

THE FINANCIAL TURMOIL AND MALAYSIA

by Dr. Mahathir Mohamad

1. I am glad to hear that Malaysia will be spared from the fallout of the systemic collapse of the whole world's financial system. This ability to isolate Malaysia and Malaysian banks from the effect of the bankruptcies of all the biggest banks in the world must be regarded as a miracle. Our ability to manage our financial system better than others must earn us the admiration of the world.
2. I hope we are right in forecasting the effect on us of the collapse of the world's financial system. But I have a sneaking feeling that all is not well.
3. We are a trading nation which trades with all countries of the world. The United States and Europe are among the biggest of our trading partners. Roughly 40 per cent of our total trade is with them. I may be wrong but I believe that if our buyers cannot pay for what they import from us, we would not make the profit we had expected. In fact we would lose a lot of money as we will not recover the cost of the goods we sell even.
4. Now the common practise is for importers to open Letters of Credit (LCs) with banks to ensure that when they receive the goods the corresponding banks will release the money. However, if the importers' banks go bankrupt they would not be able to transmit the payment.
5. They may be bailed out by the US Government. But they may not consider paying Malaysian exporters as a priority. In which case we will not be paid. Worse still we can no longer entertain orders coming from this market. Our trade must shrink.
6. We are not talking about one company. We are talking about hundreds of companies trading with America and Europe and other countries not getting paid for their exports. We are talking about tens of millions, even hundreds of millions of Ringgit worth of goods not being paid for.
7. These companies all borrow from banks to finance their operations. They hope to pay the banks from the proceeds of their export. When they cannot pay the banks, the banks in turn would have a lot of non-performing loans.
8. The banks would be wary of lending money to not only the exporting companies but to others as well. There will be a credit squeeze which would hurt other businesses. There will be margin calls. When the borrowers cannot meet this there may be foreclosures.
9. We see a lot of construction in Kuala Lumpur, all dependent on borrowed money. If these buildings are not sold or rented, payment by the developer to the banks would not be forthcoming. Again there will be a lot of non-performing loans.
10. When the Government withdrew the subsidy for oil the pump price increased by 40 per cent. The immediate result was to increase the prices of a wide range of food, goods and services commonly needed by the people. In other words the purchasing power of the people had been reduced.
11. Since then the price of oil had been reduced three times. But the prices of food, goods and services have stayed up.
12. Some cranks estimated that every citizen had lost purchasing power by RM300 a year. Since we have a population of 27million, the country's loss of purchasing power amounts to RM8.1 billion. That is a lot money which is lost by food suppliers, cooked and uncooked, goods and service providers at various levels. A lot of small businesses would just fold up.
13. The Government has given back some money but not enough to reduce the losses sustained by the

economy.

14. Now the corridors cannot be fully implemented. But this is fine because nothing had been implemented anyway. Unfortunately the anticipated earnings by contractors, sub-contractors, suppliers, workers, teh tarik and nasi lemak sellers would not materialise.

15. Maybe we will not need several hundred billions to bail out our banks. But the banks will also face the problem of unpaid loans incurred by their credit card users. They have been rather lax in providing credit card facilities to their customers, many of whom have no accounts with them. It is believed that unpaid credit card loans is in excess of RM20 billion.

16. Will the Government guarantee depositors will not lose their deposits when the banks which had in the past made huge profits now go bankrupt because of their mismanagement?

17. This is what the peoples of America and Europe are asking. Their money is used to bail out the banks whose profits had enriched their Chief Executive Officers and their share holders so much in the past. The people did not get a share of the profit, but they must pay for the losses.

18. We are told that six billion Ringgit in Foreign Direct Investment would flow into the country. But what about the RM30 billion outflow as foreign investors pulled out of the stock market?

19. I pray that I am wrong. I pray that the Government is right in declaring that the whole world may collapse but we would be the only country which won't. We will sail calmly through the seas of shattered economies.

20. What is happening in the world today is the total collapse of the international financial system. This has been brought about by greedy people abusing the system. Instead of doing business in goods and services they now do business in money, in fictitious money.

21. We had experienced the effects of the trade in our currency in 1997-98. For no very good reason, our Ringgit was devalued so that its purchasing power was halved. And we became poor.

22. Fortunately for us we succeeded in stopping the trade in Ringgit and restoring its value. But the system is still in place. And now it is the US Dollar which is devalued.

23. But trading in currencies is only one of the abuses. The banks are lending more money than they have. They actually go to the people to persuade them to borrow.

24. Their clients can borrow 100 per cent of the money to buy a house for example.

25. They need not worry about paying or servicing the loan. The price of the house would appreciate. You may even have a second mortgage. You may even sell at a profit.

26. In the meantime the bank would register the loan and add the projected earnings from interest maybe over 20 years. That done the bank can put all the loans together and sell it to the hedge funds at a discount after adding potential interest.

27. The more risky the loan the higher would be the interest and the higher would be the profit. The hedge funds which buy the loans can basically sell the mortgages to investors in the fund or to the huge Government financed Federal National Mortgage Association, nicknamed Fannie Mae, and the Federal Home Mortgage Corporation, nicknamed Freddie Mac.

28. Now the hedge funds and the banks would feel safe and enjoy the huge profits that they have made.

29. But when hundreds of thousands of house buyers find themselves unable to pay simply because they have no money, and could not sell the houses and could not borrow from banks, Freddie Mac and Fannie

Mae would not be able to pay the hedge funds. Then the hedge funds would collapse and drag down the banks with them.

30. This simply is what happened. The same applies to credit cards. People with little or no money would be given credit cards. They would spend more than they can afford and the banks would be faced with huge amounts of non-performing loans. The banks cannot pay the bills submitted by the sellers of goods or suppliers of services. The banks would collapse and there would be a run on the banks and on other banks which had lent the money to the affected banks. And so we see one after another of the giant banks of America and Europe going bankrupt.

31. The Government may try to bail them out. But the confidence does not last long. Soon the bailout would be seen to fail.

32. Actually I am giving a very simplified version of what is happening. All these shuffling of papers and figures cannot but encourage cheating. The bigger the amount of money involved the bigger would be the returns. The tendency is therefore to play with very large sums of money.

33. But where does the money come from? From nowhere. The Government and the banks, including the Federal Reserve Bank conjured up the money from nothing. If you ask yourself where do the US700 billion Dollars come from when you know the United States' Government has to borrow US1.5 billion every day, you will find no answer. Is the US Government holding US700 billion Dollars in its treasury just in case it has to bail out the banks? Not likely when it cannot even make ends meet, when it has twin deficits.

34. So money can be conjured up out of thin air. And this must be the money the banks lent, the money the hedge funds and currency traders play with, the payments for expensive wars etc.

35. Basically the international financial system and the market economy has failed. Unless and until a new system is introduced and Governments regulate with the running and operation of national and international finance and the so-called free market we are going to see the financial turmoil and collapse repeated over and over again.

Salam Tun,

Saya harap DSNajib dapat menjawab segala persoalan dan fakta2 yang Tun utarakan dalam posting kali ni sebab sekarang ni saya tgk DSNajib yang banyak bercakap tentang ekonomi Malaysia yang masih stabil dan takda masalah langsung (Walaupun ramai orang tau kadar inflasi dah jejak 8.+.. paling teruk dalam sejarah ekonomi negara) To DSNajib : Tolong jawab secara berfakta.

Terima kasih Tun.

Salam sejahtera Yang Berbahagia Tun.

Teringin nak dengar komen Yang berbahagia Tun mengenai Sidang Akhbar DSAB DI KK pada malam minggu lepas.

Betapa sakitnya hati melihat seorang yang tak mengenang jasa. Org yang selalu salahkan orang lain sedangkan PUNCA SEBENAR KEBENCIAN ORANG MELAYU KEPADA UMNO ADALAH KERANA SEEKOR BUDAK HINGUSAN.

Biasanya kalau keluar muka DSAB di muka TV saya akan menutup tapi hari tu tertengok juga walaupun hati ini menyampah sesangat.

Muga Yang Berbahagia Tun sihat sejahtera.

Tun,

You are brilliant. Your intentions are good but what you say is absolutely true. Sooner or later Malaysia will be affected by the economic meltdown.

It is better to exercise caution now than to regret later.

Tun, you deserve a Doctorate in FINANCE AND INTERNATIONAL ECONOMICS. YOU ARE NOT ONLY A JACK OF ALL TRADES BUT MASTER OF ALL.

Asslamu Alaikum Tun,

Your views about the economy and fanancial crisis that the whole world is now facing for me is an aye opening. At least you give me, one of your blog readers an alternative opinion about the world and the

country's economic situation and risk that the whole world is expected to face in the near future. I hope our government forecast that the country will not badly affected by the situation is correct.

Whatever, I think the government should very careful and monitor closely the know the real situation. If the fail to read the real economic situation, they may resort to make wrong decision. This of course will create more problems in all aspects. My advise is ask advise from the right person and expertise.

AHLI Majlis Tertinggi UMNO merangkap Menteri di Jabatan Perdana Menteri, Mohamed Nazri Aziz semalam berkata Muhyiddin Mohd. Yassin adalah calon terbaik bagi jawatan Timbalan Presiden UMNO.

Mohamed Nazri membandingkan Muhyiddin dengan dua calon lain yang menawarkan diri iaitu Muhammad Muhd. Taib dan Mohd. Ali Rustam.

Faktor utama yang menjadikan Muhyiddin calon terbaik, pada pandangan Mohamed Nazri, adalah kerana dia Ahli Parlimen.

salam Tun,

Saya ingin bertanya beberapa soalan berkaitan dengan topik ini:

1. Bilakah kesan terus krisis ekonomi dunia terhadap Malaysia akan betul-betul dirasai?
2. Apakah komen Tun mengenai dinar emas dan bagaimana kesannya terhadap ekonomi di negara kita ini? Terutama terhadap syarikat2 yang berniaga dengan negara luar?
3. Betulkah Negeri Kelantan telah mendahului negeri2 lain dalam menggunakan sistem dinar emas dalam urusanniaga perniagaan mereka?
4. Apakah pandangan dan pendapat Tun tentang langkah2 awal yang boleh diambil syarikat2 SME di Malaysia untuk mengelak dari kesan krisis ekonomi dunia?

Sekian Terima kasih,

Semoga Tun & Famili sihat2 selalu.

Dear Tun,

Well, you have done something during the crisis 10 years ago. This time, what are your suggestions to DS Najib?

We can't spare the effects due to globalization, but definitely we can minimize if we take corrective actions EARLY!

By shake_nik on October 20, 2008 7:03 PM

Salam Tun,

Gee, I think I am the first.

Agreed with you on this one, we should really think on other alternatives in order to shield permanently from the greed of so called globalization, instead of just push the matter under the carpet and act like nothing happen.

It is not too late to wish you and family, Selamat Hari Raya dan Maaf Zahir Batin.

Salam Tun,

How come our Finance Minister says that Malaysia is not in a financial turmoil, and our neighbor like Singapore as a close friend to America is now in deeply sad. Do we as Malaysia will never been close to America and will never been so much worry on the crisis.

True that realty companies and real estate are contributing to NPL to banks, and that FDI are going slow, what will happened to people in the street?

This is Good Tun, you have made is simple for the layman to understand the complexity of the current economic problems. No one does it better than you do.

Leader with this clear understand can made something that are too complex to be understood and solve the problem the best way it can be done just what you have did it in 1997. Bravo TUN.

Leader like you can made the media, analyst and other professional ashamed of themselves.

But the current media has distorted the problems until no one could figure out the real issues behind the turmoil. They keeping insisting the bail out plan would had cushion the impact. How can anyone trust anything now.

Thank you TUN.

Dear Tun,

What an opening statement!

By Ataturk on October 20, 2008 7:05 PM

Dear Tun,

Under the "cemerlang, gemilang and terbilang" regime Malaysia was guided by the finest brains on the planet.

One member of team, the finance minister 11, Nor Yacop, obviously a clown, before the GE proudly proclaimed Malaysians were so happy as could be seen in the number of patrons at Indian Muslim restaurants.

But except for the regime's team, Malaysians were hardpressed to maintain their lifestyles.

And as they say, results speak for themselves, sure enough the regime got a magnificent "cemerlang, terbilang and gemilang" mandate in the last GE - they lost only six territories and two thirds majority.

Now with people shouting hoarse for change the cry-baby again blames you for everything.

The baby is crying for obvious reasons -- his people (read son-in-law) and toadies are not making much headway in the run up to the Umno polls.

For those who have nothing better to do than bad-mouth you (because they know they don't even qualify to kiss your feet), I say just go back and read the approbation the great Iron Lady Margaret Thatcher had for u.

A person of her stature can say such good things (which you very much deserve), here we have nincompoops trying to take a dig at U.

Shame on you Malaysians.

Best Regards Tun, Kak Hasmah

Dear Sir,

You well explained the present global economic situation.

You have explained the sub-prime mortgage in a very subtle way even an ordinary person can understand.

Definitely, many could not write as you, especially at this time when most party elections are going on. I am very sure most of the party election candidates do not know what is going on globally now

Sir, you should not forget that PNB is the only unit trust fund management in the world which grants ten per centum dividend annually, and it is indeed paying it for decades. With PNB, Malaysia has set a world record which is forgotten by many.

Dear Sir, I do not agree with all your writings, but I do read most of your writings.
By sikenit on October 20, 2008 7:13 PM

Salam Tun and all bloggers,

1. A simplified version Tun said, but I think it is concise enough to tell us what happened.
2. Of course, we do not expect this sort of analysis and explanation to come from the current PM, but never mind. The ex-PM could fill in (gleefully...???? wink wink!)
3. I read in one MSN article today that banks which practice Islamic banking are at least for now, spared the losses because the Islamic laws disallow trading in 'non-existent' goods, unlike that which is practiced by conventional banks. Islamic banking laws is acknowledged as the saviour against such financial crisis clearly created by the greedy west.
4. Tun, the reasons why you are special is because you really cared. Someone mentioned that within 4 years of your tenure as PM, we had Proton Saga rolling out of our factories. But there is someone here who has been in tenure for 5 years yet not even a tyre had rolled out from his ideas. With Proton, we the ordinary Malaysians were able to own cars. Our people were able to be involved in businesses that supplied various parts for the cars. Your idea created literally thousand and thousand of jobs for Malaysians. You didn't get rich doing nothing, you DID something BIG TIME, sir!
5. There was also the Penang Bridge. I don't want to touch others, these two examples will do. Thousands and thousands of people had since used that bridge which if my memory serves me well, was HUGELY criticised when you first mooted the idea. But now, look how many PENangites and non-penangites alike who use the bridge every day of the year, even those who I am sure criticised you then must have at least ONCE used the bridge.
6. Oh, oh, I must mention this one. BANK ISLAM! When it was first introduced, I was overseas. Of course you were hit real hard when you introduced BANK ISLAM. They said, "Bank saja Islam, tapi yang lain-lain tak Islam, buat apa?????" Of course, now even they use the bank, and this bank which since then had grown, and the Islamic banking concept which grew with it had NOW SHOWN THE WORLD THAT IT IS VERY VERY USEFUL INDEED. I wonder if those who decry you then, now know how to say Thank You to you, TUN.

7. Well, don't hold your breath for it may not be forthcoming. But, on my part, I would like to say, my hat's off to you TUN. May Allah shower you and your good wife with His blessings, guidance and strength. You were and still are, one special person and I am grateful to ALLah that He gives you to us.

Tun and all, Jaga diri, Jaga solat. Solatlah di awal waktu. Yang lelaki di mana azan diazankan Itu adalah Sunnah Baginda SAW yang besar.

Salam Tun,

I'm living in UK. It's funny to see what the current Malaysian government has done in order to install the confident of its people of Malaysian economy.

Malaysian government still reckons that they are dealing generally with uneducated publics. Most of educated Malaysian knows what happening around the world and even Singapore has declared that they are now into recession and may be depression soon.

Malaysian government however, may be with helps from BOMOH KEBAL, has declared the world's economic crisis will not affected them. They are KEBAL...only fools and horses will believe them obviously.

Wake up Malaysian government!!! I don't believe intelligent man like Nazir (Najib's brother) of CIMB also said that Malaysia is KEBAL.

Not KEBAL but most likely BEBAL.

Tun,

When the US started using the term 'Collateral Damage' to identify the thousands, if not the millions that were killed in the wars that she created in Vietnam, Nicaragua, Afghanistan, Iraq, etc, etc, I knew then that we, the Human Race, were merely 'numbers' to the US and her allies! Relatively, she calls herself 'The Police of the World!' I dread to think what would happen next...perhaps, they would start wars again soon to rehabilitate her domestic economy, and the oil rich Muslim countries like Iran, Libya, and Nigeria, would be her main targets! This is a very dangerous probability but yet so many within our midst look towards her as though she is Godsend! Walaahhualam...

Dear Tun,

Very simple analysis. Easy to understand for the layman but I wonder whether Pak Lah can understand at all.

By mrbigschumi on October 20, 2008 7:19 PM

My dearest Tun,

Totally agree with your statement on point 10 and point 11, i.e.

10. When the Government withdrew the subsidy for oil the pump price increased by 40 per cent. The immediate result was to increase the prices of a wide range of food, goods and services commonly needed by the people. In other words the purchasing power of the people had been reduced.

11. Since then the price of oil had been reduced three times. But the prices of food, goods and services have stayed up.

As for me, who is about to get married this upcoming November 08, our purchasing power has totally gone down. Feel that my RM is not worth anymore, cause the price of this food, goods and other has totally gone up like a NASA rocket.

For example, before the goods crisis, with RM200, it is enough, whereby, I can bought households for both of my parents and brothers. However, after the price of crude oils increased, and our so called Government increase the Petrol price to RM2.70 per liter, the price of this goods has totally increased between 30% up to 150%.

With the same RM200, merely, it is not enough for me to buy the same goods for my family. The said PM once said, Change your life style or in Bahasa, "Ubah Cara Hidup". Already done that, and the outcome is still negative.

What are ashamed, to see our own people, suffers in our own country.

Bytheway Tun, did you received my Wedding Invitation Card. Hope both of you and Dr. Siti Asmah will come on 9th November 2008.

Thank you Tun.

Assalamualaikum.

Tajuk Artikel: Industri pengurup wang jana 10 peratus KDNK
Sumber / Tarikh: Berita Harian Online 20 April 2007 – Jumaat

DATUK Seri Abdullah Ahmad Badawi berkata, industri pengurup wang di negara ini merekodkan transaksi purata tahunan RM28 bilion dan menyumbang kira-kira 10 peratus kepada Keluaran Dalam Negara Kasar (KDNK) tahun lalu.

Perdana Menteri berkata, ada 798 syarikat pengurup wang berlesen menguasai lebih 85 peratus jumlah pasaran pengurup wang, manakala bakinya oleh 'bureau de changes' dimiliki institusi kewangan tempatan.

"Industri pengurupan wang memainkan peranan penting dalam membantu pertumbuhan sektor pelancongan negara," katanya dalam jawapan bertulis kepada soalan Loh Seng Kok (BN-Kelana Jaya).

Loh meminta Perdana Menteri yang juga Menteri Kewangan menyatakan bilangan lesen pengurup wang yang dikeluarkan mengikut Akta Pengurupan Wang 1998 serta bilangan yang dibatalkan serta kawalan terhadap pengaliran wang haram.

Perdana Menteri berkata, industri pengurup wang mempunyai prospek menggalakkan selaras pertumbuhan sektor pelancongan yang menyumbang kepada pertumbuhan ekonomi, pelaburan dan guna tenaga serta mengukuhkan akaun perkhidmatan dalam imbalan pembayaran pada Rancangan Malaysia Kesembilan (RMK-9).

From the article above, I believe Tun are aware that even our economy are controlled by the money changer, 10% from our GDP are contributed by them, so it won't be a surprise to see that even the global economy are controlled by the currency trader.

I hope you would continue to write and never succumb to pressure that want to stop you from publishing your view.

By hugeone on October 20, 2008 7:22 PM

hopefully the rest of our ministers have your intelligence and insights. I hope Najib will perform better than Pak Lah. It is not that difficult anyway considering how Pak Lah has fared all this years.

Best wishes.

Assalamualaikum Tun,

I feel that Malaysia Government is hiding something.

I wonder why Pak Lah just hand over in the quickest way to Najib the Finance Ministry. I think he knew something bad is going to happen and he got no reasonable answer to it.

Why dont you make a visit to Najib at Ministry of Finance and see for yourself what is the actual problem over there? Will Najib cooperate with you? or Nor Mohd Yaakob?

If the economy of this Country collapsed, BN will surely lost in the coming General Election.

With vote BN in order to return favour of various subsidies given to rakyat, jobs opportunities, controlled prices of household goods, easy payment on Housing and Car loan plus low fuel price. It seems now the things we used to enjoy has expired.

People with less money will turn mad and i am worried if so many mad fellows, the country will go chaos

By scor on October 20, 2008 7:26 PM

Dear Tun,

You may try to explain in a simplified manner, but your reasoning is very much understandable and seem showing the real growing problem our country may be facing. Unless we have big population like China whereby the internal consumption can absorb the reduction in export. But with only 27 millions of population and recent reduction in our purchasing power, i am doubt business in the country will not be affected by the current economic turmoil.

Dearest Dr M

Fund management has become fund manipulation.

As long as those in the know, gets to benefit, no one is telling.

Some fund managers earn up to about RM100,000 a month and they boasts that they know the market very well.

One tend to suspect that this so-called knowledge of the market may just be a conspiracy.

Dear Tun,

Why can't the present Government explain to all Malaysians the way you do? Details and naked facts. Maybe we can forgive them for all the wrongdoings, mistakes, flip-flips, slip-shods and corruption, if they tell us the truth and how they are going to solve the problem:

- 1) We are probably the only country which is "not in financial crisis" besides Iraq, whose major produce is oil and not participative of the western financial system.
- 2) Our previous finance minister conveniently handed over the portfolio to the current finance minister without facing the problem face on.
- 3) Our economy is projected to touch 5% this year when Singapore and UK are technically in recession, and Iceland is staring at bankruptcy.
- 4) Where do our present administration get their figures from, and how do they churn out such "positive" data? For people who want to know, how do we access government information or question them without landing in prison?
- 5) You are right, Tun, credit cards are freely available outside the hypermarkets.
- 6) I hope our current politicians go to ground or at least get reliable information from good sources.
- 7) It has been decades of my life I have been treated like a dumb fool, accepting what our government say through all the media they control, although most make no sense to me in my daily and business life.
- 8) The present administration can continue to pull wool over people's eyes, thinking they can get away with it like they used to. The harsh economic situation can bite hard all the way to our villages and kampungs. Maybe those folks can teach our government a thing or two about the cold, hard reality of an economy downturn.
- 9) Maybe the voters should change the whole administration, lock, stock and barrel, even voting for the opposition, who are the lesser of the 2 evils.
- 10) Unless we have some intelligent and capable leaders at the helm, Malaysia will keep excelling when all other countries are falling apart.

Tun yg dikasihi,

Saya tidak tahu bagaimana saya dapat berterimakasih (dgn setimpalnya) kepada Tun kerana bagi saya Tun telah menyelamatkan negara sewaktu krisis ekonomi 1997-98 dulu. PM Malaysia, begitu cekal bangun bersuara, against the world (termasuklah juga against beberapa kumpulan & individu di Malaysia) untuk menyelamatkan negara. Hari ini saya baca opinion dlm The Star, Double Standard of the West semasa mereka mengutuk langkah2 yg Tun ambil dulu demi menyelamatkan negara. Hari ini mereka jilat ludah mereka sendiri, termasuklah IMF.

<http://thestar.com.my/news/story.asp?file=/2008/10/20/focus/2321047&sec=focus>

Saya ada juga menyimpan satu laporan mengenai Soros. Saya tak tahu bagaimana nak uploadnya di sini. Walaubagaimanapun, sebahagian drp laporan tersebut dimuatkan dlm ruangan Blog Jebat Must Die. (The Case of Malaysia). Saya sarankan saudara2 membaca laporan ini.

<http://jebatmustdie.wordpress.com/category/tun-dr-mahathir/>

Saya juga menyimpan satu fail temuramah wartawan dgn Menteri Kewangan Kedua (YB Md Nor Yakcop) yg menceritakan dgn detail bagaimana Tun mula mengambil langkah utk menyelamatkan negara setelah diserang penyangak matawang dlm krisis ekonomi 1997-98 dulu. Temuramah ini diterbitkan dlm newspaper tempatan. Basically, bukan saja Tun menyelamatkan Malaysia, negara-negara jiran juga turut terselamat dari menjadi lebih teruk lagi dan sekali gus membantutkan serangan penyangak matawang. Kalau ada sesiapa yg ada link utk temuramah ini, minta dipamirkan disini. Saya ada fail tapi tak tahu nak iupload.

Pengalaman saya sendiri, pd tahun 1997-98 dulu, amat perit bila Menteri Kewangan waktu itu mengambil langkah berjimat cermat. Saya membeli kereta waktu tu, paling murah kadar faedah loan yg saya dapat adalah 7.85% setahun. Saya ada satu kredit kad (utk kegunaan emergency cash sekiranya perlu) dan satu charge kad (yg saya gunakan utk berbelanja. Saya guna charge card kerana saya membayar semua perbelanjaan sekali gus setiap bulan - rancang perbelanjaan - bukan bayar ansur spt kredit kad). Kedua-dua kad ini saya dikenakan yuran RM50 setahun. Tak belanja pun kerajaan suruh saya bayar. Geram betul. Basically, interest rate tinggi dan rakyat nampaknya disuruh berjimat/simpan duit dgn tidak berbelanja pada waktu itu. Saya bukan banyak duit utk menyimpan dan earn interest bank. Hanya org

kaya saja untung sebab mereka simpan banyak duit dlm bank dan dapat interest tinggi. Duit yg saya ada pun rasa terhad utk belanja waktu itu kerana terasa segala2nya mahal waktu itu. Sehingga, PM selepas tu, mengubah polisi berjimat ini kepada menggalak rakyat berbelanja, supaya ada money circulation. Yuran RM50 setiap kad ditarik, dan interest diturunkan. Barulah rakyat mcm saya ni berasa lega sikit.

Saya sedih kalau kita lupa kepada jasa-jasa besar pemimpin negara. Bukannya semua org betul sentiasa, tapi timbanglah betapa pengorbanan dan jasa yg telah dicurahkan kepada negara, walau sesiapa pun org itu.

Terimakasih Tun, how shall I say it?

Dear Tun,

Kalau Pak Lah bijak orangnya dia patut letak jawatan sekarang. Apa tunggu lagi. Dia dah tak relevant dan sudah jadi redundant. Sudah tidak ada apa-apa lagi yang kita boleh harapkan kepada Pak Lah, hanya dengar dia buat statement sana sini, tapi dah tak ada ertinya kepada rakyat. Apa gunanya. Dia sekarang hanya cuba nak kritik saja. Dia tidak dapat berbuat apa-apa tentang pelaksanaan dasar-dasar yang telah di buatnya tapi semuanya hanya tinggal dasr sahaja selama 5 tahun berlalu.

Kempen pemilihan jawatan mesti disingkatkan. Terlalu lama dan tidak mendatangkan faedah dan membazir. Najib dan Mahyuddin perlu dapat mandat segera dalam keadaan politik dan ekonomi yang dah tak menentu akibat kelemahan Pak Lah menjalankan dasar-dasrnya yang haprak dan HP6.

Pak Lah harus terima hakikat bahawa beliau dah jadi ITEK TEMPANG !!!

the difference between a true leader and an ordinary government servant acting the role of the prime minister, would love to see paklah dish out something as simplified as tun just did on this page. most of us had to read this page more than once to understand it.

can we weather this financial turmoil? the government should at least inform the Malaysian Rakyat the true scenario. a well informed society could actually scrap through this tough time. give us false hope and we might just perish overnight.

Salam Y Bhg Tun

Thank you for another simplified lesson in economy. It is indeed quite amazing that all in Malaysian Government is singing the 'we are not affected' tune. I cannot imagine how we can be so insulated when our biggest trading partner, Singapore, is already in a recession...

I hope the government will come up with detailed explanation on how the Country is going to deflect the Tsunami of economic turmoil that is rushing to every shore. Give Malaysians facts and figures to believe the assessment, or give the Country a step by step plan on how we are going to ride this rough seas.

It is interesting to note paragraph 33. Quote "Where does the money come from? From nowhere" unquote.

The US being the most powerful country will have the might and whims and fancy to print the dollar notes anytime. Who knows and who cares about it? Probably Asian leaders need to initiate an investigation on how the US got the money from?

If we recalled in Malaysia recently about a case of some African who scammed some Malaysian into believing that a magic@wonder machine is capable in making genuine dollar notes from fake notes. I can't imagine how this trick was bought by our Malaysian@victim only to know that their hard earned multiple thousands of ringgit had gone with the wind after they discovered that they were conned! Poor fella...

Salam Tun,

Yes, Malaysia is indeed an economic miracle.

We are actually situated on a planet in a separate galaxy, so yes, Najib's words ring true...we are safe. (Oh, wait...that was just a nice dream I had Tun...ok...I am awake now!)

Oh, the reality is such a nightmare....Bank deposits have recently been given a full guarantee by BNM (talk is cheaper than actual bailouts), but yes, all that you said rings so true. The NPLs, the credit cards, the homeowners and their mortgages and refinancings for lavish renovations the average Malaysian is famed for.

The ringgit now only goes so far as the end of my nose, and having a quite sharp nose, that is indeed a miracle in itself, how much I manage to stretch it these days.

The ruling elite are so well-endowed and detached from reality, so they have no idea of the sufferings of the average Malaysian earner.

Najib, according to an earlier report, said that inflation was on the decline...go figure. (I don't think he has bought beras in the last decade....)

Mistake by government to increase 40% oil price and in return all prices gone up. (Rakyat menderita sehingga kini)

Now oil price goes down but our minister said we can't reduce suddenly the oil price by RM0.50 because if we reduce all petrol kiosk have gone bankrupt.

They worries more on the fate of the petrol kiosk rather than rakyat. I wonder how they think when proposing the sudden increase of the price by 40%.

In the mean time, when government wanted to reduced back, they worries the petrol kiosk whereby the petrol kiosk have gained so much during the crowd buyout. Everyone knows horrible jammed at petrol kiosk and we knows how much the petrol kiosk have gained that night and some closed their kiosk in order ripped more money by selling in the following day.

Assalamualaikum Tun,

Though I don't remember you making the statement, during the '97 Asian financial crisis, your Finance Minister (Daim and Anwar) did make similar statement about our strong fundamentals even when importers were already forking out atrocious rates for the USD.

Isn't it the duty of the government to assure its citizens with such statement to prevent panic?

Let me assure you that I'm no lover of the current government (the whole cabinet for that matter) but to be fair to them, this is what governments everywhere do. Alas, unlike you, they do not have a Plan B or any

plan for that matter hence my nightmares.

Let's hope that the fallout would not be that massive for us as I feel it would happen merely a question of when but the bump would be cushioned by the mostly unaffected Islamic banking system (I hope).

Thank you Tun for the explanation, simple yet very informative. I guest no one in the cabinet including Amirsham can give that very detail on what actually happen.

The statement made by our next PM to be was unacceptable as we know Malaysia eventually will be hit by this crisis, it just a matter of time. I personally predicted that Malaysia will face this situation within 6 months from now.

The big question is how Malaysia going to tackle it if our government believe we are safe.
By MdmLley on October 20, 2008 8:01 PM

Good evening Tun.

Thats why we can't encourage credit payment by our importers.
I am not as clever as Tun. I can't think such a new system.
Why not used the old system, 'sistem barter'.
Long long time ago, we use that system to generate economics.
Now our importers dnt have enough money to paid us, why not ask them to exchange with other goods?
Sounds funny right?
Exchange with their technology(s) perhaps?
Why not. Our RMs are now more valueable compare to their money.

I just want to ask you one question. It seems that 10 years after our asia ecomony meltdown in 1998 that this situation reappears again.
What is your thought on the 1998 crisis compare to the current crisis. Is there any connection with both of the situation?

Thank you Tun for sharing your wisdom to us.
By Ir. Syahrizan on October 20, 2008 8:02 PM

Asalamualaikum and Hello,

Dear Tun,

Thanks for the insight on the world economics. You've simplified the global economics turmoil scenario for better understanding in which we are facing and its very worrying that nothing much could be done except to cushion the effect. But I'm also troubled whether our economy is resilient enough to handle it. I hope Malaysia and the rest of the world will 'sail' it through with minimal losses. Thank god I still have a job (but I don't know how long it will be around). Let's just hope our politicians from both sides will slow down with their 'politicking' and start to cooperate on how to resolve this common enemy of ours. Take care of your health Tun, see ya in the next blog.
By salman on October 20, 2008 8:03 PM

Dear Tun,

You amazed me with your deep and strong understanding of the economy, and what is happening around the world. But what can we do when we have a government that sleeping and does not understand the danger that's await us. All of us normal citizen is going to be massacre because of our incompetence government. The ignorance of Badawi is putting all of us in great danger, and i doubt he will be able to save Malaysia if our economy collapse. Many of us will lose our jobs and not be able to pay back our loans. This itself would cause many us to go bankrupt. I hope Tun can help Malaysia if this happen. May God have mercy on us.

Tun, I hope the gov't is lying becous to be honest I would very much like this country goes bankrupt. There is no plan in place for transparency. Every leaders is raping this country. Until we find a new generations of leaders who subscribe to the principles of country first, otherwise we will always be what we are, partying for one day and suffering for a year. The leaders of this country are setting very bad examples by having cronies, racism, unfair treatment of the minorities, corruptions etc. How can we move forward when corruption are been openly endorsed like the purchase of 3 submarine from france earning the 500 plus million commission, the maybank 430 million, the pos malaysia 100 million fuel rebate commission etc. The list is never ending. This country is going to the corrupted so to bankrupt this country is not heartbreaking, in fact it's welcoming.

By MNF on October 20, 2008 8:08 PM

Dear Tun. The announcement by Dato' Seri Najib that our country is not affected by the widespread global recessions seemed theatrical. It is ironic that the next page after the announcement would be that our KLCI has lost ground about 600 points, and major companies continued to take their shares private rather than leaving the shares afloat.

I am certain that the global economic downturn will (or have) affected our economies significantly. Moreover, the unwise decision by our government to totally withdraw oil subsidy did not only spur concerns on the oil price, but also the indirect effect, as you put forth, on other goods and services. The effects are strenuous to the people, especially as the fiscal policy that you have lamented, is not making waves. Our purchasing power have shrunk tremendously. The reported inflation rate of 8.5% is laughable by any tom, dick and harry walking the streets.

Oil price was then revised on a periodic basis. But it does not help the aftermath of the price for other goods and services. Consequently, this oil price issue became a political toy during the election campaign, and there goes a couple of states.

Dear Tun, so many local economic observations can be documented and laughed at since your departure. So many. Now, should we even question our politicians' competencies? I wish I never had this sinful thought. P2X, the corridors, PFI, Pahang-Selangor water project, all are laughable. RM5 billion going to Valuecap? Wait and see.

Dearest Tun,

A simple and very clear analysis on the latest financial turmoil we have seen to-date. I hope that our new Finance Minister and the Governor of Bank Negara are also reading this piece from Tun.

Just like Tun, I also have a sneaking feeling that we could not be that smooth sailing when the rest of the world's financial systems are collapsing.

We have heard larger economies in Asia like China and Japan saying they are affected, but not one leader from our government has come out and tell us what our real situation is.

Isn't this the time that our new Finance Minister should get some TV time and spell out to us what is really happening, what we are anticipating and how we will ride out this difficult time. If financially Malaysia is doing well, it will be reassuring for the rakyat to know. If we are not, then tell us what we should be doing as a country to save ourselves.

If after the last general election, our leaders still do not learn that they need to be seen to be dynamic and doing their jobs professionally, when will they learn? after the next general election?

We are truly blessed that one weak leader is leaving in 5 months, let's hope that the replacement is not

equally weak or worst!

Perkara pertama yang perlu dibuat kepimpinan baru ialah 'MEMBATAL CORIDOR-CORIDOR yang berselerak di Malaysia. Ambil yang UTAMA dan ada Prospek sahaja seperti Projek Pertanian di Kelantan dan Halal Hub di Perlis. Sector yang memerlukan penyertaan Asing perlu di semak semula.

Adalah lebih baik kita memberikan INPUT ASAS untuk menggerakkan perniagaan (termasuk pertanian) yang berdaya maju.

Input asas ini termasuklah:

(izinkan saya panggil Tun sebagai 'ayah Tun' sebab ayah saya amat2 sayangkan Tun.. tapi ayah yg amat saya hormati dan sayangi dijemput Illahi pada 9 Ramadan tahun 2003.. izinkan kiranya saya anggap dan panggil Tun sebagai 'ayah Tun' kerana setiap kali saya pandang Tun, saya seperti memandang semula arwah ayah saya... terima kasih terlebih dahulu, ayah Tun)

Saya menunggu dari semalam (19/10/08) kalau2 ayah Tun akan membuat komen susulan 'bidasan' yg dibuat dalam akhbar & berita tv. Saya sokong ayah Tun sebab tak fikir guna hati tapi seperti selalunya ayah Tun fikir guna akal. Itulah peranan seorang pemimpin yg sebenarnya.

Bukan kelam kabut nak balas balik bila dicuit.Bukan setiap kali cakap, berucap je nak orang tepuk, sorak al-kononnya cakap2 dia tu semua orang sokong lah..padahal di belakang sayup2 orang mengata. orang tepuk dan sorak tu ada makna..sedarlah wahai PM.

Ayah Tun, saya tahu dan yakin sedikit sebanyak jauh di sudut hati ayah Tun terbit walau sekecil kuman rasa sedih dan kecewa dgn kata2 PM tu.. kerana itulah tempiasnya pada hati saya.. sedih dan tak sangka dgn otak cetek seorang pemimpin tertinggi negara. tapi buanglah ia jauh2 ayah Tun sebab ia hanyalah satu lagi taktik kotor dia dan kaum keluarga serta kerabat2 pengekornya yg masih lupa kerana sesungguhnya mereka itulah Melayu (malu nak panggil mereka ni Melayu) yg masih lupa!

Maaf ayah Tun, saya dah tak tahu nak komen apa lagi tentang kemelut kewangan negara kita ni.. saya doakan kita semua dilindungi Allah Subhanahuwataala..

Salam,

i personally agree with Tun's article. how could the global economy collpasing but our's is OK? i also agree with how complex and interconnected our financial and economy is with other countries.

talking about local consumer spending, as i am running a small business which deals directly to consumer. i definitely feel the downwards spending by the consumers. moreover the suppliers still remained the price high, therefore how could the business provides lower price?

on the other hand, consumer now are so worried of spending more money on basic necessities. they are cautious spending for food and clothings..apa ada pun boleh..the retail is feeling it greatly and of course no one going to bail us.

i personally feel that there is a dire need to promote more savings (is it protected??) and also ways on how confidence can be assured in the economy. however, the top priority now is to let everyone aware of the up n coming impact to our economy. also rigorous monitoring on the prices of goods.

if you walk at the mall nowadays, there are less people..but i also dont know where they are..

to conclude, there is a strong need for the government to anticipate the spiral effect on the current global turmoil.

By paklahmustgo on October 20, 2008 8:38 PM

By Fitri on October 20, 2008 8:41 PM

Salam Pak Tun, Selamat Hari Raya Aidil Fitri Maaf Zahir Batin dari sy & keluarga terlebih dahulu. Sy setuju dgn pendpt Pak Tun bahawa ada org yg tamak adalah punca krisis ekonomi ini. Ia seperti satu trend setiap 10 tahun ekonomi akan terganggu. Selepas inflasi 1988, diikuti penurunan nilai matawang dunia 1998 & kini kadar hutang tak berbayar yg tinggi pula. Adakah sesuatu yg tidak kena? Rasa musykil sering menular dibenak fikiran bahawa ada org2 tertentu yg memanipulasi ekonomi dunia bagi tujuan penjajah secara ekonomi pula? Namun tidak ada bukti yg kukuh adanya org2 atau pertubuhan yg tertentu utk tujuan lain. Mgkn ya, mgkn tidak.

Sy masih ingat Pak Tun pernah menyarankan semua negara Islam didlm OIC berdagang dgn menggunakan Dinar sebagai matawang dagang antara negara Islam. Malangnya kerusi Pengerusi OIC yg Malaysia perolehi tak mampu berbuat apa2. Kita dapat kerusi Pengerusi tetapi digunakan oleh kita untuk tidur dan menjadi tidak produktif. Kita sepatutnya berusaha utk meneruskan usaha menguatkan persaudaraan selIslam dgn berdagang menggunakan matawang Dinar, baru ekonomi umat Islam menjadi kukuh dan tak mudah digugat.

Sy mendoakan kesejahteraan Pak Tun sekeluarga dan moga Pak Tun sihat selalu bagi membimbing kami dgn pendapat Pak Tun.

Terima kasih Pak Tun...

Salam Tun,

Saya sangat hairan bagaimana kerajaan boleh mengatakan bahawa Malaysia tidak akan mengalami kemelesetan ekonomi dimana negara lain terutamanya jiran terdekat Singapore sudah mengatakan negara itu sudah mengalami kemerosotan ekonomi.

Justeru itu saya sangat mengharapkan agar Tun dapat memberi nasihat bernas lagi padat di blog ini agar pihak kerajaan diharap agar mengambil iktibar dari nasi-nasihat Tun.

Di harap pihak kerajaan tidak malu atau sengaja tidak mahu menggunakan nasihat Tun sekiranya boleh berhasil. Ketepikanlah sikap jumud dan taksub serta kembalilah kepada sikap zuhud dan merendahkan diri untuk kepentingan rakyat.

Semoga Tun dikurniakan kesihatan yang baik. Insyaallah.

salam Tun yg dihormati..walaupun Tun dikecam hebat oleh paklah dan balaci2nya yg mengatakan Tun tak layak memberi kenyataan tentang pemilihan UMNO,Tun memang hebat kerana tidak mengulas tentang perkara itu,yg tahu lembapnya pemikiran paklah dan balaci2nya yg tak tahu membezakan antara arahan dan nasihat utk kebaikan UMNO keseluruhannya.Walaupun UMNO mempunyai 3.2 juta ahli,saya yakin tak sampai 1,000 ahli yg menyokong kecaman paklah pada TUN.Itulah manusia yg tahu pendirian ahli akar umbi kerana sibuk dgn kontrak utk kenyakan perut sendiri dan anak bini.Tun saya minta maaf kerana lari tajuk,teruskan perjuanganmu utk anak cucu bangsa malaysia.

Tun.

Adakah kerajaan sekarang benar-benar percaya yang ekonomi negara sangat mampan. Sokongan terhadap Menteri Kewangan tidak putus2, mengapa tidak beliau sekurang-kurangnya menyatakan yang benar serta cuba untuk menyelamatkan Malaysia. Bukankah kepimpinan seseorang ketua itu diukur melalui cabaran yang beliau perlu lalui? Adakah TPM benar2 layak?

Dear Tun,

I think the reason why we have so many financial disasters is not because of the free market, but the lack of it. Sadly, governments would not allow for a free market because: 1) A gold standard will prevent them from financial their schemes, 2)they can't help the lobbyists. Austrian economics (www.mises.org) is really an eye opener to all the mainstream Keynesian economics we are thrown at.

However, I agree on regulations not because the free market failed, but because we need to protect ourselves from powerful manipulators who trade under the guise of 'free market'. The fact is they have a lot of clout within governments and are able to subvert the market.

You touched on the power of the printing presses and creation of money 'out of thin air'. This is very true. Freshly printed money lands into the hands of a select few (bankers, and people close to politicians). The money is then multiplied through fractional reserve banking.

The extra money they earn are used to fund big bonuses and hedge funds that acquire real assets from what is essentially money they didn't work to earn. They even lobby for special legislation and bail outs

that take away all the risks from their investments.

I wonder if Malaysia can become a role model in economic freedom. Why not create a competing currency (maybe called a Malaysian Dinar or something) 100% backed by gold alongside the Ringgit? Furthermore, practice true Islamic banking by having full reserve banking. This would definitely be a boon for Malaysia's reputation because I read that Islam forbids 'creating money out of nothing'.

Or are there powers that be who forbid any country from issuing such a scheme that seriously undermines their own fiat currency?

Terima kasih atas ilmu yang dicurahkan. Padat dan cukup untuk memberi kefahaman yang jelas.

Orang yang berakal dan berotak tentunya tidak akan melepaskan peluang untuk membaca penerangan Ybhg Tun. Bukan saja untuk ini tetapi juga untuk tulisan- tulisan yang lain.

Rugilah kita jika pemimpin kita tidak berani menegakkan mana yang benar. (Bukan mereka rugi tetapi rakyat biasa rugi).

Kita berharap agar 'mereka' semua akan belajar.

I love this article. But, it rather be nice if you would want to discuss our situation back home - what likely going to happen and will Malaysia survive? You must have some great idea about this.

When you are comparing Credit Card (CC) to Mortgage problem in USA - I am certain that you are seeing our "poorly" managed economy (I'd say so) can collapsed, seeing that CC debt will caused NPL for banks due to the fact that our people shall be chasing tails of each month, but to no success. I am sure too, when the chasing fails everytime, not only NPL will be caused by CC, but the burden of paying auto loan - what worth paying the auto loan, when you dont ride it as the burden on the fuel tight your butt to motorcycle as an alternative.

I am not good at predicting this whole situation, but looking back and learn from the history - most likely it going to take more time of our lives and no one can predict what is going to happen next.

To quote of a friend: beware of the tiger year. It shams it claws on 1974, 1986, 1998 and who knows next would be 2010.

Miracle may not happen overnight - but I do hope that Malaysia will recover and investment I made during this time shall give me good returns (I am opportunist myself - err... I hope this is not wrong)

I am also hoping that government can reduce the fuel price and perhaps relief other burdens as well (personal tax, road-tax, force bank to reduce BLR, control the escalating food prices).

PS: Will Malaysia go bankrupt if the banks reduce their BLR?

Tun, hope to read more about your thought regarding Malaysia's economic situation, what to do, counter-measure if required, etc.

Thanks!

By kab56 on October 20, 2008 8:51 PM

Yang di kasihi Tun

We have all been had. Banks make money by lending our money, without our consent and create money out of thin air in the process, reducing the purchasing power of the money that we make through growing and making real things. The real culprit is fractional reserve banking which is practiced worldwide. All solutions bandied by world leaders towards solving the crisis is merely compounding the problem. What do we do?

Hi Tun! Selamat Hari Raya! Am glad to see the crowd was going to your open house. Reckon it was the sign of the times.

I remember when i was a kid, i used to watch some of the school boys playing chess and every time the bigger size boy was about to loose, he just messed up the chess pieces and the smaller size boy just looked pitifully helpless. Well one could almost see the smirk on the face of the bigger size lad.

Salam Ayahanda Tun, indeed it's all too quiet in the western front. What's surely the case is - plenty of uncertainties. That's all the certainties any one could be getting these days in regards to the world or local economy. In reference to Tun's touching on the subject of all the corridors not materializing; very soon we would again have floods of foreign workforce who's out of works and in need of fast cash to survive. I would say that a very small amount of them would adjust like any other good human being and go by on a tighter belly and just do all sorts of honest halal jobs to put food on the table. And I would also speculate that the larger percentage of them would just simply turn to crime for a living. So I say to the Home Minister, get rid of them phase by phase from today! Actively monitor their employment status - synchronize with the HR Ministry. At the same time these sorts of jobs must be made available to the locals again. Go to factories, see whose doing all the working there, see what sort of pass they are allowed in for; see what kind of jobs they are allowed to do. Are they really sticking by these guidelines? We the common rakyat knows the answer to that already. But do you YB Home Minister? These steps if taken seriously would help to lessen the burden of the impending unemployment problems and surely the awaiting crime rates just as well. This particular issue if left to rot as per the standard Badawi Admin norms and practice could very well be a lethal blow to the BN government come PRU13. Promises are not enough anymore. The rakyat has told them that at PRU12, now they must put their words into gear and act to deliver results, and not just for the media publicity. Maybe that way, we may trust them again. So YB Home Minister, get a few birds with one stone...best deal on the table for you now. And I say don't blink twice and just take it.

subject and the financial issues.

Your doctorship should come with the \$ sign in front.

I've heard you speak before and each time I hear you, you tend to stir and make more sense than ever compared to those so called financial experts.

There has been nothing but merely camouflage in their statements and bullshitting trying to comfort those people around them.

I revert to your blog nowadays rather than reading the local papers as these papers today have no substance in their stories. They are only good in covering up the "dirt" for the privileged few and become "shoe shine" boys instead.

Reading your blog these days made me more wiser and I dread to think those who have been missing their time to even spare a moment to read one the many articles you wrote.

I wonder how these country would be like without you.

These new generation of losers will not be able to match up with you.

Dear Tun,

I am in agreement with your analysis.

It is more appropriate that the government acknowledges the massive financial catastrophe that the world is experiencing and prepare the people for the hardships ahead.

By announcing and proudly proclaiming that Malaysia is sheltered from the inevitable global recession is simply daft and ethically wrong.

We must have financial and economic geniuses among our midst, that we are able to avoid the global downturn that seems to affect the other 99% of the world.

At the moment, the government had announce piecemeal steps to cushion the economy from the slowdown. A review of government economic corridors, Increasing Valuecaps fund to RM 10 billion to support undervalued stocks. A staggered approach towards readjustment of the gasoline prices.

This rather fragmented, uncoordinated and reactive approach towards managing the economy will only dent foreign investors confidence in Malaysia.

We need bold and effective actions towards managing the the countries finances.

The leadership needs to sit down and study the current situation carefully.

Firstly they must diagnose the problem Malaysia is facing.

An examination/assessment of the situation is warranted to confirm or refute the diagnosis.

Once a the problem is diagnosed, possible interventions is proposed and the best ones are adopted.

The interventions needs to be evidenced based but there is a small chance that a decision is made based not on purely economic wisdom but for the welfare of the people at heart.

Once the intervention is implemented, an audit or follow-up assessment is needed to ascertain the effective of the said intervention. If further improvement is needed, then the appropriate steps adopted.

This approach to problem-solving should be inherent in all our leaders.

Doctors save lives on a daily basis. But before they achieve such a feat, they had to undergo rigorous academic training and clinical attachments. One important aspect of their training is pathology.

Understanding the origins and mechanism of diseases, helps doctors and scientists fashion newer and better medicines to treat diseases.

This should apply to our leaders as well. A rigorous intellectual understanding towards the problem at hand will allow the said leader to approach a problem more systemically and effectively without an overt over reliance and their advisors.

We have seen how such a leader had wreaked damage to a nation despite claiming to have a consensus approach towards governing.

I sincerely believe that at this stage, the last thing we need is more icing on a cake thats going bad. Sometimes honesty is the best policy.

Happy to see that you are still concern about Malaysia economy even you are not in the government anymore. Sad to hear that somebody had criticized you for the comments you've made in your website..seems that they can't accept any critics from others especially from someone very experienced like you..

I'm not sure the current minister knew what is coming to happen for our financial institution...but looking at US & European economics, I don't think that we can be excluded in this financial crisis anymore.

Tun, hope you can give us some advice on how we can face this crisis as what you have done in 97-98 crisis. Hopefully all Malaysian can start looking at their debts and do something before it's too late..

Take care Tun and keep posting in your blog..Who knows.. in 20 years time your blog can be a reference to our future Prime Minister.. :)

I am intrigued how that we are going to be able to avoid the economic recession faced by the rest of the world, already we are and have been bit by inflation yet our dear politicians are in constant state of denial as if the global phenomenon is going to breeze by Malaysia- negeri di bawah angin (trade wind).

Fool hardy optimism is not what the rakyat is looking for, what we want is some one with the thinking cap and the porch light on to put in place mechanism and prepare us of the impending nightmare and ensure that the future generation will not inherit a huge debt by the forefathers. Currently we are being fed with sweet feel good factor every fortnightly (to ensure preferred UMNO nomination? guessing)in the form of fuel dollar reduction, how long will this keep going before we fall on our face?

Tun said,"We see a lot of construction in Kuala Lumpur.....ect."

Yes there is a construction in Kuala Lumpur but the contractor need to begging when claiming money from the developer.When they couldn't collect their claim, then the supplier who give credit terms (some are 30 days,60 or 90 days)will suffer while waiting for their payment after supply the material.Before the contractor get their claim, the person who released the payment will demand for something which is very popular by the named "under table".They will demand for free trips to overseas,free golf set,free PDA and many more.The authority such as Telekom,TNB,DBKL and others who approved the project and the material used also will demand the same things.To cover all of this demand the contractor will mark-up the price very high or will shift to the cheapest material as long they will get more "untung".Then you can see there is a lot of building crack here and there very fast with a very low and cheap material been used.When they cover each other, the will said this,"Win Win Business".Forever Malaysian attitude will never changed.

Capitalism will no more giving us hope and finally will crush us to ground.

Luckily our government have their brilliant plans.

Plan A-Increase Fuel Prices, Decrease Fuel Prices, Cut Off Subsidy, Giving Out Rebate. Don't Worry, The Economy was doing just fine.

Plan B-Send somebody to Taiwan, Study their skill on something, But eventually came back for nothing.

Plan C-CorriDOR here, corriDOR there...but not even a single DOOR is sighted so far to be opened for

people like us to share?. The only Door heard was the "TiDOOR".

Tun, our lives were at stake here. Our leaders were making jokes here. They doesn't seem to be caring much to makes things better. Instead they are making it worst. Help..We are dying here!

Dear Tun,

As far as I'm concerned, the math is simple. You spend only what you have, and save some for the rainy days. Most people, though, spend what they don't have. These include companies, huge corporations, and governments, including the one you led. Expansionary policy is fine, but not to the extent of being overdone...and overcooked. Overheating and the eventual meltdown would be the impending outcome. We have seen this on many occassions over a lifetime. Remember Alan Greenspan with his remarks on "market exuberance"?

By the way, what is a cumulative loss of RM 8.1 billion to the Rakyat if the government leaders from UMNO, MCA, and MIC can ride the storm with their fat paychecks and allowances? Some even have the added insurance of huge kickbacks from projects they "helped" materialize over the years.

Salam Ayahanda Tun. All the while I thought that if I want to hear impressive diction and the latest news about photography as a hobby, I could refer to Datuk Seri Rais Yatim. But I am being proven to be very wrong here when I read somewhere that he made a public mention that you have locus standi to condemn anybody you want in UMNO. Very correct and very worthy of a man with principles. Ini soal maruah dan perjuangan bangsa Melayu. Bukan hal nak cium bontot mana-mana pihak. Perlu lebih ramai lagi mencontohi beliau. And kudos also to Datuk Seri Syed Hamid Albar for standing firmly on the ISA issue. That's the last bastion to peace and order that must be protected at all cost - at all cost.

Salam kepada YAB Tun dan rakan2 bloggers,

1. Thanx Tun for highlighting all those issues. In you we trust.
2. If there's one thing I hated most was when Dollah and Najib tried to ridicule us....about Malaysia not affected...my foot!
3. Maybe, just maybe they didnt want us to panic...but are they doing anything about it?
4. Najib pretended he knew a lot and tried to show poker face to us...like 'hey, its under control...leave it to us!' I hope you know what you're doing Najib. Dollah (saw his smiling in the news tonite? when he was joking about switching the portfolio? he smiled becos Najib now 'dukung biawak hidup...before this it was a small biawak, but when the biawak grew bigger, Dollah hastily passed to Najib..haha'
5. Najib, whatever it is, show some respect to Tun...he can help but just becos you wanna prove to Dollah you're his loyal poodle, you brushed aside Tun's recommendations. Just admit it that you're not in control my man....put your bloody ego aside, for our sake!

6. Tun can always highlight these issues just like a professor, but Tun put it in a simple way..hopefully you can understand Najib. Diollah sampai mati takkan paham. But be careful, Dollah maybe has lotsa infos about you Najib and he will use them when you try to be funny with him and his suku-sakat when you're the PM...I pity you Najib.

Tun, rupa2nya Dollah baca juga blog Tun, tu yang naik angin seluruh badan bila Tun buat komen tentang orang2 dia...hehhe. Padan muka dia...dulu dia buat macam cool saja, tapi sekarang nampak perangai anak alim ulamak yang sebenar...hilang sabaq rupanya...tu boleh kawan ngan setan tu.

Assalamualaikum Tun, Semoga sihat dan masih tajam pemikiran.

pada pendapat saya,mungkin D.najib cuba menenangkan keadaan negara kita yang selain tertekan dgn keadaan polotik serta tuntutan yang melampau dari MCA, beliau juga dilihat telah mengumumkan pakej bantuan kerajaan untuk memantau ekonomi negara.

Cuma di sini,boleh tak tun spesifik kepada keadaan dan statistik peniaga melayu & bumiputera dalam menangani keadaan ini.Dulupun seperti ini juga,memang ramai peniaga malaysia problem tapi usahawan melayu ramai juga yang terduduk.

so,pendapat saya,boleh tak tun memberi penerangan apa yang perlu usahawan bumiputera perlu lakukan untuk menyelamatkan dari terjerumus serta tertiarap.Umum mengetahui,usahawan melayu kebanyakan bergantung pada tender kerajaan dan usahawan cina masih lagi boleh bergantung pada lingkaran permintaan perniagaan cina.maka jika kerajaan menyemak balik projek2 mega kerajaan ,maka takut kesannya banyak kepada usahawan melayu.
sekian terima kasih.

Tun, as you know that like the construction industry in many other countries, Malaysia's is also highly leveraged. The government needs to work hard to de-leverage it in order to reduce the fall-out of the global financial crisis. It is also beyond belief to see Najib painting a rosy picture. 5.4 percent annual growth for 2009 has already been cut and the stock market has shrunk by over 33% in the last year

alone!

Crude palm oil was at RM4,500 per metric ton in March 2008 and has plummeted to RM1,600 per metric ton, down by 65 percent. Clearly external factors are having a direct impact on Malaysia's core activities! Which numb-nut would deny this?

Salam Tun.

I cannot but totally agree with you that the current financial turmoil will eventually affect Malaysia. Given our open economy which is highly dependent on international trade, our economy will certainly not be spared. May be the government said so to 'manage sentiments' on the ground, so that people won't become panicked.

The current financial system is not running on real money which was used to be backed by gold or some other commodities. No wonder the US especially can have so much amount of money, even though it is the top debtor in the world, simply because they can easily print out money out of thin air like you said. With the working of interest rate, money countries and people become 'slave' to this financial system. The vast development of the derivative market makes the situation even worse. I think this time this financial turmoil will be the worst ever.

Our way of life, Islam has always emphasize interest-free economy based on real economic activities and use of real money. It is time we get more serious to adhere to our very own Islamic teachings.

By rozamnah on October 20, 2008 9:43 PM

Tun,

20. What is happening in the world today is the total collapse of the international financial system. This has been brought about by greedy people abusing the system. Instead of doing business in goods and services they now do business in money, in fictitious money.

-->>You are correct. This is what happened when the so called FINANCIAL ARCHITECTURE was allowed in the name of financial progress and sophistication. The problem is it is being done without

proper regulation and consideration for the investors at large. Only the rich gets richer through profiteering. Now I understand why in Islamic Muamalat we are prohibited from trading money especially when it involve fictitious money.

14. Now the corridors cannot be fully implemented. But this is fine because nothing had been implemented anyway. Unfortunately the anticipated earnings by contractors, sub-contractors, suppliers, workers, teh tarik and nasi lemak sellers would not materialise.

-->> Well you are right ,now I'm in F&B business, I can feel the desperation of us in doing this business. My sales revenue per month have dropped by almost 40%-50% if compared to last year . As a business owner , I do not know how long I can 'tahan'. To me it was a bad decision for govt to hike petrol to almost 40% in June because the multiplication effect cant be controlled easily. Consumer spending shrinking substantially. I agree with you in your previous writing ,it should have been dealt by smaller percentage increment, bit by bit. And one thing I learnt in my Economic Class is that " Price is Sticky" . Once has gone up , very difficult to come down. Now we see , eventhough govt had announced 3 times in petrol price reduction, other price of goods still not much change.
More migraines to come!!!

Assalamualaikum orang Melayu yg dikasihi,

Hari ini tidak kira apa-apa pun yg berlaku dalam UMNO,kita sebagai orang Melayu perlu tetap menyokong UMNO. Ingat lagi sejarah bagaimana parti ini dibina. UMNO dibina atas dasar orang Melayu yg bersatu padu dan mencari akar umbi permasalahan dan dilema orang Melayu yg perlu diperbaiki. Janganlah kerana susu setitik kita buang susu sebelanga.

Parti parti komponen yg ada di Malaysia hari ini walaupun ada yg dipegang pemimpin Melayu tapi parti parti itu bukan parti Melayu. Apa yg saya cuba nyatakan disini parti parti itu cuma bertopengkan raut wajah Melayu bagi mengaburi Mata orang Melayu. Berpijaklah di bumi yg nyata. Malaysia adalah milik dan Tanah orang Melayu. Dimanakah Melayu inigin berada andai Tanah Yg subur ini dirampas dan orang Melayu hilang punca dalam membela nasib mereka. Hanya UMNO sahaja medium terbaik bagi orang Melayu menyampaikan hasrat bagi membetulkan kepincangan yg berlaku. Melayu bukan lemah, tapi Melayu Mudah Lupa dari sejarahnya. Mari kita semua bersatu demi anak bangsa kita 55 tahun yg akan datang dan selamanya. Bersatu dan jangan berpecah belah orang Melayu walau apapun pendapat anda.

Bersatulah Orang Orang Melayu tak kira apa fahaman anda samaada positif atau negatif. Percayalah ,Melayu mampu bersatu seperti semasa penubuhannya oleh Dato ONN. Semua kepincangan yg berlaku dalam UMNO dapat diperbetulkan andai semua orang Melayu kita bersatu padu dan mahukan.

Hanya rakyat dapat mendukung pemimpin dan rakyat melayu jugalah yg boleh memberitahu apa yg orang melayu inginkan. Melayu jangan mudah lupa. mari kita bersatu seperti zaman dato ONN. Bangsa Melayu hak dan maruah kita perlu dipertahankan diatas tanah nenek moyang kita. Jangan sampai anak bangsa kita menyalahkan kita dan nenek moyang kita atas kealpaan dan kelupaan kita pada Orang Melayu dan Tanah Melayu

Salam Tun....

Confident jer kata Msia tak akan hadapi krisis kewangan...Inflasi dah lebih dari angka 7....gila...is it bcoz he felt since someone from his family members jadi orang besar dalam bank makes him says that?...Selalunya orang takbur dan bongkak @ bodoh sombong ni akan terkena "tulah" sbb lawan ckp org2 tua...well, jgn sampai jadi kes menang sorak kampung tergadai....masalahnya rakyat yg silap haribulan setiap hari ada kes bunuh diri beramai2 gara2 tak boleh survive dah...diaorg tak apalah...dah kaya raya....!! cakap senanglah...

lagi satu...For Datuk Najib...please lahhh...!! Its enough for us seeing all the idiot, stupid and greedy politicians now days...Everyday politik sana sini...maruah bangsa dan agama juga dipolitikkan....sekarang the only things we have in our hands which is our jaminan kewangan to ensure our survivals in this country pun nak politik jugak ker?

ni duit punya hal...angka boleh dikelentong mcm apa yg berlaku kat US aka AIG...tipu sana cover sini...all the figures have been twisted until one ugly day dah tak boleh twist dah....we as rakyat tak mau dgr dan setakat tgk mcm tu...what is the safety net for us the rakyat? at least dulu ringgit di tambat dan semua org ikat perut masa tu...tapi tahu yg kita tidak jatuh teruk cuma tidak mampu bermewah2...semua org still ada cukup makan dan minum...cuma tidak boleh leisure...namun kerana idea Tun...kita dapat bangkit semula selepas beberapa tahun...apa yang Datuk Najib boleh jamin ? Kita negara kecil...sedang yang mengaku kebal pun kecundang.....

Seriau saya mengenangkan tindak tanduk Datuk Najib ni...

Dear Tun,

What u say is is absolutely true! The govt. should not misinform the public. By doing so they are allowing foreigners and themselves to bail out early, make as much money as possible at the expense of the rakyat!

I have an expert businessman friend who has dominated his field of business(importing and exporting confectionaries and toys below RM 4) for more than 20 years, yesterday was the first time i have heard him complain and he doesnt see any chance of recovery in the near future.

Even during 97 crisis, we were still able to grow because we specialised in low cost products. Demand actually grew!

The drastic increase in price of fuel domestically has seriously effected the buying power. I belive that we have yet to see the worst of it yet.

Whats happening is , retailers make a similar profit margin (%)regardless of the cost of product, so initially they dont feel it because the sales remain the same. The only difference is they sell less products but sales remain generally the same. The manufacturers also increase prices to maintain profits. The only difference is they produce less, therefore dont need as many workers , this will directly contribute to unemployment, and inevitable lead to a very significant drop in sales for retailers. The govt. has started a vicious cycle.

Wonder which idiot advised our P.M. to increase the price of fuel. What they said about petronas is crap as petronas made record profits and the govt.(i.e. the public) is a major shareholder. Nothing to do with oil reserves because bulk of petronas income come from overseas.

Bunch of Fools(p.s. they can only be called so if the intentions were in the interest of M'sia, if it was self

interest of cronies then they made us look like FOOLs), all that money saved by govt. is now available to be siphoned off.

I'm sorry Tun, but really feel as if we are being taken for a ride! Time has ripened for the opposition to take over! Don't have to worry much about Anwar because he would not have that much power because of the coalition. I wish u join another existing party and officially become members of the opposition. BN and UMNO are not beyond repair but it's going to take too long! we don't have the luxury of time! It's more critical than u think!

Salam Tun Dan Timbalan perdana Menteri Najib(Andai Dato Membaca blog tun Tolonglah faham)

1.Tun,sudikah Tun mengambil masa dalam memerhatikan Dato Najib seandainya beliau dilantik sebagai Perdana Menteri?

2.Sudikah Dato Najib menerima segala pandangan Tun yg pasti dapat memberi kebaikan kepada seluruh rakyat Malaysia?(Saya amat berharap anda sudi belajar selama 6bulan bersama Tun yg mempunyai pengalaman yg luas sebagai perdana menteri Malaysia.)

Saya percaya banyak perkara dapat dipelajari dari Tun dan ini pasti dapat meningkatkan reputasi Dato Najib sebagai perdana menteri Malaysia kelak.

saya percaya dengan bimbingan Tun kepada Dato Najib ,Malaysia akan terus maju untuk selamanya.

Ybhg Tun,

Sesungguhnya pandangan yang diberikan oleh Tun dalam blog ini amat bertepatan dan wajar diambil perhatian oleh pemerintah. Namun ada kalangan pemerintah yang tidak memahami apa itu pandangan dan arahan.

Saya sesungguhnya tidak memahami ramai kalangan ahli-ahli politik UMNO yang tidak dapat menilai dan memahami apa yang dikatakan pandangan dan apa yang dikatakan arahan.

Bagi saya kesemua cerita yang dikeutarakan dalam blog ini adalah merupakan pandangan dari Ybg Tun dan bukan merupakan arahan. Terpulanglah kepada sipembaca untuk mengambil iktibar dari apa yang diperkatakan. Mengapalah begitu emosionalnya Perdana Menteri Malaysia dengan artikel Tun yang lepas.

Tahniah saya ucapkan kepada YB Tan Sri Mahyuddin kerana tidak membuat kenyataan balas keatas Perdana Menteri Malaysia yang emosional itu.

Mungkin DSAB patut melayari blog ini dan melihat disebelah kanan dibawah kategori "preface" Tun telah menyatakan "This site is dedicated to publishing my writings as and when I am able to pen my thoughts and opinions.". Apa simple sentence macam tu pun tak faham ke.

Tun, please take care your health. Malaysian need you opinion and thoughts.

"Ya Allah, Kau panjangkanlah usia Ybhg Tun Dr. Mahathir Mohamad dan isterinya serta ahli keluarganya terutamanya YB Dato Mukhriz. Kau berikanlah ilmu kepada YB Dato' Mukhriz sepertimana ilmu yang telah Kau berikan kepada ayahandanya YBhg Tun Dr. Mahathir. Sesungguhnya kami rakyat Malaysia memerlukan pemimpin yang dapat memimpin kami sepertimana kepimpinan yang telah diberikan oleh YBhg Tun Dr. Mahathir Mohamad, Amin"

By Kroni Mu on October 20, 2008 9:52 PM

Mahathir yang terkenal dengan sikap pendendam itu bertindak keluar dari Umno di sebabkan beberapa faktor.

1. Setelah lebih 4 tahun meninggalkan kerajaan, Mahathir merasakan pengaruhnya semakin longgar. Pandangannya tidak lagi di dengari. Namun sebagai usaha untuk menguji populariti beliau, tindakan keluar dari Umno sebagai menguji sejauh mana sokongan orang Umno terhadap beliau. Apa yang di dapatnya hanya seorang yang sanggup 'sehidup semati' dengan beliau iaitu Sanusi Junid.

2. Mahathir menyedari masalah dalaman Umno amat kronik dan memerlukan 'revolusi' yang besar bagi memulihkannya dan tidak ada tokoh yang mampu menyelesaikannya selain beliau. Justeru satu hari nanti Umno akan datang melutut menagih bantuan beliau. Maka di saat inilah beliau akan 'dihidupkan' kembali bersama pengaruh dan kuasa.

3. Isu Video Linggam dan tindakan Abdullah cuba menguasai institusi kehakiman dengan memberi 'ganjaran' kepada bekas-bekas hakim yang pernah di aniaya Mahathir dulu dianggap beliau sebagai usaha Abdullah menguasai institusi kehakiman. Ini merbahaya bagi perkiraan Mahathir kerana sekiranya di biarkan akan membolehkan beliau di heret ke Mahkamah.

Dear Tun Mahathir,

You are a genius. No one has been able to, quite honestly, put such a description of the current economic turmoil forth in such a simple and lucid manner. It is such a pleasure to read your work and I look forward keenly to your posting every single day.

There is hope for us now, and it is timely, just as the grey clouds of financial doom approach. Your expertise is needed Tun and I know that you will rise to the occasion once again as you always have had in our hour of need. You are a great son of the soil, if not the greatest, and Malaysia is blessed to have you.

You will and must do the right thing, guide if not lead the next batch of 'leaders' through this storm. Goh Chok Thong and Lee Kuan Yew put together cannot make one Mahathir I tell you, this you probably already know.

Long live Mahathir

Dear Tun,

Thanks for your simplified version.

The DPM kept saying Malaysia is safe from the financial crisis probably because his people keep feeding him with complicated data.

With your simple and easy to understand analogy, we hope the DPM will finally understand what shit we may be facing!

The government still think we are living in the olden days where the rakyat would accept every single word they said. Time has changed, with the might of internet - we are more educated and well-informed nowadays.

I hope they really do their homework before they try to bullshit us.

Cheers and long live Tun.

I check your website almost every 4-6hrs hoping there is a new write-up. You are great!

Assalamualaikum Tun,

There are a lot of truths in what Tun mentioned about the effect of international trade to our economy. I believe we can escape serious currency turmoil because our banking system is in better shape now, but we are still exposed to the US and European markets which are now entering recession. Even our export to China and Singapore are affected since large part of this is reexported to US market.

I have done an intensive research and data analysis on the other aspect of the financial market, namely the effect of 'Wall Street meltdown on the Malaysian Stock Market'.

I would like to invite YA Bhg. Tun and all readers to my Blog.

Tun,

1)All the more,TSNMY must leave at once.Instead of working ,he is now trying to claim credit that USA and Europe is doing what we had done in the past.He is in the self denial position.

2)We have yet seen the default of the credit cards loans throughtout the world.

3)In Malaysia,the NPL may not surface until second quarter of next year,people in charge of our economy still say we are immuned from this global fallout.

4)You have just explained sufficient enough for us to understand what is yet to come.I cannot believe we can do that well that it is not going to affect us and we have yet to experience the contagious effect of the global economic fallout as of now.

5)The MIER has already made a lower forecast for next year which may be on the high side.

6)The richest economies are facing the current financial debacle is not a laughing matter for us all.

7)In Malaysia if there are too many people have no jobs and money,see what will happen to one's assets and family members.

8)It has to do with this-Man.He started the oil prices went up and interest rates go up and down like roller coaster and the rest just follows.

9)People blessed with oil are not helpful either as they are greedy too.

Bacaan bodoh saya:-

1. bank2 memperniagakan anggaran keuntungan masa depan? Macam mana ni?

2. They share the projected profit?

3. The projected profit actually turns to negative (due to non performing loan), so no profit...and only loses?

Macam ni pun boleh ke?

My beloved Tun,

In para 35, you mentioned that the International Financial system and market economy has failed. May I add that it has collapsed.

You suggest a new system....more regulated by Governments. Whatever you have implemented during

our financial meltdown worked then and now with both the financial and economic meltdown of the the developed world at our doorstep, I sincerely hope that you can share your wisdom with the government. I noticed something that may not exist even if there is A SOLUTION.
During your tenure, you and your team keep a close watch on the implementation on almost a daily basis. You have people to talk to Corporate Malaysia and hear them out to help them through.
I pray with you that there exist in the coming government people with the gumption to seek solutions and implement with enforcement.
Kalau tidak.....Tipah tertipu lagi.

Dear Tun,

My friend borrowed my money RM800 last year, till today he hasn't pay me yet. If RM 800 cannot pay, how bout RM20 billion from credit cards?

I went to Carefour wangsa maju last week and there's like 4-5 ppl pasting me to sign up to their cr cards. It's like free money..

I see ppl signing up and walla... he get RM 2000 from cr. cards. Apalagi swipe jelah. This is typical now Tun.

I think the banks are committing suicide because they know the Government have money and will give a golden hand to them. When I say Government's money means tax payers money that should be used for development. It's a scam to rob ppl's money. This will go on and on forever.

Tun, pls stop the banks from robbing us if they plan to do this. I pay tax every year never miss and I pray this money will not go to this suit up loan sharks in high rise building.

Let them go bankrupt for their evil greed plan! Teach them a lesson!

We need competence leaders in order to ride out the storm.

Already, there are news of money politics in UMNO.

Assalamualaikum Ayahanda Tun dan Toh Puan... sekali lg saya bangga menjadi anak Malaysia yang dibesarkan di Zaman Tun, bila orang menyebut nama Tun " Mahathir Good" selepas saya menyatakan saya dari Malaysia tadi masa kat Night Market. emmmm... mesti TUN dah buat sesuatu yang baik bila ada saja insan yang kenal Tun kat China nie..

Untuk pengetahuan semua saya sekarang di Dalian China... pengumuman yang dibuat oleh DSNTR macam kelakar jer... negara China yang KDNK tahunan purata 10% dalam beberapa tahun nie pun turut terjejas.. dijangkakan industri automobil disini akan turun dalam 35% kalau tak silap berita pagi tadi, semua sektor mula menunjukkan penurunan sejak 2 bulan kebelakangan ini.. jadi negara yang saya bandingkan dengan negara kita yang tak seberapa ni pun terjejas, termasuk korea dan yang pasti kat jepun yang stabil pun ada perlahan sikit jadi macam ada yang tak kena... saya doakan tiada yang lebih teruk dari tahun 80an dan 90an semasa adanya TUN negara masih mampu berdiri. tapi hari ni hanya kepada ALLAH SWT saya berserah... mungkin jika sesuatu berlaku mungkin adalah sebab tangan-tangan kita juga... firman ALLAH SWT "aku tidak akan mengubah nasib sesuatu kaum itu melainkan ia mengubah akan nasib mereka sendiri". Saya doakan agar ada pemimpin-pemimpin negara membaca artikel TUN.

ps kepada semua ahli UMNO:- selamatkanlah negara dahulu... jangan letakkan politik dihadapan tetapi rakyat dahulu... semua memerhatikan kita hari nie.... takde satu pun kerajaan yang runtuh kat dunia setakat ini mampu bangun kembali selepas kejatuhannya...

By SkyForce on October 20, 2008 10:54 PM

Dear Tun,

I have no doubt if BN declare safe from global financial turmoil. The reasons are simple,

1)Non of the BN leaders understand the effect of the systemic collapse of financial system. The chain reaction usually get to the worst at the end of the cycle. Malaysia is just at the end of the cycle.

2)For the past five years, BN did nothing but dreaming. No extensive and aggressive financial or development plan materialise so far. That is why there is no direct impact on Malaysia financial system unlike our poor neighbour, Singapore. It turns out that our sleeping PM saved Malaysia from global financial system collapse by sleeping. Who say our 5th PM is worthless? Hehe...

Again, I would like to stress that the western countries will not accepting any new proposal for better financial system because they just love their own system which can be MANIPULATE for their own greed.

How I get richer if you don't get poorer.

Tun,

This is basic economy. Most of us know this theory. For a Minister of Finance, this is "kacang". However, if they are in denial mode, they will say differently when responding to crisis. If they do that, they do not know basic economy. And we will be in trouble if a person/government that we trust and put in-charge don't know anything about basic economy.

Dear Tun,

1. Baca komen si kronimu, nampak macam orang sedang 'meroyan'...haha!
2. During your time theres MTEN, ably led first by Daim and later by Mustapha Mohamad, both competent in economics, business and finance, which met everyday to analyse all the latest 'economics' issues faced by the country, propose solutions, follow-up on the implementations of those solutions, and update the public - daily. I do not really know what paklah's majlis ekonomi negara or something like that(I heard its a setup similar to MTEN) is doing, if its doing anything at all, or am I missing something here?
3. I think with MTEN's kind of proactiveness, Malaysia may indeed isolate herself to a certain extent from the collapsing economics dominoes all around it. However, the people should be ready to face some inconveniences and discomforts associated with trying times, due mostly to shrinking export earnings, which leads to shrinking purchasing power of the people and thus to a shrinking of the economy as a whole - but not a total collapse of it.
4. We have gone through the 1997-1998 crisis. Can anything be any worse - well, of course it depends on how its being handled by the powers that be. If paklah remains, we can only be sure that any efforts will be bungled up and opportunities for recovery squandered. Alhamdulillah, he is going but March could be

a tad too late....hopefully not, or hopefully he changes his mind (or got his mind changed)and decide to leave RIGHT NOW!!!

BTW, thank you Tun for what you've done. History will indeed judge you, and judge you well....well, more than well - gloriously.....yes, GLORIOUSLY - and thats in my humble estimation.

Dear Tun,

Your mathematic is brilliant. You have made economy look easy. It is all about common sense. If it is how we look at economy, I think everyone can become the finance minister. Come on Tun, you know our present government will do their best to sustain the current meltdown. It is more complicated than $1+1=2$. Why not give some ideas rather than trying to prove our government is hopeless and full of idiots! It is nice to listen and read your blogs but are they constructive? If everybody is useless why not you become the PM again? Sometimes I think what is DSAB say is correct about you..You wanted to become the de facto PM in Malaysia. It is nothing wrong with that if it is good. I would love to see Dato Mukhriz as our PM one day. God Willing!

Salam TUN,

1. The market economy system is invented by Jews to make large sums of money by nothing through manipulation. From the fall out of banks in West, there is lesson to be learn.

2. The Quran says that interest is haram both to the provider of capital and the user of capital. Now, what currently the world is witnessing is the harm that has been done thorough dealing using interest both to the banks which charged interest and also those who pays interest.

3. Clearly, this is the result of market economy commonly propounded by West as self-adjusting or correcting. But we can see the harm outweighs the benefits of using those kind of system as it is subject to abuses which is difficult to control. I wonder what kind of new system that will be invented after this by Jews if that won't allow them to make money out of thin air?

3. Basically, it is a must for the rest of the world to follow Islamic way of finance by prohibiting dealing in interest as this encouraged greed on both sides be it the bank to keep maximising profits or on the part of

borrowers to maximize their current well-being, be it for future expense.

4. Therefore, financial system needs a complete revamped whereby no dealing in interest is not allowed. Of course, nobody would enter this business if there is no profits to be made, hence, this must be operated by government.

5. I came across an Islamic institution in India where it lends money free of interest out of service to Muslim society. Since there is no money to be made, the institution requires stringent requirement to safeguard its money contributed by its members by requiring a borrower to place 2 collaterals whose cheques on the borrowed amounts are held together with the borrower house or car grant or gold. In the event borrower fails to pay, his house/ car/ gold will be sold to recover the amount lend. If that is not sufficient, collaterals cheques will be deposited to recover the rest of the money.

6. Surely, this method is effective in disallowing people to gamble with money as nobody would become collateral to this kind of people and the person who borrowed will be careful in repaying the amount lend to him as he do not want the risk of losing his belongings in the event he fails to pay.

7. Clearly, this is the way how financial system needs to operate to discourage either party from being drawn into the sin of greed be it lender or borrower that is thorough encouragement of a sense of friendship and brotherhood, that is by helping those who really needs the money for sound purchase or investment but never for speculation.

By stanyau on October 20, 2008 11:31 PM

Tun,

I support your reasoning on this global meltdown of the economy and the financial institutions. How is America going to save themselves? It is not an easy task to correct the mistakes made and the whole system was designed by them. So what will happen to Malaysia ? We are not alone in this planet. How are we to soften the blow on us when the meltdown hits us, which is very soon. Many of our 3Q2008 and 4Q2008 corporate interim results will reflect the negative effects weighing on us as a trading nation. What about 2009 when the whole meltdown will be fully disgested? I will not be surprised when our local depositors will lose their life savings notwithstanding the maximum insured sum of RM60,000- per depositor. What about the insurance companies that provides this undertaking ? Will they be financially sound to meet all the depositors ? I am very surprised by the statement made today by the Finance Minister that the Government shall inject another RM5.0 billion into ValueCap to shore up the stock market. Is this enough when the KLCI nosedive to 600 points in the near term ? We have a long stretch to overcome this crisis which may prolong for several years.

Tun, what will be your advice which is not so simple to resolve this imminent crisis that will hit us.

Assalam alaikum

YABhg Tun,

America now want to repeat 1930's economic performances, in 2008 its become real. Government under Abdullah Ahmad Badawi not so care and alert about economic situation now. Pity on him, but I more pity on Malaysia at all than on him.

I read Joseph Stiglitz about your success to overcome Asian Financial Crisis 1997/98 impacts in Malaysia economy and bank sectors, which Joseph Stiglitz praise your "Pegging RM action."

I read marks from newspaper about your opinion to repegging RM as alert to economic and financial uncertainties. But the Central Bank gavorner, Tan Sri Zeti Akhtar Aziz, said that no need to repegging RM due to "Malaysia economic performance is good and can absorb the impacts." PM Abdullah also say "yes" on it.

What I know, after Abdullah Ahmad Badawi hold PM office, Malaysian economic become weak. Real estate in Johore gone to outsiders hand, Proton facing crucial time which at last lost MV Agusta and etc. After 12th General election, stock markets in Malaysia on the way to collapse. But PM Abdullah just don't care about it.

By perception, why Abdullah Ahmad Badawi handover his portfolio to Dato' Seri Najib?, because PM Abdulllah has no guts and accument, and skill and will to handle economic matters. If Malaysia going bankrup PM Abdullah just only said he has try untill "Gemilang, Cemerlang, dan Terbilang."

Once upon a time in my financial management class, my lecturer said that PM Abdullah Ahmad Badawi want to put Malaysia in "Buku Hijau" or agrarian state which not benefit Malaysia in the future. What my financial management said is true base on my oppinion.

Also Tun, I fully agree with your 35 points above. But Abdullah Ahmad Badawi if he read your blog, he just ignore and said you worth nothing. After Abdullah Ahmad Badawi stepping down, he did not create any legacy.

Also, I agree with your oppinion about "conspiracy of Pakatan Rakyat to destroy Umno/BN through Abdullah Ahmad Badawi and his crony." I read it from NST, and still keep the articiel in my politics file. I will be the witness about whether is it true or not. But if it true, Abdullah Ahmad Badawi should be blame totally and he must burden the liability.

By dospenang on October 20, 2008 11:39 PM

SALAM TUN,

FIRST OF ALL, BRILLIANT ARTICLE WHEN YOU CAN SIMPLY EXPLAIN WHAT WAS HAPPENING IN THE WORLD FINANCIAL SYSTEM IN JUST 35 POINTS.

AS YOU SAID, AND NOR MOHAMAD YAKCOP SAID A NEW ECONOMIC SYSTEM NEEDS TO BE DEVELOPED AND SUGGESTED IN A WORLD FINANCIAL FORUM TO ACCOMMODATE THE NEEDS FOR BETTER FINANCIAL SYSTEM AND ECONOMIC CIRCULATION AND TRADE AROUND THE WORLD.

AS ONE MATTER , CAN YOU GIVE ANSWER TO WHAT PAK LAH HAVE JUST SAID EARLIER THIS WEEK REGARDING YOUR PREVIOUS ARTICLE MAINLY ABOUT 'UMNO ELECTION'. I KNOW YOU ARE NOT THE TYPICAL TYPES WHO WOULDN'T ANSWER WHEN SOMEONE ATTACKED YOU ESPECIALLY IN FRONT OF PUBLICS.

BUT SAD TO SAID, UMNO MEMBERS HAVE GIVE REPORTS AND RESPONSE FROM THE DIVISION THAT YOUR SON, 'MUKHRIZ MAHATHIR' ARE USING MONEY FOR GAINING SUPPORT AND VOTE AS YOUTH CHIEF. CAN YOU EXPLAIN THIS OR MAKE MUKHRIZ ANSWER THIS ON HIS ON.

ON THE OTHER HAND I WANT TO SUGGEST MUKHRIZ TO OPEN HIS OWN BLOG TO CLARIFY AND SCREEN ALL HIS VIEWS AND OPINIONS ABOUT ALL ISSUES THAT HAPPEN IN MALAYSIA AND WORLD. CAN YOU ADVISE HIM ON THIS MATTER?

HOPEFULLY HE CAN ANSWER AND OPEN HIS BLOG ASAP.

ONCE AGAIN BRILLIANT TUN, YOU'RE VIEWS ARE MUCH NEEDED TO ASSIST CURRENT LEADERSHIP WE HAVE TODAY.

WASALAM

Salam buat Tun..

Tun..kalau Amerika bercakap di PBB akan berkata " MASYARAKAT ANTARABANGSA" Kalau Pak Lah berucap di Malaysia pula akan berkata."RAKYAT telah memberi mandat kepada beliau....rakyat telah muak...rakyat menyokong..... Pada hal rakyat cukup meluat dan benci dengan percakapan dan idea beliau. Lagi lama lagi lingkup negara ini. Bila nak naik harga minyak macam roket pecut ke angkasa, bila nak turun harga minyak macam semut turun dari pokok. Bila nak naik harga minyak x fikir barang bila naik x akan turun lagi. Bongok betoi org tua ni,macam mana Tun boleh pilih dia jadi PM. Projek koridor dia tu saya anggap macam projek hikayat 1001 malam..sekadar projek angan - angan je. Gah je lebih.. x de pe pe pun. Rakyat dok hidup susah macam dulu juga.

Tun,

Saya harap Paklah dan budak tingkat 4 dapat fikir ini semua bermula hari pertama di pejabat. Tapi yg difikir. Personal financial turmoil. Macam mana nak atasinya. Habis kita.

Saya harap, DS Najib dapat lihat perkara ini lebih baik. Begitu juga TS Muhyiddin dapat bantu DS Najib sebaiknya.

Selamat Malam Tun dan keluarga...

Tun, harap kita punya Petronas akan dapat bail-out the whole economy of malaysia.

Kita memang kaya, ada minyak reserve banyak.

Macam dulu, Asean economy crisis 1997, Tun masih dapat jalankan projek besar-besar, dengar orang kata Tun ada support daripada Petronas, harap kali ini Petronas dapat selamatkan economy malaysia juga.

Tun,

The world is in this fluctuated virtual economy since Clinton era. It has been about 15 years now, future road map has been drawn base on this out-of-nothing money.

I say what happened to us in 1997 will happen to the whole world and we again need to go through those hard time.

Fluctuated world currencies will go through correction in value that will trigger world wide inflation.

Natural resources will be our strength. So don't you think we should strengthen our commodity sectors and shield our economy by reducing import.

Though I still don't know how to deal with excess work force when business come to a halt in service and import/export sectors.

At this very time, I envy people in public sector as they will be the last group to suffer over private sector dead bodies.

By moderato on October 20, 2008 11:57 PM

Dearest Tun,

I have got into AIC blog just now, with only one advertisement, Citibank. Can this blog survive with only one advertisement? By looking in the Youtube on DSAI in the parliament, he kept on telling the parliment members that he is being fitnah so on... and pinjaman from IMF, Soros when he was prisoned in 1999, wondering where he got these information or is it just another information "palsu" yang Tun difitnah regarding Israel???? And when Pak Lah was interviewed by foreign reporter regarding DSAI, Pak Lah declared that he tell lies, lies, and lies. I guess paklah knows the consequences now.

Tun I know that you are indeed worry about the economy and country.

Tun, the worst hit is going to be the property sector in 2009 - 2010, just like 20 years back in 1987. Yes, Bank's NPL will be huge, and we do not know how much. At this moment, it's difficult for BNM to predict, however BNM has forecasted lower GDP for 2009 at 3.4%. With sophisticated IT system, BNM will be able to get feedback from local and international banks in shorter time, thus will enable it to come with short-term measures to cushion the impact temporarily. The most worrying part is that when bank's NPL is too huge and needs government to bailout, DSAI will create hatred in rakyat (the akar umbi) and will put the blame to the current BN and TUN, and will use it as the reason to topple the government. This is the biggest BN's obstacle and challenge a head.

Good night.

Ya Rabbi, dengan tak malunya barusedar 11.23pm tulis mempersendakan pasal 'kebijaksanaan' Tun dalam ekonomi. Hah, barusedar baru sampai ke bumi dari planet mana ni? Tanpa segan silu barusedar tulis, "Your mathematic is brilliant. You have made economy look easy. It is all about common sense. If it is how we look at economy, I think everyone can become the finance minister." Hello barusedar, this is Mahathir Mohamad, pemimpin yang bawa Malaysia keluar dari kemelesetan ekonomi 97/98 dulu. Kalau tak kerana Tun yang jadi Menteri Kewangan masa tu, entah-entah la ni hang dok makan tanah saja tau. salam Tun,

Kenyataan yg logik diterima pakai dan sukar disangkal daripada seorang pemimpin yang pernah menerajui Malasia lebih 20 tahun.

Pengalaman luas Tun tidak sepatutnya di belakangkan...

Pernah berada lama dlm kerajaan tidak menjamin blh menguruskan negara dgn baik dn kita sendiri telah lihat hasilnya. Apa yg penting ialah niat dan maksud kita sekira kita dipilih menjadi pemimpin dan pendirian yg amat tegas dn teguh mnjadi asas. Tun, terlalu kaya dengan pengalaman mengangkat beban yg amat berat selama lebih 20 tahun. Amatlah rugi sekiranya pengalamannya itu tidak terus diwarisi dan dicontohi.

Tun,

We may have forgotten one important factor in our analysis. 50% of government revenue came from oil and gas. With oil price and other commodities fallen by more than 50%, it means govt will have less 50% money to pay for its staff, pensioners as well as fo development fund. Inflation is at all time high. The only solution left is to create money out of thin air, which is by devaluing our currency...so there we go again...really worried about Ringgit now.

Terima kasih diatas pandangan bernas.

1.Lihat muka Pak Lah dalam TV3 amat memalukan dengan muka marahnya memberi komen tentang Tun dan DSMY.Terfikir juga kenapa Pak Lah melenting begitu sekali dek kerana komen Tun dlm Blog.

2.Kepada TV3 dan NSTP tak payahlah nak bodek Pak Lah lebih2 sangat takut bisnes kamu lingkup bersama Pak Lah nanti.

3.Pak Lah kata "Siapa Tun, nak komen dia dan UMNO?"

4.Bagi kami siapa Pak Lah nak komen Tun?

5.Apa jasa Pak Lah kepada Umno dan Negara? Berbanding dengan jasa Tun.

6.Apa jasa Pak Lah pada Tun berbanding jasa Tun pada Pak Lah.Siapa yang melantik Pak Lah ke

Assalamualaikum Tun,

Tun, you're not just a doctor but also an economist, simply said you're an all-rounder. Everything is at the tip of your fingernails. That is the criteria needed in a Prime Minister. So those unwelcome aliens who so endlessly kept invading Tun's blog with sarcastic remarks keep note of how well bred Tun is.

As a mother to 6 children with no credit card (not eligible for one) everything bought, edible and non edible, is paid in cash. Got money can buy no money so gigit jari le. Solid retain wall must be built now to save the country from the economic onslaught. I have full confidence we'll be save with Tun's help, that if they are not ego to ask for Tun's expertise. I just wish the prices of everything was as they were before. I only want to be able to feed my children as long as I'm still alive and they can go on living decent lives when I'm gone. So I'll pray very hard that nothing will hit us as the not yet to be PM said.

So Tun thank you for caring in protecting the country and her people. May Allah Look Upon You Always.
By cakkuncak on October 21, 2008 12:10 AM

YAB Tun,

I dont agree Malaysia will not be affected by this financial turmoil. In fact I believe we have opened ourselves to a catastrophe when the current PM wishes to stay until March 2009.

We all know he and SIL still runs things very much or shall we say they are still running the operations while 'tidying' up before leaving the vault to DS Najib in March 2009 and knowing the current PM, he will turn a panic into a disaster in a blink of an eye.

Since you are praying , I will join your prayers Tun - but I will add a point in my prayer that somehow this PM will go out by December 2008.

A ship heading into stormy waters do not need an ignorant, flip-flop and sleepy Captain lest the ship will capsize without even a fight through the storm.

I dont hate him at all, but I'd hate to be drowning or be at the mercy of a tsunami. The people have already felt the pinch when they increased the oil price.

This Government is a Government that JUMPS when it needs to sit calmly ;and SLEEP when it needs to be waking up and stand guard till the dawn arrives.

Dear Tun,

The government announced today it will pump RM5 billion for ValueCap to invest in undervalue companies. Since ValueCap is a private limited company, I doubt its transparency since it required no public announcement to inform the public where has all the money gone ? It can be used as SPV to bail out their rich friends but ailing company. For example those who feel the pinch because of the global crisis but dare not openly ask for money.

Let see what do they mean by undervalue.

Salam untuk Tun,
You are MAHAGURU MALAYSIA,dianugerah Allah dalam banyak bidang.Tulisan Tun banyak memberi ilmu kepada saya,terima kasih Tun.Saya pernah terbaca satu artikal tulisan Datuk Zainudin Maidin, spesis macam Tun dianugerah Allah kepada Malaysia setiap 500 tahun sekali.Kali pertama adalah Bendahara Melaka, Tun Perak, kali kedua salepas 500 tahun adalah TUN MAHATHIR BIN MOHAMED. Tapi Tun manusia biasa tidak diberi Allah segalanya. Tun tidak dapat membaca hati manusia.Tun sangka kawan, rupanya lawan. Lihatlah apa jadi pada TMH,DSAI,DSAB.
SEMOGA TUN DAN ISTERI MASIH DIRAHMATI ALLAH, dan tidak perlulah Tun BERSERBAN, BERJUBAH DAN BERJANGGUT PANJANG.
Tun sudah pun diiktiraf sebagai pemimpin dunia, oleh penduduk dunia yang berakal.

Salam kepada semua,
Pada pendapat saya, kebanyakan komentar2 yang diberikan di sini seperti baru mengetahui apa yang sedang berlaku di dalam dunia kewangan antarabangsa ketika ini. Seolah-olah kalau Tun tak terangkan dalam bahasa "mudah" anda semua tidak faham apa yang sedang berlaku. Apakah anda tidak mampu & tidak boleh berusaha mencari jawapan sendiri? Sedangkan banyak sekali artikel2 yang sangat mudah untuk difahami terdapat di internet. Sampai bila mahu disuapkan Tun dan berlebih2 ampu Tun ni? Kalau Tun dah mati masih lagi harap Tun ke? Bila Tun kupas, semua puji melambung Tun. Ya, memang betul, memang banyak jasa Tun. Kredit kepada Tun. Tun memang dikurniakan fikiran yang hebat. Tapi kena ingat Tun pun banyak buat silap dan zalim terhadap rakyat, ISA orang tanpa bicara. Kita rakyat Malaysia harus bebas dari belenggu ISA ni. Kita bertanggung jawab atas negara kita. Jangan kerana "Oh, kerana Tun yang cakap, Wah...hebat,idea bernas, takda siapa cakap lagi bagus dari Tun. Tun punya silap sorok bawah karpet. ISA jangan sebut,buat tak tahu, semua ok". Wahai rakyat Malaysia sekalian, sampai bila nak macam ni? Tun sokong Najib jadi PM, ramai orang sokong. Orang UMNO semua bagi sokongan.

Padahal Najib punya banyak skandal tak selesai lagi. Ku Li yang lebih bersih offer nak jadi Presiden habuk pun takda siapa nak calon. Ini bukan masalah tak suka, anti, dengki dengan Najib atau pro Ku Li ke. Ini masalah kepimpinan negara, saya tak faham betul, Tun tak tahu ke latar belakang orang yang dia sokong? Atau senang ceritanya, lagi teruk rekod orang tu, lagi senang Tun nak control dia dari belakang. Semua rahsia dalam poket. Nanti bila Najib blunder macam Pak Lah, Tun boleh cakap balik kat muka tuan2 semua, orang UMNO yang pilih Najib jadi presiden. Saya cadang aje. Masa tu semua garu kepala lagi. Berapa tahun lagi nak kena tunggu untuk pilih PM baru. Kalau PM semua orang boleh pilih macam di Presiden US tu takpa lah. Ini berapa kerat geng2 UMNO sahaja yang boleh undi. Orang UMNO punya bahalol, rakyat yang lain pun terkena lagi. Bagi saya BN ni kena duduk diam2 kat tepi beri PR yang ambil alih kerajaan. Betulkan balik sistem kehakiman, kerajaan dan keselamatan supaya tak boleh dimanipulasi oleh mana2 pihak. Kalau takda orang lain yang fikir macam saya, saya boleh kira takjub & ajaib. Tapi saya percaya ramai yang sependapat dengan saya, cuma mereka malas nak tulis agaknya.

saya mencadangkan malaysia perlu mengiatkan lagi usaha untuk membayar jumlah perdagangan yang dilakukan menggunakan matawang masing-masing (bilateral), dan juga memperkenalkan matawang asean.

malaysia juga perlu meneroka test bed pasaran di amerika tengah dan afrika bagi mengurangkan kebergantungan dengan pasaran amerika dan eropah.

terima kasih di atas maklumat yang dikongsi ini.

harap2 kawan lain pun menyimpan khazanah2 pemikiran sebegini didlm simpanan mereka. di mana lagi dapat kita cari tulisan2 sebegini?

dear tun,

politics is actualy who acts the best in their role considering all the resources they have. it is an usual matter that the mind will always believe what the eyes see. thats why most of the time whenever we cant see and we keep talking someone will just walkup to us and say "seing is believing". from this we can understand that when the eyes see the mind believe. this very concept starts when we are born. we believe in what we see and then learn from that as whatever we will go through in life is all the bacsics that we have recorder in to the memory bank operating through our sub consacious mind.

so the best politician is a person who will use all the resources around him to fulfill the needs and ultimate intention through "seing is believing".

this concept is also used to cheat people with many items by syndicates who operate to sell good and items.

what hindraf diod also the same. they make a lot of fuss and march so they will alert others creating doubt that something is wrong and people are seriously against it.

if we study the operation of the sub conscious mind i am sure we will know that most of the time it just follows anything that is recorded without prove. it does not need prove to operate and it does not know the consequences of its action. it simply does it. this all the understanding of the mind operation.

so when an influential person says something wether it is true or not the statement is accepted as correct

even without prove.what always do a post mortem on what is said and done is the common sense.it divides and studies each part in a happening of the actual core meaning.thats why the common sense is very important.

whatr is happening now clearly shows that the society can be manipulated by anyone with statements and actions to destroy the very society itself.the society is still weak.every step towards the building of the country will only becomebalance if the culture,the intellectuality and the development of the country is balanced.the country did develop,on the other side none expected that the very society that was enjoying the fruits of that development can be manipulated and twisted towards negative actions.

sekarang masyarakat kita buktikan memnag adanya penyakit yang terpendam yang tak nampak.the spread of an ifectious disease that we find the community is not immune of.the antibodi was never there.it was just waiting to explode.now as it is spreading there arise a need to healing.prevention was never taken.prevention measures wer not installed in the community as an immune system.there is always time when tehre comes test like this and it is up to the whole community wether they will fight the disease together or become dispersed ,collapse and fall.i hope we will gain strenght as united team together . many things around the world will fall.it will happen.it is happening and it will continue.no one can stop this.when time comes whatever happen will happen.the question here is who wil survive through the chaos that has taken over the world.all of us must stand together and pray that we are spared.again the nature will always penetrate and see why it should not do the same as the others and what is our speaciality.all of us are responsible to answer this question not as an individual but as a community committed.

once the country was shaken by gangterism.now the trend is slowly returning.the dept responsible must look into slowly weakening them.i agree that to totaly eliminate this issue is not possible.there is only possible to weaken them,paralyse and slowly teach the new generation not to involve in these activities.gangsterism is a concept of being united together to stand agains any threat and attacks from any others apart from those wholive in certain areas.it is still carried out.in gangterism there is always unity and thats their strenght.they stay together and they fight togeher.the principle is good but in many cases they slowly indulge in crime.nowadays almost everyone involved in gangsterism are involved in some ways in crime.

today we have many organisations like the rukun tetangga,persatuan belia etc.still many still involve in gangsterism due to the thrill and strenght.today what we see is those who are moving behind keadilan are mostly involve or connected to gangster.this cannot be denied.

they have some personal profit and also side profits.if ever the other party takes over they are still recognised.now the widespread

of the activity has created penetration of their ideas and plans to cause chaos and increase support to whom they like.this group involve in these activities is becoming brave as whom they are supporting is gaining and they consistent.even if the opponent win he will stand to see what he has created in his actions to gain power.what is there to be proud of.

for him when he was released what he desired long before and had taken efforts towards achieving it in the hand of others.there is jealousy of cause but more than that there are efforts to take back what he alo\most achieved and at the same time he wants to take revenge.in these actions a person becomes blind of his own consequenses and the damages he is doing.such person are not personalities with responsibility and patriotic spirit.thay are blinded by the desire and greediness in their heart.such people are not suitable to be leader of themselves what more to say about leading a nation towards glory.many fail to realise their own self.they look at everything out side and fail to look inside them.

leading a nation is a very great responsibility.it is not like running a sundry shop.27 million citizens submit and surrender their lives to that person.so there is always justification and jurisdiction in everything the person moves along with.

a leader is a person who burns himself in order to produce light for others.so here the question is wether everybody is able and would sacrifice their life for the others to depend on them.can a person bear this heavy burden on his shoulder.the weight of 27 million citizens and their problems.although anything implemented is in general and the developments bring about progress and opportunity for the public yet in their heart there is always intention to bring about the nation to the road of succes and glory.

understanding this some dont qualify yet they charge and march to cause as many problem as they can in order for the one who has gain to loose hope and give up.the evi motive and the jealousy.others are made use for this purpose.are they responsible people? i dont think so.

there are 2 instances that there were penetration to meet.first : he asked wether i am a muslim.second

was today.he came followed by his wife and later sat and explained about a march.showing a chair which is being prepared and awaiting to be carried.it will be carried by people and he will sit on the chair.i am amuse of the way they take effort to penetrate.they cant do when i am awake or thinking but do it during just i am about to awake.they are trying to get help.previously i was close to his group so they also felt comfortable.now i am away and talk less about this issue.they have asked me many times if he can win or take over ,i said no.he will be where he is and move no where.

from the penetration i am sure that he is aware that he needs the strenght to buldoze forward.i will always be against him.his moves are wrong and his intentions are not good.he is not a very good person and doesnt fit to become a leader.what i admire is the way he moves himself around and put up a good show that he is able to pull support with many lies and set upstories.he doesnt care much of the consequences but he is satisfied with the chaos that arise.as long as that happens he feels safe and move on with hope.a hope that he is on track.

By amanda on October 21, 2008 12:48 AM

Dear Sir,

I read a journal by La Rouche, and he sure had a lot to say about George Soros, Barack Obama and Anwar Ibrahim. I'm pleased to say that he has a lot of respect for the way you handled the '97 Asian economic crisis.

He seems to believe that Soros has everything to do with the current financial meltdown and he also played a vital in role in the early 90s near collapse of Italian lira in Europe(as well as a few other countries) which eventually introduced the Euro currency.

La Rouche went as far as to say that Soros represents an institution(not to be mentioned here but from what I read, it's not an American institution as most suspected) which fully backs Obama as well as Anwar.

What are your thoughts on this? Of course, assuming you have read this journal. Title of the Journal is Your Enemy George Soros.

I would appreciate it if you can shed some light on La Rouche's comments.

Thanks.

Global money markets and Western capitalist system is near it's death; countries will be falling over each other to devise a new world economic order and finance systems. But this century will see the revival of finance and trade based upon Islamic principles.

The booming Islamic banking industry has largely escaped the fallout of the global financial crunch and thus far, remains positive, despite the current challenging global financial environment.

Islam forbids Muslims from usury, receiving or paying interest on loans. Transactions by Islamic banks must be backed by real assets - not shady repackaged sub-prime mortgages. Last week's businessweek had a good article touching on this subject

Financial turmoil puts Islamic products in strong position and investors are increasingly betting on Islamic finance - islamicfinancenews.com also has some great articles on it's sustainability.

Salam Tun dan Famili..

InsyaAllah Tun, negara kita akan terselamat dari financial crisis kali ini itu pun jika krisis di Amerika, Europe dan sesetengah negara asia di dunia tidak segera pulih.

Kita berdoa dan berharap bail out plan mereka berjaya. Dalam banyak-banyak negara kecuali Amerika

yang tidak mempunyai reserved yang cukup untuk mengemudi bail out plan ini.

Kalau kita masih ingat dalam krisis ekonomi tahun 1997/98, Singapura adalah antara negara di Asia yang tidak betul-betul terkena domino effect nya.

Tapi kali ini mereka adalah antara negara Asia yang awal terkena kesan domino kerana pasaran kewangan mereka menyamai negara-negara Amerika dan Eropah tersebut.

Singapura (selain Hongkong) merupakan financial hub bagi kawasan Asia.

Kalau kita tengok bail out yang akan dilakukan di Korea Selatan dalam sekitar \$100 billion itu akan digunakan untuk menyelamatkan foreign bank atau pelaburan yang dilakukan keatas foreign countries yang terlibat.

Di dalam MALAYSIA, kita tidak heavily melabur dalam foreign countries dan juga tidak melabur heavily dalam foreign papers.

Foreign bank dalam Malaysia is not really 100% owned by foreigners (is this still kekal after the financial liberalization) and mereka tertakluk kepada peraturan yang ketat dengan domestic rules and regulations.

Thanks to your exchange control yang masih kekal dilakukan sehingga kini dan sekali lagi untuk meminjam kata-kata you Tun suatu masa dulu kita are adequately self financing whereby our internal savings/borrowings are enough to finance our development.

Tun, seperti yang saya katakan tadi hanya se-nya negara-negara yang sekarang terlibat dengan financial crisis ini tidak dapat pulih dengan cepat, the domino effect akan juga berlaku kepada negara kita.

Sebab itu Dato Seri Najib kata (penasihat-penasihat dia juga bagi tahu) tahun depan ekonomi kita akan slow down sedikit (kesan tak langsung) disebabkan faktor di atas dan dengan harapan pemulihan SEGERA oleh negara-negara yang di landa krisis ini.

Sayugia di ingatkan negara kita juga ada 2nd Mortgage Trading seperti Cagamas dan Ala Sub-Prima (hanya allocation by government sekitar RM50 million yang masih tak habis guna) tapi yang BAGUS nya kita tak over do it....

Salam TUN...

Very well said Tun,

I've read about the economic crisis in Time magazine, in the mainstream papers and others, but none of the explanations given are as simple as this. Articles like this should be published in economic magazines or other local papers.

I just hope that we could overcome this crisis like how you (Tun) did 10 years ago.

I'm printing out this blog post to share it with my colleagues. dengan izin.. :)

Dearest Tun

I am a Singaporean. I must admit that the Govt of Singapore has been very straightforward and realistic about the looming hardship and negative impact this financial crisis will cause to the economy and by implication, to the lives of ordinary citizens. We were constantly reminded by our leaders to brace for the bad times ahead and be prepared to face the difficulties that are looming in the horizon. After reading your thought-provoking and illuminating yet simple and lucid illustrations of the global financial situation, it confirms my suspicion that no nation is insulated from the negative fallouts of this crisis. I truly admire you, regardless of whether you are in the govt or outside, whether or not you are in umno.

Dear Tun. Salam selamat sejahtera.

Correct, Correct, Correct!

Kali ini saya menyerah tak ada pandangan menentang yg dapat saya suarakan. Sindir betul dan tepat, cadangan membina, analisa mengena, teguran sifat tokoh.

(Agaknya berhemah krn tuju pada Najib kot. Kalau Pak Lah akan liat sikit bahasanya...Mahathirism??)

Auto pilot Economy

Ekonomi negara dibiarkan terapung on auto pilot oleh Pak Lah. Ketika terbang naik tak ada risiko tapi bahaya ketika tengah menurun. Teguran Tun tepat untuk kejutkan kabinet Pak Lah yg sibuk dgn pemilihan. Tak ada think tank, task force, special committee, pelan tindak ...tanda tanda tak ada fikiran, tak mau buat kerja! Mungkin tak berani, takut ambil tindakan salah.

Turmoil and timid must not meet.

Minyak-Tindakan terkejut

Naik harga minyak dgn jumlah mengejut lalai, lemah fikiran (tak perlu fikiran) tak bertanggung jawab.

Parah pada ekonomi tak mudah pulih jika kenaikan itu sementara. Betul kecaman Tun. Tak apa... dah buat silap betulkan. Ini tidak, dia suruh pengguna guna kuasa sendiri. Inilah Pak Lah malas bekerja.

Pak Lah is master wealth destroyer...purchasing power(minyak), income(inflation), car mkt value(NAP), shares(ISA)

This subject Tun hentam Pak Lah(and his sleepy cabinet) kuat kuat!

I will turn a blind eye.

Salam to Tun and All,

1. I wonder if our hard earn money in epf, amanah & unit trust "immune" from the crisis? Anybody good in finance care to give some insight? If the answer is no, what would be the best way to deal with while ensuring overall impact to country economy will be minimise.

2. Those trusted with power, pls pls pls bear in mind that government money is basically rakyat's hard

earn money. Manage it responsibly. Funny deals will not be tolerated anymore. This is the AMANAH given to you guys. If we look around, many projects come with very inflated price tags which from my point of view and work experience is not justified at all. Is it becoz of incompetencies or shady dealings? Make yr own conclusion.

3. DSNTR & MY, - I am pretty sure you are reading this blog, understand what rakyat are going thru'. The hardships and sacrifices - make sure you do yr best to take care of them. God willing, you should be able to put thing back on track for agama, bangsa dan negara.

God bless all of us.

Dear Tun,

Thanks for the enlightenment. I thank god to be blessed with everything I have and to be here in this country and to be able to give my opinion on this issue.

Well in my opinion, I think this global financial crisis looming over us is exactly what we need to rebuild this divided country and work as one. We Malaysian are always at best under stress. We bounce back and we always manage to come up unpredictable. We need the sense of purpose and what better way to achieve it if not against foreign threats.

Actually I see and hear a lot of us blame the government for our predicament. Well, it is our fault that we are in the state we are in. we need to start working together to improve our position. One way to do it is by stop complaining and start working on proposals or give fresh idea on how to go about it. Don't blame our leaders if you yourself are not prepared to lead. I see a lot of us asking you to come and lead the government back. Not that I do not like you but what we really need is to comprehend and learn your skills in problem solving and thirst for knowledge. I see our biggest problem is to understand concept. A lot of us just take it at face value without really taking the pain to understand. I believe if you can understand concept you can explain it in a simpler manner.

In this beloved country, I see we have people with all sorts of qualifications but I think we lack people who can grasp, articulate and synthesis ideas. Or maybe I'm already in my final stage of facing the inevitable i.e. acceptance and already passed the denial; anger; bargaining; depression stage.

Having read your piece on the global financial turmoil I would like to give some proposals. I would hope this would help us as Malaysian to improve ourselves from bickering and self loathing to a nation that gives ideas (whether they are right or wrong). Well here goes:

1. I like to see all trade associations giving recommendations to government and the government takes pains to read every recommendation like what you are doing right now.

2. I like to see our government to concentrate on the 60% of our trading partners and analyse the possibility to guarantee each others' trade. Well the pareto principles still applies here.

3. as you have said earlier, I like to see our government starts ditching USD and impose on RM when dealing with our trading partners.

4. I like to see initiatives for us to go back to barter trade rather than using financial instruments for trade

5. I don't really know the figure but I like to see our government to start looking at our imports and analyse one by one and find out which are the ones that we can produce cheaper here. Well, if it is cheaper here why do we import them in the first place?

6. I like to see our government to start working on the worst case scenario and start preparing to source out for the critical/essential items such as food, medicine and fuel and prepare physical buffer stock for it.

7. I like to see government monitoring foreign workers and ensure they have suitable jobs to improve the nation. Let's face it we Malaysian don't like the job nor the salary that the foreigners are paid to do it for. We have to work on the win-win position.

8. I want to give recommendation for all our local mat rempit, to at least exploit and export their talents so that the nation can make money out of them but well, I'm sorry but I still can't.

By babacurious on October 21, 2008 1:51 AM

My dearest Tun

Unfortunately, we are living in a global economy whereby the biggest economy of the world actually powers the world, and that economy is US. One will notice all the world trades would and have eventually ended up on US soil. Until another country can grow economically as big as USA; till then if the US gets sick, we shall all fall sick and eventually some may die during the course. In other words, US goes into recession, the world will eventually goes into recession. There will definitely be less spending in the world in terms of US importing less. An exporting country like ours, we may not be able to sell our products to US, who is our biggest trading house, stops or slows down their buying. Thus, that will have a knock on effect on our economy badly. Undoubtedly, we have learnt something from the last Asian 97-98 Crisis, as we now have some substantial reserves in our kitty. But the point is..will it last? Fundamentals of sorts look strong but hopefully the people whom we entrust to manage our economy and wealth will be prudent in their governing and not to "untuk masuk poket sendiri" but for the interests of the nation. Only then our country should be able to weather the storm..insyallah. Otherwise, as shown by the greed of the capitalist bankers and financiers in the world & their corrupt governance, all will be lost in a very short time indeed. Therefore, Prudence in governing the day should replace Capitalism & Greed as practised in any corrupt government.

The Economy Charts do not augur well in the future for the world economy. It shows too many "mountains with very steep slopes" and hence, it will make a very tough climb for the year 2009 and if unlucky, beyond that. This gives us the feeling of being less optimistic, when the government is overly confident that our country's fundamentals can withstand the current global economic & financial crisis; and so assuring that we will not go into recession but sees a lower growth in the country. If common sense tells us anything, isn't it, a slower growth induces recession? We can only hope and pray that our country is not wrong with their calculations and in their tarot reading. We may have academic knowledge and expertise on how to face this economic crisis but do we really have the ability and capability in this government to counter it?

The people of this beloved country is very fortunate to have Tun's experiences and realistic outlook into the world economy today. It will be foolish if no one consults or the least, listen to him. So, let's put down the gauntlet and whatever differences aside, and humble oneself to seek Tun's advice. Afterall, lest we forget, when Tun was PM, he handled the last financial crisis in his own way and was roundly criticised by all experts in the world then, even by his very own country. But months later, historically Tun was proven to be right. The experts at the IMF World Bank etc were proven wrong. And this time the whole US Capitalist system is wrong. This goes to show, Economics is not an exact science. 2+2 does not necessarily equal 4. There are many situations and models in economics one alone may or may not have reached the maturity to understand well enough to have the capability to handle the situation aptly, when the 'tsunami' hits our shore. Every crisis has its own ugly tails. They are different in size but their ingredients are all the same. Therefore, even though one may think they are smarter and equipped with better financial and economic knowledge, there's no harm in consulting your elders for advice. As the saying goes, 2 heads is always better than 1 knuckle head.

Even the comic President Bush had said "in the long run, that this economy will come back." and for anyone lacking acknowledgement will be a fool for ears. Unfortunately, whether we acknowledge the fact

or not, the "kowtow" to the big brother will remain, even though it is the fact that the US is in the decline today. Should any countries in the world not accept the fact that the world economy being US centric can just turn their heads around and observe the economy once again. I wish my beloved country well. God speed.

Thank you Tun for your insight knowledge of the world financial and economic crisis today. How very truly written & spoken. Kudos.

Mahathir I guess it is time to show yourself up this time as to oppose those corrupted UMNO's ministers / useless crap ministers who are not even up to the standard to represent the people...What a disgrace to the entire nation for having such twisted yet corrupted miniesters who talk cock and bullshit stories all the time without having the right facts, right info and right mind.

They are corrupted and forever will be living in thier own lies and vanity. All these are so inherent in them and thier personal characteristics cannot be corrected or changed for the sake of upholding righteousness, peace and justice for the people in Malaysia.

Yet they like to dwell in thier corrupted ways and they do not care for the incoming generations who will be the future leaders of Malaysia one day. All they care is for themselves by squandering monies for thier own greed, and slamming the people who uphold justice & righteousness by forcing them into ISA and outdated yet uncivilised rules and regulations. The ' I-want-it-now-attitude ' can never be stopped if this habit just keeps on continue from one generation to the next.

Tun mahathir, it is time to rise and cleanse the whole UMNO party.....

By the way Tun Mahathir....You have time to clean up your mess that you have left behind....NOt too late yet to send these corrupted ministers out of UMNO.

God be with you always. Be strong

Well said, Datuk Rais. Right to the point. Tun M has the prerogative to say whatever he likes. Yes, by all means you can criticize him but he also has the right to criticize others. But when you criticize him make sure your criticism is logical and with substance. To criticize "membabi buta" tidak ada ertinya pada Tun M. Not his level of intelligence to even respond at all when your criticism is haprak and HP6 just like what Pak Lah did.

It reflects how shallow his mentality is.

We have to acknowledge that his influence and ideas are still valid and we have to accept the fact that all his statements carry weight, without the slightest shadow of doubt.

So to Pak Lah I would like to sincerely advise him to just SHUT UP if you don't have anything concrete to put forward. To criticize out of spite is very childish indeed. A reflection of having inferiority complex of the first order. What a shame!!!

By nashAuthor Profile Page on October 21, 2008 2:39 AM

Tun yang bijaksana. It is big bluff that we are not affected by the global financial turmoil. If US and Europe are suffering surely we have the share. Our economy largely has direct dealing with them. If they suffer we suffer too. The best thing our govt should have long ago putting more effort on agriculture so that our people can enjoy food to eat. Ini harga beras pun tak turun walaupun harga minyak sudah turun sedikit. Orang susah makan bubur sahajalah berlaukkan garam.

Salam hormat Tun yg dikasihi,
Sebagai seorang yang tahu sedikit sebanyak tentang ekonomi dan juga bekerja di sektor perbankan, apa yg Tun katakan tentang krisis ekonomi ini amatla tepat sekali. Pandangan Tun memang jauh ke depan dan tidak ramai makhluk Allah dianugerah akan kelebihan ini.

Saya juga pelik kenapa kerajaan Pak Lah mempunyai pandangan yg berbeza tentang masadepan ekonomi negara kita sedangkan ekonomi kita masih banyak pautannya dengan ekonomi negara2 luar terutamanya negara seperti US, China dan Singapura. Tambahan pula, pakar2 ekonomi dunia sudah terang2 menjangka negara2 tersebut akan mengalami kemelesetan ekonomi. Mungkin Pak Lah tidak mahu rakyat panik and want to maintain public confidence tetapi confidence sahaja tidak cukup untuk membendung arus kemelesetan yg melanda.

Saya amat kecewa dengan statement Pak Lah terhadap Tun baru2 ini dan saya harap Tun dapat bersabar menghadapinya. Yang benar tetap benar.

Akhir kata, saya berdoa agar Tun sekeluarga dipanjangkan umur serta diberkati Allah dengan kesihatan yang baik. Semoga Allah melindungi Tun sekeluarga. Amin.

Salaam Tun.

So ... our government is not telling us everything eh? They tell us something that which they want to tell ... not what we want to hear. On second thought ... we do not know what we want to know ... so we do not know that they are lying.

Anyway, it is said that what we do not know would not hurt us right? So it's ok to lie.

Salam Tun Dr M,

Tun sentiasa merendah diri. Tapi cerita panjang lebar ttg ekonomi ni menunjukkan Tun amat alert dan amat mengerti ttg kesannya dan apa yang telah berlaku. Saya terlopong membacanya kerana tak berapa faham sebahagiannya. Saya rasa Pak Lah, Najib and co juga terlopong kerana saya tak fikir mereka pun faham.

Saya rasa tak rugi sgt kalau tak tahu pasal pemilihan UMNO punya cerita, tapi posting kali ini saya harus membacanya lagi berulang kali untuk fahamkan...

Banker2 di luar sana yang berlagak pandai tu apa lagi ...baca dan fahamkan!!

P/S : Kesal kerana dikalangan pemimpin kita seolah memperbodohkan rakyatnya dengan fakta-fakta ekonomi yang salah... Orang bodoh macam saya pun tahu kalau rate pertumbuhan ekonomi dibawah 6% tu dah tak bagus..

Dearest Tun

Wake up my dear tun,we are not spared yet.Further collapse will arrives malaysia.hopefully more money can be use for ur race to studyoverseas.Face reality the danger have not yet end!Why so hard!When the business is bad ,malaysia will go bangkrup,then u malays or mamak or mix malay can work hard to built this country alone,sorry the chinese wanna said sayonara to malaysia.Bye

=====

Well, this is what really 'in' their heart, its slowly and clearly emerge from within. If you give them something big they want bigger!. Who is the richest man in Malaysia?..Who owns most of the building, shophouses, companies and luxury houses in Malaysia?..Who are those ungrateful lots whose anchestors were saved by malays during japanese and communist occupations?..

Bangsa cina Malaysia ni kalau cakap bab duit dengan keuntungan hanya merekalah yang sengsara dan miskin dan teraniaya. Dunia dan tuhan serta kesetiaan mereka hanya duit dan kompas mereka di dunia juga duit dan kekayaan. Tiada kesetiaan dalam kamus. Merata dan melata di seluruh dunia untuk duit. Melayu yang dapat "sipi" di Tanah Tok Nenek sendiri pun nak dicemburui?. Benarkah semua melayu pergi oversea pakai duit government?. Benarkah semua melayu ada tanah?. Jangan terperanjat, memang mereka (generasi muda) fikir, semua melayu ada tanah dan senang-senang dapat tanah (from my experience). Benarkah rakyat biasa bangsa melayu sudah terjamin kedudukan di negara sendiri?..ramai jadi pegawai, tapi lebih ramai lagi jadi kerani dan messenger..(jurujual dah bagi pada indon, pelayan restoran dah bagi pada bangla dan indian india)..

Melayu macam saya ni (graduate) paling ramai tak dapat kerja. Kalau dapat kerjapun gaji lain dengan orang cina (itu off rekod-kita sendiri tahu tu- by experience dan secret info dari some HRs). Nak berniaga dan jadi melayu baru, experience tak banyak, bangsa cina tak nak beli dengan melayu - experience

sendiri tu), so melayu kena harapkan orang melayu juga..dengan orang india, merekapun tak de duit, tak boleh nak harapkan mereka juga, mereka suka minta 50% less. Melayu pun lebih ramai yang suka beli dengan cina,sebab lebih kualiti dan murah kata mereka.

So..melayulah yang tinggal di Malaysia ni akhirnya, susah ke senangke..negara bankrup ke..kita lah orang melayu..masa tu baru kita tahu siapakah yang sayang kan tanah bertuah ni.Siapa yang berhempas pulas, bergolok bergadai untuk Malaysia. Biar negara miskin atau terjajah secara politik dan ekonomi, melayulah yang setia menanti kerana ini tanah tok nenek kita. Orang Cina balik Australia, Amerika, Singapura atau China. Orang India masih boleh diterima di India. Itu orang kaya, orang cina yang miskin dan tak de sedara mara kenalah berbaik dengan orang melayu, kerana orang melayu yang ihsan dan baik budi sentiasa menerima mereka dan sentiasa menghulur senyuman walaupun hatinya pedih.

Tun..buku dilema melayu saya terima sebagai hadiah terbaik untuk bahasa melayu ketika berusia 11 tahun dari pihak sekolah. Ketika itu Tun baru jadi perdana menteri dan saya baca buku itu walaupun tidak memahami. Sekarang setelah berusia 39 tahun, saya rasa betapa berharganya buku itu. Saya tetap mengiktiraf Tun sebagai PM yang terbaik, terbijak dan terkehadapan. Tun tahu struggle bangsa melayu. Sekiranya Tun tiada di dunia lagi dan berlaku another financial crisis, tentu kami tertanya-tanya apakah yang akan dilakukan Tun sekiranya Tun masih ada. Sekurang-kurangnya sekarang kami masih dapat menikmati pena tun yang setajam buah fikiran tun itu..harap masih ramai menghargai.

Salam sayang buat Tun dan Toh Puan

Dear TUN,

1) This is my second time commenting in your blog. I am smiling while writing bcos i've told my family, my friends and my suppliers etc. about the things you have said to them like 4 years ago. They said it wouldn't happen (the screwed world financial system and banks going bankrupt etc). Except that you've made it clear and understandable.

2) I stressed to them on the importance for us to keep and own 3 things in life. a) FULLY PAID HOUSE b) GOLD c) LAND .

3) GOLD = In iraq, the richest man would be left with worthless paper money after the war. Only those with gold would be able to trade for a currency he desires around the world. That goes the same for a country.

4) HOUSE = event though the country is bankrupt or us not having a job, we will still have a place to stay.

5) LAND = we can work our own land, afterall we eat to live.

Dear Tun,

Umno Discussion On Rejuvenation

KUALA LUMPUR, Oct 21 (Bernama) -- Plans for Umno's rejuvenation were discussed at length during a three-hour Umno Supreme Council brainstorming Monday, said party vice-president Tan Sri Muhyiddin Yassin.

Comment:

1. There is no point of having a lengthy meeting to discuss how to rejuvenate the party at this moment when the outgoing President and a few of the Supreme Council "deadwood" members who are about to lose their positions soon after the UMNO elections. It is a waste of time.

2. These deadwood members including the President are just not going to contribute any meaningful ideas.

3. What can they do? I wonder whether these Supreme Council members are in the right frame of mind to discuss anything concrete when everybody is so engrossed with the UMNO elections fighting for their survival.

4. What they should do now is to quickly have the elections date soonest possible and start with a new strategy when the new Supreme Council members are on board with full of enthusiasm and with fresh ideas to revitalise the party.

5. So I am of the opinion this meeting does not carry any fruitful results but just pure political gimmick. I don't think at heart Pak Lah is so interested. He is already a lame luck President who does not carry anymore weight.

Dilema Melayu,

Mengapakah Melayu tidak dapat menghantar semula orang cina dan india yg telah melanggar kontrak sosial.Mahkamah Malaysia seharusnya mengambil tindakan undang undang yg keras terhadap bangsa cina dan india yg telah melanggar kontrak sosial.

Ironinya perkara yg berlaku adalah sebaliknya.Orang Melayu begitu takut mengambik tindakan undang undang keatas bangsa cina dan india selama 55 tahun kemerdekaan Malaysia.

Mengapakah masyarakat Melayu masih tidak faham akan hak hak mereka. Mereka berhak menghantar pulang masyarakat Cina ke cina dan masyarakat india pulang ke negeri asal India berdasar kontrak jika mereka melanggar kontrak sosial.

Orang Melayu perlu mengenakan tindakan undang undang. Ini adalah soal undang undang yg mereka langgar dari kontrak yg dipersetujui Kerajaan British, Sultan Melayu, Buruh cina dan india.

Jangan nanti 55 tahun lagi ada bangsa baru yg mengaku meraka berhak keatas Malaysia seperti bangsa Indonesia, Bangladesh, India, China, Pakistan, Negara arab,

sampai bilakah orang Melayu lupa menggunakan tindakan undang undang. Ini bukan soal perpaduan, tapi lebih soal isu pelanggaran kontrak yg harus diambil tindakan segera oleh sultan dan raja raja melayu.

Melayu mudah lupa yg Bumi malaysia yg bertuah ini adalah milik peniggalan nenek moyang mereka.

Melayu mudah lupa jasa nenek moyang mereka,
Melayu mudah lupa dirinya

Dear Tun,

It is very very scary and I agree and also hope and pray that you are wrong in your analysis . However, after I read I admit that I cannot point to any one of the above that is wrong. Maybe I'll re-read again to see if there are any.

I also hope that there will be some brilliant ideas to remedy the crisis in days to come.

I sincerely hope that your 20 over years of experience may help, insyaallah. I believe that if you are able to identify problems then you would have some ideas to overcome the above. I hope that is not too much of asking as in facts you had already given the above warning for the relevant authority to scrutinized.

To the Malaysian Gov this is going to be one of the most challenging crisis that we are going to face and I really hope that there will be some smart ideas up there for some pre-emptive measures to be taken before things get worst. Najib did say yesterday without details some "domestically" orientated stimulus plans. For a 2-3 weeks FM I have to say that he had some insights into those problems and let hear more from him.

Anyway, I also hope that the above is going to be a lesson for the Malaysian and the future generation, especially those administrators and policy makers.

Looking at the above massive and messy problems , I cant help thinking that measures to isolate our economy or at least to reduced our exposure and impact to the external crisis is so so paramount though balances must be weigh carefully and to have a correct equation at all time.

Let us all see and think how that can be done. We have to be united to face the above.

If I remember correctly, in the past you had always pointed to a common treat ie those that are "greedy" that is causing all these mess everytime it occur-maybe we have to look at this so called "culprit" though it will be easier say than done to weed them off the system.

Tun, this is another example of the "keberkatan" that I say to you in my earlier comments if you do remember.

Anyway Thank you Tun for the above write-up and hope Najib/Pak Lah and also those in PR will heed those warning you highlighted and start cracking on solution.

Last, let us all pray to Allah the most merciful for help.

Salam Tun & fellow bloggers,

1.I have a few Malay proverb to best describe what the jokers up there in Putrajaya seem to be behaving lately i.Ibarat kera mendapat bunga ii.Ibarat tikus membaiki labu iii.Ibarat kacang lupakan kulit.Watching how they destroy something beautiful you have done in decades,in less tahn 5 years is amazing.And now by telling people that we'll be spared by the recession,only further proved that the jokers are finally up-grade themselves into full time CLOWN!

2.I have suggested in my previuos posting that the govt should consider barter trading as an alternative.A pool of currencies such as pound sterling,yen,riyal should be put in a basket as an exchange rate.In a layman's term it is to determine,for example how many kilo of rice to be exchange with wheat flour

3.I was in Bandar Jengka lately mingling with Felda people.Its quiet ovious that they feel the impact of recession when the price drop from rm800 per ton to around rm300,while the price of rubber from rm4 to rm1.90.That is more than 50% inflation!This is what happened when these prices were controlled in air-cond room of commodity traders in KL,London,New York.We should find ways to eliminate/by pass these middlemen,blood suckers

4.Eliminate interest rate,replace it with a flexible profit sharing/service charges.It was quoted in Al-Quran many time as a type of oppression.I believe Islamic banking system could play a major role

5.For kampung people/working lower class their only concern is day to day survival (read buying food,paying bills,petrol etc) not who's who in UMNO election or how much Najib are making from helicopter deal or how many of our country's assets has been sold by KJ.Their real spending power has been reduced.Prices of basic needs has been spiralling,while salary/wages are not.Factories are not getting orders for their goods,so retrenchment unavoidable.How about this scenario: Parent feeding condensed milk to their baby,since powder milk is out of reach!

6.Peg the Ringgit before its too late.You Tun were condemned by IMF and World Bank for taking the stance.Today its proven,while our neighbouring countries suffered the losses,due to devaluation of currencies against greenback (USD) we managed to cushioned the impact

7.Lets see if the clown and the cohorts could digest the situation or not....

Wassalam

4.Eliminate interest rate,replace it with a flexible profit sharing/service charges.It was quoted in Al-Quran

many time as a type of oppression.I believe Islamic banking system could play a major role

5.For kampung people/working lower class their only concern is day to day survival (read buying food,paying bills,petrol etc) not who's who in UMNO election or how much Najib are making from helicopter deal or how many of our country's assets has been sold by KJ.Their real spending power has been reduced.Prices of basic needs has been spiralling,while salary/wages are not.Factories are not getting orders for their goods,so retrenchment unavoidable.How about this scenario: Parent feeding condensed milk to their baby,since powder milk is out of reach!

6.Peg the Ringgit before its too late.You Tun were condemned by IMF and World Bank for taking the stance.Today its proven,while our neighbouring countries suffered the losses,due to devaluation of currencies against greenback (USD) we managed to cushioned the impact

7.Lets see if the clown and the cohorts could digest the situation or not....

Dear Tun,

Pak Lah memang haprak HP6 !! Tidak bijak. Pemimpin yang berkalibar cara mereka marah ada "STYLO MILO" tapi Pak Lah tak ada klas. Dia marah macam guru besar sekolah menengah memarahi murid-murid dalam perhimpunan pagi.

Sorrylah Pak Lah. Kawan rasa you memang tidak boleh diiktiraf sebagai negarawan.Kena kritik dah tak tahu macam mana nak balas kritikan semula. Dah melalut. Dah jadi too personal !! Podaaaah ! The earlier you go the better for the country. You just cannot run the country well with limited intelligence and IQ.

Dearest Tun,

I share the same view of your point no. 17. These capitalists are so greedy. Never enough.

I have dealt with US companies who filed Chapter 11 before. Yes, in line with your point no. 5, we may not in their debtors priority list. It depends on the "PLAN" they submitted to the court, and the process take years. You will be lucky to get some (not 100%).

Now someone said the conventional system has collapsed and we should be grateful to apply the Islamic Banking. But I was told the Islamic Banking is on the surface only. At the back, all monies go to the same conventional system handled by these greedy capitalists (or jewish?). Is it right Tun?

Salam Ayahanda Tun. I am of a mind to take very seriously the words of my grouping advisor's that The 5th Administration would not get pass 31 Dec 2008. Facts and figures do not lie, do not hides.

Salam Ayahanda Tun. I reinstate my urging to the YB Home Minister to get a fix on this issue.

- 1) Now foreign workers are working – they still have jobs and that's good.
- 2) Soon high odds say they won't be having that job anymore.
- 3) They would go to crimes to support their living here.
- 4) To the HR Minister, wake up and do your job! Take these employments back from the foreigners and give it back to locals! Go to factories and see if the work they do fits in with their allowable type of employment category. Curb crime rates even before they have any chance to see daylight.
- 5) Be pro-active at living. Go make positive changes, or changes will come and make you!

Assalamualaikum Tun;

1) This is one of your many great articles. Thanks for introducing Islamic Banks whereby it is now very popular and the concept extended to other Islamic Country. Even the traditionally non Islamic Banks in Malaysia see the advantage and at least have Islamic Bank division. Thanks Tun.. hope the new Malaysian leaders will not be as arrogant as current leaders and will ask for your advice .

2) Why not suggest that the Swiss Banks or similar kinds and all offshore bank to be abolished. That is the place where all the dirty monies from drug dealers, corrupted politicians , etc being hidden from the authorities of public. Without all those swiss/offshore banks they have no way to hide the money unless they keep cash at their home or put the money in conventional banks. This will clearly put more money in the conventional bank and at the same time expose all those people illegally or unjustifiable having too much money in swiss/offshore banks. This will hugely reduce the corruption around the world as everybody has to use conventional banks. It will helps the conventional banks.

3) Hope you can also comment the role of Swiss/Offshore banks and is there a way to stabilize the currencies ???

Pemimpin UMNO yang sedia ada sekarang ini lebih mementingkan diri sendiri dari negara... apa layak mereka untuk di gelar sebagai pemimpin hanya kerana mereka ahlul UMNO yang sembah... Najib Al Mongolia bakal PM Malaysia masih terpalit dengan berbagai skandal yang jijik... ingat dengan bersumpah dalam masjid rakyat akan terima bulat2 pengakuan dia tidak terlibat dengan tomanan tersebut..

Pandai sangat ka najib al mongolia untuk menghadapi krisis ekonomi... hari2 bercakap negara selamat dari bencana ekonomi... nak sejukkan hati rakyat dengan cara penipuan... boleh percaya ka orang macam ni sungguhpun sanggup bersumpah dengan nama Allah..

Ini lah padahnya kalau menyangka diri atau parti terlalu kuat atau hanya UMNO sahaja yang boleh menyelamatkan negara... lingkup habis...

By Poh on October 21, 2008 8:19 AM

Dear Tun,

When I was a kid, I used to ask money from my mother to buy things. Being poor, she would always reply that money does not come fall from trees or the sky. I only knew the meaning when I started working and earning money; you need to work for the money. Even after planting a trees, you still have to pluck the fruits or collect the fruits from the ground if you are lazy to climb and pluck them.

Now it is different. It only needs two entries in the books to transact the amount of USD700.00 billion! A Credit and a Debit that is all it takes.

We cannot escape from the turmoil. It will definitely affect us. As you said, export will decline and factories would be forced to scale down or shut down. Unemployment would go up. People would have less to spend and this will affect small businesses. Those businesses that has cash would be able to pull through. Those that has a lot of borrowings will go under or be bought over by the big players with cash. In this world today we are not isolated or insulated.

The Americans are the cause of all this today. I wonder why do the rest of the world allow it to happen?

Good day Tun.

Our Dearest Tun,

Thank you for writing the article which is easy to understand for layman like us.

Even though, Pak Lala would quickly say in a really angry tone, "Siapakah Tun yang mahu bercakap tentang krisis ekonomi? Dia tidak punya hak."

Who the heck is this guy?

The truth is, the whole of Malaysia is on a brink of nauseating everytime he speaks, or even seeing his face. Loser. My wife keep changing tv channels just to avoid seeing his sick face.

Sorry Tun. That's our heartfelt.

To DSN, come on Sir. You are the son of Tun Razak. Great leader can only be distinguished when he could bring his people to victory out of a crisis. Not making a drama out of it.

Salam Tun,

Sangat ilmiah artikel ini... nampaknya Tun begitu bersemangat apabila bercakap tentang financial turmoil. Saya harap DS Najib dapat memebacanya dan dijadikan panduan...jangan jadi seperti Pak Bedul yang senang-senang jer menjadikan aku miskin...kira-kira RM300 sebulan kerana kehilangan purchasing power akibat kenaikan harga minyak secara mendadak. Walaupun dah 3 kali turun...kesannya masih tak berubah.....walaupun 10 kali turun.kesannya tetap sama..masih aku terasa...

masalahnya bukan minyak aje yang aku kena beli, minyak x lah byk, satu tangki je sebulan...ada laa dlm RM40 kenaikan yg terpaksa ditanggung...tetapi barangan lain pun ikut naik...kita makan bukan barangan kawalan saja..tapi lebih banyak melibatkan barangan bukan kawalan...

apa yang aku boleh buat dgn pencen aku sebanyak RM499 sebulan....jawabnya kena korek segala saving yang ada laa.....nasib baik ada saving kalau tak jadi perompak laa.....

Salam Tun dan Toh Puan.

Semoga Tun dan Toh Puan sihat dan dilindungi Allah s.w.t.

Keadaan ekonomi masih lembab. Walaupun kerajaan telah turunkan harga minyak sedikit demi sedikit...harga barang tidak turun. Memang sudah menjadi kebiasaan dalam periagaan, kalau sudah dapat untung susah nak rugi balik.

Ekonomi negara bertambah teruk kerana sumber dalam negeri tidak dapat diurus dengan baik. Kekalahan BN di tangan pembangkang di 4 buah negeri yang boleh membawa pembangunan, lagi merosakkan ekonomi negara.

Kerajaan Pusat tahu kehilangan Selangor, Perak, Kedah dan Pulau Pinang amat memalukan dan amat di kesali. Segala sumber ekonomi dan segala duit pelabuan telah di labur tetapi tidak dapat dilaksanakan dan di kutip hasil nye.

Di tambah teruk dengan kerajaan Kelantan yang hanya tahu meminta duit dari kerajaan pusat...tetapi tidak bayar balik.

Duit di dalam tangan kerajaan negeri pun berkurangan , ini kerana kerajaan PKR lebih kepada KEBAJIKAN tanpa memikirkan macam mana nak menambah isu tabungan untuk meneruskan KEBAJIKAN itu sendiri.

Lagi teruk apa bila PBT , Kerajaan Negeri dan Pihak berkuasa cuba mengetatkan lagi syarat2 pemilikan lesen dan mencadangkan penutupan premis perniagaan tanpa sebab dan dengan sebab. Saya berpendapat tindakan ini tidak wajar buat masa sekarang dimana kegawatan ekonomi berlaku.

Pihak Bank tidak boleh di persalahkan dalam hal ini. Bank cuba membantu dan setiap bantuan mesti dikenakan bunga...sudah menjadi kebiasaan mana-mana Bank di dunia. Jangan pinjam dari ALONG lagi teruk!

Pada pendapat saya ada kakitangan kerajaan yang tidak mampu beli rumah, ini kerana pendapatan isi rumah yang kecil, dan berjawatan kontrak lebih daripada 10 tahun. Kalau mereka ini di naikkan gaji minimum RM 1000.00 dan berjawatan Tetap , saya yakin mereka akan pinjam Pinjaman Perumahan Kerajaan - dimana ianya tidak membebankan mereka. Tidak perlu pinjam duit kat Bank.

Saya terbaca NST, satu kolum dimana menerangkan macam mana isi rumah berbelanja duit dan berapa baki duit di poket. Untuk pengetahuan Tun, jumlah baki dalam likungan RM 500.00. Ini tidak termasuk perbelanjaan bayar duit kereta, duit rumah dan belanje-belanje anak sekolah.

Saya tak tahu Pak Lah dan TPM perasan masalah rakyat atau pekak kan telinga, butakan mata, atau masih sibuk hendak kerja kerusi jawatan tertinggi UMNO. Rakyat merana Tun.

Perancangan projek korido utara, selatan dan timur tidak bergerak. Rakyat tak tahu tanah mana dah di ratakan, di bangunan, di bina jalan , pokok apa yang telah di tanam untuk di tuai hasil nye. RTM yang merupakan saluran kerajaan sampai sekarang tidak menayangkan tempat projek yang di sebut-sebut....

Tanah tanaman padi yang terbesar daripada kedah jugak tidak nampak-nampak...tak bergerak-gerak. Tak tahu mana silapnye mereka ini. Mereka membentangkan di dewan parlimen berbilion-bilion ringgit kerajaan akan membantu, tetapi sampai sekarang tak tahu kemana duit tersebut.

Kerajaan negeri yang sibuk nak duduk kerusi parlimen, kerajaan pusat yang sibuk dengan isu perpaduan dalam kompenen BN sendiri, tidak menampakkan kesemua kerajaan ini berkelayakan memimpin negara.

Amat malang bagi rakyat di tipu dengan janji-janji manifesto kedua-dua belah pihak.

Tun kami perlukan AURA TUN/ PERGERAKAN TUN/ PANDANGAN TUN / TINDAKAN TUN dalam mengatasi masala yang kita semua hadapi.

Kami rindukan sentuhan Tun dan Toh Puan.

Tun jadilah PM Malaysia semula.

Sekian

Salam Tun,

I might be one of the last to comment on this topic. But that's OK. I was away from my notebook the whole day attending a forum organised by MICPA. I am a member of the institute and had the privilege to attend a luncheon talk you gave sometime back in 2005 (if I remember correctly). I have to be at these conferences and seminars to keep myself updated (Continuous Professional Development!). Are you still doing it for your MD? I hope so...

Anyway, I think you should have been at this forum. Some of the things that were discussed were very much related to what's going on in the global financial market today i.e the turmoil caused by the hedge funds you mentioned above, how the greedy traders make money out of thin air and get the US government to print money without any basis to 'bail' them out etc, etc. And it would have gone a long way to explain what has happened and how we should react to this. Opportunities (I am a positive thinking man!) in these conditions were also thoroughly discussed and deliberated. How I wish you were still at the helm to consider all these and make wise decisions that will benefit all Malaysians.

To cut everything short as I know you haven't got all day to read my comments, I jsut want to say that your assessment of the whole thing as mentioned above is 'SPOT ON'. And I cannot agree more with you that the global financial market needs is in HUGE need of a reform. Hopefully, the silver lining from this CRISIS is that it will initiate this reform.

That's all and I am also very pleased to see Mukhriz getting enough nominations to contest. I am junior of his at MRSM KB. An institution of which I am so proud of. Like you are proud of your SAHOCA roots.

Salam again and take care.

P.S I have this cartoon explaining what transpired in the whole subprime mortgage fiasco that you may want to have a look at!

Dear Tun and fellow readers,

In my opinion, the biggest mistake Pak Lah made was to increase the nation fuel price. He is not at all far sighted. He failed to understand or make any attempt to understand the world's energy market before any decision was made. He refuse to acknowledge the consequences of his decision and worst of all, he couldn't make the prices go down when the world's oil prices are down. He would just be mumbling in the media about it ya da ya da and nobody listen!!

I dont know about Najib. He's "tainted" too much with contraversies. In politics, truth doesn't count. Politics is about people's perception, not the truth. Najib won't last long. I would bet on Ku Li instead.

Tun,

As ever Tun is the greatest, enlightened us on the present economy faced by the whole world. Price of our daily groceries, wet market are very high unless one can effort it, and does not come down despite the recent decrease in our oil price. My guess is that AAB very fast moves in surrendering the finance to DSN is because of the reason Tun has indicated. AAB does not have to wait til Mar 2009 to step down but must step down now. UMNO MT must not follow the plan laid by AAB because matters will be changed and expected to be very worst, especially for those contesting for relevant post. No body with the right frame of mind knowing of Tun capabilities could talk bad about Tun, and have no respect on Tun. As for us UMNO ordinary members we support Tun and always know and believe that Tun is still our UMNO life Honoured member. AAB can say what he want but his time is out. Tun take care, we all love and have millions of confidence in Tun. May Allah blessed Tun and Family always.

Dear Tun,

Thank you for giving us a comprehensive and yet simplified review of the financial situation globally. I guess the economic crisis that the world is experiencing now is God's wrath to mankind for making usury a lawful trade. Will the economic crisis subdue by using Islamic principles and fundamentals in trade?? Allah has reminded humanity about the danger of usury in the translation of the following verse of the Quran:

"Those who devour usury will not stand except as stands one whom the Evil One by his touch hath driven

to madness. That is because they say: "Trade is like usury," but Allah hath permitted trade and forbidden usury. Those who after receiving direction from their Lord, desist, shall be pardoned for the past; their case is for Allah (to judge); but those who repeat (the offence) are Companions of the Fire; they will abide therein (forever)." (Surah Al-Baqarah, verse 275).

By PAL on October 21, 2008 9:00 AM

Dear Sir,

Thank you for the simplistic explanation on the financial turbulence happening to the economies. Instead of just describing the situation (which does not help because we can't undo the damage already triggered), why not you list down the proactive steps that ordinary people can take to help ourselves and help the local economy to "minimise damage" ? That would be something more useful.

As usual with your outspokenness and speaking with "No Hold Bar"...I am with you that all that's over is not over yet...It's just the begining... Sometimes, it pays to be selfish, go below your self esteemed and listen to the elders than hiding the truth.

I, for one believe that our economy is not as sound as it should be. Why can't we just protect ourself...like insulating our ringgit!!

Anyway, I hope the current Govt..or rather the current Finance Minister knows wht he is doing...

Let's see what's next...

Salam Tun

Saya terhibur dengan penjelasan Tun semasa Tun menyampaikan syarahan perdana Tun di UTP baru2 ni. Seperti biasa saya dapat faham dengan lebih jelas sebab penerangan Tun begitu simple walaupun isu2 yang diterangkan menyentuh isu-isu sensitif. Begitu juga semasa sesi soal jawab. Kami kakitangan tidak berpeluang memberi soalan kerana begitu ramai pelajar yang inginkan penjelasan Tun tambahan pula masa begitu 'cemburu' tiap kali syarahan Tun sampaikan.

Cuma saya terkilan sebab tidak dapat berjabat tangan dengan Tun. Bukan sedikit orang yang ingin bersalam dengan Tun. Saya cadangkan dan saya harap Tun pertimbangkan, agar Tun menghabiskan masa sehari, hanya SEHARI di UTP supaya dapat beramah mesra dan mendengar pula khabaran dari kami semua, khususnya staf UTP. Lagipun, Tun kan Chanselor kami;)

Saya faham jadual masa Tun terlalu sibuk. Tambah pula dalam keadaan politik tanah air sekarang, menambahkan lagi beban pikir Tun. Mujurlah, zaman berubah dan banyak kelebihan dan jasa yang kita dapat melalui perubahan zaman ini. Mujurlah di zaman Tun juga, Tun begitu mengambil berat tentang pembangunan koridor multimedia sehingga walaupun tak dapat berinteraksi dengan Tun secara physical, dapat juga kita berinteraksi secara maya. Maksud saya jika Tun habiskan masa Tun sehari di UTP, Tun masih boleh membuat sebahagian kerja-kerja rutin Tun.

Tun tolong consider ya...
and take care

By Jamal on October 21, 2008 9:29 AM

Dear Tun,

Thank you for presenting the present global financial turmoil in as simple a way as possible for us layman to understand.

What is basically happening is the collapse of the Capitalist Economic and Financial System. Because we are in a globalised world where our economies are intertwined - NO one will be spared.

We are not talking about Malaysia BUT the whole wide world mind you!!!

I beg to defer Tun on the terms used - "Market economy" being equated to Capitalist economy. Capitalism is about Greed and everyone allowed to do anything to make profit - even making paper or fictitious money to make profit, cheating and hoodwink people to make profits, give out unsecured loans to make profits, etc...

A market economy is not that. It is the market which trades in goods and services and will act according to the laws of Supply and Demand. Prices and production will react to the market signals from the very dynamic movements due to the forces of supply and demand.

Trading is Halal But Riba is HARAM!

What is happening to the world financial economy can be put down to this maxim - that RIBA is Haram yet it is flaunted and freely used. Now we see the effects right in front of our eyes.

The world needs a new financial and economic system. Tun you are in the BEST position now to pursue this INTERNATIONAL AGENDA.

Malaysia must take the lead thru TUN to call all world leader to a round table to formulate a new world economic system. And I suggest to go back to the Quran for guidance.

i.e NO riba (positive interest) to be used but an economy based on zakat(negative interest). International trading using a trading currency shared by everyone - not of any nation's currency. NO banks but true investments (of good and services) institutions and finance institutions that help facilitate trading and money exchanges (no interest charges but fees charges for services rendered), etc...

But for now how to ride the tsunami?

Drastic action is needed to isolate the problem(s) and attack them piece meal. The overriding goal MUST be to ensure the wellbeing of the citizens of the nation. If we need to do better trading so be it. What can we do to ensure all Malaysians are protected, until the world economy and financial system get itself into order?

This may be for the very long haul.

I will share my article on a new Islamic Economic and financial system with anyone interested.

Good morning Tun,

I know Tun stayed up late last night reading comments from the bloggers. Tun, no matter what happen, don't stress yourself.

This morning, I would like to share with Tun on how Economic Cycle is compiled. The best model we have right now it's the Evening Standard of London's study over a period of 150 years. It shows how different assets fall and rise as the economy moves through booms and busts. No matter who is our current government, this cycle is repeated. I can't draw the cycle here. Perhaps Tun can get it from your friends.

The obstacle that BN is facing now is to gain back the confidence from rakyat especially the akar umbi in next PRU 13th election. Time is the main factor, thus PAU needs to be set in December as this will allow more time for BN to concentrate on economic and confident obstacles.

Now Pakatan Rakyat has started their strategies to down grade the ruling government with PKR "korek-ing" the fault done by previous government in Selangor, DAP on ISA issues, PKR (indian) on Hindraf's ban issue, PAS on agama issues, lastly DSAI's main focus is to bring Tun down.

I am writing this because I want Tun to know that we as rakyat know the game of politics. Politic is dirty if you see it as dirty, politic can also be seen as opportunity to make you famous and weathly overnight. No matter what happened, I will still prefer to have BN because BN has the track record of 62 years now. We can't vote PR, because they are new and perhaps are the opportunist which does not have the capability to rule our country in this US financial turmoil.

Perhaps the shortest and easiest way for PR to handle our economic crisis is by using short-term measure that is by allowing borrowings from IMF and Soros (this campaign has already started last week), thus our economy will be opened to the world. By allowing this, we will end up like Manchurian goverment in China in the early 20th century, now Iraq, Pakistan, Phillipines, Palestine, Indonesia and Thailand by having huge international debts to pay at a very high high interest. I strongly believe that Tun does not want our economy to be controlled by foreigners as stated in Tun's book on The Malaysian Currency Crisis published in year August 2000 and does not want Malaysia to be the slave to them just like these countries. The muslim countries are not weak, they are not allowed to create money in thin air, this is indeed a "dosa" or "penipuan".

To make it simple, the world has moved from cold war (after world war II until the 80's to money/economy war from 90's until today.

DSAI has started the "topple" campaign by accusing our bekas Menteri Kewangan (obviously was Tun during 1998 - 2003, but he did not mention that 1996 & 1997, it was him who was the bekas Menteri

Kewangan). Thus, I believe that BN has known these attacks, but they have to use the soft and kinder approach to win back the votes that were lost in PRU 12, mainly due to petrol hike. Wondering why this happened? I was informed from a friend that DSAI and Khairy did meet up after the March election, obviously I do not know whether is true or not.

To all bloggers, a friend from HK told me that their government is blamed and be liable for US financial turmoil and the money they put into pension funds will be paid according to the market rate which is very low after Lehman Brothers filed for bankruptcy, and Hong Kong is known to have the most sophisticated share market IT system, but failed just like Singapore. This shows that the credit system used by the west has collapsed and now the Hongkongers and Singaporeans need to pay for the price. Is it fair? I should say it's fair because they are the rakyat who voted for open policy to US financial system, and these countries do not have sumber asli like Malaysia.

To chinese bloggers (English and oversea educated) who favour the glamour of the western countries, I guess you may not know that China has very strict rules in investment for foreigners. Why? Because the Chinese government knows very well that their people cannot be ruled under open system, which indeed may create "peperangan saudara, rusuhan etc, as what happened now in the Asian regions. I remember in one article, Datuk Michelle Yeoh told the reporters that she does not like the culture of the Americans because they are too open and materialistic. This shows that Malaysian cannot adapt the lifestyle of the US. So people think twice before you vote, you want your next generation to suffer or you to suffer now!!!

Tun, please rest today and i am sure the BN components will know what to do.

I am always on your side.

1. This is a classic Dr.M, the well proven ability to dissect complex issues and present it in an easy-to-understand yet accurate manner. As qualified as I am in this field, I'm often find it difficult to explain to people when asked to explain this financial crisis - so next time, I'll just give this post's URL for them to see :)
2. About Malaysia - I've said before and I'll say it again that we have among us qualified and talented people that can help us to steer us through the troubled sea. The challenge is in putting ego aside and give the right person the appropriate authority and pool these people together to come up with the appropriate policies.
3. I think we have abundant of solid bankers among us and since this is a banking issues, I would expect a good analysis from them. One of them is already in charge of EPU. However, bankers (as we all know) is not always good in looking after social welfare - the aspect of life that does not include dollars and sen.
4. We also need someone who has good economic understanding but also cares about the social welfare of the Ali, Samy and Ah Kau (this is our long established equivalent of America's whitophobic Joe Plumber).
5. The new Selangor MB today lambasted the previous administration for not maximising profit in their previous ventures. I got goosebumps up my neck: if governments start to emphasise profit over social obligations, we'll be in deep trouble in the future. Profit-greed-corruption is definitely eviler (sic) than Social-slow-corruption.
6. I digress, but really... there's only one Dr M and we should not try to find another. But I'm sure we can find 5 people that are one-third Dr M and combined well, they will be as good if not better than one Superman.

Assalamualaikum,

Sidang akhbar Pak Lah di Kota Kinabalu..

..nampaknya Tun ni tak cepat melatah lah..

..apa yang saya jangkakan Tun akan terus menjawab kritikan Pak Lah itu serta merta dalam blog ini..walaupun Tun dihentam dengan teruk sekali oleh PM dan beberapa orang menteri kabinet..

Pendapat saya sesiapa pun berhak untuk mengutarakan pandangan tentang UMNO. Sebagai bekas PM, atau ahli UMNO atau bukan ahli UMNO sama sekalipun..kalau dikira hak bercakap, Malaysia mempunyai kebebasan untuk bersuara oleh sesiapa sahaja. Pembangkang yang bukan hli UMNO pun berhak bercakap tentang UMNO, blog yang bukan menyokong UMNO pun berhak bersuara tentang UMNO..bebas..

Tun juga mempunyai hak bersuara sesiapa sahaja pemimpin UMNO yang dia suka. Sokongan ini tidak bermakna Tun bertindak sebagai PENGARAH dalam UMNO..mungkin ada sikit-sikit la Tun maukan barisan pimpinan yang dikehendaki, tak dapat dinafikan..tapi memandangkan kelemahan Pak Lah mentadbir memang wajar pun..

Muhyiddin pun dihentam teruk..nampaknya Pak Lah masih tidak berpijak di bumi nyata. Rakyat sudah sepenuhnya menolak kepimpinan Pak Lah anak beranak. Apa yang disuarakan oleh Muhyiddin adalah suara akar umbi, suara rakyat biasa yang tidak mempunyai kuasa dan mahukan peralihan kuasa dipercepatkan. Kalau dia asyik mendengar keputusan barisan kabinetnya yang kebanyakannya sudah dicucuk hidung, maka suara akar umbi tak akan sampai ke atas..

..sebenarnya saya agak terkejut dan 'pelik' mendengar setiap perkataan, setiap ayat dan 'cara' Pak Lah meluahkan dan menjawab soalan dalam sidang akhbar di KK tersebut..

..sebagai PM.."MACAM TAK KENA CARANYA LAH"...tak tau lah pendapat orang lain..?? Kalau Tun dulu seingat saya, macam tak ada pula luahkan perasaan begitu..

By azwan77 on October 21, 2008 9:51 AM

Hahahhaa...Malaysia tidak akan berhadapan dengan krisis kewangan. Satu je, kisah ini macam dalam filem 'Fun With Dick And Jane.' Hahahahahaa. Renung..Renungkanlah.

Salam Tun,

"But where does the money come from? From nowhere. The Government and the banks, including the Federal Reserve Bank conjured up the money from nothing."

That's the same question which I have been curious about for quite some time now as the money being bandied about for the "bail out" (the Western economies would dress this up as another :) thing altogether) is a huge sum.

There is a credit crunch on-going so where is this coming from? Some articles seems to point to the Eastern countries including Korea, Japan, but this seems implausible with both countries also being in the dumps of late.

Is America printing more greenbacks?

As for Malaysia: if we are to safely sail through this financial mess, it would be from domestic spending which would hopefully not run out before the global economy gets back on track.

And yes, with CPO and fuel price dampening (to use an favoured economic term), the country's in for some tightening of the belt.

Wasalam, Tun.

PS: Sad to see Abdullah saying "Siapa Tun?". A truly a humble, pious man's reaction to criticism; NOT.

Salam Tun,

It is amazing that we Malaysians continue to live in denial. We always think that our administration, political and economic climate is untouchable. We think that our country is above all the rest...Dream on...
By danielsdb on October 21, 2008 9:56 AM

Dear Tun,

Tun is absolutely right, we are still far from safe heaven as mentioned in the paper. I was told by a fund manager from Shanghai, whose company was previously owned (major share holder) by AIG, that the US government bail out effort will be a big wrong one. The bail out will be more to buy over the mortgages and credits from the banks, and a lot predicted once those banks received the bail out money, they will most slightly hold back with the cash at this moment of time entails in reducing liquidity in the market and further tumble the US economy. They also mentioned AIG is shattered into pieces now, pity to those who used to proudly own its shares, and overnight become poor.

Tun, referring to the sleeping PM's comment in STAR recently about Tun's remark on the prolonged UMNO campaign. He said this will create disunity, etc blah blah blah.....I just couldn't believe what he said and whether this guy know what is the word "SHAME" or not. The more he talk, the more he will be de-graded. Tun, continue commenting about this PM, he will burst soon.

Take care and eat moderately (I myself heed to one of your best advise, "makan sedap sedap, BERHENTI" Bye Tun

Dearest Tun,

Well Tun, yesterday the government has announced that she will inject RM 5 Billion into the share market to push up underpriced shares of the so called "important companies".

I'm just wondering whether one of them is SCOMI. Well atleast the share of the company rose by 15 sen from 30 sen to 45 sen - 50% increase. Hmmm...

My reaction to this is...is it bloody necessary to do that? Our index is not that low yet.

Is this part of the deal forced on DS Najib when the exchange of the portfolios were made?

Is this related to ongoing UMNO election where funds are not enough to buy the votes?

I'm getting really sick in my stomach thinking about these possibilities which I think is really happening. This is people's money we are talking about here for godsake! Dear DS Najib pls ignore whatever AAB has requested from you. Just answer "tak tau, saya tak tau...tak ada perjanjian". You have enough support already by now. Just ignore AAB!! There is no honor to uphold when people's money is at stake here.

If AAB government promotes transparency, the companies that are being rescued must be listed for the public to see, maybe not now to be prevent unhealthy speculation of the price but later, say 1 month from now.

Tun, maybe you might want to comment on this. TQ in advance.

Warmest regards to you and your family and good luck to Mukhriz.

P/s Have friends who are UMNO grass roots. Good report on Mukhriz. He seems to be quite popular. Thus, keep up the good work. Although there seems to be money being spread around by "others", Allah is still with Mukhriz and god willing Allah will still be with him during the election day.

By muhibah on October 21, 2008 10:00 AM

I have said it many times and I want to say it again and again and again: YAB Tun Dr. Mahathir PLEASE come back into UMNO and PLEASE, PLEASE, PLEASE come back into cabinet and lead Malaysia. With all humility, you are the only one most qualified to lead Malaysia NOW TODAY.

Granted you made many mistakes during your last administration, some of which you yourself have admitted. Your opponents will always attack you but let's take that as normal political life in a democracy. I am dead sure that after Tun has stepped down Tun must have reviewed your political history and would wish to do things in better ways.

Kita semua menyembah Allah and memohon perlindungan dan petunjuk dariNya. Diantara petunjuk Allah kepada kita sekarang ini ialah tidak ada siapa lagi buat masa ini yang lebih berkebolehan dari Tun untuk memimpin Malaysia. PLEASE!!!!

Assalamualaikum YABhg Tun.

Tahniah dan terima kasih diatas penghuraian krisis kewangan dunia didalam bahasa yang amat mudah difahami.

Kita tidak boleh menafikan bahawa sumbangan YABhg Tun selama 22 tahun telah meletakkan sistem kewangan, punca pendapatan, sistem pentadbiran, sistem kawalan dan penguatkuasaan di Malaysia menjadi teguh.

Penyatuan sistem perbankan telah mengukuhkan modal perbankan walaupun diprotes oleh pekerja bank dan menjadi isu basi pembangkang ketika itu. Dasar pandang ketimur telah memperbanyakkan negara yang menjadi rakan dagangan dan tidak hanya bergantung kepada rakan dagangan tradisi. PAS kata pandangan ke timur sembahyang tak sah. Kiblat di barat.

Keujudan, perluasan dagangan kenegara luar oleh PETRONAS dan pelaburan semula pendapatannya telah menghasilkan pendapatan lumayan kepada kerajaan.

Kekukuhan ekonomi Malaysia sekarang adalah hasil dari kecekapan YABhg Tun mengurustadbir kerajaan selama 22 tahun. Bukan boleh dicapai dalam 1 penggal.

Saya bersetuju dengan analisa YABhg Tun mengenai penggunaan kad kredit yang berleluasa dikalangan rakyat. Sekarang ramai pengguna telah disenarai hitam kerana tidak mampu bayar hutang. Sungguhpun demikian ada orang tengah yang menawarkan hutang walaupun telah di senarai hitam. Ada pula yang tawarkan bisnes kononnya kad kredit boleh menjana pendapatan.

Jadi bertambahlah hutang mereka tanpa disedari bahawa "orang yang mati dalam keadaan berhutang tertangguh dari masuk syurga walaupun dia mati syahid."

Sepertimana didalam catatan YABhg Tun bertajuk turmoil, saya berpendapat bahawa krisis kewangan sekarang bolehlah dinamakan "DOMINOS THEORY ON WORLD FINANCIAL CRISIS".

Kerajaan perlu mengambil langkah segera dalam menangani krisis kewangan global. Sekiranya tidak cekap, kita mungkin akan terjerumus kedalam keadaan stagflasi dimana kadar pengangguran dan harga barangan berada diparas yang tinggi.

Langkah kerajaan mengkaji harga minyak setiap dua minggu dilihat tidak berkesan dalam menangani harga barangan keperluan yang berada diparas yang tinggi. Peniaga akan naikkan harga bila harga minyak naik tetapi mereka tidak turunkan harga bila harga minyak turun. Macam harga skim, susah nak turun tapi senang naik.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Dear Tun,

11. Since then the price of oil had been reduced three times. But the prices of food, goods and services have stayed up.

I totally agreed with you. Although the price of fuel drop to RM1.92, the price of essential foods and goods still remain high and their excuse are supplier or distributor selling to them at high price.

Salam Tun,

1)To those who says that Malaysia is not affected by the current FINANCIAL TURMOIL must think that we Malaysians are fools.

2)You see, when you were the PM we enjoy the stability and excellent economic growth despite minor hiccups here and there.

3)Even though some painted Malaysia as being ruled by an autocratic PM before but the fact that the people have been able to get the best from that government proves that we are not stupid or subservient.

4)Some claim we are more democratic now and so on and yet we get nothing from the current government except lies. It is the politicians in the government or opposition who is really enjoying all the so call reforms. Not the RAKYAT!!!!

5)Pak Lah won handsomely in 2004, and he thought he could fool the law abiding peaceful Malaysians. WRONG!!! He was given the chance to proof himself. He fails. The swing is immediate and proof you can't fool Malaysians.

6) To Najib, please take Tun's advice and start cracking your head instead of trying to please Pak Lah.

Wassalam.

Salam Tun,

I'm sure NAJib have his financial people behind to do all these analysis. But just by him saying that Malaysia is OK, economy is doing well and etc is not enough. He have to be more detail. That's why i think your article here is so good. Its simple to understand for every walks of community.

People needs to know whats really going on, so everyone can make a wise choice of investments in the coming years.

The government have to inform the people, and hopefully not sugarcoat these issues.

Thanks for this article

Agreed with you... i think najib is just no good enough to be the minister of finance.. when i read the paper... everything is deny. deny deny deny..... sometimes i really think this government is good

for nothing except deny and live in his own wonderland.

i dont see the need for government to inject 1 billion RM into the stock market right now... the current government seem like wait for the problem to come then think of way to solve, rather than pro-actively engage to prepare our country to minimise the impact..

All i see and hear... just one thing... "deny..... deny..... deny.....deny..." what malaysia future will be with this "deny" government continue to lead the country.. i am worry indeed.....

Salam Ayahanda Tun.

I fear Datuk Seri Najib is not getting the real feedback from the pavement below him. He is relying too much on wobbly and faulty steering mechanism for inputs. What he should do is:

- 1) Make time to go for regular makan at regular restaurant or mamak stalls and listen first hand to the public grouses.
- 2) Make the effort to set up a web team (that works) like what Tun have here and open up a multi channel communications with the public. You can ask Tun for blogging and web advices. No shame there.
- 3) Learn to listen to the rakyat as well instead of just your chain of advisors.
- 4) Be a regular guy to the rakyat.

Those were the things that Pak Lah had been advised once. He never did and now he is packing way ahead of his time. The rakyat want to have a closer interaction with their leader. They have put their faith in you; and you must now put yours in them. So be wise at that, go down to the rakyat playing fields. Listen and open up to the rakyat. Najib must not be like his very-very soon to be former boss Abdullah, who is akin to the dewa-dewa purba yang kehidupnya cuma diatas langit, bagaikan kilat bersama dentuman guruh zooommm terbang sana whoosssh terbang sini...cuma besekongkong dengan suku kerabat dan para khadam...dan tidak perlu menyentuh tanah untuk hidup. Wrong! See he already bungkus now.

Datuk Seri Najib, you could even learn to make friends with the rakyat directly and one to one. Don't just wait for another 4 years before going door to door peddling your manifestos again and kissing babies for votes. We may not give it to you this time if you are no where near us now when we have to tighten our belly. Listen to them first hand, listen to their grouses. No one expects you to fix all, but they expect you to be there to listen as their leader. Think Datuk Seri Najib – you got nothing to lose and everything to gain.

Assalamualaikum wbt ayahanda tun,
Pertama kali mencoretkan kata buat ayahanda tun.

1. Sokong pendapat ayahanda.
2. Rasa kesal dengan kerajaan yang mengatakan Malaysia tidak terancam dengan ekonomi global. Dan sama seperti ayahanda, saya berharap saya juga bermimpi dan tersalah. Negera sebesar dan penduduk ramai seperti China pun mengatakan sudah ada terkesan dengan ekonomi global. Saya berharap penilaian kerajaan adalah tepat. Bukan sekadar untuk menghilangkan resah rakyat.
3. Saya ingin bertanya pendapat ayahanda, berkenaan dengan Budget 2009 seperti yang sekarang ini dibincangkan didalam Dewan, adakah ianya masih lagi realistik dan relevan ? Saya berharap Tun sudi memberikan buah fikiran.
4. Terima kasih atas pengorbanan ayahanda untuk masa depan anak-anakanda Malaysian tercinta.

Salam Tun

Again, you have demonstrated your capabilities to understand nearly all of the workings of the US Economy and its impact in Malaysia as a whole. I was not joking when I said in one of my earlier comments from another article that you would make 'a fine Finance Minister'.

Yes, what you described is basically what is happening in the US right now and your predictions on what will happen here soon is also correct IMO.

Two points then : if you are this good in Finance, why did not you not also take the role and portfolio of Finance Minister when you were PM ? Did you think Daim was better in these financial details?

My second point is : I am worried (and not confident) that Najib knows economics and the capitalist infrastructure as well as you and the fact that he seems to think our country is fine and there will be no downturn whereas the whole US and European economy and large Asian economies such as Japan and Hong Kong are suffering, appears to point to pure ignorance or stupidity.

In fact I am very worried if Najib becomes the next PM which you seem to support so strongly. I believe Muhyiddin is the better choice.

Finally this further reinforces Islam as the best religion in the world and thr truth as the Prophet PBUH has always warned against riba' and stressed trading using barter and an exchange system where the exchange is done in full at the place and point in time where trade takes place. Islam has also stressed the paying in full in cash. Buy only what you can afford and not on credit although there are also instances of borrowings in Islam.

Aslmkm YABhg Tun,

Terima kasih tidak terhingga. Tun telah mempermudah satu subjek dalam bidang ekonomi iaitu krisis kewangan dunia.

Sebelum membaca posting Tun yang terbaru ini saya dapati sukar untuk memahami apa sebenarnya krisis kewangan dunia, puncanya dan setakat mana pula kesannya terhadap negara kita.

Pemahaman Tun yang mendalam mengenai perkara ini dan keupayaan Tun untuk menerangkannya dengan bahasa dan cara yang begitu mudah akan memberi manfaat kepada sesiapa sahaja yang membacanya.

Dari penulisan-penulisan Tun yang saya baca jelaslah bahawa kasih Tun kepada negara ini dan rakyatnya sentiasa Tun utamakan. Terima kasih tidak terhingga sekali lagi.

Kata adat orang Negeri Sembilan;

Tuah rumah bertunggu,
Tuah kampung berjaga,
Tuah kebun bermusim,
Tuah hidup berjasa.

Memanglah hidup Tun selama ini sangat berjasa kepada nusa dan bangsa. Semoga Allah melanjutkan usia Tun dalam keadaan sihat.

Dearest Tun,

This is too deep for the government people to digest, I assume.

It is so naive for the PM & DPM to say we are not affected by all the global downturn. If they have eyes to look around them and the brains to try to understand the implications, they will see that the rakyat is suffering.

All the eateries I've been to, from fast food outlets, to fancy restaurants, to hawker stalls, they mentioned their business have dropped significantly.

The recent stock market crashes must have contributed to some extent.

To sum it all, Malaysia is still not OK.

Merujuk tajuk Akhbar Utusan Malaysia tentang Ahmad Zahid Hamidi

"Dalam politik macam itulah, saya harap tak ada petir dan tidak ada ribut taufan yang melanda pokok yang tinggi-tinggi dan pokok tinggi kena ada akar kuat yang dibajai supaya tidak akan tumbang dan patah dahan," katanya.

Ahmad Zahid berkata, beliau lebih senang mengambil pendekatan untuk tidak bercakap banyak demi menjaga hati banyak pihak.

To Zahid,

Hai Datuk gila pangkat nampak!!! TERPAKSA JAGA HATI BANYAK PIHAK...nampak sangat tak IKHLAS yer.. terus terang la cakap dengan akar umbi yang datuk nak KUASA dan PANGKAT... x perlu la nk jaga hati org lain.. Salam sejahtera Yang Berbahagia Tun.

10. Sepatutnya kerajaan mansuhkan subsidi petrol dan disel secara berperingkat(5 hingga 10 tahun), bukannya secara serta merta dengan kenaikan sebanyak 40 per cent. Jika secara berperingkat, ia dapat MENGELAKKAN kenaikan KOS BAHAN MENTAH dan juga KOS PERKHIDMATAN melebihi 30 per cent dalam tempoh 5 hingga 10 tahun.

11. Kenaikan dan penurunan harga bahan api setiap bulan tidak memberi manfaat kepada rakyat dan negara. Setiap kali harga bahan api naik, kos bahan mentah juga naik. Tetapi jika harga bahan api turun, kos bahan mentah tidak turun seperti yang diharapkan. Kecuali barangan dibawah kawalan kerajaan sahaja..(tidak sampai 10 per cent)

Sepatutnya DSAAB meninggalkan jawatan PM sejak awal lagi.. bukan hari ini atau pun Mac 2009

dear tun,

very clear & easy to digest analysis.

would your believe that if our neighbour, singapore is declared technically recession, while malaysia government has inform we are ok ??

we sincerely hope malaysia will pass by the world financial turmoil safely without any shaking in our financial instituion, and do hope that our petrol is back to previously at Rm 1.92 and our purchaing power is back before the petrol increase.

but in reality,

like tun mentioned,

if the exporter can't collect the payment from oversea due to the bancruptcy, the borrower will has no money to pay for his bank's loan, and company may shut down and unemployment will happened....

like the old people say, saving is the best to fight for uncertain future (as BNM is given gurantee to depositor, the deposit is cover)..

Assalamualaikum Tun yang dihormati..

1-Good explanation Tun! I'm not an economic based person but your explanation makes me understand what and how economy/money flows through the world. How it is connected through banks and traders and what is actually happens nowadays.

2-I've once read an article about economic crisis happens to us and asian countries ten years ago (97/98), and at that time you make a brave move, controlling our currency. Who advise you at that time sir? I believe you also have someone/somebody who teach, and maybe gives you some advise what to do?How about we ask his opinions again?

3-I could not agree more, phrase '14-...nothing have been implemented anyway(corridors project).' Only opening ceremony have been done, and a lot of money have been wasted by DSAB government. The cancellation of Johore-Singapore bridge, also a big waste! Imagine how much money do we need if we wish to built it now? The cost have risen 200%!

Ok Tun, have to go..

Take care of yourself, because we still need your ideas!

By Pak Ali on October 21, 2008 11:20 AM

Greetings Tun,

Great explanation on economics and the current turmoil affecting most of the world. If only the current PM can give the same explanation, but i doubt it, he cannot even give a proper public speech!

Tun, i went through two recessions of 1982 and 1997 and survived. So i know how bad it could be, reduced spending, salary cuts and daily headaches managing my finances. The current government MPs are not in touch wit realities and some of them in denial mode because they are not affected by all the pains associated with the recession. Their riches can last five recessions i guess.

The first road to recovery in any crisis is the acceptance that we are facing one. Then we can start seriously looking at steps to take to fix it. The longer the denial mode the serious the problem gets.

The problem with some leaders in the government is that they are there by popular votes by the people based on perception that if a person appears nice, and can talk well they can do the job. But a lot of them have no inkling of how the economy works and are relying on advisors from various sectors. If he gets rubbish advice he will announce rubbish statements to the media that baffle everybody! Meanwhile they hope they will not screw up and survive long enough in the office to be selected again for other portfolios in the government. The learning curve is very steep so they will face the same problems again in fulfilling certain expectations the rakyat has.

What we need are smart and daring politicians in your mold, not exactly but close. Then again, it is a very rare occurrence to have somebody like you pops up now and then in this country! Abdullah and Anwar pale in comparison, they only know how to talk but no results!

Keep it up Tun, Malaysia needs you more than ever!

And to hear our deary Scandalous DPM say... WE ARE DOING OK.. WE WILL BE ABLE TO WEATHER THIS US ECONOMY TURMOIL.. WE WILL NOT AFFECTED is... CRAP!!!! AND for the love of God, he is going to be the next PM!! Aiyoooo... We are so screwed!!

Yes Tun, you are right about everything and for the life of me, I cannot understand why our government cannot be truthful with this episode. What's with all the lying and hokey dory picture? Does our PM and DPM and the whole circus thinks we, the tax payers are stupids and therefore can be easily bluffed? Sigh... didnt the March 8 drama teach them anything or is it that they are not capable of learning anything. Sigh..

I dread to think what is going to happen in months to come especially for those who are not the least prepared. Sigh... que sera sera....

YAB Tun,

Assalamualaikum and Selamat sejahtera.

To say that your article this time around to be 'good' or 'very good' is an understatement. It is brilliant!

For a layman like me and I am sure the majority of Malaysian, Tun managed to explain and simplify the current financial turmoil that affect the world and Malaysia in 35 paragraphs and we could understand.

What I failed to understand is that why our administrators have been giving untrue statements by saying that we have been spared from all this. May be we are not feeling the brunt of it yet, but what about next year and the subsequent years?

I am wondering how and why people like Akkhan, Oct 20, 2008, 9.45pm, couldn't understand a word what Tun said and questioning your credibility on what you wrote. Please Tun, ignore what this goon has written. I think this person has no brain to think.

To Barusedar, Oct 20, 2008, 11.23pm, true to your acronym, either you have been sleeping all this time or you have just sober up from your drunkenness. Wake up lah and face the reality!

The present Finance Minister has a lot of challenges in his hand to steer our country from this impending crisis. No thanks to the former who relinquished the portfolio at the 'right time'.

I am sure people like the 2nd Finance Minister could use his experience and knowledge from the last 1997/98 crisis to chart something for the country to minimise the impact of this global financial turmoil.

To those people in the government, please don't be too arrogant by ignoring what has been written by YAB Tun. I am sure YAB Tun is ever willing to assist and give his advise and opinion on how to tackle this current crisis. What Tun need is may be, someone to ask you!

Thank you once again Tun for sharing this brilliant article. My wife and I are addicted to your blog and can't wait for your next article.

May ALLAH SWT panjangkan usia Tun dan Bonda Tun Siti Hasmah serta dikurniakan kesihatan yang berpanjangan.

Dearest Tun,

Terima kasih kerana penerangan. Simple and clear, enough to proceed to learn more.

Tertarik dengan tulisan svijeyan " I do not agree with all your writings, but I do read most of your writings".. macam pernah dengar, "sounds like me, looks like me but not me"..
And to patrickz218, Bye, bye..

Macam-macam ada, kan Tun.. Salam.

Dear Tun,

Our Finance Minister DS Najib during his keynote address at the Khazanah Megatrends Forum yesterday said that "The country is not in a financial crisis and we certainly should not talk ourselves into one,"

Do you think he is right or what you said is correct? He will pump RM10 billion to boost KLSE & nation's economy via Valuecap Sdn Bhd, Who owns this company???

Anyway, we have the same perception and I believed we cannot escape from the affection of the crisis and therefore drastic measures must be taken to encounter the problems right now.

Akum TUN dan semua

Ada banyak yang irihati dengan TUN terutama orang melayu yang berfikir Yahudi. Macam2 tohmahan dilemparkan pada TUN kononnya TUN nak jadi "Defacto PM: Saya berpendapat apa salahnya kalau ianya betul, kerana kebolehan TUN dah teruji selama 22 tahun dan rakyat tidak sengsara seperti zaman sekarang ini. Apa salahnya pemimpin yang ada menggunakan idea TUN untuk kebaikan negara???

Adakah malu untuk mengakui kebolehan TUN?. Dulu yang kuat hentam TUN adalah zionis yang menggunakan US dan Britain kerana mereka tahu kalau TUN terus memerintah Malaysia maka umat islam seluruh dunia terjaga dan susah untuk mereka memperkotak katikkan kerana TUN lantang mengkritik.

Buat Pak lah saya harap lebih baik diam dari banyak bercakap dan terutama mengkritik TUN, rakyat tidak bodoh dan kita tahu apa yang betul dan apa yang salah. Pada saya tiada apa yang boleh saya banggakan tentang Pak lah. Jadi tak payah la tunjuk kuasa suruh TUN diam dan membisu. Tengok lah pada diri anda Pak Lah.

Saya berpendapat ekonomi di malaysia ini tidak diruskan dengan bijaksana terutama dalam soal

menangani inflasi semenjak kenaikan minyak yang mendadak. Kerana secara relatifnya kesan kenaikan inflasi barangan dgn kenaikan minyak adalah lebih tinggi berbanding dgn penurunan harga barangan dengan penurunan harga minyak yang sedikit sedikit (ini cuma pandang dan kajian harus dilakukan). Sebagai contoh dgn kenaikan minyak 70 sen, kesan kenaikan barangan adalah jauh lebih tinggi, Tapi jika minyak turun sedikit2, harga barangan tetap sama. JUsteru itu kajian harga minyak berperingkat peringkat tidak membantu untuk membendung inflasi.(secara ringkas, harap pembaca faham).

Dear Tun,

Thank you for this wonderful explanation. I always wondered how we can ever think we are ok when the turmoil effects all. I take my hats off to Singapore for admitting that the economy is down and fore-warning their citizens way in advance. Unlike here, It seems like we are ok but in actual fact we are not. Thank God the rakyat is smart enough to know this.

TO BLOGGER : patrickz218 - You are a rude and ungrateful citizen of this country. Very selfish remark you made. It is racist like you that should be thrown out of this country. I am a non-malay and I rather have the Malays rule.

Assalamualaikum Dear Tun

It is often the case when people do not know much, and the only thing they do is politics and to please everybody is their jobs, they often make very stupid statements. Both Abdullah Ahmad Badawi and Najib are mere politician ,with Najib probably a bit better than Abdullah. Dear Tun, I think they do not know how to handle the current economic turmoil, but they think they know and they do not even want to ask you. Leaders can listen to their advisers but they should have brain to decide the correct thing to do. Abdullah completely listen to his advisers. The help of Allah is on the leader that fear Allah and not on the adviser.

I am sure the PM and DPM "understands" that Malaysia is integrated into the world economy. When fuel price sky rocketed Petronas made money, when commodities hit the roof; Sime, IOI,Felda semua pun buat duit...while we the middle class gigit jari paying for our fuel.

Now that the purchasing power of the world is in tehthers ; we are immune!!!! Come on lay it out, what's your plan to safeguard our economy or else take a leaf from Tun's play book, else my next vote going anyone else but BN.

Saya suka mengikuti ruangan ini dan rasanya sudah bosan dengan tuntutan kenaikan gaji dan elaun yang sering dibangkitkan, oleh itu saya ingin bertindak sebaliknya dengan memohon pihak Jabatan Perkhidmatan Awam (JPA) mengkaji semula kadar Elaun Perumahan Wilayah (EPW) di Sabah yang dianggap keterlaluan dan berlebih-lebihan dan wajar dikurangkan nilainya. Rasanya pemberian EPW sebanyak itu di Sabah banyak digunakan bukan untuk tujuan perumahan sebaliknya ada yang memanfaatkannya dengan membiayai kos pembelian yang tidak perlu seperti kereta luar negara penjawat awam di sana. Rasanya tidak logik EPW di Sabah diberikan sekitar RM800-RM1100 sedangkan tiada kos sewa rumah yang menjangkau angka itu di sana kecuali rumah mewah seperti banglo. Rasanya ada lagi yang lebih memerlukan angka itu terutama yang menetap di kawasan yang berkos hidup tinggi dan mereka yang ingin memiliki rumah sendiri. Saranan ini juga sebagai langkah

membantu kerajaan untuk berjimat cermat dalam perbelanjaan pentadbiran. Permintaan ini bukan disebabkan faktor cemburu tetapi mungkin sudah jenuh mendengar tuntutan kenaikan elaun yang rasanya lebih membebankan kerajaan, jadi ada baiknya saranan diberi untuk membantu kerajaan mengurangkan perbelanjaan dan mengutamakan yang lebih memerlukan. Selain itu sebagai peringatan supaya kita bersyukur kerana ada lagi lebih bermasalah dari segi gaji dan elaun ini terutama rakan-rakan kita di sektor swasta.... penjawat memahami

Tun,

Terima kasih atas penerangan mengenai situasi ekonomi dunia sekarang. Rakyat perlukan penerangan tersebut untuk memahami keadaan semasa.

Mengenai Bajet 2009, apa komen Tun? Mungkin kenyataan Ketua Pembangkang mengenai Bajet 2009 yang perlu dibuat semula ada sedikit kebenaran, disebabkan pendapatan negara berkurang, pasti banyak perkara yang perlu di kaji semula. Harap Tun boleh komen..

Mengenai kad kredit, pasti ramai yang tahu kesan penggunaan kad kresit. Maka CTOS diwujudkan untuk membantu terutama orang2 muda Melayu, yang baru pegang duit gaji dah kumpul macam-macam hutang. So apa komen Tun?

Yang terakhir, adakah dengan penggunaan sistem kewangan Islam akan dapat mengelak dari terjadinya

kejatuhan ekonomi kapitalis yang tamak. Harap Tun dapat komen.

1. Tun, the economy of the country should be run as a corporation i.e. the management team's (the government's) objective is to maximise shareholders' wealth (the citizens' wealth).
2. On the contrary, the management team's (the ministers and the PM) objective is maximising their own values (wealth) at the expense of the shareholders (again, the citizens).
3. Whoever said that Malaysian economy is not going to be affected by the current world's financial turmoil has to be found guilty of misrepresentation.
4. We know what they really meant was that their accumulated wealth is not affected. (How can they be when the initial investment monies were not theirs to start with?).
5. Those who have misrepresented to the rakyat, should receive similar treatment as those CEOs of large American corporations i.e. ML, AIG etc. They should be questioned by a special committee (independent of course) on national television and make them justify their own statements.
6. We have worked hard to build Malaysia for more than half a decade and after all that hard work, we get these clowns to make all of us look like fools to the world when they issue silly statements like " we will not be badly affected".
7. I don't need an ex PM's son to issue such statement. Even monkeys in the zoo could have given a better statement. (I really don't blame him as we all know his wife must be the one whom told him to tell that to the public).
8. To the people of Malaysia, let's work hard to struggle our way through the financial crisis. Let's not depend too much on those clowns in the administration. They have failed us too many times. We are on our own, and despite them destroying our beloved country, we will make it happen.

Salam Tun and all,

1. Your entries whether on politics, economics, race relations, developments and even your small talks always get huge responses.
2. This shows that you are well loved by your admirers; and those who do not love you so much- still they leave a comment or two to show their hatred; which goes to show that you are always being closely watched!
3. My comment this time round is just to say, prescriptions under Islamic laws can never be wrong because they are handed down to us by our Creator, The One who is All-Knowing, All Wise. We must be steadfast in that truth. The only wrongs that can come out of it is when WE do not know how to interpret it, and when in implementing it, we do it half-heartedly .
4. Which is why the growth of Islamic banking and Islamic finance worldwide must be given priority by all concerned in this sector. Malaysia MUST take the lead. Tun had started it back then, NAJIB must be rigorous in continuing it.

May our children one day read all these postings in Tun's blog and say, "Our forefathers had really been concerned".

Take care Tun and all, Jaga Diri, Jaga Solat. Kalau Tun simpan janggut pun elok juga Tun sebab semua nabi-nabi ada janggut, itu SUNNAH. Tun jangan tolak sunnah, ya. Kalau dah tak mau tumbuh juga, tak pa lahhhhh.....nak buat camna kan?? :)

Dear Tun ,

Kali ini topic yang Tun tulis memang menjadi buah mulut semua orang. Alhamdulillah rakyat Malaysia sekarang cukup bijak dan cerdik. Oleh itu tak payahlah kerajaan atau orang - orang tertentu membuat kenyataan dongeng kononnya Malaysia tidak akan dilanda krisis ekonomi. Cukuplah state of denial. Rakyat dah bangkit, dah pandai buat analisa.

Bukan itu saja , sekarang ini pun rakyat dah rasa betapa peritnya beban kenaikan harga. Kalau dulu bawa RM100 banyak barang yang boleh di beli. Sekarang dengan RM100 ciput saja barang yang dibawa pulang.

Kalau dulu kita makan roti boleh cerewet , kerak roti yang ditepi2 kepingan roti boleh dibuang . Sikit hari lagi bukan saja kena makan kerak yang terdapat ditepi2 roti kalau boleh habuk roti pun nak kena telan sekali. Begitulah nampaknya hidup sekarang. Takut sikit hari lagi roti bukan makanan orang biasa pula.

Tun ,

Rakyat tahu apa yang akan mereka lalui . Kemelesetan ekonomi akan di alami oleh Malaysia. Bezanya rakyat dah terasa dengan keadaan ini , etapi takut golongan pemimpin yang mempunyai wang berjuta belum terasa apa apa lagi. Maklumlah wang masih menggunung . Agaknya wang yang dimiliki sesetengah pemimpin telah mengaburi hati dan perasaan mereka. Mungkinkah kesan kegawatan akan lambat mencengkam hidup pemimpin kita, atau kenyataan mereka tentang kegawatan yang tidak akan melanda kita is applicable untuk diri mereka sahaja.

Sekarang ini rakyat nak tahu apakah langkah kerajaan untuk membantu rakyat mengharungi keseksaan ini. Apakah bank bank di Malaysia akan disuruh beri kelonggaran kepada peminjam bagi bayaran pinjaman perumahan umpamanya demi membantu rakyat kita mengekalkan harta mereka yang ciput itu. Atau pemimpin tidak peka langsung dengan nasib rakyatnya. Biarkan rumah dan asset rakyat tergadai. Dimanakah pemimpin yang memahami nasib rakyat . Atau mereka sibok dengan berebut jawatan untuk mengekalkan kedudukan. Sibok dok minta undi dari akar umbi lagi tanpa menghirau bencana yang bakal melanda.

Sekarang rakyat dah nampak dan bosan dengan cerita angan angan pemimpin kita sebab dibawah sini rakyat sedang berpijak dibumi nyata mengharungi hidup yang mungkin menuju derita. Hanya Allah sajalah tempat mengadu dan memohon bantuan.

Dear TUN,

I think u have underestimated BADAWI, he is a highly complex individual.

If our Badawi and gang are consistant and correct in their opinions, Malaysians should be rejoicing that oil prices have come down! I wonder how much extra money our govt. is making now. They must be feeling realy smart now!

Now that the country is making more money by the decrease of oil prices they are distributing the extra profits among the rakyat.

I suggest that Badawi reach out to the rakyat and urge them to hold collective prayers that will help the price of oil to drop further!

What a brilliant pioneering concept the lower the oil prices drop, the less the biggest contributor (petronas) makes ,the more the rakyat benefits!

Forget about UMNO nominations, we are talking NOBEL prize nominations here! Its already in the bag! they can already use to benefit the BN campaign, Olympic gold is nothing compared to NOBEL prize.

WELL DONE BADAWI, petronas will soon be the no.2 contributor to national income, after you start charging other govts. for financial advise. But please reject high offers because the rakyat cannot afford it yet until oil price falls futher.

Its a whole new concept! THE RACE TO THE LEAST AMOUNT OF MONEY!

By chin on October 21, 2008 1:09 PM

Tun,

Your analysis is astute but is limited to the symptom, not the cause.

Globalisation is shifting jobs away from developed countries to developing countries because of the lower cost and because of the free trade agreements. While corporate America gained, America lost. America has been borrowing big from the rest of the world to pay for its imported goods and services.

The slide was initiated by the collapsing sub-prime mortgage scheme, because the Americans just could not pay their loans. The services industry in America dominates the economy, and it is collapsing. Unemployment will spike in America, causing a recession. Logic would dictate that America will need to devalue its currency to boost domestic production and export.

What this means is its import will slow and countries like Malaysia and China which depended on exports will need to look elsewhere to sustain its economy. Since the cause is a fundamental imbalance in trade between US and its partners, the recovery will be long. America has in the past maintain the currency balancing act by selling its debts and now it is defaulting on its debts. Nations will shift away from USD further weaken the dollar and weaken US buying power.

