media in shaping ideas about our society. In reality, the mass media have pretty much taken over political discourse in this country. Newspapers set the agenda for the main players, who can still read, and TV and radio keep the punters informed. This is of course a disaster.

The most successful politician of recent times has shown how the mix of a dominant media and a scared and ignorant public can be exploited to gain and maintain political office. Abdullah has proved himself a master at following the lead of the media, a lead basically and increasingly constructed in the Malaysia. Abdullah, was already primed to take on this role, but his manipulation of growing insecurity has been something to see.

So political leadership in Malaysia has come down to who can most closely follow the script provided by the mass media. Abdullah is just the most effective actor, not the only one. The ranks of our political leaders - those who are at or near the top of our state and federal political power structures - are filled with such unprincipled opportunists. By and large, our political leaders are not very intelligent, not very honest and loathe to do anything, of Yes, Minister might call "courageous". How did it come about that the people making the key decisions for Malaysia are so inept, shortsighted and unprincipled?

May ALLAH enlightened us with the TRUTH and bless us all.

Tun,

Selepas saya mendengar lagu favourite Tun, My Way (frank sinatra), baru saya faham perasaan Tun dulu..

Maybe the current Prime Minister pun ada dia punya "own way" kot (hehehehe) yang menyebabkan few "unrest" politically, economically and socially...

Salute you Tun. Lyrics below..

My Way

And now, the end is near
And so I face the final curtain.
My friend, I'll say it clear,
I'll state my case, of which I'm certain.

I've lived a life that's full.
I travelled each and ev'ry highway
And more, much more than this,
I did it my way.

Regrets, I've had a few
But then again, too few to mention.
I did what I had to do
And saw it through without exemption.

I planned each charted course
Each careful step along the byway,
And more, much more than this,
I did it my way.

Yes, there were times, I'm sure you knew
When I bit off more than I could chew.
But through it all, when there was doubt,
I ate it up and spit it out
I faced it all and I stood tall
And did it my way.

I've loved, I've laughed and cried.
I've had my fill, my share of losing.
And now, as tears subside,
I find it all so amusing.

To think I did all that
And may I say - not in a shy way,
"Oh no, oh no not me,
I did it my way".

For what is a man, what has he got?
If not himself, then he has naught
To say the things he truly feels
And not the words of one who kneels.
The record shows I took the blows
And did it my way!

Assalammualaikum wbt, Tun,

Your comments on the current events in the country I applaud. We are seeing price of goods increasing, as the cost of living for these past few years. My questions are, where and what are the government's expenditures? We do not see developments that are relevant towards the country, unnecessary spendings that does not benefit the Rakyat. What are the relevances of the so called Economic Regions and Corridors? I, an ordinary citizen feels not just a pinch on the thigh, but more of a punch to the gut with the present scenarios that is affecting almost all.
Look forward to your next topic Tun.

Wassalam

Salam Tun.

So, nothing's stopping them right Tun? I heard this morning on the radio, they are gonna have two petrol pumps, 1 for locals, 1 for foreigners. And they are going to identify the difference using car's registration no. They must be joking aren't they? Why cant they think of something more valid? like i/c? unless the foreigners can easily get Malaysian i/c, there must be a logical explanation for it. I mean car registration no?? I can be some foreigner working in Malaysia, driving a Malaysian car registration no, and who can justify that i cant buy petrol as locals do? For God's sakes..

Tun Dr M yang dikasihi,

Izinkan saya mengulas bagaimana mungkin KJ & Co. termasuk Pak Lah yang bekerja dgnnya - Telah memanipulasikan Raja Petra untuk kepentingan Politik dan Kuasa mereka

Raja Petra meningkatkan tekanan atas dakwaannya dengan satu akuan bersumpah di mahkamah tinggi KL 20hb June 2008.

Dalam Akuan Bersumpah itu Raja Petra (yang mendapat perlindungan KJ agaknya) telah kaitkan Rosmah Mansor dengan pembunuhan Altantuya.

Samada dakwaan itu benar atau tidak...biarlah masa yang menentukannya.

Tapi 'PUNCA' maklumat itu adalah persoalannya bagi kes-kes berprofile tinggi ini. Raja Petra mendakwa Pak Lah menerima satu laporan bertulis dari pihak perisikan tentera - kemudian laporan itu diserahkan kepada Boss Pak Lah (KJ) untuk disimpan dengan selamatnya. Dan Raja Petra juga kata " Seorang Sultan juga telah dimaklumi"

Antara Pak Lah, KJ dan Sultan tersebut....Siapakah yang berkepentingan untuk melihat DS Najib jatuh? Tiada lain dan tiada bukan melainkan KJ lah yang paling disyaki dalam hal ini....Mengapa?

1. KJ sedar Pak Lah sudah di hujung Usia sebagai PM...Jika Pak Lah jatuh awal habislah dia...

2. Hanya DS Najib yang berupaya capai kuasa 30% percalunan untuk layak bertanding Lawan PM.

3. Sebagai tekanan dan ugutan secara terancang untuk buat DS Najib Tutup Mulut...
Tidak Melawan...
Sentiasa jadi Pak Turut KJ & CO.

Hal ini jelas menjawab persoalan mengapa DS Najib begitu takut untuk mencabar Pak Lah...rupa-rupanya...kesilapan Bini telah buat dia jadi Pengecut...Bini dia dah jadi Liabiliti besar kepad gerakan pembaharuan, juga kepada Negara.Boleh bergantung kpd dia lagikah kita Tun Dr M ?

Kalau kerajaan sekarang tidak membuat sesuatu yg positive/magical/constructive within these 4 years, I'll bet they'll go down. They cannot waste their time even for a minute. Unless if they are brilliant enough to do something that can win the ppls heart. If not, then i agree with Tun Dr. Mahathir that BN & UMNO will totally destroy on PRU13.

Assalamualaikum Dear Tun and visitors,

I have so far been content to limit myself to reading Tun's blogs, feeling a better educated person everytime I do so.

But no more. Reading is no longer enough. Two websites, maybe more, critical of the selfish people controlling this country have been tampered with. This is too much.

My dear visitors, the time has come for us to do more than visit chedet.com. Many of us have called upon Tun to resume his mantle of leadership, or at least lead the charge to kick that drooling idiot out of office.

But, my fellow readers. Tun will not be around forever. And, we are the ones who will inherit the country. Isn't it time that we did something, instead of just asking Tun to "please do something".

Tun HAS done something. For 22 years he has set an example for us, telling us we have to learn how to do things for ourselves. So let us do something.

What shall we do? Start small. That's what I'm doing. I have no political experience, I am not active in any organizations. But I'm starting by spreading Tun's words. I have been printing Tun's articles and sending them to my relatives back in my kampung. A pathetic effort? Maybe. But it's something. If you want to know why we should do this, drop by to <http://alizzati.blogspot.com/>

Dear Tun & friends,

The time has come for us to ACT! We are the young ones. Younger ones, anyway. Are we not ashamed to ask an 80 year old man to lead the way? Let us walk in front and let him guide us with experience unlike any other person's.

Everyone, let's each of us do our part. I'm sure everyone can think of something. Let's kick that lamebrain AAB out of power, for our sake, and for the sake of our children.

By the way, to that person who in an earlier post suggested that Tun should stand in front of the FRU, shame on you. Tak malu nya kamu, wahai manusia kerdil. Biarlah kamu berseloroh sekalipun, tidakkah kamu segan kepada Tun?

Salam Tun & rakan2 semua,

Tun, what you said is true, BN is occupied with sycophant whom don't know or pretentiously don't know what SAPP's demand. They only voice out have no confidence towards PM ONLY but not BN.

Disebabkan berebut2 nak jaga kepentingan diri sendiri maka dorang ni semua sanggup jadi "balaci" si Badawi dengan mengutuk SAPP dan "mengipas" si Badawi. Kalu dah berani sgt ngape x buang je SAPP dari BN?? Kalu si Badawi tu still dok atas takhta PM tu nampaknya PRU13 ni satu kerusi DUN & MP pun BN tak dapat...bungkus habis.

Maaf Tun, a bit strident statement..geram sangat dah!!

Semoga Tun dan Tun Dr Hasmah berada didlm keadaan sihat & sejahtera hendaknya...
Wassalam...

Dear Tun,

Man proposes God disposes. May Allah bless all individuals whose intentions are to save this Nation and incur frustrations amongst those whose actions are deleterious to Malaysia. God Willingly strategic planning is vital to save Malaysia from corrupters. Let us remind ourselves with the following verses from the Quran :
"Thus have We placed leaders in every town, its wicked men, to plot (and burrow) therein: but they only plot against their own souls, and they perceive it not" (Surah Al-An'am , verse 123) and Surah Al-Fil, verse 2 which states "Did He not make their treacherous plan go astray?"

Bernama reported that Sungai Rapat assemblyman Hamidah Osman urged you to return to Umno and contribute in making changes in the party from within and you responded by appealing to Umno members and leaders to be loyal to themselves, the race, religion and country."

You also said you would only return to Umno if the members and leaders stop giving support to leaders blindly.

Yes,yes,yes, Tun. You are absolutely right. Some of the UMNO members are really "BLIND,DEAF AND DUMB". They don't have any more principle and their moral value is GROUND ZERO!

As I said earlier in my previous remark that the only moral that they have is when they want to "BERAK" they still remember to close the toilet door.

Apa yang Tun perjelaskan ada kebenarannya. Dan itu adalah faktor dalaman yang membuatkan rakyat semakin menolak BN.

Faktor luaran pula, kita dapat lihat wakil2 rakyat Pakatan Rakyat berusaha sebaik mungkin mengambil hati rakyat di kawasan mereka. Kebanyakan daripada mereka mendapat pujian yang baik walaupun ada sedikit kekurangan. Ini menaikkan lagi imej pakatan rakyat di kawasan-kawasan yang mereka menangi.

Manakala, UMNO khasnya dan BN umumnya kena re-brand diri mereka. Imej UMNO/BN sekarang amat teruk dibawah pimpinan AAB. Ianya bermula dari imej AAB dan keluarganya dan menjadi penyakit berjangkit kepada ahli-ahli UMNO/BN. Tetapi punca penyakit itulah yang mereka lindungi sekarang. "KAMI SOKONG 100%" kata mereka.

I am one of the Singaporean attracted by your recent established weblog because of its robust discussions and debates on issues that affecting the lives of many Malaysian especially the high costs of living. Of course, I do agreed with the views expressed in your blog, you had been a prime architect (for 22 years at helm as a PM)in developing Malaysia to the stage which all Malaysian are proud of it. As a Singaporean, we are equally proud of your achievements and I believe that our Minister Mentor Lee Kuan Yew feel the same way. I also trust that most of the Malaysian are excited of our progress and prosperity for this tiny nation. To say Singaporean are jealous of your achievements is the under-statement. Moreover, it will not do any good to further strengthen our cordial neighbourhood relationships. Therefore, we should therefore refrain from making any

statements that are self fulfilling. Instead, to concentrate on finding more common grounds so that we can progress together more effectively. Best regards to all. Michael

Salam Tun,

Patutlah hari Jumaat hari tu saya banyak kali reload web Tun ni asyik keluar cerita yang lama je. So agak membosankanlah hari Jumaat hari tu kerana tiada info terbaru.

Yang tragisnya, masa malam tu saya siap termimpi yang Tun dah pergi tak kembali, sedih sangat saya masa tu. Mujurlah hanya mimpi.

Saya dah agak pasti ada kaum yang jaki dan dengki pada Tun. Rasa-rasanya pengunjung blog Tun dah makin ramai dan lebih ramai dari pengunjung laman web lucu. Itu sebab ada pihak yang sengaja nak sabotaj Tun.

Pasal komen pengomen disini, harap-harap kita semua tak guna abusive language/words. Kita kena sama-sama tanggungjawab agar blog Tun terus kekal.

Pasal Pak Lah, memang saya yakin dengan sepenuh hati, Pak Lah tak akan letak jawatan walaupun didesak dari pelbagai pihak dan penjur. Mungkin sebab Pak Lah tak nak jadi sore loser, itu sebab dia tak nak letak jawatan bila di desak.

Apa yang pasti, Pak Lah belum cukup ilmu untuk letak jawatan kerana Pak Lah tak sedia nak tulis blog seperti mana yang Tun buat sekarang ni. So bila Pak Lah dah rasakan dia dah cukup ilmu nak tulis blog, barulah dia akan letak jawatan kot. I guess not!.. huhuhu.

Apa-apapun keep on writing Tun. Tak kisahlah dengan apa cara sekalipun, kami penggemar setia blog Tun akan sentiasa dahagakan artikel dari Tun. Dengan pembacaan dari artikel Tun, kami dapat menambah ilmu. Teruskan usaha murni Tun.

Salam takzim.

Assalamualaikum Tun,

M'sia kini terumbangambing. Kepimpinan jelas terlihat tidak tahu mengolah dasar yang mantap mengenai pertumbuhan ekonomi. Tidak ternyata langkahlangkah yang kemas bagi menghadapi kenaikan harga barangan. Kita tidak mengerti mengapa subsidi petrol dihakiskan kemudian membayar semula melalui pejabat pos!!!!???? Akhirnya ini terdengar pula usaha untuk menjana tenaga melalui teknologi nuklear. Ini pasti akan menggunakan modal yang cukup tinggi dan kemana hendak diletak bahan buangan radio aktifnya nanti??? sementara negara lain bertungkuslumus mencari kaedah yang mesra alam seperti angin, ombak dan matahari kerajaan kita mahu menggunakan tenaga nuklear. ceteknya akal.

Sementara harga barang melonjak apakah langkahlangkah untuk meningkatkan pengeluaran keperluan harian? Apakah dengan bercakap diTV, dalam surat khabar dan radio sudah mencukupi? kenapa tidak ada usaha besarbesaran mengumpul segala tenaga rakyat yang ada untuk mengeluarkan hasil dari segenap inci bumi M'sia agar makanan untuk kita semua tidak sahaja mencukupi tetapi boleh dieksport kenegara lain.

Kadar inflasi melambunglambung. Kadar faedah tetap ditahap lama juga. Apa Gabenor Bank Negara pun kena tunggu arahanke sebelum bertindak.

