assalamu allaikum Tun, eid mubarak (AIDILFITRI GREETINGS) to Tun and your whole family..... i just take this oppurtinuity to pray for your well being. to remain healthy and be a persons who fears no one until your last breath..... and i know you are a God fearing person otherwise you wouldnt have been sitting in the same place from 1974 for your prayers.. Mr, Alex Ferguson, and Mr. Mahathir only knows victory.. only victory is running in the blood.. and i know you both can never retire. when everybody talks of you dumping your deputies, cant they learn from Sir Alex Ferguson, who booted David Becham, Cantonna, Keane, Nilsteroy.. Yes Sir Alex Ferguson only know sucess, and Too Tun Mahathir.. Mahathir wants a sucessfull malaysia, and when he sees sucess not coming, he opens his mouth. I love You Tun from the bottom of my heart, and when anybody says anything about Tun, it hurts me Tun. May Allah always keep you in dignity, bcoz you says so only becoz you love your MOTHERLAND

Dear All, this is not about where our beloved TUN sembahyang left or right but my experience was more or less the same as TUN.....VVIP think they're above law or almighty, VVIP must sit together, must sit in front etc etc etc. Story like this... i was actually reprimanded recently by my boss during a private WEDDING function for not sitting on the same table as the rest of the so called VVIP. What i can say is that, bloody VVIP/Senior Mgmt ppl think they are so great that they cannot sit with "normal" ppl or staff..IF office function i understand but or god sake that was a private function. why some humans cannot be humble im still puzzle.

asalamualaikum Tun,

kadang2 kita mudah tersinggung dgn perkara remeh yg dibangkitkn spt Tun tidak duduk sebaris dgn PM dan TPM. Kalau Tun pernah jd PM dan dihormati oleh org ramai pun boleh tersinggung dgn kenyataan komentar tersebut apatah lagi saya dan sesiapa saja rakyat biasa yg ke mana2 sja org tak pandang sgt pun.

tetapi sbgi org Islam, kita telah diajar bhw Allah tak memandang pangkat, darjat dan apa jua sumbangn lalu tetapi Dia memandang siapa yg lebih bertakwa dan siapa yg lebih baik amalannya. Ajaran inilah yg memberi kekuatan kpd org biasa spt saya dan juga yg lain2 utk tidak mudah tersinggung walaupun kdg2 ada juga rasa nak tersinggung tetapi apabila memikirkan kembali seruan Allah dan ajaran Islam yg murni maka kekuatan utk tidak terlalu mengharapkn kpd manusia lain itu bertambah kukuh.

Menjadikan saya lebih yakin utk memperbaiki amalan saya utk diri sendiri dan krn mengharapkn ganjarn Allah. Bkn krn riak, bkn krn nak bodek pemimpin, bkn krn nak minta dipuji org lain dan bkn krn nak senang dpt projek dan pengaruh yg memudahkan bisnes. kdg2 pun walau bagaimana ikhlas sekalipun dan bersusah payah kita bekerja keras tak mengharapkn sesuatu, pemimpin yg buta tuli tak nampak dan tak peka dgn keikhlasan kakitgannya itu. maka yg diberi ganjarn kenaikan pangkat dan diberi anugerah adalah mereka yg berpura2 rajin di depan mata ketua tp dibelakangnya suka mengarah pekerja bawahan lain yg lebih rendah dr jawtannya.

dulu semasa Tun masih jd PM, selalu melaungkn kpd rakyat spy bersyukur dgn kemajuan dan keselesaan hidup dlm negara ini. Kesyukurn inilah yg mjdkn org spt saya redha dgn apa yg ada skrg tetapi tetap berusaha utk mjdn lebih baik walaupun ia agak sukar terutama dlm usaha memajukan diri dr segi material sbgaimana org lain krn saya bkn dr kalangan keluarga yg berada yg mewariskan harta dan tanah utk anak2nya. namun kesyukurn itulah yg mjdkn saya redha walaupun hanya ada kancil dan rumah yg sederhana tanpa dibebani dgn hutang yg byk, tanpa masalah mental krn terlalu byk fikirkn sesuatu yg remeh, tanpa masalah kesihatan yg kritikal, tanpa tekanan kerja yg melampau. kdg2 saya yg mbantu mereka yg tak tau kerja sbb tak tau pakai akal bijak walaupun sekolah tinggi2 sampai cucur atap, byk belajar teori sj di U tp teknikal kerja kurang, siap memang siap tp kerja tak sempurna dan ska buat last minit dan ambil jln mudah.

kesimpulannya, jika kita terlalu peduli dgn hal yg remeh temeh, suara yg merendah2kn diri kita dan pelbagai lagi suara balik tabir yg krg enak didgr. Bila saya lihat kembali diri mereka, saya akn nampak bhw diri saya sentiasa lebih baik dr mereka walaupun sederhana dan yg lebih utama ialah saya seorg Islam dan apa jua amalan baik saya walau sekecil atom sekali pun tidak sia2 di akhirat kelak biar pun di dunia ini org lain tak pandang, biar ia antara saya dgn Allah.

Dear Sir,

Another classic example of people trying to undermine your credibility. If you prefer to pray inside the hall then you will be called arrogant. I guess being Mahathir you cannot do anything right.

By the way it is so funny to hear certain leaders calling for merger of BN parties while at the same time acknowledging the fact that race relation is not at it's best. If merger of BN parties is to be considered, shouldn't it be done when the nation is united???

Last but not least, some joker was so upset that his "beloved" PM has decided to go. This joker went as far as reminding UMNO that the current PM is the choice of the majority of rakyat and should not be forced out of office by UMNO. Sadly, this joker is blind to what his "Supremo" in PR has been doing since March until July, August, September 16, September 23 and so on.

Salam & Selamat Hari Raya to you and Tun Siti Hasmah from me, the small people who left UMNO with you and is now happy that in contemplating your return to UMNO, we have not been forgotten.

Salam Tun & fellow bloggers,

Ada satu kisah teladan yg saya nak kongsi dgn semua. Seorang tua, seorang budak 5 tahun dan seekor keldai sedang berjalan:

Keadaan 1: Org tua naik keldai, budak tu pegang tali pimpin keldai

Komen orang: Tak de otak org tua, kasi lah budak naik keldai dia kan masih kecil, kesian dia

Keadaan 2: Budak naik keldai, org tua pimpin keldai

Komen org: Bodoh budak tu, kasi org tua naik keldai, kesian org tua dah tak larat

Keadaan 3: Dua-dua naik keldai

Komen: Tak de akal, kesian keldai tu, patah belakang dia nanti

Keadaan 4: Dua-dua jalan kaki, pimpin keldai

Komen: Bangang, ada keldai tak nak naik!

Moral of the story: Tembak je keldai tingkat 4 tu, kecik2 tak nak mam*** dah tua menyusahkan orang...hehe

Kalau pergi Masjid Negara memang tenang sembahyang ditepi kolam tu. Suasana nyaman sambil mendengar khutbah. Boleh tengok macam2 karenah, tertidur-tersengguk tu biasa. Boleh jumpa macam2 orang, dengan uniform kerja masing2. Kekadang orang jatuh kolam, habis basah kuyup. Kalau diorang letak ikan dalam tu bagus jugak..

Ada sesiapa disini dah lama tak sembahyang? Sembahyang Jumaat hanya seminggu sekali pun kadang2 susah nak tunaikan. Sekali-sekala elok juga kita turun di Masjid2 utama negeri, Masjid Negara contohnya. Selepas sembahyang boleh ziarah Makam Pahlawan tempat bersemadanya Wira2 negara (& yg akan datang), sedekahkan AlFatehah..

Jadi orang ternama ada bagusnya, solat sentiasa ada orang ingatkan. Kita yang dibawah ni, hanya dengan Yang Maha Pencipta kita jawab tiada siapa yang ambil peduli..

By bluesgang77 on October 12, 2008 12:15 AM

Sebenarnya depa dah takda point nak bubuh Tun, sembahyang kat luar punya isu pun jadilah.

Yang saya tahu, niat itulah yang paling penting, penuhkan saf depan tu afdhal dan baik, tapi kalau saf depan dah penuh kita sembahyang kat belakang la, takkan nak kata kat sapa yang saf depan "Hang duduk belakang, aku nak sembahyang sini" - tak steady la.

Lagipun ramai nak himpit org besar (paham2 la), mungkin tu yang saf depan cepat penuh, so no wonderla Tun end up kat luar hahaha (Sapala Tun sekarang ni haha). Depa tu tak terpikir ka, at least Tun sembahyang satu masjid ngan depa, tak da mcm unsur masjid Pas atau masjid UMNO. Tun steady ja.

PS - kadang - kadang sembahyang kat luar ok jugak, udara segar, angin tiup fuh best. Lagi khusyuk. Kadang2 sembahyang kat dalam sejuk sangat (aircond terlampau kuat). Mengeletar sampai hilang khusyuk sembahyang. Tapi yang penting :TUN MEMANG STEADY!!!

Salam Tun,

I come accross an article of The Star online dated 11/10/08 entitled "No reforms as long as Dr M is around" Says Zaid. He says that He (Dr Mahathir) has a large group of friends, otherwise the Prime Minister (Abdullah) would not have been 'thrown out' just like he wanted." "Mahathirism was all control, control, control. He has a strong influence on the top Umno leaders who had to choose between doing his bidding or facing his wrath." "So many in Umno are bound to the old, making it difficult to abandon old values and principles.

I think this Zaid is too much and should shut his mouth up. Talking without facts. If Tun has a control in UMNO, how's on earth Tun was not able to win the vote for Perwakilan UMNO. Zaid has certainly have grudges against you. He continues to provoke Najib by saying that Najib did not indicate his support for reform.

I think he made a statement at this point of time to tarnish the political image of 3 possible candidates (Najib, Muhyiddin and Mukhriz). He could also respond to the article you wrote on your blog.

To me, he has lost his own political image and millage as people realised that he is the spokesman for the opposition and Bar Council. He did not realise that he himself was given an opportunity to make his money during the privatisison policy during your tenure as PM.

My preliminary findings indicate that the modern and rich Malays (some people) nowadays did not carry the values and principles like the Malay of the older generation when they were poor (Berbudi dan berbahasa, bersopan santun, hormat menghormati yang tua, membantu yang susah etc...). They just lost the core values of the Malays.

Tun,
merujuk kepada PC yang dibuat oleh si bodoh Datuk Zaid Ibrahim mengenai tun masih kuasa terhadap

UMNO membuat sesuatu keputusan. Adakah Tun ingin memberitahu kepada rakyat Malaysia si bodoh Datuk Zaid telah menghancurkan keamanan negara kita serta UMNO.

Walaupun saya bukan Melayu saya tetap dengan pendirian Cara Tun mentadbir negara adalah lebih baik dari si bodoh itu. Command n Control adalah ciri ciri utama harus ada pada seseorang pemimpin negara. Saya amat berharap Tun dapat memberi penjelasan serta penerangan yang lebih mendalam mengenai Datuk Zaid semasa dia dalam UMNO sehingga dia di gantung.

Salam Tun,

1. Saya dan isteri mula mengagumi Tun semasa saya belajar di ITM dan isteri saya di UIA 16 tahun dulu.
2. Saya dan isteri masing2 pernah sekali bertemu TUN, isteri saya semasa belajar dan saya 4 tahun yang lalu.

3. Isteri saya bertemu TUN di salah satu pasaraya di Kuala Lumpur, beliau tergamam, tak berkata, tapi TUN menyapa beliau dgn berkata 'nak bersoppingka'

4. Saya bertemu TUN semasa solat jumaat di Masjid Putra Jaya. (sememangnya saya selalu cuba ke tempat2 yg TUN selalu pergi, dengan harapan dapat secara xsengaja bertemu TUN), saya solat sebaris dgn TUN dan hanya selang seorg jemaah memisahkan saya dgn TUN. mulanya saya xperasan, tetapi selepas salam nampak TUN. pulaku jemaah sebelah saya bgn keluar meninggalkan saf dan saya betul2 berada bersebelahan TUN. semasa Imam membaca doa jantung saya bergerak laju, saya sekarang berada disebelah TUN, Habis doa saya terus mencium tgn TUN tapi xsempat berkata apa2 punyala ramai org mengeliling TUN. saya jadi spt isteri saya tergamam dan tak berkata.

5. Baru2 ni rumah terbuka TUN saya xpi, pasai emergency, uncle saya masuk ICU.

Terlepas peluang nak jumpa TUN. saya teringin benar nak ucapkan TERIMA KASIH depan2 TUN, kerana jasa TUN yang tak terbalas oleh kami sebagai rakyat.

6. Kalau saya dan isteri sekali lagi berpeluang bertemu TUN saya xakan sia2kan peluang itu. Insyallah. sementara menunggu rumah terbuka TUN next year, saya akan mencuba stail lama saya seperti pergi ke tempat2 yg mungkin TUN kunjungi, spt Di The Loaf, Masjid Putra Jaya dan Langkawi.

7. Semuga ALLAH mengkhabulkan permintaan saya dan isteri. INSYALLAH..

Dear Tun, u gotta post this comment.

Well seriously all this while from this Malaysian politics drama, I think this can make a world history.

I've noticed that there's an outsider just TKO'd 2 person in 1 go, 1 from the guy who is at the top government and another top guy from the opposition party. Both of them got the boot in one time frame hahaha. I think u know who the guy that gave the TKO and the guys that got TKO'd.

By the end of this drama, we should request the Malaysian Guinness books of records to consider this situation the world 1st in politics.

Salam Aidilfitri buat Ayahanda Tun sekeluarga. Semoga Ayahanda Tun dan Bonda Siti Hasmah dipanjangkan umur.

Ayahanda... saya sakit hati betul bila Pulau Batu Putih dapat kat Singapore... sekalipun nak ikut undang-undang, kedaulatan dan maruah kita patutlah dijaga, ada askar dan polis pun tak nak digunakan. Dari dulu zaman Tunku hingga sekarang, Melayu banyak mengalah, kongsi tanah ibunda, bagi kerakyatan, macam-macam kita sanggup kongsi dengan bangsa lain & negara lain tapi selalunya mereka ni macam tak berterima kasih. Apa kita patut buat ayahanda?

MAAF ZAHIR BATIN.

Assalamualaikum Tun,

Amanah itu satu kewajipan, tak kira dalam apa jua konteks sekalipun. Sesungguhnya, memikul amanah itu amatlah berat, terutama bila ianya melibatkan orang sekeliling kita.

Seorang pemimpin lebih berat amanahnya. Dalam memikul amanah itu, sokongan dan kerjasama orang yang dipimpin sangatlah penting. Seorang pemimpin itu mungkin seorang yang sangat amanah, tapi bila orang disekelilingnya (contohnya anak, isteri, menantu, bapa mertua, penyokong akar umbi) mendesak agar dia pecah amanah secara halus (atas kepentingan diri mereka), lambat laun pemimpin yang paling beramanah sekalipun akan tersungkur (I prefer the word succumbed) kepada desakan jahat itu.

Sepanjang 22 tahun Tun menjadi PM, saya yakin Tun juga menghadapi situasi yang sama. Mungkin apabila seseorang penyokong (isteri, anak, menantu, bapa mertua, penyokong akar umbi, rakan sekolah) itu menyokong seseorang pemimpin rakyat, dia juga perlu melakukan pengorbanan yang besar contohnya jgn buat bisnis dengan kerajaan, jgn minta favor kerajaan, jgn salahguna jentera dan kuasa kerajaan kerana semua itu amanah rakyat. Pengorbanan itu amat besar sekali, memikul amanah itu amat berat sekali. Apa komen Tun memandangkan ramai sekali yang memohon untuk memikul amanah ini?

Assalamualaikum YABhg Tun,

Soal sembahyang diluar atau didalam masjid bukanlah isu kerana sebagai seorang Islam apabila berada didalam masjid perbezaanya hanya diantara imam dan makmum sahaja lagi pun kita adalah seugama Islam jadi kita adalah bersaudara oleh yang demikian perkara sebegini saya anggap ia hanya kekeliruan atau terpulang kepada keikhlasan hati masing-masing

YABhg Tun,

Apa dah jadi dengan Dr Koh So Koon asyik provok sana sini, itu dan ini, mula-mula soal jambatan, Pak Lah OK, lepas tu kes Dt Ahmad Ismail pun berjaya juga la ni ugut pula nak keluar BN dan kes ISA pula lepas ni macam -macam lagi kut, hai entah lah Kalau PM atau TPM tak faham lagi tak tahu lah. Bagi saya mudah saja BN perlu buat ketetapan mana mana parti yang ingin kekal dalam BN mestilah besepondapat dan tiada istilah ugutan atau tunjuk kuat tetapi boleh berbincang dengan ketua-ketua parti komponent secara tertutup, dan ini lah baru dikatakan untuk rakyat semua bangsa dan negara dan bukan cara melaga-laga tektik beliau kini lebih cenderung kepada kepentingan kedudukan peribadi beliau sahaja dan bukan kepada kaum dan negara lagi, itulah orang kata nakkan populeriti, nakkan sokongan, nakkan kuasa sanggup berbuat apa saja walau pun tektik ini mudah dihidu. Kalau nak keluar terus buat keputusan keluar aje. Lagi pun PRU negeri PPinang yang lalu pun dah bungkus apa ada bezanya dan saya lebih setuju dengan syor Dt Donald Lim (MCA) P Jaya itu lebih praktikal dan rasional

Dear Tun!

Saying prayers is an individualist choice. When you say prayers to the Almighty, do you need to explain to the whole world that you sat side by side with the President of the United States or that you have shaken hands with him?!!! God, what has happened to religion!!! Prayers, at places of worship, have been turned into who's who and who you meet at such venues!!! It is indeed pathetic to read of such claims in your blog, Tun!!! What's happening?!!!

Datuk Zaid, your latest target for character assassination, has made some damaging remarks about you and the reason why the democratic system has been systematically eroded during your tenure as PM! Now that Abdullah has publicly declared his intention to step down, what is your next move as the man-behind-the-scene, as you would like to be known? The King maker in Malaysia? With Najib as the obvious successor, are you happy? Any comments on his (Najib's and his wife, Rosmah's) involvement in the Mongolian beauty's murder? What about the shady submarine deals for which the commissions were not paid!!! Worse still, what about the numerous SDS that were made against him and the said people making those SDS disappearing from the scene!!!

Tun, touch your heart and tell all Malaysians, do we need a person like Najib as the next PM?!!! Probably if you make an honest comment, please beware, you too might "go missing"!!!

That's what I call Malaysia boleh!!! Vision 2020!!!

Dear Tun,

Shah Rukh Khan Bestowed Datukship For Promoting Melaka Through Movie

MELAKA, Oct 11 (Bernama) -- Leading Bollywood actor Shah Rukh Khan was conferred a Datukship because he has helped promote Melaka as a tourist destination through one of his movies, Chief Minister Datuk Seri Mohd Ali Rustam said Saturday.

Comment:

Both the Governor and the Chief Minister are JOKERS of the first order for bestowing state datukship to Hindustan actor.

Both are having very low IQ mentality. They feel as if the award of datukship is like giving sweets to school children.

Nothing like getting datukship from Johore. Those who got datukship from Johore really deserve it. Our Sultan place very "high premium" of the datukship award. That should be the way to ensure that the award bestowed by the Sultan is priceless!!

If I were the Governor I would have awarded the datukship to Anita Sarawak rather than Shah Rukh Khan. It makes sense to award her after so many years of her contribution toward the Malaysian entertainment industry.

Ini kah rupa pemimpin yang berangan-angan besar nak jadi Timbalan Presiden UMNO. Meluat !!!

By matbinggung on October 12, 2008 3:22 AM

mAT Binggung said,

Yang berbahagia Tun dan Toh Puan Siti Hasmah yang dikasihi,

Saya ada juga membaca mengenai kisah Tun bersolat kat tepi kolam di masjid negara dan tidak bersama Pak Lah dan Najib di barisan depan dalam masjid. Saya memang terharu ketika itu kerana menyangkakan memang nasib bekas pemimpin besar kita.

Saya rasa penulis itu mendedahkan perkara itu kerana mengharapkan Tun sebaris dengan pemimpin tertinggi sedia ada di saf depan masjid kerana di negara lain, bekas pemimpin agung mereka masih mendapat layanan istimewa.

Apa yang pasti, saya amat respect kerana lima kali saya solat Jumaat termasuk di Kemaman dan Masjid Negara, Tun memang kelihatan orang biasa. Dan satu lagi, Tun tak suka dikawal ketika berada di masjid dan membenarkan anggota polis bersolat Jumaat secara bebas.

Harap lain kali, Tun dapat membuat artikel mengenai mengapa orang Melayu sukar membuka kedai runcit di kawasan luar bandar. Di Jitra, sukar sekali mencari kedai runcit besar dimiliki oleh Melayu. Saya difahamkan, banyak kedai Melayu lingkup kerana orang kampung suka berhutang tapi orang bila beli di

kedai Cina, boleh pula bayar cash. Sila komen Tun.

Dear Tun,

I think is good idea to have BN Club. Worth trying if it can establish and promote better understanding among Malaysians. This could strengthen the Barisan National party.

For a start maybe the Club membership open only to Malaysian of all races under the age of 30 and below. In this way they could learn how to interact. Once they reach the age of 31 then they can opt to apply for membership from the various component parties. This will help them from becoming less racial in their outlook.

" Pak Lah said there are also others who are strongly for me, urging me to stay on to continue my work. And they have been coming to the house in groups, telling me that "you cannot leave, you have your mission, you have to complete your mission".

"I listened to every side but, at the same time, I had to look at the real situation, into the future and finally I made up my mind that it was the right time to hand over the responsibilities."

Comment:

What mission? Five years we see NO MISSION and NO VISION. Those who said that he should stay were hypocrite people because they might have their hidden agenda to protect their vested interest.

Anyway, at least he realised that the true situation on the ground really did not allow him to hang on to his position.

Anwar: Don't question my credibility

Anwar Ibrahim today slammed critics who have been fiercely questioning his credibility. After his widely publicised bid to take over the federal government did not happen on September 16, some have even claimed that the Opposition Leader had lied about having the right number of parliamentary defectors to take over the Putrajaya administration.

Comment:

Anwar is an AUTAMAN, period. No question about it. Make no mistake about it !

Dear Tun,

Is banning Hindraf the solution?

Why resort to banning an unregistered body when the government can listen to its grouses and find sincere ways to help overcome them?

Comment:

Remember this, no government will entertain and listen to grouses if they behave like gangsters and hooligans by more or less holding the government at ransom. So the best alternative if they still continue their demand through such crude and "kurang ajar" behaviour is to reprimand the "kapala" and apply ISA, period.

They will at the end of the day be losers.

salam Tun.

it has been quite some time i have not commented in your blog. i was traveling due to work commitment, but i try to spent time reading your blog whenever there is a connection. when talking about praying, i remember once when i was in hamburg. i dropped by a mosque to pray, turned out to be ran by Syiah. a lot of photos of Ayatollah there. At the same time, a group of Syiah were busy doing some preparation for a function at the mosque. they were friendly and when i replied that i am from malaysia, they mentioned your name. that time you were still the pm. even they had a respect for you Tun as a Muslim, maybe because of your stands against the west. not many muslim leaders have the guts like you have.

few years back, i remember reading an article about investment by Arabs in the States. what interested me was a comment by a Minister of a middle east country. he said there was no reason for them to pull out or reconsider their investment there eventhough the funds maybe being used against the Muslim across the world. i don't know what to think of. are the Arabs have now become so engrossed with dollars and cents or they have no guts of standing up against the west. i remember you were trying to tell them to use their petrol dollars to balance the power, i have not seen any response like what happened in the 70's. no wonder even their rakyat respected you!

enough of that, Tun, i would request you to comment on what is happening now, economically. please

use layman words, on what we as rakyat should do to go thru this difficult period as our current leaders and the oppositions are busy doing something else which are important to them but not the rakyat. there is no clear action plan except telling us to be prudent. you got us thru during our monetary crisis, you should guide us again, don't care if the people in power don't want to hear it but we the common people will. though i am working oversea, but worried about Malaysia, my home. thank you very much and may Allah bless you and family.

sembahyang berjemaah ini memang ada banyak problem dari zaman nabi sampai ke menantunya. berjemaah di masjid di anggap lebih mustahak dari berjemaah bersama keluarga. anyway we all pray to god not who we pray with. as for me i would like to be close to god not ministers or anybody important. so why lah so kecoh about peoples duty to god, this is not your duty to prime minister. i think this guy really the biggers kipas angin to the so call prime minister. thanks

Tun and family selamat hari raya maaf zahir batin.

I am one of the generation that believes iman of oneself is not shown by action of an hypocrite. I hope you are not disturb by the perception of these hypocrites.

I believe you are a good man, and I believe you have been on the right path in leading your life because I have seen you have been vocal even when you were the PM before. I have always seen you on friday at your usual place because I have always sit at my usually place outside the main hall. Allah is great and as normal human we always make decision on perception, and our Rasulullah despised hypocrites.

The most important thing in one's life is to be seen and accepted by Allah as one who is chosen to be in Jannah in Akhirat, insya Allah.

Salam Tun,

. Sorry Ayahanda Tun, saya terlambat ucap Selamat Hari Raya, Maaf Zahir dan Batin. Bukan apa kadang bila saya masuk the message says, saya ni selalu sangat hantar email to the blog. So saya cool down sikit. hehehe

. Do you think bakal PM Datuk Seri Najib bolih menyatukan UMNO and BN and be able to get us out of the economic problem?

. I know it is a global issue but will he?

. Saya baca komen from other aspiring candidates for Timbalan / Naib yg Tun kata depa ini "pelawak" and they feel offended but for some of them their record cards in the Malays community and others I presume is no longer acceptable though they are loyal to the party and yet they are keen to "contribute to strenghten the party" which I think is NOT ACCEPTABLE TO THE OVERALL COMMUNITY, therefore for the younger candidates they should be encourage not as Timbalan but at least as Naib. This is my 2 cents opinion. What say you Tun?

. Salam

Assalamualaikum Tun,

Saya ingin merakamkan saat kenangan manis saya, isteri & anak saya yang berumur 5 tahun ketika itu, dengan Tun.....

Satu hari tu kami tersempak dengan Tun di kedai roti di tingkat bawah SOGO di KL. Anak saya beria-ia hendak salam dengan Tun kerana beliau selalu tengok Tun di TV. Jadi kami hampiri Tun dan saya memberi salam... Tun menjawab dengan rendah hati kepada kami. Saya nyatakan yang anak saya hendak bersalaman dengan Tun... Tun dengan tidak lengah-lengah lagi bersalaman dengan anak saya, saya & isteri. Saya & isteri sungguh tercuai hati memandangkan peristiwa itu dimana Tun boleh begitu rendah diri terhadap kami. Anak saya sekarang ini berumur 17 tahun. Bayangkan kenangan manis tu masih tersemat di hati kami. Apabila saya ada certikan pada rakan-rakan, semestinya air mata saya bercucuran mengenangkan saat manis itu.

Kepada yang lain yang ingin mengambil tauladan sifat Tun ni, ambillah... ianya memberikan satu sifat yang mulia.

Wasalam...

Assalamu'alaikum Tun & Muslim bloggers,

Position saf & tertib menjaga saf adalah penting di dalam sembahyang.

Nak sembahyang kat luar OK kalau saf sebaris dari dalam bersambung hingga ke luar.

Kalau saf kat dalam pendek, tapi ada orang sembahyang kat luar - ia dikira seperti "terkeluar" dari kelompok jema'ah.

Apa2pun, jema'ah mesti menjaga saf; & pastikan mengisi ruang kosong di hadapan.

WALLAHU'ALAM.

Assalamualaikum,

Ini isu kecil..

Masalah politik dan negara serta hubungan Tun dan Pak Lah sudah semestinya tidak dibawa bersama ke dalam masjid..

...cadangan Pak Lah untuk membuka keahlian BN secara terus kepada semua kaum !!!!!

Saya sebagai rakyat biasa yang masih sayangkan UMNO, tidak setuju sama sekali. Cadangan ini telah menafikan sumbangan dan kekuatan UMNO sendiri selama ini..

....Pak Lah rasa lucu dengan tingkah laku pembangkang seolah-olah mereka menang pilihanraya dan juga sedih seolah-olah BN kalah pilihanraya..

...jadi kenapa perlu dipertikaikan lagi kerjasama dalam BN selama ini jika dah rasa menang. Jika Pak Lah rasa BN menang, teruskanlah dasar-dasar dalam BN seperti sebelum ini. baru ada pendirian..kelihatan Pak Lah pula yang berada dalam kumpulan "orang yang bertindak seolah-olah BN kalah" seperti yang dikatakannya..Rasanya ini tidak lain hanya unyuk dapatkan perhatian mungkin.

Najib pula terus sokong....

Nada khairy uarkan diri memikat

Hampir seluruh negara dijelajahi

Dulu 'payung terjun', dia perakui

Diikrar ingin bawa pembaharuan

Juga dijanji keutamaan pengisian

Bagai anwar mentornya lakonan

Dear Tun M,

I have to tell you that to me and in our malaysia history you are simply the best PM we have ever had. You have done the most and the best for malaysia. Don't get me wrong for saying this as i am not a blind supporter of your's. My assessment are purely base on the development,economy,stability and prosperity of the country during your time and most importantly your ability of handling the national crisis are incomparable.

Unfortunately, our current PM is having a different leadership quality than you Tun.

There is a saying, the right leader is suitable for the right time.

The biggest mistake that Pak Lah did was perhaps,

1. After taking over from you he try to prove to the nation that you did indeed pick the right man. The right man that can manage the country without having to consult you.
2. He had a bunch of advisers that giving him all sorts of wrong advices?
3. Or he is taking revenge on you Tun that you dump him during the time when Kuli challenge your leadership in the 80's?

Having saying all this i still think that our PM pak lah is a good man. He cannot survive in todays politic is because he is too nice.

Tun, you had given him a good chance to be your successor. If you had given him a good chance to rule without puplicly criticising his decision plus if he keep on consulting you behind the curtain on all inportant national issues, do you think his fate will be different today?

I wish you well dear Tun,

Regards

Kong

Dear Tun,

Congratulation on your son coming election victory.

We do not like the sight of Khairy. Your balding son is nicer to look at. The only problem is the path to power for your son is blocked by many. Also, Malaysia has never elected a balding guy to be premier. My suggestion is Tun help your son to implant hair.

No offence but image is important in politics. Look at what happen to Tengku. He was balding too and he lost to your full hair by 43. Root cause was lack of crowninf glory.

But Tun may say the NR is balding - a new trend in balding premier league.

Hope Tun healthy for another 20 years of second career in premier league making.

Dear Tun & Family & Che-Dets' fans,

Happy Ramadhan!

It does make one a hypocrite by hijacking your conscious mind with a he-seems-to-make-it-a-provocative matter: why aren't you shoulder-to-shoulder with the (now) No.1 and No.2?

I reckon, whilst wen you were the No.1 (well, you r always d No.1 in our hearts, bliss) the issue was never even raised neither was it a matter of poignant concern to anyone then. So why now,eh?

A stranger who provokes another man's intention on the matter of where he sits in his place of worship should be criticised (or ostracise!) for even entertaining that contemplation. What next? Wanting another affirmation that the ex No.1 is being ontoward for not hugging the current No.1 or No.2? Hmm, plunderous. Such nonsensical audacity of a malicious heart.

For those who love Tun as much as we love our country, let us continue to persevere that one day Malaysia be the lady of grace, honour and pride - a fragment of Tun's crafty handiworks for over generations. He once dreamed of a beautiful Malaysia, and she is indeed a beauty today. But there are more 'works' to be done to ensure her lasting beauty (for the better of the future generations, for you and me indeed). But today, her fountain of youth is murked by chaos. Her 'construction' is @ a stand-still.

Ergo, I am humbled by Tun's vigilance. You are a true, Malaysian. We are your shadows, may you continue to give us your thoughts and truths.

Except from www.thestar.co.my. Dated Sun, Oct 11 2008.

Titled,"Dr M Still Speaking His Mind"

His blog (www.chedet.com) has been a stunning success. He began without any fanfare in May and today, barely six months down the road, it boasts close to nine million visitors. You can tell he is thrilled with his blogging role. Hundreds of people comment on his postings, many addressing him as, "Dearest Tun" or "Tun yang dikasihi."

A happy Sunday thought: let's all together strive to make www.chedet.com visitors hit the 10-million mark by end of the year? Ain't tat be cool, huh? There r 27million (registered) Malaysians, can we aim for a mere 10% visitors (2.7mil) out of the nation's population by 2010? Yes, inclusive of Malaysians living overseas, too. Nod your head, if you are with me! LOL.

Salam Tun,

I dont know why that question arises. Luar atau dalam masjid considered as "sembahyang berjemaah". Some people may find it more comfortable outside main hall become the air tend to be stuffy inside. More so if the air is not circulated well and the jemaah is suffering from allergic.

I do think the meaning of "jemaah or praying together" should not be limited by praying side by side. In the context of sunnah, it is sufficient berjemaah or "together" to be meant as within the compound of the mosque lead by one imam. So I consider those who promote "praying side by side together as an obligation" as placing something unnecessary in the religion or "bidaah".

Dear tun,

I really feel touch with those people especially someone like you, try keep in low profile and humble. That is something very great, i personally meet many great person and leader but not many willing to keep in low profile and humble. You still look today when the the star today post a picture of you wearing a G-shock watch. It never cross my mind that a person at 83 years old will wear that kind of sporty watch. There only things i can say is "you may be old in age but you always young in the heart". That all from me, Tun! Do take care & wish you good health always, i can not make it for you Raya open house. I try to make it next year. Have a nice day!

Your sincerely,

Komen sebegini saya jangka bukan remeh sebab itu Tun tergerak untuk sebut dalam blog, sekurang-kurangnya untuk hindar fitnah. Saya teringat situasi serupa di zaman Tun bersalaman dengan Tunku dan Tunku menarik tangannya dari di cium oleh Tun. ramai yang tak tau adab salam menyalam membuat andaian Tunku tak izinkan tangan dicium oleh Tun kerana tak suka Tun. Sebenarnya itu bukan sebabnya.

Tetapi bagi kami keturunan Arab yang sudah biasa dengan adab ini sedia faham memang kalangan orang tua biasanya mengembalikan hormat kepada orang lebih muda dengan menarik tangan sebelum dicium, seperti mengisyaratkan tak apalah. Kecuali kalau kanak-kanak kita biarkan mereka cium tangan.

Saya boleh ingat masa peristiwa itu dari komen mereka yang salah sangka tidak faham tentang ini. Tun seorang yang berhemah, dan mudah kita faham solat private and personal, jadi kalau orang macam Tun solat di depan tarik perhatian ramai dan ganggu khusyuk.

Sekaligus saya teringat komen seorang bekas pegawai escort Tun yang saya temui di Langkawi semasa LIMA. katanya amalan Tun solat subuh dari dulu lagi banyak baca Yasin. Sebab itu macam-macam 'hantaran jahat bomoh dan pawang' orang yang benci Tun dapat di tangkis. Itu kata polis tua itu. Jadi biar saya cerita sebab saya tau Tun bukan jenis orang yang suka dabik ibadat, macam setengah orang tu bukan saja menunjuk alShafie dan alGhazalinya, malah siap melabel semula Islam. Tulah punca Pak Lah lelah kena TULAH hadhari.

Abolish ISA, the reform-killer
Collin Abraham | Oct 9, 08 11:27am

It is well established that the Internal Security Act (ISA) should be abolished on grounds of violation of fundamental human and legal rights, enshrined for the legal and constitutional protection of Malaysians.

MCPX

However, it is considered insufficient and indeed unrealistic, to call for its abolition purely on these grounds alone.

For these basic rights to be effectively and meaningfully implemented through the apparatus of government and bureaucratic system, it is a necessary condition that avenues for social reforms should be facilitated and enhanced.

The ISA, in being used by the government as an instrument to deny and suppress possibilities for reform, has laid the authorities open to the accusation that they have deliberately stifled social change to maintain the status quo in the interests of the ruling class

We do not need to be reminded that even in a practising democracy, it is said that 'all power corrupts; absolute power corrupts absolutely'. Therefore, there is no question that on this basis alone - because it

is essentially a reform-killer - the ISA must be abolished in toto.

Comment:

Above statement is all bullshit of the first order. ISA is to remain, period. No question about it. Make no mistake about it. It is not violating the fundamental Human Rights. In fact it is protecting Human Rights for the majority of the rakyat to live in peace and harmony. It is very democratic in order to make democracy works, thrives and healthy.

Those who are having idiotic ideas by continueing harping and propagating the abolishment of the ISA are just wasting their time. They can keep on ranting with their hidden agenda "sampai ayam berkokok". It will NEVER happen, period.

Surprise in Parliament on Monday?

Opposition alliance Pakatan Rakyat has yet to submit any motion of no-confidence to parliament, two days ahead of when sitting is slated to reconvene, according to an opposition leader.

MCPXPKR vice-president Azmin Ali confirmed Pakatan lawmakers have not given any notice to the House on the motion but declined to elaborate on the "element of surprise" set to take place on Monday.

"If we said it is an element of surprise and we say what is it, then it will no longer be a surprise," the Gombak MP, also PKR whip, quipped when contacted by Malaysiakini yesterday.

Salam Ayahanda Tun. Were you sparrd the delusional speech of the BN's chairman at Gerakan AGM Saturday? Grand delusional is all I could make out of it. Breaths from the figment of imagination of a retarded Oxford brand of mind no doubt.

Datuk Seri Najib: your real challenge is the economy! Have no delusion on that one! Since world crude oil price is now USD78 PBI, you must prove to us that you can mend the damage made by the last foolish petrol price hike - by reducing goods and service prices again - and we will salute you. Race relation is second problem for you today and now.

- 1)Utilize to the maximum all government machinery in this exercise. Use KTM, use the Military's logistical wing/corp to deliver goods and eliminate the middle men.
- 2)Put 24hrs police/military presence in factories and commercial warehouses. Establish a new team made up of police and military personnel as enforcement task force.
- 3)Set up government goods sales and distributions center nationwide. Take these functions back from the gluttonous profiteers. You could use the ATM NAFI, BERNAS, Koperasi Daerah facilities/man power for this purpose.
- 4)Staff these establishments with government employees who gets fix monthly salaries. Cut the chain, make the government go into direct business and sell directly to the public.

Its critical timing now and you still seems a wandering. Many commenters here can give you better advice than anywhere else you seem to be getting these days; these are the voices of the rakyat. So I recommend you surf this blog page –yourself- daily and take note. Time to play hard ball now Datuk Seri Najib.

Dear Tun,

Can I conclude that you are trying to point out that what ever you have said about people in you blog especially Pak Lah, De Facto Law Minister, KJ, Kallimullah or anyone else which may seem negative are NOT personal.

Tun has your focus clearly on the well being of Malaysia and Malaysian. Tun sees far beyond what other can see. Tun is very apt at seeing the BIG Picture and yet is adept at connecting to the micro picture.

When Tun say something about someone or some incident or situation his perspective is forever connected to the well being of Malaysia and Malaysians.

For that matter, Tun's running down Pak Lah is not about Pak Lah the person but Pak Lah the leader - his ability, he competency, his behaviour and his actions. It is not about the person and is his intentions as a good Muslim and Malaysian.

When leaders behaviour and competency leads to the breakdown of the country's well being and ability to exist in harmony, peace and prosperity then Tun cannot be expected to sit still and witness the country's downfall. As a responsibility citizen, former leader and muslim Tun MUST speak out for what he believes is right for Malaysia and Malaysian.

Pak Lah wants to go a different way for Malaysia and Malaysian as what Tun thinks is correct.

As can be seen the verdict is out. Malaysia and Malaysians are NOT ready yet for the way that Pak Lah wants to go. Tun's way is still applicable.

Pak Lah needs to step down because it is proven that his model of Malaysia is not right for Malaysia and Malaysian yet. Perhaps 10 to 20 years down the road. Pak Lah cannot push his agenda too fast to the detriment of the nation.

Now Najib and Muhyiddin need to get their act right. They need to put the breaks on Pak Lah agenda for

the time being with out losing sight of it at all. Pak Lah has started the ball rolling they need to slow it down and proceed cautiously.

For those who are too impatient to go for the western democracy model - you need to come out of you shell and look at the BIGGER picture and see if it is good for malaysia and Malaysian at this point in time and the conditions prevailing.

As proven time and again western democarcy is not perfect and not always good. Lets have democracy for the sake of all Malaysians and Malaysia and NOT democarcy for democracy sake.

Congratulations Tun,

Through your campaign of hate against Badawi, you have successfully handed over on a silver platter the Powers of the Prime Ministership to Rosmah.

In the process of your campaigning against Khairy, you have succeeded in getting your son chosen as the next Pemuda Umno Head. Beware what he wishes for..... As the malaysian Political landscape has changed with the opposition becoming stronger....
Will you be around to see the outcome?
We are of the nature to grow old. We are of the nature to die.

There has to be a concerted effort by all those concerned to protect the new PM from criminal accusations as well as accusations of misconduct. We don't know what other incriminating evidences are waiting in the wings.....

The financial storm is brewing in US and Europe and will reach our shores no later than next year. Can the "New" Team face the challenges ahead?

Tun,

Most memorable time with you was in Bloomington where I managed to hug you, I think that was in 1994 and I still have the photo. However, I was pulled to the side by one of your bodyguards and a federal agent but it was worth it being in my early 20s.

Nowadays, it would be freaky to hug someone who says one thing and says the other at the same time, and asked "are we ready for a change?" Is he trying to be politically correct or doing some immature spinning that goes boo boo. The same goes to any other party leaders, it would be 'freaky' to hug them too. Not worth it.

Saya nak beri sedikit pandangan mengenai beberapa tajuk yg dikemukakan komentar :

COMMAND & CONTROL

Seorg pemimpin yg dihormati dan disegani ialah seorg pemimpin yg mampu berlaku adil tanpa kompromi kpd semua tanpa membelakangkan hak yg lain yg telah termaktub dlm perjanjian atau perlembagaan. Seorg pemimpin yg lemah dan mudah diperalatkan ialah seorg pemimpin yg gagal mengawal tingkah laku anak buahnya atau org bwhnnya shgga ada diantara mereka sggp membelakangkan kepentingan rakyat dan negara. Pemimpin yg mempunyai keupayaan utk 'Comand & Control' mampu menghadapi karenah org bwhan yg pelbagai ragam dan menghalang sesetengah yg cuba ambil kesempatan dr kelemahan seorg pemimpin utk kepentingan diri, keluarga sdiri, kaum sendiri, kepentingan politik peribadi dan mcm2 kepentingan lagi yg cuba diraih akn memporak perandakan negara dan rakyat. Bandingkan kepimpinan antara Tun Dr. Mahathir & Pak Lah siapa yg disegani dan siapa yg mudah dipijak kepala. Buatlah penilaian sendiri, ada mata - tengok, ada telinga - dengar, ada akal - pakai, ada bijak - pandai. Suruh geleng - geleng, suruh angguk - angguk.

BN JADI SATU PARTI

Dlm Islam kalau masuk agama Islam kenalah ucap dua kalimah syahadat, tunaikan rukun Islam dan rukun Iman. Apakah semua agama boleh menjadi satu agama baru dengan menggabungkan semua amalan dan ajaran agama masing2 sepertimana yg pernah dibuat oleh seorg maharaja Islam kerajaan Moghul dahulu. Sedangkan agama Islam itu sendiri telah jelas nyata sudah sempurna dan lebih baik dr amalan2 agama lain dan tidak boleh dicampur adukkan. Begitu juga dalam amalan parti, walaupun pengasingan ini dgn pelbagai parti dlm BN nampak macam perkauman tetapi disebabkan perbezaan fahaman keagamaan dan masih tebal dgn fahaman perbezaan kepentingan kaum adalah amat sukar utk menemui satu titik pertemuan yg boleh memuaskan hati semua pihak. Melainkan jika tak kira apa kaum sekalipun jika dia seorg yg beragama Islam maka masing2 boleh faham bhw tiada perbezaan disisi Allah krn yg penting bg setiap org Islam yg berlain agama dan bangsa itu ialah tanggungjawab kebaikan utk sekalian manusia. Tidak ada lagi tuntutan ke atas kepentingan kaum masing2 krn kepentingan agama itu lebih penting dan utama. Tidak menjadi masalah kalau seorg PM itu bukan Melayu sekalipun sekiranya pegangan agama Islamnya kukuh krn dia mampu berlaku adil kpd semua pihak bg memastikan sebuah negara yg aman dan makmur demi penyuburan syiar Islam itu sendiri. Benar kata DS Najib, cadangan mjdkn BN jd satu parti perlu dibincang dhlh tp realitinya ia agak sukar selagi perbezaan masing2 masih berasaskan kpd menjaga kepentingan kaum, kedudukan politik dan meraih sokongan org ramai kpd parti yg masih bersifat berpuak2.

MENGAPA PERLU PARTI BERBEZA

krn tidak semua org mempunyai misi dan visi (M&V) yg sama, dan setiap M&V bg setiap org itu ada asas2nya sendiri. Sama seperti org yg nak menganut Islam, dia mesti sggup dan berjanji utk berpegang pd ajarn dan amaln Islam tp masih menghormati penganut agama lain krn itulah yg diajarkan dlm Islam. Siapa yg nak berjuang dgn apa yg UMNO perjuangkan maka jdlah ahli UMNO tp masih menghormati apa2 jua perjuangan parti MIC dan MCA serta ahli parti2 BN yg lain. siapa yg rasa nak berkecuali tak perlu masuk mana2 parti pun tp jika dia seorg Islam maka perjuangannya adalah krn Islam dan utk Islam, sistem parti dilihatnya secara neutral mana yg baik diterima dan mana yg tak baik akan ditolak secara bebas tanpa terikat dgn peraturan parti. Dahulu ada cadangn utk tidak menamakan sesebuah parti dgn perkataan Islam dan sepatutnya ia begitu krn ia akn mencemarkan nama baik amalan dan ajaran Islam bilamana ada pihak bkn Islam akan mengaitkan agama Islam dgn amalan politik yg sempit dan terpilih2.

tp inilah masalah khilafiah umat Islam akhir zaman sbgaimana yg pernah disabdakan rasulullah. Jd, apakah org cina dlm GERAKAN, MCA atau India dlm MIC sggup terima asas perlembagaan negara ini bila BN menjadi satu parti. Rasanya tidak sanggup, tetapi org Islam tak kira kaum mungkin boleh menerima penyatuan ini krn asasnya berlandaskan Islam dan menerima budaya melayu dan bahasa melayu sbgai bahasa perpaduan bangsa Malaysia. Sbgaimana umat Islam di dunia dr pelbagai bangsa sggup menerima al-Quran dlm bhsa Arab dan seorg Rasulullah dr kalangan bangsa Arab. krn yg paling penting & utama ialah ajaran Islam itu sdri, bukannya bhsa apa kitab al-Quran diturunkan lalu jika ia bkn bhs cina dan nabi pula bkn dr kalangan bgsa India maka org cina dan India pun tak terima Islam, tidak boleh begitu. Begitu juga dlm politik, jika org cina dan India boleh terima asas perlembagaan negara dan sggup berkompromi dan bekerja bersama2 dgn org Melayu/bumiputera utk sama2 membasmi kemiskinan dan menyelesaikan masalah yg terdpt dlm kaum masing2, menjdikan BN mjd satu parti tidak mjd masalah. Jd, kpd mereka yg bergelar pemimpin fikir-fikirkanlah sblm membuat cadangan yg tidak relevan dan realistik dgn keadaan semasa krn anda sememangnya sdg diperhatikan utk dinilai semula.

Salam Tun,
Saya rasa isu ini tak perlu diperkatakan. Ini persoalan yang menjurus kepada Tun lebih prefer untuk bersembahyang di luar dewan dan bukannya di sebabkan oleh perbalahan dengan pak lah. Saya pernah ternampak gambar Tun berbuka dengan pak lah dan juga agong tahun ini, so ini tidak perlu menjadi isu.

Assalamualaikum Tun,

MInta izin untuk jawab komen 'kuntaujatuh'.

Memang benar kalau mengikut sunnah Rasulullah , adalah lebih afdal untuk berada pada saf hadapan apabila bersolat berjamaah. Maksud yang tersirat ialah supaya umat islam berlumba-lumba untuk datang awal untuk bersolat iaitu sebelum azan berkumandang. Namun kita harus ingat panjang saf depan hanyalah dari kiri ke kanan dinding masjid sahaja dan dalam konteks negara kita dan bertempat di Masjid Negara, barisan saf depan sudah dikhaskan untuk VVIP . Berlumbalah macam mana pun hanya VVIP dan VIP saja yang boleh berada di saf depan dan hanya Allah saja yang berhak menentukan banyak pahala yang boleh diberi. Anwar Ibrahim , "Bapa Penipu dan Peliwat" juga selalu berada di saf hadapan. Hanya Allah yang Lebih Mengetahui dan Pahala yang Diberi juga datang dari Allah". Adakah hanya kerana VVIP dan VIP berada di saf depan maka orang lain hilang hak untuk mendapat pahala yang dijanjikan?

Bila Tun dah suka solat kat kolam, orang lain sepatutnya bersyukur kerana mereka boleh berebut saf depan yang telah Tun kosongkan. Tun dah banyak buat pahala dengan memimpin negara ini selama 22 tahun tak salah untuk melepaskan saf depan pada orang yang tak banyak buat kebaikan dan kebajikan.

Rebut2lah Mrkolumpo and others yang berkenaan ya!

Dear, dr. Mahathir.

It's my pleasure to write few words to you.
Unfortunately i didn't have a chance to visit Malaysia during your days as Primeminister but you were always an admired leader and an example of an ideal muslim leader of our time.
You made Malaysia a pride not just for Malaysians but for all Muslims worldwide.

I want to thank you for all you have done for my country at the times we really needed help and after. May Allah bless you and your family with the best of blessing in this world and the next!Amin.

salam Tun,

Ahh...Masjid Negara.Banyak sangat kenangan manis tak kan saya lupa sampai akhir hayat.

Tangkap berudu yang di sangkakan ikan kat kolam semasa ibubapa kursus haji (cakap je kolam mana yang saya tak masuk kat Masjid Negara tu,hehehe)....

Mid 70'an jalan kaki ikut jejantas dari VI bawah matahari terik untuk ke Masjid Negara selepas sekolah hampir setiap Jumaat (kadang sembahyang di Masjid Jamek)...lepas sembahyang lepak kat library British Council atas bukit sebelah,tapi sekarang dah tak de..

Sembahyang jumaat selalu kat pintu keluar atau tangga sebab dekat dengan kasut (Adidas Stan Smith mahal tuu...takut hilang)dan senang nak keluar lepas sembahyang,sebab tu tak pernah jumpa Tun kat situ.

Walaubagaimanapun kenangan manis berjumpa Tun di Majlis Persaraan Tun pada 6 Januari 2004 di Putrajaya antara detik paling manis dalam hidup saya.

Allah S.W.T. memakbulkan doa saya untuk berpeluang berjumpa pemimpin yang paling saya kagumi di majlis itu.

GOD WORKS IN STRANGE AND WONDERFUL WAYS!

Y.Bhg Tun,

TAHNIAH kerana isu sekecil ini pun Tun beri perhatian. Alhamdulillah sekarang semua sudah jelas apa situasi sebenar. Saya cukup pasti bahawa majoriti pembaca blog Tun usianya lebih muda dari Y.Bhg Tun. Mungkin kesemuanya mengenali Y.Bhg Tun selepas Y.Bhg Tun menjadi Perdana Menteri atau lebih sebagai Timbalan Perdana Menteri. Mungkin tidak ramai yang mengenali Y.Bhg Tun semasa Tun menjadi Menteri Pendidikan atau Menteri Perdagangan. Tidak ramai juga yang tahu bahawa apa juga jawatan yang Tun pegang, ianya tidak menghalang Tun daripada menerima undangan tidak rasmi samada untuk memberi ucapan pada satu-satu kumpulan kecil di hujung minggu.

Pada Tiga hari raya lepas, saya bertugas. Seperti biasa saya menunaikan Fardhu Jumaat di Masjid Putrajaya. Selepas Solat saya ternampak Tun dikerumuni oleh ramai Jemaah terutama warga asing yang tidak pulang kampung. Mereka mengambil peluang bersalaman dengan Tun yang berbaju Melayu dan Berkain Sarung. Pada masa yang sama Perdana Menteri DSAB yang juga hadir bersolat jumaat di Saf ke Lima atau keenam di hadapan mimbar kerumuni oleh Jemaah warga Malaysia dan kenalan-kenalanya. Saya mengambil kesempatan bersalaman dan mengucapkan Selamat Hari Raya pada Pak Lah. Saya didatangi oleh seorang jemaah warga asing yang telah berpeluang bersalaman dengan Tun.. " itu Perdana Menteri ka?? ". Maka saya tunjukkan kepada mereka kepada Pak Lah yang berjalan keluar masjid melalui jalan bawah khemah manakala pada masa itu saya lihat Y.Bhg Tun masih dikerumuni oleh ramai Jemaah di hadapan Pintu besra masjid.

Saya tidak mengikuti perkembangan selanjutnya dan terus bersolat sunat. Apabila saya berjalan keluar melalui kawasan bawah khemah, maka saya mendapati Y.Bhg Tun masih dikerumuni jemaah yang mahu bersalam. Saya ambil kesempatan juga bersalaman dengan Tun. Selepas bersalam dengan dua pemimpin ini, saya hanya mahu berkongsi dengan Y.Bhg Tun jawapan dari kedua pemimpin bila saya ucapkan Selamat Hari Raya. .. Pada Pak Lah saya ucap ".. Selamat Hari Raya Pak Lah.." maka Pak Lah Jawab.." salam-salam.. " sambil salam dan melihat orang sekeliling. Kepada Tun saya cakap ".. Selamat Hari Raya Tun.." maka Tun jawab ".. selamat hari raya.." sambil merenung saya dan senyum.

Selepas selesai solat sunat saya beredar dan saya lihat Pak Lah telah berlepas pergi. Maka soalan saya.. adakah Y.Bhg Tun bersalaman dengan Pak Lah atau Pak Lah terus sahaja beredar tanpa mempedulikan kumpulan orang yang mengerumuni Tun di depan pintu masjid Putra Jaya..?

Tun , izinkan saya komen tentang penganugerahan Datuk kepada Shah Rukh Khan .

Shah Rukh Khan di beri Datuk kerana Dato Seri Ali Rustam ingin mengambil hati Datin Seri Rosmah Mansor yang merupakan peminat nombor 1 Sahah Rukh .

Apabila hati Rosmah telah di beri ini secara tak langsung memudahkan Dato Seri Ali Rustam untuk masuk kem Najib .

Tolong komen Tun

Terima kasih .

SALAM BUAT TUN SEKELUARGA,

Minta laluan TUN,

Kepada malhandsome on October 7, 2008 10:06 AM (dalam artikel "SELAMAT HARI YA AIDIL FITRI")

Anak sapa la dia ni .. mungkin inilah didikan dan cara dia dibesarkan. Hari raya berkunjung rumah orang dan kutuk tuan rumah hanya kerana makanan dan upload pulak video dia ni di YOUTUBE.

Ya kita bebas bercakap dan mengkritik. Tapi bila bahasa yang digunakan terhadap TUN dengan begitu biadap seperti "orang tua masuk IJN tak habis2" dan lain2 lagi, ini mencerminkan bagaimana mak bapak dia ni mendidik dia.

Kita harus ingat jika kita kurang ajar, ianya akan reflect mak bapak kita. Didikan agama juga dijadikan ukuran.

Konsep hari raya adalah bermaaf maafan dan kunjung mengunjung tetapi orang ni punya punya tujuan saya tak faham. Apa yang terpapar dari konsep cetusannya adalah "bermakan makan dan kutuk mengutuk".

Saya berasa amat malu dengan bangsa lain dengan tabiat MELAYU sebegini. Di dalam video YOUTUBE nya saya ternampak anak dan isteri saya, maknanya saya berada pada waktu yang sama masa dianya merakam videonya itu.

Pada masa hendak datang saya telah memberitahu isteri dan anak saya, kalau tak dapat makan pun tak apa yang penting untuk berhari raya dengan TUN. Selepas bersalaman baru kami pergi untuk meninjau makanan. Kedua anak kecil saya pun (umur 9 dan 3) tidak terkinja kinja dan kebulur untuk makan. Mereka bersama saya dalam hujan dan begitu excited untuk bersalaman dengan TUN.

Selepas salam kami pun menjamah apa yang ada, kami tidak merungut malah bersyukur dan gembira berada di rumah TUN dan tunggu hingga agak lewat petang di tempat TUN melayan tetamu.

Saya amat bersyukur juga kerana anak2 saya yang masih kecil boleh faham keadaan hari raya dan tidak bersifat kebulur dan kurang ajar.

Saya harap orang Malaysia keturunan MELAYU hendaklah mendidik anak dengan agama dan belajar bersyukur dengan apa yang ada.

Paling pantang bagi saya adalah apabila mereka membuang makanan sewenang wenangnya, itu prinsip saya. Kalau makan, habiskan makanan di dalam pinggan dan jangan ambil makanan sehingga berlebihan.

Anak2 saya begitu faham dengan perangai saya. Anak saya yang 3 tahun pun akan makan sehingga habis makanan di dalam pinggannya, dan kadang2 orang yang melihatnya tak percaya budak sekecil ini begitu bersyukur terhadap rezeki.

Tapi yang saya belum ajar anak2 saya ialah "berhenti semasa tengah sedap makan". Mungkin saya akan ajar bila mereka lebih besar nanti.

KEPADA 'MALHANDSOME' SAYA BANGGA DENGAN ANAK2 SAYA KERANA MEMPUNYAI KEPERIBADIAN YANG LEBIH TINGGI DARIPADA AWAK TERHADAP REZEKI ALLAH MALAH BUDI BAHASA MEREKA JUGA LEBIH TINGGI. SAYA HAIRAN BAGAIMANA AWAK LAHIR DI KALANGAN ORANG MELAYU. SUNGGUH MEMALUKAN.

WASSALAM TUN.

Dear Tun,

I don't know much abt praying method or position cos I am not a muslim.

But I do know that during yesterday "Rumah Terbuka" held at MPAJ Padang in Pandan Indah, I was told not to take the seat reserved for men only. Malu saja.

The ironic thing is that men and women when walking and lingering were rubbing shoulders and knocking on each other cos of the small crowd but were not allowed to sit together. Moreover all the ladies seat were taken up.

Tak gentlemen betul, these people. I am glad during Tun Open house, I can sit anywhere I like as long as the seat were not taken.

Have a good day sir. Hmmm.....

Assalamualaikum Tun dan isteri.

Yesterday an old uncle came to my house to visit my old mother in law. He was sad...he just recently fallen sick, otherwise he was a strong and healthy man. He was nostalgic, after long time absent, he wanted to see my mother [a sister for him, during his younger days when he first came to KL from Perak, he agreed to get married because of my mother insistance and for that now he is greatful. His two daughters dutifully and lovingly helped him walked into our house]. Later, he told us something that we understood very well. He told us, " orang sekarang ni, kalau terawih suka pakai ayat2 panjang, pakcik

yang dah tua ni susah nak diri lama2..tak nak pergi tak boleh nak pergi kaki gigil gigil...bila dah gigil2 macam2 lah terfikir masa tengah sembahyang - dah tak khusyuk".

Today, most of us are concerned with impression..because it quickly makes us look good and smart .Never mind whether other agrees with us or can catch up with us or not...perceptions is important, substance don't have - never mind.

Tun you are all substance, because you have been there and done that and where you have taken us.For that Tun, I am obligated to lent you my ear. Ayah dan ibu ajar saya lihat, dengar dan fikir...jangan cepat jadi pak turut..hormati orang tua, ambil teladan dari mereka, jangan menghina, insyallah bila kita moves forward we will move responsibly. I think if that what it takes to make them proud, I can do it..thats not hard.

I believe if nak chart a new road map requires synergy ...doing it just because we can is arrogant.Nowadays we mingled with the word empowerment..democracy..but we lack rationale.To some, rationalization is time consuming coupled experience it is an old ways[agaknya, ayat2 muqaddam yang pendek tak buat kita cukup gah dgn demikian pakcik tadi tu kalau takda kodrat - sembahyng sahaja kat rumah].

Kawan2 if we give an old man an old car, he can probably can drive safely with his eyes close sometimes [maybe bukit putus] because he is familiar with the road layout and turnings.Give a young man an expensive and save car, if he never go through that road as much as the old man has, he can only rely on the car to keep him going and save. .all the time and all the way he has to open his eyes.What happens to some of us who open our eyes but never sees because we don't know what to look for as we are not familiar with the road?

Itulah dia Tun, dia buka mata ,dia nampak Tun dan dia quickly buat conclusion...sebab dia tak reti tanggungjawab.Kenapa - sudah tidak penting lagi.Dia sebenarnya tak akan nampak.sebab dia tak make an effort to think tentang persekitan dia, dia hanya tumpu kepada apa yang dia mahu rasa sahaja..dan cuba pengaruhi rasa dia kepada lain2 yang sama dengan dia..yang akan bertepuk tangan dan bersorak besar walaupun yang keluar dari mulutnya cuma suara berhassin [sneezing].

Move on sahaja Tun, biarkan orang macam ni.Kami boleh menilai.Tun continue to tell us semampu yang your health permit, we want to hear...

Tun,

To be honest, this issue not really a big deal to me. But I do believed that no matter how big or small it is, we were called to clear the air.

But what really matter to me now that you have suggested that MUBARAK should be given a opportunity to be a check and balance to UMNO President and PM. This is a very good idea and should be implemented by the government and UMNO in order to avoid abuse of power and to ensure UMNO and BN remain revelant to country and people all the time.

Dr M still speaking his mind
By JOCELINE TAN

excerpts from the interview..

"His blog (www.chedet.com) has been a stunning success. He began without any fanfare in May and today, barely six months down the road, it boasts close to nine million visitors. You can tell he is thrilled with his blogging role. Hundreds of people comment on his postings, many addressing him as, "Dearest Tun" or "Tun yang dikasihi."

It has been said that Dr Mahathir's say-it-like-it-is style meant that you either loved him or disliked him. There was no middle path when it came to him.

This was amply clear in the surge of people at his Raya open house this year. Notorious for his punctuality, he was standing at the receiving line at 10am on the dot. But when the line showed no sign of thinning by afternoon, he and Tun Dr Siti Hasmah Mohd Ali continued greeting guests seated on armchairs.

This was not a crowd there for the food. They really wanted to see him, kiss his hand, tell him they missed him, warts and all. They also had a lot to say about his successor."

my comments;

let me repeat some of the sentences from above...

THIS WAS NOT A CROWD THERE FOR THE FOOD.THEY REALLY WANTED TO SEE HIM,KISS HIS HAND,TELL HIM THEY MISSED HIM,WARTS AND ALL.

To everyone who is reading this and were there at Tun's house,I say;

I ENVY YOU GUYS!YOU HAVE SHOWN THAT THE RAKYAT STILL LOVE TUN AND THAT HE IS GREATLY ADMIRED.HOW I WISH I WAS THERE!! AM SO HAPPY THAT THESE FACTS ARE PUT ON RECORD!

No matter how the present administration and some mainstream media try to belittle Tun,umpama si Tanggang anak derhaka tak mengenang jasa,the rakyat now know better.

Thanks to the power of the web,and the genius of Tun to communicate with the masses via blog,we get Tun's message and thoughts direct from the horse's mouth.

Why..even irresponsible and stupid idiotic commentators like Kilmer,Neil,sjankan and others like-minded get their brief moments of infamy here to satisfy their delusions of utterly skewered and deluded visions of self-righteousness.

As I have mentioned earlier.treat these people like psychiatric patients and brush aside their comments like toilet paper.Pity them and their parents for their poor upbringing.

Never underestimate Tun's power to influence and shape the rakyat's opinions.He has succeeded in proving how stupid DSAAB is by his acts of cancelling the Crooked Bridge Project,Electrification and Double Tracking Railway Lines and his SIL's much hated influence on his decisions regarding the nation's affairs.

I urge everybody who haven't done so to read the full article / interview at The Star Online.

Setahu saya tatatertib dalam berjemaah, siapa yang datang dahulu berhak duduk didepan sekali, di belakang imam tidak kira taraf kerana pada Allah hanya keimanan yang membezakan. Tetapi dalam politik ada orang orang tertentu yang selalunya dipanggil kenamaan (pada maknusia BUKAN pada tuhan) yang walau pun datang ketika imam dah nak kasi salam tetapi di reserved kan tempat sembahyangnya dibelakang imam. Macamlah masuk shurga pun boleh di reserve.

Tun memang humble. Ada suatu ketika beliau sembahyang Jumaat di Masjid Putra Jaya bukan di reserve kan atau berebut duduk di depan. Malahan selepas sembahyang ada para jemaah berebut bersesak sesak nak bersalaman dengan, bukan dengan Tun, tetapi dengan imam Hadhari yang kebetulan sembahyang di reserved saf depan, hampir melanggar jemaah lain yang sedang solat sunat. Kadang kadang kita hormat orang tak bertempat, dan dalam nak menghormati orang kita tidak pula menghormati orang lain yang juga perlu dihormati

Assalamualaikum Tun,

Today's newspaper wrote about the idea of single entity for BN which to me is a huge risk. If we look back to the 8th March disaster, the Chinese shunned both MCA and Gerakan, for their corrupted (DVD heroes) and weak leadership from the top right to the bottom, and some Chinese friends even said that MCA are full of gangsters and people lack academic credentials, I believe u know more about this. These 2 reasons are just too similar to Indian and Malay leaders, all the 3 stooges share the same wacky characteristics, that clearly wrote on their forehead, "go vote the opposition!"

If they share the same entity, I bet it's going to be worse, as the possibility that they are going to have a Malay leader with the same characteristics is very high. Then how are they the voters going to come back? It's better for them to fight with somebody who doesn't have the power to abuse and people's monies to waste. Then they will look cleaner.

Some 4 years ago this multi racial parties of Barisan Nasional worked just fine. And nothing has changed, in terms of wealth distribution, education opportunity, people welfare etc. Nothing has changed since for years ago but people are saying that it is worse now than before. I still believe current racial based component parties are the best way to integrate Malaysians. We keep our tradition and culture and at the same time we work hand in hand with others. What went wrong were the leaders, they took us back into the 80s. Most of the leaders of today only know how to throw janji manis to the voters, because they are busy calculating the number of nominations that they can win. I haven't seen any MP who come up with a masterplan, targets, schedule, action plan, benefit proposals, strategies, follow up activity etc and present

them to the people, so that things can happen. Hope they understand that Malaysia consists of middle classes who most of them are professionals, who want to see result, not to see the MPs boasting their big houses and big cars. I really hope Mukhriz can bring this up and I'll definitely support him on this.

Assalamu'alaikum YBhg Tun dan pembaca lain,

Saya rasa apa yg cuba Tun sampaikan bukan lah sangat mengenai kedudukan Tun dlm masjid; tetapi menjelaskan bahawa Tun bukanlah sengaja 'memisahkan' diri dari AAB dan NTR atas isu politik (hingga ke dalam masjid!). Sebab itu Tun menyatakan di akhir perenggan, bahawa Tun ada bersalaman dgn AAB di istana negara.

Namun seperti mana komen seorang pengunjung, sewajarnya AAB dan NTR menghormati TDM sebagai mantan PM dgn mengajak sama di saf depan.

Sebenarnya Yang kata kat Tun tu tak dak kerja apa Tun.Hari2 dia dok perhati Tun saja.Orang lain pun minat juga kat Tun. Tapi tak adalah nak berprasangka.Takkanlah semuanya ada sebab politik saja!!!

Seperkara lagi,ibadat penting kat saf depan saja ka? Ada banyak pintu pahala,Bukannya saf depan saja.Cuba cari berapa pahala jadi pemimpin negara.... Sebab tulah orang Islam susah nak maju.Skop ibadat dalam masjid saja.Niat tu mesti betul!

TQ Tun, Selamat Malaysia!

Well Tun, don't need to be humble in prayers. Islam urges us to pray at the front row. Saf yang paling depan. It's OK if you feel humble towards Allah by then choosing to pray at the back row..

But Allah urges everyone to target for the first Saf.

With your calibre, Im sure you will more respected by this and the people will let you pass through the front because of your old-age and calibre.

By kelapa on October 12, 2008 6:54 PM

there are generous merits for praying in the front saf, namely the first. but its a personal choice, whether anyone wants to reap the benefit of the first saf or not.

when i used to perform my friday prayers at masjid negara a few years ago, i remember Tun will be praying on right side of the main hall (outside), somewhere in the middle, with the pond on the right.

after a while, i try to guess where Tun will be seating and tried to secure a place not too far. on a few occasions i got to perform my friday prayers just a few feet away from Tun.

therefore, it is without any doubt that Tun has always been praying at the relatively same position at masjid negara.

p/s: i remember seeing hishamuddin trying to get a spot near to Tun as well. once, he was immediately to my rear. :D

Salam TUN,

Apa yang paling penting TUN, Rukun WAJIB dalam sembayang itu ada (13) perkara dan SUNNAT dalam sembayang itu (18) perkara. Manakala yang MEMBATALKAN sembayang itu ada (9) perkara, dan apabila kita berjemaah, ada syarat syarat yang SAH mengikut imam:-

1. makmum hendaklah meniatkan mengikuti imam.
2. makmum hendaklah mengikut imamnya dalam segala pekerjaannya.
3. makmum mengetahui gerak geri perbuatan imam.
4. kedua-dua imam dan makmum berada dalam satu tempat.
5. tempat berdiri makmum tidak boleh melebihi daripada imamnya.
6. imam hendaklah jangan mengikuti kepada oranglain, mestilah berperindian dan tidak terpengaruh.
7. hendaklah sama aturan sembahyang makmum dan sembahyang imam
8. makmum lelaki tidak sah mengikut imam perempuan.
9. imam itu hendaklah orang yang baik bacaannya.
10. janganlah menjadi makmum kepada imam yang ia mengetahui sembahyangnya telahpun batal.

APA apa pun Ibadat dan politik tidak boleh dicampurkan. saya suka pantun sangkelembai01...tuTUN.

Tun,

1)"Najib must keep cronies,family members at bay".How is that possible given that, if it is possible ,his brother at the CIMB wants to "eat" all the banks,particularly the Public and Hong Leong Banks?
2)Already rumours have it that the big brother would appear whenever the younger brother was having a tough time to close a deal.
3)Hisha is his cousin whose grandpa founded UMNO.He has large family from the Alatas side.
4)Before Najib and Hisha are elected,they already have a strong presence.eg.Ts Zeti is also a relative to Hisha.So what is left for the others?
5)Do you think that some family members would not knock at their doors and they would be very firm to say"no".
6)I cannot see a "FW Deklerk" character in his first maiden speech as president of the UMNO.I like to be proven wrong as well.I also totally agreed with Zaid that as long as you are around Najib will have a tough time if you see that the country is not well governed.
7)Even in your time,your children also very dominant in the corporate sectors controlling MISC,Perdana,Konsortium,etc.
8)I think that in his silent thoughts,Hisha tells himself that "you all are just my proxy,I will reclaim back what is due to my grandpa."

Dear DATUK,

I HOPE YOU CAN READ MY COMMENT NO 263.

I BOUGHT A HOUSE IN TAMAN PEKATRA ,BUKIT TAMBUN ,SIMPANG AMPAT PENANG 1996.now years 2008 going to 2009 until now NOT YET COMPLETED.
I have to struggle in my whole 15 years just to pay the debt to the bank for nothing.

My point of view do the leadership aware during TUN Times and now with they luxurious living style and their mega project the hardship suffered those who bought the house.

What to proud WE CAN BUILT PETRONAS TOWER BUT CANNOT HELP victim like us.

I think TUN is responsible as a leader for LET THIS THING HAPPEN During TUN as a PM.I will question this thing in front of GOD the day-after so some of your good-deeds will be minus to me hereafter for the suffer and hardship we face during your leadership.

Tun,

Mereka ni dah tak ada isu lain dah nak hentam Tun. Dalam hal sembahyang pun kena ada protokol juga ke? Saya belajar dari guru saya adalah kena ada Tama'ninah saja.

Ada terdengar Pak Lah kata parti pembangkang berlagak macam dah menang dan parti komponen BN seolah kalah pilihanraya. Pak Lah anggap pelik dan lucu.

Sebenarnya Pak Lah yang memerintah macam orang Kalah. Banyak keputusannya lebih cenderung tunduk kepada tekanan pembangkang. Isu suruhanjaya, rasuah. IPCMC, jambatan bengkok dan banyak lagi dasar yang pelik dan lucu. Pembangkang memberi tekanan pada Pak Lah dalam soal ini bertujuan melagakan Pak Lah dengan Tun M. Supaya UMNO berkelahi macam sekarang ini. Dan Pak Lah bertindak mengikut rentak pembangkang. Lebih rela memujuk pembangkang dari orang UMNO sendiri. Dalam tiga bulan ini dia nak tubuh 3 suruhanjaya. Dia ingat ini macam nak buat reban ayam ke. Koridor-koridor dah bertahun-tahun masih tinggal menu tanpa perlaksanaan pun. Sekarang ini dia nak suruh semua ahli kabinet setuju tubuh 3 suruhanjaya ini dalam tiga bulan atas alasan kesian dia nak berhenti. At least itu lah jasanya. Kalau tak lulus dalam 3 bulan ni, tak adalah jasa peninggalannya. Ada batu ronson dah cuba hasut bahawa selagi ada Tun M, Najib tak akan jalankan 3 suruhanjaya tu. Jadi Pak Lah perlu kekal PM. Adakah negara kita di kuasai oleh Bar Council? Tentunya lumayan peguambela negara kita bila ada kes besar macam Anwar ini. Seronok dengan saman sana saman ini. Lebih seronok lagi adalah tentunya pembela nya lah. Kalah menang gerenti dapat duit. Bila kalah, jalani hukuman dulu dan kemudiannya minta gratuiti.

Saya cuba bayangkan kalau nanti satu ketika di negara kita semuanya aman dan tidak saman menyaman. Tentu ramai bertukar profesyen jual insuran, jual kereta dan masuk politik selain dari jual batu ronson.

Dearest Tun,

Tahniah, Mukhriz layak bertanding jadi ketua pemuda. Semoga Berjaya selanjutnya..

Tentang Shah Rukh Khan ni, mungkin kena beri anugerah kepada semua team member, pencipta lagu, penari, choreographer muzik dan tarian, semua terlibat dalam lagu termasuk penyanyinya kerana Shah Rukh Khan hanya buka dan tutup mulut J .

Dan mengenai Mat Tyson yang nak bertanding Naib Presiden, katanya ibarat dah ambil SPM 4 kali, nak cuba STPM. Pass ke SPM tu? Inggeris memang sah tak.. Komen rakan bukan Melayu saya, typical Malay, tak pass pun nak naik dan semua kena iktiraf kenaikan kerana memenuhi kota .. Bilalah Melayu nak maju kalau masih perlu di beri peluang dan tidak pada kemampuan sebenar..

Salam kepada Tun dan semua.

Assalamualaikum Tun,

Pada petang hari Rabu 8.10.08 saya dan isteri telah menghadiri satu majlis yang diadakan di Pejabat Tun di Putrajaya bersama dengan adik perempuan dan anak saudara serta cucu saudara yang semuanya adalah penyokong kuat Tun. Kami semua dapat bersalam dan bergambar dengan Tun dan Tun Dr Siti Hasmah.

Tun kelihatan lebih muda dari umur Tun yang sebenar. Saya sungguh-sungguh terhibur dengan ucapan ringkas Tun dalam majlis tersebut.

Terima kasih Tun kerana sudi melayan permintaan kami.

saya mengucapkan selamat hari raya, maaf zahir batin kepada tun sekeluarga. mengenai solat, tidak perulah diperbesarkan. itu semua tak penting. yang penting keikhlasan, khushyuk solat tersebut. ALLAH s.w.t Maha Mengetahui. tetapi, saf didalam solat itu perlulah dijaga. itu lebih menjadi keutamaan. ini kali pertama saya melayari blog tun. saya cukup berminat dengan tun, cara tun, tingkah laku tun, dan kata-kata tun. disini, saya mempunyai 1 soalan kepada tun. adakah tun yakin dengan dato' seri najib tun razak (DSNTR) untuk memimpin negara? kebanyakan blog didalam malaysia, mempertikaikannya...dan ada 1 blog, menyatakan isteri kepada DRNTR, iaitu datin seri rosmah memberi rasuah sebanyak rm200 juta kepada pm kita (wallahualam)...bagaimana pandangan tun mengenai perkara ini...

Dear Tun,

Bolehkah Pak Lah diiktiraf sebagai BAPA DEMOCRACY? Mungkin boleh, kalau Barisan Nasional akhirnya terkubur jadi parti pembangkang. Kehilangan majority adalah satu pengorbanan Pak Lah yang paling besar untuk mendapatkan kelayakan sebagai BAPA DEMOCRACY dan terpaksa melepaskan jawatan Perdana Menteri!!

Dear Tun,

Dr M diminta henti beri pandangan negatif
Oleh Azman Zakaria dan Norfatimah Ahmad

KUALA LUMPUR: Ketua Umno Bahagian Pulai, Datuk Nur Jazlan Mohamed yang menawarkan diri bertanding jawatan Timbalan Presiden Umno, menyifatkan kenyataan Tun Dr Mahathir Mohamad yang melabel mereka 'pak lawak' sebagai satu penghinaan dan boleh memecahbelahkan parti.

Comment:

Memang patut Tun komen mereka sebagai "Pak Lawak". Sebelum mereka menawarkan diri, mereka

sepatutnya tanya diri mereka dengan ikhlas apakah jasa yang telah dilakukan mereka dan kelayakan yang ada pada mereka hingga sampai ketahap berangan-angan nak pegang jawatan parti No 2. Janganlah nak "lower the intelligence" ahli-ahli akar umbi dan membuat rakyat menafsirkan bahawa pemilihan jawatan tertinggi UMNO tidak sirius dan tidak ada credibility. Seolah-olah mempersendakan bahawa jawatan tersebut sebagai tidak mempunyai "prestige" dan mertabat yang tinggi seperti macam jawatan Ketua Pengakap.

Dear Tun,

Najib Must Keep Cronies And Family Members At Bay, Says Mahathir
By Neville D'Cruz

MELBOURNE, Oct 12 (Bernama) -- Datuk Seri Najib Tun Razak should not be surrounded by cronies and family members when he is prime minister, Tun Dr Mahathir Mohamad said here Sunday.

Comment:

Yes, Tun. Najib must not be like Pak Lah surrounded by his cronies and family members to be his unofficial "haprak and HP6" advisors.

Apparently, the perception among certain people is that "Najib TAKUT BINI". It seems Rosmah is so strong a personality that Najib seems to be dictated or influenced by his wife.

If this is true his downfall could be the doing of his wife, Rosmah just like Pak Lah downfall is being perceived to the doing of his son-in-law KJ. So he must be able to discard this serious perception in order

to maintain his image and credibility as an effective Prime Minister.

chedet,
Very interesting blog this one.

I guess the reason you like to pray in that area is because it is the nearest place to the carpark, and being an important person that you were, it provides the quickest entry and exit to your official car.

I like that area too, but I always feel bad praying there because the main prayer hall most of the times are not full - I feel some kind of obligation to proceed to the main hall to fill up the empty spaces.

When Najib was just a minister, I used to see him pray at that area too.

Selamat Aidilfitri to you and your big family. After a gruelling Ramadan, I felt like Syawal has brought us some 'kemenangan'...

Mr Mahathir, I truly respected you during your ruling years as you had the guts to move forward in your plans for the country and stood yr ground. The arrogance of the US deputy Al Gore during his M'sia stopover really riled me. You pegged the ringgit against the world financial pundits recommended stand of IMF intervention.. The fact of how you were played out by yr deputy Anwar during yr visit to Japan. The way Anwar played as runnings dogs to the US totally disgusted me. The way you stood your ground against S'pore in going for the crooked bridge was not easy. The dbl tracking of the railway lines was/is the way forward but unfortunately the current leaders were unable to fathom it then. Now-off course the way the judiciary was relegated to the burners during yr tenure and the shambles it is now doesn't reflect too well on you. Nor does the way crime and corruption are such a stable of our daily life.

You realised the Malays were actually being crippled by the economic policies saw tears being shed to awaken them. I am not a Malay but I can see how the policies have made a shamble of our country. Nothing gets maintained because everythings beeing sub sub. Simple procedural matters require a certain amount of pleading and grease to get put forward. In my normal encounter with police, immigrations and other civil serv officers makes me cringe in having to correct them many a times in regards to practises they should be familiar and aware off.

Whats happening to this country lah Tun.The Indo's are running wild committing daylight robbery and the gangsters are all in cahoots with the authorities. I would truly like to know what are the acedemic qualifications of our Ministers holding all the important portfolios. What a bunch of jokers when it comes to implementation and introduction of policies. Anwars having a field day with the majority actually not knowing what he stands for. His party repository of bloggers and whistleblowers speaks true of the phrase"jump on the bandwagon" Umno is no better. MIC is a bloody joke with Mr Vellu still in power. Imagine that. The Indians dont even have the bloody spine to get him out. MCA's kicking itself for having to toe the Barisan line even though there is much discontent.

YOur screwed your deputy well and fine once he was in power by all your intervention. What good has that done to the country. You chose him.And is this man magnanimous or what. Not a single word uttered. Beware Tun-Divine retribution does hv its sources. But I believe you feel justified for u feel your intentions are just. The mens rea is for the good of the country but look at the mess it has caused. Whats wrong with your constant mistake of choosing lousy deputies.

Well, I have had my say and gotta go back to work as no body ever gave me a free lunch, breakfast or dinner.

y2y, just wanna add my 2 sen on the NST article.

chedet I figured was a successful PM, as many here would agree. The current PM did a lot of things wrong and was close to losing a general election. I think chedet was right to criticise a bad PM.

On the other hand, when Najib succeeds the current PM, I don't think the latter has any right to criticise, because oh dear what exactly has he achieved to grant him any right to give advice? And Najib in his right mind, assuming he wants to win the next general election, should not take any advice from someone who led BN to the worst election result ever.

So I thought chedet was right to tell him to shut up.

Anyway, just my 2 sen.

By ynwa1976 on October 13, 2008 12:30 AM

Re pahala dlm saf depan, yes, there's no question abt that.

But in this day and age, when Friday in KL is not a holiday, being the earliest to the masjid is quite a challenge. One usually has to have lunch 1st to make sure the stomach isn't empty, and the office usually breaks at 1230pm, so that gives you only half an hour these days to do quite a lot of things. So I can understand chedet not being able to get to the front saf, being a busy person that he was. Those who managed to get there must really have had a lot of free time to spare (not working maybe?), or was missing his lunch which is not encouraged, or was driving thru KL like mad, or was late but had his spot reserved for him...

(Anyway, is the frontmost saf really for the earliest of them all? Was Paklah really the earliest to arrive at Masjid Negara? I doubt it...)

My 2 sen...

Ada lah seorang tu namanya orang panggil macam peninju pak hitam yang suka gigit telinga tu la. Dia nak tanding jawatan tinggi no 2 pulak tu. Tapi dia sendiri ngaku 4 kali ambil SPM tak pas. Dulu pun kena cekup di Australia sebab kata pandai tak pandai bahasa inggeris.

Kali ini dia kata bagilah peluang ambil STPM pulak. Mana layak kalau tak pas SPM nak ambil STPM. Kalau pas SPM selepas 4 kali pun, kita masih rasa dia layak pikul STPM tu. Ye la sudent lembab mana boleh jadi pemimpin. Patutnya dia tanding jawatan Ketua Wanita saja kerana kalau bab wanita, dia kerek sikit. anak raja pun boleh kena sapu. Tak kena analogi dia pakai ni.

Salamz To Tun & all commenterz...

Bcakup tentang Solat? I assume solat tue jgnlaa dijadikan publisiti. Solat ialah antara kita dgn Tuhan yg Maha Esa.. Sekarang nie..kalo solat Jumaat amnya...para menteri atau kenamaan yg lewat dtg akan duduk di saf 1st skali..bg saya..kalo dlm masjid takde yg mpsoalkn darjat atau status..krn kita di sisi Tuhan adalah sama..tak mngira status kita...Staus,pangkat..itu di dunia..Kenapa perlu kita beri priority pada mereka yg dtg lambat ke masjid walhal mereka yg dahulu dtg tidak dberi pluang duduk diblakang imam pada saf pertama? Kenapa? Tidak adil jika kita ke masjid krn kita org kenamaan..niat bukan kerna nk kerjkn solat..Mcm kami rakyat memerhati..odo kami tak spandai mana,,kaya mana..tp kmk sama spt mereka yg bpangkat...MANUSIA..dh tahu lewat dtg..plz..dudokla d saf blakang bukan swenangnya ke saf hadapan..apa d saf hadapan tertulis namamu?...tidak bukan...so plz..respect ur religion especially Tuhanmu...me myself..kecewa...bahkn Nabi pn tidak bkira..inikan kita hanya manusia biasa..

Maaf ya Tun kalo tsinggung tp itu nyatanya dlm masjid kita skarang..krn ada pangkat kita didahulukn..dlm solat agama kita adalah sama..kita manusia ciptaan Tuhan..Pangkat,darjat hanya di dunia..matipn kita takkan dpt bawa itu smua..bila di alam mati & akhirat nanti..pangkat itu tidak nyelamatkn kita kecuali amalan kt.. & 1st skali ditanya...adakah kita mlakukn Solat itu sbenarnya...hm..smoga kita smua dirahmati Tuhan yg Maha Kaya Lagi Mengetahui...

By hangtuahAuthor Profile Page on October 13, 2008 2:13 AM

Salam Tun,

1. Apa salahnya solat di bahagian luar? Yang penting imamnya tetap satu. Mereka ni sengaja nak persoal benda kecil macam ni. Takde benda lain ke?
2. Boleh tahu kenapa Tun tak berapa suka dengan 'performance' DS Najib? Adakah Tun berpendapat TS Muhyidin sepatutnya lebih layak?

Salam Tun.

Tun,

Dengan izin,

Saya bukan pandai sangat bab agama, tapi, apa yang saya pelajari, dan saya yakin Tun juga tahu, solat di saf pertama, di bahagian sebelah kanan Imam, adalah yang paling banyak ganjarannya daripada Allah.

Hadis Rasulullah ada menyebut, maksudnya berbunyi (bukan terjemahan asal, tetapi apa yang saya fahami) Andainya umatku tahu ganjaran yang Allah berikan kepada mereka yang bersembahyang jamaah di saf pertama, di bahagian sebelah kanan Imam, nescaya mereka akan berlumba-lumba dan berebut-rebut untuk mendapatkannya.

Terima kasih Tun.

Ayahanda Tun sekeluarga, assalamualaikum.....

Kepada Sang Penyibuk dan Sang Pengampu, janganlah cari publisiti murahan dengan memberi komen tentang isu yang remeh temeh. Buang masa sahaja. Ruangan ini adalah tempat akar umbi memberi pandangan/komen untuk kebaikan semua, bukannya untuk meluahkan perasaan atau cuba mendedahkan kelemahan Ayahanda Tun. Sembahyang tiang agama, juga merupakan rukun Islam yang kedua. Kita ke masjid bukan kerana pemimpin, nawaitu kita kerana Allah s.w.t. Tak tahulah kalau ada yang ke masjid kerana nawaitunya hendak menunjuk muka kepada bosnya. Nauzubillah....

Selain membaca komen – komen yang ditulis oleh Ayahanda Tun kita juga harus memberi komen yang membina bagi berkongsi pendapat dalam memikirkan sesuatu untuk kesejahteraan bersama. Jika diamati secara detail didapati setiap patah perkataan yang ditulis oleh Ayahanda Tun menepati kehendak rakyat yang mementingkan kesejahteraan. Lainlah jika mereka itu mempunyai nawaitu yang berbeza dan bernaftu unlimited. Perbezaan pendapat tidak bermakna perpecahan tetapi berdendam sesama sendiri adalah unsur – unsur perpecahan. 8 Mac 2008 telah menjadi bukti.

Untuk menzahirkan demokrasi di dalam Umno pertandingan dihalalkan, yang pasti ada yang menang ada yang kecundang. Ada lagi yang bertambah parah iaitu digantung keahlian kerana sebab – sebab tertentu. Persoalannya adakah mereka yang kecewa ini akan berdiam diri menjelang PRU 13 nanti. Bagaimana pula dengan pengkhianat parti semasa PRU 2004 dan 2008 boleh menjelma sebagai HERO dalam pemilihan parti kali ini. Inilah uniknya demokrasi di dalam Umno.

Yang pasti dendam sesama mereka tetap berpanjangan walaupun nampak tenang dipermukaan. Adakah pucuk pimpinan Umno selesa dengan keadaan ini. Adakah memadamkan dengan menghantar wakil/pemantau yang tidak dapat dikenali pasti keikhlasannya untuk mengetahui kedudukan sebenar yang berlaku di bahagian/cawangan. Contoh yang paling mudah, kenapa Umno Kelantan masih gagal menawan kembali semenjak kecundang pada tahun 1990.

Cakap – cakap di kedai kopi mengatakan kemenangan Umno dalam PRU tidak penting, yang penting kedudukan di dalam bahagian. Hujah ini dikuatkan lagi dengan bukti semasa PRU 11 dan 12 lalu, terdapat satu bahagian di Kelantan dimana tidak sampai 30% Ajknya yang bekerja kuat membantu untuk kemenangan calon Umno sebaliknya memburukkan lagi dengan menyebarkan SMS berbaur fitnah terhadap calon parti mereka sendiri. Ianya seperti membuka ruang kemenangan kepada pembangkang.

Berbeza semasa pemilihan di cawangan dan bahagian, mereka yang terlibat ini bekerja keras bagi memastikan pengkhianat tersebut menjadi HERO. Amat mustahil jika pucuk pimpinan parti tidak tahu tentang hal ini. Ini baru satu bahagian di Kelantan, belum lagi di bahagian - bahagian lain atau pun negeri – negeri lain. Adakah setakat berdiam diri sahaja. Tepuk dada tanya selera.

Seperti yang Ayahanda Tun cakap apa guna menjadi Pengerusi Perhubungan Umno Negeri jika tidak mampu menjadi Menteri Besar dan yang lebih penting lagi apa guna menjadi Presiden Umno jika setakat menjadi Ketua Pembangkang di Parlimen. Fikir – fikirkan

Salam Tun,

Your points taken!

But please, I expected more pressing issues to be discussed in your BLOG regarding our country rather than these petty things you have been harping about for the last few postings. This is getting boring! Write something useful rather than being defensive about petty things on where you prayed or what not. I don't give the flying hoot where you prayed at the National Mosque recently or whether you took your ablution before praying.

Assalamualaikum Ayahanda Tun,
Selamat Hari Raya Aidilfitri, Maaf Zahir&Batin, semoga Ayahanda Tun serta isteri sihat dan bahagia sentiasa, dan mudah2an mendapat kebarkathan serta ketenangan dariNYA di dunia dan juga di akhirat.

Antara soalan saya untuk Ayahanda Tun:

1. Adakah Ayahanda Tun percaya bahawa ungkapan WHAT WE GIVE WE GET IT BACK adalah betul?
2. Siapakah yang akan menjadi Timbalan Perdana Menteri Malaysia sekiranya Datuk Seri Najib menjadi Perdana Menteri nanti?
3. Adakah betul TELUS atau TERBUKA selalunya akan membetulkan?

Assalamualaikum YAB Tun M,

Walaupun saya seorang muslimin, bila saya menonton kutbah Jumaat dulu-2, kadang-2 media siaran memfokuskan YAB Tun. Memang benar pun, YAB Tun sembahyang di kawasan luar dari dewan utama di Masjid Negara.

Dari situ saja dengan penuh hormat saya rasakan YAB Tun benar-2 berjiwa rakyat dan sayangkan rakyat.

Semoga Allah s.w.t. sentiasa melindungi pemimpin yang amat ku kasihi ini. Amin.

Why must we make this as an issue and trying to deduce out of nothing. Yes, I have seen Tun many times praying outside the main prayer hall. I guess it is simply because Tun always arrived at the time when the khutbah was about to be read and thus, it is always easier to find a spot outside the main prayer's hall due to the crowd. Perhaps, the comment made had came from a person who has not regularly seen Tun on the Fridays at Masjid Negara. Tun has always been praying outside the main prayer hall.

A'kum for you Tun.

See, what happened on earth noday? even a very little tiny matter people likes to turn up into a "propaganda". i'm so upset. just because you always prayed outside ppl keen to accuse u not "sekepala" wit both Pak Lah n Najib. comon' guys the "solah" is still solah dun turn up into a political dilemma.

Anyway Tun, just be patient as u always did.

Assalamualaikum,
Saya adalah anak kepada Allahyarham Salleh Bin Darus, seorang pemandu diPejabat Kesihatan Jitra pada tahun 1971-1973. Arwah bapa saya pernah berkhidmat dibawah Tun Dr. Siti Hasmah. Arwah bapa saya amat mengenali dan menyanjungi Tun suami isteri. Mungkin Tun berdua tidak mengingati arwah bapa saya, tak mengapalah kerana sudah lebih 30 tahun ianya berlalu. Tetapi setiap kali Hari Raya, kami sekeluarga akan mengunjungi rumah terbuka Tun di Alor Setar semasa Tun masih menjadi PM. Masih didalam ingatan saya, sebaik Tun suami isteri melihat kehadiran kami sekeluarga, Tun berdua akan terus datang menyambut kami. Terasa amat indah pengalaman tersebut dan inilah yang menjadikan Tun idola saya sehingga kini.

Selamat Hari Raya Aidil Fitri.

Assalamualaikum TUN,

Tun, can you give me some advice....what does it take to be the Prime Minister of Malaysia. I believe with your vast 20 years experience as the PM you can enlighten me.

I went to your open house and said " Tun you still look like the PM" and you laughed.

I believe the number one core value to be PM is honesty am I correct Tun?
By genius on October 13, 2008 9:19 AM

Salam Tun,

I think the "idiot" commentator thought u and PM is enemies and u want to sit as far as u could from them...?

And i think he's brain is so small and cannot think properly...too quickly jump into conclusion

And I think ur critics towards PM is ok and it doesn't mean u hate him. U are too brilliant and very easy going and open minded to take things too personal.

I think u are a great leader yet a humble person.

I also have seen a picture of Iran PM praying beside a road.

I also admire him.

Siapalah saya utk judge a BIG HEART person like u TUN, but what i write is the truth.

Take care Tun, wife and family... God bless always.

Salam Tun,

I like your style Tun, mesra rakyat...kalau dah lambat sampai Masjid...ikut la saf yang sepatutnya

memang cara Tun betul... this shows Tun is a down to earth person sedar diri bila sampai Masjid barang dunia, pangkat dilupakan...and yet people just can't help it and go pra sangka buruk.....kan dalam Islam kita kena pra sangka baik....just goes to show the variety of personalities who have alternanting opinions about you Tun. Even though you have stepped down Tun people are still trying to judge you. Well let them be deceived by their own devices. Yang penting Tun maintain je.

Salam Hormat,
Wan Ahmad Masuwaradi b Dato' Wan Abdul Wahab

PS: Wish you were the PM again...

Salam Tun dan Tun Siti Hasmah,

Pada saya saf mana pun kita sembahyang, yang penting nawaitu kita. Tun tak perlu fikirkan pandangan orang tentang ini. Bila kita sembahyang kita sebenarnya bermunajat dengan Allah s.w.t.

Saya memang biasa melihat Tun sembahyang di saf-saf di luar dewan besar apabila Tun sembahyang Jumaat di Masjid Negara. Jauh disudut hati, saya mencemburui kepada jema'ah yang diizinkan Allah dapat bersembahyang bersebelahan Tun sebabnya mereka dapat bersalaman dengan Tun dengan mudah. Saya hanya dapat memerhatikan dari jauh. Minggu dimana Tun berada di Masjid Negara tu, kawan saya sempat bergambar bersama Tun.

Alhamdulillah saya dan keluarga sempat menziarahi Tun ketika rumah terbuka Tun tempoh hari. Walaupun lama beratur tapi saya puas dapat mengucapkan Selamat Hari Raya kepada Tun berdua disamping menyokong Tun agar terus 'berkarya'.

Semoga Tun dan keluarga diberkati Allah, dipanjangkan usia, diberikan kesihatan yang baik sentiasa.
Amin

Buat Tun yang di hormati...
gerak hati untuk menulis berkaitan apa yang tun katakan "must explain that since I became Minister of Education in 1974 I had always prayed outside the main prayer hall. When I became Prime Minister the ushers led me towards the place just behind the Imam. I declined because I still preferred praying outside. Even today I have been praying outside."

Apa yang saya ingin katakan saya kerap berjumpa TUN ketika hendak menunaikan sembahyang jumaat di Masjid Negara ketika Tun menjadi Perdana Menteri.

Tun ketika itu diringin bodyguard dan memilih duduk di bahagian luar masjid sebelah kiri laluan ke makam pahlawan.

Perkara demikian bukan sekali atau dua tetapi saya dapati seringkali.

Pernah timbul juga persoalan dalam diri saya kenapa TUN yang ketika itu Perdana Menteri memilih duduk diluar dewan dan hari ini TUN sudah menjawab.

Jawapan harus dibuat sebab pelbagai andaian oleh mereka yang mempunyai sifat-sifat kotor tidak akan tenang selagi syaitan bersama mereka.

sekian.

Assalamualaikum Tun,

Saya memang selalu jumpa Tun bersembahyang Jumaat di luar saf masjid negara. Saya selalu berada di kawasan saf yang sama bersama Tun. Walaupun selalu susah nak dapat bersalaman dengan Tun, tapi dapat la jugak saya bersalaman dengan Tun. Tun ni jalan laju sangat. Macam "bisnes-man". Terkial-kial jugalah saya nak berkejar bersalaman dengan Tun. He he he...

Perkara begini memang biasa ler Tun...orang kalau dah tak suka kita..apapun kebaikan yg kita buat semuanya nampah salah pada pandangan dia...Tapi saya hormati cara Tun kerana Tun masih seperti dulu..orang ramai akan lebih selesa berjumpa dengan pemimpin tanpa ada kawalan atau peraturan yang terlalu ketat. secara informal lebih di gemari oleh orang ramai..kita adalah kita sebenarnya..tiada perlu nak hypocrite hanya untuk sesuatu perkara...

Akhir kata...salam untuk Tun sekeluarga...

Hi Tun,

Selamat Hari Raya aidil fitri to you and your family Tun. I have always wanted to go to your open house but almost always I have to be overseas during the period. Maybe next year.

I want to comment about Pak Lah's statement that he couldn't do what he promised in the 2004 election manifest because he was busy with other things but now he has realized his mistake and is trying his level best to complete his "mission" in 5 months before he leaves. I found that comment unbelievable. I think you must have quickly realized after he took over the job how incompetent this guy was but how come you didn't know this before you selected him? The system of handing over power will only work if the incumbent Prime Minister selects a guy who has demonstrated a level of competency acceptable to the public prior to the handover. That is the trust the public places with you to get it right before you leave. You certainly made a colossal mistake when you selected Pak Lah. I mean this guy probably made a good number two for election campaigns for kissing babies and such but to make him PM was definitely a mistake. Please don't make the same mistake supporting the likes of Ali Rustam, Mohammad Taib, Khir Toyo etc as this guys are only thinking of their own legacy and not of their own competency to do the job!! Take care.

Assalamualaikum,

Kalau kita nampak saf depan kosong, dan kita boleh ke tempat itu tanpa apa-apa halangan, seeloknya kita penuhkan saf depan tersebut. Tetapi sekiranya kita sampai dah lambat, masjid pun agak penuh kita duduklah di mana-mana yang boleh tanpa perlu melangkah-langkah bahu orang. Selepas azan pertama yang paling baik kita terus merapat-rapat kan dan memenuhi saf yang masih kosong di depan, kerana pada waktu itu hampir semua jemaah akan bangun untuk solat sunat 2 rakaat.

Wassalam.

By Jamal on October 13, 2008 11:01 AM

Dear Tun,

Solat or Sembahyang to a Muslim is an act which he deliberately and consciously chooses to perform with the one and only purpose of seeking Allah's Redha (in English - for want of a better word - to be in Allah's favour or to be in Allah's good books).

When we are able to receive Allah's (the creator of this universe and all that is in it) Redha NOTHING else matters. But we do not know for sure if we have that Redha - it is more a journey than a destination. That is why we need to solat 5 times a day to constantly remind ourselves to seek Allah's Redha.

In Solat we have a direct and true medium to align our focus and declare that what we are doing (Solat) is for not other intention but to seek Allah's Redha. Not to get a good bonus, not to get love or respect from other humans, nothing but to get Allah's Redha. It is a choice we make consciously to perform the ritual as Our Prophet had taught us in order to seek directly Allah's Redha.

This teaches us also that all our other worldly actions MUST eventually lead towards seeking Allah's Redha. Like Tun's struggles and actions which Tun chooses to act on, these may benefit the nation or the ummah or the people of Malaysia. That may be his immediate intention but knowing Tun and his BIG Picture approach - Tun probably had a bigger goal that all his fights and struggles is really to seek Allah's Redha eventually.

So it is not suprising that Tun will fight tooth and nail for what he believes to be right.

To all Muslims and would be Muslims - when you do your regular introspection - it is best to find out if the choices you make and the beliefs you hold do eventually lead you towards seeking Allah's Redha.

Wasalam

Assalamualaikum YABhg Tun.

Menunaikan sembahyang adalah kewajipan bagi muslimin dan muslimat. Garis panduan syarat sah sembahyang ada. Rasulullah bersabda yang bermaksud "sembahyanglah sepertimana aku sembahyang".

Sembahyang Jumaat diadakan secara berjemaah bagi mencerminkan bahawa terdapat penyatuan sesama muslimin. Kita berpeluang berinteraksi bagi mengeratkan perhubungan. Berpeluang bertanya kabar bagi membantu masalah dunia. Berpeluang mendengar saranan khatib bagi mencari jalan terhadap masalah umah dan mendekatkan diri kepada khalik.

Kita digalakkan datang awal dan memenuhi saf hadapan untuk beri ruang kepada orang yang datang lewat. Manakala yang lewat sampai tidak boleh melangkah orang yang berada disaf hadapan.

Sembahyang Jumaat terdapat dua jenis saf depan iaitu saf pertama dan saf utama. Saf Utama lebih dimakbulkan doa berbanding saf pertama.

Walaupun hanya sembahyang yang kusyuk, cukup syarat dan rukun sahaja yang diterima Allah. Manakala sembahyang yang tidak kusyuk, riak, tidak sempurna syarat rukun ditolak oleh Allah sepertimana firman Allah yang bermaksud " Neraka Wail keatas orang yang sembahyang tetapi lalai".

Sembahyang yang diterima Allah dapat menghindari kita dari melakukan perkara yang dilarang Allah. Diantara larangan Allah ialah mencari kesalahan orang. Mencari kelemahan orang. Memutar belit fakta. Mungkin orang yang timbulkan isu ini tidak kusyuk dalam sembahyang. Dia pi masjid cuma nak cari isu yang remeh temeh. Semoga beliau diberi taufik dan hidayah dan menjadi umat yang terbaik.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Tun,

With full respect on the topic highlighted, and indeed typical mentality of not being sincere when performing prayer and facing the almighty Allah for forgiveness and blessing. Tun the hearts see better than the eyes, and a blind man is not blind when his hearts see the true picture, while the normal human with vision is indeed blinded by his thoughts. Tun thanks for the success in ensuring AAB gives up the president of UMNO post, and PM of Malaysia this coming March 2009. Tun advise and guidance is still required for the success of UMNO, BN & Malaysia. Does UMNO & BN members consider of this, thus not having to face the similar mistake as during AAB in power. Tun must be given an honorary life membership of UMNO and advisory role for as long as Tun is fit and available. Tun is or gifts from Allah.

Salam Tun sekeluarga dan selamat hari raya.

Tun, janganlah kisah sangat komen kecil tu, sebab saya rasa dia tu dah bosan sangat dengan hidupnya dan tak tahu apa nak buat, so buat je isu out of nothing.

Hari ni dia komen tentang sah sembahyang, besok dia orang akan tanya kenapa Tun tak naik haji lagi, lepas tu hal lain pulak. Benda tentang ibadat ni personal antara kita dengan Tuhan, kena buat dengan ikhlas bukan nak menunjuk-nunjuk.

Manusia macam tu lah Tun, Tun boleh buat sejuta benda yang baik tapi mereka tak ingat pun, tapi benda yang tak ada isu buat isu pulak.

Teruskan saja Tun your good work, we appreciate you. Orang-orang yang tidak suka dengan Tun biarkan saje, hati mereka masih hitam dan perlu dibersihkan.

I do not know whether my question here is relevant. I remember that your last interview with TV3 before you step down as PM somehow quoted that you failed to educate/ changed the Malay mindsets as a whole. Can you elaborate further. But you have to be careful with your answers to protect the Malays sensitivity as you are aware the Malays are so fond of this 'remeh temeh' issues (Perhaps this is one big

Malays failure). I wanted to know this because it can help the Malays to study their weaknesses and how to improve. It is time to change to ensure the Malays will stay relevant in the future.

Take care.

Di mana saja kawasan, saf yang mana, depan atau belakang, jika berada dimasjid yg sama. Maka semuanya solat bersama (PRAYER TOGETHER). Apa yang tidak sama niat dan ke ke-khusyuk-an makmum itu sendiri, juga penerimaan amalannya oleh Yang MAHA ESA.

Salam Tun,

Saya cuba memahami diri dengan kenyataan, berdirilah di atas bumi, berpijak di bumi nyata, mungkin satu pernyataan penting kepada yang terselindung maksudnya. Tinggi kita, jangan tidak melihat ke bawah, kaya kita jangan lupa pada yang susah. Itu pesan orang tua. Mungkin juga tak semua mudah nak duduk sama rendah, berdiri sama tinggi apabila tangan dah menongkat langit! Tun, terima kasih atas peringatan!

Ketawa besar saya bila hal sembahyang nie jadi isu...ha..ha..ha...muahmuahmuah...tapi terdetik juga dihati, siapa kita yang menjadi manusia nie hendak menghakimi urusan Allah. Pasal bersalaman pulak, cuba saudara (yang menulis tu) duduk di dalam masjid, hari Jumaat dan kira berapakah orang-orang muda yang mencari orang-orang tua di dalam masjid tu untuk bersalam dengan mereka? Bukankah itu tanda hormat yang paling mudah...dan adakah perkara itu berlaku?

Mari kita berfikir walaupun berfikir itu bukan suatu yang muktamad!

Pak Lah looks like a nice guy, but "degil", a man with no principle and "lupa diri" and never respect and grateful to those who have chosen him, that's why rakyat tidak suka pada beliau.

2) Kamal Ahmad,
On your comment: "Set up government goods sales and distributions center nationwide. Take these functions back from the gluttonous profiteers." By doing this, Malaysia will become a Communist Country, it's not relevant to what BN has fight for 51 years since independence.

Dear Tun

In the 1980 to late 1990, i worked in the banking district of KL and used to perform Friday prayers at Masjid Negara. I remember Tun used to pray outside the main hall of the mosque. When Tun arrived, one or two makmum already seated somewhere in the saf would vacate their place for Tun. I had always thought that they were security staff (police)

I observed, once the doa is finished - after the Friday prayer, young and old (mostly young) makmum

would throng around Tun to salam and wish Tun well. Sometimes, I was one of those well-wisher makmum.

I always thought that when Tun prayed outside the main hall - it was a clever move. Tun could judge the temperature of the makmums' silaturrahim towards Tun. IT was obvious to everyone there - the makmums were always warm towards Tun.

I thought that was also a very brave move. If anyone wanted to harm you Tun - it would not have been that difficult. Thanks to Allah none of that had taken place!!

Among my friends we agreed - Tun you are very brave. Berani kerana benar!!!

Nowadays - the so called leaders would not be seen in public. Perhaps they are not so brave and or are not that interested to test the temperature of the makmums's silaturrahim.

Tun, may ALLah always be on your side and protect you.

Asalamulaikum and Hello,

Dear Tun,

I've read The Star interview on you last Saturday (or is it Sunday?) and it is very interesting indeed to have your insight covered.

I've wanted to add some info on your comments about the Arab investors interested to invest for Bakun Dam and hence the aluminum smelter plant can be set-up at Sarawak. The version of the story I heard is slightly different. It is believed that The State Government of Sarawak (rather than the Federal Government of Malaysia) have rejected the proposal because the aluminum smelting plant will not benefit Sarawakians. The aluminium products from the aluminum smelting plant most likely will end up as an import product and not for domestic use. Most likely the workers of the plant will be of foreign workers (as usual, Indonesians etc.) and there's a possibility that the plant might be fully automated means less workers going to be needed to operate it. Means less jobs for the locals as well. Apart from being very expensive to be build (well, who cares its the Arabs' money), but most of the State Grid electric energy will be consumed to operate this aluminum smelting plant alone. Hence, the Sarawak State Government rejected the idea for now and could always use this abundant clean hydro energy for other kind of development at Sarawak.

Just my 2 ringgit and 45 cents (after fuel subsidized).

assalamualaikum Tun,

Saya ingin bertanya kepada Tun apakah Datuk seri Najib akan dapat menyatukan kembali umno yang semakin hilang kuasanya. Saya tak nampak yang Datuk seri najibNajib adalah pengganti yang sesuai dengan begitu banyak skandal yang diperkatakan kepada beliau. Dan juga untuk menjadi wanita pertama di dalam negara seseorang itulah perlulah mempunyai pekerti yang mulia dan hebat seperti Tun Siti Hasmah. Adakah Datin seri Rosmah layak?(this is not a question).Saya yakin umno akan terus berpecah walaupun selepas najib menjadi pemimpin.

Apakah orang2 seperti kami yang tidak layak untuk mengundi sewaktu pemilihan umno tidak mempunyai hak untuk menentukan siapa yang sepatutnya menjadi presiden UMNO dan seterusnya menjadi PM.Sedangkan kami juga sayangkan UMNO tetapi yang terdapat didalam umno hanya sayangkan periuk nasi dan jawatan masing2 sahaja.

Salam Ayahanda Tun,

Pertama kali saya komen dalam blog ni.. Walaupun saya memang pembaca setia, tapi inilah kali pertama saya terpanggil nak memberi komen..

Saya memang tak pernah berpeluang berjumpa ayahanda apatah lagi dapat bersalaman. Namun di dalam hati saya, selama saya hidup 37 tahun ini, saya amat menyayangi dan menyanjungi ayahanda seperti ayah saya.. Dan saya akan berasa sedih setiap kali saya terbaca atau terdengar orang mengata atau memburuk-burukkan ayahanda samada di laman web, blog atau media cetak dan elektronik. Pada saya, mereka semua seperti telah digelapkan mata dan hati sehingga tidak nampak jasa-jasa ayahanda kepada mereka dan negara..

Tentang isu ini, saya tidaklah menidakkan kepentingan saf hadapan berbanding saf belakang tetapi pada saya, di zaman ini di mana manusia berlumba-lumba membuat sesuatu semata-mata supaya dilihat orang, adalah lebih baik kita menetapkan niat kita sebenar hadir ke masjid. Adakah kerana kita seorang VIP maka kita perlu mendapat layanan VIP dan mesti diperuntukkan tempat di saf hadapan? Adakah rakyat biasa tidak layak mendapatkannya hanya kerana masalah protokol? Dalam isu ini, walaupun saya tidak tahu mengapa ayahanda lebih suka bersolat di luar, namun pada saya, yang penting kita menunaikan solat dengan ikhlas.

Ayahanda Tun,

Baru-baru ini saya telah membeli sebuah buku ala-ala komik mengenai kisah hidup ayahanda di kedai buku MPH. Saya amat berterima kasih kepada penulis buku tersebut kerana telah menulis buku yang amat berguna, mengandungi banyak cerita mengenai ayahanda dalam bentuk yang sungguh menghiburkan. Buku tersebut banyak membantu saya mengajar kepada anak-anak saya betapa hebatnya seorang yang bernama Tun Dr Mahathir, kerana saya pasti ramai ibu bapa seperti saya yang tidak tahu bagaimana untuk memberitahu kepada anak-anak kecil generasi hadapan yang bakal menerajui negara siapa Tun Dr M. Sejak dari itu, anak-anak saya mula mengagumi ayahanda dan kami sekeluarga merasa amat dekat dengan ayahanda..

Ayahanada Tun,

Saya amat berharap anak ayahanda Datuk Mukriz akan dapat meneruskan kesinambungan kepimpinan ayahanda satu hari nanti. Semoga ayahanda dan bonda Tun Dr Siti Hasmah serta keluarga sentiasa dilimpahi kesihatan yang baik dan dilindungi Allah s.w.t.

Assalamu Alaikum Tun,

Tun, I believe strong brotherhood in Islam among the Muslims could be enhanced and and shawn doest not merely by praying side-by-side during the prayers time. Sometime sincerety in wishing our fellow brother Muslims to get blessed from Allah would be more meaningful by submitting our prayer for our brother to Allah is done secretly without telling them that we are praying for them.

Dear Ramlan 135,

Seperti Tun yang berharap, kita sebagai rakyat Malaysia, kita mesti menyanyangi negara kita dan pintar dalam pilihan raya. Krisis wang yang telah berlaku di USA dan dunia adalah disebabkan krisis 'yakin' apabila setiap negara yang terlibat tidak berkeyakinan antara satu sama lain. Di Malaysia, selepas krisis 1998, BNM telah membuat banyak perubahan dan sekatan supaya negara kita yang disayangi tidak akan terancam teruk pabila berlakunya krisis kewangan global seperti ini. Jadi, kita kena sabah dan tunggu apa yang akan diumumkan oleh kerajaan untuk mengatasi inflasi yang kian meningkat di Malaysia.

You are an extremely arrogant and egoistic person, you rather die then make peace with those who dont see or understand your ways. The ones who trully know you will agree with me. You hate Abdullah for not carrying out your projects, which i belief made you poorer by few millions i guess. Am i right. Another thing you are making a joke out of yourself first you say that Najib doesnt deserve the premier position but now you are backing him cause you now he is going to be regardless of what you think. You are pathetic and you know it. How come when you were governing no one was allowed to criticize you but now you are doing it, shows the hypocrite you are. Trust me no one is going to remember you, in the long run and thats the fact.

Saya faham perasaan Tun....

Ada di antara kami maklum dan mengetahui bagaimana rasanya menjadi tumpuan dan perhatian ramai....adakalanya kita seperti ingin bersendirian dan tidak diperhatikan terutama dalam melakukan sesuatu yang kita anggap peribadi....kalaulah sembahyang berjemaah itu Tun anggap peribadi...tetapi Tun mungkin berasa lebih khusyuk dengan cara Tun itu....itu antara Tun dan Allah sahaja.

Tun sekali lagi saya

Salam,

Yang paling afdal sebagai seorang muslim adalah keikhlasan hati.

Seperti juga pertandingan umno, ikhlas bertanding kita selamat, kalau tak, makan tuan. Seorang pemimpin yg sadar kehadiran kuasa Allah taala, melebihi yang lain, akan menyelamatkan orang yang mereka pimpin.

Maaf, saya jangkakan pertandingan umno, sekiranya pemimpin yang ada tidak berhati hati dan ikhlas, saya khuatir juga tidak lama seperti kita minta Pak lah atau presiden yg ada untuk turun dari kepimpinan.

Pada mulanya, saya setuju kepimpinan yg ada diambil alih, tetapi setelah melihat situasi sekarang, saya khuatir ianya akan lebih teruk melainkan kepimpinan yg ada benar benar dibawah tunjak kepimpinan mereka yg tiada langsung kepentingan dan boleh kedepan untuk bersuara dan bukan lagi streotype. Bukan untuk cari duit untuk jadi pemimpin.

Pembangkang menang oleh kerana suara pemuda mereka yg lantang, bukan ahli veteran dan jauh sekali puteri pembangkang yg langsung tidak kelihatan, tetapi disebabkan pemuda mereka yg dibangkitkan semangat juang dan disusul perasaan dendam yang diluahkan oleh kerana ketinggalan dari bangsa lain, tidakkah kita sedar ini yang berlaku.

Maka, kepimpinan yg ada perlu menerima mereka yg boleh bersuara seperti Nur Jazlan, beliau bangkit dalam kemelut mencari pemimpin yg berkualiti, mengapa tidak diberi peluang.

Kita tidak akan menerima perubahan sekiranya, kepimpinan yang ada adalah pemimpin lama yg saya lihat masih mempunyai agenda sendiri, saya jangkakan yang ada juga tidak lama.

ikhlas, saarah hj ali bashah

Anwar not revealing new date

KUALA LUMPUR: Opposition leader Datuk Seri Anwar Ibrahim does not want to reveal the new date in which he proposes to take over the Federal Government.

When pressed by reporters, he said: "I will not mention it (the date). At the appropriate time ... we will see a change.

"If the people want a change ... no power can prevent and stop it," he said at his Hari Raya Aidilfitri open house at the Sultan Sulaiman Club in Kampung Baru here.

In Kota Baru last Friday, Anwar, the MP for Permatang Pauh and Parti Keadilan Rakyat (PKR) adviser, said Pakatan Rakyat would set up a new federal government before Hari Raya Aidiladha on Dec 8.

Comment:

Anwar is the greatest AUTAMAN politician in the world never happen in mordern history.A real conman of the first degree.

Anwar ini boleh diibaratkan seorang penjual ubat dibelakang Masjid India. Bila ramai berkeruman disekelangnya mendengar "sales talk" dia, lagi seronoklah dia. Macam-macam dia boleh tunjuk gaya dia bercakap sampai orang-orang yang mendengarnya tercopong mulut hingga boleh masuk lalat dimulut mereka.

Itulah kelebihan Anwar. Prinsip politiknya seperti "ular".

DEAREST TUN,

PLEASE COMMENT ON THESE:

Gerakan president, Koh Tsu Koon suggested that Pak Lah to be named bapa demokrasi malaysia however I strongly feel that the title "BAPA MERTUA KHAIRY JAMALUDDIN" suits him better.

Gerakan tried to champion for a multiracial single party BN, looking at what happened during their recent general assembly, not a single malay candidate won. Citing inexperience in the malay candidates.

This is what will happen once the malay become liberal. Thank god it shows now.

Dear Tun,
Just to wish u a Selamat Hari Raya.. altho I feel you do have your little hiccups, you have done so much for Malaysia, and with that I extend my heart most gratitude..

When I was growing up, I had read an article in, NST/Star (I cannot recall), a biography by ur wife, and I must say, Congratulation on having a wonderful union many would envy.

I hope Allah blesses you & your family a long life, for I personally as a Malaysia have yet to learn enough from you.

Thank you and semoga Allah memanjangkan umur & memurahkan rezeki Tun sekeluarga.. insyaAllah.

Salam Tun,

You are NOT a bad Muslim if you pray outside the main hall, it is bad if you are a VIP and jump que.

It is also bad to be the PM for six years and did nothing but promise everyone you will do everything possible within six months and then leave.

And if you fail just blame your predecessor.

And the next PM can adopt the same excuse if he fails to achieve anything. But it is easier for Najib to outdo his predecessor than to outdo you Tun.

Wassalam

By darthvader on October 13, 2008 2:39 PM

Alo Brader,

Why are you changing your stand now? Why dont you just speak the truth? You dont have to give excuses. If you dont like him just say openly you dont like him like what you have been doing all this while. You dont have to tell the whole world now that you like him but give an excuse like you have to pray outside because that's your normal place of praying.

salam tok det yg dikasihi,

sekali lg saya nak berckp ttg tnb.2 hari lepas dlm surat khabar. TNB untung tapi untung susut. bukan sikit. hampir 1Billion. ini bermakna tnb rugilah.

dilaporkan tnb adalah penghutang terbesar negara.duit yg ada skrg hanya cukup utk tampung operasi tnb selama 12 bln shj lagi. apa akan jadi selepas itu. nak pinjam dari mana lagi. kalau tnb bankrap apa akan jadi kpd negara??

projek bakun mungkin tak dpt diteruskan kalau kegawatan ekonomi berterusan kerana buat masa skrg tiada pihak yg nak bg pinjam dkt tnb. sapa nak bg pinjam kalau asyik rugi je. tiap2 tahun lapor untung. tapi untung setiap tahun berkurangan. lama2 tak dak untung langsung!!!

macam manalah keadaan ini tak berlaku. TNB supply elektrik lebih tapi hasil jualan yang tnb dapat sikit. mcm mana nak dapat lebih kalau orang dok pakai elektrik free...rakyat yang bawah jugak menderita sebab tak dak duit nak upah orang TNB utk ubahsuai meter!!

rakyat nak jumpa pemimpin nak bantu pemimpin utk dpt balik duit yg hilang tu. tapi kata orang kanan pemimpin, "saya dah serah, tapi dia buat tak heran saja.."

betul ke. kalau betul tak tau lah apa nasib negara selepas ini. suara rakyat pun tak nak dengar. depa tau nak naik tarif saja. yang kaya tetap dok bayar banyak tu jugak. yg tak kaya yang kena bayar lebih. dulu bil rm50 sebulan. sekarang rm 80 sebulan.bil rumah orang kaya pun rm 80 sebab orang TNB "tolong" bagi slow meter depa.

wahai bloggers semua, jgnla duduk diam. marilah bangun gesa Dato' Najib (bakal PM kita) utk campur tgn. orang kanan dia semua tak boleh pakai. nak sembunyi kebenaran sebab depa boleh makan reward!! nama UMNO jugak yang busuk!!

Dear Tun,

Praying on the front row is always the best - encourages people to come early. Yet again it's up to the individual on how much they want from Allah. Optimumly become the Iman on every Friday Prayer.

Touching on other issue raised by Dalailama, I agree with him or her very much i.e the most effective way to gain support in Malaysia today is to campaign against somebody - very successful tactic employed by the PR group. Other excellent tactic employed by the opposition is to blame every failures on somebody else that the people hate.

Assalamu`alaikum Tun,

I can still remember in my younger days that you would always pray outside the main prayer hall of Masjid Negara next to the fountain pool whenever you are in KL. I had observed this practice since 1984 when my father used to take me for Friday prayers there. So there shouldn't be any adverse insinuation.

Wishing you the best of health and Allah's blessings.

Ayahanda Tun sekeluarga, assalamualaikum.....

Kepada Sang Penyibuk dan Sang Pengampu, janganlah cari publisiti murahan dengan memberi komen tentang isu yang remeh temeh. Buang masa sahaja. Ruangan ini adalah tempat akar umbi memberi pandangan/komen untuk kebaikan semua, bukannya untuk meluahkan perasaan atau cuba mendedahkan kelemahan Ayahanda Tun. Sembahyang tiang agama, juga merupakan rukun Islam yang kedua. Kita ke masjid bukan kerana pemimpin, nawaitu kita kerana Allah s.w.t. Tak tahulah kalau ada yang ke masjid kerana nawaitunya hendak menunjuk muka kepada bosnya. Nauzubillah.....

Selain membaca komen – komen yang ditulis oleh Ayahanda Tun kita juga harus memberi komen yang membina bagi berkongsi pendapat dalam memikirkan sesuatu untuk kesejahteraan bersama. Jika diamati secara detail didapati setiap patah perkataan yang ditulis oleh Ayahanda Tun menepati kehendak rakyat yang mementingkan kesejahteraan. Lainlah jika mereka itu mempunyai nawaitu yang berbeza dan bernafsu unlimited. Perbezaan pendapat tidak bermakna perpecahan tetapi berdendam sesama sendiri adalah unsur – unsur perpecahan. 8 Mac 2008 telah menjadi bukti.

Untuk menzahirkan demokrasi di dalam Umno pertandingan dihalalkan, yang pasti ada yang menang ada yang kecundang. Ada lagi yang bertambah parah iaitu digantung keahlian kerana sebab – sebab tertentu. Persoalannya adakah mereka yang kecewa ini akan berdiam diri menjelang PRU 13 nanti. Bagaimana pula dengan pengkhianat parti semasa PRU 2004 dan 2008 boleh menjelma sebagai HERO dalam pemilihan parti kali ini. Inilah uniknya demokrasi di dalam Umno.

Yang pasti dendam sesama mereka tetap berpanjangan walaupun nampak tenang dipermukaan. Adakah pucuk pimpinan Umno selesa dengan keadaan ini. Adakah memadamkan dengan menghantar wakil/pemantau yang tidak dapat dikenalpasti keikhlasannya untuk mengetahui kedudukan sebenar yang berlaku di bahagian/cawangan. Contoh yang paling mudah, kenapa Umno Kelantan masih gagal menawan kembali semenjak kecundang pada tahun 1990.

Cakap – cakap di kedai kopi mengatakan kemenangan Umno dalam PRU tidak penting, yang penting kedudukan di dalam bahagian. Hujah ini dikuatkan lagi dengan bukti semasa PRU 11 dan 12 lalu, terdapat satu bahagian di Kelantan dimana tidak sampai 30% Ajknya yang bekerja kuat membantu untuk kemenangan calon Umno sebaliknya memburukkan lagi dengan menyebarkan SMS berbaur fitnah

terhadap calon parti mereka sendiri. Ianya seperti membuka ruang kemenangan kepada pembangkang.

Berbeza semasa pemilihan di cawangan dan bahagian, mereka yang terlibat ini bekerja keras bagi memastikan pengkhianat tersebut menjadi HERO. Amat mustahil jika pucuk pimpinan parti tidak tahu tentang hal ini. Ini baru satu bahagian di Kelantan, belum lagi di bahagian - bahagian lain atau pun negeri - negeri lain. Adakah setakat berdiam diri sahaja. Tepuk dada tanya selera.

Seperti yang Ayahanda Tun cakap apa guna menjadi Pengerusi Perhubungan Umno Negeri jika tidak mampu menjadi Menteri Besar dan yang lebih penting lagi apa guna menjadi Presiden jika setakat menjadi Ketua Pembangkang di Parlimen. Fikir - fikirkan

Assalamualaikum Tun..

Komen Tun kali ni menarik minat saya untuk bagi komen, bukan apa, baca ja pasal ni terus saya teringat arwah tok saya dulu..

Masa saya sekolah rendah dulu, dalam tahun 90-an, saya selalu tgk siaran langsung sembahyang Jumaat dengan arwah tok saya..Arwah tok saya ni memang sayang dan suka kat Tun sangat2..

Yang saya ni pulak masa tu bukan dok dengaq sangat apa yang Tok Imam dok baca khutbah tu, saya dok depan TV tu sebab nak cari tgk Tun dok sembahyang tang mana..hehe (masa tu saya kecik lg la no, tp arwah Tok saya dengaq la khutbah tu)

Kalau 1 minggu tu saya x dapat cari Tun time sembahyang tu mesti saya frust..saya akan salahkan cameraman sebab xcari TUN..hehe

saya tanya jugak kat arwah tok saya kenapa Dr. Mahathir tu sembahyang kat tepi kolam ja, kan dia PM, awat depa xbagi dia dok kat depan??

Tok saya jawab " Dr. Mahathir memang camtu, dia bukan jenis belagak, walaupun dia PM dia masih bersifat rendah diri dan tak penting diri sendiri..lg pon PM kan sibuk, xsempat mai masjid awai2 tu kena la dok belakang2.."

Apa pun pada saya, tempat solat atau di mana pon kita solat adalah xpenting, yang penting tempat tu bersih dan suci dan semestinya dilakukan dengan hati yang penuh ikhlas dan tawaduk adalah lebih mendapat keberkatan disisi Allah swt..

Salam Tun,

My humble opinion is starting from this Friday, the spot where you always be during the Jumaat Pray will be more occupied than the front saf. Masjid Negara Staff should take extra precaution as more jemaah will be at the pond upon knowing where Tun's favourite place. Also Tun, would recommend that your bodyguard to be extra careful and more vigilant as not only people who loves you read this blog and your existence is a great stumbling block for them to control Malaysia. Please be extra careful . You are our

national treasure.

Dear Tun

It's so funny when I read your snipnet sometimes. Just because you don't pray in the main hall with ABD and Najib, some people interpret you are being a bad muslim.

It's more ironic if you were to pray in the main hall and decided not to speak to ABD & Najib. Well some people just wanted things to write & 'speak up'.

Me, I don't even try to be at your open when you were PM, does that mean I don't like you or respect you!!!.

Gosh... some people just has simple thot.

BTW... I do admire & respect you highly...

Oh dear I must start try to shake you hand in future.

Selamat Hari Raya to Tun & Family

Yang Dihormati Tun & Warga Chedet.com,

Terdapat 430 komen telah diberikan sebelum saya meluahkan komen untuk kali ini. Didapati kebanyakan dari kita hanya memandang permukaan (surface) namun pada saya..entah betul atau tidak..Tun cuba menyampaikan sesuatu disebaliknya kepada kita dari cerita tersebut.

Bila bersolat ni..perkara pokok yang dinilai oleh Allah (melalui pembacaan & pembelajaran saya) ialah niat orang yang mengerjakan solat tersebut. Ulang sekali lagi NIAT.

Reflect dari cerita di atas kepada parti & perjuangan pun begitu juga. Apakah niat atau matlamat kita atas parti yang kita perjuangkan. Jika niat kita luhur, ikhlas untuk agama, bangsa & negara..biar pun kita ahli biasa atau sekadar AJK cawangan..parti akan mendapat impact kebaikan keahlian kita. Namun jika niat kita terpesong, biar pun kita berada di shaf depan (Presiden, timbalan presiden atau ketua bahagian) sekali pun..kita akan menjadi liabiti kepada parti atau dengan bahasa yang lebih mudah..jadilah kita perosak parti.

Berada di shaf depan berat tanggungjawabnya. kita menjadi contoh kepada mereka yang berada di belakang. Namun jika yang berada di shaf depan jitu niatnya, betul rukunnya, tepat bacaannya, faham tanggungjawabnya (kalau imam terbatal..yang paling hampir akan menggantikan iman)..besarlah pula ganjaran yang akan diterima oleh mereka yang berada di shaf hadapan tersebut. Namun kalau sekadar hendak berada di shaf depan tapi tidak tahu akan beban dan tanggungjawab berada di sana..baik kita jadi makmum biasa jer lah.

Depan atau belakang yang paling penting kita berada dalam satu jamaah dan tidak lagi berpecah belah. Saya sayang Tun..saya hormat Najib & PakLah..dan yang paling penting..saya kasihkan UMNO kerana dasar perjuangannya. Parti yang telah pun terbukti berjaya memartabatkan bangsa kita ke persada

dunia. Sedar atau tidak..British panggil kita KAU(Cow) dulunya dan saya tak rela anak cucu kita nanti kembali menjadi LEMBU di tanahair sendiri. Nak harap PKR mungkin nanti kita dipanggil PIG..PIG. Yang sudah tu sudah la...jom lah kita kembali berada di dalam satu jamaah..tak kisah le kita berada di shaf depan atau pun yang paling belakang. Yang pentingnya kita bermaruah di tanah warisan ini.

Saya sudah bernazar dengan Allah s.w.t bahawa apabila Datuk Haji Abdullah bin Haji Badawi jatuh dari jadi Perdana Menteri Malaysia, saya akan menghantar ayat suci al-Quran ke Masjid yang wajib saya tunaikan nanti. Bukannya saya tidak mahu Haji Abdullah Ahmad Badawi menjadi Perdana Menteri Malaysia sebab sehari dia duduk diatas kerusi Perdana Menteri Malaysia, rasa hati ini tidak sedap. Saya bernazar pada Allah untuk menunaikan senaskah ayat suci Al-Quran untuk dihantar ke Masjid.

Dalam hal Najib bin Tun Abdul Razak menjadi Perdana Menteri agar jangan berselindung dibelakang tabir dengan rakyat. Tetapi, Allah s.w.t ada mempunyai cctvNYA yang lebih canggih. Rakyat boleh ditipu. Allah dan Malaikat tak boleh hendak ditipu dengan sandiwara politik. Diminta degan Najib dan Muhiddin Yassin perlu mendampingi rakyat, keluar padang, dan jangan menjadi pemimpin yang mengamal korupsi atau rasuah, menyalah gunakan kuasa keatas rakyat dan negara.

Tun Mahathir di kata diktator, tetapi diktatornya tidak makan daging manusia seperti Idi Amin Presiden Uganda dulu yang tersibar luas cerita dan beritanya di media.

Teringat those days and the appreciation that they show. Those are the people like Abbah yang sekarang dah 89 yr old, yang dah tak berapa nak boleh ingat banyak perkara, tapi still remember Dr. M. dal on October 11,2008 7:13 PM --- well sir, completely disagreed with you on that one. If i still believe what i want to believe, then i believe the world is flat, we are at the center of the universe and the best part is that i still go to heaven eventhough i committed all the sins. And guess what, i might still believe all the above if i am one uneducated person, hardly read any books and being a YES man, agreeing with everything spoon-feed by the authority.

Majority of great leaders read and they read alot. (Pak Lah is not one of them). Thru that they get ideas and make their stand on certain issues. Like to read is one virtue that all of us should have.

Assalamualaikum TUN yang saya hormati dan sanjungi

Terlebih dahulu saya ucapkan SELAMAT HARI RAYA MAAF ZAHIR BATIN buat TUN sekeluarga. Sebagai insan yang kerdil ini ,saya dengan penuh insaf memohon ampun dan maaf tidak terHINGGA kepada TUN kerana keterlanjuran saya ketika saya meyokong Dato seri Anwar ibrahim sekitar tahun 1997.

Banyak kata-kata menghina dan mencerca TUN keluar dari mulut saya ketika itu.

Pada ketika itu pengaruh kepimpinan yang dibawa oleh DSAI begitu kuat dan akhirnya baru saya insaf ketika TUN meninggalkan kepimpinan negara ini. Keinsafan yang tidak terHINGGA sehinggakan saya menitikkan air mata apabila TUN meninggal jawatan yang disandang selama 22 tahun.

Memang tidak saya nafikan ketika TUN berucap saya amat mengkagumi cara TUN berucap dan DUNIA pun tahu kelantangan tun.

Era kegemilangan TUN banyak fokus tentang kesejahteraan rakyat ,baik didalam negara mahupun luar negara.

Malaysia dikenali kerana kebijaksanaan TUN mentadbir negara.

Kini barulah tembelang DSAI pecah dan banyak bercakap bohong kepada orang melayu khususnya.

Saya mata terharu apabila membaca dari lain blogger tentang sifat yang TUN tunjukkan walaupun ketika itu (PM)sanggup menjadi rakyat biasa ketika didalam masjid ALLAH.Sifat ini harus diajarkan kepada pemimpin-pemimpin pelapis era ini.

Moga TUN menjadi penasihat kepada PEMIMPIN ERA Dato seri Najib agar melayu tidak hanyut dengan keangkuhan kerana wang dan kuasa.

Benar kata-kata TUN diakhir pemerintahan

1.MELAYU MUDAH LUPA

2.JANGAN HARAPKAN TONGKAT

3.WANG & RASUAH AKAN HANCURKAN UMNO

4. KUASA TIDAK KEKAL SELAMANYA

Kini saya sedar apa yang TUN maksudkan apabila UMNO kini lemah.
Kembalilah TUN kedalam UMNO untuk memperbetulkan keadaan.

AMIN.....

I am surprise that even prayer also bring disunity as to rumor monger and spreader of the vicious pen of mouth. One must imagine that even the vile of evil does reside within the vicinity of the mosque.

I pray Allah will watch over us that sincerely have HIM in the mind and soul. Creating division and confusion was not in the mind of the Great ONE.

A great prayer may not be with a person of authority and somebody in the provocative popularity. I believe prayer with faith and quietness focusing the spectrum of faith and believing in HIS reverence to evoke blessing from within and above.

In respect of place and association, at time Allah alone is the ultimate source of peace and inspiration.

We pray for unity precede and nation be bless with peace and joy of harmonious relationship.

Dear Tun

how does it feel Tun when yr detractors are actually practising the 'bail out' strategy which u were so heavily criticised for, before. Feels good, doesn't it. U shld write a book Tun - lambast them for the hypocrites that they are.

This past meltdown hs some comparing it to the US Great Depression. What's the writing on the wall - that u see....will we ever see the day the Leader of the Free World - sober up to the realisation that the rest of the world are independent sovereign nations not to be invaded and/ or intimidated at whim.TQ Sir.

Assalamualaikum Dear Tun

I think I am also like you. I like to pray without having to put myself in the limelight; ie in the front row behind the imam. I feel more comfortable to pray just like what you did, although to pray in the first saf and just behind the imam is more rewarding. A person like you able to sit anywhere in the mosque in solat jumaat or any solat with jemaah and to be ambiguous is good,as you can mixed with the common people. You are good at heart and you are very humble, but you work hard and smart.

Boleh dikatakan tiap tiap jumaat saya akan tunggu che det datang solat kat bahagian luar berdekatan tepi kolam..kadang kadang saya akan buat satu gap besar supaya che det akan dpt duduk sebelah saya..tapi kadang2 tempat tu org lain yg dpt duduk.hampa jugalah sebab saya dah reserve tempat tu tuk che det..hehe..tapi takpe..penah satu hari tu che det cuma selang sorang je dengan saya..che det sembahyang sunat time tu and saya perhati che det sampai habis solat sunat..well che det, you are MY IDOL...

isu dekat masjid pun ada orang nak pertikaikan..x ada kerja ke mende mereka ni..pada saya solat dimana pun x mengapa di masjid asalkan tempat itu bersih dan suci..bukan solat dimana patut dipersoalkan tapi apa yang didoakan patut menjadi pengukur apa yang di persoalkan.. :P

Selamat untuk Tun yang dikasihi.

Saya berasa cara Tun tu betul. Dimana2 pun boleh solat dalam mesjid tu. Yang penting Tun fokus terus ikhlas dengan Allah. Bukan nak solat kerana saf dengan orang kenamaan baru diterima solat Tun. Cuma ada masa masa tertentu sahaja Tun patut bersama mereka. Kadang2 orang ramai yang ada sivik memang nak kan Tun juga mesti dan layak mendapat penghormatan sama dalam keadaan tertentu.

Kalau nak kira saya orang kecil dan tak dikenali tetapi puas salam tangan Tun dimana2 tempat resmi yang dikunjungi Tun semasa jadi PM dulu termasuk anak kecil saya sejak umurnya 6 bulan sampai 8 tahun. sekarang dah 10 tahun anak kecil tu tak pernah lepas sebut nama Tun kat bibir dan pandangan dia kat mana mana. Apatah lagi dengan rakyat dewasa.

Harap Tun tulis apa saja dalam blog chedet asalkan bukan hasutan sudah. Kami semua tunggu Tun masuk UMNO balik, dan harap2 dua pemimpin negara nanti kerjakuat dan tadbir negara ada hala tuju (wawasan 2020). Kalau pimpin negara tak ada wawasan maka kerja pun tak ada. Semasa Tun PM dulu, semua orang berebut2 kerjakuat kerana kejar matlamat negara. Orang pun tak ingat, tak kesah pasal politik bodoh macam sekarang, tak banyak cakap, tak gaduh, perkauman tak ada. Tapi la ni dah berani sentuh isu sensitif pada hal pemimpin sesuatu kaum jaga kaum merekalah, sebab ada banyak kerja.

Jangan salahkan isu ekonomi global saja, kerana manusia itu sendiri yang buat spekulasi dan mengawal ekonomi. Mana mana negara yang rakyat mereka suka buat huruhara negara itulah yang ekonominya teruk dan menjejaskan pula negara lain didunia ini.

Walaumacamana pun, belum ada Pemimpin kita selain Tun yang mahu cari investor dan meneruskan usaha dengan negara dunia ketiga. Dah diteroka tapi tak ada yang nak follow-up, sekarang US dah teruk semua negara mengelabah. Sebabnya tak ada wawasan....dan fikiran lemah..

The issue we should talk about, raise and discuss is on the Muslims who "escaped" from prayers!!! especially men who literally excluded themselves from Friday prayers!!!

Assalamualaikum Yang Berbahagia Tun,
Keadaan ekonomi negara semakin meruncing, tetapi para pemimpin kita asyik dok kelam-kabut nak jaga kedudukan. Sekarang bila semua susah cari makan mereka akan cari alternatif. DSAB macam dah surrender tetapi tak tau lah. Jika benarlah berita hari ini menyatakan ada jawatan untuk PM penasihat bagi TUN saya rasa mungkin ada rakyat yang bersetuju tetapi saya berpendapat TUN lebih layak untuk dijadi sebagai rujukan didalam menangani kemelut ekonomi sekarang ini atau lebih dipanggil National Economic Adviser. DSN mungkin akan menerima nasihat TUN dan untuk mengikut telunjuk TUN seperti yang diperkatakan oleh Zaid Ibrahim (Saya pelik dengan manusia ni) mungkin tidak. DSN juga mempunyai kepakaran dan kebijaksanaan tersendiri serta dibantu oleh TMY serta para menteri sekalian. Pada pemerhatian saya, sewaktu TUN menjadi PM kami, Ekonomi juga tidak begitu bagus tetapi semua orang boleh cari makan. Domestik Ekonomi berjalan lancar. Sebagai Contoh satu projek pembangunan dilaksanakan oleh kerajaan yang berjumlah RM100juta. Sewaktu TUN projek secara rundingan terus tetap ada namun Rundingan Terus hanya sebahagian kos sahaja contohnya RM50juta sahaja dan selebihnya telah ditenderkan secara terbuka berjumlah RM50juta. Cuba bayangkan jika ini berlaku sekarang ini berapa ramai orang boleh cari makan. Syarikat yang kecil pun boleh dapat walaupun berjumlah RM100ribu. Sekarang ini kebanyakan projek telah diRunding Terus dengan kesemua bajet. Hanya yang tertentu sahaja yang dapat. Saya tidak menolak projek Rundingan Terus namum janganlah kesemua bajet tersebut dan bagaimana orang nak cari makan. Disini saya rasakan TUN perlu membantu menjanakan kembali ekonomi negara. Harus diingat bahawa walaupun pekerjaan GRO itu tidak bagus tetapi bila orang tidak mampu untuk berkaraoke GRO tidak boleh cari dan mereka mula mencari alternatif yang lain seperti membawa dadah ke luar negara. Para pemimpin kami renungankanlah pandangan ini walaupun contohnya GRO.

Inilah masalahnya orang melayu kita...datang masjid untuk beribadah kemudian membuat cerita yang bukan bukan...bukan sauf mana yang penting untuk sembahyang, tetapi sejauhmana khusyuk hati mengadap Allah.Bila dikatakan b****,mereka ini marah tapi hakikatnya memang jelas sikap jahil sesetengah masyarakat melayu kita.

Tun,saya amat menyokong Tun dalam hal ini.

Ayahanda Tun,

Izinkan hamba membawa diri hamba 20 tahun ke belakang.. masa itu hamba diperingkat akhir alam persekolah rendah.. waktu itu adalah sambutan hari kemerdekaan.. Ayahanda Tun telah ke negeri hamba untuk sambutan tersebut.. diakhir sambutan seperti biasa Tun akan dikerumi oleh orang ramai yg

ingin bersalaman dengan Tun.... hamba yang kecil pun tidak mahu terlepas dari peluang itu.. lalu hamba cuba untuk membolosi barisan orang ramai yg berpusu pusu bersalaman dengan Tun.. apabila hampir melewati hamba, hamba menghulurkan tangan dicelah celah orang ramai... tetapi malangnya Tun tidak sempat salam tangan hamba kerana biasanya orang yang akan capai tangan Tun .. hamba cuma menghulur aje dari celah orang orang dewasa.. hamba tidak mengalah lalu terus berlari ke hujung barisan lalu masuk melalui celah celah itu dan dihulurkan tangan... apabila Tun hampir melewati dihadapan hamba, hamba terus mengoyangkan goyangkan tangan dengan harapan Tun nampak... dan alhamdulillah Tun nampak dan bersalaman dengan hamba.. hamba sungguh teruja dan berasa bertuah.. walaupun badan hamba cuma separuh tinggi tetapi Tun tetap bersalaman dengan hamba.. memori itu senantiasia ada dalam ingatan hamba... jadi kepada mereka mereka yang nak bangkitkan perkara remeh temeh itu tak usahlah... kami mengenali siapa Tun...

AnakLuarNegara

Doa Hamba:

" Ya Allah Tuhan Yang Masa Esa, Ya Rahman Ya Rahim... Hambamu ini menadah kedua tangannya kepadaMu.. Kupohon padamu supaya Engkau membuka hati Ayahnda Tun Mahathir Mohammad untuk kembali ke pangkuan UMNO dan ke pangkuan sebagai pemerintah.. Engkau jadikannya seorang Khalifah untuk membimbing kami ke jalan yang Engkau Redhai, ke jalan kebenaran dan berikanlah kepadanya kesihatan dan kekuatan untuk menyelamatkan rakyat Malaysia dari ambang kehancuran.. selamatkanlah kami wahai Allah dari segala bencana... Maha berkat Engkau ya Tuhan dan maha tinggi Engkau

Wahai Tuhan yg mempunyai kebesaran dan kemuliaan."

'Heavenly Father, we come before you today to ask your forgiveness and to seek your direction and guidance.
We know Your Word says, woe to those who call evil good',
but that is exactly what we have done.
We have lost our spiritual equilibrium and reversed our values.
We have exploited the poor and called it the lottery.
We have rewarded laziness and called it welfare.
We have killed our unborn and called it choice.
We have shot abortionists and called it justifiable.
We have neglected to discipline our children and called it building self-esteem.
We have abused power and called it politics.
We have coveted our neighbor's possessions and called it ambition.
We have polluted the air with profanity and pornography and called it freedom of speech and expression.
We have ridiculed the time Honored Values of our Forefathers and called it enlightenment.
Search us, Oh, God, And know our hearts today;
Cleanse us from every sin and set us free. Amen!'

With God's help, may this prayer sweep over our nation and wholeheartedly become our desire so that we again can be called 'One Nation Under God'.

It is not a big thing that you didn't pray with Pak Lah. It also didn't matter where you choose to perform your prayers as long as we are sincere and give our heart and soul to Allah.

Hope that you will always have the strength to perform your prayers in the future.

Thanks

"Sebaik-baik saf barisan lelaki yang paling depan, dan yang terburuk ialah yang paling belakang, dan sebaik-baik barisan perempuan yang terakhir, dan yang terburuk ialah yang paling depan" (Riwayat Muslim)

Got this from <http://ibnuabbas.wordpress.com/2007/06/27/kesempurnaan-saf/>

There are numerous references (from Hadiths mainly) on this subject.

I was always told that, as far possible, we should attempt to proceed to the first saf (within the masjid - outside the walls of the main hall doesn't count).

I've always admired you, Tun but I think you should refrain from passing judgements where Islam is concerned. My knowledge of Islam is extremely limited and I do not wish to enter into any discussions on the topic other than to point to the fact that your knowledge on the subject is clearly not too deep either.

Assalamualaikum Tun Chedet,

Harap sehat2 la no..

Saya sebenarnya lama dah nak habaq pasai hal ni tapi tak dan, bz sket la kerja la ni. Anyway, ini berkenaan dengan sorang ketua menteri la nak habaq mai. Raya lepaih, 1st time beraya belah mentua..ni kira peristiwa bersejarah la jugak buat saya.so, pagi2 mangkit la nak pi semayang kat masjid negeri,pi ngan bapak mentua n abg ipaq.pak mentua dah habaq awai2 dah, lepaih semayang terus balik.tak payah tunggu khutbah katanya,cerita politik..aaa..sejak bila plak boleh cerita hal2 dunia dlm masjid ni?

Well..lepaih takbir raya,dengan semangatnye pasang telinga nak dengaq penerangan cara2 semayang sunat raya la kan..tiba2..eh?pehal lak ni? Kat depan dah siap sedia 3 org dengan camera,macam kelam kabut sikit kat depan mimbar tu. Tok bilal ka sapa tah kat depan buat announcement "kita menjemput ketua menteri bagi ucapan"..terpelengong jap saya.aik?sejak bila semayang raya ada event camni?

So, ketua menteri tu pun berceritalah pasal sejarah2 pencapaian negeri di bawah kepimpinan beliau, apa anugerah2 terkini yg di menangi/diperolehi baru2 ni yg akan menjadi catitan sejarah negeri . sambil lip lap lip lap flash camera 2-3 biji dok amik gambaq dia depan mimbar masjid negeri tu (this event happened inside the mosque!). Kira bertambah glamer la lagi beliau lepaih ni masuk majalah mana saya pun tak pasti la kan.as to me "what da?!",boringnyee..bile nak semayang ni?..wey, org nak balik cepat la nak beraya ngan kuarga la woi!hang takdak famili ka woi! Ni kalau kat kampung saya ni silap2 kena punggai ngan sipar dah ni! haa..baru jadi hari ini dlm sejarah.

Saya tepuk peha mentua saya, sambil senyum.."maafalah ayah,tak pernah saya pi semayang raya ada benda macam ni"

Mana tak geram tun org dah la penat posa sebulan, hari ni la hari bersejarah nak celebrate ngan kuarga mentua pulak.yg dia dok sebok crita pasai benda yg tak kena mengena ni pasai pa? nak masuk dalam buku sejarah utk periksa SPM ka kawan? Aiyooo

To me, I don't have any probs with him until dat morning.frankly I don't rili know him. Maybe his a good guy,managing the state accordingly (I hope so),I don't know,he's not my leader. tapi..consider la sikit, org nak balik beraya ngan famili ni..pastu nak pi rumah sedara mara lagi.apa kata u print je u punye text then send to rumah ke rumah,nanti kitorang baca la bila ada masa. Ini hari raya, bukan hari pilihanraya! Cit! Selamat Hari Raya Tun, dari saya n family.Maaf kalau ada salah silap bahasa. Tima kaseh for glorious leadership to our beloved country.

Powered by Movable Type Personalpite being the head of a legal firm of a hundred lawyers and being also well-heeled. During the elections he was in Perth, Australia.

2. The startled party and party officials suddenly found Zaid appointed as Minister in the Prime Minister's Department responsible for law. They were puzzled by Abdullah's choice. But then it is not so unexpected after all because he appointed another campaigner for PAS as Deputy Minister, and a man with dubious past as Senator and Minister.

3. The moment Zaid was appointed he went to town. Apparently without bothering to consult the Cabinet or the Prime Minister he publicly proposed so-called legal and judicial reforms. He proposed that judges should be appointed by a panel on which sit several members of the Bar Council. He did not think it odd that members of the bar would in the course of their work be facing the judges they appointed. I suppose he thinks that it will be alright because gratefulness is not a Malaysian value.

4. It would seem that his Cabinet colleagues were not happy with his proposal as well as his failure to inform the Cabinet about this major change. Since it is the Agong who will appoint the judges his idea might not be welcome by the Agong or the Rulers' Council.
5. In the past if the candidate was rejected by the Agong only the Prime Minister would know about it. But with Zaid's proposal rejection by the Agong can result in a public scandal.
6. The Bar Council would want to know why. If the explanation is not forthcoming then the Bar will organise a forum to debate whether their candidate can be rejected by whomever. The findings of such a debate would show that no one, absolutely no one can reject the Bar with impunity.
7. Zaid also resurrected the case of Tun Salleh Abbas. The Government then decided to award ex-gratia payments to the "unfortunate" judges although all the judges were being paid two pensions and one at least was being paid three pensions. They were obviously not starving.
8. True to the Government record of being open and transparent the amount paid is not revealed. I wonder whether the money came from Zaid's pocket or from the taxes paid by the rakyat.
9. Now of course Zaid has resigned and is aligned with the opposition over the detention under the ISA of Teresa Kok.
10. People accuse me of making wrong choices but in the case of Zaid it looks like the current PM has inherited my weakness.
11. One can afford to have principles when one is rich and does not have to depend on the small allowance of a Minister.
12. My deep respect for this one Minister who seem unconcerned about his allowances.
13. Incidentally former Minister, Tan Sri Kadir Sheikh Fadzir also resigned but he did not have a very big and profitable law practice.

Am I the first?

As I say before, many lawyers think they are the smartest people on earth simply because the can still get rich despite not able to do Maths and Science.

Heard some specific Singh lawyers charged customers a hefty some of RM80K with the payment up front before the appear in court. Some customers had their cases thrown out simply because they failed to come up with the face money.

By Neil on October 8, 2008 4:25 PM

Tun, If you all can be half of Zaid Ibrahim,we the rakyat will be damn proud.Do what you preach.Zaid is not like you who speak racism when ever you open your mouth.Zaid is a man of words.When he say resign,he means it,not like you who say 'I will leave quietly'but still trying to pull string from behind.Shame on you,a person who never takes words or promise seriously.May be like what you say 'I keep on forgetting'.Tun, I'm now beginning to seriously think that you are indeed having Parkinson Disease.For Christ sake go and check yourself into a first class specialist center,since you are so rich after 22 years of milking the country.Those corrupt money ,if not spent ,can't be taken to hell.In hell you don't need this money anymore.So with your age catching up,Tun, it's timely that you keep us out of your daily barking.We are indeed tired of you.

Of course he's rich....you need to be somebody's daughter or son to be considered to work in his firm.....that small allowance is nothing to him compared to all the work given by the opposition to his law firm.....

This is the real "ULTRA" Malay for me.....they feel really embarassed if people know they are Malay.....

Thanks Tun for you deep thought....

institusi kehakiman sepatutnya hendaklah bebas dari mana-mana pengaruh. ditakuti ada pihak yang punya kepentingan mengambil peluang jika punya 'orang dalam' di dalam institusi kehakiman tersebut.

mungkin si zahid ini jujur dalam memberikan pendapat atau mungkin beliau punya agenda yang tersembunyi.

yang paling ditakuti, permainan politik org atasan yang melibatkan institusi kehakiman demi kepentingan masing-masing membawa keburukan pada rakyat di bawah...

nampak gaya undang-undang ciptaan manusia terbukti banyak kelemahan & mudah dimanipulasi oleh orang-orang yang berpengaruh. tak begitu tun?

SALAM TUN,

Zaid Ibrahim

Know something about Zaid Ibrahim appointment as Minister.
It was obviously a big mistake. All ministers know him, UMNO members know him and Malaysians know about him.

He is not famous because of his vast experience.
He is famous because of problems.
In short because of all problems that he's created.

The other one who followed him very close is Shahrir Samad.
Very close.....

However who appointed all this Ministers in the cabinet.
Very simple question with simple answer.

The one who's lack capabilities of strength and honesty.
No need to talk about the other criteria.
Only two main criterias. Only two.....
Two criterias of good leader that we need today and future.

WASALAM

In short because of all problems that he's created.

The other one who followed him very close is Shahrir Samad.
Very close.....

However who appointed all this Ministers in the cabinet.
Very simple question with simple answer.

The one who's lack capabilities of strength and honesty.
No need to talk about the other criteria.
Only two main criterias. Only two.....
Two criterias of good leader that we need today and future.

Zaid's possible cross over will sting Prime Minister Datuk Seri Abdullah Ahmad Badawi more than Umno because it was the latter who appointed the maverick politician a senator and made him a minister after the March 8 general election.

Zaid quit the Cabinet after the government used the Internal Security Act on a journalist, an opposition politician and a blogger. He also said that he was disillusioned because of resistance he faced in the Cabinet when pushing for reforms to the judiciary, especially the setting up of the Judicial Appointments Commission.

In many ways, if he leaves Umno, it will not be surprising. He has pushed for more transparency; a review of the ISA; equality for all races and a complete overhaul of the beleaguered judiciary — issues which do not have much traction in the ruling party.

Kemana harusku bawakan
Kemana harusku sematkan cinta ini

Betapa

Gagah menjunjung senjata
Namun hati rela berjuang

Walau dengan cara sendiri
Demi cinta ini

Ku ingin sampaikan pesanan

Salam,
I'm truly dead dumb when it is coming to politic, especially those with hidden agenda. But my plain thinking telling me that this fella is a great pirate. He jump from one ship to one ship to get his loots. Seeing that BN ship near sinking and with the leader as stubborn as a donkey, he jumped to another ship which he sees about to set sail so that he can pillage more island of wealth happen to surround our country.

Or maybe he just want to have his name craved on stone to be the one who started the winds of change in judicial scenario in Malaysia. But that one should not be worry, in the end all of us have our name craved on a stone. unless you be sleeping with the fishing in the end of you life.

saya rasa negara kita masih belum stabil sepenuhnya.
pergolakan dalaman masih berlaku.
dan kini,
saya masih menunggu siapakah pemimpin yang dapat mengembalikan zaman kegemilangan kita seperti yang dibawa oleh tun dahulu.
saya masih menanti.
tapi buat masa sekarang saya tidak nampak ada sesiapa yang dapat menggantikan tun lagi.

tun, sampai bilakah akan jadi begini.?
pada pandangan tun, siapakah yang sebenarnya layak tanpa mengira apa jua fahaman politik.
siapakah yang tulus dan selayaknya untuk memimpin kita semua.?

Assalamualaikum Tun.

Saya bukanlah peguam, atau ahli politik. Saya mengikuti perkembangan politik hanya melalui media. Pemilihan zaid sebagai menteri yang menjaga undang-undang benar-benar mengejutkan berdasarkan kes-kes yang dipaparkan di media mengenai beliau. Tindakan beliau menyingkap kisah lama kehakiman dan membuat pengumuman-pengumuman melalui di media menggambarkan sikapnya yang angkuh.

Saya begitu hairan siapakah yang mencadangkan zaid sebagai menteri undang-undang kepada Pak Lah. Dah tak ada orang lain lagi ka di Malaysia ni. Lepas tu lantik begitu ramai penasihat bertaraf menteri! tapi apa sebenarnya yang dinasihatkan.

Saya rasa lebih baik lantik Tun sorang saja menjadi penasihat kepada Kerajaan Malaysia supaya tindakan-tindakan kerajaan tak lah merapu macam sekarang ni. Ucapan Ikhlas dari saya - terima kasih Tun kerana membangunkan Malaysia dengan makmur dan sejahtera sebelum di'ronyeh' oleh pemimpin yang tak minat memimpin.

Tun,

Zaid Ibrahim had hidden agendas the moment he stepped into office. I believe some people do things in order to ensure their well-being be it financially or socially. In Zaid's case everybody knows the reason why.

2. Zaid has been a failure as a politician from the word go. He is into his own world and made everybody confused. He couldn't even get support from Kota Baru and yet he had the cheek to tell us how to run things.

3. The 'best' thing about Zaid is that he was on the same platform with the opposition leaders the day after he tendered his resignation. That shows his true colours. He told everybody that he was a man of principles and for that he resigned. On the contrary! Of all the politicians, be it in the government or opposition, Zaid is a man without any principles.

4. How could he had accepted the post of a minister if he didn't agree with the government on so many things. He should have said "No. I have to turn down the offer for I have my own principles." But this Kota Baru clown accepted it and decided to be a celebrity. His big boss enjoyed his antics initially, especially when he started to tarnish the image of certain respected (but retired) leaders but suddenly this guy turned berserk.

5. Zaid Ibrahim is another minus point for Pak Lah. There are quite a few more actually. Names like Ismail Sabri, Shaberi Chik, Nazri popped up instantly.

6. Politicians like Zaid make you sick.(KJ too)

Take care Tun

By demak_merdeka on October 8, 2008 4:48 PM

11. One can afford to have principles when one is rich and does not have to depend on the small allowance of a Minister.

I totally agree with your statement above TUN...."bull's eye"

By Abi.AyyubAuthor Profile Page on October 8, 2008 4:50 PM

Tun,

Every leader has their way of doing things. Some are by themselves smart enough, while others depended on other people. So the current PM has his advisors, and what Malaysia is today, is partly due to that leadership.

With the situation of the day, all of us wants the best, and our best defer from the rest. That's why, we need, a good and steady TWO PARTY SYSTEM, then we the rakyat has the CHOICE, and whoever governs well gets to continue.

Give this system a chance, the best leader will come forward.

Sesuat yang menarik al kisah nya ZAID the de facto minister.
Para 11 mencuit hati saya.
Begitu lah gaya penulisan TUN yang seronok dan tidak menjemukan untuk terus membaca.
Pak Lah dah tersalah pilih lah. Al maklum lah Pak Lah mungkin tak tahu al kisah sebenar nya si Zaid ni telah menyokong PAS kerana sakit hati.
Atau Pak Lah mungkin nak pujuk kot...boleh bantu tolong selesaikan masaalah perundangan negara.
Tapi sebalik menikam dari belakang.
Mujur lah dia berprinsip,kalau tidak lagi bertambah huru hara negara dibuat nya.
Harap esuk boleh lah TUN tulis pula tentang apa2 keputusan yang mungkin telah pun Pak Lah umumkan pendirian nya dalam kedudukan jawatan nya.
Rakyat dah tak sabar nak dengar pengumuman penting nya.

Tun,

Saya telah mengikuti blog ini sejak awal lagi, tapi cerita Zaid ini menarik minat saya untuk komen. Tak banyak orang tau Zaid Ibrahim & Co (ZICO) has made his money as LA for most of the privatisation project that was promoted during your time, off course macam Tun selalu kata orang Melayu macam Zaid ini mudah lupa where he made his fortune.

I also do recall masa dok kecoh kecoh degan hakim ni, he is supporting you as Presiden Persatuan Peguam Muslim Malaysia. Ada org kata Persatuan ini Zaid punya alternatif platform pasai masa tu he cant penetrate Bar Council.

Heran pasai apa dia tak lawan ISA habis habisan masa tu when you PM and DSAI is TPM.

Selamat Hari Raya to you and Tun Siti Hasmah.....sorry cant attend your Rumah terbuka for SAHOCA at Yayasan Perdana.....ada hal sikit.

Dear Tun,

Yes Tun, you are right in saying that the PM must have inherited your weakness. And having to bring in gays like Dato Muhammad Taib back as a minister, and without having to contest the election, is something I could not understand. Wasn't he the one who got caught at an Australian airport and lied that he could understand English? I don't think you would want to take in gays like this...would you Tun?

By joshua jeremy on October 8, 2008 4:57 PM

Tun,

Prinsip yang perlu dipegang dalam hidup ini adalah dengan membuat pilihan yang paling adil. (adil satu perkara yang subjektif)

Kita pilih untuk jadi manusia yang berguna kepada masyarakat atau kita pilih untuk jadi insan yang tidak berguna langsung.

Dan pada saya, saya pilih BN adalah kerana saya yakin pada parti ini.

Begitu juga rakyat kelantan pilih PAS kerana dengan keyakinan mereka sendiri.

Pilihan raya lalu rakyat pilih beberapa kerusi parlimen dan DUN atas calon Pakatan Rakyat sebab mereka yakin dan diyakini dengan manifesto PR.

Pun begitu, Rakyat masih pilih BN atas apa yang diyakini oleh mereka.

Jadi Tun kena adil dengan setiap pilihan rakyat.

Hari ini kita nampak terdapat ramai pihak meminta agar Pak Lah letak Jawatan. tapi pak Lah pilih untuk kekalkan jawatan PM dan Presiden UMNO atas keyakinan beliau sendiri (sama ada baik atau sebaliknya) tuhan saja yang tahu.

Begitu juga Tun, letak jawatan pada 2003 atas pilihan tun dan lantik Pak Lah atas keyakinan pak lah.

Oleh itu, kita patut hargai setiap pilihan manusia terutamanya pilihan rakyat.

Mana ada seorang pemimpin yang maksum
Semua kita ini ada buat dosa sama ada kecil mahupun besar
Tun pun jangan nafi banyak buat kesilapan semasa memerintah Malaysia
Begitu juga Pak Lah tidak lari daripada buat kesilapan.

Dear Tun.
Selamat Hari Raya, Maaf Zahir dan batin.
Very sad and sick of what happen nowadays. We are facing tons and tons of problem, Externally,
1. the world is experiencing economy slowdown, possible recession. I was told that this recession may be as bad as the one during 1920 to 1930.
2. Market "crocodile" has push up the oil price from USD10 30 years ago to USD90 in October 2008.
Internally we are facing
1. Political very unstable.
2. High cost of living.
3. increase crime rate.

And yet, our leaders still fighting for their own gain, especially our "bapa kejatuhan"
It is sad to learn that most of our leader have an IQ of less than 70. Some of our leaders have a brain as big as a peanut.
Some of them even sold their soul to devil. If not so, why most of our leaders behave like that.
I must say, tun, some leader hand pick by you also like that, their skin is thicker than elephant buttock, they don't even know the word "Malu"
So, please, Tun, please show us a way to survive, show us a way to overcome what we are facing, external problem might be difficult, but you should have ways to overcome our internal problem.
At least, please help show us how to get rid of thick skin leaders, IQ 70 leaders and the greatest young and sombong leader graduate from a great university of great country name "UK"

Thanks and take good care.
By Jeffrey on October 8, 2008 5:01 PM

Dear Tun,

By this article of yours, it reminds me of the need for leaders to look at the big picture. More often than not, we can't have an ideal solution to a problem so, weighing all factors and make the right decision is imperative. The problem is people tend to perceive in their own narrow perspective. Who should judge?

Salam Tun and readers,

OOooo ... baru saya tauu...

Apa yang saya faham :-

- Perlantikan Zaid memang tidak disenangi dari mula lagi oleh Kabinet (ishhh abis tu apa Agenda Pak Lah lantik dia ni? Geng KJ ker?)
- Zaid kerja ikut kepala dia bukan memikul amanah dengan tanggungjawab (buang karan tull!)
- Zaid talam 3 muka - BN - PAS - PKR (peh suke ati dia ajer)
- Zaid sepupu dengan Bar Council (Aik peguam lawan tokeh dengan majistret ?)
- Aik majistret dapat pencen 2 - 3 ganda ? Bahagi 2 dengan Zaid ker? (Patut Zaid tak kesah pasal elaun menteri)

Last sekali tak patut tuduh Tun salah pilih Pak Lah, coz bukan Tun yg suruh Pak Lah wat benda2 bodo tuh,
Semua yang TUN nasihat dia REJECT

tu yg kena KETULAHAN... semua menda dia pilih lagi HAMPEH...

PAK LAH BERTANGGUNG JAWAB SEPENUHNYA ATAS TINDAKAN NYA !!

REMINDER : Reason Tun pilih Pak Lah kan sebab dia Mr.CLEAN tapi mana TUN tahu PAK LAH akan KELABU MATA bila jadi PM

So, masuk lagi satu kriteria utk

BAKAL PM - TIDAK BOLEH DI BELI DENGAN WANG
By Abi QalamAuthor Profile Page on October 8, 2008 5:06 PM

Yg Bhg Tun,

Sungguh, Zaid hanya mampu 'test power' tapi tak berapa berjaya. Terlalu banyak tekanan, kiri kanan depan belakang, bertambah pula dengan 'entah apa intention' yang ada didalam kalbunya, jadi sudah tentu jika kehendak dan keinginan yang ingin dilakukannya tidak tercapai, mestilah ada unsur merajuk. Cuma, kita boleh lihat kesan negatif yang wujud, yang paling jelas Bar Council dpt dapat taring lebih panjang..