The world is so looped sided that it needs to find a new equilibrium. And that is what will happen in the next few years. And if the corrupt members of our government could just stop counting the money in their wallet long enough to address the fundamental flaw in our economy, we will ride through the worse of it.

What you had predicted during the Asian Financial Crisis is coming true. I remembered we were the pariah of the economic community and Tun, as well as Tan Sri Nor Yackop were looked as villains by the world for trying to destroy centuries of economic structure.

Be that as it may, I was wondering, whatever happen to Tun's idea of using the Islamic Dinar based on Gold and Silver for trade. Did it finally materialise? Are we using it now? If we are then we should be safe as the gold had appreciated so much.

By Liew on October 21, 2008 1:47 PM

Tun,

On financial issues, you are the best. Your opinion on the matter is clear and direct but will Najib and gang do the same will be the big question for all Malaysian to ask. I think he will take your advice as he cannot think by himself and his gang cant help too as he and his gang are busy thinking of some other more important subject like solving Mongolian beautiful girls problem.

I don't understand why you support him as he has not done anything special or significant in all his time in the Govt. All news about him got to do with buying unnecessary submarine, helicopter or beautiful girls. I think we should give Ku Li a chance although he is untested but he has less scandals and bad rumors. What do you say?

You should be appointed CEO of Malaysia but without political power so that you concentrate on Malaysian business, financial and marketing subject only. You should not waste time on administration as you can let Najib and gang do the job. You are best at creating business and image for Malaysia and as long as the input business and income is big enough we don't have to worry so much how Najib spend or waste the money. We cannot depend on them to bring in business for Malaysia.

Stay healthy and sharp

Dear Tun,

This my second post on this topic. When i heard over the news that Najib is telling Malaysia we are pretty much isolated from the credit crisis and that our fundamental remain strong ya da ya da.. i smell problem.

Even before he made the announcement, most Malaysian are asking themselves whether they will have their jobs tomorrow; whether the company they works for could survive the crisis, etc

Injecting more money into Bursa wont do much for most of working Malaysian!! It will only save those who are in Bursa!! Maybe along the way enriching non-Malaysian as well. And of course, the goverment would be using our/taxpayer money.

Boosting government spending and encouraging domestic spending is the way forward.

Yang berbahagia Tun,

Kerajaan tak risau (ataupun buat2 tak risau) sebab yang menghadapi masalah sekarang adalah US dan UK dan bukan Malaysia! Tapi orang kampung pun tahu, Apa sahaja keadaan ekonomi di US khususnya, akan memberi kesan kepada Malaysia.

Semalam, saya telefon keluarga dikampung, orang kampung dah mengeluh, harga getah telah jatuh lebih 70% daripada harga sebelum ini. Harga terbaru dpd pemborong adalah rm1.50 daripada rm7.00 sebelum ini. Kalau orang kampung pun tahu erti kemelesetan ekonomi, takkan orang yang khusus dalam bidang tu pun cakap Malaysia kukuh ekonominya? Berapa banyak rizab kita ada kalau ekonomi dunia berterusan meleset dalam masa setahun lagi?

Kepada sesiapa yang berkenaan didalam kerajaan sekarang, hentikanlah politik tu sekejap, tumpukan perhatian kepada masalah rakyat, buat apa yang patut, jemput Tun kedalam mesyuarat kerajaan, minta nasihat/pandangan - rugi apa? Kalau US sendiripun sudah mengikut cara Tun menangani masalah ekonomi mereka, kenapa kerajaan Malaysia yang 'memiliki' Tun masih 'jual mahal' mendapatkan nasihat daripada Tun? Tidak kurangpun maruah tuan2 walaupun meminta nasihat Tun. Nanti orang kata tuan2 ni bodoh sombong, lagi tuan2 tak terima!

melenting! kata siapa diatu! siapa dia ni! kalau dah cakap macamtu di media dan ditonton pula berjuta2 rakyat, saya berani kata, tuan2 tak layak jadi pemimpin - cepat melatah!

Nak kongsi sikit dengan Tun..

Tiga hari yang lepas, di sebuah limbungan kapal di Guangzhou, sedang saya dan dua orang rakan berbual2, tiba2 kami disapa oleh orang tempatan - pekerja limbungan. Dia tanya, Malaysia? kamipun kata ya, Malaysia. Dia tanya lagi Colompo? (Kuala Lumpur lah tu agaknya), kami kata ya Colompo. Dia terus tanya Mahathir? sambil tu dia terus bagi signal - thumb-up dan terus tabik askar sambil sebut Mahathir. Masa tu saya bukan main terharu.. walaupun lima tahun berlalu, nama Tun masih diingati oleh orang asing tetapi masih dibenci oleh rakyat senegaranya sendiri.. (sedih saya).

Kami suruh dia ulang lagi (harapan nak rekod video dan upload ke you tube, tapi dia tak faham)..

Kami cubalah sebut dengan beliau yang Mahathir dah berhenti dan kami sebut AAB, Dia tak ambik pusingpun. Mungkin kalau sebut Bapa Demokrasi, dia paham kot?

Salam Iban Guangzhou.

Dear Tun,

Thanks for the wonderful bird's eye view of the recent world economy scenario.

This is what I have been wondering so far: what good Malaysia has to avoid this economy tsunami?

Commodities are falling, this is not a good sign for our nation as a large part of our national income came from commodities like petroleum and palm oil. I believe there won't be a problem for Petronas but it will be challenging for large plantations.

Sigh, when commodities are on the rise, nobody happy too anyway because this directly impacted by a 40% fuel hike, 100% rice hike, etc.

"Now the corridors cannot be fully implemented. But this is fine because nothing had been implemented anyway. "

Good saying! Me and my friends here has been wondering, what happened to the several billions ringgit approved to improve self sustainability on food like rice?

The only related follow up I have here is report about massive harvest coming soon in Thailand and Myanmar, rice price expect to fall further...

But what about our rice self-sustainability plan?

Or is it just like another palm oil biofuel plan?

we need someone capable to lead the country, rather idiot that bark for ground supports. MYR5b is not a small amount of money. We, the citizen, don't want our money to be wasted unreported!
By Global Traveller on October 21, 2008 2:01 PM

I am constantly amazed by your insight into the Malaysian economy. Back in 1997 you put in place capital control not many believes in what you did. But your quick action has help preserved our Ringgit. This time around, we have a government who is still believing that Malaysia has no problems amidst the global financial crisis. By the time they wake up and realise that we are not immune , it will be too late.

Salam Tun

Masa Tun dulu dah bagi nasihat. Masa Pak Lah sekejap aje, level 4 lebih teror.. jadi nasihat pun tak diendahkan; agaknya kami ni kurang pengalaman? credential? finesse?. La ni, masih sempat lagi, tapi nak dekat jadi bubur. Masa abg(anak) aji dah habis... tinggal kami berdua. Kalau nak tunggu, tuhan boleh tunggu, tapi kita tak boleh.

Selamat Hari Raya, maaf zahir dan batin. Dah malas nak mengutuk, komen... saya tengok ajela.... agaknya jadi observer aje.

Dear Tun,

This is my 3rd post on the issue since i feel strongly about it.

You have given you insight. Now, could you recommend and present what should our government do to wheather this expected difficult time.

many thanks & kind regards

Salam Tun & all chedet.com members,

What will happen if all depositors withdraw the money from all banks hehehe...so scared reading your article,Tun.

And need your brilliant opinion pertaining to rivalry some local banks (should every m'sian knows) buying stakes in overseas banks cos it involves depositors money in which mismanagement can cause economic crisis as well.

Thanks for xpalantion...keep on writing. Wassalam...

Salam to you and your family in this beautiful month of Syawal...

There are and will always be those kind of individuals out there who cannot get enough of you. Please don't be disheartened Tun. Keep on writing and share your thoughts and your visions with us.

As for the attention seeker Mr Patrickz218 who's leaving Malaysia, I wonder how he will plead allegiance to his future country next.To apply for a Permanent Resident is complicated enough, but to change one's citizenship will not be so easy my friend.What are you really running away from my fiend,.. sorry friend....

Stay calm and be happy always Tun. Cheeriosss!

Salam Tun!

Well said & easy to understand. Soalan saya untuk Tun:

- 1) How do we face this crisis?
- 2) What are the steps should be taken to ensure that we as the common wage earners are not drag along this crisis and able to stay afloat?

Terima kasih Tun. Harap mendapat jawapan dari Tun.

Salam,
Cheyan

Assalamualaikum Yang Dikasihi Tun,

Mengenai Tsunami Ekonomi, Nauzubillah, walaupun harapan mengelak tipis, mudah-mudahan Allah membantu dan memudahkan urusan kita. Minta dilapangkan segala kesempitan.

Sampai maklumat pada saya, PM kita serah jawatan Menteri Kewangan ke TPM ada sebab-sebab jahat dan tersembunyi, antaranya :-

1- Nak cari salah laku dan salah guna kuasa semasa TPM jadi Menteri Pertahanan, dan menggunakan maklumat tersebut untuk jatuhkan dan malukan TPM (KJ and geng jadi spy dan sebar maklumat pada pembangkang);

2- Nak cari kelemahan TPM mengurus Kementerian Kewangan, jadi boleh dibuang kelak;

3- Apabila TPM sabit kesalahan, PM tak akan teruskan peralihan kuasa dan kekal jadi PM (part ni yang paling ditakuti).

Senario yang amat membimbangkan. Jika benar TPM menghadapi masalah dalaman, skandal dll, yang semuanya mengikat beliau dan menjerat beliau, kenapa tidak kita mencalonkan sahaja DS Muhyiddin atau T. Razaleigh sebagai PM dan DS Rais Yatim sebagai TPM.

Perlu difikirkan sebelum TPM Najib jadi PM dan dimalukan, masalah bertambah2 teruk, UMNO dan orang Melayu semakin malu dan tertekan dan pembangkang semakin bersorak dan bergendang.

Pening semalam bertambah2 hari ini.....

Semoga Tun sekeluarga tetap sihat walafiat dan berbahagia sentiasa.

P/S : Seronok jumpa dan berborak-borak dengan Tun dan Mukhriz hari Sabtu 18/10/2008 hari tu.
TERIMA KASIH TUN.

Salam Tun,

Very well said about the dangers of globalisation, open borders and free markets and the risks we face from the world financial crisis.

What's needed is a separate trading bloc, especially among developing countries which will provide a market which provides some insulation from the global market and in which the economies of countries involved can survive and sufficiently thrive, even in during hard times in the world beyond.

However, especially after the GATT conference in 1994 and especially after MSC Malaysia was established, as an ICT writer, I've suffered no end of having to hear proclamations about "glories" of globalisation, open borders, free trade, the "leveling nature of globalisation," the "liberating nature of globalisation" and so on, and that was even during the time you were Prime Minister, though indeed yes,

you did express your doubts.

You dreamed of a knowledge-economy in which information technology and multimedia content would be the engine of growth but according to recent figures, Malaysia's exports in merchandise trade was worth about RM555 billion, while exports by MSC Malaysia status companies was RM5.57 billion or just over 1% of merchandise trade.

While that is a small but significant achievement for MSC Malaysia, my question is whether ICT can and will ever become the "engine of growth" or the main export of countries, as is much touted by cheap paperback writers and quack futurologists who rose in prominence and stardom amongst business and government decision makers, including within the Malaysian government.

Such liars and charlatans of the dis-information technology industry disparage manufacturing and agriculture as "sunset industries" -- mainly because much of manufacturing and later services, technology development, research and development activities have been shipped out of the United States.

So yes! Such industries certainly are "sunset" industries for the United States in particular, which is what these cheap paperback writers and quack futurologists were writing about.

However, the unfortunate thing is that our stupid management consultants, top corporate executives, management consultants, government decision makers, economists, journalists without brains and so on swallowed the lies and disinformation spread by the cheap paperback writers and quack futurologists.

People cite the 7% contribution by South Korea's creative multimedia industry to that country's gross domestic product.

However, that is half the truth. What they don't tell you is where the remaining 93% of south Korea's GDP comes from.

Thus telling half the truth is in fact worse than telling a lie.

Anyway, now we can see what the end result of striving to discard one's legacy wealth-producing industries in the collapse of the banking and financial system in the US and in turn the collapse of its economy.

Thus Malaysia needs to re-think its national development policy so as to avoid inevitably going over the waterfall at the end of the river.

NEWS FROM SINGAPORE!!!

Prepare to lose jobs in Singapore
By NELSON BENJAMIN

SINGAPORE: The 300,000 Malaysians employed in the island republic have been advised to gear up for retrenchment if the country continues to slide into a recession.

Human Resources Minister Datuk Dr S. Subramaniam said that although the technical recession experienced by Singapore has not yet translated into unemployment, it was better for Malaysians to be prepared.

"If there is unemployment due to a recession, our workers will be hit," he told The Star here yesterday.

"They need to work on retraining and acquiring new skills to ensure they have jobs during such times."

He said that Malaysians accounted for about 30% of the foreign workforce in Singapore.

Dr Subramaniam said that many of the Malaysian workers in Singapore were unskilled and employed in the manufacturing sector.

Asked about whether the ministry had a contingency plan for such a situation in Malaysia, he said that Malaysia would have excess job vacancies as work presently being done by foreigners could be offered to locals instead.

According to economic data released by Singapore's Ministry of Trade and Industry, the island republic will be the first Asian economy to fall into a technical recession.

A technical recession is generally defined as two consecutive quarters of contraction in economic output.

Dr Subramaniam, after an hour-long meeting with his Singapore counterpart Gan Kim Yong, said they had discussed various issues.

On instances of Malaysian workers being cheated in Singapore, he said that the Malaysian High Commission had received 1,250 complaints within the first nine months of this year.

Dr Subramaniam added that there was something wrong with the recruitment mechanism and the ministry would have to check on the matter.

Salam Sejahtera buat Tun beserta keluarga,

Selama beberapa tahun kebelakangan ini rakyat dihidangkan dengan maklumat-maklumat yang menyimpang dari kenyataan sebenar yang melibatkan kebajikan rakyat sendiri. Yang menanggung akibat

langsung adalah rakyat. Pemimpin yang membuat pelaksanaan terburu-buru (tanpa buat apa-apa "study long/mid term effect" keatas ekonomi, besar kemungkinannya!!)langsung tak ambil kira akibatnya. Antaranya seperti naik harga minyak ikut suka berikutan itu akibat dominonya- harga barangan , pengangkutan dan lain-lain naik. Kadar Inflasi naik, kuasa membeli turun, pendapatan rakyat dan isi rumah tak berubah. Ada naik sikit itupun untuk warga kakitangan kerajaan. Saya rasa terharu campur confused apabila PM sekarang ni buat statement mengenai Tun berkaitan dengan isu pemilihan UMNO. MAKA ADANYA ada ketikanya kita sebagai manusia biasa yang sememangnya lemah di sisi ALLAH , ada sebahagian kita tidak dijadikan untuk menjadi pemimpin apalagi menjadi pemimpin sesebuah negara di era serba kalut ni. Ada ketikanya lagi banyak kita bercakap dan bersuara maka makin akan menonjolkan lagi sifat kejahilan dan kedunguan kita.

Puji-pujian bagi Allah Tuhan semesta Alam. Amin.

A mat salleh I worked with once remarked that the management is treating us like mushrooms - "feeding us bullshit and keeping us in the dark"! This is exactly what the current politicians are doing to Malaysians

It is insulting that they think Malaysians incapable of analysis and will swallow what they say hook, line and sinker. It is amazing that we have a Finance Minister AND a Prime Minister who tells us that we are ok while the US and most of Europe are facing a major crisis with their banking and monetary systems!!

While the rest of the world are worried about what needs to be done to shore up their economy, our politicians are busy fighting for their political careers and not one MP, be it from the BN or opposition has come up with anything worth listening to about what we need to do to fortify ourselves for what lies ahead.

They berate you on the mainstream media for telling it like it is but they themselves are unable to come up with anything meaningful or helpful to us citizens ... there are repeated faux pas made by both BN and Opposition MPs alike and watching the parliamentary debates on TV makes one wonder how they can claim to be "leaders" of this country ... I guess predominantly in Malaysia, shit floats to the top!
By EBAuthor Profile Page on October 21, 2008 3:17 PM

Dear Tun

In simple terms, a free market is an array of exchanges that take place in society and wide participated in M'sia and each exchange is a voluntary agreement between two parties who trade in the form of goods and services. In reality, this is the extent to which a free market exists since there will always be government intervention in the form of taxes, price controls and restrictions that prevent new competitors from entering a market. Just like supply-side economics, free market is also described as a political or ideological viewpoint on policy and is not a field within economics. Taking this into consideration while the international financial system and the market economy has failed, what would a suitable system that can be introduced in order to avoid or minimised the failure in free market. Thanks

Y.A.Bhg Tun

It is time to revive the gold dinar system you proposed to the OIC when your were PM. Of course it was shelved by AAB as soon as he became PM. (It seemed he reversed everything good that you did Tun). And Tun, dont bother with BNM either. It seemed that they too were eager to lend AAB a helping hand in turning back what Tun proposed.

The best place is the IBD. There are some very senior (and very good and highly qualified) Malaysians among the senior most executives of the IDB. I am confident the IDB and the OIC would be very keen this

time around to implement Tun's Gold Dinar proposal.

May Allah always protect Tun and family for the benefits and protection of the ummah

I havent finished reading all the other posting yet but I would first like to vouch for what Tun has mentioned on point 3, 4,5, 6 and now I'd probably have to go for point 12 (small biz fold up).

How can our government say we are not affected? Have we been sleeping or do we only want to react when it is too late? We already have a sleepy PM and now going to have another sleepy DPM?

By longjaafar on October 21, 2008 3:26 PM

Correction, Tun.You said that some banks lend 100% for house purchase. It's more than 100% in the UK. So it was a disaster waiting to happen.

Secondly you talked about people only trading with paper, with no real assets. It reminds me of our own country. AP's are given by the govt for free to a very privileged few and are sold to the public for exhorbitant sums. The perpetuation of this system is said to help the bumiputra businessmen. Sad to say, many do not even have showrooms. I doubt that the officers of MITI have eyes or ears. If they do, then they would have seen all these happening under their very noses.

There are other 'paper wealth' ie licences that can be traded for hefty profits. When Time DotCom was in trouble, it sold it's licence (obtained for free) to Digi and got more than 100million.

Are these the kind of Bumiputra entrepreneurs that the govt wish to develop? There are also those just specialising in the 'trading' of state land. All they do is obtain a piece state land and sell it even without paying the premium, and make millions. The money is spent on lavish lifestyles. And when the money runs out, apply for another piece. It goes on and on, so much so they even have people in every land office to provide information on land available to apply for.

What's your take on this?

But you are not Tun, you are a rare gem any third world country would like to possess but has been blessed to malaysia but the malays dont know how to appreciate you dear Tun.

Coming back to economy, all the guys PM,DPM,ministers all these cabinet bottles are still in denial. They say the economy is good, great and gonna be better. Actually, they are telling the truth dear TUN,they are not in denial.

I hope all the other people who commented here and those reading Tun's blog also reads my comment cause i have this to say :

THEY ARE TALKING ABT THEIR OWN ECONOMY LAH MALAYSIANS. THEY ARE REFERING TO THEIR CHILDREN,BROTHER,WIFES ECONOMY.....

thats why its good. So now u know huh? They are not talking abt the country's economy....hahahaha who cares abt the country?they are all bilionaires...

Nak bagi komen tentang artikel Tun ni (naik juling biji mata saya utk pahamkan nya) memang saya x berpe nak paham pasal financial ni walaupun saya uruskan kewangan sekolah itu pun duit nye seciput je ini kan lg satu negara, mengigil kepala lutut..
Apa2 pun saya respek Tun, mcm mana Tun menyelesaikan masalah masa kemelesetan ekonomi dulu mmg hebat. Sepatut nya pemerintahan sekarang perlu mendengar & meneliti cadangan tun... jgn asik nak tunjuk pandai je.

Isu Pak lah kritik Tun tu (lambat bagi komen)

Dia tu masih x sedar lagi sape lah dia kalau bukan Tun yg melantik dia. Saya suka bila DS Rais Yatim membela Tun, walaupun soalan kpada Pak lah telah di putar belitkan oleh wartawan... (Harap2 DS Rais Yatim akan melepasi had kelayakan untuk bertanding Naib Presiden DAN AKAN MENANG NANTI)
Nampaknya Laman Blog Tun ni akan lebih mnjadi tumpuan ramai... waw... bangga plak rasa coz saya dah jadi warga chedet.com ni

Kepada TS Muhyiddin..

Saya suka sikap TS yang cool itu...

SOALAN UNTUK TUN YG SUDAH BERKALI2 DITANYA....
BILA TUN NAK MASUK UMNO BALIK NI?

X sabar rasenya nak tunggu Mac 2009, mcm mane la jadi nya...!

Lets me honest here, the current leaders are just bullshiting. TUN is an experienced man who i belief have the answer or atleast solutions to the eoconmic crisis, he did it before he can do it again if given the opportunity. I openly admit that you are the person i will like to see rule malaysia forever and ever, i dont care if you are indian malay, original malay or whatever all i see is a human being that knows how to look ahead, analyse issues concerning the nation and execute whatever plans required good for the nation.

Besides how many of the current leaders are able to dissect a topic like Tun does. I guess the medical study did help in the administration of the nation.

I FOR ONE WILL NOT ABANDON MALAYSIA for whatever the reason maybe. I belief in loyalty to the end. (Eventhough i do have other options available, i am not a PIG, but a PROUD MALAYSIA BECOZ OF TUN WAS MY PM).

THE WORLD WILL BE A BETTER PLACE IF EVERYONE SAW EACH OTHER AS HUMAN BEINGS
RATHER THEN A RACE OR COLOUR.

SALAM TUN,

FIRST OF ALL, BRILLIANT ARTICLE WHEN YOU CAN SIMPLY EXPLAIN WHAT WAS HAPPENING IN THE WORLD FINANCIAL SYSTEM IN JUST 35 POINTS.

AS YOU SAID, AND NOR MOHAMAD YAKCOP SAID A NEW ECONOMIC SYSTEM NEEDS TO BE DEVELOPED AND SUGGESTED IN A WORLD FINANCIAL FORUM TO ACCOMMODATE THE NEEDS FOR BETTER FINANCIAL SYSTEM AND ECONOMIC CIRCULATION AND TRADE AROUND THE WORLD.

AS ONE MATTER , CAN YOU GIVE ANSWER TO WHAT PAK LAH HAVE JUST SAID EARLIER THIS WEEK REGARDING YOUR PREVIOUS ARTICLE MAINLY ABOUT 'UMNO ELECTION'. I KNOW YOU ARE NOT THE TYPICAL TYPES WHO WOULDN'T ANSWER WHEN SOMEONE ATTACKED YOU ESPECIALLY IN FRONT OF PUBLICS.

BUT SAD TO SAID, UMNO MEMBERS HAVE GIVE REPORTS AND RESPONSE FROM THE DIVISION THAT YOUR SON, 'MUKHRIZ MAHATHIR' ARE USING MONEY FOR GAINING SUPPORT AND VOTE AS YOUTH CHIEF. CAN YOU EXPLAIN THIS OR MAKE MUKHRIZ ANSWER THIS ON HIS ON.

ON THE OTHER HAND I WANT TO SUGGEST MUKHRIZ TO OPEN HIS OWN BLOG TO CLARIFY AND SCREEN ALL HIS VIEWS AND OPINIONS ABOUT ALL ISSUES THAT HAPPEN IN MALAYSIA AND WORLD. CAN YOU ADVISE HIM ON THIS MATTER?

HOPEFULLY HE CAN ANSWER AND OPEN HIS BLOG ASAP.

ONCE AGAIN BRILLIANT TUN, YOU'RE VIEWS ARE MUCH NEEDED TO ASSIST CURRENT LEADERSHIP WE HAVE TODAY.

Assalamualaikum Tun,

Setelah membaca komen-komen dari blog Tun, saya dapati ramai individu2 yang mahukan Tun support Datuk Najib sebagai advisor.

Masalahnya sekarang, adakah pihak UMNO sendiri rela Tun menjadi Advisor mereka? Bercakap memanglah senang..cubalah memakai "kasut" Tun..baru tau..Akhbar tempatan banyak melaporkan negatif respon dari ahli M.T.kecuali Datuk Rais yang banyak mempertahankan Tun.

Diharap selepas ni, biarlah Tun aje yang buat keputusan..saya pasti Tun tak lokek ilmu ..Tun dah berjaya membuat Pak Lah berundur..SYABAS TUN..

Sesungguhnya Allah SWT memanjangkan usia dan memberi tahap kesihatan maksimum kepada Tun kerana TUJUAN Tun itu mulia.

Dear Tun and fellow bloggers

Lorenz printed a paper about this subject called, "Predictability: Does the Flap of a Butterfly's Wings in Brazil Set Off a Tornado in Texas?" and the title of the Butterfly Effect has remained. Today, sensitive dependence on initial conditions is referred to as "The Butterfly Effect" and it has spawned research over the last several decades known variously as chaos theory, complexity theory, stochastic processes, and other names.

In chaos theory, "The Butterfly Effect" refers to the discovery that in a chaotic system such as the global weather, tiny perturbations in the system may sometimes lead to major changes in the overall system. It is theoretically possible that a slight rise in temperature in the ocean off the coast of Peru will create tiny changes in the air flow that would eventually lead to different weather in North America and Europe. In most cases the slight change would make no difference whatsoever, but when the system is unpredictable at a certain stage, the future may unfold quite differently, depending upon what little difference occurred.

Most of our problems are complex because there are so many factors involved, often because the system is structured in a certain way due to things that happened in the past. If we see things in terms of simple cause and effect, we cannot recognize the real causes nor can we fix the problem. Using systems thinking we can identify real problems and potential solutions.

As brilliantly explained by Tun, the fallout of the systemic collapse of the whole world's financial system may result in the so-called "Butterfly Effect". Question is, How will Malaysia survive in this Financial Storm?

All eyes will be on Datuk Seri Najib even though he is not even the PM yet. Thus, I plead that Tun will guide him well should he need your assistance in providing the "potential solutions to" the Nation in weathering the storm.

Wassalam.

My sincerest thanks and warmest regards.
By Tengku Muzaffar on October 21, 2008 4:37 PM

Dear Tun,
Salam, your views on the Malaysian economy are exactly what most Malaysians think but do not have the platform to speak out. I would like to add that Malaysia does not have strong business fundamentals within the SME's especially within the biggest population group, the Bumiputra. The typical life span of a Bumiputra business is only 5 years. Most Bumi companies rely on the government for business, hence their clients are GLC's and Government agencies. This is not right as the Bumi economy will depend on irresponsible politicians who do not care about the 18 million Malays but only themselves. I am concerned because we will soon be Auto-colonized. You have always spoken Tun that we should not be colonized anymore, well we are facing this right now. Most Malays in the cities do not see this as their jobs are secured with government agencies etc but look at the rural areas where the mass of the Malays live. They can't even initiate planting or expand their plantation business, why? Because there are no paths for our produce to be marketed outside. Other experienced ethnic groups have already stabilized this side of the economy and for many years have generated wealth. Well we Bumis should not be angry with them as like any human race they have the prerogative to survive. Now let's look at ourselves and say, do we want to survive for another 200 or 500 years? Do we want to protect our civilization?
The funny part is that our politicians as what you have stressed Tun, are not really qualified to manage the country. It's because they belong to a neo cultist party which the culture is destructive. We Malaysians should demand that we should be served not led.

We are facing economic turmoil and to sum it all up the group that's going to suffer the worse is the Bumiputra. So Tun, somehow as you are still capable please do something to change the political system and the mindset of the 'greedy' Malays.

By Bumi Ownz U on October 21, 2008 4:41 PM

Hi Tun,

Your commentary is easily accessible via the Wallstreet Journal, Bloomberg and Reuters and already your supporters believe you should get a doctorate or Masters in Finance.. I have no idea what they're standards are in achievement or pre-requisites in gaining qualifications, but I believe a level headed approach at managing the economy must be taken.

I find some of the comments a little lacking in substance. But then again I do not expect much.

It concerns me that the majority of your supporters listen to you and believe what you say and praise you, but lack the economic fundamentals in determining the reasons as to why the global economic crisis is happening and what the real impacts will be on the Malaysian economy.

Unfortunately no body knows what will happen due to the nature of financial systems. It is not centralised to one particular country as trade occurs everywhere. Further more banks are intertwined when it comes to lending so "upstream" lending could in fact be impartial to immediate view, until a collapse of a company has resulted, causing a domino effect.

Sure what you say has merit. I agree with you on some of the effects that could result. The Government should do more to guarantee the safety of loan deposits and bolster bank lending credentials to make sure mortgage holders have the ability to at least make minimal repayments. This is the reason why the sub-prime came into play... lacking in government regulation.

Not too sure about the state of short selling stocks in KL but there has been a ban across the world because it has resulted in equity markets to become more volatile and uncertain.

The problems that we face today are based on fear and uncertainty, causing investors to sell at a loss - ie capitulation.

The correct thing that the government should be doing is telling the truth with regard to economic circumstances because over promising and under delivering will create no confidence or trust...

Commentary by the government that increasing the price of petrol IS NOT inflationary is clearly irresponsible and complete rubbish.

It is becoming very evident that this government has incompetence as its key skill set when dealing with social and economic issues.

Shameful.

It's a good move to try to explain the credit crisis to the general public. However, what is more important is HOW are we going to tackle the issue or minimise the impact of the crisis on the general public. Having been a PM more 20++ years, what we expect from you Tun is not merely WHAT is happening, or going to happen. That has been done by so many journalists and economists alike. I think it would be better if you could proposed how to insulated our economy from the crisis.

Tengku Muzaffar,

I find your comments extremely racist as your concerns are with Malays only.. have you forgotten about the poor indians and poor chinese?

This type of mentality of helping only one race will leave Malaysia with the unskilled whilst the skilled move offshore.

If you help the Malay race through law, do you really expect the chinese or indians to open their arms to assist you as well? Knowing full well that the playing field makes things easier for your race? Of course not.. that is precisely the problem that has occurred over the past 51 years. That has been the reason why over reliance on the government has caused incompetativeness and lacking innovation... remember Malays are not like innovative Japanese and do not share the same level of work ethic.

Racist laws create racial barriers and unnatural circumstances of poor economic performance and ethnic seggregation...

I'm very disappointed in your views, but we live in a democracy so i respect your right to say as you please.

Tun yang dikasihi,

Saya yakin kerja-kerja 'filtering' blog ini bukan dilakukan oleh Tun, tapi mungkin oleh orang-orang yang dipercayai oleh Tun bagi memastikan hanya komen-komen yang boleh merealisasikan agenda yang direncanakan oleh Tun mencapai matlamatnya.

Saya merasa sedikit terkilan kerana pandangan saya nampaknya tidak mendapat tempat biarpun nawaitu saya hanya satu..untuk mengembalikan kepercayaan umum bahawa hanya UMNO sahaja satu-satunya parti yang dapat memastikan 'survivor' bangsa melayu dapat terus bertahan di tanah tumpah darah tercinta ini.

Tun,

Yang menakutkan saya, kritikan Tun serta tohmahan keterlaluan oleh para responist blog Tun ini akan menyebabkan lebih ramai lagi anak bangsa kita lari meninggalkan parti yang selama ini telah memberi begitu banyak manfaat kepada kita.

Saya tidak mendapat serta mengharapakan apa-apa imbuhan daripada penulisan saya ini. Yang saya harapkan hanya satu, bangsa saya ini kembali bersatu di bawah payung UMNO. Parti yang satu masa dulu pernah didokong oleh nenek saya, dan diwarisi pula tanggungjawab tersebut kepada mak saya

(mereka ini cuma AJK cawangan sahaja manakala saya pula cuma seorang ahli biasa sahaja) .
Sebagaimana keadaannya sekitar tahun 1998/99 dulu, senario kelam kabut sejak PRU12 lalu
menyebabkan timbul rasa tanggungjawab untuk saya kembali menulis dengan harapan UMNO kembali
stabil dan perancangan untuk merealisasikan agenda bangsa dapat disambung kembali.

Kepada Tun & Bonda Siti Hasmah..mohon Allah Taala panjangkan umur dan sentiasa disihatkan jiwa &
raga.

Good afternoon Tun,
Tun you have presented the facts in a nutshell.Basically people should not be too greedy.How much is
enough?We should all purchase based on needs & not wants.How much do all of us really need to be
happy.Actually the simple people with simple needs are the people with the least worries.Remember we
all come with nothing & will one day go with nothing.Buying something for its utility value should form the
basis for all our purchases.It's of course easy to say but indeed it's hard to practise.It's all in the mind Tun.
I also have a gut feeling how can the M'sian financial system be 100% safe or turmoil proof when the
GIANTS have collapsed around the world.If it's safe it must be due to the hands of almighty God!!In this
respect I share the same mind as you.
Keep us posted Tun 'cos I enjoy reading good informative stuff from you.God bless & help those who help
themselves & also do charity.

Salam Tun,

Bank di Amerika, Europe & sebahagian dari Asia sperti Korea dah tersungkur sebab tak de duit,mereka

ni berniaga kertas kosong yang dibubuh dengan nilai yang terlalu tinggi.

Bagaimanapun masih banyak syarikat bukan dari sektor perbankan di Amerika, Eropah dan lain2 pelosok dunia yang masih ada banyak duit, kita boleh lihat Pak Arab masih boleh mengeluarkan minyak untuk dijual, dan banyak lagi syarikat pengilangan, perhidmatan dan sektor pertanian terus beroperasi menjual dan membeli.

Memang perniagaan mereka akan terjejas kerana pengguna dan peniaga yang terlibat dengan skandal produk Perbankan sudah tak de duit.

Kalau nak kata Malaysia tak akan terjejas, memang tak logik, saya percaya Malaysia akan terkena tempas krisis kewangan Amerika & Eropah. Cuma ianya tak terlalu drastik seperti Amerika dan Eropah.

Kita akan mendapat tempas apabila produktiviti pengeluaran kilang, perhidmatan dan sektor lain termasuk kewangan dalam negara terpaksa dikurangkan dan mungkin ada syarikat yang terpaksa ditutup memandangkan permintaan telah menurun.

Apa yang dapat saya lihat, Malaysia memang mempunyai banyak simpanan tunai di mana kita ada KWSP yang mempunyai simpanan tunai yang tinggi, bank di negara kita tidak menjual terlalu banyak produk berisiko tinggi, malah banyak pengilang/syarikat yang memperbagaikan sasaran pasaran mereka selain dari menjual kepada Amerika & Eropah dan dapat menyerap kesan langung krisis kewangan ini.

Jadi untuk mengimbangi penurunan permintaan ekonomi dari luar negara, kerajaan patut memikirkan mekanisma yang terancang dan membelanjakan kecairan tunai tersebut untuk meningkatkan transaksi ekonomi dalam negeri dan juga transaksi dengan negara yang mempunyai banyak simpanan tunai seperti tanah Arab.

Langkah ini perlu berterusan untuk beberapa tahun akan datang memandangkan krisis kewangan Amerika & Eropah akan memakan masa yang panjang berdasarkan banyak syarikat yang besar dengan nilai yang besar terlibat

Jadi siapa kata kita perlu menderita apabila Amerika (yang suka membuli dan cakap tak serupa bikin) beserta sekutu mereka berhadapan dengan masalah ekonomi?.

Assalamualaikum Yang Dikasihi Tun,

Its my 1st time posting or get involve in this "thing". I've been ur fan but d silent one. Mula2 mmg takut nak give comment but ntah lah....myb dah "terpanggil" ke or myb God open my heart.

FYI, I'm d kind tat just dont care or other words buat bodo with wat eva happened in our "beloved" country. I dont vote coz its jus waste of time but my mom disagree n gave me a long lecture. 4 me as long I ada keje, gaji bulan2 dapat, pay tax n not forgetting dont eva langgar d law n do hormat who eva wat eva... n for that - I've done my job as a typical malaysian.

I've experienced working with few companies (some of it are GLCs) that involve "in-directly" n "directly" with the government n know how it "works" and have been at "Tingkat 4"- but only d time when u as our PM. After do that ..done that.. seen that..n know that, what I can say I DONT LIKE IT AT ALL. But wat am I supposed to do.. I ni juz a normal worker, gaji pun cukup2 jer ... cari duit nak bagi mak bapak n a bit 4 my own needs n utang bank....nanti if too much berani comment especially when u have tat "experienced" 4 sure nak berlagak tau ni tau tu but i ingat my mom pesan me when I want to stay by my own... "mulut tu jaga..jgn sbb mulut - berani x tentu pasal x ambik peduli ape jadi ikut sedap nak kata org nanti ko yang kena hentam balik"...salah2 kena ISA (yg ni I yg ckp). Myb I dont dare.. penakut or wat eva...

Disebabkan dah "terpanggil" ni or myb I miss the time when ur around I got that "harmony malaysia" feel n I want that back in my life..so I think d best I can do is just NASIHAT to u "people" up there. Tu pun if this "people" nak ikut... i pun bukan baik mcm malaikat. 4 me as a human being n muslim that care 4 others n know wat the mean of "karma". I know if I'm in ur position mmg lah... wat eva "oppurtunity" comes whether u get it cara halal n especially yg haram tu lebih sodop... sape nak tolak kan... yes kita ni manusia biase not perfect but not until d extend effect or memudarat kan people out here till susah coz u nak gain tat "happy".

So here it goes.....

"ITS TIME TO THINK N REMEMBER GOD (IF YOU HAVE ONE). WAT GOES AROUND COMES AROUND. U CAN BE HAPPY NOW WITH WAT EVA SALAH OR DOSA U DID 2 GAIN THAT "EXTRA" HAPPINESS BUT JUST LOOK AROUND YOU ... THERES A LOT OF EXAMPLES (takan I nak bg tau one by one)...ALL OF U ARE NOT KIDS ANYMORE... IF U HAVE BRAIN, HEART N WILLINGNESS.....BE KIND n SINCERE TO UR SELF N OTHERS..."

tats all from me to u out there.....

How do we protect Malaysia's economy?

1. Make sure banks have adequate liquidity reserves.
2. Bolster regulation credentials when approving homeloans to prevent defaults on loans.
3. Ban short selling on the KLCI to prevent traders from gaining on falling share prices.
4. Approve legislation to guarantee bank deposits.
5. Increase efficiency in fuel pricing that best reflects global market rates.

Very simple solutions. Will this Government listen?

Assalamualaikum Tun,

I'm a bit late in responding to this write up of yours. Everytime you write something about the economy, I make it a point to put my two cents worth of opinion.

Beginning 1960's onward, the US economy saw a gradual decrease in real economic activities namely the trading of goods and services. This is due to the depletion of raw materials within US and the US had to depend more on foreign raw materials to propel it's economy. Therefore, in order to maintain it's superiority, US moved into building it's economy based on trading fictitious papers namely, bonds, mortgages, derivatives etc, that is fiat in nature.

Ever since then, the whole wide world had embraced this fraudulent economic practices and today we are facing the consequences of our actions of blindly following the West. I was really amused when I read a news piece last week about Paul Krugman admitting that he 'missed' seeing the coming of the current economic turmoil. And they gave him a Noble prize!

The current economic turmoil did not happen like the tsunami. There were ample warning of it's forthcoming and many 'economists and financiers' even within Malaysia chose to scoff it of.

Even now, these people still believe that the economy would recover soon. In reality, this would not be the likely scenario. What baffles me most is that why do these people still adamantly hold on to this fraudulent nature of economy when they themselves know that their doomed?

I still cannot understand.

Dont be too panic. Our financial system wont go as bad as European countries and the States. This is because the learnings that we have gained from the previous financial turmoil, thanks to Tun and the team. The "Krugman-Mahathir strategy" of recovery via capital controls had really saved us from the last Asian Financial Turmoil.

Controls should be imposed to prevent panic rather than conspiracy. So what will be the best 'control method' that we should implement this time around? Is the injection of RM10B to our KLSE will do any good? One of the good sign is our banks were one of the first bank in the world, after Ireland's, announced the deposit on savings are safe and insured. So this somehow reduce some worries.

Anyhow, I hope our current government will come up with something as good as the capital control method from Tun and the team. Maybe Tun can continue giving them some ideas to save us get through this problem.

Dear Tun,

I don't think it is right to say the Federal Reserve can conjure US 700 billion dollar from thin air. The advantage of fiat money is its ability to expand or contract the amount of money in circulation depending on circumstances. And the current US tactics is to spend on its future tax revenue out of today's financial turmoil.

US has two printing press. When Fed wrote the electronic cheque of US 700 billion dollar, the US Treasury is liable to deliver on its promise to repay its debt on US 700 billion dollar government bond sold all around the world. Historically speaking, US has one of the very the best reputation in the world to repay its debt and hence the credit rating of AAA.

However, should the US start to default on its payment, the whole world will be brought to its knee. There are only two ways out of the huge debts: a) to float the inflation high so that the amount repaid back would worth less than the amount loaned; b) to start pay down the debt amount.

Back to the statement you wrote, I don't think it is fair to say any government can irresponsibly print their own money to repay its own debt. This is simply not the case, or otherwise the government would not need to impose tax on its poor tax payers, since they can print their own.

I totally agreed with you, the current Malaysian Government is either too busy or very ill equipped to face the financial turmoil.

Anyway, God bless you. We all pray for a prosperous Malaysia at the end of the day

Salam Tun Mahathir.

I still remember very well regarding Georg Soros, a jewish speculator and the negative response and outrage from the countries such USA about your remarks about jews and that you gladly have refused that Malaysia should not use the IMF for a bailout. It was a very wise decision from you back then and I admire you for that.

Just let me highlight and for all to know who have caused this financial crises.

Alan Greenspan- Chairman of the Federal Reserves-Jew

Richard Fuld- CEO- Lehman Brothers-Jew

Loyd Blankfein- CEO-Goldman Sachs-Jew

Alan Schwartz- CEO-Bear Stearns-Jew

I guess you was right all along who will bring us into a worldwide mess we are in now. The answer is clear for me and I have fact checked the names above and everybody can google it.

People should remember what you said about the jews and about the IMF bailout, it saved Malaysia from that what is going on in America as well as in Europe now.

Thanks to you Tun Mahathir.

Assalamualaikum Tun, Well, what Tun has said is equivalent to sherlock holmes used to say to his associate, Dr. Watson : Its more than possible. Its probable.

But I dont think those capitalist in the West will sit idle. They will do something and come up with a new way of controlling the economy. They know that they have the money and the power to determine a nations policy or decision. Its just like coming up with that Bretton Wood policy. After all, not all economic sectors were affected, especially in agricultural and food manufacturing sector, which showed some inflationary trend.

What I'm afraid is that we are not prepare with this 'new' monetary formula or system. We may be too satisfied with our present monetary strategies, especially with dinar system.

Well, gold is not everything. The real economic structure lies in the barter trade and gold can be worthy of anything if traders accept it. We also know that the west have all the technologies and means to make sure that their global economic control be unperturbed, especially in food technologies... and this is Malaysias' weakest spot. In fact, the rest of the world.

Who is Tun Dr Mahathir?

How soon can one forget!! I Can't imagine how ungrateful a person can be after been appointed as the country's top leader. Carry on on with your good thoughts Tun..the nation needs to progress through constructive criticisms and realistic knowledge and informations. Don't mind the MT ones. Cheers and god Bless as always.

Salam Dr Mahathir,

Just one question. Was Valuecap Sdn Bhd. formed on your advise?

By Tengku Muzaffar on October 22, 2008 4:38 PM

Dear Bumi Ownz U,

Appreciate your comments on what I wrote. At least somebody is listening. I would like to explain further if i may;

Im not racist and i will never be. Im just pointing out on the demographic population of Malaysia which all of us cannot deny that the Malays & Bumiputras are dominance in numbers. The ruling groups are

Malays. All i was asserting was that we should change the political system before we as Malaysians regardless race, colour and religion can live happily. This change of political system must start with the Malay politicians ruling this country and let me tell you sir, they are not so bright as we hope them to be. Next we should address the disastifactions of the major group , the mass malay population because whether u like it or not they are in majority and decide who should run this country. If the mass malay groups are not helped 1st, the burden will fall on other ethnic groups to feed these people. So do you want to be burden by these malay groups? I think not. U see other races have a perception that the Malays have been helped for the past 30 years or so. Well news flash they have not! Only a small number of greedy fat cats in a cultist party were consuming all the wealth. So if you think that the Chinese and Indians are not given their fair share, well go around malaysia and see for yourself. Compare the unfortunate Malay numbers to the unfortunate chinese and Indian numbers. It is thus necessary we rectify the current system for all malaysians to benefit later.

It is easy to comment that malaysian politics should not be about race etc, however the reality is that many malays were not set in the right path and ready for development and progress. A nation in order to optimise its output must look at the major group and see how they will contribute to the nations' wealth. Well the malays have not played this role for many years since the early 70's and its about time they are being given a proper direction to prosper. This is crucial as in essence to safe guard the interest of other ethnic groups who have contributed in the nation's building.

I hope my explanation is sufficient. What im just trying to deliberate is finding solution to the root of the problem.

If you have read my statement before, i did not try to instigate racial divide but to let the Malays know that, they should not blame other groups but only the current 'leaders' they picked. One can be frustrated all year round and complained that the Malays are getting favours etc. But in actual fact if you want fairness, the malay problem must be address 1st because as i beg to differ the malays did not get any favours in 51 years. True Malays are not a 'Japanese' like race but we can mitigate their strengths and use it to progress which will thus benefit other races too. Malays are not like the chinese who would only trade within themselves, we are simple and practical people.

Hope my explanation is in the context of democracy.

I'm not sorry Tun Mahathir for my previos message.

When it comes to talking about jews and their history, the Germans lost the war and now only 14 Million Jews are left, mostly in America which holds the most (more then 5 Millions)of the wealth and still both precidential running mades whether it is Obama or Mc Cain still support Israel, because of the money. It proves to me that both parties are so much in depts. to support Israel because they get a lot of money from the coooperate jewish business companies to support there own interrest. It is sad because it will never change anything regarding our Palistin brothers and no other Muslim country will stand up for them because of there own government greed and the jews know it.

People say Hitler was a Satan and he wanted to kill every Jew, he build concentration camps with walls around it and when I grue up I still have to feel sorry about the Jews. Maybe you have a look and see Israel, they kill kids almost everyday and build walls around them and keep the Palistin people as prisinors in their own land.

Who is the Satan now?

People never learn but I know Malaysia has a solid foundation, done by you Tun Mahathir, thank you!!!!

By Bumi Ownz U on October 22, 2008 8:54 PM

Hello Tengku Muzaffar,

Thank you for your response, I very much appreciate it.

I understand that the majority must be looked after but to base it on ethnicity in my opinion is wrong... it is the lazy approach... yes sure the Malays that make up the majority has been economically suffering for so long, so the law has taken the easy option to group Malays as the impoverished and give them more rights than other races.

I do not think the majority should be looked after... I think the impoverished regardless of race should be

looked after... there is a difference.

This is seen as an overly simplistic law... Furthermore, nowadays many Malays if not all feel that it is their Right to have more rights than their chinese or indian brother... If you were in the position of the Chinese or Indian, how would you feel??? Imagine if the Indians above all races had more rights? Would you want to do business with them? I do not think so.

Time and time again I see comments by Malays complaining that the Chinese and Indians have more and that is unfair. I really do not understand where a comment like that comes from? Do people ask WHY these people have more, yet have less less Rights because of the colour of their skin?

Maybe hard work and determination is the reason why they have more.... and maybe people who make baseless comments should Think.

Can you imagine not one chinese person is allowed to enter UiTM. How do you think Chinese and Indian people feel? Because of their RACE they are not allowed to enter this University. This is racist. The law protects bumiputra... do you think the chinese have inclusive policies when there are racist policies like this??

Imagine if there were universities that did not allow Malays. There would be an uprising... this is case of double standards...

Unfortunately Malaysians are not yet mature enough to realise that Racist laws cause even greater income disparities because they are unfair, especially when a minority group controls the economy via commerce.... you get racial pockets of elitism, and alot of core competent people, especially the educated elite move due to their own feelings of lacking support by the government because of the colour of their skin..

Show leadership and true equity in your laws, and you will see that these minority groups will open their arms to assist the needy regardless of race...

The bumiputra population must put aside their own personal self interest, and show leadership in uniting all malaysians by voting for a Malaysia with no racial boundaries, that is laws that assist those who are poor based on merit and not based on race.... this has not happened because the level of education still is not up there....

I respect your right to express your own opinion and enjoy engaging in intellectual discussions... Thank you Mr Tengku Muzaffar.

Thank you for your response, I very much appreciate it.

double standards...

...

YOUR ARGUMENTS ARE NOTED M/S 'BUMI OWNZ U'.

MAY WE ASKED WHY IS YOUR ARGUMENT ON EDUCATION IS SOLELY ON THE CRITERIA INTO uITM?

IF ALL THE UNIVERSITIES IN THIS COUNTRY IMPOSED THE SAME CRITERIA FOR ENTRY TO THEIR CAMPUS, THEN WE WUD 100% SUPPORT YOUR 'RACIST' REMARKS.

SPEAKING ON THE COMMERCIAL BUSINESSES.CAN WE HONESTLY BELIEVED THAT THE HAKKA, CANTONESE AND HOKKIEN ASSOCIATIONS WILL EVER 'SHARE THEIR BUSINESS TRAITS' WITH OTHER MALAYSIAN ETHNIC GROUPS IN BUSINESS?

THAT WILL NEVER HAPPENED AS LONG AS THERE IS THE SUN AND THE MOON IN THE SKY. YOU CAN BE AN EMPLOYEE IN THEIR CORPORATIONS BUT DON'T EVER DREAM TO SHARE THEIR TRADES.

WE ARGUED THAT THE MALAY 'RIGHTS' SHUD BE 'SACRIFICED'(ABOLISHED) BUT NEVER THAT OF THE CHINESE AND INDIAN RIGHTS TO CUSTOMS AND TRADITIONS OF MAINLAND CHINA AND INDIA IN THIS INHERIT LAND OF MALAYSIA THEN KNOWN AS TANAH MELAYU.

WHAT IF THE MALAY AGREE TO THE IMMIGRANT RACES DEMANDS AND ALL THEY ASKED THAT THEIR CHINESE AND INDIAN BROTHERS ABANDON ALL PRACTICES AND CUSTOMS OF THE INDIGENOUS PEOPLE OF CHINA AND INDIA AND ADOPT THE PRACTICES AND CUSTOMS OF THE INDIGENOUS PEOPLE OF MALAYSIA?

IF YOU WUD CONCUR THEN THE MALAYS WUD RECIPROCATE. PERHAPS THEN THE MALAYS WUD ERASE THE 'IMMIGRANT CHINESE/INDIAN' STIGMA FROM THEIR MINDS.

PLEASE, PLEASE STOP ALL THE ANIMOSITIES AND LET'S US ALL BRING BACK THE GLORIOUS PAST AND PURSUE THE VISION 2020 ASPIRATIONS OF A DEVELOPED MALAYSIA.

LET US ALL UPHOLD THE RACIAL HARMONY THAT WE HAD SOWED AND PROMOTED OVER 50 YEARS UNTIL IT WAS PUT TO 'SLEEP' BY THE 'CURSED' PM 'AAB' (AIMLESS, ARROGANT BONEHEAD) WITH HIS 'DEFORMED' POLICIES.

MAY THE ALMIGHTY GUIDE US TO THE ROAD OF GLORY... AGAIN.

Salam Tun,

1. Thank you for educating us on the current world financial crises and highlighting the potential problems that our country may face. Before this, we are not aware of the root causes of this turmoil.

2. We hope that those who are in authority, be they be in the government or private sector will take note of the potential problems and prepare contingencies to prevent them from happening or resolve them when it occurs.

3. However, the incoming Prime Minister must pick the best people for the various jobs. Those who are experienced, knowledgeable and pragmatic. Not the people like Khairi Jamaludin (Oxford graduate who majors in manipulation) or Sharil Samad (didn't learn from happenings)

Salam sejahtera kepada Tun sekeluarga.

Interesting piece of writing.

The liberalization of money that they claim to allegedly give more flexibility in money handling and trading had bitten them back and unfortunately, all of us. Exactly like what you said, money cannot come from thin air.

Back then in 1997-98, when ASEAN countries were in recession and the similar bailout was attempted by governments of these countries, western put pressure on them saying, no, this would kill the liberalization of economy. They all followed what the westerners advised them and did not survive the crisis. Thank god, you were there TUN.

samuraimelayu,

Thank you for your comments...

Firstly I would like to thank you for listening to me.

Giving equal rights to all races does not mean Malays are relinquishing their rights altogether.

Giving equal rights means, giving all races equal opportunity, meaning even the poor may be able to gain entry into National Universities regardless of race.

Many of you comment that you are not racist and the government is not racist.

Very simply what is your definition of Racism?

"Racism is discrimination based on race, colour or creed."

Malaysian law clearly discriminates against races so clearly Malaysia is living under a racist system.

Touche' with your comment regarding Hokkien Hakka businesses.

IBM, Apple, CISCO systems... they are run by Anglo Americans... do you see any Black Americans

complaining that the CEO's of those companies do not share wealth?

Wealth is something that you, yourself must strive to obtain. Your mentality is one of, "if those chinses have money they must give some to us!" If you are going to carry on relying on others to share the wealth, what have you achieved? Nothing... you are a liability.. this has been the major problem with Malaysia for far too long... Instead of being drivers for enterprise, many in Malaysia have sat back and complained too much about poor equity in wealth when really, they have shown no input at all in innovation and thinking about corporate strategy to increase profits etc!

Money does not come for free and will not land your in lap. You have to work for it! Its about people in Malaysia learn this because you can not keep relying on the government to keep handing out more benefits because you are Malay, its uncompetative, unfair and down right racist.

By Bumi Ownz U on October 23, 2008 4:42 PM

T,

I agree with you... If Cassell had any brains, he would realise that the problem was the Clinton administration.

I do not hold Cassell in high regard because he is a bigot and affords no solutions or understanding.. he is limited to his own racial hatred... good for him, because these CEOs really don't care what Cassell thinks... One of the many problems in Malaysia is that its people are not educated or sophisticated enough to understand anything... so here is something to help set things straight:

The problem started during Clinton's tenure, he wanted to get as many people in America into housing so he passed legislation to make it easier for people to get mortgage loans, called subprime loans. These loans were high risk with maximum interest gains... and often alot of the equity held by retail banks would be passed onto Investment banks with little or no regulation or due diligence on the part of the home buyer.

- The intention of the clinton administration was good. It wanted to help people get into homes.. much like how the NEP was devised for the good of the nation. (though both have failed considerably)

Unfortunately, the Sub Prime second tiered legalities caused home owners to default on their loan after the third year (on average) because the interest at that stage switches to a higher rate.

The thing in America is defaulting on a loan is not a bad thing for home owners because all they have to do is hand in their keys to the bank and walk away.. so the banks had massive equity in homes and no repayments being made, leading to a home mortgage bubble, that has been off loaded by many investment banks... furthermore investment banks get higher fees for selling property under sub prime rated so there was a major push in the market to sell property with these types of loans.

This caused many banks to run into huge debts because alot of their liquidity was running dry on dead assets that could not be sold off, hence causing the sub-prime and then now the global financial problem...

By T on October 23, 2008 9:40 PM

Yes, Bumi Ownz U, you nailed it - the seed for this disaster was planted earlier. Sub-prime was the main culprit. As the name implies, they are flogging mortgage loans to people who hitherto do not qualify for such loans as they do not have the cashflow to service the loan repayments. And yes, they come up with Adjusted Rate Mortgage with very low or zero payments in the first few years, and thereafter revert to market rate. This is fine as long as property prices keep going up. And a compounding factor is that the mortgage loans were done by agents who do not retain those loans, and pass on the risks to others. The agents make huge commissions without the attendant risks. This is an accident waiting to happen.

1) The collapse of International Financial System created by the West will eventually erase The World Monetary System sooner or later.

You may be equal in everything in your new country but let me tell you, you will never be happy. Unhappy people will always be unhappy until they die. Try it and let me know once you are there. Wish you the Best

By andi70 on October 24, 2008 5:07 AM

Salam Tun,

When we can make something out of nothing, we are called magicians. That's the magic on how the US portray to the world on their ability to bailout their financial crisis.

I think DSN is also another magician because he speaks volume about our economy when everyone on the street is feeling sick of not doing a good business. Need not a Phd in economics to figure that out.

If business is doing bad, people are not spending. People didn't spend coz they have no money or their spending power lessens due to higher prices. Shopkeepers reduce their stocks, and factories have to reduce their output, because less orders are received from the shopkeepers. In the long run, the factories have to lay off their workers.

These workers have to look for new jobs, but, where can they find it? (I remembered when I came back to Malaysia end of 1996 and couldn't hold a job, even by using my SPM certificate!) It will be a spiralling effects. And yet, DSN says it's ok! What a bullock.

What's needed is to increase domestic economy pie, since the world economy is collapsing. Create more cottage industry, let us trade between ourselves. Nowadays, even rice we have to import from China, beef from India, lamb from Australia. How hard is it to plant rice on our country? Rearing cattle and lamb? We would save billions on that three goods alone.

I heard, present government is giving out cattle by the thousands, but where did it end up? In Ketua Jari's coffer (The well known 10% man coz of his brilliant Oxford brain? Heck, I would be brilliant if I am a s**t-jerk of a PM.)

p.s. my 10 cents.

By andi70 on October 24, 2008 5:36 AM

Salam Tun,

Another ridiculous idea when I went through the comments especially about Malays being left out from the economic pie coz the other races don't want to trade with Malays. What the heck? Malays are the dominant buyer, thus they hold the purchasing power. If Malays want to succeed, don't feel disheartened if other races don't want to trade with them. Just let them trade between themselves, but at the mean

time, look at how Kelantanese manage their business. Just trade among Malays. A Malay producer sell to a Malay distributor, who then sell to a Malay shopkeeper, and later purchase by a Malay buyer. Is it difficult to do that? Don't envy other races, let them do their trading as usual, but as for Malays, change your spending location. Will that improve Malays economic pie?

p.s. mmmm... I am not a racist, but a simple solution sometime need to be racist!

Dearest Tun,

Headline in China Press (Nanyang's top circulaion newspaper):

ANWAR buat pertama kali merasa amat pesimis, semenjak PRU 12 (308), untuk mengambil kuasa peralihan yang nampak kian semakin susah payah.

Good day Tun.

By Willy on October 24, 2008 9:13 AM

Dear Tun,

I am so glad to read your words as they give me hope that within my lifetime I shall be able to use real money, not the debt-papers that are universal at this time. Perhaps I shall even be able to witness the beginning of the rebirth of civilization, law, commerce and order, conditions which are not possible under the current "financial system" of Economic Man and fractional reserve banking.

I pray that nations like Malaysia will be able to take evasive action immediately so that their treasuries' reserves are not sucked into the fatal vortex of the dollar's death spiral; I pray that their leaders can see through the mirage, and recognize the seriousness of the situation immediately before any more damage is done to their productive economies. For it is not the US which will bear the expensive cost of restarting industries which are being shut down because of artificially low prices; it will be the producer countries. This is so obviously not fair, but missed by most commentators today.

I pray that you and other leaders are able to come to terms of agreement immediately on a system which allows a gold standard, at least in the beginning for international settlements but later for all citizens. I pray that this honest real money will quickly bring in a new era of trade and prosperity for those nations who choose to adopt it. It should be done quickly, so that less damage is done. The framework exists, it just needs decisive agreement urgently, before the decision has to be made from a threat of national survival as in Iceland.

I am thankful that this illusion, this criminal venture of debt-based world domination through manipulation of societies' life-blood is coming to an end. I am sorry for the hardship it will cause, but it is time. Thanks for your tireless work in the matter.

Cheers,

Willy

Dear Tun,

It has been 4 days since you posted this article and 3 days ago I did give my comments. I pray and hope that you are wrong 3 days ago but
Looking at the rate the crisis developed thus far, I think we will be in deep shit unless something is done now.

This can be seen from the continued bashing on the stock exchange in the last couple of weeks.

I have to admit that this crisis is going to hit hard on us. It is not my prayer but economic pointers indicated that we have to view this seriously.

This is not going to be healthy taking the Q from Najib that market crash is worst than plane crash. Worst, we have not heard of any serious and concerted action or credible stimulus plans by the Malaysian Authorities to combat the situation.

There are a lot of question as to whether the Government are going in to do something about it or just watch and see

OR there're nobody in the Government brave enough to address the above problems and its impact on us Or worst if those in the Gov do not understand the problems.

As I said the impact on us is already clear from the above and several of your articles in past has also pointed to that and

The whole world is also talking about it.

OR who is suppose to do what in time like this?

Dear Tun please give some answers to the above.

I see we need a comprehensive action plan here But

I really cannot see anybody taking the lead.

Dear Tun, I sincerely hope that you will use whatever influence or action within your mean to get thing going in the right direction.

Meanwhile, let us pray hard for Allah assistance.

By zuhaimi on October 24, 2008 12:16 PM

As I said earlier to you ,today is Friday, any idea hatch today insyaallah ada keberkatan.Wasalam.

By DwithM on October 24, 2008 2:37 PM

Bumi Ownz U has pointed out very articulately and accurately the problem faced by Malays.

samuraimelayu, you have to understand that in the world of business, no one will share anything with you unless you have something to share in return. Nothing comes free, and if you want the Hakkas, Hokkiens etc to open up their business to you, you must have something to offer back to them in return. Unlike as mentioned by Tengku Muzaffar, Chinese are an extremely practical bunch. They will basically do business with anyone, as long as there is money to make. That is how Chinese have managed to not only survive but also prosper in every corner of the world they go. Do you think they could have done so just by trading with their own race? The pool of money has to be much larger than just within Chinatown community in order to amass that kind of wealth. The same goes for Malaysian Chinese. They will trade with anyone, but you must have something to offer in return, something of value to them. That is a most fundamental economic principal, you must understand that.

The solution here is to break out of the racial barrier and strive for REAL competition. Emphasis on the word "real". Entitlements, rewards, business, contracts and gains based on race creates an artificial atmosphere and fake sense of comfort and security which ill-prepares the beneficiaries of such racially rooted policies to face the REAL world, the REAL business world, and in the our current international borderless world, this can only lead to one conclusion - being left behind, unable to compete. Healthy competition is an essential ingredient to a strong economy.

I have no intention of undermining any particular race here, and it is my belief that if this comfort zone for the Malays were to be removed, and Malays were forced to compete on equal ground with everyone else, there is no reason Malays will lose out and be left behind. I have seen sufficient success stories of Malays who did not depend on the NEP to know this for a fact. Yes, it will take some time, as the NEP has disadvantaged the majority of Malays for all these years, but like everything else, if the correct policies are implemented properly, change and improvement is only a matter of time. But everyday that the NEP remains, it is a day wasted.

Good evening, Tun and a very Happy Birthday!

When I first read about Tun advising the Government to peg the RM to USD, suddenly, I realized that you

really mean business. Maybe many Malaysian, including cabinet ministers forget what had happened many years ago when we experienced the Asian Crisis.

As Tun could remembered that my son and daughter did have a photosnap with you in Sepang during the GP or Japan GT (now I am getting more forgetful than Tun, I am dealing with sunglasses imported from Italy. At that time, I experienced a "financial" crisis when I paid for the goods in Euro, shooting up from 3.36 to 5.30. Since we have a credit facility with our Italian principal, I lost all my profit earned for the last 2 years, because of the Forex. However, when Tun pegged the USD, then I found that I can planned and charted my business plan because the rate was fixed then. Although now, with the Forex in my favour, I really feel bad for other who might not been as "lucky" like me now.

Putting things into context, many of our importers that deal in USD, or exporters that deal in Euro, will now feel the same fear that I have. Without blowing my trumpet or singing more praises, I believed that the Malaysian Govt. will be heading for lots of troubles in the coming months, if not years. I am so sad that after all these years, Malaysians still have not understand your visions and strategies in managing the economy.

I have been a strong advocate of your ideas and your visions since the times during your premiership. I always told many friends of mine, and my children (they are just 12-17 now), that when you think and plan, think of the next 10 steps, just like Tun. I may be just another Malaysian but believe me, Tun, I will continue to tell people that "old ginger always tastes stronger".

By the way, Tun, I am collecting old banknotes, some dating back to 1890's which seem to be able to withstand most turmoil. I used this collections as a hedging against inflation, deflation, depressions or whatever Tun called it. Am I doing the right thing? Please advise, Tun.

"Kita tak mahu penurunan harga yang tinggi hingga menjejaskan pengusaha stesen minyak di seluruh negara," katanya kepada pemberita selepas merasmikan pameran Minggu Kesedaran Kewangan di Pusat Konvensyen Antarabangsa Persada Johor di sini, semalam.

He said again for the champion of the petrol kiosk not the rakyat. Turun RM1.00 ke turun RM0.15. Rugipun satu hari saja....not for a month...Masa you bagi naik dulu semua petrol kiosk dah untung banyak...itu tak terfikir ka...

YM Tun,

Most people in the financial world or those that are well informed or well read knows that the current financial crisis is severe enough to threaten our economy and will impact our own financial capability. Its such an intricate situations that nobody can predict with certainty what will happen. Even you with your wealth of experience implied that in your analysis of the situation. However the present government chosed to make short sighted comments over this crisis in the media to an extend that make them looks like idiot.

Good Morning Tun,

I am reluctant to believe our DPM, knows what he is talking about in relation to the effects of the current US economic turmoil and it's effects to the world and what more Malaysia. Malaysia's economy is comparatively just like a pinch of sugar as compared to the whole sack of the world economy, and how does he think, we will be able to withstand the effects? Considering how huge the economic cake of the US, as compared to Malaysia, a minor effect to the US economy will definitely give a major impact to Malaysia.

Salam Tun dan Bonda,

Keruntuhan sistem kewangan dunia telahpun diberikan gambaran dengan cukup jelas oleh bekas setiausaha politik Tun iaitu Sdr Matthias Chang's dalam bukunya yang bertajuk The Shadow Money Lenders And Global Financial Tsunami diterbitkan pada bulan March 2008 yang lalu.

Persoalannya mengapa pegawai-pegawai dan ahli-ahli politik yang menduduki Kementerian Kewangan tidak mengambil sebarang iktibar atau pengajaran dalam merangka hala tuju ekonomi negara melalui kajian dan penemuan yang telah diutarakan oleh Sdr Matthias Chang's. Apakah mereka-mereka ini malas ataupun tak pernah hendak membaca untuk mencari maklumat atau sekurang-kurangnya bertanya kepada orang yang lebih arif tentang ilmu ekonomi dan kewangan. Bercakap tentang ekonomi dan kewangan ikut sedar mulut saja tanpa ada fakta yang menjadi sandaran.

Akhir kata, ramalan Sdr Matthias Chang's mengenai index Dow Jone dan BSKL telah menjadi kenyataan, ingin tahu kena baca sendiri.

Dear Tun

As always, I am your lifetime supporter !!!

Tun, maybe its about time your idea that all islamic countries adopt a common financial system. Can we(at least all Islamic countries) get together. We should had enuff from these people who wake up at 12PM, go to their lixurious office, speculate & sell papers & made tons of money. I think the world need basic economic system, waking up early in the morning, produce something people want to buy & sell at a decent profit !!!

Why can't we do without currency & share trading !!

Powered by Movable Type Personalesiden parti telah menyemarakkan lagi minat terhadap siapa yang akan memimpin UMNO. Ini kerana jangkaannya ialah siapa yang dipilih jadi Presiden UMNO akan turut dilantik Perdana Menteri Malaysia. Jika pengundi UMNO gagal memilih seorang pentadbir yang baik dan jujur, negara akan sekali lagi menempuh keadaan yang tidak stabil dan kejatuhan ekonomi. Tidak seorang pun rakyat Malaysia yang inginkan keadaan ini. Di dalam keadaan terdesak mereka mungkin akan pilih parti pembangkang pada pilihanraya akan datang. Dan ini tidak akan membuat keadaan menjadi lebih baik. Malahan ianya akan menjadikannya lebih buruk daripada penyandang jawatan yang tidak cekap yang ada sekarang.

2. Bagi UMNO empat tahun akan datang ini amat penting. Sesiapa juga yang menjadi Presiden parti, jika gagal memulih parti, bermakna bahawa masanya telah tamat bagi parti yang tertua di antara parti yang memperjuangkan kemerdekaan sesebuah negara. Jika ini terjadi maka kepimpinan UMNO yang akan datang ini akan termaktub dalam sejarah sebagai pengkhianat kepada parti politik yang pada satu masa dulu amat berkuasa dan terkenal.

3. UMNO telah menggunakan sistem demokrasi untuk pastikan pengkhianat parti dapat ditolak dan digantikan dengan mereka yang lebih berupaya. Tetapi jelas demokrasi UMNO tidak selalunya berjaya. Ramai yang berjaya merebut jawatan walaupun mereka sebenarnya tidak berkebolehan dan tidak jujur. Apabila sampai ke puncak mereka gunakan jawatan dan kuasa yang ada untuk menghalang demokrasi

daripada menyelamatkan parti. Dengan memberi jawatan dan wang serta pangkat, dengan menyalahgunakan kuasa yang diberikan kepada mereka, dengan menggunakan pelbagai bentuk ancaman, mereka ini telah berjaya menyekat apa-apa usaha untuk mengusir mereka, setidak-tidaknya untuk sekian masa.

4. Pada anggapan pemimpin yang hanya mementingkan diri sendiri ini, jika mereka berjaya pengaruh ketua-ketua bahagian dan cawangan melalui rasuah dan mengancam dengan ugutan, pegangan mereka keatas parti akan kekal. Begitulah cengkaman mereka ke atas parti hinggalah parti nampak seolah-olah memberi sokongan padu kepada mereka. Mereka boleh lakukan apa sahaja dan sokongan yang tidak belah bagi terjamin.

5. Tetapi anggapan mereka salah. Ketua-ketua bahagian dan cawangan mungkin akan tunduk kepada mereka tetapi ahli parti dan penyokong yang bukan ahli parti tetap dengan pendirian mereka. Tidak berupaya untuk bersuara atau mengkritik pemimpin, mereka mengundi pembangkang.

6. Begitulah di dalam Pilihanraya Mac 2008 Parti Barisan Nasional dan UMNO mengalami kekalahan teruk. Pimpinan parti tidak mahu bertanggungjawab terhadap kekalahan ini, malahan mendakwa yang mereka menang kerana mempunyai cukup kerusi untuk membentuk Kerajaan pusat.

7. Pengundi yang jelek dengan sikap pemimpin memastikan satu lagi tamparan hebat dikenakan di dalam pilihanraya kecil yang tidak kurang penting dan UMNO dan Barisan Nasional yang begitu kuat satu masa dahulu ditundukkan, sehinggalah takut untuk mempamerkan bendera parti.

8. Akhirnya beberapa orang ahli Majlis Tertinggi UMNO yang berani bangkit dan memutuskan cukuplah. Presiden mesti dipaksa meletak jawatan. Selepas melengahkan waktu seberapa lama yang boleh, Abdullah mengumumkan keputusannya untuk tidak bertanding jawatan Presiden UMNO dan dengan itu hak tradisi untuk menjadi Perdana Menteri Malaysia.

9. Ini merupakan langkah pertama yang kritikal. Sekarang ialah masa untuk Presiden dan Perdana Menteri baru. Hanya terdapat dua calon. Tetapi hingga kini hanya Dato Seri Najib Tun Razak yang menerima pencalonan untuk jawatan tersebut. Jelaslah yang beliau merupakan calon unggul. Dan seperti yang dijangka usaha untuk memburukkan imej beliau sudahpun bermula. Bagaimana dia mengurus tohmahan ini akan memperlihatkan mutu kepimpinannya.

10. Sementara itu pencalonan untuk jawatan-jawatan lain sedang berjalan. Jika Kerajaan Najib berkehendakkan kelainan daripada Abdullah maka penyokong Abdullah tidak boleh turut serta.

11. Setakat ini masih tidak jelas sama ada bahagian-bahagian UMNO akan menyokong mereka yang membangkang Abdullah ataupun penyokongnya. Pendahuluan yang diterima Tan Sri Muhyiddin Yassin menunjukkan yang pengkritik Abdullah amat disenangi. Tan Sri Rafidah Aziz, yang dikatakan begitu kuat mengkritik Abdullah nampaknya mendapat sokongan Wanita. Ini boleh mengakhiri impian Azalina Othman, antara penyokong terkuat Abdullah dan Khairi Jamaluddin, jika Rafidah mengotakan janjinya untuk melantik Shahrizat Jalil sebagai Ketua Wanita apabila dia (Rafidah) sendiri meletak jawatan tersebut.

12. Shafie Apdal, salah seorang yang bersuara lantang mendesak Abdullah meletak jawatan mempunyai harapan cerah memenangi pencalonan bagi jawatan Naib Presiden. Tetapi bahagian-bahagian nampak seolah-olah terlupa peranan yang dimainkan Rais Yatim, yang mana sebagai Menteri beliau tidak pernah gentar menyuarakan pendapatnya berkenaan salah laku Abdullah.

13. Bagaimana penting sekalipun pencalonan oleh bahagian-bahagian bagi melayakkan seseorang calon bertanding untuk mendapat tempat di dalam Majlis Tertinggi UMNO; kata putus bukan di tangan mereka. Ini terletak di tangan perwakilan ke Mesyuarat Agung.

14. Pada tahun 1987 apabila Tengku Razaleigh Hamzah bertanding kerusi Presiden menentang saya, saya mendapat lebih $\frac{3}{4}$ pencalonan daripada bahagian-bahagian. Tetapi saya menang dengan kelebihan

hanya 43-undi daripada 2,500 perwakilan bahagian yang hadir. Jelas bahawa perwakilan ke Perhimpunan Agong tidak mengundi mengikut keputusan bahagian.

15. Ini harus mengingatkan yang bertanding jawatan supaya tidak terlalu yakin yang mereka akan menang hanya kerana mendapat jumlah pencalonan yang tertinggi dari bahagian-bahagian. Banyak perkara yang mungkin berlaku pada masa Perhimpunan Agong diadakan di Kuala Lumpur. Saya tidak terkejut jika banyak wang akan bertukar tangan, dan banyak juga keputusan yang beralih.

16. Pada pemilihan 1987, undian diberhentikan seketika pada waktu sembahyang Jumaat. Dipercayai ramai perwakilan dihipir pada waktu rehat ini dan dipengaruhi menerusi pelbagai cara untuk ketepikan keputusan bahagian mereka dan mengundi calon lain.

17. Untuk elak kejadian ini tidak harus ada apa-apa masa rehat semasa proses mengundi. Jika boleh janganlah diadakan pada hari Jumaat. Bagaimanapun amat penting bagi pengundian di adakan pada hari pertama perhimpunan.

18. Seperti yang saya katakan, negara sedang perhatikan pemilihan UMNO dengan penuh debaran. Jika bahagian-bahagian dan perwakilan UMNO utamakan ketamakan diri mereka dalam membuat keputusan maka ini akan menjadi kali terakhir mereka menjadi "king-maker" di Malaysia.

19. Saya teringat akan ketamakan seorang Melayu kampung yang kerjanya mengutip buah keranji dari hutan untuk dijual kepada orang Thai. Kerjanya agak berat kerana pokok tinggi dan terdapat banyak semut.

20. Kerana tidak sabar dengan masalah yang dihadapi, pengutip keranji ini menebang pokok tersebut. Dan itu merupakan kali terakhir dia membuat duit dari mengutip keranji.

21. Mungkin yang belajar aliran Inggeris lebih setuju dengan cerita angsa yang mentaskan telur emas.

22. Apapun, pengajarannya tetap sama. Jual undi anda hari ini maka berakhirlah politik UMNO bagi anda.

UMNO ELECTIONS

1. The whole country is watching the nomination of candidates for the UMNO Supreme Council. The decision of Dato Seri Abdullah Ahmad Badawi not to defend his Presidency of the party is what has kindled the unprecedented interest in who will head and run UMNO. This is because until now it is expected that the President of UMNO will become the next Prime Minister of Malaysia. If the UMNO electorate fails to deliver a good and honest administrator, then the country would be in for another period of instability and economic regression. No Malaysian would want to see that. In desperation they might opt for the opposition at the next election. And that would not be any better. In fact it would be worse than the incompetent present incumbent.

2. For UMNO the next four years would be crucial. If whoever becomes the new President fails to revive the party, it would be the end of the road for this longest surviving fighter for national independence. If this were to happen then the incoming leadership of UMNO will go down in history as the betrayers of this once glorious and powerful political machine.

3. UMNO had adopted the democratic system apparently to ensure that betrayers of the party would be removed and replaced by better men. But clearly UMNO democracy has not always worked. Many have reached the top through false pretences. Once there they make use of their position of power to prevent democracy from safeguarding the party. By dishing out lucrative jobs and titles, by abusing the authority conferred on them, by threats of all kinds, these pretenders have been able to stop attempts at their removal, at least for quite some time.

4. The assumption of the self-serving leaders is that if they could control the division leaders through bribes and threats, their hold on the party would be ensured. Such was their stranglehold over the party that it seems the party was solidly behind them. They could do anything and they would be assured of loud approbation and support.
5. But their assumption was wrong. The division and branch leaders may kowtow to them but the rank and file and the non-member supporters proved to be recalcitrant. Unable to speak up or to criticize the leadership they decided to vote for the opposition.
6. Thus in the March 2008 Elections the Barisan Nasional Party and UMNO suffered heavy losses. The leadership refused to accept responsibility for this debacle, even claiming victory because they have enough seats to form the central Government.
7. In disgust the disaffected electorate delivered a stunning blow in a crucial bye-election, which saw the once powerful UMNO and Barisan Nasional totally cowed, scared even to display their party colours.
8. At last a few daring members of the UMNO Supreme Council decided that it was enough. The President must be forced to resign. And so Dato Abdullah after much delay announced his decision not to contest for President of UMNO and therefore his traditional right to be the Prime Minister of Malaysia.
9. That is the critical first stage. Now for the new President and Prime Minister. There are only two candidates. But to date only Dato Najib Tun Razak has received nomination for the post. Clearly he is the front runner. As expected the work of demonising him has begun. How he handles this would indicate the quality of his leadership.
10. In the meantime the nominees for the other posts are being named. If the Government of Najib is to be different from that of Abdullah, then Abdullah toadies must not be in.
11. So far it is unclear as to whether the UMNO divisions will back those opposed to Abdullah or his people. The lead taken by Muhyiddin Yassin seems to indicate that the critics of Abdullah are favoured. Rafidah, reputedly the most vocal critics of Abdullah seems still to get the support of Wanita. That could end the ambition of Azalina one of Abdullah's and Khairi's most ardent supporters, if Rafidah's promise to appoint Sharizat as Wanita Chief when she resigns is honoured.
12. Shafie Afdal, one of the most strident voices urging Abdullah to step down is likely to win enough nomination for Vice President. But the divisions seem to have forgotten the role played by Rais Yatim, who as Minister who was not afraid to air his views on Abdullah mismanagement.
13. Important though the nomination by the divisions in qualifying a candidate to contest for positions in the UMNO Supreme Council; they do not have the final say. That lies with the delegates attending the AGM.
14. In 1987 when Tengku Razaleigh contested for Presidency against me, I had more than three-fourth for the divisions nomination. But I only won by 43 votes cast by the 2500 delegates from the divisions. Obviously the delegates to the AGM did not vote according to the decisions by the divisions.
15. It behoves those contesting not to be too confident they would win simply because they have received the highest number of nominations by the division. Lots of things can happen when the AGM is held in Kuala Lumpur. I will not be surprised to see a lot of money flow, and a lot of minds changed.
16. In the 1987 elections there was a break for Friday prayers during the voting. It is believed that many delegates were approached during this break and persuaded by one means or another to ignore the decisions of their divisions and to vote for someone else.
17. For this reason there should not be any interval in the voting. If necessary it should not be held on Friday. It is however important that the voting be on the first day of the assembly.

18. As I said the country is watching this UMNO Elections with bated breath. If the UMNO divisions and delegates allow their greed to overcome their better judgement then it will be the last time they would be the king-makers in Malaysia.

19. I am reminded of the greed of a kampong Malay who used to collect "buah keranji" in the forest to sell to the Thais. It was tedious work, as the trees were tall and there were plenty of ants.

20. Impatient with the difficulties he encountered, the "keranji" collector chopped down the tree. And that was the last time he made money from collecting "keranji".

21. Perhaps the English educated prefer the goose that laid the golden egg.

22. Whichever, the lesson to be learnt is the same. Sell your vote today and that will be the end of your UMNO politics.

salam TUN yg dikasihi,

Sokong TUN 100%, perwakilan adalah penentu masa depan UMNO seterusnya. Undi mereka amat penting untuk menentukan barisan kepimpinan yg dinamik yg bakal menerajui negara Malaysia ini.

Jika mereka mudah dibeli dengan wang ringgit,, dikuatiri akan berkuburlah terus parti keramat yg bernama UMNO ini..

wassalam..

Tun, I still dont understand how come UMNO members, obviously Malay, and most certainly Muslims, can involve in bribery. It is plainly stated in Islam that bribery is HARAM. Are they not afraid of the torment promised to the people who offer or accept bribery in the hereafter? If they are so arrogant and think that they will not be assessed in the hereafter, na'uzubillah, they should at least think of what the bribery can do to the society. If they are the representatives of their society, and they make the choice which is entrusted to them for personal gains (money and power that are), then where is the integrity in that? I am very very very worried of the integrity of the UMNO people now. The weak-personality person shouldn't be elected or nominated in the first place.

Assalamualaikum Tun

Diharap setelah tamatnya era Dato Seri Abdullah, pemimpin yang akan datang ini hendak lebih sayangkan rakyat daripada keluarganya serta rakan-rakannya. tak kisahlah dia nak meng kayakan suku sakatnya tapi dalam masa yang sama rakyat terbela dan tidak ditindas dengan pelbagai tindakan "Maha Cerdik" dan sekadar manis dibibir sahaja.

Saya sebagai orang muda..future of the nation.. mungkin mewakili sekian orang-orang muda dimalaysia mahukan kepimpinan yang bijak, menggunakan norma-norma kemanusiaan dan tidak mempunyai unsur berkepentingan untuk diri sendiri serta lebih bertindak daripada banyak berkata-kata. Kerajaan adil and

saksama, Rakyat makmur aman sentosa, Negara maju selamanya.

Salam,

Dear Tun,

Jika kita lihat kepada senario pencalonan sekarang, masih ada bahagian2 yang mencalonkan pengkianat bangsa dan negara. Peranan duit telah memenangi hati para pemilih. Sebagai contoh, kawasan Benut Pontian, budak hingusan telah menambah dari RM 100 ke RM 150 dan Mukhriz kalah dengan jumlah yg amat kecil.

Kita dapat lihat, pencalonan budak hingusan banyak diikuti bersama pencalonan seorang anak mami keluaran UIA yg mengepalai pemecatan Tan Sri Sanusi Junid sebagai president UIA. Rupa2nya mereka ini telah lama bercita-cita dan membuat persiapan rapi untuk mentadbir negara dengan cara yang begitu cerdik tetapi bodoh.

Saya amat bersetuju Dato Seri Rais Yatim tidak dihargai oleh para perwakilan, kenapa?? Sebab tidak pandai menilai. Masalah bangsa kita ialah tidak tahu menilai yang mana yang baik dan yang mana yg tidak baik. Banyak tindakan dan keputusan banyak berasaskan perasaan dan hendak cepat dapat duit.

Regards,

Anakjatimelayu

Salam Tun,

Saya bersetuju dengan Tun. Jika perwakilan UMNO salah pilih pemimpin maka berakhirlah era UMNO memerintah negara. Rakyat sudah pandai jadi saya harap pemimpin baru nanti pandai lah ambil hati rakyat. Berlaku jujur ... bekerjalah untuk agama, negara dan rakyat bukan kerja untuk kesenangan diri sendiri.

Salam Tun,

Kegelisahan Tun terhadap UMNO dan masa depan orang Melayu masih relevan. Walaupun pun Tun bercakap sinario di peringkat paling atas bagaimana demokrasi disalah ertikan dan di salah pakai, begitu lah yang berlaku di sekolah.

Saya masih ingat, peilihan ketua kelas yang diserahkan kepada undian tangan pelajar-pelajar dalam

kelas itu sendiri, akhirnya menghasilkan ketua kelas yang popular sahaja tetapi tidak ada didikasinya.

Akhirnya, ketua yang ada hanya jadi pak lawak dan bermegah-megah dengan kedudukannya. Siapa yang menyokong akan terlepas atau terpadam namanya jika tersenarai dalam senarai pelajar yang telah melanggar disiplin.

Yang Amat Dihormati Tun,

Saya amat bersetuju dengan kenyataan Tun. Hanya wakil bahagian yang dapat menentukan kepimpinan yang boleh menjamin masa depan UMNO. Mereka harus bijak memilih dan tidak terpengaruh dengan sogokan sesiapa tetapi jika diberi, ambillah....

Pun begitu... tetapkan hati untuk memilih yang terbaik... antaranya Muhyiddin, Hishamuddin, Rais Yatim, Shafie Apdal, Mukhriz....

Persidangan UMNO pula masih perlu diadakan pada Disember....tidak ada sebab kukuh untuk ditangguhkan ke Mac

Untuk Tun, teruskan menulis dan semoga sihat selalu..

Tun yang teramat saya sayangi. I totally agree with you. Let's just hope & pray that UMNO can be saved and back to the "perjuangan asal". I just hope that the Malays in UMNO start to think rationally and sincerely want to help the nation. Sebagai bekas pelajar JPA di Canada, saya memang sentiasa terhutang budi dengan UMNO, tanpa UMNO, saya tidak mungkin dapat menjejakkan kaki ke luar negara. Budaya hutang budi as you mentioned at your UTP article.

Salam Tun,
Ahad ini saya berpeluang untuk menjadi perwakilan cawangan ke pemilihan Pemuda Bahagian. Insyallah, sekurang kurangnya ada satu undi dari saya yang akan menentukan Mukhriz menjadi Ketua Pemuda.
Namun, saya amat bersetuju dengan pandangan Tun, dimana ketika ini saya diasak supaya menyokong perwakilan yang telah ditentukan ke pemilihan di peringkat nasional. Saya berdoa, semoga semua perwakilan memilih calon yang telah diputuskan oleh bahagian masing masing. Ini kehendak suara majoriti ahli bawahan. Janganlah kerana ketamakan harta yang sedikit, Negara kita hancur. Ingatlah wahai perwakilan.... Masa depan Negara ditangan anda!

By Asid Cair on October 17, 2008 5:39 PM

Salam Tun,
Saya setuju dgn Tun di mana bukan pencalonan di peringkat bahagian yang akan menentukan nasib sama ada seseorang itu akan menang atau tidak. Sogokan wang dan sebagainya pasti akan berlaku secara terang-terangan di kalangan orang UMNO sendiri bagi tujuan meraih undi. Ini adalah amalan yang kurang baik dan kurang sihat. Bagi ahli-ahli UMNO yang telah lama dan sudah masak dengan keadaan ini, pasti dapat memikirkan yang mana baik dan yang mana buruk. Tapi, bagi ahli-ahli yang baru atau mungkin kali pertama ke mesyuarat perwakilan, sekiranya perkara seperti ini berlaku apakah tanggapan mereka ini terutamanya golongan muda yang baru nak berjinak-jinak dalam dunia politik umno? Tanggapan yang pertama sudah tentu, masuk UMNO buat duit dan nak buat kerja untuk UMNO untuk dapatkan duit. Apa akan jadi sekiranya mereka ini mengamalkan sikap yang sedemikian? Macam mana kalau tidak diberikan duit? adakah mereka ini akan mampu untuk melakukan kerja-kerja untuk UMNO seperti mana generasi yang terdahulu? Berjuang bermati-matian untuk UMNO sanggup menghabiskan wang ringgit untuk UMNO. Apa akan jadi dengan generasi akan datang dalam UMNO dari akar umbi hingga kepada pemimpin-pemimpin UMNO?

Kekalahan UMNO dalam PRU 12 salah siapa? Pak Lah? Najib? Khairi Jamaludin? Keluarga Pak Lah? Saya rasa semua ahli majlis tertinggi UMNO harus dipertanggungjawabkan. Kalau mereka ini betul-betul sayangkan parti, ikut saja jejak Abdullah Badawi. Sebab disebabkan nila yang setitik ini, semua yang ada dalam parti itu telah rosak. Semuanya harus dibuang dan dibuat yang baru. Bari sedap kalu nak minum susunya. Mengapa selama ini jadi badut je. Diam je. Dulu beriya-ya sangat memberi sokongan pada Pak Lah. Dah kalah blame dia sorang je. HaHaHa. Nampak sangat semua hanya sayang pada diri sendiri saja. Bukan pada parti. So macam mana generasi muda dan pemimpin masa depan nak beri sokongan padu pada UMNO? Sedangkan orang yang nak mengajar pun tak tentu arah. Umpama ketam mengajar anaknya berjalan lurus.

By bayukd on October 17, 2008 5:39 PM

Ybhg Tun,

Kepada bakal bertanding harap mempunyai visi, misi dan wawasan yang jelas dikalangan akar umbi dan rakyat. Bilangan pencalonan belum menjanjikan kejayaan. Jangan jadi "Si Lebai Malang, menang sorak, kampung tergadai".

Adalah penting utk perwakilan UMNO membuat pemilihan yang bijak bagi kepentingan Ugama, Bangsa & Negara. Jangan terjadi "Harapkan Pagar, Pagar Makan Padi".

Sementara menunggu 8 Mac, pastikan setiap pemimpin UMNO menjalankan tanggungjawab, jangan duk asyik politiking, kerja tak jalan, pembangunan tiada, ekonomi merundum, rakyat menderita. Nanti "Yang Dikejar tak dapat, Yang Dikendong Keciciran"

Bersatu kita Teguh, Bercerai kita roboh!!!

Dear Tun

Frankly, as a malay professional, I am sick of ALL politicians, be they from Barisan (UMNO and lot) or the opposition. UMNO needs to not only revamp but to reinvent itself to include decent, highly educated professional Malays. My brother is an architect and my spouse is a Chartered Accountant. Both applied to join UMNO years ago but never even received acknowledgement of their membership. As far as they are aware, it was not accepted. UMNO seems to favour membership from Malays who like to curry favour, is relative to so and so and the type of Malays who like to become rich overnight without working too hard. It's a disgrace and you are so right, if it doesn't change before the next election, it can kiss itself goodbye!! PAS on the other hand, allows membership applications on line and I am told, you get accepted straight away. No wonder more professional Malays seem to be joining PAS instead!!!

Yg Bhg Tun,

Saya amat kagum dgn komen-komen Tun yg bernas dan berpandangan jauh. Tetapi, (seperti juga didalam drama2 dan filem2 melayu, mesti ada perkataan TETAPI selepas sesuatu ayat utk menjadikan cerita) saya rasa kurang setuju pada kali ini dimana Tun tidak lekang dari tulisan Tun utk meng'kondem' Paklah. Bak kata pepatah Inggeris, "when you are down, everybody wants to screw you!".

Paklah sudah pun mengaku akan kesilapan dan ketidakcekapannya didalam mengurus dan mentadbir

negara. Pendekata, beliau telah pun menyerah kalah dan mengangkat bendera putih hasil dari kritikan dan hentaman dari segenap sudut termasuk kritikan dari blog Tun. Saya amat yakin Paklah membaca setiap perkataan yg Tun tulis diblog ini dan sebagai manusia biasa, beliau akur akan segala tohmahan dan kritikan yg dilemparkan. Maka saya amat berharap Tun kurangkanlah komen Tun mengenai beliau dan fokus kearah memberi petunjuk dan panduan membina semula organisasi yg hampir lumpuh.

Assalamualikum YDK Tun,

Saya percaya dan yakin akan berlaku banyak perubahan nyata semasa pemilihan March 2009 nanti. Ini kerana wang, kuasa dan ugutan akan digunakan untuk memastikan mereka-mereka yang ingin terus berkuasa kekal berkuasa. Sebagai contoh nyata ialah Si Parasit KJ, yang dengan terang berlakon dan menyatakan beliau adalah anjing bawahan "underdog" dalam pemilihan Ketua Pemuda nanti. Ini adalah langkah pertama untuk perang psikologi dengan Datuk Mukris. Saya juga yakin dalam jangkamasa empat bulan ini, banyak wang dan ugutan akan digunakan ke atas perwakilan bahagian untuk memastikan kemenangan Parasit KJ nanti, its already proven during last pemilihan pemuda Umno.

Saya juga percaya Pak Lah telah bersiap sedia untuk membantu menggempur perwakilan yang sedia ada untuk memastikan kemenangan Menantu dan Mentornya. Saya percaya dan yakin semua perwakilan yang akan terlibat dalam pemilihan nanti akan mengutamakan parti dan negara. Jangan kerana wang dan kepentingan sementara Umno dan BN ditumbangkan.(cerita KJ dan pokok keranjinya)

Saya yakin Datuk Mukris akan menang pemilihan Ketua Pemuda UMNO dengan Merit kerana beliau mempunyai karisma dan berpendirian teguh dan mempunyai ciri-ciri kepimpinan yang dapat membantu menaikkan kembali maruah dan martabat Umno, BN dan Negara kita yang kita cintai.

Walaupun, kami warga blok YDK Tun sentiasa akan bersama Tun.

Take care YDK Tun & Tun.

Salam & regards to all warga blok YDK Tun.

Assalamualaikum Tun,

Selamat Hari Raya kepada Tun Sekeluarga dari pada Singapura.

Saya amat rasa kehilangan apabila Tun meletak Jawatan dahulu kerana waktu Tun menjadi PM Malaysia, Tun banyak membela orang orang Melayu di Singapura. Terimakasih yang ikhlas dari saya.

Saya rasa saya jugak berhutang budi dengan Tun oleh sebab di atas.

Wasalam dan semoga Tun dilindungi dan dirahmati Allah hendaknya

Yang dihormati Ayahanda Tun,

Adalah benar kata2 ayahanda dan diharapkan semua wakil yang layak bermuhasabah diri untuk bangsa, ugama dan negara (walaupun saya tidak pernah menjadi ahli UMNO tapi undi saya selama ini kpd BN, mahukah tuan2 saya pangkah pembangkang nanti).

Ada pulak cakap2 yg hendak melayak kan siS.I.L utk bertanding kerusi dihati supaya mereka boleh "tibai" duit dia for the last time.

And to Raja Petra Kamarudin and his supporter a.k.a RPK or Rest Peacefully in Kamunting, good job and good lucks!

And not to late to wish Ayahanda and Bonda, "Maaf zahir dan batin, ampunkan anakanda yang pernah mencaci ayahanda dahulu semasa krisis Musa Hitam, maklumlah masih muda dan terpengaruh pada politik kenegerian. Ampunkan anakanda!"

Tun,

UMNO telah melalui banyak kenangan dan sejarah. Perjuangan UMNO begitu penting buat orang-orang Melayu dan rakyat Malaysia.

2. Namun kekaburan perjuangannya semasa pemerintahan DSAAB menjadikan ramai orang Melayu lari meninggalkannya. Ini ditambah pula sikap para pemimpin lain yang menyokongnya secara membabi buta.

3. Saya lebih khuatir apakah yang telah lari itu akan pulang semula dengan kasih yang masih tersemat di hati. Atau apakah ketika mereka di dalam perlarian, telah jatuh hati pada yang lain?

4. Saya tetap yakin bahawa Datuk Seri Najib merupakan seorang pemimpin yang berkebolehan untuk memimpin UMNO. Beliau mempunyai sentuhan yang menjadi dan pihak pembangkang telah lama mengetahuinya. Dengan itu, serangan terhadap DS Najib telah lama dimulakan dalam usaha menimbulkan keraguan di atas kebolehan dan kemampuannya. Apabila DS Najib mengambilalih kepimpinan UMNO, pembangkang akan rugi.

5. Saya sangat bimbang akan perwakilan yang akan pergi ke mesyuarat agung nanti. Semua orang tahu bahawa ada di kalangan mereka ini tidak jujur dan boleh dibeli. Jika perwakilan tidak merealisasikan kehendak jutaan ahli UMNO di perhimpunan nanti, bangsa Melayu dan negara akan menerima padahnya.

6. Saya juga telah lama 'jatuh hati' dengan kebolehan datuk Shafie Apdal. Kebolehannya memimpin dan berhujah menjadikannya sebagai calon yang perlu dipilih. Bukan kerana hendak menyenangkan hati orang Sabah, tetapi kerana dia memang layak dan berkebolehan.

7. Saya juga tersentuh di atas kepercayaan Tun terhadap DS Rais Yatim. Ramai yang menyebut tentang kebolehan dan kemampuan DS Rais. Apabila khalayak membincangkan pemimpin yang berwibawa di dalam UMNO, nama Rais akan sentiasa di sebut. Namun beliau masih belum mendapat pencalonan yang sepatutnya.

8. Benar kata Tun, pemilihan kali ini sangat penting. Kita sedang menilainya. Jika UMNO membuat kesilapan pada pemilihan kali ini, cinta dan kasih terhadap parti ini akan berkubur.

9. Namun, saya lebih bimbang nasib Mukhriz. Walaupun beliau mendapat pencalonan yang banyak, jangan lupa di dalam UMNO semua boleh berlaku. Apa agaknya yang sedang dirancang untuk menentukan supaya beliau tewas nanti?

Menanti Tun masuk UMNO semula.

Salam untuk Tun dan semua.

Dear Tun,

Semuga Malaysia mendapat Ketua Kerajaan yang selayaknya. Adakala terfikir juga adakah wajar pemilihan Perdana Menteri Malaysia hanya dalam tangan 2500 Perwakilan UMNO sahaja. Apakata

mereka ini gelapmata dan mengundi hanya berdasarkan ketamakan kuasa dan peribadi tanpa menghiraukan mandat yang diberikan kepada mereka selaku perwakilan oleh akar umbi. Nyata keputusan di tangan mereka dan hanya Allah yang Maha Mengetahui nawaitu masing-masing.

Tun, take care of yourself. We still need U.
By DR.TB on October 17, 2008 5:58 PM

salam kpd tun...

berkenaan isu ketidaktentuan pemilihan UMNO memang telah berlaku sejak dari dulu lagi dan ia sgt sukar dibendung...mungkin pada masa itu kepentingannya tidaklah terlalu ketara kerana tidaklah memberikan impak kepada pemerintahan negara secara total...tetapi kini berbeza, kerana pemilihan ini penting untuk memastikan yang dipilih adalah wakil2 yang mampu memulihkan UMNO dan BN keseluruhannya(bukan untuk jadi pemerintah)...jikalau mereka berjaya, barulah mereka boleh menjadi pemerintah yang baik...terus terang saya katakan, jauh di lubuk hati saya mengatakan adalah sukar untuk memulihkan kembali imej UMNO@BN. tapi itu juga tidak patut dijadikan alasan untuk berputus asa...apapun yang terjadi, paksi pembangunan negara masih ditgn kerajaan sekarang kerana pakatan pembangkang jelas sekali seperti `air dan minyak yang cuba disatukan dengan gaulan senduk sahaja`, bersatu dengan banyak tompok2 minyak yang tidak bisa bergaul dengan yang lain malah jauh sekali bersatu dengan air...namun, pakatan rapuh ini sepertinya menjadi `favourite` kepada sesetgh masyarakat kita akibat kerana kelemahan kepemimpinan sekarang...kepada perwakilan UMNO, tolonglah sekali ini (kalau mungkin selamanya), buatlah keputusan tanpa dipengaruhi oleh unsur2 luar yang negatif. sayangilah anak2 dan cucu serta keturunan anda yang mungkin akan merana jika anda tersalah pilih kali ini.

sekian, salam dari perantauan
By emville on October 17, 2008 5:59 PM

Too true Tun. Diharapkan perwakilan bahagian UMNO dpt membuat keputusan yg bijak, utk anak cucu kita. Kita hanya meminjam bumi Malaysia ini utk diwarisi oleh anak cucu kita. Pastikan kepentingan Malaysia didahului dari kepentingan sekarang yg tidak boleh dibawa jauh.
Dgn gaya Tun sebut2 calon yg patut dpt sokongan bahagian, nyatalah ianya akan membuka mata org2 UMNO.

Selamatkan UMNO. Selamatkan Malaysia!

Duit yang HALAL atas usaha sendiri, ambillah. Duit sogokan, rasuah jika diberi oleh penyangak2 atau wakil penyangak2 jika ada dalam pilihanraya UMNO. Ludahkanlah ia !! Ludahkan duit dan agen dan penyangak2 tersebut !! Mereka inilah pengkhianat bangsa. Kalau di sesetengah negara, hukuman rasuah ditembak sahaja !

Ada pemimpin luar negara hanya ada 1 kereta Peugeot buruk dan sedikit wang sahaja sebelum beliau jadi pemimpin negara yang lantang selepas itu, berani demi agama, bangsa dan negara.

Melayu,Muslim,Malaysian-----> say NO and HATE rasuah walau dalam bahasa apa sekalipun,money politics atau sebagainya.Kita mesti bersatu.Menang dgn cara menipu,jangan harap,kita hapuskan mereka ini.

Dear Tun,

I am not a member as a non-malay. But basically UMNO fight for Malays and as a bumiputera, that will affect me too. And as a Malaysian this election will determine our leader. As for now, since Pak Lah announced that he will not defend his post, all eyes goes to Dato Najib. Lots of anti-Najib statements circulated around. Anyway i believe peoples should trust UMNO's choice. If they choose Dato Najib then there better be good enough reason to convince other Malaysian that this is the man. If the money-politic is not involved i dun have any reason to question the credibility of whatever result from this elections. Surely those inside UMNO knows what's best for them.

It's funny how those ppl who comment highly on Dato Mukhriz when he ask for Pak Lah resignation now play different tune and bring anti-mahathirism into the picture. Wonder at their level of self-righteousness. Wish you and your family a nice weekend.

2. Perwakilan undilah dengan baik
3. Bila dah lantik - mohon dapatkan objektif tuu..
4. kalau tak dapat pun - segala niat, usaha, penat dan lelah perlu ke arah itu
5. Tun pun tak mampu jayakan hasrat Bumiputra pegang 30%
6. Yang penting niat dan usaha kearah itu
7. Jangan tukar tukar
8. Fokus balik. Ekonomi Bumiputra penting. Itulah stabiliti itu lah kunci kejayaan
9. 30% bukan tamak. Itu adalah titik dimana semua rakyat Malaysia berada dalam keadaan yang optimum - bukan segilintir sahaja berada dalam keadaan maksimum

Assalamualaikum Tun yg dihormati.... Kali ke-2 sy komen kat sini... Sy merasa lega ketika PM mengumumkan akan tidak mempertahankan jawatan beliau pd PAU, tp yg tak bestnye PAU lambat lagi.. Nape tak wat bulan Disember jer, nape nak kena tunda? Memang Majlis Tertinggi Umno kena ikut perintah Presiden ker? TSMY mmg best.. berani bersuara. baru2 ni TSMY kate penangguhan PAU ade kesan buruk. Sy setuju sgt2. Watpe nak kempen lame2 kan? Ape2pun sy sebagai rakyat Malaysia amat berharap PM yg baru nanti mampu memperbaiki UMNO dan BN. Skang ni komponen BN pun berani mempersoalkan isu perkauman..

Biar PM baru ni berani dan disegani...

Harap Malaysia terus maju dan harmoni serta aman selalu....

Semoga Tun dan keluarga sihat walafiat...

Saya hanya ade satu idola je sejak dulu..

Org itu ialah Tun sendiri.. Bangga sgt bila Malaysia ade Pm Macam Tun... Salam...

By klstingray on October 17, 2008 6:12 PM

A'kum Tun...semoga Tun dan keluarga sihat dan berbahagia selalu...

Benar sekali penjelasan Tun...

Pengkhianat2 UMNO tersebut mesti disingkirkan dan dihapuskan sama sekali demi meneruskan survival parti keramat ini...Mereka2 inilah yg telah memporakperanda dan menghancurkan UMNO dari terus gag berkuasa memperjuangkan agama, bangsa dan negara....

Saya juga merasa sangat sedih dgn sikap sebilangan ahli2 UMNO yg begitu tamak, mementingkan diri dan tanpa sedikit pun rasa bersalah dan rasa malu, sanggup menjual undi2 mereka kepada pengkhianat2 parti...adakah mereka2 ini mungkin telah lupa atau hilang akal fikiran ataupun sebenarnya telah menjadi begitu bodoh hingga tergamak mahu menggadaikan parti yg telah banyak

berjasa kepada diri mereka, keluarga dan bangsa mereka sendiri selama ini...

Harapan saya semoga pemimpin yg baru akan dapat meneruskan semua perjuangan Tun yg belum selesai..

Salam.

By megat on October 17, 2008 6:12 PM

Salam Sejahtera Tun,

Saya rasa terpenggil apa yang diperkatakan. Tidak dinafikan UMNO sekarang dilihat sebagai batu loncatan untuk menjadi kaya. Perjuangan sekarang adalah berbeza. Kesemuanya adalah untuk kepentingan peribadi, keluarga dan suku sakat. Melayu mudah lupa..kita hendaklah mempertahankan parti ini yang mana telah banyak berjasa terutamanya untuk kaum melayu. Janganlah kita abaikannya demi kepentingan keperibadian kita. Anggaplah apa yang berlaku semasa pilihanraya yang lepas sebagai tanda isyarat bahawa UMNO tidak akan relevent jika pemimpinnya megah dengan kedudukannya dan bukan megah dengan semangat untuk membela rakyat.

Bagi perwakilan yang akan mewakili...fikirkanlah..tanya kepada hati..adakah aku ini memasuki UMNO hanyalah semata-mata untuk diri aku sahaja..bagaimana dengan bangsa aku..apakah yang patut aku perjuangkan..pemimpin yang manakah yang patut aku calonkan..adakah dia memperjuangkan hak-hak rakyat ataupun hanya untuk memenuhi impian tamaknya..fikir-fikirkan lah.. orang melayu tidak marahkan UMNO..tetapi marahkan pemimpinnya..Janganlah hancurkan UMNO ini kerana kerakusan kita..sayangilah UMNO..

1. UMNO sebenarnya sedang diuji sejauh manakah kematangan ahli-ahlinya dalam menghadapi situasi skg.Jika wang, pangkat, gelaran, projek menjadi sandaran utama para pemilih bermakna transformasi atau perubahan yg dicanangkan pasti berkubur.

2. Saya tertarik melihat gelagat para penyokong Pak lah yg mendesak mengekalkan jawatan Presiden semasa beliau ingin membuat keputusan tidak mahu mengekalkan jawatan tersebut. Ramai mereka tersebut bersuara garau dan berperut buncit...mengikut datuk saya orang yang berperut buncit ni selalu makan lebih. Teringat saya kepada mereka yang kurus kering mungkin baka atau mungkin tak cukup makan.

3. UMNO jika ingin terus berkuasa dan menang di hati orang Melayu lupakan lah istilah dapat projek itu dan ini. Pilihlah mereka yg benar-benar layak dan hidupakanlah demokrasi sebenar dalam pemilihan tersebut.

4. Hayati lirik ini...

Salam kepada Tun dan isteri.

Saya terlalu ingin nak percaya yang Datuk Najib will be the perfect PM for Malaysia because we really need a great leader to steer the country back to the right path. Tapi sejak lama dulu saya telah dengar mengenai "kenakalan" beliau, bukan hanya baru-baru ini. I think Malaysians deserve a PM with a "cleaner" image. I have nothing personal against him and I do hope he is as great as what you made him out to be.

Akhir sekali, thanks for sharing your wisdom with us.

13. Important though the nomination by the divisions in qualifying a candidate to contest for positions in the UMNO Supreme Council; they do not have the final say. That lies with the delegates attending the AGM.

Yes, these are the people who will decide what becomes of Umno - and ultimately the country. And many of them are reading this - Tun's blog - right now.

There are many hypocrites among them here. Oh, they are very vociferous at the blogs and coffeeshops, arguing against this and that, of pinpointing the weaknesses in Umno and what to do about it...

But when the time comes, they sell out ... just like the title of that cowboy movie: For a Few Dollars More.

Hopefully, this time will be different - that they will indeed have enough shame and spiritual values inside them to reject the temptations to serve their self-interests.

Or will it still be the same story; of selling out the Malays' collective interests just so they'll fulfill their own selfish wants?

Excellent article. "It is the survival of the fittest".

Lets all hope and pray for the best. Only clean, trustworthy and efficient persons should win in these coming elections. The electorate cannot gamble on the future of our young kids. My prayayers daily are that only genuinely uncorrupted persons and free from any crime win.

God willing all our prayers will be answered.

By Cohong on October 17, 2008 6:30 PM

Saya harap mereka mengundi dengan bijak. Jangan ikutkan hawa nafsu tapi ikut akal fikiran. Jangan jadi hamba duit. Mereka perlu ingat bahawa hala tuju negara bergantung kepada siapa yang mereka undi nanti.

Pada pendapat saya, gandingan DS Najib dan TS Muhyiddin adalah satu gandingan yang mantap yang mampu meneruskan wawasan negara ketika negara berada di bawah pentadbiran Tun. Jangan jadi seperti rejim Pak Lah the Flip Flop. Menang sorak tapi kampung tergadai.

Saya berharap agar DS Najib dapat menggunakan kepakaran dan idea Tun dan pakar-pakar ekonomi lain di era Tun untuk memulihkan ekonomi negara. Kami tidak mahu hidup sengsara lagi.

By Mozafar on October 17, 2008 6:31 PM

Salam Tun.

Sangat setuju dengan apa yang Tun telah tulis kali ini. Perwakilan harus bijak menilai mana yang layak dan berwibawa sahaja dipilih jadi AMT Umno. Namun penggunaan wang tidak dapat dielakkan sebab ahli-ahli telah terbiasa dengan pemberian wang. Jika pun yang bertanding elak untuk memberi wang

namun bagi ahli perwakilan yang telah sebatikan dengan sogokan ini akan tidak segan-segan meminta.

Inilah dilema yang hendak bertanding sekarang. Kita enggan beri wang tapi perwakilan pula meminta. Takkan yang bertanding nak tolak permintaan mereka. Jika tak layan maka hilanglah satu undi. Nampaknya trend sogok and meminta habuan ini tetap ada dan agak sukar untuk dihilangkan.

Saya teringat masa Aljuburi nak dapat pencalonan Tim Presiden untuk tentang Allahyarham Tun Ghafar dimana Aljuburi telah gunakan JUTAAN RINGGIT untuk sogok ketua ketua bahagian. Yang akhirnya pencalonan memihak kepada Aljuburi dan Tun Ghafar terpaksa menarik diri dan undur dalam kehinaan.

Wang rasuah dan sogokan ini sebenarnya telah di recycle dari atas turun kebawah. Tidak hairanlah jika sesiapa sekarang bercadang untuk bertanding jawatan terpaksa menyediakan wang sebelum turun padang.

Kita tengoklah prestasi Najib samaada amalan rasuah ini dapat dia bendung atau dia sekali dengan UMNO terus bungkus pada PRU 13 nanti.

Salam hormat Tun Mahathir

Saya melihat soal pokok ada lah berpaduan bangsa melayu. Setelah Tun serahkan kuasa berpaduan bangsa melayu mula retak dan hampir berderai sebab pemimpin sangat lemah dan tidak berwibawa. Selagi bangsa melayu berpecah masa depan mereka senantiasa terancam. Baru2 ini MCA pula mahu jabatan deputy prime minister.

Kalau di beri betis nanti mahu peha. Coba kita bayangkan kalau segenap bangsa melayu bersatu bangsa lain tidak berani bersuara. Hindraf pula yang di sifat kompolan haram minta macam2 yang tidak

terima di akal. Tidak ada jalan lain pemimpin2 UMNO harus coba menyatukan bangsa melayu kemudian menyatukan seluruh rakyat Malaysia. Bersatu kita teguh berpecah kita runtuh ingatlah wahai bangsa melayu kalau mahu wujudkan Tanah Melayu untuk selama2nya. Mereka berani mempersoalkan keputusan raja2 majlis tertinggi. Ternyata parti pembangkang tidak hormat dengan raja kita. Ini bukan kali pertama saudara Lim Kit Siang buat demikian biadab dan kurang ajar. Sampai bangsa lain tidak terima bahwa mereka ada rakyat pendatang dan dengan segaja tidak mahu atau kenal Malaysia pernah di nama Persekutuan Tanah Melayu di peta dunia. Sesuai dengan agama Islam orang2 harus jauhkan dari korupsi, hasrat dengki, cronyism dan lain2 yang menentang agama Islam.

Asalamualaikum and Hello,

Dear All,

It seems like this is a very critical time for UMNO. This is what we describe as "point of no return". I just pray to God and hope, that UMNO members have learned their lesson. You don't ever mix voting for the right person with "gula-gula" (bribery). If they mess up again, then this would be the end for Barisan Nasional and UMNO. As what Tun Dr. Mahathir stated; this time we will need a right person to lead the country. Anything else is secondary. I wish all the candidates good luck and god-speed. Long live Barisan Nasional and UMNO.

Points to ponder:

UMNO secara tak langsung terdiri daripada Melayu dan paling penting sekali Islam agamanya. Sekiranya kali ini orang Islam tidak belajar dari kesilapan, maka ini adalah penghinaan atau bala yang dipinta oleh anda sendiri. Renungilah.

Firman Allah SWT yang kira-kira bermaksud, "Allah tidak akan mengubah nasib sesuatu kaum, melainkan kaum tersebut mengubah nasib mereka sendiri". Wallahualam. Wasalam.

semoga artikel ini memberi peringatan kpd semua...pertukaran pemimpin bukanlah satu jaminan akan ada perubahan ianya hanyalah satu nafas baru yg tidak berbau spt terdahulu...karektor, peribadi serta kewibawaan menjadi taruhan kali ini, persoalannya adakah pemimpin baru akan akan melihat semua

isu secara menyeluruh atau rawak shj?sekiranya bakal pengganti masih berpendirian spt pemimpin terdahulu tidak mustahil UMNO bakal menempa batu nesan,byk perlu diteliti dan byk perlu diperhalusi....pada pengamatan TUN adakah Najib mampu mengharunginya bersama awak2nya...umum jelas mengetahui pembangkang ditunjangi bekas org no.2 negara,tak lain adalah anak didik TUN sendiri,ilmu serta pengalaman yg TUN curah kpd beliau lebih berbanding Najib,persoalannya apakah kemampuan Najib serta awak2nya menghadapi kutu ini...saya secara peribadi(mohon sokongan kekwn lain) mengesyorkan TUN menjadi Penasihat Negara agar segala serangan kutu ini dapat ditangkisi dgn sebaik mungkin agar negara terus makmur sebagaimana yg telah bentuk sebelum pak lah meranapkannya...

Reading your posting, I conclude that you were very much aware of votes being sold/bought in UMNO elections. Money was thrown everywhere. Didnt you find out where these so much money come from?

Why you didnt do something to stop this. I know with the power you held you could if you wanted. No Ketua Bahagian would dare to even look at you, much less plot against you. A few did, and then they were history!!

Your para 10 disturbs me. Nobody can say who should or should not be in. Leave it to the delegates. That, Tun, is what democracy is all about.

Tun,personally I think Najib will not survive politically until UMNO election.Too many allegation of scandals that he have to answer.How to work effectively when have so much personal problem. Should standby alternative candidates just in case.

salam tun...

sy mungkin keluar tajuk article.. cuma saya di sini ingin tun kasi pendapat tun tentang perbahasan DSAI mengenai bajet yang di bentangkan sebelum ini sudah TIDAK RELEVANT..

saya sebagai pelajar ipta mahukan pendapat dari seorang tokoh yang saya kagumi.. malah untuk makluman tun, saya pernah mengambil subjek 'pemikiran mahathir' ketika diploma d UITM..

Dengan ilmu yang tidak seberapa, saya MERASAKAN BAHAWA ISU DSAI DI PARLIMEN ADALAH BENAR... BAJET YANG DI BENTANG OLEH PAKLAH TIDAK LAGI RELEVANT MENGIKUT EKONOMI DUNIA HARI INI.. SEMUA ANGKA TELAH BERUBAH DENGAN SANGAT KETARA BERDASARKAN KEADAAN EKONOMI SEKARANG..

WALAUPUN SY HANYA PELAJAR UITM, SY SAYANGKAN NEGARA SAYA.. SAYA RINDU MELIHAT EKONOMI KITA KEMBALI BERSAING DENGAN NEGARA YANG SETARAF, CONTOH PALING HAMPIR SINGAPURA..

YANG JELIK NYA, KENAPA DATO' NAJIB TIDAK HADIR D PARLIMEN UNTUK MENJAWAB SEMUA USUL DARI DSAI.. SAYA MALU KERANA DATO NAJIB MERUPAKAN SEORANG JENERAL YANG AKAN MEMIMPIN NEGARA TAHUN DEPAN SEPATUTNYA BERANI BERHADAPAN DGN ANWAR..

SAYA SENTIASA IKUTI BLOG TUN DAN DSAI, SAYA MAHUKAN PENDAPAT TUN..

TOLONG TUN JELASKAN..

UNTUK MAKLUMAN, SAYA MENDAPAT MAKLUMAT DARI BLOG DSAI, 'TRANSKRIP PERBAHASAN D PARLIMEN'.

TERIMA KASIH SAYA UCAPKAN ANDAI TUN SUDI MEMBERI PENDAPAT.. X DI SANGKAL, PENDAPAT TUN SENTIASA BERNAS..

Assalamualaikum warahmatullahi wabarakatuhoo !!!

PEMILIHAN UMNO

"Seluruh Negara sedang perhatikan penamaan calon-calon jawatan Majlis Tertinggi UMNO."

Ada yang bersungguh-sungguh dengan apa cara sekali pun untuk berkuasa. Alangkah kesungguhannya diterjemahkan dengan niat yang baik. Ada yang hanya ingin BN hilang kuasa dan biar siapa yang memerintah sekaligus tanpa memikirkan tindak balas selepas menelan ubat yang berlainan kerana terlalu 'FED UP'.

Saya berdoa agar Malaysia sentiasa aman dan damai dengan pemimpin yang berwibawa yang akan disanjung hingga ke akhir hayat.

Kesungguhan Tun sehingga kini untuk mencapai WAWASAN 2020 hanya akan menjadi realiti sekiranya pemimpin pemimpin dari UMNO yang akan menunjukkan prestasi masing masing sebagai TEAMWORK dan bukan dari yang hanyak mementingkan diri sendiri dengan meletakkan imej parti yang ada sekarang.

Akhir sekali saya berdoa agar idea idea dari Tun akan membuka hati kepada yang tidak lagi memikirkan baik dan buruk dengan tindak balas mereka terhadap negara yang tercinta MALAYSIA.

Sekian, Wassalam.

Salam Tun

I pray the delegates will think ahead and choose wisely the leaders who would lead them and the country. They have a responsibility to uphold, not least to their children and future generations.

It's clear some people who have volunteered to run for deputy president, vice president and umno youth head are, as you say, jokers. Some of us can't believe the straight-face they put on when they announced their candidacies. They may have cash to burn though, so I pray the delegates heads will not be turned.

14. Pada tahun 1987 apabila Tengku Razaleigh Hamzah bertanding kerusi Presiden menentang saya, saya mendapat lebih $\frac{3}{4}$ pencalonan daripada bahagian-bahagian. Tetapi saya menang dengan kelebihan hanya 43-undi daripada 2,500 perwakilan bahagian yang hadir. Jelas bahawa perwakilan ke Perhimpunan Agung tidak mengundi mengikut keputusan bahagian.

MESTI DITAFSIRKAN BEGINI:

Kerana politik wang ... pada pemilihan UMNO Mac 2009 ini apabila umpamanya Khairi bertanding kerusi ketua pemuda UMNO menentang Mukhriz, walaupun Mukhriz mendapat pencalonan jauh lebih tinggi dari Khairi ... tetapi Mukhriz menang dengan kelebihan hanya 4 undi sahaja daripada 4000 perwakilan bahagian yang hadir. Jelas bahawa perwakilan ke Perhimpunan Agung tidak mengundi mengikut keputusan bahagian.

Kalau senario di atas berlaku bermakna ramai perwakilan yang menjual undi mereka terbang pokok keranji atau bedah perut angsa .. 22. Apapun, pengajarannya tetap sama. Jual undi anda hari ini maka berakhirilah politik UMNO bagi anda. berakhirilah melayu di tanah melayu sendiri.

Asmk Tun, Ya kepimpinan parti pembangkang akan terus menjadi pembangkang walaupun sudah memerintah, dan mereka akan menyokong apa saja untuk kepentingan diri.....Hj Hadi menyokong tindak-tanduk HINDRAF konon itu lah demokrasi! Amat keji dan jijik sekali.

Salam Tun,

1. I am a Malay, but I am not an UMNO member. Despite of not being an UMNO member, I did support UMNO because falling back on the initial statement, I am a Malay. As a Malay, I do not have many other choices within Barisan Nasional because the foundation of BN itself is racial based to start with.

2. As time went by, I realised quite a fair bit about UMNO. Dirty, dirty, dirty (as you yourself pointed out in point 15, " I will not be surprised to see a lot of money flow, and a lot of minds changed"). Should I support a dirty political party now? I don't have the answer.

3. You may say that politic is a dirty game. I disagree. People in the political parties are dirty (majority). The way I look at UMNO, the dirtier you are, the higher you climb (even though it did work on the reverse with Abdullah prior to his appointment as the PM. After his appointment, he finally rose to the occasion).

4. Let me correct you Tun. If the incoming President of UMNO fails to revive the party, not just the incoming leadership of UMNO will go down in history as the betrayers, the whole lot including the previous leaderships will go down in history as betrayers.

5. There is a need to reform UMNO. Or better still, deregister it and install a newer UMNO than the incumbent. This has to be done now or else, there won't be any UMNO (be it new or current) in the near future.

6. All I am asking Tun, is for you to change UMNO and its members. You have succeeded in getting rid of Abdullah but your fight should not end here. "Perjuangan yang belum selesai". I wished you can live for another 100 years but we know that it is impossible.

7. With the limited time that you have Tun, please do whatever you can to change the members' attitudes. UMNO is the place for those who are willing to sacrifice their Time, Wealth and even Lives (TWLs) for the people especially the Malays. Just look at all the MT members. Please Tun if you can, point out to us the one that in your most honest opinion would be willing to sacrifice their TWLs for the Malays?

By isahbiazhar on October 17, 2008 7:31 PM

It looks like you want UMNO to vote to your dictates. Your writing indicates that. You will see a lot of surprises and that may set you back.

Assalamualaikum,
Tun yang dihormati,

Di sini saya perturunkan sekali lagi kata-kata keramat Tun kepada orang Melayu, khususnya orang UMNO.

"18. Seperti yang saya katakan, negara sedang perhatikan pemilihan UMNO dengan penuh debaran. Jika bahagian-bahagian dan perwakilan UMNO utamakan ketamakan diri mereka dalam membuat keputusan maka ini akan menjadi kali terakhir mereka menjadi "king-maker" di Malaysia."

Saya sangat bersetuju dengan kata-kata keramat Tun di atas. Kini bukan sahaja negara kita, tetapi seluruh dunia, khususnya negara Mongolia dan Amerika Syarikat sedang memerhati siapakah bakal menjadi Perdana Menteri Malaysia.

Justeru "king-maker UMNO" harus memberi tumpuan dan sedar bahawa dalam pemilihan bakal Presiden UMNO pada kali ini mereka hendaklah memilih seorang Presiden bukan saja boleh diterima oleh orang UMNO, tetapi harus juga boleh diterima oleh orang Barisan Nasional, oleh orang Melayu, oleh rakyat Malaysia dan oleh masyarakat dunia. Sekiranya tidak, diyakini pada pilihan raya umum akan datang, Presiden UMNO tidak akan lagi menjadi Perdana Menteri Malaysia.

Dalam keadaan sekarang nampaknya, "king-maker UMNO" tiada pilihan kerana setakat ini hanya Dato Seri Najib saja yang mendapat pencalonan untuk jawatan Presiden UMNO dan seterusnya menjadi Perdana Menteri Malaysia.

Tetapi masa belum terlambat untuk memberi peluang kepada seorang lagi tokoh, Tengku Razaleigh Hamzah, untuk mendapat cukup pencalonan bagi jawatan Presiden UMNO supaya demokrasi pemilihan benar-benar wujud dalam UMNO. Agar kemenangan jawatan Presiden UMNO itu nanti merupakan satu kemenangan yang terhormat bukannya suatu harta pesaka yang diwarisi.

Sedarlah, pemilihan Presiden UMNO kali ini merupakan pemilihan yang paling kritikal dalam menentukan nasib bangsa Melayu menjelang pilihan raya umum akan datang. Janganlah orang UMNO menjadi pengkhianat kepada agama, bangsa dan negara kerana terpedaya dengan keuntungan peribadi semata-mata. Ingatlah kepada nasib anak cucu kita yang tiada pilihan lagi melainkan akan terus mendiami negara Malaysia ini walau apapun akan terjadi.

Semoga Tun terus berperanan kerana "Perjuangan Belum Selesai".

21smiles.

Assalamualaikum Tun,

Saya merasa amat hairan dengan UMNO. Parti yang majoriti nya Melayu Islam tetapi tetapi sewaktu pemilihan calon-calon untuk menjawat jawatan dalam UMNO berlaku masalah politik wang yang agak kronik.

Mengapa ini berlaku ? Dimanakah mereka-mereka ini meletakkan diri mereka dalam agama. Ahli-ahli UMNO yang memperjuangkan agama dan bangsa tidak seharusnya meletakkan agama dibelakang untuk merebut jawatan. Sesungguhnya apa yang orang UMNO lakukan akan terus diperhatikan oleh bangsa lain dan apa-apa perbuatan yang tidak baik, akibatnya akan di tanggung oleh orang Melayu keseluruhannya.

salam tun! perhatikan akan tindak tanduk musang-musang yang berbulu ayam ini nanti. umno (melayu?) perlukan ketua (pemimpin?) yang tegas dan berani, bukannya yang mengharapkan simpati untuk naik. orang yang meminta-minta (simpati) adalah dipandang rendah (hina) dan mudah diberi dan terima rasuah akibat terhutang budi. salam syawal, tun dah habis puasa enam ke?

By rizalman73 on October 17, 2008 7:47 PM

Aslam'kum Tun,
Kalau Tun tak bawa internet ini dulu ke M'sia, siapa pun tak tahu gunakan kecuali mereka-mereka yang terpilih untuk belajar keluar negara yang majoritinya atas tajaan kerajaan.

Saya merasakan UMNO telah meminggirkan golongan muda yang diasuh ketika era Tun yang la di gelar 'Mahathirism'. Di negeri saya, Melaka, golongan muda ini lebih terdorong menganggotai pembangkang kerana UMNO enggan memberikan mereka tempat kerana khuatir kedudukan 'orang-orang lama' terjejas dan elaun tak dapat. Saya bimbang, pembangkang semakin kuat di selatan semenanjung kerana mereka memberikan peluang yang luas kepada golongan muda ini. Kami menjadi terpelajar dan pandai kerana asuhan Tun. Saya dahulunya hanyalah seorang budak kampung yang tidak pernah bermimpi untuk memakai 3 paku di bahu saya.. Saya Tidak Pernah Lupa! Saya telah lama bertugas di negeri Kedah dan seringkali saya dengan bangganya akan mengakui yang saya adalah anak watan Melaka apabila ditanya orang. Saya tak suka Dato Johari, meluat,kurang berpelajaran, kampungan, cakap ikut dan je.. tapi ADUN Bkt Kayu Hitam bagus orangnya. Tok Jo adalah antara faktor undi BN di Kedah berkurangan.

Saya mohon jasa baik Tun agar menyampaikan hal ini kepada pemimpin UMNO Melaka yang mereka mungkin terlupa atau buat-buat lupa. Saya tahu kerana ramai anak-anak muda Melaka mengadu kepada saya tentang kelaku orang-orang lama UMNO ini. Jika didapati ada calon orang muda di bahagian yang didapati mampu mengugat mereka, maka mereka akan melobi golongan lama agar mengeyahkan dan boikot peluang calon ini. Ini membuatkan golongan muda marah dan beralih arah dalam pembangkang hal ini tidak terjadi, golongan muda berpelajaran diterima baik dan disokong.

Saya tahu Tun boleh tolong sampaikan kepada UMNO Melaka, saya rasa saya perlu sampaikan hal ini kerana rakan-rakan saya begitu mempercayai saya mampu menyaikan hal ini pada UMNO. Kalau tak masakan mereka bercerita pada saya ketika saya bercuti balik kampung. Tun amat dihormati dan berpengaruh dalam golongan muda hasil asuhan Tun, yang kini berjawatan besar dan berpengaruh dalam kerajaan dan swasta. Semoga Allah panjangkan usia Tun, amin.

Malaysia is really fortunate to have you and UMNO was fortunate that you lead the party. I wish the members have their mind & hearts open at the moment to realize the importance of this election, I believe the choice is now or never again as there are lot of other interested parties (national as well as international) to take over Malaysia by hook or by crook.

What ever, please keep writing, your advices and suggestions will be there for ever. I respect you and we love you.

Salam Semua...

YABHg. Tun, saya berpendapat..PM perlu meletak jawatan sebelum pemilihan UMNO Mac 2009, dan Dato' Seri Najib dapat menjawat jawatan Perdana Menteri seterusnya beliau dapat "memilih" siapa bakal Timbalannya, senangnya para perwakilan nak pilih Timb. Presiden UMNO nanti...tetapi situasi sekarang...para Perwakilan yang memilih siapa bakal Timbalan Perdana Menteri (melalui jawatan Tim. Presiden UMNO)...

Kalau saya jadi KETUA, saya nak saya yang pilih siapa Timbalan saya...yang boleh satu kepala dengan saya. dan Pak Lah perlu memberi peluang ini kepada Dato' Najib. Kita mana tahu Muhyiddin Yassin itu calon favourite Dato' Najib ker tak..kalu tak...??camner ek... :).kesian bakal PM saya..

salam ayahanda Tun,
pemilihan UMNO kali ni agak rancak dibahagian pemilihan untuk Ketua pemuda, bagi saya calon yang paling layak ialah Mukriz,KJ tak sesuai..

saya masih tak faham bagaimana KJ from nobody become somebody tapi orang dalam UMNO tak bising,adakah budaya yes bos membuatkan pemimpin melayu dalam UMNO macam tikus.
Pembangkang dilihat lebih menyerlah.

saya juga berharap Pemuda-pemuda UMNO dapat bersuara lantang dalam menyokong pucuk pimpinan. Ilmu didada lebih penting dari duit dalam bank. Bersuara demi kebenaran.

Salam Ayahanda Tun,

UMNO memang parti naungan orang melayu, ramai dari orang melayu masih menaruh harapan agar UMNO dapat membela dan memacu negara tercinta ini.

Seseorang yang peka dengan keadaan negara akan mengikuti dan terpengaruh dengan perkembangan politik dan jika mempunyai kawan atau kumpulan berkaitan sudah tentu akan terikut serta dalam arus politik itu sendiri.

Berbanding pada zaman TUN terdahulu, ternyata kini UMNO hanyalah sebuah perkumpulan elit bagi puak yang memimpin dan ahli akar umbi hanya pengikut mengiakan yang diatas. Demokrasi terpimpin agaknya..

Professional melayu yang minat politik dan terasa pandai ingin cepat memimpin atau bercita tinggi menjadi wakil rakyat,lebih seronok kritik cari kesalahan orang, walaupun telah berjaya, banyak perkara yang tidak memuaskan hati.

Akhir sekali, golongan melayu ultra (murujuk TUN) ni ramai yang jadi ahli parti pembangkang lebih mudah di terima tanpa birokrasi dan lebih dialu-alukan. Jika nasib baik terus jadi calon..tak payah kerja keras..UMNO payah sikit.. kena berjuang sepak terajang dulu..Yang pandai-pandai jangan harap nak di pelawa jadi ahli..kalau berhajat berumah di tepi laut..apa salahnya..

Tidak diketahui apakah ciri-ciri pemilihan pemimpin UMNO dibuat..apakah berdasarkan ciri legasi, setiakawan atau populariti? ..yang senang tak payah pening..pilih saja yang boleh bagi pith..budi baik dibawa mati..

Sebagai rakyat yang mengharapkan pembelaan, tidak ternampak lagi samada pemimpin pihak kerajaan atau pembangkang benar-benar berjuang untuk rakyat...zaman dah berubah, perjuangan diri lebih terperi..

Apapun syukur segala ketentuan.. lebih lagi Malaysia pernah punyai pemimpin terulung seperti Ayanda TUN..

In Malaysia of 2008, since there had long since been non-existence of a colonial government which would become a common fighting target for Umno's political cause, many Malays indeed joined Umno as a party member out of one simple reason: To get rich quickly through the collective political influence accumulated and vested in the hand of an Umno division head.

As a result of this kind of hierarchical power structure and members' basic aspiration in Umno, there is no surprise that anybody who possesses the ways and means to play money politics will eventually edge out to be a final runner-up for Umno party election. Such is the mundane and long-established political culture of Umno. Tun never seemed to have much complaint about the functioning of money politics in the past when Tun held the post of the Umno President. Now it seems that Tun is just making a vain effort to call upon the Umno central delegates in order for them to stay firm and not be easily influenced by any materialistic offer through the proper functioning of money politics.

Was it not because of the consideration of Tun's offer with a promise to assist Najib to accomplish his political ambition in the future that Najib then decided to lead his grassroot team to swing the voting keels away from Tengku Razaleigh Hamzah towards Tun and finally enabled Tun to win the party presidency by 43 votes in 1987? If Najib is trying to go after Tun as a mentor master and to adopt the same campaign strategy as that used by Tun in 1987, what will Tun say about him? Does Tun have any problem with the application of such a similar smart strategy by Najib? Does not Tun see your own image in Najib if Najib is to really make a political offer to someone with attractive promises in order to solicit votes?

Amat malang sekali sekiranya KEPEMIMPINAN UMNO hari ini,tidak membaca apa yang Tun tulis pada hari ini..dan amat malang sekali sekiranya mereka membaca tetapi tidak tidak menghayati serta bertindak!

Tun yang dikasihi,

Benarlah apa yang tun pernah katakan bahawa "MELAYU BELUM SELAMAT"!!
sekiranya kita perhatikan hari ini UMNO yang dahulunya menjadi pancang dan tempat umat melayu berteduh telah dirosakan bukan sahaja oleh..
"MELAYU HAPRAK" PENGKHIANAT BANGSA malah UMNO juga telah diperkosa SUMBANG MAHRAM..dari dalam sendiri kerana KEIKHLASAN DALAM PERJUANGAN AGAMA,BANGSA DAN TANAH AIR hanya mengalir diairliur shj pada lidah segelintir PEMIMPIN hari ini,
dikesempatan inilah UMNO yang digeruni oleh kawan dan lawan pada suatu masa dahulu.."DIBULI" DAN DIGERTAK oleh mereka sehingga kita terpaksa MINTA MAAF walaupun tidak perlu..kita seperti DIARAH UNTUK memberi walaupun tidak sepatutnya.

oleh itu semoga PEMIMPIN HARI INI LEKA@ LUPA PADA MELAYU HAPRAK yang sentiasa mengimpikan untuk menjadi "KING-MAKER" Walaupun dengan menggadai MARUAH AGAMA BANGSA DAN NEGARA!

Dearest Tun.

Hopefully, the right candidate will get the job and learn from Tun on how to effectively manage this multiracial country. If the UMNO leaders have any brains at all, they should take Tun as UMNO advisor. There are still many things that Tun can teach them. In fact, UMNO need Tun much much more than Tun need them. This country still need Tun's leadership. At this point I don't see any able brains in the government that can be at par to Tun's.

Love u Tun and may Allah bless you with Great Health always.

YABhg Tun,

Amat sangat bersetujulah akan seranan Tun ini. Pemilihan UMNO kali ini memang amat penting dan genting sekali untuk UMNO dan harapan semua orang-orang Melayu yang ahli atau sebaliknya. Kalau sebenarnya sayangkan parti maka buatlah pemilihan yang tepat dan tentukan barisan yang berkebolehan menjalankan tugas dengan efektif, tulus ikhlas dan amanah. Dengar dan teliti apa yang dibayangkan oleh Tun dan buatlah pemilihan yang bijak dan bermaruah.

By fadzil mohd talib on October 17, 2008 8:06 PM

YAB Tun,

Pemilihan UMNO pada kali ini akan menentukan nasib UMNO itu sendiri. Jika kita tersalah memilih maka berakhirlah usia UMNO dan Kerajaan Barisan Nasional kita. Oleh itu ahli UMNO hendaklah memilih dengan wajar dan waras, bukan dengan perasaan kerana ini adalah hidup/mati bangsa Melayu.

Kita hendaklah memilih pemimpin yang berkebolehan dan pro aktif untuk memandu kita ke hadapan dengan jayanya. Kita juga jangan lupa melihat siapakah penasihat/think tank atau the inner circle pada pemimpin-pemimpin ini. Kerana mereka ini yg mempengaruhi keputusan pemimpin ini.

Pemimpin yg lantang memang diminati tetapi pastikan mereka ini memberi hujah dengan fakta yang tepat dan betul dan bukan bunyi macam tepat dan betul kerana ramai yg boleh berhujah tapi takda substance.

Karakter seseorang pemimpin tu juga penting kerana sikap mereka menentukan keperibadian mereka. Judge the book by its cover. We must really know our leader in order for our leader to know us. Yang perlu di ingati ialah the last minute swing dimana hujah hujah pemimpin yg hendak di pilih selalunya berbau sentiment perasaan kerana org melayu lemah kepada perasaan, rayuan, belas kasihan.

Maka kita pilihlah dengan akal pikiran bukan dgn perasaan, jangan biar perasaan mengawal pikiran

kerana ikut hati binasa, ikut akal/pikiran berjaya.

PERALIHAN KUASA

Apabila pemerintah bertukar kerajaan mahupun takhta bertukar tangan sesuatu yang rakyat dambakan adalah perubahan dan penambahbaikan atau 'reform' dan 'improvement'.

Bidang memilih pengganti bukannya kerja mudah seumpama membuat telahan atau ramalan bilangan bintang di langit. Sebaliknya adalah amanah berat kerana yang memilih samaada suara rakyat atau pemerintah tertinggi yang bakal menerima kesan dari pilihan yang dibuat di kehidupan dunia ini mahupun kehidupan selepasnya.

Mengira detik bilangan hari peralihan kuasa bukan satu persoalan. Bulan Mac tahun depan bukanlah jauh di hujung dunia. Bukan pula lambat apabila dihitung purnama. Tetapi titik persoalan utama sekarang adalah kredibiliti yang dinanti daripada si pengganti.

Sesuatu yang dinanti adalah kredibiliti yang datang daripada keupayaan dan kejujuran pengganti. Malaysia mungkin mempunyai ramai kelibat pemimpin berkarisma dan bijak tapi apa yang bakal dituntut adalah keupayaan yang menjadi teras kekuatan pemimpin dan kejujuran yang menjadi dinding akhlak bakal si pengganti. Diharap Malaysia akan menerima pemimpin yang punya kedua-duanya.

Apapun yang pergi akan tetap dikenang dan yang datang bersilih ganti.

Khas buat Dato Seri Abdullah Hj Ahmad Badawi lafaz selamat tinggal diucapkan dan jika ditakdirkan Dato Seri Najib Tun Abdul Razak akan menjadi pengganti atau bakal pemerintah lafaz tanhiah diucapkan.

Tambahan lagi kepada DS NAJIB ucapan....

GET READY ditalukan kerana rakyat MALAYSIA khasnya TUN MAHATHIR tidak akan duduk senyap kerana segala tindak-tanduk dan gerak-geri akan diperhati.

Yg. DiKasihi Tun,

Penat lelah Tun mengkritik pucuk pimpinan UMNO dari blog ini dan lain-lain media mula menampakkan hasil tetapi kejayaannya masih dinantikan. Saya sedikit tersentak dengan khabar-khabar bahawa Tun akan menyertai UMNO semula tak berapa lama dulu. Saya bersyukur ianya tidak benar kerana saya masih boleh menyanjungi kata-kata dan pendirian Tun.

UMNO dan kerajaan memang tak sentiasa kuat disebabkan tamak haluba manusia didalamnya. Tun sendiri maklum politik wang dan rasuah ini terjadi sejak dulu lagi termasuk semasa Tun memerintah. Selagi berpeluang rasuah akan berlaku. Peluang-peluang ini pula bagaikan api yang boleh digunakan untuk kebaikan atau sebaliknya. Yang memegang peluang-peluang ini tentunya amat berkuasa dan berpengaruh dan inilah yang diidam-idamkan dan dikejar-kejarkan oleh orang-orang yang berpolitik. Politik adalah diantara yang berada dengan yang tak berada. Naik kerana wang dan turun pun kerana itu juga. Kalau Tun sendiri pun tak dapat memutuskan kitaran ini saya tak tahu siapa lagi yang boleh. Semuanya semasa diluar berkobar-kobar nak basmikannya tetapi setelah didalam cakap dan kelakuan dah lain pula. Sama saja. Cakap bohong, fitnah, rasuah, salahguna kuasa, membunuh, takbur, tamak dan banyaklah lagi sifat-sifat keji antara yang menjadi pakaian orang politik sekarang. Kalau rakyat nak jumpa mengadu hal sibuk memanjang. Rupa-rupanya itu yang disibukannya.

PRU 12 telah menyedarkan Rakyat betapa hebatnya mereka memainkan peranan mengajar orang-orang politik ini. Sekali belajar mereka akan ingat selamanya yang mereka berkuasa menentukan arah tuju kuasa politik Negara. Jangankan harap topeng, maku-up tebal atau silap mata boleh perdayakan mereka lagi. Semuanya kena telanjang atau ditelanjangan semasa bertanding. Sifat-sifat keji yang dipakai itu baik segera ditanggalkan sebelum dikuburkan bersamanya. Begitulah hendaknya pemilihan pimpinan UMNO bukan lagi melalui perwakilan tetapi secara terus oleh ahli-ahlinya. Wakil-wakil tak main. Satu ahli satu undi jadi susah nak rasuah. Kalau rasuah juga memang sahlah jadi ahli lebih baik dari jadi pemimpin dan jangan berhenti disitu saja malah pada PRU rasuahkan semua pengundi-pengundi dan kita tengok siapa yang parah.

Assalamualaikum Tun, Semuga dirahmati Allah sekeluarga.

Semuga Allah akan melindungi Rakyat Malaysia daripada sebarang bala akibat tersalah membuat pilihan kepada pemimpin terutamanya mereka yang bergelar ahli UMNO. Perjuangan yang berlandaskan nafsu dunia akan menemui kegagalan walaupun pada zahirnya berjaya. Tetapi perjuangan yang berteraskan iman dan amal akan mendapatkan keberkatannya dunia dan akhirat.

assalamualaikum Tun

saya betul2 bersyukur kerana pencalonan KJ masih belum mencukupi. pada saya itu sangat penting kerana kalau cukup pencalonan, saya takut politik wang akan berlaku pada Perhimpunan Agong nanti dan peluang Datuk Mukhriz utk menang akan menjadi tipis. sudah tiba masanya kita menyokong calon yang benar2 ikhlas utk memperjuangkan UMNO dan KJ bukanlah orangnya. saya ulang, KJ bukanlah orangnya. saya harap pemilihan kali ini berjalan dalam keadaan bersih dan adil.

Sama-sama kita doakan kejayaan Datuk Mukhriz ya!

:)

Terima Kasih

kepada semua yang menawarkan diri untuk merebut apa juga jawatan dalam pemilihan UMNO pastikan perjuangan anda adalah untuk memartabatkan islam, bangsa dan negara. Jawatan yang anda bakal sandang kelak bukanlah satu kelebihan untuk mendapatkan segala nikmat hidup di atas muka bumi ini tetapi jawatan tersebut adalah amanah yang amat berat untuk dipikul. Ingat bukan sahaja manusia yang menilai khidmat anda nanti tetapi ingat Allah juga senantiasa memerhatikan adakah amanah tersebut benar-benar dijalankan dengan jujur. Malaikat tidak pernah tidur menjalankan perintah tuhan...BETULKAN NIAT.TAKBIR!!!

JAWATAN BUKAN SATU KELEBIHAN TETAPI SATU AMANAH.

By rhusman on October 17, 2008 8:39 PM

Askm Tun,. Mengapakah pihak tertinggi UMNO begitu pentingkan jawatan dan kedudukan? Tidakkah mereka sedar yang apa yang mereka lakukan itu bagaikan menjual mentah2 bangsa Melayu, Negara Melayu bangsa asing? Kami mengharapkan sesiapaapun Perdana Menteri Malaysia yang akan dilantik selepas ini, dapatlah ia membunuh pengkhianat2 bangsa ini sesegera yang mungkin. Sebelum ini (semasa Tun berkhidmat) kami bangun tidur setiap pagi dapat kami rasakan ketenangan, keamanan yang jelas. Tapi kini, apabila bangun tidur setiap pagi terasa segala ketenangan, keamanan makin terhakis sedikit demi sedikit. Sekarang ini MCA sudah berani memohon jawatan Timb. Pengerusi BN. Relevankah? Parti GERAKAN pun sudah berani mengugut hendak keluar dari komponen. MIC pun berani menyokong pergerakan HIndraf. Semua ini tak pernah terjadi secara terbuka pada zaman Tun dahulu. Mengapakah sekarang? Dimanakah pemimpin Melayu yang berani mempertahankan bangsanya sendiri. Mereka hanya tahu menanam tebu di bibir sahaja. Dimulut mengaku wira tetapi dihati dayus. Bilakah pemimpin melayu akan bangkit mempertahankan Melayu? Bilakah?

salam Tun,

a reminder it is from one most able to remind of these things, yet the reality is exactly the opposite of the reminder.....how can the delegates really cast their choice when none of the candidates really state their stand on issues of the nation?

issues in hand like you've mentioned is between pro or against abdullah, but what do najib really stand for? or muhyiddin?

funny and sad.....when the delegates are supposed to be 'king-maker' yet they haven't a clue what direction would the candidates take this nation to, not to mention the already 'demonising spin' that we hear spinning of some candidate.

but then again being king-makers, when they hit town come this march, they sure expect to be treated as king-makers do, and treats and entertainment aplenty would welcome them !.

Pemilihan calon sekarang adalah agak memuaskan hati saya. Cuma Rais Yatim agak ketinggalan sedikit walaupun dia adalah antara yang berani bersuara mengkritik kepimpinan yang lemah. Namun, mmg benar menang pencalonan tidak bermakna akan menang undi besar. Oleh itu jgnlah calonkan sesiapa yg tidak bermutu, biarkan mereka tidak mendapat pencalonan terus. Biarkan yang benar2 berkualiti dan berkaliber memonopoli semua undi. Dgn itu pasti, calon yg menang hari ini adalah calon yang akan memimpin kiter bermula Mac nanti.

cerita buah keranji...teringat pantun buah keranji dalam perahu, wahai semua ahli UMNO janganlah pura-pura tak tahu.

For Dato Seri Najib to be elected President of UMNO and eventually become the Prime Minister of Malaysia, he must clear his stained image with so many scandalous accusations thrown at him. To be the Prime Minister of Malaysia, he must be seen to be cleaned to gain the confidence of the Malaysian public. As it is now public perceptions of Dato Seri Najib image is rather ugly, compounding with other accusations against his wife Rosmah. Public perceptions of a country leader is very important to be taken into serious consideration because if public confidence is wane, the PM credibility is at stake. This will affect his effectiveness in running the country.

Tun,

Saya juga nak dengar komen Tun untuk jawatan ketua pemuda? Rasanya Tun tak nak komen takut "Biase" kottttt sebab anak Tun bertanding jawatan tu. Tapi apa pun "my personal choice" tentu sekali Mukhriz walau pun "you look reluctant to comment about it". "I understood your principle, which is make me more admire to you".

Sekian.

Dearest Tun,

1. It's so difficult to disagree with Tun. I have to agree with Tun, especially on points 20, 21, and 22. IN OTHER WORDS, "ORANG TAMAK SELALU RUGI..."

2. Tun forgot (or chose to forget) to mention about Youth Chief's nominations. Based on the encouraging nominations received by Dato' Mukhriz, I believe he will win hands down...

May Allah SWT bless Tun and family

Benar kata Tun "Melayu muda lupa" dan Najib "Perjuangan belum selesai"
Kalau saya masih hidup 2020 saya ingin tahu adakah BN dan UMNO masih memerintah???????

Kalau Najib dapat melalui dengan berjaya pada PRU14 nanti UMNO akan makin kuat dan PKR akan berkubur kerana banyak tanda-tanda PEKATAN yang ada sekarang tidak dapat mentadbir kerajaan dengan baik.

Assalamualikum ayahanda Selamat berhariraya..

Akhirnya doa semua kita di bulan ramadhan yang lalu telah sedikit sebanyak memberi kesedaran pada Pak Lah untuk berundur sebelum terlambat...Alhamdulillah

Sekarang semuanya terletak ke atas Najib dan Muhyidin untuk mencorakkan parti UMNO utk 4 thn lagi dan meraih kembali sokongan rakyat...

kepada perwakilan yang akan mengundi..beramanah lah serta bertanggungjawab.

Parti komponen BN memerhati dengan penuh teliti. Orang Melayu mesti bersatu bagi mengelakan anasir luar menjahanamkan kita di tanah air kita sendiri.

Salam TUN,

Memang jelas keadaan POLITIK negara kita MALAYSIA banyak dipengaruhi oleh sikap KETAMAKAN sebilangan PEMIMPIN untuk terus mengekalkan PERIUK NASI dalam politik walau apa cara sekalipun. Itu adalah REALITI yang jelas di MATA MASYARAKAT betapa murahnya harga KEMERDEKAAN kini merasakan MEREKA cukup BIJAK memperjudikan MARUAH BANGSA atas kepentingan dan cita-cita PERIBADI.

Apakah KHAIRI sanggup menggunakan CARA KEJI itu? Beliau sememangnya sedang mengorak LANGKAH dan memperjuangkan CITA-CITA menjadi PERDANA MENTERI TERMUDA dan SEMUA RAKYAT mampu menilai siapakah BELIAU SEBENARNYA. Seperti KILAT muncul dalam POLITIK TANAHAIR bersandarkan kuasa bapa mertua. ANGKUH dan TAK SEDAR DIRI. Memang RAMAI juga tergoda dengannya dan memang lumrah dunia anak muda ini mempunyai NAFSU gila kuasa seolah MASYARAKAT tidak menilai KEMUNCULANNYA selama ini.

TUN sudah melihat KELIBAT anak muda ini dan BERPENDAPAT SAMA dengan RAKYAT. KAMI setuju dengan TUN namun seperkara lagi ANAK MUDA ini sama sekali perlu DIHAKIS dalam kepimpinan NEGARA kerana MIND SETNYA hanya kepada kepentingan peribadi. KUASA WANG banyak menghancurkan BANGSA dan NEGARA dan itulah yang berlaku sekarang ini. MASA DEPAN NEGARA akan HANCUR dan itu RATAPAN TERAKHIR anda sebagai PEMIMPIN. kami BERJUANG bersama dengan mu TUN...

salam tun,semoga tun dan keluarga tun dalam sihat walafiat.Saya telah lama mengikut perkembangan blog chedet.com cuma saya tak pernah memberi apa-apa komen dan pandangan. Ini lah komen saya yang pertama.Insyaallah.

Banyak perkara dari segi pandangan,idea dan komen tun saya sangat-sangat setuju. Saya merasai cukup bertuah menjadi rakyat Malaysia semasa zaman pemerintahan tun sebagai perdana menteri tapi kini saya merasa malu menjadi rakyat Malaysia.Dahulu bila kita pergi mana-mana pun dalam negeri atau luar negara, pasti ramai yang bertanya tentang perkembangan Malaysia semakin maju dan politik yang cukup stabil masa itu, orang luar negara pun merasai bangga Malaysia mempunyai tokoh pemimpin dan kerajaan yang kukuh.Tapi kini, rakyat sendiri dan orang luar negara sudah bosan dengan cara tokoh-tokoh pemimpin kita yang tamakkan kuasa dan tidak pernah memikirkan atas kekuatan dan kebolehan kapasiti sendiri untuk mentadbirkan sebuah negara cuma tahu buat duit dan labur duit demi kepentingan sendiri.

Kini, saya menjadi hairan kenapa pemimpin Malaysia kini yang ingin menjawat jawatan tertinggi tidak mahu membersihkan diri dahulu dari kecaman dan tohmahan yang mana rakyat ingin tahu keadaan yang terjadi.Apakah hati mereka betul-betul bersih dan tulus demi negara dan rakyat? Apa yang paling bimbang sekali kredibiliti Dato Seri Najib akan terjejas dan tergugat diatas tiket kes-kes dan cerita beliau sendiri. Saya yakin Najib adalah tokoh pemimpin yang layak dan berwawasan tapi jika beliau tersalah langkah dalam pemerintahannya nanti, dia juga akan mengalami nasib yang sama seperti Paklah. Saya berharap Najib dan Muhyiddin dapat menerima pandangan dan teguran Tun, pemimpin2 yang banyak berjasa dan rintihan rakyat pada masa akan datang. Saya juga berkeyakinan bahawa suatu hari nanti Hishamuddin dan Mukhriz juga layak menjadi Perdana Menteri dengan membawa visi dan misi idea sendiri dan idea kerajaan dan pemimpin dahulu jika kerajaan yang ada masa kini masih belum tumbang.

Saya minta maaf banyak2 jika ada yang tersinggung dalam komen saya ini. Wassalam.

Wakil UMNO tidak menerima rasuah ?? KAH KAH KAH KAH KAH !!!

Majoriti ahli UMNO TIDAK ADA MASALAH untuk menerima rasuah. Majoritinya HIPOKRIT ! cakap hal Melayu memang kuat tapi tangan tetap hulu bawah meja. Memalukan bangsa Melayu !

Ahli2 UMNO yang ada jawatan semua pandang kebendaan. Tunjukkan saya ketua bahagian ke, ketua pemuda ke, JKKK ke yang tak minta projek ! Tunjukkan mereka yang tidak berubah cara gaya kehidupan material sebelum dan selepas memegang jawatan. MANA ADA ??? Semua berubah jadi sombong bila pegang jawatan.

Tak heranlah kalau bangsa Melayu hancur. Tapi mereka ini tak kan mengaku.. kesalahan hanya nampak pada orang lain. tapi kalau diri sendiri, sentiasa ada alasan.

Tun, terima kasih kerana sentiasa memberi ingatan, teguran dan pandangan demi negara tercinta. saya juga mempunyai kebimbangan yg sama seperti Tun, kita bimbang pencalonan yg banyak tidak mencerminkan undi yg diterima juga akan banyak pada hari pengundian nanti. ekoran dari itu, maka akan sia sia dan punah la harapan akar umbi yang terang terang menyatakan sokongan kepada individu tertentu tetapi bila sampai ke peringkat perwakilan, semuanya boleh bertukar hanya kerana janji dan wang ringgit. Namun saya optimis untuk kali ini, mereka akan ketepikan wang ringgit dan lain lain yang tidak berkaitan, para perwakilan kali ini pasti meletakkan Parti dan Kemahuan akar umbi lebih utama dari yang lain2. Sekiranya tidak, mereka tanggungla azab laknat daripada Allah SWT dan sumpah seranah pejuang2 yang terdahulu, sekarang dan akan datang. Amin....

Dalam keadaan sekarang, kalau ahli umno atau lebih tepat lagi perwakilan umno yang mengundi sanggup menjual undi mereka, memang dah sampai akhir hayat la umno ni.

Nampak sangat banyak yang tak ikhlas sekarang ni.

Yang pasti orang melayu la yang rugi.

kalau dulu kutuk muhyidin paksa pak lah letak jawatan, sekarang ni sibuk berebut jawatan pulak, kenapa tak beriya-iya mempertahankan pak lah? jawabannya sebab kepentingan peribadi la, dasar takde prinsip.

When Najib Tun Razak become prime minister and Muhydin become his deputy,I sincerely hope that you can SUPPORT them unconditionally.

Our time is LIMITED.

Do NOT let infightings and differences weakened our stronghold,giving room for opposition to garner artificial standing to pace us out.

Any differences,do sort it out "internally".

You are the only voice that can UNITE Malays and your vast experience is much,much NEEDED now.

Dont let the cunning Anwar Ibrahim, forward his personal agenda at the EXPENSE of the rakyat.

Dont let Anwar Ibrahim sell the RIGHTS of the Malays,in exchange for a position as a prime minister.

Aslkm Tun,
6 bulan yang lepas saya berborak dengan Ketua Bahagian UMNO di tempat saya. Sesekali dalam perbualan itu saya mendapat semacam ajakan untuk saya bertanding menjadi ketua pemuda bahagian. Setelah pulang kerumah saya berfikir adakah perbualan tadi suatu ajakan atau saja untuk menguji saya. Keesokan harinya saya telah mendapat panggilan telefon daripada orang kanan Ketua Bahagian tadi mengajak saya untuk turut serta dalam rombongan melawat salah satu daerah di bahagian saya. Saya menolak kerana saya terlalu sibuk pada waktu itu. 2 minggu selepas itu saya terserempak lagi dengan ketua bahagian saya di sebuah hotel ketika saya dan rakan saya makan tengah hari. Beliau terus bertanya adakah saya masih berminat untuk di calonkan.. kali ini saya menjawab tengah berfikir. Setelah saya berbincang dan meminta pendapat dari kawan-kawan dan termasuklah bekas ketua menteri saya dulu, saya ambil keputusan saya tidak layak untuk jawatan itu. Saya pun ambil keputusan untuk tidak bertanding. Minggu lepas Bahagian saya telah bersidang dan jawatan Ketua Pemuda dimenangi tanpa bertanding oleh calon yang di cadangkan oleh ketua bahagian saya. Dari itu saya mendapat iktibar seorang pemimpin yang baik tiap keputusan yang dibuat akan sentiasa dihormati oleh semua anak buahnya.

Dear Tun,

Please advise us all or should I say "dedahkan" and expose how dirty our politic is. It is high time that we should wash our dirty linen right in the open for all to see...shameful it may be..we must wash all our misdeed in both UMNO's politic and on national front as well.

We could not hide our wrongdoings forever...sweeping the dust under the carpet and pretending that we are doing OK is morally wrong.

I salute you until my last breath dear Tun, but we must all moving forward..

Salam untuk tun & isteri,

1) BN perlu berubah!!!! Parti komponen dalam BN perlu berubah untuk mengembalikan sokongan pengundi!!!! Itulah yang diwar-warkan selepas kekalahan teruk didalam pilihan raya yang lepas. Sememangnya mereka mereka ini telah bergerak "on track" untuk berubah. Tapi masalahnya tun, si UMNO bergerak dari KL ke JB, MCA bergerak dari KL ke Ipoh, Gerakan berubah dari KL ke Penang manakala MIC dari KL ke Taiping....Yang lain lain tu entahlah.. vibrate jer kot.. so sampai mati pun takkan bertemu di satu noktah untuk bersatu... Lagi teruk pulak tu yang sorang ni... err.. kita dah smapai ke ni? eh!..kat mana ni? sorry... i terlepas kejaap tadi...

2) Saya masih teringat kata kata Tun dahulu; " pastikan anda dah kaya sebelum masuk dunia politik, jangan masuk politik untuk jadi kaya!!". So far, 80% dari ahli politik di Malaysia ni masuk politik untuk jadi kaya... tu yang saya meluat sangat tu....

3) Walaupun ada di antara keputusan keputusan Tun buat semasa menjadi PM dahulu tidak saya setuju, tetapi pada saya Tun adalah pemimpin yang terhebat yang pernah Malaysia lahirkan. Syabas!!! w

Salam kepada Tun dan keluarga

Pada pendapat saya UMNO akan lebih kukuh jika diterajui oleh TS Mahyuddin berbanding DS Najib. Saya takuti Najib tak kekal lama sebagai Presiden UMNO dan PM. Najib pemimpin yang berkebolehan tetapi banyak sangat perkara-perkara negatif yang belum tentu kesahihannya diperkatakan sejak kebelakangan ini. Sebelum terjadinya dan berulangnya "peristiwa sedih Pak Lah" eloklah kita bermuhasabah dalam memilih pemimpin. Masyarakat Malaysia sekarang dah arif dapat menentukan siapa yang layak dan berwibawa memimpin Malaysia. Menang menjadi Presiden UMNO melalui pemilihan perwakilan belum tentu parti/BN akan menang pilihanraya ke 13. Sayangilah UMNO yang tulen.

Wassalam

Assalamualaikum Tun,

Saya percaya sebagai seorang yang berpengalaman selama berpuluh-puluh tahun mengharungi keadaan ini, Tun sememangnya amat memahami kepentingan hasil keputusan pemilihan ini nanti.. Dan saya rasa, sebagai individu yang sangat dihormati oleh UMNO, apa-apa nasihat UMNO pastinya akan memberi kesan kepada akar umbi UMNO... Amat bertepatan rasanya apabila krisis kemelut ekonomi dunia sekarang ini seolah-olah mengiktiraf langkah Tun semasa menghadapi krisis matawang 1997 dahulu, memberi suntikan modal berbillion dollar bagi memastikan bank-bank mereka tidak bangkrap...

Jika kerajaan-kerajaan besar ini nampaknya mengambil nasihat atau mengkaji sejarah dan menggunakan kaedah Malaysia untuk menghadapi maslaah ekonomi mereka, menagapa pula tidak akar umbi UMNO mendegar nasihat wiranegara mereka... Saya percaya, nasihat Tun akan menjadi bertambah relevan didalam pemilihan UMNO kai ini, sebab ahli-ahli UMNO sudah mula menunjukkan semnagat untuk memartabatkan UMNO kembali menjadi parti pejuang bangsa Melayu.. Tetapi harapan saya jugalah agar usaha memartabatkan bangsa, tidak hanya difokuskan kepada ahli UMNO sahaja tetapi dipanjangkan juga kepada bangsa Melayu yang lain... Dan tidak juga bermakna jika kita berjuang untuk kemajuan bangsa Melayu, kita akan meminggirkan bangsa lain...

Hari ini saya amat sedih, disebabkan terdapat berita surat khabar yang mengatakan bahawa perogol adik Nurul Huda terlepas dari tali gantung... Wajarkah beliau terlepas hukuman? Atas hujah apakah beliau dibebaskan? Apakah kita lupa bagaimana kejamnya perlakuan terhadap adik Nurul Huda yang ditemui didalam keadaan yang mengaibkan.. Setiap kali saya membaca kisah berkaitan dengannya pun hati saya amat sedih.. apalagi kematian adik Nurul Huda ini seolah-olah tidak mendapat pembelaan langsung... Saya pun tidak faham, apa yang berlaku diMalaysia, seolah-olah penjenayah kadangkala diberi layanan melebihi warganegara Malaysia yang fakir miskin.. bayangkanlah didalam rancangan bersamamu TV3, saya melihat betapa kedapatan rakyat Malaysia yang hidup tidak menentu, tetapi kita mempunyai kemudahan penjara untuk penjenayah dengan makanan yang disediakan dan ditanggung oleh kerajaan..

Mungkin sudah tiba masanya kerajaan boleh menyediakan bantuan makanan setiap hari untuk fakir miskin yang benar-benar memerlukan?

Apa pun ini cuma luahan hati saya sahaja, dan mungkin jika ade yang membaca dan bersetuju, mungkin boleh dibawa ke peringkat selanjutnya melalui saluran yang wajar ..

Selamat Maju Jaya saya ucapkan kepada Tun dan Anak Tun yang bertanding merebut jawatan Ketua Pemuda...

Salam Tun,

1. Democratic process based purely on a popular voting arrangement has shown its weakness, as popularity can be achieved through rhetoric, money, media spin etc. Can a "leadership qualification test" system be implemented? My thinking is that the most successful companies in the world selects its future leaders from those who make through a formalized management trianing system. A popularity based political leadership selection process does not provide for objectivity.

2. Why is the voting mandate not truly democratized i.e. all members should have the right to elect the top leaders.

Salam Tun, This is my very first comment and I do hope I'm the first commenter here!

Sekarang nih UMNO dan jadi macam 'punching bag' kepada sesiapa sahaja yang nak bertanding. Tengok sahajalah dalam persidangan MCA ke, Gerakan ke MIC ke, semua dosa kemerosotan mereka di galaskan kepada UMNO. Inikah setiakawan BN?. Padahal mereka yang menang bertanding masa PRU lepas pun atas ehsan undi orang Melayu, di kawasan Melayu. Kawasan majoriti kaum mereka kalah teruk. Bila menang belalah Melayu balik macam kenyataan yang keluar dari Ketua Wanita Parti Gerakan baru-baru ni. Mereka menggunakan kelemahan UMNO untuk 'bargain' kuasa dan jawatan. Mereka ini seperti penyakit diabetes yang merebak didalam badan dan sebagai seorang doktor Tun tentu tahu bagaimana apa patut dibuat kepada anggota badan yang berpenyakit ini.

T.k. Tun. We missed those good old 22yrs leadership! moga panjang umur!

Tun, saya rasa tun dah mula berkempen untuk orang tertentu, Tun jangan mudah lupa kerana orang yang Tun pilih sebelum ini pun tak betul, apa jaminan orang yang Tun sokong sekarang boleh buat kerja? Tun, adakah Tun masih menyokong sistem pemilihan sekarang atau jadikannyanya bebas dimana sesiapa berhak bertanding tanpa mengambil kira bilangan pencalonan yang diterima semasa AGM??

By kamal ahmad on October 17, 2008 9:59 PM

Salam Ayahanda Tun.

Its clear from your writing this time that you fairly agree with the belief that there exist too many flaws in the Pemilihan UMNO process. The voice and hopes of many at the divisional level, is only carried by one person to the voting booth and that one person would ultimately determine the Prime Minister of this country. There is no point wasting time and arousing suspicions at the raucous divisional levels, just wait for the top guns in KL and lobby them there. They say there is always a price, be it greed or fear or even just both, and the lobbyist knows best which one with each different cases.

Trend was in the mid 90's of "en-bloc" sales; where one Perwakilan may even holds as many as 10 votes. And let it be completely clear here that Tun never consented or participated in any of this horse trading, but it was from a once shooting-star Deputy, his camp and his "Team Wawasan". This was efficiency in a negative way, but it surely does the job and cut the chase. Today, I feel that the secret voting procedures should be abolished and replace by just open hand counts. That's simple transparency and would save papers, save time and not to forget the mega bucks.

Each Perwakilan must make public their stand and must be accountable for it again at the divisional level back home later. This is a very minor glitch, which needs urgent fixing that would in return fix the larger chunk of the rot.

Question is; could it be done now and in time Tun?

Pepatah lama pedagang nekad ada menyebut; "hendak seribu daya, seribu iktiar, seribu doa". Salam dan selamat malam Ayahanda Tun. – Kamal.

Dear Tun,

Mindef bought 12 helicopter for RM2.3 billion in Sep 2008 at RM192 million each. In Jun 2008, Brazil bought 50 "Super Cougar" at USD1.2 billion. or RM83 each. Malaysian company that buy and sell the Cougar to Mindef markup RM110 million a piece. Assume 30% costs, that is still RM77 million a piece. This is not acceptable.

Why not MINDEF buy direct. Will Tun comment please.

By kota kemuning on October 17, 2008 10:03 PM

Its time now to review the election of UMNO president and supreme council posts. Bahagian should also play a part or be involved in the election other than Perwakilan.

Candidates should be given live telecast in giving their stands and agenda in moving forward before the election day. Then all UMNO members will get to know them better and their capabilities.

More supreme council posts should be created and ministerial posts in order to groom more leaders. We experienced now that not many calibre leaders to choose from.

Again, I would like to request YH Tun to keep on writing and giving opinions, views and options. To those anti-Tun, please do not disregard all Tun's writing. One day you will see some of the truth.

Salam sejahtera Ybhg Tun

Saya amat tertarik berkenaan nasihat dan pandangan dalam posting Tun. Sejauh manakah mereka yang akan bertanding ini menghayati pengertian dan hala tuju sebenar perjuangan UMNO atau hanya merebut jawatan dalam parti semata-mata. Kalau andaian saya ini benar maka rosaklah jenerasi dan negara di masa akan datang. Untuk makluman Tun apa yang paling saya risaukan ialah dikalangan pelapis muda yang akan bertanding nanti. Adakah mereka sudah bersedia sebagai jenerasi muda yang akan membawa orang-orang Melayu dalam perjuangan mereka. Janganlah balik-balik kita dengar berita ada unsur ugutan, gaduh kerana tak menang/kalah, sogokan kerana nak raih undi. Apabila tradisi ini masih dalam belenggu dikalangan orang UMNO maka tak peliklah nanti negara orang Melayu yang kita cintai ini akan di takluki oleh kaum lain. Jadi-jadilah, henti-hentilah demi untuk orang Melayu, Islam dan tanahair tercinta.

Ape yang diluahkan oleh Tun ini memang benar dan tepat. UMNO kini perlu bersatu dalam menentukan siapa yang betul ade kredibiliti untuk memeimpin negara. Saya berharap calon calon yang dipilih adalah calon yang benar untuk berjuang untuk negara Malaysia dan hak hak orang Melayu. Dan menjaga keamanan semua rakyat Malaysia yang berbilang kaum.

Diharap Tun berada dalam keadaan ihat dan sejahtera bersama keluarga.

Simple topic from Negarawan but deep impact for UMNO members. Thanks Tun to remind us about this. I think the game will be complicated if too much player joint it.
Hope you could help UMNO from inside since Pak Lah already declared about his resignation on March 2009. Our economic need fresh and strong idea to prevent from damage. I believe you still love your country which the place you born and the people who live here.
Let the Pemilihan UMNO run without any noise from outside.

Salam buat TUN dan semua,

1) Sbg ahli UMNO saya amat berharap perubahan kepada kebaikan dapat tercapai, benar kata TUN satu Malaysia malahan luar negara sedang mengikuti proses pemilihan ini maka amatlah diharapkan nafas baru, budaya baru kekuatan baru dapat ditiupkan ke ROH UMNO ini.

2) Alhamdulillah, suara lantang ahli UMNO sendiri hari ini telah mula membuka mata ahli UMNO yg lain, ahli yg kecewa, ahli yg takut utk berjuang semula bahawa UMNO masih mempunyai Keris yg utuh dari Taming Sari lagi.

3) Pembangkang mula rasa tergugat dengan keadaan ini, mereka harap dapat uruskan pemimpin tidor ini malangnya hajat tak kesampaian maka berlaku la keadaan mula nak menabur fitnah, merosakkan imej UMNO lagi.

4) Walaupun belum mencapai sepenuhnya perubahan tapi saya dapat merasakan yg angin perubahan mula melanda setiap corok kawasan tanah Malaysia tercinta ini, perjuangan UMNO bersatu semula bersama darah nenek moyang kita yg awal memperjuangkan kemerdekaan dan kejayaan bangsanya. Alhamdulillah....Allahuakbar!

5) Terima Kasih buat TUN yg tak pernah jemu untuk memperjuangkan agama, bangsa dan tanah air ini, " Sesungguhnya tiada yg lebih menyayat hati dari melihat bangsaku dijajah" benar kata TUN.

6) Perjuangan ini tidak akan pernah selesai hinggalah tiupan Sangkakala.

Assalamualaikum Tun.

Saya tertarik dgn pendapat Ayahanda ini. Memang benar orang melayu kenalah bersatu..Jangan kerana jawatan direbutkan yg lain berpecah belah..seperti apa yg di lakukan perdana menteri yg ada sekarang ini. Pentingkan nama dan Jawatan yg di pegang rakyat berpecah belah.

Rakyat terseksa.terutamanya orang melayu..

Saya minta kepada bakal pemimpin yg bakal di lantik ini..janganlah di beri demokrasi secara terbuka seperti yg di lakukan Abdullah Ahmad Badawi. Akhbar bebas menulis apa sahaja, rakyat bercakap tentang sensitivi tanpa berfikir perasaan orang lain..Abdullah pernah berkata begini bila di tanya wartawan dulu "Nak cakap apa cakaplah..kalau tak kasi cakap di katakan diktator" beberapa hari selepas BN memenangi pilihanraya 2004. Saya masih ingat lagi. Tak baik Abdullah bercakap begitu seolah2 menyindir Tun Mahathir dan tak baik Tun Mahathir di gelar diktator..Tun Mahathir yang banyak menaikkan maruah bangsa melayu. Jadi pemimpin selepas ini kawal percakapan sesiapa terutamanya akhbar2, pemimpin2 yg boleh sesuka hati menghentam terutamanya isu perkauman. Saya akan sentiasa menyokong ayahanda Tun Mahathir..You are my inspiration. Hidup Tun Mahathir.

Saya akan sokong Mukhriz Mahathir sebagai pemimpin Pemuda.

The rest all sampah. Its true anyway.

Assalamualaikum.

Assalam mualaikum, Tun.

Have you heard this one?...

A Malaysian minister and Singaporean minister were arguing about their two countries and the Malaysian minister said, "Look, in my country I can walk into the Prime Minister's office, I can pound his desk and say, Pak Lah, I don't like the way you're running this country!" The Singaporean minister said, "Hmmp, I can do that in my country, too." The Malaysian minister said, "You can? Really?!?" The Singaporean minister said " Yes, sure I can. I can go to Lee Hsien Loong's office, I can pound his desk and say, Mr Prime Minister... I don't like the way Pak Lah is running his country!"

Assalamualaikum Tun,

Yang penting bagi UMNO sebagai komponen penting dalam kerajaan adalah pemelihara well being penduduk diMalaysia dengan memperbaiki

1. Kesesakan, kadar kemalangan di jalan raya, parking.
2. Pengangkutan awam spt KTM Komuter
3. Kerajaan tempatan - supaya struktur bandar tidak seperti kawasan setinggan.
4. Menurunkan kos hidup
5. Semua industri kurang bergantung kepada pekerja asing.
6. Business profiteering yang melampau
7. Semua restoran atau kedai makan Halal, selain ditandakan
8. Adun, MP mempunyai masa, lokasi dan prosedur tertentu untuk menerima kunjungan pengundinya - konsep klinik.
9. Tingkatkan disiplin warga Malaysia.

Jika setiap individu berasa selamat dan selesa di persekitaran nya, besar kemungkinan tidak timbul keinginan mencuba kerajaan lain.

tsunami yg melanda PRU 12 akan melanda pemilihan UMNO ,melihat kepada pencalonan dari bhg ianya dari 'Floor' samada ianya akan diterjemahkan kepada undi oleh PERWAKILAN BHG sesautu yg menarik untuk diperhati.

untuk pemilihan ini saya bersetuju dgn tun supaya perubahan cara pentadbiran yg dinamik perlu dibuat , cara pentadbiran AAB perlu diubah kabinet AAB yg mengikut rentak dan menyokong style pengurusan beliau perlu diubah juga .

calun calun seperti Muhyiddin , Shafie Afdal ,Hisham ,Rais Yatim dan Rafidah perlu diketengahkan . mereka mereka yg kalah di PRU 12 samaada diri nya (naib ketua wanita) dan ketua ketua perhubungan 5 negeri 1 wp yg kalah perlu mengundur diri didalam semangat tanggung jawab dan digantikan oleh pemimpin pemimpin baru yg berkaliber.

sudah sampai masa nya pemimpin UMNO mempunyai semangat ACCOUNTIBILITY yg tinggi .

Najib perlu memberi isyarat yg beliau adalah pemimpin yg tidak ragu ragu menggunakan karate chop bila perlu.

Salam Tun. Moga Tun sentiasa sihat. Apa yang Tun peringatkan kepada UMNO memang benar. Tun orang yang telah lama dalam UMNO tentu sekali sudah masak dengan asam garam UMNO. Walaupun sudah tidak menjadi ahli UMNO, saya rasa jiwa TUN tetap UMNO dan Tun masih sayang kepada UMNO lagi. Kepada ahli akar umbi UMNO ambillah pandangan TUN ini semasak-masaknya. Kita tidak mahu parti tunggal yang memperjuangkan hak melayu ini terkubur kerana ketidakpekaan kita terhadap masa depan survival orang melayu. Janganlah ahli UMNO mementingkan diri sendiri untuk keuntungan jangka pendek. Fikirlah untuk generasi melayu kita pada masa akan datang. Hidup Tun. Teruskanlah memberi pandangan dan nasihat demi kepentingan bangsa, negara, dan agama.

Sir,

Point number 3 illustrates what most Malaysians have suspected all this while: Umno leaders have time and again abused their positions for personal gain. Component parties fare no better in this perception. Samy Vellu is still saying MIC is the voice of all Indians. When will he ever leave the scene? I can no longer stand the sight of him. March 8 2008 is the 9/11 of Malaysian politics. Those who voted for PKR, DAP and PAS has tasted the thrill of seeing BN humbled. I am one of them. Come General Election 14th, I can assure you, sir, my vote still goes to PR. I just want to see BN annihilated. No matter what BN does to regain the people's confidence, it is too late. (All my friends think the same). Unless, of course, DS Najib become dictatorial. That too if he wins. What with all the scandals surrounding him. You never know if Ku Li can make a comeback because we cannot know the minds of the delegates. Only today he (Najib) said that if he had intervened in police investigations into the Altantuya murder there would be no trial at all. This, to me, is an admission of his powerful influence he has over the PDRM. (PRDM to some people--Polis Raja Di Malaysia). Really, I don't care about Anwar's sexual preferences because most

male Malaysians have committed anal intercourse. I just want to provide him a chance to govern because I give him the benefit of the doubt that he has changed. DS Najib is going to have a tough time convincing people he is good for PM and running the country the way it should be. Please, sir, kick his butt good when he rules.

By daengcelak on October 17, 2008 10:29 PM

Assalamualaikum Tun,

I am watching the election closely. If the delegates opted for money, sex, position in Govt or projects in every corridor, then that will be the demise of UMNO.

To build something new is easy. To destroy it is easier. To rebuild it? I am sorry, it is beyond my imagination, as for now...

Sacrifice is the theme, big time! By everyone, in UMNO, in the family, in the grassroots, in the alumni, among the old boys, among the new boys. Before, during and after UMNO election.

Just my humble opinion, Tun. Take care and we (me and all my family members) love you so much and hated the ungratefals as much...

Harapan tinggi selepas pemilihan ini, rata-rata rakyat majoriti mahukan kestabilan dan pembaharuan dalam politik masakini. Secara peribadi saya rasa kesal kerana tindakan 'ego' segelintir pemimpin keluar ketika Perbahasan Belanjawan 2009 yang disampaikan oleh DSAI, walaupun ia disampaikan pembangkang tetapi perkara ini haruslah dipandang berat. Saya rasa semua ahli parlimen perlu hadir dan dengar teliti tidak kira pembangkang atau kerajaan.

Saya juga ingin tahu ape pandangan dr Tun berkenaan ekonomi negara pasca krisis ekonomi di US.

Dear orang melayu dan bumiputra di sabah dan sarawak sekalian..

Sorry comment saya lari dari tajuk sedikit...tapi tak lah lari jauh sangat..pasal ini sebab bangsa dan UMNO juga.."cut and paste dari mykmu"

Sedih betul aku tengok orang melayu sekarang ni..sangup derhaka kepada keturunan, prinsip dan agama sendiri demi politik mereka ..

Sungguh hebat kononnya pembebasan minda orang melayu sekarang ni..

Bagi aku orang macam ni tersangat hina lebih hina dari pelacur Chow Kit..pelacur politik seperti hadi awang, nik ajis, anwar ibrahim, husam musa dan juga penyokong mereka ...to tell you the truth aku lebih respek lagi Lim Kit Siang pasal dia tak pernah jual bangsa dia bila berpolitik...apalah lagi melayu macam mereka ni akan buat untuk demi cita2 politik mereka..

Mereka ni sebenarnya bodoh kerana tak tahu sejarah....mungkin mereka lebih tahu sejarah arab daripada sejarah bangsa mereka sendiri

MENGENAI KENYATAAN TAN LIAN HOE AKU BERPENDIRIAN KITA PERLU KICK OUT NOT ONLY GERAKAN BUT COMPONENT PARTI YANG KURANG AJAR, TAK TAHU MENGENANG JASA (seperti yang di tulis TUN dalam artikel Uni Petronas) DAN SEJARAH NEGARA DARIPADA GAGASAN BN..MEREKA NI SEBENARNYA Mencari helah untuk UMNO berbuat demikian supaya senang UMNO di persalahkan...SUDAH TERBUKTI MEREKA BERKAWAN HANYA SEMASA SENANG..MEREKA HANYA MAHU UMNO SEMASA UMNO KUAT SUPAYA DAPAT MEREKA MENUPIKAN KUASA SUPAYA BANGSA MEREKA TERBELA...AKU LEBIH RELA MEREKA KELUAR DAN KERAJAAN BN AKAN TUMBANG...BIARLAH UMNO JADI PEMBANGKANG BIAR SENANG KITA MENGATUR LANGKAH..BIAR SENANG KITA BERBICARA...BIAR SENANG KITA BERSUARA..MEMBUJUR LALU MELINTANG PATAH....TAK KAN AKU BIARKAN BANGSA DAN TANAH AIRKU DIMAIN-MAINKAN...BRING THEM ON!!

Tun...

pertandingan jawatan ketua pemuda adalah yang paling ditunggu2,
pada saya pertandingan ini sebenarnya antara Tun dan Dollah,kita boleh lihat populariti dan kewibawaan
siapa yang orang2 muda pilih.jelas sekali kepimpinan dan nasihat Tun masih diperlukan.
walaubagaimana pun saya tidak menyangkal Mukriz memang berwibawa dan mampu membawa pemuda
kearah yang lebih berkesan dan gagah kembali.

seperti yang Tun nyatakan apa2 pun boleh berlaku sebelum pemilihan,sebenarnya saya juga curiga apa
yang Dollah nak buat dalam masa 5 bulan.apakah beliau mahu memanjangkan masa untuk
mempengaruhi pemuda bahagian agar khairi terpilih akhirnya?
alasan kerja belum siap sangat tak logik apakah orang lain tak tahu buat kerja,agaknye orang2
disekeliling beliau memang bodoh.apalah sangat malaysia ini kalau nak dibandingkan dengan negara2
besar lain,cuba kita lihat jepun & britain PM mereka kalau dah tiada sokongan terus berhenti saja tak
hairan pasal kerje tak siap kerana mereka tahu ada orang yang akan siapkan atau dia tak percaya najib
akan bereskan seperti apa yang beliau lakukan atas Tun.

sepatutnya pemilihan bahagian sudah cukup menentukan siapa yang menjadi
presiden,tim.president,ketua pemuda,ketua wanita,ketua puteri.perhimpunan agung sepatutnya hanya
mengesahkan kemenangan dan jawatan saja,oleh itu tiadalah lagi eleman rasuah dapat memanipulasi
keputusan yang telah diputuskan.

Tun,

maaf keluar topik tapi saya nak ulas kenyataan zaib ibrahim seorang yang sangat anti Tun."Tun sebagai
penasihat dibelakang PM"
pada saya apalah salahnya kalau Tun benar2 menjadi penasihat PM kerana Tun memang layak ,sebagai
bekas PM dan bapa kemodenan negara Tun tahu apa yang baik dan buruk untuk rakyat takkan nak ambil
Dollah sebagai penasihat atau zaid sendiri nak jadi penasihat PM,cerminlah diri dulu apa kelayakan yang
kamu ada?pkp,dap,bar council,hindraf atau apa saja yang kamu sokong atau yang menyokong
kamu.sedarlah riwayat hidup politik kamu dah berakhir tak ada siapa yang akan ambil kamu sebagai
menteri lagi.tunggulah mat jenin anwar jadi PM.bulan depan?awal tahun depan?hujung tahun
depan?.....depan?...depan...depan ???????? jadi PM impian kamu untuk kamu jadi menteri semula.

terima kasih Tun atas kesempatan ini.

Tun,

In the MCA election, there are 2 people contesting the highest post.

In MIC, this is also the case.

In America, there are two contestant in the democrat party, obama won and finally two contestant
contesting for presidency.

In this UMNO election, looks like there is only one for the top post. How democratic can this be?

Tengku Razaleigh should be there along with Najib for the top post. I believe there is a serious issue in

the system. It needs to be reviewed.
By MKM on October 17, 2008 10:44 PM

Assalamialaikum Tun,

The comment that you made on this article is correct. We need UMNO to unite and bring back the glory days that UMNO once were. I hope they get it right on the coming UMNO Election. Long live TUN and the legacy that you brought us.

Sala Tun,

Saya merujuk kepada Para 14, dan bersetuju dengan pendapat Tun bahawa ada perwakilan yang ke perhimpuan agong tidak mengundi mengikut mandat Bahagian gara-gara kerana disogokkan dengan wang atau janji jawatan. Saya mencadangkan agar proses pengundian Presiden dan exco MT menerusi undi popular sepertimana pemilihan Presiden Amerika Syarikat. Dengan demikian ahli-ahli di akar umbi mendapat peranannya. Sebagai ahli bawahan saya merasa dipermainkan bilamana setiap kali pencalonan keperingkat yang lebih atas telah ada senarai yang disediakan dan mesyuarat cawangan di adakan sebagai endorsement keputusan mengikut skrip yang telah sedia di aturkan. Kadangkala saya merasakan UMNO sebagai sebuah kelab eksklusif yang ditadbir oleh beberapa individu dan sebagai ahli biasa kami tidak lebih umpama 'pencacai' sahaja.
By siam_malaysia on October 17, 2008 11:04 PM

Swaddee Tun yg dikasihi,

Pada pandangan saya, kebanyakan calon tidak berkebolehan atau diragui kejujuran dalam memperjuangkan matlamat negara.

Ahli politik zaman sekarang lebih menjurus kearah agenda peribadi; tanpa peduli hasrat dan harapan penyokong UMNO khususnya dan rakyat umum pada amnya.

Tak tahu lah... saya sudah letih dengan permainan ahli-ahli politik masakini. Sampai bila mereka hendak INSAF dan kembali pada hala tuju perjuangan yang DIKEHENDAKI oleh rakyat MALAYSIA?? Entahlah... biar semua itu dihisab dikemudian hari...
By entahlah on October 17, 2008 11:05 PM

Dearest Tun,

With your permission... as of today, the count is 21 votes (correct me if I'm wrong). Yang musykil nya rata-rata people dispise this guy. So mana datang sokongan nih?? I'd say people (UMNO delegates) you are sending the wrong message to the public and if this is not corrected, it will be disasterous for BN. This guy do not even deserve a single vote!! Let's just stop at this number so that he won't be eligible to contest. With this result, people perception towards UMNO may improved and gives DS Najib a better chance to repair the massive damage made by this family of thieves before the next election.

Warmest regards to you and your family. Wassalam

P/s Low KLCI currently maybe is a Godsend. Else, this guy will really go for a spending spree. Ahaks

Dear Tun,
Since when did the majority of UMNO assembly delegates care about the future of the party, about the (so-called) "perjuangan bangsa", let alone about the future of the country?

From my discussions with several delegates to past assemblies, I got the impression most had MONEY, MONEY, MONEY, PROJECT, PROJECT, PROJECT foremost in their minds.

I have to hand it UMNO! You guys really epitomize the phrase "What's in it for me?" Well done!

How much people care, sometimes we need to change. Perhaps, by viciously obliterating something that we used to see, we can blunder of we might be missing.

Today, as what I can see and understand from situation happens around me - that I mixed with alot of people - most of them support certain party not because of ideology boldly hold by the man heading the team, but because they hated the opposite team. Something worth noting would be, most of my friend dont like to register as a member of any part, because they believe - dont let life strangled to one party as you can always switch to one that perhaps give you more benefits later.

I do believe the same - i dont need to register and I would certainly vote the one who'd take care of me. Yes, got to admit the elders (and the when put against time, the reach half the century - if they are wine, they are probably expensive now) still talk too much about partisan and segregated by that ideology. Too bad!

I dont imply that vote would be traded - but, I would certainly want my vote cast to the one who can make things work.

Malaysians have their say... We ought to respect that.

YABhg Tun,

APA RASIONAL NAK TUNGGU SAMPAI BULAN MARCH 2009? Bagaimana dengan calon-calon yang menang tanpa bertanding. Patutkah mereka yang dah diistiharkan menang ini masih nak ikut ketua lama yang dah kalah atau bersara? Bukankah elok jika mereka dapat bekerja lebih awal untuk KUKUHKan Parti?

Kata YB Muhyidin betul...5 bulan terlalu lama untuk berkempen...Macam-macam boleh jadi...Yang dapat pencalunan banyakpun dah tak ada makna lagi...sebab kempen cara kotor masih boleh kalahkan beliau.

Bila dah selesai pencalunan....undilah....dan terus bekerja....Takan kerana nak bagi sorang selesa...kita nak korbankan semua?

Andailah Najib menang tanpa bertanding sebab pencabarnya tak dapat pencalunan mencukupi...Dah pasti lah dia akan jadi PM. Ada wibawa lagikah Pak Lah nak tunggu sampai 5 bulan?

Satu lagi sebagai sokongan kepada pendapat YABhg TUN.

Contoh terbaru bagaimana di peringkat bahagian dan cawangan pun dah jadi seperti tempat perjudian untuk merebut kuasa...Hal ini menjawab persoalan mengapa orang-orang yang pro Pok Lah seperti KJ dan Reezal masih mendapat pencalunan.

Gagal menghantar notis mesyuarat

Ahli-ahli tak terima notis mesyuarat

Wakil Bahagian yang dilantik berat sebelah

Pembatalan mesyuarat tanpa notis

Mesyuarat baru dibuat senyap-senyap.

Pengiraan UNDI secara rahsia tanpa TELUS

Ahli terima kunjungan orang-orang yang poket tebal pada saat-saat akhir.

Hairan ye ...ada Pemuda kita yang lepas jumpa KJ..ubah fikiran...terus kalih dari perjuangan...Juga hairan bila Orang yang dah pernah kena tangkap khalwat seperti Reezal masih dapat pencalonan.(Harap-harap Osman Desa berani bongkarkan kes ini demi melihat jenerasi akan datang yang bebas dari makhluk tak bermoral)

Bangsaku...Sedarlah sebelum terlewat.

Dear Tun,

Until and unless Umno members get back on to the righteous path they are headed for doom.

For all the religion they foam at their mouths but do the exact opposite like selling their personal dignity for a mere RM200 one does not have to be a rocket scientist to conclude the party is on the road to destruction.

I find it difficult to comprehend how people who fervently perform their five times daily prayers can be of so shallow substance.

They had better change now before Umno is relegated to the dustbin of history.

Best Regards

Ataturk

Assalamualaikum Tun,
Thanks for sharing your opinion with us. Other than Rafidah, all of the names mentioned above are acceptable. Hope the selected leaders will uphold maruah (dignity) Melayu. It's sad to see some ungrateful Malays willing to sell their maruah to gain support from other races. I've no objection in working together with other races but not to the expense of becoming their 'balachi'.

Keep on writing Tun. Love from me & family, JB.

Assalamualaikum wbr Tun!

Saya dari dulu lagi amat bersetuju dgn pandangan Tun serta mengikuti perkembangan Tun dan DMM terutama didalam mengkritik kepimpinan UMNO. Walaupun pada ketika itu Tun dilihat bersendirian dan Alhamdulillah, kebenaran telah dan akan terbongkar.

Saya juga berharap pada pemilihan kali ini para perwakilan UMNO akan menggunakan UNDI mereka dengan sebaiknya dan tidak memberi undi kepada mereka yang menggunakan wang dan di ketahui tidak efisien sebagai pemimpin.

Saya terfikir juga bahawa tindakan Tun meminggirkan seseorang dahulu mungkin kerana pemimpin tersebut memang tidak bagus ataupun tidak layak sebagai Menteri. Bayangkan harga minyak telah turun 40 sen seliter tetapi barangan serta pengangkutan masih tinggi dan kementerian terbabit tidak melakukan sesuatu bagi membantu mengurangkan beban rakyat.

