Salam Tun,

KUALA LUMPUR, Sept 28 (Bernama) -- The postponement of the Umno general assembly to March next year does not contravene any regulation in the party constitution, its vice-president, Tan Sri Muhyiddin Yassin said.

He said it was the right of the party's supreme council to decide on the date to hold its general assembly.

"As provided in the Umno constitution, the highest authority is the supreme council, besides the general assembly, and the supreme council has the right to fix the dates for meetings, including that of the general assembly, and the latest is the decision to postpone the general assembly... I don't see how this can be an infringement of the constitution," he told reporters after breaking fast with single mothers and the disabled here Sunday night.

He said everybody should look at the postponement in a wider context, which was to solve problems on the power transition and based on the understanding reached by the leadership."

Saya lihat ahli2 MT are a bunch of goondus!!! Semua ahli2 MT dah jadi lembu kena cucok hidung, tak boleh berfikir, cetek pemikiran, tak pijak di bumi yang nyata dan tiada langsung perihatin dengan nasib rakyat dan parti. Mereka semua dah lapuk, dudok kerusi MT terlalu lama, dah berkarat, dah jadi besi yang berkarat, sudah wajar di antar scrap.

Ahli2 MT di pilih oleh ahli2 parti dari yang bawah. Ahli2 parti yang dibawah yang memilih mereka dudok di MT. Mereka harus berkhidmat untuk kepentingan parti dan kepada kepentingan dan kehendak ahli2 parti.

Persoalan nya:

Dengan menunda Perhimpunan agung ke bulan March, adakah ini akan memberi manfaat kepada Parti, keuntungan untuk Parti atau memberi kepentingan Pak Lahap dan memberi manfaat kepada Pak Lahap? Jawapan nya sudah jelas lagi bersuloh, ini hanya akan memberi manfaat dan hanya kepentingan Pak Lahap. Ahli2 MT semua otak berjambul, dah tak bole berfikir atau kerana sikap pengecut, bachul, dayus, sanggup memberi persetujuan kepada Pak Lahap tanpa berasa segan silu, sebulat suara memberi manfaat kepada Pak Lahap, membelakangkan kepentingan Parti dan hasrat semua ahli2 Parti. Ini sudah terang lagi bersuloh, adalah satu pengkianatan kepada semua ahli2 dan UMNO sendiri. Apa mereka berfikir yang mereka ni semua "Untouchable".

Semua ahli2 MT dan Pak Lahap sudah terang lagi bersuloh sudah sedar akan kebencian ahli2 Parti terhadap Presiden Parti. Semua ahli2 Parti mahu Presiden parti di Perhimpunan agung yang dijadualkan di bulan December, diberi mandat supaya berhenti dengan serta merta, letak jawatan, ditendang keluar, get lost, pi terjun dari Putrajaya.

Semua ahli2 Parti mahu Perhimpunan Agung di adakan di bulan December ini dan tidak ditunda. Ahli2 MT mesti menghormati kehendak semua ahli2 parti, ahli2 MT harus menjalankan amanah dan menjaga kepentingan parti bukan menjaga kepentingan Presiden. Kalao ini lah sikap ahli2 MT, semua ahli2 parti

harus berani melawan arus dan reject ahli2 MT yang sudah lapuk macam besi berkarat, dan reject mereka semua. It is time for a total revamp demi kepentingan Parti.

Pak Lahap sebagai Presiden parti harus sedar diri. Awak dipilih menjadi Pesident parti atas kehendak ahli2 dalam Parti. Sekarang semua orang tahu yang rata2 semua ahli2 parti tidak mahu beliau dudok sebagai Pesident Parti. Semua ahli2 parti dah meluat melihat karenah Pak Lahap dan pecaturan kotor dan jijik yang sedang beliau lakukan. Pak Lahap harus jadi gentlemen, bukan dayus and bachul. Sebagai Imam Hadhari, tapi tak tau diri, beliau sebagai pemimpin harus taruk kepentingan Parti dahulu dari kepentingan diri. Dengan menunda tarikh perhimpunan Agung, Pak Lahap telah membelakangkan kepentingan dan hasrat ahli2 Parti dan UMNO. Itu bukan sikap seseorang Imam, pemimpin atau Presiden parti. Pak Lahap sudah jelas lagi terang bersuloh, tak layak jadi Pemimpin atau Presiden Parti, hanya layak jadi Tok Kadi kot.

Semua ahli2 parti, Teruna dan dara, Kakak2 dan abang2, makcik2 dan pakcik2, ayuh!!!! jangan merelakan durjana2 ini melakukan sewenang wenang Parti kita semua. Jangan kita merelakan durjana2 dan pengkianat2 ini dengan sewenang wenang melakukan suka hati mereka macam parti bapak mereka. Ini adalah Parti kita semua, UMNO melambangkan Parti bangsa dan negara dan bukan parti bapak mereka.

Mari lah kita semua, perwira bangsa dan negara, lakukan untuk kepentingan dan martabat bangsa dan parti.

Perhimpunan Agung harus dilakukan seperti yang dijadualkan di December ini. Pak Lahap harus letak jawatan serta merta, supaya tidak melakukan perkara2 yang boleh meranapkan Parti dan negara.

Pak Do Lah suka ti Do lah

Pak Do Lah dah tau rakyat tak suka beliau tapi di buat bo Do lah

Sekarang Pak Do Lah dah so despera Do lah

Belia benci.....!!!! Pak Lah!

HARGA MINYAK TAK TURUN PUN TAKPA, JANJI PAKLAH TURUN!!!!

Gula2 Pak Lahap dah tak laku lah!!!

Hidup UMNO!!! Hidup Melayu!!!! Hidup Tun!!!!

Tun, thanks for your message.....

Notwithstanding, some careful drivers will also become victims due to those irresponsible road users.....

I am a slow and careful driver, but encountered a near death situation when travel along KESAS highway.....2 cars with lightning speed couldn't wait to enter hell and roaming along the highway....i was forced to sway into the slower lane seeing the cars approaching like bullet, without noticing that the cars had intention to overtake me from the slower lane too.....lucky me and my family escaped, due to probably their good skills in manouevering their cars, but misuse those talent in the wrong place and intention!.....

We are frustrated that why the patrol police don't make use of the vehicles paid by the taxpayers to conduct surveillance check along roads, spotting such irresponsible drivers.....instead extremely effective in patrolling around hunting for people using handphonses.....not only that, they also let those villians roaming freely on the roads in the middle of the night / early morning before dusk , all looking for their preys.....

Selamat Hari Raya Aidilfitri to Tun and wife and families, this is not the first time Tun reminded us to drive safely.....every festive season Tun will do the same, and we all appreciate it very much, and we love Tun

too.

Dear Tun,

Selamat Hari Raya and TQ for the open house invitation. Many thanks for writing to remind readers of travel safety.

Tun has planned and done up many good road networks during your time of 22 years as PM and two of which is the North South Highway and the Penang bridge which have shortened travel time and is so helpful during the festive season for balik kampung.

I do regret that the double tracking project that you have planned and started was shelved and was revived much later after a few years of delay, had it been continued throughout, there would have been an additional avenue for the rakyat to balik kampung with safety, perhaps help to reduce the mad rush for bus tickets and certainly help save on petrol cost and environment!

Dear Tun, wish selamat hari raya and maaf zahir batin. It is an honour to shake hand with the best Prime Minister in Malaysia yesterday at Pasar Ramadhan Putrajaya :)

Thank you for the reminder, and for your concern. You have always been very thoughtful.

We won't be traveling far this time around. We will just be heading to Port Dickson.

But all our roads are notorious for its jams. Imagine what it would be like if not for the North-South PLUS highway. Kudos to you Tun.

But still our highways are not expertly maintained. You can feel the bumps wherever resurfacing is done and the uneven surface collects water when it rains, which of course can result in aquaplaning which of course is dangerous.

We will heed your advice Tun. God bless.

YaBhg Tun berdua,

Saya masih ingat pada mula-mula Pak Lah menjadi PM, Dia betul-betul optimis bahawa kempen dia berkesan dari lain-lain PM, tapi sampai hari ini dipenghujung KUASA dia masih bercakap benda yang sama tanpa apa-apa tindakan yang drastik.

Betul cakap TUN, sikap kita menjadi penyumbang utama kepada meningkatnya kadar Kemalangan. Jika 'Orang Lain' tidak peduli tapi biarlah kita menjadi warga yang ambil peduli.

Thank you Tun. The problem with Malaysian road fatalities are due to many problems that are within the government's control.

I think that the transport authorities have the means to clamp down hard of "flying licenses" that continue to pose great risk to other legitimate road users. I hear that Malaysia is one of the worst in the world with fake license problem.

I also think that having continuous and simultaneous spot checks will also bring some relief to motorists that efforts are made to 1) Make sure that all vehicles are roadworthy 2) Drivers are legitimate 3) Scrutinise the quality of driving.

I also think there MUST be heavy penalties applied and people made examples of where any accident occurs with an injury and/or fatality!

By damien on September 30, 2008 4:21 PM

Dear Tun,

I find our PLUS Highway is very safe to drive. When you overtake, you don't have to worry about on coming vehicle. Then, why accidents still happen?

Happen because we have people who drive at 160 to 200 km/hour.

Happen because there are people who drive too slow.

Happen because we tend to rush home via night driving.

Happen because we are sleepy, tired and never take a rest for 10 to 20 minutes.

Happen because these don't care express drivers. Just imagine these drivers are speeding at 140km/hour at night. I hope these drivers understand physic. The centre of gravity for a bus is higher than private car and therefore it is far more unstable during speeding.

Best regards to Tun,

UPDATE: KUOTA PENCALONAN AKAN DIMANSUH, PERWAKILAN BAHAGIAN AKAN DITUNDA....

Maklumat yang baru saya terima mengesahkan bahawa Datuk Seri Abdullah Ahmad Badawi memang akan mencadangkan kepada Majlis Tertinggi (MT) UMNO bagi menundakan persidangan perwakilan UMNO bahagian daripada 9 Oktober 2008 kepada Februari 2009.

Abdullah juga dijangka merujuk kepada MT UMNO untuk mengadakan satu Perhimpunan Agung UMNO (PAU) Khas bagi memansuhkan kuota yang dikenakan kepada sesiapa yang berhasrat bertanding jawatan tertinggi dalam parti di peringkat bahagian dan pusat, termasuk Presiden, Timbalan Presiden,

Naib-Naib Presiden dan ahli MT.

Usaha ini membuktikan bahawa Abdullah akan meneruskan niatnya mempertahankan jawatan Presiden UMNO. Tetapi, oleh kerana tidak yakin memperolehi kuota pencalonan yang diperlukan, iaitu 58 pencalonan daripada bahagian bagi jawatan Presiden, Abdullah pula berusaha untuk memansuhkan kuota itu menerusi PAU Khas.

Pembatalan kuota ini, jika dipersetujui oleh PAU Khas, akan menimbulkan anamoli kepada warga UMNO yang bertanding jawatan di peringkat bahagian.

Oleh kerana persidangan cawangan UMNO di seluruh negara sudah berakhir baru-baru ini, dan mereka yang akan bertanding di peringkat bahagian sudah pun diketahui, maka adakah MT UMNO juga akan memutuskan supaya pertandingan di peringkat bahagian tidak akan terikat dengan sistem kuota?

Bagaimanapun, tafsirlah sendiri apakah erti dan implikasi kepada semua tindakan ini. Dan, bayangkanlah sendiri bagaimana bercelarnya keadaan berikutan perkembangan ini.

Akhir sekali, mungkinkah MT UMNO akan akur kepada saranan Abdullah untuk menundakan persidangan perwakilan bahagian kepada Februari 2009 di samping mengadakan PAU Khas untuk memansuhkan kuota berkenaan? Kita tunggu dan lihat apakah kesudahannya tidak lama lagi! – Ruhanie Ahmad

By gascylinderboy on September 30, 2008 6:14 PM

Salam Y.A.Bhg Tun,

Saya harap apa yang saya perkatakan ini dapat membuat kita semua menilai dan berbuat sesuatu yang

baik demi untuk mengurangkan kadar kemalangan kenderaan di jalanraya.

Kita sedia maklum kadar kemalangan meningkat apabila musim perayaan dan pihak pemandu menjadi sasaran kritikan masyarakat. Namun kita harus sedar akan fakta dan penyebab lain selain dari punca pemandu dan pemanduannya.

Fakta usia kenderaan dan fungsi kenderaan harus juga kita ambil kira. Kita harus sedar akan kenderaan lama dan usang juga adalah penyumbang terbesar kepada kemalangan maut. Apakah tindakan penyelesaian kepada masaaalah ini?

Saya menyarankan kerajaan agar tidak membenarkan penggunaan kenderaan lama dan usang ini di jalan raya. Ini dapat menyumbangkan kepada penggunaan kenderaan baru dan persekitaran yang menarik di jalan raya.

Cuba kalau kita bayangkan kenderaan yang telah berusia 10 tahun dan mengalami keadaan kecemasan di jalan raya seperti emergency brek dari kenderaan di hadapan. Apakah kenderaan usang ini mampu untuk bertindak pantas dan berkesan sekiranya sistem brek kenderaan ini sudah tidak mampu berkhidmat baik. Fakta usia kenderaan yg sudah lama dan kelusuhan bahan komponennya menyebabkan kenderaan ini tersasar dan menghentam kenderaan hadapan.

Kenderaan yang berfungsi dengan baik akan memberi pemanduan yang selesa dan selamat kepada penumpang.

Saya percaya penjualan kenderaan pada pasaran tempatan juga akan meningkat dan membantu ekonomi Negara. Dan harapan saya... harga kereta Proton harus di turunkan dan lebih kompetatif agar mendapat sambutan masyarakat. Saya percaya Proton mampu lakukan bagi mengurangkan kos pembuatannya. Kerana fakta volume yang tinggi akan membenarkan pihak pembuatan mengurangkan harga jualan mereka. Proton harus memulakan proses ini agar menarik perhatian pembeli.

Di dalam keadaan ekonomi yang agak suram, pihak Proton tidak harus meletakkan sasaran keuntungan yang besar. Ambil lah kadar keuntungan yang kecil. Namun jangan risau kerana jumlah penjualan yang tinggi akan menyebabkan keuntungan Proton mencapai kepada sasaran perniagaan mereka. Bukan kah ini yang kerap di panggil 'Win Win Situation' oleh warga peniaga. Proton sudah bertapak 25 tahun maka kematangan perniagaan mereka harus di wancanakan melalui tawaran-tawaran menarik hati pembeli dan pengguna.

Saya juga percaya peralatan dan mesin-mesin di Proton kebanyakan telah dapat di lunaskan pelaburannya. Maka kos-kos ini harus di lupuskan dari kos pembuatan kereta Proton. Saya yakin Proton mampu membina perniagaan yang berteraskan KENDERAAN UNTUK RAKYAT.

Maka rakyat mampu membeli kenderaan baru pada harga yang rendah dan mutu kereta Proton juga dapat di pertingkatkan. Lonjakan jualan akan berlaku sekiranya Proton berani membuat perubahan.

Saya merasa besar keyakinan bahawa kadar kemalangan akan berkurangan di masa hadapan sekiranya kenderaan yang baik dan pemanduan yang berhemah dapat di jadikan asas penghidupan masyarakat Malaysia.

Kiranya pandangan saya ini boleh di guna pakai maka saya harap semua golongan mendapat faedahnya sesungguhnya saya bukanlah ahli ekonomi atau ahli cerdik pandai mahu pun ahli politik.

Salam hormat SELAMAT HARI RAYA....Maaf Zahir Batin kepada Y.A.Bhg Tun, Y.A.Bhg Tun Siti dan keluarga.

Tun,

Jumlah kematian di jalanraya tiap-tiap tahun untuk balik kampung jauh melebihi angka kematian peperangan yang pernah dialami oleh Malaysia. Perbincangan yang serius harus dibuat untuk mengurangkan nahas ini. Risiko balik kampung lebih tinggi dari risiko pergi perang!

By hairi nawi on September 30, 2008 8:22 PM

bagi saya, setelah berada di dlm kereta umpama memasuki jet pejuang. ketika berada di jln raya umpama di medan perang. jika saya lalai saya akan di serang musuh dan menjadi mangsa sama ada akibat kelalaian sendiri atau dihentam musuh dr depan, kiri, kanan ataupun belakang. org lain yg memandu secara bahaya adalah musuh saya. kadang2 musuh itu tak perlu pun diserang utk menumpaskannya krn disebabkan kelalaian sendiri mereka menjadi mangsa kpd sikap mereka sendiri yg gopoh dan tidak bijak berjuang di medan perang.

sbb itu saya perlu sentiasa bersiap sedia di medan jln raya krn musuh boleh dtg dr mana2 arah dan tanpa diduga. kekuatan mental dan psikologi diperlu kn jika mau ke destinasi dan kembali ke kem dgn selamat. strategi pemanduan adalah satu ilmu yg tak boleh diabaikan dan setiap pemandu mesti mengambil serius dgnnya krn jika kita mengabaikan kepentingan pemanduan yg bijak dan bersiap sedia pastinya akan mengancam keselamatan nyawa kita dan keluarga kita.

Salam Tun,

Sedihnya baca tulisan Tun kali ini. Kami yang diperantauan ni tak pernah dengar pemimpin negara ini (British) bagi nasihat pada warga British macam yang Tun buat untuk warganegara Malaysia. Kasih sayang inilah yang menyebabkan Tun berusaha melindungi kami sewaktu Tun menjadi Perdana Menteri dulu. Sekarang, walaupun Tun sudah tidak berkuasa lagi, Tun dan isteri masih lagi mengambil berat tentang kami. Saya rasa kebanyakan dari kami lebih menyayangi Tun sekarang dari dulu kerana sekarang kami lebih memahami tindakan dan pemikiran Tun. Kami juga dapat merasai kasih sayang Tun kepada Malaysia. Tun, walaupun teringin nak ke rumah terbuka Tun tetapi jarak yang jauh tidak memungkinkan ianya berlaku. Saya berdoa kiranya Allah memanjangkan umur kita supaya dapat kiranya saya bertemu Tun pada tahun-tahun yang akan datang.

Tun juga diharap berhati hati kerana Tun adalah 'stumbling block' atau penghalang terbesar untuk pihak Zionist masuk secara langsung dalam bentuk politik ke dalam pentadbiran Malaysia. Bukan Pak Lah kerana Pak Lah bagi saya tiada pengaruh dan tidak dihormati oleh 90% rakyat Malaysia. Tiada Tun, maka senang saja ditawan hati kami ini kerana selama ini keyakinan pada Tunlah yang menyebabkan

kami masih lagi befikiran rasional terhadap kerajaan. Kerana Tun telah memberikan pengetahuan kepada kami untuk tidak membenci kerajaan tetapi bidak bidak di atas yang perlu diturunkan.

Sekian, Selamat Hari Raya untuk semua

I believe in what you have say Tun, it is truth that when festival period arrive the amount of road accident will increase.

I believe to counter the problem we need to:

- Study the statistics of the amount of population versus the amount of vehicles in the road.
- Study the statistics of the amount of vehicles versus the width and length of the road offers.
- Study the demographic previews of in manners linkage to the variable that contribute to such and tragedy.
- Vehicles car maintenance record versus the life expectancy.
- Study of road risk accident prone prevention and remedy.

- Education and re-education of ethical values, behavior and risk management on driving on the road.
- Study on substantial rewarding system on factors condones to conditioning of character and personality inheres to the behavior of the driving norms.
- Implementation of reconditioning and consecutively enforcement to ensure compliant to such standard of acceptance.
- Statistics of the parties that may ascribe potential profit from the tragedy. Which may indirect contribute to the unpleasant remote contribution.

Study also beguiles us that despite enforcement the statistics also did not show encouragement. One must began to wonder that is the enforcer need to be re-educating to the condition and policy that need to response to make the agenda successful.

So it is not the behavior of the driver that concludes the predicament of the Hari Raya Puasa migration. Factual believe is also taken into consideration the factors and variables above that may have add or serve as a sign of potential prevention in near future tragedy.

I wish all Malaysian have a pleasant and wonderful driving in this seasonal festival throughout the countryside and beauty of our nation.

I love Malaysia and the people in it!

Assalamualaikum Tun sekeluarga,

Saya amat berterima kasih dengan kerajaan Malaysia kerana telah menyediakan kemudahan jalan yang dapat memudahkan kami seluruh rakyat untuk menikmatinya walaupun tidaklah seperti jalan di Europe,

namun ianya adalah antara terbaik di Asia. Walaupun destinasi di Malaysia tidaklah sejauh perjalanan di Indon atau Thailand dll negara di Asia namun perjalanan melebihi 2-3 jam amat memenatkan.

Saya amat berharap sistem pengangkutan di negara kita dapat menjadi seperti negara-negara seperti di Europe. Bukan sahaja menyediakan lebuh raya yang baik tetapi sistem keretapi yang menjadi salah satu alternatif pengangkutan yang efisien.

Harap-harap Malaysia akan mempunyai alternatif pengangkutan yang lebih banyak dan efisien. Bukan sahaja untuk balik kampung tetapi juga untuk kegunaan di bandar-bandar yang pesat membangun seperti Kuala Lumpur, JB, Penang Island dan juga bandar-bandar di Sabah dan Sarawak.

Moga Impian Menjadi Kenyataan.

Selamat Hari Raya Maaf Zahir Batin.

Your advise is important for all. It is sad to read about the yearly fatalities, many due to the carelessness of the driver. We need to appreciate life and other people, thus we should drive more responsibly and constantly think of safety first.

Selamat Hari Raya Aidilfitri Tun & readers.

Driving habits reflect one's character. It may not be too far reaching to also say that accidents statistics reflects, in one way, the nation's candid attitude towards life. There seemed to be an ugly trend towards our progress for 2020. We are becoming selfish, arrogant and intolerant.

Attitude, if only we can improve it, will benefit us all leaps and bounds beyond race, religion, status and politics. will make life worth living (if we stay alive that is).

Safe driving all.

Selamat hari raya Tun sekeluarga,
Statistik menunjukkan kebanyakan kemalangan berlaku di jalan persekutuan dan bandaran. Lebuhraya NS adalah yang paling selamat digunakan. Saya ingin mencadangkan supaya pada musim perayaan, kadar tol di lebuhraya NS dikurangkan untuk menggalakkan pemandu menggunakannya. Volume bertambah, Plus tidak rugi apa pun. Satu lagi khidmat masyarakat dari Plus.

Dear Tun,

'SELAMAT HARI RAYA AIDIL FITRI KEPADA TUN DAN KELUARGA" Juga kepada semua pembaca agama Islam. Kepada semua rakyat M'sia lain, sama sama kita tumpang kemesraan dan kemeriahan.

NASIHAT dan KUASA

Memberi nasihat langkah pertama. Susulannya ialah kuasa hukuman. Hukuman perlu penguatasaan yang berkesan. Sinilah kecacatannya - penguatasaan membuta.

CARI PUNCA BETUL!

Banyak kemalangan dilebuh raya berlaku di lorong memotong. Kerana dilorong ini terjadi berebut ruang. Lorong ini untuk memotong bukan lorong memandu jadi berlaku pertarungan bila yang tak memotong dan lembab mencengkam jalan buat yang lain hilang sabar potong selang selang.

Tapi operasi polis tak mensasar golongan ini (potong selang selang dan lembab). Mrk sembunyi bawah jambatan, belakang pokok hala kamera pada lorong memotong. Orang yang kena saman adalah yang terlajak 120km sejam kerana jalan lengang tak ada halangan didepan - keadaan yang tak merbahaya. Banyak saman begini didapati dalam sejam kerana jalan lurus lengang. Si lembab tak di saman pandu 100km di lorong memotong! Pemandu memotong dengan bahaya tak di kesan kamera! Dia di lorong tepi yang terhadang.

Sepatutnya polis tumpu perhatian jenis pemandu ini serta pemandu terlalu laju (lebih 150Km). Jangan campur dengan yang terlajak sedikit. Dah dapat, kesan alamat esoknya dan lusa cari pemandu dan beri saman depan muka. Ini penguatasaan 'EFFICIENT, EFFECTIVE, ENDURING' - cepat, berkesan dan berpulangan. Pemandu ini tak kan 'mudah lupa' layanan mesra polis ini untk diulangi. Penguatasaan untuk mengajar bukan pungut hasil, jadi saman bertimbun tak guna.

SEKARANG ORANG TERIMA SAMAN MCM TERIMA KAD RAYA! ADA MCM DISCOUNT VOUCHER!

Cara membuta sekarang menyusahkan pemandu yang tak merbahaya, membiak rasuah, membeban kendalian kerja pejabat dan tak mencapai matlamat kurang kemalangan - kecuali memenuhi karung duit.

Samalah di jalan biasa. Polis pasang perangkap laju tangkap pemandu 70km sejam di kawasan 60km. Bertimbun saman dia dapat sejam. Berapa nyawa terselamat? Pemandu potong diselekeh, pemandu bahaya potong selang selang berleluasa di tempat lain. POLIS CARI KERJA SENANG?

Tiap tiap tahun cara sama digunakan. Tiap tiap tahun kemalangan meningkat. Tiap tiap tahun polis salahkan pemandu. Selain pemandu sendiri, siapa boleh mengubah sikap kelakuan pemandu? Nak tak nak saja.

Dear Tun,

Selamat Hari Raya maaf zahir batin. Do you still remember me when you visited Kulim in the 80's in one of the factories. I was standing by in one of the computers and shake hands with you. I was young and felt great then. Thank you Tun.

By Desteria on October 1, 2008 8:41 PM

Assalamualaikum Tun,

Pasal drive laju ni, Malaysian ada habit buruk ni..

Setakat ni, bila saya drive di Kuching, Alhamdulillah pemandu masih lagi bersopan, tidak terkejar dan tidak kurang ajar, kita keluar dari simpang pun diaorang lane utama bagi sambil lambai tangan dan senyum.

Rasanya kena tanam sifat bersopan santun bukan setakat pada pergaulan tapi pada pemanduan juga. :)

By loglag on October 1, 2008 8:44 PM

isn't it obvious??? we really need the double tracked train service to transport more people in shorter time. road is no longer a viable solution. i believe more people would take the public transport if the service and pricing is right. cheaper, safer and greener. One other point is PLUS and other tolled motorway operators shouldn't charge tolls when their route is scattered with so many potholes and roadworks. sure, countries like france and others do charge tolls but their motorway condition is far better. i suppose, there should be a rule if there is roadworks etc on the stretch of motorway, the toll charges should be discounted. i wouldn't pay for a half cooked meal or baju koyak... why should i pay for a defected road condition????

Salam dan Selamat Hari Raya Buat Tun Sekeluarga.

Memang benar apa yang dikatakan oleh Tun. Tidak dinafikan kebanyakan orang Malaysia adalah orang berbudi bahasa tetapi apabila sahaja memegang stereng kereta sikap mereka yang berbudi bahasa tadi telah bertukar 360 darjah kepada mereka yang bersikap tidak sabar dan saling mencabar dengan pemandu yang lain sehingga meletakkan risiko yang bahaya kepada penumpang mereka.

Jadi renung-renungkanlah.

By Asvocalasyou on October 1, 2008 10:29 PM

Tun,

1)Once again Selamat Hari Raya AidilFitri.

2)Well said and done.But put the numbers under a microscope.the largest group of deaths is motorcyclists and pillion riders.It is very sad to read or see them on the TV screen.

3)Like you have said,it is supposed to be a celebrating occasion but turn into a mourning occasion for some.

4)Many steps and reminders have been taken in the past but to no avail.The traffic police even sometimes claimed it is a success or an improvement is really sickening.

5)Why are they so oblivious or indifferent to advice,reminder,etc.?Do they realise that their living relatives have to deal with their deaths?

6)I am not an expert on this subject and also do not intend to be labelled as just a loud noise but I think the relevant authorities and the experts should really sit down and come out with a wholesale solution although I do recognise that it is a fallacy to have a zero rated scenario.

7)I can only suggest this is that the operation "Sikap" should continue and expand to other roads during the festive seasons as the traffic volume increases many times on these roads during these periods.

8)The deterrent effect of the presence of the traffic police should be diligently and widely implemented but sadly some officers take a layback approach and say to themselves that"you want to die,it's your business" as witnessed by some empty makeshift tents along the highways during the "sikap"operation.Why no replacement during breaks or due to whatever reasons?

9)Or is it that they are there to increase their revenue so much so that it is now a mind game on how to beat them with emailing a list of locations on their whereabouts and their cameras?

10)The reporting should stop as I really think is counter-productive.

Salam Aidilfitri untuk Tok Det/Tok Mah dan pelayar2 blog,

Hari ni 1 Syawal 1429, Alhamdulillah Tok Det kita jumpa lagi kat Masjid Putra hari ni ;) Sempat jugak snap sekeping dua gambaq Tok Det, walaupun Tok Det dikerumuni oleh banyak sungguh orang asing yang mengagumi dan mengenang jasa Tok Det. Saya pun kerumun jugak pasai sepatutnya saya lah kena kerumun dulu sebab Tok Det pemimpin saya dan Malaysia bukan negara lain ;)

Tak daklah banyak sangat atau elok sangat gambaq-gambaq tu tapi boleh laa.... kalau nak tengok silalah lawat blog saya <http://titianpena.blogspot.com>

Alhamdulillah saya kotakan janji saya untuk mengimarahkan masjid Putra sepanjang Ramadhan hinggalah solat sunat Aidilfitri.

p/s:Cuma satu saya tak berapa berkenan, kepada muslimin/muslimat, selepas solat tu kalau ada khutbah, duduklah dan dengar dulu. Janganlah tergesa-gesa bangun. Bukan lama mana pun. Itu kira majlis ilmu jugak tu. Majlis ilmu itu wajib dari solat sunat. Hormatilah majlis dan masjid. Kadang tu tok imam tak habih wirid dan baca doa, depa dah bangun. Macam manalah nak makbul doa kalau mintak pun dak.

Saya tak marah cuma bagi teguran, sempurnakanlah solat dengan kualiti. Solat itu tiang agama, kalau teguh tiang tu rumah tak roboh. Fikir-fikirkanlah.

Kullu 'am wa antum bekhair!

Akhir sekali, tolong baca doa naik kenderaan dan doa mohon dijauhkan dari kemudaratan (untuk elakkan kemalangan yang disebabkan oleh orang lain ka dan macam-macam lagi) ketika keluar berziarah. Sila rujuk blog saya untuk doa-doa tersebut.

+Sekian+

Deputy Prime Minister Datuk Seri Najib Tun Razak said the currently global economic crisis had not dampened the Hari Raya mood.

"We need not be unduly worried about the economy because our fundamentals are sound and I see that the global economic problem has not affected Hari Raya celebrations," he said.

=====

Well I do not see who Najib is trying to kid. Our celebrations have been reduced greatly due to global and local economical factors. Many people in Bagan Lalang Sepang, for instance, are not having their usual celebration due to hard times.

My Most Beloved Tun and Wife,

I have heard a lot about your blog but today is the first day I took my time to read through your writings and respondings comments from everyone here at this blog. I must confess that my love for you is neverending. I love you most because I can feel that you are genuine in your doings and have a great heart for the people and the country. You have never failed to speak your heart out. Your facial expressions and your words are enough to convince me that you are a sincere man. I admire you so much Tun. I am sure that many others share my feelings too although there are a lot more ungrateful beings and those that can be categorised under the "Malaysian Mudah Lupa" group.

The way you wrote this message obviously showed that you care so much about the people and country. God listens to our prayers and grant both you and your wife with good health and long life. God also know that you are still needed by the people although you may no longer be our PM. I can understand your frustration to see your hardworks to build this nation to a respectable level is now being damaged by the incapables.

The comment by Jeffry Suresh really brought tears to my eyes. How I wish that Malaysians from all walks of life, regardless of their race and religions, can unite like those here. I personally miss you leadership so much. You are a great leader and have done a lot for the nation and yet full of humility. May God bless you and your family always.

With most respect and love to you Sir.

Good morning Tun,

It is sad to know that the road accidents are still on the high side eventhough it has decreased compare to last year. Usually the motorcyclists are rank on the highest death. When I visited Guangzhou last year, I found that there were no motorcyclists over there. I was curious and asked my tour leader the reason behind it. According to him, the state government has banned the use of motorcycles (stage by stage) due to high death toll. Instead the government improves the transport system to made them easily available to their people as to save more lives. In our country, will our transport minister dare to make this act as compulsory? It involves alot of hard work and tough negotiations if he sees it as a neccessity to save lives of the motorcyclists. If this act is realized, I am sure BN will win with flying colour in the 13th election. To those who pulang ke city or town on motorcycles, please be very careful and remember the big cars/lorries usually bully you when you are small, and they do not care about your safety. Please take GOOD GOOD Care of your own safety.

Yang Berbahagia Tun dan Keluarga,

Selamat Hari Raya Aidil Fitri. Semoga sihat sejahtera dan panjang umur.

I wish I could talk politics but its Hari Raya lets stop that for a while, next time.

I am a little happy this time around, you know why? Because we are hearing less news on balik kampung accidents. Hope it will maintain to the end of the celebration.

Accident is accident. They say its fated but I guess I am among those who feel extremely sad upon seeing those grim igames. Most of the time I wish I could be the one who can turn back the time so that such nasty accidents could be prevented from occuring. It hurts most when there are children involved.

Tun maaf zahir batin. Until another writing... Abdul Rahman

Ops Sikap XVII was launched 7 days ago and since then over 105 people have died! What does that tell you about the effectiveness of such programs? They do NOT work!

By stratocaster on October 2, 2008 11:36 AM

What S Tan said is partly right. Sometime the fault is on the drivers, sometimes the traffic police sometimes even the road is also to be blamed especially to those who just think that its nothing much to be appreciated after all. (My late father-in-law even came up with the idea that the government should be working on a mechanical device in the the car engine that could reduce speed automatically when it reaches certain speed limit).When the road is good and everyone can test how fast they can go on it, some says that they wish the roads were like those of the 70s. When accidents happened and was caused by drunk drivers which was not mentioned by Mr S Tan, they said 'dah tau hujung minggu banyak driver mabuk, keluar juga ke jalanraya pakai motorsikal, padan muka!'Penunggang motorsikal pulak yang dipersalahkan. This is not the fact but from the scenario everybody can tell that, thats the way the mind of some sector of our society is working. We are adapting the 'might is right' attitude promoted by the American. When the speed limit is set to 110kmph, we should not go beyond that just because our car is big enough, a little bit less than a ferarri, and can go up to 300kmph and start to blame those driving according to the limit(which we 'think' going only at 100kmph) and start showing our index finger to them for blocking our 'personalized' speedway and start zig-zaging on the road. To this kind of drivers, there should never be a traffic rule! About the 'saman', yes go issue them to those who really obstructing the easy flowing traffic, not those who park their car at strategic places which seem a bit clever in avoiding paying the parking fee. Jangan bersikap - oh....! ini orang kuat punya kereta, jangan saman. Eh....! ini ikan bilis punya kereta, saman habis-habisan.....!

Something to see deeply into...from Kuching S'wak. Nice day everyone...

Salam buat Tun Sekeluarga,

Selamat Hari Raya kepada Tun dan isteri juga anak anak yang sentiasa berjuang untuk kesejahteraan eakyat Malaysia dan perihatin kepada maju mundurnya bangsa Melayu dan Islam sejagat.

Saya ksh dan sayang kepada Tun dan berpuluh puluh rakan dan saudara mara saya yg juga sayangkan Tun. Semoga Tun sihat kami doakan. Semoga Tun terus memberi petunjuk kepada kami. Semoga Tun akan terus berjuang sebagai pejuang yg tulen yg memberi khidmat walaupun dengan percuma setelah bersara dari pekerjaan.

Dulu org mengutuk Tun atas BailOut beberapa syarikat dan negara luar juga mengutuk Tun. Taoi saksikanlah dunia skrg org yg mengutuk Tun itu skrg membuat perkara yg dulu mereka kutuk. Amerika sedan meluluskan undang undang bailout sykt gergasi mereka. Kenapa mereka bole dan kita tidak boleh?.....Inilah permainan politik antarabangsa. Apa yg halal utk mereka tidak semestinya halal utk negara kecil spt kita. Inilah yg Tun cuba nyatakan sekian dulu Politik kita cara kita tidak mungkin sama dgn negara lain. Apa yg tidak enak dimata org luar kerana mereka mempunyai kepentingan. Tetapi jika enak dimata kita pasti tidak enak dimata luar kerana mereka gagal menguasai.

Tun yg disayangi. DiMalaysia ini tiada pemimpin yg mempunyai visi spt Tun kerana visi mereka untuk diri dan keluarga sendiri. Keluarga itu penting tapi dah menjadi pemimpin maka tanggungjawab org yg dipimpin juga penting ..dlm kes ini negara itu penting mengalahkan keluarga sendiri. Tiada pemimpin yg mendekati ketokohan Tun setakt ini kerana mungkin pemimpin spt Tun jarang dijumpai diabad ini....pada saya ketokohan Tun spt Mahatma Gandhi.

Tun yg disayangi.....saya menangis dulu ketika Tun mengumumkan persarran Tun di mesyuarat agong UMNO dulu sebelm Tun berjaya dipujuk untuk setahun lagi tangguh...ketika itu saya spt kehilangan seorang pembela bangsa. Menangis saya kerana saya merasakan tanpa Tun negara akan jatuh musnah. Setahun saya menaruh harapan dan memujuk hati ini mengatakan bahawa pengganti Tun iaitu AAB akan meneruskan misi Tun. Tapi skg sya berasa takut kembali kerana ketakutan yg dulu ketika Tun mengumumkan persaraan Tun telah kembali menjelma. AAB bukan perjuang bangsa bangsa..lemah segala galanya//misi yg lemah..ucaan yg longgar..gagal menyakn rakyat..gagal meneragkan kpd rakyat akan misinya..dan tidak memahami ekonomi dgn jelas....gagal melaksanakan tanggungjawab sebagai BAPA kepada rakyat Malaysia...dan banyak lagi yg tidak mampu saya tuliskan disini.

INGATLAH JIKA KHARY JAMALUDDIN MEMEMANGI KERUSI PEMUDA UMNO DISEMBER INI MAKA UMNO AKAN HANCUR.

Akhir kata untuk TUN Selamat Hari Raya...Maaf Zahir Batin.

Assalamualaikum buat Tun yang dikasihi rakyat. The country needs you to come back to unwind the present chaotic crisis in UMNO and BN. You may have the right antidote/prescription to the disease creeping and destroying the country. Even the Malays now do not support UMNO especially the younger generation who do not really know what they might expect to achieve by supporting the opposition, except for finding faults in the ruling government. At least lead us again for a while as PM until u find someone capable of taking over the country. Get rid off those few corrupt and scrupulus UMNO politicians and it shall pave you the way for UMNO to regain it's footage again as a once respectful party. We shall support you all the way. Selamat Hari Raya Aidilfitri to you Tun and your family

Hi Tun !

Please find time to come down to a local event :). KL Downtown - 18-19 Oct 2008.@ Bukit Jalil.

However somber the message that you are trying to communicate, i guess some just don't realize that life cant be lost in a blink of an eye.

I have to admit that i am at fault of breaking rules especially speeding. No buts about it, i am wrong and i do agree.. yet so far i have not caused grief to anyone. I hope to realise from the postings above and try not to mess things up.

Anyhow, cheers and Selamat Hari Raya to everyone.

Tun,

Saya tidak balik kampung. Saya tidak ada kampung. Ayah saya dari P.Pinang, sudah tiada rumah atap itu di Jalan Perak. Begitu juga emak saya yang sudah tidak lagi duduk Singapura. Jika ada pun semua rumah sana sudah diganti jadi bangunan moden.

Saya masih teringat rumah atap itu di Jalan Perak. Amat nostalgia perasaannya. Walau macamanapun, 'balik kampung' masih relevan. Di akhirat nanti.

BALIK KAMPUNG.....

Satu ungkapan jarang disebut 40 tahun daulu kerana semua orang Melayu tinggal di kampung,kawin beranak pinak di kampung.

Ada beberapa perantau (macam P. Ramli,Nordin Ahmad dlln)hanya mampu mendendang lagu Dendang Perantau sahaja:

Di hari raya ku terkenang pada si dia ,kampung halaman nan jauh di sana ,ayah serta bonda kerana tiada kemampuan untuk balik kampung lantaran kemiskinan.

Di kampung baju raya adalah baju sekolah dan kasut sekolah yang baru. Kasut di beli besar dan masukan kertas pada tahun kedua baru betul betul muat (satu kasut pakai dua kali raya!)

Selepas Merdeka ,pada tahun 1969 kita dengar laungan " Melayu Balik Kampung,Melayu Tundun!!!" Itu tanda awal peminggiran orang Melayu semasa jajajahan British telah mula di pecahkan.Melayu telah ada di bandar! Di Kula Lumpur telah ada Kampung Baru,settlement Melayu di Kuala Lumpur yang pertama.

Di tahun 70an ,awal perlasanaan DEB : Melayu mula kebandar untuk menuntut di Univesiti dan Kolej2, kerana baru mendapat peluang pelajaran tinggi (Univeriti Malaya,Univesiti Kebangsaan dan ITM-sekarang UITM)

Di masa itu pun tiada ungkapan balik kampung kerana siswa siswa terus tinggal di tempat tumpangan masing masing dan tidak balik kampung kerana menjimatkan belanja. Malah sepanjang pengajian hanya pulang pada cuti semester.

Perjalan balik kampung juga tidak glamour. Kebanyakan naik kereta api kelas tiga. Penuh sesak. Tidak lah sampai atas bumbung tetapi duduk berhimit di atas lantai kereta api memang satu kebiasaan. Naik

bas? Tidak pernah terfikir langsung!!

Ada yang lagi pandai tumpang van surat khabar di Jalang Riong Bangsar dengan tidur atas susunan surat khabar. Mula mula muka penumpang hampir mencecah bumbung van. Dari satu tempat ke satu tempat surat khabar di edarkan,susunan menurun apabila sampai ka Alor Star sudah tidur atas lantai!!!

Bagitu lah perjalanan Melayu balik kampung di sekitar 1970an semasa Tun jadi Menteri Pelajaran.Sedikit pun tak merungut!

Syukur lah kerana sekarang Melayu berduyun duyun balik kampung dengan K Terbang,dengan Bas,dengan kereta masing masing. Betapa jauh perjalanan yang kita harungi ,kejayaan Melayu telah tempuhi dari "Dengan Perantau" hinggalah ke berkereta berduyun sehingga tak muat halaman rumah nenek di sebabkan semua bawa balik buka satu kereta tetapi 6 atau 7 biji kereta!! Betapa mewah kita.

Apa yang kita harus kenang tentang "Melayu Balik Kampung" ini ialah fonomena tidak akan terjadi sendiri nya jika tidak dengan jasa ,perjuangan,pimpinan seperti Tunku,Tun Husin terutama nya Tun Razak dan Tun Det. Melalui wadah UMNO lah semua itu menjadi kenyataan. Melalu pengisian hak keistimewaan bumiputra selama 30 puluh tahun kita telah memulihkan kepincangan dan pinggirian selama 300 tahun. Sekarang Melayu terlalu mewah hingga timbul fenomena Melayu lawan Melayu tuntutan keadilan berlandaskan pimpinan petualang petualang PKR!!! It is a luxury in deed that we can waste such energy and intelect to play around with decietful politic!!!

SEDAR lah anak bangsa perjuangan itu penuh keringat dan air mata jangan mudah di persiasia.

SELAMAT HARI RAYA TUN

.....Akta Univesiti Yang Tun Anjurkan ibarat kulit kayu Chinchona walaupun pahit ia telah menyelamatkan anak muda bangsa dari berang tak tentu hala, marah entah kepada siapa. Hasutan tentu lah dari An War menyebarkan Malaria. Fenomena ini berulang semula!!!

Hai anak muda tanya bapa ,ibu dan bonda sebelum melangkah tak tentu hala . Silap langkah tergadai agama dan bangsa. Kesal pun tak guna.

Dear Tun,

I remember how you used to remind us of the need to be cautious on our homeward bound trips on TV many years back. However, many advice like yours have fallen on deaf ears. I found that many Malaysian drivers lack patience and are too arrogant to make compromises.In one week, my family has been outrageously overtaken three to four times while going round the roundabout. Some even mount grass verges to overtake others! It is easy to flout traffic laws in Miri, Sarawak(my hometown)because hardly a policeman can be seen patrolling and controlling traffic. A plenitude of dare-devil under-humans take the opportunity to turn the roads into racing tracks in day time, showcasing their reckless zig-zag driving.

Attitudes of this sort have always tarnished the pure joy of the national celebration.

To my most Beloved,Honourable,Father of New Malaysia,Father of Courage,Father of 2020 and etc..etc..etc,

THE GREAT TUN DR MAHATHIR MOHAMED

Dear Sir AYAHANDA TUN DR MAHATHIR,

Today is a memorable day for me for i'm given the opportunity to leave my comment in your blog.Sir, do you know that the moment i start writting, i have a feeling that i'm actually sitting beside you and talking to you face to face and it makes me feel so great and touched...

Sir, before i go on further, let me take this golden opportunity to wish you and Tun Dr Siti Hasmah and all your Family members 'SELAMAT HARI RAYA AIDIFITRI' and MAY GOD ALWAYS BLESS YOU WITH GOOD HEALTH, HAPPINESS AND MOST IMPORTANTLY, WITH CONTINOUS GOOD MEMORY.....

Thanks for your kind concern during tis 'BALIK KAMPUNG' trips...it shows how concern you are towards the nation and the people whom you've lead for the past 22yrs....i still remember those days when you use to give speeches during Hari Raya in televison and i've never missed those speeches and i've stopped watching the speeches with our current so called PM...

Not forgetting your speech during Merdeka Day which i never missed as well and i've stopped that too the moment you step down as our PM...I REALLY MISSED THOSE DAYS AND HOW I AND THE REST OF THE PEOPLE WISH IF WE COULD TURN BACK THE CLOCK AND WATCH YOUR SPEECHES AGAIN ESPECIALLY YOUR STYLE OF TALKING AND COMMENTING ON ALL ISSUES....I really love when you use the word 'APA NAMA' whenever you give your comments and i've adapted..(oops sorry, i copied actually) that word whenever i'm chatting with friends.

I still remember the day when you announce your retirement and when you hand over your 22yrs baton of Malaysia to the so called current PM..i sat infront of the TV and my tears was flowing watching that moment and to my surprise, my wife was also crying when she watched it and until now, i still could not believe HOW or WHY that moment actually took place in the history of Malaysia. AGAIN, HOW I wish if the GOD could turn back the clock.....

Sir, i'm a Hindu and residing in JB and my wife is a Chinese whom is from Penang..We've always admired you and we are so glad and proud that we grew up during your era...Sir, now we have 2 children (girl and boy) and they are now below 2 yrs old and WE've promised to OURSELVES that we will share all your great moments, your great wisdom, etc, etc with our children. We will also make sure that they are aware that Malaysia once had a GREAT AND WONDERFULL LEADER and A CHARMING PRIME MINISTER whom will be cherished FOREVER.....

Sir, the truth is, until now, we are unable to accept the fact that you are no longer our PRIME MINISTER.. You've lead us to believe that LIFE is BEYOND THE SKIES and you have to explore and experience all possibilities and obstacles that may come in between...Since the day you left, our country is leading nowhere and we are actually going backward instead of moving forward...i've no words to express my heart broken feelings towards the current govt and the so called current PM..WE'RE SERIOUSLY DISSAPOINTED SIR...PLS HELP US SIR TO BRING BACK THE GLORY OF MALAYSIA..BRING THE MOMENTS OF DAYS WHEN WE CAN PROUDLY TELL THE WORLD THAT WE ARE FROM MALAYSIA (Which we did so when you were the PRIME MINISTER)...!!!!!!!!!!!!!!

Last but will never be the least,

Dear Ayahanda Tun Dr Mahathir,pls take care of your health coz we saw your recent picture in the newspaper and you look quite thin..We will always be with you and remember you forever and OUR PRAYERS WILL ALWAYS BE WITH YOU AND YOUR LOVELY FAMILY....

SELAMAT HARI RAYA AIDILFITRI DAN SALAM SEJAHTERA PADA AYAHANDA TUN MAHATHIR AND BONDA TUN SITI HASMAH.....

Dear Tun,

I can only agree so much about the cause of road accidents.

In western countries, roads, especially the highways, they all have speed limit. Most people would adhere to that speed limit, obediently. The difference is, in western countries, they have both minimum speed limit and maximum speed limit.

In Malaysia, there is no such thing as minimum speed limit. During Balik Kampung season, many people would drive in however condition they may be in, most drivers were energetic and well rested and some were in tired condition.

For the energetic, they were all alert, reckless but alert. For the less energetic and god forbid the sleepy ones, they tend to continue drive even when they are not fit to. Most of them drive too slowly, 40km/h in 90km/h or 40 km/h in 110km/h. When they drive too slowly for the road or highway, cars will start piling up at the back. Regardless what, people will eventually become agitated because they feel they have been held back for no good reason. Then the reckless overtaking starts to take place... and accident occurs.

I'm not an excellent drivers, got involved in accidents more than once. All of it were caused directly and indirectly, by extremely slow moving vehicles.

Just my 2cents.

wishing you Selamat Hari Raya and Maaf Zahir Batin!

A good blog sir - I hope you will write more of such kind of material advising the people of Malaysia to be tolerant, patient, and avoid recklessness.

The words you expressed in this were both simple to understand as well a good reminder of safety to adhere to.

I would also ask if you could pen down thoughts and ideas on how people should be saving for their retirement, improving their level of knowledge and education, being respectful of elders and fellow citizens, working hard and with sincerity etc.

I am sure positive blogging from you and keeping your views apolitical would help Malaysians build better integration and focus on the real issues plaguing Malaysians.

Selamat Hari Raya Aidil Fitri , kalau ada kekasaran bahasa dan apa apa tersinggung mohon maaf Tun .Kami masih muda dan kadang kadang menyinggungkan walaupun tidak bermaksud demikian.Kadang kadang tidak sedar sedang berbicara dengan Bekas PERDANA MENTERI MALAYSIA .Kalau diikutkan status kami tidaklah sepadan untuk comment.

Kami kembali dari KG.Di kg.Semua sokong & memperkatakan jasa Tun mentadbir negara, dan kata mereka lagi kalaulah masih Tun menjadi PM tidak jadi kecoh macam hari ini,Tun tegas tidak akan ada tunjuk perasaan dijalanan .Saya bukan tolong picit butang lift untuk Tun tetapi inilah kenyataan benar dikatakan oleh saudara saudara saya.

Tunggu 5 hb hendak beraya dengan Tun.

My Dear Tun,

Salam Aidil Fitri to you and family.

Many thanks for your timely advice on the nation's balik kampung psyche. Alhamdulillah, my family & I drove back to Ipoh & Alor Setar to be with my in-laws & then my parents respectively and arrived back to KL safely tonight. All the time keeping in mind your advice to drive carefully amidst the crowd of vehicles on the NS highway (NSH).

BUT you know, while driving I kept on thinking about what would happen if we did not have the NS highway. I remember well the heated debate and the negative remarks from your detractors esp. the opposition parties during your time as PM when the NSH and also the Penang Bridge were being mooted and planned. During that time there were many many tragic accidents with many hundred deaths every time during the festive seasons.

On hind sight, we all know now that your firm decision to overcome all these obstacles and complete these projects was a wise and far sighted one, just like all the so-called mega projects which yours enemies ridiculed you for. All these had benefitted the rakyat and now none of the people who opposed them before dare say anything. They now even insisted for a second bridge and more highways for their states???

We all should thank you sincerely for all these projects/facilities and the far sighted leadership that you had afforded us and for which we now terribly missed.

I pray and have a vision that a young leader with your distinct qualities will appear with his all-new and dynamic team to save us from the crisis we are now facing! InsyaAllah! I also pray that you will be able to offer your kind advice and guidance to this new team for the sake of our country?????

Salam & kind regards to all.

Assalamualaikum Yg Bhg Tun Dr Mahathir

Balik Kampung sewaktu hari perayaan ini adalah tradisi rakyat Malaysia. Sememangnya ada yang mendapat berita sedih dengan kemalangan yang ngeri.

Kerajaan perlu membesarkan semua jalan persekutuan dan jalan negeri kepada 2 lane. Plus pula perlu di jadikan 3 lane.

Tempat persinggahan untuk berehat, tandas awam perlu diperbanyakkan di jalan jalan persekutuan dan jalan jalan negeri. Kemudahan pembaikan kenderaan dan pusat penukaran bateri, tayar, aksesori perlu di wujudkan oleh PLUS di lebuh raya.

Walaupun semua nya sekarang ini kemudahannya adalah sederhana, faktor manusia adalah penentunya. Pemandu perlu segar dan kuat dalam pemanduan jarak jauh. Kesedaran ini perlu ditanamkan dalam pemikiran setiap pemandu kenderaan. Semuga mereka faham nyawa ahli keluarga dan penumpang yang ikut serta berada di tangan mereka.

Semuga Tun dan isteri serta anak cucu dalam keadaan sihat dan di lindungi oleh Allah SWT.

SELAMAT HARI RAYA. MAAF ZAHIR DAN BATHIN.

Selamat Hari Raya

To Tun and family and to all muslim.

I just got back from my wife kampong in Kedah. The journey back to Kedah was beautiful but I can not say about the return trip. The highway was conjested all the way and what make it worse it the 'cut Q' by those drivers who are not 'sabar'. Driving dangerously without caring for other drivers on the road. The authorities (police/JPJ/plus) must find a way of how to nap this drivers or provent them from doing the same thing everything when there's a festive season.

Yes, Malaysian are not 'sabar' on the road but they seems to be 'sabar' when it comes to changing of power by Pak Lah to whoever is better in governing the country.

Once again, Selamat Hari Raya.

Saya baru saja pulang dari Miri ke Sarikei mengambil masa perjalanan selama lebih kurang lapan jam. Alhamdulillah perjalanan selamat sampai ke destinasi. Dalam perjalanan saya terbayang alangkah eloknyalah kalau ada keretapi laju merentasi bandar-bandar utama dinegeri ini sehingga ke Brunei Darussalam, maklumlah di Sarawak samalah seperti Tanah besar Semenanjung dengan Singapura. Impian ini isyallah tercapai selagi ada pemimpin sentiasa memperjuangkan politik pembangunan yang berteraskan perpaduan majmuk di negara tercinta ini.

By fzal on October 6, 2008 12:18 AM

i agree with you on many things.. but speed per se doesn't kill.. its reckless driving and not being alert enough that kills. i am not a fan of speed limit. but i do hate those who drives recklessly without considering other road users.

and

masa raya selalu traffic jam.. especially kalau ada accident atau kereta rosak. if road users really follow the system, it would not get worse. but mesti ada org yang potong ikut lane sebelah kiri, lane tu untuk emergency! kalau ambulance nak lalu kan susah! saya mmg anti dgn org2 begini yang menyusahkan pihak bantuan kecemasan! disebabkan mereka ni jugalah org lain yang beratur dlm lane yang betul kena berhenti. macamana nak kata rakyat bersatu bila masing2 pentingkan diri sendiri. orang lain pun nak balik jugak.

saya pernah tengok satu pemandu lori ni, disebabkan dia besar sgt dia halang mereka2 yang cuba potong ikut emergency lane. bila ambulance datang dia bagi jalan, then dia tutup balik lane tu.. INI satu cadangan baik.. JADI PEMANDU2 lori, dont give way to these inconsiderate people. sbb segelintir org nampak peluang aja, terus nk guna walaupun mereka tak sedar mereka mengambil hak orang lain. penat je puasa!

traffic jams are caused by too many people using their brakes too much, disrupting the flow of cars traveling at reasonable speed. whats the main cause?? two lanes becoming 1, or three becoming two, or even four(three plus one imaginary) lanes becoming three and so on. so road users, work as a system!

kalau ramai sgt rakyat malaysia yang guna the emergency lane esp masa traffic jam.. then kerajaan should either close that emergency lane or just open it up to all road users. its just not fair! dont take this one seriously, its just sarcasm :p

Selamat Hari Raya

Berdasarkan nasihat Tun saya memandu dengan cermat balik ke Kuala Nerang,Kedah.Saya mengambil masa antara 6 hingga 7 jam untuk sampai balik.mungkin cara pemanduan saya lambat, almaklumlah anak masih kecil.Bertolak jam 1.00 petang dan terbuka di RnR Gurun. Masa balik lagi dahsyat.Bertolak di KN jam 9.00 pg dan sampai di rumah jam 9.00 malam.Kereta hampir dilanggar berhampiran dengan Gunung Semanggol.Alhamdulillah, semua selamat.Terima kasih Tun dan Selamat Hari Raya...

Terima kasih Tun,

Selamat Hari Raya dan Maaf Zahir Batin kepada Tun sekeluarga dan juga semua pembaca chedet.com.

Memang betui, kita kena Berhati-hati di Jalanraya dan Biar Lambat Asal Selamat.

Patuhi Arahan Papantanda Jalan amat penting, jika Papantanda cakap 90kmj janganlah memandu pada kadar 50kmj ia boleh menjejaskan aliran trafik dan tekanan kepada pemandu lain, ini kerana jalan tersebut telah dibina selamat untuk sedikit lebih kelajuan. Jika Papantanda cakap 60kmj janganlah memandu pada kadar 100kmj, merbahaya kepada jalanraya yg mungkin mempunyai pelbagai halangan, curam, bengkok atau kawasan kemalangan.

Setiap Papantanda mempunyai arahan yang penting untuk pemandu berdasarkan faktor Jalanraya bukan dibuat untuk suka-suka saja.

Terima Kasih

Assalamualaikum Wr Wb,

Selamat Hari Raya minal Aidil wal Faizin. Maaf Zahir & Batin...terutama untuk Tun dan isteri serta semua blogger.

Maaf dipinta dari hati nurani
Kerana pernah berperasangka disanubari
Ketika gelombang biru mula menghadiri
Sehingga berbintit akal fikiran dilandai.

Alhamdulillah! timbul kesedaran
Mujur keterlanjuran tidak berterusan
Tersedar gelombang membawa perubahan
Merubah pantai penyebab hakisan.

Apabila reda datang ketenangan
Malangnya sementara tidak perpanjangan
Dalam ketenangan terencat kehidupan
Bermaharaja lela buaya dalam kesempitan

Timbul gelombang kedua melanda
Diwar-warkan hingga lebih khabar dari rupa
Dalam mencari cahaya perjuangan
Berharap kegemilangan dikecapi kembali semula

Itu-lah harapan kami...

coretan hati,
CheMah

Salam,

Tun, I have to disagree with you on this one. I also disagree with the statistic if there's any.

I would list the 1 main point.

- 1) badly constructed road.
- 2) first point makes people maneuver their car as they please and sometimes taken into different lane causing them to collide with oncoming traffic.
- 3) point no 2 is because if they did run through the pothole and such, damage being brought to the car and this means \$\$ to be spend to repair car.
- 4) \$\$ not enough, people tend to neglect car maintenance, so car is not really suit to be driven fast.
- 5) people have to drive slow on highway.
- 6) good maintenance car driven by irresponsible driver, get annoyed by slow driven car.
- 7) Cilok-cilok will happen.
- 8) when cilok-cilok happen, the slow driven car getting annoyed by this. so he also will drive his car hard. trying to show off that his car also can be driven fast.
- 9) and so on.

Did I say 1 point? yes. but that 1 point lead to a never ending plot of hollywood movie on Malaysia's road.

Main thing is.. I'm still in Raya mood. I'm not so sure what I've write in the comment box. but Malaysia should promote Common Sense driving. We Malaysians are lack of Common Sense when it come to driving...

Salam Dr Mahathir & family,

What an apt title to choose. Balik Kampong is close to everyone's heart, especially those who have kampongs to go back to. I can understand the many responses you received regarding this topic.

Well, as I've commented in your blog before this, my family and I went back to my late father-in-law's home town, Tawau.

There was a great reunion of the Kee Family held at the Dewan Masyarakat, Bandar Tawau @ 4/10/2008. You see I happened to marry the grandson of the late Kee Abdullah @ Kee Kim Swee, the person responsible to open up Tawau.

If you remember I commented that Shah Alam, where we presently are staying, is far slow in progress compared to Putrajaya. Then Tawau is worst off.

Do you know that there is no Mcdonald's in Tawau?
It seems that there's only two Bata shops in town.

Thanks to Allah I have no probelm of going back to my own kampong.
Kg. Baru is my birthplace. So I can always go back there anytime, everyday, from Shah Alam. As for the Hiways, I can use the Federal Highway, the NKVE

the NPE and via the Smart Tunnel to reach Kg. Baru quickly.

It's only on Hari Raya that you get to use the Federal Highway with ease.
Other than that, Federal Highway is the last choice to get to my kampong.

I've never been to your open house when you were the PM. Neither could I make it this time around as I was still in Tawau. Now that you blog there's a reason to visit you and your family. Hope you have one next year.

By the way, does protocol allow PM to blog?

I wonder when Datuk Seri Abdullah is no more the PM, will he still have Open House?
I mean at his own house and not at some 5 star hotels or PWTC.

SELAMAT EIDUL FITRI AL-MUBARAK.

Selamat Hari Raya Aidil Fitri buat Tun sekeluarga.

Terimakasih Tun kerana setiap tahun masih sudi membuat rumah terbuka utk segala lapisan rakyat, serta sanggup bersalaman dgn rakyat jelata berjam2 pula. Bukan macam PM sekarang, tak pernah nak buat open house di Sri Perdana macam Tun buat dulu. Tiap2 tahun dia hanya buat di PWTC. Heran sebab rakyat tidak pernah diraikan di Sri Perdana di bawah era Pak Lah. Dah kena paksa letak jawatan baru beria jemput semua rakyat beraya, itu pun masih di PWTC.

Saya doakan Tun, Tun Siti serta seluruh keluarga sihat sentiasa serta diberkati Allah. Di harap Dato' Mukhriz menang jawatan Ketua Pemuda pada PAU akan datang.

Selamat Hari Raya Maaf Zahir Batin.

Dear Sir,

This is the sweetest piece of article of yours that I have read.
The sincerity that comes from you and your wife humbles me and for that I thank you.

As long as you can blog and share your ideas, please do not stop. Sometimes you may be harsh in your criticisms, but nonetheless, the inspiring tones far outweigh them.

Wishing 'Eid Mubarak' to Tun Mahathir and Family....

I am a Singaporean who have lived in the Middle East (Dubai) for almost 30 years. I have always followed your news. You have DEFINITELY done all the hard work in building relations with the Middle East over those years during your time as PM, and Malaysia today have benefitted from that TODAY, in terms of the existence of whatever is Middle Eastern in Malaysia today, particularly Kuala Lumpur. ALL IS DUE TO YOUR HARD WORK!

I have always and till today respected and look up to you. Your speeches and personality has always been an inspiration to me.

saya lebih senang menggelar tun dengan che det.

Tahun ini saya tidak pulang ke kampung seperti kebiasaan, hari raya tahun ini saya bekerja untuk mencari rezeki lebih demi saraan untuk anak2 untuk permulaan sekolah awal tahun hadapan.

semoga keceriaan che det bersama keluarga lebih dirahmati oleh NYA. Sesambil itu saya ingin bertanya pendapat che det bagaimana harus kita menghadapi situasi sekarang? Lebih2 lagi apabila situasi kegawatan yang sedang melanda negara kita dan keadaan ini lebih terasa apabila harga barang semakin melambung naik malah perbelanjaan seharian juga naik lebih2 lagi apabila gaji yang dapat hanya secukup makan untuk saraan keluarga.

Harap che det dapat memberi pendapat che det.

Salam Tun

Ada beberapa perkara yang ingin saya cadangkan:

1. Diadakan point system kepada semua pemamdu. Jika mereka didapati memandu laju atau melanggar undang2 jalan raya mereka akan di berikan saman dan markah. Jika dalam masa setahun mereka melebihi 12 markah maka lesen memandu mereka harus di tarik balik atau di gantung.

2. Kita harus lebih tegas apabila mengandalikan masaalah seperti ini kerana nyawa orang yang tidak bersalah mungkin terkadai.

3. Masaalah rasuah perlu di tanggani. Ini adalah kerana banyak pemamdu yang memandu dengan laju apabila di tahan memberi rasuah kepada pihak yang berkuasa. Ini tabiat yang buruk masih berlaku dan jika tidak di tanggani masaalah tidak akan selesai. Sebab melalui education program, promosi memandu dengan selamat tidak mencukupi. Sebab mentality kebanyakan adalah boleh bayar saman. Tapi jija lesen di gantung mereka aka takut.

4. Sudah Tiba masanya kita lebih tegas sebab cara lembut tidak mujarab dan kita ambil wholistic approach.

Wassalam

Alhamdulillah, sekali lagi dapat kita bersama-sama meraikan hari kebesaran ini setelah sebulan menjalankan ibadah puasa.

Disamping bergembira bersama keluarga, saya harap kita akan teruskan tradisi kunjung mengunjung ke rumah-rumah terbuka untuk mengeratkan lagi silaturrahim di antara kita, terutama sekali dengan rakan-rakan kita yang bukan beragama Islam.

Semoga di hari yang gembira ini hubungan kita sebagai rakyat yang berbilang kaum dan agama di negara yang tercinta ini akan bertambah erat.

Saya akan mengadakan majlis rumah terbuka bersempena dengan sambutan Hari Raya Aidilfitri seperti berikut;

Tarikh : Oktober 5, 2008

Tempat : 58, Jalan Kuda Emas, The Mines Resort City, Seri Kembangan, Selangor

Masa : 10:00 pg - 1.00 tgh dan 2.30 ptg - 5.00 ptg

Kepada yang akan menyambut Aidilfitri di kampung, berhati-hatilah ketika memandu dan kami mendoakan perjalanan pulang yang selamat.

Sekali lagi saya dan isteri saya ucapkan Selamat Hari Raya Aidilfitri, Maaf Zahir Batin.

Selamat Hari Raya Aidilfitri juga buat Bonda dan Ayahanda Tun sekeluarga. Semoga ceria di Aidilfitri yang mulia ini.

Saya juga berharap agar Tun menurunkan seberapa banyak cerita sejarah kepda anak cucu cicit Tun agar pada suatu hari, mereka juga dapat bercerita kepada kami seperti apa yang Tun sering ceritakan di sini.

Menjadi pembaca setia Tun menyedarkan saya bahawa betapa ceteknya pengetahuan saya tentang sejarah Tanah Melayu & Malaysia. Secara jujur, saya mengaku kurang mengambil tahu sewaktu masih bergelar pelajar kerana saya fikir saya rakyat Malaysia. Saya tahu tentang Malaysia, tetapi rupa-rupanya

tidak. Saya lebih gemarkan sejarah dunia tetapi kini saya menyesal.

Salam Aidilfitri sekali lagi. Moga Tun berdua terus dikurniakan kesihatan yang baik dan sempurna.

Salam Tun dan isteri,

Saya dan keluarga juga mengucapkan Selamat Hari Raya buat Tun sekeluarga. Saya juga berharap Tun sentiasa sihat dan ceria selalu. Bila saya tengok wajah Tun di kaca tv atau suratkhbar, rasa sungguh gembira kerana melihat Tun sihat.

Apapun Tun, saya rasa Tun kena 'back up' makanan banyak banyak sebab ramai antara kami akan hadir. Juga, Tun dan isteri duduklah di atas kerusi dan tidak berdiri bila menyambut tetamu. Kami faham Tun menyambut tetamu tapi bagi kami, lebih penting jika Tun tidak letih dan selesa bila kami menemui Tun. Kesihatan Tun dan isteri lebih penting .

Tun, saya rasa tetamu PM kita nanti yang ramai datang ialah pendatang asing yang mahu makan free saja. Nanti tentu dia malu besar.

Sekian, dari warga Malaysia yang sentiasa bersyukur Tun pernah menjadi pemimpin negara dan dalam hati sentiasa mengharap Tun akan terus jadi pemimpin kami lagi.

Assalamualaikum,

Saya dan kelaurga mengucapkan Selamat Aidil Fitri kepada Tun sekeluarga.

Ibu saya berasal dari Kpg Bukit Raya Dalam, Pendang, Kedah.

Ibu saya bernama Sofiah Md Arob. Ibu saya kata, masa Tun jadi Menteri Pelajran dulu, ibu saya pernah naik satu kereta dengan Tun.

Ibu saya dulu orang susah. Dapat jadi cikgu kat Sabah. Ibu saya kecik2 dulu selalu kayuh gerek dari Bkt Raya ke Tokai mengaji sekolah agama. Sekaragn ibu saya sudah bersara.

Saya juga mengkagumi Tun dari segi pemikiran dan paradigma. Saya cuba menjadi seperti diri Tun, tetapi masih tidak dapat lagi kerana saya masih lemah di dalam aspek kepimpinan. Saya kecik2 dulu nak jadi PM, sebab saya suka Tun.

Sampai sekarang saya masih suka Tun.

Walaupun Tun tak sempurna seperi manusia lain, tetapi Tun akan saya kenang sebagai wira saya dan negara.