Kalau beginilah kepimpinan yang kita ada semua wawasan Tun yang telah terbena akan runtuh satu demi satu didepan mata Tun sendiri. Saya serukan semoga Tun balik semula ke UMNO. Himpun kan semua 3juta ahli. Tumbangkan kepimpinan yang ada sekarang. Tun, atas nama tanggungjawab terhadap bangsa, negara and agama, wajib mengambil alih dan memerintah semula biar pun setahun supaya kepimpinan yang berqualiti subur semula di M'sia negara tercinta. Salam.

Assalamualaikum tun,

First time sy tulis dalam blog ni.

sy anak penoreh getah, keluarga susah, adik beradik ramai. sy telah berjaya bekerja di

bandar sebab berjaya dalam pelajaran.kejayaan ni sebab dasar tun yang selalu buat sy bersemangat selalu, sy graduate pd thn 1998(waktu krisis ekonomi). Susah sungguh nak dpt kerja masa tu Tun. nasib baik Tun dapat pulihkan ekonomi malaysia, kalau tak tentu saya masih susah sampai sekarang.Untuk pengetahuan Tun sy pernah rasa nak merempat di KL, sebab xda duit. Nak mintak tolong family, diorang kat kg pun susah. Dulu bahasa inggeris langsung sy tak tau, sekarang bolehlah sikit2, kalau mat saleh dtg soal mana 'national monument' bolehlah sy jawab.

Sy geram betul dgn kerajaan AAB sekarang ni, dia ni asyik dok dengar lagu saja, tak suka baca buku...bila berucap pun kita bole tau, cakap berulang-ulang sebab takda idea nak cakap apa, nampak sangat kelemahan seorang ketua. tapi masih ramai jugak rakyat yang tak perasan...

Dearest Tun

I emphathise with Ixora and Amar. There is a book written by the niece of Yusof Ishak that studied the situation of the Malays. It might be worth reading.

I would actually recommend Pak Lah and the chorus line to read and expand their horizons so that their decision making is more apt and for the betterment of the rakyat, not rushed and shallow that they have to "flip-flop" all the time.

They are both nice people but we need tough leaders who are not afraid and can manage the international stage as well. We miss your leadership.

The water agreement will expire soon. The bridge has been cancelled. Pulau Batu Putih is no longer Malaysian land. The ban on petrol sale for neighbours is lifted. Lately, the swift action of AAB's admin to penalise his crites is uncharacteristic. Hhmmmm ...

Semoga Tun selalu sehat walafiat disamping keluarga dan teman2 setia.

Assalammualaikum Tun,

With regards to the motion of vote of no confidence against the leadership of Pak Lah @ Orang Tak Tau Malu is actually a slap in his face. We all know with the Chorus Line behind him and the reluctance of DAP to condemn him, the motion may not even make it to the floor.

To me, that is not the issue. The real issue is the credibility of Pak Lah himself. We've seen numerous times how he fumbled during his own press conference. Most recently is when he said, "kenderaan empat roda" when he wanted to refer to a four wheel drive which are widely used in Sabah and Sarawak during Bulletin Utama TV3. What make it worse is that such fumble was pointed out to me by my children.

Anyway, something need to happen and it need to happen fast. As we stand, the Orang Tak Tau Malu is not going to step down anytime soon. Not even after the UMNO's PAU in December. What is feared is that the rakyat, made to suffer due to numerous economic reasons might take the law into their own hands and they might unite under one theme, "Get Rid of Pak Lah at All Cost".

We've seen the fuel Price increase demonstration a couple of weeks ago which was organised by the PR. What will happen is that BN supporters would join with PR on the call for Pak Lah to step down. The call may not come from PR leaders but from PR members and UMNO members who are the suffering rakyat. We really hope that it will not come to that.

I hope and all of the suffering rakyat hope that the transition of power is done soon as most of us have lost confidence in Pak Lah and his band of incompetence cabinets.

Please have a positive attitude towards people. Pak Lah, as I see it, has done no wrong. He may be weak as a leader, but that does not mean you could defame him. The recent revelations about your transgressions during your rule are disturbing to any ordinary Malaysian. Please, for heaven's sake, do not adopt a "holier than thou" attitude. As a human being, you are not infallible. You are not a paragon of perfection. Ponder over your own foibles, follies, fiasco, fanaticism and failures before you point an accusing finger at others. Spend your time wisely by praying. Prayer can give you peace of mind. You seem to be troubled in mind at the moment. May God bless you, Tun.

saya melihat sekarang politik di malaysia sudah berubah,perubahan yang dimaksudkan seperti penggunaan blog dan media-media yang mana kerajaan yang memerintah tidak dapat mengawal benda-benda ini menjadi senjata kepada pemerintah. kira Tun bertuah kerana zaman Tun belum samapai ke tahap dimana internet menjadi tempat orang meluahkan perasaan,menabur fitnah, dan segala-galanya.tetapi hasrat tun untuk melihat celik IT mungkin terlaksana dengan baik. ada sesetengah pendapat mungkin boleh diterima dan ada setengah pendapat yang mungkin boleh dilihat lebih satu tujuan menjatuhkan orang. saya akui sewaktu pemerintahan Tun. banyak kemajuan dan pembangunan dilihat telah menaikkan malaysia di mata dunia,semua itu tidak dapat dinafikan atas usaha Tun dan pandangan Tun yang berpandangan jauh. saya sampai sekarang mengakui sepanjang saya membesar semasa pemerintahan Tun, belum pernah

lagi saya melihat pemimpin yang dapat mengganti Tun dalam idea-idea yang brilliant. tetapi perlu diingat Tun pernah berkata apabila ditanya oleh hos dalam satu program luar negeri mengenai kroni. "mana ada pemimpin di dalam dunia ini yang tidak ada kroni. di sini bukanlah saya mempertikaikan isu memberi projek kepada kroni kerana sesiapa pun didalam dunia ini pasti akan menjaga kroninya sendiri malahan Tun Sendiri pasti berbuat demikian. isu yang terbaru yang terlampau hangat sekarang isu kenaikan harga minyak, memang benar minyak semasa zaman pak lah naik mendadak yang menyebabkan orang mengeluh kerana perbelanjaan meningkat tetapi harus diingat wahai pembaca blog minyak adalah satu sumber tenaga yang tidak boleh diperbaharui, lupakah anda semasa belajar geografi di sekolah menengah. dan kita semua tahu atau kita tahu tetapi bila melibatkan emosi kita menyalahkan orang lain kerana tidak pandai mentadbir. kalau kita hendak mencari kesalahan orang lain bukan lah sesuatu perkara yang susah. malah kerja yang mudah adalah kita mencari salah orang dan kita sendiri tidak berbuat apa-apa selain bercakap. isu subsidi minyak sebenarnya kalau orang cerdik pandai pun tahu sebagai satu strategi politik untuk memancing undi supaya popular. tetapi mampukah kita beri subsidi minyak selama-lamanya padahal semua orang tahu minyak itu satu sumber tenaga yang tidak boleh diperbaharui. kalau lah minyak 2 macam air yang keluar di telaga Zam-Zam insyallah subsidi minyak pasti akan diberi kepada rakyat sampai akhirat. adakah orang yang mengaku boleh menurunkan harga minyak pada zaman dia menjadi menteri kewangan iaitu RM 1.10 boleh berbuat demikian pada zaman sekarang. mungkin dia tahu dia tidak boleh menawan pilihanraya maka dia hanya bercakap untuk menarik perhatian. adakah dengan harga minyak yang sudah mahal di pasaran dunia di boleh berbuat demikian, mestilah boleh tetapi sampai bila. kesimpulannya fakta yang kukuh minyak tergolong dalam sumber tenaga yang tidak boleh diperbaharui. sepatutnya orang yang mempertikaikan harga minyak nie memberi pendapat dalam mencari atau membuat penyelidikan dalam mencari satu sumber yang dapat mengganti minyak jika habis. kalau kita lihat trend di bandar-bandar besar orang dah mula menggunakan kenderaan awam dan motosikal dari berkereta ke tempat kerja. orang malaysia memang mewah tetapi mewah dengan subsidi yang mana memberi peluang orang mampu membeli kereta walaupun baru bekerja 3 bulan. memang perkembangan baik tetapi perlu diingatkan minyak satu sumber yang tidak boleh diperbaharui. walaupun pakai kereta tetap juga menyusahkan mak dan ayah di kampung kerana tidak cukup, maka akan selalu meminta duit bukan anak yang hulur duit setelah bekerja.

kenapa tidak usul undi tidak percaya ini di bawa dalam bentuk memorandum oleh rakyat ke parlimen? bukankah rakyat yang memilih pemerintah semasa. atau tun sendiri sebagai penggerak kebangkitan rakyat. saya berpendapat pemerintah semasa tidak memahami perasaan rakyat, jika difahami oleh mereka pun ianya tidak dipedulikan. kepentingan peribadi lebih penting dari negara!

untuk negara.

Taken from wikipedia about pelalak..

1.His maternal grandfather, Ha Su-chiang (also known as Hassan), was a Chinese Muslim who came from Sanya in Hainan..

So i can say that pelala is not a Pure Malay, I can also say that pelalla will not love Malay as i love malay... but dont get me wrong,, i do not hate chinese but i hate people hat are racis..

using your race to get support. aiya... its already more than 50 years we merdeka, i think its time to Delete Umno.. Umno today doesnt support Malay,, it support Cronies. even i do not eneter any polotical party as i think party in malaysia is junk. Umno = cronies, bribe and selfish. Pas = still under the Tempurung. dont have vision, never go anywhere, third class thinking.. When will a real Party that will bring malaysia to a new level, then i will joint it, dear tun, when will you bring a new party, that doesnt just for Malay.

2."He received a Bachelor of Arts in Islamic Studies from the University of Malaya in 1964". for me this is our biggest mistake. all malaysian must learn that experience does not make a good leader, although pak lalah have a long way of experience in politic, its does not mean that he is a god leader in managing a country, many of us will still remember when tun take over the country,, everybody ask does he can managed a country, he is just a doctor?

now looks whos the fool? a bachelor in art? this must be a joke? even my father in law have a higher education,, pak lalah can only write a khat. but not manage a country.. next time malaysian must take note about voting someone to be a leader. cause my kampung in Adun Benut have suffer a brain drain because we vote a man that only goes to year six only, that man is Salehon and what happen to Benut?

it became a dead end.. i fear the same can happen if pak lalah continue to be PM.

3. In 2005, it was alleged that under Abdullah's administration, there had been a significant increase in cases of cronyism regarding the distribution of import permits for foreign-manufactured vehicles

even the world who check wikipedia know that pak lalah is a corrupt, but we malaysia is still blind by a rm 650 rebate, i am ashamed to have a leader like pak lelah...

mari sama2 kita bersatu hati untuk mintak pak lah turun dari kerusi pemerintahan negara....usaha tangga kejayaan.

semoga tun dan isteri sentiasa sihat....saya dah tak nampak orang lain lagi yang berani untuk komen PM selain TUN..yang lain cuma kaki kipas...kalo ada pun yang berani, berani sikit2 je, tu pun lepas orang berani macam tun yang mula kan dulu...kalo takde kuasa macam rakyat biasa macam kami ni logiklah jugak berani skit2...ni tak...ada kuasa pun takut2 jugak nak komen PM

This is only to be expected, Tun. Party line, ethics, discipline, *I need this job*, etc..etc. Most of all, everybody has their personal interest at heart and they're scared how change will affect their interest.

I'm embarassed that SAPP has the guts to come out and state their belief - whilst our own people is hiding in their pants and hoping somebody else will do the deed, *we'll be behind you*.

Tun, people in Thailand is coming to the streets asking for change in PM. This is not our culture - but if boiling frustration is not released, the same will happen but will bigger consequences.

Words must translate into action - if not we'll be guilty as NATO as well. To friends of this blog, when the time come for action - I hope all the posters who said *I support you, I agree with you* will take up and participate in the action and not shrink back and scared of your own personal interest.... else you're just the same as the despised sycophants.

Salam sekali lagi pada Tun dan pembaca sekalian.

Memang kalau nak diikutkan PM dah terdesak sekarang ni. Mulanya dia ingat parti SAPP tidak akan ikut pendirian Datuk Yong Teck Lee, tetapi selepas mesyuarat MT SAPP, sebulat suara parti SAPP sokong usul undi tak percaya.

Maknanya disini, ini bukan pandangan peribadi DYTL, tetapi pandangan satu parti komponen BN. Yang masih dok sokong Lah Wi bukan sebab nak sokong sangat, tapi takut kena siasat oleh BPR. Nampak sangat dah terdesak. Siap laman web blog Tun Mahathir pun disekat. Apa semua ni?

Bukan tak faham, tapi memang dah agak Tun punya blog akan disekat. Mana tidaknya, populariti blog Tun Mahathir yang hebat kerana baru sebulan setengah dah capai 2 juta lebih pengunjung. Tu orang-orang kampung ramai tak tahu lagi tu. Kalau tahu, kompom makin ramai. Buktinya, bukan sekadar rakyat Malaysia yang baca, malah rakyat negara jiran seperti Singapura dan Brunei pun baca blog Tun. Itu pasal la Tun buat dalam Bahasa Inggeris, baru ramai yang boleh baca walaupun ada sesetengah yang amik masa untuk fahami termasuk aku... huhuhu..

Apa-apa pun, aku tetap suka baca blog TDM ni. Aku dibesarkan semasa zaman TDM memerintah. So aku memang akan tetap sokong TDM ke akhir hayat.

Lah Wi ni produk PTD yang dah rosak. PTD zaman sekarang ni pun hasil produk Lah Wi yang dikerah supaya taat pada pemimpin yang zalim. Aku bukan anti PTD, malah aku kahwin dengan orang yang dah jadi PTD. Sebelum dia jadi PTD, dia seorang yang humble, tapi selepas balik dari DPA, berubah perangainya yang nak tunjuk sangat kepimpinan walaupun dirumah. Dah rosak pasangan aku ni dan rumah tangga aku pun diambang kemusnahan dek kerana PTD dah jadikan spouse aku seorang yang tinggi egonya.

Setahu aku PTD zaman dulu yang baik, yang sekarang ni rata-ratanya dah banyak yang dok tunjuk kuasa dan salah guna kuasa. Kerajaan sekarang pun dah banyak yang korup ibarat penyakit kurap yang tak boleh diubati, makin digaruk, makin sedap. Itu sebab pentadbiran kerajaan sekarang macam pentadbiran KERAJAAN.

Harap Tun terus sehat sejahtera dan terus menyumbangkan idea-idea untuk penggemar blog Tun membaca. Setiap hari dah jadi rutin untuk membaca blog dari Tun.