Bagi PAU kali ini saya cadangkan barisan pemimpin UMNO yang saya rasakan mampu merubah serta membawa UMNO kembali gemilang serta disegani oleh pemimpin parti komponen serta rakyat. Mereka adalah :

Presiden DS Mohd Najib Tun Razak
Tim Presiden TS Muhyiddin Yassin
Naib Presiden DS Hishamuddin Tun Hussein Onn
DS Shafie Afdal
DS Rais Yatim
Ketua Pemuda Dato' Mukhriz Mahathir
Naib Ketua Pemuda Dato' Razali Ibrahim
Ketua Wanita TS Rafidah Aziz
N/K Wanita DS Shahrizat Abd Jalil
Ketua Puteri Rosnah Abdul Rashid Shirlin
N/K Puteri Nolee Ashilin Radzi
MKT Dato' Hj Abdul Ghani Othman
Dato' Mustapa Mohamed
Dato' Aziz Sheikh Fadzir
Dato' Dr Latiff Ahmad
Dato' Anifah Aman
Dato' Dr Zambri Abdul Kadir
Dato' Syed Ali AlHabsie
Dr Mohd Puad Zarkashi
Dato' Dr Jamaluddin Jarjis
Dato' Tajuddin Saman
Dato' Kapt (B) Abu Zahar (PJ Selatan)
Dato' Dr Noresah
Dato' Noraini Ahmad
Dato' Musa Aman
Tan Sri Rahim Thamby Chik
Dato' Ahmad Said
Dato' Isa Sabu
Dato' Hamzah Zainuddin
Dato' Husni Hanadzlah
Dato' Adnan Yakcob
Dato' Noh Omar
Dato' Lajim Ukim
Dato' Helmi Yahya
Dato' Mohamad Zin Mohd
Dato' Mohamad Hassan

Tun,
Benar mcm kata Sara. Professional susah dpt jadi ahli. Awal2 lagi dah di"CANTAS TUNASKAN". Saya dulu amat aktif semasa dalam Kelab UMNO Boston. Ramai senior2 yg dah balik ke tanahair, yg sgt berkaliber kepimpinan mereka, yg kami jangka akan bergiat dlm politik tanahair, tidak langsung bergiat dlm Umno, kecuali Mukriz (lepas Tun bersara) (dia dulu President M'sian Student Association di BU). Bila jumpa kawan2 lama ini, tanya kenapa tak jadi ahli UMNO, ramai yg kata dah apply tapi tak dpt jwpn. Senyap gitu shj. Di kg saya di Perak, tak ada masalah utk jadi ahli sbb ketua cwgn ok. Dia amat mengalu2kan. Dan mmg sy aktif bila berpeluang (ibu anak5, jurutera, kontraktor, tinggal di Penang, masa limited..).
Tapi di Penang, susah. Senario cantas tunas. Hanya sebilangan kelompok tertentu dr geng tertentu shj yg bergiat. Patutlah melayu di Penang terpinggir. Naik menyampah sy tengok. Mereka pun menyampah kat sy, sbb lantang melawan. Nasib baik sy tak tukar cawangan. Tapi masa depan anak-anak saya, masa depan org melayu bagaimana? Takut tengok senario politik skrg. Tak nampak siapa yg boleh isi jawatan atas2 tu. Yg bergiat secara ikhlas demi perjuangan melayu. Susah nak cari yg bergiat bukan utk poket sendiri. Sbb yg berkaliber habis dicantastunas. Aktiviti mencantas ini sudah wujud lama. Malang sekali. Tapi sy yakin Mukhriz boleh menang. Jangan sampai tanah Melayu ini tergadai.

Dear Tun,

Whoever become the President of UMNO / Prime Minister in waiting has a lot of challenges ahead like what Tun mentioned.

I think the divisions should nominate Tengku Razaleigh as soon as possible. Such an important President post need to be challenged by at least 2 candidates. This is for the good of the country. If can, a public debate should be held for the 2 candidates to unveil their own manifesto in public.

Another point, is the rumour surrounding Dato Seri Najib an off-limited topic in UMNO ? Demonising work is nothing new in politic. He should show us his true quality leadership by turning a total disadvantage into advantage. Challenge Malaysia Today by law and shut it down with hard-evidence.

Tun,
Read your latest comments on "Pemilihan UMNO" & appreciate your fears.Since Tun has returned to the fold,you should sit in during the UMNO party elections next Mar.Thanks for acting as the guardian.
At least you dare to speak out.Keep it up Tun but don't do it at the expense of your health.Can understand why you are concerned 'cos you had been at the helm for so many yrs.

ASSALAMUALAIKUM AYAHANDA TUN..,

PEMILIHAN UMNO,SUDAH SEMESTINYA DALAM SETIAP MANA-MANA PEMILIHAN PARTI KOMPENEN BN SEHARUSNYA DAN HENDAKLAH JUJUR DAN ADIL. UMNO MERUPAKAN SEBUAH KOMPENEN PARTI TERBESAR DALAM MALAYSIA. JADI UMNO HARUS MENUNJUKAN TAULADAN YANG BETUL KEPADA KOMPENEN PARTI-PARTI LAIN.

CUBA KITA FIKIR SEJENAK KENAPA DAN MENGAPA DARI HARI KE HARI PELBAGAI MASALAH TIMBUL DALAM KEPIMPINAN NEGARA KITA SEHINGGA UMNO BANYAK DI UGUT SECARA SAIKOLOGI. DI SINI SAYA INGIN BERTANYA KEPADA SEMUA KITA. KALAU M.C.A, M.I.C DAH MEMINTA JAWATAN TIMBALAN PENERUS BN, MAKA KAUM-KAUM YANG BERADA DI SARAWAK DAN SABAH PUN TURUT MEMINTA SAMALAH. PELIK-PELIK. APA RASIONALNYA ADA BEGITU BANYAK TIMBALAN PENERUS BN. JANGAN JADIKAN ALASAN JAWATAN TIMBALAN PENERUS BN SEBAGAI ALASAN UNTUK MENAMBAH BAIK DALAM KEPIMPINAN SESEBUAH PARTI. JIKA ANDA HAIRAN MELIHAT KENAPA PENGUNDI BANYAK BERALIH ARAH KE PARTI LAWAN, MAKA SEHARUSNYA ANDA AKUILAH KELEMAHAN DIRI ANDA DALAM MELAKSANAKAN TUGAS ANDA SEBAGAI WAKIL RAKYAT.

KEPADA PARA PERWAKILAN,TAK KIRA DARI PARTI MANA, JANGANLAH MENGELUARKAN KENYATAAN YANG BERTUJUAN UNTUK MENGLAMOURKAN DIRI SENDIRI.BELAJARLAH BERSYUKUR. TUMPUKAN TUGAS ANDA KEPADA RAKYAT DAN JANGAN LUPA DARATAN.

UNTUK MENSTABILKAN KEADAAN PADA HARI INI UMNO HARUS KUAT, SEPERTI ZAMAN AYAHANDA TUN DULU.JADI FIKIR-FIKIRLAH WAHAI YB. JANGAN JADI WAKIL RAKYAT YANG HANYA MELIHAT DUIT SAHAJA.LEBIH BAIK BAGI JAWATAN YB KEPADA MEREKA YANG BENAR-BENAR HENDAK MEMBANTU RAKYAT.

Dear Tun,

Saya rasa sudah sampai masanya pemilihan jawatan Presiden dan Timbalan Presiden dipilih terus oleh semua ahli-ahli UMNO dan tidak lagi dilakukan menerusi perwakilan yang dipilih ke Perhimpunan Agung UMNO.

Mungkin dari segi logistiknya agak sukar, tapi pengurusan UMNO boleh cari idea yang terbaik dengan menggunakan sistem IT yang canggih untuk tujuan ini, supaya ianya berkesan dan dapat kurangkan kos.

Pemilihan secara terus dari akar umbi dapat mengelakkan gejala rasuah dalam pemilihan jawatan tertinggi parti.

Pemilihan calon untuk layak bertanding boleh dilakukan di peringkat Bahagian seperti sekarang.
By azmany on October 18, 2008 12:52 AM

I read the comment by 'sara' above and would like to confirm that this problem is another disease in UMNO all over the country.

1. Professional Malays are not welcomed in UMNO (unless sponsored by higher-ups) even though they are sincere in wanting to contribute to our people. This is especially for those that are already established.

2. Their application to join UMNO may not be approved.

3. If they are registered, lots of road-blocks will be laid in their tracks so that they will not be able to feature prominently.

4. Why? It's been said that 'these professionals are already well-off, no need to disturb other-people's periuk nasi'.

5. Some of them are really sincere in helping our people and since they perceived that they are not welcomed in UMNO (and also cemented the perception that UMNO is corrupt) they join PAS that seemed altruistic in their cause.

6. If we wonders what happened to the good quality Malay leaders among newer generation - this poor practise would be a major contributor.

7. Good seeds will borne good fruits in the future. Conversely, bad seeds will only borne bad fruits. What we sow will determine what we reap - if UMNO continues the way it is being run it's future will be bleak - to say the least.

8. Let's hope the new President will have the balls to acknowledge this painful truth and have the guts and political will to overhaul the warlords and mini-napoleons at the grassroot level.

Salam sejahtera buat TUN serta keluarga,

Terima kasih TUN kerana memahami apa yang kami rasa.

Kalau di perhatikan senarai AMT yang di calunkan oleh UMNO Bahagian, ia nya amat menakutkan saya.

Kebanyakan mereka ini lah punahsihat punahsihat yang menggulakan gulakan abdullah Hadhari. Punahsihat punahsihat yang gagal menyampaikan keluhan rakyat kepada pemimpin mereka yang kita memang tidak mesra rakyat(he cut himself off from masalah rakyat, only to take note when its too late).

Punahsihat punahsihat yang takut kehilangan jawatan.
Kami memerlukan orang seperti Rais Yatim. To speak out his mind.

Hmmmm...entah lah!!

Kita akan melalui pengalaman yang lebih getir the next coming election. Dgn muka muka yang ada sekarang, i doubt it, we will survive the turmoil.

ahhh... i might sound pessimist, but from the look of it. The future seems bleak!!

Just a keluhan rakyat yang sayangkan UMNO.
Just a keluhan Rakyat yang datang dari keluarga UMNO.

Take good care of your health sir,
You are needed, STILL.
By hakimjb on October 18, 2008 12:56 AM

Salam Tun,

It's true what you've just mentioned. And right now the opposition parties are laughing away, seizing every opportunity the government makes a mistake (as they say) or each of it's unpopular choice, and with

every dispute there is amongst the Barisan and UMNO leaders. They are purely opportunists, unfortunately for UMNO and BN.

About money politics, looking at the situation right now, isn't this the BEST time to get some ehemmm extra cash? With soaring inflation and global economic crisis, bribery is almost inescapable, and UMNO elections is no exception!

I hope UMNO won't dig it's own grave (as Pakatan would happily push it tumbling down that hole and bury it nicely).

Perjuangan belum selesai.

By hanif on October 18, 2008 12:59 AM

INI BUKAN SOAL PROSES, PROSEDUR ATAU POLISI TUAN2 SEMUA!

MASALAH SEKARANG ADALAH AHLI UMNO ITU SENDIRI! SEDARLAH!

KALAU AHLI DARI ATAS SAMPAI BAWAH DAH TAK BETUL, CAMPAK LA APA SISTEM PUN, TAK BOLEH JADI JUGA.

BAK KERA DAPAT BUNGA, BAK TIKUS MEMBAIKI LABU.

TAPI SAYA ADA CADANGAN, BUKA KEAHLIAN DAN KEPIMPINAN UMNO NI KEPADA 2 GOLONGAN. SATU GOLONGAN LAMA NI, BAGUS KE TAK BAGUS KE, LANTAK PI LA. DOK LA KAT SITU.

SATU LAGI GOLONGAN BARU YANG TERDIRI DPD PROFESIONAL DAN CENDEKIAWAN, TAPI YANG PRAKTIKAL LA, JGN DOK CAKAP TEORI JE NO.... TAPI ADA SATU LAGI SYARAT UNTUK MEREKA NI, TAK BOLEH TERDIRI DARI MEREKA YANG MENGEJAR HARTA, PANGKAT DAN NAMA. MESTI IKHLAS DAN TELUS, BERANI BERSUARA YANG BENAR SERTA MENGUTAMAKAN KEPENTINGAN AGAMA, BANGSA DAN NEGARA MELEBIHI KEPENTINGAN DIRI. BILA TAKDE KEPENTINGAN DIRI TU, AUTOMATIK LA JADI BERANI BERSUARA TENTANG KEBENARAN....

TAPI NI STILL SISTEM LA, DEPEND PADA AHLI GAK, CUMA TUJUANNYA UNTUK LAHIRKAN AHLI YANG BERSIH, BENIH YANG BAGUS2. YANG BOLEH DIHARAP UNTUK MEMANDU SISTEM YANG BAGUS, KE ARAH YANG BAIK2.

SALAM SEMUA

Assalamualaikum Tun,

Saya bukan ahli UMNO, dan saya juga tidak pernah menjalankan tanggungjawab saya sebagai pengundi walaupun telah lama mendaftar semasa pilihanraya kerana saya sentiasa yakin bahawa BN pasti akan menang dan memerintah negara. Pada PRU 12, saya ada keinginan yang kuat(Bimbang BN tak menang)untuk mengundi buat pertama kalinya, namun hasrat saya tidak kesampaian kerana suami saya terpaksa bekerja pada hari tersebut (saya terpaksa menjaga anak2). Namun saya telah mendesak suami untuk pergi mengundi kerana bimbang Pak Lah tidak menang dan untuk pertama kalinya pada usia 39 tahun suami saya mengundi.

Walaupun saya bukan ahli UMNO dan tak pernah mengundi saya sentiasa mengikuti perkembangan politik negara. Sejak dari sekolah menengah lagi saya amat meminati dan akan mengikuti perdebatan dalam perhimpunan agung UMNO dan saya pasti akan mendengar ucapan TUN dari awal hingga akhir. Namun minat saya itu terhenti setelah Tun meletak jawatan PM kerana tiada isu yang boleh menarik minat saya lagi. Minat saya terhenti juga kerana kehadiran nama yang saya tak pernah kenal (walaupun sentiasa mengikuti perkembangan UMNO) telah menjada Naib Ketua Pemuda.

Nama yang saya tidak kenal itu juga saya lihat amat jelas cuba menonjolkan diri lebih daripada Ketua

Pemuda di dalam akhbar dan televisyen. Setelah sekian lama, barulah saya mengetahui dari mana asal usul beliau dan keluarlah ayat... oooooo menantu PM rupanya, patutlah tetiba je naik.

Saya tidak pernah menyesal memaksa suami saya pergi mengundi Pak Lah kerana saya akan merasa lebih kesal sekiranya BN kalah.

Bagi saya BN(UMNO, MCA, MIC, GERAKAN dan semua parti komponen) adalah parti yang paling relevan bagi rakyat Malaysia.

(PKR pengkhianat bangsa)

(PAS tiada pendirian)

(DAP untuk Cina je)

Salam Tun..

Saya bukan orang UMNO dan bukan juga parti-parti lain.

Kalau ada masuk parti pun dulu, ia itu jual tupperware (party tupperware)..

Tun saya fikir tertinggal satu lagi orang kuat Pak Lah yang sekarang sedang lead penamaan untuk jawatan Naib President.

Saya pun hairan (malahan dia sendiri pun hairan) dengan penamaan tertinggi yang dia dapat.

Orang ini dulu hunus keris lepas tu mintak maaf pada bangsa lain sebab telah menghunus keris.

Keris pada hal warisan Bangsa Melayu...

Buat malu bangsa je.

Nak pinjam kata-kata Dato Rais Yatim..Macam budak-budak baru belajar bermain keris...

Saya bukan marah pasal keris sangat...

Kalau kita semak cara beliau buat keputusan selama hari ini akan merugikan orang Melayu dalam jangka panjang...

Seorang yang secara perlahan-lahan mendaulatkan sekolah-sekolah Jenis kebangsaan...

Orang ini lah dahulu yang cuba nak jatuhkan Mukriz...konon hampir nak ambik tindakan ke atas Mukhriz kerana menegur Pak Lah

Orang ini lah yang memberi laluan mudah pada Khairy dahulu, saya fikir hanya kerana beliau menantu Pak Lah (adakah orang begini akan membuat keputusan bijaksana bila menjadi pemimpin tertinggi nanti?...)

Wahai orang UMNO grassroot,ambil lah peluang macam Tun cakap, undi anda tidak semesti nya mencerminkan undi bahagian...

Jangan menjadi Melayu mudah lupa akan peristiwa-peristiwa lalu dalam tindakan pemimpin anda.

Walaupun anda mungkin sudah terhutang budi pada nya.

Fikir jangka panjang anak dan generasi bangsa kita...

Gunakan undi anda dengan bijaksana...

Semua orang sokong Tengku Razaleigh yg nampak lagi bersih dan ikhlas tetapi saya hairan kenapa tiada cawangan umno yg berani memberi dia pencalonan?! semua takut ke Dato Najib akan ambil

tindakan terhadap cawangan yg tdk calon dia?!

Biar kita beri Malaysia satu peluang baru, calonlah Tengku Razaleigh utk bertanding Presiden!!!! Semua orang sekeliling skrg kata Dato Najib tak layak tetapi kenapa semua bahagian2 cawangan2 semua hanya skrg tahu calon Dato Najib?!! jgn khuatir dan risau, berani krn benar undi orang yg lebih ikhlas utk menjaga kepentingan kita semua!!!

Tun skrg amat shock dan gembira krn Pak Lah dah nak jatuh asalkan Pak Lah jatuh beliau boleh buta buta memberikan sokongan kpd Datuk Najib dan Datuk Muhyiddin yg nampaknya skrg amat rapat dan mesra dgn Tun.. Ini krn masa ini mrk memerlukan sokongan dari semua pihak utk March tahun depan, walaupun saya bukan penyokong BN ataupun UMNO tetapi saya amat ikhlas mahu negara kita lebih bersih.. Saya check sini sana tentang Tengku Razaleigh dan saya mendapati walaupun dia bukan yg perfect but at least he is more clean compare all others now.. Bukan saya dpt apa apa ataupun pingat setelah Tengku menang=(tetapi krn Malaysia memerlukan seorang pemimpin selain drpd wibawa juga hendak mempunyai keikhlasan bukan ikhlas menjadi PM tetapi ikhlas juang demi kita semua rakyat!!! bukan kroni dan family and frens.. Kita semua tahu Bapa Demokrasi itu sering kali menyusahkan rakyat tetapi second hand man itu ada tolong kita?! memang betul kata Tun Mahathir second hand man itu hanya yes yes yes tetapi Tun skrg memberi sokongan sepenuhnya kpd ini yesman zzzz memang sgt menghampakan saya

Saya tdk boleh buat apa apa krn saya bukan ahli UMNO tetapi ahli ahli UMNO boleh, walaupun mungkin anda semua adalah kerdil tetapi jika kumpul kekuatan anda kerdil semua anda semua boleh menang gergasi kuat juga.. Saya hanya boleh menggunakan masa senang saya tulis dan beri komen dan harap ada orang baca dan sebarkan kpd satu per satu krn saya percaya ramai ahli UMNO bukan korup dan banyak lagi adalah ikhlas juang demi negara=) Hanya kita perlu memberi sokongan pada mrk agar mrk akan berkeyakinan dan berani krn benar=)

salam tun,

anakanda baru pulang dari singapura, pulang untuk menghadapi sidang umno bahagian gombak yg akan diadakan hari ni kira-kirajam 2 petang di PTGC, Rawang

Pertandingan 3 penjuru antara Dato Ahmad Bujang (Bekas ketua Bahagian), Saudara Hj Rahim (Bekas Setiausaha Bahagian) dan Dr Raman (Bekas Ahli Parlimen Gombak)

bagi diri anakanda, ketiga-tiga calon bukanlah pilihan terbaik buat umno bahagian gombak untuk menguasai kuasa yg pernah dimiliki mereka...

ikhlas dan jujur saya nyatakan sebagai perwakilan saya telah diberi paket -paket anwpau dari dua pihak iaitu dato ahmad rm250 dan hj rahim rm300oleh runner-runner mereka melalui ketua cawangan saya, manakala dr raman pulak mungkin dia segan kerna saya minta utk berjumpa saya secara peribadi dan berdebat dgn saya.. mungkin kerna melihat kereta Mercedes S Class saya maka dia menarik handbreak dari menghulur saya

Ayahanda, dgn nama allah saya menyatakan yes saya ambik angpau-angpau yg diberikan kepada saya namun saya menganggapnya sebagai sedekah yg perlu saya panjangkan. insyallah telah saya panjangkan kepada mereka yg lebih memerlukan.

ketika saat ini, saya masih belum memikirkan siapa harus saya pilih
ermmmmmmmmmmmmmmmmmmmmmmm ayahanda, saya memerlukan pemimpin seperti ayahanda,
pemimpin yg boleh lihat 20 thn akan datang

pemimpin yg berkelulusan janaan seperti ayahanda, dari seorang doktor namun ayahanda bole jadi pakar ekonomi, pakar dlm bidang pertanian, angkawasan, pembina kereta dan lain-lain dr bidang kedoktoran...

YA ALLAH. Street Smart yg ayahanda miliki adalah anugerah ALLAH terbesar . Malaysia memerlukan pemimpin yg street smart yg bole buat keputusan yg tepat n pantas namun dpt merangka kesinambungan bagi tempoh ke hadapan

YA ALLAH .. beri aku ilham sapa harus aku pilih...

salam ayahanda jam sudah pkl 2 pagi

Assalamualaikum Tun yang dikasihi,

Tulisan Tun berkenaan Pemilihan UMNO amat menarik sekali. Pandangan daripada seorang pemimpin yang bijaksana dan yang mempunyai pengalaman yang amat luas sekali sememangnya bernas dan menarik.

Saya amat bersetuju bahawa kesan daripada pilihanraya kecil Permatang Pauh telah membuka mata ramai daripada ahli-ahli MKT UMNO khasnya TS Rafidah Aziz, TS Muhyiddin Yassin, DS Dr.Rais Yatim, DS Shafie Afdal dan TS Rahim Thamby Chik bahawasanya masa DS PakLah untuk terus memimpin sudah sampai ke penghujungnya. Sekiranya UMNO mahu dipulihkan dan menjadi relevan kepada orang Melayu PM mestilah meletakkan jawatannya seberapa segera. Akhirnya dengan petunjuk dan hidayah Allah, DSAAB telah akur dengan pandangan mereka demi kepentingan Agama, Bangsa dan Negara yang merupakan dasar perjuangan UMNO.

Saya yakin ramai ahli2 UMNO peringkat akar umbi tidak bersetuju dengan pelan peralihan kuasa ditangguhkan sehingga bulan Mac tahun 2009. Mereka tidak nampak apa rasionalnya hendak ditangguhkan sehingga tahun hadapan. Masa sangat berharga bagi memikirkan cara pemulihan UMNO yang tak berapa kuat ini. Maka dengan sebab itu mesyuarat agong Perwakilan UMNO patut diadakan pada tarikh asalnya iaitu pada bulan Disember 2008. Tidak boleh kompromi lagi.

Parti komponen BN semuanya mengadakan mesyuarat mereka pada tahun ini juga. Kenapa pula kita sebagai parti induk BN takut hendak mengadakan mesyuarat pada tahun ini juga. Dalam ingatan saya belum pernah lagi mesyuarat Agong UMNO diadakan melewati tahun yang sepatutnya ia diadakan. Malu kita kepada parti komponen BN.

Diharapkan semua bahagian yang belum mengadakan mesyuaratnya lagi agar membuat usul tergepar supaya Mesyuarat Agong Perwakilan UMNO diadakan pada tarikh yang telah ditetapkan dahulu iaitu bulan disember 2008. Dengan itu kita dapat mengurangkan politiking dan terus menumpukan kepada pelan pemulihan UMNO.

Pandangan ikhlas saya kepada hasrat YBM Tengku Razaleigh Hamzah yang telah menawarkan diri untuk bertanding jawatan Presiden sekiranya cukup pencalonan. Berhentikanlah. Tak perlu lagi diadakan pertandingan jawatan Presiden kerana DSAAB telah pun meletakkan jawatannya. UMNO akan dipimpin oleh DS Najib insya Allah. Marilah kita berikan kerjasama dan sokongan padu kepada beliau supaya mudah baginya untuk memulihkan keyakinan orang Melayu terhadap UMNO semula. Kalau benar YBM ikhlas hendak memulihkan UMNO kenapa tidak disumbang dalam bentuk nasihat dan pandangan sahaja.

Apa perlunya hendak menjadi Presiden UMNO baru hendak pulihkan parti. Bukankah itu lebih menampakkan kepentingan peribadi. Marilah kita semua bekerjasama memperkuat UMNO. Bukankah itu lebih baik.

askum tun ...

Saya ni tak berapa nak paham pasal pemilihan ni . Tapi saya tertanya-tanya apakah kita rakyat malaysia hanya ada 1 gandingan yang mantap . Yelah semua orang mengatakan inilah gandingan termantap .

Najib + Muhyidin = mantap

Apa kah tidak boleh mengatakan

Muhyidin + Mukriz = mantap

Hishamudin + Mukriz = mantap

atau

Ku li + Hishamudin = mantap

dan mungkin lebih banyak kombinasi lagi . Apakah hanya ini sahaja pilihan yang kita ada . Walau apa pun saya hanya 'rakyat kecil' yang hanya mampu melihat dari jauh gelagat bangsawan ini ...

Tapi dari pandangan peribadi saya sendiri sesiapa pun yang di atas pasti lupa yang di bawah .. Harapan 'rakyat kecil' ini supaya sentiasalah mereka lihat yang di bawah pabila sudah di atas .

wassalam ..

This is MY DREAM:

PM & Finance: Tengku Razaleigh Hamzah

DPM: Tan Sri Muhyiddin Yassin

KETUA PEMUDA: Datuk Mukhriz Tun Mahathir

KETUA WANITA: Datuk Seri Shahrizat

The rest...don't matter

DS Najib has too many skeletons in his closet. Furthermore, his loyalty must still be with AAB.

Sometimes its better to "Demolish & Reconstruct" rather than "Renovate & Refurbish"...

Anyway, it's just A DREAM...

Salam Tun,

Apa yang Tun jelaskan pada ekstrem nya mungkin benar atau mungkin juga meleset sama sekali atau sebahagian nya benar dan sebahagian tidak.

Walaupun bagaimanapun, saya mengambil pendirian untuk merumuskan pandangan Tun diatas hanya lah sebagai pandangan peribadi Tun sahaja. Tapi yang mengecewakan saya, pandangan Tun untuk tidak mengadakan undian pada hari jumaat adalah satu pandangan yang kurang cerdik.

Saya berpandangan sedemikian memandangkan kita orang Islam, dan saya yakin keberkatan hari jumaat itu lebih dari hari hari yang lain.

Lebih lebih lagi pemilihan seorang ketua negara, semoga mendapat limpah keberkatan dari Allah hendaknya.

Menafikan keberkatan hari jumaat itu jelas menolak keberkatan hari tersebut.

Yang jelas banyak hikmah/khafiat hari Jumaat dan disebut dalam kitab kitab agama Islam dan pandangan Tun seolah-olah Tun tidak yakin.

Contohnya bukan kah kemenangan Tun sendiri berlaku pada hari jumaat yang Tun katakan itu dan jika dilihat pada mata kasar sehingga hari ini Tun masih lagi dapat melihat hasilnya, bukankah itu satu keberkatan dan kita perlu bersyukur padaNya.

Soalnya ialah keikhlasan kita kepada Allah yang Maha Agong dan Maha Berkuasa dan sesungguhnya Dialah yang membolak-balik hati kita.

Tidak ada gunanya jika ia berlaku seperti mana Tun menghendaki tetapi keberkatan nya tidak ada.

Semua yang terjadi ada hikmahnya.

Dialah yang Maha Mengetahui Segala-gala nya.

Diharap Tun fikir-fikirlah pandangan saya ini dan saya memohon maaf zahir dan batin jika pandangan saya tersinggung perasaan Tun.

SALAM

MY PARENTS HAD BEEN SUPPORTED BN FOR A VERY LONG TIME.

WHEN YOU MADE YOUR DECISION TO STEP DOWN AS THE PRIME MINISTER AND GAVE IT TO DATUK SRI ABDULLAH AHMAD BADAWI(STILL PUT HIS TITLE DS AS I STILL RESPECT HIM AS HE IS MUCH ELDER THAN ME..IM STILL 19=)...THEY FELT SO SAD AND THEY SEEMS NOT TO AGREE WITH THAT.

ON THAT TIME I WAS UNABLE TO UNDERSTAND WHY THEY WERE SO UNHAPPY WITH DSAB.I ALWAYS THOUGHT THEY MUST BE WRONG SINCE IT WAS YOU WHO CHOOSE HIM..AND YOUR DECISION WERE ALWAYS WISE BEFORE...

BUT AS TIME GOES BY...IT SEEMS THAT MY PARENT WERE RIGHT...

I THINK THAT MALAYSIA IS FACING IT WORST SITUATION...ATLEAST SINCE I WAS BORN..

AND THAT MAKES ME THINK...WHATEVER MISTAKES THAT YOU HAD DONE BEFORE..THIS MUST BE YOUR BIGGEST MISTAKE!

SAD..HIS FATHER HAD REALLY DONE A LOT TO MALAYSIA(TANAH MELAYU ON THAT TIME) AND HE TOO DONE A LOT-BUT NOT IN A GOOD TERM.

WHATEVER HAPPEN...PLEASE... I REALLY HOPE THAT THIS CAN BE FIXED...I AM REALLY SCARED AND WORRY...HOW IF ONE DAY PKR WILL TAKE OVER MALAYSIA?WHAT WILL HAPPEN?
DATUK SRI ANWAR IBRAHIM BEING A PM?OH GOD I AM SO SCARED...
BECAUSE THE REALITY IS THAT MANY OF MY FRIENDS DO SUPPORT HIM..AND I HAVE NO IDEA WHY...AND WHAT MAKES THEY THINK THAT HE IS A GOOD MAN.
I MAY NOT GOOD IN POLITICS OR WHATEVER IT RELATED..BUT I BAD ANWAR IBRAHIM IS...ABOUT HIS SODOMY'S CASE...I HAVE NO IDEA...I EVEN DOUBT IF HE REALLY DID THAT...BUT I DO KNOW AND STRONGLY FEEL THAT HE IS A BAD PERSON.
CAN'T PEOPLE SEE(I MEAN TO HIS SUPPORTER)..HE ALREADY SAID THAT HE WANT TO BE THE NEXT PM...IT SHOWS HOW HE DYING WANT TO BE IN THAT POSITION..AND SHOWS HOW 'GILA KUASA' IS HIM...
THAT'S A POINT..THERE ARE MANY OTHER POINTS...

TUN,
I HOPE YOU CAN HELP FIXING THIS SITUATION...
MAY GOD BLESS YOU...
I WILL ALWAYS BE ON YOUR SIDE(THOUGH SOMETIMES I DOUBT YOU ACTIONS OR DECISIONS)

I'LL PRAY FOR YOUR GOOD HEALTH...
WASSALAM

This country does not deserve a unmo PM..we had more than enough of them for the last 50 years.
Corrupted and ineffecient to the core.
By solcroft on October 18, 2008 6:51 AM

Yes, let's remove the Abdullah toadies, lest they interfere with the machinations of the Mahathir toadies.

Already you're telling Najib what to do, even though he's yet to become PM. If you want your words to carry weight, Mahathir, you need to stop resorting to such blatant hypocrisy by keeping your mouth shut and stop doing the very same things you so energetically and tirelessly lambast others for.

YBg Tun

Walaupun pemilihan DS Najib sebagai Presiden dan kemudiannya menjadi PM sudah seperti menunaikan RAHMAN yang dinujumkan oleh PM pertama kita, belum pasti DS Najib dapat menjadi PM yang berjaya, kecuali beliau cepat dapat naik ke tahap statesman, seperti Tun dahulu. Antara perkara yang membimbangkan mengenai Najib ialah

1. Isterinya DS Rosmah, seorang yang tidak layak menjadi pasangan pemimpin negara. DS Najib harus fikir bagaimana boleh relegate DS Rosmah luar dari urusan negara. Setakat ini DS Rosmah banyak membawa aib kepada suaminya malah Program Permata atau tadika itu akan makan tuan nanti kerana ia suatu program SEKULAR YANG MENGGUNAKAN KAEDAH BRAINWASHING AWALAN. Suatu cara pendidikan anak-anak yang terang-terang bertentangan dengan ISLAM. Dan DS Najib beri peruntukan RM20juta untuk ini.
2. Semua yang saya tanya bersetuju bahawa DS Najib layak kahwin lagi seorang gadis yang sopan dan tiada agenda peribadi untuk dijadikan model bangsa. Sejarah hitam DS Rosmah akan muncul dan jadi perbualan ramai nanti. Jadi poligami dalam kes ini BOLEH mendapat restu rakyat.
3. Barisan penasihat yang substandard dan berkepentingan merupakan satu lagi masalah DS Najib. Kalaupun beliau tahu sudah menjadi lumrah dibiarkan dan digalakkan mereka menjadi kaya dan terus

bergantung kepada peluang yang disalurkan dari hubungan ini. Cuba lihat bagaimana Yayasan Pendidikan Tun Abdul Razak yang kononnya digunakan untuk ambil alih UNITAR bagi pihak UMNO sudah jadi sarang oportunist, dan akan jadi bahan ketawa nanti kalau dilihat tenaga pengajar dari mana yang diambil? DS Najib tahu tapi berdiam diri.

4. DS Najib bukan dari aliran orang dahulu yang berjuang untuk bangsa, tetapi dari generasi sekarang dalam UMNO yang berjuang untuk berkuasa dan tahu cara membeli kuasa. Akhirnya didampingi orang yang semacam itu. GOOD GUYS WILL STAY AWAY FROM UMNO. Saya tidak nampak bagaimana trend akan berubah.

Sayugia kita ingat bahawa DS Najib mungkin menjadi PM paling singkat berkuasa kerana mood rakyat sudah berubah tetapi orang-orang UMNO yang diberi kuasa masih ditokok lama. dari JKKK hingga ke menteri matlamat utama sebat duit dan jadi kaya. Saya masih lagi teringat dalam satu interviu di akhbar DS Zahid Hamidi menceritakan betapa pahit derita beliau dahulu sehingga tiada duit untuk baiki kereta, lalu beliau memutuskan perlu jadi kaya dalam hidup ini, lalu dia memilih untuk menyertai UMNO sebab itu saja jalan mudah.

Tetapi sekarang dah kaya kenapa masih di sana? TAMAK itulah credo orang UMNO.

Salam Ayahanda Tun.
Indeed I can see that the mud is already in the air and flying for Najib's face by now. Whilst I agree that Najib must have the ability to deflect all this, but there also exist an urgent need for hearsay protagonist to be better learned at their trade. Please, if I may be give the space to share a bit of what I know here.

The price different between the Brazilian Eurocopter Super Cougar and the Malaysian Eurocopter Super Cougar is largely due to two factors. Firstly, the Brazilian negotiated and was given rights to assemble these helicopters in their own country, and secondly they ordered the AS 532 UL/AL Cougar which is better suited for naval support roles. It also uses the French Turbomeca Makila 1A1 Turbo-shaft engine variant and it can carry a maximum of 30 crews. These are largely "Utility Versions".

The Malaysian variant is the Super Cougar EC725 "Long-Ranger". They are to be powered by a twin engine set-up consisting of two French built Turbomeca Super Makila 2A Type with upgraded turbo-shaft engines. They have superior flight characteristic (over 6 tons of lift capability) and they would accommodate more crews and equipments. These helicopters (EC725 variants) also uses advance thermo composite materials in their constructions, comes with a better equipped flight-deck, state of the art avionics and guidance systems and vehicle monitoring system (TCAS).

I got all this by just making the time and reading the internet for free. I am sure many others with better qualifications and experiences knows much more and expertly than me. My point is, hear this kind of mud (or any kind) openly without pre-judging, do the exploration first and then judge later. Thank you for allowing this latitude Ayahanda Tun. - Kamal

Assalamualaikum Tun.

Trend terkini, ugama Demokrasi menjadi begitu popular hasil promosi Hujjatul Islam Anwar Ibrahim. Alat ini menjadi semakin penting sehinggakan kita terlupakan atau meletakkan matlamat di tempat kedua. Sehinggakan kita terpaksa mengorbankan matlamat hanya kerana kita mahu atau tidak mahu mesti mengamalkan ugama demokrasi ini.

Demokrasi, Autokrasi, Feudal, Birokrasi etc hanyalah alat untuk mencapai matlamat sebenar pentadbiran. Pemimpin yang kuat pasti akan mempertahankan matlamat perjuangannya, dan akan berusaha mencapainya walau dengan apacara sekali pun. Ini kerana tiada satu kaedah atau pun alat yang dapat berfungsi sempurna. Pada masa dan keadaan yang berbeza, kaedah yang berbeza perlu diguna pakai demi pertahankan matlamat. Matlamat mesti dipertahankan, dan kita boleh fokus pada cara2 mencapai matlamat.

Begitu juga dengan kapitalism, sosialism, komunism, islamic etc. Semuanya ini hanyalah alat untuk kita mencapai matlamat yang lebih besar dan lebih penting yang secara umumnya berkisar pada "rahmatan lil alamin".

Terlalu taksud dengan demokrasi, sehinggakan meninggalkan matlamat demi demokrasi juga adalah sesuatu yang "stupid". Kerana kita tahu, secara statistiknya, bijak pandai hanya 5% dari populasi dan 80% adalah average, maknanya kita membuat keputusan dengan kepintaran yang sederhana. Jika kita gunakan kuasa majoriti untuk menetapkan idea2 yang sukar difahami & revolutionary, mana mungkin mereka akan meluluskan idea2 itu.

Dan hakikatnya kita perlukan idea2 yang revolutionary untuk "differentiate ourselves" dari yang lain untuk mencipta kelebihan dalam persaingan kehidupan. Walau apa pun kaedah yang kita pakai, kita mesti mengekalkan matlamat, fokus pada kreativiti dan kita akan mencapai matlamat yang kita sasar!

Salam Tun,

Saya beringin beri satu cadangan dalam mengatasi atau paling tidak mengurangkan gejala rasuah semasa PAU nanti. Saya cadangkan semasa mendaftar nama, setiap perwakilan diberikan surat sumpah dengan nama Allah, yang mereka tidak menerima rasuah/imbuhan dalam apa jua bentuk yang boleh mempengaruhi pilihan mereka.

Pada hari pertama, agenda pertama adalah pengakuan sumpah dengan nama Allah, secara beramai2 membaca sepertimana tercatat dalam surat sumpah itu. Dan ketika memberi kertas undi yang telah dipilih mestilah disertakan surat sumpah itu yang telah ditandatangani wakil tersebut.

Bagi para pemimpin yang menjadi calon, mereka juga harus melakukan yang sama di mana bersumpah dengan nama Allah, tidak akan memberi rasuah atau imbuhan dalam apa jua bentuk untuk meraih undi. Dalam kedua2 surat sumpah itu juga harus ditulis sekiranya termakan sumpah, akan dilaknati Allah. (turut dibaca)

Dengan cara ini, keyakinan ahli UMNO dan rakyat terhadap pemilihan itu kelak akan lebih kukuh. Diakui mungkin ramai yang tidak kisah, dalam bersumpah dengan nama Allah, duit kopi tetap diberi/diterima juga, biarlah itu menjadi masalah diri dengan Allah.

Tampak agak desperate cadangan ini tapi harus diakui, sememangnya majoriti rakyat percaya UMNO sinonim dengan rasuah. Kita lihat nanti apakah para perwakilan berani bersumpah, dan pemimpin mana yang paling vokal menentang cadangan ini.

Saya sangat hormat pada Ayahanda Tun, yang tidak jemu-jemu menuntut perubahan. Perubahan yang terancang adalah impian semua rakyat. Ayahanda telah merancang dengan begitu rapi sebelum meninggalkan arena politik. Kami rasa selesa dibawah pemerintahan Tun dan berasa bangga serta dihormati oleh semua warga dunia. Kemana-mana tempat dilawati dalam dan luar negara akan merujuk kepada kepimpinan Tun. Kini ia telah semakin luntur, semua semakin meluat mendengar tentang Malaysia. Malaysia bukan lagi pemimpin dunia samada dunia sedang membangun maupun dunia Islam. Dimana salahnya? Memang benar yang pemimpin dan kepimpinan yang ada terlalu lemah, samada dari kalangan pemimpin UMNO maupun non UMNO dalam Barisan. Rakan UMNO dalam BN hanyalah Oportunis yang menanti peluang untuk menjatuhkan kepimpinan orang Melayu. Samada mereka bersekongkol dengan pembangkang untuk menjatuhkan sesetengah negeri sukar ditentukan. Bila kepimpinan UMNO lemah dengan sendirinya mereka membiarkan sokongan pengikut mereka menyokong pembangkang, dengan harapan tuntutan ekstrem mereka diterima. Sedikit demi sedikit permintaan mereka diterima kerana orang Melayu terkenal dengan "toleransinya". Apatah lagi adanya pemimpin Melayu yang gilakan kuasa menjadi pembangkang. Naik tocanglah pembangkang, tak perlu segan lagi. Dalam UMNO, jelas banyak pemimpin korup seperti ayahanda katakan. Mereka perlu mengeluarkan modal untuk naik dalam hieraki. Lebih besar habuan lebih cepat sampai. Banyak cerita tepi jalan dan kedai kopi mengatakan duit macam air masa pemilihan. Tak kan gigi dan gusi aje nak dapat undi, perlu "hulur" baru boleh jadi. Kalau tak direct akan ada proksi yang datang kerumah atau ke hotel (syarikat2 besar). Kalau menang, ini bermakna akan ada balasan projek, pangkat (terutama title Datuk yang ramai gilakan), tanah, lawatan dsb. Yang menang pulak pasti akan dapat jawatan, pangkat, anugerah dsb.

Saya berpandangan Datuk Seri Najib memang sesuai jadi PM kerana pengalamannya. Walaubagaimanapun begitu saya harap beliau perlu berhujah dengan lebih asertif, tegas dan meyakinkan kami akan kepimpinan beliau. Dari pemerhatian kami dimedia, cara penghujahan beliau semakin merosot berbanding masa beliau memimpin PEMUDA UMNO dulu. Kalau beliau berdebat dengan pemimpin pembangkang, pasti kalah teruk.

Salam TUN.

Komen yang ikhlas untuk renungan dan dihayati oleh ahli UMNO keseluruhan nya, terutama para perwakilan ke PAU.

Para 10 perlu di beri perhatian jika DS Najib dan UMNO mahu satu perubahan dan kelainan dari Pak Lah.

Para 11.Nampak nya TUN pun setuju jugak melihat Azlina adalah penyokong kuat Pak Lah. Ingatkan rakyat sahaja yang nampak.

KJ.Tak di perlukan lagi dalam pengurusan Pemuda UMNO. Khidmat nya perlu ditamatkan.

Saya setuju DSRY perlu di beri peluan untuk jawatan NP. Saya tak nampak sangat kehebatan nya Zahid Hamidi. Kekadang beliau ni boleh berubah arah mengikut angin.Tak konsisten penderian dan pendapat.

Apa2 pun saya sokong lah juga kalau dia menang sebab dia orang negeri saya. Sorry ler TOK Z.

TUN. Bolih ke DSN. ni menangkis segala kempen2 yang memburuk2kan nya? Takut pulak keadaan UMNO terus bergelora di tekan oleh pihak2 luar dan didalam UMNO sendiri walaupun telah berjaya membuat perubahan.

Pada TOK Ajib, bila dah jadi PM tu nanti Jangan lah jadi kacang lupa kan kulit. Ingat2 lah pada rakyat yang telah menyokong.

Jangan lah jadi Pak Pandir. Jangan lah jadi Mat Jenin. Jangan lah jadi seperti tikus membaiki labu.

Jangan lah jadi kudung dapat cincin.Jangan jadi seperti kaduk naik junjung.Jangan lah jadi macam kera dapat bunga.Berapa banyak jadi macam lah...Tapi paling penting jangan lah jadi seperti Bapak Mertua KJ.

Semoga berjaya semua yang bertanding.Terutama Datuk Mukhriz.

Salam Ybhg Tun dan semua,

1. Kita berharap agar pemilihan UMNO kali ini dapat menapis semua 'dead wood' yang tidak sepatutnya. Ini peluang terakhir sebelum PRU 13 menjelang.

2. Kita juga berharap pengaruh- pengaruh langsung dan tidak langsung kepimpinan sekarang ini akan ditapis dengan mengambil yang baik- baik sahaja. Kata kunci nya ialah seperti dibuat oleh PM ke-4 kita ialah jauhkan terutamanya keluarga dan kroni kerana ini tentunya akan buat masalah. Bukan apa, sekurang- kurangnya fitnah terjauh dan setelah 'kita adalah bersih'- kita juga 'nampak bersih'.

3. Fikir sedalam- dalamnya cadangan supaya 2 timbalan pengerusi BN diwujudkan. Pengalaman di Singapura rasanya wajar dijadikan tauladan, nanti jadi Belanda minta tanah pulak kan dan adakah kita telah bersedia.

Kami ni orang biasa, inilah luahannya. Moga ia didengar oleh pihak yang berkaitan.

Saya hairan kenapa ASTRO AWANI menjemput panel panel untuk bercerita tentang pemilihan UMNO. Yang menyedihkan kenapa tajuk rasuah menjadi topik hangat di perdebatkan. Semua orang melihat seolah-olah isu ini memang wujud dan di tahap yang serius.

Boleh kan pihak media cari topic yang baik selain dari topik rasuah ni. Cukup la kami rakyat malaysia sudah muak dengan issue ni diperbesarkan....kalau ada org bersalah tangkap saja....

By truthseeker on October 18, 2008 9:22 AM

Salam kepada YAB Tun dan rakan2 bloggers,

1. Saya percaya sejarah menabur wang macam dulu geng anwar buat akan berulang.

2. Pernah ada seorang perwakilan yang dapat 4,5 hotel lima bintang yang ditaja, belum lagi duit poket yang dapat. Itu sebabnya dari bahagian hanya nama tertentu sahaja yang jadi perwakilan. Namanya...penyamun!

3. agaknya kera jantan (KJ) dan dollah buat duit untuk apa? untuk kegunaan macam ni lah...nak jolok kat perwakilan. Saya yakin kera ini akan menunggu perwakilan yang datang.

4. Tun cadangkan tiada waktu rehat atau tiada dibuat hari jumaat...Tun jangan lupa the power of sms, emel (yang bawa laptop), emel dalam fon, dll.

5. Tun, saya hairan kenapa dollah mau bertukar portfolio dengan najib secara serta-merta? Dollah tahu bila dia mahu bertukar (mungkin beberapa bulan sebelum itu)tetapi najib was caught by surprise. Adakah strategi dollah untuk 'tangkap' benda2 yang menyalahi undang2 yang dibuat najib...supaya boleh digunakan sebagai ugutan kepada najib satu hari kelak?

6. Dollah tahu dia kena keluar...maka untuk pastikan kerajaan tidak ambil tindakan ke atas dia (kerana

rasuah), atau ke atas kera jantan menantunya, atau anaknya, maka ugut najib supaya back-off dengan mempamerkan bukti kesalahan najib. So, eventually, dollah is still in command through najib, right?

7. Tun dulu confident tak buat salah, jadi Tun tidak perlukan back-up plan yang kotor macam ini. Betul Tun?

8. Akhir kata, majoriti yang akan menjadi perwakilan adalah sampah2 UMNO yang memang masuk UMNO untuk power dan money. Mereka ini memang sanggup jual maruah...termasuklah menjual mak bapak, anak bini sendiri*, janji dapat habuan.

APABILA MEREKA MEMILIH PEMIMPIN YANG MEROSAKKAN PARTI, AGAMA DAN BANGSA, MAKA ITU SAMALAH MENJUAL FAMILI KITA. KERANA NASIB KITA BANYAK DI TANGAN PEMIMPIN.

Assalamualaikum Ayahanda Tun dan Bonda Toh Puan, semoga dalam keadaan sihat selalu.

Saya bukan ahli UMNO jauh sekali memegang jawatan-jawatan penting dalam UMNO tetapi ramai di kalangan ahli keluarga saya yang pernah berjaya dan jatuh kerana politik yang tidak bermaruah.

Tetapi pada masa kini, apa yang saya baca dan perhatikan TSMY yang lebih layak menjadi PU, DSA TU, kerana banyak kemajuan yang telah dibuat oleh kedua pemimpin ini ketika berada di kementerian dan rata-rata bukan semua menteri UMNO/BN mengendalikan kementerian dengan baik, menteri sukan berjaya meletakkan sukan kita dalam tong sampah, kementerian KR buat jambatan retak, kementerian perumahan buat rumah tak siap, dan lain-lain lagi. rakyat semakin tersepit kenaikan harga, kerja pulak susah nak dapat kompeni tak ambil kementerian sumber manusia masih beri kelulusan kemasukan tenaga asing. sudah masanya UMNO di "OVERHOUL" untuk tukar bahagian yang dah lusuh, kena tukar "piston ring", "main bearing", "intake and exhaust valve" bukan semua part. memang semua pun tahu yang dah rosak kenalah ganti kalau berterusan..... emmmmmm kalau engine hidup pun tak lama pasti rosak balik dan kerosakkan pasti lebih buruk. tak payah nak guna prinsip politik yang susah guna prinsip engine jer senang.... kalau dah "overhaul" insyaallah UMNO pasti bertahan sehingga sekurang-kurangnya lagi 2 dekad.

Rasanya Tun dah buang dah besi buruk nie dulu, tetiba muncul balik..

By bawean69 on October 18, 2008 9:33 AM

Assalam Tun,

Personally, it would be best for the UMNO election in Dec 08. The economic regression is expected to be worsen by next year and PM still there until March. Too short time to plan except to plan for his retirement pension, I guess.

It is not effective because DNTAR needs a headstart to revital the economy very quickly but he has to wait after March. I just hope that Malaysia economy will not deteriorate further.

I pray to God that all members of UMNO will choose wisely and always put country agenda first. UMNO is fundamental to political and economy stability of the nation, hence, please...please...get a BEST LEADER to run the country.

May God bless Tun and whole family.

Salam Tun. Pemimpin UMNO sekarang harus menonjolkan lebih yang mereka berjuang untuk negara, bangsa dan agama. Minta maaf perkataan tonjol macam tidak ikhlas. Yang sebaiknya mereka hendaklah ikhlas dengan seikhlas-ikhlasnya mahukan jawatan dan kuasa demi untuk merubah nasib bangsa. Saya teringat masa zaman Tun berapa ramainya graduan samada dari luar negara atau dalam negara telah dilahirkan dan graduan-graduan itu sekarang sedang menjana kemajuan untuk negara sekarang. Selagi kepentingan rakyat terhadap Pemimpin Tinggi UMNO sekarang yang mereka berjuang lebih untuk kepentingan diri selagi itulah UMNO akan berada di landasan yang terus menghancurkan. Dan saya setuju dengan Tun yang mereka-mereka ini akan diingatkan sebagai pengkhianat bangsa. Saya harap mereka-mereka semua membaca tulisan Tun dan komen-komen rakyat jelata ini supaya mereka semuanya sedar dan berubah sebelum terlambat.

By JB_FROM on October 18, 2008 10:06 AM

I think there should be a complete overhaul of UMNO.

The ideal choice is Tengku Razaliegh as PM, Muhyidin as Deputy PM, Shahrizat as Ketua Wanita. Mohd Taib, Rais Yatim, vice president

All of these people have a track record that is enough to qualify them for the post. Others are just not up to standard for vision 2020, many are just plain mediocre.

I believe the above combination is the true and worthy rival for the opposition.

Due to the nomination procedure and money politics in UMNO, we will never get the best of the best.

I believe that the leadership issue will continue in our country despite the stepping down of the current leadership.

The people have already fed up with UMNO and incompetence governance.

Tun yang teramat dikasihi dan disayangi,

Saya ingin respon kepada beberapa komen disini.

1. Saya terkejut bila mengetahui ada antara kita yang menjadi rakyat Malaysia tidak pernah menjalankan tanggungjawab sebagai rakyat untuk mengundi. Nampaknya ada juga yang tidak sedar betapa undi kita ini sangat penting untuk menentukan hala tuju negara kita.

2. Ada antara komentor mencadangkan KU LI sebagai presiden UMNO. Nasihat saya tak payahlah. Sebenarnya KU LI antara orang yang sangat bercita-cita tinggi untuk menjadi PM sama macam Anwar dan Khairi tapi KEIKHLASAN MEREKA NI ZERO, Semua kerana duit dan kuasa. Harap semua masih ingat bagaimana KU LI menyalahgunakan wang rakyat ketika menjadi menteri kewangan dulu dan siapa dalang kepada penubuhan SEMANGAT 46 dan hari ini apa dah jadi dengan SEMANGAT 46? Nak tadbir sebuah parti pun dia gagal, inikan pula sebuah negara. Ku Li ni anak angkat arwah nenek saya...jadi saya tahulah.

3. Berkenaan dengan DS Najib, he might not be as good as Tun but he'll make a good leader. Sebab tu bila Najib berpindah dari menjadi menteri Pelajaran ke Menteri Pertahanan, ramai guru-guru kecewa sebab sebaik dia pegang jawatan MP banyak perubahan positif dilakukan. Bila saja DS Najib masuk kementerian pertahanan, tentera2 umpama dapat gading bertuah. Ada saja yang DS Najib buat untuk menaikkan taraf hidup anggota tentera. Kami yang guru berijazah pun dapat gaji jauh lebih rendah dari tentera yang berkelulusan SRP dan SPM saja. Nak buat macam mana dah rezeki tentera dan kami pulak dapat Menteri Pelajaran lembab. Siapa lagi kalau bukan DS Hishamuddin Tun Hussein. Kalau hendak negara lembab, lantiklah menteri macam ni. Yang paling saya pasti kementerian pertahanan memang rugi besar bila DS Najib berpindah ke Kementerian Kewangan. Tengoklah macam mana mereka menangis bagai nak rak bila hari terakhir Najib di pejabatnya. Syahdu betul.

Nasihat saya pada DS Najib. Kalau nak jadi pemimpin yang baik dan disegani, jadilah seperti Tun. Biarlah orang nak kata 'ikut telunjuk Tun' atau 'cara Tun'. There's nothing wrong to be like Tun. Tun is the greatest leader, so no shame of becoming another Tun., another great leader. Tun sudah berjaya menyuburkan Tanah Melayu ini dari hanya lumpur menjadi lubuk emas. Dari kereta import kepada proton saga.

We desperately need another Tun. We desperately want vision 2020 To become a reality.

DS NAJIB,

KALAU SAYA MENJADI ANDA. SEKIRANYA SAYA MENJADI SEORANG PERDANA MENTERI HARI INI, SAYA AKAN DENGAN BANGGANYA BERKATA, 'YA, SAYA INGIN MENJADI SEPERTI TUN, MENGIKUT CARANYA KERANA SAYA MAHU JADI, LEBIH HEBAT DARI BELIAU. ANDA HANYA AKAN MENJADI PEMIMPIN YANG HEBAT, SEKIRANYA ANDA MENGIKUT JEJAK LANGKAH PEMIMPIN YANG HEBAT SEPERTI TUN.

DS,

There's nothing wrong of following the step or a way of a great leader. Lain lah kalau orang kata DS Najib nak ikut cara Anwar Ibrahim the greatest LIAR or should i say DREAMER, MANIPULATOR...mmmm

Apa-apa pun Tun is THE BEST.

sayang Tun

Salam Tun,

Saya amat sedih dengan jawapan Syed Hamid Albar mengenai penutupan Pos Polis di Chow Kit Road. Jawapan yang diberi menunjukkan betapa ceteknya ilmu beliau sebagai seorang pemimpin dan menteri yang telah lama berkhidmat dengan kerajaan. Ini adalah menteri yang kebanyakan orang sangka mempunyai banyak pengalaman dan ilmu yang tinggi dan pandai didalam pentadbiran undang2 tetapi sebaliknya lain.

Dia tidak mempunyai "caliber" sebagai seorang pemimpin.

Saya percaya banyak lagi orang2 seperti Syed Hamid Albar di UMNO sekarang ini. Mereka ini semua dah lama "expired" dan seharusnya mengundurkan diri dan tidak berhasrat untuk menjadi pemimpin lagi demi kebaikan negara dan masyarakat kerana tidak mempunyai ciri2 yang diperlukan melainkan ciri2 ilmu pengampu yang sangat kuat.

Salam Tun,

Tun nafi orang kata Tun bakal jadi de facto PM.

Kalau betulpun apa salahnya? Lagi cantik.

Zaid pula, boleh jadi de facto MB Klate. Itu pun kalau Nik Aziz nak.

Dear Tun,

I am one of you supporter, among million others whom i believe have now realised the contribution you have given to Malaysian nation specially to the Malays and Muslims as a whole.

I believed Tun must have heard all the negative comments about you despite your unrealised sacrifice for the country and truly believe that only strong man can handle all those unwise and uncalled for prejudism.

"Maha Zalim" was your devilish nick name, "Mister Nice Guy" is Pak Lah's English nick name.

And Now it's time for the Malaysian to realise and acknowledge who is the real leader. Personally Tun are far better leader compared to the rest. Not discrediting Pak Lah but the fact is that everyone has their own strength and weaknesses, expertise. And true enough, if the person who has no expertise given the chance to lead then we are only opting for our destruction.

Tun, I do hope that you have given a very good lesson and training to Datuk Najib during your reign. Our country, Malays and Islam is at stake now. Others are eyeing to wall us up, snatch everything step on us. And I do hope and pray to Allah that the Malays see this and stop fighting and start uniting. Forget personal interest and for once think about the whole nation, Malay nation's problems.

Assalamualaikum tun, saya setuju bila orang ramai mengundi, mereka akan mengundi pembangkang jika wakil UMNO didapati jelek oleh mereka. Tapi kita kena ingat pengundi Melayu bukanlah penentu, dan keduanya, bila mereka mengundi pembangkang, bukanlah kerana apa melainkan neraca mereka dipesong-pesongkan. Saya dapati, pengundi Melayu inginkan pembaharuan dan perubahan, tetapi mereka tidak faham nitijah dari kemahuan mereka ini. sepatutnya, mereka boleh cuba saluran lain selain pilihanraya, dan UMNO perlu sediakan saluran ini... jika tidak Melayu rebah bersekali dengan UMNO dan negaranya.

Cerita fasal pemimpin UMNO rasuah ini seperti goreng pisang panas, di jual di kaki2 lima dan kedai2 kopi... dan UMNO tidak membuat sesuatu yang bermakna menangannya. Malah NGO pun kaki ampu. Ini maknanya Melayu nak mati, dan matinya sungguh tidak bermaruah langsung, baik dalam UMNO mau pun parti alternatif melayu!

Jika tun tidak dapat namakan mereka yang didapati ikhlas dan jujur serta tidak berkepentingan diri, orang Melayu akan tercari-cari sama seperti lipas dengan sesungguhnya.

Bagi saya demokrasi bukanlah baik untuk orang Melayu yang beragama Islam. Mereka perlu kembali

kepada paksi Islam untuk menyelamatkan wilayah dan maruahnya.

Yang dikasihi Tun,

Izinkan saya menyimpang dari tajuk.

Saya tertarik apabila ditulis "Versi Bahasa Inggeris di akhir artikel ini"

Dengan izin.

This is how it should be. National Language is given the priority. National language adalah termaktub dlm Artikel Perlembagaan (this comment is written sempena kenyataan Majlis Raja-Raja terhadap Social Contract baru-baru ini)

I speak Bahasa Kebangsaan to fellow Malaysian. I will use the second language, English, to ORANG ASING (simply because I cannot expect them to know Bahasa Kebangsaan). So, ask yourself, whomever you are, Are you Malaysian? or are you Bangsa Asing? so that I can choose what language to speak to you. If you are not Malaysian, and not fluent in English, hard luck then but we can still use sign language or use the services of an interpreter. If you are Malaysian, then you must be fluent in Bahasa Kebangsaan. PERIOD!.

Saya masih terkenang apa yang saya baca dlm The Malay Dilemma yang Tun tulis. Tun ada menyentuh pasal bahasa di akhir-akhir bahagian buku tersebut.

In Malaysia, there are SRJK (C) & SRJK (T) but is there any SRJK (Melayu) anywhere in Malaysia? Talk about perpaduan at the very young age!!!! Hahaha!! (last night in Awani, i heard discussion saying about there should be an SRJK, automatically, when there is at least 85% population of a certain race in a certain area. Hmmm.. is this Malaysia or some other country in the world, other than Malaysia?

Yes! I also support that Math & Science should be taught in English. Why? Personally, it is because Bahasa Kebangsaan is in a such sorry state. What more each and every the so-called "Malaysian", isn't helping by further placing Bahasa Kebangsaan in the very rear end. But this not the reason not to be fluent in Bahasa Kebangsaan. One should be even more fluent in Bahasa Kebangsaan so that one can later translate the math & science that they learned in English, perfectly in Bahasa Kebangsaan (my wish list hopefully will happen in the future). Like Japan who learned English to gain knowledge in Armada Laut and came back to Japan and translate everything about Armada Laut perfectly into Japanese. Japan was not that advance nation that time and today its Admiral still fluent Bahasa Kebangsaan Jepun, that is Japanese not English. And there is not also a single excuse not to be fluent (as least at the level of able to communicate) in English, the second language. Only that Bahasa Kebangsaan is the first language, and English is second through out Malaysia. No other mainstream FOREIGN language permitted!

It was very disheartening for me when I attended one course in KL. The course facilitator (Bangsa Asing Amerika) asked the participant whether to conduct a certain course activity in Bahasa Malaysia. No one stood up, including me (I was to only Melayu in that course). The facilitator was quite stunned and said "Come on, this is your National Language! No one like to conduct this in Bahasa Malaysia?" I did not stand up not only because I am the only one Melayu in that course, but also, the course use the service of English-Chinese (Mandarin or Hokkien or what, I don't know) translator.

This is not only Bahasa Kebangsaan. This is about negaraku Malaysia. All about Malaysia. And this is also directed to some Malayus also, whom I know cannot speak Bahasa Kebangsaan fluently, as fluent as they speak in English! One of the reason why most of my comment here is written in English.

Ampun dan maaf.

Dear Tun,

Rumah mesra rakyat. Pelaksananya SPNB. Ikut laman webnya amat mudah syarat2nya untuk rakyat yg tak berkemampuan. Bunyi macam best tapi kureng bila borang kena ambik kat pejabat Umno berdekatan. Syarat tak tertulis pun mula timbul iaitu ahli umno atau tak? Kalau tak, melopong la terutama penyokong umno tapi tak ahli. Apo nak buek? hu..hu..

Pilih jgn tak pilih, sampai PRU13 kita kalih.... itu yg bergema di akar umbi, tp sapa yg diatas ambik peduli?

TUN yang dikasehi.

Ada di antara entries disini maseh meragui keupayaan atau pun crediblity DSN untuk berjaya sebagai PM.

Ada beberapa isu yang mungkin timbul untuk menunjukkan kelemahan DSN. Maka apabila melihat semua ini, siapa lah yang paling layak,kalau dah semua calon2 dari UMNO yang ada tak kira bagus.

Kata mereka tak mahu DSAI walaupun dia Melayu.Pak Lah dah ditolak tepi. Siapa lah lagi orang Melayu yang layak. TOK GURU? Lagi kelam kabut.

Apa2 saya rasa kita mesti lah beri peluang kat DSN dahulu. Dan lihat macam mana beliu akan melakukan nya.

Berikan dia tempuh masa.Dan kita akan nilaikan kemudian. Sehandal2 Pak Lah dan KJ pun boleh kita ubahkan nasib mereka.Kuasa di tangan rakyat. Tak ada rakyat tak lah ada pemimpin.

Apa pulak pendapat TUN.

Pemuda MCA cadangkan ujud kan Timb. Pres.2 BN. MIC pun nak seorang wakil Timb. Pres. BN.

Dan satu hari nanti mereka demand pulak timbalan2 PM.Kmudian pelan2 mintak pulak jawatan Timbalan PM di khas kan pada mereka. Dan akhir sekali mintak nak jadi PM Malaysia.

Ini lah akan berlaku apabila melayu dan Umno dah tak relevan dan kuat. Tiadak mustahil minority bolih jadi pemimpin majority apabila politik kaum majority mula hilang kewibawaan nya.

Salam sejahtera Tun sekeluarga yang amat dikasihi dan juga para pejuang Che Det sekalian.

Boleh dikatakan bahawasanya perubahan dalam UMNO kali ini adalah yang terakhir kali demi menentukan jatuh atau banggunya bangsa Melayu di bumi tercinta ini, jangan buat main-main. Mereka yang tamak adalah musuh bangsa Melayu. Wajib disingkirkan mereka ini dari barisan kepimpinan bangsa Melayu. Sudah sampai masanya ketegasan dilaksanakan.

Mungkin Ali Rustam mendapat sokongan orang Melaka sebagai pemimpin mereka, tetapi bangsa Melayu tidak gemar kepada pemimpin sebegini. Zahid Hamidi dikatakan teramat kebal di Bagan Datoh, sampai kiamat pun beliau akan 'beraja' di sana. Namun hakikatnya kami bangsa Melayu naik muak dengan ahli politik sebegini. Mereka ini mungkin berjaya sebagai pemimpin setempat, tetapi tidak ada apa-apa yang hebat yang mampu mereka berikan kepada pembangunan bangsa Melayu. Setelah sekian lamanya ahli-ahli politik jenis ini dilihat oleh seluruh bangsa Melayu sebagai tidak berdaya maju. Isa Samad termasuk, begitu juga dengan Nazri, Shahrir, M. Taib, Shabery, Anuar, Mahadzir Khalid, KJ & rakan-rakan dan ramai lagi.

Diharapkan Najib sebagai Perdana Menteri nanti berani melakukan perubahan demi bangsa dan negara. Hanya yang bijak menghargai yang bijak. Nyahkan parasit-parasit dari menjadi pemimpin kepada bangsa jika Melayu ingin menjadi kuat dan berani mencabar dunia.

Salam YABhg. Tun,

1. Penguasaan parti melayu terutamanya UMNO pada hari ini semakin terhakis oleh sikap orang melayu itu sendiri. Ada segolongan kecil ahli UMNO yang bertanding merebut jawatan dalam parti hanya mementingkan kedudukan & kemewahan. Golongan ini adalah golongan kelas pertama yang akan merosakkan parti. Ada segolongan kecil ahli UMNO yang berebut untuk menjadi perwakilan UMNO Malaysia mencari kesenangan sementara. Golongan ini juga merupakan benteng kedua yang akan merosakkan parti serta beberapa golongan yang perlu diberi perhatian semasa tempoh peralihan ini.

2. Trend pemilihan parti kali ini boleh dianggap trend 'tsunami politik' jika dilihat di peringkat cawangan & bahagian yang telah bermesyuarat kebanyakannya kehadiran perwakilan hampir 100%. Mereka-mereka inilah pejuang sebenar yang inginkan perubahan dalam parti memperjuangkan orang-orang melayu. Dewasa ini ahli-ahli UMNO semakin bijak menggunakan kedudukan sebagai ahli UMNO untuk menyatakan pendirian mereka walaupun kebebasan bersuara mereka tidak sampai dalam mesyuarat MT pun..

3. Komen saya jika betul kita inginkan perubahan & memenangi hati ahli UMNO & seterusnya rakyat jelata pemimpin yang menawarkan diri perlu mengadap ahli UMNO diperingkat akar umbi dengan mengadakan debat antara calon dan seterusnya pengundian dilakukan secara terus dan ini dapat mengelakkan prasangka buruk ahli terhadap parti. Buat perdebatan di peringkat bahagian & negeri jika berjaya seterusnya ke peringkat nasional. Jika dah menang barulah buat perhimpunan agung tahunan UMNO malaysia. Lebih tepat lagi kita kembali ke perjuangan asal bagaimana UMNO ditubuhkan, dimana pemimpin turun ke pelosok kampung untuk menyatukan orang melayu. Saya berharap orang melayu kini berani membuat perubahan bukan untuk diri kita tetapi untuk anak bangsa melayu pada masa akan datang serta kita renungkan apa akan terjadi misi "wawasan 2020" yang diilhamkan oleh bangsa melayu...

Salam Tun

saya seorang ahli umno yg mungkin agak lemah pendirian. saya kata begitu adalah kerana saya hampir masuk parti yg kurang semangat⁴⁶, hampir pecaya dgn dsai, tapi setelah saya lihat apa yg berlaku sekarang, saya rasa takut menengok keadaan umno yg lemah. saya pernah duduk dalam ajk pemuda bahagian, sekarang ni timb ketua caw. dan juga perwakilan. politik wang sememangnya berluasa. diperingkat bahagian lagi ia seperti ditungu2 akan kedatangan waktu pemilihan. dan ini akan berjangkit

ke cawangan kerana mahukan orgnye masing2 menang. saya rasa tak perlu lah saya begitu detail..mungkin Tun pun biasa mendengarnya. apa yg saya nak tekankan sini ialah itu di caw dan bhg, bagaimana pulak di peringkat nasional. pasti lagi hebat dan pasti semua ahli umno pun tau. jika begini lah keadaannya, undi perwakilan yg bole di jual beli, maruah yg bole di gadaikan, apa akan jadi dgn umno? pemimpin yg tidak telus, korup, kroni dll..ini yg membuat rakyat marah dan berpaling tadah. rakyat benci melihat gelagat pemimpin yg bermuka2, yg timbul hanya masa pilihan raya dan pemilihan parti. tadi saya kata takut lihat keadaan sekarang adalah kerana jika ini berterusan, iaitu umno terus lemah, dan bila pkr atau siapa sajalah kuat, berakhirlah ketuanan melayu. apa yg terjadi dgn org melayu di penang, perak dan selangor? dan parti komponen yg lain? yg berani membawa isue2 yg sensitif, mempersoalkan hak2 melayu. ini semua kerana pemimpin umno yg lemah, yg hanya ingat akan perut dan poket aje. lupa akan rakyat. semasa Tun memerintah, seingat saya lah, tidak ada pun satu parti komponen yg berani mempertikaikan hak2 org melayu. kenapa pemimpin yg sekarang tidak belajar dari Tun semua itu. Tun harus bantu menasihati mereka2 yg keras kepala ini. sesuatu yg drastik mesti dilakukan. jangan dibiarkan org lain berani meminta2 apa yg bukan hak mereka.jika umno kuat, pemimpinnye hebat, tidak rasuah, berjiwa rakyat, yg paling utama ialah kuat pegangan agama, saya pasti umno akan terus berjaya memerintah..insyallah.

Dear Tun,

I've been following closely the development in UMNO Youth Head nomination. What I gather is that the UMNO Youth are still detached from the real world they live in.

Why do I say this? I still can't understand why on earth son-in-law is still getting nominations from UMNO Youth divisions. The obvious reason is that son-in-law is the real power behind Pak Lah's throne & thus son-in-law is whatever wrong with Pak Lah's administration.

The UMNO Youth has two choices: either elect the "right" or "wrong" leader for their movement. If they elect the "right" leaders, they should be able to transform and reinvent their movement and attract over one million new young voters to the ideals of their movement struggles.

However, if they choose the "wrong" leader who happen to be the the country enemy number 2, the UMNO Youth movement would be despised by the new young voters who will then despise UMNO/BN and hence vote opposition into power in the next federal election. The son-in-law, from the marketing point of view is a "has been" brand. People are "turn-on" negatively with this "has been" branding.

The "right" leader on the other hand would have no baggage. Hence, it is much easier to revive UMNO Youth movement and UMNO/BN without the presence of the "wrong" leader at the pinnacle of UMNO leadership.

Well history will tell whether the UMNO Youth movement would be catalyst and play critical role to initiate the revitalization of UMNO/BN or UMNO Youth movement would in fact speed up the demise of UMNO / BN by the choice of the "wrong" leader.

To me if UMNO Youth divisions are tempted to let their "stomach" to make the decision on UMNO Youth leadership instead of their "brains", then by all means go ahead. But remember that you are the one who "kill" UMNO together with those who have elected the "wrong" leader.

If you're man enough let stand up and be counted in the drive to "save" UMNO from the clutches of those who have caused UMNO / BN to be despised and hated by rakyat!

Lets hope that there are enough sanity left in the UMNO Youth divisions and their representatives to do the correct things!

salam Tun,

petang semalam tutup komputer,sibuk buat open house,tahu2 hari ni dah ada artikel baru dan 249 komen.

IT SHOWS HOW INFLUENTIAL AND MUCH SOUGHT AFTER YOU ARE!

After the Pemuda UMNO Gelang Patah voting fiasco,there was this commotion at Rantau Panjang Pemuda UMNO meeting...no prizes for guessing who won the nominations in both places.

Tun had hinted so many times about this 'underdog's' tactics.

And AnakJatiMelayu shed further light on Pemuda UMNO Benut election process.

JIKA BETUL KATA BELIAU,SEKARANG SAYA TAHU BERAPA HARGA MARUAH BANGSA MELAYU YANG AMAT MUDAH DI BELI.

RM 150.00 SAHAJA.

KEPADA MEREKA YANG TERASA PEDAS...

DIMANA JATIDIRI ANDA?

SAYA TAKUT MEMIKIRKAN MASA DEPAN UMNO KERANA PASTI ADA DIANTARA PERWAKILAN KE MESYUARAT AGUNG AKAN JADI BERTAMBAH KAYA SELEPAS HARI PENGUNDIAN NANTI.

THE STAKES WILL BE HIGHER!

RM 150.00 KACANG PUTIH,CELAH GIGI JE...

ORANG2 YANG BERKEPENTINGAN AKAN SANGGUP BERBELANJA BESAR DEMI KEPENTINGAN MASA DEPAN POLITIK MEREKA.

INI SUDAH MENJADI PERTARUNGAN DIANTARA JATIDIRI MENENTANG POLITIK WANG.

DISUDUT MANAKAH ANDA MAHU BERADA?

Jika politik wang menang,dan kita boleh agak siapa mereka ini,maka UMNO akan jadi PEMBANGKANG dalam Parlimen selepas PR13 nanti.

Dan saya akan bercerita kepada anak2 dan cucu2 saya kelak bahawa individu2 ini adalah PENGKHIANAT BANGSA.

Wassallam

Dear Tun,

Malays has been conditioned to think that if you want to gain material wealth in this world quickly, they either have to join politics or be affiliated with some political figures. This has been happening time and time again. Some are not even shy to flaunt and drop names that they know so and so, to win project or at least to be considered. This has become the norm.

I know a small minority thinks differently. I wonder for every ten UMNO members, how many are involved directly in some kind of business and using politics to further their own business interests. My guess is, too many. If you go into the party with this kind of mindset, what's stopping you from offering or receiving bribes?

As things happen right before our eyes, it's so frustrating to see that nobody could nip it in the bud. This has grown into this ugly culture which I don't think will not be easily rid off. If they care to refer to rukun iman which prescribes 'percaya kepada hari akhirat dan hari pembalasan', then we have a chance. I go for god-fearing leaders that ones that don't.

Dearest Tun,

As a non-Malay, I voted DAP in PRU 12 because I received an email on Airasia being a puppet (rakan kongsi kononnya lah) to Singapore. I was angry and dissappointed, how could our ruling government take MAS's revenue to subsidize Airasia that make the profit out off our rakyat's pocket to support another country!!! Now we know that Airasia belongs to KJ and the geng. Singapore is smart by using the name Air Asia because they know that 'malay senang dirasuah ('kow tim')'. If Pak Lah and KJ cannot maintain their position in BN, than they will try to rasuah the person who is in power. Now I am glad that Flyerflz, a subsidy of MAS, has promoted and positioned it as the domestic air carrier aggressively to raise the entry barrier for Air Asia, and MAS can focus on the international flights that can really bring big revenue to M'sia.

Recently I 'dengar satu lagi desas desus' that KJ was paid by Singapore an 'jumlah of 60 juta (RM or S\$????) just to ban the crooked bridge. What a crook. Well, I believe that Khir Toyo will be the second man in UMNO youth , though he favored 'skim cepat kaya', tetapi beliau tidak pernah menjualkan harta dan maruah bangsa kepada negara lain, jadi bagi lah beliau satu chance'

To some of Tun' bloggers who made some comments, I would like to comment as following:

1.Rasuah boleh dianggap sebagai sedekah to show their kindness. Our PM Pak Lah gave sedekah RM200 kepada semua anak Kelantan" di PWTC. Dah terima mereka tetap akan sokong PAS kerana kepada mereka ini adalah duit rakyat yang diperuntukkan untuk rakyat, bukan untuk memilih beliau, jadi halal lah..... Tun I agreed with you that Kedah & Kelantan are "the no go" for UMNO now to waste their money and energy.

2.Demokrasi yang telah dijalankan oleh Bapa Demokrasi (Pak Lah - gelaran ini hanya disyorkan oleh Gerakan- belum lagi diluluskan oleh semua komponen BN) :-

a) Dato' Seri Najib mengeluarkan ayat "washed kris in the blood of other races" dan bocor diketahui oleh semua kaum.

b) Dato' Seri Hishamuddin waved the kris in mesyuarat Agong UMNO, bocor juga diketahui oleh semua kaum.

c) memberi haluan kat MC saudara Lim Guan Eng membuat kenyataan" he is ready to fight corruption in the way of "chinese communist" by "menyediakan keranda (coffin) untuk semua pihak yang terbabit dalam rasuah, satu lagi untuk dirinya jika dibuktikan terlibat.

d) Sekarang MCA mengesyorkan keperluan satu Timbalan PM dari MCA.

e) AGONG dan Sultan-sultan Malaysia kini pula terbabit dan kena membuat kenyataan umum untuk mempertahankan Kontrak Sosial.

f) Hindraf diharamkan...

d) Bekas Agong kena 'sue' by Standard Chartered bank.

Tahniah Pak Lah, Bapa Demokrasi yang telah membinasakan jasa-jasa BN selama 51 tahun hanya dalam 5 tahun, gelaran ini boleh dicatatkan dalam sejarah kita kerana ia memberitahu anak-anak Malaysia DEMOKRASI yang dijalankan oleh Pak Lah boleh menjatuhkan negara kita. Cukup lah..... Pak Lah. These are ONLY some of the factors why Tun masih lagi marah pada AAB.

Tun, now I can see Dato' Seri Hishamuddin dah bangun dan rajin bekerja, Dato' Seri Najib tidak hadir di parliament apabila DSAI nak buat pengumuman utk bujet 2009 (aksi yang bijak dan teliti by Najib), buat apa nak hadir, nanti DSAI ingat DS Najib takut sama beliau, dan kenapa pula DSAI sibuk-sibuk nak kacau bujet 2009. Kan BN masih berkuasa!!!

DS Rafidah can lead the Wanita UMNO and help to save the country if she is sincere enough. Also, we cannot say that DS Najib is involved in the Altantuya case directly as claimed by the Opposition as he is not proven guilty thus DSN is still innocent.

Finally, I salute Tun, bila sakit tetap dirawati oleh rakyat kita', Pak Lah pula memilih USA sebagai standard issue hospitalnya, orang macam ini boleh jadi PM kita ke, tak boleh!!!!!!Jadi orang yang menjatuhkan BN adalah Pak Lah, KJ dan gengnya. Di Malaysia, kita beradat sopan dan mematuhi perintah orang atasan, jadi tidak adil lah kalau semua orang kuat UMNO disalahkan.

It is indeed a timely reminder to UMNO members during this period of electing their representatives.

Please allow me to make an appeal to those who are lucky enough to be elected and subsequently represent their Divisions/Branches to the next UMNO General Assembly in March 2009.

Congratulations for being elected. With that, you are carrying the mandate of those people who voted you to be what you are and who you are now. Do not betray them. Please extend their aspiration to choose those people whom they perceived could serve them. Do not be swayed by promises from anybody especially in monetary terms. REMEMBER, RASUAH ITU HARAM di segi agama! Setiap yang haram akan memudaratkan anda, anak isteri anda dan generasi anda! Fikir fikirkan lan.....

Salam buat TUN M.....

Bak kata tun sewaktu dlm perhimpunan UMNO yg terdahulu..... saya masih teringat dan guna pakai ayat ini iaitu "MELAYU MUDAH LUPA"...

Orang Melayu sekarang seharusnya prihatin terhadap politik masa kini. Dan mereka seharusnya memperjuangkan kedaulatan orang melayu itu sendiri. Bersatu sesama Bangsa Agama dan Negara. Berjuang untuk hari-hari akan datang iaitu untuk anak-anak melayu, rakyat dan negara. Bukan untuk kepentingan diri sendiri ataupun keluarga tetapi untuk semua orang melayu dan rakyat didalam malaysia ini. Jika mereka ingin menjadi negara inisebagai kepunyaan mereka sendiri lebih baik mereka mencari pulau atau tanah jajahan mereka sendiri, dan barulah mereka boleh mentadbir tanpa diganggu oleh sesiapa pun...

Assalamualaikum Y.Bhg. Ayahanda Tun Dr Mahathir Yang Disayangi,

Kerancakkan ekonomi semakin lembab sejak pak lah ambil kuasa. Rakyat semakin susah mencari makan. Yang tewas mula mengambil jalan mudah dengan bunuh diri. Merompak adalah kerjaya yang baru untuk diceburi oleh orang yang bermasalah dan pendek akal. Namum itu semua jarang difikirkan oleh pemimpin negara. Kehidupan semakin dihipit tidak dihiraukan oleh negarawan. Semua projek kerajaan dibolot secara rakus oleh para kroni dan langsung tidak dikongsi dengan para peniaga. Namum tidak dihiraukan jua.

Pemilihan UMNO tidak lama lagi, dilihat, dikaji, dinilai trend pemilihan masih lagi mengikut cara yang sama. Pemimpin peringkat bahagian ada yang diantaranya menjadi punca kekalahan PRU12 masih dipilih dan dinaikkan statusnya. Pemimpin yang sepatutnya diangkat telah ditekan dengan kuasa wang dan ugutan. Yang menjadi salah satu punca peringkat nasional kekalahan PRU12 pun dengan tidak segan silu untuk bertanding jawatan utama. Apa dia buta ke, pekak!!! Jangan ingat bila dipilih untuk menjadi ketua cuma untuk UMNO je.. Kuasa mengundi masih lagi bermuhibbah. Ingat kawan kita ah kau dan samy tu pun akan mengundi gak. Ingatlah calon yang berlagak pandai tu kononnya kelulusan dari negara barat beraja awak tu lah PUNCA KITA KALAH, TARIKLAH BREK DAN MUHASABAH LAH DIRI... Buat dato mukhriz insyallah anda berjaya. Buat dato khir toyo, baru sekarang nak ingat. Dulu menyombong bila ada kuasa. BUAT PARA PERWAKILAN JIKA ANDA SEMUA SAYANGKAN NEGARA DAN KETURUNAN ANDA BUATLAH PILIHAN BIJAK. JIKA ANDA SAYANGKAN DUIT CALON DAN JANGAN HAIRAN NANTI BILA KUBUR ANDA DISIRAMI AIR KENCING OLEH ANAK CUCU CICIT ANDA...

Yang Sentiasa menyokong TDM....

1. The government will always remain weak if it is runs by bunch of un-qualified people.
2. Malaysia's government is defined as "politician-type-government". What are those Ministers qualification? Are those ministers qualified for their job appointed? They were appointed as ministers for government department because they won the MP seat election and not because they qualify for the job.
3. How many of today's ministers appointed for their department has experience background for their job? Minister of Health, Minister of Human Resources, Minister of Finance, Minister of Transports, Minister of Agriculture, Minister of Higher Education, Minister of Internation Trade, and the others?
4. If a government is run like a "corporate", where each position is hired and runs by a qualified person with years of experience, I strongly believe the country will be very well managed. There are a lot of "very smarts" Malays, Chinese and Indians in todays corporate world, currently managing big listed companies. They are all well qualified than the current ministers.
5. A "corporate-type-government" with qualified ministers for their job will definitely be managed better than current "politician-type-government".|
6. Does Malaysia constitution stated that the ministers can only be appointed from the politicians that won MP seat, irregardless if they are qualified for the job? Does current Minister of Finance knows anything about finance and investment? Does current Minister of Healths knows anything about medical? This question goes to other ministers as well. How many year of experience and exposure do they have in order them to qualify for their job?
7. For instance, if you were to hire a CEO for your telecommunication company, will you just hire anyone to run your company even if he/she don't know anything about telecommunication?

Alhamdulillah, TUN,

Dalam UMNO yang sedang memperbaiki dan memperkuat diri sekarang ni, dengan keluarnya beberapa2 petualang, maka UMNO juga perlu menilai siapakah yg boleh dikategorikan sebagai sahabat susah dan senang, seperti MCA dan MIC, tidak seperti sesetengah sahabat yg hanya karib ketika senang dan membuat onar cuba mengugut UMNO ketika UMNO sedang goyah sekejap. Ini amatlah penting untuk kesinambungan negara dan bangsa dan juga semestinya agama untuk tempoh yang ke hadapan, supaya tiada lagi petualang2 yg cuba menanggung di air keroh lagi nanti.

Ini amat penting untuk kestabilan, kemakmuran dan pembangunan negara ke arah yang lebih jitu tanpa gangguan2 yang menyusahkan.

Terima kasih.

Tun,

We are marching back to glory with the present of Najib, Mahyudin, Mukriz, Rafidah, Rais. UMNO should not have missed to be connected with the people and "stomach strategy" should be applied at all time. I strongly believe once the people is connected and stomach is full, UMNO will certainly lead the prosperity of Malaysia. Nookvillage prays for better Malaysia!.

Dear Tun,

1.I like the way you ended your article but what you write now is different from what you did while you were in office.

2.As a ordinary citizen of this beloved country, I like to see my country, Malaysia to grow stronger in all aspect which are good. Good leadership is vital to any including at family level.

3.Sir, Money politics is very bad for the future of the country. I think, it was not popular during the time of previous prime ministers.

4.Why was such practise germinated during your time? Now it became a norm.

5.I believe politics is very clean only if self interest is subordinated to national interest.

Salam Dr Mahathir,

Saya ingin memetik dari blog A Kadir Jasin, " ...Hanya takdir yang menentukan.."

Walaupun pemilihan calon di perhimpunan Agong UMNO itu akan diadakan bukan pada hari Jumaat, tapi " Takdir Penentu Segalanya." (Jika masih ingat ini adalah juga tajuk dan lirik lagu Jamal Abdillah).

Pihak tertentu bolehlah merancang mengikut nasihat Dr seperti dalam para 17 tapi ada lagi kuasa yang lebih tinggi , iaitu Allah swt. Memanglah Allah menyebelahi hambaNya yang sentiasa bertaqwa dan yang berserah kepadaNya jika semua usaha telah dilakukan. Tetapi Allah tetap menguji hambanya untuk memastikan mereka ini layak menjadi ahli syurga.

Jika para perwakilan di PAU ini adalah terdiri daripada mereka yang takut kepada larangan Allah maka kita rakyat Malaysia semuanya tidak perlu khuatir. Tetapi jika sebaliknya maka tenggelamlah UMNO bersama-sama mereka yang menzalimi diri mereka sendiri.

Advice No. 1

For this reason there should not be any interval in the voting. If necessary it should not be held on Friday. It is however important that the voting be on the first day of the assembly.

Advice No. 2

Sell your vote today and that will be the end of your UMNO politics.

To UMNO members,

Please take Tun's advice, do the right thing if you love your country and your future generation. Now you know that MCA have come out in the open to demand BN's vice-presidency post, PPP also wants the post; so think about it carefully... do you want a weak UMNO?

Assalamualaikum Tun,

Sejujurnya saya tak pandai pun dalam politik ni. Sebagai warganegara harapan saya semoga pucuk pimpinan akan datang adalah yg 'terbaik'. Harap- harap yang bakal memimpin adalah seorang yang sudah cukup bersedia dari segala segi dan terus memartabatkan bangsa Malaysia. Jangan biarkan diri dijajah oleh diri sendiri di bumi sendiri. Mengekalkan keamanan dan mengecap kemajuan memang bukan perkara mudah untuk dilakukan seiring. Cuma kebijaksanaan yang boleh membantu. Semoga yang bakal memimpin mengambil iktibar dari apa yang berlaku bagi mengelakkan ianya berulang. Semoga kita dipimpin oleh seorang yang benar-benar pemimpin, yang mampu memelihara dan membawa kita ke arah yang lebih selesa. Bukan memenjara kita di tanah sendiri. Semoga bumi Malaysia mekar sebagai bumi yang damai, aman, maju dan beradab serta berbudaya. Semoga Allah merahmati kita. Amin.

Salam Tun,

Saya tidak tahu dengan pendapat ahli UMNO, tetapi rata-rata orang ramai yang ditemui tidak berapa senang dengan pemilihan Datuk Seri Najib sebagai Presiden Umno. Merak berpendapat bahawa beliau patut menjadi Presiden UMNO, akan tetapi tidak pula bersependapat untuk menjadi sebagai PM.

Ini adalah kerana rekod yang kurang baik Datuk Seri Najib. Terlalu banyak gossip dan skandal peribadi yang didengari, sama ada ianya adalah betul atau tidak ianya tidak begitu relavan. Ini adalah kerana mereka cuba membandingi gossip-gossip yang ada semasa pemerintahan Tun dulu. Tun juga bukan tak ada gossip, tetapi ianya lebih kepada cara pemerintahan Tun, bukannya hal ehwal peribadi.

Datuk Seri Najib mempunyai musuh yang ingin menjatuhkan beliau, akan tetapi kita tidak boleh lupa yang Tun juga mempunyai masalah yang sama. Persoalannya kenapa musuh Dt Seri Najib mengasak kehidupan peribadi beliau?

Sama-samalah kita fikirkan....

Tun yang dikasihi,

Antara komen yang saya baca, ada juga yang mempertikaikan tindak tanduk DS Rosmah. Saya pun banyak juga dengar cerita-cerita tentang Rosmah yang entah datang dari mana. Nak percaya pun tak boleh sebab saya tak tahu dan tak boleh nilai. SEHINGGALAH saya bertemu seorang kawan yang mempunyai kawan yang bekerja sebagai pembantu peribadi ke bodyguard...itu saya tak pasti. Dia kata kawan dia kata Rosmah tu OK aje, tidak seperti yang digembar gemburkan.

Semasa sibuk-sibuk kes kehilangan budak2 berleluasa, saya terpandang beliau dan Sharizat di kaca TV memberi komen, tanpa sebarang mekap dan mata yang merah kerana menangis. Beliau bersungguh menasihati ibu bapa menjaga anak2 dengan baik. Kalau nak pergi berjalan tu, kalau perlu pakai tali ikat tangan anak bersambung dengan ibu bapa, pakai aje asalkan anak tak hilang. (kalau dah hilang, menangis air mata darah pun dah tak ada makna). Dia kata dia pun buat begitu pada anak. Apa yang saya nampak pada dia ialah KEIKHLASAN DIA DAN DIA SEBENARNYA BERKONGSI KEHILANGAN ANAK SAMA SEPERTI IBU BAPA KANAK2 TERSEBUT.

Nasihat saya, kalau terdengar berita-berita yang tak elok tentang seseorang tu, elok pastikan dulu sumbernya.

Adapun kita umat manusia untuk menjadi bangsa yang dihormati lagi disegani wajib kita semuanya kembali kepangkal jalan seperti yang wajibkan keatas setiap manusia lelaki dan perempuan: "Alwalludin maarifatullah"(seawal-awal agama mengenal ALLAH) dan "Usulludin maarifatullah"(mengenal diri untuk mengenali ALLAH)
InsyaAllah, maka pasti akan aman dan damailah sesuatu kaum itu. Jika tidak pasti bencana menanti kita semua. Allahwa'alam...

Kepada perwakilan2 UMNO nanti, undilah pemimpin kita kerana ALLAH SWT! sesungguhnya seksaan Allah amat dasyat! Amin.

Tun'

Waiting with Bated Breath? No Tun...The decision is made.

Only the position of the PM matters as you have seen yourself regarding Abdullah Ahmad Badawi...All the others are just Pak Turut If not for your campaign against him he would still be having his R&R.

So Najib will be the Next PM?

So What?

By sujini on October 18, 2008 1:23 PM

Salam Dr Mahathir,

Saya ingin memetik dari blog A Kadir Jasin yang menjawab persoalan UMNO sebagai
" Hanya takdir yang menentukannya."

" Takdir Adalah Penentu Segalanya " begitulah tajuk dan lirik lagu Jamal Abdillah.

Jika nasib parti UMNO menjadi sabut , maka timbullah ia , tapi jika sebaliknya tenggelamlah semuanya.

Jika pun ada pihak tertentu yang akan mengikuti nasihat Dr seperti yang dicadangkan pada para17 di blog ini, masih ada lagi kuasa yang menentukan, iaitu Allah swt.

Allah sentiasa menguji hambanya selagi mereka bernyawa. Kepada para perwakilan yang akan mengundi di PAU nanti, tidak hairanlah kalau banyaknya panca roba yang datang menggoda mereka.

Pokok pangkalnya sekarang adakah para perwakilan ini terdiri daripada mereka yang ikhlas dan jujur dan takut kepada larangan Allah atau pun sebaliknya. Jika dari dulu lagi ahli-ahli UMNO telah berjinak-jinak dengan syaitan maka apa bezanya sekarang ini.

Masing-masing telah disesatkan oleh kebendaan dan kesenangan dunia sehingga ada yang sanggup memohon pertolongan bomoh dan kaki pukul.

Walau apa pun saya hanya dapat berdoa yang terbaik untuk semua calon yang bertanding dan kepada para perwakilan jangan menzalimi diri sendiri kerana Allah akan melaknatkan bukan sahaja UMNO tetapi semua rakyat Malaysia yang beragama Islam.

A'uzu billah himin zaliq.

Tun,Dalam dunia sekarang nampaknya Duitlah jawapan bagi menambah Kuasa.Berapa kerat agaknya yang betul betul berjuang demi bangsa ugama dan negara.Dalam kita dok pilih pemimpin yang berwibawa kononnya , ramai orang Melayu terpelanting dibuang kerja melalui VSS .Kita ni dok sibok dengan slogan "hidup Umno , Hidup Melayu"Tapi bila syarikat GLC bertukar CEO orang Melayu yang pertama terpelanting.Yang teruknya bila pekerja kena VSS anak2 mereka yang sengsara.

Saya dah melalui VSS ni.Kita kerja dalam syarikat setengah mati tanpa kira tenaga dan masa.Akhirnya bila kena VSS anak kami yang sengsara.Dimana UMNO dimasa itu.

GLC pula buat pengumuman kononnya yang diambil terus bekerja adalah mereka2 yang loyal to the company.These are all bullshit.Kita nampak sandiwaranya yang berlaku.

Saya rasa dari kita nak susah susah hidup Umno, Hidup Umno , baik kita jimat tenaga dan masa cari jalan supaya anak2 kita melayu dapat pelajaran yang terbaik dan boleh terus hidup.

Pernahkah Tun dalam atau saja saja tengok apa sebenarnya jadi bila GLC bagi VSS.Orang Melayu yang jadi mangsa..

Nasihat Tun memang bagus.Kami sekeluarga memang sanjung Tun , cuma kadang kadang frust dengan semangat CEO GLC Melayu.

Dalam Umno pun apa kurangnya , sejauh mana orang melayu betul2 bermanfaat dengan terpilihnya pemimpin yang the so called "baik dan berwibawa"Kita hanya tahu belang seseorang setelah ianya menjadi pemimpin atau kita bekerja dgn mereka.Susah Tun , nak buat pilihan zaman sekarang susah sebab apa yang dilihat pada zahir tu belum tentu ianya kaca , intan atau berlian.Akhir kata saya harap Tun teruslah bagi nasihat dan bimbingan sebab setiap cakap TUN umpama SUNTIKAN SEMANGAT buat rakyat Malaysia.Hidup Tun.

Dear Tun
ASSALAMUALAIKUM!

The real kingmaker has stated his choice....

You said Abdullah's men should not be in Najib's team. Yet you proposed few of your men into najib's team? And be remembered, that Abdullah carry ALL YOUR MEN in his team and that is the reason why he was weak. Most of your men are already 'dirty' when they were still with you!.

Tun, you want to impress everyone that Abdullah is weak. As I have said earlier, you were responsible to put him there in the first place!. Your past articles have shown how you monitored his every move and you never hide your anger when he did not do as what you want him to do. Your relentless criticism of him is the main reason why this impasse happens. You can give all the reason stating how much you love this nation.

I am not in agreement with you on this so called love-inuando of yours. I still believe it is much related to what and where were you in the summer of 1968!. You not only learnt REALPOLITIK, but you have built a relationship that spans 40 years. And your role yesterday and today will be felt in the next 30 years from today?

Tun, not many people know this fact and they all are overwhelmed by you. I am not!

Sincerely

The Mind!.
By desaint on October 18, 2008 2:19 PM

Dear Tun,

I liked the way you write to remind UMNO delegates of the consequences if they were to sell their votes. Considering UMNO's status today in Malaysian politics, they do not have the luxury anymore to be greedy and still expect everything is like a bed of roses.

For me, and I believe a lot of Malaysians, we see neither Pak Lah nor Najib to be the ideal leader of the country. Of course, Najib may prove otherwise in the next 4 years. The next best person to lead the country (after Tun) is Anwar Ibrahim. I know he misused his power before, and committed sexual crimes (which I don't think reflects on his ability anyway), Anwar Ibrahim is still arguably the most intelligent Malay politician that Malaysia has at the moment.

Anwar Ibrahim yearns for to be the PM, he wants power and status and maybe opportunity to generate more money. He can make unpopular decisions for his own benefits. We cannot deny that to be a successful leader, you need to have a lot of character, more than showing that you are considerate and having a heart-of-gold (like Pak Lah). Anwar has the qualities, be it knowledge, experience, composure, charm, human-network, understanding of the country, public-relations, decision-making ability, being cunning, ability to convince, ability to divert attention, ability to whatever.

Nevertheless, having PR to replace BN as our central government would be disastrous. I cannot imagine

other PR leaders as ministers and other important positions in the government, it would be such a laughing stock. PR is undeniable a loose coalition formed to take on BN in the elections, without much experience and direction to govern.

If Anwar Ibrahim is still in BN, his actions and power would be limited by the fact that he's in BN, thus making him the best man to lead (among a group of flawed leaders). There will be a possibility that he will bring the nation into turmoil, but we are a democratic nation after all. What do you think, Tun? If only Anwar Ibrahim is not the opposition leader. If only..

di sini saya ingin berkongsi information yang saya terbaca di sebuah akbar di Australia baru2 ini. Menurut Legatum Prosperity index (kepada sesiapa yang berminat silalah google Legatum Institute, it is an institute based in Dubai specialising in material health among others). The Legatum Index measures the wealth, quality of life, economic strength and life satisfactions on 100 countries. Here are the result:

1st overall ranking goes to Australia
2nd place Austria and Finland
(no third ranking)
4th ranking goes to Singapore and USA

Malaysia falls at 29th place

lets hope next year, Malaysia will be in the top 10. Malaysia Boleh....

Leaders, please be united, focus on Malaysian's economic growth...not your political differences and your own wealth. We need a government that work for the people. AAB's govenment clearly a threat to the malaysian economy. His action to step down will be a start towards the new Malaysia.

Dear Tun,

Saya harap masih belum terlambat untuk saya ucapkan Selamat Hari Raya kepada Tun sekeluarga, saya doakan Tun sihat dan sentiasa dirahmati Allah.

Pada waktu ini saya sedang minum pagi di OldTown White Coffee, sambil melayari Internet terutamanya laman web Malaysiakini dan Utusan serta theSTAR online untuk mendapatkan keputusan pemilihan UMNO Bahagian. Hari ini ada 16 bahagian yang bermesyuarat.

Amat bertuah sekali rakyat Malaysia sekarang dengan keadaan negara yang telah dibangunkan sewaktu Tun memerintah; mana tidaknya, lihat saja pada bangunan sekeliling dan jalan jalan, Internet juga boleh

dicapai di mana-mana, minda rakyat makin maju, tidak terfikir saya yang kedai kopi atau kopitiam kini diubah ala Starbucks dengan makanan dan minuman selera kita.

Menarik pemilihan UMNO kali ini, tapi malangnya orang Melayu ni tidak suka bersaing agaknya, takut agaknya atau strategi. Kalau boleh lepas calonkan satu nama, mahu cepat cepat dicadangkan supaya cadangan ditutup. Saya pasti ini banyak berlaku di mesyuarat pemilihan cawangan atau bahagian UMNO.

Mungkin cadangan ditutup perlu dibuat setelah tiada lagi pencalonan lain, mungkin adakan satu jangkamasa.

Allah Maha Mengetahui

Tun,

Even though the rumours against Najib are unproven, he should come out clean and provide some clear answers to the rakyat to return their confidence to the leadership. Otherwise he should also give a timeline and make way for Muhyidin to lead a clean slate.

I think a future Muhyidin-Mukhriz combination is a breath of fresh air. They should begin vision making of things anew. The rakyat wants to get over all this bickering and bad politics and resume the path to true Vision 2020.

What i find promising about Muhyidin and Mukhriz is that they both are willing to speak their minds with correct political etiquette and have survived to obtain highest nominations. This means that they have followers and believers in their leadership.

They should be watched closely from now on.

Salam ayahanda Tun Dr. Mahathir,

Memang benar seperti kata ayahanda - 4 tahun akan datang ini adalah amat penting bagi menyelamatkan maruah BN amnya dan maruah Umno khususnya. Jika pemimpin yang kuat tidur yang dipilih, saya khuatir BN akan kalah lebih teruk pada pilihan raya akan datang. Pada masa itu lagi, BN dan Umno sudah dianggap tidak relevan bagi lagi bagi memperjuangkan hak-hak orang Melayu sebaliknya memperjuangkan hak-hak para kroni dan kaum kerabat pemimpin sahaja. Malah dalam keadaan sekarang ini pun, sudah ramai rakyat yang menempelak serta menggelarkan Umno sebagai "parti sarkas" (sempena babak alif mim nun wau dalam filem Pendekar Bujang Lapok) berikutan apa yang berlaku di dalam Umno akhir-akhir ini.

Kepada ahli-ahli Umno, tunaikanlah tanggungjawab anda. Pilihlah bakal pemimpin yang benar-benar berkaliber dan bukannya calon "badut" yang bakal mengubah Umno kepada "parti sarkas" dalam erti kata sebenar.

Wassalam.

Apa khabar Tun, amat berharap Tun sihat disamping keluarga tercinta.

Sekarang kita dalam proses kemajuan (walaupun tak sepesat dulu); jadi hampir segala-galanya
ditentukan menerusi perolehan dalam bentuk wang, aset, pangkat dll. Dalam keadaan sedemikian,
sebagai manusia biasa yang tunduk kepada kehendak dan kemahuan yang berlebihan, maka disitulah
timbulnya perasaan gelojoh. Untuk mendapatkan sesuatu yang bukan haknya ataupun diri seseorang itu
bukan orang yang layak memiliki.Dan lahirlah gejala 'politik wang' yang amat merbahaya.

Kalau seseorang perwakilan itu mempunyai pandangan jauh untuk kepentingan negara, maka beliau
akan menolak politik wang. Tetapi, masalahnya apakah peratusan perwakilan yang tergolong dalam
golongan ini? Adakah ini salah satu kelemahan demokrasi.....
By atie70 on October 18, 2008 4:00 PM

Assalamualaikum,
Setiap kali pemilihan calon UMNO perkara yang sama akan berulang.Ahli UMNO tetap penakut seperti
dahulu.Takut untuk menyuarakan pandangan masing-masing dan takut dianggap tidak mengenang
budi.Zaman sudah berubah,kalau zaman TAR dahulu kita takut nak sebut slogan "merdeka" sedangkan
golongan kiri sah-sah mahukan merdeka tanpa rasa takut dan bimbang.Adakah kita masih tunggu waktu
yang selamat sahaja untuk bertindak.Ahli UMNO yang dibantu pemuda dan puteri perlu tahu peranan
masing-masing.Hayatilah konsep perjuangan sebenar barulah kita akan menjadi pertubuhan yang

disegani. Pemimpin perlu berkorban bukannya mencari keuntungan dan kekayaan sebagai matlamat utama. Jika ada yang cuba menawarkan sesuatu agar mereka dipilih, orang itulah yang perlu disingkir dahulu. Pilihanraya lalu telah memberi signal kepada semua ahli UMNO bahawa hala tuju perlu kembali kepada perjuangan sebenar. Pemimpin perlu berani bersuara terutamanya apabila hak kita dicabar, jangan asyik nak jaga hati kawan-kawan yang lain sedangkan bangsa kita dikorbankan. Kita perlu sedar kawan-kawan kita itu sanggup menikam kita jika kita tidak dapat memberi sebarang manfaat kepada mereka.

Hanya dengan bersatu sahaja kita mampu dihormati. Biar mereka tahu hormat jika kita 'cium keris' bukan maksudnya kita sukakan kekerasan sebaliknya itu adat yang perlu dijaga dan dikekalkan. Kalau dahulu mereka sanggup menerima kontrak sosial semata-mata hak kewarganegaraan, sekarang mereka mahu menilai semula. Jika begitu, mereka perlu pulang ke negara asal masing-masing kemudian barulah kita buat perjanjian semula. Ketika itu barulah mereka tahu bagaimana nasib mereka nanti. Mereka perlu belajar sejarah negara kita sejak dahulu lagi. UMNO juga perlu belajar sejarah supaya mampu memberi pendapat yang sebenar tanpa tunggu cikgu sejarah sahaja. Itu semua hak kita semua.

I suggest a limit of one term only for each PM to hold office. In that case, it will cut down his chance of corruption.

Salam Ayahanda Tun. My wife seems to have a copy of your photograph taken perhaps back in 1934. We were browsing through some albums this morning and came upon the black and white photo of a boy with his ever sharp observations and mindful intellect. And at 83 today, your observations remains the sharpest and your wisdom; you have decided to openly share with all of us here on this web page. Through this cyber link, you gave us a room in your life for us to share and cherish on our daily journey with you. You know Tun; it's really nice of you to read our comments. But you just don't have to really. Some of us just don't deserve that kind of civility. And I am sure many of us would be contented to just read a piece of your mind. But being the person that you have always been, you allowed us the room to have a two channel communiqué. But what's important for us is that you look after your health for always and that you stay the same person you are for as long as Allah has written. Because, we have always needed you then, now and ever. May I also convey my good wishes to your unsung web-team who have somehow lessen the burden of maintaining and keeping this blog site alive for all of us out here. Take care for always Tun, thank you for your compassion, time and efforts for all of us through this media, and please do keep all of us in your prayers. No other country in this world is blessed with a stately father figure as uniquely as you Tun. Just simply none. This is the true blessings of a nation. Have a good weekend Tun and Toh Puan.

Salam Tun,

Terima kasih dgn jawapan yg diberikan....

Tun Setahu sy tun akan dijemput menghadiri forum di UKM minggu dpan... mengenai perpaduan... mengenai kontrak sosial... adakah mungkin akan ad pembaharuan di dlm nya agar rmi pihak berpuas ati terutamanya kaum lain... sy berasa hairan kenapa perkara ini asyik ditimbulkan.... pada hal setahu sy masing2 mengecapi nikmat mereka sendiri.... cubakita lihat keadaan negara kita... Ekonomi dipegang oleh warga bukan melayu.... kebanyakan org kaye pula terdiri drpd mereka bukan melayu... contoh nya kita 10 org yg terkaye di Malaysia... di dominasi oleh org melayu... tp mengapa mereka asyik merpersoalkan perkara ini.... mungkin terdapat salah paham disini...

peringatan yg dibuat Raja-Raja melayu adalah bertepatan dgn ape yg sy perkate kan td... tp masih terdapat nye loophole disitu...
mungkin ada penambahan pendapat yg ingin tun utara kan...

setelah melihat dengan keadaan dinegara kite sy berharap kerajaan dapat mengubah persepsi rakyat... dimane kepercayaan itu dapat dikembali kan...
bg sy gejala rasuah mmg sukar hendak kite elakkan.... mungkin dalam situasi tertentu atau tersepit kite terpaksa melakukan nya.. tp gejala ini sewajar nya kita kikis sedikit demi sedikit mulai hari ini...

cuba kita lihat Indonesia wlupun negara mereka boleh dikatakan kucar kacir byk berlaku nya gejala rasuah tp baru2 ini mereka tlah berjaya membendung gejala ini secara mendadak....
sewajar nya perkara ini kita contohi... apa pendapat Tun....

buah fikiran Tun amat lah sy harap kan

KISAH SEORANG PERDANA MENTERI

Jika hari ini seorang Najib jadi Perdana Menteri
esok sebuah villa di Port Dickson akan bercerita
di kamar sepi ini pernah menjadi saksi
sebuah kisah asmara seorang wanita dan seorang pria
tubuh hangat rapat dalam rangkul erat
dan kini pria itu seorang Perdana Menteri!!

Jika hari ini seorang Najib jadi Perdana Menteri
kapal selam dan pesawat Sukhoi tersenyum simpul
ratusan juta komisyen mengenyangkan diri dan kroni
atas perahan keringat dan airmata rakyat
dan kini pencinta korupsi itu seorang Perdana Menteri!!

Jika hari ini seorang Najib jadi Perdana Menteri
roh Altantuya akan tertawa bangga
betapa seorang lelaki pernah terkulai di sisi
dan kini lelaki itu seorang Perdana Menteri!!

Jika hari ini seorang Najib jadi Perdana Menteri
esok Rosmah akan bina muzium peribadi
koleksi emas, intan, permata dipamer penuh bangga
bersama barang kemas, pakaian, kasut dan jam tangan berjenama
semua rakyat dijemput lihat barangan nilai berjuta
lalu sempurnalah sebuah pembaziran
atas keringat rakyat yang semput mencatu perbelanjaan!!!

Jika hari ini seorang Najib jadi Perdana Menteri
aktor-aktor Bollywood pasti tersenyum bangga
betapa mereka pernah menerima kucupan berahi
dari seorang wanita montok lagi sexy
dan kini wanita itu seorang isteri Perdana Menteri!!

Jika hari ini seorang Najib jadi Perdana Menteri
semua rakyat lega dan bersyukur
kita telah keluar dari mulut seekor harimau yang tidur
dan kini kita bersedia
menjadi makanan seekor singa jantan
yang akan mengunyah lahap tanpa belas kasihan!!

Salam untuk ayahanda Tun sekeluarga,
Mengenangkan pemilihan Mac ini, saya naik risau tak menentu. Saya rasakan lawan Datuk Mukriz tu memang orang yang banyak duit (sekali gus banyak kaki lah...). Sejarah pernah berlaku yang wang bolih beli undi. Saya amat inginkan Datuk Mukriz menjadi Ketua Pemuda. Senario ini membuat saya kurang lelap tidur dan resah sentiasa. Saya amat kecewa sekiranya Datuk Mukriz kalah. This time around, I beg you, Tun, please luahkan lah segala ilmu serta pengalaman yang ada untuk kita sama-sama bantu Datuk Mukriz....

Memandangkan perkara ini AMAT SERIOUS demi masa depan negara tercinta ini, ingin saya cadangkan semua masjid/surau/madrasah diseluruh negara agar melakukan sembahyang hajat agar pengundian Mac 09 ini berlaku tanpa BRIBERY.

Assalamualaikum Tun,

Hopefully your reminders and advices are read and heard loud and clear by those UMNOs who are in the run for the coming election. They should also remember that they are representing not only the Malays but also other races as when they win they will be given opportunities and positions in government and private sectors. Am I right? So the next president of UMNO will be the next PM. Hope he can handle his job well. His every steps and moves will be watched and noted and be examined to qualify for the next general election. Not only him but the rest of the UMNOs should now keep watch on their 'activities'. Please when you UMNOs enriched yourselves give some back to the poor and unfortunate people. If they are not around you go and find them. That should be your obligations and priority.

Dearest Tun please take care and May Allah Look upon You Always.

Kita kena ada sikap "qanaah" atau cukup dan bersyukur tapi usaha dgn betul kalau hendak lagi, boleh. Ini buat mahligai sebesar-besarnya lebih besar drp istana. Kereta 1,2,3,4 tak cukup, nak BMW 5 series baru, Porsche baru.

Budaya inilah yg telah menular dalam UMNO selama ini dan semua orang terikut-ikut sama ada cara betul atau tak betul. Pemimpin pembangkang pun sama sesetengah itu, kecuali PAS bagus. Pakai Mercedes lama, pakaian simple je.

Nak kaya, jadi ahli perniagaan atau professional sekurang-kurangnya dan bukan dalam politik. Berniaga maju, untung, ah belilah BMW ke, Aston Martin ke, Lotus Elise, Proton Persona atau SAGA, Jaguar. Nak beli kapal terbang Cessna pun boleh.

Nak kaya atau jadi elite dan masuk UMNO dan berlagak semacam lagi, tunggulah PILIHANRAYA UMUM KE-13, akan merudumlah nanti jawabnya. Rakyat nak tengok apa you cakap, ye la cakap pun mesti mau pandailah, lepas tu apa you buat. Macam Tun Dr Mahathir, yes, cakap pandai, di kampung ka, di United Nations atau Davos ka, cakap guna otak. Lepas tu buat kerja, cakap saja tak buat tak guna. Juga Tun Dr Mahathir, humble, jumpa org kat Raja Alang beli buka puasa pun org suka bersalaman senyum dan baik. Mukhriz pun nampak mcm tulah. So moga new leaders nanti, Najib ka, Mukhriz ka, inshaAllah, trainlah, didiklah pemimpin UMNO ni supaya jgn hidung tinggi lagi sampai orang naik meluat dan pangkah pembangkang. Doktrin2 mesti diperbetulkan. Aslkm. Semoga UMNO terus memerintah Malaysia tercinta and CHANGE.

Salam Tun dan Rakyat Malaysia,

Semua orang inginkan perubahan. Sekarang semua mengharapkan DSNR boleh bawa perubahan. Persoalannya ialah apa perubahan yang dimaksudkan dan ke arah mana perubahan itu ingin dicapai?

Kepada kaum Melayu, mereka ingin balik semula ke zaman Tun Mahathir yang mana pemimpinnya bijak mentadbir dan Ketuanan Melayu tidak boleh dipertikaikan.

Kepada kaum bukan Melayu, mereka ingin 'liberalize' negara ini dan menolak Social Contract.

Ada setengah-tengah pihak pula ingin melihat kepincangan politik dihentikan dan proses pemulihan ekonomi berjalan secepat mungkin.

Kepada penjenayah, mereka ingin melihat kekacauan berlaku supaya lebih jenayah boleh dilakukan.

Kepada ahli-ahli UMNO, apa-apa pun boleh, janji mangkuk nasinya dijaga.

Kepada PKR, biar hancur negara ini asalkan BN ditumbangkan.

Kepada DSNR, susahlah, buat ini tak boleh, buat itu tak boleh. How lah? Lebih baik tunggu dan lihat.

Masalah di Malaysia sekarang adalah rakyat tidak mempunyai matlamat dan cita-cita yang seiring. Pendek kata, tiada perpaduan. Tanpa perpaduan, apa-apa pun perubahan tidak akan ada gunanya.

Perpaduan bermula dari atas (pemimpin) ke bawah (rakyat). Bukan Sebaliknya.

Tun,

Najib with so many scandals (helicopters, altantuya, maybank etc), it is proved that this man cannot be trusted.

I hope Tengku Razaleigh will instead takeover as the PM before the country goes bankrupt because of the 6th Prime Minister Najib.

By Onlooker on October 18, 2008 8:25 PM

On 18/10/2008 Malaysian Prime Minister Abdullah Ahmad Badawi hurshly rejected on the spot at the General Meeting of a Chinese-dominated party in Malaysia, the Malaysian Chinese Association (MCA), a demand made by the retiring MCA President Mr Ong Ka Ting for a revision in the Internal Security Act (ISA). Many Malaysian people are of the opinion that the sheer folly of PM Abdullah in rejection of such a demand on the spot only proves that Abdullah is an incompetent Prime Minister who is insensitive to the people's demand. PM Abdullah used to make a note to the whole nation that he would like to listen to the true voices and know about the truth. However, Abdullah's abrupt rejection of Mr Ong Ka Ting's recommendation for the review and revision in the draconian law of ISA has clearly shown that Abdullah is just a hypocrite who always pretends that he cares about the people. His recalcitrant attitude towards the universal demand from the Malaysian people for repellation of the ISA only shows that Abdullah is a callous and not a caring Prime Minister. In fact, many commoners in Malaysia find that Abdullah is a very disgusting politician who only pretends to be a democratic person but most often he only does thing in accordance with his own wishful thinking such as abuse of the ISA to detain the commoners who are merely the social activists and human rights activists. This could be the reason why Abdullah has not only lost love from most Indian people of Malaysia but also has lost love from the majority Malays and the majority Chinese in Malaysia.

Recently many political analysts tend to uphold the prediction of PM Abdullah's being successfully ousted from the post of Prime Minister, in order to deprive him from a snobish request for an extension of his PM position until March 2009, by the strongest faction of Umno which is headed by the former Prime Minister of Malaysia, Tun Dr. Mahathir Mohamad and the present Minister of International Trade and Industry in Abdullah's cabinet, Tan Sri Muhyiddin Yassin.

Tun,

I hope the new Government led by Dato Sri Najib, Mahyudin and Mukriz upon winning the election, the UMNO would not forget to give a strong emphasis on:

1. Strategic Government;
2. Public Sector Reform;
3. Performance Management;
4. Competition and Contestability;
5. Bottom Up and Consultation ; and
6. Capability and Capacity of Public Service.

An ongoing seminar on the above subjects should be conducted to UMNO members as a must, to facilitate Leadership i.e. vision and delivery; skills i.e. knowledge and personal abilities and performance i.e. outcome focus and performance management. UMNO members must be perceived able to lead at all time (even in worst scenarios)and thus enhance the image of the Nation.TQ.Nookvillage

Salam Tun dearest,

On point no 9, I'd just to pinpoint the fact that DS Najib has been accused, tried (if there's any) and found guilty by the great cyberspace court. It is evident from the comments made by some of the visitors here.

I'd think DS Najib is lost without the assistance from RB. As you have pointed out, he must tackle this with great care as it is obvious (for those who'd like to think a rationally) that an organised attempt is being made to demonised DS Najib.

Anyway may I make an observation jokingly here? With the present trend of nomination for the president, are we the Malaysian is going to get the first lady Prime Minister? hahaha just kidding Tun.... and DS Najib (if you are reading this...^_~!)

Warmest regards to Tun. Wassalam

Salam Tun dan Toh Puan,

Semoga Allah s.w.t. pajangkan dan sihat kesihatan Tun dan Toh Puan.

Tun, pertama kali saya kenal politik tanah air kerana Tun, dalam sejarah mata saya melihat pemilihan parti, pemilihan bahagian.

Pak Anjang saya pernah mencadangkan saya di lantik di jadikan Setiausaha atau Ketua Pemuda di

kampung dia Bahagian Klang.

Saya melihat bagaimana mereka memilih ahli, melantik ketua bahagian, pengerusi, setiausaha, ketua pemuda, wanita dan puteri.

Keadaan bertambah panas dan kecoh apabila tiba giliran pelantikan ketua bahagian. Ada yang tak puas hati, tetapi dapat di atasi dengan cepat dan setia kawan oleh Tuan pengerusi.

Saya terpaksa menolak cadangan Pak Anjang saya dengan baik. Pak Anjang sedar bahawa di dalam politik kalau tak "main belakang" atau "bawah table" jangan masuk! Saya tak pandai, dan saya masih mentah nak bagi manis-manisan ini.

Inilah Politik...bukan politik itu busuk atau keji tetapi MEREKA-MEREKA yang mempergunakan politik untuk kepentingan diri sendiri. Mereka inilah perosak anak bangsa!

Saya terperanjat dan saya meminta pendapat Tun tentang masalah yang baru timbul :

1- MCA mencadangkan Timbalan Presiden BN adalah daripada komponen BN yang BUKAN daripada UMNO.

- Saya berpendapat, cadangan itu boleh di pertimbangkan TETAPI ianya HANYA terpakai dalam JAWATAN PARTI KOMPONEN POLITIK BN sahaja! Bukan Timbalan Perdana Menteri secara zahir daripada orang bukan Melayu.

2- Menjadi adat dan kebiasaan bahawa PM dan TPM dari kalangan orang Melayu - UMNO. BN tidak di dalam kebiasaan kita!

3- Walaupun di dalam Pelembagaan tidak menyebut dengan jelas PM dan TPM perlu di kalangan orang Melayu / UMNO, tetapi ianya telah menjadi perjanjian kontrak sosial.

4. Kalau tak silap saya, saya ada mendengar Presiden MIC dan MCA bersetuju dengan dasar nye bahawa PM dan TPM HENDAKLAH daripada kalangan orang Melayu.

Saya berharap Tun boleh komen tentang cadangan MCA ini.

Sekian, Terima kasih.

Saya dan keluarga saya rindukan sentuhan Tun dan Toh Puan.

Kami nak Tun dan Toh Puan jadi PM Malaysia semula.

Semoga anak Tun, Mukriz ikut jejak ayah nye.

Kalau kegiatan politik wang tidak dikekang, Umno akan runtuh.

Yang patut dipersalahkan adalah ahli-ahli yang sanggup menggadai maruah menjual undi.

Yang membeli undi adalah orang-orang yang hanya mementingkan diri yang sanggup melingkupkan parti untuk merebut jawatan dan kuasa.

Politik wang juga telah berleluasa dalam Puteri.

Ada yang megharap jawatan tinggi dalam sayap, memberi sumbangan RM1,000 kepada setiap bahagian dengan harapan dapat dicalonkan ke jawatan yang diingini.

Kalau calon itu menyumbang kepada 50 bahagian, bermakna dia terpaksa berbelanja RM50,000. Dari

manakah wang sebanyak itu deperoleh?

Telah tiba masanya untuk ahli-ahli Umno tentukan sama ada hendak biarkan Umno runtuh atau mengambil langkah-langkah untuk menyelamatkannya.

Assalamualaikum Tok Det Yang Teramat Dikasihi.

KU LI PILIHAN TERBAIK BAGI CALON PRESIDEN UMNO DAN PERDANA MENTERI MALAYSIA KE-6.

1. Bagi saya Ku Li tetap pilihan terbaik yang UMNO ada sekarang. Peluang harus diberikan kepada beliau.
2. Lebih-lebih lagi dalam keadaan sekarang di mana Umat Melayu Islam sedang berpecah-belah dan dalam kebingungan seperti tiada hala tuju dan masa depan.
3. Manakala kaum-kaum lain di Malaysia dengan pelbagai ragam tuntutan seperti menangguk di air yang keroh.
4. Saya lihat pada diri Ku Li ada karisma yang boleh menyatukan semula umat melayu dan seterusnya menyelamatkan UMNO dari berkubur.
5. Saya selalu ingat nasihat Tok Det. Pemimpin bukan sahaja bersih tapi mesti dilihat bersih.
6. Pak Lah dilihat tidak bersih. Najib pun tidak bersih. Keduanya banyak kontroversi. Pak Lah - anak & menantu. Najib - isteri &
7. Anwar pulak tak bersih langsung. Dengan kes liwatnya yang memualkan dan sokongan orang luar khususnya US yang teramat nyata.
8. Tok Det mengaku tersilap memilih Pak Lah. Saya cuma takut Tok Det buat kesilapan kali ke-2 dengan menyokong Najib. Wallahualam....
9. Saya berkeyakinan Ku Li dapat memadamkan semua kontroversi yang sedang melanda kepimpinan UMNO sekarang.
10. Saya juga berkeyakinan hanya Ku Li yang mampu menutup terus mulut celupar Anwar dan seterusnya menghancurkan Pakatan Rakyat.

TAPI WALAU APAPUN TOK DET IS THE BEST THAT UMNO AND THIS NATION EVER HAD!!!

SEMOGA TOK DET SENTIASA SIHAT & CERIA...KAMI SAYANG TOK DET.

Sayang Tun,

Chek selalu baca ruangan Tun, tapi ini kali pertama chek "cuba-try" tulih. Chek rasa cerita pasai "Buah Keranji" ini menarik dan di beri perhatian oleh ramai pengunjung laman Tun. Chek rasa amat sesuai di heboh dan di jadikan " nasihat utama " kepada perwakilan ke PAU nanti..tapi chek sorang tak reti nak buat strategi yang berkesan.

Orang kita dah di "persimpang- malaikat 44", kena buat pilihan yang jujur dan tepat dah tak boleh lagi bergantung kat " duit habuan".

Kalau dulu tak rasa malu dan berdosa, sekarang ini chek rasa depa yang pi nanti kena betui betui sedaq. Kena peringat akan bala dan malapetaka yang bakal akan menimpa kita nanti. "Buah Keranji" ni perlu di tanam dan di semai dalam kepala otak depa.

Tun dan ramai yang lagi yang masih sayangkan UMNO boleh menggerakkan kempen "Buah Keranji" ni. Kena betoi pandai buat caranya agar ia memberi kesedaran dan keinsafan. Yang nak "huloq" kena di malukan dan yang jadi "kastam" pun kena di malukan juga. Depa yang undi nanti boleh undi sapa yang depa rasa layak bukan sapa yang "huloq".

Tun rasa rasanya yang pi ni boleh tak buat "first time " try berubah ??

Harap Kempen ni menjadi, jangan jadi Kempen "TAK NAK" sudahlah.. lagi banyak keluaq poster, lagi banyak yang berasap.

Salam Dari Chek Untuk Tun Sekeluarga.

By zaki_77 on October 18, 2008 11:48 PM

Tun, as always I applaud you for your clear and concise and logical information. Judging by the strength of the opposition, there is little doubt that this is UMNO's last chance to either rehabilitate itself or count the losses in the next GE.

I would further add that Najib is too "tainted" to be a viable and effective PM to lead UMNO out of it's current crisis. The rakyat will see that you can not have someone whose reputation is tarnished with criminal allegations etc. to be fit to lead a party's revival and reform.

I would much rather than Muhyuddin take over the PM position and for someone else to be elected as DPM. I agree with your hint of the 3 UMNO vice presidents though.

May Allaah SWT bless this once flourishing land to regain it's former glory and continue the path to development and success in all spheres. Ameen.

Dear Tun,

Muhyiddin, who is also International Trade and Industry Minister, said a long campaign period for the Umno elections would affect productivity and would be a waste of time.

Comment:

Only intelligent people within UMNO Supreme Council members would agree to his statement.

There is nothing wrong to reverse the decision if this campaign would affect productivity and a waste of time. Now the transition of power is already settled and it looks like Najib will be the next President of UMNO. So why wait any longer. Pak Lah has made the right decision and it would be more logical if he could accommodate by retiring in December and hand over the baton gracefully. No harm done!! After all the MCA general assembly meeting has already given him the standing ovation and acknowledge his contribution. That is good enough for him to appreciate it and step down, the earlier the better for everybody, so that we can move on and focus to resolve the most critical and pressing global economic issues which are threatening our wellbeing.

Come on, Pak Lah!! Do us a favour. We will appreciate it very much. You can have a nice overseas Christmas holiday and come back fresh mentally and physically and lead a less hectic life ever after. I think Perth would be a nice place for your holiday !!

By RT on October 19, 2008 12:41 AM

Hello Tun,

Your teachings by parable was indeed good. It is like the religious teachings in the Bible. I'm sure you have such teachings in the Koran. All religions teach people to do good & reject the Evil.

Our MCA friends are asking for a second Deputy Chief post for MCA. At first thought it sounds & looks good. But what is the point because it will only benefit one person. It is a short-sighted move from my perspective. You create another high post at tax-payers' expense. Whatever for if no changes or benefits are brought to the Chinese community as a whole?. Hope you agree with me.

Better for the country to expand the economy & liberalise it for the betterment of all Malaysians. Have a level-playing field for all races. It's about time to have change. You have to develop people to their potential not based on race but on ability. You need to have healthy competition to achieve excellence.

Assalamualaikum Tun dan isteri,

"Jual undi anda hari ini maka berakhirlah politik UMNO bagi anda." Saya begitu teruja dengan ayat ini. Persoalannya, apakah tahap kesedaran itu sudah ada kepada keseluruhan ahli-ahli UMNO. Pastinya, ketamakan dunia sudah mengaburkan mata dan tidak pedulikan lagi kesengsaraan yang bakal mendatang jika langkah telah tersasar.

Kalau menongkah arus yang kuat
Biarlah bahtera kuat layarnya
Walau dilimpah budi selaut
Emas menjadi ukuran dunia

Sebenarnya, dalam kelekaan dan kerakusan sesetengah manusia yang sedang berperang dengan emosi yang tidak terarah ini, renunglah sejenak untuk kembali mendapatkan dan mengenggam keikhlasan yang sudah hampir tergadai. Kembalikan kekuatan UMNO dengan keikhlasan budi, tanpa meletakkan tanda harga pada diri sendiri.

Perjalanan kita masih jauh
Entahkan banyak rintangannya
Bersimpang siur
Penuh onak duri
Dan mungkin
Tenggelam dalam tsunami
Untuk sekali lagi

Susunlah semula perjalanan itu
Walaupun jauh
Tapi dekat nampaknya
Agar laluan itu
Tidak menemui jalan sukar
Terus melangkah
Penuh percaya dan yakin
Perjuangan itu ikhlas rela
Bukan paksa

Salam Tun yang dikasihi,

From the responses of the public, the politic, economic and social scenario are "frighting" and uncertain. It seems that the Malays are running short of potential, trusted, genuine leaders. Most of them feel that the quality of the present leaders are rather questionable; can Najib lead better than abdullah? Will he be able to maintain the stability and success of the nation. Although Anwar has successfully capture the attention of the public, his move is rather dangerous. Others ?? Are they sincere in helping the Malays or they are just simply "helping" themselves.

In the beginning they (Malay leaders) are rather sincere and ever willing to help the Malays. Unfortunately after successfully securing the post, all good intentions have been transformed into personal interests. Tamak!!! HALOBA!!

In contrast, with everyone is trying to promote ownself, we must not overlook the commitment and sincerity of Datuk Rais Yatim. Hence, I hope that he will be elected to the top posts ; along with the others Hishamuddin, Mukhriz, shahrizat.

Please
MALAYS BANGUN!

I'm Willing To Be Criticised In The Name Of Duty - Syed Hamid

MARANG, Oct 18 (Bernama)-- Home Minister Datuk Seri Syed Hamid Albar today said he did not mind being criticised by bloggers following stern actions taken by the ministry recently including the ban on the Hindu Rights Action Force (Hindraf).

He said such actions might not be popular, but it was necessary to safeguard the country's well-being, unity and stability.

"They criticise me on everything...but I have to carry on with my duty, not for my own sake, but for the country, security, unity and prosperity.

"I'm prepared to continue doing it. It's not necessary for me to do something that is popular to many," he told reporters

Comment:

This is the quality of leader we want. Not the "flip, flop, flup" type or haprak and HP6.

Never too late, Syed Hamid. Your decision is right. The interest of the majority to live in peace and harmony is paramount. Prevention is better than cure. Only the elite few stupid Malaysians who have

vested interest would like to see this country in chaotic conditions so that they can achieve their selfish objective at the expense of stability and peace. They are in fact denying the Human Rights of the majority wanting to have peace of mind and lead a wonderful life in this land of full opportunity and rich with resources to be tapped for their family wellbeing.

Yes, HINDRAF is a nuisance and must be banned and the promoters must be reprimanded accordingly without fear and favour.

Dear All,

DSNR urges opposition to work with Govt. to tackle economy crisis. Well, i wonder why he didn't show up in Parliament when DSAI trying to call for revision of Budget 2009. If DSNR believe the Budget is still relevan, he as Finance Minister, should come out to challenge DSAI. This clearly shown DSNR leadership weakness and 'NATO' (No Action Talk Only) characteristic.

As future PM, he should prove his capabilities by first suppress DSAI influences. If he can't control DSAI, then there is no way he could bring political stability. Hence, Malaysian will suffer relentlessly.

Dear TUN

saya amat bersetuju dengan pandangan TUN, bahawa perwakilan daripada Bahagian memainkan peranan penting dalam mencorak kepimpinan negara dan Kerajaan. Merekalah sebenarnya penentu sama ada pemimpin yang akan datang benar2 berjiwa rakyat atau pengkhianat bangsa dan negara. Saya amat senang melihat T.S Muhyiddin mendahului pencalonan bagi Timbalan Presiden, dan anak Tun, Mukhriz mengungguli pencalonan bagi Ketua Pemuda, tetapi saya masih pelik dan jelek melihat masih ada lagi bahagian yang tidak sedar akan musibah yang akan dihadapi dengan menyokong 'pencuri' bagi jawatan Ketua Pemuda. pohon Tun berusaha menghalau pencuri dan konco2 daripada UMNO.

Semoga TUN sihat dan diberi kekuatan untuk menghidupkan semula Semangat UMNO.

Sekian TUN. Wasalam

Sayang Tun,

Tadi chek terlupa nak tanya satu lagi...

Rasa rasanya Tun, BUAH KERANJI YANG DI ATAS PETI SEKARANG NI.. POKOK DIA DAH KENA TEBANG KAH BELUM ?

Selamat Malam Tun, Chek nak tarik selimut dah.

By tedehc on October 19, 2008 1:49 AM

YABhg Tun,

i am just an ordinary UMNO member.

being an ordinary member i would never have the opportunity to be among the 2,500 members who really have the honor to cast their vote in the coming PAU.

with only 2,500 members to determine the direction of UMNO and ultimately the country, i think it does

not represent even 0.1% of the total 3,000,000 members. This not healthy at all.

if i have a "godfather" not 'along" who could loan me RM2.5 billion and "sedekah" RM1,000,000 to each of the 2,500 delegate may be then i could make it to be presiden. may be, i would only need 75% of RM2.5b to do it.

see how vulnerable it is if you have only 2,500 to take care of. to raise RM2.5b is not hard these days. i heard even an unemployed graduate of a renowned university could afford to live lavishly. i do not know, may be this guy is from a very rich family or may be he is married and lucky to have a rich or powerful father in law.

RM1,000,000 is too tempting to resist by today's standard. what more if majority of the eligible delegate who could cast their vote are neither from rich family nor powerful/rich father in law.

see how vulnerable the situation is with 2,500 eligible UMNO delegates!

by the way, RM2.5b approximately means USD735m which does not even represent 0.0001% of Bill Pagar's assets.

so YABhg Tun, can something be changed to prevent this? it happened to you before with merely RM200 "sedekah" they managed to prevent you from being a delegate to the last PAU.

By natta.chai4 on October 19, 2008 1:50 AM

assalamualaikum tun

great article or more like a good wake up call to the malays, especially UMNO members. but as history has proven again and again, it's the higher class and more influent malays that has been milking this country dry... and when shit hits the fan, it's the ordinary Rakyat who are used to stabilise the situation. usually with some losses to the ordinary Rakyat.

so tun, looks like we need a few more articles to make the members of the oldest Malay organisation 'sedar diri'. the ordinary Malays have shown their true loyalty and maturity. soon it will be the UMNO delegates attending the AGM turn to show their true colours. are they for sale or do they represent their divisions choice.... which means the ordinary people.

if they are easily swayed by their own greed, then the opposition definitely has a better chance winning. some don't understand that UMNO lost its tooth due to Paklah's weakness as the prime minister. Malaysian's hate his son out of law more compared to Paklah. that is the main issue. allowing him a chance into the driver seat is going to be disastrous to UMNO. so what can we the ordinary UMNO members do to show our disapproval and disappointment. nothing else but to vote the opposition. so the ball is in the delegates to the AGM's court. defy the ordinary members choice and we all will lose. "seorang jadi abu seorang jadi arang"

tun, tak salah kalau tun sokong Mukhriz secara terbuka. beside being tun's son, he is actually the best choice for the job. and to all those that condemn tun dr. Mahathir Mohamad, show us a better leader of the present world. you will be surprised with how short the list will be. wassalam.

How far do you see Najib as a good PM?

Do you think he is a good idea?

Are you sure?

Please comment on him.

Please

Please

we don't really know this guy. We don't know if he is intelligent.

Has he done anything smart before?

Please comment about him

Please.

We need to know.

We don't want to go through another problematic leadership like we faced 4 years ago.

As'salamualaikum Ayahanda Tun & bloggers semua di chedet..

Sebagai anak jati JOHOR yang merantau di selangor saya cukup bengang dan marah dengan daerah benut, pontian.. RM150???.. K.J punya duit tu besar sangat ke pada korang.. Siapa dia tu korang nak tongkat, nak ampu.. Buat malu kubu kuat UMNO je la korang ni.. Korang boleh lah atau layak digelar pengkhianat bangsa.. Kalau ye pun Datuk Mukhriz tu masih mentah dalam politik tapi rasanya dia punyai Ayahandanya untuk menunjuk arah dan jalan agar bangsanya tak sesat dalam negara sendiri.. Bagi aku yang berniaga dikaki lima ni RM150 tu taklah besar mana pun.. Jauh sekali sampai nak samakan dengan maruah diri dan bangsa.. Datuk Bahaman, Tok Gajah, Mat Kilau, Datuk Maharajalela, Leftenan Adnan dan ramai lagi yang tak tersebut adalah pejuang bangsa yang digeruni.. Sayangnya hari ini ramai sekali pengecut-pengecut tak bermaruah nak mengadaikan bangsanya dan negara tanahairnya..

salam tun..

sy mmg pnyokong setia tun drpd dahulu lg..tp sy xstuju dgn 1 tindakan tun..sokong ssorg dgn melulu tnpa
ambil kira byk faktor..dulu anwar pas2 pak lah dan skrg muhyidin yassin plak..

sy xksah sgt tun sokong najib sbb dia mmg bakal mnjadi PM (bdsrkn sokongan akar umbi umno)..tp
muhyidin ni layak ke jd TPM dan bakal PM? sy rs tun xptt bg sokongan terbuka kt dia atas dasar dia byk
bsuara mnentang pak lah..itu xbleh dijadikan satu2 nya asas..dia bsuara lntang kblakangan ni je..dulu x
pon..nmpk mcm nk ambil ksmptan je..wpon tun xtlg dia kempen tp komen tun mmg rmai yg akan
mengikut atas dasar hormat kpd tun..

tun cuba pk nak ke sorg ketua pilih sorg timblan yg xsependapat dgn dia? mcm tun dulu..buang anwar
dan pilih pak lah yg xltang mnentang tun..wpun dia xsepopular anwar ibrahim..org yg mghadapi
keadaan 2 terasa kesusahan bknnya kita yg hanya pndai bckp..tun pun pnah rs dulu kn..sy jgka muhyidin
akan ttp bsuara lantang pasni wpun pak lah dh ltak jwtn..tun rs najib akan suka keadaan cmni blaku?
kmgkinan 1 ari nnt muhyidin akan terima nasib mcm anwar kalo dia truskan prngai lantang dia..

bkn bmksd sy nk pmimpin yg diam atau yes man..tp kita ada budaya dan cara yg lbih sopan..xpyh la
hebah kt media..2 nk cari populariti..sy pun xphm knapa muhyidin slalu bsuara lantang kt media..dia sorg
naib presiden, jwtn yg kanan dlm parti..kalau dlm meeting dia bsuara xkn la org xambik pduli apa yg dia
ckp..mknanya dia xbsuara lantang dlm meeting sbb 2 dia guna media..sy ckup xstuju dgn ahli politik yg
byk cari populariti..nmpk sgt lps desak pak lah ltak jwtn, dia tawar diri btnding timbalan..knapa xcontohi
rais yatim? sy rs dia byk bsuara lbh awal dr muhyidin tp dia xde agenda besar..dia juz btnding naib
presiden je..kt c2 dh bleh nmpak sapa yg ikhlas sapa yg x..

bg sy lbih elok pak lah ptahankn jwtn presiden dan xpyh tgguh pmilihan ke bln mac..pas2 serah kuasa kt
najib bulan mac dan biarkan najib pilih bakal timbalan dia bdsrkn 3 naib presiden yg dipilih pwakilan..br
la najib ada kbebasan nk pilih siapa yg dia rs bleh bkrjasama dgn dia..xtimbul soal plihan najib bkn pilihan
pwakilan sbb yg dipilih dr kalangan 3 naib presiden adalah pilihan pwakilan..kalo muhyidin rs dia byk
sokongan, lwn la dgn najib..xpon btnding je presiden..br bleh nilai sapa yg lbih diterima..

kalo ikut pncalonan skrg, muhyidin akan mng tnpa btnding jwtn timbln presiden..tp bg sy dia bkn calon
PM yg ssuai..sy lbih menggemari hishamuddin sbgai pgganti najib dan razali ibrahim sgt bpotensi mnjadi
bakal PM (bukan KJ dan mukhriz)..org yg akan naik sbgai pemimpin ialah org yg setia kpd ketua bkn org
yg slalu lwn ketua dan bkn org yg merasakan dia berhak diangkat mnjadi ketua..ambil kesempatan atas
kelemahan org lain..sejarah telah mmbuktikan musa hitam, anwar ibrahim, ku li gagal..pak lah yg popular
dan xcekap 2 gak dpt naik..ingatlah ALLAH 2 yg mnentukan kedudukan ssorg..bkn undi dr pwakilan..DIA
akan pilih dr kalangan org yg DIA khendaki..

salam sayang buat tun dan keluarga..
By radenjowo on October 19, 2008 4:53 AM

Tun, disini saya nak bagi peringatan pada para perwakilan-perwakilan UMNO.

1. Kalau nak Melayu hancur teruskanlah makan rasuah. Hari ini calon yang bertanding keluarkan duit 5 juta. Esok dah menang dan jadi menteri dia pasti nak double balik duit dia. Cara nak dapat balik mark up kan kos projek. Apalah sangat RM150 seorang tu, paling-paling dapat beli beras 3 kampak. Perwakilan yang sanggup jual undi adalah perwakilan yang paling bodoh, bangang dan bebal. Sanggup jual Agama, bangsa dan negara.

2. Esok kalau calon-calon yang bertanding ni menang dan jadi menteri tapi masih berperangai seperti sekarang ni, apa nak takut Tun kita goncang balik melalui undi dipilihanraya ke 13 nanti. Kita desak pemimpin ini sampai berhenti. Saya lebih rela di pimpin oleh orang bukan melayu kalau perangai pemimpin melayu macam setan. Dah berjanji tapi tak ditepati, dapat jadi menteri dah berlagak, cakap meninggi diri, sikit-sikit permintaan akar umbi. Kalau berani buatlah survey betul-betul, tak ada akar umbi pun nak kan dia. Jadi wakil rakyat bukan nak berbakti kepada rakyat tapi selalu fikir bagaimana nak habiskan wang rakyat.

3. Saya ada satu classic example pasal rasuah perwkilan UMNO ni. Saudara saya baru nak kan jawatan ketua pemuda bahagian pun dah merasuah perwakilan bahagian supaya undi dia. Yang bangangnya orang undi dia walau pun orang tau dia kaki rasuah. Agak-agaknya perwkilan melayu ni otaknya kat buntut ke?

Belajar lah dari sejarah kenapa kerajaan Melaka runtuh.. kenapa orang tak undi pada p/raja kemarin. Jangan nak jadi pemimpin tapi bila negara ada masalah tapi tak tau nak buat apa-apa. Gaya aja lebih.

Tun dulu saya ada tulis kerajaan sepatutnya tidak menaikkan harga minyak, tapi kerajaan naikan jugak. Teori domino effect dah berlaku harga barang naik dan inflasi pun naik. Sekarang harga minyak dahturun, adakah harga barang ikut turun? Mana ada tokey-tokey nak turunkan harga, itulah kebijakan pemimpin-pemimpin kita hari ini.

Dah bodoh sombong pulak. Bodoh tu dibahagi-bahagi le, jangan le diambil dia seorang sahaja. Apalah salahnya minta pandangan Tun sekurang-kurangnya Tun dah teruji masa kegawatan ekonomi tahun 1997. Mudah-mudahan Tun, tulisan saya ini dibaca oleh barua-barua pemimpin kita sekarang ni dan menjadi peringatan kat bos-bos mereka.

Terima kasih Tun... you are the best.
By zul/ahmad on October 19, 2008 6:33 AM

Salam kepada Tun yg saya kasihi .
Saya hanya ingin tahu kenapa tidak ahli-ahli UMNO diperingkat akar umbi yg memilih PRESIDEN DAN TIMBALAN DAN TIDAK HANYA SEGELINTIR AHLI YAKNI KETUA-KETUA BAHAGIAN ? YG MEMILIH .
PADA PENDAPAT SAYA DGN CARA AHLI-AHLI BIASA YANG MEMILIH PRESIDEN DAN TIMBALAN PRESIDEN AKAN LEBIH MEMBERI KETELUSAN DAN PASTI AKAN MENGURANGKAN RASUAH.

INSYALLAH UMNO AKAN DAPAT BERTAHAN LAMA JIKA CARA INI DIAMALKAN

TUN,

Pasti lagi ada keparat yg pentingkan tembolok,perut mereka sendiri dengan umpanan wang dari mereka2 yg tamakkan kuasa.sebagai rakyat saya akan berdoa agar ALLLAH menyelamatkan umno.saya juga akan berdoa agar siperasuah dan penerima rasuah dilaknat tuhan.saya ingin mencadangkan kepada semua org2 melayu berdoa atau bersolat utk memohon tuhan menurunkan bala pada pengkianat2 bangsa ini.

Semalam suka tengok TUN dalam TV3,memberi komen mengenai 'seekor melayu keldai yang buta perut'. HIDUP TUN.

This country does not deserve a umno PM..we had more than enough of them for the last 50 years. Corrupted and ineffecient to the core.

Your Comment by Anti Isa,

Your Comment to certain extent is right but not all,We had wonderful and caring leaders like Late Tunku and Datuk Abdullah Badawi.

For your info the son of master Racist is surfacing Datuk Mukhriz,He will continue to Cloud the atmosphere in all depts as the father has done in the past.Then, Prime Minister(TUN)dictated on court verdicts to keep himself in power and continued to legitimate bribery freely.

He stayed in power by force and introduced weird rules like, Every nomintions carries 10 votes.First time in history of politics in the world.

Tun abdul razak,The mastermind of May 13 to pull down Tunku,And his son is next in throne,I believe the saying son like father works.Another dangerous man in town who once said,I WILL WASH MY KERIS WITH THE BLODD OF NON MALAYS.

My advise to all NON MALAYS,Pls reject Datuk Najib,If he is in power,He will definately mean to his comment.He is no different from his father,Who has disguise himself and all Illusion.

I am a Malaysian with all my blood reserved for the nation and no split loyalty in anyway.We want a peace country with all races united but with a certain degree of respect and equal oppurtunities,The poor of all races should be taken care irrespective and regardless of race and religion.

As much all know,The politicians are dividing the unity of races for self gain and popularity including Tun.Pls put a stop to all this and you can see the return of all non malays to barisan.

What we are asking for is Educations,Employments,Business Oppurtinities and nothing beyond that.At the moment we are deprived from this three main depts.

We want all the races to work towards progressing the country and to stand equal to other developed countries.

Inorder to achieve all this,The mentality of being racist has to be eroded totally for the benefit of the next generations.

Take Care

YB Tun

KNOWING NST, AND KNOWING KHAIRY'S ANTICS, THE REPORT IN TODAY'S NST ABOUT MCA DELEGATE ASKING THAT KHAIRY BE DETAINED UNDER THE ISA FOR RACIST REMARKS IS PART OF KHAIRY'S STRATEGY TO SHOW TO THE MALAYS THAT HE IS MELAYU ENOUGH TO EARN THE WRATH OF NON-MALAYS. PART OF THE STRATEGY TO WIN MORE NOMINATIONS.

PART OF KHAIRY CRAP. MALAY HE IS NOT.

'BELUM ADA DALAM SEJARAH POLITIK MALAYSIA JENIS TAK BERMARUAH MACAM KHAIRY'

JUST LIKE ANWAR KHAIRY SHOULD BE DETAINED UNDER THE ISA FOR TREASON, NOT FOR PRETENDING TO BE PEJUANG MELAYU.

Dear Tun Mahathir Sir,

Despite being a Singapore Malay, I have always supported UMNO for I believe UMNO is our last bastion of hope to push for a more equal and level playing field for Malays, unlike the sad state that we are faced here in "chinapura".

I have also harbored hopes of migrating to Malaysia to seek a better life there.

However, this post of yours reads like a page from Bram Stoker's "Dracula". Its giving me nightmares. Sorry to sound so dramatic.

We have past the new millennium now, 2008 to be exact. We don't live in the Malaccan Sultanate anymore. Nevertheless patronage politics seems to be alive and well among the Malays, and Muslims at that!

to expose to the whole world in this blog that buying and selling of votes exist in beloved Malaysia is disturbing.

You once mentioned that political power will prove to be the ultimate undoing / downfall of the Malays. I am worried that this sounds more real day by day.

perhaps you can comment on how to eradicate patronage politics?

Malaysia is our only hope, my only hope for a compassionate and fair system for all. if Malaysia fails, I will be very depressed...sigh....

God help me then...

God Help Us All!

Bangun lah Melayu, Bangun lah Bangsa Ku!

prove to our families and to the world that we can be world renowned people.

Yours Respectfully,

This "tainted things" on DS Najib should be seriously tackled by Najib starting looking at himself and

By Sabad007 on October 19, 2008 8:49 AM

assalamualaikum Tun,

Tajuk berita utama Utusan Malaysia (on-line) hari ini, "PM bidas Mahathir". DSAB cuba nak menyalahkan Tun pulak!..

DSAB ada kata sesuatu ttg Muhy.. dia persalahkan Muhy yg menyebabkan peralihan kuasa berlaku lebih cepat..

di peranggan terakhir dia kata:

"Tak sabar agaknya nak jadi Timbalan Presiden. Itupun kalau ada cukup orang nanti nak menyokong dia,"

Jika baca berita petikan BERNAMA ini.. sy boleh rasa DSAB cakap gagap-gagap mcm nak tidur.. tapi ingat kenyataan di atas adalah berbentuk amaran.. mcm Tun cakap, kalau pun Muhy dpt 3/4 pencalonan, belum tentu ia dpt undi dpd yg telah mengundinya utk mencalon.

Faktor duit, BPR ataupun siapa2 yg cintakan UMNO, harus perhati KJ dan kunci-kuncu.. byk duit ditabur.. ssorg boleh nampak dengan senang di Sabah, selepas mesyuarat pemilihan samada bahagian, wanita, pemuda.. byk sampul surat bertaburan di tepi2 dewan ka.. hotel ka.. di mana persidangan diadakan.. tu duit la tu.

Di Sabah siapa byk duit boleh jadi pemimpin.. jawatan UMNO di Sabah mcm goreng pisang.. very hot for sell!..

Oleh itu DSAB boleh guna perwakilan dr SABAH utk hancurkan Muhy.. mereka ini hanya pok (ambil kesempatan) duit saja.

Sabah dah rosak la Tun.. sejak zaman Tun lagi, mimang sy tak suka apa yg telah diusahakan, apa yg berlaku masa tu sy tau.. Tun tentu masih ingat kenapa SPECIAL TASK FORCE tu dihantar ke Sabah pada era akhir 90an ke SABAH.. nak repair kerosakan yg berlaku, amat susah!!

sejak UMNO bertapak di Sabah.. RASUAH POLITIK BERLELUASA, perwakilan amat seronok.. mereka demand duit bila minta undi mereka..

bila duit jadi ukuran.. kami dpt pemimpin yg tidak ada rasa nak melindungi hak2 org asal Sabah.. sebab majoriti mereka datang ke Sabah pada akhir 80an.. ramai di kalangan mereka sekarang menjadi pegawai kerajaan (polis, Pendaftaran, imigresen, Jabatan Tanah - ini adalah cara mereka invade Sabah) kerana peluang yg diberi oleh org2 kuat politik kaum pendatang ini..

3. Orang Melayu sanggup jalan seluruh dunia jaja keburukan negara sendiri. MAka YAHUDI pun dengan penuh bangga menjulang DIA sebagai wira demokrasi Melayu yang tulen. Wira Islam sejati. Dan tenggelamlah Melayu itu dalam kebanggaan palsu.
4. Lagu WARISAN adalah lagu rakyat... dan saya akan menangis menyanyikannya kepada cucu cicit saya. KERANA orang Melayu yang satu masa pernah berkuasa TAK MALU menjual maruah dengan wang. ALI BABA tak guna.

Daripada beberapa keputusan yang diperolehi dari Mesyuarat Pemuda Bahagian, adalah didapati walaupun banyak pencalonan telah diberikan kepada Dato Mukhriz tetapi perwakilan ke UMNO Malaysia (untuk mesyuarat pemuda) banyaknya dari penyokong Khairy Jamaluddin.

Apakah Dato Mukhriz akan berjaya wallah-u-alam.

Sekiranya perkara ini berlaku ianya akan merugikan masa depan kita orang Melayu.

Orang-orang KJ memang terkenal dengan sikap tamak, kelam kabut, rasuah dsb.

Oleh itu kepada pemuda bahagian yang belum bersidang, pastikan jika DATO MUKHRIZ diberi pencalonan, perwakilannya juga adalah orang yang akan mengundi untuk beliau.

Lakukan segera demi AGAMA, BANGSA & TANAH AIR.

The days when UMNO can behave like a racist thug are clearly numbered.

Malaysians today especially the young, are better educated and want to be treated as Malaysians as opposed to the various racial groups.

Anwar's track record as Umno Youth leader, as Minister and as Deputy Prime Minister was equally racist but thanks to you, Tun, he emerged from his incarceration, a reformed man.

Whether he is genuinely reformed remains to be seen but for now, Malaysians who are sick and tired of all the excesses of your and AAB years in power, are prepared to give Anwar a chance.

MY QUESTION TO DOLLAH IS:

WHO THE HELL IS HE? DOES HE THINKS UMNO IS HIS ALONE? WITHOUT YOU TUN DOES HE EVER THINK WITH HIS MINUTE BRAINS THAT HE'LL EVER HAD THE CHANCE TO TAKE HOME A GOOD SALARY WITHOUT HAVING TO REALLY WORK FOR THE COUNTRY????!!!

YOU TUN HAVE ALL THE RIGHTS TO COMMENT ON UMNO.

YOU TUN HAVE ALL THE RIGHTS TO COMMENT AND RECOMMEND WHAT NEEDS TO BE DONE FOR THE FUTURE.

YOU TUN HAVE REAL VISIONS FOR THE PARTY AND THE COUNTRY.

YOU TUN HAVE HAD AN EXCELLENT TRACK RECORD MANAGING THE PARTY.

YOU TUN HAVE HAD AN EXCELLENT RECORD IN PUTTING MALYSIA ON THE GLOBAL MAP.

YOU TUN WE ARE ALL PROUD OF.

DOLLAH SHOULD JUST SHUT UP AND GET OUT OF OUR MALAYSIAN LIVES FAST.

DOLLAH BADAWI,

TUN LIKE AN OLD GENERAL HAS ALL THE RIGHTS TO COMMENT AND RECOMMEND. HE WAS AN EX-PRESIDENT OF UMNO. HE WAS A FORMER PM PAR EXCELLENCE UNLIKE YOU.

SO, TUN DR. MAHATHIR HAS ALL THE RIGHTS TO SPEAK UP WHETHER HE IS IN UMNO OR OTHERWISE.

YOU DO NOT OWN UMNO DOLLAH. AS A MATTER OF FACT YOU SHOULD DISSOLVE OUT JUST LIKE SEMANGAT OF OLD.FAST!

YOU HAVE NO VISION. NO STRAT. SO DON'T TRY TO ACT SMART TOWARDS THE END OF YOUR FORCED EXTENDED STAY.

Take care Tun.

A'kum TUN. Semoga sihat selalu.

Perlu dikaji sifat pemimpin dan startegik kepimpinan yang bagaimanakah perlu ada pada masa kini.Cabaran serta perbezaan kepimpinan DULU dan KINI. Keadaan MALAYSIA DULU dan KINI, keadaan rakyat DULU & KINI etc ;

- 1) PENTAKBIRAN KERAJAAN - DULU third class KINI first class, semua berlumba-lumba nak ke PUTRAJAYA dengan apa cara sekali pun termasuk pembangkang. Bila dah sampai orang bawah nak jumpa pun susah.
- 2) KEWANGAN - DULU tak ada duit KINI eset negara terus meningkat. Belanjawan DULU dan KINI jauh bezanya. Faham-faham sajalah apa orang politik nampak.
- 3) SEMPADAN - DULU ada sempadan KINI tak bersempadan - Masih ada tali barut, duri dalam daging tu yang dok buat kacau.
- 4) RAKYAT - DULU buta huruf KINI semua dah ada MASTERS'. Pemimpin mestilah ada PhD, setakat

tunjuk baik saja tak cukup.

- DULU susah KINI senang. Macam Che Dek kata "Melayu Mudah Lupa" dah senang kadang-kadang tak reti nak berterimakasih (termasuk Pak Lah)& bersyukur, ada saja yang tak puas hati.

5) TARAF KEHIDUPAN - DULU happy go lucky KINI challenging, mesti ada improvement dalam kehidupan. Perlu dijaga jangan sampai tak makan. Perut kosong boleh mengundang ketidak sabaran seseorang.

6) INTERNET - DULU tiada KINI ada. Semua orang boleh jadi pemberita. Faham-faham sajarah kesahihan berita yang tersebar.

7) DAN LAIN-LAIN LAGI.

Apa pun saya nasihatkan sesiapa saja yang terpilih menjadi Presiden UMNO nanti (Perdana Menteri) mengambil TUN sebagai Penasihat atau Menteri Mentor (Bukan nak ikut Sing & Tel pula tapi yang bagus apa salahnya).

Ambil nasihat TUN yang dah ada rekod selama lebih 20 tahun jadi PM. Jangan nak tunjuk pandai buat sendiri. KESILAPAN BESAR yang telah dilakukan oleh Pak Lah bila mengeneipkan TUN.

Mukriz kalau terpilih, dengar cakap ayah dan belajar darinya. Tiada guru atau mentor terbaik selain dari ayanhanda, percayalah.

Sekian. wassallam.

Assalamu Alaikum Tun,

Saya menyetujui pandangan Tun daripada segala aspek sama ada politik, dasar ekonomi, hak asasi manusia malah dalam soal usaha memartbatkan Islam dan bangsa Melayu di negara ini.

Walau bagaimanapun, dalam lontaran pemikiran Tun bertajuk "Pemilihan Umno", saya sebahagian besarnya juga saya setuju kecuali cadangan "tidak langsung" untuk mengeneipkan mana-mana pemimpin yang rapat dengan Pak Lah. Saya setuju, Pak Lah akan serah kuasa melalui proses transisi sekarang. Bagaimanapun saya kurang setuju dengan idea supaya siapa-siapa yang menyokong Pak Lah juga harus diketepikan. Bagi saya, ada di kalangan penyokong Pak Lah juga mempunyai ketokohan dan kelebihan tersendiri yang perlu dimanfaatkan demi mengukuhkan semula Umno dan menyatukan semula bangsa Melayu dan kaum muslimin.

Saya faham kehendak Tun yang mahukan supaya mereka yang boleh bekerjasama sahaja dipilih menajdi barisan kepimpinan Umno dan negara selepas Mac tahun depan. Tetapi, bukankah kita lebih baik kita ubah cara lama Umno yang setiap kali ada pemilihan maka mesti ada kem-kem walaupun tiada siapa mahu mengakui bahawa wujudnya kem-kem berkenaan. Masa ini adalah masa untuk menggembeling semua kelebihan serta kepintaran berpolitik bangsa kita. Kita gunalah kepintaran berpolitik yang ada pada setiap ahli Umno dan bangsa kita Umno. Itu lebih baik daripada kita mewujudkan kem-kem yang cuma akan berakhir dengan perpecahan yang sukar dibaiki yang akhirnya membawa akibat "yang menang jadi arang, yang kalah jadi abu". Kalau ini berlaku, bukan Umno sendiri yang rugi tetapi seluruh bangsa Melayu akan rugi. Sedarkah kita ramai di sekeliling kita yang tidak langsung bertimbang rasa dengan mengambil kesempatan habis-habisan berikutan kelemahan Umno?. Bukannya mereka nak mengubat luka kita sebaliknya menambah parahkan lagi luka kita.

Jadi Tun, kalau Tun kata Umno harus memilih pemimpin Melayu, Umno dan Islam yang terbaik dengan memilih mereka yang tidak rasuah dan guna politik wang, saya 100 peratus bersetuju dengan Tun. Memilih pemimpin rasuah akan memusnahkan maruah Melayu dan negara. Pemimpin rasuah biasanya amat hampir dengan politik kroni, mudah dijual beli dan bertindak bukan atas perinsip perjanggan agama, bangsa dan negara. Bagi pilihlah pemimpin yang tidak rasuah dan ada ketokohan bukan kerana dia kroni kepada sesiapa.

Dearest Tun,

After so much happenings and speculations on reforming bar council, democracy, freedom of religion and speech, party elections, economy and etc., I suggest that we should go back to our Rukun Negara to serve as the benchmark to unite Malaysia to be a better, modern and more competitive country, thus, I would like to take this opportunity to share with Tun on our current version of Rukun Negara Malaysia:

RUKUN NEGARA

BAHAWANYA NEGARA KITA MALAYSIA

Mendukung cita-cita hendak

- mencapai perpaduan yang lebih erat di kalangan seluruh masyarakatnya;
- memelihara satu cara hidup demokratik;
- mencipta satu masyarakat yang adil di mana kemakmuran Negara akan dapat dinikmati bersama-sama secara adil dan saksama;
- menjamin satu cara yang liberal terhadap tradisi-tradisi kebudayaannya yang kaya dan berbagai corak;
- membina satu masyarakat progresif yang akan menggunakan sains dan teknologi moden;

MAKA KAMI, rakyat Malaysia, berikrar akan menumpukan seluruh tenaga dan usaha kami untuk mencapai cita-cita tersebut berdasarkan atas prinsip-prinsip yang berikut:

Kepercayaan Kepada Tuhan Dan Negara
Kesetiaan Kepada Raja Dan Negara
Keluhuran Perlembagaan
Kedaulatan Undang-Undang
Kesopanan Dan Kesusilaan

For the next election, I will vote for BN because I personally think that BN is much more reliable, can be trusted, capable and experienced.

Have a pleasant day Tun. Take good care of yourself.

Don't you think that what you say can be used against you ?
Dollah is now accusing you in creating disunity !
Next step, you might be ISA from the looks of it.
But guess speaking out is just your style and no one can shut you up.
As an ordinary rakyat, I have to be extra careful with what I put down in my blog, if not I might be ISA too.
Carry on with your write up,,,,its very addictive-lah. Better than my morning coffee, a must read every morning or else !.

Apa yang diutarakan oleh Tun tepat sekali. Orang UMNO kebanyakan pada hari ini mudah dibeli dengan wang ringgit. Maruah mereka terletak pada wang yang diberikan. Melayu mudah lupa akan sejarah bangsa nya yang dahulu. Melayu akan menjadi haprak jika perkara ini berterusan.

Salam Tun

Tersentak saya membaca surat khabar pagi ini apabila pak lah membidas Tun atas petikan Tun dlm blog chedet.com. Semakin lama beliau jadi PM lagi bermasalah UMNO. kita pun dh maklum sapa orang kuat pak lah... orang2 ini lah yang sepatutnya dikalahkan dlm pemilihan UMNO nanti...

Buat pak lah... anda boleh kritik Tun dimana2 sama ada di media cetak atau media elektronik... dan Tun juga berhak KRITIK kepimpinan anda walau dimana jua.... kalau pak lah berani.. silalah berdebat dengan tun secara terbuka pada masa pemilihan UMNO nanti... ajaklah Tun berdebat... saya cabar la!

Tun... semakin lama tempoh peralihan semakin kacau bilau dibuatnya... cubalah lihat perasmian MCA semalam... Presiden MCA kritik mcm2 kepada kerajaan... terutamanya kepada pemimpin orang melayu... secara terus terang menghentam orang melayu... tetapi.. bila org melayu usik sedikit kaum cina... melenting tak tentu hala... rsnya inilah misi pak lah untuk tempoh smpi march.. untuk menarik sedikit demi sedikit kekuatan orang melayu... sebenarnya.. pak lah la ynag menjahahamkan melayu....

kepada semua perwakilan... ingtlah... wang ringgit, harta dan pangkat tak boleh bawak sampai ke kubur.. mahupun ke syurga... kalau nk bawak p ke neraka lagi cepat rasanya.... sedarlah... bangsa melayu dalam kegelisahan... anak2 cucu cicit kita adalah pewaris kita.... perjuangkanlah semangat membela nusa dan bangsa....

jadilah harimau yang berani.. bukan macam malu2 kucing... hunuslah keris menangkis anasir2 yang menjahanamkan melayu! HIDUP MELAYU.. MELAYU TAKKAN HIDUP MELARAT DAN MEREMPAT DI DUNIA TERUTAMANYA DI MALAYSIA....

Dear Tun,

I'm about 36 years old, and since i got into business at the age of 19 i realised that the only reason barisan was doing well was because of corruption, many people a tempted by the prospect of making money and thus are very vocal in their support of the party.

It is so obvious that conmen have started using their ficticious connections with UMNO to get money from

the greedy! Simply put a vast majority of members have been motivated by financial gain.

This is a very unhealthy situation for Malaysia. Until recently most citizens have adopted an attitude whereby they don't get involved as long as they are happy. I believe that this situation was also present during your leadership, maybe not at the current proportions or maybe there was more to spare.

Regardless of the above the rakyat are not comfortable now, and this new brave vocal disapproval is going to be passed on to the next generation as well.

UMNO and BN have no chance, the rakyat can never be happy with the party culture. The crony culture is too deep rooted.

For e.g. Do you think that the rakyat will believe that the problems are over if Najib takes over?

Start a new party with new fundamentals that attract new leaders who are passionate not about making money but about loving the country and improving it, there are thousands of them. We need drastic changes

Salam ayahanda Tun

Saya amat terkejut dgn kenyataan yg memperkenalkan Islam Hadari-nya. Inikah pemimpin yg diinginkan oleh "Islam Hadari"? Sy sg pelajar dipaksa utk mempelajari Islam Hadari di UiTM, walau sy terima dgn hati terbuka tetapi ternyata ada sesuatu yg x kena dgn pendekatan tu. Sy bukan nk memperkatakan ttg Islam Hadari walaupun sy mnyoknh kenapa ia diadakan tp sy tidak faham nilai2 yg ada di dalamnya. Sy amat sedih dgn kenyataan seorg kacang yg lupakan kulit. Sy rasa tahap pencapaian paklah pd negara tidak akan sama dan setanding walau sebesar zarah pun dgn jasa dan pengorbanan Tun Dr. Mahathir Mohamad. Sy geram bila baca mingguan hari ini, nmpk sgt paklah takut dgn bayang2 sendiri, nampk sgt dia takut yg family-biz akan hancur kelak. Ramai yg telah melihat telatah dan keburukkan yg telah dilakukan paklah, tp maklum sajalah hny paklah sahaja yg xnampak. Semoga hari mendatang disinari dgn cahaya rahmat Allah, amin

Asalamualaikum, Tun.

Rasuah tidak akan berlaku jika kita sedar akibatnya. Politik wang tidak akan wujud jika semua pemimpin malaysia sedar keburukannya.

Duit cuma satu keping kertas yang kita semua mengiktiraf nilainya, maka bernilailah duit ini, ia cuma sekeping kertas yang dicetak oleh pencetak.

Tapi undiaan kita adalah pementu masa depan anak cucu kita. Dan saya amat berharap Malaysia bebas dari rasuah.

Apa yang harus lakukan bermula dari pendidikan awal di sekolah dan rumah. jangan sesekali ajar anak-anak kita "jika ditahan polis bagi dia RM20 pasti dia lepaskan awak" bila perkara ini jadi pendidikan awal dari ibu bapa atau kawan. Maka budaya Rasuah atau Politik Wang ini bermulalah. Cuba kita tengok jiran di negara kita Singapore, Indonesia dan Thailand. kenapa Singapore kadar Rasuah negara ini jauh lebih rendah berbanding jiran-jiran terdekatnya. Ini kerana Perimpin pertama mereka Lee Kuan Yew dengan tegas tidak mengamalkan sifat sifat negertif ini semasa memerintah negara itu, maka terbinalah Budaya masyarakat yang tidak menjadikan budaya Rasuah ini sebahagian dari cara kita menyelesaikan masalah dihadapi. dan perkara disebaliknya telah dilakukan di jiran-jiran negara singapore.

Saya bukannya tak suka pemimpin Malaysia, tapi kerana sikap tidak baik, telah dididik oleh generasi sebelum mereka maka nak mereka ini ubah memang cukup payah.

Oleh yang demikian nak Malaysia Maju, Ubahlah sikap diri kita dulu. jangan bagi rasuah tapi minta saman dengan polis

Saya Harap Malaysia dapat seorang permimpin yang baik di masa akan datang

Salam Tun,

Your blog will always be the 1st site to be surfed each time i switch on my pc.

I've always wanted to learn how you do your thinking. (Please let me know which part of the brain you used the most.. Ha ha..)

Even though my chance of becoming a PM is almost impossible, at least I can apply it to my organization so that I'll be remembered as a good leader among my subordinates.

Lastly, long live to Tun..

Akum TUN dan semua

Memang benar apa yang dikatakan oleh TUN. Saya juga terlibat dalam pemilihan UMNO sekarang ini di bahagian. Sebagai contoh ada sesetengah bahagian yang jelas mahukan Mukriz dicalunkan sebagai KP UMNO tetapi pencalonan diberikan kepada KJ atau Khir Toyo dengan alasan bahawa Mukhriz sudah cukup pencalonan yang di perlukan.

Ada pun tujuan ini dilakukan agar berlaku pertandingan di peringkat kebangsaan maka mereka berpeluang mendapat wang hasil dari pemilihan di peringkat kebangsaan yang dijangka bulan MAC 2009 atau seawalnya bulan December 2008(insyallah).

Hairan tapi benar, itulah pemikiran sesetengah ahli ahli dan perwakilan dalam pemilihan Agung UMNO. Pada mereka adalah duit dan bukan hasrat untuk mencari calon yang terbaik untuk kebaikan parti UMNO dan malaysia.

Justeru itu, saya tidak terkejut kalau KJ akan mendapat pencalonan yang cukup2 makan tapi mampu menang dalam pemilihan kerana faktor2 yg dinyatakan tadi..MAKA UMNO AKAN HANYUT DAN TINGGAL SEJARAH SEPERTI YANG TERJADI KEPADA PARTI POLITIK YANG LAIN SEPERTI GOLKAR DI INDONESIA DAN LAIN LAIN PARTI POLITIK DI INDIAN DSBNYA.

Saya berpendapat KJ tidak seharusnya dicalunkan, kerana beliau telah jelas merosakkan parti UMNO/BN semasa berkuasa bersama pak mertua. Banyak cara dan gaya kepimpinana kedua beranak ini telah merusakkan parti UMNO/ BN. Jusretu itu KJ harus ditolak.

Tun,

Pada Mesyuarat Perwakilan UMNO Bahagian2 ternyata Politik Wang memang sukar dibendung. Setiap Perwakilan mendapat RM500-RM1000 pada saat akhir persidangan untuk jawatan Ketua, Timbalan, Naib Ketua Bahagian, dan G7.

Malah Pemuda UMNO Bahagian pun guna wang untuk menentukan siapa Ketua dan barisan AJK yang menentukan pencalonan KPM dan NKPM.

UMNO akan hancur jika Politik Wang masih di amalkan oleh ahli-ahli yang ada kepentingan di peringkat Cawangan, Bahagian dan Pusat.

As'kum

buat pertama kalinya saya dpt berbicara dan luahkan ,wlu tidak bersemuka dgn Tun.
Senario politik yang saya lihat sekarg ,amat membimbangkan dan sya bimbang satu hari nanti bangsa melayu akn hilang kekuatan,ini dapat di lihat pada pilihan raya 2008 dimana buat pertama kalinya saya mengundi dan saya adalah penyokong UMNO sampai bila2.apa yang ingin saya utarakan ini adalah daripada penglihatan saya dimana kebanyakan golongan muda lebih tertarik pada pembangkang walaupun usia pun belum cukup dan orang lama pula masih kekal memilih UMNO,senario perebutan kuasa dlm UMNO dan berpuak2 lama telah saya begitu juga parti pembangkang perhatikan dan adakala saya terfikir adakah mereka ini benar2 berjuang untuk parti atau kesenangan mereka aja? dan ini juga menjadi modal bagi pembangkang menghangatkan suasana ketika membuat ceramah.tidakkah mereka ingat pada sejarah..apa yg terjadi pada bangsa melayu?Sesuai apa dgn TUN kata(MELAYU MUDAH LUPA)?saya sedih bila melihat perpecahan bangsa melayu saya sayangkan bangsa dan negara.saya tidak mahu suatu hari nanti negara ini menjadi spt negara2 lain yg bertelingkah semata2 inginkan kuasa,TUN adalah pemimpin idola saya dan pemimpin yang ada hari ini belum tentu setanding dengan kepimpinan TUN,bukan untuk membuat perbandingan inilah hakikatnya dan ada juga penyokong pembangkang nyatakan seperti saya nyatakan disini.semoga pemimpin yng akan datang dapat memulihkan situasi sekarang.TUN sempena bulan yang mulia ini,saya ucapkan SELAMAT HARI RAYA BUAT SEMUA KELUARGA TUN.WASSSALAM.....

Assalamualaikum Tun,

Sebaik sahaja saya baca surat khabar Mingguan Malaysia hari ini 19 OKT 2008 Saya telah membaca satu laporan berhubung kenyataan Perdana Menteri Abdullah Ahmad Badawi yang membidas Tun kerana artikel Tun tentang pemilihan UMNO yang akan datang. Beliau menyatakan bahawa Tun akan menyebabkan pergaduhan sesama sendiri didalam UMNO. Mohon Tun untuk menjawab tentang perkara ini.

Bagi saya apa sahaja yang ditulis di dalam blog Tun ini hanyalah pandangan Tun semata-mata. Kenapa perlu marah?

Tindakan Zaid Ibrahim yang minta kaji semula ISA tidak pula dibidas. Kenyataan Zaid Ibrahim yang mengkritik Menteri Keselamatan Dalam Negeri, Dato' Seri Syed Hamid Albar menjalankan tugasnya menjaga ketenteraman awam tidak pula dibidas.

Saya tak faham dengan Pak Lah ni.

By FuyohAuthor Profile Page on October 19, 2008 1:58 PM

Assalamualaikum

Semoga Tun sekeluarga dilindungi Allah dari sebarang masalah kesihatan,sentiasa ceria supaya kami boleh belajar setiap hari di sini.

Petikan:

10. Sementara itu pencalonan untuk jawatan-jawatan lain sedang berjalan. Jika Kerajaan Najib berkehendakkan kelainan daripada Abdullah maka penyokong Abdullah tidak boleh turut serta.
DAN

13. Bagaimana penting sekalipun pencalonan oleh bahagian-bahagian bagi melayakkan seseorang calon bertanding untuk mendapat tempat di dalam Majlis Tertinggi UMNO; kata putus bukan di tangan mereka. Ini terletak di tangan perwakilan ke Mesyuarat Agung.

Pak Lah mengatakan Tun tidak ada hak untuk mengarahkan ahli UMNO memilih orang itu dan orang ini.

Nampaknya Pak Lah tak pandai Bahasa Melayu. Pemahamannya kurang dan tidak betul atau ada orang bisik benda tak betul.

Malu betul siap buat sidang media nak melatah macam tu. Tidak ada sebarang arahan atau suruhan dalam artikel Tun.

Saya berpendapat Pak Lah harus muhasabah diri sendiri. Mengapa orang tak suka dirinya dan mengapa orang UMNO tidak memilih calon yang rapat dengannya.

Mungkin Pak Lah tidak menyedari 70% keputusannya berpunca dari kesilapan sendiri. Pak Lah mungkin lupa siapakah yang memastikan UMNO bertapak kembali di tanah air ini dan seterusnya memastikan UMNO menunjangi kepimpinan negara. Orang ini yang dikata tidak ada hak?

"Orang yang tidak ada hak ini" adalah orang yang telah menyerah dan mewariskan sebuah kerajaan yang sangat stabil dan berada di landasan yang betul.

Pak Lah lupa bahawa tindakan - tindakan dirinya dan orang di sekelilingnya sangat menjengkelkan rakyat khususnya orang UMNO dan itulah sebabnya orang UMNO tidak memilih mereka.

Tentang mesyuarat Pemuda di Johor, memang ada bunyi sampai ke Pahang. Kami berharap bahagian tersebut membuat laporan polis dan BPR semoga orang yang bertanggungjawab dihukum dengan setimpal.

Sekian.

I was astounded by the not-for-long prime minister's remark on Tun Dr. Mahathir. HOW COULD he utter such ignorant,blasphemous words to our great leader. He bluntly said that Tun Mahathir has no right to be dictating who should be in and out of the MT,the BN lineup etc. Calling Tun as someone who's not in the position to voice out anything. He thinks that Tun believes that the current government men are in wrong and such with no reference to himself. he said "apakah salah sangat orang-orang yang berkerja dengan saya"-quoted from Utusan Malaysia. We can clearly see that Abdullah Ahmad Badawi is a man with no eyes nor ears,a rather ignorant leader. Has he not have the virtue to realize that its not just his men that we, or Tun Mahathir despise, but it is HE HIMSELF??!

he even had the cheek to say "Siapakah Tun yang telah keluar parti UMNO untuk menentukan siapa-" the rest were along the line of Tun is nobody to be commenting or dictating who should be holding what post etc. Is he stupid?Has he lost his mind?Has he no respect for the great visionary who have lead our country with great success for over 22 years!!i may say this, who is HE to say such thing to Tun Dr Mahathir?what has HE have to compare to Tun at ALL.NOTHING!NOTHING! he has crossed the line, he was RUDE.BIADAP.KURANG AJAR.

In many countries, even journalist or talk show hosts can have the liberty to comment or critic their leadership, but in malaysia, the prime minister would pretty much curse back at a critic from a former prime minister who has accomplished SO MUCH MORE than himself for criticizing the current premiership.This is an ugly ugly thing. I am utterly disgusted by this show of ignorance from someone who should be much respected.A disgrace.

Assalamualaikum Tun and visitors.

If I am not mistaken, previously when Pak Lah wanted to handover the post to Najib, some parties wanted to sue Pak Lah for not being democratic. But now after some time there is still only one nominee for the president post???

And many people judge that combination of Najib and Muhyidin is a solid duo. Hope they could explain the parameters they've evaluated that made them come to such a conclusion. Hope they are objective in their judgement.

UMNO hari hanya tahu mengapi-api kan emosi rakyat, mengadu domba...

Khair toyo pula seorang yang pandai memFITNAH.

sebenarnya sedih melihat orang melayu diperbodohkan oleh politician spt KhairToyo dan UTUSAN.

Apa yang rakyat dapat adalah kesusahan , dendam dan tidak harmoni

Apa yang KRONI UMNO macam TOYO tu dapat, duit kotor dan publisiti murah.

SAD!

Hello Tun and good day!! & dear all bloggers..

It seems that AAB dah mmg betul2 pressure and stress dengan tajuk blog Tun ni... (wahhahaa.. well he deserved it!).he's started on blaming Tun.. and Muhiddin Yasin for what is happening to UMNO now.. Now we could see the true colors of him.. cummon AAB.. you must be kidding !!! We don't want you anymore..FACE IT!!!

Dr Tun, I heard that 'they' wanted to remove hassan merican from petronas.. could you please explain this? is this true? Well many of friends who worked with petronas told me that they also heard the rumours too... and the person who will replace him is one of KJ's konco... by doing so it's gonna be a biggggggggg fall to petronas..

Lastly, best of luck for Mukhriz and take care Tun!Luv yah! =)

Salam untuk Tun dan semua pembaca ,

Hari ni PakLah melatah lagi . Terasa pedas dengan tulisan Tun berkaitan kepimpinan baru dalam UMNO . Dia persoalan ... apa hak Tun untuk tentukan , apa kuasa Tun untuk tentukan .

Kini , PakLah mula tonjolkan sikapnya yg sebenar . Betapa dendam kesumat 1980an masih ada di dalam hati .

Persoalan ini sepatutnya PakLah timbulkan semasa Tun menamakan dia sebagai pengganti . Apa kuasa Tun , apa hak Tun untuk namakan PakLah sebagai pengganti .. tatkala seluruh warga UMNO mahukan Najib menggantikan Tun .

Inilah budaya bawaan , ajaran al-badawi . Tak reti nak hormat org tua2 . Tak reti nak salute pada senior . Sedangkan , kalau Tun tak canangkan ... siapa PakLah pada hari itu ? Ramai yg tak sangka PakLah akan dinamakan sebagai pengganti Tun .

Benda dah lpass kita tak boleh nak undur . Cuma kita boleh kesalkan . Alangkah baiknya jika Tun lewatkan persaraan 5 tahun dan dalam masa 5 tahun tersebut Tun mampu latih Najib sebagai pengganti . Nescaya ... nasib UMNO tidak seburuk hari ini .

Perdana Menteri yang ada had dan hari pasti takkan duduk diam . Tempoh masa 5 bulan pasti akan digunakan sebaik mungkin untuk sorokkan kroni serta porak perandakan UMNO . Dalam buletin 1.30 td pun dah mula kedengaran . Apa rasionalnya dibuat sidang akhbar tergempar jam 11.30 malam semata2 nak kutuk Tun . Apakah PakLah amat terasa terhimpit , terpukul dengan kata2 Tun ? Atau PakLah risau melihatkan org2 kanannya kurang mendapat pencalonan termasuk menantu tersayang , Khairi Jamaludin .

Walau apa pun , kini warga UMNO semakin berani menolak kepimpinan PakLah . Cuma diharapkan .. warga UMNO juga akan dengar cakap Tun . Bukan Tun nak kuasai UMNO ... tapi Tun nak lihat UMNO kuat , gagah seperti dahulu . Paling tidak , UMNO perlu jadi sekuat 2003 .. ketika Tun berundur .

Kepada PakLah ... fikir2kanlah dengan mata hati . Jangan selalu berjanji tetapi tidak ditepati . Itu munafik namanya . Sedih ayah dan tok wan kamu bila tahu anak / cucunya seorang pemimpin yang munafik . Neraka jahanam tempat kamu hingga ke hari kiamat . Jangan ingat gelaran al-badawi akan melepaskan kamu dari siksa kubur .

By alamanda on October 19, 2008 2:44 PM

Salam Tun,

I guess by now Tun already read/watched Pak Lah's comments on this article.

Well, first of all, he need not to comment anything since this view comes from a non-UMNO member (he emphasized this also). I don't see your article is instructing UMNO members to chose A, B or C. It is just

mere your personal view. If UMNO members are so abide by his President, they just can ignore your views. The PM can just ignore your writings as well but he chose to comment. Melenting tak tentu pasal, pasai apa?

Secondly, he also commented about the "peralihan kuasa" between him and TPM. He said MT already agreed, everyone agreed, no objection why Muhyiddin so sudden asked him to make it faster (& in Singapore)? He said he has an agreement with TPM. He emphasized on janji... janji... janji... kena ikut. But he forgot (melayu mudah lupa), he also promised with Tun & rakyat on few other things which he did not materialize. Siap sound Muhyiddin kata tak sabaq nak jadik Timbalan Presiden. Sounds upset!

Regrets uh?

By cikzah on October 19, 2008 3:17 PM

Tun,

Hurmmm...garangnya paklah kita marah kat Tun dalam paper hari ni.. Tension kroni dia sukar dapat pencalonan ke...? Bila paklah kata 'Tun tak berhak arahkan...', saya pun bukak la balik artikel Tun ni, bukan apa, saya cuma nak cari kat mana adanya 'arahan' Tun tu. Isyh..tak ada pun Tun buat arahan.Yang ada cuma saranan dari Tun. Tun guna kata 'wajar', 'patut' dsbnya. Saranan tak sama dengan arahan. Takkan Paklah tak faham ayat kot. Dah la tu, dulu paklah dah melatah tak tentu hujung pangkal tentang ketuk ketampi, takkan nak ulang lagi kot silap yang tak sepatutnya seorang PM buat. Dalam hal ketuk ketampi dulu, belum apa-apa pak lah dah marah polis. Bila Tan Sri Musa (masa tu Tan Sri ketua bahagian jenayah) tolong jawab bagi pihak polis mengapa polis terpaksa suruh tahanan buat ketuk ketampi, terus paklah 'jerkah' balik, "jangan cari alasan" kat Tan Sri Musa. Latah paklah tak sampai kat situ, paklah hantar syed hamid minta maaf kat China. Last-last dapat bukti yang kena ketuk ketampi tu Melayu, terus diam. Kalaulah Tun yang jadi PM masa insiden ni berlaku, saya pasti Tun akan kata "kita siasat dulu hal ni". Tun takkan terlompat melatah macam paklah. Paklah takkan dapat malu (percayalah, ramai rakyat yang pandang sinis kat paklah baerkaitan insiden ketuk ketampi ni) kalau paklah minta semua pihak bertenang dan paklah siasat dulu. Ini tidak, terus melompat and jump into conclusion. cara paklah tangani isu inilah titik tolak rakyat nampak paklah tak pandang jauh ke depan.

Ni melompat pulak kata Tun bagi arahan. Pendapat dan arahan tu sama ka? Sekarang jugak saya nak rujuk kamus..tak pun, tak sama langsung! Paklah susah hati khairy, ali, dan Muhammad belum cukup pencalonan ka? Sabaq la sat, banyak lagi cawangan yang belum mesyuarat. Jangan dok melatah macam tu, rakyat kata apa pulak nanti. Satu hal yang sesiapa pun susah nak nafi, kematangan Tun dengan paklah, ilmu Tun dengan Paklah, fakta Tun dengan paklah, karisma Tun dengan paklah, semuanya terlalu amat jauh berbeza, umpama jauh pluto dari matahari.

Dear Tun. Salam Aidilfitri dan selamat sejahtera. Izinkan..

MAHATHIRISM

Wayang ini dijangka. Kini akan mula.Tok Dalang dah bersuara. Bayang bayang mula bergerak - tajuk wayang 'Mahathirism'.

Pada yg tak pernah tonton dulu, ingat dan kenal jalan cerita ni.

Laungan AZAM

Mula dgn pengenalan pelakun. Ini perlu laung kuat kuat(pakai internet juga) Azam dia mesti didengar seluruh negara. Siap dgn nama, siapa layak siapa tak layak, siapa masuk siapa singkir. Panjang laungan ni penat bagi orang lebih 80 thn - perlu nafas panjang. Lagi Pak Lah seksa tarik tayangan 5 bulan.

Suai Kenal

Senarai pelakun dah siap kena beri watak, siapa jahat siapa baik. Dia saja yg pakar hal ni, dia saja bijak orang lain HP6, haprak,hampeh.. Tak ikut telunjuk dia, hancur parti musnah negara. Berat mcm ramalan seorang khalifah kata hikmat ini.

Semua pengkritik Pak Lah lulus dgn kepujian cemerlang terbilang dan gemilang. Yang tersorok pun Tun tarik ke tengah takut di 'lupa'. Orang lupa Tun ingatkan, Tun 'lupa' orang tak dapat ingatkan?

Pembukaan...Musnah!

Pertama musnahkan musuh. Arahan jelas sini, siap dgn amaran padah jika engkar. Sebab dah kenal mesra gerak geri, selok belok musuh. Dah banyak musuh yg dia tangani. More true is, 'It takes a thief to catch a thief'.

Dia suruh tebang pokok dan cabut akarnya sekali. Semua penyokong Pak Lah mesti disuruh lompat ke laut, satu pun tak boleh tinggal. Satu lagi tiang parti akan dirobohkan.

Search n Destroy

Kalau ini pemikiran, lihat sejarah pengunduran Tunku, Tun Hussein entah berapa yang jadi mangsa. Tambah pertarungan dgn Ku Li, Musa, Anwar berapa banyak lagi telah terkorban. Patutlah Pak Lah tinggal menteri pelawak, pak turut, peleset.

No party can withstand this level of purging and cleansing. Yang untung pembangkang skrg banyak bakat baru. Buang air mandi dengan menunggang baldi bersama bayinya sekali.

Selamat buat pilihan.. devil or deep blue sea.

Dear Tun. Salam Aidilfitri dan selamat sejahtera. Izinkan..

MAHATHIRISM

The body must fit the shirt not the shirt fit the body. Lihat flip flop ini ..

KUOTA dan Pemilihan - Pulang paku buah keras

Sistem kuota lahir dari pengalaman perit Tun 1987. Nak perkasakan suara bahagian, wujud kuota.

Dengar tak sunyi sepi skrg kuota tak jadi isu lagi. Sebab penyandang presiden tak bertanding, ayam tambatan bakal peyandang. KJ bukan penyandang sebaliknya anak Tun bakal penyandang. Penyandang untung besar ada kuota!

Tak Nak.

Perubahan remeh pula diunjur - undian hari pertama, undi berjalan tanpa henti krn dipandang menyebelahi orang. Fikir masak masak, jgn sesal mcm kuota sedikit masa dulu.

Further it is a puny measure to restrain a monster, trying to stop a speeding train with flags. Kenapa tak berani cadang pemilihan terus oleh semua ahli parti? Mati serta merta rasuah politik wang. 'Tak nak' sebab keadaan memihak Tun - satu ayam tambatan, satu anak. Tak apalah, skrg 2500 orang jadi kingmaker dan rasuahking, 26 juta rakyat akan jadi kingkiller 5 thn lagi.

ALASAN

Banyak tuduh Tun penyebok. Alasan Tun campur tangan kita dengar krn sayang, cintakan parti. Orang yang kuat cemburu bunuh isteri pun kata sayang isteri! S'pore ada minister mentor (main door), Tun trying to be.. minister (side door)? Tok det if misspell Tok dal...

Selamat buat pilihan.. devil or deep blue sea.

Hello Tun,

Alamak Tun, the more I read & invest time on your blog the more I can laugh. Maybe I get some amusement as well; but really your teaching is useful for everybody not just the Malays. It is useful for all in the world provided the person can understand your bahasa Malaysia. If you read in the B. Malaysia context it's more enjoyable. Macam Pak Pandok tebang pohon nak ambil buah saja. Ada orang macam itu kah?? Only a simpleton would do that. Somebody called S'pura "Chinapura"- far from it!!.. It's so cosmopolitan. Many nationalities work there. Africans, Americans, Europeans, Koreans, Japs, Filipino professionals etc.

Selamat hujung minggu.

Tun yang saya kagumi,

A'kum wbt..

Rasuah dan politik wang yang akan menyebabkan UMNO hancur buat selama-lamanya. Anwar Ibrahim memang menunggu peluang ini dgn. menggunakan wang haramnya menyogok pemimpin UMNO yang rasuah menkucar-kacirkan dan memecah belahkan UMNO, mungkin sesiapa pun tidak sedar akan perkara ini. Ianya akan berlaku kepada UMNO.

Peluang Anwar sekarang semakin hampir kepada menghancurkan UMNO terbuka luas, sekiranya pemimpin UMNO melengah-lengahkan pemilihan sehingga memakan masa selama hampir 5 bulan.

"Melayu mudah lupa" akan permainan politik Anwar, raung dan kesempatan akan digunakan sepenuhnya bagi memporak-porandakan UMNO. "FIKIR-FIKIRKAN LAH wahai Bangsa Melayu."

Sekian.

Semuga TUN diberi kekuatan dan ketajaman fikiran untuk menyedarkan Bangsa Melayu yang mudah lupa dengan kemewahan sementara, dimana akan mengakibatkan UMNO hancur buat selama-lamanya.

Tegas, itu perlu untuk menjaga kepentingan majoriti. Segelintir makhluk yang tamak, tak beryukur, suka membuat kacau-bilau, SB atau risik pantau dan kalau perlu ISA, memang patutlah.

Pembangkang kalau memekak dalam Parlimen atau platform yg betul OK, kalau lebih-lebih, masukkan saja macam Ops Lalang dulu.

Perintah, tahu apa makna perintah? Tak tahu, jgn perintah senang sahaja. Adil, keadilan adalah subjektif. Biarkan demo, merusuh, baling-balingan, rakyat naik takut apatah lagi pelancong, ah itu lah terjadi sebelum ini. Perintah tak betul, tak guna akal. Tegas bukan zalim. Sebenarnya SB, risik semua cekap buat kerja, tapi ada budak dari tingkat 4 Putrajaya. Mahu kuburkan DSAI di Permatang Pauh, tapi silap skrg sudah gali kubur sendiri. Salam.

Dah baca suratkhbar dan berita kat TV pun dah tengok...

Before that... I understood the 'whys', election should be soon..terlalu panjang, jadi akan "....."[kata menteri tu kata menteri ni dan yang tak menteri lagi pun kata juga].

But I fail to see the reasons why is this going to have any impact on reform ..etc etc.

Bukanlah menyokong atau menyangkal. Bukankah itu yang di canang oleh newspaper - dia ni cakap tu, dia tu cakap ni.. dan kita rakyat yang mengikuti perkembangan telah faham dan boleh terima sebab ada betulnya juga.. but hari ini, that two different things are being confusingly consolidate as one.

What is the implication of one person angry at everybody and everybody angry at one person? ..depends

on who 'one person' and who 'everybody'

I didn't vote this year[tak pangkah sesiapa pun]...I can wait.

"18. Seperti yang saya katakan, negara sedang perhatikan pemilihan UMNO dengan penuh debaran. Jika bahagian-bahagian dan perwakilan UMNO utamakan ketamakan diri mereka dalam membuat keputusan maka ini akan menjadi kali terakhir mereka menjadi "king-maker" di Malaysia"

However the question is whether my waiting worth it. I see the election result first...then decide..
itu lah kemampuan saya...the ordinary rakyat.

Assalamualaikum Tun,

UMNO tidak akan berubah walau siapapun pemimpinnya..kerana ia memisahkan agama dengan dasar kepimpinan parti.Bila perjuangan tidak berteraskan agama, perjuangannya tidak akan pernah capai matlamat/selesai.Secara komparatif lihatlah teras perjuangan PAS.Kami generasi muda bukannya tidak memerhati dan mengkaji.Kami mengerti.Fahamlah kami mengapa Tun pernah menangis kerana gagal mengubah nasib org2 Melayu.

Maaf kerana menegur.Jaga diri baik2 Tun. Terima Kaseh.

Assalamualaikum Tun,

Can't we the Malays who are not in UMNO extent our point of view regarding the selection of future leaders in UMNO who by the way are also representing us the non UMNOs(that is what I assume)? Is it so difficult to accept views for the good of UMNO? Is UMNO consists of proud and arrogant people? Is it hard to not only hear but also listen? If Tun himself, the SOMEBODY, can't give suggestions(not arahan) then what about us the NOBODIES. I believe UMNO is still in Tun's heart that is why he'll never stop speaking about UMNO. Please UMNO do not be rude to Tun and listen to what he has to say 'cos what the NOBODIES say you UMNO will just brush off.