Teringin untuk berjumpa dengan Tun. Pernah bersua, tetapi tak sempat nak bersalam.

Selamat Hari Raya Aidilfitri.

Selamat Hari Raya to Tun, Toh Puan and family.

I have always cherished celebrating Hari Raya with my Muslim friends, and of course will keep on doing so,

I was quite happy to hear that the state of instability in our country is slowly being resolved.

I pray and hope, God Almighty will always shower His Blessings onto us at all times, especially in this time of need.

Selamat Hari Raya, Sir.

P.S

Please allow me to take this opportunity to post my Raya Greetings to all friends and countrymen.

Selamat Hari Raya Aidilfitri, Maaf Zahir Batin kepada Ayanda Tun Dr Mahathir dan Bonda Tun Dr Siti Hasmah yang dikasehi dan dihormati!

Semoga Tun berdua berada dalam peliharaan Allah swt dan dipanjangkan umur serta sihat dan gembira selalu.

Terima kasih kerana memulakan blog ini dan merapatkan minda dan, secara tidak langsung, diri Ayahnda dengan kami.

Buat ramai pengunjung Chedet.com, blog Ayahnda ini menjadi pengubat rindu, tempat mengadu dan khazanah buah fikiran bermutu.

Walaupun ada dua tiga kerat yang singgah semata-mata untuk mencaci dan merapu, mereka patut dikasihani kerana jelas tidak dibesarkan bersopan dan bersegar silu.

Salam Buat Tun Sekeluarga..
SELAMAT HARI RAYA AIDILFITRI BUAT TUN SEKELUARGA.
Dengan keberkatan Ramadan saya berdoa kepada ALLAH semoga Tun sekeluarga sentiasa sihat sejahtera dan sentiasa diberi keselamatan dan kebahagiaan sentiasa.

Tun, sebenarnya saya rasa amat berbangga dan terharu setiap kali melayari blog Tun ini. Sebab di sini saya dapat membaca buah fikiran dan pandangan Tun dan yang terpenting dapat berhubung terus dengan Tun walaupun hanya melalui alam maya. Kesempatan seperti ini tidak pernah di perolehi sebelum ini.

Di kesempatan ini juga saya ingin menyampaikan bahawa Allahyarham ayah saya dulu sangat berbangga dan menghormati Tun walaupun beliau tidak pernah bersua secara peribadi.

Di saat krisis akibat peristiwa DSAI dahulu beliau pernah berkata saya "bahawa kita ikut lah pemimpin kita, Dr Mahathir lebih tahu apa yang berlaku daripada kita. Tetaplah kita pada parti kita dan Raja kita". Di waktu itu beliau terlantar sakit namun mulutnya sentiasa bercerita tentang pengalamannya tentang semangat ingin merdeka orang melayu di tahun tahun 50an. Beliau sangat berbangga dengan kejadian di soal siasat polis inggeris kerana menamakan bot penambang beliau dengan nama "Merdeka'. Beliau sangat berbangga dengan UMNO.

Saat paling sedih apabila saya memandang kekecewaan beliau yang amat sangat di kala kejatuhan kerajaan Umno/Bn Terengganu kepada Pas pada PRU 1999. Sangat menyedihkan bagi beliau kerana pada tahun tersebut beliau sendiri tidak dapat pergi mengundi kerana keuzuran dan penyakit kencing manis nya yang semakin parah. Januari 2000 beliau kembali ke Rahmatullah.

Tun adalah rahmat yang di kurniakan Allah pada bumi Malaysia yang bertuah ini..

Semoga pujian dan kebanggaan tidak melalaikan kita kepada Allah kerana hanya Dia Yang Maha Terpuji.

Salam Aidilfitri juga buat semua.

Salam TDM,

Saya juga nak ucapkan Selamat Hari Raya Aidilfitri 1429h kepada Dr. Mahathir dan Dr Siti Hasmah sekeluarga. Semoga bergembira di hari raya.

Semalam 26/9 saya melihat TDM solat Jumaat di Masjid Negara. Sebelum TDM tiba, DS Najib tiba dahulu kemudian selang 5 minit Pak Lah pula tiba.

Saya sangkakan Pak Lah, DS Najib dan TDM solat di dalam saf yang sama ketika solat Jumaat. Kalaupun TDM, Pak Lah dan DS Najib solat Jumaat bersama sebelah menyebelah pada waktu itu lalu cameraman pula fokus kepada ketiga-tiga pemimpin ini....bayangkanlah.... hampir menitis air mata saya bila membayangkan peristiwa itu. Ketiga-tiga sahabat yang satu ketika dahulu cukup baik, cukup mantap, hormat-menghormati, perlu-memerlukan, sokong-menyokong kini bersama solat berjemaah bersebelahan tapi kini itu semua sejarah.

Rupanya TDM solat Jumaat di tepi kolam Masjid. Sayu hati saya apabila bayangan saya itu tinggal harapan. Semalam saya mengharap jika TDM, Pak Lah, DS Najib solat sebelah-menyebelah ini menunjukkan kekuatan kita sesama ummah. Biar kini berbeza pendapat, berbeza cara pentadbiran, berbeza cara pembuatan keputusan, biar di kritik, di cabar namun ketiga-tiga pemimpin ini tetap solat berjemaah bersama. Tetap menjaga silaturrahim, masih hormat-menghormati, masih sayang menyayangi. Sekali lagi, ianya satu harapan....

Semoga di Aidilfitri ini nanti, seperti dikehendaki ISLAM, marilah kita menghulur tangan sesama bermaafan, bukan sahaja saya, bahkan yang kononnya mahu menjadi tauladan kepada rakyat iaitu TDM, Pak Lah, DS Najib, DS Anwar dan kawan2nya, DS Hadi Awang, Nik Aziz dan kawan2nya, semua penyokong-penyokong parti BN, PKR, Pas yang beragama ISLAM hendaklah bersama bermaafan.

DS Rais Yatim mahu mengadakan satu road show menangani Islamophobia di negara-negara Barat tetapi di Malaysia sendiri pemimpinnya tidak mengamalkan sikap ISLAM sepenuhnya. Inilah yang dikatakan pepatah 'bagai ketam mengajar anaknya berjalan lurus' Macam mana ISLAM nak maju?

Sekali lagi saya mengucapkan SELAMAT AIDILFITRI MAAF ZAHIR BATIN daripada saya dan keluarga kepada TDM dan keluarga, semua pembaca blog chedet dan umat ISLAM semuanya atas kekasaran bahasa atau tersinggung perasaan.

Sabtu, 2008 September 27
Pak Lah melepaskan UMNO
Pak Lah insyaAllah tidak akan mempertahankan jawatan dalam PAU UMNO yang telah tertunda ke Mac 09. Sekali pun Pak Lah belum mengumumkan kedudukannya, namun kuat hati saya mengatakan Pak Lah akan berundur dan melakukan proses penyerahan kuasa kepada Najib mulai sekarang hingga Mac 09.

Melihat kepada kenyataan TS Mahyuddin, TS Rafidah dan juga keceriaan yang terpapar pada wajah TPM selepas mesyuarat MT menjelaskan segala-galanya apa yang mereka putuskan dalam mesyuarat berkenaan.

'KEMUNGKINAN' dalam mesyuarat MT, Pak Lah telah menyatakan untuk berundur dan meminta proses peralihan dilakukan segera. Jadi supaya penyerahan kuasa berlaku lebih sempurna, maka masa yang secukupnya perlu diberikan. MT tentu dengan sebulat suara memberikan ruang dan peluang tersebut kepada Presiden kerana telah memperkenankan kehendak mereka atau akar umbi kononnya.

Oleh kerana itu MT berpendapat tidak timbul masalaah menundakan PAU kerana pertandingan jawatan tertinggi kemungkinan dapat dielakkan. Ini kerana jika Najib diterima oleh bahagian maka Ku Li dengan sendirinya tidak mampu mendapat pencalonan yang cukup.

Maka pada Mac 09 nanti secara rasminya Pak Lah akan melepaskan semua jawatan dalam UMNO dan kerajaan, insyaAllah.

Tentulah ramai yang gembira dan tidak kurang yang sedih. Perasaan gembira dan sedih adalah fitrah manusia. Perasaan seperti ini spontan bertindak memberi respon kepada sesuatu yang mengejut dan memilukan.

Dalam sajak Pak Lah saya nukilkan antaranya;

Pak Lah
Hari ini Jumaat terakhir Ramadhan yang penuh berkah
Menjadi penentu Pak Lah selamat atau musnah
Kepada Tuhan kembali menyerah
Kenapa masih menegak benang yang basah
Jika patut menyerah kalah
Mengundur diri dapat menjaga maruah
Datang simpati mereka yang marah
Jasa dikenang walau pun ada yang menyumpah seranah

(lihat dalam posting Pak Lah)

Salam TUN Mahathir dan TUN Siti ASMAH(No.1)

Apanama sempena hari lembaran akan akan menjelang tiba, izinkan saya mengucapkan selamat hari raya aidilfitri , diharap kemaaafan yang dipohon akan mengeratkan lagi perpaduan supaya kita akan menjadi satu rumpun bangsa yang utuh dan harmoni dan apanama jika satu bangsa telah mula berfikir, tidak ada satu kekuatan pun yang boleh menghentikannya.

Apanama Kemaafan mungkin amat berat untuk diberikan kepada orang yang pernah melukai hati kita. Tetapi hanya dengan memberi kemaafan sahajalah kita akan dapat mengubati hati yang telah terluka. Kemaafan yang di beri secara ikhlas umpama pisau bedah yang boleh membuang segala parut luka emosi.

Keikhlasan yang dipohon ,keikhlasan jua diberi walaupun keikhlasan itu umpama seekor semut hitam di atas batu yang hitam di malam yang amat kelam. Ianya wujud tapi amat sukar dilihat.

SELAMAT HARI RAYA AIDILFITRI UNTUK TUN SEKELUARGA DAN SAYA SEKALI LAGI MEMOHOF SERIBU KEMAAAFAN

Salam Tun,

Selamat menyambut Aidilfitri,maaf zahir dan batin, walaupun hati berat meninggalkan Ramadan 1429.

Semoga dengan pengalaman dan umur yg Tun ada sekarang,saya mencadangkan agar Tun berbuat sesuatu keatas sistem perekonomian Malaysia.

laitu menghapuskan sistem riba yag diamalkan di bank2, la bertepatan dengan khutbah nabi Muhammad SAW yg terakhir di Arafah "...Mulai hari ini, segala urusaniaga yang melibatkan riba di batalkan."

Mereka yang bersubahat dgn riba pasti akan dihukum oleh Allah SWT

Assalamualaikomwarohmatullahhiwabarokatuh YAB Tun suami isteri dan juga kepada semua pembaca blog yang beragama Islam.

Salam sejahtera kepada pembaca blog yang bukan beragama Islam.

Pertama sekali saya ingin mengucapkan selamat menyambut Hari Raya Aidilfitri kepada YAB Tun suami isteri dan juga keluarga.

Tidak ketinggalan saya juga ingin mengucapkan selamat menyambut Hari Raya Aidilfitri kepada semua pembaca blog YAB Tun tidak kira dari apa bangsa sekali pun disebabkan masyarakat Malaysia tetap sama-sama merayakan perayaan setiap bangsa di Malaysia. Itulah istimewanya Malaysia yang patut kita banggakan tetapi situasi sekarang agak sedikit tercemar moga masih dapat diselamatkan.

Seterusnya saya ingin mengucapkan ribuan terima kasih kepada YAB Tun kerana sudi menjemput pembaca-pembaca blog ke rumah terbuka pada 5 Okt 2008 nanti. InsyaALLAH kalau ada kelapangan

saya dan keluarga akan ke rumah YAB Tun sebab dah lama tidak berjumpa YAB Tun.

Kepada pembaca setia blog YAB Tun marilah kita sama-sama ke rumah YAB Tun untuk sama-sama merayakan hari yang berbahagia ini dan disamping itu dapatlah kita sama-sama berinteraksi antara satu dengan yang lain dan yang lebih penting kita dapat menyampaikan hasrat kita kepada YAB Tun itu pun kalau YAB Tun ada kelapangan.

Akhir kata ampun dan maaf dari saya sekiranya ada silap dan salah dari kata-kata di atas. Sekali lagi saya ucapkan selamat menyambut hari raya Aidilfitri kepada semua.

Wassallam.

To Tun Mahathir & family. It is indeed privilege to once again celebrate Eid with your presence. Although, your blog is the only way I can hear from you and keep your leadership alive, it brings great joy and means an abundance to read your hari raya message. My family and I will tune in to your Raya message every year when you were our leader. Nowadays, we dont bother to tune in to the TV for it. Thanks for giving us this message and am now back in 'kampung' in Penang and will visit my late father's grave who thought me how to appreciate such leadership. Keep on thriving Tun and your leadership is alive although vicious people out there try their very best to burn it. I have 1 daughter and I will teach my daughter about the true father of this nation and that history can never be erased. Selamat Hari Raya, Maaf Zahir Batin from the Arshads, Penang (15 of us from 3 generations).

Tun,

Selamat menyambut Eid semoga Tun dan keluarga sehat sejahtera dan Malaysia aman makmur.
kita sama samalah ubah minda rakyat Malaysia untuk menyambut Eid di bandar biarlah orang orang
kampung yg ada anak keluarga di bandar merayakan Eid di bandar ,tanamkan budaya balik bandar.

ubah juga lagu lagu hari raya supaya berunsur kegirangan dan kejayaan bukan lagu yg mendayu dayu
setiap tahun kesedihan mengenang nasib malang tapi tidak berusaha untuk merubah nya.

makanan dan pemakanan juga perlu di ubah dari tahun ketahun makanan dan pemakanan tidak berubah
yg menyebabkan obese ,kencing manis, darah tinggi dll terutama makanan yg berunsur buffet bukan
hanya akan menimbulkan masalah kesihatan tetapi juga pembaziran .

kalau kita melihat bangsa bangsa yg berjaya mereka pemakanan mereka menurut tata tertip permakanan yg elaborate dan teratur sapert makanan italy, french ,japanese ,chinese ,korea ,etc mereka sudah lama meninggalkan pemakanan secara viking . mereka juga tidak mendengar music yg mendayu tanpa arah .

Selamat Hari Raya , Maaf Lahir Bathin.

Selamat Hari Raya Tun Dr. Mahathir & Dr. Siti Hasmah and your family,

May this Hari Raya be a memorable and meaningful one to you.

Stay healthy always..

We, Malaysian all love you.

Dearest Dearest Dr M

You have done so much, in so little time for 'Bahasa Melayu'.

Many readers are asking for "English" or "Malay" version of your postings alternately.

If you keep writing in Malay, then the Bahasa Melayu will attain the "international language" status in no time.

And if you keep writing in English, the Malays will soon brush up their English proficiency.

Either way you have done GOOD, Sir, as always.

Kepada Tun Dr M (the linguist)

Kami mohon maaf jika terguris perasaan ketika memberi komen2 kami yang tak seberapa. Hanya dengan cara ini, kami dapat peluang 'berbual' dengan Dr M dan bertukar pendapat.

Selamat Hari Raya dan terus berjuang di halaman blog CheDet.

I sincerely hope to meet you in person, one day...

Dikesempatan ini sebelum tak dpt lagi online utk msa smggu ini (sibuk bsama keluarga meraikn raya dan rumah tiada rangkaian internet wayarless), saya mewakili seluruh ahli keluarga ingin mengucapkan :

SELAMAT HARI RAYA, MAAF ZAHIR & BATIN dari hujung rambut ke hujung kaki.

kepada Tun sekeluarga dan semua pembaca blog chedet.com, lupakn sejenak permasalahan yg melanda pd negara dan marilah kita semua eratkn silaturahmi. sgguhpun kita berlainan bangsa tp pegangan agama kita Islam yg telah menyatukn byk bangsa2 di dunia smjak lebih dr 1400 tahun yg lalu.

Kpd Tun jika ada salah dan silap bicara saya pohon maaf, sebagaimana yg lain ia hanyalah sekadar utk berkongsi pdpt dan input yg mungkin boleh membantu Tun dlm ulasan blog seterusnya.

kpd bangsa lain yg bkn/belum Islam kunjungilah rakan2 yg menyambut hari raya dan lihatlah bagaimana baiknya layanan org Islam yg hormat kpd tetamu yg berkunjung yg berbeza dr perayaan bangsa lain. semoga kita terus saling hormat menghormati sebagaimana dhlu sblm perpaduan dan persefahaman ini cuba dirosakkn oleh mereka yg rakus dgn kuasa politik dgn menimbulkkn byk isu2 perkauman, agama, bhsa dan hak masing2 yg telah termaktub dlm perlembagaan. smata2 ingin meraih sokongn, perpaduan rakyat dirosakkan. hal ini rakyat yg matang tak boleh terima.

SELAMAT HARI RAYA AIDILFITRI.

I have not missed reading with pleasure your chedet, without, however, having any intention of making any superfluous comments. Your Hari Raya message is, on the other hand, is something different. It calls for a reciprocal response, the least I should do to express my respect to you and family. Selamat Hari Raya, Tun and family.

Over twenty years ago when I was posted in London I had with me a couple of your Malay Dilemma. I expected my Mat Salleh bosses to fish out from me, a Malaysian, a Malay to be precise, what kind of scenario I could make of my country. I lent them the books to read and to make their own assessment what the author would do if he were given the chance to be a prime minister. A man of integrity will never deviate from acting on what he believes is right. I have a lot of comfort today to realise that a responsible multinational that I worked for towed the line. They could read what the Prime Minister, namely you, sir, would aim to do for the country. It made my work easy then.

Salam hormat to Tun and family.

kepada ayahanda tun dan keluarga,

selamat hari raya dari saya sekelurga untuk tun sekelurga.

Pada hari baik bulan baik ini saya doakan agar negara malaysia akan dapat semula kejayaan yg pernah tun terajui dahulu.

Saya mengharapkan anak cucu akan datang akan merasa aman damai untuk terus hidup di bumi malaysia ini dengan kemakmuran , kejayaan,dan dapat menghargai pemimpin yang berjasa terdahulu. Jangan lah berlandaskan pada kepentingan diri dan nafsu sahaja.

Saya yakin sentuhan yg ayahanda berikan untuk membetulkan negara malaysia akan berjaya, Harapan saya sekiranya negara dah dilandaskan betul maka jagalah sama sama dan ayahanda hendaklah menjadi penasihat kerajaan seumur hidup.Pada yg tersilap tu pelawa lah mereka untuk bersatu dan bersama sama menjayakan malaysia,

HANYA BANGSA MELAYU SAHAJA YG DAPAT MENYATUKAN BANGSA DIBUMI MALAYSIA INI.

Assalamualaikum Yang Amat Dikasihi Tun,

Saya dan keluarga ingin mengambil kesempatan mengucapkan Selamat Hari Raya Aidilfitri dan Maaf Zahir dan Batin kepada Tun dan Tun Dr Siti Hasmah Mohd Ali. Saya doakan segala usaha, pandangan serta semua urusan Tun akan sentiasa mendapat keredaan dan dipermudahkan oleh Allah SWT. Ketika Malaysia mengalami kemeselesetan ekonomi dulu ketika Tun mengamil tindakan menambat mata wang ringgit, ramai yang mengutuk. Malah ketika kerajaan mengambil langkah bail out beberapa syarikat milik kerajaan juga US dan sekutunya juga tak habis-habis mengutuk. Sekarang Tun, apa yang berlaku pada

Malaysia dulu kini berlaku pada US. Mereka juga terpaksa 'bail out' bank-bank depa yang ada. Sebab tu lain kali depa'jangan cakap laju sangat'. La ni, ramai sangat Tun orang main cakap laju...tapi lupa akibatnya. Apa-apa pun Tun, saya tabik spring berkali-kali pada Tun. Sebab Tun adalah idola saya :-}

Tun,

Selamat Hari Raya Audilfitri dan akhirnya berjayalah cita-cita Tun untuk menjatuhkan seorang lagi pemimpin melayu setelah menaikannya menjadi PM walaupun sebelum ini, dua (mungkin juga 3) bakal pengganti Tun gagal untuk menjawat jawatan tersebut. Apakah Tun akan berbuat perkara yang sama kepada YAB DS Najib? Kita tunggu dan lihat...Hanya satu sahaja nasihat yang saya rasa, saya patut beikan kepadapemimpin agung kita yang menjadi PM selama 22 tahun iaitu kita jangan lah beranggapan kita terlalu sempurna kerana kalau kita beranggapan sedemikian, maka kita akan selalu nampak kesalahan orang lain walaupun pada hakikatnya itu bukanlah satu kesalahan tetapi hanya perbezaan pendapat. Salam hormat dari saya.

I AM VERY DISAPPOINTED IN YOU.
TUN.M YOU WERE NEGLIGENT.
TUN.M YOU ABANDONED US.
WE HAD 22 YEARS OF YOUR GENIUS.
TUN.M ARE OUR 4TH PM.
THE GENIUS LEADER WHO LEAD.
BUT WHY DIDN'T U THINK AHEAD?
WHY DO WE HAVE TO WAIT FOR ANOTHER 300 YEARS,
TO GET ANOTHER GENIUS PM LIKE U?
WHY WHY DIDN'T U CLONE YOURSELF?
WHY WOULDN'T U CLONE YOURSELF?

NOW WE HAVE TO SUFFER FOR ANOTHER 300 YEARS,
THEN THE 8 PM WILL BE A GENIUS LIKE U.
WITH YOUR 2020 VISION, U MISSED THE CLONING OF TUN.M,
THINK ABOUT IT, MAKES SENSE DOESN'T IT.
IF U WANT SOMETHING DONE GREAT, U HAVE TO DO IT YOURSELF.
IF IT IS GOING TO BE, IT IS UP TO TUN.M.

Tun,

Di bulan yag baik ini ingin saya memohon ampun dan maaf jika tersalah atau terkasar bahasa sepanjang menjadi pelayar blog chedet ni. Apakah daya darah muda banyak naik angin malah kurang gula dalam darah juga adalah satu penyebab cepat naik angin ditambah lagi dengan situasi politik semasa.

Saya sebenarnya masih wonder lagi nie, apa pandangan Tun dengan pengumuman DSAAB lepas mesyuarat MT baru - baru ni yang berkemungkinan dia akan meletak jawatan Mac 2009 nanti dan pemilihan jugak dilajak sehingga Mac 2009. Betul ka dia nak letak jawatan? Kalau betul saya rasa ok la bukannya 2010 terlalu lambat, tak sempat UMNO nak recover.

Hopefully Mukhriz menang jadi ketua pemuda. Mudah - mudahan dia juag dapat membawa satu dimensi baru untuk Pemuda UMNO.

Insyaallah.

Assalamu'alaikum Tun serta keluarga

Saya adalah salah seorang peminat blog Tun dan pernah memberi komen yang agak pedas bersabit perlantikan siBadwi dan juga MB penyapu. Sebagai rakyat biasa, dilaman Tun inilah saya dapat coretkan perasaan tidak puas hati yang teramat sangat terhadap kepimpinan sekarang.

Saya ambil kesempatan ini untuk mengucapkan Selamat Hari Raya Aidilfitri serta pohonan ampun dan maaf dari Tun. Saya doakan Tun sekeluarga dilimpahi rahmat Allah swt didunia dan juga akhirat.

Selamat Hari Raya juga kepada kesemua peminat2 Tun di laman ini.

Assalamualaikum buat Tun Dr.Mahathir dan Tun Dr.Siti Hasmah serta keluarga yang saya kasihi. Saya mengambil kesempatan di sini untuk mengucapkan Selamat Berpuasa dan Selamat Menyambut Hariraya Aidil Fitri pada Tun sekeluarga. Maaf Zahir Dan Batin.

Semuga Tun berdua dipanjangkan umur, dimurahkan rezeki serta diberi kesihatan agar sihat sejahtera selalu. Saya dengan rendah diri berharap Tun dapat kembali semula ke pangkuan UMNO demi memperjuangkan martabat ugama, bangsa dan negara. Sesungguhnya UMNO masih memerlukan pandangan-pandangan Tun agar UMNO dapat diletakkan kembali ke landasan yang betul.

reading all the comments and hari raya wishes from all the people brings a warm fuzzy feeling to my heart..indeed they are evidence that there are still people out there who still cares.indeed they are evidence that somewhere in their life..you had touched them in a manner so profound that they are here..sharing in the good spirit of hari raya..i am for one,a person greatly indebted to you sir..so great are my debts to you that writing this so-called comment seems so insignificant..so i thank you for those 28 overwhelmingly wonderful years of my life..thank you for just being there when you are most needed,thank you for all your great wisdoms and courage that you lend to others,thank you for the aspirations and hopes whispered when things seem to be not in place,thank you for being the brightest star lightening dark gloomy days,thank you for the person you are.

selamat hari raya aidilfitri buat Tun sekeluarga.moga sentiasa berbahagia dan berada di bawah limpah rahmat dan perlindungan allah s.w.t..juga kepada semua bloggers..semoga bergembira bersama keluarga dan yang tersayang di hari mulia.

Salam buat Tun sekeluarga.....

Sebagai rakyat Malaysia yang membesar di bawah pentadbiran Tun, saya ingin meluahkan rasa bangga dan teramat bangga kerana mempunyai seorang bekas PERDANA MENTERI Malaysia yang amat disayangi dan dikagumi bukan sahaja rakyat Malaysia tetapi juga menjadi ikutan dan kekaguman di

seluruh dunia terutamanya negara Islam. Hanya sebilangan kecil rakyat Malaysia yang BUTA HATI DAN TULI TELINGA SERTA TIADA AKAL FIKIRAN YANG WARAS sahaja yang menolak kepimpinan melalui teladan yang penuh dengan bersih, cekap dan amanah seperti mana yang Tun laung-laungkan dari dulu lagi. Manusia-manusia rakyat Malaysia inilah yang sepatutnya dihantar ke negara yang bergolak supaya mereka FAHAM dan SEDAR betapa hebatnya Malaysia ini untuk mereka diami. Bukannya membuat onar serta mengadu domba bagi memporak-perandakan Malaysia.

Salam Aidilfitri untuk Tun sekeluarga...

Selamat Hari Raya Tok Det. Nanti masa buat open house, insyaAllah kami sekeluarga cuba datang. Cuma saya risau pada hari tu, masa tulah ada arahan-arahan untuk buat "road-block" untuk route yang ke arah Mines. Jadi nanti trafik-jam.... macam-macam depa ni.

Sempena bulan yang mulia ini, kami ingin memohon maaf sekiranya terdapat salah dan silap sekiranya terhadap Tok Det berdua. Terima kasih kerana,berkat usaha yang Tok Det lakukan sepanjang 22 tahun menjadi perdana menteri, telah menghadihkan negara ini dengan kemakmuran, kesejahteraan, pembangunan dan kekayaan.

Tok det, untuk raya tahun ini saya berasa amat sedih sekali kerana buat pertama kalinya negeri yang saya menetap sekarang ini berada di bawah pemerintahan pembangkang. Saya juga merasa amat sedih sekali, kerana mesyuarat MT UMNO yang diadakan pada sepuluh ramadhan terakhir berakhir dengan penangguhan pemiihan UMNO pada MAC 2009. Kesedihan saya berada pada tahap maksimum apabila mendengar komen-komen ahli-ahli tertinggi UMNO terhadap keputusan tesebut. Saya mungkin tak dengar kesemuanya... tapi alasan-alasan seperti "dignity of the president" lah, tradisi UMNO lah... itu lah...ini lah... amat meloyakan. Didalam ambang kejatuhan dan kegelapan ini pun, masih hendak memperlekehkan dan memperkotak-katikkan rakyat. Apa agaknya dalam minda mereka ye Tok Det. Rakyat seperti saya mungkin bodoh dan tidak berkuasa, tapi kita semua pasti mati dan mengadap Ilahi.

Semoga tok det bertemu dengan lailatul qadar...

Dear Tun,

Diucapkan Selamat Hari Raya Aidilfitri kepada Tun dan sekeluarga.

Oppss.. dah lari tajuk dah ni. Oleh yang demikian di kesempatan ini saya ingin menundukkan diri dengan tawaduk memohon maaf kepada pelayar-pelayar blog Tok Det ni kalau-kalau ada frasa saya yang

menyentuh, menyinggung atau mengguris perasaan atau hati sesiapa. Yalah, kadang kita tak tau situasi seseorang, main cakap atau buat saja, rupa-rupanya kita dah tercalar hati orang. Makanya maafkanlah saya. Apalah seronoknya berdendam. Di hari raya yang dianugerahkan Allah sebagai pesta kepada umat Islam yang bersungguh-sungguh menyempurnakan puasa mereka, marilah kita kembali ke fitrah (iaitulah buangkan yang perkara/perangai/sifat yang tidak elok, sepertimana putihnya hati kita sewaktu kita dilahirkan) dan bermaafan sesama kita. Dan janganlah lupa kepada yang fardhu ketika sibuk dengan yang sunat di Aidilfitri ni. Bawak telekung, kain pelikat ketika menziarahi keluarga, dan sahabat handai, kot-kot masuk waktu Zohor ka Asar, bolehlah sembahyang terus. Satu lagi jangan lupa bayar zakat naa...

Akhir pesanan untuk Tok Det, terima kasih jemput kami ke rumah Tok Det. Semoga keberkatan dan rahmat Allah sentiasa mengiringi perjalanan hidup Tok Det, Tok Mah sekeluarga. Kami sekeluarga sentiasa mendoakan Tok Det, Tok Mah dan keluarga serta semua pelayar-pelayar CheDet.com supaya sentiasa dipanjangkan umur dan dapat menyumbangkan bakti kepada agama, bangsa dan negara.

Semoga Malaysia sentiasa berada dibawah naungan dan lembayung rahmatNya. Amin!

Tun yang saya kagumi,

A'kum wbt..

Betapa hibanya menyambut "AIDILFITRI" tanpa Tun sebagai pemimpin. Terasa amat sangat kekosongan dan kecelaruan dlm negara kita.. Betapa rindunya ucapan dalam memberi kekuatan dan semangat utk kami berjuang dlm UMNO tanpa Tun. Semangat kami semakin luntur di bawah kepimpinan sekarang utk berjuang dlm UMNO, tidak bermakna lagi menyambut Aidil Fitri. DSAAB masih berdolak dalih dalam membuat keputusan yang FLIP FLOP, ada agenda yang tersembunyi dalam memberi alasan meletak jawatan. Kita tunggu dan lihat apa lagi rencana yang akan dibuat. UMNO nampak semakin kucar kacir dan akan musnah lingkup parti yang pernah berjasa kepada bangsa dan orang melayu.

SELAMAT HARI RAYA AIDIL FITRI

MAAF ZAHIR DAN BATIN

Buat seluruh keluarga Tun dan tidak lupa kepada Ibunda iaitu Isteri Tun Dr. Siti Hasmah.. semoga dipanjangkan umur dan terus memberi kekuatan kepada kami utk memperjuangkan kemerdekaan Malaysia.

Sekian wasalam.

Assala mualaikom Tun Sekeluarga

Sekali lagi kita bersyukur mendapat sehari kesahari ditambahkan umur kita bagi meneruskan muiyhasabah kita dengan diri kita. Mudah2an ditambahi lagi umur kita untuk menyambut hari raya pula. Semuga umur yang ditambahi itu dapat kita memenfaatkan kearah yang baik bersama diri kita dan bersama manusia lain,. Apa yang saya tahu perjalanan kemanusiaan yang baik ialah menegeluarkan sesuatu pendapat, pandangan, kata kata dan apa juga ianya memberi menafaat kepada diri kita dan juga memberi menafaat kepada manusia lain. Insya Allah selamat kita dunia dan akhirat. Sebab berpakat baik kearah perkara perkara baik, maka jadilah kitakekasi Allah. Dan berpakat jahat kearah kejahatan maka jadilah ia musuh Allah (Firman tuhan) tak payah lah ayat berapa dan surah apa.. kalau pembaca nak tahu juga kena cari sendiri. dan apa yang say akeluar kat sini semata mata untuk diri saya dan peringatan untuk diri saya juga. kalau yakin dan percaya maka ambil baik lah.

Sekali lagi saya mohon maaf sepanjang saya ada disini berama TUN di ruangan ini selain dari itu saya juga mengucapkan SELAMAT HARI RAYA kepada semua pembaca.

Hari Raya kadang tu nampaknya semacam satu perayaan untuk semua kaum di Malaysia ini.. Kita sememangnya harmoni dan saling berbahagia sesama kita berkongsi apa saja sesama kita.. Kehebatan Aidilfitri yang jelas adalah diraikan oleh semua kaum di negara kita ini.. Hilang sudah soal RACIST dan segala permasalahan yang timbul selama ini.. Kita rakyat Malaysia tidak kira dari kaum apa sekalipun akan bersemangat untuk menyambut kedatangan syawal.. Sesungguhnya kita adalah rakyat yang sentiasa berkongsi apa saja sesama kita tetapi dengan adanya politik yang tidak sihat kita menjadi bermasam muka sesama kita..

Kami sekeluarga ingin mengucapkan Selamat Hari Raya Aidilfitri Maaf Zahir Batin...Semoga tun dan keluarga sihat sentiasa....

Selamat Hari Raya juga saya tujukan kepada pembaca2 blog ini :)

By dospenang on September 28, 2008 10:40 AM

SALAM TUN,

I guess TUN hutang semua pelayar dan bloggers di sini 'satu' post.

Sebab bila semalam DS Najib umumkan penangguhan EGM UMNO ke MAC 2009, nampak jelas sangat MT UMNO masih tidak faham dan tidak mendengar dengan teliti suara-suara dari akar umbi.

Maybe 1 atau 'satu' post boleh memuaskan hati para pembaca dan bloggers di sini kerana pandangan TUN yang kritis dan bernas sebenarnya telah banyak membuka mata dan minda rakyat MALAYSIA.

Sebut tentang AIDILFITR, diingatkan kita merujuk kembali kepada makna perkataan AIDILFITR yang bermaksud KEMBALI KEPADA FITRAH.

Satu persolan.....?

Jadi berbalik kepada tuan empunya badan, marilah kita BERMUHASABAH atau dalam English 'CHECK AND BALANCE' kembali sama ada bulan RAMADAN telah berjaya membawa kita KEMBALI KEPADA FITRAH?

TEPUK DADA TANYA NURANI

SALAM AIDILFITR.....

kepada Ayahanda Tun Dr. Mahathir Mohamad dan keluarga,

Saya ingin mengucapkan Salam Aidilfitri.. Dan saya mohon maaf zahir dan batin di atas segala kesalahan dan kesilapan saya..

Maklumlah.. Rakyat seperti saya ini telah banyak mengeluarkan perkataan yang tidak sepatutnya kepada Ayahanda dahulu.. Saya benar-benar ikhlas memohon ampun dan maaf di bulan Ramadhan dan Syawal yang mulia ini..

Pemimpin dan pejuang seperti Ayahanda amat sukar dicariganti.. Semoga Ayahanda sekeluarga dilindungi Allah dunia dan akhirat..

Salam Ikhlas dari saya..

Assalamualikum Tun & bloggers,

Salam Aidl Fitr untuk Tun & isteri serta semua bloggers. Kepada Tun saya memohon maaf sekiranya kadang-kadang kandungan tulisan saya tidak selari dgn kepercayaan politik Tun dan mungkin menyinggung perasaan Tun. Harap Tun dapat menerima perbezaan pandangan sebagai sesuatu yg sihat dlm sistem demokrasi berparlimen kita.

Salam Aidl Fitr untuk semua, maaf zahir dan batin.

Selamat Hari Raya Tun, semoga diampunkan Allah dan dipanjangkan umur serta dimurahkan rezeki... amin.. Tun, tolong ingatkan orang-orang melayu agar jangan berulang lagi Melaka, Singapura dan Pulau Pinang.. Saya anak Melaka, Negeri tiada Sultan, hanya catitan sejarah yang memberitahu saya, betapa hebatnya negeri saya dan anak watannya.. kini hanya didalam buku.. Saya merantau ke negeri orang untuk membina kerjaya, apabila ditanya asal saya, saya dengan bangganya akan mengakui saya anak watan melaka, saya umpama askar Gurkha yang setia kepada British, dimana bumi dipijak, disitu langit saya junjung, saya disenangi oleh rakyat tempatan wahima dimana saya bertugas tapi tidak seorang pun anak watan Melaka yang layak menjadi menteri kabinet walaupun BN menang gemilang di negeri Hang Jebat ini.. adakah orang melaka terlalu bodoh atau naif? atau kemenangan BN di melaka tidak dihargai oleh DSAAB? Kenapa Ketua Menteri Melaka tidak menuntut apa-apa?

Yang Berhagia Tun Dr. Mahathir yang dihormati,

Sempena menjelang Syawal ini saya ingin mengucapkan 'SELAMAT HARI RAYA EIDUL FITRI' kepada YBG Tun seisi keluarga.

Saya juga sama2 mendoakan kesejahteraan Tun Sekeluarga didunia dan diakhirat. Jasa Tun sebagai pemimpin Negara Malaysia ini tidak ada tolok bandingnya senantiasa dikenang sampai bila-bila. Negara Malaysia maju, makmur, aman, dikenali dan disegani semasa TUN menjadi PM. Selepas itu Malaysia menjadi kucar kacir tak tentu hala dari semua segi. Malaysia tidak seaman dulu. Banyak jenayah berlaku dan rumah kediaman tidak lagi selamat (terlalu banyak rompakan dan pecah rumah), anak2 tak bolih bebas lagi bermain dipadang (takut diculik orang) ditambah pula dengan percakaran politik yang tak habis2 dan Negara2 Jiran mengambil kesempatan menanggung diayir keruh dari kelemahan kerajaan sendiri. Orang politik menjadi kaya raya orang berniaga banyak yang rugi. Saya amat terharu dan sangat berharap kegemilangan Malaysia akan pulih kembali seperti semasa dalam pemerintahan TUN dulu. Mudah2an Allah SWT memberi perlindungan dan rahmat yang tak terhingga kepada YBG TUN dan keluarga yang telah banyak berjasa kepada Negara, Bangsa dan Ugama.

By throttle on September 28, 2008 1:44 PM

Selamat Hari Raya Aidilfitri.

Semoga Tun dan Isteri sihat sejahtera.

By akmal_sr on September 28, 2008 1:44 PM

Assalamualaikum W.B.T.

Harapan dan doa saya serta keluarga mengharapakan TUN sekeluarga mendapat anugerah dan redha Allah S.W.T. dalam menjalani kehidupan seharian. Semoga Allah Yang Maha Kuasa, Maha Pengasih lagi Maha Penyayang memperpanjangkan umur, memurahkan rezeki dan menganugerahkan kesihatan buat TUN dan Isteri serta anak2.

Sebelumnya, saya memohon ampun dan maaf seandainya pendapat dan pandangan saya di layar www.chedet.com adakalanya agak kasar dan mungkin mengguris hati. Sememangnya, saya sangat inginkan sesuatu yang terbaik buat negara yang sangat saya cintai. Saya juga berharap agar TUN selalu dan tak akan pernah berputus asa dalam memberikan pendapat, pandangan serta pengalaman kepada kami para pembaca web TUN ini. Saya dan mungkin bagi pembaca yang lain juga sebenarnya sangat berbangga dapat berkomunikasi dengan seorang yang pernah memimpin Negara. Seorang yang dikenali dunia.

Kebijakan TUN membuka web ini memberikan kami peluang untuk lebih dekat mengenali TUN serta dapat membuka fikiran kami dalam menjalani kehidupan seharian.

Akhir kata, mohon ampun dan maaf sekali lagi dari saya, semoga saya dapat bertemu dengan TUN lagi masa mendatang.

Selamat menyambut hari raya Aidilfitri 1429H bersamaan 1 Syawal buat TUN dan Keluarga.

first of all, i would like to wish happy Hari Raya to you and your beloved family. I was once the one who really hated you, doing critics especially when you sacked Anwar from Governmennt. Ever since, everything you do is considered by me as futile and not for the purpose of Bangsa but it rather for your own sake. But now after making little bit comparison between your governance style and Badawi everything comes to sense. we maybe young, lacking experiences of life on said but what PAK LAh(undurLah) does now is not what a great leader should do, he lost the credibility as a leader, no one seems to respect him anymore(expects those who still hanging around him to get posts or money).After all, do the best to change this terrible leader, we always support you behind together with everyone with your crusade.

selamat hari raya.

Assalamualaikum...pertamanya saya ingin mengucapkan tahniah atas pelancaran buku himpunan artikel che det di samping mengucapkan selamat hari raya aidilfitri dengan kesempatan yang terhad ini saya juga memohon agar Tun dapat memberikan sedikit enlightenment kepada apa yang sebenarnya berlaku pada 1998...

Mungkin saya tidak patut menanyakan soalan tersebut di ruang ini namun saya sebenarna amat berharap untuk mendapatkan reply dari Tun jadi saya memilih untuk menanyakan soalan di topik yang terbaru daripada menanyakannya di ruangan yang sepatutnya.

Saya tertarik mengenai topik Tun mengenai 'Letter to prime minister of israel' secara jujurnya saya langsung tidak mempercayai kandungan surat tersebut meskipun saya ada membaca kandungan tersebut yang saya terima menerusi email, Kerana saya tahu Tun adalah antara orang yang sering di kritik di dalam kebanyakan akhbar yang pro yahudi (yang ketara adalah di dalam web ADL). Namun persoalannya andaikata surat boleh dihasilkan secara palsu dan disebarikan sedemikian rupa, saya ingin bertanya surat yang pernah saya terbaca tidak berapa lama dahulu, yakni surat yang di utus oleh almarhum ismail al-faruqi kepada Tun pada tahun 1986...adakah surat ini juga merupakan surat palsu...saya percaya jawapan Tun ini mampu menghuraikan pelbagai persoalan mengenai siapa anwar ibrahim yang sebenar yang bermain di benak fikiran saya.

Sekian Terima kasih,

Yang Berhormat Tun,

Just wanted to say our deepest appreciation on your contribution, your tireless efforts and your vision for us. From the day I'm mature enough to know what is life about, I only knew you as my leader and my role model. Many of my principles in life comes from your many speeches which I have imprinted in my mind. Your simplicity, yet ambition and vision gave birth to Malaysians with World Class characters..I'm proud to

be one of your "children".

How can Malaysia be without you. The least we can get is someone from your blood..I'm sure we wont go very wrong. Mukhriz is our hope for future.

Last but not least, we are grateful to Allah AlMighty for giving you to us. May Allah Bless you with Good Health to be with us as long as we can dream of.

Selamat Hari Raya Aidilfitri to you and your family and pray for many more returns of this wonderful event with you around. Ameen.

ASSALAMUALIKUM TUN,

Bagi saya raya tahun ni ada kelebihan dan kekurangan,

A)kekurangan

-kerana Teresa Kok dibebaskan,ingat2 hari tu nak buat open house besar2an.tapi terpaksa cancel

B)kelebihan

-Insyallah panjang umur,murah rezeki saya dan isteri akan ke rumah terbuka TUN dengan harapan bertemu TUN. I'll be going there all the way from Penang,mungkin bertolak 2pagi 05hb Oct terus ke sana.

Insyallah jika tiada aral melintang saya akan datang beraya di rumah Tun nanti. Salam Tun,

Saya juga ingin mengucapkan Selamat Hari Raya Aidil Fitri buat Tun sekeluarga dan rakan seperjuangan yang masih sedar akan nasib kita....

By maryam on September 29, 2008 12:32 AM

assalamualaikum tun,

saya adalah rakyat malaysia yg berusia 17 thn dan merupakan seorang yg sgt menyanjungi tun sejak dulu lagi. pertama sekali saya ingin mengucapkan selamat menyambut aidilfitri dan moga2 saya dpt mengunjungi tun di majlis rumah terbuka tun nanti...insyaallah.

Seterusnya saya amat berharap agar tun dpt memimpin rakyat malaysia semula walaupun saya tahu ia AGAK MUSTAHIL TETAPI TIDAK MUSTAHIL utk menjadi kenyataan. sebenarnya, walaupun usia saya ini boleh dianggap baru setahun jagung atau masih belum cukup lagi, tetapi saya dpt membuat satu kesimpulan drpd pemerhatian saya terhadap kemelut politik dan ekonomi yg melanda negara dewasa ini....dan hasilnya adalah kepimpinan yg sedang diterajui oleh DSAAB penuh dgn kepentingan diri dan keluarganya sendiri yg akhirnya pasti akan menyebabkan malaysia kucar-kacir dan org melayulah yg palaing kuat terkena tempasnya.

Sejak beliau menerajui tampuk kepimpinan negara,ekonomi kita menjadi tak stabil walaupun beliau menafikannya dan hak2 istimewa org melayu semakin terhakis...adakah org melayu akan kehilangan tanahnya sendiri, tun?

Saya sbg generasi muda negara ini tersangatlah bimbang akan keadaan negara ini yg mana segala tindakan golongan pemimpin pada masa ini akan memberi kesan kpd kami pada masa akan dtg....golongan ini sepatutnya kembali ke pangkal jalan...tidakkah mereka takut akan azab Allah di akhirat kelak?

Tun,

saya amat bersyukur kerana saya sempat berada di bawah pimpinan tun dahulu...walaupun tidaklah begitu lama, tetapi saya dpt merasa nikmat kedamaian, keharmonian dan kestabilan negara walaupun saya masih budak2 lagi ketika itu.

Baiklah tun, rasanya cukup sekadar ini dan saya akan sering mendoakan agar tun dipanjangkan umur, diberkati Allah dan sentiasa berada dalam keadaan yg diredhai-Nya.

sekali lagi, SELAMAT HARI RAYA AIDILFITRI!!!!

Assalamualaikum wrwb

Ayahanda Tun Dr Mahathir , Bonda Tun Dr Siti Hasmah , keluarga dan rakan-rakan yang beragama Islam di blog chet det.com

Terlebih dahulu anakanda ingin mengucapkan jutaan terima kasih kerna ayahanda telah menjadikan Malaysia sebuah negara yang disegani dan dibanggakan 22 tahun yang lalu.

Terima kasih juga kepada ayahanda dan bonda kerana telah sudi hadir ke majlis di Port Dickson lalu dan menjadikan impian anakanda menjadi kenyataan apabila pada awal hanya untuk bersalam dan mengambil gambar sahaja tetapi kerna dengan izin Allah dapat duduk semeja bersebelahan bonda Dr Siti Hasmah menjamu selera dan seterusnya berbual-bual mesra. Cita-cita anakanda tercapai, alhamdulillah dan akan diabadikan dan diceritakan kepada anak-anak murid dan cucu-cicit anakanda kelak.

Terasa sayu apabila mengenangkan anakanda kini beraya seorang diri di rumah kerna kedua-dua ayahanda dan bonda telah pergi buat selama-lamanya. Tiada acara bermaaf-maafan di pagi raya, sunyi sepi sahaja dan hanya akan beraya di pusara ayahanda bonda tercinta sahaja. Namun anakanda tetap gembira juga dengan adanya ayahanda Tun dan bonda Tun disisi kami rakyat Malaysia...InsyaAllah jika ada kelapangan dan panjang umur anakanda akan ke rumah terbuka ayahanda dan bonda.

Terima kasih dan semoga Allah memberi kesejahteraan dan kesihatan yang baik serta dilindungi Allah daripada segala kejahatan kepada ayahanda dan bonda serta keluarga. Terima kasih kerana telah menjadi ibu dan bapa kepada semua rakyat Malaysia.

Akhir sekali SELAMAT HARI RAYA DAN MAAF ZAHIR BATIN
Saya sayang ayahanda dan bonda berdua seperti ayah dan bonda saya jua.

To all just to share,
Leadership is not an easy task, how is it done depends on the crowd that one's is managing, most people only know how to talk, bitching and moaning, but dont even realise the sleepless nite & burden a true leader need to beared. BTW did anyone ever thought that if they themselves become a leader they just can lead base on fairness and JUST to manage a country, if its is so "Please think again".

A true leader put others/nation interest first before personal, MANY WILL FAIL at this aspect only.

But some wisemen says "TO ERR IS HUMAN" and our ISLAMIC teaching thought us that God is most gracious and forgiven, and common understanding is "NOBODY IS PERFECT".

As a "greenhorn" in chedet I would like to wish all the members "SELAMAT HARI RAYA AIDIL FITRI, MAAF ZAHIR AND BATIN.

Assalamualaikum YABhg Tun.

Saya mengambil kesempatan ini untuk memohon ampun dan maaf serta mengucapkan selamat menyambut Hari Raya Aidul-Fitr kepada YABhg Tun dan Tun Siti.

Setiap kali menjelang malam terakhir Ramadan saya sekeluarga terkenang majlis berbuka puasa, sembahyang Maghrib berjemaah dan mendapat duit raya daripada YABhg Tun dan Tun Siti di Seri Perdana.

Alhamdulillah keadaan kesihatan YABhg Tun lebih baik dari Syawal yang lalu. Tahun lepas saya beraya di IJN, tahun ni insyaallah akan sampai di The Mines.

Maaf Zahir & Batin daripada Halim, Hamisah, Abdul 'Azim, Abdul 'Alim, Nur'Azimah, Abdul Mu'izz, Abdul Wasi', Abdul Rafi' dan Nur Husna.

Semoga YABhg Tun sekeluarga dirahmati Allah.

YAB Tun,

Assalamualaikum dan Selamat Sejahtera diucapkan kepada Tun dan bonda Tun Siti Hasmah semoga Allah SAW akan sentiasa mencucuri rahmat kepada Tun berdua.

Dikesempatan ini saya dan keluarga mengucapkan SELAMAT HARI RAYA AIDILFITRI buat Tun berdua serta keluarga. Harapan saya semoga Tun berdua sentiasa berada didalam sihat sejahtera.

Ucapan terima kasih khas buat Tun yang telah tidak mengenal penat serta kadangkala menerima kritikan panas, akan tetapi masih lagi meneruskan usaha untuk memberi pandangan dan kritikan yang membangun demi cuba memperbaiki keadaan persekitaran politik negara kita yang kita cintai ini.

Harapan saya ialah agar Tun akan terus menulis di dalam blog ini kerana ianya telah menjadi sebahagian rutin kehidupan saya setiap hari. Jika tidak membaca tulisan Tun serta komen yang di tulis oleh pengunjung blog, rasanya rutin hari saya tidak lengkap.

Saya telah banyak mendapat maklumat dan pengajaran daripada tulisan Tun dan saya rasa perasaan yang saya alami ini turut juga dirasa oleh ramai lagi orang yang mengikuti blog Tun ini.

Tun adalah rahmat yang dikurniakan oleh Allah SAW kepada umat Malaysia khususnya dan dunia amnya.

Izinkan saya memohon maaf sekiranya terdapat komen saya yang dengan tidak sengaja menyentuh hati kecil Tun.

Salam buat bonda Tun Siti Hasmah dan inshAllah jika diizinkan saya akan berkunjung ke rumah terbuka Tun pada 5 Okt 08 nanti.

Assalam Tun, Tun Hasmah dan Sekeluarga dan tidak lupa kawan-kawan di laman blog chedet.

Saya dan keluarga juga ingin mengambil kesempatan ini mengucapkan terima kasih kepada Tun dan keluarga kerana memberikan kami peluang di dalam blog ini menyuarakan pendapat dan kegelisahan kami tanpa mengundang perkara-perkara yang tidak diingini.

Saya bersyukur kerana Tun telah membuka minda kami agar lebih peka terhadap semua faktor yang berlaku di dalam negara yang tercinta dan sebagai rakyat yang bertanggungjawab mengambil peranan bersama-sama berjuang ke arah KESEJAHTERAAN MALAYSIA.

Maka, saya mungkin telah mengguris perasaan seseorang di dalam laman ini dan bukanlah tujuan atau hasrat begitu tetapi lebih kepada sayangkan negara.

Berakhirnya Ramdahan dan menjelang Syawal ini saya dan keluarga mengucapkan:

SALAM EIDUL FITRI KEPADA TUN DAN FAMILI

SERTA KAWAN-KAWAN DI DALAM LAMAN BLOG CHEDET.COM

Assalamualaikum Tun dan isteri. Terima kasih kerana ingatkan kami semua. Kami, kumpulan political watch, dan saya secara peribadinya, mengucapkan selamat hari raya, maaf zahir dan batin.

But we still think that Tun still have that magic as a leader. So, selamat kembali ke UMNO.

Sungguh pun begitu, kami yakin bahawa Melayu hanya dapat menebus maruahnya melalui ajaran Islam, yang berlandaskan pada struktur Islam.

Selamat Hari Raya.

Salam Muhibbah serta Salam Lebaran but Tun seisi keluarga. Hamba amat kagum dengan Tun sejak dari dulu lagi, malah keluarga hamba, ipar duai, almarhum baba hamba juga amat mengagumi Tun. Insyaallah, sekiranya diizinkan Allah, kami beramai ramai dari Singapura akan cuba sedaya upaya untuk ketemu Tun di hari rumah terbuka pada 5hb Okt nanti. Satu saja permintaan kami sekeluarga, yakni ingin bergambar dengan Tun serta isteri. Semuga hajat kami dikabulkan Allah dan mendapat restu dari Tun sendiri.

Assalamualaikum Tun

First time commenting and your blog after being a long time lurker

Wishing you and your family SELAMAT HARI RAYA AIDILFITRI and MAAF ZAHIR BATIN.

I pray to Allah for your health and wellbeing. MALAYSIA still needs you. The Rakyat still needs you.

When my father decided to name me after you, he knew that you would someday be great leader! (That was in 1969 mind you!)

I know I have a big role to play by having the name "Mahathir" and I hope to follow in your footsteps one day, if not as the PM, at least as a good leader

Dear Tun,

Selamat Hari Raya.

I registered myself in your blog recently and spent time reading through your archives.

I agree that the current leadership is incompetent and weak. I personally worry that the BN will not be able to pull through this current political crisis.

Look at now, small issue was blown out of proportion. A few more issues down the road, more defection takes place, more component parties opt out, it will then be too late to turn things around.

BN needs a strong leader. The problem is, does UMNO have one at the moment? If there is one, he should naturally surface during the current UMNO election, take this opportunity to offer himself as candidate and lead the party. From what I observe, no one in sight as yet.

The transition plan itself will not solve the problem. If the succession by Najib will make any difference, the difference would have been reflected in the result of Permatang Pauh BE.

Look at Keadilan few years back. It started from zero but look at their support now. It's not the teaming of DAP and PAS that makes Pakatan strong today. It's the leader that teams them together.

History tells that only strong leader can lead a country towards stability and prosperity.

Sadly, I foresee gloomy days ahead. Malaysian will have more to suffer....

By crazyidiot on September 29, 2008 11:45 AM

Tun,

Selamat Hari Raya.

I believe that the power transition in UMNO is a piece of nonsense. It should not be this way. UMNO Presidency should be opened up to all members of the party and not just the Vice President(s). AAB is still in dreamland while Najib is taking advantage of the situation and hoping that he will be next on the line.

This shows the blunt thinking of AAB, while NTR is just riding on the wave of AAB's bluntness.

The people are not happy, neither are other component parties of the BN. The ship is sinking. It's sinking fast. It's worse than the titanic. At least the captain of the titanic knew that the ship was sinking. The captain of the current ruling government of Malaysia chooses to deny it.

He said he stuck with us in difficult times. I ask, who is the person responsible for creating these difficult times? The answer may be answered easily. The truth is hard to swallow, but it is still the truth. It's too late when you hit the iceberg. No amount of remorse or reconciliation can be of any help to the people. It's deadly!!

Apa yang sudah berlaku telah berlaku, apa yang akan berlaku, akan berlaku. Usahlah bertaubat sekarang. Malapetaka sudah menimpa. Kapal akan karam tidak lama lagi bersama sama dengan nakhodanya sekali.

To make matters worse, the people would lose faith in ships like these in the future. BN has lost the

people's trust by misusing it against the people that voted for it. BN is sinking. The unsinkable is sinking!
No amount of hope, faith, prayer nor regretfulness will stop it from sinking.

We stand and watch in awe while the calls for Mayday and S.O.S are sent out. A bitter sight, indeed it is,
as hard as it is to believe, it is happening!

Assalamu'alaikum Tun Dr Mahathir dan Tun Dr Siti Hasmah,

Selamat menyambut Aidul Fitri dan semoga Tun berdua dalam keberkatan yang menyeluruh.

Walaupun saya tidak pernah berjumpa Tun secara in-person, tetapi saya berharap suatu hari nanti akan
termakbul juga cita-cita untuk berjumpa Tun. Bersalaman dan berterima kasih atas role-model yang Tun
serlahkan dalam hidup Tun yang memberi inspirasi pada saya.

Ia memberikan harapan dan kekuatan pada saya untuk mencapai sesuatu yang tidak pernah di mimpikan
iaitu menjadi seorang saintis di luar negara. Segala rintangan dan cabaran di tempuhi di dunia yang asing
atas harapan untuk membawa tanahair Malaysia ke peringkat yang lebih tinggi.

Akan tetapi saya begitu sedih dengan apa yang berlaku di Malaysia sejak Tun tidak lagi di tampuk kuasa.
Alhamdulillah, perkembangan terkini di Malaysia atas usaha Tun yang bersungguh untuk menyedarkan
dan membetulkan keadaan telah menampakkan hasil. Saya harap Tun teruskan lagi dan Insya'Allah
kebenaran akan menghapuskan kebathilan.

Insya'Allah, satu hari nanti saya akan kembali untuk mengembangkan pengetahuan dan pengalaman di
tanahair. Maka di waktu itu saya berharap dapat bertemu dan berbual supaya Tun dapat berbangga
dengan golongan-golongan anak melayu kampung yang menggunakan sains untuk menganjak "the
frontiers of knowledge" bersama saintis lain yang tersohor di dunia.

Buat masa ini, saya akan menanti chedet.com sebagai inspirasi kebenaran dan kekuatan.

KEDUA AKU YAKIN ADA DALANG DIBELAKANG BUKU INI DAN YAKIN PENULIS MENJADI JUTAWAN DALAM SEKELIP MATA

KETIGA AKU MINTA PIHAK BERKAITAN MENYIASAT PENYEBARAN BUKU INI KERANA PERTAMA SESIAPA SAHAJA YANG MENGGUNAKAN BUKU INI UNTUK TUJUAN KEMPEN SUDAH MELANGGAR TATA ETIKA PERATURAN PARTI UMNO, KEDUA PENULIS CUBA MENJATUHKAN KREDIBILITI TUN DENGAN NIAT DAN TUJUAN TERTENTU. DIKACA MATA SAYA KAMARZAMAN TAK ADA BEZANYA DENGAN LIM KIT SIANG DAM KARPAL SINGH

My Comment: Dear Jay and fellow bloggers, I believe the information below can provide some light on the author of the book. I stumbled upon the information while reading
<http://sakmongkol.blogspot.com>

The writer is Kamazaman Yaakob, a former student leader at the University of Malaya. If sakmongkol is not mistaken, he was president of UMSU while Hishamudin Rais was the Secretary. Either UMSU or the Socialist Club. Kamarazaman Yaakob was also detained under the ISA for his student activities.

Kamarazaman Yaakob is also the brother of Ismail Sabri Yaakob, who before he became a minister was hardly known. He is chiefly known as a close associate of Khairy Jamaluddin. He is now the minister in charge of Sports.

Thank you

Dear Tun,

I read your blog whenever i have the time. This is my first time i'm actually writing something. As a Malaysian working in Dubai for 3 years now, i have seen it change, and definitely not for the better. Everytime i return for holidays, i dont really see change in a good way. The Arabs here, i still remember when i first came, were very eager to hear about Malaysia, having investments in mind. We could have gotten more of their attention if things didnt develop the way it did. When i worked for a British company here, and then Belgian, even my european colleagues loves visiting Malaysia. In the local papers, i read articles on Malaysian political happenings and they read it too. So over lunch breaks and dinners, they start asking more details, as in the Hindraf stint, then Anwar's stint. For a Malaysian to tell other nationalities which highly regard Malaysia, it wasnt easy for me. So, of course i point out things in their countries if i sense the conversation is all negative.

The first sign that trouble was brewing, is the BRIC economies, where we lost out a lot of ongoing and potential invesments. Secondly, the untiming leadership of Badawi(i wouldnt mind him leading, but not during these times, Tun, you should be the one). I see him as more of The Maintainer, he might do a good job if EVERYTHING is right and in place where there's no major economy, racial problems, and Tun, i see you more of The Doer, where you can start things, sort things and make things happen easily and efficiently.

Whatever that is happening now is definitely not helping Malaysia in any way. Significant time has gone in blaming each other(politicians, parties). Sometimes i just wish i can scream at all the MPs in the parliament "Forget about all the differences, WORK together and get things DONE!" But i cant say it because i'm not in the parliament, Badawi cant say it because He wont. Thats just the way he is. and thats sad.

Before i sign off, i would like to wish you Selamat Hari Raya to you and your family, and to all the Muslim readers here.

Best Regards

Ayahanda Tun sekeluarga, assalamualaikum.....

Kali pertama saya melihat Ayahanda Tun secara dekat pada 1978, semasa berumur 11 tahun. Pada masa Ayahanda Tun berlepas dengan helikopter saya melihat wajah Ayahanda Tun tersenyum sambil melambai – lambai tangan ke arah orang ramai. Saya bercerita kepada keluarga, guru – guru dan kawan – kawan kerana terlalu bangga dapat melihat TPM walaupun pada masa itu saya tidak tahu apa – apa tentang melayu, politik dan masa depan negara.

Pada tahun 2001 saya sekali lagi dapat berjumpa dengan Ayahanda Tun. Kali ini saya amat bertuah kerana dapat bersalaman dan mencium tangan Ayahanda Tun. Ramai kawan – kawan yang menyindir saya kerana pada masa itu isu DSAI masih segar dalam ingatan ramai. Saya tetap berbangga kerana dapat mencium tangan PM.

Pada 16 September 2003 Ayahanda Tun sekali lagi datang ke tempat saya. Pada masa itu saya amat bertuah kerana telah diamanahkan untuk mengiringi Ayahanda semasa makan. Diakhir majlis tersebut saya telah berkesempatan bersalaman dan mencium tangan Ayahanda Tun buat kali kedua. Kebetulan seorang rakan saya sempat mengambil gambar ketika itu. Sehingga ke hari ini gambar tersebut masih di dalam simpanan dan menjadi kebanggaan kepada saya dan anak – anak.

Semasa Ayahanda Tun menjadi PM ramai warganegara asing yang ditemui mengatakan rakyat Malaysia amat bertuah kerana tuhan telah menganugerahkan seorang PM yang bernama Dr. Mahathir. Kali terakhir bertempat di dataran Masjidil Haram, Mekah semasa musim haji tahun 2007, saya telah bersembang dengan seorang warganegara India bernama Mohd Haneef yang menetap di London. Beliau mengikuti perkembangan politik semasa negara. Beliau hairan kenapa kepimpinan Kerajaan Malaysia tidak mengambil Ayahanda Tun sebagai penasihat mereka. Saya tidak memberi sebarang komen kerana busuk – busuk pun Malaysia tetap tanah air saya. Saya cuma mengatakan Ayahanda Tun dah bersara dan nak berehat dalam erti kata yang sebenarnya walaupun saya sedar kenyataan saya itu tidak bertepatan dengan naluri Ayahanda Tun.

Saya masih mempunyai bapa yang sebaya dengan Ayahanda Tun. Alhamdulillah, beliau sihat, bertenaga dan masih boleh memandu. Perbezaannya cuma satu sahaja. Beliau tidak mempunyai pemikiran setajam Ayahanda Tun. Beliau telah hidup dipelbagai zaman termasuk lima PM. Kami sembilan beradik telah dididik supaya taat kepada agama, orang yang lebih tua, undang – undang, pemimpin dan negara. Ikhlas saya katakan dia respect kelima – lima PM tetapi Ayahanda Tun mempunyai aura tersendiri.

Semasa menjadi PM Ayahanda Tun pernah menasihat rakyat supaya jangan taksub kepada pemimpin kerana pemimpin datang dan pergi. Apa yang penting ialah kesejahteraan rakyat. Semenjak dari dulu lagi rakyat tanpa mengira kaum memberi undi kepada Umno/BN kerana yakin dengan pemerintahannya. Setiap rakyat mengharapkan keselesaan mengikut persepsi masing – masing. Walaupun saya belum pernah menjadi ahli Umno dan pernah dikhianati oleh petualang Umno (musang berbulu ayam) tetapi seumur hidup saya belum pernah memberi undi kepada pembangkang bermula dari 1990 hingga 8 Mac 2008. Ini semua berkat asuhan ayahanda saya selama ini.

Bagaimana dengan PRU 13 nanti? Adakah 8 Mac 2008 atau 26 Ogos 2008 merupakan titik permulaan bagi kejatuhan BN. Terserah kepada kepimpinan parti yang ada sekarang dan masa hadapan untuk mencorakkannya. Siapa yang menentukannya kalau bukan ahli dari cawangan. Bersediakah ahli untuk

meratapi kehancuran parti mereka. Jika dah bersedia silakan, pilihlah mereka yang tiada kualiti menjadi perwakilan anda. Jika belum bersedia, gunakanlah kepintaran anda untuk kebaikan semua pihak. Umno tidak akan hancur kerana ahli Pas, PKR, DAP dan sebagainya melainkan ahlinya sendiri.

Walaupun saya tidak berkesempatan untuk menghadiri rumah terbuka yang dianjurkan tetapi Ayahanda Tun tetap dekat dihati. Kepada Kekanda Mukhriz teruskan perjuangan Ayahanda Tun.
Insyaallah.....

Salam Aidilfitri untuk Ayahanda Tun sekeluarga dan bloggers.

I and my family would like to wish you and your family Selamat Hari Raya Adilfitri. The mood of Raya celebration is not only felt by the muslims.. as an indian i too have some special joy in me to celebrate the Hari Raya festive. This is because the feeling we have as a Malaysian blood. During our clhidhood days My friends in our kampung Malays, Chinese and Indians celebrate this day with special joy. But unfortunately, i don't see this unity between the races anymore in Malaysia neither in my kampung...this is really a sad thing... I hope one day my sons will again have this experience that i had. After all we are all Malaysians!

Dear Tun Dr.Mahathir,

First of all, I would like to say "Selamat Hari Raya Aidilfitri to you and your beloved family members".

Since my teenage when I know you as our Prime Minister till now, I always thank God for having you as our Prime Minister of Malaysia and leading us for the past 22 years. I do read some of your book and book about you. I always felt impress about your concept, vision and leadership. Honestly speaking, sometime, I do felt sad when heard people criticized and doesn't really appreciate your effort.

Here, I would like to take this oppurtunity to express my full respect and thank you for what you have contributed to our country MALAYSIA. And, your wisdom in running the country for the past and continous advice to the country.

Once again, "SELAMAT MENYAMBUT HARI RAYA AIDILFITRI"

God Bless !

SALAM HORMAT BUAT TUN SEKELUARGA.

Saya dan keluarga mengucapkan SALAM AIDILFITRI DAN MAAF ZAHIR BATHIN kepada Tun Sekeluarga, semoga dipanjangkan umur lagi dan dimurahkan rezeki. Kad Hari Raya yang Tun balas pada tahun 1998 sampai sekarang saya masih simpan. Dan saya berharap tahun ini ada rezeki Tun dapat membalasnya tanda kenangan abadi. Jasa dan kecekapan Tun mentadbirkan negara memang tiada tandingannya.

Saya tidak pernah menafikannya tiap-tiap kali bila saya bercakap dengan sesiapa. Saya selalu berkongsi pendapat ini dengan Dato Alies (Alies Ayub/x SIC Director), Dato' Zazlan/x Sg.Siput UMNO Chief dan ramai lagi Tun.

Tun, your leadership makes many people happy and success even your enemies also benefited, but not the present administration.

Sekali lagi saya akhiri dengan ucapan Selamat Hari Raya, Maaf Zahir Bathin....
Jagalah diri Tun sebaik mungkin. Wassalam.

Tun terima kasih kerana mengajak rakyat Malaysia menghadiri rumah terbuka Tun. Bagaimanapun saya akan rasa menyesal jika tidak dapat hadir ke rumah terbuka Tun pada 5 Oktober 2008 sebab tiket bas untuk pulang ke Selatan tanahair pada 5 Okober,pukul 9 pagi. Saya rasa terpaksa mengambil alternatif lain untuk datang ke rumah terbuka Tun. Mungkin,saya terpaksa korbakan tiket bas saya semata-mata untuk berjumpa Tun di rumah terbuka Tun.

YABhg Tun,

Salam hormat. Hari ini adalah hari kedua kita menyambut Aidil Fitri. Namun begitu, saya sekeluarga ingin mengucapkan kepada YABhg Tun dan keluarga Selamat Hari Raya Aidil Fitri semoga Aidil Fitri disambut dengan kesyukuran dan keberkatan. Maaf Zahir dan Batin.