Salam takzim buat Tun dan isteri.

Salam Yang Berbahagia Tun,

Ini kali pertama saya menulis disini walau pun saya pengunjung tetap dan sentiasa mengakses blog Tun setiap jam untuk mendapatkan pengetahuan baru.

Sejak beberapa hari yang lalu saya menyangkakan blog Tun telah dilenyapkan dan saya khawatir tidak akan berpeluang untuk menyatakan sokongan dan penghormatan kepada Tun sebagai mantan PM.

Tetapi pagi ini saya mendapati masalah telah selesai dan saya mengambil kesempatan untuk menulis sebelum blog Tun benar2 dilenyapkan oleh orang2 yang tidak puashati dan dengki dengan Tun yang berusaha membangunkan minda dan memberi kesedaran kepada rakyat Malaysia berbangsa Melayu dan penganut agama Islam.

Saya ingin nyatakan bahawa saya, keluarga saya, sanak saudara saya, pelanggan saya, pekerja2 saya dan pegawai2 atasan tempat kerja sekarang(swasta) dan dahulu(kerajaan) amat kecewa dengan kepimpinan DSAAB yang menuju kearah kehancuran Melayu dan Islam sekarang ini.

Saya percaya dibawah kepimpinanya Malaysia akan jadi negara sekular dan matlamat musuh Islam untuk mengujudkan Malaysian Malaysia akan tercapai.

Tun, kami berharap Tun teruskan usaha demi masa depan Melayu supaya 'Tak Melayu Hilang Di Dunia' dek kerana DSAAB.

Dengan izin Tun,saya nak komen tentang blogger ABI @ PJ:

To ABI/PJ:

I believe you are the one who is having problems with your mental..Please show some respect towards Tun M. And let me remind you that you are just a guest here; so please don't be RUDE. Don't you have anything positive to say about Tun M? May be it's about time you review your own mental state (see a specialist) before continue saying whatever things you keep on saying to Yg Berbahgia Tun. I personally am tired of your attitude. You are a LOSER, like DSAAB & Co.

Maaf Tun. Agak kasar sikit.

Org-org ni masih lagi disorongkan bantal empuk. Buaian mimpi mereka amat indah hinggakan apa yg berlaku dan boleh dianggap luar 'tabii' masih tidak dapat menyedarkan mereka.

Amat menyedihkan sama sekali org2 ni amat merelakan Malaysia menuju kehancuran. Apakah daya kiter lagi..perlu ada yg terkorban adakah perlu yang merana makin merana dek kehidupan yg menghimpit.. baru, mereka2 yg menganggap ubah cara hidup dapat merealisasikan semuanya.

Subhanallah!!! mereka inilah yg kelak membunuh anak bangsa sendiri sama ada mereka sedar atau tidak. Buatlah sesuatu sebelum terlambat.

Hari ni saya terdengar berita drp radio mengumumkan bahawa rebate akan di beri utk kenderaan 300cc (instead of just up to 200cc). Ini khas utk Sabah dan Sarawak. Kenapa agaknya S & S sahaja?

Mungkin dalam masa sebulan lagi, rebate akan di tarik balik; ada lah sebab2 tidak masuk akal yg akan di gunakan.

Selain daripada itu, berita radio pagi tadi pun ada menyatakan bahawa Malaysia look forward to use nuclear power in view of the rising fuel cost. However, the Gov said it will take 15 years before they can move to nuclear technology. Hmm.....I have no idea how this move can resolve our CURRENT issue on the fuel price. Just exactly where are we now in the nuclear industry?well, is it cheaper to generate nuclear energy than to use the oil that is produced by our country?

....Please Dr. M, day by day, they are getting worst. They are insulting the Malays. Obviously are not taking their words seriously. Maybe, they are so busy generating more money that they forgot their duties to the country. I think this is the real reason why so many stupid words came out of their mouths.

Orang2 ini yang membabi buta akur akan membuat orang melayu tersungkur dan UMNO TERKUBUR. Saya berpendapat sebagai ahli UMNO yang matang mesti tidak menyokong membabi buta dan membangkang tak tentu hala. Mereka mesti berfikiran krtitis. Semua yang berlaku ini terhadap TUN, juga YTL dari SAPP ini menunjukkan:

KERAKUSAN DYNASTY LAH WI

Maharaja: PAK LAH

Tengku Mahkota: KJ

Bendahara:PAK LAH

Panglima:KJ

Penasihat Maharaja: KJ

Menteri-menteri: ANAK DAN ADIK BERADIK

Lalat dan Langau: Semua pemimpin yang mengampu baginda PAK LAH.

Sesuatu yang harus difikirkan bersama.

“Tidak akan merubah sesuatu kaum kecuali mereka mengubahnya“

"Kerakusan" menjadikan "kelemahan Dainasty Lah Wi"

PENYELESAIANNYA:

Bagaimana maruah bangsa akan kembali di tebus?

1. MUHASABAH DIRI: Apa yang telah kita lakukan selama ini.? Apakah kesalahan kita? Apa sumbangan kita untuk Maju dan Berjaya dari ekonomi , social dan agama,? Kita sebagai individu harus mengaku permasalahan yang ada dan bekerja keras untuk mendapatkannya. Insyallah kita akan berjaya dunia dan akhirat.

2. Mencari Pemimpin yang Sesuai dan Tepat: Pemimpin yang ada sekarang ternyata tak mampu tak ada hala tuju yang jelas dan senang di gula-gulakan terutama oleh pengaruh KJ (Menantu Hantu). Siapa pemimpin yang boleh mewakili kita rakyat Malaysia.?

3. Menyedarkan Musuh itu sendiri:.....Kami bangsa Melayu ini, tahu kamulah musuh kami sebenarnya kamulah Musang Berjangut itu..!!!!, . .Langkah sumbang kamu itu sudah jelas kelihatan DSAI dan KJ....berhentilah merosakkan bangsa kamu sendiri ...!!!! sebelum kamu di berhentikan....!!!!

4. Mematikan Langkah Musuh yang Degil, Keras Kepala dan In Deniel: Pada dasar nya Pak Lah dan KJ ni keras kepala alias kepala batu. Apakah tindakan kita.?

1. Pengaruh Online:

a. Dalam kajian saya dalam blog TUN bulan lepas, sehari dengan purata 40,000 pengunjung, dan dalam bulan ini baru 22 hari purata pengunjung 65,000 pengunjung sehari. Ini akan bertambah lagi dalam masa terdekat ini.

- b. Dengan menambah baikkan blog TUN dengan apa yang mungkin, blog TUN akan berjaya mengantikan media yang ada, insyallah boleh mencapai ke 200,000 perhari. Pengaruhnya akan luar biasa.
- c. Muatkan who online: akan kelihatan seluruh dunia mengekseks ke blog TUN, popularity blog TUN akan bertambah globally. Pengaruhnya juga akan jadi luar biasa.
- d. Adakan poll terhadap apa isu semasa atau fanclub untuk kaji selidik.

2. PENGARUH OFFLINE:

- a. Setiap seorang kita yang menyokong TUN, memaklumkan apa yang kita tahu dalam blog ini kepada 2 orang saja sehari yang kita jumpa, sebulan 60 orang. Bayangkan dari 60 orang ini pasti akan tersebar luas di kalangan rakyat dengan cepat.
- b. Gunakan photocopy atau ajarkan mereka yang tak tahu ke internet. Pastikan orang kampung yang selalu di gulakan oleh pihak tertentu mendapat message TUN ini. Insyallah pengaruh offline ini juga akan menjadi luar biasa.
- c. Pada yang berkemampuan dan berkebolehan, menyertai perkumpulan TUN seperti yayasan perdana dan sebagainya. Menyalurkjan idea-idea TUN melalui saluran mereka sendiri. Menggunakan kepakaran mereka, at no cost kalau boleh, backing idea dan pergerakan TUN.

Salam perantau dari gunung bintang.

Assalamualaikum...

Politics is really an interesting topic... what i would really be interested is on language matters... as you know now all sciences and english subjects are taught in english... it is true that it will benefit the students in the future... but what i would like to express here is those students mostly in rural area didnt understand what are they studying... they just simply memorize rather than trying to understand the theory... that is what the teachers that i come across told me... so how is this help the students? as for me i learnt science and mathematics in malay language... i agree that it took me two month to adjust learning from malay to english... but it is not damaging... but what i dont understand is why the ministry of education and higher education keep toying with which language that they want to use... for goodness sake choose one so that the students are not confused... most probably in the future malaysians will acknowledge that we have another language which is 'rojak'... myself for instance, my biggest problem during public speaking or talking with my friends is i keep on mixing english and malay in my conversation...

another problem is the international students... i know that the government are targeting that at least one of our university will be an apex university within 10 years(which is possible but might be damaging)... in order to do that we need to recruit at most 10% of the university students are international students... therefore they simply recruit people without any regard whether they can speak english or not... Malaysians learned english since kindergarten, at least when we are in the university we understand what the lecturer trying to say... but these international students most of them cannot speak or understand english... the government did not look for quality students but simply snatch any international people who are interested to further their studies in malaysia just to fulfil the requirements... the impact will not show in short term but in long term the universities are going to face some serious issues...

i still dont understand why cant we use our own language just like japan... all students from around the world who wants to study in japan need to learn japanese language... so i hope tun could give some insights on this matter...

Assalamualaikum Tun & fellow Bloggers...

For a moment I thought this site is blocked by certain groups. Praised Allah swt that TUN manage to overcome the problems arose.

With what had transpired last week, the announcement on vote of no confidence by SAPP, it lead to an outcry SAPP as treacherous and ungrateful. Within moment, UMNO and BN received tremendous declaration of supports.

Yes I do agree that such announcement lead nowhere. We know that such declaration of no confidence will not affect anything but a show of frustration toward government. With such action, such will cause the PM to evaluate and step down as Prime Minister. THIS will not happen, truth be told.

Nevertheless, the result of 2008 election shows that BN and UMNO, along the years from 2004 majority winning, have failed to keep their promises help the MALAYSIAN especially the low-income group. Now with petrol is up together with other goods... the government failed yet again to stabilised the economy and maintained the welfare of society especially the low-income and the middle-income.

BUT how does the vote of no-confidence will effect the government? Basically not much and the government still maintain control. The repercussion is that the government is now aware that even having a majority two third in the parliament, they are not invincible. The opposition is taking every opportunity to check and balance the present government especially on various project.

BUT one would tend to ponder is the opposition would be the same like the present government, to take every opportunity to gain profits. One have to remember that "ABSOLUTE POWER CORRUPTS ABSOLUTELY"... I remembered still my law lecturer kept saying while teaching Law & Politic subjects.

All in all, the leaders should always keep in mind that they are elected by the people, therefore the leader should always take care of the people entirely and not certain group of people that benefits from this leadership.

I agree with TUN's view and perspective herein yet to wait for the next coming 13th general election is a long journey. I doubt that MALAYSIAN can hold on although I always believe that patience is a virtue. I guess MALAYSIAN SOCIETY at large have to change their lifestyle whereas the high-income can maintain with their present life style.

Nevertheless I believe the act made by SAPP is bold and shows that they hold to their principles and believe. Good show SAPP. I pray and hope that the MALAYS AND UMNO have the same guts like SAPP.

Insyallah TUN. Take care & keep on writing on the current issue.

Tun,

It seems that greed is the reason why all politicians refuse to serve for the people and country. They R always interest to safeguard their position and personal interest. By right popular vote should decide who shall lead the country and not by winning many parliament seats.

I strongly believe U also played a major role in championing racial sentiments during your tenure as PM. I belong to a generation that had the opportunity to mingle around with all races without any barrier during our early age. All that changed when time came for me to apply for a place in public university, many of my friends who were Muslim got whatever course they applied even though their results were far below mine. I only got a lousy certificate course in polytechnic. I also came from a poor family, my parents were born Malaysian, my father served the country in civil service and my parents voted for BN all the way until this election when I manage to convinced my mum to vote for oppositions. Been a Malaysian born to Malaysian born parents and coming from a poor family background and having the same origin roots as you, why we were treated differently when it come to opportunities. Tun, U R the cause of all this, U changed forever the racial harmony which is missing now. The agony of missing out the opportunity to further my studies hurts me until now after more than 20 years. All this happen during your time as prime minister. U divided and ruled the country in order to achieve your political agenda.

Tun, we lost our father when I was only 9 years old and my mother has to work as cleaner to support us 4 siblings. With what she earns and from the government pension that she receive been a widow of ex- government servants did not allowed us to enjoy any luxury in life.

No any government servants or politician were willing to help my mother to achieve her dream of sending her children to university. But we manage to fulfill her dreams by working our way up by completing our higher education with the money we earned working and finding jobs in private sectors and we are settled down in life now.

Now when you are not in power, U seems to complain everything what others are doing. The press freedom which is been given now allow peoples voice to be heard. I am sure during your time nothing can be said or done. U control everything that you feel is a treat to your leadership. I strongly believe that as long as BN remains in power, the people will continue to suffer. We need to get rid of Barisan Nasional and bring in a multi-racial

party to power. There should only be two strong multi-racial political parties that compete against each other to serve the country and its citizens. It should not be like now, a coalition party which consists of many racial based parties with UMNO been the king maker. GOD BLESS MALAYSIA AND ITS CITIZENS

Yg. Bhg. Tun,

I hope there were no invisible hands which disrupted your blog and that it was just administrative reasons that caused it.

I agree that DSAAB and his choir boys and girls could never made it with so many so out of tune numbers. They knew it but for the sake of the conductor, continue to irritate the audience. Well, their days are surely numbered. Do get rid of them once the force is with you.

The Chorus line was larger while Tun M was at the helm of national affairs, especially during the 1999 general election when the majority of Malays dumped him and he could only form the government with the support of the non-Malay voters. Such was his dismal performance! He himself acknowledged then without non-Malay support he would have lost political power. Why is that Tun M does not want to remembe4r all this? With his abysmal and disastrous performance at the polls then, his Ministers, UMNO stalwarts, MPs, MBs, et al then sang a long and beautiful chorus of praises for him. So, why talk about the chorus line when Pak Lak gets the support for his well-deserved victory at the polls? Double standard? Ethics has gone to the drain?

Salam Tun,

In line with what Datuk Yong Teck Lee said people in Sabah is always been left out or behind, this is a good example that I need to share with you.