Salam Tun dan Toh Puan,

Kalau benar lah ape yang di tulis oleh Tun, bahawa tingkah laku Zaid samasa pilihanraya dan semasa dia dilantik menjadi Menteri...dan berperangai macam tu...memang selayak nye dia meletak jawatan ...lagi cepat lagi bagus...lagi pun dia bukan wakil rakyat...BN kalah teruk di Kelantan...berkemungkinan kerana dia.

Zaid telah membuat rakyat marah...dia telah membuatkan rakyat geram kerana duit rakyat digunakan tanpa memberitahu rakyat berapa jumlah wang yang dibayar sebagai ex-garte... sedih saya lihat hakim yang dapat 2-3 duit pencen...masih tak cukup...mereka diam...kenapa zaid nak bising2!...kesemua hakim itu tahu bahawa tindakan mereka melawan kerajaan dan melanggar arahan memberi contoh yang buruk kepada pengamal undang-undang. Tindakan mereka tidak mencerminkan seorang pengamal undang-undang.

Zaid cakap tentang perubahan yang hendak dilakukan...ikut suka hati dia sahaja...dia cuba nak menunjukkan hero di dalam undang-undang Malaysia... dia kena faham undang-undang kerajaan juga mengambil pandangan pengamal undang-undang dan masyarakat dan istitusi raja-raja. Bukan suka hati nak buat undang-undang.

Zaid nak letak jawatan...sila letak jawatan dengan hormat sebelum DITENDANG oleh masyarakat!

Rakyat sekarang lebih berkuasa daripada PM dan TPM!

Rakyat dah bosan dengan hanya bercakap-cakap tanpa perubahan fizikal dan rohani.

Rakyat lagi bertambah jemu dengan sistem undang-undang yang tak boleh pakai!

Tun saya minta Tun buat satu forum dan keluarkan buku....

Buka tembelang muka-muka penyangank bangsa, agama dan negara!

Tun kami perlukan Tun....

Kami perlukan sentuhan Tun ...mereka lembab Tun!...mereka macam tak tahu buat kerja....apa mereka buat?

Rakyat bosan Tun...kita tidak menjadi bangsa , negara yang berjaya...berjaya bercakap tak habis2.

Tun jadilah PM semula...

Kami perlukan Tun!

1) After Zahid, Pak Lah wants to do the same. Just a few days ago he reminded everyone that he will continue with the judicial reforms as promised.

2) And he is leaving in few months or few days time. Who cares what happens next. He is so irresponsible.

3) Kelabu asap, what is he trying to do. I hope he can remember the day and time when all this is hapenning. It can be fatal(sounds familiar?).

4) There you are the owner of the largest law firm. It is this kind of human being that don't care about the small people by creating all sorts of issues and when they can't handle it, just resign. Afterall they are rich and don't need pensions unlike most of us.

Tun and family,

I would like to take this opportunity to wish Selamat Hari Raya to Tun and Family serta Maaf Zahir dan Batin. Semoga Tun dan keluarga akan sentiasa dirahmati Allah SWT dan sihat sentiasa.

Me, my relatives and friends are your loyal supporters, and from the beginning we anticipated that Pak Lah is not capable, and if he is not capable then the appointments of some of the Ministers including Zahid is purely irrelevant.

We are very sad over this, their biggest mistake is not to appoint you as an Adviser to the Government, then we dont have to face this sort of human blunder and weaknesses!

Salam kepada Tun dan keluarga.

Assalamualaikum Tun,

All the time, I either agree or disagree with what you say. No in-between. I also respect you for being outspoken. However, regarding Datuk Zaid Ibrahim, I beg to disagree with you. Being principled is to be lauded, not ridiculed. You should know, Tun, as you are a man of principles. For example, you never change your stance regarding DSAI (Anwar). I also respect you for that, even though we are again at odds in that aspect. But that it another story, another day. Let us agree to disagree.

Salam TUN,

The latest news informed that Paklah is stepping down as prime minister in March 2009.

This is contributed from your hard work to see the premiership changes due to weakness and ineffective.

Thank a lot for your effort TUN. Welcome back to UMNO.

Nothing is changed to person named by Zaid Ibrahim. Nama mungkin orang boleh lupa...belang takkan hilang kot.

Terima kasih Tun kerana masih ingin mengambil berat kepada kami yang belum tergapai, merangkak dan cuba nak faham itu dan ini dalam masa yang terlalu genting dan singkat.

Alhamdulillah, kami diizinkan juga untuk belajar memahami dan belajar dari orang yang punyai ilmu dan pengetahuan seperti Tun.

Terima kasih banyak-banyak.

Dear Tun,

We are not accusing you made the wrong choice to hand over the country to this person's hand but the fact is you can see what he has done to the country ! You always have my full respect and I am always grateful to you towards what you have done and contributed to our country. But beyond the point i think you should responsible to the wrong choice that you had made and come back to fix the problems. Safe our country please! That man has no pride and he will not step down.

By jeggy on October 8, 2008 5:40 PM

Dear Tun,

Please do not have unnecessary anger in you. It is very bad for your health. You should spend more time praying and doing good for all the poor people irrespective of race, creed and culture. Please do not be agitated by such silly things, which is part of the present Government culture.

What cannot be rectified has to be endured. Prayers are all we have to put things right at the time when some silly, childish and non-god fearing people are given a free hand to decide on certain courses of action.

Relax and you will definitely be a much happier person. All the best to Tun and family.

This is my 1st time be so honoured to be joining your blog,reading all your comments,great to be part of it!

Tun as a veteran of malaysia's politics,your comment or advice are vital and should be greeted as an valuable and referable advice to the Malaysian's politician. I don't find any reason why Tun will,as some people said you will worsen the Umno situation,Tun love UMNO,love all Malays,and all the people of Malaysia,right?

Anyway Tun,my little advice to Tun,take care of your health and slow down your temperament,sometimes Tun do "HOT" something,be patient,SABAR ITU SALAH SATU KEIMANAN...

I am more worry your health rather than what happen to the Malaysian politics,they are not baby,i think they know what are they doing and talking everyday...

About Zaid Ibrahim,some people,especially who doesn't like UMNO, say he is good because he got GUTS!!!

But the UMNO people said he is,"INGAT DIA BAGUS KONON,NAK JADI HERO PULAK,PEEEELAH !!!! Its all a matter of heaven and hell.God knows he is right or wrong..

Dear TDM,

I hail you as one of the best leaders that Malaysia has ever had. You are courages, self minded and willing to be different. Those were the qualities of a leader. Unfortunately, things that you have done for the rakyat in you late tenure as the PM are very contraversial? You cant groom a leader for 16 years just to boot him out? However, that is history and history is known to repeat itself because human being never learns. The crave for lust of materials and power. These factors are known to be the best ingredients that destroy them. DSAAB is history in the making, you seem to have chosen the wrong leader to replace you.

The system of choosing a leadership in UMNO is open to corruption and bargining.This system is also practise in Indonesia during Suhartos' time but has been removed under SBY, where currently the rakyat chose the president. Top brass leaders in Indonesia are being prosecuted in the name of currupcion. The president family members are ban from politics and businesses. Indonesia has surpassed Malaysia in terms of FDIs, transperency and achieving superb economic growth.

You have the power at one time to make our country a better place to live in and to prosper since our population is very small and the countys' wealth is enormous. LKU of Singapore has made his country into a fully developed nation,at par with the western nation. Zero borrowings in fact are giving loans to other countries. The chance of a change will not come again for no PM of Malaysia will ever hold a reign of more then 20 years like you. No chance.

At least, Zahid has the courage to make the change, no matter what! he is an examplary to the nation, and so does Datuk Dr. Affifuddin Omar who has the courage to speak against you in the MT meeting. You booted him out for voicing out an oponion? He was just giving an idea and that was cruel. Leaders are not made, they are born with distinct qualities and they are different. They are always the taget of crticism and conspiracy.

You are one of the greats and Malaysia will never forget, but you could have done more but you didn't. Only you have the sincere answer to this question and I hope may you not live to regret it, for you have been given that opportunity.

Malaysia is currently facing a bleak future and nobody knows what lies ahead. The countrys' budget is half propelled by Petronas fund, FDIs are cureenly leaving the country, 500 points are already wiped out from the KLCI which translated into Billions of \$ loss. The world is currently going into the era of 'Black Monday' The rakyat is burdened with high living cost, escalating food prices, homes, rent, morgages and

cost of transportation. This is the begining and the worse is yet to come. Our leaders are not ready to offer any mitigation plan instead they are 'fighthing' for their mere survival. Has the rakyat to pay for the crime they did not commit? Or it is a crime not to elect BN in PRU12? As YM. TRH put it 'the current BN leaders are corrupted at their heighest levels'.

Assalamualaikum Tun,

Since my schooldays, I 've always see you as great leader to our nation. It is so sad, certain individuals failed to see the rationale of your doings in making difficult times.

I see the appointment of judges by Yang Dipertuan Agong should be protected in a way that no one can argue if the rejection made the Supreme Ruler himself. Being a Sarawakian, I think if one ridiculed decision made by YDP Agong gave insult to the nation.

That is my opinion...Anyway, Selamat Hari Raya Aidilfitri. to you and your family. May Allah bless us. Thank you.

Yg. DiKasihi Tun,

Cubalah diselidiki bagaimana Si Zaid I ni mendapat yuran guaman yang begitu banyak sehingga menjadi sebuah firma guaman yang terbesar dan satu-satunya firma guaman di negara ini yang mempunyai cawangan di Singapura? Saya tak fikir ini boleh berlaku jika tidak dengan jaringannya bersama Kerajaan khususnya kedudukan beliau sebagai UMNOputra. Saya rasa Tun lebih maklum berkenaan ini kerana penswastaaan badan-badan dan projek-projek Kerajaan telah banyak berlaku semasa Tun memerintah.

Baru-baru ini saya diberitahu ada ramai yang berlaku dingin terhadap Tun selepas Tun bersara dulu mula tersipu-sipu tak reti malu cuba menonjolkan diri mereka kembali kepada Tun semasa rumah-rumah terbuka Hari Raya yang dihadiri Tun, betul ke?

Saya lihat di TV tubuh dan raut wajah Tun susut sedikit selepas berpuasa tapi faculty and speech masih as sharp as ever. I pray you regain your full strength soon pasal the political and economic landscape Malaysia ni I see are going to be stormy indeed. Yes Tun, ramai antara kami yang masih mengharapakan dan berdoa kehadrat Allah Ta'ala agar Tun memainkan peranan dalam pentadbiran Kerajaan walaupun selaku penasihat. Tapi biarlah macam penasihat orang putih. Berpengaruh dan didengar kata-katanya, barulah elok Malaysia ni.

Kami sentiasa berdoa agar kehendak kami semua dimakbulkan Allah. Hidup Tun!

Salam Eid Mubarak Tun.

First of all, let me just share with you that I am fan of your blog and had read all of your postings. In fact, I look forward to read your new posting every day.

For that, thanks for sharing your thoughts with us, the ordinary Malaysian.

Anyway, regarding Zaid, I agree with you. I believe the whole episode was just a show-off and looked like to undermine the previous administration, which was headed by yourself. In the name of transparency (Pak Lah proclaims this very much indeed), I hope the government shares the amount of ex-gratia payments paid to these ex-judges. After all, we are the TAX PAYERS!

If you read this, could you please comment on Pak Lah's decision today of not contesting UMNO presidency post? Also, I heard rumors that even if he is not the President, there is a possibility he can remain as Prime Minister. Can this be the case?

Take care!

Thank you.

Salam tun.

Mungkin PM berpikiran jika melantik seorang Menteri dari kalangan Peguam yang agak Pro kepada Majlis Peguam maka ia dapat menutup atau lebih tepat, menjaga hati ahli-ahli majlis tersebut yang sebelum ini amat kritikal terhadap pentadbiran undang-undang dalam negara.

Apa yang terjadi adalah sebaliknya. Majlis Peguam nampaknya lebih garang dan lebih kuat bersuara semenjak Zaid menjadi de facto menteri undang-undang.

walaupun kita menghormati amalan demokrasi dan kebebasan bersuara, perlakuan Majlis Peguam amat tidak sensitif kepada KEPERLUAN NEGARA.

Negara kita memerlukan kestabilan hubungan kaum dan agama. Dalam konteks negara kita saya percaya hak majoriti adalah lebih utama berbanding hak individu.

Saya percaya dalam banyak perkara, apa-apa isu sensitif berkenaan agama dan kaum boleh diselesaikan secara perbincangan tertutup.

Tetapi gamaknya menteri berkenaan tidak MENZAHIRKAN usaha ke arah itu (walaupun sebenarnya usaha itu memang ada) maka persepsi umum mengatakan bahawa isu tersebut gagal ditangani oleh Kerajaan dan rakyat akan bercakap secara terbuka di mana-mana hatta di tepi jalan pun..

Oleh yang demikian, saya tidak berasa sedikit terkilan atau kecewa apabila Zaid meletak jawatan, malah agak lega apabila beliau berbuat demikian.

Begitulah agaknya apabila seseorang yang kononnya mempunyai PENDIRIAN dan wang yang banyak boleh berbuat sesuka hati tanpa merujuk kepada aturan dan saluran politik dan membelakangkan pula institusi DiRaja.

Sedih juga mengapa PM membuat pilihan yang begitu dangkal.
By Lim on October 8, 2008 6:15 PM

Dear Tun,

Zaid Ibrahim meletak jawatan atas alasan kerajaan menyalahguna ISA.

Pada pendapat saya ianya hanya sekadar gimik politik sahaja. Jadi, beliau tidak seharusnya menjadikan ISA sebagai kambing hitam sehingga memalukan Paklah.

Beliau seharusnya mendedahkan ketidakpuasan hatinya terhadap perjalanan politik UMNO. Beliau sepatutnya memberitahu sahaja kepada pihak media bahawa setiap langkah yang diambilnya tidak mendapat sokongan ahli UMNO sendiri.

Jangan sesekali kaitkan ISA untuk alasan meletak jawatan. Langkah ini selalu diambil oleh orang yang pengecut. Beliau sebagai menteri patut bertanggungjawab memelihara sensitiviti ISA. Beliau tidak harus mengelirukan rakyat dengan kenyataan yang memudaratkan sehingga berpihak kepada parti pembangkang.

Hal ini kerana ISA perlu diteruskan bukan sahaja menentang pengganas dan komunis malah ia juga perlu digunakan bagi menahan individu yang berpotensi mencetuskan ketegangan kaum.

Kini kita lihat penggunaan akta ISA ditentang kuat oleh parti pembangkang bukan kerana mereka hendak menyelamatkan negara tetapi mereka hendak meningkatkan populariti sehingga kerajaan sedia tumbang selama-lamanya.

Masing-masing mencari peluang memusnahkan karier Paklah hanya untuk kepentingan diri sendiri. Cara ini salah wahal kita tahu pemerintahan Paklah sekarang adalah goyah dan lemah.

Ini adalah satu gejala yang amat bahaya kerana kebanyakan pemimpin politik yang berpengaruh menggunakan isu kaum untuk meraih undi. Saya nasihatkan kepada para pemimpin politik Malaysia supaya jangan sesekali menggunakan isu kaum kerana semua pihak akan rugi.

Sebenarnya banyak lagi isu yang boleh dipolitikan di Malaysia seperti ekonomi, pendidikan, kesihatan, kemudahan prasarana, pembangunan, dan banyak lagi. Tetapi jangan sesekali berpolitik tentang agama dan kaum kerana ianya isu sensitif sehingga boleh menyebabkan rusuhan.

Sedarlah diri!

Regards,
Lim

Assalamualaikum, YB Tun.

YB Pak Lah baru sahaja announce yang beliau tidak akan bertanding pada Mac tahun depan. Please comment on that matter. Pengganti beliau seperti diketahui umum adalah YB Datuk Seri Najib. I as layman dan ahli bebas merasakan beliau juga akan mengalami nasib yang sama seperti Pak Lah kerana terlalu banyak perkara tentang beliau yang kurang enak didengari. Di samping itu, ekonomi dunia yang tidak menentu, sudah tentunya memerlukan seorang yang visionary ...dalam membangunkan ekonomi negara. Pemimpin perlu tegas dalam melaksanakan dasar, strategi, program kepentingan rakyat walaupun pada mata kasar ianya tidak popular. Masalah UMNO adalah pemimpin yang korup telah memburukkan nama UMNO. Perjuangan UMNO selama ini dilupakan kerana tindak tanduk pemimpin yang mementingkan diri dan keluarga.

Akhir sekali, YB Tun, Selamat Hari Raya. Semoga YB Tun sihat selalu.

By Annuar on October 8, 2008 6:18 PM

Hi Tun,

I'm quite disturbed by statement 11:

11. One can afford to have principles when one is rich and does not have to depend on the small allowance of a Minister.

Are you implying that the current Ministers and the past Ministers (incl. those in your administration) have stayed or chose to toe the line at ransom? Should they not, regardless of the pay, be upholding the nation's interest and its livelihood?

The ministers are elected directly/indirectly by the people to run the country at the behest of the nation's livelihood and not respective coffers.

Justice should be not for the BN ministers, solely. Justice should be upheld for all. ISA may/may not be good and I believe it's the latter since we have the court of law.

Whatever the govt. chose, it should be fair. This should be applied on BN ministers as well and not just the opposition. The latter action have shown selective justice and I'm not talking of the current situation. Remember Samy's quip on Quran and making roads?

Salam hormat YABhg Tun.

Memang sy amat berharap Zaid Ibrahim tu letak jawatan. Alhamdulillah lega rasanya seorang ini dh pergi. Betul sekali beliau dah lebih dari mampu untuk menyara diri hingga 3-4 keturunan. Tabik pada dia yang letak jawatan dengan penuh maruah.....!!!!!!!!! Apa pun alasan dia tak penting, yang penting berundur sebelum diundurkan.

YABhg Tun

Mohon Tun berikan pendapat tentang penawaran diri mereka-mereka yang nk jadi calon Timb. Presiden. Amat menarik suasana masa kini. Hari ini sy terbaca dalam akhbar utusan malaysia temubual KJ. Apakah perkara ini tidak di consider sebagai berkempen ke? Seperti yang telah sy katakan semalam.....perwakilan semua telah diberi AMANAH untuk menentukan Pemuda UMNO diletak kembali diatas landasan yang betul dan bermaruah. Sy berharap mereka ini memahami tanggungjawab mereka dihantar ke persidangan tu, jangan dok bual kosong dan bersantai di kelab-kelab dangdut je. Mabuk dan mahsyuk dilayan GRO. Sy nyatakan ini kerana sy pernah nampak mereka melepak. Sy juga pernah nampak macam mana seorang yang drive MBenz-Kompressor bagi wang pada balaci dia.....kebetulan depan mata sy sendiri. YABhg Tun.....amat menyedihkan sy lihat gelagat mereka ni.

Sy juga mohon komen Tun atas sokongan DSAI ke atas Hindraf. DSAI yang nyanyah tu dh ada patung dia pulak kat Bt Cave.

Serabut betul le sekarang ni.

YABhg Tun

Sy doakan Tun sekeluarga sihat sejahtera untuk melihat pemulihan UMNO kelak.

Assalamualaikum Tun & fellow Malaysians....

With all do respect to Tun (my utmost respect), I'm sure during Tun's time, there must be mistakes in your administrations too as we are all humans...and humans tend to make mistakes....but please stop at

finding mistakes of others and in doing so we tend to forget our main duty that is to contribute to the nation's building and bring Malaysia forward...If u keep on finding mistakes in another human being...chances are...u will find it...maybe in abundance....So where will it all ends....it will never ends....Others will find our fault and retaliate....Chances are... they won't change for the better as we expected them to be....It only ends when both party are willing to let go their ego and takes view with open mind and heart...I urge all parties to make peace and try to be open mind with others...it's not who u are....it's whose view that are most brilliant....keep our self interest elsewhere and start to find common ground....hatred and more hatred in society will not bring Malaysia forward....I love this country sooo much (i'm sure u all too)....I am not AAB's supporter nor Anwar's or Nik Aziz's....But i really hope one day...Tun...Anwar...Nik Aziz and AAB will unite and thus Malay can be the force to be reckoned with once again....Well like the late Martin Luther King's greatest speech titled 'I Have A Dream'...Well, I'm sure most malay out there have this big dream that one day all this mess will clear out...and be united and strong again...Nothing is possible...What do u say Tun?

Salam Ceria Tun!

Assalamualaikum

Saya amat gembira petang ini setelah mendapat tahu akan pengumuman rasmi AbDolah akan meninggalkan jawatannya MAC 2009! Dan perkara pertama yang terlintas di fikiran saya adalah : INI MERUPAKAN SATU KEJAYAAN LAGI BUAT KITA SEMUA (TERUTAMANYA TUN DR.M) YANG TIDAK PERNAH PUTUS ASA DAN SENTIASA KONSISTEN mendesak AbDolah meletakkan jawatannya!... Tahniah Tun.

Barulah senang untuk kita bergerak untuk membetulkan parti.

Kalau ibarat keretapi, yang sudah rosak kepalanya, maka hari ini diumumkan untuk di ganti baru - maka, pastinya lepas ini kepala pengganti (baru) itu InsyaAllah akan membawa semua gerabak-gerabaknya meluncur di atas landasan dengan cantik dan sempurna. InsyaAllah. (Semoga Allah akan membantu kita)

Cumanya, KENA BERWASPADA DENGAN ABDOLAH NI, JANGAN DIA FLIP FLOP LAGI. (Semoga kali ni, dia betul-betul cakap - tak tipu, dan betul-betul nak kotakan janjinya ...)

Kalau ikutkan, lama jugak tempohnya tu, bermula tarikh hari ini (6 bulan!) MEMANG KENA

BERWASPADA ... Manalah tau si Pelupa A.K.A si Tidur itu berubah fikiran macam sebelum-sebelum ni ...

Kalau dia dah tak ada nanti, Zaid dan lain-lain orang suruhannya yang berupaya merosakkan parti, mungkin akan turut lenyap kot?...

Semoga pemimpin yang bakal menggantikan AbDolah dapat alert dari seawal sekarang dengan orang-orang disekelilingnya ... Jangan leka seperti AbDolah yang MENGANGKAT SEORANG "JURUCAKAP PEMBANGKANG" (Baca: Zaid Ibrahim) KE DALAM KABINET KERAJAANNYA!

Berani Berubah!
Hidup Tun!
Hidup UMNO!
Selamatkan parti & tanahair kita! ...

Dear Tun

I was puzzled when this clown was made Senator then Minister responsible for Law. He was found guilty of money politics in UMNO, yet be chosen to be Minister - and worst - looking after Law !! What a joke, what was Pak Lah thinking? Or was he thinking ?

Now he wants to be hero by supporting opposition and demanding ISA to be abolished. Jadi hero filem hindustan boleh lah !! I am glad that he quit, he should have never accept the Minister post, this clown is rich, Minister's salary is nothing to him. Although he is rich he still "sapu" the MATRADE Brand Promotion Grant for professional services. See: <http://www.matrade.gov.my/cms/brand/professional.htm>

I totally have no respect for this clown.

Dear Tun,

People like this makes one feel disgusted when looking at how they act and talk as if they are so righteous.

It is timely that they face the criticisms as you put it in your posting this time. He is not the only one though. There are a few of them roaming freely and enjoying the wealth that UMNO have enabled them to do so.

UMNo should rid itself of these culprits and idealist who are doing nothing but making a 'mess' in the name of principles and idealism.
By apokonojang on October 8, 2008 6:42 PM

Yg Bhg Tun,

I just want to side-track a little bit. Not about Zaid Ibrahim but about the latest issue on whether or not Paklah will step down. Below are some excerpts from Tun's piece of mind as well as my piece of mind.

Tun quoted on Oct-6th re:GIMME THREE MONTHS MORE : "para 5, It is said that on 9th October, the day before the divisions are to hold their meetings, he will announce that he will not stand for election as President of UMNO. The question is, will he announce it? I have this suspicion that he will not. If he does not it would not be surprising. He is not a man of his words." unquote.

I quoted: "I am compelled to agree with you all this while with your predictions which most of them were quite accurate though a few may have missed the ramalan. On this subject - 3 months more, here are my 2 cents worth..."

I am quite confident Paklah will announce that he will step down before the deadline. Why I say this? As we all had seen from the latest scenario, a few of the MT members and non-MT members had broadcasted their intention to vie for the Deputy President's post. I am sure, DS Najib had already given his blessing (discreetly) to his cronies on the No. 2 position, subsequent to his close door talk with Paklah. Or else, no one would dare to officially announce their intention.

Once Paklah stepped down, then, Paklah will follow Tun's footstep to create a blog and that is the time he will use his ammunitions to blast and bombard whoever he thinks had tarnished and attacked him during his tenure as a PM. That includes you Tun, as his Numero Uno enemy." unquote

Today's news still hot from the press: "Abdullah tidak pertahan jawatan Presiden (08/10/2008 5:28pm)

KUALA LUMPUR 8 Okt. – Perdana Menteri, Datuk Seri Abdullah Ahmad Badawi hari ini mengumumkan tidak akan mempertahankan jawatan Presiden UMNO pada pemilihan parti itu Mac tahun depan. Beliau berkata demikian pada sidang akhbar selepas mempengerusikan mesyuarat khas Dewan Tertinggi Barisan Nasional (BN) di Pusat Dagangan Dunia Putra (PWTC) hari ini. – Utusan.

I agree with you about Zaid Ibrahim.

First of all he's a quitter. If he really wants to so call uphold his principles...then he should stick in the cabinet and fight from within. Baru few months jadi minister dah give up. That's not the kind of leader that we want.

Second, why must our beloved flip flop PM begged him to stay on after he announced his resignation...so what Zaid Ibrahim resigned! He doesn't have any previous performance records as a minister that the govt had to begged him to stay on as oppose to Tan Sri Kadir Sheikh Fadzir who have proven to be a good minister.

Sebagai manusia kita hanya boleh buat pemilihan yang TERBAIK menurut pemikiran kita dan keadaan waktu itu akan tetapi tak dapat tidak mesti jauh dari kesempurnaan kerana KESEMPURNAAN SEJATI HANYA DATANG DARI ALLAH SWT KERENA DIA SAJA YANG MAHA SEMPURNA.

Lawyers are people who are TRAINED TO WIN CASES ON TECHNICALITIES ONLY AND SELDOM ON FACTS. Pembohong, penipu, putar belit, perayu adalah MAINAN BAGI LAWYERS dalam mahkamah.

Orang macam zaid ibrahim, anwar ibrahim, kj, pak lah semua nya jenis satu kapal. suka pekena dan perbodohkan orang lain demi kepentingan dan keuntungan diri sendiri. TAPI DEPA NAK PI MANA -KUBOX DAH DEKAT DAH PUN.

I am very surprised why Pak Lah trust this person in the first place. Luckily he is no more in power as I consider him as "kacang lupakan kulit" person and a traitor to Malay and Muslim. Che Det...Selamat Hari Raya. If not because of USA and UK, definitely you would have been classified as one of World's Great Leaders

Dear Tun,

No matter what, Zaid shown the courage to resign and walk his talk for No to ISA. I too think it should not apply to unarmed civilians.

Many minister is unable to do what he did. Maybe what you said is true MANY still concern with their allowance and position.

He had my respect on this one.

Y.A.Bhg Tun,

Well I guess everyone was not surprise of Zaid's resignation... atleast I am not...I was puzzled when DSAAB appointed him as a full Minister of Justice...there was no justification over his apppointment...I guess he felt guilty of accepting the post...

Anything can happen with the current administration...some corrupted Minister was appointed in the

cabinet...wrong people at the wrong place...

DSAAB makes his decision to step down march 2009 in today's BN meeting...hope all this mess can be rectify when DSN takes over march in 2009...thank you to DSAAB...

Let gone be by gone...

By jc on October 8, 2008 7:23 PM

Tun,

Now must be a good time for you!

At last, Pak Lah has announced today that he will not be contesting. So I guess the next step for you is to "dismantle" all the misdeed of Pak Lah, and the first thing is surely to deal with Zaid Ibrahim who has humiliated you so much with his probe into your interference in the judiciary system.

What's next? Going down the list would be to revitalise "The Bridge", peg the ringgit again, and make sure Anwar is backed in jail "forever"! Then you will be happily retired and leave Malaysia back to the "good old day". It does not matter if the UMNO is still corrupt, the country going down the drain.....!

Well, your job will then done and legacy protected!

Happy retirement!

By Mykickers on October 8, 2008 7:25 PM

YESYESYES!!!!!!!

Sorry dont want to talk about zaid maybe later but right now is the moment of syukur becoz AAB is not defending his position in the march UMNO election. Meaning that new PM will be elected due to the new President of UMNO. Muhyiddin was right and zahid hamidi was wrong... PM Malaysia is been chosen by UMNO members not by Rakyat.

Is Najib and Muhyidin going to be team up for PM and DPM later? Maybe so but I would like to suggest Muhyidin and Najib both of you try to contest for the President post. Muhyiddin got support from the grass root and so is Najib. But for me Muhyidin is the man that more likely to carried out and unite Malaysia for the years ahead. Like for once be an open election so that everyone will be satisfied. If your heart is sincere you can unite back later. UMNO need a contested President not a president that win true silver plate.

Yes AAB and hell to KJ...for you both GOODBYE!!!

Salam Tun.

Zaid ni dah kaya 7 keturunan pun duit dia tak akan habis. Bila sedar diri tu dah jutawan maka ego bukan main tinggi seolah-olah dia seorang saja yang paling bijak dalam undang2.

Cuma yang salah dan tidak bijak membuat keputusan ialah PM ni seorang yang agaknya telah dinasihatkan oleh think tank tingkat 4. Hairan betul, kelulusan dari universiti termasyor Oxford la cambridge la namun jika nak diambil kira tindak tanduk PM ni terlalu banyak buat "blunder" maka terfikir juga betulkah c KJ and budak tingkat 4 ni brilliant.

Rasa saya lah kan mungkin si KJ ni dapat masuk Oxford bukan kerana dia cemerlang dalam akademik tapi dia guna cable dan tongkat kot. Ala macam dia guna sekarang ni la hingga dapat jadi menantu PM terus jadi Naib Ketua Pemuda tanpa tanding terus sekelip mata jadi billionaire.

Inilah kelebihan si KJ ni. Pintar gunakan dan tumpang tuah orang lain untuk naik ke puncak. Walau apa pun tahniahlah buat KJ kerana berjaya mereka suatu contoh dan teladan yang baik untuk jadi panduan kepada pemuda2 yang lain.

Dearest Tun,

On point no 10 - ahaks!x1000

My opinion is that, the AG should charge Zaid in court on a few issues such as money politics, ex-gratia etc...etc. Surely he would not mind as this is the very thing he is fighting for..?!?...freedom of justice.

The truth is lawyer is a job that cannot be called an honest job because the job is to lie. When 2 sides are fighting in court, surely 1 of the lawyers is lying isn't it? Twisting facts to uphold truth, katanya. Isk! A very dishonorable career.

Best regards to you and family. Wassalam..

By cucuajiakil on October 8, 2008 7:41 PM

I can only think of 'talam 2 muka' to describe such person who demonstrably revealed his dubious and divided loyalty ... even more baffling was PM's granting of extension for this person to think over his resignation.

Tun, kindly share your thoughts on how Dato' Seri Najib ... assuming he does ultimately take over the helm ... should proceed to mend the dented fortunes of UMNO and BN now that AAB has agreed ... finally one hope ... to call it a day come March '09. Your previous postings on this appear to suggest that AAB is the 'be-all & end-all solution' to all UMNO's and BN's current problems. Would UMNO 'turncoats' during the last PRU now closed rank and rally behind the new leadership? Should there be a renegotiated Social Contract, two-party system and new power-sharing formula and such likes??

Wassalam.

Salam Tun,

1.He is an example of a 'stupid malay'.

2.I'm dissapointed with him on most of the issue, especially on bar council & ISA

3.He is just a lawyer and just another head of UMNO leader in Kelantan. He is nothing special.

4.He keeps on saying that rakyat want to have transparency in jurisdiction,which rakyat is he referring to?

I can assure him 90% malays'(rakyat biasa)dont agree with him or his decision on ISA and BAR COUNCILL.or maybe he is referring to Teresa Kok's family or Bar Council Commitee as 'the Rakyat'?.

5. Maybe he is from 'kampung' or maybe due to he's from Kelantan where the majority is Malay. He couldn't understand what are the problems faced in places where Malay is minority. He also couldn't

understand how Malays have been strategically discriminated,

6. A lawyer or ketua bahagian umno, not necessarily a good minister. One should understand the 'akar umbi' feelings.

7. It is very sad that he doesn't know how to respect u, as our great leader

8. So he doesn't deserve my respect at all.

By kchanAuthor Profile Page on October 8, 2008 7:47 PM

11. One can afford to have principles when one is rich and does not have to depend on the small allowance of a Minister.

this is very true and applies to anybody else. if one can't even feed yourself (or family), one simply cannot have that much of principle to stand for.

Boleh dikatakan saya tidak miss untuk ke chedet ni....., cuma satu sahaja ... saya ni tak begitu fasih dlm B.I. Kalau boleh kerap kerap lah menulis dlm bahasa malaysia....., mungkin ramai lagi yang sependapat dengan saya. Yang mahir tu ...mahirlah, tak salah pon kalau ia ada kat sini . Cuma sekolah atap ni ajer yang tak cekap spt sekolah batu.

Saya tak buat komen apa apa, cuma menyata kan apa yang sepatutnya berada dalam chedet. Mungkin TUN selesai dalam bahasa yang mungkin menjadi kegemaran TUN. Tapi kami ni maalom ajer;ah... bolehlah faham sikit sikit. Yang dalam dalam tu(bahasanya) ambo tak panda pon.

Oh ya seperkara lagi.....

DSAAB sebenarnya takut jatuh kepala dulu ... tu sebab tak mahu langsung masuk bertanding.

Ditanggahnya agar dapat melihat sejauh mana sokongan yang beliau dapat. Tapi kat umum yang kita dengar ... memang tak layak langsung dia menduduki takhta pemerintahan lebih lama lagi. Semakin lama semakin tenat UMNO dan BN. Dia buat tak nampak jer.... cum berasa jer dia mendapat sokongan padu konon.....

bukan emosi!... cuma melihat dari mata kasar masyarakat setempat ...

Oklah ..sampai setakat ini sahaja lah... jumpa lain kali

assalamualaikum Dr M,

pertamanya saya ingin mengucapkan SELAMAT AIDILFITRI kepada Dr M sekeluarga. tak kesampaian hajat nk berjumpa Dr M di rumah terbuka tempoh hari. harapnya ada peluang semasa AIDILADHA nanti. berbalik kepada topik kita, kebanyakan pemimpin yang ada sekarang seringkali membuat sesuatu di luar jangkauan rakyat. walaupun kami hanya rakyat biasa yang tidaklah berpengetahuan tinggi dalam politik tambahan pula pelajar seperti saya ini, tetapi kami masih dapat membezakan tindakan yang bijak dengan yang tidak. setiap keputusan yang dilakukan pemimpin semuanya akan memberi kesan kepada rakyat. pergolakan dalam arus politik kita sekarang sudah pun menjejaskan keharmonian kaum. lihat saja apa yang terjadi semasa rumah terbuka perdana menteri di PWTC tempoh hari. semasa di zaman pemerintahan Dr M tentunya perkara sebegini tidak akan terjadi. perdana menteri sekarang tidak akan sedar bahawa beliau itu tidak layak memimpin. selagi beliau ada masih berpeluang untuk mengaut segala

kekayaan yang ada itulah yang akan beliau dan ahli keluarganya akan lakukan.akhirnya negara ini akan jatuh ke tangan pihak pembangkang yang sememangnya menunggu detik itu.kalau anwar ibrahim dapat mencapai cita-citanya menjadi perdana menteri maka MALAYSIA kita ini akan tergadai.....

Memang saya pun agak pelik dengan perlantikan Zaid ni sebagai menteri. Saya memang berpendapat orang yang tak menang pilihanraya tak sepatutnya dilantik menjadi menteri.Tak dapat mandat rakyat tiba-tiba boleh pulak pegang jawatan.Tapi saya lagi pelik dengan tindak-tanduk dia yang terang-terang menyebelahi pembangkang dan berat kearah menyokong majlis peguam.Perubahan kehakiman?Prinsip? semua tu konon saja,yang sebenarnya cita-cita sendiri jugak yang diperjuangkan.

Dear Sir,

You said he was in opposition, during election he was in oversea. Many were not happy with his appointment as minister. He brought some changes to which many including yourself not happy with and your usual song of the present PM made mistakes. He dares to quit the cabinet post to which many will do anything to in just because he is rich.

What is wrong with all the above. Your article does not meet the quality of writings of a prime minister.

Salam

This is my 1st time.

Setelah apa yang terjadi, saya hairan mengapa politikus2 di Malaysia khususnya masih memikirkan survival diri masing-masing. Teringat cerita 'the golden goose' yang sering diceritakan oleh ibu semasa saya masih kecil. Oleh kerana ketamakan, nak cepat senang, tak berfikir panjang dan tidak tahu bersyukur menyebabkan petani suami isteri kehilangan punca pendapatan yang meragut kesenangan kehidupan mereka. Tidak sangka orang dewasa seperti politikus2 kita sekarang tidak dapat menghayati moral yang cuba disampaikan oleh cerita yang umumnya untuk kanak2. Pity them....

Saya sekeluarga berdoa agar Tun dan isteri sentiasa dirahmati dan diberi kekuatan untuk meneruskan perjuangan yang belum selesai. Maafkan kami kerana masih memerlukan Tun di saat2 seperti ini walaupun kami maklum bukan sedikit sumbangan yang Tun telah curahkan semasa zaman Tun menjadi PM dulu. Sepatutnya Tun bersara. Tapi (pada pandangan saya) darah perjuangan bangsa yang mengalir dalam tubuh Tun sedikit sebanyak menyekat hasrat Tun untuk terus berdiam diri. This is your game and only you knows how it should be played. Love all your comments and Sir, may Allah bless you.

Selamat hari Raya, Maaf Zahir Batin.

By zulkarnainAuthor Profile Page on October 8, 2008 8:14 PM

Dearest Tun.

Zaid think he is very smart. He fooled ABB into appointing him to be a minister despite betraying the party he pretended to defend. Everyone else in the cabinet knew this guy cannot be trusted and gave him the cold shoulder, but as usual, the UMNO president is clueless.

As for the ex-gratia payment, Zaid showed that he is the number one hiprocrite by being un-transparent on the ammount paid when all this while he had promised a more transparent government.

Zaid also claimed that he resigned from the minister post because he had principles, ie , he don't agree with the use of ISA. I think the reason he resign is because he is getting no where with his reform and chicken out when an opportunity present itself. We don't need this chicken minister in our cabinet.

On another matter, AAB will not contest for the President post this coming UMNO election. I hope this will bring a close to the uncertain era we had gone through under AAB. Hopefully the new President will seek and consult Tun on the path that UMNO will take to bring back confidence from the rakyat. As for KJ, I think he is a dead duck.

Love you Tun and may GOD bless Tun always.

Salam TUN,

Perlantikan ZAID IBRAHIM dalam barisan kabinet AAB hanyalah merupakan satu strategi untuk kepentingan parti BN. Walaupun demikian ZAID IBRAHIM mempunyai agendanya sendiri menerima perlantikan tersebut. Lihat sahaja kenyataan peribadinya sudah cukup menggambarkan beliau sebenarnya bukan di landasan sekutu BN. Beliau sebenarnya sanggup mengambil risiko atas kenyataan-kenyataan pedas yang menyinggung perasaan sesetengah pihak. Biarpun kini beliau telah meletak jawatan namun di sebalik semua yang berlaku sudah tentu bermula dengan percaturan AAB. Sebentar tadi AAB mengumumkan bahawa beliau tidak akan mempertahankan jawatan PRESIDEN UMNO (TV3) dan ini satu berita yang sungguh menggembirakan SEBAHAGIAN BESAR rakyat MALAYSIA. Akhirnya beliau kini sedar (tapi agak lambat) akan segala ketidakcekapannya dalam memimpin NEGARA. Beliau menjelaskan bahawa perpecahan di kalangan parti perlu dielakkan dan dengan itu mengambil keputusan untuk tidak mempertahankan jawatannya. Perlantikan ZAHID IBRAHIM hanyalah merupakan salah satu daripada banyak lagi ketidakcekapan AAB dalam memimpin negara khususnya sebagai PM.

Dalam jawatan yang dipertandingkan, saya mengharapkan MUKRIZ sebagai Ketua Pemuda yang baru. Hidup MUKRIZ...

i agree with you totally. most politicians are already businessmen in their own rights before venturing into politics.

politics gave them an edge on policies matters. further boosting their own income thru political connections.

it's just like a poor man giving away rm100 for charity compare to a rich man doing the same and for the same amount. the only difference is, the poor man gives it with his heart. the rich man gives it as a duty and obligation.

The difference between business and politics

In business, if you fail, you can always succeed elsewhere.
In politics, if you fail, you will be succeeded.

In business, if you loose money, you can always gain later.
In politics, if you loose money, your opponent will gain support.

In business, when scandalous headlines happen, your company prosper.
In politics, when scandalous headlines happen, your party will topple.

In business, if you made mistakes, you have to compensate to the max.
In politics, if you made mistakes, you proposed compassionate tax.

In business, the public accepts your justifications if it makes them money.
In politics, the public accepts your resignation to make them happy.

In business, people forgive and forget your past.
In politics, people give all to track down your past.

In business, nobody is above you when you made a decision.
In politics, everybody is over you when you made a statement.

In business, retirement plans means coming back as an advisor.
In politics, retirement plans means surrendering to your adversary.

Dearest Tun.,
Splendid article as usual. It is rather easy for ZI to preach about principles given the fact that he owns the largest legal practice in the country. His calls for reforms are not necessarily genuine in nature and maybe prompted by other considerations such as being "looked up" by his peers in the legal profession on his concern about the state of the judiciary in the country. I wonder as to whether he would have resigned if had got his ministership on merit and through the normal political process. After all was he not the

individual who was found guilty of money politics in Umno. I stand corrected but many believe that the finding of guilt by the D.B of Umno stands to date. Who in the correct frame of mind would believe that he is an individual who practises what he preaches. It is probably a cheap publicity stunt to win the hearts of many a fool who would now consider him a "hero" because of his sacrifice in relinquishing his post. Wonder whether he still drives around in his Proton Executive or has it now been transformed into a flashy Mercedes Benz. Regards and salam.

Benar seperti yg Tun katakan, Pelantikan Zaid Ibrahim adalah sesuatu yg memalukan kpd Pak Lah. Dia sendiri tak memilih Zaid utk bertanding di KB, alih-alih lantik jadi Menteri. Bertambah malu bila Zaid langsung tak layak utk bertanding Jawatan Ketua Bahagian. Org KB sendiri tak mahu Zaid, cuma paklah je yg nak.

Lagi satu Tun, Akhirnya Pak Lah paham, dia dah tak diperlukan. Jadi tak bertanding jawatan Presiden UMNO. Tapi "masih ada kerja yang belum selesai" - nak pastikan KJ menang Ketua Pemuda kot?

Cepat2 lah Tun masuk UMNO, selamatkanlah apa-apa yg masih boleh diselamatkan.

ZAID IBRAHIM THE DE FACTO SINISTER MINISTER OF MONEY JUSTICE FOR POLITICS IN A WRONGFUL SUBMISSION

The poor, often find themselves represented by "drunks, incompetents, crooks and clowns" cannot expect equal justice under the law until the influence of money is removed from the legislatures, which allocate money for public defenders.

Fair treatment in the judicial system comes only with fair representation, something the poor have yet to achieve.

Today's opinion of the law is the product of a Court, which is the product of a law-profession culture, that has largely signed on to the so-called homosexual agenda. As recently as 1960, every state in the US had an anti-sodomy law, according to The Associated Press. In 37 states, the statutes have been repealed by lawmakers or blocked by state courts, the AP reported.

Of the 13 states with sodomy laws, four -- Texas, Kansas, Oklahoma and Missouri -- prohibit oral and anal sex between same-sex couples. The other nine ban consensual sodomy for everyone: Alabama, Florida, Idaho, Louisiana, Mississippi, North Carolina, South Carolina, Utah and Virginia.

The social engineering by a court as promoted by Zaid Ibrahim and Pak Lah will have very bad effects on the idea of our form of government. If a government cannot legislate on public health, safety and morals, what can it legislate about?

The new paradigm being promoted by homosexual activists/lawyers in the Court room is that if a person can't see homosexuals engaging in oral/anal sex, it isn't violating anyone's rights. What consenting adults do in private is their business, right? They are simply being arrested for things that don't amount to a crime at all.

The homosexual agenda is an attack on everything our Founding Fathers hoped to give us. But I am convinced that we can witness a tremendous victory against Anwar Ibrahim and the likes, and with God's help, we shall overcome.

Dear Tun,

I really want to know exactly how much the amount of ex-gratia being paid to the guilty ex-judges.

Morally, they should not accept the payment at all. That will be the most graceful thing to do.

I hope Pak Lah will release the info to the public before he leaves. It is his responsibility to tell the rakyat.

Assalamualaikum Tun,

Hope you are fine and doing well right now especially after raya. It's still not too late for me to wish you and your wife SELAMAT HARI RAYA AIDILFITRI. Honestly, I'm getting tired and frustrated with the current political issue we're facing today. Everybody seems like to put their personal interest as the

important thing rather than to solve rakyat's problems and fulfill their needs. Starting with political issue, then it spreads to judiciary, then races, religious... and at one point all the systems in this country have been jeopardized. The rakyat don't need the problem MPs to solve their problems. The rakyat picked them at the first place for them to figure out how to solve problems, run the country and together contribute something for economical growth... And it came to the worse that the issues are all about the Malays!!

Come on Malays, Malaysians and especially the ones with the power given by the rakyat, think about it... Don't let other people give us round of applause for us fighting and quarelling among ourselves...

May Allah be with us and you Tun...

Wassalam...

He should be thankful to NEP policy. If not because of NEP I don't think he could be a rich succesful lawyer.I believe most of his clients come from government agencies like Petronas and other government agencies.

What can he do within that short period. He has been given opportunity to reform for the last 5 years but what is the outcome? Nothing. ZERO!!

Assalamualaikum TUN n Famli,

Maaf zahir batin, moga sejahtera selalu.

Pelik Zaid ni, pelik sebab tak selari ngan kabinet dlm kes ISA, kenapa? Pada saya ISA sama seperti mengunci rumah apabila keluar rumah sebagai langkah keselamatan awal dalam mencegah kecurian. Zaid tidak setuju rumah berkunci sebagai mencegah kecurian. ISA adalah pada saya satu cara pencegahan awal. Apa pendapat TUN dalam soal ISA ni.

TQ
By ZACHARY64 on October 8, 2008 9:21 PM

aswb Tun,

When Zaid got appointed as the de-facto Law Minister, he seemed to be the man in hurry to call for legal reformation and even suggested the government should admitted responsibility for the removal of former Lord President Tun Saleh Abbas and other 5 Supreme Court Judges. As a result, the government used the hard-earned tax payers' money to pay the ex-gratia to the 'unfortunate judges'. You are right as they are not starving as they are stil drawing monthly pensions. What was Zaid's motive ? Was it to correct the wrongful decision by the previous government or was it that he was trying to gratify the legal fraternity and the bar council to show that he was serious to reform the judiciary ? He didn't consult the cabinet members on his proposed reformation on the judiciary much to his fellow cabinet minister chagrin. He did manage to bulldoze his way until the issue of Theresa Kok surfaced.

This time, he got agitated as the he was not consulted being the de-facto Law Minister on the Syed Hamid Albar's decision to invoke the ISA to Theresa. he felt that he was sidelined and not respected as the Law Minister. Finally he step down and now decide to focus more on the ethnicity racial integration project. Well good luck to him.

Tun, honestly our gut feeling is trying to tell us that Zaid is supporting the Bar Council and the Bar Council is always with him all the way. after all he is also a member of the Bar Council. Now rumours has been spreading around that he has been courted by the so-called Johny Come lately. What is his next move ??? We'll see.

Apa nak jadi ni? Buat pening kepala untuk generasi yang akan datang. Politik asyik menunding jari antara antara satu sama lain. Mengapa setiap kali tukar pemimpin, tidak banyak kesinambungan yang di bawa? Terutama bagi mencapai cita-cita 2020.

Jikalau setiap pemimpin diberi amanah "berkuasa" melakukan hanya untuk kepentingan sendiri seperti membina empayar, saya percaya idea dan cadangan murni yang pernah dirancang tidak akan tercapai ataupun memerlukan masa yang lebih lama untuk direalisasikan. Itupun jikalau tiada faktor ke-tiga.

Saya berminat jikalau Tun dapat berkongsi sedikit hala tuju waktu ini berkenaan Keamanan Dunia pada waktu ini dari segi politik, ekonomi dan sosial. Serta tips persiapan jikalau ekonomi negara merundum.

Sekian terima kasih.

Selamat Sejahtera Yang Mulia Tun,

Sekali lagi saya amat berterima kasih kerana berpeluang mengambil bahagian dalam Laman Tun ini. Saya bukanlah seorang yang tahu sangat dengan undang-undang malah bukan seorang lulusan undang-undang pun. Tapi bagi saya perlantikan Hakim patut dibuat oleh individu yang paling tinggi. Dan di negara kita, individu yang paling tinggi adalah DYMM Yang Dipertuan Agong kerana saya beranggapan apabila seseorang Hakim hendak dipertikaikan tentang keputusannya, seolah-olah mempertikaikan orang yang melantiknya.

Takkan hendak mempertikaikan DYMM Agong pula!

Saya amat tidak bersetuju dengan pendapat Datuk Zaid agar perlantikan itu patut dibuat oleh satu panel termasuk beberapa orang dari Bar Council. Seperti kata Tun nanti mereka juga akan menghadapi keputusan yang dibuat oleh Hakim yang mereka lantik itu. Ketika inilah timbul masalah. Di sini akan timbul soal pengaruh mempengaruhi dan akan tidak 'valid' lagi keputusan yang dibuat. Walaupun betul orang akan nampak salah juga.

Tetapi harus kita ingat, Datuk Zaid dibawa oleh DS Abdullah masuk ke kabinetnya sebagai hadiah kepada Datuk Zaid sesudah disisihkan selama beberapa tahun. Ramai lagi yang DS Abdullah bawa masuk ke dalam kabinet beliau yang serupa kesnya. Tak payahlah disebutkan nama mereka di sini. Semua orang sudah tahu.

Dan Datuk Zaid membalas budi dengan menyenangkan hati DS Abdullah dengan misi kononnya hendak mebetulkan sistem perundangan yang kononnyaa tercalar dan tergugat sejak pemecatan hakim-hakim semasa era Tun.

Nah! Berapa banyak wang negara telah dihabiskan untuk memberi 'ex-gratia' kepada hakim-hakim ini. ini semua dilunakkan dengan misi yang nampak cukup ikhlas dan berjaya menawan hati banyak pihak terutama 'members' dari Bar Council yang masing-masing berharap Datuk Zaid akan letakkan mereka dalam senarai panel pemilihan Hakim.

Akhirnya beliau nampak misinya tidak mungkin akan berjaya kerana ternyata misi itu akan menguntungkan sebelah pihak pembangkang sahaja. Untuk menarik balik tentu tidak mungkin. Nak letak mana muka. Nasib baik ada peristiwa ISA ke atas 2 individu pembangkang dan seorang wartawan. Itulah alasan mudah untuk meletak jawatan. Kalau diikutkan, bukan ada kaitan pun ISA dengan misi kehakiman tadi.

Saya yang tak tahu sangat tentang undang-undang ni rasa begitulah kot!

Who actually appoint the minister. Is the PM alone or by advise or suggestion.
By Dr VSA on October 8, 2008 9:58 PM

I love items no. 8 and no. 10. It hit the point well. Well I have travelled so many places (around world) without the need of Visa and I think it was purely because of your great leadership and friendship you have showed to all third world countries.

I had a chance to shake hands with you when I was in UPM way back in Feb 1997 where I was one of among the big mass students who really wanted to see you in person. Eleven years gone and I am now (by the grace of God) have completed my doctorate and now serving as a senior lecturer in a local varsity where you serve as a chancellor. In my days as a postgraduate student in UK, I saw many African, Arab and Latin American students adore you as a maverick and visionary leader.

The term 'No Man is a Prophet in His Own Village' may also apply well for politician too I guess. For some lawyers in Malaysia the term transparency, accountability and prudent economic policies are values of the

western democratic countries. During the very year of 1997 the term bailout means for those countries which are not practicing those three values. Now as I writing this text, the term bailout can considered norm for countries which preach and advocate (not educate) open market values.

Your true admirers and silent supporters are the very grass-hoot and whom live a day to day life not only malaysia but streets of Sao Paulo, Lagos or even Doha as I have witnessed.

Have a good day Tun and greetings to Tun Dr Siti Hasmah

Dearest Tun,

Selamat Hari Raya Aidilfitri to you and your family members.

Very sorry for not being able to join you and your family during your Raya Open house.

I totally agreed with you on this Zaid. He was and is too arrogant after being appointed Minister .

Zaid thought nobody know his history, his can do what he wants with his boss full backing. He thought , he was above the Law , like our Sultan, as junior Law Minister. He can just throw out the 20 years old case that was sealed by Royal Tribunal, without even setting another Royal Tribunal to over-turn the judgement, if convincingly felt something wrong.

For this, I wish the coming new Cabinet MUST seriously look into this matter , to punish him for contempt of our Agong. He MUST be punished.

When he sensed something wrong with his boss, he betrayed his boss and lari kuat kuat first.

Tun, this kind of man , don't waste your precious time writing twice on him. Once is enough.

Best Regards

Salam Sejahtera Yang Mulia Tun,

Saya mulai dengan ucapan terimakasih kerana berpeluang memberi pandangan dalam Laman Tun ini. Keterbukaan Tun dalam ruangan ini amat menyenangkan banyak pihak.

Saya bukanlah lulusan undang-undang ataupun mahir dengan undang-undang. Saya banyak menganalisa dengan fikiran saya sendiri. Sebenarnya langkah DS Abdullah membawa masuk Datuk Zaid adalah satu kesilapan. Apa yang cuba dibawa oleh beliau ternyata memberi kesan yang lebih menggugat sistem perundangan.

Saya berpendapat perlantikan Hakim mestilah dibuat oleh individu tertinggi dalam negara, Dan di negara kita, yang tertinggi adalah DYMM Seri Paduka Yang Dipertuan Agong. Saya beranggapan, jika apa-apa keputusan dibuat oleh Hakim tersebut dalam apa-apa kes, itu adalah keputusan Agong.

Panel Pemilihan Hakim yang Datuk Zaid cadangkan supaya dianggotai oleh beberapa orang ahli dari 'Bar Council' saya rasa tidak sesuai kerana mereka sendiri akan berdepan dengan Hakim yang mereka lantik itu juga. Di sini akan timbul masalah seperti ada unsur pengaruh mempengaruhi. Selepas itu apa-apa keputusan pun yang dibuat, walaupun betul akan dilihat sebagai tidak betul.

Tetapi DS Abdullah terasa lunak kerana sarana Datuk Zaid ini di sokong oleh pihak pembangkang dan Majlis Peguam. DS Abdullah nampak sesuatu yang positif apabila pembangkang turut menyokong. Ternyata harapan DS Abdullah meleset, pembangkang semakin naik tocang.

Dan berapa banyak wang kerajaan dihabiskan untuk melayan misi Datuk Zaid ini dengan membayar "ex-gratia" kepada hakim-hakim yang dipecat dahulu semasa era Tun padahal pemecatan itu tiada cacat celanya. Tapi bagi Zaid itulah punca tercalarnya sistem perundangan kita.

Bagaimanapun Zaid akhirnya sedar bahawa misi ini tak akan berjaya sebab ia hanya menuntungkan pihak pembangkang dan 'members of Bar Council' sahaja. Apa nak buat lagi, nak tarik balik, mujuk nak letak kat mana? Nasib baik timbul kes ISA terhadap dua tokoh pembangkang dan seorang watrtawan. Kes itulah dijadikan alasan untuk meletak jawatan. kalau difikirkan mana ada kaitan antara ISA dengan misi perundangan yang dicanangkan itu.

Tapi DS Abdullah memang suka membawa tokoh-tokoh yang pernah tersisih ke dalam kabinet beliau. Malah ke dalam badan-badan kerajaan yang lain. Ramai lagi yang tidak menjadi MP diberi jawatan-jawatan dalam kerajaan. Tak payah saya namakan di sini.

Rasanya macam itulah kot!

By Mozafar on October 8, 2008 10:23 PM

Salam Tun.

Sorry that I have to digress from the this topic but can you sir elaborate on the issue of Eurocopter Cougar. The PM authorized this purchase immediately after he took over the Ministry of Defence.

This is copy n paste from a reader of Lim Kit Siang's blog:

"puchongmali Says:

October 4th, 2008 (4 days ago) at 18: 04.49

try to figure this,(what a coincidence, India is spending US600 million too but, read this "The Eurocopter

Group, a subsidiary of the European Aeronautic Defense and Space Co (EADS), almost had the US\$600 million 197-helicopter deal in the bag. Technical trials had been completed and price negotiations were in progress with Indian defense ministry officials. The European company was to supply 60 helicopters made in France and Germany over the next three years, with the balance of 137 helicopters to be manufactured by Hindustan Aeronautics Ltd (HAL) at its Bangalore facility under a transfer of technology agreement.”)

197 units for the amount. Refer: Malaysia 2day-Why Eurocopter's Cougar has been selected to replace Nuri .04-10-08

Now he is the anti-ISA champion with the opposition. He want to show that he cares about the ISA detainees....

It won't be long until he is officially join the opposition...

i have a theory about him....maybe he is still in UMNO so he can 'pecah-belahkan' UMNO members... he is 'musuh dlm selimut' or spy from opposition....

Also, why UMNO MT does not take action on him? He is still UMNO member but look like now more like a opposition than a member....

His portfolio of de facto minister of justice is not suitable for him..... it should be Defect 'O Minister of Jumble

Salam Aidilfitri buat YAB Tun dan keluarga.

1. ZI adalah diantara salah seorang 'Makhluk Perosak' didalam UMNO dan BN. Namun seperti yang telah dijangkakan ZI bukannya meletakkan sistem perundangan dilandaskan yang betul tetapi lebih kepada memporak-perandakannya.

2. Perlantikan dan tugas utama ZI dilihat lebih untuk memalukan YAB Tun dengan mengungkit kes-kes lama yang samasekali tidak 'relevant' dengan situasi semasa.

3. Akhirnya ZI 'melawan taukenya DSAB' terutamanya dalam isu ISA.

Akhir kalam pesan saya pada Perwakilan Bahagian yang bakal bersidang

Bar Council is becoming more and more arrogant. This is a normal attitude of whitewashed liberals who assumed they know how to run a country and that, they represent truth.

Some of these lawyers hide behind human rights to attack the current ruling government when they are in reality, stalwarts of the oppositions. They hide behind their black robes to bash and attack those who they disagreed with.

Tyrants in the black robe is the most apt label we can award them with.

By pakbelalangAuthor Profile Page on October 8, 2008 11:03 PM

Dear Tun,

Pak Lah outlined several initiatives he wanted to see implemented before he leaves. These will be tabled in Parliament by the end of the year, he said.

They involve his on-going commitment to reforming the judiciary; an anti-corruption Bill to give more clout to combat corruption; and the special complaints commission to revamp the police force.

Comment:

Again his priority is wrong. He doesn't see that the world economic crisis is at our doorstep and need 200% focus rather than anything else. Stupid !!

By dheepanAuthor Profile Page on October 8, 2008 11:04 PM

I disagree with this posting Tun. What Mr.Zaid had intended to do was to reform a very tainted judiciary, most of it which many blame on you.

When i was studying Sejarah in school, i was taught about the separation of power between judiciary, executive and parliament. However under you rule especially after the infamous 1988 sackings, you managed to change the laws to make sure judiciary will be beholden and answerable to executive. One such aspect is the power to appoint judges of which you as the head of executive came to have.

Why attack someone who was trying to correct your wrongdoings?

Perhaps you don't realize Tun that the public opinion in this matter is strongly in support of Zaid.

By kota kemuning on October 8, 2008 11:08 PM

dearest tun,

be it in an organisation or in a society, 'muzakarah' (discussion and seek opinion) is one thing you must not avoid. this one of the things zaid might overlooked.

we can see light at the end of the tunnel now as pak lah would not defend his presidency post. not offending pak lah but, during this tiring time, we need a leader accepted and respected by all.

Ayahanda Tun

Do not be surprised by this. Dah jadi amalan Flip Flop PM untuk bermain "baling batu, sembunyi tangan" dan menjadi "puppet master" pulling the string from above.

Buktinya, tengok betapa garang Dato' Nazri dulu menyanggah Tun demi membela Bos nyer. Nak 'isytihar perang' konon ke atas Tun demi menegakkan kebenaran. Yeah, right! Mana ler dia berani buka mulut kalau tak dapat restu Bos nyer tu, am I right?

Dalam kes Zaid pun sama. Dibawa masuk kabinet untuk jadi pahlawan yang menentang kemungkaran, so called. Nak jadi champion dan tunjukkan bagaimana Bos nyer begitu ikhlas dan tegas membuat reformasi kehakiman. Semua tak lain dan tak bukan to make you look bad, Tun. Sekali lagi, mana ler Zaid ni berani kalau takde restu Bos nyer, tak gitu?

Tapi, saya kesian sebenarnya kat diaorang ni :). Pengganti Tun tu tak dapat nak highlight pencapaian dia lebih hebat dari Tun, so, terpaksa dia korek garbage untuk tunjukkan Tun is as low as diaorg. Really pathetic I might say!

Ni ler sikap sesetengah orang Melayu... dengki dengan pencapaian orang lain. Bukan nak bersaing supaya jadi lebih baik dari competitor tapi instead cuba rejam competitor jatuh sama rendah dengan diaorang.

This is how I see it, macam mana banyak cubaan nak tarnish reputasi Tun. Don't worry ayahanda, rakyat Malaysia bukan bodoh. Kebenaran akan mengatasi kebatilan. Jasamu ayahanda tetap di hati saya dan setiap rakyat Malaysia!

By lampu basikal on October 8, 2008 11:47 PM

Assalamualaikum Tun,

It is obvious only in pak lah's time things became murphy's law in which everything that can go wrong when wrong because of his flip flop decision making and always pointing to others for the mistakes that he made.

As for zaid ibrahim, I don't think he got the brains because if everything doesn't go the way he wanted it to go, he will then take things into his own hand and make matter worst like the Malay saying "seperti kadok naik junjung". The government is better off without him and I don't think that he will be missed at all. Sometimes it makes me wonder who is this guy zaid working for? The Malaysian government or the bar council?

Keeping on writing Tun because we the rakyat really need to be enlightened by what's going on around us. Having said that I prayed that Allah bless us with a better future like the time of your premiership. Malaysia need to move forward toward vision 2020, the sooner pak lah stepped down the better for all of us. Hidup Tun Dr Mahathir and may Allah bless us all. aminnnnn

Salam Tun & Selamat Hari Raya. From the very beginning this de facto fellow has irked many ppl. Good riddance to him. However I wonder why he is x reported for sabotage and expelled like some Sabah UMNO members recently. He was investigated for money politics and yet he gets rewarded!

Do you notice Tun that almost any Tom Dick and Harry can conduct press conference ! Another trend is 'laporan polis'.

Salam Tun,

Pak Lah akan lepaskan jawatan pada March 2009.

Mungkin ramai yg ternanti nanti saat itu.

Pak Lah sebenarnya orang baik , alim dan beliau telah kotakan janji.

Kita pandang selepas March ini - cerah atau gelap.

Dibawah pimpinan Najib belum pasti macamana pemerintahannya.

Hendak diramal pun susah melihat keadaan sekarang.

TS Najib kalau betul jadi PM beliau kena ikut contoh Bapanya seorang Negarawan.

TS Najib perlu fikirkan bagaimana hendak Teguhkan UMNO & BN.

Macamana hendak usir hantu puaka yg semakin ghairah merasuk orang.

Beliau kena CEKAP , BERSIH ,JUJUR,AMANAH ,BIJAK ,PRIHATIN & TEGAS .

Buang sifat EGO , SOMBONG,KRONISME dan JAGA Jangan bagi Anak,Isteri,Saudara mara control dalam buat keputusan untuk NEGARA.

Pengundi pengundi tidak pernah lantik anak,isteri,saudaramara untuk untuk wakilkan mereka. Macam DKJ kata mereka ini selalu lebih lebih.

Salam.

Assalamualaikum Tun..

Komen dan pendapat yang mengubah dunia!! Akhirnya Pak Lah resign jugak akan tetapi perjuangan Tun belum selesai..Teruskan usaha murni Tun dalam menjaga negara dengan memberi komen yang bernas. Saya sungguh bangga pernah mempunyai PM seperti Tun. Terima kasih Tun. Sesungguhnya semakin hari semakin ramai orang menyedari bahawa apa yang pernah Tun fikir dan buat untuk negara adalah relevan dan bermanfaat dan bukannya untuk bermegah-megah, tetapi ianya untuk rakyat. Contohnya F1, KLCC, Putrajaya, Tidak pinjam IMF dan banyak lagi. Singapura baru pertama kali menganjurkan F1 padahal kita sudah lebih 10 tahun menganjurkannya. Dubai semakin 'meniru' untuk membuat bangunan yang tertinggi seperti KLCC padahal negara kita sudah mempunyai KLCC yang menjadi trademark untuk malaysia. Putrajaya adalah salah satu projek yang relevan untuk negara dan bayangkan kosnya jika ianya dilaksanakan pada masa sekarang. Pada Tahun 1997, kegawatan ekonomi melanda seluruh dunia dan langkah yang diambil untuk oleh Tun untuk tidak meminjam dengan IMF adalah tindakan yang paling genius dan bijak. Ketika itu saya di UKM dan agak kecewa kerana tidak berpeluang untuk belajar ke luar negara kerana dasar untuk berjimat yang dilaksanakan oleh kerajaan pada masa itu. Akan tetapi setelah difikirkan, mungkin ia adalah pengorbanan insan kerdil seperti saya untuk negara dalam sama-sama berganding bahu bersama kerajaan dalam menangani krisis ekonomi pada masa itu. Teruskan usaha Tun dalam memberi komen dan pendapat..

Assalamualaikum..

Dear Tun,

Lim Eng Guan commented: "Ironically, he said, the public respected Abdullah more than his party, Umno, because he was seen as a "well-intentioned man who is probably one of the few clean leaders left in UMNO"."

Comment:

Come on, Eng Guan ! Don't ridicule our intelligence. Please admit the fact that Pak Lah is a weak leader where you can take advantage of him. It is not that the public respect Pak Lah, it is the opposition "respect" Pak Lah because the opposition simply love a lame duck leader where they can manipulate and bully Pak Lah. No way man. Pak Lah has to go, period. And now UMNO will be stronger as ever dulu, kini dan selamanya. Either you are with us or Penang will rot with you.

Dearest Tun,

The so-called legal and judicial reform should start with revamping the Bar Council itself. The Bar Council has been for so long poking their nose trying to act as a fourth wheel in separation of powers in Malaysia. They would like to be recognised along-side the Executive, Legislative and Judiciary. Imagine the book to study political science in Malaysia has to be re-written where there would be 4 branches of power:

The Executive
The Legislative
The Judiciary
The Bar Council

This is really a joke where the Bar Council would have the upper hand in the appointment of the the Lord President. I hope Pak Lah would not be so hasty in overhauling the legal and judicial system before he steps down. We had inherited a good legal system from the British. Just don't let the people with their own agenda like Zaid Ibrahim and the Bar Council to mess it up.

I believe the so-called legal and judicial reform would require some amendments in the constitution. This

probably the part that Zaid Ibrahim could not do, which contributed to his departure.

Dear Tun,

Bernama quoted "On the possible candidate for Najib's deputy, Dr Mahathir said it should be Tan Sri Muhyiddin Yassin, adding that the other current contenders for the Umno deputy president post were "jokers" only."

Comment:

Yes, Tun , I totally agree with you. The current contenders for the UMNO deputy president are just "jokers" of the first order. No class! No charisma ! NO aura ! And above all no intelligence with low IQ !! They should really look at the mirror whether they have the material to be the Deputy President of UMNO. Jangan nak jadi angan-angan Mat Jenin !! Malulah sikit! Jagalah maruah !!

YAB Tun,

It's about time that someone said something with facts about Zaid Ibrahim. I had always thought that ZI has a dodgy character. The fact that he is a lawyer by profession does not mean he qualifies as a Law Minister. All his actions in his short spell as a Minister are to the benefit of some parties only. The actions were also intended to undermine some of the earlier decisions by the Government. Maybe, he is a proxy of the Opposition party.....

Salam Yg DiSanjungi Tun,

Tun said:

10. People accuse me of making wrong choices but in the case of Zaid it looks like the current PM has inherited my weakness.

1. DSAAB patut rasa bangga dengan "statement" Tun ni. Sekurang-kurangnya, adalah sikit persamaan dgn Tun, walaupun cuma sama tentang kelemahan saja. Tentang "strengths" bagai langit dengan bumi. Lebih elok DSAAB BERUNDUR DENGAN SEGERA. LAGI CEPAT LAGI BAGUS.

2. Saya tak faham langsung dengan komen yang mengatakan DSAAB membuat pengorbanan yang besar & berjiwa besar..ketawa BESAR saya dibuatnya sebab kalau ye pun nak memuji, biar betul, bukan setakat nak ambil hati. Kalau berjiwa besar, tentu tak perlu ditekan, baru setuju untuk letak jawatan.

Semoga Tun & keluarga sihat sejahtera.

Dear Tun,

Bernama reported "Anwar said the real issue was the Internal Security Act (ISA) which he regarded as draconian and must be rectified."

Comment:

Biarlah Anwar melalak. The simple answer is that ISA must continue to stay until doomsday. It is NOT a draconian Act but simply to protect democracy, period. ISA does not violate Human Rights. In fact it protects human rights for the majority of the rakyat who love peace and harmony. Only the arrogant elite few Malaysians feel that the ISA should be abolished so that they can continue harping racial and religious sentiments for their own selfish agenda.

Asalamualaikum Tun dan Selamat Hari Raya Maaf Zahur dan Batin untuk Tun Sekeluarga. Saya tertarik dengan komen Tun. Bagaimana sebuah kerajaan yang beria-ia benar nak ketelusan dan keterbukaan tak berani nak beri tahu kepada rakyat tentang x-gratia tersebut. Adakah rakyat akan marah kalau ketelusan dipraktikkan? Kalau beritahu mungkin rakyat kata sikit ka banyak ka. Kalau sikit mungkin rakyat kata tambah lah sikit lagi. Kalau banyak rakyat tak kata apa sebab dah bagi dah. Halalkan saja lah. Bekas menteri Zaid pulak nampak seperti malu-malu kucing saja nak beri tahu tentang kejayaan pertama beliau dalam kabinet tu. Nampak macam tak telus je.
Terima kasih.

Akum Tun,

I believed my comments could not be related to your posting.

MALAYSIANS, don't be stupid to believe this flip-flop guy. He is just buying time. Within the next 5 months, he will drag Najib on the floor and he will retain the leadership.

Abstracted from theStar online he quoted:

"In all my years of service, I have always been guided by my conscience. I have always placed the

interests of the nation above all else. It is with this in mind that I announce I will not stand for the presidency of Umno," HEHHE ,,,,VERY – VERY FUNNY....

What!! He quits?!! He always say that he's so busy and have many things to do for the rakyat! What happened to his Islam Hadhari? Vision 2057? His rhetoric "work with me not for me" Bullshit!!! He took us for a ride and con every Malaysian along the way. Now he's leaving this our beloved Malaysia to the hand of Najib ..

.. just read the press statement of Badawi. He intends to do in 5 months what he couldn't do in 5 years ! Does he think that all of us were born yesterday ?

Let the lazy PM go la...no need to talk about him or his achievement no matter how significant it is. He slept throughout his tenure as PM. Now he can travel to his Australian home in his luxury yacht and meantime we ordinary rakyat need not only worry about grim economic future but also have to face that Najib could be related to the mongolian! NAJIB WHY NOT FIND A WAY TO CLEAR YOU AND ROSMAH NAME,,,CHALLENGE RPK WITH HIS ALL SORT OF ACQUISITIONS. RELEASED HIM FROM ISA..CLEAR YOUR FAMILY NAMES

Don't make Malaysian feel like escape from lion's mouth and straight into croc's mouth!

Salam Tun,

Agree with the points you raised.

Money is not everything IF you have it.

In general, people would normally have 2 sets of values. One is personal and the other when they are at work. Anything goes when decisions are made at work - they will follow the norm - right or wrong. They are toggled between 9 to 5 and 5 to 9, sort of.

Values and principles may change depending on what suit them. Time will tell and the true colors will be known in a matter of time.

Salam Takzim Tun,

You made wrong choices, YES. But your appointees betrayed you or committed wrong doings after their appointment. You could judge their character, etc to a certain limit. You did not have a crystal ball to be 100% sure of their suitability.

But Pak Lah appointed Ministers who are publicly known as traitor or with dubious record.

The rakyat can forgive you for being poor judge of character but not Pak Lah who committed mistakes that would not have been made by man of sound mind.

Assalamualaikum Ayahanda Tun, Tadi Pak Lah umum tak bertanding Presiden UMNO. Memang patut sebab dulu lagi patut dia buat. Boleh dikatakan semua pemimpin senyum, tak kira dalam BN atau dalam UMNO Orang ramai dah naik angin baru nak umum. Tapi kira oklah. Nak tengok apa nak jadi pada anak menantu pulak... Apa komen ayahanda tentang isu ini?

Tentang si Zaid ini pulak, semua orang dah agak dah yang dia tu memang tak puas hati dengan UMNO

sendiri. Hati dah pembangkang, memang lah pembangkang. Tak kira dimana dia ada, semua orang tak betul. Dia saja yang betul.

Esok bermula persidangan UMNO peringkat bahagian. Ramai yang akan jadi kaya buat sekelip mata kerana pada peringkat cawangan pun ramai dah kaya. Apa tah lagi di peringkat bahagian. Pemilihan peringkat pusat akan jadi medan percaturan dan tempat wakil perhimpunan pula merasa habuan. Inilah trend yang kita nampak akan berlaku. Semua akan tertunggu-tunggu komen Ayahanda Tun tentang isu ini. Akhir kata salam untuk ayahanda tun dan keluarga.

Tun,

Luckly Zaid Ibrahim decided to remain firmed resigned from post defactor law minister in prime minister department. I can't imagine if he still be defactor law minister, what else the havoc he would create. Already since became defactor law minister in prime minister department there is plenty of havoc has done which I do not have to eloberate here.

He said to do judicial reform, instead too many havoc happen. Bar counsil very arrogance until ignoring public rejection for the sake of their bloody thruthfulness. Apparently, Zaid is actually bar counsil partners in crime. The way I look at it, JUDICIAL REFORM IS JUST A POLITICS GAME BY DSAAB TO PLEASED PUPILS WHO REJECTED HIM DURING LAST GENERAL ELECTION.

Im sure not only cabinet ministers, there's a lot of people who also do not satisfy with Zaid.

Zaid decision to resign from his post is absolutely a correct decision.

Thanks.

YABhg Tun...

Assalamualaikum. Semoga YABhg Tun dan keluarga sentiasa sihat dan selamat. Insya Allah...

I have to agree with U about this, especially on para #3,4,5,& 6. What I am concern most are #5 & 6. I don't think ministers have this in mind. Perhaps someone has to caution about legal and judicial reforms to ministers before parliament passed the bill on the formation of a panel (commission)on appointment of judges. I could imagine now, the feels by BAR council if judgement is not infavour to them. BAR C, the peoples and ruling govt are going to have war of words, media statements and legal challenges.

All UMNO members must also know that their leaders must not fall under category #11 and 12. Leaders under these cat are useless.

I would also proposed that this posting is to be taken as 'Working Paper' by the UMNO next rank holders.

Dear Tun

Was reading bout your response to wether Najib is a suitable replacement. Your answer was basicaly ,he doesn't have an independant stancet.

Maybe the reason is that u have underestimated the current P.M. It seems very likely that Najib has been put in a very vulnerable position, maybe not as a result of his own actions but nevertheless could be held responsible (Spouses can be quite dominating in some unions)

Even if Najib does become P.M., the puppeteer could still be Badawi, and indirectly K.J. Mmmmmm! very dangerous!

If anyone can solve this should be u, its ok to take a few steps backwards for long term success, maybe even allowing Anwar to lead the nation for a while. Forget the personal feuds, whats important is the country's future!

yours respectfully

Salam Tun, I have no further comment but obviously most people are confused on the what's going on nowadays. Almost everyday, there are issues on politics.

By osaneAuthor Profile Page on October 9, 2008 2:28 AM

YABhg Tun...

I'm stil puzzled... It could be my stupidity to fail to understand the meaning of power transitions (to handover). PM said he will handover PM to DS Najib in Mar 09, how sure is DS Najib going to be the Pres of UMNO by then? Is PM trying to say that there will be no contest for the Presidentcy? I've got the feeling that DS Najib would fail in his bid to be pres of UMNO, if contested.

If PM really wanted to handover the power, he could do it right now. This would mean that the handover process really take place. Then DS Najib could really become PM for the next 5 months. Then in Mar 09 , we will see someone else, not neccessirily DS Najib to be the next PM. Unless by luck, DS Najib elected as the Pres of UMNO.

What PM should have said is, "I'll not contest in the next UMNO GA and UMNO is to elect someone as new Pres, as well as as new PM of Malaysia." Then the present PM can forget about saying to handover power to DS Najib. I don't know...

By luvmal on October 9, 2008 2:40 AM

Dear Tun,

A lot are said about alot of people. However most of it is merely hearsay!

Have u seen the TV series NUMB3RS, we have to calculate the probabilities!

If one calculates the probabilities of wether Anwar is a sodomiser or wether a certain spouse of a powerful politician is involved in murder, we have to consider history. As i remember this is not the first time a dead body has been within close proximity. I vaguely remember that a dead body was discovered in a certain MB's house. Investigations concluded that it was suicide. Hmmmmmmmmmm! (i am not disputing the police findings, because in Malaysia u cant! unless u want to have RM 5 worth of food in prison!)

Based on probabilities, given an objective choice i am inclined to believe that Anwar is more likely to be innocent!

maka seluruh negara merasakan tenang dan lega dgn keputusan DSAAB. teringat juga tulisan MAZA satu ketika dahulu. Jangan Perompak Ganti Pencuri...Bersihkan Najib utk diamanahkan jadi PM? Bagaimana Najib dan keluarganya?

Cuba tengok muka-muka yg nak bertanding PEMUDA UMNO pulak. Bagaimana pandangan mereka terhadap ISLAM?

Nak baik pulih UMNO/BN. Nak teruskan perjuangan membela agama,bangsa dan negara. OK mari kita

tunggu dan lihat....

Dear Tun,

Who ever becomes the new Prime Minister, his priority is to look at the economic conditions of our country which is very critical now. He must resolve this problem or else this country is doomed to face major crisis. It is frightening, indeed!

Secondly, he must take charge of the Education Ministry. Hisham has failed in handling our education system. It is becoming from bad to worse. Our children are becoming more polarised and there are no future for them in terms of employment and personal development. Our education system is KAPUT. First class facility with third class quality of education. What a shame after 50 years of independence we are still back to square one. Masih macam cerita P Ramli belajar di Sekolah Buta Huruf dalam filem cerita Pendekar Bujang Lapuk. It looks like we are struggling to put the system right. No improvement at all. I think we have lost 2 generations not being able to get the right education system. It is really a SIN indeed for letting our children being deprived from getting good education.

Our national schools must have balance multi-racial students. For the Malay teachers especially the headmasters, please don't treat our national schools as religious schools. We should not build suraus in national schools. We should have separate session for learning Islamic Studies. Just like in Johore, religious studies should be conducted in the afternoon and supervised by Jabatan Agama Negeri. I had gone through this system in Johore and it had proven to be more progressive and practical.

Dear Tun,

It is good for Zaid to resign. He thinks that ISA should be abolished. I think he is a stupid lawyer. ISA is good for the country. The government must not compromise with this ISA. Those who tried to be "funny" don't hesitate to reprimand them and sumbat dalam Kamunting Camp for maximum detention. We can't afford to be distracted by these nuisance people. They are "makhluk perosak" to society. Prevention is better than cure!

By pakbelalangAuthor Profile Page on October 9, 2008 4:38 AM

Dear Tun,

I think Zaid could be better off if the government gives him a chance to be a permanent representative to the United Nations. Give him international exposure. Maybe he can contribute better to project the image of our country. But he must toe the line on our government policy. Jangan dok syok sendiri saja!

By pakbelalangAuthor Profile Page on October 9, 2008 4:59 AM

Dear Tun,

I must categorically say that there is nothing wrong at all with our judiciary system. It is totally intact. Only the Bar Council who think that the judiciary is being manipulated by the Executive. In fact the Bar Council is the one who manipulate the minds of the rakyat as if the judiciary is not transparent and being dictated by the Executive. They are the culprit and they are certainly hypocrite people trying to discredit the government of the day with the intention to topple the Barisan Nasional government led by UMNO. That's their hidden agenda. We know who they are. I think it is timely to reform the Bar Council instead of reforming the judiciary system. The govt. must be brave enough to challenge the Bar Council and make them like a "pussycat" and tackle head-on without fear and favour to safeguard the credibility of Barisan Nasional government.

Dear Tun,

I'm sure u knew him quite well as a fellow party member..
Most of the people also knw him as a big mouth person in general..
And we knw him as a minister that r full of SH**t..

One thing that i've realized since he's in the cabinet line up is that;
he does really knw how to talk a lot, rhetoric speeches, saying this & that, finding peoples fault etc., but
the fact is, if you look at his background & history..
You will knw that he's not a good person at all...

I'm a law graduate, n i knw that most Lawyers r not keen on him before this, but i wonder y suddenly the
BAr sees him as the savior/messiah of the Judicial Formation. Wierd.

Salam Tun,

DSAAB undur diri. Mungkin langkah itu akan kembalikan keyakinan rakyat kepada UMNO, mungkin tidak.
Pada hemat saya, semua itu bergantung kepada siapakah yang akan mengganti beliau dan kewibawaan
barisan kabinet yang akan datang. Diharap akar umbi UMNO dapat membuat pilihan yang bijak bagi
tujuan ini. Pilihlah kerana integriti dan kemampuan 'mengubat' UMNO, bukan kerana dia 'baik' dengan
anda.

Salam TUN.

Terjawab lah sudah teka teki. Pak Lah telah pun melafaskan perletakan jawatan nya pada March tahun
depan dan menobatkan DSN sebagai pengantinya.
Diharapkan pula TUN membuat pengumuman bila nak kembali ke dalam UMNO.
Semoga UMNO dan BN akan kembali stabil dan kukuh di bawah DSN.
Saya tertarik akan ulasan TUN di para 11 diatas. Semoga akan menjadi pengajaran pada mana2 pehak
supaya lebeh berprinsip.
Jika tak puas hati, berhenti atau mengundurkan diri. Bergitu lah juga jika ada yang maseh menyokong

dan tidak mahu Pak Lah melepaskan jawatan, maka sila lah letak jawatan.

Tumpuan akan diberikan pula pada calon2 TP. Ramai yang bersuara berminat. Tapi pada awal nya tak ramai kedengaran suara mendesak peralihan kuasa disegerakan. Yang kedengaran lantang suara TSMY dan DMM shaja. (TUN dan rakyat mendesak dan protes dalam BLOG secara aman) Sekurang2 nya dikira berbaktilah juga pada rakyat dan negara.

Semoga Pak Lah selamat bersara dan Tahniah lah pada DSN.

Dan yang mengidam lain2 jawatan dalam parti semoga berjaya.

Maju nya UMNO majulah bangsa dan negara

Salam Ayahanda Tun. Please permit my slight drift off topic. Tun, some folks here blames you for appointing Pak Lah as your successor. To a point where it had even bothered you enough, that you attempted an explanation at least once. Tun, by the end of 2002, you had your strongest doubts of Pak Lah when the Iraq fiasco surfaced at the UN and made its way to your desk in Putra Jaya. I must say that your strongest survival instinct is your gut feeling, your hunch. But also, you self defeated that many times by your ever willingness to listen, to accommodate lame explanations and your forever unyielding kindness to forgive and embrace. You have always struggled to find the best side of everyone. And when you finally have to accept that you may have been wrong, it would even eat you up inside to tears. By 2003, your choice of successor was limited upon you. That's how the political machine works. Players without hearts. That is, in the exception of you Tun. Your heart has always guided you to be your best in life. And many, including myself too, find refuge under its immensity at times in our journey when we realized that we have take in more than we could chew. The Pak Lah that I know is a totally different person from one today. I just could not for the life of me put that into words here Tun. I just could not sync my heart, emotions and fingers to create those lines here. I solely blame Khairy Jamalludin Abu Bakar. Tun, you are exceptional in the sense that you never traded any part of you to get ahead; you kept strong and stood tall. You are perpetually consistent. The true father of this nation is you. For as long as we are blessed by Allah to have you lecture us, balance us, kick our behinds and grab us by the collar and push us into the right direction, that's the true blessings of a nation. You are the balanced equilibrium of this melting pot we have made home. Now the immediate step would be to push for Datuk Mukhriz win as KP UMNO. He has the quality, the vision and the talent. That is you voice and your blessings. It's essential and necessary for the delegates to see the real actual miles down these roads we are facing now. As for me, my family and my colleagues, in our hour of gloom we believe more than ever that Khairy Jamalludin must recede with the flood he brought along. Setiap air pasang akan pasti ada surutnya. That is life my dear Oxford boy. Maybe now we can have the Pak Lah we know and cherish back. We look forward to this.

Thank you Ayahanda Tun. We are forever yours. With lots of love and respect,- Kamal and family.

Good morning Tun,

My comment is on your para 11 which reads "One can afford to have principles when one is rich and does not have to depend on the small allowance of a minister".

Are you saying that when a minister is not well-off he can ignore his principles if he or she wants to?

Now that Pak Lah has decided not to stand for the post of the president of UMNO you must be the happiest man in the country.

Good Day

salam sejahtera Tun..

Semasa saya di Kota Bharu pada pilihan raya lepas saya mendengar ceramah Dato' Nik Aziz.. dengan bangganya beliau mengatakan bahawa ada seorang Ahli Perniagaan telah membantu kerajaan Pas di Kelantan.. Ahli perniagaan tersebut telah menyalurkan wang berjuta-juta ringgit kepada kerajaan Pas untuk diberikan pada orang-orang susah disana.. ini dilakukan agar orang-orang kelantan merasakan bahawa Pas lah yang banyak membantu mereka bukan kerajaan pusat.. Pada pengamatan saya.. sudah tentu orang-orang ini adalah dari kalangan orang politik yang mendapat kontrak yang besar dari kerajaan dan dan dikalangan orang-orang UMNO sendiri.. saya sentiasa tertanya tanya siapakah orang dalam UMNO yang membantu Pas dalam pilihan raya yang lepas.. ada duri dalam daging.. Bila saya terbaca Komen Tun tentang Zaid..

rasanya saya dah faham sekarang..

By zainnan on October 9, 2008 8:09 AM

Using TDMM's blog, anyone is at liberty to say anything he likes about Zaid.

But one thing I will always treasure and admire about Zaid is that he can simply throw away the UMNO Ministerial post through the window like a piece of rubbish.

Many, and I bet to say most UMNO members would pray, beg, cry and bribe for even a divisional post, let alone a powerful ministerial post. The ministerial post in Malaysia is the passport for power, power and power.....

Assalamualaikum...ayahanda Tun, kali ni saya nak komen tentang Zaid Ibrahim, pada pendapat saya dia ni lah menteri paling kurang ajar dalam sejarah pemerintah kerajaan, macam mana pak lah boleh lantik orang macam ni menjadi menteri. Dia mempunyai sejarah yang buruk kerana telibat dengan politik wang tiba tiba nak ajar orang agar orang mengikut cakapnya, cerminlah dulu muka awak tu layak ke tidak.

Saya memang tak setuju apabila dia memberi ex-gacia kepada hakim2 yang dipecat tempoh hari.Hakim2 tu mereka dah kaya kenapa nak beri pada mereka, lebih baik beri pada orang miskin, kalau tak pun kalau zaid Ibrahim simpati sangat dengan hakim2 tu..dia keluarkan lah duit dia sendiri, dia kan jutawan..baru lah hakim2 tu ingat jasa dia sampai mati, ini tidak, guna pula duit rakyat.Memang orang macam ni tak boleh pakai.

Dear Pendatang,

Your statement that the YB Tun to stay out of the political scenario is very UNCALLED FOR. By right Yb Tun should now be enjoying his retirement and have a peaceful life. But lately a lot of unthinkable and ridiculous things have happened and are still happening. YB Tun has build and elevated Malaysia as a developing south-east asian state that no Prime minister has ever done before.

It is like a succesful father who has developed his business empire to be continueD by his children. A responsible father would not have the heart to see his children destroying the business that defined his success and legacy. When he sees something is not right with the way a leader has been managing the country economically and politically then it's ethically right for him as an elderly statesman to put some senses to his former party and the government to wake up from the slumberland.

Why Yb Tun and the rest have been pressuring DSAAB to step down ? to revive Umno and strengthen the weak government and to pull up our economy from the doldrum.

1. Despite its drawback I strongly feel that ISA is still needed for M'sia being a multiracial & religion society. The issue is abuse of ISA eg. reporter detain for only 24hrs! USA has condemned us abt this but they themselves detain people longer at Guantanamo Bay and with shackles! Keep ISA but use it dilligently/wisely especially during this IT period when rumours fly faster.

2. I'm thrilled with joy that finally Pak Lah has decided to step down! Yesterday, TV3 on nightline showed a small gp of people shouting to show support for him which is sad as the gp. supporting Teresa Kok/Hindraf is much much bigger.

3. UMNO members/delegates must use this chance wisely to elect the new rep/leaders during this trying times eg financial turmoil, credit crunch, opposition attacks etc. to rebuild people confidence as BN is still the best option to go forward!

4. My choice

President : Ku Li

Vice president : Muhyiddin Yassin

Youth : Mukhriz

This line-up would give UMNO a breath of fresh air and free from Pak Lah shadow.

5. Najib seems to be unable to project his image as firm and strong willed by easily apologising to others eg. Bkt Bendara rep's action. Moreover issues like Altantuya & Rosmah's poor public image will continue to drag him down.

UMNO deledates vote wisely and don't sell your soul & country for money & position!

Tun,

Zaid is one minister that spoke sense.

He has my respect for what he did.

I would vote for him if he runs in the next election.

Malaysia needs leaders like him.

Sadly I do not see more leaders like him in UMNO, BN or even the opposition.

I am very worried for my beloved country.

By WHY BEE BANGI on October 9, 2008 9:16 AM

Salam Tun,

1) Confirm Pak Lah is leaving, but he wants to fulfill all the promise made in the election menifesto. He said that's what the people want him to do and many supported him. What????!!

2) Hello Pak Lah, we want you to leave and nothing else. Pronto!!!.

3) Please go on leave, Pak Lah. Who would carry out your decision if the decision would proof to be wrong after March 2009. Idiot!!!.

4) As far as ZI is concern he can join the opposition.

Wassalam.

PS: Please be reminded to record all events, dates and time from now onwards. It can be fatal and can or will be used against you.

salam Tun,

I was intently watching the news yesterday regarding DSAAB's intentions not to defend his presidency post, and I believe he took a swipe at you when he said something to this effect;

'I won't be around in 2020, even if I am still around I would be about 80 years old. Who wants an 80 year old to lead the country? There are many young people capable of doing the job'

I suspect he is referring to you. The first thought that came to my mind is,

'I WOULD GLADLY LISTEN TO ADVICES FROM A SHARP 80 YEAR OLD MIND RATHER THAN FOLLOW A MUDDLED 60 YEAR OLD ANYTIME!'

Salam TUN.

Sesungguhnya ALLAH SWT maha besar lagi maha mengetahui. Amin.

Apa yang dapat lihat dan rasai kebesaran ALLAH apabila melihat TUN diberi perlindungan oleh YANG MAHA ESA.

Setiap kali ada orang yang berniat jahat, yang ingin menghina dan memalukan TUN dengan pelbagai cara semua nya kecundang sorang demi sorang. TUN tetap berdiri teguh dan terus disanjung rakyat.

Giliran Pak Lah pula terpaksa menyembam kebumi oleh perbuatan nya sendiri.

Oleh itu saya nak nasihatkan muka2 baru yang akan menaraju UMNO supaya menghormati TUN jika mahu selamat dan diberkati ALLAH SWT.

Hanya yang ikhlas dan benar dalam perjuangan nya sahaja yang akan kekal lama. Kerana diberkati dan direstui ALLAH SWT.

Satu lagi nak tanya bakal2 calon TPM. Kenapa berebut2 nak jawatan tu? Bagi lah laluan pada orang yang benar2 ada kemampuan. Kita tak mahu lihat lagi ada nya pemimpin2 yang suka dibodek2 dan diampu2.

Atau ada yang syok sendiri.

Harap TUN dapat nasihatkan budak2 ni. Saya setuju dengan komen MB N9 mengatakan UMNO bukan parti ditubuh di tepi jalan.

By autaman on October 9, 2008 9:23 AM

Dear Tun and other bloggers,

About Mr Zaid, My personal opinion is that he is just a puppet of our AAB for his so called judicial reform publicity stunt to disgrace TUN. This is what AAB is good about, good at creating publicity that he want to do this and that but when it come to action and implementation, he started to flip flop and have no idea on how to do it.

On the announcement that he is not going to contest for the presidential post, I am already expecting it. This is the only way to close his corruption case in lobbying for his transition agreement with Najib. I am sure the case will be dropped as everyone are allowed to contest now as opposed to previously where he give "gula gula" for the divisional heads to support him.

sekurang kurangnya seagian dari usaha dan inisiatif Tun menjolok untuk mempercepatkan bakal bekas PM yang tak payah di buat memorial ini telah berjaya turun dari kuasa kurang dari 6 bulan lagi , tapi dasar flip flop dia akan berterusan dan menjadikan ia jadi atau tak jadi ,

tapi kita jangan lupa ada lagi tunas beliau kat rembau itu yang patut di jadikan agenda utama sekarang untuk dilenyapkan terus dari arena politik malaysia dan melayu.

By antirusuhan on October 9, 2008 9:47 AM

satu ketika dulu si zaid ibrahim ni pernah kata bahawa fatwa yg dikeluarkan oleh mana-mana ulama atau mufti tidak boleh dipakai kerana ia bukan merupakan undang-undang yg sah dan digubal di parliman.-org macam ni kelihatan terlalu sekular w/pun bijak tetapi tidak diperlukan oleh komuniti Islam sbg pemimpin

By hazard72 on October 9, 2008 9:52 AM

Assalamualaikum Tun.

Pertama sekali, Zaid Ibrahim dah letak jawatan. Tak payah lah kita nak ambil tahu hal dia lagi. Menyusahkan je.

Tahu tak dia ni Malaysia adalah negara berbilang kaum dimana sentimen perkauman masih menebal dikalangan rakyat. Bagi saya ISA masih relevan bagi membenteras anasir-anasir yang boleh menggugat keharmonian rakyat negara ini. Kenapa beliau meminta untuk menghapuskannya??? Apakah agenda beliau???

Amerika yang mengaku sebagai kepala segala demokrasi pun mengambil langkah yang mirip kepada ISA iaitu pusat tahanan di Teluk Guantanamo. Singapura pun masih menguatkuasakan akta ISA.

Semalam Pak Lah dah mengumumkan bahawa beliau tidak akan mempertahankan jawatan Presiden UMNO pada pemilihan Mac 2009. Memang kita sebagai rakyat Malaysia gembira dengan pengumuman beliau. Tapi kita perlu ingat dia masih ada lebih kurang 5 bulan lagi memegang tampuk pemerintahan. Macam-macam boleh berlaku. Kita kena ingat dengan ke flip flop an beliau.

Kalau betul peralihan berlaku pada Mac 2009. Lepas ni kita akan dapat pemimpin baru iaitu Najib. Maka lembaran baru akan dibuka dalam arena politik tanahair. Satu persoalan, adakah Najib lebih baik dari Pak Lah. Dengan isu komisen membeli persenjataan hinggalah kepada isu wanita mongol semuanya masih menjadi misteri...macam X Files la pulak.

Sekian Wassalam.

Tun, your comments comes from someone who is very sore over what was done the the betterment of the judiciary system in this country. You have single handedly destroyed this institution (and many others) and therefore are very afraid that the reformation Zaid wanted to do would open the way for your dirty linen to be washed in public. Allah is Almighty and Insha'Allah, the payment is by CASH. You will live to see the day that your dirty linen is being wash in public. Assalamualaikum Yang Berbahagia Tun dan para bloggers chedet sekalian.
Saya memang menunggu topik ini dibincangkan, selepas, Zaid melepas jawatan menterinya kerana isu ISA.
Seperti yang Tun katakan tentang Said, ini betul selepas saja DSAAB melantiknya sebagai Menteri Kehakiman, beliau dengan lantang berkata yang akan membuat reformasi dengan unadang (Bar Council) khususnya. Tun memang betul tentang bayaran ex-graxia (Tun Salleh Abbas) dan kuncu-kuncunya (SENYUM SAMPAI KETELINGA)'ALLAH MAHA MENGETAHUI' - Kenapa nilai tidak didedahkan? (Pak Lah kata ianya TELUSSSSSSSS).
Kenapa Anwar boleh bersuara dengan lantang menyokong Zaid, dan berkata memang ada habuan untuk Zaid.
Nampaknya lepas ini Zaid jadi balaci dia pulak. Mula mengutuk kerajaan macam dia juga.
Kami semua menyokong perjuangan Tun.

Salam Tun,

1) Confirm Pak Lah is leaving, but he wants to fulfill all the promise made in the election manifesto. He said that's what the people want him to do and many supported him. What???!!!

2) Hello Pak Lah, we want you to leave and nothing else. Pronto!!!.

3) Please go on leave, Pak Lah. Who would carry out your decision if the decision would prove to be wrong after March 2009. Idiot!!!.

4) As far as ZI is concern he can join the opposition.

Wassalam.

PS: Please be reminded to record all events, dates and time from now onwards. It can be fatal and can or will be used against you.

YABhg Tun,

Salam hormat. The ex de facto Minister of Justice/Lawyers Ministers dalam masa yang singkat berjaya memperjuangkan nasib bekas Hakim hakim yang telah dipecat. Tugas utama beliau ialah untuk menyerah sendiri di rumah bekas hakim hakim cek bayaran ex gratia sebagai menebus kesengsaraan yang dialami mereka. Yang kedua, beliau berjaya menjalankan tugasnya sebagai Menteri dengan menjadi Majlis Peguam lebih kurang ajar dan menaikkan taraf mereka 'as above the law'.

Membela nasib rakyat untuk mendapat perlindungan undang undang bukan tugas bekas Menteri berkenaan. Rakyat biasa yang yang memerlukan pembelaan undang-undang dan khidmat peguam peguam sebaliknya banyak yang menjadi 'mangsa' peguam peguam yang mengaut keuntungan daripada kesengsaraan orang lain. Reformasi sepatutnya dilakukan dengan memperkuatkan lagi Biro Bantuan Guaman yang dapat membela nasib rakyat yang menghadapi masalah undang undang dan guaman. Adakah Zaid & Co akan memberi khidmat guaman percuma kepada rakyat yang tidak mampu.

Sayonara kepada ex de facto Minister of Just..

Dear, TUN

Our judicial system is in bad situation now. Somebody have to do something.. The matter to consult with the cabinet is not a important thing, what is important is the judge must be free to give their judgment. I think the de facto law minister done a good job and you should respect him... Please let our judicial system reform to our country sake.

Dear Tun Dr M

Zaid Ibrahim is a bad example of undiscipline lawyer cum businessman cum politician and a confused person.

How can he be equivalent to AG or Load President or a learned Judge to proposed so-called legal and judicial reforms. He ain't a specialist.

Please look back at his career cum personality in politic circle.

Salam untuk Tun sekeluarga...

Selepas Tun mengambil keputusan tidak mahu menjadi presiden UMNO dan PM, saya terfikir Tun pasti akan menjadi penasihat kepada kerajaan Malaysia. Malangnya selepas Dolah menjadi PM, Dolah buat Tun seperti musuhnya. Sifat sebenar musang berbulu ayamnya mula terjelma.

Saya berharap agar Tun menjadi penasihat kepada kerajaan Malaysia apabila Najib menjadi PM.

Kebijaksanaan dan pengalaman luas Tun pasti akan mempercepatkan kejayaan Wawasan 2020. Saya berdoa juga supaya Najib boleh menjadi pemimpin yang dihormati dan disegani seperti Tun.

Biarlah apa yang Dolah telah lakukan kepada Tun, sejarah pasti menghukumnya. Generasi akan datang pasti akan mengingatnya sebagai Bapa Pelingkup UMNO, Bapa Susah Rakyat, Bapa Hadhari Sesat...

Tun,

Whatever you said about Zaid, I do respect him as Kelantanese, as professional, as a fighter to repeal ISA, as a guy with integrity and principles to fight for rights and many more.

Perhaps some people doesnt like him especially those with personal interest in UMNO. But then if I were the person in power, he surely one of my elected ministers in the cabinet.

On Zaid, he is a person who believe that all others are wrong except if you agree with him. Good leaders normally think this way. Being a possible candidate for ISA detainee, it's not surprising that he opposes it totally. Put Zaid aside, ISA nowadays is almost like a joke. People got detain even though they are not a threat to the internal security. To be honest, the government really looks stupid on this. Bloggers a threat??? oh come on!!A nuisance might be.

Permisi Tun,

Apabila BN menang pada PRU12 hari tu tak de orang Umno yang boleh di pilih oleh DSAAB untuk dijadikan Menteri Perundang yang lantang selain Zaid, beliau adalah seorang yg berani bersuara dan mempunyai prinsip hidup yang jelas, itulah sebab beliau berjaya dalam profession nya dan beliau telah menunjukkan character yang sebenar.

Berikut ada lah pendapat saya tentang kenapa Pak dolah masih hendak memegang kuasa PM sampai bulan March. Budget 2009 telah dibentangkan dekat 200 billion, duit ni semua akan ada dlm kantong perbendaharaan sebelum bulan March, Apa lagi semua deal boleh le di menterai , kau tim ma, sempat le last kopek dengan jerung2 tu, mudah mudahan ada lagi baki untuk Najib wat keje?

Dear Tun,

I am just a humble, mixed-up, confused housewife who does not know the political system as well as some of the more politically-savvy commentators here.

That said, I notice that the comments have all been a little bit one-sided. Either they are for you or against you, and most of them have mercilessly flogged our current PM, Datuk Seri Abdullah Badawi.

I think we are all forgetting something. First, the nation gave Abdullah a landslide victory when he took over the reigns from you. Why is that?

Because we loved him. Well, maybe I speak for myself, but he was like a father figure, a soft-spoken and gentle person. I was proud to have him as our PM.

Has that changed? No, he remains the same, and perhaps that is where the problem lies.

You see, Tun, there are leaders and there are followers. With all due respect to you, Tun, you have picked a follower to be the PM of this country. Abdullah would have done an excellent job as a deputy PM, you know the sidekick that supports the superhero.

He does not have leadership qualities. That is not something to be ashamed of, because most people, including yours truly, are followers.

You, on the other hand, Tun, are a leader. Your leadership qualities are incomparable. You are charismatic, a dynamite. And I really did admire you and was proud of you as my PM.

The thing I admired you most for was that you put Malaysia on the map. I remember when I was studying in London in the late 1980s, none of my course-mates had ever heard of Malaysia. I had to tell them it's somewhere near Australia. And they believed me when I said we live on trees, but with escalators! They thought if they've never heard of Malaysia before, it must be that backward.

That said, I am not blind to your faults either. Your strength, perhaps, is also your weakness.

My point is, a person has both strengths and weaknesses. So, let us be fair in our criticisms.

All in all, I am proud to be a Malaysian. Long live Malaysia!!

Dear Tun,

Don't understand why the law minister was given to somebody who practices law and with the biggest law firm in the country, employing hundreds of lawyers. Wouldn't it be bias because whatever law that will be passed will also be taking into consideration all the cases that the firm is handling and will be handling????

Salam Tun

Kita orang kampung mana lah tahu semua ini kalau Tun tak beri tahu.

Rupanya kabinet dijadikan kelab peribadinya. Diajak semua kawan dan lawan masuk. Tak jadi ahli pun tak apa. Ada agenda tersembunyi pun lagi baik. Dulu mat mat yang memusuhi kita pun apa salahnya.

Lagi jempol jika pak kadok itu pandai hijack kuasa agong dan raja-raja. Lagi jagoan jika sambil itu kepentingan musuh dan pembangkang terbela. Kerana dia loyar, hal undang-undang dijadikan mainan free-for-all. Itu bukan telunjuk menjolok mata; bahkan itu liberalisme peringkat pilihan - paling pilihan. Apa kisah. Kalau jadi huru-hara lagi menguntungkan firma guaman aku. Musang pengecut .., pakai bulu ayam.

Patutlah kita orang kampung pun rasa macam tak kena aja zaman PM sekarang ni. Palimen macam zoo .. tv tunjuk. Majlis aidil fitri (perayaan kemenangan sebulan berpuasa) jadi tempat bangsa makan sirih berludah. Benci membenci di kalangan rakyat meluas. Orang besar berebutan kuasa ... orang kecil menanggung beban harga harga.

Apa daya ... sabar aja lah sambil tak gemar kepada pagar yang makan padi ni.

YABhg Tun,

Good ridden for both of them the defactor minister as well as come March next year the DSAAB himself. The new line up of UMNO leaders must be addressed by the Umno deligates in the next Perhimpunan UMNO meeting soon. UMNO have to stay relevent to ensure all Malay interests are well protected. The new top leaders of UMNO must give due respect to the past leaders especially TUN and to make TUN as a party advisor. Keep on writting Tun your critical thinking and ideas are good for the loving nation. We all still love and need you around. Thank you.

By akhuraiah on October 9, 2008 11:03 AM

ASW Tun,

1. Sampai sekarang saya bengang dengan Tun!!! Kenapalah Tun angkat Pak Lah jadi PM???? With your VAST experience in politics, you hand picked someone like Pak Lah to lead Malaysia. Saya bukan orang politik dan bukan ahli UMNO tapi saat Tun pilih Pak Lah jadi PM...saya tepuk dahi memanjang..... "Terlangkuplah Malaysia kalau Pak Lah jadi PM..". Itulah keluhan sepanjang 2003. Haaaahhhh betul pun! Terlangkup sungguh !!! Yang nampaknya tumpang SEDAP sampai tak ingat dunia ialah KHAIRY mengalahkan anak lelaki Pak Lah tu sendiri.

2. In my opinion, Malaysia needs a Dictator that is well accepted by the majority. That's all. We don't need True Democracy or Total Transparency or Judicial Reformation or Islam Hadhari etc (Btw, isteri tukang canang Islam Hadhari sampai kesudah tak pakai tudung. That shows the level of commitment!). Those are just ideas from wannabe leaders. Mediocre ideas from mediocre leaders who just want to establish their legacies. But their legacies soon will be forgotten.

3. Some of your critics bashed Tun as a modern days Dictator BUT who cares, screw them. I like you Dictatorship. Zaman Tun tak ramai makhluk mangkuk hayun yang naik kepala ..baik Anwar Ibrahim, baik Zaid , baik Teresa Kok, baik Khairy, Lim Kit Siang, Karpal etc..semua duduk diam-diam . During your reign, we, Malaysians can taste greatness. I am proud of what did to the country back then. I couldn't even bother about politics in those days. It was a Good Era. I know that the country was in a good hand.

4. However, a Great Man like you hand picked a Bureaucrat like Pak Lah to become a Prime Minister. There goes you Greatness down the drain!!! That summarized it all.

Wallahualam

Almost all of your comments are very sarcastic in nature,though in my own opinion some are quite true.

But at times I do find it unbearable!

By judging the support to you (count me out),if other readers do learn this sarcastic nature of yours, how and where can we have a harmony Malaysia? This sarcastic comments will no doubt instigate the bad feeling of others, and you know very well what will happen next!

I sincerely beg you, for the sake of our motherland Malaysia, use your respected status among we Malaysians, to write something that will foster greater harmony and hence unity, rather than those bad feelings.

Bad habit dies hard; but you are a very determine elder, you can.

By RajaChulan on October 9, 2008 11:24 AM

Dear YABhg. Tun,

I cannot agree with you on this Tun.

Zaid has been pretty consistent on his views.

I also can understand why you and other UMNO-warlords cannot agree with him. Lately, UMNO's "business plan" and its survival is race based and race exploitative.

If you have many Zaid's around then UMNO and its warlords obviously cannot "cari makan". This is the fact that many Malaysians have come to realize and this is one of the main reason why UMNO and its warlord are being rejected by the rakyat.

UMNO is a good party if it holds on to its original objectives and expels its present selfish, greedy and corrupt warlords. These warlords are aplenty in UMNO nowadays.

These warlords are like cancer on UMNO. If they are not expelled quickly (surgically removed and radiotherapy applied!!), then UMNO may die. As a Medical Doctor you would know this well.

Salam Hari Raya

Thursday, 9th October 10.54

Gracious salutations to YAB Tun and Bonda.

First of all, I wish to say that I hate lawyers !

Lawyers allow you to ask questions for free.

Then they charge you for answering !

If you sign any legal documents in front of their legal clerk, they charge you less.

If you sign the legal documents in front of the lawyer, they charge you more.

Since you have to use a recommended type of pen and ink, they charge you additional fees.

When lawyers argue in court, they spin and twist the facts to win. The guilty will get off scot free and the victim continues to suffer.

Now this Zaid lawyer. He is outspoken, he speaks well. Has charisma and is able to attract attention.

When he cannot do the job, he blames somebody else. He resigns and leaves his assignment unattended and for someone else to finish it. Some people have the opinion that Zaid takes on the responsibility for failing his job by resigning. I am of the opinion that he is being irresponsible by resigning for fear of being blamed for his own failure. He should have known by his professional assessment that he cannot do the job and therefore should not have accepted the appointment in the first place. What we need is someone who is really a person who can manage and address problems with the judicial system AND THAT PERSON NEED NOT BE A LAWYER ! Just like you Tun, a doctor being a Prime Minister for more than 20 years ! Have you heard that a world cup referee in football was also a gynaecologist (hope the spelling is correct) ?

You are right that only rich people can have principles but rich people also creates principles to make them richer. When rich people laugh, only then the poor will laugh together even though it is NOT a joke. When poor people laughs, the rich people will only grin and smile even though it is good joke !. There is nothing wrong being rich and everything wrong for being poor. But when people like Zaid makes a very good start and then leaves the job because he cannot do it, I think he is still poor – in his sacrifices, honesty to help the country especially the Malays. His achievement in so far is making the judges richer. Talk about money politics.

You cannot blame DSAAB for choosing him as he also lacks the skill in identifying the right person. Even Tun had little choice to choose your successor and had no knowledge that DSAAB would be like what he is today. "Work with me. Don't work for me" he said. An excellent statement but merely a statement. He doesn't know how to do his work and consequently, all those who worked with him cannot do their work

also.

Enough have been said. We will see what will happen when DSAAB abdicates his post. Let us all pray that the next PM will lead Malaysia to glory and prosperity. My family loves you Tun and Bonda very much.

Ramlee Mohamed

Dear Tun,

Datuk Zaid Ibrahim is not a politician, he doesn't know how to phrase his views politically correct. With a good leader, I think he can be a great executer.

Leading a country is important, but so does the execution part. In fact, many of us can agree with policies set up by government, but come to execution ...?? The current government machinery is simply too lacking of sincere professionals and people who are just wanting to serve the country and the rakyat.

Tun,

About DSAAB stepping down,I think you are playing a mind game.You deliberately say the opposite thing and let him fell into your trap.You got the catch!Then come out and say "I am glad that I was wrong".

In fact it is a very confusing situation.What is being handed over?None!He just announced that he is not contesting.He is still the PM.

DSN still need to be nominated and may be challenged by many.

This long winded way is no good to the country's economy.We have only 12 months in a year.5 months almost occupies 50 % of a year!The crisis of premiership must be ended abruptly.The new team must get to work immediately.We are facing a global financial crisis of a tsunami magnitude in modern times.We all will be in a self denial state if the crisis which has hit Europe,Asia and USA will not affect us negatively.

TUN,

Selamat Hari Raya saya ucapkan terhadap TUN DR MAHATHIR serta ahli keluarga.

Dalam topic ini, saya berpendapat Zaid Ibrahim atau lebih dikenali sebagai ZICO merupakan seorang lagi oportunis. Apa yang Zaid Ibrahim cuba buktikan merupakan suatu cara yang paling tidak sesuai serta menyerlahkan kelemahan ketara terhadap pihak penghakiman negara. Cuma satu sahaja yang saya lihat elok- sekarang badan perhakiman diangkat martabatnya ke KELAS A..

Tetapi tindakan ZICO untuk memihak kepada atau terhadap Teresa Kok merupakan satu tindakan yang sungguh tidak boleh diterima. Ini adalah kerana ia menunjukkan beliau lemah juga memperlekehkan jawatan yang beliau pegang. Adalah lebih baik sahaja jawatan itu tidak diwujudkan langsung dan terus diberikan kepada BAR COUNCIL sahaja.

Tapi mesti ingat, BAR COUNCIL adalah majlis peguam. Apakah Peguam boleh atau berhak untuk memilih siapa patut menjadi HAKIM dalam perbicaraan mereka?? Parti putar belit Keadilan, komunis DAP, dan CONFUSE PAS merupakan perosak negara..haram kan sahaja parti parti tersebut
By nookvillage on October 9, 2008 11:56 AM

Tun,

Kita ingin tahu beberapa ex-gratia dibayar kepada Hakim-Hakim yang kena buang! Saya rasa duit saya sedikit ada dalam pembayaran itu. Bukankah mereka dibuang selepas mendapat kelulusan Agong?

ISA tidaklah undang-undang yang kejam. ISA hanya digunakan kepada mereka yang "layak" sahaja demi keselamatan Negara. ISA misti dikekalkan untuk diguna pada bila-bila masa yang diperlukan sahaja. Mungkin Kerajaan perlu menerangkan peroses tindakan ISA diambil dan hak-hak yang ada pada mereka yang ditahan di bawah ISA. Review ISA juga kerap dilakukan (3 bulan sekali sekarang ini). Dalam banyak hal ISA adalah lebih ringan dengan Undang-Undang biasa. Contoh bagi penjenayah yang membuat wang palsu boleh disabitkan kalau terbukti bersalah boleh sampai dipenjara selama 20 tahun. Tetapi jika ditahan dibawah ISA biasanya tidak lebih 2 tahun. Di Kemunting itu tidaklah azab macam Penjara biasa. Kerajaan tidak pernah menahan orang Politik begitu lama seperti Kerajaan Singapura pernah menahan orang Politik sampai 32 tahun. Mana-mana Negri seperti USA, England dan lain-lain ada "ISA" mereka sendiri. Kita harus berterima kasih kepada Undang-Undang ISA kerana menyelamatkan kita semua dan juga penyelamat Bangsa. nookvillage.

I read in the BERNAMA news wire today that you will "shut-up" from now until March 2009, is that true ? I hope you are misquoted (which is usually the case with the local media) because even if you decide not to comment on the local political situation from now until March 2009, but we are still interested to read your views and thoughts and share ours too with you on other current topics such as the global economic situation, the political/economic turmoil of third world countries, the political uncertainties and troubles in Thailand, etc. Please do continue writing as we have much to learn from your insights and opinions.

I sincerely hope you will re-consider your decision Tun.

Sincere regards and best wishes again to you and family.

By Lim on October 9, 2008 12:22 PM

Dear Tun,

Zaid Ibrahim meletak jawatan atas alasan kerajaan menyalahguna ISA.

Pada pendapat saya ianya hanya sekadar gimik politik sahaja. Jadi, beliau tidak seharusnya menjadikan ISA sebagai kambing hitam sehingga memalukan Paklah.

Beliau seharusnya mendedahkan ketidakpuasan hatinya terhadap perjalanan politik UMNO. Beliau sepatutnya memberitahu sahaja kepada pihak media bahawa setiap langkah yang diambilnya tidak mendapat sokongan ahli UMNO sendiri.

Jangan sesekali kaitkan ISA untuk alasan meletak jawatan. Langkah ini selalu diambil oleh orang yang pengecut. Beliau sebagai menteri patut bertanggungjawab memelihara sensitiviti ISA. Beliau tidak harus mengelirukan rakyat dengan kenyataan yang memudaratkan sehingga berpihak kepada parti pembangkang.

Hal ini kerana ISA perlu diteruskan bukan sahaja menentang penganas dan komunis malah ia juga perlu digunakan bagi menahan individu yang berpotensi mencetuskan ketegangan kaum.

Kini kita lihat penggunaan akta ISA ditentang kuat oleh parti pembangkang bukan kerana mereka hendak menyelamatkan negara tetapi mereka hendak meningkatkan populariti sehingga kerajaan sedia ada tumbang selama-lamanya.

Masing-masing mencari peluang memusnahkan karier Paklah hanya untuk kepentingan diri sendiri. Cara ini salah walhal kita tahu pemerintahan Paklah sekarang adalah goyah dan lemah.

Ini adalah satu gejala yang amat bahaya kerana kebanyakan pemimpin politik yang berpengaruh menggunakan isu kaum untuk meraih undi. Saya nasihatkan kepada para pemimpin politik Malaysia supaya jangan sesekali menggunakan isu kaum kerana semua pihak akan rugi.

Sebenarnya banyak lagi isu yang boleh dipolitikan di Malaysia seperti ekonomi, pendidikan, kesihatan, kemudahan prasarana, pembangunan, dan banyak lagi. Tetapi jangan sesekali berpolitik tentang agama dan kaum kerana ianya isu sensitif sehingga boleh menyebabkan rusuhan.

Sedarlah diri!

Regards,
Lim

Hon. Tun,

What Pak Lah did was trying to expose those marginal errors in Tun's governance, Pak Lah did not manage the county as a LEADER should. Instead of leading he kept on digging up Tun's errors to humiliate, causing the government to cough out more money to win political support. Tun had to do what was right at that time. LEADERSHIP QUALITIES.

By emville on October 9, 2008 12:24 PM

Pak Lah pun dah nak resign Mac ni. So apa2 yg dia buat pun dah kira "dimaafkan". Sekarang ialah masa

Pesanan pada Najib, awasi isteri anda! Kadang2 persepsi lebih berbisa dari yg betul. He brought some changes to which many including yourself not happy with and your usual song of the present PM made mistakes. He dares to quit the cabinet post to which many will do anything to in just because he is rich

What is wrong with all the above. Your article does not meet the quality of writings of a prime minister}

Dear svijeyan, read again the article with clear conscience and clear mind you will get to know what Dear Tun have written, you seem not able to think and see things clearly. You dont have to prove you are a fool by saying "Your article does not meet the quality of writings of a prime minister". The world knows and recognises the ability of a great leader in Tun Dr Mahathir Mohamed.

Let Zaid Ibrahim go for Allah have disgraced him by not making him a full Minister. I believe that the main reason he resign was due to the delay in appointing him as a full Minister and no other reason and of course probably Pak lah have used him to attack your credibility on the judiciary issue which was long resolved. Pak lah used a kitten to attack a LION, and the result is positively obvious.

Dear Tun, we are looking into a confirmed transition of power now but what we are not sure is whether DSNR will be the No.1. to many negative issues have been propagated against DSNR. Will he be able to have a damage control on the country or will he be a another liability to the country. let us have your view

Tun on this issue and/or your opinion on who shall be the No.1.

Take care YDK Tun & Tun & Family

Dear Tun,

In Singapore, they honour LKY by offering him the post of Senior Minister but in Malaysia it's the other way around. ///

Ahmad, you must have been sleeping when this subject was broached to Tun. He declined to be appointed to any similar position. In fact, given Tun's well-known hatred of all things Singapore and LKY, the last thing Tun wants to be is to follow the footsteps of LKY.

BTW, LKY is now the Minister Mentor. And Tun had been the unofficial Minister Tormentor.

Dear Tun!

I can understand your comments on Zaid! But did it not strike you as to the reason why he resigned in the first place? I must say that it takes a lot of guts to relinquish an important, powerful and "comfortable" post to show your displeasure at the blatant abuse of the ISA on common citizens by those in power! For this, my hats off to Zaid!

Why was the ISA implemented in the first place? Given the present scenario, why was the ISA used, or should I use the word abused? I believe you know better Tun being a former PM! Any justification, enlightenment from your end?

The only avenue the Rakyat has is to ensure that there is a change in government and a glimmer of hope that the next occupants of Putrajaya will carry out the promises they have made! That's a risk they have and must take rather than depend on the likes of Najib, Razaleigh and whatever names that crop up as potential successors under UMNO for CHANGE!!!

Tun! Frankly speaking, I have given up hope in UMNO, even if you re-enter the scene! One man cannot change an entire system which has been badly infiltrated/tainted with corruption! Let's face it, your days are numbered! During your tenure as PM, these very people have used and abused you! Look at how they are treating you now! Your only source of communication with the Rakyat is your blog not the NST, Utusan, Sin Chew, Tamil Murasu....the list is endless because they are controlled by "the powers that be"!!!!

Rest assured, Malaysia will never "go to the dogs!!!!" but the wrongdoers will certainly face punishment come judgement day from the hands of the Almighty!!! Let's leave it at this...shall we?!!!

As a human being, Tun, I have utmost respect for you!

Ketika Tun M menjadi PM, anak Kelantan yang berjaya cemerlang terus diberi peluang membantu negara. Anak Kelantan tidak pun didiskriminasi walaupun kelantan di perintah oleh PAS. Itulah mulianya Tun M. Beliau melihat mengikut merit seseorang. Tokoh seperti Tengku Mahaleel, Dato Hassan Said di KPT, Dato Hashim Yaakob di UM antaranya merupakan bintang yang dikagumi dunia atas kepakaran mereka.

Tapi di zaman Pak Lah, mereka dan ramai lagi disingkir sedangkan mereka masih boleh memberi sumbangan kepada negara. Dalam ramai-ramai anak Kelantan, tiba-tiba muncul bekas ketua bahagian

yang digantung muncul menjadi pilihan Pak Lah. Menjaga persatuan bolasepak kelantan pun dia gagal. Ini kan pula jawatan kabinet. Didapati pemlihan Pak Lah keatas orang Kelantan adalah dari kalangan yang tak dikehendaki di kelantan dan juga negara seperti orang ini dan juga pengerusi umno negeri sekarang. Mereka gagal memimpin dan unwanted oleh orang kelantan tapi masih diberi tempat. Tempat Tan Sri Hussin Ahmad di KADA pun diambil alih sedangkan Hsui Serama ini masih berpengaruh. Tak hormat orang tua langsung. Ia hanya membuatkan ahli UMNO kelantan makin menjauhkan diri dari BN dan UMNO. Berlainan dengan tengku Mahaleel yang membawa keuntungan kepada Proton tapi digugurkan. Dato Hassan Said membantu tubuh 8 IPTA tapi gugur dan terpaksa letak jawatan dari kerajaan. Hashim Yaakob pakar pergigian yang pandai bersilat dan bersajak gugur dan tak pun menjadi ahli silat, ahli sajak negara. Terpaksa join sektor swasta buka sekolah jururawat. Kalau nak kata orang pencen/berhenti tak boleh masuk balik tak betul pulak. Baru-baru ini timbalan ketua pengarah kastam yang dah pencen pun boleh masuk balik jadi ketua pengarah lagi. Apa lah sangat kepakarannya.

Kami harap pimpinan baru Mac ini dapat berfikir secara rasional tentang unsur diskriminasi yang berlaku di zaman pak lah terhadap anak kelantan. Jangan lah mentang-mentang Kelantan hanya ada dua ahli parlimen BN maka ia tidak penting bagi pak lah. Tidak seperti Sabah. Pulau Pinang pun ada dua ahli MP BN. Seorang PM dan seorang Menteri Kewangan II. dah 100% dalam kabinet. Harap ada anak kelantan yang genius diambil menggantikan Zaid yang meletak jawatan.

Kehadapan yang berbahagia Tun,

Persoalan pokok adalah, siapakah yang pilih mamat ni? Tu baru kes Zaid. Yang lain? Tengok yang jaga hal ehwal pengguna - petrol sekejap turun sekejap naik, harga barang terus naik, salahkan masalah global. Siapa yang terus merasa kesannya? AAB tidak buat homework bila dia lantik ahli kabinet dia. Jangan2 dia pilih portfolio menteri pakai buah dadu tak!
Tapi apapun, lega sikit rasanya bila Mr. Clean umumkan yang beliau tak mempertahankan jawatan. Tengok dlm TV3 tak ada pulak orang nangis2 bila beliau buat pengumuman. Tak tahulah pulak TV lain..Beza sungguh dengan masa Tun dulu. Yang ada cuma laungan dari jauh semasa dilobi, tak jelas apa depa kata - Hidup Pak Lah ataupun hidupkan Pak Lah. Sempat pulak beliau sindir Tun- kata org umur 80thn siapa yang nak? Kalau yang kualiti macam dia tu, sekarang pun org dah tak nak apalagi bila sampai umur 80thn? tidur memanjang..Tapi Kenapa nak tunggu Mac pulak? Pemimpin parti komponen BN pun,tengok muka depa, macam depa nak sorak je! tengok betul2 kalau ada tayangan lagi.Tapi takkan nak bersorak pulak betultak? kecil pulak hati kawan tu nanti. Pujilah sikit - katalah beliau buat keputusan yang berani dan ya! memang betul! kalau betul lah beliau turun Mac nanti, itulah keputusan yang paling tepat/berani beliau lakukan semenjak jadi PM. Syabas Pak Lah! Kuncu2nya yang lain apamacam? kalau berani, buatlah pengumuman macam Pak Lah. Jangan umum nak bertanding jawatan dlm UMNO pulak. Jangan Syok nak jadi menteri kalau ingat diri tu belum boleh. Orang boleh pilih kita tapi kita sendiri yang harus kena ingat: BOLEHKAH AKU MEMIKUL TANGGUNGJAWAB INI DEMI NEGARA? Jadi menteri memang seronok (agaknyalah) dapat keluar paper/TV hari2. Tapi sampai tak boleh nak jaga kepentingan rakyat.. Malulah. Elok2 jadi menteri dah jadi badut. tak sedih jadinya?
Walaupun apapun - Fokus sekarang harus kepada kesejahteraan Malaysia dari segala aspek - ekonomi, keamanan dan keharmonian diantara kaum.
'kesaktian' Tun amatlah diperlukan. Buktikan kepada Pak Lah yang umur yang lanjut bukanlah faktor merosotnya kebijaksanaan seorang insan kerana kebijaksanaan itu sendiri adalah kurniaan dan hasil dpd penat lelah insan itu sendiri. Benih yang baik, campak kemanapun akan jadi buah yang baik..Ni tidak, orang sibuk2 bercakap dalam mesyuarat, member sempat 'cari ilham'. Mesyuarat habis, keputusan tak

ada. Mana nak dapat, bukannya cari ilham tapi 'black-out'.
Melalui saya hari ini - suka dan gembira walaupun jauh di perantauan.

Tun, I fully agreed with Tun on the presence of Zaid Ibrahim in the political scene of Malaysia. I wonder

why such a successful lawyer and a well to do man wanted to join the cabinet. Probably he has entered to the politics with some personal undisclosed ambitious reason.

His appointment was just another Pak Lah's blunder in his career. Why does he need such a loser in his party/cabinet? Zaid Ibrahim didn't mentioned anything about ISA when Hindraf was creating the chaotic scenes in Malaysia. Was he related to some of the judges invloved or Teressa Kok, etc. Does a noble man will quit so easily within 6 months of appointment? Why did the government paid the "compensation token" to the judges? I believe it may have cost a bomb to pay them.

Meanwhile, it has been a great honor to share your thoughts with us as I doubt we could have this opportunities during the period when Tun was the PM due to your heavy workloads. Your input have really push me to do more facts finding and give me a greater understanding about the subject discussed on this blog.

I hope the new administration after Pak Lah, will appoint Tun as the Mentor to the government as to steer us to be a better country and citizen. I think the approach of Minister Mentor and Senior Minister role for Singapore's have shown that such system can co-exist in some countries.

I also like to highlight a comment from "Neil" that criticized your blog. Probably he may be related to one of people that being critisized by Tun in this blog.

Thank you and my best wishes to you and your family.

You and me are wrong, Pak lahhhh is not contesting UMNO (United Muslim National Organisation) presidency.

Question to you

Why when Muslim Indians or darker skinned people that convert to Muslim can join UMNO and not other races or lighter skinned people who convert to Muslim. The best part is that they can even use the word "Bin" while others must use the "Abdullah" and they can be classified as Bumiputra too. Very confusing and need your explanation????

i know u have done a lot of development and good things for malaysia and malaysians, yet i still believe that you also did some "great/good" jobs from time to time. so far, i only heard "one" story about you that is quite first-hand from someone.

Salam Sejahtera Buat Tun serta keluarga,

Zaid Ibrahim di lantik oleh AAB Hadhari, kununnya untok membuat reformasi perhakiman di negara ini seperti di kehendak rakyat.

Juga Kunun nya tuntutan kehadiran wakil Badan Peguam juga atas kehendak rakyat.

Namun Zaid Ibrahim sendiri pun bukan pilihan rakyat .. juga perlu diingat pada bulan MEI 2008 Laman Web Bar Council ini sendiri pernah membuat polling terbuka akan SIAPA yang tidak wajar berada didalam JAC.... And THE BAR COUNCIL sendiri telah mendahului carta tersebut.

Zaid Ibrahim and the Bar Council adalah BADUT semata mata!!

Assalamualaikum YAB Tun dan isteri,

Tun adalah insan yang saya amat kagumi dan hormati. Saya teringat masa Tun di bedah 'bypass surgery' sekitar 1980an dahulu, saya amat takut jika apa2 berlaku pada diri TUN, apa yang akan jadi pada Malaysia. Saya masih kanak-kanak pada masa itu.. saya menangis, Tun.

Malaysia kini amat berbeza tanpa sentuhan Tun. Biar ramai yang kata dulu, Tun amat tegas.. Tun ini .. Tun itu... tapi bagi saya rakyat biasa.. Tun lah Pemimpin sejati.

Sistem pendidikan negara telah mendidik generasi baru Malaysia hilang arah. Mohon Tun cadangkan sesuatu terutamanya tentang ura -ura pemansuhan pendidikan moral dan digantikan dengan pendidikan Sivik. bagi saya, pendidikan sivik perlu untuk semua terutama bangsa melayu dan Umat Islam kerana pelajar Melayu / Islamlah yang paling bermasalah. 'Melayu mudah lupa'.

Semoga Allah Merahmati dan melindungi Tun serta keluarga dan Malaysia umumnya.

Dear TDM,

Although Zaid is not popular amongst the power that be or has been, amazingly, he has shown his consistency of principle in rejecting the abuse and misuse of the extremely barbaric law, which I think you

would never dare to do due to utter cowardice and total arrogance as if you're all-time infallible despite knowing the truth.

By ezaniAuthor Profile Page on October 9, 2008 3:49 PM

Salam Tun

11. One can afford to have principles when one is rich and does not have to depend on the small allowance of a Minister.

12. My deep respect for this one Minister who seem unconcerned about his allowances

I'm very interested in your 2 points above, Tun (11. and 12.) Are you saying a Minister should compromise his principles because he is not earning enough and because he is afraid to lose his rice bowl? For me, I believe a Minister should be fair, courageous and stick to his or principles, whatever the circumstances.

Salam Tun,

Hopefully you and your beloved wife Tun Siti are fine. Not much to say on Zaid except that the reason that I think Pak Lah appointed him on the Ministerial Post was to embarrass you . They wanted to tarnish your image. That's the main reason. But you want to know something Tun, they didn't find any and thus used Linggam tape as it was the only thing that they could find. For me personally, that is nothing compared to 22 years of reign. My hats off for you sir.

On another note, I hope that by the time the present PM resign, Tun will be at least an UMNO member and will advise the next PM on his/her next course of action. Tun, we now see the weaknesses of the current system. If the PM is smart, principled, strong and have tons of leadership qualities like you, the nation will be safe. If not, it will be as what we are witnessing now with Abdullah Ahmad Badawi. Please change the system so that all UMNO members will have the chance to vote instead of only a handful of them.

Tun, that's me being unaligned to any party but will become an UMNO member once Pak Lah and Co is out of the picture.

Thank you

Tun Mahathir,

Kenapalah Tun masih tidak boleh terima yang kesemua ini adalah hasil daripada tangan-tangan buatan Tun sendiri. Kononnya sekarang hendak tunjukkan yang Zaid sendiri telah menjadi senang lenang atas kerja-kerja khidmat guaman yang ramai mengetahui diperolehi semasa zaman Tun lagi.

Janganlah hendak mencetuskan satu perpektif lain pula....eloklah ketika ini Tun gam mulut Tun sendiri dan duduk diam sebagaimana yang Tun nasihatkan Pak Lah. RElok sangat nasihat Tun itu bagi terus membuat dosa-dosa....lagi

My Comment Dear Husin, I've seen that you are a frequent commenter in this Blog. Perhaps it is better if you could go to Kelab MAYA Umno (a stouch supporter of Pak Lah and Khairi) or Anwaribrahim blog. I am sure they welcome you there. Nak minta Tun komen kenyataan ini

quote"

IPOH: The Perak government has announced an 80% discount on land premium for those keen to convert their leasehold titles to freehold titles in all planned and new villages in the state.

unquote"

Saya tak faham kenapa diskaun diberi sampai 80% dan ini hanya terpakai kepada tanah pajakan di kampung terancang dan kampung baharu.

Apa istimewanya penduduk di kawasan tersebut ?, nampak macam pemberian keistimewaan terpilih oleh kerajaan PR. Selama ini PR dok asyik melaungkan keadilan untuk semua. Bukankah kalau PR kutip pada jumlah yang sepatutnya , duit itu boleh digunakan untuk pembangunan dan akan di nikmati oleh lebih ramai rakyat ?

By DwithM on October 9, 2008 4:36 PM

Dr M: Zaid has more essence of a man in the tip of his toe than you will ever have given 10 life times. You are criticising him for trying to push for transparency and accountability (vocab which doesn't exist under your pathetic concept of ketuanan melayu) and do away with draconian laws like ISA? what is wrong with him condemning the wrongful use of the ISA against Theresa, the reporter and RPK? because it goes against umno directive? maybe, just maybe, after ALL these years, you could learn to take a stand based on merits as opposed to alignment to certain parties, especially when it's a corrupt defunct obsolete condemned party like umno? you are a sad broken man, and in your twilight years, you are still not able to realise the sins you have committed during your disastrous 22 year rule, which has produced, inter alia, ppl like SITI FAI'ZAH BINTI HAJI MA'IN who can't even understand english even when your article is so simply (and badly) written. we need a new govt, not a new umno, and it is exactly ppl like Zaid whom we need in our new govt. umno's days are over, and i hope your days are numbered too, VERY numbered.

Zaid and Bar Council should start from small not immediately climbing to the top . If they started from the top the chances are their hands are full and that they have no intention to really look into matters that concern the ordinary rakyat.

For instance, help the police to make a case stick [if police made a blunder, at least one lawyer wins, if so often that lawyer wins because of that blunder ..that lawyer became popular and business grow and later join politics and impressed rakyat with his good command of english and capabilities to twist the law to his favor and maybe a friend or two , nah..why not?].

Tolong lah guide the young lawyers , especially the one yang ada english language issue to win a valid case .

And how about - to compile and show us the rakyat statistic..before do any open discussion. Don't overblown minority and jeopardize the country harmony . Some things can be solved through communication and understanding and respect.

I am often baffled as surely questions like - for example how many converts, what is the percentages of convert that is having that problem -how many muslims are there in Malaysia, how about comparing that number against these complainant s ,what is the percentage like?

Answer and think.

Is that number sufficient, is it justify to put into chaos the respect that we have for each other for so long?

I questioned - what drives them to discuss it openly?

I questioned - why , like trigger happy picks on certain individuals and blow it up day and day in print and electronic?

From what was read and saw and heard in the news,yes I think Zaid is arrogant, it seems that he picks and choose things that will quickly glorify and benefits him and worst he encourages the Bar Council too - institusi yang 'represent the truth'...or 'represent choosen and popular truth' only.

Salam Tun,

One of the BEST signal & feedback that we can obtain will be the OPPOSITION's reaction after announcements by our sleepy PM ..

when he announced the cabinet line up - opposition has no adverse comment

when Tun advised him to step down, Karpal Singh make noise

yesterday, when he announced not contesting presidency post, Lim Guan Eng and Karpal Singh accused he is being forced to step down...

take care Tun

Siapa Zaid ni?

Pada suatu ketika, dia telah diambil tindakan oleh UMNO kerana kelakuannya.

Itu pun, ada jugak orang yang masih memanjakan dia dengan cara membawa dia semula kedalam UMNO.

Dimana Zaid ni?

Ketika ada pihak dengan secara aktif mengadakan forum membahaskan hak orang melayu, dia hilang entah kemana. Kenapa senyap?

Zaid timbul ke?

Ketika ada pihak dengan lantang membangkang isu ISA, dia muncul entah dari mana. Berlagak macam

Zorro.

Zaid ni Melayu ke? Rakyat Malaysia yang bertanggung-jawab ke?

Ibarat nak ke langit pun tak boleh, nak ke bumi pun tak boleh. Jadi hantu je la. Terapung-apung. Takde pendirian.

Cermin lah diri tu.

Mat Tyson is contesting for Number 2. What a joke of the year!!

He is a real UMNO joker!!

Tak sedar diri. Pimimpin yang dah luput tarikh guna masih ada cita-cita tinggi nak jadi Timbalan Presiden. Cerminlah muka!! Pemimpin yang tak ada credibility dan yang dah patut di humban jauh-jauh kelongkang. Pimimpin yang dah berbau "busuk" dari segi moral!!

Tulisan pertama aku dalam BLOG ni.

Walau apa pun ucapan terima kasih pada Pak Lah yang sanggup turun takhta demi untuk kepentingan parti dan negara. Bukan senang nak mentadbir negara, kita cakap memang senang, orang itu salah, orang ini tak pandai, tapi pada hakikatnya apa kita kutuk tu, itu lah bangsa kita sendiri. Yang penting macam Tun cakap sebelum ni PERJUANGAN BELUM SELESAI dan MELAYU JANGAN MUDAH LUPA.

Tun,

I think Zaid had speak out what is fair. He earned the respect by many as he is liberal and rational. This is all totally against the UMNO racist members. This is the casue that why so many UMNO people doesn't like him.

Tun, the same thing happen to you when you are in power. Becasue of position and power, you have to admit that something what you have done against the common law just to secure your position.

If everybody want this country to progress, I strongly believed that we need more Malay to be like Zaid.

I've commented before but would like to comment again on what was written by Hussein Ismail.

Tun Mahathir,

Kenapalah Tun masih tidak boleh terima yang kesemua ini adalah hasil daripada tangan-tangan buatan Tun sendiri. Kononnya sekarang hendak tunjukkan yang Zaid sendiri telah menjadi senang lenang atas kerja-kerja khidmat guaman yang ramai mengetahui diperolehi semasa zaman Tun lagi.

Janganlah hendak mencetuskan satu perpektif lain pula....eloklah ketika ini Tun gam mulut Tun sendiri dan duduk diam sebagaimana yang Tun nasihatkan Pak Lah. RElok sangat nasihat Tun itu bagi terus membuat dosa-dosa....lagi

My Comment Dear Husin, I've seen that you are a frequent commenter in this Blog. Perhaps it is better if you could go to Kelab MAYA Umno (a stouch supporter of Pak Lah and Khairi) or Anwaribrahim blog. I am sure they welcome you there. I have tried to give a negative comment on Anwar and nothing came out. See, Tun has been very gracious to publish your comment.

Go and Fly Kite ok.

Thanks Ikhwan at least u have taken ur own initiatives to give comments 4 Tun, cos' Tun got no time to see and read all our comments.

I presume tt u may be 1 of those generated from d leadership structure of d feudal system promoted by Tun during his 22 years in power.

Selama ini Tun hanya suka melihat dan mendengar berita-berita dan perkara-perkara yang molek-molek sahaja. Kalau tak percaya tanyalah orang-orang disekelilingnya yang amat memahami perangai dan citarasa Tun kita ini.

TUN,

Kemungkinan kerana masalah ingatan, maka ZI dilantik tanpa ada justifikasi, sedangkan AAB janji lepas PRU12 kepada umum tak lantik orang yang kalah dlln. Rakyat tidak mungkin menghalalkan wang cukai dibayar kepada bekas-bekas hakim. ZI kena tanggung sumpah seranah ini. Patut sangat ZI letak jawatan senator. Perbuatan, percakapan dan visinya tidak melihatkan dia seorang melayu Malaysia. Kalau dia Melayu Afrika pun kemungkinan boleh sesuaikan diri dengan hasrat dan memahami majority melayu Malaysia. Dia pun dah buat kenyataan kemungkinan menyertai PKR. Ini bukti ZI juga ada masalah ingatan, dia lupa segala kekayaan dan peluang perniagaan yang diperolehi dari UMNO dan BN. AAB semalam umum akan lakasana 4, 5 perkara sebelum bersara. Satu nya apa yang ZI mahu. Orang lain umum bersara, ambil cuti. Orang ni tak. Konon banyak janji belum tunai? Bila janji? Siapa mintak? Najib dan UMNO patut ambil alih perkara-perkara ni semua. Buat kajian semula. Mesyuarat perwakilan UMNO Bahagian ada alasan kukuh untuk buat resolusi mesyuarat agong UMNO dikembalikan ketarikh asal dalam bulan Disember 2008 dan peralihan kuasa dilakukan ditarikh tersebut. Kalau boleh bagi duit percuma kepada bekas hakim, UMNO boleh cadangkan bayar gaji AAB enam bulan dengan guna "reserve luar negara". 5 bulan macam-macam boleh berlaku. Satu tempoh yang boleh mufliksan orang melayu dan tanah melayu.

UMNO and BN have their weaknesses but in 51 years so far, Malaysians irrespective of race and religion

have been happy,safe,proud of being Malaysian especially when Malaysia face opponents in games or Malaysian travel overseas.All in all,there have been much plusses for UMNO and BN.We shall not let the Oppositions to try and gain from these let alone at the expense of destroying Malaysian economy.They have tried to "overkill" the weakened UMNO and BN and enough is enough.Let us unite now and repair the ship,overhaul the engines if we need to,as we are getting new Captain soon.Salam.

Saudara Zainudin cubalah buka sedikit mata dan pemikiran dengan lebih objektif lagi tentang pencapaian 22 tahun tersebut. Lihat sendiri apa yang kita capai hanya bangunan dan struktur batu-batu dan kaca -kaca yang molek di Putrajaya dan juga dan buih-buih sabun yang dengan mudah dimakan hari dan cair dipanah matahari.

Apa yang boleh kita banggakan, sebagai contoh kecil ialah harta Melayu yang ditinggalkan sejak pemerintahan Allahyarham Tun Hussein daripada 22% dikurangkan kepada 18.5%, Apa yang hendak dibanggakan angka begini...nampak saja mewah dan berderet jutawan segera Melayu diwujudkan. tetapi sekarang cuba saudara bilang dan cari di mana mereka ini selain daripada Tuan Syed Mokhtar Bohkhari dan keluarga Tan Sri Azman Hashim.

Terimalah kenyataan ini.....dengan seikhlas-ikhlas.

Hello Tun,

I'd really like to say how glad I am to have found this site and knowing that there may be a small chance of you reading it. I was never politically savvy but of late I have gained much interests and curiosity on all the people that have been gracing the headlines of every newspaper I can get hold of.

You have been a big inspiration for me all those years you were PM. The compliments (and support..) said by other commentors on this blog proves how much respect you have undoubtedly earned over the years.

However I just MUST really say something about the people who choose to use this site to be plain RUDE. I think speaking rudely and speaking with proof of fact or with any evidence makes a lot of differences.

Arguments are like a debate. It should be like a debate. Using offensive words is just abusive and rude. Maybe you are used to it by now Tun but I just MUST say something about this.

Malaysians are getting rather rude, on the road, on the phone, in Parliament, to reporters and everywhere else.

Please I hope some of you may be reading. I'm not saying you are not entitled to your opinions, you are, BUT please use facts and evidences. Don't just hurl offensive words it is just plain RUDE!! I am pretty sure everyone here are grown adults. See how many responses you have been getting out of being rude.

Arousing anger is such a similar tactic used by some people to create chaos. Look around you. Is it really worthwhile to be bitter?

It is just not concrete and need I say, a waste of internet space. I just believe that if you are able to come and make an effort to read this blog you must have a certain amount of education and mental state that still allows you to explore other avenues for information and perspective. I won't even start to explain what rude is in Malay and what it directly translate to. Don't use this space as a venting ground. And don't insult your own intelligence by being abusive.

Tun, I am a frequent reader of a week now. I am officially a fan. Thank you for giving your time and sharing your thoughts with us. Fellow commentors thank you for your inputs and perspective. It has been rather 'educational'. I just needed to share my thoughts on rudeness because there seems to be a lack of it these days among us Malaysians.

Wish everyone would just remember where they all came from and just be proud of where we are today. We are 'somewhere' you know people of Malaysia! Stop denying our successes. Chin up and hold your head up high for the things we have already achieve.

As the saying goes Yesterday is HISTORY....Tomorrow is a MYSTERY and Today is a GIFT. Is this how people react to receiving a gift?

Anyhow it is only my OPINION...have a great day everyone. Tun have a pleasant evening ahead.

SALAM TUN,

Zaid Ibrahim

Know something about Zaid Ibrahim appoinment as Minister.
It was obviously a big mistake. All ministers know him, UMNO members know him and Malaysians know about him.

He is not famous because of his vast experience.
He is famous because of problems.
In short because of all problems that he's created.

The other one who followed him very close is Shahrir Samad.
Very close.....

However who appointed all this Ministers in the cabinet.
Very simple question with simple answer.

The one who's lack capabilities of strength and honesty.
No need to talk about the other criteria.
Only two main criterias. Only two.....
Two criterias of good leader that we need today and future.
Strength and Honesty.

Dear Tun,

I hope this coming UMNO election UMNO members are intelligent enough to choose the right candidates. Hopefully they don't choose haprak and HP6 candidates who have no credibility as leaders, not only to strengthen UMNO but to ensure that they are competent to administer the country and move forward to a higher level of economic development. They must have good brains, of course not the KJ type of brain. They must be really having technocrat materials or else these leaders won't get the respect from the non-Malays. The non-Malays would expect UMNO to lead the country with good and qualified leaders.

People like Mat Tyson has no gobal vision. He is the "kampong type of leader" whose ideas are just like "katak bawah tempurung". Likewise Ahmad Zahidi. Poor IQ and no charisma. Jadi Mat Rembit naik motor sana sini bolehlah !!

UMNO cannot afford to have unqualified leaders to lead the country. They must have good academic technical backgroud. Not graduates of religious and Malay Studies. We want economists, accountants, engineers, lawyers, doctors and other professional qualifications just like Singapore leaders are having to lead UMNO. We have to accept this reality. We do want Pak Lah type of leadership who has no ideas and has to depend too much on his advisors but he could not digest even the basics to move the country forward. .

Dearest Tun...

Tun, do you want to know why Pak Lah FINALLY quit? He.. :-)

Because he read your blog...

Selama ni Pak Lah selalu syok sendiri. Dia selalu ingat semua orang sayang kat dia.. Dia selalu disorongkan dengan cerita cerita dongeng yang semua orang sayang dia, support dia, kebanyakan source dari KJ pun... KJ yang menkhayalkan Pak Lah selama ini... KJ cuma menunjukkan 10% yang orang suka Pak Lah, dia tak pernah tunjuk/cerita yang lagi 90% majority semua sebenarnya tak suka Pak Lah...

Satu hari tu, Pak Lah tergerak hati buka & mengambil masa membaca blog Tun, chedet.com ni. Pengsan dia.....!!!! Baru dia baca & lihat dengan mata kepala dia sendiri yang begitu ramainya comments, begitu ramainya orang yang tak suka dia sebonarnya...

He realised, these are all REAL PEOPLE (yang comment), baru dia tahu segala gala kelemahan dia selama ini. Baru dia tahu banyak perkara. Baru dia tahu realitinya.

Entahlah Tun... saja saja terfikir begitu... I actually really wish he really reads your blog, every words by words, every archives by archives and every comments from all the commentors. But it sounds too impossible pulak kan, coz he prefer to sleep and doesn't care about what is happening to the country or to the rakyat.... :-(

It was just my wish...

Salam sayang teramat amat sayang sangat sangat buat Tun.

Hi Tun,
I am quite taken up about your statement of how it is easy for a rich man to have principles which I totally disagree.
A man of principles has to do with ones character and not evaluated according to ones wealth.
When do we ever evaluate a person's principles or integrity based upon one's wealth?

Good day.

Dear Tun,

I think UMNO could not survive for long. There are a lot of dishonest Division Heads and committee members who are corrupted and only thinking of their own vested interest rather than anything else. They will never change their attitude if their objective is to make use of UMNO to enrich themselves. UMNO will be doomed to fail by the doing of their own members.

I am of the opinion that the whole of UMNO members are naive and gullible. What a pity for the Malays having these people around.

It looks like I have no choice but to sympathize with PAS. I just cannot accept those UMNO members who are still blind, deaf and dumb !! There is no future for UMNO come next general election. PAS stand a better chance to survive and become stronger. Make no mistake about it.

Zaid claims that he is a man of principle. He resigned his ministerial post because of principle. The fact is he is clueless about principle. He was 100% supportive of the action taken against Salleh Abbas and the sacking of judges. Yet now he is a crusader for Malaysian Bar Council to overturn the earlier decision that he previously supported. When his agenda to "reform" the legal system failed to get the support of the Cabinet, particularly the UMNO Ministers he took the easy way out by quitting. He doesn't want to be the laughing stock of the legal community. No issue of principle here.

Dear Tun,

Selamat Hari Raya sekeluarga. Izinkan..

Lahar Bisa

Your venom is like the unending flow of lava, maybe the only inexhaustable resource in M'sia right now. Ever since you stepped down it was exclusively to poison Pak Lah. Now that he is confirmed out of the

way, instantly 2 people become targets in quick succession.

Your hate articles against Khairy is expected (but so fast? Forgot your son involved!) Against Zaid a out of favour ex minister? I believe the only objective is to whip up contempt against this man. Let's take a look at your gallant effort:-

Plotting

You recap his plotting record in Kota Baru. His action is 'semut' compared with your Guinness M'sia record 'achievement'

You had a hand, leg or finger in the fall of every prime minister since independence, from Tunku, Tun Hussein to Pak Lah(only Tun Razak was saved by some Grace, May his Allah bless him) Add to that all potential PM (your deputy!) you somehow eliminated from office Musa, Ghafar, Anwar, Pak Lah. No other Asian leader has your record! No other country in the world has our record. Shows you have zero tolerance for dissent at the peak. Pak Lah berat telinga Tun ringan telinga. Orang ringan telinga tak mudah lupa!

Starving Judges

It is contemptly demeaning, foul laced to cynically paint the ex gratia to saving the lordships from starvation. It is not the money but the moral significance. I believe they would gladly donate the money to your son's campaign if you pretend empathy with their situation.

Why so obsessed about the peanuts amount to them. You never bothered with howlings of transparency on billions of lucrative direct(actually private) privatisation, govt buyback of failed privatisation(MAS), arbitrary purchase(Lotus etc), lop sided concessions, mega projects(Perwaja etc)

Prinsip Jati Diri

Did you shoot yourself in the foot here. Are you saying the current ministers(half are left overs from your era) are shamelessly willing to sacrifice principles for the 'pittance' minister allowance. They are not there to serve the rakyat but clinging dearly for the pay? You are insulting your own zombies.

Congratulations to Pak Lah for a statesmanly quit announcement.

(Flashback to drama of another quitting...)

By bobdbilder on October 10, 2008 12:24 AM

Methinks Tun's humour is lost on 'God's creation'. Hopefully that didn't sound too biblical. Oh how shallow art thee. Go read a book, get a life, travel the world, speak to more people. Nay converse, hold meaningful discourse and thou shalt be enlightened.

These are the same people who didn't laugh at Rais Yatim's 'Gentleman enters the front door, not the back' comment. He had a field day, he had. Sly fox that he is. And he smiled while the point missed all in Parliament. Which makes me worry a little bit about the quality of people in the House.

No 'God's creation', you may have lost touch, are blind or become unaware that our community, whichever you may belong to, hold wealth as a measure of one's stature in society. We have forsaken the values of 'budi pekerti', and dignity for the sake of material things. A Minister pay is pittance compared to a law firm Partner/Associate. Therefore, herein implies that the ex-minister finds his government pay as disposable income i.e.; 'Duit Rokok'. So too it seems; values associated with the post which he was sworn in to.

Seriously hes a yesterday news, he said he want to bring justice, I can say he achieved nothing for us Malaysians. So i dont even bother to say good bye.

1. why during his time too many organized crimes roaming around and so boldly operating in front of the normal citizens?
2. why ah longs can operate freely and didnt get any harsh punishments? Or is it justice when people got beaten up cause can not pay super high interest rates? What type of rights do they have to charge super high interest.
3. why too many criminals?
4. why too many mat rempits disturbing the peace and then got away by joining the new UMNO wing (which i cant remember what is called)?
5. why too many racial tensions?
6. why rich guys only can get good lawyers and poor guys get crappy lawyers? I dont want stuff happens like in US where the rich CEOs who created the financial institution fallout and gets away with it plus the loot. Why they got away? simple, they can afford good lawyers to defend them.
7. why during his time as law minister, alot of ppl got cheated from businesses deals and take so long to acquire justice? and some of them use hitmen to resolve issues out of court.
8. why cant he gets us the people of malaysia justice when we lost batu putih to singapore, that is our freaking land for god sakes!!!
9. Why he is so focus to get even with Tun? do we have a Ministry that called "Ministry of Getting EVEN with Tun Mahathir"?
Hes so busy trying to solve old issues and 1 crooked lawyer (Lingam) issues. He even used all the government asets just to give justice to one rich guy (Tun Salleh Abas) who got sacked 2 decades ago. How about the current people who lost their jobs cause of bad economic management, how about the people who got sacked or not paid equally cause of their race?
10. Why the BAR council keep focusing on one specific issues but not focusing on bigger picture like JUSTICE FOR ALL!!! (encompasses on item 6)

Seriously I was hoping for him to become the Great White Knight in Legal System to clean up the mess but hes just another GREAT WHITE HYPE who done ABSOLUTELY NOTHING FOR US the normal guys, and we the citizen of Malaysia have wasted our tax payer money paying his salary and allowance!!!! He better join the opposition, so the opposition can waste their precious money on him.

Dear Tun,

Those Pakatan Rakyat symphatizers are really disappointed with Pak Lah's decision to step down. These symphatizers are actually dreamers. They thought they can corner UMNO. They never realise that they will continue to bite their fingers until doomsday.UMNO will stay governing this country until doomsday. Make no mistake about it. Without UMNO this country will be chaotic for sure. Don't rule out the strength of the Malays when they are pushed to the wall.It will be counter-productive to the whole country. Believe me. Be rational and think very, very hard what will be the implication.Give a try if they can topple the Federal government under the leadership of UMNO.You will see what will be the repurcussion. This country will experience a tsunami which will be beyond our imagination.Don't try to poke "sarang tebuan". It will hurt everybody very badly. Think, think and keep thinking rationally !! Either you are with us or you are doomed to hell !! I am not creating fear but only sensible people will understand this situation!

Assalamualaikum YABhg Tun

Saya bukanlah orang politik atau pun terpelajar tetapi yang suka belajar.YABhg Tun, Bak kata pepatah,terlajak perahu boleh diundur jika terlajak kata buruk padahnya dan begitu jugalah orang yang angkuh selalunya kerugian dan itulah sikap Menteri Undang-Undang yang sanggup mempertikaikan ISA secara terbuka tanpa merujuk kepada No 1, sedangkan sepatutnya beliau mempertahankannya sungguh amat menyedihkan dan memalukan rakyat Malaysia "membuka pekong didada". Pada pandangan saya PM terlalu percaya dan terlalu baik kepada anggota kabinetnya hingga beliau sendiri medapat tekanan bukan dari luar tetapi dari anggota kabinetnya sendiri itulah hakikatnya. Walau apa pun kita rakyat Malaysia kini ternanti nanti perkembangan terbaru.....Peralihan Kuasa! dari PM kepada TPM atau bermulanya era perebutan kuasa pada March 2009 ini nanti? atau akan berulang perkara yang sama? siapa yang akan ditabalkan.....

Salam Tun Dr mahathir Mohamad :D

semoga Tun dan isteri sihat walafiat dalam lindungan Allah Maha Bijaksana .. terutama sekali Ingin mengucapkan Selamat Hari Raya & Maaf Zahir Batin kepada Tun sekeluarga ..

Tun , saya amat kecewa dengan keadaan politik negara kita ini, anasir2 luar telah berjaya menundukkan pemikiran bangsa melayu islam dengan nafsu kemegahan harta Karun dan wang ringgit.. munafik semakin menjadi2 amat ketara sekali .. semoga Allah ampuni dosa kita semua

Prime Minister Datuk Seri Abdullah Ahmad Badawi said he would not be taking leave before stepping down in March because he has work to do.

Comment:

Yes. He has got a lot of work to do but surely not related to administering the government but more to campaign for his "budak hitam". That is probably his hidden agenda to ensure that his presence will help his "budak hitam" win the Ketua Pemuda post.

After all what can he do within 5 months period to clear up all the the "unfinished" work. In fact there is nothing outstanding work at all. For the past 5 years he has nothing to show that he has done anything. All his work is haprak and HP6!! That's my view of Pak Lah's performance. Nothing exciting. Nothing is progressing! All GROUND ZERO !!

Dear Tun,

Selepas selesai semua mesyuarat Bahagian UMNO, Majlis Tertinggi UMNO patut bersidang semula dan membuat keputusan yang bermaruah dan bijaksana supaya Persidangan Agong UMNO di majukan kehadiran iaitu pada bulan December.

Inilah keputusan yang harus dilakukan supaya kempen merebut jawatan tidak terlalu lama sangat dan akan memudharatkan UMNO. Kalau kempen Pilihan Raya Umum hanya sekadar beberapa minggu sahaja mengapa pula kempen pemilihan jawatan UMNO dibuat hingga berbulan-bulan. Mana lojiknya.

Kalau pemimpin Majlis Tertinggi UMNO bijak orangnya mereka patut berfikir sewaras-warasnya akan kewajaran Perhimpunan disegerakan.

UMNO tidak boleh berlengah-lengah lagi untuk terus mencari formula terbaik memperkukuhkan organisasinya.

Pak Lah sudah hanyut dan telah menjadi itek tempang maka tidak usahlah pemimpin-pemimpin Majlis Tertinggi bersentimental sangat dengan Pak Lah. Yang penting ialah UMNO dan bukannya hendak jaga hati Presiden. Yang dah nak pergi biarlah pergi dan yang tinggal mestilah membuat sesuatu yang terbaik untuk UMNO.

Dear Tun,

1. I am so glad that your prediction gone wrong this time. AAB finally resigned on march 2009. It is such a pleasant news. Now,one down. Lets focus on Khairy.The other monkey in UMNO. Let's send him packing as well. Both of them such a disgrace to the malays, to the nation infact.

2. While I am so glad that AAB finally step down, a question arise in my mind. What's Next? Can we rely on Najib to pick up the pieces? I'm sorry to say this Tun, but to me your greatest failure is failed to have a reliable successor to inherit UMNO after your times.

3. Each and everyone in the current 'MT' doesn't have the strong charismatic personality to continue UMNO legacy. Najib, Razaleigh, Muhyiddin, Zahid, Muhammad Taib, Isa Samad; None of them are reliable. Najib fulls with scandals. Razaleigh, he way out of the league now. Muhyiddin, we know the unpleasant stories about him when u have to pull him out from Johor to the cabinet. Zahid never have a firm stand on his own. Muhammad Taib, like Najib also fulls with scandal. Isa Samad, no one will trust him now, especially the rakyat. Then it left us with Rais Yatim, who looks clean and potential. But we wouldn't know. Perhaps it will turn out as wrong choice again. Just like AAB.

4. So, what do we do now Tun? We cannot keep on rely on you forever. I can't trust Pakatan Rakyat as well. They can bullshit the world about their liberalism and Malaysian Malaysia, but not me. I never come accross a political party more racist than DAP. However, we all racist afterall. How can't we? We are so different with each other. The most we can do in this multi racial country is compromise and compliment each other. You know better about this Tun. I don't need to clarify further. RPK and Malaysia Today follower just can't face the facts. They are still sleeping and dreaming. One thing they forgot is, the way to makes dreams comes true, you have to wake up first. I guess just let them continue sleeping.

5. I guess I just have to hope and pray for things to get better soon. Tun, how do we get back on tracks. To stamp the honour of Malaysia names back to the world. Hope you won't get tired to shows us the way.

Hope the our local economy will recover soon. I'm so tired of working abroad for so long. :)

You take care of your health Tun. A song from 'Man Bai - Kau iklamku' which quite popular during my school days is attributed to you by me and friends then. Till Now u are still 'Kau Ilhamku'

It's a great honour to have you as our leader, Sir.

Salam from Mirpur, Azad Jammu Kashmir, Pakistan.

Dear Ayahanda Tun,
announcement perletakan jawatan abdullah mmg sesuatu yang ditunggu2 semua. namun itu belum selesai lagi,khairi mesti dihapuskan pula kali ini.dengan tempoh intervene yang panjang ke mac 2009,kj akan melakukan apa sj termsuk dgn membeli perwakilan jika pencalonan awalnya masih kurang.kalo dia menang cara kotor pun takpa,najib bila dah jd presiden nanti ada kuasa xklusif badan disiplin.tun pulak,kenalah tolong promote mukhriz.. inilah masanya utk menghapuskan sgl lahanat yang telah memporak perandakan UMNO selama ini melakar tapak di politik tanah air.marilah kita sama2 berdoa kepada Allah SWT. lagi satu,siapa pilihan tun utk bergandingan dgn najib utk menjadi tpm?...adakah ali rustam akan mengatasi muhyidin berdasarkan rekod lepas walaupun beliau hanya ADUN dan menyandang MB melaka,bolehkah beliau jd TPM? muhyidin sbnarnya lebih popular kerana muhyidinlah pejuang yang mempercepatkan peralihan kuasa...lastly tun, dalam sistem UMNO ni, kita perlukan perisikan yang kuat dan mendalam terhadap latarbelakang calon2 yg bertanding jawatan tertinggi.Semua aktiviti dan kegiatan luar dalam parti mesti dirisik sebelum dibenarkan bertanding.kita tak nak calon yang meragukan mempeoleh tempat dlm politik.kita tak nak kejadian yang sama seperti abdullah dan menantunya yang kita tak sedari mempunyai kaitan dengan agen asing.Dalam kebanyakan negara seperti russia,iran,jepun dan turki,perisikan memainkan peranan penting dalam menjaga sitem politik tanahair mereka kerana mereka sangat berhati-hati.harap najib yg incumbent dalam mindef dapat enhancekan lagi intelligence ni negara kita...kita mesti selalu berhati2 selepas ni. take care tun....

- 1.It takes a thief to catch a thief!
- 2.It takes ZAID IBRAHIM,once suspended by UMNO for corrupt practices,to be in charge of law.
- 3.How bizarre.
- 4.But at least he got the balls to quit when he didn't perform.
- 5.Accountability & transparency.
- 6.Show me a Minister who did the same and i'll show you another hundred who say 'people vote me,I won't quit' attitude and ask you to migrate if you don't like his policy,while in Japan they will perform HAKIRI out of shame.
- 7.Shame?Foreign word for them.

Dear Tun,

Kapada orang UMNO yang bijaksana.

Kalau mahukan UMNO balik semula ke pangkal jalan dalam masa terdekat pilihlah pemimpin yang berwibawa dan janganlah terima sogokkan wang rasuah dari pemimpin yang bertanding. Sayangkanlah bangsa kita supaya pemimpin yang menerajui UMNO betul-betul yang bernaung dan tidak mempergunakan kita untuk mendapat habuan untuk diri mereka sahaja.

Ingatlah wahai pemuda-pemuda UMNO, kamu akan menempuh hidup yang mencabar dimasa akan datang dan jika kamu pilih salah pemimpin akan musnahlah harapan anak-anak kamu untuk berpaut

kapada pemimpin kamu. Anak-anak kamu akan sumpah kamu kerana "kebodohan" kamu memilih pemimpin yang haprak dan HP6. Yang tidak ada maruah diri dan hanya memikirkan kepentingan diri mereka sahaja.

Saya bimbang dengan pemuda-pemuda UMNO yang akan bertanding untuk merebut jawatan. Saya tidak nampak mereka betul-betul memperjuangkan bangsa tapi hanya untuk meraih keuntungan untuk diri mereka sahaja. JANGAN JADI PEMUDA MELAYU UMNO YANG AKAN MEROSAKAN BANGSANYA SENDIRI.

Kita tahu KJ memang nyata telah memporak perandakan UMNO dan mengapa masih ada Bahagian yang meyokong KJ. Adakah ahli-ahli Bahagian UMNO tersebut dah "buta, pekak dan bisu" ! Saya sungguh hairan sekali pemikiran pemuda-pemuda Bahagian tersebut.

Dear Tun,

Before Pak Lah wants to "reform" the judiciary "within this 5 months (kah,kah,kah), first thing first, he must declare to the public how much ex-gratia payments from taxpayers pocket he approved to give to the ex-judges who had been found guilty by the special Tribunal appointed by His Majesty the Agong. Then only you can go off gracefully rather than the new Prime Minister got to carry the responsibility to announce it. It will be disgraceful if the figures mentioned will be beyond our imagination!!

By Nobita on October 10, 2008 5:00 AM

It sounds to me that all the ministers have no principles at all as they are depending on their allowances to support their family. I pity all Malaysian to have ministers who love money more than having principles. What a pity...

Kepada Neil. Awak kencing dalam tempurong dan lihat lah muka anda sendiri. Ada cantik ka ada handsome ka.

Dan kepada yang sekumpulan dengan Neil seperti Kilmer, Hussein, Newgen dll. Tak usah lah nak tunjuk pandai disini, tidak ada pun yang sokong pendapat kamu semua. Kamu2 semua pergi lah ceritakan permasalahan kamu kat ZAID ker, Pak Lah ker or BC.