Dear Tun if anyone , especially the UMNOs, ever again are rude to you I will ignore the next PRU. One vote counts. Malaysia does not belong to any party or politicians but belongs to all the rakyat of Malaysia.

Go soldiering on Tun never give up. May Allah Look Upon You Always.

It is time that baik UMNO, MCA and sesiapa lah kat parti politik ni; to change back to the right direction ..

It was diverted due to corruption, cronyism and macam macam lagi; ONLY for the selected few...

Time for Malaysian to take the heat of our wrongdoing either previously doing it or just being silence ...

Thank you for being vocal and as always of being you, my dear Tun. May God Bless You and your family and wish you the best of health..

Assalamualaikum YABhg Tun.

Terima kasih kerana memberi pandangan yang memperjelaskan hasrat penyokong reformasi dalam UMNO.

DSAAB nampak naik angin satu badan bila membuat kenyataan akhbar berkenaan isu ini di Negeri Dibawah Bayu.

Kerisauan beliau semakin jelas apabila komen YABhg Tun menjadi kenyataan. Penyokong kuat beliau semakin tidak popular dihati akar ubi. KJ pula masih terkial-kial mencari tiket bagi melepasi kouta yang mereka sendiri pertahankan.

DSAAB kurang berhemah apabila marahkan orang dluar parti bercakap tentang pemilihan UMNO sekarang. Beliau sepatutnya berterima kasih kerana pandangan orang luar adalah ikhlas demi mengukuhkan lagi parti mereka. Menolak mentah-mentah pandangan orang luar menunjukkan beliau pantang ditegur. Mungkin mereka beranggapan bahawa UMNO milik mutlak mereka. Beliau dulupun telah keluar dari UMNO, sekarang jadi Presiden. Tidak mustahil pula suatu masa nanti beliau keluar semula dari UMNO.

Beliau perlu sedar bahawa tidak semua ahli parti menyokong calon UMNO. Malah kemenangan calon adalah kerana mendapat sokongan pengundi diluar parti.

Parti menjadi kukuh apabila memiliki team yang berwibawa, dihormati dan dapat diterima oleh pengundi dari dalam dan diluar parti. Oleh itu pandangan orang luar perlu diambil kira. Lebih-lebih lagi pendapat tersebut datangnya daripada orang yang telah banyak berjasa kepada bangsa, ugama dan tanahair.

DSAAB suruh YABhg Tun berhenti bercakap tetapi beliau tidak sedar bahawa rakyat suruh beliau berhenti kerja. Hidung tak mancung, pipi tersorong sorong. Hemoilah tu.

Apapun kita doakan supaya Dato' Mukhriz dapat menjadi Ketua Pemuda UMNO kerana MCA tak suka KJ. Kalau KJ naik susah untuk pemuda daripada parti komponen lain hendak ikut beliau. Jadi selain kewibawaan Dato' Mukhriz, penerimaan daripada parti komponen lain pun perlu diambil kira dalam usaha untuk mengukuhkan kestabilan politik tanahair.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Tun,

It is correct for the Government to retain ISA. If there is anything to be reformed it is the process of the ISA. It is difficult for any Malaysian to qualify to be detained under ISA unless he or she are too perseverance asking for it. ISA is a saviour for good citizen. TQ

A very happy moment for me and it would like a whole Malaysian, when our PM is declaring to not be sited for president. That will be mean he will no longer to be a "Power Full Man"...

In here it will be more beautiful and meaning full if their " In Law" also is no longer aviable.

Thanks for you Tun, cause not give up for pressuring the "Man" that rolling the country for it own n family but not ruling the country.

Salam buat TUN dan semua,

1) Sbg ahli UMNO saya amat berharap perubahan kepada kebaikan dapat tercapai, benar kata TUN satu Malaysia malahan luar negara sedang mengikuti proses pemilihan ini maka amatlah diharapkan nafas baru,budaya baru kekuatan baru dapat ditiupkan ke ROH UMNO ini.

2) Alhamdulillah, suara lantang ahli UMNO sendiri hari ini telah mula membuka mata ahli UMNO yg lain, ahli yg kecewa, ahli yg takut utk berjuang semula bahawa UMNO masih mempunyai Keris yg utuh dari Taming Sari lagi.

3) Pembangkang mula rasa tergugat dengan keadaan ini,mereka harap dapat uruskan pemimpin tidor ini malangnya hajat tak kesampaian maka berlaku la keadaan mula nak menabur fitnah,merosakkan imej UMNO lagi.

4) Walaupun belum mencapai sepenuhnya perubahan tapi saya dapat merasakan yg angin perubahan mula melanda setiap corok kawasan tanah Malaysia tercinta ini, perjuangan UMNO bersatu semula bersama darah nenek moyang kita yg awal memperjuangkan kemerdekaan dan kejayaan bangsanya. Alhamdulillah....Allahuakbar!

5) Terima Kasih buat TUN yg tak pernah jemu untuk memperjuangkan agama,bangsa dan tanah air ini, " Sesungguhnya tiada yg lebih menyayat hati dari melihat bangsaku dijajah" benar kata TUN.

6) Perjuangan ini tidak akan pernah selesai hinggalah tiupan Sangkakala.

Salam Tun.

Harini saya seharian ketawa.Lucu tengok telatah PM kita yang jarang2 sekali marah depan TV..dahlah bidas Tun.Situasi ni jarang2 berlaku..ada ke patut TSMY pun terkena tempias kemarahan PM ni.. Pak Lah jangan nak perkecilkan kebolehan Tun..22tahun jadi PM..sekilas ikan disungai, dah tau jantan betina..baru 5tahun jadi PM.dah ada yang desak letak jawatan,itu maknanya rakyat dah bosan dengan Pak Lah..

Pak Lah jadi PM sebab Tun yg lantik. Tun dah bagi banyak amanat2 untuk dilaksanakan.saya percaya Pak Lah JANJI akan buat. TAPI Pak Lah tak buat, Pak LAH batalkan projek2 mega Tun. Sbab alasan membazir.rasa lagi membazir bayar pampasan kot.Kalu nak sebut psl JANJI,ptutnya PM kita kena betulkan diri dulu. TSMY bukan mungkir JANJI berkaitan persetujuan peralihan kuasa 2010.tp perlu dipercepatkan..Pak Lah senang cari SALAH orang lain.tapi pernah ke Pak Lah MINTA MAAF sebab kegagalan pertahankan 2/3 majoriti di Parlimen selepas PRU 12? Pak Lah dah calitkan arang pada rekod BN pada PRU 12. dan atas kepimpinan Pak Lah, BN gagal pertahankan 2/3majoriti dan hilang 3 negeri kpd pembangkang.

Pemilihan UMNO akan datang seharusnya mereka yg LAYAK & MAMPU bertanding. Banyak calon yg LAYAK dah lepas kuota utk bertanding. Patutnya Pak Lah nasihat KJ jgn bertanding KP UMNO.Pak Lah patut ckp kt KJ,"kalau dah dpt pencalonan belum tentu menang"...mcm Pak Lah kata kt TSMY dalam berita..Itu strategi kotor PM nk jatuhkan TSMY,satu Malaysia tengok apa yg PM ckp..itu ke PM kita? cuba nk salahkan org lain dan letakkan masalah kpd pemimpin spt TSMY?

Kalu Pak Lah nk bidas Tun, Tun pun boleh bidas Pak Lah. Setuju ngn Saudara Anuar, Pak Lah debatlah ngn Tun.Takpun debat Mukhriz & KJ..Buat LIVE, satu Malaysia dpt tengok! Baru orang boleh buat perbandingan.

Tun,teruskan perjuangan Tun..lepas pemilihan UMNO,Pak Lah dah tak jadi PM..ada yg ahli akan setia dgn Pak Lah,tp cuma anak bini dan KJ.Ahli2 UMNO, buatlah pencalonan dan pemilihan penuh pertimbangan..Pak Lah bukan PM lepas pemilihan UMNO..dan KJ bukan TKP UMNO..

Dear Tun,

Some people claim that UMNO's money politics started during the early years of your reign as PM. It was when you introduced the scheme to allow Division and Branch Heads to allocate or recommend contractors for government contracts. Is it true?

I am in no doubt that if it were true, that your intentions were noble and true to the UMNO spirit.

What I can deduce is that perhaps you wanted to hasten the NEP implementation to reach the ground and masses as efficiently and expeditiously as possible. It was apparent to you that the NEP was taking too long to reach the masses and affect the needed equity balance.

It is now obvious that the implementation of this original idea needs to be tweaked and improve. I thing glaring clear is that these Division and branch Heads have been given Authority without the weight of RESPONSIBILITY for that authority. They MUST be held responsible for the contracts that they award.

To be held responsible the process MUST have the required level of transparency to the relevant public offices such as the PM office, Auditor General, Etc..

Lets work together to rid UMNO of money politics.

Once the new team is in place they can start to relook the structure and set up of UMNO to make it more competency friendly, sincere, and trustworthy.

By professional malay on October 19, 2008 7:12 PM

Dear Tun,

"Dr M creating disunity, says PM" was in the Star today.

Kenapa Pak Lah ni tak pernah insaf walaupun dia ni telah di kategorikan "biawak hidup" dalam UMNO sekarang atau paling senang orang kampung cakap "menghabiskan beras saje" sampai dia turun takhta.

Pada pendapat saya true leader like Tun Dr. M is due to the fact that he is having large followers which was because of his strong influence caused by his excellence leadership skills etc.
Then fake leader like Dollah Badawi hanyalah mempunyai followers yang cuma layak dibeli dan mengikut orang membuang dia ke tong sampah bila dia dah tak ada kuasa lagi.
Pak Lah perlu insaf that his fake islam hadhari and Mr. Clean image have long gone dan dah tak laku lagi. In fact, these fake elements were the main factor why Tun has handpicked wrong successor before.

Now Pak Lah harus insaf dan memuhasabahkan diri bahawa dia hanyalah insan kerdil dalam UMNO who have made so many blunders which need a long time to heal by new elected Malay leader. In short, dia hanyalah product dari kesilapan kecil Tun dulu iaitu kalau dibanding dengan segala jasa dan achievement Tun kepada UMNO dan Malaysia.

Pak Lah harus berusaha bersungguh-sungguh supaya tidak harus dicemuh dan dihina selepas tidak berkuasa lagi oleh rakyat Malaysia termasuk saya jika terus membuat kenyataan2 yang meloyakan seperti di dalam akhbar hari ini.

Again just to remind Pak Lah, he just "insan kerdil dalam perjuangan Melayu" and a product of small mistake by Tun dulu.....Tun telah accept it and we are fully aware that now, true leaders and pendekar2 in UMNO are trying to rebuild UMNO under the guidance of the real warrior of UMNO i.e. Tun Dr. Mahathir.

So please do not make further nonsense statement before he gets lost.....

Last advice to KJ, please also get lost.

Tun,

Would you comment on Mukhriz's leadership? Most of the people I know including myself don't know him, the kind of leadership he has, and most importantly the kind of brain he'll bring on to the table.

Rather an open ended comment on his skills and leadership, it would be good if you use yourself as a BENCHMARK, and describe what is more and what is less about him.

FYI, I think I know Marina's mind more than that of him from her writing. NOT suggesting that he should start a BLOG, but I'd rather appreciate him for what HE has to OFFER than a PURE admiration and hope that he'll re-live your legacy.

Salam Tun & Semua pembaca...

Hari ini 19 Oct 08 disiarkan di stesen-stesen TV. PakLah mempertahankan diri berhubung blog ini...marah sungguh..heh...

Saya berpendapat ada benarnya apa yang di tulis oleh Tun, apa yang di tulis adalah berdasarkan pengalaman Tun yang selama ini telah mentadbir negara.

Sudah pasti Tun mempunyai sumber dalaman yang sentiasa memantau apa yang sedang terjadi dalam kerajaan dan parti. Sebagai bekas pemimpin yang cintakan negara & parti, mana mungkin Tun boleh berdiam diri jadi tunggul yang menunggu lumut membiak...PakLah kena paham... selagi Tun tak tutup mata,beliau tak boleh duduk diam melihat orang membuat kerosakkan kepada negara yang telah beliau bangunkan, majukan, modenkan, kayakan dan bermacam-macam kan lagi...

Assalamualaikum Tun.

Petikan Ucapan Presiden Chedet.Com

'Adalah penting untuk generasi pemimpin-pemimpin baru menyatakan tentang pemikiran Tun Mahathir

Mohamad melalui keputusan-keputusan yang dibuat di atas kertas.

'Ternampak ketaraan yang amat apabila tiada nakhoda untuk memimpin di kala laut gelombang.

'Adalah diharapkan dengan adanya pernyataan melalui akta-akta dan dasar-dasar di atas kertas yang selari dengan pemikiran Tun Mahathir Mohamad, apabila ketiadaan Tun nanti segala rujukan terma-terma perundangan pengurusan negara dapat diikuti dengan jaya dan tegas tanpa mencagarkan kepentingan Kesultanan Melayu, bangsa Melayu dan agama Islam.

'Salah satu contoh yang klasik adalah perjanjian Hudaibah. Seperti mana wujudnya jawatankuasa Mahkamah Sivil dan Mahkamah Syariah.

'Adalah diharapkan dasar-dasar ini akan berterusan dan dilaksanakan oleh pemimpin generasi selepas Datuk Seri Abdullah Ahmad Badawi. Memandangkan orang-orang non muslim tanpa iman hanya berlandaskan undang-undang dunia yang ternampak di depan mata.

Dipetik oleh Mahathir Jr (Penyata Pemikiran Mahathir)

Terima kasih Tun.

Salam Tun,

Seorang yang sedang kelaparan akan fikir macam mana nak dapatkan sesuap nasi secepat yang mungkin. Tidak akan terlintas di hati atau fikiran nya tentang hari esok.

Sama juga ahli2 yang boleh di pengaruh oleh janji kontrak dan habuan serta wang saku RM150. Mereka hanya akan berfikir bagaimana nak menampong makan minum anak isteri. Ada juga berangan angan mendapat kontrak lumayan untuk "rasa hidup senang" dengan jalan senang.

Perlukah UMNO kepada ahli2 yang sebegini rupa? Yang singkat fikiran dan tidak berjiwa pejuang. Yang ingin berjuang telus untuk Bangsa Melayu Malaysia.

Perlukah UMNO merombak keahlian nya dan mengambil mereka2 yang menepati ciri2 tersebut di atas dan singkirkan mereka2 yang boleh di kata pengkhianat bangsa - yang sebenarnya daya pemikiran dan daya ketahanan mereka amat lemah sekali.

Pada mereka2 yang ada bukti jangan lah bersubahat dengan pengkhianat2 ini dengan berdiam dan membisu. Ayuh Maju lah kehadapan dan bongkarkan kerenah yang sedang berlaku. Supaya mereka boleh di singkir dari UMNO. Jangan salah kan mereka aja. Pada ahli2 yang telus dan inginkan UMNO yang di hormati dan di sanjung - keluar lah dari ketakutan lalu membisu dan berdiam sahaja.

Tindak kan anda2 sekalian amat di perlukan untuk menghapus gejala Politik Wang. Jangan tunggu dan jangan tangguh lagi Bangsa Mu menaruh sepenuh harapan kepada mu...Perjuang Bangsa Melayu Malaysia.

Hidup UMNO yang Telus.

Sir,

Salam & Selamat Hari Raya Maaf Zahir Batin to you & Tun Dr Hasmah. May Allah continue to shower both of you with wisdom & health.

Rasa-rasanya para perwakilan UMNO yang bersidang diperingkat bahagian sekarang ini telah mula berfikir pasal "Malay survival" dan mereka telah mula menampakkan perkara ini didalam pemilihan kali

ini.

Tidak semua perwakilan ini "buta" atau "pekak" selepas pulus bertaburan tetapi mereka telah mula sedar selepas Tsunami politik yang melanda pada PRU yang lalu.

Contoh yang nyata (sekadar yang saya tahu):-

1. Naib timbalan ketua bhg Gelang Patah, Johor (seorang Jurutera Awam) telah dimenangi oleh seorang yang tidak menaburkan pulus semasa pemilihan walaupun dia ditentang oleh "orang KJ" yang juga seorang setiausaha politik Menteri.

Beliau cuma berkata "Fikirkanlah hal perjuangan Melayu, Malay survival & perjuangan kita ini untuk generasi kita yang akan datang, jangan kita menjadi rakyat kelas kedua ditanah air kita sendiri".

Beliau menang dengan undi yang selesa.

2. Timbalan Ketua Bahagian Ledang, Johor (juga seorang Jurutera Awam) berjaya mempertahankan jawatan walaupun ditentang oleh seorang yang mempunyai pulus yang banyak.

Para perwakilan kali ini lebih banyak berfikir. Saya rasa ianya satu pertanda yang baik untuk UMNO tetapi kesemua orang kena bekerja kuat bagi memastikan kita terus relevant diMalaysia. InsyaALLAH.

Perjuangan kita belum selesai.

Cheerio.

Salam Ayahanda Tun. Semenjak dari sebolehnya saya ingat, tak pernah Pak Lah bersikap sebegini. Kenapa begitu terdesak sampai habis Muhyiddin pun kena marah...Kenapa perlu bersikap begini jika benar-benar ikhlas tentang niat melepaskan jawatan...Adakah ianya ada kena mengena dengan kelembapan pada pencalonan Khairy ke pertandingan KP? Setiap manusia memang berhak untuk marah dan naik angin sedikit sesekali. Itu biasa dan juga sebenarnya sihat. Tapi kalau didepan pemberita lahap, didepan kamera media sebagai seorang PM, saya rasa itu bukan norma sikap Pak Lah. Saya amat terkejut dengan komen beliau. Sebenarnya tindakan sebegini telah meruntuhkan lagi apasaja serba sedikit peninggalan imej keketuaan yang masih lagi kekal pada beliau hari ini. Saya juga menasihati diri sendiri; banyak bersabar Pak Lah, tak penting sebenarnya apa jawatan pun didunia ini. Tak ada nilai pun sebenarnya jika dicerminkan kepada keimanan. Dan saya tetap menghormati Pak Lah, sebagai Pak Lah yang penuh dengan keimanan dan kesederhanaan. Ini saya pasti dan jelas. Dunia, akhirat tak akan berubah pendirian saya. Saya mohon bertenang Pak Lah. Kepada para penasihat Pak Lah hari ini, bernaskanlah segalanya pada diri anda. Saya mohon maaf juga.

Assalamualaikum Tun yang dikasihi.....

SAYA MENYOKONG PENUH KENYATAAN TUN INI!!!!

Biarlah kalau paklah nak marah pun. Sebenarnya apa yang paklah katakan tu menunjukkan yang dia masih sayangkan lagi jawatan Presiden UMNO.

Kemarahan paklah terhadap kenyataan Tun melebihi dari KEMEROSOTAN PRESTASI BN dalam PRU12.

Wahai paklah,

Jika kamu marahkan Tun, samalah seperti kamu marahkan AKAR UMBI UMNO. Suara Tun adalah SUARA AKAR UMBI UMNO. Walaupun Tun bukan ahli UMNO, tetapi Tun adalah orang nombor 1 yang sayangkan UMNO.

Orang yang menuruti kata-kata paklah adalah orang yang MENGKHIANATI UMNO.

Kepada DS Muhyidin,
Paklah telah membuktikan hari ini yang dia telah menghantar proksi untuk melawan Dato' Seri iaitu Ali Rustam & Muhd Taib.
KAMI AKAN TETAP MENYOKONG 100% DATO' SERI MUHYIDIN. Kerana kenyataan Dato' Seri adalah punca paklah nak letak jawatan.

Dato Seri, teruskan mengkritik jika paklah terus lakukan kesalahan.

HIDUP TUN!!
HIDUP NAJIB!!
HIDUP MUHYIDIN!!
HIDUP MUKHRIZ!!

BYE-BYE PAKLAH!!
BYE-BYE KHAIRY!!

"Tak sabar agaknya nak jadi Timbalan Presiden. Itpn kalau cukup orang nak menyokongnya nanti" Ini kata seorang bakal mantan Presiden kepada Muhyidin.

Apa masalah Pak Lah ni? Buat malu orang tua saja. Zahid Hamidi dan Rahim Tamby Chik pun cakap bahawa pemilihan mac terlalu lama. Ramai lagi yang bercakap begitu. Kenapa tak marah mereka juga. Kenapa Muhyidin seorang yang kena? Tentunya majoriti BN dan MT setuju peralihan kuasa dilakukan segera. Kalau tidak masakan Pak Lah buat keputusan begitu dan masih bertarik tali. Takkanlah kerana Muhyidin seorang, Pak Lah terpaksa turun.

Tun juga mempunyai perjuangan yang belum selesai, tapi ia tidak dijadikan alasan untuk terus menjadi PM. Malah Tun dengan senang hati menyerah jawatan kepada Pak Lah dan percaya dia akan sambung perjuangan yang belum selesai itu. Tapi Pak Lah khianat, bukan tidak sambung, tapi membatalkan pun banyak juga. Pak Lah jadikan alasan ada kerja tak selesai untuk sambung lagi. Memang nampak tak ikhlas dia nak serah kuasa mac ini. Beliau agaknya masih berharap ada Bahagian yang akan calonkan dia sepertimana Shahrizat walaupun dah ada perjanjian peralihan dengan Rafidah. Apatahlagi melihat menantunya yang bakal kecundang nanti. Mungkin Pak Lah agak lega kalau Najib menjanjikan dulang emas kepada KJ? Dulu KJ menang Naib Ketua secara dulang emas. Tun kalah jadi perwakilan Kubang Pasu, Mukhriz kalah bertanding. Tak ada pulak Tun marah Pak Lah. Laporan politik wang Johari Baharum pun dia tolak bulat-bulat.

Pak Lah marah ada orang pujuk Ali Rustam tarik diri. Kalau Ali tarik diri pun memangpun kerana dia mahukan perpaduan atau tak cukup pecalonan. Tapi dulu kenapa tak marah orang pujuk calon yang nak bertanding lawan KJ. Nasib baiklah lawan KJ kali ini adalah Mukhriz dan Khir Toyo. Dua orangni tak makan pujuk, jawatan atau habuan. Mereka pejuang sebenar. Tak perlu bayar masuk akaun untuk mendapatkan pencalonan. Kalau orang lain, mungkin dah kaya raya.

Bila Pak Lah jadi marah gitu maka kami fahamlah masalah Pak Lah. Jadi inilah bukti Pak Lah perlu lebih cepat serah kuasa. Kalau boleh, letak jawatan serta merta.

Dear Tun,

I do believe that Najib can be a better leader.

I wonder what Anwar's next strategy. He keep telling people that he is better than Najib, Najib has no credibility.

Then, does he (Anwar) had(credibility)? Just wanna laugh.

He want to talk about credibility, huh? It's normal man has an affair with women. How about man has an affair with men?

Dearest Tun,

Nak 'share' kat Tun rahsia hitam (kisah benar) Mat Taib yang diberitahu oleh sumber yg boleh dipercayai.

Kes Culik Anak Mat Taib (1991):-

Mungkin kerana terdesak atau berhutang banyak, Mat ini sanggup mengarah kes culik anak kandungannya untuk memaksa bekas isteri supaya membayar wang tebusan, kalau tak salah sebanyak RM1 juta. Pada msa itu, I ingat polis kita pantas menyelesaikan kes ini. Rupa-rupanya, si Mat yang memberitahu polis bahawa anaknya diculik oleh sepasang suami isteri india, dan mereka ini sebenarnya bukan penculik, mereka dibayar oleh si Mat untuk menjaga anaknya buat sementara. Akhirnya polis dapat cari "the hiding place on the next day", lalu menembak mati pasangan ini dan pada masa itu, wanita india ini berbadan dua. Lepas itu, kes ini senyap.

Sedihnya kisah benar ini, I ingat kat movie baru ada skrip mcm ini, rupa-rupanya kes mcm in jugak boleh berlaku in real life!!

Now latest development:

DSAAB naik angin kerana:

- Webblog Che Det terlalu famous
- Chua Jui Ming, kawan baik AAB, kalah
- Kekurangan pencalonan utk KJ memang memalukan beliau
- Ali Rustam tidak disukai rakyat, mungkin ke berkait dgn kes Datuk "S. Khan"? Sebenarnya beliau sebagai MB Melaka kena berani mempertahankan "datukship" ini jika ia memberi manfaat kepada Melaka untuk mempromosikan negeri itu kat Pakistan secara percuma, tapi, dia 'finger pointing' kat Tun Daim pulak.
- Mat Taib, musuh utama orang india, satu fakta menjadikan kaum india mengamuk lalu joint Hindraf.

To : Pakbelalang

I setuju dengan penilaian pak atas DS Syed Hamid utk mempertahankan negara dengan menggunakan ISA.

Maaf Tun,

Prinsip rukun negara pertama adalah:
Kepercayaan Kepada Tuhan

Selamat malam.

asalamualaikum Tun,

bkn main marah lagi pak lah dgn riak wajahnya yg menampakkn kmarahannya dlm berita tv hari ini. saya cuba teliti ayat2 pak lah yg disiarkan utusan hari ni dan cuba cari ada tak ayat2 Tun dlm artikel yg 'mengarah' dan 'berlagak' jd pengarah. antara isi artikel yg menimbulkan kemarahan pak lah itu ialah :

"10. Sementara itu pencalonan untuk jawatan-jawatan lain sedang berjalan. Jika Kerajaan Najib berkehendakkan kelainan daripada Abdullah maka penyokong Abdullah tidak boleh turut serta."

cuba fahami betul2 ayat yg Tun gunakan iaitu "jika Kerajaan Najib berkehendakkan kelainan", bukannya "Kerajaan Najib hendaklah memastikan". tidak ada pun maksud mengarah, sebaliknya apa yg disampaikan Tun adalah pendapat dan pandangan jika kerajaan Najib mahu terus disokong rakyat. Jadi, ini akan membuatkan org yg memilih akan berfikir utk memilih siapa yg terbaik.

sbnarnya byk lagi yg nak kata tp cukuplah..org luar tak boleh cakap byk. tp kalau bkn org luar ni yg mengundi org yg ckp bsar dan bongkak itu takkan dpt bercakap dlm tv, media dan mana2 forum pun mewakili rakyat Malaysia. Rakyat tak perlukan pemimpin yg sombong tak tau mjd bhsa bila bercakap.

Saya bersetuju dengan pendapat Tun, tentang bagaimana wang digunakan semasa pemilihan pucuk pimpinan. Tapi persoalannya ianya semacam menjadi satu budaya yang tidak dapat ditolak oleh ahli parti sendiri. Mereka sedar tapi tidak dapat menolaknya. Ini adalah cabaran besar kepada parti kerana persepsi ini telah menyebabkan UMNO semakin kehilangan sokongan dari rakyat.

Our country is in deep trench. I dont know who to trust and who to fall back against. We might need you back at helm but i know tht is just my hope. Im considering of working abroad asap (eventhough im only 24) and come back years later to try bring some changes to our country. What we need is a young, knowledgeable, and energetic leader. not just one, a lot of them!

The mentality of our political scene has narrowed down the age criteria and this certainly hinder changes. Well, this is just my thought. I will continue doing what im doing at best ; share my ideas and give some comments behind the scene.

Salam Tun,

Tiada yang lebih membanggakan saya sebagai anak Melayu dari Malaysia melainkan semasa era Tun sebagai orang nombor 1 yang memimpin negara tercinta ini, apabila setiap kali saya berada di luar negara khususnya.

Dengan bangga dan besar hati saya akan cepat mengaku bahawasanya saya adalah berbangsa Melayu dari Malaysia dan TUN MAHATHIR MOHAMED adalah pemimpin negara saya. Berbagai pujian dilontarkan kepadanya, cukup bersyukur saya rasakan menjadi anak Malaysia kala itu.

Namun kini perasaan itu sudah tiada lagi. Mengapa??? Tanya saya kepada diri...

Jawapan yang dapat saya berikan kepada diri ini hanyalah...'Sudah tiadanya idola sehebat Tun yang dapat saya banggakan'. Tiada apa yang boleh saya laungkan pada teman-teman dari luar tentang kehebatan orang kita, pemimpin kita mahupun pencapaian kita.

Mereka lebih peka dengan keributan dan kekalutan politik yang tercetus bermulanya era Pak Lah memimpin. Dikeruhkan lagi apabila Pak Lah mengambil jalan mudah meng'sub-kontrak'kan Malaysia kepada menantunya si Khairy Jamaludin budak hingusan tu.

Hilang terus rasa hormat saya pada Pak Lah sejurus beliau memutuskan projek Jambatan Baru ke Singapura ditamatkan. Ternyata agenda politiknya di'finance' oleh Singapura dengan Khairy menjadi 'broker'nya.

Sangat berharap akan wujud seorang lagi bangsa Melayu sehebat Tun yang mampu mencetuskan rasa bangga, besar hati sebagai anak Malaysia setiap kali berada di perantauan. **BANGGA KERANAMU TUN.**

Selepas ini Najib atau sesiapa sahaja mengambil alih kerjaan, misi utama dan yang paling besar bukanlah politik atau ekonomi tetapi perpaduan, ia harus kembali searas atau lebih baik dari apa yang telah Tun bina dan warisi sebelum mengundurkan diri dahulu.

Sikap keterbukaan yang melampau andainya hanya merosakkan perpaduan rakyat dan negara tidak wajar diteruskan dan dilaksanakan, ini semua hanya propaganda pembangkang untuk mengambilalih kerajaan dengan menggula gulakan rakyat.

PM yang akan datang mungkin tidak dapat melaksanakan yang saemua yang terbaik tetapi selagi ia amanah dan jujur kita harus menyokongnya supaya negara tidak dikancah pertelingkahan politik yang berterusan, merugikan negara.

Tun,

Saya dah mula muak dengan campurtangan Tun yang terlalu berat sebelah terhadap Pak Lah. Saya bukan penyokong Pak Lah dan saya adalah penyokong kuat Tun.

Tetapi, saya makin nampak Tun makin tidak professional dan agak keliru dalam menulis. Mungkin komen saya ini tidak akan disiarkan tetapi saya mula merasakan Tun harus berhenti mempengaruhi perwakilan. Tun cakap pasal adil dan telus tetapi Tun sendiri tidak telus dan adil. Tun cakap soal politik wang, adakah waktu Tun bebas dari politik wang.

Memang jasa Tun amat besar. Tetapi ianya bukanlah lesen untuk memburuk-burukkan seseorang dengan begitu teruk. Cuba Tun fikir secara rasional, apa dosa Pak Lah pada Tun? Pak Lah tak pernah pun minta peralihan kuasa dari Tun bukan macam TS Muhiyidin Yassin.

Jika Pak Lah tak ikut beberapa polisi dan 'wasiat' Tun maka bukan bermakna Tun harus memusuhi dan membenci beliau sebegitu rupa. Tun tidak seharusnya bermegah dengan sokongan yang Tun dapat dari penyokong penyokong Tun samada dalam blog ini atau di tempat Tun buat lawatan.

Tun seringkali memburuk-burukkan beliau di tempat-tempat umum dan di laman blog Tun tetapi beliau

jarang berbuat sedemikian. Tun, pada umur Tun janganlah cari dosa. Jadilah sahabat kepada beliau seperti sahabat Rasulullah S.A.W bersahabat dengan pemimpin di kalangan sahabat. Betulkan Pak Lah dengan cara hemah. Kelemahan yang ada pada Mukhriz bukan kelemahan Tun maka kelemahan Khairy bukan kelemahan Pak Lah.

Mungkin Tun mendabik dada melihat pencalonan yang diterima oleh Mukhriz walaupun Tun secara psikologinya menenangkan hati sendiri dengan mengatakan jumlah pencalonan bukan jaminan kemenangan. Tetapi, cara Tun akan buat anak Tun kalah. Ingat, pemilihan parti dan pencalonan agak lama jarak tempohnya. Kalau Tun boleh hampir dikalahkan hanya semasa pengundian berhenti rehat macamana pula jika pengundian begitu jauh dari pencalonan.

Oleh itu, bagilah nasihat dan tunjuk ajar dengan berhemah. Tun jangan jadi macam Mat Sabu. Dia cakap bukan main orang suka tapi sampai hari ini dia 'pi mai pi mai tang tu' juga. Jangan bercakap supaya orang hantar beratus feedback yang mengampu. Orang yang mengampu Tun ni sebab dia orang tengok jasa jasa Tun. Kita berjasa untuk mendapat keredaan ALLAH S.W.T.

Maafkan saya jika saya silap. Saya hanya ikhlas bagi pendapat.

Terima kasih.

Salam Sejahtera Tun.

Bila tengok berita kat TV. dengan apa yang di kata kan oleh Pak Lah berhubung dgn tulisan Kat Blog Tun ni..!!

Nampak gaya Blog Tun ini... ada mendapat perhatian kaum puak Pak Lah sendiri...Sehinggakan PM Pak Lah membuat kenyataan sedemikian.

Tengok gaya Pak Lah bercakap...macam dia kena paksa oleh orang tertentu. Mungkin kut depa-depa yang Tun tak sokong. Jadi laa ni depa dah nampak kut...senario akan datang yang bakal menimpa depa!!

Dulu masa depa buat kat Tun, depa tak ingat...laa ni depa baru ada reti kut..!!!

better advantage worth paying for though to lay man
a heli is a heli as long they have the propeller and look the same
so must have the same price.
Mud slinging political opponent shall take advantage of public ignorant of technicality
to slant the fact.

It just like a computer what differs is the mother board and processor
whether Celerion,Duo Core or Duo Core 2 . The computer look the same
if the put in the same casing. To a lay men ignorant of computer

Salam Tun dan semua

Saya ingin Merujuk kepada statement Pak Lah dalam berita yang membidas Tun dan juga Muhyidin Yassin. Sebenarnya saya benar2 hairan sbb apa yang dibidas isunya x seperti apa yang diulas dan diutarakan oleh Tun dan Muhyidin.

Saya rasa Pak lah ni langsung tak baca apa yang ditulis oleh Tun dalam blog ni dan tak baca surat kabar tentang komen Muhyidin tu. Kemungkinan besar dia hanya mendengar pembantu2 khasnya bercerita tentang isu itu dan ini, dan semestinya akan ada tokoh tambah dan spin dari orang2 yang memnyampaikan berita itu. Dan sebab tu la Pk lah tu melenting tak tentu pasal mcm orang putus cinta je nampaknya. Malu betul la, seorang PM Malaysia ulas perkara yang tak da hubung kait ngan berita dan isu sebenar.

So, jelas la kat sini yang Pak lah ni memang tak minat membaca. Dan amat malu kerana budak darjah 6 pun lebih paham apa yang ditulis dalam surat kabar dari PM kita. So memang patut la kalau Pak Lah letak jawatan lebih awal daripada makan gaji buta. Tak guna jadi PM kalau membaca berita pun nak minta orang lain buatkan untuk kita, lepas tu serang orang tak tentu pasal. Kalau mcm tu orang Utan pun leh jadi PM Malaysia.

Saya juga berharap agar Rais Yatim mendapat perhatian yang lebih dpd bahagian yang akan mesyuarat nanti dan mendapat pencalonan yang cukup untuk bertanding sebagai Naib Presiden. Ini penting kerana UMNO kini benar2 memerlukan pemimpin yang punya pendirian yang teguh dalam menentang pengkhianat bangsa Melayu.

Saya juga menyokong cadangan supaya diwujudkan pilihanraya khas untuk pemilihan UMNO, yang mana ahli2 UMNO yang akan mengundi untuk memilih pemimpin dari peringkat cawangan, Bahagian dan Pusat termasuk lah Presiden parti. Ini saje jalan untuk mengelak dan menghapuskan terus politik wang dalam UMNO yang dah jadi trademark pada UMNO. Dan pastinya imej ini amat buruk dan jijik sekali. Saya amat berharap dan menyanjung tinggi jika Tun dapat mengetengahkan perkara ini kepada pihak atasan UMNO. Dan saya yakin, ahli2 UMNO skang dah cukup bijak untuk menilai pemimpin. Serahkan lah kuasa itu kepada akar umbi seperti mana rakyat memilih kerajaan dalam Pilihanraya Umum. Jangan lagi kita beri kuasa kepada perwakilan yang selalunya tidak memenuhi aspirasi majoriti ahli disebabkan ketamakan dan agenda peribadi. Saya amat yakin, jika pendekatan ini digunakan, UMNO akan kembali digeruni.

Dearest Tun,

On hearing Pak Lah's comments over snippets in this blog, the one thing that came across my mind was to have a look at it. I was not wrong at all as your statement was so general, way off from what Pak Lah had said!!!

My advise to Pak Lah...

1. For goodness sake Pak Lah, please do some reading yourself! You never seem to learn at all! You sleep a lot and don't read much. The worst part is, you simply listen to your 'In-law The Blunder' and those good for nothing 'Advisers'. You are making yourself a nobody and a mere failure who had brought shame to 'Bangsa Melayu' and Malaysians in general!

2. What's the point of you remaining as a PM till March as people will not listen to you anymore! You will never be effective even if you cry. Whatever, it's better that you just focus on what you'd wanted to accomplish in 'the extra time' you'd begged for... away from the usual this time.. just do a little bit more, something sensible and effective before the time out!

3. Just don't keep on blaming Tun... it has all the way been your own faults and weaknesses! You're just a person who never knows how to say 'thank you' and worst still simply making yourself a mere 'fool' by your 'bijaksana menantu' all the way been making you look like a 'bodoh sombong'! The worst PM we've ever had!! Come-on..just be a little smarter and do something good within this limited time that you have left.. at least you will have something good to be remembered!

4. To UMNO Members.. let those who want to contest go through the nomination stage..all of them if possible and let the 'perwakilan' to make their choices. This is the time for UMNO to have a total revamp! Accept whoever wins and support them towards the betterment of this country!

To Tun... we just need you to go on with whatever you are and have been doing. Give us a hand in voicing out what is right and good for the country as a whole.

May Allah's Blessing be with you all the way through. Insyaallah.
Wassalam.

Assalamualaikum Ayahnda Tun n Bonda,

Pls allow me,

To Sara, same fate here! Our applications (my husband's n i) to join umno have been submitted since early Feb 2008, yet till now nothing comes back to us. When asked, no one seems to care. The branch chief told us the forms went to the branch n we wonder whether the head office has received our forms??!! im an overseas graduate teacher n my spouse a self-employed, both in late 40s, n we would like to be active in umno since our children have grown up n we r no more busy with little children. But it seems like umno veterans do not like to have new members like us....

The challenge in our division is chaotic with leaders backstabbing each other, few of course resort to pay hush money to many and for sure these 'two few' can win in no time...

Dearest Tun,

It's very difficult to abstain people from taking and receiving easy money...n people will never heed the call to keep clean practice in politics especially among condescending politicians. If a commoner loves to get a sarong or two before polling, what more can you say to the ones who love to love money?? Those who choose to stay out of the trend r left behind, forgotten, not respected n ignored...

I guess oppositions especially pas will have all the chances to become a major party because not only the malays, any muslim, regardless of status, r easily accepted as members, almost automatically, if you register with them...That's why many youngsters r now joining pas...n of course we feel like doing so if it is too difficult for us to join umno!

But my intuition tells me, pas a party that claims all the way to succeed the malays n muslims survival r also succumbing to riches n glorious lifesyle especially the top younger leaders who r influenced by their long-related pr vicarious crony...

See for urself the way they reach their pr buddies, unlike what they have been preaching in the kampongs n remote places to the total naive malays that they would never compromise with people who practise bribery, cronym, secularism n what not, but now they are laughing n giggling together, planning n plotting scams to so-called topple the government. PAS+DAP+PKR+HINDRAF???? A very hideous

combination!!!

Ayahnda Tun n Bonda,

I sound rather upset today n that because i dont know what to expect of the outcome of all the political games in our country...

Please kindly lead us, Sir...

Wassalam....

Salam tun,

Adakalanya saya pernah terfikir, dlm keadaan sekrng adakah umno suatu hari tidak akan lagi menjadi tarikan orang melayu.

Saya menawarkan diri bertanding ketua puteri malaysia, trend masih sama, seperti tahun 2004 saya bertanding tidak diberi peluang, tetapi tidak sedikitpun saya kecewa kerana itulah senario politik sekarang.

Tapi saya puashati keberanian saya sebagai pemimpin akar umbi dan dari bhgn seputeh, wilayah persekutuan, nampaknya memberi inspirasi bagi pemuda seputeh yg telahpun mula mendapat pencalonan naib ketua pemuda malaysia, alawi saya ucap syabas kepada beliau yg memang saya kenal pemuda saya ini.

Kita lihat sahajalah perkembangan pemilihan umno jgn hanya berebut jawatan tetapi tidak tahu hala tuju.

PEMILIHAN PEMIMPIN.....

Ia Amat Penting dan Kritikal

Pemimpin Perlu mempunyai pelbagai Ciri

dan kekuatan baru lah dia benar benar pemimpin berkesan

Kita kembali ke Zaman Selepas Kewafatan Rasullah Nabi dan Pemimpin Besar

Persoalan siapa yang akan mengganti ruang yang di Tinggal kan baginda?

Semasa itu sahabat kebanyakan baik, beriman ,berani,tidak penting diri,sedia berkorban

Tetapi siapa yang patut menjadi Amirul Mukminin. Baik saja tidak cukup tetapi perlu bijak dan berwawasan

dll.

Abu Bakar terpilih atas saranan Omar dan hujah nya.

Abu Bakar mengungkapkan dalam ucap utama nya:.....Jika aku mengikut Al Auraan dan Hadith (i.e undang2,perlembagaan dlln) ikut lah aku ..jangan ikut jika aku menyimpang

Abu Bakar mengukuh kan Instutsi Khalifah dan negara kerana memerangi seperatis yang tidak mahu bayar zakar dan menyokong nabi palsu....

Abu Bakar sebelum meninggal melantik Omar Apabila di tanya dia berkata apabila aku berjumpa dengan Allah aku akan menyatakan aku melantik orang yang terbaik

Semasa Omar di tikam dan akan mati dia melantik panel sahabat(dalam kontek sekarang Ahli UMNO lah). Mereka memilih Othaman dari Ali bukan majoriti tetapi split vote.....Selepas 12 tahun crisis timbul tanda ada kelemahan pemimpin atau kelemahan pengikut.

Semasa Ali krisis bermula seawal pelantikan hingga lah kejatuhan sistem khalifah al rashidin dan di ganti dengan sistem feudal keturunan.

Kita perlu ambil iktibar dari peristiwa ini betapa penting nya kita pilih yang terbaik supaya kita boleh menjawab kepada Allah bahawa kita pilih yang terbaik pada keyakinan kita bukan motif yang lain. Kesilapan amat buruk padah nya.
UMNO kukuh hampir 50 tahun itu lah jasa peimpin UMNO dan pengikut UMNO terdahulu. Renungkanlah dengan penuh tanggung jawab. Jangan jadikan dia sindikit.....bagaimana Bani Arab berpecah hingga timbul Parti Khawrij dan Shiah

Selami Hati Gunakan Akal.....seperti Hang Tuah walaupun terpaksa mengorbankan saudara demi yang lebih besar

Assalamualaikum Tun,

Saya amat menyanjungi Tun. To all Malaysian tell me, where can we find a leader who can lead for 22 years in this country. Tell me any names and which part of the world that have leader like Tun that manage to control and sustain for 22 year in peaceful and moderate world.

Why do still got people very offensive with the idea Tun brings in shaping Malaysian.

Just like this I can say. Its true and good to give opinion and express ur own emotion to what u feel but there is still a limit and understanding of environment u have to know. If this things and superb idea from Tun u cannot see even after 1/2 of 55 year Merdeka Tun Role. I can say better u find other country which suit with ur own needs. Dont bikin kacau with Tun lah. Let Tun enjoy his moment.
U all really messy up him.

Dont banyak cakap with Tun as Tun is really a great person and have been respected from all over the world. Tun enjoy ur life now. All rubbish dont listen. They do not know anything like u. U r superb. They all cakap pandai la but i belive the cannot do like what u do for 22 years.

Those who does not respect Tun and feel his idea is rubbish plz and plz. change ur I C card number to any nationalities. Change from Malaysian to any nationalities ok. find a better place that fulfill ur needs.

Tun just hoping u have a great moment and live longer in healthy condition. dont listen to rubbish.

Alahai saudara khmusa,

saudara tegur Tun kerana menegur Pak Lah. BN dah kalah 5 negeri termasuk WP. Di Parlimen sikit lagi nak gol. Apakah saudara nak tunggu ranap semua negeri dan Parlimen BN pun gol baru nak menyesal. Jangan jadi Pak Lah yang masih katakan menang. World Cup team Brazil kalau menang dengan pasukan bola Malaysia 3-0 masih dianggap kalah dan coach, pengurus kena resign. Ini pula ada Pengerusi Bn/UMNO negeri yang kalah pun masih kekal seperti Penang, Kelantan, Kedah, Perak dan Presiden UMNO sendiri. Mereka tak pandai memimpin tapi tuduh pengundi yang belot. Ini sejarah pemimpin terburuk melayu kita dan saudara masih mengangkat Pak Lah dan melarang orang menegur untuk kebaikan. Buta ke saudara khmusa ni.

Salam Tun,

Saya rasa pak lah seorang mentee Tun yg lemah dan tidak menghormati dan meneruskan kesinambungan yg Tun inginkan.

Maaf ingin saya bertanya

1. Apakah kriteria yg ada Pak Lah semasa Tun memilih beliau sebagai Timbalan Perdana Menteri 5

Tahun dahulu?.Adakah Pak Lah berjaya mengaburi pemandangan Tun hingga menjadi duri dalam daging dan hidup TUN sehingga hari ini?

2.Siapakah calon ke Dua selain Pak Lah jika Tun inginkan dia menjadi pengganti Tun sebagai pengganti Pak Lah 5 tahun dahulu andai pemilihan Pak Lah tidak terjadi?

Saya harap Tun dapat membalas soalan ini agar ia dapat dijadikan panduan bagi memilih bakal presiden dan timbalannya sekali gus bakal memegang tampuk perdana menteri bagi memastikan Malaysia sentiasa berada di Paksi yg benar,

Salam tun,

Saya menawarkan diri bertanding Ketua Puteri Malaysia tahun 2004 dgn satu pencalonan kemudian kompromi. Tahun ini saya menawarkan diri sekali lagi tetapi saya tidak cuba menggunakan akhbar utk publisiti melainkan setelah mendapat pencalonan dan saya telah menghantar surat kepada semua ketua puteri bhgn dan ketua bhgn seluruh malaysia menyatakan hasrat saya serta visi dan misi, dan memandangkan saya rasa sukar utk mendapat pencalonan dan tidak kecewa sekiranya tidak diberi peluang kerana ini bukan akhir bagi perjuangan politik saya, maka saya paparkan surat yg dihantar hanya utk tatapan umum.

manifesto saya berbunyi :

Saarah Hj. Ali Bashah
Umno Bahagian Seputeh
Wilayah Persekutuan

VISI DAN MISI

Menubuhkan Kolej Putri UMNO adalah visi saya, menaik taraf sosio ekonomi dan pendidikan kearah negara maju adalah misi saya. Lebih peluang pekerjaan dan atasi masalah sosial dengan kematangan minda.Menerajui peluang dan kemajuan wanita muslim diperingkat antarabangsa dengan jalinan ekonomi dengan negara-negara Islam, sejajar dengan tuntutan agama dalam mencapai kejayaan.

MANIFESTO

ISLAM , DEMOKRASI DAN IDEOLOGI

Kemajuan sesebuah bangsa lahirnya dari panduan hidup yang mendispilinkan sesuatu bangsa dan peka dengan perubahan mengikut zaman. Kekuatan pegangan hidup perlu dan asas ugama menjadi panduan dan Islam adalah terbaik sebagai pegangan dan panduan. Islam juga melahirkan, etika demokrasi untuk kita pelajari perlembagaan kehidupan dengan penuh keadilan. Menimbang tara baik dan buruk. Sistem

kepimpinan dan pemimpin yang baik akan melahirkan ideologi yang penuh dengan visi dan misi yang terbaik dan akan membentuk satu bangsa yang maju dan berdaya saing.

KOLEJ PUTRI UMNO

Ilmu adalah intipati diri untuk berjaya. Bidang ilmu begitu luas. Visi saya, bagi Kolej Putri Umno, adalah untuk membentuk generasi wanita muda yang berilmu dalam bidang politik, ekonomi dan kehidupan. Kolej yang akan dibentuk hanya untuk ahli Puteri Umno, dan memberi kelebihan kepada mereka yang tidak mendapat peluang untuk melayakkan diri keperingkat yang lebih tinggi. Ini adalah kerana, mereka yang berada ditahap pertengahan adalah tahap kritikal sekiranya tidak dibantu dan akan menimbulkan masalah sosial dalam masyarakat. Ilmu yang diberikan akan membolehkan mereka membentuk diri mereka untuk peluang pekerjaan yang lebih luas.

PEMBANGUNAN KEPIMPINAN – revolusi pemikiran

Membimbing barisan hadapan dengan pembangunan kepimpinan. Memberi peluang kepada mereka bukan hanya menjadi ketua tetapi berilmu dengan tujuan dapat membimbing mereka yang memerlukan. Membentuk satu program khusus dan sesuai dengan keahlian puteri bagi membimbing barisan hadapan dalam membentuk revolusi pemikiran dan seterusnya kematangan minda.

PEMBANGUNAN EKONOMI – keadilan sosial

Peluang pekerjaan dalam membentuk pembangunan diri, keluarga dan pembangunan ekonomi negara. Syarikat yang mengambil pekerja wanita melayu lebih dari kuota yang akan dicadangkan diberi insentif atau rebet oleh kerajaan bagi cukai korporat yang dikenakan. Ini adalah untuk menggalakkan syarikat bumiputera dan bukan bumiputera, mengambil lebih pekerja wanita melayu muda dan memberi mereka peluang untuk membentuk diri mereka. Sudah tentunya, cadangan perlu diberi kepada kerajaan. Pemimpin perlu mengutamakan pembangunan ekonomi ahli dan bersuara supaya isu dan elemen keadilan sosial dapat disuarakan memandangkan bangsa melayu jauh ketinggalan dengan bangsa lain dalam pencapaian tahap pembangunan ekonomi yang baik.

JALINAN EKONOMI SECARA GLOBAL – sejarah kegemilangan Islam

Islam menggalakan jalinan ekonomi bagi pembangunan dan kemajuan umat Islam. Sejarah kegemilangan Islam banyak melihatkan kejayaan berlaku apabila jalinan ekonomi berjalan dengan rangkaian ekonomi secara global bukan hanya tertumpu dari segi domestik, sahaja. Maka, konsep hijrah perlu untuk membina kejayaan ekonomi umat Islam itu sendiri. Idea saya untuk menubuhkan satu badan antarabangsa dan berpusat di Malaysia, bagi menjalankan jalinan ekonomi dan sebagai pusat dagangan serantau supaya peluang dan pendedahan dapat diberikan kepada wanita melayu muda untuk membuka minda mereka dan peluang yang ada, untuk membangunkan diri dan berjaya, insyallah.

Sekian.

Saarah Hj. Ali Bashah

Samada visi dan misi saya dipaparkan atau tidak, ini hanya utk tatapan pembaca blog kerana bukannya saya boleh dpt pencalonan hanya utk jadi bahan bacaan yg mungkin boleh dikomen, memandangkan blog tun adalah berkisar, PEMILIHAN UMNO.

Dear Tun,

Ulasan Tun, "direct to the point" tapi diharapkan pihak yang berkenaan mengambilnya secara positif, lihat dari sudut yang lebih luas.

Bila baca Hrkah, mengapa minda pengarangnya 100% "membangkang" atau negatif, kasihan dan sedih pun ada kerana majoriti pembacanya adalah Melayu yang akan mengikut rentak yang sama. Kita mahu mentaliti Melayu yang mempunyai variasi dan proaktif, takut2 jadi mcm Singapura. Rugi besar sampai kiamat disebabkan tidak dapat baca minda pihak yang ingin menghapuskan Melayu. Akhirnya, tiada pemimpin negara berbangsa Melayu, walhal asalnya Tanah Melayu.

Fikirlah..

Tun, sebagai rakyat dan ahli biasa parti Umno yang telah mendapat banyak peluang dalam bidang pendidikan dll, saya sedih kerana budaya memberi wang kepada perwakilan sudah menjadi suatu budaya dlm pemilihan Umno disemua peringkat. Diperingkat bahagian contohnya mereka yang terpilih (tidak semua) menetap atau bekerja di Kuala Lumpur atau tempat2 lain hanya balik kekawasan sekali2. Apakah mereka ini mampu mengambiltahu hal2 rakyat dikawasan mereka? Bagi pemilihan peringkat nasional kali ini, saya berharap Tun dapat memberikan cadangan secara ad-hoc bagaimana Umno boleh sekurang2 mengawal pemberian Wang Ini, supaya pemimpin yang dipilih kelak biarlah nampak bersih dan benar2 bersih.

Salam Tun,

Saya baca dalam Surat Khabar Straits Time Abdullah menanyakan "Who Is He?" dalam membidas Tun yang hanya ingin meyelamatkan Ugama, BAngsa dan Negara.

Sungguh marah saya.

Tapi inilah masaalah Badawi, tidak tahu siapa itu yang berusaha atas kuasa Ilahi untuk memberi negara berekonomi sehat dan semangat Malaysia antara kaum yang tinggi untuk dia diamanahkan mentadbir.

Kebodohan tidak tahu menilai usaha yang berjaya walaupun setahun menjadi apprentice menular dalam pentadbirannya yang membawa kekancah penjahanam negara.

Badawi, jika engkau baca blog ini, tahulah bahawa saya tidak mahu kamu merosakkan Kehakiman Malaysia dan SEMangat Setiakawan antara kaum sebelum kamu pergi.

Di zaman awaklah penyuburan IFC, Bar Council, PERTikaian Pemilihan Hakim oleh Agung, Ketelusan Polis, BEBAS, Pergolakan Kaum, Papan Tanda Jalan 3 Bahasa berlaku.

Pergilah tumpu dengan kuasa PERdana Menteri itu untuk kemajuan PERTanian atau MENolong keberkesanan Zakat untuk menolong Fakir Miskin dengan lebih baik.

Janganlah buat benda yang awak tidak pandai.

Maaf Tun, Geram.

NEXT TIME

Next time, please do not manage economy like kitchen groceries. Malaysians do understand economics. Next time, please do not use rhetoric empty slogans. Malaysians are not only in kindergartens.

Next second chance..

Oh Malaysians... rise as where you were last time. Show your spurs again.

The new leader... please put Malaysians in your heart, remember what your father said. And should always remember, DR M and your father are not just good friends in casual acquaintance. They were friends in serving the people of the state.

/// 3. UMNO had adopted the democratic system apparently to ensure that betrayers of the party would be removed and replaced by better men. But clearly UMNO democracy has not always worked. Many have reached the top through false pretences. Once there they make use of their position of power to prevent democracy from safeguarding the party. By dishing out lucrative jobs and titles, by abusing the authority conferred on them, by threats of all kinds, these pretenders have been able to stop attempts at their removal, at least for quite some time.

4. The assumption of the self-serving leaders is that if they could control the division leaders through bribes and threats, their hold on the party would be ensured. Such was their stranglehold over the party that it seems the party was solidly behind them. They could do anything and they would be assured of loud approbation and support. ///

Assalamualaikum & Salam Sejahtera

1. Nampak begitu ghairah sekarang ini konon-nya 'angin pembaharuan' sedang melanda UMNO dan negara
2. Semuanya dek kerana keputusan PRU - 12 yang banyak pihak menyalahkan PM
3. Ok lah, kita akui itu antara sebab kekalahan besar BN yakni kegagalan PM untuk memacu negara ke arah yang lebih kuat dan maju
4. Akan tetapi, keghairahan menukar pemimpin yang konon-nya boleh membetulkan halatuju haruslah dibuat dengan berhati-hati
5. Ambil pesanan dari Mufti Perlis berhubung perkara ini di dalam tulisan di dalam kolumnya di dalam Mingguan Malaysia dua minggu lepas.
6. Betulkah Najib boleh menerajui negara dengan lebih baik lagi.
7. Atau Najib, Shafie Afdal dan lain-lainnya 'berkebolehan' menggalasa tanggungjawab memacu negara yang bertuah ini.
8. Barangkalai ramai yang pernah dengar iaitu pemimpin yang akan datang yakni yang akan mewarisi kemimpinan pada masa-masa akan datang sebenarnya lebih teruk lagi baik ahklaknya, moralnya mahupun kemimpinnanya.
9. Oleh itu, dalam 'keghairahan' menukar pucuk pimpinan ini, janganlah lupa hukum hakam Islam dan adat2 baik yang menunjangi kehidupan kita di atas dunia ini. Dan jangan lupa persoalan hari 'perbicaraan' 'di sana' besok.

Maafлах, saya bukanlah penyokong Pak Lah mahupun Najib. Dan saya bukan penyokong UMNO atau BN mahupun Pakatan Rakyat. Saya mendukung perjuangan PAS dan mengkagumi kehebatan YAB Tun dan Tuan Guru Dato' Nik Aziz

Kalaulah Tun dan Tok Guru dapat berganding memimpin Malaysia.....

Honourable Tun,

With all respect, my heart says that you are the one to be blamed for all the turmoil in Malaysian Politics today.

You appoint AAB and then play backstage politics to bring him down.

If I were to be AAB I would have stayed put in my position and carried out the mandate given by the rakyat, however weak it may be.

I see most of the bloggers praising and asking you to come back to

politics. But not me and those around me. You wasted tax payers money to build up Putrajaya and many other blunders. It is a real waste. My request to you is, please dont come back into our lives. You have done enough damage. Maybe your cronies would have benefitted by becoming superrich. But we at the lowest level of society are now suffering and going to suffer further with a new set of clowns coming to govern Malaysia. My tears for Malaysia, such a beautiful country, squandered and wasted by past leaders and present and the future clowns with your NEP and Malay Supremacy. Only God is Supreme in this world. I fail to understand how Muslims can forget this.

When God the Almighty rules, we shall see where we all stand. Honourable Tun, please retire with Grace.

Askm..Tun!

Hari ini terpangang di muka depan salah satu daripada akhbar tempatan yang menyatakan PM membidas kenyataan Tun. Antara lain, menyatakan seolah-olah Tun berlagak seperti seorang pengarah pemilihan parti UMNO. Buat pengetahuan Tun, baru-baru ini saya telah menunaikan tanggungjawab saya sebagai salah seorang daripada perwakilan dalam Mesyuarat Pergerakan Pemuda Bahagian. Seperti yang Tun & anakanda Tun, YB Dato' Mukhriz pernah katakan, berkenaan dengan elemen 'sekatan'. Ini jelas kelihatan di mana saya sendiri dapat menyaksikan bagaimana individu-individu tertentu dan calon-calon yang bertanding begitu licik dengan pelbagai helah serta taktik untuk memastikan yang mereka akan terus berkuasa. Calon-calon untuk MT Pergerakan Pemuda yang berkaliber dan boleh memimpin, diperingkat ini lagi telah dipancong. Satu lagi yang tidak dapat tidak untuk saya menafikan adalah, memanipulasikan Fasal 14 PERLEMBAGAAN UMNO (Para: 14.5.2) itu sendiri, yang mana, perwakilan-perwakilan yang terlepas ke Persidangan Agung itu nanti akan terdiri daripada orang-orang yang akan memberi undi kepada calon-calon pilihan mereka dan bukannya calon-calon yang benar-benar boleh memimpin serta membawa pembaharuan dan kemajuan untuk agama, bangsa dan tanahair.

Tun! Teruskan perjuangan, kerana perjuangan kita tidak pernah selesai. Kami generasi pelapis tetap setia dan sedia untuk berubah seperti mana yang di perjuangkan oleh anakanda Tun, YB Dato' Mukhriz. Saya masih ingat rentetan awal, dari mula Tun bersuara mengkritik kepimpinan hari ini, ramai pemimpin-pemimpin yang pro kepada Paklah begitu bijak dalam mensensasi serta memanipulasikan kenyataan. Mereka tidak menjawab apa yang Tun suarakan secara fakta, sebaliknya mereka mengecam dan memperlekeh-lekehkan setiap kenyataan Tun. Saya kira Laman Blog Che Det inilah wadah yang paling berjasa selain Tun dan tulisan-tulisan Tun sendiri. Terima kasih ...Tun! Di sinilah rakyat dan kami sendiri dapat menchedok cerita-cerita serta maklumat-maklumat yang sahih dari seorang pemimpin yang jujur.

Terus terang saya nyatakan pada Tun, secara peribadi rasanya, hampir semua orang (rakyat) dah tak 'confident' dengan Paklah. Cerita-cerita yang kenyataan-kenyataan Tun akan menyebabkan berlakunya pecah-belah dalam Umno, rasanaya sekarang ni pun Umno dah berpecah belah. Sebab itu orang tak undi Umno masa PRU ke 12 dulu. Sebab itu parti-parti komponen berani mintak itu dan mintak ini. Message dah pun di sampaikan. Degil.. Jadi.. masa di Permatang Pauh, orang (rakyat) tunjukkan lagi.

Semoga Tun terus sihat walafiat & terus memimpin kami ... walau pun hanya berupa cetus-cetusan di layar cyber ..Laman Blog Che Det ini.

Dear Tun,

MCA Wants Govt To Establish Check-and-balance System To Monitor ISA

KUALA LUMPUR, Oct 19 (Bernama) -- MCA has called on the the government to review the Internal Security Act (ISA) and establish a check-and-balance system to monitor its use.

This is to ensure that the ISA is applied strictly to cases related to terrorism and subversive activities.

Comment:

I wonder why MCA did not stress the importance of ISA be applied to cases of people like the elite few stupid Malaysians who are subtly trying to instigate and harping on racial and religious sentiments that could cause racial conflicts and rock the fabric of our society to live in peace and harmony. These are the people who are more dangerous than the terrorists like the HINDRAF. Clearly their actions have caused annoyance among the rakyat. They thought they could be a force to be reckoned with by having road demonstrations to fight for their "rightful" cause. What rightful cause? The right to build temples all over the places even at the road side. NO WAY !!!

HINDRAF promoters thought they can exert much influence. Sorry lah !! If HINDRAF is not banned the tendency would be that they will end up like the Tamil Tiger terrorists. Prevention is better than cure.

Actually, HNDRAF is just a minority group as if they feel too strong enough to threaten the government. If they continue to act irrationally they would just become losers. Make no mistake about it.

2. Dlm 4 thn awal berkuasa, reform yg telah dibuat ialah seberapa kerap yg boleh jalan2 makan angin keluar negara..... hasilnya habok pun tara.....

3. Akhir2 5 bulan berkuasa nak reform lg terutama ttg kehakiman. Sayangnya bila hak eksklusif seorang PM untuk memilih calon Ketua Hakim Negara hendak di reform iaitu dibaca sebagai 'sedekah' kpd pihak lain untuk memilih.... hu...hu...

Hi Tun,

Despite all the negative publicity from the mainstream media, I am of the opinion that many of your comments are valid. In fact some are worth given deeper thoughts and considerations.

The positive things that you have done while as premier sadly had been overlooked. You may have done some wrongs but you were indeed the only Malaysian leader that had proven to the world on many of your strategies for the country.

UMNO is going into a next phase soon. And, I find it difficult to understand your stand in supporting Najib despite all the adverse accusations. Many of these are not going to be good for him as the PM designate. Probably, the accusations may not be true. I feel strongly that you should make your comments with your insight and analysis.

KU LI PILIHAN TERBAIK BAGI CALON PRESIDEN UMNO DAN PERDANA MENTERI MALAYSIA KE-6.

1. Ku Li harus dilihat pilihan terbaik yang UMNO ada sekarang. Peluang harus diberikan kepada beliau.
2. Lebih-lebih lagi dalam keadaan sekarang di mana Umat Melayu Islam sedang berpecah-belah dan dalam kebingungan seperti tiada hala tuju dan masa depan.
3. Manakala kaum-kaum lain di Malaysia dengan pelbagai ragam tuntutan seperti menangguk di air yang keroh.
4. Pada diri Ku Li tampak ada karisma yang boleh menyatukan semula umat melayu dan seterusnya menyelamatkan UMNO dari berkubur.
5. Nasihat Yang Teramat Dikasihi Tun Dr Mahathir (TDM) pemimpin bukan sahaja bersih tapi mesti dilihat bersih.
6. Pak Lah dilihat tidak bersih. Najib pun tidak dilihat bersih. Keduanya banyak kontroversi. Pak Lah:- anak & menantu. Najib:- isteri &
7. Anwar pulak tak bersih langsung. Dengan kes liwat yang memualkan dan sokongan orang luar khasnya US yang teramat nyata!
8. TDM mengaku tersilap memilih Pak Lah. Saya cuma takut TDM buat kesilapan kali ke-2 dengan menyokong Najib. Wallahualam....
9. Saya berkeyakinan Ku Li dapat memadamkan semua api kontroversi yang semakin marak melanda kepimpinan UMNO sekarang.
10. Saya juga berkeyakinan hanya Ku Li yang mampu menutup terus mulut celupar Anwar dan seterusnya menghancurkan Pakatan Rakyat.

By perempuanmelayu on October 20, 2008 12:49 AM

Assalamualaikum Tun,

Walaupun saya baru sahaja meniti usia setahun jagung tetapi saya berasa amat takut dengan masa depan orang melayu. Dengan pengaruh politik yang tidak setabil dan hak sebagai orang melayu semakin terpinggir, saya sering tertanya-tanya apa yang akan terjadi pada melayu pada masa akan datang?? masihkah lagi melayu dpt berteduh di bumi tercinta ini?. masih ada ruangkah melayu untuk lebih maju berbanding dengan kaum lain? dan tidak adakah orang yang berani tampil kedepan untuk kembali memperjuangkan dan merampas kembali hak-hak yang kita ada. Bermacam-macam soalan yang hadir didalam benak fikiran saya. seperti yang kita dapat lihat sekarang melayu sudah tidak sekukuh dahulu. Melayu sudah semakin lemah disebabkan oleh perpecahan dan persengketaan yang terjadi didalam bangsa melayu sendiri. Melayu tidak bersatu untuk memperjuangkan hak melayu. Dimana pergi nya bangsa Melayu dahulu yang sama-sama berganding bahu untuk memperjuangkan kemerdekaan?. Ibu saya selalu bercerita mengenai bagaimana susah nya dahulu orang melayu ketika zaman sebelum kemerdekaan. Tetapi orang melayu sekarang sudah lupa siapa mereka. Mereka lupa bagaimana kita bersusah payah untuk mendapat kemerdekaan. saya berasa amat sedih dengan keadaan sekarang.

Untuk pengetahuan Tun, saya baru berusia 20 tahun dan menetap di pulau pinang. Apa yang membimbangkan saya sekarang orang melayu pulau pinang semakin terpinggir. Bangsa lain semakin gah mengejar kekayaan dan arus kemodenan. Tetapi bangsa Melayu bagai di anak tirikan di tempat sendiri. Kilang, syarikat-syarikat besar dan kawasan perumahan semuanya di monopoli oleh bangsa lain. Syarikat-Syarikat melayu pula boleh di bilang dengan jari. Malu rasanya apabila melihat keadaan ini. Sikap tamak orang Melayu yang menjual tanah mereka kepada bangsa lain juga menjadi punca yang menyebabkan tanah-tanah yang dahulu dimiliki oleh orang melayu telah dikuasai oleh bangsa lain.

Melayu sekarang semakin lupa diri. Saya amat menyokong dan hormatkan Tun kerana pada saya kepimpinan Tun telah banyak mengubah masyarakat Melayu dan Malaysia sebagai negara yang boleh di banggakan. Perwatakan Tun yang amat tegas dan berwibawa dalam mentadbir kerajaan menyebabkan bangsa lain takut untuk bersuara. Namun masa depan Melayu sekarang semakin malap apabila pucuk pimpinan beralih arah. Bangsa lain semakin berani mempersoalkan isu-isu yang berkaitan dengan hak-hak orang melayu dan agama islam. Kedudukan kita semakin tercabar. Tidak takutkah kita sekiranya peristiwa 13 Mei berulang kembali? Memikirkan ini saya amat berharap agar orang Melayu dapat kembali bersatu tidak kiralah apa fahaman sekalipun dan kembali menjadi sebuah bangsa yang teguh dan dihormati.

Bagi saya sekiranya UMNO adalah parti yang benar-benar memperjuangkan hak rakyat apa lah salahnya sekiranya mereka ikhlas dalam menjalankan tanggungjawab tanpa memikirkan keuntungan atau kepentingan diri sendiri. Seperti yang kita dapat lihat sekarang UMNO semakin goyah. Perpaduan didalam UMNO sendiri tidak dapat menyakinkan rakyat. Jadi kekalahan teruk Barisan Nasional dalam pilihan raya baru-baru ini sedikit sebanyak boleh diketahui puncanya. Apa yang pasti, bangsa melayu mahukan sebuah parti yang benar-benar kukuh dan benar-benar dapat mempertahankan hak rakyat. semoga Pemilihan UMNO yang akan datang dapat memilih pemimpin yang benar-benar dapat kembali mengubah persepsi bangsa Melayu terhadap UMNO dan kembali menyatukan BANGSA MELAYU.

Akhir kata saya doakan semoga Tun mendapat keberkatan dan kerahmatan dari ALLAH selalu.

Wassalam...

YABhg Tun... Assalamualaikum W...tuh..

Kpd khmusa on october 19, 2008 9:38pm...

Anda yg dihormati.. apa bezanya antara anda dengan DSAAB? Anda membaca dan bidas. Sayangnya anda xbaca dengan teliti dgn hati yg terbuka. Sementara DSAAB xbaca dan bidas. Orang2 di sekeliling DSAAB sudah tahu, sekalipun jika diajukan artikel YABhg Tun kpd DSAAB, beliau tak akan baca. Itulah sebabnya mereka ini berani menyampaikan maklumat yg salah kpd DSAAB. Oleh kerana tidak suka membacalah yg menyebabkan beliau tidak tahu apa sebenarnya yg dinyatakan oleh TSMY. Inilah akibatnya tabiat orang yg tidak suka membaca, tetapi suka mendengar cakap orang.

DSAAB mungkin tidak sedar, bahawa rakyat kini terutama sekali Bumiputera sudah mula merekodkan dan menilai apa sahaja yg diucapkan oleh beliau. Jangan sekali2 memandang rendah kepada orang yg bukan ahli UMNO. Saya mungkin tidak memilih siapa Presiden UMNO, tetapi saya memilih siapa yang memerintah Malaysia. Pada hemat saya YABhg Tun hanyalah pengkritik bebas. Macam kata ahli pembangkang kepada KJ, kalau takut kena kritik, jangan jadi wakil rakyat.

Kepada jebat71 on october 19, 2008 9:43pm.. Saya setuju 100% yg anda katakan, kecuali hal pilihanraya khas UMNO, kerana ia akan membuang masa dan wang rakyat.

Bagaimanapun saya ada cadangan.. Telus setelah2nya...

1. Semasa mengundi, semua perwakilan hendaklah diberikan kertas undi yg telah dicatatkan nama bahagiannya. Perwakilan hendaklah memangkah calon yg dipilihnya.
2. Selesai pengiraan dan pengistiharan, calon yg kalah dan yg menang, hendaklah diberikan senarai perwakilan yg mengundi mereka sahaja.
3. Selepas itu calon2 bolehlah menilai samada semua perwakilan telah mengundi mengikut pencalonan yg mereka buat sebelumnya.
4. Kemudian senarai pemilih tersebut disisipkan atau dicetak ke dalam akhbar tempatan untuk dilihat pula oleh semua ahli UMNO.
5. Rasionalnya..
 - a. Ahli2 UMNO akan tahu samada perwakilan yg dihantar telah memilih calon yg telah dicalonkan oleh bahagian.
 - b. Ahli2 UMNO bahagian berkenaan bolehlah mengenakan hukuman yg setimpal ke atas perwakilan berkenaan.
 - c. Jika memilih calon lain, hukuman mandatori ialah menerima rasuah.
6. Perlembagaan UMNO kena wujudkan hukuman mandatori sebagai penerima rasuah. Mereka ini hendaklah di bawa ke mahkamah, bukan Lembaga Disiplin UMNO.

Politik wang sukar dihapuskan, tetapi saya rasa ia boleh dikurangkan.

YABhg Tun,

Saya memetik kata-kata Tun:

"9.....Dan seperti yang dijangka usaha untuk memburukkan imej beliau (DSNajib) sudah pun bermula....."

Saya jemput semua pelawat chedet.com berkunjung ke laman web "BarkingMagpie" yang dikendalikan oleh pasquale. Pasquale telah mendedahkan perbuatan pihak-pihak yang dimaksudkan. Sila baca posting beliau terkini dan di bulan-bulan lepas.

Sekarang saya sudah jadi 'penagih' chedet.com, jebatmustdie dan barkingmagpie. Bill internet pun sudah bertambah. Apa boleh buat syok punya pasal!

Terima kasih.

Akum, TDM n bloggers

Utusan 19.10.2008

1)
KOTA KINABALU: Datuk Seri Abdullah Ahmad Badawi menegaskan, Tun Dr Mahathir Mohamad tidak berhak mengarah ahli Umno dalam menentukan pemimpin yang layak dipilih menerusi persidangan Umno bahagian kerana bekas Perdana Menteri itu bukan ahli parti.

2)

"Dia berlagak sebagai pengarah pemilihan parti, menentukan orang itu boleh pegang jawatan itu dan ini. Apa hak dia buat begitu," katanya pada sidang media sejeurus sebelum berlepas pulang ke Kuala Lumpur di Lapangan Terbang Antarabangsa Kota Kinabalu di sini, malam tadi.

3)

Dr Mahathir menerusi blognya di www.chedet.com semalam, antara lain menyatakan penyokong Abdullah tidak boleh diberi tempat dalam kerajaan yang bakal diterajui Datuk Seri Najib Razak jika mahukan kelainan berbanding pentadbiran sedia ada.

4)

Sehubungan itu, kata Tun, penyokong Abdullah tidak wajar diberi pencalonan mengisi jawatan menjelang pemilihan parti tahun depan.

Komen sy mengikut perenggan bernombor seperti berikut:-

1)

Bila pulak Tun boleh mengarah ahli.
Ada ke masa Tun nak mengarahkan ahli UMNO.

2)

Ada ke Tun tentukan orang ini pegang ini dan itu.
Dia yang tentukan menantu dia pegang ini dan itu.
Orang ini boleh pegang ini dan itu.
Kalah PRU08.Dia yg lucutkan jawatan menteri ini dan itu.

Kalau Tun lucutkan, sorang saja.
Yang masuk jail tu.
Tun tak masukkan menteri dalam jail beramai2.
Tun tak porak-peranda negara.Tun jaga rakyat.
Proven right.

Yang sorang tu mesti sendiri tahu apa yg dia buat.
Porahhhhhhhh!
Harini bentuk kerajaan. Esok turun minyak.
Global naik minyak.Malaysia turun minyak.
Kerajaan outerspace ker????????????????????
Silap hantar Dr Sheikh Muszaphar ke outerspace.

Anwar tu yang patut dihantar.
Takdelah Tun nampak kejam.
Hantar TPM ke bulan.
Pastu tak payah balik kat bumi dah.
Kat bulan tak payah pakai minyak.

Carigali minyak kat sana.
Kalau jumpa, boleh supply kat rakyat kat bumi ni.
Turun lagi harga minyak.
Tambah rizab minyak 40 tahun yg negara ada.

Jangan tersalah hantar kat Amerika dah la.
Setahu aku Amerika serang negara Islam.
Sebab nak tambah rizab minyak dia orang sahaja.
Yang kaya ngan minyak ni negara Islam.

Melalui pulak saya....k berbalik kepada topik...

3)

Dr perenggan 10)dlm blog ni.Tun tulis.

Sementara itu pencalonan untuk jawatan-jawatan lain sedang berjalan. Jika Kerajaan Najib berkehendakkan kelainan daripada Abdullah maka penyokong Abdullah tidak boleh turut serta.

Maksud ayat yang ditulis berdasar percakapan Abdullah oleh media tak sama dengan apa yang Tun maksudkan.

Kenapa nak bina persepsi yang salah tentang Tun.

4)

Pendapat adalah pendapat.

Arahan adalah arahan.

Pengarah adalah pengarah.

Tun adalah Tun.

Tungu 100 tahun lagi, belum tentu akan lahir lagi satu Mahathir.

Belajarlah menghargai.

Tun alwaiz NO1.

Jelous, jangan tak jelous.

Salam Tok Det.

1. Pak Lah semakin terdesak dan didesak

2. Bila semakin terdesak dan didesak Pak Lah melatah

3. Lagi banyak Pak Lah melatah lagi banyak kelemahan sendiri ternampak.

4. Kenapa baru sekarang bersuara? Kenapa dulu diam dan membiarkan orang lain menemplak dan membidas Tok Det? Elegance Silence? or Silence of the Lamb?

5. Mungkin Pak Lah semakin cemas bila suara Tok Det semakin didengari dan semakin lantang? Blog Tok Det rakyat bersesak-sesak masuk? Rakyat menunggu posting Tok Det setiap hari? Ada yang sampai tahap ketagih!

6. Atau mungkin dia risau KJ tak cukup pencalonan?

7. Atau mungkin orang dah tak mau bersuara bagi pihaknya sebab hayat sebagai PM dah tinggal nyawa-nyawa ikan?

8. Begitulah ragam dunia. Bila di atas kita disanjung. Bila tiada kuasa dan pangkat orang tak pandang. Tak hormat. Itu belum lagi letak jawatan secara rasmi. Tok Det sudah melaluinya. Kini giliran Pak Lah.

9. Tapi Tok Det amat jauh berbeza dengan Pak Lah. Tak payah ceritalah. Semua orang tau. Satu dunia tahu. Blog Tok Det yang sesak ini salah satu buktinya. Banyak lagi bukti lain.

10. Sebaiknya Pak Lah ikut nasihat Tok Det iaitu:

DIAM!!!!

Berita tv sidang akhbar PM di sabah, pd pdpt saya tidak menyumbang apa-apa kebaikan kepada UMNO.mahupun Barisan Nasional.PM bidas T.Mahathir pada saya bukan tidak boleh cuma susunan perkataan yang keluar dari mulut itu harus selari dengan kedudukannya sebagai PM.ia seolah-olah menggambarkan PM risau akan nasib penyokongnya.Pada saya Blong Tun ini tidaklah memungkinkan tun mengarah...Paling mengejutkan saya Tan Sri Muhyidin Yassin turut kena tempiasnya.dan ulasan PM mengenai percubaan meminta KM melaka Tarikh diri.ia seharusnya tidak timbul pada masa sekarang kerana umunya kita tahu PM tidak mempertahankan jawatannya dalam UMNO.dan masa inilah patut digunakan untuk memperbetulkan parti UMNO dan BN.

TMY pada saya betul meminta tempo kempen pemilihan UMNO dipendekkan.tempo panjang pada saya memungkin banyak perkara yang berlaku.membuang masa.malah mengganggu tugas mereka yang bertanding mala rakyat juga tertunggu-tunggu.dan paling teruk pelabur pelabur juga mungkin terpaksa menukar fikiran.

pada hermat saya adalah lebih elok permulaan tahun baru 2009 digunakn sepenuhnya untuk menyatupadukan rakyat,memulakan satu semangat baru dalam gabungan Parti pemerinta BN untuk menunaikan tanggungjawabnya kepada rakyat.bukanya digunakan untuk kempen politik.

Jika diteruskan juga pemilahan Umno pada bulan mac ini.maka genaplah usia setahun melaysia menghadapi ketidaktentuan politik sejak dari PRU ke12.malah mungkin juga berlanjutan dua tiga bulan lagi.

tidak salah pemilihan umno diadakan pada jadual asal dan juga tidak salah jadual peralihan kuasa seperti yang dipersetujui pada bulan mac diteruskan walau PM kita tidak lagi Presiden UMNO.sebab dia masih lg pengerusi BN.perlu diingatkan tidak semua perkara boleh dilakukan secara automatik.apapun saya serakan ini kepada pemimpin-pemimpin UMNO untuk memikirkanya dengan bijak.untuk kebaikan rakyat amnya.

Mengenai Calon Timbalan presiden UMNO pada saya seseorang itu seharusnya boleh diterima oleh semua ahli gabungan dalam parti pemerinta BN.dan pada saya TMY adalah calon yang palik layak.sebab kerana TP.UMNO juga Calon Timbalan perdana menteri.dan juga beliau juga ahli parlemen.

Dear TUN,

1. What does pak lah meant by people outside UMNO can made any comments, suggestions, opinions, analysis or criticism. He just day dreaming and doesn't set foot on the real world. How could he demands that respect from RAKYAT. Tun is a RAKYAT and so doest everybody that writes in your blog. So.. he should remarks all of US here on the comments that he received thru your blog. We just use your platform

to spell out our opinion and frustration. Does he reads your blog just on your write up or the whole comments that appears following your write up. Clearly everyone of us agrees on your comments and show our feeling towards our current leaders and his cronies.

2. Yes, Pak Lah worries about the reform that is happening beyond his expectation. He need to say something so that people must think that he is in control or he want to show his wreath of his power before stepping down. He is creating the unstability in the UMNO "pencalonan" as a result of your comments. He would spin the contents in the media as made the justification to control or manage the dispute inside the party. What a cheap scheme!!!

3. In this time of Economic crisis there is a term called VSS " Voluntary Separation Scheme" this is what the company does to reduce the overhead but it come with the cost of compensation. So, Pak lah is hoping that the government to consider his leaving the political arena with a large amount of loot. There is nobody in the government nor UMNO to consider the package for him, then he must device a scheme by himself for stepping down the throne.

4. Please PAK LAH enough is enough go gracefully don't wait until all of MALAYSIAN spit on you!!! GROW UP....you are not wanted. SO for TV3 or other media that helps pak lah in his theater please stop you guys as a good as the JEWS!!!!!!

5. For those UMNO members...DOOM is you not able to understand the message that were sent by the people and made change to this. We are looking to all of the UMNO members selecting the FUTURE malaysian LEADERS that meets the QUALITY for the challenging futures. Please decide carefully and made that decision for the sake of MALAYSIAN future generations or ALL of you that registered as the UMNO members shall be cursed to your grave!!!

GOOD LUCK to ALL of YOU.

ps I'm not the UMNO member but always watching you guys. Listen to this OLD MAN.

Good Health TUN and wish you joint back the PARTY.

Salam buat Ayahanda Tun sekeluarga dan rakan semua,

Pak Lah dah nak turun takhta baru berani nak sembat Tun dalam akhbar semalam. Kenapa selama ini belaiu hanya berdiam diri? Mungkin sebelum ini Pak Lah lena tidur sehingga tak sedar diri, la ni dah sedar baru nak buka mata.

At least dia pun sempat dan dapat bersuara. Semoga selepas ini, Pak Lah dan Tun berkawan semula nohhhh!

Assalamualaikum Tun yg sangat saya sayangi,

Actually Pak Lah tak lagi relevan untuk menjadi pemimpin malaysia yg kelima. Sikap tak tentu hala dan menundingjari tanpa memperlakukan perincian terhadap sesuatu isu mencerminkan sikap Pak Lah yg sebenar dalam menerima sesuatu isu amat lemah. Bagaimanakah pemimpin yg lemah ini dipilih menjadi peneraju Malaysia 5 tahun yg lalu. Apakah keistimewaannya? Pak Lah adalah pengkhianat negara yg

sebenarnya dan pemusnah UMNO dan negara Malaysia.

Saya ingat lagi masih saya kecil bagaimana Tun Mahathir menerima segala perkara yg negatif yg menimpa Tun dan keluarga Tun dengan sikap terbuka dan berusaha memperbaikinya. BUKANNYA menunding jari mencari kesalahan dan kelemahan orang lain tanpa melihat diri sendiri terlebih dahulu. Ini sungguh memalukan negara Malaysia mempunyai pemimpin terburuk.

UMNO pada umumnya memang tidak relevan lagi pada Melayu walaupun pada dasarnya UMNO sahajalah tunjang yg dapat memberikan kekuatan kepada orang MELAYU kini dan selamanya.

Jika kita ingin melihat kegemilangan UMNO dimana orang Melayu bersatu padu dan memajukan masyarakat melayu terutamanya dalam bidang agama, ekonomi dan pendidikan kita perlulah memperbaiki dasar dasar yg sedia ada di dalam UMNO. Jika banyak dasar yg lemah dan samar samar yg dapat memberikan manfaat dan kekuatan kepada orang MELAYU dipandang enteng saya pasti UMNO bukan lagi parti yg relevan dalam memperjuangkan hak Melayu. Lihat sahaja hari ini hak Melayu dan jati diri bangsanya semakin lama semakin hilang dan luntur kerana pengaruh dan budaya luar dek alpa dibuai mimpi.

Kita perlukan pemimpin yg jujur dan berpandangan jauh disamping amanah dalam menjalankan tugasnya terhadap rakyat. Semua ini dapat dilakukan andai rakyat diberi hak eksklusif dan diberikan medium menyalurkan pandangan dan isi hati mereka pada tempat yg betul agar segalanya dapat didengar dan diberi perhatian serius khususnya kaum melayu dalam menilai pemimpin yg dipilih. Hanya rakyat sahaja yg dapat menentukan jatuh bangunnya seseorang pemimpin yg baik.

Tun anda adalah Pemimpin Sejati dan anda tetap disanjung sebagai pemimpin berjasa andai jasadmu sudah tiada lagi di dunia.

KUALA LUMPUR, 19 Okt (Hrkh) - Timbalan Perdana Menteri, Dato' Seri Najib Tun Razak

berkemungkinan tidak berpeluang untuk mengambil alih jawatan Perdana Menteri ekoran beberapa isu terkini yang dikaitkan dengan beliau. Iklan

Beberapa penganalisa politik berkata, Perdana Menteri, Dato' Seri Abdullah Ahmad Badawi biarpun ditekan hebat oleh pemimpin Umno agar berundur diri tidak akan melepaskan jawatan tersebut dengan mudah.

Sebaliknya, Abdullah kini sedang menyusun strategi untuk memerangkap Najib dengan pelbagai isu yang boleh memusnahkan impian anak bekas Perdana Menteri kedua itu untuk menerajui kerajaan.

Abdullah yang dibantu oleh menantu beliau, Khairy Jamaluddin Abu Bakar bersama geng tingkat empatnya sedang mengumpul sebanyak mungkin bukti penyalahgunaan kuasa yang dilakukan oleh Najib sepanjang memegang jawatan Menteri Pertahanan.

Pendedahan kelulusan pembelian helikopter Cougar EC 725 kepada syarikat Eurocopter dalam "keadaan meragukan" serta dakwaan salah guna kuasa dalam kes Altantuya dikatakan dirancang oleh Khairy dan 'budak tingkat empat'.

Abdullah dilaporkan telah memanggil Ketua Setiausaha Kementerian Pertahanan baru-baru ini untuk meneliti hal ehwal tender pembelian helikopter tersebut.

"Keputusan Abdullah bertukar dari kementerian kewangan ke kementerian pertahanan kerana beliau mahu mendapatkan bukti untuk menjatuhkan Najib," kata penganalisa politik yang enggan identitinya dikenali.

Kata penganalisa politik itu lagi, Najib sepanjang memegang jawatan Menteri Pertahanan telah membiarkan isterinya, Datin Seri Rosmah Mansor berkuasa hingga dikatakan memiliki pejabat sendiri di kementerian tersebut.

"Ada yang mengatakan kalau mahu dapat kontrak dengan kementerian pertahanan perlu jumpa Rosmah bukan Najib," kata penganalisa politik itu lagi.

Abdullah juga dikatakan sengaja mengarahkan agar pengendali laman web Malaysia Today, Raja Petra Kamaruddin ditahan dibawah ISA kerana bimbang keselamatan penulis kontroversi itu.

Tindakan menahan Raja Petra dilakukan semata-mata kerana tidak mahu Najib mengupah sesiapa sahaja mencederakan atau membunuh penulis tersebut.

Raja Petra yang banyak mendedahkan salah laku Najib dikatakan memperolehi maklumat dari orang Abdullah.

Kandungan SMS antara Najib dan peguam kanan Dato' Muhammad Shafee Abdullah, dipercayai telah diberikan kepada pengedali Malaysia-Today oleh 'orang' Khairy kerana mahu memastikan imej Najib terus tercalar dan akan disiasat serta didakwa atas dakwaan salah guna kuasa.

Jika Najib didakwa, Abdullah akan mengumumkan pelan peralihan kuasa dibatalkan dan terus kekal sebagai Perdana Menteri serta akan melantik Timbalan Perdana Menteri baru.

Manakala seorang lagi penganalisa politik pula berkata tindakan Abdullah menyerahkan jawatan Menteri Kewangan kepada Najib merupakan isyarat tersembunyi untuk menjatuhkan Timbalan Perdana Menteri itu.

Kata penganalisa politik itu, tidak pernah berlaku dalam sejarah politik tanahair seorang menteri kewangan akan dilantik menjadi Perdana Menteri sebaliknya kebanyakan mereka akan disingkirkan.

Dengan mengambil contoh penyingkiran yang dilakukan oleh Tun Mahathir terhadap Dato' Seri Anwar

Ibrahim selaku Timbalan Perdana Menteri dan Menteri Kewangan, Abdullah akan menggunakan cara yang sama untuk menyingkirkan Najib.

aprciate ur comment Tun.

assalamualaikum tun,

sorry second comment on the same page, but just can't hold back and not say anything about paklah's outburst

1) siapa tun dr. mahathir mohamad paklah tanya? tun lah orang yang berjuang bukan sahaja hak orang melayu tapi untuk semua rakyat Malaysia dan juga hak orang islam sedunia. kalau paklah dah lupa, bosnia dulu tengah kemelut, tun yang jadi penyelamat. Malaysia dulu di landa krisis kewangan sampai banyak negara "dijajah" ekonomi mereka, tunlah yang mempertahankan Malaysia. OIC dulu orang kata ooh i see, tunlah yang meniupkan semangat baru. kereta nasional, maruah negara, bangsa Malaysia semua hasil Tun Dr. Mahathir Mohamad.

2) apakah salah orang2 yang berkerja dengan paklah? soalan ini kalau nak dijawab... march 2009 baru selesai jawabannya. jangan tengok orang lainlah, tu... anak hantu seekoq tu punya hal, cukup dah nak bagi lingkup negara. tempat dia menang pencalonan, ada kontrovosi. kenapa? dianiaya atau menganiaya?

3) "Sebenarnya beliau mahu menimbulkan pergolakan, kemarahan dan kebencian" siapa yang sebenarnya menimbulkan pergolakan, kemarahan dan kebencian wahai paklah? tepuk dada tanya selera. orang UMNO pun berani langgar tradisi suruh berhenti cepat. mesti ada sebab.

4) "Adalah lebih baik Tun tak cakap langsung pada hari ini". dari jumlah "hits" yang blog tun terima sehigga boleh dianggap seperti rekod baru, membuktikan Rakyat Malaysia mahu tun bercakap hari ini, esok dan selamanya. tak perlu jadi ahli UMNO untuk bercakap perkara yang benar.

oleh itu dengan hormatnya, tolong jangan hina tangan yang pernah menyuapmu. bagus juga cadangan paklah untuk menjadikan sejarah sebagai topik penting di sekolah.

wahai orang Melayu, sedarlah! semua orang tanya hak masing-masing, kita pula jual dengan harga rm150. tak melayu hilang di dunia.... cuma merempat di bumi sendiri.

Salam hormat Tun,

Pak Lah questioned "Who is he (Tun)"? I don't know whether to feel upset or to laugh.

My reply to our dear Pak Lah:

He was the one who "hired" you.
And he is the one who can "fire" you.

If you (Pak Lah) still doubt his integrity, please realize that even when he (Tun) is not in UMNO, he can still bring you (while being PM and President of UMNO) down.

So, who are you Pak Lah to question Tun "Who are you"?

Assalam malaikum.

Satelah baca komen2 para pembaca, ada yg usul kan bahawa Tengku Razaleigh sebagai calon yg paling layak utk menerajui jawatan Presiden UMNO dan PM Malaysia. Sedikit sebanyak saya setuju kerana pada pendapat saya, Najib pada waktu ini tidak sesuai gara2 pelbagai isu tentang peribadi dia dan istrinya (The Penguin) Mungkin lebih baik kalau Najib jadi pelajar ka tengku razaeigh sebelum beliau ambil alih katakan lah dalam 5-6 tahun lagi.

Tajuk Tun hari ini ilah mengenai ahli2 UMNO yang harus mebuat keputusan yg bijak agar parti ini tidak hancur atau hilang langsung dari muka bumi Malaysia ini.

Saya setuju sangat UMNO harus 'weed out' mereka yang lebih mementingkan diri sendiri dan menumukan kapada kuasa dan kekayaan dari menjaga martabat orang Melayu. kalau ini tidak di buat , saya yakin tidak lama lagi UMNO akan berkubur.

Misalan nya...hari ini di STAR, saya lihat Tun dan beberapa pemimpin laen ber posing di rumah Datuk Abdul Rauf, saorg ahli UMNO dan setia kapada Najib.

Saya ialah sala satu kontrakotr yg bikin dan menyiapkan rumah baru beliau. Satelah siap baki RM9000 tidak di jleaskan atas banyak alasan yg tidak munasabah. Sama juga dgn kontraktor2 laen. Saya ialah kontrakotr berpengalaman dan telah banyak bikin rumah2 orang bukan melayu terutama orang Cina. Tapi sedih nya satelah saya siapkan rumah orang melayu i.e Datuk Rauf , saya tidak di bayar.

Orang2 seperti beliau memang ramai di UMNO. Mereka pakai kereta besar dan mahal dan rumah2 mereka semua bertaraf bungalow. Mungkin mereka ini sama seperti Datuk Rauf kut. Rumah dah siap bayaran tidak mahu di jelas. Kami sebagai kontrakotr kecil takut untuk mengambil tindakan kerana ini bukan kontrak resmi seperti JKR. Lagi pun mereka guna kan pangkat Datuk, Datin, Tan Sri untuk 'abuse ' kami yang kecil ini.

Itu sebab pada Pilihan Raya dulu, ramai ahli UMNO dan orang melayu rela pangkah Pembakang dari UMNO/BN kerana mereka marah dan benci kapada orang2 sperti Datuk Rauf ini. Org seperti mereka suka menindas bangsa sendiri apalagi dari kalangan yang bawah.

Sekarang beliau hanya menunggu saat Najib jadi PM dan pada waktu itu akan mulai 'abuse' jawatan mereka untuk mendapat ' the big shares atau harta karun yang mereka impian kan itu.

Sekali lagi ahli UMNO biasa dan orang Melayu akan marah dan pasti apada Pilihan raya akan datang tidak memangkah UMNO/BN lagi.

Saya amat berharap Najib baca komen saya ini.

Maafkan saya Tun. I do not have any other avenues to express my dissappointment at my own leaders such as Datuk Rauf.

Ayahanda Tun sekeluarga, assalamualaikum.....

1. Tajuk utama Mingguan Malaysia 19 Oktober 2008 – PM bidas Mahathir (berlagak sebagai pengarah pemilihan parti Umno).

2. Buletin 1.30 TV3 19 Oktober 2008.

Pak Lah tidak perlu melatah dengan setiap pandangan yang dilontarkan oleh Ayahanda Tun. Idea tersebut hanya berdasarkan kepada pengalaman 22 tahun sebagai PM, bukannya satu arahan bertujuan untuk memporak - perandakan parti. Sejarah telah membuktikan bahawa dunia telah mengiktiraf negara kita ketika di bawah kepimpinan Ayahanda Tun. Jika Ayahanda Tun mempunyai niat yang tidak baik terhadap parti dan negara maka telah lama Ayahanda Tun melakukannya. Malah Ayahanda Tun yang

telah menghalang niat tidak baik DSAI.

Memang benar Ayahanda Tun berada diluar parti sepertimana saya dan berjuta lagi rakan – rakan yang lain. Saya ingin jawapan ikhlas dari pemimpin – pemimpin parti yang berprinsip, adakah Umno dapat survive semenjak PRU 1 sehingga PRU 12 jika mengharapkan undi dari ahlinya sahaja. Walaupun ramai orang melayu tidak pernah menyertai mana – mana parti tetapi masih ramai melayu seperti ini yang memberi undi kepada Umno termasuklah saya sendiri. Adakah melayu di luar Umno tidak mempunyai hak untuk bersuara untuk kebaikan Umno. Mungkin Pak Lah menganggap pandangan dari luar ini adalah suara – suara sumbang atau pun penyibuk tetapi perlu diingatkan Pak Lah sendiri telah membuat pengakuan peristiwa 8 Mac 2008 adalah kerana ahli Umno sendiri yang tidak mengundi BN. Mana lebih baik, ahli Umno yang menjadi pengkhianat parti semasa pilihanraya atau pun bukan ahli yang setia mengundi Umno/BN semasa pilihanraya.

Melayu di luar Umno tiada nilainya semasa pemilihan kerana amat mustahil dapat menjadi perwakilan bahagian bagi menentukan barisan kepimpinan Umno Pusat menjelang pemilihan nanti tetapi dimanakah nilainya jika pengkhianat parti semasa PRU adalah orang yang sama dengan perwakilan nanti. Lebih baik berlagak sebagai pengarah pemilihan parti Umno daripada menjadi Kitol. Tidak keterlaluan jika dikatakan salah satu faktor yang menyebabkan ramai melayu menjauhkan diri dari Umno adalah kerana watak musang berbulu ayam. Watak – watak sebegini amat berpengaruh di bahagian kerana amalan politik wang. Walaupun aduan telah dibuat tetapi tiada sebarang tindakan dengan alasan tiada bukti kukuh. Tak tahulah dimanakah kepincangannya. Yang pasti kerja – kerja jahat di dalam politik ini tidak akan meninggalkan bukti. Yang tinggal hanyalah kesan buruk kepada parti. Pernahkah pihak yang berkaitan menyiasat dari manakah datangnya punca duit tersebut dan siapakah dalangnya disebalik watak Kitol dan musang berbulu ayam tersebut.

Saya tidak taksub kepada Ayahanda Tun dan tidak juga membenci Pak Lah. Mereka berdua perlu dihormati sebagai pemimpin bangsa kita, masing – masing ada keistimewaan tersendiri. Rakyat pasti berbangga jika pemimpin kita yang juga manusia biasa dapat memaafkan antara satu sama lain. Yang jernih ada nikmatnya, yang keruh ada hikmahnya. Sama – sama kita berdoa semoga perpecahan pendapat di antara Ayahanda Tun dan Pak Lah itu bukanlah titik permulaan kepada perpecahan di dalam Umno sebaliknya adalah titik permulaan bagi kebangkitan Umno demi survival melayu.

Jika wang ringgit menjadi taruhan maka leburlah Umno semasa PRU 13 nanti. Penghakiman manusia tidak seadil penghakiman Yang Maha Esa. Umno bukan untuk ahlinya sahaja tetapi untuk melayu dan seluruh rakyat Malaysia.

To those who anti-Tun,

I belive if Tun doing a wrong idea to build this nation and u guys stated it is an investment loss we wont see any indirectly capital investman from foreigener like we have right now.All the facilities and building made are made for all rakyat Malaysia.

Does Tun build and create nation for his family?Tun build this nation for Malaysian generation that I belive will be sustain continuously by future generation.Its not investment loss but it help to get capital investman,to migrate and manage the goverment well and to ensure Rakyat get fully utilisation from government throught many generation.Do you know the cost will be more increase if we create it late.It will be more expensive if Tun delay the implementation building.Man is great job made by one man to fulfill the task in 22years.In many place like other asian country they take much longer than us and it cost much rate and at the same time its already late as the population will be increase as well.

Man u think if u want to do something u do for free and can do cincai ka???U all who anti mahathir can think or not??u not build building for ur house but u build for nation,of coz we need highly quality connstruction and we have to bear the cost.The cost will be much expensive if Tun wanna finish thier

project in 55year and at point of time Malaysian population is totally increase and i can said its too late.Please do know how to appreciate people who feed u and who build the place u live now.dont be like a dog who bite thier owner back.We are human.

Do u guys can start think.Not everyhting is cheap to get.And a lot of factor u have to think.Tun mahathir develop this nation to fast.only takes 22 years.Hey he is amazing and talented people.

Why do u guys still cannot see??In 22 year what do u guys do for this nation and ur children??can u compare ur own capabilities in 22years before u judge him???

U guys are totally out of mind if u cannot see talented people and amazing people like Tun being appreciate.

Just find other country and live there for 22 years like uk or any place that can have people rule correctly.

Common la rakyat Malaysia of coz we are human being which have negative and positive side.We make mistake but by mistake we learn.

Tun is outstanding people at anytime

Dear Tun,

Najib promised to set up a Council of Presidential Advisors to be made up of Umno elders.

Comment:

This is the most appropriate initiative to help strenghen the credibility of UMNO President so that he can always revert to second opinion if he requires it, so that his policies will always be consistent and accepted by the grassroot members without any doubtful feeling.

Salam TUN!

Sebelum ni saya just baca blog tun tapi tak pernah hantar komen. tapi hari ni saya sanggup daftar untuk hantar komen di blog TUN ni.

1. Saya begitu tak sangka yang paklah boleh bagi komen macam tu pada TUN.. macam tu ker karisma seorang PM? kesian...
2. Dalam apa jua kes, paklah tak pernah salah. tapi takpe, sementara dia jadi PM ni biarkan dia berkokok. Mungkin dia ada Plan B untuk pastikan "PAKLAHRISM" terus ada dalam UMNO, tapi takpe, saya tetap takkan sokong dia..
3. Paklah kata Tun dah takde kuasa, jadi macam mana orang yang ada kuasa 'kalah' dengan orang yang tiada kuasa? (perkara ni mengingatkan saya tentang kata2 paklah dulu.. "depa kata saya lembek tapi depa takut kat si lembek ni".. haha)
4. Daya fikirnya tak cukup tinggi untuk membalas serangan sehingga TERPAKSA meminta simpati media. kesian!
5. Kenyataan paklah seperti menghina TSMY, tapi takpe, kalau takde orang sokong, takkan dia yang paling banyak pencalonan kan!
6. Mula-mula salahkan Tun, lepas tu salahkan Muhyidin. Bila nak salahkan KJ?
7. Mana dia Al-Ghazali? dah jumpa ker Al-Shafie? atau sekadar dalam mimpi? haha....

8. Dah lah paklah, dah kalah pun!

sekian..

SAYA BERPENDAPAT TERDAPAT DUA GOLONGAN UMNO PADA MASA INI, GOLONGAN PERTAMA ADALAH YANG TAMAK, YANG MAHUKAN KUASA DAN INGIN 'MEMPERKAYAKAN' DIRI SENDIRI KERANA MEREKA SUDAH LIHAT APA YANG BOLEH DIBUAT APABILA MEMILIKI KUASA. GOLONGAN YANG KEDUA, ADALAH MEREKA YANG BENAR2 MAHU MEMPERBAIKI KEADAAN NEGARA SEKARANG. SUDAH TENTU PARTI PEMBANGKANG PADA MASA INI SEDANG BERTEPUK SORAK MELIHAT KEMELUT DALAM UMNO...

SEKIRANYA PEMIMPIN UMNO MASIH LAGI TERBUAI DENGAN MIMPI, MEREKA AKAN HANCUR. SEJARAH MEMBUKTIKAN, MANA2 GOLONGAN MANUSIA YANG MEMBELAKANGKAN AGAMA MEREKA TIDAK AKAN KEKAL LAMA, TUHAN SENDIRI AKAN MENGAZAB MEREKA.....KALANGAN PEMIMPIN UMNO SUDAH BIASA DENGAN RASUAH, HINGGA KINI MEREKA SEMAKIN BANYAK MELAKUKAN PERBUATAN YANG SALAH....INSYAALLAH, BALASAN TUHAN AKAN DATANG DAN MEREKA AKAN HANCUR...

SAYA JUGA TIDAK MAHU PKR MEMERINTAH NEGARA KERANA ANWAR BUKAN PEMIMPIN YANG LAYAK YANG BERSIH, SEMASA MENJADI TPM PUN SUDAH JELAS PERANGAI SI ANWAR NI TAPI HERANNYE RAMAI JUGAK ORANG MELAYU YANG SOKONG DIA....MUNGKIN SEBAB TAK ADA PILIHAN.

PEMIMPIN UMNO PATUT MUHASABAH DIRI....KHAIRY TU MEMANG TAK PATUT JADI PEMIMPIN, SEBAB MASA BERKEMPEN DULU PUN DIA DAH CELUPAR,,MACAMANA NAK JADI PEMIMPIN KALAU TAK ADA ADAB SOPAN

Assalamualaikum Tun yang dikasihi,

Marah betoi PakLah kepada Tun dan TS Muhyiddin Yassin.

Biasanya orang jadi marah ni ada dua sebab. Sebab pertama perkara yang dikatakan itu benar maka dia akan cuba menegakkan benang basahny.

Sebab kedua perkara yang dikatakan itu TIDAK benar maka dia akan cuba mempertahankan kebenaran dirinya.

Jadi PakLah marah kerana apa? Pembaca nilailah sendiri.

Sekarang fahamlah kenapa Tun suruh PakLah tutup mulut. Rupanya Tun dah lebih dulu menduga bila PakLah buka mulut dia akan merapu. JAUHARI JUGA YANG MENGENAL MAKNIKAM.

Apapun Blog Tun telah mendapat liputan meluas secara percuma kerana ia disiarkan dalam berita TV3. Saya yakin dan percaya selepas ini lebih ramai yang akan melayarinya. Kalau tidak masakan dah mencapai 8.5 juta hits. Makin popularlah Blog chedet.com ini nampaknya.

Yang dikasihi Tun dan TS Muhyiddin teruskan perjuangan.

BECAUSE BOTH OF YOU NEVER WALK ALONE.

Salam Ayahanda Tun. A very good move by Datuk Seri Najib to throw in the PAC into detailing the helicopter purchases. PAC must also make a mention of all the high-tech technological advancements fitted as options on these helicopters. Then the RMAF should go all out to explain and to educate the knowledge hungry public what all the technological abbreviations actually does in keeping our RMAF men and women safely airborne, and safely home again to their families. At the end of the day, it's all about protecting RMAF best assets: human lives.

assalamualaikum,

Selamat hari raya buat Tun sekeluarga.

Ini pandangan saya sebagai seorang pengundi tapi bukan seorang ahli umno.

Ingat,dulu umno kuat bukan sahaja disebabkan sokongan ahlinya semata-mata, tetapi juga dari sokongan orang melayu yang bukan ahli dan kaum-kaum lain. Sekarang umno lemah berpunca dari ahlinya sendiri menyebabkan sokongan bukan ahli dan kaum lain hilang.

Berkaitan dengan pemilihan umno sekarang, kenapa dsaab perlu melenting dengan tun. Pandangan saya pada dsaab;

1. tulisan tun dalam blognya adalah pandangan dan saranan bukan arahan.
2. seorang pemimpin bukan sahaja mengikut pandangan puak yang dipimpinnya tetapi keseluruhan pihak2 yang lain.
3. terdapat pelbagai pandangan dari pelbagai pihak samada dalam parti, diluar parti, orang melayu, bukan melayu, orang malaysia dan bukan malaysia. bezanya ada yang dinyatakan dan ada yang tidak berkaitan pemilihan umno ini.
4. tun sekarang bukan ahli umno, tetapi tun adalah rakyat malaysia yang merupakan bekas pemimpin umno dan pemimpin malaysia
5. umno pada masa ini adalah tunjang dalam pemerintahan negara, siapa yang dipilih nanti adalah merupakan mereka2 yang turut mentadbir negara. Oleh itu setiap rakyat malaysia patut meneliti dan mengikuti malah memberi pandangan dalam pemilihan ini. Lainlah kalau umno tak perlu lagi menjadi sebahagian dari parti yang memerintah malaysia. sebagai negarawan ulung tun adalah orang yang selayaknya memberikan pandangan beliau. rakyat malaysia dan ahli umno cuma perlu menilai dengan akal yang waras.
5. inilah antara punca kegagalan dsaab. mungkin beliau seorang yang baik tetapi tidak tegas dan peka dan mendengar pandangan dari sumber yang tepat dan lambat bertindak atau terburu-buru..... wallahualam.

Assalamualaikum Tun dan Isteri.

Nampaknya paklah marah benar dgn saranan Tun supaya penyokongnya tidak dipilih dalam perhimpunan Agong UMNO nanti.

Rasa-rasa dia tengah merancang sesuatu.

Selamat berjuang Tun.

By popiah on October 20, 2008 8:01 AM

Saya ingat anwar je reti marah2 masa berucap.

Ironinya sorang pemimpin tertinggi sesebuah negara jarang dilihat membuat statement berunsur marah yang terlalu "kerakyatan". Tetapi dah banyak kali PM kita marah sehingga keluar dari batas2 sorang pemimpin tertinggi. Adakah beliau tidak mempunyai profesional sorang pemimpin atau adakah beliau tidak mempunyai rohani sorang pemimpin?

By nist02 on October 20, 2008 8:19 AM

Mudah2an UMNO BARU boleh mengembalikan kepercayaan rakyat.
Kita harus sedar & selalu beringat.. bak kata George Santayana "Mereka yg menlupai sejarah pasti akan mengulanginya"..

Salam Tun,

Sejak bila pulak Pak Lah pandei ambil perhatian akan teguran, pandangan, 'arahan' Tun?

Kalaupun kenyataan tu dianggap sebagai satu arahan, apa yang Pak Lah nak pedulikan. Arahan Presiden mesti lebih power dari arahan orang 'luor'.....idak gitu?

Teman rasa apa yang sebenor berlaku, Pak Lah tak baca pun kenyataan Tun. Beliau hanya dengor apa yang penasihat dia cakap..... iaitu orang2 yang udah mula rasa 'panasssssss'

Walaubagaimanapun nampaknya Tun masih ada POWER lagi!!

Kalau selalunya kita tahu Pak Lah tidor duduk atau tidor barin, tapi kali ni beliau akan tidor berdiri atau tak dapat tidor langsung!!

Salam Tun,
Saya bukan ahli Umno tapi rakyat Malaysia yang berdisiplin, tapi tak layak untuk memilih pemimpin Malaysia. Dari 25 juta rakyat Malaysia ada 3 juta ahli UMNO dan hanya lebih kurang 1500 orang saja yang boleh mengundi memilih pemimpin Malaysia.
Saya tak heboh pun... tapi setakat nak komen, nak cadang, nak bidas tak kan tak boleh. Kalau TUN tak boleh, rakyat yang lain lagi lah tak boleh...duduk ontok ontok. Apa daa....
Pencalonan dah nampak ok, RAIS YATIM jangan lupa untuk balance yang muda.

MALAYSIA BOLEH! ADEN BULEH YO!! TUN DAH TENTU BOLEH!!!

Assalamaualikum ,

Yg Berbahagia Tun , semoga YBG Tun dalam kandungan sihat walafiat dan akan terus memberikan komen yang membina demi untuk kesejahteraan seluruh rakyat malaysia . Satu perkara yang perlu di ingati bahawa YB Tun sekarang BUKAN lagi ahli UMNO , maka dengan itu YB Tun adalah org yang paling tidak layak memberi sebarang komen/ulasan mengenai UMNO. Adalah tidak wajar YB Tun yang telah meninggalkan/keluar dari UMNO kononnya hebat [kononnya ahli UMNO akan keluar beramai ramai dari UMNO kerana mengkagumi tindakan YB Tun keluar dari UMNO]untuk bercakap, berfikir dan bertindak seolah olah masih lagi sebahagian daripada ahli/keluarganya [kecuali kalau YB Tun sekarang ini tengah gilak talak , nak rujuk semula , tapi pemimpin UMNO sekarang tidak ada yang mempelawa].

Suka saya menyatakan janganlah nanti ada yang berkata , " Hidung tak mancung , pipi tersorong sorong " . Demi untuk kebaikan semua pihak , terutamanya orang melayu , saya berharap dan berdoa ke hadrat ALLAH swt agar YB Tun sentiasa mendapt taufiq dan hidayahNYA dan di lapangkan pemikiran YB Tun , agar dapat memikirkan semula bahawa tindakan YB Tun selama ini telah membawa satu susana rasa BENCI di dalam hati raayat kepada YAB Pak LAH dan juga kepada YB Tun. Janganlah kerana demdam peribadi akan menyebabkan susana negara akan menjadi " Menang Sorak kampomg tergadai " .

Akhir kata , salam untuk YB Tun dan YB Tun Dr. Hasmah - semua sihat sejahtera. Wassalam.

Assalamualaikum Ayahnda YAB Tun,

Apa kes nie YAB Tun, tiba-2 ja Pak Lah panik & membidas YAB Tun semalam. Geram betul saya. Kenapa dengan Pak Lah Tu? Menggelabah tak tentu pasal pulak. Adakah sebab anak menantu dia belum cukup kuota bertanding?

Atau taktik dia nak alih perhatian rakyat untuk pemilihan nanti.

Tenggelam punca ka apa Pak Lah tu?

Dia lupa ka, kalau tak disebabkan pengarah nie lah dia tak merasa jadi PM.

Tu laa betoi cakap Ayahnda Tun, Melayu Mudah Lupa.

Teruskan perjuangan YAB Tun. Gasak ja Pak LAh tu habis-habisan.

Semoga Allah s.w.t. sentiasa melindungi pemimpin yang amat ku kasihi ini. Amin.

Salam Tun dan warga Che Det.com,

Semalam saya tengok berita semasa mereka interview Pak Lah to comment on your posting. He kept repeating "Dia tu sapa" refering to you. Dia lupa ka yang Tun pilih dia jadi PM? As you said "Melayu Mudah Lupa".

By mardi on October 20, 2008 8:57 AM

Dear Tun,

The reason why you are great is because you have the guts. They either love you or hate you. You are an inspiration and I wish Malaysia has more leaders like you.

By freeda on October 20, 2008 8:57 AM

Tun,

First Salams to you and thank Allah that you are still sharp and willing to do the needful in defending and protecting the nation.

With much disgust, I read Pak Lah's response to your comments. As a Melayu, how could he be o arrogant in saying "Who are you?"

Tun, let me state the facts, clearly if Pak Lah doesn't know by now.

Tun Dr Mahathir Mohamad is a statesman, which makes him beyond party and government. Your comments were made in the capacity of being a statesman who is recognised not only in Malaysia but also internationally.

So, to anyone who questions Tun's position, do remember he is a STATESMAN, something everyone can aspire to be but never get there.

Pak Lah, you have done nothing but destroy all that you touch. Curb your arrogance and be the true Muslim you profess to be. A little criticism does one good. It keeps us on our toes and teaches us humility. I am not even 50 yet and still, this humbleness has been taught to me b my parents since I was a child.

Don't be bigheaded to think being PM is everything. You will go down in the history books as someone who sold the nation to the dogs - the US and Singapore.

Warm regards Tun and have a good week ahead. Can't tell you how much I enjoy reading your blog, though I do disagree to some once in a way.

Salam ayahanda Tun yang dikasihi...

Saya lucu tengok DSAAB tiba-tiba nak jadi seperti harimau yang bangun dari tidur..sudahlah dah terlambat.kenapa mesti takut tentang komen Tun..walaupun Tun bukan ahli UMNO pada masa sekarang tapi jiwa Tun tetap jiwa UMNO jangan la buat buat tak tahu pulak.
Lupakah wahai DSAAB yang Tun bekas Perdana Menteri dari UMNO dan Tun lah yang melantik anda jadi PM, janganlah jadi orang yang tak mengenang budi.Pada pendapat saya Tun berhak memberi pendapat beliau kerana cakap beliau mewakili semua rakyat Malaysia bukannya untuk ahli UMNO sahaja.

Pada masa yang sama pemimpin2 UMNO ada yang panas punggung kerana takut jawatan mereka akan hilang selepas pemilihan UMNO nanti. Dan mulalah ada yang beri komen tentang apa yang dicakapkan oleh Tun, lebih lebih lagi yang sinonim dengan DSAAB mulalah tak senang duduk, janganlah sedih kalau itu bukan rezeki anda , terimalah hakikat, mungkin rezeki orang lain pula..kita kan orang islam banyak2lah bersabar.

Saya harap Tun terus menulis dan memberi komen tentang pentabiran DSAAB kerana beliau seorang PM yang lemah.

Hidup Tun...

Sekian..wassalam.

- 1) Di muka depan akhbar Mingguan Malaysia semalam Pak Lah MELALAK sekuat kuatnya!!
- 2) Dia tak baca komen Tun, dengar cakap orang sebab tu dia jadi begitu. Buet buet terkojuit kato orang nogori
- 3) Seandainya komen di tulis oleh orang lain sudah tentu lain reaksinya. Malah dia akan abaikan saja.
- 4) Apa yang Tun nyatakan adalah fakta yang berlaku. Bukan gossip. Bukan campur tangan. Sekadar komen pemerhati. Fakta diketahui umum.
- 5) Sikap yang beginilah yang jadikan Pak Lah tak relevan lagi.
- 6) Piiirah.

Dearest Tun,

Suggestion to "debat secara langsung kat TV", TAK BOLEH!!!! Kita ini Malaysia, Malaysia ada stail tersendiri iaitu bersopan santun (rakyat tak suka bidas orang lain kerana ini ialah perbuatan kurang ajar, not Malaysian style) dan juga berhormat sesama lain, refer to our 5 prinsip2 RUKUN NEGARA. Takanlah kita nak ikut stail negara lain?

DS Ong Tee Keat (MCA) did not agree to debate with Chua Jui Ming, DSAAB's friend (best friend or rakan kongsi????), on live to be broadcasted by NTV 7, and it was cancelled last minute, then the so-called professionals said maybe it's because of "subotaj". Lucunya this word, ha... ha....

Tun please continue writing, dah tak sabar nak baca artikel terbaru Tun.

To those bloggers who dislike Tun, please put your comments in other blogs that go against Tun so that you bloggers have the ability to make these webblogs "layak" masuk "Millianaire Club". If you would like to know the detail, please refer to Tun's article in May 2008 - Title: Millionaire Club!!!!

Have a pleasant day, Tun.

Saya doakan UMNO akan terselamat. Dan semoga semua orang akan mendapat pengajaran daripada semua ini.

YABhg Tun,

Salam hormat. Amat mengecewakan seorang Perdana Menteri melenting. Seorang PM yang berwibawa sepatutnya menerima kritikan dengan tenang dan memberi jawapan yang rasional.....'Tun, siapa? ..berlagak jadi Pengarah Pemilihan.... Dia tak hak dan dah keluar UMNO...Komen dari seorang yang

hilang sabar dan tidak mahu menerima hakikat rakyat memerlukan PM yang dinamik dan berwibawa.

Jumlah Ahli UMNO lebih kurang 3 juta sahaja. Lebih kurang 50% dari 27 juta penduduk Malaysia adalah pengundi. Lebih dari 60% pengundi ini tidak menjadi Ahli UMNO. Tidak ada hak kah pengundi pengundi yang bukan ahli UMNO untuk memberi komen atau kritikan kepada UMNO.

Salam Tun yang dikasihi,

Adoiyai..banyak benar DSAAB tergigit cili, maka terasa pijar teramat sangat...maka melatah2 lah dia..apa lagi tukang2 report hebahkan satu Malaysia.

Tak payah la nak kata apa2, adalah lebih baik DSAAB duduk diam2 kat pejabat dan cukup time keje balik rumah. Lepas tu bolehlah tanam pokok cili keliling rumah tak pun bermesra dengan bini, anak-menantu & cucu2.

Makin banyak bercakap makin banyak terserlah ketidakcerdikan beliau.

DSAAB, Kami dah muak & bosan.Tak faham2 lagi ke?

Tun, teruskan menulis & dedahkan kepincangan yang ada untuk kami mengambil pengajaran dan membuat sempadan.

rosea - SOKONG TUN 100%.

Alangkah baiknya jika DSAAB menunjukkan kemarahannya yang membuak-buak bila kita kalah kes Pulau Batu Putih dengan Singapura dulu.

Barulah saya boleh respek.

Sekarang nak marah dengan Tun,kira agak terlambatlah!

Nampak sangat nak mempertahankan menantu dan kuncu2 je yang dah mula ketinggalan jauh dari segi pencalonan...

Macamana saya nak respek?

Saya sangat takut apabila duit boleh di beri dengan senang untuk membeli undi pada March 2009 nanti.

Tun,
Paklah just voicing out his frustration as he had failed as a Malaysian PM. As we can see his in-law
Khairy hardly to get a nomination for PEMUDA UMNO, rakyat hardly say anything about his decision not
to compete for the post of President and rakyat hardly notice Paklah for resigning as a Prime Minister.
This is what they called "Cry Wolf". People don't care about him anymore.
By JJJ on October 20, 2008 9:45 AM

salam Tun,

I read this article in the NST Online this morning;

WHO IS HE,SAYS ABDULLAH

Obviously he is upset by your referring to 'kick out Abdullah's toadies' and behaving like party elections
director.

I would like to state my views here which I believe is the same sentiments held by the majority of the
millions of people who log on to your blog here.

DEAR DSAAB,

I HAVE LOST BELIEF IN YOUR CAPABILITIES AS PM
THE REASONS BEING;

1.CANCELLATION OF THE CROOKED BRIDGE PROJECT WHICH HAD BEEN APPROVED AND
ALMOST COMPLETED

2.DELAYING / PART CANCELLATION OF THE DOUBLE RAILWAY LINES / ELECTRIFICATION
PROJECT

3.ALLOWING THE INTERFERENCE OF KJ IN NATION'S AFFAIRS

4.OPENING THE PANDORA'S BOX IN ALLOWING THE SOCIAL CONTRACT TO BE QUESTIONED UNTIL THE RULERS COUNCIL HAD TO ISSUE OUT STATEMENT RECENTLY TO STOP ALL THIS NONSENSE

5.NOT REWARDING BN COMPONENT PARTIES FROM EAST MALAYSIA ANY MINISTERIAL POSITIONS IN YOUR CABINET LINEUP WHICH ALLOWED DSAI TO FULLY EXPLOIT THE SITUATION

6.NOT TAKING FIRM ACTION IN DEALING WITH VARIOUS ISSUES LIKE FUEL PRICE HIKE,INFLATION,GOODS PRICE INCREASE WHICH GREATLY AFFECTED THE ORDINARY RAKYAT

7.NOT FIRM IN DEALING WITH HINDRAF,'PENDATANG' ISSUE,NEP AND MALAY RIGHTS

8.ACTING LIKE WE WON WHEN WE LOST THE PULAU BATU PUTIH CASE

9.STEERING THE NATION'S VISION 2020 OFF-COURSE,NOT TO MENTION DAMPENING THE RAKYAT'S SPIRIT AND CONFIDENCE TO ACHIEVE FULLY DEVELOPED NATION STATUS

10.TOO MANY ADVISORS FOR CORRIDORS PROJECTS WHICH IMPLIES YOU ARE NOT CAPABLE

11.BELITTING TUN'S UNDENIABLE CONTRIBUTIONS INSTEAD OF BUILDING ON AND CONTINUING HIS LEGACY

12.SLEEPING DURING PARLIAMENTARY SESSIONS

13.INTIMATE TOUCHING OF NON MUHRIM,ALLOWING INFAMOUS ALCOHOLIC TO BE YOUR BACKDOOR CABINET MINISTER BUT TRYING TO CONVINCE RAKYAT OF ISLAM HADHARI VALUES

14.FAILED TO LIVE UP TO YOUR IMAGE AS 'MR. CLEAN'

15.FAILURE TO PROJECT A STRONG INTERNATIONAL IMAGE AND STAND UP ON IMPORTANT ISSUES LIKE THE IRAQI / AFGHANISTAN OCCUPATION

I'm sure there are many more which other commentators can fill in for me,but one thing is for sure...

DSAAB IS A GREAT FIREFIGHTER!
EXPONENT OF SILAT BAWANG,DAH KENA BARU NAK BUANG!

I WOULD GLADLY LISTEN TO A SHARP 83 YEAR OLD MIND ADVICES ANYTIME THAN TO FOLLOW A MUDDLED AND CONFUSING 60 PLUS.

Many and I mean A LOT of people are turning back to Tun for guidance and hope.

After all Tun is a proven visionary world class leader with a 22 year track record.

Even foreign governments seek Tun's advise and honour him as their advisor.
What does that tell you?

Oh yeah,one more minor thing I almost forgot...international economic experts are studying Malaysia's case as reference to solve the current financial crisis.

Tun outplayed the experts at their own game.

ALHAMDULILLAH,UMNO AT GRASSROOTS LEVEL HAVE FINALLY ACTED TO CHOOSE THE RIGHT CANDIDATES.

AND THAT IS WHY DSAAB IS VERY ANGRY.

Assalamualaikum Tun,

Harap Tun dapat memberi komen kenyataan Abdullah 'PM bidas Mahathir' dalam Utusan Malaysia, 19 Oktober lepas. Apakah Abdullah tidak sedar tindakannya 'mencantas' orang-orang yang kononnya orang Tun @ Najib selepas pilihanraya Mac lepas membuatkan orang semakin benci kepadanya. Tambahan pula orang-orang tersebut bijak dan pandai menjalankan tugas dan tanggungjawab, sebagai contohnya, menteri yang memulakan era baru Malaysia dalam bidang angkasa lepas.

Yang paling sedih dan menyakitkan hati adalah tindakan kurang bijak Pak Lah melantik orang-orang yang tidak layak seperti Shahrir dan Mat Taib dalam kabinetnya. Kadang-kadang kesian tengok Pak Lah yang lagaknya macam pandai dan berpengaruh tapi keputusan rakyat menjelaskan segalanya.

Kita tunggu dan lihat saja Tun tindakan Pak Lah yang semakin hari semakin jelas kurang bijaknya. Kami daripada golongan muda betul-betul tidak sabar menanti PM baru Malaysia dan Tun menjadi penasihat UMNO pada masa tersebut jika Tun sudi. Kami orang UMNO benar2 memerlukan seorang yang bijak dan genius seperti TUN terutamanya dari segi idea-idea yang bernas dan pengalaman sebagai Perdana Menteri yang terunggul.

Kami sentiasa mendoakan agar Allah memanjangkan umur Tun dan Tun sentiasa dikurniakan kesihatan yang baik. Amin.

Salam Ayahanda Tun,

Terbukti sudah blg chedet.com ni ada auranya sendiri!! Pak Lah dah jadi leLAH baca blog TDM ni. Kuncu-kuncunya pun dah mula gelabah tak tentu pasal. hehe..

Saya setuju dengan pendapat Tun pasal Dr Rais Yatim. Dia pemimpin yg pandai buat kerja dan ada idea yang sangat bernas. Cuma perwakilan UMNO yang terdiri daripada orang yang mulut manis tapi akal pendek memilih orang macam Khaled Nordin dan Zahid Hamidi yang memang tak boleh pakai!!

Dulu masa saya menjadi Presiden MPP UKM, Khalid Nordin masa tu menteri koperasi adalah pemimpin paling 'kerek' dan sombong dengan barisan kepimpinan MPP Pro Kerajaan. Tup-tup lantik jadi menteri pengajian tinggi, alamat rosak le IPT kita.

Khalid Nordin tiada kredibiliti memimpin satu kementerian yang begitu 'tough' ini.

Zahid Hamidi tidak layak berada dalam hierarki no. 3 UMNO sebab masalah personaliti dan kebijakan akhlak anaknya yang tersebar di internet. Menteri Islam Hadhari ada anak yang tunjuk body kat internet. hehe... bagus betul calon menteri pak leLAH ni.

Apa-apa pun sebagai generasi muda yang pernah berjuang dengan UMNO di kampus dahulu mendoakan semoga UMNO akan terus berjaya dan budaya rasuah politik (hanya kedengaran dalam UMNO sahaja, parti lain tak ada!!!) akan dibenteras sehabisnya.

Semoga ahli Parlimen saya iaitu P125 Rembau tidak akan menjadi ketua pemuda dan calon untuk PRU-13 kelak. Amin...!!

Gelombang Merah Api Perubahan perlu disemarakkan.

Perjuangan Menuntut Perubahan,
Perubahan Perlukan Pengorbanan,
Pengorbanan Demi Kesenangan,
Kesenangan di Masa Hadapan...
By dr nordin on October 20, 2008 9:56 AM

Pak Lah,

Kalaulah anda membaca blog ini, saya nak tanya : "SIAPAKAH SEBENARNYA YANG LEBIH TAK SABAR NAK NAIK?

1. Adakah Muhyidin yang begitu lama dalam UMNO dan memanjat hirarki dengan penuh sabar dan taat? Telah memegang beberapa portfolio dalam kerajaan.

2. Atau anakanda Khairy yang baru muncul terus menang jawatan Naib Ketua tanpa bertanding(tak dibenarkan lawan dia) dan bercita-cita nak jadi PM dalam usia 40 tahun. Melangkah begitu ramai ahli lama dan setia UMNO lain tanpa menjadi menantu PM dan naik ketika ayahanda sedang berkuasa? Sekadar timbalan presiden bolasepak, penaung kelab mat rempit.

3. Atau anak-anak bekas PM (Najib, Hishamudin, Mukhriz) yang mendaki naik setelah ayahanda mereka tidak ada lagi atau tidak berkuasa lagi. Berada dalam UMNO bermula dari akur umbi?

Kalau jawapan anda adalah nombor 1 bererti anda mungkin masih mamai.

Kalau jawapan anda No 3, mungkin rasanya anda terlupa kat mana letak report card mereka (Kad 001 dan 002 zaman sekolah dulu)

Kalau jawapan no 2, maknanya KJ tak balik tidur rumahlah malam ni.
By AZIF on October 20, 2008 9:56 AM

Tun,

Aggreeable with what is happening previously and probably would happen again. UMNO AGM as usual will change the present vote. That is the reason why AAB has highlighted of TUN interference in the press and over the news. AAB is a traitor and will only go when he has someone of his choice to lead UMNO. As mention earlier AAB must resign now. Mar 2009 is a plan strategy that will benefit AAB cronies to rule UMNO. UMNO MT must ensure the final decision is this Dec 2008 and not Mar 2009. How can AAB still have no respect on TUN, and indicate TUN as not an UMNO Member. AAB must go now or UMNO will be history. Salam Tun, Family & Honourable Bloggers.

Saya begitu terkejut apabila membaca Mingguan Malaysia yang Tun dibidas oleh PM. Beliau kata Tun tiada hak dan siapa Tun untuk mencampuri urusan UMNO.

Sekarang saya berharap penyokong Pak Lah yang ada dalam blog ni atau menteri-menteri pak lah yang baca pendapat saya harap fikir sejenak.....

Siapa Tun Dr Mahathir Mohammad... Beliau adalah Bekas Perdana Menteri Malaysia dan juga Bekas Presiden UMNO

Siapa Abdullah Ahmad Badawi.... Perdana Menteri yang diserahkan Kuasa dari pada Tun Dr Mahathir? Siapa Abdullah Badawi niii kalau tidak kerana Tun!!!!

Siapa yang keluar dari UMNO dulu?? bukankah ABDULLAH AHMAD BADAWI!!!MUSA HITAM,TENGKU RAZALI DAN LAIN LAIN...DAH KELUAR UMNO MOHON MASUK BALIK???? SIAPA TERIMA ABDULLAH AHMAD BADAWI MASUK SEMULA UMNO KALAU TIDAK KERANA TUN DR MAHATHIR!!!

Wahai PM Malaysia sebelum nk bidas orang lain tanya diri sendiri tu betul atau tidak. Siapa diri anda tu kalau tidak kerana Tun Dr Mahathir. Jangan terlalu angkuh sangat!! Mana Islam Hadhari yang anda

laung-laungkan tu.. dah lupa ke mana asal usul anda?? Betul la apa yang Tun kata .. Melayu Mudah Lupa 3x!! hah ni lah PM yang mudah lupa.. Dah la lupa di cocok menantu dan bini muda makin nyayok org tua ni.

KJ - anda diambang kekalahan sekarang, nasihat Pemuda UMNO macam saya nii better anda berundur sama seperti bapak mertua anda. Jgn perbodohkan diri sendiri untuk menjadi lagak seorang pemimpin yang berwibawa, tercontengnya wajah PM, sama juga wajah anda yang tiada setitik pun muka tu menjadi seorang pemimpin!!

We will vote Mukhriz 100%. One more thing... why UMNO members tidak calonkan Muhyiddin as a Presiden.. Im very frustated... what ever Najib tu betul atau tidak.. saya lebih bimbang BN akan terus jatuh jika Najib jadi PM. takpe lah tang ni saya tolak tepi dulu biar saya bidas si Pak lah dulu habis habisan sampai dia serah kuasa..

YABgh Tun,
Legally pada masa ini Tun bukan ahli UMNO. Itu sebab ada orang marah Tun menyibuk pasal bercakap pasal pemilihan UMNO.
By pan on October 20, 2008 10:25 AM

Dear Tun,
Many people say that UMNO is still under MAHATHIR's influence. In fact, people think that you are the dictator (the man behind UMNO to elect/dismiss Prime Minister). For the country sake, do you think that NAJIB is capable enough to govern Malaysia? What makes you think that he is more capable than our current Prime Minister Datuk Abdullah Ahmad Badawi?
Please listen to rakyat.. They have no confidence that Najib can restore our country or win back the rakyat's confidence. In fact, the rakyat believe that the country will become from bad to worse! after Najib taking over from Pak Lah.
Tun, you said that our rakyat should dare to speak up for our country's sake. But what is the point if our current government is so arrongant and even use ISA to shut our mouth. (Just like reporter's case, don;t you think it is laughing stock using excuse that ISA just protecting the reporter?) Really a laughing stock...

Assalamualaikum YABhg TDM & Warga Chedet,

Sayangnya media Perdana (elk & cetak) tidak secara ihklas dan jujur menyiarkan komen2 oleh YABhg TDM demi kebaikan negara , bangsa dan ugama. Mereka hanya melihat dalam pandangan yang sempit. (mungkin arahan-arahan orang2 tertentu). Tapi sungguhpun begitu, DSAAB tetap memberi perhatian kepada apa yg ditulis dalam Chedet.com yg bukan aliran media perdana.

Saya melihat apabila sah berundurnya DSAAB nanti, apakah media perdana ini akan kembali bermain wayang dan menyatakan kebenaran yg telah dibuat oleh YABhg TDM. Tidak merasa berdosakah mereka kerana tidak menyatakan kebenaran.

Fikir-fikirkan. Walaubagaimanapun, diharap legasi seterusnya akan tetap menghormati dan memuliakan pemimpin-peminpin terdahulu tmasuk DSSAB.

Wassalam, maaf zahir bathin... Wallahu a'lam.

Dear Tun,

As much as i respect u as a leader but i think it's not fair for u to intervene in today's political scene. Without a doubt, u are still very much influence in today's political world but for u to instruct who should be in Najib's cabinet and to the extent never to interfere any internal affairs again to Pak Lah, i think that's highly inappropriate statement.

With all due respect Tun, that's what u've been doing since u retired. In all honesty, u were one of the reasons why BN lost miserably in the last election but i know for some reason, there's subliminal message behind the result. But as i said "one of the reasons..."

I know that u dont favour Lee Kuan Yew that much but what u do now very much resemblance his doing.

U could argue that u have the rights to crititise any wrong doings in ur country but could you at least be more constructive in your comments? You somehow gave a clear passage to Datuk Seri Anwar Ibrahim (DSAI) to become the next PM. He just have to sit back and enjoy that drama. He, on the other hand, gives the impression that no other Malay leaders are capable enough to lead the country except for him. Even in Harakahdaily.com, they even cut and paste words from your blog as support to the arguement that UMNO can no longer lead the nation (even they recognise how influence u are).

Honestly, I dont want DSAI to be PM judging on his 'greediness' to amass the political power. But that's different matter.

I dont mean any harm on u, Tun. Is just that that's the impression i get when i mentioned ur name to my friends and colleagues. I want to remember u as strong leader, a leader that put Malaysia on the world map and a leader that personifies a strong character but last but not least, a leader that uphold Islam and Malay. But what u do now in a sense tarnishes that perception. I dont want that to happen.

I will continue to look high on you, Tun and this is just my personal say on the topic though my knowledge and experience is nothing compares to yours.

I would like to apologize should any of my writings hurt u.

Thank you.

Salam TUN.

WOW!! Marah sungguh Pak LOlah kiter ni kat TUN. Satu Malaya suara nya bergema membidas TUN. Kelakar pulak jadi nya bila lihat TOK Dalang ni bermain wayang kulit nya. Itu lah layak jawatan untuk nya. Dia bercakap tak seperti seorang PM. Macam Ketua kampung marahkan anak buah nya kat kedai kopi jer bila ada anak2 buah nya tak nak tolong kenduri nikah anak nya.MashaAllah!.

Pak Lah oi!! Kenapa lah merapu2 ni...Macam orang sasau saja.

Jelas lah Pak Lah sekarang tertekan apabila melihat calon2 pilihan nya gagal mendapat sokongan. Menantu nya juga maseh belum melepasi angka kelayakan.

Pak Lah mesti ingat kekuatan UMNO tidak hanya bergantung dengan jumlah ahli2 UMNO yang seramai 3 juta itu sahaja. UMNO mesti juga mendapatka sokongan rakyat bebangsa Melayu yang lain yang tidak menjadi ahli. Jumlah ini lebih ramai dari ahli UMNO sebenar. Suara2 ini perlu lah juga di ambil kira kerana mereka2 ini lah jugak akan memberi undi pada calon2 UMNO masa pilihan raya nanti.

Jadi apa pula salah nya kalau ada kumpulan2 rakyat ini cuba menentukan calon2 kesukaan mereka. Ini lah REFORM sebenar yang dikehedaki rakyat. Pak Lah nak buat reform apa lagi. 5 tahun dah bagi peluang tapi tak nampak apa2 pun reformasi yang telah tercapai. Last minit ni pulak keluar slogan REFORM.

Rakyat sudah pun menunjuk pintu keluar pada YAB untuk keluar. Tak payah lah nak bersuara. Lagi menjadi meluat pulak rakyat.

Sabry Chek tu apa hal pulak nak masuk campur dan tumpang sekaki membidas TUN. Takut hilang kerja ker bila Pak Lah dah tak berkuasa.

Sebenarnya TUN hanya menyampaikan hasrat rakyat mahu reform. Pak Lah mana ada dengar suara2 rakyat bawahan. Suara2 rakyat yang bersidang di kedai2 kopi. dalam bas,dalam majlis kenduri orang2 kampung, di luar masjid, di pejabat2 tanah sambil tunggu giliran nak jumpa Tuan Do, di sawah2 padi dimana2 juga bila ada lebih 2 orang berkumpul. Jadi TUN mewakili suara2 ini. Kerana hanya TUN sahaja yang ada saluran untuk menyuarakan nya. Pemberita akan berebut tanya soalan bila jumpa TUN. dan kemudian akan di paparkan dalam media. Atau pun rakyat akan luahkan perasan dalm Blog nya. Apa salah kah TUN. Itu lah suara rakyat sebenar Pak Lah mesti teliti dan ambil kira. nak harapkan wakil rakyat, ketua cawangan, ketua bahagian, baik lah mereka fikirkan macam mana nak bodek nak kan kontrak saja. Rakyat kebulur mampus pergi lah korang...janji aku kenyang.

Rakyat dah muak dengan politik UMNO sekarang. Itu lah kenyataan dan hakikat nya perlu semua pemimpin UMNO pada hari mengetahui nya.

Tak payah lah berselindung lagi di belakang daun lalang. Rakyat dah jelas nampak akan segala kelemahan kepimpinan YAB.Pak Lah.

Tu TOK Nazri Aziz. Syabas!! ada sikit berani menyatakan sokongan terbuka pada TSMY. Ini lah cara sebenar melihat kenyataan. Mesti ada pendirian sendiri. Tidak hanya nak membodik dan mengampu sahaja. Dulu saya kutuk YB kerana bersikap samseng dan mengutuk2 TUN. O.K. saya bolih maafkan. Tapi kalau dah mahu berubah dan bercakap secara positif dan matang saya akan sokong YB. Saya ni kira orang sekampong lah jugak,orang Perak.

Untuk TOK ALI.

"Kalau dah tak pandai menari, jangan lah salahkan lantai tak rata"

Tarik diri sahaja lah jangan memalukan diri sendiri bila rakyat menolak pencalonan YB.

GO! Mukhriz GO! Rakyat meletak kan harapan untuk membawa satu REFORMASI sebenar. Untuk rakyat, agama, bangsa dan negara.

Tidak pernah berlaku orang luar mengatur pemilihan parti dan kalau berlaku pun tak patut benda itu berlaku.

– Datuk Seri Mohamed Khaled Nordin

Ahli Majlis Tertinggi UMNO

Tindakan Dr. Mahathir itu hanya akan menjejaskan tanggapan rakyat terhadap beliau sebagai seorang negarawan.

– Datuk Ahmad Shabery Cheek

Menteri Penerangan

Orang luar jangan campur urusan dalaman UMNO dan biarkan orang UMNO sendiri membuat penilaian.

– MOHAMED AZIZ

Ketua UMNO Bahagian Sri Gading

How can they even have the audacity to call Dr.M as an "orang luar" is beyond comprehension. Dr. M has served UMNO and BN and the country in countless occasions and decades of years, yet these people dare to call him "orang luar". No wonder UMNO is so weak these days. People within UMNO can't think before they speak. Some of them are incompetent, and even more are ungrateful.

assalamualaikum Tun...

Walaupun hampir setiap hari membaca artikel Tun dan komen pembaca, namun inilah kali pertama saya menghantar komen di blog Tun. Saya dari generasi muda akui memang sangat menyanjung Tun dan sehingga kini saya belum melihat mana2 pemimpin yang mampu utk mentadbir negara sebaik Tun..

Begitulah pemimpin sekarang, walaupun mereka ini tidak sehebat mana, tetapi apabila memberi komen ke atas Tun seolah-olah mereka begitu hebat... bagi saya, komen Tun dalam artikel ini ada benarnya cuma mereka (pemimpin2 yang kepanasan) akan terasa bahangnya.

Saya melihat kebenaran artikel Tun berdasarkan kepada komen Pak Lah yang saya langsung tidak boleh terima. Dalam kenyataan itu juga dia semacam menaikkan imej Ali rustam dan menghentam Muhyidin.

Saya hairan bagaimana Pak Lah boleh menghentam Muhyidin semata-mata berkata mengenai tempoh kempen dan ia bukan berkisar mengenai peralihan kuasa yang ditetapkan. Jelasnya, Muhyidin dilihat penentang Pak Lah (bukan kroni agaknya) maka dia seolah dipersalahkan.

Tetapi, saya masih ingat bahawa anak menantunya sendiri Khairi Jamaludin pernah memberi komen sehari selepas Majlis Tertinggi UMNO memutuskan penundaan tarikh kepada Mac 2009. Lalu saya mencari keratan yang mungkin tersimpan dan nyata KJ pernah berkata hal yang sama seperti apa yang Muhyidin katakan.

.....

Tarikh: 27 September 2008

KEMAMAN: Naib Ketua Pemuda Umno, Khairy Jamaluddin menganggap keputusan Majlis Tertinggi Umno semalam menunda tarikh perhimpunan agung parti itu kepada Mac tahun depan boleh 'merumitkan kempen' calon yang bertanding pada pemilihan parti nanti.

Beliau yang menawarkan diri untuk bertanding jawatan Ketua Pemuda Umno, berkata, tempoh kempen yang sebelum ini hanya dua bulan akan menjadi lebih panjang iaitu selama enam bulan dan akan menyukarkan calon yang bertanding bagi jawatan tertinggi seperti dirinya.

"Kita tahu ini mungkin akan menjadi satu keputusan yang muktamad, bagi mereka yang akan bertanding jawatan Ketua Pemuda Bahagian tak mengapa, tetapi untuk saya yang bertanding jawatan Ketua Pemuda ia akan menjadi satu keputusan yang merumitkan kempen.

"Tempoh kempen akan menjadi lebih panjang dan ia bukan senang.

Bayangkan kempen pilihan raya dua minggu pun tidak mudah inikan pula enam bulan.

"(Maknanya) dalam tempoh enam bulan itulah kita kena berkempen,"

katanya ketika ditemui selepas menghadiri majlis berbuka puasa di kediaman Menteri Besar Terengganu, Datuk Ahmad Said, di sini semalam.

Beliau berkata demikian ketika diminta mengulas keputusan Majlis Tertinggi Umno semalam menunda tarikh Perhimpunan Agung parti itu yang sepatutnya pada Disember depan, kepada Mac tahun depan bagi melicinkan proses peralihan kuasa yang lebih awal.

.....

DOUBLE STANDARD

Jadi saya terfikir, mengapakah Muhyidin yang berbunyi hampir serupa dengan KJ sahaja yang dikritik hebat di saat persidangan bahagian berlangsung?

Sedangkah KJ antara pemimpin atasan sayap Pemuda UMNO yang awal berkata nada yang hampir serupa 'dilepaskan' dan tidak pula dikritik?

Keadaan ini yang menyebabkan saya terfikir bahawa dalam media, parti dan susunan pentadbiran hari ini, memang dibayangi kroni seperti yang Tun katakan. Bila yang 'rapat' berkata nada yang sama iaitu kempen terlalu panjang dibiarkan... tetapi bila Muhyidin yang cakap benda sama dikritik.. dan muka2 yang kritik nampak seolah2 muka2 yang sama sahaja...

Buat Tun, saya sedih bila orang kritik Tun... dan kritikan Tun itu telah dibalas Pak Lah dan menjadi tajuk muka depan akhbar.. ia mengguris hati saya.

bagaimana, pandangan Tun amat diperlukan untuk memperbetulkan apa yang berlaku kepada kepincangan pentadbiran dan struktur dalam parti yang dulunya begitu gah menerajui Malaysia...

Salam hormat buat Tun sekeluarga
By Fikri on October 20, 2008 10:48 AM

'Who is he?' asked Pak Lah.

Here's the answer. Tun Mahathir is the man that has led his country to political stability and economic prosperity. He is the one that has ensured that the judges and Malay rulers not abuse their powers in dealing with the rakyat. He is the one that has brought Malaysia fame. When one goes to the Arab nations and say "I'm from Malaysia" the Arabs won't say "Oh, Abdullah Badawi" but "Oh, Mahathir Mohamed!" He is the one that saved Malaysia from the currency speculators and prevented us from becoming like Indonesia.

So the question should not be "who is he (Mahathir)?" The question should have been "who are you, Pak Lah, to ask that question?"

Tun,

I foresee and predict no changes to the way UMNO and BN run the country after Pak Lah. After the 600mil defense ministry rumor, the next rumor will be 60billion value (new team need more money). UMNO and BN will suffer even worst than the last election. Only after that UMNO and BN will wake-up and run the country well for the next few terms (only), then they will go back to the old ways of swindling the country and taxpayers again. Politicians are full time con-man and part-time workers. Anyway hope I am wrong.

Wish you good health and plenty of happiness.

Asalamualaikum and Hello,

Dear All,
Okay, its heating up again in this blog. For newcomers of CheDet.com, I just want to say welcome and rest assured, Tun is a very sporting man, except for totally-dirty and non-educated comments which would be banned. This is the only blog (I strongly believe) which has the best transparency and freedom-of-speech compared to other blogs in the internet world. Even the PKR, DAP and PAS's websites are one-sided most of the time and all are praising their respective leaders only. The negative comments were totally banned. So much for transparency and freedom-of-speech shouted by them. I spit on the opposition's face. *KroiH-Ptuih!

On the other hand, in CheDet.com we has a good mix of pros and cons comments from bloggers. Some likes Tun, some dislike Tun and some are neutral with no sides to choose on. Regardless with all the negative comments, Tun has the courage to allow all of your "negative" and "blind bashing" comments (with no reasonable facts) to show up in this blog. I'm no match with Tun's quality. If I'm the owner of CheDet.com I would have blocked and banned all of the stupid, illogical and good-for-nothing remarks.

Tun is a very sporting man (but beware, every human being has its limits). Please show, if not at least some courtesy to our ex-PM and if not, he's of a senior citizen (some would might describe him as grandfather, he is indeed a very old man). Please show some respect. Catch my drift?

Tun is a genuine statesman. He's immune to these ill-critics and negative remarks. He has been in his worst situation before and to think that small fry like Pak Lah, Anwar, Nik Aziz, Lim Kit Siang and Karpal Singh could topple him down just that; in your dreams boys! Now everything has been unfold to us, why Tun protected us so much in the past; Tun was trying to manage the country and bring it to higher plane of success. Tun was protecting us from the evil corrupted politicians. Tun was protecting us from separation and instability. But some idiots manage to took the advantage when he step down as Prime Minister.

Nobody should play the blaming game (pointing fingers) against Tun without reading his blog first. Tun has tried his best as any normal human beings would do. In fact, he's a superhuman. I didn't know being a Prime Minister is a very tiring job. I thought being a CEO of Intel Corporation is way harder (at least they pay you 6 figure salary). Worry not Tun, the days for these evil politicians are numbered. Rejuvenation is just around the corner. Keep on fighting, we are with you! Allahuakbar!

No worries, "kebaikan akan mengatasi kebathilan" as what the Prophet once mentioned. Everything which has transpired today has its reasons (hikmah). There are some events which we could learn from it but most of it would be God's best kept secret which would only be revealed when Kingdom's come. As for now I rest my case Tun. Please take care and "doa-doa" a lot. May Allah bless us all. Amin!

By yanz_max on October 20, 2008 11:21 AM

Salam wat Tun sekeluarga.

Saya cuma 'budak baru belajar'dalam arena politik dan cuma berbahas mengikut persepsi yang saya lihat.

Kenyataan Tun dalam akhbar baru2 ini ada benarnya. Bukan mahu menghukum kesalahan Pak Lah, ataupun melupakan terus jasa2 beliau. Tetapi, perubahan perlu dilakukan demi menjaga keamanan dan kemakmuran negara ini.

Pertelingkahan politik kini makin meruncing. Ketuanan Melayu kian tercabar. Sesuatu harus dilakukan sekiranya kedudukan orang2 Melayu mahu dipertahankan. UMNO perlu melalui fasa 'reformasi' secara menyeluruh agar agenda2 orang2 Melayu dapat dilaksanakan, tanpa menghiris hati kaum2 yang lain.

Pak Lah pemimpin yang baik, dan saya percaya Tun sendiri ada melihatnya ketika melantik beliau menggantikan Tun sebagai PM yang baru. Namun, rakyat telah bersuara. Pak Lah seharusnya memandang perkara ini sebagai sesuatu yang positif, dan bukannya 'memarahi' Tun kerana memberi saranan yang sebegitu.

Kepada Pak lah, saya amat berterima kasih kerana sudi memimpin negara ini walaupun tak lama. Banyak perkara baik yang saya dapat lihat berlaku. Kepada Tun Dr Mahathir, ada yang mengatakan bahawa Tun tidak sebijak mana, namun bagi saya, Tun wira bangsa kita. Puisi2 Tun menjadi aspirasi kepada kami, kaum Muda negara ini supaya tidak mudah lupa.

Terima kasih.

Dear Tun

What... money politics... come on Tun everybody knows that even during your time as PM it was practiced. One can only advised however those who wants power and able to influence to make decisions will not stop because many weak members in umno on the take, often this is a hot topic spoken at kedai kopi whenever umno nominations/agm or election is around the corner. Doing favour to vote and receiving money ... its a survival world, one know that others take, why not...its all about attitude and

honesty. Pokok keranji was cut down because greedy. Old habits never change Tun, you failed to change them and they will never change until they learn a reasonable lesson.
By awsc on October 20, 2008 11:30 AM

Hi Dr M

To cut to the chase...all this talk of demonising Najib...the public preception is where there's smoke there's fire....so r we just recognising the demon and not as you say demonising him? He must not only be clean but be seen to be clean. I am honestly appalled at the voting tendencies with regards to Najib and Razaleigh. when U have someone who is so tainted against one who is not and has the characteristics of a good leader....why is he not getting even one nomination? you said once that we deserve the leaders that we get. I cannot agree more. najib can swear all he wants....ask anyone on the sreet and see what the public perception is. Not good I can tell u.

unfortunately, the public has no say in the election of the chief administrator of the country, which I feel is absurd. the fate of the whole country is dependent on Umno period. and we know how dirty politics is especially in this case. How do I see our future? BLEAK in the hands of Najib. Maybe we should just stick with Bodohwi, better the devil we know. Really no eye see...

Salam Tun,
Apa yang Tun tuliskan itu betul belaka. Kalau tak betul Pak Lah tak lah marah sangat mencecer panjang di TV3. Malangnya ahli UMNO masih bersikap feudal dan membenar mindanya dikongkong. Hang Jebat, Laksemana Bentan dan Hang Nadim semua mati dibunuh. Malah Pak Pandir pun mati jatuh pokok. Itulah Hikayat melayu yang diwarisi UMNO. Hikayat yang tidak memberi peluang bangsanya naik. Demi survival Melayu UMNO perlu berubah. Pertama sekali Undang-Undang Tubuh UMNO diromabak habis-habisan bagi menghadapi cabaran tahun 2046, mana boleh pakai aturan 1946 pada kurun ini.

Isu menarik tentang pemilihan UMNO terutama Ketua Wanita.

Rafidah pernah berjanji akan meletakkan jawatan jika ada pencalonan mencukupi untuk mencabar beliau sebagai ketua wanita.

Walaupun Sharizat tewas dalam pilihanraya, dan tidak akan melawan ketuanya, Rafidah, NAMUN kerana janji, Rafidah mesti menunaikannya dengan meletak jawatan dan Sharizat sebagai pemimpin harus bertanggungjawab diatas kepercayaan ahli wanita UMNO untuk mengetuai Wanita UMNO.

Assalamualaikum Tun,
Saya amat bersetuju dengan kenyataan Tun. Menang pencalonan belum dapat menentukan kemenangan dalam pemilihan kelak. Permainan menyogok, menggesa, mengugut perwakilan supaya mengundi calon-calon tertentu akan berlaku, malah telah berlaku dalam proses pencalonan. Saya sebagai ahli UMNO berdaftar juga perwakilan dalam peringkat pemilihan bahagian sedih bila mendengar sesetengah Wakil Rakyat telah membeli amaran kepada ketua2 pemuda juga perwakilan agar mengikut apa yang telah direncanakan. kiranya tidak maka ada yang lingkup. Begitulah sedikit sebanyak corak permainan yang telah dimainkan. Apabila pengundian dilakukan, proses pengundian cuba dilakukan secara terbuka (angkat tangan/ berdiri) maka menggigillah pemuda2 yang dikatakan Gagah berani. Gelihati juga saya melihatnya. Namun ucapan tahniah saya ucapkan kepada mereka yang mempunyai pendirian dan maruah. SYABAS saya ucapkan....
Namun apa yang ingin saya katakan disini, Gara-gara pertempuran secara kotor inilah menjadi salah satu sebab sukarnya untuk menarik minat Pemuda-pemuda generasi baru melibatkan diri secara serius dalam PPUMNO. Bukan itu saja, ia juga antara sebab ramai pemuda-pemudi masa kini beralih kepada pembangkang. Ini yang amat menyedihkan. Diharapkan agar tabiat Wakil Rakyat/ Orang Atasan memberi arahan kepada akar umbi untuk memilih orang2 tertentu dapat dikurangkan, malah kalau dapat dilupuskan. Wakil Rakyat boleh memberi pandangan, tapi biarlah akar umbi yang menentukan.

Akhir sekali saya ucapkan SELAMAT BERJAYA DAN MENJALANKAN TANGGUNGJAWAB secara jujur dan terpuji kepada mereka yang terpilih demi negara, agama dan anak bangsa.

Diharap artikel-artikel Ayahanda Tun dapat dicetak ulang dan dijadikan bahan bacaan di kedai-kedai kopi, tempat tumpuan awam seperti di ground floor Medan Mara KL supaya dapat dibaca dan ditelaah oleh orang awam.

Di samping itu dapat menyemai benih-benih rajin MEMBACA di kalangan rumpun MELAYU yang masih kurang. Kawasan-kawasan luar bandar, di kampung-kampung, di estet-estet, dan di mana difikirkan perlu. Jangan hanya bacaan Harakah, Suara Keadilan tersebar luas meracun pemikiran rakyat yang belum tentu kebenaran fakta. Artikel Ayahanda Tun lebih bermakna dan berilmiah jika kita baca.

Assalamualaikum,

Tun yang dihormati dan juga pemimpin yang amat disayangi, saya tak setuju dan tak faham mengapa Pak Lah perlu membuat press conference berikutan artikel Tun? Komentari Tun adalah amat menarik dan secara amnya dapat membuka minda, dan memberi kesedaran kepada mana-mana pihak yang masih tidak sedar. Ianya demi kebaikan dan bukannya ancaman.

Apalah salahnya diambil sebagai rujukan dan memperbetulkan kepemimpinan UMNO sebagai persiapan pilihanraya akan datang kelak?

Saya teringin melihat pemilihan UMNO dilaksanakan dengan telus dan lantikan terhadap orang yang benar-benar layak serta berkaliber demi pembangunan negara serta keharmonian rakyat. Diharapkan pemimpin yang dipilih kelak lebih komited kepada tugas dan tanggungjawab yang diamanahkan, dan bukannya bermotifkan kepentingan diri sendiri serta kaum kerabat sehingga sanggup korbakan agama dan bangsa.

Salam Tun,

Saya tak faham sama sekali di mana kenyataan Tun yang menunjukkan Tun jadi "Pengarah"...saya betul2 sangsi dengan PM ataupun media yang cuba mengalihkan maksud sebenar pandangan jelas Tun terhadap pemilihan calon2 jawatan tertinggi UMNO.

Sama ada saya keliru dengan kenyataan Tun, ataupun kenyataan Tun telah diputarbelitkan ataupun PM tak faham kot kenyataan Tun tu.

Em, saya rasa PM tak pernah lawat blog Tun kot...Jadi, apa yang dia dengar daripada media dia ingat Tun buat kenyataan dalam blog...

Menteri2 pun satu, tak selidik dulu sebelum bercakap kepada media. Tapi, saya puji tindakan Tan Sri Muhyidin yang mengambil sikap berhati2 sebelum menjawab soalan media selepas "diserang teruk" PM.

P/S: Mengenai kenyataan PM kepada Tan Sri Muhyidin yang kata seolah mengajar "Orang memungkir

janji", sepatutnya orang itu kena cermin diri dulu sebelum buat kenyataan.

Salam Tun,

Kemarahan Pak Lah tidak bertempat .

Saya percaya dalam demokrasi semua berhak komen / beri pendapat dan ini bukan aturkan urusan politik, kalau suka ambil kalau tak suka jangan guna. Pendapat dan aturkan adalah berbeza. Memang betul kata Muhyidin dulu tunggu bulan March 2009 memang lama , macam macam bolih berlaku.

Kalau di Korea atau Jepun bila party kalah PM mereka terus undur kinapa kita masih tegakan yg lemah. Perlu perubahan.

5 tahun telah cukup lama bagi membuktikan kebolehan sesaorang kalau sudah gagal Mac 2008 kenapa hendak lagi beberapa bulan lagi, menghairankan.

Fikirkan Party mereka yg baru perlu masa bagi pemulihan dan atur strateji menawan semula apa yg telah dikalahkan.

Kalau dalam party kacau bilau pehak luar akan ambil kesempatan.

Salam Sejahtera YAB Tun,

Tindakan Dato' Seri Abdullah membuat sidang akhbar menggambarkan betapa keperluan ruangan blog ini sentiasa mencuri tumpuan negara berhubung perkembangan politik semasa. Berkemungkinan juga Dato' Seri selalu membaca ruangan ini bagi memastikan keperluan politiknya terjaga di dalam barisan kepimpinan UMNO.

Sidang akhbar dibuat untuk mencuri tumpuan supaya kesinambungan pemerintahannya terjaga dan ada di dalam politik negara semasa pemilihan pucuk pimpinan UMNO yang akan datang. Apa yang pelik adalah dia adalah seorang yang paling berkuasa dan tidak menjadikan orang lain lebih popular daripada Dato' Seri apabila menjawat jawatan Perdana Menteri dengan gaya dan cara ucapan yang dibuat. Ini kerana kini terdapat orang lain yang lebih popular daripada Dato' Seri agaknya.

Mungkin kini pelajar sekolah rendah pun tidak mengenali siapa Perdana Menteri sekarang sekiranya dalam tempoh 5 bulan ini namanya tidak dimasukkan di dalam lipatan sejarah.

Mungkin juga sokongan yang diberikan kini berbelah bahagi kerana terdapat arus yang lebih cenderung kepada pemilihan Dato' Mukhriz berbanding YB Khairy Jamaluddin. Ini sepertimana di dalam Pilihanraya ke 12 yang lepas rakyat telah membuktikan bahawa sokongan telah berubah dan kini ahli parti itu sendiri.

Tetapi, dalam jangkamasa tersebut beberapa andaian boleh dibuat sekiranya pertarungan kepimpinan menjadi semakin besar bertujuan merebut peluang yang ditinggalkan oleh pimpinan menjadi veteran UMNO. Beberapa pergaduhan telah dipaparkan di dalam media massa ekoran perebutan jawatan di bahagian bawah dan langsung tidak mustahil sekiranya pergaduhan di peringkat atasan telah berlaku kerana ingin menuruti dan mencalonkan ketua mereka.

Ia menjadi semakin kuat apabila semakin dekat kepada Cuti Tahun Baru Cina kerana sebelum proses pemilihan ia boleh dianggap waktu yang paling sesuai untuk mengingatkan para perwakilan tentang bakal calon yang akan dipilih. Semoga semuanya berjalan lancar hendaknya.

Salam TUN.

Astagarafirullah.....Bawak mengucap Pak Lah. Pak Lah kan ker Imam Islam Hadari. Mana bolih bersikap

macam singa betina beranak kecil.

Seorang yang bersopan santun, cucu orang ulamak mana bolih berkelakuan macam itu. Bawak2 bersabar.

Kemenanagn , kejayaan dan rezeki seorang itu ALLH yang maha Agong yang menentukan nya. Mana bolih kata kat TUN yang menentukan nya.

Cukup tempuh Pak Lah berkuasa pun ALLAH yang menentukan nya. Bersyukurlah apa yang telah dapat. Kita orang Islam kan ke percaya qadak dan qadar. Apa pula nak salah kan orang itu, orang ini bila hasrat kita tak tercapai. Hee.. seram saya tengok tingkah laku Pak Lah kat TV. Macam orang dah hilang keimanan.

Lagi satu kan kah dah jadi manesfesto Pak Lah "Bebas Bersuara". TUN bebas lah nak bercakap. Terpulang lah ada orang nak dengar ke tak nak ker. Kenapa pulak takut dengan TUN. Lagi pun siapa TUN? Rakyat biasa jer. Satu Malaya memang dah tahu. Bukan Pak Mentua Pak Lah pun. Tak terasa malu dan hilang maruah ker bila menunjukan berang nya didepan rakyat.

EEEEeeee... Malu lah nak ngaku Pak Lah ni PM saya kat kekawan oversea kalau mereka tenguk Pak Lah kat TV.

TUN usah kecil hati kat SI DOL tu. biar lah dia berkokok. Biar lah dia Menghitung hari2 akhir nya.

P/s KJ pujuk lah Pak Mentua hang tu supaya bertenang dan beristifar... Contohi lah Imam Al Ghazali yang di cari tu.

Assalamualaikum Dear Tun

Now I think you are much happier than you were a couple of months ago. Dato' Abdullah Ahmad Badawi is stepping down as the Prime Minister of Malaysia. He said you incite the Umno members to "berkelahi" and he also said that he is stepping down because he doesn't want to see Umno members "berkelahi", sound real good. Abdullah doesn't seem to know that berkelahi in Umno has been a tradition. It is a matter whether it can be control or out of control. All politician berkelahi and that is normal. The Malays bergaduh diam-diam but they still bergaduh. No one is actually loving each other since everyone basically has no correct iman. In my opinion, this time Umno members will bergaduh but if it involve Abdullah himself and Najib the bergaduh will be out of control. Abdullah sounds frustrated and regretful and Khairy Jamalludin is devastated. Khairy being a Negeri Sembilan pahlawan might fear no one and out of frustration may do the impossible. In case Umno berkelahi and crumbling, the decision of the affairs of the Malay must goes to their Sultans and Raja.

salam tun,

saya dapati pak lah begitu marah dengan apa yang telah tun tulis pada kali ini. bagaimanapun pada pendapat saya sesiapa saja berhak untuk menyatakan pendapatnya tidak kira mereka itu dari umno atau dari pkr atau individu yang tidak mewakili mana-mana parti, yang penting pendapat tersebut hendaklah beretika bukan macam sang kelembai ikut sedap mulut. saya harap tun akan terus menulis seperti biasa. satu lagi untuk makluman tun syarikat awan inspirasi telahpun membawa pekerja-pekerja luar untuk bekerja dipersisir pantai. adakah ini polisi kerajaan?

By btruth on October 20, 2008 1:09 PM

Salam semua,

Ya betul cakap Tun. Tak semestinya calon pemimpin yang dapat undi terbanyak ketika ini akan menang di perhimpunan agung nanti. Kenapa jadi begini? Kerana budaya rasuah wang/kuasa dan egoistik para perwakilan yg tidak mengikut kehendak akar umbi (peringkat cawangan/bahagian).

Jadi saya sarankan agar perlembagaan UMNO dipinda di mana 50% undian di perhimpunan Agung UMNO ditentukan menerusi pemilihan kelayakan cawangan/bahagian ketika ini. Ini lebih menggambarkan kehendak akar umbi dan sumbangan mereka dalam pemilihan bakal pemimpin, kerana merekalah suara terbanyak dan pengundi ketika di pilihanraya. Manakala 50% selebihnya ditentukan oleh perwakilan di perhimpunan agung tersebut. Ini lebih menggambarkan akan peranan perwakilan yg lebih arif dan berpengatuhuan dalam menentukan bakal pemimpin kerana mereka-mereka ini lebih

banyak menghadiri mesyuarat bahagian & negeri yg secara langsung mengetahui akan hal-hal yg jarang diketahui oleh akar umbi. Secara tak langsung UMNO telah dapat memberikan kepada semua golongan akan hak dan peranan masing-masing sebagai ahli UMNO dan menggalak satu acuan demokrasi tersendiri. Di samping itu, pengaruh rasuah wang pasti akan lebih sukar kerana calon memerlukan wang yang amat banyak utk disuapkan di setiap perwakilan cawangan & bahagian juga perwakilan perhimpunan UMNO. Sistem yg dipraktiskan sekarang, calon hanya perlu pastikan ia cukup kuota di peringkat perwakilan cawangan/bahagian. Jadi tak perlulah guna banyak duit. Calon ini akan all out ketika di perhimpunan agong kerana beliau mungkin mampu memujuk dgn memberi rasuah sebilangan besar perwakilan yg ada.

YABg Tun

Saya pernah mengatakan perlunya ada "Umno" didalam Umno, dan berharap ia akan menjadi kenyataan. Hanya dengan "Umno" didalam Umno, Abdullah Ahmad Badawi dan orang-orangnya perlu diusir keluar daripada Umno.

Apabila Tun mengatakan "...orang-orang Abdullah Ahmad Badawi perlu diusir keluar daripada Umno..." Pak Lah sedikit gusar nampaknya. Secara persepsi, ada kemungkinan Pak Lah ingin mengekalkan kroninya didalam Umno supaya anak menantunya dapat bertahan didalam Umno dan menjayakan pelan "Khairy Jamaluddin ingin menjadi PM sebelum mencecah usia 40."

Saya pernah terbaca yang Pak Lah tidak kisah sangat dengan 2/3 (berikutan kegagalan Umno/BN mendapat 2/3 selepas PRU 12) dan menganggap 2/3 itu tidak membawa apa-apa makna. Ini menunjukkan yang Pak Lah tidak kisah dengan untung nasib Umno melainkan untung nasib kroni.

Memang wajar Pak Lah menjadi PM sepenggal, bukan sahaja PM tetapi Presiden Umno dan Pengurus BN.

Being a man of wisdom, U actually see that a drastic change need to be made by UMNO party leaders 2 ensure the survival of not only the Malays regardless of party standing but the entire nation as well. The very minute u step out of the goverment, U finally sees what kind of a leader chosen by the people some are good some are bad. Assalamualaikum YBH Tun,

Kalau kj dipilih sebagai ketua pemuda umno pada pilihanraya umno mac 2009 nanti, percayalah umno akan menuju kearah KEHANCURAN DAN PUPUS. Saya berani menyatakan kerana orang yang menyokong dan mengundi kj sekadar hendakkan duitnya sahaja, bukan kerana untuk mengukuhkan parti. Saya menjadi geli-gelaman bila ada bahagian yang menyokong kj ni. Adakah mereka ni buta hati sehinggakan tidak sedar apa yang berlaku sekarang ini salah satu puncanya daripada kj sendiri. Tidak

dinadikan bahawa kj itu bijak namun kj telah melakukan kesilapan besar dan perlu di muhsabah buat seketika. KJ naik ke puncak terlalu pantas dan meruncingkan. Adakah semua perwakilan sanggup dilaknati oleh para keturunan jika berlakunya sebarang bencana pada umat melayu adalah kesilapan dari perwakilan itu sendiri demi memenuhi poket sendiri. Pilihlah pemimpin yang benar2 berjuang untuk kita walaupun tidak seratus peratus daripada pemimpin yang terang2 dah sapu hampir semua harta negara. Buat dato mukhriz, ingatlah anda sentiasa diperhati dan dinilai oleh semua rakyat. Ya mungkin sekarang anda menyatakan semua anda lakukan untuk rakyat jelata. Jika anda melanggar janji percaya anda akan dilaknati oleh rakyat dan ALLAH swt. Namum saya percaya anda akan sentiasa cuba memperbaiki taraf umat melayu. Anda harus ingat bahawa MUKHRIZ BIN MAHATHIR adalah harta yang paling mahal yang telah ayahanda anda berikan kepada anda. Jika terpalit kekotoran kepada harta tersebut anda tidak akan dimaafkan oleh generasi melayu akan datang. Janganlah dikotorkan harta yang berharga itu yakni MAHATHIR MOHAMMAD dalam sejarah negara.

Yang sentisa menyokong TDM.

Generasi TUN yang berani untuk berjuang didalam ekonomi bangsa

YABhg Tun,

Salam hormat,

Ramai Pemimpin UMNO membuat kenyataan menyokong PM bahawa orang luar (bukan ahli) jangan masuk campur dalam urusan UMNO. Ini menunjukkan 'sikap sombong' pemimpin pemimpin UMNO tidak mahu menerima pandangan dan teguran orang luar. Mereka lupa orang luar/bukan ahli yang menentukan samada mereka diundi, dipilih untuk berkuasa. Keputusan Pilihanraya yang lalu masih tidak menyedarkan UMNO dan lain lain dalam Barisan Nasional.

By OrangLama on October 20, 2008 2:02 PM

Salam,

Saya berpendapat bahawa "politik wang" akan berterusan dalam pemilihan UMNO. Kemungkinan pemimpin yang berjaya pemilihan itu bukannya mewakili hasrat akar umbi ahli biasa UMNO. Kepada wakil2 bahagian yang pi mengundi, ingatlah jaga amanat., ianya akan dipersoalkan di akhirat. Elakkan perkara yang boleh dapat habuan dunia tetapi sebaliknya mendapat siksaan akhirat. Manusia yang suka menipu akhirnya tipu muslihat itu mengenai dirinya sendiri secara sedar atau tidak.

Saya berharap Dato Najib berubah SEPENUHNYA menjadi seorang pemimpin yang baik. Seorang pemimpin adalah seorang yang dipilih antara yang terbaik di kalangan rakyat.

Dato Najib cuma satu perkara saja saya tak berkenan kat dia. Yang lain beliau hebat. Perteingkatkan iman dengan ikhlas kerana Allah, InsyaAllah Dato Seri Najib akan mendapat sokongan semua pihak.

By FAUDZI on October 20, 2008 2:02 PM

akum TUN dan semua

melihat kepada komen pak lah dalam TV3 semalam tentang campurtangan TUN dalam pemilihan UMNO menjelaskan perkara2 yg seperti dibawah:-

1. Jelas Pak lah ini bodoh dan secara tak langsung dia mengakui bahawa TUN masih berpengaruh. Kalau dah tahu TUN bukan ahli UMNO buat apa nak risau sbb TUN tidak boleh mengundi.. Hee hee

memang bebal si Dollah badawi ni. Orang PAS, PKR dan DAP komen tentang UMNO dia tak marah pulak tu.

2. Beliau kecewa dgn TS mahyudin sbb memendekkan jangkamasa beliau untuk ber honeymeeoon dari Jun 2010 kepada March 2009 atau mungkin Dec 2008. Dan beliau memilih Ali Rustam sebagai calon untuk timb Presided. Jelas sekali bukan kualiti yg dipilih tp soal hati dan perasaan. Utk Makluman Ali Rustam tak layak jadi PM sbb tiada kebolehan berbanding dgn TS Mahyudin. Bukan soal TUN suka atau tidak tapi ini soal kemampuan. Jgn ingat rakyat malaysia dan UMNO bodoh. Ali rustam cakap english pun tak tahu, cakap melayu pun sepatah sepatah. Rakyat tak faham apa dia cakap. Malu saya jadi rakyat malaysia, kalau Ali Rustam jadi TPM.

3. Beliau kecewa sbb menantu dia belum cukup pencalunan dan harapan beliau hampir musnah. Dia tak faham lagi bahwa menantu dia la yang merusakkan UMNO/BN. Cuba tengok apa PEMUDA MCA cadangkan. Kalau boleh di ISA kan budak hitam ni.

4. Dari penjelasan yang diatas jelas sekali Pak lah ni bodoh sombong dan membuat sesuatu hanya untuk kepentingan peribadi sahaja bukan untuk memikirkan untuk rakyat. Justeru itu December 2008 beliau dan menantu harus pergi...

wassalam.

Semoga Tun dlm keadaan sht walafiat.. Bagi saya biarlah Perhimpunan Agong UMNO nanti dijalankan dengan aman dan tanpa ada sebarang kekecohan.. Saya berharap, bakal-bakal yang akan menduduki MT UMNO jaga dan kekalkan hak-hak orang melayu, jangan sampai hilang di pribumi sendiri. Beri tumpuan untuk tingkatkan perpaduan orang Melayu dan ciri-ciri yang sepatutnyer ade pada bangsa Melayu. Jika kita tidak berbuat sedemikian Tun, nescaya slogan 'Melayu tak akan hilang di dunia' akan hilang suatu hari nanti..yang ada hanyalah Melayu tetapi jati diri Melayu hilang dek bawa arus pemodenan dan cara kepimpinan.

Semoga Malaysia sentiasa berada dalam keadaan aman damai,makmur sentosa dan hidup bahagia sepertimana di bawah pentadbiran TUN dahulu.

Salam Tun,

I hope the coming UMNO elections will be the spark of a new synergy that UMNO has long awaited for... I think it is time for the young generation to take charge and replace all the key posts. The seniors in UMNO can still contribute in the background, I believe the younger generation are quite capable of leading with mentorship from the elder ones. After all we (the young generation) will be the ones to carry on the triumphant legacy of UMNO, use us, to orchestrate and contribute through. The earlier the exposure to leadership and responsibility we are the better. This will definitely be a very intriguing move in UMNO's political game of Chess. I hope you support what I say Tun.

In a matter-of-fact manner, let me just say this - UMNO is finished, whether you like it or not!!! In this day and time, the present crop of educated Malaysians don't want "cosmetic changes" to the party entrusted to run the lives of 27 million people!

What do we have in the present leadership of UMNO? I will tell you, a bunch of grey haired, balding, sickening to look at individuals, ever ready to fill their "piggy banks" and give two hoots to the welfare of the common man!!! Is, or rather was this, your version of Vision 2020?!!!

Tun! If a snap election is held now, I will bet my last dollar that UMNO will be history!!! Anyway, let the coming elections decide, don't worry too much, lah!, it's confirmed!!! Najib or no Najib!!!

By Melayu Lenggong on October 20, 2008 2:22 PM

Salam Tun, Semoga Tun Sentiasa Sihat Dan Dirahmati Oleh Allah..

Saya Amat Kecewa Bila Membaca laporan Akhbar hari ini. Tun dihentam oleh Pak Lah macam tu. Tapi takpa Tun, Tunggu saja nanti bila Pak Lah tu dah turun takhta, mesti semua orang akan mengucapkan terima kasih kepada Tun dan Tan Sri Muhiyudin. Pengacau dah disingkirkan, apa yang saya nampak orang-orang Pak Lah ni hanyalah Khairy Jamaluddin seorang sahaja. Lepas nie Menteri-menteri Kabinet akan lebih senang buat kerja kerana Budak Tingkat 4 itu dah dihalau keluar daripada tingkat 4. Yang dok melalak macam Khalid Nordin dan beberapa lagi tu hanyalah gimik dan modal glamour untuk bertanding Naib Presiden atau MT. Meraka sebenarnya tak sabar-sabar tunggu Pak Lah Belah.

Satu lagi Tun, Pemuda Bahagian Lenggong ini baru sahaja lepas mengadakan mesyuarat perwakilan pada hari Sabtu kelmarin. Apa yang menggembirakan saya ialah Calon Telunjuk Parlimen Shamsul Anuar Nasarah (Bekas Ketua Pemuda Bahagian) telah mencalonkan Khairy sebagai Ketua Pemuda Malaysia, tetapi pencalonan itu tidak diterima oleh Perwakilan dan perwakilan mencalonkan Sdr Mukhriz sebagai calon Ketua Pemuda. Maka berlakulah undian on the floor, ternyata, Perwakilan Pemuda menolak Khairy dan menerima Sdr Mukhriz. Ini menandakan Khairy telah ditolak oleh akar umbi kerana sikapnya dan tamaknya. Akar umbi yang datang mesyuarat setahun sekali pun tahu sejauh mana keikhlasan dan kejujuran Khairy dalam memimpin pemuda.

Apabila ini berlaku, Shamsul Anuar yang direkaman kuat oleh Khairy sebagai Calon Parlimen Lenggong akan diludah muka oleh Khairy kerana perkara sebegini pun tak dapat handle. Kita lihat pencalonan sekarang, Sdr Mukhriz dah lebih dua kali ganda melepasi kuota pencalonan tapi khairy masih terkial-kial

mencari pencalonan untuk mencukupkan kuota. Kami diakar umbi bukan apa, tidak mahu shamsul anuar itu mendabik dada seolah-olah ahli pemuda di akar umbi dapat dikawal olehnya. Setidak-tidaknya inilah isyarat akar umbi bahawa mereka tidak boleh disogok atau hanya menganga mulut mendengar arahan daripada atas.

Disaat DAP menonjolkan Laywer Muda, Disaat PKR menonjol Engineer Muda, Disaat PAS menonjolkan Profesional muda, UMNO menonjolkan Korporat Muda yang dinaikkan oleh Pak Mentua Sendiri.

Diharap sdr Mukhriz akan berjaya mengepalai Pemuda ke arah yang lebih Berjaya.

Kami di Pemuda Lenggong akan cuba mengapuskan kroni dan puak.

By Liew on October 20, 2008 2:23 PM

Dear Malaysians,

Since everyone have so much comment and opinion, what if all of us boycott the election and don't vote for anyone? Since none of them have clean and clear direction to lead us, we might as well don't vote. We keep boycotting all political agenda until they (those who think they can be PM or DPM) come up with clear, innovative, productive and sincere plan for Malaysia.

Don't have high hope after voting for Najib or Muhyiddin or Anwar or Kit Siang or Guan Eng or Nik or Samy or whoever as they (politicians) are all same. They all come with only one intention, to be rich and do what they like. Don't be fooled by their promises as you will surely be disappointed. It is better to protect yourself and work for yourself as they will not bothered to look after you. There is no hope for the current bunch of Malaysia politicians to be honest, trustworthy and truly Malaysian in heart. They are after the money and power only. The best bet is to vote for yourself and have higher hope for yourself. It is time now for those of us who still want to live as Malaysian to go abroad to earn as much money as possible and retire in Malaysia and just forget and ignore that we had a Govt. Let those politicians do what they want, with RM you can just enjoy Malaysian air and water and live your life out and die shouting "Malaysia Boleh". Ha! Ha!

By tengkolok on October 20, 2008 2:25 PM

Ada orang bercerita melalui pengalaman. Macam Tun, tahu benar dah kalah dalam pemilihan 1987, tup-tup suruh berhenti. Lepas sambung, Tun menang! Politik wang bukannya baru dalam UMNO. Sejak zaman Tun lagi. Tapi kenapa sekarang baru nak heboh? Gajah depan mata Tun tak nampak, kuman di seberang Tun sibuk hingar bingar.

Kenapakah bila Najib, orang buat propoganda untuk jatuhkan beliau? Tak cukupkah lagi bukti-bukti yang ada menjurus ke arah kebobrokan beliau? Bukankah kita memerlukan pemimpin yang MESTI dipandang bersih oleh semua pihak? Bersihkan nama Najib dengan mewujudkan Independent Royal Inquiry, bukan melalui sumpah, PAC dan ACA yang tidak akan pernah menjumpai kesalahan "the person in power". Kalau orang macam ini pun UMNO terima untuk jadi pemimpin no. 1 dan menjadi Perdana Menteri Malaysia, maka benarlah negara ini akan menuju kehancuran dan telah menerima laknat Allah.

Pemimpin dgn sewenang2nya menurunkan kuasa mereka kpd anak2 walaupun mereka-mereka ini sebenarnya tidak layak. Tiada demokrasi dalam UMNO. Kalau benar2 mahu menjalankan demokrasi, kesemua ahli UMNO mesti diberikan peluang untuk memilih pemimpin mereka, bukan beberapa kerat sahaja. Tak perlulah terus-menerus membohongi ahli-ahli bawahan sehinggakan Tun sendiri percaya bahawa UMNO ini sebuah parti demokrasi - demokrasi terpilih!

I saw Pak Lah on tv last night. Felt a stirring of pity for the man; he seemed like he was on the verge of tears. But then it always hurts when the truth that you keep evading finally hits you squarely in the face. Well, so much for the 'elegant silence'- can't keep burying your head in the sand forever. But I feel that Pak Lah (or whoever is doing it on his behalf) should read Tun's blog in its entirety because most of his comments (Pak Lah's) seemed rather emotional and quite irrelevant.

Tun, I hope you will keep on writing. We enjoy your snippets so much because they are like lessons made simple by the best teacher around. Semoga Tun sekeluarga panjang umur dan sihat selalu.

Tun,

Pak Lah masih belum sedar lagi bahawa yang sokong dia hanya pak turut yang mempunyai kepentingan. Majoriti yang tiada urusan politik UMNO atau apa-apa kepentingan bukan BUTA, kita tahu bahawa Pak Lah 'buying time' untuk beri masa anak beranak dan kerabat kumpul duit, dan memberi masa Khairy menang Ketua Pemuda.

Orang BODOH dalam UMNO sahaja yang akan sokong dia, sebab orang bodoh boleh dibeli dan tidak takut pada TUHAN. Itu credo Hadhari.

Kita dapat rasa betapa kesan pengkhianatan seorang pemimpin yang tidak tahu MALU dengan selamba cakap pasal reformasi untuk perbetulkan kehakiman, BPR dan polis sedangkan KELUARGA dia sendiri, kawan-kawan keliling sebat, curi dan guna berbagai helah untuk memperkayakan diri.

DIA LANGSUNG TAK TAU MALU, ANAKNYA LANGSUNG TIADA SEGAN SILU SEBAT KIRI KANAN, MENANTU PULA KERJA CURI DUIT BELI UNDI NAK JADI PEMIMPIN. MANA DATANG SIKULIT TEBAL ANAK BERANAK NI?

Saya rasa inilah dia TULAH kesan dari Islam Hadhari Pak Lah. Saya rasa Pak Lah boleh digambarkan macam burung unta yang masukkan kepala dalam pasir dengan sangkaan orang takkan nampak bontotnya. 'Head in the sands mentality' kata omputih.

Pemergiannya patut awal dari Disember '09, tapi bila orang tegur dia marah-marah. 'Shoot the messenger syndrome', kata omputih lagi. Sampai sekarang saya belum nampak apanya istimewa sangat Pak Lah sehingga dia perasan dia begitu penting kepada negara. Barangkali Pak Lah ini sudah lupa pada TUHAN. Sudah tidak takut pada TUHAN. Atau dia rasa dia keramat yang tak boleh ditegur.

Rakyat Malaysia juga berhak tegur Pak Lah, bukan Dr M sahaja tetapi secara tak langsung tugas ini diwakilkan kepada Che Det. Kemarahan rakyat pada Pak Lah akan diterjemahkan pada kemarahan di peti undi. Kalau dia dah buat 'deal' dengan Najib untuk undur sekalipun Najib dapat mandat dari siapa?

SAYA TANYA DS NAJIB, 'WHEN YOU HAVE AN IDIOT FOR A PM WHAT DO YOU DO?' SAYA TANYA ORANG UMNO YANG SIUMAN, YANG BELUM DIBELI LAGI, ATAU BELUM KENA BELI, KICKDEFELLA OUT NOW, JANGAN TUNGGU LAGI. LAGI LAMA DIA BERKUASA LAGI TERHAKIS BARAKAT BUMI BERTUAH INI.

SALAM TUN

saya cuma ingin ingatkan bloggers yg anti Tun..tidak kah kamu semua sedar akan kemajuan negara kita sejak Tun memimpin? tidak kah mega projek yg satu ketika dulu dianggap merugikan negara kini telah berjaya menjadi kebanggaan kite dan memberi pulangan hasil yg lumayan? dan tidak kah umno kuat semasa Tun jadi Presiden? memang ada yg rasakan zaman itu semacam pemerintahan kuku besi tapi hakikatnye, negara maju, rakyat dapat menikmatinye. siape yg berani meminta2? siape yg berani mempertikaikan hak2 bumiputra? saya bukan la racist, saya masih ada ramai teman2 yg rapat dari bangsa lain. apa pun Tun, you are still one of the best PM. cuma saya rasa cepat lah Tun masuk umno supaya dapat membantu DSN dan TSM memperkukuhkan umno demi agama, bangsa dan, negara.

Salam Tun...

"Pemilihan dijalankan pada hari pertama."

Saya setuju. Dan lagi:-

1.Tambahan kepadanya adalah Pak Engku Ahmad Rithauddin

kena adakan mekanisma untuk kesan orang-orangan yang cuba
pengaruhi perwakilan sebelum mereka masuk dewan.

2.Saya tak pernah terlibat dalam hal ehwal dalam dewan tapi rasanya
urusetia tu kena screen..jangan2 dia orang pun jadi orang-orangan.
Orang yang tak kena mengena memanglah tak boleh masuk.

"Pak Lah Hentam Tun di Media"

Bukan...bukan hentam Tun....dia tengah kempen untuk calon yang dia mahu.....orang-orangan nya.
Apahal belalah TSM?

By the way....to the other bloggers....tahu apa orang-orangan?
Scarecrow! How does it work? It may work and doesn't work on its own!

You pull the string then it will give you some motion and sound. If you don't pull the string then it will be a
pure lousy looking statue.

Well some orang-orangan is needed to be somewhere doing nothing. Some are needed to act based on
instruction....robot pak!...Sendiri tiada otak.

Tun.....memang saya rasa era UMNO sekarang ramai sangat scarecrow. Bukan macam dulu.

Takat ni dulu Tun.....Salam Sejahtera.

I had not wanted to do this but the more I thought about it, I decided I need to.

In yesterday New Sunday Times October 19, 2008 on page 3, headlined "Who is he? asks Abdullah.

Gosh! He is our country's former Prime Minister and had helped developed our country for 22 years. Had
he not believed that he had chosen a promising successor, he would not have retired. But no matter
what, surely Tun M deserves respect - which, sadly, he did not receive any or if out of respect & good
character, would have sought for "advices" even if he would not have bothered to take them.

I understand that both gentlemen do not see eye to eye, but surely, he cannot be "overnight" - changed
from a humble soft spoken man to almighty rude & disrespectful PM, which, incidentally, he still is until he
hands over, whatever, to the next.

Tun M has led Malaysia for over 20 years; he has every right to comment & give his views, no matter
agreeable to us or not. He deserves respect & recognition as a former premier.

salam tun,

jika selama tun menulis, kali ini saya tergerak hati ingin menyuarakan isi hati saya pada tun..
selama ini saya sekadar menjadi pembaca setia seperti yang lain..

apabila menyentuh tentang isu pemilihan ini, saya sebagai 'pengundi saluran 3' melihat pemilihan itu dari
akar umbunya..

maknanya dari peringkat kawasan itu sendiri...

kelmarin saya membaca akhbar utusan atau berita harian secara online.. saya dapat melihat beberapa
kawasan pemilihan ketua dan ajk puteri umno di melaka(lebih tepat alor gajah) dikatakan seri. hmm..
saya turut mengenali mereka yang bertanding. apa yang ingin saya katakan?? saya ingin ketawa

HAHAHAHAHAHA~~

kerana apa? kerana mereka itu tidak layak tun.....

mereka tidak layak untuk menjadi pemimpin...

realitinya, generasi muda yang tinggal di kawasan luar bandar kebanyakannya adalah mereka yang terkandas dalam pelajaran masing2.. rata2 mereka hanya berpendidikan sekadar SPM sahaja.. malah.. ingin melanjutkan pelajaran ke peringkat STPM pun tidak mampu...

jadi, layakkah mereka untuk menjadi pemimpin generasi masa akan datang?

mereka bermula menjadi ajk atau ketua di peringkat kawasan atau bahagian kemudian atas dasar 'sudah berpengalaman' dan 'org lama' mereka akhirnya dilantik ke peringkat lebih tinggi...

layakkah mereka tun??

saya bukan saja mempertikaikan kelayakan akademik mereka.. tetapi mampukah mereka menjadi seorang pemimpin??

di sinilah salah satu kelemahan UMNO yg dapat diperhatikan..

dan inilah yang membawa kepada kebodohan yang berlaku di peringkat atasan...

tun.. UMNO seperti tiada pelapis yang punya tahap intelek yang bagus.. saya tidak mengaharapkan yang seperti tun..

sudah tentu tiada!

saya mengharapkan biarlah pemimpin itu adalah PEMIMPIN yang tau ertinya menjadi pemimpin sebenar...

hmm..terlintas nak komen atas bidasan paklah pada tun..

masa ikuti berita tv3, terkejut juga saya tgok paklah begitu marah pada tun...dan saya terpkir apa yang dah tun kata?? apa yang dah TMY kata?? nampak seperti seolah sesuatu yang amat salah....tun dibidas seperti pengarah..pada masa tu dengar dari ape paklah cakap, saya pun rasa memang kalu betul tun arah itu ini memang tak elok lah...
dan kalau TMY desak itu ini memang tak elok lah...tapi saya sendiri rasa nak tahu ape yang dah tun dan TMY kata?? maka carilah saya kat sura2t khabar nak tahu ape citer sebenarnya...dan jg masuk blog tun...

dan hsilnya...saya amat terkejut sebab ape yang dibidas oleh paklah terhadap tun dan TMY macam tak kena ngn kenyataan tulisan tun dan juga kenyataan TMY.. eh timbul la pelik pulak.....terpikir lak saya yang paklah ni dah baca ke belum sebelum dia bidas tu??? macam dia tak baca saja kenaytaan tun dan cadangan TMY....atau dia melenting hanya kerana dengar cakap sekeliling....

jadi...itulah yang saya terpkir sekarang....paklah tak teliti terlebih dahulu artikel tun..dan tak teliti dulu kenyataan TMY...tiba2 je naik angin....ish malu pulak rasa. sebab jelas sangat perkara yang paklah marah tak selari ngn kenyataan sebenar tun dan TMY...

---makin nampak kelemahan paklah...

Salam Tun.

Sekiranya politik wang diteruskan jangankan parti, maruah bangsa juga akan tergadai. Saya takut nanti akan ada UMNO For Sale! Gejala politik wang harus ditolak dan pemimpin yang benar-benar berwibawa dilantik dan bukan hanya berpengaruh hasil dari politik wang. Pemimpin berkaliber bermula dengan keahlian yang berkaliber. Ahli-ahli MT mestilah dikalangan mereka yang benar-benar layak dari segi akademiknya, siasah dan terbukti ketokohnya. Bukan yang hanya pandai bercakap lantang macam tin kosong! Ataupun hanya kerana beliau anak Menteri maka tidak semestinya ketokohnya setanding dengan ayahnya melainkan ia terbukti dengan kerja-kerja yang dilakukannya. Masa untuk merubah atau keadaan yang akan berubah.

By joeHenry on October 20, 2008 4:35 PM

Tun, whatever the future development in UMNO and BN, I hope that you will remain vocal and critical if there is any erroneous policy that may be adopted by the future leaders. I hope the future leaders will in turn take into account your advice in leading the country to face the future challenges and not be like the idiot who alienated you from his government and who has to finally come to terms with the mountaineous pressure to oust him from his office. In this respect, I hope Tun will always fight for all the Malaysians and be remembered always as a Malaysian Hero.

salam bahagia Tun,

Pak Lah seperti hilang siuman apabila membedil balas peluru2 Tun.