I went back to my hometown Tawau, Sabah recently. Not that I want to grouse about the RM560+ million Kota Kinabalu-Tawau Highway (so called "Sabah's North-South Highway") or illegal immigrant issues, but it is about people in Sabah is left behind from basic information/news.

Since your blog has both BM and English, can we also have your writings, thoughts and opinions in Mandarin? The elderly and people like my parents are not able to read your blog because most of them only know how to converse and read in Mandarin. Over here in Peninsular, most elderly people is capable of communicating well in BM and English but this is not the case in Sabah and even Sarawak. The situation becomes worst if the access to the information is limited due to controlled media or lack of Internet access. As of now, they are depending on us, who know a bit of Internet, to tell them about your excellent blog. When I shared the info in your blog to them recently, they asked me for more and to print a Mandarin copy for them.

Taking this opportunity, I hope Tun could generate a Mandarin version in your blog and I believe many Malaysian Chinese will be thankful and benefited from this move. If you had left out Sabahan in the past, please don't let them behind this time!

Thank you for considering.

Cops to probe RPK's claims
By LOURDES CHARLES

KUALA LUMPUR: Police will be calling up Malaysia Today editor Raja Petra Kamaruddin to investigate allegations in his recent statutory declaration on purported facts related to the murder of Altantuya Shaariibuu.

Inspector-General of Police Tan Sri Musa Hassan said the three individuals named in the document filed on June 18 would also be called up.

In the declaration, Raja Petra claimed that the trio – one of them a prominent woman – were present at the scene during the murder of the Mongolian translator in October 2006.

Copies of the two-paged declaration together with the identity of the trio have been posted on various blog sites.

In the document, Raja Petra said he was "reliably informed" of these allegations.

Musa said the matter could be sub judice as the Altantuya murder case was still being heard.

He also said Raja Petra must be "brave enough to face the consequences if he is bold enough" to make the allegations.

Meanwhile, the Attorney-General's Chambers has lodged a police report against Raja Petra over the statutory declaration.

Attorney-General Tan Sri Abdul Gani Patail said the allegations were "highly defamatory" and if found untrue, those making the allegations would have to face the consequences.

"We want to investigate because we want the truth. As far as I am concerned, we have to look at it seriously."

"If it's true, we will act accordingly. If not, the writer will be investigated," he said, adding that the report was lodged in Putrajaya on Saturday.

Raja Petra said he expected to be called up.

He said he was bold enough to face the consequences.

STATUTORY DECLARATION

I, RAJA PETRA BIN RAJA KAMARUDIN (IC No: 500927-71-5257), a Malaysian citizen of legal age residing at No. 5, Jalan BRP 5/5, BuKit Rahman Putra, 47000 Sungai Buloh, Selangor Darul Ehsan, do solemnly and sincerely affirm and say as follows:-

1. I have been reliably informed that between about 10 p.m. on 19th October 2006 and early hours of the following day, the night Altantuya Shaariibuu was murdered, three (3) other people were also present at the scene of the crime;

(a) Datin Seri Rosmah Mansor, wife of the Deputy Prime Minister of Malaysia, Dato' Seri Najib Tun Razak

(b) Acting Colonel Aziz Buyong (then Lt. Col.) a C4 expert

(c) Acting Colonel Aziz's wife, Norhayati (one of Rosmah's ADC)

2. My informer states that Acting Colonel Aziz Buyong was the person who placed the C4 on various parts of Altantuya's body while being witnessed by Datin Seri Rosmah Mansor and Norhayati.

3. I make this Statutory Declaration because I have been reliably informed about the involvement of these three people who have thus far not been implicated in the murder nor called as witnesses by the prosecution in the on going trial at the Shah Alam High Court. I also make this Statutory Declaration because I am aware that it is a crime not to reveal evidence that may help the police in its investigation of the crime.

4. I have further been reliably informed that Prime Minister, Dato Seri Abdullah Ahmad Badawi has received a written report from the Military Intelligence confirming what I have revealed above and that the report was subsequently handed over to his son-in-law, Khairy Jamaluddin, for safe-keeping.

5. I have also been reliably informed that one of the Rulers has been briefed about this matter and His Highness is fully aware of what I have revealed above.

6. I have knowledge of who has informed me of this matter plus I have knowledge of the Ruler who has been briefed and is aware of the matter but I have agreed that I shall not reveal this information

other than mention that the Prime Minister and his son-in-law have been handed a written report confirming what I have revealed.

7. The purpose of this Statutory Declaration is to urge all these parties who have been duly informed and have knowledge of this matter to come forward to reveal the truth so that the police are able to conduct a proper and thorough investigation into the murder of Altantuya Shaariibuu.

And I make this solemn declaration conscientiously believing the same to be true and by virtue of the provisions of the Statutory Declaration Act, 1960.

Salam Tun dan semua pembaca.

Saya sebenarnya tidak berminat dalam politik. Oleh sebab itu saya tidak pernah keluar mengundi pada setiap pilihanraya yang lalu kecuali pada PRU ke-12. Niat saya keluar mengundi hanyalah untuk menyampaikan "mesej" kepada kerajaan BN (umumnya) dan UMNO (khasnya), jangan dok lena dan alpa dengan tanggungjawab kalian..kerana dalam pemerhatian saya, kalian sudah melampaui batas dan memaksa saya keluar pergi membuang undi. Saya sangat terpanggil bahawa undi orang yang seperti saya AMAT diperlukan.PRU 12 dah berlalu, keputusannya menggembirakan saya kerana BN tidak

terlepas ke tangan pembangkang sepenuhnya tetapi cukup sekadar dijadikan peringatan dan pengajaran. Malangnya, kegembiraan saya tidak berpanjangan. Saya sangkakan mereka (pemimpin-pemimpin BN) ini celik mata dan akal, lantas mengambil pengajaran dan tindakan segera..tetapi tidak sama sekali. Sehingga ke hari ini, entah apa-apa yang dikokokkan setiap hari dan tak habis-habis nak cari kesalahan orang lain. Tetapi, kepincangan diri masih tidak dicermin dan diperbaiki. Perasaan menyampah saya semakin menebal!

Orang sekeliling

Kehidupan saya dikelilingi dengan kawan-kawan, jiran-jiran, adik-beradik, saudara mara, para pembekal dan orang-orang besar di sektor korporat(termasuk orang asing). Bukan saya membuka mulut atau menjaja bercakap pasal kepincangan kerajaan sekarang, tetapi dimana-mana saja ianya diperbual dan diperkatakan. Kalau dulu nak cakap pasal politik, kadang terlalu sensitif kerana ada yang terlalu fanatik. Tetapi sekarang bercakap pasal politik BN, sudah ibarat pencuci mulut. Secara kasar, saya boleh andaikan 98% dari kenalan saya berpandangan negatif terhadap kepimpinan BN.

Persoalan

Mungkinkah secara kebetulan hidup saya ini dikelilingi orang-orang yang sebegini? Kalaulah ianya bukan suatu kebetulan, mengapa belum ada tanda-tanda pemimpin BN mengambil langkah mengatasi masalah yang semakin hari menjadi semakin meruncing ini? Atau mereka ini langsung tidak sedar apa yang sedang bergolak diluar kerana mereka terus dibuai mimpi indah di dalam kelompok mereka?

Fikir-fikirkanlah wahai para 'pemimpin' negaraku!

YABhg Tun,

Your comments quoted here are referred:

'There will be no rewards for the Chorus Line and the other sycophants, including Dato Seri Najib when the BN loses to the opposition coalition.

Is this scenario likely? Well, did Abdullah and Co. think the 2008 losses were likely before they decided to hold the elections?

The few sensible UMNO leaders left should think about this. If you join the people who are obviously destroying UMNO, you will be cursed by future generations for your betrayal of their heritage.'

Tun still insisted that AAB must step down in order to restore people's confidence on UMNO. If AAB really has to step down, then who in Tun's mind will be the best qualified man to take over AAB as Presiden UMNO and the Prime Minister?

Is Dato Seri Najib still a good choice now? What about Tengku Razaleigh (Ku Li)? Is Ku Li shortlisted by Tun?

What will Tun say about the best replacement of AAB? Please comment!

Dear Mr Abi,

During 1999, though TDM lost some majority, but he still managed to get 2/3 majority to form the government. Futhermore, he still can retained Kedah from falling to opposition. Some part of Kedah are PAS area.

What happened to lah wi during PRU12? Have you forgotten or you are just blind to see? Lah wi from Penang, even the people from Penang are prefer to give the opposition to lead the state. Can't you see that?

Perhaps Tun managed to get the support from non-Malays, but lah wi failed to get the support from malays as well as non-malays.

Tun is the greatest leader in the world. He's genius, no doubt bout that.

This is Tun Mahathir territory, hope there is no more negative comments on TDM.

I'm sure there's a lot of people still wanting TDM to become our leader. A lot of people still giv a strong support to TDM. Only a bunch of loser that will support lah wi such as Abi, Antimamak and Co. Please don't disturb this web with such negative comments.

Regards.

Tun, I am just wondering whether there is anyway anyone can knock some sense into the PM and let him know the urgency of the situation so that public disgust over his management of the country can be arrested so that our country will not lose out in terms of competitiveness as compared to the neighbouring countries. I really cannot understand how it could happen that all the cabinet members together with all BN leaders could all sing to his tune without any remorse or sense of urgency or the realisation that if they continue to do so, their action may very likely precipitate both economic and social vulnerability of Malaysia.

salam

pertama sekali, saya ingin mengucapkan selamat kepada tun. seperti yang kita sedia maklum, situasi politik negara agak goyah kebelakangan ini. sebagai seseorang dari kalangan generasi 'y', saya melihat apa yang berlaku sekarang ini tidak lebih daripada perilaku kalangan yang bergelar barbarian atau orang gasar. saya beranggapan situasi politik negara sekarang ini seumpama bot yang berada di lautan tapi tidak memiliki pengemudi untuk megemudi bot tersebut dengan selamat ke darat. mungkin ada sesetengah orang berpendapat di terlalu bagus untuk sesuatu. terlalu bagus lantas berpendapat dia tidak perlukan panduan mahupun bimbingan daripada orang lain yang mungkin lebih baik daripadanya.

dalam kondisi seperti yang kita lalui sekarang, mungkin ada sesetengah orang berpendapat semua ini hanya polemik kosong semata-mata yang tidak membawa apa-apa erti. namun, selalunya insan-insan seperti ini tidak menyedari bahwa mereka ini sebenarnya tidak pantas untuk mengatakan mereka ini pemimpin yang baik. apabila berbicara soal kronisme pula, mentaliti seperti ini sekiranya diguna-pakai didalam sesuatu pemerintahan adalah sangat tidak bersesuaian dan perlu dielakkan. kronisme didalam pemerintahan hanya akan mewujudkan rase memberontak didalam fikiran dan sanubari rakyat semalam, hari ini mahupun esok dan seterusnya.

Salam Tun,

to Reshmin Raj.

sy dapat rasa perasaan anda, tapi anda juga perlu berfikir. Jika anda berada di negara lain sudah pasti keadaan akan lebih buruk lagi. Saya juga tahu bagaimana keadaan negara India dengan kemiskinan rakyatnya. Saya sendiri terfikir jika moyang saya seorang Melayu berada di luar negara, sudah pasti sy akan menghadapi masalah yang sama. Waktu ini saya bekerja dengan syarikat cina + india, kalau dikira berapa ramai melayu yg bekerja disini saya akan berkata mereka 'racist'. Tapi saya tetap bersyukur, kerana pernah sy bekerja dengan syarikat melayu, gaji serta kebajikan saya agak terabai.

Memang saya kagum dengan kaum india, mereka sebenarnya lebih rapat dengan kaum melayu. Walaupun tidak banyak tapi ramai yang menyertai askar, polis, bomba berbanding kaum cina. Kaum cina hanya pandai berniaga dan hanya ingin untung saja. Lihat, peratus mereka tidak ada masalah dalam membayar kos perubatan. mereka juga tidak tahan sabar apabila berbaris panjang, selalu memberontak. Alangkah bertuahnya mereka. Ramai juga saudara sahabat cina saya yang susah dinegara china. Sikap mereka ini kadangkala membuatkan orang melayu curiga tentang 'malaysian malaysia' yang dilaungkan. Tapi saya kagum dengan disiplin serta budaya kerja keras mereka, mana ada orang cina merempit!

Saya percaya majoriti kaum India rasa marah dengan tindakan kerajaan Khir toyo selangor meruntuhkan kuil mereka hanya beberapa hari untuk menyambut perayaan, saya juga begitu. Ia suatu yang tidak patut dilakukan. Kalaulah surau juga di lakukan begitu oleh ramasamy contohnya, sudah pasti ramai orang Islam yang mengamuk. Ini sudah

pasti menjadi pengajaran buat mereka.

Sebagai rakyat malaysia anda sudah pasti takut dengan ramainya bilangan pendatang asing waktu ini. Cuba anda bayangkan jika rakyat Nepal, Myanmar, Indonesia, Nigeria yang ada sekarang ini, kerajaan jadikan mereka warga negara malaysia. Sudah pasti anda risau, mereka juga akan menuntut hak sedangkan ANDA sudah lama tinggal di Malaysia. Itulah yang dirasakan masyarakat melayu ketika ini, cuba faham dan fikir dalam-dalam. Kebebasan media kalau terlalu bebas, susah juga jadinya, kerana itulah Singapura tidak menggalakkannya. Kerana itulah Singapura maju jaya walau negaranya sekanggang kera.

Ass'mkm Pak Mahat.(You are affectionately known as Pak Mahat to my family and I. We call you that 'cos we love and respect you as a father)

I would like very much to appear before you, to thank and congratulate for what a splendid jobs you had done in putting Malaysia in the eye of the world. However, I think it suffice that I have this opportunity to e-communicate with you.

Though I am a Singaporean, I very much admire your work and the progress you brought for Malaysia. I was very sad when you handed over your premiership to that incompetent person (hereinafter refered to as "IP"). I was very unhappy when that IP cancelled most of your mega projects.

My only pray now is that Allah will shower you with pink of health so that you could continue to guide the Malaysian to have a clean, efficient and effective government.

Tun, I hope you would be able to enlighten me and perhaps many others on certain doubts we have.