Kamu2 ni ada baca ker semua entries disini. Dan kira berapa ramai yang sokong TUN. Majoriti always winner. Majoriti always right. So keep you people mouths SHUT. And go back to where you belong if you are not truly Malaysia. We dont need you peoples in this Blog. It just potong stim la....

Saya Tak faham la TUN macam mana pulak Mat TYson tu berangan nak jawatan TPM. Hari tu dia beria2 sokong Pak Lah sampai 2010. Tapi baru saja Pak Lah umum berundur pada March dah kempen jawatan TPM.

Tak tahu malu ker?

Dah lah Mat Tyson oi!! Awak tu dah X'pired. Berilah pada orang yang lebih muda. Berilah tumpuan dan bantu lah orang2 kampung yang susah2 tu dulu.

UMNO Selangor tak kan nak sapu bersih, KP dan TPM. Yakin ker boleh menang semua?

Syabas Datuk Mukhriz telah dapat satu pencalonan dari Kimanis.

p.s. Lepas Pak Lah pencen kena lah hormat dia dan panggil TUN Lah. Tak baik la panggil Pak Lah lagi.

Salam Ybhg Tun,

Zaid Ibrahim ni merupakan seorang pengkhianat bangsa melayu, ape yang menjadi agenda beliau ialah bagaimana memperkayakan keluarga dia sahaja..terlalu pelik kenapa Pak Lah yang terkenal sebagai Imam Islam Hadhari kononya melantik seorang menteri seperti Zaid yang tidak mempunyai pedoman kehidupan langsung.. seorang peminum arak, seorang kaki judi terbesar dikalangan orang melayu. beliau

mempunyai kuda di singapura yang diberi nama Kelantan, untuk tujuan perjudian. kalau tak percaya periksa laman web singapore horse racing, cari kuda nama kelantan, Nama Kelantan telah dikudakan oleh zaid semata-mata untuk mendapatkan keuntungan..adakah orang seperti ini mendapat tempat di hati Pak Lah,... dalam komen yang saya baca kononya zaid adalah pejuang...terlalu BODOH LAH orang tak tahu SIAPA SEBENARNYA Zaid...dia bukan pejuang bangsa...dia pengkhianat bangsa....penggunaan keadah politik kononya dia memperjuangkan kebebasan adalah retorik semata-mata...waspadalah RAKYAT MALAYSIA...

orang seperti ini kite jadi kan sebagai sejarah PENGKHIANAT BANGSA...

Mat Taib nama tanding No 2 ? Biar betul bang. Macam mana PM nak hantar dia jadi wakil berucap kat PBB. Kena bawa penterjemah la. Bahasa Inggeris pun tak pandai sampai kena cekup di Australia. Mata rabun sampai tak bleh baca sign board kat airport australia. Nanti kat PBB kena cekup pulak. Masa jadi MB bawa lari anak raja. Jadi TPM nanti anak sapa pulak dia bawa lari. Kat PBB nanti juruacara akan memperkenalkan seperti ini " Your Excellency delegates, we are proud to present you from the left corner , Mr. Mat Tyson of Malaysia. weighing 200 pound

Ali Ketam pun nak jadi tanding No 2 juga. Lepas ini ramai la yang dapat Dato Melaka macam Dato Mindanao tu.Tak pernah berjasa kepada Melaka pun dapat anugerah. Kriteria nya kena makan buah melaka kot. Dalam mesyuarat UMNO nanti, kalau baling batu je tentu kena kepala Dato melaka sebab ramai sangat.

YABhg Tun,

Salam hormat. The ex de facto Justice Minister refused to reveal the amount paid to the sacked judges. What about the new de facto Law/Justice Minister who is also in charge of Parliament. Parliament session begins on Monday. There should be question on the amount of ex gratia paid the sacked judges. There should be transparency. Kenapa NGOs dan individu-individu yang menyokong transperansi Kerajaan tidak bersuara. Adakah mereka sekongkol dengan Zaid Ibrahim.

Harap YABhg Tun dapat desak Menteri yang jaga Undang-undang, Hakim dan Peguam yang ada sekarang maklumkan kepada rakyat, yang terseksa kerana kenaikan harga petrol pada 5 Jun yang lalu, berapa jumlah sebenarnya yang telah dibayar kepada hakim-hakim yang telah dipecat.

Calun-calun yang bertanding jawatan dalam UMNO khasnya jawatan Ketua Pemuda jadikan ini sebagai isu berkempen. Saya percaya rakan-rakan blogger chedet.com bersependapat dengan saya. Kita semua sokong YABhg Tun dalam isu ini.

i think mukriz is still too "green" la to be seen as malaysian future leader, i cant read anywhere his track record?? (maybe others bloggers can share with me).. i think its not good for him to be chosen just because he is your son, right??? i never heard his speech (oops, i think i heard it once, at your perdana global peace forum, his speech not impressed me like you laa... well leadership quality cannot be "diwarisi" right.. you have to gain it... what is his leading style? how much he have been involved to tackle any world & local issues?? do he have any worthy ideas to bring our nation forward...??? im sure there lots of pemuda-pemudi melayu (&& non-racist indian chinese too) out there which have charisma & potencial that should be recognised and nurtured and be given opportunities same like your son deserved. Let our voice to be heard too so we can bring the best for OUR nation.Im not jealous with mukriz because he is your son, but im not comfortable with current trend that just because you son of x-pm or pm itself u were seen or expected to have the same leadership qualities as your father. YUP, i think we do need CHANGE!!

Assalamualaikum Tun,

Nak tergelak pulak baca point no 10. Lucu.Tun ni dalam mengaku kesilapan melantik Pak Lah sebagai pengganti Tun, sempat lagi Tun buat lawak.

Anyhow, I still see the different between u appointing Pak lah and Pak Lah appointing Zaid.

Pak Lah kan 'Mr Clean', pusing kiri ke pusing kanan , sapa sapa pun akan nampak dia mungkin calon yang layak menjadi PM, sebab tu dia menang besar dalam election 2004, atas sokongan Tun .But in the case of Zaid.....dah terang lagi bersuluh semua nampak siapa Zaid sebenarnya ,pun Pak Lah lantik juga. That is not to be called ' weaknesses' but more to be called ' stupidity'. That was why, Pak lah's actions was always questionable.

Tun pilih 'Mr Clean' tak salah. Kalau selepas tu dia nak jadi 'not so clean' how are you going to know, kan ?

BUT to choose somebody who was known as penyokong pembangkang and from among the lawyers IS SURELY A BIG MISTAKE.

TAKE CARE TUN. SAYANG TUN SEKELUARGA TERAMAT.

Assalamualaikum buat Tun sekeluarga,

Belom terlambat rasanye saya nak ucapkan SELAMAT HARI RAYA MAAF ZAHIR DAN BATIN KHAS BUAT TUN SEKELUARGA serta di iringi doa semoga Tun sekeluarga dalam keadaan sehat walafiah hendaknya.

Tun, saya baru pulang dari kedah kerana meraikan pernikahan anak penakan didaerah Binjal atau Bukit Berangan. Saya sempat bermalam dirumah anak penakan yang tinggal didaerah rumah yang telah diilhamkan oleh Tun iaitu di Jln Laksamana kalau tk silap. Sungguh beruntung mereka yang telah membeli rumah disitu terutama sekali dengan kawasan yang sangat luas dan rumah bolih diperbesarkan mengikut cita rasa sendiri. Tun benar-benar telah menaikkan taraf masyarakat Melayu disana. Syabas

Kalau 20 tahun yang lalu saya kesana, masyarakat disana tidaklah begitu mewah tapi laa ni...amboi tiap rumah adek beradek semua ada kereta sorang sibiji...ish...ish...ish...

Tun saya rasa kalau la Tun masih menjawat jawatan PM , mungkin orang-orang Melayu disana akan lebih baik kehidupan mereka.

Selamat Panjang Umur untuk Tun dan saya berdoa suatu hari akan ada orang yang memiliki pemikiran seperti Tun.

Tun jaga diri leklok no.....wasallam

I'm a new fan of your blog. Individually, i salute you for your ideas and your vision. but it sad to see Malaysian accusing each other when there are something wrong going on. as a human being, we must admit that we've done many wrongdoing along the way. honestly, i see the situation in Malaysia today as

a result of your wrong decision at the first place. what actually did you saw in AAB to make you choose him to be your successor? i'm sorry for my honest opinion but i'm not the one who vote for him...and i'm not the one who would say yes to everything anybody say even if he/she is the PM/ex-PM...

Anyway, selamat hari raya.

Tampak nyata bila Tun published cerita dan komen Tun tentang Zahid ni,banyak juga komen yang menentang dan mencerca Tun kerana mereka mereka ni amat sayang pada Zahid dan kalau dikaji majoriti yang mencerca Tun ni datangnya dari puak pembangkang dan bukan Melayu.Yang mencerca Tun ni semuanya golongan yang "berakhlak mulia dan beriman teguh"(tak kira lah dari agama dan fahaman apa) dan sudah pasti kesyurga,kerana ada yang dah tahu yang Tun akan keneraka...hebatnya mereka mereka ini kerana begitu beriman dan hampir dengan Tuhan...

Bagi yang menyokong Tun anda pun akan keneraka juga dan yang menyokong pembangkang termasuklah si Zahid(alat pembangkang), DSAI(ulama PKR),Theresa Kok(mubaligh DAP),RPK(entah agama apa yang dia anuti) dan ramai lagi,anda dijamin kesyurga....

Bagi bakal ahli ahli Neraka yang menyokong Tun (termasuk saya sendiri)

berharap Tun akan terus menulis dan mendedahkan apa apa saya yang perlu dan pedulikan dan pekakkan telinga dari komen komen bakal

People like you have no brain to think wisely. That is why you couldn't see & feel the truth. You must be using your knee-cap rather than your neck-top. I suspect you are one of those that came from the opposition side trying to sneak-in here to show your anger by using harsh words. Tun's son is not the issue here. Why you simply presumed he's gonna fail. I bet that he's gonna be even better than Tun. With that comment of yours, I knew it already that you are a superficial thinker hence reveal your stupidity.

YABhg Tun,

That de facto law minister was a scruffy lawyer, probably having difficulty making ends meet, until UMNO during your time made him rich.

But just look at him now, and how he has turned his back on all who have been kind to him, Pak Lah including. And how smug he looks strutting about his wealth. There's a very apt Malay proverb for one such as he i.e Seperti melepaskan anjing tersepit.

Dear Tun,

The Star reported ; "Anwar added that he would meet with "friends" to plan Pakatan Rakyat's next move of action but declined to elaborate."

Comment:

This is what Anwar the Autaman being saying again and again.A real AUTAMAN of the first order. I just write off this conman. He is worse than Pak Lah with ground zero credibility. Cakap macam TIN MILO kosong. No substance, just rhetoric !!! His facial expression reflects that he is a person cannot be trusted

at all.

Dear Tun,

Kapada orang UMNO yang bijaksana.

Kalau mahukan UMNO balik semula ke pangkal jalan dalam masa terdekat pilihlah pemimpin yang berwibawa dan janganlah terima sogokkan wang rasuah dari pemimpin yang bertanding. Sayangkanlah bangsa kita supaya pemimpin yang menerajui UMNO betul-betul yang bermaruah dan tidak mempergunakan kita untuk mendapat habuan untuk diri mereka sahaja. Ingatlah wahai pemuda-pemuda UMNO, kamu akan menempuh hidup yang mencabar dimasa akan datang dan jika kamu pilih salah pemimpin akan musnahlah harapan anak-anak kamu untuk berpaut kepada pemimpin kamu. Anak-anak kamu akan sumpah kamu kerana "kebodohan" kamu memilih pemimpin yang haprak dan HP6. Yang tidak ada maruah diri dan hanya memikirkan kepentingan diri mereka sahaja. Saya bimbang dengan pemuda-pemuda UMNO yang akan bertanding untuk merebut jawatan. Saya tidak nampak mereka betul-betul memperjuangkan bangsa tapi hanya untuk meraih keuntungan untuk diri mereka sahaja. JANGAN JADI PEMUDA MELAYU UMNO YANG AKAN MEROSAKAN BANGSANYA SENDIRI.

Dear Tun,

The Star reported that Umno Youth deputy chief Khairy Jamaluddin has denied that he is to blame for the early exit of his father-in-law Datuk Seri Abdullah Ahmad Badawi as Prime Minister.

He said since the beginning of Abdullah's premiership, the party leadership had been a "victim of constant and concerted demonisation." This demonisation took on a very personal tone. It was directed at a few individuals.

"A lot of it was negative perception building. I think it was a deliberate strategy to undermine the leadership," he said yesterday when met by reporters at the launch of the Institute for Advance Islamic Studies.

He added that a change in Umno and the country's leadership would not reclaim lost support if there was no commitment to the reforms the Prime Minister had started.

"The reason we did not do well in the last election was not because of the leadership but because we did not fulfil the promises of 2004," he said.

Comment:

This budak hitam is still in a state of denial. The fact still remains he is mainly the cause of his father-in-law's downfall.

But at the same time he admitted that his father-in-law did not fulfil the promises of 2004. What does this reflect. It simply reflects that his father-in-law is a weak and hopeless Prime Minister. He is not being victimised by anybody.

TUN & Commentators,

I strongly believe and support the usage of Internal Security Act for our own good. I strongly oppose the banning of ISA. Why? Because ISA indeed proven and has helped our country to sustain peace and stability. I cant really understand why Pakatan is so anxious about banning ISA? Is it just because most of their leaders being cast under ISA means that ISA should be abolish? Singapore also has the same kind of technique. Anyone who appose LKY's party or the government party will be jailed without any hesitation and consideration. Does that shows that the so called "CLEAN SINGAPORE" does not practise one sided (berat sebelah)?

Do you all think that once Pakatan in power, they will not use ISA?
If there is a threat towards their party, what do you all think that Pakatan will do in order to shield itself? Most probably they'll create some "alice in wonderland" kinda story-and put those people who oppose them to jail for good. And you know why I say that? Because I see each of the opposition is full of hatred and vengeance. The words that they use sounds polite and may look polite sometime sounds "professional" as they claimed but the meaning is very unpleasent. As if they acted like they are PERFECT but in reality they are just same as another ordinary greedy person.

Because of Pak Lah's politeness, people take advantage of him specially Dato Seri Anwar and Abdul Hadi Awang. For god sake all of you are muslim brothers. But why on earth you all keep on poking on each other's back? Its sick and disgusting to act and practise such way. Pas has always use the religion as their covert operation to manipulate the bumis, keadilan is championing on one man's cause- to make Anwar, his family, and cronies in power again, while Democratic Action Party is totally for the Chinese to gain more and more money into their poket so that they can play stock market again- as for Hindraf, this one i dont know what to say- perhaps they want to turn malaysian politics into some Hindustan movie! Also to create catastrophe- Hindraf only wants the Indian to control Malaysia. To me just give those Hindraf the letter of discharging their citizenship, after all they hate other malaysian..simple as that!!

Assalamualaikum Tun...

Nie adalah pertama kali saya melibatkan diri kat blog Tun...
Saya sememangnya kagum dengan kepimpinan Tun semasa menjadi PM negara kita...
Dan sehingga kini masih terus mengaguminya..

Senario politik negara kita kini sangat2 menyedihkan...
Kalau dulu BN adalah sebuah parti yang amat dihormati..
Tapi kini generasi muda seperti saya mula meragui kebolehan BN untuk menerajui negara...

Buat masa kini, dlm arena politik negara kita ini saya tak nampak pemimpin yg sehebat TUN....

Bolehkah negara kita kembali ke zaman kegemilangan semasa dibawah pemerintahan Tun????

Selamat hari raya Tun...
Maaf zAhir Batin.. =)

Y.A.Bhg Tun yang dikasihi,

Semasa Zaid menerajui Kementerian Undang2...The bar council betul2 besar kepala...semua nak tunjuk belang...(a) ISA nak dibubarkan...(b)mempersoalkan hakim2 yang kononnya telah dianiayai dalam masa yang sama menerima pencen yang lumayan dll....

Mangkok2 ni ingat depa ni siapa?....mereka buat negara menjadi haru biru.....keadaan tak dapat dibendung lagi...and what happen to the racial unity we had for decades...dengan HINDRAF menunjuk2 keangkuhan mereka...and its about time DS Najib put his foot down on HINDRAF issues....DSAAB masih nak mempertahankan kedudukannya sampai March 2009...Protraying the Mr. Nice Guy image...only the opposition wants him to stay longer...I guess the reasons is to obvoius...how sad is that?...hmmmm...atleast now his days are numbered....but the problem is not over just yet...like what TUN's says might well come true...DSAAB might just hold back all decisions to DS Najib on running the country...again we will wait & see...

But what puzzled me is...dan saya susah nak faham...ada Menteri yang banyak cerita dia terpapar didalam surat khabar kena tahan dgn membawa wang yang berjuta2 keluar negara ini ada hajat nak jadi DPM?...apa dah jadi?...somebody has to advise him to quit dreaming....the whole world is laughing at him...not discounting Malaysians....But you know TUN...adakah mereka ni salah faham maksud slogan "MALAYSIA BOLEH"...atau mengambil kesempatan kepada rakyat semata2...we will wait & see patiently...

And Datuk Zahid Hamidi ni apa hal pulak ni!...main2 ke apa!...he has paint a different picture about himself lately...anyway...the rakyat know him too well...remember!!! Today, Malaysian are well educated to know their own politicians...we know who's the crooks & bandits and who really works for the rakyat...Tan Sri Isa Samad is another...(stuffy with current situation) (Tired of this game)....

I am with the rest of other Malaysians, hope Datuk Mukhriz will win the Ketua Pemuda post too....this Khairy punk is another joker who has a huge appetite & has plant seeds (\$) to be at that positions for a long time...you know too well TUN.... this money politics will never end...it has become a culture in UMNO...the people are too tired of this game...but then again the rakyat will wait & see...

Anyway, Ayahanda Tun....I sincerely hope and pray for you & Tun Siti the best in health and may Allah swt bless your home and family...I will write again soon...thank you for being a good listener to this new politician in the making...hehehe...wassalam.

Berita mengatakan TUN ke Melbourne Australia. Esuk ada seminar anjuran Malaysian Youth. Nampak nya tak ada posting baru lah sehingga TUN balik ke tanah air. Boring la....kalu tak baca posting baru TUN dua tiga hari ni.

Ni, pasai Mat Tyson nak rebut jawatan TPM pulak. Tak payah lah Pak Mat, berilah laluan pada yang lebih muda sikit.

TUN tolong beri nasihat sikit pada dia. Dia mewakili kawasan mana pada PRU12 dulu eh. Rasa2 nya tak dicalun pun. Jadi minister pun ikut pintu belakang.

Nanti TUN balik tulis2 lah apa2 yang TUN lihat kat Australia tu nanti.

TOLONGLAH HENTIKAN KEMUSNAHAN UMNO.....SAYA PUN BUKAN ORANG UMNO TAU....TAPI SAYA AKAN MASUK UMNO BILA TUN REJOIN UMNO....

Dear Tun,

Allow me to respond to KC Kua's,

I let you know that it's an insult to suggest that more Malays should be like Zaid???

He sounded more liberal and rational to you as he may speak with the right language to you, things that you want to hear, really.

Let's not judge him by what he has said, but by what he has done to contribute to the well being of all Malaysian. Can you think of any?

I surely can't think of any.

Regards.

By zulugirl1 on October 10, 2008 1:14 PM

Hello TDM. Hope you will always be in a good health.

I am a Singaporean. I would like to tell you that many Singaporean Malays adore and respect you. You had done a lot for Malaysia. Many years ago, when you announced that you would be quitting, some

people in Singapore cried. You should be a Minister Mentor like LKY, to guide the people that took over from you, they could learn so much from you, instead of condemning you. Even though you are 80 plus years old, I respect you, sir.

You have wisdom and you have a great heart. Your enemies know that they cannot get anything from you ('cos you are smarter than them). They are in a frustrated mode now. They are so unhappy that Pak Lah is stepping down because with him, they can go into their bullying mode anytime. They BLAME you and that is why some of the comments here are very insulting and condescending.

One comment by DwithM states clearly that he hates you. In my opinion he is threatening you - read the last line. So, please be careful, Dr. M. From now onwards, make sure anybody who wants to meet up with you must go for a security check just like at the airport (to check for bombs or anything). I can still remember what happened to Rajiv Gandhi. Also, do not touch any envelopes with bare hands. When people are desperate and 'busuk hati', they can do anything. I pray to Allah SWT that it will not be like that in Malaysia. Also, as someone has written earlier, do note on whatever dealings / meetings etc you are going to have so as not to be condemned or being 'used' later on (for accountability).

Btw, Malaysia needs someone like LKY - very firm and paternal - to run the country and that someone like LKY (sorry to say) is you. Pak Lah is too gentle, too nice, so easy to bully.

Lastly, I would like to say that you are a SINCERE person, you want the best for Malaysia. I don't believe that you are racist or egoist. You simply can't satisfy everybody.

Salam.

Singapore has declared they are in recession. But, our upcoming PM and 2nd finance minister have been speaking loudly that Malaysia will not fall into recession. What's your view on this?

Recession in Malaysia is inevitable.

Dear Tun,

Selamat Berhari Raya sekeluarga. Izinkan..

Lahar Bisa

Your venom is like the unending flow of lava, maybe the only inexhaustable resource in M'sia right now. Ever since you stepped down it was exclusively to poison Pak Lah. Now that he is confirmed out of the way, instantly 2 people become targets in quick succession.

Your hate articles against Khairy is expected (but so fast? Forgot your son!) Against Zaid a out of favour ex minister? I believe the only objective is to whip up contempt against this man. Let's take a look at your gallant effort:-

Plotting

You recap his plotting record in Kota Baru. His action is 'semut' compared with your Guinness M'sia

record 'achievement'

You were politically active during the fall of every prime minister since independence, from Tunku, Tun Hussein to Pak Lah (only Tun Razak was saved by some Grace, May his Allah bless him) Add to that all potential PM (your deputy!) who somehow got eliminated from office Musa, Ghaffar, Anwar, Pak Lah. No other Asian leader has your service record! No other country in the world has our record. Shows you have zero tolerance for dissent at the peak. Pak Lah berat telinga jadi banyak lupa. Tapi Tun ringan telinga tak sepatutnya mudah lupa.

Starving Judges

It is contemptibly demeaning, foul to cynically paint the ex gratia to saving the lordships from starvation. It is not the money but the moral significance. I believe they would gladly donate the money to your son's campaign if you pretend empathy with their situation?

Why so obsessed about the peanuts amount to them when you never bothered with howlings of transparency on billions of lucrative direct privatisation, govt buyback of failed privatisation, arbitrary purchase of companies, lop sided concessions, mega projects (Perwaja etc)

Prinsip Jati Diri

Did you shoot yourself in the foot here. The flip side means your saying the current ministers(half are left overs from your era) are shamelessly willing to sacrifice principles for their minister 'allowance.' They are not there to serve the rakyat but clinging dearly for the pay? You are insulting your own zombies.

KERANA DIJANGKA TENGGU RAZALEIGH TIDAK AKAN DAPAT CUKUP PENCALONAN 58 BAHAGIAN, YANG MEMBAWA ERTI NAJIB AKAN MENANG TANPA BERTANDING PADA TARIKH TERSEBUT 9 NOV 2008. ERTINYA BELIAU BOLEH DINOBATKAN TERUS SEBAGAI PRESIDEN UMNO, Pengerusi BN DAN JUGA PERDANA MENTERI.

TAPI PERALIHAN KUASA DAN PERHIMPUNAN AGUNG AKAN HANYA BERLAKU PADA MAC 2009. KALAU PUN MUNGKIN ADA 1 PERDANA MENTERI (IE PAKLAH) , TAPITETAP AKAN ADA 2 PRESIDEN UMNO DAN 2 Pengerusi BN.. HAA SAPA NAK JAWAP??

PADA TARIKH ITU 2 PERKARA BOLEH BERLAKU

1.PAKLAH TERUS LETAK JAWATAN PRESIDEN UMNO, Pengerusi BN DAN PM. TAPI SECARA LOJIKNYA PAKLAH TAK PAYAH LETAK JAWATAN2 TSBT...DIA TERGOLEK SECARA OTOMATIK.

2. UNTUK MEMBOLEHKAN PAKLAH TERUS MEMEGANG JAWATAN PRESIDEN UMNO, Pengerusi BN dan PM sampai Mac 2009, Najib mesti ditandingi...yang membawa ERTI Tengku Razaleigh akan di biarkan cukup pencalonan??!!

Salam,

Tengok BERNAMA TV semalam. Dilaporkan, Tun berkata bahawa Muhiyudin Yasin (MY merupakan calon TPM. Yang Menawar Diri selain dari MY adalah pelawak.

Mengapa Pelawak?

1. Muhammad Muhammad Taib (MMT) : Dia ni, Ahli Parlimen mana? Mana ada dalam sejarah Malaysia, TPM seorang senator. Sebagai rakyat Malaysia, saya tak rela seorang TPM terdiri dari orang yang tidak diangkat secara diundi (dilantik oleh Pak Lah).

2. Mohd Ali Rostam (MAR) : 2 X 5 macam MMT. Setakat jadi ADUN, nak jadi TPM, baik tak payah. Pasal apa dulu, tak plan betul-betul. Kalau dah tau yang hujung tahun 2008 ni (yang ditunda ke Mac 2009), nak ada pemilihan parti, nominate la nama jadi MP (bukan ADUN), masa penamaan calon-calon BN Melaka dalam PRU dulu. Sebagai pengerusi BN Melaka, MAR telah melepaskan peluang keemasan ini. Sudah

menunjukkan ketidak-layakannya, kerana tidak pandai merancang (Jika nak jadi pemimpin politik peringkat nasional). Sebagai rakyat Malaysia, saya tak rela seorang TPM terdiri dari orang yang tak pandai merancang. Tengok Koh Tsu Khoo, nominate diri jadi calon MP, sebab nak jadi pemain politik peringkat nasional (walaupun kalah di Batu Kawan).

3. Nur Jazlan Mohamed (JAZ) : Bekas senior saya kat MRSM Kulim dulu. Sebagai seorang junior, saya sokong keberaniannya. Tidak akan rugi apa-apa kalau bertanding. Cuma, secara relatifnya, masih agak muda, dan sehingga kini, masih tidak membuktikan apa-apa. Sebagai rakyat Malaysia, saya tak rela seorang TPM terdiri dari "experimental TPM", sebagaimana Pak Lah (experimental PM).

Mengapa MY laYak (bukan laWak)?

1. Seorang yang secara constant, gigih menolak Pak Lah keluar dari jawatannya (begitu juga JAZ). MMT dan MAR, dari dulu dok asyik mempertahankan Pak Lah. Bila Pak Lah isytihar tak nak lagi jadi PM, dengan muka tak malunya, kedua-dua Pak Lawak ini isytihar nak jadi TPM.

2. Sikap penolakan, berserta istiqomahnya dalam perjuangan, menunjukkan MY mempunyai ciri-ciri seorang penggerak. Seorang TPM hendaklah seorang penggerak, bukan seorang yang digerak (lebih buruk kalau seorang yang digerak dari tidur, di dalam mesyuarat penting).

3. Seorang TPM mestilah seorang yang PRO-AKTIF (macam Tun), bukan RE-AKTIF (lebih teruk kalau POST-AKTIF macam Pak Lah. Ibarat kata seorang mufti, yang didengar dari Pak Lah terkini adalah sesuatu yang telah diketahui 12 tahun lepas). MY ada sedikit ciri-ciri ini (Kena banyakkkan lagi lepas ini).

Selamat Memilih Timbalan Presiden (insya-allah TPM).

Sir,

Selamat Hari Raya, Maaf Zahir & Batin. May Allah continue to shower both of you with great health & wisdom. Please continue to guide us with your advices & directions.

I wish to emphasize on one particular matter that amused me.

Never in Malaysian political history, Karpal DeSing pleaded PM to stay as UMNO President and PM, but Karpal had voiced out that AAB should stay as UMNO President and PM. Karpal supported AAB as the PM and Karpal don't want anybody else to become PM!

He even suggested that the transfer of power between PM and his deputy should be as planned and not earlier as suggested by certain quarters. He already interfere in UMNO's affair but nobody in UMNO bother to reply to him.

For Karpal and the gangs, with AAB as the ship captain and the half-cooked crew, Karpal will have an easy way to realise their dream to topple UMNO and BN, which they quietly admitted it. Never in the history they have a wonderful time in the Parliament and outside Parliament, which they currently enjoying it.

We knew that Zaid is already a history and BarCouncil had lost their inside supporter. We should thanks ALLAH for that.

New PM will be sworn in by March 2009 and our hope is that the new PM and a new cabinet line-up at Federal and State level shall work hard to achieve :-

1. The revival of the economy, for the people.
2. Create more jobs and business opportunity
3. Restore international confidence

4. Attract FDI
5. Restore public confidence to the government
6. Improve the efficiency of the civil servant to be at par with the world. Create a first class civil servant.
7. Ending political squabble.
8. Govern with integrity and firmness. Uphold the law and order. Be stern to those who cross the line. Do not bother with some human right activist or NGO. Some of them are pest and nominees of the west. Some of them are "funded" to destroy us.
9. Don't be a flip flop.

Any more comments, Sir.

Thanks.

Assalamualaikum tun,

Sy rasa si zaid ni sebenarnya memang dah lama nak letak jawatan. Dia hanya tunggu suatu "sebab" je untuk dia letak jawatan. Mana taknya, kepala otak dia ni lain sikit. Sume yang dia pikir tak sama dengan orang lain. Ni la yang orang tua-tua dulu cakap, bodoh sombong. Dia ni sentiasa anggap diri dia betul, apa orang lain cakap sume salah. Bukan nk suruh dia sokong sume benda walaupun salah, tapi kalau asyik nak membangkang je, baik jadi pembangkang. Baru la sesuai. Orang lain nak dapat jawatan menteri, bukan main susah lagi nak menang pilihanraya sampai ber'golok gadai' , dia ni pulak senang senang je dapat. Entah apa yang si dolah tu nampak pada dia ni, tak tau la. Nak kata sebab dia ni peguam, banyak lagi peguam yang lebih pandai kat malaysia daripada dia. Mungkin sebab dia ni pandai sangat bodek si dolah ni kot.

Ok, la tun. Cukup buat masa ni. Sy doakan tun sekeluarga sentiasa di rahmati oleh Allah s.w.t.

salam Tun,

HI FELLOW COMMENTATORS!

Ain't it great that we the ordinary folks can give our 2 cents worth here in Tun's blog?

Even stupid people like Kilmer and racist like Neil (he is the one who said Iraqis deserved to be invaded by US) can satisfy their voyeuristic pleasures by having their garbage thoughts published here!

Don't let these people (and some others like-minded) bother us too much. Treat them like psychiatric patients and offer them sympathy for the way they were raised and taught.

I am beginning to see a change in DSNTR as he is beginning to assert himself on important matters...and

I liked it!

UMNO MUST REINVENT ITSELF AND SHED ITS IMAGE OF A MONEY-MAKING, CONTRACTS SECURING, BRIBE ENDORSING VEHICLE FOR SOME GREEDY INDIVIDUALS NOW! UMNO MUST SHOW THE RAKYAT THAT IT IS WILLING TO CHANGE TO A MORE PEOPLE FRIENDLY AND 'WORK FOR THE RAKYAT' ATTITUDE!

UMNO MESTI MENGUBAH IMEJ SEKARANG JUGA DAN MEMBUANG MEREKA YANG BERKEPENTINGAN UNTUK JADI KAYA, DAPAT KONTRAK DAN POLITIK RASUAH WANG! MESTI BERANI MENGUBAH IMEJ KEPADA PARTI YANG TEKUN BEKERJA UNTUK RAKYAT DAN TIDAK BOLEH DI SOGOK ATAU DI RASUAH!

Berani untuk mencuba? Kami memerhatikan setiap langkah anda yang boleh menentukan masa depan anda 4 tahun dari sekarang.

Tun

Dalam suratkhbar Berita Harian hari ini, Kalimullah secara terang-terangan cuba memburukkan nama Tun dalam artikel yang ditulis tentang persaraan Pak Lah.

Tun patut membaca artikel 2 muka surat tersebut.

Tun yang dikasihi,

Mungkin teka-teki Nujum Pak Belalang di bawah dapat serba sedikit menggerakkan minda kita...

Soalan 1

Tukang Soal : 'Didalam baju hamba, ada sebatang kayu yang telah dipilih, bagaimanakah kita mahu tahu yang mana PAS dan yang mana DAP..??'

Ahli Nujum Negara : 'Mintak pada hamba..!! Apabila sebatang kayu diletakkan di dalam air, yang condong ke bawah itulah PAS dan yang menegak ke atas itulah DAP..'

Tukang Soal : 'Sebabnya...!!??'

Ahli Nujum Negara : 'Sebabnya... Kita pun telah tahu sekarang ini parti PAS hampir tenggelam dalam PKR manakala DAP makin tinggi kedudukannya...'

Soalan 2

Tukang Soal : 'Dua ekor anak itik yang baru menetas, yang manakah PAS dan yang manakah DAP..??'

Ahli Nujum Negara : 'Ini senang saja, kita letakkan kedua anak itik ke dalam bekas berisi air, yang mengejar itulah DAP dan yang lari menyorok itulah PAS..'

Tukang Soal : 'Sebabnya...!!??'

Ahli Nujum Negara : 'Sebab di dalam negara kita sekarang ini, bila isu Azan & Babi dipanaskan oleh DAP, PAS diam jer..katakanlah GERAKAN atau UMNO yang membangkitkan isu itu dah tentu dikejarnya oleh PAS.'

Soalan 3

Tukang Soal : 'Ada sebuah masealah,
Satu... baaaanyak-banyak!!... Dua... sedikit-sediiiiikit....!!!
Tiga... jarang-jarang!!... Empat... kad-dang, kad-dang,
Apa itu..???'

Ahli Nujum Negara : 'PKR!!!'

Tukang Soal : 'Buktikan..!!'

Ahli Nujum Negara : 'Satu... Baaanyak-banyak... Ertinya, pemimpin PKR dan ahlinya memang banyak bercakap tentang kelemahan pentadbiran negara pada masa ini...

Dua... Sedikit-sediiikit... Ertinya, sedikit sahaja daripada cerita itu yang betul..lain2nya ditambah-tambah agar sedap didengar belaka supaya rakyat bencikan UMNO & BN...

Tiga... Jarang-jarang... Ertinya, jarang-jarang yang kita dengar ahli PKR yang mengaku bahawa mereka ditipu hidup-hidup oleh Anwar (katanya confirm 16 september dah nak bentuk kerajaan baru..16 september tahun bila entahlah kot kan)...

Empat... Kad-dang, kad-dang... Ertinya kad-dang, kad-dang barulah kita dengar dan lihat ada penyokong PKR yang mengaku UMNO & BN telah mentadbir negara ini dengan cemerlang sejak 51 tahun yang lalu...

Soalan 4

Tukang Soal : 'Dimanakah terletakny kekuatan Pahlawan PKR..?? Di Roketnya kah? Di bulannya kah atau di mata lebamnya kah..???'

Ahli Nujum Negara : 'Kekuatan PKR bukan terletak pada Roket, bulan dan mata lebam...'

Tukang Soal : 'Dimana terletak kekuatannya..???'

Ahli Nujum Negara : 'Kekuatan PKR hanya terletak pada Bontot!!'

Tukang Soal : 'Buktikan!!'

Ahli Nujum Negara : 'PKR begitu bergantung kepada Bontot untuk menonjolkan kekuatannya... disebabkan bontot Saiful lah PKR menang besar di Permatang Pauh tempohari'

Soalan Extra

Tukang Soal : 'Kalau Ahli Nujum telus mata dan betul bijaksana...!!! Apakah yang ada di genggamannya beta...????'

Ahli Nujum Negara : '..... KUASAAA !!!..'

'Kerana kuasalah PAS sanggup berkompromi dengan DAP yang terang-terangan tidak akan menerima Islam sebagai dasar pentadbiran & perundangan negara...dan kerana kuasalah DAP sanggup berkata PAS bagussss 'siap dengan dalil lagi' agar mudah nak menipu orang melayu . Kerana kuasa jugalah Anwar sanggup buat apa sahaja biarpun bangsanya sendiri menjadi mangsa'

Dear Tun,

You have been supporting for Najib to take over from the beginning....What makes you so sure that Najib is the right candidate? If Najib is the PM, who do you think he should work with as DPM?...
Do you think that Kuli will get enough support to challenge for UMNO president?

What is your prediction?

Do you think BN will loose more majority on next general election?

Please comment.

Dear Tun,

Those Pakatan Rakyat symphatizers are really disappointed with Pak Lah's decision to step down. These symphatizers are actually dreamers. They thought they can corner UMNO. They never realise that they will continue to bite their fingers until doomsday. UMNO will stay governing this country until doomsday. Make no mistake about it. Without UMNO this country will be chaotic for sure. Don't rule out the strength of the Malays when they are pushed to the wall. It will be counter-productive to the whole country. Believe me. Be rational and think very, very hard what will be the implication. Give a try if they can topple the Federal government under the leadership of UMNO. You will see what will be the repurcussion. This country will experience a tsunami which will be beyond our imagination. Don't try to poke "sarang tebuan". It will hurt everybody very badly. Think, think and keep thinking rationally !! Either you are with us or you are doomed to hell !! I am not creating fear but only sensible people will understand this situation!

=====

Mr. Pak Belalang, True to your name ,your brain is like a belalang. What century are u living in having a thoughts like that. Any party be it UMNO or others ,the people will support or not support are based on the capabilities of its leaders. Only people like you will support the party blindly even if its governed by corrupted leaders just becoss of some bumiputra privileges that the party championed. You must be one of those who did not repay the study loan I guess.

Assalamualaikum, Tun.

Quite funny about how this Zaid fellow wishes to clean up the judiciary by allowing bar Council members to choose the candidates for the judge post.

Two arguments against this unnecessary reform:

- 1) Why is it necessary for Malaysia to have this so-called reform? In the USA, the choosing and sacking of the judges and is solely in the hands of the President of the USA. If Amrica can do it, why can't we?
- 2) I understand that Malaysia is a democracy. What is democracy? It is the government of the people, by the people, for the people. The government is divided into three branches (judiciary, executive and legislative, or in Malaysia's case, includes the monarchy). Question. Where does the Bar Council stand in this? They are not elected by the people, and therefore cannot claim to represent their interests. They do not, as an organisation, hold any posts in the legislative houses. So what gave them the right to appoint the judges? The way I see it, the bar Council is not following the so-called rule of law and democracy as they have religiously advocated. Shame on them!

By Bersyukur on October 10, 2008 5:59 PM

Assalamualaikum Yang Berbahagia Tun,

Keep on writing your views for people to read. Perhaps it is best if you will, with full sincerity, pump out

your ideas on how Malaysia should be managed in the aspects of ECONOMY, SOCIAL, POLITICS ETC, ETC. I know many people read your blog, including all the Malaysian politicians, ministers and even the opposition parties' leaders. I am of the view that VALUABLE,PRACTICAL, IMPLEMENTABLE AND MANAGABLE VIEWS AND PROPOSALS WILL REMAIN GOOD AND VALUABLE and perhaps some Malaysian leaders may agree with you and want to implement them. If this happens, It doesn't really matter if they implement your ideas with some modifications or even claiming that they are their own WHAT IS IMPORTANT AND PRIMARY IS FOR MALAYSIA TO GET BACK ON ITS FEET AND PROSPER!!!!

For Mr. NEIL who posted a comment on October 8th. You mentioned that "WE" are tired of Tun Dr. Mahathir. Who are the rest besides you. I see that most people still think Tun Dr. Mahathir is RELEVANT and has a lot to share with us.

Salam,

Untuk Zaid Ibrahim, terima kasih kerana:

1. Menjadi satu sampel Menteri, yang boleh menjadi satu contoh di masa hadapan. A new benchmark.
2. Menjadi ahli arkeologi (suka menggali benda yang lama).
3. Mempunyai isteri yang memahami tugas suaminya. Teringat saya semasa mendapat biasiswa dari firma tempat isterinya pernah bertugas dulu.
4. Menjadi "the walking constitution". Kalau "unconstitutional", disamannya (termasuk kerajaan PAS Kelantan). Cuma, meminum minuman keras itu dianggap constitutional.

Sesuatu, sama ada baik, atau buruk, tetap menjadi contoh yang baik (untuk diikuti atau di jauhi).

Salam hormat dan selamat hari raya maaf zahir batin untuk Ybg Tun seisi keluarga.

YAB Perdana Menteri melakukan kesilapan lagi dalam memilih anggota kabinet beliau. Saya amat bersetuju dengan pendapat Ybg Tun. Dari awal perantikan Zaid Ibrahim sebagai Menteri di Jabatan Perdana menteri yang diberi tanggungjawab menjaga perihai undang-undang saya sudah menduga ada sesuatu yang tidak kena. Ini berasaskan perilaku beliau semasa mengetuai UMNO Bahagin Kota Baru Kelantan, ada rekod-rekod tertentu yang dilihat tidak sealiran dengan aspirasi UMNO.

Setelah diberi kuasa cuba mengungkit kembali insiden-insiden yang telah lalu khususnya berkaitan dengan kehakiman/perundangan yang memperlihatkan beberapa tindakan kepimpinan yang terdahulu (kepimpinan Ybg Tun)disanggah dan dikatakan tidak betul. Maka beberapa tindakan telah diambil untuk membuktikan tindakan kepimpinan yang terdahulu didapati tidak benar. Mengikut pemerhatian saya ramai dikalangan rakyat umumnya amat tidak menyukai tindakan seperti ini oleh kerana ada perkara-perkara atau maklumat-maklumat tertentu yang disembunyikan daripada pengetahuan umum. Ini amat bercanggah dengan sikap keterbukaan yang selalu dilaungkan oleh kepimpinan terkini.

Dengan pengumuman oleh YAB Perdana Menteri/Presiden UMNO yang tidak akan mempertahankan jawatan sebagai Presiden UMNO pada pemilihan bulan Mac tahun 2009, memberi peluang yang luas

kepada YAB Dato' Seri Najib Tun Razak sebagai Timbalan Presiden waktu ini menawarkan diri menjadi calon Presiden UMNO. Dengan gaya kepimpinan yang mantap dan berkesan oleh YAB Dato' Seri Najib yang ditunjukkan selama memegang jawatan dalam parti dan kerajaan selama ini, saya menaruh harapan yang tinggi dan berkeyakinan YAB Dato' Seri Najib akan lebih berkeupayaan memacu teraju kepimpinan negara kearah yang lebih realistik dan menepati aspirasi rakyat pada keseluruhannya. Rakyat mahu hidup aman damai, selesa dan tidak mahu diganggu gugat dengan kepimpinan negara yang tidak tentu hala tujunya. Apapun kemelut negara kepimpinan kerajaan mestilah ada kekuatan dan keupayaan tersendiri dan secara bijaksana menangani masalah dan sebaik mungkin dielakkan rakyat ditimpa kesusahan yang boleh membebankan kehidupan seharian mereka. Saya masih ingat lagi semasa Ybg Tun menerajui kerajaan segala kemelut dan masalah negara yang melanda dapat diatasi dengan begitu bijaksana dan berkesan sehingga tidak begitu membebankan kehidupan rakyat. Ybg Tun akan masuk semula menjadi ahli UMNO pada bila-bila masa yang sesuai. Alhamdulillah saya percaya majoriti rakyat dan ahli UMNO amat gembira dengan perkembangan ini. Saya berharap Kepimpinan UMNO tidak ada halangan untuk menerima kembali Ybg Tun kedalam UMNO dan bersedia memperuntukkan posisi yang sesuai untuk Ybg Tun. Ketokohan, gaya kepimpinan dan pengalaman Ybg Tun amat sukar ditandingi oleh kawan dan lawan dalam parti, kerajaan dan peringkat antarabangsa boleh membantu memulihkan semula UMNO dan Barisan Nasional. Sekian serba sedikit pandangan saya yang mungkin boleh dikongsi bersama dengan Ybg Tun dan saudara pembaca semua.

Wassalam.

Using this blog, anybody is at liberty to say anything about Zaid.

But one thing I admire and treasure about Zaid is that he can simply throw away the UMNO Ministerial post through the window like a piece of RUBISH.

Although his stay in the Barisan/Umno goverment was a brief one, but his presence was like a hundred years, in which he managed to shake and shatter the very foundation of that goverment.

Greetings dearly beloved Tun,

What Najib should do:

- 1)While the boss is asleep, fast forward his digital PDA calendar. By 3 months would be most preferable. Bad hair receding case already. Tension, not good.
- 2)Najib should take one deep breath, and proclaim all Malaysians Bumiputra. Its way past overdue on that one already.
- 3)Rename KLIA as Mahathir Mohamad International Airport.
- 4)Reshuffle cabinet with 80% new faces. They do not have to be elected MPs, but they must have brains and be competent professionals in their fields. Let elected MP serve their people instead of leaping from one airport lounge to another with AP stickers sticking out of their behinds.
- 5)Get rid of Oxfart boy (this should be number 2 actually). It's clear for all to see that the Oxfart chap has to much lard on his hair all this while.
- 6)Put Mukhriz on the board seat. He is okay. Why Najib wants to make friends with someone who has no track record other than defeating the ancient Egyptians at their masonry skills- by making money fall out of the sky? His bucks is about to run out anyway. And besides, unlike Oxfart up there, Mukhriz doesn't even use Brylcreem.
- 7)And don't worry about Mat Tyson, its sheep shedding season soon in NZ, and he has plenty sheep's there. He has no intention to stay; he's not playing for keeps. The guy is a good sport.

And Tun, may I correct your spelling error at the heading of your post: Its Zaid The De Fected Law Minister, and not De Facto.

Till next time Tun. Good night.

SiamangBukit ~ His post regarding a certain "Singh" lawyer is soo true.

We need urgent attention to our economy in these uncertain times, we need leaders who will serve the Rakyat's interests and not their own agenda and ambitions.

Can we seriously say that NTR will be any different?

I personally would like to have seen TMY challenge NTR for the top post. We need someone without the political fat and baggage.

As for ambitious Oxford boy KJ, my support goes to DMM to head the youth wing. KJ also has too much baggage, links and allegations to corruption and nepotism.

Salam Tun,

Nampaknya si Neil begitu marah dengan Tun. Beria2 dia mengangkat Zaid.

Saya teringat suatu masa dulu ada seorang yg menasihatkan Tun supay bersikap seperti seorang

pesara. bila dah bersarabuatlah cara bersara.

Tapi bagi saya, jika seorang Jeneral bersara, adakah dia akan berdiam diri jika negaranya sedang dalam bahaya, negaranya diambang kemusnahan. "Ahh, biarkanlah, kan aku sudah bersara"??? adakah dia akan berkata begitu, apa nak jadi, jadilah....

Tapi jika benar dia seorang yg bertanggungjawab, dia pasti akan membuat sedaya yang terdaya bagi menyelamatkan negaranya walaupun hanya dengan menggunakan lastik yg diperbuat dari batang kayu.

Mungkin si Neil adalah dari spesis musuh yg sedang menyerang, jadi tentulah dia merasa sakit hati bila Tun bangun mempertahankan negara.

minta maaf Tun saya lari topik sikit. Tapi ia masih berkaitan dengan kelemahan pimpinan kabinet pak lah juga.

Universiti awam malaysia tak berada dalam senarai 200 universiti di dunia mengikut THES 2008.

Universiti yang dapat APEX lebih rendah dari UM.

Sebagai ahli akademik saya rasa sampai bilapun Universiti di Malaysia tak akan berada dalam senarai terbaik dunia. Kementerian Pengajian setelah 5 tahun telah ada 3 menteri bertukar-tukar. 2 ahli ekonomi iaitu Dato Shafie Salleh dan Mustapa dan 1 lulusan undang-undang iaitu Khaled. KPT jadi bahan ujikaji melatih Menteri agaknya. Yang berkuasa adalah KSU nya. Naib-naib Canselor lebih cenderung mengekor YB Menteri dan KSU suoaya terus disambung perkhidmatannya. Semaklah apa yang naib canselor buat di IPTA selain dari mesyuarat dan lawatan ke luar negeri. Tugas sebenar universiti iaitu mengajar, menyelidik dan khidmat masyarakat dibebankan kepada TNC dan Dekan. Kononnya ilmu mereka terlampau tinggi tetapi kenapa idak mengajar. NC di zaman Kementerian Pelajaran lebih berwibawa untuk meningkatkan mutu akademik negara hinggakan ramai bijak pandai menolak jawatan pentadbiran kerana cintakan kerja mengajar. Kerja melobi untuk minta jawatan NC dan sambung jawatan NC menjadi agenda penting golongan ini. Mangsanya adalah sistem akademik dan pelajar IPT. Setiap sudut di IPT lebih banyak becakap tentang siapa NC dan TNC mereka? Atau NC akan sambung atau tidak. Setiap kali bertuakr menteri ia menjadi rezeki kepada NC yang bakal tamat, kerana dapat dipujuk untuk sambung kerana ada agenda belum selesai kononnya. Salah seorang Menteri pernah berkata orang IPT ini memang kuat dan pandai merancang cuma lemah bila nak melaksanakan rancangannya itu. Sebenarnya bukannya IPT lemah, tapi gangguan KPT terutama dari KSU yang overule atau memperlahankan keputusan YB Menteri sehingga Menteri bertukar. Harap-harap kita kembalikan era Tun Mahathir yang meletakkan ahli akademik seperti menerajui KPT seperti pernah berlaku kepada Tan Sri Musa Mohamad. Barulah pengajian tinggi berada atas landasan yang betul dan dihormati dunia.

To KC Kua,

Your comment:

"I think Zaid had speak out what is fair. He earned the respect by many as he is liberal and rational. This is all totally against the UMNO racist members. This is the casue that why so many UMNO people doesn't like him.Tun, the same thing happen to you when you are in power. Becasue of position and power, you have to admit that something what you have done against the common law just to secure your position.If everybody want this country to progress, I strongly believed that we need more Malay to be like Zaid."

My comment:

You believed Zaid, right? After reading this article, I believed what Tun said is correct. Zaid is indeed a man with no principle and ungratefull to those who've helped him. Tun is not a dictator, he is a leader with vision who loves his country and leads Malaysia in the Malaysian way. I think you are quite young and you read english newspaper. Mr KC, what written in the newspaper may not be as accurate as what is written by Tun. Tun is writing down his thought while he still able to so that he can educate us to fight and

choose the best leader of our own race for the country. Please read more of Tun's articles so that you will be able to look in the bigger picture, and I am sure by the end you will realize how much Tun has done for the country. I am definitely is one of them who salute and respect Tun.

Saya sungguh gembira dengan ahli-ahli Bahagian Kimanis yang telah membuat keputusan pemilihan calon yang paling bijak dan tepat sekali. Inilah yang kita mahu dari ahli-ahli UMNO berfikiran matang dan bijak. Mereka dapat berfikir dengan rational untuk menentukan siapa yang boleh menerajui UMNO dengan baik dan seterusnya akan membawa negara kita ke era baru. Era yang boleh menyatu-padukan rakyat jelata dan seterusnya memajukan negara dengan cemerlang lagi.

Ayahanda Tun sekeluarga, assalamualaikum.....

Rakyat ternanti – nanti dan persoalan telah pun terjawab. Ada yang bersedih dan ada yang gembira dengan keputusan Pak Lah. Seperti yang diketahui ramai yang telah menawarkan diri untuk jawatan - jawatan tertentu dengan 1001 alasan yang menggambarkan kelebihan diri masing – masing. Dengan kata lain kalau tiada keyakinan diri lebih baik jangan bertanding.

Semasa pemilihan 2004 baik di peringkat MT mahu pun bahagian calon – calon yang bertanding masing – masing menyatakan tujuan mereka bekerja adalah untuk kekuatan parti dan perwakilan pun memberi mandat mengikut pilihan hati, walaupun ada cakap – cakap yang mengatakan sebenarnya bukan pilihan hati tetapi pilihan nafsu (politik wang). Akibat daripada barah yang menjadi tradisi dalam parti menyebabkan Umno berpecah dan kesan buruk ini berlaku pada 8 Mac 2008.

Berbeza dengan pemilihan kali ini, mereka yang menawarkan diri menjaja isu inginkan perubahan dalam parti untuk meraih sokongan. Mungkin isu ini dapat memikat hati perwakilan dan calon – calon berkenaan akan berjaya menyandang jawatan yang diidamkan selama ini. Bagaimana dengan PRU 13 nanti.

Walaupun jawatan nombor satu akan bertukar tangan tetapi watak – watak lain majoritinya tetap dilakukan oleh orang yang sama seperti PRU 12, cuma jawatannya sahaja yang berbeza. Dengan mengambil kira kontroversi – kontroversi yang dimiliki oleh tuan empunya diri adakah rakyat dapat menerima calon Umno/BN menjelang PRU 13 nanti.

Saya mengambil contoh Kelantan. Semenjak Umno kalah pada tahun 1990 apakah perubahan yang telah dilakukan oleh Umno Kelantan. Jika ada perubahan pun kesannya tidak seberapa. Tidak keterlaluan jika dikatakan Umno Kelantan memang bijak menyakinkan pemimpinnya di pusat tetapi gagal menyakinkan rakyat Kelantan untuk meraih undi. Buktinya Umno tidak mampu menawan kembali.

Saya bersahabat dengan seorang Adun Pas di Kelantan yang memegang jawatan exco kerajaan negeri. Beliau mengatakan sebenarnya Pas Kelantan bukanlah kuat sebagaimana yang dijangka. Pas nak kalah tetapi Umno tak nak menang. Antara faktornya ialah perbuatan cah keting akibat perpecahan semasa pemilihan bahagian. Walaupun ianya dinafikan oleh pemimpin Umno tetapi Pas Kelantan bijak mencuri peluang ini. Paling terkejut bila beliau mengatakan Pas mempunyai informal dikalangan mereka yang mempunyai akses diperingkat bahagian. Pas boleh mengatur strategi berdasarkan information yang diterima. Disamping itu informal tersebut juga ditugaskan untuk melaga – lagakan ahli Umno. Antara kaedah yang digunakan ialah perang saraf iaitu menanam perasaan membenci terhadap kepimpinan

Umno baik diperingkat cawangan, bahagian, perhubungan dan pusat. Ganjaran dan kemudahan yang sewajarnya diberikan kepada informal ini.

Adakah kepimpinan Umno sedar akan kejadian seperti ini. Jika ada kesedaran apa yang telah dan perlu dilakukan untuk menanganinya. Saya tidak mengharapkan lampu aladin dapat membaikpulih Umno menjelang PRU 13 nanti tetapi sekadar mengharapkan kebijaksanaan perwakilan dalam memilih pemimpin parti yang berkualiti dalam erti kata yang sebenarnya menjelang perhimpunan nanti.

Pohon ulasan Ayahanda Tun dalam hal ini. Kepada Kekanda Mukhriz perjuangan yang ikhlas perlu diteruskan. Insyaallah

Dearest Tun,

Zaid Ibrahim....His assignment and resignation was well expected.

He was tasked to carry out the "PM flip flop" agenda with certain promise of economic gain and to further his political mileage should he succeed to do so. He was not interested in the small Minister allowance!!

Do you think he resigned because of ISA? That's just a "BS" notion. He is actually the smartest one being the first one to jump the sinking ship!!! The rest would follow suit, very soon.

To both Tuns: Selamat Hari Raya, maaf zahir batin. May Allah bless you with rahmat and health.

Dear Tun,

I think it is time for UMNO to get rid of Kalimullah from the NST group and start investigating his involvement in ECM-Libra.

By pakbelalangAuthor Profile Page on October 11, 2008 2:18 AM

Dear Tun,

Few stupid elite Malaysians feel that ISA is a draconian Act. They think by abolishing ISA the country will become more democratic. They are talking rubbish.

These arrogant few hard core elite Malaysians are mostly the non-Malays and are always in the opposition camp whose intention is actually to weaken the Malay supremacy. Their minds are full of bad feelings. That is a fact. They still feel that by keeping pressure on the government they can finally secure what they want.

I think they should look at the ISA on the positive side rather than always on the negative side. To them I would advise they better change their perception for the good of the country. ISA will be here to stay. Make no mistake about it even if Pakatan Rakyat were to govern. If a change of government to happen a few stupid Malay elites will emerge and become more vocal to cause trouble by instigating the Malays to fight their rights like HINDRAF or maybe worst like the TALIBAN !!

Datukship: Anugerah Murahhan ?

Utusan Online, 10/10/2008 5:17pm

Melaka anugerah Datuk kepada Shah Rukh Khan

MELAKA 10 Okt. - Pelakon terkenal Bollywood, Shah Rukh Khan merupakan antara penerima Darjah Mulia Seri Melaka (DMSM) sempena hari jadi Yang Dipertua Negeri Melaka, Tun Mohd. Khalil Yaakob ke-70, esok. Dengan penganugerahan darjah DMSM itu, Shah Rukh Khan akan bergelar Datuk.- Utusan.

Ulasan

Datuk Shah Rukh Khan. Kelakar lah. Nak ketawa pun ada. Nak menangis pun ada. Apa dah jadi dengan darjah kebesaran yang satu ini? Tan Sri Khalil Yaakob minat Shah Rukh Khan ke? Atau terikut desakan isterinya yang menggilai Shah Rukh Khan? Atau ada pihak di pejabat Yang Dipertua Negeri Melaka yang menjadi 'kipas-susah-mati' kepada Shah Rukh Khan?

Apa jasa Shah Rukh Khan kepada negeri Melaka? Apa jasa dia kepada Malaysia? Apa sumbangannya kepada industri filem tanah air? Apakah beliau membaikpulih moraliti remaja negara ini? Apakah kebaikan yang dibawa oleh seorang Muslim yang telah mengaku murtad ini? Apakah beliau telah menasihati anak-anak gadis Melayu supaya berhenti menggilai artis Bollywood bagai nak rak?

Di mana kediaman Shah Rukh Khan di Malaysia? Batu Berendam? The Mines Resort City? Sejauh mana manfaat yang diberi kepada sosio ekonomi dan budaya negara ini? Apakah harum wangi yang disemai oleh Shah Rukh Khan ini?

Jika Siti Nurhaliza, boleh lah diterima walaupun pelik. Nicole David pun sepertinya juga. Lee Chong Wei? Silver medallist? Eww. Itu pun boleh? Lantak mereka. Mereka ada benda yang membuatkan rakyat Malaysia merasakan sebagai seorang rakyat biasa, aristokrat akan menghargai pencapaian yang dibawa.

Michelle Yeoh? Oh. Gadis itu kelahiran sini. Bersekolah di Ipoh. Sekarang dia dah besar, pergilah jauh-jauh mana kau nak pergi. Dan merata dunia, dia berbangga, dia dilahirkan di Malaysia.

Jimmy Choo mendapat gelaran Sir! Jangan dibandinglah siapa dia. Mencipta nama di UK, terkenal hingga Hollywood. Anugerah diterima di UK, layaklah sebab memang UK lah tempat dia mencipta nama. Yunus Rais dapat Sir? Yelah, dia kan pakar bahasa Inggeris di UK. Dan menetap di UK.

Tidak lupa juga, Datuk Jaafar, seorang datuk yang bekerja sebagai pengawal keselamatan di Taman Perpaduan. Dianugerah gelaran Sir kerana demi menyelamatkan pegawai British suatu masa dulu, bersepai bontotnya ditembak komunis.

DATUK SHAH RUKH KHAN? Alasan, memperkenalkan Malaysia dalam industri filem Bollywood dan membuatkan bilangan pelancong India meningkat. Bukti please...!!!

Hari ini, gelaran Datuk tak bermakna lagi. Saiful Bukhari Azlan, siap sedia untuk menerima gelaran Datuk. Begitu juga 'padayappa-padayappa' yang menentang Hindraf.

Semoga akan tiba saat di mana orang menolak anugerah gelaran Datuk atas alasan " DAH BANYAK SANGAT LAH! Takde istimewa dah! "

Gracious salutations to YAB Tun and Bonda.

First of all, I wish to say that I hate lawyers !

Lawyers allow you to ask questions for free.

Then they charge you for answering !

If you sign any legal documents in front of their legal clerk, they charge you less.

If you sign the legal documents in front of the lawyer, they charge you more.

Since you have to use a recommended type of pen and ink, they charge you additional fees.

When lawyers argue in court, they spin and twist the facts to win. The guilty will get off scot free and the victim continues to suffer.

Now this Zaid lawyer. He is outspoken, he speaks well. Has charisma and is able to attract attention.

When he cannot do the job, he blames somebody else. He resigns and leaves his assignment

unattended and for someone else to finish it. Some people have the opinion that Zaid takes on the

responsibility for failing his job by resigning. I am of the opinion that he is being irresponsible by resigning for fear of being blamed for his own failure. He should have known by his professional assessment that

he cannot do the job and therefore should not have accepted the appointment in the first place. What we

need is someone who is really a person who can manage and address problems with the judicial system

AND THAT PERSON NEED NOT BE A LAWYER ! Just like you Tun, a doctor being a Prime Minister for

more than 20 years ! Have you heard that a world cup referee in football was also a gynaecologist

(hope the spelling is correct) ?

You are right that only rich people can have principles but rich people also creates principles to make

them richer. When rich people laugh, only then the poor will laugh together even though it is NOT a joke.

When poor people laughs, the rich people will only grin and smile even though it is good joke !. There is

nothing wrong being rich and everything wrong for being poor. But when people like Zaid makes a very

good start and then leaves the job because he cannot do it, I think he is still poor – in his sacrifices,

honesty to help the country especially the Malays. His achievement in so far is making the judges richer.

Talk about money politics.

You cannot blame DSAAB for choosing him as he also lacks the skill in identifying the right person. Even Tun had little choice to choose your successor and had no knowledge that DSAAB would be like what he is today. "Work with me. Don't work for me" he said. An excellent statement but merely a statement. He doesn't know how to do his work and consequently, all those who worked with him cannot do their work also.

Enough have been said. We will see what will happen when DSAAB abdicates his post. Let us all pray that the next PM will lead Malaysia to glory and prosperity. My family loves you Tun and Bonda very much.

Dear Tun,

Even with the probable change in leadership of UMNO(to Najib), it is highly unlikely that there will be much positive changes for the country!

It is simply too far fetched!

By the way K.J has once again showed that even if u come from Oxford doesnt mean u are brilliant. Getting admitted to such a uni isnt as important as what u learnt there. I'm sure if u ask his mates from Oxford they would find him mediocre. Definately would be very suprising to them that he is on route to running a country! He is more of a tribal leader! Not Malaysia! come on, get real UMNO members.

According to The Star he said that BN losses has nothing to do with leadership but rather the failure to fulfil promises! That statement is totally cotractory.A true embarasment to Oxford and already one for Malaysia!

Salam Ayahanda Tun, The way I see it Najib must make public his team preferences. He has to name names. This is a more transparent way for people to measure his honesty and strength. He must inform delegates, candidates about his preferences. It makes more sense in optimal result deliverance exercise for the boss to hand pick his team mates and team strength. This is much better than the banal present practice of leaving everything to "party democratic process". To be effective, a boss needs the best team support he can get or buy. It's all about familiarity, ease and comfort of team efforts and synergy. Najib must make this public and move on from there. Khairy should not be talking about closing ranks if elected as KP UMNO. Announcing that at this early stage into the challenge shows incredible desperations on his part. Najib must flush out Khairy and his cronies from the Malaysian political hierarchy and government machinery. People like Wan Farid, Shahziman Abu Seman, The Mamak Gang, should be purge away from doing anymore damage to this country's politic. They have no business being where they are today. This is Najib first test to "walk the talk". Democracy has no sympathy, only respect and if you ask Chairman Mao, he would no doubt add fear to the equation. And he may just be right. Najib must make public his endorsement. Set a clear vision for people to measure and understand. Najib must also change to be a stern disiplinarian. UMNO has waned tremendously under the Pak Lah trial and error years. Najib can be a good leader if he breaks away from so many sinking norms of the old UMNO. Hishamuddin was my senior at tertiary school. He is a principled, intelligent and approachable person. But one term under the 5th Administration has changed him for the worst. But I believe that he is still the same guy somewhere in there. Maybe under Najib he can find his best again and move on. That goes to UMNO as well. It comes down to this; Najib must show his mettle now. First step is to publicly state his team. Stop being "I follow my Ketua, saya taat setia pada ketua" stooge. It's not about pleasing one out-going boss here; the nation is on the brink of disaster! Get your priority straight Najib, show us your force! It's to confirm delegates/public where his strength is and at the same time minimize brainless politickings in UMNO rank & files prior to the machinery election day. Najib must know clearly; that from now, all blame would go directly to his face on a one way express mail service – if not by fast going bricks.

Dalam blog Anwar, dia menghentam Akhbar sinar harian kerana menyiarkan berita yang tidak menyokongnya dan Sinar Harian telah dicop sbagai Pro UMNO. Walhal, sebelum ini Sinar Harian tidak jemu2 memuji beliau dlm laporan hariannya. Saya rasa Anwar ni sakit mental sbb dia memperjuangkan freedom of press tapi freedom itu hanya dibenarkan utk memuji dan menyokong dia. Di Malaysia, byk akhbar speperti Harakah, Suara Keadilan , Aliran dan byk lagi yang terang terangan pro pembangkang. Saya rasa freedom of press di Malaysia cukup bebas berbanding Singapura yang tidak sekali kali membenarkan sesiapa menkritik Perdana Menteri mereka terutamanya Lee Kuan Yew. Bekas Ketua Pembangkang, Jeyaratnam yg baru baru ini meninggal dunia merupakan pembangkang yg byk memberi ancaman pada Kuan Yew tapi telah disitiharkan bankrupt utk dihalang dlm politik dan byk lagi pemimpin pembangkang yg lain telah ditahan atau diiytihar banrupt jika melawan Kuan Yew. Zaid lupa bahawa Malaysia adalah lebih bebas dari Singapore so...tak payah la nak mambawa agenda pembangkang. Agak agaknya die ada share kot dlm duit ex gratia itu pasal x nak dedahkan berapa banyak walhal itu adalah duit rakyat.

Komen dari Nazri bahawa Kali Mullah telah memburukkan Tun M dalam Berita Harian.

Apabila Pak Lah menetapkan tarikh pengunduran ,tentunya J...K...K...K.... nya dan pengampu-pengampunya secara automatik tahu tarikh akhirnya mereka juga. Kalimullah sekadar cuba menggunakan talian hayat yang ada sehingga Mac ini. Manalah tahu untung nasib, ada yang tak jadi. Jangan heran kalau dalam tempoh itu, calon-calon tertentu akan diganggu oleh Spin Doctor ini. Beliau terpaksa berbuat demikian supaya orang-orang tertentu terus kekal dalam kekuasaan UMNO. Maka Presiden baru akan jadi lembu ditarik hidung saja. Bukan saja oleh mereka ini tetapi juga rakan negara kita tempat KaliMullah bertapak.

Jangan juga heran kalau selepas Mac, nada Spin Doctor tiba-tiba berubah arah pula. Bukan dia saja, tapi lain-lain yang begitu hebat merayu supaya Pak Lah jangan turun. Harapan saya adalah Presiden baru hanya mengambil alih jawatan Presiden dan PM saja. Jangan ambil stock and barrel dari mantan Presiden seperti berlaku di Kementerian Kewangan. Kalau ambil stock and barrel juga maka Presiden baru juga akan mempunyai tarikh luput tempoh. Bravo Najib-Muhyidin-Isa Samad-Syed Hamid-Rais Yatim-Rafidah-Mukhriz

Najib perlu membuat pembersehan dalam pertadabiran Pak Lah yang lalu. Najib mesti melihat mereka2 ini telah merosakan negara.

Najib perlu berani dan tegas membuat pembaharuan. Tidak ada lagi bayang2 Pak Lah mengekuri nya. Kali apa ke KJ ke Farid ke geng mamak ker mesti dikeluarkan segera dari pentadabiran negara. Najib dan dibantu oleh TPM baru mesti kembalikan perjuangan asal UMNO. Untuk Rakyat, kerana Rakyat untuk bangsa dan negara. Bukan untuk keroni dan sanak saudara sahaja. Kabinet baru mesti ditubuhkan, hanya mereka yang pakar2 sahaja mengisi jawatan menteri2. Kekuatan Ketua atau pemimpin apabila mendapat sokongan kuat majoriti rakyat bukan sekadar segolongan kecil pembodek2 dan pengampu2. Jangan cari penyokong yang membawa rebah. Selamat berjaya DSNTR dan TSMY.

I am beggining to wonder why i ever respected a man like you. If not for you, people like zaid would not have to go through so much trouble. You, big sir are the main culprit for our judiciary being in such a corrupt and disgraceful state. If it weren't for the countless amendments you have made, our judiciary might still be independant and impartial to a certain extent. Man like Zaid realise what you have done and are TRYING to fix things. But, i guess the damage you have done is unrepairable. Even zaid, a man of such caliber cannot undo the years of corruption and cronyism that u have implaced. Kindly stop ranting about great man like Zaid and live your life quietly. Me, and many Malaysians would just like to forget a man like you. YOU sicken me.

Jika dahulu bangsa melayu memperjuangkan kemerdekaan dan kemajuan negara, kini persoalannya,

apakah yang diperjuangkan oleh tokoh2 politik negara?

saya tidak nampak apakah sebenarnya yang diperjuangkan hingga politik negara kini pada saya hanyalah lawak jenaka yang sebenarnya mentertawakan kelemahan sendiri..

Bukankah sejarah mengajar kita kerana perebutan kuasa lah kita dijajah oleh bangsa asing dan diambil kesempatan atas kekayaan negara..

Apakah kita telah lupa segalanya?

YABhg. Tun,

Salam hormat.

Izinkan saya membuat komen kepada Hussein Ismail.

Sdr Hussein,

Tentu anda berbangga dengan keterbukaan dan ketelusan PM sekarang. Selain dari berjaya membawa BN mencapai kegagalan dalam pilihanraya umum yang lalu, PM juga berjaya membuat rakyat menderita dengan menaikkan harga runcit petrol dan seterusnya menaikkan harga barang perlu/makanan. Selama 22 tahun, dalam ingatan saya YABhg Tun tidak pernah mengumumkan sendiri kenaikan/turun harga runcit petrol. Ini adalah kerja Menteri.

Sdr. Hussein ini keputusan yang amat berkesan kepada rakyat yang telah dipertanggungjawabkan oleh PM sekarang. Anda amat berbangga dengan Pemimpin sekarang.

Dear Terrence,

If a person is not grateful to those who have helped him, you think he can be trusted? In business, he can't be trusted, in school I am sure classmates won't like him (orang berdua muka), in religion you are taught to be grateful to those who have helped you. Terence, please read again Tun's article on Zaid. There are many hidden meanings that need to be study carefully. Good luck. I have seen Lingam's video and I heard him said few times on "you wanna help the country or not..." over the phone, what was that meant in your opinion???

You are one of the most contradictory person I've ever read.

Nobody can do anything unless if it's your sons or your cronies or yourself.

Jeez. Remember that you were the one who told people to vote against BN to teach Abdullah Badawi a lesson?

You should know this - BN won big in '04 because you're gone. There's a sense of optimism then. Unfortunately we're stuck with this flip-flopper.

Your excuse giving us AAB instead of Najib is ridiculous. You could've chosen Najib and no one would've said "no".

If you were faced with a formidable opponent and a fair fight, you would've lost ages ago. Come to think of it, you nearly lost against a corrupted person back in '87.

Peace out, dawg.

Salam Tun,

Today Zaid kata "no judicial reform as long as Dr. M is around.....its Mahathirism factor".....let me it straight to you KB boy, as long as lawyer like you is around, man from the street like me cant get any justice in any court of law, reason being unlike DSAI and those kaki bangkang we cant afford a platoon of lawyers to defend us. So lawyers like Zaid need the reform to ensure the relevant of legal business, nothing to do with justice.

Some people can only make noises outside the system as that would be the easiest way to be noticed and gain supports. When they are in the system and have the opportunities to make and implement changes, they became ineffective and useless. They can't even sell and convince their ideas to their colleagues. This ex-defacto Law Minister is in this group.

Today, we read him critising that as long as Tun is around, there would be no reforms. Well, coming from someone who was guilty of political corruption, I wonder what's next coming from his mouth.

By pakbelalangAuthor Profile Page on October 11, 2008 7:47 PM

Dear Tun

Will Five Months Be Enough For PM To Initiate Reforms? The answer is, he is a dreamer. Too little too late to acheive anything. Cakap tak serupa bikin. He does not have the energy and mental capacity to do anything. Best for him to just go for holidays to enjoy the perks that he has been enjoying as Prime Minister. Nanti tekilan pulak apabila dah berhenti!

Najib's Greatest Challenge Is National Unity, Says PM

National unity will be Datuk Seri Najib Tun Razak's greatest challenge when leading the country next, says Prime Minister Datuk Seri Abdullah Ahmad Badawi.

He said his successor would have to give priority to this issue as the state of inter-racial and inter-religious relations at the moment was not good.

Comment:

All this is because of Pak Lah weak leadership. Now he is passing the buck to Najib. At least he is now admitting his failure and as such his resignation to resign is very timely.

By boz on October 11, 2008 9:13 PM

The situation is more like one has to do everything and anything according to traditions and protocols.

Then in this case, Malaysians should not be educated professionals. They should just do anything and everything according to what their ancestors had done and so they will not run into any troubles. Anything to do with the law should be handled by professional people of the law. But what we see is powerful people without any law qualification can decide what will happen next. The other day when the lawyers took to the streets, they are saying they want to be treated like genuine educated professional lawyers and not lawyers in name only. Look good but not allowed to do what one is educated to do. What a waste of time, money and energy studying law only to find that their professional development is so very limited.

Salam Sejahtera buat Tun dan keluarga..

Apa yang paling jenaka dan lucu berkenaan Zaid bagi saya adalah semasa Muhyidin Yasin mencadangkan agar di awalkan tarikh peralihan kuasa. Ramai pemimpin-pemimpin MT yang marah dengan kenyataan yang di daberikan oleh Muhyidin. Ada yang menyarankan agar Muhyidin Yasin meletakkan jawatan.. Dan pemimpin-pemimpin yang lantang bersuara tersebut termasuklah Zaid Ibrahim.. Tetapi apabila Pak Lah umumkan tarikh peralihan kuasa yang telah di awalkan si Zaid ni juga antara pemimpin-pemimpin yang berpusu-pusu nak mencalonkan diri mereka.
By Syed Akbar Ali on October 11, 2008 11:50 PM

Dear Tun,

In response to your comments about Zaid, Malaysian Insider reports Zaid as saying the following (I quote)

"After the Societies Act was amended the president of Umno could do anything. "You have destroyed the fabric of our lives as a democracy. Have you not done enough?"

To be factual, UMNO lost many Parliamentary and State seats throughout your tenure as PM. Kelantan was lost to PAS. So was Terengganu and Sabah was lost to the PBS (in Opposition at that time). PAS also began to make serious inroads in Kedah during your tenure.

After you left there was no attempt made to amend the UMNO Constitution. This means that the system that you left behind was left intact. Of course in March 08 UMNO and the BN lost much more, four more states and also the two thirds majority in Parliament.

Whether UMNO decides to amend its constitution or not, I think democracy is quite alive and well in Malaysia. And I think it is conventional wisdom that unless serious effort is made to change, UMNO and the BN will be voted out in the next General Elections.

Syed Akbar Ali.

Zaid Ibrahim... Who is he? From no where suddenly he become so famous after DSAAB appoint him as a senator. Not even a year he already made a big mistake which he should have been consulted at least with the one who appointed him.

His name was already on the tombstone but resurrected by DSAAB. The truth is Zaid should be in the grave yards forever. Due the intelligence of the current PM, made him stronger and become a threat to the country.

Using this blog, one is at liberty to say anything he likes about Zaid.

But one thing I admire and treasure about Zaid is that he could simply throw away the UMNO/DOLAH ministerial post through the window like a piece of RUBBISH.

Though Zaid had a very brief stay in the Barisan/UMNO government, but his presence was like a hundred years, in which he has managed to shake and shatter the very foundation of that government.

To commentors Raven, Kilmer, DwithM, tengkolok, terrence

First, let me say that your opinions given are short sighted, without substance and are just big mouths and louder too !

Tun did not have an easy time when he was PM. Crisis after crises he has managed to pull Malaysia out of the troubles so that the rakyat can enjoy to live peacefully and comfortably (including all of you unless you are not Malaysians). Tun had had a share of problems, Some are handled with good decisions and implemented with success. (Financial crisis ?) He had his set of failures too as he cannot please every body. He had tolerated and compromised some sensitive issues (2 parties representing one race in BN ?) and a whole lot more of other failures. But the thing is, Tun succeeded in bringing Malaysia to what we are today and the lives of our rakyat too. So, do not harp on his failures as he is not perfect. Anyone else for that matter is not perfect but the way all of you are putting it, it seems that Tun is full of failures. Shame on you. The mere fact that you are addressing your comments through this blog is also the success of Tun too.

Dear Tun, I respectfully disagree with you and the number of posters opinions here on Zaid Ibrahim. Yes he's wealthy, but so what? Besides which Minister (or former Ministers) aren't wealthy?

As for the issues he stood for - reformation of the judiciary. Why is this a bad thing? I would rather have judges who are vetted by their peers rather than judges who are appointed by just 2 men - a panel appointment has more transparency and would avoid people in power such as the PM from abusing his powers. The Tun Abas case is a case in point - no matter what the real story is, the impression or perception it left is that judges who disagree with the executive branch gets booted out. This needs to be remedied.

As for the ISA - seems to me that those who oppose ISA is in the opposition camp. I think that's

ridiculous. I voted BN but I also think the ISA needs to be revamped. The ISA is a dangerous weapon in the hands of a fool - as the recent arrest of the reporter, Teresa and Raja Petra proved. We talk about reform but when reform is taking place we ostracize the person for daring to go with it. I think Zaid took up the right issues and kudos to him for resigning - that's what Ministerial responsibility should be. If you fail to do what you promised to do then you should resign from public office.

Or were you perhaps upset with Zaid because he reportedly was going to haul you to court over some of your alleged wrongdoings as PM? As far as I know that never materialized and I certainly feel it's wrong to try a man such as yourself Tun who has contributed so much to the country. You have your flaws as all humans do, but you are loved by the people for all that you've done for Malaysia and I think Malaysians would not want you to be treated in a disrespectful manner by having you dragged to court for example.

I doubt you can. I'm sure you people can't counter his arguments with an equally compelling analysis. But if you are open minded and intelligent, you will see clearly that he makes a lot of sense.
By visi on October 12, 2008 9:45 PM

Dear Tun,

Zaid and the opposition are pushing for so called judicial reform.
But in DSAI's sodomy case, we can see how the judicial system can be abused as it is taking such a long time to transfer a criminal case from the magistrate court to the high court.
It would appear the judge and the lawyers are extra careful in handling DSAI case as they might be "eternally" grateful to DSAI for pushing for so called judicial reform.
It amazes me that the magistrate court judge actually granted the defence's request to argue if the attorney general had a right to sign the form to transfer the case to a high court.
This is a joke. Where in the world the defence argue the validity of an AG's signature.
By mzzainal on October 13, 2008 12:37 AM

Zaid joined the Govt, intending to make changes in which he believed to be good for the country.

The funny thing is that he faced increasing challenges and resistance within Umno, a party which he joined to reap the opportunities.

Even a political activist like him, cannot make a ripple within Umno. I think he should lick his wounds, retire and concentrate on his own legal practise, rather than play politics.

A'kum Tun,

From the beginning I suspect Zaid's appointment is just to smear your good name. Even though minister's

appointment is PM's prerogative, to appoint "loose cannon" like Zaid to Law Minister is suicidal. Whose agenda is Zaid's promoting?? Again, our PM demonstrates his paradox critical thinking ability. I am glad that he is finally stepping down.

Dear Tun,

generasi saya banyak berhutang budi dengan Tun, apabila economic downturn 1999 jika tanpa tindakan cekap tun menyelamatkan negara sudah tentu suami dibuang kerja tapi generasi sekarang tidak belajar dari sejarah dan tidak tahu berterima kasih, emosi tidak diletakkan yang betul, tun lah sebenarnya pejuang bangsa, semoga tun dan isteri panjang umur dan dapat terus menyumbang kepada pembangunan negara, bangsa dan agama.

Dear poster Zainnan,

I think you are beladi stupid.

Read and observe A LOT first before you open your mouth! Zaid is all for himself, nothing "holy" about Zaid except his quest for personal glory. It seems PKR followers like you are the one being sold every second by such pirate.. lock, stock and barrel.

Dear Tun,

This Zaid moron and the whole jing bang like Karpal Singh, Lim Kit Siang, the Cumaraswamy fella, the High Court judge in Sarawak who thought could take you on and a whole litany of others (Shahhir Samad who had to beg to come back into Umno), Musa Hitam (who did not have the b--ls to challenge you unlike Tengku Razaleigh) are just plain sore that all of them put together cannot match your brainpower.

I am sure MM LKY down south will grudgingly agree to this.

Pay little attention to him (Zaid), He is of no consequence.

Dear Sir,

I don't always see eye to eye with you, Despite so I do feel a high amount of respect towards you, your views and past actions. I view myself as one of your "children" from the look east policy. In your insistance to generate better Malaysians for a better Malaysia.

Like most of my friends, I am now working as a middle class person. And I have to admit, I am one of those responsible voters that voted out BN government out of Penang. Going to the extreme! And yes you are right! I did not vote BN out because i love DAP so much. but for the fact that it just disgust me to read what is happening within the ranks of BN Leaders.

Whether they are the truth or not, Noone will ever really know, because end to end.. It is "that persons word against another persons word" However I do believe it is important to have leaders with the right

mindset towards good governance. I cannot accept leaders with hidden agenda or with under dealings to profit only their own pocket.

Bottomline is, As much i believe Pak Lah needs to go, i still do not see the credibility of Najib to run the show. Unfortunately BN is reduced to a group of opportunist. There are too few good people left who really cares. The brain drain symptoms are not only visible in the profesional level but also in the leadership level.

What happened to all the young leaders in this country?

I know my views are not the likes of many of my malay friends. And don't expect them to like my views. But I believe in voting for the person rather than the party, regardless of race, religion or skin color. I believe just that! Strongly! That i will only vote for the best candidate on that seat regardless of what party he or she is from. I voted for DAP because BN is still void of young blood, or fresh ideas on how to spearhead this nation towards excellence!

All and all, BN needs to do more. A performing government is what the people want. We do not just look for competence. If we continue in this path, Malaysian Politics will be reduced to mere entertainment.

Tun, Selamat Hari Raya! Maaf Zahir & Batin. I wish your family well! And thank you for your positive contributions towards this nation! Looking forward to see how Mukhris will do.

Kindly refer to TDM's article THE SO-CALLED EMINENT PERSONS PANEL of Sept 2, 2008 3:55 PM.

The UMNO General Assembly should be maintained in Dec08 and not be delayed by 3 months. Thus, siBadwi's stature as PM should end by the end of the year as he would not be competing for the Presidency's post, instead of Mac09

I firmly believe that Zaid was looking for a reason to vacate the post as he had no answer to item 4 of your article THE SO-CALLED EMINENT PERSONS PANEL" of Sept 2, 2008 3:55 PM

-----quote-----

It was the Agong who complained against Tun Salleh for writing two letters, one to complain about the noise made in repairing the Agong's residence and one alleging that the then Prime Minister was undermining the independence of the judiciary. Both letters were extended to all the Rulers which the Agong regarded as putting pressure on him. He found the letters offensive and against the Malay custom in which the customary thing to do was to have an audience with his Majesty and to make verbal complaints. The letters could follow but should be to him alone. He then requested me as PM to remove Tun Salleh as Lord President.

In your premiership of 22 Years, it's this kind of M'sian you have moulded out to further develop our country? Those fanatic fan is brainless without critical thinking to face globalisation."

Please stop create racial tension among and divide Malaysian. This blog is only for those who respect and believe in Tun and the country. Not you! You think we Malaysian cannot face the globalization, I tell you we can and we are able to go through this financial meltdown. The people who cannot face the globalization is YOU, a desperate person who thinks your english is fantastic, tatabahasa salah la!!!!!! Dearest Tun,

By reading your article THE SO-CALLED EMINENT PERSONS PANEL of Sept 2, 2008 3:55 PM. Now I understand why he got an exclusive interview by the Star newspaper (got lots of money ma.... but 'duit tidak akan dihalalkan kerana itu duit rakyat), and told the nation that he was disliked by the UMNO members. He was trying to clear his image and get sympathy from chinese, thus by protecting the Sin Chew reporter and Teresa Kok, the chinese community will think that he is a another "Mr Nice". By doing this he knows the consequences of racial tension between Malay and Chinese, but maybe because of huge debt(people like him is a pembedor),dia sanggup buat saje untuk melepaskan diri from hutang, and he knew that UMNO will not support him when AAB stepped down. Lim Kit Siang, Lim Guan Eng, please wake up because this guy can screw your party....

Hello Tun

There you go again, hitting out at a lawyer, one of the world's most noblest profession.

You are a doctor. A doctor belongs to the minority-producers-slaves-workers-hirelings-employees-consultants group, that is all in a world economics driven by capitalism. Doctors have no political power whatsoever.

Bankers-economists, Businessmen, Lawyers and Media executives own the world, Tun, we control the world, we will definitely inherit the world now or in the distant future for the sake of all humanity.

The majority-consumers are the legal representative of all humanity, Tun.

Lawyers in capitalism democracy system eat doctors for living like a leopard leaping upon and mauling down a gazelle in Africa safari.

Do you understand this point, Tun?

You, Tun, belongs to the bottom half of human food-chain. The minority-producers-workers-slaves class.

All the world's businessmen, lawyers and media executives have bankers-economists, the demi-god of fortune to thank for and be supported by them.

Who do you have, you, Tun as a doctor?

Who supports you, Tun?

Nobody, rite, then be quiet and accept your fate as a person who earn money from us, yes, for money is the worldwide majority-consumers' creation.

Money always control production, Tun.

Capitalists worldwide unite!! unite!!unite!!!

Let the workers worldwide tremble at our victory march!!

Lihatlah, selepas letak jawatan dari kabinet, Legal Firm dia diterima di one of the gulf states. Tapi tahu kah kita Anwar AlJuburi mempunyai business co in that country. Good afternoon Tun

To corollos,

Talking about capitalism, do you know what is capitalism? Capitalism only makes the rich richer, the poor poorer by manipulating their wealth especially in the west. Western countries are facing market saturation (old and outdated) and that's why they are trying their very best to control emerging countries like us. They make those people who are humble and kind as the SLAVES to satisfy them. We are an Islamic country, we have our democracy way of controlling the country in the name of ALLAH. If you are not happy, please join a party that can suit your agenda. But I can assure you that you won't find it in this country, if you do, please let all the bloggers know!!!!Thank you.

Good day Tun.

By chin on October 16, 2008 1:25 AM

11. One can afford to have principles when one is rich and does not have to depend on the small allowance of a Minister.

12. My deep respect for this one Minister who seem unconcerned about his allowances.

First I think the ministers are paid as well as most upper middle class managers, besides a share of the 2 billion ringgit entertainment/Travel budget that was an issue not too long ago.

Second, why are ministers in our government an unprincipled lot? Is this wise ?

Do you now suggest that it is ok for government officials to abuse their position for their own gains ???
Because they cannot afford to have principles ???

By Bumi Ownz U on October 16, 2008 6:17 PM

I respect the strength of Zaid, who like many leaders in history have fought unselfishly for a cause, with little care for himself, but for the values enshrined within his own morality.

Zaid in Malaysia is somewhat of a freak as he definately does not constitute the status quo.

His move to resign was the right thing to do and a protest to the public that there are leaders out there that will be the white poppy amongst the weeds.

Bravo Zaid - Malaysia needs more leaders as noble as you are.

By rams609 on October 16, 2008 9:20 PM

Dear Tun,

The only thing I have little respect on this Zaid fella was when he resigned. But then I'm sure it's not so much for the resignation itself but more of his PR image. I think he's a smart Malay but things can get out of hand when and if you think you are too smart.

When he did his walk with the journos and bloggers, he lashed back by saying what has the press done to fight their own war. Easy for him to say as he was the defacto law minister. Question was, what can he do to help? It's just to show they are all one and the same!!!!

He thought by resigning and pretending to be the people's champion he might even sleep with Anwar Ibrahim the PM wannabe. But again, they both were too ambitious with nothing much to offer. A good lawyer on one hand, and a good orator on the other. What's the difference?!

I really hope Tan Sri Dato' Muhyiddin Yassin should be given the chance to continue from where you left off. For the benefit of this beloved country.
Najib has no style. He has little vision, nor strategies except for the ringing cash registers. He thinks he's Tun Razak.

His old style has no place in modern and progressive Malaysia that you have helped laid down Tun.

Take Care Sire!

Tun,

Saya rasa Zaid Ibrahim merajuk sebab tak dinaikkan menjadi menteri penuh oleh Pak Lah. Dia letak jawatan dengan harapan supaya perlantikannya dipercepatkan tetapi ternyata dia silap.

Dia sudah hampir dengan cita-citanya tetapi disebabkan sikap tamak, takde siapa yang akan lantiknya menjadi menteri selepas ini.

Salam Tun,

Saya bersetuju dengan pendapat Tun mengenai ZI. Semasa pilihanraya ZI tidak berada di Malaysia dan

ini bermakna sebagai warganegara Malaysia, ZI tidak menunaikan tanggungjawab sebagai pengundi. ZI juga membantu PAS semasa kempen pilihanraya - semua orang tahu. Ini bermakna pengkhianat dibawa masuk ke dalam kabinet. Kemudian mempersoalkan perkara yang diperjuangkan kerajaan tanpa mendapat pandangan PM dan kabinet. AAB tak kan tak nampak perkara ini atau dia sedang tidor dan melantik ZI semasa sedang mengigau?

Saya bukan ahli politik atau lawyer yang pandai berkata-kata tetapi saya hanyalah seorang rakyat biasa yang sentiasa mengikuti perkembangan senario politik tanahair. Walau bagaimanapun, keadaan sekarang menjadi macam tidak ada kawalan dan semua boleh bercakap apa sahaja.

Saya amat berharap Tun teruskan blog ini dan sentiasa memberi pandangan dan pendapat untuk meneruskan ketuanan Melayu tidak akan terhapus dari Tanah Melayu yang berada dalam Gagasan Kepulauan Melayu. Banyak perkara yang mengaitkan hal Bangsa Melayu dipersoalkan sekarang.

Doa saya semoga Tun sentiasa berada dalam keadaan sihat dan meneruskan usha yang murni ini.
By ash1969 on October 27, 2008 7:06 PM

Asslamualaikum TUN.

Dari mula lagi saya amat hairan bila DSAA melantik ZI menjadi menteri kabinet melalui pintu belakang. Dekat mana yang berkenan tu tak tahu lah. Dahlah tu pemimpin-pemimpin Sabah dan Serawak yang menang pilihanraya diketepikan. kemudian kelam kabut dibuatnya.

DSAA membuat keputusan atau ada orang lain disekeliling beliau yang membuat keputusan. Insan yang kerdil macam saya pun bolih merasakan bahawa pelantikan tersebut adalah merupakan satu kesalahan besar DSAA.

Alhamdulillah dia dah resign tapi muka tak malu dan tebal masih nak pegang jawatan senator. Kalaulah betul-betul berprinsip letaklah kedua-dua jawatan. Cakap tak serupa bikin.

ZI bukannya ada semangat perjuangan UMNO. Beliau hanya ada semangat untuk membesarkan tembolok sendiri. Sampai nak kerja dalam syarikat beliau pun tak perlu fasih berbahasa Melayu tapi perlu fasih berbahasa manderin. MELAYU SELALUNYA LUPA!!!!!!!!!!

Bercakap berdesing-desing pasal ketelusan, tapi bila suruh kemukakan jumlah wang yang diberikan kepada para hakim yang kononnya teraniaya tak boleh pulak.

Memang menjadi lumrah manusia. Bila orang lain buat salah. Bila kena batang hidung tak salah pulak. HIPOKRIT!!!!!!!!!!

The Bretton Woods System did not fail because the United States ran out of gold. It failed because Britain decided to devalue the pound. President Richard Nixon decided to go off the gold standard much later.

After that it was a free for all as currency traders fiddled with valueless paper money.

If we have a trading currency, it should be controlled by an international body un beholden to the US or anyone else. Poor countries must be adequately represented.

Like all systems we need to study the pros and cons before we approve.

If during all these years we could use the US Dollar as a kind of standard, I don't see why we cannot use gold. Gold prices do fluctuate but the range is far less than with paper currency. Besides there will always be a demand for gold so that you will not lose too much if gold depreciates.

Tun Ghafar I don't remember either Tan Sri Megat Junid or Tun Daim Zainuddin telling me that Tun Ghafar had lost grassroots support. Tun was always popular with the rank and file.

To avoid corruption of the delegates it was agreed that every nomination would get 10 bonus votes.

But Anwar Ibrahim had bought so many of the divisions that Tun Ghafar lost even before actual contest. He decided to resign. Anwar won and replaced Tun Ghafar as Deputy Prime Minister.

Balik Kampung

I am glad the North South Highway has shortened travel time. Despite the express highway carrying more vehicles, there has been far less fatal accidents than on the old roads.

We Malaysians must learn to drive slowly. The Japanese have more cars on their roads but far less fatal accidents. Use the outermost lane for slow driving, the innermost lane for overtaking. The lane in between the two is for speeds slightly higher than in the third lane.

Human Memory

I wrote this piece without explaining the background.

When I was being questioned by the Royal Commission on the appointment of judges, I had to admit not being able to remember certain events.

The next day Anwar's people displayed a slogan "Mahathir Mudah Lupa". I don't think Anwar can remember the things he had done on a given date years ago either.

Kay Rahman - Bass Strait is between Australia and Tasmania. The same Bass surveyed Langkawi at the beginning of the last century. He named the harbour opposite Kuah in Langkawi "Bass Harbour".

Fishing port in Africa - Maputo in Mozambique or Walvis Bay, Namibia.

The book the "Malay Dilemma" was written partly during my expulsion by UMNO. But it was not to confront Tunku Abdul Rahman. It was to put in print my ideas about how to improve the lot of the Malays. I did not dream at that time that I would be in a position to carry out my ideas.

Despite my nasty letters to Tunku, I still respect and appreciate his services to the country, in particular his leadership in the struggle for independence. That is why I named many places and edifices in his name.

Jeffry Suresh Abdullah. Thank you for your kind words.

Nice to hear from Zyam, the grandson of my friend and colleague in the struggle against the Malayan Union and for independence.

Chekgu Haji Hassan bin Itam of Sekolah Melayu Simpang Empat was among the earliest to join the political struggles of the Malays of Kedah. He was ably supported by his wife, Hajjah Zaleha.

I owe him a great deal because when other adults did not think much of our anti-Malayan Union struggle, Chekgu Hassan Itam gave his full support.

Dear Tun,

I read the news that Anwar claims he will be tabling the budget as opposition leader on Monday. Strangely, wasn't he supposed to call for a vote of no-confidence against the PM to the extent that earlier he wanted an emergency session? Who in UMNO do you think best to pit against Anwar?

first to comment, anyway Tun, saya berharap Tun akan terus menulis blog untuk berkongsi dengan semua rakyat .Namun saya ingin mengetahui pendapat Tun terhadap langkah-langkah beberapa pemimpin Umno untuk bertanding Timbalan Presiden. Kami semua ingin mengetahui apakah kesan yang

mungkin timbul akibat perebutan jawatan nombor dua itu. Adakah pemimpin-pemimpin tersebut dapat membawa pembaharuan dalam UMNO dan BN atau dapat mengeruhkan lagi keadaan dari segi perpaduan di dalam UMNO. Sejarah juga telah tertulis akibat perebutan jawatan Timbalan Presiden. Di harap Tun dapat berkongsi dengan kami semua.

SALAM TUN,

Your writings are far more sharper when you write and respond in many issues such above.

Hopefully you can write your thoughts in many areas everyday because I couldn't see anyone with your age or even younger than you can compete in all of your work and writings.

Totally disagree with Anwar's people who displayed the slogan "3M".
When compared your memory with many leaders that we have today, I don't even think or dare to write down the words "3M" cause my memory is not greater than you.

To Anwar people maybe they forgot(lupa) what he has done to TUN GHAFAR and Economic Crisis 1997-98.

Great work again and hopefully you will achieve your short term goal in near.

Maybe you can write down about the candidates who offer to seat for Deputy President post in the EGM next year. Rite now we have 4 or 5.

Assalamualaikum Tun,

I was greatly surprised to learn that you actually read all the comments posted on your blog, and made a REAL effort to address and answer them. This shows your true colour and it proves that you really listen to and care about the rakyat.

When you were the PM, I had the opportunity to attend the function which honoured your wife (in Indiana U, mid 1994 if I was not mistaken), and the way you oblige us for photo shoot(while you were trying to eat)really left a great impression on me. I clearly remembered sitting at the table just infront of you, together with one of the Malaysian SB officer that accompany you. For him to be able to relax and enjoyed the meal (as opposed to the Mat Saleh SB assigned by the US government), whenever someone went behind your seat to take pictures really surprised me. It showed how comfortable you were with ordinary citizen like us.

Take a good care of yourself and may Allah bless you for all the good deeds that you have done and forgive you for any wrongdoings if there are any...

HUMAN MEMORY

Saya pernah kena IR. Dua orang datang, saya explain to much. Bengang diaorang sebab setiap jawapan saya jawab dengan amat logik.

Dua minggu kemudian datang sorang chinese expert nampaknya. Habih-habih pun dia terpaksa memikirkan bagaimana untuk menanyakan satu-satu soalan kepada saya.

Apa yang dia buat? Si expert ni tadi hanya berdaya menyuruh saya menjawab ya atau tidak.

At last saya sign surat resign 24 jam. Dia bertanyakan mungkin perlu bagi masa 2 hari untuk jumpa kawan-kawan. Tapi sori la.... bos besar saya terlewat sign surat transfer saya.

Saya sebgus lawyer. Saya tak perlu pergi ke oxford.

Terima kasih Tun.

Dear Tun,

Hope are doing in good health. Great write-up as usual.

Just wondering, in reference to today's political, social, and economic scenario, is Malaysia still heading to the right direction for Vision 2020 or lagging behind? Is Malaysia ready for the bangsa Malaysia concept if today there is still continued racial polarisation in this country?

Your thoughts of the upcoming US Presidential Election this November?

Love to know your stand.

Take care.

Cheerios!

Dearest Tun,

I think Malaysians drivers in general are impatient and agressive lots. That's why when they drive, they

tend to drive very aggressively. Maybe its the road system that cause these people to be so impatient with the jems here and there and also maybe, to make a living in Malaysia, one had to be aggressive and this is reflected in the way Malaysian drive their car.

On Anwar, I don't know why, but I NEVER liked him. Base on what he had been doing recently, I can't help but feel he only had his interest in his mind. How all these supporters of his can believed what he says still baffles me.

I knew Tun had a lot of faith in Anwar back then when he is the DPM. Initially he was okay. But when he had held power in his hand, he begin to show his real self. Then one day, Pak Aziz came to Tun and said, "Tuan. Kucing yang Tuan bela itu sudah mula mencakar." I was told Tun had a sad look on Tun face back then.

When Anwar was sacked from the government, he tried to create chaos by instigating the people against the government. He also claims that the government is corrupted and that he want to change that. To me, that statement is the most hiprocrite statement I had ever heard in my life. He was in power for so long and yet he had done nothing back then but now that he is out, he want to make the change. What a lot of bull.

Take care of your health Tun and may God bless Tun always.

Assalamualaikum Tun and Family. Selamat Hari Raya Puasa Enam.

After reading and going through many pratice from many country, i think malaysia is practising communalism law and not democracy, passing to selected successor or hand picking the next leader is not at all democratic.
By Ezeikiel Ischmael on October 7, 2008 7:14 PM

1. I MISS YOU. I don't watch the news or read the newspapers because you are not there. Don't stop

writing because I miss you.

2. We met once at Putrajaya mosque. We shook hands. Your face looked serene. I was puzzled. Don't you have the country's problems to think about. You were with the late Sultan Salahuddin. I liked his face too. Very friendly. I remember his white nostril hair. I don't remember the year.

3. I'm 35 years old. I know no other leadership other than yours. There are many like me. We are now junior captains of our industry. We miss you. We are now without a leader. But don't you worry. We'll make it through. You have moulded us well. You've made us tough. We are your generation. You can take pride in that.

4. I have a sister who is going to be a doctor. I tried to stop her from taking that path. I made a bullet list argument of what a thankless job it is. It pays a pittance. I was winning with my logic until she says she likes to help people. I just pointed her to you, the worst paid doctor ever.

5. There are calls for your return. I disagree. I believe there is a limitation to what a man should give. But I think you'll never stop giving. That is the doctor in you. It is your weakness. Just don't stop writing and saying what you want to say.

6. Business now is tough. There is very little money going around. We had to go to foreign waters to secure future income. Surprisingly we are doing very well. Your criticism of the west are sometimes over the top. I love your comment about the west in HardTalk. It just cracks me up. It also gave us confidence. You speak very well of the cuff. Same cannot be said about your pick.

Ke hadapan Tun,

Mungkin Tun sudah puas membaca keluhan rakyat Malaysia tapi untuk kesempatan ini, saya ingin luahkan rasa gelisah saya dengan situasi politik semasa di negara ini sekarang.

Ketidak tentuan yang berlarutan, hanya menyakitkan jiwa dan raga. Dalam konteks ini, apakah Tun ada formula untuk mengembalikan negara ini kepada kekuatan asal - di mana keputusan diputuskan seputus-putusnya (tidak bertukar-tukar, tidak berubah-ubah), tiada yang melolong menjerit sesuka hati (yang biadap diajar di rumahnya sendiri sebelum dia memalukan kita di kaki lima) dan ekonomi negara ini kembali teguh.

Apakah Tun ada formulanya atau sekadar mahu menggariskan saja kelemahan pentadbiran Putrajaya sekarang dan tidak mahu terlibat lagi?

Aduhai Tun, lakukanlah sesuatu yang lebih konkrit... seperti kembali memerintah negara ini dan keluarkan mereka yang lembik dan lemah di Putrajaya sekarang.

Salam Tun,

Your "Human Memory" really touches deep in my heart.

Just before my mother Hjh Argon Abdullah from Kulim passed away at the age of 49 in 1985 due to kidney and heart failure, she reminded me that whatever happened to this country only UMNO could defend the Malays and Islam. She wanted all of us in our family to remain loyal to UMNO.

At that time I did not really understand the struggle of UMNO. Now I realized what she meant if UMNO becomes weak and the Malays are divided. Politically, our family members are divided now, but deep in their heart I know they still loves the party that our parents once struggled along.

I wish Tun will come back to UMNO and continue with its struggle. I know spiritually you never left UMNO. So do many of us.

Yg Bhg Tun,

I strongly think Tun shud be ropped in to advise the present government particularly the MOF on how to run the financial business and mitigate the crises. Your ideas are brilliant. I do not think DSN is able to think that far.

My sympathy to the late Tun Ghafar. Obviously he was outsmart by DSAI. But, if TG were to become a PM, the country wud have faced the same situation as it is now. DSAAB is either on the same calibre as TG otherwise worse.

Knowing the mentality of most malaysian drivers, driving slowly on the highway is not a good advice especially on the fast lane because the slow driver will become a road-hogger and will lead to unnecessary tension to tailgating vehicle. The best advice perhaps is to drive defensively. Not too fast and not too slow.

We are human being and not prophet. Everyone forgets. But in most cases if not all, people have the tendency to forget during Q&A in court to play safe. That's why we are called human being.

Dear Tun,

When I was travelling in Germany recently, I managed to chit chat with a taxi driver there. Even though it was a short talk, the Iranian borned taxi driver responded immediately when I told him that I was from Malaysia.

He said "Oh, I know Mahathir". "He is a great leader!" he added. My friends who were travelling with me were surprised that someone from thousand kilometres away actually knows our leader.

Throughout the short driving journey, the Iranian taxi driver was very friendly toward us and he sent his warmest regards to you (Tun). So here I am relaying the message to you.

You have done us proud and we hope that this will continue in the near future.

You are the Greatest, Tun.

Although moving away from the standard can result in inflation, pegging the money to a gold standard may be impractical. The reason the US moved away from the gold standard was to make deficit spending possible to win world war 2. If America stuck with the gold standard, they would have had to mine more gold in the world just to increase the supply of money for their war industry.

The solution is to put in place an automatic price control system whenever the value of a country's unbacked paper money exceeds a certain standard deviation, something like what you did for Malaysia during the financial crisis Tun except that this system would operate whenever the price moves beyond a certain point, and does not need special government action to introduce which can use up time.

ini pertama kali saya comment dalam blog tun selepas selama ini cuma melihat pandangan Tun.

Pegging.

Saya cukup setuju dengan pandangan tun dalam hal ini dimana tun menyuruh pengexport dan pengimport menggunakan emas(Dinar) terutamanya dimalaysia.

kalau nak melaksanakan rancangan ini pun seharusnya ianya bermula dari sini iaitu malaysia sebagai negara contoh.

kalau betul nak melaksanakan rancangan ini , panggil semua professional dalam hal ini duduk berbincang dengan mereka dan bukannya panggil menteri-menteri tanya mereka. keputusan terletak ditangan PM, kalau nak seribu daya kalau tak nak seribu dalih.

Pak is a struggling to survive and recently KJ is eying for UMNO Youth post. I suspected both have discussed earlier to let KJ make announcement first and tomorrow Pak Lah will be saying, me too going to be one of the candidate for UMNO President.

Pak Lah is always Pak Lah, and KJ is always KJ, both of them thought what they planned , rakyat would not be able to know what is their next move. Some of the Menteris are so corrupt and to be in Pak Lah good books just be dumb and deft.

I hope somebody would rehabilitate both of them.

Dear Tun Dr. Mahathir,

I might not a good commentator but I can feel the truth. I might be a bit obsessed about you but I know u are a man of words.

During 1997 crisis between you and Dato Seri Anwar, I was confused. A lot of people around me condemned you personally but I took long way before I made my stand. I told myself to wait and see what would be the result of your decisions to peg the RM against USD and give no value to RM outside Malaysia. Well,today I could see that those decisons were absolutely right.

Then, during the first hari raya after the crisis (I was at my wife's hometown and did not have much things to do), I found a white book in the classic book shelf with the title "Cita-cita dan pencapaian" published in 1972 written by you. What I can say is you managed to materialise what you have mentioned in the book and I can see it with my bare eyes.

I want to write more but may be not now. I pray to Allah for your best health and really hope to see you keep on contributing to islam and Malaysia.

with warm regards.

Dear Tun,

We (i probably speak for many whose questions and remarks have gone unanswered) understand that while you may not be able to answer all our questions or remarks, we believe that there were many important ones that have gone unanswered.

Correct me if i'm wrong. Was Anwar not your protege that he rose to the ranks of Deputy Premier within 11 years of coming into Barisan Nasional politics. First becoming an MP in 1982 and deputy premier in 1993. Weren't you one of the forces behind Anwar getting full support from divisions all over that Ghafar

had to resign or rather leave in humiliation?

There are many questions that go unanswered or even published. I've had many of my comments not published. Hope this does. I am an ardent fan of you and used to be a silent critic of your previous administration and you. Not today though

I'm still cannot understand why do you hate Anwar so much. If u already now from the beginning Anwar use money to buy the vote, why u didn't stop him? U let him to be your TPM for 8 years before u throw all the wrong doing. Is it right? Why UMNO so many "old faces without any brain to control the country? I see Muhd Taib also want to contest TPM post. What do u think? Is it young people in UMNO don't have the brain & gut like your son? The time for old faces from 50s & 60s to give way for young generation to hold the top post in the country. One more thing, UMNO like the modern monarki where the politicians are coming from the same family....its look like Abdullah & KJ, DR M & mukhriz, Jazalan & Mohamad rahmat, & many more.....why we the malay cannot think out of the box....I hope the young generation will have the mind that different from their parent.....see again in PRU13.....good luck to u & muhkriz

By Benderbuzz on October 7, 2008 10:24 PM

Salam Tun.

Saya masih ingat ketika tahun 1996/97 ketika musim mesyuarat pemilihan, anwar telah menggunakan sistem rakit bagi memastikan kemenangan ke atas Tun Ghaffar. Anwar menyebarkan propaganda memburuk-burukkan Tun Ghaffar menerusi jentera pemuda Umno yang ketika itu mewah dengan wang hasil aktiviti antaranya kumpulan Abrar yang didokong oleh Nik Hasni dan Rahim Ghouse.

Penglibatan Rozabil (kini, ketua pemuda umno perlis) dan abangnya Rozaid (x-Utusan) amat ketara di peringkat bahagian dgn bantuan ayah mereka Abd Rahman Kadir (x-pengerusi tetap bhg pmtg pauh)

Ketika era reformasi, rahim ghouse, rozaid dan lain-lain telah lari keluar negara. Rozabil kekal aktif di dlm umno permatang pauh semata-mata untuk mendapatkan sumber kewangan dari projek-projek kerajaan. Dgn wang itu, dia membantu ayahnya memenangi kerusi Dun penanti atas tiket PKR.

Demikianlah sumbangan umno terhadap penentang BN.

Dear Tun

The north south highway is the best project during your tenure. Travelling time was shortened, thereby speed up development.

However,bad driving habit is the cause of many accidents.

Slow moving heavy vehicles can cause accidents,esp.at night.

They should identify themselves by installing more lights on the back, and on higher position, like that of Oil tankers or buses.

At night, the rear lights of a Low Loader,is no different from a saloon car. However, it is moving so slowly, that a speeding vehicle will easily crash into it. That could explain why many express bus crashed into the back of lorries at night.

Tun yang di hormati,

Banyak artikel yang Tun berikan mencadangkan 'pegging' sebagai salah satu cara menangani masalah ekonomi terutama serangan penyangak matawang.

Pada tahun 1998, telah berlaku krisis kewangan Asia. Sekarang ia telah melanda Amerika Syarikat dan melibatkan banyak negara lain terutama negara-negara Eropah.

Semasa krisis kewangan Asia, Malaysia di bawah pimpinan Tun telah membuat perancangan 'bail out' dan 'pegging' ringgit. Negara Asia lain membuat perancangan masing-masing, samada mengikut telunjuk IMF atau cara yang termampu mereka laksanakan.

Kekecohan krisis kewangan Amerika Syarikat sekarang juga telah memaksa kerajaan Amerika Syarikat membuat 'bail out'. Cuma Dollar Amerika masih di apungkan seperti biasa.

Keadaan kewangan Eropah juga menghadapi masalah yang sama. Perancangan negara-negara Eropah untuk melaksanakan 'bail-out' nampak nya belum berjaya. Banyak negara di Eropah mempunyai pandangan yang berbeza dalam menangani masalah ini. Matawang Euro juga masih di apungkan seperti biasa.

Dimaklumkan bahawa nilai dollar Amerika berbanding Euro lebih tinggi.

Ramai yang tidak percaya bagaimana nilai dollar Amerika lebih tinggi berbanding Euro.

Ada pendapat mengatakan Amerika Syarikat adalah gabungan 50 negara-negara. Mereka mempunyai struktur politik yang utuh (nama UNITED states of America timbul). Walhal Kesatuan Eropah adalah gabungan negara-negara Eropah yang hanya mempunyai matawang yang sama tapi struktur politik yang berbeza. Rasa nya susah untuk mencapai kata sepakat dengan mudah.

Bagaimana dengan Asia. Rasa nya masih jauh lagi. Dari segi struktur politik dan matawang memang berbeza. Rasa nya susah sekali untuk bekerjasama dan bersepakat dalam menghadapi semua jenis krisis.

Mungkin ini salah satu penyebab utama mengapa krisis kewangan Asia tidak dapat di tangani oleh negara-negara Asia dengan baik.

Terima kasih.

Assalammualaikum YBhg Tun,

Pegging

As long as crude oil is traded in US dollar, it will be difficult for any other standard to replace the US dollar as "standard" of international trade. The reason is obvious. All country in the world need oil.

For those countries that did not have any oil, they will have to buy US dollar, using their domestic currencies and pay for oil that they required for their energy requirements. As such, the demand for the "useless" piece of paper will always be around and cannot be abandoned for another currency or standard.

For those that have oil, they will have tons of US dollar that can be "spent" in US. Alternatively, the US dollar can be used to purchase goods and services from all over the world or be invested in US dollar denominated assets; both physical and paper assets.

So, perpetual demand and supply of US dollar from all over the world enable the US Treasury to continue printing the US dollar without any restrictions. Therefore, the US government will go to great length to protect the unique situation of US dollar in the world.

Tun Ghaffar

What happened to Tun Ghaffar in 1993 was quite sad as he actually believed that Anwar will not go for the deputy president post. Once he realised what Anwar was up to it was too late and the rest is history.

Balik Kampung

I was born in Selangor and my mother now reside in Kg Laksamana, Batu Caves. I met my wife while we were studying in the US and luckily she is from Kg Datok Keramat, Kuala Lumpur. So, my balik kampung journey is between 40 to 45 minutes.

However, we always make a trip to Labu to visits our relatives there. Now, I only have two aunties in Labu as one of them passed away just before Ramadan.

Anyway, the North-South Highway has made the journey a smooth one and we were able to get to visit more relatives in a day.

Memory

When you posted the article last week, the Linggam trial came to mind.

I'm with you in the sense that we can't remember every little detail of what we do or say since we were born unless all those situations are recorded and filed properly for future reference.

However, the human brain is remarkable as it just store everything that we do or say. The trick is how to

recall such memory. This is something that we never did learn to do.

You really impressed me by going through all the many comments yourself.

Hope you can enlighten us with your view on the turbulent domestic and international economy. The banks in US and Europe have started to fall.

What will happen to the financial institutions in Malaysia with their fund name like global asset fund, global equity fund, global real estate, global fortune fund etc ?

North South Highway has shortened travel time. Despite the express highway carrying more vehicles, there has been far less fatal accidents than on the old roads.

Ianya adalah merupakan salah satu daripada beribu jasa yang Ayahanda tinggalkan sewaktu jadi PM dahulu.Ini baru boleh dikatakan BRILLIANT.

Segala jasa yang Ayahanda tinggalkan selama masa menjadi PM dulu akan tetap dikenang.Moga Ayahanda Tun akan terus mengeluarkan idea2 bernas untuk kebaikan Bangsa Melayu & Negara tercinta ini. Terimakasih Ayahanda Tun.

Doa moga Ayahanda Tun dan Bonda Siti Hasmah sihat selalau.

ASSALAMUALAIKUM,TUN YANG DIKASIHI..

Selamat Hari Raya Aidilfitri pada Tun dan isteri..

BALIK KAMPUNG

betul Tun, kali ni Alhamdulillah, kemalangan tak begitu banyak sebab dah ada Highway..

Tapi lagi akan kurang kalau kita dah ada 'Double Tracking'. Orang ramai , rakyat jelata takkan bising bila ada sistem pengangkutan awam yang 'reliable' dan bagus.

sebab orang ramai ada pilihan. Naik la tol dan minyak banyak mana pun, tapi bila ada double tracking, seluruh keluarga akan naik keretapi laju yang tak perlu berhenti kat mana-mana stesyen, sebab nak bagi laluan kepada keretapi dari arah bertentangan.

Bayangkan Kelantan Tun, saya pernah kerja di Dabong, asal ada cuti isnin atau jumaat, keretapi mesti penuh. orang2 ni semua angkut anak beranak naik keretapi. Permintaan ada, tambahan pulak jalan ke K.Bharu teruk.

Kalau dulu dah buat, kos lebih jimat. Harga besi pun dah melambung sekarang ni.

Bila ada double tracking, orang kita akan lebih ramai commute macam di negara Maju. Baru lah boleh beli gerabak yang high speed sikit. Kita buat allignmnnet baru kat laluan keretapi kita.

Duduk Tanjung Malim pun boleh kerja di KL. Long term effect, property pun bertambah baik di kawasan2 macam ni.

Satu lagi berkenaan perancangan Tun, bila semua buat 'monotonos zoning' tu yang Putrajaya punya core town area still mati. Siang, orang berlumba2 pergi kerja, petang berlumba-lumba balik. Kita kena galakkan 'Mixed-Use'. baru balance. Itu yang terjadi kat bandar2 kita. Malam bila dah takada orang yang tinggal dalam bandar, ia jadi sunyi sepi, dan jenayah pun senang nak berlaku.(kenapala depa tak dengar kata Tun masa design Putrajaya dulu)

Jalan Jem pun sebab tu. puncanya Monotonous Zoning. Lebih banyak Urban Sprawl dan sebagainya.

Tun, berkenaan Pegging, saya rasa depa kena study betul2 hal ni. sekarang German pun tgh sibuk nak bail out firm depa. saya kurang arif ekonomi, tapi saya rasa setakat ni siapa yang ada backup Gold selain reserve US Dollar, lebih selamat. need more study here.

Saya amat bangga dgn Tun. Tun tetap dapat meluangkan masa membaca satu persatu comment yang diberi.MENGAGUMKAN.

TUN, saya ada cadangan. Apa kata TUN menubuhkan persatuan khas untuk penyokong TUN. Bukan

supaya dapat menjamah jamuan percuma diujung tahun atau merebut jawatan, tetapi kami dapat berkongsi pendapat dan berbincang tentang isu-isu semasa. Jadi, semua bahagian masyarakat -profesional, pelajar, peniaga, oesara dan lain-lain mampu memberi pandangan berdasarkan perspektif masing2.

Saya rasa berpersatuan amat penting. Kita patut contohi masyarakat Cina. Mereka banyak berpersatuan dan menjadi kuat. Bak kata ayah saya, samapai dekat kedai kopi Cina ada persatuan. Dengan ini, suara kita dapat didengari dengan jelas. Masyarakat lebih memahami mengenai sesuatu isu. Kita boleh menjadi pendesak (among important stakeholders to the gov)

Saya cadangkan kita ada persatuan dan kemudiannya mempunyai sayap pemuda (tetapi bukan untuk 'pemuda' yang berumur...30-40 tahun) untuk pelajar sekolah dan u. Kerana generasi Y ini cara fikirnya berbeza dengan generasi X. KITA MENJELAJAH SATU MALAYSIA.

Jika Tun tiada lagi nanti, kami masih ada kenangan dan kekuatan TUN.

Apa pendapat tun?

Selamat hari raya!Forget the past,is time to move forward.

Race party ,memang dah tak boleh pakai.Everyone have to work hard!But i dont think they want to!sorry to said that ,lazy is partly our culture nowadays!In your time malaysia have created a lot of tycoon and businessman,now i dont see anyone who really work by his own hand to obtain wealth.For them is to get whatever they want without workhard,Rezeki la they call it!So how are you goin to really make this country to be equal and risk taker when race party already make so much noise about their own right!Without wealth ,you think malaysia can obtain independence so easily!If not we will like afrika or indonesia!Sorry state malaysia ,this is the reality of malaysia for the future if we don change!

If during all these years we could use the US Dollar as a kind of standard, I don't see why we cannot use gold. Gold prices do fluctuate but the range is far less than with paper currency. Besides there will always be a demand for gold so that you will not lose too much if gold depreciates.

i think we all should buy gold or whatever gold products such as necklace,bracelets,lots of it and let the wife/wives keep it for safekeeping and to make them happy and to prepare for the worst global economic slowdown...

Dearest Tun,

On balik kampung, those days balik kampungs' folks to the north used to hate Negeri Perak. Imagine passing through Perak from Tanjung Malim to Taiping, such a long and winded country road. The North-South Highway saved us. But nowadays we even have traffic jam on the north-south highway. We should have build wider highways those days. I am sure Tun would agree.

Dr.M,

Your view of world politics is fascinating. I follow your blog from time to time. You said Anwar is supported by US. He gets funding from them.

This is not the first time US is backing another politician who they want to become PM. So why don't you tell the truth and come clean about what you know about the 1969 affair. The US and UK did plot to install a regime change via Tun Razak.

So are we going through 1969 now with Anwar because of Badawi's foreign and monetary policies?

Thank you.

Salam Tun,

My understanding of the 3 carriageway road is that the innermost lane is for slow driving, the middle lane is the fast lane i.e. for those driving slightly below the speed limit and the outermost lane is meant for overtaking.

So people who are trying to drive close to the speed limit i.e. 110 mph should stick to the middle lane.

Am I right on this?

Hi Tun,

Incidentally on the subject of memory loss if my memory serves me right I do not remember a holiday being declared as a mark of respect on the death of our former first Prime Minister, Tengku Abdul Rahman, if so, why, after all the other late Prime Ministers were honoured with a holiday as a mark of respect.

I will appreciate the reason for your action.

Take care.

By luvmal on October 8, 2008 12:06 AM

Dear Tun,

The current standard of sports in this country is embarassing! I wonder why?

The reason behind it could be the same reason why until today we still need to import foreign expertise when it comes to the various industries, even music(Petronas Symphony)and pay them so much money! I'm sure the total will run into billions.

Is it that they are genectically superior? They have the same amount of time in which to study a particular field. Many Malaysians have even studied overseas.

It has nothing to do with genetics, even if there were, the difference would not be that glaring! I believe it is because at pre-uni level, the natural abilities of each student has only been identified to a very basic level.

Too much emphasis has been placed in correcting the imbalance between the various races in Malaysia, resulting in the foreigners laughing all the way to the banks! Instead of competing with ourselves we should be competing with foreigners with the best people available for every field.

By trying to correct the internal racial imbalance, our global competitiveness has been seriously compromised.

The same has been happening to our sports!

It is a great pleasure to be able to pen a few words in Tun's blog. To all peace loving Malaysian's please take some time to read some very valuable contributions of Tun. Although we could not agree to everything that has been said by Tun but at least through Tun's blog we are able to get some knowledge of how our beloved country was managed during Tun's era. As the saying goes no one is perfect, there were some shortcomings during Tun's era. Through Tun's blog we are able to know many things that had taken place and which are taking place which are not available through our mainstream media's. It is easy to be a Malay hero, a Chinese hero or an Indian hero but it is difficult to be a Malaysian hero. May God Bless Tun and family.

Salam Tun dan Rakan Pengkomen,

Tun wrote....Use the outermost lane for slow driving, the innermost lane for overtaking. The lane in between the two is for speeds slightly higher than in the third lane.

My question is a bit out of topic, but I need to share...I am confused.

I am driving up to the limit speed on the road with two lanes per direction, do I have the right to stay on the inner lane as there shouldn't be any car faster and need to overtake me except emergency service vehicles like police, ambulance, etc?

Any other common car offensively speeding above the limit approaching behind me has to overtake me

using the outer lane if they still wish to. Why is it so?

It is very dangerous for me, just to give way to offenders, have to drive on the outer lane and have to keep changing lane now and then, everytime approaching any slow moving vehicle in front while those hell drivers are happily zooming just besides my ear on the inner lane.

Why danger ourselves in support for offenders!

Anyway, your once said as wasteful Mega Highway Project by foreign media and their stupid local followers is now proven otherwise. I still remember, just after its completion, a foreign magazine showed an aerial view picture of some kilometers of PLUS highway with only two or three cars seen on it.

Salam Eidulfitri Ybhg. Tun.

Ada saya nampak sedikit preview tentang rumah terbuka Ybhg. Tun di televisyen. Tahniah kerana berjaya menganjurkan majlis tersebut dan kehadiran orang-ramai amat meriah sekali. Nampaknya berbanding TV dengan akhbar - saya rasa akhbar lebih teruk penyakit lupanya apabila menyiarkan artikel berita yang langsung tidak relevan dengan keadaan peristiwa sebenar pada waktu kejadian, sedangkan perkara tersebut kurang 24 jam dari waktu penerbitan.

Salah satu diantaranya melaporkan lebih 10 ribu manusia membanjiri rumah terbuka seorang Menteri Besar sedangkan saya berada disitu dari pagi hingga petang. Saya tidak mempunyai masalah pancaindera ataupun lemah ilmu hisab - apa yang saya lihat kehadiran orang ramai tidaklah sampai ke tahap 5 ribu orang pun.

Jadi, saya berbangga dengan Ybhg. Tun dan bersabarlah tentang sepanduk 'Mahathir Mudah Lupa' itu. Diharapkan segala usaha Tun untuk memajukan BN, UMNO dan negara berjaya hendaknya dalam sedikit masa lagi.

Salam Tun,

Kalau ramai dah lupa and tak highlight, saya nak mengingatkan mereka contribution kerajaan to me and

many others.

Saya anak nasi kawah kerajaan dari awal sekolah menengah berasrama penuh hinggalah ke luar negeri menamatkan ijazah saya. Semuanya sponsor oleh kerajaan. Alhamdulillah sekarang saya berjaya dan berkerja di sebuah syarikat "multinational" dan tidak lagi perlukan apa apa bantuan dari kerajaan. Rezeki saya murah dan saya sekarang mampu membantu beberapa org ahli keluarga saya.

This is to show that what the government is doing is working but it will take time. Looks like it may take 1-2 generations for the Malays to become independant. Yes, we have much to improve but what is in place is not completely rubbish! I and many more have benefited from the programs and we are not racist. Many of us are professionals and we are able to compete at any level and any stage. Should the government continue to help "Bumi" in education and etc, the better it will be for the nation and it may not be in our lifetime but the social contract will definately be removed one day. Just do not do it prematurely as there will be consequences.

By Maruti on October 8, 2008 2:56 AM

Tun yang terhormat,

Membaca blog Tun terasa seperti saya berbicara dengan diri sendiri dan komen-komen yang di tulis juga kebanyakannya sama seperti apa yang ada di lubuk hati saya kecuali satu dua yang menyimpang.

Tidak teringinkah Tun mahu menulis satu lagi buku yang boleh membuka minda orang Melayu seperti yang Tun lakukan dengan buku "Malay Dilemma". Kita perlukan 'suntikan' kedua dari Tun yang mungkin boleh memberi kekuatan baru.

Kalau kita lihat bagaimana penyokong-penyokong Anwar menyokong beliau secara membabi buta kita merasa sedih mengenangkan betapa lemahnya tahap pemikiran orang Melayu. Kalau kita lihat pula bagaimana pemimpin-pemimpin Melayu kini berpecah belah dan bercakaran gara-gara sikap tamak harta kekayaan kita lagi sedih. Kebanyakan pemimpin Melayu sekarang menganggap kuasa politik sebagai pasport untuk menjadi kaya. Dengan sebab ini juga mereka begitu mudah di 'beli'.

Begitu susahnya kita mencari pengganti yang seperti Tun. Dimana salahnya?
By fortress on October 8, 2008 2:58 AM

TDM,
Saya melihat negara kita sekarang menghadapi krisis kepimpinan. Keadaan ini akan lebih teruk lagi pada masa akan datang.

Tidak salah kalau pemimpin nak anak2 mereka turut dalam peroses kepimpinan, tetapi biarlah dengan cara yang betul.

Kalau bakal pemimpin terjebak dalam rasuah, penyelewengan, salah guna kuasa, skandal seks, penipuan dan sebagainya maka mereka akan jadi lebih teruk lagi bila menerajui pemerintahan. Masyarakat tak boleh menerima pimpinan KJ, DSNR, DSAZ, DSAI, dan beberapa orang lagi lantaran tercalarnya peribadi mereka.

Penyakit ini telah menular kedalam UMNO dan memang susah untuk memperbaikinya. Namun begitu jika bakal2 pemimpin ini betul2 menghayati agama dan budaya, sudah pasti kita akan memperoleh

pimpinan yang berkualiti.

Masalahnya dalam UMNO sekarang ini semua nak naik ikut 'short-cut'. Maka itulah jadinya pemimpin yang bermuka2, cakap tak serupa bikin, berputar belit, dan berbagai2 lagi ragam mereka.

Nampaknya UMNO tak boleh tahan lama kalau tak ada suntikan darah baru kedalam UMNO. Satu jalan yang boleh dibuat ialah bagi semua cawangan bersembahyang hajat memohon pada Allah agar 'membersihkan' UMNO dari penyakit2 yang pelbagai ini dan cawangan2 sendiri mula membina program kepimpinan.

Buat masa sekarang perlantikan pimpinan mestilah dari kalangan mereka yang tidak tercemar peribadi dan rekod politik mereka.

Semuga Malaysia dilindungi Allah dari malapetaka yang dashyat lantaran salah memilih pemimpin.

Salaam Tun and Selamat hari raya aidilfitri buat Tun sekeluarga. I pray for health and strength and panjang umur dan sentiasa dalam rahmat Allah s.w.t.

Tun, ada plan nak datang Dubai ke? u made us proud in Dubai, people cannot separate Malaysia w/ yr name everytime they knew we are Malaysian..I am so proud. But lately, professionals kat Dubai ni dah mula memberi sokongan yang kuat to PKR and meeka agak taksub dgn DSAI...baru semalam KM Lim Guan Eng datang menziarah...berduyun2 org datang pergi salam cium tangan selamat hari raya..saya pun tak faham apakah perjuangan beliau yg beliau begitu di sanjungi oleh org2 Melayu. Padahal umum memgetahui siapa dan apa agenda DAP sebenarnya...sayangnya, semua itu terjadi dek kerana meluat dengan karenah org2 Umno.

Menarik baca snippet Tun tentang DSAI...memang dari dulu lagi kita maklum permainan politik wang DSAI...malah, tidak keterlaluan kalau saya kata DSAI lah yg membiakkan budaya politik wang dalam Umno. Ayah saya menang ketua cawangan Umno sewaktu beliau berpendapatan RM450 sebulan...tapi sejak DSAI masuk Umno...ayah saya tewas dengan seorang "ali baba" permit lori yang dikatakan berpendapatan RM30,000 sebulan hasil "sewaan" permit lori kepada pejuang Hindraf....itu semua kerja2 DSAI...tapi, sekarang DSAI lantang nak menjahanamkan Umno yang konon nya telah parah di landa kenser politik wang...bukan kah DSAI yang memulakan segalanya? Mungki para penyokong beliau tak sedar atau buat buat tak sedar akan hal ini...maklumlah, dudok oversea lama sangat...so saya harap Tun dapat lah meluahkan masa ke Dubai untuk perelaskan kekeliruan sementara nama Tun masih indah di Dubai....kalau di biarkan, makin parah...harap harap Tun dapat pertimbangkan...sedih tengok anak bangsa kita yg berjaya di perantauan di pesongan ideologi nya...saya tak kata kita nak bawak mereka kembali menyokong Pak lah...kita semua mahu paklah undur segera, tapi sekurang kurangnya kita mau mereka kembali mengenali siapa dia manusia bernama Anwar Ibrahim ni...pertimbangkanlah Tun.

Salam sejahtera TUN and Family,

Hope it's not too late for me and family to wish you Selamat Hari Raya Aidilfitri. Hope this posting will appear in your next topic and at the first comment.

After so many rumours that Najib to be a PM soon then quite few numbers of senior minister start to volunteer to be 2nd man to him. If that's true those candidate are so competent and so capable then we, rakyat are VERY RELIEF that our future and next generation will be VERY SECURED. We are so lucky to have so many people born to be a PM/Deputy...

However we hope that those who are not selected to be a PM and deputy should not be so dissapointed as their mindset is to grow the nation. They need to wait for their turn. They should sit on the same table with present government to provide and to share their "PM/Deputy's ideas" to contribute to rakyat and nation. Since we have so many "PM/Deputy" I believe we will be the most or the best country in the world.

Sorry to say that every country only have each sit for those 2 position and ONLY for those who really competent. Probably one day we might have a few PMs and few Deputies at the same time to drive the country..

Let's wait and see.

Take care.

Salam Ayahanda Tun, your blog is widely read all the way around the globe. Your team should consider putting the real time global traffic feed widget in here somewhere. Anyway Tun, please comment:

1)On the brainless BII purchased by Maybank Group Malaysia. From my rundown of the whole confusion; if a top bank CEO in this country screws up to the tunes of billions, its still very ok, cause the PM will make the idiot minister without portfolio running paper clip errands at his office.

2)The global oil price has plummeted below USD91 PBI. This only reaffirms the "idiotic state of mind" decision of raising the pump price the way our government did then. Cost of living has ballooned out if it, and to bring it down again is next to impossible now. They are really the best paid idiots aren't they Tun?

Am I right here? Please educate us Tun, I was too poor for Oxford then.

Assalamualaikum
Even if AAB announce that he will come down the throne, I believe the problem is just halfway solved. The bigger half shall be, will the replacement turn the country or should I say the party around. This because I dont see that even if they put Ku Li to the helm, things are going to change. It takes time, a lot of time before other leaders are willing to subscribe to your ideas. And whoever he will be, he only has 4 years to consolidate his position. The problem with UMNO is that this generation of leaders are longer have any critical issue to struggle for, no sense of crisis. They really busy making sure they win the elections. Look at them, ask them if they have any vision, ideas, critics about what is going around just like what you did in Malay Dilemma. Forget about any action plan or even strategic moves. They dont have it, all that it takes to convince the people that they will be safe in these new leaders hands.

Do you see any brain that can go head on with the speculators again? (Now that they have a bigger arsenal and in a more desperate situation).Say if they strike us from a different angle, do you see anybody who can analyze the whole system, the root cause, create and evaluate the solutions,

implement and close monitoring the progress of the measures? Do you see anybody any one man who can do or orchestrate these??? I really dont!

If we cant manage, then we are totally depending on luck.

4 years is not long enough, but you have got no other choice but to groom them, with project management skills, objective thinking, strategic thinking, problem solving, solution design etc. Malaysia require a new breed of politicians or should I say, Executives or Managers that can take the country further up the ladder. We dont need people who keep talking craps, take people to the street and disturb the harmony, we need people with clear visions, clear targets, strong in strategic implementations and with iron will to push it and make it happen.

And you are our best choice to develop these people.

All the best.

(From : P.Sritharan, The Sun - 08.10.2008)

It reads...

While many of us feel that the ISA should be abolisged, there are some who feel otherwise. I am one of them.

My argument is that in a multiracial society, peace and harmony is fragile and all it takes is one irresponsible invidual to create socila tension which if unchecked might lead to social unrest.

Sometimes, whether we like it or not, we should choose peace and harmony instead of freedom of speech.

However, the ISA should be enforced in a just manner.

Its enforcement should not be left to one person or unknown inviduals. A panel should be appointed and its members houl be trustworthy and command the respect of all communities.

P.Sritharan. The Sun, Oct 8, 2008

(...for che det readers ; remenber when there is detainees under operasi lallang and also on the Al-Maunah case, hardly we heard the non-muslim lawyers and NGO fighting this hard to abolished the ISA and seek freedom of the detainees. But when few irresponsible HINDRAF (non-muslims) detained under the ISA recently, there are a lots of hoo-hah from this non-muslim lawyers to abolisged ISA and repeatedly demand government to released them. Dont they think that there racist on this?? and on so many other things also !!!!

Fikr-fikirkan.

Harap TUN dapat poskan gambar-gambar atau video rumah terbuka TUN tempoh hari dalam artikel TUN akan datang. Dapatlah saya dan anak-anak yang jauh ni melepaskan rindu pan TUN berdua.

Sesungguhnya anak saya yang berusia 8 tahun lebih mengenali TUN sebagai PM Malaysia daripada yang ada sekarang ni.

Moga TUN berdua panjang umur, murah rezeki dan sihat walafiat hendaknya.

Yang Mulia Tun,

Saya suka dengan ruangan Tun ini sebab memberi peluang para pembaca memberi komen dan pendapat secara terbuka dan rasional. Walaupun begitu, kadang-kadang ada juga tersiar komen yang tidak masuk akal. Contohnya dalam isu 'gimme three month more', ada komen yang hanya memaparkan nama Rafidah dan Muhyiddin sampai berbaris-baris dan memenuhi ruang. Entah apa tujuan komen itu, hanya penulisnya saja yang tahu.

Yang ralatnya, komen yang saya tulis yang mempunyai fakta-fakta munasabah tidak melepasi tapisan pihak Tun. Tetapi tidak mengapa sebab Tun sendiri yang menentukan mana-mana komen yang boleh dan tidak boleh di siarkan. Saya akur sahaja.

Dalam banyak-banyak perkara yang Tun sebutkan kali ini, saya tertarik dengan topik 'Balik Kampung' yang mana Tun membandingkan keadaan di Jepun dan negara kita. Walaupun kenderaan di Jepun melebihi jumlahnya dari di Malaysia, pemandu di Jepun lebih berhemah dan berhati-hati. Rasanya di Jepun tidak ada yang hendak menjadi jaguh di jalanraya sebab peribadi mereka dilatih begitu. Jepun membunuh diri dengan 'Harakiri', Malaysia membunuh diri dengan menjadi 'jaguh' di jalanraya. Turut terbunuh adalah orang-orang lain yang tidak berdosa.

Saya teringat semasa Tun mula merencanakan pembinaan Lebuhraya Utara-Selatan dulu. Berbagai tohmahan dapat didengar. Menghabiskan duit rakyatlah. Kita bukan banyak kereta pun. Membazirlah. Dan macam-macam lagi.

Bayangkan kalau tidak ada Lebuhraya Utara Selatan, Lebuhraya Pantai Timur dan Lebuhraya Timur Barat sekarang ini. Apa akan terjadi dengan kenderaan di yang bersesak-sesak sekarang?

Akhirnya segala tohmahan memakan diri mereka kembali dan sekarang mereka berkata, 'Nasib baik ada lebuhraya.'

Begitulah Tun, dunia ini tidak pernah adil kepada semua orang.

Tun Dr. Mahathir yang dikasihi,

Tun adalah pemimpin hebat anugerah Allah kepada rakyat Malaysia untuk memimpin negara ini dari tahun 1981 hingga tahun 2003 (22 tahun). Tetapi ramai juga rakyat Malaysia yang tidak bersyukur dengan anugerah Allah ini. Maka sekarang Allah kurniakan kita dengan pemimpin yang lemah dan tidak perihatin dengan masaalah rakyat.

Sekarang barulah kita sedar betapa hebatnya kepimpinan Tun Dr. Mahathir sehingga kita merayu dan berdoa supaya Tun menjadi PM kita semula. Kehebatan Tun baru disedari oleh mereka yang tidak sukakannya setelah dia tidak memimpin kita lagi.

Tetapi bagi saya dari dulu, kini dan selamanya akan terus mensyukuri nikmat Allah kerana menganugerahkan Tun Dr. Mahathir sebagai pemimpin negara ini. ALHAMDULILLAH.

Tun,
I agree with Tun that malaysian need to change their driving attitude i.e. to drive slower than they used to.I notice that ther are less road accidents in other countries where there are more vehicles on the road than Malaysia. The other contributing factors to road accidents is our road system, we have many single lane roads where overtaking is difficult for cautious drivers; people got impatient and angry because of one slow moving vehicle in front...therefore overtakes recklessly: Solution: The government must build more passing lanes, say every 3 kilometers if the government cant affordd to build dual lanes.The divider lines of single lane must be colored yellow instead of now white to avoid confusion bt single and dual lane.

Good morning Tun,

I am reading the comments from our Malaysian, and came across to this question which I personally wanted to provide some advice:-

To question by WGQ,

"Tun, i hope you also can give us the information about education. As a student,i don't know why education or examination in Malaysia is just memorise only. In Europe,I heard they concentrate in application. I hope you can give us answer about education and more info. :)"

We are not in the western, our local education is good and perfect. Teachers are paid to teach according to the syllabus for sekolah kebangsaan which I personally think is okay and it creates muhibbah so that no conflicts and tensions arose from races in school. As a Malaysian student and a Canadian graduate with B. Arts major in Economics, I would like to suggest to you is that work a little bit harder so that you can go into local universities. It's not because the tuition fees is cheaper, it's because it will create a true muhibah Malaysian that opt go for wawasan 2020 and to gain knowledge in the Malaysian way so that you can protect and love the country. What happened in the west may not be suitable in Malaysia.

Back to Tun,

The best choice for deputy president UMNO, or future timbalan perdana Menteri of malaysia is DS Doctor Rais Yatim because of his love for the country. Without sincere love and passion, the leader will not lead in a Malaysian way. KJ, that oxford guy is panic when Mukhriz worked very hard and sincere in competing for the UMNO youth president because he knows very well that the young malays who love their country will rather be poor than selling the country to the west. The love for the country is still there, but they need a leader who will direct them to a better and clearer future rather leading them to opt for short term "kekayaan". A lot of the past leaders who have gone through this short term "kekayaan" ended their life in despair. Work hard and be sincere as Malaysian leader to Mukhriz!!!!

Assalamulaikum?

saya sokong pandangan di bawah untuk menyelamatkan UMNO drp politik wang yang dimulakan oleh DSAI

"Dengan wujudnya Majlis Ulama yang progresif, diharapkan ahli-ahli UMNO sentiasa berada dalam disiplin dan diberi kesedaran tentang tanggungjawab kuasa adalah bagi melaksanakan amanah Allah dengan bijaksana dan jujur. Namun hendaklah dipastikan bahawa Majlis Ulama itu didokongi oleh mereka yang tidak takut melainkan Allah, bukan ulama fulus yang dalam sejarah UMNO telah banyak merosakkannya". Salam Tun

You did not respond to my many comments, Tun! I am very sad! Boo hoo hoo (crying). No I am just joking ... but I think this new format you have decided to take is good. You can continue to write blogs periodically on major and pertinent issues and then write 1 or 2 blogs (or more) per month in order to answer all the bloggers who have read and posted comments on each of your article. During your answer to each blogger, you should print or address their name. This will make the experience of reading and responding to your blogs more satisfying especially for me, Tun. At least we know you have read our posted comments and take time to think about our ideas and then reply to them. It is more interactive, Tun!

On another point, I would like to point out article on The Star Online today (8-Oct-2008) entitled : "Cyberjaya no longer a dream city" by Richard Fernandes if I am not mistaken. Here is the link : <http://www.thestar.com.my/metro/story.asp?file=/2008/10/8/central/2158234&sec=central>.

This article is very worrying to me, Tun, and I think you should look into what is happening to Cyberjaya as it is you who have built it up and conceptualised it. There is massive double-parking, outdated signboards and a lowly population.

As for Malaysian politics, ah...I am already in a very down mood. Instead of moving ahead with progress and development in Malaysia (there is still so much work to do), we are squabbling about who will be the next PM and reviving diseased parties. What a waste of time!
By cloudmckinsey on October 8, 2008 10:16 AM

Dear Tun,

I'm still waiting and I'm sure the rests of the world as well, for your memoirs. We would like to know what's the reasons, your innerthoughts behind certain decisions that you made during your administration. Eventhough you would probably not like to be perceived as profiteering from it, think of it as lessons learnt of what to do or what not to do for those who aspire to be a great leader or better yet a great statesman like you. I could really emphatize with your undying and in my mind sincere efforts to raise the consciousness and 'maruah' of your own race, which I find severely lacking in current breed of leaders. Their thoughts, actions, inactions are a disgrace to us all.

Hope you don't disappoint us.

With Best Regards.

I would also like to point to you to another The Star Online article about the alarming rising crime rate in Klang. I am very worried. There are snatch thefts everywhere. My sister was a victim last month. Please help and persuade to beef up the police force and give them a larger allocation. Don't just concentrate on economic progress alone. Assalamualaikum Tun,

Anwar Ibrahim bagi saya adalah parasit yang memporak peranda negara ini. Beliau memang seorang pemedato yang hebat. Malah saya sendiri kagum dengan ucapan beliau. Oleh kerana kelebihan tersebut, maka ramailah yang terpegaruh dengan segala dakyah yang disebarkan oleh beliau.

Jika selama ini Tun dituduh dengan segala macam keburukan oleh agen-agen beliau, kita harus ingat dari mana asal usul Anwar Ibrahim. Memang tidak dapat dinafikan semasa pemerintahan Tun dahulu ada terdapat kesilapan, tapi adat berpolitik sememangnya terdapat tipu muslihat. Politik itu sendiri diasaskan dengan muslihat.

Sebelum ini begitu lantang beliau melaungkan bahawa pada 16hb. September 2008 beliau akan memerintah negara. Sekarang mana janji-janji beliau tersebut. Bagi saya kenyataan beliau tersebut tak lebih dari cerita fantasi yang begitu indah bagi penyokong beliau sehingga rakan-rakan saya yang menjadi penyokong setia beliau begitu obses dengan tarikh tersebut nah sekarang apa dah jadi???

Sepatutnya penyokong beliau harus sedar bahawa pemimpin No.1 mereka sedang memperjuangkan kepentingan peribadi beliau bukannya nasib mereka. Mereka seharusnya sedar dengan agenda-agenda tersembunyi pemimpin tersebut.

Sebagai orang melayu saya begitu sedih dengan semangat perpaduan dikalangan orang melayu. UMNO ibarat harap pagar, pagar makan padi. PKR bukan parti orang melayu walaupun pemimpinnya bekas orang No.2 UMNO. PAS parti melayu yang dipinggirkan dalam gabungan BA disebabkan idealogi politik parti tersebut.

Kalau nak salahkan kaum lain atas kelantangan mereka dalam menyuarakan hak-hak mereka seperti yang dilakukan oleh kaum Cina dan India ia memang tidak wajar. Ini adalah disebabkan pemimpin mereka memberikan sokongan atas tindakan mereka. Tapi pemimpin melayu hanya tahu menjahanamkan bangsa sendiri demi kepentingan peribadi.

Kesimpulannya UMNO yang dulunya parti dominan orang melayu hendaklah melakukan reformasi dalam parti tersebut bagi meraih semula sokongan dikalangan orang melayu khasnya dan kaum-kaum lain amnya.

Ingatlah harta yang bertimbun bukannya boleh dibawa ke liang lahad. Perbetulkan niat untuk menjadi pemimpin. Amanah yang diberikan oleh rakyat jalankan dengan betul. Pesan saya ingat hukum ALLAH. Jika ini pun mereka-mereka tidak gentar, terserahlah.

Sekian. Wassalam.

Salam ayahanda dan bonda.selamat hari raya aidilfitri. maaf dzahir & batin.

Ini cerita Anwar jatuhkan Tun Ghafar. saya ada dapat cerita diwaktu itu yang anwar telah beli lebih kurang 90 ketua bahagian dengan memberi imbuhan setiap bulan kepada mereka sebanyak RM10,000.00 seorang. maknanya 900 undi sudah dalam tangan ketika AGM.cerita ini drp salah seorang ketua bahagian yang menerima wang tersebut setiap bulan.

Cerita terkeluar dari mulutnya apabila saya bertanya "" hai baru tiga bulan jadi ketua dah pakai mercedes..jawabnya pak sheikh beri RM10000.00 setiap bulan "".

Adakah Tun tahu siapakah yang memulakan politik wang dalam UMNO?..

apa pun itu cerita lama untuk mengambil iktibal dan perlu jadi pengajaran kepada semua.

Tun yang dihormati.

Lebuh Raya utara selatan ada lah satu projek TUN yang amat memberi faedah besar pada rakyat Malaysia. Tepat pada waktu nya. Selepas Proton berjaya, sebahagian besar rakyat Malaysia telah mampu memiliki kereta sendiri. Perjalanan dari utara ke selatan telah menjadi lebih mudah dan cepat.(Tapi sekarang TOLL terlalu mahal)

Boleh dikatakan setiap projek mega TUN memberi faedah besar pada rakyat,walaupun ada golongan tertentu mempertikaikan nya pada peringkat awal tapi akhir nya jawapan sebenar memang berpehah pada TUN.

Kerana itu lah saya sentiasa memandang secara positif setiap perancangan dan idea TUN. Pasti nya sesuatu yang di banggakan hasil nya.Sebutkan apa saja.KLIA.Formula1.Putra Jaya.Semua jadi kebanggaan rakyat Malaysia.

Penglibatan TUN dalam arena politik antara bangsa juga telah meletakan antara negara yang dihormati di dunia. Rakyat Malaysia di kenali diseluruh dunia. Kemana juga pelusuk dunia kita pergi hari ini,rakyat negara itu masih ingatkan PM Malaysia maseh TUN.

Tapi sayang nya pengganti TUN tidak punyai sedikit pun ciri2 kepemimpinan yang boleh di banggakan.Tapi boleh diibaratkan sebagai makhluk perosak sahaja yang mesti singkirkan secepat mungkin.

Didalam kerajaan baru selepas kerajaan AAB, saya dan rakyat Malaysia berharap pemimpin2 ini tidak lagi menyisihkan TUN. TUN mesti dilihat bersama2 memainkan peranan untuk pembangunan negara. Pandangan dan nasihat TUN mesti diambil kira.

Malaysia begitu bernasib baik dan perlu bersyukur kepada ALLH SWT kerana telah dianugerah kan seorang pemimpin yang berjiwa besar seperti TUN.Yang telah meletakan negara dan bangsanya yang dihormati di dunia.

Tapi sayang negara dan bangsa ini kini sedang menuju kehancuran.

Segala usaha TUN telah menjadi sia2 oleh kerana kepimpinan yang lemah dan tidak berwawasan.

Nasihat pada ahli2 UMNO disemua peringkat supaya mendengar dan menerima pendapat dan pandangan TUN untuk menyelamatkan negara dan bangsa ini.

Tidak siapa yang akan untung jika negara musnah.Rumah besar,harta bertimbun,isteri cantik,kereta besar, pankat besar dll akan ikut musnah dan tak berguna lagi apabila negara bermasalah. Rusuhan sana sini.Jenayah berluasa. Ekonomi meleset. Rakyat tidak ada pekerjaan. Dan paling menyanyatkan hati jika negara di jajah semula oleh bangsa asing.

Saya amat takut jika ini benar2 berlaku.Saya fikirkan apa akan jadi pada generasi saya pada masa depan.Boleh kah mereka hidup setidak2 nya apa yang ada pada kita hari ini.

TUN. Ikhtiarkan lah bagaimana nak pulihkan balik keadaan seperti zaman TUN.
By genius on October 8, 2008 11:39 AM

Salam TUNs and readers,

Sebagai rakyat kita tak perlu taksub kepada seseorang pemimpin sahaja... Kerana at the end dia tetap seorang manusia biasa...

Malah, kita ada kemampuan untuk mencari kebenaran sendiri dan tak perlu semuanya nak suruh orang lain buat dan kerja kita kritik orang

Dan kalau tak tau apa apa better diam

Pada pendapat saya juga, Tun Mahathir terbukti pemimpin yang patut di hormati... so, sesiapa yg komen dengan kurang ajar tu patut keluar dari Malaysia kerana buktikan anda tidak perlu merasai nikmat keamanan dll yg sedia ada

TQ

Tun,

Is it not possible for UMNO to nominate Tun as a life Honourary Member, in recognising and appreciating for all of the efforts that Tun has contributed and still contributing presently, for the good of UMNO, BN and Malaysia. This capacity is more of an advisory role, and thus benefiting towards UMNO struggle. Tun ideas and implementing matters has proven to be very successful during Tun 22 years as PM of Malaysia. Hope AAB resign now. Salam to Tun, Family & Bloggers.

As I've predicted long ago, Dolah definitely is not going to relinquish the all power house of this country.

Knowing that he is cunning, definitely he is not going to lose this once in his life opportunity. After

pretending to be dumb and stupid for almost 22 years, he definitely is going to cling on to the power that he so patiently waited for almost his life, and harvest it accordingly with whatever remaining time left in him, even if it is a remaining second.

Deep in his heart, Dolah is saying that he isn't wanting to be written in history that he is the shortest reign living PM of this country. Above all, he has sworn to himself that TDMM's legacy should'nt be reopened, let alone allowing his(TDMM) once powerful and wealthy cronies to the power house.

Knowing Dolah, he has sworn in blood that he will cling on to the power house until UMNO itself is shattered and gone.

A'kum Tun,

I recently went to your open house at The Mines, the people came in throngs, it was raining, but few could leave and consequently food became scarce, but it was worthwhile seeing you in good health and spirits, I came with my family and I'm sorry my little girl refused to salam dengan Tun, she's quite feisty and to her no means no. Anyway, back to the topic, looking at the current political situation and how your views have been suppressed in recent years, I personally feel that there's lack of respect for you which is proportional to the power you left behind. This is the Malaysian system. I believe you're better than this and that you should place your views where they matter more for a man of your stature- the global arena. You should make this push for an independent trading currency your life's mission since you have done enough for Malaysia and anyone can attest to this fact. Even a Nobel Prize is possible if your vision is brought to reality, imagine a first for a Muslim Malay. Perhaps this is your calling like Al Gore with his environmental mission or Frank Lloyd Wright, one of the fathers of Modern Architecture who was thought to be irrelevant after reaching his zenith until he built one of his greatest masterpieces ever, the Guggenheim Museum very late in his life. I don't see anyone else better poised for this challenge than you my dearest Tun. So I ask, why not?

Salam Tun dan Toh Puan,

Saya teringat semasa membaca buku tentang Biografi Tun Ghafar Baba. Perjuangan Tun Ghafar besar jasanya pada bangsa, agama dan negara.

Semasa saya masih muda dan kecil, saya melihat keputusan undi UMNO semasa itu cukup sengit, di antara Tun Ghafar dan Anuar. Saya sedih apabila Tun Ghafar di singkirkan...saya yakin Tun Ghafar tidak mengamalkan rasuah dan membuat puak sana dan sini.

Saya yakin dengan perjuangan Tun Ghafar yang ikhlas...teringat semasa Tun Ghafar melawan arahan Orang putih semasa di sekolah.

teringat Tun Ghafar seorang yang susah, dan cuba memperbaiki diri. Teringat Tun Ghafar berpakaian biasa, berpakaian orang kebanyakan walaupun gaji dia besar. Teringat Tun Ghafar turun padang menyelesaikan masalah Al-Aqam, tidak mahu perpecahan, tidak mahu permusuhan, tidak mahu Islam sesama Islam bermusuhan.

Tun Ghafar baik orang nye dan warak.

.....

Kes mahkamah ..dimana cuba memberi tekanan supaya INGAT merupakan perkara yang ilusi...susah bagi manusia untuk ingat. Nak jadi Prof pun kena rakam suara dan gambar semasa menjalankan eksperimen / kajian...takut2 dia lupa formula...atau tak tahu macam mana muncul penemuan baru.

Sekurang-kurangnya dia bercakap jujur...terpulang pada mahkamah untuk menimbang dan mempercayai nye.. Tun tidak bersalah di dalam kes BELI HAKIM ni...Sebagai PM saya yakin Tun ada bukti yang cukup untuk memberi penjelasan.

.....

DINAR EMAS, EMAS.

Saya menyokong kita bertukar kepada dagangan emas, dan dengan perak atau tembaga...ramai yang cakap harga dia akan jatuh.
AKAN tetapi tak pernah jatuh.

Kerajaan sekarang tidak berani untuk melakukan perubahan. tidak berani melakukan lain-daripada yang lain....mesti ikut telunjuk BARAT dan minta pandangan...tak salah minta pandangan tetapi salah ke kita keluar dari sistem LAMA, dan sistem LAPUK?

EMAS TIDAK TURUN NILAI...CUMA TURUN HARGA...ITUPUN DIMANUPULASI OLEH ORANG-ORANG YAHUDI DAN BARAT....

EMAS TETAP BERNILAI!

Tun kami perlukan khidmat Tun dan Buah fikiran Tun.

Hanya Tun yang boleh bawa perubahan,

Tun jagalah kesihatan.

HIDUP TUN ! HIDUP TUN ! HIDUP TUN!

Yang Dikasihi Tun,
Pertama sekali diucapkan selamat hari raya. Seperti rayax sebelumnya rumah saya dikunjungi saudara mara. Banyak perkara politik semasa menjadi perbualan dan pendebatan. Bagi saya ianya normal seperti tahunx sebelumnya. Saya cuma sedih kerana ramai di kalangan kita 'mudah lupa' dan lupa pada 'dilemma melayu'. Ramai mempersoalkan ketidak adilan pemerintahan sekarang dan sebelum ini. Persoalan ketidak adilan ISA, isu perkauman dsb menjadi perbincangan hangat. Pada saya, mereka ini lupa; kerana ketidak adilan yang mereka katakan inilah yang telah membawa mereka dan saudara-saudara mereka ke Universiti. Mereka lupa bahawa ketidak adilan yang mereka katakan inilah telah membolehkan mereka mendapat kerja di sektor kerajaan dan awam, mendapat jawatan tinggi pulak tu! Memang kita 'mudah lupa' dan lupa pada 'dilemma melayu'. Pada saya kelemahan perlu diperbetulkan dari dalam dan bukan di jalanan. Salam untuk Tun sekeluarga....

Assalamualaikum YAB Tun Dr Mahathir Dearest..

BORING..BORING..BORING!! Sekarang ni dah takdak lagi kedengaran mega-2 projek untuk menaikkan taraf ekonomi rakyat dan negara.

Semua projek yang si Dolah ambil alih dari YAB Tun telah dibatalkan.

Projek koridor raya tak lagi kedengaran apa status dia.

Tak sukalah!!

Yang dok sibuk terpampang kat surat kabar hanya berita tentang sokongan parti kat Pak Lah & kucar-kacir sana sini.

Kalau takdak mega projek, rakyat tak boleh menyumbangkan tenaga kerja.Tak dak kerja, tak dak gaji.Tak dak gaji, macammna nak survive? Mana nak boleh bayar cukai kat kerajaan untuk membangunkan negara.

Konsep yang ringkas macam ni pun Pak Lah tak boleh faham ka?

Yang dia bagi kelulusan cuma pengeluaran dari EPF.Rakyat yg terdesak dan tak pikir panjang, terpaksa keluarkan.

Teruklah Pak Lah nie.Biarkan rakyat perabih duit. Yang susah, semakin susah...

Dia & family dia dok sibuk kumpul harta.

TAK SUKA LAA! TAK SUKA LAAA...!!

Ya Allah ya Tuhanku,Peliharalah kesihatan YAB Tun Dr Mahathir Muhamad agar beliau dapat terus perjuangkan nasib kami semua.Amin

Selamat hari raya Tun and thanks for yet another refreshing entry to be read. Just want to say thanks for all the things you've done/are doing for our country. Im sure you gave your all, as they call it "the labor of love", for the sake of our nation. I know, it must have been tough, being the person in charge of everyone in our beloved nation. Im sure the tasks and responsibilities passed down to you when the baton was passed by the previous PM (Im sorry, lupa already) must be enourmous. I just want you to know that all that hard works were not for nothing. The fruits of your hardworks are being reflected by the image of Malaysia that we see today (minus the things that happened recently/after you left the office)

I know that I'm just one of the many that shares your pain when we see our nation divided, especially when racism rears its ugly face. Things have to be done to ensure racial harmony but I have yet to see any efforts being put by the government or the opposition to abolish such notions except to play it to the tune when & where they see fit. What I mean by this is that whenever there's election, be it a snap election, by-election or general election, racism issues will be touched to gain votes. Are we still living under invisible hoods that separates us all? Is Ahmad still thinks that Ah Chong is a born-to-be-a-cheater Chinese, and Ah Chong thinks Ahmad's laziness is innate?

Are the rakyat too foolish to be strayed by the words of politicians. Can't they think for themselves and see the world around them with their own eyes, instead of the eyes of these power-hunger freaks.

The nation is shaped by the rakyat, and without racial integrity we cannot focus on our goals and we will not move a single step towards achieving our common goal & to be competitive in the global market place. The relative gap between us and others is widening and will definitely gets wider if we don't tackle this issue accordingly and in a timely manner. I hope politicians will realize this, regardless of their differing opinions. Even if there's no hope, I hope they will try. In fact, they should try even if they think they'll fail. As they say it in baseball, run with all your might even if you know it's an out.

Selamat Hari Raya and maaf zahir batin.

Salam Dear Tun,

I'm fascinated with freemasonry. Certainly, I consider them and their co-conspirators as enemy to muslims and humanity as a whole.

I'm exposing this disease to as many people that I can. At the same time, I'm learning more about them.

Last month, I found a very interesting video series on youtube - perhaps you have the time to check it out...it is time for anyone who oppose the masonic cult to unite and expose them for what they are - evil and tyrannical.

Assalamualaikum Tun,

On the 5th of October, my wife and I drove from Penang to attend your Hari Raya open house. We Q-up under the hot sun just to salam and wish u selamat hari raya. Honestly, Tun, I was there to beg your forgiveness for hating you during Dr M and Ku Li fight for UMNO's supremacy in 80s. 'Cos then I was a strong supporter of Ku Li. However, 22 years under your leadership, you have time and time again proved me very very wrong.

When I knelt down and held your hand with both of my hands the words just could not come out from my mouth only tears came out from my eyes. I told my wife I will write to you instead. Tun, please forgive me for all the wrong thoughts I had for indeed you are the best P.M. of Malaysia.

Tun, I am very sorry please forgive me,

Thank You, AAMNA

Assalamualaikum Tun,

Saya masih tidak dapat memahami, di mana kedudukan Agama Islam di hati Tun. Banyak masalah yang dihadapi sekarang adalah kerana hati-hati rakyat Malaysia sudah kotor dan tidak kembali ke jalan Allah.

Masing-masing berjuang atas dasar luaran semata-mata. Terasnya ialah kembali kepada Sunnah dan Quran.

Tiga makanan utama untuk menjadi insan yang cemerlang. Pertama makanan yang sihat untuk tubuh badan kita, kedua; banyak membaca dan menuntut ilmu untuk makanan minda dan ketiga makanan hati iaitu memperbanyakkan ibadah kepada Allah SWT. Jika ketiga-tiga makanan ini dipenuhi (fitrah semulajadi manusia) maka banyak masalah dunia sekarang dapat diatasi.

Tetapi banyak yang terlupa tentang makanan yang ketiga untuk hati.

Jika Tun ikhlas untuk membawa kami bahagia dunia dan akhirat, kaji, kritik dan bertindaklah mengikut lunas-lunas agama kita.

Maaf dipinta.

Tun,

I am a regular user of North-south highway and from what I observe it is the slow moving vehicles that cause accidents. I don't understand why there are people driving at 40-60kph along the highway, if they intend to drive that slow they should be using the old trunk roads (why pay toll without shortening your travel time). Those slow moving cars are sometime slower than the lorries and heavy vehicles that need to overtake them and cause accident. There should be minimum 90 kph speed limit for cars and maximum 90 kph for lorries and heavy vehicles in our highway, that way no overtaking is necessary.

Most accidents are cause by very bad condition of vehicles, bald tires, inexperience & tiada-apa or not so observant drivers and driver's physical & mental conditions. Even without speeding they cause more accidents than those more alert drivers driving 110 kph and above.

Salam Tun,

Bagaimana Tun apa yang boleh dibuat sekiranya Pak Lah masih dicalonkan. Saya rasa dah takder jalan lagi sekiranya Pak Lah still berkuasa dan enggan turun. Tun menulis dalam blog ini tetapi saya rasa tiada orang yang menjadi Ketua Umno Bahagian yang membacanya dan akan membuat keputusan tidak mencalonkan Pak Lah dan menentang lanjutan 3 bulan. Apa lagi kami sebagai rakyat hendak buat. Demonstrasi?? Bukan cara terbaik. Saya dapat rasakan Pak Lah akan berkuasa dan KJ juga akan berkuasa. Dan segala usaha untuk menyedarkan orang Melayu tiada makna lagi. Saya rasa sekiranya Pak Lah berkuasa maka UMNO adalah sebuah parti yang tidak memperjuangkan hasrat rakyat dan telah terkeluar dari landasan sebenarnya.

UMNO tidak lagi boleh menyatakan mereka parti orang mewakili orang Melayu. Kerana apa yang orang Melayu dan Malaysia mahukan sekarang ialah kepimpinan yang kuat dan bijaksana. UMNO tidak menyediakan lagi perkara ini dan hanya memenuhi hasrat kepentingan pemimpinnya. Saya dapat rasakan sekiranya Paklah berkuasa, UMNO telah kehilangan taringnya. Tidak berani bersuara dan hanya menurut sahaja. Bukan individu lagi yang menjadi pak turut tetapi parti itu telah menjadi pak turut. Tiada guna lambang kerisnya yang menjadi simbol kekuatan Melayu. Ini baru namanya orang Melayu yang kian melayu.

salam tun,

Saya tengok kat the star ,youtube, open house di rumah tun ramai bukan melayu datang.hari ahad ramai yang balik ke kl tersekat dalam trafik jem sepanjang jalan tol plus.Jadi kami yang dari Kelantan,Pahang ,perlis,Penang,perak,kedah semua sampai di Kl jam 8.30pm.open house dah tutup.Saya tengok setengah laman blog kata makanan tak cukup.Bagaimana tahun depan di buat open house pot luck party.semua tetamu yang nak beraya di galakkan membawa satu jenis makanan,air kotak,pinggan,sudu plastik dan cawan kertas.boleh bertukar makanan.di galakkan membawa payung takut kena hujan dan panas semasa beratur bersalam dengan tun.Sesiapa nak bergambar dengan tun kena ambik nombor sebab ramai sangat nak bergambar.Saya tengok tun bersalam duduk atas kerusi teringat saya semasa tun menyambut kemerdekaan selama 22 tahun tak pernah pun duduk selagi perbarisan tak habis.selama berjam-jam masih boleh berdiri.tapi sejak pm baru ni baru perasan dia duduk masa perbarisan menyambut kemerdekaan.sedangkan nak dibanding tun lebih tua dari pm sekarang.memang untuk menjadi pemimpin semua gerak geri kita orang nilai.jadi saya berpendapat tun seorang yang cekal walaupun sudah berusia tetapi masih mempunyai daya juang yang tinggi.agak-agak siapa pemimpin yang setaraf atau bawah sikit dari tun?paling kurang boleh berdiri semasa perbarisan hari kemerdekaan sampai tamat?

Hi Tun !

I have an idea. Maybe it would be good if you can take the best questions and then just answer them in a video blog each week. You can just read the print out and answer them on a video so you don't have to type it. And then you only type things for your actual blog. That way you don't have to type so much and can just answer it by video blogging it. Just a suggestion anyway !!

thanks for making this blog ! :)

take care !

Assalamualaikum YABhg Tun.

Kita patut mensyukuri faedah pembinaan Lebuhraya Utara Selatan dan menghargai sumbangan YABhg Tun didalam memodenisasi infrastruktur di Malaysia. Dulu pembangkang kata projek mega. Sekarang dah sempit. Nampaknya pembinaan rel berkembar kenalah dipercepatkan.

Statistik Op Sikap menunjukkan ramai penunggang motorsikal terlibat dalam kemalangan maut. Mereka ini amat fragile. Kebanyakan mereka menjadi mangsa keadaan. Lorong laluan sikal perlu dibina disepanjang laluan persekutuan yang sibuk. Zon had laju hendaklah ditambah. Bonggol had laju dikawasan perumahan dan persimpangan kena ada. Halangan dipersimpangan hendaklah dihapuskan. Pemandu kenderaan lebih besar hendaklah menghormati pengguna kenderaan lebih kecil.