Malangnya, Hari Terbuka sempena Aidil Fitri yang dianjurkan oleh PM dan rakan rakan dalam Jemaah Menteri yang diadakan di PWTC semalam dicemari oleh kumpulan kumpulan yang biadab dan tidak tahu menghormati orang lain apatah lagi pemimpin negara. Apa kata Samy Vellu, M Kayveas, Koh Tsu Koon,

Ong Ka Ting dan Zaid Ibrahim. Tak perlu disebut gelaran nama kepada mereka ini kerana mereka adalah sama dengan kumpulan Hindraf yang mendesak pemimpin pemimpin mereka yang ditahan di bawah ISA.

Perkara seperti ini tidak pernah berlaku. Kalau Pemimpin kita tegas, kuat dan berwibawa seperti diktator, saya percaya mereka tidak akan bertindak sedemikian.

May the fete of this year give you and your family a happier heart and a renewed spirit. God bless Malaysia too.

Selamat Hari Raya untuk Tun dan keluarga. Semoga Tun dan keluarga sihat sejahtera dan di rahmati Allah.

Insha Allah saya dan anak anak akan berusaha pergi ke Open House Tun .We just want to show our support and deep appreciation to Tun for tirelessly taking care of the nation. My youngest son who is 22 years thinks highly of Tun's contribution to the country.....my second son has wanted to be a Prime Minister when asked of his ambition when he was in Standard 2. I suppose he admires Tun so much that he wanted to be somebody like Tun. My daughter though has never been interested in politics reads your blogs religiously because she loves your writing style, your wits and she gets to learn new powerful words . She is proficient in the English language.

They were still preschoolers when they met Tun for the first time. Tun officiated the opening of their Primary School in PJ.

Hope they will get to meet Tun again as young adults . Take care Tun

Assalamualaikum, Selamat Hari Raya Tun, semoga Tun dan keluarga sihat sejahtera, hidup aman dan damai hendaknya. Saya bersolat Aidil Fitri di Masjid Putra dan sempat bersalaman dengan TUN. Tahniah kerana meskipun telah bersara, rakyat berebut-rebut untuk bersalaman dengan TUN. Saya memerhati suasana ini dan tak kurang 30 minit TUN memberi peluang bersalaman dengan rakyat dan ternyata TUN dikerumuni seperti selebriti. Bukannya spt sesetengah pemimpin sekarang, rakyat tak kisah untuk bersalaman. Lihat baru-baru ni di TV, tak pernah dibuat pemimpin sebelumnya pemimpin berkenaan disiarkan ucapan Selamat Hari Raya. Tak payah berlakonlan, rakyat dah muak dan jelak tengok muka tu, memang lemah dan tak layak pimpin Malaysia.

Assalamualaikum,

Di hari lebaran ini, saya dan keluarga dari Sarawak ingin mengambil kesempatan ini mengucapkan Selamat Hari Raya Aidilfitri kepada Ybhg. Tun dan Isteri serta keluarga.

Usahlah Tun beranggapan Tun keseorangan. Saya dan keluarga akan sentiasa menyokong Tun dan bersama berjuang untuk mempertahankan negara tercinta ini.

Sejak dibangku sekolah lagi saya meminati cara kepimpinan Tun dan teringin sekali untuk berjabat tangan dengan Tun. Namun tidak kesampaian. Teringin sangat untuk datang ke rumah Tun tapi disebabkan dipisahkan oleh lautan.

Walau-apapun Tun, teruskan berjuang untuk negara ini, insyaallah perjuangan Tun akan membuka mata mereka yang telah meminggirkan Tun yang pada saya umpama sebutir permata yang akan sentiasa bergelipan.

Akhir sekali, jaga kesihatan Tun dan Isteri. Saya akan mendoakan Tun dipanjang usia dan diberi kekuatan untuk berjuang.

Assalamualaikum Tun.

Selamat Hari Raya Maaf Zahir Batin saya ucapkan kepada Tun dan keluarga.

Tun saya adalah seorang pemuda dari selatan semenanjung yang amat mengkagumi kepimpinan Tun. Tun saya amat risau dan resah tentang situasi politik semasa terutama tentang survival UMNO dan kelantangan kaum-kaum lain yang kini seolah-olah sudah bersuara.

Tun

Saya adalah seorang pemuda yang suka berfikir. Dan saya juga baru bermula berjinak-jinak untuk belajar mengendalikan blog.

Sebenarnya saya amat berharap untuk bertemu dengan Tun suatu masa nanti dan memahami Tun dengan lebih baik. Sebagai tanda permulaan, saya harap Tun sudi untuk meluangkan masa untuk membaca tulisan-tulisan saya dan memberi pendapat.

Sesungguhnya saya adalah Pemuda yang mahu belajar segala ilmu untuk memastikan keunggulan Bangsa Melayu.."Bangsaku Bukan Kecil.."

Dear Sir,

I just came back from the open house event....it was nice...but only too crowded...but overall the food was good....but the only problem was, there were no proper lines, this made it difficult for both the visitors and caterers...i would like to suggest, that next open house, there should be usherers to guide the visitors to follow lines, rather than all crowding into one corner....i pitied the Nelson's team (corn in the cup), it was one heck of a mess there..

I wanted to meet you, but the crowd was big, plus i saw a family of foreigners, they badly wanted to see you, i wanted them to stand in front of me, but the family behind me started mumbling, so i gave up my line completely for the foreigners. I'm sure we will get to meet one day...i hope i don't run out of luck by then... Sir, i would like to personally contact you...i have sent comment earlier saying you are my mentor...i need some guidance from you sir...i have considered pursuing my all-time ambition - politician...i need your guidance sir. would you help me sir? how should i contact you sir?

This is my first time to comment, well not exactly a comment, but would to share this information which i got from a friend who recently email me.

DSAI - EXPOSED

The US motto is.. I can do it.. you can't. They have a right to hold prisoners without trial, we can't. They can bail out companies to save their economy, we can't. They can attack other countries, we can't. They can ban short selling, we can't.

Now, I just wondering if they will peg their currency like we did.

Anyway, just want to share with everybody how their pet who is currently the MP of Permatang Pauh helped the Jewish Lobby to make us their satellite nation. Feel free to read the article in PDF Format. It is genuine

Salam sejahtera buat Tun sekeluarga serta juga pejuang-pejuang Che Det sekalian.

Saya ingin mengucapkan SELAMAT HARI RAYA AIDILFITRI, MAAF ZAHIR & BATIN kepada Tun Dr. Mahathir dan Tun Dr. Siti Hasmah seluruh keluarga, juga kepada pecinta Che Det di Malaysia dan di luar negara.

Ini adalah cubaan saya yang entah keberapa kali untuk membalas ucapan Tun ini. Sebaik sahaja membaca post ini pada 27 September, saya terus menghantar komen, namun gagal. Selepas sahur pada 28 September saya terus cuba dan cuba lagi, masih gagal. Saya terpaksa berhenti mencuba kerana bas akan bertolak ke Sungai Petani pukul 10.45 pagi di Hentian Duta hari tersebut.

Hari ini saya selamat sampai ke KL sebentar tadi dan berada di rumah serta kembali mengadap 'Che Det' yang sangat ku kasihi. Terkilan kerana dah la tak dapat ke rumah terbuka Tun, ucapan raya pula dihantar pada raya ke 6. Cerita asal pun dah jadi lain....

SALAM BUAT TUN SEKELUARGA,

Minta laluan TUN,

Kepada malhandsome on October 7, 2008 10:06 AM (dalam artikel "SELAMAT HARI YA AIDIL FITRI")

Anak sapa la dia ni .. mungkin inilah didikan dan cara dia dibesarkan. Hari raya berkunjung rumah orang dan kutuk tuan rumah hanya kerana makanan dan upload pulak video dia ni di YOUTUBE.

Ya kita bebas bercakap dan mengkritik. Tapi bila bahasa yang digunakan terhadap TUN dengan begitu biadap seperti "orang tua masuk IJN tak habis2" dan lain2 lagi, ini mencerminkan bagaimana mak bapak dia ni mendidik dia.

Kita harus ingat jika kita kurang ajar, ianya akan reflect mak bapak kita. Didikan agama juga dijadikan ukuran.

Konsep hari raya adalah bermaaf maafan dan kunjung mengunjung tetapi orang ni punya punya tujuan saya tak faham. Apa yang terpapar dari konsep cetusannya adalah "bermakan makan dan kutuk mengutuk".

Saya berasa amat malu dengan bangsa lain dengan tabiat MELAYU sebegini. Di dalam video YOUTUBE nya saya ternampak anak dan isteri saya, maknanya saya berada pada waktu yang sama masa dianya merakam videonya itu.

Pada masa hendak datang saya telah memberitahu isteri dan anak saya, kalau tak dapat makan pun tak

apa yang penting untuk berhari raya dengan TUN. Selepas bersalaman baru kami pergi untuk meninjau makanan. Kedua anak kecil saya pun (umur 9 dan 3) tidak terkinja kinja dan kebulur untuk makan. Mereka bersama saya dalam hujan dan begitu excited untuk bersalaman dengan TUN.

Selepas salam kami pun menjamah apa yang ada, kami tidak merungut malah bersyukur dan gembira berada di rumah TUN dan tunggu hingga agak lewat petang di tempat TUN melayan tetamu.

Saya amat bersyukur juga kerana anak2 saya yang masih kecil boleh faham keadaan hari raya dan tidak bersifat kebulur dan kurang ajar.

Saya harap orang Malaysia keturunan MELAYU hendaklah mendidik anak dengan agama dan belajar bersyukur dengan apa yang ada.

Paling pantang bagi saya adalah apabila mereka membuang makanan sewenang wenangnya, itu prinsip saya. Kalau makan, habiskan makanan di dalam pinggan dan jangan ambil makanan sehingga berlebihan.

Anak2 saya begitu faham dengan perangai saya. Anak saya yang 3 tahun pun akan makan sehingga habis makanan di dalam pinggannya, dan kadang2 orang yang melihatnya tak percaya budak sekecil ini begitu bersyukur terhadap rezeki.

Tapi yang saya belum ajar anak2 saya ialah "berhenti semasa tengah sedap makan". Mungkin saya akan ajar bila mereka lebih besar nanti.

KEPADA 'MALHANDSOME' SAYA BANGGA DENGAN ANAK2 SAYA KERANA MEMPUNYAI KEPERIBADIAN YANG LEBIH TINGGI DARIPADA AWAK TERHADAP REZEKI ALLAH MALAH BUDI BAHASA MEREKA JUGA LEBIH TINGGI. SAYA HAIRAN BAGAIMANA AWAK LAHIR DI KALANGAN ORANG MELAYU. SUNGGUH MEMALUKAN.

WASSALAM TUN.

Powered by Movable Type 4.12

Powered by Movable Type Personalonder what is happening to the United States of America. It used to lay down the laws and rules which the whole world must abide. If any country refuses then blacklisting, sanctions and even invasions by the US forces might ensue.

2. It set the forms and standards for everything; systems of Government, human rights, economic transparency etc etc. Now it seems to be breaking or ignoring its own rules, regulations and laws.

3. It had condemned the Internal Security Act as unjust and a violation of human rights. Following the shock and awe invasion of Iraq, it has detained alleged terrorists without trial and without rights and habeas corpus proceedings. Some detainees have been there for five years.

4. Then in Abu Ghraib detention camp detainees have been tortured and humiliated. They were treated like animals. If it had happened in some weak Asian country, the US would demand for all kinds of punishment which the US is ever ready to inflict. But no one can drag Americans to court and punish them. If at all American courts would try these miscreants and the punishment would be very light.

5. Because of the extraordinary greed of American financiers and businessmen, they invent all kinds of ways to make huge sums of money. We cannot forget how in 1997-98 American hedge funds destroyed the economies of poor countries by manipulating their national currencies.

6. When as a result of the so-called trade in currencies the companies in the poor countries faced bankruptcy, the Governments were told not to bail out any company or bank which was in deep trouble. The Americans claimed that these companies or banks were inefficient and they should be allowed to go bankrupt and perish. Better still they should be sold at fire-sale price to American investors.

7. Yet today we see the US Government readying US700 billion to brazenly bail out banks, mortgage companies and insurance companies.

8. Where does the money come from? From thin air as no real money in cash or bullion or anything tangible are moved into the bankrupt banks. The money is just in the form of loan papers and entries in the books of the banks or companies.

9. The US 700 billion has no backing whatsoever. No gold reserves, no foreign currency reserves as required for other countries. Without such backing the US Dollar is actually useless. Only the military power of the US is forcing the world to give value to the US Dollar.

10. Desperate to avoid a serious recession the US has abandoned all its principles. It has now banned short selling, limited currency trading and insist that the accounts of hedge funds and currency traders to be open for inspection and be published.

11. In the final spasm of fear, the Government has given itself the right to resolve the problem of bankrupt banks and companies by the Government taking over i.e. the great capitalist country has accepted what is nothing more than nationalisation which it had condemned so much before.

12. The US now owes the world US 14 trillion. There is no way it can ever settle this debt. If other countries fail to repay or service their debts, the US would demand that they be made bankrupt. Now the US is literally bankrupt but it still insists that the pieces of paper, the famous or infamous greenbacks have some value. It actually has no value. Certainly it cannot be used to finance wars of aggression against Iraq and Afghanistan, to finance the CIA (Central Intelligence Agency) activities in undermining Governments and countries. But still the US' ability to threaten countries is undiminished.

13. An attempt is being made even in Malaysia to achieve a regime change. Money has been funnelled to certain individuals and parties to ensure that a well-known candidate with extensive connection to the US Jewish lobby would somehow become the Prime Minister of Malaysia.

14. US intervention in the politics of Malaysia is clear. I may not agree with the leadership of the present Government but I resent and object to US manipulations to make a satellite of this nation.

Dearest Tun,

The US motto is.. I can do it.. you can't. They have a right to hold prisoners without trial, we can't. They can bail out companies to save their economy, we can't. They can attack other countries, we can't. They can ban short selling, we cant.

Now, I just wondering if they will peg their currency like we did.

Anyway, just want to share with everybody how their pet who is currently the MP of Permatang Pauh helped the Jewish Lobby to make us their satellite nation. Feel free to read the article in PDF Format. It is genuine

Dearest Tun,

If I may, this is precisely why we need to bring down Pak Lah immediately and also defeat Anwar at his own game.

Hopefully, with your strong courage and meticulous tactical strategy in ensuring Si Kitul and Raja Mendeliar will not destroy this country.

Anyhow, the government should discard the notion that the USD is the main trading currency of the world. The life blood of USD is only through the perception of its 'value'. When most of the developed nations in Europe and also Japan are decreasing its USD holding, why is BNM still retaining its USD reserves?

If the USD finally flopped, BNM is only left with green toilet papers.

Thank you.

YAB Tun,

Yes, the US likes to intervene in our nation's politics and trying to promote someone who is a align to its lobbyists to be the next Prime Minister.

The weakness of the current Prime Minister does not help at all. The weakness of the dominant political party and its designated leaders compounded to the already weak leader.

Despite all these Tun , I still wonder why is it many people still believe in the person that the US supports?

Are Malaysians so gullible ? or is it Malaysia are not enlightened to the way the US operates?

In any case many Malaysians are fooled by this person, including those who claimed to fight for an equal Malaysia and an Islamic Malaysia.

Some say he has persona. Same say he is a good orator. Some say he is pious..

I personally dont see all these qualities at all...and it makes me really wonder how on earth he can pulled off such a following...

YABhg Tun,

Saya rasa America mufliis adalah atas agenda tersembunyi Regim Zionis? Tidak mustahil sebab Ekonomi dan Ekonomi America dahpun di manipulasi oleh mereka...Lagipun semua senjata pemusnah dahpun berada di tangan mereka...Sejarah mereka pula menunjukkan bahawa regim ini tidak pernah mengaku tunduk kepada mana-mana negara sekalipun...Cumanya di Malaysia ini kita berharap tiada si Kitul yang menjadi tali barut Zionis.

Na'zubillah

By ishak Author Profile Page on September 26, 2008 5:55 PM

Y Bhg Tun,

Never for one single moment of time must you relent from condemning the US for their misdeeds of Biblical proportion. In your advancing years, I look to you to have the courage to stand against their might. The US is now a picture of shame that their forefathers would turn in their grave, if they were to see them. The virtues they try to advocate are not the same virtues that they want to practice. I hope I can have the courage to be speaking strongly against the perpetrators of the wrong. Deep down, I strongly believe, that those in power are there because we want them to be there. The US Dollar is strong because we believe the Americans. If our leaders could only have the courage to reject the US Dollar, then the US may not be so mighty after all.

Very fair and professional points, especially on no. 14. Dlm politik tanahair yg kacau bilau ni, jgn kita lupa agenda US utk mempengaruhi ketenteraman Malaysia. Sebab tu ahli2 politik Malaysia, especially those coming from UMNO and BN, kena ambil iktibar drp tulisan Tun. Jgn asyik nak berebut pangkat dan jawatan sampai lupa utk memajukan negara. Jgn sampai menang jawatan dlm parti, tapi parti dan negara hancur.

Tun,

Sadly, YOUR DETRACTORS would still find you wrong in all of your assessments on the current economic and political situations, domestically and internationally, no matter what! Real pity, though...if only they could reflect for a second, and ask themselves what wrong did you do them, perhaps they would be more rationale with their views...again, I guess it was just wishful thinking...

You are right TUN. Now US in the phase of destruction. Allah will destroy this big batil as He did to Rom and Parsi last time by using Rasulullah and his Sahabats.

Now Allah in the phase of His plan to make sure this batil perish and disappear from this earth when a group of muslims are now doing the 'kerja nabi', calling people towards Allah like Rasulullah did last time.

Tun,

Slamat hari raya kepada seluruh ahli keluarga Tun...

Apa yang Tun cakap nih memang betul, semua orang nampak terang tang tang cara US. Ia bersikap seperti dunia ini miliknya, undang2 miliknya malahan kononnya polis dunia pon miliknya...

Samalah situasi dalam UMNO, ahli-ahli nampak salah pemimpin tapi tak berani bersuara. Begitu jua dengan seluruh pemimpin di dunia, hanya mampu melihat gelagat US tapi tak berani bersuara untuk keadilan.

Apa-apa pon Tun, jutaan terima kasih kerana sentiasa kemaskini menulis blog Tun dengan pelbagai artikel dan kisah. Kami sebagai rakyat tak jemu singgah di site chedet.com untuk membaca coretan Tun.

Tun,

Good thoughts. I remember during 97-98 crisis, the IMF(US proxy) would condemn any ASEAN countries attempt to save the GLCs/ companies by using nation's funds. But now they themselves succumb to global economic recession pressure by bailing out their banks.

Not a small amount though...USD 700 billion.

Assalamualaikum Tun,

Dah memang dasar Amerika mengamalkan DOUBLE STANDARD. Penyokong kuat yahudi ini angkuh kerana mereka adalah kuasa dunia.
Kalau sesuatu kesalahan yang Amerika buat, kononnya baik untuk keselamatan dunia. Akan tetapi bila negara-negara lain buat, ianya akan terus menggelar penganas dan diktator.

Di Malaysia sekarang, ada seorang yang menjadi tali barut amerika iaitu tak lain tak bukan ANWAR IBRAHIM. Buktinya, kita lihat semasa kegawatan 1997, Anwar selaku Menteri kewangan ketika itu bersungguh-sungguh mahukan pinjaman IMF. Dah la tu, dilantik Pengerusi IMF Asean pulak tu.

Jika kita masih ingat pembentangan BELANJAWAN 1997, Anwar telah melakukan banyak perkara-perkara yang disukai IMF. Antaranya naikan kadar faedah dan naikan bayaran lesen memandu.

Jadi, kita jangan biarkan PENGKHIANAT ini berkuasa lagi di negara kita. Percayalah Anwar akan melingkupkan bangsa & negara kita lebih teruk dari apa yang telah paklah lingkupkan.

ANWAR = AMERIKA
AMERIKA = ANWAR

ANWAR IBRAHIM = AMERIKA SYARIKAT
AMERIKA SYARIKAT = ANWAR IBRAHIM

Hopefully I'm on pole position this time...

Why not we the whole muslim world work hard to depreciate the dollar instead of appreciating our currencies since the dollar no longer hold any value. That should be a legit cause. Just change the oil trading currency, some use barter trade, some use Euro, some use Yen etc. Just to eliminate demand for US\$. If their currency sinks, then nobody want to give them anymore loan in the future. Lets wrap it up once and for all.

Kenapa dan bagaimana Amerika serta Eropah menjadi lebih maju dua tiga tahap dari negara-negara lain di dunia?

Terima kasih Tun.

7. Yet today we see the US Government readying US\$700 billion to brazenly bail out banks, mortgage companies and insurance companies.

I heard on CNN, that tall guy...his name is Paul something (can't remember) saying that; what he is asking congress to approve is not a bail out but rather to save americans from loosing jobs etc... etc..

Selamat Hari Raya Tun & Family.

Thank you, Wassalam.

By Skill on September 26, 2008 6:23 PM

Salam Tun,

This is clearly a compelling case study of the hypocrisy of the West.

Despite exuding a certain air of liberalism and a high propensity towards capitalism, the Economist also seem to be inclined to agree for the bail-outs of these sickly Western financial institutions.

Without an iota of remorse or shame, the American administration will do its utmost to bail out these troubled banks, throwing out the window the adage of allowing market forces determine everything. Simply astonishing.

However, when Malaysia was forced down on her knees, during the Asian financial crisis, we receive very little sympathy from the West. Instead we were rebuked and disciplined. Other nations sold their valuable national assets to the West at discounted prices and lose a certain degree of autonomy.

Fortunately, Malaysia stood up and been counted as one who went against the so-called 'Laws of Economics'.

I also feel that though despite our differences, Malaysia must always be govern by Malaysians and not mere puppets. Even a 'corrupt' Malaysia leader is more acceptable than a pawn of Western interests.

Here I am hwriting again... rage within me... grrrr. I was informed that our sleepy PM has postponed the UMNO General Meeting. I have never imagined that he could be so selfish and this corrupted. Oh My god, remind me not to have 'anak ulama' as PM ever again. He is a disgraced to the Nation. He is worse than Botak Chin and Bentung Kali ... What is he waiting for.. until the whole nation cripple.

Friends, let us boycott Jamuan Hari Raya by the PM this year. Let his family eat alone all the yummy dishes. Anyway, they have siphoned the country's wealth all this while.

Perhaps that is why oil companies are being pushed to develop the fields in Iraq ASAP so that the US could exit its massive debt. There is also strong and silent opposition to switch to the Euro as the currency of choice and we all know what would happen if such is the case. The US biggest blunder is the "War on Terror" and has footed a bill of USD1.4 Trillion. That's all down the drain. To think that the US could have used that money to remedy the subprime mortgage issues and bankruptcies. Didn't anyone see it coming??

Dear Sir,

Every time US had some major but sudden downturn like the "Black Monday" in the 1980s, there are many would condemn her just like when our country faces any problem others do on us.

US is the number one debtor country. True. For the size of the economy the debt is still manageable. US economy still grows at the highest rate among the G8 nations. Each year many Malaysias are added to their GDP which mean their growth by volume several times much higher than our GDP.

Dear Sir, it has being music to many Malaysians, including yourself when US faces problems just because we don't like her policy.

Wow... strong choice of words. thats what I like about you. You dont mince your words. There is definately passion in your rethoric above. Well... most of this dramas we are facing at our doorstep was more or less handpicked by you. You did pick him didnt you not?

The fact of the matter is simple, if the government done nothing wrong than the people of this nation will feel compel to vote them back to office. Likewise, I do not think any other nation can or will voice negatively on any issues brought forth in this country. Unfortunately the ruling body have erred one too many times. The funniest is when we have two to three corner fight among the ministers. I wonder if they

realize they all come from the same party.

In your other post you mention blame not the party but the powers that be. I am a simple lay person in this nation, if that party runs the show than i will place my blame solely on that party doorstep.

Remember, rulings were made within. All sitting in there in their mighty seats of power are learned politicians and not some uneducated racist. If the premier or any other ministers is to blame for the current 'dramas' in Malaysia than he or she shall not stand alone to face my fury. All is to blame.

Like you said, nobody dared to voice out their thoughts even though they knew things were getting out of hand. If they dont have what it takes to come to the fore than I for one do not need any of them to lead my country.

Salam Aidilfitri buat Tun dan keluarga yg bakal tiba.

1. Tun saya kagumi usaha Tun menilai Amerika yg bertindak atas dasar Dia jaguh segala hal dalam dunia ini.
2. Apa yang dia lakukan walaupun bercanggah dengan nilai, undang-undang, agama dan kemanusiaan merupakan suatu keharusan dan negara lain tiada hak menasihati mereka.
3. Seandainya negara lain yg melakukan sesuatu yg bercanggah maka terdengarlah tali barut dan penyangak Amerika yang dibela itu menuntut pelbagai pembetulan perlu dilakukan.
4. Di Malaysia org yg menyatakan ekonomi Malaysia akan pulih dan pelabur akan masuk secara beramai-ramai andai dia menjadi PM menjelaskan lagi anjing-anjing Amerika sudah bersedia di sini.
5. Tun masih memikirkan tindakan Amerika membantu syarikat-syarikat yg bakal bankrap di negaranya sedangkan dulu negara kita menghadapi krisis ekonomi Amerika melarang berbuat demikian atas alasan pengurusan tidak betul. Kini alasan Amerika membantu syarikat spt Lehman Brother kerana kepentingan ekonomi dunia. Licik betul tapi hakikatnya Amerika yg dikagumi oleh anjing-anjingnya di Malaysia ini jelas boleh tersalah urus juga negaranya walaupun bertaraf dunia maju.
6. Yang sedih Tun media kita jam 8.00 malam hanya 10 minit tentang Malaysia selebihnya Dunia, sukan dan kalau Dunia pun berkisar tentang berita-berita yg tak membawa manfaat kpd pendengar.
7. Dulu era Tun wartawan boleh juga membongkar bagaimana AS bersikap double standard diulas dan dikritik. Kini yang menjadi tajuk utama tentang mesyuarat BN, harga minyak turun 10sen beban rakyat dikurangkan...tapi rumusannya semacam tiada.
8. PM tak ulas pun situasi di AS. Macam tak kisah dan endah aje.
9. OIC minta kita menjelaskan dan membuktikan kepada dunia barat tentang Islamophobia. Ini kerana Malaysia dulu dikenali dan dicontohi. Namun saya rasa agak malu kerana kerajaan skg seakan tidak bersemangat memperjuangkan Islam spt yg Tun cuba tonjolkan dan buktikan kpd dunia.
10. Dulu banyak juga persidangan bertaraf antarabangsa diadakan di Malaysia skg nak dengar jarang-jarang. Mungkin kegawatan ekonomi kot.
11. Untuk Malaysia skg cuba fahami dan teliti serta bertindak kesan tindak tanduk AS ke atas negara dunia lain. Bangunlah dari tidur wahai PM sekurang-kurangnya kita bertindak dengan menggunakan akal dan minda kita yang kelas dunia membangun spt TUN. Rindu nak dengar Tun membalas soalan wartawan asing dulu.

Salam Tun,

I totally agree with you. Anwar has made a laughing stock out of Malaysia and to think there are those who still worships him. Should the 30 MPS defect to the Opposition, they are committing high treason. People voted for BN through the MPS and what will happen should they defect?

Military Might is sustaining the US at the moment as currently there are no powers yet to undermine their military supremacy. But like all great powers, it eventually will come to an end!

Salam TUN,

Time is an answer to everything. The world History has proven to us that no single country will remain forever as a super power and its just like a human destiny. During our early 70s up to late 90s many American companies has bring in lots of investment(FDI) into our country. US companies likes Litronics, National semiconductors, HP, Seagates and others have open up new factories in malaysia .Thousand and thousands new jobs being created for malaysian populations. Young peoples being provided with jobs and with nice working enviroments(MANY THANKS TO TUN DR LIM CHONG EU OUR PIONEER IN FREE TRADE ZONE). This is definately give us a headstart compare to our close neighbours like Thailand, Indonesia, China, India and Vietnam. Can Malaysia be develop or standlone without America I wonder TUN! When we forget our history then the History(Time) will teach us a lessons. By anak demokrasi Author Profile Page on September 26, 2008 6:45 PM

Good day to you Tun,

I guess that is normal human behaviour. When we success we talk like we own the world. But when failed, we acted opposite from what we used to proud of.

However, my concern is not how they do or what they did as long it can save million or even billion of life. US conditions is a global issues. I don't think it is a good time to talk about principles right, Tun.

Like BN, they should also throw away their previous principles and accept new ideas and solutions to overcome our critical moment. If they still keep on like that, we will be in more deep trouble than US.

Peace, peace...

Salam Tun,

AAHH AMERICA..... they knew so much about the history of human civilisation. The Great Empires. They have learnt from the Romans, Persian, Chinese, Mongols and all the other great civilisations. Hence they have been able to become the greatest nation until today.

But lately and with the end of the Cold War. With no rivals, they have to work even harder to be the greatest empire ever. The harder they tried the faster they would fall. They would do anything to control the world economy, to create puppet regimes and create chaos where necessary so that the US generals with their arsenal of modern weapons will be kept busy.

I believe and the Americans knew that no other nation can beat them. And like any other great Empire before this, the collapse shall come from within. Imagine if there is no war. No Palestine, No Israel, No Iraq etc. The USA will always create WAR! Why would they spent billions on it instead of spending on their economy?

The President of Iran have said that the USA is going to collapse. The signs are all there. Worthless USD, war mongering, lies etc.

So USA, please continue with your ways. Its payback time soon.

Adios.

In management, sometimes we do say "don't point fingers at other"; because while you point one at other, the other three fingers are pointing back to yourself.

Politicians, for that matter national leaders, are all the same world over. US might feel insecure when it is not powerful enough, just like UMNO shouts for KETUANAN MELAYU after BN failed to secure 2/3 majority!

US have big interest in Asian countries as we are the ones financing them through borrowing from them. This includes Malaysia. They provide, we use, they gain , we wonder. Lets be angry at the yanks and jews? we should learn from them.

How the jews did it? Surrounded by arab countries but still survived. Easy, control the US = control the UN = control the world.

How the US did it?

Asian economies had high-growth and sound fundamentals as praised by IMF/US.

US pushes money into SE Asia.

His [Clinton's] Cabinet approved a "big emerging markets" plan to identify 10 rising economic powers and push relentlessly to win business for American companies there. Under Brown, the Commerce Department even built what it called a war room, where computers tracked big contracts, and everyone from the C.I.A. to ambassadors to the President himself was called upon to help land deals.

US speculates on the currencies of Thailand, Malaysia, etc.
1997, George Soros and other hedge funds

US suddenly pulls all the money out, making banks go bankrupt.

US prevents Jp and SE Asian efforts to save the crisis.
when Japan and SE Asian nations proposed...
Rubin stepped in to ...

US crucially destroys the Asian economies using IMF.

We will always depend on them.

Sir, if Anwar becomes prime minister and the foolish malay, chinese and indian still being ignorant. I personally blame on you for not searching a better candidate to replace you. Every organization have problem when it comes to replacing new leader. And yes u did not try hard enough or spend enough time with your deputy during your time.

Thank you

By rl on September 26, 2008 7:12 PM

Dear Tun,

I read your blog everyday and it enlightens me so much.

Appreciate it.

Datuk Seri Anwar Ibrahim(DSAI) has caused a lot of unnecessary anxieties to both local and international communities with his mind game. It is not productive to our economy: foreign funds been withdrawn, potential funds are on hold, investments are on hold, headache for everyone, etc.

Like everyone, I was excited to hear him saying a reduction of fuel price would be in place once he took over the government on Sep 16.

But it did not materialise. Then he asked for a meeting and emergency session just to save some face.

Primary school students would know this is all empty talk.

What is he trying to do? Be a sour grape? Please stop it if you do not have what you claimed you have.

Let the capables run the economy. Everyone knows it is not easy.

Let's hope the repercussions of US economic turmoil do not reach our shore soon. Malaysia need to have

a preventive measure to cushion this. Pegging the ringgit is one of them. Experts, please contribute your valuable views.

95% of Rakyat are suffering from inflation. Even with the price reduction to rm2.45 per liter for petrol will not see much decrease in prices of goods and services. Business people will give all excuses not to reduce price. Does the authority check around whether there is any proportionate reduce in price? I doubt.

Selamat Hari Raya to Tun and family. May Tun stay healthy always.

in this world, people tend to support who have the biggest bucks. people tend to judge others on their material terms thus they blinded their eyes towards the underlying truth. some people they just like to believe what their hearts say without using their minds. this is what happened to those who believe blindly in Anwar and his manipulated strategies. they say they are ardent supporters of democracy, democracy according to their own misguided perception which only serve their needs for power. These people would only care about themselves not about the rakyat. They don't care if one day malaysia will be left in the hands of the American which will surely impose double standards . For all you know, they also employ 'regional experts' to monitor the situation, for back up strategies.

The money must be TOO good for certain Malaysians to refuse. Others who were convinced to support

this objective must have found the monetary 'carrot' too tempting also.

Since the 'stick' is jello presently, this is a good time to strike.

Kekuatan tentera Amerika tidak akan kekal buat selamanya, semua empayar besar dari Rome ke Empayar Alexander gugur tinggal hanya sejarah. Ybhg. Tun,

Saya bersetuju dengan pandangan Tun berkaitan masuk-campur urusan Malaysia oleh US ini. Namun, kita tidak boleh menidakkan yang US merupakan rakan eksport-import kita selama ini.

Adalah kelihatan dungu jika seorang yang menjadi boneka US akan menjadi Perdana Menteri kita jika ini yang tersurat dalam masa yang akan datang. Tetapi saya hanyalah subjek kecil (rakyat) yang bukannya menyertai mana-mana parti politik atau bergiat cergas. Saya sama juga seperti rakyat yang lain tidak dapat menyembunyikan perasaan ingin tahu apakah benar dan terbukti bahawasanya penglibatan ahli-ahli politik kita ada didalangi oleh US.

Semangat patriotik akan berlaku spontan terhadap semua subjek kecil ini jika benar ada pihak luar campur tangan dalam urusan negara kita. Semangat ini juga dicetuskan oleh Ybhg. Tun sendiri kepada kami.

Saya masih ingat sebelum Tun mengundur diri dahulu (tahun 2003 kalau tak salah) Tun ada bercakap di peringkat PBB atas hal 'anti-sematik' dan saya sangat risau jika berlaku sesuatu yang buruk pada negara ketika itu.

Tetapi saya yakin tiada perkara yang buruk akan berlaku kerana Tun masih lagi menjadi Perdana Menteri.

Selalu Tun berbuat seperti itu disepanjang penguasaan Tun. Dan perkara ini jugalah menerbitkan semangat patriotisme dikalangan rakyat.

Sebentar tadi Menyuarat Tertinggi UMNO telah dilaksanakan dan MUNGKIN berlaku penyerahan kuasa sebelum 2010. Itu kata PM sekarang - dan seperti biasa, rakyat sukar menelan dan mempercayai kata-kata beliau.

Saya sangat berharap kepada orang yang bakal menggantikan Dato' Seri Abdullah agar tidak terpesong dan menjadi agen US seperti rencana ini.

Kita masih lagi muda (51 tahun) maka perlu lebih berhati-hati kepada US yang lebih senior dan sentiasa memandang rendah kepada bangsa-bangsa yang lain.

"The US now owes the world US 14 trillion. There is no way it can ever settle this debt....."

Of course they will never settle. US\$ is technically valueless, or zero. Zero multiply by anything = zero. Thus US14 trillion is infact nothing!

EU dah nampak kerapuhan dolar & ekonomi US jadi mereka menggunakan Euro. Sepatutnya semasa M'sia menjadi presiden OIC kita patut menggunakan kapasiti kita utk menggerakkan OIC menggunakan dinar disebabkan nak harapkan pemimpin Arab yg bodoh mmg takkan jln. Tp bodowi pun 2x5 gak so tunggu masa jela M'sia kena taufan inflasi dan kemelesetan ekonomi tempas US.

Permisi Tun,

Amerika telah maju dan hidup mewah serta membazir dengan meminjam wang 14 trillion dari merata negeri di dunia. dan sekarang mereka membuat berbagai helah dan tactic untuk menjatuh kan nilai fiat currency itu , ini cara tidak langsung macam kaki penipu global . mereka suruh kita buat reserve currency dalam USD di bank pusat.

Fiat currency itu adalah taxation yang dilakukan dalam sistem kewangan.

Itu lah sebabnya lawmakers in US berbahas ada kah patut mereka gunakan duit US\$700 billion taxpayer untuk bail out plan, padahal itu semua adalah book entry as TUN has said.

Yang sebenar nya semua ini berlaku kerana sifat tamak manusia untuk cepat kaya, bergaya, membazir, tidak mampu tapi nak bergaya, jadi mereka menggunakan sistem hutang, hutang atas hutang, janji atas janji nak selesai hutang, dengan menggunakan masa sebagai penentu.

tetapi apabila sistem ini sampai ketahap tidak dikawal ia akan meletup . Bubble ! nak meletup , burst , punah semua.

Kerugian yang berlaku sekarang semua terpaksa ditanggung seantero dunio

Dear Tun and family,

Selamat menyambut aidil fitri. Hope you will be around for many more years. Your thoughts are excellent but unfortunately, the people in power have the tendency of not even evaluating them lest they are

considered "less" smart by following your suggestions. Why must everything be politicised in Malaysia? if an idea is good, then use it; it doesn't make anyone any lesser.

Najib is getting to look and sound much like our PL. I wonder if the proposed postponement to March 2009 and an speedier transition is really genuinely happening. After too many surprises by our PL I do not know if I can be sure this one is not another game for those politicians.

I LOVE AMERICANS!..they are wonderful,funny,inventive and out going people.My all time favourite artiste is Jackson Browne(he is one of those who passionately despises George Bush).

BUT I HATE THE AMERICAN ADMINISTRATION!..they are war criminals!they disregard other human lives and treat Iraqis worse than dogs although they claim to be animal lovers!

They have the resources and capabilities to prey and interfere into other governments affairs,they have been doing it for eternity.

And they especially target Malaysia as Tun was an outspoken critic of their policies and a thorn in their flesh.

And now they are primed to have their candidate (spy?) as the next PM.

Prof. Chandra Muzaffar (one time PKR strongman) once said 'God help us if DSAI comes to power'.

I HOPE AND PRAY THAT DSAI BLIND MALAY SUPPORTERS WILL REALISE THEIR FOLLY AND REPENT!

SAYA BERHARAP DAN BERDOA AGAR PENGIKUT BUTA TULI DSAI DARI KAUM MELAYU AKAN SEDAR KESILAPAN MEREKA DAN BERTAUBAT!

Salam Tun & fellow bloggers,

1.According to history USA was build by cowboys,killing,raping and destroying the Red indian and forcing The Great Whites value upon them.Now they are forcing the world.Remember when Bush pleading the world to support them to invade Iraq; 'either you are with us or with them (terrorist)'

2.Usa is the largest economic power house,it won't collapse that easy.A couple of trillion USD so called bail-out is like a drop in the ocean.Like an elephant trampling on a mouse,they are taking over third world business,mergers,aquisition imposing trade embargo etc.These investment & assets are the real strength & unshakeable as long as these country depending their export to USA

3.The recent USA economic crisis is due to derivatives,short-selling,hedge fund which is controlled by

capitalist mostly Jews.They are hardly 5 percent of the population but controlled everything including making sure certain candidate elected in Presidential race,by making campaign contribution,and received kickbacks (contracts)

Salam TUN,

Perkara penting yang perlu diketahui oleh MASYARAKAT GLOBAL ialah menyelidiki dengan bijaksana perubahan-perubahan POLITIK, SOSIAL dan EKONOMI. Dari segi SEJARAH, dunia GLOBALISASI akan bergantung kepada budaya pemikiran MORAL manusia yang juga bakal meruntuhkan TAMADUN BANGSA. Sebenarnya dunia kita kini akan melangkah ke satu tahap PERUBAHAN TAMADUN yang akan menyaksikan segala macam ketidakpastian POLITIK, SOSIAL dan EKONOMI dan ini akan membawa kepada kekeliruan yang SANGAT HEBAT kepada semua MAKHLUK MANUSIA. Keadaan yang berlaku di AS sekarang ini hanyalah permulaan kepada banyak lagi kejutan PENCAPAIAN TAMADUN MANUSIA yang boleh musnah sekelip mata.

Keadaan ini akan berterusan menghimpit kehidupan MASYARAKAT GLOBAL dan tidak akan pernah ada PENYELESAIAN. Apabila sesebuah negara yang BERKUASA seperti AS menghadapi masalah seperti sekarang ini, usaha menyelamatkan EKONOMI NEGARA itu bakal mengheret NEGARA LAIN ke satu tahap SEJARAH yang akan mengubah segala-galanya. Sebenarnya TUN, kita tidak akan mampu menangkis GELOMBANG ini walau apa kebijaksanaan sekalipun kerana MORAL manusia boleh dibutakan dengan WANG RINGGIT seterusnya bangsa itu sendiri akan MUSNAH kerana MORAL PEMIMPIN itu sendiri.

Bertuallah TUN kerana memerintah pada ERA yang masih boleh dikatakan agak terkawal NAMUN KINI keadaan itu akan berbeza sama sekali. Saya menghargai dan menjunjung kebijaksanaan TUN setiap masa namun KINI ERA yang berbeza bakal menimpa SELURUH BANGSA walau apapun usaha manusia mempertahankan ancaman GLOBAL seperti POLITIK, SOSIAL dan EKONOMI. TUN sememangnya BERPANDANGAN JAUH namun itu tidak cukup jikapun TUN mampu mengawal keadaan dalam NEGARA sekali lagi. TAHUKAH PEMIMPIN bahawa perubahan-perubahan GLOBAL yang berlaku di sekeliling sekarang ini BUKANNYA PERKARA YANG BIASA? Inilah TAMADUN... TAMADUN.. dan TAMADUN dimana kebijaksanaan manusia tidak akan mampu menafikan AKIBAT MORAL KERUNTUHAN MANUSIA sendiri. Selamat berjuang....

From my point of view you are very creative and the creativeness that you own, I believed it all came from ALLAH in the form of (ILHAM or LADUNI).

Among the leaders that we had, you are most unique, intelligent, brave, humble and to make it short you did more good than bad.

We hardly find people who goes for a by-pass surgery twice. Most people don't survive for second time. See.. in your case, again you got the incentive from ALLAH, and your idea remain relevant.

Where does all your ideas come from?

Dr Tun,

In our life time we have witnessed the demise of the Socialist Economic Model. With the downfall of USSR and China reverting to the capitalist economic model but retaining its political system.

And right in front of our eyes we are seeing the unravelling of the "great" capitalist system. This is the beginning of the end for capitalism.

One thing we need to be aware is that a wounded financially weakened USA is very very dangerous to the rest of the world. What with their Weapons of Mass Destruction (WMD) at their disposal.

What the rest of the world need to do is collectively protect themselves from this eminent threat.

In the economic front the world, especially, the Islamic world will do well to explore a new (quran based) economic model. One devoid of Riba', greed, cheating, gambling (speculation), is compassionate, equitable, providing organic growth and development that will not overstress the world resulting in ecological damage, where enterprise is very much encouraged, anti inflation and allows the law of supply and demand to regulate capital flow.

As i mentioned in my other comment in Tun's Blog "pegging", it is called the Zakat economic model.

As for the international trading currency, I called the "Din" (also in my same earlier comment). It will put to rest the need for USD or EURO for cross border trading.

Each nation will have control over their own destiny. There will be no currency trading and the dangerous speculators.

The world will be a safer place for the greedy capitalist.

The day US announce to bailout several banks, mortgage and insurance companies at the cost of 700 billion USD, I already knows this critics will come out from your mouth sooner or latter. Today it already cameout ha ha ha ha.

From my point of view, US already swallow their own spit neither they intentionally deny it nor whatsoever reason is. With 14 trillion USD debt in the account plus with others debt and military running cost, thet already a bankgrupth country.

Unfortunately, we all especially muslim countries still using their rule of law including financially, military and etc. Actually, we got alternative not to use their law, I dont know why.

I think you should do something to promote this alternative law.

How about you? Would you agree with that?

Salam Tun,

You always have the last laughed!!! Hahaha You have been telling all the world that the current economic system need to be revised. But yet whatever you told the world especially American seems to have backfired to you back. But like Frank Sinatra said in his songs, I did my way...yes you did in your way and may isay it the Malaysian way. Now whatever they have denied before whatever you did, they seems to follow. And yet they doing it like they are the first!

Tun,

In this economic crisis you have foreseen much-much earlier. But what can our country can do. A tiny nation from SEA, what can this country do. But i believe if the Islamic country start rethink and reanalysed what have you suggest before we may not facing this economic stress. Implementing dinar system can be an option. Well nobody dare to try it. Even if we starting it alone may not succeed at all. As i said it before there always risk but not rying it also is a risk.

Tun i wish you keep on writing. Thank you TUN. Very rare leaders would share their thoughts after retirement. And Tun i hope Malaysia and Malaysian will prevail as we did before.

By zaki_77 on September 26, 2008 10:21 PM

You are absolutely correct Tun, the US 700 billion has no backing whatsoever. This is on top of the \$15 trillion debt that America has at the moment!!

USA is like a giant who's head is too high up to see where it is stepping. And it only realize it has broke something after it has steped on it. And rather than apologize it just keep on walking until one day it will step in a big hole and fall down hard on it's nose and maybe die.

By Onlooker on September 26, 2008 10:23 PM

There is so much poison coming out from your mouth, Tun! It seems that you still have nightmare about the quarrel with George Soros quite often. Why do you have to always live in the past? Be careful about the possible losses you may incur if you have just opened up a huge short position in the US Dollar! Many people know that you are a big gambler in speculative games!

No one man or woman in this world will always be with us. Only God will always be with us. Don't you think that it is much more worthwhile for us to pay more attention to God than to the persons we hate? May God be always with you!

Inshaa Allah, this nation will continue to be safeguarded from it's enemies and Anwar will never be allowed to be PM. As for AAB, this is the epitome of desperation, AAB will decide by Oct 9 whether he will defend his Umno presidency and the UMNO elections have been deferred til March '09.

I strongly believe that come Oct 9, AAB will not defend his post or seek nomination for March elections. He will thus ally dissent within UMNO by simply handing over premiership by June 09 and thus be seen to be leaving on his own accord in a graceful/respectful manner rather than being thrown out, lol.

AAB has always sought cosmetics over substance and it's clear that his ego is more important to him than his country!

Salam Tun dan Famili..

Khabar gembira nampak nya Pak Lah akan pergi jua sooner then later.

Tapi agak risau juga pemilihan UMNO akan hanya di adakan bulan March 2009. Ini bererti setelah penamaan calon oleh peringkat bahagian, calon yang bertanding akan ada masa lagi untuk lobi melobi dalam tempoh 3-5 bulan.

Ini akan mewujudkan suasana tegang dan secara langsung atau tak langsung UMNO sebagai back bone kepada parti pemerintah akan terumbang ambing....

Kerja banyak tak dapat berjalan dengan smooth dalam keadaan ekonimi negara yang tidak menentu ini dek asyik kerja lobi melobi ini.

Siapa kah yang BIJAK buat strategi ini atau Pak Lah sedang test the water?

Assalammualaikum w.b.t Ayahanda Tun dan isteri,

Semoga Allah panjangkan umur Tun dan isteri hendaknya.

I like to share this quote or paragraph by Anthony Robbins from the book title "Awaken the Giant Within" page 41...."Too many of us don't make the majority of our decisions consciously, especially these three absolutely crucial ones, in so doing, we pay a major price. In fact, most people live what I call "The Niagara Syndrome". I believe that life is like a river, and that most people (our government now) jump on the river of live without ever really deciding where they want to end up. So, in a short period of time, they get caught up in the current; current events (financial turmoil), current fears (fear of UMNO broke up), current challenges (PM refuse to step down). When they come to forks in the river, they don't consciously decide where they (Malaysia future) want to go, or which is the right direction for them. They merely "go with the flow". They become a part of the mass of people who are directed by the environment (control by US such as nil values of USD) instead of by their own values (MYR). As a result, they feel out of control (we can see this happen now). They remain in this unconscious state until one day sound of raging water awakens them, and they discover that they're 5 feet from Niagara Falls in a boat with no oars (PRU 13, keeping million of USD in Bank Negara). At this point, they say, "oh, shoot!". but then it's too late.

By malim on September 26, 2008 11:24 PM

A'kum tun...

Bila membicarakan masalah Amerika dan semua tindakannya, rasanya kita juga harus memperhatikan masalah konspirasi antarabangsa seperti Freemason, Bilderberg Club dan sebagainya. Ini karena gerakan-gerakan seperti inilah yang menjadi 'pemimpin belakang layar' Amerika serta sekutu-sekutunya dalam usaha menguasai dunia melalui konsep globalisasi. Saya yakin pasti Tun lebih memahami masalah

seperti ini.

Permasalahan yang timbul di negara kita sekarang adalah kerajaan sepertinya kurang peka dalam menghadapi permasalahan antarabangsa di samping terlalu tertumpu hanya masalah dalaman negara, seakan-akan dunia global tidak memainkan pengaruh kepada perkembangan negara. Ditambah lagi dengan pemimpin pembangkang yang secara jelas merupakan kroni Amerika, sudah pasti beliau hanya akan menjadi perpanjangan tangan dari konspirasi luar.

Akhirnya semua masalah ini menjadi semakin rumit... Di ambang ketandusan pemimpin yang mampu mempertahankan 'survival' dari negara ini, kepada siapakah nasib rakyat ini dapat disandarkan?

Selamt Hari Raya Aidilfitri kepada Tun dan semua umat Islam...

Yes, another one of your well written articles. I have learnt so much more of the whole Malaysia's political situation, its history and of course slowly grasping and understanding the world economy nowadays from you blog sir. You are very articulate and understands the whole picture which is reflected in all your writings. Dapatla orang-orang macam saya yang tak berapa tahu economy- and politik sangat ni lebih faham segala kemelut yang sedang berlaku sekarang. I was aware enough to worry about the bad situation economically and politically before, but now I understand them. I cannot thank you enough. How can we - the regular rakyat jelata ni, help? The rakyat tried using our rights during the last election, in hope to impart some sense of "wake up call" to the government, despite that the premier leader still tak sedar diri, the choice that we have : the current government and oppositions are both unappealing. So come on Tun, I think you have a large enough supporters, lets do something so Pak Lah and the cabinet will act for the benefit of the nation. You have to be at the very least (kalau boleh PM lagi sekali la..) the primary advisor to the government.

Menteri-menteri, Najib dan Pak Lah, please accept Tun's hand while Tun masih sudi nak nak hulur tangan... Please.. if you claim to be leaders of the nation, act like one, swallow your ego and do not destroy the nation that our fathers have built.

Dear Tun,

This remind me of the Japanese Yen during the WW2.

The infamous banana notes were mass printed without any control.

But due to the war and the threat of the Japanese; the notes were accepted as a transaction currency.

After the war, it was basically worthless.

So low that the paper note itself worth much more than its face value.

The trend is the same with the current USA.

With bad debts at trillions, the only way to clear its debt is to go to war; and the jackpot is definitely the Gulf of Arabs.

Dont be surprise too if the new-oil-kid-on-the-block Brazil is included in US latest terrorist nation

watchlist...

On the local front, we also have "politic currency" printed in the mass. UMNO is generating so much "notes" with the fact that it is the big brother for the past 51 years.

But as UMNO is breaking apart, with bad debts at trillions, it had chosen to go to "war" just like it did in 1969 and 1989.

So that all Malaysians are "bound" to respect its "currency"

In the end, the worthless "notes" will perish!

Salam YABhg Tun

Yes, the US practises double standards -> do as I say, not as I do. Their hypocritical character is a shame. They are a bankrupt country, and yet still acting like a cowboy bully.

Suffice to say that their capitalist system is a failure. They impressed on the world that the lesser the regulation the better it is because in a 'perfect' information world, market will find its own equilibrium. This is assuming, of course, that the market knows what's going on within their own system in the first place!

Obviously there are also certain people in Malaysia, one prominent person in particular, who is fond of flipping his rolodex and call his best buds in the US everytime he's in trouble. The dog master will always oblige to help out whenever one of his poodles is in trouble.

I look forward to seeing how these geniuses 'rescue' their own system and ensure that the rest of the world is 'saved' from disaster.

YAB Tun, The only reason that the US is always looking and interfering our country is that Malaysia is economically strong and has never been pushed around by bigger countries ! Imagine Buy British Last campaign. Only Malaysia can do that. Buy Australia last. Only Malaysia can do that. Why, You Tun, gave that strength and dignity. I was working in a local bank during the 80s when the bank ran into trouble. (The famous BMF _ Bank buat Melayu Fed-up !) Because of one bank, the US Banks rated all the banks in Malaysia and and Import Letters of Credit issued by local banks in Malaysia payable in the US would have to be guaranteed by a US Bank! Our Govt bailed out that Bank much to the disagreement of global bankers and even our local people. Semua nak tengok Melayu lingkup !!!! Nevertheless, if not for Tun, I do not think we can survive the numerous onslaughts of foreign powers that simply wants to see this beautiful country bankrupt and in turmoil. As a Muslim country, I can only see Malaysia and Brunei that is not affected by US influence. I am not sure about other Muslim countries. The US has a policy of helping poor and developing countries but these countries are made sure that it owes something to the us. As commented by one blogger, We (the US) can do it. It is our right. You cannot do it. It is against human rights. One thing though. I have a lot of friends in the US and they are kind and caring people. These are ordinary people and none of them are politicians.

By ZACHARY64 on September 26, 2008 11:47 PM

aswb TUN,

BULLEYES, you r dead right; ISA NOT ACCEPTABLE IN MALAYSIA BUT PATRIOT ACT IS ALLOWED UNDER THE NAME OF NATIONAL SECURITY IN USA.

a very clear case of double-standard of the so-called world sheriff.

Other western countries; Western nations and Israel can possess the nuclear technology but not Islamic country like Iran.

THE USA is not a good example of ethical leadership as what is right for them are not right for other countries to follow and vice versa.

Internal intervention in a sovereign country's affairs is the name of their game. this is outrageous and unacceptable.

we should pray to the god to save this country from being undermined by a 'foreign agent' to pave the way for the USA to manipulate the country's policies to their advantage.

D "economic transparency" in Para 2 seem to be nice and well quote by D US. I may misjudge on this matter but in my modest opinion, i dun think D US is tryin to save it own economy for D sake of D public, intead US is tryin to hold on D Capitalist regime as long as possible due to D Iraq and few other war. Billions had been spend in D war where if sudenlly D economy collaped, Business will evetually go under. By saving D top & important Companies, War can be continue & D public can be manipulated on TERRORIST ISSUE. Without a proper home, more ppl will loth to ny government policies which including War on foriegn soils. When D mobs in fear of losing possession,(Inflation, unemployment, health care)ppl tend to start blaming D government. This is mainly because more& more ppl are in aging and D number r

increasin dramatically. Dat's Y AIG play important role in subdue or to curb D potential mobs. Next, by saving D Bank, rest assure D mobs (not D majority of American) wont created a chaotic situation where everybody plugging out to get back thier money. D concept of umbrella play an important role in slavaging US ecomony. D crucial part is how to keep trust among D american. When D mobs seems to be loosen up, D public will followed as well.

After all, As long there's foods on D table.....(house, Prolong D mortgages/ repayment, continous healthcare) i doubted D public will eva thought of those who suffer in D war

Malaysia also simillar to D above situation, When D problem occured in 1997-98 Tun manage to curb D impact on public, but nowadays PM mawi ,only noe how to sing rather than solving D problem.

salam sejahtera buat Tun dan sekeluarga,

Seperti biasa, ini pandangan saya yang menjual kerepek di Semenanjung Malaysia yang saya cintai.

Ramai yang masih berpegang kepada sijil2 yang mereka capai di universiti2 sana sini. Samalah seperti saya, namum hakikat sekarang jika kita selidik secara mendalam, market leader mcm US skali pun tak pernah ikut theory stated in any given economic books.

Dan kita bawa apa yang belaku disana ke sini. BNM masih berpegang dgn prinsip dan cara yang basi (known to others) on currency. So, wat is so special being the head of BNM, all you need is a copy of a book that would provide guidance in hard situation. End result, transparency which lead to manipulation of our own RM. Orang dah boleh agak wats going to happen to our RM in 3 months and now, kita tunggulah sampai ada Soros number 2 to take advantage. How stupid can we be.

US is a sinking ship and i for one believe that we are going down with it. Until now, no press release on thier vision of our RM. Sad to say that they are in the dark and now i know why AAB handed over BNM to Najib. Situation like this actually created huge oppurtunity for us to be a global leader, but, as a normal highly educated ppl would do..they prefer to be a follower. SAD

Well, another roller coster ride.

Terima Kasih Tun

Hi Tun

Selamat Hari Raya.

A little sidetrack but since this has great national interest, I feel I have to highlight to Tun so that we can discuss this together. It is final that EMI Malaysia is closing. I was shocked when I was at the record store today and I found out that the great EMI Malaysia/South East Asia has closed because of the MP3 issue.

What saddends me is that the company that keeps our musical heritage (P Ramlee, Sudirman, Sharifah Aini etc) is no longer there. The same company that own the rights and recording of our Asian festive songs (like Raya and Chinese New Year songs) do not exist anymore. How will future generations enjoy

this heritage? Tun, please lobby so that the Governments of South East Asia control back these recordings for the benefit of the future generations.

Again.
Thanks.

Some reference about the closure.

By azmany on September 27, 2008 12:24 AM

If I'm a cynic, I might be thinking that this financial meltdown is not exactly a bda thing for everyone. Someone in US must be benefiting from all this problem.

Just put our thinking cap for a short while. When a multi-billion organisation lost over 70% of its value and then get sold to another party - maybe the buying party is actually profiting. We know from our Danaharta experience during the 1997 financial crisis, they bought bad-loans from banks and managed to recover with some surplus.

Now then, \$700 billion of public money to be handed to private enterprises - definitely with very-soft-loan terms but at high cost to US public. Very good business proposition....

Some say the 9-11 tragedy was manufactured to instil fear into the US public psyche and justify unlimited budget to defence industry. Will they say the same thing is being done here? On the bright side, this may benefit Malaysia directly as 0.25% of that amount may be channeled here through one power-hungry politician Hot money baby!

Sebagai wargamas yang cintakan keadilan dan kesaksamaan saya menyeru kepada semua warga Malaysia agar janganlah mengagongkan Amerika. Tanda-tanda kemusnahan mereka sudah jelas. Kegagalan Amerika di Afghanistan dan Iraq disamping ekonomi mereka yang kini ke arah keruntuhan.

May I add?

Wall Street is all about "free markets" until they need a bailout themselves, then they're suddenly socialists.

No more "natural correction" of the market, but government intervention. But bailing those sick companies actually wont be resolving, as a matter of time, true and tallied "purchase and selling" contracts will reveal more information and perhaps at that time, the true disaster will come upon global financial. I'm no oracle and i have only limited knowledge.

Will Malaysia survive, that is the true question I believe.

Any strong solution to protect or reduce the impact? I don't know if Malaysia will ever have solution if the uncertainties, the polemics, the "you shout, i shout" keep on continue to take the centre stage of the nation.

Malaysia may have somehow miraculously skipped the chapter of AFC 1997/1998 with little better from the neighbouring countries, but we can never feel safe - the tsunami of financial crisis in America yet to show its real sign to wash our coast clean.

And being Malaysian (am I?) and living in Malaysia, and absorbing the Malay culture, I can only predict this: ONLY AFTER WHEN IT DOES!

Are you Malay? Then smile. For the Muslim, Eid Mubarak!

TUN,

Walaupun Amerika cuba Baliout krisis ekonominya, Kesannya hanya untuk jangka pendek saja itu pun untuk mengembalikan keyakinan Dunia pada US Dollar.

Ini belum tentu berhasil, plan kajian menyeluruh perlu di laksanakan segera . Tambahlagi, bailout ini bermaksud hutang Amerika akan bertambah dari yang sedia ada. Apakah cara Amerika membayarnya. Apa planning mereka..???

Dunia kan menyaksikan US Dollar yang tidak menentu. Perdagangan minyak dunia sudah beralih ke Euro, dollar semakin lemah.

Baca di Krisis dunia, mata wang Amerika akan terus jatuh....kepanikan akan mempengaruhi juga mata wang Euro....

US Dollar hanya akan jadi seperti Duit Pisang Jepun, tiada harga. Hakikatnya US Dollar bukanlah ada nila hanya Federal Reserve Note. Wang kertas yang tiada nilai backingnya. Nilai wang US Dolar sebenarnya hanya: US 300 untuk mencetak wang kertas US 1 juta...?????

Ya TUN tidak mungkin AS akan terbayar hutangnya dengan FED atau World Bank milik yahudi ini. Kemungkinan untuk Amerika mengujudkan matawang baru Amero akan terjadi juga.....Ini semua planning Yahudi..!!!!

Jadi hutang AS akan terbayar jika mereka perang dengan IRAN...????
Baca di

Jangan terlalu gembira akan trade difist kita yang rendah.....

Keadaan Amerika tidak menentu, SEANDAINYA....

US Dollar sudah tidak berfungsi lagi.....Amerika sudah ada rencana penggunaan Matawang baru untuk North Atlantik Union bernama AMERO.

Sudah pasti ringgit akan terjejas bila US Dollar tidak berfungsi di perdagangan Internasional.

Kenapa Amerika menghadapi masalah yang berbelit ini ???

Seperti yang kita ketahui 90 % dari pentadbiran Amerika di kuasai oleh Illuminati, sama ada dari sagment Freemasonry , Skull & Bones atau CFR. Dari NWO oleh Illuminati mereka merancang kejatuhan dollar dan kekurangan makanan untuk mengujudkan satu mata uang dunia, Amero. Dengan kejatuhan

dollar ini seluruh dunia akan panic, dan merupakan kehilangan nilai asset bagi seluruh dunia.

Jadi apa yang harus dilakukan oleh Amerika menghadapi kenyataan ini ???

Pertama, dengan mengujudkan mata uang baru seperti di atas.

Kedua, Amerika harus perang, dan menang...

This is the main reason I hate this world. When people have power and money, they will set all kind of rules, guidelines or so-called standards and claimed that is the 'right thing to do'. But when things go bad, they forget everything and do whatever it takes to solve problems. It happens not only in US, every country behave the same way including Malaysia.

Double Standard / Dua pendirian.....satu dunia faham dan tahu dasar Us ini dalam apa hal seaklipun. Ok... kalau berkepentingan. No... kalau tidak mempunyai kepentingan. Tetapi siapa pula yang mempunyai kuasa untuk membetulkannya?

Yang perlu mendapat perhatian dan difikirkan ialah perkara 13 tulisan Tun kali ini. Ini yang lebih penting untuk difikirkan. Bagaimanakah cara untuk mengedarkan rakyat melayu/islam tentang perkara ini. Rakyat gulungan ini perlu terlebih dahulu disedarkan baru rakyat gulungan lain yang mungkin kurang sensitiviti difahami bahaya perkara 13 tersebut kepada kedaulatan negara. Adakah perlu berterus terang sahaja tanpa perlu berselindung dengan kata kata / tulisan berlapik. Fikir fikir kan lah.

Dear Tun,

Yesterday in the UN summit Mr. Ahmadeneejad blame zionis for the financial turmoil in the world. I still remember back in the Clinton era, the US president was being embarrassed by the Lewinsky scandal. Some said the reason was because Mr. Clinton dont want to engage Iraq as the Iraqis were preparing troops to invade Israel. To come out of the scandal mr Clinton were have to do just that. Now Iran is a real threat to the Israel State. The American is building up their troops in the gulf but looking hesitated to take a firm action against Iran. The zionis have to go back to the drawing board. Punishing the President of the United State seem to be working last time. Now they done just that. Are we looking for another invasion in the middle east in the future? McCain is probably the right candidate to do that.

By mzzainal on September 27, 2008 1:45 AM

Our country is already at the mercy of the US. The Govt does not have the time to defend itself from external forces, much less returning us to an economical stable position. PakLah and his henchmen are busy with themselves to have noticed that we are the laughing stock of the world.

If I do a compare PakLah and Bush, honestly they seem to be similar in nature, both driving their country to ruins.

By R2D2 on September 27, 2008 1:50 AM

As a show of my support to Tun's view, I'm gonna sell my dollar notes first thing tomorrow. It may not be much, just as a symbol of my jihad against the evil Americans. As long as we still hold their currency, we are putting value to their "green papers", which they use to finance their evil activities on other countries of smaller economy. Which means, we also have a hand in their actions. Therefore, I think we should not keep any of our wealth in American Dollars.

A layman's 2 cents.

Assalamualaikum YBhg Tun Dr. Mahathir,

The recent action of the US government to swiftly bail out the greedy financial sectors; banking, mortgage and insurance, will forever be etched in history as a perpetual double standards about their so called capitalism and free market. There are one set of rules for the US and another for the rest of the world.

Sadly, the rules are not set by the US government but by a set of lobbyists that want to continue to dominate the world economy.

Just imagine the huge amount of money of up to USD700B or more that is required to buy the confidence of the market and stop the acceleration of the economy into oblivion.

As you rightly put it, how did the US government come up with USD700B overnight? Where did all the money coming from? We've been told that this money is from the government and not from private funds. Is the USD700B actually carry the value of USD700B or it is just a paper guaranteed by the almost bankrupt entity?

On personal note, I believe this recent decision by the US government to BAIL OUT failing US financial institutions have evaporated any credibility of the US government and economy as the dominant economy in the world.

Lastly, I want to wish Tun and family a bless Aidil Fitri and may Tun be in the protection of Allah, always.

Regards

Salaam Tun,

I was watching Bernama news earlier and saw Anwar Ibrahim in Hong Kong giving a press conferance and without any hesitation what so ever he was criticizing the government...Yes i am not in favour of PM Abdullah as well, but if i was in Anwar's place, i would'nt jeopardize my country's sovernity, economy and pride a bad press and be judged by others....this sole reason is enough for me to resent any "good things" he claims to bring to my country after bashing it at every international platform he could get his hands on...well it takes an exceptionally good soul not to be taken by greed..in Anwar's case...greed for power...he's 60 so its understandable the urgency to get the feel of how it is to be a Prime Minister. Well he has sent letters to both the PM and the King...regarding "the current political scenario in the country and the transition of power" to no avail....may be he should send a letter to a JIN instead....maybe it could help Anwar to materialise his dream of becoming a PM at the expense of bashing and tarnishing our country!..Welcome to the Mystical and Magical World of Anwar!

Ayahanda Tun sekeluarga, assalamualaikum.....

Adakah Ayahanda Tun seseorang pada masa kini. Ke manakah perginya mereka yang mencium tangan Ayahanda Tun semasa berkuasa dahulu. Kepada yang kurang sihat tu bolehlah dikecualikan. Bagaimana dengan mereka yang masih kuat lagi. Keselesaan yang dinikmati oleh mereka pada masa kini adalah hasil daripada sokongan rakyat. Setakat manakah perjuangan mereka. Jika Ayahanda Tun masih dapat menyumbang idea yang bernas kenapa mereka ini diam seribu bahasa. Dimanakah pendirian mereka ini. Kepada yang masih aktif diucapkan terima kasih.

Kepada Pak Lah dan Pak – Pak Menteri yang lain ingin saya syorkan supaya sentiasa memberi buah fikiran yang bernas seperti Ayahanda Tun setelah bersara nanti. Khidmat kepada rakyat tidak perlu dihentikan setelah tiada jawatan.

Kepada yang masih dan akan memegang jawatan – jawatan penting baik di dalam kerajaan mahu pun parti perlu lebih proaktif lagi. Malu la sikit.... Ayahanda Tun dah 83 tahun tapi pemikirannya masih tajam. Kita yang masih muda berbanding Ayahanda Tun hanya diam seribu bahasa. Adakah kerana idea yang limited, atau pun jiwa kita dibelenggu perasaan takut untuk melontarkan idea berdasarkan pengalaman Singapura dilanggar todak. Inilah yang dinamakan keikhlasan dalam perjuangan.

Marilah kita sama – sama, tanpa mengira kedudukan dan darjat menyumbang tenaga, idea dan sebagainya untuk kesejahteraan semua. Kepada Ayahanda Tun dan bidders teruskan Sama – sama kita berusaha dan berdoa semoga Umno/Bn relevan sepanjang masa.

we will never know the pain cause thins haven't happen to us, what would you do if KLCC crash by terrorist?i fully support ISA if it happens. it has yet to happen but ISA's already been invoked numerous time,not on terrorists pun. US is correct at opposing it eventhough it's 'jaga tepi kain orang'. everyone

does something bad and something good, agree TUN? personally i'll look at both sides. i dislike you for the 1988 incident but at the same time i feel proud for the development u brought to us. So, i'm kinda neutralised.

Anyhow, Selamat Hari Raya!=)

Yang Berbahagia Tun,

Absolutely spot on! The US is bankrupt but is still very capable of inflicting pain and sorrow on poorer nations. While it looks at everyone from the Muslim world as a potential terrorist, it is itself the world's largest terrorist state. Iraq and Afghanistan are but two of many examples.