First, the crooked bridge in Johore. The IP's government cited that it was due to some legal aspects that the construction of the bridge was ceased. I have read your comments on the 'punishment' the IP imposed on Johorean for not wanting to give way to him with regards to issues of sand and airspace. I appreciate it very much if you could elaborate more with regard to the legal aspect which I am very sure you must have, somehow during your premiership, anticipated such problems or perhaps tackled the issue.

Frankly, I felt suspicious about the IP's decision to abolish the construction of the bridge when not to long after that he announced the construction of the 2nd Penang bridge. Could it be that the IP is shifting funds for the bridge in Johore to Penang.

Secondly, the Iskandar Malaysia ("IM"). I personally feel that the project will not benefit the Malaysian, in particular, the Johoreans Malays that much. I also have a wild thought that IM project is more like selling Malaysia to other country especially when there was, at one time, talk about allowing people from other country without a passport.

I concur strongly your perception that strong economic power could control the world. Let us just narrow it down to the state of Johore. I opine that many of those who would benefit from the IM project would be foreigners. If this really happens, the Malays with weak or perhaps no economic power may be at disadvantage. I shudder to think what will happen to them eventually. Perhaps Sir, you may wish to highlight your opinion on this matter so that the IP government and people of Malaysia may think on the measures they could adopt to ensure that the Malays will not be weakened before the word MALAY_sia will be insignificant one day.

I hope to be able to write more next time. Kinda bz right now. I look forward to hear from you Sir.

Salam sejahtera TUN,
Semoga kesihatan TUN dijaga baik agar suara rakyat akan terus kedengaran. Teruskan perjuangan yang dimulakan, semoga kemenangan dikecapi secepat mungkin.
TUN, recent issues raised tension amongst rakyat. Dulu era TUN, project naik, bangunan naik, kemajuan naik. Now, apa yang naik. TUN, saya berasal dari pendalaman Sarawak which is connected only by air. Kalau nak by road, dapat, tapi kena mengelak dari digesel oleh lori-lori balak. Kita dah minta kerajaan memperbaiki dan membuat jalanraya yang reliable tapi semua tinggal janji pilihanraya. Kita dah undi pembangkang tapi itupun tak menjadi. Harapkan DS Samy, janji yang dibuatnya dari era TUN dulu masih belum tertunai sampai sekarang. Previously (sebelum NAIK), 1 can of coca-cola cost us RM3-5, just imagine what it would cost us now.

As a man with vision, what is your suggestion to curb this near inflations? would it be another crisis where thousands if not millions will default their loans, credit cards or being sued by the banks and chased by the loanshark??? To me, this is where those in power should look into. Kalau dulu kita PEG USD, tidak kah boleh harga minyak diPEGkan juga??

Saya cuma kluatir, kalau issue harga minyak ini tidak dibendung, ia akan melarat ke kos-kos lain. Kos sara hidup juga akan naik, pekerja minta gaji naik. Kalau macam ni, company mana yang nak datang melabur? Yang dah ada mungkin akan gulung tikar. Kalau ini yang terjadi, mana nak cari makan? Bagi permit utk berniaga kecil-kecilan utk menambah pendapatan, siapa yang beli kalau buying power dah berkurangan. Kalau syarikat kecil gulung tikar, siapa yang akan untung?? Syarikat yang besar-besar, ada POWERFULL tulang belakang?

Mana kita nak mengadu, cari kerja pun susah sekarang, macamana nak bagi anak-bini makan? Belanja sekolah harapkan subsidi? Macamana subsidi tu disalurkan? Sampai kah subsidi tu kepada orang yang memerlukan?

Isu isu sebegini kita dah suarakan pada wakil-wakil yang dipilih, tapi suaranya tetap sama...KERAJAAN TIADA PILIHAN. KITA TAK BOLEH LAWAN. KEPUTUSAN SUDAH DIBUAT, KITA HARUS IKUT.... sampai bila....

Harap dapat komen dari TUN secara menyeluruh - cara-cara yang harus dan tak harus dituruti.

Semoga usaha TUN akan berbaloi.

Regards

Yang Berbahagia Tun,

Tahniah kepada Tun kerana rintangan demi rintangan di atasi sehinggakan lapuran 'spam blog' pun sanggup di buat oleh golongan yg anti-chedet.

Tulisan Tun pun nampak lengok lain sikit, mungkin Tun dah ada pembantu . :-)

Kerajaan pimpinan Dato Seri Abdullah di anggap "Flip Flop Regime" kerana perkara-perkara berikut :-

1. Double track.
'Sekejap ada, sekejap tak ada'.

Dikatakan harga nya terlalu tinggi semasa di zaman Tun, tetapi sebenarnya konco-konco Pak Lah yang berkehendakan projek tersebut. Akibat nya projek tersebut terpaksa di batalkan dan kemudian di laksanakan semula oleh Kontraktor terdahulu, disebabkan tiada Kontraktor baru yang berani ambilalih.

Ia dibuat semula pada harga pasaran yang lebih tinggi. Keputusan yang tak tentu hala menyebabkan pelabur-pelabur baru tidak berani campurtangan.

Siapa kah yang akan menanggung selepas ini di sebabkan Pak Lah bermain buah dadu?

2. Gerbang Perdana.

Pak Lah bermain dengan ketuanan dan kedaulatan Kerajaan Negeri Johor.

Rakyat Johor masih lagi dalam keadaan terlena dan terlupa bahawa negara telah/dan akan tergadai, jika di biarkan berterusan.

Gerbang Perdana, Pelabuhan Tanjung Pelepas, Lebuhraya Utara-Selatan, Double Track Utara-Selatan adalah langkah paling bijak oleh Kerajaan Malaysia sebelum ini. Singapore akan jadi negara peminta sedekah jika semuanya berjalan lancar.

Soalan nya, adakah Pak lah tidak mengetahui strategi-strategi Tun sebelum ini?

3. Jambatan Pulau Pinang ke dua.

Pak Lah ingat Guan Eng akan buat hal selepas PRU yang lalu mengenai Penang 2nd Bridge, tetapi Guan Eng tak buat kacau pun.

Jadi terpaksa Pak Lah mencari alasan supaya Jambatan Pulau Pinang di batalkan.

Besi naik laa, simen naik laa, macam-macam lagi naik.

Projek-projek lain yang mengalami kenaikan dan perkara serupa macam mana?

4. Proton Holding.

Kalau Kilang Proton boleh 'sekejap ada, sekejap tak ada', Pak Lah akan buat magik juga.

Tapi apa akan daya sebab kilang nya tak boleh di roboh dan di bina semula. Jadi perkara terbaik ialah jual saja, atas nama "globalisation and synergy".

5. Setesn Minyak di sempadan Johor dan Thailand, pun sekejap boleh, sekejap tak boleh.

Pak Lah terkejut maki hamun Makcik stesen minyak di sempadan Kelantan, lalu dia tukar haluan.

6. Gaji dua kali sebulan, sekejap on sekejap off.
Menyusahkan hidup semua orang.

7. Kakitangan kerajaan berniaga.

Sekarang boleh.

Satu masa nanti seluruh Putrajaya mula berniaga dan kesemua kakitangan akan buka mini gerai-gerai atas meja, berniaga kacang, kain, jam. Big Bos akan berniaga berjuta2. Kepada yang tak tau nak berniaga apa-apa, jalan yang terdekat terpantas ialah rasuah.

Muncul lah "Perniaga2 Rasuah"

Pak Lah/Kerajaan akan kata "tak boleh berniaga pulak" .

Alasan nya nanti kakitangan kerajaan cuai, alpa, tak bertanggungjawab.

Jadi salah orang juga, bukan keputusan

Kerajaan/Pak Lah yang salah.

Bertahun-tahun Kerajaan terdahulu mengambil masa supaya menanam semangat pentingkan kerja sebagai Kakitangan kerajaan.

Budaya tidak berniaga semasa dalam jawatan kerajaan telah tebal, kuat dan sebatu.

Datang nya Pak Lah dengan sekelip mata telah merubah segala-gala nya.

Budaya berniaga akan menebal kembali,

sesiapa yang akan jadi PM selepas

ini akan menjadi rumit untuk merubahnya kembali.

Saya berpandangan bahawa Pak Lah ingin melenyapkan perkara-perkara yang telah di bina oleh Tun. Pak Lah pernah menyuarakan bahawa, pembangunan di Malaysia semua telah ada, jadi apa lagi nak.

Nama Tun menghantui hidup Pak Lah pagi petang dan siangmalam.

Untuk menandingi dan meniru Tun adalah mustahil,

jadi strategi yang terbaik ialah menjahanamkan

apa yang Tun telah buat dan bina dan memburukan nama baik Tun,

supaya Pak Lah di pandang sebagai Hero Malaysia.

Soalan nya, apakah salahnya meneruskan segala rancangan terdahulu.?

Jadi sebagai rumusan Pak Lah boleh lah di gelar :-

1. Bapa Penjahanam Malaysia, atau
2. Bapa Peroboh Malaysia, atau
3. Bapa Flip Flop Malaysia

By lahgurkha on [June 23, 2008 6:17 PM](#)

Saya setuju apa yang TUN cakap tu ramai orang pun dok pikiaq macam tu juga. Komen blogger Amar Makruf pasai kepimpinan PAK LAH memang betoi pun, Macam TUN kata dulu la kalau dok lagu tu juga PRU 13 berkuburlah BN, ni yang sedih niini.

salam bahagia untuk Tun dari Bumi Kenyalang,

pertama,
Semoga kesihatan Tun dan keluarga sentiasa baik.

Kedua,
Dalam keadaan politik Negara yang agak rapuh pada akhir ini, semoga Tun dapat terus bersuara dan berjuang demi rakyat malaysia. Saya sangat berharap agar idea dan pemikiran Tun yang kritis dan kreatif dapat terus diterajui pemimpin lainnya, yang pada pemerhatian saya, negara kita seakan akan telah kehilangan para ilmuan, ahli pikir yang bijak pandai. Sangat sangat berharap Tun sentiasa terus melahirkan lunas lunas idea agar dapat mengembalikan senario politik pada landasan politik yang membangun dan kompetitif.

ketiga,
Semoga pemimpin Umno dan Bn sekarang tidak membuang masa hanya dengan bekerja keras menutup kesilapan dan kesalahan lalu sehingga isu teras yang memerlukan perhatian lebih terabai.

syabas untuk Tun.
Berterima kasih kerana dapat menyampaikan secara terus kepada Tun melalui Blog ini.

Salam hormat YABhg Tun,

Sebagai rakyat yang bekerja makan gaji dan tergolong dalam kalangan bawahan (below RM2000/month), saya amat terasa peritnya hasil dari dasar-dasar maggi mee dan keputusan-keputusan separuh masak pentadbiran sekarang, terutama berkenaan dengan harga minyak dan barang keperluan. Orang di atas dan berkuasa serta yang kaya raya mungkin tidak merasa sangat kesan negatif apa yang dibuat kerajaan, apa lagi kalau

mereka terdiri dari cronies yang mendapat habuan dan laba dari kerajaan. Tapi bagi kami yang hanya bergantung hidup kepada sumber gaji dan upah, hidup kami sekarang semakin parah, punah ranah dan semakin terkebelakang setiap hari. Nasib dan mutu hidup kami dan keluarga kami sekarang (2008) jauh lebih teruk dari kehidupan kami 5 atau mungkin 10 tahun dulu. Gaji naik RM200 setahun, heboh satu dunia. Apa maknanya kalau masa yang sama harga barang-barang dan perkhidmatan (yang wajib-wajib sahaja, bukan nak bermewah) telah naik RM500 setahun? Kuasa beli makin rendah, maka mutu hidup pun menjunam.

Dearest Tun, Salamun alaikum,

Like an addict I kept on clicking for your blog. Frustrated, clicked on to others when I saw nothing new. You can't be sick. (I'll keep praying for our good health.) Then I guess what I had feared must have happened. It (ur blog) had BEEN DONE TO! You are kicking too many balls, if they have any. They will stop at nothing to SHUT you up.

Dear Bloggers,

Remember how the feelings of the disenchanted people voiced thru writings succeeded in securing our independence from the British? They managed to fuel the spirits of the rakyat. And our forefathers reacted! So keep the spirit going...

We have all the intellectuals we need, the think tanks, the political observers who can contribute towards Malaysia's 'independence' from the present regime. But my question is who will be the right successor? It is obvious that Tun did not make the correct choice in electing his.

Causes of disenchantment.

Thanks for this comment which I cut and paste from another blog, in case some of you missed it.

Looking at the list below, it looks like the BN government are more determined to help themselves rather than the citizens.

And this list below is not even barely exhaustive as these are the ones uncovered – the tip of the ice-berg, if you might want to put it! What lies beneath could be much larger:

1. The Bank Bumiputra twin scandals in the early 1980s saw US\$1 billion (RM3.2 billion in 2008 ringgit)
2. The Maminco attempt to corner the world tin market in the 1980s is believed to have cost some US\$500 million. (RM1.6 billion)
3. Betting in foreign exchange futures cost Bank Negara Malaysia RM30 billion in the 1990s.
4. Perwaja Steel resulted in losses of US\$800 million (RM2.56 billion). Eric Chia, was charged with corruption for allegedly steering US\$20 million (RM64 million) to a Hong Kong-based company
5. Use of RM10 billion public funds in the Valuecap Sdn. Bhd. operation to shore up the stock market

6. Banking scandal of RM700 million losses in Bank Islam.

29. Kajian Makanan dan Gunaan Orang Islam bailout costing RM8.3 million

30. Le Tour de Langkawi bailout costing RM 3.5 Million

31. Wholesale distribution of tens of millions of shares in Bursa Malaysia under guise of NEP to cronies, children and relatives of BN leaders and Ministers worth billions of ringgits.

32. APs scandal had been going on year-after-year going back for more than three decades, involving a total mind-boggling sum of tens of billions of ringgits

33. Alienation of tens of thousands of hectares of commercial lands and forestry concessions to children and relatives of BN leaders and Ministers worth tens of billions of ringgits

34. Travel around Malaysia and see for yourself how many white elephants like majestic arches, roads paved with fanciful bricks, designer lamp posts, clock towers, Municipal Council buildings that looks more like Istanas, extravagant places of worship, refurbishment of residences of VIPs, abandoned or under-utilised government sports complexes and buildings, etc! Combined they could easily amount to the hundreds of billions of ringgits!