Jika dia cukup kuat,dia tidak perlu membuat kenyataan.

Sejak negara di pimpin oleh pemimpin no.1 ni, dah beberapa kali dia salah tika dan keadaan membuat kenyataan.cthnya kisah bila rakaman wanita cina dalam tahanan polis. Kenyataan melulu beliau yang emosional memalukan negara.Sekali lagi saya sebagai rakyat berusia 26 tahun pun tahu menilai perlu atau tidak untuk mengeluarkan kenyataan.Tun di luar kerajaan,orang awam- berhak untuk berkata.Pemimpin perlu menerima kenyataan tersebut,tapi bila dia terasa kenyataan dari orang luar boleh mempengaruhi parti.Bermakna sebagai pemimpin No.1 parti sememangnya di pandang enteng

oleh rakyat dan ahli parti. Seperti takut dengan bayang2 sendiri. Orang kata Tun nyanyuk tapi saya percaya Pak Lah yg lagi teruk nyanyuknya.

Keputusan naik harga minyak sudah la...mcm orang tak da kakitgn yang cekap untuk buat analisa. JPM ni tak de staff ke...mmg menghairankan. sekarang ni rakyat menanggung padah. harga minyak turun, harga barang dan perkhidmatan tak turun.

Salam Yg DiKasihi Tun,
Tun, DSAAB membidas Tun dengan "petikan" kenyataan akhbar beliau seperti berikut:

"Siapakah Tun yang dah keluar parti UMNO itu nak cuba membuat arahan kepada orang UMNO apa yang patut dilakukan?"

"Siapa dia yang membuat penentuan seperti itu. Ini akan menimbulkan kebencian sesama ahli UMNO, mengajar ahli UMNO bergaduh sesama sendiri," katanya.

Komen saya: Jika DSAAB atau konco2 beliau baca BLOG INI;

1. Memang patut "TUN SURUH DSAAB DIAM" sebab apa saja yang KELUAR DARI MULUT DSAAB TIDAK CERDIK dan dilakukan tanpa berfikir; saya yakin DSAAB tidak membaca atau tidak faham artikel yang ditulis. Ternyata DSAAB mempunyai pemahaman LEMAH dalam pembacaan; amat menyedihkan...

2. DSAAB MEMPERSOAL "SIAPAKAH TUN?". BELIAU "LUPA" TUN ADALAH PM MALAYSIA SELAMA 22 TAHUN YANG TELAH MEMBAWA BANYAK KEBAIKAN KEPADA MALAYSIA DAN RAKYAT MALAYSIA.

3. Soalan saya. "SIAPA DSAAB UNTUK MEMPERSOAL KEBEBASAN BERSUARA TUN MAHATHIR?" Tun masih rakyat Malaysia yang bebas untuk menyatakan pendirian beliau.

4. BERDASARKAN KENYATAAN DSAAB SEMALAM, BELIAU TIDAK LAYAK LANGSUNG UNTUK DIGELAR "BAPA DEMOKRASI" – amat memalukan seorang PM membuat kenyataan2 tersebut terhadap seorang NEGARAWAN yang disanjung ramai.

Semoga Tun & keluarga sihat sejahtera.

Tetapi saya lebih berasa sedih apabila memikirkan bahawa masih ada rupanya pemimpin2 melayu yang berkata2 dan memberikan pandangan mereka mengenai kes ini secara membuta tuli tanpa merujuk secara terperinci Aktikel tulisan Tun itu.....mereka secara emosi terus megkritik dan membela PM tanpa sedar bahawa Tun sekadar memberi pendapat peribadi didalam Blog Tun sendiri....di manakah kebijaksanaan mereka ini??? secara peribadi saya bersetuju bahawa jika kita ingin sebuah organisasi itu maju dan berjaya segala penghalang dan mereka yang boleh mengagalkan usaha tersebut harus di singkirkan...

Beberapa hari lepas beri latihan kepada orang kerajaan. Sebelum giliran saya, dua penceramah lain, dari

Institut latihan kerajaan. Kedua-dua lulusan tempatan, graduan berunsurkan sastera. Topik persembahan mengikut teori, nak pakai boleh, tak pun tak mengapa. Ia bermaksud untuk santai saja, tenang fikiran, sejajar dengan retreat jauh dari kawasan bekerja mereka. Dari aturcara dan tajuk, semuanya berunsurkan santai saja, motivasi katanya.. Bagi saya sungguh membazir duit rakyat saja. Tak tahulah macam mana kita nak maju kalau asyik dengan teori dan perangai santai ini.

Tapi, saya buat homework, kerana orientasi saya sains grad, buat perbandingan apa yang sedang di laksanakan dan bestpractices dari negeri lain. Cara saya, latihan yang di berikan perlu memberikan semangat dan asas mendapatkan fakta dan proses dalam membantu tugas seterusnya. Harap-harap mereka hargai kerana agak tegas dengan sokongan fakta. Ala-ala Tun juga (idola saya..)

Pada pendapat saya, kalau orang kerajaan bagus, baguslah negara ini. Tapi kalau asyik semangat, teori saja, jalan sana, jalan sini, boleh ke negara maju? Bila dah dapat semangat, dah time untuk pencen atau tukar jabatan.. mana kerjanya?

Askum YABhg Tun. Selamat Hari Raya Maaf Zahir Batin. Saya dan famili sempat beraya d rumah Tun pada 5 Okt jam 4 ptg.

Alhamdulillah, sempat bersalaman dgn Tun dan Tun Dr Siti Hasmah walaupun makanan dah habis. Olehkerana hujan lebat, saya kesian tengok laman Tun yg di guna sbg carpark. Rosak teruk. Mungkin tahun depan, saya cadang Tun buat di PWTC, lepas bulan Mac! dan Tun masuk balik dlm UMNO. Tentu lebih ramai datang.

Olehkerana pihak pimpinan parti dah menganggap Tun sbg Pengarah Pemilihan Parti, why not Tun terima 'pengiktirafan' tu dan really work on it supaya UMNO boleh di selamatkan dr anasir 'pseudo-leaders' spt yg ada sekarang. Malaysia tak boleh survive on the leadership of 'pseudo-leaders', yg berpura2, tiada wawasan, tiada integriti, dna tiada prinsip xcept their own survival.

Even though u may not like the USA, pada hemah saya the process of selecting their future president seems lke a thorough process of determing the best will be selected. Of course, it's not foolproof eg. the choice of the current president. Nevertheless, the candidates have to go through a rigorous process and be knowledgeable in as many issues and be able to convince the electorate of their credentials.

Here in Malaysia, the future PM and DPM are determined by 3000 odd delegates of one party, without testing them on their knowledge and leadership qualities. These are delegates who are open to corruption, money politics, abuse of power, cronyism etc How can these people determine the future leadership of the nation for the entire nation ? There must be a new way of choosing leaders in Malaysia. Waiting for yr comments.

What do you think will be the main manifesto for vote?

Malays supremacy and achievement.

Economical resolution and industrial realization.
Mending of racial and harmonious social integration.
Strengthening coalition front via building coalition parties.
Grassroots building and understanding.
Corruption and ISA rejuvenation.

What your suggestion and idea is in the light of "takes only a wrong decision to cause total losing in the struggle of UMNO for the pass century".

The clock is ticking!

Have a nice day! Tun,

abdrahimosh,

saya mahukan alasan mengapa saudara berkata Tun tidak layak mengeluarkan kata2 dan membidas kerajaan.

Selagi anda seorang rakyat Malaysia,pembayar cukai,pemegang kad pengenalan Malaysia dan Tun ada satu kredit-bekas Perdana Menteri Malaysia adalah layak untuk mengeluarkan kritikan dan nasihat selagi tidak melampaui batas agama,bangsa,kaum dan perlembagaan negara kita.

Rakyat semakin bijak,bukan hanya bila Tun membuka mulut baru lah rakyat membenci Pak Lah.Kelompok kontraktor kelas F yang gulung tikar,pekerja kilang yg di tutup,pemandu bas ekspress,pemandu lori dan lain2...

banyak kelompok telah meluahkan rasa hati dlm PRU ke 12.
Sebagai seorang jurutera yang telah menyumbangkan banyak tenaga dan usaha semestinya sakit hati melihat bangunan yg di bina tidak di jaga dan di selenggara dengan baik.seperti lah Tun Dr Mahathir,dia muncul dan berdiri mengkritik adalah sebab hati nya sakit,sedih,kecewa...

cthnya :tidak jaga komuter,Irt,pembatalan rel berkembar ke utara.

jika saudara sebagai pencetus idea,memerah keringat memikirkan bagaimana nak alihkan dana untuk dapatkan semua ini utk rakyat dan kepuasan hati sebagai perancang segala yang ada.

selepas itu pewaris saudara tidak menjaganya.apa perasaan anda?

This is because many of our young Malaysian including my self lesser know regarding them. Hope Tun could share some memory of them with us as this blog has been always a best information portal to each of us here in millions

Thanks.

By Syed Akbar Ali on October 20, 2008 5:29 PM

Dear Tun,

I feel that the following point you have made will define the start of Dato Najib's tenure in office:

.

10. Jika Kerajaan Najib berkehendakkan kelainan daripada Abdullah maka penyokong Abdullah tidak boleh turut serta

.

10. If the Government of Najib is to be different from that of Abdullah, then Abdullah toadies must not be in.

.

If Dato Najib retains the old baggage, it will be a very inauspicious and bad start to the day.

If Dato Najib does not make drastic changes (meaning drop a large number of the present Cabinet members, especially from UMNO) and also change the power structure of UMNO, then it is certainly curtains for UMNO/BN.

At the same time Dato Najib must also avoid from appointing new Cabinet Ministers who have unsavory reputations in the public eye.

The prevalent view is that Dato Najib is not 'tegas' enough or tough enough to handle the job of party president and Premier. This view may change.

One reason BN almost lost the election is because of the presence of party leaders and Cabinet members who are clearly and definitely past their shelf lives or expiry periods. Unfortunately they have been reappointed. Some of them, like those you have mentioned, (despite being young and new) are just not liked by many. They are not only liabilities but also incompetent in public office. There is no need to mention corruption.

It may be too late for UMNO/BN unless the party appoints people based on their capability rather than their capacity as party warlords. UMNO must really move out of the Jurassic Park to be relevant. I hope Dato Najib will be able to do this quickly.

If the public sees the same old incredible bulks being reappointed it will be a really bad start to Dato najib's term in office. It will be the end of UMNO/BN. New blood and new brains are needed.

Salam Tun,

Like the saying "What's go up will come down". Of course, I don't agreed as the saying also said " What's your brain grows is what you feed". Another word, what was done previously, will be HARD to reverse or rectified. But :-

- 1) The successor that you chose is the best candidate to replace you BUT perhaps NOT the best person to undertake the job. " Failure in Successor Plan". The decision that you highlighted to quit in the UMNO assembly could properly costs you a Mistake.
- 2) UMNO must LIVE to her name and be ALWAYS recognised as the Leader for other parties to accept that w/o UMNO, w/o Malaysia. And again, HOW?
- 3) UMNO have lead the malay in championing the non-malay. Again, WHO?
- 4) UMNO have lives more than 50 years and must continue spearhead the country to next millenium. Again, WHAT is the ingredients required?
- 5) UMNO have been a recognised force and driving force behind the success of Malaysia. Again, WHEN will this still prevail?
- 6) UMNO still have the capabalities and qualities to make Malaysia a country with full respect and salute by others, incl other nations. Again, THE BINDING OF THE MALAY MUST ALWAYS BE 1.

Like my previous mail, that ONLY Raja-Raja Melayu and YOU can salvage the Malay and thus make Malaysia harmonious and spiritually to face the world.

I have been saying and asking this - "WILL THE NON-MALAY ACCEPT THE FACT THAT THE MALAY IS ABLE TO STANDING TALL"?!!!

By pemuda on October 20, 2008 5:50 PM

Melayu hari ini lebih byk bercakap soal politik dari memikirkan tentang kemajuan negara. Lebih menghairankan apabila bercakap tentang politik, kita lebih suka kepada Politik bersifat mengkritik dan menghentam sesama sendiri..Tujuannya adalah mudah..KUASA. Oleh yang demikian, kerana Melayu itu sendiri(Saya juga orang Melayu) lebih suka berbalah sesama sendiri, maka bangsa melayu menjadi semakin lemah dan hilang kekuatan sebagai peneraju bumi tercinta ini.

Sebagai Generasi muda (Saya dilahirkan pada tahun 1981), saya amat berdukacita dengan perkembangan semasa ini, Tahukah Yang Berbahagia Tun, mengapa generasi muda tidak lagi memilih BN? Kami bukan tidak menyokong kerajaan, tetapi kecewa kerana tidak ada sebarang usaha yang jelas untuk memperjuangkan nasib-nasib orang melayu. Jika ada sebarang usaha pun selama ini, ianya hanya bersifat sementara atau hanya sekadar hangat-hangat tahi ayam. Saya boleh dikatakan seorang yang dapat menyaksikan dan merasai pembangunan negara ketika Era YBhg. Tun dan juga Paklah.

Saya berharap agar YBhg. Tun dan Ybhg. Paklah berdamailah demi Orang Melayu. Tidak ada kesudahannya jika keadaan ini berlarutan kerana "yang kalah akan jadi abu dan yang menang akan jadi arang". Kami golongan muda juga berharap agar Dato' Seri Najib dapat mengembalikan keyakinan golongan muda terhadap UMNO dan BN. Sesungguhnya, perbalahan yang timbul ini tidak mendatangkan kebaikan kepada sesiapa, tetapi perpecahan terhadap orang melayu sendiri. Kami juga berharap agar Dato' Seri Najib juga akan keluar dari kepompong "Mahathir dan Abdullah" dan melaksanakan pentadbiran negara dengan kaedah sendiri dan atas keyakinan diri agar UMNO dan BN terus relevan demi memperjuangkan nasib bangsa kita.

Maafkan saya jika tulisan ini akan menyinggung Ybhg. Tun, namun inilah luahan Golongan Muda seperti saya yang cintakan kedamaian dan dahagakan kemajuan untuk generasi kami dan akan datang...

To UMNO Members

Pls Vote Muhyiddin Yassin as Presiden UMNO. Kita mesti menyokong pemimpin yang bersih dari apa apa tuduhan.

Undi Mukhriz untuk Ketua Pemuda UMNO. Kami memerlukan kepimpinan anda.

Vote Mukhriz and Muhyiddin!!!

1)Datuk Seri Mohamed Khaled Nordin
Siapa undi dia ni as a naib Presiden memang Jahil.

2)Datuk Seri Ahmad Zahid Hamidi
Dia ni ex pro Anwar Ibrahim dan kaki ampu Pak Lah. UMNO members u all shud not vote him as a Naib Presiden. Dia TALAM DUA MUKA. So hati hati lah dgn dia.

3)Datuk Ahmad Shabery Cheek
One of Minister yang patut di gugurkan terus dalam UMNO. Berdebat dengan ANWAR IBRAHIM tapi haprak!!! Macam mana dia ni boleh jadi menteri???

4)Datuk Nazri Aziz
Dulu pernah istihar perang ke atas TUN, walaupun dia sokong Muhyiddin he still di ketegori Menteri TALAM DUA MUKA. Umat melayu UMNO Samseng seangkatan dengan KJ. Both of them patut di gugurkan dalam UMNO terus.

For UMNO Members and non members we shud tubuhkan Kelab penyokong-penyokong Mahathir.

Salam Tun,
Since I miss the chance being the first, gladly appreciate if my comment can be the last.
On your point no. 18, '...the last time they would be the king-makers in Malaysia', it is sad when a few thousand of people can decide the fate of the millions in Malaysia. Those millions people don't mind if these few thousands carry their duty with dignity and honor, but that is not the case.
For those thousands, this is the time to get back the investment they paid in order to get elected during the division meetings and branch meetings. The simple fact is that UMNO is corrupted to the core.
So Tun, your plea will be ignored and this moment will be the beginning of the end of UMNO.

Note - and I am not even crying.

Assalamualaikum orang Melayu yg dikasihi,

Hari ini tidak kira apa-apa pun yg berlaku dalam UMNO,kita sebagai orang Melayu perlu tetap menyokong UMNO.Ingat lagi sejarah bagaimana parti ini dibina.UMNO dibina atas dasar orang Melayu yg bersatu padu dan mencari akar umbi permasalahan dan dilema orang Melayu yg perlu diperbaiki.Janganlah kerana susu setitik kita buang susu sebelanga.

Parti parti komponen yg ada di Malaysia hari ini walaupun ada yg dipegang pemimpin Melayu tapi parti parti itu bukan parti Melayu.Apa yg saya cuba nyatakan disini parti parti itu cuma bertopengkan raut

wajah Melayu bagi mengaburi Mata orang Melayu. Berpijaklah di bumi yg nyata. Malaysia adalah milik dan Tanah orang Melayu. Dimanakah Melayu ingin berada andai Tanah Yg subur ini dirampas dan orang Melayu hilang punca dalam membela nasib mereka. Hanya UMNO sahaja medium terbaik bagi orang Melayu menyampaikan hasrat bagi membetulkan kepincangan yg berlaku. Melayu bukan lemah, tapi Melayu Mudah Lupa dari sejarahnya. Mari kita semua bersatu demi anak bangsa kita 55 tahun yg akan datang dan selamanya. Bersatu dan jangan berpecah belah orang Melayu walau apapun pendapat anda.

Bersatulah Orang Orang Melayu tak kira apa fahaman anda samaada positif atau negatif. Percayalah ,Melayu mampu bersatu seperti semasa penubuhannya oleh Dato ONN. Semua kepincangan yg berlaku dalam UMNO dapat diperbetulkan andai semua orang Melayu kita bersatu padu dan mahukan.

Hanya rakyat dapat mendukung pemimpin dan rakyat melayu jugalah yg boleh memberitahu apa yg orang melayu inginkan. Melayu jangan mudah lupa. mari kita bersatu seperti zaman dato ONN. Bangsa Melayu hak dan maruah kita perlu dipertahankan diatas tanah nenek moyang kita. Jangan sampai anak bangsa kita menyalahkan kita dan nenek moyang kita atas kealpaan dan kelupaan kita pada Orang Melayu dan Tanah Melayu

Yg. DiKasihi Tun,

Congratulation! You've succeeded in making DSAAB angry. Remember? An angry man is the weaker man. He's ripe for the slaughter and you should upped the intensity of your critiques on him to make him go away faster.

Syabas again and we all thank you.

Salam Tun,

Ha ha ha, Pak Lah has indirectly given a free publicity to your blog. After his outburst yesterday, more comments posted in this blog of yours and indirectly telling us your blog has generated more traffic. Ha ha ha.... Rimau tua dah bangun.... baru sedar tak ada taring. Pelanduk di keliling pun gelak tengok rimau tua ni (no offence on the 'tua' tu ya Tun, the word Tua is just for Pak Lah) . Rasanya dia dah sedar yang dia makin tak relevant. Juga takut dengan Tun sbb orang yang pro Tun semua dah cukup pencalonan. Ini juga secara tak langsung menunjukkan yang Tun sangat relevan. Without you with us now.... cannot imagine as you are still seen as our leader that we trust who will not sit and do nothing when we are being pushed around by Pak Lah spinner. Anyway, spinner Kalimullah dah tender resignation. Again, Alhamdulillah. Kadang kadang terpaksa respect jugak dengan Tun sbb nama nama yang Tun tulis dlm blog ni dengan nada yang negatif semua dah nak keluar, eg Kalimullah, Zaid, Pak Lah, Chin dan insyaallah Khairy. You really are someone special. No need for power, just intelligence yang ada pun sudah cukup

Siapa Tun? Itu pun tak tau ke? Patutlah bila jadi PM macam macam problem, masalah ekonomi , perkauman, etc.

Tun, dulu waktu Tun jadi PM, berbilang kaum kita adalah satu 'strenght' tapi bila masalah kaum di zaman Pak Lah ni , dah jd mcm api dlm sekam. Sedih bila baca komen racist dr puak Malay and non Malay. Puak bukan Melayu bawa isu NEP, yg Melayu pulak suruh balik negara asal. Bagi saya semua ini Pak Lah yg kena jawab sbb tak pernah terjadi perkara seperti ini dibicarakan samada di alam maya atau alam nyata. Dia tak tahu mentadbir. Tak tahu mana kaca dan mana permata. Nanti bila sesiapa nak jadi PM, kena buat IQ test. Must exceeded 160 baru boleh jadi PM. Khairy tu tak cerdik sbb dia masuk pintu belakang di Oxford. Bapa Diplomat senang masuk Oxford. Kalau orang biasa masuk Oxford memang sebab cerdik.

Terima kasih Tun.

Salam Tun,

Shocked to hear Pak Lah gets angry on you in newspaper- I think mad will be better word-.

I think these are the reasons for Abdullah getting mad:

1. Seeing your son getting more vote compare to his Son in Law
2. Constant criticism by Umno leader especially Muhyiddin
3. Losing support when he announced to step down.
4. Fail to become better PM than TUN
5. Not happy seeing your blog keeps registering more visitors

and so on.....

But being a proponent of Islam Hadhari, what is the image is he portraying by forgetting your contribution to the country and also to him by making him a PM.

So, how on earth he questions TUN's right of speech. After all I remember he as the one suggesting that current gov. allows greater freedom of speech compare to before.

If he would like to be remembered, better be grateful to TUN who has appointed him to the power or else he would be forgotten.

Thanks.

Assalamualaikum Tun,

Banyak yang saya baca diruangan ini. Pada pandangan saya kesilapan Tun adalah memilih Pak Lah sebagai pengganti Tun.

Pak Lah tidak akan meletakkan jawatan sebagai PM... kita tengok dan lihat. KJ akan menjadi Ketua Pemuda. Jika ini terjadi maka terjadi lawak terhebat yang pernah kita saksikan.

Mesyuarat perwakilan hanyalah wayang dipentas dunia. Calon boleh kalah dibahagian sendiri tapi boleh menang ditempat lain.

Layak kah seorang menteri kabinet bercakap... harga minyak tidak boleh turun banyak kerana nilai ringgit jatuh dan pendapatan PETRONAS jatuh. Tapi masih naik kan minyak tidak pula menteri itu bercakap nilai ringgit naik dan pendapatan PETRONAS meningkat. Layakkah beliau menjadi seorang menteri.

Layakah seorang menteri dilantik sedang pada zaman TUN pernah ditangkap kerana membawa wang keluar dari Malaysia. Seorang menteri tidak tahu berbahasa inggeris dilantik semula menjadi menteri.. apa alasannya.

Pak Lah semalam cakap siapalah Tun nak cakap macam macam.. tapi Pak Lah kena ingat siapa yang naik kan beliau.. Betul kata TUN melayu mudah lupa. Bila dah senang.. Melayu mudah lupa...

Tun yang dihormati, Tun amati menepati masa dalam apa jua perkara, tapi Pak Lah... semua lambat.. adakah orang yang mengganggukan ISLAM HADAHRI jarang menepati masa...? Tepuk dada tanya selera...

Tun yang dihormati... bukan senang nak jadi pemimpin yang baik... bila kata tidak dikota, bila janji dimungkri, bila rakyat mula dilupai maka hancurlah pemimpin tersebut..
By nurain on October 20, 2008 7:09 PM

Smlm tgk berita tv3..ish ish ish kesian...hihihi
nak tergelak pun ada..betulah nasihat Tun, patutnya DIAM!!

Tun, saya berharap dan berdoa agar semua perwakilan yg akan mengundi nanti akan mengundi seorang pemimpin yg bersih dan dapat diterima oleh rakyat..

sy frust juga knp TMY tak jadi calon presiden..apa-apa pun sy harap Mukriz dapat menang dalam pertandingan nanti...sebab kalau yg sorang lg tu menang...alamat hilang lagila keyakinan org utk mengundi BN pada pilihanraya akn dtg.

Go go go mukhriz...

Wahai perwakilan yg akan mengundi nanti...tolongla undi bagi pihak rakyat..tolongla selami perasaan kami ini...jalanilah amanah yg diberikan..

Dearest Tun,

Izinkan kalu boleh,

Dear Pakbelalang,

Your comment:

"MCA Wants Govt To Establish Check-and-balance System To Monitor ISA"

MCA kena buat mcm tu buat sementara, kan DAP masih berkuasa di kalangan masyarakat cina. Tadi baru habis tengok bulitin cina kat NTV 7, saudara Lim Kiat Siang heboh-hebohkan isu ISA, dia ingat dialah org kuat cina. Sekarang masyarakat cina dah muat dgn DAP, bukan nak menyelesaikan isu ekonomi yang melanda kat negara di parliment, cuma naik cari pasal kat semua pihak BN. Nak muntah lah tengok mukanya.

Selamat malam Tun.

YBHG. TUN,

Jika AAB tak dapat menerima komen Tun untuk pemilihan barisan pemimpin UMNO sekarang ini, dia pun tidak sepatutnya memberi sebarang komen kerana dah berjanji melepaskan jawatan. Apa hak AAB pula nak tentukan siapa yang patut duduk dimana dalam parti yang akan dia tinggalkan?

Masih adakah ahli UMNO yang masih tidak dapat menerima kenyataan bahawa AAB dan keluarga menghancurkan ratusan calon UMNO dalam PRU12 yang baru lalu?

Baguslah TUN beri peringatan kerana melayu cepat lupa dan jika kita benar-benar ikhlas dan telus untuk memulihkan imej dan penerimaan rakyat kepada UMNO. Lihatlah, orang yang tidak sepatutnya dicalun masih lagi mendapat pencalonan hari demi hari.

Apakah pemimpin2 yang bersetuju dengan kenyataan AAB sememangnya tidak faham? Atau ada kepentingan diri? Agenda sendiri?

Mana-mana pemimpin sedia ada, dalam pencak silat mereka mempertahankan jawatan dan maruah diri, jangan sekali menganggap ahli UMNO semuanya bebal dan buta kayu. Takut nanti langkah anda tanpa sedar adalah langkah kecundang memakan diri.

TUN, majoriti rakyat marhain sentiasa memerhati dan dalam senyap menerima pandangan TUN. Kerana TUN telah membuktikan tahap kejujuran dan ketelusan yang tertinggi dikalangan pemimpin yang lalu dalam memperjuangkan nasib bangsa, agama dan negara berpuluh-puluh tahun.

Askm!

Saya amat tertarik dengan komen yg diberikan oleh salah seorang dari, mungkin peminat setia Blog Che Det pada 19 Okt yg lalu. Pasti Tun sedia maklum.. siapa pengkomen tersebut. Tun! Kalau orang tu ikhlas, jujur dan banyak berjasa dengan saya, pasti saya akan ingat dan kenang jasa dia sampai bila-bila.

Saya kira, masing-masing mempunyai pendapat dan pandangan. Mungkin serupa atau pun berlainan. Apa pun saya pasti Tun mempunyai taktik & cara Tun sendiri. Sebagai seorang pemimpin yang banyak membaca, saya kira mungkin Tun sedia maklum akan buku-buku seperti Sun Tzu's Art of War & 48 Law of Power. Mungkin pengkomen yang dimaksud itu tidak faham atau tidak tahu akan strategi dalam berperang atau pun dalam bahasa yang paling tepat, dalam situasi ini.. dikatakan sebagai perang psikology.

Tun! Keputusan Paklah meletakkan anakanda Tun, YB Dato' Mukhriz di kawasan Parlimen Jerlun sudah cukup membuka mata rakyat akan strategy halus tapi terancang oleh Paklah & Menantunya KJ. Secara peribadi, saya berpendapat Parlimen Jerlun boleh saya katakan sebagai 'The Killing Zone'. Saya melihat bagaimana Tun sendiri telah turun ke padang untuk sokongan moral pada anakanda Tun. Mahu tidaknya, di kiri dan di kanan malah Jerlun sendiri adalah kubu kuat pihak pembangkang. Alhamdulillah, tuhan itu maha adil. Kemenangan tetap dipihak yang benar dan ikhlas dalam perjuangan. Tidak cukup dengan itu, setelah gagal, Tun pulak telah diheret ke Mahkamah. Berkenaan dengan segala wasiat, saya kira pengkomen tadi tidak faham. Lihat lah apa yang telah terjadi pada Pulau Batu Putih. Lihatlah apa yang terjadi pada Proton, Indek Komposit Kuala Lumpur (KLCI), KDNK, Kadar Inflasi Pengguna, Keputusan PRU ke-12, UMNO dan yang paling kita semua sedih, lihatlah sendiri apa yang terjadi bila .. masuk waktu suboh, nak azan pun tegur. Tak boleh kuat-kuat.

Keep it up...Tun! We are on the right track. Mat Sabu is Mat Sabu. Tun Mahathir is Tun Mahathir. What ever you said, you have done it & you prove it to us. Tempoh hingga Mac 2009 agak lama. Kita kena konsisten sebab kita 'Berani Berubah'.

Wslm.

Sepatah dua dari AyahKu at <http://coretanayahku.blogspot.com/>

Musim pemilihan pemimpin parti (Umno) dilihat semacam musim bunga selepas berganti musim luruh. Ketua-ketua cawangan dan bahagian mula menampilkan diribagai cendawan tumbuh musim hujan, yang sebelum ini hidup segan, mati tak mahu, telur di hujung tanduk...

Yang pandai, yang bijak, yang ada kuasa, yang tak ada kuasa, yang ada duit dan yang tak ada duit,

sampai ke akar umbi, sudah mula berjalan seiring dan berkata senada. Yang capek datang bertongkat, yang pipis datang melayang, semata-mata untuk mencari sokong dan menyokong...

Kepala ahli-ahli UMNO, dah naik PENING... Fikiran dah jadi haru biru, Hitam dan Putih sudah tak dapat nak bezakan, jadi Kelabu.

AyahKu nak ingatkan, jangan jadi sokong membawa rebah. Harap kan pagar, pagar makan padi... Harap kan panas sampai ke petang, rupanya hujan di tengah hari.

Dan nak berpesan-pesan kepada yang berjaya, jika berjalan di atas, jangan lupa rumput di bumi, dan tangan yang memberi kita makan, jangan pula digigit. Jika ada kritikan atau teguran panas, jangan melenting dan jangan marah-marah, nanti KENA JUAL. Bersabar dan Bertenang...

PEGANG BARA API, BIAR SAMPAI JADI ARANG...

Selamat Berjuang untuk Bangsa dan Negara...

Assalamualaikum Tun,

Terima kasih atas kerana memberikan penjelasan yang amat penting bagi kelangsungan perjuangan UMNO. Bagi saya, kalaulah nasihat Tun dapat diambil dengan lebih terbuka dan tanpa sebarang prejudis..saya yakin Insya Allah Parti UMNO akan menjadi kuat dan tunjang kepada Malaysia..

Namun demikian..apabila saya perhatikan kepada situasi politik semasa pada hari ini, mungkin apa yang di cadangkan oleh Tun akan mendapat reaksi yang bercampur-campur dikalangan perwakilan UMNO yang akan d bersidang tak lama lagi.Yang amat saya sedih sekali..sebagai seorang Muslim Melayu, apabila berlaku tohmahan dan kritikan yang bagi saya amat tidak beradab. lebih-lebih lagi apabila bercakap dengan orang yang lebih makan garam seperti Tun. Saya tidak menyangka kritikan-kritikan yang amat keras itu keluar daripada orang-orang yang lebih muda..mana perginya adab kesopanan Melayu yang kita pertahankan selama ini?

Walauapapaun terjadi, saya sanjung dan hormat TUN sebagai seorang negarawan agung yang pernah lahir di tanah air saya... terima kasih TUN..dan saya doakan TUN dan Dato' Mukhriz mendapat tempat di dalam UMNO yang makin tenat kini... seperti kata TUN lalu... Assalamualaikum YBHG Tun,

Belum terlambat rasanya untuk saya ucapkan Selamat Hari Raya buat Tun sekeluarga. Harap Tun Sihat dan tabah dalam menghadapi pelbagai kritikan yang dilempar kepada Tun oleh pak kaduk-pak kaduk semua tu..

Terus-terang saya agak terkejut dgn tindakan DSAAB yang dgn terang-terangan mengecam tun dan orang-orang yang boleh mengancam kedudukannya spt TSMY..Dia seolah-olah tidak boleh menerima teguran yang dibuat oleh tun dan TSMY, dan kemungkinan selepas ini DS Rais Yatim kemungkinan akan menerima tempiasnya disebabkan komen beliau pada akhbar hari ini(21/10/08). Saya sebagai generasi muda dapat merasakan niat sebenar tun dan TSMY yang mahu membawa semula kapal yang diberi nama UMNO ke laluan sebenar yang saya lihat sudah tersasar sekarang ni walaupun Tun hanyalah bekas nakhoda dan TSMY hanyalah sebagai juragan tetapi dilihat oleh nakhoda sebagai mencampuri tugasnya yang beliau sendiri tahu akan mengakibatkan kapal yang membawa kaum melayu itu karam.

Saya juga hairan apabila melihat begitu ramai awak-awak yg tampil menjadi hero kepada nakhoda dengan turut sama mengecam Tun padahal ketika Tun menjadi nakhoda dahulu semua menzahirkan taat setia pada tun tetapi itu hanyalah ketika tun berkuasa, tetapi apabila tidak lagi berkuasa barulah nampak yg segala taat setia yg diberikan selama ini hanyalah semata-mata untuk menjaga kedudukan mereka sahaja..

Saya amat bersetuju dgn tun bahawa orang-orang yang tidak diperlukan ini eloklah dikeluarkan sahaja dr barisan kepimpinan UMNO. Saya tidak kata untuk dikeluarkan terus dari UMNO kerana UMNO adalah parti kepada sesiapa sahaja tetapi elok sgt kalau dikeluarkan dr kepimpinan UMNO terutama yg baru setahun jagung dalam pelayaran politik ini tetapi sudah pandai menempelak barisan-barisan senior dan melakukan percaturan-percaturan yang kelihatan bijak tetapi sebenarnya sgt memualkan.

Akhir sekali saya turut ingin melihat generasi baru yg saya lihat mempunyai ciri-ciri kepimpinan tun dahulu untuk menerajui kepimpinan negara iaitu anak didik tun DS Hisham dan anakanda tun sendiri D Mukhriz..dan sokongan saya terhadap tun tidak akan hilang..

Sdr Kukun ,

Terima kasih kerana memberi respon di atas tulisan saya , walaupun sdr bukanlah sasaran tulisan saya .
Sebagai jawapannya ingin saya nyatakan begini kepada saudara ;

1. Adakah sdr akan terus membiarkan janda sdr yang lari dari rumah terus memberikan arahan bagaimana nak didik anak.
2. Kita tak pernah halau dia keluar , tapi ini di atas kehendaknya sendiri , [kononnya dia hebat , kononya anak anaknya/pengikut pengikutnya akan ikut sama lari dgnya , tapi sapa ja yang ikut , semua yg macam melukut tepi gantang ja]tapi masih lagi nak mmebebel pasal rumah lamanya , kenapa ?.
3. Tak di nafikan jasanya membangunkan negara memang banyak , tapi dg semua itu bolehkah menyebabkannya jadi bongkak , hingga semua org tak betul. Tapi kena ingat itu tanggungjawabnya sebagai pemimpin untuk memberikan khidmat yang terbaik utk negara dan bangsa , janganlah riak pula . Dia kena ingat dia tidak boleh bertindak sesuka hati tanpa izinNYA yang maha kuasa.
4. Akhirnya sekali jika YBG Tun masih rasa dia bertanggungjawab untuk melihat negara ini aman makmur , saya syurkan ambillah langkah langkah berikut ;

- a. Mohon semula masuk UMNO dan bertanding semula atau
 - b. Bawalah tasbih, sejadah & Al Quran ke masjid/surau
- banyakan amal dan mohon ampun dari ALLAH
5. Akhirnya tq kpd sdr kukun dan saya tak perlukan komen sdr lagi.

Salam, TDM dan TDSH yang dikasihi dan dihormati,

Saya terbaca komen2 dan ulasan pemimpin-pemimpin UMNO sekarang yang meminta agar TDM jangan masuk campur dan mengkritik tentang pemilihan Umno yang sedang berlangsung ketika ini. Saya bertanya kepada diri saya sendiri,siapa mereka yang ingin meghalang TDM dari terus mengkritik UMNO? Maafilah, saya hanya memandang mereka sebelah mata kerana terus terang saya katakan, saya tidak nampak sebarang sumbangan mereka kepada Malaysia dan rakyat khususnya jika hendak dibanding dengan TDM yang telah mentadbir kerajaan selama 23 tahun dan telah membawa pelbagai kemajuan dan pembaharuan dari pelbagai sudut. Saya hidup di bawah pentadbiran TDM selama 22 tahun, dan

dalam jangkamasa itu, saya dapat melihat pelbagai idea baru, pembaharuan, kemajuan dan cara TDM menyelesaikan satu2 krisis, terutamanya krisis matawang pada tahun 1997-1998. Terus-terang saya katakan, sehingga kini tiada seorang pun pemimpin sekarang yang mampu menandingi kewibawaan TDM sebagai PM.

Saya menganggap mereka ini sebagai menderhaka dan biadap kepada bekas pemimpin dan 'guru' mereka sendiri. Dan beritahulah kepada saya, TDM, bagaimana saya harus menghormati dan tabik kepada pemimpin-pemimpin seperti ini... Sepatutnya, suara bekas pemimpin seperti TDM harus diambil kira kerana TDM cukup berpengalaman dalam pentadbiran negara, sehingga disegani dan dihormati oleh kawan dan lawan. Jangan sampai rakyat menganggap pemimpin sekarang sebagai 'cerdik tidak boleh diikut, bodoh tidak boleh diajar'...

Dear Tun

Actually I'm writing now is to give my opinion to a comment given by "The Mind". He was saying that Tun is responsible to put Pak Lah as PM, but I think as human being the blame should not be on Tun 100%.

When Pak lah as TPM most of his actions are from the PM's directive, therefore the PM expect the deputy should learn and able to manage on his own. Paklah have ample time to learn as Tun has been the PM for more than a decade.

Although Paklah took Tun's team whose already dirty during Tun's as a PM, Paklah should have developed the skill to control his team members. The facts is, if anyone in the PM's seat would like to appoint his succesor, who would be the best candidate? Would it be the TPM or any Tom & Harry?

Salam Tun,

Pemilihan pucuk kepimpinan Umno menunjukkan Umno mengamalkan demokrasi, tetapi setiap sistem mesti mempunyai kelemahannya dan orang2 Umno pandai menggunakan kelemahan sistem pemilihan Umno untuk kepentingan sempit mereka seperti yang Tun nyatakan.

Daripada pengamatan saya, walaupun berlaku proses pemilihan pucuk pimpinan ianya tidak dapat menjamin qualiti pemimpin yang akan di pilih, sebabnya :

1) Pemilihan yang dilakukan oleh cawangan Umno tidak menunjukkan ianya berdasarkan merit pemimpin tersebut pada masa yang lalu dan perancangan pembangunan negara yang ampuh pada masa yang akan datang. Sebagai parti utama yang akan menerajui kepimpinan negara, calon pemimpin utama sepatutnya menyiarkan 'CV'/ korukulum vitae kepada umum dan mewawarkan strategi untuk mencapai wawasan akan datang.

2) Pemilihan pemimpin Umno lebih bersifat siapa yang lebih popular

3) Pemilihan yang diwakilkan kepada wakil cawangan sewaktu perhimpunan mendedahkan kepada salah guna amanah kerana beliau mungkin memilih calon yang disukainya dan bukan yang dipilih oleh majoriti ahli cawangan beliau.

Berdasarkan sebab di atas pemimpin yang akan naik mungkin seorang yang popular di kalangan ahli Umno tetapi lemah dari segi perancangan dan pelaksanaan pertadbiran negara. Mudah diperkotak- katik oleh musuh politik beliau dan mungkin juga penuh dengan skandal.

Apa yang saya harap orang- orang politik mengukur baju di badan sendiri dan mereka yang mempunyai ciri-ciri sebegini perlu menarik diri dari bertanding/ memimpin walaupun mereka popular. Ianya hanya membazir masa negara pada tempoh beberapa tahun akan datang dan tentunya membuat rakyat lebih sengsara.

UMNO is the biggest bully in town!

UMNO threatens the core pricipals of the country's constitution (Democratic Parliment).

Kalaulah betul betul demokrasi, mengapa tuan pengerusi tak dengar cakap orang lain dalam parliment? Mengapa dihukum MP yang bercakap bagi pihak rakyat? Mengapa tidak adil?

This red tape and unwanted hippocracy and meaningless procedures threatens the other sub parties

position in BN of their powers and their freedom of speech in parliament. BN is only acting on UMNO's interests. The other parties are just puppets to complete the Soap Opera in Parliament. Why talk about democracy when the UMNO and BN party elections itself shows elements of dictatorship and autocratic principals. No other party's leader can become a leader of this nation no matter how good they are or on which side of parliament they sit. UMNO party leaders change laws to suit their families, and own interest.

Politik negara ini sudah jadi tidak tentu arah kerana sistem yang dijadikan alasan untuk pemimpin pemimpin UMNO untuk terus berkuasa, bermaharajalela dan tidak mengambil kira kepentingan rakyat.

Politik negara macam sudah tidak bermakna lagi.

Pemimpin cakap lain sebelum pilihanraya, buat lain selepas pilihanraya. Rakyat jadi mangsa korban.

Korupsi, Nepotisme, Kronisme berleluasa.

Pengangguran tidak terkawal.

Graduan tidak boleh membayar biasiswa.

Anak Pemimpin dapat biasiswa berlambak.

Jambatan Pulau Pinang belum mula dibina.

Jambatan Singapura di batalkan.

Membaik pulih keretapi dilambatkan.

Harga Petrol tempatan meningkat apabila harga petrol sedunia turun dengan banyak sekali (USD73).

Inflasi mencecah 30% dia orang cakap hanya 8%.

No 2 sokong No 1.

No 1 sokong No 2.

No 2 sapu majerin untuk No 1.

No 1 sapu majerin untuk No 2.

Ini tipu rakyat!!

Menderhaka kepada rakyat.

Pembohong!

Penderkaha!!

Pembuli!!

Pembelot kepada bangsa dan negara!!!!!!

Salam All,

I'm not the UMNO members yet. But planning to be one of them with the conditions of all UMNO members from the TOP until BOTTOM must follow exactly what in the Al-Quran and Hadis. Reminder to ALL UMNO LEADER NOW. Being a good Muslim Leader, you have the responsibilities to take care your RAKYAT in term of their welfare and their needs. Allah will ask you what you have done to your people in AKHIRAT later. Remember this being a leader is full of responsibilities, not just to enjoy your life. Life is Short.

kehadapan tun pemimpin yg di sanjungi dan disayangi...
alhamdulillah sekarang melihat banyak ahli parti inginkan perubahan dalam umno ... saya walaupun bukan ahli parti tetapi sebagai rakyat biasa rasa kecewa melihat keadaan politik negara yg tak menentu ... dulu saya berbangsa dlm pemeritahan tun
dlm 23 thn tun mentakbir saya melihat banyak perubahan
dari negara yg tak dikenali ..menjadi negara yg disegangi
tetapi dlm 5 thn pentakbiran pak lah negara tak banyak perubahan..
yg berubah adalah rakyat semakin susah dan tertekan ... sampai bila keadaan ini akan berterusan..kepada kroni kroninya yg berada disekelilingnya untuk menjaga berliaupun tak boleh berkerja dgn baik
cuma pandai menbodek sahaja.. jikalau ini terus berlaku tak mustahil saya akan mengundi parti pembangkang dlm masa pilihan raya akan datang ..

kepada pak lah cukuplah..
terimalah keyataan...
jaganlah hanya mendergar pandangan penasihat mu sahaja..
cukuplah kita tergadai 5 negeri jaganlah satu negara..
kepada projek mega simpanlah di dalam mezeum untuk tatappan
generasi akan dtg ..(kenag kenagan gambar merasmikan projek mega)
kepada menantu kesayangan tiada jalan pintas dlm politik . cepat naik cepatlah kita turun (gunakan tangga naik tingkat 4 jangan guna lif)

Salam Tun

Saya rasa setelah lebih 4 tahun Pak Lah memegang kuasa,dia telah memusnahkan segala apa yang telah di bentuk oleh tokoh-tokoh veteran umno yang terdahulu.Dengan corak kepimpinan yang memualkan dan sikap melebihi keluarga dpd rakyat jelata,saya rasa Pak Lah telah memusnahkan rasa hormat dan sayangnya orang melayu kepada umno.
Sekali orang melayu telah di tipu,tak mungkin perkara yang sama sanggup di tempuhi buat kali ke dua. Walau siapa pun pengganti Pak Lah,sokongan orang melayu terhadap umno telah berubah dan sukar bagi mendapat semula kepercayaan dari ahli umno sendiri lebih-lebih lagi pengundi yang berada di atas pagar.
Percaya lah sekarang UMNO HANYA TINGGAL KENANGAN sahaja.

Thanks TDM, I like your article this time. But I can't forget the silly mistakes made by PM in Making (DS Najib). I'm still curious that Najib the best candidate for that post. For me, it will be the way to the worst situation now for UMNO. I can't imagine the actions of Datin ROSMAH after every this she have done previously. So, Please help us Tun.. politik wang masih lagi ada dan diamalkan oleh orang-orang melayu.. selagi ada yang memberi pasti ada yang menerima..

kita negara demokrasi... tapi apa gunanya demokrasi itu sekiranya tidak dipraktikan dan disekat kebebasan bersuara?

kita hanya orang biasa, bersuara pun tidak dihiraukan...
hanya tunduk, diam membisu ..
membiarkan diri, masyarakat dan negara diatur tanpa hala tuju...

By abrani on October 22, 2008 3:27 PM

Salam Tun, melalui interaksi dengan ahli-ahli UMNO yang terlibat dengan pemilihan cawangan dan bahagian, memang gejala ini (peranan wang menentukan calon) memang berlaku.

Saya bukan orang politik tetapi hanya rakyat biasa yang sayangkan negara ini. Tetapi gejala wang ini amat menakutkan kerana kuasa wang ini menyebabkan pemimpin yang tidak berkualiti dan yang mempunyai kepentingan peribadi dipilih. Keadaan ini akan menyebabkan UMNO akan menjadi semakin sakit kerana pemimpin yang sebegini yang dipilih.

Saya amat berharap agar pemimpin yang benar-benar jujur dan ikhlas memperjuangkan UMNO dipilih. Bukan orang yang mempunyai tujuan tertentu berkepentingan peribadi dipilih. Walaupun bukan semua pemimpin yang berada dalam UMNO berbuat demikian tetapi saya amat berharap agar ahli-ahli yang diberi kepercayaan untuk memilih maulkan yang terbaik untuk kebaikan UMNO dan kepimpinannya akan datang.

Keluhan rakyat biasa dari keluarga UMNO.

Dearest Tun,
Perkembangan kini kadang-kadang begitu mengerunkan implikasinya, sehingga harus kita fikirkan apakah pemimpin yang akan memegang jawatan dalam parti, just in time, untuk mengaminkan bacaan talkin untuk parti keramat orang melayu ini.

Salam Tun.....

Nak komen solcroft's remark. Why Tun must shut up? Freedom of speech....free to voice out opinion.....isn't that what democracy is all about?

1. Those who are responsible enough voice out opinion.
2. Those cowardly irresponsible hurl abuses.
3. Those who knows nothing took opinions as "lambasted abuses".

Amacam Tun? Betul tak? Saya kata betul.

Wassalam

Yes, let's remove the Abdullah toadies, lest they interfere with the machinations of the Mahathir toadies.

Already you're telling Najib what to do, even though he's yet to become PM. If you want your words to carry weight, Mahathir, you need to stop resorting to such blatant hypocrisy by keeping your mouth shut

and stop doing the very same things you so energetically and tirelessly lambast others for."

Assalamualaikum.

Politik bukanlah untuk kita masa kini. Apa yang Kita perolehi sekarang adalah hasil dari perjuangan politik mereka yang terdahulu bukan kita. Usahlah kita mendabik dada kerana kita masih belum melakukan apa-apa.

Politik masa kini adalah untuk anak cucu kita mungkin untuk 100 tahun yang akan datang. Jikalau kita membuat keputusan yang silap, anak cucu kita di masa depan akan menyalahkan kita semua. Hanya kejayaan mereka dapat membuktikan bahawa kita telah membuat keputusan yang tepat.

Kepada perwakilan UMNO semua, semasa hendak memilih, bacalah bismillah, lakukan hanya kerana ALLAH, tutuplah mata dan kenangkan anak cucu kita di masa depan. Buatlah pilihan dengan hati yang jujur, pilihlah pemimpin yang benar, amanah, bertanggungjawab dan sentiasa memikirkan bagaimana untuk berkhidmat kepada masyarakat.

Pemimpin yang sentiasa memikirkan akan untung dirinya bukanlah pemimpin tetapi pengikut. Pemimpin sentiasa memikirkan bagaimana untuk berkhidmat kepada mereka yang dibawah tanggunganNYA.

Selamat memilih. Kepada Dato' Mukriz, tahniah kerana melepasi kuota pencalonan. Tetapkan iman dan tujuan. Semoga ALLAH menunjukkan jalan yang benar.

Terima kasih

Salam hormat Y.A.Bhg Tun,

Memang politik wang payah hendak dihapuskan. Kita telah pun sedia maklum dan Tun sendiri pun pernah mengalami keadaan yang sama di mana semasa pemilihan UMNO zaman Tun banyak wang berubah tangan. Bak kata orang waktu pemilihan UMNO ini adalah yang dinanti-nantikan oleh semua perwakilan bahkan UMNO bahagian sendiri pun mendapat peluang. Semua jawatan tertinggi memerlukan pencalonan daripada pihak bahagian. Pemilihan UMNO ini di samakan seperti 'bonus tahunan' atau Hari Raya.

Oleh yang sedemikian saya rasa telah tiba masanya Tun menyuarakan satu mekanisma baru pada sistem Pemilihan UMNO agar tidak terdapat sedikit ruang pun untuk penggunaan wang ringgit.

Mungkin sistem quota dihapuskan atau dan sebagainya. Kita banyak mengeluh tentang politik wang perlu dihapuskan dan semua orang pun tahu tetapi kalau terdapat satu sistem baik diwujudkan dimana wang ringgit langsung tidak mempunyai kuasa, insyallah.. UMNO akan selamat untuk anak cucu cicit kita dulu kini dan selama-lamanya.

Akhir kata semoga Allah memilihara kita semua dan Tun sekeluarga agar hidup sihat sejahtera mengikut kehendak Nya. InsyAllah...

Wassalam.

salam and a very good afternoon

well, looking at the scenarios these days, we have seen lots of things happened mostly people are talking about the hot issue - umno's appointments of president, vice president, etc...etc...etc...but even we are so eager of these scenarios, let's not forget the roots of umno and its true objectives. we live in a harmony country (that's what "most" people say)...but in reality do we really...really...really take into accounts the surroundings and environments?...don't just too excited and overwhelmed with who's the next president or vice president...we need to look into the people itself..what can they bring to the party and to the community at large...

Selamat pagi chedet,

Harapan hanya tinggal harapan.
Di sangkankan panas di tengahari rupanya ribut dan banjir yang datang.

UNITED MALAY NASIONAL ORGANIZATION MUNGKIN SUDAH TIDAK RELEVAN UNTUK ORANG MELAYU?
Salah siapa....?

Gila harta... gila darjat... semuanya gila....
MAKA KAMPUNG TERGADAI.
Yang menang dapat abu..... Yang kalah dapat arang....
Di mana penghormatan dan maruah jati diri melayu.?

Dan mungkin sia-sia kata-kata Hang Tuah
"tak kan melayu hilang di dunia"
atau mungkin lebih tepat lagi dari pendekar kundur
" mungkin melayu hilang kuasa dan maruah"

***"Melayu mudah lupa" (chedet)
Sesungguhnya kerana terlalu dahagakan wang berkoyan-koyan dan pengaruh seluruh kampung.
melayu itu lupa asal usul dan sejarah perjuangan nenek moyang sendiri.
Dan akhirnya bila sudah jatuh dan di timpa tangga barulah mahu bangkit dan sedar.
Ketika itu segalanya sudah terlambat.

Hidup penuh dengan kepura-puraan, ego dan bongkak dengan darjat yang tinggi.
Sedangkan anak sendiri menangis kelaparan.
Ada apa dengan nama jika hidup tak punya maruah dan jati diri.

*KEPADA SEMUA PENGUDI DAN AHLI UMNO SELURUH MALAYSIA YANG LAYAK BERTANDING
DAN MENGUDI PADA PEMILIHAN AKAN DATANG.....

*** Jadilah seorang melayu, islam dan bangsa malaysia yang berpendirian teguh serta punya jati diri
pejuang yang agung demi anak bangsa dan masa depan orang melayu di TANAH MELAYU.

"BERSATU KITA TEGUH DAN BERCERAI KITA ROBOH....."

Akhir sekali kepada pemimpin yang sekadar ingin melepaskan batuk di tangga dan perjuangan untuk diri sendiri ada baiknya berfikir secara waras dan positif dan memberi laluan kepada yang layak dan berkredibiliti untuk meneruskan perjuangan yang masih belum selesai.

Assalamualaikum dan salam sejahtera.

Melihat kepada apa yang berlaku di dalam negara semenjak kemenangan BN dalam PRU12??????, saya merasakan apa yang berlaku ada hikmah disebaliknya. Mungkin ini merupakan peluang bagi ahli UMNO membuat perubahan di dalam organisasi UMNO yang tidak mampu dilakukan dahulu. Kita masih belum terlambat.

Saya seronok melihat, kini rakyat Malaysia amat membenci mereka yang sombong, angkuh, bangga diri, mementingkan diri sendiri, rasuah dan semua sifat-sifat yang tercela yang dibenci ALLAH. Itulah yang kita mahukan. Pilihlah pemimpin yang mempunyai sifat-sifat yang terpuji seperti sentiasa berpegang kepada kebenaran, amanah dan bertanggungjawab, menyebarkan perkara yang baik, sentiasa berfikir sebelum bertindak dan meletakkan kepentingan agama, bangsa dan tanahair melebihi dari diri sendiri.

Dulu TUN telah melakukan berbagai-bagai cara bagi mengubahnya tapi gagal. Ini disebabkan ketika itu UMNO berada di puncak kuasa. Kini, ia tidak lagi. UMNO telah dipaksa untuk berubah bagi memenuhi kemahuan rakyat. Itulah baiknya sistem demokrasi, rakyat amat berkuasa ketika pilihanraya dan mampu meruntuhkan kerajaan. Kalau UMNO gagal maka percayalah kewujudan tidak akan bermakna lagi.

Malam semalam saya menonton rancangan ASTRO AWANI bersama dengan bekas Menteri Besar Selangor. Banyak komennya mengenai kekurangan para pemimpin UMNO. Terdetik di hati saya, bukankan beliau adalah salah seorang yang menjadi pemimpin UMNO dan juga bekas pemimpin kerajaan. Tidak pulak beliau menyatakan kekurangan beliau, semua salah orang lain. Saya buat itu, saya buat ini dan dan dan.....

Kalau begitulah baiknya beliau sebagai bekas Menteri Besar Selangor, kenapa BN kalah di Selangor dan kini menjadi pembangkang? Pemimpin yang bertanggungjawab adalah mereka yang sanggup dipersalahkan sekiranya sesuatu yang buruk berlaku, dan memuji ALLAH atas segala kebaikanNYA.

Nasihat saya sebagai rakyat yang kerdil, usahlah menunding jari kepada orang lain, lihatlah ke dalam diri sendiri. Semua yang berlaku adalah akibat perbuatan kita sendiri bukannya orang lain.

Yang baik datangnya Dari ALLAH dan yang buruk itu datangnya dari kita sendiri.

Wasalam.

Assalamualaikum TUN.

Tak ramai yang daripada kita yang memperkatakan pemilihan jawatan Ketua Wanita UMNO ataupun jawatan Timbalan Ketua Wanita UMNO. Tak penting ke jawatan tersebut? Atau masyarakat tak memperdulikan siapa ketua atau timbalan ketua wanita UMNO berbanding dengan Ketua Pemuda. Siapa

sahaja sama tak banyak perbezaannya.

Setahu saya, wanita UMNO memainkan peranan yang amat penting ketika pilihanraya. Lemahnya kepimpinan Wanita UMNO akan melemahkan jentera pilihanraya UMNO.

Di dalam UMNO, terdapat banyak sayap termasuk Puteri UMNO. Pada asalnya puteri UMNO diwujudkan bagi membantu Wanita UMNO ketika kempen pilihanraya. Kini saya merasakan ia telah tersimpang jauh dari tujuan asal penubuhannya.

Pemimpin-pemimpin Puteri UMNO dilihat cuba menyaingi Wanita UMNO bukannya cuba membantu. Di lihat cara mereka lebih kepada peragawati dari menjadi seorang pemimpin.

Apa pendapat TUN mengenai permasalahan tersebut?

Sekian terima kasih.

Wasalam.

TUN,

This is just a JOKE, Im not a member of any party that exist in Malaysia. But after 12th General Elections, and after getting myself involve with Malaysian politics- suddenly something has just crossed my mind..hahaha and guess what? I want to try my luck to become a politician..so how actually do i start with?? Where should i start??

Can I join UMNO? I know nobody in UMNO..i believe i can change the UMNO's concept..TUN, this is just a suggestion ok- I think United MALAYS National Organisation should change to United Malaysian National Organisation..

Here are the concept of the new UMNO:

- 1) Bumiputra's right remain the same as written in the Sosial Contract/Perlembagaan
- 2) Islam to be the National Religion
- 3) Every PM can only have two terms maximum..that means 10 years
- 4) Non Bumi can be PM..and the PM cannot touch on religious,bumi rights, social contracts or anything that relates to it
- 5) The economic policies for all..

Hahahaha i know its impossible..but i believe when this Happen..PAKATAN WILL BE BURIED FOREVER...

Salam Tun,

Saya amat menyanjungi Tun sebagai seorang pemimpin negara yang unggul dan disegani, cuma kesilapan Tun adalah memilih calon yang salah untuk mentadbir dan menjaga negara setelah Tun serahkan jawatan tersebut. Pak Lah tidak boleh mentadbir dan kroni-kroni beliau juga harus melupakan semangat perjuangan Pak Lah yang tidak akan ke mana-mana.

Tun saya sentiasa mendoakan agar UMNO kembali bersatu agar kita dapat menjadi contoh kepada bangsa lain di Malaysia.

Assalamualaikum Tun,

1. DS Najib kata akan menjaga hubungan baik dgn Pak Lah selepas mengambil alih pucuk pimpinan negara.
2. Saya sokong kerana itu adalah sikap yang mulia dan mesti ada pada setiap orang, sekurang2nya MENGENANG BUDI.
3. Pak Lah sepatutnya malu dengan kenyataan DS Najib tu, kerana dia tak mengenang budi langsung. Apa punya orang tua, tak boleh nak dibuat contoh, buat malu kaum je.
4. Pak Lah wajib memohon maaf secara terbuka kepada Tun Mahathir.
5. Tapi DS Najib kena ingat, setakat jaga hubungan baik saje ok, yang lain2 jangan dok ikut, tu semua menjahanamkan negara.
6. Berusahalah menolong rakyat, bukan anak menantu aje, jawatan tu adalah amanah. Dapatkan kembali sokongan rakyat dari berbagai kaum dan golongan.
7. Ikut nasihat Tun.
8. Saya doakan semoga Malaysia aman makmur dan berjaya.

Powered by Movable Type Personalhb Ogos saya, sebagai Canselor U.T.P. telah menyampaikan ijazah-ijazah kejuruteraan kepada 1,086 graduan. Saya amat tertarik dengan kampus U.T.P yang terletak di Tronoh, Perak di atas bekas tanah lombong yang amat luas. Lanskapnya begitu cantik dan udaranya nyaman dengan dihiasi pokok-pokok besar dan pokok-pokok kecil. Saya fikir kampus yang begini cantik dan tenang, jauh dari bandar besar amat sesuai untuk menuntut ilmu.

2. Penuntut yang dapat masuk universiti ini amat bernasib baik kerana lebih daripada 10,000 yang pohon untuk masuk tetapi hanya 500 sahaja yang diterima. Ramai yang diterima mendapat biasiswa daripada Petronas, JPA dan lain-lain agensi Kerajaan dan juga syarikat-syarikat petroliaam. Lebih 10% daripada graduan terdiri daripada penuntut luar negeri.

3. Dewan Besar amatlah cantik dan dapat menampung sebilangan yang besar daripada graduan dan ahli keluarga mereka.

4. Saya berucap di penghujung acara sebelah pagi dan cuba memberi nasihat kepada siswazah akan kehidupan mereka setelah mendapat kerja hasil ilmu yang diperolehi mereka. Saya menekankan tentang betapa mereka perlu ingat akan alma mater mereka dan berusaha untuk memberi nama baik kepadanya.

5. Saya sebutkan juga tentang sikap yang diperlihatkan oleh bekas pelajar di universiti-universiti negara maju yang apabila mereka berjaya akan membantu alma mater mereka dengan derma yang amat besar.

6. Budaya ini tidak terdapat di Malaysia. Bahkan kadang-kadang kita tidak sedikit pun berasa terhutang budi kepada institusi yang telah bekalkan kita dengan ilmu yang menyumbang kepada kejayaan kita.

7. Masyarakat yang tidak memiliki budaya terhutang budi tidak akan maju dan berjaya. Tanpa budaya ini anggota masyarakat akan mempunyai sifat yang utamakan kepentingan diri sendiri semata-mata, sifat tamak. Hubungan di antara anggota masyarakat seperti ini tidak mungkin baik.

8. Justeru itu amatlah penting kita pupuk segala amalan yang membuktikan kita bertanggung jawab, kita bersyukur dan kita sedia membalas budi kerana dengan sifat-sifat ini yang kurang bernasib baik akan dapat menumpang mereka yang bernasib baik.

9. Saya juga sentuh berkenaan tindakan Kerajaan untuk meminda Akta Universiti dan Kolej Universiti. Saya percaya ini disebabkan oleh penuntut kita sudah dewasa dan bertanggungjawab. Justeru itu mereka tidak akan sia-siakan wang yang banyak yang sanggup di belanjakan oleh pihak tertentu untuk membantu membekalkan mereka dengan ilmu yang boleh menjayakan hidup mereka.

10. Sebenarnya Petronas belanja hampir RM150 juta setahun untuk mengadakan U.T.P. Belanja ini tidak termasuk pembangunan universiti dan biasiswa.

11. Jumlah kutipan yuran universiti hanyalah RM20 juta. Ini bermakna Petronas memberi subsidi sebanyak RM130 juta untuk membekal penuntut yang bernasib baik dengan bekalan ilmu untuk menjayakan kehidupan mereka.

12. Bagi seseorang yang sedar bahawa beradanya mereka di universiti adalah atas perbelanjaan Petronas, tentulah mereka tidak akan sia-siakan bantuan ini. Tentulah mereka akan gunakan bantuan ini untuk menjayakan tujuan ianya diberi.

Hi Tun Dr,

Please forecast the politics of Malaysia in 2009. Our politics is highly uncertain today. Thank you.

By shake_nik on October 15, 2008 1:18 PM

Salam Tun,

Am I the first?

I may not in agreement with your ideas and beliefs, but when I had the chance to shake your hands 8 years ago, i did it with respect, siap cium tangan lagi.

By sirtampin on October 15, 2008 1:21 PM

Setuju dengan pendapat Tun.

By shearir on October 15, 2008 1:24 PM

Dearest Tun,

Masyarakat Malaysia dikatakan mempunyai adab sopan yang baik dan budaya yang lemah lembut.

Tetapi adab ini dan sesetengah budaya yang baik tidak di amalkan oleh rakyat kita.

Contohnya, adab kita di jalanraya. Banyak kajian telah menunjukkan adab orang kita di jalanraya adalah antara yang terburuk di dunia.

Kemudian, budaya membaca. Kita dapati budaya membaca di kalangan rakyat kita amat rendah.

Begitu juga dengan budaya kebersihan. Tiada satu contoh budaya di kalangan kelompok bangsa atau agama yang telah berjaya untuk mengubah budaya pengotor di kalangan ramai rakyat kita.

Memandangkan Adab dan Budaya ini adalah BUKAN tanggungjawab kerajaan dan tidak diberi penekanan, maka kita amat ketinggalan dari segi budaya yang baik dan menguntungkan.

Maka sebab itulah budaya memperingati alma mater dan kembali menyumbang kepada tempat tercurahnya ilmu kepada kita satu ketika dahulu tidak mendapat tempat di hati "hasil-hasil keluaran"

universiti kita.

Bukan tiada langsung, tetapi dalam kelompok-kelompok kecil yang kurang memberi impak kepada kemajuan universiti itu.

benda yg didapati secara senang biasanya tidak akan dihargai ... inilah kelemahan manusia ...

amalan ini sukar untuk dikecapi kerana kebiasaannya mereka akan berkata "tak apa, petronas akan menampung tanggungan kosnya" ... ini amat jelas terbukti apabila kita melihat ramai yg mendapat JPA namun tidak mahu membayar balik pinjaman

mungkin amalan ini boleh dipelajari dari SRJK(C), kerana tanpa biayaan sepenuh kerajaan, mereka masih mampu mengusahakan pentadbiran sekolah melalui derma dari peniaga, penjaja dan semua lapisan masyarakat. Di samping itu, amalan ini secara tidak langsung menjadi tabiat pelajar SRJK(C) kerana sejak darjah satu, mereka telah dilihat membawa kad derma untuk mendapatkan kos pembiayaan sekolah mereka sendiri, tanpa sebarang bantuan dari kerajaan

SALAM TUN,

THE STAR on Monday have just proved me and TUN right, Zaid Ibrahim visited Anwar Ibrahim at the PKR's leader opening house on Saturday which held at Cherok Tokun.

Tun, well written with good message to all students who grad from College and Univ.

TUN, why don't you focus more on how to strengthen back our economy by giving your opinions or views on this blog?

Or why don't you arrange an appointment with the Finance Minister 1 or 2 in the nearest time, to clarify all your views regarding current economy situation and giving opinions to strengthen the economy and our nations?

Or why don't our government assemble advisory council named Government Advisory Council(GAC) which includes former leaderships we have such you TUN, KU LI, MUSA HITAM and many others?

Your experience is much needed to help weakest leadership we have today.

Hope our country would be given a strong leader as we had before with a great cabinet team's in order to compete internationally and to strive towards achieving VISION 2020.

Salam Tun,

Universiti adalah tempat menimba ilmu, bukannya tempat utk berpolitik... saya tak setuju tindakan kerajaan meminda Akta Universiti. Perbelanjaan utk melanjutkan pelajaran ke Universiti amat besar, sia-sia kalau disalahgunakan atau dibazirkan utk aktiviti yg tidak berfaedah. Masa hendaklah digunakan sebaik yg mungkin.

Dearest Tun,

I sincerely hope that Malaysia can have more universities like Petronas. The ruling and state governments can subsidize by allocating portion of the states'tax for higher education, give free land, exempt these universities from taxes etc.. and maybe can increase the tuition fees for a degrees to hedge against inflation. By doing these, our contry will be prospered with more local university students who tend to love and appreciate their country, thus equip them with power of knowledge to combat the impact from globilization. If possible, Tun please look into this matter.

Thank you

By dospenang on October 15, 2008 1:37 PM

SALAM TUN,

Mereka yang dapat belajar atau melanjutkan pelajaran di UTP adalah amat bertuah kerana prasarana dan biasiswa dari Petronas adalah terbaik demi memastikan kualiti graduan yang bakal lahir dari Universiti tersebut.

Jujurnya, saya juga pernah menyimpan keinginan untuk belajar di UTP tapi tidak kesampaian. Mereka ini adalah pelajar-pelajar yang bertuah.

Pun begitu seperti Tun saya harapkan mereka tidak akan lupa menabur bakti kembali diatas segala jasa yang telah dicurahkan UTP kepada mereka.

Harapan satu hari nanti UTP akan berada dalam senarai kelompok 10 Universiti terbaik dunia.

Sesuat yang tidak mustahil.....

Tun,

Sebenar saya tidak setuju dengan AUKU, pada pendapat saya AUKU diperkenalkan untuk menyekat fahaman politik para pelajar yang lebih kepada pembangkang. Berpuluh -puluh para pelajar yang menyokong pembangkang telah dibuang universiti dan ada yang dikenakan tindakan lain lain.

Tun,

Jika AUKU diwujudkan untuk pelajar daripada melibatkan diri dari politik, mengapa tidak ada seorang pelajar yang aktif berkempen untuk parti pemerintah diambil tidakan disiplin selama ini?

Jadi saya berpendapat, AUKU mungkin ada asasny, tetapi disalah gunakan dari zaman Tun sehingga kini.

Alhamdulillah.

Tahniah kepada para graduan UTP. Saya amat berbangga dengan pencapaian negara dalam bidang pendidikan ini. Ramai para penuntut dari negara luar sedang membanjiri untuk menuntut di sini. Saya

bersyukur, saya juga merupakan graduan yang dilahirkan UiTM. Dengan pencapaian ini, saya dapat mengubah kehidupan saya. Dahulu saya perlu berikat perut untuk ke sekolah. Kalau murah rezeki dapatlah saya makan nasi 2 kali seminggu selain dari ubi kayu. Kini saya sudah mampu memiliki kenderaan dan rumah sendiri. Kalaulah difikirkan semula, tanpa ilmu, mungkin saya kini sedang bekerja sebagai buruh kasar setaraf dengan pekerja asing di negara sendiri. Inilah bukti pencapaian kita dalam bidang ilmu pengetahuan. Komitmen kerajaan Malaysia untuk memastikan rakyat tidak ketinggalan dalam bidang ilmu. Alhamdulillah. Saya amat bersyukur. Semoga negara kita terus maju dan aman makmur selamanya. Amin.

I don't quite agree when they propose to revise the AUKU. Student must always put study above all. I don't really understand why they really keen on revising the AUKU. I could foresee it would do more chaos than good. Enough said.

Salam Tun,

Lama dah saya tak komen dalam ni. Mula cadang nak pi open house rumah Tun hari tu tapi TERbersalin awal pulak hehehe ... la ni tgh confinement period. Tahun depan la kot, insya-Allah.

Apa yang Tun tulis ni membuka mata saya sebagai seorang graduan. Memang setelah graduate, saya tidak menoleh ke universiti saya balik. Di luar sedar, saya merupakan salah seorang yang penting diri sendiri kaedahnya. Rakan-rakan sekuliah pun saya tak ambil pusing sangat. Ada la 5-6 orang jer yang masih berhubungan sesama sendiri. Apatah lagi hal-hal alumni dan alma mater.

Terima kasih di atas artikel ini. Ianya tajuk yang simple, tapi amat tajam - seperti biasa.

betul...mahasiswa perlu belajar untuk berterima kasih...kepada pelajar2 IPTA sekalian, yuran-yuran yang dibayar setiap semester itu hanya menampung sebahagian kecil daripada kos pengajian kita di universiti, selebihnya ditanggung oleh kerajaan...Oleh itu, janganlah kita mengigit jari orang yang memberi kita makan...hormatilah mereka

askm Tun dan semua pembaca,

1.sangat bersetuju ape yang Tun katakan

2.tentang akta university dan kolej, saya berpendapat negara kita masih dalam fasa 'nation building', jadi

tentang cadangan membuka peluang kepada aktiviti politik masuk ke dalam kampus selain dari politik dalaman kampus itu sendiri adalah tidak wajar dan tidak bertanggunjawab.

3. Saya masih merasakan sistem pendidikan kita yang sediaada adalah dalam fokus yang salah jika kita hendak keluar dari fasa 'nation building', kalau kita lihat masih ade rakyat di malaysia tidak mahir dalam bahasa malaysia, walaupun semua mengaku dia rakyat malaysia.

4. dan sekarang timbul pulak ura2 nak mengubah akta universiti sediada, jadi kemanakah arahnya sekarang sistem pendidikan kita,

5. secara pesimisnya, mungkin kita hendak mencipta rekod baru atau 'new benchmark' dalam cara kita mentadbir sistem pendidikan kita sendiri, tetapi dalam soal 'nation building' itu adalah perkara asas yang tidak molek diperjudikan.

6. mintak Tun beri pendapat Tun tentang perkara ini, setelah 51 tahun merdeka, adakah hanya perlu satu tsunami politik untuk menghancurkannya.

7. this is not an issue who right or wrong, actually nobody right or wrong, this is the matter what we need most especially whoever claim dia adalah rakyat malaysia.

askm,salam sejahtera semua.

By lottalove on October 15, 2008 1:54 PM

Sekarang ini dah timbul soal bahasa inggeris untuk subjek tertentu yang dipertikaikan. tak sedarkah kita bahawa bangsa cina dan india mengamalkan bahasa inggeris dalam percakapan harian mereka kerana mereka berjiwa besar. mereka meletakkan harapan untuk meneroka peluang yang lebih besar.

sukar pula untuk kita membudayakan bangsa melayu untuk sesuatu yang diluar kebiasaan melainkan ianya dijadikan sesuatu yang teras. budaya melayu kalau jumpa pemimpin adalah untuk menjaga air mukanya dengan harapan untuk peroleh peluang.

kenapa tidak budaya melayu dalam memulakan majlis dengan bacaan doa tetapi tidak pula membaca doa semasa memulakan konsert? adalah menjadi harapan kita juga supaya amal ibadah kita tidak dijadikan sebagai amalan budaya. diharapkan pemimpin baru kita dapat meletakkan satu ketegasan dalam amalan dan tindakan. jauhkanlah dari sifat menjaga hati kroni atau terhutang budi kerana diberi kuasa. kerana kuasa yg diberikan adalah hak rakyat bukannya hak individu atau keluarga.

By nashAuthor Profile Page on October 15, 2008 1:56 PM

Apa yang Tun kata adalah benar. Memang ramai bekas penuntut tidak terasa terhutang budi kepada institusi yang telah memberi kejayaan kepada mereka. Saya berpendapat tersilap didalam aturcara program pelajaran. Mereka telah menjadi 'ulat buku' apabila memasuki universiti dan kurang mengadakan perbincangan terbuka seperti 'public speaking'dan penuntut tidak diberi ingatan diatas erti kata kenangan budi.

Salam Tun..

Hakikatnya hati manusia itu putih-bersih & positif,
Dari hati yang putih-bersih lahirlah minda dan tindak-tanduk yang positif,
Apa yang Tun katakan sebenarnya berkait rapat dengan nilai kesyukuran yang ada dalam hati yang putih-bersih dan positif,
Tetapi ada manusia yang menjaja nilai kesyukuran ini atas sebab politik,
Orang-orang politik inilah yang merosakkan minda & tindak-tanduk masyarakat, menghijab yang haq, menghitamkan yang putih dan bersih. Sebab itu ramai mahasiswa/si yang dah tak nampak kesyukuran itu sebagai nilai yang positif. Maka lahirlah golongan yang tak tau bersyukur - menghentam kembali tangan-tangan yang telah membantu mereka untuk menjadi "manusia" di atas muka bumi ni. Jika saya jadi PM, mahu saja saya hantar mereka ke Somalia dan belajar erti kesyukuran di sana.

Terima kasih Tun.

Salam Tun.

Saya cadangkan supaya university ujudkan satu jurusan bernama PERWAKILAN RAKYAT. Hanya graduan ini sahaja yang dibenarkan menjadi wakil rakyat atau menteri. Sekurang-kurangnya mereka ini tahu psikologi rakyat, sejarah negara dan pentadbiran negara

By WHY BEE BANGI on October 15, 2008 2:22 PM

Salam Tun,

1) Rakyat termasuk sesetengah dari kita memang tak tahu bersyukur dan dan tak tahu membalas budi.

2) Baru baru ini Timbalan Menteri Pelajaran dari MCA ada memberi statistik mengenai jumlah Institusi Pengajian Tinggi di Malaysia berbanding dengan 20 tahun lalu. Katanya terdapat tidak lebih daripada 10 IPTA dimasa itu tetapi kini telah ujud hampir 20 Universiti. Dan jumlah keseluruhan IPTA dan IPTS yang diiktiraf kini telah mencecah 50 kesemuanya.

3) Ada pihak menyatakan bahawa peluang untuk belajar telah disekat. Dengan kemudahan yang ada tentunya peluang memang ada untuk semua namun ada yang tamak nak sapu semua atas dasar meritocracy(survival of the fitters).

3) Singapura dikatakan memberi peluang lebih baik untuk rakyatnya. Tetapi yang sebenarnya masih terdapat ramai pelajarnya menuntut diluar negara secara persendirian. Jadi apa bezanya dengan Malaysia?

4) Para pelajar penyokong pembangkang yang berjuang menghapus AUKU juga yakin bahawa mereka akan terus diberi biasiswa seandainya kerajaan tumbang. Namun kini yang nampak taring apabila pembangkang menang ialah penghapusan semua bentuk pertolongan kepada golongan pelajar yang menyokong pembangkang tadi.

5) Bersyukurlah dan berilah sumbangan kepada masyarakat seperti disaran oleh Tun.

Wassalam.

Dear Tun,

Thank you for your thoughts especially on the alumni. You are right that the practice of "giving back" to the university after one has graduated seems to be not a common practice..sadly but true. I graduated from a local university many years ago. Being a successful director in a multinational company now, I wanted to give something in kind back to my university. But then, the problem here is the students' body didn't take initiative to contact the alumni or worst, didn't even invite these alumni to come for their annual dinners. I think the students - I mean undergraduates should take more initiative to get as many contacts or database of their seniors, and then if can, run activities that enable interaction between the alumni and the students. Being a busy person, I don't mind to share my knowledge and experience to the students. I even offer myself - by giving my lecturers my contact when i happened to bump into them on the street. None materialise. Till now, not a single word from these lecturers or even students. So, it is not that I am not willing to help in any way, I am willing but no one cares or bother. I work for a multinational corporation, and hence, I think it is the credential is big enough if they want someone successful to talk to the students. Well, too bad. I remember my alma mater but my alma mater don't.

Assalamualaikum YABhg Tun.

Tahniah kerana berjaya membangunkan Universiti Petronas bagi melahirkan generasi rakyat yang berilmu.

Apabila kita meninggal dunia, hanya amal jariah, doa daripada anak yang soleh dan ilmu yang berguna menjadi bekalan kita di Akhirat.

Semua orang perlu menoleh kebelakang, mengenang kembali orang yang mendidik, mengasuh dan membolehkan kita berada ditahap sekarang. Jika tidak maka kita diumpamakan seperti "kacang lupakan kulit". Ramai pemimpin sekarang yang seperti itu. Mereka sanggup membakar jambatan. Hentikan projek yang telah diluluskan dengan alasan bahawa itu adalah perancangan orang lama.

Saya amat bersetuju dengan AUKU. Sebagai bekas Presiden Mahasiswa, saya dapati AUKU tidak menyekat pelajar berpersatuan. Cuma parti pembangkang saja yang tidak bersetuju kerana mereka tidak bebas menghasut pelajar untuk mengikut dakyah politik mereka.

Mahasiswa perlu fokus. Belajar sampai lulus. Bila dapat ijazah boleh bantu ibu-bapa yang bersusah payah, bergolok gadai untuk menjadikan mereka seorang insan yang berguna. Lepas tu nak berpolitik sampai kelangitpun lantaklah.

Orang yang cuba menghapuskan AUKU sebenarnya mempunyai motif untuk kepentingan politik peribadi dan merosakkan masa depan mahasiswa Melayu.

Semoga YABhg Tun dirahmati Allah.

1. Benar apa yang Tun katakan.
2. Sajer nak relate dengan si KJ kita ni. Salah Oxford ke sehingga dia lupa alma mater nya.
3. Sepatutnya orang bijak pandai macam dia membawa pulang perubahan yang signifikan alhamdulillah bukan senang nak masuk Oxford. Saya rasa masuk UTP lagi senang berbanding Oxford.
4. Ini tidak, tindak tanduk dan ketamakannya mengalahkan orang yang masuk universiti paling corot di dunia ni.
5. Yang lawaknya, strategi tamak KJ ni, semua orang tahu. Dia tak pandai pulak nak sorok2.
6. Mungkin kat Oxford tak ada syllabus sorok2 strategi kot.
7. Pengajaran yang saya dapat Tun, tak guna jadi bijak sangat pandai pun kalau tak kena tempatnya. Kalau translate kata orang putih 'useless brilliant if not appropriate. Maklumlah umur baru setahun jagung...

Tun take care.

Salam Tun,

Saya begitu tersentuh mengenai suasana kampus yg cantik menghijau spt Tun katakan. Yes, pada students UTP betul kata Tun, jgn lupa pada kemudahan yg mereka dirasai, students perlu rasa bangga dan menanamkan dlm diri perasaan terima kasih, lepas tu baru timbul minat ingin berbakti.

Cuma setakat mengimbau memori, saya tak berpeluang merasai suasana kampus begitu .. Dulu saya hanya berkesempatan belajar di universiti yg sempit dan tiada kehijauan tetapi setiap kali melintas di Jalan Semarak or dulu dikenali sebagai Jalan Gurney, hati saya dengan bangga berkata "ini universiti tercinta ku ..."

Terima kasih Tun kerana mengingatkan saya tentang "berterima kasih" yang terlalu kurang dikalangan rakyat Malaysia ...

Salam Tun.

Saya cadangkan supaya university ujudkan satu jurusan bernama PERWAKILAN RAKYAT. Hanya graduan ini sahaja yang dibenarkan menjadi wakil rakyat atau menteri. Sekurang-kurangnya mereka ini tahu psikologi rakyat, sejarah negara dan pentadbiran negara

Assalamualaikum Ayahanda Tun..

Terima kasih atas topik hari ini. Saya setuju seratus peratus. Saya bukanlah yg bernasib baik dalam pelajaran. Tetapi saya tetap bersyukur dgn usaha kerajaan terutamanya dalam pemerintahan Tun Dr. Mahathir sebagai pemimpin dahulu membantu sebahagian bumiputera dalam bidang pelajaran. Malangnya kepada sebahagian rakan2 saya yg dapat melanjutkan pelajaran dulu di universiti tempatan telah berpaling tadah kepada kerajaan Barisan Nasional yg banyak membantu dalam merealisasikan impian mereka.

Sesetengahnya tak sedar diri bukan sahaja di U.T.P bahkan yg bersekolah di bawah subsidi kerajaan pun tidak tahu bersyukur. Saya fikir elok di titik beratkan semula profil mereka2 ini supaya jgn di beri kemudahan pelajaran. Tapi yg tetap benar apa yg Tun katakan dahulu "MELAYU MUDAH LUPA". Saya bencikan mereka2 ini dapat ijazah dari bantuan dan subsidi kerajaan tapi berpaling tadah. Saya tetap bersyukur walaupun hanya lepasan SPM tetapi mendapat gaji yg lebih dari yg memperoleh ijazah. Terima Kasih Tun Dr. Mahathir Mohammad. Allah panjangkan umur Tun.

p/s: Ada yg marahkan kerajaan tetapi tetap claim subsidi tahunan untuk kereta mereka RM 625. Tak Tau Malu la..terutamanya yg menyokong PELIWAT dan PERASUAH. Jijik nak sebutkan nama.

Assalamualaikum ayahnda Tun,

Saya harap bekas2 pelajar UTP tidak akan lupa jasa UTP, sepatutnya mereka bersyukur kerana dapat melanjutkan pengajian di peringkat yang tinggi.

Saya juga nak sentuh pasal hikayat sang Dolah, wahai Dolah, jangan la kau menjadi manusia yang tak kenang budi, maaf cakap la dolah, aku tak pernah jumpa manusia macam kau ni...langsung kau tak hormat Tun, setiap hari aku tengok berbagai wawancara, panel nak sebut nama Tun pun macam berat je....aku tau dolah kau dah cakap kat semua gang2 kau yang kau tak suka Tun, sepatutnya dolah kau kena cium tangan Tun tu, dia bagi jawatan tu kat kau sebab dia ingat kau ni jenis bersih, bolehlah kau clearkan sisa2 rasuah, tapi akhirnya bawah kau, lagi banyak rasuah...terang2 pulak tu, apa salah Tun pada kau dolah sampai kau marah Tun macam tu sekali....aku tak faham la dolah, kalau kau bijak, kau bawa style kau, tingkatkan ekonomi ke, menjana pendapatan negara ke takpe juga, boleh kau tunjuk ekk sikit....ini ekonomi dah nak jahanam ni pun kau masih nak tunjuk ego kau...buat apa dolah oi. Macamana aku sebagai generasi muda nak hormat kat kau dolah, kalau kau tak hormat bekas mentor kau sendiri....kau dapat kuasa lupa diri..sedih aku dolah tengok perangai kau.....bagi aku tak kira macamana buruk sekali pun guru kita, kita mesti hormat dia, kerana kadang2 disebabkan keegoan kita, kita tak nampak kebaikan yang ada dalam keburukan tu dolah..janganlah hanyut dengan duniya dolah, bak kata mawi world2 jugak akhirat jangan lupa.....insaflah dolah! (cerita ini tidak ada kaitan dengan yang hidup atau mati - ianya adalah rekaan semat-mata)

1. Anak-anak zaman 80an sekarang amat beruntung dapat belajar di banyak Universiti yang ada di Tanah Air kita sekarang.
2. Zaman ibu-bapa mereka hanya terhad sahaja Universiti untuk belajar dan mempunyai tempat terhad.
3. Sekarang UITM ada di semua negeri..banyak peluang untuk mendapat ilmu.
4. Harapan besar anak-anak kita semuanya ada ilmu. Warganegara berilmu lebih baik dari warganegara tidak berilmu..

hai tun, talking about uni education, i found that most of the chinese first preference is to become medical Dr. like tun, every year all the top chinese student when our uni could not offer them medicine faculty, they are very sad and start appeal here and there and like the end of the world, they didn't realize that other faculty also make good income and good prospect, for example, my son choose to take up petroleum engineering, after graduation he was offered good job by petronas, exxon mobil, murphy oil company, he earned much much more than a fresh m.o, why is this so ? is it because they think tun and tun siti also Dr. that famous and sucessful that they 1 2 follow the footstep.

As'salamualaikum Ayahanda Tun & semua di Chedet.com..

Setuju dengan PAK'PANDIR08.. Mereka adalah golongan yang tidak perlukan subsidi untuk berdiri atas kaki sendiri dan hasilnya kebanyakan dari mereka berjaya dengan jayanya dalam hidup mereka.. Manakala kebanyakan dari kita suka yang PERCUMA, DITANGGUNG SEPENUHNYA, SUBSIDI & BELAS IHSAN dari kerajaan.. Kemudian jika di beri pinjaman seboleh mungkin kita cuba untuk mengelak dari membayar semula hutang2 yang telah dipersetujui.. Setelah bekerja kita sayang duit gaji yang kita dapat.. Kita lebih RELA duit itu digunakan untuk membayar ansuran kereta yang telah dibeli berbanding membayar hutang pengajian di universiti dulu.. Kita mudah lupa suatu masa kita kebulu-kebulir mengusung borang biasiswa menemui orang2 tertentu untuk mendapatkan sokongan dan tandatangan bagi memudahkan mendapat sesuatu biasiswa..

Mudah saja tanggapan bahawa kerajaan punya banyak wang dan tak perlu susah payah nak bayar.. Lupakah kita semua masih ramai lagi generasi baru yang lahir selepas kita yang memerlukan sokongan pembelajaran sama seperti yang kita pernah harapkan dulu.. Hari ini kita mungkin selesa dengan kehidupan kita tetapi adakah jaminan itu 15 tahun akan datang bila tiba masa untuk anak-anak kita pula menyambung pengajian yang lebih tinggi lagi.. Beranikah kita kata "Aku ada duit, tak perlu biasiswa dari kerajaan untuk sekolahkan anak aku esok"

Jangan sampai tiba satu masa nanti kita terjumpa seorang pakcik tua dihujung usia yang masih berkerja sebagai pengawal keselamatan @ jaga demi untuk memastikan anaknya dapat terus belajar dan menggenggam segulung ijazah dan berjaya dalam hidup.. Siapa pakcik itu.. Mungkin dia juga ada segulung ijazah dari universiti tetapi kerana tidak bayar hutang, karma melanda diri..

Ingatlah, dalam islam pun banyak musibah yang akan melanda mereka yang lari atau tidak mahu membayar hutang.. Amalan pun jadi tergantung.. Jadi beringatlah.. Dulukan apa yang patut di dulukan dan ingatlah pada landasan sebagai manusia yang bersyukur..

Just curios, I wonder why U.T.P was built in Perak and not Terengganu? Why Perak was selectd rather than Terengganu at the first place for UTP location? Isn't Terengganu is more linked to Petronas rather than Perak? What more, when UTP was built, Terengganu dont even have a university yet. Any comment ?

I absolutely agree they have to be thankful and hope they do work hard for the education provided. However they are the future elites of the country and i don't see why they shouldn't be allowed to show their support and express their opinions openly as long as they behave appropriately. I think we've got enough of nerds who only know how to study and get their grades, we need more who are truly mature in all aspects, and able to speak up their mind and show their true potential, and be the leaders and examples to the losers and the less educated out there.

I think the government and the institution's role is to provide the education and a suitable and safe environment for these students.

I would like to hear more from you about the issues relating to Najib. why you think he is appropriate to lead the country? from 'soaking the keris in chinese blood' to the 'eurocopters' i have yet to see any good in this man, and messing around with another woman is as bad if not worse than Anwar messing around with another man. He has not even made a hint of his agenda after he steps in as PM. Well we know his delusions about the economy, but we ought to know his aspirations on various issues of interest at the moment. Hope you can enlighten us on this. Thanks.

By isahbiazhar on October 15, 2008 3:05 PM

No Malays will be grateful because their studies are subsidised and free. They attach no importance to any university. They believe it is their right to enjoy such priveleges. They know the government helps them all the way to get them into the university with the minimum marks. They go back to the government agency to work and earn knowing very well they will earn sufficient money to survive as such the idea of donation to their alma mater does not arise unlike their western countepart who virtually leave their wealth after death.

The Malays grew by subsidy a policy guided by you but lately criticized when you left the scene. Petronas university is a glaring example of Malay subsidy working. Until and unless we abolish this mentality we will never get excellence and we will never see students paying back for gratefulnes.

Tun,

"alma mater" sesuatu yang baru bagi saya yang amat jahil ini, tapi dari penerangan yang Tun sampaikan sedikit sebanyak saya dapat tahu makna nya. Setiap kali saya baca blog Tun setiap kali itu saya dapat suatu pengajaran baru atau informasi baru.

Sesungguhnya kita semestinya hidup hendak lah mengenang sejarah dan sentiasa melihat ke belakang. Bukan untuk sekadar untuk dikenang tetapi juga untuk kita sedar dari mana kita datang dan betapa beruntungnya kita diberi kesempatan.

Sememangnya setiap kejayaan itu datangnya dari usaha, usaha sendiri. Kejayaan itu adalah kurniaan Tuhan pada sesiapa yang Dia ingin kurniakan di atas usaha yang dijalankan.

Akan tetapi itu lah lumrahnya manusia Tun, mendabik dada dan memukul canang memberitahu seluruh kampung akan dia lah yang telah berjaya membina rumahnya dengan tangannya sendiri sehingga dia lupa terdapat ramai orang yang banyak membantunya untuk mencapai kejayaan itu seperti simen yang dicipta oleh seseorang yang membantu untuk dia membina tiang yang kukuh dan kuat, batu-bata yang diperbaharui untuk membina tembok yang mantap dan sebagainya lagi sehinggalah ke sekecil paku direka untuk menyatukan ikatan yang lebih baik dan kuat.

Setiap kejayaan seseorang itu adalah dari bantuan seseorang yang lain. Sekiranya kita sedar akan setiap proses kejayaan dan bagaimana setiap sesuatu itu membantu kejayaan kita, maka kita akan lebih berterima kasih dan terutama sekali akan sentiasa banyak bersyukur. Keadaan ini akan sentiasa membuat kita merendah diri dan rasa hormat pada orang lain dan sentiasa membantu di atas kekurangan orang lain.

Maka dengan itu beringatlah dan sedarlah, jangan sesekali kita gigit tangan yang telah menolong kita.

Salam sejahtera buat Tun, isteri dan seisi keluarga.

Dear Tun!

Nothing to do with your current blog, you know why? Because I don't understand but can read Malay!!!
Nice to have some form of humour once in a while, right?!!!

To more serious business, Najib will never be PM, I repeat, never be PM!!! Tun! Just my instincts!!! Wait and see!!!

LET ME JUST SAY THIS - Despite all that has been written and said about you, after the Tunku, you have made a place for yourself in Malaysian history, like it or not!!! Your only setback, wheather you like it or not, is the regrettable episode with Anwar Ibrahim way back in the late 90's which has cost you, personally speaking, your rightful place in Malaysian history. The credit for this has to go to the inner circle of people surrounding you then!!! I say this because, based from the time you started your blog and expressing yourself freely, it seems clear, "even from a blind and deaf man's point of view", you Tun and that too in your own mind, is a man who thinks and acts like a rational person! It is indeed sad to note, as it is in the previous cases of great politicians, the ability to be used and to be abused by your subordinates is very much in existence!

You have survived as PM for approximately 22 years! Want to survive for another 22? Let's be realistic! Don't be another LKY (Lee Kuan Yew), just be yourself! Be original and leave your mark in Malaysian history, unless you have made up your mind to be otherwise!!!

Love you, Tun!

Assalamualaikum Tun yang saya tersangat hormati. Selamat berhari raya dan ampun maaf zahir dan batin, semoga Allah melanjutkan usia Tun sekeluarga supaya Tun yang telah dan sedang berbakti akan terus berbakti untuk Malaysia.....Universiti Teknologi Petronas sangat beruntung kerana mendapat Tun sebagai Canselor kerana saya boleh jangka yang Tun tidak lagi mempunyai sebab untuk menolak permintaan ini. Saya bersetuju yang universiti perlu dijauhkan daripada bandar asalkan keperluan asas disediakan. Penekanan alma mater adalah tersangat sesuai semasa penerimaan ijazah. Sungguh bertuah graduan UTP pada tahun ini walaupun saya jangka tidak banyak rakyat tahu yang Petronas ada universiti.

The UTP write-up is a great topic. Tun, you have been very initiative to highlight issues which really need the public attention. Your wisdom and creativeness are welcome and need to be given prior concern and be tactful. Your messages are awareness and its given a wake up call to every graduate. Cheers Tun.

By Chris on October 15, 2008 3:21 PM

Sir,

Do you think it is fair for Petronas to subsidize RM130 million towards the education of an ungrateful segment of society? The rights of this particular segment of society cannot be touched yet they are allowed to be ungrateful. They, in fact, demand to be spoon fed until they cannot fend for themselves when they venture out into the real world of business, education, the arts, the professional disciplines and so on. Once again they fall back onto the government to find them jobs, provide contracts, give out loans and so forth. In the end, nothing is given back to society. What a waste of funds. I really hope DS Najib, if he wins the UMNO presidency, will do something to rectify this bad situation. To the good and grateful graduates of Universiti Petronas, I wish them well. You guys/gals are very lucky.

Assalamualaikum Ayahanda Tun,

Pertama sekali, sebagai bekas penuntun UTP, saya rasa amat bangga kerana Tun menulis tentang UTP.

Saya setuju dengan Tun mengenai sikap terhutang budi. Bekas pelajar UTP yang berjaya dan kaya kerana berkerja dengan petronas sepatutnya ada sikap terhutang budi dengan universiti ini. Mereka haruslah menyumbangkan kembali kepada alma mater mereka dengan derma yang amat besar. :)

P/s: Sebagai seorang bekas penuntut dalam bidang IT di UTP, saya tidak dapat berkerja dengan Petronas. Jadi, saya rasa tak perlulah saya terhutang budi sbb saya sendiri pun berhutang. Hutang PTPTN. RM400++ setiap bulan saya kena bayar balik. Memang sampai bila pun takkan kaya laa.. :p

Tetapi, saya tetap sayangkan UTP dan TUN. Semoga Tun sekeluarga sihat sentiasa. Amin...

By sherry on October 15, 2008 3:32 PM

Salam Tun,

Izinkan saya menyuntik laporan akhbar The STAR World m/s W34, 15 Oktober 2008 dipetik dari AFP:-

I SHOULD HAVE SEEN IT COMING,

Says PAUL KRUGMAN, Winner of 2008 Nobel Prize for Economics -

" I should have seen it coming. I berate myself for not understanding the extent to which we have these financial domino effects. I saw there would be a burst bubble and there would be a lot of pain, but I didnt realise how big the pain would be"

Krugman is "extremely terrified" of the financial crisis and wondered how economists and politicians "could have been so blind." A fierce critic of President George W Bush's handling of the global financial crisis, Krugman also reserved harsh words for Republican presidential candidate John McCain.

The policies of Dr Mahathir Mohamad, who was Malaysian Prime Minister then, had invited RIDICULE from the majority of Western so-called gurus including the IMF and World Bank (Dato Seri Anwar too ridiculed Dr Mahathir).

But in an open letter to Dr Mahathir, dated Sept 1, 1998, Krugman wrote:-

" I was as surprised as anyone when you announced sweeping new currency controls yesterday, and am

still unclear about some of the details. however, since my recent Fortune article did suggest that temporary currency controls are part of the solution for Asia, I cannot deny some responsibility for your policy turn. Let me therefore say that, like yourself, and of course the people of Malaysia (surely not including Dato Seri Anwar Ibrahim), I fervently hope that this DRAMATIC POLICY MOVE pays off."

Critics of Malaysia's response to the crises later RELUCTANTLY ADMITTED that the move had paid off.

-AFP, The Star World Page W34, 15th October, 2008.

Also read "MALAYSIA RESCUE MODEL DEBATED" -LAT-WP, The Star BizNews Page B4, 15th October, 2008.

Khusus untuk semua pelajar di Universiti2 dan Institusi2 Pengajian Tinggi di Malaysia, hayatilah peranan Tun Dr Mahathir Mohamad dalam menangani krisis kewangan/matawang Asia 1997/98 dan bandingkanlah dengan resepi2 Dato Seri Anwar Ibrahim dibawah telunjuk IMF dan Bank Dunia yang menjajah dan memiskinkan negara2 Asia lain terutama Korea Selatan, Thailand dan Indonesia semasa krisis tersebut.

By Benderbuzz on October 15, 2008 3:32 PM

Salam Tun.

"6. Budaya ini tidak terdapat di Malaysia. Bahkan kadang-kadang kita tidak sedikit pun berasa berhutang budi kepada institusi yang telah bekalkan kita dengan ilmu yang menyumbang kepada kejayaan kita."

Saya amat tertarik dengan kenyataan ini dan pada hakikatnya itulah yang berlaku.

Kita lihat saja alumni uitm sendiri yang ada segelintir daripada mereka memang menyokong hasrat PR utk membuka tempat untuk bukan bumiputera. Mereka ini bukan saja tidak mengenang budi, malah tidak menghargai langsung dan cuba merosakkan institusi tersebut semata-mata demi kepuasan berpolitik.

Lihat sahaja graduan-graduan IPTA yang lain terutama melayu yang mendapat tempat kerana kuota, bila mereka menamatkan pengajian, sifat berterima kasih atau mengenang budi amat jauh sekali di hati apabila mereka mula mempertikai kewajaran kuota bumiputera yang diamalkan kerajaan.

Bagi mereka yang mendapat tempat di luar negara atas tajaan JPA, MARA dsb, sama ada ijazah pertama atau peringkat lebih tinggi, sifat lupa diri mereka semakin kronik bila mana mereka mula dipengaruhi oleh pemikiran golongan anti-BN.

Jadi tak hairanlah jika mereka pulang sama ada sebagai professional atau tenaga pengajar, sikap golongan bijak memandai ini semakin menyerlah sehinggakan apa sahaja yang dilaksanakan oleh kerajaan sentiasa salah belaka.

Apa yang mereka mahu, Wallahualam.

By akmal_sr on October 15, 2008 3:33 PM

Salam TUN,

Boleh dikatakan, hampir semua Universiti atau ITP yang ada kat Msia cantik, indah, canggih dan memiliki pelbagai kemudahan. Kita dapat bandingkan dengan beberapa negara lain yang ada disekeliling kita. Tapi, setakat cantik dan indah, terkadang tidak dimanfaatkan dengan betul. Semuanya tergantung pada sikap dan sifat masing2.

Kalau dilihat, hampir 80% mentaliti yang punya kelulusan ITP memilih pekerjaan. Mereka jarang berfikir secara baik. Terkadang ada yang sanggup menganggur selama 2 hingga 5 tahun semata2 untuk mendapatkan pekerjaan yang setaraf dengan ilmu yang dimiliki. Lainlah pula bagi yang punya talian kekeluargaan yang berpangkat dalam sesuatu jabatan berpengaruh. Lulusan yang mereka dapat sudah menjanjikan pekerjaan. Tapi ini berlaku pada orang yang tak punya apa2 melainkan ilmu, emosi dan tiadanya pengalaman sahaja.

Pada saya, mungkin agak ketinggalan zaman kalau pendidikan setaraf universiti diadakan pendidikan wajib berkaitan kehidupan yang sebenar.

Tapi pada saya perlu demi membentuk pemikiran para siswa agar bukan hanya ilmu pendidikan sahaja yang penting tetapi cabaran dan dugaan hidup luar kampus setelah selesainya mereka dari dunia pendidikan.

Kita boleh lihat berbagai contoh.

Mungkin pihak yang berkaitan boleh memikirkan apakah subjek yang sesuai diperkenalkan.

TUN, anak muda sekarang rata2 berpendidikan tetapi bila membuat sesuatu tidak menggunakan akal dan ilmu dengan baik. Kita lihat sekarang di Msia. Apa dah jadi pada anak muda yang berpendidikan?? Mereka bertindak emosi kerana mereka menyangkakan ilmu mereka sudah mencukupi. Terkadang sampai lupa jasa dan pengobanan. Mereka tak sedar bantuan dan pertolongan.

Mungkin apa yang saya katakan ini ada kaitan dengan politik semasa di negara kita, tetapi ini antara pertimbangan yang perlu kita lihat dan perhatikan.

Kalau betul berilmu dan berpendidikan, kita tak seperti sekarang. Semuanya pasti bermula dari kesalahan dan kesilapan yang tidak sanggup kita akuinya.

Minta maaf sebelumnya buat para blogger yang sama2 lulusan di ITP negara kita, apa yang saya katakana adalah realiti kehidupan. Demi masa depan agama, anak muda, bangsa dan negara perlu tindakan segera untuk membasmi sebelum terlambat.

Seperti janji Allah S.W.T, rosak dan hancurnya bumi bukan kerana mungkarNYA Allah pada manusia tetapi kerana manusia itu sendiri.

By askrool on October 15, 2008 3:37 PM

salam tun dan rakan2 blogger

berapa ramai yag sedar tentang perkara tu?? masa saya kat ipt dulu pun sama je pemegang2 biasiswa dapat duit yg sedikit manakala yg buat pinjaman ptptn dapat banyak tapi sampai masa nak bayar liat alasan kerajaan amalkan riba bila kenakan faedah....masa nak pinjam tak de dengar pun tentang riba tu suma tiba-tiba masa nak bayar baru kecoh2 ini riba itu riba memang tak mengenang budi langsung.....ingat negara kita nie negara subsidi ke??? duit selautan pun abis kalau hari2 ambil tapi tak tambah balik.....sedar la

Asalamualaikum and Hi,

Dear Tun Dr. Mahathir,

Yes, its very true that once a student graduated from university, he or she should at least try to return some (if not little) the favour via donation or provide free professional seminar to the students at our local universities. In other words, there are 1001 ways to return the favour.

Unfortunately, in Malaysia (only) our local salary doesn't allow most of these ex-students to do that. Some of them are still jobless and some are working with a very low salary. Maybe your advice is applicable to ex-students who manage to open up their very own company (and making profit as well) or ex-students whose making a 5 figure or 6 figure salary per month.

Not to mention, most of them can't barely pay their PTPTN/Mara/Private Banking study loans. Most of them can't even send cash to their ailing parents at "kampung". Well, we could always blame them for their enjoyable lifestyle but the primary reasoning I could think off is that our Private Sector (especially) are still paying very low wages to young professionals. In this case I will not blame the Government cause its obvious enough that our Private Sectors are still very "kedekut" to the local workers. Not to mention, they're willing to give a lot of fringe benefits to expatriates but are reluctant to give similar benefits to local professionals.

Many working people are shifting to Public Service (Government) because of the fringe benefit offered although most of them doesn't want to be a Government guy. One good example are underpaid engineers. A bachelor's degree holder in engineering will receive more or less RM 1500/month starting salary. Do you think that's enough to for big cities such as Kuala Lumpur? With the ever increasing cost of living (cola)? I don't think so. "Jauh panggang dari api". Engineers are not the kind of work you could seat in the office all day long. We have to go to site on daily basis if not every month. We have to shove our own cash to do work and do our claims later. Not all company provide cash advance to their workers and claims are very late because the boss keep on upgrading his fleet of Mercedes/BMW and no extra cash to pay their workers' claims. These irresponsible company would blame the government or economy is not doing well etc. etc. etc. lame excuses.

No wonder a lot of our professionals (engineers, doctors, lawyers, etc.) are reluctant to go back to Malaysia and opt for better working salary outside Malaysia such as Singapore, Middle East and UK. Its not that we are not patriotic, its that we are being treated unfairly by our own local private sector. The government could help by raising the taxable salary from the current RM 2500/month to RM 3000/month range or better taxing system (tier system perhaps?). Not to mention the brilliant Pak Lah government increased fuel price from RM 1.92 to RM 2.70 many months ago causing the price of items to sky-rocketed as well. Even with the new subsidized fuel price of RM 2.30 there's no way the businessmen will lower the price of items. The rakyat is still suffering.

The main point, no money means no donation for the university, means future intake of university will have to be cut down as well. This "domino effect" will affect us all eventually. Many thanks to our current Government's flip-flop decision and "kedekut" Private Sectors.

I rest my case.

assalamualaikum ntun,

have to agree with tun on the Malaysian style of not giving back. can't quite understand it, cause if there's mishaps or disasters anywhere in the world... Malaysians are the biggest donors.... maybe this giving back to own society wasn't taught in the university? maybe leaders should lead by showing good example... or atleast ot show bad example.

ok tun, just too eager about the nomination and going ons in UMNO. if we all noticed yesterdays tv3 just mentioned about the nomination up to the vice-president slots, went to advertisement and came back with a totally unrelated news. we are all eager to know how Mukhriz is faring. today, Rais Yatim is saying to nominate those who has not achieved their quota. bet all of you no such statement if our own Mukhriz was faring badly.

looks like somebody miscalculated our youths sentiment and patriotism. well done boys, again and again all of you have shown the maturity of true men, putting the country above all. carry on with our doa's and blessing. wassalam

Salam Tun and all... SIKENIT IS BACK!! pssttt... did anyone miss me?? :(

ADUH ADUH ADUH.. kena tampark dimuka. Adoi.. tun tulis terkena terus batang hidung.

1. Alma mater university saya memang selalu buat pungutan derma dan memang banyak yg menderma but I am not one of them, because overseas U lah tun.. Mahal exchange rate nya.

2. Tapi alma mater sekolah saya yang saya cintai memang saya sentiasa keep in touch dan beri sumbangan, so kira ok lah ya..

3. Saya ingat masa saya nak ke overseas dulu, bapak saya pesan.... "Hang pi sana mengaji rajin-rajin. Balik pi gheja di dalam kampung, bayag jasa orang kampung, lepaih tu kalau hang nak kata keghajaan tak kena, baru hang boleh kata. Kalau dak, hang jangan pandai-pandai komplek"

4. Begitulah AUKU dari bapak saya dan saya nampak perlunya AUKU kerana ada kawan2 yang pak depa tak pesan macam tu, maka mereka talh terbabit secara intensive dengan pihak pembangkang yang sejak 1980an lagi telah merantau ke luar negeri muntuk mencari pengaruh di kalangan pelajar. Modal pembangkang: AGAMA. POLITIK= AGAMA. tolak politik = tolak agama.

5. MAka ramailah yang tulis surat kpd mak pak minta mak pak mengucap 2 shahadat semula sebab mak pak dianggap telah murtad akibat tolak politik=agama tu.

6. Sekarang.....??? Apa sudah jadi?

MEMANG MELAYU MUDAH LUPA TUN... But INsya Allah, I will try not to forget your hard work in making this beautiful country a success, despite her many detractors and even though it was not your effort alone, no one could deny that your helming this country made Malaysia what she is for us to live in quite happily (minus the last few years of course...)

Take care Tun and all.... Jaga diri, Jaga solat. (betul ker nobody noticed I was not around? tsk tsk tsk... yer laa... ramai yang comment kan!!)

By Bahador on October 15, 2008 3:49 PM

Salam Tun,

Inilah suatu kenyataan...(saya khususkan sedikit dan tidak semua begini) Ada yang berbangsa Melayu beragama Islam tidak lagi pandai mengucapkan terima kasih. Menjadi tidak lagi mengenang budi dan tidak mahu terhutang budi. Apa-apa juga yang ada kini dan masa akan datang adalah suatu keperluan yang mesti disediakan dan itu tidak akan menyebabkan seseorang itu terhutang budi dan perlu mengenangi jasa dan kebbaikannya yang pernah diterima dulu!

Lihatlah apabila "tidak tahu berterima kasih" ini melanda pada akhir sekitar 90an, dalam 10 tahun wabak ini kini menjadi virus yang menular dan mengancam minda seorang manusia. ...anak-anak kita bagaimana? Dah puaskah kita menasihati dan mengingatkan mereka "berdiri dibumi nyata"?

Hari ini, perjuangan dan matlamat yang bagaimanakah yang perlu kita lakukan untuk menangani masalah ini. "Anak pandai sampai ke Universiti, dapat ke luar negeri, berjaya dan kembali, kondem negara sendiri, itu dan ini"

Ahhh...itukan prinsip dan pendapat dia...Benar, tapi dia memang pelupa!!!
By cakkuncak on October 15, 2008 3:52 PM

YAB Tun,

Saya bersetuju bahawa setiap pelajar harus berasa terhutang budi kepada institusi di mana dia nya menimba ilmu.

Namun, terdapat juga institusi yang tidak 'alumni friendly', di mana hanya alma mater nya yang berstatus sahaja yang di beri tempat.

Mungkin ini lumrah, tetapi saya berpendapat ia nya satu lumrah yg agak sempit dari segi penilaian.
By Medici the Junior on October 15, 2008 3:55 PM

Saya setuju dengan pandangan Tun. Rasionalnya memang ada dan terlihat disatu pandangan yang amat tajam dan konstruktif. Namun, sehingga kini, masih ada lagi beberapa perkara yang perlu diperhatikan dalam rangka meningkatkan lagi semangat generasi baru untuk mengenang kembali universiti asal mereka seterusnya menyayangi negara sendiri. Ini lah yang kurang ditekankan di Malaysia. Kerakusan pemerintah memfokus kepada pembangunan dalam sains dan teknologi, sedikit sebanyak menghambat nilai-nilai sosialisasi di serap ke dalam jiwa generasi baru menerusi ilmu sains sosial. Ini lah kesan ilmu kolonial ciptaan barat yang telah menjajah ruang epistemologi masyarakat Malaysia.

Salam,
orang kata nak seribu daya, tak mahu seribu dalih... saya sebagai bekas pelajar MMU... bukannya tidak mahu menyumbang utk kemajuan university itu, tetapi lebih menumpukan masa utk memulangkan kembali pinjaman PTPTN bagi kegunaan bakal pelajar2 lain, walaupun menerima scroll ijazah bersama buku hutang RM64k, saya tidak pernah menyesal memilih MMU. cara pembelajaran dekat situ telah menyediakan saya utk dunia pekerjaan yang memakan 14 jam dari 24 jam sehari saya...

investment terbesar hidup saya adalah pelajaran... terima kasih kepada ibu bapa saya yang tak menghalang saya memilih kareer saya sendiri...

Buat apa Kerajaan membelanja besar untuk rakyat yang tak tau mengenang jasa/budi... dimana terdapat diantara mereka saperti anjing tersepit

TETAPI kerajaan BN terus melakukan itu semua demi kesejahteraan rakyat walaupun terdapat kepincangan terhadap sebahagian daripada pucuk pimpinannya mahupun dari UMNO, MCA, Gerakan,

MIC dan komponen BN yang lain.

Semoga UMNO dan parti komponen BN dapat menguatkan kepimpinan dan parti mereka supaya rakyat Malaysia mendapat ilmu yang secukupnya.

Sorry to say... saya tidak mempunyai kepercayaan langsung kepada Pakatan Rakyat yang di pimpin oleh Dato Seri Anwar Ibrahim.

Masa saya masuk U dulu, Tun adalah PM Malaysia, bila saya keluar U, Tun masih lagi PM Malaysia, bila saya mula bekerja, Tun masih lagi PM Malaysia, bila saya kahwin, dapat anak-anak sehingga anak2 bersekolah, Tun masih lagi PM Malaysia. Sekarang Tun bukan lagi PM Malaysia, tp Tun adalah orang yang paling berjasa kepada negara ini dan rakyatnya. Perlu lah Tun dikenang, diingati, dihargai dan dihormati.

Syabas Tun. Jasa mu tiada dapat dinilai dengan kata-kata.

Assalamualaikum Dear UTP Chansellor, Tun Dr. Mahathir.

I'm Mohd Izhar Firdaus , a UTP student, taking ICT course and really agree with your post today. UTP, a bit to secluded to the world though beautiful nonetheless. Sometimes the secluded location of UTP cause me problems to travel for technical events in KL, but I managed to find some way to go around it. For the rest (except perhaps, problem with the network infrastructure quality), UTP is a great place to be.

On the contributing to alma maters part, I totally agree with you. I believe those who love UTP are contributing back to the university and the community in their own way. :). As for me, I'm trying to make/help the IT infrastructure a bit better to live with. UTP as a university focusing in Engineering (as in Electric/Electronic,Mechanical,Civil, etc) seems like a bit behind in term of ICT. My effort is making some progress lately, nonetheless :). Thanks to the support of our ICTBIS Head of Dept and one of the ITMS Network Administrator (however, for now its a bit hidden from the higher up). Now, if only the higher ups can help a bit more.

Oh btw, in behalf of the organizing committee of the first Free/Open Source Software grassroots initiated technical conference, FOSS.MY (<http://foss.my>) I want to ask whether its possible for Tun to be one of the keynote speaker?. The event will be held at APIIT on 8th and 9th November 2008. I hope Tun will respond to this request, even if its not possible for you to attend it. The committee asked me to ask you tomorrow during/after your special lecture in UTP. But I guess I should take this early chance to ask you. (plus, asking in front of a large crowd something that off-topic from your speech is a bit uncomfortable for me).

Details to contact me, my email from the registration details to comment on this blog (your team that maintain this site should know how to grab it).

I'm looking forward to your lecture tomorrow. If you notice someone with a black long jacket , that possibly is me.

All the best for Tun and family. Assalamualaikum.

(not 100% sure whether its Tun who read this or the team that maintain this blog, anyway, its always worth a try)

Salam Tun.

Orang Melayu Malaysia beragama Islam jadi seharusnya menjadi orang yang paling mengenang budi, bekerja bagai akan hidup selama-lamanya dan beribadah bagai akan mati keesokan harinya. Pemimpin yang batul nawaitu akan menghasilkan rakyat yang mulia. Sebagai manusia tak lari daripada salah dan silap tapi jangan sesekali menggigit tangan yang menghulurkan bantuan kepada kita. Elakkan bersikap ekstrem dan berwaspada dari golongan bertopengkan agama. Tapi orang Melayu ni biasanya mudah lupa, kaya sikit da lupa...pandai sikit da lupa...alim sket da lupa... Sedangkan diri sendiri tu menjadi Hamba Allah setiap detik dan ketika. Sedarlah...

Assalamualaikum Tun dan semua yang ada di sini,

Berkenaan perkara 6 dan 7 yang Tun huraikan amatlah tepat,---

"6. Budaya ini tidak terdapat di Malaysia. Bahkan kadang-kadang kita tidak sedikit pun berasa terhutang budi kepada institusi yang telah bekalkan kita dengan ilmu yang menyumbang kepada kejayaan kita.

7. Masyarakat yang tidak miliki budaya terhutang budi tidak akan maju dan berjaya. Tanpa budaya ini anggota masyarakat akan mempunyai sifat yang utamakan kepentingan diri sendiri semata-mata, sifat tamak. Hubungan di antara anggota masyarakat seperti ini tidak mungkin baik."

Memang ada golongan-golongan seperti yang Tun huraikan di atas di mana apabila sudah mampu dan pandai di bidang kerjaya terlalu payah hendak menoleh kembali tempat di mana kita pada asalnya tiada apa-apa menuntut ilmu sebanyak yang boleh dengan kemudahan dan prasarana yang disediakan oleh pihak berkuasa.

Saya teringat ketika mula menjejak kaki dulu di UUM (Universiti Utara Malaysia) pada 1990 dimana bidang Teknologi Maklumat dan Pengurusan masih asing lagi kepada rakyat Malaysia, tetapi di UUM pihak kerajaan sudah memasang fibre optik sebagai pengganti kabel yang lebih laju dan cekap dalam menyalurkan maklumat dan juga penggunaan smartkad telah diexperimenkan di sana di mana satu kad di guna untuk pelbagai urusan di perpustakaan atau di pendafrtan atau di klinik. Ketika itu Kad Pengenalan masih menggunakan kad yang dilaminate dengan plastik lagi, sebaliknya kami di UUM telah mencuba menggunakan smart kad yang sekarang telah digunakan sebagai kad pengenalan Malaysia, kemudian perpustakaan UUM telah mula menggunakan multimedia sebagai sebahagian utama peralatan menyebabkan pelajar rasa seronok berada di Perpustakaan berjam-jam dan mendapat banyak maklumat sambil memakai kemeja dan bertalileher di tengah2 hutan rimba Sintok. dan banyak lagilah, spt. eksperimen mengundi menggunakan komputer dsb.

Dari situ saya rasa amat bersyukur kepada Allah Taala kerana dapat menjadi sebahagian daripada proses pemodenan negara dengan menjadi pelajar di dalam "hutan" Sintok itu. Dari situ saya dapat mengenali visi dan pemikiran yang Tun kehendaki supaya kita menjadi satu bangsa yang maju dalam acuan sendiri. Terima kasih Tun. Alhamdulillahrabbi'alam.

In 2007, I was chosen among the 10000 qualified applicants, then to undergo the Petronas Educamp. During the camp, I was exposed to the world class facilities at UTP and I was impressed. I was hoping I could pass the final hurdle (the interview at the end of the camp) to get into the university.

Unfortunately, I screwed up terribly...

Luckily, I managed to get hold of MARA scholarship loans to study overseas. Even then, I dare say (if what I read or knew about UTP is not exaggeration) UTP is comparable to any world class universities abroad.

By OrangLama on October 15, 2008 4:30 PM

Salam,

1. BUDAYA TERHUTANG BUDI

Budaya lupa "terhutang budi" amat berleluasa di kalangan orang Melayu zaman sekarang yang telah berjaya sejak DEB di perkenalkan. Ramai orang Melayu (bukan semua) yang berjaya mempunyai fikiran kejayaannya atas kebolehannya tersendiri. Ada terlalu banyak sifat orang Melayu yang tidak baik. Sebab itu lah orang Melayu adalah diantara paling hebat di dunia dari segi bilangan pepatah/pantun2 nasihat sebab orang Melayu "mudah lupa".

Ada pula lawan ketua yang sebelum ini dicitum tangan tanpa malu dan segan di khalayak ramai. Bila ketua dah tak de kuasa, lansung tak dipedulikan. Perkara sebegini berleluasa bukan sahaja di kalangan orang politik tetapi di kalangan kakitangan kerajaan terhadap ketua jabatan masing2.

Ada yang lebih buruk lagi bukan sahaja lupa terhutang budi malahan sanggup "mengkianati" bangsa sendiri. Ada yang bersetuju dihapus DEB, ada bersengkongkol dengan parti yang terang2 menentang hak orang Melayu seperti DAP. Ada yang mula kipas Ketua Menteri Pulau Pinang yang baru dan def2 terhormat di Perak. Kecuali Kedah saya tak nak kata apa2, dengar cerita dari saudara mara dan rakan2 lama Hari Raya baru ini PAS Kedah amat disukai rakyat. Kalau depa dah betul, tak boleh kata tak betul pula.

Tetapi Tun, orang Melayu zaman sekarang tidak pula "mudah lupa" tentang keburukan orang lain. Jika seorang itu pernah buat perkara buruk walaupun sekali, yang sekali itu juga yang sentiasa dikenangi dan disebut2 walaupun orang berkenaan dah berubah, bertaubat dan lain2 lagi. Pada hal Tuhan Maha Pengampun dan Maha Penyayang.

2. Akta Universiti

Dalam keadaan negara sebegini, Akta Universiti perlu diteruskan. Asingkanlah kehidupan politik lari kampus. Mahasiswa melayu ni di Universiti tempatan kebanyakannya bukan lah pandai sangat, nanti GAGAL periksa susah lah. Tak kan nak minta tolong YB Lim Kit Siang, YB Karpal Singh dan YB Dato Seri Anwar Ibrahim. Study betul2, lepas tu dah bergraduat joinlah yang mana satu parti yang disukai tak kiralah UMNO, PKR, PAS dan DAP. Jangan bagi depa perguna hang pa untuk buat demonstrasi jalanan. DMahasiswa ada tanggungjawab terhadap ibubapa bila tamat pengajian. Nak kena bantu keluarga terutamanya yang susah.

Para Pensyarah, hang pa buat kerja hang pa yang sebenarnya bagi kuliah, buat penyelidikan dan rundingan supaya Universiti kita world class bukan "taraf kampung". Pastikan hang pa juga world class. Pastikan student hang pa senang dapat kerja. Pastikan ilmu yang hang pa sampaikan kepada pelajar, ilmu yang berguna untuk pelajar cari kerja dan membina kehidupan lebih baik. Kalau tidak hang pa, jangan minta sambung kerja sebagai Pensyarah Kontrak bila sampai umur pencen. Rugi rakyat bayar cukai pendapatan jika banyak duit bagi kat IPTA tapi hang pa tak produktif!

By aymni on October 15, 2008 4:32 PM

assalamualaikum tun.

my name is yasin and I'm a 3rd year 1st semester student from Universiti Teknologi Petronas. I have been in this university for 3 years and so far i have managed to attend all your lectures. And i sincerely hope that i will be able to attend your lecture tomorrow.

You may already know that all the hostels and rooms in UTP are equipped with internet connection. But, what you may not know is that how bad the internet connection has become. This may not be the most appropriate place to talk about this, but I feel that no real action has been taken to address this problem.

UTP is a MSC-status university. UTP is a university of technology. Thus, it is very ironic that the students should face a problem such as this. It is also very embarrassing for the students to talk about the internet to their colleagues from other universities, as students from other universities are under the impression that the internet speed here is very impressive!

If Petronas can spend 130 million to subsidise the students, surely Petronas can spend a little bit more to improve the internet. You can ask any student, and i mean ANY student, (especially final year students that rely very heavily on the internet for their Final Year Projects), and they shall agree with me.

I wish you all the best for tomorrow tun.

salam Tun,

Intipati artikel Tun kali ini ialah sentiasa bersyukur dan mengenang jasa.

Sikap bersyukur dan mengenang jasa perlu ada di setiap diri orang yang ingin memenuhi ciri2 insan yang beriman. Saya hanyalah insan kerdil dan belum layak tetapi saya mahu menjadi insan yang berusaha kearah keimanan.

Sikap ini tidak ada pada banyak orang yang sering mengutuk Tun selama ini.

Anda tahu siapa anda.

Saya?

Saya bersyukur menjadi rakyat negara yang tercinta ini walaupun di lahirkan di seberang tambak.

Saya sentiasa mengenang jasa ibu bapa, keluarga yang amat saya sanjung, saudara mara, sahabat handai dan pemimpin2 termasuklah Tun sendiri.

Kita patut meningkatkan tahap kesedaran yang masih ketinggalan jauh jika kita mahu mencapai status negara maju 2020.

Selain dari bersyukur dan mengenang jasa, sikap membuang sampah merata-rata, kebersihan dan disiplin

menggunakan tandas,sikap pemandu di jalan raya,melepak,merempit,merokok,rasuah,tak endah alam sekitar dll. (mak oi banyaknya...) masih ditakuk lama lagi.

BILA KITA NAK BERUBAH?

p/s- apakata selain menamakan KLIA sebagai Tun Dr. Mahathir International Airport,ditubuhkan..

UNIVERSITI TUN DR. MAHATHIR?

Jadikan Apex universiti lagi..macam?Graduannya dilatih agar meneladani ciri2 dan pemikiran Tun.

Universiti ini juga mesti melahirkan graduan yang all-rounder, multi skilled dan multi talented dengan mempunyai visi serta misi bersifat global.

Banyak graduan sekarang cakap orang putih pun berterabur...macamana nak cari kerja?

1. Terhutang budi mesti ada budaya. Bukan budaya ampu tapi budaya terhutang budi dan bagi sumbangan yang lebih bermakna kepada adik-adik kita.
2. Bukan terhutang budi bayar pakai "body". Itu bukan niatnya. Adik-adik perlu faham dan tidak jadikan dia bahan jenaka.
3. Hakikatnya. Hidup mesti sederhana.
4. Budaya sekarang "Greedy Management"
5. Syarikat Korporat, Politik & Individu. Tamak.
6. Elok bila kita tanam semangat ini dalam pencarian ilmu. Tapi bila dah dibudayakan seluruh kehidupan kita berpaksikan tamak. Jadinya macam kita hadapi sekarang ini laa...
7. Parti-parti dalam BN tamak, Individu dalam Umno tamak...jadi "trade-in" berlaku. Hasilnya Rugi.
8. Orang Tamak Selalu Rugi. Termasuklah kita.
9. Bersederhana.
10. Carilah Ilmu sehingga sampai ke negeri Cina. Gunakan ilmu untuk adik-adik kita - jangan tamak.

Assalamualaikum Tun,

Memang tepat sekali ungkapan Tun tentang MELAYU MUDAH LUPA.

Melayu sepatutnya merenung dan berfikir semula apa yang telah dilakukan oleh pemimpin seperti Tun dalam membangunkan orang melayu. Saya bukan bertujuan untuk membodek atau mengampu Tun tapi sebagai orang melayu adap menghormati orang yang telah menabur begitu banyak jasa kepada negara ini amnya dan orang melayu khasnya haruslah dikenang.

Memang berbagai tomanan yang telah dilemparkan keatas Tun tapi bagi saya kita hendaklah berfikiran positif dalam hal ini.

Kebanyakan golongan profesional hari ini pun telah diberi pendidikan ketika era Tun di Universiti Kerajaan. Tetapi kebanyakan mereka inilah yang menjadi penentang Tun hasil dari hasutan dari orang-orang seperti Anwar Ibrahim.

Sekian, Wasalam.

Assalamualaikum YABhg Tun.

Penulisan Tun kali ini mempunyai maksud yang tersurat dan tersirat.Kena amati dan mendalami baru boleh memahami maksud penulisan Tun.

Penulisan Tun bukan hanya pada UTP sahaja.....lebih kepada kenang budi.Sy bersetuju jika dikatakan kebanyakan antara kita ini jenis yang mudah lupa.Waima apa bangsa maupun agama sekali pun.Jangan kata pada negara pada ibubapa pun mereka lupa.Berapa banyak yang ingat pada alma maternya?

Penerapan nilai-nilai kenang budi ini amat kurang.Modal insan yang dilaung-laungkan,pengukuran kepada hasil tiada.Sy bersyukur dididik pada zaman awal 70'an dulu pelajaran tatarakyat dan ilmu kesihatan menjadikan sy seorang yang pembersih tambahan dengan didikan ibubapa.

Tun.....

Negara kita ini bukan tak boleh jadi macam tu tp kelemahan penguatkuasaan yang melemahkan segalanya.Sistem yang ada dah cukup bagus.

Apa pun sy ingin melihat perubahan yang akan datang dalam masa terdekat ni.

Salam buat Tun sekeluarga.

Saya tertarik kepada isu mengenang budi yang Tun utarakan. Sepatutnya perkara begini sudah lama diterapkan dikalangan masyarakat. Kebanyakan kita sering membandingkan masyarakat kita dengan masyarakat di barat semuanya kita nak ikut barat. Nilai yang baik di barat kita tak mahu ikut. Terutama kepada mereka yang sudah berjaya dan menjawat jawatan yang memberi pendapatan yang lumayan termasuklah usahawan dan peniaga yang telah berjaya.

Di barat rata rata rakyatnya berbangga menjadi pembayar cukai dan membayar cukai pada mereka adalah satu tanggungjawab. Masyarakat kita sebut pasal cukai pendapatan mengeluh, Otak digunakan untuk mencari jalan bagaimana cara untuk mengelak diri dari membayar cukai, tidak dapat mengelak, cari cara bagaimana untuk mengurangkan jumlah dari jumlah yang sepatutnya. Yang peliknya bila menghengam kerajaan nak ikut cara barat.

Nak bebas sebebas bebasnya minta ISA dihapuskanlah minta Akta Universiti dan Kolej Universiti dihapuskanlah sebab itulah sikap pengotor mendarah daging sebab bebas buang sampah merata-rata – di longkang ke di sungai ke tidak kira. Di tempat awam tong sampah disediakan pun tidak mahu buang di tong, buang ikut suka saja. Di jalan raya memang bebaslah seolah-olah dia seorang penggunanya.

Di mana salahnya ya.

YABhg Tun,

Rakyat Malaysia sememangnya bertuah apabila strategi Tun dahulu semasa menjadi PM menentukan Petronas menyokong secara terus pembangunan insan. Sekali lagi kita perlu mengingatkan diri kita sendiri bahawa dinegara-negara pengeluar minyak terutamanya negara OPEC tidak menyediakan kemudahan seperti ini. Apa yang terjadi. Kronisme dan rasuah menjadi-jadi.

Alhamdulillah, Malaysia tidak sampai begitu teruk walau pun kita boleh buat lebih baik lagi. Untuk menjadi world-class mesti ada bench-mark world class sejajar dengan Universiti ternama dan lama.

Yang harus diingatkan kepada semua, kita perlu mempunyai hati-budi yang tahu mengenang-budi. Adalah tidak wajar setelah menghabiskan masa pembelajaran dari tiga tahun hingga lima tahun seseorang terpelajar itu tidak dapat mengenang-budi atau sekurang-kurangnya ingin membantu orang lain yang tidak mampu meneruskan pembelajaran mereka.

YABhg Tun, orang yang tidak meriman atau kurang iman sahaja yang tidak tahu mengenang-budi.

I tend to agree with opinion of Ir Syahrizan in this matter, the typical 'kedekut' Haji Bakhil and Ah Pek company are mostly interested in making more moneys for the BOD and the Taukeh, not giving proper benefits to Staff. But as Malaysian, we are so polite and thankful, that's why Malaysian credit cards expenses could bought KLCC easily! Both!

Dear Tun,

This is my first comment in your blog. Thank you for everthing you have done for this country. Please come back and help govern this country. This baby of yours that is Malaysia has only reached the age of 27 and in the vigor of youth, it thinks that it doesnt need to listen to the wisdom of his father. Please continue to guide this nation to greatness. Most importantly, please help stem the rampant corruption that is eating away at the fabric of our society. I understand that politicians require businessmen to advance certain causes but i fear for the integrity of this nation. I know it is unfair to ask you for your help again after 22 years of national service but only you can make the difference.

Youth is a blunder, Manhood a struggle and Old Age a Regret.

Wouldnt it be just wonderful if you could also leave a legacy of great institutions that can guide us successfully for the next 100 years. They will have the necessary safeguards in place to prevent abuses.

Jim Collins in his book Built to Last cited numerous examples of truly great companies that lasted and prospered long after their great leaders left by leaving guidelines that preserved their core values.

I hope to see Malaysia continue to prosper.

betul Tun, i agree on ur point that all rakyat, no matter u're educated or not, must appreciate what Malaysia did for them, i don't want to comment more on this because i totally agreed on what u listed above..

this might out of line today. now, i just read on news that on PM's suggestion, put a pressure on business practitioner so they will bring down the prices as the petrol price being lowered another 15 cents today!!

what the heck he's trying to do?? suka suki naikkan harga minyak melambung gila, then expect business pun ikut senang2 turun bila harga minyak turun?? (harga turun is bagus, but then, did he think barang yang sebelum ni naik up to 70% pun ada, akan turun balik sampai ke tahap 50% sebelum harga asal?? i don't think so) adakah itu pemikiran berotak. cam tak pikir sebelum ni plak. at last, rakyat suffered. business price takkan turun if the supplier tak bole turunkan price dia kan. pandai sungguh la pemimpin skarang ni. pandai kipas. jelik da nak baca suggestion budak sekolah dia skang ni. balik2 itu. tak pasal2 plak, isu kaum jadi masalah besar to Malaysia tercinta. selama i membesar almost 25 years, tak pernah tengok haru-biru cam skang ni and kelembikan dia to counter back org kurang ajar kat dia sendiri! tak nampak bijak langsung!

i tertarik nak bukak news pasal dia was only when he want to announce his 'step down moment will be'.
God! March 2009 felt like a very long way to go!

Saya mengambil kesempatan ini untuk mengucapkan Selamat Hari Raya Aidilfitri kepada Tun dan Keluarga. Maaf tidak dapat hadir ke rumah terbuka Tun, walaubagaimanapun adik dan anak saudara saya hadir. Mereka cukup gembira, tambahan anak buah saya tu mengaku yang dia penyokong Tun, walaupun baru 11 tahun.

Saya amat bersetuju dengan artikel ini, kerana kebanyakan kolej-kolej di Univ. Cambridge mendapat sumbangan dari orang perseorangan. Baru-baru ini, seorang bekas pelajar telah menyumbang > 3 juta pounds untuk kolej lama beliau.

Artikel ini menyedarkan saya dan peminat blog ini yang lain supaya ingat kepada mereka dan tempat yang telah memberi ilmu kepada kita, termasuk di sekolah rendah & sekolah menengah.

Setiap kali saya baca artikel dan komen dalam bloig ini, tanpa disedari air mata akan mengalir. Terima kasih TUN di atas sumbangan yang diberikan kepada kami rakyat dan negara Malaysia. Hanya Allah saja yang mampu membalasnya. Wassalam.

Memang perlunya kita beri balik pada yg telah menolong kita. Klu tak ada biasiswa dari kerajaan dulu, saya tak pasti akan berada ditempat sekarang.

Terimakasih Tun kerana semasa zaman Tun dulu, saya dapat menikmati lonjakan minda, status, dan pemikiran.

Salam Tun dan Toh Puan.

Semoga Allah s.w.t. melindungi Tun dan Toh Puan..

Teringat saya , semasa saya bersungguh2 nak masuk U.

Sayang seribu kali sayang, saya tak dapat masuk U.

Saya menangis dan sedih terpaksa melupakan dunia U.

Saya berkerja dengan kerajaan dengan menggunakan sijil SPM. Jadi kerani lah saya..dimasa muda.

Tetapi cita-cita saya untuk pegang segulung Sijil, Diploma dan Ijazah tidak pernah putus...saya berusaha bersungguh2 Tun.

Saya simpan duit, saya atur perbelanjaan dan mengatur masa dan urus tadbir kehidupan saya.

Langkah pertama saya ..saya mengambil Sijil...belajar di waktu malam di UiTM shah alam...Sijil Multimedia..

Langkah kedua saya ambil Diploma Pentadbiran Awam UiTM e-pjj SEBULAN SEKALI jumpa pensyarah...hanya belajar menggunakan Internet.

Alhamdulillah.. segala kemudahan dan pelbagai Universiti telah Tumbuh di zaman Tun.

Saya sekarang sudah masuk semester ke 4...ada lagi 4 semenster untuk di tempuhi. saya rasa seronok dapat sambung belajar..dapat mencapai impian saya.

Jasa Tun, Jasa Universiti INstitut Teknologi MARA takkan saya lupakan. Sekolah Menengah Sri Istana takkan saya lupakan.

Tun saya doakan Tun dan Toh Puan sihat sejahtera dan kuta kan semangat untuk meneruskan perjuangan Tun.

Kami rindukan sentuhan Tun dan Toh Puan.

Kami nak Tun jadi semula PM MALAYSIA!

Saya doakan anak Tun Mukriz akan ikut jejak ayahnya.

HIDUP TUN! HIDUP TUN! HIDUP TUN!

Salam . Tun yang saya hormati dan saya sanjungi dan saya kagumi

saya selalu terfikir tentang masa depan dan nasib anak-anak cucu kita dimasa yang akan datang yang mana apa akan terjadi kepada graduan yang dikeluarkan oleh banyak universiti yang terdapat di negara kita yang mana setiap tahun ribuan lulusan yang perlukan pekerjaan dan situasi politik yang tidak menentu dikala ini

Benarlah apa yang tun katakan yang UMNO akan hancur dari dalam apabila pemimpinnya mula berebutkan harta negara

Saya amat sedih dgn politik UMNO sekarang ini , ibu saya berkempen bersama ahli UMNO yang boleh saya katakan tulen ketika pelihanraya permatang pauh baru-baru ini , walau pun their back are again the wall
n the result are foregone conclusion .

We malaysian still need yvr guidance n thought

TUN, you have been a good leader, father to your kids (its shows how all have develop into fine human beings), an a husband. You gave 22years of your life in developing a nation called MALAYSIA and also your race to heights we see today. There should be no MUSLIM in malaysia today have the guts to say anything bad about a MAN like you.

I always admired you for your fight against the bullies like America who i belief will learn their lesson one day.

SO ALWAYS WALK WITH YOUR HEAD HELD HIGH, YOU DID GOOD. MAY THE BLESSINGS OF ALLAH ALWAYS BE WITH YOU.

GREATNESS IS NOT A GIFT BUT YEARS OF HARDWORK AND BELIEVE THAT ONE IS DOING GOOD FOR THE BETTERMENT OF MANKIND.

Universiti memang tempat menuntut ilmu, tapi tafsiran ilmu itu sendiri sangat luas. Bagi saya, universiti sepatutnya dan terutamanya menjadi tempat menimba ilmu akademik dan boleh juga jadi pusat menimba ilmu-ilmu yang boleh menjadikan kita lebih kaya dengan pengalaman dan menjadikan kita bukan sahaja seorang yang berilmu tapi berkebolehan mengaplikasikan ilmu. Ia sepatutnya menjadi pusat ilmu politik, ilmu berkenalan, ilmu bersosial, ilmu kreatif/berkarya dan semua yang boleh menyediakan kita menjadi seseorang yang berguna dan berfungsi di dalam keluarga dan masyarakat amnya. Apa-apa yang diambil berlebihan tidak baik untuk kita, ubat yang boleh menyembuhkan kita juga boleh jadi racun. Jadi, perskripsi diperlukan untuk memastikan ubat tidak diambil berlebihan, sama juga boleh disimpulkan dengan AUKU. Oleh itu perspepsi bahawa universiti adalah untuk menimba ilmu akademik semata-mata adalah sempit dan tak praktikal di zaman kompetitif ini yang memerlukan bukan sahaja mahasiswa yang bijak pandai tetapi juga matang dan boleh mengharungi cabaran dunia luar dengan baik. Bagaimanakah mahasiswa-mahasiswa negara luar boleh berpolitik dan pada masa yang sama masih boleh menamatkan pengajian? Jadi pada saya, timbalah apa jua ilmu di universiti walau ilmu memikat sekalipun tetapi sentiasa fokus kepada tanggungjawab membangunkan bangsa dan negara.

Tun,

Topik UTP ni mengingatkan saya tentang pelajar2 yg masuk dgn ramainya ke syarikat saya bekerja sebagai pelatih..

UTP merupakan pasukan pelajar yg terbesar dapat masuk ke syarikat ni dgn saki baki tempat kosong di berikan kepada universiti2 lain seperti Uniten dan MMU juga beberapa IPTA.

Menurut pemerhatian saya - pelatih2 dari UTP amat mudah menyesuaikan diri dalam 'environment' kerja kami (syarikat minyak internasional) yang sentiasa menuntut kecepatan dan ketepatan juga kebolehan utk multi-tasking.

Saya juga agak kagum apabila mengetahui - UTP menyediakan kursus2 terkini yang di perlukan industri oil & gas - seperti SAP dan applikasi GIS terbaru yg lain. Inilah kelebihan UTP - pelajarnya keluar dgn kelebihan bahasa inggeris, dan kursus2 yg memang di perlukan oleh syarikat di luar sana.

Saya percaya Petronas melabur satu pelaburan yang sangat berharga dalam menentukan kesimbangan 'talent' yang sangat sukar utk di dapati di malaysia.

Harap bila masuk ke alam pekerjaan - semua otak-otak muda ini tidak akan begitu mudah di pancing oleh syarikat2 gergasi oil & gas di timur tengah!

itu saja isu kita sekarang - kita kekurangan tenaga pakar, yang supply cuma satu - UTP.. yang mencurinya begitu banyak sekali..

harap tun dapat bangkitkan isu 'talent-drain' dan brain-drain di kalangan pekerja mahir kita kepada negara2 timur tengah dan syarikat multinasional yang lain.

Salam Tun Mahadir

Memang benar apa yang Tun kemukakan. Saya melihat sebagian beasr anak2 melayu lupa asal usul mereka. Ada juga yang berpendapat bangsa melayu sudah siap menghadapi perubahan radikal dan sanggup bersaing dengan bangsa lain. Coba kita lihat di Indonesia sungguh pun bilangan raayak bumiputra jauh lebih dari bangsa lain kaum bumiputra masih kebelakang dalam segala bidang kecuali politik. Apa kah keadaan sedemikain rupa berlaku di Malaysia. Mereka yang sudah berhasil dalam nidup harus membantu mereka yang kurang bernasib baik yang masih kais pagi makan pagi. Bilangan orang melayu yang miskin jauh lebih banyak dari bangsa lain. Orang seperti Zaid bekas menteri undang2 sangat mengkewakan bangsa melayu. Dia seharus meyedadari bangsa nya sendiri memerlukan bantuan dari dia yang sudah berhasil akibat bantuan orang2 bansanya sendiri. Saya rasa saudara Zaid tidak ada rasa kepedulian terhadap bangsa nya sendiri dan malahan bangsa lain mendukungnya. Orang seperti Zaid harus berterima kasih pada kerjaan sudah dia diberi kesempatan membela bangsanya sendiri ibarat harapkan pagar, pagar majin padi.

Dear Tun,

Alma mater? Ibubapa sendiri pun mereka tak peduli sekarang. Budak-budak zaman sekarang sudah lupa apa erti taat dan mengenang budi. Pada mereka, wang adalah segala-galanya. Kalau boleh masuk politik lagi bagus. Kalau tak boleh, masuk syarikat-syarikat besar pun okay juga.

Budak-budak sekarang terlalu sibuk dengan hal mereka sendiri dan mengalami banyak tekanan untuk mencari makan. Mana ada ruang untuk mereka mengimbas balik hidup mereka.

Kandungan pendidikan di Malaysia ini perlu diubah supaya lebih menekankan nilai-nilai murni. Kerajaan juga harus "Lead by Example". Tapi kita semua tahu apa berlaku kat kerajaan sekarang. Sedihnya.

Dear Tun,

The objective can be achieved but will take a generation.

Institute the Japanese schooling model right from kindergarten now and with the proper follow-up and follow-through, we can produce righteous citizens not only in this aspect but in many others.

It really boils down to a matter of choice of which road we want to take.

Einstein put it very well -insanity is doing the things the same way and expecting different results.

Yang mulia Tun,
Assalamu'alaikum!

Kali ini Tun menulis menggunakan Bahasa Melayu. Terima kasih. Saya amat tertarik dengan isu yang Tun perkatakan kali ini kerana ia banyak melibatkan keperibadian bangsa dan agama yang kita anuti.

Budaya mengenang budi sebenarnya telah lama hilang dalam kehidupan masyarakat kita sejak kita lebih mementingkan kekayaan daripada keperibadian tinggi. Semua orang berlumba-lumba untuk mencari kekayaan sehigga lupa bahawa ada perkara lain yang juga penting iaitu budi bahasa atau akhlak.

Nabi pun ada berkata bahawa Baginda diutuskan Tuhan untuk membaiki akhlak manusia. Baginda tidak menyebut untuk membentuk kepandaian atau kepakaran dalam bidang-bidang yang lain seperti sains, matematik atau bahasa. Jadi akhlak adalah faktor untuk mencapai yang lain-lain.

Budaya mengenang budi sudah hilang sejak di bangku sekolah lagi. Pelajar tidak diasuh untuk mengenang jasa sekolah mereka. Sambutan terhadap aktiviti atau Perjumpaan Murid-murid Tua dipandang sepi. Kehadiran bekas pelajar amat mengecewakan.

Kalau kita perhatikan berapa ramai pelajar sekolah yang membuang atau menghilangkan buku-buku teks SPBT yang dibekalkan. Setiap hujung tahun pihak sekolah puas berusaha mengumpulkan balik buku-buku tersebut. Waris juga tidak memberi kerjasama yang sepenuhnya menangani hal ini.

Vandalisma di sekolah menjadi-jadi. Bangku dan meja yang dirosakkan dengan sengaja bertambah setiap hari. Menconteng dinding dengan kata-kata kurang enak sudah menjadi perkara biasa di kalangan pelajar.

Sikap buruk ini terbawa-bawa hingga ke peringkat universiti.

YABhg Tun yang di kasihi.

PASAL KENANG BUDI... Baru baru ini saya berjumpa dengan Pakar Pedriatik Di sebuah Hospital kerajaan di utara. Masa saya jumpa Pakar tersebut jam menunjukkan pukul 1.20petang. Maknanya dia telah melayan begitu ramai Pasion sehingga dah petangpun belum habis. Saya tanya kenapa jadi begitu...Dia menjawab. Unit ini patut ada 5 pakar dan 20 Doktor sokongan. Tapi yang ada cuma 2 pakar dan sepuluh doktor sokongan. Ini bermakna setiap orang doktor terpaksa bekerja 2 kali ganda dari biasa.

Tak cukup doktor ke?...Dia jawab doktor berlebihan di Hospital Besar KL dan Hospital besar Sg Buluh. Kenapa tak tranfer mereka itu ke utara? Dia jawab masalah ini dah sampai ke pengetahuan Kementerian Kesihatan tapi Kementerianpun tak boleh buat apa-apa. Jika nak paksa juga mereka bertukar ke tempat yang mereka tak suka...Mereka ugut nak berhenti kerja.

Jadi...Kenang budi kah mereka ini?...berbaloikah kita biaya mereka begitu banyak?... nak kena tetapkan tempoh khidmat paksa hingga 10 tahun ke?...Apa jadi kepada Pasion jika Doktor-doktor yang tak ikhlas merawat mereka.

Sama-samalah kita jawab...sambil kita mengucapkan penghargaan kepada dr-dr yang sudi berkhidmat di mana sahaja.

YABhg TUN,

Tadi berita tentang MV Agusta timbul lagi...nampak macam PKR nak laga-lagakan TUN dengn DS Najib. Soal untung rugi...buka persoalan di sini...tapi keupayaan mentadbir Proton yang jadi persoalan....Dan isu besar penjualan MV Agusta dengan 1 Euro sepatutnya menjadi ISU Utama.

Wallahhualam.

Tun,

It is clear UTP is a prestigious University, and I feel proud that you representing that University. It is very crucial for the University to appoint a "fit and proper persons" to be Pro-Chancellor or Vice-Chancellor of Universities in Malaysia. Image is very important for prestigious and high-esteemed University.

By Cabina on October 15, 2008 8:23 PM

Minta supaya diperbanyakkan lagi pengambilan pelajar2 baru UTP, kita ada ramai pelajar yang berkebolehan, jgn dipersiaikan mereka.

By orangmelayusekarang on October 15, 2008 8:26 PM

Saya bukan pelajar UTP walaupun saya pernah dapat peluang masuk UTP tetapi saya tolak.

Hakikatnya semasa Educamp iaitu interview di UTP dulu boleh kata 2/3 yang masuk UTP guna link/cable. Kawan saya dapat 5A sahaja semasa SPM tetapi dia dapat masuk UTP kerana ayahnya pensyarah yang ada cable dengan Petronas. Begitu juga dengan rakan saya seorang lagi ayahnya ada cable dengan UTP lantas dapat masuk UTP. Hakikatnya setiap keluarga yang ada kaitan dengan UTP, ada kemungkinan anaknya mendapat sama nikmat Petronas. Begitu jugalah yang akan berlaku kepada cucunya.

Saya ada seorang rakan UTP yang sangatlah bijak. Tetapi saya tidak berapa setuju dengan pemikirannya kerana dia seperti kebanyakan pelajar UTP yang lain hanya fikirkan mengenai masa depannya sahaja. Pelajar UTP kebanyakannya dipancing oleh syarikat Timur Tengah yang memberikan habuan yang cukup lumayan iaitu lebih kurang 30 ribu sebulan sekurang-kurangnya. Siapa yang tidak mahu? Rakan saya ini tidak kisah pun pasal sekolah lama atau siapa yang membantunya untuk tamat belajar sehingga tahap itu. Dia hanya fikirkan untuk beli kereta mahal, rumah besar dan hidup senang di masa hadapan.

Saya rasa agak mustahil untuk kebanyakan orang menghargai alma mater masing-masing. Dalam pemikiran kita, jika alma mater tidak mendapat peruntukan sewajarnya, itu adalah salah kerajaan atau pentadbir tempatan. Lebih-lebih lagi jika Petronas yang memberi bantuan kerana dalam pemikiran masyarakat kita, Petronas dianggap sebagai badan yang bertanggungjawab untuk masa depan masyarakat kita walaupun Petronas sebenarnya hanyalah tongkat sementara untuk orang-orang buta.

Lihat sajalah mereka yang menjadi golongan professional seperti doktor, jurutera dan pelbagai lagi. Mereka tidak kisah langsung kepada siapa yang memberi tunjuk ajar kepada mereka. Yang mereka kisahkan hanyalah, bagaimana dengan hal keluarga mereka, anak-anak mereka mesti menjadi golongan professional seperti mereka, kereta besar yang mana satu yang patut dibeli, rumah mana yang patut dibeli. Tempat mereka pernah belajar langsung tidak diambil peduli. Siapa guru yang mengajar tidak pernah diambil peduli.

Pemikiran masyarakat kita semua sama sahaja, daripada yang kaya hingga miskin, tua atau muda, besar atau kecil semuanya tidak tahu menghargai apa lagi nak membalas jasa.

Let face it. We live in a hypocrite society.

IF WE CAN'T DO THE ABOVE, IT'S NOT HARD TO SEE THAT WE WON'T WANT
TO SPEND MONEY FOR UNIVERSITY FUNDS.

HOW SAD OUR VALUES ARE.

OUR MONEY IS OUR MONEY, GOVERNMENT'S MONEY IS ALSO OUR MONEY.

THERE IS HARDLY ANY PRIDE IN FUNDING AN ACADEMIC INSTITUTION.

SO TUN, PERHAPS WE SHOULD START TEACHING THE YOUNG ONES THE SENSE
OF PRIDE IS NOT JUST BY HAVING MONEY AND OTHER ASSETS OF OUR OWN
BUT BY GIVING - CREATING WEALTH TO OTHERS IN THE FORM OF KNOWLEDGE

ourselves also.but my personal opinion is the government should do more study on how to improve our
education system whereby we are left far behind even can't compete with singapore(our enemy).our
intake in universities also need to be revised like take only the best not just fulfill the quota systems.the
government can give extra quota to bumis but choose only the best of the best not selecting minister's

produce the best people in the world by improving our education system.....

Salam Tun,
Sebagai seorang Melayu yang berjaya dihasilkan oleh DEB, saya amat terhutang budi kepada pimpinan UMNO dan BN kerana memberi peluang kepada kampung boy seperti saya melanjutkan pelajaran didalam bidang kejuruteraan pada pertengahan 70 an.Alhamdullilah now at 50s, semua anak anak saya berjaya melanjutkan pelajaran dan lulus didalam jurusan sains dan teknologi samaada di IPTA atau IPTS.....this what we called Modal Insan in reality, you must have the physical structure to go along

with it as you rightly describe UTP which was transformed from a desert like landscape ex mining area. But it seems the present BN leaderships is very rhetoric when it comes to Modal Insan, full of fantasy and dream.....most of the schools, colleges, polytechnics and Universities are those built during your 22 years of premiership.

For me and my children, we are lucky to have "down to earth" leader like you, I am not sure what will happen to my grandchildren.

Sekali lagi, terima kasih Tun.

Dear TUN,

as a student from the controversial UiTM, i felt really sad of our current racial situation. I as person am against racial sentiments, but from what i see here in UiTM, even the lecturers inject us with racial hatred by implicating the post-graduation problem of employment as we are all malays and that it's hard to compete in the corporate world that is dominated by the chinese. If those lecturers intentions are to motivate us to ensure competitiveness, but most of them failed as they only make the malays here harbor hate towards other races.

I can't imagine 13th may happening all over again as i do have chinese and indian friends and i appreciate being friends with them as i have been bored of the malays stereotyped character: pessimistic and envious of others while they have done nothing to earn what others have.

Please Tun, most of the people i know do dream of the Malaysian Malaysia. And we know you can make it happen. You're always able to pull off such miracle like the 1997 economic crisis. Perhaps you would pursue in becoming 'Bapa Keharmonian'.

To all people, let's just stop generalising and learn to appreciate this country. For ourselves, and for Tun!

Assalamualaikum Tun,

Hope that you and your family are in the best of health.

Pendapat saya, terlalu kerap sistem pembelajaran anak2 kita dipolitikkan..where other countries are advanced, we are struggling with whether we should be using English or Bahasa. Does it matter? Knowledge should be sought in any language..if it requires us to learn in English or Chinese or Spanish..so be it..bak kata Junjungan kita menuntut ilmu sehingga ke negara Cina..do we understand that it does not mean literally ke negara Cina but also, in whatever language?

PETRONAS telah banyak melaburkan wang ringgit dan tenaga untuk membina anak2 bangsa kita..tapi berapa ramai yg ingin berkerja untuk PETRONAS? Kebanyakannya tidak menghargai biasiswa yg diberikan..ramai yg sanggup lari dari membayar...sama seperti biasiswa2 yg lain..JPA, MARA..sedih..sedih..

I paid every cent to MARA sebab saya sedar, tanpa biasiswa MARA, tidak mungkin saya boleh sampai ketahap sekarang. Saya bersyukur pada Allah dan MARA.

Dearest Tun,

Thank you for sharing your thoughts with us as always. You will always be a great inspiration to all the younger generation out there despite it all.

However I am beginning to feel a deterioration in the importance of education amongst some of the people in our society in the wake of a financial / economic crisis and not to mention all the political furore.

Majority of parents today are so busy trying to make ends meet, what more with the whole economic / financial crisis looming. I say this because I witness many children not attending school and staying till really late on a school night. Not to mention also the increasing number of disciplinary and bullying cases and students skipping classes before they even reach high school. I won't even begin to talk about the number of them who has or is doing drugs or smoking.

Tun, I have seen you many times walking about at KLCC Park and also Jalan Bukit Bintang during your premiership. When you are free take a drive through the road just behind Berjaya Times Square and Changkat Thambi Dollah on Saturdays in the early evening. There are so many groups of children from the ages of, possibly, 10 to 16, walking around as though they are all grown up, smoking, drinking and tormenting passerbys.

Not only are these children left un-attended, un-guided and un-nurtured they are already exposed to things that they shouldn't be at that age. There is a lack of ambition, drive and motivation that is crucial for a child to see beyond their current capabilities. Most of all there is also a lack of good example and well known person that they can look up to anymore.

I get that universities such as UTP and many others are contributing and making a difference. Those who made it either had a very good family background or they just really really want to make it against all odds. But I worry if that 10,000 applicants a year might begin to decrease? Nobody is looking out for the younger generation let alone guide them to be better people. It may get a lot harder for those who really really want to make it. And a lot less who will be grateful because they would have to fight really hard to get what they want. It would just be really sad.

And the grown ups are worried about an economic / financial crisis. If this is not looked into soon we can add social crisis to the list. I think it has been put on hold for way too long. Procrastination should be made a crime.

Dear Tun,

Intipati mesej Tun ialah "kenang budi". Marilah kita sama-sama berfikir, mengapa:

1- Sebahagian besar pelajar Melayu yang berjaya masuk universiti dengan biasiswa kerajaan menjadi pengikut kuat PR; Adakah mereka sedar duit itu daripada siapa dan atas dasar apa mereka dapat? DEB, Melayu dsb...

2- Kaum bukan Melayu tidak mengenang budi dengan dasar DEB kerana 80% kekayaan negara hasil DEB diboloti oleh mereka, manakala orang Melayu masih tidak berubah banyak dalam soal ekonomi. Sepatutnya Melayu memegang 70% kekayaan negara sekiranya berdasarkan bilangan penduduk.

Diharap penyokong Melayu PR gunalah akal fikiran diatas isu diatas.

By kerajaan langit on October 15, 2008 9:48 PM

yes, budi adalah sesuatu yang baik utk di bina pakai TETAPI malangnya sesetengah parti politik pembangkang di negara kita telah mampu memesongkan erti budi dan membalas jasa dan menghina pengertian sedemikian.

Soalan saya: Kenapakah tingkah laku pembangkang yg sedemikian tidak pernah di ambik tindakan mahkamah yg telah jelas merosakkan nilai kehidupan sebenar..... atau sistem perundangan negara yang ada amat longgar dan "penjenayah politik" di biarkan bepelisiran.

Mohon disejahterakan kehidupan Tun sekeluarga.

Cheers,

Mengenang budi.

BUDI, SEMAKIN BANYAK MEMBERI, SEMAKIN BANYAK SIMPANANNYA. SEMAKIN BANYAK MENERIMA, SEMAKIN BERKURANGAN SIMPANANNYA. Bengkrap budi.

Budi pertama kita perolihi dari ibu bapa yang melahirkan dan membesarkan kita. Belum ada seorang pun yang mampu membalas budi mereka. Kita berhutang dengan ibu bapa. Durhaka namanya kalau tak kenang budi ini. Hampir bengkrap budi.

Dari kecil hingga ke tua, kalau sakit kita disediakan hospital awam. Kita hanya dikenakan kos pendaftaran RM1. Kos rawatan paling banyak 01% dari kos sebenar. Tiada negara lain berbuat begini. Kita berhutang budi lagi. Tak kenang budi namanya kalau 10 minit terliwat dapan layanan pun kecoh buat press statement. Bengkrap budi.

Kita menimba ilmu, dari peringkat rendah ke peringkat setinggi-tingginya, diberi percuma, kadang pinjaman dan terkadang subsidi, malah banyak diberi biasiswa. Hutang budi lagi. Sudah berilmu, menganjurkan demonstrasi jalanan, mempermosikan forum tukar agama, itu budaya budi kacang dan kulit namanya, padahal dia tahu mereka di India memaksa pengikut kristian memeluk Hinduism. Sebelum itu mereka meruntuhkan masjid-masjid dan membunuh penganut Islam. Bengkrap budi.

Mengikut persaksian mendiang Tun San Siew Sin dan mendiang Tun Sambanthan, tiada satu negara pun yang memberi hak kerakyatan, hak suara, hak kebebasan ugama dan bahasa, hak kesaksamaan penuh kepada semua kaum pendatang seperti Tanah Melayu ketikas itu. Tidak Siam, tidak Burma, tidak Kemboja, tidak Vietnam, tidak Filipina, tidak Indonesia. Diberi betis hendakkan peha .. mereka dakwa kita kaum pendatang pula ... tidak mengenang budi namanya itu. Bengkrap budi.

Malaysia memberi kesenangan kepada semua, Malaysia memberi keamanan kepada semua, Malaysia memberi kebebasan kepada semua, Malaysia berkongsi kekayaan dengan semua, Malaysia berkongsi kuasa dengan semua, sekarang Malaysia mengajak hati kuman sama dicecah hati gajah sama dilapah, yang ringan sama dijinjing yang berat sama dipikul, ramai pulak yang tamak dan mencuri tangan ... itu tidak mengenang budi yang negara dah beri dan mereka dah ambil namanya. Habis bengkrup budi. Beyond salvage.

Kata Tun D.M."..... Tanpa budaya (mengenang budi) ini anggota masyarakat akan mempunyai sifat yang utamakan kepentingan diri sendiri semata-mata, sifat tamak. Hubungan di antara anggota masyarakat seperti ini tidak mungkin baik."

Kedaan yang kurang baik yang sedang meresapi masyarakat kita hari ini adalah kerana sesetengah ahlinya tidak mengamalkan budaya mengenang budi malah memilih untuk tamak dan pentingkan diri sendiri.

By irina72 on October 15, 2008 10:31 PM

Dear Tun

Fisrtly I would like to wish you Selamat Hari Raya Aidilfitri..(hope not to late, do believe syawal is a month). Very intresting article you wrote about UTP. I'm proud to say that I graduated from local uni (UTM to be precise) and currently working in the UK as a Snr Process Design Engineer.

Yes I tend to agree that we should contribute something back to the society...But I also tend to agree with opinion of Ir Syahrizan. For myself it would definitely be an honour to contribute back to all aspiring local engineers.

This require time and money and with the wages of engineers in malaysia and sometimes with long woking hours, I don't think this is possible. Not to mention the fact that a few of this company have no interest in promoting, recruting local engineering student.

What I've observe here is a totally different, the engineering consultaion here take a positive role in promoting engineering courses, million of pounds are contribute to all university to enhance their engineering faculty so more engineer can be groom to cater for the industry. Bare in mind that there is shortage of experience chemical engineer world wide.

In malaysia, I do not see any contribution is make other than Petronas, which I believe invest heavily. But what about other company, I don't think their contribution is as big as Petronas. More thinks need to be done...wages need to be standardise..what the difference with experience local engineer and expetriate that deem such a huge difference...

But sometimes I can't blame this company, through my experience I've observe that mostly (not all) of this local graduates and not to mention overseas graduate returning home...have one common disadvantages.....Their deficient communicating in english, we have the best graduates in solving engineering problems, but this will be useless if you can't communicate your ideas properly...Graduates

need to realise this if they want to be competitive and not to be so complacent. How on earth are we going to contribute back if we are already complacent with our live...

Tun, have sent a target of 2020 so malaysia can be a development nation...Can we really achieve this if we are being complacent

p/s: wish u still PM.....You really inspired me

Dear Tun,

I am a final year final semester student in UTP. This is an entry that will definitely make every student in UTP proud and realized how lucky they were / are to study in this million dollars university.

Yes, humans are ignorant and never realize they have something others want. Thus, they need reminders every now and then to wake them up from their easy, comfortable life and contribute back to the place which has created them to become the person they are today: their schools / universities. Their

alma mater. And as a future graduate from this university, I will try to use everything this place has taught me and use them for the benefits of our people and nation. And I have you, as our chancellor, to thank for.

Take care and I'll look forward for your speech tomorrow sir.

Dear Tun,

I think it is the right time to ban HINDRAF. It is overdue to act drastically against this group who behave so arrogant just like gangsters and as if they feel they can exert pressure on the present weak government and with the backing from none other than the one and only Autaman in town, Anwar Ibrahim.

They are wrong. They are being cheated. Now they behave like stupid clowns demonstrating all over the places to show their "STRENGTH" (kah,kah,kah) to attract symphathy and act irrationally.

Dear all,

I dont think there should be an advisory board comprised of past leaders to be set up formally to advise our prime minister. Let our PM seeks advise from people whom he trusted.We shall not enforce on the advisory board and he should be given free hand to shape our nation. Why - we choose him and we shall trust him.

If he does not perform, vote him out through democracy process and pick another leader.

Assalamualaikom Tun. Mudah-mudahan sentiasa didalam rahmat Allah jua.

Berbudi, membalas budi atau paling rendah sekali ialah mengenang budi.

Islam mengajar banyak perkara yang baik dan mulia untuk diamalkan. Antara nya ialah kebersihan, amanah, jujur, tidak takabur, bersih, adil, tidak menabur fitnah, tidak menjadi petualang, cintakan negara, rajin dan lain-lain lagi. Semua ini dituntut oleh Islam.

Sebaliknya yang bukan Islam terpanggil untuk mengamalkan perkara diatas. Manakala umat Islam yang sepatutnya mengamalkan ajaran yang baik ini tidak berbuat demikian. Inilah malangnya nasib kita.

Kita lihat sahaja berapa ramai anak-anak Melayu yang sedia terpanggil membantu alma mater nya. Berapa yang sanggup membantu persatuan murid tua nya. Berapa ramai yang rajin membayar hutang PTPTN. Barapa ramai yang sedia membalas budi pemimpin dan agensi-agensi Kerajaan yang membantu menjadikan mereka orang.

Sudah lah semuaini tidak ada, sebaliknya mereka ini lah yang ingin menghancurkan struktur yang sudah terbukti membangunkan bangsa Malayu di bumi bertuah ini.

Tentang akhlak misalnya, berapa ramai pemimpin samaada dari PAS atau PKR yang sentiasa mengutuk menghina bangsa nya sendiri. Mereka jelas sekali menjadi opportunist yang sanggup mengorbankan maruah dan akhlak diri demi mencari keuntungan politik kumpulan mereka.

Mereka sanggup menggadai maruah mengutuk kerajaan kerana mempertahankan ISA dan mengambil tindakan keatas HINDRAF yang nyata lagi jelas biadap dan kurang ajar. Demi sokongan kaum India mereka sanggup menyokong perkara salah.

Mereka begitu terpesona dengan aura anwar ibrahim. Sungguh mereka ini tidak mengenali harga diri. Juga tidak mereka ini mengenali secara dekat siapa anwar. Kaji lah anwar dan mereka ada lari.

Anwar akan buat apa saja untuk kepentingan politik nya untuk menjadi PM. Akhirnya negara kucar kacir bila india, cina, melayu, iban dan kadazan menuntut janji-janji yang dibuat secara berasingan oleh anwar keatas mereka ini.

Anwar akan janji apa saja.

Berhati-hati lah. Budi yang besar dari pemimpin UMNO boleh hilang begitu sahaja oleh anwar, inikan pula daripada kita yang kerdil ini.

Siapa lah kita.

Dear Tun,

Sorry to promote your son in your blog but this is the only blog which has vast audience to express whatever you like with confidence although I know sometimes you censure some of my comments. Never mind, I accept it. It is your prerogative.

Pilihlah Mukhriz. Kita tahu siapa dia. Dia layak. Dia ialah anak orang keluarga baik-baik. Keluarga yang dihormati oleh semua. Kita tidak mungkin silap memilih Mukhriz.

Najib anak Tun Razak
Hishamuddin anak Tun Hussein
Mukhriz anak Tun Mahathir

KJ hanya menantu Pak Lah. Mana nak sama dengan Najib, Hisham dan Mukhriz. Mereka datang dari gulungan keluarga yang dihormati dan tidak mungkin mereka akan mengecewakan atau menjatuhkan

maruah keluarga mereka dengan membuat sesuatu yang memudharatkan UMNO dan bangsanya.

Dear Sir,

1. You are spot on, the good unis and chinese schools all have rich and strong benefactors. One might argue that the explanation is really..that the majority of the product of the schools/unis are just so so that they are just getting by in the world .. ie macam mana nak tolong orang kalau cukup nak tolong sendiri dan famili sendiri saja.

2. If I was the incoming Prime Minister I would make a new policy - one child one graduate. All kids in the Malaysian pipeline must become at least a uni grad. Period. PArents mustbe accountable. Govt must assist too.

3. If I was the incoming Prime Minister I will also seek to ask the uni grads who are able (mentally) to stay longer at uni ie masters/doctorate like our scandinavian or euro counterparts. Tax incentives will be given.

Btw Im writing this from your island of Langkawi... jalan kat Cenang needs to be upgraded sir.

Yang Berbahagia Tun,
Semasa konvokesyen tersebut saya hadir untuk menyaksikan anak sulung saya menerima ijazah pertama daripada YBhg Tun. Sewaktu YBhg Tun masuk ke dewan saya amat terharu melihat para siswazah dan ibu bapa memberi tepukan gemuruh sebagai penghargaan yang tinggi kepada Ybhg Tun kerana merealisasi sebuah universiti yang berprestig di Malaysia. Saya dan isteri menitis air mata apa apabila melihat anak saya berjabat dengan YBhg Tun untuk menerima scroll. Saya bangga anak saya dari sekolah luar bandar mendapat peluang untuk belajar disitu dan kini beliau akan sambung belajar hingga ke peringkat Phd. Atas ke perihatinan YBhg Tun meminta syarikat-syarikat besar seperti

Petronas, Tenaga, Telekom mewujudkan universiti adalah satu idea yang baik sebagai sumbangan kepada rakyat daripada keuntungan yang diperolehi. Kini universiti tersebut bukan sahaja dari memberi sumbangan kepada rakyat Malaysia malah pelajar-pelajar dari luar negara di mana Petronas membuat pelaburan.

Terima kasih Ybg Tun dan jasamu tetap akan dikenang.

Assalamualaikum Tun,

Talking about Budi .. great topic for us to explore..

How I "believe" is that "budi" or in English it should be kindness or an act of good deed should reflect as

given human responsibilities.

I have my own flaws, I am not the expert in islamic studies, but i was taught by my late ustaz when i was young to remember...

3 major responsibilities of a human being..

- 1) Responsibility to GOD ..
- 2) Responsibility to our Parents ..
- 3) Responsibility towards our community

Islam teaches us to fulfill the above responsibilities and to remember them without fail. indeed i do believe the three above are also the in remembrance of what we have received from God, our Parents and our community. Plain and simple.

As such we should repay the good deeds of our community by being responsible towards our community. Doing the right thing. Obvious enough a "right thing" for one may not be for another.

for example, your act of defiance towards the current premier is in belief that it is the "right thing" for this country. A view that is not shared by some.

In the end we do what believe is right. and what is right comes from our character and personal values. If a person is a down right a "good person" with "good characteristics", will yield accordingly.

I hope to do the "the right thing" by sending a clear message on my views of what is right and what is wrong.

My Family sends warmest regards..

Dear Tun Mahathir,

Like Yasin, I am also a third year student in UTP. And i cant show you just how grateful i am to have you as our chancellor. I am really looking forward to hear what you have to say tomorrow.

Though there might be some unfortunate souls out there who dont fully appreciate the chances theyve been given to continue their studies at a higher level, there are still scraps of us who are truly thankful to be blessed by the fact that we have been given scholarships to ensure a good future.

If i am lucky enough to be a rich person someday, there's no doubt that ill try to give back to UTP at least a fragment of what it has given me. But for the time being, the only thing i can do is isi petrol at Petronas stations. :)

This might be a total rumour, but i thought you might be able to clarify parts of it. I heard that the other half of our academic building will not be built and finished due to Pak Lah thinking that its just a waste of money that can be used elsewhere.

Is this true?

I really hope its not.

Whatever it is, i am truly honoured to get a chance to see you. And i really am proud to have once been in a nation under your care.

You have made such a difference and i hope that one day ill grow up to be as someone as strong and as dignified as you.

I totally have your back sir.

Thank you again for the many things you've done for the country.

We love you dearly.

Assalamu'alaikum YAM Tun,

Renungkanlah doa nabi Sulaiman a.s begitu merendah diri.

27:18 "Hingga apabila mereka sampai di lembah semut berkatalah seekor semut: Hai semut-semut, masuklah ke dalam sarang-sarangmu, agar kamu tidak diinjak oleh Sulaiman dan tentaranya, sedangkan mereka tidak menyadari"";"

27:19 "maka dia tersenyum dengan tertawa karena (mendengar) perkataan semut itu. Dan dia berdoa: ""Ya Tuhanku, berilah aku ilham untuk tetap mensyukuri nikmat-Mu yang telah Engkau anugerahkan kepadaku dan kepada dua orang ibu bapakku dan untuk mengerjakan amal saleh yang Engkau ridai; dan masukkanlah aku dengan rahmat-Mu ke dalam golongan hamba-hamba-Mu yang saleh""."

Mudah mudahan undergraduate Melayu tekun belajar serta mensyukuri nikmat.

Pengalaman saya semasa belajar di USM buat Diploma Pendidikan pada tahun 1999 iaitu tahun pilihanraya selepas DSAI dibuang, seorang pensyarah yang amat pro kepada DSAI tidak hadir 2 atau 3 kelas pertama berturut-turut tanpa sebarang notis. Kami menunggu di dewan kuliah untuk memulakan

penbelajaran tetapi beliau tidak muncul, manakala pada kelas pertama beliau muncul beliau lebih banyak menggunakan masa 1 jam kuliah itu menceritakan betapa buruknya kerajaan yang telah membuang DSAI daripada mengajar subjek yang sepatutnya diamanahkan kepada beliau. Penampilan beliau cukup islamik tetapi tidak menjalankan amanah yang diberikan kepadanya.

Sebenarnya perkara ini banyak berlaku dimana pensyarah² yang dulunya belajar atas sponsor kerajaan tanpa berselindung menggunakan kelas mereka untuk menghentam pihak yang telah memberi peluang kepada mereka untuk mendapat pendidikan dan pekerjaan.

Kepada semua penyokong PAS yang kononnya mahukan kerajaan yang islamik tolong renung diri sendiri dulu. Adakah anda cukup amanah menjalankan tanggungjawab anda terhadap pekerjaan anda yang memberikan anda rezeki untuk disuap kemulut anak² anda? Sebelum menabur fitnah yang dibawa oleh cerita dari mulut ke mulut tanpa bukti sah bahawa setiap pemimpin UMNO itu makan rasuah atau tidak amanah, terlibat dengan pelbagai salah laku, cerminkan diri anda sendiri dulu.

AGAKNYA ADAKAH NADA PEMIMPIN DAN PENYOKONG PAS BERHUBUNG DAKWAAN L*W*T TERHADAP dsai SAMA JIKA BELIAU MASIH DI DALAM UMNO???? ADAKAH MEREKA AKAN MEMAKSA dsai BERSUMPAH ATAU MEREKA BERSETUJU BELIAU MENDIAMKAN DIRI????

Salams Ayahanda Tun

saya rasa jika DSAI atau Karpal Singh atau Lim Kit Siang ingin berdebat dengan TUN, pasti TUN akan menang. DSAI, Karpal atau LKS bukan tandingan Tun, mereka tidak setaraf dengan TUN. Toksah nak perabihkan air liaq TUN berdebat dengan mereka yang RENDAH AKHLAK dan BUDI PEKERTI seperti DSAI/KS/LKS itu. Suruh DSAI khatam beberapa buah buku dulu sebelum TERINGIN mencabar TUN berdebat. Minta KS berdiri dengan tegak dulu sebelum cuba berani nak berkokok (orang hilang upaya seperti KS hendaklah berdebat dengan orang kurang upaya juga - jatuh maruah TUN jika berdebat dengan KS). Dan minta LKS jadi Menteri Besar Perak dulu (itupun kalau orang Melayu Perak tak mengamuk) sebelum meludah ke langit!

Kepada Ibrahim ALi, toksah nak keluarkan "idea yang bodoh dan tidak bernilai seperti itu" untuk mencari nama. Jika ada pemimpin bertaraf dunia lain seperti George Bush, Tony Blair atau Lee Kuan Yew yang ingin berdebat dengan TUN, barulah sama taraf. Jika setakat jadi "tukang pukul gendang" seperti DSAI/KS/LKS, TUN jangan layan. Baik layan tetamu dan buat rumah terbuka hari Raya sekali lagi kat SARAWAK (teringin sangat nak cium tangan dan peluk TUN).

TUN jangan risau, Jika orang Melayu Semenanjung tak sayang kat TUN lagi, Melayu Sarawak akan tetap bangga dan sayang kat TUN.

Salam Tun & fellow bloggers,

1. Alma Mater - saya sebenarnya mengkagumi alma mater sekolah² Cina seperti Chung Hwa. Bekas² pelajar yg berjaya dgn sukarela menyumbangkan duit, buku, peralatan malahan menaja bangunan baru yg menelan belanja jutaan ringgit. Bagi jamuan amal dan jualan amal biasanya habis dijual, harga tak pernah jadi soal. Yang penting membalas budi.

Soalannya ialah kenapa ini tidak berlaku dikalangan org Melayu? Saya sebenarnya malu tapi terpaksa mengaku bahawa mentaliti subsidi begitu menebal, semuanya mengharapkan kerajaan. Jangankan sumbangan, pinjaman MARA, JPA, PTPN belum tentu dibayar. Bila anak balik bawa borang sumbangan PIBG komplek. Memalukan

Kerjasama pihak institusi pengajian tinggi itu sendiri sungguh menghampakan. Saya pernah menghubungi salah satu IPTA utk mengadakan interviu bakal graduan, tapi banyak kerenah redtape, dibuat mcm bola

dilambung dari satu jabatan ke jabatan lain,banyak kertas kerja dan syarat yg ketat,padahal saya sanggup bayar,bila dah dapat booth diletak tepi tangga dekat kafeteria...menyedihkan

2.AUKU - Pada sesi pembelajaran 1990/94 saya pernah terlibat dgn Majlis Perwakilan Pelajar UKM dipihak TSB (pro BN) menentang IPU (pro PAS).Pada masa itu kempen Pilihanraya Kampus hebat.Poster,kempen,dana,kain rentang,propaganda mewarnai kehidupan kampus,tapi saling menghormati,tiada insiden serius.Pihak pengurusan dan keselamatan bekerjasama dgn memantau.Masa tu TNCnya Prof Abu Hasaan.Thanks a lot Prof.Bila tiba PRU kami berkempen mengikut fahaman masing2

Tetapi hari ini kongkongan2 dan peraturan2 ketat menghalang pelajar berpolitik,terutamanya bila MPM condong kepada pembangkang.Bukan saja di kampus,kalau kempen masa PRU akan dikenakan tindakan.Tapi yg peliknya yg kena hanyalah penyokong pembangkang!Kalau tak percaya tanyalah Hisham.Demokrasi?Ripley's believe it or not..

3.BALAS BUDI - You reap what you sow.Have you been to PIBG meeting lately?

Assalamualaikkum Dr.Mahathir & Dr.Siti Hasmah,

I'm Jeffry Suresh Bin Abdullah. The Alor Star boy.

1.I wonder why our government is focusing on buying alots of military weapons and other war related stuffs that cost billions of dollars? Are we preparing for a war or something? This, I believe really make the rakyat angry. Because, it is partly thier hard earned tax money.

We are a small country. We will loose some how to any superpower-allied attacks, if there was any. I think, instead of spending billions of RM on the military stuffs, we should spend on establishing anti war campaigns, as you did during the setting up of KL War Tribunal...spend on brainwashing the super powers not to attempt for war with any country generally,and on our country especially.

2.We see alots of rakyat in general hospitals that need immediate surgeries and so on, are often been put on que for even a year, simply on reason that the hospitals have a long list of patients to attend, in sequence.So, it could be due to shortage of special equipments, shortage of specialists and many more other reasons related to financing.

3.Are the lifes of innocent peoples that select the government, can be in return of thier favour, be put in que in hospitals for a long period? Normaly, the que then decide the lifes span of the patients.Sometimes, many may not win the queing time and lost their lifes.

This also make the rakyat angry.

4.I know that you always fight for the peace of mankind and also had direct objection with Bush & Blair, on thier criminal activity in waging war and robbing other countries.

People say that evil always loose in the end. But in war, we see the evil super powers always win in the end. The evils always win in their day time murders cum robberies.

It is thier nature to search and create enemies and wage war against them. So they can get thier

business. It will never never end.

If we can't change them once, we have to be even closer friend and try to change them again and again.
At least they won't wage war on us... and we don't need to keep buying war stuffs to defense.

5. Above are only some of what rakyat angry of..just to name a few in priority.

6. Over spending on war related stuffs, is clearly means encouraging and involving in the war business too. So, kindly advise them to spend on life saving projects and human capital development projects...to simply create more of GREAT MAHATHIR & GREAT SITI HASMAHS TO PRESERVE PEACE IN MANKIND! This, will bring prosperity to any country and not hates and confrontations.

Cheers and love always,
Jeffry Suresh Abdullah and wife, Hafizah Yaani. Johor Bahru.

Pekerja2 di Malaysia patut menerapkan budaya ingin menambah ilmu itu. Jika budaya ini gagal diterap, maka apa yang kita lihat adalah budaya 'mengular, melepak, kita minum dulu, gaji buta, tunggu gaji, tunggu bila nak balik' tiada langsung inisiatif untuk memajukan diri dan syarikat.

Sesekali kita pandang2 graduan yang baru masuk kerja, mereka bukan bagus sangat, tetapi sikap mereka yang ghairah dan bersungguh2, semangat yang berkobar2, kelihatan yakin dan tenang, tidak gentar untuk memajukan diri walaupun mengambil risiko yang boleh diberhentikan atau bertukar kerja. Sikap ini boleh dijadikan contoh, walaupun kadang2 sikap graduan ini mengundang syakwasangka dikalangan pekerja lain.

Sebenarnya sikap ini memang sudah ada pada kita, sebab kita semua pernah menjadi pelajar paling kurang 10 tahun, cuma sistem persekolahan dinegara ini tidak menitikberatkan komunikasi dan interaktif antara pelajar- pengajar- pelajar. Pengajar menyampaikan pelajar mendengar. Itu diantara perbezaan sekolah dengan Universiti.

Ya saya bersetuju AUKU dikekalkan sekiranya masih wujud
-sekolah pondok

dear Tun,

salam..

a very timely 'wake-up call' to all of us who seem to forget to be grateful..

..saya amat bersyukur dgn kewujudan Universiti Teknologi PETRONAS..

..giving hope & promise of a guaranteed future to my daughter, who's about to finish her 1st year in UTP..

..no other leaders, past & present, had even half of your leadership traits & capabilities..

..pandangan jauh Tun dalam banyak hal mendahului zaman..

..i like Tun, DULU, KINI dan SELAMANYA..

ikhlas, NAY

** respons kpd komen hasanul; UTP provide 10% enrollment to foreign students of countries where PETRONAS has business ventures, hence the issue of subsidies being enjoyed by foreigners should not arise..mcm konsep alma mater lah tu..giving something back tanda 'syukur & terima kasih'..

tak mcm Amerika..tau hisap darah je..

Pekerja2 di Malaysia patut menerapkan budaya ingin menambah ilmu itu. Jika budaya ini gagal diterap, maka apa yang kita lihat adalah budaya 'mengular, melepak, kita minum dulu, gaji buta, tunggu gaji, tunggu bila nak balik' tiada langsung inisiatif untuk memajukan diri dan syarikat.

Sesekali kita pandang2 graduan yang baru masuk kerja, mereka bukan bagus sangat, tetapi sikap mereka yang ghairah dan bersungguh2, semangat yang berkobar2, Kelihatan yakin dan tenang, tidak gentar untuk memajukan diri walaupun mengambil risiko yang boleh diberhentikan atau bertukar kerja. Sikap ini boleh dijadikan contoh, walaupun kadang2 sikap graduan ini mengundang syakwasangka dikalangan pekerja lain.

Sebenarnya sikap ini memang sudah ada pada kita, sebab kita semua pernah menjadi pelajar paling kurang 10 tahun, cuma sistem persekolahan dinegara ini tidak menitikberatkan komunikasi dan interaktif antara pelajar- pengajar- pelajar. Pengajar menyampaikan pelajar mendengar. Itu diantara perbezaan sekolah dengan Universiti.

Ya saya bersetuju AUKU dikekalkan sekiranya masih wujud

Assalamualaikum YABhg Tun Dr Mahathir Bapa Malaysia,
(Tunku datuk Malaysia),

#)Saya amat menghargai apa yang ditulis oleh Tun dlm artikel di atas.

#)Kita patut menghargai university atau kolej atau dana yg telah membantu kita menjadi manusia educated dan berjaya dlm kerjaya.

#)Org Melayu/rakyat malaysia/pelajar/graduan/menteri mudah lupa jasa kerajaan dan pemimpin yg lepas kpd kejayaan mereka. Inilah sikap cela yg membawa kita ke arah kemunduran balik ke takuk lama. Saya hormati bekas pelajar cina yg berjaya dlm kerjaya akan menyumbang balik wangnya kepada Persatuan Cina yg membantu dia dahulu.

Ini berbeza dgn sebilangan bekas pelajar melayu yg berjaya dlm kerjaya enggan bayar balik pinjaman MARA/Yayasan negeri/PTPTN.

Amat memalukan pula menyertai aktiviti-2 yg menjatuhkan maruah dan kestabilan negara pula.

Ingatlah Janganlah Spt Kacang Lupakan kulit dan Si tenggang menjadi batu derhaka kpd ibunya.....

assalamualaikum Tun,

Orang MELAYU MEMANG MUDAH LUPA kan Tun, mudah menerima budi dan mudah melupakan jasa. Itulah yang berlaku kepada orang melayu sekarang ini. Saya teringat satu peribahasa yang sering saya dan rakan-rakan gunakan dalam membalas hujah golongan pelajar pembangkang kerajaan di Universiti Teknologi Malaysia. "Jangan Jadi Anjing Tersepit, Orang yang lepaskan yang kena gigit".

Itulah yang jadi sekarang Tun. Orang melayu mudah obses terutama sekali dalam politik. Orang melayu mudah lupa kesusahan bila dia senang. itulah masalah orang melayu mudah lupa diri, mudah hilang harga diri.

By cucu tok buyong on October 16, 2008 8:00 AM

Salam TUN.
Melayu mudah lupa.
Orang2 muda kita di alaf ini (antara nya dari kampong2) telah berlaku satu'cultural shock' apabila ramai yang telah berjaya dalam kehidupan. Menjawab jawatan2 besar dan penting dan tinggal di bandar2 besar membuat diri mereka bergitu sebuk dengan gaya hidup yang mewah.
Mereka bernasib baik kerana tidak merasakan apa yang di alami dizaman ibu bapak mereka yang menempuh kehidupan sukar waktu itu.
Maka oleh itu mereka mudah lupa atau terlupa atau buat2 lupa akan tanggung jawab mereka setelah

berjaya dalam hidup mereka. Mereka lupa untuk melihat diri mereka sendiri. Dari mana asal mereka. Ada yang terlupa asal usul mereka dari kampung setelah duduk di bandar2 sehingga terlupa akan budaya kampung. Ada yang juga sengaja buat2 lupa mereka maseh ada ibu bapa dan adik2 di kampung yang hidup melarat kerana dapat isteri cantik anak orang kaya dari bandar.

Budaya tidak mengenang budi. Terlupa pada pehak yang telah memberi peluang dan menaja pengajian mereka. Buat2 lupa pulak nak bayar hutang pinjaman. Jauh sekali nak memberi sumbangan pada tempat dia belajar dulu. Ada juga yang telah melawan tokeh setelah berjaya. Dengan angkuh dan perasan menganggap diri mereka lebih pandai dari orang lain. Dan mula menentang tangan2 yang menghulur dan memberi.

Pada penuntut2, bekas2 mahasiswa dan siswi dan bakal2 pelajar yang akan melangkah ke menara gading supaya memahami dan mendengar akan nasihat dari seorang Negarawan ulung yang sifat nya telah membuatkan beliau berjaya dalam hidup nya. Ikuti lah dan contohi lah cara pemikiran beliau. Cara kerja nya. Dan hobi nya yang suka membaca pelbagai bidang ilmu walaupun TUN telah berjaya dalam ilmu perubatan.

"Melayu mudah lupa atau buat2 lupa atau terlupa atau lupa diri"

Renung2kan lah.

Apalah guna tempat tersergam indah dan sangat sesuai untuk pelajaran tetapi di khas kan untuk golongan yang tertentu dan berkaitan sahaja. Banyak pemohon yang berkecukupan lebih dari cukup tidak di pilih. Itu sebabnya graduan graduan keluaran University Petronas ini mediocre sahaja tidak outstanding. Cuba lah berwawancara dengan pegawai pegawai yang berkelulusan UP dan sudah bekerja begitu lama. Kita somehow akan merasakan kepincangan itu. Somehow or rather you are going to gather that they are either technically not qualified or they were just not up to the mark to have warranted an entrance to the university. Here I am talking about generally meaning most that you come across fall into this category and maybe only one or two is outstanding. This level is just too dangerous for the country and for the national oil company. I feel that our own real oil and gas expertise are now scattered all over the world except Malaysia.

By Poh on October 16, 2008 8:02 AM

Dear Tun,

Good morning. Generations of students have gone through the Universities here. All of them have enjoyed the subsidised study. I am one of them.

I have served and contributed to the government's development. I have gone into virgin jungles and opened up land. Those areas are now new townships and the settlers there are now enjoying the prosperity that the government and our sweat has brought to them. At the end of our careers, we have a small house which we bought with the government loan, and our meagre pension which today is hardly enough.

I have repaid my dues and I can sleep well with a clear conscience.

Saya setuju bahawa ramai pelajar kita malah bangsa Malaysia tidak mengenang budi. Malah kerana itu jugalah Tun sentiasa dibenci oleh golongan ini. Masih ronda di kawasan KSAH bila balik kampung. Ustaz Ghazali Shaari, Lee Eng Hooi, Cikgu Rahman "Black", Cikgu Asma, Cikgu Rokiah, Chua Kim Seng (Matematik), Cikgu Zaiton dan semua guru KSAH 1978 -1986 tetap dalam kenangan.

assalamualaikum Tun. Fasal lupakan kulit ni, bukan di UTP aje. Di mana-mana IPTA pun kita dapat lihat. Lebih parah lagi ialah bila golongan pendatang lupakan budi orang tempatan. Hari ni, banyak kita dengar fasal gesaan tubuhkan suruhanjaya. Musim mahkamah, maka ada suruhanjaya hakim. Ni fasal harga, maka nak diadakan pula suruhanjaya harga. Kenapa tak tubuhkan suruhanjaya menentukan indeks ketuanan Melayu? Sepatutnya, bila Melayu dah jadi tuan, maka dia boleh terima dan boleh pecat siapa saja yang melanggar ketuanan Melayu!

Salam Tun,

Have you read an article by Kalimullah last week and comments by Noramtaz Abdullah yesterday in the NSTP. It is so unreal, and I suspect they have the same agenda. Reads like a political propaganda created by evil spin doctors. The objective of the article is to blame you for all the current mess.

They tried very hard to put the blame on you and cover up factors that might points to Pak Lah.

The BN under Pak Lah won with a thumping majority in 2004. In fact it was a record never achieved before by any PM. But soon, he screwed up one after another and lost control. Arrogance by those around him added salt to the injury. KJ for example, and I dont think he was your man, Tun.

The people got fed up and showed their displeasure in the March 2008 election.

What have all this got to do with you?

The PM and his team continue with their arrogance. Despite post mortems(if it really took place), nothing has change. Instead they just blame each other and the latest is to blame you Tun. Ha Ha Ha

Now during the next six months Pak Lah will implement all the RMK 9, build all the Corridors, catch all corrupt officials, reform the judiciary, create efficient Government machinery, solve the financial crisis, strengthen UMNO, use the ISA where necessary and lately teach History.

If he can achieve all that, why resign? Please continue!!!.

What say you Tun?

Wassalam

Salam Tun...

I'm not sure whether you'll be reading this or not as there are lots of comment in your blog.

I'm a PhD student in UNSW. Here, I met Dr Nazir Dawar. He said he knows you personally. He used to be a surgeon, but due to high interest in human right, now, he is a lawyer and also a PhD student.

Saya cakap dengan dia yang saya tak pernah jumpa dgn Tun. So, dia terkejut sebab orang Malaysia sendiri pun tak pernah jumpa Tun. Tapi, saya kata saya selalu jumpa dgn Tun dekat TV (haha, what a joke! ;P)

Anyway, saya setuju dgn Tun supaya menghargai universiti yang kita belajar. Yup, saya amat berbangga dengan UM. Sentiasa menyanjung tinggi UM. Anyway Tun, I wish you all the best dan mendoakan semoga Tun sentiasa sihat dan dilindungi Allah sentiasa.

Take care...

Dear Tun

I believe that the local graduates coming out from our local universities still are very weak in terms of education and we need to boost up the quality of education to be on par if not better than overseas universities. To do this we need to offer better courses and a better "student experience" in our local universities as follows:-

1. Courses need to be more in-depth
2. Students in local universities should have learned more and gained more knowledge than students in overseas universities
3. Better practicals
4. Better tutorials
5. Better lecturers
6. Higher and tougher standard of university discipline
7. More outdoor activities (site visits, business games, competitions, etc)

I believe our infrastructure facilities are already very good.

Salam Tun,

- 1) mahasiswa hanya ada 3-4 tahun untuk menamatkan pengajian. Perbelanjaan pengajian dibantu oleh kerajaan yang pastinya mempunyai keperluan perbelanjaan yang lain. jadi bila mahasiswa tidak menamatkan pengajian mengikut jadual, ini meningkatkan perbelanjaan kerajaan. ini kurang wajar.
- 2) mengikuti jadual kuliah, amali, tutorial, latihan lapangan dan aktiviti kolej kediaman menuntut komitmen yang tinggi. jadi biarlah mereka ini memenuhi tanggungjawab ini sebelum keluar dari kelompok mereka

3) jika dikatakan kurang bersuara, mahasiswa mempunyai medium mereka sendiri untuk bersuara. tidak semestinya perlu menulis dalam suratkhbar dan keluar di kaca tv.

4) jika dikatakan tidak bermasyarakat, tiap semester universiti, kolej kediaman menganjurkan program kemasyarakatan dalam pelbagai bentuk dan penyertaan juga menggalakkan.