The most horrible thing is that we have in our own backyard, someone who is willing to sell his soul to the devil by banking on the help of the US to make him realise his one and only dream in life, that is to become the Prime Minister. Just watch the present of Reuters at most of his press conferences. How often do you see Reuters covering our national leaders?

While on one hand the US Congress sets certain moral standards on their congressmen and senators, where we have seen a male senator having to resign because he was fooling around with a man in the toilet, it is beyond them that the candidate they back for PM in Malaysia could possibly have committed "liwat". Never mind that we have our laws, just don't apply it on we know who and Condoleezza Rice the War Criminal will be lashing out at us.

If we allow AAB to continue as PM, it is only a matter of time that the US back candidate will take over Putrajaya. His cronies from the US will be here by the plane loads to tell us what to do and we will become nothing more than a colony again. Perhaps then committing "liwat" is no longer against the law.

Tun yang dihormati,

1. The US Patriot Act is in fact an American version of our ISA.
2. I remembered that once they question our government policy on Bumiputera quotas whereas they themselves have their own affirmative action.
3. They said that the Malays are monopolizing the politics but they themselves have more white representatives than other races. In fact, they have been discriminating the African American since before WW11.
4. The US is in a modern day Roman Empire. They need to have war campaigns in order for their economy to survive. How many barrels of oil are they pumping from Iraq daily? They have their standing army ready in each continent. They manipulate small nations to be dependent on them. They rule the world through direct invasion, economy and culture (this proves to be very successful through their powerful media and teenagers are normally their target).
5. I never believe that the American system will work even though I graduated from the US. It is more of a short term solution to make their people happy but some smart group of people who are supposed to be the adviser to the PM is adapting some of US political and financial model when they themselves do not really understand the system.

By Alias Author Profile Page on September 27, 2008 5:50 AM

Kekuatan sebenar USA bukanlah semata-mata terletak pada tenteranya, tetapi lebih utama dari itu ialah amalan demokrasinya.

Sistem demokrasi yang diamalnya membuatkan rakyatnya sentiasa berada dibelakang pemimpinnya. Faktor inilah menjadikan USA sukar digugat.

Sedangkan kita di negara Asia kebanyakannya hanya mengambil demokrasi sebagai topeng sahaja sedangkan amalannya jauh kebelakang.

Kenapa USA mudah menjatuhkan Saddam di Iraq tetapi tidak boleh buat apa-apa dengan Ahmadenijad di Iran. Sebabnya mudah, Ahmadenijad adalah pemimpin yang dipilih rakyatnya dan sentiasa berada dibelakangnya.

1. I sometimes wonder how people are blind, especially the Malays who are rooting for Anwar. The US intervenes almost instantaneously every time a verdict is dropped against Anwar in Malaysia.
2. I'm baffled too by the Malays in UMNO who can't see the true colours of KJ. I think it's not just mere coincidence that he was "attached" to one of the daughters of Anwar while he was still the DPM and now married to the PM's daughter.
3. The US says that they promote democracy and fairness which extends to the far end of each continent. If this is true, then why is there bias towards certain countries in terms of weapon technology? Israel has one of the most sophisticated armed nuclear weapons in the world, but Iran is given loads of sanctions when they try to develop nuclear power.
4. What you're saying Tun is actually nothing new to me. It just reminds me of the true fact that if there was a country that uses dictatorship to gain anything.....it's The United States of America.

just my 2cents.

By Khalidb on September 27, 2008 6:21 AM

Tun,

Reference is made to your second point in respect of The USA

"2. It sets the forms and standards for everything; systems of Government, human rights, economic transparency etc etc".

Sorry to say you forgot to mention the most important standard it sets, "THE DOUBLE STANDARD".

On the (American) US Dollar it states;
"IN GOD WE TRUST"...

perhaps it's more appropriate to state;
"IN THE FEDERAL RESERVE WE TRUST".

Wishing you and your family Selamat Hari Raya.

YAB Tun,

I waited anxiously for the UMNO General Assembly (UGA) to convene but unfortunately, it was postponed to March next year. I would not be surprised if the UGA would be postponed again or even postponed indefinitely. I do not know what DSAAB is trying to do. Hang on to power ? The sudden swap of ministries with DSNR comes at a time when the country is in financial turmoil. Now it has been decided that Malaysia buys Eurocopters. Though the decision has been made earlier, DSAAB is now Defence Minister. Do I smell a rat ? Perhaps YAB Tun can give your comments. Meanwhile, I would like to wish YAB Tun, Bonda and family Selamat Hari Raya. My family loves you all.

Salam Tun,

You are absolutely correct^{3x}. Not VKL statement. I have been reading all your past statements and almost all of them seem to fall into place. I admire your far sighted vision which almost all of us are unaware of or think we are aware . Today it is happening and I guess you are truly a great leader with 20/20 vision. Hindsight comments are 20/20. Thank you for all you have done, though some are out of the norm and I disagree but most of the time I agree with you.

Selamat hari Raya, Maaf Zahir dan Batin.

Salam Tun,

I really don't understand, confused and scared how Anwar is going to answer to our God in padang mahsyar....he's now 61 yrs old, the most he can live is another 20-30 yr...as a muslim/rakyat,i'll never forgive him on what he has done to me & rakyat, espc.his involvement with jewish,using islam for his politics, blackmailing malays,using PAS to accept coalation with anti malay/muslim party DAP.To approve Babi in selangor,to defend hindraf and the most irresponsible action to defend teresa kok on azan issue.what type of muslim he is.Or maybe he is not a muslim....are he is jewish....

TUN,

I always read about Rasulallah S.A.W,Sahabah,and how they surrender thier lives to islam and i believe and very sure that PAS is just another political party, not more than that,how could they join DAP who totally disagreed with islamic country,kapal karam singh has openly challenged Pas's ideology and yet Pas is very happy to work with them rather than umno.

My personnal opinion-to be a good muslim you must practise islam,always remember the prophet,try to follow khalifah,sahabah,Quran and hadis,not necessarily vote for PAS-eg : to vote for MB Perak,who can easily be dictated by anti Islam Party DAP...

TUN,

You have done alot for Bosnia,Kosovo and other Balkan country as a Muslim Leader.....may Allah bless U TUN

We can ship your goods anywhere, Perth, Penang, Rembau (special for Rembau, pack now and we even pay you) or Butterworth – anywhere you tell us *. We do it quietly (silent elegance); the neighbors don't know for sure you are already packing. Special for the season, just for you, our service is totally free! Just decide, and we pack on the double or we get into big trouble. You are our top priority business.

YAB Tun,

I absolutely agree with you on United States. It is a well known fact and obvious that they practice double standards. But nobody dares to comment anything. The World bank and IMF are completely silent on the US financial crisis. If a 3rd world country like us were to conduct such things as bailouts, the entire US Congress, IMF, World bank including all their "local agents" will be screaming at us for practicing cronyism and nepotism, poor governance and all sort of negative things.

The present government is clearly very weak and directionless. Pak Lah hasn't got a clue on how to ride out the current economic uncertainties. We cannot wait until next March for him to resign. We want Abdullah Ahmad Badawi to resign NOW.

Malaysia present situation may deteriorate further and it may reach to the point of no return. UMNO/BN is so busy politiking sorting out their internal mess and constantly being harassed by the PR that they forgot to run the country. We lack a visionary leadership. I doubt Najib can steer the country to the right direction. He has so much excess baggage to carry. If Anwar becomes PM, the Malaysia that we know today will be history.

I pray that God will protect Malaysia and its people. Amin. I guess pray alone isn't enough.

Assalamualaikum Tun,

Selamat menjalani ibadat puasa & juga menyambut Eidul-Fitri yang bakal menjelang tiba.

Semoga senantiasa dirahmati Allah dan sihat-sihat hendaknya.

Sampai bilakah negara kita mahu terus menerus berpaksikan sang kapitalis (Uncle Sam) yang ternyata cakap tidak serupa bikin ini. Seingat saya ditahun 1997 dulu semasa negara kita mem"bailout" syarikat-syarikat di Malaysia sendiri (dengan alasan kita sendiri demi untuk terus mewujudkan peluang-peluang pekerjaan dan lain-lain lagi), sang kapitalis inilah yang paling kuat suaranya membantah dan mengheboh-hebohkannya keserata antario dunia.

Nah! sekarang Allah uji mereka pula. Namun itulah hakikat sebenar mereka untuk terus mempertahankan yang kaya agar terus kaya dan yang miskin tertindas.

Saya sokong agar negara kita melobi ASEAN mahupun OIC untuk segera merancang strategi kearah pengekonomian yang menjurus kepada penggunaan matawang Dinar & Dirham / perak & mas bagi menggantikan USD.

Langkah ini bukan mustahil, umum telah menyaksikan bagaimana kesatuan eropah (EU) telah dengan jayanya mengorak langkah ke hadapan.

Dengan krisis "subprime" dan meningkatnya kadar hutang syarikat-syarikat kewangan Amerika Syarikat, adalah wajar sekiranya cadangan Tun itu (semasa menutup 'Seminar Antarabangsa Dinar Emas Dalam Perdagangan Pelbagai Hala' anjuran Institut Kefahaman Islam Malaysia (IKIM) di Kuala Lumpur pada 23/10/2002) dapat dipraktikkan agar kita lebih jati diri disamping memenuhi tuntutan syarak.

Apa yang lebih membimbangkan ialah nilai matawang USD yang bakal merudum akibat dicetak dengan kadar yang banyak untuk tujuan "bailout" tersebut. Nahtijahnya tentulah terhadap ekonomi negara-negara membangun khususnya dan dunia secara am.

Allah yang maha mengetahui.

Sekian, terima kasih...

Salam Tun.

3. Kita lihat lah apa akan berlaku seterusnya pada negara paling angkuh dan sombong ni. Mereka sedang menerima akan balasan ALLAH SWT.

4. Berbalik pada senario politik tanah air. AAB membayangkan peralihan kuasa lebih awal. Tapi menunda tarikh PAU. Apa pulak muslihat nya? Macam main chess jer...

5. Khairi 'Terkejut' bila ada bahagian 'not wellcome' him. Dan menuduh ada sabotage. (Dia ingat dia siapa)

6. Apa2 pun nak ucapkan sokong lah pada Pak Lah (pertama kali sokong) kerana rela berundur segera.

Terima kaseh lah (pertama kali ucap) kerana buat keputusan itu. Hidup Pak Lah!!

7. Ingatan pada Ahli2 Umno, sokong lah pada orang2 yang benar jujur dan ikhlas sahaja untuk perjuangan parti demi mertabat bangsa, negara dan agama. Bukan pada mereka yang tamak kuasa dan ingatkan kekayaan sahaja.

8. Selamat menyambut hari raya untuk TUN & family serta seluruh rakyat Malaysia. Maaf zahir & batin.

USA & other 4 permanent members of the Security Council are the colonial masters of the world in the modern era. As colonial masters, they set and change rules as their wish. President Sukarno detected that years ago. Malaysia like other countries is dependent (not independent) of their knowledge, technologies etc. The ever bold President Ahmadinejad of Iran, who is trying to be independent by acquiring nuclear technology, is facing many obstacles alone. Malaysia is not helping for fear of offending the permanent 5. Because we are weak, the best strategy is to engage and not confront the most powerful like USA. I don't actually like Anwar Ibrahim but his friendship with US will help Malaysia. Yes USA is bad in many counts (from our points of view) but it is still the most powerful. We don't fight with the powerful or else we get beaten up. Just be patient and wait until we have the power like nuclear or wealth. For the time being, we just have to talk to the wall.

By abs on September 27, 2008 8:40 AM

Honorable Tun,

Whatever disaster happening in the world today, from famine problem in third world countries like Africa, War and Invasion, Killing of innocent people, women and children, economics and financial collapse, increased oil price etc are all pointing to USA policy of political interference and over economics and financial manipulation. US wanted to control every aspect of human life in the world. They want to play god. They want to be the world police to protect the citizen of the world from moron government and leaders. They want to be the provider to the mankind. They believed that god entrusted USA to take care the administration of this world. They are the master and the rest of the world are slave. Only USA can do nasty things like ARRESTING people and put them in detention camp in Guantanamo by using anti-terrorism as an excuse. Only USA can condemn any government or leader of a country that they don't like as in the case of Iraq. Only USA can sanctioned nation as AXIS of EVIL and threatened them with invasion. Only USA can determine who should live or who should die in this world.

That is also the reason, only USA can print 2 trillion dollars to pump into their collapse economy without any collateral. To us US Dollars are still 'd' base trading currency in the world despite of its worthlessly no value. Their financial papers are so manipulative, remember from Prime loan to sub-prime loan to derivatives, short selling etc that got them trapped. Therefore, Malaysian government should quickly reduce its dependency on US Dollars before it is too late.

By zainnan on September 27, 2008 8:46 AM

The saying goes that whenever America sneeze the rest of the world are caught with cold.

Now America is reeling with cancer, and I wonder what would happen to the rest of us.

I've been told that many American CEO's have left their companies with millions of Dollars as golden handshake and ex-gratia payment after seeing the earliest signs of the meltdown of Wall Street.

But our Dolah is certainly more cunning than most of the American CEO's. He capitalised for the rise in the price of oil so that his family could rake in obscene profits through import of public buses and commission in paying out transport subsidy to the public.

Our country is a net exporter of oil. There was no economic necessity for the rise in the price of oil, unless Malaysia is on the verge of bankruptcy.

Trying his cunning way of showing his sympathy for the public who have been reeling with the spiral rise in

the cost of everything, Dolah started to cut down the price of oil, the latest with a second slash. BUT it is of no effect, the cost of living is not going to come down.

Dolah's family is laughing all the way to the banks!

salam tun,

adakah Malaysia akan mengalami politik seperti pakistan, afghanistan dan iraq? Presiden atau perdana menteri itu di lantik dari orang-orang yang boleh mengikut telunjuk mereka secara halus? Jika kita kata kita tidak mahu orang Amerika (yahudi atau israel) mempengaruhi ekonomi dan politik kita bagaimana pm sekarang membenarkan sebuah syarikat minyak yang baru di buka di wilayah iskandar di benarkan beroperasi sedangkan ia adalah syarikat yang terlibat politik perang di iraq. Bagaimana penglibatan tun yang meminta jasa pelobi yahudi untuk membuat pertemuan dengan presiden amerika semasa tun berkuasa dulu? bagaimana kita boleh membeli bank bii indonesia yang di miliki temasek yang kita tahu negara tersebut berkait rapat dengan Amerika (israel). Jadi untuk kata kita tidak mahu dipengaruhi oleh amerika memang susah sebab kuasa mereka sangat luas dan telah menyusup ke semua sektor seperti kewangan, perbankan, perminyakan, perekonomian dan juga badan-badan dunia banyak di letakkan orang-orang yang berpro ke Israel. sambung

Salam Ramadhan & Idulfitri buat Ayahanda Tun serta Keluarga.

Kita ni telah disogok dan dimomokkan dengan pelbagai perkara seperti ideologi, filem, produk etc. Dan orang kita pulak kalau nak beli barang cari yang import dari US. Baru ada kualiti, barangan tempatan low class. Suasana ekonomi US yg teruk ni lebih BAIK kalau kita jgn beli barangan dari sana. Tak kira apa jua barang, kita TAHAN DIRI dari beli dan guna.

Ideologi dari US ni yg lagi teruk sebab ramai cerdik pandai kita berguru di sana. Jadi kebanyakannya berKIBLATkan cara "AMERICAN WAY" (jgn ambik hati org yg belajar kat US sbb tak semua camtu). Dulu Tun cukup berani lawan mereka dengan "MY WAY" saya admire sungguh semangat tu. La ni tak dak orang buat lagu tu, takut tak popular dan dikecam oleh US dan pengikut-pengikut si US. Kat M'sia ni ramai yg konon sibuk nak 'tukar' ideologi yg ada kpd yg baru. Konon yg baru lebih relevan dari yg dulu. Betul k camtu Tun?

Akhir kata Salam Idulfitri dari saya Muhamed Mustaffi dan Keluarga

Assalamualaikum Tun, Well Tun are wondering and I'm going to give Tun some wondering news. Firstly, what happened to Russia after their collapse? They woke up by seeing the smugglers and illegal moneylenders in their homeland. That happened before legitimate government from other countries came to their rescue. These moneylenders included the mafia from US. Secondly, how did Iraq survive after

economic sanction taken against them? Again the smugglers who smuggle anything through Afghans border. Thirdly, wont Israel come to their rescue? After all its the Jewish decendants - Einstein - that provide them with nuclear powers during the 2nd world war.

So, just pray that US will not be governed by Jewish-proxy, even though Obama had been seen at the Wailing Wall, including wearing fez on his head.

In other words, its not just the story of the downfall of capitalism, or free market, especially liberalisation, but also the death of democracy in US.

Salam Tun.

Seuatu yang perlu di renungi dan pelajari dari posting Tun kali ini. Apa kah sebenar nya yang sedang dihadapi oleh negara beranggapan mereka adalah satu negara superior, yang kuat, bertamadun dan demokrasi dan pelbagai2 yang terbaik2. Nah sekarang dunia sedang melihat apa dia nak buat.

Sama2 lah kita lihat pulak apakah kesan nya pada ekonomi dan nilai kewangan kita.

Bagaimana kebijaksanaan pakar2 dan penasihat2 ekonomi negara yang dipimpin TOK AJIB untuk menangani nya. Nasihat TUN ditolak.

TUN dan rakyat biasa macam kita2 ni tidak ada kuasa untuk menentukan apa2 polisi dan tindakan. Sekadar menyuarakan pandangan sahaja di laman blog TUN.

Yang penting nya saya bersetuju dengan TUN pada para 13 dan 14.

Berhati2lah akan agenda2 Amerika dan Anuar Ibrahim. Rakyat sepatutnya dah sedar siapa dia Anuar sebenarnya.

Tapi kebodohan dan ketaksuban yang extreme mereka bergitu percayakan segala permainan politik Anuar.

Baik yang berjubah dan yang berjambang konon nya memperjuangkan Islam maseh tetap menyokong Proxy Yahudi ini. Itu lah politik.....

Politik perut....janji kenyang....

Tinggalkan sahaja Anuar tu sendiraan. Nak buat apa ikut kedalam kubur dia.

Anuar tu dah makan banyak duit Yahudi dan kini dia mesti tunaikan janji nya untuk menyerahkan negara ini pada mereka. Tapi sehingga kini maseh belum berjaya. ALLAH maha mengetahui....Maseh tidak merestui nya. Ini berkat doa sebahagian besar rakyat Islam Malaysia memohon perlindungan dari ALLH SWT. INSHAALLAH.

Pada Anuar kami pohon lah pada anda agar bertaubat sebelum terlambat.

Tu.. KJ pulak kata kena sabotage, sebelum ni anakanda TUN, Dato Mukhriz kena sabotage, macam sendiwara jer. Ya lah dah rasa panas bila Pak mentua umumkan nak bersara awal. Patah lah sayap...

Tu lah buat kerja biar ikhlas....Yang tak ikhlas tu tak berkekalan dan tak berkat pun.

Selamat hari raya lah buat semua muslimin dan muslimat.

Tun tak jemput kami kerumah terbuka ke....Malas la nak pergi rumah Pah Lah. Dia pun macam nak tutup rumah jer...

Salam Ayahanda Tun, just my few kilobytes worth sir.

- 1.As long as the US still keeps its "declared" 5,500 active nuclear warheads ready to fly on short notice, Fort Knox is secondary as their strength base.
- 2.The US may leap into Amero at any time and lose all those USD embarrassments overnight.
- 3.Democrats, Republicans, The Green Party or even Ralph Nader; they only have one thing in common: they are Jewish proxies.
- 4.And as long as certain Arabs are still kept at odds with each other, and the US has all their oil fields to

ensure continuous supply of grade "A" rocket fuel for their MERV, they are basically still the ones in charge. Would they nuke another country? They would. With all sorts of control-nuclear detonations expertise they now possess, they could calm the rest of the world with agendas like "war on terror", while they dutifully blow up another country. Islamic countries mostly.

5. What we can do to protect ourselves from these folks is by keeping as far away from them as we possibly can. The Iranian oil bourses have adopted Euro as its primary trading currency, Ras Al' Khaimah is all set to be the new socio-economic growth engine in the Middle East and the Arab world. And the emergence of China and India as the new economic powers, may just keep them in check (like what is happening now).

6. But it's all short terms measure, no real long term measure. In this respect, we Malaysians must at all times keep away the US and their close agenda cronies under any guise from encroaching into our liberty and freedom.

7. Wolfowitz is a well know back room heavyweight US Jewish lobbyist. One of Wolfowitz best buddy for this region is Anwar Ibrahim.

Dear Tun,

I have always admire your political vision. You are true leader that leads and only manage when necessary. Your insight to the current financial crisis is really admirable. Of course, the US and its cronies who read it would disagree with it. But with the in depth analysis and experiences, I totally agree with you. "Golem" and "Oligarchy" are behind all this crisis and now they have summoned in another "Golem" and "Oligarchy" rescue the situation.

My opinion, JAIL them instead of BAIL!.

Tun

During Asian Financial Crisis, Tun hit bull eye with Ringgit Peg because Malaysia economic turmoil was caused by external forces of currency manipulation by George Soros.

10 years later Tun kiss and makeup with Soros. Bygone.

2008 Crisis Peg Ringgit will not solve because root cause is NO ZERO STEWARDSHIP OF ECONOMY of Malaysia.

The problem is political instability at APEX. It is like the stewardess came from cockpit and ask any passenger who is a pilot.

Malaysia former economic pilot (Datuk Abdullah Badawi), whom like Ghazali Shafie in 70s, had last few minutes handed over economic throttle to his Co-pilot (Datuk Najib Razak).

But Co-pilot is stung by skeletons:

1. Altantuya Murder:

- Scorpene RM 4.5 billion
- Perimekar Sdn Bhd commission RM510 million
- Ombak Laut-Amaris
- Altantuya blackmail Abdul Razak US\$500,000

2. Sukhoi Commission:

- Federal State Unitary Enterprise

Dear Tun,

Datuk Najib is like a new CEO of Malaysia Economy Stewardship.

As expected of any new CEO, he has 90 days to get it right or all over. He took office 22 Sep 2008. I expect result by 21 Dec 2008.

If no clear improvement, it is over for Datuk Najib.

salam Tun,

Maaf keluar topik...

IPOH: Timbalan Pengerusi Parti Keadilan Perak Zulkifli Ibrahim menyifatkan kenyataan seorang anggota parti itu bahawa habuan seks sama seperti menerima sedekah sebagai sekadar satu "kesilapan bahasa yang tidak disengajakan".

"Barangkali itu mungkin kesilapan dari segi bahasa dan sebagainya tapi itu bukan maksud kita menjadikan seks itu sebagai satu sedekah. Saya boleh komen setakat itu sahaja," katanya pada satu sidang akhbar ketika ditanya mengenai kenyataan Anggota Majlis Daerah Perak Tengah, Zul Hassan, kepada sebuah akhbar bahawa dia melakukan hubungan seks dengan seorang wanita China disebabkan diperangkap oleh Badan Pencegah Rasuah (BPR).

Seorang lagi anggota parti itu di Perak, Fairul Azrim Ismail, juga mengakui melakukan perbuatan itu tapi turut mendakwa diperangkap oleh BPR.

Mufti Perak Datuk Seri Harussani Zakaria sebelum ini berkata bahawa kenyataan Zul itu adalah daripada orang yang jahil tentang hukum agama selain merupakan satu tindakan yang cukup bodoh jika kenyataan itu bertujuan mempertahankan diri daripada kesalahan yang telah dilakukan.

Komen saya;

HABUAN SEKS SEDEKAH???SEDEKAH?? KAHKAHKAH!!BEDEKAH!!

Oh ya..kesilapan bahasa yang tidak disengajakan.Ye lah tu...lantik kaulah labu..

Bolehkah kita percaya orang macam ini?Di mana ustaz2 PAS?Kenapa tak ambil tindakan / pendirian tegas?

Bagi ramai orang seperti saya,PAS merupakan satu2nya parti alternatif jika UMNO bermasalah seperti sekarang.

Tetapi saya tak boleh terima jika ustaz2 PAS diam diri seolah2 tiada pendirian tegas dalam kes azan,kes Teresa Kok,kes Al-juburi,kes seks sedekah....pergh!banyak tu!

Anda mcm ustaz olok-olok,adakah keinginan merampas takhta kerajaan terlalu penting sehingga pendirian diketepikan?

Adakah penyokong2 PAS terlalu taksub sehingga tak berani bersuara?

Salam Tun,

Saya hanya mahu komen sedikit. Pada pandangan saya kita tak perlu melihat kepada sesiapa-sesiapa atau mana-mana negara dalam kita melakukan sesuatu dalam hidup ini kecuali kepada contoh-contoh yang telah di tunjukkan oleh Rasulullah s.a.w dan AlQuran. Bukan kah Tun sedia maklum bahawa manusia tu tak pernah perfect. Yang kita nak marah kat United State pasal apa? Pemimpin dia orang tu ikut Rasulullah dan AlQuran ke? Yang penting kita ni sesama muslim pesan berpesan setakat yang mampu berasaskan ajaran Islam itu sendiri. Saya yakin Tun akan bersetuju.

Bagaimana pun terima kasih menjadi perdana menteri kami dahulu walau pun penutupnya kurang elok. Tapi sempena hari raya yang mulia marilah kita sama-sama bermaafan-maafan. Siapalah kita kalau nak di bandingkan dengan Allah yang maha Pengampun. Saya nak lihat Tun dan DSAI berbaik-baik dan bermaafan sebelum Tun atau DSAI meninggalkan dunia ini Wallahualam.

Salam perjuangan buat Tun.

Power tends to corrupt, absolute power corrupts absolutely.

Itulah jadinya 'sebuah negara' bila dibiarkan terlalu berkuasa.
Itulah jadinya 'pemimpin' bila dibiarkan keluarganya berkuasa.
Itulah jadinya 'individu' bila dibiarkan cita-citanya berkuasa.

Tepuk dada tanya selera.

p/s : Sempena kedatangan syawal yang mulia ini, saya sekeluarga ingin mengucapkan Selamat Hari Aidil Fitri Maaf Zahir dan Batin kepada Tun sekeluarga serta seluruh rakyat Malaysia yang beragama Islam, manakala kepada rakan-rakan yang lain selamat bercuti. Semoga lebaran pada kali ini akan membawa seribu rahmat kepada kita semua. Akhirnya .. Pandu, Tunggang, Lintas dengan Selamat.

Permisi Tun,

Sekarang kerajaan Amerika tunggang langgang mencari jalan menyelesaikan masalah ekonomi yang melanda negara mereka.

Ini mengingatkan saya apa yang berlaku pada negara kita pada tahun 1998, dimana banyak syarikat yang mengalami masalah kewangan. dan kerajaan Tun dituduh membuat berbagai bail out yang dikaitkan dengan cronyism, nepotism dsb nya padahal apa dilakukan adalah cara untuk menyelamatkan dan menyelesaikan masalah yang bukan disengajakan.

Itulah kempen orang yang perasaan hasad dengki, atau tolol yang tahu cari salah orang aja macam 'sjankan' tu.

Saya harap Tun akan terus menulis dalam blog ini dan terus memperjuangkan apa yang harus dibuat di bumi bertuah Malaysia supaya kita terus hidup dalam kesejahteraan dan aman damai.

DS Najib telah memberi jaminan tentang pertumbuhan ekonomi negara sekitar 5.4 peratus padahal inflasi mencengkam kita pada paras lebih 7 peratus. Ini jelas menunjukkan ekonomi kita tidak berda pada landasan yang baik.

Kerajaan mesti membuat sesuatu supaya keadaan ini tidak berlarutan.

Salam Tun

Saya yakin pm flip flop aab yang dibenci rakyat tidak akan berundur pada masa yang telah dipersetujui MT baru2 ini. Khairy tahu tanpa aab, khairy tidak boleh menjadi ketua pemuda dan seterusnya menjadi menteri dijabat perdana menteri untuk mengendalikan Khazanah Nasional yang telah lama di idam2 kan dan juga matlamat utama nya untuk menjadi pm sebelum umur 40 tahun. Kini khairy dan pemusnah negara ditingkat 4 dan kuncu2 khairy yang lain seperti mike tyson, tengku adnan, khalid nordin, sharil samad, adnan yaakob, shahidan kasim, noh mohd, zain, tajul rosli mathazir khalid, shahziman, ali rostan, anuar musa azlina othman, ahamd sabri dan ramai lagi sedang berusaha keras siang dan malam untuk mendapatkan sokongan bahagian2 terhadap pm yang telah lama dibenci rakyat sebelum 9 Okt ini. Atas nama jamuan berbuka puasa dan sambutan hari raya nanti, rasuah akan berada di tahap tertinggi yang berleluasa yang berbentuk hadiah , kontrak, perlantikan terus dan macam2 lagi dari pm, khairy dan kuncu2 nya. Ketua2 pemuda bahagian pro-khairy yang telah menjadi jutawan dari hasil dan habuan dari khairy akan menggunakan apa jua cara halal atau haram untuk membantu khairy dan pm flip flop untuk mendapat sokongan secukup nya untuk terus berkuasa.

Soalan ! kepada pm flip flop yang dibenci rakyat , mengapa tidak terus istihar tidak akan bertanding pada mesyuarat MT 26 Sep lalu. Kenapa perlu tunggu 9 Okt. Jawapan nya ! Tidak lain tidak bukan adalah hati aab yang tidak ikhlas dan kotor serta bermuslihat yang aab yang masih mahu terus berkuasa untuk menjadikan khairy perdana menteri supaya semua salah gunakuasa aab serpeti penjualan ecmlibra kepada khairy, monsoon cup , skandal oil for food, export peralatan neuklia oleh Scomi, campur tangan khairy dan kamal dalam urusan pentakbiran negara.

Berdasarkan kemungkinan2 di atas percaya kah kita semua yang pm flip flop ini mahu melepaskan jawatan nya. Mari kita lemparkan soalan ini kepada NGO2 yang dibelakang aab dan mereka2 yang terlalu taksu kepada pm flip flop ini . Ada kah pm flip flop ini berkhidmat untuk UMNO, bangsa, dan negara ATAU berjuang untuk kepentingan dirinya, khairy dan kamaludin ? Sekiranya aab terus berkuasa, pasti nya rakyat akan bertambah BOSAN dan bertambah MELUAT. Akhirnya BN akan kalah pada PRU ke13 nanti. Apa akan terjadi pada bangsa Melayu dan UMNO. ?????

Dear Tun,

This is what USA deserve... The way they treat other country now has come to their own self... It's glad to see this scene...

However, the recession of USA also causes some problem for us... Once America sneeze, the whole world catches cold... Though we have wait this moment for a long time, we still have to take some action to avoid from getting cold.

1. If I no mistaken, I think our country has US 100billion as bank reserve. If greenback continues devalues, I think our country will also get burnt. So, it's necessary to discard the US dollar and change it to other potential currency.

2. When USA pocket shrinks, it'll definitely affect our exportation, especially electrical components. Thus, we should act faster than we could. USA will collapse soon, within 10 years. The greatest nation is now a greatest debtor. American himself had acknowledge it. Some books such as "Why We Want You to be Rich" and "The America We Deserve" as well as "Rich Dad Prophecy" etc etc had pointed out the financial problems faced by America. Hence, we should find other way to get money as our petrol will used up in 5 years soon and the road of exportation to USA will be blocked too.

3. When USA sinks, terrorism will be serious than ever. They will topple the civil power of some countries. As what we had seen, terrorists only attack their own country, own people by exploded themselves and never saw them attacked USA, except 911.

4. When USA people bankrupt, I think our tourism will also get affected. Can Langkawi attracts foreign tourists as the world economy gets problem?

And Pulau Langkawi is a fail plan. The things sold in Langkawi is so expensive as Langkawi is to earn foreign tourists money but the study showed that local tourists are always more than foreign tourists. Yes, Langkawi is still earning, but it earns local tourists' money more than foreign tourists' money. Besides, I don't think Langkawi can still last for more than 8 years if the situation no changed.

The America always affect other countries, now and even it get bankrupt. Even Europe is so strong, they still can't escape from financial crisis in USA, you think Malaysia can? Now is definitely not.

By ZINNZAIN on September 27, 2008 11:26 AM

YAB Tun,

Once again a very comprehensive and informative writing that should be read by ALL Malaysian.

Thank you Tun for helping me to enriched my limited knowledge with your easy to comprehend writings.

The US has been practicing double standard. They always think that they are a superhuman race that are always better than the rest. It is 'Us and Them'. Just look at how they always report on international incidents that involved the loss of lives. For example, its always '...American lives and ...others were lost during the roadside bomb attack....' The emphasis is on 'American Lives' while the rest of the lives loss are secondary and seems negligible and not significant at all.

Thay talked about human right but they are the world's worst human right abusers. Just look at Abu Gharib's incidents and the infamous Guantanamo Bay detention camp and the many more secret detention camps located around the world. Yet, President Bush has the cheek to take a pot shot at China on human right just before he attended the Beijing Olympic Opening Ceremony last August.

A little diversion from the topic....Coming back to our local political front. It is high time that those

supporters who are supporting whether blindly or with their eyes wide open, that one particular person who think he could be the next PM comes last 16/9 or any other dates, to think and have a second look at who this person really is...

Please think back at the occasion when Al Gore (the then Vice President) came and openly backed this person during his speech in KL? How about the reception accorded to this person when he visited Washington, as if he was the PM? (Tun was not accorded that kind of treatment). What about our envoy being summoned to the State Department during the recent incidents? These are indications that we should take note and think!

When I saw the news the other night about someone receiving sexual favour and called it 'sedekah', I couldn't help but laughed. Which religious school did he come from I wonder? Baru pegang jawatan yang ada kuasa sikit dah tak bolih fikir. Calling sexual favour 'sedekah'? Which planet does he belong to?

I am eagerly waiting for Oct 9 to come. If ever there is going to be an announcement...

I am also eagerly waiting when YAB Tun will officially rejoin UMNO.

Selamat Menyambut Hari Raya Aidilfitri to Tun berdua.

Tun,
This is a very serious intrinsic allegations against Dato Seri Anwar Ibrahim,

"13. An attempt is being made even in Malaysia to achieve a regime change. Money has been funnelled to certain individuals and parties to ensure that a well-known candidate with extensive connection to the US Jewish lobby would somehow become the Prime Minister of Malaysia.

14. US intervention in the politics of Malaysia is clear. I may not agree with the leadership of the present Government but I resent and object to US manipulations to make a satellite of this nation. "

Please provide a full details of the allegations so that the ACA could proceed with the interrogation. Next, Syed Hamid surely know what to do with his authority in signing the ISA form to send to Kamunting.

Tun.

So what you say about the US economy is true.

But the main thing is what is going to happen to this country? I think either way, Barisan Nasional, Anwar, opposition are all not ready to face the wave of recession.

Tun, you talk too much about the problem of the US, and foreign policies, and how the government is reacting. The truth is that all these government don't know what to do with this upcoming recession. Every single person in the Malaysian government do not know what to do. I am not sure whether they are just ignorant, or just too much into saving their own bums from the dirty politics.

I have just one thing to say about this, is that the US economy is going into a huge deep recession. The rest of the world better prepare for it. I am sick of all the "Unnecessary" political scandal in Malaysia. What

sickens me is that the current govt and future govt does not seem to care how the global economy will affect Malaysians. Why are we so blind!???

Maybe if you say something about what the govt should do would carry some weight. Repegging is one thing, but not enough. It's only a short term solution. The Dynamics of the economy is different, and the shifting of wealth and assets to other commodities have changed the composition of demand for returns of assets. Those remaining in manufacturing industries, who are earning heaps in the past, better be on your guards!!

Be prudent. Tun, help us out here!

US is avoiding the Greatest Depression possible. In this case, any country or man have to dump his faith, believe and philosophy for the survival of the greater end. The depression will be so great that it will wipe out capital markets around the globe and the shockwave will take decades to settle. But we evolve.

Though Malaysia does not have much exposure to US market and trading but how are we going to sell to the countries which have heavily invested in the US. No buyer, so we are equally a loser.

The world economy should not revolve around one country or should not be interconnected so deeply to each other. This will cause a cascading effect. A country should be self-contained and its micro economy not affected by the larger macro. But we must invest outside to multiply our money, to create more leverage. It's our own greed and it is bottomless. Therefore we pay the price.

The Jews are smart hence we are all envious and jealous of them. They can work together perhaps because of their thousand year old believe that they are "the chosen ones". But again we are all the victims of the same ideology. As we try to create a Superior race in our communities, we fall into the same pit. We are not much different at all. Anyway not all ARABS are good, not all PARSI's are trustworthy. A nuclear IRAN is more dangerous than the US. The 3rd World War will begin from there. We are supporting IRAN for something that has no concern for us. Again we will pay the price.

The Arab's should also be blamed for the IRAQ war. They are financing it quietly. US can never have its presence without their blessings. Never!

And we at home are witnessing the most idiotic form of politics ever seen in the world. Power transition. God knows what it is. Are these people educated? If the current state of everything continues in this country for another decade, we will become just like what Pakistan is now. Our Glory is over, lasted only for 2 decades. We throw civilians into detention without trial. It is obvious why we go down. We blame the US. But they throw in only terrorists into detention without trial. Over 90% of the companies in Malaysia suffered financially during 1997 crisis, but why only a chosen few bailed out? In fact those companies had no larger effect on our economy at all.

"The US now owes the world US 14 trillion. There is no way it can ever settle this debt."

Assalamu aleikum, Tun Dr. Mahathir and an early Selamat Hari Raya, too.

Actually there is a way that the US can "settle" its enormous debt. That's the way the defeated Germans did after World War 1, when they owed billions of marks (German money) in war reparations as determined by the victorious Allies. Consequently, the Germans deliberately inflated their prices so that the value of German marks became worthless. At one point, a simple postage stamp cost millions of

marks. For photos of some of those stamps, see
<http://homepages.paradise.net.nz/richard7/notgeld-images/stamps.jpg>

And that is when the Germans paid off their multi-billion mark international debt.

The US is no different. When the US regime is ready, the price of a loaf of bread will suddenly cost a US consumer millions of dollars. At that point, the US will clear all of its trillions of dollars in debts by paying off in utterly worthless US dollars.

Then the economy may begin to stabilize. It may take a while, maybe a worldwide depression, a world war or so, before that happens - just as it did for Germany. But look at Germany from the post-war era to today. Is Germany today any the worse for wear for having played the worthless currency game?

True, Germany benefited from the Marshall Plan, which helped stabilize Germany in the postwar era, but it is likely that even without the Marshall Plan that today Germany would in any case be the European economic powerhouse that it has become.

If I held US treasury bonds and recalled this history of western finance, I would be afraid - very afraid. The sooner investors wise up and get out of the US government bonds, the safer and happier they insha'Allah will be for freeing themselves from facing the scenario briefly outlined above.

There is a sahih hadith reported by Muslim of Rasulullah SAW, who said (what means in English): Abu Huraira reported that Allah's Messenger (may peace be upon him) said: "The believer does not allow to be stung twice from one (and the same) hole." Sahih Muslim, Book 42, Chapter 13, Number 7137
<http://www.usc.edu/dept/MSA/fundamentals/hadithsunnah/muslim/042.smt.html>

Muslims especially must avoid being stung twice from the same hole of western finance.

Salam kepada YAB Tun dan rakan2 bloggers,

1. Tun is consistent about US ; a nation runs by the jews, opportunists, capitalists who're willing to bankrupt, destroy any nation coming their ways.
2. Being a bully, they decide on our fate; changing rules, regulations, practices.
3. Being an evil devil, they'll buy anybody to work for them, including our bloody hypocrite Anwar. They know this guy has followers, so why not use him? That's why we can see this devil working very hard to destroy us in 97 and now going all out to become PM - just to sell us and make money.
4. God is great, now its US turn to get their own medicine! I pity the layman, the innocent citizens, but they too should be blamed for not doing much to sack the govt backs by the jews.
5. We're to be blamed too for our failures to rid of Dollah and his idiots who're not competent enough to protect us from big bully like US. US disliked Tun when he was the PM becos they know Tun is the 'David' fighting the goliath. But Dollah? No hal....just squeeze his small balls. Tun has got the guts, dared to face off the US. Dollah and Anwar will definitely not help us when US becomes more kurang ajar with us...santions, blacklisting or even invasion!
6. I remember how Tun helped smaller nations; give technical and other aids and therefore gained their supports...it showed when the nations backed Malaysia in important decisions in the UN. Tun being creative, garnered support by helping the poorer nations, until US got uneasy when African countries came for our langkawi dialogue. Time will tell...there will be a time when the majority in the UN can throw out those veto powers. But, since Tun left, Dollah is not keen on continuing these efforts and time will tell...Malaysia may not have enough friends to support in UN. What a pity.
7. If I'm not mistaken, only Tun spoke out against US about their turn around in their own so-called capitalists' philosophies. Yang lain tu tak faham, bodoh or takut? Jangan kelentongla kalau kata itu satu tindakan bijak (tidak kutuk US)...who're you trying to kid, huh?

Tun, please do not stop 'embarassing' that so-called great nation - US. Actually Tun is helping the innocent citizens of US to understand their own govt & their manipulative policies. Honestly, the majority

of the people of US are ignorant of their own govt, world politics, world economies, etc...we're better. I was there for two years.

Dr M,

Since you think Malaysia is such a big world trader, why not make the whole world use the Ringgit as the world currency. The whole world will applaud you and be eternally grateful to you since the US\$ is so weak now. If the US does not want to follow your order, you should lead the Malaysian army and invade the US. Show them who's the boss now. Or else just round up Bush and put him under ISA.

Dear Tun

The US is a bully and God has shown chaos and catastrophies etc to a country deemed superpower! The US is a country of low morals and behaves like the devil. It supports leaders who they corrupt with money and power. We are not surprised the US supports a leader who is a cheat, a liar and a homosexual to become head of state! We all know eventually the whole US will collapse and its people will suffer enormously. God is great.

assalamualaikum ayah det..

merenung topik ini.. sesuai rasanya saya lampirkan di sini..

LaRouche Nails Bush Crowd for Bailing Out their Brutish Friends

September 25, 2008 (LPAC)--Lyndon LaRouche today continued to assail the Bush Administration's multi-trillion dollar bailout swindle, charging that the so-called Paulson plan would hand trillions of dollars in U.S. taxpayers money to foreign financial interests, particularly British interests. "Never before in history has any government proposed to use taxpayers money to bailout the worthless paper of foreign investors, in particularly the Europeans, led by the Bush family's 'Brutish' friends." LaRouche was referring to Paulson's recent admission that the bailout swindle is to be extended to foreign holders of U.S. mortgage backed securities and other toxic speculative paper.

"I know that George H.W. Bush is practically a British citizen. He did receive and delight in being knighted by the Queen herself. Is the Bush family being rewarded for behaving like pigs?" LaRouche continued, "It is obvious that Paulson is moving to have U.S. taxpayers bail out British and other European friends. This is illegal and unconstitutional."

LaRouche warned: "I pity any elected official who gets caught backing this foreign bailout scheme."

LaRouche explained, "The American population has suddenly become a very big factor in this crisis. This

is not an organized repudiation of this swindlers bailout. It is instinctive. Suddenly the American people are facing their worst nightmare: They are being told that they must sacrifice to save the rich. This doesn't fly. The killer reaction is already there," LaRouche concluded.

salam,

its a different feeling altogether in spirit and action for many of us during this raya. many newspaper reported that not many people going out for shopping this year. bazaar ramadhan also (especially the one in shopping complexes and cities), not very packed. bazaar ramadhan in lorong-lorong, housing areas are better they said.

some said "people have money, but they are scared to spend." is it true? it could be. but i'm on of those who agree. even to make simple decision which milk to buy for my daughter (now 1 yr plus), also have to do thorough checking (other than milk scare from china), price, content, taste, quantity etc..

we've heard of turmoil in books,reports, hear say and perhaps for those "elder generations" may experienced "them". but one thing for sure, for the "Y" and perhaps "X" generations, this could their first encounter of "turmoil". this one go global. this one apparently the biggest and even some equate it with the Great Depression in 1930. even Bernanke who studied Great Depression is still wondering, what's the best option/solution to this..would this one we are facing be the "Greater Depression"??

the question is, with X and Y generations dominating the population now, the ever increasing students in the universities, the ever increasing costs of living and also ever increasing demands from the rakyat, is our government has some formulated "solutions" encompassing few angles (if not all), on how to weather this turmoil?? can we accept the fact that one day (if arrr..),we have to eat ubi kayu again? live in poverty? fight for bread? clashes among races? wowowowo!! i couldnt imagine that would happen again even though i always wonder how my grand dad survived..God bless!

and this one man so called the rep for the US, a dong toi that trying to be the PM and also contributed to the chaos lately; still people supported him?? why? cant you all see? he doesnt walk the talk and poorly he doesnt walk the walk after being elected as the leader. why people still gung-ho about him?? some said " dia pakai bomoh koootttt...".

after all, God is Almighty. that thought make me feel relieve..at least the God is with us all the time. just ask from him what we want, he'll respond to us. err....yeah in His own way of course...
but He'll make us realize, that to live and survive is not by being pretentious or being overly pious..is by being truthful to your self and people around you..honest gives bonus!!

salam aidilfitri.

to be honest, who cares if USA owns 100 zillion? what is really money? while they are some people says money need to be backed up by gold, but then.. what is gold really?

Gold (pronounced /'gould/) is a chemical element with the symbol Au (from its Latin name aurum) and atomic number 79. It is a highly sought-after precious metal which has been used as money, a store of value and in jewelery since the beginning of recorded history. The metal occurs as nuggets or grains in rocks, underground "veins" and in alluvial deposits. (definition from wikipedia)

conclusion : gold is a PIECE OF ROCK.

how do people usually justify 1 ounce of gold will worth how much money? deep down inside its all a MASSIVE ILLUSION.

money is just a tool to enable human to do their job, go on with their living (not talking about greed at the moment) & focusing on money too much is not healthy either. therefore i think USA as the biggest superpower are right to do what they need to do.. (to some extend..)

By Neil on September 27, 2008 4:19 PM

Tun, For all those who are greedy the end will be painful. For US to come to this hour is expected. The corrupt and the greedy will find solace in the arms of the devil.

Assalamualaikum Tun,

Mind you comment on the recent Anwar speech at CLSA Investor Forum in Hong Kong. At one part, he obviously referring to you. Here is the excerpt:

"Some leaders are now gloating over their so called successes in resorting to bailouts even much earlier and retrospectively sanitising their remedies of capital controls and the policy of currency. This is a false premise. Bailouts cannot be used as a veneer for crony capitalism. It appears rather foolhardy for certain leaders in the region to start thumping their chests over their relatively wealthier positions and that they have strong fundamentals."

His full speech can be accessed at:

<http://anwaribrahimblog.com/2008/09/26/us-financial-turmoil-%E2%80%93-systemic-failure-or-reaping-the-whirlwind/#more-3649>

I find that his speech does not have any interesting content far from any thoughtful suggestion to solve the financial turmoil, full of his usual rethorics.

Contrary to Anwar, Tun has always able to convey the right message to the people. You can make a difficult subject comprehensible to ordinary people. Your writing on United State is one classic example.

I am not an economist, but I urge anyone from this background to rebuke his rubbish article on finance only qualified to earn A+ in English comprehension for the use of bombastic words and quotes.

By aryan on September 27, 2008 4:26 PM

hi jong52yuara..

yes, u do make some sense there.. a bit.. hehe

just take the whole picture.. this is not about depression anymore should the financial system totally meltdown.. it's gonna be another dark ages for this planet.. if that still didn't make any sense, try this one pulak.. hehe..

if as u said US of A as "the biggest superpower" can bow down to the request of "this foreigner" to bail-out up to trillion of usd, think of the threat "this foreigner" can impose to our country should they able to get into the backbone of our country.. will teresa kok or karpal singh face them as deviantly as TDM has done to the IMF last time?

just think about it.. it's a new kind of colonisation.. the one that we have to be more cautious since it didn't show it's true color until it's too late..

By Rafiq on September 27, 2008 5:06 PM

Dear jong52yuara,

You have to understand the fact that for thousands of years, human needs a medium of exchange of good. A barter trade is too cumbersome because you have to carry all the heavy good in order to make exchange. Furthermore, you may not always own the item as required by your trade partner. So a universal exchange item is required. Gold and silver has been the most accepted intermediary item for exchange. This is where the concept of money comes about. But why gold and silver? Simply because they are hard to get. So they possess the value of the sweat to obtain them.

Now comes paper money. They are produced effortlessly. Do you want to work for a company for 1 month and they pay you 2000 rolls of toilet paper? Of course no. Because you know that they are worthless. So if paper is not so called back anything valuable, it is indeed worthless.

Certainly, in the current corrupt monetary system, the best authority you can have is the license to print money without having to back it with anything valuable. In this case you basically have the power to create wealth without the need to drop a single piece of sweat. This is precisely happening to the United State.

I hope this simple explanation will make it clear to you.

The United States of America is going to collapse. No USD700bil or more can help the US again. Throw away any USD note you have soon as it will become junk! The arrogant or the dog will have its day as in this case, the US or big-bully. Salam.

how to see a person as potential leader :

- he/she do not care about money/wealth
- he/she definitely not rich & materialistic
- he/she cares about ppl's welfare and survival
- he/she willing to sacrifice their own personal time and money for others
- he/she blames him/herself when something goes wrong

Dear Tun,

It's true that U.S. are bullies on a global scale. However from what has been observed domestically, it is human nature!

We also have bullies in Malaysia! Those who imprison the brave!

Its all about money!We should clean our own backyard first before condemning others. How can we even consider creating an impact internationaly when our own system promotes COWARDICE! Speak up for justice and u get thrown into prison!

WHATS THE POINT TALKING ABOUT THE AMERICANS OR THE JEWS WHEN WE WILL END UP HAVING ONLY COWARDS IN THE GENERATIONS TO COME,CAUSE THE GENES OF THE BRAVE WILL BE WASTED IN PRISON!

First step to fight the Americans is to create a united race that are brave to speak up for justice. At the moment this is not happening!

FREE RPK FIRST!

I understand perfectly well what u mean about the U.S. (SKULL AND BONES AND THE NEW WORLD ORDER)

But what is happening in malaysia is that all the brave and courageous people are fighting for justice domestically, one only has 24 hours a day (of which only 16 awake)

Domestically things have to be sorted out as soon as possible because the gap is widening at an exponential rate. Soon nothing will be able to be done about the New World Order!

By luvmal on September 27, 2008 6:00 PM

Dear Aryan,

Theresa Kok, Karpal Singh and Anwar can definately do a better job than Badawi or Najib (who buys useless submarines)

If U can understand what the Americans are all about i'm sure Anwar also does and sometimes one can be more effective while working seemingly from the inside and having a long term plan than blatantly opposing like a warlord.

Get my drift Mr.Aryan

By luvmal on September 27, 2008 6:08 PM

There are thousands of American who know about the Govt. of U.S. and their ambitions. And they are speaking up.

However we must remember not to generalise! we have to differentiate between the public and the 'Government'

Just like in Malaysia they are quite powerless as the control over the media and money politics are dominating the political scene. Why u think JFK was assassinated?

Believe it or not,the biggest gold deposits in the world is located in Irian Jaya, Indonesia controlled by an American company called Freeport.

<http://www.wsws.org/articles/1999/feb1999/free-f20.shtml>

Freeport had a special place under the Suharto dictatorship. In April 1967 it became the first foreign company granted an operating permit following the 1965-66 US-backed coup that installed General Suharto. Former US Secretary of State Henry Kissinger is credited with having arranged Moffett's introduction to Suharto. Today Kissinger sits on Freeport's board, earning \$500,000 a year, and Freeport also retains his law firm, Kissinger and Associates, for a reputed \$200,000 a year.

Kissinger is a graduate of Yale and a member of the secret society SKULL AND BONES!

1.Democrats, Republicans, The Green Party or even Ralph Nader; they only have one thing in common: they are Jewish proxies.

2.What we can do to protect ourselves from these folks is by keeping as far away from them as we possibly can.

3.In this respect, we Malaysians must at all times keep away the US and their close cronies, be it under any guise from encroaching into our liberty and freedom.

4.Wolfowitz is a well know back room heavyweight US Jewish lobbyist. One of Wolfowitz documented best friend for this region is Anwar Ibrahim.

"without USA, the entire world cultures including yours could have been long wiped out by the Japanese in WW2. have you ever be thankful to the American or do you still believe you could fight off the enemies?"

I would like to respond to your comments. Please note that the US was not alone in their quest to free world cultures during WW2. The British, Australians, New Zealanders and a whole lot more countries participated to free Asian countries from the Japanese. Look at Japan now. Do they interfere in our economic policies or politics? Look at China now. They used to support Communist Movements in Malaya (then) previously but I do not think they do now. Look at the British, Americans and Australians, for as long as they cannot 'push' Malaysia around, they are constantly interfering in countries like

Malaysia. Sure, the Americans have sacrificed a great deal of life for world peace. But that doesn't mean that we have forgotten what they have done. Is it what the US are doing to the world today is our concern.
By Vi on September 27, 2008 8:08 PM

Dear Tun,
US will not go bankrupt since they accumulate a lot of gold after the second world war. I think the main problem happening now in US is just to test how the country future leaders react to the financial crisis.

By the way, why US is still intersted in Malaysian politics when their countries are facing much more serious problems?

I have worked with a very good foreign company for more than 30 years..... so I have sopent sufficiently long to offer some of my experience working with people from the developed world. The company is good no doubt and make a lot of money but the many so call great CEO who parachut from nowhere ??? Huh, they are all hypocrite just like the many great leaders of the developed: Their philosophy is simple - do as I say and not as I do and you will be save and I will be your friend. Do anything otherwsie you will be my enemy and I will "Make all the power I have" to finish you off - this is the exact word I quoted from one of my boss - so you think this is democracy? I call it democratic hipocrisy?.

Dear Dr,

I would like to comment your policy to teach Science and Maths in English is the only legacy I agree. In fact I would prefer if you have change the entire education in English.

When Malaysian kids switch to Singapore shcool, they have to drop 3 years. But these kids are doing well in engineering and accounting.

If you have done it 10 years early, this would be success now. I hope Dr Wee Ka Siong will take on the English language further.

Salam Tun,

Very acute assessment indeed. all this mess is of course inevitable if the objective is to make money from thin air. when profits are based on interest and that trading is no longer transparent. Not to forget a lot of government backing to these so called altruistic banking crops. money in itself has no value. It s based on people's confidence and that is also the basis of global trade- to speculate. The turmoil all of us had to face a decade ago.

America is interesting because it is akin to rome when it flourished. it was moral and corruption that brought the romans down, will that do the same to he current empire?

Salam Tun,

Betol kata Tun! Semasa saya berurus niaga di singapura 2 hari sebelum March 8 (PRU12), counterpart saya orang singapura telah mengatakan Anwar di singapura berjumpa orang dari Amerika.

Nampak riak diwajah Anwar yang dia ingin menjadi Perdana Menteri Malaysia untuk membalas dendam. Dia sanggup terhutang budi dan dibiayai oleh kuasa2 asing untuk finance 'political agenda' nya.

Bagi saya Anwar cumalah seorang 'political animal' sama seperti Khairy Jamaluddin.

These are people who like to be applauded, seronok dgn puji2an dan berucap berapi2 untuk di puja.

Saya tak nampak ada moral basis dalam perjuangan mereka.

Hilang sudah pemimpin2 yang berkorban diri untuk bangsa dan agama seperti Dato' Onn, yang apabila meninggal dunia cuma tinggal rm30 dalam pocket.

Mungkin the age of 'Dajjal' is near, pemimpin lebih jelek dari orang yang yang dipimpin.

Tun tak nak buat shadow government ke? get the hardcore UMNO militant to be your soldiers...(which susah nak cari sebab semua nak contract)

Anyway Tun Selamat Hari Raya bersama keluarga.

Sincerely,

azuwar adib

Dear Tun,

I totally in view with what your courage in challenging the USA regime in their application, belief and concept in managing their economical resolution.

Preacher that is not a doer. But at time I believe the wisdom of God does implicate a person to indulge in the mean of survival. Call it a survival instinct or living of the fittest. That is what they are indulging.

Certainly their experience as compare with our is totally way out of our understanding even though we have the experience of managing our own country Malaysia.

Who care about how they manage their economical paradise and stabilize their economy? I believe and applaud Tun those days for pegging the ringgit those day and fight in upholding our financial crisis to the beneficial of our country and nations, the people of Malaysia.

At time I believe that we Malaysian should overcome their USA glory of how to overcome their own adversary in their financial crisis and start beginning to focus in improving our own glory instead. Who care about the USA directive and biasness in elevating their strength in the eyes of many countries in the world? Why we continue to envy their lustrations situation when we can focus to learn from their strategy and improve and emulate them to our success and I believe time will come we will be a nation that will condole and earn the respect of many nations.

We have successfully achieved thru the governing of Tun's leadership those day as a respected Prime Minister.

I believe too if ASEAN and OPEC are united enough we can have the edge in challenging the supremacy and earn their respect over USA. Unfortunately I believe certain party due to their own personal gain does hinder the objective of the profound group and made the resolution tainted in it vision.

So we will continue to united and gain support from others within the alliance as we elevate our intent to be competitive in the international arena of trade exchange and ultimately strengthen our country trade balance and grow our Malaysia in richness and glory.

Tun, I believe on this current scenario we are not in the position to waste our ego in the proudest of the United States. If we did not know how to change and fix our position on the right key factors of growth and relinquish our political instability and current financial and economical crisis. It just mere words for us to throw to the United States which waste our time and effort even to speak of them.

Just like this simple thought, "If we can even managed our country Malaysia, what rights have we to comment and place our judgment to them." This goes like wise to them that comments unto us.

Let focus ourselves and move on to improve and strengthen our country position...

I rest my case! Have a nice Hari Raya Tun!

Dear Tun,

Saya ambil kesempatan ucap 'SELAMAT HARI RAYA AIDIL FITRI PADA TUN SEKELUARGA. HARAP SIHAT BAHAGIA DAN SEJAHTERA SEPANJANG MASA' Izinkan saya beri pandangan.

LUPA LAGI..!

Tun lupa lagi? Ingatan Tun tajam (pin point memory lawan total recall) semut nampak, gajah tak perasan. Harap ini boleh bantu kejutkan ingatan kembali.

PERIUK DAN BELANGA- Dua dua sama hitam!

Tun memang arif dengan mainan mata wang ni, Tun penyagak mata wang terkenal sebelum Soros. Ingat Tun dan BNM cuba sepiit Pound, tapi sendiri tersungkur. Tun geram tindakan Britain menurun nilai Pound terus BNM rugi berbillion. Tun tak lupa pengajaran ini, sebab itu Tun menganjur campur tangan kerajaan dalam urusan mata wang. Si Soros belajar dari 'GELIGA' Tun (memang geliga kalau berjaya), mengasak Ringgit bertahun tahun kemudian. Tapi menurun nilai matawang boleh diterima pasaran (kira kena penalty dalam bolasepak) tapi menambat tak boleh (kira batalkan permainan ketika tertinggal) Kita tersingkir terus dari peraduan. Tun marah dengan Soros panggil dia mcm-mcm (saya pun benci perbuatan selfish dia) but is the POT CALLING THE KETTLE BLACK?

PEGGING

Sebaik saja kita tambat kira kita tarik diri(tersingkir?) dari pasaran dunia. RM tak laku luar M'sia. Pasaran terbuka orang percaya nilai mata wang (free market) tapi nilai tambatan tak kan dipercayai. Tambatan mcm bermain dalam liga perdana sendiri saja.

Pokoknya kita tak boleh ulang alik soal mata wang. Kalau tambat buat selama lamanya. Kerajaan Pak Lah sudah buat keputusan bebaskan(kerana rugi besar tak revalue kadar tambatan sebab black market) tak boleh tambat balik sesuka hati. Soal kepercayaan. Siapa nak berniaga melabur dgn M'sia mata wangnya diputuskan nilai oleh kerajaan(bukan pasaran bebas) tambah suka dibuka tak suka ditambat. TUN YOU DONT TRUST THE MARKET, YOU EXPECT THE MARKET TO TRUST YOU!

DINAR IS RE INVENTING THE WHEEL!

Tun, the benefits of your Dinar is all found in USD! Tun cuba mencipta roda lebih bulat? USD selepas

berdekad diterima seluruh dunia(mengganti emas) dan telah jadi global bukan 'milik' US. Ia di dokong perniagaan sedunia yang nilainya jauh lebih besar dari US.

Tun is reputed to be M'sia no 1 salesman(highest comm also?). You are selling the Dinar to the wrong people. Sell this at the ASEAN, UN, OIC etc! Dinar mesti diterima pakai oleh banyak ekonomi besar baru boleh berjaya. M'sia saja pipi tersorong sorong tak guna. Tun, you can't even sell this to Indonesia jangan harap 'tiny' S'pore.

BETUL BETUL TAK SUKA MINTA SAJA TUKAR NAMA USD KE DINAR, LEBIH MUDAH DI TERIMA DAN JUAL.

By God's creation on September 28, 2008 1:34 AM

Hi Tun,
Wish you the best during this Raya.

I do not agree with you about USA simply because of history and what they had contributed. If not for the US we may still have the Japanese and the Germans having at least a foothold in some parts of the world including our nation.

There were many of your policies, which I was unable to agree to but still I cannot deny the positive contribution you have made towards this nation and I believe I have to look towards the USA in the same perceptiveness.

I am surprised that you justify ISA just because of the Americans treatment of the prisoners. We are not concerned about what America says about our ISA but we the majority of Malaysians feel that this law is draconian. Let us leave America out of this issue the question is when you were PM you too exercised this ISA; were you any better than the Americans? What happens if may be a nation like Sweden which is famous for its freedom and liberty were to criticize this law then can you accept that kind of criticism and say this law is draconian.

As far as my memory is concerned our nation was never sanctioned or was ever sanctioned through the influence of the US or the US did not go all the way out to work against us because we had pegged the currency. Why are we harping on the US when the mess is right in our back yard. Why should the US be the scapegoat when we have messed our economy through negative comments and actions by our politicians in the Government. The US is not against our Government reducing the petrol price the rakyat is seeking.

In fact you had further weakened Umno when you resigned and you had also weakened the leadership of the present PM when you openly criticize him; these were some of the contributing factors in the weakening of the ruling Government and also the economy. Do you not know that you still can influence our nation one way or another so let us leave US alone because just like you whether we like it or not USA still influences the world.

About the method of America's handling of their financial influence in the world; why is it the majority of the nations are unable to see through their deception?

There is this saying 'to remove the speck in my neighbours eye I must first remove the plank that covers my eye'.

Happy holidays.

Salam Tun,

Saya rasa geli hati bila melihat suara kritikan terhadap pandangan Tun berhubung ekonomi Amerika dan negara kita. Benar, seharusnya kita perlu letak jauh ego kita terhadap Amerika dan tumpukan perhatian sepenuhnya pada memulihkan ekonomi negara kita.

Tapi sedarkah mereka Tun adalah seperti kita juga, rakyat biasa yang tiada pangkat dan kuasa eksekutif dalam negara. Buat apa salahkan Tun? Tun hanya berikan pandangan individu.

Seharusnya sebarang kritikan atau cadangan bernas mereka ini haruslah ditujukan kepada yang sedang memerintah, yang sedang punya kuasa, yang sedang duduk di kerusi empuk di Putrajaya.

Sedih bila melihat 'Generasi Baru Yang Bijak Mengundi' ini hanya berani melalak dari berbuat sesuatu yang proaktif!!! Bila dimaksudkan proaktif itu bukannya pergi protes sana, protes sini! Mogok sana, mogok sini! Bekerja kuat dengan tidak mengharapkan subsidi atau bantuan kerajaan untuk menjadi sebuah bangsa yang mampu berdiri dengan kaki sendiri. Sebab itu lah diwujudkan WAWASAN 2020!

Every government and even civilization go through a cycle where their success lead them to be arrogant and they do not heed the desires of the people. Corruption is rampant and these all point towards the demise. I see clearly the beginning of the end of America as we know it.

There are lessons to be learnt by the Americans on what is happening here as there are similar lessons for UMNO to learn from the current fall of the American empire.

They share the end of their rule. The behavioral characteristics and loss of morals and ethics are similar. The deployment of fear is also common. So as Tun chastises the Americans, he should do the same with UMNO.

Dear Tun,

Salam sejahtera,selamat berpuasa sekeluarga.

Tun, you have been fair to my comments, but not releasing my response (not initiating the topic) to at least 2 wholly dedicated comments released in your blog on YB Theresa mention on food in detention is puzzling? Is there an ulterior intention to air accusation but block explanation? I have no choice but MAY have to go to other blogs with this in interest of fairness. So far I have been loyal to this blog.

MAKANAN

Saya nak 'defend' sikit YB yang diseret ke kolam kucar kacir oleh Utusan. The controversy surrounds the meaning of the word 'similar'. YB menjawab soalan pemberita (bukan sengaja dia bangkit) tentang makanan. Dia jawab the food is 'worse..' (dia sedar ini salah,tersasul dia berhenti agak lama cari kata sesuai) kemudian 'similar to dog food'. 'Seperti' jika dengan istilah 'sama' is not the correct translation for 'similar' when you LOOK AT THE CONTEXT.

'Similar' is not 'same'.

In English similar and same difference is wide. Example, I can correctly say 2 religions, human and monkeys,laptop and desktop are similar but wrong to say they are same. Similar means there are differences only some aspect same. Same means no difference. YB meant giving SAME type and SAME taste SAME style of food for breakfast, lunch, dinner on consecutive days is similar to serving dog food NOT THE FOOD ITSELF! Study how she took the trouble to describe getting the SAME food for breakfast AND lunch AND dinner AND everyday. She could have just said 'it is dog food', full stop! If you look at context of the word, the elaboration after the word, the FULL SENTENCE AND PARAGRAPH, facial expression, you will conclude she did not say biscuit,eggs,cucumber is dog food. The way it is served everyday same taste is 'similar to (serving) dog food' NOT the food itself. This is the context!

Spinning

I don't blame you if cannot grasp this.Saya pun fikir begitu sekali dengar, tapi bila diteliti videonya saya pasti maksud dia. That is why English media did not report this but Utusan blew it up with an incorrect BM translation! Tun will gladly testify to this 'problem' because he claims to be victim of this type of 'SPIN', refer 'A Study in Spinning' Lain maksud kita lain yang diputar, dengan mencengkam satu perkataan, padam penjelasan lanjutan perkataan itu, dan tutup seluruh perenggan dan latar belakangnya(context).Where the meaning is LOST IN TRANSLATION read the CONTEXT FOR THE

REAL MEANING.

Apa bezanya! Bezanya timbul bila soal maaf.

Apology

Nak salahkan YB tak patut soal mutu makanan dalam tahanan ada asas, tapi tuduh YB menghina makanan tersebut tak betul. Some have requested YB apologise based on Utusan version, 'understanding' or 'spin' of the word 'similar' which is wrongly (or intentionally?) translated. So you can criticize YB for complaining about quality and type of food served in detention but not for 'allegedly saying' biscuit, eggs, cucumber kuah is dog food. YB did not say or mean this. That is a lie and fitnah if you pursue to destroy her character with this. Kepada yang terasa makan biskut, telur, timun dan kuah ialah makanan anjing saya harap sedar sedikit leretan Utusan ini. Tapi kalau masih nak percaya Utusan, it is your right. YB is also right in stating she did not say it. Lets still live on, and work together where we can for the country. Hidup Malaysia!

(Terima kasih pada askar bersara dulu menjaga keselamatan M'sia dan bumiputera dulu miskin kini dah berjaya. Minta jangan kecil hati, saya yakin YB tak ada niat menghina makanan kamu. Beri dia 'benefit of doubt' di bulan mulia ini. Sikit lagi, dah berjaya usahalah sendiri, jangan tamak mcm setengah orang minta lagi untuk anak.(alasan- hak istimewa), bagi miskin yang lain(mcm kamu dulu) tak kira bangsa. Kamu paling faham keperitan derita orang mcm ini.)

Asalamu'alaikum Tun,

Tun i am a 55year old from Kuching Sarawak, a 30 year muslim convert married with 3 boys and 2 girls and in my young days i follow my grand parents in buddu-hism, study in catholic school and attending sunday christian school every week in the evangelical mission.

Probably i may have the little knowledge in all the teachings but till now i believe being a muslim is my life and i am glad that i am.

All this supression and misunderstandings against religion is a very complex and difficult matter. USA, not all, may never been out of their country in their whole life, may have a very selfish and mindset that they are always right and great, nothing much can we do.

I have a short local semester in pursuing my academic knowledge in California and i learn more bad influences than good.