35. Since 1997, Petronas has handed out a staggering 30 billion ringgit in natural gas subsidies to IPPs who were making huge profits. In addition, there were much wastages and forward trading of Petronas oil in the 1990s based on the low price of oil then. Since the accounts of Petronas are for the eyes of Prime Minister only, we have absolutely no idea of the amount.

Whatever amount, you bet it is COLLOSSAL! In Time Asia magazine issue on March 15 2004, South East Asian economist at Morgan Stanley in Singapore Daniel Lian, figures “that the country may have lost as much as U\$100 billion (RM320 billion) since the early 1980s to corruption.” Mind you, this is only corruption and it does not include

wastages and mismanagements which could be higher!

If the above list (which represent moneys saved) is added to the nation's coffer and together with Petronas profits, palm oil profits and profits from rubber, tin, agriculture produce, aquaculture produce, electronic and hardware exports, etc, for the past 5 decades, we can all agree on one thing - our country could be wealthier than Venezuela who has little resources except for oil. The petrol in Venezuela is RM0.16 per litre!

TDM

once again you make out PM Pak Lah to be a master tactician - and you know what, he is. There is no issue in him getting the party to support him unconditionally. Under your leadership, you would not have had otherwise. So, I don't see what you've got to gain with this posting other than to state the obvious, that SAPP did not have much muscle. In fact, Yong Teck Lee has played into Anwar's hands and Anwar had you to thank for giving him the opportunity to cast Pak Lah as a "villain". Sir, you are the Villian. Anwar is the Villian. Yong Teck Lee is the Joker and between the 3 of you, you could cast in the next Batman sequel.

Pak Lah will wait for his time and then share with the larger Malaysian community that you're no angel. I just hope for your sake you would have the sense of stopping this silly game you've invented of running down your hand-picked successor. If he doesn't want to listen to you OR take your advise - then take a hint. He is the boss now. It's his agenda. Not yours. Stop being sour grapes!

Tun, saya amat bersyukur kerana dasar-dasar Tun telah membantu saya belajar ke USA dan alhamdulillah kembali ke Malaysia menambahkan bilangan anak melayu yang berjaya. Rakyat negara luar amat kagum dengan kejayaan Malaysia dibawah pengendalian Tun dan semestinya saya juga berbangga mempunyai PM yang berwawasan jauh dan tidak mementingkan diri sendiri.

Tetapi Tun, kini semuanya sudah musnah kerana ketamakan manusia bernama Abdullah Badawi beserta dengan konco2nya. Lupakan masyarakat dunia, masyarakat malaysia sendiri sudah tidak ada keyakinan dengan kerajaan sekarang ini. Sebagaimana Tun, saya cuba sedaya termampu menyuarakan ketidakpuashatian saya mengenai senario politik dan kekeliruan ekonomi dimana2 saja saya pergi.

Sedangkan Tun seorang bekas PM yang paling berjaya didunia pun tidak dihiraukan oleh pengkhianat2 bangsa ini, inikan saya yg tidak mempunyai apa2 ini.

Apa yang saya paling takut, seperti kata Tun, anak cucu kita akan menyalahkan kita kerana telah gagal menyediakan satu platform yg selamat untuk generasi satu bangsa melayu pada masa hadapan.

Untuk menantikan PRU13 mungkin terlalu lama. Apa yang mampu saya lakukan seperti

kebanyakan rakyat Malaysia yang lain adalah memanjat doa agar Abdullah Badawi & Co cepat2 mampus dan dilaknat oleh Allah swt.

Hidup Tun! Hidup Tun! Hidup Tun!

DSAAB TIDAK AKAN TURUN

Kita semua ibaratkan saperti menanti buah yang tidak akan gugur. Semua pemimpin BN & pemimpin UMNO di semua peringkat sudah di ikat, rahsia mereka semua didalam poket KJ. Sesiapa yang melawan arus akan menerima akibat nya, contoh YTL.

Yang terbaru isu Tan Sri Dr. Zeti Akhtar Aziz, kenapa dia meletak jawatan sebagai pengarah didalam Khazanah Nasional. Bukan kah dia dilantik bagi memewakili Bank Negara.

Adakah Tan Sri Dr. Zeti Akhtar Aziz dipaksa meletak jawatan atas sebab yang beliau go against mereka yang berkuasa kerana beliau dapati terdapat penyelewengan didalam pengurusan pelaburan khazanah saperti membeli saham yang tidak menguntungkan atau menjual saham strategik kepada Singapura atau orang persaorangan atau cubaan memaksa beliau melepaskan wang dari akaun tertentu.

Tan Sri Dr. Zeti Akhtar Aziz tidak bersetuju dengan langkah yang diambil khazanah menyebabkan beliau membantah dan seterusnya diarahkan letak jawatan.

Adakah mereka sudah sampai ke pintu khazanah dan didapati masih ada orang yang jujur ikhlas & amanah saperti Tan Sri Dr. Zeti Akhtar Aziz menjaga nya, justeru untuk mencapai matlamat, tujuan dan primary objective, terpaksa mereka mengeluarkan beliau dari equation, supaya senang operasi merompak dilakukan.

Kita tunggu nanti, adakah beliau akan juga dipaksa meletak jawatan sebagai Gabenor Bank Negara pula.

Akum Tun,

This flip-flop Govt has done nothing to increase the Purchasing Power of the rakyat nor they r analyze how to manage n control with all the prices increased. Things r simple to implement if the really care about the rakyat. They r not doing anything... coz they r doing everything to stay in power n thicken their pockets.

Ucapan Pak Lah ketika naik harga minyak, lepas tu beberapa hari selepas ucapan tu dia membuat kenyataan kos jambatan meningkat 100% kerana harga minyak meningkat. Siapa tak pening dgn sihamlau nie.

Dua hari lepas tu umumkan projek pengangkutan awan seperti LRT, MONORAIL untuk kemudahan rakyat di KL n Selangor ...kosnya 5 billion...harganya sepatutnya 30 to 40% less from the cost project. Saya yakin tu project Scomi...

Pak Lah oh Pak Lah bila aka tak leh tidur aku dgn ucapan hang....tentu aku lena sampai subuh.

AP) Former Prime Minister Mahathir Mohamad on Saturday slammed the government's move to allow U.S. energy company Halliburton Co. to begin operating in Malaysia, saying the country doesn't need "blood money."

"It is appalling that we have allowed this war-profiteering company to invest in Malaysia," he said in a statement, referring to Halliburton's contracts in Iraq for the U.S. government. "Are we so void of our humanity that we have to allow these war criminals to come in and thrive in our economy?"

Mahathir, who remains a respected figure in the Islamic world after his retirement in 2003 after 22 years in power, urged the government to ban Halliburton from using their "ill-gotten profits to operate in any way" in Malaysia.

Halliburton recently launched a 200 million ringgit (\$62.5 million) manufacturing center in the Iskandar Malaysia economic hub in southern Johor state.

Mahathir, a vocal critic of the 2003 U.S.-led invasion of Iraq, accused Halliburton, once led by U.S. Vice President Dick Cheney, of raking in billions of dollars in profits from the Iraq war.

Do we really need the blood money of a neo-conservative entity that has played a role in the murder of innocent Iraqis to fund our development?

Mahathir Mohamad, former prime minister of Malaysia, said Halliburton's stock price surged from \$10 before the war to around \$46 now after the company won a series of contracts in Iraq amounting to nearly \$20 billion, he said.

Salam Yg Bhg Tun and all,

Actually this AAB and his government issues cum current political on-goings has reached me at stagnant level now. I am sure soon it will turned into very extreme stench. I am utterly sick of reading about him and his back-up singers(especially the three BIG hantus) praising every dumb moves he make.

No wonder during his tenure almost all his generals can come out with lame and stupid statement on every issues concerning the rakyat.

This is true "leadership by example".

I am sure you yourself Tun, and others are feeling the same way i do, but there is nothing much we can do except to post our comments, and Tun keep on attacking his weak leadership. But for how long more must we wait and see? Two terms is too long and this guy isn't going to move from where you have PUT him.

It is not a joke to play the waiting game to see next GE and its outcome. It is going to be disastrous. Are we going to allow this person and his gang to put our nation, our belief and the rakyat into the hell hole?

This is our country.

The rakyat's country.

Not UMNO's country.

Not AAB and family country.

Not Najib and Rosmah country.

Not no one person or a family but ours, the mere rakyat with no political interest and just wanting to live life as comfortable as it has been in this sovereign country.

And everytime after prayers i fret to think of my next generation future and the future of this country.

I am waiting for you to push that final button Tun and we will do what needed to be done.

Your blog is a must visit blog for me.I look forward to the information that you provide in your articles.

I also attended most of your forums, the last was in PJ. I missed the one in Ipoh Perak 2 days ago though. Everyone in my family support your perjuangan.

I still remember, our house used to be the meeting place for Umno because there was no dewan available back then. The perjuangan of UMNO members back then was genuine i.e for Ugama, Bangsa and Negara.Now is a different story. Most join UMNO for power

and projects. That is why most of them kowtow to the President. Until and unless UMNO members revert to the old perjuangan, UMNO will become irrelevant. It is really scary.

Weak administrations need a strong chorus to boost sagging morale. Members of the chorus could be line up and trained to participate in choral speaking competition. If done this team most certainly will become champions.

Salam Tun and welcome back online

Please don't be too disenchanted. There are ordinary members of UMNO like me still left behind for one final push to remove this nice but incompetent President of UMNO.

Although I don't agree with what Yong Teck Lee did as this is an UMNO affair, I must say I agree with him on fatigue starting to set in on this fight. For me, I am saving my energy for the fight to come after the cawangan elections.

In any event we should by then, be able to figure out who has been bought off and who hasn't. We will move before the divisional elections as by then we will know who the delegates at division level are. Then we will strike with all the intensity and fury we can muster as if our lives depended on it. We don't want the legacies that our forefathers left us to be destroyed by the silly few.

We only need to know who our presidential candidate will be! Frankly Tun, if you were still in UMNO many of us would nominate you. I only ask that if we succeed in this mother of all battles, you will return to UMNO. If we lose, I am joining you.

Best wishes and good health to you and your family.

Tun Dr Mahathir Mohamad, please proceed. I sense that a few are seeing what a noble one you are doing. This few are continuously increasing in number.

As for Abdullah Ahmad Badawi, having advantages over the Chorus Line, and more, he may think this is a winning one, perhaps a sweet personal victory.

I can see, that the no confidence vote against Abdullah Ahmad Badawi, has now expanded to include leaders in UMNO and Barisan Nasional.

The Malaysian 13th General Election is a long wait, but the move can stay hot and the heat escalating can be translated on that date.

From now on, we shall proceed...

Salam kepada Tun dan semua.

Wak sudah baca artikel Tun "The Chorus Line" lebih dari sepuluh kali.. baca.. dan baca.. dan baca.. dan baca.. dan baca.. dan baca.. dan baca..

Yang terbayang difikiran Wak cumalah:-

Tun telah menghambakan diri menjadi ahli politik seawal tahun 1945-an lagi. Ditolak dicampur dengan umur Tun iaitu lebih kurang 83 tahun bermakna sudah 65 tahun Tun menghambakan dirinya sebagai ahli politik dan ini bermakna hampir 2/3 dari masa hidupnya dikorbankan untuk politik.

1975 Tun menjadi salah seorang dari 3 Naib Presiden UMNO.

1978 Tun telah dilantik menjadi Timbalan Presiden UMNO.

1981 Tun dilantik menjadi Perdana Menteri Malaysia.

2003 Tun meletakkan jawatannya sebagai Perdana Menteri Malaysia dan seterusnya Presiden UMNO.

2008 Tun keluar dari UMNO dan bebas dari sebarang keahlian politik.

Dibandingkan dengan Wak, umur Wak tidak sampai separuh dari usia Tun.

Dibandingkan lagi, politik UMNO Wak tidak sampai suku dari pengalaman politik Tun.

Makanya, Wak buat kesimpulan mudah untuk diri Wak; "i reserve my comments" untuk tidak dijadikan bahan gelak Tun dengan komen-komen yang bakal Wak berikan. Namun, Wak jadikan artikel Tun "The Chorus Line" sebagai satu doktrin peringatan dalam wadah perjuangan politik Wak yang masih panjang, sama ada yang baiknya atau yang buruknya.

p/s: Wak seringkali berkhayalkan Tun Musa Hitam, Tengku Razali Hamzah, (arwah Tun Ghafar Baba), (arwah) al-ustaz Hj. Fadzil Noor, Tun Dr. Ling Liong Sik, Tok Guru Hj. Nik Aziz, Tan Sri Prof. Lee Lam Thye, Mr. Lee Kwan Yew, Mr. Karpal Singh, Mr. Lim Kit Siang, Datuk Seri S. Samy Vellu serta beberapa tokoh lain termasuk Datuk Seri Abdullah Ahmad Badawi bersama Tan Seri Datuk Rafidah Aziz duduk di satu sudut kopitiam bersama-sama Tun Dr. Mahathir Mohamad berborak-borak ringan memandangi politik Malaysia sesambil minum kopi atau teh tarik dan makan roti kaya bakar. Sekali-sekala terdengar jerit kecil mereka kepada UMNO, MCA, MIC, PAS, DAP dan mana-mana parti politik lain di Malaysia agar tidak bermain lebih-lebih sehingga mengundang bahaya pada kami anak-anak buahnya.

Dearest Tun: We Believe in You.

Whatever you do, you did best for our multiracial, oil rich, and that of the betterment for the country.

During your tenure, you handled, let alone oil increase but what so ever, excellently that the rakyat don't feel so much of the impact of hardships.

He says:" I'm sure he'll deny it." So am I wrong to say that He is a very corrupted man, talking nonsense upon receiving large amount of exgratia payments from the pocket of poor rakyat, hard earned, blood money and given by incompetent decisions and management. I am sure he'll deny it.

Another quote ' Good at killing 2 birds with one stone'. What about this instance. Somebody is killing 3 birds (i.e. Money, Revenge, and his trustworthiness, towards this present messy state of leaders.

Ayahanda Tun, You looked a little annoyed while refering to this matter on tv. Please don't, we fully understand their so called 'dirty tactics'. Please, please, by all means, stay healthy and strong. Lastly, may God bless You and your beautiful family.

Clearly ABI of PJ is one of Pak Lah & Co symphatiser. Maybe he is even related to them too.

For ABI info, Tun is not just Malaysia's fourth Prime Minister but he is also a world class leader and the champion of the third world. Tun is responsible in making Malaysia what it is today. We the rakyat should be thankful to have a leader like him.