Orang kaya bawa kereta besar kenalah beri ruang kepada penunggang motosikal yang bergaji kecil. Sekiranya kuli tiada, taukeh pun akan hilang bisnes.

Penyokong DSAI kata YABhg Tun mudah lupa. Mereka lagi pelupa bahawa 8 daripada 10 hakim telah mendapati DSAI terlibat dengan kes liwat. DSAI pun sudah tak ingat tarikh dia sepatutnya jadi PM. Jadi kenalah dia umum tarikh baru untuk mengingatkan penyokongnya.

Nama Cikgu Haji Hassan Itam diabadikan di Sekolah Kebangsaan Haji Hassan Itam, Simpang Empat, Kedah.

Semoga YABhg Tun sekeluarga dirahmati Allah.

We the people appreciate what you have done a lot for the living nation and Mother Nature Malaysia. It is a sad thing to hear from the newspaper that your effort that you put much in giving independence, igniting identity and leadership of the Malaysian people to show to the world. How proud are we, first in everything and symbol of our country dignity that preserve history and influx of tourism channeling money to the country. This will enrich our country too.

It ache my heart to see that Malaysia being abandoned:

Cyberjaya no longer a dream city:

<http://thestar.com.my/metro/story.asp?file=/2008/10/8/central/2158234&sec=central>

And full of thief and insecurity; both to the government, police force and the criminalist. Such as shame that once we live in peace and assurance now lead in a defection of the awe.

Rising crime rate in Klang:

<http://thestar.com.my/metro/story.asp?file=/2008/10/8/central/2152667&sec=central>

I believe Putrajaya and other prominent place that was initiated by you in the first place have now begun to corrupt and expose to natural destruction of mother nature due to lack of fund and maintenance budget. Why the government of Dollah seems to shoot down all the destination and tourism attraction which initiated by Tun himself.

It seems that bio diesel project and NEP projection plan that was shown to the nation has not been implementing very successful. History and statistics also shown that Dollah has not been very prudent in marketing and selling the benefit of our country Malaysia. Hence reaping the benefit that is not relevant to the people which cause our money from tax payer going to waste. In particular private jet for the Prime Minister and family; 2 submarine acquisition without base that is currently building and approval of infrastructure that may not have intent to the public.

What the future of the "rakyat" will be when the government administration ran out of fund and saving.

Will we be suffering the similar faith as Pakistan on the verge of declaring it country bankrupt? Or prudent in our spending and marketing of our nation?

The people are living in fear, uncertainty and vote of no confidence to the current Dollah's administration of Malaysia.

Our people heart grieved out to you Tun.

Dear Tun yang Amat di Hormati dan di Sanjung,

You mentioned, "If we have a trading currency, it should be controlled by an international body unbeholden to the US or anyone else. Poor countries must be adequately represented.

"Like all systems we need to study the pros and cons before we approve."

This International Trading Currency is our best bet for the future for the international community for the following reasons;

- 1) It will keep check of multinational corporations taking advantage of companies in poorer nations and its people.
- 2) It will eliminate currency speculation - which can whack havoc on to the economy of whole nations, as been seen during the 1997 Asian economic crisis.
- 3) It will place the onus of responsibility for the economic success or failure of a nation purely on the shoulders of the leaders in the country. No outside economic forces can undermine a country's economy.
- 4) No country or group of countries can have an UNFAIR advantage over other countries when their currency is being used as an international trading currency such as US\$ or Euro. What each country earn and reap must only be from the hardwork and sweat of the nation and not by default as being a nation whose currency other nations need as a trading currency.
- 5) When a nation places too low a value to their currency to this international trading currency their exports will be attractive BUT imports will be very unattractive. On the other hand the reverse will mean their exports are not attractive but the imports will be cheap encouraging consumption. The leaders who will set the value MUST decide wisely so as to find the right balance that will suit the need of his nation. The destiny of the nation is in their own hands - not in the hands of hedges funds and speculators or a super economic power.
- 6) It will bring all nations (who want to use this International Trading Currency) together on equal footing. To work out the details to mutual benefit. A win-win is possible in this proposal.
- 7) It will ensure fair trading practices when access to a foreign currency is not accessible to unscruples

businesses.

On the down side;

- 1) It needs the willingness of all parties to partake in this exercise.
- 2) Super powers that maybe will keenly oppose this idea as it will stop them from doing what they have been doing to enrich or give themselves unfair advantage in international trading and international economics.
- 3) Traditional Highly Educated Economist will oppose this as it will go against the basic belief of "Free market" when everybody is free to do as they like - where the rich will be in the advantage and the poor weaken. As we have seen happen to the Capitalist banking industry. Free market is good only when used with restraint and moral regulation. Greed is NOT good!!!

However, it is my believe it can be done. We need a group of nations such as OIC or ASEAN (with china and Russia) or such group to start the ball rolling. They can start an agreement to trade amongst themselves only in this International Trading Currency. If Oil producing countries start doing this with their trading partners, very soon the other nations will have no choice but to us it.

This is the future for the world economy.

My our leaders see the light.

By Jamal on October 8, 2008 3:39 PM

Dear Tun Dr Mahathir,

UMNO & Money politics is becoming an illness much like HIV or AIDS.

It is slowly and surely KILLING UMNO and in the process making all politician look like lowly animals - like worms or maggots crawling on dead meat.

We need to, once and for all get rid of this illness. It is not the people - all people are good including the politicians who curse and swear, who bad mouth, who give and receives bribes, etc...

They are good people - the bad thing is their BEHAVIOURS. Why do they behave such? It is the environment that allow and encourage them the behave that way? What is it in the enviroment that is causing this?

Such negative behaviour all this while has not be PUNISHED and people who don't do it by behaving correctly have not been rewarded. What is happening is people who behave badly has in fact been "rewarded" - it pays to steal and be a corrupt person.

To reverse this we need a strong goverment who will not be afraid to ENFORCE law and order. Enforcement is VERY important. No enforcement, no one will behave properly. That is why in Islam they is Syurga and Neraka - this is the same concept.

Whether its driving on the roads or corruption or money politics or selling firecrackers, etc...we need laws and we need enforcement.

When you have laws you MUST enforce. If the laws are weak - change them - that is why BN need 2/3 majority in Parliment - so that they can change law that are weak.

Why have BN not done this???

By cucu tok buyong on October 8, 2008 3:44 PM

Tun.

Hari ini mungkin tatkala saya sedang typing comment ni Pak Lah telah pun sedang bersidang dengan anggota BN.

Tapi menarik awal2 pagi ni masih ada kumpulan2(NGO) untuk memujuk Pak Lah supaya jangan berundur.

Paste & copy.

PUTRAJAYA, Oct 8 (Bernama) -- On the day Datuk Seri Abdullah Ahmad Badawi is said to be announcing whether he would be defending his Umno presidency in the March party election, more than 30 representatives of several Malay NGOs gathered outside the compound of the Prime Minister's residence today to urge him to continue to lead Umno until 2010. More »

Siapa lah punya propaganda ini yang cuba menunjuk2 konon nya Pak Lah maseh diperlukan rakyat untuk terus berkuasa.

Saya pasti kumpulan ini ditaja oleh pihak2 tertentu kerana teramat bimbang akan kerugian sesuatu bila Pak Lah dah tak ada kuasa.

Maseh ada yang tamak dan tak cukup2 apa yang ada.

Walau bagaimana pun saya terharu dengan nasib Tun GB apabila Al

bermain politik kotor seumpama itu. Allah SWT maha mengetahui,Ai tidak akan berjaya untuk mencapai hasrat nya.

Saya doakan Datuk Mukhriz berjaya dalam usaha nya untuk dipilih sebagai KPM. InshaAllah.

so this song is for you..

thank you for everything that you have done for Malaysia..

to me,you will always be our PM forever..

sincerely with all my heart,

faeza..

MY WAY - FRANK SINATRA

And now, the end is near,

And so I face the final curtain.

My friend, I'll say it clear,

I'll state my case, of which im certain.

I've lived a life that's full.

I've traveled each and every highway,

And more, much more than this,

I did it my way.

Regrets, I've had a few,

But then again, too few to mention.

I did what I had to do

And saw it through without exemption.

I planned each charted course,

Each careful step along the byway,

But more, much more than this,

I did it my way.

Yes, there were times, I'm sure you knew
When I bit off more than I could chew.
But through it all, when there was doubt,
I ate it up and spit it out.
I faced it all and I stood tall;
And did it my way.

I've loved, I've laughed and cried.
I've had my fill; my share of losing.
And now, as tears subside,
I find it all so amusing.

To think I did all that;
And may I say - not in a shy way,
No, oh no not me,
I did it my way.

For what is a man, what has he got?
If not himself, then he has naught.
To say the things he truly feels;
And not the words of one who kneels.
The record shows I took the blows -
And did it my way!

Dear Tun,

Selamat hari raya to you and your family. I hope for many years more of good health to you and your dear wife as both your contributions to this country is still relevant and much needed.

Just to note, Ive never been involved in politics, and im right now neutral on both political divides. However, growing up during your tenure as premier, ive great admiration for you especially how you geniusly got us off the 1998 credit crisis. Because of that, there was hope for malaysians from all walks of life and more significantly for me was even being able to get my first job during those trying years. Sir, i regard you as a remarkable Chieftain for Malaysia and a remarkable visionary for developing the country to where it is today.

The point i just want to make is that i hope one day in Malaysian politics, we would be able to scrutinize, have sufficient disclosures and transparency about our future prime minister before he is put in office just like how its done in the US presidential nominations and election. The potential PM's policies of national interest has to be laid out upfront. I know the US system is not perfect, but it gives power back to the people to decide on who is to lead them in a more direct manner. Im just blown away by their thoroughness and their attitude to detail. Our local politicians need to have good standing internationally as well as domestically. Its just lacking after your good years in office. I may be wrong here, but i see

more regard for the opposition leader than for the premier on the international stage. The current alternative party in Malaysia has not perfected their joint cooperation formulae and synchronised their ideologies but when they do, the BN has to be ready. I disagree with DSAI to take over the way he intends, God willing, that does not happen before the next PRU. But what i would like to see in the next PRU is for two dominant parties getting thru the electoral process with good, constructive and strong challenges based on real issues, domestic and international policies and leadership qualities. Is that too much to ask as we approach developed status?

Unlike your many great contributions in making Malaysia noteworthy on the global scene, the one thing your successor has achieved to date is to create an environment where the norms and status quo can be challenged through expressions. This has clearly paved the way for a stronger voice in parliament to emerge. Its a healthy development for malaysian politics and also a wake up call for the BN establishment to re-engineer and rework the paths they have failed. In the end, my vote for government should count to make a difference in the society we live in these trying and harsh times.

God bless you sir.

Dear Tun,

I always prayed for you and Tun dr Siti Hasmah's well being. Unfortunately, all of us even seemingly immortal you are to us still, that dreadful day will eventually knocking your door. I am talking about "the passing" and I am sorry to have mentioned this. My point is... i am requesting the elder daughter of yours Dato Paduka Marina and her siblings to consider banning all UMNO leaders to pay their last respect. Why should they to pay their "respects" when you're still alive, they ignored and being rude to you. They are so ungrateful..The head himself Pak lah, the second rudest amongst them all is Dato seri Nazri...

Please Dato Paduka Marina...consider this suggestion. Let them know that how kecil hati actually Tun is with their rudeness!

By Abu Aleena on October 8, 2008 4:28 PM

Sir,

The world currency system is absolute scam. Every time there is a crisis, America prints more dollars, devaluing it further. Some countries print so much that the paper becomes worthless. There is no control mechanism and hence no security in money. The paper we hold depletes in value over time.

There has been a new effort to bring back the gold standard. It's called Digital Gold Currency. DGC operators currently hold a total of 9.6 MT of gold. These DGC units can be converted into local currency through selected agents.

Sir,

Does OPEC manipulate the supply(price) of oil to match the cost of gold in dollars?

Your proposal on the gold dinar as a medium of trade between Islamic nations was a good idea, why did it not take off?

assalamualaikum tun,

Akhirnya saya mendaftar sebagai ahli setelah sekian lama menjadi pembaca setia yang senyap.

pertama sekali saya nak ucap terima kasih atas segala jasa tun selama ini. saya membesar dibawah kepimpinan tun, dan merasa bertuah atas nikmat kemakmuran dan keamanan negara dibawah kepimpinan tun selama ini.

Tun merupakan salah satu idola saya yang amat saya kagumi dan teladani.Malang sekali faktor usia memaksa tun berehat, dan saya merasakan tun juga perlu berehat untuk beribadat setelah sekian lama berbakti pada negara.

Saya harap pemimpin2 masa kini dapat meneladani ciri-ciri positif tun dalam mengurus negara dengan lebih efisien. Sepertimana ahli perniagaan, ahli politik dan pemimpin2 negara juga umpama ahli perniagaan yang harus memastikan kesejahteraan negara umpama sebuah syarikat, dan rakyat umpama kakitangan syarikat, yg merupakan nadi pengerak jatuh dan bangunnya sebuah syarikat.

Saya perhatikan, ramai ahli politik kita masa kini,mempunyai bakat berpolitik, tapi gagal menguruskan hal ehwal tadbir negara dengan efisien, mereka lebih beremosi,suka bercakap tapi tidak banyak yang dibuat.

Rata-rata kini ramai yang mementingkan kepentingan peribadi lebih dari kepentingan rakyat dan negara. Bagi saya, kronisma, proksi, ada dimana-mana pada mana2 pimpinan mana2 parti dimana negara pun.Rakyat sememangnya sedar tentang itu samaada ia terbuka atau tersorok. Hari ini, kepentingan rakyat dan negara tidak didahulukan seperti dahulu dan tidak diagihkan secara adil, maka keputusan PRU12 dilahirkan kerana rakyat mahukan perubahan dari kerajaan secara tak langsung ingin melihat sejauh mana parti pembangkang membuktikan kebolehan mereka memerintah.

Adalah malang bagi barisan pimpinan BN gagal memandang maksud tersirat dari keputusan pru12. Ramai menyalahkan rakyat kerana membuat pilihan yang 'salah', ada yang menyalahkan ekonomi global, faktor harga minyak sebagai faktor kekalahan. Mereka gagal memahami kehendak rakyat atau mungkin buat-buat tidak faham.Selagi daya bertahan, maka bagi mereka, mereka harus bertahan, biarpun negara kini tunggang langgang, porak peranda oleh mereka2 yang nyatanya, juga mempunyai kepentingan peribadi.

Semangat kekitaan,keagamaan, kebangsaan, dan kesukuan ada pada siapa jua walau secalit. Jika dipandang secara positif dan tidak melampau batas, perasaan itu akan menjadikan sesuatu bangsa,suku,kaum itu lebih berdaya maju.Namun ini tidak harus dijadikan isu untuk meraih popularity kerana sedia maklum setelah 50 tahun merdeka kita mampu saling hidup bersama kerana saling bertoleransi antara satu sama lain. Faktanya, kita hidup saling memerlukan.

"Sudah gaharu cendana pula, sudah tahu bertanya pula,kerana dimana bumi kita berpijak, disitu langit kita harus junjung.Jangan kita diberi betis meminta pula paha.Harusnya dikandang kambing kita mengembek, dikandang harimau kita mengaum."Renung-renungkan.

Nyatanya negara kita kini kekurangan bijak pandai dlm kerajaan untuk menguruskan hal ehwal negara dengan efisien. Setiap satu tindakan yang diambil tidak diperinci dan diselidik akan kesan jangka pendek dan panjang kepada rakyat dan negara terlebih dahulu.Ditambah lagi dengan kehadiran individu tertentu yang mempunya agenda politik berkepentingan peribadi.

Jika mahu sokongan rakyat kembali kepada BN-MIC-MCA, kalian harus berani berubah ke arah yang

positif. Pertahankan keutuhan pakatan yang sedia ada. Ianya terbukti berkesan selama ini. Jangan dibiarkan anasir2 negatif merobek kestabilan politik yang sedia terbina. Adalah malang jika pakatan baru yang dibina kelak berakhir dengan kegagalan dan jalan buntu. Maka huru haralah negara dan generasi akan datang dari pelbagai segi. Ayuh, kalian bangkit dan laksanakan perubahan2 positif yang dimahukan rakyat demi masa depan negara, dan rakyat hari ini dan generasi masa depan.

Tidak berhasrat untuk membodek, tapi kenyataannya, banyak contoh yang saya boleh petik untuk membezakan cara tun dan cara pemimpin sekarang menguruskan sesuatu. Antaranya:-

Plan wawasan2020 dilakar dengan terperinci lengkap dengan tarikh pencapaian dijangka. Begitu juga sewaktu, tun menguruskan ekonomi negara sewaktu 1997, dimana pelan lengkap dikemukakan kepada rakyat untuk difahami semua dan apa tindakan yang rakyat perlu ambil untuk membantu pelan kerajaan itu disiarkan berulang-ulang di media. Seumpama cara tun berblog, terang dan jelas. Begitulah cara tun memerintah. semuanya praktikal dan harus diteladani oleh semua tidak kira apa peranan dan pekerjaan kita.

Saya berharap agar dapat bertemu mata dengan tun dan isteri agar dapat mengucapkan rasa terima kasih atas jasa2 tun dan isteri semasa masih hayat. Kecewa pula bila tahu rumah terbuka tun telah pun lepas. Mungkin dilain kesempatan. Insyallah.

Saya doakan tun dan isteri dapat menjalani hari-hari seterusnya dengan fikiran yang tenang, bahagia disamping keluarga dan sihat tubuh badan untuk menjalankan amal ibadat. Insyallah.

Diharapkan negara kita terus selamat dan makmur dan dikurniakan pemimpin pelapis yang bijak dan berwawasan jauh seperti atau lebih baik dari tun.

Terima kasih kerana sudi membaca sehingga keakhir noktah. Harap maaf jika ada terkasar bahasa. Jika ada ianya hanya marah-marah sayang.

Sekian Terima kasih.

Dear Tun,

Memandangkan jadual harian Tun yang amat padat sehingga tidak mempunyai masa yang cukup untuk membalas semua komen yang ditujukan kepada Tun, maka saya ingin memberi kaedah berikut:

1. Tun senaraikan isu-isu semasa yang hangat.
2. Tun kumpul pandangan menarik daripada para komentar.
3. Tun wujudkan "Carta Undian Pandangan" dalam Chedet.com terhadap isu hangat dan komentar terpilih bagi memudahkan pandangan disatukan daripada ribuan orang.
4. Tun ulas peratus carta undian pandangan yang diundi oleh para komentar terhadap isu terbabit secara holistik.
5. Setelah Tun ulas, beri peluang pula kepada para komentar untuk membuat kesimpulan dengan maksimum 250 aksara setiap seorang supaya semua orang dapat berkongsi kesimpulan yang lebih ringkas dan mudah difahami dengan jitu.

Kesimpulannya, saya yakin kaedah tersebut membolehkan semua orang berkongsi idea dengan Tun dengan lebih berkesan dan menjimatkan masa.

Selamat mencuba Tun dan semoga berjaya!

Regards,
Lim

Ayahanda Tun,

Selamat Hari Raya saya ucapkan buat ayahanda sekeluarga. Semoga Syawal kali ini Ayanhanda sekeluarga diberkati dan dirahmati. Saya sgt terharu dgn keperihatinan Ayahanda membaca setiap comment dlm blog Ayahanda walau dlm kesibukan harian Ayahanda lalui. Teringat saya satu peristiwa sewaktu masih belajar di UiTM (waktu tu masih ITM) sesi perjumpaan Ayahanda dengan pelajar UiTM di stadium Malawati Shah Alam, detik sejarah Ayahanda mengumumkan ITM dinaik taraf U. Dlm perjalanan Ayahanda ke stadium dari UiTM ibu saya bergegas menunggu Ayahanda di tepi jln berdekatan dgn Mc Donald sec 3 hanya utk melihat Ayahanda lalu di jln tersebut, tanpa disangka Ayahanda melambai tangan dr dlm kereta Ayahanda. Peristiwa ini menjadi sebutan kami sekeluarga sehingga ke hari ini. Saya yg ketika itu sudah berada di stadium Malawati tersenyum sendiri kala ibu saya memberitahu peristiwa itu melalui telefon. Bagi saya inilah seorg pemimpin yg patut dikagumi yg tidak mengambil mudah walau perkara kecil bukan sekadar menurunkan harga minyak untuk mengambil hati rakyat! Saya doakan Ayanhanda Tun diberkati dgn kesihatan yg baik. Budi yg baik pastinya dibalas baik olehNYA!

sebenarnya UMNO kurang pemimpin yg boleh memimpin dengan baik.... pelapis pun takde... cuba tengok kalau Najib tak dapat jadi PM... agak2 sapa yang paling pengalaman untuk handle negara (mostly najib yg berpengalaman di banyak kementerian penting).... lelain pemimpin tiada...

tengok sahaja berapa ramai business man yg jadi ahli... bukan untuk rakyat tapi untuk diri sendiri... kekurangan pakar dan profesional untuk sertai UMNO...

boleh tak listkan sokongan bahagian yg mungkin menyokong Mukhriz, KJ dan lain2... kita boleh tengok sokongan yg macamna dari setiap bahagian....

to commenter ezani..

thank you for bringing up the topic about cyberjaya..

i'm of of the veteran IT worker in Cyberjaya.., having gone through the days when MSC company was only Century Square and other building is MMU.. plus scores of other empty building then..

now.., most of the building have got its tenant and new building is cropping up like mushroom after the rain..

the problem is - since last year - we are seeing this parking problem.. and everywhere in Cyberjaya you start to see that the City is like disintegrating from beauty to Bronx.. (just to give example of slump area)..

and i blame this on Cyberview real estate, MDEC and Majlis daerah sepang.

Cyberview realtor - they only care about selling the land parcel to company that want to build their Big office. But they didn't care or calculate - whether the population inside the office and the car park is enough or not.

Same goes to Majlis Daerah Sepang - they show total inexperienced in planning and managing high tech town like Cyberjaya.

I think - Tun should, in the 1st place put Cyberjaya under Putrajaya area, so that Cyberjaya can be handled by Perbadanan Putrajaya.

Majlis Daerah Sepang - they can only manage Dengkil or other sleepy town.

Finding a parking now is a major daily problem for me and other workers in Cyberjaya.

It's not true about what the reporter said in the report - the worker want to avoid paying parking fee. We have our own parking compound, paid by company. But, the parking space is not enough! that is the root of the problem, workers keep increasing, but not the infrastructure.

May I tun..

1. Dr.Siddiq..I think Ku Li should learn from the "mistakes" done by Dato' Onn Jaafar when he suggested that all races should be united under one party (UMNO). Look what happen to Parti Negara in 1955's general election. Look what happen to him too...Sian...

2. Anjang Aki..the reason I left UMNO dulu..bcoz that bloody Anwar (his people) paid RM50 per vote kat peringkat bahagian. You pi siasat pemilihan ketua-ketua bahagian yang berlaku pada tahun 90'an kalau u nak proof. I was so damn angry and can't believed a person mcm dia..so called "warak" using money to bait undi..You tak percaya? too bad lah.. I saw with my own eyes how some receivers look so happy bila dapat RM50 tu..but so sad when they used it to buy dope !! thanks to him ya ..

3. to Sang Kura Hitam.. what an ugly nick u have there.. karut Mahathir at least he has nearly 8 million readers here!..and sir (Kura Hitam), how many readers do you have so far? None? Pity ah.. Better advice yourself to prepare for your own "mati"... Gunakan AKAL dan HIKMAH kalau nak berdakwah..Sorry sir, your dakwah is as ugly as your nick...

You don't have to reply to every individual. May be just one reply or comment which most people can relate to. We are not exactly friends like those whom you know personally. Most people are just glad that you read their comments no matter how nasty. Anyway, should we be happy after today's news ? It still can be considered a honourable discharge for Datuk Badawi because he did mention his record was not that good. I can't help but compare Datuk Badawi and Datuk Anwar. One being coaxed to leave the P.M.'s post. The other being forcibly removed from the D.P.M.'s post. Humans can be so unpredictable. * sigh *

Assalamualikum Tun dan Semua,

Memang betul tu, yang mempunyai nilai sebenar adalah emas, maka emaslah yang patut digunakan sebagai wang atau perbandingan yang sepatutnya. Dan juga dalam perdagangan adalah lebih elok setiap barangan itu ditimbang dengan emas sebagai perbandingan nilainya, supaya ekonomi sebenar dapat dimanfaatkan.

Kita boleh membandingkan nilai emas pada tahun awal 2000 berharga pada RM45-60 segram, dan sekarang ia telah meningkat kepada RM90-110. Bukankah ini lebih menguntungkan, menambah nilai dan lebih berkat, kerana inilah apa yang dituntut oleh agama supaya ekonomi yang berkesan adalah dengan

meletakkan emas di dalam pasaran dan sesiapa yang menyimpan emas untuk tempoh tertentu perlulah membayar zakat supaya dapat digunakan untuk masyarakat.

Berbandingan penggunaan wang kertas yang tidak mempunyai nilai dan juga sentiasa dirundung spekulasi turun naik, susut nilai dan sebagainya ia lebih banyak memberi kesusahan kepada orang ramai daripada kebaikan.

TErima kasih.

Fairuz

Dear YABhg Tun,

I'm very interested to read your views on the current global financial crisis. What it sounds to me, what the US and Europe is doing now is the very thing that they condemned during the Asian Financial Crisis. We survived, because of your leadership but what will happen to Iceland for example? All of a sudden, Iceland is on the news. Really looking forward to your views.

Thank you.

Assalamualaikum Tok Det...

Lamanya sy tak m'jenguk ke chedet.com smenjak habis raya nie.. Maklumlah, bila kita atau/dan rakan sepejabat cuti, byk kerja yg t'tangguh.. sbb tu sy ckup malas nak b'cuti sakan...

Sy ckup tak sangka Tok Det m'balas komen2 drpd bloggers kat sini.. Sy hairan dgn Tok Det. Tok Det sentiasa ada masa utk m'buat bermacam2 p'kara dalam sehari. Termasuklah membaca beribu2 komen bloggers yg b'macam karenah. Seolah2 Tok Det ada 25jam atau lebih dlm sehari.. hehehe.. Kwn sekerja sy (puteri UMNO) pernah beritahu kpd sy, dulu mereka (Puteri UMNO) lebih sng nak b'jumpa Tok Det dr b'jumpa Pak Lah sekarang nie..

La nie bru laa sy tau, 'Human Memory' tu rupanya ada kisah disebalik blog...

Tok Det,

Berkenaan org2 Anwar ttg 3M tu, apa pun diorg/org dok mengata @ m'hentam @ memfitnah @ etc. pada Tok Det, Tok Det ingat satu perkara jer... 'Ramai yg menghentam Tok Det, ramai lagi yg menyokong Tok Det. Ramai yg membenci, ramai lg yg sayang pd Tok Det. Ramai yg mencaci Tok Det, kitorg smua bloggers di chedet.com nie, SMUAAAAA RESPECT N SANJUNG PADA TOK DET!!'...

Tok Det jangan fikir dan ambik hati sgt pd mereka tu... smuanya akal pendek... By the way, sy harap tak lambat lg sy nak ucap tahniah utk rumah t'buka Tok Det... suasana tenang tanpa gangguan mcm di PWTC!

Tok Det jaga diri. Smoga Tok Det & Nenda Siti Hasmah sentiasa dlm lindungan Allah s.w.t dan sentiasa sihat gembira!

Dear Tun and family,
Selamat Hari Raya. Thanks for all your brilliant comments and sharing all your invaluable thoughts and years of experience with us. You have taught us greatly everyday in your blogs and kudos to you for bringing to us malaysians the world of internet. Thanks to your visionary thinking, you yourself are enjoying the benefits of having unlimited access to information- hence this blog. I m sure alot of us from young to old appreciate and look forward to reading your blog entries everyday.
You are really extraordinary man with great vision. of course, everyone has their shortcomings, but your contribution and good deeds overshadowed your shortcomings.
We really need a GOOD and VISIONARY leader - one who is dedicated to MAKE MALAYSIANS proud to say they r Malaysians to foreigners, one who is dedicated to making our country grow strong economically and socially, one who is dedicated to unite all races in the country. Malaysians are generally peaceful people. So don't use racial issues as political issues. Focus on more constructive issues and making our country stronger economically. Stop thinking of "making money" for ur own benefit and leave the poor even poorer. The reason why everyone is so unhappy is everything is not transparent and appears 'lopsided'.
Malaysians are really not known to be able to upkeep and maintain our public facilities, same goes to our leaders, there is no continuity in good leadership. We have to learn as leaders to nurture good leaders for the future starting from now!
Again, i appreciate all that you have done for us and you ARE definitely a legacy now and in the future. I want to be proud to be a MALAYSIAN past, present and future. Please help us save our beloved country. Tun, now that i know that you do read the comments written by people in your blog and take note of what they say, i sincerely thank you.

YABhg Tun, I hope this snippet is a general one.

Thanks God, it seems everything has fall into place for Umno to start on a new note. I hope this time no leader will try to protect his position either as President, Vice President, Youth or Deputy Youth. We have few credible leaders, please Tun guide them and I think there are now aware of the repercussion and I think they are more 'iman' than their seniors in the party.

I hope the black sheep that have been glaring known to the public should not be ask to lead. I think now is a good time to train more new faces who have potential to become conscious to become good leader.

These leaders need not be graduate from fantastic foreign universities.

We do have not fantastic university but at least they have the base for nuturing Malaysian nationalism. Nobody who have spent most of their youth overseas in particular in advanced countries can become the real leader that Malaysian want. At least our local trained leaders know the real taste of real nasi lemak or roti canai. Anything that you can get overseas are frozen or junk food from Malaysia.

Assalamualaikum Tun,

SELAMAT HARI RAYA AIDIL FITRI to Tun and family.
Wishing you good health and many happy days and years.
May Allah always look upon you

Dear Tun, I was a careered wife and mother but now I'm a mother and father to my 6 children. Even though I'm just a housewife, I do follow the going ons in this country. Some of the current situations though are worrying, positively I'm keeping full confidence that there will be good and trustworthy leaders who will take care of this beloved country. Actually I'm thinking about my children and their future ahead. With my hard work and effort through tears and sweat in trying to bring them up as good and loyal citizens, that is all I can do, what lies ahead of them depends on this country. What can this country gives me in return for all my effort? If Allah were to call me I want to leave my children knowing that they are in good hands, in a good and peaceful country. So I plead with whoever is or will be running the country please take care of Malaysia for the good of her people and future generations. To the politicians, please stop bickering among yourselves and start working together hand in hand despite different ideologies for the benefit of this country.

Please Tun keep on giving good advices because sometimes we "mudah lupa". By the way, I'm a great admirer of you because of your visions and thinkings. Thank you for listening.

By Fikri on October 10, 2008 5:51 PM

Assalamualaikum, Tun. Hope u and ur wife are well.

Tu,n di you, by the way, read today's NST? How all the ministers that you put into power suddenly condemning you for attacking Abdullah, still trying to paint him as a selfless leader? Even Kalimullah Hassan (yes, that retired journalist) took a cheap shot because he could. Forgive my language, Tun, but selfless my foot! How is stepping down in March proving him selfless? The way i see it, he's being opportunistic by getting out of the way before the ammo (of the people) finally brings him down. Let Najib take the bullets, it seems.

Oh, and in case anyone thinks that Tun Mahathir should follow his own advice and stop criticising his successor, a short rebuke:

Tun Mahathir only criticised Pak Lah because he was not taking care of the country properly. Besides, it was Abdullah and his stooges that have repeatedly call for Tun to stop his criticism. So it's quite natural for Tun to expect Abdullah to follow his own advice, correct? If not, then the PM just proves, yet again)

that he can't take keep his word.

Take care, Tun.

Assalamu aleikum, Tun Dr. Mahathir

You need to know that biased US Google News backs Anwar Ibrahim by posting his quotes as "headers" with every "Anwar Ibrahim" news search:

<http://news.google.com/news?hl=en&q=%22anwar+ibrahim%22&btnG=Search+News>

The headers also lead to additional quotes in a whole section composed of several pages of Anwar Ibrahim quotes.

Google News should be informed by the relevant authorities in no uncertain terms that its content will be blocked if this unwarranted interference in Malaysia's internal political affairs continues.

The UMNO General Assembly should be maintained in Dec08 and not be delayed by 3 months. Thus, siBadwi's stature as PM should end by the end of the year as he would not be competing for the Presidency's post, instead of Mac09

I firmly believe that Zaid was looking for a reason to vacate the post as he had no answer to item 4 of your article THE SO-CALLED EMINENT PERSONS PANEL" of Sept 2, 2008 3:55 PM

It was the Agong who complained against Tun Salleh for writing two letters, one to complain about the noise made in repairing the Agong's residence and one alleging that the then Prime Minister was undermining the independence of the judiciary. Both letters were extended to all the Rulers which the Agong regarded as putting pressure on him. He found the letters offensive and against the Malay custom in which the customary thing to do was to have an audience with his Majesty and to make verbal complaints. The letters could follow but should be to him alone. He then requested me as PM to remove Tun Salleh as Lord President.

Dear Tun,

I totally agree with you that our Malaysian drivers are very aggressive and very much lack of courtesy. I'm now in Glasgow, pursuing my PhD, and I'm surprised to see drivers here are very courteous, patient and thoughtful. Pedestrians and cyclists are given high priority. When crossing small streets without traffic lights, the car will stop for you to cross. The same with driving, as they will always give ways and offer you to go forward ahead of them. If a car is a 'wee' (means little in Glaswegian) bit slow or late, or having problems with gear at the traffic lights, they patiently wait and does not honk unnecessarily. Because for them, if you honk while this person is fiddling with the gear/brake or whatever, honking will only cause them to panic and makes things much slower...
I think this is what our Malaysians driver doesn't have. Courtesy..and most importantly, patience. It is not inside us, and we are not born with it. It needs to be practice.

p/s: Miss my people and my homeland so much...despite whatever..

Assalamualaikum,

Dear Tun M,

i am very glad to have this opportunity, like many other Malaysians, of seeing you still in action. your vision is and has always been utterly remarkable. not to mention your witty sarcasm... ;)
i was at one of those seminars by Billi Lim, mr 'dare to fail' guy, recently and he aptly quoted a few of your theories and visions which remain valid till today. i think some of us are really missing your leadership qualities.
since we are still in syawal, i wish for a happy selamat hari raya to you and Tun Hasmah.. wish if only i could have attended the open house. i was wondering whether you will be staying in the Cyberjaya residence..
wassalam.

Assalamualaikum TUN,

Inilah yang dikatakan 'GREAT LEADER'. He will read and try to understand by himself not by his subordinate.

Tak macam seorang pemimpin tu. Datang merasmikan majlispun tak tahu apa yang nak dirasmikan. Dahlahtu tak malu pulak bila mengakuinya. Teruk lagi tanya orang pulak tu. Kita yang dibawah pun malu dibuatnya.

Selepas PRU12, saya telah menulis dan menghantar satu surat yang mengandungi 10 muka surat mengenai suara hati saya akan apa yang akan berlaku kepada semua ahli majlis tertinggi UMNO. Malangnya tak ada seorangpun membalas surat saya. Agak mengecewakan. Tapi TUN telah cuba membaca apa yang orang kebanyakan tulis di dalam blog ini. Mengkagunkan. Saya berharap saya pun boleh menjadi seperti TUN di masa hadapan.

YOU ARE SUCH A GREAT LEADER BECAUSE A LOT PEOPLE STILL LOVE YOU EVENTHOUGH YOU HAVE NO MORE AUTHORITY. NO AUTHORITY DOESN'T MEANS YOU HAVE NO POWER.

I ALWAYS ADMIRE YOU AND STILL HOPING TO SEE YOU FACE TO FACE IN THE FUTURE.

Thank you Sir.

Powered by Movable Type Personalht result in his losing the race for the much coveted post.

2. I would advise him not to be disheartened. There are so many other ways of influencing Pemuda than meeting with them. I will not enumerate them as he will know how to use these other ways.

3. If I remember correctly he won the post of Deputy Chief of Pemuda without anyone casting any votes. He won it uncontested. Apart from UMNO Youth chief Hishamuddin Hussein who gave other possible candidates a tongue lashing - telling them in no uncertain terms that they must not contest the position because it was reserved for the Prime Minister's son-in-law, others suspected of having ambitions to contest for the post received phone calls from family members of the PM and other influential supporters not to do anything to spoil the ambition of this first time UMNO member with absolutely no track record from winning uncontested.

4. Although my son will be contesting I have no doubt Khairi will win hands down.

5. I don't know whether people have heard about the thief who cried "thief!". Well the thief got away because people who are not very intelligent went chasing in the opposite direction. The highly educated thief then walked away with his booty.

6. I say good luck to Khairi. You are brilliant and worthy of being a brilliant graduate of that great institution, Oxford University of Great Britain.

Salam Tun

This is the first time I am making my comment here. I would like to say one thing. I definately salute you. Yes KJ should realise where he is standing now...hope he is aware of this. In order for UMNO to restore, one of the factore is for Pak Lah and KJ to step down from their current position.

By the way, Selamat Hari Raya Aidilfitri to you and your family. Maaf zahir dan batin.

I failed to understand why there are still UMNO youth members/leaders alike still want to cast their votes for this guy. Haven't they seen enough!!

KJ and his cronies is one of the contributing factors in the near demise of BN. Every Malay, Chinese & Indians know that!! But still some still wants him.

If KJ is up, I'll register myself to be a voter and go for the opposition not because of my sheer hate for him but because he will bring more chaous to our system with his level 4 boys and all..

Agenda Sebenar pak lah dan menantu

Contributed by Ke_RIS on Monday, October 06 @ 09:54:51 MYT

Topic: KOMENTAR-2

Bulan September kita disajikan dengan 'kegilaan' calon-calon bertanding jawatan naib presiden. Ramai berlumba-lumba membuat pelbagai jenis kenyataan di media untuk mempopularkan diri atau 'test market'. Dan umum pastinya yakin dan percaya inilah 'tahap kegilaan tertinggi' dalam UMNO. Namun sangkaan ramai meleset sama sekali. Jauh tersasar sebagaimana telahan ramai mengenai PRU12 yang lalu.

Rupa-rupanya 'kegilaan' (nafsu) yang sebenar hanya tertahan akibat 'puasa'. Nafsu yang tertahan semasa bulan puasa akhirnya tak dapat ditahan lagi bila tibanya Syawal. Hingga tak dapat menunggu pengumuman rasmi daripada pak lah.

Terbaru, Datuk Jazlan pula mengidam jawatan timbalan presiden UMNO. Dalam diam-diam rupanya putra tok mat turut punya selera yang besar. Kini sudah beberapa nama yang tak 'Puasa 6', antaranya Datuk Jazlan, Dato' Zahid Hamidi, Datuk Seri Ali Rustam dan khabarnya mat taib pun ada keinginan.

Pada hemat penulis, perkembangan mutakhir banyak menunjukkan calon pilihan sebenar pak lah dan menantu ialah zahid hamidi kerana;

1. zahid golongan anti-Mahathir

2. calon 'pemecah undi' yang hampir pasti tak layak

- jazlan (boleh pecah 'undi Johor' untuk TSMY)

- mat taib (boleh pecah undi TSMY di Selangor sebab dia pengerusi UMNO negeri)

3. 'modal' baru daripada datuk shahrir - dia tak mahu bertanding timbalan presiden sebab dia dah 59 tahun. Dah terlewat. UMNO perlu calon yang lebih muda, katanya.

4. zahid banyak 'dipromote' dalam media sejak 2-3 bulan kebelakangan ini.

5. pemimpin 'anti menantu' dihantar keluar negara

- Tan Sri Muhyidin Yasin (dari Kementerian Pertanian ke Kementerian Perdagangan Antarabangsa)
Tujuan- mengurangkan pertemuan dan pengaruh TSMY dikalangan akar umbi dan rakyat kerana sektor pertanian banyak diceburi golongan pertengahan dan rendah.

- Datuk Seri Rais Yatim (dijadikan Menteri Luar) Tujuan - Menteri Luar banyak berurusan di luar negara. Jadi kurang masa bersama akar umbi dan rakyat.

6. pemimpin 'pro pak lah' diberi jawatan yang 'mesra rakyat' (plan yang berjalan sejak awal lagi)

- mat taib diberi 4 jawatan penting

i. ketua penerangan UMNO - bebas bertemu akar umbi. Boleh secara tak langsung membina pengaruh dikalangan akar umbi.

ii. pengerusi perhubungan UMNO Selangor - bebas bertemu ketua-ketua bahagian untuk bina semula reputasi dalam UMNO.

iii. senator - boleh mempengaruhi senator-senator untuk kelihatan 'baik' di mata rakyat. Perlu diingat, kata-kata senator lebih dipercayai daripada kata-kata wakil rakyat.

iv. menteri pembangunan luar bandar - bebas berjumpa rakyat di luar bandar. Secara tak langsung boleh menunjukkan betapa 'baiknya' si mat taib ni kat orang-orang kampung.

7. calon 'pemecah undi' ini 'dihantar' untuk golongan sasaran yang berlainan. Apabila tak cukup pencalonan kelak, bahagian-bahagian yang mencalonkan 'pemecah undi' ini akan dikumpulkan untuk menyokong zahid hamidi.

Yang paling menakutkan perkaitan antara nama-nama ini;

pak lah - khairy - anwar - zahid

Terpulanglah untuk kita semua untuk membuat tafsiran. Kepada bahagian-bahagian, selamat bersidang!

Salam Tun,

1) Yes Tun, that KJ is brilliant. When I first saw him on TV a few years back... wow this is the future. Give him a few years and he can go all the way. But no.

2) No way. He has made so many mistakes. But he thinks he is okay. Yes, he is smart but his inexperience will prevent him from achieving his political ambition.

3) His ways are totally unacceptable. He resembles the so call 'UMNOPUTRA' stereotype that will make UMNO irrelevant.

4) So please stop him or send him for rehabilitation.

Assalamualaikum wbt Tun Dr Mahathir,

Khairy is another bad episode in UMNO. UMNO has successfully replace and terminate Anwar Ibrahim in Cabinet and MKT Umno.

This boy has enjoyed all facilities that government gave to the current Prime Minister. He plants all his best men in GLC and important ministries.

No he cried foul and his intention of doing so to gain publicities and sympaties. Some of Youth leaders maybe fall into his dirty tactic.

Generally Khairy is famous as son in law of the premier. Pak Lah resignation will have a great negative impact on him. So, he is now trying to turn the resignation of Pak Lah becoming a positive impact. He is now looking for opportunities to gain sympaties.

In politic, even you are from Harvard, you need to bow down to the grass root. Khairy is not from the grass root. He will opt to buy. Money politic will grow again in UMNO.

By Fiery Snake on October 7, 2008 8:50 AM

Dear Tun,

Wow! I admire you since i was very small. I think most of Malaysians agree with you about Khairi. He seems to be so unpatient. Maklumlah nak jadi PM by the age of 40 kan, so everything kena cepat and duit pun kena kumpul banyak. Sebab nak jadi PM ni perlukan duit yang banyak. Thats why kawan2 Singapore dia boleh ampu and rasuah dia, itu sebab projek jambatan tu tak jadi kan.

By the way, i just wanna ask you, the HINDRAF yang kurang ajar tu. Bukankah kerajaan boleh membuat satu akta di mana kita boleh menghantar mereka semula ke negara asal sebab kalau biarkan mereka tinggal di Malaysia pun, mereka buat kacau. Kita bagi mereka habuan gangti rugi or whateverlah we call it and send them back to India or anywhere lah. Buat je kat leaders dia tu 2 atau 3 orang dulu...see, whether diorang ni still buat kacau lagi ke tak... Kita orang Malaysia ni dah accomodate diorang dah banyak dah, bangsa yang tak reti bersyukur! Biarkan je diorang ni balik India tidur dalm kotak TV kat tepi jalan tu. Bangsa HINDRAF yang tak kenal di untung!!

By the way, Selamat Hari Raya Aidilfitri and i always pray to Allah that you will be blessed with happiness and good health. We love you! You're the BESTEST of all

Dear Pak Jalek,

You know why Tun is writing about KJ....coz unlike you, most of us could see how KJ could destroy everything with his so-called brilliant ideas by just standing beside his father-in-law.....

And knowing how 'kecut' Malays are in losing their post and especially wealth... the rest will just zip their mouth!!

Can anyone arrange a date for me and KJ? I want to find out how its like to date a millionaire!!
By AyoI on October 7, 2008 8:56 AM

Assalamualaikum...

KJ hari tu mendakwa disekat berjumpa akar umbi. Sebenarnya dia yang menyekat orang lain. Sapa boleh halang KJ berkempen serata negara berjumpa akar umbi. Dengan duit beribu juta, apa masalah dia.

Kena pulak trend budak-budak UMNO sekarang, umpan sikit dengan duit..confirm cair. Tak percaya tengok kat rembau.

Mana-mana kereta mewah no 10..mmg KJ punya...mana ada penganggur macam tu punya mewah. Bapa mertua keje Perdana Menteri pun tak berani joli sakan macam tu...

By nonmdnoh on October 7, 2008 8:59 AM

Assamualaikum Tun.

Sekarang beliau (khiri) tahu langit tinggi rendah.

Saya yakin Tun sedia maklum siapa budak ini semasa beliau di Oxford. Sekarang bercakap berkaitan DEB, Maruah Melayu dan Ketuananya, yang mana beliau tidak pernah melaluinya dan merasai keperitannya berjuang atas perkara tersebut.

Siapa sekat siapa?. Perkara 3 snippets Tun menjelaskan perkara ini, ditambah dengan ketidak kredibiliti bapa mentua perkara tersebut mudah terjadi.

Selepas bergelar Timbalan Ketua Pemuda, apa tindak tanduk beliau POLITIK WANG bermaharaja lela didalam pemuda hasil daripada tauladan yang ditinggalkan oleh DSAIB (anuar)- bapa segala politik wang. Sebelum kemelut politik sekarang timbul, bermacam perkara dilakukan oleh Khairi mengekat seteru politik beliau daripada menghampiri pemuda. Saudara Mukhriz sedia maklum hal ini. Siapa menjadikan Mukhriz bola semasa Pilihanraya lepas. Meletakkan beliau di Jerlun seperti membunuh politik Mukhriz!!.

Sekarang mari kita lihat kekuatan Politik budak ini tanpa pengaruh bapa mentua tetapi sukar membendung Politik Wang Beliau. Harapan kepada perwakilan pemuda dalam hal ini. Misti bijak memilih.

Selamat berjuang Saudara Mukhriz. Saya (pemuda tua) dijerlun menyokong anda.

Salam TUN,

Saya termenung panjang dengan kenyataan Tun disini.. saya bukanlah ahli mana2 parti dan naif dengan segala permainan kotor ahli politik terutama ketika sesuatu pemilihan. pada saya simple - pada pemilihan, siapa yang majoriti, dia menang. Dan yang tentukan majoriti adalah ahli UMNO sendiri.

Ramai ahli UMNO yang baca chedet dan mereka semuanya manusia mcm saya juga. sebagai manusia kita buat keputusan setelah mengambilkira pelbagai aspek terutamanya kesan tindakan kita keatas mereka disekeliling. Maksud saya kalau kita cuma buat keputusan semata2 kepentingan diri sendiri, tanpa memikirkan kesannya kepada yang lain (rakyat dan negara), kita lebih teruk dari binatang !Kerana binatang pun ada yang pandai hidup berkawan, bersama mempertahankan kawanannya dari diancam musuh bagi memastikan survival spesies.

Jadi disini saya agak terkejut dengan dakwaan Tun, kerana umum mengetahui siapakah Khairy. Untuk survival UMNO, apakah Khairy calon terbaik? Jika memilih Khairy kerana sogokan, maknanya ahli cuma memikirkan kepentingan diri sendiri semata2. Apakah ahli2 UMNO lebih teruk dari binatang ? saya tidak

percaya ...

maaf saya guna perkataan binatang. jangan gunakan perkataan itu dalam konteks - 'celaka, binatang kau!' .. tapi gunakan seperti ayat ini - 'khinzir adalah seekor binatang'. Ia cuma satu kata umum.usah di persulitkan benda yang mudah.

By mvstaffa on October 7, 2008 9:02 AM

Salam buat Tun yg dihormati,

Masa KJ mula dapat pegang jawatan no 2 dlm Pemuda tanpa bertanding, hati saya dah berdetik. Sebab nampak cepat sangat dia ni naik dan atas sebab apa orang pilih dia. Kami yg di akar umbi ni tak ada suara (suara setakat kat cawangan ajer). Dlm sejarah UMNO, DSAI pun cepat gak naik. Masuk aje UMNO terus pegang jawatan itu ini, sampai satu peringkat dapat pegang TPM setelah Tun Ghafar teruk ditekan. Akhirnya dia turun akibat perbuatan sendiri. Kami di akar umbi boleh nampak tu semua. Satu lagi sebab dia pandai cakap dan yakinkan orang lain. Pak sedara dia (Sulaiman Palestine) pernah warning org lain jgn bagi jawatan kat anak buah dia yg seorang tu. Ada warga chedet.com sebut pasal lambang PKR - "mata satu" sinonim ngan Dajjal?, boleh jadi itu sebab dia mudah pengaruh org ramai.

KJ pun lg cepat naik sbb Pak Mertua dia PM. Yg nak bertanding 'dihalang' dan 'diwarning'. Kalau dulu Tun buat lagu tu, rasanya dah lama Mukhriz dan Mokhzani jadi PM dan TPM. Kalau benar Paklah tak pertahan jawatan Presiden, apa pulak strategi KJ nak duduk kerusi ketua PEMUDA. Ini semua akibat TAMAK HALOBA nak kaut keuntungan peribadi. DSAI sanggup khianat bangsa dan tanahair dia dan KJ saya tak pasti apa dia nak buat kalau cita-cita dia tak tercapai. Pada para perwakilan, kalau sekiranya KJ tercalon utk bertanding tolong jgn pilih dia. Kalau dia ada bg habuan jgn ambik tp lapor kat MT utk politik wang. (MT masih bertaring k?)

Tun, teruskan berjuang.

By penduduk on October 7, 2008 9:06 AM

Salam Tun sekeluarga & selamat hari raya...

Memang betul apa yang Tun katakan berkenaan Dolah & Sons. Tetapi pada saya ada lagi punca KJ semakin naik lemak. Hishamuddin patut dipersalahkan kerana terlalu menjaga kepentingan dirinya. Pemuda di bawah kepimpinan Hishamuddin juga menjadi lembik sepertinya. Tiada jasa besar yang dilakukan Hishamuddin melainkan 'mengangkat' KJ dan 'menjilat' Dolah. Pemimpin sebeginilah yang berterusan secara halus menghancurkan UMNO.

By Mob RulesAuthor Profile Page on October 7, 2008 9:06 AM

Dearest Tun,

A THIEF, you said? Rather a WHOLE FAMILY of thieves !!

For a senile father-in-law to be controlled by his ambitious and dirty-handed son-in-law, UMNO is dead. I couldn't care less, though.

Next, they will gamble with the country in this next few short months before the weakling PM reaps enough of the rakyat's money and steps down with full pockets for all in the family. Good for nothing scums.

Salam and good morning , Tun ,

Followers and supporters of Khairy have the same mindset.

They know they have been lying but they dont care.

Only the 'stupid ones' believe his story.

And that is very worrying coz there are a lot of 'stupid ones' in the country.

Khairy likes to use Singapore style of talking like 'talk cock'.
Perhaps this time round somebody should tell him

Salam TUN,

Munculnya kelibat KHAIRI dalam arena politik tidak bukan hanya kerana kuota anak menantu PM iaitu AAB. Mana mungkin beliau begitu agresif dalam setiap kenyataan dan tindakannya jika bukan kerana keangkuhan beliau sebagai anak menantu AAB dan bersandarkan kepada kelulusan OXFORD yang dicanangkan olehnya. Berkahwin dengan anak perempuan AAB dijadikan batu loncatan untuk mengejar cita-cita menjadi PM TERMUDA dalam sejarah MALAYSIA? Saya boleh menyatakan bahawa beliau belum BERSEDIA sepenuhnya apa lagi WIBAWA sungguh jauh boleh dibanggakan sebagai PEMIMPIN.

Apa yang SANGAT DIBENCI kelibat KHAIRI mengambil peluang secukupnya menaikan pengaruh atas rasa KEBAL dimata MASYARAKAT dan PEMIMPIN lain yang tidak begitu senang dengan gerak geri anak menantu PM ini. Beliau hanya diberikan KUOTA menjadi Naib Ketua Pemuda kerana pemimpin lain ingin mengambil hati PM pada ketika itu. Lihatlah apabila sudah diberikan peluang dalam kedudukan PARTI dan kita melihat sendiri gelagatnya semasa kempen PILIHANRAYA lalu begitu BACUL dan memperkecil-kecilkan pihak lain. Apabila kita mencongak-congak apakah cita-cita beliau sebenarnya tidak lain dan tidak bukan seperti juga ANWAR IBRAHIM yang gilakan KUASA.

Antara lain, Datuk Zahid Hamidi diperkudakannya dan kini Tingkat 4 pun disusup masuk ke pejabat Datuk Seri Najib Tun Razak!

Buat yang berminat, di sini ada saya huraikan

2. Tun, agaknya Pak Lah takut menantu dia nie tinggalkan anak dia kot sebab tu dia kena dengar cakap menantu dia. but we have to pay the price merana dalam negara sendiri coz nak selamatkan keluarga Pak Lah nie.
3. Dasyatla ayat Tun: 6. I say good luck to Khairi. You are brilliant and worthy of being a brilliant graduate of that great institution, Oxford University of Great Britain.
4. Cayalah Tun, Tun memang berani.
5. To KJ you are really brilliant but you dun use it on the right way. Sayang seribu kali sayang. You are

By azlela on October 7, 2008 9:12 AM

Salam Tun,

As usual, your article is actually very cynical and only those who are able to read between the lines will get the message! :-)

I guess it goes without saying that KJ will maneuver his way around to ensure that he gets the most coveted post, at all costs for his personal benefits..

I wish Dato Mukhriz all the best and May Allah guides us all...

One of the reasons you are a great leader is your sinistic remarks. I just love it.....especially when you wrote this article about KJ..it was full of sinistic remarks....lol.

From where you graduated doesn't necessarily make you a great person!!!. KJ and Anwar Ibrahim are two of a kind. I can't stop myself laughing when I watched KJ making a statement on TV recently on him contesting the Ketua Pemuda position on his own CREDENTIALS!!!. By Saleh The Uddin on October 7, 2008 9:19 AM

Dear Tun

It doesn't matter who are contesting for a position in UMNO, as long it is done in stipulated and ethical manner. Moreover the members must also select impartially without favour or prejudice.

But the trend, as I see it, these certain key positions in UMNO tends to favour the offspring of present or past premiers. The sons of nobody's may never make it big time in UMNO.

"Birds of a feather flock together." ????

By klone on October 7, 2008 9:19 AM

Salam Tun,

I am of the opinion that KJ is one of the factor that UMNO lost big in the last PRU. In such a short duration of time, from just being a son-in-law, he has become an MP. Getting there he had to hold Ketua Bahagian UMNO, Timbalan Ketua Pemuda etc etc. Seniority wise, he had made a tremendous light speed hyper jump! Let's not mention his success in the business and corporate world.

I do not think Pak Lah's end of reign would effect KJ. Like you've said Tun, to enter into politics, one must first has money and this KJ does have.

It is not easy for a normal person to enter politics and after 5 years, offers himself to contest a top post in a political party (unless you are a malay and DAP invites you to contest!). To boldly step up and offer to contest, one must have support. To have support you must have power and to have this you must have money to be influential.

However, what UMNO grassroots want is not a rich and influential leader. UMNO needs a charismatic, clean, firm and strong leader.

Sorry KJ, I dont see you have all these. Please prove yourself by revamping the national football team first!

Khairy like his incompetent father-in-law has no shame. He thinks it is his birth right to be a political leader, yet his record is very vague on his 'achievements'. He is a desperate reflection of the person who has made it possible for him to be in UMNO. Khairy can NOT relate the rakyat because he thinks he is above and knows better, he regards them as stupid and it's therefore funny why he does not regard his PM father-in-law in a like manner?

I've Dreamed Many A Dream That's Never Come True,
I've Seen Them Vanish At Dawn

But Enough Of My Dreams Have Come True
To Make Me Keep Dreaming On.

I've Prayed Many A Prayer

Though I'd Waited So Patient And Long
But Enough Answers Have Come To My Prayers

salam tun,

entahlah sejak akhir-akhir ni saya rasa negara Malaysia ni dah kehabisan cerita selain cerita bila paklah nak pencen,menantu di halang untuk jumpa pengundi dan si anu dan si polan nak bertanding.Police repot after police report dari UMNO dan pembangkang .Apa nak jadi dengan Malaysia ni?Adakah cerita pak lah nak pencen dan khairy Jamaludin nak bertanding lebih penting dari memikirkan ekonomi dah runtuh,negara dah nazak,pelabur dah lari,bisnes banyak dah nak bankrup ,syarikat kontraktor nak tutup.Rakyat ramai mengangur.Entahlah bila tengok kempen gambar paklah masa pilihanraya 2004 yang bertulis anak ulamak,bekerjalah dengan saya ,puisi imam ghazali dan entah apa-apa kempen lagi yang menunjukkan betapa beriman dan waraknya dia teringat saya bahawa seorang tu tak boleh dipercayai dengan kata-kata tanpa diselidiki dengan perbuatannya.Kadang-kadang saya terfikir adakah ini bala untuk rakyat malaysia yang diberikan seorang pemimpin yang buta mata dan hati kerana terlalu banyak di pengaruhi oleh anak menantu.Saya hairan bagaiman seorang yang beriman dan mengaku anak ulamak mempunyai nafsu lebih dahsyat lagi dari orang yang tak mengaku anak ulamak.Memang betul kata pepatah bahawa iman itu tak boleh diwarisi.Jika bapak seorang yang kuat beriman dan mengikut sunnah dan hadis tetapi belum tentu iman dan ketakwaan itu boleh diturunkan ke anak cucu.Saya boleh katakan memang ujian untuk orang islam di dunia ini adalah melawan nafsu keinginan untuk menjadi kaya,berkuasa,harta dan wanita.Tidak salah menjadi kaya tetapi mestilah dengan prinsip dan etika.Tidak salah mahu berkuasa tetapi mestilah memimpin rakyat dan negara ke arah jalan yang benar dan bukan menghancurkan rakyat.Memang segala musibah hari ini datang dari perut manusia.Sebab terlalu ingin dan bercita-cita mendapatkan duit yang lebih banyak habis prinsip dan etika di tolak ke tepi.Sedangkan pada masa 24 jam berapa banyak kereta boleh di bawa,baju boleh ditukar ,rumah boleh diduduki dan wang boleh di kira.Sebanyak-banyak harta di dunia ini hanya kain kapan saja yang di bawa pergi.Tapi herannya pemimpin UMNo sedikitpun tak takut pada amanah yang tuhan berikan.

Assalamualaikum Ayahanda Tun
Nampak gayanya camtu lah. Mamat sekor ni memang banyak drama. Tapi, apa boleh buat, bapak mertua dia in power sekarang.

Saya teringat lagi di awal kemunculan dia, orang lain start dari bawah dalam Pemuda UMNO dan climb up the ladder. Oh, tidak bagi dia, terus tawarkan diri jadi Naib Ketua Pemuda. Apa komen bapak mertua? "Saya tak akan halang menantu saya kalau dia nak bertanding" in other words, "you guys better support my son-in-law, or else..." hahahaha!

Paling dasyat tu, liputan media yang dia dapat. Once ada pelajar sekolah kena langgar (tak ingat kat mana). Pak Menteri turun tak dapat liputan, tapi KJ dapat 10 minit footage di Buletin Utama, datang melawat tapak accident, gie jumpa keluarga mangsa, walhal he's a nobody, not even ahli Parlimen. Masa PAS buat perhimpunan bantahan kat US Embassy, kena halang polis. KJ buat bantahan kat US Embassy, bukan setakat tak dihalang polis, ada Polis guard dia tu! Hebat, hebat :)

I wish Datuk Mukhriz menang, insyaallah! Kebenaran akan mengatasi kebatilan.

Terima kasih Tun untuk rumah terbuka, saya berbangga dan terharu dapat bersalaman dengan Ayahanda Tun dan Bonda Tun Siti Hasmah. Kali terakhir saya dapat salam Tun kat Alor Setar 1984 (saya darjah 1), Tun buat lawatan mengejut kat Pasaraya Komart (sekarang wisma PKNK). Semoga ayahanda dan Bonda serta keluarga dilimpahi rahmat kesihatan dan kebahagiaan.

KJ ni buat2 tak tahu yg dia ni perosak UMNO dan menjadi liabiliti pada BN.

Pada ahli2 UMNO, selamat bersidang. Buat pilihan yg bijak. Tak payah harapkan seringgit dua sekarang tapi tergadai bangsa masa depan.

Pak Lah, turun cepat! Bagi orang lain pulak memerintah.

SALAM AYAHANDA RAKYAT TUN,
IZINKAN,

6. I say good luck to Khairi. You are brilliant and worthy of being a brilliant graduate of that great institution, Oxford University of Great Britain.

YESSIR, A BRILLIANT GRADUATE AND A HUNGRY POLITICAL 'ANIMAL' WITH POWERFUL INSTINCT BUT LACK THE INTUITION TO BE A GOOD LEADER.

ALFATIHAAH, AMIN.

By Chris on October 7, 2008 9:38 AM

Sir,

I know you don't really believe KJ is brilliant. But you, sir, are the most brilliant politician Malaysia has ever been blessed with.

One of your commentators, no.42279, is not brilliant and, in fact, very stupid to suggest that Hindraf leaders be sent back to India or elsewhere. They are already in Kamunting. People like them and the likes of Ahmad Ismail are the ones who create hatred among the races. To that stupid fool, Fiery Snake, I remind him/her Malaysia does not belong to only Malays.

Tun,

UMNO members must be sincere in choosing their leaders.

KJ is chosen because he is AAB son in law. He did not contest for the position at all. This time around he need to be challenge for the ketua Pemuda position. Good luck to whom ever is contesting. I personally would vote for Dato Mukriz as UMNO youth chief. The problem remain the same because grass root members are being given goodies just as before in selecting UMNO new leaders from President and those from ketua cawangan as happening all the time. Tun must challenge for the President post again to make UMNO right, stronger and respectable as previously. Salam.

Selamat Hari Raya.

Tun 2 manusia yang rasa depa sgt2 diperlukan oleh rakyat dan yang rasa kononnya di sokong oleh rakyat adalah 2 manusia ni yang memang menjadi nadi perosak UMNO.

2 manusia ni memang menjengkelkan dan tak sedar diri lagi (koma kot).

Mereka ialah KJ & KT. KJ mesti semua tau sapa... dan KT pulak adalah Khir Toyo huhuhu

By petunjuk on October 7, 2008 9:47 AM

Dear Tun,

Honour, power and strength are blessings from ALLAH to mankind. Only an egocentric person would disregard such blessings from ALLAH and considered himself as generator of such endowment from God. May ALLAH protect us from such individuals who are deluded by their purported "strength" and would only create disorder and weakens the unity amongst us as stated in the translation of the following verse from the Quran : "If they had come out with you, they would not have added to your (strength) but only (made for) disorder, hurrying to and fro in your midst and sowing sedition among you, and there would have been some among you who would have listened to them. But Allah knoweth well those who do wrong." (Surah At-Touba, verse 47).

Salam Tun,

Yeah KJ tu mmg boleh menang. Tapi saya harap UMNO Bahagian gunalah sebaik mungkin kuasa yang ada pada mereka.

Tun,

Saya hampa dan kecewa yang amat sangat melihat Pak Lah menangani isu HINDRAF. Saya rasa pemimpin no 1 melayu ini telah menjual maruah orang Melayu dan taring orang Melayu. Kenyataan akhbar beliau pagi ini apabila ditanya apakah tindakan yang akan diambil beliau....beliau menjawab tiada tindakan akan diambil dalam jarak terdekat. Aduhai. Sampai begitu hina nak raih populariti. Orang dah

rosakkan majlis kita dia masih cuba nak pikat hati orang India dan sanggup lukakan hati majoriti orang disitu. Dahlah sorang je ucapkan selamat hari raya....yang lain cakap hapuskan ISA masih tidak mampu buat apa?? Even nak halang mereka dari duduk makan di meja atau halau keluar pon tak bleh?? Arrrrghhhh Pemimpin Melayu apa ni??? Sanggup melutut.

Saya amat-amat kecewa dan marah pagi ini. Tak tahu nak luahkan di mana lagi. Hopefully Pak lah baca la Blog tun ni dan baca comment ini. Saya malu teramat malu ada pemimpin seperti PakLah sekarang ini. Selama ni marah saya pada pak lah tidak lah sampai saya malu jadi Melayu tapi hari ini saya rasa kepala orang Melayu bukan takat dipijak lagi tapik telah diludah-ludah tetapi pemimpin melayu ini masih baik dan cuba menagih sokongan simpati!! Argghhhh!!!!

Dia belum lagi membuktikan kemampuannya membantu UMNO dalam pilihanraya, tp menambah sengsara ada la. Bagi la orang lain macam Mukhriz tu. Sekurang2nya Mukhriz ada Tun untuk menasihati. Khairi pulak ada Pak Lah. Pilih pasangan mana yg bagus.

YBhg Tun...

Terus terang saya katakan kalau saya jadi ketua pemuda umno bahagian saya akan calonkan Khairy Jamaluddin sebab saya akan memperoleh kemewahan. Ini sebab saya tengok ramai pemimpin pemuda peringkat negeri, bahagian malah cawangan sekarang yang berjaya dalam hidup sejak memberi sokongan kepada KJ. Mereka sudah ada syarikat sendiri dengan projek berjuta2, dah pakai Merc, CLK, BMW dan paling banyak Harrier. Jadi kalau saya beri sokongan kepada KJ pada PAU nanti, sudah pasti hidup saya senang lenang sehingga ke anak cucu.

Buat apa saya sokong Mukhriz. Dia tidak boleh memberikan apa2 kemewahan kepada saya. Hidup saya terus seperti ini, seorang pemuda yang kais pagi makan pagi, tetapi punya jiwa dan semangat untuk membina bangsa. Tetapi buat apa? Buat apa saya berjuang bermati2an sedangkan hidup saya miskin, tiada kereta mewah, tiada rumah besar, tiada isteri seorang model, artis atau pramugari. Bukankah lebih baik saya memberi sokongan kepada KJ?

KJ IS VERY YOUNG AS COMRAPED TO OTHER SEASON POLITICIAN. WITHOUT HIS FATHER-IN-LAW HE DEFINATELY WILL BE KICK OUT SIMPLY BECAUSE THE DAMAGES THAT HE AND IS FAMILY HAVE CREATED. HIS HANDS ARE EVERYWHERE, HIS GHOST WILL BE THERE WHERE MONEY COULD BE FOUND. AND AT THE END, HIS GREED HAS COST A LOT TO THE MALAY... EMBARASSEMENT, UNCERTAINTY AND HUMILATION.

WE REALLY DONT NEED PEOPLE LIKE HIM ANYMORE. BECAUSE HE HAS DONE ABSOLUTELY NOTHING TO THE PEOPLE. ABSOLUTELY NOTHING...

On one side yes we see KJ is brilliant. He went to Oxford!! But there is the dark side of him they say... hehehe..

Macam Star Wars la pulak...
but truly everybody ada their own dark side... cuma banyak dengan sikit jer..Alangkah bagus kalau this brilliant chap tak guna sangat dia punya dark side tu... so that his brain boleh la di manafaatkan untuk membangun agama, bangsa dan negara dia...

I never really knew KJ but nampak ramai orang marah kerana KJ terlalu ketara guna brilliant brain untuk diri dia sahaja.. sampai Pak Mentua pon terpengaruh sanggup jadi yesman...somebody tadi cadangkan dia gi rehabilitation somewhere..dua-dua la gi rehab!! hehe...

Andai betul segala apa yang saya baca dan dengar, sebagai rakyat yang tak tau apa-apa saya hanya ada satu jer pesanan buat KJ;

RENTIKANLAH!!!!

Assalamualikum YDK Tun & Keluarga serta semua peminat setia yang sentiasa menyayangi Tun & Keluarga, Selamat Hari Raya Aidil Fitr, Maaf Zahir & Bathin.

Isu KJ bukanlah isu yang baru, bila DSAI was the DPM, KJ sibuk himpit anak DSAI, Nurul Izzah, bila anwar masuk penjara KJ tinggalkan Nurul, Bila DSAB jadi DPM, KJ accidentally terjumpa Nori, jadi menantu pak lah. Kalau di singapura Lee Kuan Yuan di jadikan Senior Minister selepas perletakan jawatannya sebagai PM, di Malaysia adalah sebaliknya. KJ telah dijadikan Senior Minister untuk menasihati Junior PM, Pak Lah. Saya rasa tak perlulah KJ bertanding jadi Ketua Pemuda, sebab dia dah jadi Senior Minister, tak perlulah degradekan diri sendiri.

Saya sependapat dengan YDK Tun, budak parasit dari Great Oxford of Great Britain is d greatest parasite of all maybe kurang sikit dari Mentornya DSAI. Saya percaya karier Budak parasite ini akan lebih menyerlah dengan kehadiran DSAI dan kedua-dua mereka akan menjadikan Malaysia negara mainan Amerika, Britain and Israel.

Fikir-fikirkanlah rakyat Malaysia yang cintakan tanah tumpah darah kita, segala pengorbanan lebih 70 puluh tahun pejuang-pejuang kemerdekaan dan pentadbiran sehingga tahun 2003 menjadi sia-sia kerana kehandalan dan kehebatan Pak Lah dan menantu parasitnya, KJ.

In U, YDK Tun, we trust and we shall always remain yours.

YDK Tun, your are indeed the Greatest Leader that Islamic Country shall look upon and be proud of, for hundred of years to come.

We all love you YDK Tun.

Assalamualaikum..Tun yang dkasihi, saya pun sebenarnya hairan sejak beberapa tahun dahulu tiba tiba saja nama Khairi Jamaluddin muncul didalam parti umno dengan begitu cepat popular, sedangkan sebelum ini saya tak kenal pun dia, rupa-rupanya dia menantu PM.

Nampak sangat si Khairi ni menggunakan kedudukan pak mertuanya untuk kepentingan diri.Umur baru setahun jagung dah pegang jawatan penting..tengok2 la sama orang yang lebih senior daripada kamu, hormatlah sikit.

Tapi sekarang saya amat teruja dengan keputusan Dato'Mukhris untuk bertanding jawatan ketua pemuda umno, barulah bertemu buku dengan ruas. Lagi pun dia tidak menggunakan kedudukan Tun semasa PM

dulu untuk mengejar kedudukan dalam unmo, sebaliknya dia berusaha sendiri, apabila Tun sudah bersara baru dia bergiat aktif dalam umno,macam ni lah pemimpin yang kita mahu. Semoga Dato' Mukhris berjaya..insyaallah..!!!

Iklas dari saya..wassalam.

Lately many speculations about political scenario have been made by many individuals. As you said yesterday, never trust Pak Lah until he really keep his words. So meanwhile enjoy Raya Celebration.

As for Khairy I believe he is a very good political opportunist that would do anything to achieve his dream. Perhaps many dont have chances like he does. The bad thing is, he is not many Malaysian cup of tea to be our future Malay leader.

Salam Tun,

Kadang-kadang terfikir juga tentang sejauh mana "jahat"nya PM & KJ ini sehingga pihak Tun terus-menerus menempelak apa yang dilakukan juga yang diusahakan mereka. Persoalannya;

1. Wujudkah pemimpin yang bersih pada hari ini seperti Nik Aziz? Mukhriz? Anwar?? LKS?? LGE?? Ksingh???

2. Kalau pun bersih adakah mereka ini mempunyai daya kepimpinan dan bijaksana dalam tindakan seperti Tun?

3. Kalau pun ada seperti di atas apakah mereka mempunyai daya usaha dan ketekunan yang tinggi seperti Rais Yatim (Juga Tun)

4. Kalau pun ada seperti di atas adakah mereka ini mempunyai sikap sederhana dan adil seperti _____
????

Pokok pangkalnya salah memimpin akan menjadikan seseorang itu bukan pemimpin. Keputusan yang dibuat harus mempunyai pertimbangan yang sehabis wajar bukan dari satu pihak (4th floor???)

PM (dan KJ) MUNGKIN antara manusia yang cuba melakukan perkara baik tetapi hasilnya tidak menjadi baik kerana kekurangan ciri-ciri tersebut di atas.

Peralihan pucuk pimpinan merupakan langkah yang wajar dilakukan pada masa kini walaupun impaknya mungkin besar dan ianya harus berlaku bukan sahaja peringkat atasan tetapi jg pd peringkat akar umbi. Ini kerana apa yang kita warisi selama ini (dari Tun jg) adalah adalah pacal-pacal angguk, si tamak harta dan si gila kuasa yang bertindak mengikut kepentingan keluarganya, kenalan rapat, kontraktor-kontraktor cina gila dan orang-orang tamak yang lainnya.

Salam Ayahanada Tun,

Benarlah kata Tun kan benarlah juga telahan yang telah disangka-sangka. Khairi mmg seorang yang bijak dalam sebahagian perkara, tetapi kenalah ingat bijak mana pun dia pasti akan tersungkur juga.

Memohon pencalonan daripada peringkat akar umbi mmg sesuatu yang sesuatu yang memalukan (bagi saya). Sekarang terlalu banyak propaganda daripada Zahid, Mat Taib dan Ali Rustam untuk menaikan diri mereka. Puak-puak Abdullah semakin takut sebenarnya untuk mengadap hari yang ditunggu-tunggu dalam UMNO walaupun sebenarnya mereka kelihatan berani.

Namun Tun, saya tidak faham mengapalah sebahagian ahli tidak nampak perkara yang Tun bicarakan. Menaikkan Khairi sebagai orang kuat PEMUDA mmg kerja gila yang akan meruntuhkan bangsa. Pencalonan Mat Taib dan Ali Rustam hnylah untuk memenuhi tempolok sebahagian kecil 'orang jahat' yang jga pengkhianat bangsa.

Sedarlah wahai bangsaku, renunglah kenapa UMNO ditubuhkan, renunglah kenapa Melayu semakin layu, renunglah diri untuk kepentingan bangsa dan Tanah Air. Orang Cina dan India diluar sana bertepuk bila melihat kita bertelagah. Sanggupkah kita melihat Bunga Raya layu dikanan dan bunga-bunga lain mekar dikiri. Mana semangat perpaduan kita!!

Tun, saya sedih melihat pemimpin Melayu kita hari ini berjuang atas nama bangsa untuk memenuhi impian peribadi dan keluarga. Saya sedih melihat Pemimpin hari ini menjadikan kuasa yang untuk melebarkan pengaruh sendiri. Kepada pemimpin-pemimpin UMNO hayatilah lagu keramat WARISAN.

Anak kecil main api,
Terbnakar hatinya yang sepi,
Air mata darah bercampur keringat,
Bumi dipijak milik orang,
Nenek moyang kaya raya,
Tergadai seluruh harta benda,
Akibat sengketa sesamalah kita,
Cinta lenyap di arus zaman,
Indahnya bumi kita ini,
Warisan berkurun lamanya,
Hasil mengalir ke tangan yang lain,
Peribumi merintis sendiri,
Masa depan sungguh kelam,
Kan lenyap peristiwa semalam,
Tertutuplah hati terkunci mati,
Maruah peribadi dah hilang,
KINI KITA CUMA TINGGAL KUASA,
YANG AKAN MENENTUKAN BANGSA,
BERSATULAH HATI BERSAMA BERBAKTI,
PULIH KEMBALI HARGA DIRI,
Kita sudah tiada masa,
Majulah dengan Maha Perkasa,
Janganlah terlalai teruskan usaha,
MELAYUKAN GAGAH NI NUSANTARA!!!

Salam perpaduan

Assalamualaikum YABhg Tun.

Catatan YABhg Tun kali ini mempunyai maksud tersirat disebalik yang tersurat.

Terdapat dikalangan ahli UMNO mengatakan bahawa campurtangan KJ telah mengundang pelbagai masalah dalam parti. Kehadiran beliau semasa pilihanraya kecil Ijok dan Permatang Pauh menimbulkan kontroversi. Campurtangan beliau dalam menentukan calon yang bakal bertanding juga telah menyebabkan ramai calon UMNO kalah dalam PRU12.

Jentera pilihanraya Jerlun tidak bergerak dengan lancar kerana disabotaj. Buku cenderamata yang telah dicetak hanya sebilangan kecil saja yang dapat diedarkan kononnya atas alasan teknikal. Dua minggu saya berada di Jerlun. Pada malam Jumaat dan Sabtu malam kami telah mengedarkan risalah bagi menyedarkan pengundi dan ahli UMNO kenapa mereka perlu memilih Dato' Mukhriz. Alhamdulillah dengan berkat usaha YABhg Tun, beliau telah menang. Kali terakhir saya berjumpa dengan Dato' Mukhriz ialah semasa kunjungan YABhg Tun di Kg. Permatang Bonglai Besar (PBB).

Kebelakangan ini KJ dilihat sedang cuba menagih undi simpati. Pilihlah saya berdasarkan sumbangan saya. Taktik yang sama digunakan oleh DSAAB semasa pemilihan MKT. Orang melayu kalau kena ayat sikit, lentoklah ia.

KJ banyak duit. Dia boleh beli undi. Dia boleh pengaruhi pihak yang terlibat dengan urusan pengundian. Oleh itu berhati-hatilah sesiapa yang akan menandinginya.

KJ mempunyai perancangan jangka panjang dalam berpolitik dengan menjadikan PUTERA UMNO sebagai penyokong kuat beliau. Malang bagi beliau apabila wadah tersebut telah hilang auranya.

Walaupun KJ berkelulusan Oxford, beliau tidak dapat menandingi pengajian Dato' Mukhriz yang berkelulusan pentadbiran perniagaan dari Universiti Sophia, Tokyo dan dibidang pemasaran dari Universiti Boston, USA.

Kewibawaan Dato' Mukhriz dalam NGO dengan mengetuai Aman Malaysia bagi membantu umat Islam di Palestine, Afghanistan, Aceh, Selatan Thai, Iran, Bosnia, Pakistan dan Darfur mengatasi sumbangan ikhlas perjuangan KJ membentuk MyTeam.

Manusia hanya merancang, segalanya ditentukan oleh Allah.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Salam Ayahanda Tun, I could sense your displeasure. This is very unlike you Tun. You taught us many things but never to throw in the towels. And besides, it's not over till it's over you know – and many legendary songs were written out of it too. I have this friend who was so keen on taking up sky diving at 40. He went just right ahead and pushed the envelope a bit too far when he jumped out at night and landed in the middle of a family of water buffalo cozily asleep. His injuries were not from the sky diving shock, but from being horned up in all the wrong places. I am sure someone would always end up that way when they do something really dim-witted. I do recall 2004 perfectly. I recall the loud boos. Never before had PWTC Hall soaked up such ambience. And yes, I recall Hishamuddin getting way in over his head. What has been feed into his head over these years, only he and God knows. I would rather walk away and keep my dignity rather than to play a role I could never cut my self out to be. Sir I believe Datuk Mukhriz would win. He is not "your son" in this equation. He is cleanly Mukhriz going on his own merits. Any good person would do just that anytime anywhere. Much better than parachuting into the dark. It's still early into the day Tun; I say dump the PC for now and go for a good drive. It's easier to cheer up Tun, it's always a beautiful day outside. Take care and salam – Kamal.

P.S: Expect you back shortly with more berates and kicks.

Y.A.Bhg Tun...

A very good topic...

Who is Khairy?....EVERYONE KNOWS HIM...

Khairy....is just a street punk!...will go at any length for his benefit...he has done all his ground work & plan 5 years ago in planting GLC's to be under his arm-pit...

In almost all GLC's today...even the wall talks...you can't trust your own colleagues who all of the sudden turn politicians in these recent years...

Can't get a decent Government job if you don't play your cards right...its who you know kinda thing...its not just the non-Malays who is having problem in securing a contract or even a decent pay job...its the Malays too...for as long as you've got something to offer like rubbing their behind...you will be in good book....

The UMNO youth grassroots is in dilemma having him around...but dare not say a word...the current UMNO member has their hands tied up behind their backs with only a few hardcore members stood up....but that is not enough to make things right...

Day by day...all eyes are watching the world over including other component parties like MCA, MIC, Gerakan etc is watching this huge liars being dramatised daily...shying away is their only solutions...who wouldn't?...well they too are having all sorts of internal problems...too comfortable...what can we say!

I am not a politician...but can't helped being dragged into thinking and becoming one...this dangerous greed game must be stop or we'll loose this country to the wrong people with international interference...

I urge the UMNO youth grassroots and all component parties to put their heads together and starts doing the right things for the people again...plzzzz

Dear Tun,

I've always said that whatever happened for the past 4 years was not of Pak Lah's doing. How does a

person of such idiotic mentality come up with such plans? It has always been KJ and his band of bandits. Though I 110% agreed that he will win the post hands down, I do hope that future leaders of UMNO will see to it that this guy gets the ass-kicking lesson of his life ; JAILED BEFORE 40.

Tun, pls help us.

Salam Tun & everyone!.

First of all.. I do respect KJ sbb at his age..dia sampai ke tahap tu.. tapi cara tak kena..he should be humble and polite when you climbing to the top..nie tamak sgt..saya tak tahu mcm mane ada org yang nak pemimpin macam dia nie..

Cuba tgk Nik Nazmi..(http://www.niknazmi.com/wordpress/?page_id=673) age 26..graduated from UK too.. had shows his leadership since MCKK ..then in london dgn aktiviti berpersatuannya.. honestly, I do not know this guy..and don't care if he is pembangkang.. but he is really gave credit to the Malaysian government at his age..

Takyah pun nak jadi menantu sesapa.. tak payah pun nak ada share in company or nak berdamping ngan Maya Karin or pegang jawatan dalam FAM.. but he really can shows his leadership..

KJ pulak.. emmm.. kalau dia bertanding.. sure menang tanpa bertanding le.. more Controversies and criticism .. check le wikipedia http://en.wikipedia.org/wiki/Khairy_Jamaluddin

Anyway.. btol ler kata org.. fed up ler cerita politik Malaysia nie..asyik rebut jawatan..cancel project..rebut jawatan..cancel project.. jual cupcakes lagi baik!.

Assalamualaikum Tun.

Isu Khairy ni kita tak perlulah risau. Dia cuma penyebab kegoyahan UMNO ini. Esok-esok bila Pak Lah melepaskan jawatan beliau, dia juga akan turut serta. Bila dah tangguh sampai Mac 2009. Macam lama lagilah. Tunggu sajalah. Nak buat macam mana.

Selamat hari Raya Tun and family..

Referring to your comments on Khairi's Delimma you made, it good to see the race for certain candidates who are really ambitious to handle top post on this coming Mac Umno's election. My prediction is a lots change well take place on the top post . What I want to see is more new faces well be in the UMNO supreme council soon. Its a trend perhaps even those people who are out side the party seem to be interested to talk about the up in coming issue . The most unbelievable is now, the people previously talk on DSAI to topple the govt to become Prime Minister seem to be quiet and absolutely lost touch anymore. So what happened tak jadi ke ambil alih kerajaan ke ...

anyway , I do pray to your son Dato Mokris to win the post of Ketua Pemuda on this coming election. Insaallah..

By Moon Rider on October 7, 2008 10:57 AM

Tun

I believe KJ will win the Pemuda UMNO. Although Badawi has step down , but I am sure he will have his own way to win .. 4 years under his Father In Law , sure have lots of marketing strategies and good relationship has been build up ..

I hope Zaid will contest this post .. he is more neutral compare with KJ and Mukriz.

Assalamualaikum Tun,

Utusan Malaysia berniat jahat apabila mengambil gambar Tun berdua sedang duduk menerima tetamu pada rumah terbuka Tun kelmarin sedangkan akhbar lain mengambil gambar Tun sedang berdiri menerima tetamu berjumlah puluhan ribu orang. Sesiapapun perlu merehatkan kaki jika tetamu yang

hadir terlalu ramai, tetapi Utusan Malaysia ingin menggambarkan Tun sudah tidak mampu berdiri untuk menerima tetamu. Sungguh jahat mereka ini !

KJ pula terdesak untuk menang jawatan Ketua Pemuda Umno supaya dapat menjadi menteri penuh selepas itu. Dia beria-ia mengatakan dirinya ada kekuatan sendiri tanpa bergantung hidup pada bapa mertuanya. Itu kata dia sedangkan orang ramai sudah meluat untuk mengundi dia & bapa mertuanya.
By JJJ on October 7, 2008 10:58 AM

salam Tun,

4. Although my son will be contesting I have no doubt Khairi will win hands down.

IF KJ MANAGES TO WIN THE KETUA PEMUDA POST AS TUN HIMSELF HAS PREDICTED, HE WILL BE A BIG LIABILITY AND ONE OF THE MAIN REASONS FOR UMNO'S DEMISE IN THE NEXT GE.

RAMAI YANG AKAN MENGUNDI KJ PADA PEMILIHAN KETUA PEMUDA NANTI MENDAPAT HABUAN, JAWATAN DAN KONTRAK DAN TERLALU SAYANG AKAN SEMUA INI LEBIH DARIPADA MASA DEPAN BANGSANYA SENDIRI.

Jika mereka berkata 'berjuang untuk rakyat' rakyat akan tersenyum sinis dan ketawa dalam hati kerana tindak tanduk mereka menggambarkan sebaliknya.

Hakikatnya politik wang telah menjadi darah daging dalam UMNO dan saya percaya balasannya akan tiba 4 tahun dari sekarang jika tiada perubahan mendadak di buat dengan kadar segera.

Good luck to KJ! May you achieve whatever that you crave for in life.

But you will never get my vote.

p/s - hati saya sangat pedih bila melalui Tambak Johor untuk beraya ke Singapura apabila melihat keadaan daif, kotor, tidak bermaya dan lesu checkpoint kita yang sedia ada sekarang ini dan saya bertambah sakit hati apabila melihat Kompleks CIQ baru yang canggih dan cantik disebelahnya dalam keadaan terbengkalai.

Orang Singapura tertawakan kebodohan kita. Terima kasih kepada DSAAB.

Iya, correct Tun. I remember reading star article by Jocelyn on si Oxford ni masa nak jadi timbalan ketua. Saya rasa apa yang Jocelyn cuba sampaikan..impactnya lebih kurang camni lah on me.."apahal si UMNO ni, dah ketandusan pemikir ke...apa dah jadi dengan pemuda2 lain..tiba2 tak layak ke, atau memang mereka tak layak?".It seems that everybody is resting their brains on him. Empowering him, so they can relax and play with the keris. afterall his OXFORD you know,you know.You know masa tu ura2 ada orang cuba mengintai perjumpaan secara curi[PM announced]...lagi lah pemuda2 tu naik perasaan...ketuanya dengan serak2 tunjuk keris lepas tu...yang tak pernah berlaku..tiba2 berlaku..bakar efigy, seperti jadikan UMNO contoh tak baik di mata antarabangsa..bila hindraf buat dekat KLCC tak suka [yalah ganas saya pun tak suka] sebab tu lain kali jangan jadikan UMNO contoh...cakap kotor sudah jadi kebiasaan..joking aje mah konon..ketawa macam canukah tak ingat isteri kakak,emak,makchik,nenek,adik perempuan..memalukan orang melayu, gentleman dah jadi jantanman.Imagine..god gives us brains...but because we can, we rest it on one to do our thinking for us.No wonder we loose on credibility.Apa dah jadi dengan pengalaman..superceeded by a piece of paper yang kadang2 boleh di beli.Pernah tengok tv9, bagaimana Idris Haron tercungap2 nak berbahas dengan kalau tak silap saya..Nasution..memalukan. Lain kali jangan masuk tv dan memalukan UMNO. Sekali lagi saya extend harapan kepada warga UMNO supaya pandang2 dan lihat2lah sekeliling siapa tu apa...start thinking and reject those who sub their brains to others.Demi masa depan anak2 kita.Maaf ya Tun. I get carried away with bottled up 'menyampahs'.Bukan tak suka,cuma nak ingatkan aje.cukuplah.Do the right thing now..starting now.

Saya tak dapat pergi hari terbuka tu tapi harap adalah gambar2 kat blog ni..saya tumpang gembira bila tengok hadirin datang jumpa tun berdua diulam dengan rasa sayang dan respect di wajah mereka.

Bolehlah...keluarkan gambar2 happy moments tu..share dengan kami yang tak dapat pergi. Suratkhabar..haprak, mana nak tunjuk..tunjuk beratus ribu kat penang naklah...tapi kalah, buat apa.Selamat Hari Raya, Tun dan isteri tolong jaga kesihatan,ok.

Dear Tun,

KJ is suffering from cultural shock. Being the son-in-law of the Prime Minister he feels that he is on the top of the world. He is an impressionist young punk. He lacks maturity and wisdom. No matter how qualified he is, he still needs to polish his personality as a man. As far as I am concerned his credibility is gone. He has done a lot of damage to UMNO. He is the culprit that causes the downfall of his father-in-law's credibility. I wonder how he will fare without his fater-in-law around. This an "acid test" for him whether he will survive politically or end up in the twilight zone and become "itek tempang" like his father-in-law.

Salam aidilfitri buat Tun dan semua.

Wak masih ingat pada masa tahun dimana KJ diisytiharkan menang tanpa bertanding jawatan Naib Ketua Pemuda UMNO Malaysia. Wak ada dalam Perhimpunan Pemuda UMNO Malaysia tersebut.

Dan Wak masih ingat bagaimana pada masa KJ diumumkan menang tanpa bertanding lebih ramai perwakilan Pemuda yang 'boooooo'ing dari tepuk tangan (applause) pada beliau.

Adakah semangat yang sama bakal ditunjukkan oleh para perwakilan pada kali ini, wallahuaklam bissawab kerana apabila beliau telah diberi peluang menduduki kerusi empuk tersebut beliau bebas melakukan apa sahaja bersesuaian dengan jawatan yang disandangnya.

Hakikatnya, tempoh satu penggal yg diberikan oleh Pemuda kepada KJ sepatutnya telah dimanfaatkan sebaik-baiknya bagi membuktikan bahawa beliau benar-benar membantu Hishamuddin menguatkan barisan Pemuda dan seterusnya memantapkan UMNO khususnya dan Barisan Nasional amnya. Adakah ini berlaku? Wallahuaklam bissawab. Kita melihat, mendengar dan merasa. Kita juga boleh membuat pelbagai ulasan mengenai prestasi beliau. Namun, pandangan yang sebenar adalah pandangan akar umbi yang tidak terpengaruh jauh lagi merasa apa-apa faedah 'direct' dari KJ dan kawan-kawannya.

KJ adalah 'reflect' kepada Abdullah Ahmad Badawi. Abdullah Ahmad Badawi tidak boleh lari dari bayang KJ.

Apa yang telah berlaku kepada Abdullah Ahmad Badawi? Sewajarnya kita dapat melihat, mendengar dan merasa dan seterusnya menilai. Melainkan kita telah dibutakan, dipekakkan dan dicatitkan saya yakin kita semua dapat menilai.

p/s: jemput hadir pada semua pembaca sebagai pemerhati Mesyuarat Agung Pergerakan Pemuda UMNO Kuala Langat pada 12/10/2008 nanti.

By Lim on October 7, 2008 11:35 AM

Dear Tun,

Sebut saja pasal KJ ni mesti ramai orang tak suka. Yang pasti KJ membaca artikel ini. Beliau terpaksa menerima hakikat bahawa ilmu pengetahuan yang ada padanya perlu berganding dengan pengalaman bagi memastikan kejayaan hidup dalam dunia politik.

Dunia politik mesti dikuasai oleh orang yang lebih berpengalaman di samping memiliki ilmu pengetahuan yang bagus. Beliau masih belum mempunyai pengalaman yang matang untuk menduduki kerusi Ketua Pemuda UMNO.

Sebelum menjadi Naib Ketua Pemuda UMNO, KJ tidak dikenali ramai. Beliau hanya terkenal setelah Paklah jadi PM dan beliau memenangi kerusi Naib Ketua Pemuda tanpa bertanding.

Pada pendapat saya ini bukan gentleman namanya. Sebab itu tak ramai pemimpin veteran UMNO yang menyukainya. Jasa KJ terhadap UMNO amat sedikit dan bagaimana beliau boleh menjadi Naib ketua Pemuda yang begitu berpengaruh?

Hal ini ternyata ramai pemimpin UMNO yang "Yes MEN" dan tiada siapa yang berani meluahkan pendapat yang bertentangan dengan Paklah. Ini bukan demokrasi namanya.

Setahu saya, sepanjang pemerintahan Tun, Tun tidak pernah membenarkan anak Tun untuk melibatkan diri secara aktif dalam dunia politik. Bagi saya ini adalah satu keputusan yang sukar tetapi ia telah mendatangkan kebaikan bukan sahaja kepada Tun sekeluarga malah BN dan negara tercinta, Malaysia.

Paklah seharusnya mencontohi Tun dan bukannya terburu-buru membolehkan KJ menjadi Naib Ketua Pemuda sehingga merosakkan UMNO malah parti kompenan BN yang lain turut terjejas dengan teruk.

Oleh itu, saya ingin cadangkan kepada KJ agar janganlah bertanding jawatan Ketua pemuda UMNO mahupun mempertahankan kerusi Naib Ketua Pemuda UMNO kerana ia tidak mendatangkan kebaikan kepada senario politik masa kini.

KJ seharusnya belajar untuk berbakti terlebih dahulu kepada UMNO, BN dan negara daripada sibuk nak berebut kuasa kerana ia tidak mendatangkan faedah kepada sesiapa. Sedarlah diri sebelum BN hancur. Paklah kalau rajin tolonglah ingat-ingatkan beliau, terima kasih.

Regards,
Lim

Salam Sejahtera..

Terlebih dahulu saya mohon maaf jika pandangan saya terpesong sedikit..

Pada pendapat saya Khairy tidak lah menggunakan nama bapa mertuanya untuk kedepan.. akan tetapi orang telah menggunakan Khairy untuk maju kedepan.. kalau ia menggunakan nama bapa mertua.. bagaimana dengan Najib.. atau Hishamudin.. bukankah kedua-duanya menggunakan nama keluarga untuk maju kedepan.. orang-orang yang menggunakan Khairy yang saya maksudkan adalah orang yang suka mengampu.. membodek, mengipas PM..

Telah ditakdirkan masyarakat kita memang suka pada mewariskan kedudukan pada keluarga sendiri.. disamping kaki ampu yang mengiakan sahaja.. kononnya untuk menghormati bapanya.. terjadilah seribu Sultan satu Negara.. jika diperhatikan.. Waris mereka tidak lah sebijak mana..

Bagi saya Khairy orang yang bijak begitu juga Dato' Mukhriz yang mempunyai pengalaman yang baik dalam politik bersama bapanya.. kedua-duanya mempunyai peluang yang sama.. cuma bahayanya..adalah orang yang ditaja dan terlalu baik dengan Singapura.. (perhatikan dengan mendalam siapa orang nya).. percayalah.. Negara akan tergadai jika Singapura dapat menguasai pemimpin kita.. untuk pengetahuan semua.. Singapura tu baik sedikit dari negara Israel..

Akum TUN dan semua

Memang tepat ulasan TUN tentang Khairy. Kalau UMNO nak pulih sepenuhnya orang macam KJ harus di kalahkan. Beliau adalah Graduan Oxford yang gagal memahamai citarasa rakyat malaysia yang berbilang kaum dan terutama tidak memahami dilemma melayu. Tolong hayati ucapan KJ selama ini yang membawa bencana kepada UMNO, antaranya:

1. Dalam Ucapan beliau tahun 2003 pada persidangan UMNO beliau mengkritik DEB kononya tidak berjaya dan mahu ditukarkan kpd Agenda Nasional Baru (ANB) kemudiannya dipersetujui oleh pak mertua dengan nama Misi Nasional dan umum tahu bahawa ianya polisi yang gagal. Saya pernah mengkritik ucapan beliau dalam ruangan forum utusan Malaysia.
2. Ucapan beliau yang bersifat perkauman yang menyebabkan parti komponen seperti MCA, Gerakan dan MIC membidas dengan kata kata seperti "politik murahan dari budak hingusan". Ucapan beliau menimbulkan kemarahan kaum cina, melayu dan india.
3. Beliau juga menyatakan dengan sombongnya bahawa sebagai menantu (sbb ada protection) kepada PM beliau akan mengambil tindakan terhadap semua pemimpin yang tidak betul. Beliau sendiri dan pak mertua pun tidak betul.. hee hee
4. Calun2 pilihan beliau atau yang berkait rapat dengan beliau tewas dalam pilihanraya ke 12 baru2 ini. justeru itu juga merupakan kegagalan politik beliau dan pak mertua.
5. beliau juga gagal dalam mengendalikan FAM, yang mana sebelum ini beliau menyatakan akan letak jawatan jika gagal memperbaiki FAM tapi habuk pun tarak.

Ternyata beliau sudah diberi ruang dan peluang yang luas tapi tiada satu pun yang membawa kejayaan yang membanggaka orang melayu dan negara. Jesteru saya menyarankan beliau menarik diri dari bertanding KP UMNO dan "stop making any stupid comments etc".

akhir sekali OXFORD bukan segala galanya kerana "the mother of wisdom is experience".

Untuk KJ saya berharap beliau perlu banyak lagi belajar dalam kehidupan yang sebenarnya.

Saya ada satu soalan. Dimanakah Tun Daim sekarang? Bukankah beliau dulu seangkatan dengan YAB Tun. Bukankah beliau dulu salah seorang yang genuine dalam perjuangan UMNO.
Adakah beliau akan sama-2 terlibat secara langsung atau tidak langsung dalam pemilihan Disember akan datang?
Terkenang saya zaman kegemilangan YAB Tun Dr Mahathir dan jugak YAB Tun Daim dikala pembentangan bajet kewangan negara Malaysia dahulu kala.

Semoga Allah s.w.t sentiasa melindungi YAB Tun M sekeluarga dari anasir-2 kejahatan.Amin.

Salam TUN

1. KJ tetap KJ.

2. Dari zaman budak berhingus di UK (Kelab UMNO UK) sampailah dah jadi bapak budak yg masih berhingus sekarang ni pun, politik dia tetap sama. Tambahan pulak mendapat sokongan Dr Spin Kalimullah dan bernaung di sebalik cerita2 aniaya sana, aniaya sini.

3. Macam TUN jg, sy rasa by hook or by crook Si Budak Hitam ni berpotensi besaq AKAN menang. Bukan menjadi satu keraguan lagi TETAPI bersiap sedialah menghadapi kehancuran yg lebih dahsyat atas kemenangan Mr PM by40 ni.

4. Saya suka dgn point TUN ni: I don't know whether people have heard about the thief who cried "thief!". Well the thief got away because people who are not very intelligent went chasing in the opposite direction. The highly educated thief then walked away with his booty. MY INTEPRETATION goes like this:

a. Who is the 'thief' who cried "thief"...?

b. Why the thief got away - TUN kata because people who are not very intelligent went chasing in the opposite direction. It's true but ada jugak manusia2 bijak yg turut bersekongkol dengan 'penyamun' tadi. Dan mungkin jugak manusia2 bijak tersebut terdiri daripada kalangan penyamun jugak. Penyamun kata kat penyamun, alahai... Kalau dah penyamun takut dengan penyamun yg cried 'thief' tadi, sudah semestinya penyamun yg SUPERIOR itu is somebody aka dialah KEPALA kepada SEMUA KEPALA2 PENYAMUN.

c. BUT whatever alasannya, the MOST ULTIMATE REASON 'Why the thief got away' is BECAUSE the PENYAMUN is KJ - the Son inlaw of Ulamak AMNO HADHARI, the richest 'penganggur' terhormat MALAYA...

Take care TUN. Eid Mubarak Maaf Dzahir Batin

Salam,

Adakah Tun memilih Pak lah sama seperti Abu Bakar al -Siddiq yg mana berdasarkan rekod Paklah yang clean. Namun kesalahan serta penyelewengan yang dilakukan adalah sesuatu yang ghaib yang tidak diketahui di masa mendatang????

Membaca surat Abu Bakr al-Siddiq tentang siapakah pengganti selepas kewafatannya sepatutnya membawa seseorang pemerintah insaf bahawa soal mencari pengganti ini adalah perkara besar yang akan mengundang samada redha atau murka Allah di akhirat nanti. Ia bukan soal melepaskan bebanan semata.

Jawatan pemerintahan pula, bukanlah harta rampasan perang yang boleh dibahagi-bahagikan begitu sahaja.

Abu Bakr al-Siddiq pada penghujung hayatnya, menulis surat mencadangkan penggantinya. Dalam surat tersebut beliau menyatakan seperti berikut:

“Bismillah al-Rahman al-Rahim. Inilah apa yang dipesan oleh Abu Bakr bin Abu Quhafah di waktu akhir hayat di dunia ini, sedang keluar darinya, dan permulaan tempoh di Akhirat, sedang masuk ke dalamnya. Di kala seperti ini, seseorang yang kafir akan beriman, seseorang pendusta akan bercakap benar. Maka aku –dalam keadaan begini- melantik pemerintah kamu selepasku ini ‘Umar bin al-Khattab. Maka dengar dan taatlah kepadanya. Aku tidak akan mengurangkan sedikit kebaikan pun buat Allah, rasulNya, agamaNya, diriku dan kamu. Sekiranya ‘Umar berlaku ‘adil, maka itu sangkaan dan pengetahuanku mengenainya. Jika dia sebaliknya, maka setiap individu berdasarkan apa yang dikerjakan. Sedangkan aku inginkan kebaikan dan tidak pula aku tahu perkara yang ghaib. “Nanti orang-orang zalim akan mengetahui di mana kesudahan mereka” Wa al-Salam ‘alaikum wa rahmatulLah”. (al-Sayuti, Tarikh al-Khulafa, 32, Beirut: Dar al-Fikr).

Surat ini menggambarkan betapa Abu Bakr al-Siddiq membuat cadangan penggantinya atas asas tanggungjawab di hadapan Allah tanpa sebarang kepentingan diri. Beliau juga memikirkan masa depan umat di bawah penggantinya, juga perasaan gerunnya kepada Allah tentang apa yang akan dilakukan oleh penggantinya.

Padahal pengganti yang dicadangkan itu ialah insan yang terbaik bagi umat ini selepas dirinya. Pun begitu, ayat amarannya jelas agar keadilan mestilah ditegakkan dan dia memilih pengganti atas keyakinan bahawa penggantinya dapat menjamin pelaksanaan keadilan yang dikehendaki Allah, bukan menjamin kepentingan dirinya atau kelompoknya.

Melayu lemah kerana Rasuah. UMNO jatuh kerana Rasuah. Saya pilih siapa sahaja pejuang politik yang tidak Rasuah dan ingin membasmi Rasuah mati-matian. Tanda pengukur bangkit semula UMNO ialah BERSIH RASUAH. nookvillage memerhati dari jauh.

Saya dikampung doakan Mukhriz akan menang dan kalahkan KJ. Saya juga harap Muhyidin akan dapat sokongan untuk tanding presiden dan beliau lebih berani, Ali Rustam jadi Timbalan presiden dan Rais jadi naib presiden. Yang lain2 tu biarkan jatuh dan pilih pemimpin baru yang berkaliber, bukan nya tabur pitis. Tabur pitis juta2, bila nak memimpin dan dapat jawatan, jagi macam beruk dapat bunga. Yang banyak rekod tak baik tu, biarlah bersara.

Didoakan Tun & keluarga sihat selalu.

Assalamualaikum Tun,

Well said Tun, right from the start the other horses got their legs tied up and they lose the race but this one horse always managed to get the upper hand and win the race using the "back door". Its time for the UMNO youth movement to think twice because we don't want any back door horses again to run our country to the ground.

There are too much of these back door horses nowadays so we need to get rid of them permanently. Enough is enough that we suffered most and now is the best time to act rather than sitting and doing nothing.

Well Tun how was the hari raya? Hope everything turned out okay. I would like to wish you, your family and the citizens of chedet.com "Selamat hari raya aidifitri, maaf zahir dan batin and Hidup Tun Dr Mahathir". Allah bless us all and this great nation of ours aminnnn.....

Dearest Tun,

Nak komen pasal hindraf ni atau apa-apa yang sewaktu dengannya, yang suka mengganggu orang lain, tak tahu hidup dengan aman, menyepoi majlis orang dan jika ada mereka berhampiran gerun juga, walau pun mereka 2-3 orang saja..

Mungkin first thing jangan advertise, announce banyak sangat pasal mereka. Agaknya suka publisiti murahan, anything to emphasis a point. Juga bertambah ramainya golongan mereka yang suka buka kes sana sini, saman dan tak payah cakaplah, lihatlah kebanyakan lawyer pun dikalangan mereka. Every other day ada saja lawyer2 ni bercakap, kes Islam pun nak lawan. Juga the pillai dalam lama blog Tun ni.. sama saja. Hari ini ada kes polis lagi, belit fakta, konon pergi beraya nak bersalaman dan bermaafan.. Betullah peribahasa Melayu tu..

Mungkin mereka kena balik ke Negara asal mereka, fight for all the rights that should be abolish todate, seperti sistem kasta yang menebal di sana, women's right yang langsung tidak berganjak dengan dowry yang tinggi. Itu akan lebih mendatangkan faedah yang menyeluruh, menaikkan ekonomi dan martabat bangsa dan Negara asal mereka seperti gambar pemimpin yang mereka julang untuk kumpulan mereka..

And true, Malaysia is not only for Malays but are for those who appreciate the country and not to have foreign influence..

Masih terasa sebak semasa bersalaman raya hari Ahad lepas. Mujur tiada hindraf di majlis tersebut..

Salam untuk Tun sekeluarga.

YABhg Tun,

Salam hormat. Yang 'melatah' sekarang ialah pembodek pembodek UMNO yang menyokong pelan peralihan kuasa pada Jun 2010 seperti yang diputuskan pada asalnya. Mereka menyokong seratus peratus dan memuji Pak Lah seorang pemimpin UMNO yang bersedia berkorban untuk UMNO. Namun setelah Tan Sri Muhyiddin (TSM) secara terbuka meminta supaya PM/Presiden UMNO menyerah segera jawatan, pembodek pembodek adalah orang orang yang pertama menawarkan diri untuk bertanding jawatan Timbalan Presiden. Malah ada yang melabel TSM sebagai kurang ajar. Tetapi mereka pula yang hendak bertanding. Pembodek pembodek adalah oportunis. Sekiranya TSM tidak bersuara, sudah tentu mereka tetap menyokong pelan peralihan 2010. Mereka sepatutnya berterima kasih kepada TSM dan menyokongnya untuk jawatan Timbalan Presiden.

Ahli MT, Ketua Bahagian dan mungkin ahli biasa berhajat untuk bertanding jawatan Timbalan Presiden. Mungkin bukan ahli UMNO hendak bertanding. Rais Yatim tergelak besar.

Peningkatan jawatan/pangkat samada dalam parti atau Kerajaan/Pentadbiran bermula dari bawah. Bolehkah seorang yang baru masuk perkhidmatan Kerajaan dilantik ke jawatan nombor satu dalam Jabatan/Kementerian. Contohnya yang baru berkhidmat terus dilantik menjadi Ketua Setiausaha. Begitu juga anggota Pentadbiran, ramai yang dilantik terus ke jawatan Menteri. Tidak seperti dahulu, sebelum menjadi Menteri, seseorang itu dilantik sebagai Setiausaha Parlimen atau Timbalan Menteri. Setelah menunjuk prestasi yang baik dan mendapat kepercayaan barulah dilantik sebagai Menteri. Perhatikan lah beberapa orang Menteri yang ada sekarang.

Nampaknya, dalam UMNO pun begitu.

Salam Tun

I fail to understand why you do not like KJ so much. It is not easy to get into Oxford University and this boy has a lot of brains which means he can make significant contribution and improvement to UMNO. However I think his direction in UMNO is not right and UMNO is not making enough effort to properly use this intelligent boy for the good of the party. Granted, he should not win uncontested and he should not be DVP unless he get member support. I also feel it is not right for Hisham to tell people not to contest. Actually this is one important point I want to make about UMNO: ever since your introduction that the President and VP posts cannot be contested to preserve party unity, I have seen UMNO as a joke and not a fair party. In a fair system, anyone should be allowed to contest. If they are stupid enough to contest when they are know they are not in a strong position, let them lose their deposit. I dunno whether there is a deposit system in UMNO election like the RM10,000 deposit for general elections. This will make contestants more berhati-hato for fear of losing a lot of money! However since this 'do not contest' policy was introduced during your time, I think you have some explaining to do. When you say Hisham tells people not to contest the DP post, it makes me lose confidence in Hisham and UMNO Youth, not in Khairy. The policy of fairness should be practised ("anyone can contest but must be willing to bear the consequences!") in UMNO if it wants to be a successful and respected party component of BN.

Salam TUN.

Satu topik menarik untuk dibincangkan oleh bloggers disini.
Sebagaimana umum telah ketahui KJ adalah menantu kesayangan Pak Lah.
Seorang yang sangat licik. Telah menggunakan kesempatan sebagai menantu PM untuk tujuan politik dan membuat kekayaan peribadi.
Saya tidak nampak apa2 pun sumbangan besar nya terhadap parti dan rakyat yang membolehkan kita bergantung harap untuk pemimpin masa depan.
Apa yang jelas dia telah banyak menghuru harakan struktur pentadbiran kerajaan pimpinan Pak mertua nya.
Dia juga telah banyak mempengaruhi keputusan2 kerajaan dan parti, sehingga menyebabkan berlaku nya cantas mencantas dalam parti dan pentadbiran kerajaan.
Semua dilakukan diatas kepentingan peribadi dan kroni2 mereka.
Sehingga mereka lupa akan perjuangan parti sebenar. Lupa akan masaalah rakyat. Mereka begitu sebuk dengan mengagih2kan wang negara ke poket mereka.
Rakyat hanya dapat melihat sahaja perlakuan tamak PAK LAH anak beranak. Kerana itulah rakyat telah menghukum UMNO dan BN pada PRU12 yang lalu. Namun mereka maseh buat2 bodoh dan tak tahu apa2 kononnya. Begitu juga lah dengan pemimpin2 atasan UMNO, khusus nya ahli MT hanya melihat dan membiarkan sahaja perkara2 ini berlaku didepan mata mereka. Sekarang sebuk pulak dengan perebutan jawatan NO 2 parti. Ramai pulak menyatakan hasrat untuk kerusi NO 2.
Yang jelas muka2 itu semacam proxy Pak Lah dan KJ ajer.
Zahid Hamidi dan Mat Tyson sah sangat Proxy Pak Lah. Jika mereka menang KJ pasti dapat

mempertahankan cita2 nya.

Ali Rostam pun teringin. Boleh ke dia membantu menyelesaikan masalah parti dan negara. Kalau baru setakat pengalaman menjernekan dan membersekan sungai Melaka belum tentu boleh memikul tanggung jawab membersekan UMNO dan memulehkan ekonomi serta menstabilkan negara.

Yang penting adakah kawan2 dari komponen BN boleh terima muka2 ini.

Umno pun tak boleh bergerak sendirian tanpa sokongan kawan2 BN untuk mengekalkan pemerintahan negara. Tanpa sokongan ahli2 BN pasti akan timbul masalah lain.

Bergitulah juga anak TOK MAT. Apa yang dia nak buat.

TSMY nak rebut kerusi mana pulak? Macam mana pula DSNTR jadi ke jadi PM? Itu lah persoalan nya sekarang. Selepas Pak Lah siapa? DSNTR, Ku Li atau TSMY atau ada kuda hitam lain. Atau pun Pak Lah akan terus berkuasa sehingga PRU13.

UMNO! Oh! UMNO!

Pening kepala melihat senario politik UMNO hari ini.

Salam buat Tun dan rakan bloggers,

1. Rasa rasanya Tun dah tahu 9 Okt Pak Lah buat kenyataan bahawa beliau akan KEKAL sebagai Presiden dan PM. Kekalnya Pak Lah kekal lah KJ.

2. Kekalnya 2 manusia ini maka kekallah keadaan Malaysia menurun ke arah kehancuran. Ramai yang tak percaya keadaan ini akan berlaku sebab yang mengampu dan termakan budi dah tergadai budi.

3. Pak Lah dan KJ akan mencipta sejarah Malaysia sama ada mereka berdua membawa kebaikan atau bencana. KJ perlu ingat bahawa wang bukan segala galanya. Menggunakan wang untuk kuasa dan mentadbir negara sangat merbahaya. Sebanyak mana wang tapi nama busuk tidak akan memadam sejarah yang akan terpahat nanti.

4. Kepada yang masih ada kuasa sekarang. buka dan perihatinlah kepada apa yang bakal menimpa negara ini. Jangan sampai nasi dah jadi bubur baru nak insaf.

Dear Tun,

KJ always carries handkerchiefs in his pocket. Don't you think so? Literally, he is still a "pampered school boy" who loves to be in the limelight to show off what he has got in his school bag.

As the saying goes a leopard will never change its spots. Given the opportunity to be a leader he will harness his energy to do all kinds of stupid things like a schoolboy normally does in order for him to be popular. This is the person that could make this country topsy-turvy. I can safely say that his ambitious to become a Prime Minister before the age of 40 will be just a daydream.

Salam Sejahtera Tun & Keluarga,

Sememang nya tidak boleh dinafikan, KJ adalah diantara anak anak Melayu yang "brilliant & intelligent" sehingga berjaya mendapat ijazah dari Universiti Oxford. Begitu juga, masih ada ramai lagi anak anak melayu yang telah dihasilkan oleh Universiti ini dan juga Universiti Universiti lain di United Kingdom termasuk diri saya sendiri.

Malang nya, dengan berbekalkan ijazah dari universiti universiti di UK belum tentu lagi boleh menjamin masa depan mereka. Tetapi sekiranya, mereka ini mempunyai "connection" atau "cable" maka perjalanan hidup mereka menjadi mudah.

KJ adalah diantara anak melayu yang bertuah kerana mempunyai kriteria ini. Terlalu mudah sehingga kan dimasukkan ke dalam UMNO tidak mendapat sebarang halangan, malah jawatan Naib Pemuda di sediakan untuk beliau. Dan dengan usia yang begitu muda, sudah mempunyai kuasa juga harta dan wang ringgit yang banyak.

Apakah kekurangan nya kepada lepasan ijazah yang lain? Mengapa mereka tidak boleh menjadi seperti KJ? Setidak tidak nya mempunyai harta dan wang ringgit yang banyak? Maka dengan ini, begitu jelas sekali bahawa untuk menjadi kaya dan berkuasa, sesaorang itu mesti menyertai UMNO. Dan sekira nya kriteria "connection" dan "cable" itu ada, maka amat mudah lah sekali menjadi pemimpin UMNO walaupun tiada sebarang rekod pencapaian yang baik.

UMNO akan musnah dan tidak relevan lagi sekiranya politik sedemikian tidak di benteras. Apakah, KJ boleh membentuk UMNO baru? membentuk UMNO yang boleh di terima oleh masyarakat Melayu? Dan menjadi tulang belakang BN? Begitu juga dengan Dato Mukriz dan Dato Dr Khir Toyo? Adakah mereka ini boleh memainkan peranan memimpin pemuda?

Persoalan nya sekarang adalah, UMNO memerlukan pemimpin pemuda yang benar benar ikhlas, jauh dari politik wang, politik cantas mencantas dan hanya berlandas kan perjuangan parti yang sebenar iaitu membawa pemuda serta melayu ke alaf baru, dimana kita boleh duduk sama rendah dan berdiri sama tinggi dengan kaum kaum yang lain.

Dahulu nya, pemimpin pemimpin UMNO sanggup bergadai harta benda milik mereka hanya untuk memajukan bangsa melayu, tetapi pemimpin UMNO sekarang hanya mementingkan kedudukan mereka dan kedudukan cronies mereka. Pemimpin UMNO bertambah kaya, dan rakyat bertambah miskin. Dan malang nya, mereka sudah lupa iaitu rakyat yang miskin lah yang memilih mereka dan menjadi kan mereka kaya raya. Oleh yang demikian, maka jaga lah kepentingan rakyat.

Wassalam

Dear Tun,

Warm regards and happy belated Eid Mubarak / Selamat Hari Raya.

I have come up with a theory in regards to "how to spot the bad guys from BN and anyone linked to them"

1. Watch their waist lines
2. Look for any signs if they have no jaw line

Perhaps you may like to start a topic in regards to how most BN members have become "healthy at the waist" in the last 4 years and beyond and have in return have caused many stirs in the media. Primarily Najib Tun Razak, Syed Hamid Albar, etc.

Hope you would give it some thought.

I thank you very much for this posting. I have been wanting to say the same for a while now, but of course we layman is no match for the brilliant Oxford graduate - so I did not bother to blog or whatever on it. We the layman only talk in coffee shops.

The fact that you said it, is like a fresh morning breeze blowing in my face...I feel so 'satisfied'. :)

On the other hand if such is the case, then there are probably too many not so intelligent people in UMNO ? What do you think Tun?

By pakmangAuthor Profile Page on October 7, 2008 12:31 PM

Dear Tun,

KJ characters are suitable in Malaysia politic and I believed because of his special "huha" characters he could last long and even could get further supports to contest for higher post in future. Furthermore, he will get more supports if DSAB announces not to resign tomorrow.

I have seen many politicians who are with honest characters cannot survive longer in their politic life! That is what happening to our country now.

I think you understand the mechanism of voting within UMNO better than some of the members here. I also know that your inference to your son losing the race is perhaps the knowledge that these control point (be it the Ketua Bahagian) is already in the hands of KJ.

Yes, cynically, I agree that KJ is a smart man. I was told that he has charted this course since his "bumping into" AABs daughters car. But I beg to differ, in the sense that an Education institution does not maketh a man.

DOWN with that power-hungry, NO-GOOD for Country khairy!!!

Looking at the somewhat UNINSPIRING leader choice for presidency, my choice would "have to" be:

Pres. "terpaksa" = najib.

The rest would be:

Timb. = muhyiddin

Naib = rafidah, tengku razaleigh, rais yatim

KP = mukhriz

MT = syed hamid albar, hishammuddin, ali rustam, shafie apdal, isa samad, mustapa mohamed, khir toyo, norraesah, shahrizat, zahid hamidi

Pilih PEMIMPIN MELAYU UMNO yang TULUS/BERSIH, BERANI, BIJAK & BERWAWASAN.

By Manusia Biasa on October 7, 2008 12:50 PM

Yang Amat Berbahagia Tun,

KJ is not prevented. Mukhriz is the one who being prevented to meet the Pemuda members. In some of Mukhriz's campaign programs, when I asked, where is the rest of our members, almost all of my close friends said that they are prevented to come by those who obliged to support KJ and Khir Toyo.

For KJ - You have already enjoy the benefit of being "son in law" of our PM and you have already indirectly headed Pemuda even now, when, Hishammudin is still the youth leader but what is happening in UMNO now?

For Khir Toyo - Don't put too much ex-this and that in your resume. The result of the general election is clearly showed that people reject UMNO. We do not want this to happen again.

For Mukhriz - You are the one that we are looking at. Very down to earth, clean politics, smart and excellent leadership quality

We love peace, we love unity and we love UMNO.

Salam Ayahanda Tun, it's me again with a very brief after thoughts on your latest snippets. You know, they say that the ancient Egyptians DID NOT move all those massive stone blocks as is - or has been widely assumed for ages. New findings in the chemical consistency of the stone blocks suggest that either they were all grinded out of one really massive mountain, or simply that the ancient Egyptians, being the highly civilized people that was way ahead of their time, had found a way to crystallized sands into stone blocks, and into any shapes or size they want - right on site. They had used some kind of solution that was a mixture of acid and fruit juices to achieve this bonding wizardry. Bringing this observation closer to home and our time, I wonder what makes Khairy Jamalludin so special that he could walk out of Oxford straight into the power corridors of Putra Jaya, get a job with the PM Office, score the boss daughter and practically printed his own millions. What-how-when-really? Was it a case of plain exceptional capacity or was it natural idiocy? You know Tun, come to think of it; I don't think the ancient Egyptians could confound me that much anymore. Who needs that much stone anyway when money could just be made to fall off the sky. I mean right Tun? Malaysia Boleh class?

salam Tun yang amat saya kagumi dan hormati

selamat hari raya buat Tun dan isteri

sepanjang ingatan saya semasa Tun dlm kerajaan (correct me if i am wrong)Tun tidak bawa anak atau menantu Tun dalam kabinet mahupun dalam MT UMNO.

KJ mungkin adalah sebab yang utama Pak Lah dalam keadaan sekarang dan saya rasa dia tak lah seteruk seperti orang yang saya ceritakan dibawah

saya masih ingat lagi semasa Tun umumkan Tun akan bersara di perhimpunan agung UMNO ramai berlari kepaad Tun di pentas dan memberi macam-macam komen kepada media tetapi selepas tak sampai setahun orang yang menangis kat pentas itu kutuk Tun itu saya tak dapat terima.

walaupun apa pun saya dan seluruh rakyat malaysia rindu dengan cara pentadbiran yang Tun lakukan dimana tidak ada rusuhan kaum seperti yang berlaku pada majlis rumah terbuka.

kalau boleh kami ingin Tun aktif balik dalam UMNO dan berikan tonik yang Tun ada semasa Tun jadi PM. akhir kata jaga diri Tun dan isteri Tun sebab Tun adalah kebanggaan seluruh rakyat Malaysia.

Semuga TDM seisi keluarga dalam keadaan sehat sejahtera. Saya berdoa' pada Allah agar TDM akan terus 'memimpin' Bangsa Malaysia dan Ummat Islam sejagat.

Sungguhpun KJ kuat lantaran menjadi menantu DSAAB dan kaya lantaran hasil projek 'sana-sini' tetapi jangan lupa KUASA muktamad adalah dari ALLAH SWT.

DSAI hampir2 menjadi PM tetapi Allah tak izinkan. Manusia merancang tetapi Allah menentukan. DSAAB mungkin ingin nak jadi PM 2-3 term tetapi terpaksa berundur 6 bulan dari sekarang. Sepatutnya dia dah undur 6 bulan sudah. Dunia sedia maklum bahawa DSAAB lemah dan tak terdaya menangani politik negara. Jangan cakap pasal OIC dan NAM lagi! Islam Hadhari pun tak terkendali!!

Kesimpulan yang boleh kita buat ialah DSAAB masih bertahan beberapa bulan ini untuk mengaut harta dan mengukuhkan kedudukan KJ. Sayang seribu kali sayang. Impian DSAAB untuk mewujudkan dinasti politiknya kian berkecai. Diantara sebabnya: DSAAB tidak lagi mengkota katanya untuk benar2 berkhidmat untuk masyarakat tetapi yang nyata mengaut harta untuk keluarganya.

Untuk PM yang akan datang ingat2: Raja Adil Raja Disembah, Raja Zalim Raja Disanggah.

Bagi menjamin masa depan dan keselamatan negara, pimpinan yang hendak dipilih mestilah bersih dari unsur2 rasuah, penipuan, pembunuhan, scandal seks, dan tidak berpendirian.

Perwakilan2 UMNO fikir2lah. Kuasa yang Allah beri pada kita pada masa ini boleh di tarik balik bila2 saja kalau kita tidak amanah, istiqamah, adil dan saksama dalam amalan hidup kita. PRU12 ialah satu amaran. Jangan tunggu sampai PRU13 sebab mungkin tidak kesempatan.

Saya berharap DSAAB berundur segera dan biarlah UMNO menentukan hala tujunya. Biarlah demokrasi benar2 wujud dalam UMNO sebab UMNO menerajui pemerintahan negara dahulu, sekarang tetapi belum tentu masa depan. SELAMAT MAJU JAYA.

Dear Tun,

Seriously, i don't care about UMNO as it is a party with too much emphasis on 1 race.

After 51 years independent, we are still harping on racial politic and i strongly believe our beloved country, Malaysia will never move forward and surely be fall behind vis-a-vis other developing countries very soon.

In fact we are so far behind singapore now.

We should look at 2 parties system now and never.

I was borne during malaysia independent year and it is no fun, we as non malay have to be victimized for almost 51 years. I accepted the reality but for how long we need to prolong this victimization.

Can't we (malay, chinese, indian and other races) live harmoniously together forever.

Why we have to say this is for you and this is for me.

Best regards to tun,

It really is amazing the amount of contempt and disgust this young man is attracting.

KJ should take a good hard look at himself in the mirror and figure out why this is so.
By Ezri on October 7, 2008 1:07 PM

I hate Khairy with a passion. He's a polarizing figure. He used to shout for Malay Supremacy, but now he's playing the other cards like racial equality.

I don't know about your son. Hopefully, he doesn't have your bad traits.

Salam buat TUN dan keluarga.

sebelum ni, kita semua pusing kepala memikirkan strategi politik Anwar Ibrahim, sekarang dok pikir plak masalah pemilihan MT.

Pendapat saya, suash dah nak cari yang betul2 ok. Rata2, semua punya kepentingan peribadi. Dah tu, kalau baca surat khabar, para pemimpin dok cakap dengarlah suara akar umbi. Depa sedar tak, ahli UMNO tu tak ramai, yang ramai bukan ahli. So, pandangan, pendapat mesti dengar dan lihat pandangan rakyat menyeluruh. Kalau yang naik, masyarakat luas tak setuju, hasilnya sama2 dapat kita lihat masa PRU 13 nanti.

Para pemimpin sekarang nampak sangat berebut kuasa. Masing2 kata nak buat perubahan. Sekarang, rakyat dah pakai otak. Kalau cakap tapi tak buat, sama macam orang gila jelah. Sekarang rakyat menilai macam mana hubungan dia dengan masyarakat. Macam mana kawasan dia jadi wakil rakyat. Kalau kawasan dia pun dok beterbaur, apalagi nak pegang negara dan lain2?

Malaysia akan hancur kalau berterusan begini. Tapi para pemimpin tak pikir, sebab depa dah kaya.

TUN betul tak??

KJ is here to rob rakyat's money. What KJ interested is to make quick money.

"5. I don't know whether people have heard about the thief who cried "thief!". Well the thief got away because people who are not very intelligent went chasing in the opposite direction. The highly educated thief then walked away with his booty."

This is a good one Tun. The "highly educated thief" may be able to FOOL the not very intelligent people, but definitely, he cannot fool us, the "highly educated rakyat".

Yeah, good luck to Khairy. Remember to use your own strength (if you have any), not your father in law's position! Please WALK THE TALK.

STILL, my SUPPORT GOES TO DATO' MUKHRIZ, a humble person.

May Allah SWT bless Tun and family.

By Das on October 7, 2008 1:22 PM

Dear Tun!

Another good one from you!

Khairy might have graduated from Oxford University and yes it (Oxford) is indeed a great institution! His behaviour, in no way, reflects the stature of that institution! His behaviour, since the March electoral tsunami which saw BN's worst defeat since Independence, has simply not taught him a lesson! Why should it? To start with, he was given his current "position" by virtue of the fact that he is AAB's son-in-law, period! This guy is, not only worse but even dangerous if elected and given an important role in UMNO, compared to Hishamuddin!!! Probably he saw too many Godfather movies during his stint at

Oxford!!!

Remember the last by-election in which he boldly said that BN has "come to bury Anwar?!!!" Who finally got "buried"?!!! Simply put, such arrogance has no place in today's civilised world!!!

I like to end this comment by telling you this, Tun, we need and need desperately the likes of you and Anwar Ibrahim to keep the checks and balances of the upcoming politicians before it spells "doomsday" in the coming weeks, months and if by God's grace, years to ensure that we have and get "quality" individuals to run this country!!!

Could'nt help but noticing that these 2 points....

"5. I don't know whether people have heard about the thief who cried "thief!". Well the thief got away because people who are not very intelligent went chasing in the opposite direction. The highly educated thief then walked away with his booty.

6. I say good luck to Khairi. You are brilliant and worthy of being a brilliant graduate of that great institution, Oxford University of Great Britain."

...are maybe inter-related. hmmm ...2 birds with 1 stone? Hik3... graduates from Great Britain mesti terasa nih.

Off topic sikit. May I?

Crude oil price is now below USD 90 per barrel. This shows how wrong was the government in reducing significantly the subsidies recently. Proper assessment were not made on the level of "expected future price" and maybe influenced by panik which shows how bad is AAB managing the economy. I'd say again that decision was very2 irresponsible of AAB. The damage has been done. Cost of living has gone up. People are suffering. AAB, your hari raya "maaf zahir batin" is not enough. Just pls go and if you are lucky, people will forget your misdeeds in few months time. GO!!

Best regards to you Tun and your family. Good luck to mukhriz!

Now that dad-in-law is not Finance Minister and soon to pass baton, his "own merits" may slowly crumble to crumbs.

Says the grapevine, "This is the man who wants to be the youngest Prime Minister of Malaysia".

Says the rakyat "Go get some REAL experience first, come back with white hairs of wisdom, then we'll consider".

I have always been a big fan of you. You are a thinker. A great one. Being compared to KJ.... he is uncomparable... I do agree he is brilliant... but not in the real context of being brilliant. To hold a high position as Chief of Pemuda, he must gain respect from others and become a true fighter for the UMNO. But i dont think he has such value. I do hope Mukhriz be given a chance to lead the PEMUDA as i can see he has got the intelligence which he inherits from you TUN.

Salam Tun dan semua...

KJ...KJ...pandai betul dia ni mempergunakan kelemahan org,lebih2 lg Pak mertua dia tu. Mulut dia ni mmg paNdai bercakap,,

KHAIRI JAMALUDDIN = SAMA DENGAN JE = ANWAR IBRAHIM

Saya rasa kalau buat perdebatan dia ni 2 org, susah nak pilih sapa yg menang.

Orang yng sokong orang yg mcm ni x pikir ke sebab dia nak berkuasa, pastu nak cepat plak naik...

Tapi biasa nya orang yang cepat naik dia akan mudah jatuh, so... apa lagi jatuh kan la dia sekarang sebelum lebih banyak perkara buruk akan berlaku kemudian hari. (Harap2 KJ akan kalah masa pemilihan nanti) Masa tu kita tgk la nanti apa tindakan yang dia akan buat.

Sekarang ni mmg banyak benda2 pelik berlaku, mcm kes Hindraf... ade ke patut si Hj Hadi bleh skong tindakan orang yg kurang ajar mcm tu x tau nak hormat orang. Walaupun saya x suka Pak lah tu tapi tindakan Hindraf tu mmg teruk.

Nampak sangat Hj. Hadi tu sama jugak x betul.orang mcm tu kita nak jadi ka pemimpin?, plezz....la,. saya rasa ramai kaum india yg x sokong tindakan hindraf tu, ni lain plak citenya, orang melayu plak yg menyokong.ish...ish...ish.. mmg dah x betul dah,.

Tun, bila nak masuk UMNO balik?

By AAK on October 7, 2008 2:06 PM

Commentors!

Please read between the lines. Tun is blatantly using sarcasm to get his point across! He does NOT think KJ is the best candidate but makes references to his dirty tricks and abuse of power solely based on his in-laws. Hatred towards to KJ is nationwide. And since we know how Tun feels about DSAB, you can tell this article is poking fun at KJ. The last sentence is not meant as a compliment but rather an insult that KJ is still an imbecile even with a reknowned but wasted degree!

AAK

Para pembaca,

Tolong baca dgn teliti artikel Tun ni. Tun sama sekali tidak menyukai atau mengiktiraf KJ. Sebaliknya Tun menggunakan kata-kata sinis/sarkastik untuk meyuarkan pendapatnya. Tun mengungkitkan cara kotor KJ

masuk kuasa, padahal tak pernah menang bertanding. TUn juga sebut KJ guna kuasa ayah mertua dia untuk naik dan biasiswa Oxford dia buat tunjuk tunjuk je. So, tolong jangan buat komen macam Tun suka KJ!

Yang Berbahagia Tun,

Pertama sekali saya ingin memohon maaf kerana komen saya dalam teks yang lepas agak keterlaluan sehingga tidak melepasi tapisan pihak Tun. Mungkin isinya kurang bernas dan kurang sesuai. Tapi saya lihat komen-komen yang lain langsung tak boleh membina, tapi disiarkan juga. Bagaimanapun, samada disiarkan atau tidak, saya merasa puas sebab mempunyai ruang untuk saya memberi pandangan.

Sebenarnya dalam memberi pandangan, kita tidak boleh dipengaruhi emosi. Jangan ada perasaan hendak mengenakan sesiapa atau hendak malukan sesiapa. Kita beri pandangan menurut fakta dan dengan rasional yang amat konkrit. Itulah yang saya lakukan.

Bercakap mengenai pertandingan merebut jawatan Ketua Pemuda UMNO Malaysia, saya rasa siapa pun yang bertanding mesti kena berkerja keras untuk menang kecuali YB Khairi Jamaluddin. Beliau telah mempunyai asas yang kukuh untuk mendapat jawatan itu andainya calon lain buat tak ambil kisah.

Saya berkata demikian berdasarkan beberapa faktor. Sebagaimana semua orang tahu, beliau menang jawatan Timbalan Ketua Pemuda dulu tanpa bertanding. Dan pengaruh tersebut masih menebal dalam

diri para pemuda yang lain terutama mereka yang telah berjaya dipengaruhi oleh orang-orang kanan beliau. Dengan kedudukan itu saya rasa beliau tidak perlu bimbang.

Lagipun Khairi adalah menantu Perdana Menteri. Semua orang tahu bahawa Perdana Menteri akan melepaskan jawatannya dan tidak akan mempertahankan Jawatan Presiden UMNO kali ini. Atas perasaan simpati dan sebagai mengenang budi sudah tentu ahli-ahli Pemuda akan berpihak kepada Khairi.

Latarbelakang Khairi pula semua sudah maklum bahawa beliau seorang yang genius lepasan universiti luar negara yang terkenal. Kebijaksanaan beliau sudah tentu tidak akan dibazirkan begitu sahaja. Ahli-ahli Pemuda sudah pasti akan berpihak kepada beliau kalau faktor ini diambil kira.

Dan alasan beliau dihalang berjumpa dengan ahli-ahli Pemuda UMNO hanya sekadar gimik. Tapi harus diingat, gimik demikian boleh meraih simpati pihak-pihak tertentu.

Jadi pada pendapat saya, calon-calon yang lain perlu lebih keras lagi berusaha memenangi hati Pemuda untuk berada di atas. Jika tidak, calon-calon ini hanya membuang masa sahaja.

Selamat berjuang kepada semua.

We have seen how Dolah has dug his own grave after getting the pivotal advice from KJ to call for the early 12th. general election in March this year.

Actually Dolah had about 2 years before the 12th. general election was due, and this length of time is very long, almost eighth times the 'gimme three months' which Dolah is begging now, for him to implement his so-called unfinished jobs.

But it's the brilliant advice which Dolah has no choice not to heed, after all this advice is from a brilliant person who graduated from the brilliant Oxford University of Great Britain.

After the meltdown of the Wall Street, I've made to learn that many American fingers are pinpointing to the almost all young CEOs with MBA, who are heading in the financial industry. These young CEOs in their late twenties and thirties are heading companies which have been operating for more than hundred years old.

The young CEOs with their computer wizard, sophisticated financial derivatives and what not they can create have baffled the oldies owners and directors of companies into believing that these youngsters are God sent with the touch of gold.

Similarly, the great KJ through Dolah has enlisted his group of youngsters, graduated from Great Britain

to head the government GLCs. Without a single day of experience in these GLCs, these youngsters are the CEOs, and they are commanding remuneration of nearly a million Ringgit per annum, and also million of Ringgit worth of ESOS. Recently, someone from the big GLC leaked to the press that his CEO got a 100% increase in remuneration, whereas the other employees who are the real backbone of the company got a 2% increase.

I still remember during Tun's tenure, GLCs were headed with CEOs in their fifties and sixties who were riched with diversified experiences, and they were paid as low as 20K, as compared to the current young CEOs drawing about 40K to 50K.

I pray that Malaysia would be able to cushion its economy, though it has been in the wrong hands since then....

Ayahanda Tun,

I grew up in UMNO, every year i would be following my parents to the UMNO assembly at PWTC.

It is so sad to see the state of UMNO nowadays. Do you think i should join UMNO and try to revive it or it is already too late ?

By ZACHARY64 on October 7, 2008 2:59 PM

aswb Tun & bloggers,

To be the BN youth leader, a candidate needs to demonstrate all round quality as a really qualified, competent, trustworthy versatile, and highly responsible leader. Yes, KJ has the qualification as others would also possess but that is not all as the rakyat & UMNO members are smart enough to evaluate the true hallmark of a natural leader.

I mix around with other communities and most of them said they don't really fancy KJ to be the youth

leader and our future country's leader. He has committed blunder before by saying that the other non-UMNO parties will take advantage if Malays are weak. In fact he was asked to apologise by other BN component parties and we do not not know whether he has done that.

I was told by an UMNO member who diplomatically said to KJ that people don't really fancy him to be the party's nor the country's leader. His remarks was that "IF people talk about me that show I'm very popular among people and they like me".

I hope that the Umno members would be objective enough to elect the real leaders soon.

KJ's political life would end, as quickly as it started, once the Flippin Flopper is kicked-out. Just watch him fall from grace, and I'm sure that the thud would be louder than that of Anwar Ibrahim. All those Youth guys who are running after his tail, particularly the likes of Mr.Mandela, would make an abrupt turn.
WATCH the drama closely or you'll miss the fun.

Salam Tun
KJ should be evaluated on his own.Please don't drag KJ with Pak Lah. Pak Lah is a gone case.Pak Lah has no record of performance. KJ should be treated separately although he is Pak Lah son-in-law. The same goes with Mukhriz. Both are aspiring young Malay leaders. Give them chances. I am sure Mukhriz & KJ can work together for the Malays and Malaysia.Long live KJ & Mukhriz !

Salam Tun,

" The highly educated thief then walked away with his booty."

The new UMNO leadership should not let this "thief" walk away scot-free. He must be thoroughly investigated, put through legal process then jail for long loong years. Or emulate the Chinese mainland law where corrupt individuals are shot dead and charge the bullet fee to Nori.

All ill gotten revenue from transaction in ECM-Libra, Agusta, Pantai, monsoon cup, commission for misleading the govt to his consultancy firm etc,etc,etc must be confiscated.

That's what I call " Berani Berubah ", what say you Datuk Mukhriz ?
By hakimjb on October 7, 2008 3:25 PM

Salam Tun, yet another great posting from you.

I wonder, what if point number 5 is discarded and you skipped from number 4 to 6? Hahaha....then this snippet will sound like you're supporting KJ!

After all, that's what the spin doctors would do..I'm just looking from their perspective.

For those who don't know you and your sarcasm well, point number 5 just doesn't make any sense to them.

NOTE: point 5. I don't know whether people have heard about the thief who cried "thief!". Well the thief got away because people who are not very intelligent went chasing in the opposite direction. The highly educated thief then walked away with his booty.

By jc on October 7, 2008 3:27 PM

Dear Tun,

To be fair to KJ, how many young people within UMNO you know that comes into politic to really champion the cause of the Malay and not to enrich themselves? Be honest.....!

KJ had the once in a life time opportunity to make it rich and powerful, who can blame him for not using all that connections and privileges. In the new UMNO generation and its money politic culture, anyone would do the same! It is just that he is more aggressive and more open about his ambition / greed!

I don't blame him, I blame UMNO culture!

Salam Tun, Selamat Hari Raya to you and ur Family.

PM and KJ are so selfish, they act blind to Malaysia situation. They should and have to step down ASAP. Enough is enough the damage had been done and it will take years to be repaired.

KJ, we know who you are, what you are. You might be an Oxford graduate however you are not true Malaysian. A Malaysian would really love to see the country in "PEACE" .

Assalamualaikum Y.A.Bhg Tun,

This is our first time providing comment on chedet.com. Our humble apologies in advance should our entry offend Y.A.Bhg Tun or readers.

We believe in substance and we hope the UMNO members would elect leaders with high integrity, intelligence and great values. Above all we need leaders who are not only smart, but has the right intentions in serving the rakyat. It is sad, many young leaders do not find integrity and accountability in being important.

Like many, we too almost lost faith in this country, and the direction its taking until I met you and Tun Siti in person during our recent open house, which refreshingly renewed our spirits and in saying "kami anak watan Malaysia".

Assalamualaikum dan Selamat Hari Raya Aidilfitri Tun,

Pertama sekali saya bersetuju dengan pendapat Tun.

Memang betul dia menantu Pak Lah. Memang betul dia Timbalan Ketua Pemuda UMNO. Tapi siapa Khairy ni??? Dari lubang mana dia datang. Belum kering lagi dakwat pen Pak Lah menandatangani watakah perantukan sebagai Perdana Menteri tiba-tiba kelibat budak ni terus membuka langkah silat dalam arena politik tanahair.

Tanpa apa-apa latarbelakang politik beliau menang jawatan Timbalan Ketua Pemuda tanpa bertanding wah sungguh ajaib. Dari sini kita boleh lihat pengaruh sebenar Khairy dalam politik tanahair. Seperti biasa kaki ampu dan kaki bodek dalam UMNO terus memberi sokongan yang tidak berbelah bahagi terhadap beliau.

Setelah memporak perandakan politik tanahair yang menyumbang kepada beberapa kekalahan BN keatas beberapa buah negeri kini beliau sedang menyiapkan diri untuk bertanding jawatan Ketua Pemuda pula.

Yang pasti ahli UMNO yang senior perlu melakukan sesuatu bagi membantutkan hasrat budak ni nak meneruskan cita-cita beliau. Tak payahlah nak bodek dan ampu lagi. Bapa mertua beliaupun tak lama lagi akan pencen. Tolong lah fikir nasib rakyat dan negara.

Saya juga nak komen pasal tindakan HINDRAF yang menghadiri rumah terbuka aidilfitri Pak Lah baru-baru ni. Apa sudah jadi?? Yang pasti dari kejadian tersebut jelas menunjukkan tiada siapa yang ada rasa hormat terhadap Pak Lah. Memang tindakan HINDRAF tersebut biadap sehingga pemimpin tertinggi negara boleh diperlekehkan sebegitu rupa. Tapi ada tindakan yang diambil. Hanya sekadar teguran manja. Mana dia Khairy yang jaguh dalam semua hal?? Mana dia pemimpin UMNO yang menjulang keris untuk mempertahankan pemimpin mereka??

Kesimpulannya, UMNO memang berada dalam keadaan nazak sekarang. UMNO tidak dapat membela pemimpin sendiri apatah lagi nak membela nasib rakyat dan orang melayu khususnya.

Sekian. Wasallam

Salam Tun,

This is the first time I ever commented in your blog and the first in any blog for that matter. To tell you the truth, I was born on the same date as your birthday, 20/12 and on the same year you were assigned as the PM of Malaysia. I was raised under your ruling days and guess what, life was totally different today compared to the old days. Though it is too much for me to ask you to sit into the same position as before but I still hope you will still be there when Malaysia needs you.... I totally agree with your points, It sure is hard when you're dealing with a thief with brains rather than a 'burglars with no brains'. To all PEMUDA, "BE BRAVE AND RIGHTEOUS TO CHOOSE WHAT IS RIGHT AND THE BEST FOR OUR BELOVED COUNTRY NOT FOR OUR OWNSELF". May god bless you always...

Khairi as in his aspirant is to be the youngest Prime Minister. But unfortunately the wind has blown in the other direction. His foundation of his stepping stone is weakening in Prime Minister himself and thus his goal to move on to that level of glory has been bounded.

I am proud to say that many of our good politicians may have the connection but still play on the part of deed, working on the grassroots to meet the people need and attention, achieving their position in the current government ground because of the support they have made from the people and community.

We salute those deeply play their game by working not by connection and biasness of the leadership. The ability also to differentiate what is good and abuse to the community and overall publics of Malaysia.

We welcome your son Tun, to contest Khairi for the position. Since Tun have already done so much for the country Malaysia in this quarter decade. People will adore similar contribution by your son in the similar manner of presentation. We believe too that your son will able to have the similar charisma, dynamism, marketing and passion for the people of Malaysia. We believe son will learn a lot from their natural father in managing the government when the time due.

What does Khairi learn from his own biological father that is what we are wondering?

Have a wonderful post Hari Raya celebration Tun!

KJ menceritakan apa yang beliau rasakan bukan kerana emosi. Didalam hal ini ada kebenaran seperti apa yang diperkatakan oleh KJ seperti apa yang dialami oleh MM. Bukan saya yang kata tapi MM yang kata.

Biasalah memang ada kesengsaraan sekiranya ada perlawanan dan ada yang menang dan ada yang kalah. Walau bagaimana pun kalau kita nak kaitkan KJ dengan Pak Lah ini beerti kita mempunyai prasangka jahat kerana kita telah melibatkan orang lain. Dalam hal lain biarlah mereka berjuang dengan cara mereka masing-masing kerana tujuannya hanya satu untuk agama, bangsa dan negara.

By yunos on October 7, 2008 4:11 PM

Salam buat ayahanda Tun Dan Bonda.
Selamat hari raya ampun maaf zahir dan batin dari saya kepada keluarga ayahanda Tun

1. Kami semua (Saya dan semua staff) bergitu gembira apabila ada berita yg akan diumumkan secara resmi pada 9 sept atau sebelum. Ini ada kena mengena dengan pengunduran Pak Lah dalam Pentadbiran UMNO.

2. Kami gembira bukan kerana benci atau tidak suka Pak Lah tetapi mengharapkan pengganti baru nanti mempunyai kewibawaan, kekuatan dan matlamat yg jelas memajukan bangsa melayu, memacu ekonomi negara, mengerakan perpaduan rakyat malaysia, mengangkat dan memuliakan agama islam, merencanakan ekonomi dunia dan terakhir mengamankan dunia.

3. Kisah Khairy @ Pelesit ini sudah menjadi bualan seluruh rakyat Malaysia dan bukan menjadi bisikan ahli UMNO saja. Melayu, Cina, India dan bangsa lain telah menjadikan KJ sebagai Lawak jenaka dan contoh yg tersepit didalam perjumpaan / bualan. Kalau ahli UMNO masih ingin jua nak memilih KJ..... Bagi lah jawatan Pemeriksa Kira Kira atau Timbalan pengerusi tetap. Bukan penghinaan tetapi sebagai 'penghargaan' untuk ahli UMNO yg 'berjasa'

4. UMNO terlalu banyak berjasa kepada bangsa, agama dan negara sehingga KJ dan kawan kawannya

tidak nampak akan perjuangan asal (Basic). Kalau nak disenaraikan secara ringkas menggunakan "satu rim kertas A4 500 pages".....confirm tak muat (Tak cukup). Sehingga KJ terlupa akan adab,tatasusila,bunga silat,kata pembuka,jelingan manja,duduk bersila.....Cukup untuk seluruh ahli UMNO yg sayang pada parti mengizinkan dia megingatkan segala kesilapan dan belajar dari sejarah.Semoga keturunannya tidak mengikuti jejaknya.

5.Kurang ajar boleh kalau bertempat, Berani boleh kalau berasas,bersungguh2 boleh kalau untung dan menagis boleh kalau bertaubat.Cukuplah habuan dan hadiah yg diterima setakat ini.....cukup untuk memahami UMNO terlalu berjasa dulu, kini dan selama lamanya.Akan menjadi sejarah besar bagaimana seorang menantu perdana menteri melampaui kuasa PERDANA MENTERI.

Sekian terima kasih

Dearest Tun,

Nak komen pasal hindraf ni atau apa-apa yang sewaktu dengannya, yang suka mengganggu orang lain, tak tahu hidup dengan aman, menyepoi majlis orang dan jika ada mereka berhampiran gerun juga, walau pun mereka 2-3 orang saja..

Mungkin first thing jangan advertise, announce banyak sangat pasal mereka. Agaknya suka publisiti murahan, anything to emphasis a point. Juga bertambah ramainya golongan mereka yang suka buka kes sana sini, saman dan tak payah cakaplah, lihatlah kebanyakan lawyer pun dikalangan mereka. Every other day ada saja lawyer2 ni bercakap, kes Islam pun nak lawan. Juga the pillai dalam lama blog Tun ni.. sama saja. Hari ini ada kes polis lagi, belit fakta, konon pergi beraya nak bersalaman dan bermaafan.. Betullah peribahasa Melayu tu..

Mungkin mereka kena balik ke Negara asal mereka, fight for the rights that should be abolish there, seperti sistem kasta yang menebal di sana, women's right yang langsung tidak berganjak dengan dowry yang tinggi. Itu akan lebih mendatangkan faedah yang menyeluruh, menaikkan ekonomi dan martabat bangsa dan Negara asal mereka seperti gambar pemimpin yang mereka julang untuk kumpulan mereka..

And true, Malaysia is not only for Malays but for those who appreciate the country with no foreign influence.

Masih terasa sebak semasa bersalaman raya hari Ahad lepas. Mujur tiada hindraf di majlis tersebut..

Salam untuk Tun sekeluarga.

By mantoba on October 7, 2008 4:21 PM

Salam TUN.

Terima kaseh kerana menulis serba ringkas akan perihal si KJ.

Ini sesuatu yang perlu buat ingatkan kepada ahli UMNO seluruh nya akan siapa si KJ ini. Dia bukan sekadar menantu PM. Tetapi adalah seakan2 kembar Anuar Ibrahim. Kerektor nya amat mencurigakan. Suatu ketika dulu UMNO dibayangi Anuarism. Kini lahir pula Khairism.

Si KJ ini punyai stail yang agak sama dengan AI untuk menakluki UMNO.

Wang di jadikan modal untuk membeli kuasa. (Pemuda paling kaya Malaysia lah katakan)

Segelintir pemimpin UMNO pula tu sedia mengorbankan maruah diri demi wang dan pangkat untuk menjayakan cita2 KJ.

Kita telah pun melihat dan belajar dari sikap rakus AI sehingga Malaysia hampir tergadai. Cukup lah sekali itu. KJ mesti ditolak.

Tidak ada apa kekurangan nya UMNO tanpa KJ. Hanya mengundang mala petaka jika dia punyai kuasa.

Kemana juga kita pergi disetiap pelusuk negeri, rata2 rakyat telah melihat apa yang telah KJ lakukan untuk menjayakan cita2nya. Untuk mengaut segala kekayaan negara untuk dirinya. Semua dilakukan dengan jelas dan terang2an. AI maklum lah Pak mertua nya PM.

Ahli UMNO mesti lebih waspada akan kelicikan si KJ ni kalau mahu melihat UMNO berdiri teguh semula dan mendapat sokongan rakyat.

Tidak ada rasa simpati lagi pada Pak Lah. Cukup lah apa yang telah dia anak beranak lakukan pada UMNO dan negara.

Doa untuk kejayaan anakanda TUN Datuk Mukhriz sebagai KP. InshaAllah.

Unfortunately, these people are not in the position to vote for the posts. In fact, we suspect at least half if not more are not even UMNO members.

So despite their undying enthusiasm, and your blog's popularity, we can only watch in vain as people like Mat Taib and Zahid Hamidi and Adnan Yaacob continue to disregard their voices.

salaam..

walaupun mmg semua org sedang memperkatakan perihal kepimpinan melayu tapi pada pandangan saya, selagi melayu terlalu bergantung pada pemimpin, selagi itu siapa saja yg berada di atas tidak akan membawa perubahan banyak kepada yg dibawah, jika melayu tidak diasuh dan dididik menjadi dinamik dan progresif.. selamanya melayu hanya akan menjadi pak turut jika tiada pemimpin yg mengambil inisiatif untuk mencuit minda dan menyentuh naluri melayu supaya berubah..

400 tahun lebih dlm penjajahan, malah beratus tahun sebelum itu dihujung telunjuk raja yg bersultan di hati, telah menjadikan melayu totok dlm tradisi mudah dimanipulasi dan mengikut secara membuta tuli..

apa yg berlaku dlm umno hanyalah pertelingkahan peringkat tertinggi kasta melayu.. saya belum dapat menelaah sebesar mana impaknya pada kasta2 rendah melayu? sejak zaman berzaman umno telah meneruskan tradisi 'konon' membela melayu, dan walaupun terlihat sedikit kejayaan dalam merealisasikan kelas menengah dan sederhana dalam kasta ekonomi tanah melayu, fokus perjuangan sudah semakin kesasar..

org melayu berhantuk kepala dan berkerut dahi memikirkan calon pemimpin seterusnya, tetapi berapa ramai dari melayu di kampung2 yg benar2 menyedari peranan sebenar mereka sebagai seorg melayu? kita tukar pemimpin, dapat pemimpin yg agak baik sikit, setelah itu kita tidur terlentang dan duduk terkangkang semula, kita balik ke dalam kepompong 'selesa' kita.. perjuangan selesai.. seterusnya sudah bukan lagi kita yg harus memperjuangkannya..

selama mana melayu harus berada dlm situasi begini? perjuangan bukan sekadar menyokong2 kerana sentimen dan emosi.. bukannya amal yg terbaik itu dengan ilmu? ilmu itu sesuatu yg kita kaji, bukan sekadar mengikut2 dan mengiyakan apa saja perkataan org yg kita sanjung..

dan kalo boleh memohon permintaan, janganlah blog tun ini sekadar menjadi medan menjawab pertuduhan dan menyuarakan amarah politik sahaja.. saya tahu tun boleh buat lebih baik dari sekadar menjadi 'one grumpy old man'.. bukan sekadar menjadi seorg lagi blogger politik..

arakan lebih bernilai dan menjadi pusaka pada org melayu, jika tun menulis dalam blog ini tentang bagaimana org melayu boleh kembali menjadi suatu bangsa yg hebat.. bagaimana seharusnya org melayu bersikap dan bertindak demi kebaikan org melayu sendiri.. bagaimana org melayu boleh berdiri sama tinggi dan duduk sama rendah dengan bangsa lain.. apa visi sebenar tun ketika berkisah tentang wawasan 2020..

wallahualam..

Assalamualaikum and selamat petang.

Its the 7th day of Hari Raya Aidilfitri so I guess its not too late to wish YAB Tun and Bonda Tun Siti
Hasmah SELAMAT HARI RAYA AIDILFITRI, MAAF ZAHIR BATIN.

I am not an UMNO member, not yet, not until YAB Tun rejoin UMNO. My parents are both staunch UMNO
members through and through. Having said that, my heart bleeds at witnessing what is happening to
UMNO that was once the pillar of strength to BN and is now crumbling.

The leaders seems to be too preoccupied with jostling for posts in the coming General Assembly. Just
look at the number of aspirants vying for the No 2 post, VPs and Supreme Councils Members. Of course,
not forgetting the post for UMNO Youth Head....

Its like a circus out there. Politicians like to say that democracy is alive when there are lots of competition,
but look at the number of candidates for the no 2 and the VP posts. Gosh, it seems that everybody in
UMNO wants to be there or thereabout! Yeah, position means power and power means wealth.....

For the sake of UMNO in particular and the nation in general, I am appealing to those people who will be
attending the UMNO General Assembly, to use your BRAIN and vote the right candidates to lead our
nation. DO NOT PUT THE WRONG PEOPLE AT THE RIGHT PLACES!

Satu penterjemahan bahasa yang amat menarik TUN tuliskan buat SI KJ tu. Saya amat kagum akan gaya penulisan TUN. Walaupun ringkas tapi padu dengan isi.

Harap2 perwakilan UMNO faham apa yang TUN perelaskan disini. Cukup2 lah membodek Pak Lah tu.

Don't worry too much. God is great and he knows who is good and bad.

Your son should know what he needs to do and what to do. You have done more than what a normal father would have done. Have faith in your son,and I do hope your son wishes will be granted on that day.

Good man wins and eventhough there may be upset but then , the repercussion is always quick and swift.

I don't normally disagree with your viewpoints but in this instance, I think KJ is far more intelligent than many others. I think he is the answer to DSAI. Both these characters are smart thinkers but DSAI has far more experience in fooling around and making fools of others.

KJ is still learning a few more tricks of the trade and given a bit more time, he should succeed.

KJ is the exact replica of DSAI when the latter stepped over many shoes during his hey days.

I'd give KJ a chance to prove his mettle. All this while, he's been judged unfairly.

As far as Mukriz goes, I guess he stands a very minute chance if at all, because of his open criticism of the current administration.

Just my 2 sen.

My dearest TDM

God forbids if KJ and his goonies become the reckoning of the political changes in UMNO.

UMNO will be completely "washed out" in 60 seconds..together with our economy.

The Sign On The Front Entrance Of The Government "Think" Tank Above The PM's Office Clearly Reads:

"CAUTION - THIS SEPTIC "TANK" IS FULL OF POLITICAL EMPTY PROMISES & CROOKED POLITICIANS"

Ayahanda Tun sekeluarga, assalamualaikum.....

Kepada pemimpin dan bakal pemimpin, jawatan yang disandang itu perlu digunakan untuk kesejahteraan rakyat bukannya untuk kesejahteraan pihak - pihak tertentu sahaja. Salah satu golongan yang awal masuk syurga ialah pemimpin yang adil. Kepada Datuk Seri, Tan Sri, Datuk, Dato', YB dan sebagainya, pastikan anda berada didalam golongan ini. Anda mampu mengubahnya. Inshaallah

Salam Tun sekeluarga,

Brilliant article to say the least and overdue to.

To the brilliant KJ;

LIMAU PERUT
DUA SERANGKAI
BUTA PERUT
TAK DAK AKAI!

What would it take to convince this fool that we "the people" don't want him around?

Kami semua pun pi sekolah jugak .. tak la masuk Oxford tapi tak la bodoh.

Never underestimate the anger of the people .. regardless siapa Pak Mertua hang!

To DSAAB; Why do you refuse to listen to the many advises that was made to you by your close friends regarding your family members?? Depa nih yg dok pelingkup.. a leader must first learn to listen (then again, you can't even stay awake!). Hence the legacy that has already been written. There is not turning back .. do yourself a favour and step down gracefully.

We need a new leader and not a new party.

Hidup UMNO!

Hullo Tun,

Here's the new version of Rasa Sayang song....

Rasuah sayang eh
Rasuah Sayang Sayang eh,
He lihat Pak Lah tidur
Rasa sayang sayang eh,

Budak mongolia di luar pagar,
Ambil C4 tolong bombkan,
Saya budak baru nak mengajar,
Kalau salah you duduk diam-diam.

Rasuah sayang eh
Rasuah sayang sayang eh
Eh lihat Zam bodoh rasa sayang sayang eh

Zainuddin kita nak marah al - jazeera,
tapi sendiri tak berpengetahuan,
Mungkinkah belajar dari Mara,
Kerana jawabannya macam ketam.

Rasuah sayang eh
Rasuah sayang sayang eh
Eh lihat parliment rasa sayang sayang eh

Parlimen kita macam zoo negara,
Penuh dengan banyak binatang,
Ada beruk, monyet dan kera,
Kalau pergi sana bawalah kacang,

Rasuah Sayang eh
Rasuah sayang sayang eh
Eh lihat rempit jauh rasa sayang sayang eh

Khairy kata rempit sangat terer,
Mereka ialah mat cemerlang,
Otaknya sekarang entah mana,
Mungkin nak jadi rempit di longkang.

Rasuah sayang eh
Rasuah sayang sayang eh
Eh lihat bola kita jauh rasa sayang sayang eh

Dulu kita main bola peringkat antarabangsa,
Sekarang main macam ketam,
Kalah 5 - 1 kepada Cina,
Semalam pula kalah kepada Vietnam .

Rasuah Sayang Eh
Rasuah Sayang Sayang Eh
Eh lihat Indonesia jauh rasa sayang sayang eh

Rasa sayang milik Indonesia
Malaysia kata mereka punya
Otak engkau lagu ini milik kita
Kita punya Rasuah sayang sebenarnya

Rasuah sayang eh
Rasuah sayang sayang eh
Eh lihat polis jauh rasa sayang sayang eh

Bila nak tiba hari raya
Polis kita merata rata
Muka mereka semacam saja
Bagi IC dan ringgit Malaysia

Rasuah sayang eh
Rasuah sayang sayang eh
Eh lihat Pak Lah tidur rasa sayang sayang eh

Air di Johor melimpah limpah
Pak lah beli rumah di Australia
Bila Mahathir kita marah
Dia kata rumah itu orang lain pula.

Rasuah sayang eh
Rasuah sayang sayang eh
Eh Malaysia hancur rasa sayang sayang eh

Kudos to the composer!!!

Cheers Tun...God Speed.

My dearest PM (How I wish you still were).

I would like to quote what Sir Winston Churchill once said:

"The greatest lesson in life is to know that even fools are right sometimes"

BUT in this very country...it is said: "Fools are being fooled all the time"

Food for thought....cheers.

Salam Ayahanda Tun. This is by far my favorite topic on your list of blogs. This is already my fourth take at it. But Tun, you missed to mention about the part where the Oxford boy borrowed a few millions "on paper" from a few ECM Libra friends, then hanged on tightly while reciting a few Hindu chant (I meant no disrespect to all my Hindu friends) vehemently and poof! Its now real dough! This is the best fairy tale story that I know Tun. You should have made a mentioned of this too. But I guess we'll take your rain check on it.

Dear Tun..

i heard a rumour before.. KJ is not from the Oxford University but college Oxford jer.. somewhere in the same place.. hihi.. ala-ala kolej universiti if in malaysia... i dunno whether its true or not.. but i think its worth the checking...

however, if he is a true oxford grad pon, then i will say he "tumpang" the name only.. but not the quality.. very sad indeed!!!

if to check KJ background, he is a son of a diplomat, he been overseas all his life.. so i think that why he seem "foolish" about malaysian politic.. since he never truly live in Malaysia.. and never absorb malaysian way of thinking && our lifestyle.. very sad again!!!

SELAMAT HARI RAYA KPD TUN SEKELUARGA SEMOGA DIBERKATI ALLAH HENDAKNYA. Tun, terkilan rasanya kerana tak sempat mengunjungi rumah terbuka Tun baru-baru ini. Insyaallah kalau umur panjang di tahun hadapan kami sekeluarga dapat bertemu dengan Tun. Tun, Semua orang tahu itu hanyalah tektik KJ untuk meminta simpati ataupun ada helah disebaliknya. Harap-harap hajatnya tidak kesampaian. Orang macam KJ tu TIDAK BOLI di jadikan ketua. Hanya mementingkan dirinya sendiri. Saya percaya kebanyakan ahli UMNO sedar siapa KJ, Pak Lah N Family tapi tidak terdaya disebabkan ketua-ketua mereka di kaburi oleh wang ringgit. They have no SAY. Saya sekeluarga akan selalu berdoa semoga MUKRIZ akan diberi peluang. AMIN. Salam dari kami sekeluarga.

Dear Tun,

Id like to direct your attention to zyan's comments- simple but it cuts quite deep... We are all distracted by the theatrics from Ibnu Badawi's household... The real losers are the people... the poor, the middle class who has fallen into the middle class trap- unable to improve financially under the pretence of reducing productivity in governments sector (what productivity?).. and lets not forget the children, hmmm, what would they make of it...

The premier is deluded and misguided, distracted from his responsibilities- ' give me till march next year- i still have a lot of unfinished altruistic businesses to attend to'.. the man's been in power for 5 bloody years and what we saw was economic regression with total government hijack profiting only a few and knows not the people's want and pain....

The state no longer has power... the government is spiralling out of control manouvered by a blind commander... the premier is unregulated, incompetent and weak...

if umno does not get a full, i mean complete revamp, for the good of the country needs to admit defeat.... the later government whoever they are needs to start reviewing finances of the current operators, freeze and seize assets and punish these individuals....

Malaysia is a rich country... unfortunately, there are too many sinks and flush is on constant....

By dlgeppita on October 7, 2008 8:24 PM

YBHG TUN,

Ada bermacam khabar dalam hiruk pikuk kempen pemilihan dalam UMNO sekarang ini. Ada yang kata KJ curah ongkos beratus ribu satu bahagian. Jumlah kesemua bahagian yang depa dok selalu kata lebih kurang 122?

Apa pun, jika ada mana-mana ahli UMNO pada hari ini yang masih menyokong KJ untuk kekal sebagai ahli UMNO sahaja, maka bolehlah dicadangkan untuk ahli tersebut berjumpa doktor pakar sakit jiwa. Jika tidak penyakit ini akan jadi satu penyakit yang merosakan seluruh UMNO dan bangsa melayu.

TUN. keep on commenting. Loud, clear and precise. This is the only way to educate the twisted minds of the malays.

May God be kind enough to maintain your strenght, health and powerful thinking mind for the benefit of all.

Tun,

Semestinya KJ sedang dalam kerunsingan. Tekanan dari bawah bertambah kuat, kekuatan yang di luar jangkaan KJ sendiri. Peralihan kuasa yang sepatutnya 2010 dan di tekan supaya dipercepatkan, sesuatu yang KJ sendiri tak jangka dan bersedia. Semestinya KJ ada plan A dan plan B, tapi dia takde plan C kerana tak sangka orang akan berani menekan tarikh peralihan kuasa yang ditetapkan sebelum ini.

Bila semua ini berlaku, kelam kabut lah dia nak buat plan C yang mana dia terpaksa tunduk mengadap dan menggali mencari akar umbi. Mungkin bukan nya disekat tapi mungkin orang kurang berminat nak jumpa dia agaknya. Mungkin mengadu disekat semata2 nak menagih simpati atau sokongan dari orang atasan yang terhutang budi pada bapa mertuan nya.

Bila tekanan tentang peralihan kuasa meningkat, dia mula sedar "trick" dulu dah tak boleh pakai. Keluarkan kenyataan terbaru bahawa kedudukan nya untuk bertanding bukan dari pengaruh oleh sesiapa pun. Dah semeti nya la... sekarang ni plan C tak boleh bergantung pada "father-in-law" la....

Maka nya, bila ada pertandingan barulah kita lihat kekuatan sebenarnya. Beringat lah bahawa orang boleh kata lain depan kita tapi pangkah yang lain bila tiba masa nya. KJ pun sedia maklum lah kan tentang itu semua.

Selamat mencuba nasib buat saudara KJ yang berhajat.

WASSALAM Tun.

Dearest Tun,

I wish my father-in-law is a Prime Minister like KJ. Then I am sure to be able to save some money for my old age. I am not a greedy man. Just a couple of billions US dollar should be enough for me. Since US dollar is getting a beating now, lets make that a couple of billions Euro. Ah... that's more like it. Anything more than that I will let my other comrades make. They too need to save some money for their old age.

Being the son-in-law of a PM have a lot of advantages. When I buy things, I don't have to pay in cash. Being the son-in-law of the PM, I can buy cookies and pay 30 days later. It's the norm.