Tun, my warmest regards to you and family and a very Happy Raya too

Sincerely

Mohamad Sanny Abdullah @ Sannylee

With all do respect,

I've been reading your blog for quite some time and the more i read...the more i lose respect for you. There is no doubt that you have contributed a lot o this country but what you have been writing is just plain childish... It is clear that you are fishing for votes and will write anything to gain support. There are so many loyal supporters who BLINDLY digest what you had written as i can see many comments polishing your shiny shoes around...and that makes me wonder if they have any brains to think and analyze information, or are they just plain stupid... or you're a great manipulator..not that im saying you are one. Im just exploring possibilities. I don't know why im writing this comment here, i guess im just bored and needed someplace to express my OPINIONS. Im just bored of politics, and im just 21....i still have so many years before my time comes...until then i guess i'll just have to bear with Malaysian politics.

Shooting session is opened now!

Shoot all you want for i will not be here to see it anytime soon~ haha lol =."

Dear God's creation(one of the poster above)

Actually, a lot of nations in the world know what is going on. Or should I say, the elites of other nations know what is going on. But the world/reality is different from theory. The international trade is done using USD. How do you change that? It is not that easy to change that. The power of the West has always been military, not financial. That's why you see US spending more than USD500 billions for their defense budget even when their nation is severely in debt.

Dear Tun Dr M,

Talking about the United States, I'm a McCain supporter. I hope you too can smell the phyness of Obama. Obama reeks the smell of a phony, the same smell that Anwar Ibrahim reeks. To prevent a world disaster due to a disaster-in-waiting holding one of the world's most powerful positions, it is in Malaysia's best interest that John McCain wins. It is simply too risky to have such a dishonest and opportunistic inexperienced politician like Obama becoming the next President of the United States. Obama's impatience and greedy desire to be the next U.S. President reminds me of the time back in 1997-1998 when Anwar Ibrahim attempted to force you to step down because he was impatient to be the PM of Malaysia.

My preference was for Hillary Clinton to have won instead, but between Obama and McCain, Obama is the worse of the two evils.

McCain is a good man who can be reasoned with, just like you.

McCain '08!

Dear TUN

The case of United States is just like the saying " The Rich Rules With Power whereas The Poor Suffer In Silence ". This is also happening in our very own country where the powerful can do what they like , and the Middle, Lower n Poor have to suffer in silence. Example when the fuel price went up, immediately you see the commodity prices shoot up the next day. By now the fuel price have gone down 25sen ,but the commodity prices does not follow suit. The reason from the unscrupulous Businessman and Traders, we have to wait for sometime for them to clear thier stocks. In this case what action have been taken by the Domestic Trade and Consumer ministry. NIL?

Sir,

Like I have commented in a previous article, it is the Jews who are responsible for all the worlds ills. They are the masters of international finance. They invented the greenback. They will one day control our country. There is nothing anyone can do to prevent this. Check out the Protocols of the Elders of Zion.

All Country leaders especially OIC leaders should listened to your proposal to use Dinar as a trading currency since Dinar is depend on Gold value in which everybody know it consistency value since ages. Unlike Dollar, it seems no value at all and everybody who still hold this currency should sell them asap since this piece of paper will equivalent to Japanese Banana Note very soon. Malaysia and the rest of country will get into long term economic crisis as long they use the Dollar bill. This is the end of America Era to use other country as their puppet i believe.

assalamualaikum ayahada

sebelum itu saya ucapkan SELAMAT HARI RAYA AIDILFITRI semoga ayahanda sihat dan diranmati selalu bersama keluarga.ameen..

daripada apa yang saya baca di atas, saya nampak gambaran yang lebih jelas tentang america ni yang kononnya nak jadi hero dunia. sekarang ni bila pasaran saham dan ekonomi mereka ni dah jatuh barulah kite nampak sape yang cakap tak serupa bikin.

mungkin masa mula-mula ayahada mengeluarkan cadangan bagaimana nak menghadapi masalah ekonomi masa 1997-98, ramai pihak ragu-ragu dengan tindakan ayahanda ni. tapi alhamdulillah semuanya berjalan lancar, walaupun kita jatuh tapi kita tidak hidup melarat macam negara lain (silap hari bulan saya pun mengemis dekat jalan luar sane), dan syukur alhamdulillah juga saya faham mengapa ayahanda menolak anwar sebagai pengganti ayahnda dan bila setiap kali saya terbaca artikel ayahanda memanggil sorros sebagai 'moron', pasti saya akan tergelak. lidah dan fikiran ayahda yang tajam inilah yang telah membantu rakyat semua hidup aman sekarang walaupun masih ada yang bising di luar sana berteriak nak jatuh kan kerajaan yang ada sekarang ni. saya faham, kita manusia tidak pernah berasa cukup dengan apa yang ada.

memang susah kita nak dapat kepimpinan yang betul-betul ada integriti sekarang ni. tengok sahaja berita hari ni bagaimana taktik kotor anuar nak tarik speaker pakai taktik macam-macam, ntah-ntah pakai mminyak senyonyoh pun ada, itulah manusia yang gilakan 'power' dan apa yang mereka buat mane ada

berkat.

saya doakan setiap hari agar ramai lagi yang sedar akan keadaan sekarang. moga Allah bukakkan mate hati mereka ni supaya pilih pemimpin yang betul2 ikhlas dan buat semua kerana rakyat dan bukan jual semuanya. saya tak kata kerajaan sekarang ni bagus, tapi ape yang kurang sekarang harap diperbaiki sebaik yang boleh. janganlah jadi gila kuasa kerana esok hari akan memakan diri. mungkin mereka ni seronok duk kejar kuasa dan tak sedar akhirat nanti kalau mereka silap guna kuasa sikit je sekarang akan dinilai.wallalhualam..

terima kasih ayahanda, teruskan menulis kerana pena ayahanda gunakan umpama pedang yang paling tajam.

This morning, I had accidentally turned to CNN. It was Larry King and Ahmaniejab was his guest. In the second last question Ahmaniejab made a profound statement. If the US would reduce military operations in overseas countries, turn that money around for the poor, the needy and supporting their own citizens, they would have USD 700 billion.

The World Bank has accepted the fact that reducing poverty is the way for growth. Evidently security is of more concern than their own well being. But if they were more friendlier towards the whole world, more sensitive towards sovereign nations and accepting their free will, people will like them. Ahmaniejab said, the time of the Bomb is gone. It is about culture, intellectuals and arts. How true and profound.

The US foreign policy has always been a point of contention not only with us but with most of the world's population. We are not alone in contempt against their actions. We are just more vociferous than others. We say what we feel. Why is it so wrong to be honest?

Salam Tun,

Selamat Hari Raya Eidil Fitri! What is important for me is what does Datuk Seri Anwar Ibrahim (AI) has to say about US government bailing out these financial institutions? He was so adamant in 1997/98 that the Malaysian Govt should not bail out those large Malaysian companies that were in trouble, echoing the voice of the US Administration, the IMF and the World Bank.

Knowing Datuk Seri Anwar Ibrahim, confronted with dilemma (cognitive dissonance), he will try to rationalize and come up with a persuasive justification for the US govt bail-out. Incidentally, has anyone notice that the initial to his name is AI and this very much speak of him being an American Idol!

Dear Lee,

The religion is called Buddhism, not "buddu-hism". There is no such thing as "buddu". I also disagree with your statement "I have a short local semester in pursuing my academic knowledge in California and i learn more bad influences than good". It really depends on you to make the best of your experiences. For instance, I admire the independent streak of American kids, in their culture, they seem to be brought up to be more independent, to be willing to take their own initiative in order to achieve their goals. Our Malaysian culture tend to spoonfeed our kids and be overly protective of them that we sometimes leave our kids isolated in some kind of shell and make them unaware of the things happening in our world today.

Assalamualaikum Tun ,isteri serta yang lain,juga SELAMAT HARI RAYA MAAF ZAHIR DAN BATIN.Tun,USA menghadapi masalah pun gara2 perbuatan mereka sendiri.Kerana sikap busuk hati /hasad dengki terhadap negara2 lain terutama negara islam.Kadang2 seperti dibuat2 supaya negara 2lain takut kononnya mereka negara kuasa besar boleh jadi begitu dan tak mustahil negara2 lain seperti asia dapat lari dari masalah seperti mereka.Tun ,ini semua macam gimik saja untuk menakut2kan negara 2 yang tidak menyokong tindakan mereka dalam memerangi negara2 islam amnya.Bukan kita semua tak tahu segala tipu muslihat bangsa zionis ini,mereka akan memasuki/menakluki sebuah negara /bangsa itu ketika dalam ketakutan/lemah Kononnya untuk membantu tetapi semuanya ada agenda tersendirinya.USA gagal juga kerana kebodohan pemimpinnya yang tamak lagi bongkak,itu yang kita tak mahu terjadi keatas MALAYSIA.Zionis akan cuba ambil kesempatan jika pemimpin2 masih dengan sikap tak kisah dan mengharap2 pada pandangan dari luar seperti USA ,britain . ini akan memudahkan musuh2 dengan cara menawarkan bantuan atau nasihat sehingga kita rasa terhutang budi pada mereka ini.Tun,apa yang dapat kami sebagai rakyat biasa dapat lakukan ,rasa2nya rakyat dah lakukan tetapi

sikap pemimpin2 kita yang lebih mementingkan diri sendiri serta bodoh sombong,yang ada sekarang ini yang akan menjahanamkan negara kita sendiri.Takut ,jika kita fikirkan apa yang terjadi nanti.Apakah nasib rakyat2 ini ?Kita tak mahu jadi seperti di Indonesia,IRAQ,PLASTINE,dan banyak lagi.Apa nasib pada bangsa dan tanah air mereka?Sentiasa dicengkam ketakutan dan kemiskinan yang seperti tak akan berakhir.Kita yang aman pun sudah mula menunjukkan tanda2 kearah ini.Semua akan berlaku jika pemimpin itu gagal untuk menanganai isu2 kecil sehingga ianya diperbesar2kan dan mengugat kepercayaan rakyat .Tun, dihari dan bulan mulia ini doa dari kami semua agar negara kita diselamatkan dan dipermudahkan dengan setiap masalah2 yang dihadapi kepada ALLAH taala,setelah usaha2 yang telah dilakukan oleh Tun dan rakyat2 yang inginkan keamanan,keadillah serta kemajuan yang diberkatiNYA.SEKIAN ,WASSALAM BUAT TUN SEKELUARGA DAN MEREKA2 YANG SEPERJUANGAN DEMI NEGARA INI.SELAMAT HARI RAYA ,MAAF ZAHIR & BATIN JIKA SESIAPA YANG TERSINGGUNG DENGAN SETIAP TULISAN SAYA.

Dear Tun,

First and foremost, Selamat Hari Raya to you and Dr. Siti. We wish you many more such occasions to come.

Bailing out companies only takes in accounting terminology a 'debit' and a 'credit'. This is all it takes.

I cannot help but wonder how is it that the currency of a country that is bankrupt is still worth more than our currency? I am not an economist as I have already mentioned. I think the other countries in the world hold their reserves in US currency and this is why US dollar derives its worth. Imagine if the US dollar is worth nothing. The countries that have US dollar in reserves will surely have problems. So those countries that holds US dollars in reserve will surely make sure that the USD does not depreciate otherwise their worth will surely go down. I hope Tun, and/or some economist who is reading this would like to comment.

Salam Tun sekeluarga,

Semasa saya diuniversiti dahulu, seorang pengajar saya iaitu profesor sulaiman telah memberi saya satu buku yang berjudul "pawn in the game" atau melayunya "bidak-bidak catur". pada mulanya agak sukar mempercayai apa yang telah ditulis didalam buku tersebut. Tetapi apabila dilihat keadaan dunia semasa terutama semasa krisis kewangan 1997, barulah saya mempercayai bahawa segala apa yang berlaku didunia ini terutama yang melibatkan tindakan pihak Amerika adalah terdapat tangan disebalik tadbir. Jadi tidak terkejut sebenarnya dengan apa yang berlaku sekarang.Benarlah kata Tun iaitu duit dollar amerika sebenarnya tidak mempunyai apa2 nilai sandaran pun hanya kertas saya sama seperti duit daun pisang semasa zaman pemerintahan jepun dahulu.

Apa yang penting sekarang ini, adalah tindakan pihak pemerintah agar mengambil berat cadangan Tun iaitu menggunakan dinar sebagai matawang dimana sandaran duit tersebut adalah kepada emas. Kepada kita semua sebagai rakyat Malaysia tanahair yang tercinta lagi diberkati ini, sama2lah kita bersatu padu mengeratkan persaudaraan. Pepatah melayu ada berkata senang sama dipikul,berat sama dijinjing.

A'kum Tun,

* I agree with you the US may not command world economics any more but they have CIA, pentagon & Abu Ghraib camp that will ensure continuity of their superpower status.

* Just a thought, if the US plan for next invasion of Iran, how will they source the money? Through international loan?

* For those failing US companies, the US government should allow foreign countries such as Europe, Japan or even China to buy them.

* Head of nations should reform world economy. Currently, the rest of the world relies too much on the US dollar and use it as trading's currency. Now when the US economy collapse, the rest of the world feel the pinch.

Assalamualaikum YABhg Tun,

Telahan YABhg Tun mengenai langkah USA untuk mengatasi krisis kewangan mereka amat tepat.

USA diserang barah duniawi. Mereka bertuhankan duit. Mereka sibuk cetak USD tanpa sandaran emas. Kita harap masyarakat antarabangsa tidak lagi mempercayai USD. Biar USD hanya ditransaksi di USA. Lama kelamaan jadi sepertimana duit pokok pisang yang dicetak oleh Jepun. Atau Dinar yang dicetak USA di Iraq. Nak beli seekor ayam kena pikul duit seguni.

USD yang beredar dipasaran sekarang mempunyai pelbagai versi. Hanya mereka yang tahu rahsia disebalik USD tersebut.

Saya amat tidak bersetuju sekiranya ISA dihapuskan. Mencegah adalah lebih baik dari mengubat. Untuk hidup sihat kita perlu patuh kepada pantang larang. Hanya orang yang mempunyai kepentingan seperti Tok Bomoh saja sukakan orang sakit. Manakala orang berfahaman politik perkauman boleh jadi jaguh untuk mendapat kuasa. Masing-masing fikirkan habuan yang bakal diterima.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Tun,

During the communists insurgency, terrosits use fear to intimidate people. Hence ISA was legislated to allow the ruling power to protect people from the communists who terrorized people. At that time, communists terrorized the people to extort protection money to exert more terror on more people.

Today, the ruling power use ISA to intimidate people who dare to voice their dissenting views. It seems the tools for protectiing the people was used to inflict fear to the very people the tool was invented to protect.

The Home Minister statement that ISA was to "protect people" is similar to the olden days communists terrorize people to give "protection" to the people.

Since both the terrorists and the ruling power are using fear against the people, what differentiate the ruling power from the terrorists?

The tool (ISA) is passive. It is the user's fault if it is misused. But the fact that the tool can be misused means it is not suitable and need to be destroyed.

Any ruling power that misuse power against the people is a bad government and bad government need to be replaced so that the bad people in the government can be purged.

To some extent, i agreed with you. But on the other hand, i think it is no fair to blam US for the mess and label them as greedy and enemy to malaysia. Every person have thier own strength and weakness. so do the country. Tun may dislike US for their policy. or Tun just try to play the nation threat card on Anwar ibrahim and strengthen UMMAO.

I am either supporter nor anti-US. For those who support Tun and dislike US. Please think!!!!!! Other than What Tun mentioned above. did you all see what are the US contribution to the world??

US is a well developed country with so many talented people and experts. i say they have contribute a lot to the mankind in aspect technology, research on disease that threaten mankind, sains and so on....

We can just judge them by this financial and political issue alone.

Yes!! they like to act cow boy. but i dont think they would like to see destroying of the other poorer country just like what Tun said.

Tun!! u may dislike them, just like u dislike anwar or abdullah.. but that is not the good reason to ignore their other good side.

Everything have its' beauty, it just u dont see it sometimes.

Most of Tun supporters are thinking UMMO is the only choice. if without UMMO, then malaysia is doom. Please think again... if this UMMO continue rulling our country.. do you all really think malaysia can survive in the real world??? look at what kind quality that Our UMMON minister are? what kind of corruption culture that implant inside the root of the party.. i see majority of the so called MP are not qualified. minority UMMO MP with noble character and good faith to serve nation are being "handicapped" by the majority corrupted co-party members. so this UMMO minority can never win this battle and UMMO doom day will be a sure case.

So if this outdated UMMO manage to keep their survive after this political tsunami... than our country will be doom in long run and the bigger and stronger tsunami is forming to hit the coutry and our malaysia will surely become truly "abang-adik" with our neighbourhood country who have been creating so much of problem to the rumahtangga of our bumi-putra and non-bumiputra. We are ignoring their impact on our country in long run.

I see no future for malaysia with this current UMMO around. there is no way malaysia could become a great nation. so many talented malaysian had been "chase" out. so many investments had been drain away..

Our country should be lead by qualified and competence malaysian. no matter whether what race he/she is. malaysia is not a cake that the politician "sesuka hati" to dtermined how much their share is..

malaysia is belong to the rakyat.. not the politician who arrogance and think for themself only.

Mark my word.. malaysia is definitely doom, if this current UMMO leading our country..

Be it Malay, Chinese or indian... the country matter can not be comprise by the racist issue and what do we aspect to achieve with this arrogance UMMO MP leading us... i say to hell we are heading to...

Current UMMO must take action to restructuring it party.
disposed those "liability" MP who talk like professor but everybody know they are just talk "cock".

continue with current UMMO is doom... i rather give PKR a change to make the difference... but if UMMO manage to buck up and show their sincerity and change for better than that is anoter story

Dear Tun

It is very suprising the mighty US on the knees and the trying to verify the mistakes and once well known economits Green Span is blamed for the failure.

This what I amaze with America where they are good in Tai Chi management push the blame to others and the start beleiving that this the cause of the failure.

When Malaysia faces the Financial Turmoil they told u that u r making the biggest mistakes by setting up Dana Harta to buy the assets from the bank to reduce the NPL and saving a lot Malaysian company from bankruptcy and from them this is inefficient and unethical.

Now US700 billion is not unethical or inefficiency but rather to save global economical turmoil. They going to raise money by govt gurantees or other financial tools for the US mighty companies to salvage them.

From me this a good news at least we can now say that Americans can learn to handle their economical

turmoil from Malaysia and maybe they sent some of their top gun economist to learn from our school of economies.

Now even after you resign as Prime Minister of Malaysia we are proud to say at last the Americans learn to handle economy our way despite of all the slanderous statement they issued that time.

I urge all the Americans and Westerners to come to Malaysia to learn from us to handle their economy but shame to say our own current Prime Minister refuse to listen to you to handle the situation.

Yours sincerely

Rozario

Salam Tun,

Even Bernanke and Paulson couldn't state the risks if the bailout fail to build up the economy. They insisted that this is the best method of helping the economy to keep sustain, not to boost.

Last year, when the US faced subprime for the first time, Bush and Bernanke cut the rate from time to time. They said, this will help economy but without proper management, the subprime become worst plus the economy deep into the recession and inflation.

Our economy still looks OK because of huge order book value from overseas projects (long-term contracts) mostly from Middle East. From the financial quarterly-report recently , we can see many companies are facing the down trend on the net profit; decreasing in turnover and higher overhead expenses.

We are heading into the recession and very very high inflation. We need to be wise and be strong to cope with the situation. We can't depend 100% on the government. Even our government couldn't afford to help themselves. We need to play our role and boycott those people who try to cheat us and increase the price of the goods.

We are the consumers! We are they one who control the market..not the seller!!

Selamat Hari Raya! Selamat berjimat cermat :)

When it comes to Bush, I am almost speechless. There is nothing else I can say about that poor cretin.

With the growing debts, the US is unable to justify its own presence in playing the Policeman to the world. Must less playing the role of an AhLong to developing countries.

For years, it seeks to continue with its campaign to economically dominate the world. Its a sad fact, but not many countries have the will to shrug off the yoke of Bush's ambition.

Assalamualaikum Dear Tun

Anwar denied his relationship with America. What America want is instability in Malaysia. To create instability there must be riot and demonstration and Anwar is good in that. Since you take him in Umno, the country is at peace, but while in Umno, he is trying to take over Umno and forming coalition with Pas, he wants to rule the country (Dato Fadhil nor, the President of Pas is Anwar deputy in ABIM). With the grace of Allah, his plan doesn't work. Anwar has great ambition to become the Prime Minister of Malaysia. He is the one who is making the conspiracy but Anwar tell the world that you are the culprit. Anwar is the real culprit and until now he never stop with his ambition. His desire to become the Prime Minister has blinded him and he may not be aware that he has been used by the America and the Jews. The love of worldly gains has blinded Anwar Ibrahim. Anwar must be stop from becoming the Prime Minister of Malaysia. The one who really want a position, Rasul saw says don't give him.

Dah dasar perangai lanun + yahudi mabuk

Dia jer betul org lain semua salah, kononnya mereka negara maju jd otak tu "educated" konon & tahu mana yg betul & tak.

Kalau negara lain atau negara membangun buat sesuatu yg tak ikut kehendak mereka, negara tu di cop dgn macam-macam.

Tapi kalau mereka melanggar negara lain atas nama demokrasi konon.

Eloklah tu jadi cam tu, sekurang-kurangnya dia sibuk ngan hal dia jadi tak ada masa nak menyibuk ngan hal-hal negara lain.

Melayu-Islam dalam sasaran agenda Illuminati

Untuk pengetahuan semua, illuminati adalah nama kepada kumpulan, moden dan sejarah, nyata dan rekaan atau khayalan, pengesahan dan tuduhan. Rumit bukan untuk memahami apakah itu sebenarnya illuminati? Walau bagaimanapun, kebiasaannya merujuk dan khusus kepada Illuminati Bavarian, merupakan rahsia baru dalam semua rahsia masyarakat di dunia. Semuanya merujuk kepada tuduhan bayang-bayang organisasi yang berkonspirasi yang mengawal dunia dengan perkara yang tidak diketahui ramai. Selalunya di zaman moden kepada penerusan dan jelmaan illuminati Bavarian. Kadangkala illuminati digunakan seerti dengan "New World Order (NWO)". Gerakan atau pertubuhan ini sebenarnya adalah rentetan dan kesinambungan daripada Gerakan Freemasonry.

Perkataan illuminati bermula ketika menyedarkan orang ramai di Latin, di mana ia adalah secara

semulajadi daripada beberapa kumpulan sejarah yang tidak berhubungan yang identifiikan sebagai Illuminati. Perkataan ini juga bermaksud pertubuhan cahaya. Pergerakan ini telah ditubuhkan oleh Adam Weishaupt (meninggal dunia pada tahun 1830M) pada tahun 1776M yang merupakan seorang professor theologi di University Angold Stadt, Jerman yang menganut agama Atheisme. Beliau merupakan salah seorang daripada anggota Freemasonry telah murtad daripada agama Kristian lalu menubuhkan pertubuhan ini. Sebelum itu, pada tahun, pada tahun 1770M, beliau telah didatangi oleh tokoh-tokoh Yahudi Jerman yang mempengaruhi beliau ke dalam Gerakan Freemasonry.

Perkataan illuminati dinisbahkan kepada salah satu daripada kumpulan (Mazhab) Yahudi iaitu kumpulan illuminati yang dianggotai oleh golongan bijaksana (Hukama') Yahudi. Manakala di dalam bahasa Arab pula illuminati bermaksud al-Nuraniyin. Nama illuminati ini diambil sempena nama Iblis yang pada hemat mereka sebagai pemerintah tunggal alam ini.

Pusat pentadbirannya ialah di Segitiga Bermuda yang menjadi tempat tinggal Dajjal laknatullah. Lambang pertubuhan ini ialah apa yang terdapat pada duit dolar Amerika Syarikat berharga USD 1.00. Lambang yang ada pada duit US tersebut menunjukkan bahawa US telah dikuasai oleh bangsa Yahudi. Sebenarnya, pereka cipta duit US dilakukan oleh seorang anggota Freemasonry dari pergerakan illuminati yang bernama Pat Robertson.

Pertubuhan ini telah mendapat sokongan daripada Rotschild yang merupakan gedung kewangan yang dikuasai oleh Yahudi. Perkataan illuminati pula diambil daripada perkataan "Lucifer" (iblis) yang beerti "Pemegang Cahaya". Beliau membuat helah bahawa dunia ini patut diperintah oleh orang yang benar-benar berwibawa sahaja, maka beliau telah berjaya memujuk lebih kurang dua ribu orang untuk menjadi pelaksana kepada agenda yang dirancang olehnya dengan disokong anggota Freemasonry peringkat tinggi. Pengikut-pengikut ini memang berkemahiran dalam semua aspek kehidupan telah membina markas-markas sulit di seluruh dunia yang diberi nama sebagai "Lodges of The Grand Orient" untuk melaksanakan apa yang telah dirancang oleh pihak tertinggi (Freemasonry/ Zionisme).

Menurut perncanaan tersebut, agentur-agentur Illuminati perlu melaksanakan perkara berikut:

* Gunakan rasuah-rasuah berupa wang dan seks untuk menguasai orang-orang yang telah menduduki tempat-tempat tinggi dalam jawatan kerajaan seluruh dunia dan lain-lain bidang manusia. Setelah mereka termasuk dalam perangkap ini maka tundukkan mereka dengan berbagai-bagai "Black-Mail" (ugutan membocorkan rahsia keajaiban) dan ugutan kewangan ataupun ugutan untuk mencederakan tubuh badan serta orang kesayangan mereka. Anggota-anggota Illuminati hendaklah menduduki kerusi-kerusi penting di universiti-universiti dan memujuk pelajar-pelajar yang cemerlang untuk memahami Ideology Internasioalisme (pemerintahan tunggal). Mereka akan dibekalkan dengan biasiswa untuk menerima latihan di luar negeri. Antara markas yang dapat dikenalpasti ialah di Gordonstoun (Scotland), Salem (Germany) dan Anavryta (Greece).

* Orang-orang yang telah terperangkap dan pelajar-pelajar yang telah menerima latihan hendaklah diletakkan di tempat-tempat yang strategik sebagai agentur dalaman di jabatan-jabatan kerajaan. Mereka ini dijadikan sebaga pakar, penasihat dan juga perunding supaya mereka dapat menasihati orang atasan mengikut polisi-polisi yang telah ditetapkan oleh mereka.

* Hendaklah menguasai surat khabar dan media massa yang lain. Berita dan maklumat yang diperolehi perlu diputarbelitkan supaya masyarakat mempercayai bahawa dengan pemerintahan tunggal sahaja yang dapat menyelesaikan permasalahan yang timbul.

Berikut merupakan matlamat illuminati secara umumnya yang perlu mereka capai mengikut agenda yang telah dirancang:

1. Menghapuskan semua kerajaan-kerajaan kebangsaan yang berperlembagaan.
2. Menghapuskan sistem warisan harta pusaka (hak tanah).
3. Menghapuskan pemilikan harta benda sebagai hak persendirian.

4. Menghapuskan semangat nasionalisme (cintai warisan dan tanah air).
5. Menghapuskan rumah tangga sebagai hak orang perseorangan dan kehidupan berkeluarga kerana ia merupakan permulaan kepada ketamadunan manusia.
6. Apa yang paling penting ialah menghapuskan semua agama yang sedia ada di dunia terutama agama Islam supaya umat manusia dapat dipaksa menganut ideologi internasionalisme.

Selepas USA menerima habuan dengan diikuti rapat oleh Australia, kini London berpeluang melalui pengalaman yang sama. Barah semakin menular. Mungkin merebak lebih cepat sekiranya negara-negara Arab menarik balik deposit dari sistem kewangan Barat. Nampak semacam teori domino.

Mungkinkah boleh digunapakai istilah "DOMINOS THEORY ON WORLD FINANCIAL CRISIS" bagi menggambarkan krisis kewangan sekarang?.

Saya yakin ketentuan Allah pasti datang. Manakala jalan penyelesaian pasti muncul. Mereka patut mendapat idea daripada YABhg Tun bagi merungkai kekusutan krisis kewangan. Bukan sekadar cetak wang tanpa sandaran emas.

Dear Tun,

The trouble with America began to take roots in 1950 to 1960's when they threw religious (Christian) education out of their public education system. Bible is no longer allowed to be taught in schools and so is prayers. So that generation onwards produced by such schools are now the leaders of today. Hence, the moral decline began...free sex, homo and lesbian activities, drug taking , greed , disrespect to elders and parents and all kind of lifestyle without accountability began to flourish and the promotion of all kinds of rights regardless of good or bad.

Using Malaysia as an example, even Tun have noticed that when we switched to Bahasa stream in the 70's , our English level has decline among today's generation until Tun has to propose that the teaching of Maths and Science in English so that we will not be left far behind. So what we teach our children is very important.

America must repent or else perish...it has happened to all great civilisations before who flourish and then decline when their moral standards decline and there is no reason why America will be exempted from this law. It will be a matter of time they will reap what is being sown.

Tun,

Saya katakan pada teman2 dan rakan2 sekerja saya, sekiranya inginkan ilmu pengetahuan dan informasi, layarilah blog Tun. Ternyata Tun terus memberi kami pengetahuan yang cukup jelas dan nyata, pembuka minda dan sentiasa meningkatkan kesedaran.

Secara rambang, rata2 pembaca walaupun tidak pernah bersetuju dengan apa saja yang Tun perkatakan masih terus membaca setiap apa yang Tun tuliskan di dalam blog ini. Mungkin dalam tanpa di sedari atau malu untuk mengakui, setiap apa yang Tun tuliskan adalah amat relevan untuk di perbincangkan oleh kita semua dan tidak pernah ada mana2 blog yang mana ramai pembaca2 di sini juga berminat membaca respon dari pembaca2 lain.

Saya kira Tun telah berjaya membuka minda sesiapa sahaja yang membaca blog Tun ini. Ini lah tujuan asal blog Tun ini, membuka minda setiap pembacanya untuk memikir dan menimbangkan sesuatu isu dengan lebih bijaksana dan berfikir lebih terbuka. Ada pembaca2 yang tidak pernah bersetuju dengan Tun telah turut bersetuju dengan pandangan Tun tentang US dan prinsip2nya. Ini menunjukkan bahawa Tun tidak mahu orang bersetuju dengan Tun tetapi bersetuju lah dengan kenyataan, fakta dan kebenaran.

Demi untuk menguasai dunia, US sanggup melakukan apa sahaja walaupun melangkaui prinsip2nya sendiri. Memperkatakan kesalahan orang tapi menidakkan kesalahan sendiri. Dahulunya menjadi kesalahan tapi kini menjadi menjadi satu jalan yang dibolehkan untuk terus hidup. Ini lah bezanya undang2 manusia dengan undang2 Tuhan. Undang2 manusia di buat atas dasar kehendak dan kehendak itu adalah nafsu.

Segalanya dibolehkan sekarang apabila diperlukan oleh Amerika. Sekarang adalah satu jalan terbaik memulihkan atau menyelamatkan syarikat2 yang bermasalah, pinjam lah walau sehingga 14 trillion dollar tapi tetap tidak muflis, buatlah pinjaman sehingga 700 billion dollar tanpa sandaran, cukuplah sekadar kenyataan dan terus mengiklankan bahawa USD akan terus dipasarkan dipasaran dunia dan terus punya nilai dagang.

Hakikatnya Amerika sudah pun muflis dan diambang kehancuran. Akan tetapi seperti yang telah tersurat dan tersirat dan telah terserlah dilipatan sejarah, kaum ini dahulu, kini dan selamanya akan terus hidup di dalam keangkuhannya dan tidak sekali2 akan mengakui kesilapannya dan terus menidakkan kebenaran dan kenyataan. Oops... macam ada 2,3 je kat sini ni... kat Malaysia ni, tu semua anak didik and "made in USA" la... sendiri mau ingat la ye... bak kata Nabil... "lu pikif la sendiri..."

Sempena bulan Syawal yang bakal tiba, saya sekeluarga ingin mengucapkan SELAMAT HARI RAYA AIDIL FITRI, maaf zahir batin buat Tun dan isteri Tun Dr Siti Hasmah serta seisi keluarga. Semoga Tun dan isteri dikurniakan kesihatan, dilimpahkan rahmat, ditingkatkan darjat dan dihadihkan ketenangan. Amin... amin... ya robbal aalamin.

Dear Tun,

The Americans themselves do not trust their own government when they vote NO for financial bailout. This is because they always beleive that FREEDOM is the key word to human mankind. Well, as what Tun predicted came true. FREEDOM WITHOUT RESTRICTION is very dangerous. I personally think ISA in Malaysia must be maintained. This is to prevent choas especially in age of globalization. When information can be accessed so easily, we will end up in the stage of 'who to believe'. People are selfish and they tend to do something to gain wealth, popularity, protect their rice bowl, thus these information providers need to use a very catchy 'TAG LINE' to increase the circulation, but they really have no intention of harming the harmony of the country. However, if ISA is ban, Malaysia will definitely in chaos. Today I see Syed Hamid is very sincere and worked very hard to maintain the stability of the country, eventhough a lot people do contempt him and requested him to resign. If someone were to put themself

in Syed Hamid's shoes, they will end up doing the same thing.

ASSALAMUALAIKUM WARAHMATULLAH HI TAALA WABAROKATUH

Yang di hormati lagi di sayangi Ayahanda Tun dan Bonda Siti Hasmah

Memang benar seperti apa yang ayahanda katakan.Amerika di terajui oleh ramai orang2 yang pencetus keganasan dan menghancurkan dunia.

Namun begitu ada juga orang2 yang masih menyokong dan mengkagumi USA dan ada juga yang menyatakan USA lah penyelamat negara kita dari tentera jepun masa perang dunia kedua.

As for these people ,i would like to relate something from the book 'FREEMASONRY UNVEILED"

IN 1840 AMERICAN GENERAL ALBERT PIKE (a famous Freemason 1809-1891)LEARNED THE PRINCIPLES OF INTERNATIONALISM FROM GIUSEPPE MAZZINI (an eminent revolutionary leader 1805-1872)AND WHAT IT INTENDS FOR THIS WORLD.HE WAS EXTREMELY ENTHUSIASTIC IN HIS UNDERSTANDING OF THOSE PRINCIPLES,AND BECAME THE MOST INFLUENTIAL THINKER AMONG THE LIGHT ORDER,THE SUPERVISOR OF THEIR DESTRUCTIVE INTENDS.

SOME OF PIKE'S PLAN:

Between 1859 and 1871 General Pike planned for three world wars and three important revolutions,foreordaining their occurrence in the twentieth century.In that plan,he relied on three major world movements - Communism,Nazism and Zionism - to INCITE WARS AND REVOLUTIONS HE EXPECTED.

In his conceptualization,World War 1 was necessary to overthrow Tsarism in Russia,making it a stronghold for Communism.

The aim of World War II ,again was to increase the power of political Zionism and thereby ,to establish the state of Israel in Palestine;and,likewise ,to support international Communism so that it becomes as powerful as Christianity.

As for World War III ,its objective was complete world weariness,pervasion of intellectual,spiritual and economic life,and human destruction in various parts of the world.

PIKE DELINEATED CERTAIN PRELIMINARIES IN HIS PRECISE PLAN.

The preparation of World War 1 involved the exploitation of disagreement between Britain and Germany which had been generated by the Light Order in both states.

The preparation for World War II included clash between Facism (including Nazism) and the political Zionist movement.This war would end in the destruction of the first.

The preparations for World War III included the conflict which the Light Order INCITED between political Zionism and leaders of the Islamic world,so that one would destroy the other .(Does any nation realize this truth and make preparations for it?).It is inescapable that the rest of the world states,finding themselves drawn,polarized,to one of the two pillars in the conflict,would participate in it.

Jadi segala perang dunia I,II atau mungkin III telah di rancang terlebih awal lagi oleh seorang General Amerika,seorang Freemason.

Rajin2 lah baca buku "FREEMASONRY UNVEILED" keluaran Thinkers Library supaya boleh faham dengan lebih lagi "WHAT IS AMERICA ALL ABOUT"

Malaysia walaupun dengan rakyat nya yang berbilang bangsa adalah merupakan sebuah Negara Islam yang KUAT DAN KUKUH dan dengan sebab itu juga lah Malaysia mahu di TAWAN MELALUI JALAN POLITIK./

Jadi seseorang DALAMAN YANG BERPENGARUH adalah di perlukan demi untuk menjayakan cita2

Freemason ini untuk menawan salah satu DUNIA ISLAM IA ITU MALAYSIA.
OLIH KERENA SERANGAN ITU ADALAH SECARA POLITICAL, TUAN2/PUAN2 TENTU LAH TAHU
SIAPA KAH YANG SEKARANG INI SEDANG MENGHURU HARAKAN BUMI MALAYSIA INI DENGAN
KATA2 NYA YANG BANYAK MELENCONG DARI KEBENARAN. SIAPAKAH YANG TIDAK MEMPUNYAI
PEKERJAAN TETAP TETAPI BERGAJI LUMAYAN DAN DI TANGGUNG OLIH PIHAK USA/BARAT
DAN DEMI MENUNJUKKAN KESETIAAN NYA TELAH MENGGUNAKAN BENDERA LAMBANG "THE

Selamat Hari Raya to Tun and family

Not being a financial analyst or a specialist I'm in no position to
comment on US financial crisis, but am sure with its huge resources
the US economy will rebound.

Any country with unrivaled military and economic power would dominate the world and dictate the
terms. And if US was a Muslim country I'm sure you would agree with whatever US has done or doing
today. But thank God the US is a benevolent power which has used its massive economic and firepower
responsibly. Liberating countries and peoples under tyrannical rule and regime. In fact in my opinion the
trend is only despots and tyrants and terrorists who've no respect for human rights are in the forefront in
condemning US.

As a rule the majority of non-muslims in Malaysia and the rest of the world hold favorable opinion of US.
We believe without the US

restraining power the non-muslim world would be overrun by Islamic
hordes and forced at gun point to convert to Islam.

Tun, you cannot compare the US law of detention without trial with the Malaysian draconian ISA. The US
detention without trial is rightly reserved for violent terrorists and not opposition
politicians and bloggers as is the case in Malaysia.

The Malaysians are not being unpatriotic in supporting US interference in Malaysian politics to bring about
a regime change.

Politicians come and go, love for the country and love for the govt are entirely two different things
altogether.

By bexe on October 1, 2008 11:56 PM

Without a doubt the American Empire is on a steep decline. It has lost its financial leadership and clout.
This past week paid full testament to that. Only military might remains, but that too is being challenged. I
don't think it can defend another front.

Ahmedninja sees it, Putin certainly does and so do the Chinese Leadership. Even little Chavez is
thumping his nose against the US.

Lessons?

Arrogance, bully, self-righteousness, believing that God appointed you, the falsehood of thinking you are
the supreme race, corruption, greed, duplicity, moral decline, all add up to make this fabric of failure and
destruction.

Warning?

Malaysia is not far behind. If our political leaders continue in its current fashion, we too will suffer the
same fate. Beware!

-It is not surprising that all merry thing has to come to an end

British had it days for for 300 years only to be spoil by Germany and Japan in the 1940s.

-Russia too had it Czar days and Comunist Era(1917) and collapse because of Afghan War in 1980s

Now is US turn which rouse on ashes of Britnish Empire in hardly 60 years feeling the senesence.

It is nothing new.Hitler had written in Mein Kamf (My Struggle) the imenent of Jewish attack on Germany Stock in Paris.He spoil the plan by starting WWII and eventual ethnic cleansing .

Asia experience similar attack in 1997 . Thank God for Tun leadership in steering away from the trap.

Now US is getting it own medicine!!!

Begining with oil speculation where the money are made now using the gain capital to onslought US .It may turn out to be worse than attack of Twin Tower. We shall see.

Now US has three babies or four : Iraq,Afghnistan ,Iran and Pakistan!!!

Salam Tun

A very good blog article. I would like to stress that the US is surviving because we are supporting them. We are abandoning our Islamic principles and followng the Western banking system based on Jewish principles of riba and non-existent money which is why the system collapsed so violently. They say there is US\$14 trillion money floating around when in effect there is only US\$7 billion or maybe less. The danger is they say there is money here, money there and that their government can guarantee on payment but in fact there is no money and the US is bankrupt.

I hope they do not take advantage of Iraq and exploit the oil wealth there as the US economy is in for some desparate measures. Serves them right! This is God's azab on them!

We should learn from all this and not be complacent ourselves. The cause of the US collapse is :-

1. Greed
 2. Credit created in the form of credit card feeds the greed.
 3. Human beings who do not buy for cash but buy on credit according to their nafsu.
- By babacurious on October 8, 2008 8:37 PM

Good evening Tun,

Your comments confirm an informed perspective of global financial markets and many of the dynamics that move them.

You raise a critical point about what a friend of mine in US used to write about as the world economy being US centric. Now, in "the world is flat," 21st century world, and facing a US precipitated global credit crisis, it remains to be seen, and largely unknown as well, whether a new global identity is emerging.

It has been observed in the environment of Wall Street in America, a culture of greed and an unspoken understanding in the business community along these lines. In US, as well as it is here, if one was to rise to the top of a corporate community, you get to take everything you can. It is a competitive, selfish environment, and the environment is saying to those that get to the top, "OK, how much do you really want for yourself?" and how much is never enough.

It is pure greed and seemingly without limit. Compensation comparisons between management and workers have never been skewed into so high multiples as they are currently, with management making more in a week or month often, than an employee makes in a career.

It is of course, a moral hazard argument when failure of Lehman Bros, Bear Stearns, AIG, Fannie Mae, Freddie Mac, etc. finds leadership profiting as they are being tossed out of the company. But then, it was always too late. Nevertheless this US\$700B govt bail out seems to be necessary to stabilise the financial markets, but to what effect, it is left to be seen. However, Robert Kiyosaki points out that this simply rewards those people who, through greed, are responsible for the crisis in the first place. Would you agree with this, Tun?

The worldwide economy situation looks quite dire at the moment. It's interesting to see the whole financial crisis play out. One thing we can be sure of is that, the financial climate is undergoing a tremendous change and things will never be the same again. Turning back the clock is a futile exercise in my opinion. Cheers.

God Bless You Tun..

By Pak Ali on October 9, 2008 1:49 AM

Salam Tun,

It is very weird. When i was growing up i looked up to the US as the country that could save other countries against tyranny and all. I was proud to be educated in the US in the 80s.

There are many good things happening in the US and its people. However, its foreign policy and the policy of the White House sucks big time Tun. It is very unfortunate that the American people have been taken for a ride by their government through various scandals and lies for a long time. The US could only be changed by her own people. Even if Obama wins, nothing will change much, as the President will be surrounded by the Neocons that form and control foreign policies. It will be business as usual Tun.

Now, whenever i hear of the US, it makes me sick. So many problems in the world are the results of their policies and overt and covert operations, including in Malaysia i am sure. If they spent millions approving laws to spy on their own citizens in the name of anti-terrorism, i am sure they will do the same in Muslim countries with the help of locals and anti-government groups. We can see the chaos in Malaysia now, who is orchestrating and financing it?

I hope Bukit Aman will look into the matter from this angle and save this country from the evil that goes around in the name of democracy.

God bless you and family, and this country.

Amin

Good afternoon Tun,

On the lighter side of financial turmoil...

Following the problems in the subprime lending market in America
and the run on Northern Rock in the UK, uncertainty has now hit Japan.

In the last 7 days Origami Bank has folded, Sumo Bank has gone belly up
and Bonsai Bank announced plans to cut some of its branches.

Yesterday, it was announced that Karaoke Bank is up for sale and will likely go for a song,
while today shares in Kamikaze Bank were suspended after they nose-dived.

While Samurai Bank is soldiering on following sharp cutbacks,
Ninja Bank is reported to have taken a hit, but they remain in the black.

Furthermore, 500 staff at Karate Bank got the chop and analysts report that there is
something fishy going on at Sushi Bank where it is feared that staff may get a raw deal.

And all that is in Japan...BUT, are our banks in Malaysia waiting to be GORENG?

Good Afternoon My Dear Tun

In reference to your comment:

8. Where does the money come from? From thin air as no real money in cash or bullion or anything tangible are moved into the bankrupt banks. The money is just in the form of loan papers and entries in the books of the banks or companies.

>>The real problem is that

- 1) The US banking system can loan money they do not have;
- 2) The Fed Reserve has a "license to print money" at their whims & fancies.

11. In the final spasm of fear, the Government has given itself the right to resolve the problem of bankrupt banks and companies by the Government taking over i.e. the great capitalist country has accepted what is nothing more than nationalisation which it had condemned so much before.

>>Capitalism as practiced in the US is a total failure. Socializing losses and privatizing profits as a quick fix, only postpones their pain. New laws will plug loopholes too late to save trillions of dollars and millions, perhaps billions of working people around the world will suffer. Surely heads will roll on Wall Street as public anger mounts and the blame game intensifies.

However, a bailout will result in devaluing the US dollar, and anybody with savings is set to lose out due to inflation. I truly hope our newly appointed Finance Minister's confidence in our Malaysian economy during this dire time is not just a painted political picture or simply being naïve.

My dear Tun, we certainly live in interesting times.

Have a blessed weekend. God bless you & your sweet lady, Tun Siti Hasmah.

Salaam everyone,

1. USA is bankrupt, and TRILLIONS in debt, but George Bush talks arrogantly like they have money and power. Bush, GO HOME! The US govt. amd controlled media will always create an "illusion" that US is a "superpower" . Do not be fooled by these lot from USA and the "hands" behind them.

2. FEDERAL RESERVE is NOT a government-owned bank, as some people may be led to believe. It is a group of PRIVATE banks. Founded by Jewish individuals. Founded with their own interests in mind, of course. Yes, Fed. Reserve print the (valueless) paper-money like crazy, "give it" to Govt. of USA as LOAN, and then USA Govt owes the Fed. Reserve, to bail-out/ "save" other banks.

3. 'is strange the International Monetary Fund (IMF) and World Bank (WB) do not come into the picture and do not swallow up/ "open up" the economy of USA, like they did with Argentina, Brazil, Thailand, Indonesia, etc....and Malaysia nearly got caught in accepting IMF.

4. Bringing USA on its knees and into financial catastrophe is a century-old strategy by Jewish economists/ bankers at the turn of the last century, who had also strategically orchestrated many events and fabricated stories...with one purpose....to acquire (read: STEAL) land in Palestine.

Thereafter,they continue to create and build economic dominance and monopoly worldwide, they draw up agreements ban the use of GOLD as currency and introduce the valueless \$ paper-money; they create economic disaster periodically (Great Depression, WW1,WW2, Asian Crisis 97/98); gradually encourage the world to use electronic (PAPERLESS)money. Ultimate target? Collapse of the British Pound, and the US Dolar, and economic dominance will move to Jerusalem.

(It took me many months of devouring many books and articles to grasp the complexity of it all).

5. If our oown economists and bankers are not knowledgeable in this 'big picture',and if M'sia continue to use US\$ for trading, all of us will be in trouble. The US\$ is doomed.

6. My proposal: let us go back to the principle of ISLAMIC FINANCIAL System.

a. Gold and Silver is the standard and valid currency. Be brave to initiate using it. Tun Dr. M spoke about it until blue in the face but most Islamic leaders were too ignorant (or too lazy) to understand.

b. Giving Loans without interest, but must be based on Islamic sale-purchase-asset mechanism and in good faith.

c. Sharing of wealth between the rich and poor nations.

May ALLAH bless Tun Dr. M and family.

Dr. Norshinah, KL

3. Pegging need not be always with the US Dollar. But the fact that the US Dollar is currently not stable is no reason why the idea should be summarily dismissed.

4. There can be other options. Other more stable currencies can be used or a basket of currencies may be used to reduce extreme volatility.

5. The US Dollar is backed by nothing, not even reserves in foreign currencies and gold which other countries hold in order to back their own currencies. The US is a bankrupt nation which means it is not in a position to provide foreign currency backing for its money.

6. The gold in Fort Knox has been depleted long ago and the pegging to gold of a certain amount as agreed to at the Bretton Woods has been done away with by President Nixon. No more gold standards.

Yet the US Dollar still commands a certain value in the market. It is still being used for trade payments. This in fact gives the US Dollar a certain value even though the value, in exchange rate terms may change.

7. If the US Dollar is not used in international trading, it will have no value at all. This will of course hurt a lot of countries including Malaysia which carry substantial sums of US Dollar as reserves. Countries like China, Saudi Arabia and tiny Singapore would want to support trade payments made in US Dollar. They do not want their huge reserves of US Dollar to become worthless.

8. What we see here is the importance of international trade payments in sustaining the value of a currency.

9. Long, long ago I suggested the use of a special currency for trade. The currency should be equal in value to a fixed amount of gold. It should not be used domestically as each country would have its own currency pegged to the special trading currency.

10. The price of gold may go up and down but we know that the price of gold today is more than, say, 30 years ago. If we keep gold long enough we will eventually see it appreciating. It is not as volatile as currency notes.

11. So gold is an ideal standard for a trade currency. Effectively we would be going back to the Gold Standard, both for the trading currency and the domestic currency. For the domestic currency the rate against gold can change in keeping with inflation.

12. It was suggested that we call this trading currency the "dinar". Transactions would of course not be in solid gold dinars but with equivalent papers. It is not practical to carry around so much gold dinars but this will not be necessary if a country's export to another country and its import from that country is fairly balanced and only the difference need to be paid.

13. I am not an expert in this area but we can get experts to study whether pegging or the gold dinar are feasible. I would not dismiss the efficacy of these so easily.

14. Perhaps I can make a ridiculous suggestion. Why not make all Malaysian trade payments in Malaysian Ringgit?

15. We are a big trading nation. We export more than 200 billion Ringgit worth of raw material and manufactured goods and we import slightly less than that. Traders cannot just ignore us or boycott us. They need our exports and they need to sell their products to us.

16. All we need to do is to demand payment in Malaysian Ringgit for our exports. We can require payment for our imports in Ringgit according to the current value in an international trading currency or gold.

17. If we do this there will be a constant demand for Ringgit and this will keep the value of the Ringgit at a certain level which we can fix, taking into consideration factors which influence its value.

18. This may sound like a ridiculous suggestion. But not being a trained economist or financier I can allow myself the privilege of unorthodox thinking.

Salam,

i do agree with you. your explanation enable 'non-economist' to understand the relevance of pegging or other economic decision.

say the government decides not to peg,it should also explain like u the least so the rakyat would understand the relevance of it even the rakyat have no say in it

i supported in using dinar emas long time ago and if only we've kept gold 20 years ago (or at least 10 years ago since the dinar emas is termed by u), we could have enjoyed the appreciated amount.

Nonetheless, its still not too late to review and keep reviewing with the goal to provide stability and sustainability in the our economy and country. we need decisions that give security, not ambiguity.

perhaps a simple public forum by economist of malaysia (we've many of them here), to discuss actively about current economic situation..one topic at one time..this is useful for educational purposes for rakyat. am sure many will appreciate educational info like this. if possible view them on prime time after the news.

thanks. GoOatspeed!!

Do you know what I like about you? It's the way you explains things makes it easy for me to understand.
The depth of your reasoning is uncanny despite your age. Your ability to analyse a subject matter is comprehensive, it really makes interesting reading.
I am not sure if Najib really knows what he is doing when he dismissed completely the pegging possibility, just after an hour briefing session by his new Ministry.
I hope you continue to express yourself enthusiastically so that the knowledge that is within you will live on forever.

Salam Tun,

Permasalahan yang timbul pada hari ini adalah disebabkan oleh sikap egoist yang menebal telah melanda pemimpin-pemimpin hari ini. Mereka cuba membuktikan sesuatu untuk meletakkan nama mereka sebaris dengan nama pemimpin-pemimpin agong dalam lipatan sejarah politik negara. Tapi malangnya apa yang cuba dibuktikan selama 5 tahun ini tidak menunjukkan mereka ini layak dipanggil pemimpin.

Adakah kita akan dipanggil tidak mempunyai identiti dan idea sekiranya kita mengikuti perkara yang telah terbukti berhasil...

Dear Tun,

Sir, you are absolutely right on this.

The real problem in this world is that there are not enough leaders, instead many are just followers (slightly better than donkeys!) of the USA. The USA obviously knows this well and the USA makes full use of it. The USA bully, with its physical might rules over all the donkeys. Even in the world economic sphere, the bankrupt USA is rich and wealthy whereas the hard working and resource rich countries are kept poor!!

So long the vast majority of our so called leaders remain donkeys to the USA, we the people of this world are doomed.

Take care and best wishes.

Dear Tun,

Saya pun bukanlah ahli dalam soal kewangan. Membaca apa yg Tun tuliskan, ada wajarnya. Jika saya Menteri Kewangan Malaysia sekarang, apa yang akan saya lakukan ialah menjemput Tun ke pejabat saya atau saya bersama penasihat2 kewangan saya berjumpa Tun bagi membincangkan perkara yang berkaitan 'tambahan ringgit' yang telah Tun cadangkan.

Bagi saya, pengalaman dan pengetahuan Tun mentadbir sistem kewangan negara semasa menjadi Perdana Menteri Malaysia amatlah berharga bagi dijadikan rujukan dan panduan.

Tunggulah bila Tun dah tak ada nanti, baru lah dia orang ni sedar....

Maaf jika saya terkasar di sini.

Assalamualaikum YABhg Tun.

Saya sokong pendapat YABhg. Tun mengenai saranan mengurangkan kebergantungan terhadap USD yang tiada sandaran emas.

USA mencetak USD tanpa sandaran emas. Mereka mencetak ikut keperluan. Jika semua negara memboikot penggunaan USD maka USD tiada nilai kerana sememangnya kertas tanpa sandaran emas tiada nilainya.

Amerika amat bimbang sekiranya perdagangan antarabangsa tidak menggunakan USD. Inilah salah satu sebab Amerika menyerang Iraq kerana Saddam Hussein bercadang menggunakan dinar emas sebagai bayaran dari hasil eksport minyaknya. Iraq ada banyak emas, tetapi diangkut pulang oleh penjajah.

Saya tidak terfikir rasional menambat ringgit dengan USD. Tetapi saya amat setuju dengan pandangan YABhg Tun supaya Bank Negara mengurangkan simpanan USD bagi mengelak kerugian apabila matawang tersebut jatuh nilai.

Pengoperasian barter trade dikalangan negara serantau perlu dipertingkatkan. Manakala penggunaan Dinar Emas dikalangan negara-negara Islam perlu dilaksanakan bagi mengukuhkan sistem ekonomi mereka.

Semoga YABhg. Tun sekeluarga dirahmati Allah.

Salam Tun

the book "return of the islamic gold dinar" by rais umar ibrahim vadillo is a good example of the need to protect our currency against the paper money printed by the US. probably pegging against Euro and trading in RM is one of a few solutions/options that we should take.... Taiwan did it, we should try.... of course a thorough study should be made... i'm sure we have brilliant minds in malaysia who can embark on this....

By WHY BEE BANGI on September 25, 2008 2:57 PM

Salam Tun,

Pegging.... Most who agree with you would say you are right, I agree with you, you know so much and bla bla blah.... But those who are against would say you are dreaming, how come tiny Singapore can still survive, you are now retired and take a good rest, and so on.

But the typical Malaysian leaders would say no to any of your suggestion, if their boss says no. And then only think about the consequence later. If they are wrong, blame the newspapers, they were misquoted by the newspapers.

As rakyat jelata, I bet the current government has no clue as to what is going on. Pak Lah is busy planning to build 10,000 homes for the army. That is his next project to be shared amongst his inner circle.

Wassalam.

Assalamualaikum Tun dan keluarga,

I'm not a financial expert too... can't even balanced my household budget ... but I believe in "Thinking Out Of The Box". Our financial experts are all trained in the western style of finance... thus their solution to our financial woes are to follow dogmatically to that training...

It takes someone with pure guts and courage and intelligence to do what you do the last time around...

Selamat Hari Raya Tun dan keluarga, semoga diberkati Allah selamanya.

By hj. mohd nizamAuthor Profile Page on September 25, 2008 3:01 PM

.... perhaps pegging against euro or trade in RM (as Tun suggested) is also a solution... surely we have brilliant economic minds around who can embark on this feasibility study...

By Uncle Nash on September 25, 2008 3:01 PM

I'm the first to comment.. well Tun was brilliant in pegging the RM during your era..and it seems to me pegging is the definite answer to the stability. Then again Pak Lah is not a brave enough to adopt your idea.. we have the power in domestic and international trade in this region thus our RM should in what ever way be used ..

Selamat Raya Aidilfitri to Tun.

By d-kids on September 25, 2008 3:02 PM

Trading in RM will be hard since it is not a standard. Since it is not a standard the currency fluctuate and end up needing to peg against other "stable" currency.

Now - to say that pegging with Euro is stable enough - is it a long term viable solution. Maybe, maybe not - it is all based on trust. Europe being so socialist - they work a lot less with 6 weeks minimum vacation. To me it is not competitive at all. Plus, it is not free from recession. For eg, UK will likely fall into recession in a few months time too. This could also be a *bad* investment since it is already so high.

I like your idea of pegging to multiple currencies. This is great, just like a Mutual Funds that buy across the index. Why is this not implemented? Any obstacle?

Selling US dollar right now is not a great choice either. Although US as a nation is bankrupt - the money in the systems are huge. In, US their people have all the money. And for a start, you need to buy low and sell high. I believe abandoning USD right now is suicide. A major crisis in US, also means a global problem. All these systems are intermingled.

If you need to do that, do that over time. Slowly convert USD into Euro over 10 years for example.

Using the gold standard again has a lot of problems. First, this mineral is finite and there's ever growing population in the world. This means gold price will always go higher and higher.

Salam Tun,

Kelihatan keadaan ekonomi dunia berada di tahap yang cukup dasyat, malah ada pakar ekonomi berpendapat lebih dahsyat dari The Great Depression ketika akhir 1930an dulu. Amerika Syarikat telah mengalami kejatuhan ekonomi yang sangat teruk. Balasan Allah kepada golongan-golongan yang zalim ini turut memberi tempas kepada negara di seluruh dunia. Harapan semoga ekonomi Malaysia kembali kukuh dan mapan seperti era kebangkitan negara-negara Asia pada era 1990an. Insya Allah.

Salam Tun

Once again although you say you are no economist or financial expert, you have given very intelligent and workable (and perhaps successful?) suggestions which could assist the economy. When I read your suggestions, I suddenly realized as I had said before, that you could have been a fine Finance Minister. You should have taken the Finance Minister portfolio together with PM-ship during your reign but when I looked back, our economy performed very well under Daim and then you took over towards your last few years. It is very selfless and generous of you to offer these suggestions openly in your blog to revive this nation that you love. Hopefully the present government (Najib) will listen and make some wise moves but since it is Najib, I do not know...

By mkofjb on September 25, 2008 3:04 PM

Tun M with his experiences in leading the country for 22 years, the present government should have given due considerations and serious attention of his opinions and thoughts for the benefit of the country. In my opinion, the biggest blunder by the present PM is his disassociation with Tun after Tun stepped down. Tun could have played good advisory roles for the government!

By leadingAuthor Profile Page on September 25, 2008 3:04 PM

Even the current US\$700B bailout is not the right decision, they are still trying to do it.

Your suggestions seemed logical and down-to-earth. Those in position should learn to accept suggestion in a more constructive manner for the sake of the nation. May ALLAH bless you and your family.

By abs on September 25, 2008 3:09 PM

Honorable Tun,

You may not be an expert in Financial Sector but your intelligence coupled your experience in handling Malaysian Economy for 22 years is sufficient for you to develop a financial model what we can call as 'Common Sense' Model. You know Tun, these days people with common sense are not 'Common' any more. For anyone, who can solve complex and sophisticated problem with simple idea is a real genius. Sir, you are genius. That is why even your simple proposal to peg ringgit against basket of other credible currency (the one backed with gold not US Dollars) beyond the comprehension of many people especially the current administration. Many people jumped to condemn your proposal almost immediately after you make the statement. They cannot wait to digest the idea first before countering. This is what many people get upset. Malaysian should learn to stay cool, calm and not panic when facing challenges especially economic and financial challenges. When leaders make panic statement then it will tend to make many stupid mistakes one after another that can be detrimental to our beloved nation.

Assalamualaikum Yang DiKasihi (YDK) Tun dan sekeluarga.

YDK Tun have already set a precedent which is recognised by world bank, IMF, Asian Development Bank

and many others. In need, all the current govt need to do is to follow a successful method of managing the economic situation rather than trying to outsmart YDK Tun and in the process making the citizens suffer and poorer very day.

The proposed dinar trade currency value is a means proposed by YDK Tun to create economic stability especially within Asia and Asean in short we create our own destiny but was disregarded, as usual to the detriment of the poor citizens of Malaysia and our neighbours.

Yesterday YDK Tun, our current government have reduced 10 cents per litre for petrol/diesel and they proudly said it is hari raya gift from the caring govt to the citizens. I would rather say that we, the citizens of Malaysia are still giving 48 cents per litre sumbangan to the current leaders for them to sustain themselves and needs, whatever they are whoever they are.

YDK Tun, I take this opportunity to wish YDK Tun and family selamat berpuasa and selamat hari raya aidil fitri.

Take good care of your health YDK Tun & Family and I'll always pray that Datuk Mukhriz will lead Malaysia to another successful term after, of course, you YDK Tun, administration and management of the country in years to come after the dreadful past 5 years and 5 uncertain years to come.

Till we meet again YDK Tun,

I remain, Yours faithfully,

Dear Tun,

This article demonstrates your exceptional quality to analyse and explore possible solutions by thinking out of the box which is why you have come up with so many ideas during your administration.

There is no guarantee that every idea will work but it should be examined carefully before being written off especially when the world is currently facing unprecedented trouble at all fronts.

Sometimes some ideas may not work but could do wonders with a little adjustments here and there. The ability to think out of the box is the quality needed in these new era where only change is constant.

Kindly continue to write, even if your advice may not be taken up directly, it could be beneficial to other readers who took it up in their own way.

Salam TUN.

Saya pun agak kurang arif pasai financial. Tapi apa yang TUN cuba perelaskan disini faham lah jugak. Saya teruja dengan pemikiran dan idea TUN di Para 14&15.

copy & paste.

14. Perhaps I can make a ridiculous suggestion. Why not make all Malaysian trade payments in Malaysian Ringgit?

15. We are a big trading nation. We export more than 200 billion Ringgit worth of raw material and manufactured goods and we import slightly less than that. Traders cannot just ignore us or boycott us. They need our exports and they need to sell their products to us.

Ini lah contoh seorang pemikir. Sentiasa 'Moving Forward'. Sentiasa ada matlamat baru. Inovative. Quality ciri2 seorang pemimpin yang unggul, berwiba dan bewawasan. Bukan "pi mai pi mai tang tu jugak"

Tapi saya yakin idea TUN ini tidak akan diterima oleh Pak Lah dan para penasihat2 nya. Sebenarnya mereka2 ini pun bukan tahu nak buat macam mana. Nak mula dari mana. So, mereka pun cakaplah perkara ini tak sesuai dan berbagai2 lah helah lagi.

Selalu begitu lah yang berlaku dari sejak mula TUN jadi PM. Banyak idea TUN di curigai, tapi akhir nya ia nya amat berjaya.

Tak pa lah TUN, depa tak terima cadangan TUN. Lagipun penasihat2 Pak Lah pun bukannya sehat2 pun.

Tak dak masa nak pikiag hal2 rumit macam tu.
Selamat berbuka puasa pada semua kekawan chedet.com.

Saya sentiasa positif akan permikiran TUN.

TUN,

Kalau tidak silap..dulu tun ada advised fasal dinar emas ini dulu. kalau kita mahu ekonomi strong, Ringgit kita strong maka kita kena sandar pada emas. kita cetak ringgit based pada reserve emas kita, bukan pada dolar Amerika pemalas dan penipu itu...

Our economist mana TUN? boleh fikir revolution dalam sistyem kewangan kita.

kalaulah tun masih memimpin negara.....

(kami lah akar umbi UMNO...kami yang ramai-ramai ini. Bukan pengampu dan pak turut semua tu...mereka akar yang dah memanjat dahan.

Selamat hari raya TUN

Salam Tun and readers,

Tun your opinion is based on facts and figures ... so it is not ridiculous...

Myself and the rest is much more ridiculous coz not knowing the bigger picture of our economy scenario... mostly we only depend info from media...

From my reading of ur article, i understand that (layman term only, sorry for any wrong terms used)

Generally,

-Technical economy skills alone cannot withstand the power of Leadership experience gained by TUN

Technically,

- Use Purchasing Power ;
in this case we as the seller demand solid requirements in using RM as trading currency

- Don't use Single Currency as curency preference
in this case use "A THING" that is more significant; meaning the value intervals from the max to min is very slightly
and the most suitable "Thing" to make as preference is GOLD

Tun, the idea is very brave ... i hope u said it loudly as media will report it and THEN Pak Lah or anybody from "there" will listen.

TQ

Dear Tun,

I can sense that your idea could be a brilliant proposition. People could ask why Ringgit? This is a very simple logical theory where we can use our currency for trading payments. Sometimes, I like your thinking of reverse perception or "out of box" where public luxuriously pretend to ignore the need. Why we always follow the book even though we know that we are capable of making something different and better-off.

I just salute you Tun as it is very few who could creatively imagine the idea being proposed. Being an economist myself, I somehow agree with the use of Ringgit as the trading payments just like Norway. They insist trading payments in their currency which is good to maintain stability of currency rate.

Having a dinar gold is also a great alternative. Just like to say, everything must be backed by something or else the value of something may just be undefined especially US dollars.

Anyway, Selamat Hari Raya AidilFitri to Tun and Family

By nusams on September 25, 2008 3:21 PM

Assalamualaikum Tun,

US dollar is just worthless paper money. It's still of 'value' now because people are still trading oil using US dollar. But come a point when the oil reserve depleted or when oil producing countries decided to trade with other currencies, that will be the end of dollar. That's what Bush's war on terror is all about, control over oil, because there's no other way to save the dollar.

Using gold dinar would indeed be in line with the prophet saw sunnah in addition to the other benefits you've mentioned.

Demanding payment in MYR will make us a stronger nation.

These are great suggestions Tun. You are the best Tun.

Selamat Hari Raya to you Tun, Tun Hasmah and rest of the family.

Salam Tun,

Kalau saya boleh memilih, saya akan pilih gold dinar.

Contoh paling mudah ialah, jika saya pewaris harta dari nenek saya dan mewarisi sejumlah wang yang nenek saya letak di bawah bantal sejak 30 tahun lalu, tentulah wang itu sudah tidak laku lagi kerana ringgit selalu bertukar rupa dan sebagainya.

Tetapi, jika saya mewarisi emas, tidak kira berapa lama atau fesyen emas itu, tentulah ia masih lagi bernilai dan senang pula dicairkan (ditukar kepada tunai) bila diperlukan.

Jadi Tun, memang Tun seorang yang bijak dan penuh dengan ilham kurniaan Allah s.w.t. Syukur alhamdulillah...

I think we can opt to trade in Euro nowadays as it appears more stable and has a more steady nation. But many traders still prefer USD.

And I would support trading in RM too as it's a good way to support our own currency. To create some demand for it.

As for referring to gold as a standard, I believe it's better than referring to USD as USD is other's currency. And going back to rate our money by gold, silver, copper might be a good idea though. As the saying 'back to basis'. before it's too late, happy EID tun!

Salam Tun and Selamat Idul Fitri
Pak Lah cuma habis belajar agama kat UM, Najib pula tak habis belajar kat UK dan kena balik kerana nak masuk politik. Mana depa tau pasal ekonomi. Malas nak ambik tau.
Kedua-duanya, PM dan TPM memang tak qualify nak jadi MK. Cuma yang depa tau bila harga minyak dunia naik mendadak, harga petrol diesel mestilah naik mendadak, hati rakyat pun terus mengelegak. Tapi bila harga minyak turun mendadak, harga petrol/diesel cuma turun seposen (orang Kedah kata sekupang) ja. Awat depa ingat rakyat Malaysia syok sangat ka? Apalah nasib malang rakyat Malaysia, mempunyai PM and TPM yang mentality sekupang ja.

Dear Tun
Your comment on the RM PEGGING is great, but TUN don't expect those numbskull to heed your advise for facesaving. They rather let the country economy go to drain than taking positive steps for recovery. Tun it's already more than 6 months since the GE/Election, but till today no concrete nor positive steps taken to elevate the Middle, Lower Income and the Poor of their sufferings. What the present GOVT. does is just like patching potholes on our road surface. Also the phrase always used by our Domestic Trade and Consumer Minister "Let The Market Forces Determine The Price Of Consumer Goods". Doesn't he know that this will encourage unscrupulous Traders and Businessman to raise the prices as they like. Take for example Rice, till today the price is still skyhigh and no action taken by the relevant authority.
Tun I would like to wish you and your family "SELAMAT HARI RAYA " MAAF ZAHIR BATIN . (A bit early)

Dear Tun,

I think it's a good idea to demand payment in Ringgit + to force the conversion to Dinar now. But like you said, too many countries hold too many USDs as reserves + can't afford to see the value plummet to nothingness.

"18. This may sound like a ridiculous suggestion. But not being a trained economist or financier I can allow myself the privilege of unorthodox thinking."

It's not ridiculous at all.