5) saya dan rakan-rakan ingin juga berbakti kepada universiti tapi kalau universiti pun tak sudi, apa boleh kami buat. dulu pun masa belajar pentadbir semua betul. yuran beribu-ribu tapi nak sedia capaian internet tanpa wayar bagi seluruh kampus pun tidak mampu. mahu bagi starbucks buka cawangan, dangkal sungguh. capaian internet yang ada pun perlu pelbagai proses, amat tidak relevan. MPP juga tidak memberi pendapat yang bernas.

YABhg Tun,

terima kasih kerana memimpim kami. saya lahir aje nak Tun dah jadi PM. semoga dirahmati Allah

Assalamualaikum Tun,

Tun pernah berkata "Melayu Mudah Lupa". Saya sendiri mengakui bahawa apa yang Tun katakan itu memang benar. Ramai mereka yang saya tolong untuk mendapatkan dana perniagaan akan "Lupa Darat" apabila sudah mendapat pinjaman mereka. Bila dah susah baru nak mencari kawan atau "buat muka seposen". Masa senang atau masa berduit, kawan & janji dilupakan.

Mungkin ini budaya kita orang Melayu. Memang sedih kalau ia budaya kita. Malu nak mengaku kita orang Melayu tapi apa nak buat, kita tetap orang Melayu. Jangan pasal segelintir kecil ini kita nak putus harapan.

Seperti catitan Tun mengenai pelajar-pelajar yang mendapat biasiswa kerajaan, mereka jug lupa siapa yang memberi mereka peluang untuk menimba ilmu. Bila dah pandai, negara dan maruah bangsa sanggup digadaikan! Perjuangan anak Melayu dilupakan. Perjuangan poket sendiri diutamakan tanpa mengira apa kesan yang akan berlaku di masa hadapan.

Mereka ysng belajar lebih jauh di seberang laut seperti "Oxford" lebih

"pandai" kerana mereka mempunyai fahaman bahawa bangsa dan tanah air Melayu boleh di jual beli kerana apa yang penting ialah untuk mereka mencari kekayaan dan kuasa. Mungkin ini yang mereka telah pelajari di universiti mereka.

Saya juga belajar di luar negara tetapi malangnya saya tidak mendapat biasiswa kerajaan. Oleh itu saya bekerja sambil belajar. Mungkin kerana ini saya tidak tergamak untuk melihat negara yang saya cintai ini hancur. Mungkin juga saya tidak mampu mengadai maruah bangsa saya.

Pelajar-pelajar yg mendapat biasiswa ini selalu lupa pada asal mereka dan apa tujuan mereka di beri pendidikan. Mungkin kita perlu "brainwash" mereka ini supaya lebih taat dan setia pada bangsa, agama dan negara. Kita memberi mereka peluang pelajaran bukan kerana mahu mereka menjahanamkan negara kita tetapi kita mahu mereka membimbing dan memupuk pembangunan negara.

End - Aku Pening Original

Assalamualaikum Tun.

Ini adalah satu topik menarik untuk bercerita.

1. Saya adalah bekas pelajar Universiti Teknologi Mara (UiTM) cawangan Machang, Kelantan. Tahun 1997.
2. Saya setuju dengan Tun berkenaan lanskap yang aman dan damai adalah bagus untuk menuntut ilmu. Tetapi mungkin akan ada jugak dugaan gangguan jin. Macam Sek Tanjung Lumpur, Pahang tempoh hari.
3. Saya merasai pengalaman ini di tempat belajar yang baru diterokai di kaki bukit. Lebih kurang 8 tahun melaluinya.
4. Namun ini adalah latihan tubi melalui alam semulajadi yang amat hebat dan berkesan.
5. Mental, fizikal dan jiwa akan salih berganti digodam.
6. AUKU tidak patut dipinda. Pengalaman belajar adalah sesuatu untuk dirasai dan dinikmati sepenuhnya. Bukan untuk berpolitik. Politik saya lahir bukan dari zaman persekolahan rasmi, tapi lebih kepada pembelajaran tidak rasmi.
7. Ilmu dikumpul masa sekolah untuk digunakan masa lepas sekolah untuk kehidupan.
8. Masa zaman lepas belajar/kerja akan dipenuhi dengan dugaan-dugaan yang mendatang.
9. Macam bekerja dengan kompeni yang besar, berkawan dengan orang besar, banyak duit. Maka arak? dan perempuan? adalah mainan untuk melepaskan tekanan kerja?
9. Di situlah gunanya ilmu dan agama semasa belajar.
10. Dugaan ini mungkin dapat dikurangkan melalui perkahwinan. Sementara students asyik bercouple semasa Universiti. Competent leaders akan hilang sekelip mata.
11. AUKU tidak patut dipinda. Individu yang terlibat sendiri berkata okay.
12. AUKU membawa jalan saya pulang ke rumah. Terima kasih Tun.
13. Manusia sendiri boleh rosak inikan pula komputer. Sesuatu yang saya tidak terpikir sejauh itu. Saya terlepas bahagian itu.

Terima kasih Tun.

Salam Tun..

Saya juga adalah bekas student UTP, tapi saya agak terkilan kerana saya tidak berpeluang menerima scroll dari Tun pada Convocation 2007.

Apapun, saya sgt bangga dapat grad dari UTP, berbekalkan loan yg saya terima dari PETRONAS. Yelah, walaupun ada yang cakap ramai masuk pakai cable, saya tidak tergolong dalam golongan itu. Dan saya juga faham yang PETRONAS tidak menerima keuntungan langsung dengan membuka universiti demi mendidik anak bangsa. Walaupun ada yg mempertikaikan sebahagian dari subsidi yang PETRONAS keluarkan juga untuk foreigner student, sebenarnya ia adalah salah satu cara PETRONAS berterima kasih kepada negara mereka kerana membenarkan PETRONAS 'hidup' di sana.

PETRONAS byk bantu negara..byk juga membantu saya. Since saya tak dapat bayar balik kepada PETRONAS dengan bekerja bawah PETRONAS, terpaksa saya bayar balik sebahagian dari loan yang saya terima..hehe..ok la tuh,kan?

When I shake and kiss your hand during my visit to your house during your Hari Raya Open House on the 5th of October, I feel that you are tired and exhausted, and I pity you so much. I feel that I should help you, but I do not know how. I think your mind is always thinking and you will not be happy until your dream about the Malays and Malaysia comes true. I have written a special gurindam for you and I have given to you as a present during your Hari Raya Open House so that when you read the gurindam you are always happy. The last four phrases are beautiful. Di Hari Raya ku kirim gurindam, sebagai tanda kasih yang mendalam. minta maaf perkataan disulam. semoga Tun Dr Mahathir ceria siang dan malam. By rzarts73 on October 16, 2008 12:08 PM

Assalamualaikum Tun,

saya lihat kebanyakan pelajar sekarang tidak reti berterima kasih dan membalas budi kepada masyarakat sekeliling dan kerajaan. Masyarakat sekarang pun lebih suka lepas tangan kepada para pelajar ini dengan lebih suka mengambil orang asing dari negara luar untuk bekerja kerana kononnya lebih bagus dan murah. Dah tak ada lagi sebab tanggungjawab. Kalau dah ramai tak nak buat kerja buruh, ambillah mereka yang seperti lepasan banduan, OKU, yang tidak berpelajaran tinggi atau carilah janji hasil tu dapat membantu bangsa malaysia itu sendiri. Janganlah asyik nak untung saja. Tak berkat semua tu pun. Harap Tun cadangkan kepada semua universiti dan kerajaan dan swasta untuk mengkaji kenapa di negara maju sangat ditekankan pembelajaran teknologi dan kenapa?.. Yang saya tahu untuk memberi kehidupan yang lebih baik. Kalau semua nak pakai tenaga manusia ja.. mmglah kena ambil orang asing. Kerajaan kena bayar harga kontrak mahal2 kepada petender yang dapat tapi hasil tetap hilang keluar negara. mmmm... Tun, tolonglah nasihatkan pada bangsa melayu agar terus membantu bangsa itu sendiri kalau nak maju. Kepada para petender yang nak masuk tender kerajaan pun kalau setakat pegawai2 dia aja yang ada degree/ master baik jangan bagi sebab yang sepatutnya dapat dan yang kerajaan patut bantu ialah mereka yang belajar di universiti ini untuk menjadi bos... bukan yang dapat 'cable' orang atas. Jadikan lah ini sebagai satu yang wajib. barulah nenek moyang yang dulu berpenat jerih dan berdarah tak menyesal tengok orang melayu betul2 maju. Ini asyik2 yang ada 'cable' je yang dapat projek besar2.. apa nak jadi ni..

Harap Tun tolong lah kami yang belajar di universiti ini terutama yang belajar di luar negara. Peluang kami tak sama seperti di zaman Tun masih muda dulu. Belajar jauh2 pun kena makan gaji. Dapat gaji pun sama macam gaji yang belajar universiti dalam negara. Perlukah bangsa melayu yang belajar subjek tentang mcmmana nak dapat 'cable' dan kroni untuk berjaya??? kalau mcm tu kenalah universiti semua buat subjek ini sebab ini lebih penting.

TUN yang dihormati.

1.Dulu, sekarang dan selama2nya jasa mu di kenang.

Itu lah yang sentiasa ada di hati ini pada TUN. Tidak mudah bagi saya melupakan jasa2 TUN pada saya dan pada keseluruhan Malaysia.

Saya telah berpeluang membina kehidupan saya,kerjaya saya,dan keluarga saya dalam keadaan yang memuaskan di era TUN.

2.Pada pendapat saya tidak menjadikan kita rugi bila kita berterima kaseh , mengenang dan membalas budi2 orang yang telah berjasa kepada kita. Tidak juga rugi kalau kita mampu membantu orang lain untuk mencapai cita2 nya.(Hanya cita2 yang murni) Bukan membiayai cita2 mengarut atau keganasan.

3.Walaupun dilihat yang TUN tuliskan ini hanya satu nasihat pada graduan2 yang telah berjaya. Tapi lebih pada itu adalah satu ingatan dan pendidikan untuk keseluruhan rakyat Malaysia supaya dapat memiliki moral diri yang tinggi. Sentiasa mmerasakan perlu berterima kasih ,berasa bersyukur akan apa yang telah kita miliki di negara ini adalah kerana ada nya pehak2 yang telah mencipta dan memberi peluang itu untuk kita berjaya.

4.Maka itu pada yang telah brjaya dapat lah ingatkan alma mater mereka. Beri lah sumbangan pada bekas institusi pengajian mereka.

Dan langasaiaikan lah hutang PTPTN atau MARA tu. Hutang tetap hutang.

Kerana itu dalam perjanjian.

P.s To Sherry on OCT.15. 3.32pm. Good job to hi lite that article. Hope most Malaysians are now realized who really TUN is. He is world class leader and thinker. TUN should have won that noble prize.

Alma mater....
Bagi kami adakah itu perlu?
Kalau Tun masih ingat....
kami ini penuntut Universiti
Pemikiran Mahathir dengan
bahasa pengantarnya Bahasa Kiasan
dan kaedah pengajarannya seperti
simptom penyakit Scizophrenia...
bahasa isyarat dan cakap terbalik...
simptom negatif dan simptom positif...

Mungkin Tun sudah lupa....
Universiti Pemikiran Mahathir
dan pemimpin-pemimpin Dunia
yang lain....salah seorang
pensyarahnya ialah Profesor Syed Hussein Alattas.
Disana ada diantara kami yang
menjadi gila...ada yang mati....
ada yang terbunuh dan ada yang dibunuh...
Tun hanya tersenyum sumbing sambil
berkata.....

"Ada yang boleh kita ceritakan dan ada yang tidak boleh"
"Fikirkanlah sendiri"

Alma Mater....peritnya bukan sebarang pijar..

Assalamualaikum Tun,

Sebagai orang yang membesar dalam era pemerintahan Tun, saya melihat banyak universiti yang wujud dalam era tersebut. Sesungguhnya saya merasa bangga kerana dapat melihat wawasan yang jauh dari seorang pemimpin yang bernama Mahathir bin Mohamad. Semoga Allah SWT yang akan dapat membalas segala jasa2 Tun kepada bangsa, agama dan negara.

Saya ingin menyeru kepada seluruh umat Islam dan Melayu khususnya kepada generasi muda jangan mudah terpengaruh dengan apa yang di hurlurkan kepada anda semua. Renunglah segala pengorbanan pemimpin-pemimpin terdahulu. Syukurilah kehidupan hari ini lebih baik dari semalam.

Terima kasih Tun.

penubuhan satu lagi universiti seperti universiti petronas adalah usaha yang baik. Namun demikian pelajaran dinegara ini masih lagi menjadi 'a privilege' kepada ramai rakyat dan ini amat menyedihkan setelah kita 50 tahun merdeka. Sepatutnya nya ia dijadikan sebagai satu 'hak asasi' kepada semua rakyat terutama sekali kaum Bumi yang mana ramai diantaranya tidak dapat meneruskan pelajaran ke universiti samaada tidak berkemampuan ataupun kerana tempat di universiti tempatan tidak cukup. Siapa yang salah dalam hal ini???

Dearest Tun,

I am reading your book once again on "The Malaysian Currency Crisis" - How and Why It Happened" by Mahathir Mohamad which I bought it in Kinokuniya (KLCC Suria) in year 2003. Tun mentioned in the book that you would like to share your views and actions to stabilize the Malaysia economy during 1998. It's an excellent and practical book to read so that we will understand clearly how and why the currency crisis happened 10 years ago. This book is written in a simple and an easy way to understand.

The economic cycle came back after 10 years, but this time it sparkled by US mortgage meltdown and the collapse of their credit system under Bush Administration. I can say this time their impact is very much cushion off by the Asian emerging economies. But it seems like the US and G 7 are having difficulties in taming the Asian stock exchange markets.

Here I would personally like to share a view with you on DSAI's press conference on retabled the BUJET 2009 out of his claim that Malaysia economy has budget deficit of 4.8% and will go into recession if he is not allowed to be the Prime Minister (as I see it his action is on greed rather than fear factor) and claimed the commodity price for palm oil has dropped as at early October to RM1100/ ton, and somebody corrected him the figure was RM1700/ton. It seems like he is still not familiar with figures. He did not mention about the GDP of Malaysia as per BNM modest prediction of 5% growth in 2008 and he did not mention that our trade surplus has rose to 59% compared to the year 1998. Well, I think until today he has not master in finance activities, but he is definitely good in stimulating racial tensions. Tun, I am glad that I have learned from your weakness by not judging a book by its cover. To all bloggers, if possible look out for this book if we really love and protect our country regardless our race.

Have a present day and please take care your health Tun, same to Tun Siti Hasmah.

Salam to TDM and all;

Sama sama lah kita berdoa semoga Allah merestui usaha kita yang ikhlas untuk kemajuan agama, bangsa dan negara.

Terlalu banyak sumbangan TDM untuk semua, terlalu panjang untuk di senaraikan. Saya sungguh terharu...mengenangkan masih ada segelintir yang tidak dapat melihatnya. Mungkin itu cubaan untuk kita semua. Bak kata orang tua2, usaha Nabi Muhammad SAW yg murni dulu dulu pun, masih ada yang menentang dari dalam dan luar. (Munafik/Kuffar).

Secara dasarnya, terutama kepada bangsa melayu, kita seharusnya berfikiran progresif dan jauh, bersikap adil dan saksama. Kerana generasi yang seterusnya akan membawa ilmu yang diperolehi untuk kemajuan agama, bangsa dan negara. Setiap bicara dan kata putus amatlah penting demi menentukan kejayaan, demi kejayaan... dan diwariskan dari satu generasi ke generasi yang lain.

Assalamualaikum Tun dan Toh Puan sekeluarga serta seluruh Muslim,

Diharap semuanya sihat sejahtera dan dpelihara Allah SWT sentiasa. Terlebih dulu sy ingin mgambil ksempatan utk memohon maaf kpd Tun andai ada tersalah kata or perbuatan terhadap Tun. Sy pernah tersalah anggap terhadap Tun di waktu penangkapan DSAI terdahulu dan sy terus meninggalkan perjuangan UMNO walaupun datuk sy seorang pejuang UMNO. Kini, masa dan kematangan telah mgubah segalanya. Sy kembali bersama UMNO dan sy akui UMNO smemangnya mperjuangkan nasib agama, bangsa dan negara kita. Jika bangsa kita dpt mgetepikan hasad dengki sesama kita, sifat suka mjatuhkan 1 sama lain dan bersatu demi Islam dan Melayu, insyaAllah kita akan jadi bangsa termaju. Sumore, we nid to respect others, in term of religions and races. We no nid 2 b racist with them, jz unite and works together for better Malaysia. Same goes to other races. It is a sensitive issue rite? Dont be a fool and just swallow all 'they' said. Search the facts and truth, think about it. dats y God give us da brain.

Its not about us anymo, its about our next generation and our beloved Malaysia.

Walaupun saya selalu bersetuju bahawa semua orang manusia mestilah belajar bersyukur kepada Tuhan dan juga belajar bersyukur kepada manusia lain apabila kami sudah berhutang budi, tetapi saya berpendapat bahawa mengucapkan kesyukuran kepada seseorang penderma atau pembantu kepada kami bukanlah bermaksud kami haruslah mengekori sesiapa pun dengan secara buta mata atau buta hati.

Kalau terdapat seseorang pemimpin negara sudah diketahui membuat kesalahan besar atau membuat jenayah jahat seperti menyalahgunakan kuasa pemerintah, memakan rasuah atau membunuh orang, maka tindakan wajar dari segi undang-undang mestilah diambil oleh kami walaupun kami tersedar bahawa kami pernah berhutang budi kepada pemimpin negara yang dituduh membuat kesalahan ini. Prinsip-prinsip pemerintahan gunapakai undang-undang ("Rule of Law") haruslah diperkukuhkan walaupun dalam proses untuk memperkukuhkan pelancaran undang-undang, kadang-kadang kami dikehendaki mengambil tindakan tegas ke atas seseorang tertuduh tidak mengira samada tertuduh ini punyai kedudukan politik tinggi atau kedudukan sosial terhormat. Misal kata, kalau seorang pemimpin negara yang kami sudah banyak berhutang budi diketahui oleh kami sudah melanggar undang-undang, maka beliau haruslah diambil tindakan undang-undang seperti dibawa ke hadapan hakim mahkamah untuk menjalankan perbicaraan tanpa prejudis.

Sistem kerajaan kami tidak haruslah memberikan toleransi yang terlampau baik kepada seseorang pemimpin yang sudah bersalah dari segi undang-undang walaupun pengampunan boleh diberikan daripada pihak individu. Mempertahankan keluhuran Perlembagaan dan Undang-undang adalah lebih penting daripada mempertahankan nilai moral lain seperti sikap mengingati hutang budi.

Jadi kalau kerajaan BN sudah membuat kesalahan besar dari segi undang-undang, kerajaan ini tidak boleh diberikan toleransi untuk sekalipun dengan secara berleluasa dan tanpa terkawal. Pemimpin kerajaan yang bertanggungjawab ke atas sesuatu kesalahan besar dari segi undang-undang boleh juga didakwa di mahkamah undang-undang tanpa prejudis. Inilah sikap betul yang haruslah dipupuk oleh seseorang manusia yang tahu bersyukur kepada Tuhan dan juga tahu bersyukur kepada manusia lain.

Assalamualaikum Tun,

Thanks for your visit to Universiti Teknologi PETRONAS and the public lecture that you gave to us just today. It was a handful for us to understand and see the changes that it may wrought but it may be worth it.

I am still a student in UTP and this place is a very good place to study. It is far from the nearest city and this has curb some of the students more unwanted habits.

Tun, if i may pose a question to you on the economy crisis that the world is in right now. As we all know that the economy crisis started with the sub prime mortgage problem in the US and it has affect the economy of other countries around the world. And the government of this countries including the US has injected a sum of money into their economy to stabilise it back.

My question to you, from your opinion, will this step ensure that the economy stabilise or will this be only a temporary solution to the economy problem.

Thank you for that wonderful lecture and take care.

DEBAT?

1. Kita anak-anak Malaysia ni debat sesama kita sahaja sudahlah. Anwar, Ibrahim Ali, Najib, Pak Lah dll yang di dalam Parlimen tu bukannya semuanya anak-anak Malaysia. Anak-anak Tun. Berdebatlah sampai terkeluar anak tekak!

2. Janganlah diajak BAPA kita berdebat. Tak molek. Tak manis. Kurang ajar.

3. BAPA tempat untuk meminta nasihat, pedoman, muhasabah diri, tunjuk-ajar dan sebagainya yang baik-baik. Bukannya untuk diajak berdebat.

4. Sedangkan Nabi Allah Ibrahim dilarang ALLAH berdebat dengan BAPANYA walaupun BAPA baginda seorang kafir.

5. Inikan pula BAPA kesayangan kita Tun Dr Mahathir seorang PEJUANG NEGARA, PEJUANG DUNIA ISLAM, PEJUANG NEGARA KE-3, PEJUANG NEGARA SELATAN-SELATAN, PEJUANG.....(tak tertulis sebab terlampau panjang)..... PEJUANG YANG AKAN DIKENANG SEPANJANG ZAMAN OLEH SEMUA ANAK MALAYSIA DAN SELURUH DUNIA ISLAM!!!!

6. Harap Tun jangan layan lawak-lawak bodoh ini semua.

7. Harap Tun terus menulis di sini. Tulislah apapun. Tegur kami. Marah kami. Kami terima. Kami tak kisah. Kami tak ambil hati. Sebab Tun BAPA kami.

8. Anak-anak Malaysia memang dahagakan dan memerlukan nasihat dan tunjuk-ajar Tun. Sebab tu blog Tun ni bersesak-sesak macam orang-orang dulu nak tengok wayang filem P.Ramlee. Tu belum lagi anak-anak Tun di luar negara dan Dunia Islam seluruh dunia lagi!

Assalamualaikum Y.A.Bhg Tun,

My 2 sen thoughts.

I agree with you alumni of local graduates should look at contributing back to the universities. I also think corporations, not just GLCs, should do more CSR at the universities.

Our local universities, in general, especially public universities need more industry involvement to help the first be more competitive and to produce quality students and commercialisable research work.

I am doing a pilot program for two universities, which is aimed to produced commercially exposed students and to introduce experiential learning on entrepreneurship. Long term goal is to have a community driven industry-academia platform. Through this program, we invite industry players to sponsor and mentor students who are interested to take up challenges and pick up the 'carrots' we put forward for them. I must say it is a tough call to get both, industry contribution and student involvement. We are not even touching commercialisation of research and development of the universities which mostly remain on the shelves, unfortunately.

Not until we have an ecosystem at the university that promotes entrepreneurship and industry players working closely with the university community, we may see the local universities being continuously backed up majority by government or GLCs like Petronas, Tenaga and Telekom. But how long can this sustain?

When I asked one Prof from Stanford on what made him invest and help start-up companies founded by his students, his response was "It is a part of my job to help my students to be successful". I wish we have the same spirit here, both from the industry and universities.

Assalamualaikum Tun,

Saya pernah jejak kaki ke UTP bersama anak perempuan saya semasa dia di panggil temuduga selepas SPM kira-kira tiga tahun yang lepas. Seperti yang dikatakan dewan besar UTP sungguh menakjubkan. Terpegun saya dengan kecanggihannya. Anak saya berjaya mendapat tempat ke UTP tetapi kami berbelah bagi kerana dia juga mendapat biasiswa YPM. Sebolehnya saya suka jika anak saya masuk UTP kerana Tun, namun akhirnya rezekinya di YPM. Sekarang dia melanjutkan pelajaran di Jepun. Saya bersyukur dan bangga kerana dia juga adalah satu-satunya permata hasil daripada polisi Pandang Ke Timur Tun. Saya selalu pesan kepada anak-anak saya supaya jangan lupa kepada orang yang menolong dan berjasa kepada kita, tak kira lah dari segi material atau spiritual, kita mesti kenang dan balas budi setakat yang mampu dengan ikhlas. Saya harap anak-anak muda sekarang yang berjaya hasil daripada sumbangan orang/ajensi supaya tidak lupa kepada mereka yang menyuap mereka sekarang ini dan selamanya.

I would like to take this opportunity to thank you Tun for having this blog 'cos then I have an avenue to convey my thoughts. I hope Tun you will keep soldiering on and keep on reminding these ambitious

people, who want to rule this country as if they own it, to keep wide awake 'cos a slightest mistake will cost them their future. We, the people will not allow anyone, high or low, to ruin this country and makes us suffer while they can go running/hiding to another country.

I bid good day to you Dear Tun and May Allah Look Upon You Always.

Assalamualaikum dan salam mesra buat Tun dan semua. Tun, apa yang dikatakan oleh Tun adalah benar. Sikap pelajar2 kita yang berjaya dan hidup senang selepas mencapai cita2 mereka dengan bantuan2 yang disediakan oleh kerajaan/sebaliknya memang amat mendukacitakan. Mereka seperti tak tahu mengenang budi. Sebaliknya mereka menjadi penentang kerajaan seperti kebanyakan para peguam2, pembangkang2, ahli2 koporat/usahawan2 yang terkenal didalam/luar negara. Apa yang saya tahu juga kebanyakan dikalangan mereka juga tidak melunaskan pinjaman ketika belajar dimana2 pusat pengajian tinggi. Malahan seperti buat2 lupa tentang hal tersebut. Amat menyedihkan kerana kebanyakan adalah bangsa melayu yang beragama Islam. Kita harus ingat setiap yang dipinjamkan haruslah dipulangkan. Walaupun anda telah mengenggam ijazah sekalipun, dosa dan balasan yang akan kita perolehi atas kesalahan yang nyata. Ilmu itu takkan diberkati walaupun secara zahir kita telah berjaya. Kita mungkin menjadi seorang yang jahil dengan hukum2 agama/dunia sehingga yang salah kita katakan benar. Berbalik tentang sikap tamak dan lupa diri seperti yang dikatakan Tun, ini amat berbeza sekali dengan pelajar2 di universiti luar negara, paling dekat saya ambil contoh disingapura. Kerana anak saya menuntut disana. Setiap tahun bekas2 pelajar sana yang berjaya akan memberi peruntukkan bagi bekas sekolah, politeknik/universiti mereka sebagai mengenang jasa dengan jumlah yang agak banyak sekali. Walaupun pemerintah telah menyediakan semua peruntukkan. Saya yang mengalami, apabila anak saya memerlukan bantuan kewangan bagi menampung pebelanjaan pengajiannya. Pihak pusat pengajian itu memberi kami jaminan bahawa pelajar mereka akan dibantu dengan sumbangan dari bekas2 pelajar disitu serta kerajaan. Kami hanya perlu mendapatkan tandatangan dari peguam2 yang juga bekas penuntut disitu dengan khidmat dari mereka juga percuma sebagai pengesahan. Ini amat berbeza sekali di negara kita. Kadang2 kita seperti nak mintak sedekah sedangkan ramai pelajar2 kita yang memegang jawatan tinggi. Tun, bukan niat saya untuk membandingkan tetapi saya malu pada diri sendiri. Sedangkan bangsa lain tak teragak2 untuk memberi bantuan kerana setiap yang disumbangkan akan diberi balasan yang lebih dari yang diberi. Itulah yang saya dengar dari mereka2 ini, walaupun bukan beragama Islam. Janganlah kita lokek untuk membantu anak2 yang benar2 ingin berjaya. Sumbangkan dengan ikhlas bukan kerana nama. Mudah2an anak2 ini akan menjadi insan berguna serta akan menyumbangkan untuk generasi seterusnya. Walaupun bukan semua bekas pelajar kita yang bersikap begitu. MAAF DARI SAYA JIKA TULISAN INI MENYAKITI HATI ANDA. WASSALAM.

By jebqt71 on October 16, 2008 6:13 PM

Assalamualaikum Tun yg dikasihi,

Saya ingin menyuarkan keluhan dan rasa sedikit kecewa dengan situasi dan dilema kehidupan belia pada waktu ini. Sememangnya kita patut berbangga dengan pencapaian negara dalam menyediakan pusat pendidikan tinggi kepada rakyat. Banyak institusi dan universiti ditubuhkan dengan pelbagai nama dan bidang. Dan semakin tinggi lah juga harapan ibu-bapa yang bekerja siang malam agar anak2 berjaya dalam pelajaran. Tinggi juga harapan agar selepas tamat pengajian nanti, anak2 mereka akan mendapat pekerjaan yang baik, mendapat kehidupan yang lebih baik.

Namun sejak 3, 4 tahun lepas, kita dapati bahwa peluang belajar dgn peluang kerja tidak seimbang. tahap pengangguran dikalangan lepasan U, kolej amat tinggi terutama di kalangan bangsa Melayu. Anak2 muda kita terkial2 mencari kerja disana sini dengan berbekalkan segulung ijazah, diploma atau sijil yang diperolehi, dengan iringan doa ibu-bapa yang amat mengharapkan kejayaan, namun ianya gagal. Di mana silapnya?

Jabatan Buruh kata peluang pekerjaan cukup banyak. Kegagalan siswazah mendapat kerja dikatakan kerana memilih kerja, bidang yang diambil tak sesuai, tak mahir berbahasa inggeris dan mcm2 lagi. Namun pada hakikatnya, situasi ini berlaku kerana terdapat kekangan dan halangan secara halus oleh pihak2 tertentu, ditambah pula oleh lambakan pekerja asing yang dibawa masuk bekerja di negara kita ini oleh agensi2 pekerjaan yang mengaut keuntungan tanpa mempedulikan nasib rakyat dan bangsa. Amat sedih sekali, bila dikenangkan, belia bangsa kita dipermainkan oleh syarikat2 swasta, mereka ditolak

dengan pelbagai alasan. Dan jelas dasar pentadbiran kerajaan Pak Lah lah yang membuatkan perkara ini menjadi tak terkawal dan merugikan bangsa Melayu. Saya amat berharap agar selepas Pk lah tiada nanti, Pemimpin Umno dapat memperbetulkan keadaan ini seperti di zaman Tun perintah dahulu. Anak muda Melayu amat perlukan pekerjaan kerana ramai dikalangan kita tak banyak wang untuk berniaga atau bekerja sendiri. jadi, Kerajaan harus membuat sesuatu untuk membuka lebih peluang pekerjaan kepada rakyat khususnya kepada bangsa Melayu yang makin ketinggalan dan tertindas di bumi sendiri.

Orang PAS dan PKR pun hantar anak2 die org pergi UITM dan Politeknik sbb takda tempat lain anak die org nak pergi. Yuran pun murah. Result pun bukan semua bagus, ramai yg cukup2 makan je. Tapi bila

berpolitik, perjuangkan hak sama rata. BODOH SANGAT!! Jgnla sampai kutuk berapi seolah2 BN xde jasa, cuba tanya balik apa die org dah lakukan kebaikan utk negara. Asyik berpolitik, hampah ekonomi x jalan. Manifesto kat negeri pembangkang pun x leh di tunaikan. Orang ramai sampai la ni dok bayar jugak cukai pintu, parking dan lain2. Politik pun biarla kerje jalan. MALU , MALU, MALU.

Assalamualaikum Dear UTP Chansellor, Tun Dr Mahathir

Its me again , Mohd Izhar Firdaus Ismail. Thanks a lot for your great lecture in UTP this morning. It was very inspiring. I wanted to ask question at the end , but seems like lack of time of the even schedule have stopped me. Was behind the line where the female lecturer asked you a question about making schools teach all 3 major race languages.

The question I wanted to ask was:

{{{

""In the internet , there exist some neo-cultures which identify themselves and unite themselves under their technical preferences or special interests .. one of it , which i am a part of, is the free/ open source software (FOSS) movements / culture .. these online communities usually consist of a lot of people from diverse race, locality, religion, etc. Yet, we are able to work together ignoring where we are from, what race we are, etc.

I believe this is one of Tun's vision in your efforts in MSC and also in the MSC promise of no censorship in the Internet.

What is your opinion about how the internet contribute in the integration of people through full or partial anonymity and special interests rather than race and locality""

}}}

As for foss.my, seems like me and colleagues got some contact addresses, so, might send you a letter officially, depending on the final decision of the committee.

All the best for Tun and family, wassalam.

Assalamu'alaikum Tun & keluarga

Tulisan Tun mengingatkan saya kpd seseorang yg tidak tau mengenang budi - tidak lain dan tidak bukan ialah Anuar alLiwat !

Semasa masih menuntut di universiti, dialah kononnya ketua kpd pelajar2 yg banyak memprotes didalam tunjuk2 perasaan. Apakah keputusan yang dia dapat dari universiti tu, 1st class honours?

Cerita seterusnya yg kita semua ketahui, Tun telah membawanya masuk kedalam UMNO dan kerajaan. Bila dia sampai ke tahap TPM, Tun telah melucutkan jawatannya kerana peribadinya yang alLiwat dan tidak sesuai untuk jadi ketua orang2 Melayu yang beragama Islam.

Saya telah meminta pendapat bapa saya diatas kejadian tersebut dan katanya;

"Kita nampak Mahathir beri jawatan kepada orang tu dan menariknya balik ketika orang tu sungguh selesa. Yang sebenarnya Allah swt yang memberi rezeki dan Dia jugalah yang menarik balik rezeki tu."

Pengajaran yg saya dapat:

- banyak2 bersyukur diatas segala rahmat Allah swt
- kenangi jasa orang2 yang membantu kita

- jangan terlalu kufur
- apabila merenung kelangit, jangan lupa rumput di bumi

Wassalam

Assalamualaikum YABhg Tun.

Berasa terhutang/mengenang budi kepada institusi yang telah bekalkan kita dengan ilmu yang menyumbang kepada kejayaan adalah salah satu tanda kesyukuran. Salah satu cara untuk menzahirkan kesyukuran adalah memberi sumbangan kepada institusi tersebut tidak kira besar atau kecil.

Dear Tun

Antara Budi dan Tangjawab

Sering kali orang muda zaman sekarang disifatkan tidak mengenang budi, Anak-anak tidak mengenang budi ibu bapa, rakyat tidak mengenang budi pemimpin, penuntut tidak mengenang budi guru, pengganti mengenang budi mentor.

Kita juga mungkin lupa akan tangjawab, tangjawab ibu bapa adalah menjaga anak mereka, tangjawab pemimpin melakukan kerjanya selepas mendapat mandat rakyat, tangjawab guru mendidik penuntut selepas diberi gaji, tangjawab mentor menurunkan pengalaman kepada pengantinya.

Apabila kita dibayar untuk melakukan sesuatu kerja, adalah tangjawab kita untuk melakukan dengan sebaik mungkin dan sepuah hati.
tak kira bayaran itu dalam bentuk wang ringgit & sekadar ucapan terima kasih, bahkan tanpa habuan.

Kita berbudi kerana kita bertanggungjawab.

Salam Muhibah buat Tun dan keluarga.

Assalamualaikum Tok Det...

Smoga dirahmati Allah selalu dan sihat walafiat serta dipjgkan umur.. Insya Allah, Aminn...

Tok Det,
Lari topik dlu yer..

Bkn stakat student UTP jer yg kena m'hargai dan b'terima kasih, student UiTM pun spatutnya berterima kasih kpd kerajaan kerana k'jaan telah m'jadikan satu2nya 'U' yg menempatkan smua golongan bumiputera, dan kami diberi keistimewaan yg sewajarnya.. Bila sebut pasal UiTM, sy (mewakili b'puluh ribu student UiTM yg lain..sy yakin!) nak ucapkan TERIMA KASIH YG TAK TERHINGGA pada Tok Det sbb Tok Det laa yg memartabatkan UiTM m'jadi 'universiti'... TERIMA KASIH TUN MAHATHIR... Kalau tak kerana Tun, kami graduan yg keluar ni hanyalah daripada "Institut Teknologi MARA"...

Tok Det,
Berbalik pada akta AUKU tu, sy pun tak setuju kalau dibuat pindaan.. Tak perlulah pelajar2 dlm pd masa yg sama nak b'politik sambil belajar.. dan sy sokong blogger 'STILLETO', pelajar seharusnya menumpukan 100% kepada pelajaran..dh grad nti b'politik laa sepuas hati..apa masalahnya smpai nak m'campuradukkan waktu blajar dgn waktu b'politik?? alah, diorg2 nie (student) tu smuanya mengada2.. tak payah dilayan sgt kerenah diorg,makin dilayan nti makin m'jadi..

zmn sy di universiti dlu pun,dirangkumi oleh AUKU dan tak pernah ada masalah yg timbul.. so kenapa mesti dipinda..?? mmg benar remaja2 skarang harus smakin berani, tp kita kena pula consider kelantangan yg mcm mana.. jgn kerana hendakkan berani dan lantang b'suara tp akan m'kucar-kacirkan keadaan di kemudian hari..

Tok Det,

Jaga kesihatan dan lapangkan hati Tok Det. Sbb sepjg Tok Det jd PM,Tok Det dh byk buat pkara2 yg telah menyenangkan hidup kami sekarang.. Dr sudut pelajaran, infrastruktur,ekonomi,dll..smuanya dpt kami nikmati atas berkat usaha Tok Det slama 22thn yg lepas...jadi skrg Tok Det boleh tarik nafas lega dan kami ramai2 ucapkan "TERIMA KASIH TUN MAHATHIR!"

HIDUP TOK DET...!! :))

Tun, you seriously think Najib would be a good PM? He is waay to controversial.. too scandalous!.. the latest is the new helicopter deal.

Pak Lah is too nice (read: weak), Najib is no leader either.. what we need is a firm leader. Someone who are not afraid to voice his opinion, like you did against previous PMs before you.

You said earlier Najib is a yes man. Why not go for Muhyiddin?! He is clean, and he dare to voice his opinion. That is what we need in a leader.

The sad reality is that Malaysian graduates in most part are unable to compete in the global job market because of their outdated text books and methodologies. Their grasp of English is clearly bad and most will rely on some sort of subsidy to get into the work place.

By dlgepita on October 16, 2008 8:30 PM

TUN,

Benar, sebagai contoh kita ambil dua nama anak melayu (kecuali keduanya tidak mengakui) Anwar Ibrahim dan Khalid Ibrahim (tidak pernah disahkan adik beradik).

Keduanya dibesarkan, disusui, dibelai, disogokkan dengan bantuan dan pasarana yang disediakan oleh kerajaan. Hampir segalanya, menjadi orang ternama, kaya raya. Tetapi apakah mereka bekas graduan yang tahu berterima kasih? Bukankah mereka menggunakan kepandaian dan kekayaan yang mereka perolehi menjadi petualang dan pengkhianat kepada bangsanya sendiri? Sedarkah agaknya Khalid Ibrahim bahawa orang Melayu yang hanya mampu makan sesuap nasi mengumpul dan menyimpan wang dalam PNB yang membolehkan dia makan gaji besar dan mendapat peluang untuk jadi orang kaya? Sedarkah Anwar Ibrahim dari kononya ketua pelajar membela orang miskin (kerana barangkali dia pun miskin ketika itu) bahawa kekayaan yang dia miliki (apa pun caranya)kerana jawatan yang pernah dipegang. Dan jawatan itu dapat dipegang kerana universiti Malaya membekalkan kepadanya sekeping sijil (walaupun tak berapa ada kelas)?

Mereka bukan saja tidak sedar dan tidak tau berterima kasih. Tapi lihatlah sekarang ini mereka sedang dan akan terus menanggung bala, bukan saja kerana lupa, tapi melampaui batas mengkhianati bangsa, negara dan ugama (dengan mengguna kekayaan yang ada)sehingga kita lihat mereka sudah mencapai tahap sakit jiwa dengan menipu rakyat dan meminta kuasa memerintah diserahkan kepadanya tanpa alasan yang lojik.

Saya penuh yakin, bahawa mereka sebenarnya sedang dikaburi dalam pelan Grand Design YANG MAHA BERKUASA menuju kehancuran yang pasti.

Ybhg. Tun, nasihat dan bimbing melayu lain, selain dari dua diatas dan kumpulanya.

Your opinion always make sense to most of us. Obviously you are a person who think before you say.

Unfortunately, we do not have the same faith with AAB. Many of us perceived AAB is being defensive.

Why a person become defensive? Defensiveness arise from feeling of shame or feeling of being

inadequate. When a person feels defensive, he or she is aware or concious of his weaknesses or his

wrong doing. Defensive people often inteprete simple innocent questions as threatening or as an attack to

them. They always try to justify and explain themselves rather than spending time to study the problem or

situation and try to come up with a solution. Defensive people can't think rationally.

saya ingin bertanya pendapat Tun mengenai perkaitan politik dengan pembangunan negara.adakah

politik hanya sekadar satu platform atau medium untuk "get-rich-quick" berdasarkan tender-tender yang

lazimnya diberi kepada kroni2 parti seperti yang diuar-uarkan?

adakah benar masuklah politik untuk cepat kaya? seolah-olah politik ini adalah satu skim cepat kaya

pula...apa pandangan Tun?

Assalamualaikum.

Saya bersyukur semenjak Tun memegang kuasa Ilmu dititikberatkan agar melahirkan masyarakat yg

berjaya.Walaubagaimanapun masih ramai dikalangan orang2 melayu masih lalai terhadap ilmu ini.Jiran

saya begitulah tak ambil pusing pada pelajaran anak2nya.

Saya harap dapatlah sekiranya Tun mengusahakan agar pelajaran agama di sekolah2 menekankan

buku2 karangan Imam syafie da anak2 muridnya.Saya yakin Tun pun tahu betapa bercelarnya

pelajaran2 agama yg didedahkan tanpa dari mazhab imam syafie.

Saya tertarik dengan nasihat Tun agar bersyukur kpd manusia kerana PAS adalah parti yg melarang

bersyukur pada kerajaan.

Dear Tun,

First of all, I would like to thank and congratulate you for the realisation of Universiti Teknologi Petronas.

I have 2 children and very proud to have both daughters in UTP. The elder just graduated with a degree in Electrical & Electronics Engineering and received her scroll from Tun on 24th August, 2008. The younger is undergoing her internship. God willing, she will finish her studies next year and will receive her scroll for her degree in IT from you, Tun in 2010.

From the above paragraph, some bloggers would jump to the conclusion that I had big fat cables in securing my daughters places in UTP. They can be rest assured that the girls got their places on their own merit. I would not want them to suspect their own capabilities.

There is good competition in UTP. Getting a place is already tough. The prospects had to undergo strenuous interviewing sessions and role playing. Only the best are chosen. If there are those who cheat the system, they will find the goings get tougher during their studies. Then there is the 8 months internship programme which every undergraduate goes through.

The Library is a sight to behold, it is just magnificent. The 4-storied glass wall enables the user/visitor see the shelved books till the top floor. It makes a person want to read all there is in the library. The canopied lab and lecture theatre complex makes life much easier for the students in any weather. The Dewan Chancellor (Dewan Besar) is state of the art. The new cafeterias are on par with the ones in up-market KL. The dwelling apartments are comfortable and also up-market. I believe these facilities will push the graduates to want for the best in their life. It is a known fact that people will be comfortable with what they are accustomed to, which then becomes their lifestyle.

I was there when you advised the students to 'mengenang budi', to give back to their alma matter. I believed those who were there, came out a better person, as we were reinjected and reminded with the 'mengenang budi' value.

Thank you Tun. Thanks for your foresights in wanting the best for Malaysia. UTP is one of the many testaments of that vision.

Salam Tun ,

Memang betul ramai tak kenang budi ,bila masa susah merayu rayu minta bantuan. Bila dah senang jadi kacang lupakan kulit .

Tidak terlepas juga manusia yg kaya hasil dari biasiswa kerajaan bila dah senang kritik UMNO/BN macam macam ,masuk party lawan dan kondem habis habisan orang yg pernah bantu dia dulu.

Kalau bela anjing ,anjing ini kenang budi tuannya. Manusia ini ada otak tapi selalu lupa diri ,berlagak, sombong, angkuh, riak, takbur bila dah senang.

Ada orang tidak tinggal sembahyang ,puasa dan kebajikan lain .Bila yg hutang PTPTN tak mau bayar ,Ini pun jenis manusia taada otak. Orang Islam bila hutang kena bayar kalau tidak dia Neraka tempatnya Tapi ada juga yg berakal kenang budi.

Saya tidak pernah dapat biasiswa ,tapi bersyukur pada Allah limpah kurnia tidak hanya kepada yg pandai sahaja.

Saya tak kata tapi Ada orang berkata U Petronas untuk golongan Elite Melayu betulkah?.

Kemasukan U perlu diutamakan pencapaian yg berkualiti bukan siapa berpengaruh/ada kebel besar.

Mana mana orang kaya janganlah berebutkan peluang rakyat Malaysia yg betul betul layak. Kalau rampas

hak orang lain hidup mereka pun tak berkat sentiasa dalam kucar kacir.
By hairi nawi on October 16, 2008 11:20 PM

asalamualaikum Tun dan komentar sekalian,

memang begitulah sifat manusia, bila dgn Allah pun dia tak nak berterima kasih dgn menunaikan solat 5 waktu siang malam setelah Allah masih beri peluang dia bernafas utk meneruskan hidup dan merasai nikmat dunia, inikan pula nak berterima kasih dgn sesama manusia yg telah menolongnya sampai berjaya shgga boleh mdpt pekerjaan yg baik. itupun dgn izin Allah juga utk mbuka hati org lain spy sudi tolong dia dan dgn izin Allah juga hati dia dibuka utk mudah terima pengajaran dan diberi pelbagai peluang dan ruang utk boleh terus belajar shgga lulus cemerlang, masih juga tak berterima kasih dgn Allah dan org lain yg tolong dia.

kalau pdidkn asas beragama pun tak sempurna dan tak diusahakan mcmana yg lain2 tu nak sempurna. sbb itu penting bagi manusia utk berusaha memperbaiki dirinya dan memperkukuhkan pegangan agamanya spy sentiasa berterima kasih kpd Allah dan kpd sesiapa shja yg mberikn kebaikan kpd kita. sebenarnya masalah yg byk berlaku skrg ini adalah berpunca dr pdidikan dr rumah yg kurang sempurna kmudian masalah itu mjd rumit apabila mdpt pdidikan di sekolah yg tidak memberi penekanan pd penguatkuasaan disiplin. akibatnya pelajar smakin kurang ajar, sudahlah kurangnya diajar dirumah oleh ibubapa, ibubapa pulak dan membela anak2nya yg kurang ajar itu tak tau berterima kasih dgn pengorbanan serta usaha guru utk mdidik dan mjdknnya insan yg berdisiplin dan berguna.

masalah ini akn berlanjutan shgga ke universiti kemudian keluar universiti dan menjd rakyat dlm komuniti masyarakat bilamana mereka itu akn mjd generasi yg mbw masalah dan akn byk menimbulkan byk pelanggaran undang2 dan melawan pihak lain. sementara ada juga yg tidak lagi mampu berfikir scara rasional apabila terlalu berfikiran kritikal hasil dr pdidikan tggg yg diperolehinya. berfikiran kritikal memang bagus utk kemajuan dan menambahbaik mutu kehidupan tetapi jika ia tak digunakan scara rasional maka ia bukan lagi membawa kebaikan sebaliknya akn mencelarukan keadaan dan mjd smakin tunggang langgang. sedangkan perkara asas sudah cukup sempurna utk tidak membebankan diri tetapi masih berkesan mjdkan kehidupan ini lebih baik.

kembalilah kpd yg asas barulah kita dpt menyelesaikan byk masalah kehidupan. sekali lagi sejarah telah membuktikan bhwa masalah akhlak dan moral yg merosakkan masyarakat jahiliah sbml kdtgn Islam dan memecahbelahkan masyarakat kpd berpuak2. dgn kdtgn Islam perkara pertama yg diperbaiki ialah jiwa dan hati manusia. kemudian dgn jiwa yg teguh dan hati yg bersih itulah byk pengajaran Islam dipelajari, diterima pakai dan diamalkan dlm khidupn shgga akhirnya kumpulan2 org2 Islam ini mbtk satu masyarakat Islam yg kuat dan bersemangat utk saling bantu membantu dan sokong menyokong antara satu sama lain. Sistem masyarakat itu dibentuk oleh satu sistem Islam yg mdrong kpd perpaduan, kesyukuran, disiplin dan saling berkerjasama. Sistem Islam yg mbentuk rohani, ekonomi, sosial dan politik yg saling berkaitan antara satu sama lain. jika salah satunya pincang maka yg lain akan turut pincang. dlm hal yg dibincangkni ini kepincangn berlaku dlm soal akhlak maka kepincangan dlm sosial pun berlaku.

Salam TUN,

Your write up on UTP and graduates at large, brings me back to a conversation that I had with a Petronas scholar currently studying in the UK.

He is a Chinese Malaysian, blessed with the priviledge of securing a Petronas scholarship worth about MYR500K per year. It's no doubt that he is very smart but what saddens me is that he is now busy trying to figure out how to avoid coming back to Malaysia and working for Petronas eventually!

The non-Malays always accuse the Govt. or any other bodies of depriving them of such opportunity and not awarding scholarship based on merit. This example should prove them wrong.

I spoke to him at great length as to why he should work for Petronas e.g it being a Fortune 500 Company, only the 'cream of the cream ie the smartest' is selected for a Petronas scholarship, the good experiences of doing business with Petronas and the impressive interaction with the people who works for Petronas etc etc.

Despite all the good things that I have to say about Petronas, the young man is still adamant about working elsewhere much to the frustration of the mother. The father on the other hand got him a get rich quick book and got the son hooked on the idea of making big money fast!! So much for parental guidance.

In this case I do feel this person is not grateful for what he has received and he has deprived someone else of the opportunity to enjoy this privilege.

I totally agree with TUN, that we need to be grateful to our alma mater or the hand that feeds us!

I am a UiTM graduate and have done very well for myself and holding a high and responsible position in a multi-national Company. It gives me great pleasure whenever I am called by my alma mater to spend an hour of my time sharing real business experience with their Business students. It is my way of giving back to my alma mater.

I have also come across young Malays who feels that UiTM is not 'cool' enough for them that they would reject a place in UiTM for other less known and more expensive Universities. This is extremely disappointing as I take pride and have benefited a great deal from my education in UiTM. Perhaps UiTM also need to understand better the reason for such reaction!

In summary, I think everyone should take heed of your advice with regard to 'sikap berterima kasih dan mengenang budi' that seem to be a behavior and values of the past. This is sad 'cos we see our current leaders behaving in a manner that is not respectful and grateful for the contribution of our past leaders, especially TUN.

Wassallam. Wishing you and your family good health!

By hairi nawi on October 16, 2008 11:52 PM

berkenaan dgn berterima kasih dgn kerajaan yg telah byk membangunkan negara dan membantu rakyat, tidak dinafikan sbgai seorg rakyat kita seharusnya berterima kasih kepada kerajaan yg memerintah. tetapi sekiranya ada pemimpin no.1 dlm kerajaan itu yg mengkhianati kesetiaan dan kepercayaan rakyat dgn melakukan byk penyelewengan dan tindakan yg meragukan apakah rakyat perlu mempertahankan nilai berterima kasihnya kpd kerajaan.

dlm persimpangan delima ini, maka dahulukan keutamaan utk mempertahankan nilai berterima kasih kita kpd Allah yg memberi petunjuk dan peringatan kpd kita bhwa manusia yg memegang tampuk pemerintahan itu bersifat lemah dan gagal menunaikan tggungjwbnya utk memimpin rakyat dgn baik dan mentadbir negara ini dgn betul shgga mporak perandakan negara dan mjdkn khidupan rakyat smakin sukar. maka itu, antara mengikut perintah Allah atau perintah pemimpin no.1 yg menyeleweng tentunya keutamaan kepada mengikut perintah Allah, krn rakyat kini diuji dgn pemimpin yg lemah dan menyeleweng. justeru itu, singkirkan pemimpin itu dgn cara yg betul melalui demokrasi, jika kaedah demokrasi pun masih gagal, gunakanlah tekanan dan desakan melalui pelbagai medium komunikasi agar pemimpin itu boleh dengar suara rakyat atau pemimpin2 dibwhnya yg masih mempunyai nilai tanggungjwb kpd rakyat boleh mengetahui suara rakyat dan mengajukan suara rakyat itu kpd pemimpin no.1 yg tidak lagi diterima rakyat.

berterima kasih kpd manusia ada batasnya iaitu apabila manusia itu mula menunjukkan sifatnya yg keji dan jahat maka kembalikan terima kasih itu kpd Allah krn hanya Allah saja yg selama2nya akn membalas dgn kebaikan perbuatan terima kasih kita kpd Nya.

If i have my history facts correctly, parameswara kill temasik even though he had help him in his desperate hours running from majapahit. Not all people know how to show gratitude after they have been help especially if they are unaware of how hard it could be to succeed on their own. They might not know what Tun has done for them. I believe that one day, Tun will be remembered as the greatest Malay leader ever to live. You have done a lot for them but yet they forsake you. Time has proven that your wisdom prevails. And now many hope that Dato Mukhriz can be as good if not better to deliver all of us from the current problems.

People will only rebel when life is too good (they become too free and asking for too much) and when life is too bad (when they are struggling for survival) I support Tun, your vision, your wisdom and I will vote for whatever party that you are attached to even if it is PAS and all who Tun endorsed.

Salam Tun & fellow bloggers,

Reported in NST dated Oct 16, 2008, pg 4 "Govt to probe helicopter deal"

..Prime Minister Datuk Seri Abdullah Ahmad Badawi said he would seek an explanation from the Defense Ministry on allegations that the RM2.3 billion deal with Eurocopter was fraught with discrepancies..

..The allegations surfaced in a letter by a chairman of a company representing a Russian helicopter firm..claimed that Eurocopter's tender was the highest bid submitted..

..the same number of helicopters from other companies and saved almost RM1.5 billion..

..it was rushed and was approved two days before Deputy Prime Minister Datuk Seri Najib Tun Razak was moved to the Finance Ministry..

..Najib has denied there were improprieties..

Now, let's see:

1. Whoever said that this sleepy head flip-flopper is no brainer, think again!
2. The ministry swap under the pretext of power transition is double-sided knife calculated move. You push me, I'll pull you down with me
3. Najib, you can't hide a dead elephant. It's too huge bro, to cover
4. The plot has thickened. Mac, 2009 plan could be a honeymoon turn tragedy, with a runaway bride
5. Muhyiddin please take note. You could be the first ethnic Javanese PM very-very-very soon. Way to go bro!

Assalamualaikum Tun, saya adalah salah seorang rakyat Malaysia yang mengagumi Tun dengan ikhlas dan sepenuh hati. Saya amat bertuah dan bersyukur kerana lahir di zaman pemerintahan Tun.

Ini kali pertama saya post comment untuk chedet.com ini. Bergetar tangan ini untuk menaip kerana Tun akan membaca setiap posting bloggers.

Izinkan saya mengucapkan terima kasih kepada Tun yang selama ini berkorban untuk perjuangan agama, bangsa dan negara. Doakan kami Tun, agar generasi kami terus maju dan merealisasikan wawasan 2020.

Saya terfikir juga adakah pemimpin tulen seperti Tun akan lahir lagi? Saya ada juga melihat pemimpin2 lain. Tiada seorang pun yang seperti Tun. Maaf, bukan saya ingin melemahkan semangat rakyat Malaysia tetapi orang-orang yang berbakat seperti Tun cuma muncul sekali sekala, seperti P.Ramlee masih tiada pengantinya.

Akhir kata, Tun, teruslah berjuang dan saya akan terus mengikuti perkembangan Tun dari semasa ke semasa. Saya akan sentiasa mendoakan kesihatan Tun sekeluarga. Harap saya dapat berjumpa Tun suatu hari nanti. Wassalam ayahanda.

Dear Tun dan Salam Aidifitri sekeluarga.

KENANG BUDI atau HUTANG BUDI

Banyak disebut tentang pelajar lupa jasa orang. Mungkin mrk ni ikut maksud zahir 'kenang' kot, ingat di mulut dan hati saja cukup. Tak payah buat lebih, ia bukan 'hutang' budi yang mesti dibayar. Ibubapa mesti mula ajar anak, pendidikan mrk adalah 'hutang' budi pada masyarakat, mesti balas. Jangan 'kenang' buat ingatan saja. Ini bezanya pendekatan masyarakat lain. Pendidikan dipandang 'hutang' jasa yang mesti dibalas dgn tanggung jawab dan jasa balas.

CARI MATA AIR

Banyak yang salahkan pelajar tapi puncanya ialah ibubapa. Ibubapa yg main peranan tegas tak kan biar ini berlaku.. malu dan jijik! Tapi mrk nak manjakan anak, anggap ini tanggungan kerajaan, hak istimewa, tak akan ada apa tindakan. Mrk nak percuma. Orang lain malu entah mana nak letak muka, anak kebanggaan lulus universiti tak nak bayar hutang.

SUSULAN?

Tak ada orang berani beri cara atasi sikap buruk ini selain dari keluhan, keresahan, kesedihan dan malu. Kata orang tua tua kalau tak tau jalan tanya orang. Malu bertanya sesat jalan. Lihatlah kaum lain, negara lain cara pemberian, pengendalian, pendekatan memberi peluang pendidikan.

Selagi pendidikan tertambat dgn 'keistimewaan' ia tak akan dipandang peluang keemasan perlu usaha habis habisan tapi 'hak' yang mesti dijuang mati matian. Selagi ia di politikkan ia bukan budaya, darah daging bangsa tapi pencucuk hidung bangsa, sentiasa terikat, terikut tuannya.

Carilah jalan lain menimba ilmu, jalan yang ada dah tau padahnya lepas 40 tahun.

Dear Esteemed Tun,

Appreciate your views on the current global financial turmoil. Recall your call upon world leaders for regulation in financial system after 1997 asian financial crisis but was rejected outright by the developed nations who didnt believe in government intervention. Now, they didnt walk the talk. Their very own government intervened in the crisis and nationalised their banks. They should be reminded what you had told them before = I TOLD U SO !

Salam Tun Dr M,

Saya terjumpa dan terbaca buku bertajuk Human Rights - views of Dr Mahathir Mohamad (compiled by World Youth Foundation July 1999).

Untuk yang ajak Tun Dr M berdebat tu, saya rasa eloklah selak-selak buku ni..pasal apa tau ? Tun Dr M akan buat homework sebelum deliver sesuatu speech. Bukan setakat cakap-cakap kosong. Seperti selalu, memang pedas dan sinis dan bersandar kan 'fact' yang dah tentu lah Tun baca dan buat research. Patutlah hari tu Mukhriz ada cakap dalam paper(the Sun), Tun Dr M baca berbelas-belas kali speech yang beliau prepare untuk Perhimpunan Agung UMNO (masa jadi Presiden dulu le). Tak macam Presiden baru tu yang buat speech langsung takde makna. Ngantuk dibuatnya.

Morale dari cerita saya yang agak melalut sebab ngantuk ni.. saya akan tercegat depan TV kalau Tun buat speech..pasal ia bernas dan ber 'isi'. Sukanye pemimpin2 di Barat sana bila Tun resigned...pasal dah takde org yang nak kritik mereka straight to their face!!!

P/S Kengkawan cuba cari buku di atas dan baca speech by Tun Dr M at the Plenary of the 48th session of the United Nations General Assembly, United Nations, New York on 1st Oct 1993.(it's one of those)

Am speechless..

Adios Tun Dr M.

assalamualaikum Tun...:p

Semasa pilihanraya kampus di UKM, pro pembangkang (IPU/MAMPU) mengajak pelajar berarak beramai-ramai pada waktu malam dengan menunggang motosikal dan menyerbu ke setiap kampus untuk berkempen walaupun tidak dibenarkan oleh pihak universiti. Dipercayai, penunggang motosikal yang mengikut perarakan itu hanya bertujuan untuk berhibur semata-mata (konvoi). Pelajar yang mengikuti perarakan itu membuat bising di sepanjang perjalanan untuk berkempen. Saya mendapat

maklumat dari salah seorang orang kuat IPU/MAMPU bahawa pelajar yang mengikuti perarakan itu sebenarnya adalah sebahagian "mat rempit" kampus yang secara tidak sengaja diajak untuk turut serta dalam perarakan itu. Hal ini bermakna, separuh dari pelajar yang berarak (menerima pendidikan di universiti..tetapi masih bodoh untuk membuat pertimbangan)tidak mengetahui pokok pangkal tujuan perarakan. Untuk pengetahuan Tun, sahabat saya yang menjadi antara orang kuat pro pembangkang d kampus juga adalah seorang yang buta iT dan sememangnya tidak tahu langsung untuk melayari internet(contoh bakal pemimpin yang disanjung pro pembangkang). Tidak hairanlah golongan ini selalu bersuara mengenai pindaan AUKU kerana mereka sememangnya telah diasuh oleh "pihak" tertentu yang kononnya membangun bersama Islam.

-sekadar untuk pengetahuan Tun...:p

Assalamualaikum Tun,

Petronas has gone through many leaps and bounds and with Tun's leadership acumen,Petronas has grown into a big worldclass giant oil company. The roadmap or architecture grandeur that you have created is for the benefit of all but due to mankind's alternating opinions some have labeled you a man of imperious will but actually you are a man of matchless modesty and refinement. All in all in my opinion Tun your character as a role model for leadership has yet to be surpassed even our neighbouring countries in Asia vouch for it as you have inspired people from all walks of life to be full of courage and fight for what they believe in, Tun you have taught us how to be independent from westerners and at times make them a nimble-witted opponent which inspires all of us.One day I will tell my son about you Tun and how Tun modernised Malaysia he is now only 5 months old. We all owe you an answering glow of gratitude for your contribution Tun. Mari kita doakan untuk Tun Dunia dan Akhirat. May Allah bless you and your family Tun.Amin.

saya kurang bersetuju dengan pandangan Tun..nanti pada suatu hari bila seluruh negeri,kampung-kampung di dalam Malaysia ini telah maju,rakyat jelata semunya telah maju,baru kita patut membuat sumbangan kepada universiti sebagai tanda kita bersyukur..buat masa ini dimana sebilangan besar kita masih cuba memperbaiki kehidupan,membela nasib keluarga,biarlah tanggungjawab memberi peruntukan kepada institusi-institusi pengajaran tinggi negara ini kepada kerajaan..kerajaan sepatutnya menyediakan perkhidmatan pelajaran ini secara percuma..

p/s. buat pengetahuan pembaca.KL telah maju 20 tahun.tempat saya tinggal,salah sebuah perkampungan di Sarawak tidak mungkin akan maju dalam masa 50 tahun lagi.

A'kum Tun,

Back in 2003, I had some experience with UTP undergraduate that did an internship with my company. While he seemed lagging in communication skills, he could complete a technical project in a short period of time.

UTP students are very lucky considering huge investment by Petronas just for 500 people. After graduate, opportunities are wide open for them as they have been exposed to cutting edge, R & D in technology while in campus. To the UTP's graduate, make your alma mater proud. Malaysia's is behind in R & D and need to catch up.

1. Gembira bila Tun jelaskan serba sedikit data sumbangan Petronas kepada kewujudan UTP Tronoh. Dan Tun jelaskan bagaimana bekas pelajar ada rasa terutang budi dan berterima kasih kepada universiti yg menjadi tapak mendapatkan ilmu, menerima ilmu, segulung ijazah dan menjalin 'contact'.

2. Saya bekas student ITM (UiTM) 1985-90 sememangnya sentiasa peka perkembangan UiTM dan terharu bila melihatnya dari sudut sebagai bekas pelajar. Sumbangan yang teramat besar daripada kerajaan dan organisasi yg terlibat.

Salam Tun, Puan Sri serta Saudara dan Sahabat Handai Melayu ku di Seberang

Its very true We must remeber our alma mater not only that MUST remeber where we came from.

In Temasek my former school "Sekolah Kota Raja" is non existent and goes down history as part of their Ethnic Cleansing exercise. Not aonly that schools with Malay name are long gone and not even recorded in histiry. Just plainly dump in the dump. And the so call Malay leaders here are just interested and satisfied with what is given to them infact they are the ones who are the spokes people and promoters of their masters. Schools like Sang Nila Utama Secondary School, Tun Sri lang, Maju, Kampong Jaguh School , Kaki Bukit School have long gone and forgotten.

My fellow Malay brothers and sisters and auties and uncles in Malaysia , we MUST be very aware and very much in the know of what is going on in our backyard.

Please dont be like us Melayu in Singapura, we are so much brainwashed that we are merely and proud of being willing hostage.

Yes Tun, your advise is very true and at the right time. We should not take things for granted. We must fight tooth and nails for our "Hak Melayu" using the all powerful tools called KNOWLEDGE and EDUCATION. We must Grab them before the others do. And REMEMBER, REMEMBER, REMEMBER pleaseeee the hands that feed US.

HIDUP NYA ISLAM HIDUP LAH SULTAN MAKA HIDUP PULA KITA BANGSA MELAYU.
MAKA ITU "JAWI" JUGA PERLU.

Tun,

I am amongst the student of the first batch who received our scroll from you. That 4 and half years of efforts felt so sweet when we received the news that you'll be presenting us the scroll.

And yes, i am very proud to be UTPians and no doubt we received the best there is to be offered by any local university in Malaysia.

And i am very proud to say most of us had secured a decent job in many multinational company and me myself is serving our very own MISC and paying back all the good deeds PETRONAS had offered during my study stint.

The best thing was when PETRONAS unable to provide us (the graduates) any placement in PETRONAS group of companies after we graduated, PETRONAS had sponsored us another 3 months FOC course to equip us with the knowledge to jump into the finance and auditing field and had collaborated with the big 4 audit firms (KPMG, Deloitte, PWC & E&Y) to take us in once we completed the course.

I can never thank PETRONAS enough and i never blame PETRONAS for not taking me to work with them because i believed PETRONAS had did more than what they should as far as their social responsibility is concern.

I am shocked to hear that 5 out of the 13 rulers of the states of our beloved country did not attend the 215th Rulers Conference concluded recently. They are Pahang, Johor, Terengganu, Perlis and Negeri Sembilan. How can you call it a rulers conference when 5 out of 13 do not even have the respect to attend? This is very poor and I think it reflects the state this country is in at the moment. How can we have respect for rulers if they do not try to attend rulers conference to decide and meet among themselves? They do not have respect for other rulers also. This is of course excepting rulers who are too sick or have valid medical health reasons not to attend.

Assalamualaikum

Tun,

Di sini ingin saya memohon jasa baik Tun untuk melihat masalah yang sedang berlaku di dalam pengurusan UTP.

Untuk makluman Tun, ibu saya telah mengendalikan salah satu kafeteria dlm UTP selama 4 tahun. Tahun ini merupakan tahun ke-empat beliau berniaga setelah tender cafeteria beliau disambung bagi 3 thn lg.

Saya bercakap bagi pihak ibu saya yang tak henti-henti mengadu setiap kali pihak UTP memperlekehkan ibu saya dan juga rakan2 seangkatannya.

Alhamdulillah sambutan yang diberikan oleh pelanggan amatlah baik. Pihak UTP juga selalu mengadakan katering2 dengan mengambil ibu saya dan rakan2 peniaga yang lain mengendalikannya.

Apa yang ingin saya suarakan ialah, kelewatan pihak UTP dalam membuat bayaran.

Keluarga kami bukanlah dari golongan yang berada. Kami kesuntukan modal. Ibu saya memerlukan modal pada setiap hari beliau ingin memulakan perniagaan. Jadi, bagaimana ibu saya ingin membeli barangan jika bayaran selalunya lambat. Kalau sebulan tu mungkin biasa, tapi kalau sampai 3 hingga 6 bulan? Tahun ni dah tahun ke 4 ibu saya menghadapi masalah yang sama.

Bayangkan setiap kali hari raya ibu saya tidak mendapat bayaran daripada pihak UTP. Adik ada yang masih bersekolah. Yang lain membantu ibu di UTP juga kadang2 tidak mendapat gaji pada waktu yang sepatutnya.

Sebak melihat rakan2 bergembira di hari raya dengan baju baru, tetapi kami tidak mampu hendak membeli apa2. Sudahlah kereta hampir di tarik, hampir dihalau dari rumah sewa. yuran pengajian tidak terbayar.

Apa yang mengejutkan pula, pihak UTP memotong terus sewa bulanan kedai dan juga bila air + bil elektrik daripada jumlah wang yang lambat dibayar itu. Laju pulak pihak UTP ambil. Jadi apa baki yang ibu saya dapat? Nak bayar pinjaman kereta tertunggak, sewa rumah tertunggak, yuran pengajian tertunggak, hutang adik beradik (ada yang dah tak mengaku saudara).

Sebagai seorang anak yang sentiasa ingin melihat ibu bapanya tenang dan senang, saya membuat keputusan untuk menulis nota ini kpd Tun. Saya terkilau dan amat kecewa dengan pengurusan bahagian kewangan UTP. Setiap kali ibu saya menghantar invois bayaran katering, beliau hanya akan memperolehi wang katering tersebut dalam masa 3 -6 bulan!

Saya memohon maaf kepada para pembaca yang lain jika mereka merasa jelik membaca keluhan saya. Tapi, saya tiada cara lain untuk berhubung dengan Tun. Sudah puas kami mengadu kepada pihak yang bertanggungjawab, tapi apakan daya, kami hanyalah orang biasa yang sentiasa ditindas.

Telah 4 tahun kami pendamkan rasa, tapi sampai bila kami dapat bersabar. Ini saja sumber mata pencarian ibu selain dari anak2 yang menghulurkan bantuan.

Akhir kata, Saya minta jasa dan budi baik Tun untuk melihat perkara ini sedalam-dalamnya.

Maafkan saya tersilap bahasa, hanya menanti tika dan masa,
Kami bukan orang perkasa, hanya hamba Allah yang Esa.

Wassalam

Salam Yun yang dikasihi,

Bersyukurlah kita semua kerana terlalu banyak limpahan rahmat & nikmat dari ALLAH SWT kepada rakyat Malaysia.

Renungkanlah;

1. Pra sekolah rendah, sekolah tadika/tabika kemas - dengan bantuan kerajaan.
2. Sekolah rendah kebangsaan, sekolah jenis kebangsaan (bantuan penuh kerajaan, buku teks - free, makmal komputer dsb.)
3. Sekolah menengah (kebangsaan / jenis kebangsaan/ agama), sekolah berasrama penuh - juga bantuan penuh kerajaan.
4. IPTA - pengajian tinggi, biasiswa ada, pinjaman pun ada, yuran pengajian pun rendah..
5. Selepas bergraduat, tak de keje, masih mengganggu; masuk la skim keusahawaan , skim prosper ke, nak mulakan perniagaan ke dan berbagai skim lagi ada (bukan skim cepat kaya aa)..dgn bantuan, bimbingan & modal dari kerajaan juga..
6. Tak dapat / tak layak masuk IPTA; latihan kemahiran/ vocational pun banyak disediakan oleh MARA, IKBN dsb..ada yg tak payah bayar malah siap bagi elaun lagi..
7. Dah berkeluarga, isteri nak bersalin, anak sakit - hospital kerajaan kan ada- kebanyakan sudah dilengkapi peralatan moden & canggih, kualiti perkhidmatan pun dah upgrade, bayaran pun minimum..Nak dapat rawatan biasa bayar je RM1.00... Kalau gi hospital swasta, consultation doktor je dah charge RM50 atau lebih..belum lagi dikira dgn ubat, ujikaji makmal, rawatan pakar dsb. Banyak duit tak kisah la kan.
8. Tak mampu buat rumah, tapi ada tanah, ada skim perumahan mesra rakyat plak. hish banyak lagi la.....

Pendekata banyak kemudahan yang kita nikmati sebagai warganegara Malaysia (bukan warganegara tu minta maaf la ye.. tak masuk list).

Tapi kenapa ada diantara kita mudah lupa?

Sebab kita kurang punya rasa untuk mensyukuri apa yang kita ada hari ini dan rasa terhutang budi & seharusnya berterima kasih.

Maka jadilah;

1. Liat nak bayar hutang pinjaman pelajaran, perniagaan dsb.Sanggup aniaya kaum keluarga / rakan taulan yang telah bersusah payah menjadi penjamin.
2. Mengutuk kerajaan walaupun semua kemudahan itu telah ambil dan gunakan. Diantaranya terdapat pemegang biasiswa kerajaan yang turut menghentam kerajaan apabila mereka sudah berada di puncak kejayaan (ni kes kacang lupa kulit).
3. Tidak menghormati serta lupa kepada jasa2 pemimpin yang terdahulu yang begitu banyak meyumbangkan idea & melaksanakan program pembangunan Malaysia.
4. Terlalu meminta2, malas berusaha dan menyalahgunakan segala kemudahan yang disediakan termasuk merosakan harta benda awam (vandalisma).

5. Aysik mengkritik & bertekak je tahu tanpa sebarang cadangan membina (tengok la parlimen hari ini). Sentiasa merasakan mereka terhebat walaupun tidak menyumbang apa2 kepada rakyat & negara.

rosea - bersyukur kerana menjadi rakyat Malaysia dan pernah mempunyai perdana menteri terulung seperti Tun.

:-)

Tun,

Say berbangga dengan kepimpinan Tun yang berjaya menubuhkan banyak IPT ketika Tun menjadi PM dulu dan kebanyakan IPT itu menunjukkan kemajuan yang drastik samada dari produk graduan nya dan juga corak pemikiran ahli akademik dan juga graduannya walaupun ada AUKU.

Tetapi sekarang saya agak gusar apabila arah haluan yang bercelaru dan tidak terkawal samada kepada pelajar ataupun kepimpinan universiti atau pun pensyarah sendiri. Jangkaan saya apabila adanya

Kementerian tersendiri iaitu Kementerian Pengajian Tinggi (yang tiga menteri bertukar tidak sampai 4 tahun)IPT tentunya lebih terurus dengan cemerlang. Sangkaan saya meleset, bilamana IPT menjadi kuda tunggangan untuk menyokong pandangan BN dalam urusan politik. Pelajar menjadi mangsa tekanan haluan politik sehingga mereka terpaksa mendesar agar AUKU dipinda. Dizaman Tun, AUKU yang sama yang telah diguna tidak pun diminta dipinda. Bukanlah AUKU menjadi penghalang, tapi pihak yang mengurus IPT sebenarnya yang tak kompeten memahami AUKU.

Satu lagi perkara yang agak serius yang saya minta pandangan Tun adalah tentang keengganan atau susahnya Naib-naib Canselor untuk melakukan peralihan kuasa yakni menerima tamatnya tempoh kontrak mereka. Terdapat ramai NC yang berkhidmat dalam tempoh yang panjang sehingga menjadi jawatan peribadi. Seolah jawatan Naib Canselor merupakan hak peribadi dan tidak ada orang yang lebih layak dari mereka. Setiap kali hampir tamat tempoh , pelbagai cara digunakan untuk memujuk supaya mereka terus disambung atas alasan tiada pengganti yang sesuai. Menteri seolah tiada kuasa membuat pilihan walaupun AUKU memberi kuasa kepada Menteri. Amat pelik bilamana temuduga sekadar menjadi dummy saja sedangkan yang tidak ada dalam senarai temuduga yang berjaya menjadi NC. Tangan siapakah yang tersembunyi disebalik keputusan ini. Juga terdapat pesara kerajaan yang dilantik menjadi NC sedangkan begitu ramai ahli akademik yang masih ada dalam perkhidmatan. Adakah jawatan NC sekadar untuk mengisi masa lapang pesara atau IPT menjadi tempat orang Pencen berkumpul. Ini menimbulkan keresahan dikalangan warga IPT yang dahagakan perubahan. Tidak hairanlah golongan terpelajar dan juga pelajar jadi kecewa dan kurang memberi sokongan kepada BN semasa PRU12 Mac baru-baru ini.

Saya harap kepimpinan Perdana Menteri baru dapat meletakkan balik IPT ke matlamat asal penubuhannya. IPT bukan lah tempat untuk mendapat CROWD untuk majlis anjuran kerajaan. Setiap kali IPT dilibatkan untuk mencari crowd, maka setiap kali itulah kelas dibatalkan. Pelajar Bumiputra lebih banyak mengumpul sijil kehadiran dan ijazah kelas dua bawah dan ketiga berbanding ijazah kelas pertama.

Sekian.

Salam Tun,

Saya sangat setuju dengan Tun,tapi berapa banyak yang mengenang budi sangat,contohnya kepada Tun yang telah banyak menabur budi kepada seluruh rakyat Malaysia semasa Tun jadi PM.Tak kira lah secara langsung atau tidak langsung,masa Tun PM dulu walaupun kadang kala kita susah sedikit tapi kita dapat selesaikan cepat...macam masalah kegawatan dulu,yang nak menjahanamkan "kita" tu...Tun pancung awal-awal dan singkirkan mereka cepat-cepat,orang macam ni memang tak kenang budi...cakap tak serupa bikin dan berhujah berapi-api aje.Ni sekarang ni gila kuasa balik...jadi ini lah yang tak kenang budi namanya.

Saya harap Tun terus bagi nasihat yang bernas...dia ni mudah lupa...macam sajak Tun dulu tu"melayu mudah lupa",sebagai umat islam kita kena ingat mengingati sesama sendiri...tak kira lah benda tu manis atau pahit.Yang dok gila sangat kuasa sekarang ni biak pi lah kat dia,tak kemana pun dia...Tun bagilah dia syok sendiri sekejap,nanti dia akan jatuh dengan labu-labunya.

I tickles me to read your writings about values and honor and things like that now. Hypocrisy at its "best", I must say. Did you bring development to our country? Yes, you most certainly did. But at what cost...a cost that is too much to bear. Malaysia in its current state is no victory for Malaysians, its just your own personal Pyrrhic victory but the costs are not your's to bear but for us, the young people of this country. Hello Jalapeno

I need to share a real story with you. My niece several years ago was the best STPM student in M'sia and she appeared in just every newspaper in M'sia. Academically she's definitely qualified, but did she get a government scholarship?? NO she did NOT!! Why? Because she chose to speak her mind during the interview and chose not to say what the interviewers want to hear just for the sake of a scholarship!! BTW she is a BUMIPUTRA!

Now this is the sort of young Malaysian that we need! She cannot be bought. I admire and respect her as

at such a young age, she care about what goes on around her and have chosen to challenge the status quo.

In case you're curios, her education is eventually paid by the parents. Later, in view of her excellent performance, a University in Australia offered her a full scholarship. I'm still wondering if she will chose to come home to M'sia, but my guess is that she will chose to be a citizen of the World! Malaysia may not be ready for her.

You see, don't be judgemental and assume that all Malays are just sitting around waiting for government hand-outs! Just like our Chinese and Indian friends we are resourceful too! We can also be a victim of many circumstances...just like my other Chinese and Indian friends.

Kind wishes to all my Chinese and Indian friends. We are MALAYSIANS first!

Assalamualaikum YABhg Tun.

Pohon keizinan YABhg Tun untuk saya memperbetulkan kesilapan komen saya terdahulu.

Sepatutnya berbunyi sepertimana berikut:-

"Apabila seseorang meninggal dunia maka terputus segala amalannya didunia kecuali sedekah jariah, doa daripada anak yang soleh dan ilmu yang berguna serta diguna pakai oleh jenerasi seterusnya dimana pahala amalannya diperolehi berterusan oleh simati".

"Apabila seseorang meninggal dunia maka harta, anak isteri dan amalan mengiringinya ke kubur. Anak isteri dan harta balik, yang tinggal menemaninya cuma amal soleh.

Sekali lagi pohon keizinan untuk saya menjawab komen blogger : By camverra on October 17, 2008 1:44 PM. Semoga anda sedar siapa yang memberi peluang supaya anda dapat menikmati kesenangan hidup didunia yang sementara ini. Jangan jadi seperti "kacang lupakan kulit" dan berkelakuan seperti "menggigit tangan orang yang menyuap". Berbuat baik dan berprasangka baiklah sesama manusia selagi berdaya.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Tun,

Saya bukan bumiputra dan tidak mendapat bantuan untuk memasuki mana-mana Universiti pada tahun 1981. Hari ini saya tidaklah cemburu atas kejayaan ramai orang lain mendapat ijazah dari universiti kerana dunia hari ini tidak lagi memandang tinggi kertas ijazah tersebut tanpa kebolehan lain seperti kemampuan berfikir secara kritis dan melakukan pembetulan kepada sesuatu permasalahan.

Saya pernah menulis bahawa kebolehan tersebut tidak boleh diujudkan dengan bantuan atau subsidi kerajaan tetapi hendaklah di atas kebolehan semula jadi diri. Saya telah menulis dalam blog Tun bahawa sejarah hidup Tun itu sendiri membuktikan bahawa pada masa Tun remaja lagi (sekitar 1930an 40an) tiadalah Tun mendapat apa-apa subsidi malah negara masih dibawah penjajah British.

Tetapi mengapa Tun berjaya mendirikan sebuah perniagaan kecil sehingga dibeli oleh seorang pelabur lain? Ia adalah amat menakjubkan tetapi juga amat memberi pengajaran bahawa orang seperti Tun berjaya kerana dasar dan disiplin diri dan tidak ada kena-mengena dengan bantuan kerajaan atau mana-mana pihak yang lain.

Saya berharap kerajaan hari ini sedar bahawa konsep subsidi dan kuota sebenarnya membunuh kreativiti

rakyat dan memanjakan sebahagian masyarakat sehingga tidak bermaya sama sekali untuk bersaing dengan pihak luar maupun dalam.

Assalamualaikum Tun Mahathir!

I studied in UTP class of 2004 and I'm proud of it. Didn't get a job with Petronas, but at least I got a degree from UTP and got to shake your hand!

Assalamualaikum Tun,

Having read some of the harshed comments and distasteful words speared at you Tun I felt very sad as if it is piercing my heart. Please Tun do not be disturbed by them. I'm sure you have endured every hardships with great patience throughout your years. But every person who has grown with age, like myself, sometimes do feel sensitive at a mere thing. Please have some respect for Tun and use suitable language even when you do not agree with Tun. What if some fella were to say or use rude words to your father or grandpa. I will teach my children to show respect and repay every good deeds you sowed that has benefited them.

Anyway Tun, please clear my doubt whether it is against the law or moral for you to be the Advisor to this country? If the people still needed your guidance then why not. Think of the people, for the people and not to the politicians/persons who shied away from you.

Take care Tun and May Allah Look Upon You Always.

Assalamualaikum Tun yang dikasihi,

To camverra,

Memang ada dilahirkan ALLAH insan seperti Camverra ini yang tidak tahu bersyukur, tidak tahu berterima kasih dan tidak tahu mengenang budi. Saya berdoa semoga suatu hari nanti dia akan mendapat petunjuk untuk menjadi orang yang tahu bersyukur, tahu berterima kasih dan tahu mengenang budi. AMIN!

Tun,

saya telah dua kali hadir di UTP untuk mendengar ucapan Tun. Sememangnya kawasannya sangat luas dan pemandangannya cantik. Bertuah sesiapa yang dapat belajar di situ.

Didalam akhbar UM hari ini Tun kelihatan ceria dan telah dikerumuni oleh pelajar-pelajar yang nampak teruja dapat bertemu dengan Tun. Mereka ini tahu bersyukur, tahu berterima kasih dan tahu mengenang budi kepada orang yang telah berbudi.

Sebelum Tun memimpin negara ini, negara barat tidak pernah menghormati kita. Setengah orang Amerika menyangka kita ini ada yang tinggal diatas pokok. Saya masih ingat semasa guru American Peace Corp yang datang mengajar di negara ini. Dia bawa banyak berus gigi dan ubat gigi untuk bekalan sepanjang dia tinggal di negara kita kerana persepsi dia bahawa kita ini tersangat mundur.

Tetapi di zaman pemerintahan Tun banyak perkara yang Tun lakukan untuk menyedarkan barat bahawa negara kita bertamaddun. Dasar-dasar yang Tun perkenalkan dan laksanakan serta pembangunan pesat yang dijalankan telah menjadikan negara ini terkenal di seluruh dunia.

Terima kasih Tun kerana menjadi PM selama 22 tahun.

Semoga Allah panjangkan umur Tun dengan kesihatan yang baik. AMIN!

YAB Tun,

Assalamualaikum and Selamat sejahtera.

Allow me to say something in response to the comments posted by Camverra, October 17 2008 1.44pm.

Dear Camverra,

I am not sure where you are coming from but if I were your father, I would have regretted for having you as my child and not properly ajar you since you were born and I am ashamed for being your father to have an anak who is kurang ajar and tak mengenang budi.

From the way you wrote, I could guess that you are still too green to understand the fundamentals of administering a country such as Malaysia. For a person who was at the helm of this beloved country for a record 22 years, YAB Tun Mahathir must have done a lot of things right for Malaysia to be at what she is now. Mind you Camverra, UTP was one of the many Universities that were realised during YAB Tun's era. You should have been grateful to be able to study at such a prestigious university. There are ten of thousands of other aspirants who could only watch enviously at people like you who were lucky enough to be able to study there.

I sincerely hope that Tun will look after your health. I berdoa agar Tun dipanjangkan umur so that you could continue to share your thought, experience and knowledge unselfishly with us.

assalamualaikum Ayahanda Tun.

Pertama sekali saya ingin mengucapkan terima kasih tak terhingga kerana saya dibesarkan dan dididik di zaman pemerintahan Tun. Tun merupakan Idola sejak saya kecil lagi, dari wujudnya proton Saga, wujudnya jambatan pulau pinang dan banyak lagi... saya cukup berbangga kerana saya pernah berkerja sebagai operator di KLIA pada hari pertama ia beroperasi. walaupun hanya berkerja sebagai operator mencuci peralatan makanan tetapi cukup membanggakan saya. Cukup banyak kemajuan yang Tun buat untuk negara kita.

Hari nie saya berada di Dalian, China bersama-sama dengan 6 orang jurutera dari China, 2 pegawai dari Jepun dan Korea untuk latihan daripada majikan saya. Pertama kali saya menyebut Malaysia di sini, perkara pertama yang meluncur keluar dari mulut pegawai di sini adalah "Mahathir Good!". saya cukup terharu bila Tun bukan saja menjadi idola saya tetapi rupanya diluar negara Tun adalah contoh yang sangat baik. pertama kali saya menjejak kaki keluar negara, saya berasa cukup bangga dengan kemudahan KLIA. kemudahan di KLIA lebih baik daripada kebanyakan airport yang ada di dunia ni.

Pemimpin Malaysia hari ni, mula membeza-bezakan taraf rakyat, yang kurang mampu guna LCCT yang banyak duit guna KLIA. kalau macam tu apa guna MOT membelajakan berbilion RM untuk menaiktaraf airport dan membina airport kos rendah. Saya sebagai rakyat amat terasa di anak tirikan di negeri sendiri mereka menggunakan wang rakyat untuk kemudahan rakyat yang kaya. Jika diluar negara semua penerbangan menggunakan kemudahan yang ada sama rata.

Saya sebagai rakyat Malaysia cukup dahagakan kehadiran pemimpin yang meletakkan rakyat sebagai keutamaan. bina kemudahan untuk semua rakyat, bina lebuhraya untuk semua rakyat. bukan bina rumah untuk orang kaya, buat airport untuk kelas atasan, dan buat koridor yang semuanya telah Tun buat masa zaman Tun dulu. Jurutera selalu cakap orang tak bina koridor, mana datang koridor kalau takde rumah.

saya doakan semoga ayahanda Tun dan bonda Toh Puan dalam keadaan sihat sejahtera, dipanjangkan usia dan dimurahkan rezeki dan sihat selalu.

Salam Tun,

I may not be a citizen of this country and may not have the opportunity to enjoy being a rakyat, but for everything you did not only to this blessed negara but to the neighboring countries as well, I still feel like thanking you for all the wonderful effort. You are such a great leader.

To Camverra:

Wow, u may be a uni graduate and may have learned a lot of things but the very basic foundation of manners, you don't have. I feel sad for you to miss the good manners and right conduct subject.

How I wish you were born in a third world country for you to at least know how to be grateful and feel how hard life could be.

There are people out there who could easily judge other people's doing without making proper research.

By ynwa1976 on October 19, 2008 9:39 AM

agree with chedet, the ivy league unis get a lot of funding from their alumnis. i guess in malaysia we always felt that tertiary education is the govt responsibility. this needs to change if we want our unis to be among the top. the money you give can be used to encourage the best people to become and stay on as educators of our next generation.

By Bumi Ownz U on October 19, 2008 11:06 AM

To Camverra,

Do not be disheartened by the amount of "fluff" written with regards to your views. There are many die hard Pro Mahatir supporters in this forum, I on some occassions do see what Mahatir has "tried" to do with pleasure and sometimes disappointment...

What is important is to view Mahatirs achievements objectively and in a balanced light. Unfortunately too much emphasis if not all emphasis has been placed in Tun's positive achievements. This is dangerous as it has lead to a complacency and satisfaction that Malaysia is the best... which is clearly is not, and some of the reasons that could be attributed to Malaysia's globalised economic competativeness failure can be linked with Mahtirs choices.

For one, Tun has chosen to try to change Malaysia into a technological and sophisticated country with the

"Look east policy."

Unfortunately, despite Malaysia having world class facilities, the Japanese work ethic has not exactly been transferred to the greater Malay population... in fact quite the opposite as its people become more and more reliant on foreign labour, governments subsidies, corrupt practises etc... it hasn't exactly shaped up to be the sophisticated capital as it had vision to be...

Why? Protectionist policies. Policies that has protected the Malay population causing a hidden divisive line. A lot of the people who could have assisted in constructing a better Malaysia now hold foreign passports because of unfairness in Malaysia's uncompetitive policies.

A lot of Malaysia's companies have yet to post a profit, Proton being one of them, The CEO has nerve to blame the government for doing NOT enough to protect Proton. Don't you think the CEO should take some accountability in his pathetic performance?

Malaysia has been extremely stagnant in its level of innovation at a global scale because after 51 years of development, a lot of the educated elite see no future in defeating the cancer that is corruption and cronyism.

It's a real shame that Malaysia has turned out the way that it has. Questions must be asked why Korea which had instigated economic reform at the same time as Malaysia, has indeed been able to create such great and REAL profitable companies such as Samsung and Hyundai, and progressed to a level where high quality is the norm.

Why are high service levels in Malaysia such a high mountain to climb?
Why is high quality such a high mountain to climb in Malaysia?

These are tough questions.. Maybe we should be asking ourselves, what is wrong with Malaysia, and what are we going to do about it to help improve it.. rather than sit on our couch and chant Boleh! when there clearly is a long way to go.

Assalamualaikum, Dan salam hormat, Ayahda dan Bonda TUN,

Saya membangkang Sekeras-kerasnya kenyataan Pak lah, yang mengatakan Tun sebagai PENGARAH bagi UMNO, Pada saya TUN layak untuk menyatakan pendapat yang boleh membantu pembangunan parti dan negara, kerana TUN telah berusaha keras menaikkan nama negara dan membuktikan kejayaan negara dari segi pembangunan,ekonomi,perpaduan dan politik. kelayakan untuk memberi pendapat itu tak perlu dari kelulusan paklah,yang mana paklah belum pun mencapai apa2 kejayaan,malah kesan

impak dari 'kekalahan' BN masih terasa, tetapi majoriti penduduk negara ini berpendapat TUN layak menjadi pemberi nasihat dan pendapat untuk pastikan kemakmuran negara. disini ingin saya maklum kan kepada paklah, supaya tidak mengkritik TUN jika belum mencapai apa2 yang boleh dibanggakan.

sekian. saya mendoaan kesihatan Tun suami isteri dan juga kepada paklah semoga cepat mendapat penyelesaian bagi kepada masaaalah negara.

Memang tidak dinafikan pendidikan di Negara yang kita cintai ini amat baik dan setanding dengan negara maju... hamba adalah seorang pelajar dizaman pemerintahan Ayahanda Tun... hamba berterima kasih kepada Tun kerana dizaman Tun banyak ditekankan penggunaan Bahasa Inggeris yang secara langsung memberi hamba keistimewaan kini. Yang hamba sedih dizaman Pak Lah semuanya terbalik.. yang Inggeris dijauhkan.. ntah apa yg dah jadi pun tak tau lah... bukannya hamba kata Bahasa Kebangsaan itu tidak penting cuma hamba minta penekanan bahasa antarabangsa itu diteruskan...

AnakLuarNegara

Doa..

sedih melihat muka Pak Lah semalam.. muka marah dengan pikiran yg berkecamuk ditambah dengan penggunaan bahasa yang sungguh merosot mencondemming ayahanda Tun.. hamba rasa Pak Lah kureng paham dengan mesej yang Tun nak sampaikan.. rasanya budak darjah 5 aliran sekolah cina pun boleh paham .. anyway akhirnya kita tahu gak Pah Lah ada gak membrowsing blog ayahanda Tun.. tahniah Chedet.com!

AnakLuarNegara

Doa Hamba:

"" Ya Allah Tuhan Yang Masa Esa, Ya Rahman Ya Rahim... Hambamu ini menadah kedua tangannya kepadaMu.. Kupohon padamu supaya Engkau membuka hati Ayahanda Tun Mahathir Mohammad untuk kembali ke pangkuan UMNO dan ke pangkuan sebagai pemerintah.. Engkau jadikannya seorang Khalifah untuk membimbing kami ke jalan yang Engkau Redhai, ke jalan kebenaran dan berikanlah kepadanya kesihatan dan kekuatan untuk menyelamatkan rakyat Malaysia dari ambang kehancuran.. selamatkanlah kami wahai Allah dari segala bencana... Maha berkat Engkau ya Tuhan dan maha tinggi Engkau

I graduated from utp in 2004 & received my scroll from you, Tun. The happiest day in my life. Finishing my study and to finally meet you face to face. I was too nervous but managed to shake your hand and smiled at you. Thanks Tun. I'm grateful to Petronas. But having to pay loan of RM23K within 6 years, I have this love-hate relationship with Petronas. A loan is a loan. You have to pay what you owe. I understand that. But with my current salary, it's quite difficult for me to make the payment. There were times when I just can't managed to pay the monthly installment. Anyway... I'm still proud of UTP. M'sia keeps fighting!!

By RyscheClyde on October 28, 2008 11:26 AM

Dear TUN,

Ive never had a chance to enroll into UTP, but ive seen it through the website and its a fantastic place for studies. Petronas has been kind enough to subsidized RM130 million, and that is only written in the paper. But who knows the real amount on how much more petronas has actually spent. Anyway, i can see there are still people who questioned the bumiputra's privilege for entering into university..there are many who dislikes seeing bumiputra to enroll into univeristy as because they feel threaten and unsecure. I tried so many times to understand their view-but i CANT see any positive feedback should i agree with their thought.

Ive befriended with many nonbumis people, and they all like to look down or side lined the malays in their circles. Even if that particular malay were overseas graduate without the government scholarships..they

still have this 'bearer' when it comes to form a group. No matter how hard the bumis tried to uplift themselves without the government help- they are still not being appreciated by the nonbumis. The nonbumis have these stereotype kinda attitude that has been implemented in their mind, and they will pass this attitude to their children, grandchildren and so on.

It is sad to see this kind of attitude to breed and grow. How can actually we overcome this mindful thoughts? Is it by revoking the bumis will cherish a better future prospect? What will happen to the poor bumi who has no financial ability to send their kids to school? Are the non bumi will just say "that is your problem"? You see TUN, the Nonbumi has no boundaries when it comes to the "halal-haram" thingy, if you know what i mean. So, their opportunity of earning is much bigger than the bumis. And this is part of why the bumis is lack of opportunity in marketing their abilities and to be competitive with others.

2. A weak Government would not be able to deal with the quarrelling between the races, which is the

natural tendency of most multiracial societies. Indeed in some multiracial countries violence and fighting are common. Witness the countries around us.

3. For the slightest reason the races would be at each other's throats. One incident was the reaction in some countries because of the currency crisis.

4. Even religious differences can lead to conflict and violence. We see this in Northern Ireland, Lebanon, India, Indonesia and elsewhere. It is important to remember that in Malaysia racial differences are associated with religious differences. We are already seeing incidents involving religious differences.

5. We now have a weak Government and clearly it is incapable of dealing with the tendency towards conflicts because of race and religion. Because of its weakness it commands little respect and even the weakest parties would thumb its collective noses at the Government. The Government apparently has no idea how to handle these problems. We see it apologising only to have its apologies rejected.

6. The worst part is to find its apologies causing anger among the race for whom it is apologising. It has managed to displease everyone; to please no one.

7. Admittedly even a powerful Government, if it is incompetent and badly led would not manage to govern a multiracial country well. We see this happening with the present Government. In 2004 the people gave it almost unlimited power. But it was not able to use the power well and the people decided to reduce drastically its power. Now we see it floundering about, unable to deal with the sensitivities of a multiracial country.

8. The BN was a 14-party coalition of big and small parties. Because it was powerful the component parties did not challenge it. They know if they left the coalition they would be unable to exert any pressure on anyone.

9. Even if they join the opposition they would not be able to reduce the coalition's two-third majority enough to bring it down. For that reason none of the component parties would want to leave the coalition.

10. On the other hand a coalition of two parties would be very weak. This is because the bigger party need the smaller partner in order to achieve majority to form the Government.

11. Such a Government would be unstable as the smaller party could always threaten to leave and thus bring down the Government. On the other hand the smaller party can join the opposition giving it the majority to form a new Government.

12. The reason the BN was able to create political stability before was because it could not be threatened by any one of its component parties. If any one left the Coalition would not collapse. The party quitting would be out in the wilderness.

13. Presently because the Government coalition is weak every little party can thumb its nose at the Government. The Coalition Government could not afford to lose any component party's support. It is also not in a position to discipline its component parties.

14. The weak Government lives in fear of being toppled by its components switching side to support the opposition. That is why we see such silly things as sending members of Parliament to a foreign country ostensibly to study agriculture.

15. What does it mean to a multiracial country to have weak Government? The Government would not be able to concentrate on governing because it has to deal with continuous threats by its components of different races.

16. The stability of the country would be undermined. This would be bad for the economy. We are seeing today investors pulling out their money by the billions from the stock market; we are seeing little

investment either by locals or foreign investors.

17. The trade balance is in our favour not because of anything smart done by this weak Government, but because the prices of oil, palm oil and rubber on the world market are very high (although now the prices are declining).

18. Generally the economy is bad, as bad as the race politics that we are seeing. The people are the ones to pay the price. They are suffering from high prices with no compensating increase in income.

19. We have had strong Governments for almost 50 years. When we gained independence few gave us any chance. They foresaw racial clashes and political instability.

20. But they are wrong. With strong Governments in place, the bickering between races was reduced. The country was stabilised and with that the economy grew. The objective of becoming a developed country by 2020 seems possible.

21. Now with this weak Government, with incompetent leadership the country is not developing as fast as it used to.

22. In a single ethnic country it does not matter if the Government is weak because it will not have to deal with the heavy pressure of racial conflicts even if the Government is less competent.

23. My observation of Malaysian politics over the last 50 years has convinced that a powerful Government lead by competent leaders is necessary for multi-racial Malaysia.

Salam Tun,

Pengumuman untuk tidak mempertahankan jawatan Presiden Umno telah membuktikan bahawa Pak Lah telah membuka gelanggang pertandingan yang sebenar bagi seluruh jawatan yang dipertandingkan. Alhamdulillah, saya berpendapat Pak Lah adalah seorang pejuang yang amat peka dengan perkembangan semasa politik tanahair. Beliau benar-benar seorang pejuang dan pendekar Melayu tulen. Senang rasanya apabila saya dapat melihat terutama pertandingan merebut jawatan Ketua Pemuda Umno khasnya yang melibatkan anak Tun, Datuk Mukhriz dan Saudara Khairy Jamaluddin. Mereka berdua merupakan anak muda yang cukup bersungguh dalam memperjuangkan agenda Umno dalam negara Malaysia tercinta ini. Harapan saya semoga kedua-dua mereka selalu bersyukur jika menang dan tidak berputus asa jika kalah. Agi Idup Agi Ngelaban. Wassalam.

Salam Tun,

Saya teringat semasa lawatan Tun ke Johor Bahru pada tahun 1999/2000, di Kediaman menteri Besar Johor, Tun bercakap perkara yang serupa. Kalau saya orang biasa faham tentang perkara ini, hairan kenapa pemimpin macam tak faham.

Satu lagi saya ingat Tun cakap, "it is better to have a little bit of something, rather than the whole of nothing".

Salam Tun Yang Disayangi..

I agree with you 100%..since the march election, our government is very weak due to not getting two-third of the seat in parliament. With Opposition everyday making a "disturbance" to our beloved country everyday, investor has pull out all their investment and left our country with nothing to invest.

And the worst is the opposition is the one who who is blaming our economy.(dah buat tak sedar diri) I just hope our country manage to deal with the global economy turmoil.

Last but not least, my congrate to Datuk Mukriz for enough nomination to contest for the UMNO Youth.

assalamualaikum tun ...

I live in jakarta for working & just having my holiday in malaysia recently . I could see all my family member + friends nowadays are trying to reduce what ever expenses that unnecesary . It's good actually but the HARI RAYA mood look a bit 'hambar' .

Bila dah ramai berkumpul tu semua org pun akan bercerita . Dan ofcourse cerita nya pasal politik & ekonomi negara kita . Yelah barang naik tapi gaji x naik . Camno nak hidup kan .. Tapi bagi I yang paling penting ialah 'strong leadership' . i mean that if we do have strong leadership automatically we have a better government or strong government . So i do hope that our malaysian people could choose really strong candidate for them . Especially UMNO 'pemilihan' is just around the corner . Choose the one is strong . Fikirlah untuk masa depan anda ..

Assalamualaikum YABhg Tun.

Saya amat bersetuju dengan pandangan YABhg Tun bahawa Malaysia memerlukan sebuah kerajaan yang disokong dengan majoriti besar.

Kerajaan yang lemah bukan sahaja mudah digugat, malahan kedudukan ekonomi juga terancam.

Orang Melayu mesti menguasai politik supaya dapat mengimbangi penguasaan ekonomi oleh kaum lain. Oleh kerana politik lemah maka harga barang sekarang melambong tinggi tanpa kawalan. Kita boleh ramalkan peristiwa buruk akan berlaku sekiranya satu-satu kaum menguasai semua.

Parti pembangkang, HINDRAFT dan segelintir parti komponen BN telah naik lemak menuntut pelbagai perkara dan mendakwa kononnya merekatelah ditindas. Mereka mula tunjuk kononnya merekalah pejuang bangsa mereka yang teraniaya. Mereka memperjuangkan hak asasi manusia yang kononnya selama ini terabai. Mereka menentang ISA supaya mereka bebas bertindak tanpa batasan. Mereka berani menggunakan isu kebebasan ugama bagi mengecam amalan agama Islam.

Mereka amat sedih apabila DSAAB mengumumkan tidak mempertahankan jawatan Presiden UMNO. Mereka menobatkan DSAAB sebagai bapa demokrasi baru padahal mereka kalah teruk dalam PRU12.

Tahniah kerana Dato' Mukhriz berjaya melepasi kouta bagi bertanding untuk jawatan Ketua Pemuda UMNO. Kalau KJ tak melepasi kouta boleh lah Dato' Mukhriz menang tanpa bertanding.

Semoga YABhg Tun sekeluarga dirahmati Allah.

SALAM TUN SEKELUARGA..

WE CELEBRATED WE OUR NATIONAL DAY 4 EVERY YEAR.

THIS YEAR,WE CELEBRATED 4 51 years.

THIS CELEBRATION THAT'S MEANS WE MUST BE FREEDOM.

(FROM SOCIAL,CORRUPT POLITICS,MENTALITY,PHYSICAL,'COLONIST' N ETC..).

I'M PROUD TO BE A MALAYSIAN.

WE CAN SEE THAT MALAYSIA (MULTIRACIAL COUNTRY) HAVE MORE ETHNIC GROUP, MULTI-NATION AND MULTI-CULTURE. ITS VERY UNIC. (VERY PEACE)

LIKE TUN SAID,
SO WE MUST HAVE AND REALLY NEED A STRONG GOVERNMENT.
JANGAN ADA LAGI YANG BERPECAH BELAH. BERSATULAH DI BAWAH KEPIMPINAN "BN". 'SENANG WAKTU BERSAMA, SUSAH WAKTU BERSAMA'.

P/S :BERSATULAH RAKYAT MALAYSIA, MENDAULATKAN NEGARA, BANGSA DAN AGAMA.
BANGUNLAH DARI TIDUR YANG LENA, JAUHILAH DIRI
DARIPADA 'PETUALANG-PETUALANG BANGSA', KELAK DI IKUT 'KITA' YANG MERANA.

(FOR THING TO CHANGE, WE MUST CHANGE FIRST)

TAHNIAH BUAT DATO' MUKHRIZ (LAYAK PENCALONAN TERAWAL KETUA PEMUDA).
MOGA ALLAH MEMBERKATI PERJUANGAN DATO'.

MUDAHAN MALAYSIA MENDAPAT "KEAJAIBAN KEPIMPINAN" SPERTI YANG SAYA TITIPKAN

The relationship between races are actually quite good in Malaysia. I have many friends of other races and we tolerated with each other well. The problem arises when Tun and UMNO's other wannabe leaders started to use the race card to stimulate the popularity among Malays. Whether you want to agree in it or not is of your own interpretations. Although Pak Lah may be seen as weak, at least he has not a bad heart if compared to many affiliated leaders. He will not use race issues to boost up his popularity. This may be his weakness but he is a nicer guy if in comparison.

Kami generasi muda Malaysia perlukan pemimpin yang unggul dan berkarisma seperti Tun Dr Mahathir. Kami tidak perlukan pemimpin yang hanya tahu 'sedia mendengar' tetapi tidak ada tindakan yang strategik dan konkrit. Kami berdoa agar Datuk Mukhriz Mahathir dapat menjadi Perdana Menteri Malaysia dalam tempoh 10 tahun dari sekarang. Semoga impian akan menjadi kenyataan dengan izin Allah swt.

Assalamualaikum Tun....

Saya bersetuju dengan ape yg tun nyatakan di atas...sy sebagai rakyat Malaysia pada hari ini sgt kecewa dengan ape yang berlaku di dalam negara kita...perpecahan sesama bangsa dan kaum telah berlaku disebabkan kenyataan pihak2 yg tidak bertanggungjawab dimana isu berkaitan kaum dibangkitkan..walhal sejak dari era tun masalah ini tidak pernah terjadi...mengapakah isu perkauman perlu dibangkitkan??apakah yang akan diperolehi sekiranya ini terjadi???rakyat juga yang akan

menerima akibat dari semua yg berlaku..sepatutnya masalah ni perlu diatasi dengan segera..saya mahu negara kita aman dan damai dan perpaduan antara semua kaum menjadi erat..diharapkan bakal pemimpin yg baru akan segera menyelesaikan mslah ini agar ianya tidak menjadi barah di dalam negara ini...sy jg harap agar tun akan memberi lebih banyak komen yang membangun seterusnya membawa negara kita ke arah yang lebih baik dari sebelumnya seterusnya keharmonian di negara akan terjamin..

Saya juga berdoa agar Tun dan sekeluarga sentiasa berada dalam keadaan yang sihat sejahtera serta dilindungi oleh ALLAH hendaknya...

Assalamualaikum Tun

I 100% agreed with you Tun so after pak lah stepped down, we the rakyat would like to welcome you back in UMNO and help us to lead this beloved country back on track towards vision 2020. I still believed then and I still believe now that Tun can contribute towards a better future in achieving vision 2020 if only the next prime minister would take the time and effort to listen to what Tun Dr Mahathir has to say and see his ideas towards nation building, well after all there is nothing to lose and a whole lot to gain.

Well, Tun good luck and may Allah bless us all. aminnnnn

By apokonojang on October 13, 2008 3:54 PM

Yg Bhg Tun,

To answer to your subject - Do we need a strong government? My straight answer is a big YES! Weak government will leads to many unresolved problems. A perfect example is our present BN goverment.

On the other hand, allow me to list down several issues which I think most of us is hungry for your elucidation:

1. Your reverse psychology issue on KJ vs. Mukhris. You said in one of your article that KJ will surely win hands down against your son Mukhris for the Youth Chief post. But today's result shows that your son is very well ahead on nominations compared to KJ's. I am now inclined to believe that you always used your reverse psychology methodology in your articles so that whoever reads your articles especially the prominent politicians will act against your predictions and/or desire. Thus, your desire is fulfilled.
2. Regarding Paklah's successor DS Najib. Most commentators irregardless of political inclination said that Najib is a liability to UMNO owing to his many issues and scandals.
3. Regarding an article by UIA's law professor, Dr Abd Aziz Bari on the prerogative of YDP Agong to dissolve parliament and elect a new government.
4. Regarding Anwar's claim on his intention @ ability to form a new government.
5. Regarding Hindraf's action during Paklah's Hari Raya Open House.
6. Regarding Bar Council's action on ISA.
7. Regarding the current tussle on UMNO's Deputy and Vice President's posts.

I am sure with your vast experience in politics, everyone is hungry for more of your piece of mind.

Dear Tun, One of the key objectives of Vision 2020 is national unity. However, in the last four years we are not only worse off economically, but the country has also suffered in its racial harmony. Reading the various blogs one could feel the racial and religious issues that have been highlighted, which, to a relatively neutral individual, makes him feel so disillusioned and disgusted that the efforts of earlier leaders towards achieving this unity have been seriously damaged. However, I am glad that we have wise leaders like your goodself who are willing to speak up and positive effects have resulted from them. We cannot give up the aspiration to achieve ethnic harmony. Each one of us has to do our part. With the right 'nawaitu', simple acts/greetings that come from a sincere heart can contribute in a long way in bridging mutual respect among us.

Salam Tun,

I am interested to read more of how you would define "strong government".

My belief is this: a strong government would do its very best for the Rakyat at large. A government by the Rakyat and for the Rakyat.

Admitted, I am one of your strong follower, to the point of justifying whatever faults there were in your 22 years of administering the country as I believe in your vision and dreams.

They were real to me.

As you would probably have noted from my previous postings in your blog, I fervently hope that you would take things easier in being in the limelight with your comments and remarks.

As human being, our greatest failure is often listening to ourselves. That happens to the best of us.

Do take a breather Tun. You have fought the good fight, and deserves to get some rest before the next crunch what's with the global economy at its most depressing.

You're right (as always) in that the coming months would be crucial for the country with decreasing fuel and CPO - our main exports - price.

I read somewhere that our 2009 budget was near majorly from these sources. can't remember where exactly, but if that is the case, how will we finance our development next year?

PS: In India, Hindu's are forcing Christians to convert. An they label Islam as extreme. :) Hopefully we'll never see such things here though.

hai tun,

actually what we need right now is a very strong, committed and a honest government. racial base politics are increasing but the commitments of present and also opposition led governments are seemingly

blaming each other rather than concentrating on our woes economy that we are facing now. it was not like tun's day whereby tun was more concentrating on our economy so that malaysians could live on even though there was economy woes. the ministers are more concerned about increasing their wealth and power rather than improving country's racial issues and economy's problem. i think that what the present government should do is pick an outstanding PM to bring back our glory days so that malaysia will be peace forever and won't become like indon, thai, india or n ireland

Tun,

Ever in agreeable with your ideas. No body and no countries dares to make any wrong moves during your Premiership days. Now is the opposite everybody and countries knows of this fumble government of Malaysia. AAB does not create any boundaries for such sensitivity, and tries to please everyone, and thus the results shown as highlighted. Malaysia being a multicultural country with various race & religion, need a strong government to administered this sensitive situations. The opposition are able to take and uses this opportunity for their benefits and a weak government would fall into this trap as happening now. AAB decide to leave in March 2009. I for sure is in agreement that AAB leaves now or latest by Dec 2008 and giving the new PM and President of UMNO a first Quarter start for 2009 to mend all the wounds that have accured during AAB premiership. Tun your support and guidance on this matter is highly sought and appreciated hopefully by the new elected PM & President of UMNO, BN & Malaysia. Tun Dr. Mahathir as UMNO life honoured Adviser. Salam Tun.

Inilah yg dikatakan sudah naik lemah dan tidak tahu bersyukur apabila dpt ditinggal di M'sia . Saya rasa Insya Allah apabila UMNO dan BN mulai kuat dan dapat mengatasi pelbagai masalah sekrang tmnk krisis ekonomi sy rasa patut ada rang undang2 baru digubal iaitu mana2 pihak yg menimbulkan isu tentang agama dan hak keistimewaan org2 Melayu akan diberi amaran sebelum hak kewarganegaraan dicabut . Hak untuk mencabut kewarganegaraan akan diserahkan kpd budibicara Yg Dipertuan Agong .

Assalamualaikum, Tun.

Personally for me, UMNO must be strong. Over 90% of Malay must support UMNO and in return UMNO leadership should NOT think how to get rich for themselves! They must think about the members and other Malays' welfare. They too shall not forget about other races BUT dont give everything (other races) ask.

Malay is too kind. And now we see the "results". Saya berharap bangsa bukan Melayu akan berterima kasih dgn apa yang mereka dapat hari ini.

Tetapi sayangnya, majority of non-Malays seem dont appreciate!

Just look at Party Gerakan. Even UMNO has the majority of state seat at 2004 election, UMNO gave the

CM post to Gerakan. But, now when UMNO having leadership problem, Gerakan said, its thinking of leaving BN!

Malay, pls think, THINK.

I am NOT Malay but support the Malay Muslim! MFM

salam Tun,

I now see glimpses of a silver lining amongst the dark clouds hovering above.UMNO will and must emerge leaner,meaner and stronger after party elections to ensure its political survival.The signs are encouraging.

DSAAB has finally promised to go in March 09.

DSNTR & TSMY has garnered strong support.

And best of all,Dato Mukhriz also garnered very strong grassroot support amongst Pemuda which indicates that Pemuda UMNO members want drastic changes and most still do not succumb to KJ's will.

I wonder if something fishy is going on in the 20 Pemuda divisions so far that nominated KJ for Youth Head post?

Honestly,what do THEY SEE in KJ?

Contracts? ADUN? Money?

My suspicions are greatly increased by the Pemuda Gelang Patah,Johor voting fiasco.Something rotten is going on that involves corrupted individuals.

If we care to dig deeper into these Pemuda UMNO divisions which support KJ,I'm sure there will be more questions raised to the integrity of certain individuals involved in the voting process.

SEKALI LAGI SAYA BERTANYA KEPADA MEREKA2 INI;

ADAKAH ANDA TERLALU TAKSUBKAN KONTRAK,JAWATAN DAN DUIT HINGGA SANGGUP MENGGADAI MASA DEPAN BANGSA DAN NEGARA?

APAKAH ORANG MELAYU MUDAH GELAP MATA BILA DI SOGOK?

APAKAH MARUAH ORANG MELAYU BOLEH DI JUAL BELI DENGAN MUDAH UNTUK MENDAPATKAN HARTA DUNIA INI?

DI MANA JATIDIRI ANDA?

SANGGUPKAH ANDA DI LABEL 'PENGKHIANAT BANGSA'?

A strong government led by UMNO is only possible if the leaders are dedicated to the future of the nation and not to money politics.

Salam untuk Tun dan Keluarga,

Agak keterlaluan jika saya mulakan komen dgn menyetujui segala yang tertulis di atas.

Ketulusan berpolitik lahir dari sikap pemimpin di kalangan BN itu sendiri. Jika mereka berkumpul dengan BN hanya semata2 utk majukan bangsa masing2, nescaya pakatan berpolitik sedemikian akan tumbang. Tunjang pakatan tersebut amatlah rapuh.

Seharusnya BN perlu di gubah supaya dapat menarik minat keseluruhan rakyat dan parti2 politik supaya ke arah kemajuan Malaysia dengan memberi keutamaan kepd penduduk Malaysia yang terbanyak.

Formula baru yang dipersetujui ramai wajib di pesatkan demi kemakmuran BN dan negara. Perlulah di tekan bahawa semua Rakyat wajib di utamakan dari segi peluang kebahagiaan dan pembangunan minda tanpa diskriminasi. Pemimpin BN harus sedar hasil dari undian 8 March 08.

Ekonomi setiap isirumah perlu ditingkatkan untuk menambah kebahagiaan setiap ahli keluarga. Keluarga yang paling banyak membantah adalah dikalangan keluarga miskin yang semakin perit akibat kesukaran kos hidup dan pemahaman sebenar kehidupan.

Ketidak-bahagian keluarga juga datangnya daripada unsur bukan wang yang semakin sukar diatasi. Kebahagiaan haruslah dikembalikan kepada semua rakyat jika BN betul2 serius untuk terus berkuasa.

Isu-isu lapuk seperti ekonomi, agama & bangsa, pelajaran, kemajuan struktur batu, rasuah, demokrasi etc etc adalah menjadi kebiasaan kini tanpa kehairanan.

Saya mencadangkan agar Kementerian Kebahagiaan Negara di tubuh demi tujuan ini. Universiti Kebahagiaan juga perlu di tubuh segera untuk melahirkan semakin ramai cendekiawan berlatar belakangkan idea kebahagiaan kehidupan tanpa bertuhankan wang ringgit.

Pembahagian ekonomi yang adil dikalangan bangsa tidak menjamin kebahagiaan mutlak di kalangan rakyat. Idea rakyat sentiasa berlegar untuk memenuhi nafsu peribadi demi kebahagiaan dan oleh hal yang demikian penyusunan semula formula kebahagiaan jangka panjang perlu di rangka BN demi kuasa politik berpanjangan.

Apa guna negara aman makmur dan berkerajaan kuat jika tanpa kebahagiaan rakyat sebenar.

Cheers,

Awang

Can TUN define competent leaders for us??

By ezaniAuthor Profile Page on October 13, 2008 4:06 PM

Hello Tun

You now have your main thorn removed after your constant appeal to him to resign. In his place we have Najib and Muhyiddin whom you seem to back strongly. What makes you think that they are the best combination to lead the country? I haven't heard you make any negative comments about Muhyiddin but you once addressed Najib as being a 'yes man' and weak and also he has a string of accusations behind him such as the submarine commission issue and a verious accusation involving the Altantuya murder. Personally, I myself do not know these 2 individuals very well except Muhyiddin leads Pagoh UMNO and my wife is from Pagoh. As for Najib, the last time I met him long, long ago in a 7 Eleven Store in Medan Damansara, he was practising his golf swing while his wife was buying something. He ignored the rest of us (nobody was speaking to him in excited conversation). So what makes you think Najib is strong enough to lead the country and why are you still hanging on to UMNO? Has UMNO been cleansed of its diseases? Or are the diseases just lying low watching the peralihan kuasa take place and then start to reappear when UMNO gets back its majority, if ever? As far as I know, cronyism, corruption, mismanagement, material greed will not just go away in a day or two! Do you intend UMNO and BN to get back to its full strength as before so that the same things will happen over again? As an example, just look at how Syed Hamid misuses the ISA on two individuals and even then the BN already had its majority significantly reduced!

Dear Tun,

I guess you left really big shoes to fill.

In the past, everytime there was a crisis, people would just wait and see how you would handle the situation and solve the problem.

Nowadays, it seems that the root of the current issue is not identified and the wrong solution is implemented. Which causes people grief, and they take it upon themselves to be heard. One group says one thing, the other says another. An uncomfortable and unwanted aura is in the air amongst the races. The government is no longer the intermediary we can always rely on.

I hope something good will come after this, to say that one man can lead as you did may only remain a dream.

Best Regards to you and your family.

Salam Tun - We're sorry we missed your open house. Anyway, its sad to see that all that has been

achieved over 50 years go down the drain. But at least the world now see that Malaysians are more matured politically - we know what we want and our needs.

What we need is a strong government with a competent leader, looking at the leaders of today, it makes you wonder if they are anyone competent enough. It's scary... with the global financial crisis and all. What will happen to my dear country - do you know that many of my friends especially the professionals decided to stay or go back to UK/US to work just because they are tired of the politics in Malaysia. We (my hubby and I) nearly did that but as the Malay proverb goes "Hujan emas di negara org, hujan batu di negara sendiri"...

Dear Tun and fellow bloggers ,

I am really fascinated with your points 17 and 18 which read :-

17. The trade balance is in our favour not because of anything smart done by this weak Government, but because the prices of oil, palm oil and rubber on the world market are very high (although now the prices are declining).

18. Generally the economy is bad, as bad as the race politics that we are seeing. The people are the ones to pay the price. They are suffering from high prices with no compensating increase in income.

This is what we can feel and see in our daily lives but yet I am really sad and worried that our current weak leaders are still blind to see this.

This is the latest excerpt from our "so called bapa democracy leader" from the STAR newspaper.

Malaysia is not going into recession at the moment because of its strong economic fundamentals, reserves and trade surplus, Datuk Seri Abdullah Ahmad Badawi said.

The country also had high domestic savings and a stable currency which was not subjected to fluctuation, the Prime Minister said when commenting on Malaysia's current standing following Singapore's announcement of anti-recession measures.

"I believe, insya-Allah (God willing), we can weather the storm. We still have strong economic fundamentals. We have very strong reserves. Our trade surplus is still strong. We do have high domestic savings.

"We are not in any kind of turmoil. We have a healthy democracy," Abdullah told reporters after delivering his keynote address at the US-Islamic World Regional Forum here on Monday.

He said the country would have to generate greater domestic consumption and he wanted to see more investments in the country.

However, he said that the Government had no intention of pegging the ringgit like it did to weather the 1997 Asian currency crisis, and would remain "pro-business."

"We have a lot of assets that we can use to withstand the impact of the situation we are facing today, but I'm not saying that it's going to be easy.

"It's going to be tough. If we stand together, if the rakyat (citizenry) supports the Government, we can continue to work well with the private sector as a unit. We should be able to weather the storm," he said.

Our PM said that our currency was stable. Yes it's stable in his bokehland dream ! Malaysia need to generate more domestic consumption . Yeah , yeah --- how to generate more domestic consumption when our purchasing power was blatantly reduced with the government step to increase the petrol price by 78 cents and hence all prices gone up ? Borrowing interest rate have increased also. We are getting poorer and poorer and yet more state council are implementing more public parking charges.

Malaysia BOLEH ! in Bolehland!....The best quote of the day = " We (Malaysia) IS NOT IN ANY KIND OF TURMOIL ! ????????????????????

Dear Tun,

Ironically, the current leader are still harping that they have been given the strong mandate to govern and that it would be considered landslide victory in another country. What they do not see is the multi-racial condition of this country as rightly pointed out by Tun.

Even in a single racial or predominantly single racial country, strong government is necessary for stability. In the case of government formed by coalition parties, each component party should always stick together in times of good and bad.

I look at this difficult period for the ruling coalition as the opportunity to phase out the good and bad partners in the coalition.

I think the current administration should employ more professionals to assist in the administration of the country. BN should rope in more professionals and the well-educated as candidates for representatives in the parliament. The world is growing very fast. Times are changing. People are getting smarter.

We need even smarter people to govern the other smart people.
By moderato on October 13, 2008 4:15 PM

Welcome home Tun,

Yes, we need competent, strong and firm leaders to lead us, not Mr Nice, Mr Hero or whatsoever. This is the time we have to bring foreign and local investors back to the share market by proving to them we have the track record of competence leaders for 50 years leading the multiracial society. So, opposition party, please concentrate to work together with the ruling government and stop all the guessing game.

Keep on writing Tun so that we can get the macro view of our politics and economy in Malaysia. Thank you very much Tun.

Dear Tun,

Yes, you are right. We need a very aggressive leader to get things right. But as you can see, DSNR do not possess this trait. Since March 08 until now, he seem to wait things to happen rather than make things happen. Worst of all, no leader in UMNO dare to take the challenge to compete for the top post. I wonder what Tun will do if you were 20 years younger and in the Muhyidin position? DSNR is lucky to have the PM post deliver to his door just like AAB 4 years ago. I'm afraid DSNR will go through the same fate like AAB. For the sake of Malaysia, I hope he could prove me wrong.

By the way, Tun, could you comment on the idea of "Membership for BN instead of UMNO,MCA,MIC,etc"?

Salam Tun,

I agree with about the importance of a strong government. Right now, too many of us Malaysians are looking for an alternative government due to various reasons.

Applying the Pareto's principle, we should arrive that the main reason muslims shying from UMNO is the Islamic factor.

There is a misconception (hopefully) that UMNO leaderships are not adhering to the Islamic principles - though they happen to be muslims.

Perhaps, it is time UMNO to make a stand that it is not a secular party but very much an Islamic party for the malays. A formation of a Majlis Ulama that advises UMNO on any relevant issues may help to change the misconception. However, the Majlis Ulama must not fear or favor anyone but fear God Almighty alone.

Everyone agrees that "Mati itu Benar", so anything we do must bring us closer to God.

Salam TUN.

Mereka yang berada didalam kerajaan yang dipimpin oleh seorang yang begitu lemah telah membina sebuah kerajaan yang teramat lemah dalam sejarah Malaysia.

Sebagai contoh, kumpulan HINDRAF yang bukan satu pertubuhan yang sah disisi undang2 negara begitu berani mencabar kerajaan. Malah mereka juga berani memberi amaran pada kerajaan jika permintaan mereka tidak dilayan.

Kerajaan tidak berbuat apa2 pun untuk menghapuskan kumpulan ini walau pun beberapa pemimpin mereka telah di tahan ISA.

Sebenar kerajaan hari ini tidak pernah belajar dari pengalaman semasa pemerintahan TUN. Mereka begitu yakin diri mereka lebih hebat dari TUN. Dan ingin membuat pembaharuan . Lain dari apa yang telah TUN rangkakan untuk negara ini.

Kebebasan bersuara lah. Kebebasan media lah.Tapi tak juga nampak bebas. Nak perbetulkan institusi kehakiman lah. Nak hapuskan rasuah,tapi semakin menjadi2. Nah, apa penyudah nya? Habok pun tarak. Semua tonggang langgang.

Saya sokong posting TUN hari ini. Ini akan mengigatkan bakal pemimpin akan datang supaya tidak melakukan sesuatu yang menampilkan kelemahan kerajaan.

Sekarang, sebelum Pak Lah berundur, mereka telah pun memberi gelaran pada Pak Lah sebagai "Bapak Demokrasi".

Dulu Bapak Hadari la, MR Clean la...berapa banyak gelaran da...

Tahniah pada Datuk Mukhriz telah pun layak melepasi kuota pencalonan Ketua Pemuda UMNO.

Pada TOK KHIR, kenapa dah ada sekatan ker nak berjumpa akar umbi dan perwakilan. Kata dulu tak ada masaalah. Dulu kata ahli tak berminat pada Datuk Mukhriz kerana itu beliau tak dapt sambutan bila melawat akar umbi, bukan kena sekatan. Ya lah tu pasai lah TOK khir dapat sikit undi kerana kena sekatan kot.

By Tun Jebat on October 13, 2008 4:19 PM

YAbhg TUN,

Alhamdulillah...Nampak macam team yang pro TUN dan pro Dato Mukhriz 'Berani Berubah' telah mendapat restu di semua Perwakilan.

Tapi yang sedihnya mengapa KJ & Reezaal masih dicalonkan...Tak sedarkah kita slogan mula dia pakai ialah meneruskan kesenimbangan pimpinan yang juga ber erti kesenimbangan dari kepimpinan yang paling teruk di abad ini. Walau ramai Pemuda tahu hati budi KJ...tapi dek terpesona dengan kesenangan sementara..maka dapatlah dia percalunan...Orang yang memangkah dia bagai setuju dengan peranan yang di mainkannya dalam merosakkan imej Pak mertuanya sendiri.

Dan satu lagi...Regu KJ...REZAL yang juga rosak akhlaknya...Tak kan ramai lagi PEMUDA TAK TAHU BAHAWA : DIA PERNAH DITANGKAP KHALWAT.

Tak percaya? Cuba tanya Dato' Othman Desa, SUP Pak Lah. Kekesalan dia tolong melepaskan Reezal dari tuduhan khalwat masih diluahkan sampai hari ini. Ramai UMNO Kepala Batas terutamanya Pemuda tahu hal ini...

Nauzubillah.

Assalamualaikum Tun,

Apa khabar Tun? Harap Tun berada di dalam keadaan sihat walafiat.

1. Ini kali pertama saya menulis komen di ruangan Tun walaupun telah melayari blog ini sejak mula lagi.
2. Saya setuju dengan pendapat dan pandangan Tun yang kita memerlukan kerajaan yang kuat untuk memimpin penduduk yang berbilang kaum dan agama.
3. Ini adalah kerana Malaysia berbeza dengan negara-negara yang lain di mana pelbagai bangsa dan agama tinggal bersama sebagai rakyat.
4. Sebagai contoh di negara Jepun, rakyat mereka tidak pernah ambil peduli siapa yang akan memimpin negara kerana mereka tahu walau siapa pun yang menjadi perdana menteri mereka tetap dari bangsa yang sama. Setahun 3 kali tukar perdana menteri pun tak pe..
5. Negara Jepun juga telah mencapai tahap negara maju di mana penduduk mereka tidak berapa bergantung kepada kerajaan dan banyak syarikat-syarikat Jepun yang telah berjaya dan terkenal di seluruh dunia.
6. Malaysia merupakan negara yang sedang membangun, kerajaan yang kuat diperlukan bagi kestabilan negara dan seterusnya menarik minat pelabur untuk melabur di negara Malaysia. Banyak bantuan dari kerajaan yang masih diperlukan oleh penduduk Malaysia. Negara yang tidak stabil dan kucar-kacir hanya merugikan penduduk.
7. Saya tidak mengatakan yang negara Malaysia kini kucar-kacir tetapi sekiranya kerajaan tidak memainkan peranan di dalam memastikan kestabilan negara dari konteks penduduk berbilang kaum

kemungkinan perkara ini boleh berlaku.

P.S.: Sokong gandingan Najib dan Muhyiddin..

Examples of strong governments:

Kim Il Sung - 46 years - 24 years as PM (1948-1972) and 22 years as President (1972-1994)

Fidel Castro - 32 years (1976-2008)

Suharto - 31 years (1967-1998)

Robert Mugabe - 28 years (1980-2008)

Mahathir Mohamad - 22 years (1981-2003)

Greetings Tun

Yes, we do need a strong government. I agree totally with your 23 points statement.

Take this opportunity to salute you. Being very frank and still so concern with our country after your retirement. You could have just enjoy your days without bothering with what is happening with this government. But you still CARE so much. I know, a lot of people said that you were being senile when making accusations or being critical of the PM. I always said that you still care about Malaysia as you have spend over 20 years nuturing our country to what it is today and you are unlikely to sit back and watch it destroyed by the present weak government (PM).

If an ordinary citizen like us is critical of the present government, we are likely to be charged under ISA. Luckily for us, we have you to champion our cause. HIP HIP HOORAY!

Wishing you best of Health.

By normal citizen on October 13, 2008 4:29 PM

Dear Tun,

Who do you recommend as the competent leader to lead our government ?

Personally I think postponing the UMNO party elections to March 09 is a bad idea and the uncertainty will drag on further. Those from UMNO will be busy worrying about their positions in the new structure.

Who would have time to look around what's happening around us ?

By nikmsnm on October 13, 2008 4:31 PM

Assalamualaikum w.b.t YABhg.Tun seisi keluarga,

Indeed a strong government would be able to rule and manage a multiracial country. And indeed,

Malaysia and its leaders had managed to do that for the last 50 years. And of course, most of us are concerned about the future, the next 15 years or maybe 50 years. What will become of Malaysia then? I think the burden rests on the shoulders of future leaders, not only the top ranking but those secondary tiers within the governing parties. They are the people that would choose the supreme leaders that would in turn rule the country. A wrong choice would result to bad consequences.

The UMNO general assembly is coming soon. Division delegates, all four wings, should choose wisely. UMNO needs leaders that, not only regain the trusts of the people of Malaysia, but leaders that could bring back the original spirit of UMNO back into the party. Delegates should choose clean and transparent leaders - not popular ones. I'm sorry but I could not refrain myself from saying this; former leaders such as Tan Sri Isa Samad should be rejected by the delegates. UMNO not only needs to show a clean image but it needs to reflect its sincerity in the cleansing process. It would not be easy but we have to start somewhere.

Dato' Seri Najib, Tan Sri Muhyiddin, Dato' Shahrizat and Dato' Mukhriz are the best choices that we have; for now. I believe they can do the job; all they need is courage and good ears. Don't just listen to party members but to all... especially those in the kedai kopi and mamak stalls.

If only Malaysia could have a Minister Mentor....

Salam YABhg. Tun and may Allah bless you always...

The rakyat gave BN its strong mandate to rule the country.

There is no racial tension whatsoever.

There is no recession.

Dear Tun,

A strong central government tend to lead to an abuse of power by the government. The government can

easily make or implement policy without worrying what the opposition or people said. A weak central government, with partners to form a government, have to be very careful in making decision in order not to offend his partners. Either, a strong central government, or a weak central government, what people need is an honest charismatic leader to lead our country.

Salam Ayahanda Tun.

It all comes down to respect Tun. Without R-E-S-P-E-C-T not much could be accomplish. In a monogamous society such as observed in Japan, it does not matter who comes up, LDP, SDP -anyone- is all the same because they are largely one group of race and Shinto is their main primary religion. I say primary because to my simple understanding, Shinto allows its practitioner to cut & paste a bit of this and that into it. With this kind of accommodating environments, the Japanese were able to totally put their efforts into building their country.

For us in Malaysia, we have many different religions - but ALL religions, emphasize on loyalty to God, love and respect. All religions provide security. There is no reason to feel insecure. Problems arises when certain quarters begins to meddle into the religion of others. Such could be seen today in Cheras. And merely on an observer status to this simmering fire, we have a stupid and weak leadership that could only react (not pro-act) - and at that too, never even nearly on par to the expectations of the majority (and I put that Datuk Syed Ali Alhabshee is doing more good than what the PM could be seen doing or had done!).

Today I see some non Malays taking a different view and approach as opposed to what BN has given us all in the past 51 years. On paper, at the tops of their lungs, their new views all sounds good for them, but sit down and do the equations. The subject of balance, equilibrium, numbers and force shall actually determine the outcome to this math. As a commenter here had put it rather plainly and apt: "you are either with us, or you are doomed to hell!" - (I believe it was Pak Belalang). And I tend to agree with this view. Come to a certain point, its not sentiments that dictates outcome. But its - number, force and determination. We have a status of balanced-equilibrium for the past 51 years. We can (should) make it better to accommodate more, keep it intact, or it's doomed to hell time for all. At the same time, I must also state that in my believe, perhaps the time is now right to make us all Bumiputra. Bumiputra Malay, Bumiputra Chinese, Bumiputra Indian, and so on. We can all utilize on an all new NEP and yet at the same time we can still keep our own identities in equality and harmony.

In this direction and platform, eventually good sense, understanding, rationality and responsibility would soon push us all into creating a bigger economic cake for all. In a way, maybe this is as close to monogamous Japan as we can safely get. We can't fix nearly everything in one life time, or in one political generation. But by all means, we can surely lay down the basic structure for it, for tomorrow leaders who may still be in Primary / Secondary school (only a single streaming for schools) or even still in pampers today. And perhaps the lone far away commenter from Kosovo knows all the better what racial problems could eventually end up as - in the soft blue veined hands of a weak and dim leadership.

I strongly concur with your views Tun.

Salam to Tun & fellow chedeters,

I read in Financial Times Daily abt 2 weeks ago, that Malaysia ranked 47th most corrupted country, in front of us Singapore, UAE,etc. Tun's Vision 2020 is just 12 years away - logically, if were to decline the

mark down, relatively speaking by a ladder a year, that makes us the 35th most corrupted country by 2020. Aint this a thought.

A sound government ready to lead a multi-racial nation, should have first each races' interests best @ heart. Where is the leader who thinks about the ibans in S'wak? Yes, in the budget 2009, the government was kind to disimburse RM3Bil to S'wak, lets see what 'developments' be made / done ... Let me count the ways to love you, quoting Shakespeare sonnet's. Progress, we need to stand shoulder-to-shoulder to leap forward even higher in terms of world-class standards. Where is the real 'Malaysia Boleh' spirit? What makes us a TRUE Malaysian? Hence, a Malaysian government.

I can only hope in the next election, Sarawakians like me living in KL should not be given a choice of to either change the address on my IC to a KL address OR return home to vote. Is it too difficult to make that little tick box for us who is serving here in Peninsula to vote where we are without quenching my purse tighter so I cast a vote for the good of the ballot box. If only the process could be more simpler, than imposing red-tapes / restrictions, voting could be a cool experience, i bet.

DO WE NEED A STRONG GOVERNMENT – Jawapannya adalah YA bagi Malaysia yang mempunyai rakyat berbilang kaum dan agama.

Sistem yang diamalkan sepanjang hampir 50 tahun sejak mencapai kemerdekaan yang berlandaskan perlembagaan tidak ada kelemahannya sebab itu kita lebih berjaya dari kebanyakan negara yang seusia atau lebih tua (lebih dahulu mencapai kemerdekaan dari kita).

Bila sistem itu baik, adakah ianya perlu diubah? Tun telah membuktikan semasa Tun mengetuai Kerajaan sepanjang tahun 1981 hingga 2003 banyak kemajuan telah kita capai dan nikmati – bukan sahaja pembangunan tetapi tahap pendidikan rakyat bertambah baik, ekonomi rakyat dan ekonomi Negara juga berkembang pesat. Kesannya pelabur luar bertambah yakin dan banyak negara menjadikan Malaysia negara contoh di samping rakyat yang berbilang kaum dan agama dapat hidup dengan harmoni. Saya percaya sistem yang Tun dan pemimpin-pemimpin terdahulu terapkan adalah berdasarkan peruntukan undang-undang dan perlembagaan.

Bila sistem itu baik, kenapa 5 tahun kebelakangan ini terutama selepas pilihan raya yang lalu hingga kini Malaysia semacam hilang arah dan tidak jelas hala tuju. Adakah sistem yang lemah atau tidak sesuai atau Pemimpin no 1 yang lemah. Pada saya pemimpin yang lemah – lemah dalam membuat keputusan, lemah dalam melaksanakan keputusan dan lemah dalam mengambil tindakan. Atau kemungkin yang kedua adalah pemimpin membuat keputusan medahului kepentingan peribadi dari kepentingan umum.

Pemimpin yang lemah, pemimpinlah yang harus ditukar dan bukannya sistem. Saya mengambil kesempatan ini untuk mengucapkan tahniah dan berbilang banyak terima kasih kepada Tun kerana telah berjaya memberi tekanan sehingga PM terpaksa secara terhormat akan melepaskan jawatannya.

Semoga pengantinya dapat meletakkan Malaysia yang kita kasihi ke landasan yang betul dan dengan halatuju yang jelas rakyat akan menyokong demi masa hadapan yang gemilang.

Wassalam.

Assalamualaikum YBHG Tun,

1st of all, Selamat Hari Raya, Maaf Zahir Batin. Its been a while since my last posting.. hope Tun n family are all in good shape.

With regards to today's entry, I have to admit that our current government is not as strong as what we have 5 years ago. Although we have encountered the same problem way back in 1997 crisis, Alhamdulillah, we've managed to deal with it previously. But now, sorry to say that our current leaders have failed to cater this problem.

Being a legal practitioner myself, dealing with mostly conveyancing and corporate works, I can see that the business has decreasing. People are afraid to buy property, banks got problem in selling their loans etc.. etc. What will happen next? Only God knows.

I hope and I pray that Malaysia will prosper once again.. and I also pray that Tun n family will be blessed by Him.

p/s: is there any 2nd chance for me to meet u for Hari Raya since i missed your previous open house.. Thanks

My very dearest Tun

You are very right in your observation of Malaysian politics over the last 50 years has convinced that a powerful Government lead by competent leaders is necessary for multi-racial Malaysia. In this dire time in

our country, we not only need a strong and competent government, but also a sensible government who can moderate with all races harmoniously. Again, I would stress that it is time for our younger ones with no fiery intentions, should replace the much older ones in politics, especially those who have been sitting in the administering chair for far too long. The nucleus of this young politicians will then be nurtured and led by a mature, sensible, intelligent and knowledgeable leader, together with a couple of good decent politicians without ulterior motives, in governing the country. Those plagued with scandals and past bad records should now step down gracefully regardless if they are potentially experienced or not. This is not the time for political sentiments. This is the time for political reality and awakening in this beloved country of ours for the people and with the people.

In our reckoning, it will be best in the rakyat's interest that you be appointed as our Nation's Chief Advisor to the government...sooner the better than later. With Tun, our nation and our people will still have hope.

God Speed.

assalamualaikum wbt,

apa yang kita perlukan adalah pemimpin yang mempunyai jiwa yang tulus. bukan pemimpin yang ingin menjadi pemimpin kerana keinginan peribadi mereka. pemimpin yang jujur tidak memikirkan tentang diri mereka tetapi diri rakyat yang berada di bawah mereka.

yang dibimbangi sekarang ialah jika yang terlibat dalam umno sekarang juga masih pemimpin yang mementingkan diri mereka sendiri. adalah lebih baik jika pemimpin Malaysia terdiri dari generasi muda yang berkebolehan dan faham kehendak generasi kini. apa yang dilihat ialah pemimpin yang menawarkan diri mereka untuk menjadi menteri-menteri adalah dari golongan veteran. Adalah perlu diberikan kesempatan kepada generasi baru untuk menjadi pemimpin bukan dari golongan mereka-mereka yang di recycle.

penggabungan parti-parti melayu/islam adalah penting untuk mengukuhkan melayu/islam di malaysia. pemimpin-pemimpinnya harus membuang prasangka buruk dikalangan mereka dan melihat gambaran yang ke depan dan lebih luas. Fenomena hari ini telah menunjukkan bagaimana melayu/islam mula diaanggap sebagai musuh di negara sendiri.

Assalamu Alaikum Tun,

I am absolutely agree with your view on the need for a multicultural country like Malaysia to have a strong government. But to form strong government needs various aspects like charismatic leader, capable, accepted and respected leader morally and interm of leadership. One more thing is that in a country likes Malaysia run by a government with representative of a coalition political parties, one of the coalition political parties must have bigger representation compared to the rest to stabilise the coalition's strength by reducing the impact of potential threat to pull out of the coalition by smaller components. But, the bigger coalition should not misused its advantage.

A strong and powerful government led by UMNO has already faded into the history book of Malaysia after the recent 12th. general election recently.

With well informed voters, thanks to the cyberspace, there is no way UMNO, MCA and GERAKAN going to continuously become the anchor power of the government of this country anymore.

For the 50 years Barisan Nasional in power, especially in the last 30 years, we have seen how the so-called strong government had misused its power.

With the overwhelming power vested by the voters, we have seen how the power was utilised by the government of the day to manipulate and rig all the country's systems, in order to ensure the continuity of Barisan Nasional as the ruling power.

All the sufferings the country is witnessing, whether they impair the physical environment, the country's natural resources, or legal, economic and social institutions, or livelihood and morality of the people are traceable to the overwhelming power, which the voters had given to the Barisan government.

Enough is enough, and I'm very certain the well informed Malaysians have reached maturity in their thinking, and they don't need TDMM to do the thinking for them.

YABhg Tun

A strong government existed when you were PM. It had been said we would have to wait another 100 years before we could see another 'Mahathir' as our leader.

But we need the strong government you spoke of now. Regretably, even a weakling can cause havoc in the way power was abused, alledgedly by the leader, family members and advisors. This would mean that it would be almost impossible to have a strong government if we maintain and move on with the status quo.

Tun, therefore, i would like to suggest the country seriously explore your suggestion that there should be a Council of Elders to advice the PM. A similar council should also be needed to advice the President of UMNO.

The main role of the Councils is to ensure that the UMNO President and PM of Malaysia is always on the path of "bersih, cekap dan amanah" and any abuse of power be arrested immediately - no matter how small or trivial it may seem. As we say - sikit-sikit lama-lama jadi bukit.

Your suggestion as mentioned above also signalled that we need a systemic correction in our model of Government - the BN model. I am sure you have thought long and hard - on why we decended so fast into the abyss of corruption, abuse of power, nepotism on a scale unknown in Malaysia, and mediocre and 'lame duck' government.

We the rakyat were and are utterly hearbroken as this calamity came immediately after 22 years of a golden era of good governance and rapid human and national development.

I hope Tun could pen an article on how do we move forward and together create a strong government in the face of recent bad experience

Thank you

Salam Tun yang dikasihi,

Kami rindukan tulisan Tun selepas beberapa hari tidak ada posting baru. Saya sangat bersetuju dengan apa yang Tun katakan mengenai kerajaan yang kuat dan pemimpin yang cekap. We are in this bad situation today just because we don't have good leader and strong goverment. That is why BN components like Gerakan and MIC are now asking silly things they don't even dare to think when you was the PM. Can you comment on Koh Tsu Koon remark that Pak Lah era is about more democracy and transparency? I puked when I heard that remark.

Assalamualaikum Ayahanda Tun

Maafkan saya kerana selama pemerintahan Ayahanda saya telah mencerca dan menghina Ayahanda kerana jiwa muda saya yang terbawa-bawa dengan fitnah dan adu domba syaitan yang bertopengkan manusia -- yang hodoh dan jijik.

Sekarang saya tidak lagi mempunyai dendam dan perasaan marah terhadap Ayahanda kerana saya sedar bahawa segala apa yang Ayahanda lakukan selama ini adalah untuk kebaikan anak-anak Malaysia yang Ayahanda kasihi.

Ayahanda adalah seorang negarawan yang unggul yang berjiwa murni yang hanya hadir sekali dalam 100 tahun.

Maafkan saya atas kecuaiian dan kelemahan saya.

Semoga Ayahanda dilimpahkan rahmat dan berkat oleh Allah.

Selamat Hari Raya Ayahanda dan maafkanlah kesilapan saya selama ini. Saya sangat sedih apabila mengingatkan balik segala dosa yang telah saya lakukan terhadap Ayahanda.

Saya benar-benar bersalah terhadap Ayahanda.

Maafkan saya.

With all due respect Tun,

Out of sheer curiosity leaving the petty details of who did what or even who did who, heh.
What exactly do you mean by a strong government? What are you referring to in terms of strength? What are these indicators which you use as basis in making the conclusion that there is a deficit of general strength of the current government?

In no way am i saying that the government is weak or strong, and passing judgement in that manner, but for discussion sake i just want to know how you grade the government as weak or strong for that matter?

Isn't it true that for any governments, intermitten instability is quite normal in the cycle of governing? Especially after 50 years.

In fact, the J-curve of openness with regards to stability, clearly shows there is a period of instability which follows transition from limited openness to increased openness, (not that the J-curve is the absolute truth). Again, just out of curiosity, could there be a clarification why the so called "strong" gov being an active agent (which i assume to be the administration before this) is needed to make a come back, when the instability now is supposedly a natural turn of events in our transition in the curve.

Im not sure you wld respond to my particular question out of the heaps of comments piling up on this thread, but i hate to assume that you are generalizing the terms weak and strong based on no basis, which i dont think is the case here..

Thank you Tun. Thank you for reading.

Have a nice day.

Dear Sir,

1. Firstly, let me thank you for starting this splendid blog. I'd be brave enough to argue that this would be on par with one of your other many projects that have benefited us. In this particular case (www.chedet.com), not a brick-mortar project, in a way engages and educates the rakyat at large. Perhaps this is worthy of Bapa Demokrasi itself from the freedom of information angle.

2. Anyway, given leadership issue is more or less sorted out, let's get back to matter at hand, the economy. What do you think a free advise-giving mentor would recommend for 2009? it's bad on the ground.

3. On the counsel of advisors? Doesn't the cabinet give good enough counsel for a PM?

Salam Tun,

Saya setuju. Satu perkara yang saya nak kongsi. Seseorang pemimpin perlu punya rekod yang bersih, tidak ada sebarang skandal atau kes yang berat. Kalau ada, saya fikir ini akan menjejaskan ketegasan dan hemah bila dia buat keputusan akibat bimbang rahsia dia (yang ada dalam poket orang lain) akan terbongkar.

salam tok det yg dikasihi,

sekali lg saya nak berckp ttg tnb.2 hari lepas dlm surat khabar. TNB untung tapi untung susut. bukan sikit. hampir 1Billion. ini bermakna tnb rugilah.

dilaporkan tnb adalah penghutang terbesar negara.duit yg ada skrg hanya cukup utk tampung operasi tnb selama 12 bln shj lagi. apa akan jadi selepas itu. nak pinjam dari mana lagi. kalau tnb bankrap apa akan jadi kpd negara??

projek bakun mungkin tak dpt diteruskan kalau kegawatan ekonomi berterusan kerana buat masa skrg tiada pihak yg nak bg pinjam dkt tnb. sapa nak bg pinjam kalau asyik rugi je. tiap2 tahun lapor untung. tapi untung setiap tahun berkurangan. lama2 tak dak untung langsung!!!

macam manalah keadaan ini tak berlaku. TNB supply elektrik lebih tapi hasil jualan yang tnb dapat sikit. mcm mana nak dapat lebih kalau orang dok pakai elektrik free...rakyat yang bawah jugak menderita sebab tak dak duit nak upah orang TNB utk ubahsuai meter!!

rakyat nak jumpa dato sri nak bantu dato sri utk dpt balik duit yg hilang tu. tapi kata orang kanan dato sri, "saya dah serah, tapi dia buat tak heran saja.."

betul ke? kalau betul tak tau lah apa nasib negara selepas ini. suara rakyat pun tak nak dengar. depa tau nak naik tarif saja. yang kaya tetap dok bayar banyak tu jugak. yg tak kaya yang kena bayar lebih. dulu bil rm50 sebulan. sekarang rm 80 sebulan.bil rumah orang kaya pun rm 80 sebab orang TNB "tolong" bagi slow meter depa.

utk pengetahuan semua, budak baru keluar politeknik pun tau macam mana nak curi elektrik. senangnya nak gelapkan negara!!!

saya merayu kpd bloggers. marilah kita gesa dato najib utk campur tangan. kalau perkara ini dibiarkan naik lagilah tarif elektrik!!!jgn biarkan yang kaya semakin kaya dan yang miskin terus papa kedana..

Dear Tun,

A very belated "Selamat Hari Raya" to you and your family. It is very true that Malaysians voted overwhelmingly in 2004 to give Pak Lah the mandate based on his reform agenda to fight corruption. Instead of using the mandate to carry out the reforms he promised, he used it for his personal gain, hence the disastrous outcome of the March Elections. We Malaysians have no doubt that you are not perfect but history has clearly demonstrated that you are still the best PM we ever had. We all love you and may god bless you always.

Kind Regards

By Hajar on October 13, 2008 5:28 PM

Dearest Tun,

1. I TOTALLY AGREE WITH Tun. A strong government is needed in a multi-racial country.
2. A STRONG AND DECISIVE LEADER IS ALSO REQUIRED (like Tun). So, we must discard DSAAB, who is so WEAK AND INDECISIVE.
3. I agree with point (17). The current government has done NOTHING SMART. DSAAB is just very lucky to inherit a VERY strong nation from Tun.

DSAAB is so incompetent, but yet some people think that he deserves to be called "BAPA DEMOKRASI..." What a JOKE. May be "BAPA KEBERANTAKAN" is more suitable..

Tun, please comment on Dato' Mukhriz's chances of winning the Youth Chief's position. I support him.

May Allah SWT bless Tun and family.

Salam sejahtera dan Selamat Hari Raya YAB Tun,

Setelah 5 tahun akhirnya Dato' Seri Abdullah mengakui bahawa mungkin kepimpinannya tidak begitu menjadi atau mungkin masih lagi belum sedar secara keseluruhan bahawa terdapat keruntuhan Kerajaan akibat pimpinannya yang tidak begitu kuat. Ataupun terdapat para pemimpin yang telah mencabar beliau sehinggakan perubahan mendadak telah dilaksanakan untuk beliau tidak bertanding pada Mac 2009 sekaligus menyebabkannya melepaskan era sebagai Perdana Menteri.

Ekoran polemik politik yang kusut berlarutan menjadikan rakyat semakin tidak menentu dan ditambah dengan kemelesetan ekonomi dunia ekoran sub-prima hartanah yang berlaku di Amerika Syarikat juga menjadikan kepimpinan Perdana Menteri semakin lemah.

Pernah saya terfikir bahawa masih terdapat ramai lagi calon di Malaysia yang bijak pandai yang masih mampu menjadi Perdana Menteri Malaysia yang berwawasan mencorakkan Malaysia menjadi sebuah negara yang maju. Namun demikian, standard pemikiran yang lemah telah diletakkan oleh Perdana Menteri sekarang adalah begitu jauh ketinggalan menyebabkan Ahli Parlimen yang ada berkeadaan serupa termasuklah daripada parti pembangkang itu sendiri.

Dunia pernah mengatakan bahawa YAB Tun umpama harimau bersayap semasa bersama Dato' Seri Anwar menerajui pemerintahan Malaysia tetapi setelah kehilangan Dato' Seri Anwar pun YAB Tun masih lagi merupakan harimau bersayap. Betapa ia membuktikan Dato' Seri Anwar hanya mengulangi pencapaian YAB Tun semasa beliau menjadi Timbalan Perdana Menteri dan beliau bukanlah seorang yang perlu dihargai.

Salam buat TUN.

Apa yang TUN katakan betul.

sekarang yang jadi masalah, para pemimpin yang ada tidak bertindak tegas. Contohnya isu yang diperbincangkan sekarang. Apakah selama ini, para pemimpin hanya berpeluk tubuh? Sebagaimana sebuah pertubuhan atau organisasi, kita tentu mengadakan sebuah mesyuarat/perbincangan/musyawarah dalam membincangkan permasalahan yang dihadapi. Apakah perkara rasial tidak diperbincangkan?? Apakah tiada penekanan dan penjelasan yang tegas oleh para pemimpin BN??? Selama ini, apa yang dibincangkan oleh mereka sehingga isu rasial menjadi isu semasa yang terlihat dengan sengaja di buka2 oleh para pemimpin atasan sendiri???

Apakah undang2 dan perlembagaan yang telah termaktud hanya sebatas dibukukan??

Apakah selamanya negara kita terus dihantui permasalahan yang tiada kesudahan???

Kemana keteguhan kita dalam menegakkan undang2???

Selama ini kita sering terdengar, tiada hak sama sekali untuk memperbincangkan/memperdebatkan undang2 dan perlembagaan yang telah dipersetujui oleh para pemimpin terdahulu. Tetapi kini, ianya seperti kisah hidup seharian yang sering terdengar.

Sejarah tetap sejarah.

Kita yang menjalani wajib mempertahankan sejarah, kerana sejarah adalah ilmu yang sangat berharga. Kalau sejarah sudah mulai dipertikaikan, maka sudah selayaknya perhatian yang cukup halus dilakukan.

Tiada guna antara kita memberikan pandangan logik akal kalau sejarah mulai dipertikaikan.

Pada saya, sudah menjadi kewajipan para pemimpin kembali memperhatikan masalah ini sedalam mungkin. Ini kerana jatuh bangun negara kita Malaysia bukan kerana kurang ILMU atau PENGALAMAN tetapi TIDAK MAHU BELAJAR DARI KESILAPAN.

saya sokong apa yang Tun utara kan.. yg mengambil alih ni harap2 tegas sedikit. ubah ler cara yg asyik tido je dalam mesyuarat (memalukan betul) org tau ler letey.. tp da tau letey suh berundur pulak liat.. huh.. jgn ler bwk kroni2 masuk skali.. KJ tu, huh.. nyampes aku... tu nk jawatn ketua pemuda plak.. huh.. kalu dapt kat dia memang la korang suma pemuda x berhati perut.. huh.. kpd yg amik alih tu harap2 tegok2 skit isteri tu.. takut jd mcm KJ plak duk tarik dari blakang.. isteri tu pun nmpak mcm nk naik tocang je.. harap2 x de la yek.. kome cuma ckp je.. tp elok ler buat prsediaan... jagan sok pisang bebuah dua kali..

dengar la nasihat Tun ni.. cuba la blaja dari kesilapan.. Tun da bg contoh yang baik.. cuba ler ikut.. x kisah ler kalu org kata sama je mcm cara Tun, org kata x de cara tersendiri ke kn,tp demi bangsa dan negara ikut ler mana yang baik.. da tua da, pengalaman pun da banyak.. tp kalu x serik2 jugak, x tau ler kome.. ok la..

maaf pada yang terasa.. kome ni insan yang lemah.. saja cuba2 nk besuara.. lama doh kome pendam nih..

ok la yek..

terima kasih Tun atas jasa mu selama ini..

saya mintak maaf sbb dlu saya pun ade sokong DSAI masa mula2 dlu masa saya muda remaja yang mudah dipengaruhi.. huhu..

masa tu de jugak ler x puas hati dengan Tun tanpa usul periksa(melulu je) Maaf Tun atas dosa2 saya.. saya insan yang lemah..

saya harap ada orng terjemahkan artikel di bwh ni dlm bahasa malaysia dan edarkan.. saya rasa ramai org kg masih x nmpak lg perkara ni.. tau2 tp x jelas..

Dear Tun,

Yes, agreed we need a strong Government. However the crucial issues for any Government to be truly respected are sincerity, fairness to all citizens, irrespective of race, creed and culture, equal opportunities for all citizens in employment and education matters.

My daily prayers are that the Government becomes really sincere in resolving problems and not practise double standards. The whole Government machinery needs to be overhauled, whereby implementation of Government policies are done fairly, equitably and properly.

Corruption needs to be checked as corruption presently is very rife. Inefficiency in the Government service is really bad.

In my opinion, only with the rectification of the above highled weaknesses can we have a strong Government.

By cakkuncak on October 13, 2008 5:44 PM

YAB Tun,

We all know that the root of the problem is weak leadership in the current Government. It is also obvious that leaders in UMNO are the culprits.

First - they are not sincere to lead in the interest of the nation. Most of them all only concerned about their power and how to convert that power into wealth. What else to explain their silence when it was clear that the PM is abusing his power in cases like having his son-in-law in Government meeting for example? How on earth did this PM got away even when he clearly abused his powers??

How can instances like this happened Tun ?? I just cannot understand. These are all learned man entrusted with the responsibility to use the power of governing the nation with integrity. Yet when tested to demonstrate courage and integrity, it was clear that they failed.

Second - UMNO do not have many credible and sincere leaders in its rank. Those who are vying for positions are those with wealth as their major credential. How can this a credible indicator of a potential leader? UMNO does not have a serious plan to handle this problem. Even the President himself is involved in practices that involves money as a method to win popularity.

Third - UMNO cronies. I think cronies is not a bad concept if properly managed and evaluated, but it has deviated so far from the objectives. UMNO cronyism have bred modern 'Qaruns' of our times. A such only wealth is their vision. If this is not the case, how can we explain the exorbitant wealth that many of these cronies enjoy ?

In my opinion, UMNO needs to desperately change. It had a chance if you had not resigned. Now, I am not so sure UMNO have a chance.

What do you think Tun?

Gembira mendengar Pak Lah nak turun tahta. Tapi risau pun ada mengingatkan adakah yang menggantikannya lebih baik atau lebih buruk. Pemimpin yang baik amat penting untuk kesejahteraan Malaysia. Cuma janganlah hendaknya pemimpin ini hanya ingin berkuasa dan merasai kesenangan hidup atas keringat rakyat tanpa memikul amanah dengan sebenar-benarnya. Dan paling diharapkan janganlah pemimpin memerintah negara ini mengikut nafsu isteri...

saya setuju dgn tok det. negara yg mempunyai masyarakat majmuk mcm malaysia ni memang memerlukan strong gov. kerajaan yg kuat perlukan strong leader. like you...

persoalannya mcm mana nak ada strong gov sedangkan leader jenis dgr ckp?

saya ambil cth kes tnb. sekarang ni tnb tgh tenat. dah nak bankrap pun. tapi saya pelik kenapa orang tertinggi negara kita tak campur tangan...yang mereka tau setuju utk naikkan tarif...setuju utk naikkan gaji ahli lembaga pengarah...rakyat juga yang tertindas...

tak cukup2 lagi ke duit rewad yang diorang makan. nak naik elaun plak....

penyelewangan sgt besar dalam kes tnb ini. bermula sejak zaman tok det lagi. berlarutan hingga sekarang. tolonglah tok det..bagi komen sikit...

mcm mana kerajaan nak kuat kalau rasuah dan penyelewengan berleluasa dalam pentadbiran kerajaan....lama2 kerajaan akan ranap..

akan tercapaikaah wawasan 2020 tanpa elektrik???? renung-renungkanlah....

You have my total agreement regards to the discussed matter. The government has be stable and strong when facing issues related to the different races. But this is not the case, what we see now is A FREE FOR ALL, it started with hindraf and then certain quarters from the UMNO party and as always the opposition party the likes of Lim Kit Siang and Anwar be ever ready to fan the fire to gain momentum and popularity.

FOR BLOGGERS LIKE JJJ AND ADAMJOHARI I WOULD STRONGLY SUGGEST THAT YOU 2 GROW UP. AS LONG AS TUN HAS NO ISSUE WITH MY REMARKS, YOU HAVE NO RIGHTS TO SAY ANYTHING. Dear Tun,

I truly believe that a strong government is what we need to ensure stability in this country in terms of economy and social. A strong government not only give confident to foreign potential investors but confidence to its subjects too. Who wouldn't want a strong government? A government that can satisfy the needs both the rakyat and investors alike. Its all about the feeling of security and everyone's pursue of prosperity.

"The New Democracy" is crap. A cover-up of poor leadership. There's nothing new to this. They chose not to bring up these so called racial issues, social contract, religion and what not during your time was because they knew they are going to flare the public with these sentiments and they knew that you will do anything in your power to prevent them from doing damage to the stability and harmony. Present day-do as they wish, nobody bothers. Say anything they like, its the new democracy, the true democracy. The Rakyat-Dear God, deliver us from evil...the weak government.

Assalamualaikum Tun,

I agree with you Tun. The current government needs an internal revamp. The PRU 12 is the waking call for all. It has opened many doors of opportunity that were closed for many years be those opportunities good or bad (more bad than good). From a holistic view it looks like the BN government has fallen off its bicycle bigtime and needs to get back on its wheels and avoid such political pot holes to continue with its journey for 2020 and beyond. I believe BN on paper is such a marvelous and worldclass Government but when the wrong person is in the drivers seat...all chaos breaks out. It is like giving a bus driver a 777 and hoping that he can fly it and bring all the passengers safely around which is impossible. The only way is to replace the gardener who has let the political weeds of destruction grow in Malaysia's beautiful gardens of harmony. I for one believe with the correct people at the helm Malaysia can once again flourish...BN can get back on its mighty bicycle and the new gardener and gardeners to come must ensure that the political weeds of destruction are always trimmed before they mess up the whole garden of Malaysian harmony. All in all the harmonious multiracial factor is what beautifies our Nation and it is very key to defend this factor without it all that we have fought for and have achieved will just become another documented history of failure. I hope all of us Malaysians Dear Tun will start getting off our laurels and take charge and have an inquisitive mindset about what is happening around us and it is important that we do something about it instead of just talking. Action speaks louder than words is the saying. May Allah bless you Tun you have been a very good Gardener you have weathered Malaysians through many storms during your 20 year tenure. I miss you being in action Tun defending our realm. I hope you can write a book about Malaysia beyond 2020 because your thoughts always inspire people.

By ng thing seng on October 13, 2008 6:22 PM

Salam Tun,

1. Indeed a strong government is needed to implement policy for the greater good. Some policies could be unpopular as it might have short term loss but would gain over the long haul. A strong parliament is also important to check on the executive branch of the government - the civil servant who without checking could also abuse the power entrusted to them. A weak government would be too busy trying to please everyone and as a result a lot of long term good policies could not be properly implemented.

2. Yet there is lesson to be learned here, the non Malays had always voted for BN for the sake development as you so aptly put, only a strong government could properly bring about development. But you see the non Malays know that a strong government meaning Umno will be free to implement nep freely often as the expense of the non Malays. Yet in the past they have always voted for a strong government. But alas, the mandate and sacrifices of the non Malays has always been taken for granted and today the majority of the rakyat Malays, Chinese and Indian think that the BN money politics is destroying our country.

3. The ruling class has been abusing the mandate given to them by the rakyat, as they are enriching themselves in such arrogant and unabashed manners.

4. All BN politician, including the Dap has been playing the racial card for political mileage. For Umno the racial card is also a heaven given ticket to MASSIVELY enrich themselves. Why should the rakyat give a strong mandate for such government?

5. If the ruling party ever manage to obtain a strong mandate again from the rakyat in future. I hope they will not be arrogant any more. I hope they will not take the non malay votes for granted. I hope they will not play the racial card for political mileage. I hope they will govern the country with sincerity. I do hope that they will ensure wealth is more widely distributed regardless of race. I do hope I am not dreaming in saying the above.

6. Tun, I think you are one of the best PM we had had. During your time you had a strong government and you rule with an iron fist, to get things done. And things were done fast and efficiently or the implementor will face your wrath. But I humbly do not agree with the way you handle our judicial and the way you handle the press and the way you use ISA. But luckily you are a very intelligent and visionary leaders. And you truly wanted Malaysia to progress. And because there is no alternative government that can offer the same, I have always voted for you.

7. But Tun, imagine if there is another strong leader like yourself with a strong government, with absolute power over judicial and executive branch especially the police force and the leader care little for the country and greater good. Such powerful leader could also wreck the country totally in the span of 4 years. For all the positive agenda that a strong government could bring about, there could also be more destructive and selfish agenda.

By Manjalara on October 13, 2008 6:22 PM

TOTALLY AGREED WITH TUN. WE MUST HAVE A STRONG GOVERNMENT WITH HIGHLY CALIBRE LEADERS, THEREFORE WITH SUCH WEAK LEADERS IN THE CURRENT BN GOVERNMENT, THUS ALL OF US MALAYSIAN SHOULD GIVE 100% SUPPORT TO PAKATAN RAKYAT WHICH DEFINITELY HAVE HIGHER CALIBRE LEADERS APART FROM CORRUPTION FREE RECORDS. IMAGINE GIVING OUR SUPPORT TO BN AND HAVING MIKE TYSON AS DEPUTY PRIME MINISTER, MALAYSIA WILL BE SUCKED HIGH AND DRY !!! WHEN PAKATAN RAKYAT HAVE ABSOLUTE POWER, PEOPLE LIKE AHMAD ISMAIL WILL NOT DARE TO UTTER SENSITIVE MATTERS BECOS HE WILL BE LOCKED UP IN ISA !!! SEE WHEN BN IS RULING AHMAD ISMAIL IS NOT AFRAID BECOS HE KNOWS HIS WEAK BOSS WILL APOLOGIES TO PACIFY THE NON MALAYS AND THE WORST HOME MINISTER IN THE WORLD WILL ARREST THE ONE WHO REPORTED IT INSTEAD OF THE ONE SAYING IT IN ORDER TO PACIFY THE MALAYS. WITH ALL THESE JOKERS IN BN, ISNT IT DANGEROUS TO MAKE THEM A STRONGER GOVERNMENT ??? IN OTHER WORDS -STRONG GOVERNMENT YES BUT NOT NECESSARY IS BN.

I do agree with you. A strong government is needed to handle the pressure of governing multi racial countries. We cannot have a government that is weak and incapable in making the right decision. Human tends to ask for more. No matter what kind of races or religious. Thus, to have a stable government is good so that people will obey and make less noise. Noise is good too, however unnecessary noise which the main agenda is only to stir racist problem among the people should be put on halt immediately.

we must be strong. tk boleh sekadar kuat cukup-cukup makan ajer. we cant afford to have an unstable government anymore.

Congrats to ur son!Am rooting for him.

By docjitra55 on October 13, 2008 6:32 PM

Dear TDM,

It is not about a powerful government and a competent leadership that we need in multi-racial country like Malaysia. What we need is a caring government and a corrupt free leadership. This will automatically give rise to super duper strong government and well respected and well received leadership. The rakyat will unite to support the government and its leader, naturally. A country can never go wrong with this type of leadership. We have witnessed powerful leadership and strong government in Thailand, eg. Takhsin, Suharto in Indonesia, all were overthrown. Powerful president in Egypt has resulted in authoritarian leadership, making use of police force, army and the underworld policing to control the population.

We have witnessed many and seen many examples throughout the world powerful government, less competent and well competent leadership, and about average leaders all failed to lead the country to unite the multiracial rakyat. Let us see Singapore. A powerful government, competent leadership and a caring government plus a corrupt free leadership has brought the nation to its pinnacle. Hugo Chavez of Venezuela, is set to put his nation as untouchable from the American 'rule and aggression' because his government is rakyat friendly and a just government. Morales of Bolivia is another example in the making, and the recent uprising is only due to American interference.

A leader must be consistent in everything; morale, corruption free, power abuse free, from his younger days to his wisdom age. Then only he can govern the government to produce a powerful government and being a competent leadership.

Leades by many start off well and later turned corrupt, they are many examples for us to see. They are very competent but turn authoritarian. In Malaysia, we have seen and experienced that scenerio.

America is at the verge of having a black president, 'an unthinkable scenario and an unacceptable happening' to some Americans but not to the majority Americans. Why? It is because he is about to deliver an economic and humane package of a caring government and a leader who is free from everything negative that you can think of. He is going to govern a population of diverse ethnics, religious beliefs and far bigger than that of the multiracial Malaysia per se.

We too can have a LEADER of any racial background and religious belief if he/she is consistent in all the above mention qualities and will lead the country by example. Why not? They are a few malays and a chinese out there that fit the bill. Only time will tell.

By Benjamil on October 13, 2008 6:36 PM

Dear Tun,

As grave as it sounds, all the elements of a situation of civil disobedience is right here waiting to happen. The uncertain economic lashing that has and will hit us further and the nervous socio political environment are all waiting to explode.

The government's opaque view of the situation and with all the Governing parties having their internal elections leaves NOBODY to look at the NATION.

I propose a convention of all political parties in this country, whether in power or not to come together to meet and be briefed of the grave situation we are in. Let us get them all in one page as every body is in politics to serve what each and everyone of them think is right for the country.

I propose that all elderly statesmen alive headed by your goodself initiate this gathering so that it will be treated seriously and with respect.

STOP THIS INERTIA.

Assalamulaikum Ayahanda Tun.

Harap ayahanda Tun sentiasa dalam keadaan sihat sejahtera selalu.

Sangat bersetuju dgn pendapat ayahanda Tun.

Apa pendapat tun dengan gandingan Dato' Najib bersama Dato Ali Rustam sebagai TPM?

Bagi pendapat sy DAR juga merupakan pemimpin yang berwibawa dan lebih dekat dan memahami jiwa generasi muda.

PRU yg lepas sedikit sbk dipengaruhi oleh generasi muda yang cenderung kepada maklumat dari sumber terbuka seperti internet dlm membuat keputusan membuang undi.

Jadi mungkinkah DAR boleh menandingi DMY untuk kerusi org ke-2 dlm negara Malaysia??

Boleh berikan pandangan dan pendapat Tun mengenai beliau sepanjang beliau di bawah pemerintahan Tun??

Sy juga bersetuju dgn cadangan beliau (DAR) untuk mewujudkan satu badan penasihat kepada UMNO di mana bekas2 pemimpin yang telah byk berjasa untuk memberikan nasihat dan pandangan.

Jika idea itu terlaksana mungkin perkara seperti pembatalan projek jambatan bengkok yang merugikan berjuta duit rakyat tidak akan berlaku.

Tahniah juga diucapkan kepada Kekanda Dato Mukhriz di atas kejayaan beliau memenangi pencalonan untuk pertandingan KP.

Kami akan mendoakan kejayaan beliau.

Insyaallah, Allah s.w.t akan sentiasa bersama mereka yang benar.

Amin.

Salam Tun..

Miss your leadership.. Miss the time when you're our PM.. Yes i'm proud of you.. I was suprised that even my Bangladeshi housemate mentioned about you. She said you're a great PM. Even the outsiders respect you. Especially Muslims from other countries.

So sad that there are people who spread lies about you. Saying things that arent true.

God knows.. InsyaAllah..

By Oumono on October 13, 2008 6:37 PM

I really hate it when there are forums and talks discussing the world economy downturn and kept saying that our country is very strong and stable in context of economy and economy crisis wont have much effect on us. TOTAL RUBBISH!Who do they think they're trying to fool. When will all this lies stop!

People take for granted when you are in power Tun. People keep saying that during your time the corruption were high and they were lies everywhere. I'm guilty as charged as well. However, now everything just open up my eyes. How the condition is just better when you are the PM. Corruption level suppressed and lies?..What lies?.

It just kills me to see this government bunch play the fool on Malaysian. How I wish I could just give them a piece of my mind. Reality Check!Wake Up!

Dearest Tun,

Those who blindly believe in the rule of law will never agree with what i have to say. Too much of democracy is bad in a multi racial society. The right to public demonstration to freely express individual dissatisfaction cannot be tolerated in a multi racial society. If we allow this to happen, it is akin to a time bomb waiting to explode. What do we see now? Lawyers marching, Hindraf members taking to the streets, Lina joy's case being given wide publicity, Islamic NGO's halting public forums. Are these acts to be condoned in the name of democracy. It may be fine within the western sphere, but not in Malaysia. What is the use of being labelled as true practioners of democracy admist burning cars, looting and poverty. Have never agreed with the concept of the " white mans burden". The west practices double standards yet they come out with phrases such as "what is good for the goose must be good for the gander". what hypocrisy. And there are those who believe that Queen Elizabeth will come running in a

shining armour as their guardian angel.

Many have labelled you a dictator? So well and good. But in all fairness to you, never did we experience then, so much dissent as we see today which can be frightening in view of our racial composition. These forms of street demonstrations must be curtailed and stopped by all who truly loves Malaysia. Mind you even the native orang asli's have taken to the streets. You were able to curtail demonstrations at the expense of your popularity taking a dive internationally. You did not seem to be unduly perturbed by it. Congrats. Anyway as Dale Carnegie said in his writings "no one ever kicks a dead dog". We need a strong government, no doubt about it. Barisan Nasional is the better of all evil. I rather deal with the devil i know then the angel i dont. I consider you a National Hero. I think that it is time for all factions to unite for the sake of this country. You Tun, must see to it. Many rest their hopes on you. May Allah grant you a long life. I admire what you once said "it does not matter how i am remembered". You will always be remembered as a person who rather be feared than loved. it has worked well in our system for 22 years. Wasallam

Tun,

what u said was undeniably true.. The society nowadays even in smallest of number are able to threaten the government.. in anything! Opposition party is greatly playing with sensitive issues to weaken the Government even more..

UiTM's case as example, threatening Malay rights and further proving the Government's incapability of standing out.

Salam Tun,

This is my 3rd time commenting in this blog. Tak pernah Tun approved,kan. Sedih jugak rasanya. Anyway, hopefully kali ni terlepas.

Tun yang dikasihi,

Masalahnya sekarang ialah PakLah dan kerajaannya cuba untuk menjadi transparent dalam segala aspek yang dia buat. Cuba untuk menjadi jujur dan telus. Its good actually but sometimes too kind is not so good.

Misalnya, adakah baik sekiranya seorang isteri yang pernah diro*ol menceritakan segala kisah hitamnya itu pada bakal suaminya atas alasan JUJUR dan TELUS? Berapa ramaikah lelaki "soleh" yang sanggup memperisterikan wanita yang pernah mengaku dirogol? Di sinilah perlunya PERTIMBANGAN dalam membuat keputusan yang JUJUR dan TELUS. Kan dah ada Al-Quran, Hadis dan ulama'. Ikut saja warisan Nabi SAW tu. Bukannya JUJUR dan TELUS secara membuta tuli seperti yang PakLah lakukan.

Dalam masyarakat berbilang kaum, sudah pasti banyak isu yang tidak boleh diperbincangkan secara terbuka dan diberitahu pada ramai orang. Dan sudah pasti ada orang tertentu yang mesti menelan pahit hempedu dalam usaha untuk memperoleh madu.

Dan luckily, negara kita menjadikan agama Islam sebagai agama rasmi di dalam perlembagaannya. Jadi apa susah2? Just follow the rules of Islam. Dan jgn pulak terlalu ekstrem sampai orang nmpk Islam itu sebagai agama permusuhan. Islam is harmony. Islam is a peaceful. Islam is a justice. Just blend it nicely into our multi-racial country.

Sekilas teringat kisah "Telaga Ryan" - seorang kanak2 kulit putih dan bukan beragama Islam yang berjuang untuk membina sebuah telaga di negara Afrika yang penduduknya berkulit hitam legam dan berlainan agamanya. Budak ini berlaku JUJUR dan TELUS tanpa mengira warna kulit, agama dan negara. Bukan juga kerana kepentingan politik atau wang ringgit. Tapi semuanya dilakukan kerana belas ehsan dari hati nurani seorang kanak2. Bukankah ini sifat yang seharusnya ada pada seorang Islam?

To PakLah or "MrNiCeGuy", jangan jadikan kebaikan anda itu satu kelemahan. Gunakanlah akal. Buat pertimbangan sebaik2nya. Dengarlah pendapat akar umbi. Jangan bermusuhi tapi berkawanlah dengan

orang yang :

1. Tak suka buang masa main golf terkejar2 sebiji bola dari pagi sampai ke malam
2. Hobinya utamanya menunggang kuda (sunnah Nabi ni)
3. Berhenti makan sebelum kenyang (ni pun sunnah Nabi juga)
4. Apabila ketawa tak pernah nampak anak tekak (ni sunnah juga).

***Hishamuddin Aun (pengarang BH) pernah kutuk Tun pasal isu ketawa dalam kolum dia. Tak cukup ilmu agaknya mamat ni.

Siapakah orangnya?

Tun Mahathir lah!!

PakLah, cukuplah 1 HangTuah dalam sejarah negara. Jujur tak bertempat, menyanjung Sultan, adinda Jebat yang diratah.

Semoga Tun panjang usia dan sihat tubuh badan

Assalammualaikom wbt,

Benar, negara semacam kita Malaysia ni memerlukan kerajaan yang kuat sama sepertitempuh tun dulu.

Bila tiba tiba dapat 90 peratus undi kita jadi merak dan bila bercakap tentang kepimpinan kita ungkit bahawa 'saya diberi rakyat 90%'. Kemudian bila ada perbincangan isu 121 dan 153 di Parlimen kita jawab, 'tak apa lah nanti kita bincang. biar mereka berikan pandangan'. Maka ini lah akibatnya menyebabkan ramai yang tak berapa segan silu malah biadap dan kurang ajar membicarakan termasuk suruhsenyapkan pembesar suara masjid.

Kenapa ini terjadi kerana dan keris tidak belajar berkeris, ada parang simpan bawah tilam, ada merian simpan dan gosok saja. Bila Kerajaan kuat, pemimpin mesti smart, bijak dan TANGKAS.

MUKHRIZ, anak Tun nampaknya ada upaya dan kesungguhan. Saya tak fikir KJ beri wang kepada mereka yang mencalonkan nya. Takkan lah KJ teruk sangat. Dia ni pun smart juga. Tetapi gesaan saya cukup mudah. Kata orang lama:

Pilih pilih tempat nak mandi,
Pertama teluk kedua pantai,
Pilih pilih tempat menjadi,
Pertama elok kedua pandai.

Berburu ke padang datar

Dapat rusa berbelang kaki
Berguru kepalang ajar
Bagai bunga kembang tak jadi

Antara kedua nya untuk dijadikan tokoh penggerak zaman, pemuda penyambung perjuangan MM punya latar belakang yang lebih menarik dan komitted. Atas nama demokrasi teruskan perjuangan anak2 muda melangsungkan MM sebagai Ketua Pemuda UMNO Malaysia yang lebih tangkas dan berhemah.

Terima kasih tun. Take care.

Im fully agree with u. When u were in power, u can command & control. Though many criticised u being a 'dictator', but thats how it should be. Not dictator i would say, but u were a firm & strong leader, who can command. During ur tenure as PM, u led a strong government. Hardly i see any racial problems, bickering and all. Even if there was, it is not as bad like today.

Thank u Tun. Have a nice day. Take care & God bless.

Yes, we does indeed need a very strong government to take helm of this country!

remember BN under your leadership .., which is strong and functional, although it's not 100% perfect.. but it brings stability and prosperity to all walk of life. Chinese are happy building their wealth through their business, malays are happy doing their part for the nation be it in govt. sector, private or business. Indian are also happy with their 'world'.. - work is aplenty.., people are not complaining.

hope fully, things can turn back to where it used to be. We we can all sit back after work enjoying teh tarik over the mamak stall and talk about friendship not racial or politics thing..

keep writing tun..!

This is the trouble with sudden freedom. It is akin to letting the inmates take over the prison.

Or kids in a toy shop? Or could it be rats in a gunny sack of rice?

The blame should go to Pak Lah for the wrong timing in releasing the ungrateful Anwar.

If the release was done a few weeks before the last election, Pak Lah would have won hands down once again and could still be comfortably hold office.

Too bad.... the premature release back fired and the 'rear admiral' is coming through the back door!

Here's another opinion :

This crony and nepotism issue is an outdated topic.

How can you run a business without a team? Surely you would not run a business with your enemies?
So, how do you draw the line?

If you look at the Pakatan team, they are also a bunch of cronies grouped together, but no their followers do not see it that way.

Would you expect Najib to appoint his enemies to man the cash till? Only a fool foolish enough would do so.

So, lets not be hypocritical about this outdated crony and nepotism issue and let the man run his own show with his own trusted team.

The rakyat can voice their approval or otherwise at the next ballot. The opposition cronies are there to keep the governing cronies in check.

A GOOD MAN DOES NOTHING.

Salam Tun yang dikasihi!
Sebab tu ada pepatah berbunyi 'SEPERTI BELANDA DAPAT TANAH' atau 'BAGI BETIS NAK PEHA'.
Sifat tamak, cemburu, iri hati, tak boleh nampak orang lebih dari kita.... padahal kita ni semua sama.
Tumpang cari rezeki kat bumi Allah sebelu DIA panggil kita balik.
Rezeki kita yang mutlak ialah apa yang telah kita makan pada hari ini. Yang belum masuk perut jangan sekali-kali perasan rezeki kita.
Walaupun beras bergudang, harta tinggi menggunung...

JADILAH PEMIMPIN YANG ADIL KEPADA SEMUA! Tak kiralah yang dipimpin tu Islam atau bukan
sebab KEWAJIPAN pemimpin adalah melindungi masyarkat yang dipimpin.

JANGAN niat berpolitik sebab nak KUMPUL HARTA! KUMPUL HARTA banyak-banyak sebelum
berpolitik supaya tak GELAP MATA. Takut nanti akibat harta yang dikumpul itu sebenarnya HAK orang
lain, kubur kita jadi GELAP.

PADA TUHAN KAMU, ADA HAK KEATAS KAMU
PADA AHLI KELUARGA KAMU, ADA HAK KEATAS KAMU
PADA SAUDARA KAMU, ADA HAK KEATAS KAMU
MAKA TUNAIKANLAH SETIAP HAK ITU AKAN HAKNYA.

Salam TUN,

Selama ini keadaan politik dan ekonomi di MALAYSIA tidak menentu. Kemenangan tidak bermaksud MENANG jika AAB dapat menterjemahkan erti KEMENANGAN yang sebenarnya. Saya merasakan AAB dan KABINET KERAJAAN selama ini GAGAL melihat dengan mata dan hati erti KEMENANGAN SEBENAR.

Apabila PILIHANRAYA berlalu dengan kemenangan BN dengan populariti MENURUN namun masih layak MEMERINTAH hanya kerana PEMBANGKANG hanya kurang sedikit mengatasi parti pemerintah sekarang ini. Pimpinan AAB satu CONTOH KEGAGALAN yang sangat jelas selama ini dan LANGSUNG tidak dapat memainkan PERANAN yang diingini oleh BANGSA PELBAGAI KAUM. KEMENANGAN yang diperolehi dalam PRU12 membawa maksud TERSIRAT dan saya tidak mempunyai keyakinan dengan KERAJAAN pimpinan AAB dapat mengharungi pergolakan di MALAYSIA.

LOW STANDARD- itulah yang RAKYAT lihat dalam setiap tindakan dan ulasan pihak KERAJAAN menangani masalah dewasa ini. Jika diterjemahkan sememangnya kesalahan terletak kepada PM yang begitu LEMAH..LEMAH..LEMAH sekali dalam menerajui bangsa BERBILANG KAUM. AAB masih jauh untuk dikatakan LAYAK jika diukur dari semula beliau menjadi PM. Ulasan TUN sangat BERMAKNA kepada namanya PEMIMPIN kerana ianya memperlihatkan banyak PERKARA yang KERAJAAN buat selama ini LEMAH dalam semua segi.

RAKYAT sememangnya ingin melihat seorang PEMIMPIN yang bukan sahaja BIJAK dalam menangani ISU-ISU DALAM DAN LUAR NEGARA tetapi seorang pemimpin yang boleh DIBANGGAKAN disetiap pelosok NEGARA MALAYSIA. Jika NAJIB dapat memperbaiki keadaan di NEGARA ini dalam pelbagai ASPEK selepas pengunduran AAB ingin sekali RAKYAT melihat beliau tidak terlibat dengan KRONI serta memainkan peranan SEBAGAI PM untuk semua bangsa walaupun dia BANGSA MELAYU. Saya ingin menghuraikan disini bahawa KRONI DAN KELUARGA patut dielakkan daripada campurtangan dan terlibat dengan POLITIK bagi seorang PM atau KETUA MENTERI. Namun sesetengah PM mengambil kesempatan itu untuk kepentingan tertentu dan ANAK MENANTU yang mengejar cita-cita peribadinya sangat MELUAT DI MATA MASYARAKAT.

KEBIADABAN HINDRAF (haram).

Entah mana silapnya, tak siapa yang tahu. Barangkali yang lebih arif ialah mereka yang menggelarkan diri mereka pejuang hindu, Barisan Bertindak Hak-Hak Hindu (Hindraf). Mereka pasti tahu kerana mereka dari kalangan yang tampil kehadapan melakukan kerja yang orang tak pernah buat.

Kenapa mereka ni begitu berani dan biadap? Saya rasa ini kita boleh jawab. Pertama nya kerana mereka sudah 'mue' atau naik muka. Naik muka kerana mereka ni diberi muka oleh Perdana Menteri sendiri. Malah tiada tindakan tepat diambil.

Selepas tahun 2004, bila saja BN menang 90% undi melalu Pilihanraya Umum ke 11, Yang Amat Berhormat Perdana Menteri atas nama keterbukaan memberi laluan kepada sesiapa saja untuk membincangkan isu-isu sensetif waima isu 121 dan 153.

Bila PM memberikan jawapan yang DAP dan MCA boleh bincang perkara ini, saya beritahu rakan-rakan termasuk Setiausaha Politik beliau bahawa kita telah membuka satu 'safety valve' yang sangat penting dan sensetif untuk terus di cerobohi di masa akan datang.

Ekoran dari kenyataan itu maka ramai lah ahli Parlimen membincangkan perkara ini secara terbuka baik dari kalangan pembangkang maupun dari kalangan komponen Barisan Nasional sendiri.

Pemimpin Melayu dari UMNO bermati-matian mempertahankan Konsep Ketuanan Melayu, Bahasa Melayu, kedudukan Raja-Raja Melayu dan hak keistimewaan bumiputera. Manakala pemimpin PAS dengan teliti menghentam apa yang dipertahankan oleh UMNO. Jelas menunjukkan pemimpin PAS sedang cuba meninjau keuntungan politik. Atau dengan lain perkataan pemimpin PAS juga adalah dari kalangan 'opportunist'.

Pemimpin DAP memulakan kempen kebencian masyarakat Cina terhadap pemerintah, UMNO dan orang Melayu.

Manakala rakan-rakan komponen BN dari kalangan masyarakat Cina tidak berbuat apa-apa menjelaskan isu ini.

Di ketika ini lah masyarakat India di gunapakai oleh pemimpin keadilan untuk kepentingan politik Anwar Ibrahim.

Apabila Kerajaan gagal menangani Hindraf, MIC pun dibenci oleh orang India, maka Kerajaan mau tidak mau ada sedikit tunduk kepada mereka ini. Kita seolah-olah gagal melihat bahawa Hindraf ialah mainan politik orang India dan kebetulan Anwar Ibrahim jadi pak sanggup menunggangi mereka. Itu senario tahun 2004.

Kini, bila pembangkang yang juga dianggotai oleh mereka yang terbabit dengan Hindraf kelihatan bertempat dan menduduki beberapa kerusi parlimen dan Dewan Undangan Negeri DUN, puak-puak India ini semakin menunjukkan garang mereka walau pun dalam bentuk yang sangat tidak bermoral dan biadap.

Di seluruh negara orang Melayu sangat marah dan kecewa dengan sikap segelintir masyarakat India yang berada dalam pertubuhan HARAM ini. Saya melihat masyarakat peribumi wajib merasa tersinggung dengan sesiapa saja yang cuba memperlekehkan agama dan adat istiadat bangsa Melayu.

Melayu dikenali sangat toleran. Dari zaman Kerajaan Melayu Melaka lagi Melayu sudah mengamalkan semangat kasih sayang dan hormat menghormati terhadap pedagang dan mualim dari benua keling dan juga parsi serta Cina. Melayu di Tanah Melayu ini sangat di ketahui umum sebagai bangsa yang beradab. Ironi nya mereka yang datang dari benua Cina dan benua Keling ketika itu bijak menyesuaikan diri dalam masyarakat Melayu.

Tapi itu dulu. Bila mereka sudah ramai dan mempunyai kelyakan seperti doktor, peguam dan pedagang nampaknya lagak mereka mula berubah. Mereka meniru niru lagak lagak pelakon dalam filem keluaran benua India. Tiada lagi rasa sopan dan hormat menghormati.

Kemuncaknya Abdullah Badawi dan pemimpin-pemimpin UMNO menjadi cabaran dan tumpuan kebiadapan mereka ini.

Apakah tindakan kita.

Sebenar nya HINDRAF sebagai pertubuhan haram tidak perlu di layan. Pertubuhan lain masih banyak malah MIC masih ujud. Kalau barangkali MIC tidak berkesan, ianya bukan salah Barisan Nasional atau Perdana Menteri. Pemimpin MIC harus di tukar. Ini tanggung jawab orang-orang India keseluruhan nya.

Mereka yang menyalahgunakan demokrasi dan melanggar akta ketenteraman awam mesti di ambil tindakan segera. Jangan biarkan api dalam sekam yang akan membakar seluruh negara.

Sebanyak duapuluh lima negara masih menggunakan akta seperti ISA. Dimana silapnya kita menggunakan ISA? Apakah selepas negara hancur dan pertumpahan darah serta ekonomi hancur baru tindakan wajar diambil.

Dalam masyarakat majmuk seperti Malaysia, tindakan mencegah jauh lebih baik dari mengambil tindakan selepas berlaku nya petaka.

Pendekkan cerita, budak-budak dan samseng-samseng yang sedikit ini yang terbabit dengan sikap kurang ajar dan biadap ini harus diingatkan bahawa agama baik Islam, Budha malah Hindu tidak mengajar penganutnya kurang ajar. Kelemahan manusia yang menjadikan mereka biadap.

Oleh kerana mereka ini nama nya manusia, satu bentuk pengajaran wajib di buat. Atas nama kasih sayang dan pendidikan, yang di tahan terus di tahan, malah yang di luar ini yang merosakkan keharmonian dan keselamatan juga wajar diambil tindakan segera.

Kalau mereka merasa bongkak konon nya ada Anwar Ibrahim yang membela mereka sehingga sanggup mendirikan 'patung berhala' baru di Batu Caves, mereka adalah dalam keadaan tertipu. Kenali Anwar dan anda akan lari meninggalkan nya.

Melayu melalui UMNO hendak lah meperkukuhkan diri. Eratkan perpaduan dan ukhuwah dalam UMNO. Pemuda jangan hilangkan taring dan bisanya. Soal diri sendiri. Dimana laongan langkah mayat pemuda.....

Kepada orang-orang Melayu sama ada dalam PAS, UMNO atau mana-mana aje diminta terus bersabar. Tetapi pastikan hadnya tidak melebihi adat. Kepada rakan-rakan orang-orang India juga di harap terus bersabar dengan orang India sendiri. Kemarahan anda kepada segelintir masyarakat India akan memburukan keadaan. Orang Cina pula jangan babitkan diri mengambil kesempatan.

Tentu tidak manis kalau kita pula ke Batu Caves pada hari Deepavali secara berkumpulan membawa sepanduk menuntut agar HINDRAF di beri pengajaran, diharamkan dan dinyahkan. Tentu ini akan mencemarkan sambutan Deepavali. Jangan lah pendekkan daya pemikiran kamu wahai rakan-rakan pertubuhan haram ini.

Sementara itu ahli-ahli HINDRAF digesa tinggalkan pertubuhan HARAM ini. Anda sedang bermain api yang akan membakar diri. Tali yang ada juga akan melilit lahir sendiri.

Berwaspada lah.

Yes Tun, we do need a strong government. The government should afraid of the people, and not vice

versa. Therefore to have a very strong government to the benefit of the people, we also need a strong opposition. Like now we have a strong opposition, that makes government become more careful in anything they want to do.

By tedehc on October 13, 2008 7:35 PM

Dearest YABhg Tun Dr Mahathir,

I read your outstanding review of the current political situation in our beloved country with total agreement. The leader of the country says it all, a weak leader can only lead the country to destruction in all aspects of social and economic functions. It is very sad and disheartening that such a scenario is befalling the country now.

What is more appalling is the situation is seized by the irresponsible de facto opposition leader, some racially inclined NGOs, political leaders and what have we here, to drive the country into chaos and uncertainties.