When I need to use money to do business, because my father-in-law is the PM, I don't have to use my own money. I can easily get loans from banks. Because I am the son-in-law of the PM, I do not need to put in any colateral or bring along a guarentor. If the business makes money and if I play my cards right, I

may not even need to return the loan money to the bank. That way, the bank money becomes my money and the profit is an additional bonus. Its amazing how the money keep pouring in when your father-in-law is the PM. If the business turns up flop, its okay. Its not my money anyway.

Being the son-in-law of the UMNO president is really fun. I will definitely get nominated for one of the highest seat. I don't need to campaign or get support from my compatriots. That's for sissy. Real man just need to marry the right girl. The rest will be history.

Ah ... How I wish AAB had another daughter. Then my life will definitely changes for the better.

May God bless Tun with best health always.

Salam Tun & Sahabat

Jikalau hendak di ikutkan pengalaman, memang saya tidak mempunyai pengalaman dan selok-belok untuk berpolitik. Pengamatan saya adalah berdasarkan apa yang saya lihat dan dengar.

Budaya memilih pemimpin di Malaysia sejak dari dulu hingga sekarang dari pengamatan saya

a. berduit.

Memang ini kriteria utama. Boleh bawa org makan, minum dan melancung jika perlu. Dari dulu kita dengar ahli UMNO (akar umbi/orang kampung) di bawa ke Medan, Jakarta dll.

b. keturunan pemimpin

Keturunan ini sudah berduit. Maka dengan pengaruh Datuk/Nenek/Bapa Mertua akan menguatkan lagi akar umbi (org kampung) untuk memilih "the higher class". Lihatlah cara memilih pemimpin di kalangan umat Melayu di Malaysia ini. Tambah-tambah lagi di dalam UMNO. Lihatlah generasi Najib dan Hishamudin dan sekarang KJ. Bagaimana umat melayu terlalu taksab memilih org yang mempunyai darah berketurunan pemimpin walaupun banyak mempunyai masalah peribadi.

Saya tak ingat tahun bila, tetapi semasa Tun menjadi PM, sudah bermula budaya masuk untuk menjadi pemimpin UMNO, budaya membeli peluang untuk hadir ke dalam Dewan PWTC, budaya untuk berada disana untuk "distribute" namecard dan budaya "negative networking".

Inilah yang dinyatakan oleh sahabat saya apabila saya bertanya kenapa dia ingin menjadi perwakilan ke perhimpunan. Tidak susah untuk di pilih, maklumlah dia mempunyai ayah sebagai ketua bahagian, yang juga ahli majlis daerah, juga mendapat banyak projek dengan majlis daerah. Bayangkanlah betapa mudahnya mendapat "bantuan" kewangan apabila mempunyai jawatan. Usahawan Melayu bunyinya

Ini bukan salah siapa. Salah org Melayu juga. Kita beradat tak kena tempat. Bertekak tak kena gaya. Berdengki tak kena sebab. Tamak tak ingat dunia.

Ingatlah Hindraf dah mula keras kepala. Melayu dah tak tentu hala. Sibuk nak jadi pemimpin.

Kepada yang memilih - janganlah memilih dengan sebab-sebab diatas
Kepada yang ingin menjadi pemimpin - gunalah kelebihan yang diberikan untuk perjuangan abadi bukan perjuangan untuk perut sendiri

wassalam

Besides Khairy, there is another warrior - the Pahlawan who was the protector to Dollah Badawi when Rafidah Aziz and a few others with enough backbone had told off the clueless Umno president and Prime Minister at a recent supreme council meeting.

And now, Tan Sri Dato' Seri Pahlawan Haji Annuar Musa wants to be ... Umno Vice- President Here is his SMS to the Kelantan Umno divisions:

Dgn rendah diri saya Pohon diusahakan beberapa bhg mencalonkan saya naib presiden...mewakili pantai timur dan 5 negeri di bawah pembangkang

Layak atau tidak mamat-mamat macam Annuar Musa dengan Khairy ni? Or is it because of this type that Umno has become what it is right now?

Salam Tun,

KJ hanya berlakon sahaja sekarang ini kununnya dia tidak dibenarkan berjumpa akar umbi. Sebenarnya dia sudah pun menanam modal dengan memberikan kontrak2 yang besar kepada pengikutnya sebagai balasan mereka akan memilihnya nanti.

Orang2 kanannya pula sedang mengejar penerima2 kontrak ini bagi memastikan mereka memilih KJ nanti, jika tidak kontrak mereka akan dibatalkan. Orang kananya yang kuat boleh bercakap tamil pula dah melobi diperingkat putera lagi. salah sebuah negeri yang telah KJ pasti akan mengundinya nanti ialah kelantan.

Fikir-fikirlah wahai bangsaku....

Salam Tun dan pembaca budiman

1 Hendaknya esok 8 Okt 2008 terlepaslah satu liabiliti besar kpd UMNO apabila pm kita tercinta membuat pengumumannya.

2 Kalau benar begitu, maka bagaimana pula untuk membuang satu lagi duri dalam daging kpd UMNO, KJ. Jawabannya mudah perwakilan tak perlu bagi undi kpdnya dalam pemilihan KP nanti, selesai masalah.

3 Namun tidak semudah itu untuk perwakilan tidak memberi undi kpd KJ kerana ada faktor lain lagi yang memihak kpdnya -WANG.

4 Saya teringat akan kata-kata golongan peniaga(Cina)kepada pihak penguat kuasa(UPP, Kastam,Imigresen,Polis, JPJ,Majlis Perbandaran)(Melayu)-"SELAGI LEMBU MAKAN RUMPUT SELAGI ITULAH KITA BOLEH NIAGA". Ertinya selagi perwakilan sanggup menerima rasuah selagi itulah KJ pasti menang. Jadi awas perwakilan sekalian, jika anda sanggup menerima rasuah maka anda sebenarnya LEMBU(berupa manusia)

5 Saya tidak aktif dalam kepartian tetapi saya sentiasa mengambil tahu akan apa yang berlaku dalam senario politik negara kita.Saya dengar terlalu banyak cerita tentang KJ ni.Tak tumbuh tak melata, kalau tak sungguh maka orang tak kata.Maka, saya berkesimpulan ada antara cerita buruk tentang KJ itu benar, walaupun tidak semua.

6 Saya tidak aktif dalam politik, tetapi saya turut tertanya-tanya bagaimana seorang yang baru dlm politik,tidak pernah dikenali pun, tidak ada sebarang rekod pun, boleh menang tanpa bertanding dalam pemilihan NKP. Jawaban pasti baru saya terbaca dalam apa yang ditulis Tun dalam bicara ringkasnya di atas.

7 Kepada KJ ter'cinta' undurlah sebelum anda merosakkan negara ini dengan lebih meluas lagi. Kalau Tn YB KJ hendak teruskan jugak biarlah bukan atas nama UMNO, tetapi atas nama PKR ke apa ke.Elok benar kalau Tn YB boleh bersekongkol dgn tokoh Permatang Pauh untuk menjahanamkan negara ini, bangsa Melayu dan agama Islam.

8 Terima kasih. Bersambung.

Memang tak dinafikan Khairi adalah contoh Pemuda Melayu masa kini.
Warak dan berani.

Warak kerana mengecat surau semasa pilihanraya kecil Pasir Putih pada tahun lepas. Gambarnya mengecat tersiar di akhbar arus perdana.

Gagah kerana dia telah mengistiharkan dirinya sebagai pemusnah pembangkang. Juga dia adalah jaguh untuk menjatuhkan kerajaan negeri Kelantan di bawah pimpinan PAS dengan slogan "Pode Dah 18 tahun".

Wow betapa hebatnya anak muda ini. Inilah ciri-ciri kepimpinan yang tiada pada calon lain.

Selamat Berjuang KJ!

Salam Tun and fellow commentors.

I also would like to put on record that Khairy is bad for UMNO and for Malaysia.
Whether he is good or bad, the perception of him is generally bad from my conversations with fellow Chinese, Malays and Indians.
I do hope that the Malays in UMNO will take this into consideration if they want to hold on to power.

I would also like to seek help from my fellow commentors on finding Khairy's blog.
I am wondering if he is not man enough to put up a blog to see how "popular" he is with Malaysians.
I am convinced his blog may even surpass our beloved Tun's blog in terms of hits, but I am pretty sure most of it will be in the form of convincing him to "Pergi Sesat!".

Regards.

Seriously and in the context of the situation, this is not a permainan aka game whereby Malaysians and Malaysia have to be sacrificed for the fun of some cunning politicians. Even less important situations are not fun and games. Don't play play until the whole of Malaysia disappear into thin air and Malaysians are

scattered all over the earth. If this happens, there will be no talk of supremacy, of bangsa Malaysia and of Malaysia itself. Intelligence is one thing. Wisdom is another. If Malaysia wants to survive for a long, long time to come, then you need a lot of wisdom.

Assalamu'alaikum & SHR Aidilfitri buat Tun sekeluarga

Rakan saya adalah seorang kontraktor membaiki kenderaan dengan salah sebuah majlis perbandaran di Selangor. Selepas PRU12, majlis perbandaran tersebut telah mengadakan mesyuarat dengan kontraktor2 serta menunjukkan sehelai surat arahan bahawa semua kontrak yang melebihi RM3000 dimestikan melalui satu syarikat. Syarikat siapa lagi kalau bukan KJ punya? Pegawai itu kemudian mengoyakkan surat itu dan dibuang ke tong sampah kerana Selangor dibawah Pakatan Rakyat.

Khairi

Bijak pandai kelulusan OXFORD. Nak menunjukkan dia aje yang bijak pandai kerana orang lain takde sijil OXFORD. Seabtu dia boleh kudakan bapak mertua nya siBadwi Dia ingat OXFORD = bijak pandai!!

Anwar

penggunaan perkataan fabrikasi, manipulasi & bermacam2 "si" Sebenarnya siLiwat ni la yang buat fabrikasi & manipulasi mengenai bermacam2 perkara. Bersumpah pun tak berani, dayus!!

Saya doakan rahmat Allah swt buat Tun sekeluarga, didunia dan akhirat

Salam Eidulfitri Ybhg. Tun.

100% saya bersetuju dengan pandangan Tun pada kali ini. Selaku graduan Oxford Great Britain tidak syak lagi YB Khairi akan memenangi pemilihan pada kali ini dengan majoriti tinggi.

Kehadiran Khairi selaku Ketua Pemuda kelak bakal merubah senario politik Malaysia dan dia dijangka bakal Perdana Menteri Malaysia termuda dalam sejarah lapan tahun lagi (pada usia 40 tahun). YB Khairi Jamaluddin Abu Bakar memenangi kerusi parlimen Rembau pada UNDI2008 baru-baru ini memang sudah dijangkakan melihat kepada taktiknya yang menidakkan calon yang lebih senior untuk Rembau. Strategi ini amat diperlukan memandangkan kebanyakan bakal calon disana kelihatan tidak bermaya

dan tidak berdaya saing apatahlagi bersemuka dengan ayahanda mertua yang dicintainya.

Walaupun banyak tohmahan diluar sana yang mengatakan YB Khairi kaki perempuan, poligami, lapar wang, ada simpanan 8 bilion diluar negeri, berkepentingan dalam GLC dan mastermind kepada 'budak-budak tingkat 4' namun ini semua sekadar tohmahan tanpa bukti. Jika dibawa ke mahkamah mana sekalipun, pasti buang kes. Keberanian, kelantangan, agresif dan 'confident' YB Khairi merupakan 'plus-point' positif untuk membawa jawatan 'Ketua Pemuda UMNO' ke tahap 'next-level'.

Walaupun saya secara peribadi ingin melihat anak Ybhg. Tun sendiri memenangi kerusi ini, namun saya terpaksa pendamkan sahaja harapan saya ini disebabkan karisma yang ditonjolkan oleh YB Khairi.

Akhir sekali diucapkan selamat maju jaya kepada YB Khairi Jamaluddin Abu Bakar dan kami sentiasa berada dibelakangmu (saya sendiri pun tidak faham mengapa saya menulis komen sebegini Tun).

P/S: Kepada warga Negri Sembilan cuba fahamkan cerita dibawah ini:

Berlaku satu dialog antara seorang PILAH dengan seorang REMBAU pada satu hari yang baik.

Rembau: Eh Pilah, tompek kau banyak ikan tak? kok banyak camno banyak-eh?

Pilah: Banyak! kuak air yo ikan, kuak air yo ikan. Tompek kau camno gak-eh?

Rembau: Ado lah sikit. Kuak ikan baghu depek air.

Dear Tun,

Anyone who has witnessed Khairy campaigning in Tiga Ijok will know the danger of having ISA. Just imagine the possibility of a warrior type leader like Khairy having these type of powers.

Herd like instincts were apparent among his followers. I think if there is a possibility of him becoming PM we are definately heading in the wrong direction! Way Off! Back to the days where the warrior types ruled nations!

Like the Babarians. Those who they came in contact with considered them uncivilized, and yet were fascinated by their strength, stamina, force of will, charisma, and versatility. They were respected by

those they befriended, and feared by those who opposed them. Even within their own society, they fought amongst themselves, seeking supremacy of power and controllership of the lands they acquired.

Basically these sort of people can be powerful and must be stopped at an early stage! Things could get out of control.

I will support anyone who goes against him (the kris wielding fool of Oxford).P.s.- L.K.S. really took the mickey out of him in parliament.

Dear Tun,

Sorry for using this space to comment on one of your commentators Mr FIRE SNAKE.

Kepada Fire Snake yang menulis perenggan dibawah-

'By the way, i just wanna ask you, the HINDRAF yang kurang ajar tu. Bukankah kerajaan boleh membuat satu akta di mana kita boleh menghantar mereka semula ke negara asal sebab kalau biarkan mereka tinggal di Malaysia pun, mereka buat kacau. Kita bagi mereka habuan ganti rugi or whateverlah we call it and send them back to India or anywhere lah. Buat je kat leaders dia tu 2 atau 3 orang dulu...see, whether diorang ni still buat kacau lagi ke tak... Kita orang Malaysia ni dah accomodate diorang dah banyak dah, bangsa yang tak reti bersyukur! Biarkan je diorang ni balik India tidur dalm kotak TV kat tepi jalan tu. Bangsa HINDRAF yang tak kenal di untung!!'

Kamu membuat Khairy sangat gembira dan kalau ada letak e-mail tentu sekali akan dijemput masuk pasukan K.J. kerana dia memang mencari orang yang berfikiran cetek seperti awak! Tahu baca bahasa inggeris tak? kalau tahu ,sila baca apa Marina Mahathir fikir seperti ditulis di NST Singapore

Marina Mahathir ... "I'd like to ask everyone, especially those categorised as 'Malays ', to list their family histories. And see how many of us can really go back further than three generations born in this land. I know I can't."

Syed Imrani, former Bernama journalist ... "Ahmad Ismail cannot deny the fact that his grandparents were immigrants from India who were looking for a better and comfortable life in this fortunate land."

Kalau ikut fikiran cetek dan tak faham sejarah, lama-lama hanya tinggal orang asli sahaja di Malaysia!

Sebenarnya ini bukan salah Firesnake kerana orang yang bertanggungjawab mendidik tidak layak! Ini salah siapa ?

Peringatan pada penyokong2 hipokrit KJ dalam UMNO.

Perjuangan UMNO sebenar adalah penuh maruah dan harga diri supaya tidak menjadi bangsa yang ditindas dan dihina.....

Semestinya ia tidak boleh dihancurkan begitu sahaja dengan sogokan KJ yang menjahanamkan negara.

Kamu semua bolehlah ego sekarang kerana janji dari kuasa rapuh yang ada di tangan Pak Lah dan KJ sekarang. Tapi rakyat jelata biasa lebih tahu menilai apa yang baik dan buruk untuk negara....

UMNO kini semakin tidak relevan dan Malaysia ada alternatif lain. Tunggu dan lihat.

By mzzainal on October 8, 2008 2:21 AM

Dear Dr. M,

I disagree. I do not think KJ will win. At this point, I believe many are faking the support/promises to place him in the helm of power. Many are still afraid of his father-in-law.

KJ does not have the qualities of a leader. He is preoccupied with dreams of running the country, thinking of the many ways he can implement his version of governance. After all, he did try his best to advise PakLah (from the 4th floor) on the fundamentals of running the Govt.

Giving credit to KJ, he is naturally an intelligent young man. However he lacks the wisdom of being patient and he is as unpopular as the present Administration. He is eager to show his political prowess among BN, often at the expense of PakLah. KJ is unconscious of the fact that we live in a multi-racial community and there is no room for inexperienced wannabe. But what can I say? After all PakLah is unconscious most of the time – the old man has no idea of the ambitions of his son-in-law.

Currently Umno does not have the capacity and capability to manage its own affairs, much less discourage the politicking amongst the contenders. I believe we will see more dramas unfolding within the next several months, especially from those who seek the power. They would eventually sink the Umno ship and solidify the mentality that Umno/BN are utterly unreliable and erratic. At the rate the politicians are going after each other's necks, the ending of the Umno reign will be due to young politicians who care not for the country.

Dear Tun

CANCER is terminal, but in very rare cases, the patient can be saved, unfortunately for UMNO, resignation of certain key figures is the only cure...

Malaysia is terminal, let us all pray, that we can be healed and soon so that the suffering of the people will be significantly reduced.

In my opinion, it is time for the current government to retire certain ministers by force and UMNO to do the same to certain MP's for the betterment of the country and people..

If not then i guess soon our currency will be in similarity to the RUPIAH and we will have more malaysian's overstaying in foreign countries just to try to make money to feed their familes.

I hope that you can fin the cure for this cancer, of at least STAND for just 1 term back in office and correct the wrongs of the present administration, thus really placing the country in capable hands...

Selamat Hari Raya, and you have my sincerest appologies to you and your family for any untoward post that may have offended, also to the Malaysian people, have a blessed life...

Kenapa Pak Lah tu?dia dah tak takut pada hukum ALLAH ke?Semoga si KJ itu diberi taufik dan hidayah dariNYA.Tun, segala usaha dah dilakukan hanya ALLAH yang mampu merubah segalanya.SEMOGA DOA KITA SEMUA DIPERKENANKAN.Selamat menghadapi hari2 yang mendatang dengan lindungan dari ALLAH serta rahmatNYA.

Percaturan Terakhir Rejim Pak Lah Menjelang 8 Oktober?

Contributed by AMUbaidahS on Tuesday, October 07 @ 13:35:50 MYT

Topic: Blog dan Portal

Ternyata apa yang dilakarkan sebelum ini tentang kemelut di peringkat MKT pada bulan Ramadhan kian membawa kenyataan baru buat UMNO. Berita yang menyusup dari mulut ke mulut, sms lagi sms dan kini blog berblog adalah persetujuan 4 mata Pak Lah dan Datuk Seri Najib Tun Razak yang Presiden UMNO sekarang tidak akan mempertahankan jawatannya menjelang Mac 2009, malah akan berundur dari jawatan-jawatan kerajaannya pada 8 Oktober ini.

Namun sudah tentu reaksi pertama sesiapa yang menerima berita ini adalah, "Betul ke? Boleh percaya ke Pak Lah akan kotakan janji yang ini, apabila terlalu banyak sebutan manis dahulu beliau ingkari?"

Jelas sekarang yang Pak Lah sedang membuat percaturan terakhir demi menyelamatkan riwayat politiknya, cita-cita menantunya, kekayaan anaknya dan kesenangan penyokong setianya yang lain. Di antara gerakan beliau:

1. Menghantar perutusan demi perutusan merayu Najib supaya menyokong kehendaknya untuk kekal lama sedikit lagi di tampuk kuasa. Ini telah dicuba beberapa kali dan tetap gagal.
2. Atas nasihat menantunya KJ yang tersayang, disuruhnya Datuk Zahid Hamidi bertanding jawatan Timbalan Presiden parti, walaupun bekas Ketua Pemuda tersebut lebih layak dan hampir tentu menang jika Naib Presiden sahaja menjadi sasarannya.
3. Digerakkan jalinan sahabatnya untuk memberi gambaran yang akar umbi masih mahukan Pak Lah kekal sebagai Presiden UMNO. Ini bakal disusul pula dengan satu lagi mesyuarat MKT, diikuti mesyuarat BN, di mana usul mengekalkan beliau akan dipertahankan habis-habisan.
4. Sebagai langkah berjaga-jaga, ahli-ahli Tingkat 4 akan disusup masuk ke pejabat DS Najib. Ini bukan semata-mata menjaga kedudukan beliau sekarang, tetapi juga untuk memastikan sekiranya pupus riwayat politik Pak Lah, peninggalannya seperti KJ, Kamal dan hubungan 'erat' sengan Singapura kekal abadi!

Fasal 2, 3 dan 4 dihuraikan lagi di ...

Dear Tun,

Good morning.

To me, Khairy may be an intelligent man, but he has no character to be a leader. He has shown that he is arrogant and an upstart. He has demonstrated these during the Assembly by brandishing the kris with an equally arrogant Hishamuddin.

Good luck to your son in the coming election.

Dear Tun,

I hear through the grapevine that KJ has already started to plant his men in DPM's office in preparation for the transition of power. This is to ensure that KJ remains relevant even though his FIL is no longer in power.

But I hold on to the saying "Sepandai-pandai tupai melompat, akhirnya jatuh ke tanah juga".
By artkedah on October 8, 2008 10:42 AM

Assalamualaikum Tun.

Selamat Hari Raya. Maaf Zahir dan Batin.

Pertama , saya nak kata, KJ tu kena lempar jauh-jauh. Apa pun alasan dia bagi, dia memang tak bolih di beri peluang langsung kerana gara-gara dia lah negara jadi kacau bilau.

Pak Lah ni bulat2 nak naikan juga si Khairi, memang dia dah lupa akhirat, dia ingat kalau menantu dia naik, dia akan dapat imbuhan juga ke di akhirat nanti? Kajian saya menunjukkan Pak Lah sanggup berseongkol untuk jadikan Anwar PM dan Khairi TPM dan biarkan PKR menang dulu kononnya dan kembalikan kepada BN asalkan khairi dapat TPM. Ini cita-cita karut dan melampau.

Sekarang semua bangsa lain dah pijak kepala bangsa Melayu gara-gara kelemahan Pak Lah dan kelemahan Pak Lah pula disebabkan sibuk mencaturkan anak menantunya.

Orang macam Hisyamuddin ni tersepit antara Pak lah dan Najib, nak selamatkan periuk nasi dia. Dia akan tersepit lebih teruk nanti apabila kedua-duanya tak bolih pakai juga. Dia nak kan Khairi sebab takut pada Pak Lah. Rafidah dah nampak garang sikit, adalah juga nampak perubahan sikit. Hisyamuddin ni memang tak layak.

Kita patut fokus satu saja. Singkirkan Pak Lah dan gantikan dengan Muhyuddin dan Syed Hamid sebagai Timbalan. Mukhris kena naikan ketua pemuda. Barulah boleh revamp balik UMNO. Yang lain tu mengacau saja.

By moderato on October 8, 2008 11:00 AM

Dear Tun,

I am very pleased to know that Dato' Muhriz has chosen to study in Japan and USA. These 2 countries are the best models to learn from to come up with the best strategy in positioning Malaysia as the moderate islamic country with 3 major races. Japanese are loyal and kept promise on one side, American are capitalist who only thinking of making money without keeping promises, like the bankruptcy filed by Lehman Brothers. From these 2 countries, Dato' Mukhriz will be able to lead younger Malaysian for better future.

I remember when I was in Canada doing my final paper in economics, I have chosen the comparative model of China and America because these countries are on the extreme role in leading their economies. As a Malaysian (I am a chinese) living in a multi-racial country, I knew clearly that I need to come up with a solution to be a true Malaysian. Until today, I am still using this model to educate my 3 boys (all in secondary kebangsaan school) to become a Malaysian.

If Dato' Mukhriz is chosen as the youth, I will definitely vote for Gerakan (moderate and less bias against race). I am abit discomfort about Lim Kiat Siong because I remember in the 80's, he used to gave negative opinions to my late father and his brothers on the ruling government.

Salam Tun dan Toh Puan,

Memang tidak dapat di nafikan semenjak-menjak ini, semua ketua bahagian tidak dibenarkan melobi dan berjumpa di restoran-restoran dan di hotel-hotel.

Walaubagaimanapun KJ dan kroni2 mereka di BERI LAMPU HIJAU untuk berjumpa konon nye untuk memberi penjelasan isu-isu semasa dan perkembangan politik tanah air.

Pada masa yang sama, hulu tangan bermula, cendermata di beri , ucapan gula-gula di taburkan...dan janji-janji manis di dendangkan... Ini semua tidak dikategorikan RASUAH. Inya cuma sebuah sumbangan PENGHARGAAN yang tidak terkira kerana menyokong pucuk pimpinan. HANYA pucuk pimpinan ...timbangan tak ada!

Kepandaian musang bermuka manusia ini semakin lama, semakin menjadi-jadi...Tipu helah mereka di jadikan umpan dan ucapan mereka dijadikan ugutan kepada pewakilan-pewakilan.

Saya tak tahu apa akan jadi pada UMNO pada masa depan...

Saya sedih setiap pewakilan dan ahli-ahli UMNO di rasuh bulat-bulat dengan harga diri yang cukup MURAH dan HINA!

Inilah Melayu dan inilah sistem politik...

Politik tidak bersalah yang bersalah adalah cara kita mempolitikkan system tersebut...

Malang bagi orang melayu kerana sanggup bertindak membelakangkan maruh rakyat...mereka tidak amanah dan tidak berpegang pada janji-janji melayu.

Tun , saya mendoakan anak Tun, berjaya sampai ke menara Gading ...menjadi PM seperti ayahnya...

By SkiLL on October 8, 2008 12:49 PM

Dear Tun,

To be plain and honest, Khairy represents a clear and present danger to UMNO and Malaysia.

This is evidenced by the manner of his rise through the ranks of UMNO members where more experienced and qualified leaders were sidelined. His inclusion into PM's close circle of advisors and the influence he wields on Pak Lah's decision-making is simply astounding and plain wrong. His dubious share deals of the past.

Well, with a bit of planning and intelligence and of course... the big carte blanche from daddy-in-law, anyone can become deputy youth chief in no time.

All these personal criticism aside, the main gripe I have is the sheer incompetence and damage he had inflicted to our beloved nation. The wasted public funds, his accumulation of preferential government contracts for friends and close allies, his allegedly large holdings in Airasia which resulted in MAS being sidelined, his racial overtones which damages race relations, his suggestion to abolish the teaching of the science/math in English, introduction of 'spin' in the local media, his very close but dubious relations with Singapore etc.

His public persona is greatly tainted by all these. He shows very little regard to the public in general but focuses his efforts in pure internal politicking, securing his position through surreptitious deals.

If he were to be elected, I fear for UMNO and UMNO Youth's future. This will only result in public resentment and further rejection.

Malaysia need a leader who has vision, integrity, magnanimity, accountability, willingness to acquire new knowledge and good planning and execution skills. Above all else, any endeavors that they embark upon must be for the people and the people alone. If a middle road has to be taken between conflicting beneficiaries, the people must benefit the most from such a deal.

For Oxford to produce such a bright but unfortunately morally bankrupt individual is really a stain on the great institution's record.

By Benderbuzz on October 8, 2008 1:00 PM

Salam Tun.

UMNO yang saya lihat sekarang agak ketandusan pemimpin pelapis. Tidak banyak nama yang ada untuk diketengahkan sebagai barisan pemimpin masa depan. Kalau adapun berkemungkinan disebabkan pertalian darah dengan pemimpin semasa.

Semua ini berlaku kerana sejak awal lagi kemasukan ahli-ahli baru yang lebih terpelajar selalunya disisihkan di peringkat cawangan. Kalau ada yang agak vokal atau cakap lepas, mereka ini akan dilantik ke jawatan pengerusi tetap atau pemeriksa kira-kira. Peluang untuk memajukan diri dalam politik terutama ke peringkat bahagian akan luput begitu saja.

Ketua-ketua, Naib Ketua, AJK cawangan atau bahagian akan sedaya upaya menyekat golongan muda terpelajar sebegini daripada memperolehi pengaruh. Mereka lebih sukakan golongan yang kurang berpelajaran atau berjawatan tinggi supaya senang diarah dan didorong tanpa banyak soal.

Ruang untuk berpolitik ini dihalang dlm umno sehingga menyebabkan PKR mengambil kesempatan memancing segelintir daripada mereka sebagai ahli yang kemudiannya diberikan jawatan penting dalam parti.

Walaupun ramai golongan muda terpelajar terus tidak melibatkan diri dlm politik, semangat perjuangan umno tetap bertakhta di hati. Andainya umno kini boleh melihat kembali kepada golongan ini, saya rasa

ramai yang sedia berkhidmat dengan umno asalkan kemajuan politik mereka tidak disekat.

UMNO needs reengineering !

Dia (KJ) memang nak mengembalikan Malaysia ke era dimana yang kuat (dulu - fizikal; sekarang - kewangan) berkuasa dan bermaharajalela. Kira-kira dalam erti-katanya penggunaan "Hukum Rimba" dalam segala tindak-tanduknya.

Macamana dia tak naik tocang, kerana dia tau 'otak' pak mertuanya memang dah lama tak berfungsi. Kalau tak ada dia, pak mertuanya kesana kemari dengan otak kosong - kerana itu selalu buat keputusan yang tak tentu arah - tak boleh fikir betul-betul ...

EID MUBARAQ Ybhg. Tun & family

I guess the people has no one else to go to pour out how they really feel about the on going senario in

Malaysia today. I really do not have any legacy to leave behind for the future & I don't feel that I need to be with the people, but even having this feeling, I still have a soul and I do care in my own way. We are not suppose to disturb you on your retirement, should let you rest and enjoy it.

I was born here after Merdeka and my dad was among the people who work for merdeka. This is the only country I have though I feel no loyalty toward it before, I am thinking of myself - I, me and myself! I am not like the many politicians children - politics seems not to be in my bones. I don't see much beyond my nose. I live the way I perceive fit. All I can remember when you were the Menteri Pelajaran - my house back in section 16 was quite near to yours & my eldest brother was involve in politics - he was on the phone arguing with you out loud - that disturb me. I never understand back then why the need to serve the people & the country - all brought unhappiness to me while I was growing up. I need to express what I feel back then, I had to share my family with the rest of the people, I am not & will not be the giving kind, not too much! I hated the job my father did (took him away most of the time) & I hated my brother too for involving himself and make him a broken man in the end. For what was worth, I never think that human being in general deserve much of my care.

I grow up and understand what they were trying to do and you too what you people were trying to do and I am so grateful for what have you & what they have done. My late father & brother may contribute lot less than you, nevertheless I do understand now why and I feel less angry. I was suppose to go with a group of friends for your luncheon talk (before Puasa) but I could not make it - working. I guess I did not try harder to make it. I hope I will have time to see you and say my thanks in face, InsyaAllah.

I still don't understand politics, especially now. I know nothing before though I was in the family of people who were in politics and now I am more confused. I don't understand why menteri's have houses bigger than the palace while some rakyat don't even have food on their tables & don't talk about having their own houses. The menteri's have too many cars and have their holidays overseas. Their children get biasiswa for further studies and those unable people make to pay on their. I remember my father send my brother for overseas study out of his own pocket - we were not rich and back in my hometown - nevertheless he was somebody, he could easily get biasiswa to send him. Then when I was in school in PJ, one of the menteri's daughter get biasiswa, but not my poor Indian friend, while she was as clever as her.

I just want to understand, but I could not - things as simple as this, I don't understand, how am I to understand how Pak Lah and his family function. What touches me most - the first time he hike the price of petrol - what he said on tv - "Kita mampu". I was so upset and sad about his kenyataan. You have never done that before to offend the poor people and he did it with his unsincere smile. I do not judge people, but since then I know that he does not work for the people who voted & trusted him.

Ybhg. Tun I am so very sorry, but I am angry with you for choosing him to replace you, not that I can put my trust on the present DPM. I have lost trust on politicians completely. Then I understand your situation, who else? Forgive me, but I have to let you know. I know I am fit to be your daughter, perhaps I shouldn't voice this out. I was just like thinking - the people who merdekakan Malaya and the people who put Malaysia on the map and while he is still alive to see that we are not going anywhere, so many things has happen. This not including all the GLCs - do not know where we are heading.

The road system, the public transport in town, the uncontrol prices of food and the unsafe food to be consume, the pollution - too many unsolve problems. In the beginning I would like to give him the benefits of the doubt, but he has done nothing significant accept to increase prices and make people feel cheated. I do not have any comment on Khairi, I know nothing of him and the people I mixed around the ratio 9.5 out of 10 does not respect him. Allah's willing let your son win as I spoke to a some pemuda back home and they seems to believe that he is a good leader & definitely they cannot show support openly - they have their survival to think about. And lastly this is what I cannot digest/understand the most -why can't I use a leader over the party?

Salam and if in anyway I sounded rude and questioning, I am sorry, but this how I feel.

With sincere respect

Lina

Salam tun...

Hari ini di surat khabar, tiba masa temubual KJ dengan media massa (Utusan) untuk dapatkan pandangan dan misi beliau dalam usaha bertanding jawatan Pemuda UMNO.

Cara dia cakap, memang best giler. Tapi yelah, kalau cakap, semua orang boleh. Adik saya yang umurnya baru 7 tahun dah pandai cakap dah. Terkadang sampai menyakitkan hati. Seperti yang kita semua maklum, cakap tu mudah, tapi nak buat tu yang susah.

So, sama ngan si KJ ni...,

Ohya, saya ada nak cerita sikit kat TUN and blogger.

Sekitar setahun yang lalu, saya ada la jumpa dengan sepupu si KJ ni. Cerita punya cerita terbongkarlah dari mulut si sepupu si KJ ni. Rupanya, bukan kita je yang tak suka kat si KJ, tapi hampir semua saudara mara si KJ ni pun tak suka kat dia. Udah kan itu je, Orang kampung dia dah menyampah giler tengok muka si KJ. Manakan tidak, patut ke orang tua hormat kat orang muda? Yang mak dan ayah saya ajar, anak muda yang hormat orang tua tetapi si KJ ni dah gila, lupa diri, lupa adat, lupa agama.

Masa tu ada acara kat kawasan dia la. Kat Rembau sana. Orang-orang berdatangan nama pun ada acara, so datang la ramai2. So, tiba lah KJ ni, Yang orang tua-tua ni macam biasa nama pun orang tua, jadi mengharapkan orang muda hormat tapi sebaliknya, si KJ ni marah terus tendang-tendang kerusi yang ada, katanya tak respect kehadiran dia. Darin apa yang diberitahu saudara dia ni tadi, si KJ harap orang datang bersalaman dengan dia tapi sebaliknya.

Apalagi, orang-orang yang ada kat situ marahlah. Ada ke patut si KJ buat macam tu?

Dia kira timing dia je, dia tak fikir adat dan agama.

So, kembali kepada pemilihan Pemuda UMNO lagi. Kalau dia jadi Ketua Pemuda, so bakal rosak UMNO, sekarang je dia dah rosakkan, apalagi dah ada kuasa lebih. Kalau kata dia jenius, kita akui, tapi tak salah guna. Banyak orang macam tu.

So saya harap, ketua2 bahagian yang akan mewakili penduduk tempat yang memilih anda, gunakan sebaiknya demi kebaikan bangsa.

tahanan ISA pun boleh menang pilihan raya, blogger pun boleh menang pilihan raya.... sampaikan ada kata sinis, kalau letak pokok pisang lawan BN pun boleh menang huhuhuhu

sekarang tengah tunggu ahli UMNO berani buat perubahan ke tidak?... kalau tidak...confirm DUIT jadi matlamat perjuangan UMNO sekarang....

Selamat berjuang ahli UMNO yg lemah + lembik (persepsi saya pada masa sekarang).... TUN tak boleh berjuang dlm UMNO lah sekarang nie.... just ketuk dari luar saja lah....

Asm, Semoga Tun senantiasa sehat bersama keluarga. Satu perkara yang saya amat berterima kasih kepada Tun telah berjaya membuka mata rakyat Malaysia dengan meminta PM meletakkan jawatan awal lagi. Ini membuatkan saya terfikir bagaimana tajamnya pemikiran Tun pada ketika PM berada dipuncak kuasa tapi Tun telah menelah dengan begitu awal. Kalau tidak saya tidak tau apa akan jadi kepada Malaysia. Syukur Tun di panjangkan umur untuk berbakti kepada rakyat. Perkara kedua saya masih teringat kempen PM keatas Tun sewaktu Tun menjadi PM dulu beliau sebok berkempen menjatuhkan Tun pada ketika itu kini masa beliau telah sampai. Begitu cepat balasannya. PM bukannya tak bagus tetapi KJ yang rosakkan segalanya. Percaturan calon dalam Pilihanraya 2008 telah banyak merosakkan parti UMNO KJ pembawa betaka dalam UMNO. Beliau perlu dihapuskan sama sekali perosak UMNO yang sekian lama kita pupuk bila tiba ketangan KJ segalanya hancur berderai. Harap KJ akan diabil tindakan undang-undang selepas PM meletakkan jawatan masukan dia penjara sekiranya ada bukti kukuh pembabitian beliau penjualan asset ke Singapura. Jangan berikan peluang beliau menang dlm perebutan ketua pemuda kalau dia menang kami akan keluar beramai ramai dari UMNO. Jangan jadi boneka KJ yang telah hilang taring berubahlah saudaraku jauhi rasuah politik KJ - Beliau sebenarnya perosak UMNO dan negara.

Assalamualaikum Tun...

Dah lama saya tak visit chedet.blog ni, maklum la cuti panjang. Saya balik kampung banyak hari. Sambil saya membaca artikel-artikel Tun yang saya tertinggal ni, saya begitu tertarik dengan artikel ini.

Si KJ ni dah layak digelar PENIPU BESAR dalam UMNO. Contoh mudah kita lihat bagaimana TV3 melalui buletin utama menunjukkan pengumuman KJ untuk bertanding Ketua Pemuda UMNO. Tapi, apa terjadi sewaktu Dato' Mukhriz buat pengumuman? Hanya berita kecil.

Sebenarnya KJ dah mempengaruhi semua media-media utama, terutamanya utusan Malaysia & TV3.

Apapun saya yakin kemenangan akan berpihak kepada Dato' Mukhriz.

Salam Tun,

Esok saya nak posa sbb bernazar Pak Lah nak umum dia tak bertanding. Bila dia dah letak jawatan nanti saya nazar lagi 2 hari. Kalau Tun jadi PM balik, saya nazar 7 hari.

Hari ni UK dah umumkan bailout plan 87.4 Billion Pound atau RM540,000,000,000,000 untuk bank dia. Interest pun nak diturunkan lagi. Kerja bail out sekarang ni macam laksana hadis pulak ya.

Dulu waktu Tun buat bail out untuk menyelamatkan syarikat Malaysia, macam macam depa kata. Tu pulak mangkuk hayun nama Anwar naikkan interest sampai 25% ... sebab ikut telunjuk IMF. US tak ikut pulak telunjuk IMF ni ya. Tun, Iceland dah bankrupt, technically Rusia 'owned' Iceland sebab Rusia akan sediakan bantuan kewangan untuk Iceland. Terima kasih Tun kerana dengan izin Allah, Tun dikurniakan kepada kami selama lebih 20 tahun untuk menjaga kami berjuta penduduk Malaysia dari malapetaka kewangan 10 tahun lalu. Masa saya taip ni, hati saya sangat ikhlah berkata terima kasih. Hanya Allah saja yang dapat membalas jasa Tun .

Dear Tun,

ISA is good for the country, without the slightest shadow of doubt. We cannot do away with it, period. Only the elite few who are arrogant feel that ISA should be abolished. They have their own selfish agenda. Make no mistake about it. They claim that ISA violates Human Rights. In fact ISA protects human rights.It protects the right of the people to live in harmony and peace without being instigated by those foolish attitude of the few arrogant and HP6 elite Malaysians trying to be champion of the people. They are simply nuts of the first door.

Assalamualaikum Tun dan Selamat Hari Raya buat Tun sekeluarga.

Alhamdulillah, now that we can see light at the end of the long tunnel, albeit just a small 'blot' but nevertheless there are hopes for UMNO, BN and Malaysia.

Tun have played a very significant role in saving the political states of UMNO and this nation and I sincerely hope that Tun will continue to do so at least until March 2009 when the proper transition is done, be it by UMNO election or not. We have, the rakyat, been living in the dark ages for the past 5 years. There are so many events of utter embarrassment and demoralising to the rakyat such as the cancelling of the Scenic Bridge and the losing Pulau Batu Putih plus the uncountable numbers of flip-flopping and indecisions. The pillar of unity and strength of the nation, the Barisan National have been systematically dismantled and destroyed by the unfirmness of the leadership. The economic system and institution that have been built solid and was running well oiled was suddenly running haywire and some have event screech to a halt by the GREED and the LUST for power and money of the irresponsible scums.

Tun, the above article are well understood by me and to a lot many more of the readers. Can the youth of UMNO understand this?, or are they going to let GREED and LUST for money and power overrule their thinking and judgement?. Will they be brought back to realisation and the true tenets of UMNO struggle.

We may have passed round one, but the big round is saving the youth of UMNO for there are future leaders in these people.

Assalamualaikum Warahmatullah.

KJ should realise where he is standing now...hope he is aware of this.<http://nikqlate.wordpress.com>

Tun,

This is my first time ever to comment on any blog. I found your leadership and wisdom beyond ordinary, and for that i absolutely admire you.

Im currently studying medicine in Indonesia and for your kind information, the politics in Malaysia are the favourite topics talked by Indonesian over here. For some reason, they are happy to know that our country is currently on the verge of becoming like theirs.

You shouldnt have stepped down but i believe you have your reason. Regarding Pak Lah and KJ, I hope they realize that more people had stop supporting them. Malays are getting comfortable thus weaker. We have to be united again, and Tun, if u ever figure out a way to do that, please put aside any personal grudge against Pak Lah and UMNO and voice it out. And I hope that if the only way is for Pak Lah to step down, he would honourably sacrifice his position to unite us, malays, again...

I do believe that Pak Lah is not as bad as people describe. Every leader has flaws, and the great media combine force with opposition party make it sounds more terrible than it originally is. He is in enormous pressure when the whole world is looking at every inch of his leadership and expect him to be flawless. You had been there, Tun. You had been in his situation. But, u made it through brilliantly. When the malays and unity at stake. Dont u think its time to help?

I always admire you and wanted to be like you. Hope to meet up at least once. Selamat Hari Raya to Tun and your Family.

Thanks

Pencuri sendiri menyorak adanya pencuri ... ungkapan yg bermakna ... sila renungkan ...

(1) Tun katakan abdullah gilakan kuasa, namun abdullah telah pun lepaskan kuasa selepas menjawat selama 5 tahun (masa yg amat singkat) ... tetapi Tun terlupa bahawa Tun berkuasa 20 tahun pun tak ingin bersara

(2) Tun kecam abdullah menggunakan kuasa yg menghalang pemimpin lain unruk bertanding kerusi president ... namun Tun terlupa Tun yg menggunakan polisi ini dan menciptakan polisi ini

(3) Tun kecam suratkhbar tidak memaparkan perkara yg sebenar dan tiada peluang untuk bersuara .. namun Tun terlupa inilah tradisi yg diwarisi dari zaman Tun

(4) Tun kecam bahawa kerusi president tidak boleh menjadi milik seseorang, tetapi sepatutnya dipertandingkan ... namun Tun pula mahu Najib menjadi president dan muhiddin menjadi timbalan ...

Inilah dia -> thief who cried "thief!"

1) Semasa pemilihan Khairy jadi NKP dulu,tertanya juga apa sumbangan dia sampai menang tanpa bertanding ni? asik dok cakap akar umbi suruh dia lawan..bukan dia nak tapi akar umbi nak...baik sungguh niat dia

2) Lepas tu baru la saya tau, yg KJ ni menang bukan sbb dia kuat sgt...cumanya ahli pemuda yg lain penakut.

3) a)Takut untuk berubah

b)Takut pada Pak Lah

c)Takut hilang kontrak

d)Takut dianggap derhaka

e)Takut dianggap melawan pemimpin dan adat

f)Tak Takut dengan Allah - Bila mereka rasa rezeki kekayaan datang dari kontrak bersama KJ

4) Maka inilah balasan bala yg turun, UMNO kucar kacir, Pemuda semakin lembik...Hishamuddin lembik, KJ Kasar bila bercampur dua-dua jadi la carca marba.

5) Ahli2 UMNO Islam erlu balik semula ke pangkal agama Islam,Kebanyakan kita dah lari sgt dari perjuangan yg asal,

kita mempercayai kekuatan manusia lebih dari kekuasaan Allah.

6) Ikhlas smula hati kita, Kejayaan menunggu dihadapan insyAllah

7) Berani Untuk Berubah

One true things is IF KHAIRY IN THE POSITION, UMNO WILL RECOVER VERY LATE.

AFTER PAK LAH RESIGN IN MAC, 50% of RAKYAAT WILL TURN AND LOOK BACK TO SUPPORT UMNO AGAIN.

ANOTHER 50% will support after this BUDAK OUT OF UMNO. KHAIRY have to reliase the BLUNDERS he done.

If Tun come in to UMNO back, I belaiue the MT will know where to keep this budak IN-EXPERIENCE.

Salam Tun,

Tun mengucapkan selamat maju jaya kepada KJ dengan ikhlas, tapi penuh dengan maksud yang tersirat. Saya beranggapan bahawa ungkapan 'Pencuri' itu telah jelas memberi signal kepada orang UMNO khususnya ahli pemuda UMNO supaya tidak menyokong 'si pencuri' dalam pemilihan Mac 2009. saya pun masih tak paham, mengapa masih ada lagi ahli pemuda UMNO hendak sangat si Pencuri ini berkuasa, apakah mereka tak sedar bahawa perbuatan bersongkol dengan pencuri sama la juga tarafnya sebagai pencuri.

saya juga bersependapat dengan komen yang mengatakan bahawa KJ lah antara punca kebencian rakyat kepada UMNO dan BN, menyebabkan BN teruk tersungkur. Kalau dah busuk buang saja la, kerana yang busuk akan terus busuk. Jika KJ masih kekal dalam UMNO, dan dilantik sebagai Ketua

Pemuda UMNO, saya yakin PRU13 akan datang, UMNO dan BN akan TERKUBUR, sebab kalau undi KJ samalah dengan menyokong pembangkang, lebih baik terus terang undi pembangkang.

saya amatlah merayu kepada TUN, kembali dalam UMNO dan usaha la supaya KJ tidak dilantik.

syabas TUN.

By hafizans on October 9, 2008 9:52 PM

Salam Tun,

Harap Tun dan sekeluarga sihat.

Pemilihan UMNO yang akan diadakan pd Mac 2009 sebenarnya satu muslihat Pak Lah dan anak menantunya. Cukup layak ke KJ nak bertanding utk jawatan KP UMNO. Buat statement dlm TV kata suh periksa rekod2 dia sepanjang selaku NKP UMNO, nak bertanding ats semangat setiakawan. Pelik betul si KJ nie. Tak tau lah kalau ada cawangan dan bahagian yg sanggup nk pilih dia..harap ahli2 UMNO sedar mainan politik si KJ ni, dia menang NKP atas nama menantu PM. Skang Pak Lah dah tak nak bertanding pemilihan 2009, inilah masanya UMNO berubah dari jadi Parti Pak Turut Pak Lah dan KJ..skang jadilah parti yang ikhlas nk bela RAKYAT dan NEGARA..bukan bela anak menantu bini. Keputusan PRU 12 cukup dah buktikan yg sememangnya JELAS dan NYATA Pak Lah GAGAL nk pimpin negara. GAGAL nak majukan negara Malaysia dan GAGAL ngn control anak menantu dia. Pak Lah lupa, rakyat ada mata, telinga dan mulut. ada IT dan teknologi. Tiap gerak geri ahli politik yang buruk dan jelik pasti Rakyat akan tahu..

Harap ahli2 UMNO buat perubahan yg kepentingan RAKYAT diutamakan, jangan pandai bercakap tapi gagal nk buktikan. InsyaAllah perubahan yg berlaku, sedikit sebanyak keputusan PRU 13 akan dipengaruhi..

Dan kami harap Tun boleh kembali ke UMNO..demi agama bangsa dan negara. Lakukan apa yg perlu Tun! Kami tetap setia bersama Tun walau kami diluar UMNO.

Syabas Tun!

Salam Tun,

Tun kena usahakan agar ketengahkan Mukhriz di media2, bawa isu2 yg boleh menarik pengundi UMNO mengundi beliau. Terbaru, di TV3 - UMNO Machang undi berpihak pd KJ, apa beliau tabur duit lagi kot???? KJ takde sumbang ape2 dlm UMNO even made things worst for BN. Tun perlu kerahkan General2 Ima Tun utk tolong naikkan Mukhriz & singkirkan KJ sebab beliau adalah penyebab BN & UMNO tewas.

Assalamualaikum

Kenapa orang kita terlalu taksab dengan pemimpin yang pandai berkata-kata. Bukankah nilai, isi dan ketepatan kata-kata itu lebih penting? Kenapa harus mainan jiwa menjadi ukuran kebolehan seorang pemimpin itu membangunkan Negara? Kita kena bezakan mainan jiwa dengan kebolehan, kesungguhan

dan ketelusan. Orang kita terlalu gemar pada hiburan sampai dianggap penghibur, mainan pentas, suara yang mendayu itu layak meneraju Negara.

Kita perlu ubah anggapan. Kita perlu lihat pada kemajuan yang boleh dibawa oleh seseorang sebelum ianya layak bergelar pemimpin. Keberkesanannya melaksanakan pembangunan dalam tugasannya patut jadi kayu ukuran. Bukan sahaja hasilnya tetapi langkah-langkah yang diambil untuk mencapai kejayaan itu.

Kita sendiri patut memberi pengiktirafan pada sesiapa sahaja yang menunjukkan prestasi tinggi sambil menjulang budi pekerti yang mulia. Sekiranya kita kembali asal meletakkan nilai ini sebagai ukuran ataupun sebagai 'Key Performance Index', di mana ia boleh dikuantitikan dan dikualitifikasikan tanpa mengira darjat, kerabat, tua atau muda, mungkin org yg dipilih itu, besar kemungkinan, is right for the job.

Rakyat tak bencikan KJ sebanyak mana Rakyat benci pada mereka-mereka yg membenarkan org macam KJ, menapak, bertakhta, memegang teraju utama agenda Negara, agenda Kewangan dan pembangunan. Bagi mereka, UMNO yang selama ini diberi kepercayaan, telah menolak aspirasi rakyat dan meletakkan keutamaan pada satu keluarga bangsawan.

Menggantikan seorang bangsawan dengan seorang bangsawan lain tidak akan mengembalikan kepercayaan Rakyat. It has to stop. It has to be stopped right here, right now.

Assalamualaikum Tun

1. Bersederhanalah dalam kehidupan kita di dunia yang serba fana ini. Tak cukup lagikah kekayaan yang sudah ada melimpah ruah tu. Tak ke kesian dengan warga petani dan nelayan yang serba kekurangan.
2. Kita berlumba-lumba untuk mendapatkan pangkat dan darjat, kenapa? Kerana harta dan kekayaan yang kita puja, bukan lagi kerana bangsa dan agama. Cermin lah diri Kita dan tanya apakah yang sebenarnya kita inginkan, Kalau harta yang kita cari maka tidak akan ada keikhlasan dalam diri kita sebagai pemimpin.
3. Ingatlah tanggung jawab kita sebagai pemimpin akan di soal di akhirat nanti, Umur kita di dunia ini amatlah pendek, jangan lah kita leka mengejar kekayaan nescaya kita lupa pada akhirat nanti.
4. InsyaAllah Tun, umur sudah semakin lanjut, dekatkan lah diri mu kepada Allah, biarlah mereka yang lain tu mengejar kekayaan yang melalaikan itu.

Amin

Salam sejahtera saya buat Tun dan keluarga, semoga sentiasa sihat selalu.

Terlebih dulu saya berdoa dan mengucapkan Semoga Berjaya kepada Mukhriz dalam pemilihan Ketua Pemuda, semoga membawa perubahan kepada senario politik tanahair masakini. Amin...

Komen saya kepada blogger dibawah (sebagai renungan, bukan tentangan!):

"By iliax on October 8, 2008 11:03 PM - one thing, i'm truly impressed by your son, no doubt. he's (hopefully) a good man. but the question, i don't get the difference between you and kj. both of you are smart, too smart. shouting 'thief' when he's the thief, didnt u do the same thing before? i mean ... politicians are politicians. right?

dan juga kepada pakpandir08.

Betul, orang politik tetap berfikir sebagai orang politik, tidak dinafikan. Tetapi persoalan yang paling penting, pada pemikiran saya sebagai rakyat biasa, apakah hasil perlakuannya nanti boleh menjejaskan kestabilan politik dan ekonomi negara, ataupun ekonomi rakyat?

Kalau ekonomi rakyat biasa sampai jadi kucar kacir, dimana kebijaksanaan sebagai seorang pemimpin rakyat, dipilih rakyat, dan seharusnya memperjuangkan atau mempertahankan nasib rakyat ...

Pada saya KJ = Pak Lah, kerana keduanya berkongsi otak yang sama.

By akhuraiah on October 10, 2008 11:07 AM

Salam Tun,

Now that Pak Lah has resigned, my vote in the next election will go back to BN instead of PKR, Insyallah. However, if Khairy won the UMNO Ketua Pemuda post, I will vote PKR again, Insyallah.

Make sure that your son win the UMNO Ketua Pemuda post!!!

Although I am not an UMNO member BUT never underestimate the POWER of Pengundi Atas Pagar!!!

The open secret most people know is that KJ is a political animal. Those days when DSAI was a potential PM, he tried to tackle DSAI's daughter Nurul Izzah. However, when DSAI was on the verge to be kicked out by Tun, he changed his strategy. Subsequently along the years when Paklah was earmarked to replace Tun, he used his charm to entice Paklah's only daughter who is now KJ's wife. The rest is history.

If we observed carefully, Nori is no match for KJ. The couple is not like the malay proverb seperti pinang dibelah dua. It is just like seperti pinang di belah tak pecah. KJ is a young, tall and handsome guy while

Nori is dot...dot...dot if you know what I mean...

Tun,

the first time I saw khairy on TV was when I was not even 12. I asked my Mak who that man on tv was. Mak said 'pakcik gila kuasa'. As I grew up, I began to be more aware of what Mak meant. I have to say that Khairy manages to delude me most of the time with his words. Sometimes I think that what he does is the right thing, some of the things at least. He's got eloquence and that's something I'll give to him. What ticks me off most about him is the fact that he got into politics easily. Didn't need to prove himself, all he had to do was aim the right person and it just had to be Nori Abdullah, the daughter to the soon-to-be PM. Personally, I deeply despise those sort of people, the sort who got in easily by taking a short-cut instead of proving himself first to his seniors and to the Malaysians.

I am not quite knowledgeable about Khairy Jamaluddin and his misdeeds but from what I've heard and seen, people say he's a mini Anwar Ibrahim. Pah! Eventhough I'm not a fan of Anwar but Khairy is NO WAY CLOSE to Anwar Ibrahim. Please! He does not deserve that sort of reputation! And when he challenged Anwar Ibrahim to step down the throne of being the opposition leader during the PP by-election, I laughed, quite literally. Him to challenge Anwar!? Please lah! A junior challenging his senior, when he's just the same! Cerminkan muka diri sendiri laaaa.

Khairy talks a lot, but does little action. He takes the easy way instead of the hard way. Mr. Khairy thinks he's a mini you, one with a big vision and thinks he's smart. Yelah memang pun dia pandai, pandai sogok orang!

I'd give it to the man though, he's got guts. He's got eloquence. When a friend of mine said that Khairy can make women swoon with his Hindustanian looks and smile (now really, it's not even a smile. he smirks, not smiles), I chocked on the tea I was drinking.

There's a 99.9% possibility that Khairy will win the UMNO youth chief post. Once his father in law steps down next year, I'm looking forward to seeing what's the next thing Khairy Jamaluddin will do. When I joked to Mak that Khairy will be running for Timbalan Presiden UMNO, she didn't laugh. She believed me, and when I told her I was just kidding, she sighed and said, 'satu hari, nuha...satu hari nanti betullah tu...kau tengoklah...'

He's really rushing, ain't he? Just because his bapak mertua nak turun, jadi dia kena naik cepat. The Prince needs to be king fast, no?

Tun, all the best to you and your family. Especially your son, Mukhriz, who I hope will continue your legacy. We've already had, excuse me, will be having, a tak begitu berguna punya PM, and really we don't need another one.

By isadarus on October 10, 2008 8:58 PM

Salam Tun,

Ada orang tulis dlm blog ini menyatakan Khairy layak jadi ketua pemuda kerana lantang pertahankan hak Melayu. Tapi bolehkah dia sustain dan consistent dengan kelantangannya seperti Tun Dr Mahathir?

By mat khalid on October 10, 2008 9:36 PM

Salam YBhg Tun, hope you're well.

Save whatever comments people have on Khairy, I'm in the opinion that he's far much better candidate than those who have to date offered themselves for the Deputy President post in the upcoming UMNO election. More so for one particular candidate who previously claimed that he can't speak/understand

English that well (Ahmadinejad can't either he's in a different class altogether!).

For that matter, I think your son Mukhriz is better than most of them. Furthermore, their "shelf life" are about to expire (late 50s, 60++) and I doubt if they have that much energy left (again Tun, you like Ahmadinejad is of a different class).

Now it's obvious that UMNO does not have a proper succession planning program. Every Mat, Din dan Awang (malay version of Tom, Dick and Harry) are jumping the race bandwagon without looking at the mirror.

That's my 2 sen for now..

Salam.

Yang Amat Berbahagia Tun,

Pak Lah dah umum lepas jawatan, Najib dah secara rasmi bertanding Presiden; Mat Taib, Ali Rustam, Nur Jazlan dan terkini Tan Sri Muhyiddin untuk Timbalan Presiden.

Mat Taib Timbalan Presiden?

Semua orang UMNO apabila berhasrat bertanding sebarang jawatan di dalam parti selalu mengungkapkan alasan demi agama, bangsa dan negara bagi menjustifikasikan niat/tindakan mereka. Hampir tiada yang akan memberikan alasan demi untuk kemajuan karier peribadi. Di dalam perkara ini Tan Sri Mat Taib aka "Mike Tyson" harus dipuji kerana berterus terang seperti katanya ketika mengumumkan keputusan bertanding jawatan Timbalan Presiden UMNO iaitu beliau sudah banyak kali beliau mengambil peperiksaan SPM (bertanding Naib Presiden 1993, 1996, 2000, 2004) dan sudah tiba masanya untuk Ketua Penerangan UMNO ini mengambil peperiksaan STPM (bertanding jawatan Timbalan Presiden UMNO).

Namun kewajaran Tan Sri Mat Taib bertanding nombor dua di dalam hierarki UMNO boleh dipertikaikan. Hakikat ini timbul apabila kita mengambil kira kepentingan negara, bangsa dan parti. Ini berpunca kepada fakta bahawa secara tradisinya sesiapa yang memegang jawatan ini akan juga secara tradisi dilantik sebagai Timbalan Perdana Menteri.

Sememangnya jawatan Timbalan Perdana Menteri bukanlah jawatan yang diwujudkan oleh Perlembagaan Persekutuan seperti mana jawatan Perdana Menteri yang tata cara perlantikannya telah dimaktubkan didalam perlembagaan negara yang merupakan undang-undang tertinggi malaysia. Jawatan TPM adalah jawatan yang wujud hasil konvensyen perlembagaan.

Namun sejarah telah menyaksikan jawatan TPM berevolusi menjadi jawatan kedua paling penting selepas PM. Ini kerana mengikut tradisi UMNO individu yang memegang jawatan Timbalan Presiden UMNO akan juga memegang jawatan TPM dan mengikut tradisinya akan menggantikan Perdana Menteri apabila sesuatu terjadi kepada pemegang jawatan PM atau PM mengundur diri dari jawatan tersebut dan selaku Presiden UMNO.

Tradisi ini telah dimulakan oleh Presiden UMNO kedua dan PM pertama negara iaitu Almarhum Tunku

Abdul Rahman apabila beliau telah melantik Timbalan Presiden UMNO Allahyarham Tun Abdul Razak memegang jawatan Timbalan Perdana Menteri setelah beliau (Tunku) dilantik menjadi Perdana Menteri apabila negara merdeka pada tahun 1957. Konvensyen ini kemudiannya telah diterus dan perkukuhkan oleh Tun Razak apabila beliau melantik Allahyarham Tun Dr. Ismail sebagai TPM ketika mengambilalih jawatan PM daripad Tunku apabila Tunku bersara di dalam tahun 1970, Tun Dr. Ismail yang meninggal dunia pada tahun 1973 kemudiannya digantikan oleh Allahyarham Tun Hussein Onn.

Apabila Tun Abdul Razak meninggal dunia pada tahun 1976 semasa masih memegang jawatan PM beliau digantikan oleh TPM Tun Hussein. Proses pewarisan ini telah berterusan semasa era Tun Dr. Mahathir dan Pak Lah.

Mengikut Perlembagaan Persekutuan Perkara 43 Fasal 2 (a) seorang Perdana Menteri hendaklah dilantik dari kalangan ahli Dewan Rakyat. seorang ahli Dewan Negara (Senator) berkecualan dilantik sebagai anggota Jemaah Menteri mahupun Timbalan Perdana Menteri tetapi seorang Senator tidak boleh sekali-kali mengikut Perlembagaan dilantik sebagai Perdana Menteri. Jika beliau ingin menjadi PM beliau harus meletakkan jawatan sebagai Ahli Dewan Negara dan bertanding di dalam pilihanraya kecil Parlimen dan memenangkannya.

Ditakdirkan Allah SWT YB. Senator Tan Sri Muhammad Taib menang jawatan Timbalan Presiden UMNO di dalam Perhimpunan Agung UMNO Mac 2009 maka beliau akan dilantik sebagai TPM mengikut tradisi UMNO, ini tidak menjadi masalah asalkan parti UMNO/BN masih berkuasa namun komplikasi dan krisis perlembagaan akan timbul jika (mohon dijauhkan Allah SWT) berlaku sesuatu yang tidak diingini kepada PM. Ketika itu bagaimana Tan Sri Mat Taib hendak dilantik oleh yang sri Paduka Baginda Di Pertuan Agung sebagai PM kerana beliau bukan ahli Dewan Rakyat.

Ya beliau boleh bertanding di dalam pilihanraya kecil Parlimen namun ketika ini hanya ada empat kerusi Parlimen yang masih dikuasai UMNO di negeri Selangor iaitu Parlimen Sabak Bernam, Tanjung Karang, Sungai Besar dan Sepang. Hari ini bagi Parlimen Tanjung Karang dan Sepang keduanya diwakili oleh Anggota Kabinet yang juga adalah ahli Majlis Tertinggi UMNO manakala bagi ahli parlimen Sungai Besar pula beliau adalah Timbalan Menteri adalah amat merugikan kepada parti jika beliau perlu meletak jawatan. Hakikatnya hanya ada satu kerusi Parlimen yang dipegang oleh individu yang tidak memegang jawatan pentadbiran persekutuan iaitu ahli parlimen sabak Bernam.

Namun Tan Sri Mat Taib adalah Ketua Umno Bahagian Kelana Jaya iaitu kawasan parlimen yang bermaoriti bukan Melayu. Ahli parlimen Kelana Jaya hari ini adalah dari parti pembangkang PKR. Jika diadakan pilihanraya umum untuk beliau bertanding agar membolehkannya dilantik menjadi Perdana Menteri jika sesuatu berlaku kepada PM bukan sahaja proses ini akan mengambil masa sekurang-kurangnya sebulan dari notis peletakkan jawatan salah seorang ahli parlimen dari UMNO Selangor yang ada (ahli yang meletakkan jawatan juga tidak boleh bertanding selama lima tahun) belum tentu lagi beliau akan menang di dalam iklim politik hari ini.

Pada masa itu negara yang tidak mempunyai ketua kerajaan berkemungkinan akan berada dalam situasi kelam kabut. Alternatifnya adalah untuk melantik salah seorang dari enam Naib Presiden UMNO yang merupakan Ahli Parlimen untuk menjadi PM sementara atau melantik salah seorang pemimpin parti komponen BN yang mana paling kanan bermula dengan Presiden Parti MCA sebagai Perdana Menteri.

Sudah tentu alternatif-alternatif ini kurang sesuai. Cara yang paling baik sebenarnya adalah bagi Tan Sri Mat Taib yang terkenal dengan kesetiaan kepada UMNO (beliau patuh kepada arahan Presiden untuk meletak jawatan sebagai Menteri Besar Selangor pada tahun 1997 dan bercuti dari semua jawatan parti ekoran terabit dengan insiden bawa beg berisi wang akibat ketidakpandaian membaca borang berbahasa Inggeris di Australia, beliau tidak keluar parti dan berjuang di platform pembangkang sebaliknya menerima hukuman yang diberikan parti) meletakkan kepentingan negara serta parti di atas kepentingan peribadi dan mengundur diri dari bertanding jawatan Timbalan Presiden. Eloklah beliau menumpukan tenaganya untuk mengembalikan kekuatan UMNO Selangor dan menjadikannya sebagai kerajaan di negeri Selangor Darul Ehsan pasca PRU-13. Bukan beliau tidak layak untuk jawatan Timbalan Presiden namun keadaan menyebabkan beliau perlu untuk meletakkan prioriti beliau ditempat

yang lebih hak iaitu untuk memperkasa UMNO Selangor selaku Pengerusi UMNO dan BN Selangor.

Tun, you know him better.

A guy asked where do ur votes go? khairiz or mukhriz and what do u expect from him?

If KJ :

I'll ask RM 1 billion upfront and chow from this country, cause i know this country will be in trouble if he won.

If Mukhriz :

It's free...any votes for him it's free, i got a fuzzy feeling he can lead us.

Then the guy told me, if all perwakilan thinks like me, KJ gonna go bankrupt if he uses money to buy votes. I answer back "Dia dah 'POW' banyak from UMNO, sekarang kita punya turnla nak 'POW' dia balik, kalau setakat RM 1000 per vote and a contract that we don't know the future of Malaysian economy at the moment and no assurance of payment, bodohla kalau any perwakilan accept that term, sekarang ni his quite desperate, so bila lagi, bubuhla"

If the perwakilan afraid to pull KJ down cause of their positions, at least all perwakilan can team up and bankrupt him when money politics are played. If he bankrupt he can't be MP. (That indirectly says that we don't want him). Ask the highest price u can think for the sole purpose to bankrupt him!!!

If money politics are played and planned to be distributed among the perwakilan "All of us should work together and say - Ni tak cukup ni, kami mahu RM 100 billion !!!!!"

By MalaysianIndian on October 11, 2008 10:45 AM

Hi Tun...glad that your attack to current PM worked out and he will resign soon. But i still wonder how much he can do in these 5 months when he can't do much in many years. I thought the problem is over but actually it's a beginning of another new problem.

Well, i salute to all Malaysian no matter Indian, Chinese or Malay. But remember, we are Malaysian and known as Indian, Chinese and Malay due to our race. and for you "fiery snake", watch out your comments for asking Indian to go back India. why don't you go back Indonesia and China where you come from. SURprise? go back and do your homework to see where Malays came from. The original people of Malaysia is the orang asli, Sarawakian and Sabahan.

I read an article in Borneo Post today that HINDRAF spoiled the Hari Raya celebration and also insulted the Malays in Malaysia. wake up lah wei..if only on the 1st place Pak Lah just gave them approval to handover the memorandum, no problem plus even TUN also know that memorandum will do nothing. i am an Indian but i don't support all HINDRAF's actions. think in this way, UMNO meeting was held on Deepavali day, so Indian can take that an insult also and hurts us deeply, KJ even got the nerves to complain that the newspaper vendor was on leave on Deepavali and making fuss about it, that hurts we Indian also....

Let's take Borneo, Sarawak especially. what is happening down here? the roads did not meet the requirement and the richer getting richer and the poor being poor still. I guess TUN know who is the cause of this situation in Sarawak but you can do anything when you was the PM..

Everybody do mistake, that's the fact. a wise man said "if you do mistake once, you are learning, if you do twice, you are stupid".

Stop being racist and start being a Malaysian. think in all angle and dont just throw the blame.

Remember, there will be at least one culprit in every race but does not mean the whole race is like that

IF you are not lazy, you are not malay
IF you are not drunk, you are not indian
IF you are not gambling or cheating, you are not chinese

If have malay friends, they are not lazy,
i have indian friends, they are not drunk
I have chinese friends, they are not gamblers

so, grow up guys!!!!!!!!!!11

Dear Tun
ASSALAMUALAIKUM

As i have said in my earlier comments, Tun, you are the biggest political creature in this land.

Whatever you said, positive or negative, and also whatever you never said or commented has a very strong bearing on the political on-goings.

Khairy came into the political scope of this nation during your times. He and Azalina Othman Said was given a free ride into the nation's political scene!. They became joint presenters of a political debate program on national TV. Who are they?. They surely have your consent!

Today you are telling us that this 'Boys of Level 4' are hurting this nation?. What is certain this boy that you have consented WILL BE the new Head of Pemuda UMNO.

We, Malaysians will have to live with this 'line of heir apparent' imposed on us by you.

Tun - Pak Lah - Najib - Hishamuddin - Khairy -.....

Datuk Harun Idris, Ghaffar Baba, Tengku Razaleigh, Anwar Ibrahim, Ibrahim Ali, Muhyiddin Yasin...these are just the 'near-miss Malay Leaders', either killed OR derailed by who?...you know better!.

Thank You

Sincerely

Akum Tun,

Memang saya setuju dengan pendapat Tun bahwa KJ ini mmg bijak. Tetapi kita semua sedia maklum, kepandaian yang diberi tuhan untuk digunakan pada jalan yang mungkar dan salah, maka percayalah, hasilnya amat buruk sekali.

So, biarkan saja KJ ni terus dengan impiannya sekarang. Mungkin sekarang dia terlalu yakin kekayaan dan kuasa yang dia ada mampu membantunya mencapai cita2 dan impiannya, tapi sampai masa dia akan tahu, tiada yang dapat menandingi kehendak Tuhan yang Maha Berkuasa.

Tun, pada saya, KJ hanya akan menang pada pemilihan Pemuda nanti jika politik wang menjadi

sandaran, dan juga jika tuhan mengizinkan. Namun saya amat berharap agar dia tidak dipilih oleh ahli UMNO yang masih sayangkan bangsa Melayu, dan berdoa agar Tuhan juga tidak akan mengizinkan dia terus bermaharajalela di bumi bertuah ini.

By bluesgang77 on October 11, 2008 11:54 PM

Bro jebqt71,

If money politics are played, there are ways to screw them up, just like our Tun said once "There are many ways to skin a cat".

I got the idea when Petronas would like my organisation to execute some critical tasks for them but i dont like the job, i cant say or do the following if i dont want the job :

1. I cant say i dont want it - they will blacklist my organisation cause im not interested to work with them.
2. I cant say my plant or vessels is busy elsewhere - they will blacklist my organisation by saying i dont give them priority and worse if they found out my vessel is actually available.

So in order to be diplomatic and dont want to hurt petronas organisation feeling, i put the price 10 times higher with a valid excuse. So if there are someone else cheaper for sure some else wins so i can get away by saying "awww, my price too high, we can try again"

And so in this money politics, if u dont want KJ and afraid that their team might lash on u in the future if KJ win, u can "POW" him dry and be diplomatic at the same time by saying "Alamak boss, ekonomi dah teruk ni, hutang dah banyak nak kena settle, so kalau boss nak saya punya vote boss kena tolong saya la, harap boss dapat bayar banyak ni laa" (then put the highest price u can think of).

If their team dont bring enough cash, u guys can take his or his buddy expensive cars or their watches or maybe some majority shares in their flagships company. At least their watches worth RM 70,000. Imagine if 1,000 strong perwakilan asked RM 1,000,000 each, imagine how much KJ gotta pay = RM 1 billion!!!!!! He will go home with his underwear or without his expensive watches or if he cant pay, he will lose votes (thats what we want right?).

So to the all perwakilan lets crash their party and "POW" KJ crew dry. Dont be so righteous abt this, cause if he won with words like setiakawan, he will definitely forgets all of u and maybe he cant even remember all of ur voters faces or names. If he can forget Tun and his predecessors that puts him there and give the opportunity and even act with upmost arrogance, he will definitely easily forgets all of u too. So dont be sorry, just "POW" him dry or easy just dont vote for him. Again, him and his buddies are desperate, take this chance, it will not come everyday.

PS : sometimes its good to act like "Robin Hood" by being a small thief to steal the stolen goods from the bigger thief.

By tunnusantara on October 12, 2008 7:50 AM

Salam again Tun,

Please excuse me - from my choice of MTs above I'd like to REMOVE zahid hamidi as he's badawi's man.

Maybe Noh Omar would be an option on the MT list as he's pretty hard working. Also am removing Tengku Razaleigh from my "Naib" list above (as I don't think he's fit as President).

Why won't Rafidah fight for the Naib post? She's smart & stern/tough.
& That would be a Very Objective & GOOD Change for UMNO to Correct ALL the MESS left by badawi!!

So, Pres. = najib. (hope he won't take things for granted!)

The rest would be:

Timb. = muhyiddin

Naib = rafidah, hishammuddin, rais yatim

KP = mukhriz

KW = shahrizat

MT = syed hamid albar, shafie apdal, mustapa mohamed, khir toyo, noh omar, norraesah, isa samad, ali rustam, bung mokhtar, jamaluddin jarjis

Pilih PEMIMPIN MELAYU UMNO yang TULUS/BERSIH, BERANI/TEGAS, BIJAK & BERWAWASAN.

KJ memang lebih layak berbanding Mukhriz , confirmed!!

mari kita menyusur pencapaian KJ ..

1998 - habis belajar

1999 - Special Officer - Pak Lah

2001 - kahwin dgn Nori

2003 - Deputy Principal Private Secretary - Pak Lah

2005 - ada RM9.2 Juta (juta bukan ribu) beli saham ECM Libra - KJ boleh tulis buku - " How to be Multi Millionaire within 6 years if u close to Prime Minister " - confirmed Book of The Year - masa ni mata KJ mungkin gelap sikit sebab dia pernah keluar statement, " I can make millions .Saya boleh jadi jutawan segera kalau saya mahu.Saya ada prinsip dan yang utama impian untuk sama berjuang dalam Umno mengatasi segalanya" Agendadaily . Bab KJ letak kekawan kat GLC company - semi GLC , 10% semua tu tak betul KJ seorang yang ada prinsip tak mungkin KJ buat :) .

2006 - langkah pertama nak bermula dgn Kementerian Belia & Sukan mulakan MyTeam-TV3

2007 - MyTeam merge dgn Perak UPB FC - UPB-MyTeam FC , September 2007 terus jadi Vice President - FAM , satu lagi buku KJ boleh tulis " How to be FAM Vice President within 2 Years " , bukan setakat Lagenda bolasepak Kedah , Allahyarham Datuk Basri Akil tak boleh buat , Shebby pun terkedu nak komen, Scolari pun pening taktik yang KJ pakai . Bolasepak Malaysia memang lagi maju bila KJ masuk FAM , terserlah kepimpinan KJ 2 tahun duduk FAM , memang semua pasal bola kat Malaysia ni lagi meriah , ranking dunia pun makin tinggi - bertambah :)

2008 - jadi calon PRU , Pak Lah letak calon yang agak luarbiasa - rakyat tak kenal , kebanyakannya bukan pimpinan UMNO kawasan , muda , tak dikenali (tapi semua pilihan ni tak ada kena mengena dengan KJ " decision Pak Lah sesorang " :)) ,yang juga tak bermaksud nak balance pencalonan KJ + dengan perancangan masa depan akan sokong KJ nanti, duo PM - Anak Menantu dimalukan , keputusan PRU tak macam yang Pak Lah rancang terbantut perancangan KJ nak masuk kabinet , kalau tak dah

memang tentu KJ jadi Menteri Belia & Sukan.

2009 - KJ mesti menang Ketua Pemuda ... Hidup KJ, Hancur UMNO !!

KJ has been operating like a great warlord of UMNO under the auspicious of Dolah the great.

When his father-in-law took over the baton from TDMM, KJ immediately restructured KHAZANAH, putting his gang controlling the investment arm of the government.

Subsequently through KHAZANAH, KJ enlisted his boys as CEOs of the GLCs. This is the most effective ways to channel GLCs contract worth billion of Ringgit to his loyalties. It is like KJ himself handing over the letter of awards of GLCs contracts.

A close friend of mine working in one of the big GLC, narrated to me about his encounter with KJ's runner when he applied for the Vice President post in his company.

This runner bumped into his office and told him straight into his eyes that he would work out for the VP post under the terms to be agreed. This friend of mine responded that he would leave it to the Almighty to decide.

Though being the most senior and most qualified, he lost the post to his most junior counterpart. For your information, this VP's post coincidentally carries ALSO the title of Chairman of Tender Committee up to RM 10 MILLION.

This friend of mine also told me that KJ's networking does not only supervises in the appointments of CEO and VP, but also goes down to the smaller posts of SGM and GM in GLCs.

One can imagine how much KJ is holding his war chest, probably more than DSAI used to have....

By bluesgang77 on October 12, 2008 12:26 PM

Seriously KJ tak terror la, with all those perks he got, he didnt achieve anything significant. Scheming getting to high position terrorla tapi score buat kerja kosong, takde result. Kejap bebaskan Anwar lepas tu geram kat Anwar, sekejap sokong US nak sign FTA, lepas tu geram kat US dan macam macam lagi. Kejap geram ngan Singapore, lepas tu sokong Singapore.

Atleast when Tun were younger, u got something like Malay Dilema (which u got booted), other guys like DSAI, Tun Razak, etc got something significant too pop out during their younger days.

Apa KJ dah introduce his new fresh ideas? kalau setakat marah kat condoleeza dengan tangan kena simen, saya pun boleh buat. Kalau GABEM dia punya idea 100%, then it meant something. Kalau GABEM pun bukan dia punya, hmm reputla dia ni.

If this case, i might reconsider sending my kids to Oxford, lately they keep producing strange end products like this guy and the smart chick who became a prostitute. High IQ but xtremely low EQ.

Hi tun, although it is a little late but i liked this particular posting very much. It has sarcasm written all over it and i would very much like to say that i agree with your assessment. Khairi moved up the ranks of Pemuda Umno too soon and too fast without any real contributions to the party or the rakyat. With Pak Lah resignation, i hoped that his days as a politician are numbered as well. Personally, i miss the heydays of your administration so much. No government is perfect in these days and age and for all the faults during your time as PM, i can safely say that u did a great job as being the country's leader and making Malaysia known to the rest of the world. The current and future administration should learn that your advice and comments are very insightful. Carry on spreading your wisdom for the benefit of the country and i hoped that a leader of your caliber might emerge again. Cheers!!

Dear Tun,

Saya pasti ramai yang akan menyangka saya ni penyokong KJ. Saya ni bukan ahli mana2 parti politik pon. Saya cukup tertarik dengan komen yang ditulis dalam blog Tun ni. Saya berpendapat apa yang berlaku semasa kemenangan KJ dahulu adalah salah ahli UMNO sendiri. Menyokong orang membuta t*li. Orang Melayu masih lagi dalam mentaliti kronism dan "kabel". Ini menantu PM. Kena sokong, senang buat kerja. Kebanyakan masih dalam mentaliti subsidi. Saya pasti sekarang ahli UMNO menyokong Najib dan Muhyiddin atau Mukhriz pon atas sebab yang tidak rasional. Politik di pejabat sama saja dengan politik dalam UMNO. Visibility is the key. Dari pengamatan saya, ahli UMNO sendiri perlu berubah. Perubahan pucuk pimpinan dengan idealogi yang status quo dari dulu hingga kini hanya membuang masa. Saya ingin melihat pucuk pimpinan yang berkhidmat untuk negara. Bukan untuk keluarga, saudara dan diri sendiri.

salam, ayahanda yang saya sangat sayangi. Tun, saya sangat menghormati Tun dan akan merasa sangat bahagia sekiranya Tun masih menjadi perdana menteri lagi. akan tetapi dalam senario politik sekarang saya merasa sangat berduka cita dengan apa yang terjadi sekarang. Saya nak tanya kenapa kat negara kita masih lagi ada situation dimana kalau kita bekas Pm adakah anak@ atau menantu patut menjadi ketua jugak? Bagilah chance kat orang lain pulak. Bagi saya Tun memang terror tapi tak semestinya anak Tun pun macam Tun jugak.% jari tak serupa. Nmapaknya dalam negara kita ini chance untuk naik hanya ada kat keluarga depa aje kan? HUuh...! Memalukan.... contoh dalam pertandingan untuk Ketua Pemuda, Tun kata taknak gunakan nama atau interfere...tapi ya ka? Nampaknay takdelah orang lain berperluang nak naik kan....acam ni sampai bila bila pun negar kita ni akan di perintah orang anak beranak bekas2 perdana menteri. Apa nak jadi dengan kerajaan BN che det oooiii. saya cadangkan biarlah org miskin mcm bekas MB Selangor atau org lain yang bertanding sebagai ketua pemuda tarik diri aje. Buang masa aje. Mukriz dah tabur duit lebih dari 10m. KJ pulak 2 x 5. khir toyo pulak? Kepada semua ketua bahagian UMNO Malaysia. Situasi politik untuk anak beranak VVIP akan buat mereka kerugian besaKKKK. Be gentle lah.. jgan pakai duit. hadapi pertandingan dengan kenyataan bukan beli ahli bahagian. Tun kata taknak guna power tun untuk Mukriz tapi apa dah jadi Tun tak buat seperti apa yang dikata. Kepada semua bahagian tepuklah dada jagan keran duit yang ditawarkan sanggup jual diri dan maruah. Pilih lah yang benar layak bukan kerana duit dan nafsu. Satu lagi ...jangan lah pakai mandram pulak. kita nengok ajelah dalam keputusan KP Umno nanti samada kita ni masih tak berubah atau dah berubah. jadi jangan salah kan PR kalau mereka dapat tawan hati rakyat malaysia dan seterusnya ANWAR jadi PM. Tun nobody is perfect....dan ketua bahagian UMNO pun kena fikir samada kita nak senario politik kita berubah atau biar kita tiada perubahan. Ingat suatu hari bila anda bukan anak beranak menteri atau PM, anda memang taknak chance untuk naik. apa yang terjadi pada orang lain akan terjadi pada anda jugak. semuanya terletak pada tangan anda... buatlah dengan akal fikiran bukan kerana wang. Alah SAW akan berserta dengan orang yang benar. AMIN.....

Salam ayahanda Tun,

Selama ini hanya memerhati keadaan politik semasa dan membaca post2 ayahanda Tun dan komen2 blogger selama ini. Tidak terlintas utk saya menghantar komen2 saya kerana merasakan betapa kerdil saya dan cetek pengolahan bahasa saya. Saya berasal dari negeri di bawah bayu dan pernah melalui dan merasai pergolakkan politik semasa PBS mengambil keputusan keluar BN. Bila berkahwin dan berhijrah di sini, maka saya diminta untuk menukar pusat mengundi saya di sini, namun sejak 6 tahun saya berada di sini saya masih tidak menukarkannya dan tidak terasa untuk menukarkannya atau mengundi sama sekali memandangkan terasa betapa jijik keadaan politik Malaysia hari ini. Apa yang mampu saya katakan, keadaan sekarang yang ditunjukkan pemimpin2 kita hari ini lebih kepada tamak

haloba untuk memenuhi cita2 peribadi dan poket 7 generasi mereka. Khairy Jamaluddin umpamanya secara jelas mempergunakan kedudukannya sebagai menantu premier untuk melonjak naik. Tidak munasabah langsung dengan tidak punya apa2 pengalaman dan sumbangan terhadap tanahair tiba2 sahaja mampu menang tanpa bertanding Naib Pemuda. Rasanya ada lagi ramai ahli2 senior pemuda yang telah lama menyumbang bakti mengerah tenaga selama ini dibandingkan dia. Apa yang pernah khairy buat selain MYTEAM dan memertabatkan Mat Rempit yang bermaharajalela sekarang. Apa yang dapat saya lihat, sokongannya terhadap golongan rempit yang jelas suka melanggar undang2 dan tidak ambil peduli tentang erti tanggungjawab sebagai anak dan manusia bertamadun, hanya nafsu, tamak haloba, kejam & penting diri sendiri (ni semua antara ciri2 mat rempit) secara tidak langsung memperlihatkan karektor sebenar khairy..Dia sama seperti mat rempit tu cuma dia high class mat rempit! Dia juga tidak mengikut cara yang betul utk naik, tapi kerana dia menantu premier, maka semua "flaw" dia tidak kelihatan. Semua dah kena " ayat"...

Tgk muka dia pun dah tahu jenis mcmana dia ni. Cita2 tinggi dan selfish. Manipulator betul. KJ ni patut kena buang di laut zamboanga ja, biar kena "ngaap" lanun atau jaws...apa kata wahai umat2 yang mahu negara kita ini selamat, kita solat hajat ramai2 doa kan dia ni diberi balasan yg adil?

apa pun buat ayahanda Tun, Malaysia bertuah kerana dikurniakan ayahanda Tun selama ini...semoga Allah sentiasa melimpahi rahmat buat ayahanda sekeluarga. Saya sgt bertuah krn dpt berurusan dgn anakanda perempuan ayahanda iaitu DP Marina, yg sgt humble dan tidak pernah menggunakan kedudukannya sebagai anak premier! Beliau singgah di kiosk kecantikkan kami tmpt saya bertugas dahulu tanpa menyebut siapa dia. Sebaliknya beliau berusaha untuk kelihatan spt hanya org biasa shj. Beliau beratur panjang hanya utk membeli kasut di Bata krn ketika itu musim perayaan tahun baru cina, jadi shopping mall waktu itu mmg sgt2 sibuk. Saya berbangga krn dapat melayaninya. Beliau tidak seperti kebanyakan datin2, baru setakat datin biasa shj berlagak mengalahkan DP yang byk menyumbang pada negara.....

Terima kasih Abdullah Badawi, masa untuk singkirkan Khairy

Hari ini seluruh ahli UMNO harus mengucapkan terima kasih kepada Perdana Menteri, Dato' Seri Abdullah Ahmad Badawi kerana tegas tidak mahu mempertahankan jawatan Presiden UMNO walaupun didesak oleh anak, menantu dan orang-orang yang mempunyai kepentingan sewaktu beliau memerintah dahulu.

Ternyata Pak Lah masih ada perasaan sayang dan kasih terhadap UMNO. Beliau tahu, jika terus memimpin, maka musnahlah UMNO dan Barisan Nasional dalam pilihanraya akan datang. Didalam sidang akhbar tadi, Perdana Menteri berkata,

"Saya ingin serahkan kepada Datuk Najib supaya Malaysia boleh menghadapi cabaran global, kerana ini bukan masa untuk berbalah sesama sendiri tetapi adalah masa untuk perpaduan, dengan mengutamakan kepentingan negara."

Beliau turut mengaku bahawa kekalahan teruk UMNO dan Barisan Nasional dalam pilihanraya yang lalu disebabkan oleh kelemahan dirinya dan berharap agar penggantinya akan melakukan dengan lebih baik pada masa akan datang.

Pak Lah sudah berundur untuk perpaduan UMNO dan Barisan Nasional. Kini tiba masanya untuk UMNO membersihkan parti ini sebersih-bersihnya.

Menantu Pak Lah dan konco-konconya yang selama ini menguasai tingkat empat harus disingkirkan serta-merta. Dengan ini UMNO akan pulih dan kembali kuat seperti dahulu. Jika dahulu Pak Lah mengkhianati Tun Dr. Mahathir, tidak salah kalau Dato' Seri Najib mengkhianati janjinya untuk memberikan kemenangan kepada Khairy Jamaluddin untuk memimpin Pemuda UMNO.

Kepada pejuang-pejuang didalam UMNO, tugas kita masih belum selesai.

Tugas kita hanya akan selesai selepas menantu Pak Lah turut berundur dari kepimpinan perdana UMNO.

Salam Buat TUN

Mesyuarat UMNO telah dan sedang berjalan nampaknya Pemuda telah matang dan mecalonkan Mukhriz. Pemuda mesti ingat yang menyumbang kepada kekalahan PRU12 adalah kerana mulut celupar KJ. Ingat kalau KJ jadi Ketua Pemuda masa depan UMNO dan BN akan hancur dan di kuburkan.

Salam Aidil Fitri for Tun and Family,

QUESTION : KHAIRY JAMALUDIN IS BRILLIANT?

Yes...I think. Riding the wave...waves!!! Creating his own waves on top of the waves he is riding....so much so that everything combine into a Tsunami....trampling everything along the way....until he himself has no decent land to put his feet on....what more the rakyat that he so called champion for.....well.....he may have other land....decent land....good land....prepared....elsewhere?

Well....just a point to ponder!

I THINK : KJ is an asset Malaysia is losing even while he is still alive.

I WONDER : How could he be so brilliant...so knowledgeable in so many ways? We are looking at genius! Politic and Public Relation...Business....Finance...International Relation....Banking....is he really that brilliant? Is that him?

I SAY : I don't know....am confused.

That all for now Tun. God Bless You.

Dearest Tun,

Quite frankly, over the last five years, the Pemuda UMNO that we are having up there right now, just seem to be so 'jumud' simply due to the existence of this guy; 'Khairy The Biggest Blunder'!! Everyone seems so scared of this 'brat' probably due to their hunger for survival and some 'pennies' from him. That made the organization seemed so functionless. Even Hisham had to face the 'Kris' issue on his very own!

Khairy...he just got to be 'eliminated' from the Malaysian political scene! Otherwise, UMNO will somehow have to face just another of it's worst 'consequences' ever.. sooner or later! What can you expect from a guy who is so selfish, even his father-in-law had been all the way 'fooled' by him and that he had been acting like a 'Godfather' where many had to beg for 'pennies' that he'd robbed from the rest of us Malaysians!

As for Md. Khir Toyo, well.. let's see what had occurred just before the PRU12.. 'Saya dah hantar satu list...PM ada list yang lain'!.. To that, 'angkuh dan engkar' been the right words in describing him, not to mention what he had robbed from the state and the 'penyapu' he'd awarded to a YDP!! It was said that he was supposed to be an MP candidate but he refused. With him stood as an ADUN candidate, the 'rakyat' of Selangor was so certain that he would remain as an MB! To that the 'rakyat' made a 180 deg turn!! A history was made... Selangor fell to BA. How could such a 'sucking joker' be of 'Pemuda's choice' ... ponder, ponder!

Let's take a look at Mukhriz.. his remarkable achievement in education, a self-made businessman, his contributions on social and welfare activities such as AMAN Malaysia, being so patience that only active in politic after his father had stepped down, stood well as an MP, dared to voice out 'issues' that many just never had the gut to even utter a word and many more. He is our man who has shown us the kind of long lost qualities (5 bad years!).. the kind of leadership qualities we'd lived with for over 22 years!

Well, 'Pemuda2 UMNO'.. any sensible man will see it clearly that Mukhriz is the one and if..only if that he fails.. the whole 'Pemuda UMNO' will have nothing to recon with.. so sorry for all of you 'Pemuda2 UMNO'.. what a pity. Somehow we just love to see what is going to become of these up-coming 'Pemuda2 UMNO'.. just hope that there still are some sense in their mind!!

May Allah's Blessing be with you all the way through dearest Tun. Insyaallah.

Wassallam.

Dear Tun,

I'd love to use profanities on this moron which I think in his case is a compliment.

This man is as evil as they come.

But my faith in the Almighty is very great. He will not get very far.

I seldom have bad feelings for anyone but I certainly hope if he does not repent and publicly own up to all Malaysians the nefarious things he and his so called religious father-in-law have been doing, they should rot in Hell.

As for you Tun, I know a special place has been reserved for you together with all the others who carried

out their leadership mandates as God would have wanted.

Best Regards

SALAM AYAHANDA RAKYAT TUN,
IZINKAN,

8. True to the Government record of being open and transparent the amount paid is not revealed. I wonder whether the money came from Zaid's pocket or from the taxes paid by the rakyat.

NOW THAT THE AAB(AIMLESS, ARROGANT, BONEHEAD) LEADER MAYBE REPLACED (SOON, WE HOPE), PERHAPS THE NEW REGIME WILL REALLY PRACTISE WHAT THEY PREACH AND THEN PERHAPS THE 'FORGIVING' RAKYAT WILL READILY 'EMBRACED' THE NEW LEADERSHIP.

TO THE WIVES/FAMILY MEMBERS, WE ASKED NOT TO 'EMBRACE' THEM IN THEIR PUBLIC OFFICES COZ THEY CUD BE 'EMBARRASSED' JUST LIKE THE 'RETIRING' LEADERSHIP.

\

TO THE NEW LEADERSHIP, BE WISER AND LEARNED FROM ALL THE WEAKNESSES THAT HAD NEARLY CAUSED UMNO/BN TO SINK INTO THE DEEP END OF THE DARK WATERS OF PUTRAJAYA LAKES.

KEPADA AHLI2 CAWANGAN/BAHAGIAN UMNO SELURUH NEGARA BERPANDANG JAUH HENDAKNYA BILA MEMILIH PEMIMPIN2. PILIHLAH TOKOH YANG BERSIFAT IKHLAS SUCI, JUJUR DAN BENAR DAN BERANI MENGORBANKAN DIRI UNTUK MENJUNJUNG FALSAFAH PERJUANGAN PARTI DEMI BANGSA, AGAMA DAN TANAH PUSAKA TOK MOYANG BANGSA MELAYU.

Dear Tun,

I love the sarcastical remarks on Dollah's SIL. He deserved it, that bloody hairy mammal fit for the jungles of Pahang. Once again, people like Hishamuddin also ought to be booted out as he has no balls as a man. No balls as a Malay. He's Tun Hussien's son and what has he got to loose instead of bootlicking Dollah's shoes. The only PM who has not done anything for the country!!!!

Pemimpin melayu sejati sudah tiada. Yang ada penjilat2 yang tiada pegangan!!! Sangat memalukan.

I pray for Datuk Mukhriz to win this coming election instead of that cry baby Rembau MP!

Take care Sire!

Salam hormat saya buat Tun dan keluarga.

Hanya minta kesempatan untuk meluahkan perasaan:

1. Rasa bersyukur kerana Mukhriz telah berjaya dalam pencalonan untuk Ketua Pemuda, semoga berjaya pula dalam pemilihan nanti. Amin...

2. Sekarang harga minyak mentah dunia telah turun bawah USD80/barrel, dan mengikut lapuran dalam website Bloomberg hari ini berkemungkinan akan turun sehingga ke paras USD65/barrel dalam masa terdekat.

Yang melucukan PM flip-flop baru-baru ni meminta para pengilang dan peniaga menurunkan harga barang keperluan asas harian (untuk rakyat biasa, bukan untuk keluarga jutawan seperti keluarga PM flip-flop) berdasarkan itu adalah 'tanggung-jawab sosial' mereka. Jadi persoalan yang timbul sekarang, terbuhtilah sudah PM flip-flop dan para penasihatnya (ketuanya KJ - "komisen 25% tuan") selama ini langsung tidak mempunyai rasa 'tanggung-jawab sosial' terhadap masyarakat (rakyat biasa) semasa membuat keputusan untuk menaikkan harga minyak petrol sebelum ini, sehingga mengakibatkan kenaikan harga barang secara mendadak. Sedangkan diwaktu itu (kalau saya tak silap) Menteri Minyak OPEC dalam wawancara yang disiarkan diTV beberapa kali mengatakan kenaikan harga minyak mentah dunia bukan disebabkan oleh permintaan pasaran (tetapi manipulasi harga oleh penyanyak komoditi). Hendak suruh peniaga menurunkan harga barang bila sudah naik - jauh panggang dari api (peribahasa

Melayunya).

Sepertimana komen saya sebelum ini, kalau seorang PM berfikir dan membuat sesuatu keputusan yang melibatkan seluruh rakyat macam buat keputusan beli baju untuk anak, sedar-sedarlah 'bahawa sesungguhnya' dia tidak mempunyai kebolehan untuk memimpin, dan tidak lagi diperlukan oleh rakyat. Seelok-eloknya 'bagi notis 24 jam' lagi bagus ...

Tetapi jangan pula nanti meninggalkan pewaris yang 'sama kepala', angkuh dan sombong, tamak dan haloba untuk mengumpul harta dunia (memanglah boleh hidup senang lenang didunia tetapi bolehkah beli syurga atau tebus dosa dengan wang ringgit?), menyambung kemusnahan kepada rakyat dan negara!

Akhir sekali kepada YBhg Tun, saya mendoakan Tun dan keluarga sentiasa sihat selalu.

Salam Tun,

This is my first time joining in. I have not really bothered much about politics when you were handling the government. It was smooth running, even the western countries knows about Malaysia and how vocal the PM is at that time. Well..sad to say things have changed since 5 yrs ago. Politics have become a "sandbox" where "kids" fight for the best spot and the kid whose dad/mom is there usually wins. KJ being the kid and Pak Lah being the dad.

To me, KJ is an outright opportunist. He wants to be PM by 40, but he does not climb the stairs himself, he has Pak Lah to carry him to the top. With no experience he got to be Naib Ketua Pemuda in a blink of an eye. It would be too obvious at the time to put him as Ketua Pemuda. Ain't that right Pak Lah & KJ??

His wealth?? Tujuh keturunan also wont finish. I dont mind tips from KJ on how he become so rich so young, definitely the wealth is not inherited. I'm only a year younger than KJ, it's not easy to have millions in your bank account without any hidden agenda. Either your parents give you the money, or you manage to hack into the bank's system and transfer it, or you're a world's first class thief, or you are KJ. An Oxford degree does not give you millions. Nobody pay you that much for only a roll of paper.

All in all Tun, regardless of what KJ wants, whether Pak Lah is stepping down, or HINDRAF issues, things would not have happened if you are still around as our PM. People listen to you, the world listens to you and you would not have let it happen.

It's a good thing also if Pak Lah steps down. He would no longer be criticized. He is a good man but he is being criticized for all his inaccurate decisions and of all KJ's wrongdoings. I do agree that KJ is a very intelligent man, with not so good intentions. But as the Malay proverb quotes "sepandai-pandai tupai melompat akhirnya jatuh ke tanah jua".

As for leadership issue, until now I still can't see a candidate who is of your equal if not better. Eventhough Datuk Mikhreiz is your flesh & blood and I'm very happy he's a part of our system, he has yet to show his credibility as the next Tun Mahathir. Mahathirism or not, Malaysia needs someone like Mahathir. I've spent my time in the U.S and I can safely say that first world leaders respect Malaysia because of Mahathir.

p/s : For those who thinks that Tun is a devil and human at the same time, please wake up, go live in other countries for several years, (especially the 3rd world countries)then you will really see what effort he has put into this country. By the way Nobody is Perfect even Tun or even yourselves for that matter.

When people were choosing sides between BN and PKR, I have always shouted Hidup Mahathir! becoz I do believe the only person who deserves to be saluted is Tun. Datuk Mukhriz, I do hope you win, we need a real politician and not an opportunist.

All the best to Tun and family. Cheers Dear Sir.

Salam Tun!!..

Saya mengucapkan terima kasih kepada Tun kerana mentadbir negara dengan baik selama ini sehinggalah Malaysia menerima pucuk pimpinan baru. Saya dari golongan marhaein ini merasa sangat dukacita dengan senario politik dan masyarakat Malaysia sekarang. Semua pihak berani mendongak ke langit meminta yang tidak sepatutnya sedangkan di zaman Tun dahulu untuk berbuat demikian pun mereka harus berfikir berkali-kali. Tun, selamatkan Malaysia (dengan bantuan Allah SWT)... sesungguhnya saya merasa tidak selamat lagi di bumi sendiri dibawah pimpinan sekarang apatah lagi dengan kehadiran si tompok manggis itu. Saya berdoa agar Tun diberikan kesihatan yang baik oleh Allah SWT dan dapat menyumbangkan idea2 bernas demi bangsa, agama dan negara kita. Selamatkan Malaysia dari jajahan bangsa sendiri dan kaum lain yang korup dan tidak amanah!!...Amin.

Assalamua'laikum Ayah Tun,
Pertama kali saya amat berbesar hati kerana dapat berpeluang berintraksi dgn Ayah Tun,walaupun tidak secara langsung.Saya amat mengkagumi Ayah Tun sejak dari dahulu lagi,seawal saya dibangku sekolah lagi.

Maaf,bukanlah niat saya untuk bermanis mulut (bodek) tetapi sekadar menyuarakan hasrat terpendam.Saya selalu mengikuti perkembangan chedet.com tetapi kali ini terpanggil rasanya untuk saya memberi sedikit pandangan yang tak seberapa ini.

Setiap manusia mempunyai kelemahan dan kelebihan masing2,itu hakikat yang tak dapat kita ubah.Tetapi,Persoalannya Sejauh manakah seseorang itu bermuhasabah dengan rezeki yang telah diberikan Allah swt dan tanggungjawabnya sebagai khalifah serta pemimpin.

Pada zaman pemerintahan PM sekarang 'Pak lah',saya dapati terlalu banyak sangat kelonggaran dan ketidak tegasan didalam menguruskan pentadbiran kerajaan.Kegagalan demi kegagalan dihadapi tanpa mendapat bantuan rujukan dari yang sepatutnya.

Sungguh pun Pak lah menghadapi bermacam-macam dugaan dan kesulitan di dalam menguruskan dan memperbaiki kelemahan berbangkit pada kaca mata beliau,Saya dapati beliau telah tersalah percaturan dengan mengambil menantunya dan kroninya sebagai "helper" yang pada akhirnya memakan diri beliau.Sikap sambil lewa yang ditunjukkan juga mengundang ketidakpuasan parti dan rakyat.Saya percaya Pak lah boleh mentadbir dengan baik jika tiada campur tangan "helper" kerana Ayah tun yang lebih mengenalinya 'baik diantara terbaik'.

"Sikap berpolitik telah disalah guna pada keadaan yang tidak sepatutnya.Korupsi terang-terangan dipergunakan oleh pihak pertengahan yang berkepentingan mengaut hasil khazanah negara.Perbelanjaan negara disalah gunakan malah peruntukan kerajaan diselewengkan dengan beraninya.Kesetiaan rakyat dipermainkan dan Agama menjadi taruhan".INILAH AKIBATNYA hasil dari pemerintahan acuan tanpa berpandukan nilai-nilai moral dan kekuatan konsep Rukun Negara.

Kesimpulannya,disebalik kisah "helper" ini ada pengajaran kepada kita semua,kerana sebenarnya politik kita "UMNO" telah tersasar jauh dari landasan perjuangan sejak dahulu lagi.Pemimpin sedia ada seharusnya bersikap lebih prihatin kepada bawahan dan penerapan beragama seharusnya menjadi syarat utama berpolitik bagi bangsa melayu.Kerana sesungguhnya bangsa melayu adalah pemilik

tanahair yang tidak harus dipertikaikan lagi.

Maaf sekiranya pandangan saya ini menyinggung sesiapa sahaja pembaca di dalam web ini, diharap saya mendapat sedikit tunjuk ajar dari Ayah tun, kerana tanpamu siapalah kami kini.

sekian, wasalam

It is very very very and very sad that kj is related to the PM. If he is what he claims to be, he will have a lot of work to accomplish as every sukses he makes, it will be because he is the PM menantu not because he is naturally talented and is a potential leader. (excuse my grammer)

Sir. I believe you should write about the critical criteria to become a leader. I believe that every individual in UMNO thinks that they are a leader. How they scale themselves, GOD knows?

Your writings is currently a virtual dogma to most individual. I supposed with a snippets how to become a leader will certainly be an eye opener to people who wants to select a leader so to continue the works of our forefathers and not failed.

syabas tun...makin berjaya memecah belahkan umno...tk perlu tunggu DAP/PAS/PKR buat keje2 terkutuk nih.....mmg masih ramai ahli umno yg pemikirannya masih mcm ingt keadaan di M'sia sama mcm thn 90-an dulu....everything dijawab YES SIR.....hehehehehe...akibatnya nnti, mereka2 ini akan meraikan kejayaan puak2 depa yg menang dlm pemilihan umno dan selang 2 thn mrk akan meratap bila PR memerintah Msia. Masa tu baru tau tinggi mana langit tu. Mana2 puak pn yg menang, itu hanya suara Umno, bukan suara majoriti rakyat M'sia yg makin mual dgn telatah kalian yg masih tk sedar diri. Kalian mcm tk pedulikan rakyat tapi sibuk dgn puak2 kalian yg semuanya dh kaya raya tk kiralah mana satu team pun. Contohnya tgk la kekayaan setiausaha pemuda bahagian Sepang...dgn rumah banglo besar san kereta mewahnya, buat open house, org tmn tk dtg tapi puak2 kalian (org2 umno) yg dari luar yg berbondong2 dtg utk nk tgk kekayaannya. Dh jadi semcm rakyat kebanyakan hanya jadi diperlukan bila musim PRU menjelang tp buat masa ni tk diperlukan. Sekarang dia cuma perlukan ahli umno utk nk naik pangkat lagi. Surau yg tk smpi 100m dr rumah tk pernah dia jejak. Ingatlah...rakyat sdg memerhatikan kalian wahai org2 umno...kalu msh tiada perubahan, maka berkubur lah parti keramat kalian ini....dan saya semakin sedih dgn keadaan ini krn parti yg saya sanjung ini akan berkubur akibat tangan2 mrk yg tak sedar diri dan bongkak ini.

tuan moderator...tolong siarkan utk diperbincangkan....

Asslamulaikum TUN.

Inilah perkara pertama kesilapan PAK LAH. Membenarkan menantunya bertanding jawatan ketua Pemuda UMNO. Dah lah tu, menang tanpa bertanding pula. Semua yang nak bertanding pada mulanya terpaksa menjaga periuk nasi sendiri. Sapa tu? Yang jadi ketua pemuda Wilayah Persekutuan. Tup-tup dapat jadi orang kuat di Kementerian Kewangan. Tak tahu lah pulak cerdik dia dalam hal ehwal kewangan.

Dari dulu lagi saya menyatakan bahawa PAK LAH akan jatuh kerana menantunya. Saya rasa dia kahwin dengan anak PAK LAH pun bukanlah sebab CINTA kepada anaknya tetapi cinta kepada bapanya. BAPANYA boleh menjadi jambatan emas kemenara gading.

Percayalah ahli UMNO. Sekiranya KJ menang, UMNO menempah jalan yang mati. mungkin mati yang tidak bangun lagi.

Terima kasih.

Powered by Movable Type 4.12

Powered by Movable Type Personalhe UMNO General Assembly which will this time elect the members of the Supreme Council has now been postponed to March 2009, three months later.

2. This, I am told, is at the insistence of Dato Seri Abdullah Ahmad Badawi. He is said to need this time in order to put the country right. This includes eradicating poverty, judicial and legal reforms, social reforms and something about Islam Hadhari.

3. He had had five years to do all these but everyone knows nothing has been accomplished by him. Now he says he will do all these in three months. Can we believe he can? Can we believe these are the real reasons why he will not go until March 2009, only three months after the originally scheduled General Assembly?

4. I may be biased but I do not think these are the reasons he wants to stay on as Prime Minister three months longer.

5. It is said that on 9th October, the day before the divisions are to hold their meetings, he will announce that he will not stand for election as President of UMNO. The question is, will he announce it? I have this suspicion that he will not. If he does not it would not be surprising. He is not a man of his words.

6. There really is no reason for this extension unless it is because of a possibility to influence the divisions into countering the Supreme Council and its demand that Abdullah steps down. In which case the extension may be further extended. Already SMS messages are denouncing Najib.

7. The leaders of UMNO must realise they need a long and painful campaign to win back the estranged UMNO members and supporters. They will have at most four years to do this. They will need the time. Every month of delay will mean less time for rehabilitation.

8. Neither UMNO, MCA, Gerakan nor MIC can aspire to become the Government of Malaysia on their own. Abdullah has emasculated all of them. To rehabilitate UMNO alone is not enough. The other parties in Barisan Nasional must also be rehabilitated, if the Barisan Nasional is again to become a force in Malaysian politics.

9. All the parties need time to do this. It does not help to have Abdullah delaying the process of rehabilitation even if it is only for three months.

10. The spurious reasons for the delay must be rejected. UMNO should hold its meeting as scheduled i.e. in December. That over, whoever gets to lead UMNO and the Barisan Nasional should immediately go down on the ground to explain things to the people. Hopefully the renegades from all the component parties will come back. If they return it is necessary to consolidate each party and the Barisan Nasional itself. These are herculean tasks especially as the country will have to also face turbulent times in the domestic and international economy.

11. I am still not an UMNO member but I will nevertheless pray for Abdullah to step down soonest and for a new leader to be elected to rehabilitate UMNO and the BN.

EID Mubarak Tun!

Allah Bless You n your family.

Don't worry Tun, he is trying his best to step down.... A long winding way!

And Anwar is no more... he can't keep up with his promise. Now he has only words (which has no

weight). Even my son can say what he is saying... about getting people cross(ed) over by the hour(by now the whole cabinet should be with him)

You take care.. Anwar is Anwar - a nuisance, since 70's. He is history.

Selamat Sejahtera Tun,

Dato' Seri Abdullah is transforming into superman by planning to accomplish all his wishes within 3 months. What are the issues that he had to accomplished by not letting his successor to do it?

Obviously Dato Seri Abdullah doesn't trust his successor will carry out his wishes after he step down because Dato Seri Abdullah remembered what he has done to Tun after Tun handover premiership to him whereby he didn't carry out Tun wishes instead overturned most promises to Tun.

Dato Seri Abdullah is afraid his successor will stab him from behind.

Yg MT dlm UMNO tu setuju dgn cadangan Pak Lah tu kenapa? Klu dah bagi signal suruh Pak Lah berundur, buat la betul2. Jgn bagi kata dua. Mcm Tun cakap, Pak Lah dah diberi 5 tahun utk perbetulkan keadaan. Mengapa masih nak masa lagi? 3 bulan dia boleh buat apa? Silap2 setengah masa tu saja utk tidur!

Saya masih tengok selepas PRU12, masih tak habis2 dgn politik parti, pembangkang nak kuasai kerajaan, pemilihan kepimpinan parti. Ekonomi terus malap, kuasa membeli makin kurang, harga barang makin naik, kerja dah makin kurang, persatuan2/komuniti asyik nak berdemonstrasi. Semua ini buat rakyat makin lari dan tak percaya dgn BN, terutamanya UMNO.

Ayuh segerakan kemelut politik tanahair supaya negara dpt membangun semula! Pak Lah, sila turun dgn hormat. Jgn jadi mcm kes Hindraf hari tu....

Yang Amat Berbahgia Tun.

Selamat Hari Raya Maaf Zahir Batin.

Dollah wants that three extra month mainly to make sure his son-in-law and his son will be able to make more contacts for their own business. Not for the country or UMNO (jauh sekali.) If Dollah is sincere about

handing over UMNO in a better state, he should have resigned long ago, so that people like Tun will have time to repair the damage done by him, his egoistic son-in-law, and Dollah's friend like Muhammad Taib and a few others. Dollah should just follow the Supreme Council's advice and go, pack up lah imam Islam hadari... So Tun please come back soon, we missed u.

This monster was not created overnight by Abdullah. This monster child was an abomination that was inherited by him. He tried to bring this monster under control when he first started as PM as promised but quickly realised that he was fighting an impossible task. Everything he wanted to try, he was met with resistance as the old guards did not want to jeopardize their ill-gotten money gravy train that you created for them, the UMNOPUTRAS.

All Malaysians can look beyond the smoke screen now as we are not as gullible as before. BN has squandered years and years of the rakyat's money. It is no longer the Chinese that drives expensive cars, has million-dollar mansions and brings millions of dollars overseas in bags. It is not the everyday bumiputras that gets the "promised" share of the pie. It is the UMNOPUTRA's.

How do you explain a former gatekeeper for KTM who has only a Tingkatan Lima education becomes a multi-millionaire while a college-educated bumiputra can't even get a job with his education and drives a taxi to pay back his student loan?

How do you explain the AP's for cars that were supposed to be allocated to all bumis but landed with an elite few connected UMNOPUTRAS?

How do you explain the business loans that were supposed to be given to all bumiputras mostly found allocated to a few well-connected UMNOPUTRAS? Only a small amount of loans were given to the majority of bumis while millions went to a few connected UMNOPUTRAS.

Why is land so easily purchased by the UMNOPUTRA few while the rest of the bumis still lives in poverty in the poor kampung.

You want the bumis to support UMNO and not PKR?

By Sekebung Bunga on October 6, 2008 12:22 PM

Salam buat Tun,

Keadaan Pak Lah inilah yang kita katakan 'hidung tak mancung, pipi tersorong-sorong'. Dah tahu rakyat Malaysia menolak tapi masih teringin nak duduk di kerusi PM lagi. Peribahasa Melayu ada menyebut, 'Ada udang di sebalik batu.' Bagi kami rakyat Malaysia, satu benda pun belum terbukti berjaya dilakukan setakat promo dan announcement yang begitu gah sekali.

Kami rakyat Malaysia mendoakan Malaysia tidak akan jadi seperti Indonesia... melantik Presiden yang buta yang penuh dengan ilmu agama di dada dengan harapan tidak mempunyai apa-apa kepentingan peribadi tapi lain pulak jadinya. President butalah itulah yang paling banyak melawat keluar negara. Akhirnya apa jadi...

Selamat Hari Raya buat Tun sekeluarga.

Hello,

Pak Lah throws so many curve balls until we Malaysians do not know what he'll do next. However, I am beginning to think that statement above is wrong. What I now predict is that if there are 10 ways that are right to take and 1 wrong path. There is a high probability that he'll tread the wrong path. Hence, my

conclusion is that we may see another chaotic situation in the next few weeks. I hope that I am wrong and he realises rationally and logically, and without a care for his personal and family well-being but towards this nation's well being. (But if I am correct, we'll see convention being blown out of the water yet again...and Malaysia, BN crumble and fall.)

Menunda tarik pemilihan UMNO pada Disember ini ke tahun hadapan adalah tidak perlu.

Kesemua ahli UMNO harus mendesak MT menolak penundaan ini. Penundaan ini hanya memberi masa yang lebih kepada penguasaan Pak Lah dan Kroninya.

Khairy Jamaludin dan Group "Tingkat 4" sedang merancang sesuatu.

Kali ini, jangan hanya tunggu dan lihat.

Bertindak sebelum terlambat.

Very aptly said. This is long overdue. None is so blind as those who will not see. For some people whatever we say they are 'dumb, deaf and blind' However to others please bring the 'culprit' down and practise real democracy and elect the right leader to save the party, community and country.

Dearest Dr. Mahathir,

"A letter from Jamal a Yemeni citizen"

My comment is not related to the above article "forgive me" it's about Yemen where I am from. I came yesterday to meet you, and it was a great honor and a wonderful open house, however I was very much looking forward to speak to you, but I could not disrespect the people on the queue.

I have a humble request to ask from you, "to grant me 5 minutes meeting with you before your trip to Yemen"

Let me tell you more about myself, I am here pursuing my MBA in strategic Management in UTM "city campus", I love Malaysia and always have looked up to the remarkable progress it made in the past three decades in terms of infrastructure and social and political stability.

I wish Yemen could follow steps.

The only thing that qualifies me to speak to you about Yemen is my love to my suffering country, and my ultimate believe in your leadership, management, and vision. Also my believe you are more capable of making a positive influence than "helpless me".

Believing nothing is impossible, I think I can contribute to the development of my nation, and I need your help. Maybe the upcoming conference in Dec. "Made in Yemen" will be an opportunity to plant a seed of a new beginning for Yemen and its people.

Finally I would like to inform you that I have no political affiliations, and do not represent any certain group, my ultimate goal rests on the interest of my people and our beautiful Yemen.

Dr. Mahathir, I need your help, advice and 5 minutes of your time. I hope you will have the time and capacity to grant me this opportunity.

Yours truly,

Jamal Nassar Alhamdani

Tun,

I think he will not step down as his and his family pockets are not full yet.

When he became PM, I was joking with friends that we are going to have a dry sponge PM and true enough it happens.

It is not good to change leadership as each time a new team takes over, we going to face with the same pocket not full enough problem again. Bet Najib Gang will do the same as Pak Lah Gang.

Why can't we select a leader with over-flow pocket to become PM so he will not swindle the country?

The extension of three months may not be the time of his resignation.If he really want to leave he should have left, just like the Prime Minister of Japan recently. This is the problem when we have "Ustat" control the country.Too soft, (terlalu banyak sabar)even hindraf has no respect on him.Looking back into history only lawyers and doctor can administer our country with multiracial population and must be a person who can control his wife.Orang kata isteri boleh senang tukar.What say you? Thanks

Dearest Tun,

We can only speculate on his agendas for delaying the UMNO elections.

He can delay for another 3 years or 30 years, the rakyat's importance is secondary to him as a PM.

He is only feeding himself well until he leaves. IF he leaves.

We just have to wait for more drama.

Tun, even non bumis are awaiting anxiously on Umno's faith, and many can't understand why this sleepy PM is still so ignorant by putting his own nation's future and destiny at stake....what kind of personal & family greeds that this guy has in his mind that are BIG enough to surpass all Msians and their coming generations fate in Msia?? Especially being ruled by opposition coalition which conglomerate together out of convenience??.....I believe Tun can still do something to alleviate such irresponsible decision....even Ku Li said "Umno sedang dipermain mainkan oleh 2 orang dewasa"....Now we know the danger of giving wrong person the power to rule the country.....wish BN all the best.....wish Malaysians all the best.....

Hi Tun,

Rehabilitate they must. Four years also not enough Tun. The damage has been done over the 30 over years after the introduction NEP. It has been misuse by the Elite of UMNO for their personal corrupted gains and even you admitted it yourself. Yes a lot of people have been educated under the NEP but if we compare our Education system that of Singapore's apple to apple we are very far behind. Are Singaporeans smarter than us when in actual fact we the same mixed of people? It's all about good

GOVERNANCE Tun. Singapore has no natural resources but they have good forward thinking leaders. As i said before during your time you were a strong leader and the country was doing well economically and What you didn't do was tackle the corruption from Topdown and vice versa. This is because the going was good and everything else was swept under carpet. You allowed this to happen. Pak Lah just followed what his Master taught him and because he such a weak leader with no backbone, This the effect!

Tun, to me BN has lost all its credibility to govern. As the people are better educated today. The will are able to read between the lines better. Hence the majority will not choose UMNO and its partners. The majority of Malaysians do not want Race Politics anymore only UMNO and its partners want it. Look at the popular vote polled during the March 08 election and later the PP by election.

Tun, BN has damage the peoples mind for their selfish gains and raped the country of its natural resources due to its corruption. In this difficult times when the world is going through an economic uncertainties, The true colours of BNs'GOVERNANCE OF MALAYSIA for the last 30 odd years will show.

All the best to you Tun and i hope you repent for the good of Malaysia.

Selamat Hari Raya Tun dan seluruh keluarga chedet.com.

Memang dah tak betul Pak Lah tu. Apa yang nak tunggu lagi kalau takde udang sebalik batu. He is buying time, for what precisely, i dunno but surely he has an agenda or agendas.

Maybe he is looking for ways to remain as PM, Allah Forbid.

Maybe he wants KJ to be given the post in UMNO as what UMNO did to Najib and Hishamudin.

Maybe he wants to bury the skeleton in his closets.

Maybe Anwar request that timeframe so that he can garner enough kerusi..

Maybe he wants to minta maaf banyak and keluar televisyen..

Lots of maybes and all of them are from a negative point of view..

By Jamal on October 6, 2008 12:44 PM

Dear Tun,

We have all been waiting for you to say something about the postponement of the UMNO general assembly. We have heard UMNO leaders saying that it is a good thing. But for the death of me I could not comprehend HOW this postponement is good?

It does not make sense. If what they mean by good, it that Abdullah will eventually step down. Then why delay the general assembly? Why not just proceed as planned in December?

What is so good about the delay? If anything it just serves to create unnecessary tension and speculations. What is Pak lah upto NOW???

well the Supreme Council had accepted the offer. Whats there to do right now? Well UMNO members and respected Supreme Councillors who want to ensure UMNO remains a potent political force in Malaysia and therefore see a dire need for immediate change - YOU MUST ENSURE that PAK LAH do not stand for UMNO election in the next general assembly. DO NOT allow Pak lah to prolong the misery of the UMNO grassroots and the people of Malaysia.

Better still ask him to relinquish his position of UMNO President with immediate effect and let Najib take over until the Elections.

Which we hope Najib will then bring it back to December 2008.

If Pak Lah renegades on this opportunity - he will have proven himself a despicable person. Not only has he failed as a Leader, he will also have failed as a trustworthy person to all Malaysians.

Gimme 3 months more

YAB Tun,

Your comments this time is sharper than ever. I agree with YAB that you cannot change things in 3 months let alone the 4 years that AAB had. Give him another 3 years for that matter, nothing will change as long as DSAAB himself does not change. As for DSNAR, it will be the same and is only good for being a 'yes' man. The govt has spent a lot of money buying the scorpene submarines when DSNAR was Defence Minister. Now they are buying Eurocopters, an equally big (if not bigger budget) that will be spent. It comes at a time when DSAAB is handling the Defence portfolio. I do not know what else. Everything got delayed. When there is a need to change a political situation like in Malaysia, you have to consider the complexities of a multi cultural society like Malaysia. Alongside, there are major issues to be addressed such as Dog Food, DSAI, ISA, Financial Turmoil, Developments, Inflation, etc. None of these are being addressed seriously. Asik asik closed door meeting. One thing about you Tun, you announce your decisions affirmatively to such an extent that nobody dares to raise controversial issues about human rights, racial rights and everything else that go against the grain. Nobody gives a damn about your flexibility like power sharing, tolerance etc. As for me, I would like to see my Malaysia progress ahead like those developed countries. I have no time for racial disputes (my mother-inlaw is Chinese, 1 daughter-in-law-Chinese) and makes it more meaningful for us to co-exists. Semasa pemerintahan Tun, tiada seorang pun yang berani menyuarakan dalam perihai yang berkontroversi. "You talk out aloud, mulut mesti kena gam !" If that is the only way to maintain harmony, then that is the only way. At the time of writing, I have not seen any comments yet on the blog. Do you think I am the first ? I don't think so. All the best to you Tun and Bonda. My family loves you all.

Salam Ayahanda Tun Dr.M,

Saya sempat hadir di rumah terbuka Tun Ahad lepas. Kerana terlalu panjang barisan orang yg beratur

untuk bersalaman dengan Tun saya hanya memerhati Tun dari tepi sahaja. Tun masih nampak muda walau umur telah menjangkau lebih 80 tahun. Walaubagaimanapun saya sempat bersalaman dengan Datuk Mukhriz. Sempat juga kami bergambar bersama.
Terima kasih.

By Tun Jebat on October 6, 2008 12:48 PM

YaBhg Tun,

Maaf sebab tiada kesempatan untuk beraya kat rumah TUN.

Tindakan Pak Lah tangguh lagi 3 bulan tiada lain dan tiada bukan melainkan :-

1. Bagi memastikan KJ layak dan menang jawatan KP UMNO.

2. Tutup lubang taik yang dia buat sendiri.

Tapi yang paling mengejutkan yang saya dengar sendiri dari AJK Bhg Kepala Batas ialah :-

Pak Lah akan umumkan untuk mempertahankan jawatan Presiden dan Regunya ialah Bukan Najib tapi Zahid Hamidi. Keadaan ini nampak macam merugikan dia tapi...Dia lebih rugi jika ia serah bulat-bulat kepada Najib?

Statement awal Zahid adalah antara lain : melalui SMS yang ia hantar kepada Bahagian-bahagian yang Pro Pak Lah ialah : Untuk membersihkan nama baik Pak Lah yang dicemarkan. Alasannya selama ini bukan Pak Lah yang menjadi Liabiliti tapi Najib sebab Pembangkang tak habis-habis menyerang Najib. Jika Pak Lah menang...dia akan tetap juga meletakkan jawatan...tapi tahun 2010 lah seperti perancangan awal. Jika dia dapat dibersihkan dari kotoran yang kononnya dibuat oleh Najib, Dia akan berhenti dengan lebih terhormat dan Zahid adalah pengganti Tajaan nya., KJ pula dapat terus bertaring. Tidak mustahil Pak Lah akan buat statement bahawa dalam kementerian Pertahanan ada penyelewengan? Menteri Dalam Negeri bergantung hayat pada Pak Lah...sebab memberikannya menang secara percuma...wal hal jika dihalusi...jika ada pertandingan di kota tinggi...bungkus Hamid awal-awal lagi.

Muhyidin pula tentulah tiada pilihan lain...melainkan bertanding regu dengan Najib untuk jawatan Timb. Presiden. Hidup atau mati Najib dan Muhyidin mestilah berjuang habis-habisan.

Tengoklah lagi 3 hari...benar atau tidak kabar yang saya dapat dari Bahagian KB sendiri.

Wallahhualam

Assalamualaikum tun,

From my personal opinion, the BIG BOSS still asleep while others is ticking the clock, there are a lot of UMNO members who really impatient to take over the high seats. They wanna try to "rock the boat". but they don't dare!

Thank you very much for the sweet memory on your Hari Raya Open House yesterday tun, although there are some comments i made in my kampung website at www.kdabb.com.hope there are no heart feeling when you read about the open house ye tun? hehe.

I'm now the "setiausaha of pemuda kampung dato abu bakar baginda" but nothing i can do much for my community since that the state was ruled by the PKR. I really hope the UMNO will recover when the BIG BOSS " turun tahta", Insyallah.

we'll see what happens. lately the malaysian political scene has turned into a big drama stage...

on another note, Tun I did turn up for your Open House yesterday. albeit the rain, throngs and throngs of people showed up and all of us were excited to meet you and your wife. I was so happy that I managed to "bersalam" with you and your wife. The respect people showed to both of you were as if you were still the Prime Minister, regardless of religions and creed. that's what that crossed my mind whilst standing there and observing those who queued up just to wish you. it was very heartwarming to see parents who dress up their children to their smartest so they could show the new generation "now this is one leader that you will have to remember".

hats off to you Tun! can't wait for next year's Open House (so that means you have to jaga baik-baik your

I dread the struggle for power will become dirty and corrupt! As it is the government is weak. So is UMNO. I sincerely hope there is a miracle to resolve all the existing problems. Knowing Pak Lah and his cronies are still in power the impossibles will always be there. I agree that the transition must be done immediate.

Salam Tun,

Malaysia perlukan PM yang boleh melaksanakan amanah yang rakyat berikan kepada beliau.

Mana-mana wakil rakyat (tak kira PM, menteri atau YB) yang gagal mencapai/ melaksanakan kemajaun ekonomi, sosial dan alam sekitar untuk kawasan yang mereka wakili patut dengan berbesar hati melepaskan jawatan dan memberi peluang kepada ramai lagi rakyat Malaysia yang berkebolehan.

Politik Malaysia sekarang terlalu berpuak dan kebaikan hanya dinilai apabila ia datang dari puak mereka ,selebihnya dikira sebagai keburukan.

Saya tertanya-tanya apa yang sebenarnya ahli politik Malaysia berusaha untuk dapatkan ? adakah mereka berusaha membawa kemakmuran kepada rakyat Malaysia atau berpolitik sekadar untuk menyara hidup diri sendiri ?

Saya tak nampak mana - mana parti politik yang bersungguh membuat dasar dan memastikan pelaksanaan yang akan membawa Malaysia lebih makmur dan maju dari segi ekonomi, kehidupan agama, sosial dan budaya, dan juga pembangunan alam sekitar yang 'sustainable'.

Sangat ramai dari ahli-ahli politik kita masih cuba mempertahankan jawatan mereka walaupun mereka gagal membawa peningkatan kepada kawasan yang mereka wakili.

Politik Malaysia sudah berubah, ahli politik tidak sepatutnya cuba menongkah arus, buatlah 'Key Performance Indicator'. Nilai diri anda dan berbesar hati untuk memberi peluang kepada orang lain jika anda tidak berupaya menjaga amanah yang rakyat berikan.

By fool on October 6, 2008 12:57 PM

Dear Tun,

The Prime Minister Dato Seri Abdullah Ahmad Badawi did only little thing to the development of Malaysia, he almost destroying the Barisan Nasional as the ruling party. As you said, he should steps down in December 2008. i think that is everybody's wish. During Tun's time, the Malaysia economy is growing fast, high spirit and heading toward a developed country in 2020. Even the opposition agreed on it. Today, our economy is totally slow down. Five years in power meaning many opportunities was giving to him. Steps down is the only solution. Further delay the transition of power might turn ugly and embarrassment.

But for sure KING ABDULLAH will be fall soon and his empire family relatives cronies will face major loses in their financial too=) especially Si Khairy unemployed billionaire son in law.. How he gonna arrogance anymore?! kononya beliau kata pada masa dahulu mentah ini nak jadi PM sebelum usia 40, pandainya..

The most stupid, weak and without any caliber PM in the history the worst in history of Malaysia.. Remember the time when ppl asking him where ahmad ismail? he replied even i as PM also can find my little potatoes zz..

Although sometimes i really disagree v Tun tactics, plot and racism but in my heart ambitious Tun Mahathir really the great PM in history reli cant deny this.. After kicking king Abdullah who gonna be the next person to be manipulte again?!! Najib?

They are only delaying the inevitable... as U said the sooner the better. The only reason I can think of for the delay is that Pak Lah is trying to salvage some pride and honour before he goes off when actually the best time to do that was right after the last general election. Well he missed the opportunity and he will go down in history for all the wrong reasons.

You are the person suggesting to fix UMNO and BN. Those inside the circle, such as Najib and others, do not see this point. I have no doubt they want to continue doing what they have done. They don't have vision to become leaders like you. They are not better than Abdullah, so why change and make thing to become even worse? May be the only person who may fix UMNO and BN is you.

I must say you did something good for the country, either intentionally or unintentionally. Anwar could be a better leader than those rest in UMNO. You did bring him up to the point to replace you. I would say the country owe you something by bringing up this leader.

I mentioned that Abdullah would better become Gorbachev of Malaysia by facilitating a transfer of power

from BN to Pakatan Rakyat. Only when there is a transfer of power, then a country is truly democratic. We don't want to see you, as a father of Modern Malaysia, to endorse some undemocratic processes. Transfer of power to Najib is unwarranted and should not be practised.

I agree with you that the who ever is elected should go down and explain to the people and gain back their trust. i for one is not sign to any political parties for the fact of the matter that every party has been singing the same song years after years. they got to come out with some new tunes. i for one for would like to suggest in order for umno and bn to start rehabilitate is to look at themselves. stop pointing fingers.

1. Start throwing away that perangai sombong dan bongkak. have some humility. everybody seems to be more holier than thou as if they greater than others. now i know what umno stands for (u umst not object)

2. Show some sincerity when you are helping the people. dont only show your face during election or during festivities.

I really hope who ever is elected, stop thinking of finding ways to make money while you are employed with the government.

I want to end this by saying:

"In America, you got to be rich to run for politics, In Malaysia, you run for politics in order to be rich"

Salam Pak Tun, terlebih dahulu saya ingin mengambil kesempatan ini untuk mengucapkan Selamat Hari Raya Aidil Fitri, Maaf Zahir dan Batin kepada Pak Tun dan keluarga.
Saya amat bersetuju dengan apa yang Pak Tun katakan terhadap Pak Lah. Selepas beberapa kali Pak Lah menipu rakyat dengan angan-angan mat jinannya, saya tidak lagi dipercayai sepeatah pun kata-katanya lagi. Amatlah memalukan seorang pemimpin tertinggi negara yang tak tahu memimpin tapi hanya tahu menipu rakyat saja. Walaupun rakyat Malaysia telah menghukum Pak Lah melalui PRU umum lalu, namun orang jenis munafik terang-terang ini amat susah untuk dipercayai lagi. Muka tak tahu malu bangsa munafik ni. Malang sekali bagi rakyat Malaysia kerana mendapat pemimpin yang sedemikian. Saya merasa malu apabila ditanya oleh rakan niaga saya dari luar negara tentang Pak Lah. Apakan daya, pedih hati ni hanya mampu diterjemahkan dengan solat hajat saya dan rakan-rakan. Kami akan meneruskan solat hajat kami memohon agar ALLAH SWT menurunkan Pak Lah sekeluarga dalam keadaan yang terhina sekali. Begitu juga dengan Brother Anwar Bin Ibrahim, kami memohon kepadaNya agar dia juga akan menerima penghinaan seperti sepupunya Pak Lah. Demi Allah kami tidak akan berhenti sehingga kedua-duanya tersungkur dalam penghinaan.
Akhir kata saya sampaikan salam penuh kasih sayang dan doa selamat selalu dari keluarga dan rakan-rakan buat Pak Tun sekeluarga yang dikasihi.

Let us wait and see what he has got to say on Oct 9, then let us see what is his next course of action. I certainly agree with Tun that reform within Barisan need to be done as swift as possible. However, the new leader elected must not be as weak as the current one, who is afraid to champion our rights against Singapore's absurdness (just one out of the many).

Assalamualaikum YABhg Tun.

Terima kasih kerana memberi komen tentang perkembangan terbaru dalam UMNO.

Saya amat menyokong pandangan YABhg Tun bahawa DSAAB perlu segera berundur untuk memberi kepercayaan kepada penggantinya berusaha memulihkan kewibawaan UMNO dan BN yang merudum.

Kebanyakan parti komponen BN sedang menghadapi krisis kepimpinan selepas kekalahan teruk semasa PRU12. Tiada guna DSAAB berdegil mempertahankan jawatan. Kemungkinan rakyat rasa lebih selesa apabila beliau umumkan perletakan jawatan.

Amat memalukan apabila pelbagai pihak menghina Islam dibiarkan lepas belas. Amat sedih apabila dasar untuk membela orang Melayu dipersoalkan. Amat tidak bermaruah bagi pemimpin parti yang dulunya lantang membela bangsa, ugama dan tanahair telah hilang bisanya.

Mereka telah buta mata hati dari melihat kesengsaraan rakyat akibat penindasan ekonomi. Mereka telah pekak telinganya dari mendengar pandangan rakyat kerana lebih memikirkan kedudukan masing-masing dalam parti dan kerajaan. Mereka masih gah bahawa merekalah pejuang bangsa, padahal merekalah yang menjerumuskan orang Melayu kedalam kancah ketidakstabilan politik dan ekonomi. Mereka rasa mereka kuat tetapi budak kecil pun sudah pandai membenci kepimpinan sekarang. Semoga Allah memberi taufik dan hidayah kepada kita untuk menyedarkan DSAAB.

Semoga YABhg Tun dirahmati Allah.

TUN ,Before Datuk Abdullah Ahmad Badawi can announce his decision whether to contest for the Umno presidency on this Oct 9, he has already been treated as transparent by his own leaders within the Umno. For me he is still the best Prime Minister for Malaysia.

Salam Tun,

Selagi Pak Lah berdolak dilih selagi itulah keadaan negara ini tidak menentu. Saya berharap lekaslah Pak Lah berundur dan cepatlah UMNO, BN dan kerajaan dapat membetulkan keadaan. Apa yang merisaukan saya adalah terdengar ura-ura bahawa persidangan peringkat bahagian pun akan ditunda; bacaan saya ialah untuk dia dan kuncu-kuncunya membeli masa supaya dapat pencalonan....minta2 tidaklah. Moga Allah menyelamatkan UMNO daripada orang2 dan pemimpin seperti Pak Lah.

By Rahman on October 6, 2008 1:27 PM

MT UMNO semua tu macam lembu. Kena cucuk hidung semuanya dgn AAB. Ada akai guna lah, jangan letak kat lutut dan jadi pak turut saja. Sedar lah diri sikit, kalau dah bengong tak payah dok offer nak bertanding calon no.1 atau no.2 UMNO. Nanti kalau menang jadi macam AAB jugak, tidor saja lebih sampai negara semua tergaai.

Salam & Selamat Hari Raya Aidilfitri buat Tun berdua,

Saya dan rakan2 serta keluarga yang lain terus ternanti2 bilakah PM DSAB akan turun dari singgahsannya kerna dh rasa rimas sgt dh. hari2 politik Malaysia mnjadi kacau. Dgn Hindraf lg satu. kalau di zaman Tun dulu surely blum smpat diorg nie serbu PWTC dh kene ISA dh. xdelah kacau sgt. ini tidak, smpai skang msih dibiarkan berkeliaran bebas geng2 Hindraf ni. entah bilalah keadaan politik Malaysia akan pulih seperti sediakala..... dan Tun berdua pula bila nak masuk UMNO semula? hari tu Tan Sri Muhyiddin buat pengumuman tergepar yg kononnya Tun nak kembali kpd UMNO dan Datuk Mukhriz pun ade wat statement kononnya surat permohonan mungkin dihantar sebelum Aidilfitri, tp sekarang diam terus? boleh tun komen sket?

Salam Tun..

It was an honour to have met and salam with you and your wife yesterday.. although I was very disappointed I wasn't allowed to take pictures with you. Oh well... perhaps some other time..insyaAllah.. jika ada rezeki..

I strongly agree with you that in order to rehab UMNO, certainly 3 months is almost an impossible task to achieve. It took 5 years of damage and it is only logical that the healing process should take more than just 3 months.

Perhaps the analogy of it can be like a person who has accumulated 5 years of fat and excess weight. How can she/he lose fat in just 3 months? Sure.. there are so many diet pills in the market that promises instant weight loss but of course we all know that the faster you lose weight, the faster it is you actually

gain back the weight and even more than that which has been lost earlier..

UMNO is getting weaker by the day.. it's like a dreadful disease that needs immediate and effective solution and the ONLY solution is for the members to vote for a new leadership..

Just my luck, Tun M & Tun SH, that I have to fall sick after planning to visit at your Open House. There goes "my first". Missed you both at "Jay's", but thinking that I will be able to visit you. Now, ...

Tun M, my friends & I believe that you will "walk the talk" by not returning to UMNO until your wish comes true. That is the way of a gentleman - once said must do. ZI is the other man I know, & have respect - he stood by his principles. Few men care.

Reading your blog brings many of us closer to you, your thoughts, and more meaningful, indeed, if we know that you too are reading our response. But as you have said, there are so many, but you will read them. Thank you.

Dear Tun,

Pak Lah has no choice but to step down immediately. It makes no difference if he intends to stay for a longer period because he will not contribute anything except just a nuisance to UMNO. He is totally a liability and he should realise it by now. What can a lame duck or itek tempang Prime Minister and President of UMNO do when he is such in a weak position? His reputation is gone and he is a stumbling block wasting his time and other peoples' time to move this country forward.

One good reason why he is reluctant to step down is because he doesn't want to miss Seri Perdana. He doesn't want his family to be deprived from enjoying the luxurious comfort of hanging around at the official residence of the Prime Minister. The whole family will miss a lot of the perks which they have been enjoying. They will miss organizing "private concerts" at Seri Perdana and other high society social gatherings.

Salam Tun.

Sejak sehari dua ini seorang demi seorang pemimpin umno mengumumkan untuk bertanding jawatan tinggi parti. Ada yang teringin menjadi timbalan presiden dan ada yang teringin menjadi naib presiden. Cuma tak ada yang berani mengumumkan secara terbuka yang mereka juga teringin jawatan presiden kecuali najib.

Kenapa masing-masing menahan diri daripada berbuat demikian? Apakah mereka takut dengan presiden

sekarang atau masing-masing menunggu peluang terbaik untuk mengumumkannya.

Yang pasti, pak lah dgn bantuan para strategisnya sedang merancang sesuatu yang bakal memberikan kelebihan kepada KJ (calon ketua pemuda) dan dirinya sendiri.

Masa 3 bulan yang pak lah perlukan, kita lihat saja sejauh mana keupayaannya menyelesaikan masalah. Harapan saya, pak lah sedikit sebanyak mesti berusaha meringankan beban rakyat sebelum dia pergi. Dan 3 bulan itu bukannya digunakan untuk tujuan pengukuhan agenda politik peribadi.

Apapun sejak beberapa hari sebelum 1 syawal, pihak hipermarket, pemborong dan peruncit sudahpun melancarkan pesta naik harga yang membuatkan pengurangan 10 sen minyak tiada maknanya.

Salam TUN.

1. Terima kasih kerana sudi bergambar dengan saya pada rumah terbuka TUN. Semoga TUN dan TUN Hasmah dipanjangkan usia dan bolih kita berjumpa lagi.

2. 3 bulan satu jangka yang amat pendek untuk AAB menjayakan kan kesemua agenda yang telah dirancangnya 4 dan 5 lima tahun lalu. Anih dan mengelirukan.

3. Mesti ada sesuatu yang sedang dirancangkan nya untuk dia terus berkuasa.

4. Saya setuju pendapat TUN ahli umno mesti meneruskan PAU pada december ini.

5. AAB dan penghuni tingkat 4 mesti di singkirkan. Umno mesti bergerak pantas untuk menyelesaikan segala kemelut, politik, ekonomi dan pembangunan rakyat kearah yang lebih baik.

6. Jika lambat, kita tak mahu ada kumpulan lain akan mengambil kesempatan untuk menghura harakan negara. Terutama AI yang sentiasa mengancam kerajaan sekarang.

7. AAB sudah tidak mendapat tempat dihati rakyat jelata. Dia sudah menghancurkan negara ini. AAB dan menhantunya mesti di tolak untuk terus meneraju negara.

8. Pada pemimpin2 UMNO jangan lah terlampau membodek dan mengampu tak bertempat sehingga sanggup melihat negara rosak. Wang, harta boleh dicari, maruah bangsa dan negara tidak boleh dijual beli.

9. AAB dan KJ pohon dengan segala hormatnya supaya mengundurkan diri segera. Cukup lah apa yang anak beranak AAB telah lakukan pada negara dan rakyat.

HIDUP UMNO!! HIDUP TUN!!

Salam Syawal, Ayahanda Tun,

Pada pandangan saya, akan ada dua senario. Pertama, bila DSAB mempertahankan jawatan, TS Muhyiddin Yassin akan bertanding jawatan Presiden untuk memastikan Presiden UMNO diganti seperti kehendak akar umbi parti itu. DS Najib dan mereka yang lain pula akan bertanding jawatan Timbalan.

Kedua, seandainya DSAB tidak mempertahankan jawatan, DS Najib akan bertanding jawatan Presiden sementara TS Muhyiddin Yassin serta yang lain akan bertanding jawatan Timbalan.

Dalam pada itu, saya percaya tindakan Datuk Zahid Hamidi dan Datuk Ali Rustam dari MKT yang menawarkan diri ke jawatan Timbalan Presiden adalah untuk 'checkmate' atau menyukarkan DSAB mengubah keputusan lalu mempertahankan jawatannya.

Kesemua ini membayangkan kesepakatan MKT yang kini mahukan DSAB segera melepaskan jawatan Presiden. Jika diingat pada laporan akhbar The Star mengenai mesyuarat MKT baru-baru ini, adalah jelas, 4 ahli MKT yang bersuara mengenai kedudukan DSAB juga mewakili kumpulan masing-masing. TS Muhyiddin Yassin mewakili Naib Presiden, Datuk Seri Rafidah (Wanita), Datuk Seri Hishamuddin (Pemuda) dan Datuk Shafie (Sabah). Justeru itu, saya percaya MKT sebulat suara inginkan DSAB berundur.

Justeru itu, andainya DSAB ingin 3 bulan lagi dan akhirnya terus mempertahankan jawatan, dia akan tewas! Ini bukan sahaja memalukan beliau, malah akhirnya memalukan seluruh ahli-ahli UMNO kerana

mempunyai pemimpin yang sudah tak dapat menjiwai rasa hati ahli-ahli UMNO dan orang-orang Melayu.

Dear Tun and fellow commentators:

Selamat hari raya. For a few days, the political scene is quiet and sadly, this will be gone when the long awaited announcement of stepping down is supposed to be made by 9th October

Like what Tun said when he was asked to comment about the stepping down. I do not believe him. He will not step down and he will contest for the top post. The MT of Umno must have shot their feet to allow the general assembly to be postponed. In fact it should be brought forward to wake up the sleeping beauty as labelled on "Youtube".

Another point to note is those who offered themselves. What a wonderful statement. Come on. Just say it I want to be DPM and future PM. Offer.....

Good day.
By tengkolok on October 6, 2008 1:52 PM

Dear Tun,

Masalah UMNO sekarang ialah jika sekalipun Pak Lah tidak bertanding, siapakah yang LAYAK menggantikan beliau? Terlalu banyak persoalan untuk Najib jawab sebelum beliau nampak bersih walaupun telah berkali-kali bersumpah. Persoalan-persoalan seperti di bawah perlu dijawab:

1. Bagaimanakah data kemasukkan Altantunya ke Malaysia boleh dipadamkan; oleh siapa; atas arahan siapa?
2. Bagaimanakah C\$ boleh dikeluarkan dengan sewenang-wenangnya dari stor tentera?
3. Mengapakah askar pengawal isteri beliau terlibat di dalam pembunuhan Altantunya?

Kesemua soalan di atas tidak boleh dijawab dengan mengambil ringan tetapi hendaklah diadakan satu "Independent Royal Commission" bagi membersihkan nama Najib. Selagi terdapat tanda tanya mengenai persoalan-persoalan di atas, sumpah Najib tidak dapat membersihkan diri beliau. Oleh yang demikian, beliau tidak layak untuk menjadi Perdana Menteri Malaysia.

Perwakilan UMNO perlu menuntut jawapan terhadap persoalan-persoalan di atas dan tidak menjadi Pak Turut lagi jika mahukan seorang pemimpin yang benar-benar "Lembu Suci" bak kata Shabery Cheek.

Assalamualaikum YBhg Tun,

Your writing and comments this time around is essentially echoing the voice and sentiment of the rakyat; Pak Lah is expected NOT to announce that he'll not be contesting in the upcoming PAU.

For the past five years, we've been dished with flip-flops decisions and if indeed Pak Lah were to make way for a new leadership in UMNO and BN, then finally the rakyat can breath a little bit easier since there are tons of rehabilitation work that need to be carried out by the new leaders of UMNO, MCA, MIC and probably Gerakan to bring back the lost support of their respective members and the rakyat as a whole.

In voicing the grassroot and rakyat sentiments, it is hope that Pak Lah will indeed step aside the soonest possible time. Rakyat just can't stomach any more of his decision other than his decision to step down.

Perhaps he wishes to step down in dignity.

He had five years to do so.

You can't earn dignity in three months.

This is not like in the movies.

Especially after all he has done.

And has not done.

UMNO members, especially the MT must realize that they have Malaysian politics in their hands.
They must be brave to use those hand in this critical time.

Talk about a man of his word...nobody seems to be so nowadays.

Hopefully the leaders of the future aspire to be like one too.

come 9th october PakLah will be forgone conclusion. let him retire peacefully enough said about him . for the future we must have the right leader and leadership. the last act for PakLah incase he want to leave his legacy is to drop UMNO quota system. Tun's Perdana foundation can become a mederator for the great debate between 2 candidates for UMNO President (Najib vs Razaleigh ?) and the great debate between all the candidates for UMNO Deputy President (anyone for Kak Rafidah?) . the topic of the debate should cover not only politic but economic ,social,religion ,international relation,etc .the debate should be conducted both in english and bahasa malaysia.

very interesting also if we have the great debate between KJ vs Mukriz vs Khir Toyo

assalamualaikum chedet. i dont see any reason for dollah to delay the umno election. it should be as early as possible if he wants to go with pride. i think dollah and the gang is up to something. m impartial in this matter. what umno need is a change in leadership. only this change can make other changes in umno, for the better not for worse. if its still going to be worse, we change again. just like changing spark plugs or other parts of the engine in a car.umno members should do something quick before the 'engine' gets overheated and need to go for a major overhaul just because of not doing anything when the engine is running on three cyclinders.

YA Bhg Tun,

First and foremost - Selamat Hari Raya to Tun Dr Siti Hasmah and you sir.

In my opinion, the transition must be spelt out in detail and explained clearly. One must remember that by convention, whoever holds the Presidency and Deputy Presidency of UMNO, will also be the PM and DPM of Malaysia. On this argument alone and to start on the path of recovering the Rakyat's confidence, the Supreme Council must have a clear road map on the transition and stick to it. As far as I am concerned, Pak Lah is to announce before 9 October 2008 that he is not defending his Presidency in UMNO, clearing the path for DS Najib to take over.

Sir, I am also EXCO Pemuda UMNO Malaysia and in charge of the Education Bureau. I have started a programme to trace and help school dropouts to get back into the schooling system. The Education Bureau is doing this in collaboration with the Ministry of Education. I humbly seek your assistance sir, if you see fit, to highlight the programme so that it reaches to as many as possible and be able to help more children.

May I respectfully refer you to my blog at <http://aikmal.blogspot.com>.

Thank you sir.

Dear Tun,

By getting the grassroot supports, he can influence UMNO divisions by giving them all kinds of attractive and palatable offers such as contracts, positions and of course money. I would not be surprised because this is quite normal and it happens around us in Malaysia anytime. Do you think they will reject to accept

the offers?

Anyway let us wait and see what will he announce on 9th October.

Very Good.

Pak Lah is cornered. He needs an exit strategy to save face. I don't think he is bothered about UMNO/BN. Pray that this obstinate Pak Lah will step down for the sake of Malaysia.

By cakkuncak on October 6, 2008 2:19 PM

YAB Tun,

Firstly, thank you for having your Open House last 5th Oct. I had the chance to meet you and thank you personally even though I doubt you will remember all from the thousands of people who came. Anyway, I was satisfied to finally personally thank you for all you have done and is doing for the country.

2nd, this PM is just stubborn. He feels he can hoodwink the people and UMNO specifically with his delaying tactics. Everyone who in their right mind can see that he is delaying for reasons though not clear but definitely to benefit himself, since stepping down as soon as possible can only be good for the people, UMNO, and the BN.

Unfortunately Tun, despite this obvious unnecessary delays till March 2009, leaders in UMNO are again 'silent', except for Tengku Razaleigh. Everybody seem to still try to ask him to step down gracefully.

Why cant leaders in UMNO see and say the obvious?

The people do not want DS Abdullah to be the PM anymore. People worry about the country's fate in his hands.

Therefore, he should recognize this and step down immediately.

The time to be graceful have passed and it is due to him and UMNO's own fault. He refuse to listened to criticisms against his actions despite it was clear he does not know what he is doing (postponing of the bridge project for example). UMNO sidelined its senior leaders for advice. Some are purely blocked to media access.

As such no one is forcing him to step down .He himself is stubborn to accept a fact and therefore niceties or graciousness or respect for that matter is eroding extremely fast.

With the delay due date - it demonstrates that this stubbornness and ignorance have reach beyond help and therefore he should be coerced to step down immediately.

UMNO must stop this 'cowardice'...please show some guts leaders!!!

Assalamualaikum Dear Tun

The best thing we can hope is Dato' Seri Abdullah Ahmad Badawi on the 9th of October announcing that he will not contest for the Presidency of Umno and things will follow as usual and the one who is chosen for the President of Umno will become the Prime Minister of Malaysia and the one chosen for the Deputy President will become the Deputy Prime Minister of Malaysia. The tradition follows and the dynasty of

Umno continue.If Dato' Seri Abdullah Ahmad Badawi announce that he will contest for the post of President of Umno,I may suggest to you that you should challenge him. In this way he will be forced to step down and you, take over the post of Prime Minister of Malaysia for the second time and do all the necessary things to rejuvenate our beloved country Malaysia to the level of excellent. Five years has been given to Dato' Seri Abdullah Ahmad Badawi but as you say he did nothing other than destroying whatever you have done.Please be braved to do it and as long you are sincere Allah will love you.

The sooner the better,better now, before its too late. AAB must step down the day BN lost 5 States to the opposition.The delaying tactic by AAB must no longer be entertained any more. MT UMNO must know this by now.Delayed is the remedy for cowards like AAB.Nothing can be accomplished until AAB step down.Tun as far as we are all concerned, Tun is still in UMNO, nobody can deny of this, and that is the facts.The grassroot from Johore has voiced their dissatisfaction wanting a changed in leadership and President of UMNO.At this present moment a changed is needed for the good of UMNO & BN unlike those days when UMNO & BN was strong.As long as AAB does not let go of his position UMNO & BN will be history.UMNO is at its weakest point at this moment of time. Salam Buat Tun

Isn't its normal for AAB to say something different today and the next few hours saying something else? Flip Flop as he is and flip flop as he always will be. I also have doubt that AAB will announce his retirement for the next party election in March next year.

He will say the extension is for UMNO to set up the new structure for the unity of UMNO towards the important election. AAB then secretly make sure that KJ been elected the Youth wing Leadership and Najib must play around and make sure he does his work for this to happen.

Then only Najib will be given a clear root for the take over.

What happen next?

Najib will make KJ a full minister in an important ministry once he became PM (as he promise). Of course as the youth Head leader nobody can question Najib for the position that KJ got. But the first task for the next PM is to make sure that his son-in-law gets promoted in politics.

At the end Malaysia will be back to square 1. I'm sure lots of people aware that 50% or more the reason why BN lost in the last election and loses lots of state is because of the name Khairy Jamaluddin and yet

the UMNO members still not see this and still praise him as someone who is very important for nation building. Infact he is like a termite that will destroy what the other PM had built.

The reason why Malaysian hate AAB is because of KJ behind him. We don't want proxy PM..... We want PM that can think for him self as well capable of giving brilliant ideas and do brilliant things to enhance the economy and at the same time are firm on things you do.

We no longer got respect from other nation because simply we don't respect ourself.

We no longer have honor inside us coz we don't practice honor in our management life.

So what do we have? The lies and shit?

Selamat hari raya maaf zahir dan batin. Mengenai cerit Pak Lah, saya pun jadi curiga dgn sikap Pak Lah menunda pemilihan pucuk pimpinan UMNO ke bulan 3. Dari tekaan saya mungkin ada kena mengena mengenai perkara berikut:

1. Something to do with big grant allocated to the Armed Forces and contract to replace Sykosky.
2. To wait court decision on Altuntuya case and may be someting to do with Najib
3. To assure his son in law and position in UMNO
4. Buying time for some hidden agenda

But ini semua tekaan saya sahaja.

Ya Lah Tun,

I think that is the difference between a good leader and a not so good one. The good leader will know when to resign even when he is at the strongest and people want him to stay on. Whilst the not so good one will not want to resign when people wants him to go and will delay dally and make people pressure him to resign quickly.

A good leader will resign immediately when his coalition cannot secure two thirds majority and at the same time losing five states and a federal territory - Kuala Lumpur.

Wish you all the best of health and hopefully when the new leader takes over and forms a Presidential Advisory Council. you will be able to play an important role in bringing the confidence and influence back to UMNO and Barisan Nasional.

Salam TUN and readers,

Holidays is over and rumah terbuka yet to come...

And in line waiting is more biskut lawak politik dan nasi impit main belakang.....

Hmm..Sebagai rakyat yg cetek ilmu politik saya nak labelkan

Pak Lah - syok sendiri

Khairy - syok sendiri

Anuar - syok sendiri

Najib - syok sendiri

Buat lah apa yg korang nak buat because at the end korang akan dapat ape yg korang nak and not the rest

Kalau duit yang korang mahu ... maka duit lah yang kamu dapat
Kalau kuasa yang korang mahu ... maka kuasa lah yang kamu dapat

Dan yang selebihnya korang takkan dapat APA-APA ... maruah tergadai, nama tercemar, keturunan dihina...

TUN

- sedang stratagize how to overcome political tsunami in malaysia
- sedang think outside the box how to overcome financial turbulence in malaysia
- sedang influence people to ensure current weak leadership is rejected
- sedang explaining current political situation locally and other related countries
- sedang menyatupadukan rakyat berbilang kaum
- and the list goes on

SO, WHO REALLY DOING THE REAL WORK HERE?

No brilliant statement from other political personnel ... diorang cume akan berbunyi atau sibuk2 nak kasi komen tanda setuju setiap kali Pak Lah bersuara atau ketika TUN bagi cadangan mula lah nak reject cakap yg bukan2

CRAZY!

Assalamualaikum Dr. Mahathir and wife!

1. Selamat Hari Raya dan terima kasih kerana menjemput kami semua ke rumah Dr. semalam.
2. Seronok dapat bersalam dengan Dr. dan isteri. Dr. kalau salam dengan orang mesti tengok mata. Means that you are sincere. You really look at my friend yesterday maybe bcoz he is Arab and wearing baju melayu.
3. Makanan semua sedap. Dan yang paling saya suka kek coklat I can finish a lot only for cake chocolate.
4. The arrangement was nice.
5. Rumah Tun cantik and simple je.
6. And I surprise a lot of Chinese at your open house yesterday. I dun know whether they come to eat free or admire you. I asked one of this chinese lady from PJ. She says this is second time she will shake hand with Mahathir. And she look excited.

Tun tahun depan buat lagi open house okay.....

Dear Tun

First thing First - Selamat Hari Raya.

hmmm hmmm hmmm... I don't think that ABD would annouces anything comes 9/03/2008. He likely will summon another so-call emergency council meeting, get another extention.. hhahahahaha... typical of his style.

Why can't he just step down gracefully. He would be remember as Malaysia PM that step down due to poor performance but brave enough to adhere that stepping down is the best he can do.

Holding on to finish unfinished task... honest does ABD thinks 3 months can do wonders.

Honestly - my personal opinion... if he seriously wanted to step down by 2010, he would not have taken the Ministries of Defence portfolio. Why bother to head any portfolio. Just doesn't make sense. He should just concentrate to pass over to DPM and that's it.. a graceful exit.

So ... he ain't stepping down until he gets what he wants most !!!1

Cheers

KUALA LUMPUR, Sept 28 (Bernama) -- The postponement of the Umno general assembly to March next year does not contravene any regulation in the party constitution, its vice-president, Tan Sri Muhyiddin Yassin said.

He said it was the right of the party's supreme council to decide on the date to hold its general assembly.

"As provided in the Umno constitution, the highest authority is the supreme council, besides the general assembly, and the supreme council has the right to fix the dates for meetings, including that of the

general assembly, and the latest is the decision to postpone the general assembly... I don't see how this can be an infringement of the constitution," he told reporters after breaking fast with single mothers and the disabled here Sunday night.

He said everybody should look at the postponement in a wider context, which was to solve problems on the power transition and based on the understanding reached by the leadership."

Saya lihat ahli2 MT are a bunch of goondus!!! Semua ahli2 MT dah jadi lembu kena cucok hidung, tak boleh berfikir, cetek pemikiran, tak pijak di bumi yang nyata dan tiada langsung perihatin dengan nasib rakyat dan parti. Mereka semua dah lapuk, dudok kerusi MT terlalu lama, dah berkarat, dah jadi besi yang berkarat, sudah wajar di antar scrap.

DPM dan semua ahli2 MT harus letak jawatan kerana tidak perihatin dengan kehendak ahli2 UMNO. Najibful kerana terlalu kowtow dengan Pak Lahap, jadi pengecut, bachul dan dayus!!!! Apakah ini contoh pemimpin umat Melayu, saya rasa bangsa kita akan jatuh tersungkur.

Seorang pemimpin yang betul2 mempunyai ciri2 pemimpin, harus taruk kepentingan Parti dan negara lebih dari kehendak dan kepentingan peribadi. Dengan menyokong dan kowtow kepada Pak Lahap, demi menjaga nasi periuk dan pewot kembung beliau, menjadi pengecut, bachul dan dayus, Najibful tak layak jadi pemimpin!!! Pi lah dok one corner, makan burger 1dozen, biao pewot kembung macam ikan buntal.

Ahli2 MT di pilih oleh ahli2 parti dari yang bawah. Ahli2 parti yang dibawah yang memilih mereka dudok di MT. Mereka harus berkhidmat untuk kepentingan parti dan kepada kepentingan dan kehendak ahli2 parti.

Persoalan nya:

Dengan menunda Perhimpunan agung ke bulan March, adakah ini akan memberi manfaat kepada Parti, keuntungan untuk Parti atau memberi kepentingan Pak Lahap dan memberi manfaat kepada Pak Lahap? Jawapan nya sudah jelas lagi bersuloh, ini hanya akan memberi manfaat dan hanya kepentingan Pak Lahap. Ahli2 MT semua otak berjambul, dah tak bole berfikir atau kerana sikap pengecut, bachul, dayus, sanggup memberi persetujuan kepada Pak Lahap tanpa berasa segan silu, sebulat suara memberi manfaat kepada Pak Lahap, membelakangkan kepentingan Parti dan hasrat semua ahli2 Parti. Ini sudah terang lagi bersuloh, adalah satu pengkianatan kepada semua ahli2 dan UMNO sendiri. Apa mereka berfikir yang mereka ni semua "Untouchable". Sedah lah diri, awak ada jawatan atas kehendak ahli2 dan ahli2 boleh melucutkan jawatan awak. Terimakasih kerana khidmat awak selama ini, thank you very much and now get lost!!!

Semua ahli2 MT dan Pak Lahap sudah terang lagi bersuloh sudah sedar akan kebencian ahli2 Parti terhadap Presiden Parti. Semua ahli2 Parti mahu Presiden parti di Perhimpunan agung yang dijadualkan di bulan December, diberi mandat supaya letak jawatan dengan serta merta atau ditendang keluar, get lost, pi terjun dari Putrajaya.

Semua ahli2 Parti mahu Perhimpunan Agung di adakan di bulan December ini dan tidak ditunda. Ahli2 MT mesti menghormati kehendak semua ahli2 parti, ahli2 MT harus menjalankan amanah dan menjaga kepentingan parti bukan menjaga kepentingan Presiden. Kalao ini lah sikap ahli2 MT, semua ahli2 parti harus berani melawan arus dan reject ahli2 MT yang sudah lapuk macam besi berkarat, dan reject mereka semua. It is time for a total revamp demi kepentingan Parti.

Pak Lahap sebagai Presiden parti harus sedar diri. Awak dipilih menjadi Pesident parti atas kehendak ahli2 dalam Parti. Sekarang semua orang tahu yang rata2 semua ahli2 parti tidak mahu beliau dudok sebagai President Parti. Semua ahli2 parti dah meluat melihat karenah Pak Lahap dan pecaturan kotor dan jijik yang sedang beliau lakukan. Pak Lahap harus jadi gentlemen, bukan dayus and bachul. Sebagai Imam Hadhari, tapi tak tau diri, beliau sebagai pemimpin harus taruk kepentingan Parti dahulu dari kepentingan diri. Dengan menunda tarikh perhimpunan Agung, Pak Lahap telah membelakangkan kepentingan dan hasrat ahli2 Parti dan UMNO. Itu bukan sikap seseorang Imam, pemimpin atau Presiden parti. Pak Lahap sudah jelas lagi terang bersuloh, tak layak jadi Pemimpin atau Presiden Parti,

hanya layak jadi Tok Kadi kot. Kita tahu yang beliau sudah desperado sekarang, beliau perlu waktu untuk membuat pecaturan kotor supaya, konco2, penjilat2 dan pembodek2 beliau akan dapat faedah dan dapat menjalankan kerja2 kotor beliau. Marilah kita semua buka mata dan hati. Pecaturan jijik sedang dan sudah berjalan.

Semua ahli2 parti, Teruna dan dara, Kakak2 dan abang2, makcik2 dan pakcik2, ayuh!!!! jangan merelakan durjana2 ini melakukan sewenang wenang Parti kita semua. Jangan kita merelakan durjana2 dan pengkianat2 ini dengan sewenang wenang melakukan suka hati mereka macam parti bapak mereka. Ini adalah Parti kita semua, UMNO melambangkan Parti bangsa dan negara dan bukan parti bapak mereka.

Mari lah kita semua, perwira bangsa dan negara, lakukan untuk kepentingan dan martabat bangsa dan parti.

PERHIMPUNAN AGUNG HARUS DIADAKAN SEPERTI DIJADUALKAN PADA DECEMBER INI DAN PAK LAHAP HARUS MELETAKAN JAWATAN SERTA MERTA, SUPAYA PENGGANTI BELIAU DAPAT MENJALANKAN KERJA DAN MEMANTAPKAN PARTI.

Hanya inilah cara untuk mengekang Pak Lahap dan konco2 nya, daripada meranapkan Parti dan negara.

Pak Do Lah suka ti Do lah

Pak Do Lah dah tau rakyat tak suka beliau tapi di buat bo Do lah

Sekarang Pak Do Lah dah so despera Do lah

Belia benci.....!!!! Pak Lah!

HARGA MINYAK TAK TURUN PUN TAKPA, JANJI PAKLAH TURUN!!!!

Gula2 Pak Lahap dah tak laku lah!!!

Hidup UMNO!!! Hidup Melayu!!!! Hidup Tun!!!!

Wassalam

TUN dan sekalian kekawan.

Itu lah jadi tanda tanya sekarang. Mintak lagi tanggunh 3 bulan.

Kalau dah nak letak jawatan tu letak lah sekarang. Tunda2 lagi apa hal. Boring sungguh lah si DOLLar ni.

Saya rasa ada yang tak kena ni. Mesti ada apa2 yang sedang di rancang oleh tingkat 4 tu.

Silap ari bulan Tok Ajib pun terlepas jadi PM. Baru lah padan muka Tok Ajib. Dok terangguk2 tergeleng2.

Saya pasti ada rancangan lain sedang bergolak dalam penentuan pucuk kepimpinan UMNO.

Bukan TOK AJIB yang bakal dinobatkan sebagai pengganti SI DOLLar tu.

Tapi proxy SI KJ. Kerana untuk menjayakan cita2 dan kedudukan nya dalam UMNO dan kerajaan.

Bila KJ menang ketua Pemuda. Dia akan dilantik jadi menteri. Seterusnya akan berusaha menjadikan diri nya Naib presiden dan seterusnya timbalan presiden.

Dalam tempoh 10 tahun akan datang cita2nya nak jadi PM Malaysia pasti akan terlaksana. Puihhhhh!!! Nak termuntah!!

Dah boleh baca semua itu taktik basi politik. Jangan harap akan semudah itu.

Harap semua peringkat ahli UMNO hati2 lah membuat pemilihan.

Renung lah jauh2 sikit. Jangan lah kerana sehelai kain pelikat negara tergadai.

TUN, terima kaseh mengadakan OPEN HOUSE semalam. Meriah, Berduyun2 rakyat nak beraya degan

TUN. Itu lah tanda nya TUN maseh disayangi Rakyat. Saya juga sempat bergambar dengan TUN dan

TUN Hasmah.Terima kaseh.

assalamualaikum tun,

its all about decision making. swift and right decision comes from a clear conscience. i still can remember during your time youve made swift decision on lots of issues and all goes well. some might not agree with your decision at that time but they abide to it and now many who doesnt agree has agreed. people live in harmony the economy was vibrant .

the result of unclear conscience is - delayed decision. and the result is problem unsolved. this is why the hindraf is getting more biadab. and many more other cases.

rakyat can see it and rakyat can feel it. delayed decision without a clear conscience has burdened the rakyat ie, prices of petrol which led to so on and so on....price hikes.