Einstein said: "No problem can be solved from the same level of consciousness that created it."

As most of the economists / financiers are thinking at the same level, it's quite logical to conclude that they will go crashing down, as they historically do.

This bailout by the US is just like minting money. Like how the Japanese minted Banana paper. Maybe some financial wizardry will make all the real problems of defaulted loans melt away. But the fact remains that many ppl that have lent money are not getting it back. There is also not enough money to be borrowed anymore. Minting money traditionally causes hyperinflation, think Zimbabwe. With the current crisis in the US, probably stagflation.

I think it's a good idea.

BTW, I dun think Najib finished his Economics degree in Nottingham. But with Nazir, maybe they can figure something out. That is if Nazir truly built CIMB to where it is because of a real competitive advantage + not just from protectionism + "connections".

Thanks for sharing your thoughts. If only our Prime Minister can even begin to grasp some concept of economic management. But he's too busy ceding territory to Singapore?

Wishing you a pleasant day.

Warmest regards,

Jed Yoong

Pandangan yang bernas dari TUN. Saya pun bukan ahli kewangan, tetapi rasa juga kita harus menggunakan dinar emas. Kembali kepada agama kerana itulah penyelesaiannya.

Saya juga berasa kecewa apabila cadangan penggunaan matawang dinar tidak dilaksanakan. Saya memohon pihak yang berkenaan berusaha secara serius dalam perlaksanaan sistem matawang dinar dan bukan setakat berforum dan selepas itu senyap sahaja.

Sebab dinar emas tidak akan susut nilainya walau apa pun yang berlaku.

Salam Tun and everyone

It is a good point you're trying to establish in here Tun. With your experience managing several economic downturns and recessions during your prime time, your expertise should be valued by the parties in charge over the economic situation the nation is facing today. Some of the respondents mentioned about your proposal on the use of 'Dinar' which you had voiced out during your tenure as the PM. As a non expert over financial matter, it doesn't take me years to understand why this very good plan has not being implemented to OIC countries like Euro on EU. Your call to define terrorism too was not well received by these nations Tun.

Often an economic cycle will experience a recession (at least) in every 10 years or so, and as such this so called global recession is much anticipated by economic experts years before and the impact is likely on Malaysia and other Asian countries after the 97/98 downturn. The only thing that's different and must be given extra attention and detailed studies is the reason or course of the recession. This time it is due mostly to the US economic situation which unsurprisingly has becoming bad to worst under Bush administration. Those who kept an eye over the matter should be aware of this and appropriate steps and backup plans must already be prepared to cushion the impacts in the previous years. As a small country whose economic depends heavily on the US (the US is our biggest exporter-correct me if I'm wrong), this is not something to be kept aside.

I believe in our current leaders and experts and their expertise. They have the knowledge to face this global situation and some are with experience too. The only thing is for them to have the courage to express and execute the best solution. Nevertheless, let us pray to God for Malaysia to be strong enough to endure this worst economic recession since the Great Slump. Insya-Allah.

Anyway, wishing you and your family a very good Eidul Fitri this year. Salam.

satu perkara yang amerika lakukan ialah bail-out.kalaula la ni Tun still PM,for sure tun akan tempelak Bush kerana meniru apa yang Tun lakukan.Ini terjawab segala tuduhan2 buduh Anwar Ibrahim yang sememangnya langsung tidak tahu untuk bertindak menyelamatkan negara apabila saat2 genting.langsung tidak tahu untuk menyelamatkan beribu2 pekerja terutama orang melayu yang bekerja di syarikat itu.
apa yang cuma anwar tau,cuma kata2 kerajaan nak tolong kroni,kerajaan menyalahkan duit rakyat,etc.

cadangan Tun tradepayment dalam Malaysia Ringgit ada bagusnye untuk menyeimbangkan dan

menguatkan kedudukan RM dalam keadaan ekonomi sekarang tapi rasanya sukar untuk TPM untuk bertindak kerana baru memegang Kem. Kewangan. Mungkin TPM & Nor Yaakob boleh merujuk kepada Tun dalam hal ini.

cadangan mengurangkan kebergantungan terhadap USD ada baiknya tapi berani ke Malaysia mengikut saranan Tun yang lain itu? apakah Bank negara sanggup mengurangkan reserve USD? negara2 seperti Singapore, Australia sedang dalam mengelabah giler bila USD jatuh. negara yang kononnya di banggakan oleh pembangkang terutama saudara Anwar Ibrahim yang sentiasa mahu di temuramah oleh Australia Press.

Cuma saya masih yakin bahawa kedudukan kewangan Malaysia masih kukuh tetapi perlukan anjakan ekonomi iaitu urusan perniagaan, projek2 dalam negara perlu di perhebatkan agar rakyat terutama peniaga tidak terasa akan kegawatan ekonomi. biarkan ringgit Malaysia berlegar dalam negara. contoh apa yang Tun lakukan dulu, mulakan dgn kerajaan lonjakan aktiviti ekonomi, then selepas itu, disusuli oleh pihak swasta. maka, rakyat tidak sangat terbeban dgn kegawatan

SEKIAN, SELAMAT BERBUKA KEPADA TUN SEKELUARGA. Kepada DMM (Dat. Mukhriz Mahathir) teruskan perjuangan anda. pada anda terletak masa depan Malaysia.

You'r gifted by Allah SWT with brilliant ability even all world's leaders admire you. Conversely after your relinquished the PM post the situation become haywire with the worst uncertainties of economic+political situation.

Everybody admits your efforts during economic turmoil crisis 97-98 were fruitful, but conversely Badawi who are so arrogant never attempt to implement or apply any steps taken by you such as pegging or any other means.

Since Najib (also known as "yes man") is now a so-called Finance Minister the answer still "exactly same" with Badawi's thought on pegging when he was a Finance Minister. Tun, if you remember I posted a comment saying that there's no reason of power transition by meaning of swapping the positions between them... still & never change in economic policy for nation and country...

My company trading using RM. If they want our products they take it, that has been our practice for years and it's safe. We must remember that all raw materials, costing are in RM, obviously we will make loss if we trade it in USD, especially after USD fell to 3.20 last time. Anyway, I agree with you Tun, these need a thorough study, not a short review where we don't know where they pluck the figure then announced by the Governor on the 23rd Sep 2008. I propose we look at our capabilities in terms of money market and trading of goods, define it statistically then we know. Likewise you Tun, I am not an economist but at least I know what need to be done before making such a decision. Remember, US is the biggest economy, they are like a volcano ready to erupt. It doesn't mean when we leave the currency float we don't interfere. Economy rarely work by its system, it's government to play their role.
By sykes on September 25, 2008 3:37 PM

Well I remembered Tun, you suggested this idea (gold backing) when you're the PM. As always your thinking is 10 to 15 years ahead of most people. So sorry to say no takers especially by the rich oil laden countries since US already have them by the @#>@.

Dear Tun

Too bad we comes down to this situation, it took us few years to regain our economic position (I think your pegging to USD then was a splendid & parctical move), yet our current economic/financial is now badly effected due to global reaction. So the ABD bunch of bunch of 'unauthorise', un-qualify, uncountable and 'unapproved' advisor focus how to attain oru market postion, his only advice is 'time for rakyat to tighten our belt' and revise government expenditure. Either ABD is ignorant or plain selfish, the rakyat been tighten our belt since 1 year ago, and sad to mentioned Tourisme demanded another more millions so call to finance their project for attracting overseas tourisme.

Sorry .. this is out of topic, but I'm frustrated. When Azlina was Minister of Youth she demanded to build a sport complex in UK that eats to billions, now.. tourisme... She does know how to spend.

BTW... demanding payment from overseas custome in MYR is very very good. Our company been start doing this since the USD depreciated badly.

Cheers Tun.

Salam Ayahanda Tun. I saw horror on CNN just now. George W. Bush Jr. is no ordinary idiot and by all means he is no run of the mill fool. And when an idiot and a fool could place horror look on his face, you know that it's really the big one coming. The cost to jumpstart the US economy is now publicly at USD700 Billion. That's one big fat behind, which could throw out a huge tsunami when it jumps into the waters. Though well spin and muted, but a certain neighboring country is feeling this bail-out brunt in a big way already. Few say Bush had projected for this to happen (but never at the extent it had unfolded), so that he could pull wool over Congress with the bailouts. If that is correct, I hypothesize that the US is indeed in a "control leap" position. But to trade internationally in our VERY OWN RM is a morale boost for us merchants who earns our living out there. There is simply no describing the joy, should the idea sell through. Out of the box, and classically Mahathirnomics. Whatsoever the case maybe, optimism runs high that Najib is tuned in to the right frequencies and truly recognize what he is burdened with.

By JJJ on September 25, 2008 3:52 PM

salam Tun,

please correct me if I'm wrong..

The DINAR EMAS proposal was mooted when you were still in office and plans were made to implement it when you leave office and become the chairman of OIC in 2004.

The currency would be used for trading between Muslim countries and Iran was heavily in favour of it.

The US knew it was detrimental to their interests and blocked your appointment via proxy (some Gulf Arab states..)instead proposing for DSAAB (of all people!)to become the chairman of OIC.

You see,the US knew back then that DSAAB was a lame-duck and would not represent a threat!

How I wish you were at the helm of OIC..

To DNTR,

please appoint Tun as Advisor now!With the three of you (DNTR,Tun and TS Nor Md Yaakop) I am very sure the country's economy will be in good hands.

PLEASE DO THIS FOR THE SAKE OF THE COUNTRY!

Now what we need is for someone to sell this excellent idea to Najib or Tan Seri Zeti but make sure to ignore Pak Lah interruption.....

At least we can see that our Ringgit Malaysia is valuable not like US Dollar.....

Just imagine what will happen when China and Japan start to reduce their reserve in US Dollar.....what will happen to our currency????

At this moment China, Japan and Taiwan are the biggest holder of US Dollar currency.

We must wake up to the reality that happen in the financial world nowadays.....

The bigger you are the harder you fall...like AIG, Lehman Brothers and Merill Lynch.....Did anyone of us really thought they all gonna be facing bankruptcy???? None....

Assalamualaikum,

Saya suka tentang cadangan Tun yang memaksa pedanag2 untuk menggunakan ringgit sebagai matawang apabila mmebaut dagangan denagn barangan kita. rasanya kalau itu menjadi, sudah kaya Malaysia ini.

Tun,

Saya hendak bertanya kepada Tun. Bolehkah UMNO pada hari ini menukar dasarnya dari dasar bangsa Melayu kepada sebuah parti yang menerapkan dasar Islam?

Jika menggunakan Islam sebagai dsar iaitu Al Quran & Sunnah, sokongan Melayu akan bertambah. Malah apabila ktia berkata tentang Islam, ia tidak hanya tertumpu kepada Melayu sahaja. Ia akan melibatkan bangsa2 lain yang turut menganuti Islam seperti Cina dan India Muslim. walaupun majoriti mereka sedikit di kalangan muallaf, tetapi undi mereka juga penting sbg rakyat Malaysia.

Adakah UMNO perlu ubah dulu orang2 yang menjadi kepalanya, baru boleh menukar dasar ini?

Tun,

Satu lagi soalan. Kenapa sampai 51 tahun kita merdeka, Melayu masih lagi tidak kuat. Maknanya Melayu masih tidak dapat menguasai semua bidang di dalam negara sendiri, terutama perdagangan, perindustrian dan perniagaan. Sumber keti-tiga cabang itu dikuasai oleh bukan Melayu pada hari ini, dan adakah ini semata-mata Melayu masih gagal menguasainya? Kenapa kerajaan tidak boleh mengubah? AP kenderaan import sbg contoh banyak dikuasai oleh orang Melayu, dan sebab itu ramai Melayu mula berdagang kereta. Tetapi hiliran dari itu, Melayu juga masih gagal menguasainya seperti spare parts dan servis.

Apa pendapat Tun?

By Zubli ZainordinAuthor Profile Page on September 25, 2008 3:57 PM

Dear Tun Drr Mahathir Mohamad,

You gave quite a low rating on Abdullah Ahmad Badawi, as also a Finance Minister of Malaysia.

How do you rate Mohd Najib Abdul Razak, in also the same portfolio now.

To me he is just an echo, not a leader, for being too close and too long in Abdullah Ahmad Badawi's Chorus Team.

Assalamualaikum Ayahanda Tun n Bonda Siti Hasmah,

Sebenarnya apa yang Tun cadangkan ini itulah yang sebenar-benarnya halal dan sah di sisi Islam iaitu perniagaan menggunakan suatu yang bernilai iaitu Emas dan perak. Kalau saya masih ingat sebelum Tun bersara, Tun ade mencadangkan supaya kita banyak menggunakan dinar sebagai our medium untuk business kita dengan negara Islam atau convert matawang perdagangan kita dgn matawang yg lebih stabil Euro untuk perdagangan dgn luar.

Tapi apa kan daya tun, umat Islam pada masa sekarang ini adalah sangat lemah. Semuanya takut kat Yahudi n USA. USA n Yahudi akan serang kita kalau kita tak gunakan USD. Tu sebabla mereka berperang suruh satu dunia pakai sebab US tahu walaupun diaorg tak emas but still dia boleh printkan matawang dia sebab takde siapa yang berani lawan.

Selamat berpuasa dan Selamat Hari Raya.

By reimy on September 25, 2008 3:59 PM

Salam Tun

Saya bukan pakar dan juga kurang berminat dalam hal2 berkaitan currency atau ekonomi. Tapi kesan dari kemelesetan ekonomi atau kejatuhan nilai matawang akan memberi kesan kepada negara dan juga saya sendiri. Contohnya kenaikan harga barang, inflasi, atau apa saja yang berkaitan keluar masuk wang dari poket saya..

Cadangan Tun atau idea tun perlu dipandang serius dan dipertimbangkan. Economic downturn during 98 has give significant impact to our country but u as a PM has bring Malaysia out from that problem without any help from other country. You have the experience, our current PM not so good in this field and the deputy cum finance minister is still learning (maybe lah). So better they ask for your opinion before make any decision (hopefully). Malu bertanya sesat jalan..

Maybe the rakyat dont understand about the pegging, currency, etc..but any change in all of that can effects all of the rakyat.. If the rakyat not happy... well u know.

Selamat Hari Raya untuk Tun dan Keluarga..

Salam Tun,

14. Perhaps I can make a ridiculous suggestion. Why not make all Malaysian trade payments in Malaysian Ringgit?

I like this ridiculous suggestion!!!

There are oversea companies that trade using their own currencies.

I dont see the reason why we cant do the same.

By zairyouAuthor Profile Page on September 25, 2008 4:00 PM

Salam Tun Dr.Mahatir

I am not an economist by profesion , but I am very attracted to

your suggestion that trade transaction be made in Ringgit

Malaysia.The main constrain is that our country also provide

service to other countries example involve in large construction

project overseas and we also need services from other countries in

the buiding of infrastructure in our countries.

Hopefully this ideal would be studied seriously, economic solution

not necessary come from economic expert.

We somehow have to think out of the box. Barter trade system may

also be implemented in conjunction with trade transaction in

Ringgit or currencies of Major trading countries. Instead of using

Gold or US as transaction unit ESSENTIAL FOOD COMMODITY / FUEL OIL

be used as a mesuring unit.

It is a good time for us to have a brainstorming session on this issue.

By ZACHARY64 on September 25, 2008 4:02 PM

aswb TUN,

A very brilliant idea. But I must say it is a high risk approach.

But you have proven to be a financial maverick before during 1997 economic crisis, you have formulated an unorthodox approach to peg RM to US\$ with effective results. WHY NOT ??? WORTH FOR THE BANK NEGARA & FINANCE MINISTRY TO CONSIDER. BUT THESE PEOPLE ARE NOT LIKE YOU

TUN,BCOS YOU ARE A RISK TAKER AND THEY ARE RISK AVERTERS.

WELL, FORTUNE FAVOURS THE BRAVE, YOU TOOK ALL THE RISKS BEFORE AND YOU HAVE ELEVATED OUR COUNTRY TO THIS HEIGHT.

KUDOS & BRAVOS TO TUN.

By ZINNZAIN on September 25, 2008 4:04 PM

YAB Tun,

I disagree with you when you said that what you suggested about the Ringgit be the mode of payment for Malaysia's trade being 'an unorthodox thinking'. Instead, I think it is a brilliant idea. It would raise up the value of our currency apart from being a brand name known to the world.

The decision by the Finance Minister to not re-pegging the Malaysian Ringgit is seen as a decision made after not much deliberation made by the so called panel of experts (assumption).

This could lead to a possible bad consequences to our economy later.

We have a genius, eventhough not a trained economist or in finance, in the form of former PM, Tun Dr Mahathir, who has proven to the world how to overcome the Financial Crisis of 1997, and yet, the present administrators chose to ignore him! What a shame and what a waste of talent! Tun have the best track record. Nobody can deny that!

If approached, I am very sure Tun would gladly provide your advise and opinion on how to best tackle the impending financial turmoil that is going to hit our country in the future.

'If you don't know, you ask, otherwise you might get lost'. 'Segan bertanya, sesat jalan'. Jangan pulak tak tau tapi buat buat tau. Janganlah jadi egoist or Bodoh Sombong.

We are dealing with the future of our coutry. Please make the right decision otherwise we and our future generation will be paying for the mistakes made at this point and time.

Selamat Hari Raya Maaf Zahir Batin kepada YAB Tun dan Bonda Tun Siti Hasmah serta fellow Bloggers.

unorthodox thinking....

Yap, sounds good. Why not? But why didn't you think of it when you were in power. It would have been easier to get it studied and implemented. Perhaps you were too busy to let your unorthodox thinking flow then.

P/S : although I may not agree with most of your views, but have to agree that current PM is no match in your thinking. Smart Brain. Blessed by God. Please put it into good use, for the good of the nation, all races, with sincerity.

Tun,

1. Najib 'Si Lembik' ni nak tunjuk yang dia tu 'TOUGH' tapi sebaliknya dia nampak macam 'Si Bodoh Sombong!'
2. Dia lupa yang kita semua tahu dia cuma NAK IMPRESS BOSS DIA AJE IN KEEPING WITH HIS MANTRA, i.e. TO SUCK-UP TO PAK LAH NO MATTER WHAT "AS LONG I GET TO BECOME THE PM, EVENTUALLY (HOPEFULLY?!)"
3. Sadly, Najib does not realize that Pak Lah's 'BOYS' is "TAKING CARE OF HIM!" ('the 4th floor boys' 'STANDARD RESPOND' when replying to Pak Lah's various questions, quesries, and problems...)
4. Anyway Tun, "I am not in the business of advising the Government. When I mentioned the advisability of pegging the Ringgit, it was in answer to a question posed by a reporter. If the Government noticed the report I would feel flattered.", be rest assured that they are listening to you, intently, BUT TOO FOOLISH & EGOISTIC TO ADMIT YOU ARE RIGHT, AGAIN & Again...!

Selamat Berbuka Puasa to Tun, Tun Dr Siti Hasmah, & family!

Tun, do not expect the numb-nuts and the dim-wits in Putrajaya to understand your wisdom in this subject matter. Malaysia can demand the respect it deserves and is able to do so, but as long as we have incompetent leaders and non-visionaries in office, nothing will change the lot of our country.

The gold dinar idea is not new and has it's origins in Islamic hisotry. It is the single best way to prove the worth of a currency. Kudos to you for being bold and daring. We only need people in gov. who can walk your talk.

This field is something that I know nuts about.

I risk coming out as a clueless ignorant idiot with an unhealthy dose of bodoh sombong, should I come up with comments regarding the matters mentioned by Tun Mahathir here

But that's okay I guess, for I am just an orang kampung (who is armed with a laptop and Celcom GPRS 53.6Kbps connection); and is not expected to come up with any solutions. Nor tasked with it.

However, the same can't be said of those in power - people who are expected to understand the various situations AND to come up with the right solutions.

But this current administration has failed - and miserably too!

Like me, Dollah Badawi is clueless and ignorant when it comes to economic and financial matters. But unlike me, he is bodoh sombong, which is unfortunate, really, for this is the fate of a country and the well-being of its population that he is bungling with!

By the way, Tun:

THANKS for allowing me to self-promote my site, Cendana Blues: Addicted to Politics in one of my comments here about the last Umno Supreme Council meeting. From 800 hits in nine days, it went up to 2,000-plus within 24 hours.

Dear Tun,

None of the currency in the world can achieve a stable value, as the value of it depends on demands. If a country which currency is highly demanded but not supported by a strong reserve, there is high risk of losing it's value. Yes dinar may be the answer to it. But i am sure if all the countries start to adopt dinar as currency in their trading, most country will start accumulating gold as their main reserve. This will eventually push up the value of each gram. If this happen, the exchange rate between currency of each trading country with dinar will be fluctuating and become unsatble. This is of course will be beneficial to those countries with plenty of gold as their natural resource. In Malaysia, we do not have such advantages. So i dont think by switching the trading currency from USD to dinar will be an advantagee to us.

Again, the fluactuating value of USD may not be so harmful if we can keep our trading balanced. This is because both our import and exports are in USD. So only the difference will be affected by the change in the value of USD. I am an economist but this is only my opinions.

Thank you.

Brilliant as always! By the way, Pak Lah mentioned back in July (if I am not mistaken) that the petrol price will float and the government will subsidise 30cents from the market rate. I don't see the market rate being announced anymore 'coz I think if they do follow what they have committed, we should be paying less. Also, I don't see reporters bringing this issue up during press conference.

Dear Tun,

Not being an economist nor financier but have an unorthodox thinking like you, Tun. Let all of us go back to the ancient time when trading is transact in barter trade basis, and the balance of the transaction shall pay in gold or diamond. Then it will be so real for us to hold the value of the gold instead of just a piece of USD in paper. ha..ha..

I am still remember what Tun have said before that if all the nations pullout their reserves from USA, the country will go bankruptcy immediately. I am really feel skiptical why people are still using USD as International Currency?

Why so humble all of a sudden?

"I am not in the business of advising the Government...", "I am not an expert in this area...", "Perhaps I can make a ridiculous suggestion...", "But not being a trained economist or financier..."

Your unorthodox thinking have saved the country many times especially during the late 90s. By pegging the RM and spending the country's financial reserves building Putrajaya, KLIA, Twin Towers and the F1 Circuit, among others, have kept everybody in business and tourists, and cash, flowing in. Skeptical methods but it worked.

If only the people in Putrajaya learnt to take the risk and not being too conservative in their approach. And if they are willing to read your blogs once a while. I'm sure they do but they are too strong-headed to follow your advice or give you the credit anymore.

Our RM and economy is fast flowing down the drain.

Dear Tun,

I certainly hope Dato Seri Najib knows what he is doing and has done the necessary assessment with the economy experts like Tan Sri Nor Mohamad Yakcob.

The problem in US cannot be solved even with the bailing out by their FED at \$700 billion. It can only delay the burst of the great bubble.

It is too much to expect the PM or Finance Minister to do like what you do proposing the gold dinar in OIC. We are happy enough if the government can keep the economy running at growth rate, low inflation and politically stable. We shall see whether Najib is fit for this job.

Rasanya elok Najib tanya dulu siapa2 yg lebih arif dlm bab2 kewangan dan tidak hanya berpandukan pada timb menteri, KSU, gabenor bank yg sekarang ni. Klu malu sangat tanya adik sendiri, boss CIMB! KAEDAH MENINGKATKAN PERMINTAAN RINGGIT (CADANGAN CHEDET)

1. Melalui kaedah ini segala jika negara luar ingin mengimport barang dari Malaysia maka mereka terpaksa menukarkan matawang dengan RM.
2. Ini akan meningkatkan permintaan RM di pasaran dunia.
3. Apabila permintaan RM meningkat maka secara automatik nilai RM akan juga meningkat.
4. Bagi saya ini merupakan salah satu option yang boleh digunakan dan tidak mustahil. Namun, adakah kerajaan akan mencuba cara ini?

Selepas mengurangkan jumlah Menteri-Menteri Kabinet kerana ramai yang kalah PRU lepas, jawatan Penasihat Bertaraf Menteri pula timbul. Macam biasa yang ini adik-beradik flip-flop.

2. Isu Teresa Kok nak gelak pun ada. Bila dia cakap "makanan seperti anjing" lepas tu buat bising di beberapa jabatan nampak sangat mutu MP yang kita ada hari ini. Buat press statement cakap ada hari dapat makan ayam, telur rebus 2 biji dan macam2 lagi, nampak macam mewah pula. Sebab orang biasa pun makan telur rebus sebiji satu hidangan. Ringkasnya senang, sendiri cari fasal, sendiri tanggung.

3. Minyak yang dijangka turun. Saya ingat dah lebih 3 minggu dah minyak di bawah paras US110. Semalam minyak naik lebih US120 tapi pagi ni turun semula ke US106. Macam2 perbincangan nak dibuat sebab nak bagi turun harga minyak. Masa naik dulu tak payah fikir panjang pun. Tak payah tunggu pun. Mungkin nak tunggu minyak naik semula cakap tak jadi turun atau macam TUN cakap tunggu ada satu lagi Pilihanraya Kecil.

Salam Tun,

I also find it strange that simply hours after enduring a one whole day briefing on his newly acquired financial portfolio, he announced 'categorically' there will be pegging of the RM today or the future. I would have thought some sort of research or discussion should have been had before making such a bold announcement.

His pronouncement that the economy is strong does not go down well with most Malaysians. The KLCI

had plunged by more than 40% since January this year. Unemployment is up. FDI are quickly leaving the country (despite some quarters contending this outflow of FDI simply indicates that Malaysian companies are simply diversifying overseas.) Well just maybe the reason why these companies are 'diversifying overseas' is because the political status quo in Malaysia is just not good for business. At total of RM38 billion has flowed out of the country in 2007. God only knows what the figure will be for 2008.

I also agree that the dollar is a bankrupt currency. It is only guaranteed by the US government with no physical collateral to back it up. Since America will be printing more paper money to bail out its economy, one can only fear the repercussions for the dollar in the near future.

Well, pegging the RM to a stable currency or a basket of currency is an innovation in the right direction especially if we're looking to stabilize our RM in the coming onslaught.

Better yet, we'll simply revert back to the gold standard. I see no wrong if Bank Negara decides to dump some of its US dollars in favor of certain precious metals.

/// 14. Perhaps I can make a ridiculous suggestion. Why not make all Malaysian trade payments in Malaysian Ringgit?

15. We are a big trading nation. We export more than 200 billion Ringgit worth of raw material and manufactured goods and we import slightly less than that. Traders cannot just ignore us or boycott us. They need our exports and they need to sell their products to us.

16. All we need to do is to demand payment in Malaysian Ringgit for our exports. We can require payment for our imports in Ringgit according to the current value in an international trading currency or gold. ///

Dear Tun - I agree with you here - it is a ridiculous suggestion. This is one of the silliest idea I have heard.

In terms of world trade, Malaysia is a pygmy and can't even compared with the tiny Red Dot down South.

Malaysia's 2007 exports = US\$181.2 billion (RM620 billion)

Malaysia's 2007 imports = US\$145.7 billion (RM500 billion)

Singapore's 2007 exports = US\$450.6 billion (RM1,546 billion)
Singapore's 2007 exports = US\$396.0 billion (RM1,359 billion)

So, how about pegging the Ringgit to the Singapore Dollar? This is not so ridiculous. After all, the Brunei Dollar is pegged to the Singapore Dollar. In fact, it is not just pegged - it is at parity and can be used interchangeably.

Just to show you how ridiculously small Malaysia is in terms of world trade, just ONE company alone, Exxon Mobil, has an annual sales of US\$390 billion (RM1,338 billion) in 2007 - more than the total exports plus imports of Malaysia.

Are you sure traders need Malaysia? If you insist on using Ringgit for the trades, they will probably tell you to go fly layang-layang and keep the goods to yourself. What can the traders buy from Malaysia that they cannot buy elsewhere? Maybe Tongkat Ali.

Assalamualaikum Tun dan Keluarga,

Saya ni pun bukanlah seorang ahli ekonomi, sama seperti Tun. Cuma saya ada beberapa cadangan yang mungkin merepek pada pandangan ahli ekonomi. Cadangan saya adalah:

1. Mengujudkan satu badan ala IMF. Dianggotai oleh negara2 yang ingin menjadi ahli dan mendapat faedah daripadanya. Emas akan digunakan sebagai sandaran. Seperti yang Tun cakap matawang X (special currency) akan digunakan. Matawang X akan di "fixed" kepada emas mengikut ratio tertentu.
2. Negara2 yang menjadi ahli akan menandatangani emas kepada badan ini. Nilai transaksi setiap negara adalah bergantung kepada berapa banyak emas yang didepositkan. Negara2 ahli masih boleh menjalankan urusaniaga dengan negara2 bukan ahli seperti biasa.
3. Adalah lebih baik sekiranya negara2 ahli terdiri daripada negara yang pelbagai latarbelakang ekonomi. Contohnya negara asas pertanian ingin mengimport dari negara asas industri yang menjadi ahli, tidak perlu membeli dari negara bukan ahli.
4. Kalau boleh janganlah ada sistem veto, jika itu berlaku badan ini akan menjadi seperti PBB dan IMF (menjadi instrumen untuk menindas negara lain)

Assalamualaikum Tun,

I agree that suggestion like pegging - which is an important tool - should not be simply dismissed without going thru the due thinking process.(A reflection on the level of maturity and wisdom). Time will tell whether it is a good or bad decision.

The idea of dinar was raised by Tun if I'm not wrong, during the 2003 OIC period. Sadly no one took the initiative to pursue the idea, which I believe should be given some consideration.

Lastly, I enjoy reading your articles and thoughts and simply find them brilliant. Keep sharing your thoughts and ideas - its like a long-distance mentoring session for people like us out here.

Tun, what you say does make sense.

I wonder why is Malaysia still holding USD as reserves? Other countries e.g. Japan and China has moved their USD reserves to other commodities , like metal, gold, ore, etc.

nevertheless, malaysia is too small to trade in RM. What is malaysia's trading volume compared to the trade volume in Asia? World? it would be better not to "tarik harga" about the RM at the moment.

However, what truly is important is that the people are vigil about what is happening to the world economy. The real recession has not hit malaysia yet, but if it does, it will be quite bad. Given the nature of the recession, it will be a long one.

The govt is too busy taking care of its domestic business, that this is not handled properly. it's sad that only a few people with brains work in the appropriate authorities. most of the MPs are useless when it comes to economics.

No matter what you said and commented, they will not follow.

They always think they have better minds (e.g., Oxford graduate and all the penasihat surrounding them). Even the best advise you presented and supported by top corporate figures will be shutdown. They won't tunduk to someone who keep bashing their 'not-so-brilliant-policies'.

Long live Tun, at least you gave many word of wisdom.

Some people can only give common sense advise e.g., "Rakyat mesti mengubah cara hidup dengan berbelanja mengikut kemampuan dan berjimat". These are common sense that any person can give. Top leaders should be able to inspire the rakyat with more meaningful advises.

Cheers and banzai!

Pegging MYR by dollar are just significantly risky by market behaviour now on. Seriously that Tun was drive by markat sentiment and bit worry MYR attach by USD forecasting. By the way , Dollar are againts gold price always become most solution to avoid this votality and drawdown market that flows uncertain for USD.

I know that Bank Negara (BN) was Playing with market Currency and still make money by the market sentiment . They are big role on MYR market move , perhaps we still relieving by stock of gold kept by BN and so on they still have pound, euro , CHF , JPY to deal with future market .

Tun,

I remember that U are suggesting another currency for Muslim Nation.

Muslim nation are almost greating by termendous stockpile that most country demanding for . If that happen , A new Dirham surely will beat USD , as Iranian President ask Japan to use Pound buying Oil stock from them . American President goes mad !

Hi Tun,

Again I find the so called experts behaving as if they know everything. I remember reading an article in the Singapore Strait Times during the Asian Crisis after the IMF came out with the rescue package for the Asian countries. It was written by an NUS lady professor about why the IMF plan was such an excellent plan. She wrote in a 15 point or so form and somewhere at about the 7th point she wrote that "after the inefficient companies have died and the foreign capital has revived the local economies then the local entrepreneurial spirit will flourish again and efficient industries will reemerge". This are the simplistic ideas that academics who have never run their own business always come up with! If you have been in business you will know that raising finance or even saving up the money takes years and years. So what she was agreeing to was actually dangerous to implement as by then a lot of local business would have lost their market share to the onslaught of the foreign MNCs and it would be years before the locals regain anything. So there was a big flaw at that point in her 15 point IMF solution and yet the Straits Times gave her a 3 page spread probably because she was a professor. One thing the Asian crisis taught me was that there were hundreds of well qualified experts who contradicted with each other and that it took a Malaysia doctor who stood up to them and who studied the problem and who came up with a capital control solution of fixing the exchange rate at a low rate to make exports competitive and then going about setting the interest rates at a low level to revive the local economy which for every month since has had a BOP surplus! And now our reserves are in excess of USD 100 billion when it was only about USD 10 billion at the time!! So now I see Bank Negara Governor Tan Sri Dr Zeti Akhtar Aziz statement saying that pegging the ringgit will be dangerous to the economy as displaying the same ignorant know it all attitude we saw all to frequently during the Asian Crisis.

Asalamualaikum Dear Tun

According to Najib after he sought some advice of experts over a single meeting, on the first day he became the minister of finance, he conclude that ringgit cannot be pegged against the US dollars. Almost the whole world is subservient to United States and the use of US dollars in trading. People thrust the dollars and that trust give values and standard to the dollars. When many countries do not have any more thrust on the supremacy of US and the dollars and stop using the dollars in trading then dollars will have no values. Tun, can we group all the muslim countries to used one type of currencies which we may suggest the use of dinnar. . We ask all our trading partners and the trading partners of all the muslim countries to use dinnars in all our tradings and making the dinnars finally stronger than the dollars and all other currencies. Many muslim countries are oil producing countries and certainly if they want to buy our oil and the oil from other muslim countries they will have to use dinnar. This idea used to be your ideas. It is a brilliant idea and I think the present leadership are not continuing with your ideas. Many brilliant ideas that you have started has been buried and wawasan 2020 has been discarded to wawasan 2050 which I do not why. Badawi start with his Islam Hadari with no action plan except talking and writing. His Islam Hadari is a mere waste of time. Islam remain the same and no other brand of Islam should be added. We have to start a program to make dinnar as our new currencies for all muslim countries and making it strong and to make the muslim countries to be less dependable on the currencies of the non muslim . At the moment I think we cannot run away from the influenced of dollars, Now many countries want to trade with us only with dollars but we can choose not to use dollars but to used other more stable currencies and we can pegged ringgit against that currencies. Selamat Berpuasa dan Selamat Hari raya maaf zahir dan batin dari saya

By Poh on September 25, 2008 5:31 PM

Dear Tun,

Like you I am not an economist. I took some credits in economics though. I think you explained the principles better than most of my lecturers.

Your suggestion that we trade using our currency the ringgit. I personally think it is a good idea. The more we export the higher the value of the ringgit as the demand for the ringgit would be higher. And of course if we export less, the value of the ringgit would go down. But the country that buys our goods (imports) needs to buy our currency. With what are they going to buy our currency? Their currency? Some currencies are worthless! If you could enlighten me on this.

Tun, I read an article sometime ago that you were briefed on currency pegging by none other than the current 2nd. Finance Minister. I understand that you did a lot of research before you made your decision. Why isn't our Najib doing this? Sorry, I should not be asking you.

Selamat berbuka puasa.

Dear Tun,

That is no doubt a brilliant idea. I think AAB and Najib failed to understand your objective and the effectiveness of this methods because they barely understand what is economy. They only know you have to "berjimat cermat". Economy down is due external problem we cannot do anything except "berjimat cermat".

They may even ask is it pegging the ringgit is by hanging the notes to a hanger if not how to peg ler. As you have mention, pegging the currency is not as easier as it sound. Due to shy, they immediately reject your suggestion.

So, Tun don't take it personal because is not your idea problem. It is their mentality problem.

Dear Tun

Iran is a good example. This oil rich country have found a new "weapon" to use against the US.

They have launched what they called Iran Petroleum Bourse and guess what, they use euro as the trading currency. This give them more advantage currently since euro is much more stable than USD.

This move not only annoyed the mighty US but in a way they have start economic warfare against the US.

No wonder the US is leading the world to sanction Iran by creating lies that Iran is developing a nuclear plant not for peaceful reason but for nuclear weapons! At one stage they even flexed their muscles to strike Iran.

Iran is not another Iraq. Their people is united, their leader is not a dictator. Their hatred against the US is their people jihad.

They had gone through many sanctions and they came out well and stronger.

They are 4th oil producer country in the world and cash rich (in euro)and of course they dont give a damn care with US pressures especially now with their crumbling economy.

No chemical weapons, no nuclear weapons, just change the nation trading currency to euro. We can learn something from Iran.

Selamat Hari Raya Tun and your beloved wife and family.

18. This may sound like a ridiculous suggestion. But not being a trained economist or financier I can allow myself the privilege of unorthodox thinking.

As ridiculous as it seems to the economists and the financiers...I find that rather amusing and it's a breeze of fresh air....:)

To DS Najib and whoever is reading this on his behalf,

Please invite Tun Dr Mahathir to your meeting, if it is ever gonna be another meeting of this sort to discuss this issue. You won't regret every minute of it, I promise!

Aid Mubarak ya Tun,

Mudah sungguh Dato Seri Najib berkata "we dont need the Ringgit Pegging" dengan hanya memberi alasan yang paling umum- "ekonomi negara masih kukuh".

Nampak sangat mcm nak bantah cadangan Tun. Apa ada dendam Najib pada Tun??

Saya rasa sebagai seorang menteri dan ahli politik sepatutnya beliau kata "Kerajaan akan mengkaji segala pilihan yang ada termasuklah mengikat matawang Ringgit untuk menstabilkan ekonomi negara"

oleh yang demikian, bila sampai ketika apabila kerajaan sudah terdesak dan terpaksa mengikat ringgit, tak malulah sangat pak menteri kewangan baru ini kerana terpaksa menelan ludah sendiri...

Idea Tun tak semestinya dapat menyelesaikan segala masalah ekonomi tetapi sepanjang saya mengenali tun sebagai perdana menteri, saya dapati tun selalu menongkah arus dengan idea yang tidak kurang mantapnya dan sekali sekala Tun dah impresskan rakyat dengan pendekatan yang tidak ortodoks Tun dalam menyelesaikan masalah ekonomi negara.

Seperti yang bloggers yang lain di atas berkata, Tun mempunyai idea yang datangnye dari luar kotak. (Thinking outside the box-kata omputeh) dan bagi saya seseorang pemimpin itu perlu lebih daripada

berfikir di luar kotak.

Seseorang pemimpin agung biasanya "gila" tetapi gila yang bertempat dan berpegang kepada pendirian yang teguh demi kepentingan rakyat dan negara. apa guna kalau ada pemimpin yg siuman dan nampak baik tapi negaranya hancur?

Pol pot sewaktu masa nazaknya telah ditanya adakah beliau menyesal dengan pemerintahannya dengan membunuh lebih sejuta orang.

Beliau dengan tenang dan jelas menjawab " My conscious is clear, I did it for the country"

Walaupun nampak ironic, tetapi pemimpin itu perlu fokus kepada negara, bukan anak menantu dan isteri baru!

1. Being unconventional does not necessarily means notorious. We may not have to be dependent thinkers, or dependent decision makers, and solve the problem in the same way as our predecessors'.
2. It needs a visionary to propose solutions based on future trends/needs, rather than merely reacts to current/prevaling situation.
3. Never take Malaysia as too small a nation to demand payments in RM. It is not just being brave, but being correct in self-appraisal. I would suggest a number of economists to start musing with figures and policies about Malaysia demanding payments in RM. Start the gameplan with games.
4. I do support the dinar concept. How much has anyone in the monetary policy cubes doodle on this idea?

Assalamualaikum Dear Tun

I think Najib is not a good finance Minister and will not be a good Prime Minister if he becomes one. I wonder why you like him before. He is greatly influenced by his wife and according to Muhammad saw, anyone who is under the control of wife cannot become a leader. Abdullah Ahmad Badawi is the same. We should not bring our wife in the management of our countries, our business as this will cause havoc. I like the way Tun Dr Hasmah acts when she is the wife of a Prime minister. I think in reaching the decision of not pegging the ringgit against the dollars, Najib only listen to his adviser. He should have consult you and bring you to the discussion with other experts . I wonder why they do not consult you. In this case Lee Kuan Yew did better than you by remaining in office as senior minister. Lee Kuan Yew knows the

behavior of his people, the people that will certainly discard him and his opinions the moment he leave office. For the sake of Singapore he remain in Office. You should have done this also

Salam Ayahanda Tun, the immediate focus right now would be on the UMNO MT. The key to all blunders is in there. As plainly evident now, their composition is on shaky grounds. There must be no let down on demands. In other countries, their citizens go to wars and stood up and took the bullets for their beloved land. For us Malaysians, we got our independence through negotiations, and for the next 50 years we were never bothered much by the running of this country. As fate brought it to us now, it has dawned upon us again, the honor to stand up for our country once more. There must be no let down. In the name of our pioneering ancestors and heroes, never must there be a let down! We owe this to our country. Our country needs us now, stop all that you are doing now, just stop- close your eyes and listens to her call. If there are no tears in your eyes, there must be one in your heart. The world has always been in turmoil, but get on a plane and arrive home all safe and warm. Now that turmoil is almost upon our shores, staring us in the darkness of its corridors, we must never let down our cause. Never!

Salam kepada YAB Tun dan rakan2 bloggers,

1. Saya berani bet, Najib tolak cadangan Tun kerana itu cadangan orang yang Dollah benci.
2. Kalau diterima cadangan Tun, Najib akan lukakan hati Dollah. Najib menunjukkan kebodohnya sahaja.
3. Jika betul apa yang diceritakan oleh TS M.Nor Yakcop tentang peranan dan komitmen Tun dalam krisis kewangan, maka Tun adalah orang yang paling tepat untuk dirujuk...Tun sudah menganalisis secara kreatif. Kalau harapkan profesor ekonomi atau kewangan pun belum tentu nampak jalan keluar kerana sudah trap dalam formula yang mereka pernah lihat sahaja. Mereka tidak berani cuba yang pelik kecuali jika dijalankan kajian dahulu...itulah sempitnya dunia orang akademik. Tun guna aplikasi...bukannya teori lagi.
4. Tun sudah pernah menjadi CEO Malaysia, pernah berjumpa pakar2, bertukar2 idea bernas, jenis bercampur orang dan cepat mempelajari sesuatu. Tun ada banyak idea tambahan pula sekarang Tun tidak ada komitmen lain (ada komitmen, tetapi tidaklah spt semasa menjadi PM dulu)maka sudah tentu Tun boleh meluangkan masa yang banyak untuk menyelesaikan masalah rakyat...bukannya nak please Dollah atau Najib.
5. Najib, please don't be selfish, think of us, think of your dad's commitment to the people and this country...
6. Dollah is not fond of you, you know that. At least the other ministers had shown their pity towards rakyat. I hope you insafli Najib.

Tun, being someone genuinely interested in our welfare, you still posted your ideas, even though Najib deliberately said no to your idea...jangan kecil hati, adik Najib masih takut pada abang tiri dia si Dollah.

Dearest Tun,

I believe pegging is good with the economics structure that causes the USD to be volatile. For a hit the take over of the USD government to AIG stocks with USD 8b billion does shivers the Wall Street which in the end cause a ripple to all the stock market of the world. Japan, Hong Kong, Singapore and ultimately Malaysia. Many more since the Iraq war until the present the economic structure even in the US is unstable and unsure.

Tun, please don't bondage yourself with the government in stopping your kind comments to improve the sake of Malaysia nations. You have the experience and charisma in venturing the uncharted course of the uncertainty in the steering of Malaysia economical development which overall may have a greater impact to the nation or in a humble self the "rakyat" as a whole.

I believe the impact of pegging will:

- Strengthen our ringgit as a whole.
- Increase patriotism
- Ensure a certainty of our economic financial planning for importers
- Gain creditability to our nation in term of trade balance confidence.
- Talk and walk our economic policy.
- Overall "rakyat" will be bless by the over flow of the surety as the return of pegging.

But the question is very simple do our present government has the same integrity like Tun, in marketing the concept of pegging to the world. How accepted the world in our current situation with our presence government confidence and political instability that has befallen our nation.

Does our PM Datuk Seri Abdullah Ahmad Badawi have the similar vision and standard of building the nation with of yours? Do they have the support of their presence mechanism and department to move inconsistence to the vision? Do they have a vision to tackle this uncertainty? Do they have difficulties in provide resolution in providing a simultaneous darts of problems attacking them in consecutively of action?

I agreed with you Tun, you have gone thru it and fight out with victory on the experience. On the other I am a bit skeptical on the direction of the present PM. Does he has the experience and foremost the charisma to drive us out of this economical holocaust without sinking the boat and sinking everybody in it.

Dear Tun.

Selamat berpuasa and Selamat Hari Raya.

Your vision and advice are valuable.

I am quite sure that the present monetary blue-print are no longer practicable.

The world need a new currency with its own value like Euro.

We probably requires a new currency for Asia...like Asianbi.

More than half the world population are living in Asia.

But 80% of the population are suffering...and living from hand to mouth.

It will be so much better if Tun can start the ball rolling with Asean plus Japan, China and India.

The very rich can just throw money like buying football club and players.

Many people in Asia can only afford one meal a day.

Very sad situation.

Hi Tun,

I have most of the time never agreed with you in the area of politics that was racially inclined but when it comes to the nation's economy I think you are right not only before but even now.

I am not an economist but I can understand what you are trying to tell our guys to do. We are egotists and so surely a person's ego is hurt more than the economy of the nation.

The idea of not using the US Dollar as an international trading currency is good but for Malaysia or for that matter for any other nation to use their country's currency just because they are trading in billions of dollars should not be the answer.

I am just thinking afar why not gold bullions be used internationally to trade through a currency which must be created internationally which should be the global currency for trading.

Good day.

Assalamualaikum TUN

saya tak berapa faham ekonomi ni TUN, tapi nak tanya sikit pada sesiapa yang arif, boleh ke seseorang yang berkuasa mengawal nilai ringgit? ye lah kan bila dah power semua boleh control seperti bank negara, bank bank, company besar besar, semua jabatan jabatan dan kementerian dalam negara. kalau boleh kawal saya nak tanya sikit:-

kalau saya power.

kalau saya ada duit USD100 juta pada june 2008 (3.1) saya akan control bagi rate jadi 3.5 pada sep 2008 dan jadi 3.8 pada dec 2008 so saya akan convert pi RM untuk jadi RM380 juta (70 juta dalam 6 bulan= 22.58%) lepas tu saya akan buat ringgit slowly jadi kuat sampai 3.0 pada dec 2009 pula dan tukar kepada USD jadi USD126.67 juta....kemudian saya akan lemahkan ringgit kembali biar jadi 4.0 pada june 2010 lepas tu tukar ke ringgit balik jadi RM506.68 juta..... soo dalam 2 tahun dari RM310 juta jadi RM506.68juta =63.45% = 31.72% per anum.....

saya tak reti ekonomi ni,,,tapi kalau saya ada power saya buat...he he he he

assalamualaikum TUN dan selamat Berpuasa agar TUN terus sihat hendaknya.

Hi Tun! I strongly support an orderly management of our currency. Pegging the Ringgit definitely would provide Malaysia the required stability considering the potential of the next financial earthquake coming around the corner; the last thing we want to do is to go round fire fighting in the financial frontline if/when it does happened. After all, a strong financial backbone will definitely be a good source of immunity to the Malaysian economy. When the Rakyat's pocket is healthy, everything will take care of itself in due course.

The strenght of our currency is definitely justified by the goods that we are able to produce and if we are able to produce goods that are strategic enough and cannot be produced by another country, maybe, perhaps maybe, we can demand that the purchase of these products must be in Ringgit. Nothing is impossible! As for the USA, their currency, in my opinion, is backed by their armoury. The weapons built through their wealth of knowledge and by acquisition of human talents(or capital). That's why we observe this nation to be a trigger happy one. Should there be an outbreak of PEACE, then it will be really detrimental to the American economy; who will want to by their arms?!!!! I believe the trading and manufacturing of arms is one of the biggest contributor to their economy. I stand to be corected though.

Salam Tun,

Tun dah foreseen benda ni lama dah. Sebab tu Tun sedaya upaya ingin Malaysia memegang tampuk OIC dimana kita boleh implement rancangan ini kepada negara-negara Islam sedunia.

Alangkah indahnya jika Arab Saudi setuju menggunakan Dinar Emas sebagai trade currency. Inilah rancangan pejuang Islam yang menangani ancaman yahudi secara bijaksana.

Tun, selamat hari raya. Semoga raya tahun ini bermakna bagi kita rakyat Malaysia.

Dear Tun,

When US government keep printing its notes in order to survive without any backing of gold and only backed by its banker can you imagine how are they going to settle their debts of more than 40 trillion. Now you see what has happened is that their bankers is collapsing one after another thus who will then back the US dollar? One day US dollar will become like our duit pisang at time of Japanese invaded Malaya. That's why now US has to rob other oil rich countries like Afghanistan, Iraq and soon Iran and not the poor North Korea. By invading those countries they will utilise all their stocks and unsold weapons and fleets by then they contra with the oil reserved of those countries. Really a desperate move..

Salam TUN,

Why every nation use USD as standrad trading currency? The main reason is "IN GOD WE TRUST" words were printed in US dollars. US is not only big Nation in terms of purchasing power but also as a producer. US are providing technology, defence and security to 80% of countries.

If US fail means = the entire world going into chaos. Look at

malaysia - 100% IT using US based Technology ,Petroleum industries using US Technology. Japanese ,China,EU and other countries ,all using US technology and blah..blah. SO PLEASE PRAY HARD "IN GOD WE TRUST"(USD). IF not we all become dead meat brother. One more example is just compare NYSE VS KLSE which is one that can reflex worldwide market sentiments! Currency is nothing BUT "TRUST" so do we have the WORLD TRUST!

Harap Tun dapat memberi komen tentang mutu pendidikan negara yang semain merosot kerana dari sistem penddikan la kita melahirkan insan-insan yang kini menjawat jawatan baik di sektor kerajaan mahupun korporat. Melihat kepada kebohohan ramai pekerja professional malaysia , seolah-olahtahap pemikiran rakyat negara ini secara majoritinya adalah macam hampas!! Yang bijaksana hanya beberapakerat dan slebihnya idea yang diciplak dari negara maju. Kita tiada jati diri dan kekuatan untuk mencipta sesuatu.

Kalau saya nak buat perbandingan antara pemimpin dan juga mutu kerja rakyat malaysia 30-40 tahun dahulu, agaknya 10 kali ganda lebih berkualiti dari yang ada pada masa ini. Zaman maju ini pemikiran mee segera menjadi amalan kebanyakan pihak.

Salam Ayahanda Tun. Maaf menyimpang keluar tajuk. Tetapi pada bacaan saya tentang perkembangan terbaru di dalam MT nampak macam ada usaha-usaha untuk membantut peluang politik Tan Sri Muhyiddin dan juga Tengku Razaleigh. Ada usaha supaya pertukaran kepimpinan tertinggi masih dilakukan secara "nego" lagi. Pada masa Tun dahulu cara ini dapat di terima kerana kredibiliti Tun yang benar-benar utuh dan mantap. Tetapi sekarang kalau nak sandarkan peralihan kuasa secara ini berasaskan kepada kredibiliti Presiden dan Timbalan Presiden, maka saya rasa ini jika benar-benar berlaku, akan menjadi permulaan bagi kemusnahan secara total UMNO. Mungkin juga ada cadangan supaya Datuk Mukhriz mendapat laluan mudah tetapi kena ada barter: endorsement Tun dalam usul "nego" ini. Saya yakin Tun tidak akan layan semua ini. Kalau berlaku penangguhan bagi mesyuarat UMNO hingga ke Jun tahun hadapan, bermakna politik ala Oxford untuk membeli masa telah berjaya melangkah setapak lagi ke hadapan dalam kemelut ini. Salam Tun. Minta maaf menyimpang dan terima kasih.

Asm wbt honourable and respected Tun,

Have never missed reading your column, but this is my first time posting a comment. I cannot agree more x10000000000000000000, you may think I don't have opinion of my own but Tun what can I say? In fact what can anyone say about all your brilliant thoughts and opinions? They are based on well-researched facts and decades of experience of leading the country. Sir, your leadership was just so amazing that I remembered even since 1987 I was already worried about the thoughts of what will happen if you were no longer our PM. Even then I could not foresee anyone who was, is and will be capable to lead Malaysia as well as you. And now not only Pak Lah and his cabinet are unable to sustain the glory you have raised Malaysia to, they are ruining it!! Damn!! made worse by Anwar's threat. The uncertainty caused by him scares the investors away.

Pleaselah.... someone suruh Pak Lah baca sikit Chedet's blog, pleasela if you are leading a country, the basic prerequisite is a functioning brain!!! not a sleeping brain.

OK Tun, take good care of yourself, the nation still needs you.

Remember me? I had the honour of a few quick minutes with you and pleaded you to contest for PM before the 12th general election? I hope yourself, Tun Hasmah and family dirahmati Allah selalu.

To those yang mengutuk Tun sedarla sikit jasa dan bakti Tun pada agama, bangsa dan negara selama ni, Allah ambilkira semua jasa Tun la..nak jumpa Tuhan semua org kena takut sebab tak de sesiapa yang maksum kecuali Nabi, at least Tun punya kebaikan sangat banyak.

Salam Tun,

I think your speculative theory can be put into test. You may want to consider issuing a grant though your Perdana Leadership Foundation for local academicians to push your theory further and do the simulation in control environment to see whether it actually works or not. In fact, I think there are a lot of institutions that would like to sponsor this kind of project as well.

For those who are pursuing their postgraduate studies in economic/international commerce and/or trade, I suspect this is a 'sexy' topic that worth further exploration.

I would love to see this subject gain more traction and being driven by our fellow Malaysians rather than reading the findings from foreigners!

Salam Tun,

Cadangan Tun untuk menambat ringgit memang satu cadangan yang bernas. Mungkin ego Najib terlalu tinggi untuk menerima saranan tersebut.

Sememangnya adalah terbaik untuk RM di tambat pada dinar yang mempunyai nilai yang lebih nyata. Ini sudah pastinya lebih selamat. Dengan keegoaan BN harapnya satu hari nanti kita tak perlu nak pikul duit untuk beli sekeping roti canai. Tapi dengan sikap dan tahap kebijaksanaan Pak Lah, perkara yang lebih buruk dari itu tidak mustahil berlaku.

Permisi Tun,

Saya pun bukan ahli ekonomi, tetapi saya rasa wakhima apa yang jelas

sesuatu kerajaan (orang2 yang memerintah yang dipilih oleh rakyat) mesti ada kelakuan yang penuh tanggung jawab, jangan lah bertindak diluar nasihat pakar ekonomi.

Kalau pakar2 tu cakap , sesuatu tindakan itu menjurus ke kehancuran ekonomi negara dan nilai ringgit, jangan lah buat bodoh je,

nilai ringgit kalau di tambat kat tali lembu pun boleh harga nya tinggi jika sekiranya ekonomi kita bagus, rakyat productif, sentiasa ada trade surplus, negara aman damai, pelaburan mencurahkan wang kat sini., sebab the confident is there , the fiat money is good.

Jika sekiranya negara kita hancur oleh pergaduhan , tak ada productiviti, dsb nya , segala emas dinar yang kita ada pun kita kene gadai, jual untuk menampung ekonomi negara, kesudahan nya habis semua punah, negara jadi miskin rakyat menderita.

Pokok nya sekarang kita mahu kan pemerintahan yang mantap , rakyat yang productif , bukan asyik sibuk nak jadi PM tapi x menang undi , x cukup kerusi.

[Had sent this at 5PM but it's not in. Can't say it's filtered as "Spam", or that "it is particularly nasty"(it's not). Sorry if there's a duplicate]

This field is something that I know nuts about.

I risk coming out as a clueless ignorant idiot with an unhealthy dose of bodoh sombong, should I come up with comments regarding the matters mentioned by Tun Mahathir here.

But that's okay I guess, for I am just an orang kampung (who is armed with a laptop and Celcom GPRS 53.6Kbps connection); and is not expected to come up with any solutions. Nor tasked with it.

However, the same can't be said of those in power - people who are expected to understand the various situations AND to come up with the right solutions.

But this current administration has failed - and miserably too!

Like me, Dollah Badawi is clueless and ignorant when it comes to economic and financial matters. But unlike me, he is bodoh sombong; which is unfortunate, really, for this is the fate of a country and the well-being of its population that he is bungling with!

By the way, Tun: THANKS for allowing me to "selit" and self-promote my own site with one of my comments here about the last Umno Supreme Council meeting. From 800 hits in nine days, it went up to 2,000-plus within 24 hours.

The latest post is this one - about the selfish opportunists within Umno who claim to represent "the grassroots", boosting Badawi's position and prolonging Umno and Malaysia's ordeal:

Pada saya yang belajar tak berapa tinggi ni, apabila Tun mengulas mahupun menguruskan sesuatu dalam apa bidang sekalipun, beliau sentiasa meletakkan dirinya sebagai seorang doktor.

Setiap perkara dikenal pasti dulu penyakitnya, kemudian teliti kaedah-kaedah yang sedia yang boleh diguna pakai atau diimprovise ataupun cipta kaedah baru, lepas tu apply kaedah kepada permasalahan yang timbul, last sekali conclude dengan hasil yang amat-amat tak terfikir oleh orang putih sekalipun apa lagi la kita ni orang Melayu yang hanya tahu menghentam, mengherdik, memaki hamun dan macam-macam me lagi la ...

I read with interest that for the first time ever, Malaysia's outflow of FDI exceeds the inflow of FDI. (United Nations Conference on Trade and Development (Unctad) Investment Report 2008)

I'm not an economist per se but basically this means that in 2008 Malaysian companies invest more abroad (RM38 billion) than foreign companies invest in Malaysia (RM29 billion).

Can somebody explain whether this is a good or bad thing?

In one hand, this confirmed the suspicion that Malaysia is no longer viewed as the preferred destination for investment. This trend has been going on for the last few years and with flip-flop management of current leadership, don't expect this to trend any time soon.

So it must be good that Malaysian companies invest overseas. It will give Malaysians more job opportunities to work overseas - earning higher income. If the investing companies in turn sub-contract to other Malaysian companies, our economic pie will grow bigger. Face it.. at 27 million population, our domestic market is tiny and if we need to grow, we need bigger market for our products and services.

The question now is how much additional work will be passed to local companies and local consultants? Unlike previously, I don't see GLCs aggressively employing this 'umbrella concept' as they are mostly financial driven rather than social driven nowadays. If that's the case, the real benefit to the country will be wasted away...

Assalamua'laikum YBhg Tun The Mahaguru,

Bravo Tun, when we stand out of the box, our thought would be out of the box thinking. There could never be wrong to challenge the ungod system in light of the philosophy of currency management. US has created creatively the currency and the champion of currency manipulation. It has been very successful to make the world trade moving and going around because no one is dare to challenge it even when we are facing economic crisis like today. We just expect USA to print more currency to resolve the financial crisis. Unfortunately, our world today becomes a kampung in size. It may promise a lot of benefits derived from globalisation as well as damage itself.

Selamat menyambut bulan puasa dan hari raya aidil fitri pada Tun sekeluarga.

Yesterday I wrote about how in the world are they going to finance US\$700Bil, and today Yahoo reported their problem of valuing the securities for such an amount. Regardless whether Congress approved the rescue mission or not, this one is going to be really messy and many people will be put into dire situations, and such situations will force them to undertake ridiculous measures like bubbling the oil price to US\$200/barrel.

What if the price goes up to that level, will the gov adjust petrol price to RM5/litre? If thats all they are

going to do, then I think they are overly paid! That's where pegging or whatever the name might be can play its role. Let's think of a mechanism that can create a negative correlation between oil price vs petrol price. I still think currency management is the transfer function. Imagine if we adjust back our RM/US to 2.5 or even 1.75, of course directly Petronas will suffer (but Forbes measures performance in US\$), but they can leverage on the strong RM for international expansion, not just Petronas, but our Telekom can easily eat up Singtel, our Maybank can swallow DBS, our EPF will be as big as GIC, meaning, they can gobble up American corporations as what the Singaporeans and Arabs are doing. Beside that, technology will be cheaper as imports will cost half at 1.75. I think it's about time we restructure our economy into a higher value added producer!

By water on September 25, 2008 10:16 PM

Dear Dr. M,

U always welcome ridiculous suggestion or idea during ur time as a PM. (i had read in newspaper or watch in TV news before). Yup, i totally agreed with u. Sometimes we must think out of the box and do something different if there is no progress. Nowadays, a lot of country was having "look malaysia" policy. e.g Shanghai, Taiwan and Dubai would like to have tallest tower but we still the tallest twin tower in the world. And our tiny neighbour, following our footsteps will be having F1 race this weekned. Juz to name a few.. Well, u r the man! U r the Best!

I enjoy reading your out-of-the-box inputs on the badly battered financial situation, certainly offering new perspectives for the daring ones but not the part when you mentioned tiny Singapore. Tiny we may be where physical space is concerned, resources scarce we may but this tiny nation has made financial headlines in recent times; pumping billions in big corporations, the likes of UBS, Citibank, Merrill Lynch, Barclay and among others. In short, tiny does not equate to weakness in case it has been deliberately perceived so. Of course, this piece from an average Singaporean, yours truly me.

Thank you.

We enjoyed your articles very much.

The financial instruments in the world have been actually manipulated by financial experts (or rather we call them opportunists) who work behind the scene, making money at expense of others.

Pegging is a wise move but we require other lasting methods to arrest the root problem. All these are deeply rooted in spiritual problem that lies in the heart of men, tainted with greed.

The hope for our next generation is perhaps, to redefine humanity centering on universal shared values

and also these shared values must be correspondingly reflected in all fields, without fear or favour and for sake of the whole.

Dear Tun,

Sometimes back you suggested that we diversify away our reserves from US\$. Until now theres no news if theres any action taken by BNM one way or the other except that the reserves are still in US\$.

Given the well known problems faced by the US now - where as a solution, the printing presses had to run overtime, its only a matter of time before the US\$ will recede into oblivion like the Zimbabwean currency and when it does, BNM and many other nations will be holding bags worthless piece of papers.

The recent rise of US\$ was a result of a concerted effort by central bankers to shore up the rapidly falling currency in order to bring down the runaway price of crude oil. Such concerted effort can only be done so many times.

The American economy has been clearly floundering since Bush took over with its vast deficits, yet the US still spends beyond its means, having unnecessary wars costing trillions of \$, bailing out failing giants such as Fannie Mae, Freddy Mac and AIG, just to prevent a chain reaction of financial blow ups from totally consuming its economy. To finance those spendings, they've been printing more money with no backing whatsoever, and continuing to borrow by issuing massive amount of bonds, and so they are forever digging holes to cover previous holes.

Its a massive economy and so some people say its an economy that cannot be allowed to fail. Once it fails, so many other nations will be brought down with it - tiny Malaysia included. Hence, China, Saudi Arabia, Singapore, Japan, Taiwan among others are always on standby to prevent the US from keeling over. Is that right? So, bailouts, once a dirty word, will be the order of the day, everyday.

Given all these, I posit that BNM should start to use €, Yen or sterling for our reserves before its too late, while the US\$ still has a measure of value. Will Tun's suggestion be heeded after all? Or are we so

beholden to the US that we simply cannot entertain such a wise advice? I thought when Anwar takes over - if he ever does - then, and only then we can't do so much as flex our finger without the approval of Uncle Sam. That day has not come yet (and hopefully will never do), so lets indulge a little in our freedom to act and act judiciously in our own best interests.

Tajuk atas yang dicadangkan tu ada betulnya, pendek kata apa yang disampaikan oleh tun boleh didengar tapi sesekali takkan dilaksanakan pada masa kini (mungkin ramai yang bersetuju pendapat ni). Harap tun takkan kering mencetuskan idea, selagi ada hayat, suarakan tanpa jemu. Mungkin 1 masa akan diciplak oleh pihak tertentu.

Keadaan ekonomi makin parah selepas berkali-kali harga minyak dinaikkan oleh pihak tertentu, semua tempat @ ceruk mengulas perkara tersebut, sekarang matawang dipersalahkan pulak. nak tambat pakai tali apa ??

Tolonglah!!!

sekian,

Oh ya! hampir terlupa kawan saya Awang dan Azimi kirim salam pada Tun.

i believe your ideas are valid and should be noted by the govt.. most cabinet ministers will dismiss the idea simply it is too technical for them... the sleepy pm wont bother to understand this thing..

The US needs our gloves,condoms,electronics parts,so let them buy using Ringgit Malaysia or RM.Barter trade with them too like we did with the Russian,Sukhoi jets with supplies of palm oil and sending 1 Malaysian to space.Take petroleum from the Arabs and Iranian,then in exchange give them what they want.Other than that , use Dinar ,Gold,not the sinking USD or pegged RM.Salam.

Brilliant suggestion Tun. Maybe this idea could work to our currency advantage. The government should do more indept study on Tun suggestion. Who knows but this idea could just work.

Aslm & salam sejahtera Tun & Semua pembaca,

Cadangan Tun untuk menekankan supaya semua urusan dagangan dibuat dalam RM bukanlah sesuatu yang mudah. Juga dengan jumlah negara didunia yang berpegang kepada USD...termasuklah kita...ignoring the USD is not a viable solution either. Walau bagaimanapun jika kita berpegang kepada nilai emas bukan sahaja nilai RM akan lebih mantap dan teguh malah kemungkinan juga negara-negara lain akan menuruti kita dalam suatu jangka masa yang tertentu. Kita juga boleh beralih kepada sistem dua cara pembayaran....agak-agaknyalah...setiap import kita berdsarkan USD tetapi setiap eksport kita dalam RM atau Dinar emas, serta mengalakkan sisitem barter dikalanagan negara jiran.....macam?....tolong komen pendapat saya.

By kilmer on September 25, 2008 11:09 PM

Pegging might have saved the economy back in the 90's, but that doesnt mean that it will have the same effect again. It is every easy to say this an that sitting at home. Your dinar idea will not be acceptable to the western world and they are the major players so stop with the nonsense. And like you said you are not an expert so live it to the experts to deal with the economy, after all you have made enough for

yourself and family for a life time. I wonder what is your true nature of setting up this blog, surely aint for the betterment of the country or the people. By the way your son will never be PM i can bet on that.

Salam Tun,

I was reading a book about how the private bankers in the U.S. coax the American public by making the Federal Reserve owe money to them.

Its just ridicolous that a Government like the U.S. have to borrow from the FEDS instead of printing their own money.I suspect our Economist and Bank Negara personnel kita sudah terpengaruh dengan Milton Friedman dengan monetary school of economics.

Kita kena kaji balik semula pada Keynesian school.Banyak keynesian punya idea dekat dengan concept islam (I think).

Kalau Tun tak baca buku ni boleh cari kat MPH Tajuk Buku: 'Web Of Debt'.lupa nama author dia.Tapi buku warna hijau.

I am very sure that this is all a grand scheme by the ZIONIST !

Keep on writting your thoughts Tun.

We love you.

Dear Tun,

Kalau beginilah Pak Lah dan konco-konconya buat UMNO kelam-kabut maka UMNO akan ke Pintu Gerbang kehancuran. Make no mistake about it. Selagi Pak Lah tidak berhenti sekarang maka jangan harap UMNO akan kekal memerintah. Rakyat sudah gelisah yang amat sangat dan menunggu sahaja "gunung berapi" akan meletup menimpa semua umat Melayu dan UMNO. Jangan harap Melayu akan sokong UMNO lagi untuk selamanya. Semua Melayu akar umbi akan berhijrah ke parti PAS dalam pilihan raya akan datang.Tunggu sahajalah kalau masih lagi dalam keadaan penafian atau in a state of denial.

Pak Lah telah membawa KECELAKAAN kepada umat Melayu. Sedarlah Pak Lah. Pak Lah dah tidak dapat sokongan padu dari rakyat. Kewibawaan Pak Lah sebagai Perdana Menteri tidak menyerlah dan tidak membawa faedah kepada rakyat. Pak Lah telah gagal menjalankan tanggung jawabnya sebagai Perdana Menteri yang KLAS PERTAMA. Pak Lah lembab, tidak ada idea, tidak ada visi, tidak ada misi yang cemerlang. Semunya haprak dan HP6 dan merugikan rakyat untuk mendapatkan kemajuan yang lebeh bererti lagi.

Pak Lah memang tidak sedarkan diri. Tidak malu dan tidak bermaruah!!

Me and my mom are big fan of you forever. But Tun need you to explain regarding the IPP. Please Tun!! A lot things being saying that what happend in TNB and IPP now is directly related to your decision when you headed the government. Until now ppl pointed at you why TNB is struggling and IPPs are enjoying a lot of things that they shouldn't be. I just can't take it anymore. Need to understand the situation. Hope you might say something in this matters as TNB is the biggest share market in KLSE. It has major impact in this country yet they are struggling in sustaining the cost while IPPs enjoying like nothing happend. Thank you!