The least you can do is show some respect when adressing Tun. Who do you think you are to advice Tun on what he should do? Or are you in the habit of telling your parents off? If that's the case, then no wonder.

The story behind why abdullah give the petrol rebate to rakyat thru Pos malaysia. I believe a lot of people did not know that Pos malaysia is actually belong to ECM libra. (ECM Libra belong to Khairi kamaruddin). Lets imagine every single RM625 that rebated to Rakyat, our government has to pay 1% comission to Pos Malaysia. Can all of us count how much pos malaysia/ecm libra will make thru this rebate exercise? Again the rakyat money will go into PM family's pocket..

Dear Tun,

Please allow me to divert from the topic.I just want to highlight how fickle minded Pak Lah is which proves to reflect his flip flop decision making process.

When you have already announced to the public that your salary is going to be double and later retract it , I think this is unethical.

How can Pak Lah retract the announcement already made by Azman Mokhtar to confirm the double increase in salary of TNB CEO . No matter how bad the decision is you must keep to the promise because you are demoralizing the CEO and embarrassing him.

I may be against the double increase but in this case of pulling back what has been decided is morally wrong especially when it involves very personal thing like salary.

When he can do that I don't see why he can't withdraw the payment of ex-gratia to the ex-judges which in my opinion they don't deserve it at all. It is unethical and immoral when they had been found guilty by the Tribunal set up by the Agong. The government's action was not right because it affects the dignity of the Agong for not respecting the Tribunal's judgment against the ex-judges.

By LKCYC on [June 23, 2008 11:19 PM](#)

What bothers me most is that the present cabinet members are not steadfast in the decisions they make. Don't they first discuss things thoroughly with their respective ministry officials and then bring it to the cabinet for a final decision before announcement is made?

Or, are we to believe that they just don't have enough grey materials up in their heads to think things through rightly?

If we are not convinced, how do we expect foreign investors to believe what they read as government decisions?

Things cannot go on like this. The more they do, the messier it becomes.

Kepada Tun yg dihormati,

Saya bukanlah ahli UMNO, tetapi saya adalah rakyat biasa yang terkena tempias bahang politik yang telah merosakkan seluruh sistem masyarakat Malaysia am yang telah pun dibina hasil ilham bekas PM termasuk Tun sendiri.

Bercakap pasal Kerajaan ni, bukan UMNO sahaja yang bertanggungjawab atas kejatuhan politik BN. Parti lain yg menjadi 'BN' - MIC, MCA, UMNO-SABAH (for Sabah) , PBB (leader party of Sarawak) juga jangan diabaikan turut mempengaruhi kejatuhan kedudukan BN dimata rakyat.

Tak tahulah di semenanjung, kami yang tinggal di Sabah & Sarawak dahlah harga petrol dan diesel (sebelum naik harga awal Jun)sebelum ini dah cukup menderita menanggung payah. Kami pun hairan, negeri pengeluar minyak macam kami 'miskin dibumi' sendiri. Apatah lagi harga petrol & diesel dinaikkan, apa perasaan kami sekarang? Dahlah putih mata, nasi putih dinegeri sendiri pun kena beli mahal : bak kata Orangulu di atas, KAMI TIADA PILIHAN (untuk rujukan: Beras super tempatan 5% = RM 5.60 sekilo, 15% pula - RM 2.80. Harga ini baru je di Kuching, apatah lagi di bahagian-bahagian lain di Sarawak.

Cakap pasal Four wheel drive (Pacuan empat roda) - ini yang bestnye. Kalau orang semenanjung atau Sabah yg pernah ke SarawaK. mesti gelak punya. Adakah patut itu pula yang diberi rebat tambahan. Penggunaan 4 Wheel drive tu hanya segelintir je. Lebih 60% di Sarawak ini kebanyakan berpendapatan rendah ini, berniaga, pergi ke sekolah, terutamanya di pendalaman.. ramai rakyat menggunakan enjin sangkut (enjin bot)yang payah membeli bahan bakar. Tak macam di bahagian lain seperti Kuching, Sibu dan Miri.. Kapit yang seluas negeri Pahang pun belum ada stesen minyak subsidi khas untuk mereka. Lebih 45 tahun Sarawak merdeka dalam Malaysia, itulah 'subsidi maya' yang mereka telah terima. Rujukan untuk Tun dan bloggers : Harga Bahan Bakar - > rm 5.80 seliter. Kami dah ajukan kepada wakil rakyat (Parlimen - ADUN), jawapan tetap sama. 'KAMI TIADA PILIHAN', 'IKUT JE', 'APA BOLEH BUAT'

Konon nye nak bagi subsidi kepada rakyat SECARA TELUS. Itu janji TELUR MASIN NAMANYA! Kepada Tun, isu subsidi dihakis kepada rebat rm 625, tiada satu pun boleh dikatakan 'subsidi' bagi kami di Sarawak.

Yang kami tahu, DUIT RAKYAT dah menjadi 'side income' bagi pemerintah BN. Itu sebab saya teramat sakit hati sejak dulu sampai sekarang. Tak rugi saya undi parti pembangkang (Kuching) untuk menghantar mesej maut saya semasa PRU 12 kepada BN. tengoklah nanti PRU 13. Ramalan Tun akan menjadi kenyataan. Mungkin lebih awal.

Tun, teruskan menulis dalam blog ini. Biarlah seluruh Malaysia dan dunia tahu.. dari kampung, rumah panjang sampai ke Bandaraya tahu apa yang berlaku. Ikhlas dan jujur dari saya

Saya yakin dengan Tun, jika Paklah masih menjadi PM, Umno dan BN tidak akan relevan lagi. Tak payah kita tunggu sampai PRU13, Disember ini je, kalau paklah tak turun gak, lingkuplah bangsa & negara kita.

Kepada PAKLAH & RUNNER TINGKAT 4 yang berjambang.....,

Sekiranya kamu berdua tiada lagi dalam kepimpinan Negara, saya yakin 90% masalah yang dialami oleh UMNO dan negara Malaysia akan selesai. Sebaliknya jika kamu berdua masih berdegil, maka tergadailah negara ini kerana kamu sememangnya TIDAK LAYAK langsung memimpin kami. Bayangkanlah, tiada satu masalah pun yang dapat kamu selesaikan sehingga hari ini. Antaranya, masalah kekurangan bekalan makanan seperti gula, minyak masak dan beras. Akibat dari kelemahan mu Paklah, pemborong dan peniaga mengambil kesempatan menyorok barang2. APAKAH TINDAKAN MU????

saya tidak bersetuju dengan usul undi tidak percaya kepada pak lah ngok yang ingin dibawakan oleh SAPP di parlimen.

sepatutnya seluruh ahli umno yang minta pak lah ngok ni letak jawatan.

janganlah ahli umno yang Melayu katakan BACHOL dalam perjuangan untuk membela nasib rakyat.

rakyat memang dah benci kat pak lah ngok tu.
bukan kata pak lah ngok tu je tapi seluruh kaum kerabat dan keroni-keroni syaitan yang bermaharajalela sekarang ni perlu dihapuskan.

Dear Tun,

Saya rasa Pak Lah ni memang tak sedar diri. Apa dia tunggu lagi. Dia dah jadi ITEK TEMPANG. Orang UMNO pun sama tak sedar diri. Masih lagi berpaut kat pemimpin yang dah tak diterima oleh rakyat. Pemimpin yang "DAIF" dalam segalanya terutama sekali DAIF dalam pemikirannya. Pak Lah tidak CEMERLANG. Pak Lah tidak GEMILANG dan jauh sekali Pak Lah tidak akan jadi Perdana Menteri yang TERBILANG dikalangan Perdana Menteri dahulu. Dia ketinggalan jauh berbanding dengan semua Perdana Menteri sebelumnya.

Ayuh, kawan-kawan ku dalam UMNO, bangkitlah beramai-ramai memulihkan UMNO yang dah tenat dan hanya tunggu masa untuk "dimandikan", "dikapankan" dan "ditanamkan" dipekuburan yang TAK BERTANDA !! UMNO akan lenyap selamanya. Jika ini berlaku generasi akan datang akan menuding jari kat Pak Lah, PEMUSNAH UTAMA UMNO !!

By sujini on [June 24, 2008 12:41 AM](#)

Salam Dr Mahathir,

Maybe you already know this. Trying to make ends meet, govt.servants have now resorted to selling food, etc. during lunch time.
If you happen to visit the govt.offices in Putrajaya around the said time you might find them putting up tables at the building premises.
I have yet to go there and see this for myself.

Will this phenomena affect their performances in the office?

After the behind closed door briefing with BN MPs on 22nd June, PM said that temporary licence for small businesses (or something to that sort) will be given out to help the people to cope with the current economic problem.

Before this the govt. has also started issuing new licences for Taxis.

Now, my question is, how many of these licences were given to deserved applicants and if they do get, how many of them?

As per your posting, if the BN chorus group is still singing the same line with the lead vocalist, then I think Malaysia's bank account will be in the red. May Allah forbids.

Wassalam.

Dear Tun,

I share the same thought as you, DAAB must resign and be responsible for the situation that UMNO and BN is facing now. However, in tradition, should DAAB resigns, Datuk Najib will be the one to replace him.

I do believe that Datuk Najib is a brilliant and intelligent man, but his image has been tarnished by rumours. The latest, is the Altunya case. And sad to say that, Malaysians love to believe rumors rather than looking for facts and data.

In other words, maybe Datuk Najib has the potential and intelligence to take out UMNO and BN from this mess. But, I'm just afraid he will be drowned by rumours.

I do believed that UMNO enemies are still keeping their cards for Datuk Najib.

Your thoughts, Tun.

Thanks

Riq

Dear Tun,

First time in the political history of Malaysia where a call for a vote of no confidence against the Prime Minister being proposed by one of BN component parties. What a shame! HARI INI DALAM SEJARAH !! Even though it did not materialise but the dent on Pak Lah's credibility is good enough to show that his standing is now down the drain. The vote of no confidence is just a SYMBOLIC but means a lot to the rakyat. Still Pak Lah is a dreamer !!!

Salam Buat Ayahnda Tun dan Isteri yang dikasihi.

Syukur alhamdulillah akhirnya dapat juga saya sign in dalam blog Tun.

Tun, saya ni ibu tunggal kematian suami dan mempunyai anak seramai 4 orang yang masih kecil yang kesemuanya masih bersekolah. Dengan keadaan ekonomi yang kian meruncing dan harga barang yang melambung menyebabkan saya kecut perut. Apatah lagi bila pengusaha bas sekolah menaikkan tambang Sebanyak RM10 seorang mulai bulan depan. Jika selama ini saya cuma membayar sebanyak RM130 untuk empat orang anak kini telah meningkat ke RM170. Ini baru tambang bas, belum duit poket dan perbelanjaan dapur sedangkan gaji kami sama, tak naik naik. Bagaimana kami nak hidup!!!

Kepada Tun saya dan anak anak berharap agar dapat berbuat sesuatu untuk mengembalikan keadaan ekonomi negara kita seperti zaman Tun dahulu.

Kepada Pak Lahterimakasih banyak kerana telah MENYIKSA KAMI.

Salam sayang dari kami untuk Tun dan Keluarga. Moga Allah panjangkan umur Tun dan diberikan kesihatan yang baik. Amin.

Dear Tun,

Bernamea reported that the morale of Johor Umno members remains strong, despite the challenges faced by the party in the current political climate.

This was evident from a two-hour dialogue session held between the party's top leadership and an estimated 450 members from Johor Umno at the Putra World Trade Centre in Kuala Lumpur on Saturday evening.

State Umno liason chief Datuk Abdul Ghani Othman was present at the session which was chaired by Umno president and Prime Minister Datuk Seri Abdullah Ahmad Badawi.

Also present was Abdullah's deputy, Datuk Seri Najib Tun Razak.

Those who attended the session came from the branches of 13 out of the 26 divisions in Johor Umno.

Comment:

Is this what we can classify as THE CHORUS LINE DIALOGUE !! What can we deduce from such dialogue? Surely desperately to get sympathy from naive and gullible grassroot members from Johore UMNO branches by telling them I AM ALREADY "ITEK TEMPANG", please help me !!

Pak Lah dah tak ada kerja untuk mentadbir negara yang dah kacu bilau!! Asyik berpolitik untuk memperkukuhkan kedudukannya yang dah nak masuk ke tong sampah. Kalau dah "barang dah busuk" macam mana pun akan ke tong sampah akhirnya juga!!

RENUNGAN UNTUK SEMUA RAKYAT MALAYSIA

AMALAN UNTUK SELAMAT DI DUNIA DAN AKHIRAT

Daripada Saidina Khalid bin Al-Walid RA berkata, “ Telah datang seorang Arab desa kepada Rasulullah SAW dan menyatakan tujuannya: Wahai Rasulullah! Keadatanganku

untuk bertanya engkau mengenai apa yang akan menyempurnakan diriku di dunia dan akhirat.”

Rasulullah berkata kepadanya: “Tanyalah apa yang engkau kehendaki.” Arab desa itu berkata: “Aku mahu menjadi orang alim.” Dibalas Rasulullah: “Takutlah kepada Allah SWT.”

Dia bertanya lagi: “Aku mahu menjadi orang paling kaya.” Rasulullah menjawab: “Jadilah orang yang yakin pada diri.” Bertanya lagi Arab desa itu: “Aku mahu menjadi orang yang adil.” Lalu dijawab Rasulullah: “Kasihaniilah manusia lain seperti engkau kasih pada diri.”

Dia bertanya: “Aku mahu menjadi orang paling baik.” Baginda menjawab: “Jadilah orang yang berguna kepada masyarakat.” Dia bertanya lagi: “aku mahu menjadi orang istimewa di sisi Allah.” Dan dijawab Rasulullah: “Banyakkan zikrullah.”

Arab desa itu bertanya: “Aku mahu disempurnakan imanku.” Baginda menjawab: “Perelokkan akhlakmu.” Dia bertanya lagi: “Aku mahu termasuk dalam golongan orang yang muhsinin (baik).” “Beribadatlah kepada Allah seolah-olah engkau melihat-Nya dan jika engkau tidak berasa begitu, sekurang-kurangnya engkau yakin Dia tetap melihat engkau.”