AND NOW PAKLAH DELAYS HIS RESIGNATION...THE RAKYAT WILL AGAIN SUFFER FROM THIS DELAYED DECISION.

i respected u tun because of your clear conscience. thus u dont need to apologise. and there is no delayed decision.

Dolah sudah ibarat bola di depan pintu gol, tolak sikit je dah kira gol, tetapi kalau sukar sangat nak kuis, atau bahasa sopannya 'tendang' dia, yang salahnya bukan dolah, tapi si bahalul najib dan rakan2, muhyiddin dah gelecek tapi bab nak 'tendang' macam tiba tiba dah jadi penakut dan pondan.

Dah malas cerita kebaculan orang UMNO, macam nak muntah hijau, elok Tun bercuti lima ke enam bulan keluar negara, biau mampuih pi depa dok kelamkabut sama sendiri.

Akan datang, elok juga kalau UMNO jadi komponen PAS dalam mentadbir negara. UMNO dibuka keahlian kepada non-bumi - UNITED MALAYSIAN NATIONAL ORGANISATION

Tun yang terhormat,

Bila agaknya orang-orang politik di Malaysia ini mahu start buat kerja? Suruh pergi mengundi kami sudah pergi mengundi. Masalahnya lepas pilihanraya memang wajar satu pihak jadi pembangkang dan satu pihak jadi pemerintah. Tapi ni sekarang ni yang jadi pembangkang mahu rampas kuasa dan jadi kerajaan dan yang jadi kerajaan pula sibuk mahu jaga kedudukan dalam parti. Kerja tidak jalan.

Ada jenaka yang pernah saya dengar kalau bagi pilihan mahu langgar dengan kereta, saya akan langgar orang politik daripada langgar 'skunk'.

Rakyat susah, menderita, harga barang naik, kos sara hidup semakin tinggi, bank mencekik darah dan kedekut mahu bagi pinjaman, beratus ribu bumiputera dan Melayu di dalam senarai CCRIS dan CTOS, anak masuk universiti kena pinjam duit dulu (dermasiswa dan biasiswa already history), berniaga pun semakin sukar sebab kos meningkat, sewa naik, tambang naik dan senarai nya memang panjang lagi...

Tapi orang politik Malaysia sibuk mahu jaga kedudukan mereka sebab mereka dapat gaji bersih. Tol pun tak payah bayar dan elaun macam-macam jenis supaya gaji mereka tidak terusik. Itu tidak mengambil kira habuan yang mereka terima kiri dan kanan.

SEDAR LAH..... kami dah muak!

Dear Tun,

Good afternoon.

I am just wondering how is UMNO going to win back the trust of the people even if there is a leadership change.

The DPM's name has been tainted. He has not been truthful. To me he should have cleared his name in court.

Who else do you think can lead UMNO and the Barisan?

The MCA and MIC and Gerakan have a long way to win the confidence of the non-malays.

To me, the Barisan can only win if the PKR governing states falters.

Good day.

I believe he needs the 3 months to secure the control of Petronas to KJ and the gang, place his people here to remain untouchable etc. All for the greater good of them. Then somebody else becomes PM and he too will try retake Petronas for the greater good of some sort as well. I wonder when will these good intentions end? Things are so loose everyone with power can simple rob the country and make such claims and we just watch with our jaws on the floor helpless.

Dear Tun,

Again this is something to do with politics. What type of judicial and legal reforms are we talking about after the resignation of Law Minister Zaid Ibrahim. He himself admitted that the reform is hard to come by with resistance from UMNO internally.

I believe this is an attempt of clinging to power and most importantly to install KJ as the next UMNO Youth Chief. Why so much power has been given to the President that he can simply postpone the General Assembly in his favour ?

My wife is all optimistic on the Mar 09 announcement. But, I am not. Oct ni pun, I am holding my breath. Now that everybody nak bertanding, lagilah have me thinking and thinking. I wonder whether si Oxford nak tukar posisi, maybe jawatan yang dipohon dah silap, should join ali rustam, zahid hamidi n etc etc. Kekadang terfikir jugak mungkinkah ada diantara mereka-mereka yang nak jawatan itu adalah boneka nya etc....kenapa suratkhbar, tv suka selit2 kan si oxford tu, agaknya? Rasanya macam masa pilihanraya dulu pula, dimana si 16Sept tu sering dapat liputan media letronik dan cetak dan kita semua dah tahu apa dah jadi. Jangan ulang..bak kata tun bertanding betul2 do it the democratic way..orang

media jangan obvious sangat, tolong jangan pengaruh dan under estimate minda kami. Tak payahlah tunjuk si dia jatuh kuda balut tangan ke , famili day syarikat yang dilampurkan media dituduh nu ..clear tu...Ni,tiga bulan tu cukup untuk cover footprint je bukan buat pavement baru yang tak tahu mana penghujung jalan nya...tapi tahu resultnya...hancus...
maaf iya Tun, bukan apa ...anak saya muda lagi, kami bukan english spoken famili tapi ajar juga anak tu bahasa ingeris sebab kami faham dan nak compliment wawasan kementerian pelajaran...tup2 si oxford ni nak tukar...kalau bagi option takpalah,,,terus2 nak tukar..anakbuah kaum kerabat dia semua berpeluang dan pandai2...anak saya besok jadi penyokong anak2 mereka aje ke?.semua nak tukar, bola lah , jambatan..bagi muka kat mat rempit lah .Saya susah nak percayakan mereka lagi..flip flop memanjang.Tolong, orang2 UMNO kembalikan semula kegemilangan itu...put a stop to their nonsense...simpan keris tu, "guna lah otak"[pinjam kata2 datuk najib pernah kata di perhimpunan]...lawan tak semesti nya dengan senjata, minda aje pun dah cukup hebat.Jangan tumpang minda oxford, guna minda sendiri kan tuhan dah bagi tiap2 kita, gunakan.

Salam sejahtera Tun,

Sudah menjadi satu kebiasaan bagi seseorang yang tamak, tidak akan mungkin melepaskan jawatan begitu saja apatah lagi jawatan No 1 di Malaysia iaitu PERDANA MENTERI MALAYSIA.

Bila di suruh turun, dia akan cakap ramai lagi penyokong yang suruh tangguh,kerja belum selesai tetapi keputusannya tak nampak.

NO ACTION TALK ONLY

Bagi saya Tun, jikalau seseorang yang tidak berprinsip (seperti Pak Lah)dia beranggapan bahawa Najip seolah olah seperti dia juga tiada prinsip dan mungkir janji.Samalah seperti apa yang dijanjikan kepada Tun sewaktu Tun masih jadi PM dulu.Waktu No.2, ok Tun, yes Tun, promise Tun. Tapi bila dah jadi No.1, who is Tun Dr M?

As such, dia takut Najip seperti dia juga padahal Najip lebih jauh berbeza daripada dia.

Kalau situasi ini berlarutan dan berpanjangan, kemungkinan besar UMNO-BN akan jadi pembangkang sebelum pilihan raya ke-13.

Dear Tun,

Our PM is dragging his feet, not unexpected from a wimp leader who does not see the urgency of the issue at hand ie the dwindling support of Malaysian for BN and the growing strenght of the opposition. We are held at ransom by his procrastination.

Personally, as a non-politician and a member of the society, I think 4 years may not be sufficient to regain lost ground so, 3 months of delay is very substantial. Why can't he make his decision swiftly now and move on?

The repercussion to ordinary man like us are serious. Internal political instability is proving very damaging to our weakening economy. We need a great and dynamic leader to re-instill confidence and fix the many problems created by the current administration particularly on racial conflict. If eventually the opposition forms the federal government, I foresee serious turmoil ahead as parties of different ideologies should not lead the nation. They are merely suppressing their hidden agenda for the sake of gaining political control at the moment.

As it is, we do not know who will be the best leader to lead. But the UMNO election is important because the most popular leader elected will be the best person to lead. At least he has the most grassroots support. So, I personally do not favour the idea of the transition plan. Najib's popularity needs to be tested through the election process. Do away with the requirement of minimum nomination. With that, all potential leaders will participate in a democratic election proceess. This is just the first step to a thousand mile to rejuvenate UMNO and BN.

Tun, I wish you were the senior minister in the cabinet. At least, you could have flexed some muscle to push through some reform. The media appears to be manipulative as your comments in your blog are selectively and inaccurately published.

I believe there are many people out there who wish you are at helm at this moment. I have asked a few friends about their best PM choice between the current PM and Anwar. Many prefers Anwar. I won't opt for either. When I included you, all concur that you are their absolute choice. I know this is not quite possible though I hope it could be the case.

It's sad that Malaysia is going through such problem during such turbulent times when the global economy is convincingly descending into rescession. And we have a "recalcitrant" leader who is probably

unconscious of the magnitude of the problem in hand. I also blame the sycophant UMNO smaller leaders and the media for not being firm and truthful to themselves and the public.

Whilst many argue that such experience Malaysia is going through is healthy and good for the long term, What I worry is the damage caused may be forever irreparable.

Tun has been a leader for more than 2 decades. I wonder what Tun foresees about the political and economic scenario in the next 4 years. Just some insight at least to prepare those who care to read your blog of the days ahead.

Sir,

I too suspect the delay is not for putting things in order as far as the nation is concerned. It is more like for putting things in place for his own benefit. To see that when he does leave, he will have in place certain unspoken deals or guarantees that he will be taken care off when he is no longer in power. Or maybe you are right. He won't leave at all but use the borrowed time to consolidate power. We'll see soon enough. Tomorrow or the day after is D-Day for DSAAB and the future of the country.

By zaki_77 on October 6, 2008 3:49 PM

AAB is not only a man without principles, he is a man without shame. He is more concerned with his own dignity and respect than that of his country! He wants the 3 months to show people that he is leaving on his own accord, but I think Tun may be right as he may use the time to lobby UMNO to reject Najib so that he can stay on until they find a 'suitable' replacement!

By ,Melayu merantau on October 6, 2008 3:50 PM

Ayahnda Tun..Salam

1. Saya bersetuju dengan Ayahnda Tun bahawa DSAAB tidak akan mengumumkan perletakan jawatannya dan malah akan bertanding didalam pemilihan UMNO akan datang.

2. Zahib Hamidi dan Ali Rustam memang tidak seperti Tan Sri Mahyuddin Yassin. Kedua-duanya mereka hanya berdiam diri takut untuk bercakap supaya DSAAB letak jawatan segera.

3. UMNO tetap akan hancur selepas ini sekiranya DSAAB tidak letak jawatan secepat mungkin disember ini.

Kita terpaksa lentokkan badan kita ke belakang dengan dada kita menghala ke langit dan cuba menari di bawah palang. Siapa yang boleh melepasi palang di paras paling rendah, dia menang.

Dalam politik Umno era Abdullah Ahmad Badawi, palang telah direndahkan. Maka ramailah yang sebelum itu gagal melepainya, berjaya dengan cemerlang seperti yang dimanifestasikan oleh keputusan pemilihan Majlis Tertinggi 2004.

Dear Tun,

When AAB took over the Ministry of Defence, I have a very eerie feeling that we are going to have a military rule. Of course, I may be wrong and most certainly hope so.

Anyway, I was at your house yesterday and despite the heavy rain and soaking wet. Though I am not able to get my hands on the food and my stomach growling, I am glad I got the chance to salam with you and Tun Hasmah. And I must admit Tun, you look radiant and good for your age.

Abu Bakr al-Siddiq pada penghujung hayatnya, menulis surat mencadangkan penggantinya. Dalam surat tersebut beliau menyatakan seperti berikut:

"Bismillah al-Rahman al-Rahim. Inilah apa yang dipesan oleh Abu Bakr bin Abu Quhafah di waktu akhir hayat di dunia ini, sedang keluar darinya, dan permulaan tempoh di Akhirat, sedang masuk ke dalamnya. Di kala seperti ini, seseorang yang kafir akan beriman, seseorang pendusta akan bercakap benar. Maka aku –dalam keadaan begini- melantik pemerintah kamu selepasku ini 'Umar bin al-Khattab. Maka dengar dan taatlah kepadanya. Aku tidak akan mengurangkan sedikit kebaikan pun buat Allah, rasulNya, agamaNya, diriku dan kamu. Sekiranya 'Umar berlaku 'adil, maka itu sangkaan dan pengetahuanku mengenainya. Jika dia sebaliknya, maka setiap individu berdasarkan apa yang dikerjakan. Sedangkan aku inginkan kebaikan dan tidak pula aku tahu perkara yang ghaib. "Nanti orang-orang zalim akan mengetahui di mana kesudahan mereka" Wa al-Salam 'alaikum wa rahmatulLah". (al-Sayuti, Tarikh al-Khulafa, 32, Beirut: Dar al-Fikr).

Saya petik dari blog www.drmaza.com. Saya percaya semasa Tun memilih pengganti, Pak Lah adalah merupakan calon 'perfect' menggantikan Tun ketika itu. Tapi seperti sudah ditakdirkan Tun tidak dapat membaca apa yang 'ghaib'.

Bagi saya Pak Lah adalah orang yang baik. Dia cuma tidak sesuai jadi pemimpin kerana tidak mempunyai sifat yang kepimpinan dan mudah dipengaruhi oleh faktor dan orang disekelilingnya yang mempunyai agenda dan kepentingan sendiri. Dalam hal begini untuk mengelakkan dosa adalah lebih baik Pak Lah menjadi rakyat biasa sahaja.

Assalamualaikum Ayahanda Tun ,

3 months - anything can happen :

1. KJ or his crony will be the Petronas Chairman back up by the neighboring country - the post that he's eyeing to fill in his treasure chest(nauzubillah...) may Allah forbids ..
- 2.more projects will be given to Scomi
- 3.He has more time to accumulate his wealth???
- 4.Strategy to split the votes, so TSMY won't be the DPM??

Anyway , all is in Allah's hands. He is the one who knows. Let's pray whoever be the next PM is someone who's nearly like Umar AlKhattab and Umar Abd Aziz ;

Ataupun seperti Presiden Iran yg bukan berimejkan 'ulama' tapi berjiwa 'ulama'.

Salam Tun,

And Selamat Hari Raya Aidil Fitri.

1) Pak Lah is going, the sooner the better, but for whatever reason he needs three months to do that. If he needs assistance to help pack, many could do it in less than three days.

2) Someone asked who is going to take over and will he be better than Pak Lah? Technically it is going to be Najib's turn and I believe he will be better than Pak Lah but of course being human there are other factors that will determine his performance. His wife and his brother for example. I will do my part and of course pray hard.

3) Someone said Singapore is much better in providing a better future for its people. But how come while studying in Australia there were more Singaporeans than Malaysians in my U. I thought they have better education opportunity/policy. And how come thousands of young professional Singaporeans migrated each year hence their government had no choice but to employ foreigner especially Malaysian. It is not

that they have better opportunity there.

4) The new leaders is facing a major task ahead. I hope the new team have learnt something from the last episode of our very own mini series the 'SLEEPING BEAUTY'.

Tun,

You could have been the greatest prime minister of this country. But some of your comments since you left does give the impression you are a racialist at heart.

You have many achievements and you could have set right many things whilst you were in power for you were really the only prime minister whose words can transform into actions.

If you are not so umno-centric in your comments, and really think of bringing this nation forward, you will leave behind a great legacy.

You, above all others, still have that quality and opportunity that fate has given you to rectify your pass errors and win the hearts of all Malaysians.

I wish you more good health and a long life for you to have the opportunity of ful-filling a truly Malaysian Dream, not only for Malays for for ALL.

God be with you, Sir.

Dear Sir,

How AIG's Collapse Began a Global Run on the Banks
By Porter Stansberry
October 4, 2008

Something very strange is happening in the financial markets. And I can show you what it is and what it means...

If September didn't give you enough to worry about, consider what will happen to real estate prices as unemployment grows steadily over the next several months. As bad as things are now, they'll get much worse.

They'll get worse for the obvious reason: because more people will default on their mortgages. But they'll also remain depressed for far longer than anyone expects, for a reason most people will never understand.

What follows is one of the real secrets to September's stock market collapse. Once you understand what really happened last month, the events to come will be much clearer to you...

Every great bull market has similar characteristics. The speculation must – at the beginning – start with a reasonably good idea. Using long-term mortgages to pay for homes is a good idea, with a few important caveats.

Some of these limitations are obvious to any intelligent observer... like the need for a substantial down payment, the verification of income, an independent appraisal, etc. But human nature dictates that, given enough time and the right incentives, any endeavor will be corrupted. This is one of the two critical elements of a bubble. What was once a good idea becomes a farce. You already know all the stories of how this happened in the housing market, where loans were eventually given without fixed rates, without income verification, without down payments, and without legitimate appraisals.

As bad as these practices were, they would not have created a global financial panic without the second, more critical element. For things to get really out of control, the farce must evolve further... into fraud.

And this is where AIG comes into the story.

Around the world, banks must comply with what are known as Basel II regulations. These regulations determine how much capital a bank must maintain in reserve. The rules are based on the quality of the bank's loan book. The riskier the loans a bank owns, the more capital it must keep in reserve. Bank managers naturally seek to employ as much leverage as they can, especially when interest rates are low, to maximize profits. AIG appeared to offer banks a way to get around the Basel rules, via unregulated insurance contracts, known as credit default swaps.

Here's how it worked: Say you're a major European bank... You have a surplus of deposits, because in Europe people actually still bother to save money. You're looking for something to maximize the spread between what you must pay for deposits and what you're able to earn lending. You want it to be safe and reliable, but also pay the highest possible annual interest. You know you could buy a portfolio of high-yielding subprime mortgages. But doing so will limit the amount of leverage you can employ, which will limit returns.

So rather than rule out having any high-yielding securities in your portfolio, you simply call up the friendly AIG broker you met at a conference in London last year.

"What would it cost me to insure this subprime security?" you inquire. The broker, who is selling a five-year policy (but who will be paid a bonus annually), says, "Not too much." After all, the historical loss rates on American mortgages is close to zilch.

Using incredibly sophisticated computer models, he agrees to guarantee the subprime security you're buying against default for five years for say, 2% of face value.

Although AIG's credit default swaps were really insurance contracts, they weren't regulated. That meant AIG didn't have to put up any capital as collateral on its swaps, as long as it maintained a triple-A credit rating. There was no real capital cost to selling these swaps; there was no limit. And thanks to what's called "mark-to-market" accounting, AIG could book the profit from a five-year credit default swap as soon as the contract was sold, based on the expected default rate.

Whatever the computer said AIG was likely to make on the deal, the accountants would write down as actual profit. The broker who sold the swap would be paid a bonus at the end of the first year – long before the actual profit on the contract was made.

With this structure in place, the European bank was able to assure its regulators it was holding only triple-A credits, instead of a bunch of subprime "toxic waste." The bank could leverage itself to the full extent allowable under Basel II. AIG could book hundreds of millions in "profit" each year, without having

to pony up billions in collateral.

It was a fraud. AIG never any capital to back up the insurance it sold. And the profits it booked never materialized. The default rate on mortgage securities underwritten in 2005, 2006, and 2007 turned out to be multiples higher than expected. And they continue to increase. In some cases, the securities the banks claimed were triple A have ended up being worth less than \$0.15 on the dollar.

Even so, it all worked for years. Banks leveraged deposits to the hilt. Wall Street packaged and sold dumb mortgages as securities. And AIG sold credit default swaps without bothering to collateralize the risk. An enormous amount of capital was created out of thin air and tossed into global real estate markets.

On September 15, all of the major credit-rating agencies downgraded AIG – the world's largest insurance company. At issue were the soaring losses in its credit default swaps. The first big writeoff came in the fourth quarter of 2007, when AIG reported an \$11 billion charge. It was able to raise capital once, to repair the damage. But the losses kept growing. The moment the downgrade came, AIG was forced to come up with tens of billions of additional collateral, immediately. This was on top of the billions it owed to its trading partners. It didn't have the money. The world's largest insurance company was bankrupt.

The dominoes fell over immediately. Lehman Brothers failed on the same day. Merrill was sold to Bank of America. The Fed stepped in and agreed to lend AIG \$85 billion to facilitate an orderly sell off of its assets in exchange for essentially all the company's equity.

Most people never understood how AIG was the linchpin to the entire system. And there's one more secret yet to come out...

AIG's largest trading partner wasn't a nameless European bank. It was Goldman Sachs.

I'd wondered for years how Goldman avoided the kind of huge mortgage-related writedowns that plagued all the other investment banks. And now we know: Goldman hedged its exposure via credit default swaps with AIG. Sources inside Goldman say the company's exposure to AIG exceeded \$20 billion, meaning the moment AIG was downgraded, Goldman had to begin marking down the value of its assets. And the moment AIG went bankrupt, Goldman lost \$20 billion. Goldman immediately sought out Warren Buffett to raise \$5 billion of additional capital, which also helped it raise another \$5 billion via a public offering. The collapse of the credit default swap market also meant the investment banks – all of them – had no way to borrow money, because no one would insure their obligations.

To fund their daily operations, they've become totally reliant on the Federal Reserve, which has allowed them to formally become commercial banks. To date, banks, insurance firms, and investment banks have borrowed \$348 billion from the Federal Reserve – nearly all of this lending took place following AIG's failure. Things are so bad at the investment banks, the Fed had to change the rules to allow Merrill, Morgan Stanley, and Goldman the ability to use equities as collateral for these loans, an unprecedented step.

The mainstream press hasn't reported this either: A provision in the \$700 billion bailout bill permits the Fed to pay interest on the collateral it's holding, which is simply a way to funnel taxpayer dollars directly into the investment banks.

Why do you need to know all of these details? First, you must understand that without the government's actions, the collapse of AIG could have caused every major bank in the world to fail.

Second, without the credit default swap market, there's no way banks can report the true state of their assets – they'd all be in default of Basel II. That's why the government will push through a measure that requires the suspension of mark-to-market accounting. Essentially, banks will be allowed to pretend they have far higher-quality loans than they actually do. AIG can't cover for them anymore.

And third, and most importantly, without the huge fraud perpetrated by AIG, the mortgage bubble could have never grown as large as it did. Yes, other factors contributed, like the role of Fannie and Freddie in particular. But the key to enabling the huge global growth in credit during the last decade can be tied directly to AIG's sale of credit default swaps without collateral. That was the barn door. And it was left open for nearly a decade.

There's no way to replace this massive credit-building machine, which makes me very skeptical of the government's bailout plan. Quite simply, we can't replace the credit that existed in the world before September 15 because it didn't deserve to be there in the first place. While the government can, and certainly will, paper over the gaping holes left by this enormous credit collapse, it can't actually replace the trust and credit that existed... because it was a fraud.

And that leads me to believe the coming economic contraction will be longer and deeper than most people understand.

Assalamualaikum Tun dan Selamat Hari Raya Aidil Fitri.
Saya pulang kekampung do Kota Kuala Muda Kedah, raya lepas.
Nampaknya, UMNO bahagian kampung pun kucar kacir, semua dok tunggu bila Dato Seri Abdullah Ahmad Badawi nak letak jawatan. Topik yang paling hangat, semua teruja nak tengok. Tup tup dia kata 3 bulan.
Yang sedih orang UMNO lama macam tok saya, mak saya dan lain-lain lagi sedih dengan keadaan UMNO sekarang yang terumbang ambing, tiada pemimpin yang betul-betul boleh diharap. Ini semua katanya pasal, tiada Ketua yang betul-betul perihatin dengan keadaan parti.
Yang paling sedih mesyuarat peringkat cawangan tak cukut Korum.
Parti lain seperti PAS dan PKR semakin kuat.
Macam ni tak boleh jadi UMNO yang veteran yang pernah memerintah negara selama 51 tahun dibiar macam tak penting.
Diharap agar ketua cawangan lebih perihatin, marilah kita bersama-sama Tun menyokong agar DSAAB segera turun.

1. Bila Tun jd PM dulu, ramai orang soh Tun letak jawatan dr jd PM. and bile Tun dah turun and Pak Lah jd pengganti, depa mula suruh Pak Lah turun, and claim Tun is better. (mmg betul Tun is better pun)
2. The question now is untuk pengganti Pak Lah nanti, is he better or not? Still mystery to us.

Selamat hari Raya Aidilfitri Maaf Zahir Batin.....

Syabas Tun, Kali ini pemulisan yang amat baik dan bernas tentang penangguhan Persidangan Agung UMNO Pusat.....

Pada pandangan saya, menteri-menteri kabinet sememangnya sedang menunggu keputusan paklah untuk beundur tapi mereka takut nak buat kenyataan terbuka (Tabik kepada Tan Sri Muhiyuddin kerana berani bersuara). Menteri-menteri kabinet ni memang dah lama meluat dan jelak kerana mereka hanyalah ada jawatan menteri tetapi segala keputusan dipengaruhi oleh Khairy Jamaluddin. mereka hanya menunggu keputusan pak lah untuk mengumumkan tidak mempertahankan jawatan sebagai presiden UMNO. Itu jam, jangan haraplah pencalonan daripada Pemuda Bahagian untuk KJ tu, mereka akan ganyang KJ cukup-cukup sehingga terjelepek ke dasar tasek chini.... hehehe...
Walaubagaimanapun saya berharap akan Saudar Mukhriz akan mengepalai Pemuda dan membawa pemuda ke arah yang lebih mantap serta menjauhi amalan kroni dan pilih kawan (seperti yang Dato'-Shamsul Anuar Nasarah Lakukan di bahagian ini) - Tun sampaikan salam saya pada Saudar Mukhriz - Saya ada ada hantar kad raya pada dia -Niat nak hantar kat Tun tapi tak tahu alamat - Insyaallah tahun depan kalau Tun sudi bagi alamat tun... Selamat TUN.

Dear Tun,

I believe u are right bout the P.M..He is taking UMNO and the people of Malaysia for a ride. All these delaying tactics are just making things worse.

Any good businessman or card player can tell him that if his intentions are to improve the country then he should cut the country's losses and allow for immediate change. No point continuing to ride a losing horse.(i suppose in this case it could be the jockey that needs change)

If what u said about March 8th elections losses were true (that people voted against Badawi rather than BN), and now UMNO is having problems getting rid of him. Why not start a new party with the original principals of UMNO?

If the above is true the new party should have no problem gaining support from the opposition and unsatisfied BN members. BN may be left with just two members BadaV and SamyV!

Which is more important the name of the party of the success of the country!

I have to say that u have a great blog! best in the country! but then again it is so because of your unique position in malaysian history. Anwar could perhaps equal your blog if he had the time.

Assalamualaikum Tun,

Selamat Hari Raya Eidil Fitri....maaf saya tak dapat menghadiri rumah terbuka Tun semalam kerana saya ada jemputan dirumah kakak.

Berkisar mengenai peralihan kuasa Presiden dan Timbalan Presiden UMNO pada bulan Mar 2009, saya muskil terhadap beberapa perkara.

1) Adakah Presiden akan meminta DS Najib memastikan kemenangan menantu beliau, YB Khairy Jamaludin, memenangi kerusi Ketua Pemuda?

2) Adakah DS Najib akan terus menyimpan dan menggunakan khidmat 'budak2 tkt 4' didalam pentadbirannya?

3) Apakah pendirian 'half past six' ahli2 kabinet, lbh2 lg YB Dato Seri Nazri Aziz diatas peralihan kuasa ini?

Pada saya, perkara2 berikut haruslah diambil perhatian oleh ahli2 UMNO jika mahu UMNo masih lagi relevan dimata rakyat :

1) ahli2 Pemuda mestilah memeastikan bahawa Khairy TIDAK memenangi jawatan Ketua Pemuda. Berikan undi anda kpd calon yg lebih layak. Saya tidak menyokong sesiapa tetapi secara peribadi, YB Dato Mukhriz didapati memenuhi kreteria utk menjadi Ketua Pemuda. (Diharap TUN dpt menasihkan beliau supaya lbh menjadi 'rakyat biasa', jgn menggunakan kedudukan org kaya berjawatan tinggi serta bijaksana. Jadilah seperti biasa)

2) DS Najib hendaklah memecat 'budak2 hitam tkt 4' sebaik shj mengambil jawatan Presiden. Jika ini tidak dilakukan dgn segera, sia2lah duduk ditempat itu krn saya pasti beliau tidak akan duduk lama krn rakyat akan beralih arah. (hrp Tun juga dpt menasihatkan DS Najib supaya menyuruh isteri beliau senyum sentiasa walau pun hati tak suka krn senyum itu ibadah).

3) DS Najib haruslah menyusun semula ahli2 kabinet kpd yg mesra rakyat, bukan berlagak hero mcm Dato Nazri Aziz. Rakyat amat terguris krn beliau telah menempelak Tun tempohari krn rakyat amat sayangkan Tun.

Jika Tun msh bersama ketika proses peralihan ini terjadi, saya harap Tun dapat memainkan beberapa peranan sebagai penasihat bagi memastikan kelancaran proses pentadbiran demi mengembalikan kegembiraan rakyat.

Seperti mana kata2 Tun dahulu bahawa pembakang TIDAK menang cuma UMNO kalah. Dengan langkah2 proaktif yg akan diambil ini diharapkan dapat mengembalikan kepercayaan dan keyakinan rakyat untuk menyokong UMNO/BN.

Ingatlah bahawa rakyat tidak akan tertipu lagi dengan slogan dan reotrik semata2. Jika dahulu disetiap bahagian, yg betul2 menjalankan slogan UMNO cuma tak sampai 10%, kini diharapkan ada perubahan. Jgnlah menjadi ahli UMNO utk kepentingan diri dan keluarga sendiri. Setiap ahli mempunyai peranan yg boleh menyumbang kpd kemakmuran parti dan negara khususnya.

Saya juga seperti Tun tlg keluar UMNO krn tidak percaya terhadap kepimpinan. Saya hrp jika Tun diterima semula, barulah saya masuk semula dan berjuang tanpa jawatan demi kelangsungan agenda melayu dan islam.

Selamat Hari Raya, Naaf Zahir Dan Bathin.

Food for thought...

Indonesia is one of the world's richest countries in terms of natural resources.

God has blessed Indonesia with gold, uranium, copper, oil, timber, beaches, seas and other wealth. The land is fertile with abundant rain. Stick a twig into the ground and it grows into a tree.

Yet Indonesians sleep in the streets. Food is expensive. The average Indonesian eats some rice, tempe, tauhu and may be some vegetables for breakfast, lunch and dinner everyday.

An average Nasi Padang meal for four persons in a single star Indonesian restaurant can cost RM60 (160,000 Rupiah). This is way beyond the income of the average Joko or Ketut in Indonesia.

Why is this so ? The answer is because the ruling elites in Indonesia do not care about the people. They have pillaged the country.

They craft policies that only serve to keep the elites in power and wealth. The same thing is happening in Philippines and Malaysia.

Read on and you will find many of the similarities how/why a nation can become poor. If we are not careful, Malaysia will become one like Indonesia or Philippines. Do not let the Abusive/Bullshitting/Corrupt regime with their UtterlyManipulatingNationalObligations character be successful to lead Malaysia into a BankruptNation.

There are also millions of Indonesians who go to school and university but do not learn skills that can help them survive in the real world. They are very poor in European languages like English or Dutch. All their education is in Indonesian. So they cannot keep up with the latest developments and technologies. They cannot compete. They remain poor. The children of the elites are sent overseas for their education. An average Indonesian university graduate cannot bring world class skills to his employers. He or she therefore earns a pittance. This is happening in Malaysia. Bumiputra university graduates only strike it rich if they get Government jobs where they do not do much work but earn a good salary with a pension. In the private sector they may not get a job or earn only a pittance.

That is why 100,000 graduates remain unemployed in Malaysia.

Bumiputra university graduates are turning up for interviews as taxi drivers and shop assistants. What about those who flunk out after SPM? They become Mat Rempits (Motorcycle Racers). Last Saturday I saw another Mat Rempit get killed at the road races in Shah Alam (near Section 7).

In Malaysia, just like in Indonesia, food is getting very expensive. But the wages and salaries of the people, especially the Malays, is not keeping up with the increase in prices. Instead of developing the competitive ability of the people, the Government has been using the failed NEP to provide subsidies and dish out money on a plate. In fact, the NEP is benefiting the Umnoputras who have good contact with the sources.

Everything is subsidised, even cooking oil, flour, rice, sugar, fuel, etc.

The Government has been providing these subsidies so that the people will keep voting for the ruling party. So it has never been to the Government's advantage to make the Malays independent. A Malay who is independent of the Government may not vote for the BN. It is therefore better to keep feeding with subsidies. So, for the past 50 years, everything has been subsidised.

You may like to compare the Malay Singaporeans, they are much better educated and open minded.

But now with 27 million people in the country of which more than half are Malays, subsidies are getting more expensive. There is also much much more thievery and wastage by the elites in Malaysia .

But there is no bottomless 'well' full of money.

Everything has its limits. The money will soon run out. Without the subsidies for cooking oil, sugar, flour and petrol, how are the people, especially the Malays, going to survive? Already university graduates cannot find jobs or compete in the private sector. What happens when the oil money runs out? What happens when (not if, but when) the Government cannot simply spend billions of oil money to sustain its voting base any longer? That is when we may see people sleeping in the streets, just like in Indonesia. If that happens this country will go up in flames. We will all be consumed.

In Indonesia , the Government has not mobilised its hundreds of millions of people (over 250 million Indonesians) with the competitive skills to grow enough food for themselves. Hence food is expensive. They do not even have simple survival skills like coming to work on time, organising themselves to do simple tasks, maintaining good hygiene and cleanliness and so on. They are poorly read and not informed about many things that are going on around the world. Their Government has failed in all these aspects. Hence the average Indonesian remains poor.

The same thing has happened in Malaysia. Our young people, especially the Malays, do not possess basic survival skills. We are not talking about competitive skills but just basic survival skills. The Government is not serious about giving them useful competitive skills either.

The Mat Rempits are being glorified by the politicians as saviours of the nation (Mat Cemerlang). There are drug users, gang rapists, snatch thieves and street fighters all over the country. You read these everyday on the news.

When an efficient Policewoman called Noorayah Anvar was appointed Chief of Traffic Police she went after the Mat Rempits with a vengeance. Does anyone remember her? She confiscated their bikes on the spot. But soon the Mat Rempits called their political muscle and Noorayah Anvar was kicked out. To date she holds the record of being the shortest serving Traffic Police Chief in Malaysia . She has been replaced by Senior Asst Comm (II) Datuk Hamza Taib.

So the Government is not serious about improving the position of the Malays. It serves the Barisan Nasional Government to keep the Malays down and out. Then the Malays can go to the Government for crumbs. This way the ruling elites get to keep the whole loaf to themselves. Go and visit Indonesia. This is what is happening over there. It is happening over here too. But in Malaysia, there are still many responsible personalities who dare to challenge the UselessMalaysianNationalOrganizations to delay the deterioration of the overall situation.

Does Malaysia have a problem? Yes the Malays are not happy, the Chinese are not happy and the Indians are not happy.

They spoke out at the March 2008 polls and hope things will change for the better, now they have some oppositions who promised change. The Malays are being duped by their corrupted leaders by using the race/religion issues, the Chinese and Indians are being marginalised by the ruling elites. Let us all Malaysians wake up and fight the corrupt system for the benefit of everyone. Let us all unite and stand

together and change the system for once and for all. We are not Malays, Chinese, Indians, Iban, Dayak.....etc, we are Malaysians.

Otherwise, Malaysians May End Up Sleeping in the Streets. We are just a Bankrupt Nation after all!!!

Assalamualaikum Tun,

Tun said..

5. It is said that on 9th October, the day before the divisions are to hold their meetings, he will announce that he will not stand for election as President of UMNO. The question is, will he announce it? I have this suspicion that he will not. If he does not it would not be surprising. "He is not a man of his words".

MEMANG BETUL.. SEBELUM TUN BERI TAHU.. KAMI DAH TAHU!!, KESIAN BETUL DENGAN ORANG MACAM NI.. UNTUK APA TIGA BULAN? APA YANG DIA BOLEH BUAT? KECUALI HELAH DIA UNTUK MENIPU SEMUA AHLI UMNO..

Salam and Selamat Hari Raya Tun.

1. Bila Tun jd PM dulu, ramai orang soh Tun letak jawatan dr jd PM. and bile Tun dah turun and Pak Lah jd pengganti, depa mula suruh Pak Lah turun, and claim Tun is better. (mmg betul Tun is better pun)

2. The question now is untuk pengganti Pak Lah nanti, is he better or not? Still mystery to us.

Walaupun Blog Tun ni ringkas je, tapi menarik untuk dibaca..yehh, tabik spring ar kat Tun.

Saya rasa cara Pak Lah nak letak jawatan ni die nak kan kaedah yg dihormati la, step by step la konon nye.. Padahal orang ramai dah naik menyirap dah ngan dia tu.Mmg ade muslihat disebalik melambat-lambatkan peletakan jwtn ni pasai nak tolong menantu die tu.

ok... Tun nak balik umah ni...da...

Between AAB and DSAI, I think AAB is a better person. Therefore it may be better to be at the helm a bit longer.

DSAI is a man with few principles, only geared for his own personal gains.

3 months is not such a long wait.

By Lim on October 6, 2008 4:57 PM

Dear Tun,

Nadi BN sekarang bergantung kepada UMNO. Turun naik UMNO akan mempengaruhi parti komponen yang lain. Kalau UMNO silap buat pencatutan maka semua rakan komponen akan hanyut bersama UMNO buat selama-lamanya.

Kini, kita sering dengar luahan pendapat daripada kalangan pemimpin MCA, Gerakan, MIC dan PPP yang mencadangkan agar parti berasaskan kaum harus dihapuskan dan digantikan dengan sebuah parti

berbilang kaum seperti mana yang diterajui oleh DSAI pada masa kini iaitu PKR.

Jadi, sejauh manakah pendapat Tun berhubung perkara ini? Ada di kalangan pemimpin BN berpendapat bahawa jika ianya tidak dilaksanakan dengan segera maka BN akan menjadi tidak relevan lagi untuk menyaingi PKR pada PRU Ke-13.

Pada pendapat saya, beza antara BN dan PKR adalah dari segi identiti dan bukannya persoalan kaum.

Satu contoh yang amat jelas ialah segala keputusan yang dibuat oleh BN adalah berasaskan kepada semua rakan kompenannya yang mewakili kaum masing-masing. Segala masalah akan dibawa bincang bersama oleh semua parti setelah mereka mendengar luahan kata akar umbi parti masing-masing.

Saya tidak dapat melihat ciri-ciri ini ada pada PKR. Hal ini adalah kerana mustahil bagi semua pemimpin tertinggi PKR dapat berjumpa dengan semua ahli PKR bagi menyelesaikan masalah mereka.

Ia perlu diterajui dengan identiti khas parti yang melambangkan kaum Melayu, Cina, India, Kadazan, Dusun dan lain-lain. Kemudiannya duduk sepakat di bawah satu bumbung seperti BN sekarang ini. Barulah mencerminkan perpaduan kaum di negara ini.

Hal ini kerana adalah mustahil bagi PKR untuk melantik seorang pemimpin Melayu untuk jadi Presiden PKR dan Timbalan Presiden terdiri daripada Timb Presiden 1-Cina, Timb Presiden 2-India, Timb Presiden 3-India, Timb Presiden 4-Kadazan, Timb Presiden 5-Dusun.

Bagaimana pula Timb Presiden Melayu? Tak jadi timbalan terus jadi presiden? Kenapa orang india tak boleh jadi timbalan presiden 1? Hal ini akan menyebabkan perebutan kuasa dalam parti dan kekecohan akan berlaku dan akhirnya semua kaum rugi kerana luahan pendapat mewakili kaum gagal disampaikan.

Sehubungan itu, saya yakin identiti BN masih relevan kerana kaum Melayu sememangnya akan lebih memahami perasaan kaumnya dan begitu juga dengan kaum lain. Adalah mustahil untuk kaum Cina betul-betul memahami kehendak kaum Dusun kerana budaya hidup mereka berbeza dengan kaum dusun. Jadi, bunyinya agak kejam jika kaum tertentu tidak dapat menjadi ketua politik dan hanya asyik ikut telunjuk Presiden dan Timbalan Presidennya yang langsung tidak memahami kaum selain daripada kaumnya.

Kesimpulannya, identiti BN lebih baik berbanding PKR kerana kita dapat lihat semua parti kompenan BN dapat duduk semeja untuk menceritakan masalah bagi pihak kaum mereka untuk diselesaikan secara bersama. Ianya tidak dimiliki oleh PKR kerana kuasa membuat keputusan hanya terletak pada satu-satu kaum sahaja tanpa memikirkan perasaan kaum lain kerana mereka tidak memiliki identiti.

Regards,

Lim

Dear Tun,

Selamat Hari Raya Aidil Fitri buat Tun dan keluarga.

From a layman's point of view, I too see no reason why there should be any delay in having the UMNO Assembly.

I also speculate that Pak Lah and his merry men are working their socks off in getting enough support from the UMNO divisions. And once this is achieved then he will renege on his promise to transfer power to his successor.

The rebuilding of BN should be done now not later.

I am no expert in political niceties but I do believe if the people were to suffer another 3 months of his indecision, incompetence and flip-flopping attributes, then it may be better that he rides away into sunset now and not later. A graceful exit is not an adequate excuse to retain him for another few months especially when the public are the ones who will bear the consequences of such an action.

I commend Mukhriz and Muhyiddin for speaking out, calling for Pak Lah's early resignation. By not beating around bush and calling a spade a spade, they score not only political points but also earn the respect of the people.

Salam Ayahanda Tun. Dalam tempoh 90 hari, secara ikhlasnya apa sangat agenda reform yang boleh dibereskan... Tapi saya merasakan sebenarnya ada sebab lain. Macam PM tak berapa yakin nak bagi Najib ambil alih. Secara percaturan politik, memang PM tak ada lagi mileage dalam UMNO. Tentang Khairy dah tak perlu dipercakapkan lagi, buang kilobyte Streamyx saya sahaja. Tetapi sekarang ni saya nak tunggu tengok siapa "dark horse" peringkat tertinggi yang bakal timbul. Zahid dahulunya memang Set/Pol Najib. Tapi itu millenium dulu. Sebelum Y2K. Sekarang mungkin dah lain. Apapun, secara lojiknya tempoh 3 bulan ni adalah untuk tempoh jajaran kritikal pada PM. Sebab itu lah di mintanya 3 bulan ini. Secara ikhlas nya saya pun tak yakin dengan survivability Najib. Najib kalau nak ubah persepsi ni, dia mesti tegas. Tegas dalam semuanya. Baru orang boleh nampak kekuatan baru yang sekarang ini dicari-cari umum. Susah nak kawal kalau tak ada authority. Authority mana boleh main bagi committee pegang ikut kepala masing-masing. Kena ada "point of authority". Sesiapa yang dapat pamerkan kualiti ini, maka dia wajar sangat di beri penghormatan. 90 hari apa sangat Tun, buat pekasam pun belum tentu boleh market premium lagi.

Dear beloved Tun M & Tun H.

Maybe Pak Lah need to reform himself, his familiy and off course his son in law, the parasit KJ. Maybe the outgoing PM needs the extended 3 months and hope miracle will happen when they collectively become billionaires, well for the beginning they could have collected hundreds of millions from the citizens of Malaysia via the fuel increament to the suffering of the warga Malaysia. Congratulations and Selamat Hari Raya Aidil Fitri Pak Lah & Family.

Ayahda Tun,
Thank you for the feast yesterday and felt great after shaked hand with you and Bonda Hasmah. It was a wonderful experienced..!

AAB is hopeless and useless. Good leader must have wisdom and gain respect from peoples. But not AAB, peoples are condemning him upside down. It is too shameful for us to have a PM like him. Until now I still can't find anything "great" about him. If in Japanese company, he will isolate to one corner without staffs, given a table by a window, so he can fulfil his time looking outside until he resign (no job allocate to him since he is useless).

Yg Bhg Tun,
1st of all, Selamat Hari Raya Aidilfitri. Maaf zahir dan batin.

I am compelled to agree with you all this while with your predictions which most of them were quite accurate though a few may have missed the ramalan. On this subject - 3 months more, here are my 2 cents worth...

I am quite confident Paklah will announce that he will step down before the deadline. Why I say this? As we all had seen from the latest scenario, a few of the MT members and non-MT members had broadcasted their intention to vie for the Deputy President's post. I am sure, DS Najib had already given his blessing (discreetly) to his cronies on the No. 2 position, subsequent to his close door talk with Paklah. Or else, no one would dare to officially announce their intention.

Once Paklah stepped down, then, Paklah will follow Tun's footstep to create a blog and that is the time he will use his ammunitions to blast and bombard whoever he thinks had tarnished and attacked him during his tenure as a PM. That includes you Tun, as his Numero Uno enemy.

Nevertheless, my predictions might be off-target but in politics, you never know what will happen.

Assalamualaikum Tun,

firstly, Selamat Hari Raya Aidilfitri, Maaf Zahir dan Batin kepada ayahanda Tun dan Keluarga. semoga panjang umur untuk membantu Malaysia yang tercinta.

Semoga Malaysia ini kembali aman.

YA ALLAH, bantu lah negara ku ini. KAU tunjukan lah jalan kebenaran kepada kami.. runkaikanlah muslihat yang membelenggu politik di Malaysia ini.. sesungguhnya yang terbaik adalah dari MU YA ALLAH.. apa yang terjadi semestinya ada kebaikan disebaliknya.. tetapi janganlah KAU uji kami dengan ujian yang tidak dapat kami memikulnya YA ALLAH.. bantulah kami YA ALLAH.. adakah kami orang yang teraniaya oleh politik atau pemimpinnya.. sesungguhnya kami insan yang lemah.. kabulkanlah doa kami ini.. amin..

kalau pemimpin negara ada baca ni.. degar lah.. walau pun rasa diri tu betul, tetapi kalau boleh memecah belahkan, baik berundur dengan baik. itu lebih baik. kerana yang betul itu bukan hanya ada satu cara, banyak lagi cara lain boleh dilakukan untuk dapat yang betul tu. kerana tak semua orang fikir cara yang sama walaupun tujuan nya sama. memang lah orang bawah payah nak sebut. tapi paham-paham la. takkan anak nak mengajar bapak; tu tak hormat namanya. tapi bapak pun kena la paham anak-anak jugak. anak cuma boleh nasihat berkias je. supaya tak terkasar bahasa, menghormati orang tua. maaf atas segalanya.

just think positive with smile.

Yang dihormati Tun Dr. Mahathir

Over the Hari Raya holiday, one theory I heard why AAB delayed the UMNO assembly to March 2009, is because the deal between Maybank and Temasek over the purchase of BII share is still in the midst of negotiation. Once the deal is locked and payment are made, Temasek will execute such amount of commission to KJ for initiating this deal.

AAB anticipated that by then the deal will be completed and his son in-law will have sufficient fund to campaign for Pemuda UMNO.

Though it sound logical, I am not sure of the truth.

By Joseph David on October 6, 2008 5:39 PM

Dear Tun,

At the outset, let me wish you and the family Selamat Hari Raya. I am from Penang, and I tried my best to attend your open house but couldn't.

I agree with Tun when you said that Pak Lah wouldn't step down. He has too much to lose if he does that now.

I am sure he will not jeopardise all that has been set in place for his son and son-in-law, by just throwing in the towel.

There are two types of people. First type are those who are really dumb but act smart. The second are smart but act stupid.

Pak Lah is the second type. No one has fooled Malaysians as well as Pak Lah has. He put on a Mr Clean image, acted stupid but in reality he is a Mr Clean Up.

Everyone knows that politics today is a dirty game and the saint is never going to survive in this game. But most people would be happy with a politician who is hard-working and is seen to produce results.

Pak Lah is clearly a man who spends more time talking about 'things to do' but we don't see anything positive and progressive happening.

God save Malaysia.

SALAM AYAHANDA RAKYAT TUN,
IZINKAN

11. I am still not an UMNO member but I will nevertheless pray for Abdullah to step down soonest and for a new leader to be elected to rehabilitate UMNO and the BN.

WE HAD NEVER BEEN AN UMNO MEMBER BUT FOR THE SAKE OF 'KETUANAN MELAYU' AND I REPEAT 'KETUANAN MELAYU DI TANAH PUSAKA ORANG MELAYU', WE HAVE NO CHOICE BUT TO DISPOSE THIS WEAK LEADERSHIP WHO CANNOT DEFEND THE RIGHTS OF THE MALAY/MUSLIMS AS PER ARTICLE 153 OF THE FEDERAL CONSTITUTION. WHAT A SHAME TO THE MALAY/MUSLIMS WHEN UNGRATEFUL AND DISRESPECTFUL PEOPLE WERE ALLOWED TO 'TARNISH' THE CELEBRATIONS OF THE 'HARI RAYA AIDIL FITRI', A MALAY/MUSLIM HOLY OCCASION! DON'T TELL US THEY DID NOT KNOW THAT EVERYTHING THAT CONCERNS THE RELIGION OF ISLAM IN THIS COUNTRY ARE UNDER THE PATRONAGE OF THE DYMM YANG DIPERTUAN? AND DON'T TELL US THAT THEY WANT TO CLAIM THIS 'SACRED' LAND OF THE MALAYS AS THEIR FATHERS' LAND TOO.

KEPADA SAUDARA2 MELAYU/MUSLIM KAMI DALAM UMNO KAMI KATAKAN, SINGKIRKAN PETUALANG BANGSA DAN AGAMA. DAN KEPADA SELURUH UMAT MELAYU/MUSLIM, SEDAR LAH DIRI SEBELUM TERLAMBAT. JANGAN DINANTI HINGGA SAAT TANAH PUSAKA NENEK MOYANG KITA TERGADAI.

BUANG YANG KERUH DAN AMBIL YANG JERNIH.

Assalamualaikum! Ayahanda Tun & Bonda Hasmah

Tidak terlambat rasanya saya untuk mengucapkan Selamat Hari Raya. Maaf juga kerana tidak berkesempatan menghadiri majlis terbuka Tun tempoh hari. Harap Tun sekeluarga telah pun menjamah biskut keluaran sendiri saya (hamper) yang telah dikirimkan melalui pejabat Tun di Putrajaya.

WAHAI AHLI AHLI PEMIMPIN.

Saya amat bersetuju dengan apa yang diperkatakan oleh Tun. Kami rakyat Malaysia inginkan perubahan yang menyakinkan dengan berasaskan Tun sebagai tulang belakang parti. Keyakinan rakyat akan mula dilihat sebaik saja titik perubahan ini berlaku disamping pertumbuhan ekonomi yang mantap, para pelabur akan balik meriahkan pasaran. Maka sepatutnya MT haruslah bersatu hati agar proses ini tidak berlarutan atau tertangguh. SEDARLAH WAHAI PEMIMPIN letaklah perjuangan ini untuk agama dan bangsa. Tidak kemana perginya rezeki masing-masing jika jujur pada diri sendiri. Tidak perlu bodek membodek atau terikut ikut nafsu atau kerana menjaga airmuka. Kejujuran itu terletak pada keimanan, kelak nanti di akhirat juga akan dipersoal. Biarlah dalam menentukan masa depan untuk generasi hadapan maka balikhlah pada kehendak rakyat. Siapakah anda sebelum ini. Cubalahlah muhasabahkan diri, berilah laluan kepada orang lain tidak semestinya yang baru tu tidak berpontensi. Allah telah menjanjikan bahawa semua perkara atau masalah jika berlandaskan Al Quran dan Al Sunnah maka jadilah ia zaman kegemilangan baik dari segi segala-galanya termasuk ekonomi dunia sejagat.

Tepuk dada tanya selera kenapa terlalu sukar kita untuk bersatu hati. Memberi idea tidak semestinya dia musuh kita walaupun ia akan mengugat kedudukan kita. Janganlah cela-mencela sesama kita. Jadikan aje sebagai iktibar walaupun pahit untuk ditelan. Kita akan mengakhiri hidup ini dengan kematian tapi tinggallah ia dengan tamadun yang berwawasan untuk nak cucu kita. Kekayaan hanya di dunia tapi kekayaan yang nyata ditimbangan akhirat.

Salam dari Njs

Assalamualaikum,

Saya sangat setuju apabila beberapa pemimpin seperti Zahid Hamidi, Ali Rustam dan beberapa pemimpin telah menawarkan diri untuk bertanding jawatan timbalan presiden UMNO.

Walaupun setakat ini yang telah menawarkan diri tersebut langsung tidak mempunyai ketokohan, tidak menonjol, malah sebelum ini langsung tidak nampak sumbangan dan kebolehan untuk memperkukuhkan UMNO dan BN terutamanya seperti Zahid Hamidi, apa lagi Ali Rustam dan beberapa lagi yang bakal membuat kenyataan..

Tetapi dengan calon-calon ibarat 'BARANG PASAR MALAM' yang telah menawarkan diri mereka ini lebih awal sebelum Pak Lah membuat pengumuman, sekurang-kurangnya dapat memberi SIGNAL dan tekanan kepada Pak Lah bahawa mereka mahukan jawatan Presiden dikosongkan dan diberi laluan kepada timbalannya.

Walau apapun diharapkan calon yang lebih berwibawa akan menawarkan diri untuk bertanding timbalan presiden. Tunggu dan lihat.....

Salam Aidil Fitri Tun,

Pak Lah's accomplished mission for the last three months:

1. Minyak diturunkan 2 kali, dan mencipta rekod sebagai satu-satunya PM Malaysia yang pernah dan paling banyak kali menurunkan harga minyak.
2. Meningkatkan majoriti PKR di Permatang Pauh (dari segi Geografinya, menyempadani Kepala Batas, kawasan Pak Lah sendiri dan Tasik Gelugor).
3. Seorang individu telah "ter"tahan di bawah ISA, atas faktor keselamatan diri individu terbabit. Peribahasa baru telah tercipta, iaitu "Tangkap Muat ISA".
4. Menghantar seorang anak Yatim, di dalam bulan Ramadan yang mulia, untuk berucap mewakili Malaysia di Perhimpunan Agung PBB.
5. Cuba mencipta rekod baru, iaitu 2008 "Tahun Tanpa Perhimpunan Agung UMNO".
6. Satu-satunya Menteri Kewangan yang menyerahkan jawatan secara sukarela, selepas membentangkan belanjawan di Parlimen. Perbahasan selepas ini "aku boleh cuci tangan". Bayangkan, banyak mana masa yang akan dibuang lagi oleh Menteri Kewangan II bila menjawab nanti (hari tu dah minta maaf dah, sebab dah ambil masa menteri lain)
7. Mencipta ranking tertinggi, sebagai ucapan Hari Raya yang paling popular (banyak kali diulang tayang di TV..... syahdunya..... berdua dengan isteri barunya pulak tu).
8. Setelah tidur agak panjang, dalam tempoh 3 bulan lepas, masa tidur Pak Lah telah dipendekkan dengan mendadak. Dan kalaupun tidur, tidurnya pun dah tak lena macam dulu. Sekejap terbayang Anwar Ibrahim angkat sumpah sebagai PM. Sekejap terbayang Ku Li. Sekejap terbayang Najib. Permohonan Pak Lah agar Anwar Ibrahim bersumpah, telah dimakbulkan Tuhan. Gelaran Pak Lahzzzzzz tidak lagi relevan.
9. Berjaya menggerakkan satu pasukan Ahli Parlimen yang bermotivasi tinggi, kerana sanggup pergi ke bumi Formosa, dengan membelanjakan wang poket sendiri, hanya untuk belajar ber"cuci tanam" dan menternak. Kalau seorang Ahli Parlimen membawa satu idea baru, bayangkan jika lebih dari 4 pasukan bola sepak. Idea bernas Pak Lah ini juga amat disenangi oleh Tian Chua (Zainudin Maidin versi baru), menyebabkan Tian Chua dan pasukannya sanggup mengekori (ibarat orang bercinta, taufan sanggup ditempuhi).
10. Cukuplah 9 Accomplished Mission. On average, 3 accomplished mission for the past 3 months. Not bad for the shortest serviced PM.

Tun, we could expect more mission to be accomplished for the extra 3 month..... maybe another RM800M + RM500M from Jambatan II Pulau Pinang new contractor (after UEM being terminated).

Salam. Mission Accomplished

You've got to be an idiot or a moron or an idiotic moron to believe his excuse (I won't use the word reason cos' thats puting it in a positive light) for buying time. As you said, can't accomplish ANYTHING in 5 years, whats 3 months!!! He says what he does best, make a mockery of himself...never have we had a national leader where the rakyat have no hesitance calling him a LIAR openly! Sounds more like trying to seal unfinished business on a personal basis, for himself and cronies and perhaps cover all tracks leading to them for any eventual opening cans of worms.....??!!

I respect your comment when asked about your re-joining UMNO, what about those who left with you....thats a real leader!
Still the best Malaysia has ever had, and because you have become the benchmark, in my life time I'll be lucky if we ever have anyone close to you!

Assalamaualaikum wrb Tun.

Eid Mubarak to you and your family.

We have had enough of BN for 51 years and whatever you say and do is not going to rehabilitate BN. The rot is too deep and I do not want to be unkind to you. Only Allah swt can help you. It is time that BN goes for a 4 year holiday (after Anwar succeeds with the crossover) and during this period a special

rehabilitation programme be started for all the BN component parties. Major rehabilitation is required for UMNO and they must be told to stop to be greedy. The wealth in Malaysia belongs to all and UMNO should stop robbing the rakyat's money.

All UMNO politicians should return the wealth they stole from the rakyat and be given back to the rakyat. There will be no more poverty in Malaysia. I can go on and on. May Allah SWT bring peace and UMNO be turned into United Muslim National Organisation. Leaders must be able to behave like MUSLIMS first and MALAYS later. If this does not happen UMNO will be HISTORY, Insha Allah.

So our Dear Tun, the rehabilitation for UMNO has to start with UNITED MALAY NATIONAL ORGANISATION become UNITED MUSLIM NATIONAL ORGANISATION.

May Allah SWT guide all the Muslims in UMNO to realise that they are all MUSLIMS first. Our Prophet Mohamed SAW has condemned RACIAL fanaticism which is the PRIMARY objective of UMNO at this point in time.

Wassalam

As'salamualaikum Ayahanda Tun..

Firstly, sedih bila baca tentang geng-geng chedet yg dapat berhari raya, bersalaman & bergambar di rumah terbuka Ayahanda semalam.. Nak pergi sangat tapi tak tahu jalan nak kesana.. Nak naik teksi takut nak balik nanti susah nak dapat teksi semula..

Pelik juga dengan M.T dan ahli-ahli UMNO yang takut sangat dengan Pak Lah & the gang ni.. Yang ramai (ahli umno) cukup kecut dengan beberapa kerat orang-orang yang dangkal dan bodoh sombong dalam parti.. Biar je la apa dia orang nak buat.. Kena bohong hidup-hidup pun tak apa.. Lebih-lebih mengadu itu ini kat Ayahanda Tun..

Senang cerita Ayahanda pun ramai penyokong kuat jadi apa kata Ayahanda tubuhkan pula UMNO SERBA BARU sebagaimana Ayahanda telah tubuhkan UMNO baru dulu.. Saya rasa ahli UMNO yang sedia ada sekarang pun akan tinggalkan UMNO korup berkurap Pak Lah ni.. Tu sajalah cara yang nampaknya boleh ubah keadaan dan kembalikan kegemilangan slogan WAWASAN 2020..

Kalau rasa Proton Saga dah tak relevan lagi kita tukarlah dengan Proton Perdana pula asalkan ianya masih Proton..

thanx for the jamuan hari raya. cant we observe something here? if pak lah is sincere to give up the post to najib, he would do that today. but leaving with condition asking for some more times, seems like paklah is having "something" which is yet to be settled.

Salam Tun,

Our islamic teaching taught us when make a "promise" one have the ultimate obligation to fulfilled it no matter how hard and bitter it may be, or he or she will be consider as "munafik".

We shall see on whether AAB is a man of his word or he is just buying time with Malaysian FUTURE AT STAKE.

And one other thing we ALL should work cohesively to REGROUP,RESTRATEGIZE & REINVENT new MALAYSIA for us,our children and the next generations, we have the POWER to make it happen, lets take the BULL BY IT HORN and decide our FATE.

By the way Tun, me and wife missed your Open house yesterday, hope to meet both TUN'S in future function.

Dear Tun,

the next 3-6 months is only to wrap up all his uncomplished work so people will think and say that DSAAB completely hand over the PM sea to the new UMNO and BN leader....

For me it is so stupid of him to make such a statement. As you said, he has been given 5 years to proof what his worth but none accomplish. Now he wants 3 more months to prepare the exit statement before resigning (as if he would step down)...

Wha a liar of our current PM..... we have been robbed infront of our own nose....

Today market share drops another 20 points... our economy is shrinking towards the end because of this stupid PM.....

Whoever took the PM's seat in the nearest future must be facing a lot of issues to strengthen back our economy.

I just can pray for the best and good luck for our new PM....

Regards.

Dear Tun,

I think its not too late to wish u and your family SELAMAT HARI RAYA.

Tun,

its quite doubtful when Dolah hand-picked Najib as Malaysia's next PM..saya amat ragu-ragu dengan keupayaan Najib..(dulu saya merupakan peminat kepimpinan Najib) but Dolah dan Najib sendiri telah membogelkan 'keupayaan sebenar' Najib..

Yg nyata beliau amat lemah dan takut bersuara..saya juga tak pasti Najib akan menjadi PM.Ini kerana Dolah nyata tidak jujur dan tidak ikhlas didalam 'pelan peralihan kuasa' ciptaan beliau...kalau beliau ikhlas,mengapa perlu bertangguh dan masih hendak test market??

Dear Tun Mahathir Sir,

I had the wonderful opportunity to meet you for the first time in my life, at your Hari Raya open house.

Thank you for signing my copy of the book "The Malay Dilemma".

it seems this book will still be relevant despite being written almost 40 years ago.

As a Singapore Malay, I am inspired by you. I will work hard and I hope Bangsa Melayu will gain self-respect just like the other races of the world.

Thank you for your hospitality at the open house, may God Bless You Sir!

Dearest Tun,

Salam & Selamat Hari Raya to your goodself and everyone at home.

I do believed that BN has already become a redundant party as of for now,in a way, it has become a general liabilities to our Beautiful Malaysia to progress steadfastly onwards in this no mans world anymore.

Whats more, could they do, as individuals parties. Seem's like every man for himself, having only their own's agenda on their mind. It can be seen thru, with all this respective party's head, going head on with their own expectation, which are very precarious.

And, i also do believed, that we have already come to a cross road, whereby, weather to stride along with the same lingo to nowhere or a total revival with a different administration. At least, there is a "Hope" still around for the rakyat to embark on.

End of the day, which were better, "Malaysianization" or hanging onto with racialism divide. A downfall of most countries.

Thanks for now.

Assalamualaikum Tun

Komen saya.

1. Pak Lah kalau cakap A, sebenarnya B
2. Pengurusan Pak Lah amat lemah terutamanya dalam menguruskan Malaysia
3. Khairy Jamaluddin adalah orang disebalik Pak Lah.. dialah yang buat keputusan. termasuk presidency election ni. adalah keputusan Khairy Jam.
4. Saya tak faham sangat politik ni.. tapi dok tengok2 ada banyak faktor yang akan menjadikan UMNO hilang dalam kenangan
5. Saya lebih suka Tun kembali ke UMNO dan tanding balik kerusi president dan jadi PM balik.

selamat Tun

Salam hormat & sayang buat Tun sekeluarga

Firstly, you have such a wonderful heart to have us Malaysians for your Raya open house. Thank you so much. I would like to let you know i was counting the days to bring my family to your open house. My eldest daughter envied me so much that i have few photos taken with you. (she bragged to her friends in school) she was so hoping that she too could have photo with you during the open house. My main reason to your open house, MERELY to have my children to have photo with you. Hubby and i prior to that, prepared the kids with lunch, we fed them well so that they won't be hungry when they reach your house, as i said our reason only to bring our children and my maid to have the honour to meet both of you, Tun&wife.

It was a great moment to be with my children queuing with other people, just to see you in person and shake hand with you. I was admiring your guests, Malaysians who love you so much. We was there from 2.30pm (half an hour in a queue) until 4.30pm, i was just admiring how people really have respect and love towards you. It was raining very heavily at 3pm, yet these people with their umbrellas, patiently in line queueing to see you. It was such a beautiful scenery i have ever seen in my life. It really touched my heart. I could relate how much my love, my respect and my support towards you, so do these people....

It was really a beautiful moment for us, worth waiting & worth queueing...

Wish you Selamat Aidilfitri... Semoga Allah panjangkan umur Tun, berkati Tun & family sentiasa, jauhkan Tun daripada orang yang berhasad dengki & fitnah.

Saya sentiasa menghargai jasa Tun selama-lama ini.

Y.A.Bhg Ayahanda Tun,

I share the agony with the rest of all you "frustrated Malaysians" with DSAAB administration including some of his current choice of cabinet line up...from bad to worst...The longer he stays...more stupid things he creates...

My dear fellow Malaysians, as we all understands...we may screamed our guts out each day...but...To DSAAB...it will just be like "another day another \$"...like nothing happens...HE IS MAKING UP EXCUSES

TO STAY...He's not going to achieved anything by staying for another 3 more months...Its not possible!!!!...he knows it well...

Look...he has done nothing in the past!!! ask ourselves what has he done to make things better now?....UMNO and its component party will no longer be relevant by the time he steps down....the whole world is looking at him playing drama with all Malaysians...I bet you he will not make any move to step down so soon...I am looking at June 2010 as plan!!!!...something is cooking guys....hate to think that way....leave me no choice of words...

My dearest & beloved Tun...what can we all Malaysians do to make things better?...it gives me the chill just thinking about the wrong moves he would make...

Anyway, me and family was at your OPEN HOUSE....unfortunately....we manage to snap a few of you & Tun Siti pictures from a distance as the crowd was humungous...Dato' Mukhriz was there...snap a couple pix with him...thank you so much to you and family...We all love you...TUN.

I share the frustratrations with all Malaysians regardless of race, religion, ethnicity...

Assalamualaikum Tun,

Sudahlah Tun, mengapa Tun mengajak raayat membenci Dato' Seri Abdullah Ahmad Badawi. Apa dosa dia pada Tun, sehingga Tun teramat sangat benci. Kalau DSAAB tak kota janji, Tun pun pernah mungkir janji. Kalau DSAAB salah pilih pemimpin, Tun pun sama juga.

Antara punca kelemahan pada pimpinan sekarang ialah kita semua tidak memberi sokongan padu pada mereka. Masing masing ada agenda tersendiri dan tidak ikhlas dalam memberi pandangan. Tun pernah kata DS Najib adalah pemimpin lebih baik daripada DSAAB. Apa jaminan Tun ?.

Terbukti, banyak juga keputusan penting yang Tun buat tidak tepat, ada tersasar juga. Oleh itu, hentikanlah perbuatan Tun yang terus menerus mengkritik DSAAB. Jika tuduhan Tun ada yang tidak tepat, Tun telah membuat kesalahan dan berdosa pula kepada DSAAB dan orang ramai juga turut terlibat bersamanya. Tun pernah membuat tuduhan salah keatas DSAAB satu ketika dulu.

Berikanlah yang nasihat baik kepada generasi muda agar hormat pemimpin.

Salam Tun,

Abdullah ni gila kuasa Tun. Kepimpinan dia ni tak lebih dari retorik je dari mula sampai sekarang. Tak de apa apa pun pembangunan. Malah nak maintain Putrajaya pun tak mampu. Yang dia tahu ubahsuai Sri Perdana sampai berjuta-juta.

Rakyat dah tersangat bosan melayan penyakit Abdullah ni.

Kami nak Persana Menteri baru. Kalau boleh nak Tun balik.

Setidak-tidaknya 50% dari apa yang Tun ada dah cukup untuk jadi PM Malaysia.

Setakat orang macam Abdullah ni, rasanya semua rakyat Malaysia yang ada kelulusan SPM dah boleh bersaing dengan dia.

Saya sokong PAU diadakan pada Disember ini.

i must give you credit for your past achievements. if you were still in premiership, you would be able to suppress all the unnecessary chaos and come out a victor nevertheless under any circumstances.

you will be able to convince your ministers with all the benefits they will rip if they allow you to stay in power.

you will rally for the people's support with an all out justification frenzy designed to make them come to your side.

you will be capable of all the wealth to be given to the majority as a reward with you and your ministers taking a bigger churn of it.

they will be happy, and you will be happy.

all's well and end's well.

Salam tun,

Pertama kalinya, saya berharap mesyuarat agung umno kali ini akan melihatkan berlakunya satu barisan kepimpinan yang betul betul mantap dan menjadi pemimpin untuk bangsa sendiri bukan poket sendiri.

Tidak kira siapa sekali yang akan memimpin walaupun ada calon seperti Dato Nur Jazlan, yg bukan sekalipun seorang MT menawarkan diri ianya sepatutnya diterima sebagai satu barisan kepimpinan yg akan membawa hala tuju dan bukannya perubahan.

Kita tidak mahu perubahan kita mahukan hala tuju sebenar kemana ahli umno dan bangsa melayu akan dibawa selepas mesyuarat agung umno selepas ini.

Mengapa kita hebohkan dengan perubahan kerna perlukan kepimpinan baru,tidak ada apa yg perlu diubahkan umno, kita mahu orang melayu dibawa ketempat yg lebih selesa baik dari segi sosio ekonomi mahupun pendidikan, pembasmian kemiskinan, taraf kehidupan yg lebih baik, supaya orang melayu dapat hidup untuk hidup dinegaranya dengan aman dengan pemimpin yg akan membawa hala tuju yg benar dan seikhlasnya.

Dear Tun,

Who is your favourite candidates to occupy the top two posts in the supreme council? Will UMNO able to govern and take charge when other component parties already have sour grape with the former. How to garner their support when Ketuanan Melayu championed by UMNO has given impression to non-malays about their "sidelined" political status in Malaysia, so to speak. Then come PKR giving alternative platform to race-based politics, which seems to please a big segment of the non-malay. Simply put, who ever wins the top post will have to face this daunting task. I really hope our leaders read views from all walks of life and put their ears close to the ground if they want to have a reality check about what is going on down there.

Good evening Honorable Tun,

Happy Hari Raya to Tun & Family, may God bless Tun & Family.

I think our current PM did a lot of things over the past 5 years such as below;

- 1) Petrol increased by RM0.78.
- 2) Rice pricing increased.
- 3) Our Kedah has rice for 3 wks??
- 4) Tenaga increase by 50%?
- 5) fluctuation increased.
- 6) LCCT taxi fare increased.
- 7) RM exchange rate dropped.
- 8) Bursa saham diahreaa.
- 9) Politic party from Sabah left BN.
- 10) Gerakan also think of leaving BN?
- 11) Bukit Bendera UMNO members played racial cards.
- 12) Subsidised petrol by giving rebate.
- 13) Income tax favors the Rakyat??
- 14) Local council putting parking meter every where.
- 15) Highway operators said reduced tol fee???
- 16) Bar council debate racial cards.
- 17) Who is the real PM, KJ??
- 18) Rakyat suffer...

From what I see, Rakyat is suffering yet, still those smart members still not doing anything??? try to recover everything, within 3 months. Unless miracle happen??

Thank you & regards,

Tun,

My wife and I are fans of your blog. We for the first time in our life attended a rumah terbuka of any kind. of course not for the food but just to meet u in person.

I was humbled by your mediocre home. before reaching your home i saw much grandeur and impressive looking mansions suit for kings. i heard and read earlier had you had "accumulated wealth" of sizeable amount now i seriously doubt what i read. i took the liberty to do a self tour around you house and noticed paku pakis (fern) growing quite well in your gutter. that is the sign that the gutter was not properly aligned i.e bad maintenance. some roof tiles were being shoddily replaced with not the same colour of material. May be you do have the money but just couldn't be bothered.

Anyway, we do hope you keep writing, eventhough not all are true but your way of expressing your idea is superbly brilliant.

Salam Tun,

Terlebih dahulu Selamat Hari Raya Aidil Fitri kepada Tun dan keluarga.

Jika beliau benar hendak berundur, tidak perlu penangguhan ini. Saya bersetuju dengan Tun, beliau tidak akan buat pengumuman berundur.

By othmanzainal on October 6, 2008 10:18 PM

Salam Sejahtera dan Selamat Hari Raya Tun dan keluarga.

Penangguhan Perhimpunan Agong UMNO ke bulan Mac '09 adalah satu langkah yang amat kurang bijak dari kalangan pemimpin UMNO.

Penangguhan ini mungkin untuk memberi ruang kepada DSAAB agar dapat berundur dengan cara yang terbaik dan tidak merosak kan imej beliau sebagai pemimpin nombor satu. Atau, penangguhan ini juga mungkin sekadar taktik bagi meredakan tekanan yang di hadapi oleh DSAAB dari kalangan Ahli Majlis Tertinggi UMNO dan secara tidak langsung berusaha untuk mengembalikan sokongan dari akar umbi oleh penyokong-penyokong beliau melalui Mesyuarat Bahagian yang di jadualkan bermula pada 10 oktober ini.

Sekiranya ini berlaku, maka riwayat UMNO akan tiba di penghujungnya. UMNO yang sebelum ini menerajui parti parti komponen BN yang lain tidak akan dapat memainkan peranan sebagai tulang belakang BN malah tidak di hormati dan amat mudah di perlekeh kan.

Sekarang inipun, parti parti komponen yang lain sudah berani menuding jari kepada UMNO di atas kekalahan besar PRU yang lalu. Perkara yang sedemikian tidak pernah berlaku dahulu. UMNO satu satu nya parti orang Melayu, satu satu nya parti yang memberi kuasa kepada orang Melayu sudah tidak di hormati lagi.

Ini adalah disebabkan sikap sesetengah pemimpin pemimpin UMNO yang sudah lupa akan perjuangan parti sebenar, sikap mementingkan diri sendiri sehingga sanggup menggadai kan maruah diri.

Amalan politik wang yang amat berleluasa dengan sendiri nya merosakkan UMNO, sikap pemimpin pemimpin UMNO yang tamak haluba dan tidak mempunyai karisma sebagai seorang pemimpin yang sebenar menamatkan terus langkah UMNO yang sudah sediada nya longlai.

UMNO perlu di beri nafas baru, perlu di bersihkan. Perletakan jawatan oleh DSAAB, sekiranya berlaku, tidak dapat mengembalikan keyakinan rakyat terhadap UMNO. Kelemahan kepimpinan DSAAB bukanlah satu satu nya faktor kejatuhan UMNO, tetapi sikap buruk dan kelemahan pemimpin pemimpin UMNO secara kolektif itu sendiri yang merosakkan UMNO. Rakyat sudah tidak yakin dengan UMNO, malah rata rata ahli ahli UMNO sendiri pun sudah tawar hati dan berpaling tadah.

Usaha perlu di lakukan untuk menarik balik mereka mereka ini, kepimpinan sekarang tidak nampak boleh melakukannya.

UMNO perlu di bentuk semula, sikap berpuak puak dan mempunyai lain lain pasukan semasa pemilihan parti perlu di elakkan. Tradisi cantas mencantas di dalam parti perlu di hindari. Biarlah pemilihan berjalan secara telus melalui proses demokrasi, tanpa melibatkan wang. Dengan ini maka ramai yang berminat menyertai UMNO, galakan perlu di beri kepada golongan golongan profesional dan cerdik pandai melayu. Kerana mereka mereka ini lah yang akan membentuk UMNO baru.

Wassalam

Selamat Hari Raya & salam Aidilfitri untuk semua,

Tun yang dihormati...

Saya kadang-kadang meluat dengan sikap segelintir orang kita yang asyik mengutuk Pak Lah. Tindakan seperti ini tidak akan menguntungkan orang-orang UMNO(BN) itu sendiri, malah dengan hanya menyalahkan orang lain kita tidak akan dapat menyelesaikan banyak masalah. Sepanjang pentadbiran Pak Lah saya akui sedikit sebanyak telah menjejaskan kehidupan rakyat keseluruhannya. Saya percaya UMNO(BN) hanya akan diterima rakyat selepas ini sekiranya mereka berjaya melonjakkan kekuatan ekonomi keparas yang lebih baik tanpa kesan inflasi seperti sekarang. Kepimpinan UMNO(BN) perlu ditukar secara menyeluruh. Sesiapa yang dilantik sebagai barisan kepimpinan negara adalah mereka yang telah disemak kepentingan mereka dalam apa-apa perniagaan. Saya berpendapat demikian apabila penglibatan mana-mana ahli politik dalam soal ini adalah amat sukar untuk penjawat awam untuk melaksanakan tugas mereka dengan baik. Kepimpinan kerajaan adalah punca kepincangan tugas pejawat awam keseluruhannya kerana mereka ini adalah jentera kerajaan. Kenaikan harga minyak tidak

sepatutnya berlaku kepada rakyat sendiri tetapi sepatutnya dilakukan kepada orang luar sepertimana yang dilakukan oleh negara jiran Brunei dengan menyediakan stesen pam minyak khas sambil merekod data kemasukan mereka. Maka kita tidak perlu bimbang bahawa subsidi kerajaan mengalir keluar. Saya juga kadang-kadang terfikir bagaimana sebuah negara pengeluar minyak sawit terbesar seperti negara kita boleh kekurangan bahan tersebut malah harga naik mendadak pula. Jawapan kepada soalan ini adalah penglibatan ahli politik secara langsung dalam perniagaan tersebut. Contohnya Singapura dalam menangani situasi ini. Contoh kedua bagaimana sebuah negara seperti Brunei yang tidak menanam padi tetapi boleh menjual harga beras wangi siam dengan harga 12.50 dolar Brunei jauh lebih murah jika dibandingkan dengan harga beras Malaysia. Wahai ahli UMNO(BN) carilah pemimpin yang benar-benar berkorban untuk rakyat kalau tidak, rakyat rakyatlah yang menentu siapa pilihan mereka untuk negara tercinta ini.

By matazeroone on October 6, 2008 10:46 PM

YAB Tun, Malaysia is in dire need of a leader. Sadly I have not seen anyone of your calibre to lead our beloved country since you retired: you were well respected both nationally and internationally. Those who respected you were sincere about it (including your "enemies"). Would you consider coming back ? Not UMNO please. Maybe you should consider forming a non-racial-biased party. Lead all Malaysians regardless of race. Your comments please.

Assalamu'alaikum Tun Dr.

Bila bercakap tentang senario politik sekarang, rasa perkataan mencarut, sumpah seranah, maki keji takkan kurang dan takkan lekang baik dari mulut orang ramai yang prihatin, mahupun dari mulut saya yang celupar ini.

Tun, saya orang kampung, tapi saya belajar guna internet.

Tun, saya orang kampung, saya nak kemajuan negara dan kestabilan negara.

Tun, saya orang kampung, tapi saya tak bercakap pasal politik hari-hari.

Sekarang saya makan nasi, politik. Saya mandi, politik. Saya nak tidor atas katil dengan isteri pun, politik. Sudahnya hidup sekarang sekelumit pun politik. Apa kena dengan negara milik orang Melayu ni?

Dulu hidup kita aman, Cina salam Melayu, Melayu salam India, India hormat semua, Cina hormat semua, Melayu hormat sama.

Dulu takde pun nak provok, tikam belakang, naik sepanduk, bawak muka idola. Sebab masa tu semua tau garis panduan, kekangan dan sempadan memasing.

Sekarang? Semua nak jadi champion. India nak jadi champion orang India, Cina nak jadi champion golongan liberal, Melayu nak jadi champion kapitalis.

Siapa nak jadi champion orang kampung macam saya? Takde dah. Sekarang saya dah tak mampu beli ayam. Saya nak beli daging pun, bersukat, pasal saya takde harta. Mana harta saya? Kroni kepada kroni Pak Lah dah sapu. Kroni MB dah sapu. Kroni MB dengan kroni Pak Lah bergaduh nak sapu harta saya. Saya nak sapu harta sapa pulak? Indon dan Bangla dah masuk, ikut kroni, sapu jugak harta saya. Saya nak balik raya, tak mampu, semua benda naik harga, harga mengampu pun naik. Saya nak guna harta saya nak perang rasuah, sebab kita semua kena perang rasuah. Tapi saya terpaksa guna harta saya sebagai rasuah demi nak mendapatkan sedikit keperluan mengisi perut anak anak saya, anak anak bangsa Melayu yang saya kesiankan.

Apa harta saya?

Harta saya ialah Tanah Melayu yang digadaikan oleh orang Melayu yang menabur janji nak menjaga orang Melayu, menegakkan hak dan pegangan orang Melayu dan memastikan kesinambungan serta kelestarian Melayu. Harta saya ialah maruah orang Melayu yang semakin dilupuskan oleh orang Melayu demi untuk perut, tembolok, tekak, pundi dan usus sendiri sampai mati.

Tun.... apa bezanya Pak Lah dengan Najib? Kalau dipilih pun atas lesser damage. Dengarlah cakap orang kampung macam saya ni. Buanglah semua yang busuk bermula dari kepala, siang sisiknya yang menjarah politik demi kenyang anak bini. apa erti UMNO pada orang Melayu beragama Islam lagi? Kesiankan kami ini.

Maafilah kalau saya orang kampung cakap camni dalam blog Tun Dr. Pasal kalau saya cakap camni kat

1. Serahkan KemKew dan ambilalih Kementah, kata PM ini proses serah kuasa. Rupa2nya nak sedapkan hati DS Najib (DSN) dan ahli UMNO saja. Tapi sebenarnya nak korek rahsia DSN untuk mengaibkan DSN jika DSN mencabar PM untuk jawatan presiden UMNO. Itulah sebabnya serah/terima kementerian berkaitan dibuat dengan tergesa2, supaya DSN tak sempat nak sorok rahsia. Katanya dah jumpa dah... DSN pula terlalu ghairah nak jadi PM hingga lupa helah PM. Pertukaran jawatan ini sangat penting bagi PM, walaupun sekejap. Sebenarnya rancangan ini adalah dari KJ.

2. Mula2 PM harapkan DSN tidak sabar dan umumkan segera untuk mencabar PM untuk jawatan presiden UMNO, walaupun sudah ramai yg buat gesaan supaya PM berundur segera. Apabila didapati DSN masih menyepi, maka tarikh Perhimpinan Agung UMNO (PAU) ditunda supaya DSN hilang kesabaran dan dalam masa yg sama masih terus mengorek rahsia DSN di Kementah.

3. Dalam pada itu, PM akan menilai siapa yang bakal berentap bagi jawatan Timbalan Presiden UMNO (TPU). Jika terdapat ada regunya (kemungkinan sudah ada, Zahid dan Ali rastam), barulah PM akan umumkan akan pertahankan jawatan Pres UMNO. Maka DSN tiada pilihan melainkan merebut jawatan TPU. Sama ada mencabar atau tidak, apabila sampai waktunya, keaiban DSN akan disebar. Mula2 dengan kertas layang, dan kemudian mungkin dengan buku "50 dalil mengapa DSN tidak layak jadi PM". PM tidak akan mengambil bahagian secara langsung atas penyebaran ini. Sudah tentu ada kumpulan yg telah ditaja untuk membuat desakan supaya DSN berundur. Demikianlah tamatnya politik DSN yg saya pasti lebih aib dari DSAI.

4. Oleh kerana saya orang Pahang, saya cadangkan supaya DSN bersedia dari sekarang dengan bukti2 termasuk yg berkaitan dengan KJ. Pilihan yang ada dan utama ialah DSN terpaksa mencabar jawatan Pres UMNO. Jika ada KuLi turut mencabar, buatlah MOU dengan KuLi. Biar KuLi menang, asalkan DSAAB tewas. Saya lebih rela Kuli jadi Pres UMNO. Dalam masa yg sama, DSN hendaklah berkempen untuk Datuk Mukhriz untuk menjadi KP UMNO. Bak kata pepatah Melayu "alang2 berdakwat, biar hitam".

5. Menteri yg masih anak dara didapati menyebelahi DSAAB. Jika beliau menjadi KW UMNO, maka ramai perwakilan wanita dijangka mmengundi DSAAB. Dalam hal ini saya tiada cadangan untuk DSN.

Maaf YABhg Tun.. emosi sedikit

Wassalam... Pesara tentera.

Tun M, there you go again!

You seem to take a savage pleasure in lambasting, condemning, being cynical and hitting below the belt at Pak Lah. You seem to be suffering from some morbid itch to attack the PM all the time without any rhyme or reason. We all know the real reasons for your eccentric and disgusting behaviour!

God is watching from above and He will judge people according to their deeds!

Sir, FYI, the IMF's articles, clearly states that M'sia or any other member country cannot use the Gold standard. If you cannot fix the price of your currency in relation to gold then you effectively cannot revert to the gold standard – see below.

ARTICLES OF AGREEMENT; IMF

Section 12. Other operations and transactions

(a) The Fund shall be guided in all its policies and decisions under this Section by the objectives set forth in Article VIII, Section 7 and by the objective of avoiding the "management of the price," or the "establishment of a fixed price, in the gold market."

Salam Tun,

At a time like this, Malaysia needs a pragmatic, brilliant and able Prime Minister. Pak Lah has none of the above. He should resign now and give the reign to somebody else. Forgive me Tun, the only one that I could think of is only you. Maybe Tengku Razaleigh?. Below is the breaking news by Sky TV (UK) just a few minutes ago.

The FTSE 100 index of leading UK shares has suffered its biggest one-day fall since the 1987 crash amid the deepening global financial crisis.

Dow Jones fell after steep declines worldwide

At one stage, the FTSE was down nearly 9%. It closed down 391 points or 7.85%.

The fall comes as shares plunged worldwide, including the Dow Jones industrial average of leading US stocks which fell below the 10,000 mark for the first time in four years.

The sharp drop came amid growing fears that the global financial crisis may be deeper than first thought.

The Dow Jones fell around 4% in early trading.

Investors were spooked by signs of escalating problems among European banks after Germany's fourth-biggest bank had to be rescued over the weekend.

This was followed by the news that over 1,300 jobs are to go at two UK firms.

Seven hundred and fifty are being cut by Focus DIY and 600 by car parts supplier LSUK.

Also, the Icelandic government is putting together a rescue plan for its financial system as the Krona fell by a fifth against the Euro in a month.

There are also fears that the \$700bn US bank bail-out package would not be enough to stem the global financial crisis.

Among the biggest UK fallers were Halifax Bank Of Scotland (20%) and Royal Bank of Scotland (20%), and Barclays (15%).

Europe's Banking Crisis

CMC Markets analyst James Hughes said: "I've never seen anything like this. What we are seeing over the last few weeks is a once in a lifetime event."

Fresh turmoil at several European banks came alongside reports that the Treasury could step in to prop up struggling UK banks with taxpayers' cash.

Analysts warned that public stakes in banks - while offering some security - could result in existing shareholders being diluted.

Japan's Nikkei index tumbled 4.25% as it closed at a four-and-a-half year low.

Hong Kong's Hang Seng index slid 5%. Markets in mainland China, Australia, South Korea, India, Singapore and Thailand also fell sharply.

Russia's benchmark stock exchange suffered its biggest-ever one-day loss, closing down 18.6%.

In an effort to keep credit flowing, Japan's central bank pumped emergency funds into the short-term money market for a 14th straight business day. It poured in one trillion yen.

Congress has now passed bail-out plan

Investors dumped shares after the Dow Jones in the US fell sharply on Friday, despite US congressional approval of the \$700bn bail-out.

Dealers said the declines reflected worries that the plan would not be a remedy for the economic and banking woes in the US.

As the US-born financial crisis takes a stronger grip in Europe, BNP Paribas announced that it was taking control of ailing financial group Fortis's operations in Belgium and Luxembourg.

The leaders of France, Germany, Italy and Britain vowed over the weekend to protect fragile banks but did not discuss a European financial rescue package.

Markets were looking ahead to a meeting of finance chiefs from the Group of Seven rich nations on Friday.

Dealers said many are waiting for any announcements on co-ordinated action like liquidity injections or interest rate cuts.

Salam TUN,

Dalam comment saya terdahulu mengenai keadaan ekonomi AS yang kini memperlihatkan kejatuhan Pasaran Bebas dan bank yang muflis di negara itu bakal mempengaruhi negara lain di Asia termasuk juga negara kita Malaysia sedikit sebanyak merancakkan lagi isu-isu ekonomi secara global dan pastinya AAB seperti yang dijangkakan akan sering mengelak daripada dipersalahkan sekiranya MALAYSIA tidak mampu mengharungi arus perubahan itu seperti dilakukan oleh TUN dahulu maka dengan itu AAB memberikan tugas beliau sebagai Menteri Kewangan kepada Najib dan beliau pula nanti akan mempunyai masa menyelamatkan diri sebagai PM memikirkan kaedah-kaedah melanjutkan Jawatan PM. Itu sebahagian daripada rumusan saya yang agak cetek tapi cukup melihat kelicikan PAK LAH cuba melengah-lengahkan peralihan kuasa dengan permainan politiknya.

Siapakah yang tidak BIJAK melihat di sebalik penundaan tersebut kerana ianya cukup JELAS apabila AAB dibelasah oleh rakan2 dalam MT untuk mempercepatkan peralihan kuasa maka atas ketidaksediaannya menerima tamparan itu AAB atas kuasa budi bicara memutuskan penundaan sehingga ke bulan Mac 2009 dan sudah pasti masa itu akan digunakan oleh AAB memantapkan sedikit sebanyak kedudukannya yang sangat DIBENCI oleh sebilangan besar rakyat MALAYSIA sendiri sebagai PM. Pak Lah BAPA PEMBOHONG dan semoga segala pembangunan yang dibawa olehnya dihalalkan untuk RAKYAT jika ada.. KORIDOR nak buat.. NTAH LAH PAK.. Tak yah ler nak buat yang lebih besar dari yang TUN dah buat untuk rakyat selama ni.. Cukup la, duduk ja dengan BINI baru kat KORIDOR

sendiri..

Salam Tun,

Saya setuju dengan komen Osane. DSAAB akan menggunakan apa cara untuk kekalkam kuasanya dan menjahanamkan negara ini asalkan dia berkuasa. Entahlah agaknya dia rela negara tergadai asalkan dia memerintah. Saya teringat cerita P Ramlee...Laksamana Do Re Mi. Negara punah terbakar tetapi raja masih duduk di takhta dan menganggap dia masih memerintah walaupun negara telah jadi padang pasir dan tidak berpenghuni. Dalam cerita tu apa yang nak diperintah pon tak tahu. Bila P Ramlee datang dengan kawan-kawannya diminta menyelamatkan anak gadis nya yang ditawan oleh Menteri Pasola (arwah Hussein Abu Hassan). Pak Lah nak tunggu laksamana mana yeh nak selamatkan kroninya? hehehehehe saya tak tahu siapa pengarahnya dan bagaimana endingnya cerita Pak lah ni.

Saya ingin sekali lihat kalau benar Pak Lah sangka dia popular saya nak sangat kalau boleh dia buka blog begini. May be dia sibuk dan tak mampu menulis seperti TUN. Cuma kalau dia berani buatlah saluran yang boleh rakyat menyatakan hasrat direct kepada nya. Rakyat dah nyatakan dalam PRU 12 dia kata bukan dia....orang lain. Populariti dia menurun dia kata bukan dia. Inflasi naik mendadak pon bukan dia. Tah apa yang dia ngaku buat ntah. Koridor dia kata dia buat tapi tak nampak pon. Entahlah Dia kata dia banyak kerja nak buat tapi ada orang amek gambar dia tengah tidur. Dia kata kerja kuat bersama saya.....tak nampak beza pon Malaysia ni maju selepas dia ambil alih.

Saya tidak akan mengundi UMNO lagi dah sekiranya UMNO bahagian masih bersetuju Paklah tunda ke Mac 09 dan Pak Lah masih berkuasa. Apa yang saya nak kata ialah jgn salahkan saya tapi salahkan Pak lah kerana dia penyebabnya!! Dia patut sedar kalau dia sanggup hancurkan Malaysia ini dari awal dan ahli UMNO masih bersetuju dia sebagai Presiden jangan salahkan orang Melayu bila kekalahan UMNO pada PRU13. Saya sayangkan Melayu. Tapi apa guna saya sayangkannya sekiranya pemimpinnya tidak sayangkannya?? Renung2kan bersama.

Selamat Hari Raya Adilfitri to Tun and family

I really wish I could attend your open house, bersalam with you and your wife, perhaps snap few photos to hang at my home wall but staying so far up north, I'll have to take a rain check.

Pak Lah said that he needs 3-4 more months because he wants to finish his job making things right but what has he done for the past 4-5 months post election?

Like most, my support for the ruling government has deteriorated tremendously over the past five year, mainly due to many many factors. Tops is AAB indecisiveness, flip-flop decisions or worse no decisions. When big crucial matter arises why is it always his subordinates giving comments instead of himself taking charge. Where is he and What is he doing? Why is he so incompetent? The nation is in crisis and he always says "saya ada banyak kerja nak buat" and so on but people see nothing come out of it. Now whenever he speaks, I just mute the sound because I don't feel he has any substance to tell.

Tun, you certainly will go down in Malaysia's history as the best PM and I wonder when there will be a PM like you to lead the country. When the legendary P Ramlee died some 30 years plus ago, we're still

longing for his replacement, as in the song "Dimanakan ku cari ganti".

And as for the worst PM, I think the answer is self-evident. Pak Lah, Please, please, please Pak Lah, the rakyat has spoken. It's a real pity and out of anger and frustrations, far too many nasty words have been thrown out to Pak Lah and for Tun and readers sake I would'nt cite examples here but in short, people are just fed up and sick to the bone of our current PM. To layman like me it is clear that AAB must go ASAP, and if he still has some dignity in him, he will retire honorably the sooner the better for the survival of this country.

Tun, I wish you all the best and do keep on writing to keep us informed and inspired. Selamat Hari Raya and my best regards to you and your family and most of all, take care Tun, your health especially.

asalamualaikum Tun yg budiman.....tak guna nak tangguh sampai 3 bln lagi,saya bukan lah ahli politik,bukan ahli umno,tapi sebagai seorang pengundi,DSAAB tak banyak yg boleh dbuatnya yg boleh membawa perubahan terutama level sederhana apatah lagi yg miskin.makin lama 'taming sari' ditangan beliau makin teruk keadaan negara kita ini.berita jam 8pm tadi...hindraf menuntut supaya Syed Hamid Albar memohon maaf kpd mereka,kita semua tahu kenapa!saya fikir Malaysia bukan lagi seperti Tun memegang 'taming sari' dulu.makin hari,bulan..makin porak peranda pula,seolah-olah kita sebagai org melayu,pula seperti menumpang di negara sendiri.....kita org melayu,kita lah tuan di negara tercinta ini! tak perlu nak meminta maaf kpd sesiapa pun.bukannya nak membangkitkan isu-isu perkauman,tetapi kadangkala membuatkan kita naik 'panas' dengan keadaan sekarang kerana mereka ini terlalu 'demanding'.mereka harus sedar,mereka tinggal dimana?!sejarah menunjukkan,bahawa Tanah Melayu ini,Melayu lah penduduk asal (bumiputra),kena lah hormat 'tuan' punya tanah.....kalau begini lah berterusan,nescaya hilang lah 'keistimewaan & hak-hak org melayu'...apa lagi yg ada untuk cucu-cicit kita masa hadapan.umno yg dikatakan mempertahankan hak-hak org melayu juga semakin lemah...wahai Pak Lah,serahkan lah 'taming sari' itu kpd org yg lebih layak.....turun lah dari kerusi empuk mu dgn cara gentleman...segera lah Tun 'masuk' kedalam memperbetulkan keadaan. KEKELIRUAN KECELARUAN

Itulah yang dihidang untuk kita senario politik di Malaysia kini.

Terlampau banyak tangan-tangan yang kononnya ingin memperjuangkan agenda tertentu. Pemerintah, pembangkang, melayu, PAS, Anwar, India, HINDRAF, MIC, mamak, MTUC, Cina, MCA, Gerakan, DAP, Suqiu, press, photo, bloggers, atlit, artis, Raja, hakim, lawyer, banduan sehingga penjenayah sekalipun nakkan bersuara sampaikan kita semua naik celaru dan keliru apa yang berlaku sebenarnya, apa yang kita mahu, termasuklah yang bersuara tersebut.

Without meaning to sound overly mean, the reasons given by Abdullah Badawi to justify the three-month delay would insult the intelligence of a mental retard - if the said retard had been following the developments in Umno and Malaysia.

However, the delay was still approved!
This means one of three things:

- (1) The Supreme Council members are of even less intelligence than the quoted mental retard
- (2) The members either don't fully understand the seriousness of the situation confronting Umno and the country
- (3) The members place the interests of Umno and Malaysia below that "of some others"

Whatever it is, those people who had acceded to the wishes of Dollah Badawi and Najib shouldn't have been given the trust and honour as had been bestowed upon them.

These members should have been "the check-and-balance mechanism" within Umno - of putting their foot down when the top leaders seem to deviate from the party's interests. Unfortunately, except for a few, the rest are merely "seat warmers" and useless bums - enjoying the lofty view and basking in the limelight while contributing nothing.

Let us just install some Bangladeshi migrant workers in their place instead. These Banglas would just sit there grinning and nodding throughout the meetings; and enjoy the tea and karipap afterwards. What is so different about that as compared to what most of our SC members have been performing so far?
By Ahmad Zaki IsmailAuthor Profile Page on October 7, 2008 1:57 AM

Assalamualaikum Tun,

Like many people I am also disappointed by the postponement of the UMNO general assembly. There is indeed a hidden agenda of Pak Lah, perhaps it is Petronas. Unfortunately, there is not a lot ordinary people like me can do but pray. One thing I hope will change is that any corruption discovered during this dark period of Malaysian history will be dealt with as it should be and that those responsible will be charged for any crimes. Let it not be as it has in the past and such acts are forgotten and even forgiven. Any 'tak apa... biarlah' attitude must end. If not then the tide will not be stemmed and those in power will continue to be corrupt. Do none of these leaders believe in the afterlife? Do none of them think of the sins they are committing? It is indeed embarrassing for a Muslim nation.

Lastly, Tun, It was a pleasure to see you at the Putrajaya Mosque last friday after prayers. It was a happy moment for me and my son. Selamat Hari Raya to you and your entire family, may Allah preserve you all in good health and peace of mind.
By harimaukumbang on October 7, 2008 2:17 AM

hail Tun..

you see, when someone retired from the government,he can opt to work in another paths or ways like writing books, being an advisor in certain faction giving some contribution, helping his son in law in politics or whatever you want to say...Like you,after your retirement, you were elected as the petronas advisor.for us, that is quite a position seeing petronas as one of leading global OnG company. thing is, is abdullah may or may not plan something for his retirement? or maybe he is reluctant to step down because of the position you hold as the petronas advisor? of course he is nothing to compare against you because you are the founder of petronas...so,is the petronas advisor position is specifically for a retired prime minister? for a man so corrupt like him,being a scomi advisor is enough to self-destructing them..or being a ketua kampung is just as precise isnt it,Tun? at least he is qualified though..

By Mudah on October 7, 2008 3:43 AM

Dearest Tun,

There have been just too many 'indications' for Pak Lah to consider stepping down and pass the button to someone else! To name a few; the poor result in PRU12 with the loss of another 4 states to the opposition, the reluctance of component party's heads in joining the Cabinet, voices from UMNO grassroots asking him to step down earliest possible, voices of 'some' MT Members on the need to expedite the hand-over and the latest being the 'disrespect' Hindraf members at PWTC!! Pak Lah's heart has simply been so blind!

As for the latest incident at PWTC, I sincerely hope that it is not repeated. The open house was in conjunction with the Hari Raya celebration, the day we Muslims celebrated the success in carrying out our religious duty. Again I hope that would be the first and the last as it was much more than the 'racialism' issue that anyone can mingle around with! Anyway, in the first place, such an incident would not have taken place should the issue had been sorted out as soon as it appeared!

There had been talks about some MT and Cabinet members that had depended Pak Lah and insisted that he should hang on. To me these are the real culprits!! They talk about the need for UMNO members to love the party and willing enough to sacrifice, without accepting the fact they are the ones, especially the President, to show their love to the party and readily to sacrifice in one way or another... simply because they are the ones who have got almost all if not everything!! To that Tun.. you deserve our utmost respect!

Pak Lah is a leader who does not have the merit in telling the truth and fulfilling promises. Just couldn't accept the fact that a so called 'mr. clean' and said to be religious too, to have lost them all in so short a period. In term of 'kebijaksanaan', he has hardly 25% of yours Tun! I wonder if any of the rest has 30!

The best contribution that Pak Lah can offer now is by stepping down! Otherwise, he will only make all UMNO and BN leaders as 'fools'. To that, I feel it is timely for all UNMO and BN members to voice out loud.. 'Pak Lah, you must step down now!!!!' and believe me, the same goes to all those 'culprits'!

If only that we could have you to be reappointed as the next PM and to start with, in rebuilding our confidence as proud Malaysians. That, I'm sure you can do within 3 months..the same period Pak Lah took for us to have lost it!!!

God willing.. you will be.. one way or another..as you are the truest Malaysian the country has ever had!

We are counting on you Sir!

May Allah's blessing be with you and Tun Dr. Siiti Hasmah all the way through. Inshaallah.

Wassallam.

Salam Tun,

Tak sabar nak tunggu March 2009 (Kenapa March ye? Takut pula satu malapetaka BESAR pulak akan berlaku seperti March 2008? - takut pula nombor 13 akan jadi satu tanda SIAL lagi dalam SEJARAH NEGARA - Nauzubillah) - Kenapa PakLah berani bermain dengan nombor SIAL tu ye? Bukan nak percaya nombor tu bawa SIAL, tapi terbukti ianya ramai orang tak suka - apatah lagi Mat Salih dan orang Cina. Thanks GOD and thanks my MOM, I was born 2 days before the black 13 May 1969.

Kalau dapat cepat, lagi bagus. Tak payah nak tunggu 13/03/09, semua nak ganjil. Kata nak Hadhari kan Islam? Islam apa tu? Ngarut orang tua tu, Islam hanya ada SATU, dalam Islam tu memang dah ada lebih dari Hadhari. Ngarut PakLah noooo!

Khairi Jamaluddin.... selepas ni orang akan ludahkan muka dia! Kalau setakat kepandaian yang tak seberapa yang dimiliki oleh Khairy Jamaluddin, dia tak boleh dapat bertahan selepas 7 tahun pak mertuanya turun takhta. Mungkin dia dapat bertahan lama sikit kot, jika menjalankan kerja2 HARAM seperti jadi MAT POW, atau jadi GANGSTRER KUTIP TOL. Atau dia akan dapat lebih sikit jika SEMUA tanah kat REMBAU ditukar atas nama beliau sendiri. Apa punya budak KJ ni? Kalau ada 10 macam KJ, terlungkup dan jahanam MALAYSIA. Jangan dia dok berangan nak jadi Ketua Pemuda, ramai ahli UMNO tak suka dia. Dia menang kat REMBAU pun atas undi-undi POS!

Semoga ALLAH bukakan hati PakLah supaya diSEGERAKAN turun takhta (tak yah nak tunggu March 2009) agar dosa-dosa kami dapat dikurangkan daripada melakukan mengumpat ini. Amin

Semoga Ayahanda sekeluarga dan semua peminat Tun sihat hendaknya, Amin.

Dear Dr. M,

"4. I may be biased but I do not think these are the reasons he wants to stay on as Prime Minister three months longer."

I agree with you. PakLah merely seeks a graceful exit from his disastrous dabbling in politics. His Islam Hadhari along with his experiments in governance prove to be a critical failure in the name of democratic reforms. Naturally PakLah tries his best at playing spin doctor but Malaysians are not fooled by his excuses.

The Dec general assembly should not be postponed. The longer we wait for the outcome, the more havoc our political scenario becomes.

However the postponement has served many aspiring UMNO politicians. They seek this opportunity to negotiate, plan, conceptualize and coordinate their positions, so as to be able to reap the bounties of political connections. I am sure money-politics will be an ongoing problem, as it seems to be a traditional practice in preparation for those who seek/share the power to rule.

But I am sure PakLah has other things on his mind.

I am confident he will do everything in his power to erase the stigma that associates itself with his legendary name.

Assalamualaikum w.b.t Ayahanda Tun dan isteri,

Saya nak sangat bersalaman dengan Ayahanda Tun dan isteri pada hari terbuka rumah Ayahanda Tun baru2 ini tapi tak berkesempatan. Anyway, saya mohon ampun dan maaf sekali lagi sekiranya ada salah dan silap dari saya. Buat apa nak tangguhkan sampai mac kalau masih nak pertahankan jawatan Presiden UMNO? Be a gentleman utk pertahankan jawatan tersebut pada Disember 08 ni. Napa nak mintak tangguh melainkan ada agenda-agenda yang tertentu. Mungkin nak memaksa DS Najib melawan bosnya dan memperlihatkan kepada rakyat yang DS Najib adalah pemimpin yang tak setia. Cukup-cukuplah duit rakyat yang tak digunakan dengan berhemah dan memaksa kakitangan berbelanja berhemah, bagilah can orang lain pulak jadi PM. Sejarah telah membuktikan bahawa seorang pemimpin yang lemah akan merosakkan negara dan memecahbelahkan perpaduan di antara rakyatnya.

Kesianlah rakyat ni yang menderita sebab dapat PM yang macam ni.

I agree the UMNO General Assembly should not be postponed and delayed. Three months different is not making any different to the party and country at all. It's just giving more space for people like Anwar to find way to create chaos.

Wish you are still our PM. Love you and Tun Siti alwayz.

P.S

Saya bersyukur sangat dapat jumpa Tun di rumah terbuka Tun. Walau pun terpaksa jalan sebab 'train' lambat sampai tapi semuanya terbayar bila dapat cium tangan Tun berdua dan ambil gambar.

SEMOGA TUN DIBERI KESIHATAN YANG BAIK DAN DALAM PELIHARAAN ALLAH YANG MAHA ESA. Dari perbualan saya dengan tetamu lain, ramai yang sayang sangat Tun.

salam tun,

saya sakit hati mengenangkan Pak Lah menangani kes Hindraf.. apa istimewanya Hindraf apa lembeknya Pak Lah menangani kes melampau Hindraf!!! Pak Lah sekarang lagi menghancurkan perpaduan negara bukan begini caranya... contohilah zaman Tun dahulu dalam kes Memali, Al Arqam.. Hapuskan segera sebelum membara!!! Puak Pelampau tidak seharusnya bermahajarela...

3 bulan untuk selesaikan semua?? jangan harapLah!!Saya amat setuju dengan pendapat Tun. Negara kita dalam kehancuran!! bertindaklah segera!! bukannya setiap bulan dihitung! sekarang, setiap saat dihitung!!

By ark on October 7, 2008 8:25 AM

Tun yang saya kagumi,

A'kum wbt..

Semakin hari, kelemahan Pak Lah semakin menonjol dan menunjukkan kebodohan yang amat ketara. Ulasan mengenai Hindraf semasa rumah terbuka di PWTC mengambil masa sehingga 3 hari. Ulasan pun seperti orang yang tidak berpengetahuan, macam tidak layak utk menjadi Perdana Menteri atau memang tak layak.

3 bulan nak selesai macam-macam masalah hal negara, tak masuk akal, tapi pak-pak menteri masih tak boleh pikiaq. Tunggu apa lagi, pakatlah hai pak-pak menteri, buat satu keputusan demi negara, takut nanti habuk pun tarak... Anwar sedang menunggu peluang dan ruang yang masih ada dalam masa 3 bulan nie.

Pak Lah ada strategi yang semua orang tak dapat membaca helahnya, pelbagai kemungkinan yang ada utk melemahkan UMNO dan Barisan Nasional, itulah strategi Pak Lah.

Mulanya Jun 2010 kemudian Mac 2009 dan lepas tu apa lagi... pelbagai kemungkinan yang menghampakan rakyat Malaysia...

"Selamat Hari Raya" & Selamat Berpuasa Enam kpd Tun dan Isteri, semoga diberi petunjuk dan hidayah.

Hidup Tunnnnn

Assalammualaikum wbt Tun Dr Mahathir,

Why pak Lah is asking extension for another three months?

1. He wants to renovate Seri Perdana for Najib.
2. He got a lot of things to pack up.
3. He wanted to shake hand with as many as possible with all Malaysian.
4. He got some overseas trip that he need to attend.
5. He wants to open account in Swiss Bank.

The reasons by him to look into poverty, his corridor projects, his Islam Hadhari Buletin and so on are merely a weak and ridiculous reasons men has ever created. To my surprise Dato Najib and Co can agreed to this proposal. Are they mad or half insane?

By the way, if Pak Lah really announces his resignation, all UMNO Branches should hold a doa selamat since 'duri dalam daging' been pulled out. But if he refuse to do so, we all know that UMNO will split further. It is a dawn day!

Dear Tun,

First of all, saya ucapkan Selamat Hari Raya dan Maaf jika ada kesalahan saya pada Tun sekeluarga.

Amat menyedihkan jika manusia membutakan mata dan memekakkan telinga pada isyarat-isyarat jelas yang diberikan untuk berundur. Apa agaknya yang cuba dicapai? Bukankah jawatan itu satu amanah yang akan dipertanggungjawabkan sepenuhnya dikemudian hari. Sekarang makin ramai yang menawarkan diri untuk memegang jawatan tertinggi dalam kerajaan. Apakah mereka ini sedar risiko yang diambil? Silap-silap memilih untuk menghancurkan diri sendiri serta keluarga ke dalam neraka jahanam.

Semuga Allah swt memelihara Malaysia dari musibah yang lebih besar di masa hadapan kerana gagal memilih pemimpin yang benar-benar ingin berkhidmat kerana Allah, bangsa dan Negara.

Tun, please take care of your health. We still want you to be around for years to come.

Assalamualaikum YABhg Tun dan Bonda Tun Hasmah.

Salam Aidil Fitri.....Maaf Zahir dan Batin.

Sy bersyukur kerana dapat menatap Tun berdua di majlis rumah terbuka Tun tempoh hari. Alhamdulillah sihat walafiat Tun berdua. Jutaan terima kasih atas kesudian Tun berdua meluangkan masa bersama rakyat yang berpusu-pusu menunggu untuk bersalaman dgn Tun. Jutaan terima kasih atas layanan mesra Tun berdua dan sy juga ingin menyampaikan salam kasih daripada adik-adik sy kepada Tun berdua.

Berbalik kepada penulisan Tun kali ini, entahlah dah tak larat nk fikir apalah nk jadi kepada UMNO. Kami orang bawahan memahami penyakit dalaman UMNO ni walaupun tak bersekolah tinggi (semangat je tinggi). Kalau dah MT pun tak ada taring dan kudrat (agaknye le) apa lagi kami diperingkat bawah. Jgnlah bila keadaan dah meruncing baru nk bertindak. Orang dibawah melihat je gelagat mereka, bila dah bosan senang je kami ada pilihan. DSAAB ni tak tau nk ubat penyakit dan tak memahami punca penyakit yang dihadapi. Macam mana nk pulihkan keadaan dalam tempoh 3 bln? Sy berharap DSAAB boleh faham petua ini dari kami orang kampung. Orang tua-tua kata kalau ada bisul kena buang keluar ibu atau matanya, kalau tidak bisul tu cepat merebak jadi teruk dan menyebabkan keracunan darah yang boleh membawa maut. Dalam ertikata lain berundurlah cara terhormat sebelum dipaksa berundur. Jagalah maruah dengan cara terpuji sebelum terlambat. jgn sampai didesak dan santak baru nk berundur. YABhg Tun.....s kami berdoa agar TUN berdua sihat walafiat untuk melihat pemulihan dalam UMNO dan UMNO bertambah kuat. Kami juga berharap Datuk Mukhriz diangkat menjadi Ketua Pemuda. MT patut tahu bila nk gunapakai ULTIMATUM keatas DSAAB dan KJ. Akar umbi hanya melihat je buat masa ini. Sesal dulu pendapatan sesal kemudian tanggung le lepas ni.

Salam kembali buat YABhg Tun Berdua. Wassalam.

EOT (extension of time),

helo Tun,

Selamat Hari Raya, May God Bless U n Fmly....

Pak lah need EOT, he didn't concern that he will bring the BN down..

BN aspecially comiti UMNO should brave to make a decision.. brave to say n brave to kick out useless leader.. this type of leader will make malaysia go down..

Tq Tun...that is my opinion...people around u always appreciate u...

By HRG on October 7, 2008 11:46 AM

Dear Tun,

What you wrote is absolutely correct. Five years past, the country is getting worst, expect us to believe he can make changes with a twist of the magic vane or something. The present ministers following a idiotic

leader has become zombies. They talk about Tun's "non significant" failures but never mentioned the number of great achievements Tun did for the country. Wish you are back at the helm to steer us through.
By nawawimohamad on October 7, 2008 11:53 AM

The postponement was due to several reasons.

The current administration and its associates need to have enough time to make good or make simple amendments to any wrong doing that could haunt them when a new team come into power. This includes closing all deals.

There is also hope that things could become better and absolve the need for the PM to step down. God forbid maybe Najib, Anwar or Tengku Razaliegh will die in an accident. Maybe some renegade security personnels are willing to die for the PM to create a scenario that will force the situation to ensure that the PM stays in power. There could be change of hearts. The stock market could be better and the oil price could go lower and ease the situation.

Maybe the PM has started to consult the police on the actual support especially amongst the silent majority and the police needs time to evaluate the situation for the PM.

Being a slow thinker and a slow decision maker, the PM has yet to decide on what he wants to do and where he wants to go upon retirement.

Malaysia, like all third world countries are under the US influence if not control. The Malaysian government is also waiting for the outcome of the US presidential election and the next US President has some crucial say in who should be the next Prime Minister of Malaysia.

Ayahanda Tun... banyak sangat kerja Abdullah Syah yang belum selesai... semua alasan lapuknya... "kerosakan yang banyak dibuat" kami RAKYAT MALAYSIA TAK BOLEH TOLAK ANSUR LAGI...Sepatutnya apa2 keputusan dari PM tapi DIA arahkan MENTERI LAIN JAWAP...: seperti perumpamaan sepatutnya beliau : " Kumbang Jarak Kumbang Jarum Berani Buat Berani Tanggung "

Selamat Hari Raya Tun,

Rasa sangat bertuah boleh memberi komen untuk tatapan Tun dan yang mengikuti blog nie. Kengkadang tertawa, termarah dan tersedih pun ada bila membaca komen dan komplain semuanya. Ternyata tempat ni sesuai benar dijadikan tempat meluahkan kemarahan, kegembiraan dan kesedihan. Saya yakin semua yang melayari blog ini semestinya rindu zaman pemerintahan yang dulu..yang OK jer...benda kecil tak masuk paper sebab Pemimpin Negara sibuk dengan hal yang lagi besar..tentang pembangunan...Kan? sekarang ni paper pun terpaksa cari benda kecil untuk jual akhbar..sebab tak tahu nak cakap apa pasal Pemimpin kat atas tue..selain peperangan masing-masing yang tak bolehlah pula nak sentuh sangat..silap aribulan kena sue lagi..kan? tak pun masuk ISA..

Hmm..Tun,

saya paham kenapa Tun marah sangat sampai tulisan pun pedas-pedas..kami yang duduk nak menikmati kebahagiaan kalau boleh... pun terasa ini kan pula Tun yang berusaha sepanjang masa mudanya untuk negara ini....kalau bagi share Malaysia ni dengan Tun out of 22/51..memang 40 % lebih Tun yang punya...kalau saham lah..mesti harusnya suara tu patut didengar kan?

Entah kenapalah jadi masa ni di tengah kegawatan ekonomi dunia...siapalah nak selamatkan negara ni kalau meka semua sibuk ajer nak jaga tempat duduk masing-masing...ntah ada masa ke takda tengok berita ekonomi jatuh nie...

Ok Tun, saya gembira baca semua yang datang Open house Tun gembira semuanya...:) Saya pun tumpang gembira...Walaupun tak pernah melihat Tun life...teringin juga..tapi di hati tetap ikhlas ingat Tun dan kisah kalau ada apa-apa cakap pasal Tun..Tapi yelah kalau orang cakap tak baik pasal Tun pun entah kenapa masuk telinga kanan kuar telinga kiri..lalu ajer...tak masuk dalam hati ni...Cuba kalau yang sekarang ni..dengar jer name...dah berubah muka tu jadi masam...gitulah kira-kira rasa orang biasa

macam saya ni..tak suka politik pun sebenarnya..cuma memang suka Orang yang memang layak dihormati dan didengar dan belajar dari orang-orang macam Tun ni..
Ni saja coret-coret saya kali ni..semoga sihat selalu...dan jaga diri selalu..God Bless upon you and your family..tata..

Akum TUN dan semua

saya berpendapat beliau mempunyai agenda tersembunyi dan memang sudah makin jelas. Pengumuman Zaid Hamidi dan Ali Rustam sebagai Timbalan Presiden seakan2 salah satu strategi AAB dalam pencaturan politik beliau dan menantu. Dan kemungkinan AAB mengumumkan bertanding masih ada kemungkinannya.

Secara peribadi saya berpendapat Zaid hamidi bukan layak sebagai timbalan perdana menteri kerana mempunyai peribadi yang hampir sama dengan AAB dan anwara Ibrahim yang suka menonjolkan diri sebagai seorang beragama tapi realiti nya belum tentu. UMNO dan malaysia perlu pemimpin yang tulin bukan berselindung disebalik imej yang dicipta.

Ali Rustam pulak lebih ikhlas, tapi saya berpendapat beliau tidak mempunyai kebolehan yang sesuai untuk menjadi timbalan perdana menteri atau perdana menteri. Kebolehan beliau hampir sama dengan AAB.No vision and special leadership attributes.

Untuk memimpin malaysia sebagai sebuah negara yang majmuk kita memerlukan pemimpin yang mempunyai ciri kepimpinan yang berkebolehan tinggi dan diterima oleh semua kaum. Mesti mempunyai keberanian, vision dan mampu untuk mengangani krisis (TDM adalah contoh yang terbaik). Ciri2 seperti ini ada pada Ds Najib, TS Mahyudin dan Tg Razaleigh.

justeru itu saya merayu kepada perwakilan UMNO semua agar membuat pertimbangan yang sewajarnya sebelum memilih pemimpin kerana silap anda memilih maka UMNO akan hancur dan tidak dapat dipulihkan.

Saya hanya mampu berdoa dan mengundi dalam pilihanraya PRU 13.

Wassalam

Salam tun,

Thanks for the open house. Ni kali pertama saya jumpa dengan tun in person. sblm ni tgk kt tv je. Open house hari tu membolehkan saya menjenguk skit kehidupan tun. tak sangka semuanya serba sederhana. Mmg tak dinafikan, itulah hidup seorang negarawan yang terbilang. I think pak lah should just umumkan je yg die harus resign. Macam tun ckp, yg tun x percaya tu mmg betul. Sbb kalau org tu btol2 nak resign, die just resign je. Tak payah nak berteka teki.. Pak lah, name je byk penasihat...tp bile nak buat keputusan susah n berubah2.

Tun,

The best time for PM to quit is before December 2008 ends.3 months extra is probably to give some weight or advantage to K.It is now not so much important, what is crucial is someone must be committed to eradicate corruption to lead Malaysia.If not Pe Mi Pe Mi Tan Tu Juga.Salam.

By edmund chua on October 7, 2008 1:19 PM

Dear All,

Btw, i think we should compromise each other too. Since finally DSAB has already agree to step down. Why not compromise for another 3 more months only since that is his wish to sit for another 3 months. Trust that this is still the best solution for both parties. However i am not sure whether he should apologise for all the trouble he brings to the rakyat. The worst case.....when mentioned the word rakyat it looks like it means more to Pakatan Rakyat.....
By sizzer33 on October 7, 2008 2:16 PM

Greetings Tun,

I'm dissappointed with Malaysian leaders right now, from both sides. All can't keep their promise.

Dollah is just keeping open the wound until it gets infected..

While Anwar is attempting to clean the wound but forgot to bring antibiotic.

At this moment, everyone is sick of this political battle and just hope someone would just stick to their promise. The only real development i see now is in Penang, at least they're proposing plans of improving the city. Good or not, its something.

Just hope more states would start doing their work and stop effin around.

Selamat Hari Raya to all .
By Sir Taek Boon on October 7, 2008 2:54 PM

Salam,
now that everyone getting hyped-up about the transition plan and the election. I'm afraid the next leader chosen take his first 6 months to execute the last leader. That 6 months should be used to gain back support from the Rakyat.

Within 3 months, most of the development contract will be finalized.
By ventura on October 7, 2008 3:41 PM

Dear Tun,

I hope that your experience of being the ex Prime Minister is right in guessing that Pak Lah is trying his very mean to garner support at various divisional head. But there is also another end of the tail story. As a simple parabolic expression denotes, "Head Abdullah wins, Tail the people still lose". This goes about his changing of portfolio to the Defense Minister. Rumor has circulated amongst the people that Abdullah is already issue the letter of intent to purchase the Nuri helicopter in process. So the stepping down with immediate effect will not be possible. If he lost the support from the divisional head and gets the Nuri projection sales, parts and maintenance that about RM 250 million per year, he still wins.

If he gets the divisional support, the Nuri deal will on this is double bonus.

If he lost the divisional support and lost the Nuri deal as in the current process, he lost everything.

This game will come at the tax payer money. We the people of Malaysia win when the third scenario comes in effect. But the chance is very slim.

What Tun got to say about this?
By sha68 on October 7, 2008 3:55 PM

Salam Tun,

He will announce his decisions in a day or two, as a Malaysian I felt very shameful even to say out that he is our PM. What have he done for the last 5 years? I think he spend his dried brain of main 'Cinta' with his JINNY.

Why he need another 3 months ? Untuk menyudahkan apa yang di janjikan sebelum ini? Itu yang diucapkan nya setiap kali.....tapi adakah itu semua penting untuk rakyat dan negara sekarang ini.... NOBODY think so!!!

Apakah Islam yang kita anuti sekarang ini tidak betul,apa dia ingat dengan Islam Hadhari yg di perkenalkannya kita semua bleh masuk syurga bulat2? Tolong lah.....jangan duk melalut pak Lah. Bertaubat lah cepat-cepat. Agama Allah S.W.T hanya satu yakni ISLAM, tak disebut pun penambahan di belakang. Nabi Muhammad SAW hanya berjuang untuk ISLAM bukan ISLAM HADHARI.....

Rakyat dan Negara cuma mahu Pak Lah and famili berambus saje....itu lebih AFDAL....

Selalu saya ingatkan bahawa kita jangan rasa sedikit pun rasa dendam kerana walau pun sedikit sahaja rasa dendam maka segala tindak laku dan pemikiran hanya memikirkan dendam sahaja.Niat mesti baik tapi kalau nak berdendam sahaja saya syorkan pergilah ke Mekah dan buat amalan yang baik-baik supaya kita tidak akan dikenang sebagai pengkhianat
By dr nordin on October 7, 2008 4:45 PM

Ketika Tun turun dulu, Tun sendiri yang umumkan tanpa siapa sangka. hinggakan ramai yang merayu supaya jangan turun. Tun Hasmah, Mukhriz, Marina dan Mokhzani paling gembira bila Tun nak turun. Tapi Tun setuju tangguh dan memberikan tarikh yang exact untuk peralihan kuasa dan tak ubahpun tarikh tu. dan tak minta tangguh. Kalau boleh hari tu juga Tun nak turun. BN pun ketika itu banyak kerusi di Parlimen. Ekonomi pun kukuh. Sungguh gentleman Tun.

Berlainan dengan Pak Lah.

Semua orang dok tunggu bila dia nak turun. Tak ada orang pun merayu suruh jangan turun. Khairy, Kamaludin Jean lemah kepala lutut dan sedih minta Pak Lah jangan turun. Dia tak nak turun. Ramai yang suruh dia turun. Dia pula minta tangguh. Tangguh tempoh, tangguh perhimpunan UMNO. Esok dia jumpa komponen BN nak minta tangguh apa lagi. Kerusi BN kurang dari 2/3 di parlimen. Ekonomi teruk. Itu pun nak minta 3 bulan lagi. Belum sampai 3 bulan, kerusi BN pun hilang. Ekonomi makin teruk. Dia ingat dia Superman kot. 5 tahun tak leh buat. Ini kan pula 3 bulan.

Hakikatnya dia berat nak turun. Had Hari nya sebenarnya tiada Had kepada hari yang dia nak turun.

Kita perlu berhenti sebelum orang benci. Pegawai kerajaan juga harus contohi Tun. Janganlah asyik minta sambung kontrak lepas pencen. Ramai lagi pegawai bawahan yang layak dan boleh ambil alih. Orang lain pun nak merasa juga jadi bos. Janganlah pula sehingga kita mati dalam perkhidmatan pulak.

Terima kasih banyak kerana sudi bersalam dengan saya dan anak-anak di rumah ayahanda tempoh hari.

Tiada kata yang dapat saya gambarkan bagaimana gembiranya saya dapat bersalam dengan ayahanda berdua. Tak sedar air mata saya mengalir. Saya sungguh terharu. Hanya perkataan "Saya Sayang Tun" yang mampu saya ucapkan ketika bersalam dengan ayahanda.

Sebelum pulang, lama saya memerhatikan ayahanda berdua. Bagi saya, ahad lepas adalah hari yang paling bersejarah dalam hidup saya.

Mohon saya pada Allah moga Ayahanda berdua dipanjangkan usia, sihat dan insyaAllah dapat bersalam lagi di tahun hadapan. Amin.

SAYA SAYANG TUN

Pak Lah definitely has plan in his mind, probably have not got mutual agreement from the next elected PM. 3months is just buy time to salvage as much as possible, I don't know whetehr for his personal benefit or for the rakyat Malaysia.

By dl Kempita on October 7, 2008 8:04 PM

YBHG TUN,

200% setuju dengan pendapat Tun. Sepatutnya AAB sudah letak jawatan 4 tahun dulu. Sebaik saja ECM Libra dijual tanpa kelulusan? kepada KJ.

Apa pun pendirian yang akan diumumkan, semua perwakilan UMNO kemesyuarat Bahagian mesti sedar dan menggunakan kuasa yang ada untuk membuat pencalonan barisan kepimpinan baru dalam parti. Mesyuarat juga boleh mengusulkan supaya tarikh mesyuarat Agong parti dibuat pada bulan Disember 2008.

Setiap perwakilan wajib menetapkan pendirian. Tidak kira apa pun bentuk rayuan jika ada dari penjilat tangan AAB. Jangan jadikan bangsa sendiri sebagai batu galang. Menjadi pengkhianat kepada bangsa, ugama dan tanah tumpah darah diri sendiri. Para perwakilan jangan rendahkan maruah diri dengan rasuah yang berbagai rupa. Berdirilah dan berpendirian jati diri melayu tulin.

Kita tahu siapa yang patut dipilih. Pilihlah atas dasar untuk membela maruah diri, anak cucu, bangsa dan ugama. Jangan memilih dengan niat tersembunyi untuk kepentingan diri kerana keputusannya akan menghancurkan keseluruhan bangsa.

Ketepikan penjilat-penjilat tangan. Pengaut harta milik negara dan orang lain. Penyalak yang tidak tahu malu. Pelakon-pelakon opera.

Jangan selamkan tangan anda kedalam najis dan darah bangsa anda.

TUN, saya pasti TUN akan terus mengabdikan pemikiran untuk membela bangsa yang terhimpit parah, ugama yang sentiasa disanggah, menebus negara yang dijual dengan harga murah.

TDM

you are right - PM Abdullah would need more than 3 months to address some of the issues you've left behind. So I'd suggest instead of twisting the essence of his message, you let him get on with the task at hand?

Or do you have so much time in yours that you don't know what to do with it - then I'd suggest you get out

there and establish programs to eradicate poverty (and please let it not be like the last time where your administration lowered the poverty line which now results in an inaccurate statistics of the number of hard core poor, and poor in Malaysia).

Care to explain how your administration determined a wage earner who earns RM 540 weekly and feeds 5 people is not considered poor.

I'll let you personal assistants draft out a detailed response to this.

And if any of your gullible supporters think they have an answer, by all means say it. I hope it will only go to prove your supporters are blinded by their faith in you that they can't see the manipulator that you are.

Askum...

Slmt Hari Raya to Tun serta keluarga...

Mengenai paparan ttg kwibawaan PM kita kini..yup..saya admit..berbanding dgn Tun sbg PM sblm ini..jauh berbeza..dr segi handling ctuation tue ada kurang sedikit..As u can see the world economic growth dh kurang stabil..tempiasnya sluruh dunia..

Harga myk dijangka turun lagi bt thz month end..mcm mana nie? bit by bit turun? Mcm takde pandangan 10 thn ke hadapan..forecast tak cun..saya kecewa coz..skarang ni d smanjung...krisis pekauman sering dperdebatkn..mana tujuanya kita punya ksefahaman n unity? hlang slepas pak Lah ambil alih? there`s time a leader shud decide sumthing which mean to all but it works to all..

I salute Tun...y? every1 on..i mean around d world stunned coz we as small country can represent who we r n gv gud ideas for all unity..

I assume all Umno members we frustrated coz PM sendirik dunn hv pendirian yg tegas utk diri sendiri..

Bukan Pak Lah tak bagus..takde manusia yg sempurna tp adakala kita plu tegas & ada pdirian yg membuatkn smua org ikut telunjuk & yakin pd kita..Time almost up 4 him..nanti pyerahan kuasa PM kpd DS Najib..Takde org dpt tunai janji secepatnya...smua plu ksabaran..Other people which hv their own political thoughts r laughing at us now..

Juz harap smua nie dpt end n smua akan jd spt dlm keadaan Tun dulu,kalo tdak...kita akan gugur..smua akan gugur..jauh sribu jauh...

Apapn..kalo ada silap kata tue..minta maaf byk2..juz saya as Malaysian..yg vote a leader hanya ingin bkata utk smua...krn kita trust n hv faith we vote..

Salam Tun and Wife,

Selamat Hari Raya Aidil Fitri,

When I browsed through the comments I would definitely stop at the comments which did'nt initiate with Islamic phrases addressed to you such as Salam sejahtera,hello and etc. I presumed these comments

were written by Non-Muslims(most of the cases).

Their comments are based on actual happenings, logical arguments and sometimes a bit of emotional expressions. Words such as " you choose Pak Lah", " you have your time for 22 years as PM why did'nt you do it"and "give Pak Lah the chance" were frequently used.However there were some of these viewers who complimented your previous premiership.

Most malays who passed the comments seemed to concurred with your articles and flattered you with cheerful remarks.This remarks sometimes were repetative and in some cases we were taken by humorous and cynical statements.

Although you had make some clarification on certain matters that had stirred misconception especially amongst the non-malay with regard to meritocracy, social contracts, National Economic policy, legal reforms,pegging of Ringgit etc, the comments from the non malays seemed not to agree with your views.

My suggestion to you being the most successful PM of Malaysia who had put this country on the right track to Wawasan 2020 (Off track by Pak Lah)is to write an ARTICLE base on your wisdom and experience about elimination of discontentment among the the 3 races namely Malay, Chinese and Indian.Topics such as citizenship, business opportunities, Islam as the federal religion,Malay reserve lands, education, National economic policy and lastly to maintain stable Government like BN are the most preferred.. Not to forget just and peaceful society.

Regards.

Hello Tun,

Back now after Hari Raya & still very alert & active in Politics.I can only conclude that Pak lah is very indecisive.Deep down in his heart he would like to do his job well so as not to disappoint all Malaysians esp'y those who had voted for him,his UMNO supporters personal friends & family.Last but equally important is his wife.Sure he would like to show his wife that he can handle his job well so he can leave behind impressionable footprints on his path.Though the road is winding & steep he has to trudge on boldly without fear or favour.Well if my hubby is the PM I will say to him carry on & even go for the vote for Presidency.WHEN I saw Pak Lah smiling so confidently on TV, well that speaks everything.He does not look like he is losing support or feeling defeated.I believe we should all be fair to him even in the last months.After all many of us have never been in PM's shoes except for Tun.So Tun only can comment & criticise because I think Tun is the only one most qualified to do so among all of us. Tun, PLEASE do not forget that you chose Pak Lah to be your successor some yrs back & you were all praise for him. Hope Tun that you are not angry I mention this.

Obviously Pak Lah had procrastinated a lot so in his FINAL months he wants to carry out all those reforms.Well so help him God.If the UMNO members allow him to, with at least 58 nominations then he can sail smoothly to finalise his reforms that he had initiated & promised to do.So at the end of the day, M'sians will not condemn him for not doing this & that.Hope that Pak Lah & M'sians can go through this rough patch & come out happier & more confident abt their future.

Salam Tok Det & Malaysians,

I was reading the rejections of Mr. GW Bush, the US president in one of millions of website just now.

Looks like we are having the same situation here. The different is only the 'piece of artwork' committed by both Tok Lah and Bush. Whether it is a 'fine art' or 'rough sketches'. Other than that both are rejected by the people.

These are some of the comments jotted down by the Americans when they were asked by CNN: What do you want to hear from President Bush tonight about the financial crisis? which I think might have similarities to what Malaysians thought of Tok Lah.

1) Why would we want to listen to someone who has lied to us throughout his administration? Do you think he would tell you the truth now?

2) Absolutely nothing. There is no explanation or solution that he can possibly offer for not doing something sooner to have prevented this situation.

3) I really would like to never hear anything from George Bush again. He has no idea what he is talking about., and if he does you cannot trust him to really be honest with the american people. Just a short time ago all he had to say was that the economy was strong, or that the economy was on an upswing. And now he comes out with these dome and gloom press conferences.

4)I want to hear that he's stepping down right now, having finally come to the realization that he's totally useless, and he'll be handing the keys to the White House over to Obama.

5) I want to hear that he will have nothing to do with it in the future.

6) His resignation

7)I am so sorry I messed things up so bad for you and your grandchildren. I know it may be to late, and I know I will go down in the history books as the worst leader in US history, but I hope you don't mind if I just get out of the way and let more intelligent and more qualified people than I am get us out of the hole that I led us in.

Some of the comments maybe harsh but that's the reality! People are angry, devastated, dissatisfied, sad and disappointed. It's a normal reaction for people to said harsh things when they are uncontrollable.

As a Malaysian, we'll try to control still our harshness since it is not our cultures to condemn people badly. Criticism differ from condemnation.

But still, the conclusion is Tok Lah please don't be like Bush. We'll honor you if you can step down willingly. Please don't let the history catch you red-handed as the worst Prime Minister of Malaysia.

Assalamualaikum dan selamat malam tun yang sentiasa diingati.

Nampaknya situasi sekarang semakin genting untuk pak lah n UMNO sendiri. Pengumuman proksi2x paklah untuk bertanding jawatan TPU adalah amat mengecewakan dan saya pasti ramai juga merasakan perkara yang sama. Harapnya Tan Sri Muhyiddin akan melakukan kejutan dengan bertanding jawatan Presiden kerana itu yang terbaik demi survival UMNO dan bangsa melayu. Najib agak lemah n banyak rekod buruk. harapnya Tun dapat melakukan sesuatu dalam hal ini...

Kita masuk UMNO bukan nak jatuhkan pemimpin yang ada cuma kita beri peringatan bahawa kekurangan kerusi UMNO disebabkan faktor ahli itu sendiri.

Orang politik atau pegawai kerajaan yang amat payah nak berundur adalah kerana beberapa faktor. Faktor peribadi adalah kerana rasa tak cukup RM kerana bila berundur dan pencen pendapatan mereka hanya separuh saja. Apatah lagi yang mempunyai isteri lebih dari satu. Mereka menunggu tawaran jawatan seperti pengerusi, CEO, Senator, Menteri Mentor atau Naib Canselor (sekalipun mereka tak pernah mengajarpun) sebelum turun. Mereka sering mainkan alasan tak ada orang yang boleh ganti mereka. Sedangkan mereka pun enggan buat pelan penggantian walaupun mereka bercakap tentang pelan penggantian. Sebenarnya mereka tak mahu rahsia salah laku dan salah guna kuasa mereka terbongkar selepas bersara nanti. Mereka perlukan Golden Handshake yang tanpa had.

Faktor kedua adalah tekanan dari penyokong setia yang takut kehilangan tempat bergantung. Semasa bos mereka berkuasa, mereka jarang menolong rakyat, menghentam orang nombor dua dan menindas staf bawahan. Bila bos mereka berhenti, maka patah kakilah mereka.

Pemimpin atau pegawai kerajaan spt KSU, KP, Naib Canselor, Pengarah akan gunakan pelbagai alasan/helah untuk mereka disambung kontrak dan menyekat orang lain dari mengganti mereka. Mereka inilah Brown Noser yang terhandal. Apabila mereka disambung kontrak yang berlanjutan, maka mereka perlu sokong ahli politik untuk sambung juga. Mereka akan menyatakan sokongan supaya ahli politik itu disambung. Akhirnya ahli politik tetap pergi jua. KSU, KP, Naib Canselor dan Pengarah kontrak ini akan beralih pula kepada bos baru dan memujinya supaya dapat sambung lagi. Begitulah sehingga mereka akhirnya berjalan pakai tongkat. Sebagai ahli politik atau pegawai kerajaan kita haruslah menjadikan persaraan itu sebagai satu kemerdekaan. Tak perlu fikir lagi hal kerja. Boleh tumpu pada ibadat, boleh jogging atau main golf jaga kesihatan. Boleh menulis bagi Naib canselor. Boleh sampaikan ceramah membantu rakyat. Tak perlu sibuk lagi handle mesyuarat hari keluarga, KMK, QCC, Konvokesyen, rasmi sana rasmi sini. Malah rakyat lebih hormat kepada mereka yang bersara secara terhormat. Lebih buruk kalau terpaksa dibersarakan kerana didakwa kes di mahkamah dan ketika itu tak ada siapa nak percaya kita lagi. Jadi berhentilah sebelum orang benci kita. Bila dah didakwa, gratuity pun hilang dan wang pencen pun hilang.

Kiasan Pesanan saya adalah jangan sampai kaki kita ditarik turun. Amat sakit kalau kaki terseliuh. Kalau patah, lagilah teruk. Kena jalan pakai wheel chair atau tongkat atau lumpuh terus terbaring. Lihatlah Tun M, masih sihat, pandangannya masih bernas dan terus mendapat penghormatan ramai malah lebih ramai lagi berbanding ketika Tun M berkuasa. Sedangkan sekarang Tun M tak ada pun apa-apa kuasa.

Semoga Tun M dan Tun H panjang umur.

macam mana la agaknya pemimpin terbaik dan mendapat sokongan akar umbi bole berjaya dan memegang jawatan parti dan kerajaan KALAU semua undi dah dibeli dan diikat oleh paklah dan menantunya???

pemimpin peringkat bahagian semuanya pentingkan kedudukan diri sendiri dan hanya tunduk mengikut telunjuk paklah dan KJ (biarpun kata hati memberontak)
> tak bleh nak salahkan mereka jugak, dah lama bersusah payah nak dapatkan jawatan dan kemewahan dunia, takkan senang2 nak lepas dan bagi kat org lain pulak kan?? lebih baik ikut cakap je...janji diri dan keluarga sendiri selamat...

...ini pendirian standard org.2 melayu...biar bergolok bergadai harta, tanahair, bangsa, agama JANJI dunia menghormati aku....HIDUP MELAYU!!...yeah..

YABhg Tun,

Salam hormat. PM membuat keputusan selepas Mesyuarat Khas MT bahawa pelan peralihan kuasa dipercepatkan setelah didesak dan beliau akan membuat pengumuman samaada mempertahankan jawatan dalam parti sebelum 9hb Oktober ini. Dalam sidang akhbar selepas Mesyuarat Khas MT, beliau membuat kenyataan sinis bahawa beliau tidak pernah mengkritik dan memburukkan UMNO, tidak pernah meninggalkan UMNO, memasuki parti lain dan menggunakan platform pembangkang untuk menghentam UMNO. Tetapi kenapa rakyat tidak memberi sokongan kepadanya dalam pilihanraya yang lalu. Negerinya sendiri, Pulau Pinang jatuh kepada pembangkang. Kini bukan sahaja ahli ahli UMNO mendesak beliau meletak jawatan, yang bukan ahli mendesak supaya beliau meletak jawatan. Dimana mana sahaja terdengar suara meminta Pak Lah meletak jawatan. Isunya bukan UMNO, tapi kepimpinan beliau.

Dahulu ada juga yang mendesak supaya YABhg Tun meletak jawatan oleh pemimpin pemimpin yang ingin mengambilalih kuasa untuk menjadi Perdana Menteri, tetapi sekarang rakyat sendiri yang mendesak kerana masalah kepimpinannya, ketidakupayaan beliau menangani kerenah sekutu sekutu dalam Barisan Nasional, masalah ekonomi, kenaikan harga petrol yang mendadak menyebabkan harga barang barang keperluan terutamanya makanan melambung naik.

Malangnya, masih menaruh harapan untuk kekal berkuasa..gimme 3 months more and hopefully things will change for him to stay on.

YABhg Tun Selamat Hari Raya Idilfitri.

I believe our present PM's decision is also referred to his inner circle, that is apart from the 4th floor members, other members who will gather at his residence. However, his final decision as of 8th October has proven his willingness to break away from the legacy of Umno voting framework that you created when you were the President before. I believe this is a good sign moving forward giving space for younger leaders to take up position. I still believe for you YABhg Tun, it is better for you and perhaps you can contribute better for the rakyat sake to remain as VVIP citizen and continue to remind our leaders the right way to lead. You can actually provide the suitable check and balance for the nation because the rakyat still respect you as the leader. Salam Tun.

By tarrabacaAuthor Profile Page on October 9, 2008 10:56 AM

YABhg Tun,

It is not fair to blame Pak Lah for overstaying in Putrajaya, as he is a true family man, unable to leave REZEKI in the hands of God, and having 'cuci mangkuk' 9th Malaysia Plan EPU list (to borrow logging biz parlance) and the need to ensure that the Badawi clan, including Patrick who had since gone into hiding (orang Terengganu dok cari dia, mana pegi budak sial ni), all 7 generations of them would not ever be in destitute.

Simply put Pak Lah can only be moved with a massive golden handshake, and come hither Kamaluddin with Eurocopter in tow, the one rejected by RMAF technical committee, revived and hastily announced by Pak Lah at first MoD meeting.

The Generals could only smile, though no prizes for guessing Datin Ser Rosmah's reaction.

Paklah and clan are "maruah-less species", and believe me YABhg Tun, despite Khairy's shopping spree, the knives are out for him. Mukhriz can stand on his own, and long awaited by those in UMNO Youth about to be freed from Hishamuddin's senseless strangle on democracy.

I pray that the Badawi clan would choose to migrate to Perth, and go through all the al-Shafie and alGhazali kitabs that they misread and hadharied, and henceforth cease to appear on the Malaysian landscape.

Let's pray Pak Lah donate some of the Eurocopter proceeds to build a mosque in Perth and spread the hadhari line. Imagine net effect of 7 generation feeding on spoils of the nation.

It's all about IQ YABhg Tun, and this is the first PM who unabashedly leave office with huge Golden Handshake.

By tarrabacaAuthor Profile Page on October 9, 2008 11:36 AM

YAB Tun

As for pak lah's mission before leaving, two of them, below is just to ensure that there is in place all the necessary people are in place prior to departure (judges, BPr etc) so that there is guaranteed immunity for the Badawi clan for all the sins and thievery that they committed since. That is Pak Lah.FOREVER TIKUS BAIKI LABU AND NOW SCURRYING TO COVER THE GAPING HOLE.....

Young Pirates in UMNO ?

As to why UMNO must change?,,,,,firstly all executive appointments in UMNO should be based on the "merit system" and to finally mark the end of the existing "spoils system" ,,,,i.e. pirates way of sharing "To the Victor go the Spoils !!!!!!"

The existing UMNO phenomenon of GROUP THINKING – Zealotry, Loyalty and Lack of Critical Thinking regarding the organization which is perfect and always correct by definition, making UMNO unable to change and realize its own mistakes.

Perhaps due to its long history, UMNO had tons of BUREAURACY in its system. If left unchecked/uncontrolled, the bureaucracy in UMNO will become increasingly self-serving and corrupt, rather than serving society at large in Malaysia.

Another issue here that must be reviewed seriously is that presently the RULING class or Alpha Malay class or Power Elite running UMNO must be scaled down to include the Common Middle Class Malays to also actively participate.

Please take note that the RULING CLASSES tend to be looked at in a negative light because they are often viewed as having little respect or care about the rights of the inferior classes.

Salam Tun..

In corporate world..it is similar by giving notice of resignation. To avoid this pretender misused the power...the Govt should pay this pretender salary in lieu from now until the mentioned date in 2009 and ask this pretender to leave the office now. This will avoid the pretender from abusing power..signing any million dollar contracts for the benefit of the family.

Please Malaysian.....Ask this pretender to leave office immediately. We have to calculate this risk. We may save millions by just paying this pretender salary in lieu which I think less than half a million.

Agree or not.

salam syawal utk Tun.ini kali pertama saya menulis utk Tun.may Allah alwyz bless u.

tun,

kemelut politik UMNO kini dah smcam tiba di kemuncaknya.

tun,

UMNO tak salah, yg perlu dibetulkan adalah org di UMNO tu.

tun,

org di UMNO tu `majoriti` ada sesuatu yg dicari jika join UMNO.

tun,

sbg contoh shj: isu kebajikan rakyat iaitu pendidikan. (sbb sy org pndidikan)

tun,

apakah perlu loan diberi kpd pelajar melalui PTPTN? walau 1%? saya pernah melihat seorang bapa (pesara) yang ketandusan wang utk membayar yuran di meja pendaftaran universiti!

tun,

pernah juga sy terjumpa bekas pelajar-yg ketandusan wang pinjaman yg tak cukup utk byr yuran tambahan!

tun,

jadi UMNO buat apa pd rakyat? jadi, tak salahlah jika pelajar (ats 21 thn) sokong PKR atau PAS!

tun,

mugkin tun mampu atau kanda muhriz mampu melihat isu kecil yg saya sebut tadi.

tun,

rakyat amat rindukan belaian dan kasih syg ikhlas dri UMNO.sentuhan itu dan kali terakhir terlihat pada hujung2 tahun2 1970an. tapi, skrg dah lenyap.

tun,

skrg tiada lagi koata biasiswa JPA utk rakyat bumi.

tun,

skrg byk pelajar2 khususnya lelaki da tak sggup ke menara gading kerana tak sanggup lihat ibu bapa yg kesedihan dek tak ckup duit d kg.

tun,

jadi tak salahlah perempuan byk kat IPTA!

tun,

rakyat juga dah amat..amat muak dgn muka2 lama yg dah mula melalut nak jawatan no2 dan sbgnya!

tun,

wajah Tan Sri Mohd Taib (sgor), wajah dato sri rafidah (sbg contoh)

tun,

sudah tiba masanya wajah baru spt kanda muhriz, zahid hamidi (skdar contoh) utk menerajui kepimpinan kementerian dan politik negara.

tun,

tak semua muka muda boleh.

tun,

ada satu dua muka2 muda seperti kanda hisham (sekadar cth) yang dikatakan pelapis kepimpinan negara...tapi...rakyat di kementeriannya dah mula berbisik...antaranya: isu terbaru: perjawatan guru dan JPN yang semakin kalut dan caca merba... bergaduh sesama sendiri dan apakah tindakan hisham? nil !skrg pun kanda hisham di paris.

tun,

sehinggakan tiada kad ucapan selamat hari raya kepada semua rakyat di kementeriannya waima kiriman SMS dari hisham.

tun,

inilah yg saya katakan sentuhan insan dari kepimpinan negara yang dah semakin tandus.rakyat rindukan belaian seperti yg saya katakan tadi.

tun,

peranan tun amat relevan dalam usaha mengembalikan semula kepercayaan dan keyakinan golongan rakyat muda atau sebagainya kepada UMNO.

tun,

teruskan berjuang walaupun dari luar gelanggang UMNO.

tun,
abaikanapa depa kata. salam sejahtera.

ikhlas dari saya,
pengerusi tetap UMNO caw Selayang warisan.

Dear Tun,

Setuju sangat takde apa bole buat dlm 3 bulan. Hope Tun can comment on young voters yang mana, rata-rat kalau dilihat, semua peti undi saluran 3 dan 4 atau 5, pencetus kepada situasi sekarang. Pemimpin sekarang seperti tidak paham bahawa org muda sudah mula lari dari UMNO. Professional atau tidak, semua cba mencari gagasan baru untuk di ikut. UMNO mcm satu penyakit yang mereka semua jelak untuk menyertainya... Atau mungkin, sebab sikap pemimpin juga yg melupakan mereka dan mencantas mereka sebelum mereka paham erti perjuangan....???

Pak Lah nak dok tangguh2 lagi 3 bulan nak tunggu apa lagi? Najib pun satu..jadi Pak Turut!. Orang2 tertinggi UMNO tak ada prinsip!. Apa kalau Pak Lah resign sekarang UMNO akan tumbang ke?. Kalau Si Lembik tu cepat resign lebih bagus kerana UMNO boleh start FRESH.
Krisis ekonomi dan keuangan akan melanda Tanah Melayu dlm masa singkat..kerana sekarang America down, Europe down dan ada tanda2 Asian pun akan tumbang apalagi Malaysia. Jadi selamat unt Pak Lah and Co. kalau dia boleh bertahan lagi.

Dear Tun,
Salam Hari Raya. Izinkan..

Letak jawatan

Pengumuman di buat Pak Lah ada sifat pekerti negarawan, persediaan teratur. Banding yang lagi satu kecoh, kelam kabut - meraj...? The previous one does not look like a calm 'unforced announcement'

Pak Lah has swallowed his pride to resign but will someone eat his words that Pak Lah will not resign and is not a man of his words.

Perosak Umno - Lihat betul betul!

Ramai mengecam Pak Lah punca pecah belah dan kekalahan Umno. Teliti jauh sedikit dan gambar lain muncul. Pak Lah mcm kucing masuk rumah duduk senyap hanya melihat benda berlaku dan pejam mata. Tun mcm badak, rosak dan habis periuk belanga diterbalikkan. Lihat kerobohan Umno zaman Tun...

Kehakisan Umno

Sejarah hakisan sokongan Umno oleh sebab Tun boleh dijejak dengan pengecaman terbuka terhadap Tunku. Bila Tunku berundur satu tiang Umno reput. Di ikuti dengan Tun Hussein yang diasak berundur dan Tun untung. Lagi satu tiang reput. Kedua dua bekas PM ini pengkritik Tun dan tinggalkan Umno buat sehayatnya bila mrk tak masuk Umno Baru.

Cakap pasal Umno Baru..parti dibelah dua. Apalah silap Pak Lah banding dengan parti patah dua waktu di tangan Tun. Sanggup berentap sampai putus dua Umno. Hampir separuh kabinet menentang Tun secara terbuka. Pak Lah sekarang? Lahirlah S46. Satu tiang besar Umno RUNTUH (bukan reput). Tak cukup binasa satu lagi membantu. Tindakan terhadap DS Anwar memecah dua Umno sekali lagi. Ada menteri letak jawatan bantah. Pak Lah sekarang? Lahirlah PKR. Satu lagi tiang besar Umno RUNTUH(bukan reput)

Runtuh Umno

Sejarah atas, tambah lagi penyokong Musa, Ghafar yang benci Tun.. parti mana boleh tahan hilang sokongan mcm ini. Umno sepatutnya RUNTUH pilihanraya 1999. Undi bukan Melayu mengelak Umno kalah, ikut undi Melayu dah lama dah kalah! Sebab terlindung undi kaum lain Umno tak sedar parah.

PRU 2004 tahun harapan baru M'sia. Rakyat gembira era Tun - cemerlang(politik wang), terbilang (dengan kroni), gemilang (dengan rasuah) akan akhir. Mahazalim dah bersara! Penyokong Umno dulu, pembangkang, kaum bukan Melayu, pengundi berkecuali semua kembali sokong kuat Pak Lah TANPA DIA BUAT APA APA. Dengan Tun letak jawatan saja Pak Lah cipta sejarah sokongan BN/Umno.

Silap Pak Lah leka, tak rajin, keadaan berbalik ke 1999 tapi kali ini undi kaum lain tak ada untuk melindungi BN, sebalik yang berlaku.Terimalah padah hakisan zaman Tun di PRU 2008. Renung.. bukan Pak Lah seorang.

Salam Tun,

Ni saya petik dari salah sebuah akhbar tempatan hari ni...
" Saya mahu menggunakan sepenuhnya bulan-bulan terakhir melaksanakan agenda saya" - Pak Lah...

Apakah antara agendanya? Memastikan semua kegiatan2nya tertutup molek. Memperkayakan isterinya yang baru tapi tak baru serta ipar duainya & yang sewaktu dengannya. Paling penting adalah anak2 dan menantu2nya terutama KJ....

"Tetapi saya tidak dapat menunaikan semuanya dalam tempoh 4 tahun pertama kerana saya menumpukan kepada perkara lain"...

Dalam masa beberapa tahun penggal pertama Pak Lah, sempat dia kahwin lagi, dalam kesibukannya sempat dia bermadu kasih... Dalam masa 4 tahun pertamanya menjadi PM, sempat pulak menantunya yang tidak pernah bekerja, tidak pernah ada sumbangan yang signifikan terhadap negara selain menambah keturunannya sahaja, namun secara tiba2 terus melonjak naik jadi antara anak muda terkaya di usia yang sgt muda..30an..Sedang Ananda Krishnan, Mendiang Lim Goh Tong, CEO Air Asia, Allahyarham Datuk Nasimuddin dan org2 kaya lain, membina, mencipta empayar masing2 bertahun2 lamanya. Tapi mamat KJ ni out of nothing tetiba dah jadi somebody...Parents dia kaya raya tak ??

So, the moment DSAAB stepped into tampuk pemerintahan negara, itulah agenda yang menjadi priority beliau sebelum urusan memajukan negara yang telah dibangunkan dengan pahit jerih oleh 4 PM sebelumnya !

"Datuk Seri, Datuk Seri tidak boleh mengundurkan diri,Datuk Seri mempunyai misi, Datuk Seri perlu menyelesaikan misi itu...."(kononnya dikatakan oleh kumpulan yang kononnya besar yang datang bertandang ke rumahnya di Seri Perdana.

Heyyyy...Is he joking?!!! Apa mission dia...? Come on lah you sleepy head..Apa yang dapat kita lihat sepanjang dia bergelar PM? Aiyooooo...Rakyat is tightening the belt lah...Gaji pihak swasta tak naik pun, bonus lagi tak ada mcm ketika di tahun 2000-2002...

Tapi sememangnya dia ada misi dan misinya yang dipujuk oleh penyokong2nya untuk diteruskan itu adalah tak lain tak bukan - memperkayakan poket semua kroni2 dan penyokong kuatnya sebelum berundur diri..pendekata mcm senario ini..." Pak Lah, banyak lagi kita tak kutip lagi...tunggu sikit hari lagi, apa yang sempat kita rembat, rembat dulu...approve dulu mana2 yang patut..."

He is begging for another 3-4 year according to the paper...what for? Dalam tahun pertama ni jer dia dah menjahanamkan dgn teruk reputasi, integrity dan SEGALA-GALANYA dalam negara ini...masih tak cukup? Tempoh sependek itu pun rasanya kita dah kelihatan sgt2 teruk dari segi ekonomi dan pembangunan, mcmana nak tambah lagi untuk beberapa tahun...Yang peliknya, KJ mampu menjadi kaya sekeliap mata dalam tempoh kurang dari 8 tahun....Fulamak...cayalah KJ...

Hai...Ntahlah....sakit hati saya kalau saya terus komen lagi...kepala pun dah naik celaru...Dia kata dia sibuk...mmlah sibuk sampai tak boleh fokus mana perkara penting...berapa org budak hilang dan pembunuh/ penculik masih tidak dapat di cari....kes tergantung2...kemudahan pengangkutan awam tak juga improve...sibuk korek dan cari mana harta negara yang masih boleh diratah... disantet sahaja elok kot anak beranak ni...? GERAMMMMMNNYAAAAA...

Dearest YAB Tun Dr Mahathir,

I had an encounter with you and your dearest wife on the launching of the maiden voyage of MISC's Malaysian assembled vessel (ship), the Bunga Siantan.

Until today I have always been proud of that moment of welcoming you onboard. Ever since then, I know that I have a man of immense intelligence with a vision that would lead a country to greater heights and be recognized by all countries. Indeed we had progressed tremendously and with good fundamentals, we can be a developed country and stand alongside those of the same stature. Alas we are unable to progress unless the mindset and civility of our people progress along the same lines.

The cancellation of the double track rail and the scenic bridge is an example of a poor mindset that should belong in backward villages.

The rail and the bridge would have meant tremendous development of all states and provinces along the track right into China. Tourists from all countries would board this train and value the immense resources that lies along this track. This is what is vital for the progress of the whole region that would spur trade and develop resources needed for the progress of ASEAN along with China. We can already see the immense growth of China and India that has become a challenge of developed countries. This would also develop a common currency within the region such that our dependence on the West would not be as important as it is now.

For anyone who shelves this project would be the person directly responsible for the failure of the development and places us back to square one to try again to take up the challenge to compete with the West and has made us again a backwater. We have now again have to ride on the backs of developed countries for our own development.

It has been a mistake too stupid to comprehend, what else can we expect from the worst leader to be placed in charge of a very vital backbone of development. One term would have sufficed but to hold on longer would have and is a dreadful mistake.

That stupid entity still remains he has and will be the responsible person for the opportunity so great but is missed. Also with that stupid decision, he has caused the rakyat to lose on the opportunity and also lose funds that could have been put to better use.

Please make him go if you can as he is the "Thorn in the side of every Malaysian"

Thanks

* Kudos to Datuk Seri Abdullah for declaring his intention not to retain UMNO President post. Now it is time for UMNO and BN to unite with new leadership this March.

* Since there are many candidacy for UMNO Deputy President post &

VP post, I hope there is initiative to held a public debate before the actual election or even before the actual nomination. Let the people hear what is each candidate's agenda and their track record.

Dear Tun,

We know by rules and regulations, the GE could not be postponed beyond March.

The way I see it, he is just trying to get as much time as possible to make the most of what he can in the remaining time that he is still the Prime Minister of Malaysia.

Simply put, he is just trying his best and I pray and hope things will turn out for the best.

Wassalam.

Dear Tun,

DOLLAH Badawi is the ONLY Prime Minister of Malaysia who has NOT done anything good for the country. And that's a record by itself. And Ong Kah Ting has the cheek to call him Bapa Demokrasi Malaysia. He's gotta be joking. More like Bapa Demokrasi Gerakan maybe.

Kah Ting, why don't you offer Dollah a position in your party huh?!

By Ataturk on October 16, 2008 11:06 PM

Dear Tun,

Need to have my say on this pathetic excuse of a human being.

I think it is divine intervention that Malaysians got him for prime minister.

You see, being a failure, he will serve as a benchmark for future prime ministers on how to stay away from suffering the same fate.

It was bad enough you calling him a half-past-six, but he had five years to prove you wrong, instead he does the opposite.

For the people at large, the lesson is that is dangerous to have a religious fraud as a leader.

Look at what happened. If during your time you put a car in practically every home garage and later one for the missus, under this clod, "progress" was going from car to motorcycle or changing to unreliable public transport.

But for him and his family, it was luxury yacht, expensive private jet and "Islamic Hadhari" parties with jazz great George Benson, Jean Todt and the like.

Scomi showed such dramatic progress as a business during his tenure that I am certain the top Fortune 100 companies will be headhunting its CEO to work for them.

Little wonder why he was given a battering in the GE. And yet he thinks "he is GOD's greatest gift" to Malaysians.

Before the GE, the country could only have one captain but after the debacle "it is collective responsibility"

Collective responsibility my foot, I do not see the leaders collectively living at Sri Perdana or collectively flying in the government jet.

Lastly, I hope he will pay his dues.

Best Regards

Ataturk

Dear Ataturk,

Very well said and I agree with you a 100 percent about this good for nothing Malaysian Prime Minister.

And I have no soft spot for your deputy PM either bro.

He's gotta go too.

Take care Tun.

By rams609 on October 17, 2008 10:16 AM

Koh Tsu Koon, the Gerakan president was the one whom I meant in my earlier comment re Badawi being a bapa demokrasi Gerakan.

Never should badawi be a bapa of anything for Malaysia.

In the same humble breath, I apologize to YB Ong Kah Ting for my mistake.

The article should have read like this:-----

Dear Tun,

DOLLAH Badawi is the ONLY Prime Minister of Malaysia who has NOT done anything good for the country. And that's a record by itself. And Koh Tsu Koon has the cheek to call him Bapa Demokrasi Malaysia. He's gotta be joking. More like Bapa Demokrasi Gerakan maybe.

Tsu Koon, why don't you offer Dollah a position in your party huh?!

Tun Good day to you !

I use to admire your capabilities . But of lately i am very dissapointed with your statements and actions which rather turning to be very bad when you pass racist remark on the other ethnic origin of this country.

I remember you condemned the Malay with your famous quote "MELAYU MUDAH LUPA dan MALAS" and

because of this you lost your popularity which resulted you to step down as the Prime Minister.

Now i notice you seems to condemn everyone whoever is against your view, ideology, and challenges your authority. What is happing to you TUN! are you going nuts ! Chill out TUN... Just mind your business and start bertaubat for the sins you did to the country and the nation. You have transformed the country into corrupted modern state which is governed by arrogant UMNO, MCA, MIC and Gerakan leader who are dictators like yourself. Look yourself, a minister with sex scandal can be elected as deputy Chief. Mr samy still walking freely when he supposed to be behind BARS for the MAIKA scandal. TUN refrain yourself from giving any idea or comment of yours when NAJIB become the PRIME MINISTER then again I doubt how many month will he last...

By motley crue on October 23, 2008 11:01 AM

Salam Tun

Is it wrong for me to assume that arasuki is pro opposition?

Regardless of whether you lost your popularity due to your racist remark or not, I do agree that Melayu Mudah Lupa and Malas. We forget our roots, our past leaders perjuangan and our country. We look forward for Saturdays and Sundays but we lack in our work during the weekdays.

Going back to this current issue, I suppose Pak Lah needs 3 more months not only to fulfill whatever he mentioned (poverty, reforms, etc)but to give KJ enough time to built his networking and putting his names in whatever else companies he can. 3 more months is a joke. What Pak Lah wants to achieve in 3 months would only be achieved in his dream.

By bdn on October 23, 2008 1:15 PM

Akum Tun....moga apa yang Tun lakukan adalah kerana sebagai rakyat Malaysia...Suara Tun mewakili rakyat Malaysia...dan sebagai rakyat Tun memang patut boleh bersuara.....

By bdn on October 23, 2008 1:24 PM

Ramai yang kata Pak Lah PM syok sendiri...apa kata Tun?Sebagai rakyat saya kata ya...Orang kat kampung pun kata ya....Apa yang Tun katakan adalah benar...Pak Lah kena Bla dari UMNO...apa yang Tun alami akan dialami Pak Lah bila dia dah tak da kuasa..kita sebagai rakyat hanya tengok sejauh mana orang dia akan berdiri dibelakangnya bila kuasanya dah tiada...

Powered by Movable Type 4.12

Powered by Movable Type Personal1. I have a problem. I cannot remember the date I was married. As a result I always get into trouble with my wife.

2. She has a remarkable memory for dates, not just her own or our special dates but she can remember the dates of birth of all her children, the dates of their marriage, the birthdays of all 17 of my grandchildren and even of her sisters and brothers and late parents.

3. So I can rely on her and sign the birthday cards she passed on to me. Unfortunately she cannot remember much of what she read when studying medicine. So I used to coach her. Thus we complement each other.

4. God has endowed Man (and Woman) with the ability to remember. That is the basic difference between us and the animals.

5. But with age our memory fails on details. Some brilliant people can remember what they did on a particular day 10 - 15 years ago, remember every detail, including the words they had spoken and the people they met etc. I am not among these people. I remember some events in which I was involved but only vaguely.

6. If you ask me what did I do on 12th August 1982, or on any other day, I would not be able to tell you. Other people with the proverbial photographic memory can, but I cannot. I am quite certain if I ask the questioner what he did on any particular day in the times long past he probably cannot tell me either. But then in a court or Commission he or the judge or Commissioners have the right to question, I had only the right to answer.

7. This is very unsatisfactory. In a court of law, if you fail to remember every detail of what you did on a particular day 5, 10 or 15 years ago, then you must be lying, you must be hiding something. This possibility would be ominous - though it may not be ascertained with exactitude. But why bother about those niceties. Just conclude that a person who cannot remember is simply lying.

8. I am going to take a memory course. Should I have occasion to be investigated or summoned to face a trial, I would be able to remember the suit I wore any day in my life and where I was when wearing the particular suit on a particular day.

9. By the same token a person who had been sodomised must know the exact time of the day that it

happened, the colour of the room and the size of the bed. If he fails to remember any of these things, then he must be lying.

10. Such is the law. So please try to memorise everything you do every day. Don't forget the details. It can be fatal for you.

iam not sure your memory is that bad but iam sure your memory is very much better than me and many others. I remember reading one of your acticles that you love to read and can complete reading a book within a day. This is someting special.

when talking about court matters, judges should understand that we are human (whom include judges) and have limitations and cannot remember exactly what we have done in the past. I cannot remember what cloth iam wearing the same day last week!

What Tun is saying in this 'multi-prong message' might be funny to many but the reality is that Anwar Abraham a.k.a The Drama King and his bunch of liars ... opps! lawyers are manipulating the laws of this land.

They have been very consistent in ridiculing the law with their crooked mind, where the end result would do justice to none.

Anwar Abraham's initial sodomy conviction was overturned due to such 'crooked reasons' termed technicalities.

The court re-affirmed loud and clear that he is infact a sodomite but that FACT has been tactfully swept under the carpet.

These soul-less group of power hungry creatures would not stop at anything until they could install the sodomite into high office.

We, Malaysians, must open our eyes wide to Anwar Abraham's drama and not be fooled by his antics.

He has proven 'beyond resonable doubt' (to borrow the bunch of liars often used term)that he is a first-class LIAR who managed to fool many Malaysians who thought Anwar was their God-sent saviour.

If Anwar had achieved anything post-Sept 16, it is the tittle as the Number One Liar of Malaysia.

For those of you who continue to trust that human being, May God Bless You and have mercy on your next-of-kin.

amin.

p/s Tun, don't worry about Anwar's spin to make u look like a liar for not being able to remember details of certain things which took place more than 20 years ago. (I suspect even FLIP-FLOP and the SIL are also contributing towards such attempts)

We know what matters, and WHAT doesn't to this country.

Selamat Hari Raya, Sir.

By emville on October 2, 2008 3:01 PM

What are you trying to say here Tun? Macam ada something on je lepas raya ni, which will involve you?

Court manusia ni mana sama macam court Allah. Disini kita kena buktikan apa yg terjadi. Di muka keadilan Allah, semua akan dipamerkan, anggota badan kita yg menjadi saksi. Mungkin org yg bersalah dpt bebas dgn kesalahan yg dia buat di dunia. Tapi di akhirat nanti, ceritanya lain la pulak.