Dear Tun,

Saya rasa sesiapa ahli-ahli Majlis Tertinggi UMNO yang menyokong supaya peralihan kuasa dikekalkan, semua mereka akan gagal dalam pencalonan untuk merebut kerusi MT. Percayalah! Banyak dari ahli-ahli MT akan menjadi mangsa kerana melawan arus angin kencang yang datang dari ahli akar umbi yang mahukan Pak Lah berundur diri.

Tun satu lagi cadangan.

Is it possible for our Bank Negara to 'Create Money' for purposes of generating investments especially for enhancement of tecnology and channel it to Bank Pembangunan or special fund for Bumiputera entrepreneurs.(but please not to the 'UMNO' proxy type).

If our country's rate of savings and investment internally is not that great,why not 'print' or create money for investment purposes only,but not circulating within the public for consumption.

It might work and decrease inflation and increase purchasing power.

Selamat berpuasa and Selamat Hari Raya. Bahagia hendaknya Tun with family.

TUN,

Saya setuju dengan pendapat TUN.

Walaupun Amerika cuba Bailout krisis ekonominya, Kesannya hanya untuk jangka pendek saja itu pun untuk mengembalikan keyakinan Dunia pada US Dollar.

Ini belum tentu berhasil, plan kajian menyeluruh perlu di laksanakan segera . Tambahlagi, bailout ini bermaksud hutang Amerika akan bertambah dari yang sedia ada. Apakah cara Amerika membayarnya. Apa planning mereka..???

Dunia akan menyaksikan US Dollar yang tidak menentu. Perdagangan minyak dunia sudah lama beralih ke Euro, dollar semakin lemah.

Baca di Krisis dunia, mata wang Amerika akan terus jatuh....kepanikan akan mempengaruhi juga mata wang Euro....

Benar TUN, Malaysia harus desak pembayaran dalam ringgit dalam semua transaksi kita.

<http://isteri-mamak-tua.blogspot.com/2008/08/nwo-krisis-dunia-sekarang.html>

Jangan terlalu gembira akan trade difist kita yang rendah.....

Keadaan Amerika tidak menentu, SEANDAINYA....

US Dollar sudah tidak berfungsi lagi.....Amerika sudah ada rencana penggunaan Matawang baru untuk North Atlantik Union bernama AMERO.

Sudah pasti ringgit akan terjejas bila US Dollar tidak berfungsi di perdagangan Internasional.

Assalammualaikum Ayahanda Tun dan Tun Dr Hasmah,

Saya mendoakan Tun sihat wal-afiat. I begging (not pegging), our PM now to step down. I'm very pity with Malaysian people regarding bad administration behaviour of our beloved country.

I just buy a book, title "Selected Letters to World Leaders" by Dr Mahathir. Introduction in Prologue page 13 says "It did not cross my mind that after I left, there would be such a change to make pleasing the Prime Minister more important than anything else. News in the mainstream media is censored and spun by spin doctors that the Prime Minister cannot possibly know the feelings and frustrations of the majority of the people. But fortunately for the Government, Malaysian abhor violence when expressing their anger. So things must become much worse before they would show their true feelings in any way. In the meantime, the sychopants will continue to enjoy their day. Poor Malaysia."

That paragraph above was written well before "A Study in Spinning" in this blog appear. Everybody knows our Tun was not write anything without considering the facts. So, I hope everybody out there, buy this "rare species" book which open our knowledge to globalisation, terrorism, mass murder a.k.a genocide, different type and characters of world leaders and the most important things is the writing skilled and words of wisdom from the genius. It will cost u only RM 49.90 which equivalent to one bucket of KFC. TQ.

Assalamualaikum Tun,

I totally support your suggestion to use Ringgit for our international trade currency. Time has come to consider and rationale the feasibility of the system. USD is worthless as the US is dead.

We have to be proud of our Ringgit which is still backed by gold reserve.

I believe this time it will be the most challenging ever for our govt to cope with world financial crisis. Not just to change the Finance Minister and continue Ringgit to be left to the market forces like what Najib just announced.

Pegging the Ringgit is also prudent, bearing in mind that this financial turmoil is going to last at least 5 years.

I also heard about the Dinar currency before, but not sure how far has it been progressing or implemented.

I really hope that Tun will soon be in a position to influence our govt effectively to cope with the crisis and regain confidence in our economy.

Salam Aidil Fitri to Tun and family.

By oden88 on September 26, 2008 12:12 AM

Tun,

I recently read a few articles on the US economy crisis. In one of the articles, I quote.. "US economy is a house of cards, built on quicksand, with a tsunami on the way".

I cannot understand why we choose to trade in USD and continue to keep the big green mountain of US currency in reserves.

Correct me if I am wrong. The dollars that we keep and use as a trading standard is a very weak instrument.

Your idea of pegging the Ringgit and use the Ringgit as a trading currency is an idea worth considering.

Maybe because it is your idea, not Najib or Pak Lah makes the idea not doable.

By RazlanIsa on September 26, 2008 12:15 AM

Tun,

Not really a "ridiculous suggestion". I always quote Ringgit payment, and my customers in Singapore and Japan have no problem transferring the amount. I will continue to request payment in Ringgit. Makes my life easier, actually.

Selamat Hari Raya to you and your family.

Assalamualaikum YBhg Tun Dr. Mahathir,

I must admit that I was stunt when Tun decided to peg the Ringgit at 3.80 and introduced capital controls fight the currency crisis of 1998. I can still recalled that the Ringgit was traded at 4.80 against the USD, the lowest the Ringgit has ever been traded against the USD.

The decision to peg the Ringgit and introduced capital controls were indeed unorthodox.

Such unorthodox decision safe the country's resources from being strip down and sold for parts to the highest bidder had you agreed to the IMF solution as what happened in South Korea, Thailand and Indonesia.

As a trained economist I must say that your decision should have been penned as one of the many economic theories that are being taught in universities and practice in today's tumultuous times.

According to the Malaysian Insider:

It appears that the DPM has lost control of his own warlords on the ground. He admitted as much in talks with several supreme council members recently.

As such, he is unable or unwilling to risk the backlash from them if he continues to support the transition plan which will see Abdullah contesting the party elections in December and then handing over power to Najib in 2010.

Najib believes that if he supports the transition plan unconditionally, there is a possibility that he and Abdullah will have to face off with Tan Sri Muhyiddin Yassin, Tengku Razaleigh Hamzah and other critics of the PM.

Dear Tun,

For a non economist and non-financial expert, your analysis of pegging is really marvelous.

Congratulats, Tun. It really gives us food for thought including the new untested Minister of Finance who categorically, rejected the idea of pegging in just hardly 4 hours of "inaugural" meeting with the so-called high powered financial elite of the country.

What does this reflect? Lack of direction and desire to probe further the minute details of the economic situation. I am sure the Najib will be making flip, flop, flup decision making process in the coming period of uncertainty. The whole bunch of them lack the capacity to think outside the box.

By lebaikudin on September 26, 2008 1:27 AM

Salam Tun & fellow bloggers,

1. There is nothing wrong with USD. It was accepted because USA is the world's biggest economic power, it controls nearly one fifth of world's trade. Naturally the most trusted in terms of value

2. Correction. USD is still backed by gold but no more in Fort Knox. It's in bunkers across USA, spread into umpteen places to avoid damage or stolen in case of war, natural disaster

3. The current collapse of USA economy is because of manipulations of few scrouplous financier, using modern capitalist tool ie derivatives, short selling, hedge fund; inflated the value finally burst. Fundamentally other sectors are still strong

4. Using dinar backed by gold value are not practical because of differences between countries such as exchange rate, standard of living, interest rates

5. The best solution is barter trade, based on single currency ie Euro as an exchange rate

A'kum Tun,

I enjoyed your piece and as one of the "Malaysian tak mudah lupa" I remember your tenacity in the face of 1997 economic storm. While others think Malaysia will fail, at the end you prevail. Thank you sir.

In 1997, the IMF created bailouts packages for the most affected economies: Malaysia, Indonesia, Thailand, SKorea etc. Playing the role of international Along, the IMF tying the packages to reforms that were intended to make the restored Asian currency, banking, and financial systems as much like those of the United States. In other words, the IMF's support was conditional with series of drastic economic reforms influenced by neoliberal economic principles called a "structural adjustment package" (SAP). The SAPs called on these nations to cut back on government spending to reduce deficits, allow insolvent banks and financial institutions to fail, and aggressively raise interest rates. The only people subscribed to

this methodology was your deputy.

In the wake of recent economic disaster, I find it strange the IMF did not give the US the same prescription!. Double standard.

Thank you again sir for "thinking out of the box".

Dear Tun,

Issue 1: Pegging RM?

The main purposed of pegging RM is to stabilise the RM against one currency e.g. USD. This could help stabilising Malaysia economy if RM is pegged for very long period or permanently. But if you peg for few years then float it again then peg it again, that will harm economy growth. So choose the right strategy and stick with it.

Issue 2: Dinar?

That is how economy began. It is the best way if you want a stable economy forever. But human tends to love challenges, volatility and unlimited boundaries. US Dollar happen to fit that kind of criteria. If America was to use Dinar system, they will be long gone before 1939. With Dinar system, when you broke, you are indeed broke. If USD become irrelevant in future, there is always others to replace it e.g. Euro, Pound, etc.

Issue 3: All Payment with RM only?

It will be total chaos if every country started demanding to deal with their own currency only. What if Zimbabwe demand all payment with Zimbabwe's dollar only? You got to be kidding.

Conclusion:

Like the rule of jungle. You will never able to compete with others if you choose to stay in the zoo.

Selamat Hari Raya to Tun and all Muslim fellows.

Dear Tun,

Assalamualaikum dan Salam Sejahtera,

I do agree with you and thank you for highlighting the simple fact that the US dollar is worth nothing; well may be less than the toilet paper. USA create its money by simply printing or creative accounting. It boggles the mind that the world could be happy to trade with USA and internationally using the dollar. Any appreciation on the value of Gold through time is actually a depreciation on the currency that was use to peg it. It's been said that an ounce of gold a thousand years ago could buy a gentleman of wealth, a nice suit. It still does now and hence zero inflations!.

It's time to dump the Dollar and get back to Gold standard. Tun I applaud you for bringing this fact to the masses.

Selamat Hari Raya Aidil Fitri to you and family,

Salaam Tun..

'Pegging' is certainly a topic that has managed to confuse me. Well, in 1998 you have not started this chedet.com BLOG, so I was 'GOBLOK' (stupid) to understand this topics because I have not managed to learn from you any information regarding currency, pegging or anything 'which yang sewaktu dengannya'.

However, after reading your blog today, I am no more 'goblok'(stupid) to talk about currency pegging. Your explanation is simple yet understandable.

The way you explained gave me some 'NUR' (light) to understand it easily as compared to any explanation given by our Second Finance Minister, Tan Sri NUR Mohamed Yakcop which has given no 'nur' when talking.

Let me share with you my personal experience when you pegged the ringgit to the US dollar in September 1998, maintaining its 3.80 to the dollar value. I was working in Jakarta that time. I can see how panic all my Jakarta colleagues when their Rupiah depreciated in value against the US Dollar faster than the time taken for them to eat 'Gado-Gado' or 'Tempeh Goreng'. Suddenly their Rupiah has lost so much of its value. Everything becomes expensive overnight.

With respect to our Indonesian brothers and sisters, I could see that although they maybe very patriotic and 'pendekar' when comes to chasing away the western colonial power like the Dutch, but when Rupiah was attacked by currency traders in 1998, they were speechless. All their politicians (mainly the Generals that time) were dumbfounded.

None of them can think outside the box like you. Everbody knows what happened after that. There were chaos everywhere. During 13th, 14th and 15th May 1998 there was no law and order. Many Chinese ethnic Indonesians were raped due the chaotic and lawless condition.

I laughed like hell when some so-called Reformists in Jakarta shouted anti-America slogan but they were the one who were so thankful if any tourist gave them tips in US Dollar at the hotels or airport. What a bunch of hypocrites!

For your info, I personally know an owner of a company in Kuala Lumpur that did international general trading. If not because of your decision to peg the riggit against the US Dollar that time, they can't be sure that at the time they have to pay the overseas consignments whether they would ended-up making money or in deep loss due to volatile curenecy exchange rate between our Ringgit and US Dollar. Your decision to pegg the Ringgit saved a lot of Malaysian companies especially those which involved in international trading or import-export business.

Can I rely to Pak Lah to do unconventional decison-making like pegging the Ringgit? No!, not even in my wildest dream. What Pak Lah knows is nothing to do with 'PEGGING' etc. What he only knows is how to PEGANG his jawatan forever. Thus makes me PENING!

CheDet ,

Saya sudah agak Najib & Nor Mohamed Yackob tak faham apa yang CheDet nak Sampaikan.
(<http://hasbullah.pit.my/2008/09/racun-apa-yang-nor-mohamed-yakcop.html>)

Ramai yang menganggap tambatan itu mesti ke pada USD.

Sekiranya ingin menambat Ringgit secara langsung dengan emas, BNM tidak mempunyai emas yang banyak, hanya 36 tan.

oleh itu sebagai langkah awal, tambatan ialah kepada 80% sebakul matawang 20% emas.

Kalau kita sudah ada banyak emas nanti barulah tambatan ke atas emas peratusnya boleh dinaikkan.

Ini catatan saya tentang perubahan tambatan ringgit kepada sebakul matawang, kepada sebakul matawang dan 20% emas. Ditulis pada tahun lepas.

(Mesti baca <http://hasbullah.pit.my/2007/11/warkah-buat-dr-zetty-aktar-aziz.html>)

D idea on pegging D RM with multiple currencies is gud, but as one of D comment given on D Blog said Europe tend to move into socialist direction, in fact America also seem to spend much on D public need which might derived from a socialist concept too. As for Dinar, i am pretty sure dat US wont hav enough gold to support the Dollar but D OPAC might possible to peg D values base on D average demand of

petroleum. If only D production shall maintain & each countries obey D production limits. Many rich OPAC countries hav reduced D amount of production due to D high value, coz it would be much better to hav more reserves for future. So if ever any currencies shall be peg to oil, D Arab must take a step further.

This method wont work as long D Arab keep on gushin & taken over American companies during D turmoil. D fact is, even by backing with D Arab Islamic bond wont resolve D Problem. D Arab nations also full with financial problems.

As for Malaysia, pegging D RM to multiple currencies might work when D country hav enough reserve or saving to carry on for at least 2 year & If only D BNM hav enough foreign currencies.

Malaysia Cnt alwiz rely on barter trading but ...there is alwiz a possibility on trading using a backed medium which i would refer to D Petronas. Petronas can becomin a medium in backin up D value in our currencies by ensure D payment of D national transactions slightly or less equivalent to our Oil within or oversea. Here there r few opportunities to opt for,

- 1.Future productions
- 2.Current productions

By followin these criteria, it's almost same as backin up by gold, yet still almost non existing value. It can alwiz prolong D duration until D US find a solution, but it's only for Medium period as long BNM hav enough foreign currencies.

Ultimately ,if only BNM strong enough to endure D fluctuations on D RM matters, up rise problems can be easier. I personally do not noe how much true assets do BNM hav, but hopefully all D value shall not base on papers...

if any of my comment dun make sense plz...e-mail at ferris_00L@yahoo.com
It would be great to share a brilliant idea.

Assalamualaikum Tun,

I am no expert in financial economics, and I believe so do you. But sometimes we say our mind not because we know what we are talking about but what we feel is the right way or solution. Tun I noted had always express your mind based on what you believe is right not because of the plain fact. This is why you even give your opinion on religious issues, based on what you think is right, not because you know what you're talking about.

Thanks

Dear Tun,

24 Sept -- Cadangan Presiden UMNO, Datuk Seri Abdullah Ahmad Badawi untuk menangguhkan Mesyuarat Agung Perwakilan Bahagian dan Perhimpunan Agung UMNO ke tahun hadapan telah mendapat bantangan dan tentangan Timbalannya, Datuk Seri Najib Tun Razak.

Komen:

Nampak gayanya MT Umno dah jadi gelanggang pertarungan orang cacat akal.
Apa dah jadi? Sudah makin terok. Pak Lah dah hilang akal. Memalukan ahli-ahli UMNO. Pak Lah dah jadi macam orang "gila talak" !!

Salam Tok Det,

Dulu US kata Malaysia atau Dr. Mahathir, sebagai negara/pemimpin yang 'bail-out' company 'sakit'.

Sekarang US pulak 'selamatkan maruah' company 'sakit', di negara dia orang.

Emmm.... 2 X 5 atau 5 X 2...?

Berkenaan RM nak dijadikan sebagai 'penyandar' nilai yg boleh diterima pakai.. OK jugak tu.

Tapi, sbelum terlaksana mungkin ada sedikit pengorbanan 'besar' yg tak popular kena di buat dan akan jadi isu besar para patriotik-sem.

Mula-mula Ringgit Malaysia kena tukar nama ke Dollar Malaysia. Dan tanda matawang RM mungkin kena tukar ke tanda \$.

Putrajaya hendaklah di jadikan 'ibu' kepada semua sektor/komposisi utama asas ekonomi Asia Tenggara dahulu.

Kenapa ?

1. Generally I agreed agreed with Tun's idea. Pegging the Ringgit requires lots and lots discussion. But I wonder if pegging the currency to a certain "value" of gold is appropriate since we have seen in recent months that the value of gold reaches up to USD 1000 an ounce.

2. The event of gold value reaches up to USD 1000 and falling back to USD 750 an ounce shows that the value of gold can be manipulated. Since we have seen that hedge fund traders has trillions and trillions of dollars pocketed by unscrupulous derivative trading. I still think that the value of gold can be manipulated by coordinated buying by hedge fund traders.

3. However, contradicting to my 2nd point. Even though gold is still up for speculation and manipulation. the value of gold will not drop to new lows in this modern day. Thanks to god which has created it to have and hold value. Therefore minimizing the risk of severe currency devaluation. And similar as Tun, I am also not an economist, therefore my argument could be ridiculous.

4. In my opinion, to use the Ringgit as a trade currency in order to increase the demand for Malaysian Ringgit thus strengthening its value might be a risky business. Even though we are one of the largest

trading nation. One must remember that if trade volume decreases, it will affect our currency too. Thus, making the currency vulnerable to speculation and attacks. We have seen that speculative attacks to our currency is causing capital flights out of Malaysia.

5. We have seen that the value of USD fiat money is due to the demand for it in the market and I wouldn't like to see the Malaysian Ringgit suffer the same thing we had in the late 90's. China has trillions of dollars in reserves and as the the Arabs. But if the dollar keep weakening day after day. These economic behemoth's might call it a day and disposing their US dollar in order to protect their wealth. The disposing the US dollar will further devalue its currency and we know that the US dollar is losing its value day after day after they abandoned the gold standard after the Bretton Woods agreement failed.

6. In my opinion we all should go back doing what Tun has teach us a long time ago which is " Belilah Barangan Buatan Malaysia " , Establish our own brand. Invest in the Malaysian economy. Reduce imports and increase exports whether its raw materials, finish products, professional expertise and etc. Increase R&D for our own product and trust on the creativity and innovation of Malaysian. Sometimes we know how the Malaysian products fair with products of other country in terms of quality. But I don't doubt that we can produce goods as good as others. By reducing the need for imported goods, I think we are building our economy on more sound and solid foundation.

Tun yang terhormat,

Mengapa Kementerian Kewangan selalu harus dipegang oleh Perdana Menteri atau Timbalannya sahaja? Sebenarnya ianya bukanlah satu soalan yang susah nak dijawab. Sebab pengaruh dan kuasa! Tetapi itulah salah satu kelemahan didalam sistem kita. Maka kita tidak akan selalu mendapat seseorang yang terbaik untuk jawatan tersebut.

Mustapha Muhamad mungkin salah seorang yang mempunyai kelayakan yang cukup baik tetapi beliau hanya boleh pergi setakat Timbalan Menteri sahaja di Kementerian tersebut sebab beliau bukan TPM atau PM.

Bukan senang mahu dapat seorang PM sehebat Tun dahulu yang boleh belajar dengan cepat teori-teori ekonomi dan kewangan. Masa Anwar dahulu kita sudah melihat bagaimana seorang yang tidak berkelayakan boleh memporak perandakan ekonomi kita semasa dia menjadi menteri kewangan dan malah dia cuba untuk menguna kesempatan sebagai menteri kewangan untuk membeli pengaruh di dalam parti.

Sekarang kita melihat bagaimana keputusan-keputusan berkaitan ekonomi kita selalu menjadi bahan ketawa orang luar.

Sebagai seorang doktor saya pasti Tun tahu bahawa 'diagnose' yang tepat amat penting untuk menyembuhkan sebarang penyakit. Penyakit kita sekarang adalah kita mempunyai terlalu ramai orang yang bergelar pemimpin tetapi tidak mempunyai kelayakan yang cukup.

Dear Tun,

Pak Lah nak tunggu apa lagi? Nak tunggu bulan jatuh ke riba dia ke? Bulan tak akan jatuh tergolek di pangkuan Pak Lah. Jangan mimpi di siang hari lah!!

Pak lah ni betul muka tempe, tak malu ke ! Jagalah maruah sikit. UMNO dah rimas tengok gelagat Pak Lah yang masih berdolak-dalih tak sedar diri. The earlier he goes the better for the country. Does he know that the country is in a very bad shape. Everything he says means nothing at all to the people anymore. It is sickening to observe Pak Lah behaving like a "grown up cry baby". The grassroot members just cannot give him the "pacifier" anymore.

The "pacifier" is already rotten and could "intoxicate" him. He has done a lot of damage to UMNO party. It is disintegrating by the day.

And for KJ, please don't dream to be elected as Ketua Pemuda. You are gone come December no matter how much influence you try to convince the youth members. You are the greatest culprit to destroy UMNO and I just could not imagine if you were to be elected.

Regarding D PARA 14 & 15.

Basically D Statements do make sense, but it will not only base on Malaysia ability to export but to be able for D customer to buy our exports. During D 90's many other countries still could effort in buy our exports where relatively it's cheap, gradually it had bcomin much expensive when D affect globally, especially big multinational Banks. SubPrime effected badly on BAD Bond which i am sure a lot of D Asian bank had bought. Here D imports sustainable hav decreased dramatically especially lower loan to be given up. Many country try to salvage D economy by puting higher rates on the loan & tighten D annual Budget.

Although I can understand y US keep on spending but yet, y shld Malaysia Spend so much.? true enough when there is money more spending can overwhelm D Demand, but excessive spending will exhausted D country capabilities on surviving.

Trading with RM within locally or oversea might be done but as in my comment above earlier, there shall be a mechanisms dat backin up D RM from inside for starter b4 goin to peg RM with multiple currencies. There r no true solutions. As like few commentator hav written above, any idea can be a brilliant idea as long few twist r given.

Bear in mind dat D chinese & D japs r holding masses amount of Dollar & had bcoming the creditor Of US. if eva any Dinar shall be done in short period, China, Japan, Korea, even Our Beloved kins D singapore & Indon will be in chaos. Surrounded by harsh conditions...Malaysia wont be to far away,

I believed dat D main reason Y D BNM reluctant To peg D RM could cause by multiple worsen Condition within or outside Malaysia. No matter how bad TUN idea on pegging D RM, it must be opt for options wif a few adjustment especially on how to stabilize our RM.

Another issue to be arise is D patriotism of Malaysian can help preserving D nation economy by using D local Product & start collecting and stabilize Malaysia stock market, by buying as part of saving and investment can save our local companies while fulfilling our needs

So, i am tryin to dictate here, dat Para 14 & 15 r very complex routine which i m sure most of D reader without gud foundation might literally confused. Lastly Tun idea can be done after all

Dear Tun,

Isn't it wise for UMNO Supreme Council members to make a firm stand for Pak Lah to go immediately. Don't they realise that their political enemy is just at their doorstep waiting to make a final onslaught to wrest control the government. Don't be surprised that there could be a "dawn raid" like the famous "Dawn Raid of Guthrie" !! Be caution! Don't get caught with their pants down!!
By Lahm on September 26, 2008 4:03 AM

Dear Tun,

Do you support the bailout in the US? Were we not criticized when we tried to bail out our companies?

Why hasnt any islamic countries (such as Iran) come out with a statement that the world can now can see the evil of capitalism?

President Iran is only allowed to roam in a few areas within New York. Yet US was at one time criticized Saudi Arabia for imposing limited traveling area within Saudi

Temasek is going to invest heavily on traders/banks in the US. Is it wise for Khazanah to do the same?

About the pegging, I believe there is no point for us to do any actions for now, since our leader may not be bold enough to comprehend the situation and reasons. They have conventional thinking, influenced by western financial system and 4th floors. How can you expect the blind to lead the blind?

Agreed, Tun. Malaysia is a big trading nation, Tun.

A capitalists' nation.

A nation where capitalists own the politicians, Tun.

Tun needs to do this urgently. Appeal to all Malays under 21 of age to study and master these knowledge en masse. They will in the future uplift Malaysia to greater height of glory.

Study business, economics, finance, accounting, management, Arts & Social Science major such as Malay language, Graphic design, mass communication, journalism, political science, psychology and Law.

Just ignore Dr. Syed Alwi. He doesn't know what he is doing.

Remember this, Tun, Capitalism works, Tun. It always does.

Maintain Industry!
Glorify Capitalism!!!!
Exterminate Wood!
Extinguish Fire!

A Malay is a capitalist. A capitalist is a Malay.

Dear Tun,

The USD is somewhat currently strengthening in the currency market thus making RM Weak. For the past 1 1/2 years or so, the USD reached its peak, meaning it was Weak in the currency market compared to EURO for example, somehow technically it reaches its peak and rebounded and now will probably band range in terms of technical for the currency market.

In the longer term, I suppose If Malaysia were to hold the USD too long when it was bought at the pegged price of 3.8 against the 1 US dollar, I believe, YES RM will be definitely lose out.

I do hope our economist(s), Don't really know who they are, is the most wise of all, should already anticipated these Technical Game.

Especially, with the upcoming US President Election. US Dollar should continue to hold strong or at least maintain it's range.

Will the US Dollar appreciate further? The probability is there but how much more? This we have to ask the Market Movers, i.e US Government or like Countries Tun mentioned, Financial Institutions/Bank etc, etc.

Maybe our DPM knows what he is talking about, after all, he has the necessary expert adviser available close to him.

Malaysian citizen should be of Knowledge as well, just enough to ensure that we understand what the EXPERT ECONOMIST in Malaysia are saying. Then, we would not jump the gun in believing or not believing everything they are advising upon.

I think the DINAR is workable, lots of work for Malaysian Government to table it though, to study it in and out comprehensively, but not impossible to do.

Where there is a will there is a way!

GOOD LUCK to our Ringgit Malaysia and the Leaders who run them. Kindly ensure that what ever the decision, are for the good of the PEOPLE and a correct one please.

We the Young Malays are watching with great interest.

Thanks Tun. Dr. Mahathir you are an EYE OPENER to all of us.

Salam.

YB Tun,

Idea Tun memang "class". Saya pun bukan ahli ekonomi macam Tun tapi seperti Tun saya pun yakin ada banyak cara untuk mengatasi kemelut yang ada sekarang.

Satu yang kadang-kadang saya terfikir ialah masalah-masalah ekonomi yang wujud sekarang ini ialah kerana adanya ahli ekonomilah. Kewujudan ahli ekonomi menyebabkan berlakunya masalah ekonomi. Kerana "bijaksananya" ahli ekonomilah yg mengapungkan US dollar kepada hanya kepercayaan sahaja. Dalam Islam pun stail ekonomi bergini adalah HARAM. Dalam Islam urus niaga yg halal mesti ada barang yg berbentuk fizikal, kira macam kalau bayar guna duit kertas pun, duit kertas itu ada sandaran pada sesuatu yg fizikal, bukannya atas dasar kepercayaan sahaja.

Tapi itulah kalau kita berkata pada ahli ekonomi, mereka akan cenderung untuk memberikan solution yg

paling sukar sekali. Lebih banyak "CAN'T" daripada "HOW"

salams tun and family,

first of all, selamat hari raya aidilfitri, dan maaf zahir dan batin.

2. do you actually read ALL of our comments? hope you can answer this in your next snippet.

3. one need to be open-minded, to listen and weigh any suggestion, before saying NO. it is apparent, that the tradition of BN to say NO to any suggestions by opposing parties, regardless whether that suggestion has merit or otherwise. i remember the kinabatangan and jerai mp's getting the "whip" for agreeing with one motion made by the opposition in parliament.

4. since you are now not in umno, and has been constantly criticizing the premier, i think he/they have considered you an opposing party (not opposition political party tho). therefore, any suggestions from you, no matter how good it is, will be summarily dismissed without second thought. heck, they might not even think about it. just no, no, no... like a broken record.

5. if we continue this act of opening our mouth faster than the speed of thought, i think it will be very challenging for us to become a developed nation.

thank you tun.

Salam Ayahanda Tun. Maaf tersimpang lagi saya nampaknya. Banyak para komentar menyertakan lirik lagu BTN Warisan dalam komen mereka. Saya kagum masih ramai yang menghargainya. Saya mula dengar lagu ini dinyanyikan pada tahun 1982 di Kem Bina Semangat Frasers Hill. Saya berumur 13 tahun ketika itu, dan masa tengah di adakan seminar BTN dan tetamu jemputan adalah En. Abdul Aziz Shamsuddin untuk memberi ceramah, saya curi masuk dan duduk atas lantai penjurong belakang lecture hall untuk mendengar sendiri ucapan beliau. Kagum. Itu saja saya mampu kata hingga ke hari ini. Beliau menceritakan tentang asas polisi Tun kepada "Buy British Last" dan bagaimana Margaret Thatcher ketika itu terasa hentamannya sedikit demi sedikit. Bagi seorang budak berumur 13 tahun, saya tak lupa semua itu. Kemudian dinyanyikan lagu Warisan ini. Liriknya kalau saya tak salah adalah dari En. Shagul Hamid dan En. Zulkifli. "Anak kecil bermain api, nanti terbakar jari sendiri". Hebatnya semangat kita pada masa itu, begitu mantap dan jati. Itulah Melayu di zaman Perdana Menteri Dr. Mahathir Mohamad. Hari ini Tun, janganlah anak kecil masih lagi bermain api. Nanti terbakar diri sendiri. Peralihan kuasa secara nego masa zaman Tun adalah di sarankan oleh Tun secara ikhlas dan suci demi untuk menyelamatkan parti dari politik wang dan daripada kepimpinan yang korup serta tidak langsung berkeadilan. Tetapi jika pada masa ini di amalkan lagi proses ini, maka saya cuma bertanya apakah niat sebenarnya mereka ini? Menyelamatkan parti daripada apa? Adakah terdapat keikhlasan dalam niatnya? Atau pun atas kepentingan diri atau individu sahaja? Seperti kata MUBARAK, balikhlah ke asasnya. Go back to basic, serahkan semula hak penentuan kepada ahli akar umbi. Ini lebih bijak dan wajar bagi ketika ini. Salam dan terima kasih Tun.

Salam Tun,

current trend....major finance institutions in UK have been hiring top Phd graduates in Engineering as their finance/banking/investment managers. What are the engineers doing in the financial sector? If we can think "out of the square", we will find the answer. Finance industries really need peoples that have the skills of "able to analyze the situation and proposed the possible actions" and that's what engineers learn at school. We don't need only well trained financier to run an established finance system, but we really need people that critical & think ahead for new challenges in our financial system. For me, you are not really an unorthodox thinker but your ability to analyze the current situation make the different. Good on you.

TUN dan warga chedet.com.

1. Saya tak belajar ekonomi. Maka tak tahu lah nak buat ulasan akan hal ini. Tapi saya penyokong tetap blog TUN masih mahu nak berkongsi pendapat dengan kekawan yang lain.

2. Setelah membaca pendapat2 dan meneliti sokongan dari pakar2 ekonomi disini saya yakin akan formula ini boleh diterima pakai.

3. Ada beberapa entries biasa lah mereka2 ini, macam Neil, T dan ada seorang dua yang lain sentiasa tak setuju semua yang tulis disini.

Tapi muka2 ini masih ketageh membaca tulisan2 TUN. TUN ada aura.

4. Ternyata TUN seorang ahli ekonomi hebat bertaraf global. Sangat membanggakan. Pasti USA akan marah jika idea TUN di bentang dan di bincangkan keperengkat antarabangsa.

5. TUN telah pun melihat kegawatan ekonomi sebegini boleh berlaku 10 tahun yang lalu. Dan meramalkan dasar kewangan dunia ketika itu boleh memberi impak buruk pada ekonomi global jika tidak diubah suai. Nyata ia berlaku sekarang. USA sedang nazak.

6. Saya maseh teringat kenyataan President IRAN beberapa bulan lalu ada mengatakan Amerika akan menjadi negara MUFLIS sedikit masa lagi. Kenyataan nya itu telah pun nampak akan bayang2 nya sekarang.

7. Tapi malang nya kerajaan tidak cuba berusaha menggunakan theory TUN untuk dikaji dan diteliti secara mendalam akan hasilnya. Terus sahaja cakap "Tak boleh dan tak betul".

8.Saya kagum akan kepintara fikiran TUN. Kerana itu juga lah TUN dihormati kawan2 dari seluruh dunia dan di geruni oleh negara2 yang cemburu dengan kemajuan yang TUN pernah ciptakan untuk Malaysia.

9.Teringat kata2 Presiden Sukarno.(Tapi di ubah suai versi Malaysia)

" Walaupun Malaysia ada 1000 pemimpin macam AAB tu, mereka boleh mengalihkan bangunan Parlimen ke Putra Jaya. Tapi jika Malaysia ada 10 orang yang berjiwa seperti TUN mereka boleh mengegarkan seluruh dunia." Wallahwa'alam.

Saya terkejut Shahidan dah jadi penasihat AAB. Sejak kebelakangan saya selalu "Terkejut".

Assalamualaikum, Tun. Its news to me to be informed that US has no longer gold bullion in Fort Knox, and go totally on Bretton Wood program.

2. As for the unorthodox suggestion, is really an idea that we all should go in depth.

3. But there is a trait here. It seem that Malaysian government likes to sit on its laurel. This is because I dont understand why Kedah government do not want to end the agreement on Penang...! And still continuing receiving payments which are supposed to be undervalued.

4. Can Tun or anybody out there enlightened me on the issue. It seems that present history teachers and phd holders keep on telling the same old - orthodox? - story to the students and public.
By gooner on September 26, 2008 8:29 AM

Dear Tun,

It is good to have opinions from non-ecenomist because they are not trained with the economic fundamentals taught by the westerners which sometimes contradict with the teachings of Islam. However, in relation to the trading in MYR, we might want to take some lessons from what happened to Iraq. When they announced to trade their oil to EUR from USD few years ago, the US knew that this will simply bring down the value of the USD. Their economy could collapse if trading of substantial amount of oil is done in Euro because ppl are not going to use their USD anymore and that is one of the reason Iraq is attacked. Of course that is the worst that could happen to our country considering the amount of our trading is relatively low compared to the bigger trading nation. Gold dinar would most probably be rejected by the westerners but we can start from our own community. Just my 2 cents.

strong leadership means making difficult, sometime unpopular decision as a mean to achieve the end.... at the same time keeping things under control... we are now somewhat out of control... can someone out there fix this? can Najib fix this, or can TR ...??? leaders need to show clear direction...

mengapa kita tak boleh melakukannya (mgunakan RM yg bersandarkan nilai dnr emas)? mgkn sebab byk kekangan dlm urusan antarabgsa yg byk guna US Dolar. Jgn fikirkn yg diluar dulu tp fikirkn bgaimana nak mulakn dlm negra. jika dlm negara kita berjaya maka org akn nampak bkti kejayaan pelaksanaan sisem ini.

jika berjaya dlm negara maka perluaskn dikalangan negara OIC, bila mereka yakin dgn kjayaan kita insyaallah mereka boleh ikut. masalahnya, kerajaan skrg diam seribu bhasa bhbung idea ini. sggupun idea pgunaan siling emas sbgai salah satu btk simpanan sudah ada sprti MAYBANK dan PUBLIC BANK tp ia belum disokong oleh instrumen lain utk memudahkn urusan. utk mbuat pengeluaran tunai masih kena pergi kaunter bank dan byr harga brg dipesat mbeli belah masih guna kad debit/kredit/ATM dr akaun simpanan dlm btk matawang yg bersandarkan pd nilai US Dolar. akaun simpanan siling emas masih dianggap sbagai btk pelaburn jgkama pgg dan bknya utk urusan harian.

kita perlukn seorg pemimpin yg bijak bfikir dan berani bertindak melaksanakannya utk mjdkn apa2 idea yg dilihat praktikal utk dilaksanakan mjd kenyataan. bknya pemimpin yg lembab, pak turut, pentingkn diri, tidak futuristik dan takut dtekan oleh kuasa besar dan pasaran dunia.

Advise from Kapas Island Pirate.

Forget about money, just batter trade-lah. I batter for rice and other food stuff from coconut and fish. Maybe, Malaysia should do batter trading too ?. We can get what we want from our oil & Gas, rubber, oil palm etc etc for food or whatsoever we want-lah. Old pirate style,,,why not ?. In fact, it was how things were traded in the olden days. We got China bowls from bird nests in Sarawak, very true-lah,,,just visit the Longhouses and you can still see the old China bowls.

Just thinking out of my coconut !

Well done Tun, you are the best and keep up with your blogging, its make my day every time I read yours. Try reading mine ;<http://kaspirates.blogspot.com/2008/01/rm20-million-ship-wreck-for-waters-off.html>

Salam The Greatly Honoured Tun,

I am a big fan of yours, sir. Has always been and will always stay that way. My late uncle, Tan Sri Megat Junid Megat Ayub, was your staunch supporter and one of your great allies.

I have nothing to say but only grievances over how the country is being managed currently. We miss you, Tun. We miss your uncanny and intelligent measures in tackling just about any troubles or dilemma.

I know you are a reading person as it manifests in all your words and actions. The only question that I have of you, sir, is why did you ever hand us over to the wrong head, AAB?

Dear Tun,

Please come to our rescue, sir. Please help this beloved land of ours to sustain and endure all imminent pains...Ya Allah, please bring back this man of many talents to us.....Please return him to our sides... We need him, Ya Allah!

Ya Allah,

Selamatkan Tun dan keluarga dari sebarang musibah. Kurniakanlah beliau dengan tubuh badan yang sihat dan akal fikiran yang sentiasa tajam. Peliharalah beliau dari sebarang bala...Amin Ya rabbal Alamin!

Don't you ever leave us, unattended and uncared for, sir....We need you....!

adalah dari titik peluh rakyat malaysia yang setiap hari bekerja membanting tulang untuk membayar cukai. tetapi UMNO lebih berminat buat mesyuarat bagaimana pelan peralihan kuasa. di negara Amerika negara mereka berfikir bagaimana nak selamatkan negara di Malaysia pm dan kabinet berbincang bila pm nak pencen. Adakah sistem pembelajaran kita yang seperti hampas sehingga presiden dan kabinet UMNO tak tau mana priority ? negara kita bukan maju seperti jepun dan amerika hingga boleh di buat auto pilot. negara ini sudah lama hancur kerana pemimpin UMNO hanya pentingkan perut dan kocek sendiri. Saya tidak hairan parti china sangat marah pada umno kerana pembayar cukai yang membayar cukai adalah 80% dari pengusaha dan rakyat keturunan china. tapi hasilnya adalah cukai yang dibayar hanyalah untuk membuat sidang tergempar yang tidak membantu langsung bagaimana caranya syarikat mereka boleh terus hidup dalam kegawatan ini. Dalam bulan ini dah berapa kali buat mesyuarat tergempar bincang bila pm nak pencen. saya tidak terkejut umno makin di sumpah dan di laknat oleh rakyat malaysia kerana tidak amanah terhadap bangsa dan negara.

Salam Tun & bloggers,

setahu saya, harga emas pun tak stabil zaman ni, naik turun agak volatile.. www.kitco.com.. about 3 days ago, emas naik dekat USD90 in dalam satu hari!. pada pendapat saya, emas pun sekarang menjadi mangsa manipulasi, sama seperti manipulasi fiat money... di mana.. sesiapa sahaja boleh membuka akaun simpanan emas (memang ada bank di malaysia yang mempunyai servis ini). apabila membuka akaun tersebut, penyimpan membeli emas dalam gram yang dipegang/dibekalkan oleh bank, tetapi bank mempunyai 'fine print' menyatakan "bank tidak mempunyai kewajipan membekalkan emas (actual physical gold) kepada pemegang akaun". jadi, nampaknya, emas pun seakan-akan jadi fiat money sekarang ini. ada juga pertubuhan tertentu yang mengecam manipulasi pasaran emas (GATA).

selamat berpuasa & selamat hari raya.

Tun,

Tumpang lalu:

SCOR, you said, "Again, the fluctuating value of USD may not be so harmful if we can keep our trading balanced. This is because both our import and exports are in USD. So only the difference will be affected by the change in the value of USD. I am an economist but this is only my opinions."

1. We are using the USD for payment purposes with our trading partners only, but the USA is NOT OUR ONLY TRADING PARTNER.

2. We are trading with other countries as well, and some of those countries, especially the European countries, prefer to have their goods paid in the Euros.

3. Hence, if we were to continue using the USD as our trading currencies, we would lose twice or even more than that at times. Why? Because we have to first convert our weakening RM to an ever weakening USD then to the powerful Euros or to the other powerful currencies, whatever the situation may present.

4. So, when we have to pay higher premium for our raw materials, which would result with higher selling price, and as an Economist, what would you think would the result be? Bravo! Our Products would become more expensive and less competitive.

5. When we cannot sell our Products, but have to continue procuring raw materials, would we still be able to "balance our trading?" We would be lucky if we could sustain our economy without going into recession!

6. The only party that would continue to benefit from the current arrangement is the USA! Hence, the reason why the Gold Dinar never took off!

7. I am not an Economist, but a businessman who thinks like the Tun, i.e. 'out of the box' and unorthodox.

Salam Tun Dr Mahatir

Sebenarnya apa yang Tun cadangkan ini itulah yang sebenar-benarnya halal dan sah di sisi Islam. Kerana ia akan mengurangkan KEGIATAN SPEKULASI KEWANGAN.

Dan ini juga betul kalau tinjau dari sudut AJARAN CONFUCIUS yang

tercatat dalam RAKAMAN ISTIADAT (li ji)

Confucius tak setuju dengan kegiatan kegiatan SPEKULASI, dan

berpendapat PENDAPATAN mesti didapat dengan cara betul.

Tetapi kaedah ini mesti dikaji dengan teliti kerana kita hidup

dalam SISTEM YANG TERBUKA, perindustrian pelancungan adalah satu perindustrian yang penting di Malaysia.

Alangkah Baik satu Seminar tentang hal ini diadakan selepas hari raya. Dicapang Seminar ini dipengerusi oleh TUN DR. MAHATIR dan disertai oleh pakar intelek seperti DOCTOR FONG CHENG AUN dari MCA, Dr SUBRAMANIAM dari MIC, dan ahli ahli intelek dari setiap PARTI KOMPONEN BN

Dear Tun

1. Ringgit - Again I disagree with you. Malaysia is NOT a big trading nation in comparison to developed countries. Unless if you compare us with the poorer African countries. What is RM200b export? It is just a mere USD60b? What is the annual trade value of 1 single company alone in the US ie Microsoft, GE, Walmart, etc? The amount of trade for any 1 single of these companies would have swallow the entire Malaysia. We are already lagging behind other Asian countries in economy, let alone the world. So yes, to get the world to trade in Ringgit is a ridiculous suggestion. If they do then it is a bonus.

2. Pegging - Now to peg or no peg has its advantages and disadvantages. Although fixing the trade currency to avoid fluctuation and speculation, then the 'real' value of the Ringgit and Malaysia financial economy/status is not reflected. In fact, we are talking about free trade for a decade like AFTA, WTO and we have achieved non of that. Malaysia is NOT a free trade nation and we have always been very shortsighted. Imagine if you go to another country as a tourist and try to change from RM to their local currency, and they say RM is not recognised.

3. Gold - If the world wants to use a more effective currency, now I agree with you that Gold is a more stable currency. Nevermind if you have got no cash, as long as you've got the GOLD. Gold is recognised by all countries in the world.

You have once proven and saved Malaysia by pegging the Ringgit. I believe that pegging should be done in special circumstances - but not forever. We cannot lah peg, not peg, then peg in a short span. Then what is our credibility in the free and globalising market?

Salam Tun,

In Your Previous Post: Snippet: Loss of Confidence; "#7. The rakyat are right in being fed-up with corruption by UMNO PLUTOCRATS".

Ayat Power : PLUTOCRATS.

Check in wikipedia about PLUTO (Astronomy):

1. On August 24, 2006, The International Astronomical Union (IAU) defined the term "planet" for the first time, and Pluto excluded from this definition (bermakna Pluto tak diiktiraf sebagai planet lagi, cuma dianggap sebagai objek).

2. In January 2007, the American Dialect Society choose "plutoed" as its 2006 word of the year, defining "to pluto" as "to demote or devalue someone or something".

Yess... Tun, due to these PLUTOCRATS, UMNO will follow PLUTO. For 51 years since merdeka, known as dominant ruling party. Some of PLUTOCRATS already fedup with this status for a long time, and ready to be known as "the most respected opposition regime" in the near future.....even had been proven by UMNO Penang (they opposed everybody, inclusive their tag team in Barisan).

We have to change the way we think following the worst financial crisis at Wall Street. What was good the last few decades had become irrelevant. Please do not reject a new idea based on conventional wisdom. We will not lose anything by carrying out an indepth study of Tun Mahathir's suggestion. He has been proven right so many times before.

Assalamualaikum Tun,

Yang saya paling gembira mengenai blogging ialah kami dapat berbicara dengan Tun lebih dekat lagi tanpa halangan. Saya rasa untuk sekarang, kita float ringgit kita supaya RM kita tidak akan jatuh dengan USD.

Memang sekarang, duit kertas kita sudah lari dari matlamat asalnya iaitu sebagai wakil barang berharga seperti emas, perak,..... Saya setuju dengan idea menggunakan dinar yang mewakili emas 'physical' yang disimpan di tempat selamat. Ini dapat menyelamatkan dunia daripada spekulator 'forex' yang hanya memikirkan untung.

Untuk menjadikan RM sebagai currency sememangnya idea yang sangat bagus. Tetapi ia memerlukan persetujuan rakyat dan rakan kongsi di luar negara dan terutamanya, hanya pemimpin-pemimpin negara yang berkuasa dan berwibawa dapat melaksanakan plan ini. Ia seperti Bahasa Malaysia. Kalau kami masih lagi mengutamakan bahasa lain untuk berkomunikasi, bagaimanakah hendak memartabatkan Bahasa Malaysia sebagai Bahasa dunia?

Ini hanya pandangan saya. Sekian. Wasalam.

Tun,
My lecturer always say no idea is a bad idea. It just need more study and fine tuning here and there before it works. I am sure someone will pick up this ridiculous idea of yours (it may not be a Malaysian or Muslim)and study and implement it and do wonders to many people in the world in years to come. Many great things or achievements we have in this world today comes from ridiculous ideas . Jz look at Ibnu Sina,Bill Gates, Thomas Edison, Alexandra Graham Bells ,and many more.But dont worry all the pahala and reward will go to u in the form of saham akhirat. I do believe all the Great Ridiculous Ideas is actually a special honorable gift in a form of Ilham from Allah SWT and He doesnt just give it to anybody and without a purpose.

In relation to what happen to USD Financial Empire , I would like to say:

a. Serve them right, it is a punishment from Allah for their Direct and Indirect Cruelty to many people in many poor countries and for what they had done to Iraq and Afghan. No doubt when USA economy is in trouble the world feel the heat but I guess it also a punishment from Allah to all of us especially the Muslim because we were helpless not being able to defend our Muslim frens due to our weaknesses.But this may be a starting point for the Muslims in the whole world to strike back at them ,not by physically attacking them with military armour, but by strengthening our belief to implement the Islamic Financial System and show to them that their secularism &capitalist idea have many flaws. It is easier to tell them off now that their method in using finance to coerce other people is now getting back at them . Even their USD can be equate to TOILET PAPER soon (my Investment Lecture used to say that).

indeed, pegging ringgit to Dinar is quite feasible, as long as there are strong back up from countries that have good economic foundation, in layman's term, good "running mate" for Gold Dinar.

Why?

1) if we, Malaysia, being a Muslim country were to implement this Gold Dinar as our trading rates, we should be fully aware that there are numerous enemy of us that really hates to see a developing Muslim country to prevail economically at world stage. Imagine, Malaysia as trading nation, being sole trading venue of Gold Dinar worldwide, how much capital flows are we talking about? 5 billions? 9.7 billions? per day? sheeshh.. even a laid back purse snatcher or unpopular pirates will be tempted to "attack" Gold Dinar or Malaysia. so, good "running mates" could somewhat ensure we are insured from this attack.

2) undoubtedly, the most "hot" commodities right now is oil and gas. since crude oil price keep on fluctuating everyday, it is prone to speculation. thus, the future and derivatives stock were born in order to mitigate the risk at one time, but now it has turn its back as instrument of gambling and..SPECULATION. since this "hot" commodities is actually main trading product for developing country especially OPEC country, i would humbly suggest that the Gold Dinar initially will be used among OPEC country to mitigate the fluctuating of crude oil prices. replacing future and derivatives stock as instrument to mitigate the risk.

3) since Gold is not consumable item, it will be use again and again and again. because of it is naturally impossible to produce gold, this resource will be facing depletion. the demand will be high, but quantity supplied in the market will be moving at unprecedented pace. it will contribute to the appreciating value of Gold. so, good governing international laws and regulations must be further put into exercise to prevent any participating countries of Gold Dinar trading to excessively accumulate massive Gold Reserve. maybe at certain point limitation on production and retail price of Gold should be impose.

sigh.. so much thoughts for Gold Dinar. seriously, if it were to make real, i would like to be included in this glorified event as Gold Dinar is again being an international trading currency as it was before during time or Kegemilangan Islam.

Tun,

Whether you realize or not, it seems like whenever any disaster happened, many suggestions are direct or indirectly related to Islamic way of life.

If I not mistaken, TG Nik Aziz did suggest and start doing this kind of trading in Kelantan long time ago. Indeed he suggest many other things that have been blindly rejected by our federal government even though they are fully following Islamic teachings and not even contradicted with civil law.

Its time to start thinking proactively, more Islamic way rather than blindly support the racial party above everything else.

You see, the truth will prevail ... sooner or later. Selamat Hari Raya Aidil Fitri.

Assalamu'alaikum Y Bhg Tun,

Selamat berpuasa dan menyambut Hari Raya tak lama lagi.

Kalau Dollah tu boleh berfikir macam Tun alangkah makmurnya negara ini. Agaknya dia dah tak boleh fikir out of box dan asik nak minta ide dari penasihat memanjang tu yang mungkin memaksa dia serah Menteri Kewangan pada Dato Najib. Yalah Menteri Kewangan mestilah seseorang yang punya fikiran macam Tun walaupun bukan pakar kewangan tapi punya idea hebat yang boleh diketengahkan. Ini nak pegang jawatan hebat tapi tak bijak susahlah.

Penasihat pun bukan nak bagi semua idea dia nanti sapi punya susu lembu dapat nama. so lu fikirilah sendiri ! agaknya itulah yang penasihat kata pada dia boring minta idea hari-hari. kalau tak mampu bagi pada orang lain sajalah kan. Jangan menteri Kewangan saja nak bagi, kalau bagi semua jawatan lagilah elok semua rakyat seronok.

salam Tun,

it seems that people like T and Kilmer underestimate Tun's abilities. They sounded just like so-called economic experts who belittled his economics rationale during the 98 crisis.

All sorts of abuses and degrading remarks were hurled Tun's way while he held steadfast to his beliefs.

The way I see it, Tun is a brilliant calculated RISK TAKER while most people prefer to PLAY SAFE.

I concur with 'worried' that Dr. Zeti is a RISK AVERTER.

When Tun is sure of something which he had carefully thought out, you better do it boy! Nobody can stand in his way..not even the Bank Governor!

Tun is a hands-on type of person so much so that the rakyat know who to trust whenever there is a problem.

THE IMPORTANT THING IS TO TRUST YOUR LEADER'S CAPABILITIES.

IF THE MAJORITY OF PEOPLE DON'T TRUST THEIR LEADER, HE SHOULD RESIGN.

Having said that I urge DSAAB to resign ASAP and his successor to appoint Tun as Minister Mentor / Senior Minister / Advisor.

What a waste for the nation not to value the thoughts and policies of Tun.

His ideas are visionary and almost always far better than what the current crop of leaders combined (in BN and also the opposition) can muster.

to Patrickz218,

I am very happy that you are leaving the country! Good luck to you and others like-minded. Hope you will get / achieve whatever you craved for that this country could not offer you!

The Americans are smart. In fact even smarter than us (opposition included).

They spin up tales and cause other nations to suffer when they are in trouble.

Sometime back, they saw an opportunity and blew the SARS and Bird Flu issues out of proportion to dent the Asian economy.

Now rogue traders are back at it again and it's milk from China that is targetted, with a hope to rattle our economies again.

All because they are in a bad financial state right now.

Yet, our opposition seem to love every bit of it, even influencing the current administration to follow suit.

By crazyidiot on September 26, 2008 10:57 AM

Tun,

To add further,

All major currencies in the world are depreciating against the US Dollar because of the near US Presidency election, this means that the ringgit is not losing its value but the US Dollar is gaining value. So, there's really no reason to peg the Ringgit against the US Dollar.

The depreciation is caused by AAB's bad record in attracting more investors and implementing fuel hikes which only worsen the problem. With higher fuel rates, and stagnant income, corruption and crime rates will definitely increase. Its simple logic.

$1 + 1 = 2$

What more if he structures it in a way that all the business goes to his son in law. It is totally unfair to all Malaysian citizens. This is why many many professionals and non professionals are leaving the country. You have to stop the termites at the root of the tree not at the branches.

Your paras 14 to 17 received full support from nookvillage. It is important not to shut our mind on this issue.

Tun,

I have to disagree with you on using gold to back every note. Yes, you don't run the risk of a trade deficit like the US has done for God knows how many years.

But can the country's Finance Ministry and leaders stand to see the economy running on slow gear while her neighbors like Vietnam run at full speed (probably faster than it can handle judging from the rate of inflation) with money borrowed from the future (in the form of treasury bills)?

I believe the latest political 'tsunami' has caused every politician to become populists and such a move will spell doom for their political future.

By Jamal on September 26, 2008 11:08 AM

Dear Tun,

Economist can't even agree on what really happened to historical financial downturn and crisis.

Economics is not an exact science (not yet anyway). A lot of the principles and basis of our present day economic studies are still theories which are not yet proven conclusively.

Therefore Tun is most welcome come up with your "ridiculous" suggestion.

However, Tun has not gone far enough. How about this outrageous suggestion;

Instead of using any currency or even gold for international trade. We use a "benchmark unit". Let's call it the Din (out of respect for the Dinar).

This Din is a medium of exchange of all the currencies in this world. It will allow nations of the world to decide what exchange rate they want to affix to this Din. But the nations will also bear the responsibility of the effect of said peg to the Din.

When these nations want to conduct cross border trading they will use the Din for this purpose. As such the importing nation need to buy Din to give to the exporter and the exporter country will accumulate Dins as national reserves and imports.

The Din is the property of all independent nations. So rightfully it must be overseen by an association of all nations as equals. No like the World bank or the IMF of UN which is not of equals.

Nations holding US\$ reserves will be beholden to the US. The US will decide what rate they want to peg to the Din. these nation can then exchange the US\$ for Din in orther to keep the Din as reserve.

Now this I call an outrageous suggestion.

Another one is to do away what the capitalist system (using interest rate to regualte the flow of capital) but revert to a negative interest based system (zakat) without abandoning the natural law of supply and demand system(free market).

Salam Tun

I would like to thank you for giving me the opportunity to write in your blog and to give my opinion and my only intent is to see prosperity and goodness in Malaysia the Islamic way. I would like to take this opportunity to wish you Selamat Berpuasa till the very last day of Ramadhan and remember the puasa determines the raya. Minta maaf zahir dan batin, Tun and also to all other fellow bloggers on chedet.com and do drive carefully when you all balik kampung. I wish all Prime Ministers (or ex-PMs) have the wisdom and decency to keep in contact with their rakyat with the use of blogging such as you, Tun, and it will help them to know the feeling and opinion of their rakyat. Anyway the instruments are there and it is up to them to use them. Only Allah SWT guides whom He wills.

I would like to end by comment with the well-said advise of one Malaysian doctor :-

"Adalah menjadi tanggungjawab media kerajaan dan swasta yang dipegang oleh mereka yang muslim untuk menghormati hari raya dengan menyiarkan program-program yang bersesuaian dengan ajaran Islam. Amat malang jika tujuan Hari Raya untuk kita membesarkan Allah dan bergembira dengan disiplin dan peraturan yang ditentukan syarak, tiba-tiba siaran media kita menyiarkan apa yang bertentangan dengan itu.

Islam bukanlah jumud sehingga menghalang umatnya bergembira dan berseronok suka. Namun, bukanlah dengan cara yang jelas dilarang oleh Islam seperti gelagat-gelagat artis dalam media atau filem yang melampaui batasan yang wajar. Tidak wajar disiarkan lakonan atau tarian yang tidak dapat diterima oleh penilaian syarak.

Hari Raya adalah manifestasi daripada ibadah puasa di bulan Ramadan. Jangan media asyik mencemarinya saban tahun. Sepatutnya, jika kerajaan benar-benar ada kesungguhan, banyak yang dapat diselamatkan dalam kehidupan muda-mudi hari ini. Namun, apabila kita cakap lain sementara tindakan kita lain, maka rosaklah generasi kita". Dr M.Asri

Salam Tun. The problem is our leaders are too asrragont to admit their ignorance. So, instead of admitting their shortcomings they just brush aside your views on the pegging, or may be they do have a clue what it is about. Its like the Malay sayings "Bodoh Tak Boleh Diajar". Selamat Hari Raya Tun dan keluarga.

Dear Tun

I am distressed that the collision accident that occurred between 2 LRT trains recently in Bukit Jalil. I was under the impression that when it was introduced in KL, it was fully automated in its track driving and not being driven by a human driver. If it is being driven by a human driver, then as we all know, humans are susceptible to errors sooner or later. Government should consider fully automating the LRT with the latest technologies with no human involved. Have sensors to detect the distance between trains and automated braking mechanism. Automatic sensors should also exist to identify if a track has been de-railed or there is a gap between tracks (eg. a railway link has been removed or broken). Thank you Tun please bring it up with the Transport Minister.

Dear Tun,

Some ppl say we going to be in trouble when America economy going down, but Allah is fair, when something bad happens there always hikmah behinds it.

Maybe due America failure, maybe its time for us Malaysia and other countries might take this an opportunity to break away from America influence? I dont mean to sound rude to America but it doesnt make sense due to their CEO failures and strange "betting" we got to suffer too. Doesnt mean we cant be friends with America when we break away from their system and influence.

Sometimes I wonder why Anwar and Pak Lah/KJ still wants to "himpit" America? America is having troubles, we should focusing extra on other country that makes more money so we can get some benefits out of the deal, example like Russia, China and other developing countries. I respect Tun decision when focusing deals with Japanese during that time, it gives us alot of benefits in terms of trades and technology.

Tun,

I read the papers 2day and, yet another hindu temple demolition and tis time in Ampang. I also read tht Samy Velu commented tht the opposition has failed in living up to its promise. But, for a moment, I was left wondering as to the fact tht this issue also happenend numerous times during your administration and also during Samy's reign in power. Do politician's always play this 'double game' ?

Tun,

Also, tht sex-related scandal in Perak. The youth movement in the state has strongly requested tht the religious authority take stern actions against the PR officials. Then, what about the one former Malacca chief minister, whom got embroiled with an underaged girl? Is this not another 'double game' ?

Tun,

Pak Lah's administration is weak, like how everyone is saying. I totally agree with all tht. To the extent the PM had to do a spot check on our Komuter and LRT services. This is a classic example of INEFFICIENT GENERALS. Pak Lah could not even hit the proper notes when he 'court marshalled' Ahmad Ismail about his comments on the Chinese community being immigrants. Why not use ISA against this guy like how

Pak Lah's administration did to RPK, Teresa and tht poor journalist?

Tun,

During your time, ISA was also used, but the pattern of usage i.e first to the last step of the process, you dictated it. A real class of an act because there would be very minimal outcry. Its in the damn process and you executed it like a real 'PERSON IN POWER'. But, now, with Pak Lah's generals, this guy is looking at doomsday.

Tun,

I would like to take this opportunity to wish you and Cik Hasmah a prosperous and fantastic Hari Raya. Thanks a lot for everything, my dearest Tun.

Assalamualaikum Tun.

Terus terang saya katakan saya tidak begitu arif berkaitan dengan ekonomi. Tapi jika kita lihat dari pengalaman lalu tindakan Tun menambat mata wang kita telah membuahkan hasil. Yang menjadi peliknya kenapa Najib tidak menerima saranan Tun untuk menambat semula matawang kita.

Ekonomi dunia sedang menjunam. Punca utama apabila beberapa buah syarikat kewangan gergasi telah gulung tikar, tetapi Najib telah mengambil sikap tunggu dan lihat. Takpalah dia Menteri Kewangan 1. Kitapun tunggu dan lihatlah hasilnya.

Selain dari isu tambatan ringgit semalam dalam Buletin Utama 25/09/2008 ada 2 berita yang menarik perhatian.

1. Kenyataan yang dibuat oleh kalau tak silap saya Zainal Aznam yang mengatakan Malaysia adalah pelabur terbesar dikalangan Negara Asean. Betul ke?? Ada sesiapa yang boleh mengesahkan perkara ini.

2. Sejak bila BPR menjadi badan mencegah maksiat??? Berhubung dengan kes seorang ADUN PKR di Perak. Yang menjadi kelakar, kenapa JAIP tidak mengetahui hal ni. Nampak sangat ada udang sebalik batu dalam kes ini. Saya bukanlah pro PKR tapi sekurang-kurangnya mamat ni berani bersemuka

dengan media. Kalau nak diikuti kes maksiat dikalangan orang UMNO lagi banyak kalau nak ditimbulkan. Tak tahu lah apa nak jadi.

Selamat berpuasa Tun. Wassalam.

Assalamualaikum Tun,

Sekarang sy dah faham apa maksud tambatan ringgit. Tun, rugilah kiranya pihak kerajaan tidak mengambil Tun sebagai Penasihat..

Tun memang dilahirkan di Malaysia untuk menjadi Leader. Jikalau saya sebagai rakyat biasa, pasti perasaan untuk berada dibawa management Tun tidak akan bimbang dengan keadaan ekonomi yg terumbang-ambing, malangnya..Pak Dolah dan Khairi Jamalaudin sangka depa terror, so ego menguasai diri justeru rakyat biasa yang terkena tempias.Wahai Datuk Seri Abdullah Ahmad Badawi dan ahli keluarganya..ingatlah..kalau gagal kali ni..anda sekeluarga akan dikenang sebagai the WORSE P.M and kroni.EVER till kiamat.Tolonglah..ambillah nasihat dari Tun Dr Mahathir yg dah berpengalaman lebih 22tahun..kalau check dlm wikipedia Tun adalah P.M paling lama bertahan di seluruh Asia Tenggara.Hah tuh diah..betapa terrornya (bukan nak bodek) tak tumbuh tak melata kalu tak sungguh saya tak kata..Ingat pepatah melayu..

Tun Dr M,

Kata bukan orang yang ahli dalam soal kewangan & Ekonomi, tetapi cadangan yang Tun Dr M beri benar-benar 'out of the box' dan saya tak fikir ada the so-called economist di Malaysia ni berani buat atau even pernah terfikir nak buat begitu. Simply because you are genius. Kenyataan DSNTR menolak Ringgit pegging untuk kini dan masa depan agak kelihatan kurang bijak especially beliau tidak ambil sedikit masa ataupun inisiatif untuk mengkajinya atau berbincang dengan yang 'AHLI' dalam bidang ini...dan ada ramai yang langsung tak faham apa yang Tun Dr M cadangkan, TAPI tak pernah nak bertanya..

p/s Ada baca wawancara dalam akhbar The Sun semalam (25 Sept 08)mengenai Mukhriz. Saya rasa dia ni jelmaan Tun.Very bold.'Ikhlas tapi bold' (pinjam tajuk lagu ZainalAbidin)

Selamat Aidil Fitri Tun Dr M....

Dear Tun,

Salam Ramaddan, selamat berpuasa sekeluarga.Ini kali kiriman saya dalam bahasa Inggeris sepenuhnya. Tak sempat terjemah, nanti blog Tun penuh...

SHARP TUN

Tun, your style is still there undiminished despite the age. SHOOT first talk later! SEMBUR dulu kemudian baru lap. Your first para is just that!

Tun, your unapologetic, unyielding trait shows. Your disdain for S'pore is all over and you never fail to belittle them where you get the chance. You refer S'pore as 'tiny' but don't get carried away. S'pore is the financial, currency capital for this region and the 'backdoor' foreign elements will use to attack destabilise ringgit (Don't confuse this is not S'pore action but supposedly foreign elements using their free market) Jaga the 'tiny' pintu belakang!

Pegging Eperience

Tun, your pegging experience was different. Then, the whole Asia was in turmoil, everyone including powerful Japan Korea,Taiwan,S'pore were severely affected. Asean countries faced bankrupcies. WE WERE UNDER ATTACK! We were in a 'nothing to lose'situation. We are certain who the enemy is, we are certain of their intention. So no greater harm can come we try something unorthodox. Under the fog of war(currency war) we can justify any action. The end justify the means.

Situation now is not like that. Nobody is attacking us concertedly. America itself is in turmoil hardly the launching pad to destabilise our economy and there is great global uncertainty. Nobody is certain where the danger lies.In uncertain times it is rash to act with certainty. In desperate times maybe e.g. you see smoke coming out of a building do you immediately jump to possible death. If you see flames then there is no doubt.

Tun, I see smoke you saw flames to warrant drastic action? To be fair Tun, you did not suggest immediate action. Tapi hati hati Tun jangan terlalu ghairah menganjurnya – ITIK SEMUA BELUM BALIK JANGAN NAK TUTUP REBAN!

ACT YOUR SIZE

Tun, we are a small trading nation. No matter how we flex our muscle the world will not change to follow us. We have to follow them (unless we are America's strength) Jangan terlalu megah, ekonomi negara di buat taruhan.

Zaman megah kita akan sampai akhirnya, jika kita tidak hancurkannya sendiri.SENTIASA UKUR BAJU DI BADAN.

SALAM TUN Dan Semua,

Selamat Hari Raya AidilFitri

Dalam negara malaysia yang tercinta ni, Jawatan perdana menteri hanya dijabat oleh 5 orang sahaja. Tun adalah PM yang ke-4 dan yang paling lama menjabat iaitu lebih 22 tahun. Jadi PM yang baru ni (tak nak sebut nama) kalau ada masalah atau tak faham diwajibkan bertanya pada yang telah menjabat jawatan PM ni. ingat 22 tahun!!! Banyak pengalaman. Ini tidak, buat seolah olah dialah yang paling hebat dan bijak. Tun punya idea senang senang dibatakannya. Dulu sebelum dapat PM pijak semut pun tak mati.

Dear Tun,

Once we never heard of Bank Islam. Now even non muslim bankers want to have their islamic products. I not sure where the islamic banking originated but it sure get the interest of many islamic nation and at some point they came here to study what is this islamic banking that we are talking about.

Maybe it is really islamic or maybe its just another way of saying 'interest rate' in arabic tounge.

Nevertheless people around the world really hunger of new kind of ways to manage money and trade.

If not because of the Labuan crisis that made our bank islam lost money to some bad loan, perhaps our bank islam is one of the respected bank in the world by now. It shows that this islamic banking system also is not invincible to manipulation.

We all can see how much the capitalism has hijacked the world monetary system. Even in islamic point of view the interest paid or receive is considered 'riba' something which is 'haram' or forbidden in islam. That led me thinking. why dont islamic nation come out with a better way to trade? how did the islamic empire at its glory trade? what system were applied?

Dear Tun,

Today this morning as I opened the TV1 and world news was at hand and President George Bush in his announcement declare that the economics of the United States will be having quite a hard time for a long while.

Apart from that the White House does invite the Obama and McCain to discuss the turmoil of the financial crisis that faces the nation of United States as a whole. The opposition was invite and the candidate were being invited to share and brief of this crisis scenario should anyone take over the leadership of the nation.

I believe the present BN coalition on the ground of humane and love for our "Negaraku" will able to convey and seat together to drive the financial crisis that hit our nation Malaysia. Both parties will be able to share their ideas and preview and exchange economics and financial management previews to come to conclusion that is subjective to ignite and blaze the economic engines of the nation again, lest many will not be afflicted from the suffering so that at least there is a government to rule.