During your time as the Prime Minister, you laid the vision and leadership for not only the industries captains to follow but indirectly the whole nation to look forward to. That's why the economy is robust and alive. But today, sadly the only vision is for the leader to create own wealth through mismanaging the people's coffer. The same goes in its drive to realise political ambitions for its own future ambitions.

At present, the inflation rate is slowly eating away our savings and income. Life is getting tougher to tolerate and everyday in the MSM, we are told the economy is doing well. But is it really?

The present leader should forget those stupid judicial, hadhari etc reforms, the priority now should be economic reform.

If the people are not economically stable, forget about racial stability, especially since we are a multiracial country.

By AmygdalaHijack on October 13, 2008 7:36 PM

Dear Tun,

There is no question for the need of a strong government... We need a strong and equally competent, rational, transparent and a very good foresight... your government has a very good foresight... you were stubborn when IMF tried to bully Malaysia into taking the bail out during the Asia crisis was a very good move... The investments into Islamic finances was another success story... Shame about the lukewarm uptake on the gold dinar- it's a brilliant idea but the Arabs have got no balls to gamble.....back to the strong government issue...

The question about racial unrest among Malaysians I think is due to several things...

1. The bedrock of it all, our education system... While it is true and easier for commerce etc, all Malaysians need to have an understanding in the major languages of other races- Mandarin and Tamil... we also need 'racial relations' study about each other... the reasons for prejudice between us is no other than feeling alienated by each other... unknown is a great cause of anxiety and familiarisation would introduce harmony....

2. equal opportunity. While DEB etc. are still needed, we need to have a more open, and competitive market between us... I AM NOT SUGGESTING A REVAMP ON THE MALAYS SPECIAL RIGHTS... but I think if we can drive down corruption, the government will have increase in revenues and this can be funneled through to inter racial economic projects...

3. equal bite of the economic pie... The Nobel Peace Prize winner Shimon Peres in one of his analyses thought that the reason why there is so much dissent among Palestinians is the underlying profoundly depressing economy state of the Palestinians... to give them opportunity would divert their attention to

something else...(what the ef*** **** are they going to do with all the sanctions they are under? but hey, it was mr peres' idea, the israelis dont totally agree with him on this one).... The fact that the 'friendly neighbour' believe in killing women and children is another matter, but in relation to what we are discussing, it supports the point....

3. of course, you can't have freedom without some boundaries... these needs to respected....

nevertheless, a good and responsible government is a sine qua non to cultivate a better economy and inter racial relations... right now, its the UMNO's intra relations that needs to be addressed...

This is just a suggestion Tun... Allah knows best...

YES. We need a strong government and strong and visionary leaders.

Malaysia merdeka tahun 1957. Dah lebih 50 tahun. Sama dengan Ghana di Benua Afrika. Kedua-dua negara merdeka dari British. Rakyat Ghana lebihkurang 23 juta. Rakyat Malaysia lebih kurang 25 juta. Life expectancy at birth: Malaysia 73 tahun; Ghana 59 tahun. Literacy: Malaysia 88%; Ghana 58%. GDP per capita (2007 est): Malaysia \$14,500; Ghana \$1,400. Population below poverty line: Malaysia 5.1% (2002 est.) Ghana 28.5% (2007 est.)** Notes from CIA: The World Factbook.

Kita patut bersyukur dapat mengecapi keamanan dan kedamaian selama ini. Ini adalah kerana pemimpin-pemimpin terdahulu (our founding fathers) mempunyai wawasan. Kerajaan terdahulu (Perikatan dan BN) mempunyai sokongan majoriti sehingga lah bulan Mac 2008 yang mana kerajaan pemerintah telah kalah teruk dan tidak dapat menguasai majoriti. Nak buat apa pun tak boleh. Tengok tv lak, depa asyik bertengkar dalam parlimen.

Kita belajarlh dari sejarah. Kita perlukan keamanan dan kedamaian. Kalau huru-hara apa benda pun tak jadi. Meniaga tak boleh, pergi sekolah pun tak boleh, nak minum teh tarik pun boleh, nak pegi head banging pun tak boleh. Isu-isu semasa semua nya menyentuh perkauman, ugama. Rakyat jadi takut. Nak pi raya pun takut sebab depa buat kecoh kat rumah terbuka. Mana punya budaya depa ikut???

Pada zaman Tun, depa cakap apa pun kami tak takut sebab kami tahu Tun akan memastikan rakyat dapat hidup aman damai.

Janganlah sebab kami diam, depa nak pijak kepala kami.
Tak boleh macam tu.

Assalamualaikum Tun,

Believe it or not, Paul "Plan B" Krugman, won the nobel prize for economic science this time. I called him the Plan B, because when you changed the currency regime last time, they sent him to make a "constructive engagement", so that he can lead us back to their system later on. This is just another branding exercise that later on when "they" want to take us for a ride, they can back their argument up with a Nobel prize class argument, especially if Anwar is the one who will do the nodding!

Hope somebody who can evaluate the theory by himself will be at the helm by then.

ciri2 seorg pemimpin yg disegani dan mendpt sokongn rakyat perlbagai kaum adalah berkeupayaan menerajui negara dlm tempoh lebih dr 2 penggal (10 tahun). Dlm masa tersebut, kerajaan dibawah kepimpinannya berjaya merancang pelan jgka masa pendek, jgka masa sderhana dan jgka masa pjg yg boleh memberi manfaat kpd semua rakyat dr pelbagai kaum. kbykan pelan jgka masa pendek melibatkan dasar2 yg akan menentukan halatuju sesebuah negara spt dasar pandang ke timur, dasar perindustrian, dasar penswastaan, dasar persyarikatan, belilah brgn buatan malaysia, sistem 1 masa bg Malaysia Timur & Barat, semua dasar inilah yg akn membawa rakyat kpd masa depan yg lebih jelas dan fokus bukan utk

beberapa pihak saja tp semua pihak akan dapat faedahnya. semua dasar ini dibentuk dalam tempoh 5 tahun pertama jadi PM. melalui rancangan juga masa sederhana pula pelbagai projek2 bermanfaat dirangka dan dibina bagi menyokong mencapai pelan juga masa juga seperti projek lebuh raya Utara-Selatan, Timur-Barat, projek kereta nasional, KLCC, litar sepang, KLIA. semua projek ini selaghpun melibatkan kos yang banyak tetapi dalam juga masa juga akan memberi faedah serta pulangan kepada rakyat menerusi kegiatan ekonomi yang lebih lancar, kedtgn pelancong asing yang memberi sumber pendapatan kepada rakyat, pelabur asing berminat bila ada kemudahan asas, KLCC jadi mercu tanda dan ikon kepada Malaysia yang akan memperkenalkan Malaysia ke seluruh dunia dan ini pastinya menggalakkan kedtgn lebih ramai pelancong, begitu juga litar sepang. pelan juga masa juga pulak lebih kepada wawasan negara iaitu mencapai matlamat negara maju menjelang 2020. matlamat ini bergantung kepada kejayaan dasar yang dilaksanakan serta projek2 pembangunan yang akan membantu pencapaian matlamat wawasan tersebut. itulah yang terdapat pada kerajaan semasa dibawah kepimpinan TUN Dr.Mahathir yang mjd tonggak kepada kekuatan BN sebelum 2004. ini kerana rakyat boleh nampak dengan jelas ke mana halatuju yang hendak dibawa oleh barisan kepimpinan negara semenjak hari pertama lagi Tun jadi PM kemudian dalam tempoh 5 tahun yang asas2 kemajuan telah dibtka walaupun dalam tempoh tersebut kerajaan dibawah kepimpinan Tun turut menghadapi situasi getir dalam persaingan politik dan merebut kedudukan. walaupun demikian kerajaan ketika bukan saja hanya banyak bercakap saja, biarpun berlaku krisis masih mampu juga untuk berbuat dan bertindak melaksanakan apa yang dirancang. itulah ciri2 kepimpinan kerajaan yang kuat.

sementara dibawah kepimpinan Pak Lah, permulaannya agak hambar dan dasar yang hendak dibtiknya awal2 lagi sudah tidak nampak relevan dan sukar untuk dilaksanakan dengan baik. dasar membasmi rasuah, dasar Islam Hadhari, bagaimana sekiranya rasuah itu dilakukan oleh pemimpin2 atasan adakah boleh disiasat dan inilah yang mjd mainan pembangkang yang telah melemahkan pemimpin2 BN, Islam Hadhari pulak lebih kepada melabelkan semula Islam supaya tidak dilihat sebagai agama yang membawa kemunduran dan keganasan, tetapi masalahnya Islam itu tak perlu dilabel semula tetapi penganutnya lah yang perlu diperbetulkan akhlakunya dan perkukuhkan semula pegangan Islamnya. jika mahu umat Islam negara ini dilihat sebagai bangsa yang maju dan berfikiran sederhana maka laksanakan saja usaha untuk memperkasakan umat Islam dengan sistem2 ekonomi Islam yang boleh membantu seluruh org Islam, sistem politik musyawarah yang lebih telus dan adil, sistem jaringan sosial yang boleh membentuk akhlak dan disiplin rakyat. tak perlu guna jenama Islam Hadhari, bukan kulit yang nak dilihat tp isinya. Jadi, ini dilihat oleh rakyat terutama org Islam sebagai suatu yang tak sepatutnya dibuat kerana ia nampak macam ada kepentingan politik dan pemimpin negara ini seolah2 takut dengan ancaman kuasa besar yang menuduh Islam (tulen) itu punca keganasan, sementara org bukan Islam pula keliru antara Islam Hadhari dengan Islam Tulen, pada pandangan mereka apakah Islam Tulen itu belum cukup sempurna sehingga perlu dilabelkan semula. selain itu usaha untuk memperbaiki sistem undang2, memperbaiki perkhidmatan polis dan sebagainya, segala itu sebenarnya hanya akan menampilkan kelemahan sekiranya tidak dibuat dengan bijak. rasanya, semua itu tak perlu dijadikan dasar sebaliknya jika hendak memperbaiki pun tak perlu nak diheboh2kan kerana ia melibatkan perkara yang sgt besar membabitkan integriti kepimpinan dalam kerajaan yang akan mjd kayu ukur kepada penilaian rakyat terhadap kredibiliti dan akhlak di kalangan pemimpin politik dan pegawai kerajaan. pendedahan ini hanya akan memburukkan keadaan.

Salam buat Tun dan keluarga. Sekarang keadaan kerajaan BN sangat goyah. Puncanya ramai pengundi termasuk org2 melayu dah termakan hasutan DSAI yang tak ada berpendirian langsung. Disebabkan dia, org2 Hindraf begitu kurang-ajar berdemonstrasi pada perjumpaan hari raya. Tapi org2 UMNO dan BN agak takut nak bersuara, takut nanti org2 Hindu yang lain akan melenting. Fikirlah baik2. Kalau DSAI berkuasa dan hapuskan NEP, akan jahanamlah org2 Melayu. Org2 Melayu Singapura dah lama hilang kuasa di negara sendiri. Kalau tidak berhati-hati dan selalu bertelagah sesama-sendiri, org2 melayu di Malaysia akan terpinggir dan dipinggirkan. Bangsa2 lain pula yang akan berkuasa. Sebelum ia terjadi, hapuskanlah PKR, parti kanak-kanak rakyat, yang cuma menggagang-agungkan pemimpinnya yang cuma tahu mengamuk, buat kacau dan gila kuasa.

asalamualaikum tun,

as always,bulls eye.straight to the point.agree 100%that Malaysia needs strong and capable leadership.who do we have?najip's turn now.same scenerio with paklah.son out law act more than father in law.now mrs najip's turn to ruin the country.Rakyat got no problem with najip on the whole,considering tun razak's contribution to the country especially to the bumis.can najip wear the pants in his house?

no disrespect meant here.but if UMNO want's to survive the coming years,better draw battle plan from now.we have had enough..and please don't think paklah is sacrificing himself for the greater good of the party or country.hell no.paklah finally GOT THE MESSAGE.leave or face the music.

so let's hope najip doesn't walk the same path that paklah took.let's pray for true strong leadership and most important of all,a true honest leader with the Rakyat at heart.sure reminds me of tun's era.

Dear YABhg Tun Dr. Mahathir,

Agree with everything that you had written. I did not agree with some of the things you did but you always had the interest of Malaysia first. That was very apparent. You too had the gift of knowing what to do. Perhaps it came about because you read extensively.

In a nutshell no one can accuse you of not doing the job.

You did the job very well indeed.

Dear Tun & Bloggers

Yesterday I attended Raya open house of a friend. Somehow someone mentioned about D.N being the PM. Some had given their views how worried they are with that situation. I'm affraid many still think that D.N is somehow related to the Mogolian model death. In fact I have heard many given same feelings

regarding issue everywhere.

I'm sorry to tell you this Tun. People are really confused and very affraid.

Assalamualaikum warahmatullahi wabarakatuhoo !!!

YAB Tun dan keluarga.

Alhamdulillah dan syukur ke hadrat ilahi.

Saya bersama keluarga sentiasa berdoa agar Tun sihat sejahtera dan semoga keamanan Malaysia yang dikecapi selama ini menjadi agenda utama yang penting untuk setiap pemimpin dan rakyat untuk bawa Malaysia ke hala tuju yang boleh dibanggakan.

Ayah saya yang umur sebaya dengan Tun berkata 'Malaysia susah mahu cari pengganti untuk 2 orang iaitu Allahyarham P.Ramlee & Tun Dr.Mahathir'. Ayah saya pernah lihat Tun dengan jarak dekat iaitu di tapak Pasar Tani di Suleiman Court dimana SOGO adanya sekarang.

Akhir sekali saya berdoa agar jasa Tun selama ini memberi semangat kepada pemimpin pemimpin muda untuk bersungguh sungguh menitik berat hal keamanan dan kestabilan politik dengan menitik berat bukan sahaja ekonomi tetapi kesejahteraan ummah untuk akhirat kelak yang dapat menerajui dengan saksama sebuah 'STRONG GOVERNMENT'.

Wassalam.

Salam Tun,

I am a firm believer of the spirit and principle of BN which originates from Perikatan.....the same principle has been adopted by our Rasullallah SAW to unite the tribals Arabs. Its not the question of weak government, its a leadership crisis we are embroiling.

To prove my point, PAS left the BN coalition, but since we have a good leadership then, BN is not shaken.

Salam.

By kamal on October 13, 2008 9:09 PM

salam Tun,

your musings now turn to strong governments just when everyone is thinking of najib and muhyidin as the next core leaders.....timely? which leads to the question, are najib+muhyidin the key preamble to a strong government?

najib as you had earlier remarked as a yes-man must surely not qualify as a strong leader, that leaves muhyidin alone, remember he is the one who pop the question first to the media?

if bn is the government, would koh tsu koon, samy, and whoever it is from mca fit the criteria?

do we need a strong government?, is easy to answer academically, but there is NONE in the present line

up that can form it. sad?

continuity is our problem here. admittedly your last 22 years was a strong government which suddenly went reverse on all fronts, left everyone clueless.... and we are all too big headed to admit and agree that singapore's practice of continuity does lend a steady hand in governing....

By OrangLama on October 13, 2008 9:09 PM

Salam,

Saya berpendapat kerajaan yang kuat dan kukuh di Malaysia hanya boleh wujud jika parti UMNO sendiri kuat. Jika PKR dan PAS dah mula menjadi pilihan orang Melayu, maka tak hairan lah parti komponen BN lain akan hilang "respect" kepada UMNO.

Jika PAS seperti di negeri Kedah berjaya memeperjuangkan hak Melayu lebih dari UMNO. Saya percaya ramai ahli biasa UMNO akan join PAS. Jika PAS berjaya perjuang hak Melayu, maka fungsi asal UMNO telah diambil alih oleh PAS.

Wahai pemimpin UMNO sekalian, kembalilah ke pangkal jalan. Jika tak ada keikhlasan dan tiada kebolehan janganlah berebut jawatan pemimpin. Janganlah hidup meyusahkan rakyat. Berjuanglah sebagaimana pejuang2 Melayu yang asal. Depa tak rebut jawatan. Depa bukan hendak kemasyuran dan harta benda. Depa hanya menjalankan tanggungjawab pertahankan tanahair dan masa hadapan generasi seterusnya.

Ikhlasakan diri berjuang untuk keredhaan Allah Ta'ala seperti orang2 dahulu. InsyaAllah nama2 tuan2 semua akan disebut, dikenangi dan dihargai oleh generasi akan datang.

Examples of strong governments:

Kim Il Sung - 46 years - 24 years as PM (1948-1972) and 22 years as President (1972-1994)

Fidel Castro - 32 years (1976-2008)

Suharto - 31 years (1967-1998)

Robert Mugabe - 28 years (1980-2008)

Mahathir Mohamad - 22 years (1981-2003)

gee...which one of the above leaders propelled his nation to be a well-respected developing nation while minimizing racial tensions and putting the liberals in their place?

It will always amaze me how the opposition stalwarts will reduce Dr. M into a dictator or a Stalin or a Mugabe, just like the whitewashed western media and journalists- try reading BBC or watching hardtalk.

Can we equate Anwar as Malaysia's own Suharto???? After all he's a very good buddy of Wolfowitz, a former US ambassador to Indonesia.

tun,

i really like your blog

hope u will contribute more of ur great ideas n thoughts about the country

hv always been ur fan ever since i was a child :)

sy sgt suka political era tun

miss sgt tun being the PM

kalu dulu masa perhimpunan agung UMNO tu mmg sgt tunggu la turn tun nk kasik speech

tp skrg sy dh x tgk lagi perhimpunan agung UMNO

i agree with ur opinion about we need the strong govt..

esp the needs to hv a PM who is very decisive, firm and tak mudah diperkotak katikkan

skrg mmg masa susah BN

n kalu pengemudi x pandai mengawal haluannya, apa yg BN telah usahakan berpuluh2 thn mungkin akan hancur dalam sekelip mata

BN kena menilai balik apakah aspek yg tidak relevan dlm kepimpinan mereka

esp skrg the gen X mostly dh ada hak mengundi (ppl who born in 1980 n above)
these young people r looking at the country leadership in different dimension
bukan shj in political area, but the same thing also happen in the organization yg byk2 executive baru
generasi X ni

last year masa UTP convocation, tun baru recover from ur bypass surgery n was not really healthy..
sy quite frustrated act sbb 5 thn belajar nk tunggu salam convo dgn tun
hopefully next time kalu ada rezeki, boleh salam n bgamba dgn tun

wish u live well, healthily n happily

Aslmkm YABhg,
Saya hairan mengapa bila pemimpin UMNO buat kenyataan, berdasarkan fakta sejarah, mengenai
asal-usul orang-orang Cina di negara ini mereka dituduh bersikap perkauman dan dikenakan
bermacam-macam tekanan. Seheinggakan permohonan maaf dari Najib pun tidak diterima. Tetapi dato
Tan Lian dari Parti Gerakan yang membuat kenyataan mencabar asal-usul orang Melayu pula dilepaskan
dengan begitu mudah sahaja. Dato Tan Lian adalah seorang Timbalan Menteri di Kementerian
Penerangan. Beliau patut lebih bertanggungjawab dan tindakan yang lebih tegas patut dikenakan
keatasnya.

PERALIHAN KUASA

Apabila pemerintah bertukar kerajaan mahupun takhta bertukar tangan sesuatu yang rakyat dambakan
adalah perubahan dan penambahbaikan atau 'reform' dan 'improvement'.

Bidang memilih pengganti bukannya kerja mudah seumpama membuat telahan atau ramalan bilangan
bintang di langit. Sebaliknya adalah amanah berat kerana yang memilih samaada suara rakyat atau
pemerintah tertinggi yang bakal menerima kesan dari pilihan yang dibuat di kehidupan dunia ini mahupun
kehidupan selepasnya.

Mengira detik bilangan hari peralihan kuasa bukan satu persoalan. Bulan Mac tahun depan bukanlah
jauh di hujung dunia. Bukan pula lambat apabila dihitung purnama. Tetapi titik persoalan utama sekarang
adalah kredibiliti yang dinanti daripada si pengganti.

Sesuatu yang dinanti adalah kredibiliti yang datang daripada keupayaan dan kejujuran pengganti.
Malaysia mungkin mempunyai ramai kelibat pemimpin berkarisma dan bijak tapi apa yang bakal dituntut
adalah keupayaan yang menjadi teras kekuatan pemimpin dan kejujuran yang menjadi dinding akhlak
bakal si pengganti. Diharap Malaysia akan menerima pemimpin yang punya kedua-duanya.

Apapun yang pergi akan tetap dikenang dan yang datang bersilih ganti.

Khas buat Dato Seri Abdullah Hj Ahmad Badawi lafaz selamat tinggal diucapkan dan jika ditakdirkan Dato Seri Najib Tun Abdul Razak akan menjadi pengganti atau bakal pemerintah lafaz tanhiah diucapkan.

Tambahan lagi kepada DS NAJIB ucapan....

GET READY ditalukan kerana rakyat khasnya TUN MAHATHIR tidak akan duduk senyap kerana segala tindak-tanduk dan gerak-geri akan diperhati.

Blok D, rumah flat tempat saya tinggal dihuni oleh beberapa golongan etnik, sebelah depan rumah saya ialah Pak Arab dari Sudan, sebelah bawah rumah pula pak arab juga dari Yaman, Yang sebelah lagi budak2 bujang cina, Aras ground floor pula beberapa keluarga India, selain Melayu, dan cina, begitu juga orang2 arab lain dari iran, libya, dan seorang org peranchis Ronan namanya. Rumah flat ini menjadi kawasan penempatan antarabangsa kerana terletak berdekatan dengan UKM dan kebanyakan mereka adalah pelajar di sana.

Ketika saya membaca artikal ini ada seribu satu macam bunyi yang hiruk pikuk, yg sorg sedang menderum-derum kereta mazda lamanya, Pak Arab Yaman tu tengah buat renovation agaknya, hampir setiap mlm dia mcm tu, ketuk dinding tak habis2. Ada pulak anakdara turun tangga dengan kasut tumitnya berkletak-kletuk bunyinya kuat skali.

Suara budak menangis lagi la, bersahut-sahutan.

samada kita memerlukan kerajaan yg kuat atau tidak ? kami hanya mahukan tempat tinggal kos rendah yg selesa dan tenang. tapi, takde pemimpin yang mahu memikirkannya. nampaknya mereka lebih rakus mengejar kedudukan, pangkat, harta dan tembolok masing2, Ya ! Allah, berilah mereka peringatan dan pengajaran supaya mereka sentiasa sedar siapakah diri mereka sebenarnya.

the problem with you is TUN you never believe in multiracial, you only want a curruputed umno to run this counry, do you know how many sin have they creted under your rule ? waht is nep when naza can owe hundres of APs, why not give to hundres of bumi instead of 1 ? promoting islam and at the same time curruption and abused and misused of power which is dosa is so rampant under your premiership no doubt you spend a lot more and they said you bring development, i can do that too you know with the monies from petronas.

You have to be sincere of waht the other races even the india estate worker contribution to this country, umno is finish , period even the bumi rejected them, most , bcos they are not benefited at all.

I dont have high hope for PR initially, but they seem to pool things together better than what BN can do in 50 years, races relation is better when you talk one to one. go down the field and u will know without all the protocol . I used to admire you a lot , but you seem to make a lot of unislamic statement, which mean racist in nature, where the hell you think we are, r we not contributing to the income tazx enough for your

previous govt to waste and send all vip children to over-see while leaving the needy poor bumi and malaysian at home and struggle, tun be fair and wise to ALL malaysian and earn some merits

I never thought there would be a time in Malaysia where there would be a weak and incompetent government. I think AAB should spend the next 6 months reading and reflecting on the management skills of the earli Muslim community in Madinah and how the Sahabah were the pinnacle of strong and effective leadership. They were decisive and deliberate in their authoritative roles because of their strong conviction for a noble cause. I hope that with a leadership change, there comes a mentality and attitude change as regards to putting the success of the state before all else.

Y.A.Berbahagia Tun, ada seorang yang konon menggelar diri penganalisa politik menulis di sini
<http://msomelayu.blogspot.com/2008/10/ketua-pemuda-umno.html>

yang antara lain mendakwa:-

".....Campur tangan bapanya, Mahathir Mohamad juga tidak boleh diketepikan. Semasa pilihan raya umum lalu ada seorang calon mengakui menerima wang sebanyak RM1 juta daripada Mahathir. Kalau kepada orang lain Mahathir boleh menghulurkan sebanyak itu kenapa tidak untuk anaknya sendiri?...."

Bagi saya tuduhan begini merupakan satu lagi produk keluaran seorang blogger politik murahan dan Tun sikitpun tidak tercalar dengan tuduhan liar begini, malah Tun pernah dituduh lebih drp itu. Tapi saya berpendapat jika Tun menyaman orang ini, atau membuat laporan polis mungkin ianya boleh menjadi satu permulaan untuk membentuk warga cyber atau bloggers Malaysia yang lebih bertanggungjawab!
By cyongt on October 13, 2008 10:03 PM

Dear Tun,

There are 2 points I would like to share with Tun, based on this writing:

1. Coalition government:

Tun mentioned that a strong coalition government is able to hold its coalition or vice versa. This is true if the component parties are only interested in the economic benefit resulting from the political influence (which could also cause corruption).

But if the component party upholds the basic principle in which the party is formed, having a strong government doesn't play an important role (in terms of avoiding component parties from leaving). Only if their principle cannot get implemented, the component party may leave. Example can be seen in Germany, where the coalition parties do not normally have two third majority, but still, the political situation is stable.

2. Multiracial society:

Following my previous argument, and ignoring the reason for economic benefit, let's look at the situation in Malaysia. The main component parties in BN are formed to fight for the rights of their own ethnics. This, basically, already generates conflicts within the coalition itself.

So, what ties the coalition government now is simply the economic benefit. If this interest is not fulfilled, the component parties may threaten to leave. The component parties do not join BN because BN is strong, they join because they want to gain some economic benefit.

The only way would be to abandon the race-based politics, and based it on the real principle to prosper the country. There are various principles, and hence there could be various parties. Parties form coalition if they share similar (not necessarily identical) principles.

p.s.

I still remember my grandmother talking to me about the "good old times", when the people, for they are Malay, Chinese, Indian or Dayak, etc., had just a simple thinking to live and prosper. People were helping each other. They have never thought that other ethnics will jeopardize their rights until the race-based politicians make an issue out of it. So who's the one disuniting the people? Who's the one giving this kind of tags?

It is a pity that my true Malaysian friends from other ethnics are actually made outside Malaysia. In Malaysia, we are given different kind of tags by our political environment, we can't simply talk to each other. Outside Malaysia, we are, just and simply, Malaysians.

By congkak on October 13, 2008 10:11 PM

My dear Y.A.Bhg. Tun,

Assalamualaikum.

I totally agree 100% with all your comments above. In fact, we must, by now, learn from our mistakes and not to repeat it again in the next general election. Please stop the bickering amongst ourselves in BN & start working towards a very strong BN Government, InsyaAllah. Amin.

I strongly believe that if all the component parties in BN could set aside their differences & work together towards one same vision & mission (that is to say, a prosperous Malaysia of various races who respect each other's needs & sovereignty), it will not be a surprise at all that BN would this time secure more than two third majority, hopefully with the necessary guidance from Y.A.Bhg. Tun, if not too much of asking :)

Y.A.Bhg., you're the best PM so far where all the races could live happily under your premiership.

Thank you Tun for your willingness to read my two-sen worth :)

Salam Aidil Fitri & Maaf Zahir Batin. Semoga Tun dipanjangkan umur & dimurahkan rezeki selalu :) , InsyaAllah. Amin.

By akubosan on October 13, 2008 10:13 PM

salam Tun,

to a post about paklah being mr nice guy who is not racist, I would say this to the poster. It is good to be nice, but it is not a pre requisite of being a great leader. A great leader must have vision, mission and above all smart to unite the nation and inspiring to others.

Leadership is not magnetic personality — that can just as well be a glib tongue. It is not making friends and influencing people — that is flattery. Leadership is lifting a person's vision to high sights, the raising of a person's performance to a higher standard, the building of a personality beyond its normal limitations-Drucker.

I am not sure about najib's potential , maybe being tun razak's son he has a lot of advantage, but I only hope that in the next few years we will never be in a situation where we will say the same sentences we said after chedet quit office and after paklah's four years in office.

May Allah bless Malaysia.

I totally agree with you Tun. Those who don't like you and accusing you for so many things are those who

don't understand what is politic all about. I still remember of Machiavelli Theory, in order to be in power you must be "cruel". So i don't blame you Tun for being a very firm Prime Minister during your time. That is why you are very successful. But what about your successor. He ruin everything that you have done to make our country developed just because he want to tell Malaysian that he is a holy man or a nice guy. Like Anwar just because to get in power he is willing to do everything which is possible to make him become Prime Minister. That's mean Anwar also learned from Machiavelli.

SALAM TUN,

THE STAR today have just proved me and TUN right, Zaid Ibrahim visited Anwar Ibrahim at the PKR's leader opening house on Saturday which held at Cherok Tokun.

About your article today, seems to me this article should be written 2 or 3 months earlier.

However your explanations on our economy(weak) current situations are true. It was obviously right as we knew when KLCI drop almost 500 points last week which means investors are pulling out money from market share. It also proved that our economy in weak conditions.

TUN, why don't you focus more on how to strengthen back our economy by giving your opinions or views on this blog?

Or why don't you arrange an appointment with the Finance Minister 1 or 2 in the nearest time, to clarify all your views regarding current economy situation and giving opinions to strengthen the economy and our nations?

Or why don't our government assemble advisory council named Government Advisory Council(GAC) which includes former leaderships we have such you TUN, KU LI, MUSA HITAM and many others?

Your experience is much needed to help weakest leadership we have today.

Hope our country would be given a strong leader as we had before with a great cabinet team's in order to compete internationally and to strive towards achieving VISION 2020.

THE STAR today have just proved me and TUN right, Zaid Ibrahim visited Anwar Ibrahim at the PKR's leader opening house on Saturday which held at Cherok Tokun.

About your article today, seems to me this article should be written 2 or 3 months earlier.

However your explanations on our economy(weak) current situations are true. It was obviously right as we knew when KLCI drop almost 500 points last week which means investors are pulling out money from market share. It also proved that our economy in weak conditions.

Yang Mulia Tun,

Kadang-kadang saya kecewa dengan para pemimpin negara sama ada yang lama atau yang baru. Penggunaan Bahasa Melayu sangat kurang dalam semua perbualan dan ucapan sehingga di hadapan rakyat Malaysia yang berbangsa Melayu pun masih juga hendak menggunakan Bahasa Inggeris. Tetapi di waktu yang sama bercakap tentang hendak memartabatkan Bahasa Melayu.

Kemudian bila kaum lain tidak menghormati Bahasa Melayu dan tulisan jawi, semua hendak melenting. Sampai bila pun Bahasa Melayu tidak akan menjadi Bahasa Ilmu di negaranya sendiri.

Bercakap tentang kerajaan yang kuat, saya terpenggil memberi pendapat. Mulai sekarang hingga bulan Mac nanti, negara akan hilang punca. Rakyat juga hilang punca. Hari-hari tak ada berita lain yang kedengaran. Ini baru proses menawarkan diri dan perlumbaan nak jadi calon, belum proses berkempen lagi.

Masa untuk membangunkan negara dan sumber negara dihabiskan begitu sahaja. Masa tersebut digunakan untuk berkempen dan melobi bahagian-bahagian. Terlalu demokratik sehingga calon yang mempunyai masalah pun mahu bertanding untuk jawatan tinggi parti.

Orang belum lupa lagi kes wang RM2 juta di Australia dulu. Orang belum lupa lagi kes gadis bawah umur di Melaka dulu. Walaupun didapati tidak bersalah, imej kerajaan harus dijaga. Macam mana kerajaan hendak jadi kuat?

Sekuat manapun kerajaan, kalau masa dihabiskan tanpa penjana ekonomi dan sumber negara, akibatnya akan timbul onar. Dan seyugia diingatkan iaitu ada orang menunggu peluang sahaja untuk merampas semua ini.

Sekian.

subjust TUN you had put out in your BLOG.I do not wish to prolong.
When You become the PM The country was strong in every sense including its Leaders.Now not only the GOVT is weak .The Outgoing
PM is said to to be Lameduck.Replacing Him is also very TINTED with
multiple issues.Will this not also haunted him rather the True is never from time.I remember TUN infact at one point of time did not
find Najib as Good as expectation so do the Nation.This is no choose delima.I just watch talk on TV.Why not the nation give him the change to lead. Meaning KU LI .

But sad to say that we do not have any potential candidates in either camp (BN or PR) at the moment that has strong leadership skills! we are doomed until we find "THE ONE" who will bring the country to better times and bringing back the racial harmony! to me the current BN and PR has no one that can do the job! so we as rakyat gotta do better ourselves and not rely on these politicians!

Salam Tun,

Kalau boleh saya nak minta Tun ulas skit pasal cadangan Pk lah nak tubuh Kelab BN. Saya sebagai rakyat biasa rasa mcm ada yang tak kena pada cadangan tu. Seolah2 mcm ada agenda peribadi je. Lagi pula idea dikeluarkan ketika merasmikan perhimpunan agung parti Gerakan. Dan seperti yang kita tahu, Gerakan lah satu2nya parti yang galak dok bercakap soal satu parti BN.

Tun, yang saya tak faham sangat, kenapa la Pk lah tu terlampau nak bg muka sgt pd parti yang da kalah teruk pilihanraya, dah tu pulak bersifat anti-melayu lak tu. Saya amat berharap agar pemimpin melayu dalam UMNO dan BN tidak termakan dengan tipu helah Gerakan yang seakan mahu menghilangkan kuasa Melayu secara halus dan berhemah.

Harap Tun dapat utarakan pendapat Tun dalam Hal ini. Tq

Speak for yourself, Mahathir.

It's not "we", it's the Malays. The Malays need a strong government to use heavy-handed tactics to suppress dissent aimed at racial and unfair policies that favor them.

...hardly few weeks ago we had Zaid Ibrahim throwing the bombshell at his 'nice n clean' PM with his sudden outbursts on judicial reforms and anti-ISA stand which eventually saw Zaid's hasty exit from the Cabinet. Now that we have another champion Shabery Chik, going at odds with his 'cool n easy' boss on the eventual dissolution of UMNO, if the notion of direct entry into BN materialised...sad state for our 'ever

cool n relaxing' PM now that he is embroiled into reasoning out his so-called noble idea...

Perhaps Tun is cock right on your advice to him to 'shut up', while waiting for Mac to come by...i wonder, if the son-in-law is partly to be blamed for the early and disgraceful departure of his most beloved sleeping Prime Minister of the 'lands of the rising son-in-law' !

By svijeyan on October 13, 2008 10:59 PM

Dear Sir,

I read your article with much interest. Anyway it was your view.

Need of a strong government for multiracial country is not a must if the citizens knows to respect one another. Malaysians are much learned society now compared to your young days. Matured society knows their limits. Even if one crosses the limit nobody bothers.

In our country, some selfish politicians to which you top the list, play racial cards to arouse emotions of certain groups against others. As Malaysia practices communal politics, these politicians play racial sentiments because, it is the shortest and the cheapest way to popularize themselves among their community. They have to do this when their party election is near by. Messages of these selfish politicians are brought to the public by their favoured newspapers and TVs. Their medias are above the laws of the country because if other vernacular papers write news of equal gravity favouring their community, the KDN would be with drawn.

These politicians (including yourself) self interest supersedes their love for the country.

dearest Tun,

finally there is hope with the latest announcement of DSAB not to retain the PM post, thats really seing light at the end of the tunnel, but do u personnally think that DS najib is the best candidate? to be honest, in my opinion, in the current UMNO MPs most of them are lack of caliber (some or most bloggers may disagree with this). DS Najib, even before becoming PM is already surrounded with scandals though he denied it by swearing on the Quran, but this and other scandals will continue to haunt him. will he be able to focus on governing the country then?? Hope the light at the end of the tunnel is not an oncoming train...

Dear Tun,

Berdasarkan pergaulan seharian, ramai generasi baru masih kehairanan mengapa generasi lama boleh bersatu padu didalam menjayakan Malaysia seperti adik dengan abang. Saya tertarik dengan satu luahan pendapat yang mengatakan bahawa keadaan tersebut berlaku kerana Cina dan India mengiktiraf "ketuanan Melayu". Bangsa Melayu secara semulajadinya tidak rasa tergugat dan sanggup berkongsi apa sahaja.

Tetapi hari ini, disebabkan tiadanya pemfokusan sejarah dan fakta terhadap asal usul Malaysia , maka generasi Cina dan India baru merasakan mereka mempunyai hak sama rata dengan Melayu sebagai warganegara dan tidak perlu menghormati Melayu sebagai tuan asal Malaysia. Soal perjanjian dulu dan perlembagaan dianggap sebagai bahan sejarah. Tambahan pula hari ini, pemimpin pembangkang Melayu yang turut memperjuangkan agenda yang sama atas atas dasar kepentingan politik peribadi.

Sekiranya diatas semangat yang sama, ahli politik kerajaan yang masih bodoh mempertikaikan asal usul Melayu, perlu dikenakan tindakan yang sama sepertimana wakil UMNO dari PP. Walaupun wakil tersebut belum tentu bersalah.

Mesej yang salah akan diberikan sekiranya pemimpin UMNO turut mendiamkan diri dalam soal ini.

Pemimpin Melayu dalam PR semacam robot, lihatlah kerajaan negeri Perak...

Bangunlah Melayu Islam dari mimpi...

Salam Tun

I think the racial bias in this country is at its worst level. It's all due to our leaders (past and present) using the race card to get support due to their own weaknesses even within their own race. Its ironic when Tun said that our present leaders are weak but is it not that most of them were once under Tun?. It might be good for the country that we once had a very strong leader like Tun but look at the result now. It produces weak successors who are basically 'yes' man and unable to resolve the critical issues in hand when they take the lead. Handing over the baton to DS Najib will not solve the problem as he is not as strong a leader as anyone would want him to be, especially when one compares him with his father. I think we have a long way to go to get a strong leader to resolve our country's woes.

By M. Fauzi on October 13, 2008 11:10 PM

Assalam Alaikum,

Dear Dr. Mahathir,

I used to think that BN had a marketing technique by using MIC, MCA, and UMNO to win the hearts and minds of all major races (in terms of numbers) in Malaysia. But now I realised that it is just another racial division that we have in politics, along with that in school, work, social life, and etc.

In most cases, racial division in the country is not a problem; but the division remains. So, how do we solve an arising racial problem if racial unity is diminishing ??????

It is only a natural instinct to protect "our own" in times of divisions. One such problem is the increasing demand of racial equality.

Dear Dr. Mahathir, how do you propose this "Stronger Government" should tackle the complicated and deep rooted racial division we have ??????

As much as I am patriotic, I am all ears.

Warm regards,

Muhammad

PS. to Malaysian politics: WE NEED TO MAKE MONEY... NOT CHANGE...

(money = some degree of satisfaction, that may treat racial problems)

Salam Tun,

Saya dan keluarga tergelak besar bila Koh soo kun gelarkan Pk Lah Bapa Demokrasi. Dan paling lucu bila pk lah dengan bangga tersenyum menerima gelaran tersebut.

Persoalan lucu mula timbul, adakah sejak merdeka dulu, dari zaman Tunku sampai la ke zaman Tun negara kita ni telah diperintah secara bukan demokrasi? adakah selama ni tak de pilihanraya? adakah rakyat langsung tak boleh nak bercakap? atau berapa ramai pemimpin pembangkang yang da mati kena bunuh oleh pihak kerajaan?

Kalau ye pun nak bodek, berpada-pada la, jgn la sampai nak memperbodohkan rakyat. Apalah yang nak dibanggakan, kalau pun benar paklah lebih demokrasi dari yang lain sebelumnya, pada rakyat apakah keadaan dan kehidupan sekarang lebih bagus dari dulu? Apalah maknanya demokrasi yang dibawa pk lah dengan kesempitan hidup rakyat dan anak bangsa yang menerima natijah dari kepimpinannya yang lemah dari segala hal.

Adakah bila bangsa melayu sudah boleh diperkotak katikkan maka ianya satu demokrasi baru? Apakah bila hak orang melayu sudah boleh dipertikaikan maka itu lah sebenar-benarnya demokrasi dimata Soo kun? Apakah bila orang Melayu sudah tidak boleh mencium keris pusaka bangsa sendiri maka itu lah demokrasi yang tulen?

Sungguh malang nasib Melayu mendapat pemimpin yang gilakan pujian, takut pada tekanan hingga menggadai maruah bangsa sendiri.

Our neighbor in the north - greater democracy, weaker govt - people sleep in the streets and govt's house.

Our neighbor in the south - Strong govt, greater democracy with ISA (opposition rep made bankruptcy)but no HINDRAF - the counry is very far advanced.

Look at them, how they handle the minorities, the Malays, no one marches into their leader's functions. HINDRAF, Social Contract, The rights of Bumiputera, Ex-gratia, the minorities are questioning the rigths of Majority (what a democratic country?). Dear Tun,

Malaysians now have had a taste of superior leadership (yours) and below mediocre leadership (regret to say your successor even has problems organising his thoughts).

It will take generations before a leader of your calibre will emerge and in between Malaysians can only hope that until then, those at the helm will at least be above average.

I pray the country will get back on track and all Malaysians can at least afford to smile again.

Best Regards

By ZACHARY64 on October 13, 2008 11:16 PM

aswb Tun & the rest,

I vehemently agree with Tun's statement; A weak Government would not be able to deal with the quarrelling between the races, which is the natural tendency of most multiracial societies. Indeed in some multiracial countries violence and fighting are common. Witness the countries around us.

Again I have to say that it was DSAAB who triggered this scenario few years ago as he really wanted to propagate the real democracy under the so-called philosophy of Islam Hadhari that practices openness and fairness in every areas, politically, economically and culturally. Again I would say that DSAAB is undoubtedly a good person, a pious person, a distinguished diplomat, a good husband and family person. But when it comes to managing a country, a Pm must run a ship in very stern and strict manner, who ever wanted to rock the boat will be thrown away overboard. You have demonstrated the resolute quality of a captain before, who ever staged mutiny against you will be casted away. You are really a good doctor who knows how to prescribe the type of medicines and antidotes to cure sickness and disease within your party and the government. And our country really needs a leader like your calibre.

I hope that the new PM would be able to exhibit your kind of leadership qualities to manage our country's multiracial people free out of the troubles. May the new captain steer the ship out of trouble water.

I would like to pose this question to you my dear TUN, have you been ever consulted by the ruling party for advice when it comes to critical matters concerning the country's policies and administration nor the critical matters that surrounds the government and her people ?????

we strongly feel that you could still contribute to the country in the capacity as the government's advisor which is akin to the Senior Minister of Singapore? Perhaps Tun could always write an article on this matter.

Wassalam, may Allah Subhanawattalab bless you and your family.

inilah dipanggilkan udang di sebalik batu ... mana pemimpin yg bukan melaungkan agenda untuk bangsa, agama dan negara, tetapi niat sebenarnya adalah mengaut keuntungan dari projek keraaan?

kini, Tun mula tunjukkan niat Tun untuk kembali berkuasa agar anaknya dapat memonopoli kekayaan negara ini ...

Adakah Tun sedar akan keadaan seperti yg berikut?

(1) Pilihanraya 2004 mencatatkan kejayaan yg cermelang kerana rakyat menaruh harapan pada abdullah untuk menghapuskan Mahathirism ...

(2) Tun mengecam abdullah menjadikan kekayaan negara sebagai kekayaan milik keluarganya ... namun Tun sekarang juga berniat untuk menjadikan kekayaan negara sebagai milik keluarga Tun

(3) Tun mengecam abdullah gilakan kuasa dan tidak mahu berundur, namun Tun sekarang berniat untuk kembali berkuasa ... artikel ini telah jelas tunjukkan niat Tun dengan pelbagai alasan agar pada masa akan datang, Tun dilantik menjadi penasihat negara dan menggunakan peluang ini untuk membantu anaknya sendiri menjadi perdana menteri kelak

(4) Tidak tahukan Tun bahawa orang Malaysia amat membencian Tun kerana memecahbelahkan rakyat di negara ini, dah keadaan ini amat jelas dikalangan orang muda?

- Hanya orang yg berusia menyokong Tun kerana minda mereka dipengaruhi oleh media yg tiada kebebasan pada zaman Tun, yg menyebabkan mereka berminda seperti dalam zaman jahilliah.

Namun saya faham benar Tun akan berkata ... Tun tidak mungkin menyebabkan semua orang sukakan Tun, tetapi yg suka Tun itu tidak kurang juga ... Inilah mahathirism ... apa yg dibuatnya adalah betul dan perkara yg sama dilakukan oleh orang lain adalah salah ... dan bermuka tembok ...

Cuba Tun bandingkan Tunku Abdul Rahman dengan Tun sendiri ... walaupun orang muda seperti saya

tiada peluang melihat Tunku Abdul Rahaman, namun jasa beliau amat dihargai dan disanjung oleh semua kaum ... Bagaimanakah pula dengan Tun? Tahukan Tun bahawa berapa ramai orang yg bersuka-ria dan ketawa terbahak-bahak apabila melihat Tun dalam peristiwa terkena sembur mata dengan semburan serbuk lada hitam? Semua orang ketawa dan mengatakan padan muka Tun ... Sudah pasti Tun menafikan bahawa begitu ramai orang yg bencikan Tun ... siapakah yg akan beritahu Tun keadaan ini dengan kedudukan Tun? Mereka hanya akan maki-hamun di belakang Tun ...

Sedarkan lah diri, tun ...

In a multi racial country yes we need a strong and firm goverment to lead you can't please all the races all we need is a good balance just like the BN weighing scale.

I hope Najib & his deputy will be firm in their decision making without fear or favour in moving us forward we are in need of a dire change.

It will be a plus if they have you in the cabinet on advisory role it will be good and welcome news for the Rakyat.

Take care....

Eh 1 more thing since Pak Lah has made his decision to go, umm do he have his portrait hanged at the memory corridor in PWTC and what he will be remembered for?

Because I saw this painting that have 5 person in it with their contributions in PWTC which includes u, so Pak Lah can be the no 6?

By Zulfakhri on October 13, 2008 11:30 PM

Assalamualaikum Tun,

pada pendapat saya, pak lah memang tak layak jd PM.. tak cukup karisma.. bukan calang2 org boleh jd PM.. he is a good follower but not good as a decision maker.... dia ambik pulak budak hingusan jadi penasihat dia... ikut acuan budak tu... habih jadi tunggang langgang...

politik pak lah tak cukup licik... sepatutnya... dia kena pandai timbulkan isu apabila dia inginkan lakukan sesuatu... contohnya klu nak dekat election...kenal... test market apa2 jua cerita hangt yang boleh membuatkan penyokong2nya (org BN amnya dan org UMNO khususnya)jadi bersatu padu ka... jadi bengang kat pembangkang ka...atau apa2 saja yang boleh penyokong2 BN aim sampai election day dan pengundi2 bukan BN pun boleh terpengaruh... ini tak... dia dok layan cerita pembangkang... dok tepis kutukan2 pembangkang... seolah2 pembangkang yang jadi dominan... suara2 menteri semua tak laku... bila menteri warning... semua rakyat tak heran...

Dlm masa yg sama, si budak hingusan tu.. dok bagi idea dia yg tah ape2... nak berpolitik ni.. mcm tarik rambut dlm tepung... tak boleh direct sgt... kena kona2 sikit... budak hingusan tu kena byk belajaq lagi... klu setakat Oxford je tak cukup... dia kena pi kursus BTN dulu... kena fahamkan lagu 'Anak kecil main Api' atau 'bahtera Merdeka'..

Saya membesar dlm era pemerintahan TUN...

1981 - umur saya 6 thn.. saya dah tahu Tun as a PM...

1991 - umur saya 16 thn... saya dah pi kursus BTN, baguih kurus tu.

2001 - umur saya 26 thn... saya mengecapi era pemerintahan TUN dgn aman... kemewahan... harmoni... malaysia glamour... semua pemimpin dunia salute kat TUN... M'sia membangun dgn pesat... saya rasa secured yg amat sgt... saya amat yakin anak cucu saya akan bangga dok kat M'sia...

tapi kini... semuanya berubah... puncanya..... Pak Lah tak tegas + Budak hingusan yang tak tau sejarah melayu + DSAI yg kempunan nak jd PM dan org melayu (pembangkang) yang tak sedar diri...

saya harap Tun ciptakan satu formula... agar Najib dan Mukhris dpt mewarisi keunggulan pemerintahan Tun....

jgn biar kuasa Melayu hilang di telan oleh org melayu yang tak sedar diri... (Pas + PKR).....

wassalam...

Yes, for me not much of a strong gvernment but more of a strong leader. The person must be able to lead a country or organization without any reservations, any decisons made must be followed thru until completion. The moment a leader has doubts about the decision made, a lot of problems will crop up. For me dearest TUN is one of them but sad to say i cant see anyone including Najib or Yassin or even Anwar (don't understand why some ppl blindly supporting him, even worst Mr Chinaman or Mr Singh supporting him?? MORE like "using" him got la!! Is this "great" man 2 blind not to see it or it's just politic... all of them pretending to like each other)leading our country.

By annie on October 13, 2008 11:54 PM

Dear Tun,

I do not believe AAB will give up the PM post for Najib that easily. There must be a secret agenda to that. Five months is a long time and plenty of damages could be done.

I keep wondering why did AAB take over the defence post? Looks like something crop up abt Najib signing some billion dollar deal of helicopters. Wonder where they get their info from?

How abt the Altantuya case? How did RPK get all those infomation? (True of false, we don't know) Seems like there are some conversation tape now.

If Najib get into more problem and are not fit to be PM, then AAB will say he got to remain in power until someone suitable comes along.

There are more suspicious things on my mind but maybe my mind is just running wild and I sincerely hope AAB keep to his words and sacrifices for the country by stepping down gracefully.

Oh yeah, BTW Supersaint, we do not need a nice man to rule our country. We need a capable leader like Tun. Doesn't matter whether he is nice or not.

Dearest Tun,

Although absolute power corrupts absolutely, I do agree with you that we need a strong government in Malaysia. The opposition won't be able to provide strong government if they come to power simply because there are too wide differences between their agendas. Nobody can imagine PAS getting to bed with DAP and nobody can imagine Teresa Kok giving Friday prayer sermon or the Tuan Gurus attending Teresa's pig roast party. The cracks are so visible before they even form a government.

The best option is still the BN but the BN has forgotten a lot of things. They forgot that they need to go back to the basics, how the Perikatan had won the rakyat.

Please educate them Tun.
By Pendekar21 on October 14, 2008 12:27 AM

Tun yang dihormati lagi bijaksana.

Amat setuju sekali bahawa dalam negara yang berbilang kaum bukan saja diperlukan sebuah kerajaan yang kuat tetapi diperlukan juga seorang pemimpin kerajaan yang hebat.

Pada masa yang paling kritikal ini sama ada dari aspek politik ataupun aspek ekonomi, hanya ada tiga lagi tokoh Melayu (selepas Tun sendiri) yang agak layak dan berpeluang untuk memimpin negara Malaysia. Mereka ialah Datuk Seri Najib, Datuk Seri Anwar Ibrahim dan Tan Sri Tengku Razaleigh Hamzah.

Sayangnya, ketiga-tiga mereka dipersepsikan oleh rakyat mempunyai kelemahan masing-masing. Walaupun belum terbukti, rakyat menganggap Najib mempunyai masalah akibat kes pembunuhan gadis Mongolia. Anwar pula walaupun belum diputus oleh mahkamah mempunyai masalah dengan kes liwat. Dan Tengku Razaleigh walaupun masih sihat dan segar dianggap sudah lanjut umur.

Tun, saya merayu apalah kiranya Tun sudi memberi bimbingan serta petunjuk tanpa melibatkan

permainan politik dan emosi dendam siapakah yang sepatutnya diangkat sebagai pemimpin demi untuk menyelamatkan agama, bangsa dan negara tercinta.

Tun, bertindaklah sebelum terlambat. Saya sedar bahawa perjuangan Tun belum selesai.

Terima kasih.

By anak negeri on October 14, 2008 12:34 AM

Salam Tun,

Apakah Tun fikir Dato Seri Najib adalah calon yg sesuai for our next PM?

Pada saya beliau dilihat terlalu menurut, tidak berani membuat keputusan dan mungkin juga agak lemah... contoh - statement minta maaf beliau ttg isu perkauman, lambat menepis dakwaan2 keatas beliau mengenai kes wanita Mongolia.

Saya lihat Tan Sri Muhyiddin Yassin lebih sesuai utk menyandang jawatan tersebut kerana beliau mempunyai karisma sebagai seorang PM. Beliau jujur, berani, mesra rakyat dan yg penting track record beliau amat cemerlang dibawah kementerian2 yg beliau terajui sebelum ini. Sementara dato Seri Najib lebih kepada menurut segala kehendak Pak Lah, sepatutnya sebagai Timbalan beliau perlu menasihatkan Ketuanya agar tidak mengambil tindakan yg sia2 (spt memberi ex gratia/ bayaran pampasan pd hakim2 yg terlibat, cadangan pemberian RM1 juta kepada pemenang pingat emas Olimpik - kerana itu semua melibatkan duit rakyat pembayar2 cukai bukannya lebih elok kiranya disalurkan pd program pembangunan rakyat miskin atau sektor lain yg boleh menjana kepada pendapatan negara. Dlm ertikata lain beliau masih belum diuji dgn hal ehwal pengurusan negara yg lebih besar. Mungkin Dato Seri Syed Hamid Albar lebih berkaliiber utk menyandang kerusi Timbalan President.

Saya percaya jika tidak kerana desakan Tan Sri Muhyiddin Yassin utk Pak Lah cepatkan proses peralihan, belum tentu beliau mendapat undi yg sebegini banyak dari bhgn UMNO yg lain. Dan sepatutnya TSMY harus bertanding utk jawatan President UMNO kerana beliau lebih layak menduduki KERUSI tersebut.

Tahniah buat Dato Mukhriz kerana berjaya dicalonkan sbg Ketua Pemuda. Beliau sememangnya LAYAK, cuma agak keliru mengapa masih ada yg buta hati utk calonkan KJ.

Y.A.Bhg Tun...

I read thru your topics and comments daily from people of all walks of life in here with their personal expectations which I must admitted that they are on the rise...

I guess you can say most of these up and coming politicians are ready made in this blog by just reading it...you do have way with words...where all Malaysians adores and appreciates you...each topic will interest its reader to leave a comment...and I am just one of them.

Each and everyone in here has their own opinion about you...some good & some are not....but being YOU, as a true leader...you do not discount everyone's opinion be it Malays & non-Malays...not saying it to please you but the fact remains that, it will be another million years until we see another true leader like you here in Malaysia...please continue contributing...

TOPIC OF THE DAY:

DO WE NEED A STRONG GOVERNMENT?...DEFINATELY YES!...will it be materialise or will it be another nightmare for all Malaysians is just another story...

The messages you have send says it all...The current "Badawi Coalition Government" doesn't have to stood that low to please and make ways to its component parties by being apologetic...its absurd...there's no deniable it is only potraying DSAAB weakness, bad decision making...and the word "NO" is not in his

vocabulary...the worst of them all is lying to all Malaysians with regards to the country economy situation....doesn't he knows that we all can count too!!!....

You have set this country to a much faster pace 20 years ago, when others were at their teething & planning stage...now that we have to keep at a slow pace since our beloved PM is currently being left behind and and sadly in his dreamland...and;

DSAAB kept telling Malaysians not to worry with regards to (opposition intentions) date of taking over the Government...but what has he done to make it a stronger Government?....NONE!!!not that I am worried...but disgusted with DSAI political polymic....

The question is..."WILL DSAAB EVER LET DS NAJIB LEAD THE COUNTRY FOR THE NEXT 6 MONTHS BEFORE HE STEPS DOWN?" (transition of power) he may well make all the dumb choices & moves and leave the problem to the next administration to solve...may just happen....many ways to skin a cat...

Phew!!!

I am one disgusted Malaysian....but will not opt for opposition (over my dead body)
Stay healthy Tun...love you both

Dear Tun,

I don't mean to "Kipas" but I must tell you this.....I attended international conference on islamic finance: product innovation a fast track for global acceptance ...today at JW Marriot

I was extermely proud of you and Malaysia when one of the speakers i.e.presiden LARIBA BANK USA praised Tun Mahathir on how you and your team overcome Malaysia economic crisis in 1997/1998...he said Malaysia i.e. Tun& the team had used a street wise and practical approach to address the problem..he said he was ashamed of USA..They always and used to lecture other countries on good governance, economy and monetary policy.. but now Malaysia's sucess story is taken as a case study by their economic experts in searching for solution to remedy USA current economic problem ...

The strong become strong by trampling on the weak.

The strong are known to perform unspeakable atrocities to be strong.

The Khmer Rouge exterminated the middle class, Mao Tze Tong incited murderous violence, the Nazi exterminated the Jews, the Turkish exterminated the Armenians, Suharto exterminated the communist, Saddam exterminated the Kurd, the list of the atrocities are endless and when I mean exterminate, I mean hundreds of thousands if not millions murdered.

The strong are never accountable nor fair or just.

50 years of a strong UMNO government have resulted in a nation ill prepared for the future. The nurturing of a Malay supremacist mentality is hardly a recipe for stability, such a path leads only to polarization and violence.

What you propose, dear Tun is a frightening future. The end does not justify the means. As much as you have condemned the US for being a bully, you sir are a hypocrite to support such tyranny.

By banjol on October 14, 2008 1:12 AM

Tun, strong government may be the answer if we have good leaders. But in history there never been a continuous succession of good leaders for any strong government. Strong government is not equal to

having good leaders. I think North Korea and Myanmar are some of those strong governments, but their people are suffering from poverty and prosecution. A strong government with bad leaders will eat away all its resources and its people for self sustenance. Its like having leukemia, where the white blood cells consume the red blood cells that they suppose to protect.

In today's Malaysia, it is not difficult for a person with money and inherited power to be elected leader, thought may be a tyrant. And when such leader rules, the country is like suffering from leukemia. And when this happened, many will suffer. The only possible solution will be to burn the whole body will radiotherapy, and many will perish.

Tun, if strong government is the answer to stability, might as well we just become a communist country like China, North Korea or Cuba. A government so strong like them, there certainly plenty of stability. However, little freedom, little self esteem for the commoners.

We all know in trades, monopoly is bad. Monopoly dictates what price to sell and who gets it. And monopoly only serves to enrich itself. A strong government, is like a monopoly. When a government has all the power all the time, why should they feel they should give more to the people when they can have it all by themselves and no one can resist them?

Tun, 50 years ago is not the same as today. A strong government worked at that time because the people from various ethnics group were ignorant of one another. They were most often misinformed by their leaders with the purpose of gaining support. We now know that most racial unrests were sparked by politicians and generally politicians from the ruling side. And this is used as a way to gain support, power and to stage a coup. The ignorant commoners were used to achieve these objectives.

Tun, we don't need a strong government, instead we need to have two balanced political parties with identical composition of ethnicity and mix of religion background, constantly competing to improve the service delivery to the people and governing of the country. Together with a good check and balance system, the country will be one of the best place to live in South East Asia.

Tun is a wise man and always think what's good for his people. There is no one right way to do things and the right way to do things then may not work now.

Salam

Dear Tun,

Democratic has a lot of meanings and interpretation. What's good in other country does not mean it will be good to our country. Some said socialism is bad but maybe it is good for some countries. The fall of communism in Russia mark also the break of USSR. This is all because of democracy ideology spread out all over the communist country. Then come a lot of demonstration and people starts to change. They also want to change for a better living and where are USSR now...all breaks out into independent country.

So call America became the only super power in the world. They can do anything and they do not hesitate to do it. You kill one American and the rest of the army will not only destroy you and your family but your country as well. They say democratic is for the people but actually they were not so democratic after all. The American uses their weapon to threaten others to follow what they want.

Two parties are good for them because they don't have much of a racial problem as we do. They maybe white and black but they pray to the same god. They were much Christian and some were muslim, jewish budistand others. The white is more than the black and the black been living in ghetto for such a multi years cant be such a threat to the white. Now only we see some success men and black women who walk in the house of power of the white house. How much the white make the black suffered unknown to the world. We didn't have the right to question them coz we are not American.

I think 3 countries in this world have ISA act. Beside us, the Singapore has it and Israel has it too. Why

not they ask both countries abandoned the ISA first. Why accused Malaysia as a bad country just because we have the same act. We must have the ISA act coz we such a multiracial country and half of the citizens are not bumiputera. If we were given a freedom to speak what ever we like none of us will live in harmony.

WE want to dream of a better world that each of us will only think about one nation and one race and that is Bangsa Malaysia?

Before we do this lets us change our name first like the Indonesian does. Don't use ah chong or may Lan or suriamurti and kapal singh.

Why not we all create a name that will not symbolise our race. Can the Malays change their Islamic name that has bin and binti? Maybe sulam bin sulim will show multiracial name. "Kapal singh" becomes "Kaman sin". Teresa Kuok becomes "Tarimah Karya". If you ready to do this then only Malaysian united will exist. If Not PLS DON'T DREAM OF IT. Let us just living in our country and living with our own religious and with our generation names but just respect each other ways and nature. Do not engage any race dispute. If the leader of Malays talk about Malays must united don't turn it into something that like a threat to other races coz the leaders just remind his own race that they must be good as well as other races in this country.

A leader must also have authoritarian mind to lead this country. Democratic and open discussion just kill the idea coz many heads got many agenda but one head got only one agenda of his rule coz later bad or good it will be back to this leader responsibility. So just leave it as it were before because what Gerakan trying to do I believe they themselves don't believe it can be done.

P/s sorry about my English. I am not a good English writer but at least I try.

Selamat.

Ybhg Tun,

Selamat Hari Raya. Saya amat mengagumi Tun dan amat bertuah mempunyai seorang PM seperti Tun.

Saya tidaklah bersetuju dengan pendapat Tun bahawa pemimpin sekarang lemah. Dan kelemahan pemimpin dikatakan menjadi punca ketidakharmonian kaum.

Sebenarnya, pemimpin sekarang terlalu diganggu oleh pemimpin lama yang memang menganggap dirinya seorang 'pemimpin tersohor'. Saya akui pemimpin lama adalah seorang yang tersohor tetapi kehandalan dan masa beliau telah tamat maka biarkanlah pemimpin kini menjalankan kerja tanpa diperlemahkan dengan pelbagai desakan.

Seperti seorang peninju terhandal yang masuk ke gelanggang ketika peninju amatir sedang berlawan maka semestinya peninju handalan dapat menunjukkan kehandalannya. Tetapi beliau lupa masa beliau telah tamat untuk turun gelanggang. Jika ingin membantu pergilah ke belakang gelanggang untuk memberikan nasihat dan tunjuk ajar.

Masalahnya sekarang ialah semua parti komponen baru mendapat isyarat dari rakyat bahawa rakyat ada pilihan lain. Jadi, untuk menjadi juara maka setiap pemimpin komponen harus menjadi agak vokal dalam menyuarakan pendapat. Maka, apabila BN sebagai sebuah kapal mula goyah dan mungkin tenggelam, maka pemimpin pemimpin ini mula bertempiaran lari meninggalkan kapal dengan nakhodanya. Ini bukan semangat yang patut ada, sepatutnya, pemimpin ini sama sama membina semula kapal bersama. Lebih malang, kita yang berada di luar jugak sibuk membantu menenggelamkan kapal ini.

Kita lupa kapal ini jugak lah yang kita gunakan untuk sampai ke merata dunia sehingga ke Antartika. Jadi, soal nakhoda lemah atau kuat, kita jugak harus bertanya orang yang melantik nakhoda tersebut, jika lemah kenapa serah kapal pada nakhoda tersebut?

Masanya telah tiba kita kurang mencari kesalahan orang lain. Jika kita boleh menyuruh pemimpin yang telah keluar pentadbiran agar diam maka kita yang dah pun keluar seharusnya diam jugak.

Harap Tun terima yang di atas sebagai nasihat dari seorang yang amat hina berbanding Tun. Ada masa

kita perlu bercakap tapi banyak
masa kita patut diam. Baru orang lain boleh buat kerja.

Terima kasih

Tun

what you are saying subtly is you want a Government that would be modelled closely to the Government you ran

- can you explain why under your Government, you were ok to write off debts and poor decisions by GLCs? Isn't that an indication of a weak Government?

Plus, you want a Government where there would be control over press and freedom of expression - if not, how do you propose any Government wield its control over people, where it allows for openness and expression of views where it goes against the Government's?

Like to hear your thoughts on above - I hope your assistants will write a response soon to this question

SALAM AYAHANDA RAKYAT TUN,
IZINKAN,

21. Now with this weak Government, with incompetent leadership the country is not developing as fast as it used to.

THE COUNTRY WILL STILL NOT BE DEVELOPED AS ASPIRED BY THE VISION 2020 TO MAKE MALAYSIA A DEVELOPED COUNTRY BY 2020..COZ WE ONLY GOT RID ONLY ONE HALF OF THE WEAK LEADERSHIP BUT STILL HAVE TO LIVE WITH THE OTHER HALF OF THE WEAK LEADERSHIP ESPECIALLY SO WITH THE ADVERSE PUBLICITIES ON HIS PERSONAL LIFE.

HOWEVER, WE PRAY FOR THE BETTER AND WE STILL HOPE THAT THE UMNO DIVISIONS WILL STILL NOMINATE ANOTHER CANDIDATE FOR THE PRESIDENCY.
STOP GIVING THE EXCUSE THAT UMNO WILL SPLIT AND BECOMES WEAK. HOW MUCH WEAKER CAN UMNO BE WITH THE CURRENT WEAK LEADERSHIP?

PERHAPS, ITS NOT TOO LATE TO NOMINATE KU LI ALTHOUGH OUR HEART SAY THE MOST SUITABLE LEADER FOR THE PRESIDENCY UNDER THE CURRENT POLITICAL CLIMATE WUD BE DATUK SERI UTAMA RAIS YATIM Phd.

WE HAVE THIS TO TELL NAJIB..IF ITS FATED, PLEASE BE A FIRM AND DECISIVE LEADER, HOME AND AWAY FROM HOME AND YOU WILL SUCCEED. OBVIOUSLY WITH THE HONEST SUPPORT OF YOUR NEW TEAM (WE HOPE YOU WILL GET RID OF AAB'S RUBBER STAMPS) AND OF COURSE WITH THE GUIDANCES OF THE MAHAGURU AYAHANDA TUN, IF YOU HONESTLY BELIEVE IN HIS VISIONS AND WISDOM.

FEED THE 'STARVED' STOMACH OF THE RAKYAT AND NOT 'STUFFED' THAT OF THE 'FAMILIES' AND THE RAKYAT WILL HAPPILY RHYMED 'BACK ON THE ROAD (TO BN) AGAIN'.

THE WELL BEING AND SECURITY OF THE RAKYAT DEPEND ON YOUR FIRM BUT JUST LEADERSHIP AND DO NOT ABANDON THE ISA, NEP, VISION 2020 AND ABOVE ALL ARTICLE 153 OF THE FEDERAL CONSTITUTION. WITHOUT THEM, THERE WILL BE CHAOS(IF THE CURRENT FREEDOM OF SPEECHES PERSISTED) , WILL WIDENED THE GAP BETWEEN THE RICH AND THE POOR(THE ROOT CAUSE OF MAY 13TH RIOTS), WILL NOT ACHIEVED THE STATUS OF A

DEVELOPED NATION AND WILL WIPED OUT THE RIGHTS OF THE MALAY/BUMIPUTERA IN THE 'SACRED' LAND OF THE MELAYU RESPECTIVELY.

IN THE ALMIGHTY ALLAH SWT, WE REST OUR HOPE.

ALFATIHAH, AMIN.

Not only we need a strong government but we desperately need a strong opposition for check and balance.

Like 2004, the government is so strong until it win 90% of parliment seats but at the end , we got nothing .. those people did not used it to implement better things instead spending times waving the keris and others racial remarks ..

I prefer the 2008, whereby strong opposition .. now you can see in parliment at least someone is looking and challenge everything that government do ...

So conclusion , yes we need a strong government but must be rule by a strong leader PM and I hope the royal will put more efforts as well.

By Daryl on October 14, 2008 1:54 AM

I am suprise that the number (1) reason is to deal with issues between race and not something important like a clean government, bribery in all level of government, PDRM, cabinet, judicial, education and lots more. Race relationship must and should be implemented at all level and race and religion should be condemn by leaderships right there and than not bias to only the opposition or those who are not with BN (I didn't mention governemt because government is not BN).

If UMNO is not tolerent to race and religion we will not have this issue. When Dr. M was in power I would consider that a strong government but why do we still have this problem today.

Please do not distort the scenario to match UMNO's need.

We need a strong Government is to protect the people's welfare, not to bully people with corruption, to implement discrimination policy etc.

Tun, a strong Government comes from people and for people.

strong Government is not to show power to exploit the country's resources for a small qty of cronies to get benefits.

Salam Tun & fellow bloggers,

Tan Lian Hoe dari Gerakan mengatakan orang Melayu adalah pendatang sama macam orang India dan Cina. Penduduk asal adalah orang asli, katanya.

Soalan saya pada Tan ialah:

1. Siapakah penduduk asal Tanah Melayu sebelum orang asli?
2. Katakan orang asli yg berhak atas tanah ini, sanggupkah orang Cina pulang ke negara China bila kaum India balik India dan orang Melayu balik ke...ummm mana ye?
3. Apakah agama rasmi? Apakah bahasa rasmi?
4. Kalau orang Melayu setuju & mengaku mereka juga pendatang, adakah mereka kena serahkan semua hak & keutamaan yang dijamin Perlembagaan kepada orang Cina dan India dan balik kampung atau merempat ditepi jalan?
5. Memandangkan sama taraf, sanggupkah kaum Cina membuka penguasaan mereka dari segi perniagaan dan ekonomi kepada kaum Melayu dan India?
6. Negara manakah akan dijadikan model utk memerintah; China?(komunis), Singapura?(kiasu), India?(kasta)
7. Sanggupkah kamu (TAN LIAN HOE) makan nasi kawah selama 2 tahun kat Kemunting? (bolehlah diet, kamu mesti tak lalu makan punya! Kenapa tak percaya? Tanya lah Teresa Kok..)

By jahaberdeenAuthor Profile Page on October 14, 2008 3:57 AM

Tun Sir,

What you wrote is so trite. The sad part is that even something trite as this need to be reminded today. This indicates that the state of affairs in this country is such that we are moving backwards instead of forging ahead due to an unprecedented level of mediocrity in governing the country. This does not mean of course that I do not condone the seeming "liberalism" that seems to exist. What disturbs me is the seeming inability to monitor and control the "liberalism" so that the larger interest of general well being of the Rakyat is not sacrificed.

Though I had (and still do) personal admiration for you Sir, for many years, that does not mean that I supported your every move. However, though I did not agree with you, I was able to understand the reasons why you did what you thought you had to under certain circumstances. At least I did not feel that you were insulting my intelligence by doing something without any rational basis. As a citizen, I find most insulting when leaders do things without reason, irregardless of whether I agree or not. Like you once said, I can advise you but you are free to reject it. Otherwise, it is a direction and not an advise. This is the kind of leadership that te citizens miss ...firmness, thinking things out and taking things by the bull with counter arguments and actions.

Not too late to wish you and "your better half Tun" a Selamat Hari Raya Aidil Fitri". God bless you both always.

can you tell me how to be a strong government? Just don't tell me but tell the people of Malaysia how to create a strong government. First thing first the immunity idol...who ever is holding it have to give it up....then everyone is fair share and there is no immunity idol to rescue them...when there is no immunity idol people will do what it take to protect themselves so its the same of achieving strong government...everyone has to work to achieve a strong nation...why we even give the leaders a chance to do what they do? The leaders is incompetent and yet they are still the leader...if the leader can't lead or incompetent we need a replacement....

Talk about incompetent...do the leaders even want to admit that they are incompetent of course not...not only strong government we need we also need a strong nation how to achieve that?
By luvmal on October 14, 2008 5:01 AM

Dear Tun,

According to your believe, correct me if i am wrong!, the main advantage of having a strong government is to maintain racial or in other words religious harmony.

Between the lines do u mean that it is necessary that the dominant religious sect should be pleased at any cost to maintain peace?

U have taken our neighbours during economic crisis as examples. I dont understand why a man of your intelligence is sighting developing nations as examples! Why not take some developed nations as examples!

For the sake of argument lets take your example of developing nations and financial crisis (obviously Singapore doesn't fall under this category). Why are u pretending to be stupid? I'm sure that u understand perfectly well that the main reason that religious or racial wars are not merely started because people are not satisfied with the distribution of wealth but rather because they are hungry, not enough to feed their children! People can be easily influenced when they are hungry! (even genocide can be orchestrated)but only when they are hungry!

There are many multiracial nations that are living harmoniously without the obvious dominance of in our case religion.

U read 'popular science' and i'm sure many other progressive materials, I'm sure that u understand that even inscience many theories have later been proven to be wrong!

Seems to me that u are stubbornly sticking to outdated theories! Even at your age i still expect u to be able to evolve your seemingly deep rooted mindset. If not u will be like the man who still believes that the world is square and not only that trying to force that believe on others!

I'm sorry if u are offended with my current opinion of u. Compared to any other Malaysian leader I still think that u are and have been the most intelligent.

yours respectfully,

Louis

Congratulations Tun,

Following Bloomberg Live commentaries television broadcast this morning US 13 October 2008 awhile ago and watching highly distinguished interviews regarding the "Financial crisis and credit crunch" in the US. I just gasped for my breath when your much infamous comment in the aftermath of the Asian financial crisis and amongst your other now world famous logical views concerning the Asian economic crises at that time (and now it's befallen worse in the US and Europe), you mentioned I remembered and I quote "The world Rating Agencies need to be rated" unquote Dr Mahatir Mohammad...

This profound statement of yours was mentioned live in Bloomberg awhile ago in exact verbatim by the Nobel Peace laureate 2006 in Economics Dr Edmund Phelps of Columbia University. He mentioned the Rating Agencies are so "weak" in their so called ratings of the various financial securities...which are part of the consternation that caused the present credit and financial debacle....

Is he your student, friend, associate, etc., Dr ...? I salute you Dr Mahatir...

If any readers reading this blog, go hurry watch Bloomberg tv over your cable now either the morning or afternoon broadcasts of 14 October 2008 which I believe it will be repeated again and again, they usually do... Watch for Dr Phelps live interview slot...

To your profound wisdom Dr Mahatir, which I always cherish and treasure so much, most affectionately.

Dear Tun,

I don't think in this new age of running our beloved Malaysia, Badawi, Najib or anybody I am aware of makes the cut!

The only person who I think is up to the task is a man called Fauzi who was and maybe still is in the ministry of education. He was a really progressive all round passionate educator who was teaching in Sek. Men. Sri Ampangan Seremban during the 80's. He passionately took it upon himself to educate the students beyond his designated responsibilities! He is the kind of leader we need! Not MR. Mongol

Do our country a favour and please check him out!

Government should always understand citizen demand and help citizen. I believe our current government is weak and will remain the same even deputy minister Najib take over as next prime minister. I am not seeing any good leader that is available at BN nowadays that qualify for the Prime Minister Post.

1. In a previous article I said that a multiracial country needs a strong Government- BN IS NOT THE RELEVANT ANSWER FOR THE TIME BEING

5. We now have a weak Government and clearly it is incapable of dealing with the tendency towards conflicts because of race and religion. Because of its weakness it commands little respect and even the weakest parties would thumb their collective noses at the Government. The Government apparently has no idea how to handle these problems. We see it apologising only to have its apologies rejected.-TRULY CORRECT

18. Generally the economy is bad, as bad as the race politics that we are seeing. The people are the ones to pay the price. They are suffering from high prices with no compensating increase in income.- MAJORITY OF MALAYSIAN PEOPLES ARE SUFFERING

21. Now with this weak Government, with incompetent leadership the country is not developing as fast as it used to.- IS THIS POINTING TO PAK LAH??YES IT IS

23. My observation of Malaysian politics over the last 50 years has convinced that a powerful Government lead by competent leaders is necessary for multi-racial Malaysia.- I DONT THINK NAJIB IS COMPETENT ENOUGH. FROM MY POINT OF VIEW,ANWAR IS THE BEST ANSWER.NO OFFENSE!

Pak is history but insists on helming the Cabinet of monk...! Do you believe (putting aside his yes-sir and ever-play- safe style, now that he is the alpha female of the packs) Najib can provide us the much needed shot in the arm to move on with our lives, revitalise the economy and dictate the race relations to a level that we once enjoyed ! Nobody in the current cabinet of monk...fits the 'cut' of premiership ! Would you Tun, care to make a come-back or...perhaps I should don my uniform which i have hung up more than a decade ago and join those Askar Melayu Di Raja (true pejuang tanah air dan bangsa) though some politicians happily claim they are pejuang bangsa ha ha ha ! Salam Ayahanda Tun. This is my view: Khalil Yaakub is not/never was/never will be a fit human being to helm the post of YDP Negeri Melaka (or any Negeri). Some die hard folks still keep memorabilia on this guy. Memorabilia with incriminating substantiation to remind him back of his indeed vibrant past. See, the problem with Abdullah Badawi is that he smiles and looks for a point to laugh at things just way too much. Everything is laughable for him. He makes friends with just about anyone who could make him laugh. And that's where all the low lifers and enterprising opportunists make their entrance into his life. And finally when all that he has around him are just fiercely self centering opportunist and bona-fide idiots, he slowly sinks along with them as part of daily circles and routine. Najib must flush out all this the very moment he takes over. Najib must not be seen hauling this rubbish cart at any point in his political life. Najib must move about with the efficiency of a hawk that's able to spot a running rat from thousands of feet in the air. Observe how the hawk would find a thermal/up-drift spot in the air; spread wings with incredible precession to feather the cushion of air and just sits there for minutes observing the ground below. One sharp visual observation & instinctive confirmation, and the hawk dives at incredible alacrity for the goner rat. Nature can teach us a lot about living if we just make the time to look and listen. This Najib must do, tune into the nature and reality of today's: "The Badawi Aftermath – The Day After".

Dan ingat lah rakyat sekarang telah maju. Tidak bolih ditipu2 lagi.

Fikirkan yang terbaik untuk rakyat dan negara. Jangan lah fikirkan yang terbaik untuk keluarga dan kroni sahaja. Mereka tidak akan dapat membantu bila kemarahan rakyat memuncak.

Salam Buat TUN

Kerajaan yang ada sekarang adalah lalang tiada penderian naikan harga minyak dengan mendadak tidak fikir masa depan rakyat sekarang bila minyak dunia turun mendadak harga barang kecaql pada paras yang tertinggi yang nak turun hanya Pak Lah. Sepatutnya semua Menteri Kabinet yang Turun terutama Sharil menteri yang tak ada otak dan perasaan, ramai rakyat yang menderita kerana SHARIL.Kerajaan yang kukuh adalah yang tahu bahawa rakyat adalah tunggak dan penyaokong mereka sabagai Menteri.

Saya setuju dengan Tun Malaysia perlu kerajaan yang kuat kerana negara kita didiami dengan pelbagai kaum yang begitu sensitif.Semua perlu dikawal supaya kita boleh hidup dengan aman sentosa.Kebebasan pun ada parasnya dan semua kaum perlu terima kita tinggal di tempat yang sama dan kita juga akan tentukan keamanan negara kita sendiri.Perlu diadakan satu sekolah untuk semua kaum supaya mereka bersatu,hapuskan sekolah rendah atau menengah jenis kebangsaan dan sekolah agama , Pada pendapat saya semua perlu disatukan dalam satu sekolah. Pelajaran dalam semua sekolah-sekolah agama dan jenis kebangsaan perlu dimasukkan dalam satu sekolah supaya mereka belajar bukan sahaja dari segi akademik tetapi juga hidup bersama sejak dari kecil iaitu pelajaran yang paling penting di sebuah negara malaysia belajar hidup bersama.

Salam...

Tun, I hope it's still not too late for me to wish you Salam Aidilfitri. I attended your Hari Raya open house recently and did not had the chance to exchanged Hari Raya greetings both with you and Dr. Siti.

I believed it is about time that UMNO members should rejuvenate and reexamined their struggle and remember why the party was form in the first place.

My 2-cent opinion:

Strong leader is more important than strong government. Good government is more important than strong government. Good leader is more important than strong leader.

By hazard72 on October 14, 2008 8:47 AM

Assalamualaikum Tun.

Pertama sekali saya menyokong pendapat Tun tentang perlunya kerajaan yang kuat untuk memerintah

negara ini.

Apa yang berlaku sekarang adalah disebabkan kelemahan kerajaan dibawah pimpinan seorang pemimpin yang lemah. Memang agak keterlaluan bunyinya. Tapi itu kenyataan yang harus ditelan oleh seluruh rakyat Malaysia.

Pada 14/10/2008 terpampang didada akhbar tentang kenyataan yang dibuat oleh Ketua Wanita Gerakan Tan Lian Hoe mengatakan bahawa kaum melayu dinegara ini adalah kaum pendatang. Ini jelas menunjukkan parti Gerakan juga adalah sebuah parti racist. Cuma saya nak tanya dengan Tan ni dari fakta mana yang diambil oleh beliau sebagai rujukan?? Kita semua tahu sejarah sudah jelas menunjukkan sebelum Melaka dijajah oleh Portugis tanah melayu diperintah dan ditadbir oleh kesultanan melayu ini bermakna kaum Melayu telah menetap dinegara ini beribu tahun dahulu.

Beliau harus sedar bahawa kaum cina dan india datang kenegara ini setelah British menjajah bagi sektor perlombongan dan perladangan. Beliau harus terima hakikat ini dengan hati terbuka.

Apa yang saya hendak tekankan disini, disebabkan pemimpin yang lemah tiada sebarang tindakan dan teguran keatas beliau tidak sebagaimana yang dilakukan terhadap Ketua Pemuda UMNO Gelugor.

Sekian, Wasalam.

Assalamualaikum Tun,

Our multiracial, multireligious, multicultural country need a strong government. But a strong government alone is not enough.

We also need a strong leader. See what happened in 2004. The government is very strong but we have a weak leader and thus we lost 2/3 majority in PR12 2008.

Thanks to PakLah. At last he realised the wishes of the people and decided to step down and hand over to DS Najib. But we feel that handing over the rein of power in March 2009 is rather late. I think it should be in December 2008 as originally planned. Never did I remember an UMNO General Assembly held the following year. This is history but not a good one. It should be held in the same year.

1. Strong Government
2. Competence leader
3. Lead strong economy and social growth
4. Achieve 2020 as scheduled
5. Got it...Tun!
6. Who else didn't get it!

By Poh on October 14, 2008 9:07 AM

Dear Tun,

I agree with you that we need a strong leader and therefore a strong government. But I must also add that the leader must also be brave and fair to all.

Let me give an example; The person who uttered the seditious words was given a slap on the hand. The person who reported what he uttered was detained for 18 hours! What is worst, the DPM was there and all he did was to apologise later on his behalf. A strong and fair leader would have asked him to be charged. Now it is very likely that the present DPM would be the next PM, how can we expect him to be impartial and have the confidence of the people?

Sadly for our beloved country, we do not have anybody with that kind of leadership traits.
By pakmangAuthor Profile Page on October 14, 2008 9:15 AM

Dear Tun,

To have a strong government other BN component parties must have given equal rights to make decision on all policies making and "subervience attitude" to UMNO has to be stopped.

Again we must have a strong opposition parties to check and balance the government administration. Issues such as ISA and racialism which have created continuos tension and choas in the past should be revised or abolished in accordance with the majority of rakyat demand. NEP and other policies also have to introduce and carry out to all Malaysian equally and fairly without biased.

I hope the PM in-waiting will prepare himself to be a strong and efficient PM.

Have a nice day!

Assalamualaikum Ayahanda Tun sekeluarga,
Saya orang Kuala Pilah.(kampong besan Tun).Saya nak tanya satu soalan saja.Dato Seri kita ni,boleh ke jadi PM yang berkesan?

Baik satu hal, I'm tired of PM yang'baik' whilst letting everyone walk all over him.

PM mestilah berkesan macam Tun.

Saya rasa bimbang sebab DSNTAR tak pernah hidup macam orang biasa.

Dia orang aristocrat.Dia akan rely pada lapuran demi lapuran dari sebilangan pembantu .Saya dah pernah kena tipu dengan salah seorang pembantu dia.Pembantu kadangkala buat 'slack' pada 'Tuan'.Kalau nak jumpa 'Tuan', jangan haraplah sentiasa kena censored.

Almaklumlah, orang Kopilah macam kami ni.Orang kampong saja.

Kalau PM tak berapa "hands on"..pisang berbuah dua kali tak agaknya.?

Salam Tun and Readers,

1. SETUJU! Dalam apa-apa organisasi pun mestilah top management yang WAJIB KUAT! Kalau top management tak kuat tu yg operator kilang tak berdisplin.

2. Strong goverment is the driver... and rakyat is the passangers...

So, don't drink and drive!! (sambil menyelam minum air a.k.a penuhkan poket sendiri dulu...bahaya kang masuk gaung)

Just DRIVE!! (LEAD THE WAY!)

3. Siapalah kami utk menghakimi TUN, konsep saya senang... ikut saja benda yang baik... jangan banyak soal...

Malah Allah swt paling sayang umat Nabi Muhammad SAW kerana tidak pernah nak banyak soal / dolak dalik apabila menerima suruhan dari-NYA. Sebaliknya pula berlaku pada kaum Yahudi maka di benci tuhan dan dilaknati.

4. Bersyukur lahir sebagai rakyat MALAYSIA dibawah pimpinan era TUN.

5. Saya berdoa anak cucu kami juga akan di berikan pemimpin yang hebat seperti TUN.

TQ

5. We now have a weak Government and clearly it is incapable of dealing with the tendency towards conflicts because of race and religion. Because of its weakness it commands little respect and even the weakest parties would thumb its collective noses at the Government. The Government apparently has no idea how to handle these problems. We see it apologising only to have it's apologies rejected.

How do you expect the Government to deal with race and religious issues which they themselves started? Only solution is exactly what you suggested A STRONG PAKATAN RAKYAT GOVERNMENT! I am sick of BN playing race politics.

Salam TUN,

Saya mencadangkan agar ditubuhkanlah "UMNO leadership Institute" untuk melatih pemimpin2 UMNO, tak kiralah ahli2 berjawatan dalam parti atau tidak. Semua skill2 leadership hendaklah didedahkan kepada ahli2 UMNO ini seperti debates skills, analytical thinking, diplomacy, etika wakil rakyat, "how to blog" ke, how to give impactful speech ke + etc etc. Tak pon jemput leadership specialist/speaker untuk mendidik pemimpin2 umno atau bakal2 pemimpin samalah seperti fungsi INTAN untuk melatih pegawai2 kerajaan. Perkenalkan jugalah induction leadership course untuk mengenal-pasti anak2 muda melayu yang berkelayakan dan mempunyai daya pimpinan. Ajar mereka sejarah perjuangan Umno, our mission and vision. Bukalah ruang untuk anak muda melayu mempunyai platform untuk menunjukkan bakat kepimpinan mereka.Saya raya penubuhan institute latihan Umno juga dapat mengenal pasti bakat2 baru untuk di ketengahkan supaya taklah kita mempunyai krisis kepimpinan seperti sekarang.

Wakil2 rakyat BN (hanya yang berjawatan) perlulah juga dilarang sama sekali untuk terlibat dalam aktiviti bisnes2.Mereka sepatutnya lebih focus pada masalah rakyat, bukannya sibuk mengkayakan diri sendiri dan untuk elakkan any "conflict of interest".Pada ahli yang tidak berjawatan biarlah derang nak berniaga apa-pun asalkan ikut etika parti.Saya pernah dengar somebody says dulu "kalau nak kaya masuklah bizness, kalau nak membantu orang susah, barulah masuk politik".

Wakil2 rakyat BN patut menubuhkan satu platform untuk direct terus mendengar rintihan rakyat. Contohnya,ruangan sms untuh rakyat, segala permasalahan dapat di-report direct kepada YB masing2 untuk di ambil tindakan....So, BN perlulah sediakan direct channel kepada rakyat,wajibkanlah setiap wakil rakyat ada blog ke, ada talian hotline BN ke, supaya rakyat rasa pemimpin mereka sentiasa bersama time susah & senang bukan time pilihan raya je.

Saya rasa if possible in budget wujudkanlah "petty cash" untuk wakil2 rakyat kita nie, supaya tadelah wakil2 rakyat nie complaint, macamanalah nak tolong rakyat, kami pon taderk duet, so petty cash nie akan tolong channelkan direct "fund" untuk menolong rakyat dengan secepat mungkin,seperti nak baiki jalan ke, nak derma surau ke, nak bantuan buku2 anak2 ke, && etc etc. So wakil rakyat kita nie tadela

alasan lagi nak terlibat dengan rasuah, konon nya derang main rasuah sebab nak tolong rakyat jugak. Kalau concept "petty cash" nie possible, saya rasa rakyat pon takkan complaint lagi "time pilihan raya jer, semua permintaan kita dilayan, kalau tak jangan harap"....

Last but not least, saya rasa all Malaysian patut baca buku by John C Maxwell "17 irrefutable law of teamwork".... so that we can teach ourselves on working as a team (umno+mca+mic) to achieve all the great things... respect + tolerance + togetherness = ONE malaysia

Setakat tue jer saya dapat menyumbang buah fikiran....

TERIMA KASIH TUN

Salam YABhg Tun,

Saya sangat mempercayai bahawa pimpinan negara mengalami krisis kerana 'agak berlembut' dan tidak tegas dengan keputusan yang dibuat dari aspek politik, tambahan kelemahan didalam mengawal ekonomi memburukkan lagi keadaan.

Namun alternatif oleh pakatan rakyat, terutama DSAI amat-amat diharap memperbaiki semua ini.. Apakah Anwar telah berjaya?

By bunnies on October 14, 2008 10:08 AM

Tun,

You are right.. We do need a strong government. But we need a government that is JUST and FAIR more! You have to admit that the racial problems we have today is created solely by UMNO in their quest to dominate and conquer this country. All the spin about who is a Pendatang, who should be the "sons of this soil", who is entitle to this and that is to play that "divide and rule" game and very unfortunately, ALL RACES fell hard for it and today, we have everyone viewing everybody based on the color of their skin! That is simply SHAMEFUL! Shameful because all these are created by 1 party that I see is insecure and insincere in their motive and thinking.

Just look at some of the comments in here. Some of these "sons of this soil" is still going on and on and on about how the other races, Chinese, Indians and what have you are brought in by the British and therefore they are the Pendatang. FULL STOP!! There is no acknowledgement that these so called pendatangs have helped build this country to what it is today. It has never cross these "sons of this soil" that without these pendatangs, Malaysia may not have achieved what it has today. As a pendatang, I want to ask, does this "sons of this soil" dare say that they would have done just as well or even better without the Pendatangs? If so, why the need to have preferencial treatment or shall I say, "RESERVED CLASS" treatment for these "sons of this soil"? If so, why cant these "sons of this soil" compete on fair ground and win!? We are not even talking about competing globally ok...

So, yes, the role of the government is to govern the country as in to ensure that all responsibilities entrust in their hands are done properly and fruitfully.. meaning, to make sure the economy is up and running, strong and making molah for all to enjoy a comfortable life.. all its citizens are happy and merry. And to do just that, the government must not be bogged down with all these nitty gritty internal racial and clan problems that can snowball into a big giant avalanche that can kill.

So, to your topic, the government brought all these upon themselves with their "divide and rule" theory and together, coupled with a weak like twig leader, we all, pendatangs and all are paying the heavy price of UMNO's foolish theory! Is it right or not??

So, if we are to have a strong government as in fair, just and strong, we definitely have to get rid of UMNO! They are the main culprit and they are the one that is weakening the whole coalition! Internally, fighting to see who can have a bigger piece of cake to stuff their own fat face. (Yah, it makes me puke to see these UMNO buggers decked out in their fine wear, some, shining like Christmas tree, some, a walking advertisement of the latest haute couture!) externally, playing all these "racial politics".. leaving no time, energy and heart to govern the country properly! Yah.. same goes for MCA and MIC... Those are the "mini me" of UMNO. In other words, BN has to bugger off!

ASWB to Tun & hazard72 ,

Actually I 'm not aware of Gerakan wanita Chief's statement that 'malays are pendatang' until I read your comment just now. Out of curiosity, I double-checked with my favourite NST and found the news article page 14 with the headline 'GERAKAN WANITA CHIEF SLAMMED OVER REMARKS'. Now bad things happened again & will continue to escalate. just mark my words. TWO WRONGS WON'T MAKE THINGS RIGHT. there'll be be third wrong doer after this.

Just when we thought that Ahmad Ismail's infamous statement to be put to rest, somebody has inflicted an open wound again and again.

of all the people, the youth leader from the GERAKAN is fanning people's sentiment at the wrong time and place. The way that I perceive GERAKAN leaders lately seems to indicate that the party is at the threshold of breaking away from the BN. Realising that the BN is no longer dominant and invincible as before, GERAKAN is trying to threaten the BN as the party is so critical to the BN survival. From my 'so-called narrow point view', GERAKAN is already a spent force within the ruling party particularly in Penang where the entire GERAKAN leaders have been systematically annihilated by the PKR/DAP and the Penangites. If the GERAKAN were to leave BN today, I don't think the BN is affected in fact GERAKAN will be the one who will be affected in the long-run. The remaining options available to GERAKAN; stay in the BN, leave and join DAP/PKR and be an independent party. Well, if this the way that the GERAKAN leaders are behaving, then by all means leave the BN outright and prove your independence and self-pride outside the BN circle.

I guess that the time is right for the MALAYS to establish our own MALAY RIGHTS ACTION FORCES to defend the rights of the bumiputras as enshrined in the Federal Constitution.

if you force somebody to a corner, a person will be COMPELLED to fight his way out. that is my verdict. I REST MY CASE.

Tun,

As far as I have concerned, that it is indeed important to have a strong government who can deal with these issue. The government were powerful and strong during your administration but to my perception, it is meaningless running a country with censorship and I don't believe in sacrificing what might be good to achieve something better. Troubles just resurface after your retirement as we can see. Obviously the source of problems were not dealt with, do you think most of the commentator here are patriotic?

Selamat Hari Raya to Tun, family and fellow commentators:

A strong government is needed not just in a multiracial country. In fact any country. But beside having a strong government. A clean and efficient government is far more important.

Our so called strong government only leads to more abuse of power, supression of indifferences and eventually corruption and embazzlement of tax payers money. While we can claimed to have strong government for the past 50 years but there are way too many so called mega projects that turned into "white elephant".

So many buildings that were built but finished under sub-standard quality like the Matrade building, JB General Hospital, MRR2 viaduct near Kepong, Most of the computer centers for the schools that were left uncompleted under the IT modernization. Strong government indeed to have implemented these projects but lousy strutures are the end results.

And then the procuremnt of supplies, set of tolls that cost ten of thousands while the usual retail price was only less than hundred.

All these incidences had been reported on major newspaper but what is the action taken? Spent more money to rectify the mistakes. The list could go on and who knows how many more that went unknown and million or billion of Ringgit was spent for the so called strong government policy.

Please, enough of the racial and religious matters already. All these are only played up by the politicians. We have lived long enough to respect and tolerate each other and all rights had been constituted. Stop raising the matters on racial and religious any more. The so called weak one is stepping down early. Is the people in power and the misused of the power that caused the government become weak.

We have better find ways to stir ourselves out of the economy crisis rather than arguing who and suggesting how to get a strong government.

Tun seorang yg dihormati dalam negara dan luar negara.

Akan tetapi ketika saya membaca komen2 yg didalam blog Tun, semuanya "Yes man" yg tiada pemikiran kritika.

mereka ini seakan2 kanak2 yg hanya tahu bersetuju dgn apa yg disebut Tun.

Pada pendapat saya, Tun seorang yg bijak dan berpemikiran critical serta seorang analisis hebat.

Saya berharap Tun tidak terlalu "overwhelmed" oleh komen2 yg berkurangan nas, yg hanya tahu bersetuju tetapi tidak dapat mengeluarkan walau secebis pandangan yg tersendiri yg bernas.

salam Tun,

to Kilmer,

thanks for your remark to me and adamjohari (actually you are missing out on many many more commentators who criticise you).

You are right to be entitled to your opinions, as much as I am to mine.

But never go overboard. Never belittle another race like you are so goddamn good and righteous.

In previous articles by Tun, there were so many hateful and spiteful comments aimed at Malays by sick and deranged commentators (you included).

You reap what you sow.

Y.A.Bhg Tun,

I agree the current government is weak. It's easier to do damages than fixing them, and it takes longer to fix.

It goes back to leadership. Just like the saying 'bapak borek anak rintik'. In leadership, if the leader shows bad example, most of the times, the others will follow, apart from taking advantage of the leader's weaknesses.

My worry is, even if Dato Seri Najib were to be the next PM, will he be able to fix the damages. If the ones advising behind the scene are the same as the current ones, I don't think Dato Seri Najib will make any improvements. We will be back in the same loop.

I feel the country is not as 'muhibah' as before. It's strange. I think the government should relook at how to make the rakyat happy at the same time respect each other's religion and race. There should be some level of equality, especially when it comes to education.

A'kum Tun & Chedet Blog readers,

* Sadly, simple majority does not cut out for any coalition to form a strong government. Reflect back event in the past months we can see how the opposition intimidates the present government and the latest with claims many BN MPs cross over to the other side. This gives bad image to the outside world with government cannot effectively execute its policies. Traders realize the present government are no longer assertive have raise price. NGOs publicly raise sensitive issues which is unprecedented.

* On the other hand, it matters if the coalition is lead by an influential and strong figure. The leader cannot surround himself with advisers coincidently with blood ties. People need a leader that place nation interest above his family.

Dear Tun,

The 2/3 majority which was in place for 53 years most certainly created a strong Govt. It is gone now. Can the BN get it back? To cut to the quick, there is no other way for strong Govt.

The crucial factor is that the Malay vote is now split, almost an even 50/50 or maybe less in favour of UMNO/BN. In 1999 the Malay vote was also split, hence Trengganu was lost. But in 1999 the Chinese and Indian vote swung solidly in favour of BN. Hence the 2/3 held for the BN.

Now even the Chinese and Indian vote is gone. In my view the Chinese and Indian votes are imperative - both for the BN and the Pakatan. Because of the split in the Malay vote, the Chinese and Indian vote will be thrust into greater prominence than ever before. They will be kingmakers.

I think the Pakatan has understood this quite well. With 50% of Malay support already with them, the Pakatan are focusing on the non Malays, quite succesfully. Unfortunately UMNO has not understood this. UMNO is seemingly not too bothered with Chinese & Indian sentiment. Electorally this attitude will not be too detrimental if UMNO has solid support of the Malays. But, this is not the case anymore.

I believe the first order of the day is for the new PM to jump start the economy. We have to go from 5%-6% growth to 8% or better, which was the norm in your time. And all this rhetoric and tension should be toned down completely. This should improve things in the country tremendously.

Governing with less than 2/3 majority is greenfield for UMNO. So far UMNO seems to be erratic how to deal with the situation. UMNO is not handling issues well. More thinking, more wits are needed. It is not impossible to be a good and popular Govt despite the new reality.

Syed Akbar Ali.

Saya sungguh dukacita apabila membaca coretan pakpandir08 yang bagi saya sungguh dangkal dan berbau emosi semata....tuduhan2 yang x berasas yang dilemparkan amatlah melucukan dan mengecewakan saya kerana ianya lahir dari seorang rakyat malaysia yang telah sama2 menikmati hasil dan usaha Tun sebagai PM malaysia selama 22 Tahun. Tuduhan bahawa tun cuba mengaut hasil negara adalah terlalu keras dan tidak berasas.....saya merasakan bahawa beliau tergolong dari golongan manusia yang tidak bersyukur dan tidak matang menilai corak pemerintahan dan diri Tun sendiri. Tun tidak perlukan harta bertimbun kerana Tun sendiri sudah kaya dengan budi dan ilmu....anak2 tun berjaya kerana usaha sendiri tanpa ada campurtangan dari Tun dan kini anak beliau adalah antara org melayu yg terkaya di malaysia. Tohmahan bahawa rakyat malaysia membenci Tun juga bagi saya hanyalah fantasi beliau kerana semua golongan di malaysia dari kecil hingga dewasa menyayangi dan memerlukan tun....wahai rakan2 yang menghormati tun adakah tergamak kita membiar golongan seperti pakpandir 08 ini terus bebas melemparkan kata2 dusta dan kotor ini kepada tun???? dimanakan tanggungjawab kita mempertahankan Tun????

Sallam Tun,

Janganlah hendak menafikan yang rakyat Malaysia hidup di dalam keadaan harmoni sepanjang zaman Tun memerintah.

Sifat perkauman dan curiga mencuriga di antara kaum tetap tebal sepanjang zaman Tun memerintah dan macam hidup dalam keadaan di mana "bomb that is set to explode anytime".

Cuma Tun pandai gunakan konsep "jika semua rakyat senang dan kaya dengan harta benda, mereka akan takut atau lupa hendak berkelahi dan hanya tertumpu kepada menjada harta benda mereka.....inilah yang ditamankan konsep hidup zaman Tun ialtu "FORM OVER SUBSTANCE"... takut berperang dan mati dan akan hilang harta sifat MATERIALISTIK ITU SEBENARNYA YANG TUN BERJAYA TANAM DI DALAM JIWA RAKYAT MALAYSIA.....

Just to let you know, of all the MT's I prefer Dato' Seri Syed Hamid Albar to be among the deputy. Why is he left very far behind? I dont see any reason for this. I have seen how he faced Singaporeans before in a one-on-one encounter. He have the quality that you have, Tun. Just want to know what happened to him.

Thanks.

to my dearest tun,

i strongly agree.

racess/ religion issue are very sensitive, especially we live in multi races country. if one race says things bad to other races, the fight will begin, and end up a very, very hurt feeling. and as Malaysian, we do hope this will not happen. since independent in year 1957, we are lucky only had a 513 issue, and the reason is imbalance of economy between the races. i believe, if all races can enjoy a high living standard (like USA, though the white & black still have different), we Malaysia can catch up as strong as our neighbour, Singapore..

with stability in politic (of course with a strong government),our races can working together for a better future....

we pray for our future, the next generation future, hope that Malaysia will remain as peaceble/ harmony for another 50 years, at least, and still looking for next open house for mutli races celebration..

thank you,
have a good reading, for the those join in for dereast Tun blog..

Dearest Tun,

Memang benar we need a strong Government. Nampaknya demand kumpulan tertentu dah keterlauan dan mereka tak segan silu lagi dan sangat berani, terutama Hindraf.

Personal experience, bila ada orang block kereta depan rumah, selalunya memang Hindraf. Kita terpaksa tunggu dan mereka tak ambil kisah pun. Kat simpang jalan main park saja dan intimidation semasa memandu pun mereka, memotong sebelah kiri dan jump que. Kalau kita marah, honk, memang kenal..

Semalam lagi menakutkan. Ada geng Hindraf yang dah target tanah saya, dia nak beli. Tapi saya tak nak jual. Dah berapa bulan dia call dan datang rumah! Macam mana dia tahu pun tak tahulah saya. Bila tanya dia mengelak. Semalam, dia suruh lawyer call, cheque nak tulis nama siapa dan ejaan nama yang penuh. Bila kita kata tanah tidak hendak di jual, lawyer tu kata dia cuma mengikut arahan.. Tak tahu apa akan terjadi lagi.. beraninya mereka. Hak orang buat macam hak sendiri..

We need a strong government!

Thank you. You have spoken on our behalf again. On behalf of Malaysians.

1. To our current so-called 'government leaders' (or can we call you 'jokers'?): Take heed. You don't need to go far to get facts. Just visit this blog, absorb the contents and use it for your benefit as 'leaders' and for the 'rakyat'.

2. To our current so-called 'government leaders'(phfitt..): Wake-up. Stop being stupid. We 'rakyat' are not stupid. We know what is 'going-on' up there where majority of you 'government leaders' are not working for the 'rakyat' but for 'yourselves'.

3. To the future so-called 'leaders': If you think you are 'leaders', PROVE IT. So far we 'rakyat' have seen none.

By Bravo Echo Echo Romeo on October 14, 2008 12:18 PM

I beg to differ. When is racial politics ever good? You blame a incompetent government but I say it is corrupted government who wants to hang on to the good old days of doing business by using racial politics. In America, race relationship was really bad in the 50's and 60's and that country has already shown you the way of how to do it right by having rules to protect the minorities right. The Supreme Court makes sure that the country's law are interpreted fairly and protects all citizens rights behest of whether they are rich or poor. You dismiss the judiciary branch and vote in a new law every time you feel like it in the legislative BN controlled govt. There should be a separation of power in the executive, legislative and judiciary branches of government to check and countercheck each other. You are all of it when you were in power. That is called "Dictatorship" in a stealthy way.

Why didn't you make amendments to the country's draconian law or set equality law for all Malaysians when you were in power? Why didn't you even try to educate the majority to accept minorities instead of polarizing them? You were a weaker leader than Pak Lah as you are were a control freak and an egomaniac who is in the mold of Sadaam Hussein and Kim Jong Ill. Now you talk like you are the savior of the country and has all these ideas. I have more respect for a Mr Lee Kuan Yew 43 years ago with his

ideas and ideals than you. He was a man way ahead of his time and thinking and has steered our beloved other part of the same country down a properous path while your policies has set the course for failure. Pak lah inherited your demise. Even if you were in power, you would have lost the 5 major states. That's the people's will.

By FAUDZI on October 14, 2008 12:18 PM

Akum TUN dan semua.

100% bersetuju dengan pandangan TUN ; Justeru itu, malaysia memerlukan pemimpin yang mempunyai kualiti yang berbeza yaitu kepimpinana yang "strategic and effective". Untuk mencapai tahap ini kualiti dan kebolehan yang diperlukan adalah merupakan seseorang yang berilmu, charismatic, visionary dan mempunyai kebolehan untuk berhadapan dengan cabaran yang "multicomplexity". Ciri2 seperti ini cuma ada pada TUN sahaja.

Saya harap pemimpin pengganti selepas Pak lah (tidak mempunyai apa2 attributes or skills needed to be effective and strategic leader) mesti lah mempunyai ciri2 tersebut dan berguru la pada TUN.

Saya baru pulang dari Indonesia dan politik di Malaysia diamati begitu serius oleh rakyat Indonesia dan saya amat bangga kerana TUN begitu di disanjung di sana dan mereka turut berbangga memepunyai pemimpin islam yang berkaliber seperti TUN. "KEMBANG HIDUNG SAYA APABILA TUN DIPUJI SEBAGAI PEMIMPIN DUNIA ISLAM DAN DUNIA KETIGA".

Harapan saya Datuk Seri Najib harus bijak menagani isu malaysia selepas ini dan jgn segan2 mendapat nasihat daripada TUN untuk kebaikan rakyat keseluruhannya.

Ramai yang irihati pada TUN dan mereka semua cuba laga laga kan TUN dan DS Najib dan pemimpin UMNO yang lain. Sebab mereka ingin lihat UMNO lemah dan tidak berupaya. Diantaranya ZAID IBRAHIM menteri yang tidak mempunyai kualiti.

Untuk makluman ada juga segelintir manusia cuba laga lagakan TUN dgn Ku li dan DS Najib. Niat mereka ini untuk memastikan UMNO terus bergolak dan akan mengambil kesempatan dari keadaan ini.

hello sir,

Yes, we do need strong governments everywhere, especially here. However, strong governments need strong personalities to be leaders.

In the Malaysian senario, how many truly strong leaders do we have? If we look at the current BN led government. They were unwilling to have a backbone and challenge the leadership until now (and luckily not till 2010 as was earlier proposed). The Supreme council after much drama finally decided that they have had enough of Pak Lah but the decision was late (In my opinion) and may or may not be enough

time to stop the problem within BN from becoming larger.

Back to strong personalities to be strong leaders in a strong government: Notice that some of the personalities were part of your cabinet when you were in charge. Why aren't they strong enough to keep things in check? These individuals were part of your 'successful' team. I may name a few, finance minister no2, ex Intl. Trade minister, an ex works minister (who overstayed his position) , etc.

Why is it that when you left, these same individuals who were retained undoubtedly 'fail to perform' in certain aspects under the current leadership of 'Mr Why Should I step down, I've got work to do (while I sleep)'?"

Do we have strong leadership to have a supposedly strong government?

Will there be any difference once the transition of power happens sometime next year as it is basically the same group of people (with a few exceptions)?

Will we have a strong government then?

regards

By kekawan on October 14, 2008 12:30 PM

1. Bad leadership results in bad govt. Even Pak lah admitted that his popularity drops between the 2004 and 2008 election but he is not ashamed of it! "Bapa Democracy"??? Most people would have difficulty in remembering your excellent deeds except knowing that you are "Bapa Mertua KJ" or "Bapaku Kahwin Lagi", while in office. Basically, If you fail to deliver, it falls to the leader. Period! You could have chosen the right man power/people for the cabinet to implement your ideas.

2. I agree to one of the comments that we actually need only 1 type of education system ie. No chinese/tamil based education/school as this is where the actual problem lies. A very good Example is when a 20+ yr old Indian who can't speak Malay when detained by the Immigration Dept. and still proud to claim a M'sian and has the guts to sue the immigration dept.! She should be deported or given a red IC! This is a disgrace to the nation who wants to be a developed country in about just over 10 yrs from now. The govt. should reduce funding to these national types school as the integration should start early. There is less prejudice among kids as only the parents sow the racial ideas as they grow up. If most children go to the national type school then we don't need National Service! NS is not the solution but a mitigation effort to enhance the integration but it is too little too late (what do you expect in 2 mths!) and cost millions and lives! The problem is that the NS is the brainchild of the PM in waiting.

3. Najib has too much unsolved issues which could jeopardise the BN chances of retaining power. Nevertheless should he become the PM, he should pick a new cabinet where its members that have some integrity and good PR skills. Please drop for eg Nazri, Noh Omar, and Muhamad Taib as not much seems to be done by them anyway.

4. By the way, please STRONGLY advice MIC members to have a new leader as Samy Velu has past his timeline! MIC members please be brave on this. I would strongly believe that only that will enable to bring back the Indians to the BN.

5. Tun, With your experience and long sighted vision, you should return as advisor to the cabinet. I don't want "Pisang Berbuah Dua Kali" where Pak Lah wants to do it his way without getting advice from someone who is more experience (may be kiasu) but then fails miserably.

6. Najib please take note as the knife is already out and unless you managed to control your cabinet and Rosmah image, I think your career could be even shorter than Pak Lah as the opposition would win by the next general election, latest 2013.

Salam.. Tun,

What I wish for... "IF You could have Live on for the next Century".

You are a great leader and outspoken personality. Always has been, actually... I have feared the worst when you had decided to step down as PM.. and without a doubt, what had happened is exactly I have foreseen the Future Of Malaysia becoming.

And, that's the time, I have shaken and knowing what holds the future of malaysia that you and all of us had worked so hard eversince 1985 are going to the drain just like a flick of our fingers

Anyway, Hope it is not Too Late, and assumed that the next PM will carried out responsibilites accordingly as plan to 2020.

I always regards you as PM... not ex.PM. Malaysia still needs you, and I need you. You had brought A Good Name all over the world.. and I am truly proud as a Malaysian. Not until then, the present PM and administration. I am depressed and disappointed with his responsibilites and leadership.

It is not easy as A,B,C to become a leader.. But, I am hoping your sons or daughter will become our Future PM one day..

It runs within the blood, I believe.

Frankly, I don't think much about politics or BN. But, I do vote.

Most important for me if we could live happily together with economic stabilty; A Great Leader to be proud and lookup to; A Great Country to live in; '0' inflation; and everyone you see or met in the streets are smiling....

Well, Tun... I hope you could do something or whatever possibly you could for our next new PM and years to come.

I am so worried what will happen when you will not be around in the future....

Please take care of your health.... Your name and the things you had done will always in my heart and will most certainly pass on to my children, grand children, etc..etc.. about how a Great Person and Leader you are.....

The Father of Malaysia! I love you...

Salam Tun..

Why not you come back and be our PM once more.. Or maybe have your son run for the presidency?

How smart is Datuk Najib anyways? I hope history wont repeat itself by having him dominated by his cronies and wives and families.. just like the KJ over Pak Lah all over again. Slgh

Your comment shows very clearly that malaysian politics are indispensable. There are no other leader in UMNO to substitute DAAB, To the extent, You have to call the senile man to lead our country again with all the Draconian laws in place again and rule like HITLER.

That could have been possible 5 yrs ago and now he may be eliminated shamefully from power. If you have the intention, (Tun Mahathir) Try leading the country as the past and you will get the boot instantly and maybe worst than any other leaders in the world.

You are not respected and most of the malaysian hates you for 22 yrs of AUTROCIOUS and Obnoxious Rule. As, Has been said in the past, Donate to charity all the money you have made from the TAX Payers and repent, So that your sins can be reduced. Anyway your days in free are numbered, And matter of time you have to be placed in Sungai Buloh for the good of all malaysians and the malays in particular.

Salam YDK Tun & Tun & Famili.

Pertama sekali saya ucapkan tahniah kepada Datuk Mukhriz atas kejayaanya. Berhati-hati Datuk, the parasit KJ is wounded now surely he will abuse the out-going father in law's limited power to revenge during the election.

Good, Strong, Charismatic, Visionary, Knowledgeable, Respected are some of the ingredients in making of a reputable leader. Having power is just the fundamental but ability to use the power intelligently is more important. Well, the superpower USA have kneel down to our great former Prime Minister, Tun Dr Mahathir Mohamad in following the recipe to save their so called superpower USA economy and their GLC's and Banks.

Malaysian's, we are blessed to have a Prime Minister in Tun Dr Mahathir Mohamad in our lifetime. Believe it or not. BELIEVE IT.

As for Hindraf's issue, the weakness in our current government have lead to the disrespectful events by many. Well, we have a Mr Niceguy, Mr Clean, Mr Democratic, Mr Transparent, Mr Reform, Mr Hadari etc.. etc only to pull down our beloved country into chaos, and uncertainty largely created by political people.

The price of fuel is surely coming down below US\$70 let see if Mr Clean and Mr Democate will bring down the petrol and diesel below RM2 p/l by end of this month.

I pray that YDK Tun & Tun will be in good health in many years to come. I don't see good, strong, credible and intelligent leader in near future.

Take care YDK Tun.

Salam Tun,

I'm with you Tun, definitely Malaysia needs a strong leader that can lead the country like you. The leader should not be easily scared by any threat either from foreign or domestically.

Currently it seems that everyone have something to say, the media also were very more than happy to write as more news is more \$. There are too many ideas and nothing could be done because of time were wasted discussing these ideas which.

Ideas are good but it must be align with the country's vision and mission as well as it should be agreed by majority before it should even discussed. This is where sometimes I think veto power of the PM should come into play to avoid time and money wasted.

The opposition is trying their level best to stop any improvement or major accomplishment by the ruling govt. In the same time giving a lots of stupid ideas which appeared to be very "rakyat thing" but actually does not have big impact to the country.

Dah nama pun Pak Pakdir. Bodoh macam pak pak pandir lah.

Ada faham kah apa yang TUN lakukan selama ini ada lah untuk kepentingan majority rakyat. TUN mewakili suara kehendak majoriti rakyat Malaysia.

Tak nampak pun cara TUN ini untuk kepentingan peribadi dan keluarga nya. Jangan lah pak pandir membuat tafsiran yang salah. Majority rakyat mahu perubahan dan menolak seorang pemimpin yang lemah. Ini telah pun diterima oleh seluruh rakyat Malaysia akan peralihan dan pengunduran Pak Lah dalam waktu terdekat ini.

Kenapa pak pandir maseh ad2a apa2 projek lagi ker nak mintak pada Pak Lah? Dan cuba menuduh TUN pulak.

Pak pandir maseh tidur. Orang2 muda lah yang ramai menyanjungi TUN masa kini. Apa Pak pandir dah buat survey seluruh negara ker yang mengatakan TUN dibenci rakyat. Nampak sangat lah bohong nya. Yang sebenar diceruk mana kita pergi kat Malaysia hari ini rata2 rakyat tak suka pada Pak Lah. Kat pasar malam. kat kedai kopi. di setesen bas. kat airport. dalam teksi.dalam lift,dalam bas kat pejabat2. semua kata Pak Lah lemah. Tak pandai mentadbir negara.

Pak Lah akui ini kerana itu dia terpaksa lepaskan jawatan nya.

Kalau TUN tu tamak kuasa, TUN tak kan lepaskan kuasa nya pada Pak Lah.Masa tu pak pandir kat mana? kat US,kat UK, kat bulan? Tak nampak kah keadaan Malaysia waktu itu. Aman, maju,rakyat mewah dan nama Malaysia harum serata dunia. Tapi hari ini apa dah jadi.

Dah lah pak pandir tak payah lah nak pengaruhi fikiran bloggers disini. Kami bukan nya bodoh untuk membuat penilaian sendiri.

Assalamualaikum Warahmatullahi Wabarakatuh.

Tun,

Perasaan binggung, sakit hati dan kuathir sentiasa ada dalam diri saya selepas pilihanraya yang terbaru ini. Soalnya bukanlah sebuah kerajaan yang kuat atau tidak tapi lebih kepada perpecahan bangsa sendiri yang lebih hebat daripada senario kafir mengkafir terdahulu.

Saya binggung kerana mencari punca sebenarnya senario ini, sakit hati melihat perpecahan bangsa sendiri dan diketawakan oleh kaum yang lain dengan pelbagai isu dan kuathir dengan masa depan anak-anak selepas kita dah tiada di dunia ini.

Inilah permainan rakyat sekarang dan didalangi oleh orang yang bergelar pemimpin tetapi sebenarnya bukan pemimpin tetapi politikus. Itulah akibatnya kalau segala perbuatan berdasarkan sebab yang dihalalkan yang sepatutnya bersandarkan agama.

Masyarakat kiita secara umumnya dah buta batiniyah bukannya buta lahiriah. Cubalah renungkan sebentar dalam konteks sebagai muslim bersandarkan tauhid. Kemana arah kita sebenarnya??

Kerajaan baru akan ditubuhkan pada Disember sempena raya haji kata DSAI. Dulu 16 september. Masih lagi ada yang tak dapat melihat dengan mata hati perkara sebenarnya. DSAI tak gentlemen langsung. Orang kurang bercakap kerja jalan, ini subahannallah..

Di sebelah kerajaan pulak tak habis-habis "Kita prihatin" tapi apakah prihatinnya kerajaan sampai terbaru Shah Rukh Khan dapat Dato'. Benda bangga mana yang dah masuk dalam kepala mereka yang berkuasa ni.

Apa kesudahan nya. Tertunaikah amanah kita setiap muslim sebagai khalifah dan tidak akan disoalkah kita nanti oleh Rabbi apabila si anu jadi PM dan si amu jadi ketua pembangkang.

Inilah dia apabila hati mendahului segalanya.

Wallahualam.

If i had said something about a particular race i belief firstly i am entitled and secondly there must be some truth to it, regardless of whether you agree or not. The true history not the one we read in school proves my point.

And another thing a web blog is a medium to understand the subject matter, critize and decide for one self, without being an imbecile like you. When i wirted in this blog it is between me and TUN, Which by the way I HAVE TOTAL AND ABSOLUTE RESPECT FOR.

It is obvious your judgement and discrimination faculty has failed you. In other words your intellect is not really working. Have a nice day.

Dear YAB Tun Dr.M,
With respect...

Are you suggesting Autocrat leadership or the leader should be a Dictator to have a strong government?

I believe the last GE result actually meant that the people of Malaysia had enough with BN....They realized that it is time to come out from the coconut shell and make changes by using their right in voting power.

They had enough with this corrupted government. The BN given the last chance in 2004 where by BN won with highest majority recorded in history of Malaysia. We gave one last chance to the new PM (AAB)to make the changes and he even failed all Malaysian. The BN government still could not come out clean. That is the main reason the 2008 GE the majority reduced tremendously.

If this government continues with the same agenda and principle, then the next GE we can see the change in government.

It is not weak or strong government the people wants...What the people of Malaysia wants is a CLEAN government. If the ruling government comes out clean then automatically the people will be taken cared. For last almost 30 years what we see is "Harapkan pagar, pagar makan padi".....

Thank you.

assalamualaikum tun,

we do need a strong gov.im quite worried with our government stability for now.do the new PM be able to step up and fix evrytg?

i really pray that there will be more leaders like you Tun.

may God less u n your family.

The success of a country depends on competent leaders and committed citizens. In a democratic system, a government is formed by the people for the people. But when the people treat the government like the enemy, it is like shooting one's own foot. Why are certain groups going all out to slam the government elected by the majority of the people? Why are they listening to voices of dissent? Who are actually instigating the people? What is their motive? When people start questioning those who keep whispering words of hatred against the government, the instigations will stop naturally. It is time Malaysians work together to make the country strong. Stop listening to people who are out to break us apart. A good government will be a strong government because they would have the people's support.

Assalamualaikum Ayahanda Tun yg di kasehi....
Selamat Hari Raya kepada Ayahanda sekeluarga...
Alhamdulillah...Datok Seri Najib akan memimpin parti dan negara.Semuga parti dan negara yg tercinta akan bertambah aman,makmor dan kukuh dibawah pentadbiran DSN.Olih itu mari lah rakyat Malaysia sekalian ,marilah kita bersatu padu dalam memakmurkan negara yg tercinta ini
.Semuga ayahanda Tun cepat2 kembali kedalam UMNO.Bantulah DSN dgn tunjuk ajar seperti seorang bapa kepada anaknya kerana bapa mana yg tidak mahu melihat anak dia berjaya.Berilah idea2 dan pandangan2 yang bernas dalam memperkukuhkan parti UMNO dan BN serta turut memperkukuhkan negara yg tercinta ini.Kembalilah segera wahai Ayahanda Tun kedalam UMNO.Saya juga berharap semuga DSN menerima dengan hati terbuka idea2 dan pandangan2 bernas yg ayahanda Tun berikan juga kalau bolih melantik ayahanda Tun sebagai PENASIHAT SEUMUR HIDUP UMNO.Saya turut menyeru semuga ahli2 UMNO tak kira pangkat ..yg kecil dan yg besar...terus mengukuhkan barisan dalam menghadapi dunia yg makin mencabar ini dan harus diingat semua ahli2 UMNO mempunyai tanggungjawab dalam memperkukuhkan parti yg tercinta ini.Untuk pengetahuan sekalian bahawa UMNO dan BN maseh dan tetap relevan dalam memperjuangkan agenda rakyat dan negara.Marilah kita bekerja bersungguh2 dalam memberi perkhidmatan yg terbaik kepada masyarakat dan rakyat Malaysia .Semuga pada PRU13, BN akan berjaya menawan kembali negeri2 yg telah di tawan oleh pembangkang. HIDUP TUN.....HIDUP UMNO...HIDUP BN....HIDUP BANGSA MALAYSIA....HIDUP MELAYU...HIDUP MALAYSIA.....

[illegible]

Mmg betul tu Tun. Klu gomen tak kuat, orang2/persatuan2/parti2 yg kecil pun akan tunjuk taring. Inilah yg jadinya sekarang. Pak Lah tak boleh kawal apa yg terjadi dlm Malaysia, semua buat tuntutan masing2. Yg best tu, aleh2 Pak Lah diberi gelaran "Bapa Demokrasi" oleh parti Gerakan. Ini bukan nama demokrasi. Ini namanya pengecut! Seseorang yg berkuasa mesti tahu mengawal org2 bawahannya. ambil tindakan klu mereka tak perform. Bagi anugerah klu mereka deliver. Parti Gerakan yg kalah habis dlm PRU12 tu pun boleh minta mcm2 dari kerajaan (UMNO especially), apatah lagi pembangkang yg kawal 5 negeri!

Sebab tu sampai sekarang takde cerita mengenai pemulihan ekonomi negara. Asyik nak padamkan api2 dlm negara saja!

You better perform Najib or else.....

Sometimes saya terfikir jugak keadaan semasa dan politik sekarang dengan isu sosial..Saya di sini berkawan dan bergaul dengan berbagai bangsa dan kami masih bergurau senda dan sama-sama menjalankan perniagaan.Dan paling selalu isu yang menghairankan kami adalah ketegangan kaum dan sosial?!Benarkah itu yang terjadi atau ia cuma sekadar isu yang dimainkan oleh bijak pandai dan politician untuk mengalihkan keadaan sebenar? Setiap hari saya berjoging dan saya masih melihat tidak ada apa2 yang tegang..Tidak ada pergaduhan....masing-masing masih memberi senyuman ikhlas dan sapaan yang ramah. Kadang-kadang saya terfikir ini bukan isu rakyat..malah kebanyakan rakyat malaysiapun masih menghormati satu sama lain..yang bermasam,yang bergaduh cuma,ketua2 parti,,yang politician..penyokong yang membuta-tuli,,dan bijak pandai yang pandai mengalih perhatian..So plz stop the nonsense..jangan ada-adakan yang tiada.sekiranya keharmonian yang masih stabil..so kekalkan..lupakanlah sekadar yang kecil2 dan remeh-temeh.Saya khuatir kalau yang tiada ini terlalu berlarutan akan menjadi kebenaran dan Malaysia akan seperti indonesia..

salam Tun,

I pity Mohd Sivakumar Art Pillay.

He gives Indians and all Saudara Baru (muslim converts) a bad impression.

Obviously he needs urgent psychiatric treatment.For therapy I suggest he read Joceline Tan's article on Tun at The Star Online dated 12 October 2008.

He will then finally realise that MOST OF US love Tun and his legacy.

As for Kilmer and the likes,we know who he is.I do not want to waste my time entertaining perverts and voyeurs.

All of us have been saying that Dolah only pretends to be stupid, but in reality he is the smartest, probably smarter than TDMM.

Today, it's proven that Dolah is not a lame duck at all. He has set the trap for Najib, the so-called PM in-waiting, loves by all UMNO members.

Look, how smart Dolah has made the kill, while agreeing to give way to the much orchestrated UMNO-deal for the transition of the beholder of the power house of the country, he unwittingly decided to swap the finance with the defence portfolio to the surprise of everybody.

This is the bait he strategically set for Najib. As everybody knows, five months is neither five days, nor five hours. Dolah's patience has netted the UMNO big spot leopard.

Najib probably may have survived the scopian deal, but this time Dolah has caught Najib red handed in the signing of the Letter Of Intent for the purchase of 12 units of Eurocopter worth 2.317 billion Ringgit.

Bravo Dolah. And for TDMM's desire to coach Najib as the new PM looks like a long way to go. A five months could be a five year wait after all.

Assalamualaikum.w.b. Y.A.Berbahagia Tun semuga sihat dan di lindungi Allah hendaknya.

Saya amat tertarik dengan tulisan Y.A.Bhg Tun tentang " we need a strong government." Tiada apa cacat celanya pendapat Y.A.Bhg Tun malah ia adalah sangat di perlukan bagi negara kita. Terkenang kembali semasa pemerintahan Y.A.Bhg Tun semua ini telah di letakkan pada asas yang sungguh cantik dan baik oleh Y.A.Bhg Tun tetapi ia di rosakkan oleh orang-orang di sekeliling Tun yang mempergunakan kepercayaan yang Tun berikan. Mereka-mereka ini lah the Yes men yang begitu lembut lidahnya di depan Tun tetapi di belakang Tun mereka pemusnah dan perosak bangsa dan negara. Jika orang-orang ini berwibawa sudah tentu banyak misi yang Tun harapkan telah berjaya seperti Proton , MEC city , Perwaja , MAS dan berbagai-bagai lagi.Jadi apa yang saya ingin cadangkan ialah sebuah kerajaan yang kuat perlu di iringi dengan pemimpin beserta ahli kabinet yang berintegriti dan berwibawa melaksanakan dasar dasar yang di bawa. Parlimen memerlukan barisan ahli kabinet pemerintah yang kuat dan berilmu untuk membahas segala polisi kerajaan dengan terbuka dan sihat. Bukan sekadar hanya sebagai " endorser ". Ahli kabinet kerajaan yang memerintah perlu menunjukkan kewibawaan sebagai wakil rakyat yang membawa amanat rakyat. Kerajaan perlu di lihat sebagai menjaga kepentingan rakyat dan bukan sebagai beban kepada rakyat.

wassallam.

Salam Tun,

I very much agree with your opinion. You after all, in all honesty , is the most intelligent Prime Minister Malaysia has ever had and I doubt very much that we will be able to have another Prime Minister that can match you in the near future.

However Tun, the real issue I think is the people in the government itself. A strong government simply means a strong group of individuals administering the country. How do we define a strong group of individuals then? We are definitely not referring to individuals with chunky muscles here since most of our ministers look like they had too much to eat everytime they have their meals anyway(you excluded Tun). The real yardstick of strong individuals should be their level of intellectuality i.e. those with exceptionally high qualifications (if what they have is only a degree or a diploma, I might as well elect a Mat Rempit on Jalan Chow Kit to be my leader) and above average analytical skills to strategise and solve issues in the country. And above all, they must have the ability to sacrifice for the country and not to garner their own wealth when they are in power (sorry KJ, you have just been disqualified).

So Tun, a question I would like to pose to you is; Do you honestly think that our ministers (majority) have the very requirement that was pointed out earlier? If the answer is NO (well we know this already don't we?), then why on earth are these bunch of imbeciles occupying the fancy offices you built in Putrajaya? They are too dumb to start with and it is wishful thinking really to be hoping that the government will ever be strong. These people can win with 100% majority for all I care, but there's no two way about this. They are just going to lead us into the drain while they award themselves (together with their families and friends) with direct-nego / government contracts.

And Tun, may I ask, what nonsense is this,when we only pay our minsters nothing more than RM 20k in salary and things like that? Even a General Manager in a company of 1,000 staffs earn more. This obviously leads to corruption and yet we continue asking ourselves why these imbeciles steal from the government? As a result, they take away millions if not billions (all corrupted ministers combined) and spend it outside the country so that Malaysians do not know about their 'panjang tangan' activities. When

you pay peanuts, you get monkeys.Period.

For a small country like ours, we are involved in too much politics. I am not very smart Tun, and that's why I need SMARTER people to administer this land on my behalf and the rest of 27 millions like me.

I am utterly dissapointed. 27 Million others are too.

TUN A Every days to YOU.I had pen in In your CHEDET>COM.What we need now is not strong GOVT alone.Its the Captain itself.I remember once that Najib is a YES Man not likely to take PM Post.Your trent had change now.Why.Look at todays MalaysiaKini on the Copter Issue.

Najib is already in RED now He is more Darker RED.

You may right at certain points not all of course.As to my suggestion KU LI is not at all tinted TUN you had put some weight on him.If you presue for KU LI just one collum it may make a diffirent.The least the 58 nomination For Najib to run for his money.

Last Question Is Najib is your actual choose for PM.I Rather Have YOU DEAR TUN for PM for short years to shape up the country.Coach KU LI or be Senior Minister to check on the Cabinet.Nothing wrong being a copycat like Singapore for the sake of the Nation.

PSE PSE PSE PEN IN FOR KU LI for one citizen you have not known rather blessing for the Nation.Current UMNO people are full of greed Rich and the powerfull.You had mention the people still wants BN but not ABB. Putting Najib is like a snake that changes its skin
Once TINTED The Rakyat still put Najib off at next GE.

to 'kekawan' thanks for highlighting what i have written many times earlier...let there be just one and only 'national school type, for all our children of different ethnics, to roam and play freely in the same school compounds. Let there be genuine integration among our children at their tender ages as oppossed to those sham smiles and bear hugs among adults of different races in University domes and National

Service camps. Let there be no more Sekolah Jenis kebangsaan Cina nor Jenis Kebangsaan Tamil, for these are the centers of segregation or isolation where Malaysian children of Chinese and Indian ethnicity live among themselves for at least good 6 years with probably a handful of Malays students, whose parents have chosen to register them there. My Chinese and Indian friends may say I am racist, but truly I believe I am only pushing my 'nationalist' agenda. How can one call himself Malaysian when one can not even fluently converse in the National language, which incidentally is a pre requisite of our citizenship ! A local Chinese, who cannot converse Bahasa Melayu or B.Malaysia, is no better than tourists from China, Hong kong or Singapore for that matter. It would be insulting indeed to find that some among Singapore Chinese who do speak B.Malaysia. So we are in dire need of a strong and able leader to lead this beautiful nation to march forwards with this 'Single School System' which I believe can truly unite and bring us together as one bangsa Malaysia, free of anxiety, suspicion and hatred among us...

Assalamualaikum Tun,

Selamat Hari Raya maaf zahir batin.

Saya dengar lah slogan Pak Lah yakni Cemerlang, Gemilang dan Terbilang. Namun seems like tak realistic lah kerana tak nampak apa2 perbezaan yang ketara sejak Tun lepaskan jawatan dan tanggungjawab kepada nya. The Govt is indeed very very strong when you pass over the baton to him tapi sayang the next runner nya terlalu lemah lah.

Hidup dalam multi racial country nie kita kena lah hati2 and make sure all the media masa is not writing rubbish. Mereka lah sumber perantakkan antara bangsa dan ugama. The entire govt mesti dirombak.

All the elder minister should be a mentor to the younger ministers.

Maksud saya setiap kementerian harus ada yang muda untuk dijadikan sebagai 2nd minister dan orang2 ini lah yang akan jadi pengganti dimasa depan nanti. Ramai anak2 Malaysia yang berpendidikan tinggi dan berkebolehan, kerajaan harus beri mereka peluang untuk mentadbir negara. Tawarkan gaji yang menarik, pasti mereka ingin duduk didalam Parlimen untuk memimpin future Malaysian. Bagi saya pemimpin2 yang berada didalam Parlimen kebanyakan nya dah lapuk dan usang malah tak ada idea2 baru untuk diketengahkan. Why not try the younger ones?

They got a lots of new ideas to bring up, they have fresh blood, young brains and full of energy. Of course, they run faster than those the Govt have in their Parliament. Masaalah nya di BN(UMNO) ini tak ada barisan pelapis dimana anggota nya dapat bersandar. Saya ingin syorkan dimasa2 akan datang, hanya mereka yang ada kelulusan University saja yang layak untuk menjadi ahli Parlimen BN sama ada UMNO atau parti2 components nya. Don't put stupid people to represent the rakyat... orang bilang buang karan ajer. Itulah saranan saya Tun.

Assalamualaikum.. Yang Berbahagia Ayahanda Tun...

Saya setuju dengan pendapat Tun kerajaan perlu kuat untuk menghadapi cabaran masa depan, moga moga jika semuanya berjalan lancar pada march 2009 kita akan mempunyai kerajaan yang kuat gandingan Datuk seri Najib dan Tan Seri Mukyiddin. Itu Pun jika tiada perkara diluar dugaan yang berlaku. Saya juga berdoa agar Datuk Mukhriz menang jawatan Ketua Pemuda kerana ini akan dapat menarik sokongan ahli UMNO pada peringkat akar umbi dan seluruh rakyat malaysia kembali menyokong kerajaan.

Saya juga percaya Datuk Seri Najib akan mendengar nasihat Tun.

Segala kritikan Tun terhadapnya sebelum ini dia tak akan ambil hati.. percayalah.

Teguran Tun terhadapnya hanyalah ibarat teguran seorang bapa terhadap anaknya. Saya juga percaya Tun yakin dengan kepimpinannya. Semoga Malaysia menuju kemakmuran.

Sekian..wassalam.

Assalamualaikum Tun and good day to you,

I believe every country needs a strong government to sustain peace and stability just as a house needs a strong parental hands to uphold the family. But frankly I do have doubts on the next to be PM. Has he the

charisma and capabilities like you do Tun? Please enlighten me Tun 'cos as I have said before when I 'leave' I want to leave my children and my future generations in good capable and trustworthy hands. I have done my job in bringing them up as good citizens but I can't guarantee they will stick to the present government now if the next PM is also flip-flop. My children are still young but they do keep track of the politics in this country. If the present and future leaders don't improve themselves, like not being and speaking arrogantly and enriching themselves without giving some of the goodies the poor deserve, they for sure will not get my children's votes in the next elections. One thing I would love to see is the wives of the ministers and of the rich and famous to not only cut ribbons at grand functions but to put on their sarongs and go to the people on the ground and be humble and mix with them and know their hardships. Please do not wait for disasters or during elections to do so. As the saying goes 'jatuh bangun seorang suami adalah kerana isteri'.

I hope the future PM will reduce the prices of oil and foods 'cos I,m trying to make ends meets. So frustrated with the last-to-be PM when he shot up the price of oil then everything went hare-wire with my budget.

Take care of yourself dearest Tun and May Allah Look Upon You Always.

Assalamualaikum Tun,

I try to read your blog everyday as I find the information interesting as well as enlightening. As for today's topic, I have to say that I do agree with you. However I have my doubts on whether Dato' Seri Najib is capable of bringing back this country to order, what with some of the things being said about him, some people are doubting his ability to lead this country back on the right track. I do not see any other way other than for a drastic action(read: NOT NECESSARILY AGGRESSIVE) to be taken so that we start to come again together to work as and for the nation. With the economic crisis looming, we cannot afford to be weak. Regards and best wishes to you and the family.

By maradona_magoba on October 14, 2008 4:14 PM

YABhg Tun,

You are right that we need strong government just the same government that you lead for 22 years. We Malaysian not only live in peace at that time but we also walking tall when we were abroad because Malaysia is well known under your leadership.

Now DS Najib have the opportunity to lead the government and I am really wishing that he will be ever willing to seek your advise and making use of your experience to implement the good things for the beloved country, Malaysia. DS Najib as PM and TS Mahyudin as DPM is good combination to lead the nation. Umno should be closing rank and be strong as it used to be to take care of Malay interests. Component parties in Barisan National need to move forward and working together as before to ensure strong government because its still relevent.

By OCSunny on October 14, 2008 4:35 PM

A strong is definitely good. The reasons expounded are fair and right. But why the government is now weak? The people have the reasons in their mind and voted against the BN. Even if Tun was still the PM, there would not be much different in the end results.

So the important point is whether the government has the guts to change NOW policies which are not to the liking of the majority of the people.

Tun certainly knows most of them if not all the unfavourable policies which the Malays, Chinese, Indians, Ssrawakians and Sabahans are not happy about.

Bring them out in the open is not a good idea as some people are like monkeys who just cannot take things in a calm manner and see things in perspective and at the same time being rational. But if they are

for the better of the country, a CHANGE must be carried out the government. For that matter, a CHANGE within the party is also essential to keep abreast with the change environments.

And the very top leaders must be HONEST and hardworking.
By WHY BEE BANGI on October 14, 2008 4:41 PM

Salam Tun,

Tak susah nak jadi PM. Pak Lah dah tunjuk jalan mudah. Tun susah susah tak dapat sebarang gelaran. Pak Lah dapat gelaran Bapa Demokrasi dari Gerakan yang katanya tak mahu lagi kawtaw sama itu UMNO, tapi terus bodek juga. Apa punya turr daaa.

Formula Pak Lah.

Buat segala jenis pengumuman:

- 1) Projek RMK 9 RM200 billion tapi tak sampai 30% terlaksana.
- 2) Projek Korridor RM500 billion tapi habuk pun tarak.
- 3) Anti rasuah, tapi keadaan sebenar sebaliknya, index rasuah meningkat lebih buruk. Salahkan cara Tun dulu.
- 4) Reformasi badan kehakiman, duit exgratia dah habis, menterinya dah berhenti. Siapa nak laksana pun tak tahu. Bar Council???
- 5) Nak pulih ekonomi, tak payah susah hati, bukan potfolio PM lagi.
- 6) Lebih demokratik(sama dengan tidur, biar orang lain bersuara), tapi duk tangkap orang guna ISA.

Enam bulan lagi berhenti dan lepaskan semua beban kepada PM baru. Pak Lah akan dapat beberapa lagi gelaran tapi rakyat dapat apa?

Apa perlunya Kerajaan Yang Kuat?
By Mikey on October 14, 2008 4:48 PM

Dear Doctor,
Hope you've been keeping well. My opinion is, the strength of the government should be measured by the support is garners from the rakyat. Malaysia is slowly (but surely) waking up to the reality that race based politics is a thing of the past.

I know for a fact that, the BN formula is outdated and will soon be discarded. If there is hope in the BN to hold on to power it has to get rid of the master-slave mentality and start looking at every Malaysian as an equal citizen. Yes, there should be policies in place to support the down trodden but it should be need based and not race based.

If truly the NEP was helping the needy bumiputras then that's great. But clearly that isn't the case is it?

Well, you know it best.

Warmest regards and God bless,

Mikey

Kita sebagai manusia tidak boleh membangkang kerana kita benci pada seseorang, atau menyokong semata-mata kita sukakan seseorang ...

- saya bukannya penyokong abdullah malah amat bencikan khairy, tetapi hanya seorang yg pantang melihat wujudnya orang miskin di negara tidak kira apa bangsanya kerana penyelewengan pemimpin:

kita perlu bangkang atau sokong mengikut KEBENARAN ... cubalah fikirkan betul-betul secara ikhlas:

(1) Apa yg diambil-alih oleh abdullah adalah sebuah organisasi yg terdiri pada konco-konco yg mengilakan kuasa dan kekayaan

- Sebablah kelemahan pimpinan abdullah, keadaan ini menjadi tidak terkawal dan masalah yg lama berakar umbi terapung

- Bukankah situasi ini yg disebabkan oleh Tun selama 20 tahun? Sudah lupakah Tun bahawa Tun terpaksa memaparkan senarai nama semasa perhimpunan UMNO dahulu yg mencatatkan wakil-wakil yg mendapat projek kerajaan namun membuat tuduhan yg bukan-bukan? Bukankah ini menunjukkan semuanya gilakan kuasa dan kekayaan?

(2) Tidak tahukah Tun bahawa manusia ini memang mudah dipengaruhi oleh nafsu dan sebab itulah sebagai pemimpin yg bertanggungjawab, Tun sepatutlah memperkenalkan dasar-dasar yg transparent untuk mengelakkan penyelewengan?

- Quota UMNO untuk pertandingan jawatan tertinggi dikecam oleh Tun dengan hebat, tetapi tidak tahukan Tun bahawa polisi ini dicipta oleh Tun sendiri semasa digugat oleh tengku razali dahulu?

- Dasar-dasar yg memudaratkan perpaduan negara dan menggalakan penyelewengan, bukankah semua ini telah diwujudkan pada zaman TUN?

- Orang jahat tetap akan buat jahat dan orang baik boleh jadi jahat juga. Sebab itulah negara perlukan dasar dan polisi yg transparent agar penyelewengan boleh dibendung. Kenapa Tun gagal merealisasikan perkara ini selama 20 tahun yg begitu panjang?

Sampai hari ini, pemimpin-pemimpin masih gilakan kuasa dan bercerita tentang rebutan projek kerajaan. 15 tahun lagi negara akan kehilangan sumber pendapatan yg lumayan kerana kehabisan sumber petroleum.

- Sumber petronas inilah yg menjadi sumber utama untuk membiayai projek-projek mega. Sekira kehilangannya, pastilah konco-konco ini membuat kacau

- Budget 2009 menampirkan kos pentadbiran yg amat besar jelas menunjukan orang melayu terutamanya amat bergantung kepada kerajaan untuk hidup. Ini bermakna sekiranya kerajaan kekurangan sumber pendapatan, nasib mereka ini akan terancam.

Bapa yg sayangkan anak akan mengajar anak teknik memancing, dan bukannya sekadar menyuapnya dengan ikan. Kerana bapa sedar bahawa kelak dia akan uzur, dan selepas pemergiannya, anak yg disayangi perlu meneruskan hidup tanpa kesengsaraan.

Sudahkah rakyat malaysia bersedia untuk mengecapi harungan pada masa akan datang? Dengan keadaan perpaduan rakyat yg lemah disebabkan dasar Tun, mampukah semua kaum berganding bahu menghadapi kesukaran dalam 15 tahun lagi?

Bukankah ini semua kebenaran? Atau semata-mata maki-hamun?

Dear Tun,

We don't need a strong or weak government.

We just need smart government - creative policy makers, with committed, clean and working civil servant.

Let's help them with our inputs/ideas thru this popular blog.

Dear Tun,

UMNO kalau nak berubah jangan pilih Ketua Bahagian yang ada businessnya sebagai kontraktor dan yang ada sijil kontraktor JKR Klas A sampai Z. Mereka inilah yang menjahanamkan UMNO. Merekalah suka main duit untuk meraih sokongan. Mereka bukannya jadi pemimpin untuk memperjuangkan bangsanya tapi untuk kepentingan diri mereka.

Ini memang ada kebenaran yang menyebabkan UMNO lemah dipringkat Bahagian. Rakyat tempatan diBahagian naik MELUAT dengan gaya hidup setengah Ketua Bahagian yang menunjuk-nunjukkan kekayaannya. Merekalah dianggap UMNOputra yang tak sedar diri. Jangan pilih mereka. Pilihlah Ketua Bahagian yang dihormati oleh penduduk tempatan dan yang ada kelulusan professional seperti doktor, engineer, akauntan dan ahli akademik.

Dear Tun,

I believe you need to clarify to us followers of your popular and respected Blog - what you mean by a STRONG GOVERNMENT.

To some it may mean an autocratic government to others a government that gets things done and yet to others a government that brings the country stability and prosperity. We will like to hear your perspective on this.

Race and religious relations in times of stability, peace, harmony and prosperity will not be a problem. Much like a family which lives happily together when everything is fine and dandy.

But a little thing like not doing ones fair share of the household chores can start the siblings squabbling and quarrelling. To the extend that it can break up families.

In such situations the heart (or more appropriately the emotion) takes over the thinking (the brain). The logical thinking process will be thrown out the window. People will not be able to sit down and discuss logically, factually and with a clear mind.

When emotions run high there is not room for talk.

Thus when it comes to race and religion, the default mode for the mind / thinking is on emotional mode. So a slight misconception, misunderstanding or miscommunication can cause mayhem and as Tun said,"...people going after each others throats..."

DO NOT TAKE THE RACIAL AND RELIGIOUS HARMONY that we are experiencing right now in MALAYSIA for granted. We need to put in concerted effort and discipline to maintain this. It will not go on automode. It needs constant maintenance, monitoring and management by a Strong government which is responsible and trusted.

Pak Lah's playing with fire when he misread the people's readiness for a more open and unbridled free speech by all and sundry.

Tun you are the BEST. With Malaysia's leadership change and hopefully stability in the political arena perhaps you can now focus your blog comments on the international arena.

For those who wants Tun to return as Malaysia's PM - I do not agree. Tun is best placed to be outside the government to give advice and critiques to the leaders when called for and to help the leader when they seek his counsel; as mentor or advisor or such.

Tun's ideas and thinking is now need for the international and especially Muslim community.

Best Regards

Jamalludin

Assalamualaikom Tun ,

Setuju 110% dengan penulisan Tun, semasa Tun memerintah, tiada pon yang berani serbu majlis orang kenamaan, sebab sapa tunjuk hero..masuk dlm ISA..hehehehe padan muka. Sememangnya itulah ciri-ciri pemimpin yang tegas. Diharap Datuk Seri Najib mencontohi kepimpinan Tun dan selalu merujuk kepada Tun.

Kesian Tun, nak solat kat mana pon orang kecoh, terpaksa Tun menjawab isu remeh ni..gak ye.

Saya berdoa supaya Tun panjang umur dan dikurniakan Allah swt kesihatan yang POWER.

SALAM TUN,

THE STAR today have just proved me and TUN right, Zaid Ibrahim visited Anwar Ibrahim at the PKR's leader opening house on Saturday which held at Cherok Tokun.

About your article today, seems to me this article should be written 2 or 3 months earlier.

However your explanations on our economy(weak) current situations are true. It was obviously right as we knew when KLCI drop almost 500 points since March this year which means investors are pulling out money from market share. It also proved that our economy in weak conditions.

TUN, why don't you focus more on how to strengthen back our economy by giving your opinions or views on this blog?

Or why don't you arrange an appointment with the Finance Minister 1 or 2 in the nearest time, to clarify all your views regarding current economy situation and giving opinions to strengthen the economy and our nations?

Or why don't our government assemble advisory council named Government Advisory Council(GAC) which includes former leaderships we have such you TUN, KU LI, MUSA HITAM and many others?

Your experience is much needed to help weakest leadership we have today.

Hope our country would be given a strong leader as we had before with a great cabinet team's in order to compete internationally and to strive towards achieving VISION 2020.

WASALAM...

Is the heading a question or a statement?

It's more of strong and clear direction of leadership that's seen to be lacking.

By leo7 on October 14, 2008 5:38 PM

Tun Mahathir,

Salam Dengan Penuh Hormat.

A strong Government need a strong Leader.

A strong Leader must first be a Nationalist, the Country come first in the order of priority.

A strong Leader must have a strong pulling power and lead from the front and not pushing from the back .

A strong leader must have good foresight and established the multi thrust to push and pull the country forward.

A strong Leader must recognise the resources available at his disposal and to maximise these resources and place the Country as to where it should be and stay on course to the long term agenda.

A strong Leader must have eyes on friendly countries and keep tight in his fist of those unfriendly ones as they would be the likely source of all sort of problems.

A strong Leader must be always conscious that the one closes to him could be the most dangerous. He must listen to all but trust no one. Collective decision is like putting his power and authority in the drawer and being irresponsible.

A strong Leader must earn the respect of the society that he leads and be prepared to make hash decision but not a bad decision.

A strong Leader must put his trust in Allah and not to place MONEY above the rest and , he must have the wisdom of what a good Leader is all about in relation to nation building.

Assalamualaikum,

Tentunya bagi sesiapa yang pernah membaca text ucapan Tun pada Seminar antarabangsa, jelas menunjukkan Tun mempunyai satu rencana yang cukup detail tentang pembangunan negara malahan setiap permasalahan telah dirangka tindakan penyelesaiannya. Bagi saya cukup hebat bagi seorang manusia yang berwawasan.

Tapi tidak kah Tun pernah mengakui bahawa Cerminan Diri Tun sebenarnya ada pada Dato'Seri Anwar Ibrahim. Apa tidaknya mau-mau tidak mau, sedikit sebanyak tindak tanduk DSAI juga telah tercermin jalan cerita seperti yang Tun rencanakan. Saya tidak pernah menyalahkan Tun kerana Dsailah sepatutnya terlebih dulu mengalah. Macam cerita Kabhi Kushi Kabhi gham.

Tidakkah penyatuan semula pemimpin negara menjadi tanggungjawab Tun sekarang sebab pencorakkan cara kepimpinan ini adalah hasil daripada corak kepimpinan Tun yang Cukup mantap.

Secara jujur saya amat menyanjungi Pasangan mantap kepimpinan negara suatu masa dulu, saling melengkapi. Gandingan Tun dan Dsai.

Tapi kenapakah persengketaan itu menjadi beban kepada rakyat. Tidakkah pernah terfikir untuk menebus kembali apa yang sepatutnya rakyat dapat.

Satu cabaran saya kepada Tun, sebagai orang yang telah memberi imej yang baik kepada Malaysia, Bolehkah Tun merangka agar kepimpinan negara ketika ini dapat disatukan semula untuk mengulangi kegemilangan 'dulu'. Tidak kira siapa pemimpinnya, sama ada dari kerajaan atau pembangkang, saya ingin melihat wawasan 2020 tidak tersasar dari landasan. Pada saya mengikut rencana kita sepatutnya boleh maju pada 2015, 5 tahun lebih awal mengikut jangkaan ekonomi sebelum 1997/98. Tapi hari ini nyata jauh tersasar malah saya yakin 2020 bukan lah satu tarikh yang ideal lagi kalau dikira dari sudut perkembangan ekonomi sekarang.

Saya berharap khidmat terakhir yang saya minta dari Tun ini mampu menjelmakan kelebihan kita yang masih separuh sedar iaitu kekayaan dan kelebihan kita dalam bentuk kepelbagaian etnik dan kaum yang ada dalam negara kita ini. Tiada negara di dunia ini yang mendapat kasih sayang Maha Pencipta sebaik kita di Malaysia ini. Adunlah sekali lagi campuran ini supaya kek ekonomi kita makin membesar serta sedap dan enak rasanya untuk kita nikmati bersama juga orang lain.

Assalamualaikum semua.

Just like when the Republican held the American at ransom with their 911 circus last time, now its the Democrats' turn with their self created Subprime crisis exploding just in time to ensure the key to the white house to be returned back to them.

However they are panic as McCain creatively brought in Palin to garner women's vote as Clinton fell out. The more panic the Democrat are, the lower they are going to push down the DJ as the ransom gets higher.

The only way America going to get out of this problem is by letting Democrats win, else, that US\$700bil is not going to be enough.

For a Moslem country like us, no matter who wins, both are not accomodative to our interest. If Republican wins, perhaps we can see another Yankees occupation in the Islamic countries, Sudan is another soft target. If Democrats win, we can expect another financial turmoil outside USA, expansion of the religion of Democracy, religion of Freedom of Speech etc. From risk management perspective, Democrats is more manageable as Hujatul Islam Bro Anwar is already not focusing on the hand over dates, as he is now very concern only about the budget progress achievement???

Whatever it is Tun, you really have to drill them. Else very soon, we are going to suffer.

Europe is already in their grip! UK, France & Germany, Italy, ECB, IMF etc. Very scary!

Salute Tun,

Suara Tun didengari tapi tak dihayati dan diterima oleh pemimpin kerajaan masa ini oleh kerana EGO yang terlalu tinggi....

Sekarang, after 4 years in power... tengok apa terjadi... Malaysia hadapi masalah dari segala segi..politik, ekonomi & perkauman.

Pemimpin kerajaan menyebabkan Kerajaan jadi LEMAH oleh kerana tindak-tanduk mereka sendiri yang tak membangun. Semuanya mengamalkan attitude "TAK APA" ...

Untuk menaikkan dan memantapkan semula Malaysia seperti zaman Tun dulu, we DO need a STRONG GOVERNMENT with strong leadership (by a strong LEADER)... but WHO???? at the moment tak nampak lagi yang betul-betul 100% berkaliber. Semuanya ada masalah (kat belakang!)

Sepatutnya Tun dari dulu (sejak bersara) jadi PENASIHAT cam yang Singapore buat! Tengok Singapore....maintain jer cam zaman LKY.

Pemimpin Kerajaan Malaysia sekarang betul-betul menghampakan rakyat... hai.. betul-betul dalam sejarah ni! Tapi tak tau plak camman dapat "BAPA DEMOKRASI"!!

Anyway, Our prayers always with you, our beloved Tun.

Tun yang terhormat,

Najib dan Muhiddin rasanya bukanlah pilihan yang terbaik! Tetapi itulah harapan terbaik yang kita ada. Bolehkah kerajaan BN jadi kuat semula. Kita memerlukan 'pemikir' seperti Tun untuk memimpin mereka. Dari tulisan-tulisan Tun kami dapat menilai sejauh mana Tun BOLEH menyumbang untuk memperkasakan semula BN.

Terus terang saya sangat bimbang dengan 'politik wang' dan 'politik kuasa' yang masih belum berapa pulih di dalam UMNO. Kekawan Najib dan Muhiddin sekarang mungkin sibuk dengan 'calculator' masing-masing! Jangan UMNO terjerumus ke dalam lubang yang sama sudahlah. Tidak akan ada peluang ketiga lagi.

SEHARUSNYA TUN DILANTIK SEBAGAI PENASIHAT UMNO! PASTIKAN TIADA SESIAPA YANG BOLEH MENGAMBIL KESEMPATAN.

Sehubungan itu rakyat akan mengecapi hasilnya maka dengan itu juga rakyat akan sentiasa sibuk dan tiada masa untuk memikirkan perkara2 seperti sekarang ini, Yang paling penting bagi rakyat ialah

kesetabilan ekonomi keluarga, makan minum, pakaian, pelajaran anak-anak, tempat kediaman yang selesa, kenderaan, simpanan bekal tua dan yang akhir bekal barulah melancung.

Bro mcm biasa Lu Kaji la sendiri.....

Di masa ini umat Muslim banyak berselisih. Sementara itu banyak juga orang yang menyuarakan persatuan Islam. Namun bagaimanakah persatuan Islam yang benar?

Ana kutip hadist yg diriwayatkan Irbadh bin Sariyyah :

"Barang siapa yang berumur panjang setelah aku wafat, niscaya ia akan menemui banyak perselisihan. Maka hendaknya kalian berpegang teguh dengan sunnahku dan sunnah khalifah-khalifah yang telah mendapat petunjuk lagi cerdik. Berpegang eratlah kalian dengannya, dan gigitlah dengan geraham kalian". (Riwayat Ahmad 4/126, Abu Dawud, 4/200, hadits no: 4607, At Tirmizy 5/44, hadits no: 2676, Ibnu Majah 1/15, hadits no:42, Al Hakim 1/37, hadits no: 4, dll.)

Lihat bagaimana Rasulullah mengkhabarkan ttg perselisihan ummat, dan solusi yang diberikan beliau. Setelah beliau mengatakan : "yang berumur panjang setelah aku wafat, niscaya ia akan menemui banyak perselisihan". Kemudian beliau memberi solusi yaitu: "Maka hendaknya kalian berpegang teguh dengan sunnahku dan sunnah khalifah-khalifah yang telah mendapat petunjuk lagi cerdik. Berpegang eratlah kalian dengannya, dan gigitlah dengan geraham kalian".

Perhatikan baik-baik!!

Rasulullah tidak mewasiatkan "Bersatulah apapun yang terjadi", tidak pula "Sudahlah jangan berselisih, bersatu saja", tidak pula "Persatukanlah mereka apapun yang terjadi!", tidak pula "Walau berbeda-beda, bersatulah". Namun beliau mewasiatkan "Maka hendaknya kalian berpegang teguh dengan sunnahku dan sunnah khalifah-khalifah yang telah mendapat petunjuk lagi cerdik". Ini juga sejalan dengan firman Allah SWT :

"Dan jika kamu berselisih pendapat tentang sesuatu maka kembalikanlah ia kepada Allah (Qur'an) dan Rasul (Sunnah)".
(An-Nisa: 59).

TO BUNNIES

your statement -So, if we are to have a strong government as in fair, just and strong, we definitely have to get rid of UMNO.

It is easier said than done to dismantle UMNO out from the government. The recent 12th GE results showed that the opposition led fronts managed to secured more votes from the Indian and Chinese voters. But yet there are still handful Malays voters who despite being aware of UMNO's antics still reluctantly voted for the BN. The Malay majority were torn apart whether to choose for the PKR led opposition fronts or to ensure UMNO'S dominance in the country's political system. It was very difficult decision for Malay voters to cast their votes. In the end they casted their votes in anger as a sign of protest to UMNO for sidelining the Mass Malay majority in favour of the elite UMNOPUTRAS. The Indian and Chinese voters translated their agitation to the Gerakan, MCA & MIC by toppling the parties' incumbents out from the pedestal. the aftermath of the 12th, 5 states being controlled by the 'Pakatan Rakyat'.

The salient point here is not about getting rid of UMNO. If Umno were to be get rid of the country's political

scenario, it must be based on its own wrong doing for not being able to change according to its stakeholders' needs, wants and aspirations. I would say the elders generation voters are still loyal with UMNO and demographic their numbers are declining if compared with the younger educated Malay voters whose number are rising and a force to be reckoned with tend to support the the PKR/DAP/PAS axis forces.

The Indians and Chinese voters have send a clear message that they would like to end UMNO dominance by voted out UMNO's comrades in arms-GERAKAN, MIC & MCA. Then the onus is up to the bumiputra communities whether to regard UMNO still relevant to them or not.

Finally it is UMNO's turn to move. To change, to adapt, to rebrand, to reposition or to continue with the status quo.

Sometimes I feel very difficult to trust people like TAN LIAN HOE. She looks very nice and innocent. But deep down she is racist. She won in the election in Bukit Gantang by beating Dr. Loqloq in 2004. Bukit Gantang was a kampung where almost 100% of the people are malays. With the help of UMNO, the malays in Bukit Gantang voted for her and she became the ADUN and paved the way for where she is now. With that trust given by the malays to her, is she grateful? Same with others of her kind.

A powerful Government lead by competent leaders is necessary for multi-racial Malaysia.

jikalau rasa diri tak competent jangan lah cuba-cuba nak jadi pemimpin. Rakyat yang akan menderita.

Biarlah ikhlas dan janganlah anggap kedudukan itu untuk kepentingan diri dan mereka-mereka yang berada disekeliling sahaja.

Itulah maknanya menjadi seorang pemimpin yang memimpin kerajaan dan rakyatnya.

salam sejatera ,Tun

Bagi saya seorang ketua yang kuat, tegas memanglah penting. Kuat dan tegas adalah tidak mencukupi untuk menjamin pemerintahan yang berkesan. sebab ketaatan , kejujuran dan kesetiaan memainkan peranan yang penting dalam sesebuah sistem pertabiran yang berkesan. sebab jika orang dibawah seorang ketua hanya takut seoprang pemerintah jika takut akan kuasanya. maka keseluruhan oprerasi pertabiran tidak akan dijalankan dengan baik. sebab yang bahagian bawah ,kerja dalam keadaan sifat tidak jujur dan tidak taat. Maka sekaut manapun pasti akan runtuh atau operasi keseluruhan pertabiran tidak akan lancar.

Dan masalah sekarang mereka yang berkuasa didalam kerajaan sama ada ypermerintah atau pembangkang. berapa banyakah di antara mereka yang kerja untuk rakyat dengan hati yang jujur, taat dan setia. saya rasa majority di sebaliknya , itupun jika Tun setuju. dan kelompok ini akan terus meracun dan mempengaruhi mereka yang baru ke arah yang sama. jadi kalau betul betul nak malaysia maju saya rasa perlu berlaku satu tsunami besar di malaysia ini . barulah orang yang memerintah ini akan insaf dan sedar.

tulisan saya ini tak memihak kepada sesiapa cuma pendirian peribadi saya . semata mata. akhir kata nak berjaya di malaysia. kita harus Mesti Berusaha Gigih. itlah maksudnya MBG

UMNO needs to be strong for BN to be strong. A few components parties try to blame UMNO for their failures in the 12th PRU. They even have the gall to suggest for the disband of UMNO (as well as MCA, MIC, PESAKA, UPKO, PBS, PBRs, etc) saying that it is time now for a multiracial approach in term of party organisation, membership, etc. If they claim to be a multiracial party and would like to promote it, they should show first that they are really multiracial in name, spirit, membership, leadership and direction. How can they justify their claim that their concept is the answer while they have nothing to show from the results that they got in the 12th PRU? It is clear their concept of multiracial as they cliamed was

rejected by the rakyat because they lost badly! One was totally wiped out and the other managed to win only 2 Parliamentary seats out of charity from UMNO. Yet they are asking the rest of BN component parties to listen to them. They should concentrate to put their own houses in proper footing before thinking of preaching to others. Please be grateful to your partners who have been very charitable to your parties by accommodating and assigning seats to you to contest safely in previous elections. Your failures are of your own short comings and stop blaming others.

A strong government mayb defined in a lot of terms, but sure enough a strong government is an organization dat can execute action or policy wif D support of D bureaucrats. A competent leader shd noe how to execute it own plan or policy. There r so many level or processes to go through within D government. An enlighten leader is required to start & finish off D task when D bureacrats r deadening, but when D leader is surrounded wif talented group of bureacrats execution of certain task will B effectively by rational.

Bak on D opinions given above on certain Bumi on D NEP, if every bumi's managed to get a hand of D national wealth, Dat will be good definat but during D earlier stages of NEP how manay bumi's involved wif real profit makin businesses. D fact is ugly, how many bumi's at Dat time had fully been educated and how many Bumi's been in D businesses. Will YOU ever give loan to an uneducated person who neva be in D business? Com on!!! D only availabe candidates will most probaly enjoyin sittin in D bank, big firm. so who else can we rely or turn on if not ur own CRONIES!!!

I hav heard of one nice and silly story told by my grandma 20 years ago where i found it was very astonishing. During Late Ghafar, he came to malacca & gave D Malay farmers aids in term of money, and other assistance. A farmer managed to recieved a flock of chicks to start a small scale so called a business. Ending up Dis rare farmer given most of D flock to his neighbours to share. Bumi's r still not wel prepared to enter business at Dat time during D early stages of NEP. It wil be a waste of resources if every bumi's recieved such aids. Cronyism can do more far greater in those days....but i do believe in some ways in D middle stage it must B control, we all shd noe how things got worst bfor makin a conclusion.

Dear Tun,

Selamat Hari Raya to Tun & family.

When will Malaysia become like the developed countries whereby there are no racial political parties based on race?

When that happens, there will be no UMNO(Malay-based), MCA(Chinese-based), MIC(Indian-based), etc.

There will be Liberals, Democrats, Republicans, etc.

All we read in the paper nowadays are racist news, one race complains on other race because of religious difference/practice, etc.

The politicians should debate on things which matter most to Rakyat like how to bring down inflation rate, how to improve transport systems, how to increase our income, etc.

Please keep racist news to the minimum. They are negatives.

This could be the first step towards non-racial based political environment.

If one race always quarrels with another race, neither will benefit.

Even worse, we are reversing the trend to 60's when racial tension was immense.

Let us all be a mature lot, look at the BIGGER picture. We are all in the same boat. Live and let live should be the motto.

Knowing Tun may not be able to read all comments, if happen to read this, please advise in your blogspot to all readers to adopt a non-racist mindset.

May Tun stay healthy always.

Salam Tun,

I was just reading a comment above saying that to be a stronger UMNO, the "Ketua Bahagian" MUST NOT BE a contractor or having family member who is a contractor. This is one of the way, power could be misused. I've known quite a few who are seeking their way to be divisional head just because of contracts. Better still, have a doctor or engineer (people who are brainy) to be a minister. We don't want to have another Johari Baharum in the cabinet. Well, lawyers are not all bad but just be wary of them. I would also like to propose that the PM should test all the future minister mainly on history of Malaysian Social Lives and Politics. Just conduct a test, see if they know history. History is very important and what happen now is because lack of knowledge on what has happened before eg history lessons not thoroughly learnt.

Thank you Tun Dr Mahathir. By the way, just want to tell you that your wife Tun Dr Siti Hasmah is a classical Class One First Lady. Future PM's wife should emulate her. Be an asset to the country and not a liability. (This is to Datin Rosmah if Dato Seri Mohd Najib is chosen to replace Pak Lah) No more dancing or doing something that could disgrace the nation upon seeing or hearing her act on something that is deemed to be perceived as not right for First Lady to act

Dear YAB Tun,

With respect...

Where is the "Bersih, Cekap & Amanah" that the BN government who used to hailed loud about?

There's no such thing as "Bersih" with them and definitely not "Cekap" either as you yourself have proof them on your recent blogs..."Amanah"!!! Hmmmm...I don't think there's a word called "Amanah" in their dictionary.

As long as the 3 words mentioned above not in the current government dictionary there won't be a good government. The "Bersih, Cekap & Amanah" must come from their heart then only they will be a worthy leader and can lead this country to Wawasan 2020.....Otherwise only they and their cronies will see Wawasan 2020 and not all Malaysian in whole.

Thank you.

Dr Mahathir,

I am a big BN supporter. I believed that the prosperity that our beloved country achieved over the last 50 years have been due to a strong government and to the citizens of this country. But over the last two decades, this strong government has turned into a strong government that is corrupt. UMNO particularly. Barisan National have forgotten to serve the people that put them there. Ministers only care for themselves and their cronies.

You have done lots of great things for this country but I wish that you could have done one less in exchange for cleaning up UMNO and make UMNO work for the benefit of Malaysians. It is all about contracts in UMNO. Who would be awarded? Is he related to so and so. Has he got strong cables etc. You could have done it but you did not. Maybe you could not...but I believe you could have but choose not to.

I will still be supporting BN in the next election as I believe the opposition will be equally corrupted if they come to power. Maybe I am doing it because of FEAR. The fear for my family. The fear for my beloved country. The FEAR of something new but i pray to God that I am wrong about the future of this great country. I pray that I am wrong about the opposition. I pray that our future BN leaders will see beyond their pockets. I pray that UMNO will be detoxicated.

Most of all I pray that you could make cleaning up UMNO your last contribution to our beloved nation and that should have been vision 2020.

Salam Ayahanda Tun, I think that Datuk Seri Najib "induction" of fire into the power seat of Malaysia has somehow change him even in these past few days and week. I can see that he talks less and do more. However, he must limit himself from being seen too much around the out going boss. He must be very clear on the nature of his present (and out-going) boss eminent departure from his post. Datuk Seri Najib's every word; his every action would from now on be dissected one by one and piece by piece. Be sure brain is engaged before putting mouth into gear - I remind myself that each time I could.

I would like to refresh Datuk Seri Najib's attention to an incident that if I am not mistaken - happened somewhere in 2007, where a family of four burned to death when the candle they had been using tipped over and ignited their wooden home while they were fast asleep. They had the electric supply to their home disconnected earlier that day for failing to settle their bill. And TNB got away with not much hassle at all (good spin, well done for now by the way). I question; where were the people who today claims to represent the people interest then? And if I am the TNB Chief, I would have tendered my resignation immediately and begged for forgiveness openly like what the Japanese would do. I appeal to Datuk Seri Najib to do something about our very high electrical tariffs rate. We are losing our competitiveness. This is a very big burden to the rakyat big and small. To families, to factory owners, to business and shop owners: to everyone. For immediate remedial steps, review the IPP agreements and make impending adjustments. IMHO, for long term solutions, throw all cautions to the wind and just go nuclear.

Pak Lah had over the years aimlessly dragged the post of PM over everything, including mud and dirt.

And today, it has been severely tarnished. It has lost most of its dignity. Pak Lah should really just pack up and go now. The wind is right and the climate is accommodating. Forget the clown Anwar Ibrahim with his unending "take over plans". That's just who he is, it's the nature of a clown to entertain and keep people occupied; those that way inclined. Pak Lah, please go quietly into the night. For all the good that you have always stood for, please let go and go quietly into the night. It is Najib's turn now, and he has his plate full. Resign as PM now; stay the President post till March. Give Datuk Seri Najib an early start. In my honest opinion, it's the best going away present.

It's now over Pak Lah, the ride has ended, and its time to go home.

Thank you and good night Tun. – Kamal.

Dear Tun,

This is to Pak Pandir08,

Ima tell u r so wrong and u might be the depressed pak lah supporter who surprised that this blog is so much popular then Pak Lah warkah utk PM and KJ Blog.

1. U wrote that Pak Lah won high votes cause of removing mahathirism, U r so wrong, we vote for Pak Lah cause we expected he gonna continue The Malaysia Rancangan Perdana and he was endorsed by Tun himself. And we felt bad cause believing in Anwar in 1999, so thats is more saying sorry to Tun and a good bye present.

2. U wrote most of Tun supporter is bunch of old guys, FYI im 30 years old, in my company have 1000++ ppl which at least 50% are below 35 yrs old and all of them loved Tun and they got buddies too that loved Tun. FYI ALL OF US TALKED AND SENT EMAIL AND SMS TO EACH OTHER TO VOTE FOR OPPOSITION TIS YEAR ELECTION ON PURPOSE.

3. As per item 2. If u said all Tun supporters bunch of old guys, that means 8 million hits on this blog are from ppl got age of 80 years old?

4. Seriously I dont care too much abt the croniysm as long it works for all, why no one of Trump Organisation share holders complaint abt Donald Trump when he pick his own siblings to run big projects? simple cause they can work and makes money. The difference between Mahathir crony and Pak Lah crony is Tun crony performed far more better than Pak Lah crony. (Even they some failures of Tun cronies but most of them scored and contribute back but Pak Lah crony all ternganga even given contracts on silver plate).

Im gonna stop here, serious Pak Pandir08, u r a schmuck!!!

Hi Tun,

Why should the present development in our politics be taken in a negative manner. We are now maturing into a society that can express itself more openly instead of the fear of just upsetting one another. This is reality. You talk about 50 years of strong government, how strong were we? If you can recall you had to remove your deputies and appoint weak ones, is that being strong, even now the present PM whom you say is weak was not our choosing but of your choosing.

Whether we like it or not it is no use penting up our differences but to lay it on the table so that an understanding and trust can be created. It is like someone saying I do not want to sweep because I will see a heap of rubbish but as you said, to have a strong government it is good to sweep away the rubbish, which is racial politics.

We have heard speakers aligned towards racial sentiments during the Umno general assembly even during your tenure as PM; so the water was already in the pot and on the fire and was slowly being boiled and now we know it is already boiling.

The philosophy is what we sow is what we reap. The present situation is the result of that.

Good day.

By s arasu on October 14, 2008 10:12 PM

"a strong and competent government is the basis of a successful government" is your view. Well you are only half right. A COMPETENT government is the only answer! Strength is the first ingredient in disaster as far as politicians go! Strength leads to all sorts of abuses as can be seen in this country over the last 50 years. Only the vast resources of this country has saved it from utter disaster. Our incompetence was "masked" and "covered up" because of the so called "strong" government. Only a competent government and honest politicians can save this country and both have been sorely missing. You may dispute this view and say that the success of Malaysia is for all to see but the truth is: where could we have been had we had competency, honesty, meritocracy etc

salam TUN,

In order to ensure the unity among the races i would like to suggest the following:

1. To appoint anwar ibrahim as a new MIC president. Since he is now the great leader for Indian Community. The period of appointment should be at least similiar to samy veloo tenure or until he dies, whichever comes first. Nowday sometimes anwar ibrahim looks like ayah pin.
2. To create a trophy of a giant white hair (normally use by english lawyer) size as big as bungalow house and to be awarded to zaid ibrahim as the best lawyer among opposition.
3. To put 1st priority on kidnaping of teresa kok case, from all other kidnaping case that happen in the country, neighbouring country and all over the world.
4. To learn history lesson from the queen of history, ketua wanita gerakan
5. To give a grand trophy 'pejuang melayu abad ini' for Ir MB perak.
6. To give a grand trophy 'pencinta ternakan babi' to MB selangor.

P/s 2020 melayu akan jadi apa ha.....

Salam Tun,

F1 = Car + Driver + Pit Crew + Luck.

These are the main ingredients and to win a race, all have to be in tip top condition (plus some divine intervention from the top!).

Take the F1 analogy and apply to the current government. One ingredient that many of us talked about these days is the fact that we don't have a good DRIVER (he's a nice guy though!).

We also know the fact that the teamwork spirit among the PIT CREW is doubtful. I don't have to elaborate on this.

Now the CAR - The country and its people are fantastics. An F1 equivalent would be to a McLaren perhaps..rich in natural resources, good infrastructure, the 2 seasons climate (rain or shine), teh tarik, roti canai, nasi lemak (aka fat rice) and plenty more..

In March 2009, we're going to have Najib HAMILTON and Muhyidin RAIKONEN driving McLaren MALAYSIA car for a 1-2 finish...

Bye for now..

By umari999 on October 14, 2008 11:16 PM

Tun,

Out of topic sikit. What do you think of one single party proposed by some of BN component leaders lately? Personally, I disagree.

We are still not ready. We have not yet achieved integration like other countries e.g Indonesia, Thailand, Singapore or even USA. Reason why? WE are taught to be polarised since childhood days when we have Chinese Schools, Tamil Schools and National Schools and polarity continues till now and it's worse. How could we achieve when we are not studying in same school? WE do not see this in our neighboring countries or even highly developed countries like US and Europe. Sto, to have 1 single party will create lots of unhappiness, dissatisfactions among members and definitely will not work. I suggest the Govt should only have 1 single school system and encourage more Chinese and Indian teachers to teach under one roof without neglecting Tamil and Mandarin subjects. Then, it's much easier for the people to accept 1 single party system as we are trained the same system in school.

Salam Tun,

US sudah 'declare recession'. Tapi BN 'declare Malaysia fundamentally strong'. Dalam lima tahun ini, entah kenapa BN selalu membuat kenyataan yang tak masuk akal (no commonsense) dan selalu berbohong. Yang teruknya ialah semua rakyat tahu BN bohong tetapi BN mahu bohong juga.

1)BN kata batal jambatan bengkok untuk kebaikan Malaysia tapi semua tahu itu bohong.
2)BN kata nak lawan rasuah habis habisan tapi semua tahu itu bohong juga.
3)BN kata nak buat koridor tapi semua tahu itu bohong juga.
4)BN kata minyak naik 78sen untuk kawal inflasi tapi semua tahu itu bohong juga.
5)BN kata inflasi 7% sahaja tapi semua tahu itu bohong juga (minyak 40%, elektrik 26%, beras 30% - budak 3 tahun pun tahu kira lah)
6)BN kata PRU12 dapat mandat rakyat terus berkuasa tapi semua tahu itu bohong juga.
7)BN kata guna ISA untuk keselamatan negara tapi semua tahu itu bohong juga.
8)BN kata mahu 'reform' sistem kehakiman tapi hairan bila BN guna ISA tak cakap pula undang-undang negara. Sistem kehakiman untuk hiasan sahaja.
9)BN kata peralihan kuasa pada 2010 tapi AAB tak mahu bertanding dalam March'09 UMNO Election. Jadi selepas UMNO Election, AAB terus jadi PM sampai 2010 dan DSNR pula duduk diam-diam tunggu sampai 2010. AAB akan cipta sejarah menjadi PM yang bukan UMNO president!!!

Inilah contoh kerajaan yang lemah.

Salam untuk Tun,

Apa yang Tun kata adalah benar,kita memerlukan kerajaan yang kuat untuk mentadbir negara.

Untuk membentuk kerajaan yang kuat mestilah dari pemimpin yang kuat dari segi mental dan fizikal.Pemimpin yang boleh diterima oleh majoriti rakyat.Pemimpin ini mestilah bersih dan kelihatan bersih, dan tiada ruang yang boleh dipertikaikan oleh kawan dan lawan.

Adakah masih ada pemimpin seperti ini lagi selepas Tun?. Jika tiada lagi, bermakna kita tidak dapat lagi membentuk satu kerajaan yang kuat seperti zaman Tun.

Semoga Allah masih melindungi negara Malaysia.

Semoga Allah merahmati Tun dan keluarga.

u said theres nothing wrong with the system, right? besides the system, what else to be blame? apa yang manusia fikirkan mengikut ideologi sendiri & apa yang Nabi s.a.w telah tunjukkan sebagai contoh akan memberikan impak yang besar di akhirat nanti. The answers are always Al Quran & sunnah Nabi s.a.w. Other than that just will result in temporary solution(s) or a complete failure.

Hello Tun,

Want to say my piece before I tuck in.I think having a strong opposition is not the end of the world for Malaysia.If the present Govt knows what it is doing it can still be relevant to the rakyat.The ordinary folks just worry about having 3 square meals a day for the family.I don't think Tun, thinking people will want communal fights because no one will gain anything.It is a lot worse for the haves than have-nots.

Having a strong opposition will mean there will be checks & balances on the Govt. & this ultimately will be good for the rakyat jelata.

Let's see how the Govt copes with the opposition in Parliament.

Every Govt will have problems in the real world .It's a question of how much support it can rally behind it to see through the problems of the day.

If you are, who would be your choice?

Dear Tun!

After 50 years of Independence, this is what we have come to? But I must add by saying that and this is INDEED an achievement, despite the "jungle behaviour", "stone age behaviour" of some prominent UMNO politicians in raising the racial temperatures during the recent by election, the Rakyat (Malaysians in general) did not take to the streets like their forefathers did during the 1969 racial riots! For this and this alone, my salutations and prostrations to our Rakyat!!! As for those "in high places", I have this to say - PLEASE GO BACK TO SCHOOL and learn your ABCs!!! Clean your own backyards before preaching because after 50 years, the Rakyat has grown up somewhat, but these goons in comfortable air conditioned offices have a very, very long way to go to be decent human beings!!!

With the "town painted RED" on allegations against Najib, Tun seems to be oblivious with hardly any comments?! Please be very careful with the PM in-waiting because there are many more "juicy" stories which will unfold in the coming weeks which will ultimately deprive him of his "golden" dream! Poor Najib!

We don't really need a strong government which will eventually deprive us of the civil liberties and human rights that we the peace-loving citizens deserve. What we truly need is an effective checks-and-balances system of the Government so that no practice of selective prosecution will be conducted by the Executive Branch of the Government in order to protect the Executive Leader's selfish interest. Fair Trial and Due Process of Law are the essence of the Judicial Branch of the Government and we will see true democracy only after a strong Judicial Branch of the Government can be materialised in order to protect the basic human rights of the ordinary citizens.

A strong Executive Leader is likely to turn himself into a tyrant once his authoritative power status has been unseemingly challenged or defied. The tyrant will tend to abuse the draconian law such as the

Internal Security Act (ISA) or Sedition Act much more often in order to ensure that he can continue to stay in power for a much longer term.

However, a strong Chief Justice is deemed to be able to rescue or protect the ordinary citizens from being tortured, deprived, discriminated, or ill-treated by the government officers from the Executive Branch of the Government, which include the Police Officers and the Income Tax Officers.

What the Malaysians need now is a strong Chief Justice who will judge fairly and impartially in lawsuit cases without fear or favour, but not a strong Prime Minister who will simply put someone to the ISA detention camp when his personal integrity has been shamefully or shakingly intimidated by a political challenge.

"TUN, why don't you focus more on.. why don't you arrange an appointment with .. why don't our government assemble advisory council ..Your experience is much needed to help .. Hope our country would be .. " yadaa..yadaa ..etc and etc !

The main question is this:

"Why the current government are so arrogant, dumb, useless, that they refuse to listen to Tun at the first place?"

If they've listened, this beloved country might be better, at least not the way as it is now.

You ask too many questions, that no matter how Tun trying to explain and give lots of ideas and solution, 'THEY' ..this arrogant and useless regime wont listen!

The only solution is this : Pak Lah must resign NOW. UMNO must change. Government must start listening.

Only when they start to listen, brilliant idea would come and benefited the country.

The sad story is this,.. Pak Lah is still sleeping. The greedy 'Pembodek' still got their shares, but rakyat still suffer and cant do anything!

salam Tun

I totally agree of the article written above, but please allow me to add further.

in regards to a strong government, i believe it is also important to have a strong opposition. as we all noe that monopoly is never a good thing, this can be said for the political parties as well.

although BN has in most cases bring prosperity to the people, the lack of a powerful opposition who are capable of threatening BN's position will only led to misuse of power, which is already not new to this

country.

therefore, i believe it is of the upmost importance to have a strong opposition, along with a strong competent government in order to set things straight, of course assuming the opposition have a good intention of leading the country towards a more prosperous and peaceful place to live.

this is juz in case the present government are incompetent to fulfill its role. a back up or something to fall back on, they say

Talking about weak government, ada satu incident berlaku di bulan Ramadhan baru-baru ini. Saya tinggal di Ipoh dan di penghujung Ramadan para pengikut Kerajaan baru boleh dikatakan selalu sembahyang berjemaah di dataran berdekatan Majlis Bandaraya Ipoh. Masjid Negeri begitu tersergam indah dan fully air-cond lagi, tetapi masih ramai yang "selesa" berjemaah di dataran termasuk MB Perak. Nak dijadikan cerita, tiba-tiba jemaah yang selalu berjemaah di situ telah pindah pula untuk berjemaah di masjid Kampung Tengku Hussein Baru dan atas alasan apa???? MEREKA DIARAHKAN BERPINDAH BERJEMAAH KE KAMPONG TENGGU HUSSEIN BARU KERANA DATARAN TERSEBUT HENDAK DIGUNAKAN OLEH DAP UNTUK MEMBUAT KONSERT??? APA SUDAH JADI MB PERAK?? Haiya....

I wrote a comments nearly an hour last night, BUT it didn't appears today. However, I would like to comments a bit about Pak Lah. Amongst all of our Prime Minister, I do shake hands with Pak Lah at Senai, Johor Bahru Airport. I didn't have the opportunity to shake hands with previous Prime Ministers, Chief Ministers and other Ministers (except Sulaiman Daud, YB Daud of Sarawak). It was back in early 1990's when he was in the office as Menteri Luar (if not mistaken) heading to Jakarta for official/unofficial visit. With respect, he qued up by himself just behind me to buy a ticket, and not overtaking the ques or used his priviledge as Minister to jumped the que. I do respect him!

He is a very nice guy BEFORE a demon (Khairy Jamaluddin) jump into his life. The brother of Satanic Verses Author, Khairy did change him a lot from being a GOOD people with a good image to become a very lousy and powerless person. BUT still he is not a BAD person. I really pity him. As what peoples says, "he is a wrong person at a right time" during Tun announcing his retirement. The same quotation might also goes to DSN though (before hand, his wife appearance might be a disastrous type - don't let her monopolise everything, sealed her mouth with tapes).

Let bygone be bygone, after March 2009, we want to see Tun and Pak Lah can seat together as a mentor to DSN, I think DSN needs both of you to built up a strong nation. Or even, can seat together with DSI or Nik Aziz, to strenghten the Malays power. The paces of hatred must be eradicated. If the TOP KHALIFAH can seat together in peace, the rakyat applaud with joy and happiness. Our real challenges in this globalization era shall be put as a major threat, NOT accusing each other of being mind corrupted and hatred. I cut my fingers, in still the red blood appears. And same goes to Tun, everyone, anyone regardless their religion, race and deeds. Our ancestors are of one root, that is ADAM and EVE. And we should treat human as human. ALLAHUAKHBAR.

Do we need a strong Govt? The answer is Big YES.

However a strong Govt need a strong team leader.

Since 2004 we had not had one.

What we have are those 'yes man' even the step taken by the Govt is wrong. They tick right to the wrong just to pleased a leader. How sad this could happen after Malaysian education standard has been brought up and gave birth to so many bright and intelligent people. The Country became upside down. The Rakyat got so confused. The Opposition became stronger and thus weaken further the Govt.

My prayers are get rid of the team leader, sidelined all of 'yes man' in the Cabinet and start to put the right thing in the right place.

If the Rakyat have enough pocket money, the Government will emerged strong again.

ramai pemimpin sekarang hanya mengejar kedudukan, pangkat dan harta dunia semata2. cakap jer nak perjuang hak rakyat dsb...tapi semuanya dusta shj...

mereka sanggup musnahkan masa depan negara dan nasib rakyat asalkan mereka dapat berkuasa dan hidup seperti raja..

bukan nak tolong rakyat bila berkuasa malah di perhambakan jua...

apalah nasib menjadi rakyat di bumi bertuah ini...semuanya tamak dan haloba ...

sejarah tak akan lupa 'jasa' Pak Lah yg melingkupkan bangsa...

salam ,yes we need strong,brilliant,clea n and responsible government.

Dear Tun, sy bukan org politik tapi bila dengar cerita2 politik ni banyak tak baik drp yg baik....macam org kelantan kata politik cah keting,tikam belakang dll.

sy baru saja terima email yg diforwardkan oleh kenalan dgn membawa tajuk 'rasuah najib kepada pak lah' mengenai pembelian helicopter untuk mengganti pesawat nuri yg 'out dated' itu,ianya 5 helai dan kononya di tulis serta di tandatangani oleh kapten zahar hashim selaku pengerusi mentari services.

pasal alter2 document atau gambar dah memang menjadi kepakaran org sekarang ,pelajar sekolah menengah pun pandai buat jika di tunjuk ajar..tetapi boleh tun komen pasal itu. seingat saya dulu ,Tun di fitnah dengan surat dokumen rasmi kepada PM israel yg minta dana (rasuah) untuk pilihanraya dan surat itu nampak asli(dlm internet jer..) serta ada cop jabatan perdana menteri sekali dan ditandatangani oleh Tun . lepas itu surat2 dari bank2 israel yg menyenaraikan harta tun dan anak2 yg ber puluh2 juta di bank israel pun dah di sebar kan...kreatif betul otak manusia penanggal ni yer!

sy cuba search siapa mentari group services ni..ada keluar cuma sykt logistik di indonesia..dan rupanya artikel itu disiarkan di satu blog yg sy sertakan alamat nya disini;

<http://blog4pro.blogspot.com/2008/10/purchase-scandal-of-eurocopter-to.html>

dunia politik malaysia semakin kotor dan sy rasa pembangkang2 hardcore yg rata2nya manifesto mereka kerap disokong golongan yg mendabik dada sebagai 'bangsa malaysia'tanpa mahu mengakui susur galur asal mereka w/p sudah mempunyai keistimewaan dan kesenangan disini sekian lama.

pembangkang2 ini akan terus menerus mencari idea kreatif untuk menenggelamkan kapal BN atau parti melayu UMNO yg berdekad usianya itu.

Dear Tun,

In reference to the latest sms text linking Datuk Najib to political interference into Mongolian murder and subsequent lack of strong rebuke from Datuk Najib, please state your position:

1. Does Tun agree Datuk Najib stated private message is an admission of true existence of the sms text?
2. Hence does Tun agree that a public clarification is required about the undenied existence of the sms text by Datuk Najib?
3. Without a clarification in public by Datuk Najib on the sms text, Tun as the de facto quality controller of next generations of premiers in Malaysia has to take a stand. If Tun rebuke a premier who demolish bridge and train but side a candidate premier who will rebuild "bridge and train", then Tun will be doing injustice to Malaysia. Tun's strong comment as a statesman on on this will indicate if the public will listen to Tun in future.

Thank you.

Sir,

It is obvious that for any government to function effectively regardless of the system of governance, it must be strong in every sense of the word. It also must be loved and trusted by the people it governs and not be feared and suspected as such. A firm as well as tactful leader is needed to lead such a government. Do we have such leaders at present? I guess we have to wait and see what DS Najib has to show for that. Hope is all we have left.

TUN IS HISTORY,PAK LAH IS THE PRESENT.IS HE A GIFT FOR MALAYSIAN?
HONESTLY SPEAKING,HE IS A BIG JOKE FOR THE TIME BEING.HE EARNED NO RESPECT FROM
INSIDE NOR OUTSIDE UMNO/BN.
AND YES TOMORROW AND THE FUTURE IS STILL A BIG MYSTERY.WHOEVER THE PRIME
MINISTER OF OUR BELOVED MALAYSIA,WE NEED A STRONG CHARACTER,A CHARM OF A

Assalamualaikum,

Selamat Hari Raya Aidilfitri,

Ketika ini tidak ada pemimpin yang kuat. Ini pendapat saya; BN nampak tidak kuat dan ia sememangnya tidak kuat ketika ini, manakalai pembangkang nampak sedang semakin kuat dan pada hakikatnya ia parti yang kuat ketika ini.

Rakyat menilai dari sudut dibawah;

Next possible PM dari BN

-dikaitkan dengan kes mahkamah

-dikatakan mempunyai bini yang mempunyai profil yang diragui

-dikaitkan dengan skandal pembelian kapal selam, helikopter dan mcm-mcm lagi.

-dikaitkan dengan master Ji dalam menentukan takdir perjalanan hidupnya.

-pernah memimpin kerajaan negeri, pelbagai skandal-skandal wang dan rasuah dikaitkan(rakyat pahang lebih tahu)

-dikaitkan dengan kemusnahan pembangunan melayu di felda(rakyat felda lebih tahu)

-mempunyai penasihat/peguam half islam half hindu.(yang juga merupakan peguam BN)

-sanggup mengangkat sumpah di masjid dalam kata lain mempermainkan agama islam(rakyat beragama islam lebih mengetahui)

-agama islamnya diragui.

Next possible PM dari pembangkang

-dikatakan mempunyai karisma

-dikatakan dibuang oleh kerajaan sebelumnya dengan tuduhan yang gagal dibuktikan. Tuduhan rasuahnya pula menjadi satu persoalan rakyat, hampir semua pemimpin BN rasuah tapi tidak ada pula yang di kenakan sehabat beliau.

-dikatakan mempunyai pemikiran yang tajam.

-dikaitkan dengan kes liwat, yang mana bercanggah dengan pemeriksaan seorang Doktor. Tun pun seorang Dr bukan?apa kata Tun yang check.(hampir semua rakyat mengetahui)

-dikatakan lebih mengenal agama dari BN next PM.

-dikatakan lebih toleransi.

-beliau dikatakan memaparkan kehendak rakyat dan suara rakyat

Jadi secara keseluruhannya rakyat menilai dari sudut sudut diatas namun senarai yang ada boleh dikatakan sangat kecil semada bagi pihak BN mahu pun pembangkang. Tapi dari pihak BN, kalau tun jadi sertai UMNO semula, saya rasa Tun sewajarnya tidak mengeneikan apa yang telah saya senaraikan. Sebab itu yang rakyat sedang nampak, samaada Tun memilih untuk menukat orang atau memilih untuk mencorakkan balik imej next pm dengan kuasa media itu terpulang, kedua-dua jalan banyak keburukannya.

Hanya menyampaikan pendapat rakyat

Dear Tun,

I would like to quote a passage from Dr Mohd Asri Zainal Abidin's website from a article titled "Apabila Ketamakan Menguasai Jiwa" as follow;

" Namun mungkin masa tidak menyebelahnya, walaupun hasratnya baik untuk memperbaiki kepincangan politik. Sehari dua ini, parti yang dimasukinya sibuk membuat mencalonan jawatan itu dan ini, dan dia juga mencuba nasib untuk jawatan ketua pemuda di suatu bahagian tertentu. Dalam mesejnya itu, setelah menyatakan parti yang dimasukinya tidak sesuai lagi untuk orang sepertinya, dia menyebut: "Saya kalah kepada lawan yang tidak lulus SPM, kerja penyeludup beras dan bekas penagih ubat batuk hanya kerana wang. Dia diongkosi oleh Ketua Bahagian yang melihat saya sebagai ancaman. Jawatan parti hari ini adalah jawatan yang disandang berasaskan siapa yang dapat membida harga tertinggi bukan siapa yang berkualiti dan mahu berbakti". "

The autenticity of the story was not supported. However, if this is the case with the UMNO divisions we sincerely hope that it is not wide spread!!!