Apa apa pun, tak pernah terjadi dlm sejarah Malaysia, open house org kenamaan dicemari dgn rusuhan. Yes, I'm talking about Hindraf making sort of trouble at Pak Lah's open house at PWTC. Itu lah harganya klu semua nak diberi muka. Semua atas alasan demokrasi. Sampai nak berdemonstrasi pun dah tak kena tempat. Main pakai undang2 hutan je. Pak Lah ni lembek sangat. Pasal tu la semua nak pijak kepala. Cuba klu awal2 lagi dicantas kepala2 pembuat kacau tu. Kan senang. Ini bila dah menyusahkan org, baru nak buat sesuatu. Pak Lah, Pak Lah, cepat la kasi baton tu pada org lain. Jgn nanti hari2 asyik gaduh je di Malaysia ni, semua org tak boleh cari makan.
By twocents02 on October 2, 2008 3:02 PM

Dearest Dr M

Even the lawyers themselves refer to documents to refresh their memory. No one is expected to remember exact details of what happened everyday of their lives.

If your brain space is taken up with facts and figures, the space for analysis and processing will be ADVERSELY affected. Scientists are usually forgetful people.

My laptop will RUN at snail space if the C:drive's used space is near full capacity. Some programs cannot function efficiently.

Bottomline is - THEY have an agenda. Nothing to do with a person's ability to remember details to prove one's innocence.

For lawyers, technicalities is the name of the game.

Viva Tun Berdua,
Hari ini saya rasa sungguh gembira kerana nasihat Tun yang sangat berguna. Saya sentiasa menghadapi masaalah dengan mengingati haribulan dan tempat dan event. Isteri saya sangat memahami kelemahan saya, jadi dengan sukarelanya dia akan mengingatkan saya tarikh yang berwajib secara seloroh atau jika saya pura-pura tak faham, secara tarik muka... dan dan saya teringat. Saya juga berjanji akan menuruti nasihat Tun supaya sentiasa mengingati details of event terutamanya yang melibatkan sa .ya bermesyuarat didalam mana mana bilik diresort atau hotel. Just in case. Tapi Tun, kalau saya kena sodomi, mungkin muka saya tersembam ke bantal atau tilam, jadi mungkin tak banyak yang saya boleh ingat. Hmm...mungkin teknologi boleh membantu saya.
Dirgahayu Tun dan Tun.

Semasa Tun berkuasa ramai yang menjulang Tun demi sesuatu...

Yang tidak mendapat sesuatu sibuk menjaja nama Tun sebagai MAHA ZALIM.

Dan bila Tun bersara ramai tidak mempedulikan Tun, malah ada yang bertukar tindakan menjadi musuh Tun.

Dan setelah 4 tahun Pak Lah berkuasa, ramai pula yang nampak kebaikan semasa Tun jadi PM.

MEMANG BENAR KATA-KATA TUN : MELAYU MUDAH LUPA

By rushdi2020 on October 2, 2008 3:21 PM

Selamat Hari Raya Tun and family.

For a person your age, your memory is actually remarkable.

This is my first write up, way off topic but wanting to be the first to respond, I sent in anyway. I've been following your comments for some time and it seems that the more I read your comments, the more I come to admire and respect your brilliance and insightful thoughts. It certainly helps me understand issues better and deepens my scant political knowledge and I also appreciate the countless deeds you have done for this country. I realize that to become a PM one must certainly be highly credible plus possesses host of other distinguished traits which you have, but alas our current PM apparently doesn't seem to have any. Sad but true. Our PM is a good person I believe, maybe a pious one too but mere good person is hardly inadequate to become PM. A good person can be a good leader of a family but certainly not to lead a country.

Like most, my support for the ruling government has deteriorated tremendously over the past five year, mainly due to many many factors. Top is AAB indecisiveness, flip-flop decisions or worse no decisions. When big crucial matter arises why is it always his subordinates giving comments instead of himself taking charge. Where is he and What is he doing? Selalu cakap saya ada banyak kerja nak buat and so on but people see nothing come out of it. Now whenever he speaks, I just mute the sound because I don't feel he has any substance to tell.

The Anwar factor: Never underestimate this "master of spin" factor. He still captures hearts of many with his robust and sublime oratory flair and he uses his repertoire skills much to his advantage. Emulating campaigning model to that of Obama's US presidential campaign, DSAI crave to believe that he is comparable to charismatic Obama and I am just saddened that many are duped by his blank rhetorics and manipulations. Being a traditionalist, I am still clinging on to my late father's words: "Orang yang pandai cakap selalunya tak pandai buat kerja". While Obama may be on his way to the White House, I hope and pray that DSAI is a Permatang Pauh MP and stays just that. Period.

I also have apprehension of Najib as PM not because of his incapacity as a leader but more of the unpleasant rumors hallowing above his head. Rumours of his involvement in Altantuyas murder case are ubiquitous, and Najib somewhat did his denial part but his efforts seem too feeble and unconvincing. This lead the public to believe that the rumors are true. There is also widespread stories his "takut bini" and about his fiery wife actions and behavior akin to Yoko Ono's lady control over late Beatles' John Lennon. I fear this rumors will persist and haunt his premiership and further dent UMNO and BNs image.

There are people suggesting that you should become a senior minister very much like Lee Kuan Yew of Singapore but I totally disagree to this idea because people will promptly suggest the PM whoever he is, is inept and incompetent, and his moves are dictated by you as the puppet master. Be wary Tun and not to be easily enticed by power.

Tun, you certainly will go down in Malaysia's history as the best PM and I wonder when there will be a PM like you to lead the country. When the legendary P Ramlee died some 30 years plus ago, we're still longing for his replacement, "Dimanakan ku cari ganti".

And as for the worst PM, I think the answer is self-evident. Pak Lah, Please, please, pleaselah Pak Lah, the rakyat has spoken. It's a real pity and out of anger and frustrations, far too many nasty words have been thrown out to Pak Lah and for Tun and readers sake I wouldn't cite examples here but in short, people are just fed up and sick to the bone of our current PM. To layman like me it is clear that AAB must go ASAP, and if he still has some dignity in him, he will retire honorably the sooner the better for the survival of this country.

Tun, I wish you all the best and do keep on writing if you still have the will. Selamat Hari Raya and my best regards to you and your family and most of all, take care Tun.

I am missing you already.

Dear TUN,

as a student from the controversial UiTM, i felt really sad of our current racial situation. I as person am against racial sentiments, but from what i see here in UiTM, even the lecturers inject us with racial hatred by implicating the post-graduation problem of employment as we are all malays and that it's hard to compete in the corporate world that is dominated by the chinese. If those lecturers intentions are to motivate us to ensure competitiveness, but most of them failed as they only make the malays here harbor hate towards other races.

I can't imagine 13th may happening all over again as i do have chinese and indian friends and i appreciate being friends with them as i have been bored of the malays stereotyped character: pessimistic and envious of others while they have done nothing to earn what others have.

Please Tun, most of the people i know do dream of the Malaysian Malaysia. And we know you can make it happen. You're always able to pull of such miracle like the 1997 economic crisis. Perhaps you would pursue in becoming 'Bapa Keharmonian'.

To all people, let's just stop generalising and learn to appreciate this country. For ourselves, and for Tun!

Hope someone can lodge a report and lets investigate this and save them from committing DOSA works ! it's sinful to do that ! Tun,

Then, why not write your biography before they are completely erased from your memory?

You look healthy, albeit your cardio problem but that shouldn't affect your brain, it cannot be that you cannot remember all at the Lingam inquiry. Many have speculated that you had "played acting" at the Inquiry. I won't want to ask for an answer.

If one is going to face it the second time round, I am sure certain precautionary measures would have been taken, unless one is that stupid, so that it beats the threshold of the law by making it difficult for the DPP to prove a prima facie case. My reading is that it would be thrown out before defence.

Let us know of your thoughts about the memory course after you attended it.

If it is good and the cost is reasonable, it's a good idea to attend and perhaps a government ministry should

sponsor so that many senior citizens may benefit from it.

asalamualaikum ayahanda dan bonda...
selamat hari raya..moga sihat sejahtera hendaknya..

saya ingin berkongsi perasaan dengan ayahanda..pada satu syawal saya amat terkejut dengan berita mengenai kumpulan hindraf yang menyerbu rumah terbuka hari raya di pwtc... mungkin saya tidak tahu banyak mengenai politik, tetapi saya merasakan ini merupakan tindakan yang amat memalukan pekembar, melayu dan agama Islam terutamanya...

jadi di bulan syawal nie saya menyeru agar ayahanda dapat menulis serba sedikit mengenai hindraf secara lebih jelas berkenaan pandangan ayahanda...serta tindakan yang ayahanda rasa perlu untuk mengatasi masalah nie..
mungkin permintaan saya agak besar kerana meminta ayanda untuk berfikir lagi mengenai masalah negara, tetapi saya rase ini perlu kerana saya melihat kepimpinan pekembar yang amat lemah sekarang serta situasi politik yang amat tidak boleh dijangka..
selepas saya melihat berita tersebut, saya ingin mendapatkan maklumat mengenai kejadian tersebut, tetapi hari ini tiada berita mengenai kejadian tersebut di kaca televisyen..
saya merasa sedih kerana jika kejadian tersebut dipandang remeh maka ia boleh menjadi luka yang akan meletup..
moga ayahanda dapat pertimbangkan permintaan ini untuk tatapan semua pembaca lawan ayahanda....

sekali lagi ku pohon maaf dari ayahanda dan bonda di hari raya nie..harap ayanda sentiasa dikurniakan ingatan yang kuat oleh Allah..moga sihat selalu...

Salam Tun & fellow bloggers,

1.I failed to grasp your intention of bringing up the issue of memory power,unless you got BIG trouble with authority or something

2.In the court of law,you only run into trouble when you got 'selective amnesia' against evidence,affidavit,statutory declaration

3.Keeping a diary can do wonders.In the modern day we have umpteen type of gadget such as PDA,camera phone,ipod to help upkeep and organize teenie-weenie details

4.Since all computers are equipped with webcam, logging on to Facebook,Blogging,You Tube,Myspace could serve the purpose

5.With these kind of modern gadgets,who need to learn memory power?

Wassalam

Thats not true at all, admirable ex-PM of mine.

I am a law student myself, so I know enough of the law to say that that is not the law, that is not what the law intends to achieve in terms of evidence.

It is enough that you remember enough to go beyond reasonable doubt, there was never an intent on the framers of criminal law in any given jurisdiction to bother with the nitty gritty. I understand fully your predicament in how those 2 judges of the Federal Court have decided in the Anwar case last, and I share it. Those judges should never have given affect to law of criminal evidence the way they did, and they have pretty much screwed up the law so much that it would be impossible to convict any more sodomite in the country.

Selamat Hari Raya to you and your family.

Selamat Hari Raya Tun

Haha another good one from Tun.
However, my gut feeling tells me there is a 'story' behind this article. I believed it is only human that we forget but the question is, are we really forgetful or do we deliberately forget? If I may be so ignorant to say that we may tend to forget day, dates, months, years and time but not events. It may slip off our mind but our brains have the capability to recall such events that had happened previously in our life, briefly or otherwise. It is true when Tun said, "God has endowed Man (and Woman) with the ability to remember" but it's not exactly correct when you said, "That is the basic difference between us and the animals". Animals like elephants, cats, dogs etc do have the capability to remember as well. The phrase: "one has a memory of an elephant" rings the bell.

In reference to your para 8.
"I am going to take a memory course. Should I have occasion to be investigated or summoned to face a trial, I would be able to remember the suit I wore any day in my life and where I was when wearing the particular suit on a particular day."

In jest, may I ask Tun..did Tun forget something you wore on a particular day besides the suit? It's also very important to remember other details when answering in court. There's every possibility the judge and the legal councils would also like to know the color of your underwear...perhaps? Haha Maaf Zahir & Batin.

Take care and may god protect my dear Tun always. God Bless.

Dear Tun,

Selamat Hari Raya maaf Zahir dan batin. When I saw your entry on memory, and how you always seems to forget important dates such as wedding anniversary and birthday, I almost choked on the tea that i was drinking when I was reading your entry. It's nice to see that you share the same problem that most men have... the convenience to forget important dates. LOL. We women definitely can remember dates pretty well...I don't know why men have such difficulties to do so. I believe that you're not the only one who gets into trouble with your wife for forgetting such dates, because my other half forgets important dates all the time too despite being in his early twenties. :-)

Actually, I do not know where your entry is heading until I read your no. 9, which is someone's inability to recall a certain trauma that he went through. I finally understood what you are trying to say. If someone was put through certain terror, he's most likely to remember the event very clearly, unless of course, he's lying or he's paid to lie. :-D

I have to pen down now, Tun, take care, God bless, and if God willing, I'll meet you in your open house this coming Sunday.

Yours truly,

Cleffairy

Most people can memorise very well about the good things that they have encountered, while many others can memorise very well the bad things which they have encountered. Naturally, very few people have the ability to remember everything very well in their life times.

Knowing the different patterns of human memory, there is no assurance that witnesses who are called to court would testify the truth. And it is indeed irony for the court to subpoena witnesses who have short memory to testify in courts.

And it would be more pointless for the court to require a witness who is ill-memoried to swear before his testimony that he would speak the truth but nothing except the truth.

God The Almighty is great for He created everything, including the human race. Knowing very well the behaviour of human being which He created, God presiding the Divine Court in the next world do not believe anymore in the mouth to tell the truth, but the ears, eyes, hands and legs would speak the truth.

In this worldly courts, and knowing that human has short memory, whether as prosecution or defence witnesses, it is definite if we are in a position to fix the judges !

Dear Tun,

Selamat Hari Raya to you and your beloved wife, Tun Hasmah.

Great to hear from you Tun on 2nd day of Hari Raya.

Hmm..... I am trying to figure out what Tun meant on this article. I am very sure Tun as always trying to

tell us something. This is not just a plain Human Memory article, is it Tun? I know there are more to it.

Well I guess with all the ketupat and the curry daging have slowed me down a bit.

Anyway, it looks like I am the first.

Tun

How was your Hari Raya ? I think it must good especially meeting up with all your beloved ones , just like me , a chinese always appreciate the spirits of Chinese New Year where in that particular day , all the family members meet together.

About this memory issue, I do agree with you on certain issues but not what you mention about issues relating to evidence in court.

I am a lawyer by profession. With greatest respect to Tun, People like your standard should have written records on what you are doing at that time and even if you don't , you have assistants to assist you especially on important matters.

I always record down what I do in case I lost memory of it, and I always tell my staffs to put on record on who they talk to and about what so that nobody can point figures at each other.

If Tun is hinting on the possible issues regarding the sacking of judges, yes Tun may forgot what was said at that time but then surely there are records on it. Now , the issue is where are this record (if any) , and this exactly what the court are looking, not primarily on oral evidence itself. The best evidence is

document evidence , and in legal terms we called it as "real evidence".

Can you sack a judge simply by telling him that you are now sacked without any record as the reason why the judge was sacked ?

On sodomy cases, especially with the present sophisticated gadgets, it not difficult to obtain real evidence, but then the victim or the criminal surely must know the exeact location and also the inside of the secene itself. Just like an artist who paint a picture of a live human being or a specific place , he must have the exact visual in order to make out his painting.

This is my personal professional view and I maybe wrong in certain things but I do hope my contribution herein can render some assistance to Tun in a way that a person may not neccesary have to attend a memory course where you have to pay for it. Just adopt the simple way ie just try to pen down whatever important thing that you do , and for double protection , if you have a computer now just input the record therein.

As a Malaysian, what worries me now is how our country will face the on coming financial turmoil ?

All politicians should sit down and use their head together to overcome this financial turmoil.

Thank you and have a nice day , Tun.

Dear Tun,

I thought you would be taking a break during this Hari Raya or preparing for the open house.

I cannot read your mind, but I am sure you are trying to say something. Anyway, some people have very good memory. Some of my friends who are into business and have made it good have very good memory for dates, numbers and faces. I have a friend who sometimes play golf with me. He could remember the many types of wager that he plays against us. At the end of the 18 holes, he would know how much he made or lost to each one of us. Poor me, I had to refer to my score card!

Artists have very good memory for details. Lat is one of them. I bet he would still know the details of his home town of Batu Gajah.

I am surprised that you said you have poor memory. Doctors have good memory for they need to remember the medicines that they are to prescribe for each sickness.
By Adym on October 2, 2008 5:13 PM

salam,

Very deep meaning this time.

- 1) Sometimes person like Dr.Siti Hasmah care about sentimental values and repeating doing so yearly.
- 2) Thus, she bare in mind of all special occasions, makes her remember most birth dates and your anniversary.
- 3) Person who talks lie are unable to remember on what said n done.
- 4) Person as busy as you and many occasion attended and nothing attracted u, make u forget things easily.
- 5) Person who had been sodomised surely remember every details futhermore repeatedly..
- 6) Same goes to person have been raped, they are in trauma!!!
- 7) Same goes to my accident with merc road gangster year 2005 kl-seremban hgway, i still can remember the car plate number.

Thanks for reminder Tun Dr.mahathir muhammad.

To everybody, try to train your brain every second 'to think' at least play Sudoku.

The jurisdiction of our laws does work in that system. Unless in the mere future one can able to use hypnotic and have the technology to abstract out the photographic of the incident and transform it out in picture. Then one is always suppress to the mercy of the Juries and Judges in playing to the justice of the crime.

Because of this criminal get off always or at times being innocently sentenced and convicted.

At either vice versa the memory of the goodness or evil that reside in the mind will always be the Judge and will thereof face judgment when the times come. This one there will be no escape compare to our intelligent. As HIS ways are HIGHER than our.....

The crime will be JUST by itself when the end near!

Tun,

Your memory is as good as people in their twenties. I have heard stories of your outstanding attention to details and remembering the reasons behind the details.

But, what you mentioned in your article is also right. Most of the time in court, the lawyers will do their best to solicit answers to minute details and attack you if the answers are contradictory. May be the best answer would be not to answer to minute detail.

Salam Aidil Fitri.

Assalamualaikum Tun,

Kelemahan saya pula adalah untuk mengingat nama orang. Walaupun kenal sangat dengan orang itu tetapi lupa namanya. Yang paling sedih apabila kita berbual-bual dengannya tetapi kita masih tak ingat namanya. Teringat saya kalaulah semua orang mengamalkan memakai name tag seperti yang Tun sarankan, ia dapat menyelesaikan masalah saya.

Tetapi saya diberi kelebihan sikit mengingati nombor. Banyak juga nombor telefon, nombor kereta, nombor kad pengenalan dan tarikh lahir isteri, anak2 dan cucu2 yang boleh saya ingat. Jadi ramailah kawan dan jiran telefon saya untuk bertanyakan nombor telefon ahli keluarga saya.

Begitulah manusia ini. Tidak ada yang sempurna. Yang sempurna hanya ALLAH TAALA.

Insha Allah anak saya Khairul Nizar Abd.Hayee serta keluarganya yang tinggal di Shah Alam akan

berkunjung ke rumah Tun pada 5hb Okt.ini. Saya menjangkakan ramai orang yang akan hadir nanti kerana Tun adalah pemimpin yang disayangi rakyat dari semua kaum. Saya percaya mereka datang bukan keutamaannya kerana hendak menjamu selera tetapi untuk berjumpa dan bersalam sambil mengucapkan selamat hari raya kepada Tun.

SELAMAT HARI RAYA TUN. SEMOGA TUN SENTIASA DIKURNIA KESIHATAN YANG BAIK. AMIN!

Dear Dr M,
First of all, please allow me to wish you and your family "Selamat Hari Raya".
I don't know whether after reading the above posting made me laugh or cry. You see, my beloved late husband used to be just like you -and more often than not forgets our wedding anniversary or my birthdays. So I said to him, at least I am "historical but not hysterical". The only thing that I am hopeless at remembering is to re-enact an argument and I ended up saying things in a different context but same meaning... you know what I mean. But that spell trouble isn't it. The topic of argument thus become pointless as everyone involved said they didn't say "this" or "that" :)
Having said that, what did you say last year today?????

Tun,

We must be given a choice for either "Remember to forget" or "Forget to remember".

In particular, it is simply not fair to punish someone who can not recall 100% of a police report made after a while.

Ummmmm.....I forgot what to say.Ohhh yes..Now I remember!

Wishing you and family SELAMAT HARIRAYA AIDILFITR.May Allah bless you and family with good health always.InsyaAllah.

I have the same problem too.Maybe what is important to others may not be so important to us.Thats why our memory failed to write this minute details and store in our hard drive(mind).Like a computer hard drive, our memory power slows down as it ages.Just like a computer.

Maybe someday, humans will find a way to upgrade the mind to a better processor or memory chip just

like upgrading a computer hardware. Only then we can boost our memory performances.

Does this mean that I have to remember to remember.....ohhh God!! I forgot again.

Wassalam...

Salam Dear Tun and Selamat Hari Raya Aidil Fitri to you and the family.

I think this piece was written in response to Zaharan Razak's ""I" of the Storm: Dr Mahathir's Last Hooray?" (<http://zveloyak.blogspot.com/2008/04/dr-mahathirs-last-hurrah.html>) in which a blogger, in his comment on the piece - conveniently accused you for having selective amnesia with regards to the VK Lingam's case.

Anyhow, well said, Tun! We should all take a memory course. Another course maybe worth taking would be on how to avoid a Freudian slip so that 'tak tersasul kata' (our friends in the Pakatan Rakyat should be the first ones to enroll for this course, in my humblest opinion).

I pray for your good health and of Tun Dr. Siti Hasmah's also.

Kita semua setuju that god tak minta kita untuk record the chronologies of our life untuk hari pembalasan nanti. sebab itu nabi nasihat kat kita supaya dont tell lies because satu sen pun tak benefited to us. so islam percaya kepada hari pembalasan itu, and we know that we will be judge accordingly.

different between human and animals ...human can play gods. we created the human laws. the accused can ask for 4 witnesses, and can choose his own god. i wonder if you ask your wife for evidence bout the dates. maybe she will started to remember the date which u wish not to remember. and maybe thers more wish for her ...

As had been said many times, million times, etc. if we want to argue - no matter why, there will be reasons to argue. Facts are facts, and truths will be truths. Our conscience determines and only Allah knows.

I am just grateful, you are what you are.

Salam Tok Det & bloggers,

The best and efficient to train memory is by reciting Al-Quran and looking at Kaabah regularly. Somebody had told me before and I don't remember who, but I did it and it works! It's God's miracle, can't never explain it.

And Quran recitor never do bad thing to people like calling people names, talking bad things, beating up people, accused people or whatever bad it is.

It's better not to talk/speak if the words do not benefit anybody in this world or in the HereAfter.

p/s: To all, as I always said, whatever we do, HE is watching us. You can never imagine HIS punishment.

By Anak My on October 2, 2008 6:26 PM

Tun,

You do not need to bother too much about the laws because you are going to face the eternal judgment conducted by the Almighty God very soon. He will recall all your memories. If you have not done anything wrong, why bother.

By Onlooker on October 2, 2008 6:30 PM

Tun,

What's the matter with Tun now? Many Malaysians, including the non-Malays, are still in Hari Raya mood but Tun already starts to talk about Sodomy on the second day of Hari Raya!

Tun might not be able to remember everything which happened in the past but I just hope that Tun can recall the events of 1998 and answer the following questions of mine:

1) Why did you force the former owner of Magnum Corporation and Multi-purpose Bank, Mr. Lim Thian Kiat, to sell off his shareholdings in these two groups of companies?

2) Wasn't it because you suspected that Lim Thian Kiat was the crony of Anwar who hired Dato Nara Karuppan to go lobby Anwar for license approval when Anwar was still the Finance Minister in your 1997/1998 cabinet?

3) Could you swear on al-Quran that you were not aware of any womanizing deal which happened in Tivoli Apartment with Dato Nara Karuppan serving as the middle man? Could you swear also that you were not aware that the Police had twisted and turned the womannizing deal into a sodomy deal based on either your implied hint or your straight-forward and open suggestion or on any possible misunderstanding about your saying in 1998 by the Police officer who reported his investigation on Anwar to you in your capacity as the Prime Minister?

Anyway, I am glad that Tun can still remember your old acquaintance Anwar, even though Tun might not remember that Tun did allow Tan Sri Rahim Noor to send me to ISA detention camp in 1998. Anyway, I should be thankful to Tun since the ISA detention changed me spiritually and turned me to strongly believe in God. I always remember Tun, especially during Hari Raya Aidilfitri when "Maaf Zahir Batin" is the message sent by God to all.

Here are the further messages which I wish to share with Tun with holy purposes:

Mengingati TEMAN tanda persahabatan.

Mengingati MATI sumber kekuatan IMAN.

Mengingati AKHIRAT semulia-mulia INGATAN.

Dan mengingati TUHAN itulah ketenangan.

Memang benar apa yang di katakan Tun. Saya rasa ada tiga kemungkinan.

kemungkinan pertaman kejadian liwat sering di lakukan sehingga lupa semua details nya.Kemungkinan kedua dua2 pelaku menikmatinya dan tidak ada niat buat laporan polisi.Kemungkinan ketiga semuanya dusta sahaja tidak pernah berlaku.Tapi kalau tidak belaku saya tidak percaya kerana hanya mereka yang tidak siuman akan melaporkann kepada polis.Saya juga menyerahkan kepada pihak polis melakukan siasat yang professional.kalau kurang bukti dan kurang meyakinkan kes di gugor.

Dear Tun Dr Mahathir Mohamad,

Thank you for posting in Syawal.

This is indeed an interesting topic.

I have a friend who always forget his keys. You can imagine his predicament. Such as, standing near his car after a Friday prayer, and near the masjid, with cars not moving since his is blocking, and the car key he forgot, is at the tempat wuduk. To walk back, is about "20 miles hour away!"

I told him, the next time and the next, he shall proclaim, "Kat ateh meja makan ropanya aku letak konci kereta", He is allowed to sound like a leader proclaiming "Merdeka!" Then do what ever is necessary, when done, "Mana aku letak konci kereta tadi?"

So, I agree with you, when you wrote: So please try to memorise everything you do every day. Don't forget the details. It can be fatal for you.
By EddieAuthor Profile Page on October 2, 2008 7:01 PM

Human's memory is fallible.

Sometimes, we think that we know something well and we insist on it but in fact it is just a false impression. There is a trap in our mind.

As said by Edward de Bono: Perception is real even though it is not reality.

Can we trust our memory?

No, unless we record all the details we encounter in life in words so that no error will occur. This is plain nonsense because our time is too precious for doing this kind of thing.

Great post.

Assalamualaikum Tun,
By any standard your memory is well above average! For sure, yours is better than mine. Many people I have spoken to have said you remember a lot about history and were able to recollect a lot about what

happened in the past and not just about Malaysia. I believe what is important is to remember things that are relevant to the survival of our country. On this I rate you A. I have been wanting to write in your blog for quite some time. Now that I happen to be in front of my laptop and reading your latest blog, I better say something.

When you and your predecessors (except Tunku Abdul Rahman) were Prime Ministers this country was run pretty well. A lot of progress and development were made especially under your tenure. I have been your fan ever since I was a student and have benefited a lot from your tenure. However, when Pak Lah became prime minister, things have not been going well and a lot of people are very disappointed with him. You are definitely one of them. My concern is HOW DO WE ENSURE A GOOD SUCCESSION of leadership prevails in our beloved country.

Is our present system of choosing a leader and ensuring that he is the best candidate good enough? I tend to make comparison between how we choose a leader in Malaysia vs. how USA chooses their leader. Can we change or improve our system of choosing a leader (prime minister)? I believe we need to change the system to ensure that there is NOT another Pak Lah (or his equivalence) after this. Else, we would end up in another mess. The next time it happens you might not be around to write in this blog! I believe for someone to be a Prime Minister he should be tested thoroughly and be exposed to the public such that we (especially the voters) know that he is capable of leading us into the future. I noticed Pak Lah is WEAK in many areas such as communication, ability to comprehend current situations and answering questions. There are many other weaknesses I heard from others. These weaknesses would have been exposed if he were to take part in a debate with say Tengku Razaleigh! I believe something MUST be done to AVOID ANOTHER PAK LAH! Appreciate your comments and ideas on this issue please.

A very interesting article indeed. I am a law abiding citizen of this country. I will try to heed your advice. But my problem is, like some of the human race, I am partly colour blind. I cannot see green. I cannot memorise what I cannot see. This has always been at the back of my mind. Can this be fatal for me?

Thank you TUN

Salam Aidil Fitri buat Tun sekeluarga.

"In a court of law, if you fail to remember every detail of what you did on a particular day 5, 10 or 15 years ago, then you must be lying, you must be hiding something."

Saya selalu berfikir bahawa Mahkamah yang dikatakan adil itu sebenarnya tidaklah adil sangat. Sebab seperti yang Tun sebutkan di atas jelas bahawa Mahkamah tidak akan mempertimbangkan sesuatu kes itu jika tarikh sesuatu yang terjadi itu bercanggah. Atau keterangan sesuatu yang telah terjadi 5, 10 tahun lalu tidak dapat dipastikan lalu ianya terus dibuang dari perbicaraan. Inilah ketidakadilan Mahkamah yang dikatakan adil itu.

Contoh kes liwat DSAI. Sebahagian Hakim mendapati ada unsur-unsur yang jelas bahawa perlakuan sodomi telah berlaku tapi oleh kerana bukti tak cukup sahih maka kes sodomi itu terus dibuang begitu sahaja. Sebaliknya DSAI hanya disabitkan kerana kes rasuah ekoran dari cubaan menutup perlakuan sodomi tersebut. Disinilah ketidakadilan Mahkamah.

Saya katakan tak adil sebab mangsa liwat yang menanggung derita, cemuhan, diaibkan dan tekanan perasaan akibat kena liwat tidak diambil kira oleh Mahkamah. Dimanakah keadilan jika pemangsa bebas dan mangsa pula terpaksa mengharungi sisa-sisa hidup seterusnya dianggap sebagai pendusta kerana keterangannya dianggap bohong atau fitnah?

Bagi pandangan saya jika pun Mahkamah mendapati keterangan tidak cukup sahih tetapi ada sedikit bukti berlaku juga sodomi sekurang-kurangnya pemangsa wajar dijatuhkan hukuman minimal bukan terus buang kes tersebut. Dengan demikian mangsa setidak-tidaknya terbela. Itu baru keputusan yang adil. Tidak memihak kepada mana-mana.

Ini cuma pandangan saya bukan mahu menghina Mahkamah.

Selamat hari raya aidil fitri. Maaf zahir bathin.

Salam Tun, Selamat Hari Raya Aidil Fitri dan Maaf Zahir Batin,

- 1) It is rather ridiculous to remember everything in life, normal human just can't remember what shirts there were wearing last 15 days ago. But it is true when in court you can't remember something then people will associate it with lying.
- 2) Tun, in case of UMNO, the movement is in trouble now and not relevant to youngsters now since the power play from the branch, division, state and to the top management is very dirty.
- 3) Umno pilih ketua cawangan berdasarkan kriteria berdasarkan org yg boleh mempengaruhi org2 dalam cawangan tersebut dan juga di peringkat bahagian. Org2 ini samada mempunyai byk wang, atau org yang di'respect' sbb mungkin samseng, org hormat dan ikut apa yng diarahkan, mempunyai kuasa untuk mempengaruhi org.
- 4) Jarang sekali pemimpin ini dipilih berdasarkan kejujuran, dan org betul2 memperjuangkan aspirasi parti, sebab org yang lurus dan jujur akan sentiasa dipijak oleh ahli-ahli mereka.
- 5) Umno secara tak langsung menerapkan budaya rasuah dalam pergerakan bermula dari peringkat cawangan lagi, sebab itu lah maruah dan perjuangan ahli boleh dijual dengan hanya sehelai kain pelikat sahaja. Kebanyakan yg pegang jawatan bermula dari cawangan telah dijanjikan ganjaran jika sokong org2 tertentu dan menang untuk jawatan lebih tinggi dlm parti.
- 6) Kalau budaya ini diteruskan saya rasa UMNO akan pupus jugak satu hari nanti. Saya bukan org UMNO tapi saya sayang Malaysia dan berharap generasi akan datang tidak corrupt. Sebab ini lah golongan muda dan professional tidak sokong umno, nothing to loose. Please do something.

Thanks

Assalamualaikum & Selamat Hari Raya Maaf Zahir Batin Ayahanda Tun & Keluarga,

Hakikat perundangan sememangnya begitu, sesiapa yg bijak dan kaya dapat membeli peguam yg baik yg tahu menggunakan kelemahan perundangan untuk mempertahankan atau menyerang.

Pada hemat saya pengaruh DSAI telah tercalar disebabkan peristiwa kali "kedua". Ini adalah tamparan terhebat bagi DSAI walau beliau selamat pada pilihanraya Kubang Pasu, namun pengaruhnya telah merosot dikalangan ulama dan penyokong PAS.

Walau DSAI tidak bersumpah ianya cukup untuk masyarakat yg cerdik pandai menilai siapa sebenarnya DSAI. Tidak perlu kita berkempen utk menunjukkan kesalahan dan keaiban beliau utk kali ini. Ianya telah terserlah.

Apa yg Tun telah tunjukkan pada kejadian "pertama" mungkin tidak dapat mempengaruhi sesetengah org, tetapi kini ianya telah berubah. PAS tidak akan menuntut DSAI memberi penerangan tentang kejadian "kedua". Cukup antara mereka berkata "faham faham aje lah".

Saya percaya rakyat Malaysia belum bersedia mempunyai seorang PM yg sebegini.

Selamat Aidil Fitri Tun,

I used to remember things and event very well when i was young till mid-age around 42years, maybe i was trained as a medical assistant which a lot of brain tuning and memory to force into my small brain. Now i am 55 years there are so many things i forgot totally and at many a time yesterday happenings seems so hard to recall exactly, my wife and friends says i am old. I say "Hey, Tun Mahathir is same age as my mom and he give speeches, real good speeches locally or internationally alike without notes, straight from the mouth and facts are always correct...how?"
Tun you are one person in my life that i think have memory like what the saying, "memory of an elephant".
Stay strong Tun

Salam Tun,

Begitu juga dengan ramai pemimpin2 UMNO dan BN sekarang. Mereka telah lupa, atau pura2 lupa, atau berfikir orang lain telah lupa bahawa suatu masa dahulu semasa Tun Mahathir menjadi Presiden UMNO, Pengerusi BN dan Perdana Menteri Malaysia, mereka begitu menyanjung dan memuji kepimpinan, visi dan idea2 Tun, walaupun mereka sedia maklum bahawa Tun tidak pernah menuntut sanjungan dan pujian daripada mereka.

Kini setelah Tun tidak lagi menjadi pemimpin negara, mereka langsung lupa akan memori2 cinta mereka terhadap Tun, semata2 kerana teguran2, nasihat2 dan kritikan2 Tun terhadap kepimpinan Abdullah Badawi yang begitu lemah, lembab, bengang dan flip-flop yang telah menimbulkan kebencian kepada rakyat. Bagi mereka, zaman Tun sudah berlalu dan mereka menganggap Tun sebagai pengacau.

Kini terbukti kebanyakan rakyat yang cintakan keamanan, kesejahteraan ekonomi dan kestabilan politik terus menyokong tindakan2 Tun. Mereka sanggup mempertahankan Tun untuk mendedahkan segala kepincangan Kerajaan Abdullah Badawi dan konco2nya. Buat seketika konco2 ini berapi2 sanggup mencaci, menghina dan mencemooh Tun semata2 ingin membodek Abdullah Badawi dan mempertahankan jawatan2 yang mereka perolehi. Namun, mereka ini akhirnya tidak mampu lagi melawan arus suara rakyat.

Konco2 ini, seperti Khairy Jamaluddin, Nazri Aziz, Sabri Cheek, Zaid Ibrahim, Zahid Hamidi, Alwi, Anuar Musa, Shahrir Samad masih berusaha untuk melengah2kan peralihan kuasa, malah ada usaha untuk cuba mengekalkan kuasa Abdullah ataupun mengangkat menantunya sebagai Ketua Pemuda. Peraturan2 perlembagaan UMNO dijadikan permainan untuk mencapai cita2 ini.

Mengenai kes sodomi Anwar Ibrahim pada tahun 1998, ramai penyokong2 beliau terutama golongan muda tidak mengetahui bahawa hakim2 mahkamah mendapati ada bukti2 yang tidak dapat disangkal bahawa kelakuan salahlaku seks beliau dengan Sukma dan Azizan. Anwar hanya dibebaskan kerana mangsa2 Anwar lupa atau tidak ingat waktu yang tepat bila kelakuan2 tersebut berlaku.

Walaupun kini sudah berusia 83 tahun, namun ketajaman fikiran dan memori Tun masih mengatasi kebanyakan pemimpin2 sekarang yang tiada memori lain selain kuasa, jawatan dan harta.

Salam Tun,

This is the beauty of our law, and the wisdom of our learned Judge, no one can comment on them because you may be charge for contempt of court. Anwar Ibrahim's sodomy case with Azizan is a classic example, Anwar was acquitted due to Azizan's failure to remember the exact date and time of the incident.

The great Bar Council Chairman and its committe will never dare to comment on this sort of cases, they will shout and shout when dealing with racial issues and Islam.
By asamdidaratAuthor Profile Page on October 2, 2008 8:03 PM

Tun,
why do I get the feeling that this post has a hidden message to it?

Especially paragraph 9. You're trying to say something, aren't you, Tun?

Or maybe you're not. Maybe I'm being too suspicious. My memory's quite bad too I don't even remember my sisters' birthdays or even my parent's age, but strangely I remember vividly what some people who pass by me, strangers or even relatives and friends, what they wore on the last time I saw them. I remember this woman walking past me about many months ago in Mid Valley wearing this particular black dress with geometric prints on it. Then I bumped into the same woman again just during my last visit to Malaysia which was on Ramadhan this year. She wore the same dress, she had the same blonde hair. The human nature is funny, no?

Tun, how was your raya celebration? Our's is always dull. Betul kata orang, hujan emas di negeri orang, hujan batu di negeri sendiri.

Bak kata orang, di mana bumi dipijak, di situ langit dijunjung. Tapi masalahnya, saya tak mau junjung

langit Brunei. Raya expired. Hari Khamis baru raya. Pelik.

Assalamualaikum Ayahanda Tun n Bonda,

guess i hv the same problem as you do! n may b worse!! i'm very weak at remembering dates n details of occasions. of course i remember the birthdays of my family members but in case of details on other dates n events i cant guarantee anything...let alone to remember the colours of clothes or names of people i rarely meet. my weakest point is number plate..i cant remember even after a short term encounter! so if i were to become a witness to give evidence in court i would face a lot of trouble , i say....

certain people keep a diary n write down every detail they experience on that day. it's a good step but how many of us keep track of what we do every day? i'm not keen in keeping a journal or writing in a diary so if things happen, i cant recount much...which makes me a bad witness...

Wassalam

Good day Tun,

First of all Selamat Hari Raya to you and your family. I can catch your point in this article. I am 38 but I have also problem remembering the dates but again I complement with my wife. They sure have powerful memories on the dates. Even though we may not remember our day to day activity, but I believe that each decision that we make which sometimes contradictory to our principle or for other people satisfaction will stay on our mind forever. We can remember that for the rest of our lives.

Wanita ni bila dia berleter/membebel saya rasa mungkin dia satu tindakbalas kimia/eletrik dalam otak yang menyebabkan dia mengingati perkara-perkara hahaha... bukan Tok Mah saja, mak saya, dan semua ibu-ibu lagu tu. Kita jarang jumpa ibu yang lupa perkara-perkara yang disebutkan oleh tok det. Memula dia akan berleter pasai satu benda, tapi tetengah berleter tiba-tiba dia teringat benda lain pulak, disambung lagi yang lain pulak, tu yang jadi panjang berjela.

Being sarcastic in comments cannot be helpful to anybody and creates a bad impression on the blogger himself. It is virtually impossible for any human being to remember everything especially trivial things mentioned by you. The issue is the relatively important things (therefore touched upon by the courts) are the ones at issue and to claim ignorance appears questionable. We all remember important things worth remembering!

Certain people never seem to learn from the past (maybe because of memory problem too) and up repeating the same transgressions.

I think there's a saying that history will repeat itself from those who don't learn from it.

asalamuailkum Tun, Selamat Hari Raya..

Itu lah yang dipanggil undang-undang, "Rule of Law", banyak peguam buat duit atas 'loop hole' yang ada didalam undang-undang ciptaan manusia ini. Kita masih boleh 'kelepiaq' jika tiada saksi dan berjaya membuat 'reasonable doubt' serta 'hear say'. Ini yang Zaid Ibrahim dok laung-laungkan tu. Jika Orang Kena Tahan (OKT)tu orang miskin, adakah dia akan dapat tilam ketika dok dalam lokap? Makanan Anjing? Dok lokap.. nama pun lokap, bukan hotel. Siapa peguam yang akan membantu mereka? Zaid and Co ke? Di mana 'Justice For All'? Di mana 'Hak Asasi'? Zaid tu dah kaya, Kapral Singh and his Children juga kaya, mereka sudah tidak heran dengan duit, la depa cari nama. Adakah 'Lord President' tu malaikat, tiada dosa? Nak buat macamana, ia adalah sistem, we have to live with it.. apa-apa pun Tun, Saya bimbang nasib bangsa.. Walauapapun, Melayu adalah Tuan Tanah Ini! Teresa Kok pada pendapat saya dah lebih.. dia turunkan tanda nama jalan yang ada tulisan jawi dan di gantikan dan tulisan Cina dan India, simbolik, apa lu boleh bikin? Saya rayu orang-orang Cina, nanti KITA susah, rumah dan kereta kita yang cantik itu akan kena bakar! Jangan main api, orang-orang kampung dan orang-orang biasa tidak berfikiran liberal, mereka konservatif lagi orthodox siap ada yang extreem. Bahaya, for the sake of the country, please stop it..

Sir,

You know that's the reality of how lawyers would crucify someone for being unable to recall details of events that occurred a long time ago. Then they use that memory failure by the accused to condemn he/she. People have condemned you for being unable to recall details of certain events that you were allegedly involved in. They say you can remember numerous things past but not particular stuff connected to certain issues. So you must be lying. That perception is already ingrained in the minds of people at large. They believe you must be not telling the whole truth. I am at a loss what to say about it but I believe you are being simply honest. Everyone must take this at face value and give you the benefit of the doubt. You did the nation proud and that's what matters most. Not like DSAAB!

I'm amazed at your revelation of Tun Siti's sharp memory. I mean I'm amazed at her mental prowess. For an elderly person, she's truly super human. I bet she'll put many a youngster to shame. I can't wait to see you and Tun Siti soon at your open house.

even if you're at the right side..

you will lose if you're going against the goverment..

just like my late father's case, rizal boss abdullah (now allahyarham) versus penang port comission & the goverment..

he lost the case after a long 22 years fight..

my pity goes to my mother whose now has to continue fight on behalf of my late father..

dear tun, it's true that a reasonable man cannot remember much the particular date 10 or 15 years ago but in my opinion, if someone forgot the date when he had being sodomized a few months ago is totally 'another story'. anyway, keep on writing tun. malaysia still need your idea.

By Naz Yusof on October 2, 2008 9:56 PM

Assalamualaikum Tun,

Your writing has never fail to enlighten me. It is true that we should have good memory. But to remember every single details of our life could be impossible. The fact that it could be use as a weapon to accuse us as lying (for not remembering) is simply mind blowing....

I just hope that i will not be caught in that situation...if not I should start carrying a video camera around to record every second of my life....that would be interesting...wouldn't it?

If people start to accuse me doing (or asking questions) of things that I have no memory of, I could just search the time and date of the event in my recordings and find out what was i doing at the time..... :)

Reading your blog make me realised how easy we are manipulated by the people 'up there' just so that we only see and hear what they want us to believe.

Thank you Tun for opening the other side of the story.

To Tun and family....Selamat Hari Raya Aidilfitri

Good evening Sir, i think you are trying to relate to the current case that involves our "possible" future prime minister. As a fact, i'm not a lawyer nor have i ever taken any course in university that relates to law in particular.

That said, though i have not read any reports on the Anwar case, i do think that in any court involving any case, the question that is asked by the lawyers havd to have a certain degree of relevancy. If the situation is just like you implied, then there would not be any successful prosecution of any criminal. In my opinion, if i were the judge of the sodomy case, i would dismiss questions that are of no relevance to the case. But of course there is a certain limit and also a standard as to what kind of questions that are irrelevant. For example, the colour of the room where the act took place, it is relevant as the victim is very unlikely to have forget that. What clothes the accused was wearing is also relevant as the victim should be able to see those. But if the defence ask questions like what kind of flower was in the corner of the room when the act took place, or what colour was the knob of the drawer that is in the room, or what if the drawers were opened or closed during the act...such questions are irrelevant, and in my eyes are just questions that want to say that the victim could not remember the detail and in your words, lying. And if the truth is that a victim is expected to remember ALL details of a particular crime, then i'm close to 99% sure that for

all cases in the future, the accused will be freed. All i had to do was to ask as many questions as i can to the victim, and when he/she cant remember, then my criminal is freed.

Mungkin benar, dengan permainan kata-kata kita dapat mengelakan daripada kita menjawab satu-satu soalan. Itu dipunyai oleh individu yang tertentu. Bagi orang yang lurus bendul dalam keadaan tertentu mungkin akan menyebabkan dia terperangkap dengan keadaan.

Apa perasaan Tun sambutan hari raya tahun ini?
Apa keinginan yang Tun hendak lihat Malaysia pada masa hadapan?

Hi Tun

I agree with the fact that man & woman complement each other, that's explain why Allah created human as such...

Salam Aidilfitri to Tun & family...

Semoga Aidilfitri ini membawa sinar kebahagiaan & rahmat buat kita semua, insyaAllah..

(and may more husbands remember their anniversary dates! :))

Dear Tun,

Selamat Hari Raya to you & your family. Maaf Zahir Batin! My opinion is ok if Tun can't remember on dates! As long you are not like my ex-bos.....He will forgotten or maybe pretend not to remember that he owes anybody money. But if people owe him money. He will make sure he will get it back at any cost.....

Dear Tun,

Its quite difficult to comprehend the motive of your article this time, Tun. But going by the last sentence I am inclined to ask - Is the legal system really that rigid?

But I would like to add that perhaps we can relook the legal system we have right now. It is the BEST dispenser of Justice? Is the adversarial approach the best model to ensure Justice is done and be seen to be done.

What other models can we have to ensure this? Lets get down to basics. At the end of the day the real goal is to get to the truth of the matter. But the truth is that TRUTH is relative - it depends on the perspective of the beholder. Except for material things anything else is subject to preceptions.

What is truth to one person may be a lie to another. For example to Hindraf ISD is bad, especially when one of theirs is a victim of which. But to most people in the street, it is good if it ensures public safety and security for them to go about their normal lives.

So how does a Judge or Panel of Judges ensure he/they dispense justice when he/they make a judgement? Obviously he will need to weigh all factors including public perceptions and effect on public order. After all thats what they are suppose to do - keep public order thru ensuring law and order. So which come first Public order or law and order?

The former is the top concern for people in public office - including the Judges. Law and order cannot be onto its self - it must serve a higher purpose of public order.

Will it serve the judges better if we go away from the adversarial model to one where the parties work incollaboration to get to the truth and to lay down all the perspectives and factors to come to a really just outcome to serve the public good.

Just my 2 sen worth.

saya amat bersetuju dengan pandangan Tun ttg kejadian manusia yang dijadikan berpasangan "ada lelaki dan ada wanita", saling lengkap melengkapi. Cuma ada masanya bila ALLAH berikan ujian kenalah sabar menghadapi ujian dan berkomunikasi dengan pasangan, insyallah bahagia ke akhir hayat, bangga jg bl lihat kemesraan Tun dgn Datin Seri...

Salam Aidilfitri buat Tun dan seluruh rakyat Malaysia.

Salam Tun dan Toh Puan.

Apa yang di katakan oleh Tun adalah benar.

Semasa saya masih kecil, saya teringat kes tarik kain / tunjuk kemaluan di kedah, semasa itu ada pilihanraya kecil...dan mangsa dia adlah puteri UMNO. Tun memberi komen di atas tindakan mahkamah membebaskan tertuduh kerana maNgsa tidak ada kain tertuduh dan tidak ingat warna kain tersebut dan tiada buktik kain yang dihadapkan di mahkamah. Nampak dengan jelas Mahkamah hanya pandang perkara yang mudah....tidak mahu berfikir sebelum keputusan dibuat.

Keputusan mahkamah boleh kita cabar! tidak semua keputusan yang arrif adalah betul.

Tetapi sudah menjadi budaya rakyat malaysia tidak melawan balik keputusan mahkamah. mereka lebih redo, takut-takut kena hukuman lagi berat!

Saya pernah menghadiri kursus...dan salah satu latihan yang dijalankan adalah melukis jam tangan kita sendiri tanpa melihatnya. 100% peserta salah lukis jam tangan mereka sendiri walaupun sudah lama pakai. Nampak dengan jelas, manusia tidak ingat semua, manusia bukan ada memory yang boleh disimpan selama 200 tahun. ADA PERKARA YANG LEBIH PENTING!

Tindakan mahkamah membuat keputusan berat sebelah adalah satu perkara yang amat menyedihkan. Kita perlu kan mereka membuat pengadilan dengan sama rata dan betul.

Banyak kes mahkamah yang telah dibuat keputusan tidak boleh dibaca oleh masyarakat. Nak mendapatkan maklumat nye susah.

Saya berharap Tun dapat melakukan sebarang tindakan bagi menyedarkan hak kita sebagai manusia di dalam sistem perundangan.

Tun kami rindukan Tun .
Tun kami rindukan sentuhan Tun.

Kami nak Tun jadi PM semula.

HIDUP TUN! HIDUP TUN! HIDUP TUN!

Selamat Hari Raya Tun

I'm not sure where you are heading with this posting. A normal man or woman who is asked to testify on a court of law is usually asked to do so on incidents that are momentous in their life.

Therefore they in general will be able to recall the important aspects of the incident. This important aspects are what i believe lawyers call as "material events"

If the event is not material to the case, then a memory lapse will not be fatal. The examples you gave that a person who was sodomized must remember the colour of the room and the size of the bed would not usually be material and therefore not fatal to the case in hand.

However if a person is being accused of corruption of awarding a very, very large contract to a businessman. This person then met that businessman for dinner in an exclusive restaurant in a neighboring country a couple of days before the award. If this person were asked what the meeting was about in a court of law and the answer given was, "I can't recollect" then it is possible that this person accused of corruption will be looked upon suspiciously by the court.

This is my humble opinion and Tun with your great wisdom might be able to find a lot of flaws in it.

Although I agree as it is close to impossible to remember every detail in your life. Age certainly does not help the process of retaining information either.

However, a traumatic event like sodomy is rarely forgotten by the victim unless of course he has had many sexual partners in the past. Being sodomised is hardly something that one would forget easily. Unless the event has been so traumatic that he decides to blank out the events.

Many would agree that things do not add up in the sodomy allegations. I will not elaborate further.

Salam Tun,

First of All, Selamat Hari Raya Aidil Fitri, Maaf Zahir & Batin. May ALLAH bless you. I just wanted to know one important matter, whether Anwar Ibrahim is really "Suka Main Belakang Orang" ? Nampaknya rakyat terutama orang-orang melayu masih 50/50 dan perlu cukup bukti yang kukuh. Pada saya dan dengan

pendapat ulama-ulama yang menentang sumpah laknat yang dibuat oleh Saiful, menjadi satu tanda tanya adakah benar-benar beliau melakukannya ?

Satukan semula orang-orang melayu yang telah jauh tersimpang, InsyaAllah.

Firstly, SELAMAT HARIRAYA IDILFITRI, maaf zahir batin. Your subject on human memory seems to relate to the Saiful sodomy case. You try to warn him and the team to be prepared for the twist and turn of defence lawyers. That's how they survive in the world of justice. But God knows whose right. The court may prove vice versa but you can't escape God punishment after death. If you are wrong but proved right then you will be in Hell though worldly you are innocent. Dr M, do believe in God's will. Accept whatever verdict the court decides. Kadzo dan Qadar, then you'll sleep tight. Simple advice.

Assalamualaikum

Happy Eid Mubarak Tun,

First thing first Tun, Don't forget your wedding date (kata kawan saya Tun, kalau terasa Handphone Tun nak terbelah dua, cuba2 lah.. hahaha).

BTW, I met you once in Malaysian Hall, London back in 2002 (If I not mistaken, still forget to remember the year). Anyway, I still keep the picture of yours & your wife with my baby and my wife. Reading today story make me smiling. You're right Tun, I am 32 years old and have 4 kids. Sometimes I could not even all my kids birthday. Except my wedding date 010101.

Talking about memory, I know that blind people have a good memory just base on the people voice. I heard professor Dr Ismail story from friend on him where they met again after more than 20 years in the airport. This guy just say Ismail name, and he straightaway recall this guy name. Blind people surely have a very good memory kalau nak compare ngan kita yg cukup sifat.

Saya rasa le Tun, memory nie semua ada kena mengena ngan otak kanan dan kiri dan cara penggunaannya antara lelaki dan perempuan. Daya ingat otak kiri bersifat jangka pendek (short term memory). Sah2 le perempuan nie byk pakai otak kanan bebanding kita lelaki yg suk pakai otak kiri. Tu belum cerita otak depan otak belakang lagi.

Apa pun, saya pernah ler terbaca article, kalau terselisih dengan kawan lama dan kita lupa nama dia. pakai le otak belakang. saya yg sudah lebih 15 tahun meninggalkan sekolah menengah mmg tak menafikanler kalau jumpa kawan, sure saya boleh recall nama dia.

Tun bile nak tulis pasal pembelaan utk golongan macam saya nie, bapa mertua saya bukan nye mcm bapak mertua KJ. dan saya tak minat politik, tapi minat berniaga. Tapi hutang masih byk (hutang belajar). Ekonomi makin teruk. Dapat untung buat project kecil2 pun kalau share kawan2, dapat le selesaikan hutang sikit2. Saya rasa gaji saya yg belom jejak 3K (fresh graduate Tun) nie mcm tak sesuai duduk di Malaysia. Nak beli kereta baru apa tah lagi. Pengalaman saya tinggal di UK selama 7 tahun tanpa bantuan keluarga atau biasiswa tidak ler seteruk sekarang tinggal di Malaysia. 3 hari gaji dah boleh abis bayar semua. I am spending money than I can save. Nak ambil life insurance pun belum tentu mampu bayar. camne Tun.

Note: Apa menu Tun open House agaknya? teringin nak pergi, nak tgk Tun yang beza 3 tahun kot ngan bapa saya.

Salam Dear Tun,
Selamat Hari Raya Aidil Fitri to you, Tun Dr Siti Hasmah and the family.

I'm of the opinion that if we want to remember something so badly, we should make an effort for it. Dates for instance. We use computers, PDAs, smart phones and Blackberrys for that matter. Or we can use the good old diary and planners. I understand that keying-in the details can be a pain sometimes. So Tun Dr Siti does the memory work on dates so that you can focus on remembering other important things.

I remember reading the judgement of the Federal Court on Anwar Ibrahim in 2004 and wish to share with the visitors of your esteemed blog, with your consent, the following statement :

"Forgetfulness and failure to recall exactly certain events, which did not seem to be important to the witness, do not necessarily shake his credibility or render other parts of his story unworthy of belief. Various persons are endowed with varying powers of cognition, attentiveness and perception, so that it is not uncommon for two witnesses to a common event to describe it in slightly differing versions."

So, it's okay to forget the nitty-gritty details, I gather. It's not that you're lying. It's just that you don't remember. With due respect, I don't think even the Bench has the "proverbial photographic memory".

On a different subject, would you enlighten us about the ISA and in what situation can it be applied?

I wish you and Tun Dr Siti Hasmah the best of health.
By mekyam on October 2, 2008 11:51 PM

Actually Ayahnda, some particular power-hungry and self-serving Malaysian "leaders" -- many of whom are years younger than you -- not just "mudah lupa" but they also "mudah lupa daratan"!

Many of their fans don't realize that these pretenders lead people on more than they lead.

P.S. Would like to salute Jed Yoong's exceedingly sharp memory of what didn't happen on September 16, 2008! Hahaha!
By Green on October 2, 2008 11:51 PM

Greeting Tun,

Selamat Hari Raya Aidilfitri, Tun.

I learn something lately in a cartoon movie, regarding Past, Future & Present.

Past is history, cannot change it now.
Future is a mystery, it for us to find out.
Present is now, everyday is a gift to us, so it is call PRESENT!

We all cannot remember things that happen for the past hour, unless we really wanted to do so. To remember in details? Yes, if I have a DV recorder, ha!

Good health, Tun. Looking forward to your open house.
By 8007 on October 2, 2008 11:54 PM

Salam aidilfitri TUN,

looking forward to your open house on the 5th i think....
Talking about memory....i still remember when i was studying in the secondary school i try to learn about Malaysian politics.....it all because of one person Anwar Ibrahim..people says he a very good speaker...smart and always says the truth. He also then the Education Minister...introducing KBSR and KBSM the system which i grew up with...at first i think the people was right so i listen to his speeches and interviews in the newspaper and tv. After a while i've learn malaysia and the world civilisation history...and i conclude that malaysia is very unique and conventional system cannot be use for future planning of malaysian society..we must create our own system...and the basic is the national language which then known as Bahasa Malaysia. Then this guy change the name to Bahasa Melayu which i think the start of the racial rift in Malaysia...the other race i see start see this language as the language for the malays not for them as malaysian ...but people say it is a good idea..memertabatkan bahasa melayu...thats when i decided not to support BN. Today i see the national language is english and more non malay have difficulties to speak in BM which is weird it should be otherwise. i know then until this guy in BN i will not support BN.....until you kick him out (1997/8) i thought at last somebody sees the true him. Its late but better late than never. Now he try to be PM again...my worries come back....making thing worst the current leader are to weak and short of ideas to fight him...i think you are the only one can do this(respect and reputation)....and i think u must, for the sake of all of us the future...Malaysia with Malaysian (future) not the Malaysia with Chinese, Indian & Malays.(pre-independent)

Selamat Hari Raya Tun and family,

It seems that my earlier posting is blocked so here I go again.
Your post this time is very subtle, it makes me ponder your actual intent. Again you are three, four steps ahead of everybody and I am left guessing of your hidden motif.
I heard somewhere that when we aged, the number of our brain cells don't rejuvenate thus we have to make do doing our usual things with whatever brain cells we have. That forces our brain cells to work harder and thus our brain learns to prioritize, select more important events to remember while removing the less trivial matters. That makes it easier for the brain to function otherwise our brain will be jammed with excessive redundant information or "hang" much like a computer. Oh sorry Tun, forgot that you are a doctor.
Well I guess I am in the same boat as you are and my wife remembers all the birthday dates, anniversaries,phone numbers,bills, anything that has to do with numbers she'll blurt it out promptly. Man and woman are special in their own ways.

Tun, I wish you all the best and do keep on writing to keep us all informed and inspired. Selamat Hari Raya and my best regards to you and your family and most of all, take care Tun.

Sir, you are the best.

Dear Tun,

'Selamat Hari Raya to you and family'

Forget and remember.

Tun selalu 'ingat' sindir DSAI dalam tulisan. DSAI 'lupa' tentang Tun dia tak sebut sebut pun. Dua dua ini bukan perbuatan orang dah tua ingatan semput. Ingat dan lupa are 'conscious' actions - perbuatan sengaja. We determine which things to remember and which to forget.

Kalau 'lupa' kita patut pandang pada orang yang 'ingat' mcm Tun pandang isteri. Walau Tun dah lupa banyak benda mcm video, berita lama, orang lain boleh kejutkan ingatan kembali. Tapi Tun mahu lupakan bukan tak ingat. Lagi nak salahkan ..

We don't expect 'total recall' from Tun but 'TOTAL LOSS???' Ingatan Tun masih kental kalau hari kedua raya 'guns blazing'.

By samuraimelayu on October 3, 2008 1:29 AM

SALAM AYAHANDA RAKYAT TUN,
IZINKAN,

5. But with age our memory fails on details. Some brilliant people can remember what they did on a particular day 10 - 15 years ago, remember every detail, including the words they had spoken and the people they met etc. I am not among these people. I remember some events in which I was involved but

only vaguely.

...

MAY WE JOIN THE CLUB.

BUT WE BELIEVE AYAHANDA WILL NEVER FORGET ALL THE BASICS AND BASIS OF KNOWLEDGES SINCE ATTAINED AND THE FOUNDATIONS OF WAWASAN 2020 FOR A DEVELOPED MALAYSIA.

WE HAVE THIS TO PONDER

WHAT'S HAS BEEN 'ACQUIRED' VIA THE BRAINS MAYBE 'FORGOTTEN' BUT

WHAT HAS BEEN 'PROGRAMMED' IN THE SOUL WILL BE 'STORED' IN THE MEMORY PERMANENTLY.

'ZERO' TO THE POWER OF INFINITY!

I REMEMBER I REMEMBER I REMEMBER.....

The day was 1982 at UKM (Universiti Kebangsaan Malaysia). I was one of the representative from JB travelling with a group of 2 buses just to attending the big gathering. We were all school students that day. That time was the general meeting of GPMS and u Tun as the advisor of GPMS or Penaung...came down and give a speech and also we had this big picture taken and I was standing just 2 role behind you. I DO REMEMBER...when you walk out the hall after your speech..i got to SHAKE YOPUR HAND..and i said to my self ..GOSH YOUR HAND WAS SO SOFT ...REALLY SOFT.....

and that was the first and the last I saw you "live" with my bare eyes..and I dream of meeting you again and taking picture with you.

But since you dont like ppl just going to your office for a picture taken...I think I wont get a chance to take picture with you.

But I wont give up my ambition.....Maybe I got that chance one day.

anyway...I remember you...coz that day was very special to me to remembered.....and nobody can take the memory away from me..and let it be with me till i died.....

Tun I love you..and your soft hands still there for me to remembered.

However, with a sad note let me tell you this....I personally feel, call it my gut feeling or whatever, that during your last years as Prime Minister of Malaysia, there were people who used and abused the connections they had with you resulting in your present predicament!!! All I will say to these people is this - PAYBACK TIME IS JUST ROUND THE CORNER SO PLEASE FASTEN YOUR SEAT BELT LEAST THEY GET BLOWN INTO OBLIVION!!!

I am deeply feel proud of Tun Dr. Siti Hasmah, as you are being as Prime Minister for 22 years, I never see any advertisement about Tun Dr. Siti Hasmah. She is one of the person who doesn't like to show off and contributed a lot to the nation and world.

Who really care about her, to be honest? Everyone know who's the best!

Assalamualaikum WRT,

Kepada Ayahanda Tun,

Bercakap tentang memori atau ingatan ini, orang kata kalu kita nak kuat ingatan kita makan kismis, madu dan kacang pistachio.

Di sini saya ingin mengucapkan Selamat Hari Raya kepada Tun dan sekeluarga. Semoga perjuangan Tun akan berjaya untuk mengembalikan negara kita ke arah kestabilan ekonomi, politik dan sosial dengan pengaruh Tun yang ada dalam UMNO meskipun Tun sudah hampir 5 bulan keluar parti.

Saya harap, agar Pak Lah segera TURUN dan Tun segera kembali kepangkuan parti UMNO yang masih memerlukan idea dan sumbangan Tun kepada agama, bangsa dan negara.

Wawasan 2020 takkan tercapai sekiranya orang seperti Pak Lah, kroni dan menantunya bertakhta dalam kerajaan.

Dengan pengaruh Tun, saya harap agar orang UMNO sedar dan pilih pemimpin yang boleh membina negara ini dengan jayanya.

Dear Tun,

There are so many other crimes to cite as example but why sodomy? Asking a sodomy victim to memorize every details is nothing but an attempt to mock at the law. Or perhaps a little insensitive to the victims of real sodomy. No courts of law will require a traumatized victim to have to have a photographic memory of everything surrounding such attack. In fact, if someone could recollect everything, it must a trumped up sodomy, at least in the Malaysian context.

By wari66 on October 3, 2008 5:20 AM

Heard of Anwar doing sodomy since school,university... continuously...
Anybody bold enough who can confirm?(especially the partners...heh!

SALAM,

Akal merupakan kurniaan terbesar Allah s.w.t kepada manusia yang membezakan darjat manusia dengan haiwan yang kedua-duanya mempunyai nafsu.
Tapi malangnya manusia kebanyakannya hanya menggunakan 10% daripada anugerah yang di berikan.

Saya setuju dengan nombor 9. Yang mana pemangsa mungkin menganggap mudah untuk melupakan sesuatu dan lebih-lebih lagi jika kejadian itu sering dilakukannya, tetapi tidak sebaliknya bagi mangsa yang trauma. Atau mengalami sesuatu peristiwa yang luar biasa.
Jika seseorang itu tidak ingat maka berdusta lah dia.

Kita sering lihat di Filem atau pun di televisyen yang mana mangsa-mangsa trauma, atau saksi-saksi sesuatu kejadian itu mampu menceritakan semula setiap plot-plot kejadian itu dengan begitu jelas setelah di hipnosiskan

Seseorang yang tidak mengingat no plat kenderaan penjenayah mampu menyebut kembali no plat tersebut setelah di hipnosiskan

Dan juga kita pernah mendengar orang mabuk tidak mungkin berbohong begitu juga orang yang dalam keadaan High kesan dadah.

Seorang perokok tegar mampu menghentikan tabiat nya.

Seorg yang gemuk mampu kembali kurus.

Mengapa begitu?

Setiap orang mempunyai minda bawah sedar antara 90% kemampuan otak yang lain yang tidak digunakan dan dijelajah.

Minda bawah sedar ini juga mampu digunakan untuk mencapai kejayaan hidup.

Bagaimana miskin boleh menjadi kaya, gagal menjadi berjaya. Lemah menjadi hebat secara tiba-tiba walaupun asalnya mereka hanya manusia biasa seperti kita.

Ini berlaku apabila Kita berjaya memprogram minda bawah sedar kita dengan konsistennya

Kebanyakan orang yang begitu hebat juga secara tak langsung dan tidak disedari atau disedari sudah terlatih menggunakan minda bawah sedar

DAN TIDAK RAMAI MENGETAHUI YANG MINDA BAWAH SEDAR KITA SEBENARNYA MAMPU MERAKAM SERTA MEREKODKAN SETIAP KEJADIAN YANG BERLAKU BERLAKU DALAM KEHIDUPAN KITA TANPA BERKURANG SEDIKIT PUN SEJAK KECIL HINGGA KINI

Dan antara cara untuk mengaktifkan dan memprogram minda bawah sedar kita adalah Hipnosis, Yoga, meditasi, bertapa dan bertafakur serta kundalini dan berbagai lagi

Maka tidak hairanlah mengapa seseorang yang dihipnosis atau bertapa,yoga mampu melakukan sesuatu yang luarbiasa serta membahaya. Boleh terapung diudara, tidak lut senjata, menarik kenderaan berat.

Serta hypnosis yang dikendali oleh pakar hypnosis/psikologi mampu digunapakai untuk mengendalikan sesuatu kes jenayah.

Sebagai seorang islam, Meditasi cara sufi serta Solat yang Khusyuk adalah terbaik berbanding cara lain.Yang mana mendekatkan diri kita kepada Pencipta sedangkan cara lain membuka ruang untuk

Syaitan memasuki dan mempengaruhi minda bawah sedar kita.

Inilah antara anugerah Allah yang tidak ternilai, dan bangsa lain turut mengkajinya serta harus dikendali dengan berhati-hati.

Tun setuju tak kata saya kata jika kaedah ini diperkembangkan meluas, ia mampu menjadikan umat islam dan juga bangsa melayu yang berkebolehan berjaya, dihormati dan disegani. Asalkan Umat Islam dimind programkan dengan betulnya.

Maaf jika saya tersilap tolong betulkan
Saya Budak Mentah yang baru cuba mengenal politik dalam beberapa bulan ni.
Tahun ni baru cukup umur mengundi. Haha
Selamat Hari Raya Tun sekeluarga.

Dear Tun,

Here are somethings for you to ponder about the so-called lawyers:

A lawyer is cross-examining a doctor on the stand about whether or not he had checked the pulse of the deceased before he signed the death certificate.

"No," the doctor said, "I did not check his pulse."

"And did you listen for a heartbeat?" said the lawyer.

"No, I did not," said the doctor.

"So," said the lawyer, "when you signed the death certificate, you forgot to take steps to make sure he was dead. Then, I shall assume that you are a forgetful doctor for not following proper procedure to sign the death certificate."

The doctor then replied, "Well, let me put it this way. The man's brain was in a jar on my desk, but for all I know he could be out practicing law somewhere."

Dear Tun,

Here are some of the questions and answers that we can expect to hear in court:

Q: What is your date of birth?

A: July fifteenth.

Q: What year?

A: Every year.

Q: This myasthenia gravis-does it affect your memory at all?

A: Yes.

Q: And in what ways does it affect your memory?

A: I forget.

Q: You forget. Can you give us an example of something that you've forgotten?

Q: How old is your son-the one living with you?

A: Thirty-eight or thirty-five, I can't remember which.

Q: How long has he lived with you?

A: Forty-five years.

Q: What was the first thing your husband said to you when he woke that morning?

A: He said, "where am I Sai?"

Q: And why did that upset you?

A: My name is Jijah.

Q: Now doctor, isn't it true that when a person dies in his sleep, he doesn't know about it until the next morning?

Q: Were you present when your picture was taken?

Q: How many times have you committed suicide?

Q: She had three children, right?

A: Yes.

Q: How many were boys?

A: None.

Q: Were there any girls?

Q: Can you describe the individual?

A: He was about medium height and had a beard.

Q: Was this a male or a female?

Q: Doctor, how many autopsies have you performed on dead people?

A: All my autopsies are performed on dead people.

Q: Do you recall the time that you examined the body?

A: The autopsy started around 8:30 p.m.

Q: And Mr. Dennington was dead at the time?

A: No, he was sitting on the table wondering why I was doing an autopsy.

Please keep on smiling Tun.... I am very confident that the lawyers will good answers from you like above.

YAB Tun,

Law and the lawyers in Malaysia...hmmm, let me think...if my memory have not failed me I am recalling these names (the moment my eyes registered the word lawyers somewhere in my brain neurons or whatever).... Zaid Ibrahim, Karpal Singh, Gobind Deo Karpal Singh, all the judges who took the so called ex-gratia payments...

AND all I managed to utter is " sigggghhhh...."

I am sorry Tun, but your predecessor have ruined many things for the sake of his own and his family progress. I guess he will defend himself later with a very lame answer like, " I wanted to be a good father".

I pray he will step down soon. Even March next year is too long in my opinion. Why? ...Well, frankly you cannot trust whatever the guy commits... he discontinued ongoing major projects despite assuring you he will not, he said he will bring transparency but look at how he handles his son in law and sons involvement ? He said he wants to reform the judiciary...instead he reformed by paying them money to support him and condemn a past PM i.e you. He said all the petrol price will remain but instead it went up and up then down and down. He said he wants to manage the budget deficit, but now he lets inflation runs loose. He said everyone is free to talk in UMNO, but he denied you your right by allowing money politics.

He said he will leave in 2010 and now postponed the party election to March 2009. Everyone assume he will leave by March, but be mindful, he did not say anything about leaving by then....

So...conclusion, this guy cannot be trusted. And note, thats only talking about him...not his Son In Law yet....

Dear Tun,

The capacity or the lack of to remember and forget is a gift from God which we human always late or forget to appreciate. As you said the inability to remember details can be fatal to you and The gift to remember details can be fatal to you. I believe it goes both ways. Can you imagine if you can remember every details of the not so good things that happen to you? I think you can go crazy. I am so grateful of my current state of memory capability. It's pretty balance because I'm still a sane human being. Of course your spouse can get upset at times when you can't remember special dates, events etc but I guess that's OK because that is what make married life interesting getting into small argument with your spouse.

Your message today has got double meaning as always. Whatever it is I believe the truth will prevail eventually.

Selamat Hari Raya Tun.

By cakkuncak on October 3, 2008 8:02 AM

YAB Tun,

I have a question, that I sincerely hope you can reply despite your extremely limited time available.

I am a Kedahan Tun and I have this idea on ways that the Kedah state can effectively eliminate poverty in the state and develop the state aggressively.

I have the chance to present this idea to the PAS state Govt now...and if they are willing to listen, God willing this idea of mine will work.

My dilemma is...in my heart I wish I can deal with UMNO but reality showed me that UMNO are largely a group of spoiled brats who are out to be rich for themselves and themselves alone , forever. With due respect to Datuk Mukhriz, I am sure he have his plate full with the woes of the party now and the hopes of his supporter on him.

I personally have longed to see my state developed in such a way that I can be proud of it, and I have always believed that Kedah can achieve zero poverty in a very short time if only the leaders are sincere and committed.

For the few of your mistakes and flaws dear Tun, you have not failed the country or its people and thats why most of the rakyat still love and adore you for what you have done and continue to do for the people.

You have not failed UMNO too, but now the reality is UMNO have failed you and in turn fail us all who have laid our hopes and aspiration on UMNO.

I want to see change, and I cannot wait anymore...and the way I see it, if I have to deal and work with PAS, I do not see a logical reason why I should hesitate...

But I had to ask your opinion, because my heart still hope for UMNO despite it is fading extremely fast

Dear Tun Dr M,

Selamat Hari Raya.....

If my memory serves me correct.....

In 2004, you admitted you have chosen the wrong person to lead the country. You are to be commended for admitting such a mistake. During your time as the PM, everyone can walk safely outside of their home day or night without any fear of criminal activities but everything changed in 2004.

During the tenure of the current government, snatch thief crime happened day and night at the cost of the people security. The victim is the people like me who walked along the road falling victim to snatch thief.

I don't think everyone can afford a car and as such they have to walk to get the public transport. Snatch thief took this as an opportunity for them. Unfortunately the current government doesn't seem to realise this because his family have the luxury of bodyguards and drivers to fetch them around so they won't become victim of snatch thief.

Oh how I miss those good times when I can walk around everywhere without any fear!

Like you say there is going to be a turbulence in the economic situation in Malaysia, but unfortunately the current government doesn't seem to do anything to fix the problem. I am working in the equity dealing industry which is one of the victim of the current economic problems.

The people who suffered most are the average people on the street as they lost their job due to economy slowdown and things are getting more expensive. The leader of current government would not feel this as they have the luxury of everything.

Thank you for leading the country out of economic turmoil like you did last time. It was because of you, the country become what it is today.

mungkin Tun salah seorang darinya..
Semasa saya kecil saya masih ingat lagi saya berkunjung di Rumah Malaysia Jln Ampang untuk beraya bersama Tun.. masih segar lagi ingatan bagaimana saya cium tangan Tun.. akan tetapi sampai sekarang saya tak berapa mengingati tarikh bilakah ia berlaku.. tahun apa..? susah bagi saya untuk fakta angka atau tarikh.. yang saya ingat hanyalah saya dapat 50 sen.. yang itu saya ingat..

See, I forgot too!

Tun, I am not sure at all even when I am close up to both you and Tun Dr Siti Hasmah if both of you could feel the pride I have deep within my heart. Pride of being a Malaysian, and being a friend (I hope).

I am positively certain that the great lady has heard how much one of her late younger brother resembled her - humble and big at heart! I could never find the words to impress upon her that she never failed to remind me of his presence in our lives. He was a great man - as Tun Dr Siti Hasmah is a great lady.

Both of you means lots, lots to us as Malaysians. Our good karma that we have you both in our world, as our PM and 1st Lady. Not often can a couple be so dear, so great! If I "shy away" when Tun Siti Hasmah is nearby, guess why? I think I worry she does not think much of me...but, surely I am wrong. No?

Tun Mahathir, and Tun 1st Lady, my prayers with you both always!

SALAM,

Akal merupakan kurniaan terbesar Allah s.w.t kepada manusia yang membezakan darjat manusia dengan haiwan yang kedua-duanya mempunyai nafsu. Tapi malangnya manusia kebanyakannya hanya menggunakan 10% daripada anugerah yang di berikan.

Saya setuju dengan nombor 9. Yang mana pemangsa mungkin menganggap mudah untuk melupakan sesuatu dan lebih-lebih lagi jika kejadian itu sering dilakukannya, tetapi tidak sebaliknya bagi mangsa yang trauma. Atau mengalami sesuatu peristiwa yang luar biasa. Jika seseorang itu tidak ingat maka berdusta lah dia.

Kita sering lihat di Filem atau pun di televisyen yang mana mangsa-mangsa trauma, atau saksi-saksi sesuatu kejadian itu mampu menceritakan semula setiap plot-plot kejadian itu dengan begitu jelas setelah di hipnosiskan

Seseorang yang tidak mengingat no plat kenderaan penjenayah mampu menyebut kembali no plat tersebut setelah di hipnosiskan

Dan juga kita pernah mendengar orang mabuk tidak mungkin berbohong begitu juga orang yang dalam keadaan High kesan dadah.

Seorang perokok tegar mampu menghentikan tabiat nya.

Seorg yang gemuk mampu kembali kurus.

Mengapa begitu?

Setiap orang mempunyai minda bawah sedar antara 90% kemampuan otak yang lain yang tidak digunakan dan dijelajah.

Minda bawah sadar ini juga mampu digunakan untuk mencapai kejayaan hidup. Bagaimana miskin boleh menjadi kaya, gagal menjadi berjaya. Lemah menjadi hebat secara tiba-tiba walaupun asalnya mereka hanya manusia biasa seperti kita. Ini berlaku apabila Kita berjaya memprogram minda bawah sadar kita dengan konsistennya

Kebanyakan orang yang begitu hebat juga secara tak langsung dan tidak disedari atau disedari sudah terlatih menggunakan minda bawah sadar

DAN TIDAK RAMAI MENGETAHUI YANG MINDA BAWAH SEDAR KITA SEBENARNYA MAMPU MERAKAM SERTA MEREKODKAN SETIAP KEJADIAN YANG BERLAKU BERLAKU DALAM KEHIDUPAN KITA TANPA BERKURANG SEDIKIT PUN SEJAK KECIL HINGGA KINI

Dan antara cara untuk mengaktifkan dan memprogram minda bawah sadar kita adalah Hipnosis, Yoga, meditasi, bertapa dan bertafakur serta kundalini dan berbagai lagi

Maka tidak hairanlah mengapa seseorang yang dihipnosis atau bertapa,yoga mampu melakukan sesuatu yang luarbiasa serta membahaya. Boleh terapung diudara, tidak lut senjata, menarik kenderaan berat.

Serta hypnosis yang dikendali oleh pakar hypnosis/psikologi mampu digunapakai untuk mengendalikan sesuatu kes jenayah.

Sebagai seorang islam, Meditasi cara sufi serta Solat yang Khusyuk adalah terbaik berbanding cara lain.Yang mana mendekatkan diri kita kepada Pencipta sedangkan cara lain membuka ruang untuk Syaitan memasuki dan mempengaruhi minda bawah sadar kita.

Inilah antara anugerah Allah yang tidak ternilai, dan bangsa lain turut mengkajinya serta harus dikendali dengan berhati-hati.

Tun setuju tak kata saya kata jika kaedah ini diperkembangkan meluas, ia mampu menjadikan umat islam dan juga bangsa melayu yang berkebolehan berjaya, dihormati dan disegani. Asalkan Umat Islam dimind programkan dengan betulnya.

Maaf jika saya tersilap tolong betulkan

Assalamualaikum ayahanda Tun Mahathir. Berikut merupakan jangkaan saya berkenaan pemilihan UMNO akan datang seperti yang telah dipaparkan dalam blog <http://paneh.blogspot.com>. Harap ayahanda Tun boleh beri sedikit pandangan sama ada ramalan saya itu akan berlaku atau sebaliknya. Terima kasih.

Analisis Pemilihan UMNO.

Inilah berita yang aku nantikan apabila Zahid Hamidi akhirnya mengumumkan bertanding jawatan Timbalan Presiden selepas Ezam menawarkan diri untuk bertanding jawatan Ketua Pemuda UMNO. Siapa yang tidak kenal Zahid Hamidi yang dahulunya adalah Ketua Pemuda UMNO? Siapa yang boleh lupa bagaimana Zahid yang suatu ketika dahulu begitu lantang 'menyanyikan lagu' kronisme dan nepotisme semasa perhimpunan Agong UMNO. Brader Anwar Bin Ibrahim juga pernah mengaku bahawa dialah yang menyuruh Zahid memainkan isu tersebut yang secara terang2an mahu menjatuhkan Dr Mahathir ketika itu bagi merebut kerusi panas nombor wahid dalam UMNO. Siapa yang boleh menafikan Zahid Hamidi orang Anwar ketika itu? Adakah Zahid Hamidi kini bukan lagi 'budak kesayangan' Anwar? Adakah Anwar yang meminta Zahid menawarkan diri bertanding kedudukan nombor 2 UMNO itu?

Ezam pula sudah menawarkan diri untuk bertanding jawatan Ketua Pemuda UMNO. Walaupun ramai yang memuji keikhlasan Ezam untuk menyertai semula UMNO, namun ramai juga orang2 UMNO yang masih belum lupa bagaimana 'ikhlasnya' Ezam mengutuk dan memperlekehkan Melayu dan UMNO sebelum ini. Dengan gaya pidato dan ceramah yang saling tak tumpah seperti Anwar, sehingga kini aku tetap meragui Ezam yang umpama 'Trojan Horse' seperti yang diperkatakan ramai.

Dalam kebanyakan ceramah Brader Anwar Bin Ibrahim di pentas Pakatan Rakyat, beliau sering berkata "sahabat2 saya dalam UMNO mengatakan....sahabat2 saya dalam UMNO memberitahu....." Siapakah yang masih menjadi sahabat2 Anwar dalam UMNO ini dan persoalan utama ialah siapakah yang menjadi penyalur maklumat dalaman UMNO kepada beliau?

Aku merasakan seperti ada 'gerakan terancang' yang sedang berlaku dalam UMNO ketika ini. Sekiranya Paklah tidak mempertahankan jawatan Presiden UMNO, maka aku meramalkan Muhyiddin tidak akan bertanding jawatan Timbalan Presiden UMNO. Berdasarkan usia, jika Muhyiddin tetap bertekad untuk bertanding jawatan nombor 2 dalam UMNO, maka pencapaiannya hanya akan kekal setakat itu. Semua sedia maklum bahawa Najib masih muda dan pasti akan kekal lama jika memegang jawatan Presiden

UMNO. Jadi agak mustahil bagi Muhyiddin untuk menjadi Presiden seterusnya. Tambahan pula sejarah mencatatkan bahawa ramai yang tidak kekal lama di kerusi Timbalan Presiden UMNO dan bagaimana 'panasnya' kedudukan nombor 2 tersebut. Dengan latar belakang yang agak bersih dan ditambah lagi dengan kekaguman ahli2 UMNO atas keberanian Muhyiddin dalam menyuarakan sesuatu isu akhir2 ini, sudah tentu Muhyiddin sanggup mengambil risiko yang lebih besar. Kebelakangan ini pula Tun Mahathir sering 'merungut' berkenaan bagaimana lemahnya Najib dalam menangani sesuatu isu. Jadi sudah tentu sokongan Tun Mahathir akan diberikan kepada Muhyiddin sekiranya Muhyiddin mengumumkan untuk bertanding jawatan Presiden UMNO. Bahkan ketika ini mereka berdua tampak agak akrab. Mungkin pada ketika itu juga Tun Mahathir sudahpun masuk semula ke dalam UMNO untuk berkempen bagi pihak Muhyiddin. Tiada siapa yang boleh menafikan pengaruh Tun Mahathir yang masih kuat di dalam UMNO terutama di kalangan akar umbi.

Jika andaian aku di atas benar2 terjadi, bayangkan apa yang akan berlaku kepada Zahid Hamidi. Setakat ini hanya dia yang menyatakan hasrat bertanding jawatan Timbalan Presiden. Jika Muhyiddin memutuskan untuk bertanding jawatan Presiden dan hanya Zahid yang menawarkan diri untuk jawatan Timbalan, maka sudah tentu semua pencalonan Bahagian akan pergi kepada Zahid. Kemungkinan Isa Samad, Ali Rustam dan beberapa orang lagi akan turut menawarkan diri untuk jawatan Timbalan, namun ahli UMNO akan melihat Zahid yang paling 'ideal' disebabkan latar belakang yang kononnya 'bersih' disamping menjadi orang pertama yang berani menawarkan diri. Jika ini berlaku, maka Zahid Hamidi akan menjadi Timbalan Presiden UMNO, sekaligus sebagai Timbalan Perdana Menteri.

Ramai yang meramalkan bahawa Mukhriz akan menang sebagai Ketua Pemuda UMNO. Adakah Ezam sudah tiada peluang? Aku beranggapan bahawa Ezam tidak akan menawarkan diri bertanding jawatan Ketua Pemuda jika dia tidak mendapat 'restu' daripada seseorang. Namun aku masih menimbangkan peluang untuk Ezam memenangi jawatan itu.

Namun, jika kesudahannya Zahid menjadi Timbalan Presiden dan Ezam menang dalam saingan merebut jawatan Ketua Pemuda UMNO, maka sudah tentu keputusan ini akan memudahkan laluan untuk Anwar kembali semula ke dalam UMNO. Ramai tahu bahawa Anwar masih lagi belum menjadi ahli PKR. Kelihatan seperti Anwar masih menyimpan hasrat untuk kembali menyertai UMNO kerana beliau sedar bahawa itulah wadah sebenar perjuangan Melayu. Jika impiannya ini tercapai, maka sudah tentu Brader Anwar Bin Ibrahim dengan cepatnya dapat membina pengaruh kerana sudah 'masak' benar dengan 'permainan' dalaman UMNO. Seterusnya impian beliau untuk menjawat jawatan Presiden UMNO bukan lagi ilusi sekaligus dinobatkan sebagai Perdana Menteri Malaysia. Sudah tentu ia akan menjadi puncak kejayaan rancangan mereka yang pernah dinafikan oleh Tun Mahathir pada 1998 iaitu Brader Anwar Bin Ibrahim sebagai Presiden, Ahmad Zahid Hamidi sebagai Timbalan Presiden, Ezam sebagai Ketua Pemuda, Dr Siti Zaharah sebagai Ketua Wanita dan Nurul Izzah sebagai Ketua Puteri UMNO.

p/s: Menunggu calon Ketua Puteri dan Wanita UMNO.

Allah knows it is part of human weakness because He created us. That is the reason why we have the Angels of Rakib and the Angels of A'tid obediently sitting next to us every single second recording our daily activities without leaving out any single act. The proving of guilty of wrong doings or claiming of innocence is not bestowed on the way of the interrogation process but rather on the real evidence. Any worldly court of law can never live up to that standard. That is the reason why we have culprits running loose and the innocent people got vindicted via court or media.

This is just a humble suggestion to you and I know you may have done it already. Do a lot of Solat Hajat Tun and may Allah show the truth at the end. Stay strong and stay healthy I guess you might need them when they start interrogate you.

There are many of us still with you. After all we are all human beings.

Dear Doctor,

Selamat Hari Raya. We've all heard of your excellent memory and how you have been an ardent fan of Tony Buzan and his memory enhancement techniques.

I think the victim of this sodomy case should well be able to remember the color of the room and other broad details of the crime scene. The poor victim would have such bad memory that he got himself examined for sodomy even when he wasn't sodomized (as attested by the doctor who examined him). So, if he can't remember any of the details, we'd totally understand. Maybe you should have enrolled this victim into a Tony Buzan seminar and coached him a little so he could have remembered.

Just stop this rubbish. We know there was no sodomy and therefore nothing to remember.

God bless you,

Mikey

salam tun,

Kita seakan sudah mengetahui permainan di mahkamah berkaitan kes liwat yang akan bersambung nanti. Saya percaya peguam peguam tertuduh akan terus mendesak mangsa untuk memberikan perincian kejadian dari baju yang pakai sehinggalah gaya yang dilakukan.

Akhirnya kes itu akan berkesudahan digugurkan akibat mangsa tidak dapat mengingat warna seluar dalam tertuduh!!!

Allah maha berkuasa dari apa yang ada alam ini, semakin berusia kita semakin kita lemah ingatan kita, ironinya, kita akan berkebolehan untuk mengingat apa yang berlaku semasa zaman kanak kanak dengan terperinci, ingat kembali nama rakan rakan sewaktu usia 5/6 tahun dahulu, tetapi kita akan lupa apa yang telah dilakukan pagi tadi. Tuhan Maha Kaya. Alhamdulillah Allah telah berikan Tun kurniaan ingatan dan pemikiran yang jauh lebih baik dari pemimpin pemimpin dunia yang seusia atau lebih muda.

Umur saya separuh dari usia Tun, tapi saya tidak dapat mengingat apa yang dilakukan semalam.

Mungkin saya terpaksa makan kismis mulai hari ini. Begitu juga Pak Lah.

Dear Tun,

Pada pendapat i, kalau orang tu buat salah dia mesti ingat dengan jelas segala kesalahan yang pernah dibuatnya.

Tetapi bila kita buat sesuatu perkara yang baik atau biasa maka kita susah mengingatinya.

Begitu juga kalau kita buat suatu perkara yang istimewa maka kita akan ingat dengan jelas tanpa perlu berlatih mengingatinya.

Sehingga kini, jaringan otak manusia masih menjadi misteri kepada saintis. Tidak semua perkara berkaitan otak mampu diterokai oleh saintis.

Inilah anugerah Tuhan yang tak ternilai. Segala tindakan dan pemikiran minda kita dikawal oleh otak.

Kita mampu menipu orang untuk menutup kesalahan diri tetapi kita tidak sesekali mampu berlari daripada kesalahan yang pernah kita lakukan kerana memori terkandung dalam otak manakala otak terkandung dalam jasad kita.

Kita akan membawanya sehingga ke akhir hayat.....

Regards,

Lim

Dear Tun,

While everybody is still celebrating and enjoying Hari Raya Aidilfitri I presumed you should do the same instead of writing this article on the 2nd day of the Hari Raya.

Tun, sometimes we have to relax ourselves especially on this special occasion. No matter what would happen and take place forthcoming let the God justifies it as we are innocent. Unless we are guilty of being wrong doing to certain issues. It is just matter of time when the God will punish those who have done wrong.

Selamat Hari Raya.

Nothing is more memorable than a smell. One scent can be unexpected, momentary and fleeting, yet conjure up a childhood summer beside a lake in the mountains; another, a moonlit beach; a third, a family dinner of pot roast and sweet potatoes during a myrtle-mad August in a Midwestern town. Smells detonate softly in our memory like poignant land mines hidden under the weedy mass of years. Hit a tripwire of smell and memories explode all at once. The two offices of memory are collection and distribution. ~Samuel Johnson

The difference between false memories and true ones is the same as for jewels: it is always the false ones that look the most real, the most brilliant. ~Salvador Dali

Nothing fixes a thing so intensely in the memory as the wish to forget it. ~Michel de Montaigne

The faintest waft is sometimes enough to induce feelings of hunger or anticipation, or to transport you back through time and space to a long-forgotten moment in your childhood. It can overwhelm you in an instant or simply tease you, creeping into your consciousness slowly and evaporating almost the moment it is detected. ~Stephen Lacey, *Scent in Your Garden*, 1991

She glances at the photo, and the pilot light of memory flickers in her eyes. ~Frank Deford

The advantage of a bad memory is that one enjoys several times the same good things for the first time.

Salam Ayahanda Tun,

I am no doctor and not a practicing lawyer. Nevertheless based on Tun's vast familiarity, I would like to bring Tun's observation on these issues:

1. Is a defendant with multiple personalities sane or insane in the eyes of the law?
2. What if one of their personalities meets the state's definition of insanity, but the rest do not?
3. If a witness or defendant is found to have multiple personalities, whether consciously or un-consciously, which personalities should testify?
4. Should each be sworn in separately, or does that lend credence to the irrelevancies of outdated laws and its legal authority on such a case?
5. How could justice be served without inflicting any manner of punishment on the non-guilty character/personality?
6. Is the legal system competent enough to handle this sort of disputes? Or would it just pass the predicament and let the psychiatrists work things out?
7. In which case, would justice still be served on the aggrieved party?

A person with multiple or split personality disorders may even pass the lie detector test. For the reason that to - his/her/they - best knowledge, no such crime was committed, and to some extent, they may be correct in believing so. Included in the link below is the synopsis of THE STRANGE CASE OF DR. JEKYLL AND MR. HYDE (1886), by the author Robert Louis Stevenson. It makes for an interesting read.

Assalamu `alaikum YBhg Tun dan Pengunjung Blog Chedet,

(01) Benar, sesuatu yang sukar apabila kita sukar mengingat apa yang pernah berlaku. Apabila sukar mengingat, kita akan resah. Mungkinkah ini fenomena azali bagi makhluk bernama manusia? Barangkali wujud penjelasan secara saintifik berkenaan dengannya.

(02) Walau apapun, saya paling risau kalau ia menyentuh kealpaan atau kelupaan kita terhadap tanggungjawab kita kepada agama, bangsa dan agama. Bukankah itu tugas kita yang hakiki?

(03) Saya setuju dengan YBhg Tun untuk seboleh-bolehnya menulis secara "detail" apa yang berlaku. Bak kata Tun, "So please try to memorise everything you do every day. Don't forget the details. It can be fatal for you."

Salam Aidilfitri Tun sekeluarga,

1. Kita manusia biasa, LUPA tu biasalah. Saya paling susah nak ingat nama orang dan tarikh apa2 event. Baru umo 28 dah jadi pelupa, banyak sangat makan semut agaknya.. :D
2. Saya sekeluarga pernah salam ngan Tun M & Tun Siti kat Padang Majlis Perbandaran Kangar. Masa tu sambutan Jubli Emas Pemerintahan Raja Perlis, Tun masih PM, lama dah, tak ingat dah tahun berapa..yang saya ingat ialah betapa jernihnya wajah Tun berdua & betapa gembiranya mak saya dapat bergambar ngan Tun Siti.
3. Harap2 jangan la saya terlibat dengan apa2 kes mahkamah, susah nanti sebab banyak yang saya tak ingat.Dulu2 selalu catit dalam diari. Diari pulak kena sembunyi takut orang baca. Punyalah sembunyi sampai tak ingat dah diari tu saya sembunyi kat mana...huhu
4. Saya memang seorang pelupa tapi saya takkan lupa asal usul saya sebagai anak Melayu Malaysia.

Terima kasih Tun !

Tun has oftenly accused that some Malays seem to have short memory (mudah lupa) especially so when he has crafted the infamous NEP which has made some of them, notably the cronies very rich and wealthy.

But, alas today Tun has come out and admitted that he too seems to inherit the same handicap - poor memory. Tun's poor memory could reach its peak especially when he is subpoenaed for testimony in the open courts.

When Tun has reached the reputation as a story teller which has envied many world's leaders, it really baffles me that suddently Tun has been stumbled with poor or rather short memory.

I guess Tun's memory is sharp as ever, as gifted by the Great Almighty. Probably Tun could have lost to grasp the proper words in that split of seconds rather than exhibiting signs of poor memory.

Assalamualaikum ayahanda Tun Dr M, bonda Tun Ct Hasmah dan rakan-rakan bloggers,

Melayu mudah lupa,

Bukan melayu saja yang lupa tapi bangsa lainpun dah lupa,

Lupa asal-usul,

Lupa rupa bentuk,

Lupa di mana bumi dipijak, di situ langit patut dijunjung,

Lupa janji jadi rakyat Malaysia,

Sementara YAB AAB dan YB-YB lain juga lupa,

Lupa janji teruskan usaha yang ditinggalkan oleh ayahanda untuk negara, bangsa dan negara,

Lupa pada janji mereka pada rakyat,
Lupa diri hingga sanggup menggadaikan maruah bangsa dan negara.

Lupa itu lumrah bagi semua,
Lupa itu pasti ada pada setiap insan,
Namun satu yang kami tak akan lupa,
Tak akan kami lupa SIAPA itu TUN DR MAHATHIR MOHAMMAD
Tak akan kami lupa JASAMU TUN DR MAHATHIR MOHAMMAD
Tak akan kami lupa WAJAH DAN SUARAMU TUN DR MAHATHIR MOHAMMAD
Tak akan kami lupa segala-galanya wahai ayahanda kami.

Jaga diri dan semoga Allah memberi hidayah, melindungi dari segala kejahatan didunia dan memberi kebahagiaan di dunia dan akhirat.

Saya sayang Ayahanda Tun dan Bonda Tun sebagaimana arwah ayah dan bonda saya.

THE most important thing in our life should be "To Purify Our Mind". TO purify our mind, we need to first broaden ourselves with activities of compassion so as to gradually get rid of the self-centered habits. TO broaden ourselves, we should FIRST FILL OUR MIND with BEAUTIFUL THOUGHTS: WE should try to make our mind like land, because land has beautiful virtues: when animals shed their excrement on land, land never express anything angrily, because it is not swayed and is completely indifferent; when humans (the rich and famous, sages and saints, or perfect people) walk over land, land feels nothing, again because it is not swayed and is completely indifferent. Land is not involved or affected by favorable or dangerous situations. Land always welcomes all kinds of situations. It will not take or give up anything, is never confused, is never swayed or attracted by anything, never starts an idea or gives up an idea, peacefully enjoys leisure and endures patiently, and is completely serene. These are some of the beautiful virtues of the land that we step on every day. IF you have no mind to all living things, then what's the harm of letting these things surround you? We really should learn the spiritual part of land and cultivate the broad and generous mind. This will help to purify our mind.

THE GOOD and THE BAD:

WHEN you face favorable situations or dangerous situations, you can still do everything without the least worry and feel comfortable and able to do anything of your own free will. When you meet somebody, perhaps the person you like the least in your life, a person who looks at you with dirty stares, do you still feel comfortable and free? As a matter of fact, in these kinds of moments, there is a fight between "The state of holiness and wisdom" and "The temptations or evil influence." If we use the worldly words it's like a fight between "The Good" and "The Bad." Becoming The Good or The Bad is all depended on our MIND. BECAUSE The Good and The Bad are decided by our mind, maybe we can put it this way: The Good and The Bad share our mind. When The Good defeats The Bad, the whole of our mind is Good. When The Bad defeats The Good, the whole of our mind is Bad. From this angle you might have an idea that The Good and The Bad are all from our mind. THE way our mind treats the situations we face creates the difference between "The state of holiness and wisdom"(The Good) and "The temptations or evil influence"(The Bad). If our mind is contaminated by situations, the mind becomes "The Bad." If our mind is not contaminated by situations, the mind becomes "The Good".

WHY BOTHER:

WHEN adverse circumstances come, just let them do what they like; when adverse circumstances go, just let them do what they like also. When fortunate circumstances come, just let them arise naturally without extra effort; when fortunate circumstances go, again just let them depart naturally without extra effort. Our mind should not be linked up with any circumstances, whether good circumstances or bad circumstances. This will help Purify Our Mind. WHEN adverse circumstances come, do not feel delighted, when adverse circumstances leave, do not feel disappointed. If the mind feels delighted or disappointed, it shows that we can not control ourselves. In this moment, our mind will have all kinds of entanglements of love, hate, desire, and possession by force. After this step, all kinds of problems will follow and never end.

THE IDEA OF the word "IMPERMANENT":

IF we observe things around us, we will find out that "None is permanent". Things, whether material or non-material, change constantly. Some of the changes are evident, some of them are not. Ever since life began, natural phenomena have been like this. From this point of view, we should understand that things always arise depending on conditions. When the appropriate conditions come together, things arise; when those conditions disperse, things cease. IF you could understand the point that Nothing is permanent, you will not keep thinking of something in your memory all the time, because it is impermanent and will eventually vanish, no matter how much you keep remembering it. In such a case, why don't we just leave it alone? IN the Universe, everything that we can see, hear, and think of all arising depending on conditions, meaning that everything is impermanent. The people we love the most or the situations we like the most will all vanish. The people we hate the most or the situations we like the least will all vanish too. Do we still want to persist in our own opinions of things that happen one minute and vanish the next in this world?

THE THOUGHTS in OUR MIND:

THERE are all kinds of thoughts in our mind: evil thoughts, greedy thoughts, and kind thoughts. These thoughts are always confused, tangled, profuse, disordered, and most of the time, we can not control them. Actions, motions, works, and even mistakes all arise from thoughts in our mind. When we put an idea of going to a place in our mind, then action will lead our body to that place. When we start an idea of going to the church, then action will bring us to that church. We will spend our entire fortune doing something because of a little thought in our mind. We will begin to be deeply attached to one thing or act on momentary impulse because of a little thought in our mind. We will offend people by our words because of a little wrong thought in our mind. We might do something offensive or harmful to society's morals because of a little evil thought in our mind. WE always maneuver for positions or benefits against rivals. We try to cause alienation between friends or relatives by spreading rumors or doing something. Does anybody know why? It is because "What one is thinking of at any given moment is often evil thoughts." THE Good and The Bad all are from our MIND. We are the masters of the mind and also are the watershed of The Good and The Bad. Mind produces all kinds of thoughts; mind is the origin of events that follow from Good thoughts and Bad thoughts. From this point of view, we all should understand how important it is to purify our mind.

TO DEAL with THOUGHTS:

IF we want to avoid disasters or calamities made by ourselves, we have to stop putting ideas in our head. The moment we stop an idea arising is called "True Awakening". THERE are all kinds of garbage in our mind. If we want to purify our mind, getting rid of the garbage in our mind might be the first thing we have to do. What is the garbage of mind? Dirty and polluted thoughts, greedy thoughts, hateful thoughts, infatuated thoughts, worried thoughts, suffering thoughts, haughty thoughts, impudent thoughts, envious thoughts, indecent thoughts, heterodox thoughts, dreary thoughts, and hollow thoughts. These can all be called garbage of the mind. Someone in history said once that one who can govern a battalion of a million soldiers is not a hero: the real hero is that person who can govern his mind. We should understand the meaning of these words. IF an evil thought arises in our mind, then more evil thoughts like water will come in torrents; nothing can ward them off. These evil thoughts will forever lead us to thinking, speaking, and acting evil. Ever since life began, the habitual temperament of human beings makes us like this. It is doubly difficult to get rid of them. WHEN we can govern our thoughts, our mind will not be affected by situations. From this, our mind can be free. This is a very hard level to reach, but the first step always is hard. FOR those who have too many friendly feelings (such as being crazy about women), if they do not control their feelings well, they will follow their thoughts and will sink into the deep sea of feelings. For those who desire wealth and honor greatly, their minds are clouded by material desires, the covetous thoughts will lead them to fame and wealth, and they will be in the bondage of reputation and wealth forever. ALWAYS keep a watch on thoughts in your mind. Try to realize or know what and where your thoughts are. As a matter of fact, according to the experienced people's idea, "Thoughts always vanish when you watch them." If we could practice like this all the time, the power of our thoughts will decrease over time. This is not a very easy level to reach, but at least we have an idea that there is a way to get rid of thoughts. LIKE we mentioned, things arise always depending on conditions: when conditions come together or gather together, things arise; when conditions disperse or dispel, things cease. [This is a doubly important notion]. When we understand this notion, we will also understand that everything in the universe is impermanent; from this point of view, it should be easy to get rid of CLINGING, and always persisting in our opinion. Always remember and practice the notion of IMPERMANENCE. This will help to

purify our mind a lot.

THE ORIGINAL NATURE OF HUMAN BEING:

WE should live in a world which belongs to our real inner self or original nature of human being. This world is bright and brilliant, where there no dispute, and we are not bothered by material concerns. It is pure and peaceful, enjoying leisure and not sorrowful; but we never try to act in response to this world, we never try to be a friend of our real inner self. The only thing we do day in and day out is to try and climb up socially. This is what the Chinese call "Attending to the superfluities and neglecting the essentials".

WHEN our real inner self is led astray by human desires, we all know that desires are bottomless. We all will not be able to do anything of our own free will, and we become the slaves of human desires. THE power of temptation of human desires is doubly brutal. Some people always try to attain their desires with nefarious tactics. The moment we have a thought like this, the moment we lose the chance to contact our real inner self, we are going to be gone far away from purifying our mind. OUR mind will not stop producing thoughts because of human desires. Therefore, our real inner self will be clouded by material desires forevermore, and our original nature will be contaminated forevermore also. WHY does our mind always produce thoughts? Before we talk about this subject, maybe we should understand some evil ingredients in our mind. According to the experienced people's idea, " Being greedy for everything, angry at everything, and not understanding the real truth are the most common evil ingredients in our mind." THESE evil ingredients influence and poison our mind very strongly. That is the reason why our mind produces thoughts every minute of the day. And like we mentioned, "What one is thinking of at any given moment is often evil thoughts." From this, we should understand that fighting these evil thoughts is the most important thing we are going to do.

TO REDUCE THE THOUGHTS IN OUR MIND:

BESIDES what we have already mentioned, there are other ways to reduce thoughts in our mind. Here we try to introduce some of them. Hopefully this will benefit everybody who is seriously interested in this field. TRY our level best to understand that all living things in the universe are equal; otherwise, we will have a special mind which always looks at things from a dualistic perspective. For example, making a distinction between the good and the bad. And all the problems will be starting from right here, such as "Always persist our own ideas", "Always argue", "Always hate", "Always fight", ...and never stop. LIKE we mentioned in the beginning, we should try to make our mind like LAND, and be tolerant of other people's mistakes, or wrongdoing or weaknesses. Try to express solicitude for everybody (Friends, enemies, good, and bad) equally. Try not to dispute or discuss in minute detail gaining or losing. Try not to be moved by sad or delighted things. Try not to feel so pleased when people respect or praise us. Try not to hate or abhor when people slight us. WHEN people show their beautiful virtues (like helping others), we should show our respect and join in their actions, and we should try not to be jealous of other people's beautiful virtues. When we see people facing troubles, we should not gloat over their disaster. ACCORDING to the experienced people's idea, "The highest wisdom comes from a merciful heart", the merciful heart comes from "Solving people's problems without any conditions and helping people to get peace, calm, and sagacity without any conditions either". IF we look at things or treat things unequally, from here, all the worry, trouble, and prejudice will be produced almost right away. Thus if we want to purify our mind, we have to learn to look at things or treat things with equality. SOMEDAY when we realize that all the beings are equal and could be blend or mix together, and become "ONE" in some way, we will understand really what is the "Real Truth".

Ingatan adalah senjata penting kepada manusia bagi menghadapi masa depan. Dengan adanya ingatan, sejarah akan terpelihara. Kental ingatan, kentallah juga sejarah. Dan sejarah adalah kenangan dalam hidup kita.

Saya masih ingat ketika berusia 6 tahun iaitu kira-kira 50 tahun yang lalu saya mengidap demam malaria yang amat teruk sehingga tidak dapat berjalan. YM Tun sendiri ketika itu mempunyai MAHA KLINIK di Alor Setar telah datang dengan kereta Tun ke rumah saya untuk merawat saya. Dan Tun menasihatkan bapa saya untuk membawa saya ke klinik Tun esoknya untuk rawatan lanjut.

Selepas beberapa kali rawatan yang Tun berikan, dan kuasa Tuhan tentunya, saya tidak lagi dijangkiti malaria hingga ke hari ini. Sehingga pada suatu hari ketika mendapatkan rawatan susulan, Tun sendiri keluar dari bilik rawatan mendukung saya keluar dari bilik rawatan dan menghadiahkan ole-ole buat saya.

Begitu tebalnya ingatan saya terhadap Tun. Dan peristiwa Tun datang ke rumah saya di sebuah kampung di pinggir Alor Setar pada malam itu masih terpahat dalam ingatan saya. Mungkin Tun tidak ingat langsung tentang perkara ini.

Apa yang telah YM Tun lakukan itu, jarang dapat dilakukan oleh para doktor pada masa itu dan tentulah tak mungkin berlaku pada masa ini.

Tun,

After reading Raja Petra Kamarudin's wife comment in today's Star newspaper I have to but agree with you that human memory can be really bad at times.

2. She had commented that RPK cannot stomach the smelly food provided in the Kamunting detention centre. Obviously she has forgotten that RPK is now in prison for the crimes he has committed. Yes, he is a criminal. A criminal does not deserve a five-star hotel treatment.

3. He used to have a good life and food but he chose to be where he is now. Please don't blame anybody for it.

4. She said "I guess they consider my husband a hardcore criminal". Blimey! Doesn't she realise it by now? He IS a hardcore criminal. He is the person who had bad agendas against certain leaders and accused them of all kinds of things. He was reminded time and again but he thought he wanted to be a hero in his own fantasy.

5. He was responsible to instigate the racial tension in the country and almost sent the whole country into a racial riot and she has the cheek to question the label of a hardcore criminal on her husband.

6. In case she has forgotten, i would like to recall how he had also angered the muslims in the country on the Prophet's issue. I guess she can't remember.

7. RPK has forgotten many things in his life. He has also forgotten the customs and culture of the country.

8. Looking at the cheerful smiling face of Marina Lee Abdullah in the Star, I guess she has also forgotten that her husband is in prison, eating smelly food.

Take care Tun, RPK and Marina Lee Abdullah

SALAM AYAHANDA RAKYAT TUN,
IZINKAN,

8. I am going to take a memory course. Should I have occasion to be investigated or summoned to face a trial, I would be able to remember the suit I wore any day in my life and where I was when wearing the particular suit on a particular day.

FOR A ELDERLY STATESMAN OF YOUR STATURE, WHO HAS PASSED YOUR 'COURSES' AS A KHALIFAH FOR THE UMMAH AND THE MUSLIM WORLD, A MEMORY COURSE(IF THERE'S ONE)WILL NOT BE NECESSARY.
A TRUE KHALIFAH WILL ALMOST ALL THE TIME USES THE ALMIGHTY GIFTED 'AURA' TO HIM TO 'THINK AND FEEL' FOR THE WELL BEING OF OTHERS THAT SOMETIMES HE FORGETS HIS OWN 'DETAILS'.
WE HAVE OBSERVED OVER THE YEARS, ALL THE ATTEMPTS TO 'IMPLICATE' AYAHANDA TUN HAD BACKFIRED. FOR INSTANCE,

1. PAS FAILURE TO DETHRONE THE 'MAHAFIRAUN' WITH THE MASS 'SOLAT HAJAT'
2. THE FAILURE OF THE 'REFORMS' MOVEMENT LED BY ANWAR'S HEROES AS LAUDED BY AL GORE.
3. AL GORE HIMSELF FAILED TO WIN THE USA PRESIDENTIAL ELECTION.
4. GEORGE SOROS FAILURE TO 'UNDERMINE' OUR RINGGIT
5. IMF (INTERNATIONAL MOTHER AND FATHER) FAILURE TO 'DISCIPLINE' OUR ECONOMY.
AND INSTEAD, THE ALMIGHTY BLESSED AYAHANDA TUN WITH THE SUCCESS 'SHIELD'

AGAINST ALL THE ODDS.

KAMI TIADA TUJUAN LAIN SELAIN MENINGATKAN KEPADA 'MUSUH2' AYAHANDA TUN AKAN MUSIBAH2 YANG MUNGKIN DITIMPAKAN KEATAS MEREKA..NA'UZUBILLAH.

KAMI MOHON AMPUN DAN MAAF JIKA KATA HATI KAMI DIANGGAP 'UGUTAN'.

Ah, that might explain how you can remember some details, while forgetting other things.

Wink. And another wink. Winks go with a smile. This is a sarcastic smile, though.

Selamat Hari Raya Aidilfitri, though. Regardless, hope you had a wonderful time with your family. At the end of the day, nothing matters more.

Dear Tun,

By the same token a person who had been sodomised must know the exact time of the day that it happened, the colour of the room and the size of the bed. If he fails to remember any of these things, then he must be lying

So we must have a watch with us whenever we were being sodomised.

If Saiful said i was sodomised by anwar at 3.52 pm 16 second. At 3.53pm what happen, 3.54 pm what happen. Aren't this also looks like lying as well. Haha....

What happen if there is no watch/clock.....lol....

Dear Sir,

I am one of the many Malaysian working overseas.

Yesterday one of my colleague brought me over to his village for an Eidul-Fitr dinner. It was quite an eye-opener because I got the chance to meet part, of the whole tribe of his family... all congregating in this village of their origin since thousands of years. Most of them are now professionals and businessmen living in the city.

Upon hearing the word Malaysia, their eyes glowed. All of them said Malaysia is beautiful and wished visit for vacation. One even wanted to study English in KL!

However one of them, a Specialist Doctor in the Royal Military Hospital..said that his country is still learning and trying to emulate Malaysia's success. And he attributed all of this to you. One of the brothers still thinks that you are still in charge.

As human being, you have made errors and blunders. And I know the real story between you and DSAI.

But lifting us Malaysians..to the eyes of the world is a priceless contribution! Certainly your Autobiography will make a best-seller..and I guarantee that it will be translated to numerous languages.

Admittedly, I am one of the young people who would like to see change and we are being very open minded..even to vote for the opposition. This is also, an indirect result of your school of thought during your time in office...to 'Think Outside The Box'.... Malaysians are successful internationally because of this.

I bet that if you are still young..you would have acted the same.

Anyway, keep on writing and inspiring. Don't go back into politics. Be Independent. May I suggest that you set up branches of the Perdana Foundation in other countries. Your thoughts and thinking are still, highly sought after by the world.

Thanks Very Much, sir.

Selamat Hari Raya to all Malaysians.

If Pak Lah is Leaving, Why is a 'Level Four Boys' Still in Command?

Contributed by cucuwaktelu on Friday, October 03 @ 11:50:40 MYT

Topic: KOMENTAR

It seems now at the juncture of Pak Lah's political demise, the 'Level Four Boys' already got their hands
into his successor.

Recently, when Pak Lah announced the mini Cabinet reshuffle, DPM Dato' Seri Najib was given the
highly strategic and sensitive but powerful Finance portfolio. However, it seems the job was given with the
'Level Four Boys' tentacles attached to it and with great power to help DPM Najib decide.

Omar Ong, the Managing Director of Ethos and Company, came back instantly when DPM Najib was
announced.

He was seen in several meetings involving Ministry of Finance and his capacity as Managing Director of
Ethos Consulting is but a mere disguise. Words are he will be appointed as Political Secretary to the
Minister of Finance.

Omar Ong was DPM Najib's Special Function Officer when the latter was appointed Deputy Prime
Minister four and half years ago, leaving his highly lucrative job as a partner to Dr Liew Boon-Horng.
Omar was the strategist in DPM Najib's office.

Then, the most horrid tragedy struck. Dr. Liew died in a freak accident when his BMW was crushed by a
fallen concrete slab in Plaza Damas which instantaneously brought Omar back into the Ethos and Co chair.
Many close to DPM Najib expressed relief when Omar left.

For DPM Najib, it was god-sent. He has since been barraged with negative complains and feedbacks on
Omar from his supporters and sympathisers within the corporate world and political grassroot. Omar's
manoeuvre in-cohort with Khairy documented in Raja Petra's Khairy Chronicle was verifiable by many.

Why the change of heart?

Read further Omar Ong's hand in the destruction of national institutions, and his 'Level Four Boys Link' in

the blog Another Brick in the Wall

He has served multinational clients in the telecoms, energy, media, retail, banking and government sectors in Asia, the Middle East and Europe, on issues of corporate strategy, performance management, organisational performance and post merger management. In his consulting career, he has led a number of significant client engagements with key ministries, government agencies, government-linked companies and multinational corporations operating in Malaysia and Southeast Asia.

Dear Malaysian readers,

We are from the Wayangparty club (blog) Singapore (www.wayangparty.wordpress.com)

Due to the sudden demise of our opposition icon and hero, Mr J.B. Jeyaretnam, we have not been blogging about Malaysian current affairs lately. We will publish a series of commentaries on Malaysian politics next week after the funeral of Mr Jeyaretnam this Saturday.

The first in line will be Roundtable discussion on a speech given by Minister Mentor Lee Kuan Yew which was published in The Straits Times Review on 29 September 2008.

In the article titled "The centre must hold", Singapore's Minister Mentor Lee Kuan Yew told an international audience comprising 200 diplomats and academics at the International Institute for Strategic Studies in London that Singapore was able to have a stable, peaceful society largely because of his policy of treating every race equally.

He next cite the example of Malaysia as having a divided society now because of a race-based education system catering to the needs of individual races instead of a unified system in Singapore where all Singaporeans attend national schools together from the primary to tertiary level irregardless of race and religion.

This is what MM Lee said:

"We also got everybody mixed up in the (housing estates), no longer in enclaves. Every constituency has its quota of the less successful. Everybody has the same chances in education and we choose a neutral language - English.

Malaysia threw out English and went with Malay. The Chinese and the Indians decided to have their own schools. Now they have got a divided society."

We have invited 3 Singaporeans and a Malaysian to share with us what they think of MM Lee's remarks.

We hope to seek the opinions from our brothers across the causeway on the following two questions:

1. Do you agree with MM Lee that Malaysia society is divided now as a result of its education system ?
2. What will Malaysians think of MM Lee's rather sharp criticism of their country ?

This discussion will be published on our blog next Monday on the 6 October 2008.

Please email your opinion, name and blog link to: wayangparty@hotmail.com

My dear TDM

In reference to the comment by Tom on October 2, 2008 10:54 PM
I am also a simple chinese guy who makes a living through hard work. I am not a member of any political parties and I do not harbor any ill thoughts about how others enrich themselves. And I certainly do not see the relevance in your comment about Tun and his son. In due respect, since you claimed you are a grassroots member of MCA..I would suggest you kindly take a back seat and have a good look around in your own backyard on your comment. Why is there a need for such undesirable feelings? In all honesty, what's the real rationale thinking behind a person to be a member of any political party..regardless of grassroots level or otherwise. If memory serves me correctly, from what it appears and for some, it is not because for the love of the party BUT only to look for opportunities to enrich oneself. In a simple layman's language..CARI MAKAN lah. Regrettably, being a hypocrite..I am sure one would live by his denial.

Since it's Hari Raya Festive, I apologise to Tun for my outspokenness. I am not the least bias of any one nor am I a defender of any political parties or human kind. I reap what I sow and I am a advocate of RESPECT. So, lets live and let live.

Tun, you are doing fine..and thank you for writing and for sharing your thoughts with us.

God Bless. Syabas.

 2. Some people pretend to forget to avoid any legal action takne on them;
 3. Current leaders of the country "forget a lot" when dealing with you. They forget that you are the one who put them there;
 4. Some time when "we forget all the time" - we are actually "nyanyuk";
 5. I will make it a point to remember every single details of what I do/did from now on (some time the wife can be very difficult if we forget certain thing)...

Tun yang saya kagumi,

A'kum wbt...

Manusia tidak boleh lari daripada sifat pelupa, tetapi tidak sama dengan sengaja buat-buat lupa. Pelupa akan ingat juga beberapa perkara yang bersangkutan dengan peristiwa yang pernah berlaku atau terjadi. Saja-saja buat lupa, tidak akan ingat keseluruhan peristiwa atau kejadian dan akan terus menerus memberi alasan semuanya tidak ingat walaupun ianya masih ingat.

Bezanya kalau tak ingat tarikh perkahwinan tetapi masih ingat dengan siapa kita berkahwin, siapa kadinya, siapa saksinya, dimana dilangsungkan... dll.

Tetapi saja-saja buat lupa, perkara yang asas pun akan dinafikan berlaku.

DSAI secara terang mencari alasan dengan mengaji atau membayar beberapa peguam-peguam yang bersekongkol utk menafikan perkara yang pernah dilakukannya. Mencari helah utk mengalihkan kesalahan yang dilakukannya kepada orang yang telah dianaiya. Pelbagai cara dan lakonannya semakin terdedah kepada kesalahan sodomi yang dilakukannya. Anadaikata tuduhan pertama pernah dikatakan Konspirasi dilakukan kepadanya. Keduanya juga Konspirasi dan ketiganya adalah beliau akan berada di belakang TIRAI BESI.

Dah cukup rakyat Malaysia disandiwarnya dengan mempermainkan perundangan Malaysia.

Akhir sekali ALLAH SWT tidak pernah mungkir janji kepada orang yang berdoa, dianaiya oleh manusia durjana seperti DSAI.

"Selamat Hari Raya Aidilfitri"

Dear Tun,

Dont worry too much about memory, at your age you are fantastic that you're still bless with good health, I'm 50 and I too had problems with not just memory, I have seen and met man and woman of younger age than you but older than me, they too had problems some are horrible, the different may be they dont have to go court to tell the court of the past, but if you dont remember just say so (n0 big deal) if it doesnt work your way you can try to recall insyaallah you will remember. Even judges are no different. But more important it is Allah the creator we should always be grateful to him all the time ,it is him that give us everything including memory.I dont think you should take up any courses to enhance your memory. I suggest you read Quran and try to memorise insyaallah that help.I guest that is why on the judgement day (akhirat) all part of our body will be the withness before the Almighty Allah.Wallahualam.

Dear Tun,

I guess you can still remember the 70s and 80s when you and Anwar created the roots of today Malaysia Problems.

Your new economic policy has discriminate against other Malaysia citizen. You have asked Malays to have a big family so that Unmo can have the ultimate control of the politics.

Now the dependency of the UNMO members as revoke! So many waste and the country is still way behind in term of standard of living and our place in the world stage even though the country has much resouces yet we still owe so much debts....

So, I challenge to rid the unjust law that treat other citizens...and have open policy to recruit professional from around the world...and rebuild the country so that it can be respected in teh world....We are part of the commonwealth country yet many other commonwealth country has started to request visa in order for Malaysia to travel..We need to re-gains out respect.

I can remember details of our accident of 24 years ago at the Bangsar traffic light. It was 230am coming home after celebrating my late father's birthday. Such a quiet and lonely morning, while patiently waiting for the light to turn green (there were no cars in sight, even on both other lanes), suddenly, a drunk driver rammed our car from behind.

What I do remember clearly today, was the advice given to me "do not mention in your police report that the said crasher was a drunk driver". When I enquired WHY? The reply was, nanti you pula susah nak dapat CLAIM..

I do agree that not everyone has a good memory, I am always forgetful, forgetting important dates that I should not forget.

Yet there are things that we do not forget or are easily forgotten, events that can be impeded in our minds; like our childhood memories though it may be vague but yet we retain the major portion of its memory.

I do know that sometimes we have this auto suggestive signal that can help us to recall or forget an incident. I am no Psychoanalysis but this is common with all of us.

I am as I said a very forgetful person but I can remember the scene and the last words spoken by my father at his deathbed. I can vividly remember the incident which took place in 1969 which was the black chapter in the history of our nation.

In western nations there is one way of getting a person to recall their memory and that is through hypnotism but I believe it is not commonly used in the Court of Law.

The thing that comes to mind is how in the west the Police use a Polygraph to ascertain whether a person is lying or not. It seems when someone is lying under polygraph the machine is able to monitor the erratic pattern in breathing, pulse etc. of such person. What I am trying to point out here about memory is that when we are lying our heart is able to verify it.

I hope your article is not used by some smart alec lawyer as a reference to prove in the Court of law that his or her client is unable to recall the event or incident in question.

Good day.

That is the side effect of general anaesthesia. Adding to that is the age factor. That is why we have to exercise our thinking power everyday so that it will reduce the rate of forgetfulness. But coming back to whatever issue, forgetfulness can be just one of the excuses meant to hide the truth. However, genuine forgetfulness can be accepted. If the problem is that serious, the authority can suggest the use of a lie

detector machine. Or the controversial, no privacy DNA testing. Yes. There are a lot of forgetfulness going on and even coming from the top. Simple ways of keeping record. Just jot down important points in a small book. By the way, romance spices up a marriage.

Yang mulia Tun dan isteri,
Selamat hari Raya Aidilfitri.

Saya merupakan salah seorang peminat ruangan YM Tun dan sentiasa mahu mencari peluang turut serta memberi pendapat dan pandangan mengenai perkara-perkara yang Tun bicarakan, tetapi saya selalu kehampaan kerana tidak melepasi tapisan pihak Tun tentunya sehingga tidak dapat disiarkan. Saya akur sahaja.

Tapi bila saya membaca komen-komen dan pandangan orang lain yang disiarkan, saya terfikir pula bahawa tidak munasabah apa yang saya katakan tidak melepasi piawai yang ditetapkan oleh pihak Tun kerana apa yang saya baca adalah perkara-perkara yang entah apa-apa yang dituliskan. kadang-kadang tidak ada suatu fokus yang ditumpukan.

Orang kedah bahasakan sebagai 'merapu' sahaja tapi lulus juga untuk disiarkan.

Ini membuatkan saya kecewa untuk mengambil bahagian. dan saya terfikir bahawa bukan senang untuk menyertai ruangan orang-orang terkenal dan ternama. Ribuan orang yang lain yang menunggu masa untuk menyertai Tun memberi pandangan. Lebih baik saya mengalah sahaja.

Selamat sejahtera kepada YM Tun berdua.

Assalamualaikum Ayahanda TDM dan TSH

Selamat Hari Raya Aidilfitri...
Maaf Zahir Batin..

Berkenaan dengan tajuk memori nie ayahanda, benda yang biasa sangat. Dari dulu lagi alibi memori dipertikaikan di dalam setiap kes di mahkamah. Ayahanda sbgi doktor pun tahu byk faktor yg mendorong kpd kelemahan daya memori manusia. Skrg pun org muda2 cepat lupa.

Saya percaya, jika Tun tiada pengalaman, tiada memori, tiada modal dan sebagainya disuruh memberi penjelasan mengenai sesuatu perkara oleh media, Tun akan bercakap dengan spontannya seolah olah Tun mempunyai pengalaman, memori, modal dan sebagainya berkenaan perkara tersebut. Manusia sentiasa mempercayai keyakinan seseorang yg berucap ttp bukan teks ucapan yg dibacanya. Sbb itu Tun byk bercakap tanpa teks ucapan sbaliknya menggunakan keyakinan.

Tidak semua orang dilahirkan sebagai khalifah atau pemimpin. Tidak semua orang dilahirkan mempunyai ciri2 kepimpinan dan karisma. Bakat Tun adalah kurniaan Tuhan. Ttp selepas apa yg Tun tlah sumbangkan, manusia lupa akan jasa2 Tun. Memori mereka juga bermasalah.

Moga Tun beroleh kesihatan yang kuat dan daya memori yang kental.

Selamat Hari Raya AidilFitri sekali lagi
dan jika Tun balik ke Alor Star, khabar2 kan lah..
saya tggl di Jln Datuk Kumbang, Derga...
Sekian....

Assalammualaikum w.b.t Ayahanda Tun dan Isteri,

Rasa-rasanya kehilangan memori kerana enzim2 DHA, AHA dan lain2 dalam otak dah semakin berkurangan bila umur semakin meningkat. Jadi kena banyak minum susu (tapi susu yang bukan import dari China). Saya pun makin jadi pelupa, kalau nak ingat perkara-perkara penting kena tulis banyak kali, baru senang nak ingat. Tapi tak hairanlah kalau Ayahanda Tun dah makin tak berapa ingat sebab Ayahanda Tun dah tua. Yang penting bagi saya dan rakyat Malaysia adalah sumbangan penulisan Ayahanda Tun dalam blog ini. Wassallam

Ayahanda Tun Sekeluarga, assalamualaikum

Demi untuk kebaikan semua pihak saya mencadangkan supaya Utusan Malaysia dan Berita Harian memberi ruang kepada Ayahanda Tun untuk memberi komen berkaitan politik dan perkembangan ekonomi negara. Paling kurang sekali seminggu. Bukan semua rakyat Malaysia yang celik IT. Dengan cara ini semakin ramai rakyat Malaysia dapat membaca komen Ayahanda. Sekurang2nya rakyat dapat berfikir dan memberi pertimbangan yang sewajarnya.

Salam Aidilfitri kepada Ayahanda Tun sekeluarga dan bloggers.

""By the same token a person who had been sodomised must know the exact time of the day that it happened, the colour of the room and the size of the bed. If he fails to remember any of these things, then he must be lying.""

The moral of your story is "Don't get sodomised unless you can remember the details." However, some people got a kick out of being sodomised, by a DPM, at that.

Selamat Hari Raya Aidil Fitri kepada Tun sekeluarga.

Ini pertama kali saya memberi pendapat terhadap blog Tun walaupun saya adalah pengikut setia laman Tun ini dan saya juga baru berjinak-jinak sendiri di zopinion.wordpress.com dan jika Tun berkelapangan lawatlah dan komen Tun akan sangat saya hargai.

Dan tentang memori ni Tun...saya rasa in future oklah kot if semua orang ada blog sendiri dan menulis segala apa yang terjadi secara harian. So kalau blog dah ada 15 atau 20 tahun dulu senang la Tun nak recall segala persoalan di mahkamah.

Sekian sahaja Tun dari saya untuk kali ini. Terima kasih dan selamat sejahtera kepada Tun sekeluarga.

Just read Tun's posting, folks, and enjoy the sentiments written as another piece of his mind. All of us can comment to our heart's content, in the way and using the words we are brought up with. Much as we would like other people to respect our opinion, respect Tun's. That's why we bother to visit this website in the first place. Our little individual opinion isn't going to change the world.

Selamat Hari Raya, Tun. Keep on blogging.

Tun, Selamat pagi,

I know memories are here to be lost. But walking down memory lane once in a while helps refresh things sometimes. Go walk through it, enjoy it, it pays mind you.

I don't really know as of what you are trying to put through but it sounds political anyway, and everything which sounds political are actually music to my ears.

Tun, everything that takes place in court are a mixture of evidence and artistic technical display of arrangement of words. This fill the court every time a session starts. I am not a lawyer but this is what I see on TV in Hollywood movies. No room for mistakes. Right all the way, right on. One mistake, it's gonna be fatal. Lawyers are good at words, prosecutors as well as defend attorneys. But not everybody can remember everything, its a bluff if one tries to say that.

But Tun, there is a technique to remember, I have always tried it, it works at least to me. This is what I always do - if I forget where I put my car key, first I would look everywhere. If I still can't find it, I'd ask my wife. If I ask her first without the effort of searching for it, it would wake up that dragon inside her and fire

would start to breathe in and out between her Angelina Jolly's kind of lips. Hell will break loose. It would burden me a lot as I would have to find a place to hide and its always been under the armpits of my girlfriends(he...he...he... just joking Tun) So that's why I started creating this habit way before ice age. And now its well practiced. 'Berbaloi' as Semenanjungites always put it. It is easy, I always 'rewind' (if I can use the word in this situation) the action I did starting from the time I close my car door, took off my shoes, put my laptop bag down, stripped my clothes, sat at the dining table, had my lunch, puff my cigarette while sitting lazily on a couch. Did I tell you where I put my key? No did I not? So in this scenario, I just throw away the key without noticing the exact place I put it. By rewinding all those actions, the frequency is around 80% I would successfully find my key. Probably motivated by.... yes... that nasty fire breathing dragon.

Tun, I would like to respond to what this little Tommy has commented lah. I have a lot of Chinese friends, Indian quite a few. I enjoy their company. We have our own way of thinking, we don't around making friends with everybody so we don't know everybody. So we cannot start to generalize. Graduate first. Get a job. Understand a situation. Don't just simply being judgmental. If you are other Bumis, the situation is different. You are actually lucky coz you are 'camouflage'. Don't give me that crap lah. I know. The best thing for you to do, take my piece of advise, WIPE YOUR NOSE, STUDY, AND GET INTO THE REAL SITUATION. But if you that camouflage type this advise doesn't apply.

Have a nice day Tun and everybody and specially to you the so-called Tommy... One of my fav car model is Jackson Tommy Caira.

Salam Ayahanda Tun, maaf saya menyimpang keluar topik sikit. membaca komen AMAR MAKRUF, mengingatkan saya semula kepada saluran politik sempit, sesak dan semak UMNO sejak tahun 2001 dan kebelakangan ini. Para pemain yang sama, penulis skrip sama, plot lebih kurang saja. Dan rating mereka dah jatuh teruk tapi tak sedar-sedar lagi. Agaknya mesti disebabkan duit. Arwah tok saya pesan duit ni memang berhantu. Entahlah Tun, biarlah kekayaan diukur dengan ukuran lain daripada nilai emas dan duit. Yang boleh menyelamatkan UMNO pada detik ini adalah akar umbi. Mereka masih lagi ikhlas dan setia pada nilai sebenar UMNO.

Dear Tun,

short but extremely FUNNY!!

I dont even remember what I ate for dinner 2 nights ago,
but I can remember that Malaysia have only 4 prime ministers,
Tunku, Tun Razak, Tun Hussein Onn and the best Tun Dr M.
Not sure if I left anyone one out form the list. I cannot remember!

Cheers

By Tunku Sofiah Jewa on October 4, 2008 10:00 AM

Beloved Tun,

You are not alone, Tun, in having memory problems.

Yaacob (my husband) is 13 years younger than you, Tun, and his memory is, I think, worse than yours. On one occasion, he gave me a birthday card instead of one denoting our wedding anniversary. On another occasion, he met two adult girls who wished him "assalamualaikum Tok Cob" and kissed his hand and cheek whilst he was shopping with Suffian, one of our two sons, at the KLCC. Except for replying "waalaikumussalam", he just could not recollect who they were – until Suffian told him that the girls were his cousins i.e. Yaacob's elder brother's grand-daughters!

You mentioned, Tun, that you were going to take a memory course. I would persuade Yaacob to do the same.

But the persons, I think, who, more than the two of you, need to seriously consider undergoing such a course would be some of your former Cabinet colleagues.

For 22 years they were your faithful comrade at arms in your struggle to put Malaysia on the world map. They were always defensive of your actions and ever so polite in their demeanour towards you. But now that you are no longer their chief, their true colours are beginning to show. In their public utterances about you, they seem to have thrown to the dogs even some basic expectations of good manners like, for example, being courteous to the elders. Alas, they have forgotten what gratitude is all about.

A memory course for your ex-colleagues would not only improve their memory but, I hope, would also inculcate into their heads some basic precepts of good comportment, including an appreciation of that famous quote: "Blessed are those who can give without remembering, and take without forgetting".

SELAMAT HARI RAYA to you, Tun and to Tun Dr. Siti Hasmah and the rest of your wonderful family as well.

With much affection,

Tunku Sofiah Jawa

this might not be related to this post, but i just had an urge to point this out. i read this on thestar today.

KUALA LUMPUR: Datuk Seri Abdullah Ahmad Badawi should not be pressured to quit as Prime Minister despite his flaws, says DAP chairman Karpal Singh.

He said he preferred having Abdullah as the Prime Minister than his deputy Datuk Seri Najib Tun Razak as the country would experience another "Mahathir era" under Najib.

"Najib was once Dr Mahathir's (former prime minister Tun Dr Mahathir Mohamad's) blue-eyed boy. It is bound to happen.

"Umno should not write off Abdullah as he received the people's majority.

"It is not fair to pressure him to step down. It is not in our culture to pressure anyone into submission," he said yesterday.

Karpal Singh denied he wanted Abdullah to remain in power instead of Najib to make it easier for the Opposition to make their move, saying, "our chances are not slimmer under Najib."

i'm not so concerned with the issue of forcing people to quit, i'm more concerned with him saying that "Umno should not write off Abdullah as he received the people's majority"... the people's majority. and yet they are trying to topple the government with defecting MPs. this just doesn't smell right.

Maaf Tun, with your permission I would like to say something to our Saiful Bukhari Azlan , October 4,2008, 3.44am

Saiful,
Selamat Hari Raya, Be strong and do Solat Hajat Many Times and Pray that your memory is strong during the interrogation & justice will prevail . I belief every human being will be tested by Allah in their life to test our level of faith to Him. It is just the kind of life test and the magnitude is different. I am also being tested by Him now and sometime it can be unbearable to shoulder.

If 'he 'is in the wrong ,may be you are the chosen one by Allah to put a stop to this fellow ill doing once and for all.The reward for your suffering and determination will be decided by Allah and He will never failed you unlike any other human being. But if the crime is committed by you,I guess you yourself know the outcome from Allah wrath. I believe all Malaysian will pray for the truth and justice to come out . Be strong and good luck to you.

Najib Mula Mendapat Sokongan Terbuka Ketua-Ketua Bahagian Merebut Presiden

Contributed by AMUbaidahS on Tuesday, September 30 @ 09:28:51 MYT
Topic: Blog dan Portal

Pada sebuah majlis berbuka puasa bersama Naib Presiden UMNO Tan Sri Muhyiddin Yassin, Ketua-Ketua Bahagian UMNO Cheras dan Titiwangsa telah mengisytiharkan niat mereka untuk mencalonkan Datuk Sri Najib Tun Razak sebagai Presiden UMNO pada mesyuarat Bahagian bulan depan.

Mereka, yakni YB Senator Datuk Syed Ali Al-Habshee (Cheras) dan Datuk Sulaiman Muhamad (Titiwangsa) juga melafazkan niat untuk mencalonkan TS Muhyiddin sebagai Timbalan Presiden parti, sebagai gandingan mantap bersama DS Najib untuk menyelamatkan parti dari kepincangan kepimpinan yang sedia ada.

Menarik sekali, ini tidak dilaporkan oleh mediamasa utama negara hari ini, walaupun acara tersebut ada menerima sedikit liputan. Mungkin ada yang menghindar?

Dearest Tun,

Well said!

1. I believe Tun has much better memory compared to most people here even though Tun is much older. Furthermore, we are human beings, not robot, and it is impossible for us to remember every detail of events happening 10, 15, 20 years ago...

2. Majority of women are good in remembering events related to emotion, while men are good in logic thinking. It has got something to do with our left brain and right brain – which one is more dominant in ones brain...but of course there are exceptions. There are also women who are good in logic thinking, and can't remember birth dates, and etc. Some people are good in both areas.

3. And it is also so ridiculous to expect a former PM to remember details of every event that happened throughout his 22 years of premiership. May be the lawyers should first test their own memory before asking people all kinds of ridiculous questions.

May Allah SWT bless Tun and family.

To be honest, I've never been to a court nor in my life so far, attend a hearing so I guess I do not know the procedure nor the process of court case.

Anyway, in my opinion, as you've have said Tun, nobody is born perfect. We sometimes rely on other factors to help us get through a lot of 'simple' things in life e.g. remembering dates of special occasions is one so it does not matter if you do remember what had happened 10 or 20 days ago or even years ago.

Our honesty does not betray us, not unless if it is a 'make-up' story, then people might just tend to conflict the facts when they are asked several times. Why? Because we are humans, our brains do not register lies too many times and when asked too many times, it tends to change without 'notice' hence we do catch liars every now and then because what they told everyone, anyone is different from what they did days or weeks ago. But if it's the truth, I do think it will not differ any much as the originals.

You are a very wise man Tun, though I've not met you in person which I don't think in my entire life will, I think you know perfectly who's lying and who's not.

We, the rakyat, do know who's 'spicing' things up to make things 'super-licious' but by the end of the day we know it's not the truth. We are by your side till the end Tun.

p/s: this is my first time reading and commenting on this blog, just know you have a weblog..peace!

Salam Ayahanda Tun,

Manusia ni banyak hipokrit. Ikut menu harian, banyak kulit boleh salin tukar macam superman, spiderman, cicak man. Pak Lah hari ni bukan lagi Pak Lah yang saya kenal dan sanjungi dahulu :(Anwar Ibrahim hari ni bukan lagi Anwar Ibrahim cikgu tuisyen dahulu. Semua manusia berubah. Saya pun tak tahu dah berapa kali berubah dalam meniti arus kehidupan. Tapi bagi Tun, Tun tetap siapa diri Tun. Macam mana masa Tun di Maha Klinik dulu sampailah hingga ke hari ini. Tun tetap konsisten sebagai Dr. Mahathir Mohamad. Membaca komen disini saya juga ingat semua jasa-jasa Tun kepada kami rakyat yang masa tu cumalah biasa saja. Ayah saya sampai kehari ni ceritakan pada anak cucu bahawa kalau tak disebabkan Tun, beliau tak akan masuk universiti. Masa pemeriksaan untuk masuk universiti, doktor cha ya nun alip hospital kerajaan tulis bahawa jantung dia tidak pada tempat yang betul. Ada alignment lari sikit. Gagal kalau guna medic report tu. Ikhtiar terakhir beliau naik bas pergi ke Maha Klinik. Pada x ray dia Tun tengok dan tulis "the heart is strong and good. It's just a matter of placement". Dapat masuk universiti dan berkhidmat sampai ke hari ini untuk negara, bangsa dan agama. Itulah keistimewaan Tun. Konsisten. Memang sangat susah nak ikut cara Tun. Itu kualiti kepimpinan yang telah hilang daripada

UMNO dan Kerajaan Malaysia bila Tun bersara dulu. Kerajaan dah makin hari makin tinggal kera saja. Sikit hari lagi beruk terus.

and of course you will never know if what someone recalls in all clarity is what was planted in his head and to state as its memory. Many reasons for it. Some would say hell hath seen no fury as a woman scorned. Money for some is a grate motivator. Holding another to ransom can make his memory chips fertile for any kind of plantation too.

So, how can you tell really? Unless you are begining to feel that you have been had. Because from what you write here, it would seem like it is not too difficult to con you with a story.

By Onn on October 4, 2008 1:25 PM

Dear Ayahanda Tun. Many a time when you write I always look forward for an angle which reflects the antecedent in life and hope we could all learn something from it and appreciate the various decision you took during your tenure as Prime Minister. No matter how great a leader is, it cannot be said that one is guided by a manual, produce by a certain school that teaches leaders on how to run a government. This simply does not exist. Leaders develop their own style, and perhaps even using history or repeat the practices of leaders that comes before them to manage a country. You were about the longest leader that has served the country and the best too. You've done the country good and I am proud to say that at time I've even sell your name as the most significant 'commodity' that the country export.

I cannot help, but feel a sense of melancholy on reading your recent note, as if something will go amiss. I remember the days when you confronted the late YTM Tunku to the point of writing a book. You have your reasons, besides, the country at the time was at the cross-road, rotting from the fungus of communism. The late Tunku too, has his views and on many occasions has put his thoughts across. Yet, when you were in government you have not brought the Tunku to court to question his decision and judgement, despite your differences. It is on this scale you have showed the value of a statesmanship and above all preserve the culture and sanctity of Malay practices. I should say, in your own way, showed the highest respect to our beloved Tunku. UMNO retain formidable strength when you were president and equally unites the coalition under the umbrella

Tun, you are a rare breed and gifted.. You read situation very well and due to this you were able to pre-empt action and thwart any move that tries to undermine the tranquillity of the country when you see it coming our way. By the same token it is for this reason you stood to seek explanation on how things being govern when there is a lack of political audit on the functions of government.

I pray nothing untoward happens to you when you are thought to forget events and dates for whatever circumstances you were in that can drag you in the middle of things, especially when there are group, turned to engineer a campaign of humiliation against you. Your description on how a fail memory can be fatal before the law sends shivers to our spine. God forbid. Take care Sir and once again Selamat Hari Raya, Maaf Zahir Batin to you and family.

Walaupun ambil masa agak lama untuk menelitinya tapi saya faham dgn maksud Tun.

Dear Mr. rushdi2020,

I truely agreed with your comments. Precisely similar as my thought.

Pak Lah is a very nice person but being nice only is inadequate to runs the nation. The problem that

nation facing today is because we used to had an excellent PM (This was admitted by the many outsiders from different countries-myself experience). Now, as the person that replacing him is just a 'normal' person, that is why we feel uncomfortable.. but yes! we are facing problems in everything now and that is the bottom line of it.

But the sad fact is, whoever replacing him, would be in the same SH.. as AAB having today due to their lacked of Charismatic and principle. TDM adalah manusia yang sukar di cari gantinya (sekurang-kurangnya dlm waktu terdekat ini) walaupun daripada kalangan beliau sendiri. Saya gembira kalau saya salah dalam hal ini..

To Tun yang amat dihormati,

This is my first time appear in your blog although i've been following your articles for quite long time already.

Saya menghargai Tun sebagai seorang negarawan ulung. Sebagai seorang anak Iban dari Sarawak, membesar di era pemerintahan Tun, adalah suatu rahmat. Tun adalah Idola saya sekeluarga.

Cuma satu yang saya kurang bersetuju dimasa Tun adalah kurangnya penekanan dlm penggunaan bahasa Inggeris. Dan sekarang saya rasa kesannya (apabila pergi ke luar negara atas urusan pekerjaan - semenjak 1991 hingga sekarang) amat payah untuk berkomunikasi dengan masyarakat antarabangsa lebih2 lagi bab penulisan. Jadi sesuatu harus dilakukan sekarang.. Bukan prejudis terhadap bahasa kebangsaan tapi kita harus terima realiti, samada kita setuju atau tidak, bahasa Inggeris masih lagi menjadi bahasa antarabangsa dan juga di Malaysia sendiri! Tanyalah siswazah yang pergi temuduga2. Mereka rasa 'malu' dan rendah diri serta hilang keyakinan sebab tidak dapat 'menyampaikan' diri mereka bukan hanya masa temuduga tetapi dalam urusan harian. Seseorang tidak akan menggunakan bahasa rojak kalau beliau tahu menguasai sesuatu bahasa itu sepenuhnya. Saya sendiri berpeluang belajar Jawi di awal persekolahan dulu walaupun ianya tidak diteruskan. Bagi saya, itu bukan satu paksaan. Lihatlah sesuatu itu dari sudut positif.

- Maafkan saya kerana menyimpang dari topik asal- maklumlah pertama kali.. dan masih belum terlambat rasanya untuk mengucapkan Selamat Hari Raya kpd Tun sekeluarga dan semua pembaca blog TDM yang beragama Islam.

Salam - GuangZhou China PR.

TUN,

HINDRAF sudah melampaui batas (biadab dan kurang hajar) dan mengambil kesempatan keatas PM yang lemah dan lemau. Dimanakah negara di dunia ini yang kaum Indianya diberi keistimewaan dan hidup sejahtera (termasuk di negara India sendiri). Ada sekolah tamil sendiri, depavali diberi cuti umum, taipusam lagi (SELAIN PERAYAAN SEPANJANG TAHUN)...Rumah ibadat dibina merata2 sehingga kawasan yang tiada ada kaum india pun turut dibina. Melimpah2 toleransinya masyarakat malaysia kepada kaum India. Bersyukur lah.

Kami yang tinggal di luar negara juga minoriti disini. walaupun minoriti yang significant (hampir menyamai kaum india di malaysia) kami tidak ada mintak apa cuti atau sekolah sendiri atau apa2 lain selain kebebasan agama dan diskriminasi terhadap orang asia. lahir dan punya kerakyatan disini tidak bermakna negara ini kami yang punya. ini orang putih yang punya.

Ketika kaum peribumi bertoleransi, jangan pula kita berlebih lebihan..Jangan lah merosakkan keharmonian dan perpaduan rakyat Malaysia sedia ada dengan menyalakan api perkauman. Sepatutnya kita tumpukan usaha untuk memajukan negara menuju 2020 yang tinggal 11 tahun lagi. Kumpulkan dan nikmaiti kekayaan selagi tidak melanggar undang2 dan tidak bercanggah dengan norma2 masyarakat Malaysia.

Kelemahan dalam sistem kerajaan memang wujud disana-sini tetapi kerajaan komited to ractify the weaknesses, kita perlu bersabar sedikit, pemerintahan yang baik, politik yang stabil, pasti akan dapat selesaikannya nanti.

Salam alaikum Tun and bloggers.

We all have problem with memory, I can not remember when I started relying on "Computer Memory" to aid me.

Recapping:

9. By the same token a person who had been sodomised must know the exact time of the day that it happened, the colour of the room and the size of the bed. If he fails to remember any of these things, then he must be lying.

My Remark is:

The question is not whether he is lying, but if his story is worthy of consideration for prosecution. If the evidence can not materialise as happened; then it should not be used as evidence, as such would have potential of being false evidence.

But truth is, my understanding in Law is far too undeveloped to make anything of the such more than just an illustrative logical understanding (something like common sense). I put my faith in the court of justice in Malaysia as I have no choice; and hope that truth and correctness will prevail.

Your comment...Apa apa pun, tak pernah terjadi dlm sejarah Malaysia, open house org kenamaan dicemari dgn rusuhan. Yes, I'm talking about Hindraf making sort of trouble at Pak Lah's open house at PWTC. Itu lah harganya klu semua nak diberi muka. Semua atas alasan demokrasi. Sampai nak berdemonstrasi pun dah tak kena tempat"

Emville,

I'm not sure if you are a married man or woman....if you are a married person and you have small children then you know the feeling the pain of the children and parents being separated under the so call this "ISA"... These people have this pain and that is why they went peacefully to the PM open house to plea for the release of their loved ones....Base on your comment above, I'm sure you a true believer in GOD....i don't have to judge you for above comment...Let GOD decides your faith on your comment.

SALAM AIDIL FITRI BUAT TUN SEKELUARGA.

TUN,

Desas desus mengatakan DSAAB akan meletak jawatan pada MAYFEST ini. Kalau ini benar, ia adalah suatu rahmat dan hadiah Aidil Fitri untuk umat MELAYU dan negara Malaysia amnya.

Saya amat amat berharap agar TUN dapat memegang jawatan PRESIDEN UMNO lantas mempunyai hak untuk melantik Perdana Menteri Malaysia mengikut potensi atau TUN sendiri jika tidak keberatan.

Banyak perkara wajib diperbetulkan dan diperbaiki. Saya tidak nampak mana mana calon yang sesuai untuk jawatan PRESIDEN UMNO selain TUN buat masa sekarang ini.

HIDUP TUN HIDUP MELAYU.

Assalamualaikum Tun,

I know memories are here to be lost. But walking down memory lane once in a while helps refresh things sometimes. Go walk through it, enjoy it, it pays mind you.

I don't really know as of what you are trying to put through but it sounds political anyway, and everything which sounds political are actually music to my ears.

Tun, everything that takes place in court are a mixture of evidence and artistic technical display of arrangement of words. This fill the court every time a session starts. I am not a lawyer but this is what I see on TV in Hollywood movies. No room for mistakes. Right all the way, right on. One mistake, it's gonna be fatal. Lawyers are good at words, prosecutors as well as defend attorneys. But not everybody can remember everything, its a bluff if one tries to say that.

But Tun, there is a technique to remember, I have always tried it, it works at least to me. This is what I always do - if I forget where I put my car key, first I would look everywhere. If I still can't find it, I'd ask my wife. If I ask her first without the effort of searching for it, it would wake up that dragon inside her and fire would start to breath in and out between her Angelina Jolly's kind of lips. Hell will break loose. It would burden me a lot as I would have to find a place to hide and its always been under the armpits of my girlfriends(he...he...he... just joking Tun) So that's why I started creating this habit way before ice age. And now its well practiced. 'Berbaloi' as Semenanjungites always put it. It is easy, I always 'rewind' (if I can use the word in this situation) the action I did starting from the time I close my car door, took off my shoes, put my laptop bag down, stripped my clothes, sat at the dining table, had my lunch, puff my cigarette while sitting lazily on a couch. Did I tell you where I put my key? No did I not? So in this scenario, I just throw away the key without noticing the exact place I put it. By rewinding all those actions, the frequency is around 80% I would successfully find my key. Probably motivated by.... yes... that nasty

fire breathing dragon.

Tun, I would like to respond to what this little Tommy has commented lah. I have a lot of Chinese friends, Indian quite a few. I enjoy their company. We have our own way of thinking, we don't around making friends with everybody so we don't know everybody. So we cannot start to generalize. Graduate first. Get a job. Understand a situation. Don't just simply being judgmental. If you are other Bumis, the situation is different. You are actually lucky coz you are 'camouflage'. Don't give me that crap lah. I know. The best thing for you to do, take my piece of advise, WIPE YOUR NOSE, STUDY, AND GET INTO THE REAL SITUATION. But if you that camouflage type this advise doesn't apply.

By Syed Akbar Ali on October 4, 2008 5:33 PM

Dear Tun,

My lawyer friends tell me that in sexual offenses (rape, sodomy etc) the victims may not always remember the exact time and place they were raped. This is especially the case where the victims are very young or were too traumatised to recall the event in all its detail.

For example the 'sumbang mahram' cases where a father or brother has been sexually molesting the victim over a period of months or years can fall into this category. The victim can hardly recall the exact time they were raped other than saying 'last month', 'last year before bulan puasa' or things like that.

In cases where the victims were raped outside (in rubber estates, lonely roads, in the park, in abandoned buildings etc) the victims may not even recall the exact place. Girls who have been drugged and then raped somewhere may not recall where they were taken.

However for a long time, the Courts did not consider the absence of the 'exact time' of the sexual offense as fatal to the prosecution of such cases. The lawyers will confirm that we have had many succesful prosecutions of sexual offenses in Malaysia even when the victim could not recall the exact time or exact location where the offenses happened.

But now this situation has changed after that 'particular' verdict was overturned in the case involving you know who. One of the reasons stated by the Court in dismissing that particular case was the absence of the exact time the offense was alleged to have been committed. I believe this is also the gist of your comments here.

I believe that since this ruling by the Court, some other rape cases also got dismissed based on the same argument. I recall that a lawyer (who is now an MP and son of another lawyer and MP) did use this angle and quoted the Court ruling in that 'particular' case as legal precedent to support his defense. He argued that there was no evidence available as to the exact time his client had committed the sexual offense.

This places greater pressure on the Police and the Prosecution in preparing evidence and prosecution of such cases. But as a layman I also feel that it has made things a tad easier for sexual offenders to get off the hook. It becomes that much more difficult to convict such cases in the absence of the 'exact time'.

By Emetjais on October 4, 2008 7:46 PM

Selamat Hari Raya Tun !

For most actions/events the longer they are, the less likely that they will be remembered. But if we have an interest or a desire, we will remember it forever. Unfortunately, we take things for granted as if we will live forever.

Law is man made. Kita tak patut takut kalau kita tak buat kesalahan. Orang takut ISA sebab mereka trying to break the laws- trying to enforce their will against the majority. For ordinary people, ISA means protection against the extremists.

Sexual offenders may get off in this world but in the after-world, they will surely get it. Allah is great !

Assalam Tun,

Then, technology not so mobile thus, I remembered my late father always reminded me that you must always a pen in your pocket to write down important matters.

I used to carry the pen but hardly to note down in the "buku 555".

Now, almost Malaysian carry with them sophisicated PDA or mobile and functionally comes with great features like appointments.

Now, when you had mentioned, I realize the important to noting onto the phone or any other device. Sometime too lazy to do it.

I guess, at least we have something to refer to.

Just to add: If the court asked me 10 years ago on certain date, rest assured I would not able to recall but I am certain of the date, time and person involved when I had an accident 10 years ago. Simply because, it is too significant not to be remembered.

Thanks Tun.

Saya masih ingat satu perkara, ianya mmg sesuatu yg tak dapat saya lupakan. Waktu tu saya masih di sekolah menengah~~mid 80an. Setiap kali raya saya dan rakan2 akan selalu menghantar kad raya untuk Tun dan sentiasa akan dpt kad dpd pihak Tun. Kad tu cantik2, kadang-kadang ada gambar family Tun. Saya masih simpan kad-kad Tun tu.

Pak Lah, I hope you salah sorang yg selalu baca comment2 dlm blog Tun. Apa yg di tulis di sini kebanyakan adalah isihati rakyat yg tak dpt bersuara. Bottom line apa yg kami nak ialah supaya Pak Lah tlog lepaskan jawatan Pak Lah dgn segera. Bila saya baca petikan tulisan Tun diatas, saya rasa Tun tidaklah begitu 'absent minded' sangat. Kalau Tun boleh cakap pasal perkara seperti diatas tu lagi, saya kira Tun boleh ingat kesemua titik tolak perkara tersebut dari awal hinggalah keakhirnya. Tun tak perlu risau jika dipanggil untuk memberi keterangan di mahkamah nanti (sekiranya dipanggil) kerana saya rasa hakim takkan tanya tarikh kawin Tun kot...atau tanya bila tarikh lahir Toh Puan...ada pun soalan-soalannya mungkin berkisar dari perkara-perkara seperti yang Tun sebutkan diatas....wallahualam

Askm Tun!

Alhamdulillah! Berkat usaha Tun, secara berterusan memberi tekanan kepada pucuk pimpinan hari ini walau pun hanya dengan cetusan-cetusan idea menerusi Blog 'Chedet' ini, saya melihat ianya telah mula menerbitkan bibit-bibit hasil yang positif. Tun! Itulah semangat jati diri melayu yang sebenar. Tidak pernah mengalah dan tidak pernah putus asa. Walau pun dicaci, dikutuk dan dikritik keras oleh individu-individu yang dulunya Tun sendiri yang membimbing serta membawa mereka masuk ke dalam kancah dunia politik tanahair, Tun tetap konsisten.

Tun! Sejarah pernah membuktikan bahawa, bidang penulisan juga pernah dijadikan sebagai satu wadah atau elemen perjuangan. Cuma, caranya agak berbeza di mana, dalam era ICT ini, kaedah Blog-blog ini lah yang menjadi pilihan. Apabila memperkatakan tentang blog, bukan untuk memuji berlebih-lebihan. Jutaan terima secara peribadi kepada Tun kerana sudi mengolahnya dengan gaya bahasa yang mudah difahami, bertanggungjawab dan bersertakan dengan fakta yang tidak meragukan. Sesungguhnya, rakyat Malaysia amat memerlukan semua ini kerana kenyataan kebanyakan media-media masa hari ini amat mengelirukan.

Tun! Bercakap tentang bahasa, saya amat memahami. Tun mengetengahkan idea penggunaan BI untuk pembelajaran subjek-subjek Sains dan Matematik, agar bangsa kita (Melayu) dapat menguasai ilmu dengan pantas dan mudah. Dengan erti kata lain juga, mungkin maksud Tun, ialah sebagai satu kaedah 'advance paradigm shift' untuk bangsa Melayu. Hanya dengan penguasaan ilmu secara menyeluruh serta advance membolehkan jurang atau 'gap' ketinggalan itu dapat dihapuskan atau pun mungkin mengatasi terus bangsa-bangsa lain baik didalam negara mahupun diperingkat dunia. Melalui kaedah penguasaan ilmu ini jugalah membolehkan bangsa melayu akan dihormati dan dipandang mulia oleh bangsa-bangsa. Tun! Untuk itu, saya setuju, ilmu adalah penentu keselamatan serta maruah bangsa.

Sekadar ingin memohon pendapat, Tun... ! Apakah rahsia sebenar yang membuatkan orang-orang China khususnya melalui Dong Jiau Zhong tidak bersetuju dengan pendapat Tun tentang isu bahasa ini. Bagaimanakah caranya kita dapat menyelamatkan Bahasa Melayu itu sendiri? Mungkinkah suatu hari nanti Bahasa Melayu itu akan pinggirkan sedangkan kita sebagai orang-orang Melayu wajib

mempertahankannya.

Diharap Tun sudi memberikan sedikit pendapat dan pandangan mengenai perkara ini dan mungkin dapat mengaitkannya sedikit dengan PERKARA 152 (Perlembagaan Negara)

Askm..Tun!

Tatkala saya membaca halaman 'Human Memory' ini, saya rasa amat tersentuh apabila ada hamba allah yang mengkritik Tun dan mempersenda-sendakan kekurangan pada Tun dalam mengingati tarikh perkahwinan sendiri. Untuk makluman Tun, saya ada membaca satu aritikel dalam sebuah majalah BI tentang Tun Siti Hasmah. Antara perkara yang amat saya kagumi adalah sikap Tun Siti Hasmah apabila berjalan dengan Tun. Apabila berjalan, Tun Siti Hasmah akan berjalan dibelakang sedikit daripada Tun. Ini, Tun Hasmah lakukan kerana menghormati tugas suaminya sebagai pemimpin no.1 negara. Dalam artikel tersebut Tun Hasmah menyatakan yang beliau tidak pernah mencampuri segala urusan berkenaan dengan tugas rasmi tun dalam kerajaan. Begitu juga dengan anak-anak Tun sendiri. Tun juga ada menyatakan yang Tun tidak suka keluarga meletakkan diri Tun dalam suasana dilemma apabila hendak membuat sesuatu keputusan.

Oleh itu tidaklah mustahil, Tun agak sukar untuk mengingati tarikh-tarikh yang tidak kurang juga penting dalam kehidupan peribadi Tun. Tun juga adalah manusia biasa. Tentu ada kelemahan sendiri. Allah swt jadikan kita untuk berpasang-pasangan. Rumahtangga itu adalah perkongsian hidup. Justeru itu tidak salah jika tugas untuk mengingati tarikh-tarikh penting itu dipindahkan tanggungjawabnya kepada Tun Hasmah.

Saya sebaliknya amat kagum dalam usia sebegini .. (80 an), Tun mempunyai cara yang begitu efisien dalam aspek menguruskan maklumat-maklumat serta data-data yang penting. Tun! Jika boleh saya ingin belajar ilmu ini dari Tun. Saya agak kerap juga berkunjung ke Perpustakaan di Yayasan Kepimpinan Perdana. Saya melihat sendiri segala maklumat-maklumat simpanan Tun di 'Digitalize' agar memudahkan pengunjung-pengunjung atau orang-orang tertentu yang berminat untuk membuat rujukan, kajian dan penyelidikan. Saya percaya, lebih dari itu adalah untuk tatapan serta penghayatan generasi akan datang. Jutaan terima kasih saya ucapkan.

Tun,

rasanya kebanyakan orang lelaki mmg kurang amik berat ttg tarikh ni.

perempuan lebih ingat tentang tarik-tarikh dan apa² peristiwa yang berkaitan. lagi² jika melibatkan mereka berdua..

saya juga seperti itu. bukan lupa, tapi amik ringan pasal tu dan malas untuk mengingati...)

salam aidilfitri buat tun sekeluarga.

dearest Tun,
truely enough the truth is very difficult to reveal. the power of the darkness always 'overpower' the light of truth...and our Law is controlled by this power.. the slightest wrong move or word u say u are considered liar/guilty.

Assalamualikum wbr...

Semua manusia mempunyai masalah ingatan. Betapa hebat sekali pun ingatan mereka..tetapi ada sesetengah perkara kelupaan tetap wujud mengikut tingkat kepentingan sesuatu peristiwa itu. Apabila menyentuh tentang kes di mahkamah, sewajarnya istilah 'postponed' tidak perlu wujud. Mengapa bagi kes-kes yang telah sedia bukti perlu ditangguhkan. Ini kerana jika terlalu lama akan menyebabkan lupa dan kelama-lamaan buang kes.

Mahkamah syariah bagi pandangan saya telah mengikut jejak mahkamah sivil dari segi mendapatkan keadilan bagi sesuatu kes yang sepatutnya mengikut cara kehakiman di buat di zaman kegemilangan Islam.

Semacam gaya pula istilah 'postponed'. Kes ini postponed. Ini secara tidak langsung telah wujud ketidakadilan bagi pihak pendakwa dan pihak pembela.

Langkah pembaharuan yang perlu dibuat dalam sistem mendapatkan kehakiman adalah mempercepatkan kes. Subjek tertentu dalam kursus undang-undang di universiti perlu diwujudkan bagi seni mempercepatkan penghakiman.

Dearest Tun,

A test of you memory Sir?

In 1975, when you were the then Minister of Education, you officiated the opening of Sultan Sulaiman Primary II school in Kuala Terengganu. Whilst touring the exhibition hall you stopped at my booth which displayed an Australia's map in mesh paper collage.

As you approached, you ask, 'Young man, see that Bass Straits separating Tasmania and Australia. There is a Bass Straits here in Malaysia. Do you know where it is?'. Despite considering myself the smartest in school and a teacher whispering, 'Melaka!' to my ears, I thought better and answered truthfully that I did not know. You gave me a smile and answered.....To this day no one I met could.

DO YOU REMEMBER the answer?

YABhg,

Judges are not infallible. Like all the rest of us they have their whims and fancies too. We all will find it more difficult to remember details of events past as time passes. But you Tun, you are well known for your remarkable memory.

By the way is Ian Chin still presiding in the courts?

Salaams Tun,

1. Firstly, my belated EID greetings and May Allah bless you with long live and prosperity.
2. I have been following all Blog and given my comments to most of them.
3. You must have realized that the amount of comments posted has exceeded that of any other blogs.
4. Please come back and govern Malaysia for the sake of our betterment.
5. I feel you should form a new party (maybe called Party Kebangkitan Rakyat Malaysia).I am sure all disgruntled UMNO members who are fed up with the present screwed leaders will join in.
6. I assure you, you will have 1 MILLION Members within a few days.
7. In case an election is called for, I am sure we will win over those who are also fed of even the PKR governments whose antics have created anxiety and dissatisfaction among its members and stakeholders in the parties.
8. Don't re-join UMNO please!
9. Read the minds of the New Malaysians.

Take care and think about this proposals.

Tun,

Referring to your para

1.same to me,my wife always nagged at me.

2.Tun Siti Hasmah is a brilliant lady,and she is at her best place i.e at your side to take care of our country.

My other comment:

I refer to Zaid Ibrahim's letter to Pak Lah on ISA. He really doesn't understand nor does he know on the needs of having ISA. To me as a normal citizen, we need one law to be use on sensitive issue,if not nobody care to respect each other. For instance Teresa Kok case.

Tun, sometimes I feel that my judgment or my perspective in certain issues are better than some ministers though I'm only a layman who does not involve in politics at all.

Tun, with God's gifts, you have done your best in tackling whatever issues in this country during your time. Thank You, Tun. I do not know how else to show my appreciation to you.

May Allah bless you always.

Somebody is clearly spinning here, and spinning big time. A victim who claimed to be sodomized in a condo which was yet to be built (we are talking about years, not months and days) is clearly somebody's stooge who was used to frame the alleged sodomizer.

TUNKU'S OWN WORDS ON MAHATHIR

"Mahathir could set up a republic in this country within two weeks. All he has to do is put it to the parliament with his two-thirds majority, they accept it and if the consent does not come or is not approved or disapproved within two weeks, it becomes law. And so, he can turn this country from a monarchy into a republic in two weeks.

He is an irresponsible man. He cares nothing for class, for law, for order, for the constitution. What suits him, he just does it. You remember once he said that you must be loyal, you must not idolize the leader? But what did he do? He called everybody to parliament to swear allegiance to him. Now he is going round the country on a so-called campaign . . . campaign for what? To support him, not to support the party."

DAS: MAHATHIR IS DEVELOPING A PERSONALITY CULT?

TUNKU REPLIED: No, he suffers from that disease--inferiority complex. That is one of the diseases we find in the political world. Look at Idi Amin--he got 10 Englishmen to carry him in a chair in order to overcome his inferiority complex. That is dangerous.

By Ritzzarosli on October 5, 2008 5:21 PM

Dear Tun,

You are not the only one having this problem. U.S Government under Bush Administration is also having the same problem. That is why they are arresting people without trial after condemning our Internal Security Act.

The same reason why they approved US\$700 Billion bailout after condemning you in taking steps to bail out several companies 10 years ago in 1998 during the Asian Economic Crisis....