Arab desa itu bertanya lagi: “Aku mahu termasuk dalam golongan yang taat.” Lalu dijawab Baginda: “Tunaikan segala kewajipan yang difardukan.” Dia bertanya lagi: “Aku mahu berjumpa Allah dalam keadaan bersih daripada dosa.” Rasulullah menjawab: “Bersihkan dirimu daripada najis dosa.”

Dia terus bertanya: “Aku mahu dihimpun pada hari kiamat di bawah cahaya.” Baginda menjawab: “Jangan menzalimi seseorang.” Dia bertanya lagi: “Aku mahu dikasihi oleh Allah pada hari kiamat.” Baginda berkata: “Kasihaniilah dirimu dan kasihaniilah orang lain.”

Dia bertanya: “Aku mahu dihapuskan segala dosaku.” Baginda menjawab: “Banyakkan beristighfar.” Dia berkata: Bagaimana pula aku mahu menjadi semulia-mulia manusia.” Lalu baginda menjawab: “Jangan mengesyaki sesuatu perkara pada orang lain.”

Dia bertanya Rasulullah: “Aku mahu menjadi segagah-gagah manusia.” Baginda menjawab: “Sentiasa menyerah diri (tawakal) kepada Allah.” Dia bertanya lagi: “Aku mahu dimurahkan rezeki oleh Allah.” Baginda menjawab: “Sentiasa berada dalam keadaan bersih (daripada hadas).”

Dia bertanya: “Aku mahu termasuk dalam golongan yang dikasihi Allah dan Rasul-Nya.” Baginda menjawab: “Cintailah segala yang disukai Allah dan rasul-Nya.” Dia bertanya: “Aku mahu diselamatkan daripada kemurkaan Allah pada hari kiamat.” Baginda menjawab: “Jangan marah kepada orang lain.”

Dia bertanya lagi kepada Rasulullah: “Aku mahu diterima segala permohonanku.” Baginda menjawab: “Jauhilah makanan haram.” Dia bertanya: “Aku mahu Allah menutup segala keaibanku pada hari kiamat.” Baginda pun menjawab: “Tutuplah keburukan orang lain.”

Dia bertanya: “Siapa yang terselamat daripada dosa?” Rasulullah menjawab: “Orang yang sentiasa mengalir air mata penyesalan, mereka yang tunduk pada kehendak-Nya dan mereka yang ditimpa kesakitan.”

Dia terus bertanya: “Apakah sebesar-besar kebaikan di sisi Allah?” Baginda menjawab: “Elok budi pekerti, rendah diri dan sabar dengan ujian (bala).” Dia bertanya lagi: “Apakah sebesar-besar kejahatan di sisi Allah?” Baginda menjawab: “Buruk akhlak dan sedikit ketaatan.”

Dia bertanya: “Apakah yang meredakan kemurkaan Allah di dunia dan akhirat?” Baginda menjawab: “Sedekah dalam keadaan sembunyi (tidak diketahui) dan menghubungkan kasih saying.”

Dia bertanya lagi: “Apa yang akan memadamkan api neraka pada hari kiamat?” Baginda menjawab: “Sabar di dunia dengan bala dan musibah.”

Telah berkata Imam Mustaghfirin: “Aku tidak pernah menemui hadis yang besar dan merangkumi kesempurnaan agama dan bermanfaat selain hadis ini.”

salam Tun,

Cadangan ini saya tujukan pada semua visitors2 kat sini atau Tun sendiri, di harap kita dpt sama2 memikirkannya..

Sebagai salah seorang Ahli UMNO yang setia (tapi tergolong dlm kategori 2,3 & 4 spt yg Tun kelaskan sebelum ini), yang masih tetap sayangkan Parti yang telah banyak berjasa kepada kita semua sama2 cuba mengubah suasana Pemilihan Majlis Tertinggi UMNO.

- 1- Saya sendiri pasti, semua ahli UMNO tidak 100% setuju dengan cara pemilihan yang diadakan saban tahun.
- 2- Tidak semua ahli2 parti diberi hak utk memilih pemimpin yang mereka sokong atau kehendaki.
- 3- Ketua2 cawangan telah dilobby oleh ketua bahagian utk menyetujui senarai yg telah ditetapkan.
- 4- Ketua2 bahagian pula selalunya telah ditetapkan untuk menyetujui senarai yang telah ditetapkan oleh perhubungan negeri dengan sokongan para2 pelobi perwakilan yang akan mewakili bahagian ke persidangan di Kuala Lumpur yang sudah semestinya akan tersenyum lebar jika terpilih.
- 5- Bukan tak ada, tapi amat sedikit % mereka yang cuba menentang arus seperti yang telah ditetapkan.
- 6- ahli2 yang selalu disebut akar umbi seperti saya sendiri dan ramai lagi di luar sana, tidak diberi hak yang sewajarnya untuk memilih mengikut naluri sendiri. (Atas Dasar Tradisi Agaknya)

CADANGAN SAYA :

- 1- Memohon kepada visitors2 dilaman ini yang merupakn ahli UMNO yang masih sygkan Parti ini yang bijak pandai dibidang IT ni (saya hanya sebagai user jer) bekerjasama untuk mewujudkan satu Forum Pemilihan Ahli Majlis Tertinggi UMNO secara maya.
- 2- Dengan adanya pemilihan ini, sekurang2nya kita semua dapat memilih Ahli2 Majlis Tertinggi meliputi Jawatan Presiden, Tim. Presiden, Naib Presiden dan majlis tertinggi.
- 3- Semua pelawat dilaman Tun ini sama2 bekerjasama untuk menghebahkan berkenaan Pemilihan maya yang akan diadakan kepada ahli2 UMNO diluar sana agar semuanya dapat memilih sendiri pemimpin yang mereka kehendaki atau sokongi walaupun hanya secara maya yang mungkin tidak akan dipandang oleh Paklah dan kongcu2nya.
- 4- Tapi kita sekurang2nya dapat memberi satu mesej yang tegas kepada pemimpin yang ada sekarang untuk lebih bermuhasabah diri.

Sama2la kita fikirkan.

Ayahanda Tun telah banyak melakukan untuk kita semua, sekarang giliran kita pula untuk memikirkan cara untuk menyelamatkan Agama, Bangsa dan Negara kita yang tercinta ini. Semuga Ayahanda Tun terus diberi kekuatan, kesihatan dan semangat untuk terus bersama-sama kita memperjuangkan nasib bangsa kita terutama untuk anak cucu kita yang akan mewarisi BUMI TANAH MELAYU tercinta ini.

Salam TUN

Its good for all of us to be hearing from you again, syabas.

Present scenario is just a hiccup to them from what we observed. But another strong message already delivered.

By counter offering and then penalise for wrong doings....? Well..well..thats not nice anymore.

What we can see publicly is that the solutions taken was not a smart move politically. This will cause a grave damage in the future. Its true, and only a true leader could foresee whats is coming.

Surprisingly, none of the BN or UMno member offers to negotiate accordingly to solve the matter. The chorus lines even acted like a hungry-for-blood thugs knowing that SAPP is part of BN still.

What are we (the non-partisans and the people) expecting now from the present govt since ,SAPP, member of their big family (BN) already been ignored?

Akibat kurangnya kebijaksanaan yang telah dilaksanakan, Paklah dah hukum rakyat secara tidak langsung. Cukuplah.

Assalamualaikum Ayahanda Tun..

Gembiranya rasa dapat buka dan sign up untuk blog ni... Sapa la pulak punya bodo cuba nak sekat BAPA I.T Malaysia ni... Yang telah membina bandar siber sebesar Singapura (Cyberjaya).. Yang mewujudkan Multimedia Super Corridor... Yang memperkuatkan slogan celik I.T dikalangan rakyat Malaysia.. Yang mencari modal pelaburan dari luar untuk memenuhkan setiap sekolah-sekolah yang ada di Malaysia dengan kemudahan komputer supaya rakyat berbilang bangsa di Malaysia tidak ketinggalan dalam arus perubahan dunia walaupun di kampung-kampung..

Sayangnya dikalangan yang duduk ditampuk pemerintahan negara baru la sebulan dua ni kenal apa tu komputer... Mungkin pada tanggapan mereka komputer hanya untuk buat kerja @ dokumen ataupun hanya untuk main game saja.. Cuba pegi check PC menteri-menteri ni.. mesti depa tak habis lagi main game "Need for Speed".. Homepage pulak untuk site yang boleh cari ayam-ayam Mongolia ke... Turki ke.. Tibet ke.. Rusia ke.. Baru la orang tak kata racist.. Masyarakat penyayang la katakan..

Teknologi semakin canggih.. Komputer telah menjadi sebesar cermin bedak muka (compact face powder) yang orang pompuan dok pakai.. Atau lebih tepat lagi telefon bimbit atau PDA.. Di rumah saya selalu menggunakan P.C untuk online.. Tapi di luar rumah saya gunakan telefon bimbit untuk online.. Saya tergolong dalam kelompok peniaga kaki lima di malam hari.. Dah tentu lah ramai kawan-kawan.. Pada mereka inilah komputer kecil saya memainkan peranan yang sangat penting untuk menunjukkan Blog yang sangat berpengaruh ini.. Gerai saya dah jadi macam cyber cafe tempat untuk orang yang masih kurang mesra dengan IT membaca blog ini.. Kesian juga bila tengok 4-5 orang berlaga terbagul kepala nak baca blog melalui skrin yang sangat kecil.. Maklum la henset.. Besar mana la sangat..

Kesimpulannya.. Selagi Tun masih ada dan bersuara, Tun masih RELEVAN dengan sebahagian besar rakyat Malaysia.. Tun masih lagi orang yang sangat berPENGARUH di bumi Malaysia ini dan di dunia antarabangsa.. Tun adalah DIKTATOR tapi bukan pada rakyat.. Tun adalah DIKTATOR pada dunia Antarabangsa.. Siapa yang berani MENYALAK balik pada Tun.. George Bush...??? Paul Keating...??? Lee Kwan Yew...??? George Soros...???

Tidak... Mereka yang di atas tak berani dengan Tun walaupun mengomel dalam hati tentang sesuatu kenyataan dari Tun walaupun mereka tak setuju dengan pendapat Tun kerana mereka tahu Tun jarang melakukan kesilapan dalam berkata-kata.. Kata orang puteh "no flip-flop lah".. Tapi menteri-menteri dan perdananya sekali sangat kuat menyalak bila Tun menegur(terpijak ekor) mereka.. Mereka cuba kepung rumah Tun supaya Tun tak dapat keluar bersuara untuk rakyat.. Tapi mereka lupa Tun ramai penyokong yang ada lastik dan batu di tangan macam kat palestini..

Ayuh.. bersama lastik di tangan mari kita lastik:-

1. Si buruk yang mendapat bunga..
2. Si anjing yang dulunya tersepit..

3. Si anjing yang tak habis lagi dengan bayang-bayang..
4. Si tikus yang memperbaiki labu..
4. Si tupai yang asyik melompat..
5. Si kodong yang mendapat cincin..
6. Si Punggok yang suka sangat kat punggok gak..
7. Si Antimamak, PJ @ Abi, Neil dan beberapa lagi spesies gagak dalam blog ni..

Pada Ayahanda Tun.. Ayahanda Tun adalah rahmat yang turun di akhir zaman.. Semoga Allah memelihara dan merahmati Tun di dunia dan akhirat.. Amin..

"Sabah Progressive Party (SAPP) members of parliament (MPs) were voted in on the Barisan Nasional (BN) ticket in the March 8 election and as such should be more responsible and uphold BN discipline, said Information Minister Datuk Ahmad Shabery Cheek.

He said it was not the BN way to question its leadership.

"Like in a family, it is not right for a member to talk bad about the family to outsiders, what more to cooperate with enemies of the family just because they promised better things."

Salam Tun and all,

1) What is the BN way?

All ministers and members behave like "lembu cucuk hidung"?

2) Like a family?

Only now, he realised that he was adopted into not just dumb but extremely stupid family. Daddy ask to eat shit, all the children will eat shit. So he decided to take a flight. Whats wrong with that?

Why can't anyone question another person, be it their parents, teachers or leaders when something unacceptable took place?

Are we still subscribing to the old mentalities of respect the elders and make sure to keep mum on wrongdoings?

Can we Melayu progress when we are kept silence by our traditions, Datuk Ahmad Shabery & co?

Kalau Y Bhg Tun masih dalam UMNO, Y Bhg Tun boleh menawar diri jadi Presiden balik. Saya yakin Y Bhg Tun boleh menang mudah. Kemudian Y Bhg Tun boleh lantik sesiapa yang sesuai jadi PM. Adakah PM wajib di pilih dari Presiden UMNO, tentu tidak sebab ada negara lain yang mana presiden parti pemerintah tidak menjadi PM/Presiden. Tun Dr Mahathir Mohamad, para Menteri kabinet Abdullah Ahmad Badawi dan ahli Parlimen Barisan Nasional, sekadar hanya seperti penyanyi latar sahaja.

Mereka tidak mahir menyampaikan pandangan bila berhadapan dengan wartawan. Dalam juakan untuk menokok-tambah kepada imej Abdullah Ahmad Badawi, masing-masing telah mendedahkan londehan diri tidak lebih daripada pelawak cuma.

Dikatakan oleh seorang penyanyi latar ini bahawa usul menaikkan harga minyak dan lain-lain barangan menunjukkan sokongan padu kepada Barisan Nasional dan kepemimpinan Abdullah Ahmad Badawi serta kerajaan. Terbukti dengan undian blok 129 ahli menyokong berbanding 78 menentang.

Tambahan lagi, jika usul ini tidak disokong dan gagal, maka kerajaan akan menanggung beban yang besar dan negara akan dalam keadaan berhutang.

Nampak begitu cantik dan logiknya.

Namun apakah usaha semua mereka ini dalam memajukan masyarakat dan negara Malaysia. Khususnya dalam pengwujudan peluang yang memakmorkan semua dan seluruh.

Dengan ketiadaan perancangan induk, maka mereka telah sanggup untuk membebankan setiap warga Malaysia dengan derita dan sengsara akibat kenaikan harga barangan. Lebih-lebih lagi, kurangnya kesan ke atas diri dan kehidupan mereka sendiri.

Seorang lagi penyanyi latar menyatakan bahawa kerajaan telah membuat keputusan yang berani walaupun tidak popular.

Sememangnyaalah, apa kuasa yang ada kepada kami yang dikenakan akibat ini, melainkan pemilihan parti Barisan Nasional dan pilihanraya umum.