In any event UMNO needs to put a stop to such things with ZERO tolerance to such practices.

We need competent people (leaders) in all the UMNO divisions.

How can we do it. No choice but to use draconian methods and covert exercises. Not that we do not trust the people but we need to draw the line between the accepted action and behaviours and the NOT acceptable actions and behaviours.

What do yo think Tun?
By S..Tan on October 15, 2008 10:48 AM

Dear Tun, salam Aidilfitri sekeluarga. Izinkan.

5 PMs

M'sia already has a strong govt. We have 5 Prime Ministers. PM in acting, PM in training, PM in waiting, PM in dreaming and last one(which no other country has) PM In HIDING! Pak Lah, Najib, Anwar, Ku Li dan Siapa lagi..!

Satu sudah potong line(offline), satu tengah masuk line (online), satu tak ada line (no line), satu terkeluar (out of line), yang akhir tu kena SIDELINE!

Lumba Jawatan

Sepatutnya dgn lima PM kerajaan kuat tapi dia orang sibuk bercakar bukan membantu. Sedangkan Pas Dap boleh bekerjasama ini pula 5 orang sama parti (ada satu tunggu masuk parti). Nak ikut formula Sabah Tun, bergilir jadi PM baru puas?

Ambil cara Pas Dap, agree on differences and work on common interests. Bukan yang berlaku, agree to destroy work on a common ploy!

By badzai on October 15, 2008 10:50 AM

Kita perlu melihat kejayaan sesebuah negara bukan sekadar kerajaan yang memerintah. Pemilihan pemimpin yang berwibawa, mempunyai akhlak yang terpuji dan sentiasa bercakap benar walaupun dalam politik dibenarkan bercakap 'bohong' atau 'berhelah'. Kita boleh bercakap apa sahaja tetapi kebenaran itu ibarat matahari yang kadangkala diselindungi oleh awan yang berarak. Apa pun kita perlu mencari formula sebenar dengan mendekati rakyat kerana pemimpin juga berasal dari rakyat maka mereka harus peka dengan kehendak rakyat. Pembangkang memainkan peranan yang penting dalam memastikan ada ketelusan di dalam sistem pemerintahan demokrasi. Tetapi senario politik Malaysia melabelkan pembangkang sebagai 'anti-kerajaan' adalah punca utama kegagalan kerajaan yang ada masa kini. Kita menjadi angkuh dan sombong menerima teguran dan kritikan yang membina. Namun masih belum lagi terlambat. Banyak perkara perlu diperbetulkan. Kuasa ada ditangan kita gunakan sebaik-baik sebelum ia terlepas ke tangan orang lain. Wallahu'alam.

Salam Tun.

Selamat Hari Raya sekali lagi :)

1. Yes we indeed need strong government. The only crisis we have in the country, at least what majority of people seeing is about political instability but soon without we know it the tsunami of world economic crisis will hit us soon.
2. If we do have weak government, we all will be eaten alive by this merciless force.
3. Rumours said when Najib being PM, he will be Tun's boneka on governing the country. But I don't care, Tun is the best PM ever in the history. Not only respected by Malaysian, but also respected by people from 3rd countries.
4. It is true, I had once dine at one of Somalian restaurants 2 years ago when I was still a student at US. When I told the people I'm from Malaysia, they all asked me about Tun and how they admire Tun. That time I can say that I a little bit shocked as they know about Tun more than I do. Shame me huhu.
5. So with Tun's wisdom, hopefully we will all can enjoy the peacefulness and at the same time, can give hands on countries that needed hands and help.

To PAK BELALANG,

You r definitely right to say that If UMNO were to be relevant to Malays, they have to do drastic change, no contract should be given to the division head & branch level who have busines interest. Contract should be fairly distributed to those who qualify on merit and this is not the case. Yes, bring in those professionals, academicians to join the party and don't ever sideline the Malay majority especially the younger educated ones and those who are not UMNO members. UMNO needs to bow to the people's power. do not not underestimate the people's power like in the case of Marcos brought down by the famous PEOPLE'S POWER.

in order for a business organisation or political organization to survive they have to change according to the environment. OTHERWISE THEY WILL CEASE TO PERSIST & EXIST.

Dear Tun and fellow bloggers,

Glad that the fuel price is down again. However , effects will only be felt if other consumer good's price follows to reduce in tandem with it. I doubt this will happen.

This kind of administration clearly shows how weak our government in making the decision to raise the petrol price previously and giving back rebates . This only increases wastages of our taxpayer's money in administration the up and down of the fuel price. Don't forget that the government still need to pay commissions of POS MALAYSIA for doing this job. The government has still not let us know the formula for their calculation as promised by our honourable Dato Shahrir.

From the star newspaper,

The Government will announce on Monday new measures to strengthen the economy to withstand the global economic crisis, said Finance Minister Datuk Seri Najib Tun Razak.

- The question is , why so late? This really worries me.
- New measures? What are the old measures ? Never had one! Just monitor the situation and employing housewife to go and check on the price of goods in the market.

By dr nordin on October 15, 2008 11:40 AM

Era Pak Lah tidak memerlukan Strong Government, tapi lebih kepada Rich Leader in (RM). lihat saja gelagat pemilihan UMNO. Persengketaan masa kini berebut jawatan ketua cawangan, ketua bahagian dan perwakilan yang tiada gajipun bukannya untuk membentuk strong government, tapi akan weaken the government. Kenapa tidak?

Teknik perebutan begitu melalut hingga menggunakan matlamat menghalalkan cara :

- 1). memegang jawatan Ketua bahagian dan perwakilan menjadi mata pencarian lumayan.
- 2) bahagian dan cawangan mana yang nak dibatalkan sekiranya tidak selari arah pencalonannya.
- 3) menggantung keahlian mereka yang dijangka mencalonkan orang yang tidak walaupun belum terbukti kesalahan. Sekadar menghalang ini dari bertanding.
- 4) memalsukan keahlian cawangan supaya dapat menjadi calon ketua bahagian. Mungkin ada jockey di Ibu Pejabat UMNO.
- 5) JK Disiplin UMNO sekadar boneka dan alat menghukum ahli yang mungkin tidak selari pencalonannya. Ahli dipanggil berbual sekadar 5 minit tanap peluang membela diri tetapi esoknya keluar surat penggantungan. Keputusan sudah dibuat lebih awal

Akhirnya kita Dapat Half Past Eight Government.

By the way, gelaran Bapa Demokrasi tak sesuai dan tak layak langsung. Gelaran yang patut adalah Pengerusi JKKK (Jean, Khairy, Kamaludin , Kalimullah)

By Carl Heinze on October 15, 2008 11:45 AM

Dear Tun,

1. Absolutely yes, we need a strong and efficient gov.

2. Harga minyak dunia sudah turun, harga getah juga turun, tapi harga barang local tak akan turun punya. Itu hari masa Pak Lah naikkan harga minyak, harga getah mahal hingga RM4 plus /kg. Secara tak langsung, ia jadi cushion utk penoreh getah mcm kami utk absorb kos barang asasi yg melambung. Tp hari ni harga getah dah jatuh bawah RM2 /kg dan sebelah utara pulak hari2 hujan hu..hu..hu..

Actually i have 1 question for you.....

As we know everyone will target Najib will be a PM & maybe Muhyiddin will be DPM ... maybe they are good couple to change our perception today to our government... but if they cannot make any improvement..
did you see any leader that can make some changes to our government..
and then what will they do to make some improvement

maybe, your time was over right... but can you still give us some opinion to make this over.. maybe to say something is easy..
but to make it is very hard... i hope u can understand what i mean
juz now... we cannot see the future but maybe we can plan from now on
like u before this how can you plan something that we cannot imagine... what it could be...

i need to learn something from u,

Assalamualikum Tun

Sebelum ape2 SELAMAT HARI RAYA kepada Tun sekeluarga, harap sihat sejahtera.

Pemimpin yang ade pada masa kini terlalu lemah, sehingga saya merasakan orang melayu semakin ditekan oleh bangsa2 lain. kerajaan sedia ade pada masa kini terlalu menjaga hati bangsa lain yang mewakili parti komponen BN kerana terlalu takut kepada provokasi yang dilakukan oleh pembangkang untuk menggulingkan kerajaan. kesudahannya, ada yang dikenakan tindakan seperti yang terjadi di pulau pinang. Sekarang ini sudah ramai orang mahu mengeluarkan kenyataan yang berbaur pembelaan terhadap kaum meraka. Malah, ade parti gabungan BN sediri menyuarakan mereka ditindas oleh UMNO. Persoalan yang timbul, kenapa Individu terbabit tidak dikenakan tindakan seperti yang berlaku di Pulau Pinang adakan orang pemimpin melayu berasa senang hati dengan kenyataan tersebut.

Pada Waktu ini Kerajaan sedang berhadapan dengan pembangkang yang bijak dalam mengatur perancangan politik mereka. mereka mengetahui kerajaan sekarang mudah terpengaruh dengan kenyataan yang mereka keluarkan. dengan perancangan dan provokasi yang baik mereka menyaksikan kesilapan dilakukan oleh kerajaan dan menambahkan lagi peluang mereka untuk meyakinkan rakyat bahawa BN sekarang tidak lagi bersesuaian dengan masyarakat berbilang kaum di Malaysia dan mereka lah yang layak untuk memerintah negara.

Keputusan PM ABB untuk berundur sedikit sebanyak melegakan saya mungkin juga bagi orang lain. Tetapi pengantinya juga mempunyai skandal yang meragukan orang ramai. senario politik mungkin akan bertambah baik selepas peralihan kuasa ini dan mungkin juga membahayakan UMNO sendiri. Terpujang kepada rakyat untuk menilainya

Salam Ayahanda Tun. I am deeply concerned about the ruling made against DYTJ Tuanku Ja'afar of Negeri Sembilan by the Special Court of Malaysia. At this very utmost critical time in the saga of Malay, we need our Malay Rulers more than ever, without them we are doomed. They have proven their significance while times like now, when we have a pathetically elected PM and government to upkeep and protect the Malay interest. Something has to be done to review or reverse this far too wide sweeping power bestowed onto one legal entity, some curtailment in common law, along with the law of Adat dan Istiadat must be found.

Dear Ayahanda Tun Mahathir and Father Of Malaysia,

Sir,

This is my 2nd time commenting on your blog. The 1st time i commented on your 'Balik Kampung' posting. 'WOW'....What a wonderful writing Sir....!!!! you are right, we definitely need a strong Govt to run the

country...Honestly, we once had that Govt (strong and GREAT PM)and that was during your 22yrs as PM for Malaysia when nobody questioned the Unity of BN nor UMNO or even the component parties...There were some issues during your time to which most people would not have agreed which i won't deny as well but however at the END OF THE DAY, most of the people were extremely satisfied with the result and not forgetting the WORLD was always watching your WAY of running the country and how MALAYSIA grew under a LEADER called DR MAHATHIR MOHAMED...

I read on of the comments posted by.....and he addressed you as 'KUKU BESI'...Well, my advise to the commenter, pls find another blog to leave your comments and remember, it was the 'KUKU BESI' LEADER whom brought Malaysia to where we are now and not your current so called PM.....AND do not compare TUN with LKY Singapore coz whitout TUN's firm standing against Singapore, we would be a 'YES MAN'or perhaps bowing our head to Singaporean...If you are so much in love with LKY, by all means, leave Mlaysia and migrate to Singapore to be with your LKY...

Dear Ayahanda TUN,

A STRONG LEADER is born by NATURE
A STRONG LEADER is born with CARRISMA
A STRONG LEADER is born with CHARMS
A STRONG LEADER is born with VISIONS
A STRONG LEADER is born with LOVE

This GOD GIFTED LEADER was born for MALAYSIA and am proud to say,THE LEADER is TUN DR MAHATHIR MOHAMAD..!!!

Sir,

Just wondering with our new PM (in making), where he will lead Malaysia or is he going to follow the same footsteps of DSAAB..My instinct says,TS MUYIDDIN would be a better choice as PM and of course your adorable SON, DATUK MUKHRIZ as his DEPUTY (AND FUTURE PM OF MALAYSIA AND LET THE ERA OF MAHATHIR CONTINUE).

Lastly, i loved the way you posed for an interview in THE STAR newspaper very recently...your stylish and rugged look was superb Sir..and your comments was indeed 'sharp'and 'hot'.....love to see more of your interviews in newspaper or media....

Well Sir, i got to continue with my work and taking this opportunity, i would like to pray for your good HEALTH and GOD BLESS YOU AND YOUR FAMILY FOREVER.

With lotS of luv,

Dear Tun,

I would like to take us all back on a journey of sorts back to the days before the Prophethood of Muhammad (SAW). Let us look at his story in terms of of our own today.

Makkah as it still is today was hit by floods. But in this particular year the flood much like the 8th of March 2008 destroyed the unifying glory of all Makkah. The Kaabah was destroyed. Malaysia was destroyed and brought to its knees.

The Kaabah was not only the centre of religious activity by also the KLCC symbol of economic prowess of Makkah.

The Leaders of Makkah came together to rebuild their destroyed centre at Ground Zero.

But when it came to putting back the Holy Rock- the Hajarul Aswad back to its rightful place, the Honour to do so was fought over tooth and nail. What is our Hajarul Aswad- the 2/3 majority? the constitution? Jalur Gemilang? the august institutions of their Majesties? Parliament? Judiciary?

The Leaders of Makkah agreed to appoint the first next person to enter the Holy Mosque. As we are made to believe luck would have it Muhammad made his entrance. I do not believe however if a beggar were to enter the Holy Mosque, the leaders of Makkah would have counted him as "the first next person to enter the Holy Mosque". The hand of God notwithstanding.

Muhammad was a person of upright character. The trusted one. Al-amin.

He was the man who it was not beyond him to lay his "head dress" or "serban" down on the ground to place the Holy Rock over it. Who is it now who will lay his head down for the Holy Rock of Malaysia. Who is it now that the People of Malaysia will accept to lead them.

He whose serban was together lifted by the Leader of Makkah to return the Holy Rock.

Tun, I put it to you that we all need to lay our serbans down, no matter how large our heads may be to return the Holy Rock to its rightful place. Whatever that Holy Rock now is to us.

Assalamualaikum Tun yang dikasihi,

On the 8th of Oktober my family and I attended a function at your office in Putrajaya. I thank Allah for answering my prayer. I wanted so much to attend your Aidil Fitri open house on the 5th but couldn't make it due to my neighbour's marriage on the same day.

During your short speech, you mentioned about one particular person at your table who make a lot of noise. He happened to be a close friend of my late father. That man stood up and shouted "I LOVE YOU" and you answered back "I LAB U 2" followed by a laughter from the audience including me of course. That was a very enjoyable evening to me.

Then came photography and signing autograph session. I introduced myself by telling Tun that I used to pass comment in his blog. Tun acknowledged by telling me that he remembered the name. That answered my question as to whether Tun read all the comments in his blog.

Thank you Tun.

We need a strong govt. who is:

1. Competent
2. Bersih
3. Cekap; and most of all
4. AMANAH.

However, the above was ONLY a slogan and was not really practiced. They talk the talk but not walk the walk b'cos a strong government become big headed and absolute power CORRUPTS absolutely.

Therefore, what we really need is a strong opposition for check & balance to ensure that the government in power are really working for the country and nation and not for their own self.

When someone told me Tun was irrelevant sometime back when the UMNO goons (like Nazri etc) were firing blank, I told them you know next to nuts about Tun. I told them I have watched Tun for 22 years as

a PM. The man is not known to be a loser (a blessing for Malaysia) .He fights his war. He always wins. True enough with last week's announcement by Lameduck we saw the winner again. I don't mind subordinates supporting a boss; universal due to loyalty etc. But why support a non performing boss? A boss who puts 27 million peoples livelihood at stake. So disappointed with this UMNO goons. They all claim they care for the rakyat. And at the same time support and keep this lameduck in office at the expense of 27m million rakyat's livelihood. In future minimum requirement for UMNO supreme council members- must go thru simple IQ test on intelligence.

Pembangunan struktur haram menjadi isu di negeri-negeri pantai barat terutamanya di negeri Selangor Darul Ehsan dan Negeri Sembilan Darul Khusus. Isu ini jika tidak ditangani dengan segera mengikut lunas undang-undang mungkin boleh menjadi barah dan mencetuskan pertelingkahan di antara kaum yang berlainan agama.

Tidakkah ada undang-undang mengenai pencerobohan tanah milik kerajaan. Dan mengapa undang-undang ini tidak digunapakai dengan sewajarnya bagi menangani masalah ini.

Di negara ini nampaknya sesiapa sahaja boleh membangunkan apa-apa jenis/bentuk/struktur di mana-mana tanah lapang yang bukan milik mereka. Selepas beberapa tahun kemudian mereka akan mula pula menuntut bahawa bidang tanah itu adalah milik mereka. Dan jika tindakan diambil oleh pihak yang berkuasa untuk menuntut kembali tanah yang diduduki secara haram itu orang-orang ini akan menyalahkan kerajaan sebagai tidak adil dan menuntut pula supaya dibela dan ramailah NGO-NGO dan ahli-ahli politik nyamuk yang akan mengambil kesempatan kononnya memperjuangkan nasib rakyat yang ditindas.

Mengapakah ini terus berlaku dan mengapakah sesiapa sahaja boleh dengan sewenang-wenangnya menceroboh tanah milik kerajaan?

Undang-undang pencerobohan adalah berat tetapi mengapa tidak digunapakai. Nampaknya seperti lazim bukannya kerana kekurangan akta atau undang-undang tetapi yang menjadi masalah ialah perlaksanaannya.

Sangatlah tidak munasabah mereka yang menceroboh harta milik orang lain kemudiannya dengan berani menuntut supaya mereka diberi ganti rugi dalam bentuk kewangan dan juga sebidang tanah yang lain sebagai ganti supaya mereka boleh membangunkan semula struktur yang dibina dengan haram yang telah dirobohkan.

Sepatutnya sesiapa sahaja yang menceroboh hak milik orang lain tidak dimaafkan dan dikenakan

tindakan yang keras. Hanya ini sahaja cara yang sesuai untuk menangani masalah ini. Bukannya negara Malaysia tidak mempunyai undang-undang.

Assalamualaikum Tun yang dikasihi,

Bila saya melihat gambar-gambar yang dimuatkan di MINAQ JINGGO FOTOPAGES di majlis Rumah Terbuka Aidil Fithri di rumah bekas Pen.SU Pergerakan Pemuda UMNO di Taman Ukay Perdana, Hulu Klang hati saya tersentuh, sedih, tertanya dan gembira. TERSENTUH kerana melihat ramai menteri2 dan pemimpin-pemimpin UMNO sudah berani bertemu dan berjumpa dengan Tun. Inilah harapan Tun sewaktu beliau bersara dahulu. Baru sekarang Tun dapat menikmati harapannya itu.

SEDIH kerana semasa Tun menjalani pembedahan jantung di IJN tahun 2007, UMNO dibawah pimpinan sekarang tidak langsung menganjurkan solat hajat untuk Tun malah majlis yang sama yang telah diadakan oleh anak-anaknya telah dipulaukan.

TERTANYA apakah pengaruh KJ telah hilang apabila PM mengumumkan tidak bertanding jawatan Presiden UMNO tahun ini. Dengan adanya KJ menawarkan diri untuk bertanding Ketua Pemuda maka saya kira bisanya sudah hilang. Dia tidak boleh mengugut pemimpin UMNO lagi. Peranan dia sekarang bertukar menjadi merayu dan memujuk.

GEMBIRA kerana Insya Allah UMNO akan pulih semula dengan kehadiran para menteri dan pemimpin-pemimpin UMNO sudah berani bertemu dengan Tun. Saya yakin dan percaya tak berapa lama lagi Tun akan kembali ke pangkuan UMNO iaitu parti yang menjadi wadah perjuangan orang Melayu yang Tun sangat-sangat sayangi.

Kepada Dato Mukhriz saya ucapkan tahniah kerana telah melepasi quota untuk bertanding jawatan Ketua Pemuda UMNO Malaysia. Ramai tidak menjangka Dato Mukhriz dapat mencapai quota dalam tempoh yang singkat. Boleh dikatakan semua orang menjangkakan KJ akan mendahului kerana kedudukannya sebagai Naib Ketua Pemuda berbanding Dato Mukhriz yang hanya Exco Pemuda. Jelas Pemuda sudah mula BERANI BERUBAH.

Kita tunggu sehingga semua bahagian selesai menjalankan mesyuaratnya pada 9hb Nov.08 nanti. Saya yakin KJ dan Dato Khir akan dapat melepasi quota bagi melayakkan diri untuk bertanding jawatan Ketua Pemuda.

Harapan kita semua agar pertandingan dijalankan dengan bersih tanpa wang sogokan. Keikhlasan, kebaikan dan kejujuran seseorang pemimpin dapat dinilai melalui tindak tanduknya dari sekarang sehingga pemilihan nanti. Seseorang calon yang menawarkan wang ringgit untuk mendapatkan undi bukan pemimpin yang baik, yang ikhlas dan yang jujur. Setiap sen yang dibelanjakan olehnya merupakan pelaburan untuk mendapatkan ganjaran yang lebih besar untuknya.

INGAT setiap wakil mempunyai tanggungjawab memilih pemimpin yang rajin, jujur dan ikhlas yang bersedia berkhidmat untuk Agama, Bangsa dan Negara. TOLAK sahaja pemimpin yang rasuah. Mereka adalah perosak Agama, Bangsa dan Tanahair.

Salam sejahtera Tun. Semoga Tun berada didalam sihat walafiat.AMIN!

Ade lg org nak cuba mendatangkan kemarahan pasal isu perkauman ni... ape la si nyonya tu (Ape tah name dia) eh.. org gerakan plak tu. Boss dia buat x tau je. bila org melayu, sebuk plak suruh mintak maaf. patut diknakn tindakan yg sama jugak la.... Ha..Pak Lah x kan senyap je kate masih nak jd PM...eeee, geram betul.
Sorry Tun, sensetif ni hati tau..

To PakPandir08..

Asal ko sengal sangat, mmg x tau bersyukur la. Kalu kite x dapat pemimpin mcm Tun ni dunia xkan kenal Malaysia ni, mmg ko org x kenang budi. Mmg padan pun ko letak nama Pakpandir tau berangan je, cakap lebih.Ko ni orang Malaysia ke ape PakPandir08? Org Jepun Pun tau respek Tun Dr. Mahathir.

To lameduck on October 15, 2008 2:44 PM --- let them be. They know Tun can NEVER be irrelevant. Because of this, they are never relevant.

To thebigdipper on October 15, 2008 3:27 PM --- sehubungan komen sdr ini, ada satu contoh:

Di belakang Sekolah Keb. Jln Pasar K.L terdapat tanah lapang kepunyaan DBKL atau Kerajaan. Dahulu kawasan ini kawasan kuarters kerajaan yang sekarang ini sudah dirobohkan.

Sedikit demi sedikit sekumpulan pekerja menambak dan mendirikan binaan papan. Di sekitarnya dan di dalam binaan ini ditegakkan beberapa patung yang setengahnya bertangan 2+. Terdapat juga ditegakkan serupa lembing bercabang tiga. Di bumbung binaan tersebut terkibar Jalur Gemilang

Sekali sekala lori DBKL masuk memunggah batu dan tanah diikuti jentolak meratakannya. Yang bekerja di situ memberi faham mereka mendapat galakan dari DBKL dan Kerajaan Negeri. Jangan-jangan ini helah lanun peras ugut supaya dapat ganjaran tanah.

Mungkin juga kerana kerajaan negeri sekarang seperti Kerajaan Negeri Perak memang menggalakkan apa saja asalkan mengguis hati orang lain.

Harap-harap ini benar kerana pendatang Indonesia dan Bangeladsh mula memunggah kayu dan batu buruk kononnya buang sampah. Tapi DBKL cepat hantar lori dan pekerjaanya pungut balik punggahan tersebut.

I personally think that to have a "Strong Government" you need a strong Leadership which knows how to tackle things in a smart & efficient way. When Tun pass the PM chair to Pak Lah the government was very-very strong with less opposition in the parliment.

How bout now?...

I make my point very clear . If you have a Smart, Effecient & Intellectual person as the Leader then the Government would be absolutely strong.

Dear Tun,
Just one simple comment. PM try to be sarcastic in his interview. He claims one thing for sure he won't govern from the sideline when he retires. He hits at you. That guy don't realise he can't govern from the inside given the authority as PM. What more from sideline. That's the difference between you and him. You still can govern from the sideline even without the title PM. That's a gift. Not all have it.

Yes, Malaysia needs a strong government. But can it be a strong and fair government ? This will be doubtful as the majority of the population is Malays. The psychology of people is such that they want to belong to a group. So they would use reasons such as race, religion, honour and so on and so forth. Just recently, because of the Malay Muslim honour, the Malays decide to buy more loudspeakers to pray. Is it to praise God ? Because if it is, then praise God. Is it to challenge the other race ? Because if it is, then God is being made the scapegoat. So it will be ISA for those who disagree with anything from the government. And non for those who support the government who thinks that because the government is his backbone, he can say anything he likes. The government will be seen as promoting disharmony. It is just a matter of time when the people begin to see that things are not right. So happens the time is now. Some of the countries with strong governments around the world. Singapore, Brunei, Burma, North Korea, China, Libya, Saudi Arabia, Iran, Cuba; these countries have leaders who seem to last forever or have political parties that reign forever. But the citizens are not happy. The people in Burma are not happy because Miss Aung San Suu Chyi is on under house arrest though officially elected as the head of

the country. The children in North Korea are starving because the money goes into weapons and technology. The people in Cuba can be considered poor because communism says they cannot be rich. The women in Saudi Arabia cannot do what men can do all because they are considered weak. Strong but not fair.

Dear Tun and Salam Aidilfitri sekeluarga. Minta izin Tun beri ruang melencong sikit jawab tulisan(berulang kali)tentang orang tak reti BM.

TAK RETI BM

BM tidak dipertikai bahasa kebangsaan, bahasa negara, bahasa perpaduan, bahasa pusaka kaum Melayu dan perlu dihormati. Penghormatan sesebuah bahasa lebih bermakna jika bangsa pengasasnya disanjung, disegani dan dihormati.

Tapi kebanggaan buta dan serong terhadap bahasa sudah mengabui mata orang hak istimewa terhadap kemiskinan orang lain. Contoh wanita ditangkap imigresen tak reti BM. Dia dihina dikutuk padan muka.

Tak nampak ke DIA TU MISKIN! Bukan 'racist' tak nak belajar BM. Beri dia 'keistimewaan' percuma sekolah asrama penuh satu tahun saya jamin Bahasa dia menang pegawai imigresen yang tangkap dia. Inilah dasar keistimewaan jadikan manusia tak berhati perut, buta mata dan hati menuduh tanpa periksa.

Yang sedih dasar memulau SRJK membuta mata kerajaan juga kepada kemiskinan di sekolah ini- RAKYAT MISKIN TURUT TERDAMPAR. Jadilah orang lepas Merdeka 51 tahun tak reti BM. Bukan mrk anti-Melayu, racist. Mrk miskin tak dapat bantuan buku, skim khas, asrama penuh(mcm SRK) tercicirlah di SRJK. Kalau dapat sampai SMK tak kan tak reti BM. Saya cabar sesiapa berani juang bagi mrk bantuan sekolah asrama penuh dia tak tahu BM lepas 1 tahun! Budak tiga tahun pun boleh belajar bahasa dalam setahun.

Wujud dan kembang SRJK bukan kerana kaumnya racist tak mau belajar BM - sebab tak dapat apa apa, sebab survival, nak hidup. Cuba beri peluang universiti,biasiswa,kerja kerajaan tanpa kuota untuk lulusan SRK TANPA KIRA KAUM. Saya jamin besok semua SRJK akan tutup tak ada murid. Hanya orang bodoh tak nak belajar lebih bahasa. Bahasa ibunda boleh mrk pelajari persendirian dgn tuisyen. Pelajaran adalah untuk menjamin masa depan bukan bermegah kosong.

Sekurang kurang mrk ada asas bahasa ibunda, boleh guna bahasa yang laku di Asia dan Barat, berpeluang masuk universiti luar negara, dan dapat peluang kerja dari kaum sendiri kerana pasti awam tak dapat. Dengan dasar 'keistimewaan' mampuslah mrk kalau hanya tahu BM. Dalam negara sendiri BM dia TAK SAMA LAKU apatah lagi luar negara.

Pelajaran Asas(sekolah rendah) bukan lesen, permit, jawatan, tanah, concession boleh ada keistimewaan. Pelajaran Asas adalah HAK ASASI MANUSIA, kalau kita manusia.

Buta Sejarah? Siapa yang buta ????

Kalau ada menteri melayu yang kata atuk dia dari Aceh, yang satu lagi kata dari Sumatra, ada juga sultan keturunan bugis and ada dari Sumatra.

Perdana Menteri pun ada yang asal dari India, satu lagi keturunan Turki, Menteri Dalam Negeri mengingatkan kita dia keturunan Arab mengikut nama dia. Ada juga orang keturunan Java yang kata dia bukan Melayu tapi kerajaan kata dia itu Melayu.

Kalau Melayu semua berasal dari Tanah Melayu, berapa besar kah tanah ini? Ada kah tanah ini termasuk semua kawasan Indonesia, Turki, Arab ??? Jadi negara Malaysia kita ini bagaimana ?

Jagan lah meghina orang lain semata-mata kerana mereka berbeza dari bentuk mata ataupun warna

We indeed need a strong government. We have actually witness and experience the misfortune of having a weak government like in the past few years after your era Tun. However we were very lucky that the country was bless with very educated citizen that we did not go into racial confrontation. But I don't think this will last long if the the government in not strong. We want to be in a position to speak out but very unfortunate most of the people speak out with racial sentiment especially against each others race and religion which is the exact substance for racial confrontation. Most people knows this substance very well but they continue talking aloud without fear as they know that the government is weak to do anything. They hide behind the legal system and behind their religion which is constitutionally protected to protest and rally and without fear of the law knowing very well they can hide behind. Making it worse, they have instant made rhetoric leaders who will just harp on any issue that comes along without any real agenda to serve the people but only to use them as the people shield.

So Tun, the government must be strong. The people are not ready yet to speak out like Malaysian. They are more aligned towards their own race and religion. The strong government should not allow any racist sentiment, association, clubs, companies, societies or even schools to exist other then those spell out in the constitution. These group of racist worrior and organization should be branded "RACIST" and not allow any privillage of a citizen of Malaysia.

Languages can be thought in just one type of school only making all Malaysian learn all the important languages which shall benefit all the races and this shall make Malaysian fight for Malaysia. The strong majority must rule and the majority must be given the privillages and not the minority racist lot that appears to be strong

Saya pon memang dah lama dah dok tengok, kita memang perlukan Kerajaan yang kuat dan tegas, tak biarkan semua orang dok cakap semua benda secara merapu & mengambil kesempatan meminta benda yang bukan-bukan untuk kelompok kecil mereka.

On the other hand I also observed that you did not properly transfer your knowledge and skill to your UMNO team. During your time you have done quite a numbers of mistakes and quite a significant numbers of achievement, when the new UMNO team take over they only know how to make thing worse.

Minta izin Tun,

Kpd S..Tan on October 16, 2008 12:54 AM --- (1) Tak mampu hendak tamatkan belajar di SRJK, saya cadangkan masuklah ke SK. Percuma. Bahasa hantaran BM. Apa masalaah?

(2) En Tan sebut "... Bahasa ibunda boleh mrk pelajari persendirian dgn tuisyen." ... boleh bayar tuisyen menandakan dia ini mampu. ... bukan miskin seperti yang didakwa.

(1) Ternyata telah disediakan pembelajaran dalam bahasa rasmi negara secara percuma.

(2) Terbukti dia mampu. Jauh dari miskin.

Tiba-tiba berkeras untuk memilih sekolah yang menggagalkan. Jangan-jangan orang yang En Tan bela ini anti Melayu dan anti Malaysia tak.

Atau, saya katakan kepada En Tan bahawa cerita En Tan di atas itu hanya rekaan dan ALASAN untuk mengabui pendirian sebenar En Tan dan mengelirukan.

(3) En Tan tulis, "... Contoh wanita ditangkap imigresen tak reti BM" Sebenarnya, sesudah ditangkap kerana sesuatu sebab, tiba-tiba didapati dia (rakyat Malaysia ini) tidak faham BM. Cara En Tan memaparkan fakta itu seolah-olah dia ditangkap kerana tak reti BM.

En Tan ini Dr Spin. Ada prejudis terhadap BM sekurang-kurangnya. Selamat menikmati kemakmuran Malaysia.

Terima kasih Tun.

Salam hormat saya pada Tun.

Perkembangan yang baru2 ini kita dengar, Datuk Najib akan mengambil tempat PM yang akan dikosongkan dan Muhyidin akan bertanding bagi kerusi Timbalan PM. Saya rasa kalau ini berjaya mungkin satu gandingan yang baik lebih2 lagi kalau ada satu lagi kerusi untuk Tun sebagai mentor didalam UMNO dan MT. Ini akan lebih menguatkan perpaduan UMNO dan BN dimasa2 akan datang. Saya berharap kepada Tun yang telah ada banyak pengalaman didalam arena politik supaya membantu dan merestui gandingan ini demi kepentingan Melayu kerana kalau kita tengok UMNO ini boleh diibaratkan harimau yang dah kehilangan gigi. Dia boleh mengaum sekuat2 nya namun tak boleh gigit lagi. Maka untuk menguatkan kembali UMNO dimata masyarakat, saya cadangkan Tun diberikan satu kerusi sebagai mentor or we can call Old Guard. Whip them hard pada sesiapa yang tak setia dan tak bekerja untuk UMNO. UMNO harus mempertahankan maruah bangsa tapi dgn berbekalkan ilmu dan pengetahuan baru kita boleh maju kedepan.

Buang yang keruh dan ambil yang jernih.

Assalamualaikum Dear Tun

I agree with you that we need a strong goverment and competent leaders in multiracial Malaysia. If I may suggest to you, and I hope you do not be annoyed by it. As I see it, we will never, ever get a strong goverment and competent leaders in Malaysia anymore with the present political setup, with Umno become the backbone of Malaysian politic. Umno is crumbling down as its members from top to the bottom is highly infected with the most dangerous virus; the love of wealth and power. Umno members will fight with each other because of power and wealth and as a result, soon Umno will collapse, bringing with her the collapse of Barisan National. A strong goverment and powerful leaders only exist if the leader and the goverment is help by ALLAH. Allah will only help the leaders and the goverment if they do the work of Allah or the work of Nabi Muhammad saw. Sincerely Yours.

Salam Tun dan semua pembaca!
Kalau kita memperkatakan sebuah kerajaan yang kuat ianya bukan saja berdasarkan kepada jumlah kerusi parlimen yang dimenangi oleh pihak kerajaan tetapi ianya meliputi dari segi ekonominya,pertahanannya dan rakyat hidup dalam keadaan aman dan sejahtera tanpa gangguan dari pihak-pihak yang merasa iri hati atau dendam terhadap pemimpin.Ini akan membawa rakyat kearah kesejahteraan.
Untuk makluman saya telah ditanya tentang Tun apa yang saya jawab hanya 4 patah perkataan iaitu Nama Tiada Suara Ada.
Selamat hari raya maaf zahir dan bathin.

The only kind of government a nation need is a government who can stimulate the economic growth of the nation. Malaysia does not has this kind of government now. AAB's government is weak and corrupt. Bear in mind, corruption comes in different forms, monetary and not forgetting misuse of power. Malaysia kini adalah sebuah negara yang tidak stabil. Isu pergelutan politik adalah punca utama kejatuhan Malaysia. Malaysian has lost faith in our government. Malaysian government is no longer working for the people.

My comment, Hei Sivakumar, you must be very happy that you and your friends went to Pak Lah Open House the other day. Hopefully you managed to kiss his hand.

Das, I've seen your comment in Anwar's blog. Wow, you sure are his fan. I know because only comment glorifying him is allowed in his blog.

To both of you, English is a form of communication. If your English is impeccable but your attitude is like yours Sivakumar Pillay, I would just choose a not so impeccable English writer.

Anyway, Dr is not only given to medical doctor la friend, If that person is Linguistic (BM) Scholar, he/she can also be a doctor if he/she managed to secure a PhD. IF that person wishes to write in a not so impeccable English, so be it. At least that person is 'berbudi bahasa' . Sivakumar Pillay, I think you should read more into Tun Sambanthan speech which he made in 1955 pertaining Malays into accepting the Chinese and Indian as co citizen of Malaysia. At least then, we could all live together peacefully and not harping on NEP issues. Or perhaps we could just free those people of Al Maunah co believers a like in Kemunting so that they could harping on fundamentalist issues as well.

By Bumi Ownz U on October 16, 2008 6:11 PM

Hello Tun Mahatir,

I have just recently joined your blog. After reading your comments with relation to needing a strong government, I believe that we do.

The problem with Malaysia is that Barisan Nasional and UMNO have created division within its own party ranks by seggregating the "street level" races, making offensive remarks to minorities, unsheathing the Krest as a sign of Malay supeority... this has caused Malaysia to be divided and will cause its internal economics to be diminished,unstable and unproductive.

If you look at the world, the powerful economies of the world have united their nations and have all tried to invade other countries (eg: Japan, USA and many European countries).

Malaysia needs to afford a solution to bring its people together to be able to compete with other nations. There shouldnt be any need for internal race based disparities because we live in a globalised world where everything is transparent... even China is learning this the hard way....

What must be done?

Barisan Nasional really needs to change. Much like Proton who have rested on their laurels and have become complacent with government hand outs, the government has lost its competative edge because it hasn't really needed to compete with such a strong opposition.

Many of the things that Anwar has said is true. Whether you agree with me is another issue, but Malaysia needs to inject a more dynamic and globalised approach at internal government policies.

The leaders of Malaysia should be LEADING with IDEAS. They should comprise of the sophisticated elite and those who desire to better the nation as a whole and not be the RINGGIT RORTERS of society.

Many of the leaders in Malaysia have been two faced when dealing with Hindraf including Badawi. I find it a disgrace that the government is not listening to those who plea for help and label them as terrorists. Don't you think the Malaysian people especially the government should have progressed in their level of sophistication or have their grass roots greed morality consumed them to a irreparable level?

By jalurgemilang57Author Profile Page on October 16, 2008 6:34 PM

dear tun,

i have read today's news that the hindraf has been declared a dangerous organisation. at last the kdn has balls to do it. it should have been done long time back. as immediate feedback, the declaration has created some fear. the news is spreading that the organisation has been made use of and the ones who have been arrested are just scape goats.

satu gerakan memburu ahli ahli dia mesti di lakukan. by doing this the real culprit behind the scene will be known to everyone. those who bewcomes victim will rebel and try to protect the self interest. must see what be relate3d to them on serious terms to make it look like that they are dangerous. infact they are dangerous. let the realisation of being used by someone spread. hope it will bring more wider awareness of the whole trick, strategies and their tactical moves instigated by some one.

sometime back before the election many phamplets were distributed to the taxi drivers all over. taxi drivers are the ones who have the opportunities to get one on one with the passenger without anyone knowing under the closed environment. so have to be carefull on the moving teams.

on teh najib issue, now he is attacking and statrted to work on credibility. he has more time till the next election. however the announcement by pak lah to stay till 2010 has made a protection layer. as we know pak lah never run away. so he would have created a protection, an umbrella for najib to seek shade under his protection. now as he is moving away it has created an opportunity for the opponent to work on direct attack. ini orang bususk hati. he will attack anyone who wants to go for the chair. as everyone is aware the chair is looked at by 27 million people and gets very hot. thats the hot chair. focus of everyone. as there are some ulterior motives to take over, the other has no choice to work on strategies to topple whoever is the succeder. as the current issue as being concerned by many will najib survive these attacks? well to me he will weaken the society support. strategies and tactical moves must be worked out to carry out the moves to weaken his credibility as much as possible. as he is working on something surround him with questionable discretion and authoritative moves. create question why it is done such and not the other way around sas it would benefit the people. why waste resources and things like that. have to keep on working and create as he will not stay behind.

there are many things that are being ignored. everyone has to watch, observe and be sensitive towards every move.

jebat must die is a good blog. i went there to see the articles.

try to dig those sensitive issues that surrounds him during his time as tpm. ba busuk kena korek keluar. no choice. even if it relates to the bribery and misuse of power. eacxh and everything must be studied the implications seriously

on the altantuya issue, that will be the main issue that will damage najib. he has to be very careful and keep away from any involvement. if possibly there can be some relation with the opposition, the connection possibly if studied properly can be pushed back as the instigations by someone to create a mess out of this matter. i think there has been some invisible instigations unseen and unknown. otherwise the sudden blow wont have been there.

many trees are being fallen and the hills are being cleared for construction work. this will later create severe flood in selangor. sayang saya tengok banyak pokok pokok kena tebang dan bukit di ratakan. a tree that big takes a lot of time to grow but in matter of minutes the tree is pushed down and the soil is being exposed.

some things personal. i can strongly sense some energy drop in your body. thats not good. we need you. whatever must be corrected is partly his become your responsibility also. we need a strong man. your health is important. please take care. if there is no symbol then there is no spirit in the whole struggle towards freedom.

i have to go now. i will catch up later.

Sembah Salam Hormat kepada YAB Tun dan Bonda.

First, I must congratulate all the commentors ahead of me. At one time, I thought I was the first because, when I submitted my comments, there were no comments yet. When it was subsequently posted, I was number 42 (kalau tak salah). Not easy to be the first. Sometimes, it is not posted at all !

Anyway, what Tun has said makes a lot of simple sense. What I despise is when a Minister like DSAAB quotes " Our fundamentals are strong. Our reserves are big. Our this and that are ok..... What is DSAAB trying to do?. When the whole world is facing a turmoil, it will affect Malaysia. The danger in not telling the truth of the situation in Malaysia will create minds to think that everything is OK. If the truth has been said like ..." prepare for hard times, spend wisely, etc. etc. then your minds will be focussed on addressing those issues ! Dia ingat orang Malaysia tak sekolah ke? (Malaysia has a 100% literacy rate mind you !) DSAAB is already on the way out and yet he is still dragging the people down the mud ! Apakah DSAAB ni.

Anyway Tun, for what you have said, it is easier said than done. For a person of your caliber, it is easier done than said. But how many of our leaders are like you. If no one can do it alone like you can, then garner support from other ministers, etc. to put the ideas into implementation.

Many commentators have said that those in power are also busy accumulating wealth. Then, with this focus in mind, none of them will be able to provide a solution to the current problems that Malaysia is facing, i.e. make a strong government. Only people who makes sacrifices (one of the persons I admire the late Tun Ismail Ali, Governor of Bank Negara Malaysia) will be able to get the job done well. As long as we have people who have controversial issues like Mike tyson who claims who cannot speak english !), DSRA, that fierce women (who I admit gave good lectures during University days), KJ, 4th Floor etc etc (we were lucky to be no 47 (maybe out of 48?)), or the party that wants to leave barisan, THE GOVERNMENT WILL NEVER EVER BE STRONG.

Anyway, if I am not mistaken, Tun and Bonda is in Melbourne around this time to give a talk. I wish that assignment is successful. You may not know this Tun, if there are any comments by you in the local papers, I only read your comments and couldn't care about others as they are not telling the truth !

Assalamualaikum Tun,

Saya amat bimbang dengan kedudukan masa depan bangsa Melayu di negara ini. Sudah ada bangsa lain yang berani mengatakan bangsa Melayu juga adalah pendatang di negara ini. Mengapa Pak Lah tidak menegur tindakan ini secara tegas? Juga mengapa pembangkang yang berbangsa Melayu tidak mempertikai kenyataan ini secara tegas ?

Secara terus-terang saya katakan, saya tidak mahu negara yang saya cintai ini diperintah oleh orang selain dari bangsa pribumi negara ini. Kita sudah lihat jiran terdekat kita. Bangsa Melayu amat susah untuk dilihat dalam pentadbiran negara apabila kaum mereka memerintah. Di Malaysia, walaupun bangsa Melayu memerintah, kita masih memberi peluang kepada bangsa-bangsa lain untuk terlibat dalam pentadbiran peringkat tertinggi.

Kita sudah melihat bukti di depan mata apabila sebuah negara yang asalnya milik orang Melayu menjadi milik bangsa lain. Janganlah ia terjadi kepada Negara kita ini.

Dear Tun dan Salam Aidikfitri sekeluarga. Izinkan saya beri penjelasan kepada pengulas.

Kpd 'Dal'

Terima kasih krn sudi baca dan mengulas tulisan saya. Saya buat anggapan dia tak mampu pergi SK krn SK jauh dan SRJK dekat dgn estet atau desanya (Anggapan ni mungkin silap) Kebanyakan SRJK Tamil terletak di estet dan luar bandar di mana rakyat India tinggal bersekelompok.

Saya akui tak tau keluarga wanita ini kaya atau miskin semasa dia kecil dulu. Dari suasana, keadaan dia ditangkap dan lihat gambarnya saya 'agak' dia miskin (Mungkin silap juga)

Tapi kalau tak reti BM, besar kemungkinan dia tak habis belajar sek rendah baik SK atau SRJK. Saya 'agak' sekali lagi ini mungkin krn miskin (mungkin silap)

Saya sebut tuisyen dlm konteks kalau tiada SRJK dan bukan pada kes wanita ini.

Bukan maksud saya wanita ini ditangkap krn tak reti BM (Dia ditangkap krn sebab lain) Silap bahasa saya nak pendekkan perkataan (kurang perkataan 'yang' tak reti BM) Harap maaf kalau maksud lain yang dibaca atau terpapar.

Saya pandang semua bahasa sebagai ilmu dan anugerah Tuhan dan pembelajarannya patut digalakkan. Pengetahuan BM memberi saya kelebihan memahami, mendekati, bergaul mesra dgn stau lagi insan Tuhan. Harap betulkan kalau ada pandang serong yang tak baik terhadap BM.

Terima kasih sekali lagi pada 'Dal' dan juga Tun melayan kami, memberi ruang pada saya di blog popular, panas, professional.

Dear Tun,

Just read something incredible. Somebody commented that after the "azan" issue some Muslims have bought more loudspeakers for the morning call to prayers to challenge the other races. Cannot believe this type of thing can happen in modern M'sia after so many yrs of tolerance & mutual respect for each other. Tun, you will secretly thank God that all these did not happen during your tenure as PM. Pak Lah also had enough of all these!! I expect PM-in-waiting will also not have an easy time controlling all the people with different sensitivities, likes & dislikes. Most important, I think is to moderate our actions & not go overboard in whatever we do.

Somebody ask Tun whether all of us on your blog are patriotic. Well how much feelings can we express on the net?.

If we criticise the Govt. too much we are deemed as disloyal & can be labelled as subversive elements. If we praise & say positive things we can be described by some as just hypocritical. So best to be moderate.

Tun. .

Tak banyak yang majoriti rakyat Malaysia harapkan daripada kepimpinan negara. Cukuplah sebuah negara yang aman damai harmoni, yang rakyatnya boleh tidur lena, boleh cari makan.. yang ekonominya kukuh ... dan perpaduan kaumnya utuh. ... majoriti rakyat tak ambil peduli sangat tentang politik asalkan pemerintah dapat memastikan rakyat boleh menjalani kehidupan mcm biasa, mcm sebelum sebelum ini. kalau ada masalah cepat-cepat selesaikan. . jangan biarkan dia membiak dan berkembang sampai memusnahkan kemerdekaan negara yg dah melangkaui 51 thn ni... siapa saja yang naik baik najib ke sesiapa sajakah pastikan pergolakan politik yang tak habis-habis ni diredakan... dah naik meyampah baca isu politik yang tak reda reda dalam surat khabar.. cukup cukup lah tu.. faktanya rakyat dah muak dgn agenda politik keterlaluan sesetengah pihak... bawa bawa lah muhasabah diri.... sedar sedarlah kat mana kita berpijak dan pandang pandang lah sekeliling sebelum bersuara.... ingatlah ketaksuban politik yg melampau boleh musnahkan negara....

Thanks a lot Tun for the real and needed advise for us the "rakyat",

but what about the so call "pemimpin" that stubbornly ignored any call to any of their wrongdoings. Actually to our view , the pemimpin choose or surrounded by stupid or mostly self interest advisor, so as a humble malay ,we wish that Tun could make a comeback by virtue as advisor to make malaysia once again safe and the vision 2020 really come true. Your resume have proven. Semoga Allah memberkati Tun sekeluarga.

Dearest Tun,

What you said is the right tonic for the current and future leaders to sit and ponder. the Military saying "There are no bad soldiers but they are bad leaders' is exactly what is happening now in this country. One is popular because one is not doing his job but one is unpopular because one is doing their job, like what you did during your tenure as PM. Things get moving as there were jobs to do unlike now..too much politicking, too much greed by all parties..Pak Lah should maximised the deployment of the Special Branch to nab and watch all these crooks like HINDRAF, ANWAR IBRAHIM, LIM KIT SIANG, KARPAL SINGH and their likes. Get the SB to intimidate them and warned them not to be funny and cheeky. WE ve been living in peace for the last 50 years and there no reason to fight over petty issues like race, religion and the economy. The rakyat have choosen their leaders and up to these leaders to fulfill the rakyat aspirations instead of filling up their coffers and enriching thmeselves with the peoples money. The banning of HINDRAF was the right thing to do as we dont need groups to pressure the government to entertain their nonsense. Let this be a lesson to all in Malaysia that there are no place for groups to tell the government what to do. The government shouldnt entertain any group that are asking for their whatever rights. Remember the AL MAUNAH GROUP, the Government even send them to the gallows, what more this HINDRAF group. Let them stay and rot in Kamunting Kem under ISA. Even the AL ARQAM movement was banned!! so what the difference with HINDRAF? If i have my own way, I will closely watch and monitor Anwar Ibrahim, Lim Kit Siang, Karpal Singh, Teresa Kok and whoever I feel will cause trouble in our beloved country. Use the ISA effectively to Rakyat advantage. You said that as rakyat we are entitled to live in peace and harmony and it up to the government to ensure that we, the Rakyat get this!! So, Dearest Tun, keep up your work in making the government stay on their toes.

Dear Tun,

Your expression of religious differences and strong government does make a point to advise the present BN coalition leadership to stabilize its management capability.

The premiership responsible is very important in deciding the direction of the policy. Keeping in touch with the nation, condition and happening. This is also vital both international and local shores. Intellectual capability, experiences, character, charisma stir with conviction and passion for this Malaysia country is essential to develop this mother land in respect and aweness.

Application of these traits will result in better management and control of the governing perspective toward better and efficient administration. People are the main key factor in deciding policy and direction of the nation objective gearing into the international arena to market Malaysia and survive with a competitive edge on our trade balance. Thus this will make the country rich and yield the nation and people through better development of infrastructure and expand our local economical trade. In further explanation job will be created and people will able to work and support their family.

So therefore which is the better candidate despite the Dollah step down and the second person took over. Will this condition be a shed of light to the nation? or will it be another fearsome authorian government in evolution.

Whatsoever the reason as in the Will. We pray that Allah will send Tun, to advice, support and encouragement to whosoever perspective for the sake of the people. Your experiences and charisma does make a change. People comes first the resolution of the party objective is draw as to service the

path of the nation.

Continue to implement your vision thru your influence and delegation of your vision and passion of Malaysia.

Tun, we love you as in the icon that you have develop this nation to a better and competitive arena. Salute, thank you and praises on your past achievement to us; Malaysian.

Once again we want to REMIND Tun your contribution is EMINENT!

Salam untuk Tun & Warga Chedet.com,

Saya bekerja sebagai seorang Juru Audit Dalaman di sebuah bank tempatan. Sejak tiga tahun lepas, saya menyewa rumah di Pangsapuri 4E, Flat Seri Melaka, Cheras (terpaksa tinggal di sini atas 2 sebab..1. Dekat dengan rumah mertua (senang nak tinggal isteri bila outstation)..2.apartment yang saya beli kat Cheras Baru berstatus terbengkalai..dah 4 tahun dahh terlewat dari tarikh yang sepatutnya siap). Tujuan saya menulis ini bukan untuk komplek berhubung dengan projek terbengkalai tu..tapi cerita lain lah (ringan-ringan)..kalau warga chedet tak jemu..boleh sambung baca....

Flat Cheras 4E ini di diami oleh masyarakat berbilang kaum (jiran-jiran saya terdiri dari kaum melayu, cina & india Malaysia dalam komposisi yang hampir sama banyak) dan saya sebagai seorang yang agak peramah memang selalu bertanya khabar sesama jiran.

Disebabkan PKR kerap mengadakan ceramah umum di padang Flat Seri Melaka ini (dululah..sebelum pilihanraya..selepas pilihanraya tak de dah pun..mungkin di buat di lokasi lain..maaf saya tak tau) maka selain topik kejiiran..topik politik ada juga diperkatakan sesama tetangga (dalam nada berhati2..agakny masing2 dah faham tahap sensitiviti kaum masing2).

Dalam kejiiran Flat Seri Melaka ini ada terdapat Pasar Basah Besar (jual ikan & sayur-sayuran) dan dulunya memang menjadi kebiasaan saya untuk membeli barangan keperluan di pasar ini. Terdapat satu unit kedai ikan yang memang menjadi 'favaourite' tempat saya membeli barangan basah ini. Namun sejak mertua saya & isteri mula membeli barangan di Pasar Pudu (lebih banyak pilihan kata mereka) lebih kurang 6 bulan yang lalu, saya pun tidak lagi pergi ke Pasar Besar berkenaan.

Isteri saya ada membuat rumah terbuka Aidilfitri baru-baru ini. Saya telah ke Pasar Besar Cheras ini setelah sekian lama tidak ke sana bagi membeli barangan keperluan 'open house' hari tu. Yang dituju saya ialah kedai 'favaourite' saya (namakan saja kedai ikan Ah Chong). Dari percakapan serta cerita2 Ah Chong ini masa saya selalu ke sana dulunya, saya dapat menyimpulkan dia ini adalah penyokong kuat PKR/DAP/PAS . Tak habis-habis memuji Anwar & Nik Aziz bila saya ke kedainya dulunya. Bila saja dia nampak saya, dengan nada 'excited' dia pun terus menyapa saya....

'Bosss..sudah lama u tak datang sini...mana u pergi?..'

Saya pun jawablah kat dia..'Saya dah kerja kat luar negara lah..pasal ini Malaysia sudah jadi negara yang banyak teruk..banyak buruklah..'

'Aiyaaa..itu baya (bangla), indon, burma..vietnam semua masuk cari makan sini..u pulak pergi kerja luar negeri...kalau ini negara banyak buruk..mesti itu orang tak mari sini cari makan lah kawan..siapa cakap ini negara banyak buruk' tambah Ah Chong lagi...

Saya pun jawab..'Anwarlah yang cakap'... dan dia terus diam.

Namun atas dasar kawan lama..saya tetap dapat 'diskaun' dari barangan yang saya beli dari Ah Chong hari tu..kira punya kira..saya perlu bayar RM64 tapi Ah Chong bagi diskaun RM4. Anak saya yang ikut juga hari tu dapat duit raya RM10 dari Ah Chong.

I took time to write because this is kind of complex ..but after positioning myself as the rakyat , my simple mind is saying yes we need a strong government because of so many obvious reasons..livelihood, children, old parents etc etc..even the animals in the zoo depends on a strong govt.

So yesterday when the TV showed bits of Parliament proceeding, I was impressed by the BN rep who gave examples of issues and asked the opposition why they choose to and not to respond. Many of us knew the whys and many choose to just let it go for some reasons of our own.Kejujuran telah terserlah..pick and choose was the story of the day...

It had me thinking, in our parliament there are govt and there are opposition.But it seems that the Govt reps job seems only to respond to issues tabled by among them or brought by opposition. Perhaps to be more credible ,its better that the govt of the day do both, pro active, do not wait for the opposition to do it first..acknowledge valid comments from their own camp colleagues .. take away that job from the opposition.Some of us might take it as 'kelemahan' and not good for our self esteem. Really,its not about us...its about the rakyat.The way I see it, the other camp YBs tak ada apa2 yang boleh mereka buat sangat..mereka boleh cakap kuat2 dikeluarkan issue demi issue which is good but because they are not the govt they cannot do anything much..take their issue ,[yang mana tak mengganggu hak dan mengganggu gugat keselamatan] make it happen immediately and gain the rakyat confidence. On issue yang sensitif - tak payah tunggu any "keeper of the chosen truth' untuk buat open discussion. Buat dulu, guna think tank yang ada untuk bagi idea biar keeper of the chosen truth tu yang kena respond instead. Kalau besok kiamat pun hari ini kena kerja juga. Ada macam2 cara untuk masak ayam belada..different chef different style..a leader should learnt from the opposite too..yang juga representing the rakyat. So cook la that 'ayam belada' your style..[a more delicious one perhaps, I like my wife's ayam belada - guna stok ayam maggi] because you have ingredients to make it happen.Itu lah a strong government bagi saya - able to take jab from within and outside and make it happens for the rakyat.A strong government is not deffensive on issues that they can control immediately.We the rakyat understand that not all things can be done immediately..well you have four years.All the Ybs needs to do is stand tall and lawan dengan facts dan ajar rakyat yang memerhati erti kepimpinan.

Ya..we need a strong govt..for that we need a strong and decisive leader.

Terima kasih kepada Tun kerana mengeluarkan posting2 yang membolehkan kami yang biasa2 ni meluahkan rasa yang kadang terb.. abbas.Salam hormat untuk Tun dan Isteri semoga di berkati dengan tahap kesihatan yang baik .

Dear YAB Tun,
With respect...

We had enough of DSAAB and since he is leaving in MAC'09, can you suggest the line-up we should have under Najib so we can have this so called "Stong" Government?....

As far as we can see, we have minister who doesn't have the credibility to become one especially when asked about the police beat removal in Chow Kit....The answer given by this minister was totally unacceptable. I don't think he really uses his brain before talking!!!

Do you think that DS Najib has this credibility to built a "Strong Government"? What do you suggest Najib should do to make this happen? Do you think we will have a "Clean" govnrment under Najib? As you said on your previous blogs that the current government are corrupted and not clean...And Najib are in the current line-up and also will be heading the future line-up as well...Do you think he can turn the table around and come out clean and strong?

Your thoughts highly appreciated.

Thank you.

Dear Tun,

This is my very first time I am writing my comments in your blog. First of all I would like to wish you Selamat Hari Raya Aidil Fitri, Maaf Zahir & Batin.

Tun, you are a great leader that any country could have. A legendary leader with a true leadership and spirit of excellence. I admired your premiership and even now I your ideas and thoughts are brilliant. It's going to take many years to have a great leader like you to manage this country. I am very saddened with what is going to our beloved country now. There are many opportunist in UMNO who are just waiting for the slightest opportunity NOT to lead and bring back the party in to the track but instead to see what they can gain out of it. These vultures are the the culprits who must be expelled from the party. I am very worried of what is going to happen to the future generation of ours especially when we are gone. The malay mentallity need to be totally revolutionized for the sake of the country and religion. I don't see anything in young leaders like KJ, they are just there by the virtue of certain people and for some promising golden opprtunities.

Tun, I don't know if UMNO is coming to an end following the 'RAHMAN' theory but I would like to suggest if you could form another party that truly carries out the interest of malays & muslim in Malaysia. I believe there are many supporters behind you who are willing to go all out for the sake of the country and for our future generation. Someone has to do something about it and there's no one else that I can think of besides you TUN. You are a leader with strong principle and most respectful. I will stand by you at all time....

Tun,

Now that there is hope of a new regime in the govt, i.e. people like Muhyidin and Mukhriz, in the not so distant future, i really look forward to them as catalyst team of change that is open and mindful of mistakes done in the past.

They have to reform the country and do away or reform ISA, OSA, Printing Presses Act, and AUKU to instill a more rigorous, and intellectually productive populace.

Dear Sir,

Well, I'm just a student. But there is one thing that i want to stress. Well, it's just my opinion and therefore, i would just share with you. I think that if a government need to be strong, we need to be more unite. But how? I have one suggestion here. First of all, i found that not so much malay leaders know to speak chinese or other languages except Malay. This can be shown when we watch the MCA assembly. The Prime Minister didn't even speak chinese as well, but just in Malay. However, the Chinese will speak Malay during Malay or others occasion, which truly shows their respects to the other ethnics. This is the fact! Everytime, the government said we need to unite. But the leaders, themselves don't do so. They dont speak certain languages during certain occasions but just speak their own mother language. And this really shows no respect at all, which also cannot bring the Malaysian to be more unite! This is a very important reason i think. I really think that all leaders should learn the major languages in the country, and try to speak them out during certain occasions of these races. This will eventually show that the leaders respect the races and ethnics. Intead, it will also strengthen the relationships among very ethnics and even the parties! Thank you! Hope that my suggestion is somekind of good thing. ^^

By Rahim123 on October 19, 2008 9:34 AM

Salam Tun,

I agree with Tun that we need a strong leadership, or rather, a strong government that can forcefully implement transparency, good governance, no cronism, no corruption, not bias and fair chances for all. We definitely don't want to see abuse of power and abuse of govt procedures by those already in power to ensure that they can continue to be strong and continue to be in power. The rakyat will reject that kind of strong leadership...use of dominant power to block the democracy process, or abuse of certain laws to arrest his oppositions whenever feel threaten of his position.

Leaders can come and go but a strong govt shall remains. Good leaders will leave some good marks in our history for the good deeds and contribution they have made. I am sure all Malaysians will remember Tun for your past contributions. The special and independent Commissions proposed by AAB is good and I am sure he too, wants the nation to remember the transformations he tries to bring. Hopefully, he can sees to that before his exit. The Commission hopefully can provide a better check and balance to our system...as generally, the govt policies are good but the govt implementing agencies in many cases have derailed from his original objectives, causing a lot of dissatisfaction among the rakyat and misperception of the govt.

A strong leadership should not just by a few. We want the smart people to lead us, as the rakyat is also getting much smarter now. There are many professional bodies in our society and I am sure they too can contribute constructive advices to the govt think-tank. Get them involved so that they will not reject you when implementing those policies.

I am just an ordinary Malaysian not affiliated to any political party. I am like most of the customers or other Malaysians want to have choices to choose for the best. We don't want to see a different kind of strong leadership that will block the existance of another alliance. Rather, there should be a healthy competition so that those already in power will not be complacent, with both trying to do better than he other. The rakyat should have a choice to choose for the best for a better Malaysia tomorrow.

Salam hormat.

Tun,

Malaysia is not a multi racial country. The word multi-racial always meant divided malaysian into racial differential. We here in Tanah Melayu, concise of Malay, Chinese, Indian, Kadazan, Iban and minority races. How are these define as multi-racial country?

Look at Australia, Hong Kong and Britain, once any races that holding the respective passport of the mentions country its only state "AUSTRALIAN NATIONAL, BRITAIN NATIONAL (HK), BRITISH NATIONAL OVERSEAS (HK). Not even mentions what color and races are they.

Check at Australia, it had 1000% more races than in Malaysia, in meantime's Malaysia called itself Multi-Racial? We only have 3 majority races and minority others than this minorities are even up to 10% of Malaysia populations.

I believe Malaysia are only for Malaysia and no "MULTI-RACIAL" differential.

What about the terms that we use for long time and this terms are use since I was in primary school.

Dear Mahathir

Do you want to have a Malaysain Government which is as strong as a Singapore Government?

Will it happen in 100 years time?

By interesting on October 20, 2008 1:25 AM

dear tun

Yr tenure as PM produces very, very weak leaders n politicians. There is no leaders anyone of us can be proud of. Even UMNO had only 1 possible credible leader.

Strong Government drive from leaders with strong good values that leave excellent legacies for others to follow. It is not buildings, projects, contracts or other material things that bring greed, lust and unrestrained desires.

Infact I commend the leaders of component parties for being subservient, obedience n 'let live' attitudes that allow peaceful existence.

Salam Tun..

Always salute all the best article from Tun.

Nasib Baik AAMB sedar diri..dah tak layak lagi jadi PM. Nak jadi PM kena lah ada knowledge dan pandai cakap..cakap mesti ada isi...Ini dak..cakap sikit...increase tone supaya orang tepuk...

PM kena berani untuk take any action walaupun to the extend brutal. Ni orang mencerooboh perayaan ugama kita pun....tak pa...tolak ansur.. Kalau la kita pi ceroboh kat Bt caves masa upaca ugama depa..agaknye mesti riots. Ini jelas menunjukkan AAMB takut pada kelemahan UMNO & perlu bergantung pada pada parti komponene lain. Sepatutnya polis perlu belasah habis depa yang mencerooboh sebagai pengajaran. Ini baru componen minority belum lagi yang lain2.

Thus we really need a dam strong govt. Long live Tun. Saya sokong Tun.

Hamba setuju 110% dengan pendapat Ayahanda Tun! Dek kerana weak government sejak Mac 2008 ni.. banyak sangat masalah ditimpa negara dan rakyat.. tengok ajelah perkara yang sewenang wenangnya dibagikan oleh majlis peguam.. suka suka nak suruh pinda perlembagaan .. tengok pada hindraf.. suka suka nak saman kerajaan Malaysia ntah berapa billion trillion tu.. pastu buat demonstrasi haram... tengok

pada part barisan komponen.. walaupun secara zahirnya mereka nampaknya bersatu tetapi secara batinnya mereka memberontak ... mereka sudah mula demand perkara2 yang rasanya sudah lama dipersetujui apa yang dikata social contract tu... oh ya lagi satu yg hamba nampak sebagai rakyat kebanyakan ialah dek kerana weak government nie harga bahan keperluan harian makin naik setiap hari --- maaf ya mungkin ramai tidak setuju tapi hakikatnya gitu--- pemborong dan pengeluar kini sewenang wenangnya mengkudakan kerajaan yg lemah ini... apalah dia orang kat TV tu keluar kenyataan "...harga barang untuk hari raya ini dijamin berada dibawah harga syiling serta tindakan akan dikenakan jika menaikkan harga.." hahaha rasa nak pecah perut hamba aje bila dengar statement yang gitu pasal harga barang dah pun dinaikkan sewenang wenangnya sebelum 2-3 hari statement lapuk itu dikeluarkan...

Doa Hamba:

" Ya Allah Tuhan Yang Masa Esa, Ya Rahman Ya Rahim... Hambamu ini menadah kedua tangannya kepadaMu.. Kupohon padamu supaya Engkau membuka hati Ayahnda Tun Mahathir Mohammad untuk kembali ke pangkuan UMNO dan ke pangkuan sebagai pemerintah.. Engkau jadikannya seorang Khalifah untuk membimbing kami ke jalan yang Engkau Redhai, ke jalan kebenaran dan berikanlah kepadanya kesihatan dan kekuatan untuk menyelamatkan rakyat Malaysia dari ambang kehancuran.. selamatkanlah kami wahai Allah dari segala bencana... Dear Tun,

I was born during your reign as PM. I grew up knowing that our then PM was someone many referred to as "garang,lantang,cunning, and sometimes 'jahat'" :). Now that i'm qualified to vote,i see that we're having the worst (read:lousiest) PM in Malayan and Malaysian history ever (well,we studied History in school,didn't we?). It's a true "can't-trust-govt,can't-trust-the-opposition-either" case for me, and i strongly believe, many other. I can understand your disappointment towards the GOVT following PRU-12 cos i'm very (to the power of infinity) disappointed too with the way the govt is 'caring' for the people... But anyway, i do pray hard and hope highly your son Mukhriz can at least 're-incarnate' your supremacy, if not better.

MALAYSIANS,DON'T SEE MUKHRIZ AS A NEW FACE; SEE HIM AS A REGENERATION OF TUN MAHATHIR!!!

p/s:feels great i can at last write to Dr. Mahathir Mohamad DIRECTLY and be read :)

Dear Tun,

As a malay in my late 20s, I have been confused by the state our local political scenarios ever since your era. As a small-sized nation, I profoundly agree that a strong leadership is vital in order for us to unite and lead the nation into the swarm of globalisation.

But time has changed. Leadership changed hands. And the trends demand a new set of rules.

Paul Krugman, a Laureate winner and a strong supporter of Keynesian economics, has pointed out that market scenarios are eating up the policies by made by the Feds. I believe this somewhat shows that the global power of economic decisions are taking over any stringent and strict controls that can be pushed by a leader. People or "the mob" have stronger says in the market, and even in politics, locally and

globally.

With all due respect, I could not see any UMNO leaders that can stand a chance against the tide of globalisation as good as yourself. Nobody has that tenaciousness and confidence to bring the nation through globalisation after yourself, except for the least of my indictment, YAB Anwar Ibrahim. I am not supporting him, but I see no leaders as knowledgeable and tenacious as him! What choice do people like me have?

By zairyou Author Profile Page on October 20, 2008 5:01 PM

Moral aspect is one of the factor that need to be considered for

the selection of candidate for top post in a government or political party so that a strong government can be formed and every one can focus their attention on economic activities

Dr Chua must not be overjoyed by his victory , as he gathered less than 50% of the total votes, those voted for him may be influenced by sentiments or other factors. Also the results also did not reflect the aspiration of grassroots member. Because most of the grassroots want morally right leader. I do not what is going to happen next. Dr Chua must relinquish the post for the benefits of country and the people even though he was elected through election. A good leader should sacrifice for the benefits of the country and the people

As an MCA member Dr.Chua has to follow the value of Malaysia Chinese and not the western value.

I had ever asked Doctor Chua whether he had seek counselling service or consult Psychologist for advice for his action but he had never answer to me. To me this is not his private affair he has to educate the general public through his own experience and apologise in a sincere way.

By ash1969 on October 20, 2008 7:41 PM

Assalamualaikum Tun,

Selamat Hari Raya TUN dan keluarga. Semuga semua sihat sejahtera.

Ini hanya pendapat saya insan yang lemah dan tidak berkuasa.

Negara ini sebenarnya aman semenjak merdeka (kecuali 1969) kerana kekuatan kerajaan yang kukuh yang ditunjangi oleh UMNO yang mendapat sokongan padu orang MELAYU. Tanpa sokongan orang Melayu UMNO akan tempang walaupun diketuai oleh pemimpin yang terbaik. UMNO bukannya disokong oleh orang Cina dan India, hanya orang Melayu. UMNO yang tempang akan disisihkan oleh kawan-kawannya. Ini telahpun menjadi kenyataan. UMNO diperkotak-katikkan oleh kawan-kawannya di dalam Barisan Nasional. "Musuh yang paling merbahaya adalah kawan yang paling hampir dengan kita".

Ketika ini, saya melihat pemimpin UMNO secara keseluruhannya begitu lemah, tidak dapat mengawal keadaan dan gelabah. Pemimpin yang agung, bijak menggunakan keadaan bagi memastikan objektifnya tercapai.

Saya ingin mencadangkan apa kata UMNO meninggalkan Barisan Nasional. Lupakan pasal jawatan Perdana Menteri, Timbalan Perdana Menteri ataupun Menteri-menteri yang lain. Apa guna UMNO berada di dalam Barisan Nasional sekiranya kedudukan tersebut tidak dapat menjamin kebajikan UMAT MELAYU terpelihara. Biar kita bergerak secara bersendirian dan kita lihat apa yang parti komponen lain akan lakukan.

"Sesuatu yang berharga itu akan hanya dihargai bila ia telah tiada".

Sekiranya, Parti-parti komponen BN merasakan UMNO tidak penting lagi, janganlah digusarkan. UMNO wujud kerana orang Melayu yang menjadi penduduk majoriti di TANAH MELAYU.

Situasi sekarang ini sepatutnya menyedarkan UMAT MELAYU betapa pentingnya politik dalam menentukan masa depan mereka. Politik bukanlah bergantung kepada betapa cerdiknya seseorang tetapi berasaskan penyatuan umat manusia. Siapa yang lebih bersatu, dialah yang lebih kuat. Ketika ini orang bukan MELAYU lebih bersatu berbanding dengan orang MELAYU.

Sekian Terima Kasih

Tun, you don't need to be multi-racial to have the need for strong government. I hope when you say "strong government" you did not mean the type you led. Your successful reign was one of fear and total control. I do say this with a perverse smile.

By ahhai on October 21, 2008 2:00 PM

WE do not need a strong government, but a transparent and truthful one.

By thevoice on October 23, 2008 12:09 PM

DEAR TUN,

WHAT WE NEED IS

1) A Government that is accountable for its actions and can show proof by documentation when questioned by the rakyat or any one, and not produce FLIP FLOP reasoning that makes our country look like it has no back bone.

2) Leaders in government who are educated and qualified to run the various ministries with complete transparency and honesty so that the rakyat's problems are solved and not leaders who are there for self profit.

3) For abuse of position and power to stop.

4) For the politics to stop and the country to be managed.

'A STRONG GOVERNMENT' Can be one that is sensitive to the people's problems and at the same time be firm in its stance on issues that can effect the economy and countries future.

'A STRONG GOVERNMENT' can be of ministers who don't cross the line in using certain security measures to hide the failures of the leader of the pack,

But all the CAN BE'S won't change the current disgust the rakyat have for its leaders. We need to stop talking, and start doing, we need to stop watching news on UMNO problems with PKR and start seeing the people's problems on the news,

We need a leader not a cat show, or a competition amongst the ministers. The present leadership has failed, i hope that the new leadership after UMNO elections will be a better one. If not we will soon be no better than CUBA...

There are no good or bad political entities, they all just have a varied point of view, but a good leader will capitalize on that and use those views and ideas to bring the races together and to create a strong Malaysia, A weak leader IGNORES the signs, ideas and voices of the rest,

Need i say more,,,,

HAPPY DEPAVALI TO ALL OUR HINDU BROTHERS AND SISTERS IN MALAYSIA

THE VOICE

By Umnonok on October 26, 2008 6:59 PM

A strong government must start from a good judiciary systems. No one is above the law in that system. Power should come from the Yang the Pertuan Agung and not from the Prime Minister. There should be transparency in the government judiciary systems. During parliamentary sessions all the YBs should behave in a professional manner and have a sense of self discipline. Parliamentary etiquettes should always be observed. They have to be sensitive to their surroundings as the world are watching them. Should not make a mockery of themselves as they hold such high positions and should set good example to the citizens and the investors.

The police will also need to play their part and many a times they are not carrying out their duties professionally especially the higher ranking officials. They have to be objective when dealing with cases and never be personal about it. When being interviewed by the media some even gave an inappropriate answers which in a way enable one to wonder on how competent the police are in the country.

With regards to the media be it television and newspapers, objectivity in reporting incidences should also be present. Noticed that they are pretty lop sided and hence did not give a true picture of the actual events that took place in the country.

When awarding datukship to individuals, there should be a set of rational criterias so that there is a value to it. For those who have already gotten the title, they should behave in a respectable manner and not to take advantage of their title to lure innocent young actress to be their mistress. Crime rate should be controlled as there are many visitors who are being robbed in bright daylight. What's worse was there isn't anyone to help when the victim is being robbed. Bystanders simple watch as if it was a drama in a tv when it is actually real life event. This will certainly tarnised the reputation of the country. Last but not least, Malaysia should keep up with the slogan, "MALAYSIA BOLEH" in a positive way OF COURSE. And also make it "TRULY ASIA" as advertised in most of the medias.

Powered by Movable Type PersonalA commentator on my blog remarked that I did not sit together with Dato Seri Abdullah Ahmad Badawi and Dato Seri Najib Tun Razak at Friday prayers in the National Mosque just before the end of Ramadhan.

I must explain that since I became Minister of Education in 1974 I had always prayed outside the main prayer hall. When I became Prime Minister the ushers led me towards the place just behind the Imam. I declined because I still preferred praying outside. Even today I have been praying outside.

Only for Hari Raya prayers when the Agong would be present I would show respect for him by praying in the same row with him.

So that Friday I took my usual place outside. After prayers I was kept behind by some people who wanted to shake my hand and to wish me Selamat Hari Raya. I in turn wished them the same.

I did not see Najib or Abdullah who I heard later was in the main prayer hall reciting his doa.

I was not being a bad Muslim when I prayed outside in my usual place. It would look odd if I were to suddenly decide to pray inside.

For those interested I had shaken the PM's hand at a buka puasa at the Istana Negara.

Tun,

"For those interested I had shaken the PM's hand at a buka puasa at the Istana Negara." - You are so funny! LOL!

By forevermalaysian on October 11, 2008 8:30 AM

I wouldn't make that an issue. We are still facing the same direction. We are still down to our humble self during prayers.

Salam Tun,

Kebanyakan orang suka bersangka buruk dan mahu melihat apa yang mereka mahu lihat.

They tend to make believe what they wanted to believe instead of knowing the real situation is...

It's good to have your explanation here so that everyone knows what was the situation there.

* I've shaken your hand twice ;), the first one in 2006 @ YKP, the second one at Kajang, right after the last GE. Would like to have the third one, perhaps with a photograph with you... hehe..

Wassalam...

At prayer one is with Allah, not with another servant of Allah. If the kind commentator holds on to this stand he would not find it odd where one is at while praying.

Assalamualaikum Tun,

Selamat Hari Raya Aidil Firi buat Tun sekeluarga. Solat Jumaat sama ada di luar atau di dalam tak menjadi masalah. Adakah kerana PM dan TPM dalam dewan solat, Tun pun mesti masuk sama ke sana? Itu tidak perlu. Ada manusia yang sanggup cium tangan PM dan TPM semata-mata nakkan projek2. Muka dia sajalah yang ada dimana PM ada. Kalau cium tangan utk projek, itu tak ikhlas namanya. Apa pun saya amat menghargai sumbangan Tun kepada negara selama ini dan berharap Tun teruskan menyumbang untuk negara. Janganlah berputus asa atau mengalah dengan celaan, fitnah dan tohmahan pihak-pihak tertentu. Kami rakyat jelata yang dibesarkan dalam generasi Tun Dr. Mahathir akan sentiasa berdiri teguh menyokong Tun....

Selamat Hari Raya Aidil Fitri dari saya sekeluarga....

Wassalam

Apa pendirian Tun terhadap kerajaan yang diketuai oleh Dato' Seri Najib nanti jika mereka masih tidak mahu meneruskan projek Jambatan Bengkong di Johor ?

Assalamualaikum Ayahanda Tun Dr Mahathir , Bonda Tun Dr Ct Hasmah dan rakan di blong che det.com

Janganlah ayahanda ambil komen yang tsik membina ini, kerana bila kita bersembahyang itu antara kita dengan Allah. Doa kita juga kepada Allah.

Walau bagaimanapun , suatu kenangan abadi tidak akan saya lupakan apabila bersalam dan mencium tangan Ayahanda dan Bonda ketika ayahanda mengadakan pertemuan dengan rakyat yang sayang akan ayahanda di Port Dickson. Mula2 hanya untuk bersalam dan mengambil gambar, tetapi seperti bulan jatuh ke riba apabila secara terang-terangan bonda meminta anakanda duduk di sebelah dan makan bersama-sama dan berbual-bual tentang pelbagai isu. Ayahanda Tun Dr Mahathir dan Bonda Tun Dr Ct Hasmah terima kasih dan sesungguhnya itu semua adalah dengan kehendak Allah jua.

Semoga Allah memberi kesejahteraan dan kebahagiaan kepada Ayahanda Tun Dr Mahathir , Bonda Tun Ct Hasmah, keluarga dan rakan-rakan di blog che det.com di dunia dan akhirat.

Take care and I love both of U very much.

Salam Ayahanda Tun. Pernah sekali Jumaat tahun 1996, saya sampai lewat ke Masjid Negara dan hanya boleh duduk diluar dekat dengan kolam air untuk solat Jumaat. Baru 5 minit sampai, Tun pun masuk seorang tanpa ada satu pun ADC ikut. Tun neck tie pun tak pakai, baju tangan panjang lipat sedikit, terus duduk sebelah saya dan Tun hulurkan tangan bersalam dengan jemaah berdekatan yang sedang tergamam. Tak banyak cerita pun. Saya tengok krew TV RTM tonggang langgang heret kamera sana sini hambat Tun. Cara Tun barulah boleh dikatakan pemimpin dari rakyat, untuk rakyat dan demi rakyat. Itu Najib kena ambil iktibar dan balik semula ke asas UMNO. Oleh rakyat, untuk rakyat dan demi rakyat.
By mantoba on October 11, 2008 8:48 AM

Saklam TUN.

Mungkin saya yang terawal membuka blog Tun pagi ini.

Tun selalu menumjukan satu kraktor yang tidak menunjukan perasaan riak dan sombong.

Semasa bersalaman dan begambar dengan TUN di majlis rumah terbuka TUN tempoh hari, TUN melihat kedalam mata saya. Itu satu tanda keikhlasan TUN. TUN dan TUN Hasmah mengukirkan senyuman yang ikhlas.

Gambar itu sungguh cantik. Nampak keceriaan.

Kita boleh solat dimana saja. Tak perlu lah mengikut protokol.

Tak kan kerana bersolat diluar dewan utama telah mengurangkan pahala. TUN berjiwa rakyat. Pada komentator tu tak payah lah nak persoalkan sampai dimana TUN solat. Bila TUN bersolat. Dengan siapa TUN bersolat. Jangan lah jadi satu isu pulak. Usah lah syak wasangka yang bukan2. Tak baik. TUN.

Apa pandangan TUN melihat keadaan puncak nya mesyuarat bahgian telah pun bermula semalam?

Harap TUN beri lah TIPS pada mereka yang mengundi calon2 TP.KP dan jawatan2 tertinggi UMNO.

Bagaimana TUN melihat gandingan DSNTR dan TSMY.

Saya ada melihat gambar President Iran bersolat sendirian di tepi jalan raya sahaja.

Salam Tun,

susah orang Melayu ni, terutamanya mereka yang perasan diri mereka sebagai penganalisis. Setiap perbuatan perlu di analisa dan di kaitkan dengan emosi dalaman. Pada mereka, setiap perbuatan manusia itu telah difikirkan pelakunya sebelum berlaku. Tidak ada spontan atau 'saja suka2' atau 'kebiasaan'. Tun umpama selebriti terkenal.. Siti kalau pening sikit je, siaplah...heboh di perkatakan Siti dah mengandung kembar 3 !

Nak buat macamana, its part and parcel of becoming a public figure. Setiap pergerakan Tun akan ada yang memerhati, baik dari dekat maupun jauh. dengan mata kasar maupun lensa kamera... tidak akan ada privacy bagi mereka yang menjadi public figure.

Dear Tun,

For Tun information I'm not a muslim, and don't have a deep knowladge of muslim faith but I'm a good follower of my own faith. I a have a muslim families, my brother is a very good muslim, one of my unti is also a muslim. I believe Tun must have a resend to pray outside the main prayer hall. So I leave its Between God and Tun.

In my religion, we have a word that if you are attending a "majlis" you must not directly go to the front seat or the VIP seat. Because that place might be reserved for more important person and you are end up being asked to move to the back seat. So whenever we go to a party, we must go to the very end of the seat, and the organizer will lead you to the frond row seat if its reserved for you.

Ohya, Pak Lah is stepping down march next year. Any comment from Tun.

Have a nice day and God bless to Tun and families.

Salam buat Tun Sekeluarga,

Tun, dalam soal ibadat, kita manusia sama aje di sisi Allah. Lebih atau kurang ibadat kita dikira dengan banyak mana keikhlasan dan 'istikamah' dalam beribadat. Pasal tak salam tangan tu hal remeh temeh ajer. Itu semua isu murahan yg cuba di besar2kan.

Satu saja yg saya nak komen - peranan masjid di Malaysia ni setakat jadi tempat sembahyang aje. Kalau adapun aktiviti lain cuma terhad kpd beberapa perkara itupun bermusim i.e. Maulud Nabi, ceramah etc. Di tempat tertentu ada ceramah politik, kerana mereka tak ada saluran lain nak sampaikan 'mesej' dan 'agenda-agenda' politik maka masjid pun bolehlah. Saranan saya agar peranan masjid di perluaskan lagi. Kalau boleh biar masjid itu jadi centre kepada sebuah kompleks yg ada perpustakaan, klinik, pejabat pos,

balai polis, etc.

p/s sori komen saya terkeluar tajuk. Dapat salam dengan Tun masa Open House ari tu cukup bermakna.

Salam Tun ;-)

Pada saya, ia tidak penting di mana kita solat, tetapi niat dan khusyuknya solat kita itu adalah yang terpenting sekali.

Pada commentator berkenaan, janganlah hal ini dijadikan isu kerana kita semua tahu betapa berhati rakyat nya Tun. Dari dulu sehingga sekarang.

Eventho I am only 18 years old and had no idea what obstacles did you went to for bringing up Malaysia as we seen now, but one thing for sure is you are the best and there's no one out there who can possibly replace you in any circumstances.

Tidak kisah lah di mana kita solat, yang penting kiblat nya tetap pada yang satu. Tak gitu? ;-)

Dear Tun,

reading through your blog had always inspired us.

As a human being we must be humble especially in front of our God (regardless of our religion), it doesn't matter where we make our prayer we are all equal in front of God.

It is the humble less of some of those leader that lead our country to today's disasters.

not praying together with pak lah or najib or anybody else should not be an issue because praying is to fulfill one's responsibility.

Dear Tun

I can vouch to that, even when you were the PM, you predictable spot for Friday Prayers at Masjid Negara was the left side of the open space between the pool and the main hall, in fact the actor Abdullah Sani also prays around that spot.

Upon the knowing your praying spot, I have also chosen spots on several occasions around you. What I learned was, you look young for your age but your bare foot cannot conceal that - looks the same as my grandad. It was a PutraJaya that I had the opportunity to pray on your right side which I have mentioned in my earlier comment:

Dear Tun

I had the honour of praying (Friday Prayer) besides you at PutraJaya Mosque when you was the PM. I still cherish that moment when you patted my right hip after saying hello to you.

In fact when you used to perform Friday prayers at Masjid Negara, there were several times, I had the chance to shake hand with you after the prayer. On one particular moment, you were busy reaching out to shake hands with the masses, I was left out and loudly said: 'Assalamualikum Dato' Seri', you turned around slowly, gently, replied my greetings softly without raising your head (as I was taller) and put your soft hand for the handshake. I really was stunned that you continued being humble making yourself 'small' and I felt astonished with that gesture. What a great human being you are.

I must say Malaysia have been very fortunate to have you as the PM.

Thank you Tun, and take care."

See, Tun is true to his words with memory still in tact.

By coboyz on October 11, 2008 9:19 AM

Salam Tun Dr M,

Bab solat ni adalah antara kita dgn Allah Taala. Tak de gunanya duduk di saf depan kalau hati tak tulus dan solat tak khusyuk. Orang yang berkenaan tak payahla komen lebih2 pasal solat orang lain. Yang penting improvekan solat sendiri dulu.

Lagi satu, untuk semua saudara muslim...kenapa kita disuruh penuhkan saf di depan serta merapatkannya ?? Ternyata simboliknya supaya kita bersatu padu dan sentiasa bertolak ansur. Bak kata orang, kalau saf pun tak boleh diluruskan atau dipenuhkan, kalau kita pergi berperang akan kalah. Team spirit it is all about...

Tanya sama hati.

Wassalam Tun Dr M.

I was walking down a street in downtown Cairo when the call of azan came from the nearby mosques. A traffic policeman who was on duty at the busy intersection opened up a folded piece of newspaper, put it on the roadside and peacefully carried out his obligatory prayer.Does it matter where we pray.....?

By ezineartikelAuthor Profile Page on October 11, 2008 9:28 AM

Saya pernah beberapa kali sembahyang dan tak sedar Tun ada di sebelah . Paling yang tak lupa semasa berbuka puasa Ramadan di Restoran Sri Melayu dan sembahyang Maghrib di surau restoran yang amat kecil. Tun pun sekali bersembahyang di row belakang bersama sama dengan orang biasa dan masa tu Tun masih jadi PM .

Tak pernah saya tengok VIP macam tu. Inilah pemimpin rakyat yang sebenar!

Salam Takzim Tun,

It is very good that Tun explains that you always pray outside the Main Hall. That was the reason why did not meet Pak Lah and NTR,who prayed in the Main Hall.You would surely shake their hands if you met them.

But Tun it is more "afdhal" if we pray at the 'Saf' nearest the Imam.

We all know that you have a big heart. You are above in terms of behaviour and conduct in relation to other leaders with small heart and who pick on trivial matters.

You can be very nice for the right reason, be firm for the right reason and save the skins of your colleagues for the right reason. We know Tun that a leader cannot be nice all the time and for all people and for all reasons. The country will suffer.

By naufal on October 11, 2008 9:36 AM

Assalamualaikum Tun dan semua pembaca

Saya di sini tertarik dengan entri Tun ini.

Cumanya di sini..saya terdetik untuk menyuarakan seesuatu yang mungkin agak perlu untuk diperkatakan.

Saya lihat kebiasaanya, apabila tiba hari raya atau hari Jumaat, stesen TV akan menyiarkan siaran langsung upacara solat secara berjemaah di masjid negara atau di mana-mana yang disertai kerabat-kerabat diraja atau menteri-menteri besar di negara kita.

Dari dulu saya agak terkilan dan hairan, kenapa di saf-saf hadapan, saf-saf yang disertai orang-orang kenamaan di negara kita, mereka berdiri dan sembahyang hanya di atas tikar sembahyang masing2..Seolah-olah, satu sejadah untuk satu orang, bahkan apa yang dituntut oleh agama adalah kita

sepatutnya merapatkan jurang atau merapatkan bahu diantara setiap makmum masing2.

kenapa terjadinya begini, satu sejadah satu orang? tidakkah itu akan hanya mewujudkan 'gap' antara satu sama lain?

Bahkan apabila kita sembahyang menghadap Tuhan, segala bentuk darjat, pangkat, kedudukan kita di hadapan Tuhan adalah sama. Kita hanya makhluk yang sama dan setaraf di hadapan Tuhan.

Jadi saya fikir, pada pendapat saya sendiri, tidak perlulah untuk mewujudkan jurang atau sembahyang hanya di atas tikar sejadah masing-masing. Sebaik-baiknya rapatkanlah bahu diantara sesama kita di hadapan Tuhan. Kita hanya makhluk yang setaraf apabila berhadapan(sembahyang) dengan Pencipta kita.

- maafkan saya jika saya tersalah kata. Dan pendapat saya ini hanyalah berdasarkan pemerhatian saya lama dahulu (saya tidak tahu bagaimana situasinya skrg di Malaysia memandangkan saya berada di luar negara skrg)

Sekian

By cakkuncak on October 11, 2008 9:40 AM

YAB Tun,

The right question people should be asking is...

" How come the current Govt of Malaysia in most cases does not demonstrate respect and gratitude to a former Prime Minister? "

Instead they paid money to apologise to Judges who was removed according to the law.

The fact that you shook his hand demonstrates your patience. I would not be that gracious to a person who is totally ignorant of the damage he and his family have caused to the nation.

In the recent drama I feel disgusted to see people commenting as if he is a self sacrificing hero to the nation. Its amazing that they really think the people is as stupid and ignorant as they are..

I had hoped DS Abdullah will step down immediately and DS Najib start to make amends. Now, I am not sure what to feel...its as if the country is trapped in this black hole named "Abdullah Ahmad Badawi" and cant seem to get out...sigh...

By nookvillage on October 11, 2008 9:42 AM

Tun,

It should not be an issue. We pray to God. We can be at any place.

By nelly on October 11, 2008 9:44 AM

Apahal mentality org kita ni? To those who go to the mosque, just to be seen by others, I strongly suggest they cleanse their 'niat'. Because by saying that Tun did not sit near the PM during prayers, they are implying that GOD is less important than the PM. I am a Muslim. When I pray, it is between me and God, I DONT CARE WHO IS SITTING NEXT TO ME OR WHERE I AM. I need to have peace with my GOD. OBVIOUSLY PEOPLE GO TO THE MOSQUE FOR MANY REASONS OTHER THAN TO PRAY....

Surprise how sensitive peoples with you even to the extend where you seat in the mosques become an issue. This shows how popular you are and indicate you still have a strong influence either among the old or young generations.

Take good care of your health Ayahanda and please come and join back UMNO. Hope you can be an adviser for UMNO at least until the next General Election.

I'm trying to imagine what it must be like to be YOU - with thousands of eyes watching your every move and gesture everywhere you appear in person (I can safely minus the two eyes belonging to a certain chap from Kepala Batas - Kalau mata dia tengok pun, dia tak nampak; sebab kepala dia tak register. So,

mungkin cuma baik sikit saja daripada yang mata tak function langsung.

But of course I can't go very far with this imagining, for the sole reason that I've never been the prime minister of any country, unfortunately.

However, I do sigh when I read of people like the one you had mentioned - always trying "to find and create things from your movements and gestures" even when there might be done.

My unsolicited advice to this kind is: Go get a life-lah. Oh, if this type is bored and with nothing to do, then go visit my blog - there should be enough nonsensical material to keep this kind occupied ... Cendana Blues: Addicted to Politics. Just click on the "looks like a spanner" icon

Salam TUN dan bloggers sekalian.

Pada Saudara penulis yang membuat komen sedemikian pada TUN.

Islam tidak mengukur kelebihan Islam sesaorang dari panjang mana janggut nya. Dari labuh mana jubah dipakai nya. Dari besar mana lilitan serban di kepala nya. Segala2 nya keikhlasan sesaorang itu pada kepercayaan dan ketaatan nya pada perintah ALLAH SWT dan Rasul nya.

TUN walaupun seorang yang telah dimertabatkan sebagai pemimpin, tapi TUN tidak menyombong diri.

Seorang berjiwa dan penjuang rakyat yang tulin. Pemimpin yang mahu atau diminta diagong2kan oleh penyokong2 nya adalah pemimpin Munafiq.

Apatah lagi TUN sekarang hanya bekas mantan PM dan telah jadi rakyat biasa, tak perlu lah nak kacau daun Pak Lah kat masjid.

Masjid tempat beribadat bukan tempat nak cari publicity atau nak menunjuk2 siapa lebih hebat.

Saya respek pendirian TUN dalam soal ini. TUN juga telah menunjukkan keikhlasan bersalaman dengan Pak Lah di majlis berbuka dengan Agong.

Saya rasa tidak ada apa2 isu.

Cuma harap Tok Ajib akan mengikut teladan dan cara TUN bekerja dan berfikir.

Salam Tun,

Selamat Hari Raya Aidil Fitri kpd Tun sekeluarga dan semua bloggers.

1. Saya masih ingat kata-kata Tun satu ketika dulu bahawa "Seseorang pemimpin itu mestilah bukan sahaja bersih tetapi mestilah kelihatan bersih".

2. Soalan saya "Apakah pandangan Tun mengenai DSNTR yang terheret dengan kes Altantunya dan sejauh manakah kukuhkan hubungan DSNTR dan TSMY?".

3. Saya secara peribadi ada membuat survey dikalangan kawan-kawan yg berbangsa Cina, India, Bidayuh, Serani dan Bangsa Melayu yg bukan ahli UMNO. Keputusannya, majoriti menyatakan rasa tidak senang pada DSNTR sebagai pengganti PM Malaysia. Tidakkah ini akan menyukarkan BN untuk merampas kembali negeri-negeri yg tumpas dan mendapat mandat 2/3 pada PRU 13 kerana ahli-ahli UMNO bukan lagi undi penentu untuk kemenangan dalam sesuatu pilihanraya.

Assalamualaikum kepada Tun, juga pada semua pembaca.

SELAMAT HARI RAYA, MAAF ZAHIR BATIN kepada TUN sekeluarga.

Saya masih tidak faham kenapa perkara begini harus dibangkitkan walhal masih ada lagi masalah besar yang harus kita selesaikan. Apakah setakat ini saja tahap pemikiran kita org2 Melayu? Atau adalah perkara biasa bagi kita nak cari kekurangan org dan permasalahan org dan memperkatakannya dikemudian hari? Atau saja2 nak buat cerita panas? Sudah2lah membuat spekulasi sebelum menyelidik dengan baik. Maka sampai bila kita akan maju ke hadapan lagi dengan cara begini...

Bulan baik, hari baik, berbuat baik dan bersangka baik lah kita kepada semua sebelum terbukti kesahihan kejahatan atau keburukan sesuatu itu... walaubagaimana pun adalah susah untuk bersangka baik tapi kita cuba sama2 supaya ia menjadi amalan.

Wassalam...

Saya tau tempat favourite Tun di masjid negara tu! Pegawai masjid akan 'book'tempat tu dulu dan bangun bila Tun sampai. Tiap2 jumaat Tun duduk kat luar tu...termasuk le saya yang memilih di sekitar yang sama menunggu Tun datang.

Orang yang komen tu, mungkin tak tau tempat Favourite Tun tu sejak zaman berzaman.

Tuan,

"I was not being a bad Muslim when I prayed outside in my usual place" - tuan tidak sepatutnya mengeluarkan kata-kata begini.

By laksemana on October 11, 2008 10:34 AM

Tun,

Apa isu nya? Saya tak nampak ada apa2 isu negara di sini. Bila kita mengerjakan sholat, kita kerjakan nya untuk ALLAH dan hanya pada ALLAH. Tak kira samada luar atau dalam dewan masjid, tak kira sebelah, depan atau belakang sesiapa pun, yang penting niat dan tujuan kita adalah untuk ALLAH swt dan bukan untuk seseorang.

Mengapa dipersoalkan di mana Tun sembahyang? Kan elok orang yang memperkatakan tu mempersoalkan kenapa orang di dalam rumah dia atau tetangga dia tu tak sembahyang.

Salam sejahtera dan hormat buat Tun, isteri dan seisi keluarga.

WASSALAM.

Salam Ayah Det and family,

i find it amusing that the comentator does not even know the meaning of prayers...in Allah swt presence, we are all equals..it is sad nowadays that even the perception of prayers is misconstrued and it can be very damaging to society..it would be advisable to send the comentator back to basics (agama classes)..it doesn't matter whether you pray inside or outside, the most important thing is the pureness of your heart..everything seem to be going the wrong direction and a lot misinterpretation, misunderstanding etc is causing a lot havoc domestically..the only consolation is the stepping down of the PM but then it leaves us to ponder whether the successor can uphold the dignity of the nation again to a status that we can be proud to tell the whole world that we are malaysians. it is now very embarrassing to do so..my warmest regards and greetings to you, mama and family...take care and GOD bless...suffian..

Salam hormat buat TUN seisi keluarga,

saya sering mendengar lagu Warisan dendangan Allahyarham Sudirman

(<http://www.youtube.com/watch?v=mxJ8sHM6VmU>) yang memaparkan video klip TUN sepanjang memangku jawatan PM dan saya selalu menangis bila tengok TUN, sayang sangat pada TUN and TUN adalah idola saya seumur hidup. ketika TUN memangku jawatan PM, saya sering mencontohi corak pemikiran TUN, nasihat TUN sering saya patuhi dan saya bangga menjadi rakyat Malaysia di bawah pimpinan TUN. Airmata saya sering menitis bila melihat kesusahan orang lain terutama bila berkenangkan ibu & bapa saya. Life quite tough now..tough than I thought. Memang menyeksakan bila kita berjuang untuk membela nasib orang dengan menggunakan saki baki semangat yang tinggal. Tapi saya sentiasa ingat kata-kata perangsang TUN kepada kami terutamanya puisi 'Perjuangan belum selesai'.

TUN,doakanlah kejayaan saya agar saya dapat membantu yang lain dengan cara saya sendiri. harapan saya TUN kembalilah ke UMNO biarpun sebagai ahli, sekurang-kurangnya kami sebagai rakyat memiliki harapan seperti dulu. sekurang-kurangnya kami tahu TUN masih ada untuk membimbing kami. kita pernah bersalaman di airport Kuching,.ketika itu TUN menjeling pada saya dua kali. I was really happy that time. I wish that I can meet TUN again..at least I can see live the person who always give me a HOPE when I'm down. Saya agak kecewa kerana tak dapat hadir masa rumah terbuka TUN. Saya kerja part time hari tu. Maaf TUN, saya mengadu kat ruangan ni, saya tak tau mana nak mengadu dah. Sepanjang saya menaip setiap ayat ini, beberapa kali saya mengesat air mata. Mungkin kerana terlalu sayangkan TUN dan mungkin kerana mengenang nasib saya sekarang. Tapi TUN jgn risau, saya akan terus berjuang selagi hayat saya ada untuk merealisasikan impian dan membela nasib yang lain..TUN jaga diri dan kesihatan. Teruskanlah berjuang dan kami akan sentiasa bersama TUN. Saya percaya generasi akan datang akan terus menyanjungi dan menyayangi TUN, Perdana Menteri yang amat dihormati sepanjang zaman.We love u TUN, sooooo much! Selamat Hari Raya Aidilfitri, Maaf Zahir dan Batin.

p/s: rindu nak dengar TUN berucap di kaca tv..

Dear Tun,

I am referring to the remarks in the NST last two days reporting that you ask 'Pak Lah to shut up and let Najib run the show.' And in the NST today, a few ministers countered you. at a single glance at the NST head line, it does look like you're telling paklah not to do something you did, which is to voice opinions against the government.

We know the NST is less trust worthy these days as far as you are concerned. So can you please shed some light in this?

Best Wishes

Assalamualaikum, Tun Dr. Mahathir...

Mungkin ini lari sedikit daripada tajuk, tapi boleh tak Tun beri komen yang agak jelas (Tun punya penjelasan selalunya precise dan mudah difahami) mengenai ekonomi negara pada masa sekarang. Kadang-kadang saya berasa hairan kerana seolah-olah hanya ekonomi Malaysia yang tidak akan terjejas disebabkan keadaan ekonomi dunia. Ada Menteri mengatakan inflasi kita terkawal jika dibandingkan dengan negara jiran, tapi apa yang jelas sejak kenaikan harga minyak 3 bulan lalu, inflasi negara lebih tinggi daripada Singapura dan Thailand. Sila komen Tun..

Salam Tun.

Sesungguhnya dalam mengerjakan ibadah kepada Yang Maha Esa, tiada pangkat atau darjat yang dipandangNya, tetapi ketakwaan dan keikhlasan.

Jika hendak berada betul-betul di belakang Imam, seseorang itu hendaklah datang awal sebelum tempat itu diambil oleh orang lain. Itu adalah sebaik-baiknya.

Memang rakyat Malaysia sedia maklum bahawa Tun merupakan seorang yang low profile.

Dear Tun,

Salam Aidil Fitri. Duduk sebelah depa pun tak semestinya dapat pahala banyak. Keikhlasan tu yg penting, bukannya tempat kat mana.

Cuma, jika dlm sholat, saf pertama tu lebih afdhal. Ada juga tempat yg di syorkan perbanyak doa seperti Tanah Suci, Masjid Nabi (Raudhah) dsbnya.

Teruskan perjuangan Tun..

Salam Tun,

It just shows that when you are in high position you don't have the liberty to act, talk and joke like the common folks. It will always be under the scrutiny of many. Than again if you are to explain your every moved than you will do nothing else, thank god you are retired.

As has been suggested- mengelakkan dari fitnah is the best thing to do. And to do that you have to act accordingly. That is the small price you have to pay when you are the leader.

Just like to wish Selamat Hari Raya to you and your wife.

Kehadapan Yang Berbahagia Tun dan Isteri,

Saya bukan seorg Muslim (tak layak rasanya beri komen), tapi apabila sampai ke bab sembahyang, saya rasa tujuan kita adalah sama - untuk mengabdikan diri kepada Sang Pencipta.. Yang paling penting disitu adalah keikhlasan/niat insan itu sendiri didalam mengerjakan sembahyangnya masing - masing. Manusia hanya mampu meneka dan meramal. Yang Maha Kuasa itu jua yang maha mengetahui niat kita. Didalam dunia, Seseorang insan itu dinilai melalui pangkat dan dihormati melalui pangkat juga. Tak payah saya huraikan...tapi dimata sang Pencipta, manusia itu adalah SAMA. Bayangan yang paling jelas pada seorang muslim. Apabila mati, apakah harta yang anda bawa bersama? Setahu saya belum pernah seorang muslim yang apabila mati, dikuburkan bersamanya kereta Mercedes..

Tun, Mungkin yang komen pasal benda tu tak mengetahui yang adalah kebiasaan Tun bersembahyang sebegitu dan beliau menyangka tindakan Tun itu adalah rentetan kepada apa yang berlaku sekarang ini. Seperti yang telah saya nyatakan awal tadi - manusia hanya mampu meneka.. harap2 beliau faham lepas ni.

Tun, Ingin sungguh berjumpa dgn Tun dan isteri kerana belum pernah berkesempatan. 1985, semasa perasmian projek hidro Batang Ai, saya baru meningkat remaja - tingkatan 1. Saya masih ingat, kali pertama kereta Proton Saga sampai ke Lubok Antu- SWK 1986, saya harus berlari sejauh lebih kurang 5 km dari asrama untuk sampai ke pekan semata - mata untuk melihat sendiri kereta tersebut. Semasa saya sampai, kereta itu sudahpun melepasi separuh Jambatan Lubok Antu - balik agaknya..Saya berkata dlm hati, sekarang aku hanya mampu menatapmu satu hari nanti aku mesti memiliki yang sepertimu dan syukur, kereta pertama yang saya beli adalah Proton Saga - Ilham Tun! dan Sekarang usia dah 30an,bekerja di Sarawak -kadang2 bekerja diluar negara, peluang untuk jumpa dan jabat tangan dgn Idola saya - Tun (sekurang - kurangnya untuk mengucapkan terima kasih) adalah amat terhad, tapi saya masih lagi menyimpan hasrat...dan saya rasa itu tidak mustahil berlaku.. Sesungguhnya apa yang saya ada hari ini - adalah selepas melihat Proton Saga itu buat pertama kali. Tun mengajar saya sesuatu yang unik tentang hidup dan itu yang saya terapkan kepada anak2.

Terima Kasih Tun dan semoga Tun berdua selalu dikurniakan kesihatan yang baik..Amen.

Salam -Guangzhou.

Dear Tun,

Tun tidak perlu memberi penjelasan tentang perkara ini sebab ianya bukan isu besar dan tidak melanggar undang-undang. Lagipun, ini adalah lebih kepada isu peribadi.

Kepada komentator itu, anda harus ubah sikap anda yang suka menjadikan perkara remeh sebagai isu besar. Begitu juga kepada semua ahli-ahli UMNO. Kita harus menumpukan perhatian kepada isu-isu ekonomi, pembangunan, kemudahan infrastruktur, masalah kesihatan dan wabak dan sebagainya.

Buat sementara ini, semua ahli politik boleh ambil cuti panjang selama lima bulan sebab PM baru hanya akan naik tahta lima bulan lagi. Hehe

Salam Tun,

Usually just before a long holiday, I would go to the local MPH or POPULAR bookstore to pick up a book. Good books are hard to find and even when I found something I like, it usually cost a bomb. Memoir of great leaders such as the Clintons and Nelson Mandela is fun to read. It is amazing to learn that they are just normal folks but what make them apart from the rest of us is that they worked hard to achieve what they believe in. That inspires me to be the best I can be. Lee Kuan Yew's memoir, on the other hand, made me said to myself, were these the truth?

That question popped up again last weekend when I started reading 'Where to, Malaysia?' by Kim Quek. Accusation upon accusation toward you on each page on the book made me wonder, were these the truth? Perhaps there are some truth in these accusations. The reason is not that I simply believe whatever being written but due to the fact that information is not flow free in Malaysia. So when someone offers a simple but detail explanation on events not covered by media due to OSA, ISA or other acts, then it must be the truth.

Starting a blog and commenting on current issues is great, as thousands of Malaysians, including me, keep on visiting your blog repeatedly, looking for answers and explanations on current issues. I am not saying I believe you 101% but information is crucial in making decision, the more I have, the better. In this case, my decision on which party I going to vote in the next election.

However, blog do have its limitations and its biggest weakness is that I have to hook up to the internet to read it. Book, on the other hand, is mobile. I can even bring it into the toilet and read for a good 10 minutes while doing you know what.

So Tun, I hope I have inspired you enough for you to jump start your long awaited memoir, and who knows, maybe after reading your side of the story, I will believe you.

By visi on October 11, 2008 11:06 AM

Kehadapan Tun yang amat disanjung,

Kita semua tahu sembahyang itu wajib. Rasuah itu haram.

Malangnya ada manusia yang sembahyang lima waktu sanggup makan duit haram. Amalan rasuah sudah menjadi budaya Umno terutama waktu pemilihan parti.

Kegiatan ini sudah sampai tahap dimana yang menerima berasa itu "hak" mereka. Mereka tidak peduli bagaimana wang itu diperolehi atau siapa sebenarnya yang "sponsor" duit tersebut. Sponsor2 itu sudah tentu akan menagih dari pemimpin2 yang mereka taja.

Ini semua akan membawa kepada keruntuhan parti suatu hari nanti. Sejarah menunjukkan empayar yang runtuh tidak pernah dibina semula berdasarkan acuan yang sama.

Malangnya ramai ahli tak sedar2 lagi sebab sudah lali dibuai duit.

Semenjak akhir tahun 1992 saya solat Jumaat di Masjid Negara kerana pejabat saya berhampiran.
Memang ruang solat luar sebelah kiri masjid berhampiran ruang utama lebih kurang 7 atau 8 saf dari

dengan minat setiap kali tun hadir.

Didoakan semoga tun sekeluarga senatiasa dalam rahmat dan hidayah Allah jua. Wassalam.
By ZINNZAIN on October 11, 2008 11:11 AM

YAB Tun,

Assalamualaikum dan Selamat sejahtera.

For the person who commented about your Jumaat praying outside the National Mosque, he was either
concern about you or was implying that you were trying to avoid the PM and the DPM. Only he and God
knows! This is a free country and Tun has every right to choose where you want to perform your solat.

With regards to the sitting plan during the Buka Puasa with SPBYDP Agong at Istana Negara, as a
statesman and the only living former PM, I strongly felt that you should be seated on the left of SPBYDP
Agong. The DPM should be seated on your left. Tun should be accorded the proper respect as a former
PM (this is only my humble view. Protocol wise, I could be wrong. I felt that a former PM should be at par
with the serving PM for formal occassions).

On the local political scene, I was watching the prime time news on TV 3. The main coverage was about
UMNO meetings and the so and so being nominated for what posts. The whole world is worried about the
economic crisis and here our politicians are only concerned about securing their political positions.

Like I said before, its just like a circus out there, only that it is becoming a bigger circus than before.
Looking at the list of aspirants, there are 'deadwoods' and 'has beens' who are trying their luck and joining
the fray. Good luck to UMNO.

As an ordinary concerned citizen of this country, I could only watch, hope and pray that ALLAH SAW will
open the hearts and minds of those attending the March 09 UMNO General Assembly, so that they will
choose the right people to restore UMNO and lead the party and the country out of this present mess.

I sincerely hope that your son Dato' Mukhriz will head UMNO Youth.

Salam Tun, alhamdulillah buat kali pertama saya dapat berhubung dgn pemimpin agung yang saya
kagumi sejak kecil lagi. Sekarang saya berada di Hospital Sultanah Aminah, Johor Bahru menemani
bapa saya yang menghidapi sakit buah pinggang. Saya hampir kehilangan bapa saya pada 2 Syawal
yang lalu kerana bapa saya diserang "hypoglacemia". Setelah hampir dua minggu alhamdulillah, beliau
beransur pulih.

Sepanjang saya menemani bapa saya di hospital, beliau nampak kurang bermaya dan bersemangat
tidak seperti yang saya kenal. Untuk mengembalikan semangatnya, saya banyak berbual dengannya

mengenai politik kerana itulah darah dagingnya. Dia bercerita dengan saya masa tahun 1989(masa Semangat 46) dia dengan semua pemimpin UMNO Bahagian dijemput ke rumah Tun. Selepas makan malam tu Tun ada cakap masa lapang Tun dipenuhi dengan membaca walau di dalam tandas sekalipun. Tun membaca sekurang-kurangnya 1 buku sehari tapi Tun tak dapat kalahkan Sanusi Junid yang membaca 3 buku sehari. Sekarang Datuk Mukhriz mengikuti jejak Tun. Sebab tu, bapak saya kata Tun seorang yang genius kerana byk membaca. Tak mcm mpemimpin skrg kuat tido, buat pembedahan muka, dia org byk masa lapang sebenarnya

Dia macam Tun jugak berjuang untuk UMNO..Orang-orang lama ni berjuang ikhlas memang nak bantu bangsa sendiri. Amat berbeza sekali org muda UMNO sekarang, kalau rasa ada jawatan sikit dia punya lagak tu..tak mesra rakyat, baru jd Ketua Pemuda Cawangan dah rasa ego. Bapak saya masa jadi Senator and Tim. Ketua Bahagian pun boleh makan kat warung tepi jalan.

Terima Kasih Tun kerana bersuara untuk kami.

Assalamualaikum Tun,

Setahu saya la Tun, memang Tun ni selalu/kerap sembahyang Jumaat kat spot yg sama every week unless kalau Tun gi working trip memana. You have been doing that since my schooling days. Human being ni ade habits yg di buat berulang secara sedar atau tidak.

So what's the issues? Takan sampai mana nak sembahyang pun nak jadi issue. Why we malay like to dwell in petty thing and make an issue out of it. There are more bigger and urgent things that need to think of and solve.

If we don't change the way we think and do things we will be in the same spot come year 2020 as of now we are 15years backwards since 2003. Mana maruah dan harga diri kita, mana semangat KITA BOLEH, MALAYSIA BOLEH. All the effort, energy, time , money spend wasted down the drain.

Kita kata kita nak di pandang tinggi, di hormati, duduk sama rendah berdiri sama tinggi, di dalam dan di luar negara so the first thing to change is OUR attitude, OUR way we think, and OUR way of doing things.

Kita Rakyat Malaysia di pandang tinggi dan di hormati di luar negara. Itu asset yg kita ade. So mari la kita bersatu membangunkan bangsa kita dan negara kita seperti yg di usaha dan di bangunkan oleh TUN sejak tahun 1980an hingga 2003. Usaha tu tak patut berhenti di situ saja, kita ni warisan bangsa, kita mesti terus pikul usaha tu kerana ini tanggung jawab kita kepada bangsa kita, negara kita jika hendak terus di pandang tinggi, di hormati di dalam dan di luar negara.

Salam Ayahanda Tun, kalau tak salah saya, mengikut cerita arwah datuk saya pernah ketika dalam awal 80'an dahulu terdapat sebuah majlis rasmi pecah tanah tapak sekolah yang telah menyaksikan keberangkatan tiba DYMM Sultan Johor. Tempat helipad sementara yang dibuat, telah dibersihkan oleh kontraktor dan tak terdapat satu lalang pun yang tinggal. Permaidani merah dihampar. Segala regalia hormat Di-Raja pun di bariskan disitu oleh penganjur. Tapi bila DYMM Sultan Johor tiba, baginda telah mendaratkan helikopter disebuah tempat tanah lapang lain berdekatan yang penuh dengan lalang dan temucut. Kontraktor pun kucar kacir tebas lalang dan hampar permaidani merah semula. Apabila DYMM Sultan Johor turun dari helikopter baginda terus tegur berapa banyak temucut pada kaki seluar dan pada stokin kesemua def-def kehormatan yang terpaksa lari meredah lalang tadi. Pengajarannya, buat kerja bagi ikhlas, bersihkan semua tempat bukan satu tempat center-stage sahaja. Bagi Najib, wajar sangat beliau buat kerja macam ini sekarang. Ketepikan serba sarap protokol kuno yang tak ada faedah lagi. Buat kerja bersama rakyat. Anda masih lagi mempunyai hormat dan simpati serta keikhlasan mereka. Jadikan kesudahan ketua anda sebagai pengajaran dalam hidup anda. Tempoh masa untuk membaiki pulih UMNO semakin hari semakin terhakis, perguna setiap detik sebaik mampu. Masa tetap setia

berjalan,dan tak akan ada peluang kedua. Hanya satu kali ini sahaja peluang anda seumur hidup. Sejarah sedang memerhatikan anda.

Datuk Seri Najib Tun Razak: ANDA MAMPU MENGUBAHNYA!

Tun tak payah la komen pasal benda2 kecil macam ni. Sampai sembahyang kat mana, saf yg mana pun dia perhati. Tun bukannya dlm gomen lagi, tentunya protokol dia tak payah jaga sangat! Ngam tak ngam dgn PM, TPM tu tak payah la sampai tengok dlm mesjid!

Minta Tun komen dan bagi pandangan mengenai cara2 nak pulihkan ekonomi Malaysia. Bagaimana nak berdepan dgn ekonomi global yg tak menentu ini. Tip2 utk rakyat biasa mcm saya, nak menabung saja, nak grab property/share masa harga tengah murah, nak ambil kesempatan bila kadar faedah turun, dsbnya. Nak harap politician sekarang, semua dok sibuk pemilihan. Semua tengah sibuk nak rebut jawatan. Yg tak dikenali pun ada yg offer nak rebut jawatan penting dlm parti. Nasib rakyat dijalan dok macam tu jugak.....

Oh come on, this is a rather trivial issue between an individual and his god. Why drag others into how one should conduct his prayers?

Personally, it is up to the individual to answer to his own god and not to be decided by some idiotic critics.

But once in public limelight, you instantly become the scrutiny of others.

Just forget this silly issue. And to the one who raised this issue, why were you not leading the prayers at other mosques? Surely you were needed there, pooh!

By jesselabu on October 11, 2008 11:27 AM

Begini la..Sembahyang di luar atau di dalam masjid tu bukan isu. Pucuk pangkal hati. Sifat saling menghormati sesama insan lah yang dikehendakki oleh Allah tak kira ugama apa yang mereka anuti. Baru lah aman hidup di dunia. Betul tak Tun?

Salam TUN,

Selamat Hari Raya Aidilfitri untuk ayahanda Tun sekeluarga.Akhirnya saya terpenggil sama megambil peluang menyatakan tentang pengalaman saya mengikuti perkembangan TUN.Tidak pernah saya ketinggalan sejak TUN mula menulis dalam Blog ini.

Dalam tahun 1981, waktu di tingkatan 4, seorang guru berbangsa India menanyakan setiap murid tentang minat masing-masing dalam orientasi kelas sebagai permulaan sesi sekolah bagi tahun tersebut,saya masih ingat bila tiba giliran saya, dengan yakin menyatakan minat saya dengan politik semasa. TUN adalah idola saya dan memberi pandangan bahawa TUN akan membawa perubahan besar dalam pembangunan negara pada masa mendatang. Guru itu mendengar penuh minat dan apabila saya tamat belajar di sekolah itu dan pernah datang melawat guru tersebut, kami berpeluang mengimbas masa lalu dan beliau kagum dengan pandangan saya tentang TUN dan kami sentiasa berhubung sembang pasal perkembangan semasa.

Aruah bapa saya seorang pejuang UMNO tulin dan pernah sekali menjadi calon BN tahun 1974 di kawasan Bachok, namun beliau tewas, tetapi tetap berjuang dalam UMNO hingga akhir hayatnya.

Pada mulanya, saya juga aktif dalam UMNO tetapi kini saya hanya penyokong setia saja kerana ada macam2 penyakit dalam UMNO. Salah satunya mereka yang berjawatan takut bayang2.Bila saja ada ahli yang menunjukkan kebolehan dan aktif, baik di cantas orang ni awal atau dipulaukan orang ni supaya tidak menjadi pesaing kepada mereka. Segalanya adalah berkepentingan dan bukan lagi perjuangan sebenar.

Begitupun saya puas hati walau apapun kerana dapat menyatakan minat mendalam saya kepada TUN kerana saya berpeluang bersama anak saya menyampaikan alunan germersik BIOLA dengan lagu DIMANAKAN KU CARI GANTI dalam salah satu majlis yg TUN HADIRI. Stiker TUN 'Jasamu tetap dikenang' menjadi penghias cermin kereta saya dan ada juga orang menanya minat dengan stiker tu dan tanya mana nak dapat..

MENDOAKAN DIPANJANGKAN UMUR TUN...AAMIN

yes indeed you are what you....

i still remember, it's happened 1999, saya bersolat jumaat bersebelahan dengan Tun.

Masyallah rasa bangganya saya ketika itu, alhamdulillah dikesempatan itu dpt saya mencium tangan Tun. dan pada tahun yg sama juga, saya berkesempatan bertemu tun di Mekah. Alhamdulillah mungkin dah rezeki saya dpt melihat dalam Kaabah, bila kerajaan Arab Saudi telah membuka pintu Kaabah membenarkan Tun dan delegasi masuk ke dalam Kaabah.. saya begitu bangga dan bersyukur.. dapat jugak melihat dalaman kaabah..

YA ALLAH... kau limpahkan rahmat dan keselamatan buat diri Tun dan Keluarganya.. YA ALLAH kau balaslah Tun dan keluarganya dengan sebaik-baik balasan dan Engkau jauhkan TUN dari fitnah duniawi..

AMin Ya Rabbal Alamin

Salam Tun,

Saya setuju dengan Tun. Lumrah manusia, kita tak dpt puaskan hati semua orang.

Namun berbeza dengan anggapan ramai pemberi komen di sini, solat di saf hadapan dengan saf lain ada bezanya dari sudut pahala.Maknanya solat di saf hadapan pahalanya lebih besar. Namun saya setuju juga dengan pandangan yang lain. Yang penting kita ikhlas dalam solat walau di mana jua kita berada.
By 123 on October 11, 2008 11:36 AM

salam tun.

apa pendapat tun orang kata bila najib jadi pm sebenarnya tun yang akan jadi pm dibelakang najib?adakah ini betul atau mereka buat fitnah?adakah datuk najib diterima oleh rakyat malaysia bila melihat rekodnya yang tidak kelihatan bersih dan juga penglibatan isterinya yang bernafsu besar tu?adakah imej yang buruk ini boleh meyakinkan negara luar bahawa negara kita dipimpin oleh orang yang berwibawa atau sebenarnya mereka menjadi lebih takut jika negara ini di pimpin oleh dato najib?jika tun rasa datuk najib layak menjadi pm kenapa dan apa alasannya?jika tidak layak siapa yang lebih layak untuk jadi pm?apa pendapat tun tengku razaleigh inginkan umno menjadi single party yang tidak berasaskan perkauman?bagaimana impak dan kesannya jangka panjang.apa pendapat tun bahawa rakyat mengatakan tun lah yang menyebabkan umno berpecah belah dan paklah menjadi lemah kerana tun sentiasa mengkritik umno dan paklah sehingga orang ramai tidak menyokong bn dan lari ke pembangkang?harap tun dapat huraikan secara terperinci.

Assalamualaikum beloved Tun,

Saya ada baca comment from this commentator. He has good intention and I believe Tun was aware of this.

Tun cuma nak explain kat sini kenapa Tun dok kat luar masa solat Jumaat..betul kan Tun? So, saya rase tak payahlah kite cakap bukan2x plak pada commentator tu...sian dia...

Tun you'll always be my idol..dulu, kini & selamanya...Love you....take good care of yourself.

Praying outside and not on the same row with PM & DPM or directly behind the IMAM of Friday Prayer does not mean we are indifferent.

Thank you.

salam tun,
sebaik-baik tempat sembahyang adalah di saf pertama, tak kiralah siapa disebelah kita,sepatutnya kita berebut untuk berada di saf pertama.-(kita pikirlah sendiri)

Keutamaan Saf yang Pertama

Hadith :

Nabi s.a.w bersabda: "Sesungguhnya Allah memberi rahmat dan Malaikatnya pula mendoakan bagi orang-orang yang masuk menutup celah-celah saf sembahyang serta orang-orang yang merapatkannya; dan orang yang masuk menutup celah saf sembahyang itu (akan beroleh satu tambahan lagi, iaitu) diangkat Allah martabatnya dengan perbutannya yang tersebut: satu darjat."

Aisyah r.a

Huraian

Pengajaran Hadith:

i) Solat berjamaah adalah lebih besar ganjarannya daripada bersolat seorang diri dengan 27 kali ganda pahalanya.

ii) Setiap saf mestilah disusun dengan sempurna iaitu rapat dan penuh serta tidak terputus-putus.

iii) Orang-orang yang mengambil berat tentang barisan (saf) sembahyang jemaah yang disertainya dijanjikan balasan rahmat dari Allah S.W.T serta malaikat mendoakan kebaikan untuk dirinya malah orang yang masuk menutup celah-celah saf sembahyang akan diangkat lagi martabatnya dengan satu darjat.

laa,camtu ke.wife saya selalu tengok kutbah jumaat ngan mak dia dalam tv RTM 1.memang tak nampak Dr M duduk depan.duk belakang adala.Selamat kepada Dr M sekeluarga,tak dapat beraya umah Dr M tapi kalu panjang umur saya nak beraya jugak + ambik gambar.

saya juga berharap agar DMM(datuk Mukhriz Mahathir) menang sebagai Ketua Pemuda Umno.Ketua Pemuda Harapan Bangsa!!!!!!!!!!

Nak tanye..... DrM, la ni,memang insyaAllah Datuk seri Najib jadi Presiden Umno dan Perdana Menteri.BAGAIMANAKAH AGAKNYE CARA DIA NAK MELAWAN DSAI COZ UMUM TAU,DSAI ADALAH ANAK DIDIK DR M SELAMA 16 TAHUN(LAMA TU).

LAGI....SATU.....,saya tengok akar umbi perjuangan Barisan Alternatif semuanya dari utara. penang, kelantan, kedah, penang, perak, selangor.kacau camni.kerajaan kena sekat pergerakan ini.cari puncanya kenapa ini terjadi.seolah2 ada 'pergerakan bawah tanah' dari pihak disitu dan jangan dibiarkan melarat seperti kependudukan tentera JEPUN di Tanah Melaya dahulu.

Dear Tun,

You are our great leader by example. Indeed I totally agreed that you are not a bad muslim when you choose to pray outside. Since you are now the ex PM, it will look odd and stimulate all sort of speculations that may be manipulated or perceived wrongly by the media and rakyat if you choose to pray inside the mosque. Tun, you are the man with priciple and I totally agreed to what you have done on that day. Yes, as the PM, you are required to pray with Agong during Hari Raya prayers to show your respect to our Agong. As rakyat, we also required to show respect to our Agong. Thank you Tun for sharing this snippet with us.

PS. I met a Singaporean who perceived our country is self sufficient and insulated from severe US financial meltdown (I prefer to call it global confidence crisis).

Once again, thank you Tun for showing us the way to protect our country and economy using the latest technology and trend. May God bless you and your family. Work hard Dato Mukhriz, and be sincere in whatever you do and I sincerely hope that you will be the next UMNO Youth President.

Sebenarnya tun yak payah glorify commentator tersebut dengan menulis blog kali ini. Tindakan tun menulis topic ini semata-mata untuk menerangkan keadaan 'sebenar' kepada sesiapa yang tak puas hati menunjukkan tun sebenarnya sudah berasa jengkel dengan orang yang suka mencari kesalahan tun walau sekecil habuk sekalipun. My deepest condolences.

Assalamualaikum tun,

Maafkan saya jika apa yang saya cakap ni bertentangan dengan pendapat tun. Dari apa yang saya tahu, kita sepatutnya mengejar saf yang paling depan setiap kali solat berjemaah. Pada zaman Rasulullah saw dulu, para sahabat berebut-rebut untuk mendapatkan saf paling depan, kerana dikatakan semakin depan saf yang kita solat, semakin besar pahalanya. Saya faham mungkin tun seorang yang tidak suka membanggakan diri dan rendah hati, tetapi dalam bab ibadah, kita harus mengetepikan apapun persepsi orang dan lebih mengutamakan apa yang digalakkan dalam Islam. Ini kerana kita solat kerana Allah swt dan bukan kerana orang lain. Biarlah jika orang mahu menganggap jika tun solat di saf depan, tun mahu menonjolkan diri atau lain-lain, tapi hakikatnya hanya Allah yang tahu apa yang terbuka di hati tun sebenarnya.

Niat saya sebenarnya bukanlah untuk mengajar, tetapi hanya mahu berkongsi apa yang saya tahu. Kerana saya tak mahu tun dipandang sinis oleh pihak-pihak tertentu yang mana sebenarnya niat tun adalah baik. Mungkin untuk penjelasan lanjut, tun boleh bertanya dengan ustaz-ustaz yang lebih dalam ilmunya tentang agama.

Satu lagi tun, sy harap tun dapat mengingatkan Datuk Najib dan para menteri lain tentang keadaan ekonomi yang semakin meruncing sekarang ini. Mungkin tun boleh memberi idea2 bernas tun kepada mereka. Saya sangat khawatir jika pemimpin2 umno terlalu leka berpolitik untuk pemilihan umno, sehingakan nasib negara pun terabaikan.

Ok, la tun. Setakat ni dulu. Sy doakan tun sekeluarga sihat sejahtera dan sentiasa diberkati oleh Allah swt.

Salam Tun. Saya tidak faham apa yang sedang berlaku di Malaysia sekarang. Dunia sedang sibuk dengan masalah ekonomi tetapi di Malaysia kerajaan kita sekarang sedang sibuk siapa yang hendak jadi Naib Presiden UMNO, ketua pemuda UMNO, isu HINDRAF dan sebagainya. Dan sekarang pula ada orang komen pasal Tun sembahyang di luar. Saya berani mengatakan orang yang komen itu adalah salah seorang dari ahli UMNO. Dalam media kita langsung tiada berita-berita yang menyiarkan apa yang kerajaan sedang lakukan untuk menangani masalah besar yang sedang dunia hadapi ini. Adakah kerajaan sekarang tidak sedar masalah ini akan menjadi beban yang amat sangat kepada negara tidak lama lagi jika kita tidak buat apa-apa langkah proaktif sekarang untuk menangani? Adakah kerajaan sekarang tidak sedar ramai rakyat kita sekarang terutama yang berpendapatan rendah sedang tersiksa dengan harga barang yang tinggi dan kini keadaan akan menjadi lebih buruk dengan keadaan ekonomi sekarang? Saya rasa ramai rakyat kita sedang sangat membenci pemerintah sekarang dan tidak sabar menunggu pilihanraya yang akan datang untuk mengundi pembangkang. Kalau kerajaan sekarang masih tidak sedar atau buat-buat tak sedar saya rasa BN akan kalah di dalam pilihanraya akan datang dan yang paling menyedihkan sekali UMNO mungkin akan berkubur.

Hi Dr M :

Good Morning :)

I have had been reading your blog for the past few months since Jan 08.

I do enjoy reading your mails.

I do respect U as a PM of Malaysia, not a post that anyone can seat. I belief everyone in Malaysia knows & respects U, in one way or another. Good or Bad, nobody can judge, only GOD can, & U know better than others.

I belief that no one is always right & no one human being will be liked by all people.

Only GOD is right always.

So, just take things easy, be happy, be appreciative, be forgiving, be kind.

You had been through thick & thin, climbed up the top of the ladder in Malaysia. U had also gained the

respect. Just remain as it is, for the benefits of Malaysia, just be neutral, give others a chance to move forward. Everyone of us is GOD's people, irregardless of race. Whatever anyone fought hard & achieved the best of the world, once the end of each live, we only occupy a 6 feet square area or less. U stay long enough for 22 years, anything that happened later, just remain neutral & smile, and U'll be happier. Cheers :) let things go their way and pray always. Remember, GOD never fail a faithful & sincere follower.

Selamat Hari Raya :)

Yang Mulia Tun berdua,

Bila seseorang itu sudah menjadi terkenal dan menjadi 'public figure', sebarang pergerakannya akan menjadi perhatian. Kerana itulah timbul gosip-gosip di kalangan artis tanahair. Mereka juga 'public figure' tetapi tidak pandai membawa diri sehingga macam-macam isu timbul.

Tetapi kalau soal tempat bersolat pun hendak dijadikan isu, nampaknya Tun terpaksa berhati-hati. Rasa saya bukan itu isu yang sebenarnya. Ada perkara lain kerana Tun tidak duduk berdekatan atau berjumpa dengan Perdana Menteri dan Timbalan Perdana Menteri.

Orang-orang yang menimbulkan isu ini pasti akan gembira kalau asal Tun berjumpa dengan Perdana Menteri sahaja, Tun akan berbuat sesuatu kepada Perdana Menteri. Itu yang mereka mahu.

Usah fikirlah, Tun. Yang penting kita mengadap Tuhan dengan penuh khusyuk tanpa ingatan kepada perkara lain.

Sekian.

Salam Yg di Kasihi Tun,

1. Semoga orang-orang yang tidak tahu hujung-pangkal cerita tidak berburuk sangka terhadap Tun. TUN MEMANG BERJIWA RAKYAT. Saya harap pemimpin-pemimpin lain mengambil iktibar dari cara Tun berinteraksi dengan rakyat.

2. Keikhlasan Tun terhadap rakyat memang terpancar. Semasa saya bersalam dengan Tun masa rumah terbuka Tun hari tu, Tun dan Tun Siti memang memandang tepat ke mata saya dengan ikhlas sambil senyum sehingga saya rasa tergamam kerana terharu dengan layanan tersebut - hingga kelu lidah untuk berkata. Begitulah impak aura Tun.

3. Tun usah ambil hati tentang komen-komen yang TIDAK BERAPA BIJAK dan tidak berasaskan FAKTA. You are STILL THE BEST.

Semoga Tun & keluarga sentiasa sihat sejahtera dan dirahmati & dilindungi Allah SWT.

mungkin setiap pemimpin ada kelebihan dan kekurangan, pemimpin ada, manusia biasa melainkan jika ianya Nabi atau Rasul, Rasul bersabda dalam Khutbahnya yang terakhir, tidak ada kelebihan pada mana2 manusia itu melainkan diatas iman dan taqwanya. Saya amat yakin tentu ada sesuatu yang berlainan antara Tun dan pemimpin Malaysia yg disudut ni, Allah telah memilih Tun menziarahi RumahNya hingga kedalamnya(saya X ingat tahun berapa) yg mana bukan sebarang orang dapat peluang ini. Saya rasa kehendak Allah pada Tun tentunya lebih besar ttg untuk menegakan Agama Nya, bukan pada hal politik Malaysia yg semakin KARUT setiap hari. Walaupun kritikan demi kritikan, Tun masih mengekalkan tali persaudaraan Islam dengan Pak Lah. Islam itu adalah agama yang suci tapi saudara-saudara kita dalam parti PAS telah bertahun-tahun memperalatkan Islam demi kepentingan politik mereka. Saya lihat mereka begitu gelojoh sekali mengambil alih kuasa bila menang di sesuatu tempat atau bahagian. Apakah hukumnya? Allah Taala saja yang berhak memberi hukuman.

yes, it is indeed true that what truly important is your heart contents when you pray. however, the location of where you pray (the first row behind the imam) also matters. go for the pahala :) (advice for myself actually hahaha)

berusaha dgn gigih kearah matlamatnya. apatah lagi tempiasnya mampu dirasai oleh org lain, tentu saja org itu seorg yang di rahmatiNya. saya selalu berdoa semoga akan ada seorang lagi pemimpin yg berkelibar seiras malah lebih baik dari Tun kerana pemimpin di sekitar kita kini tidak luhur kepada yg Esa. buktinya negara mengalami pelbagai krisis dan isu yg mengaibkan. semoga masih ada lagi Malaysia dipimpinan Melayu untuk diwarisi oleh warisan kita pada masa depan.... semoga apa yang saya khutiri ini hanyalah mimpi semata...

Good afternoon Tun,

Tun you're really an early bird. You get on the computer first thing in the morning after your b/fast. It's good to show this enthusiasm because it keeps you young at heart & mind. You're fortunate that you're computer savvy for your generation. I heard of a joke from an Ah Moh. He said that his elderly English dad mistook a desk top for a micro-wave. Our kids are ahead of us because they do many functions with it. Actually Tun you should rest assured when you berdoa dengan Tuhan. Tak berkesah pada Tuhan which part of the mosque you are at really when Tun sujud menyembah-mu. Take care Tun & have a wonderful minggu hujung.

Salam sejatera, Tun

bagi pandangan saya sebagai saudara baru islam, Sembayang adalah sesuatu antara kita dengan Allah, jadi bagi saya taklah begitu penting kita ada di depan atau belakang. Yang penting kita jangan tinggalkan sembayang. Lebih lebih lagi sembayang Jumaat yang dosanya begitu besar jika kita tinggalkannya. Pada pandangan saya siapa perdana menteri Malaysia yang seterusnya taklah begitu penting, yang paling penting ialah negara kita perlu aman dan sejatera. Semua orang akan susah jika negara ini tak aman. jadi jika kita tak puashati apa apa janganlah tunjuk perasaan dan wujudkan keadaan tegang. fikir dengan hati yang terbuka disebalik keburukan mungkin ada kebaikan dan begitu juga sebaliknya. sekurang kurangnya jika benar benar tak puas hati. buat keputusan dan curahkan di kertrs undi. lepas tu biarkan majority yang tentukan.

akhir kata selamat sejatera, salam aidifitri kepada sekeluarga tun.

Salam Tun,

Tun, tulis la sikit komen tentang UMNO mac tahun depan.

Saya tak faham lagi, peralihan kuasa atau perletakkan jawatan abdullah badawi. kalau nak kata peralihan kuasa rasanya tak betul sebab setahu saya peralihan kuasa tu melibatkan pertukaran parti. kalau perletakkan jawatan, rasanya siapa pengganti akan ditentukan oleh Agong setelah mendapat majoriti di Parlimen. Macam apa yang berlaku pada pilihanraya di tergganu dan perlis baru-baru ni, Agong berhak menentukan siapa yang dipilih sebagai menteri besar.

Maksudnya tidak semestinya Najib adalah pengganti kan? Saya berpendapat Muhiddin lebih sesuai daripada Najib sebab banyak cerita buruk tentang najib seperti isu wanita mongolia. Tak pernah pula saya dengar cerita tentang Muhiddin. Komen la Tun...

Saya sebenarnya kecewa dengan senario politik dalam UMNO sekarang, kerana sekarang ini budaya kurang hormat dengan pemimpin terdahulu sudah ternampak dengan jelas...yang saya rasa secara sengaja atau tidak ianya diajar oleh pemimpin2 sekarang...jadi saya rasa Tun sendiri sudah terkilan atau kecewa...tapi percaya lah Tun satu hari nanti mereka akan terima balasan juga kerana sudah menjadi lumrah dunia...sebagaimana anak yang tak hormat orang tuanya juga akan menerima nasib yang sama bila anaknya kelak juga tidak hormat kepadanya.

Saya percaya yang Tun memang ikhlas untuk menegur apa yang tidak kena dalam UMNO tetapi sudah disalah anggap oleh orang-orang yang tengah khayal dengan impiannya.

Teruskan perjuangan Tun yang belum selesai...hanya Allah yang akan membalas budibaiak Tun...Insyallah.

This is something I love this country very much, ada ISA pun orang still free to comment kat mana kita solat.....kat Mekah, dengan taraf masjidil haram yang paling tinggi darjatnya sisi Allah, nobody ever question kat mana raja dia solat.....

Malaysia boleh.....salam.

Assalamualaikum Tun dan Tun Siti,
Semoga Tun sihat sejahtera.

Mantoba,
Masa saya jumpa Tun dalam majlis rumah terbuka Tun baru-baru ni dan pkenalkan diri sebagai 'Peminat Tun', Tun memang mendengar dengan teliti apa yang saya kata dan kemudian ketawa kecil, 'Oh ye ke?' kata Tun. Bahagiannya saya melihat tawa dan senyuman Tun.

Membaca cerita Kamal ahmad tentang pertemuannya dengan Tun di masjid negara pada tahun 1996, buat saya sangat terharu. Tidak sia-sia sokongan dan kasih sayang saya terhadap Tun selama ini. Tun memang layak untuk mendapat sanjungan dan perasaan sayang dari rakyat kerana Tun juga telah memberi perkara yang sama kepada kami.

Kalau boleh saya pun nak sembahyang Jumaat kat Masjid Negara supaya dapat jumpa Tun. Nak sembahyang kat kolam juga tapi masalahnya saya perempuan....he he.

Salute Tun,

Saya berbangga dengan pencapaian Malaysia dibawah pentadbiran Tun dulu. Malaysia dikenali diserata dunia oleh kerana jasa Tun, DAN kemana-mana negara yg saya & suami pergi, apabila berbual, bila kami sebut "I'm from Malaysia"..serta-merta mereka jawab... Dr Mahathir Mohamad ..this happened to us..so-so-so many times...at difference country.. Europe, Japan, Australia, Thailand (pemandu Tuk-tuk) I'm not talking about businessman or cerdik-pandai, but the drives, hotel staff etc...yang tak pernah keluar dari negara mereka. Mereka kenal Malaysia = Mahathir, Mahathir = Malaysia! Me and my husband are SO, SO, So proud of you, our dearest Tun. Tapi see what happened now sejak Tun bersara, ... recently kami ke Jakarta...sebut je Malaysia....driver jawab.. Bapak Mahathir bagus sekali...bla, bla, bla,,kemudian dia tanya...Perdana Menteri kamu yang baru, namanya apa??? apa yang dibuatnya? Kami sudah lama enggak mendegar apa-apa berita Malaysia!!! saya pun tak tahu mcmmana nak jawab, nak kutuk, negara sendiri jugak! nampak sangat perbezaannya, dulu BANGGA gila, sekarang...nak sebut dari Malaysia pun MALU!

Utk pembaca-pembaca blog, bacalah buku "MELAYU MUDAH LUPA"... apa yang Tun telah tulis & Predict... telahpun berlaku sekarang.... such a shame to us Malaysian.. especially Malays..

Tun, saya & suami saya akan terus menyokong Tun, Kalau Tun nak bertanding semula, kami TOLONG ikut kempen!! (FREE!)

Salam Hormat untuk Tun Berdua...

Asalamualaikum Tun....isu ini terlalu ringan dan x perlu di ulas pun sebenarnya....xkan kalau datang lambat nak ke saf depan jugak kan:) lagipun Tun memang dah biasa duduk kat luar tu lah...Tun saya merasakan sekarang adalah masa yang paling sesuai untuk Tun menyenaraikan senarai kepimpinan UMNO yang tun rasakan berkaliber dan mampu merubah keadaan umno yang semakin parah dan ditolak rakyat.liabiliti kepada umno perlu di singkirkan....saya mempunyai bayangan tersendiri.....

Presiden : DS Najib Tun Razak
Timbalan Presiden :Tan Sri Muhiyiddin Yassin
Naib Presiden : DS Rais Yatim
Tan Sri Isa Samat
DS Hishammuddin Tun Hussein

Ketua Pemuda :Datuk Mukhriz Mahathir
ketua Puteri :Rosnah Abdul Rashid

Diharapkan Tun akan memberi komen terhadap cadangan saya ini....sokongan terhadap calon2 pilihan Tun harus segera dinyatakan...perang saraf harus dimulakan....liabiliti harus dihapuskan....

Salam TDM,

Saya rasa sungguh gembira, terharu, tergamam, macam tak percaya apabila TDM keluarkan Snippet ni. Terima kasih banyak-banyak kerana mengambil berat pendapat walau seorang rakyat Malaysia seperti saya ini.

Saya harap semua pembaca blog perlu membaca semula tulisan saya dalam chedet,Selamat Hari Raya, 27/09/08. dengan nama pena yang sama.(tokdalang)-kalau ada lagi, saya cek tadi banyak komen dah delete.

Saya tidak menafikan bahawa solat di saf mana sekalipun, Allah mengetahui niat kita. Apa yang saya tekankan pada tulisan itu ialah ingin melihat permuafakatan sesama Islam, bangsa dan negara. Di dalam tulisan itu saya juga menulis agar semua pemimpin politik di Malaysia tidak kira UMNO - BN atau PR berusaha menjadi tauladan yang baik kepada rakyat Malaysia. Islam sedang menghadapi 'Islamophobia' di negara barat tetapi pemimpin Melayu beragama Islam di Malaysia tidak dapat bersatu dalam urusan pentadbiran negara.

Kita sentiasa mengecilkan sumbangan orang lain. Kita sentiasa beranggapan kita telah menyumbang banyak tenaga, idea dalam memajukan negara. BUKANKAH kita ini saling memerlukan. Kemajuan negara tidak terletak pada pemimpin sahaja, tukang sapu jalan, pencuci tandas, tukang masak, pelakun, peniaga, doktor, peguam, ahli sains semuanyalah ini yang berusaha bersama untuk memajukan negara.

Hanya kerana kita mempunyai perbezaan besar dalam fahaman politik, kita sanggup berusaha mempengaruhi orang lain agar percaya kita sahaja yang benar. BUKANKAH kita dari kecil sering di minta bermusyawarah, bermuasabah dalam setiap permasalahan pendapat. Janganlah sampai permasalahan itu memecahkan ummah. INGAT, bersatu teguh, bercerai roboh.

Saya hanyalah orang biasa tidak pernah mewakili mana-mana parti politik tetapi sebagai orang ISLAM saya telah diberitahu, diajar, dididik oleh Ustaz, guru agama, cikgu, fasilitator, penceramah agar sentiasa mendamaikan permusuhan sesama Islam. Bukankah itu tanggungjawab sesama Islam. Salahkah saya dalam tulisan itu menulis ingin melihat perpaduan yang pernah terjalin dulu antara TDM, DSAAB, DSNTD dijalin semula??????????

Akan ada berbeza pendapat, fahaman namun jangan jadikan ia alasan untuk merenggangkan silaturrahim. Saya faham kini perasaan TDM, bila kita bagi statement orang putar belit statement kita. Kita harap dia memahami keseluruhan tulisan tapi dia nak faham sebahagian sahaja..... manusia tidak sempurna tapi kita perlu cari kesempurnaan.

Saya biasa tengok Tun sembahyang jumaat di kawasan sebelah kiri masjid negara diluar dewan utama dan dapat bersalaman dengan ayahanda beberapa kali selepas waktu sembahyang. Saya rasa tempat yang Tun sembahyang jumaat lalu juga mesti tempat yang sama. Takde isu lah pasal tempat sembahyang.

Maaf Tun tak kesempatan ke open house tahun ni.

Salam Dr Mahathir,

I like it when you touched on common things we Muslims do everyday or on any particular day. Even now that you are no more the PM, people's eyes are still on you. You can take it positively to this comment or you can take it negatively. On a positive note, firstly it's good to know that some still care where you perform your Friday prayers. Secondly you are a humble and down to earth person who just goes to the mosque with only one intention and that is to pray and not to be noticed.

Negatively, this commentator thinks you still have grudges with these two persons you mentioned. Therefore you do not wish to crosspath with them. But for whatever reason it's only between you and Allah.

Actually as a good Muslim whatever you do, it all depends on your intention or "Nawaitu." If you are sincere and true to your belief, it doesn't matter where you pray. But if you go to pray just to show off and wants to be in the front row so as to rub shoulders with some dignitaries, then it's wrong.

On the last day of Ramadhan, the three of us, i.e. my hubby, my sister and myself went to visit the Islam Cemetery at Jalan Ampang. When we were still in the car trying to park,

a black Proton Perdana with the plate number WCQ 1 drove in. I thought I saw someone resembled your wife, Dr Siti Hasmah. Could I be wrong?

I wanted to be certain and try to catch up with this lady, but we were too late as she already entered the confinements of the cemetery. I could only see the driver in the driver's seat.

When we have finished our rounds of cleaning and putting flowers on the graves and reciting Yaasin of our beloved that had passed on I was hopeful that the black Proton Perdana would still be there. But I guessed we spent too much time at the graves that I missed meeting this lady.

Well, just like to share with you some common things we Muslims do on a particular day, like the last day of Ramadhan.

Wassalam.

Assalamualaikum Tun!

Tun, jangan duk peduli apa depa kata.

If today some are questioning why Tun tak sembahyang sitting on the same row, tomorrow others would ask WHY if you had done so.

Inilah ragam manusia, lebih-lebih lagi ragam dan budaya tersendiri orang Malaysia.

Jika selepas ini Tun senyum bila berjumpa dengan Abdullah Badawi, pasti akan ada yang cuba interpret senyuman Tun itu ikut suka hati dan selari dengan apa yg terpendam dalam hati masing-masing.

So, Tun, just do what you like to do.

We Will Always Love You & Tun Dr.Siti Hasmah.

May God Bless You, Sir!

By Aku PeningAuthor Profile Page on October 11, 2008 1:37 PM

Akum Tun,

It is funny when a person question why should you pray outside the main hall in Masjid. As a VVIP or during your tenure as PM, where you pray should not be question as you still pray in the mosque.

My question to the commentor, would the front row prayee get "more" benefit / pahala? rather than those who pray to ALLAH with sincerity and humble?

Issues that we need to address is not where you pray in the mosque but:

1. What will be the future of the Bumiputra?
2. Where is the direction of our country?
3. How can we strenghten our economy?
4. How can we strenghten our unity?
5. how can we improve our racial toleransi?

I would be more interested in the future of our country rather than discussing where we pray in the mosque!

End

Aku Pening.

Saya merasakan apa pun yang dibuat itu adalah hak TUN, Tapi bagi saya kalau tun boleh menghormati Agong, tun perlu juga menghormati Bilal.

Sedikit pertanyaan hal politik UMNO semasa,

Diandaikankan UMNO tiada kuasa (Bukan Pemerintah)

Berdasarkan Pengalaman Tun cukup kuatkah dan mampukah tokoh2 yang menawarkan diri sekarang, berjuang dan memimpin parti untuk berkuasa semula. Atau mereka2 ini hanya layak menerima dan berebut harta pusaka orang tua sahaja..... kita perlu berandaian kerana badai kehilangan kuasa semakin dekat dan jelas.

Terima kasih

Coming from the seminar today, I must say I was inspired.

I used to think that there doesnt seem to be anyone who really cares about malaysia, or to govern it well for that matter. But after the seminar, I was touched to see that someone, you, do. And it does makes me

feel that I need to do more for my country, even if I'm not that patriotic (I was born in Malaysia but raised in Singapore; I didn't know how to sing the national anthem nor understand the Malay speeches.)

There were actually many issues I want to bring up, many burning questions in my mind. But due to the time constraints, and my lack of courage, I kept it buried.

I find it quite ironic, because to me it seems that the logic and rules in governing a country is pretty similar and basic throughout, but yet people just doesn't do it. While I understand that the world is unfair, and nothing is perfect, I think it is the thought, the action of just trying, that counts more than the end result. But currently, I don't see anyone trying.

I do hope we can put some able person UP THERE to run our country well.
All in all, I thank you for your presence today, a chance for me to meet a great man.

:)

Salam Tun,

Saya sering membaca tulisan Tun dalam chedet tapi ini adalah kali pertama saya menulis dalam ruangan ini.

Walaupun tak pernah bersua muka, jauh sekali berjabat tangan apatah lagi berbicara secara langsung tapi saya tetap mengikuti perkembangan Tun.

Alah bisa tegal biasa!. Apa nak dihairankan Tun! Saya sendiri pun lebih selesa bersolat di tempat yang biasa kita berada disesebuah mesjid.

Memang betul kalau berada di saf hadapan, itu lebih baik, tapi bukan syarat kita dapat pahala selori! Pun bukan sebab kita tak berada sebaris dengan Pak Lah dalam solat, solat kita tak di terima.

Selagi kita tunaikan hak kepada Allah dan sesama manusia, itu lebih baik daripada mempertikaikan hak orang lain.

Barakath Salamat!

There has been too much money in the global financial markets. Central Banks in those rich countries like US overprinted money. Money itself has become less valued.

The recent severe stock market crashes around the world has vaped up so much money. US dollar depreciates. If we study the foreign exchange carefully, not surprise to see not only US dollar sinks, currencies elsewhere around the world are depreciating. For example, when Aussie central bank cut rates recently, Aussie dollar depreciates against US dollar immediately.

There is less and less money in the world now and this trend is likely to continue. Money is gaining its value again. Hard assets, housing realties, stock prices, commodities (for example, oil), etc. has fallen much to-date.

Recession is confirmed coming in Singapore as the Singapore PM announced it lately.

Dow Jones could eventually fall to 5000 points sooner or later. Inflation could come to an end. Goods, equity, gold, etc. has been greatly overvalued all this while. It is time for prices of materials to fall back to its equilibrium state. Nothing much can be done by governments around the world especially the G8 countries to prevent a probable global economic recession. Bailout is unwilling but deemed necessary by spending government money.

If bailout fails, money vaporized again. Money regain its value much more. Government becomes poorer. People are out of jobs. When the governments and people are both poor, money is gonna be very strong.

By that time, the remaining survived financial institutions will be the end winners. They will be able to start it all over again. Stock prices will be way too cheap then. The same applies to prices of commodities, hard assets, realties, goods, etc.

By Jan on October 11, 2008 2:17 PM

Dear Tun,

Ini bukannya masalah saf pertama atau di luar atau kerana ada PM dsbnya. Tetapi ikut Rasulullah SAW, saf yang pertama itulah yang paling afdhal dan paling banyak pahala. Jadi kita ikut saja apa nabi kata.

By nmjnhAuthor Profile Page on October 11, 2008 2:18 PM

Assalamualaikum Tun,

While it looks like normal for typical Muslim to do so as a matter of being so called humble or not ego, I guess it is better for all Muslims to realize that the front 'saf' or lines in the mosque is indeed very special one.

When I said special, its not really meant that its for high ranking officers or kings. Its not a reserved seat

or place. Its meant for those who come early to the mosque or surau as the reward(pahala) is much much greater rather than stay outside or at the back.

The back row or outside is meant for those who comes late (less reward).

selamat hari raya Tun,

tun dengan i ni sama, kami suka sembahyang di luar dewan, sebab suasana berangin, lapang, nyaman dan kalu macam dulu ada ayer di masjid negara lagi bagus.

masjid negara hasil kerja arkitek dato baharudin ni satu satunya masjid 'malaysia', dia tak nampak arab, tapi melayu-islam-moden. hasilnya kubahnya di tiru di merata pelusuk malaysia. tetapi hasil guna nya yang amat ketara ialah ruang ruang keliling dewan yang sungguh berjaya sebagai serambi nyaman di dunia tropika kita.

tun memang pandai menilai hasil kerja seni. saya bayangkan pilihan tun semasa perancangan menara petronas, kerana menara itu kini adalah kuala lumpur, bukan new york atau shanghai. wajah dan susuk badannya cocok dengan nusantara melayu kita.....ada ka pm lain yang boleh buat macam ni?

Semalam DS Abdullah Badawi telahpun mengumumkan untuk tidak bertanding dalam pemilihan UMNO pada Mac 2009.Ini bermakna tinggal 6 bulan sahaja lagi untuk DS Najib untuk mengisi kekosongan yang di idam2kan iaitu menjadi Perdana Menteri Malaysia Ke 6. DS Rosmah pula sudah tentu akan gembira bukan kepalang untuk menjadi Wanita Pertama Malaysia menggantikan tempat DS Jeanne Abdullah.Samada ianya menjadi kenyataan atau pun tidak, Yelah manalah tahu tibe2 teori RAHMAN bertukar menjadi teori RAHMAR. R yang saya maksudkan ialah Ku Razaleigh. Atau mungkin juga RAHMAT iaitu dimenangi oleh Mat Taib.Atau tidak keterlaluan saya katakan menjadi teori RAHMAA iaitu diganti dengan DS Anwar melalui peralihan kuasa di Parlimen.Namun begitu itu tidaklah menjadi persoalan saya.Persoalan saya ialah apakah agaknya jolokan gelaran yang akan kita berikan kepada bakal bekas PM yang ke 5 kita nanti yakni DS Abdullah Badawi. Seperti mana gelaran yang ada : Bapa Kemerdekaan, Bapa Pembangunan,Bapa Penyatuan dan Bapa Pemodenan Malaysia. Selama 8 tahun ini apa yang boleh kita nampak perubahan yg dibawa oleh DS Abdullah??? Bapa Angkasawan mungkin kerana kejayaan penerokaan angkasa lepas oleh Dr Syekh Muzaffar??? atau pun Bapa Hadhari seperti yang sedia maklum oleh semua rakyat Malaysia???atau pun Bapa MrClean???pada saya semuanya mungkin namun yang paling tepat dan wajar pada saya ialah Bapa Menantu ataupun Menantu Bapak...atau pun Bapa KJ.hehehe...mari kite tunggu apakah gelaran yang akan diberikan oleh RTM

nanti....

Assalamualaikum,

Merujuk kepada komen daripada aryan yang berbunyi:

"salam ayah det.. hehe.. soal solat pun boleh jadi isu.. aduss..

harap maaf kepada yg berkenaan, solat tu bukan utk publisiti..
amalan² baik yg disembunyikan dapat menghindarkan riak dan takbur..
renung² kan lah..

take care ayah det.. may Allah bless us all.."

Ada sedikit teguran hendak dibuat. Beliau berkata 'amalan² baik yg disembunyikan dapat menghindarkan riak dan takbur'. Itu ada benarnya. Tapi, tak bermaksud kita tak boleh menunjukkan kebaikan kita. Asalkan kita tidak ujub atau riak, nak tunjuk, tunjuklah. Orang kita memang selalu anggap kalau tunjuk amalan, maka tak ikhlas. Maka bila nak buat baik, sorok-sorok. Pendapat macam ini salah. Melihat kebaikan orang lain boleh buat orang yang melihat itu hendak mencontohi si perbuatan si pelaku. Ini menyebarkan kebaikan.

Saya berkata ini adalah berdasarkan hadis nabi S.A.W yang bermaksud; "Sesiapa yang menunjukkan kebaikan maka baginya pahala seperti pahala orang yang mengerjakannya" (HR: Muslim).

Maka sila betulkan pendapat anda tentang ikhlas, tentang ujub, tentang riak. Buat aryan, jika terbaca komen ini, harap anda pula renung-renungkan.

Prayer practice is a step to get closer to God and to build an intimate relation with God. There should be nothing that is worthy of being politicised in relation to prayer matter. God knows best of your heart and I believe a contrite heart condition is the basic foundation to be laid for salvation. So, please don't worry too much about other people's opinion about you if GOD is the only ONE who lives in your heart when you practice prayer.

PERALIHAN KUASA

Apabila pemerintah bertukar kerajaan mahupun takhta bertukar tangan sesuatu yang rakyat dambakan adalah perubahan dan penambahbaikan atau 'reform' dan 'improvement'.

Bidang memilih pengganti bukannya kerja mudah seumpama membuat telahan atau ramalan bilangan bintang di langit. Sebaliknya adalah amanah berat kerana yang memilih samaada suara rakyat atau pemerintah tertinggi yang bakal menerima kesan dari pilihan yang dibuat di kehidupan dunia ini mahupun kehidupan selepasnya.

Mengira detik bilangan hari peralihan kuasa bukan satu persoalan. Bulan Mac tahun depan bukanlah jauh di hujung dunia. Bukan pula lambat apabila dihitung purnama. Tetapi titik persoalan utama sekarang adalah kredibiliti yang dinanti daripada si pengganti.

Sesuatu yang dinanti adalah kredibiliti yang datang daripada keupayaan dan kejujuran pengganti. Malaysia mungkin mempunyai ramai kelibat pemimpin berkarisma dan bijak tapi apa yang bakal dituntut adalah keupayaan yang menjadi teras kekuatan pemimpin dan kejujuran yang menjadi dinding akhlak bakal si pengganti. Diharap Malaysia akan menerima pemimpin yang punya kedua-duanya.

Apapun yang pergi akan tetap dikenang dan yang datang bersilih ganti.

Khas buat Dato Seri Abdullah Hj Ahmad Badawi lafaz selamat tinggal diucapkan dan jika ditakdirkan Dato Seri Najib Tun Abdul Razak akan menjadi pengganti atau bakal pemerintah lafaz tanhiah diucapkan.

Tambahan lagi kepada DS NAJIB ucapan....

GET READY ditalukan kerana rakyat khususnya TUN MAHATHIR tidak akan duduk senyap kerana segala tindak-tanduk dan gerak-geri akan diperhati.

SALAM

Abu Bakr al-Siddiq pada penghujung hayatnya, menulis surat mencadangkan penggantinya. Dalam surat tersebut beliau menyatakan seperti berikut:

"Bismillah al-Rahman al-Rahim. Inilah apa yang dipesan oleh Abu Bakr bin Abu Quhafah di waktu akhir hayat di dunia ini, sedang keluar darinya, dan permulaan tempoh di Akhirat, sedang masuk ke dalamnya.

Di kala seperti ini, seseorang yang kafir akan beriman, seseorang pendusta akan bercakap benar. Maka aku –dalam keadaan begini- melantik pemerintah kamu selepasku ini 'Umar bin al-Khattab. Maka dengar dan taatlah kepadanya. Aku tidak akan mengurangkan sedikit kebaikan pun buat Allah, rasulNya, agamaNya, diriku dan kamu. Sekiranya 'Umar berlaku 'adil, maka itu sangkaan dan pengetahuanku mengenainya. Jika dia sebaliknya, maka setiap individu berdasarkan apa yang dikerjakan. Sedangkan aku inginkan kebaikan dan tidak pula aku tahu perkara yang ghaib. "Nanti orang-orang zalim akan mengetahui di mana kesudahan mereka" Wa al-Salam 'alaikum wa rahmatulLah". (al-Sayuti, Tarikh al-Khulafa, 32, Beirut: Dar al-Fikr).

Surat ini menggambarkan betapa Abu Bakr al-Siddiq membuat cadangan penggantinya atas asas tanggungjawab di hadapan Allah tanpa sebarang kepentingan diri. Beliau juga memikirkan masa depan umat di bawah penggantinya, juga perasaan gerunnya kepada Allah tentang apa yang akan dilakukan oleh penggantinya.

Apalah sangat solat didalam atau luar hall takkan itu pun nak jadi isu hanya Allah yg menilai amalan dan keikhlasan kita betul tak Tun. Mungkin sebab itulah Tun ni lebih mesra rakyat dan dapat mendengar rintihan kami bila bersama2 solat diluar hall.

Ingat lagi saya bila Tan Sri Isa Samad juga semasa menjadi Menteri Besar NS selalu bersolat di luar hall i.e. di tingkat atas Masjid Negeri semasa Solat Jumaat.

Semoga Tun dan keluarga sihat2 selalu. Selamat Hari Raya Eid Fitri ikhlas dr Hamidi, Linda & Harris Muhammad.

Tun,

I have now returned to the East Coast to do charity work for the community. For many many years when I was posted in KL it was a cultivated habit that I prayed without fail at a particular area in the Masjid Negara. It is the open area outside the main hall, beside the pool. As I sat there I very very often watched you walk alongside the front of the pool, turn right at corner and sit yourself, just yourself as a humble commoner among the people there. At times I was just a row or two behind you. Never during those years you were escorted to a reserved place. I suppose that is the spot you see peace as I still see it today whenever I pay a visit to the mosque.

So here I testify what your have said in your blog is nothing but the truth.

assalamualaikum Dr M,

inilah dia kerenah orang melayu.benda yang kecil kita besar-besarkan tapi benda yang besar kita tolak tepi.kita pandang remeh isu yang penting.soal solat di mana pula yang jadi isu.sekarang tengah heboh berkenaan isu akaun bank khairi jamalludin di mana jumlah wang dalam akaunnya amat memeranjatkan.saya ada terbaca artikel itu dalam sebuah blog 2 hari lepas.tidak diketahui kebenarannya tetapi penulis meminta supaya pihak yang berkenaan untuk menyiasat khairi.penulis khuatir akan keadaan ekonomi dan keadaan pemimpin yang menggelapkan wang kerajaan.Diharap Dr M dapat memberi ulasan.

salam...

TUn,

I m a malay...

proud to be malaysian... Sayang n sedih bila tgk gaduh gaduh, merebut kuasa.. Yang penting n yang saya mahu agar pemimpin yang dipilih mampu menyatukan rakyat melaysia sebagai satu bangsa yang bersatu padu tanpa kira kaum atau bangsa.Hidup harmoni n dapat cari rezeki secara aman.... Tidak perlu pergolakan kerana merugikan pelbagai pihak.

Mahu Mukhriz menang n realy hope he can be a good leader...

Selamat hari raya...

Ps...

Apa yang nak jadi isu... Macam tak tahu Tun memang sembahyang kat belakang belakang bersama rakyat... Maknanya org yang sibuk sibuk tak kenal Tun and baru keluar dari tempurung.

Saya perhati ramai komentator yg menyatakan bahawa kedudukan saf tidak membawa apa-apa perbezaan. Ini bertentangan dengan Hadis-hadis Nabi SAW:

"Sebaik-baik saf barisan lelaki yang paling depan, dan yang terburuk ialah yang paling belakang, dan sebaik-baik barisan perempuan yang terakhir, dan yang terburuk ialah yang paling depan." (Riwayat Muslim)

"Andaikata manusia mengetahui apa yang ada di dalam panggilan azan dan memenuhi saf paling depan, kemudian mereka tidak berjaya mendapatkannya (saf paling depan itu) kecuali jika mereka berlumba untuk mendapatkannya, pasti mereka akan berlumba." (Riwayat Bukhari)

Daripada Abu Umamah berkata bahawa Rasulullah bersabda: "Sesungguhnya Allah dan para Malaikat-Nya berselawat kepada orang-orang yang berada di saf pertama." Para sahabat bertanya: "Ya Rasulullah, bagaimana dengan saf kedua." Baginda bersabda: "Sesungguhnya Allah dan para malaikat-Nya berselawat kepada orang-orang yang berada di saf pertama." Para sahabat bertanya lagi: "Ya Rasulullah, bagaimana dengan saf kedua." Rasulullah menjawab: "Ya, juga saf kedua." (Riwayat Ahmad)

Daripada 'Irbadh bin Sariyah bahawa Rasulullah memohon keampunan bagi mereka yang berada di saf pertama tiga kali dan untuk saf kedua hanya sekali. (Riwayat Ibnu Majah)

Daripada Abu Sa'id al-Khudri bahawa Rasulullah melihat ada sebahagian sahabatnya yang tidak mahu maju ke saf pertama, maka baginda bersabda: Majulah dan ikutilah saya, sedangkan orang-orang di belakang harus mengikutimu pula! Sesuatu kaum yang selalu suka di belakang, tentu akan dibelakangkan pula oleh Allah. (Riwayat Muslim)

Tak kisah lah Tun nak solat di mana-mana pun tapi janganlah kita menafikan keutamaan saf hadapan hanya kerana nak menyokong Tun.

Semoga dapat menjadi pengajaran untuk kita semua.

Sepertimana lain-lain orang kebanyakan yang perlu struggle untuk hidup di zaman yang mencabar ini begitu PERIT keadaan ini...
sudahlah dihipit dengan masalah kewangan yang mana harga barang naik dan akan terus naik tetapi tidak akan turun-turun...
dihipit lagi dengan kemelesetan sosial, jenayah dimana-mana sahaja dan bila-bila sahaja..maksiat disana disini...PERITNYA HIDUP SEBAGAI UMAT AKHIR ZAMAN...
dihipit amalan POLITIK YANG JIJIK KEJI di Malaysia, terus terang apabila jam 0800 malam daku tak melihat lagi Berita, News dsbg... semuanya berkisar politik yang membosankan BN & BA sama sahaja..
Zaman pemerintahan TUN juga yang melegakan..

Dear Tun, I'm sending this from Iceland, could you please give us some advice on what to do?
By jebqt71 on October 11, 2008 5:21 PM

Akum Tun,

Saya adalah bekas ahli UMNO yang keluar dari UMNO kerana hilang keyakinan kepada kepimpinan Pk Lah dan konco2nya. Namun sebenarnya saya masih sayangkan UMNO. Selepas Pk Lah umum nak lepas jawatan dan beri pada Najib, pada mulanya saya amat gembira. Tapi kemudiannya saya mula berfikir, apakah najib yang dipilih itu akan mengikut jalan dan cara Pk Lah yang kita tahu telah

merosakkan negara atau mengikut acuan Tun yang dah terbukti berjaya memajukan bangsa dan negara, atau sekali lagi memnjadi medan untuk seorang PM baru membuat eksperimen peribadi yang belum kita tahu lagi hasil dan natijahnya kepada bangsa dan negara.

Dengan tingkah laku najib yang dilihat terlalu tunduk dan menikus kepada PK Lah dan konco2nya membuatkan saya berfikir, apakah yang ditakutkan oleh najib sehingga dia menjadi seperti lembu dicucuk hidung. Apakah ada sesuatu yang menjadi rahsia besar yang hanya diketahui oleh PK lah dan najib sahaja, yang mana ianya berkaitan dengan masa depan politik najib.

Najib memberitahu media bahawa dia membuktikan yang selama ni dia tidak rela untuk melawan ketua, apalagi mengkhianati ketua. Pada satu segi memang kedengaran agak bagus juga. Tetapi sedarkah Najib, kesetiaan kepada ketua itu haruslah ada had dan batasannya. Ketuanya itu bukanlah malaikat atau nabi yang terlindung dari dosa. Sedarkah dia yang ketuanya itu hanyalah manusia biasa mcm kita juga yang sering mempuat kesilapan dan dosa. Adalah malang sekali bagi orang Melayu, seandainya Najib yang diangkat sebagai bakal ketua orang Melayu tidak berani menegur dan memperbetulkan kepincangan, kelemahan dan kesalahan yang dilakukan oleh Pk lah selama menjadi Timbalan. Dan kerana sikap "setia" nya itu juga lah maka UMNO telah dihukum oleh pengundi Melayu termasuk lah ramai ahli UMNO juga.

Maka persoalannya kini, adakah pemimpin seperti Najib ini wajar di angkat oleh orang Melayu untuk menjadi ketua sekiranya dia tidak mampu untuk menjadi orang yang jujur pada perjuangan orang Melayu yang menuntut kepada keberanian, kejujuran. Dan patutkah kita melantik orang yang tak bersedia untuk bertindak "berani kerana benar" sepertinya untuk menerajui negara yang berbilang bangsa dan agama.

Pada hemat saya, perwakilan UMNO perlu memikirkan sedalam2nya siapakah yang lebih patut diberi amanah yang besar ini. Pengalaman yang lalu perlu dijadikan iktibar, pemimpin yang diangkat menjadi ketua dalam proses yang tidak telus itu, akan hanya menjahanamkan UMNO dan bangsa melayu.

Muslims pray to One God without associating any partners with Him. They pray facing the Holy Mosque in the city of Makkah. Facing this mosque is simply for uniformity and homogeneity in the prayers of all Muslims around the world and not as an act of worship to the mosque itself.

To Eddie, maybe u should shut-up. Kalau tiada apa yang bernas nak beri pendapat lebih baik berdiam diri. Bukan saja Tun yang happy PM leaving, ramai lagi yang happy. Kalau awak tak happy itu masalah awak. Deal with it in a pleasant manner.

Anyway, dear Tun, memang saf pertama memang lebih baik, walau bagaimana pon disebabkan Tun suka bersolat dengan rakyat, niat dihati Tun di ambil kira oleh Allah swt. Kami pon suka kalau orang2 atasan ini banyak berjiwa rakyat. Kebanyakan dari mereka ramai yang mementingkan diri sendiri. Bila time nak voting nampak batang hidung, kalau tidak bercuti dengan family entah kemana. Semanjangan sebok kata mereka, entahlah.

U still look handsome in your raya picture minaq jinggo took during ur open house and datin looks coooool. Semoga Tun dan seisi keluarga panjang umur untuk membuat amal kebajikan dan murah rezeki untuk lebih bersedekah, dgn izinNya.

Masih Ada Yang Sayang.

Ya, praying outside the mosque so that hopefully be out of the radar of The Almighty. Why? Only the man himself and God know.

Salam penuh hormat buat TUN dan Isteri serta keluarga. Semoga hari2 yang TUN lalui semakin baik dan mendapat redha Allah S.W.T., mendapat lindunganNYA serta diaunerahkan umur yang panjang. Dengan nikmat itu semua, semoga TUN dapat menggunakan dengan sebaiknya dalam meningkatkan amal ibadah serta memberikan pengalaman dan pengetahuan demi kebaikan agama, bangsa dan negara. Semoga segala kebaikan yang dilakukan mendapat rahmat dan dan bekal buat hari akhir kelak.

Dalam episod hari ini, ingin sekali saya memberikan masukan agar tugas saya sebagai hamba Allah dapat saya pertanggungjawabkan sebaiknya.

TUN, berkenaan kedudukan kita dalam mendirikan solat, rasanya tak perlulah dijadikan isu yang wajar diperbincangkan. Sesungguhnya, Allah S.W.T. lebih mengetahui niat dan kedudukan kita disisiNYA.

Allah MAHA MENGETAHUI LAGI MAHA BERKUASA.

Harapan saya, TUN dapat memberikan pandangan dan pendapat yang lebih membantu ekonomi negara, kestabilan dan keamanan buat negara yang tercinta.

Memang saya akui, mungkin sekarang TUN tidak lagi seperti dulu yang mana TUN didampingi para penasihat yang mempunyai kepakaran dalam bidang2 yang berkaitan. Tetapi, pengalaman dan pengetahuan TUN semasa memerintah negara hampir 22 tahun, sangat berharga dan saya yakin, ianya dapat membantu.

Adalah menjadi kesalahan kami kalau terlalu memuja dan mengagungkan TUN, tetapi tak salah kalau kami berkongsi pengalaman dan pengetahuan bersama TUN.

Negara kita telah berjaya menempuh 50 tahun kemerdekaan. Alhamdulillah, kita semakin baik dari sebelumnya. Tetapi saya sangat yakin, itu bukan janji atau pegangan yang boleh menentukan untuk kita semakin baik untuk kedepan.

Tentunya, masa mendatang akan lebih mencabar. Kerana itu janji Allah buat HambaNYA.

Seperti juga kita manusia. Mungkin hari ini, kini dianugerahkan kesihatan dan kenikmatan tetapi itu bukan menjanjikan keesokan juga sama.

Kita memerlukan kesungguhan dalam berbuat disamping memohon doa kepada Allah S.W.T.

Tak akan berjaya suatu apapun kalau kita berjaya tetapi melupakanNYA.

Adalah harapan dan syukur yang tak terhingga kerana negara kita Malaysia, dianugerahkan seorang yang bijaksana. Tentunya orang itu adalah TUN.

Saya dan kami para pembaca blog TUN mengharapkan TUN menggunakan kebijaksanaan itu untuk kebaikan berlandaskan pengalaman dan pengetahuan yang TUN miliki.

Semoga TUN dapat memberikan pandangan yang lebih baik dimasa mendatang.

Salam sayang..

Akamal..,

Salam Tun,

How nice of you to take time in explaining the situation. As an ordinary person, it is significant to us to see leaders sitting together in prayers. If I were the commentator, I would really feel good that you made response to the query.

By the way, I envy those commentators who were able to shake your hands and see you in person. My time hasn't come yet. I was so excited during the Book Fair at KL Convention Centre because I thought I could see you in person. Unfortunately, I mislooked the date of your book signing.

I hope it's not yet late to greet you and your family Selamat Hari Raya Eid'l Fitri. I also want to thank you, because of your policy "Prosper Thy Neighbor", I met my husband.

2. Dia habaq, Tun tak ada sejadah. Lepas tu ada yang dok sebelah Tun suruh TUN guna sejadah dia , Tun tolak dan cakap . awak bawa sejadah awak guna , saya tak bawa sejadah saya, saya kena la sembahyang atas lantai.. last2 dia kongsi sejadah dengan Tun.

3. Duta tu pun habaq lagi dia kagum kat MALASYIA punya aman, pemimpin no.1 sembahyang pun tak ada escot .. kalau kat mekah atau arab .. tentera siap dengan rifel dok keliling jaga..

4. So duduk depan ka duduk belakang ka sama aja tun...

1. Bagi saya Sembahyang di luar atau di dalam masjid tak menjadi masalah yang penting hati kita dengan Allah. Kalau sembahyang di depan dengan bertujuan nak tunjuk kat orang, itu riak namanya.

2. Apa pendapat Tun mengenai sesetengah Masjid dan Surau di Malaysia yang dilebelkan dengan sesebuah parti politik, terutamanya PAS. Sehingga sembahyang pun jadi tak khusuk kerana merasakan tersalah tempat.

3. Tak bolehkah semua Masjid dan Surau mesti bebas dari sebarang lambang Parti Politik?

PERALIHAN KUASA

Apabila pemerintah bertukar kerajaan mahupun takhta bertukar tangan sesuatu yang rakyat dambakan adalah perubahan dan penambahbaikan atau 'reform' dan 'improvement'.

Bidang memilih pengganti bukannya kerja mudah seumpama membuat telahan atau ramalan bilangan bintang di langit. Sebaliknya adalah amanah berat kerana yang memilih samaada suara rakyat atau pemerintah tertinggi yang bakal menerima kesan dari pilihan yang dibuat di kehidupan dunia ini mahupun

kehidupan selepasnya.

Mengira detik bilangan hari peralihan kuasa bukan satu persoalan. Bulan Mac tahun depan bukanlah jauh di hujung dunia. Bukan pula lambat apabila dihitung purnama. Tetapi titik persoalan utama sekarang adalah kredibiliti yang dinanti daripada si pengganti.

Sesuatu yang dinanti adalah kredibiliti yang datang daripada keupayaan dan kejujuran pengganti. Malaysia mungkin mempunyai ramai kelibat pemimpin berkarisma dan bijak tapi apa yang bakal dituntut adalah keupayaan yang menjadi teras kekuatan pemimpin dan kejujuran yang menjadi dinding akhlak bakal si pengganti. Diharap Malaysia akan menerima pemimpin yang punya kedua-duanya.

Apapun yang pergi akan tetap dikenang dan yang datang bersilih ganti.

Khas buat Dato Seri Abdullah Hj Ahmad Badawi lafaz selamat tinggal diucapkan dan jika ditakdirkan Dato Seri Najib Tun Abdul Razak akan menjadi pengganti atau bakal pemerintah lafaz tanhiah diucapkan.

Tambahan lagi kepada DS NAJIB ucapan....

GET READY ditalukan kerana rakyat MALAYSIA khasnya TUN MAHATHIR tidak akan duduk senyap kerana segala tindak-tanduk dan gerak-geri akan diperhati.

SALAM

MEMILIH PENGGANTI

Abu Bakr al-Siddiq pada penghujung hayatnya, menulis surat mencadangkan penggantinya. Dalam surat tersebut beliau menyatakan seperti berikut:

“Bismillah al-Rahman al-Rahim. Inilah apa yang dipesan oleh Abu Bakr bin Abu Quhafah di waktu akhir hayat di dunia ini, sedang keluar darinya, dan permulaan tempoh di Akhirat, sedang masuk ke dalamnya. Di kala seperti ini, seseorang yang kafir akan beriman, seseorang pendusta akan bercakap benar. Maka aku –dalam keadaan begini- melantik pemerintah kamu selepasku ini ‘Umar bin al-Khattab. Maka dengar dan taatlah kepadanya. Aku tidak akan mengurangkan sedikit kebaikan pun buat Allah, rasulNya, agamaNya, diriku dan kamu. Sekiranya ‘Umar berlaku ‘adil, maka itu sangkaan dan pengetahuanku mengenainya. Jika dia sebaliknya, maka setiap individu berdasarkan apa yang dikerjakan. Sedangkan aku inginkan kebaikan dan tidak pula aku tahu perkara yang ghaib. “Nanti orang-orang zalim akan mengetahui di mana kesudahan mereka” Wa al-Salam ‘alaikum wa rahmatulLah”. (al-Sayuti, Tarikh al-Khulafa, 32, Beirut: Dar al-Fikr).

Surat ini menggambarkan betapa Abu Bakr al-Siddiq membuat cadangan penggantinya atas asas tanggungjawab di hadapan Allah tanpa sebarang kepentingan diri. Beliau juga memikirkan masa depan umat di bawah penggantinya, juga perasaan gerunnya kepada Allah tentang apa yang akan dilakukan oleh penggantinya.

Salam Tun,

In Islam everything is simplified you can go to the front row in the mosque if you come early and you dont go to the front when it is already overcrowded causing inconvenience to the person sitting there earlier.You can pray on top of a tree house bringing mineral water for ablution.You can pray in the jungle, you canpray in the desert, you can pray on board an aircraft, you can pray ina ocean liner.You can wear anything that is simple and clean.What matters is you do all the bad things that Islam forbids and you go to the front row to show people that you are a very pious man.God dont look at who you are where you come from, the colour of your skin , your handsom face, God look's at your HEART !!!!!!!

Goodbye.

Biasa ler, dah takde isu. Sembahyang Jumaat pun jadi isu. Memang dah kebiasaan TDM sembahyang kat luar. Rakyat ramai yg tahu, sebab berpeluang jumpa dan berjabat tangan ngan TDM time sembahyang Jumaat. Ini pun jadi isu, pelik ler.

Apa-pun dapat bersalam ngan TDM masa open house dah cukup bermakna untuk saya. Kalau dapat tangkap gambar bersama lagi bagus...hehe...

gambar yg dapat sy ambil, sy dah send kat

CHE DET FAN CLUB...leh view kat sini

Salam buat Tun dan Semua,

Saya menyokong tulian KUNTAUJATUH, kepada yg lain2 yg memberikan komen pasal xpenting saf mana yg dok, diharap pegi la sambung blajar agama lagi, amatlah penting dan besar pahalanya saf depan kalau kita tapi kebanyakan yg komen bercakap xtentu hala, sokong membabi buta

TUn mengatakan dia kebiasaannya duduk diluar itu kehendak TUN sendiri tapi TUN xkata yg dok diluar atau dalam xdak beza, yg komen2 nie yg lebih2 lak kenapa?

Nak tidakkan hadis ke? xpercaya ke pada Quran dan Hadis? lain kali kalau nak brcakap fikir2 la..tambahkan ilmu bukan cakap semberono, konon2 ' saya ni xpandai agama tapi disaf mana xpenting '(ayat seorang diatas) mmg la xtau agama lagi macam tu...nak tunjuk pandai

kalau boleh bab2 agama ni kalau xcukup ilmu jgn la bercakap buat dosa jer..minta maaf yer..

Salam Tun,

Saya baru je join as a member dan amat tertarik dan menyokong sepenuh hati dengan setiap rencana yang Tun tulis. Saya adalah ahli Umno dulu kini dan selamanya. Dan saya bangga menjadi rakyat Malaysia semasa pimpinan Tun. Tapi menjadi meluat dan menyampah dengan pemimpin sekarang yang hanya nak jaga kepentingan diri sendiri saja. Perjuangan mereka dalam parti tidak ikhlas dan mereka berjuang bukan untuk bangsa dan tanahair tapi untuk kedudukan dan jawatan. Saya benci melihat mereka begitu rakus mengaut keuntungan sendiri sehingga sanggup mengadai masa depan negara.

Siapa pemimpin selepas Tun yang benar-benar memperjuangkan kedaulatan bangsa dan negara. Kerajaan kita sekarang begitu lemah sehinggakan dah ramai yang berani mempertikaikan ketuanan dan hak orang-orang Melayu. Tambah menyedihkan lagi ada Melayu sendiri yang menjadi Melayu Laknat yang sibuk mempertikaikan hak orang Melayu seperti Menteri Besar Selangor yang sibuk tentang Uitm. Melayu laknat yang menyokong DAP yang sah-sah menentang Melayu, Jadi naib president lagi. Kesian orang Melayu yang senang dilayukan dengan jawatan dan wang ringgit. Saya adalah penyokong Tun dan berani bersama Tun memperjuangkan sesuatu yang benar.

Dah lama tak post komen, so I thought let's chip in.

Saya juga selalu sembahyang jumaat di Masjid Negara - tetapi lokasi kegemaran ialah di bahagian luar kiri sekali. Memang diakui lokasi kebiasaan Tun adalah di bahagian luar ruang utama - tapi itu bukan satu isu jadi tak payah nak komen lagi.

Apa yang saya nak share kat sini ialah sejak 3 tahun lepas, saya memang selalu perhatikan kemasukan Tun kedalam masjid dan keluar selepas tamat sembahyang Jumaat. Saya gembira melihat masih banyak orang yang beratur ingin menjabat tangan dan bergambar dengan Tun walaupun Tun bukan lagi PM kita sejak 4 tahun lepas - terutama sekali mereka dari Asia Tengah, India/Pakistan dan Afrika. Kalau orang tak biasa, mereka tentu ingat ada VVIP atau celebrity yang sedang dikerumuni (in a way, you're both of that).

Keadaan ini berbeza pada kemuncak Tun hangat dikecam di media massa melalui kempen anti Dr.M oleh pihak yang berkuasa. Hanya berapa kerat sahaja yang berani kedepan dan menjabat tangan (takut kena gam lah tu) dan wajah Tun selalu berkerut... Syukur, saya lihat Tun kelihatan lebih tenang sekarang.

Surah Al Imran:36 "Katakanlah: "Wahai Tuhan Yang mempunyai kerajaan, Engkau berikan kerajaan kepada orang yang Engkau kehendaki dan Engkau cabut kerajaan dari orang yang Engkau kehendaki. Engkau muliakan orang yang Engkau kehendaki dan Engkau hinakan orang yang Engkau kehendaki. Di tangan Engkaulah segala kebajikan. Sesungguhnya Engkau Maha Kuasa atas segala sesuatu."

(قُلِ اللَّهُمَّ مَالِكُ الْمُلْكِ تُؤْتِي الْمُلْكَ مَنْ تَشَاءُ وَتَنْزِعُ الْمُلْكَ مِمَّنْ تَشَاءُ وَتُعِزُّ مَنْ تَشَاءُ وَتُذِلُّ مَنْ تَشَاءُ بِيَدِكَ الْخَيْرُ إِنَّكَ عَلَى كُلِّ شَيْءٍ قَدِيرٌ 3:26)

PS: Najib pun selalu sembahyang dikawasan rakyat biasa, baik di Masjid Negara mahupun di Masjid Wilayah.

TUN,

Saya nak tarik perhatian Tun mengenai cadangan Pak Lah hari ni ketika merasmikan perhimpunan Parti Gerakan. Dia mencadangkan sesiapa yang nak masuk BN boleh masuk direct, tak payah jadi ahli mana-mana parti pun tak pe. Apa yang faham daripada cadangannya, sesiapa yang suka BN, tapi tak suka UMNO, MCA, MIC dan sebagainya boleh jadi ahli BN sahaja.

Saya rasa lah Tun, orang tua ni dah buang tabiat lah. Dia cakap dia berkhidmat di zaman Tun Razak, faham intipati perjuangan pemimpin terdahulu ke arah kemerdekaan. Tapi, nampaknya dia sendiri dah terlupa kepada asas pembentukan Parti Perikatan itu sendiri yang mempelopori perjuangan mendapatkan kemerdekaan. Bahawa Parti Perikatan yang kemudiannya menjadi BN itu didokong oleh parti-parti yang diwakili kaum yang memastikan hal-ehwal kebajikan mereka dipelihara oleh BN.

Takkan lah selepas 50 tahun negara di bawah BN, tiba-tiba formula perkongsian kuasa di antara semua kaum ini gagal. Walaupun BN ditolak oleh rakyat, itupun dalam masa 5 tahun yang lepas. Tengoklah siapa yang menerajui BN ketika itu?

Masalahnya sebab utama rakyat menolak BN semasa pilihanraya lepas adalah kerana

pemimpin-pemimpin itu sendiri. Antara mereka ini (walaupun bukan semua) hanya mementingkan pangkat dan kuasa. Perjuangan hanya retorik - tengoklah orang seperti Datuk Ahmad Ismail dan Datuk Zainal Abidin Osman (orang kaya baru terkejut). Mereka ini bercakap pasal hak melayu, merendahkan bangsa lain - tapi apa yang mereka sumbangkan kepada bangsa yang mereka wakili? bila kerajaan dah bagi peluang kepada mereka, lebih banyak yang masuk poket sendiri daripada yang keluar kepada rakyat.

Satu lagi yang saya terasa pelik. Pak Lah cakap nak letak jawatan sebagai Presiden UMNO, tapi tak mau letak jawatan sebagai Ketua Bahagian UMNO. Tak ke pelik? Esok, bila UMNO buat persidangan tahunan, takkan dia nak duduk bawah bersama-sama perwakilan? maklumlah, ahli majlis tertinggi pun bukan.

Itu yang saya terasa amat pelik dengan Pak Lah ni. Saya mengaku, dia memang asalnya orang yang alim. Tapi saya rasa dia ni seperti Gus Dur dari Indonesia. Rakyat Indonesia pun ingat kalau ulamak naik jadi pemimpin negara, maka negara jadi aman-damai. Sebaliknya jadi huru-hara!! Pak Lah memang tak layak jadi pemimpin, dia hanya syok sendiri duduk di kerusi PM tu. Saya rasa Najib tak perlu lah ambil hati Pak Lah, yang perlu diambil hati ialah orang-orang yang di bawah macam kita ni.

Dear Tun,

It must be months trying to post a comment into your blog. Am an old timer and not so computer savvy.

Anyway for the now, just would like to wish you and family good health and thanks for having kept Malaysia on a solid footing in the years you were at the helm.

God bless you and Kak Siti Hasmah.

Best Regards

Tun,

ada sj diorg ni nk cari hal.pasal salam tak salam kt masjid pn nk highlight.tak tgk ka situation tun mcm mana masa tu.

Glad to meet you in Melbourne sir!! I'm with Yuhanis, the person with wheelchair the moment you stepping into your car after the event.

Hidup Tun!

By akubosan on October 11, 2008 11:09 PM

salam tun

I hope your son will become the Ketua Pemuda, I would be surprised if KJ wins. Typical of any politics, the outgoing cronies or links will be phased out. Maybe for the better.

Pls comment on the new potential combination of Najib - Muhiyiddin. And how come Mat Taib is still in the running for Timbalan Presiden, I doubt he is fit for the job due to some circumstances he was involved in last time.

Oh I hope we can accept Paklah as Bapa Demokrasi? Maybe it is the best recognition we can give him and thanks a lot to him for recognising the truth rather than be clouded by people who bootlicked him to

stay on for their own benefits.

Lets do something to improve the position of Islam and strengthen our nation and country.

Salam Aidil Fitri Tun and all dear bloggers

Your note "A commentator on my blog remarked..." came as little surprise as Malaysians of the little-mind species are fond of looking at and making issues out of little matters. Tun, I suppose this is the success of your legacy of "Malaysia Boleh". Now anything seems Boleh :)

Good Night, Salam Kenyalang !

Assalamualaikum ayahanda Tun. Saya ingin mengucapkan SELAMAT HARI RAYA AIDILFITRI kepada Tun sekeluarga.

Baru-baru ini saya berkesempatan pergi ke Jepun diatas urusan rasmi syarikat. Semasa di sana bila saya memperkenalkan diri saya orang Malaysia, mereka serta-merta menyebut nama Tun dan rasa kagum mereka dengan kepimpinan, pemikiran dan wawasan Tun. Mereka menyanjungi tinggi Tun.

Kami mendoakan semoga Tun sehat selalu diberkati Allah swt. Kami masih memerlukan kepimpinan Tun.

p/s Apa kata kalau saya cadangkan Tun masuk bertanding semula untuk jawatan Presiden UMNO? Tun perbaikilah semua kelemahan dan kepincangan kita. Kita semua sayangkan bumi Malaysia ini.

With due respect to you TUN.I am not that educated but like to pen in my thought.I like write in a point form the way you pen in your CHEDET.com.

1.For the Indian.What you mention in your spceeh.Samy Vello never allow another Indian party or The Indian Muslim party to join BN.

Being the PM and had seen Samy kissing your hand and feeding Cake during your birthday.If IPF or KIMMA was given the oppurnity to join

BN.Today we may not have to face HINDEF.This parties could have brought up issue of the Left over Indians.

2.IN Sabah initially it was only PBS,berjaya.USNO.Look at the current situation the breakaway parties with one or two MPs were allow to join BN.A overnight entry as winner man club.

3.For the last 22 years.UMNO really toe their line You had infact sack or some DPM left.No douth some may have not like all you did but the vast majority neither Malay,chinese,Indian have high regards for your wisdom.Some look at one side of the coins only the

another side there is lot of wise wisdom.The fact remains You for quite a will presume ABB lame duck you really wanted him out for the betterment of the Nation.You did give NAJIB your morale support.

At a later days or month You had change you mind toward him as well.

Many Malaysian not UMNO are not comfortable with NAJIB.What choose do we the Malaysia have.He is so TINTED with various issue from C4

and Magolia.Relative a while later you put your HAT on for KU LI.

Ittoo do feel He his UNTINTED given a change with your backhand advice He may be able to bring the Nation Height.The problem here is no division had nominated him as yet.

4.Reading you over 22 years.With all your interligent and dueligent you will not herstste to sack the DPM if you are at the helm.

5.As for now youth leader post is on going.MUKHIZ seem leading most wise He will pull thru.Other PM allow their children or KIN to take up position while still in office.YOU disallow this for your childrens.Is it wrong or right to make them wait for 22 years.UMNO this days do not look at principles and OWN position,wealthand to make their KIN richand powerfull.RAKYAT live with little bread and butter.Sorry

MaggiMee and Roti chanai.

6. IN the years of 70 or 80 even in ninty UMNO was not for what its is today full of greed. UMNO can spend 281 million only on campaign materials whatabout all the others things. With 28 million million if one Malaysian are given 1 million each. All Malaysian a Millionair now. Last but not least NO FOR NAJIB what diffirent this will make as I am NOBODY. Come what may go ahead with your wisdom and nobody is talking about VSION 2020. Because their do not any VISION