He he he funny how things turnout.... wonder whether U.S Government is going to admit that a Muslim, Asian man named Tun Mahathir Mohammed has done the right thing in combating crisis in his country called Malaysia... and that U.S Government was wrong is condemning it earlier.

If U.S Government was wrong in these 2 situations, wonder how many wrong decisions have Bush's Administration made.... too many to count and too many to remember I guess.... "Rakyat Dunia Mudah Lupa"

This is my first time to comment, well not exactly a comment, but would to share this information which i got from a friend who recently email me.

DSAI - EXPOSED

The US motto is.. I can do it.. you can't. They have a right to hold prisoners without trial, we can't. They can bail out companies to save their economy, we can't. They can attack other countries, we can't. They can ban short selling, we cant.

Now, I just wondering if they will peg their currency like we did.

Anyway, just want to share with everybody how their pet who is currently the MP of Permatang Pauh helped the Jewish Lobby to make us their satellite nation. Feel free to read the article in PDF Format. It is genuine

Assalamualaikum tun, well, whether one is choosing the irony or the funny part of it all is that one should question the judge whether he could remember the details of his/her experience for the past 10-15 years ago!

But I do remember one case when a prosecutor went to a house and asked a wife whether she knew where her husband was. When she answered no, the prosecutor jested her for not being a good housewife. She retorted : Did your wife know that you were coming to my house? The prosecutor just blinked!

Sometime, people, including lawyers and judges, tend to live in their own world, as if they do not belong to the real world!

By tariq the great on October 5, 2008 8:43 PM

Dear Tun,

Salam Aidil Fitri,

From fact we can say that most academicians (ie:-people who read a lot of books and OR verses from Quran) will have better memory RETENTION than people who are not.

And Tun I have to hand over to you that you are an exception on knowledge and memory retention for people even younger or same age as you.

We, Malaysians are very fortunate to have you as our leader for the past 22 years regardless of what some may say about you. Most are empty vessels and ungrateful SOB. (with ulterior motive to create uncertainty and chaos in our country)

TO ALL REMEMBER THIS,
DEMOCRACY can be translated into many ways by people which choose to ADOPT to it.

The important part is to adopt DEMOCRACY BASE on our UNIQUE COMMUNITY SET UP HERE IN MALAYSIA. NOT ANYWHERE ELSE where the social scenario and interest are DIFFERENT.

Some wanted to embrace TOTAL DEMOCRACY which is "NUTS". HOPE our present and future leaders are SMART enough not to fall trap to their call for the above which will result in more harm, damage & chaos than good.

Lately we Malaysians have SEEN a LOT, HEARD A LOT & READ A LOT, what worrying is we have been exposed to too much information in less than 7 months than 51 years of independence.

Some may without hesitate BELIEVE, some may get referrals for clarification in fact to support, I sincerely hope the latter will form the majority and PREVAIL for the sake of our country.

And as NORMAL to all we LEARN/MATURED/WISER from ERROR and MISTAKES. But to do the same MISTAKE AND ERROR again is plain IGNORANCE, STUPID AND UNCALLED FOR.

I pray which i know it may or not be answer/accepted is for POLITICIAN AND LAWYERS TO have MORALS VALUE TO BE THRUST UPON THEM regardless of their BELIEVE. I believe all major religion preach among other to their followers to practise good moral value's.

Tun, wish u good health, sharp mind and energy to write for MALAYSIA.

Salam,

Tarig the GREAT

Ada di antara kita yg memberi komen seperti 'selective amnesia' & sepertinya sengaja tidak mengambilkira faktor usia Tun di samping pelbagai lagi perkara lebih penting yg harus Tun uruskan. Saya berharap agar mereka ini panjang umur supaya pada usia seperti Tun, munkinkah mereka dapat mengingatati perkara yang dilakukan pada hari semalam (let alone last week event, last year? u hope!)

Perkara lain, makin ramai cabaran dibuat untuk jawatan t.president UMNO, saya melihat perkara ini sebagai paksaan secara tidak langsung untuk abdullah a.badawi melepaskan jawatan kepada Najib secara sukarela! ;-)

Salam aidilfitri Tun,

I think men are like that. They can't memorize date but they can remember incidents and facts. For women, they can always remember dates. Especially the pay day :D and it means shopping day.

By Ahmad Zahari on October 5, 2008 11:00 PM

Good evening Tun Dr M & the rest,

It's a fact that we as human being has a certain limitation when it comes to memory. Some has extra ordinary capability of recalling the exact facts in his/her past experience but some could barely remember, but I must admit that most women i knew has good memory, especially my wife! That's the reason why we have various tools to assist us in memorizing or even to have the ability of total recall!

When it comes to court matters, I totally agreed without a doubt that memory has its significant importance. That's the reason why most outstanding lawyers has good memory & in fact they were trained to sharpen their memory skills during the course of their training! Lawyers, please correct me if i'm wrong. As for ordinary people like me, I would have to ensure that I penned down the facts for future reference. However, this again would have its own limitation of selecting what facts do we want to record for references, thus there would be some that would probably be left out. Anyway, i'm sure that with certain significant events that we have experienced, the memory of that event would stick to our brain like a super glue !... in my case, it was during my courting time with my wife & my wedding subsequently, amongst others !! But then, in the case of a great leader such as Tun Dr M, if Dr M were to record all his events, then it would be a great library & would acquire a significant space, be it physically or just virtually ! Then it would be a good tools for reference. But, then again, I'm sure Dr M has done something like it. So, when one person is being questioned in the court of law to recall events that had happened more than 10years ago, if that person admits that he/she could not remember exactly or at all, then wouldn't it be fair to all just admit that he/she could not recall? Just imagine what happened if he/she tells something that he/she could only remember vaguely... then it would have big repercussion! Then again, there are others whom would just do this as a form of avoidance! Well, then it would be the case between him/her and GOD! Because, anything agreed under oath is not something that you would just take it lightly ! There would be others that would record the fact that would come out from you ! So, now there is that fine thin line of innocently "cannot recall" vs. "simply cannot recall" for whatever reason ! only GOD knows ! He/she will then to deal with his/her consciences!

Assalamualaikum Ayahanda Tun Dr Mahathir dan Bonda Tun Siti Hasmah, keluarga serta chedet members,

Berkenaan ingatan ni ingin saya imbas sedikit untuk tatapan

1. Pertama kali saya bersalam dengan Ayahanda Tun pada tahun (yang ini saya lupa) di Batu Pahat Johor semasa Ayahanda Tun merasmikan Tapak Pesta di Jalan Bakau Condong Batu Pahat, semasa itu saya bersekolah lagi..... Saya bercerita dengan Ayah saya tapi dia tak percaya sehingga dia melihat di TV kehadiran Ayahanda Tun di Batu Pahat baru dia diam dan senyum..... semasa itu Ayah saya mengajar dan sekarang dia telah tiada....
2. Kedua saya bersalam dengan Ayahanda Tun pada tahun (yang ini pun saya lupa tetapi baru-baru juga setelah Ayahanda Tun bersara) di Padang Stadium Batu Pahat kerana menghadiri anugerah di KUITTO (sekarang di kenali UTHM)
3. Ketiga saya bersalam pagi tadi di hari terbuka Rumah Ayahanda Tun 5hb Oktober 2008 pukul 11.48 pagi tetapi gambar anak saya yang sedang bersalam dengan Ayahanda Tun saja yang dapat di rakam....saya dah jumpa pegawai untuk bergambar tapi saya tidak berjaya (akan saya FRAME besar-besar gambar anak saya itu untuk tatapan generasi saya)

Ketiga-tiga peristiwa itu saya masih ingat dengan jelas.....kerana ianya penting dapat bersalam dengan orang saya kagumi, hormati serta sayangi....dan tetap menyokong Ayahanda Tun

Assalmualaikkum Dr.Mahathir & Dr.Siti Hasmah,

I'm Jeffry Suresh Bin Abdullah. The Alor Star SAUDARA BARU again that commented on "Balik Kampung" posting (reply at 12.55 am, on 30Sept).

I have a strong proposal to both of you. As per on my previous comment, I have commented that Dr.Siti Hasmah had contributed and sacrificed so much for the success of Dr.Mahathir...to be the superhero of Malaysia and the World!.. Simply through Dr.Siti Hasmah's love to Dr.Mahathir. So, I suggested in my previous comment to allow Dr.Siti Hasmah to join your blog and share her love, her precious experiences and opinions with millions of people around us. By allowing Dr.Siti Hasmah to jointly write in your blog, you can send out the value added message to those millions of people around us that.. "LOVE HAS THE GREATEST POWER TO DO AND CREATE THE BEST IN THE WORLD!"

Also, many women will start to visit and comment to Dr.Siti Hasmah. It will be another "get together" activity and further cherishing and love enhancing hobby for you both. You can surely see the number of people visit and reply your postings, simply multiply.

Probably you can change the blog name to "CHE DET LOVE HASMAH".

(I have a long time plan to open a cafe near Senai Airport road on the name of "MAHATHIR & HASMAH'S LOVE". Hopefully can make it by this year end).

So Dear Young Doctors, may I know when can my wife and I get the chance to get your cup of Alor Star coffee please?

Cheers always and best regards,

JEFFRY SURESH BIN ABDULLAH AND WIFE, HAFIZAH YAANI.

Assalamualaikum,

Selamat Hari Raya Aidil Fitri kepada Yg Bhg TUN berdua,

Menarik sekali lakaran TUN pada kali ini, sememangnya menjadi lumrah sebagai manusia biasa kita akan lupa tentang banyak perkara dalam kehidupan yang kita lalui, lebih-lebih lagi yang melibatkan tempat, tarikh dan waktu.

Tetapi saya yakin TUN bukan begitu kerana TUN senantiasa melakarkan sesuatu yg TUN lihat kedalam 'note pad' yg menjadi teman setia TUN.

Saya juga yakin sekiranya TUN ingin menceritakan tentang sesuatu peristiwa yg berlaku semasa TUN menjadi pemimpin, banyak yg bolih TUN ceritakan dan ingat kepada faktanya dengan jelas. Itu lah keunikan TUN yg tidak ada pada pemimpin kita pada hari ini.

Apapun saya memohon ribuan ampun dan maaf khusus kepada TUN berdua serta seluruh kaum muslimin dan muslimat di Malaysia.

TUN you the best PM ever and may Allah bless on you and your family...Amin...ya robbal alamin.

EVERY SEVEN SECONDS, ONE NEW CASE OF DEMENTIA REPORTED

Bernama - Monday, September 22

PETALING JAYA, Sept 21 (Bernama) -- More than 50,000 people in Malaysia are suffering from Alzheimer's, a disease that alters the brain, causing impaired memory, thinking, behaviour and functional activity, an expert said today.

Chairman of Alzheimer's Disease Foundation Malaysia (ADFM), Datuk Dr Yim Khai Kee said out of 10 patients, nine were below 65 years old.

He said Alzheimer's Disease International indicated that every seven seconds, one new case of dementia, one of the causes of Alzheimer's, was reported, meaning that 4.6 million of the world's population were suffering from the disease each year.

"The most common early sign and symptom of Alzheimer's is the loss of short-term memory, such as forgetting what they ate for breakfast on that day," he said after attending a health talk organised by ADFM here today in conjunction with World Alzheimer's Day

He said currently Alzheimer's could not be cured, but the earlier it was diagnosed and treated, the better

for the patient and his/her family.

ALZHEIMER-MALAYSIANS 2 (LAST) KUALA LUMPUR

"We cannot cure the patients from the disease, but we can help them lead quality life until they die," he added.

Dr Yim said that Alzheimer's not only affect the patient himself, but was known to place a great burden on families, whether socially, psychologically or economically.

On the health talk, he said it was held to teach families or care-givers how to handle and manage their parent's or whoever affected by the disease.

Meanwhile, one of the speakers, Dr Yau Weng Keong who delivered a talk titled "Current AD Treatment and Can We Prevent AD" said there were many ways to prevent the disease.

"Eat more vegetables and fish, exercise regularly, reduce anger, have fun, relax, laugh, have a good attitude, keep studying to train the mind, and keep involving in social activities," he advised.

Assalamualaikum Dearest Tun,

Well..you might not consider remembering certain dates as of any importance probably due to so many new things that keep coming into your mind, what more with a wonderful wife (Country's Best First Lady ever) who is ever willing to take care of those for you.

I am for one who just can't recall many important dates but I'm very sure to remember all those events that had been created and initiated by you. To name a few; Standardized Malaysian Time, the Punch Card, the Name Tag, the PNB and Black Sunday, the Buy British Last, Look East Policy, the Vision 2020, the North-South, East-West Highways, the Twin Tower, the KL Tower, the Putrajaya, the Cyberjaya, the Silicon Valley, the KLIA, the North, South and East Corridors, the Scenic Bridge, the Currency Pegging and G.Soros the Moron, Danaharta and many more!

The best of all shall be my rushing to be in-front of the TV set when called by all my children and even my wife whenever you appears on the screen ...even now!!!

As for DSAI, well I can still remember some namely; instigated the so called 'Demonstrations' in early seventies and the first to have left the scene when FRU made the move, Melayu Madani and Bahasa Baku that turned 'beku', talks about the 'play by the back' right from the MCKK days as told by his friends, the high Interest Rates in arresting the economic downturn..with you stood up suggesting the opposite!, 'Reformasi' in the midst of Commonwealth Games, when the whole world was focusing on us.

The best of all shall be the talk of his walking tall without his neck support upon his arrival in Germany after his release!!

As for DSAAB, to name the very few; the Islam Hadhari that is getting 'menyendiri', the Batik and Songket, the Sleeping Beauty, the price hikes and...well...let me see... The Scomi 'Din', Khairy of the Oxford 'Blunder' and Budak2 Tingkat Empat the 'Gold Diggers'!!!

And the best of all being..RMK9..Billions, Billions and Billions...

Well.. as you can see, there is not even a single date to any of those events I'd mentioned above.. how forgetful have I turned to be.. the age maybe!

Lastly, let's hope that DSAAB will not retain the UMNO Leadership in the next UMNO Delegation Meeting, as it is going to be his biggest contribution to the country... not sure when though! Just have the button passed over to DSN who by now, must have learned from all the lessons during the last 5 years of 'crash course' so that we can really start afresh!

Most importantly, DSN must not forget to have our dearest Tun to be well recognized and placed, be it merely as his own personal adviser so that he can have the other half of 'smartness' to run the country effectively. Remember...we just can't afford another failure!

Dearest Tun and Tun Dr. Siti Hasmah, we pray to Allah swt, for your long life and good health, so that we would feel more secured during the coming of another 'transition' period. Inshaallah.

Selamat Hari Raya, Maaf Zahir dan Bathin.
Wassallam.

Salam TUN,

Saya masih ingat 16/9/08 dimana saya bersama ratusan ribuan rakyat bersama2 berarak dari dataran merdeka ke bangunan parlimen, bersorak gembira meraikan kemenangan rakyat menentang segala bentuk kezaliman pemimpin2 terdahulu. Betapa bangganya saya kerana berada didalam kelompok yang benar, berjuang bermati matian mempertahankan tarikh keramat itu selama berbulan2 lamanya.

Walaupun diperlekehkan tarikh itu, tapi saya tetap yakin dengan kejujuran pemimpin yang memperjuangkannya. Takkan seorang pemimpin bertaraf ulamak, disegani seluruh dunia, sanggup menipu, mempermainkan penyokong sendiri. berbulan bulan lamanya perancangan dibuat dengan begitu rapi, mustahil timbul masalah peralihan kuasa secara teratur...yalah, bukannya sebulan dua rancang. Takkanlah pemimpin seagung beliau senang2 je pilih tarikh tanpa sebarang persiapan rapi, tanpa plan B atau plan C (tanpa perlu mengubah tarikh) sekiranya terjadi masalah. KAN TARIKH KERAMAT !

Nah, sudah terbukti tarikh 16/9 benar2 keramat ! dan saya bangga menjadi saksi kepada peristiwa bersejarah itu. dan saya pasti tidak akan LUPA akan tarikh keramat 16/9 selama2nya.....

ehh.. aku bermimpi rupanya...lupa nak basuh kaki sebelum tidur. Banyak makan tapai raya baru ni...mabuk sikit. maaf ya kalau salah, SELAMAT HARI RAYA !

assalamualaikum,

usia Tun kalau tak silap 83thn...kbykn org bila dah usia bgitu mcm2 masalah sakit tua, mata rabun, telinga tak berapa nak dengar, cakap tak jelas, ingatan tak berapa kuat. Tp bg Tun, saya boleh nampak masih lagi bertenaga walaupun tak seperti tenaga masa muda2 dulu.

Alhamdulillah...ia sbgai satu bonus utk Tun, kalau ikut usia umat nabi Muhammad rata2 dlm lingkungan 60an dah smakin kurang keupayaan. sbm ni ada org suruh Tun berehat dan beribadat je tak payah nak sibuk2 fikirkn masalah politik dan negara. inilah masalah org kita yg buta sjarah, pikiran lemah dan kurang ilmu, Rasulullah disaat2 akhir hayatnya masih mampu mengimami solat.

org kita bila kata ikut sunnah nabi, lebih tertumpu pd yg zahir saja. seharusnya yg juga perlu dicontohi adalah cara baginda berfikir dan bertindak, sbb itulah baginda Rasulullah berjaya mjd pemimpin dlm smua bidang krn pemikiran baginda bkn sekerat-sekerat, kalau terlibat dgn politik hanya politik saja, kalau ekonomi hanya ekonomi saja.

jika keutamaan kita mengikut sunnah nabi dr cara berfikir dan bertindak pasti kita mampu berjaya dgn lebih cemerlang. malangnya kita lebih suka ikut cara fikiran dan tindakan barat, bila mana mereka musnah dahulu akibat perbuatan mereka kita pun kemudiannya ikut musnah bersama mereka krn kita pun berfikir dan bertindak ikut cara mereka.

Selamat Hari Raya Aidil Fitri to you and all in your family. Wish all these things that happened in the last 6 years never took place and you are still the P.M. for Malaysia. We all miss the good times during your era. Hope things will be better soon. Take care .

Assalamualaikum YABhg Tun

Terima kasih kerana menulis mengenai memori. Manusia menurut istilah Arab ialah INSAN iaitu PELUPA.

Nabi Adam dan Hawa telah dikeluarkan dari syurga dan diturunkan kebumi kerana terlupa akan larangan Allah supaya tidak memakan buah qulbi.

Kebiasaannya daya ingatan lelaki dan perempuan berbeza. Orang lelaki lebih mengingati peristiwa makro manakala perempuan berupaya mengingati secara terperinci peristiwa micro. Itulah hikmah ciptaan Allah menghendaki lelaki dan perempuan saling memerlukan.

Keakraban YABhg Tun dan Tun Siti dicemburui ramai. Dimana ada YABhg Tun, pasti ada Tun Siti. YABhg Tun dirawat di IJN, Tun Siti siang malam disana. YABhg Tun ke Antartika, Tun Siti turut serta.

Memori kita semakin lama semakin luntur. Kemungkinan itulah sebabnya ketika kita di Padang Mahsyar, Allah menjadikan setiap anggota sebagai penyaksian terhadap segala perbuatan didunia.

Sebaik saja YABhg Tun letak jawatan, ada saranan untuk ditubuhkan institut kajian pemikiran YABhg Tun. Ini membuktikan bahawa YABhg Tun dianugerahi memori yang terulung.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Assalamualaikum Tun M,

You are trying to be modest Ayahanda Tun...all Malaysian know you have one hell of good memory....you can even speak without any text in front of you....not many politicians or ministers or even our beloved current Prime Minister can do that....I collected your books, (in fact , yesterday, you signed two of your books "the malay dilemma' and "the way forward" at your open house ceremony, time: 2.30pm...) and your vcd titled "Mahathir"...one of your colleague confirm that you are indeed, have a photographic memory!!!!.....

I believe Tun, you can and able to answer any accusations purposely to tarnish your image in the court of law.....just because they are lawyers and judges with law degrees...doesnt mean that they are able to make an informed judgement with their best ability to memorize details??..... What are good memory for when you are not able to think...right Tun?....The ability to think is the powerful tool as compared to the ability to think....let alone the "inability to think and to memorize and continuously sleeping"....

What I love about you Tun, during your period, you will always made the decisions in regards to Malaysia and Malaysians....whether it is right or not so right, we leave it to the future,....after all, we are just humans.....Decisions need to be made no matter what, especially when it is about the peace and stability of the country, sovereignty of the country..The art of decision making depend mostly on the "ability to think".....However, the "inability to think" and the "inability to make decisions" by the leader of the country will jeopardize the country...

For whatever hurdles or difficulties, all bloggers of your blog, believe, you can withstand it and win...AND THATS WHY TIME MAGAZINE USE TO CALL YOU : "MAVERICK MAHATHIR"... you will never lose to anybody.....let alone to judges in their so called "Courts of Law"....by the way,...to be a lawyer, yes there are lots of schools that can mould you to become one...to be a judge, there just no schools for that....unwise decisions can still be made by judges....

Happy Hari Raya Tun.... still remember how you shake my hand and my daughter's hand yesterday....I still have your poster in my bedroom to wake me up every morning....

Assalamualaikum Tun.

Many Malaysians took up law because they could not do Maths or Science. But they can really talk and bullshit indeed. That's why the Melaka Malays have a simplan bahasa 'loyar buruk'. These men of justice are really just a group of men of law. That what they always wanted to be known. While these stupid lawyers (I said stupid because not all of them are stupid) fighting for so called the western popular phrased 'Freedom of Expression or Assembly', I am still waiting for a demonstration by these so called 'fair' lawyers to carry placards demanding that legal fees to be reduced so as the peopla can have accessed to the court cheaply. While we may have a fair system, what good is this to us if we cannot afford to pay these bloody lawyers. Many of these greedy lawyers drive around in their BMWs and Merc just after 2 or 3 years in practice. Assalamualaikum Tun.

Isu Bahasa Melayu di negara kita.

Maaf Tun, dahulu pernah Tun katakan kita perlu mermartabatkan bahasa kita sebagai bahasa rasmi negara ini. Ramai di antara rakyat Malaysia yang bukan berbangsa Melayu tidak fasih berbahasa Melayu walaupun mereka bermastautin di negara ini lebih dari 50 tahun. Yang peliknya, dari kalangan Melayu (loghat) pun ada yang tidak berapa fasih berbahasa Melayu secara rasmi. Tapi kenapa pemimpin negara kita tidak begitu memberi penekanan terhadap bahasa Melayu ini. Kita boleh tengok sendiri di televisyen antara pemimpin bukan Melayu bercakap mengenai isu semasa tunggang terbalik. Kita sendiri pun ternganga nak faham. Apakah isu ini digelar sebagai isu sebelah mata. Kenapa para pemimpin negara kita tidak menekankan isu bahasa ini.

Bukankah bahasa menyatukan bangsa.

sama la saya tun, byk benda yg x ingat. wife sll je nak mengamuk bila ada event penting sy x ingat. tp sy ada alasan, bz ngan bisnes. nak cari rezeki utk keluarga, 24 hour kena pk pasal bisnes yg x seberapa ni...

btw..

sy ada baca artikel yang mengatakan bahawa kita tak dapat ingat sesuatu perkara bukan kerana kita terlupa perkara tersebut, tetapi kerana kita tidak dapat melupakan banyak perkara dalam otak kita.

jadi, orang macam tun tak heran la, banyak perkara yang memang tun kena ingat. so, benda² lain tu mgkn tun tak dpt ingat sgt...:-)

Tun, untuk melayan ratusan ribu peminat, penyokong dan pengikut Tun, saya mencadangkan agar pihak Tun dapat mengadakan konsert WARISAN PUISI disertakan PENGUCAPAN PERDANA oleh Tun sendiri. Saya cadangkan konsert diadakan di Stadium Bukit Jalil dengan bayaran masuk RM1.00 atau bagi menyumbang pada badan amal. Saya pasti, stadium akan penuh sesak yang datang dari seluruh pelusuk UMNO Cawangan. Yang mana rindu nak bergambar dengan Tun, Yang mana rindu nak dengar suara puisi Tun dan Yang penting nya SEMANGAT PERHIMPUNAN MELAYU yang AMAN. Saya pasti permit polis tidak menjadi masalah bagi pihak TUN. Saya diantara Umno Cawangan yang telah lemah semangat sejak ketiadaan kepimpinan pihak TUN. Semoga Allah lanjutkan usia Tun dengan sihat walafiat. Sekain Wassallam.

Salam Aidil Fitri kepada Tun Sekeluarga,

Di harapkan lebih banyak komenar dan pandangan Tun mengenai sejarah kita dan perkara-perkara zaman Tun dahulu kerana tidak banyak fakta yang boleh diperolehi dari pihak yang berkepentingan.

Saya dapati tidak ramai yang minat melakukan penyelidikan mengenai fakta sejarah kita. Samada mereka menulis dari sudut kerana mendapatkan bayaran atau kerana pangkat atau kerana sijil kedoktoran dan bukannya kerana ikhlas cintakan ilmu kebenaran.

Banyak fakta dalam sejarah Tun sendiri yang Tun mungkin merasakan toksahlah diceritakan. Tetapi hendaklah Tun ceritakan sekiranya tiada orang lain lagi yang mahu ceritakan. Dengan berbuat demikian bukan bermakna Tun mengumpat atau mengatakan orang lain. Ia lebih merupakan Tun melakukan catatan sejarah dan dalam banyak hal memperbetulkan tanggapan keadaan dan fakta sejarah.

Jemput, adik-adik main gasing. Kita pusing semuanya.

Jangan bentuk pasukan – Dr. M

KUALA LUMPUR 5 Okt. – Tun Dr. Mahathir Mohamad berharap calon yang akan bertanding jawatan tertinggi UMNO pada pemilihan Mac depan tidak membentuk pasukan kerana ia tidak akan membawa kebaikan kepada parti.

Bekas Presiden UMNO itu berkata, budaya kempen pemilihan Presiden Amerika Syarikat itu tidak sesuai diamalkan di dalam UMNO kerana ia menyukarkan individu yang menang untuk bekerjasama dengan calon daripada pasukan lain yang turut dipilih oleh perwakilan.

“Kita tidak perlu ada pasukan. Kalau kita menang, ahli pasukan kita tidak menang, hendak bekerjasama dengan orang yang lawan dengan kita ini susah.

“Saya hanya memberi pandangan dan ini terpulang kepada dia orang (untuk membentuk pasukan atau tidak),” katanya.

Beliau bercakap kepada pemberita selepas meraikan lebih 15,000 orang yang menghadiri Rumah Terbuka Hari Raya Aidilfitri di kediamannya di Seri Kembangan di sini hari ini.

Ditanya pengumuman Menteri di Jabatan Perdana Menteri, Datuk Seri Ahmad Zahid Hamidi dan Naib Presiden UMNO, Datuk Seri Mohd. Ali Rustam untuk bertanding jawatan Timbalan Presiden parti, Dr. Mahathir berkata, langkah itu bagus kerana menunjukkan UMNO demokratik.

“Jangan main kotor sudahlah, jangan bayar duit dan jangan sogok. Kita tunjuk kebolehan kita dan insya-Allah orang akan pilih kita.

“Tetapi kalau guna tekanan, hendak pulas tangan orang dan hendak tarik balik kontrak, ini bukan

demokrasi. Isu sama ada mereka menawarkan diri terlalu awal, ini mereka punya hal," ujarnya.

Mengenai keputusannya untuk kembali menyertai UMNO, bekas Perdana Menteri itu berkata, beliau bersedia berbuat demikian dengan syarat orang lain yang mengikutnya keluar parti turut diterima masuk.

TUN

Salam Aidilfitri, God bless you and your family.

Tun, The worst man's memory that we have ever seen belongs to the mind of AAB. He simply have forgotten what hindraf have said about UMNO and malay. Despite their disrespect, he politely invited them to join others in the cabinet raya open house - just to be told that "Umno seharusnya menghapus dosa yang dilakukan kepada orang india" ??????????????....

He forgotten who is Kalimullah. He must have forgotten KJ and Din are his sons. That's why he dosent feel guilty of keep on giving them projects etc etc etc. Infact proudly creating oppotunities and incentives in 2009 budget for Scomi. He forgot that's public fund and somehow computed as if given to him by his ancestor.

If AAB's memory is not very bad, such thing may have been avoided.

And that's the reasons we just could not tolerate the delay of handing over the president seat to others. Apparently, it is so difficult that he forgot to discuss with his deputy before announcing his intention to retire in June 2010 and we must pray that he remember he had announced a new date on March 2009 and will not forget to confirm before 9th of this month.

What if he forgot everything and announce some other plan? Shall we vote for Wahid to be president, Kali as deputy and KJ as youth Chief?

sekadar kongsi pengalaman dan pengetahuan,
sekiranya ada sesiapa yg demam tp tak nak demam sampai 2-3 hari boleh guna cara ini insyaAllah hari ni demam esok terus sembuh.

pakai baju sejuk, seluar tracksuit, malamnya tidur dengan selimut tebal. ini akan membuatkn tubuh badan anda yg panas akn berpeluh-peluh mengeluarkan segala haba dr dlm badan anda. suhu badan yg panas melampau scara tiba2 ini akn menghapuskn mana2 bakteria ataupun virus yg ada dlm badan. skiranya anda rasa menggigil, guna kekuatan minda anda utk menahan gigil itu.

semalam saya demam mgkn sbb letih sibuk beraya, bgn pagi ini saya rasa pulih kembali. cara ini byk kali telah saya guna dan memang terbukti menyembuhkan demam dlm masa sehari saja. kalau dibiarkn demam sembuh sdiri mgkn ambil masa lama sikit.

Beloved Tun and wife, you never fail to amaze us with your insights. In spite of your age, you are still the best writer, the best teacher and the best leader. No one but no one comes close to you. I like the part where one writer wrote whenever AAB comes on tv, he mutes the sound. How very true. My husband and I do that all the time!!!

My daughter and I went to your Hari Raya open house yesterday. Just seeing you and Tun Hasmah sitting there shaking hands with your guests, I was totally overwhelmed. After kissing your hand and Tun Hasmah's, I found myself choked up because I was so touched by the openness, the humility and the grace displayed by the two most loved and revered human beings who took Malaysia to such great heights and made us proud to be Malaysians.

Semoga Tun sekeluarga panjang umur and sihat selalu.

MELAYU MUDAH LUPA! Kata 'keramat' ayahanda yg tak pernah aku lupa!
By AmygdalaHijack on October 6, 2008 7:24 PM

Dear Tun,

Selective amnesia is well known especially under stress related conditions. Remarkably this disease is self perpetuating and the facts in question may or may not be consistent. The latter act may be voluntary or involuntary. My theory is that it all depends on the patients intelligent quotient, previous academic achievements (or lack of) etc. etc.

The most distressing and most worrying (may be an underlying epidemic) is that the observers (in the public domain mainly) are somewhat agreeable or simply induced to believe the bemusing facts (in this case- sodomy). Are we dealing with a 'folie-a-deux-type' phenomenon but only in a nationwide scale? god knows.

while i was studying medicine i can recall the exact page numbers, paragraphs and where the diagrams are on the pages of a medical textbook. i can visualise everything from memory- pretty amazing feat.... I just cant quite make out the words.....

By Mudah on October 6, 2008 7:35 PM

Dearest Tun...so sorry but please allow me..

To Mohd. Sivakumar,

It does take a person like you to make up for a complete society otherwise, living in one is of no fun at all.

However, quite frankly.. having you in this 'blog' is mere sickening as not only that you don't understand a thing but worst still you don't even have the ability to think!!

So..just go and get some guli, getah gelong and buloh letup and join all those 3-5 year old kids!!! Once grown up and have some sense in your head..come back and I presume that you will be welcomed!

Dearest Tun and Tun Dr. Siti Hasmah, may all Allah's blessing be with you and family, all the way through. Insyaallah.

Salam Tun Sekeluarga,

sememangnya agak mustahil untuk mengingati segala yang berlaku 10 dan 15 tahun lepas. Pembohong le manusia tu, kalau boleh ingat semua benda dengan detail. Ini le cara para pengamal undang-undang memanipulasi kelemahan2 dalam perundangan bagi mendapat kemenangan dengan mengalihkan tumpuan kepada masalaah teknikal yang akan mengaburi tujuan asalnya. kalau kita mempunyai pengamal undang2 yang bertanggung jawab - alhamdulillah, tapi kalau dapat pengamal undang2 yang hanya pentingkan kemenangan dan UANG - jahanam le kebenaran dan keadilan.

Hari nie, sesiapa yang pandai cakap dan belit - dia le raja undang-undang.

Since this is my first comment, I just want to wish you, your family and Malaysia a very Happy Eid. Selamat Hari Raya. Although it's a little bit late, but I just signed up with Che Det Blog.

I wish I knew earlier about your Open House, and I could come and I may have had the chance to meet your majesty from near.

Perhaps next Eid or next year Insha Allah

Yes, the best is to forget everything so you are not responsible for what you have done. If you have such a bad memory, I petty with my fellow Malaysians because they have been living under the ruling of an oblivion person. Everyone knows you can find excuses for anything. You are just too good in justifying yourself. Look where are you today? You may have supporters in Malaysia. Did you gain any respect outside the country, like Lee Kuan Yew does? I just can't accept the fact that Malaysian has given their vote to someone who could not even remember what he said, to rule the country in the past 22 years. How sad.

I WONDER WHY UP TO THIS MOMENT IN TIME YOU LAMENT ON YOUR MEMORY. ARE YOU TRYING TO COVER UP YOU PAST DELIBERATE MANIPULATION OF DATES? LET ME GET YOUR MEMORY STRAIGHT. MALAYSIA WAS FORMED ON THE 16TH SEPTEMBER 1963. THAT MAKES MALAYSIA 45 YEARS OLD LAST MERDEKA DAY. THAT DOESN'T SEEM TOO MUCH OF ARITHMETICS TO COME TO THAT DIFFERENCE. BUT YOU HAVE MADE IT IN HISTORY THAT MALAYSIA WAS FORMED 52 YEARS AGO. ISN'T THAT DELIBERATE? HISTORY DON'T CHANGE. THEY WILL REMAIN. BUT WE, SABAHANS WILL REMEMBER YOU FOREVER FOR YOUR DELIBERATE ACT OF IGNORING TO HONOR THE MALAYSIA AGREEMENT. TRY BLAMING IT ON MELAYU MUDAH LUPA....SICK.

By Kay Rehman on October 7, 2008 12:08 AM

Dearest Tun,

Another test of your memory? In the event the 1975 question was too far away.

Taking you nearer to present; 1993. As Prime Minister, you often gave 'hearings' to commercial proposals. One such presentation was done by a Chief Executive of a Merchant Bank (soon after defunct!) on a far reaching scheme to create a deep sea fishing initiative the likes never seen before in Malaysia. FYI,I again was involved though not as a presenter but as the analyst that worked my butts out to prepare the proposal.

After a half hour audio visual presentation (in the days before Power Point and Flash was available), you paused (everyone almost died in the silence) and you started to spew out ideas after ideas as if it was locked up in some deep recess of your memory. You even direct my CEO to visit a fishing port of the coast of Africa which was sucessfully developed by the Portuguese.

Do you recall which port city in Africa it was...?

Re: Mohd Sivakumar...

Instances when my children complained to me about "characters like Mohd Sivakumars", I would teach them to be more compassionate to these types of characters. We actually need to pity them. We cannot blame these kind of persons because that's their way of life, the life that they have been taught from generations to generations.

Most often it is due to their upbringings, their living conditions, surroundings and their daily ways of life. That's the way their great great grandparents, great grandparents, grandparents, parents etc treat them. THIS KIND OF SAD MEMORY IS DIFFICULT TO ERASE. They will never forget. Sadly, will become so part of his life, he will HENCE impart the same to his children and grandchildren...

Sir, you hit the nail in the coffin with point number 9. Brilliant!

On the subject of human memory, it is true what everyone else has been commenting on, it is almost impossible to have flawless memory. We forget certain things.

Then again, there are many who feed themselves with fabrications or exaggerations of their memories, that the original memory is altered. Just like forgetting. Sometimes we suppress what we don't want to remember, so that when something comes back to bite our behind, we can say we're not liable for it.

But ultimately, if the memory ain't there in the first place, what's to remember? *snicker*

Funny how a mind works at 5 in the morning. Apologies if this sounds out of order! =)
By memories on October 9, 2008 12:54 AM

Memories.. unlike computer storage memory, human memory is really unique:

1. Have no capacity limit (160Giga byte) but as newer memories filled in older memories compressed and became hidden condition. In some condition, it may lost or overwrite.
2. Men mostly hold memory about exterior event history
3. Woman mostly holds memory about family special and household events.

4. Scientist n inventors are smart they record down their memory.

Memory loss is a common human nature.. guess as Dr.M said forgetting will be a serious fault in future..

By the way Tun, do you know there is something called "Selective Memory"? That means we always remember things we want to remember BUT choose to forget what we want to forget.

Of course some of the things you have done you do not remember, BUT the rakyat remembers them, regardless of good and bad.

Salute Tun,

Saya berbangga dengan pencapaian Malaysia dibawah pentadbiran Tun dulu. Malaysia dikenali diserata dunia oleh kerana jasa Tun, DAN kemana-mana negara yg saya & suami pergi, apabila berbual, bila kami sebut "I'm from Malaysia"..serta-merta mereka jawab... Dr Mahathir Mohamad ..this happened to us..so-so-so many times...at difference country.. Europe, Japan, Australia, Thailand (pemandu Tuk-tuk) I'm not talking about businessman or cerdik-pandai, but the drives, hotel staff etc...yang tak pernah keluar dari negara mereka. Mereka kenal Malaysia = Mahathir, Mahathir = Malaysia! Me and my husband are SO, SO, So proud of you, our dearest Tun.Tapi see what happened now sejak Tun bersara, ... recently kami ke Jakarta...sebut je Malaysia....driver jawab.. Bapak Mahathir bagus sekali...bla, bla, bla,,,kemudian dia tanya...Perdana Menteri kamu yang baru, namanya apa??? apa yang dibuatnya? Kami sudah lama enggak mendegar apa-apa berita Malaysia!!! saya pun tak tahu mcmmana nak jawab, nak kutuk, negara sendiri jugak! nampak sangat perbezaannya, dulu BANGGA gila, sekarang...nak sebut dari Malaysia pun MALU!

Utk pembaca-pembaca blog, bacalah buku "MELAYU MUDAH LUPA"... apa yang Tun telah tulis & Predict... telahpun berlaku sekarang.... such a shame to us Malaysian.. especially Malays..

Tun, saya & suami saya akan terus menyokong Tun, Kalau Tun nak bertanding semula, kami TOLONG ikut kempen!! (FREE!)

Salam Hormat untuk Tun Berdua...

Dearest TDM,

I have always admired the sharpness of your thoughts. It is not easy to have a steady thought and hold on to it, then put concentration on the subject, and from then on add more details into the subject to make it a complete train of thoughts. To have a remarkable ability to put depth into a matter is a grace endowed to you. I love this particular Human Memory blog of yours. It is a subject close to many hearts of Malaysian in general. Most of us average Malaysian feels what you are describing, experience the disappointment we don't know we have, don't know where it is coming from, turning emotional and falter to weakness. This is, in my language, a result of a culture that I myself owe succumb to, which I call, "malas nak fikir". You may have known this, or many people already told you many times before, that, you have given us the average Malaysian a way of seeing our matters in a clearest way. I thank God for this. Anyway I am half way of reading through the collection of your letters to world leaders by Abdullah Ahmad. It gives a special feeling to be able to read powerful people corresponding. Thank you for allowing many people like me the opportunity to see the 'outside' world through our 'affordable eyes'. May you and family be blessed with health, wealth and happiness

By AHR on October 17, 2008 8:07 PM

dear Tun,

This is my first time ever reading your blog.. it is very interesting and i do say i am a very big fan of u..

i am commenting your blog on human memory because it is something every single human being will face when they grow older and 'wiser'.. :) even with women, your wife is doing what most wives are.. the women remember dates and events because they usually value more all these things rather than men.. im not being sexism, but women just take things more personal and sentimental on things that happens in life..

the second reason i am commenting on this topic because, i just get too disappointed reading some political issues.. i am very patriotic.. i love my own country more than anything.. i hope everyone in Malaysia does.. we have lived in malaysia for most of our lives.. of course there are ups and downs.. but the govenment was the one responsible making decisions for its nations.. i might be shallow in politics as i am young, still i am entitled for my own opinion.. but it seems now everyone of the politicians are making

decisions to gain more for themselves.. mana perginya semangat orand melayu?? mana perginya hak-hak yang telah dipertahankan oleh orang-orang kita?? mana perginya 'bersatu kita maju'? now siapa yang bersatu dan siapa yang maju??

my friends and myself are staying abroad right now, just watching from far what has been going on in malaysia.. it saddens us all.. we were so proud bringing our country's name that is going down the slope soon.. we do not really know who will take us to our 'zaman kegemilangan' again and we really thank u for letting us taste that 'zaman'.. our history itself has made us stood out but our development was remarkable during your time Tun.. how can we contribute? does our contributions and says mean anything to the country anymore? kenapa sampai jadi macam ini?

i guess i am not the only one feeling this way about Malaysia.. a lot of them do and that is why rakyat Malaysia berpecah belah dan telah ramai yang memilih parti pembangkang.. we were just so devastated..

with your topic on Human Memory, i really hope the Malaysians, be it from whatever background you are coming from, REMINISCE how it was to be a proud Malaysian and why were we proud.. REMEMBER how everything has been done and were we happy during those days?? and i really hope for all of us thing will get better for our beloved Malaysia.. do not ever give up.. and Tun, u too..

rgrds n salam to Tun Dr Siti Hasmah, another patriotic i know..
By MrZainMahmud on October 18, 2008 9:18 PM

Salam buat ayahanda Tun yang dikasihi..

my father too, has that problem too.. he forgets a lot.. eg. : keep asking the same question a couple of time in a minute. it happened recently and my mom seems to be uncomfortable with that.. In fact, our whole fam has a lot of worries regarding the matter.

But after reading ur article today, i feel a bit better... we are human.. even the greatest living being on earth has thier time to come.. so this is normal.. and we stepped a step further to the next level of life.. I told these to my mom and said that even you face the same problem.. know what.. you really cooled down our worries..

Thanks again. May you and ur wife have a remarkable time together in times to come. Long Live Tun...

Assalamualaikum Yang Berbahagia Tun,
Saya bukan nak komen apa-apa kali pertama saya sign in website ini.Saya cikgu sekolah di Gombak.Petang semalam saya dapat tahu Tun berada di Batu Caves sempena jamuan raya. Masa tu saya ada kem Sijil Pelajaran Malaysia (SPM) untuk anak bangsa di sekolah. Namun saya bergegas juga ke sana kerana saya memang lama dah, ingin tengok Tun yang saya agumi dari dekat. Kekuatan mantel Tun amat saya agumi dan memberi inspirasi kepada saya sebagai pendidik di sekolah. Suami saya dapat bersalaman dengan Tun. Saya terperangkap dalam kesesakan jalan raya jadi tak dapat saya tengok Tun berdua. "TERKILAN SANGAT!".Hari raya haji, saya akan ke Pulau Langkawi, harap - harap dapat jumpa Tun di sana. Saya doakan Tun berdua sehat selalu dan sentiasa memberi buah fikiran kepada generasi muda dan bangsa agar mereka tak lupa diri dan tanah airnya.Ameen. Sekian, terima kasih.

Powered by Movable Type 4.12

Powered by Movable Type Personal, it would remind us of our past, our bucolic antecedents and the simple life that we lead.

Malays and Chinese alike religiously practise this great tradition. The cities and towns would become very quiet, the streets almost empty and the air free of smoke and dust.

My regret is that many who take to the roads to balik kampung will never reach home. They would die in unfortunate road accidents. Instead of their relatives welcoming them with joy and love, their Hari Raya or Chinese New Year would be a sad one as they mourn their bereavements.

Then there is the return to Kuala Lumpur and again quite a few will not make it.

Lots of things have been tried by the Government of Malaysia to reduce fatal road accidents. But the figures keep on increasing.

Malaysians generally drive very fast. They get very impatient if the car ahead of them is slow. They would overtake, sometimes weaving in between the streams of cars ahead of them.

Sometimes the drivers may be careful. But other drivers may not be so careful and might crash into them with fatal consequences.

I think it is important for everyone from private car drivers to truck and bus drivers to drive slowly and really carefully. It is better to reach your destination slightly late but alive than to arrive in a body bag at

the hospital morgue.

I suppose we all have heard of this advice. We think death on the roads only happen to other people. But you are the "other people" to other people. Death may come to you, probably together with your loved ones.

I pray to Allah that you will heed the advice given to you. It doesn't cost you anything to be careful when driving.

Remember you may be the "other people" to die in a road accident reported this year.

Please be careful. Please drive slowly and carefully. Think of your relatives waiting for you. Think of how sad and miserable they will be when their anticipated joy turns to misery.

I and my wife wish all drivers a safe journey home. We want to read your comment on the blog. May Allah s.w.t. be with you.

Selamat Hari Raya, Maaf Zahir Batin.

Mahathir and Hasmah

Balik kampung adalah satu tradisi yang amat baik. Ianya dapat menolong mengekalkan pertalian dan hubungan kita dengan ahli keluarga ibu bapa kita dan saudara mara kita. Dan jika kita benar-benar datang dari kampung, ianya akan ingatkan kita kembali tentang asal-usul kita, kenangan manis masa lampau dan kehidupan kita yang serba sederhana dahulu.

Kaum Melayu dan Cina amat menghormati tradisi ini. Kota dan bandar-bandar akan menjadi sunyi sepi dengan jalanraya yang hampir kosong dan udara yang bebas habuk dan asap.

Namun saya kesal kerana antara mereka yang pulang ke kampung akan ada yang tidak akan sampai ke rumah. Mereka akan terkorban di dalam kemalangan jalanraya. Hari Raya, mahupun Tahun Baru Cina yang sepatutnya disambut dengan kegembiraan dan kasih sayang keluarga yang menanti kepulangan kita ke kampung sebaliknya bertukar kepada kesedihan meratap akan yang telah pergi.

Selepas itu pula tiba masanya untuk pulang ke Kuala Lumpur dan sekali lagi akan ada yang tidak akan sampai balik.

Banyak usaha yang telah dilakukan Kerajaan Malaysia untuk merendahkan kadar kemalangan maut. Tetapi angka tersebut masih tetap meningkat.

Rakyat Malaysia pada umumnya memandu dengan laju. Mereka akan hilang sabar jika kenderaan di hadapan mereka berjalan dengan perlahan. Mereka akan memintas, dan kadang-kadang memotong beberapa kenderaan di hadapan mereka sekaligus.

Ada kalanya kita berhati-hati. Tetapi pemandu lain pula kurang cermat dan akan berlanggar dengan kita dan mengakibatkan kematian.

Saya rasa amat penting bagi semua pemandu-pemandu kenderaan persendirian, lori dan bas untuk memandu dengan perlahan dan cermat. Lebih baik tiba ke destinasi lewat sedikit tetapi selamat daripada dihantar ke rumah mayat hospital.

Saya kira kita semua biasa dengar nasihat ini. Kita fikir kematian di jalan raya hanya terjadi kepada "orang lain". Tetapi kita adalah "orang lain" kepada orang lain. Kematian mungkin akan datang kepada

kita, mungkin bersama orang yang kita sayang.

Saya berdoa kepada Allah s.w.t. agar kita beringat tentang pesanan yang diberi ini. Memandu dengan cermat dan berhati-hati tidak akan merugikan kita.

Ingatlah yang kita mungkin jadi "orang lain" yang terkorban di dalam kemalangan yang dilapor tahun ini.

Tolonglah berhati-hati. Pandulah dengan cermat dan jangan memecut. Ingatlah keluarga yang sedang menunggu. Fikirkanlah betapa sedih dan pilunya hati mereka apabila kegembiraan yang dinanti bertukar menjadi kesedihan.

Saya dan isteri saya mengucapkan selamat pulang ke kampung kepada semua. Kami ingin terus membaca komen anda semua di dalam blog ini. Semoga Allah s.w.t. sentiasa bersama-sama kita semua.

Selamat Hari Raya, Maaf Zahir Batin.

Salam Tun,

Kalau Tun berdua balik kampung di Alor Setar, sekali sekala singgah lah juga ke kampung kami di Kulim.

Kulim sekarang sudah berkembang maju dan pesat membangun. Pembangunan Kulim Hi-Tech dan

Kulim-Butterworth Highway di era pemerintahan Tun telah mengubah Kulim menjadi di antara daerah termaju di utara Kedah.

Selamat hari raya maaf zahir batin.

I would like to take this opportunity to wish you

"SELAMAT HARIRAYA AIDILFITRI"

" MAAF ZAHIR BATIN "

May ALLAH bless you all with the best of health and
happiness always. I am a non-muslim and by reading your

to your open house on the 5th of Oct.

By iburene on September 29, 2008 5:55 PM

Thank you for the reminder. I agree with what you've written.

Now a days when we travel in the car, when my husband drives fast, our daughter will always say
this, "Daddy please drive slow!! Its dangerous" "Please daddy" and "Daddy, no talking on the handphone
at all"

I dont have to nag at my husband anymore.. i used to tell him to go slow and he never listen but now I'm
happy coz because coming from a child, his princess he listens..

My family and I wishes you both Dr Mahathir and Dr Siti Hasmah a joyous Hari Raya. May God Bless us
All.

We love and respect you forever and ever.

Tun,

Acara sampingan daripada acara balik kampung ialah acara lumba haram di kota.

When the roads in the city that usually are full with vehicles, becomes nothing but lonely and quiet, the
naughty, noisy, daring Formula 1 and GP500 racers come out from hiding....hahaha.

These nuisance will never stop.

Dear Tun

Driver speed depends on the road condition, those who drive slow follow the left lane, those drive fast follow the right lane, driving slow does not alway meant you will be safe, you may cause massive traffic jam to the rest who need to reach their destination fast, and may posses danger to other driver.

I remember once there's a driver in UK who drove a Perodua Kelisa at a very slow speed, been escort by a traffic police out of the highway, reason been she posses danger to other dirver, Perhaps malaysian road need to consider those practise in Europe, where there is a minimum and maximum speed.

Defensive driving, alway a good practise.

Selamat Hari Raya to Tun & Family.

Dear Tun,

May I suggest something. Our country is small. The N-S Hiway stretches about 800 km. The Federal roads are also about the same length N-S plus a bit more in the Central and East Coast region.

The Balik Kampong exodus and return to KL will possibly last until Sunday Oct 5th - seven days only.

Most drivers, especially me, slow down whenever there is even a hint of a Policeman. If the Police can station a patrol car, a one man Police motorbike or a single uniformed Policeman at every 5km of the N-S Hiway it will definitely help to reduce the fatalities.

The Police would only need 160 teams along one lane of the N-S Hiway. Both north and south bound lanes would require 320 Police teams, round the clock until 5th October.

The Federal roads N-S are also about the same distance but would only need 160 Police teams since they are mostly two lane roads.

The local OCPDs should be able to provide this type of 'road coverage' in their own sectors without having to tax extra Police resources.

In the US, during holidays and festive seasons the local Sheriffs cruise the Hiways in their counties. Everyone slows down when there is a 'Smokey' on the prowl. It does not eliminate accidents but the fatalities can be reduced.

Syed Akbar.

p.s. For Raya we are off on a road trip to Perak, Penang, Kedah, Perlis and back.
By pokleh0312 on September 29, 2008 6:52 PM

Salam Tun,

1. Statistik menunjukkan kebanyakan kemalangan jalan raya berpunca dari sikap manusia yang tidak berhemah dijalanraya. Agak pelik sebab selalunya orang asia terkenal dengan sikap sopan santun tetapi sifat ini berubah sekelip mata bila berada diatas jalan raya.

2. Macamana kalau kerajaan mewajibkan semua kereta mempunyai sekurang-kurangnya 2 beg udara? Ya, kos sebuah kereta mungkin meningkat tetapi manfaatnya besar. Kajian saintifik menunjukkan beg udara dapat melindungi nyawa manusia dari melayang. Rasanya pengguna umumnya akan bersetuju sebab nyawa tidak dapat dibayar dengan wang ringgit.

3. Selamat hari raya, maaf zahir batin.

Ikhlas:

Salleh, Maznah dan Intan.

Salam semua,

Itu memang benar Tun.

Semua yang memandu harus memainkan tanggungjawab masing- masing.

Tahu di lorong mana dan pada kelajuan yang sepatutnya.

Paling penting, samada membawa kereta kecil RM35 ribu ke bawah atau kereta besar RM100 ribu ke atas- ingatlah bahawa kita sama- sama pemandu- seorang bapa, seorang anak, seorang ibu, seorang atuk dan sebagainya.

Seperti selalu dikata biar lambat asal selamat.

Insya Allah, kita mampu mengubahnya.

Saya berkongsi pandangan yang sama berkenaan perkara ini.

Saya selalu terfikir betapa baiknya jika YABhg Tun suami isteri dapat meluangkan masa dengan mengadakan satu kempen besar-besaran di televisyen berkenaan keselamatan jalan raya.

Bayangkan YABhg Tun berdua mengajar penonton cara pemanduan yang selamat dan beretika.

You'll attract millions viewers and save millions lifes.

Salam Tun. Saya amat setuju dengan pandangan Tun. Saya adalah merupakan salah seorang yang menyiasat kes-kes kemalangan maut pada satu masa dulu. Memang tidak di nafikan kemalangan maut adalah 90% berpunca daripada kecuaiian pemandu selain faktor mekanikal yang lain. Bagi saya selangi sikap pemandu di Malaysia tidak berubah kemalangan maut akan terus berlaku walaupun berapa kali OPS SIKAP di adakan. Pemandu di Malaysia adalah terlalu mementingkan diri sendiri kalau di bandingkan dengan negara lain. Saya cadangkan kompaun untuk kemalangan jalanraya di naikan kepada RM1,000/ berbanding RM300/- untuk kemalangan biasa. Tun setuju?

Terima Kasih dan Selamat Hari Raya.,
By BabyTasha on September 29, 2008 7:04 PM

Tun,

Memang kadang2 kita ego ketika memegang stereng. Betul kata Tun "orang lain" bagi kita mungkn "kita" bagi orang lain (ni spinning ka?). Ada satu joke, kalau pemandu yang memandu pelahan di depan kita, kita merungut mangatakan "LEMBAB!!!". Kalau pemandu memandu laju memotong kita, pantas "GILA!!!" keluar dari mulut kita. Memandu laju memang seronok lebih-lebih lagi kalau dapat potong 2 3 buah kenderaan sekaligus. Tapi AWAS!!! Itu mungkin AKSI TERAKHIR ANDA!!

Viva Tun Berdua,

Terima kasih kerana menjemput ke rumah terbuka Tun. Malangnya, saya dah mula kerja pada hari Ahad (Negeri-negeri Melayu Tak Bersekutu). Saya setuju bahawa cara memandu adalah satu sebab besar kemalangan jalan raya, tetapi sebab yang lebih besar yang tak diperdulikan oleh kerajaan ialah tahap kemahiran pemandu yang rendah. Kebanyakan pemandu disebelah Utara dan Timur memandu secara perlahan. Ini mendorong kepada khayal dan lali. Bila terjadi sesuatu yang diluar jangkaan, pemandu-pemandu ini tidak mempunyai kemahiran dan respond yang pantas untuk menyelamatkan keadaan. Selbihnya ialah tentang minda, iaitu belum mencapai tahap menghormati dan mendahulukan orang. Oleh itu sikap pentingkan diri menyebabkan perangai tidak mahu mengalah dan giveaway. Mungkin budaya melayu meraikan orang itu sudah tidak diterapkan oleh ibu bapa moden / terpelajar yang terlalu tertekan mengejar hidup di zaman ini. atau mungkin ajaran Islam itu tak sampai kedalam hati mereka? Selamat hari raya Tun berdua dan keluarga. Dirgahayu Tun dan Tun.

Asm wbt Tun

Tak pernah saya merasakan seorang pemimpin yang sangat mengambil berat terhadap kebajikan rakyat seperti Tun. Seorang pemimpin yang ikhlas dan tidak mengharapkan balasan daripada manusia ataupun sistem pemerintahan adalah lebih baik drpd pemimpin yang asyik mengharapkan pulangan material dan tidak jujur. Semoga Allah permudahkan urusan Tun dan isteri dunia dan akhirat.

Sebenarnya antara punca kemalangan ialah kegagalan pihak berkuasa untuk ambil indakan terhadap kenderaan awam dan juga kekurangan kecekapan pengangkutan awam. Benda ini mungkin dapat dicegah sekiranya ada keretapi laju .

Kerajaan juga boleh menggunakan undang-undang darurat ... dan meletakan jadual perjalanan. kemudian harga rokok yang tinggi juga menghalang orang ramai tak mampu beli dan aksiden bila ngantuk.

Kjaan juga boleh melarang pemdu motosikal tak guna highway tgh malam dan akhir sekaali apa kata kita tak galak budaya balik kg

Salam my hero,

InsyaAllah we will drive carefully. Pray for us pls.

Saya mengambil kesempatan ini utk meminta maaf atas salah faham saya pada tahun 1998. Masa tu saya berada d luar negara. Message yg saya terima amat berbeza dengan apa yg berlaku. Saya mmg frust masa tu sbb Tun adalah HERO saya...saya sedar n faham sepenuhnya setelah saya jejak kaki d tanah air pada tahun 1999.

Maafkan saya. memang banyak konspirasi masa tu tp syukur kebenaran jua yg terserlah n hero saya tetap hero till today n forever, InsyaAllah:)

Maafkan saya Tun...Selamat hari raya Aidil Fitri to u n Dr.Hasmah.

Wassalam,

Dear Honourable Tun M,

A timely write-up, it is indeed very sad when year after year the road fatalities keep increasing during festives 'balik kampung'. Its the attitude, people really ought to take being on the road seriously, that they are responsible for themselves and other users. Most times you see our people nearly in oblivion of others when they are behind their wheels.....are we inconsiderate?!

Thank goodness, I never have to worry about the 'balik kampung' as its in P.J, but I emphatise with those that have to go through it.

Hope to make it to your open house, am so happy to see your invitation actually!

Selamat Hari Raya Aidil Fitri and maaf zahir batin to you and Tun Hasmah.

Assalamualaikum YBerbahagia Tun,isteri,anak menantu dan cucu-cucu,

Selamat Hari Raya Aidil Fitri dari saya dan keluarga. Tun,, saya pernah menetap di Selangor, berpuluh tahun lamanya. Hati selalu tidak tenang memikirkan keselamatan anak-anak. Bila menjelang cuti raya begini selalu berperang perasaan samaada hendak beraya di rumah sendiri atau balik ke kampung. Tapi kini segalanya dah berubah. Saya sekeluarga telah memetap di kampung. Tenang rasa hati. Sambut raya pun rasa meriah walaupun secara ala kadar.

Sekali lagi, saya ucapkan Selamat Hari Raya, Maaf Zahir dan Batin kepada Tun sekeluarga dan semua pembaca blog 'chedet'.

Tun tetap wira negara bagi saya.

Assalammulaikum w.b.t Ayahanda Tun dan isteri, semoga sentiasa dirahmati Allah S.W.T.

Kadang-kadang saya rasa marah juga sebab kalau lebuhraya ada 3 lane, yang slow tu gunalah laluan kiri sekali, ini tak, dahlah perlahan, guna laluan kanan sekali, orang yang nk potong sebelah kanan terpaksa potong laluan tengah atau kiri. Kalau polis trafik nak saman, saman lah orang yang bawa perlahan di

laluan kanan. Selalunya orang ni lah yang akan sebabkan orang lain kemalangan. Cuba tengok autobahn di German, yang mendatangkan masalah bukan pemandu laju, tapi pemandu yang perlahan.

Satu lagi, bila raya, roadblock di merata-rata tempat. Kenapa nak buat roadblock, dahlah orang balik berpusu-pusu, roadblock pulak. dari 3 lorong jadi 2 lorong, dari 2 lorong jadi 1 lorong, pemandu depan polis bawa perlahan, habis roadblock pecut laju-laju. Jadi lebih baiklah tak payah ada roadblock, bukan menyenangkan rakyat. Kalau boleh pantau je dari jauh, gunalah kamera ke, radar ke, atau apa-apa teknologi yang ada untuk mendakwa pemandu yang salah.

Satu lagi, kat lebuhraya kita hanya had laju 110 sejam je. Yang bawa laju selalunya kereta-kereta mewah seperti mercedes, bmw, kereta-kereta eksotik, volvo, mpv dan lain-lain tetapi tak banyak dari proton atau perodua. Kalau yang tengok (proton dan perodua)bawa laju jugak tu, memang dia tak sayang nyawa. So, di lebuhraya plus, kena tambah sikit kelajuan dari 110 batu sejam ke 130 batu sejam kerana kereta-kereta baru ini dilengkapi dengan ABS, EBD, Driver Restraint System, Airbag, dan lain-lain sistem bagi menjamin keselamatan pemandu di jalanraya. Sekian Tun, maaf kalau mengguris perasaan Tun, saya bercakap dari hati orang muda dan rakyat Malaysia dan juga saya selalu ke luar negeri. Wassallam

Assalamualaikum Tun sekeluarga,

It's true that the tradition of balik kg is a great one.I miss that so much.It's never the same after one's parents passed away and the "rumah pusaka" is left empty. Not many siblings are keen to back anymore and the one who is , eventually found it "lonely". Like you have lost a part of you.Sure,we will still "balik kg" to visit the other relatives but the void is hard to erase.

Selamat Hari Raya to you and family.

Selamat Hari Raya Aidilfitri kepada Tun, Dr S Hasmah, dan seisi keluarga; and to all our Muslims friends and readers !
By Hassan Ismail on September 29, 2008 8:58 PM

Assalamualaikum wr wb Tun,

Saya mengucapkan "Selamat Hari Raya Maaf Zahir Batin". Memanglah benar, pemandu kita tidak sabar semasa memandu kerana masing-masing mempunyai sesuatu yang dikejar di jalan yang sama tetapi malangnya oleh kerana mereka nak sampai awal 5-10 minit akhirnya duduk di Balai Polis, Hospital dan kereta mereka ditarik ke workshop yang mengambil masa berjam-jam. Apakah inikah yang mereka mahu. Sekiranya tidak "pandulah dengan berhemat dan sampai selamat". janganlah biarkan mereka yang menunggu terus tertanya-tanya mengenai keujudan mereka atau tangisi kepergian mereka buat selama-lamanya.

"Harta terselamat dan hidup bahagia"

Fikirlah wahai pemandu Malaysia supaya kita tidak kehilangan kereta kesayangan kita dan keluarga yang dicintai. Janganlah buang masa di Balai Polis atau di hospital berjam-jam tetapi lambat 5 - 10 minit dapat menyelamatkan segala-galanya.

Ayahanda Tun,

Perangai dan tabiat seseorang adalah perkara yang amat sukar untuk diubah. Bagaimanapun ramai yang percaya bahawa pemimpin sesebuah negara berkuasa untuk mempengaruhi orang dibawah pimpinan mereka. Oleh itu seiringan dengan tajuk balik kampung Tun ini ingin saya mendapatkan pandangan Tun tentang dimana hala tuju kita sekarang dalam memastikan perlakuan setiap pemandu rakyat Malaysia lebih beretika semasa berada di jalan raya. Kempen dah bermacam-macam tetapi hasil dan keberkesanannya masih meragukan.

Selamat Hari Raya buat Tun Ayahanda tercinta dan semoga kita dapat bersua di majlis rumah terbuka Tun nanti.

Salam Aidil fitri to Tun & family.

I guess I'm the first to comment!

I'll fly tonight from London to KL. I'm sure I'll take your advise when driving in KL this raya as I'm not from kampung. I hope I will able to attend your open house on the 5th.

Tun we met personally few times in London last April. Just wonder when will you be coming here again? I was there when MP George Galloway said you are the best muslims leader, muslim's world ever had for last couple of decades. I'm sure it's true & totally agree with him. Hope things will get better back home soon & also Pak Lah will resign soon. Apa lagi yang dia nak tunggu? Orang semua tepuk tangan bila tahu Pak Lah nak resign. Dia tak kan tak get the message lagi? Buat2 pekak & buta je pak lah ni!

Selamat Hari Raya Tun & family & all or chedet.com visitors.

Akum Dr. M

How come still no comments since your posting at 5.07pm? Anyway I too hope that all Malaysians, regardless, whether they are going back to their kampungs for Raya or just for the long holidays, please do be very careful on the road.

My family and I too will be on the road for 'balik kampung', but we will be going the opposite way, back to Petaling Jaya from Malacca.

We can reach our destination within 2 hours driving the permitted speed limit.

Di kesempatan ini sekali lagi saya, Siti Mariam Hassan ingin mengucapkan selamat menyambut hari raya aidilfitri yang mulia ini kepada Dr M dan Dr Siti Hasmah serta seluruh ahli keluarga.

All the best and sincerely hope that your coming open house will be a success. Am sure that most of the bloggers will try to make it to your place and please do have enough rest.

Have a nice day and bye.

Ayahanda Tun sekeluarga, assalamualaikum.....

Kali pertama saya melihat Ayahanda Tun secara dekat pada 1978, semasa berumur 11 tahun. Pada masa Ayahanda Tun berlepas dengan helikopter saya melihat wajah Ayahanda Tun tersenyum sambil melambai – lambai tangan ke arah orang ramai. Saya bercerita kepada keluarga, guru – guru dan kawan – kawan kerana terlalu bangga dapat melihat TPM walaupun pada masa itu saya tidak tahu apa – apa tentang melayu, politik dan masa depan negara.

Pada tahun 2001 saya sekali lagi dapat berjumpa dengan Ayahanda Tun. Kali ini saya amat bertuah kerana dapat bersalaman dan mencium tangan Ayahanda Tun. Ramai kawan – kawan yang menyindir saya kerana pada masa itu isu DSAI masih segar dalam ingatan ramai. Saya tetap berbangga kerana dapat mencium tangan PM.

Pada 16 September 2003 Ayahanda Tun sekali lagi datang ke tempat saya. Pada masa itu saya amat bertuah kerana telah diamanahkan untuk mengiringi Ayahanda semasa makan. Diakhir majlis tersebut saya telah berkesempatan bersalaman dan mencium tangan Ayahanda Tun buat kali kedua. Kebetulan seorang rakan saya sempat mengambil gambar ketika itu. Sehingga ke hari ini gambar tersebut masih di dalam simpanan dan menjadi kebanggaan kepada saya dan anak – anak.

Semasa Ayahanda Tun menjadi PM ramai warganegara asing yang ditemui mengatakan rakyat Malaysia amat bertuah kerana tuhan telah menganugerahkan seorang PM yang bernama Dr. Mahathir. Kali terakhir bertempat di dataran Masjidil Haram, Mekah semasa musim haji tahun 2007, saya telah bersembang dengan seorang warganegara India bernama Mohd Haneef yang menetap di London. Beliau

mengikuti perkembangan politik semasa negara. Beliau hairan kenapa kepimpinan Kerajaan Malaysia tidak mengambil Ayahanda Tun sebagai penasihat mereka. Saya tidak memberi sebarang komen kerana busuk – busuk pun Malaysia tetap tanah air saya. Saya cuma mengatakan Ayahanda Tun dah bersara dan nak berehat dalam erti kata yang sebenarnya walaupun saya sedar kenyataan saya itu tidak bertepatan dengan naluri Ayahanda Tun.

Saya masih mempunyai bapa yang sebaya dengan Ayahanda Tun. Alhamdulillah, beliau sihat, bertenaga dan masih boleh memandu. Perbezaannya cuma satu sahaja. Beliau tidak mempunyai pemikiran setajam Ayahanda Tun. Beliau telah hidup dipelbagai zaman termasuk lima PM. Kami sembilan beradik telah dididik supaya taat kepada agama, orang yang lebih tua, undang – undang, pemimpin dan negara. Ikhlas saya katakan dia respect kelima – lima PM tetapi Ayahanda Tun mempunyai aura tersendiri.

Semasa menjadi PM Ayahanda Tun pernah menasihati rakyat supaya jangan taksub kepada pemimpin kerana pemimpin datang dan pergi. Apa yang penting ialah kesejahteraan rakyat. Semenjak dari dulu lagi rakyat tanpa mengira kaum memberi undi kepada Umno/BN kerana yakin dengan pemerintahannya. Setiap rakyat mengharapkan keselesaan mengikut persepsi masing – masing. Walaupun saya belum pernah menjadi ahli Umno dan pernah dikhianati oleh petualang Umno (musang berbulu ayam) tetapi seumur hidup saya belum pernah memberi undi kepada pembangkang bermula dari 1990 hingga 8 Mac 2008. Ini semua berkat asuhan ayahanda saya selama ini.

Bagaimana dengan PRU 13 nanti? Adakah 8 Mac 2008 atau 26 Ogos 2008 merupakan titik permulaan bagi kejatuhan BN. Terserah kepada kepimpinan parti yang ada sekarang dan masa hadapan untuk mencorakkannya. Siapa yang menentukannya kalau bukan ahli dari cawangan. Bersediakah ahli untuk meratapi kehancuran parti mereka. Jika dah bersedia silakan, pilihlah mereka yang tiada kualiti menjadi perwakilan anda. Jika belum bersedia, gunakanlah kepintaran anda untuk kebaikan semua pihak. Umno tidak akan hancur kerana ahli Pas, PKR, DAP dan sebagainya melainkan ahlinya sendiri.

Walaupun saya tidak berkesempatan untuk menghadiri rumah terbuka yang dianjurkan tetapi Ayahanda Tun tetap dekat dihati. Kepada Kekanda Mukhriz teruskan perjuangan Ayahanda Tun.
Insyaallah.....

Salam Aidilfitri untuk Ayahanda Tun sekeluarga dan bloggers.

Terima kasih Tun atas pesanan ini. Pada pendapat saya, kemalangan maut banyak di M'sai kerana sistem pengangkutan kita yang lemah. Begitu juga sistem penguatkuasaan. Ini termasuklah rasuah di kalangan Polis yang buat kerja pada hari raya cuma untuk dapat rasuah. Banyak yang boleh dibaiki tapi sayang pihak atasan PDRM tidak berusaha untuk belajar dari negara lain yang lebih baik sistemnya, seperti di United Kingdom.

Ni nak komen lagi pasal sistem di M'sia.
Saya rasa, pihak JPJ kena ubah cara atau procedure untuk mendapatkan lesen memandu. Saya tertarik
dengan cara yang digunakan di UK. Kos untuk belajar memandu pun boleh dikurangkan. La ni, semua
pemandu baru kena bayar hampir RM1000 untuk dapat lesen. Kalau JPJ belajar dari cara di UK, saya
rasa pemandu di M'sia akan lebih berhemah dan bukannya seperti apa yang dikeluarkan oleh sistem
yang ada sekarang.

Assalamualaikum YBerbahagia Tun dan isteri,
Saya pernah tinggal di Selangor berbelas tahun lamanya. Bila menjelang raya, hati selalu berbelah bagi
sama ada beraya di rumah sendiri atau balik kampung. Bila balik kampung, yang paling merisaukan saya
ialah perjalanannya. Musim perayaan, walaupun kita berhati-hati sewaktu memandu, tetapi masih ada
pemandu yang tidak memikirkan orang lain. Betul kata Tun "kita adalah "orang lain" kepada orang lain.
Kematian mungkin akan datang kepada kita, mungkin bersama orang yang kita sayang." Tetapi kini saya
telah menetap di kampung. Walaupun sambutan secara ala kadar, tetapi tetap meriah.Tidak perlu lagi
memikirkan bila waktu yang sesuai untuk memulakan perjalanan untuk balik ke kampung.

Kepada Tun dan keluarga saya sekeluarga mengucapkan selamat Hari Raya Aidil Fitri, Maaf Zahir dan
Batin. Begitu juga dengan semua pembaca blog 'Chedet'.

Tun tetap wira negara bagi saya. Saya bangga kerana membesar dalam era pemerintahan Tun
dulu.Jaga kesihatan Tun!

Assalamualaikum,
Selamat Hari Raya Tun. Maaf Zahir dan batin. Semuga hari Aidil Fitri akan lebih membawa berkah dan semuga harapan dan doa Tun akan dapat rahmat dari illahi.
Hari kemenangan ini juga akan diiringi oleh keberkatan dan walaupun di dalam kemurungan ekonomi dan politik semasa kita masih bersyukur ke atas limpah kurnia NYA.
Kepada insan yang berada di dalam tekanan dan serangan kritikan daripada rakyat jelata, buka pintu hati dan relakan diri untuk merenungi peristiwa, nasihat, celaan dan sebagainya sebagai cobaan dari NYA. Pasti ada HIKMAH di sebalik apa yang telah berlaku sepanjang 4 tahun kebelakang. Pengorbanan untuk semua ISLAM, UMAT MUSLIM, MELAYU DAN MALAYSIA amat diperlukan. Jika benar-benar kasih dan sanggup berkorban, sila ambil langkah yang BIJAK. Semuga menjadi insan yang boleh dikategorikan sebagai NEGARAWAN. Rimau mati tinggalkan belang, Pemimpin hebat pula biar mati meninggalkan JASA.
By dell5red on September 29, 2008 9:47 PM

Dear Tun,

Balik kampung is supposedly to be a good Malaysian tradition. But it also brings out so many other bad things than the loss of loved ones. There are the incessant shoppings (frankly speaking, thought it is a yesteryear's thing until I grow older and my wife and most people I know really indulging in it), the pains of keeping up with the Jonases, the mounting debts which are far exceeding my income.

Are we so absorbed with this balik kampung tradition that every once a year all the rules are no longer apply? Surely these good intentions of doing this honourable yearly pilgrimage can easily go against the teaching of the Prophet. To keep up with money urgency, friends of mine willingly, or rather unwillingly, involves with bazaar ramadhan activities. Selling everything from foods, kuih raya to mercun. Honourable still.

But, they are a few who get themselves involve with Skim Cepat Kaya. They now come with many versions. Some called Forex (the founder is smarter than our bank Negara Governor), Commodities (everybody needs coffee especially with the lousy harvest in Brazil), Gold Bullion Trade (US dollar loosing value), Iraq's money (to be floated again soon), Internet Investment (earn RM1000/week for RM150 investment) etc etc. Strange, everybody knows this is WRONG and STUPID (after the collapsed of Skim Pak Man Telo), yet a hell group of followers will professed that they are special and won't suffer the fate of the unlucky 'other people's fate'.

I am so fed up with all these nonsense. How can after seeing it exposed many many times in the news, they are still stupid people who lost a fortune in the 'Black Money' scheme? Yet they are normally the smart ones with Phd and such, the well-positioned sometimes with 20 years in banking managemnet team, the echeleon of the business faternity etc. Embarrassed to be of the same nationality of these suckers. For that I would like to propose:

1. Let's go back to kampung more regularly so we won't get too excited. Surely our Ketua Kampung will entertain us better when we call for kenduri raya.
2. Let's have a toned down raya celebration. No new cars, no new personal loans, no maxing up of creditcards.
3. Let's be happy with just meeting family members and old friends without talking about achievements, money, status etc.
4. Let's us not be suckers. They are no easy money. The proponents of all the skim cepat kaya will always project that they have accumulated hundred of thousands of profits, normally right before asking to borrow some money, due to account got frozen.
5. Let's the police round these people up The participant, proponent and the organizers) in prison without needing anybody to make a report first. There's nothing wrong with being proactive.
6. If nobody heeds my suggestions, then I would like to recommend that from next year, let's us cancel the Public Holidays for Raya. So no 'Other People' will need to suffer from all these stupidity, ever again.

Selamat Hari Raya and may our raya is acceptable as the real raya in the eyes of God.

Dear Tun,

A nice advise from you Tun. I used to drive fast when I'm have urgent issues or going back hometown. But all this have changed after I got a accident when I was rushing to work. I came to realise that I could have die, die rushing to work. Huh! Is not worth it.

Is like you are trying to save up some time probably 30 minutes by reaching the destination earlier. But do bear in mind, if your lifespan is 80 years, you have approximately 50 million minutes in your life. And you are risking 50 million minutes for 30 minutes.

I rather waste the 30 minutes of my time in driving than spending the rest of my life in coffin.

Peacemind

SELAMAT HARI RAYA TUN DAN ISTERI, benar apa yang Tun katakan itu. Apabila balik kampung terutama dimusim perayaan pasti ada pekara yang tak di ingini belaku. Kadang2 kesilapan dari orang lain tetapi yang menerima akibatnya pada pihak yang sebaliknya. Memang ajal maut ditangan TUHAN, masalahnya sikap kebanyakan pemandu2 ini yang membuatkan perkara ini berlaku. TUN, saya

pernah memandu disini. Dimana sikap setengah pemandu ini memang menakutkan seperti nyawa ini dah tak bernilai lagi. Ada yang memotong tanpa memberi signal, lembab sehingga mengganggu perjalanan, lampu yang terlalu tinggi, memecut dan keluar dari simpang tanpa berhenti dahulu manakala penunggang motosikal tanpa topi keledar juga lebih muatan. Sebenar banyak lagi, saya rasa Tun pun pernah melihat perkara begini. Kita harapkan dari pihak tertentu untuk menangani perkara2 begini. Tetapi puncanya diri sendiri. Seperti Tun juga saya harap perjalanan kita semua selamat ketika balik kampung atau selepasnya. SALAM AIDILFITRI DARI KAMI SEKELUARGA TUN JANGAN LAMA SANGAT CUTI, NANTI KAMI TERTUNGGU2 CORETAN SELANJUTNYA. GOOD LUCK.

Dear Dr M,

I been reading your blog even since i heard of it existance. I am one of your loyal supporter. At times I do find your comments & actions bit harsh. Or i might disagree with what you do. Still at the end of the day, I still think highly of you. You are like a father to me & to Malaysia. I grew up in your TIME. When i start to understand about politic. It always has been you. When you step down. It feel weird bcos you have been the only PM I ever know. I don't know if you could make a come back & fix the Malaysia politic & economy. I do think you son has a good potential & will be a good leader in future. I think you stepping down has enable to let you be at the other side of Malaysia. To be the citizen instead of as a government. You comment in yr blogs feel personal & in touch with the people on the ground. If you could come back for a term or two that would do wonder to Malaysia. Although thing have change so much in our country in term of politic. People are more outspoken & dare to challenge the government.

In regards to driving. I am one of typical Malaysian who likes to drive fast. But not as until to endanger other people. When there is a misunderstanding occur on the road, I always make a point to just wave my hand, sort like "tabik" to apologize regardless of who at fault. I find this immediately sooth the anger & will prevent any possibility of road rage. Maybe if everyone just do this then we have less anger on the road. Another thing is that we should just give way when we notice people speeding behind us. Although we may be driving on the correct speed. But let other through. Don't hog the road just bcos you are on correct speed. We don't need a confrontation on the road.

Dear Tun,

Selamat Hari Raya, Maaf Zahir dan Batin.

Terima kasih diatas nasihat yang telah diberikan.

Ketahuilah bahawa Tun telah dikurniakan oleh Allah kelebihan dalam daya fikir berbanding pemimpin sebelum ini.

Sehingga hari ini belum ada pengganti Tan Sri P. Ramlee dalam bidang seni. Setelah beliau tiada barulah kelebihan yang beliau miliki disedari oleh masyarakat umum

Dalam soal kepimpinan negara jasa-jasa Tun akan terus dikenang oleh jenerasi yang mendatang. Walaupun hari ini ada pihak yang menanam sifat kebencian terhadap Tun, saya yakin satu hari nanti mereka akan sedar bahawa kelebihan yang dimiliki itu adalah sesuatu yang tidak dapat diperolehi oleh pemimpin lain.

Telah jelas Tun banyak berjasa kepada agama dan bangsa. Perkara ini hanya akan diiktiraf oleh mereka yang tidak berkepentingan dan ikhlas.

Oleh yang demikian kembalilah kepangkuan UMNO dan teruslah menyumbang ideologi yang dimiliki dan sentiasa relevant. Tidak dapat dinafikan rakyat diperingkat bawahan sentiasa mengharapkan kepulangan Tun kepangkuan UMNO demi agama bangsa dan negara.

Saya selaku ahli UMNO yang amat kerdil ini cukup bersedia untuk memberi sokongan kepada Tun dalam apa jua bentuk.

Semoga Allah memberi rahmat, pentunjuk dan kesihatan yang baik kepada diri Tun dan keluarga.

Take care as we all love you very much.

Wassalam.

Dearest Ayahanda Tun,

This is one comment that you really did it unreservedly, but right on the spot.

I will definately heed your advice, and hopefully, all other road user will do the same.

It is with such regret that I have to say that most of our driver does not know WHAT ROAD SAFTY IS.

'PLEASE DRIVER, DRIVE CAEFULLY AND REACH SAFELY HOME, THAN BACK AGAIN SAFELY..

PLEASE'.

Me and family wishes ALL MUSLIMS AND THOSE CELEBRATING HARI RAYA A :

"SELAMAT HARI RAYA AIDIL FITRI"
MAAF ZAHIR BATIN.

By OKMKenny on September 29, 2008 10:20 PM

Dear Dr. Mahathir,

Just a few days ago I drove back from Petaling Jaya to Kuantan with my two brothers. Although we do not celebrate Hari Raya as Malays or Muslims, we celebrate Hari Raya as Malaysians, i.e. taking advantage of the long holidays! :-)

On the much-celebrated East Coast Highway stretching all the way from Karak to Kuantan, I drove at an astounding 100-120 km/h. On top of that, I actually answered a phone call from my boss and spoke for about 30 minutes.

Obviously I was driving with one hand and holding the phone on the other. After much thought, I felt saddened by the fact that I have put myself into a position where I could die. Even worse, I also put the lives of my brothers at risk. FOR WHAT? I thank God to arrive at Kuantan safely.

I'd like to amplify what you said about driving slowly and carefully. It's not worth putting our lives and the lives of "other people" at risk just to save a few minutes. Come on, what's a few minutes compared to a life? Sure, time is money and money is time but are both money and time worth risking lives for?

In my heart lies a conviction already, I had better not drive like that again. No one had better.

Selamat Hari Raya to you and your family, Tun. God bless your heart.

Assalamu aleikum, Tun Dr. Mahathir and Selamat Hari Raya to you and all the blog readers.

A caution to any readers: The following is my brief but very graphic written description of an accident. But I think it's worth posting it to reinforce Dr. Mahathir's point about traffic accident tragedies.

If you are prone to nightmares, don't read it.

I have seen many accidents, but one stands out above and beyond the rest. I was driving home from work when I saw two men on a motorcycle approaching a junction from the left ahead of me. Directly in front of me was a large lorry. The moto riders zoomed right past the berhenti sign and toward the opposite side of the road. They did not even look to the right or the left as they approached the junction.

They drove their motorcycle right under the body of that large lorry and fell beneath its huge rear wheels.

What followed was like an explosion with the crushed motorcycle and riders ejected upward and rearward from under the wheels. I got out of my car to check on them. One of them had his face smushed flat into the pavement with blood goooing out below. The limbs of both made weak motions before they became still.

This didn't happen at Hari Raya, but it might as well have been.

Heed Dr. Mahathir's advice and travel carefully, not only for Hari Raya but at all times.

Remember: "SELAMAT" means "SAFE".

Tun,

selamat hari raya.

I pray that all has been well for you and your family during the whole month of Ramadhan, and that your health will be all good so that you can continue on contributing to our country (something our current PM hasn't been doing, as it seems) I regret that it is impossible for me to fly over on a 2-hours flight to Malaysia and make my way to 58, Jalan Kuda Emas, The Mines Resort City, Seri Kembangan, Selangor, though I'd very much love to do that, provided that I am permitted to tonyeh my father's credit card to book a flight to Malaysia. One day Tun, I'm hoping to bump into you. My ayah and mak have, twice I think, met you and your wife when you came over to Brunei Darussalam. I've seen the pictures too. You and your wife haven't quite changed at all!

Tun,

I've ridden in cars driven by the typical Malaysians who drive as though they're in the Grand Prix. Malaysians, as you say, are utterly impatient. We honk at everything. My sister drove quite slowly when she first came to Malaysia to further her studies and got honked by someone who lifted his fist and showed it to her when he surpassed her car. Then there's those drivers who don't give signals when they're about to go to some other lane. Dahlah tahap kesabaran rendah, bawa laju-laju macam orang nak pergi tandas sebab sakit perut, signal tak kasi, hon sana sini, mana lah tak berlakunya kemalangan.

My sister has been in accidents twice already. Once with two other cars and then the second time with a lorry. Alhamdulillah, she came out okay. We, her family who live in Brunei, know how the fear and panic is like when we find out a family member is involved in an accident. Imagine that, to have your sister who lives in a different country crashing into someone else's car, whilst you're on a different continent and there's no way for you to be there and to hug her and tell her that everything's fine. That sort of fear is something different, something bigger compared to those who live in the same country but in different areas. I can still remember my Mak crying and shaking, calling my sister's phone at night, when the first accident happened, and she started to call up our relative who worked as a chief police for his help. The fear, horror, terror, clearly etched on her face, I think that must have been how those people, whose sons and daughters were reported to have been in an accident felt. Whatever Mak felt, I think I could never come close to it since she's the mother to my sister, the one who carried my sister in her womb for 9 months. Nothing beats a mother's love and fear for her child.

I fall into a deep silence everytime I hear about accidents on balik kampung trips. I think about the people who knew the victims, worst of all the fathers and mothers of the victims who have been waiting for them at their kampungs, waiting to celebrate Eid with them as a family, hoping to laugh and smile, only ending up to cry and grieve on the evening of Eid.

No one can stop Izrael, no? He just carries out his orders from Allah. Kalau dah sampai ajal dia, kita tak berupaya untuk berbuat apa-apa. We can just pray for them, and hope that the same won't happen to us, or our relatives.

Al-fatihah. Amin.

Balik Kampung

%%%%%%%%%

YAB Tun,

The government had implemented a lot of actions to reduce road accidents. Year after year, we see the number of accidents, injuries and deaths amongst motorists, motor cyclists and pedestrians increases from year to year. Everytime an Ops is carried out during festive holidays, the statistics look like medals tally in sports, - Death (gold medals), Injuries (Silver Medals) or accidents (Bronz Medals) !!!!? Penalties, which are heavily imposed does not seem to deter these motorists from driving fast and reckless. Perhaps as a suggestion, the authorities could consider the following :-

1. OPS Sikap should be campaigned at least 2 weeks before the start of the Festive Holidays to create awareness to motorists etc. during the Festive Holidays.
2. In this campaign, highlight strongly the bad effects of fast driving, etc. etc.
3. Also, let it be known the amount of non-negotiable compound and make sure that the amount will certainly pince their pockets
4. Detain the drivers/cars during implementation of Ops Sikap so that these drivers would think many times before they decide to commit any traffic offence. (Then they will know that they may not be able to reach their kampungs in time !!)
5. When a fine or compound is issued, announce them in the local newspapers so that other motorist will know.
6. Make sure that any offence committed by motorists, the actions taken by the authorities will inconvenience them, especially if the vehicle is compounded.

No amount of compassion should be considered as it is always 'the other person' becomes the victim.

Selamat Hari Raya to all Muslims and Jangan Main Mercun !.

Salam TUN,

Hari Raya will not be the same for my wife and me. Both of our parents have passed away during my studies abroad. It is just another day for us. However, life has to go on and we get together with siblings and relatives which is of course not the same.

My father had a heart attack. He struggled for his life after the 3rd attack. The body just couldn't take it for the fourth one. After a few weeks I heard you had a second bypass. I was so worried for you and I just could not take it to hear the sad news. Alhamdulillah you made it and I heard the news from "RantingsbyMM".

Therefore, I pray for your health and your beloved wife a long and healthy life. So that both of you could always contribute for the betterment of Malaysia.

Dear TUN,

Thank you for the timely advice; I hope alot of Malaysians who read your blog will take the advice to avoid happy occasion turning into a bereavement. However I doubt many will do so especially the motorcyclists who ride at high speed, in between cars, and overtaking on the left, centre and right-whichever place they can find. Naturally accidents will happen and I wonder why, sometimes, they do not value their lives or give a thought to their love ones!!

I think one should start early to reach their kampung/destinations and always be vigilant on the road and practise courtesy - give way to those who want to overtake; and take a rest when fatigue sets in at the many R&R on the highways. Never let a moment of anger seeps into any driver when being overtaken (rightly or wrongly)and then race to overtake! Then end result may be fatal. Giving advice is always easy though but it may be taken.

Thank you TUN, hope the many motorists and motorcyclists will take heed and lets have lower accidents (fatal ones especially)this Raya.

Have a safe journey to all!!

Again "Selamat Hari Raya Adilfitri" to you Tun and Family!!

Sebelum balik kampung

2. Dapatkan rehat secukupnya.
3. Kenal-pasti Jalan & alternatif.

This is an unpleasant message from Tun, but I fully agree with him. The truth is always hurt. Most of people do not want to heed an advice from him, until disaster strikes Malaysia. A great leader is the one who dares to speak the truth. Democracy does not work in a multi-racial country.

MUHASABAH HARI RAYA

Di hari raya ini marilah kita mengenangkan

Apakah ibadah kita sebulan yang lepas diterima
Marilah kita menginsafi akan diri sendiri
Apakah amalan kita Yang telah dibuat diterima
Di pagi raya ini marilah kita bertaubat
Kerana kekurangan amalan di sepanjang Ramadhan
Juga kerana dosa-dosa yang dilakukan
Moga-moga dosa-dosa itu Diampunkan oleh Allah

Di hari raya ini marilah kita mengenangkan
Adanya manusia Yang tidak dapat bergembira
Kerana kemiskinan Yang hidup dilanda kesusahan
Marilah kita membantu Dan marilah kita menolongnya
Di hari raya ini Marilah ziarahi sanak saudara
Sahabat handai, guru dan ibu bapa
Bermaafan kita sesama kita
Agar dosa sesama kita selesai di dunia

Di hari raya ini
Janganlah berfoya-foya
Kerana ia melalaikan
Kita dengan kemungkaran
Kelalaian boleh mendatangkan
Dosa dan juga kesusahan
Dosa-dosa itu merosakkan
Kebaikan yang kita lakukan

Salam Tun,

It is scary and sad when we read about the numbers of fatality every time we have this balik kampung during the festive break.

Millions of Ringgit is lost as the amount of money invested on these people i.e. upbringing and education ended in the road accidents - without these people getting to fulfill their lives and serve the nation.

Malaysians are somehow impatient on the road. These causes accidents.

I hope all will heed your advice, to be careful and patient whilst on the road. Be back in one piece.

Selamat Hari Raya to both you & Tun Dr Siti Hasmah, and to all Malaysians.

assalamualaikum, yang berhormat Tun Dr Mahathir Mohamad dan yang berbahagia, Datin Siti Hasmah, saya, ingin mengucapkan selamat hari raya kepada Tun sekeluarga. sedih pabila bulan ramadhan mengundur, syawal menjelma. setiap tahun, mesti sahaja ada kes kemalangan, kadang-kadang saya sedih, dengan apa yang menimpa mereka. benar tun, kita tak tahu ajal kita, lagipun saya sendiri terfikir kemalangan sebegitu tidak mungkin, dan tidak akan menimpa kita, tapi hanya Allah yang menjadi penentu segalanya. saya dah suruh ayah saya servis kereta lagi sebelum balik kampung. rindu sangat saya nak jumpa nenek dan atuk saya di kampung di melaka. :] rendang ayam, leman, ketupat, kuih raya. pagi raya, azan raya berkumandang, hati pilu. saya memohon ampun kepada ibu bapa saya jikalau selama ini jika saya ada menyakitkan hati mereka.

Tun, walau beribu kali di ulang pun, jasa mu tidak dapat dibalas dengan apa yang Tun sumbangkan untuk negara Malaysia. Allah sangat menyayangi Tun sekeluarga. saya berdoa agar Tun sekeluarga berada dalam keadaan sihat walafiat kehendaknya. Perpaduan Teras Kejayaan.

Tun Dr Mahathir Mohamad, jasamu dikenang hingga ke akhir zaman.
saya ingin menyusun sepuluh jari memohon ampun sekiranya saya ada terkasar bahasa. wassalam

Selamat Hari Raya Aidil Fitri,
Minal aidin wal fa izin,
MAAF ZAHIR BATIN Tun dan Istri,

Two Words Tun - Defensive Driving! Take No risk at all when Driving.

All drivers must take this stance the second they sit behind the steering wheel.

The authorities will do well, to take the same position, i.e. requiring all driver to drive defensively. More
importantly they must spell it out in detail and enforce it on all drivers.

Punishment must be severe. Ban from driving or confiscation of vehicle or jail or fine - whichever that will
"hurt" the offender and will cause him/her to change his/her behaviour. In so doing will also cause others
drivers to want to change their behaviour.

Punishment is useless if it does not go towards changing the behaviour of the offender and more importantly, other would be offenders.

It may sound drastic but without which things will not change for the better. Drastic conditions calls for drastic action.

Wishing All Chedet Citizens Selamat Hari Raya - Maaf Zahir Batin and happy holidays.

How sad but true. My friends in melbourne refused to believe in this 'phenomenon' when i told them. They just can't believe that every year on the same route at a specific time there would be so many deaths n accidents. They say its not possible that with so much prior warning that motorist will still get into accidents within that space of time. I did not bother to tell them the government also launch operations every year to prevent this.

YABhg Tun,

Your advise should be adhered to by all drivers and there is no gain in reaching the destination a few hour earlier if on the way you end up in the hospital or lost your live totally. Remember our objective of balik kampung is to be with the love ones and to meet our close relatives celebrating the Hari Raya. So follow the rule when you are on the road and please drive carefully and slowly, insya Allah you will reach your destination safe in one piece. Lastly, Tun, wishing you, your wife and family "Selamat Hari Raya, maaf lahir batin".

I'm feeling so much love just to read your post. Feels so good :)
Thank you so much, Tun. Have a wonderful Raya yourself :)

By the way, memang adakalanya, hanya dengan memikirkan tentang lebuh raya yang sesak dengan kenderaan membuatkan saya rasa takut untuk memandu. Lebih-lebih lagi bila ada kenderaan berat yang memandu dgn begitu laju. Saya rasa adalah penting selain dari kita memandu dengan cermat, kita juga perlu ada hormat dan timbang rasa terhadap pengguna jalan raya yang lain.

Salam Aidilfitri

Salam kepada YAB Tun, bonda Tun Siti Hasmah yang dikasihi serta rakan2 bloggers,

1. Begitulah Tun, dari dulu lagi dok peringat kita setiap tahun...pun ada yang degil.

2. Di antara petua untuk elak membawa laju (selain daripada pesanan2 penaja lain);

a. buang pemikiran bahawa anda hanya bagus, terer jika boleh mengalahkan orang lain. sebaliknya berkatalah bahawa anda sentiasa bagus, bukan hanya kerana menang berlumba atau menyahut cabaran orang lain untuk berlumba.

b. buang pemikiran bahawa orang yang melakukan kesalahan kepada anda mesti dihukum. Sebagai contoh, terdapat pemandu lain yang mungkin sengaja atau tidak sengaja menyusahkan anda...maka anda tidak semestinya membalas dendam atau menghukumnya. Anda boleh memaafkan orang itu. Contoh

perbuatan orang lain seperti;

- ikut belakang anda dengan rapat dan bermain lampu menyuruh anda ke tepi. Jika anda rasa anda pun terer, anda tidak akan memberi laluan. Anda tidak tahu siapa pemandu belakang tu. Mungkin seorang yang baik ataupun samseng atau pembunuh. Saya pernah mendengar bagaimana kejadian seperti ini membawa maut di mana pemandu belakang tu membunuh pemandu yang menghalangnya. Orang gila memang wujud.
- anda memotong dengan bahaya boleh menyebabkan pemandu yang terganggu membalas dendam
- sengih anda, tanda isyarat lucah yang anda tunjuk boleh mengundang bahaya kepada anda dan famili.
- anda potong Q, tidak memberi isyarat untuk memotong, sengaja tidak memberi laluan pemandu lain memotong anda, membunyikan hon berkali-kali, menunjukkan isyarat2 seperti penumbuk, jari, dll.

JANGAN LUPA, ORANG LAIN JUGA MEMPUNYAI PEMIKIRAN YANG SEWEL SPT DI PARA a) dan b). JADI, PERBUATAN ANDA SPT DI ATAS BOLEH MENGUNDANG YANG SEWEL INI UNTUK BERLUMBA, MEMBALAS DENDAM KEPADA ANDA.

Terima kasih Tun kerana mengasihi kami semua.

SELAMAT BERTARIKAH RAYA DAN SELAMAT BERCUTI SEMUA.

assalamualaikum ayahanda tun,

saya rasa memandu dengan perlahan kurang kena la coz macam bagi sesetengah orang, memandu dengan perlahan akan menyebabkan mengantuk walaupun pemandu tersebut dah tido lebih dari 8 jam. mungkin ini pendapat saya je, coz kalau saya memandu perlahan (dalam 80 - 90 kmj), saya akan cepat mengantuk walaupun semalam tido jam 10 malam dan bangun jam 8 pagi. saya lebih alert kalau memandu laju tapi dalam cara yang selamat dan cermat la. saya tak tahu kenapa, dan saya pun ada tanye member-member saya. diorang pun macam saya gak, kalau memandu perlahan akan rasa mengantuk. dulu saya tak sokong kalau naikkan halaju di malaysia coz masa tue saya tidak berkenderaan, sekarang baru saya faham kenapa perlu naikkan lagi halaju tue.

Dear Tun,

Wishing You and all at home a very wonderful Syawal.

Yes it is sad to see all the deaths on the road during the festivities but it is an unfortunate innavoidable outcome. I have to comment on your statement of " Lots of things have been tried by the Government of Malaysia to reduce fatal road accidents. But the figures keep on increasing." Yes a lot of things has been done but the authorities have always and are still barking up the wrong tree. If they are serious in getting the people to drive safe, it has to be an ongoing thing.

Ops Static 1 - 17 have all been a waste of time and money. If you seriously want to stop road users from doing mistakes, it has to start way before. Something that was employed in New York to reduce crime using the "Broken Window" syndrome.

I doubt Tun has ever taken a drive through any of the small 'Kampungs'. I dare you. Drive through, Tmn Greenwood, Gombak. Tmn Medan, Puchng Perdana, you will, without fail see people riding motorcycles without helmets. Drive by any police squad car/patrol car and all are driving without seatbelts, way over the speedlimit. People driving on the emergency lane. People going through red lights..... etc. If People have the notion that they can get away with small offences, what more the larger ones. All BMW's, Merc's, Harrier's, Camry's, feel they have the right to drive at 200km/h and on the emergency lane, and have a right to the right fast lane. So if i'm on the fast lane overtaking at 110km/h and behind me comes one of the cars mentioned above, i'll be flashed at least a mile away just so that i don't slow them down..... If the country is serious about stopping road accidents, it has to start 1 or 2 months before the festivities. Better still to have it all throughout the year. Catch those who do the minor offences, Riding without helmets, etc. And it has to be on the spot. So serious patrols by the police. Not the stops looking for pocket money.... How do you know it's the money they're after... most always the stop lorries, and motorcycles driven by foreigners..

Change is a long way to come. If is to happen, i don't see it happening in my lifetime. So till someone takes up the responsibility, we'll be seeing more deaths n the Road. Sad but true.

Joe

Balik Kampong adalah phenomena yang unik di Malaysia dan setiap tahun berita sedih disiarkan sepanjang tepoh perayaan seolah berlumba untuk mendapatkan tempat dalam sejarah dan tercatat didalam " Books Of World Record ".

Bagaikan pemandu Malaysia bersikap kurang ajar kerana tidak mahu belajar peraturan dan convention atau tenaga pengajar dan tenaga pemantau tidak tulus melaksanakan tanggung jawab atau Perencana keselamatan jalan raya tidak mempunyai daya fikir untuk mengurangkan angka kemalangan.

Mungkin ini lah salah satu kemudaratn yang mengekori bayang kemajuan.Kita menghebohkan berita ini untuk menyedarkan rakyat yang tuli dan rabun dengan kemajuan dunia.

Lihat sahaja kepada nisbah jumlah penduduk, jumlah kenderaan dan jumlah kemalangan . Saya berharap

jumlah jumlah yang disebut bolih mencontohi Pasukan Bola Sepak Malaysia, setiap tahun menurun .

Walau apa pun, di harap Hari Raya tahun ini tidak pudar seperti yang di harapkan oleh rakan Pembangkang dan sekutunya. Lebih bijak, Imam Masjid perlu memohon terlebih dahulu daripada YB kawasan masing masing untuk menggunakan pembesar suara untuk bertakbir di pagi Raya.

Assalamualaikum Dr.Mahathir and Dr.Siti Hasmah...beloved children of Allah S.W.T.(Kindly allow me to address you as 'DR' because you both still treating and curing millions of people around the world through your love and passion in mankind.)

I'm Jeffry Suresh Bin Abdullah, an Alor Star boy aged 35. Converted to Islam recently because of the love that both of you triggered since I was a little boy and first met you 22 years ago during launching of bangunan PKNK in Alor Star. I was 13 years old then. I sincerely hope that both of you still remember me, whom brought your family photo and the photo I took 22 years ago during the "K.L War Crime Tribunal Day" last year. Both of you signed me the photos as remembrance.

I was a poor boy from a poor family in Alor Star (Lorong Titi Siam, Jalan Telok Wan Jah). My father was a gardener in Vocational school.

But, from the day I saw both of you 22 years ago, I have determined to be like you both. And now, through the 22 years of love to you, I've become a very successful person and having my own ISO & Training Consultancy Business in Johor Bahru. Leading a luxury life. And to be honest, I achieved those from the spirit that both of you shined on me past 22 years ago, indirectly. I always practice 'think out of the box' style, just like you. and always never ending spoke about your God-gifted talent. When I was in London, a taxi driver from Afghanistan (British PR) told me and my wife that; DR.MAHATHIR IS THE REAL CHAMPION OF ISLAMIC COUNTRY! and it is true. Through your love, you have generated millions of successful people around the world. Directly and indirectly.

Believe me Dr.Mahathir, Allah S.W.T have all the strong reasons to bless you and Dr.Siti Hasmah to live very very very long time. I promise you and Dr.Siti Hasmah that, as my true wish as 'saudara baru' of Islam, I will pray to Allah and beg for his compassion to give you and Dr.Siti Hasmah a very healthy and happy life for many many years ahead, so that you both can continue to serve and shine, not only for Ummah but also to mankind.

If you and Dr.Siti Hasmah wish to offer me and my wife just a cup of coffee, I would mostly appreciate and consider it as a gift from Allah. I always wished for it since 22 years ago. I shall be contacted at 012-7761872 I had the blessing.

I have another request, Dr.Siti Hasmah has been your soul mate and ensured your today's success..transformed you from a humble man from Jalan Kilang Ais, to a Great Leader Of The World! Please let her write in this blog and let us get the share of her love too.

Selamat hari raya aidifitri!

Yang Berbahagia TDM,

Luv your blogs so much! To me your ideas are more sane than some current leaders. Thank you so much for sharing your ideas to all Malaysians.

It's true some Malaysians drivers are impatient while driving. Partly I think is either because they do not have the conscience of what's happening next to them if they are not careful.

Futhermore, most drivers who drive slowly on the right lane also contribute to some accidents i.e. when the car behind them feels so annoyed by their driving mode on the fast lane. They get tempted to

overtake the car on the left lane instead. This is dangerous and unethical to me.

Unlike US, I think it is time Malaysia to pass the law that sets a min. limit on highways as well. Some other states in US like on I95 highway does have min. drive speed on its highway i.e. 20 mph.

Sorry TDM. I know you are not fond of US but I think there are things which we can follow from them BUT THERE are definitely many things which we should NOT follow also :-).

Another thing that I think contributes to accident is that our road lanes are a bit smaller. If one were to avoid accidents or hit by a car some times bigger lanes also can help to avoid these unfortunate accidents by easing up to some lane space to avoid the hit. Of course this could not save them if they panic plus that can cost more money for the govt and taking up so much land. Unlike the US, the are huge in lands.

Sorry for the long comment. Saja gatai tangan nak bagi comment.

Selamat Hari Raya Aidil Fitri and maaf zahir batin to you and your family.

Correct . correct .. correct ...

Malaysia are impatient lot including me (not too bad and have change attitude lately)But the condition of the road must also be improved especially trunk road and road shoulder. Ai ya , this again is malaysian, banyak cepat lupa.

Less accident. wipe out corruption, impose heavy fine like our tiny neighbour. Corruption / enforcement is the problem, it will take us at least another 10 years to have very less corrupt cop.

Assalamualaikum...

Selamat Hari Raya Aidil Fitri...

Maaf dzahir dan batin...

Daripada,

Mohamed Nazri Baharu Zaman dan keluarga.

Selain dari memandu dengan cermat. Kita juga perlu jaga permakanaan kita pada hari raya ini. Ramai yang sakit, (ada juga yang maut), kerana makan dengan tidak menentu pada hari raya, lepas kenduri dan sebagainya. Maklumlah banyak makanan yang sedap-sedap dan jarang dijumpa pada musim perayaan ini. Rasa sikit-sikit cukuplah. Wasalam.

By learn2think on September 30, 2008 3:03 AM

Salam Tun,

Selamat menyambut Hari Raya & Maaf Zahir Batin.

Sebagai seorang yg prihatin .. komen saya kali ini lebih pada peringatan buat pembaca :

1) sentiasalah beri lampu isyarat sebelum masuk/keluar simpang atau tukar arah. Tak akan 'short circuit'

atau 'drain' bateri kereta anda dengan beri lampu isyarat selama 10 saat atau lebih. Tak semua orang tahu kenderaan anda nak pusing/pergi ke mana.

2) Patuhilah had laju. Kampung kita tak akan lari ke mana .. kita yang mungkin 'lari' cepat ke batu 2

3) Jangan lupa periksa keadaan kenderaan sebelum bertolak .. 15 minit periksa keadaan kereta lebih berbaloi berbanding tersadai berjam-jam di tepi jalan kerana kerosakan yg boleh dielakkan pada asalnya.

4) Bertolak ansur ketika memandu. Semua orang pun bayar cukai jalan ... semua orang ada hak untuk guna jalanraya.

5) Jaga jarak kenderaan anda. Brek anda mungkin boleh berhenti pada masanya tapi kenderaan lain tak semestinya boleh brek seperti anda.

6) Rehat secukupnya sebelum bertolak. Don't sleep and drive.

Sekian dahulu. Selamat Berhari Raya, selamat memandu dan selamat sampai ke destinasi.

By azlash on September 30, 2008 3:16 AM

Salam Tun

SELAMAT HARI RAYA MAAF ZAHIR DAN BATIN.

Terima Kasih di atas nasihat Tun. Sejak Tun menjadi PM, setiap ucapan Tun pada Hari Raya, Tun tidak akan lupa memberi nasihat agar memandu berhati2. Begitulah perihatin dan tanggung jawab seorang pemimpin spt Tun.

Saya setuju dengan Tun bahawa pemandu2 di Malaysia memandu laju dan kurang sabar. Ramai yang kurang berhemah semasa memandu. Jalan2 di Malaysia adalah cantik dan boleh dikatakan yang terbaik di rantau ini. Kereta2 milik rakyat Malaysia pula boleh dianggap 'up to date' jika tidak masakan ianya boleh di pandu laju. Namun di dalam kegairahan balik kampung ramai yg terlupa tentang keselamatan diri, keluarga dan orang ramai.

Walaupun kerajaan telah menghabiskan berjuta2 ringgit untuk berkempen dan membuat roadshow namun kadar kematian semasa musim perayaan tetap tinggi.

Kerajaan tidak boleh dipersalahkan didalam hal ini kerana tabiat buruk itu datang dari dalam diri kita sendiri. Jika rakyat Malaysia mempunyai sikap dan amalan dan disiplin yg baik semasa memandu, pihak Polis tidak diperlukan untuk memastikan pemandu tidak melanggar peraturan lalu lintas.

Kebanyakan pemandu di Malaysia mengikut undang2 kerana takut disaman, bukan kerana kesedaran tentang keselamatan diri mereka.

Saya juga berdoa agar mereka yang balik kampung selamat tiba dan kembali. InsyALLAH

Salam hormat dari saya sekeluarga untuk Tun sekeluarga. Maaf zahir dan batin. Semuga Tun sihat dan di pelihara ALLAH.

Assalamualaikum, Tun dan Toh puan Dr Hasmah

Semuga Allah merahmati dan melindungi Tun sekeluarga dalam mengharungi kehidupan ini sampai akhir hayat.

Terima kasih Tun, Terima Kasih Tun,

Selamat Hari Raya, Maaf Zahir Batin

"Harimau mati meninggalkan belang, manusia mati meninggalkan nama"

Sesungguhnya jika banyak pihak yang tidak bersetuju dalam apa jua tindakan Tun "dulu kini dan selamanya". Ramai lagi rakyat di luar ini yang yakin dan percaya Tun umpama legenda P. Ramlee yang setakat ini tiada galang gantinya. Jika Allahyarham P. Ramlee dikenang sebagai Biduan sepanjang zaman, ramai yang telah beranggapan sekarang ini Tun juga adalah legenda umat Melayu zaman ini dalam aspek membangun, memperkasa dan memperkaya umat Melayu dalam pelbagai bidang.

Jika hari ini, nilai-nilai murni seperti konsep budi dan jasa masih dipegang teguh oleh umat Melayu... tentunya kita akan merasa Tun telah banyak berjasa kepada kita semua...

Terima Kasih Tun, Terima Kasih Tun....

I thank you for your advise. I will definately keep it in mind on my balik kampung journey tomorrow. I also hope the bus and lorry drivers are extra carefull on this busy roads during these festive season. Its unbelievable how fast they drive at times. The bus drivers especially must think that they are responsible for many lives. i pray to God that all will be safe on their journey.

Selamat Hari Raya to all.

And for Tun u r the best and keep up on doing an excelent job for our beloved country:)

Salam Syawal Ybhg. Tun,

Kadang-kadang terfikir juga, adakah silap JPJ semasa mengajar rakyat Malaysia memandu atau rakyat kita sendiri yang 'berbudaya gelojoh' sewaktu memandu.
Semalam, jam 11.30 malam, sewaktu saya sedang minum bersama rakan di sebuah restoran - sebuah kereta peronda polis (proton waja) melanggar sebuah kereta penumpang betul-betul di 'traffic-light' bertentangan dengan restoran yang saya duduk.

Ramai juga menjerit 'Ha! apalagi! tangkaplah driver tu! kenakan ISA!' dan spontan saya senyum. Polis pun ada juga yang tak sempat balik raya ni Tun.

Assalamualaikum Ayahanda dan Bonda, Tun berdua yang dikasihi.

Apa jua coretan dari Tun berkenaan 'Balik Kampung' adalah sebenarnya yang sedang berlaku; dan yang bermain difikiran para pemandu. Istilah 'orang lain' kepada orang lain dan juga sikap segelintir pemandu.

Memang pada umumnya rakyat kita memandu dengan laju.
Kenalan-kenalan saya dari luar negara juga mengatakan begitu; bukan dalam nada kagum, tetapi dengan menggelengkan kepala.
Pengalaman saya sendiri berada diatas jalanraya di serata dunia, saya dapati para pemandu kita di jalanraya 'tiada tolok bandingannya'.

Yang memandu tidak berapa laju, perlahan sangat;
yang memandu dengan laju pula, tuhan sahaja yang tahu!

Harapan saya agar pihak berkuasa janganlah hanya mencari pesalah yang memandu terlalu laju, tetapi yang memandu terlalu perlahan tidak diendahkan. Memandu tidak seharusnya terburu-buru, tetapi biarlah bergegas atau bersegera!
Kayuhlah basikal jika ingin 'makan angin' di jalanraya dan jangan menghalang kelancaran trafik sedia ada.
Manalah kita tahu, kalau-kalau mereka yang memandu laju itu ada

'kecemasan' dan perlu bersegera ke destinasiya!

Saya ingin mengucapkan Selamat Hari Raya kepada Tun dan Family.

Keep on writting prolifically, for the benefit of the nation.
True leaders are hard to find these days and values of old is shrinking and our beloved UMNO is going to the abyss.

Current leaders of UMNO are like small napoleons. They avoid you for fear of Pak Lah (or is it Khairy?)

But don't worry Tun, rakyat jelata nampak(well ada yang buta mata hati pi sokong Anwar yang pseudo intellectual)-tengok pada hits yang Blog 'chedet' ni rakyat amat2 merindui Tun dan ingin Tun memberi pendapat dan men'chastise'kan pemimpin2 yang tak buat kerja dengan betul ni.

Anyway Tun,if I haven't got your attention yet, saya minta Tun beli buku 'WEB OF DEBT' by Ellen Hodgson Brown and spread the word to influential people that you know around the world -

WE CAN'T AFFORD FLOATING EXCHANGE RATE ! THE WEST HAVE HOODWINKED US INTO FREE MARKET LAH! DON'T BAIL OUT LAH! DERIVATIVES LAH ! DUNIA DAH JADI CASINO !LA NI DEPA DAH KENA BALA DEPA BUAT BENDA SAMA!

KALAU KITA DOK BUAT FIXED EXCHANGE RATE NANTI DEPA BURUKKAN KITA DALAM MEDIA !

KENAPA PEMIMPIN KITA TAK BERANI? DAH KENA RANSOM KAH DEPA NI ?

BERAPA BANYAK BANK2 KITA DAH TERMAKAN 'TOXIC' DEBTS?

I SALUTE YOU FOR BEING ABLE TO SEE THIS WITHOUT ANY LEANING TO DOGMAS.

I SUSPECT OUR AMERICAN TRAINED ECONOMIST HAVE BEEN DOGMATISED INTO THE MONETARY SCHOOL OF MILTON FRIEDMAN....VERY DANGEROUS !

Asalammualaikum Wrmth Wbkt.

Our dearest Tun,

Definitely nothing beats the excitement of going home for Raya Celebration.

Its quiet now in the city of Banda Aceh as most people had started to balik kampung last friday. They have an amazing strong culture which emphasize on families get together within 3 days before Aidil Fitri starts.This too applied for all important dates in our Islamic calendar,such as Aidil Adha and before the starting of Ramadhan.

Despite the increased in traffic loads all around the province and their roads are quiet small compared to our highways back home, surprisingly accidents are quiet rare. This boil down to their attitude and awareness, for all to drive responsibly to reach their Kampung safely. Human lives are priceless.

Wishing all A Blissful Aidil Fitri 1429, Especially to our dearest Tun and family. May the day fill with laughter, joy,love and happiness, most importantly thankfulness and prayers that Allah bless our Nation with peace and prosperity always.....

i sincerely think that malaysians are actually a nice bunch of people. however, behind their wheels they will inadvertently become their alter-ego, which is boasting their "i'm the king" attitude. i have witnessed

many times, even my gentle brother becomes one of those road bullies.

maybe the authorities should come up with a better idea than "Awat, Perangkap Laju Dihadapan". instead, they may use "Thank you for driving fast, please pay RM300 at the next 30km", or that sort of reverse psychology stuff. i don't know. maybe unorthodox stuff might work on us malaysians. haha.

oh. i really do think music is the way to enjoy your driving. no. not the heavy metal or punk music. try listening to those old songs which you can relax and sing along. you really won't notice how time goes by if you enjoy your music. just don't put on the volumes too high. hee.

Selamat Hari Raya, Maaf Zahir Batin to all.

Selamat Hari Raya Tun sekeluarga,

Saya tidak berapa tahu tentang undang-undang terkini jalanraya di Malaysia. Tetapi mungkinkah kerajaan patut wajibkan semua kereta ada airbag dan wajibkan pemakaian tali pinggang keledar di kerusi belakang, dan wajibkan penggunaan kerusi keledar bayi. Pernah saya lihat seorang ibu membawa kereta dengan anaknya dia atas riba...sungguh tak bertanggungjawab.

My hometown is in the Klang valley, same goes with my relatives which is within one our driving radius, thus driving will be less hectic as most of town dwellers will be out by first day Hari Raya. It is timely advice by Tun to be heeded by us as 'season' drivers use to lose patient while negotiating 'snails' traffic.

Please let others drive if you can't manage your anger. Have a safe journey. Salam hari raya maaf zahir batin to Tun and fellow bloggers

Masa duduk KL, tiap tiap Raya balik rumah missus kat Kelantan, jadi tak pernah dapat pergi open house Tun (masa tu Tun PM lagi, how I miss the good times). Bila dah tinggal kat Kelantan, Tun pulak buat open house hari Ahad. Tapi apa boleh buat, takde rezeki lagi kut.

Selamat Hari Raya Aidilfitri from my family and I in Bahrain. We hope that you will continue expressing your invaluable opinions and views in this blog. It gives us the opportunity to learn from your experience and wisdom that you have gathered during your whole life, especially during your 22-year reign as the Prime Minister. Although there are a few times I find your opinions difficult for me to agree with, I do have the utmost respect for you. I am very much grateful and in debt of your contribution to the nation.

For being the most prominent leader of our country before, you couldn't escape being mentioned, in good ways and bad, by most of the people of our country including myself. I would like to sincerely minta maaf zahir dan batin if I have directly or indirectly caused you any harm or inconvenience.

Take care and stay healthy.

Salam Tun,

Peratus Tertinggi kemalangan maut pada setiap kali cuti balik kampung adalah terdiri dari penunggang dan pembonceng motorsikal.

Jika Tun perhatikan dijalanraya, majoriti penunggang motorsikal mengabaikan aspek keselamatan seperti tidak mengikat ketat topi keledar, tidak memakai baju pemantul cahaya dan sekarang semakin banyak motorsikal yang tidak buka lampu hadapan bila waktu malam (mahal sangat ke satu biji mentol?)

Semakin ramai penunggang motorsikal berani merempuh lampu isyarat merah, memperjudikan nyawa mereka sendiri. Anak melayu (segelintir) jadikan motorsikal untuk menunjukkan kejantanan melawan arahan pihak polis untuk mendapat kepuasan diri.

Saya fikir sampainya masa kerajaan memikirkan, pemakaian suit keselamatan (seperti pelumba) untuk motorsikal berkuasa 100cc keatas. dan jangan sesekali membenarkan lebih 2 orang dalam 1 motorsikal. (kesian bayi kecil kurang setahun tiada perlindungan).

Selamat Hari Raya, berhati hati di jalan raya.

Aslmkm Tun & family.

Selamat Hari Raya & maaf zahir & batin. Selalunya saya dan keluarga akan balik ke Endau, Mersing dan ke Pasir Mas, Kelantan untuk menyambut hari raya. Namun tahun ini kami hanya balik ke Endau sahaja kerana cuti yang pendek dan kerana anak sulung kami akan menduduki peperiksaan PMR. Ternyata kemeriahan menyambut raya terjejas. Sememangnya tradisi balik kampung ini memainkan peranan yang ketara dikala perayaan.

Kepada yang bakal balik kampung, selamat pulang dan selamat sampai ke destinasi. Sentiasa bersabar dan berhati-hati walau di manapun anda berada.

Janganlah memandu terlalu laju ataupun terlalu perlahan. Memandu terlalu laju boleh menyebabkan anda ditimpa kecelakaan. Memandu terlalu perlahan pula boleh menyebabkan orang lain ditimpa kecelakaan. Fikir-fikirkanlah ...

Wassalam.

Tun,

Betul apa yang Tun katakan....kekadang tu kecuaian orang lain, orang lain jagi mangsa. Tetapi sebagai pemandu kita harus selalu alert, cermin sisi dan cermin belakang perlu selalu di lihat. Pergerakan pemandu lain kita perlu sedia mengagak sebelum dia bertindak. Paling menyakitkan ialah penonggang motosikal. Ada ka patut moto cc rendah guna lane tengah..lorong motosikal dah di sediakan tapi cari nahas juga. Nasihat dah semua orang bagi tapi sayangnya yang buat hal tu tak pernah bukan tak nak dengar. Mcm nasihat Tun kat blog ini, yang akan terlibat tu pastinya tak baca apa yang Tun katakan. Hari-hari dah sebar kat TV, rasanya ramai juga belia-belia memandi kereta dan penonggang motor tak tengok pun. Saya rasa tindakan polis trafik tak tegas. Kalau setakat buat road block memang la terkawal sekejap tapi saya rasa kuasa menahan pesalah trafik patut ada pada mereka setiap masa. Bukan apa kadang-kadang ada juga kita nampak kesalahan trafik dilakukan di depan mata pegawai poliis tapi tak diambil tindakan sebab dah off duty la, nak balik rumah la dan excuse paling kerap didengar malas nak naik turun mahkamah kalau dakwaan dibuat. Habis tu camna nak disiplinkan pengguna jalan raya. Cuba sekali dua kereta peronda polis kejar je kereta-kereta atau motor-motor yang melanggar peraturan lalulintas tak kira di mana dan bila-bila masa. Baru orang gerun nak buat salah. Apa kata Tun?

SELAMAT HARI RAYA buat Tun dan keluarga.

Way to go Dr M,

What you blogged here will reached at least a couple of millions presumably young drivers! Selamat Hari Raya to all.
By maya on September 30, 2008 7:14 AM

salam tun,
pandangan saya kedua...

Akan ada ramai orang yang membuat ayat pembuka bicara dengan rakan di kampung.."Fuh! Tak larat aku balik selalu.. minyak kereta aku macam air!"

Atau dipagi syawal.."Mak.. Abah..maaf la ye..ini je yang boleh bagi kat Mak Abah.. duit banyak habis isi petrol masa balik tadi.. masa buka kat restoran mamak tadi makan 2 orang pun RM29.90... mahal la Mak!"

Saya terfikir bilakah landasan berkembar dari Johor ke Perlis akan siap?

Saya terbayangkan perjalanan balik kampung dengan keretapi laju, lebih cepat sampai ke destani, tanpa berhenti minum Kopi Tongkat Ali Cap Mata Terbeliak untuk sengkang mata memandu.

Tapi saya fikir landasan berkembar sahaja tidak cukup.. Gerabak keretapi pun kena banyak juga... jangan jadi macam KTM Komuter, landasan ke Tanjung Malim dah siap, Gerabak tak cukup!!!

Sayang lah Tun, Beratus gerabak Komuter tersadai tak ada spare part, Tun patut nasihatkan depa suruh Jurutera kita reka sendiri spare part yang tak cukup.. Jurutera kita bukan bodoh!! Kemudahan nak buat bukan tak de!!

Dah Belajar buat skru dan nat untuk spare part lama lama boleh buat keretapi sendiri....

Satu lagi pandangan bodoh saya.. perjalanan naik keretapi ni bosan. Budak budak yang ikut pun naik bosan. Saya fikir elok khaskan satu gerabak untuk budak budak ni renggang badan bermain seperti taman permainan, sudut TV karton, mini perpustakaan untuk kanak kanak dan orang dewasa... Boleh juga tambah ilmu sepanjang perjalanan..

WIFI percuma sepatutnya ada, selain hiburan interaktif dan DVD pilihan di setiap tempat duduk belakang (seperti bas VIP sekarang).

Saya percaya kalau tren ke utara boleh sampai dalam 3-4 jam. Lepas tu ada pula komuter yang sambung ke pekan pekan kecil.. ramai yang nak naik keretapi dari kereta.

Saya nak undang Tun naik Komuter dengan saya, tinjau dari satu pekan ke pekan kecil yang lain, lihat harga tanah semakin naik di setiap pekan yang ada stesen komuter.

Maaf panjang sikit, Selamat Hari Raya, Maaf Zahir Batin.

Assalamualaikum Tun. Apa yang Tun cakap tu telah diulang-ulang pada setiap tahun menjelang perayaan di negara kita ini. Tetapi malangnya kemalangan jiwa semakin meningkat. Salam Tun

Death is imminent samada di jalan raya atau di dalam kelambu. Death by accident in balik kampung rush can be avoided if we change our culture. Just don't balik kampung during the rush. Kita boleh balik

kampung pada masa yang lain. Because we don't want to change, some deaths by accidents will continue to occur.

Selamat Hari Raya atau X Selamat Hari Kematian.

By hai on September 30, 2008 7:54 AM

Dear Sir,

Lots of things have been tried by the Government of Malaysia to reduce fatal road accidents. But the figures keep on increasing ????

Yes, people die but that number is out paced by the staggering number of births for every 142 that die there is nearly 200 born thus if you want to get really morbid the human population is literally sucking the life out just by oxygen consumption alone.

Yeah, you can be a nerd about the numbers but one thing of comfort is that life perpetuates guarantees us death and the renewal.

Dying can be a much more positive experience—a time for psychological and spiritual growth.

Conduct life reviews to instill meaning and purpose in their lives. You can ask when they were naughty or did good deeds, who their enemies were, what their preferences or aversions were. You can ask them what it was like when they were at the apex of their lives.

Connect to something larger than themselves. For many people it means connecting with ALLAH, and for those who believe in ALLAH, it is indeed a strength.

"Selamat Hari Raya maaf Zahir Batin" and have a safe journey home.

Thanks.

By Chris on September 30, 2008 8:12 AM

Sir,

Thank you for the timely reminder of being careful on the road this balik kampung and balik pekan. Some, or rather many, Malaysians turn into monsters when they lose patience because someone else has slowed them down. Those driving big and powerful cars tend to bully the smaller and less powerful ones. Some drivers simply don't seem to understand the function of the lanes, i.e. which one is the fast lane and slow lane and cruising lane. Or maybe they don't care. I read somewhere that you move to the fast lane if you are driving above 90kmp. Stay on the middle lane if you are cruising between 80kmp - 90kmp. Drive on the slow lane if anything below that.

Now that the towns are depleted of vehicles, the remaining ones tend to drive like there is no tomorrow. They seem to expect everyone else to speed just because the roads are empty. The crazy ones turn the roads into grand prix circuit. No sir, they will never learn no matter how much advice is given. When they become the 'other people', then it is their families who will mourn. What a loss of life and property and wealth these people could have contributed if they remained alive and well. Already the numbers are increasing since Ops Sikaps began. Anyway, this is a fact of life here in Malaysia and one can only hope he/she don't end up being the 'other people'.

Once again sir, Selamat Hari Raya. Maaf zahir dan batin to both of you. See you at your open house in Kuala Lumpur.

I hope to get a photograph standing beside you to upload on my blog.

Selamat Hari Raya.....

Selamat Hari Raya Tun sekeluarga,

Saya baru saja pulang drp mengambil mangsa kemalangan jalanraya di Kg Nyior Paka. Mangsa dalam perjalanan untuk pulang berhari raya. Enam orang sekeluarga termasuk anak kecil, tiga orang yang cedera parah. Bertapa pilunya suasana di A&E bila mana keluarga terdekat tiba utk melawat.

Seperti kata Tun Kita fikir kematian di jalan raya hanya terjadi kepada "orang lain". Tetapi kita adalah "orang lain" kepada orang lain. Kematian mungkin akan datang kepada kita, mungkin bersama orang yang kita sayang.

Pada masa itu keluarga kita pula yang merasai betapa sedih dan pilunya suasana.

Dear TUN

SELAMAT HARI RAYA to you and your family. Let me also wish ALL Muslims and Malaysians the very same. May the next few days become a time for healing and wisdom for our Nation . Be Safe on the roads. The hundreds that die and the thousands that get injured year in and year out is simply unacceptable... that too on the sane routes.
Take Care Sir and have a Meaningfull Raya Celebration

Dear Tun,

I totally agree that balik kampung is a great tradition. It doesn't only apply to the Malay and Chinese but all Malaysians alike. Festive seasons are times we can just hang together with family and friends, greet each other, tender warm hugs, pat on the shoulder and dear conversations. That's how we are within our own circle, can't we bring this to the roads? There shouldn't be "the other people to other people" if we tolerate each other and think about others, because "the other" really is us. There might be some who are "naughty" but I'd say, just give them way for the sake of the 'nice', they'll 'repent' sooner or later.

Dear Tun,

I'd like to wish you Selamat Hari Raya Aidilfitri, Maaf Zahir dan Batin. Semoga Hari Raya ini membawa keberkatan, Kesihatan yang baik dan rezeki yang baik kepada Tun berdua. Thanks for the open house invitation, hope to be there. God willing. And thanks for the marvelous years you've given us during your tenure.

Salam YBhg Tun,

Selamat Hari Raya & Maaf Zahir & Batin kepada Tun sekeluarga.

FYI, YBhg Tun, i've known a friend that have been involved with research and studies pertaining road safety for almost 5 years (i.e MKJR, JKJR, MoT, even MoE, and now currently, MiROS). We always argue (positively) on these road safety/awareness issues. Personally, i think we're not doing too well on educating drivers in Malaysia, even among children, on the importance of road safety. It's very annoying when these issues are always 'bermusim' and to a certain extent 'politicised' for the benefit of some Minister(s), not all. According to my friend, certain politicians tend to listen only to results/outcomes which may benefit or favour their interest, or their ministry, rather than examining the actual data and accept or at least consider the more concrete recommendations from these studies. As i consistently argue, more concerted effort from all relevant agencies are needed, and continuously implemented programmes are vital. Does it have to be the Minister themselves to be involved in accidents, or their loved ones, in order to get a more serious attention? OPS Sikap should be a year round program, maybe not all would agree, however...i'd like to pose a question, what's is the value of the lives taken from these road accidents, comparing to the summons paid? I wish Tun, and all Malaysians a safe journey ride, wherever you are..TQ.

Assalamualaikum Tun and family,

I will be going back to my hometown in Perlis on the 1st day of Hari Raya. Thanks to you, the North South Expressway has made our balik kampung drive becomes shorter and more comfortable.

I just want to record my heartfelt appreciation for your continuous contribution to the people of Malaysia and the Islamic world. Even after you are no longer our PM, you keep on contributing in the best way possible- by educating us. Thank you for sharing your knowledge at chedet.com in the simplest way for us to understand. That's your gift and speciality, I guess. I look forward to read your blog every day. I know I will learn something new. At my parents' house your portrait is still being placed in the living room among the family photos. That's how we see you - like a family member, almost a father to all of us. You may have your weaknesses, but hey, we are all human. We learn to forgive and made amends. You are always in my prayer, InsyaAllah. May Allah bless you always with hidayah, good health and happiness, dear Tun.

Selamat hari Raya, Maaf Zahir dan Batin.

Salam sejahtera dan Selamat Hari Raya YAB Tun,

Saya mengucapkan agar YAB Tun dan Keluarga sihat hendaknya di Ramadan dan Syawal yang akan datang dan juga seterusnya.. Pengangkutan yang terbaik adalah datang dari kecikapan pemandu menilai kemampuan diri untuk memandu terutama di bulan puasa ini. Ini kerana kita tidak dapat menolak bahawa kelemahan diri kita akan wujud sepanjang bulan Ramadan ini kerana lapar dan dahaga dan juga

konsisten kita kepada sesuatu perkara terutama sifat mengantuk dan marah.

Ada juga menyarankan agar kita menggunakan pengangkutan awam kerana mungkin keselamatan yang lebih tetapi lebih terdorong kepada manusia itu sebenarnya tidak mempunyai kereta dan jarang-jarang manusia yang mempunyai kereta tidak akan menggunakan kereta untuk balik berhari raya. Sebilangan mereka yang kemalangan hanya ingin memenuhi jadual seperti ingin berbuka puasa kali terakhir bersama keluarga di dalam kondisi diri bukan dalam keadaan terbaik.

Apabila bulan puasa cubalah untuk memandu di luar waktu tekanan kenderaan dan juga kepanasan kerana ini akan mendorong fokus yang lebih sewaktu memandu.

Bagi saya saranan yang paling berbaloi adalah sama ada kita berhenti rehat atau suami isteri boleh memandu. Ini kerana suami isteri adalah pelengkap kepada kehidupan sesama manusia dan bukannya teman atau rakan kita. Ini kerana kita akan sentiasa mengawasi di antara satu sama yang lain semasa kita memandu kereta dan inilah sebenarnya hubungan suami isteri. Bahawasanya isteri akan curiga segala perlakuan suami dan suami akan memerhatikan tingkah laku isteri ekoran kerana wujud ketidakpercayaan terhadap kebolehan isteri.

Oleh sebab itu, saya menyarankan para pembaca yang telah bersuami ataupun beristeri menggalakkan lesen memandu diambil di antara mereka.

Selamat Berhari Raya .. Maaf Zahir Batin.

YAB Tun

1.Kenderaan adalah pengangkutan yang sangat mustahak bagi setiap pengguna. Penggunaanya sangat banyak bagi si miskin mahupun yang kaya, matlamatnya ialah untuk sampai ke destinasi. Bagi rakyat Malaysia keseluruhannya yang berpendapatan rendah akan menggunakan motosikal berkuasa rendah atau pengangkutan awam. Bagi yang berpendapatan sederhana pula akan menggunakan kereta persendirian. Bagi yang berada pula akan menggunakan kereta mewah dengan supirnya.

2.Sepertimana yang Tun nyatakan memang tidak dinafikan jumlah kemalangan di jalan raya setiap musim perayaan amat membimbangkan. Ini tidak termasuk pada hari-hari biasa.

3.Berikut adalah beberapa fakta penyebab utama kemalangan boleh berlaku pada penggunaan jala raya.

- a. Kecuaian.
- b. Tidak bersopan santun di jalan raya.
- c. Ego.
- d. Kurang sabar.
- e. Melanggar peraturan.
- f. Kesihatan pemandu.
- g. Keadaan kenderaan.
- h. Keadaan jalan raya.
- i. Jumlah pengguna.

4.Memang sukar untuk mengatasi perkara-perkara yang melibatkan seseorang individu lebih-lebih lagi yang mempunyai nilai peribadi seperti di para 3a hingga 3f. Golongan ini perlu lebih bertimbang rasa dan ubah sikap mereka. Tiada jalan lain kecuali mereka sendiri perlu ubah sikap mereka supaya menjadi rakyat yang berwawasan.Walau bagaimanapun bagi perkara-perkara di para 3g hingga 3i pemerintah boleh memainkan peranannya.

5. Saya telah merantau di beberapa negara maju dan negara membangun. Pemerintah negara membangun seperti Malaysia sangat prihatin akan kebajikan rakyatnya. Kebenaran bagi rakyatnya menggunakan berbagai jenis kenderaan ke pejabat mahupun riadah tidak dibataskan kerana pemerintah akur keadaan yang dihadapi. Saya perhatikan di negara maju penggunaan motosikal berkuasa rendah jarang kelihatan. Kalau adapun sekali-sekala nampak motosikal berkuasa tinggi 250cc ke atas. Motosikal tidak dibenarkan berada di dalam bandar raya. Tetapi di Korea Selatan banyak motosikal digunakan sebagai membawa barang atau despatch. Mereka ini sangat cekap, mahir dan pantas. Sistem pengangkutan awam sangat baik dan berkesan sehingga ramai rakyat menggunakannya setiap hari. Perkhidmatan pengangkutan awam lebih jauh murah jika dibandingkan dengan menggunakan pengangkutan persendirian.

6. Sekiranya pemerintah dapat menumpukan penyelesaian masalah pengangkutan awam dan memperbaiki sistem ke tahap yang setanding dengan negara maju, saya percaya pengguna-pengguna akan lebih mesra menggunakan pengangkutan awam dari menggunakan pengangkutan persendirian. Lakukanlah dengan segera dan berhemah.

7. Sekian dan berhati-hati di jalan raya.

By sarizalyusman on September 30, 2008 9:45 AM

improve our public transportation system, connectivities and efficiency by:

1. Introducing high speed high capacity affordable intercity trains that could travel at least 250km an hour from city to city non-stop.

2. Improving the safety of the state roads by having more overtaking lanes at places where needed.

3. Ban all travelling on 'kapchais' on intercity highways and secondary highways during the festive season.

4. Encourage urban migration so that less people need to balik kampung every year.

5. Increase toll charges by 200 percent to all private vehicles at all PLUS highways and other highways during the festive season to discourage balik kampung and to encourage people to use the coaches, trains or aeroplanes.

6. Park several police patrol cars at every 5 km stretch of the highway - can have dummy officers at random sites in place of real officers. Even the patrol cars could be dummy Protons.

7. Display more horrid accident images on billboards on the highway with a warning of a RM50,000 fine for speeding and killing people as the result of that speeding.

8. For all 3 highway lanes, temporarily increase the speed limit to 150km per hour on the fast lane, 120km per hour on the intermediate lane and 60 km per hour on the side lane. Those not driving to these speed limits should be fined. If you can't drive at these speeds then best to stay at home and not balik kampung. No lorries should be on the roads during this temporary high speed period.

Eksklusif: Khairy Akan Terus Berkuasa

Posted on Tuesday, September 30 @ 00:59:14 MYT
Topic: editor- MYKMU

Jika ada sesiapa yang menganggap menantu Datuk Seri Abdullah Ahmad Badawi, Saudara Khairy Jamaluddin, bakal kehilangan kuasa dan pengaruh dalam politik UMNO berikutan ura-ura pengunduran Presiden UMNO ini, nyata ia merupakan satu hipotesis yang tidak tepat.

Maklumat terbaru yang diperolehi oleh MYKMU mendapati sudah ada usaha kem Abdullah untuk memaksa DatukSeri Najib memastikan kemenangan Khairy Jamaluddin sebagai Ketua Pemuda UMNO Malaysia Mac ini jika mahu Pak Lah meletak jawatan tanpa bertanding.

Menurut sumber, dua perkara yang diminta oleh Abdullah kepada Najib dalam pertemuan baru-baru ini ialah Jangan batalkan projek Landasan berkembar yang ada kepentingan SCOMI dan pastikan Khairy akan menjadi Ketua Pemuda UMNO Malaysia.

Najib dikatakan bersetuju permintaan pertama tetapi tidak memberi apa-apa pandangan terhadap permintaan kedua. Disebabkan itu, Pak Lah tidak mengumumkan persaraannya Mac 2009 seperti sepatutnya. Pak Lah mahu melihat gerak tari Najib terlebih dahulu.

Najib mempunyai sehingga 9 Oktober ini untuk mencari jalan memastikan Khairy menang jawatan Ketua Pemuda atau sekurang-kurangnya meyakinkan Pak lah bahawa Najib akan memastikan Khairy menang.

Cakap-cakap di Kota Bharu juga mengesahkan Setiausaha Politik Datuk Seri Najib, Datuk Fatmi telah meminta Pemuda UMNO Bahagian Kota Bharu mencalonkan Khairy Jamaluddin sebagai Ketua Pemuda bagi menunjukkan restu Najib terhadap menantu Abdullah.

Bagaimanapun sehingga berita ini ditulis, Mykmu difahamkan usaha Datuk Fatmi ini bukanlah atas arahan Datuk Seri Najib.

Penguasaan Khairy bukan sahaja bersangkutan politik dalaman UMNO. Malah penghijrahan datuk Seri Najib ke Kementerian Kewangan juga tidak merupakan proses peralihan kuasa sepenuhnya.

Mustapha Ong bin Omar Ong, rakan baik Khairy Jamaluddin dan salah seorang pemain utama Ethos Consultant, dikatakan bakal dilantik sebagai Setiausaha Politik Datuk Seri Najib di Kementerian Kewangan. Oleh kerana perantaraan Setiausaha Politik merupakan bidang kuasa Perdana Menteri, maka tidak banyak yang dapat Najib lakukan.

Mustapha Ong pernah bekerja dengan Datuk Seri Najib sebelum ini. Beliau dikatakan "Trojan Horse" Khairy dalam pejabat tersebut. Meninggalkan pejabat Najib atas persetujuan bersama setelah timbul beberapa isu dan juga berikutan kematian salah seorang penggerak utama Ethos sebelum ini.

Ethos merupakan salah satu pasukan konsultan yang digerakkan untuk kepentingan Khairy dalam politik dan perniagaan.

Nampaknya harapan Tun Mahathir dan pemimpin politik UMNO lain serta rakyat Malaysia untuk mengurangkan pengaruh Khairy belum terlaksana. Malah Khairy mungkin akan menjadi lebih kuat selepas ini. Ini kerana beliau akan berjaya menghilangkan labialiti sebagai menantu Perdana Menteri.

Accidents are hard to prevent as it's unpredictable, anyway don't think that Malaysians really enjoy spending the whole day in their cars, I don't know but think that a good transportation system such as bullet train might save their days. Too bad they don't have any in Malaysia.

Salutations Tun,

Selamat Hari Raya first and foremost (with a virtual handshake).

I cannot agree more. Traffic collisions are certainly the most pointless way to go. And referring to a brilliantly dark but funny movie, they are collisions. Not accidents. Because an accident implies that no one was at fault.

If anyone does intend to enjoy any tomfoolery, let it be amongst family and in front of a camera. Not on a public road.

That said, let's forget all politics and business. Let's just enjoy Hari Raya. Together.

salam tun,

kami merupakan antara keluarga kecil di malaysia yang menggunakan kenderaan masing-masing utk pulang ke kelantan. perjalanan dari KL ke kelantan selalunya akan mengambil masa selama 6 jam.. apa yang merisaukan kami adalah jalan selepas kuala lipis menuju ke gua musang. di sinilah selalunya banyak berlaku kemalangan maut. waima semalam waktu pulang juga berlaku kemalangan antara kenari dan naza ria.

kami berpendapat, jika satu lebuh raya bertol dibina dan mengambil tol mahal sekalipun, kami sanggup membayarnya. ini kerana kami khuatir keselamatan kami terutama jika lori-lori balak dan lori perdagangan lalu. mujurlah dimusim perayaan ini kerajaan tidak membenarkan lori seumpama ini lalu. jika tidak, tentu perjalanan akan mengambil masa lebih panjang dan berbahaya.

kami ingat lagi kemalangan maut melibatkan bas yang berlaku pada tahun 2004, dan sebenarnya kemalangan seperti itu sudah selalunya berlaku. jika kami pulang dengan menaiki bas ekspres, risiko yang kami tanggung cukup besar kerana 30% kemungkinan bas tersebut akan jatuh gaung sangat besar terutama jalan raya selepas kuala lipis menuju gua musang.

jika kami pulang menaiki keretapi, selalunya ianya akan delayed hingga berbelas belas jam dan memakan waktu cuti kami yang ingin bersama keluarga. ini selalunya disebabkan anak gajah tidur di atas rel ataupun berlaku banjir dan rel keretapi dibawa oleh arus deras banjir. so much for malaysiaku gemilang yang digariskan oleh kerajaan.

jika kenderaan tersumbat di bentong, kami terpaksa pulang mengikut LPT yang terlalu jauh dan memakan kos yang cukup tinggi buat kami. kami warga kelantan ini seumpama mentimun jika dibandingkan dengan penduduk lain yang seperti durian. tergelek dan digelek nasib kami tetap malang menjelang musim perayaan.

Hi Tun

Selamat Hari Raya Aidilfitri.
I have been observing this blog and never left any comment.
Sometimes it seems to be negative, but i could feel the loves and the cares to the nation.

This is the very moment of Malaysia, yet how many people are really "awake" on the situation of contributing to the nation? Many i see is merely finding faults and finger pointing. Which is simply not much of a point.

Yet a lot has forgotten to care for the people, for instant, a good example, the road accident rate of Malaysia.
Everyone seems to have forgotten this issue. Thank you for remembering us.

Safe journey to everyone in Malaysia, especially Malaysian, and i don't mean Chinese, Indians, Malays etc. I mean Malaysian.

Cheers.

malang tak berbau...pengalaman saya apabila kita terlalu berhati2 pun org lain pula yg menyebabkan kita terlibat dgn kemalangan. dr situ sya dpt pengajaran berguna. terdapat beberapa keadaan pemandu lain yg jika kita tak mengambil tindakn segera dan spontan boleh menyebabkan kemalangan. dlm tentera teknik visualisasi atau menggambarkan sesuatu keadaan krisis peperangn membolehkan bersiap sdia mghadapi ancaman. begitu juga ketika memandu di jln raya, saya mengambil pendekatan menjangkakan sesuatu keadaan kemalangan dan bagaimana menghadapi ancaman yg boleh menyebabkan kemalangan. baru semalam saya memandu sebuah lori keluar simpang tiba2, saya terus hon tp tak berhenti mengejut sbaliknya memecut laju dan cuba swing utk mengelak dilanggar dr tepi. jika saya berhenti tiba2 pastinya saya akan melanggar tepi atau belakang lori itu krn jarak utk sya membrek agak rapat dan tiada ruang lagi. tp keputusan saya adalah pecut dan swing.

bagi saya ketika memandu ikut keadaan, tak boleh terlalu berhati2 dan tak boleh pula terlalu agresif. pemandu bijak bermakna pemandu yg boleh menjangka apa yg akan berlaku di kiri dan kanan serta depan dan belakang kenderaan yg dipandu. rasanya semua pemandu berlesen tau undang2 dan peratur smasa di jln raya dan ketika memandu. jgn ikut nafsu ketika memandu tp guna akal dgn bijak. kadang2 kereta kancil kalau dipandu pemandu bijak akan sampai dgn selamat ke destinasi, sementara kereta yg power bgaimana sekalipun kalau pemandunya rasa megah dan sombong dgn teknologi canggih kenderaan miliknya takkan ke mana. kata org biar lambat asal selamat. kalau sikap memandu tak berubah, hari ini boleh lepas dr kemalangan tp esok belum tentu selamat. bak firman NYA, DIA takkan ubah nasib seseorang itu kalau dia tak ubah nasibnya. menyentuh soal sikap pemandu ini, sikap itulah yg akan menentukan nasibnya selamat atau tidak ketika memandu. jika bijak maka selamat, jika ikut rasa maka binasa.

fikir-fikirkanlah bersama....

berdoa utk keselamatan semasa memandu adalah bg memohon spya kita diberi petunjuk bagaimana hendak memandu dgn selamat dan bgaimana berhadapan dgn situasi yg tak diduga. punca2 kemalangan tetap akn berlaku tetapi sama ada kita akn terlibat dlm kemalangan itu bergantung kepada tahap kesedaran kita. jika kita berdoa dan mdpt petunjuk bagaimana utk mengelak kemalangan dan bagaimana berhadapan dgn keadaan yg berbahaya maka kita akan dpt mengelak kemalangan itu.

sbb itu kata alim ulama kalau berdoa sertailah dgn tindakan, dlm memandu kita bertindak utk berfikir bagaimana memandu dgn selamat dan bijak. boleh pandu laju tp ikut keadaan dan mesti mampu berhadapan dgn perkara yg tak dijangka. kalau pandu lambat dan berhati2 sekalipun jika ia mengganggu kelancaran aliran trafik hanya akn mengundang bencana dan kesesakan yg boleh mengakibatkan kemalangan berlaku. pemandu yg bijak mampu berhadapan dgn keadaan2 ini dan keluar dr zon bahaya kemalangan dgn segera.

YAB Tun,

Terima kasih kerana ucapan dan juga nasihat Tun bagi pengguna jalan raya semasa hari perayaan ini. Tetapi orang kita tak serik, tahun demi tahun pelbagai langkah telah di ambil bagi menentukan semua pengguna selamat sampai ke destinasi. Namun nisbah kehilangan nyawa dan kecederaan masih juga tinggi,

Saya berpandangan, kita harus memulakan kempen keselamatan dan mematuhi peraturan dan undang-undang jalan raya dari peringkat sekolah rendah lagi. Pada zaman persekolahan saya dulu, kerap kali di adakan sesi pertandingan keselamatan jalan raya bagi murid-murid sekolah, tetapi sekarang sudah tidak ada lagi. Cuma sekarang sudah terlalu banyak sekolah memandu yang di kendalikan oleh syarikat-syarikat swasta.

Saya perhatikan, kanak-kanak sekolah sudah di dedahkan untuk melanggar peraturan jalan raya semasa kecil lagi. Umpamanya pemandu-pemandu bas sekolah kerap kali melanggar peraturan dengan

melanggar lampu isyarat merah, memotong di dua garisan dan bermacam-macam lagi semasa menghantar dan mengambil kanak-kanak sekolah kononnya kerana hendak menjimat masa untuk trip-trip perjalanan. Saya rasa pihak berkuasa harus memantau perkara-perkara tersebut, jika tidak, kanak-kanak kita beranggapan bahawa melanggar peraturan atau memandu secara itu adalah perkara biasa dan betul.

Sekali lagi, Selamat Hari Raya Aidil Fitri kepada YAB Tun dan juga YAB Tun Dr Siti Asmah. Semoga sentiasa sihat.

Assalamualaikum Tun,

Tiap-tiap tahun nasihat kita terima tapi tiada pencegahan yang berkesan. Sepatutnya kita menggunakan teknologi untuk menyelesaikan masalah teknologi.

1. Kalau dulu bas akan ada blackbox utk merakam hadlaju dan berbunyi bila melebihi laju, apakata kita applied kan utk semua kenderaan. Rasanya kerajaan boleh bagi percuma atau mewajibkan dalam semua kenderaan (seperti memasang tali pinggang di tempat duduk belakang, yg sebenarnya tidak menyelesaikan kemalangan). Kosnya lebih murah dari kos mengatasi kemalangan, subsidi hospitalisation, kerugian intelek etc.

Lepas tu, setahun sekali, hantar ke puspakom dan polis boleh terus bagi saman bagi kenderaan melebihi hadlaju.

2. ataupun Speedometer kereta ada yg mencapai 200km/j. Apakata kita tune kan gadget utk hanya bagi maksima laju 110km/j bagi musim perayaan ?

Sekian.

YAB Tun,

Assalamualaikum and Selamat sejahtera.

Once again thank you for giving us a timely reminder for safe driving when balik kampung.

It is indeed a noble way to remind us all to be patience and tolerance especially during this holy month of Ramadhan and during Hari Raya.

It also shows how loving and caring you are as a human being apart from being a great leader.

You are very concern about the wellbeing of the nation. You are very concern about the wellbeing of UMNO eventhough you are still out for now and you are very concern about the wellbeing of the rakyat with this timely reminder during this festive season.

You are indeed like a fatherly figure to us Malaysian.

Malaysian drivers are ranked as one of the worst if not the worst in the world.

Generally, Malaysian are polite, nice and tolerant by nature. However, once they are seated behind the wheel, a lot of them seems to have personality change. They become impatient, rude and intolerant. If I may suggest that the government should conduct an indepth study on Malaysian drivers' behaviour and attitude and find solution to overcome the alarming number of fatalities especially during fastive seasons. Obviously, Ops Sikaps seems not having much impact on reducing the sikap of Malaysian motorist.

A few years ago I was residing in Australia. During one of the Summer holiday period, the number of fatalities throughout that one month was 18! yes, EIGHTEEN!. The 'high' number of fatalities was brought up and discussed in Parliament!. Here in Malaysia, 18 seems the number we always saw as the number of deaths in ONE DAY! I think most Malaysian takes it as another statistic but one day, you or your love ones could made up that statistics.

Motorist especially motorcyclist seems couldn't care about their lives and the lives of others nowadays. I drive to and from work daily and I heve been withnessing the 'tidak apa' and 'tidak kisah' attitude of our motorcyclist. The way they ride their motorbikes as if they have 9 lives! They can't wait for just a few second for the light to turn green. They ignore traffic lights as if they are colour blind and they like to zig-zag on highways eventhough there are motorcycle lanes constructed especially for them!

I think it all boils down to attitude. If ALL motorists abide to the rules and regulations that have been laid down, InshAllah the number of accidents could be reduced drastically.

Thank you once again Tun for reminding us on this auspicious day. This writing indeed shows the truly nature of you as a great leader, loving and caring.

P.S. It is indeed a great feeling to know that even Bonda Tun Hasmah read our comments!

Once again Selamat Hari Raya Aidilfitri to YAB Tun and Bonda Tun Siti Hasmah. May Allah SAW lindungi dan panjangkan usia Tun berdua.

Salam Tun & Bloggers sekalian.

Budaya balik kampung adalah budaya Malaysia. Namun dalam keghairahan utk pulang beraya kita mesti mengutamakan keselamatan ketika memandu.

Pemanduan yang bijak menyelamatkan nyawa pengguna jalan raya.

Oleh itu, rancanglah dengan teliti cara pemanduan dan destinasi anda. Sebaik-baiknya gunakan GPS

atau otak anda berfungsi bagai GPS. Elakkan mengambil tindakan secara melulu kerana ianya mendatangkan padah.

Cuba baca sebaik mungkin cara pemanduan pemandu di sekitar anda. Jika mereka tidak memandu secara konsisten, jarakkan kenderaan anda kerana mereka bukannya pemandu yang bijak. Anda perlu sentiasa menganalisa persekitaran bagi mengesan bahaya.

Kawal perasaan dan mood anda. Tumpukan perhatian anda di jalan raya bukan di handphone atau di radio. Jangan berkhayal dan sentiasalah berwaspada.

Selamat pulang ke kampung dan selamat kembali semula.

Dearest Tun,

On the highway, there shouldn't be a fast lane anymore because majority cars drive per limit; and cars could accomodate both lanes. Road bullies can swap, lap, speed, whatever to overtake. I'm pissed off everytime they give a high lamp to move away while already on the speed. Drivers should watch for blind spot too (am I making sense?). Just a thought.

Anyway, I'd like to take this opportunity to wish Dear beloved Tun Dr Mahathir Mohamad and Tun Dr Siti Hasmah Mohd Ali,

SELAMAT HARI RAYA AIDILFITRI & MAAF DZAHIR BATIN. TERIMA KASIH FOR ALWAYS BEING

Dear Tun,

Selamat Hari Raya Aidilfitri bersama keluarga tersayang!

Pasal kemalangan tu biasa la Tun.

Ikut kiraan logik , bila kenderaan bertambah di Malaysia maka kadar kemalangan pun bertambah la.

So, i cadangkan supaya kadar kemalangan pada setiap tahun dibandingkan dengan peratus (%) dan bukannya jumlah kemalangan.

Begini la Tun contoh kiraannya:

Tahun 2006/ Jumlah Kereta Malaysia = 1,000/ Kes Kemalangan = 10
Tahun 2007/ Jumlah Kereta Malaysia = 1,200/ Kes Kemalangan = 11

Secara kasar nampak kes kemalangan kereta di Malaysia telah meningkat kepada 1 kes pada Tahun 2007.

Tetapi dari segi peratus, Tahun 2007 hanya mencatatkan 0.9% manakala Tahun 2006 1%.

So, kadar kemalangan tu dah kurang sebenarnya walaupun kes kemalangan Tahun 2006 ialah 10 berbanding Tahun 2007 11 kes.

Sebab jumlah kereta pada Tahun 2007 telah meningkat kepada 200 buah berbanding Tahun 2006.

Fikir-fikirkan lah....

Regards,
Lim

Yang berbahagia Tun,

Apabila berlaku kemalangan jalanraya ketika ramadan rakyat malaysia dan media relatifnya, cenderung menyalahkan sikap pemandu. Memang betul. pemandu kenderaan di jalanraya malaysia semuanya gila. gila nak cepat sampai. pantang salah sikit. semua hilang sabar.

Cuma marilah kita fikirkan sejenak kenapa pemandu kenderaan di Malaysia semuanya gila. gila nak cepat sampai.

1. nak ambil lesen mahal. orang-orang politik dah monopoli sekolah memandu. nak lulus test pun pelajar kena hulur kat instructor. kaedah ujian pun main tangkap muat. Driving school pun, kroni orang-orang politik yang punya.
2. nak beli kereta pulak mahal. duty kerajaan gila punya tinggi. Siapa ye agaknya yang beri cadangan naikan duty import kereta? sangat menyusahkan rakyat. purata harga kereta adalah 30 kali gaji sebulan bagi seorang rakyat Malaysia. Kat US dan UK, sebiji kereta baru boleh dibeli dengan 3-4 kali gaji sebulan. duty import yang kerajaan collect tu agak-agaknya pergi kemana? Harga kereta jugak telah dikontrol. lesen-lesen dealer jual kereta, siapa yang pegang? kroni dan subkroni orang-orang yang pegang jawatan politik jugak.
3. hari ini kalau nak beli kereta, bagi rakyat marhein atau seorang siswazah yang baru bekerja hanyalah termampu kereta nasional. Tun kenalah akui hakikat, kereta dibuat di malaysia rendah kualitinya. Statistik menunjukkan 9 per 10 dari kereta yang terlibat dalam kemalangan di Malaysia adalah kereta Nasional.

Opps! Tun ada kata kualiti adalah subjektif. Chairman Proton pulak kata: You get as what you pay. sudahnya rakyat Malaysia hanya layak pakai kereta yang rendah kualitinya. Janganlah kita sakit hati kalau menonton rancangan TV tentang kereta macam Topgear, kereta-kereta buatan Malaysia pakat kena gelak. Diorang cakap rubbish. Kenapa yaa, kereta malaysia tak boleh dijual kat US? Macam mana nak tingkatkan kualiti, yang jadi vendor kereta-kereta buatan malaysia pun kroni dan subkroni orang-orang yang dah ada jawatan politik di Malaysia.

4. Nak beli kereta pun nak kena pinjam bank. Maklumlah harga kereta mahal kat malaysia ni. Faedah pun kena kontrol dengan bank-bank. Tak boleh rendah sesuka hati. Lewat bayar satu bulan, hari-hari kena call dengan officer bank. Lewat bayar dua bulan, alamat kena tahan dengan kaki samseng dan gangster berlesen. Jangan tak tahu, bank sekarang dah pandai upah gangster tarik kereta. Syarikat ganster tu dan bank yang jadi ahlong berlesen tu sahamnya dipegang oleh kroni dan subkroni orang-orang yang ada jawatan politik jugak.

5. Lepas dah bayar bulan-bulan tiap tahun kena bayar roadtax dan insurans. Kalau accident, macam-macam syarikat insurans kelentong. Pemandu kat malaysia akhirnya ternganga. Macam-macam klause dalam kontrak yang tak menyebelahi pengguna dan pemilik kereta kat malaysia. Saham syarikat insuran tu pun adalah kepunyaan kroni dan subkroni orang-orang yang dah ada jawatan politik di Malaysia.

6. Bila dah start enjin kereta, kena jugak isi minyak. Harga minyak? Malas nak cerita. Dah berjuta komen rakyat dibakulsampahkan oleh kerajaan. Dah berbuih mulut menteri menjawab kritikan. Paling meluat apabila pembaca tv dak ulang cakap harga minyak kat malaysia ni jauh lebih murah dari singapura dan thailand. Lepas tu orang umno, mca, mic dok ajuk cakap yang sama. Kenapalah tak nak bandingkan pulak pendapatan perkapita rakyat malaysia dan singapura? Kenapa pulak tak nak bandingkan kadar tol dan kadar duty import kereta di thailand dan Malaysia? Cuma satu perlu dijelaskan, harga minyak di Malaysia adalah 5 kali lebih mahal dari mana-mana negara pengeluar minyak di dunia. Chairman petronas cakap, harga minyak tinggi sebab kos produksinya sangat tinggi. Cuma nak tanya sikit, kos produksi minyak oleh petronas di malaysia bayar kat sape? Pastinya kepada syarikat kroni dan subkroni orang-orang politik kat malaysiakan?

7. Bila memandu kat jalanraya pulak, tak masuk jalan bertol namanya tak sah. Kadar tol pulak naik setiap tahun. Konsesi 30 tahun bertambah-tambah puluh tahun tak pernah tamat. Yang susahnya rakyat malaysia. Kepala otak sape yaa yang cadangkan buat jalanraya bertol ni? Dari hatyai ke bangkok jalanraya tiga line takde tol pun. Syarikat tol pulak di Malaysia ni dikuasai oleh kroni dan subkroni orang-orang politik kat malaysia.

8. Kalau lalu jalan biasa, alamat tak sampai-sampai. Korek sana lubang sini. Minggu lepas baru di tar, hari ini jalan dah berlubang balik. Agak-agaknya kontraktor jalan tu timbus lubang dengan apa ye? Malas lah nak cakap, memang sah dan nyata, syarikat kontraktor yang dapat kontrak bina, ubah, selenggara dan turap jalanraya pun adalah kroni dan subkroni orang-orang yang pegang jawatan politik kat malaysia.

9. Bila kereta dah langgar lubang, mulalah berbunyi dan rosak sana sini. Bila dihantar ke bengkel, alatganti yang diguna 90% bukan yang asli. Mana tidaknya kerajaan tak mampu nak kawal. Syarikat pengimport, penjual dan pengusaha bengkel pun banyaknya adalah syarikat kroni dan subkroni orang-orang politik jugak. Apa nak heran kalau MB trengganu beli kereta merc, kalau selenggara kereta nasional setahun kosnya 4 kali ganda dari harga kereta sebenar.

10. Kalau bawa slow-slow pun masih ada kebarangkalian terlibat dalam kemalangan. Lori terlebih muatan dan bas yang lebih laju dari ferrari pun bersepah kat jalanraya. Apa nak heran, taukeh lori bukan yang bawa lori, lebih muatan pun sekarang ni dah boleh kauteam. Hari ini saman pun esok buat lagi. Pemandu bas pulak main tangkap muat. Drug-addict ke, bangla ke, indon ke, tak kisah, janji bas boleh jalan janji bas cepat sampai. Tak lulus puspakom, dah boleh kauteam. Apa nak dirisaukan, syarikat lori dan bas pun, kroni dan subkroni orang-orang yang pegang jawatan politik kat malaysia yang punya.

11. Janganlah asyik nak salahkan rakyat malaysia sahaja. Kesimpulannya kalau dah nama kroni dan

subkroni tu, paham-pahamlah apa maksudnya bila diterjemahkan kepada Ringgit dan Sen.

Selamat berhari raya dan maaf zahir batin.

p/s - yang duduk dibangku belakang tu, pakailah talipinginggang keledar. Suka nonton iklan pontianak di tv?

Our highways including public and private roads have long become the new graveyards, and alas it has reached the point where Malaysian have coined it as parts of 'Malaysia Boleh' which probably have become another prides of the nation.

Deaths and fatalities on our roads keep increasing in numbers and frequencies by the days, with the resultant that such tragedies have become a sort of norm to those in authority.

Like many other tragedies happening in Malaysia, the causes of road accidents whether fatal or otherwise had not been nib in the bud when their numbers were within our control.

I would like to narrate my experience while performing Haj pilgrimage in Mecca. At the peak of the Haj involving 4 to 5 million pilgrims moving like human waves from Mecca to Mina and back round the clock, I hardly saw any road accidents involving the pilgrims who were traveling in all kinds of vehicles. Pilgrims who died were either due to illness or stampede during the stoning of the devils, and we hardly heard of pilgrims died from road accidents.

Who cares about road accidents in Malaysia, except the victims and their loved ones. I cannot recollect whether our lawmakers in Parliament ever discussed about the glaring numbers of deaths due to road accidents. While they had times to fight and debate about other things under the sun, but I have never heard that road accidents have become their concerned.

Another tragedy on the rise in number and frequency is house-breakins by armed Indonesian who came illegally or legally through work permit or social visit. The victims soundly asleep were awakened and threatened with parang and pistol. We have heard family members were tied and forced to surrender their cash and valuables, and unfortunate enough female family victims were raped and more unfortunately victims were slashed and shot to death.

Those in authority please do something before this tragedy becomes a norm like death and fatality from road accidents. Similarly the lawmakers should highlight this as a debating topic in Parliment so that those in authority are aware of their role and responsility to the public. I would like to highlight that the house-breakins by the Indonesian have not been targeted to the ordinary citizen only but also involving a number of retired police personnel.

Salam Tun and Famili

Semuga hari raya ini memberi beribu makna untuk rakyat dan negara dan semuga Malaysia pulih dengan segera dari ketidak tentuan dalam politik dan ekonomi ini.

Tun, saya sangat berharap Tun dapat terus menulis terutama nya your Memoir untuk tatapan generasi akan datang.

Saya sangat suka membaca berulang-ulang tulisan Tan Sri Nor Mohamed Yackop on how you handle the financial crisis, walaupun saya telah membaca nya dalam tahun 2003 di mana ia nya di tulis.

Saya membaca nya dari dari orang-orang muda yang forward ke saya dari masa ke semasa.

Maksud nya, kalau umur mereka ketika krisis itu (tahun 1997/98) berumur 13 tahun sekarang dah 23. Kalau 23 sekarang dah 33 begitu lah seterusnya.

Dengan ada nya tulisan atau atriKel seperti itu generasi akan datang akan lebih mengetahui apa yang telah Tun dan kepimpinan negara terdahulu sudah buat untuk negara....

Krisis kepimpinan lampau yang TUN hadapi, kehakiman, UMNO di haramkan dan banyak lagi.

Saya takut sejarah di tulis semula, jika political oportunist ini menguasai politik negara.

Kita tengok sajalah bagaimana DEB di persoalkan semula?

Padahal salah seorang committee nya adalah Saudara Lim Kit Siang sendiri.

Generasi kita di tipu dengan sejarah yang di tulis semula ini.

Semuga Tun di beri kekuatan untuk itu...

Ihlas dari saya...

Selamat hari raya dan selamat panjang umur dan sihat-sihat selalu.

Dearest Tun & family,

Insya Allah jika tiada aral melintang, saya sekeluarga akan berkunjung ke rumah terbuka Tun Ahad ini.

Membaca komen Tun "Balik Kampung", ingin saya kongsi bersama pengalaman yg saya alami.

Pada 1996 saya bercuti di Eropah dan antaranya tinggal bersama seorang kawan (warga

tempatan) hampir 2 minggu di bandar OSS, Netherland. Beliau dan isterinya menjalankan perniagaan sekolah memandu yg mana pemanduan motosikal adalah perniagaan utamanya.

Sekembalinya ke Malaysia saya telah menghantar beberapa cadangan ke Kementerian Pengangkutan (salinan ke Tun) cara-cara yg berkemungkinan besar dpt menurunkan kadar kemalangan maut pemandu serta pembonceng motosikal di negara kita. Cadangan ini adalah berpandukan sistem sekolah memandu yg dilaksanakan di Belanda dgn ubahsuai menepati suasana tempatan. Ianya tidak melibatkan kos tetapi cadangan saya tu entah kemana perginya. Sekarang barulah saya faham bahawa sekiranya cadangan saya diterima dan dilaksanakan kerajaan, akan kerugianlah "imbuhan" kpd sesetengah pihak seperti d iklan-iklan, kempen-kempen musim perayaan dsb. Sedihnya sehingga sekarang keadaan kemalangan motosikal masih di tahap sama. Mungkin cadangan saya (yakini masih relevan) hanya akan dipertimbangkan sekiranya ada "business proposal" bagi pihak-pihak tertentu. Saya tak akan buat demikian kerana cadangan saya adalah ikhlas demi nyawa anak-anak muda terutamanya di pendalaman dan saya hanya ingin ganjaran dari Allah swt sahaja.

Kalau ada pihak kementerian pengangkutan yg berminat, buatlah lawatan ke Belanda tetapi berbelanjalah wang kerajaan (wang rakyat) dengan berhemah agar lawatan itu memberi manafaat dan dapat dilaksanakan di Malaysia. Mudah2an makin ramai penunggang motosikal yg dpt hidup lebih lama. Insya Allah isu "Mat Rempit" akan menjadi sejarah.

Salam Eidulfitri buat Tun sekeluarga dan semua pembaca.