I believe many brains and experiences is far better than one that have been dwelling for the past 51 years.

Assalamualaikum:

Bagi saya pengapungan ringgit berbahaya dalam keadaan ekonomi sekarang. Jika kita amalkan tambatan ringgit;kita berada dalam keadaan permainan yang selamat untuk sebarang kemungkinan. Jangan bila dah terantuk baru nak sedar.Bagaimanapun,pengapungan ringgit ada juga kebaikannya.....Cerita ini umpama"Sorong pun makan,Tarik pun makan"

mengenai penggunaan ringgit sebagai bayaran kepada barangan eksport kita...itu perlu dilakukan sekarang juga...mengenai emas.... saya amat bersetuju"Wang sebenar ialah Emas"

Salam Hormat...

Sure the idea was good but yet ridiculous as you have mentioned, maybe you would like to conduct a survey throughout the world to see if there are traders keeping this sum of ringgit to deal with Malaysia. I could expect foreign traders refuse to face loss through exchanging for ringgit.

By KUCING KURAP on September 26, 2008 2:08 PM

Hi Tun,

We don't have so much gold.. If we need to peg our Ringgit to the gold and what should the exchange rate. Then we always have to depend on the gold keeper. It will come back to square. I looked at the Ringgit bill and wonder what is the meaning of "WANG KERTAS INI SAH DIPERLAKUKAN DENGAN NILAI". The Key word is "nilai". I guessed this NILAI means value. Then I think about what value can Bank Negara guarantee. Then I try to think what we have in Malaysia. Yeah we have a lot of natural

resources. However it came across my mind what does Singapore have? Then I am stuck. They almost got nothing except people and small piece of land not even enough to go for agriculture. I strongly believe their people is the value to the country. They have a lot of foreign talent mostly from Malaysia. I really don't wish how our Gov. find a way to peg the currency but rather think about how to add value to our currency.

You are the best and I wish you all best. The people are missing you badly.
By sujini on September 26, 2008 2:13 PM

Salam Dr Mahathir,

We know that DS Najib is your favourite to be the next PM. Alas Allah has got some other plans, and it has been detoured to June 2010.

Now DS Najib is the new Finance Minister. As I've stated in my last comment which had got deleted, I've no confidence to this man as the next PM or even the Finance Minister. Already he is not agreeing to the idea of repegging the Ringgit.

I do not know how will he take it to your so called " ridiculous suggestion" of using the Ringgit as trading currency. He still thinks that the country is still on track to achieve the 5.7% growth or hit the 5.5%.

Didn't he realise that Malaysia is no longer one of the favourites in the Global FDI List ?

With Maybank still clambering to meet the RM8.6bil proposed acquisition of PT Bank International Indonesia (BII) , do you think the FM gives a heed to your suggestion of trading using the dinar emas.

While you give brilliant ideas how to prevent the country's economy being affected when Tsunami strikes, they are busy making their wallets thick with cash.

Anyway we have come to almost the end of Ramadan. Maybe you and your family are going back to Titi Gajah.
We are going to Tawau on 2nd Raya to celebrate a certain Klan family gathering.
So I like to sign off by saying,

Selamat Menyambut Eid Fitri to your family
and please forgive me for all those comments
that went off topic or had left a crease in your
heart/mind

Wassalam.

Assalamualaikum Tun,

Lately, I've been following you blog with great interest. And I must say that you are one AMAZING GUY ! I am just so lost for words on how you are able to mobilise your supporters with every word you say. If only you will share this secret, you'll queue up overnight to be your first desciple.

Anyway, from your above comment about pegging the Ringgit, I was just wondering what will happen if/when the economy grows? Do we dig for more gold to maintain price stability (since the Ringgit is pegged)? And if the world were to heed your idea (and their economies also grow), my god the whole world would be so engrossed with digging for gold. Ah! Another industry to employ millions. And when we have finally dug all those gold, maybe we can find a way to store it ... and maybe cook it to eat too !

FYI, in the modern era (1972 till now, 2008), we live in the world of 'Fiat Money' which roughly means that we hold the money based on faith (http://en.wikipedia.org/wiki/Fiat_currency). As the real economy grows, we will be able to print more money to maintain price stability. WITH A PEG TO GOLD, THE DIGGING WILL START :) !

Tun, you should know that ... BNM was the one printing our money under your 22 years of watchful eyes.

Which brings me to the next question why are you so against currency speculators ? I guess our fellow Malaysians should be reminded that from late 1980s till 1992 our central bank BNM was known as the world's biggest speculator! We were we great weren't we? BNM was moving exchange rates in the name of Central Bank "Intervention" when we were actually speculating USD/YEN and GBP/US. The world (except Malaysians) knew about this. Malaysia was the GREATEST SPECULATOR on earth (no joke)!

But like every great party, the music has to stop some time. In 1992 BNM was hit left, right and centre for buying, read as SPECULATING, on the British pound (which the Bank of England later allowed the pound to depreciate). We were supporting the ORANG PUTIH's money !!!! A NATIONALIST like you allowed this ? Nearly wanted to sing God Save The Queen on that day !

Anyway, George Soros won, we lost. Is that why so hate him so much and blame 1997 on him? How many billions of Ringgit did we lose in 1992's Black Wednesday? How many roads and hospitals could have been built for our rural folks for BNM's casino gamble ? So much for Malaysia's morality.

And here you are propounding the virtues of pegging the Ringgit. I salute you ! You are great !

You can take your followers to hell and back and they do not even know it !

Respect !

BAD NEWS FOR TODAY!!!!

Pemilihan ditangguh Mac 2009 bagi lancar peralihan kuasa

TERBARU: Mesyuarat Majlis Tertinggi (MT) UMNO hari Jumaat sebulat suara bersetuju menangguhkan pemilihan parti itu dari Disember ini kepada bulan Mac tahun depan dalam usaha mempermudah proses peralihan kuasa. Dengan keputusan itu, pelan peralihan kuasa 2010 kini tidak berbangkit kerana Presiden UMNO, Datuk Seri Abdullah Ahmad Badawi dalam sidang medianya berkata, keputusan menangguhkan pemilihan itu adalah untuk melancarkan proses peralihan tersebut. Bagaimanapun, MT UMNO memutuskan mesyuarat perwakilan UMNO Bahagian tetap akan diteruskan seperti jadual awal mulai 9 Oktober ini. Ditanya adakah beliau akan mempertahankan jawatan Presiden pada pemilihan Mac depan, Abdullah berkata, keputusan terletak ditangannya dan semua pihak boleh membuat andaian masing-masing. Beliau juga menjelaskan, beliau akan membuat keputusan berhubung kedudukannya sama ada akan bertanding atau tidak sebelum 9 Oktober apabila mesyuarat UMNO Bahagian bermula – 26/9/2008

Kadang2 saya amat sedih tengok perangai menteri yang ada sekarang seolah2 bodoh tak boleh diajar dan cerdik tak boleh nak ikut.

Umpamanya bila ada cadangan atau idea dari TDM, masing2 menteri akan cuba memberi pandangan yang tidak bersetuju dengan tujuan untuk menunjukkan bahawa beliau (menteri) lebih pandai ataupun kononnya pandangan TDM tidak bagus/ berasas.

Tun, just want to tell you in case you don't know. Last time I worked with a Korean Chaebol in Seremban, yeah Samsung. My GM called me one day and said, Din, you have a very good leader ; Dr Mahathir, his brains is very good, intelligent. They really respect you Tun. In fact I remember when Samsung Seremban wanted to officiate the plant, biggest outside South Korea, they have been waiting for you to come. Our side tried many times but as understood your schedules were packed, postponed many times. Few suggestions from our Malaysian staff since Dr Mahathir is very difficult to get, maybe we can change other dignitaries, state level perhaps, the Korean Management said NO, NO one else, we will wait for Dr Mahathir. And finally you came in 1997. Selamat Hari Raya to Tun and family . Salam.

SALAM AYAHANDA RAKYAT TUN,
IZINKAN,

7. If the US Dollar is not used in international trading, it will have no value at all. This will of course hurt a lot of countries including Malaysia which carry substantial sums of US Dollar as reserves. Countries like China, Saudi Arabia and tiny Singapore would want to support trade payments made in US Dollar. They do not want their huge reserves of US Dollar to become worthless.

THE USA TRADING 'ALLIES' WILL SURELY 'SHOOT' YOU DOWN AND OUR TRADING COMPANIES WILL HAVE TO 'GARU' THEIR HEADS COZ USD HAS BEEN THE CURRENCY USED IN MOST OF THEIR INTERNATIONAL TRANSACTIONS.

12. It was suggested that we call this trading currency the "dinar". Transactions would of course not be in solid gold dinars but with equivalent papers. It is not practical to carry around so much gold dinars but this will not be necessary if a country's export to another country and its import from that country is fairly

balanced and only the difference need to be paid.

ITS IMPOSSIBLE TO GET THE 'INTERNATIONAL' AGREEMENT TO THE PROPOSED TRADING CURRENCY CALLED 'DINAR' ESPECIALLY FROM NON MULIM COUNTRIES. TO THESE PEOPLE ANYTHING THAT SOUNDS ARABIC SMELLS 'OSAMA BEN LADEN'.

Tun,

I believe the core problem is how malaysian are spending. Taking example, Malaysians are willing to spent RM300 to RM500 overnight for dinner at KLCC. If they eat at mamak stall, I'm suggesting 90% savings. Thats about RM270 savings per 2-3 persons. KL population is 2-2.5 Million. $2,500,000/(3)* RM 270 = 2,025,000,000.00$ BILLION

Whos fault that they are willing to spent RM 300????? Its because of the cultural change & development not to mentioned going to the movies, entertainment, etc, wasting a lot of money!!! Is it stupid ... and blaming the government?

Theres so much what can a government do. Remember "Allah tidak akan mengubah nasib sesuatu kaum itu, melainkan dia mengubah nasib mereka sendiri"

But if Malaysia follow islam 100%, insyaAllah, our country would be richer if not richest in ASEAN.

BAD NEWS FOR TODAY!!!!

Pemilihan ditangguh Mac 2009 bagi lancar peralihan kuasa

TERBARU: Mesyuarat Majlis Tertinggi (MT) UMNO hari Jumaat sebulat suara bersetuju menangguhkan pemilihan parti itu dari Disember ini kepada bulan Mac tahun depan dalam usaha mempermudah proses peralihan kuasa. Dengan keputusan itu, pelan peralihan kuasa 2010 kini tidak berbangkit kerana Presiden UMNO, Datuk Seri Abdullah Ahmad Badawi dalam sidang medianya berkata, keputusan menangguhkan pemilihan itu adalah untuk melancarkan proses peralihan tersebut. Bagaimanapun, MT UMNO memutuskan mesyuarat perwakilan UMNO Bahagian tetap akan diteruskan seperti jadual awal mulai 9 Oktober ini. Ditanya adakah beliau akan mempertahankan jawatan Presiden pada pemilihan Mac depan, Abdullah berkata, keputusan terletak ditangannya dan semua pihak boleh membuat andaian

masing-masing. Beliau juga menjelaskan, beliau akan membuat keputusan berhubung kedudukannya sama ada akan bertanding atau tidak sebelum 9 Oktober apabila mesyuarat UMNO Bahagian bermula – 26/9/2008

Berita ini menggelikan hati saya

Perhimpunan Agung UMNO, pemilihan MT ditangguh ke Mac 2009
26/09/2008 12:33pm

KUALA LUMPUR 26 Sep. – Perhimpunan Agung UMNO yang bakal menyaksikan pemilihan pucuk
pimpinan parti itu yang dijadualkan Disember ini ditangguhkan sehingga Mac tahun depan.

Dalam mesyuarat khas Majlis Tertinggi (MT) parti itu di sini hari ini, MT bagaimanapun menetapkan
mesyuarat dan pemilihan bahagian-bahagian UMNO yang bermula pada 9 Oktober ini akan diteruskan
seperti yang dirancang sebelum ini.

Presiden UMNO, Datuk Seri Abdullah Ahmad Badawi memberitahu sidang akhbar selepas mesyuarat itu
bahawa pertandingan jawatan peringkat tertinggi UMNO pada Mac depan bergantung kepada keputusan
mesyuarat bahagian-bahagian yang diadakan bulan depan.

Ditanya sama ada beliau akan mempertahankan jawatannya pada pemilihan Mac depan, Abdullah
berkata: “Terpulang kepada saya.”

Keputusan itu dibuat untuk melancarkan peralihan kuasa antara Abdullah dan timbalannya, Datuk Seri
Najib Tun Razak.

Assalamualaikum YABhg Tun dan isteri, Bonda Tun Hasmah.

Gembira dapat melayari blog YABhg semula sbb sebelum ni sibuk dgn kerja.YABhg Tun, sy masih ingat perkara ini telah disaran oleh Tun sebelum Tun bersara lagi.Satu opsyen yang baik untuk dikaji.Yang sy tak faham kenapa begitu cepat dijawab tanpa ambil maklum akan cadangan Tun ini.Sepatutnya kerajaan ambil maklum dan pertimbangkan untuk dikaji dengan lebih mendalam baru jawab samada ia praktikal atau tidak untuk dilaksanakan.Ini tidak terus bagi jawapan dengan yakin.....RINGGIT TAK PERLU DI TAMBAT.Rakyat Malaysia terkenal dengan berbudi bahasa yang tinggi.Bila nk jawab biar berlapik..... PM kita ni dah tak ada bahasa nk dibagi buat dia.Tak faham-faham bak kata orang utara tak masuk ajar.Nilah masalahnya bila cacing dah naik ke mata tak nampak apa-apa dah.

YABhg Tun dan bonda Tun Hasmah

Sy mengambil kesempatan ini mengucapkan selamat menyambut hari lebaran.Minal aidil walfa'idzin dan maaf zahir dan batin.Semoga Tun berdua dipanjangkan umur dan dilimpahi rezeki.Wasallam.

I dont think tade in Ringgit is a ridiculous idea!!

I have since traded in MYR after the depegging of Ringgit to US dolalr.

All my overseas buyers are so happy to buy in MYR. They told me they would take the risk for the exchange rate, and asked me to concentrate on my products!!

By Machang on September 26, 2008 5:00 PM

Salam Doc,

Quote:

"All we need to do is to demand payment in Malaysian Ringgit for our exports. We can require payment for our imports in Ringgit according to the current value in an international trading currency or gold.

17. If we do this there will be a constant demand for Ringgit and this will keep the value of the Ringgit at a certain level which we can fix, taking into consideration factors which influence its value. "

Unquote

Mungkin untuk tetapkan harga ringgit berbanding matawang lain memerlukan pakar untuk membuat kajian tentang kesannya kepada ekonomi Malaysia tetapi untuk mengurus niaga dalam ringgit di peringkat antarabangsa tak memerlukan pakar, cuma jatidiri sebagai anak Malaysia.

Seperti semua jenis perniagaan, apabila permintaan melebihi bekalan, maka nilai barangan tersebut akan naik. Harga ringgit berbanding matawang lain akan naik jika kita meningkatkan urusan niaga ringgit pada peringkat antarabangsa dan sememangnya kita patut melepaskan pergantungan terdapat US dollar kerana ianya membawa lebih kebaikan kepada US dan bukan Malaysia.

By ReoXAuthor Profile Page on September 26, 2008 5:02 PM

That's a good idea but to implement it takes alot of work and corporation from other countries and of

course a lot of time. It will be easier to use an already available international currency, maybe gold or dinar. The strength of a country's currency comes from the confidence of the people using it, not how much they use it.

By JJays on September 26, 2008 5:21 PM

Tun,

You don't have to be expert in this event. Just a logical sense will speak itself. You have the point to be noted by Najib's group. I believe, at this point in time he will avoid you as much as he can UNTIL he sits in the PM chair.

But, most of the Malaysians are not keen to have him as the PM of Malaysia. The non-Malay will be leaving in pressure always. He can't be a PM for all Malaysians.

By LogicallyDriven on September 26, 2008 5:25 PM

Salam Tun,

I have not yet seen any leaders who can come out with a solution to the current financial crisis. Instead they are involved in political bickering amongst themselves.

You are probably the only leader who can come out with such brilliant ideas to solve problems. You are in a league of your own! None in the opposition or the current government has the kind of intellectual capability as you, Tun.

You gave an idea to solve the crisis but was rejected wholeheartedly. WHY?

The leaders are egoistical maniacs. Simple, the so-called leaders only believe in themselves that they are smart and do not need any assistance or even listening to someone's else ideas.

They want to be remembered as the 'MAN WHO CAME UP WITH THE SOLUTION THAT SAVED MALAYSIA'.

This is the problem right now. In order to be good leaders, one has to be a superb listener.

To think we are trading with a bankrupt nation sickens me.

PS: To see Malaysia as a SEA Superpower

Selamat berbuka Tun.

Dear Sir,

Your idea sounds interesting but can it happen?

Theres not enough information but lets hear my suggestion.

Lets take a look from the neg under the bretton wood system. Main issue, who would run the Special Trading currency show? The BWS suggested the US as they have the biggest stockpile and market share after the WWII. It failed when US ran out of gold reserve.

The problem:

Lets say all countries peg to the STC and STC to gold. Who would control the STC? US? UK? Malaysia? Votes? No country is suitable as everyone and each country will be biased. IMF? even IMF is under US influence. World bank? still US influence.

Even if we could find someone to handle STC, what about the gold market? As countries peg to gold via STC, rich countries will now build up gold reserve then sell them when price are high. In the end, gold market tends to be volatile. Gold have been stable for ages but it does not mean it cannot be volatile. Unless, we have an instituion that monitors each and every country's action, i personally dont believe it will work.

i'd prefer/suggest to have a a regional currency or a group of countries using common currency like the EU, then later proceed with STC. If part of the STC rules is that only regional currency could peg or buy/sell STC, this way no one country could proceed to intervene/speculate the STC/gold including US. But would US joined up with Mexico, Canada infact Cuba? haha. If we all are afraid of US dominance, the only way to handle it is not to pull/turn back but put US in a group with others like UN. Even US contribution to UN is the biggest Russia and China have veto too.

Oh yes, another problem is the bureaucracy in STC. It could possibly slow the trading rate.

Regarding trading with foreign countries with MYR, i suggest more education/insitution/rules on hedging should be made available.

Assalamualaikum Tun,

BENAR, UNTUK MENAMBAT RINGGIT BUKAN SUATU PERKARA YG MUDAH. TIDAK SEPERTI DS ABDULLAH YG BEGITU MUDAH MEMBUAT KEPUTUSAN YO-YONYA.

SAYA TIDAK SETUJU SEKIRANYA RINGGIT DITAMBAT KEPADA MANA-MANA MATA WANG NEGARA DI DUNIA, TIDAK KIRALAH SAMA ADA \$, €, £, ¥ dll. ALASANNYA,KESEMUA MATA WANG INI TIDAK STABIL DAN MUDAH DIMANIPULASI. PADA SAAT KOMEN INI DIHANTAR DAN DISIARKAN PUN, NILAI2 KERTAS YG DIGELAR WANG INI TERUS BERUBAH-UBAH. WANG TELAH DIJADIKAN SEBAGAI SATU KOMODITI DIPASARAN MATA WANG. SEPATUTNYA, WANG DIGUNAKAN UNTUK URUSAN PERTUKARAN KOMODITI. BUKANNYA SEBAGAI SATU KOMODITI. YG PELIKNYA, PASARAN MATA WANG DUNIA TU DITUTUP RAPAT. TAK TAU SAPA YG TADBIR.

CADANGAN TUN SUPAYA GUNA RINGGIT DALAM URUSNIAGA MALAYSIA DENGAN NEGARA LUAR TU BUKAN SESUATU YG GILA. MASALAHNYA, MAHUKAH GOLONGAN YG MENCIPTA SISTEM KEWANGAN DUNIA SEKARANG MENUKAR SISTEM TERSEBUT. SELAMA INI MEREKA TELAH MENDAPAT KEUNTUNGAN BESAR DARIPADANYA? MINTAK MAAFLA!. BUKAN SETAKAT PAKSA NEGARA LAIN GUNA SISTEM NI, DEPA PERTAHANKAN LAGI ADA LA. PERANG PUN DEPA SANGGUP. MEREKA INILAH YG AKAN MENGGELAR KITA GILA.

INILAH YG DIKATAKAN DIKTATOR, BERSELINDUNG DISEBALIK DEMOKRASI.

NEGARA KITA TELAH MERDEKA, SUDAH 51 THN. TETAPI MATA WANG KITA BELUM MERDEKA SEBENARNYA. MUDAH DIMANUPILASI. SEJARAH BANK ENGLAND MISALNYA, DARI TAHUN 1717-1914 GUNA PIAWAI EMAS. U.S PULAK DARI 1914-971. LEPAS TU DEPA CETAK IKUT SUKA. SEBAB TU DEPA BERANI JUAL BELI DUIT. KALAU EMAS??

OLEH SEBAB EMAS DAN PERAK JUGA BERLAKU "SUPPLY AND DEMAND", NILAINYA JUGA BERUBAH2.APA KATA KALAU KERAJAAN MALAYSIA TAMBAT HARGA EMAS DAN PERAK, PERKENALKAN PIAWAIAN EMAS DAN PERAK BAGI RINGGIT, UNTUK KEGUNAAN DOMESTIK. GUNA DINAR EMAS DAN DIRHAM PERAK UNTUK URUSNIAGA LUAR NEGARA. DICUBA UNTUK NEGARA2 OIC SAHAJA. SELAIN OIC KALAU BERMINAT BOLEH MOHON.

KITA DAPAT MENJANGKA REAKSI DAN TINDAKBALAS PEMODAL2 ELIT BARAT SEKIRANYA DINAR DAN DIRHAM DIGUNAKAN UNTUK URUSNIAGA DI NEGARA2 OIC KELAK.

Another instant of this Malaysian's fierce spirit to be independent, fierce refusal to be intimidated or subjugated, and fierce will to outdo any form of threatening forces, just so to ensure survivability of oneself and any would be followers or emulators or at least pretenders.

If this man only agrees to at least play some role for our Malaysia's well being, (he should, for if he wouldn't, he would be selfish indeed), at least we "ikan bilis" would feel more secure from marauding killer whales and the likes.

By eeza azmin on September 27, 2008 12:59 AM

Assalamualaikum Tun,

The Dinar idea which came about after the 97 crisis is the best one ever. I'm saying this through my own experience of owning it. Since 2002 Dinar Conference in PWTC organized by UIA, I and my husband Halim have minted and saved in Dinar. In fact my husband Halim from MMU is the first person who initiated the minting of 999 Dinar. Now after 6 years, our savings have double its value! In fact some friend of ours who take our suggestions to saved in Dinar have able to use them for their children's education. Keeping it is not much hassle as what everybody thought, and nowadays even the Gold Jewellery Shop accepts Dinar to be exchanged with cash. So we would like to encourage those who can afford, to save in gold. It keeps up with the time unlike paper money which is eaten up by inflation. So Tun, it actually does not only benefit the international trades, it also will benefit the society. Dinar is what we called a fair currency. Lastly, thank you Tun for supporting the Dinar. I and my husband are still promoting the Gold Dinar from 2002 until now. We will have Gold Dinar blog soon in October to educate the society and we will post it up when it's ready. Selamat Hari Raya Aidil Fitri to you, your lovely wife and family. May Allah bless you with happiness and good health always.

Hi, Tun,

Why not? You are the first leader and as the first Prime Minister of Malaysia to control the currency at year 1997 economic crisis, 1USD fixed to RM3.80, you are the legend of Malaysia, every single countries knew that, just because of current PM useless only, just knew how to take care his own pocket to bring back to China cos he is from Chinese generation.

I support you with that.

Cheers.

By Kheve on September 27, 2008 6:07 AM

Tun,

Pegging is a good idea. But pegging to euro or usd is bad currently. The safest peg is china. Our economic stage is closer to china than it is to the west. Furthermore, by pegging to china, we are telling fdi ppl that there is no fear of missing out china's yuan appreciation (which everyone is predicting) if u invest in msia. Thus 2 birds with one stone. As for gold dinar -_- i fear that is economically unsound. It is accepted that money (storage of value) should correspond to goods n services produced, not to a piece of mineral. The best evidence of this is that if it rains gold tomorrow, humankind will not be fabulously wealthy.

YAB Tun,

I have always admire your sharp thinking and vision. I had the opportunity to serve in the government during your time. And I had the opportunity to travel all over the world together with your group on official trips. For those people who had no opportunity like me, let me tell you this, Tun had all the courage to tell off the truth even to the big powers right in their face and in their own country. And that is why they RESPECT us because our leader is telling them facts and no nonsense.

Anyway Tun, I miss you being around in the government. But your ideas are still brilliant. Unfortunately, bak kata pepatah "Hanya jauhari yang tahu mutu maknikam". So jauhari2 yang ada dalam kerajaan sekarang ni, tak tahu menilai berlian yang begitu bermutu tinggi.

Jasamu tetap ku kenang dan di sanjung tinggi.

Selamat Hari Raya kepada YAB TUN & YAB TUN SITI HASMAH.

Dear Tun,

I am not economist too, but logically I have a couple of questions :

(i) if what they said is true that majority of our exports are to US, and if we insist on using RM to trade, will the US stop trading with us and look for alternatives, all in order to safeguard their own USD?

(ii) on RM peg against gold, since gold is a limited resources, one day the demand will be too high and when the prices become too high, and when it lose demand....will people look for alternatives and gold lose popularity? How long the value can sustain?....

Have i asked a ridiculous questions?....Please forgive me Tun if I did. I am an economist dumb.

Awak ni out of topik lah. Tapi elok lah awak ingat akan kebesaran ALLAH SWT. Ingat lah segala ketentuan itu adalah kuasa ALLAH. Betul lah apa awak katakan, tapi pemimpin ada tanggung jawab nya. Di dunia dia di amanahkan untuk memimpin rakyat nya. Ini satu amanah dan tanggung jawab besar sesaorang pemimpin.

Sebelum kita menemui Tuhan kita perlulah juga melaksanakan kewajipan dan tuntutan kehidupan di dunia. Tanpa kehidupan sempurna di dunia ini mampu kah kita melihat kehidupan yang sebenarnya di akhirat. Kurang ilmu, miskin sehingga tak upaya nak mengeluarkan zakat, hidup pun meminta2. Kerana itulah kita perlukan pemimpin yang berilmu dan bijak untuk membawa kita ke arah yang sewajarnya.

Kalau PKR tak dapat jadikan Anuar PM juga adalah kehendak ALLAH.

Jika ALLAH lanjut kan usia TUN sehingga 100 tahun pun kuasa ALLAH.

Jika Pak Lah turun tahta pada march 2009 juga kuasa ALLAH. Segala2 nya dari ALLAH. Kehidupan awak yang mewah dan senang lenang tu juga dari NYA. Kita tahu semua itu. Tak payah lah nak sindir2.

Jadi awak tu yang selalu sahaja menidak akan jasa2 TUN sebelum ini elok lah mintak maaf pada TUN.

Belajar2 lah bersyukur dan berterima kaseh semoga dapat berkat dan rahmat dari ALLAH SWT.
Maaf zahir & batin ler kalau tersilap cakap kat sini.

Dr Mahathir

The two suggestions using Dinar and RM for international trade is interesting. Currently, Ringgit Malaysia is not an international currency which can be used for letter of credit payments. It is restricted by the Central Bank. I think this should be reviewed and opened as international banks are willing to do such papers in RM.

Salam Aidilfitri and best wishes for good health to you and your family.

Selamat Hari Raya, Maaf zahir Batin kepada Ayahanda Tun, Tun Siti Hasmah dan seluruh keluarga,

Ayahanda Tun, Your article on pegging the dollar should generate enough concern to our leaders, rather than been given a cold shoulder. Obviously there is no quick fix to the current economic debacle emanating from the US, but Malaysia should learn from the country's experience, when you successfully cornered Soros to the game, by your brilliant move, which has averted the country from a major financial disaster. While Malaysia gain on this decision, the reverberation can be felt through the entire region which saw the recovery came ahead of the world bank indifference on the policy. I am not surprised if there would be countries that might just take the queue from you on the "peg" as you have articulately present your case on the short term run, or perhaps the only option available for now.

I know you are very concern on what's going to happened to the world economy after the post rescue plan effort to be passed by the American Congress. It is quite natural to react especially for a man of your calibre and Statesman. As lay man, I must admit that I know next to nothing about economy but then I cannot help, but feel equally disturbed when our leaders did not take heed of your view seriously. This situation is no longer an American issue and the fall out could reached our shores and may disrupt at every fibre of the economy. We seems to be too engross on leadership transition rather than alerting the country to be prepared for the economic tsunami.

I salute you for bringing up the gold dinar as financial standard and as proponent on the issue, your farsightedness should court the interest of oil producing countries especially, whose dependency on US dollars would certainly pass through a period of volatility. Perhaps, this could bring sanity to the world economy since the Bretton Woods days.

Malaysia has been at the forefront when dealing with such a situation during your stewardship. If, by chance this mechanism are being rolled out by other countries during the economic uncertainties, I cannot imagine how shameful it can be for us when the thrust that could give us the head start in handling this situation, ended up being the last to be heard of. How frustrating for the rakyat to see the kind of calibre of our leaders in the offing when the country most likely will be confronted with such situation at any time now.

Keep up the good work Sir, Our prayers are always with you.

Pelik tapi benar..

Apa rasionalnya kertas yang lebih elok sikit daripada A4 paper dan manilakad lebih bernilai berbanding emas dan perak!
kalau toilet paper takpe juga, boleh buat lap muka lap sana - lap sini..

tapi itulah hakikatnya yang kita semua masih boleh terima.
By gadis on September 28, 2008 4:37 AM

Salam Tun,

Kalau emas/perak dijadikan sandaran untuk nilai atawang apakah yang akan terjadi kalau kita sudah tiada emas? Saya nampak rasional cadangan Tun tapi bukannya emas pun adalah bahan mineral yang perlu digali dan sekiranya negara kita ketandusan emas lokal adakah kita perlu mengimportnya? Ataupun adakah kita sanggup meneroka saki baki hutan yang ada untuk mencari emas? Apa kesan nya pula terhadap alam sekitar kita?

Mungkin salah satu cara untuk kita menstabilkan harga barang di Malaysia adalah dengan menggunakan 100% keluaran tempatan dan selebihnya baru kita import/eksport. Apa yang saya perhatikan adalah rakyat kita terlampau taksub dengan brand import sehinggakan ada yang kurang percaya dengan kualiti produk tempatan. Saya percaya negara-negara luar boleh maju kerana mereka menggayakan/membeli/menggunakan produk keluaran negara masing-masing dan selebihnya barulah diimport/dieksport.

Dan mungkin sebab itu juga saya membelanjakan €50 untuk groceries cukup makan seminggu. Jika di negara sendiri, saya sudah tidak tahu apa yang saya mampu beli dengan RM50.

Dear Tun,

Salam sejahtera dan selamat berpuasa sekeluarga.lzin....

LUPA LAGI..!

Tun lupa lagi? Ingatan Tun tajam (pin point memory lawan total recall) semut nampak, gajah tak perasan. Harap ini boleh bantu kejutkan ingatan kembali.

PERIUK DAN BELANGA- Dua dua sama hitam!

Tun memang arif dengan mainan mata wang ni, M'sia peniaga mata wang terkenal sebelum Soros. Ingat masa TUN, BNM cuba sepiit Pound, tapi sendiri tersungkur. Tun geram tindakan Britain menurun nilai Pound terus BNM rugi berbillion.Si Soros belajar dari 'GELIGA' Tun (memang geliga kalau berjaya), mengasak Ringgit bertahun tahun kemudian. Tapi menurun nilai matawang boleh diterima pasaran (kira kena penalty dalam bolasepak) tapi menambat tak boleh (kira keluar padang permainan ketika tertinggal) Kita tersingkir terus dari peraduan. Tun marah dengan Soros panggil dia mcm-mcm (saya pun benci perbuatan selfish dia) but is the POT CALLING THE KETTLE BLACK?

PEGGING

Sebaik saja kita tambat kira kita tarik diri(tersingkir?) dari pasaran dunia. RM tak laku luar M'sia. Pasaran terbuka orang percaya nilai yang di tetap(free market) tapi nilai tambatan sendiri tak kan dipercayai.m Tambatan mcm bermain tapi pengadilan peraturan disatu pihak

Mata wang bukan pertaruhan politik, tak boleh ulang alik, suka ikat tak suka lepas. Kalau dah tambat buatlah selama lamanya. Tapi Pak Lah dah bebaskan tambatan, (kalau tidak terpaksa diubah kadarnya kerana perbezaan mendesak) tak boleh sewenang-wenang tambat balik! Soal kepercayaan. Siapa nak berniaga dan melabur di sini berbillion kalau kadar pertukaran ditentukan satu pihak (satu orang?) Biar pasaran bebas menentukan.

YOU DONT TRUST THE MARKET, YOU EXPECT THE MARKET TO TRUST YOU!

DINAR -REINVENTING THE WHEEL

All the benefits you mentioned are found in the USD. Tun cuba mencipta roda lebih bulat? USD selepas berdekad penggunaan telah capai taraf global diterima pakai seluruh dunia sebagai pengganti Gold STD. Buat apa susah susah kembali kepada emas bila gantinya dah ada.

Lagipun Tun menjual fikiran ni pada salah orang. Ia mesti diterima oleh negara lain baru boleh jalan. Jual di Indonesia, 'tiny' S'pore, ASEAN, OIC, etc. Dengan jiran dan kawan pun tak laku!

kenape lah orang melayu dgn orang melayu sendiri pon mahu gaduh. nnti cina yang untung, melayu marah. sepatutnya, menteri2 kat kerajaan tak yah kasi gaji. diorang dah memang kaya, baru lah tahu ikhlas ke tak. saye sebagai orang melayu sedar malaysia lambat maju disebabkan melayu sendiri. melayu jadi 80 peratus rakyat malaysia pon x gune kalau separuhnye malas. semangat cinta akan agama dan negara masih belum ada lagi dalam majoriti melayu. ramai orang islam seluruh dunia tersiksa pon orang melayu tak tahu. sbb kalau kite tahu, x lah raya sakan smpi lupe dunia. kembalikan zaman keemasan islam dgn mata pena, bukan mata pedang.

my comment might seems to be offending some people but its the reality. malaysia is bickering on childish subjects while people around the world laughing at us. are we going to be a country that is crushed on its own weight? if it is, i dont want to be apart of it. we must unite to fight, or prepare to face the destiny we all deserved. :)

It would be tough to use ringgit for international trading due to what happened during the Asian financial crisis. Our ringgit has been a controlled currency and it is not easy to get people to trust our currency again. In this respect, Tun has save us during the crisis but at the same time, incur huge liability to Malaysia in the future.

1) In the first place, you should not justify your thinking you merely helping the government as a concern citizen.

2) All of us knew that you are asking the government to consider one of the factor not the ONLY factor.

3) Now, I realize the Malay proverb; Pandai tak boleh ikut; Bodoh tak boleh diajar.

4) UMNO need new leader not only with humble personality but an effective leadership skills, fair and patriotic.

Dear Ayahanda Tun, I was wronged for not expanding an opinion in my previous comment to include what if American Congress decides not to approve the bail out plan. As it is, there is no consensus and the plan went belly under. This bit did not occur to many people. But then the result is still the same. An immediate recession may not only be obvious but may follow with a repeat of the depression in the likes of the 30s. This cannot be the millennium glitch.

Malaysian leaders should by now call for a emergency meeting among policy makers, to see what could be done to insulate the country's economy owing to this frenzy market situation . If people are worried across the globe, I cannot see why should we feel so comfortable to pretend as if we are unscathed. We are untouchable? What fundamental? There is non now. American stock market took the first blow and slide to over 1 trillion dollars within hours when the news got to the Wall Street. You are right, the possibly of our US dollar holding at our central bank may diminish and will not hold in value.

I call on true Malaysian to think again and I know some may have already cast in their mind to call upon the return of YAB Tun Mahathir Mohammed to take charge of the situation. Let us all do just that, call for you to come home to the fore front of the government. Take another shot Sir. Do it, as you have done during the 90s. Protect us. Show to the world of your creative ability and bring our country's name to a resounding position. You are a genius person. It might just be the thing we need and will foreclose any misconception on the country and through this will rise the true meaning of respect that you have forthrightly struggle for during your time, that is to attain the respect on Malaysian. Saya doakan Tun.

Tun, hehe sebagai seorang student yang baru saja mendapat kerja, saya rasa saya tak layak untuk komen berkenaan isu ini. Tetapi memandangkan saya ada sedikit pandangan berkenaan isu pegging ini, tergerak juga rasa hati untuk memberi komen.

Pertama, saya setuju dengan tindakan kerajaan untuk meneruskan sistem mata wang kita sekarang, manage float. Saya yakin keputusan dibuat berdasarkan data ekonomi dan nasihat dari pakar kewangan dan bukan bermotifkan politik. Pertama sekali berdasarkan sistem ekonomi kita sendiri yang lebih bersifat domestik dan eksport komoditi yang besar, mengukuhkan ringgit semata-mata mengelak kenaikan harga minyak dunia bukan jalan penyelesaian, lagipun Malaysia bukanlah negara yang gemar mengimport. Kedua dengan sistem sekarang BNM dapat mengekalkan reserve dollar mereka untuk kestabilan jangka masa panjang ekonomi negara dan membiarkan demand dan supply menentukan tahap ringgit kita, serta dalam masa yang sama intervention dilakukan hanya bila perlu saja. Ketiga, dari sudut pelaburan, selain daripada share atau stock market, untuk maximize profit, investor juga berminat dengan currency futures atau arbitrage dan dengan pegging, investor luar mungkin kurang berminat melabur di negara ini. Keempat, antara reason paling penting, Bank-bank di Malaysia berjaya mengaut keuntungan berbilion-bilion dengan sistem mata wang kita sekarang, ini menjelaskan mengapa dalam keadaan banyak Bank-bank di US dan Eropah mula goyah, Bank2 di Malaysia masih lagi gagah berdiri. Kelima, sebagai sebuah negara yang kerdil, Malaysia tidak mampu mengubah mentaliti dunia, yang suka berniaga dengan USD, bahkan negara Arab sendiri pun tidak peduli akan dinar emas, kerana berniaga dengan USD pun keuntungan mereka berlipat ganda.

Walaupun bagaimanapun cadangan Tun untuk dinar emas satu langkah terbaik, namun memerlukan seseorang yang berwibawa seperti Tun untuk membawa pemerintah2 dunia duduk semeje berbincang. Dan pandangan terakhir Tun mahukan import dan eksport dalam ringgit telah banyak dilahirkan pakar2 ekonomi, tetapi nampaknya BNM tidak begitu berminat dengan idea mata wang untuk mengukuhkan ekonomi. Walaupun bagaimanapun, membaca ulasan Tun menunjukkan Tun mempunyai pengetahuan yang cukup luas dalam kewangan, banyak juga yang saya dapat belajar dalam blog Tun ini. Heran sungguh saya dalam usia sebegini, kemampuan Tun mengolah sesuatu isu mengalahkan remaja seusia saya dan melihat gaya penulisannya saja sudah cukup menggambarkan kebijaksanaan orangnya. Akhir kata, SELAMAT HARI RAYA AIDIL FITRI MAAF ZAHIR BATIN, semoga Tun dan keluarga terus berada dalam keadaan sihat dan dirahmati Allah.

Pegging of US currency, or with other strong currency eg Euro has some advantages. For example, if the crude oil dip, we will enjoy some kind of lower price of petrol. If crude price goes down, and US going up, still no point, back to the same thing.

I disagree that the petrol price were to be reduced so much, as it will encourage people in Malaysia to drive more and disregard public transportation. Just look at the amount of cars in the morning that goes into town, it is mostly single drivers. If only these drivers consider to at least share (carpool) two in a car, i believe it will make a lot of difference , 3 in a car, breeze through Sultan Ismail.

By amir on October 19, 2008 10:28 AM

Dear Tun, brothers and sisters,

We should peg our currency to gold. The current stance taken to float our currency is to embrace back the anglo-american economics and international finance doctrine, which is built base on individual's self interest to maximize material wealth without spiritual contents. The thoery is built by theorists who do not have belief in religion. Hence, naturally, it allows for currency traders to speculate on currencies in the name of fostering economic discipline, but in real fact, it is nothing but to fulfil the greed of these perceived sophisticated bankers, who are doomed to perish. The is the system is full of flaws. Most importantly, the backbone of the system is built upon usury, which is forbidden.

Laporan Utusan Malaysia semalam (Sept 23, 2008) amat menggembirakan saya. Sahabat saya Dato Seri Shahidan Kassim, Menteri Besar Perlis yang gagal menjadi Menteri Besar walaupun Perlis di antara negeri yang menang dalam pilihanraya 2008 telah dilantik oleh YAB Dato Seri Abdullah Ahmad Badawi, Perdana Menteri Malaysia untuk menjadi penasihat dan pembantu beliau dalam mencapai visi serta misi Wilayah Ekonomi Koridor Utara.

Orang yang busuk hati mungkin menyangka perlantikan ini adalah sebagai cara untuk Abdullah mendapat sokongan ahli Majlis Tertinggi ini supaya dia tidak sokong tuntutan beberapa ahli lain supaya Abdullah berhenti sebelum mesyuarat bahagian.

Kalau saya tidak salah apabila sahaja tokoh tertinggi parti UMNO ternampak mungkin akan menimbulkan masalah kepada Abdullah, tokoh berkenaan akan dilantik ke jawatan tertentu atau jika tidak ada jawatan dilantik sebagai penasihat kepada YAB Perdana Menteri. Yang bernasib baik akan diberi taraf Menteri. Selepas itu senyap sunyi.

Apakah ini satu jenis rasuah, wallahua'lam.

Dengan begitu banyak penasihat amat menghairankan kenapa tidakkan Perdana Menteri Abdullah tidak begitu bijak. Mungkinkah ini disebabkan adanya penasihat bertaraf Menteri pun tetapi tidak ada suara.

Ikatan kekeluargaan antara penasihat dan yang dinasihatinya mungkin lebih utama daripada yang tidak ada ikatan kekeluargaan, wallahua'lam.

p/s Saya juga ucapkan tahniah kepada Ahli Parlimen Pasir Salak, Datuk Tajuddin Abdul Rahman yang dilantik sebagai Pengerusi Felcra.

Adalah dijangka ramai lagi yang akan dilantik ke jawatan-jawatan tertentu atau jawatan yang diwujudkan khusus.

Yang belum sokong sila percepatkan sokongan. Masih banyak jawatan yang kosong atau dicipta khusus.

Dr M calls for unity among BN parties

Tun Dr Mahathir Mohamad has called on Barisan Nasional component parties to close ranks instead of continuing the blame game.

The former prime minister insisted that his successor Datuk Seri Abdullah Ahmad Badawi was at fault, and lamented that Umno, MCA, Gerakan and MIC kept their dislike for the current PM private.

"None seems willing to acknowledge that it was dislike for Abdullah which caused the BN to lose the support of the people. Instead, they picked on the parties and blamed each other," he said.

Dr Mahathir wrote in his latest blog posting that the BN government has managed to keep Malaysia stable all this while, and its seeming inability to do so now was not because BN was no longer suitable but due to "very poor and incompetent leadership," an apparent reference to Abdullah.

In the aftermath of Sabah Progressive Party's exit from the ruling coalition, Dr Mahathir warned that "at the rate things are going the BN might split asunder."

He said that threats to leave BN made by Chinese parties are not just because of former Bukit Bendera Umno chief Datuk Ahmad Ismail's refusal to apologise for "unpalatable remarks about the Chinese."

According to Dr Mahathir, it is the impression that they are subservient to Umno that has caused them to take potshots at Umno and defy the BN leadership.

Dr Mahathir also said that there is a loss of confidence in the government's ability to deal with the economy, leading to the Kuala Lumpur Composite Index to drop from a high of almost 1,500 points to below 1,000, and the ringgit to depreciate.

He asserted that these problems would not be solved by the opposition coalition taking over the government as "it is difficult to think that the hodge-podge collection of incompatible parties can handle oncoming economic and financial problems that are inevitable."

As such he advised against BN component parties joining Pakatan Rakyat but instead echoed the calls of many component party leaders to review the structure of BN with regards to inter-party relations.

Looks like a desperate attempt by the PM to shore up support for him.
Tun, I'd like to pose a question for you: All this talk about the president and deputy of UMNO acting together in the 'transition plan'. What would happen if Najib gets, say, 70 nominations to be president, and Pak Lah gets much less, and Ku Li gets the rest. Do you think the "running mate" idea between the two of them would still go through? Would Najib decline the nominations and still run for deputy?

It is sad how backwards our country Malaysian has fallen. Things that is supposed to be done is not being done, and everything is on hiatus.

Economy is not developing, the share market is in danger. Cost of living going up, but earning power still stays the same.

It's been very different since the change of PM.

jangan lupa, ada lagi, Datuk Zainal Abidin Osman (yang kalah parlimen Nibong Tebal di Pulau Pinang yang sebelum ni naik mendadak dari Setiausaha Parlimen Kementerian Luar ke Timbalan Menteri Kemajuan Luar Bandar dan Wilayah dalam masa 2 tahun sahaja). Sekarang dilantik sebagai penasihat kepada Perdana Menteri dalam bidang Luar Bandar. Agaknya menteri yang bertanggungjawab kepada kementerian berkenaan (Mat Taib) tidak boleh diharap oleh Pak Lah. Banyak lagi, umpamanya Awang Adek (bekas timbalan menteri kewangan yang kalah juga) dilantik pengerusi sebuah agensi kerajaan.

By pakbelalangAuthor Profile Page on September 24, 2008 12:43 PM

Dear Tun,

Nampak jelas bahawa Pak Lah sudah lari dari tanggung jawab untuk mentadbir negara. Dia hanya mementingkan kedudukan jawatannya dari segala-galanya. Apakah ini harus dibiarkan begitu sahaja oleh ahli-ahli UMNO?

Kalau beginilah caranya maka harapan UMNO untuk bertahan lama akan hancur berkecai.

Sebenarnya saya adalah penyokong kuat parti UMNO. Datok moyong saya adalah orang UMNO. Orang Johor memang kuat kapada UMNO.

Tapi kalau beginilah cara pemimpin UMNO memerintah adalah lebih baik saya berhijrah kapada Parti PAS. Saya lihat Parti Pas ada potential menggantikan UMNO dan terus memerintah negara. I give PAS just another election and you will see the Prime Minister of Malaysia will be a PAS leader. Of course, not Anwar. Anwar is NOTHING ! He is just a high powered "political salesman".

Orang yang tidak bertanding untuk kawasan Parlimen, calon yang kalah, calon yang tidak dikehendaki oleh Raja atau Sultan, semua ini adalah aset UMNO untuk memajukan Presiden.....

assalamualikum Tun,

seperti yang Tun tulis ini dan seperti yang telah diperlihatkan di depan mata rakyat DSAAB memang akan melakukan sedemikian rupa terhadap orang yang menjadi ancaman kepada beliau, yakni dengan memberikan pangkat dan jawatan yang direka khusus atau diberikan jawatan menteri. Salah satu contoh yang terlihat adalah tindakan ahli parlimen Bera yang telah dilantik menjadi menteri belai dan sukan ketika awal kemunculannya dulu sebagai menteri dia adalah orang yang banyak bersuara mengecam tindakan anak Tun, Mokhzani, dengan berbagai-bagai tohmahan darinya, kononnya dia adalah orang yang sentiasa bersama DSAAB dan menjadi BACKUP. Selepas kejadian yang memalikan beliau di Sungai Petani kedah satu ketika barulah beliau menghentikan segala kecaman buruknya itu. Inilah politik era DSAAB. Memang sudah dijangka setiap tindakannya itu. Apapun Tun saya mengucapkan selamat menyambut hari raya aidifitri

dalam enam hari yang mendatang,harap Tun dapat kembali bersama warga daerah Kubang Pasu dia hari raya ini.

assalamualaikum.

Dear Tun.. apabila NCER dilancarkan oleh current PM, saya tertanya2, apakah sumbangan (secara langsung) kepada penduduk di utara? Saya selaku rakyat di kedah risau dengan koridor ini, takut apa yang dicanangkan akan jadi retorik semata-mata.

Untuk pemimpin dan wakil rakyat yang dipilih oleh rakyat ni, luangkan masa selalu jenguk kami di kawasan anda. Tak payah time pilihanraya baru nak muncul semula... nampak sangat macam gerhana..

By Najmi Mat Sarit on September 24, 2008 12:45 PM

Salam Tun Dr. M,

1. Sampai bilakah agaknya mereka-mereka akan sedar...
2. Mengapa tidak pemimpin yang bertanggungjawab berasa sedar akan apa yang akan dijawab di Akhirat kelak (Islam).
3. Nama parti Islam tak semestinya mereka yang meneraju sifat macam maklaikat.
4. Saya sayang Malaysia, saya bangga jadi rakyat Malaysia namun terdapat orang yang ingin Malaysia jadi Malaysia Sdn. Bhd. (hanya ambil profit dari keuntungan syarikat, tapi kalau bankrap/mufliis adalah company bukan individu, mereka-mereka rasa mereka boleh cipta company lain kalau company ini dah bankrap.)
5. Tun, apakah tindakan yang seterusnya? Masihkah ada ruang untuk perubahan.
6. Saya rasa susah nak cari pemimpin yang ingin benar-benar memimpin, supaya apa yang dipimpin berjaya dan terus berjaya.
7. Mengapa mereka yang memimpin terlalu inginkan rakus untuk mendapat ganjaran yang belum sampai masanya lagi.
8. Tun, setelah 20 tahun memimpin baru dapat merasakan kesan daripada apa yang dipimpin, 20 tahun... agak-agaknya pemimpin sekarang boleh tahan ke sehingga Pilihanraya Umum yang akan datang? mungkin sebab itu mereka rakus mencari kesempatan dalam masa yang amat suntuk...

Moga-moga Allah akan datangkan kita pemimpin-pemimpin yang mampu menerima dan menjalankan tanggungjawab dengan seikhlas yang mungkin. Amin...

Saya suka ayat-ayat terakhir itu. Penuh dengan sarcasm.

Mungkin saya akan minta jawatan tersebut. Lagipun, sekarang semua orang hendakkan jawatan tinggi. Terutamanya ketika hampir-hampir dengan pemilihan Agung UMNO yang akan datang kelak.

Siapa yang dapat menaikkan Pak Lah, maka dianya layak untuk mendapat jawatan. Rasuah di dalam "syurga"..

assalamualaikum Tok Det...

Saya sekeluarga mengucapkan selamat hari raya aidilfitri maaf dan zahir batin kepada Tok Det sekeluarga...

Berkenaan comment Tok Det ni...ni yang dikatakan seindiran antarabangsa....

Kalau macam tu tak hairanlah kenapa pemuda UMNO sabah menyokong pencalonan KJ untuk merebut jawatan Ketua Pemuda UMNO...ni yang kita tengah tunggu ni..siapa pula dari sabah yang akan dilantik menjawat jawatan baru..saya dapat agak dah nama jawatannya: Penolong Kepada Ketua Penolong Timbalan Penolong Ketua Pengarah Pengondol Balak Sabah Bahagian Keningau, Nabawan dan Pansiangan (Kawasan Balak Yayasan Sabah) Merangkap Pengerusi dan Penyelia Gabungan OKK Kerajaan Persekutuan Dan Negeri.

Tok Det..ni saya ada satu permintaan, bagilah comment sedikit berkenaan penglibatan kroni-kroni Tok Dollah (sekiranya Tok Det ada sumber..)dalam perusahaan balak sabah..

Ni dengar daripada orang dan kawan-kawan yang berasal dari Nabawan dan Keningau ada berlaku penglibatan pak menteri-pak menteri yang mempunyai area balak di sabah terutama sekali kawasan balak kepunyaan yayasan sabah.

Bukan tu saja, para pegawai yayasan sabah yang bertanggungjawab pun dengarnya terlibat dalam aktiviti "penyonglapan" balak-balak ni...sampai ada yang mampu membeli rumah harga 300K keatas, beli kereta 2 ke 3 buah..dan hidup mewah..kata kawan tu lagi kalau setakat 30K seminggu tu..kacang punya kes!!! pegawai-pegawai ni senang nak dapat...

Nilah kepincangan yang ada...(kalaulah terbukti benar..)tapi tindakan ni sepatutnya tidak boleh dimaafkan dan perlu dihentikan dan tindakan undang-undang perlu dilaksanakan termasuk siasatan terprinci dan dalam...kami sebagai anak-anak sabah seperti rasa dirompak dan masa depan kami diragut!!! dahlah kes PTI di sabah seperti tidak diambil tandakan walaupun dalam beberapa bulan yang lalu kerajaan persekutuan mengumumkan tindakan yang berapi-api berkenaan kes PTI di sabah ni tapi macam yang dilihat seharian di sabah..tindakan ni masih tidak menampakkan kesan..Tak percaya sila datang ke Pasar Besar Kota Kinabalu..PTI dengan bebasnya berniaga barang-barang seludup dengan berleluasa tanpa rasa takut...

Apa Pun kepada semua rakyat malaysia, selamat menyambut Hari Raya Aidilfitri yang bakal menjelang tiba...kepada pihak yang berkenaan...buka-bukalah mata terhadap perkara yang saya perkatakan tadi.... Wassalam.

Dearest Tun & All Readers,

Apakah peranan jawatan2 "khusus" atau "dicipta" itu?? Adakah ia bermanfaat kepada RAKYAT & NEGARA???

Jika TIDAK. ia memang suatu "RASUAH".

Apakah tindakan Anti-Rasuah seterusnya????????????????????

Tapi ikut kamus yang sama, ahli kabinet Dapur lebih power dari ahli kabinet bertaraf menteri.

By terongpipit on September 24, 2008 12:55 PM

Salam Tun,

Pak Lah juga merasuahkan mereka ini menjelang PAU 2008 iaitu:

- 1) Dato Idris Jusuh, mantan Menteri Besar Terengganu yang juga Ketua Bahagian UMNO Besut dilantik oleh YAB Dato Seri Abdullah Ahmad Badawi, Perdana Menteri Malaysia sebagai Pengerusi MARA.
- 2) Zainal Abidin OSMAN di lantik penasihat KEMENTERIAN LUAR BANDAR yang juga ketua bahagian UMNO parit buntar.
- 3) Dato Omar naik pangkat jadi Menteri pun termakan budi dan jadi DIAM adalah lebih baik.
- 4) Adakah Tun maksudkan Dato Shahrizat? Dia kerja kuat sebab kalah pada PRU12, jadi tak sempat nak komen apa2 atau terasa termakan budi dan jadi DIAM adalah lebih baik.

Inilah resam dunia..... depa cepat lupa!

Dato' Noh - Siapa yang lantik beliau menjawat jawatan Timbalan Menteri kalau bukan Tun. La ni dah

Menteri mungkin jasa Tun dah jadi kecil kot?
By kaychin on September 24, 2008 12:55 PM

Rilek-lah, rilek..
By iskandar on September 24, 2008 12:55 PM

Assalamualaikum Tun,

Tun bawa banyak bersabar biarlah Abdullah Badawi lantik sesiapa saja yang dia nak kerana jika niat dia tak ikhlas atau perlantikkan itu adalah satu bentuk tindakan untuk menagih undi akhir nanti dia akan tersungkur jua.

Dan kepada semua ahli dan pemimpin UMNO jika anda menerima suapan,sogokan sama ada dari bentuk wang ringgit,kebendaan atau jawatan sesungguhnya taraf anda LEBIH RENDAH DARIPADA BINATANG (TERAMAT HINA)..

Salam Tun.

Nyata sekali bila seseorang berkuasa itu dalam keadaan terancam maka berbagai tektik digunakan untuk meredakan keadaan termasuk menyogok mereka dengan pelbagai jawatan dan projek jutaan.

Nampaknya "bagai tikus membaiki labu" adanya tindakan PM ni. Tapi tidak ramai pula menolak jawatan yang diberi. Ini menunjukkan bahawa taraf mereka yang memberi dan menerima sama saja. Tiada maruah. Tiada wibawa dan harga diri. Bersekongkol dalam menghakis khazanah negara.

Sanggup menerima sesuatu untuk kepentingan diri daripada menjaga rakyat se Malaysia yang menderita akibat dipimpin oleh Pak Lah yang gagal mentadbir dengan baik.

Jika beginilah cara PM menyogok semua orang mungkin dia boleh bertahan sampai PRU13 sebab semua pun suka menerima habuan.

TUN.

Ohhhh!!!! Patut lah!!!!!!

Macam tu jadi nya.....Rasuah lah tu.....

la lah Pak Lah tiru cerita 3 Abdul. Pakai Tuan Penasihat 20%.

Kalau dah semua MT kena rasuah dan dapat habuan,tak nampak lah Pak Lah tu akan berundur pada december ni. Silap2 sampai PRU13. Kalau menang besar, teruslah sampai dah tak larat nak kandak harta berkoyan2 baru lak nak berundur.

TUN tidak pula ditawarkan jadi penasihat....

Ambik ungkapan TUN.

Yang belum sokong sila percepatkan sokongan. Masih banyak jawatan yang kosong atau dicipta khusus. Saya pun setuju juga saranan TUN.Ramai lah akan sokong Pak Lah dan lebih meriah lah UMNO kerana ada pelbagai jawatan dan peluang akan dicipta oleh Pak Lah.

Bijak2 Pak Lah,atau Si KJ tu yang punya idea. Rebah Pak Lah maka tersungkur lah KJ.

tun,

orang mcm kami nie sudah dapat baca permainan politik seperti ini. saya dapat simpulkan bahawa UMNO ini adalah milik golongan elit UMNO sahaja dan tidak membawa aspirasi golongan bawahan dan pertengahan macam kami. Jika tindakan Datuk Dolah tidak membawa apa-apa ancaman kepada golongan elit UMNO ini, maka MT akan memandang sebelah mata.

Apa yang berlaku sekarang adalah kedudukan golongan elit UMNO terancam dan nampak gayanya pada PRU 13 rakyat biasa kami akan memilih parti pembangkang sebagai kerajaan walaupun anwar bukanlah seorang pemimpin yang baik.

Jika ada satu lagi parti yang betul2 memperjuangkan rakyat dan pembangunan negara, sudah pasti rakyat macam kami akan menyokong parti tersebut dan terus menumpukan agenda kepada pembangunan negara dan bukan cita-cita golongan tertentu dalam UMNO.

Suatu hari nanti akan ada sebuah parti yang bersifat demokrasi dan bukan bersifat perkauman yang hanya menumpukan kepada aspek pembangunan dan efisiensi dan parti ini akan menjadi kerajaan yang baik tanpa prejudis. Parti ini akan mendapat sokongan rakyat dan sudah tiada lagi watak-watak lalang/cacing seperti yang berlaku dalam UMNO sekarang.

Saya mendoakan akan tiba hari tersebut.

Assalamualaikum Tun,

Salam hormat dan sayang untuk Tun dan keluarga.

Kesan daripada 18 september timbul tindakan 23 september (Pengwujudan Jawatan khas). Semua sedia maklum kemarahan kepada ABD berpunca daripada penglibatan sukusakat beliau dalam membuat keputusan yang melibatkan kepentingan rakyat dan negara dan amat megedihkan ia menimbulkan kebencian rakyat serta memusnahkan ekonomi negara.

NCER dan Wilayah Iskandar dua projek besar ABD yang tidak lagi menampakkan tanda tanda akan berjaya. Kalau penasihat dan pelaksana projek berkenaan dilantik atas dasar politik saya berani bertaruh 2 projek ini akan lingkup bersama sama hayat politik ABD. Yang berjaya ialah majlis perasmian sahaja.

Tun, saya banyak meneliti tulisan Tun dan komen dari pembaca, tetapi coretan berkaitan 18 September mengembirakan saya. Rupa rupanya pemimpin kanan UMNO sudah berani mempersoalkan kredibiliti ABD (sebenarnya ABD memang tak mempunyai kredibiliti langsung sebagai PM...ini bermula bila beliau membebaskan Anuar Ibrahim dan membatalkan projek landasan berkembar dan jambatan bengkok). Kesan daripada 18 september tersebut adakah ABD akan letak jawatan dan perlantikkan Dato Sri Najib sebagai menteri Kewangan sebagai petanda kearah tersebut ATAU selepas Perhimpunan Agung UMNO selesai dan menantu kesayangan nya bergelar Ketua Pemuda UMNO!!!! ATAU UMNO akan hancur bersama beliau

Salam Ramadhan hari ke 24 untuk Tun berdua, semoga terus sihat dan diberkati oleh Allah Tuhan Sekalian Alam ...

Saya amat tertarik dengan penulisan Snippet Tun kali ini yang sedap dibaca dan sedap untuk dihuraikan oleh para rakyat jelata yang tidak putus-putus mengunjungi Blog Tun ini setiap hari ...

Memang apa yang Tun sebut tu, kami rakyat jelata sudah melihatnya dan sudah mengandaikan

sedemikian, sebelum ini ... Sesiapa lagi yang boleh membantu menangkis kecaman terhadap Kepimpinan yang lemah itu, PASTINYA akan diangkat ke satu taraf yang tinggi dari apa yang sedang orang itu lalui ... Walaupun, orang itu kalah dalam impiannya meneruskan cita-citanya dahulu Baik di Kelantan, Perlis dan Terengganu ... Semuanya menjadi Pahlawan yang sanggup bersilat dengan siapa saja demi mempertahankan Pemimpin tertinggi itu ...

Lawak sungguh, dengan tiba-tiba tiada angin yang bertiup, tiada tanda nak hujan, tiada isyarat nak tunjuk mengenai NCER, tapi secara tak semena-mena diberikan jawatan yang diwujudkan kepada seseorang yang banyak membuktikan dia mampu bersilat. Dan berkhidmat tanpa mengira siang dan malam demi pemimpin tertinggi ... Agak canggung jugak bila memikirkan kewujudan jawatan tersebut secara tiba-tiba Tapi, bila diselak-selak akhbar dalam sehari/dua/seminggu lepas, barulah faham, kenapa jawatan tersebut tiba-tiba diwujudkan untuk pesilat tersebut! rupa-rupanya, pesilat tersebut telah membuka langkah dan silatnya dalam masa terdekat :)

Itulah yang rakyat nampak. Itu juga yang Tun nampak. Kita sama saja, dapat nampak semua yang berlaku sebab kita ada mata. Yang lebih penting, kita bukan sekadar ada mata untuk melihat, tetapi kita ada telinga untuk mendengar, otak untuk berfikir dan hati/iman untuk membuat keputusan.... Rakyat tidak boleh diperbodohkan.

Salam Ayahanda Tun, benar sekali kata-kata Tun, tapi dah dia nak berkawan apa boleh buat. Setahu saya tak semua orang boleh dibuat kawan, dan bukannya berapa jumlah kawan yang penting - akan tetapi kualiti kawan adalah lebih penting walaupun hanya segelintir. Kalau kawan yang tak ada kualiti akhirnya akan menjadi liabiliti pada diri sendiri. Agak mustahil untuk Presiden UMNO kini bertahan melewati tahun 2008. Segala percaturan dan perkiraan tidak menyebelahi impian sesetengah pihak ini. Apa yang ada hari ini cumalah laungan terdesak beberapa ceruk penjuru yang masih lagi kedengaran. Tapi laungan cuma lah sekadar laungan tanpa laluan yang akhirnya akan membawa sepi juga. Pada saya Tun, tak mengapa kalau sedikit kawan pun, asalkan berkualiti. Yang akan tetap bertahan sama dikala siang, panas, hujan atau terik. Biarkanlah Si Luncai terjun dengan labunya. Salam Tun.

Assalamualaikum YABhg Tun.

Malaysia berhadapan dengan pelbagai masalah, pemimpin pun bermasalah, jadi kenalah lantik ramai penasihat. Nasihat menasihat itu disyorkan oleh Islam. Persoalannya apakah kandungan dan penerimaannya selaras dengan tuntutan agama.

Nampaknya sekarang musim menuai kali kedua. Musim pertama selepas PRU 12 dimana sesiapa yang lantang mengkritik YABhg Tun sudah dapat jawatan diantaranya bekas Menteri Kehakiman. Kali ini sesiapa yang banyak cakap atau beri sokongan kepada Presiden pula mengaut hasil.

Mungkin juga adalah lebih menjimatkan kos sekiranya orang yang memerlukan nasihat itu letak jawatan. Selesai masalah.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Shahidan tidak sesuai ,dia yes saja.

Org.yes ni elok jadi khadam saja.Untuk pembangunan Negara kena cari yg pakar bidang tersebut.Pakar ini pun bukan jenis yes saja (jaga periuk nasi sendiri) ,bila tidak betul kenalah berani cakap NO dan berikan apa yg betul dengan pandangan yg logik.

Sebenarnya saya ingin minta kerajaan Control lah sikit Pendatang & pendatang Haram.

Orang Lombok Timur patut diharamkan terus berkerja di Malaysia.Mereka ini mempunyai budaya ganjil "Kalau dah Suka bawa lari anak dara orang".

Budaya ini meresahkan dan timbul Kemarahan Rakyat Malaysia.

Pendatang sebenarnya memberi keuntungan kepada Taukeh taukeh saja

& menyusahkan sebilangan besar rakyat Malaysia.Kejadian jenayah semakin banyak oleh pendatang ini.

Mereka ini sudah ramai jadi peniaga . Ada juga peniaga pasar pasar malam .Merampas peluang rakyat tempatan.

Kawal kemasukan mereka ,hadkan bidang pembinaan dan ladang ,buat operasi besar besaran selalu terutama musim perayaan.

Kawal perairan kita,gunakan teknologi yg terbaru.Efisyenkan pihak terbabit.

Undang undang sebat perlu bagi pendatang haram yg degil.

Salam Tun,

Ideally, the appointment of DSSK as NCER advisor should comes together with a specific set of KPIs.

That would make it easier for public to assess how effective DSSK roles are in pushing the implementation of NCER projects or at least more transparent.

PakLah should also explain why would he requires additional advisor in the first place, who is a politician. Why can't he appoint a professionals who are a subject matter experts in agriculture, transportation etc to advise him on this matter?

Without these justifications / explanations, Pak Lah decisions are now open to a lot of interpretations and speculations. That include what being written by beloved Tun in this entry.

Pemimpin Melayu(tertentu)

Siapa bilang pemimpin melayu tak menawan
Tak menarik hati, tiada memikat
Kalaupun memang tak mungkin Jeanne tertarik
Kalaupun sungguh tak mungkin 5 negeri kan jatuh

Aduhai... lemah lembut gayanya
Serta manis senyumnya
Hitam pekat rambutnya
Ayuh ambil si dia (yes people)

Di antara pemimpin-pemimpin seluruh dunia
Tiada yang sehalus mulus oh setulus dia
Di antara pemimpin-pemimpin seluruh dunia
Tiada yang sebijak pandai oh secerdik dia
Budi bahasanya, pandangan matanya
Sentuhan jiwanya membuat dia terlena

Dear Tun,

I used to comment in your blog, but for this article, i have no idea what to comment...
Me as a tertiary educated Malaysian citizen, can't imagine this type of 'cheap' and 'unethic' things is happening in our lovable country, some more at top administration level..

Salam Ayahanda Tun, saya terpenggil untuk menyertakan juga komen saya ini selepas membaca komen mdrose Sept 24 12:33 pm. Saya minta pihak kerajaan perelaskan kepada rakyat:

- 1.Apakah sebenarnya fungsi kerja para penasihat NCER ini, iaitu Datuk Seri Mohamad Annuar Zaini dan Tan Sri Shahidan Kassim pula kini?
- 2.Apakah takrifan/tahap KPI penasihat yang tersedia ada kini?
- 3.Berapakah gaji (beserta jenis emolumen) mereka ini?
- 4.Apakah asas dan justifikasi untuk perlantikan terbaru ini?

Sebab jawatan sebagai "Penasihat" ini terlalu besar erti maknanya pada kami semua rakyat yang membayar cukai seribu satu jenis ini. Jadi minta tolong supaya membuat penerangan pada kami sikit.
Terima kasih.

Yang Berbahagia Tun,

I have to give credit to Mukhriz. When he announced to contest for the top post in Pemuda recently, he declared not to accept any post in the Government should he is elected.

This is what the real UMNO leader should do. Be focused to our 'perjuangan'. UMNO is the 'emergency ward' for severe injury and need a Doctor (you, for instance) attention.

We need leader like Mukhriz. To the rest of Pemuda, you guys need to stress changes in UMNO like way back in Tun Dr. Mahathir's era.

I agree with your opinion on this issue, it can be argued as one kind of corruption to make people feel that they are important and to keep their mouth shut.

assalamualaikum Tun,

Tumpang lalu sekejap Tun,

Marilah kita sebagai rakyat biasa beramai-ramai memainkan peranan walaupun kecil tapi masih berbentuk tindakan untuk menghantar mesej kepada DSAAB supaya meletakkan jawatan dengan secepat mungkin.

1. menghantar sebanyak mungkin kad hari raya yang memujuknya untuk bersara

2. hantarkan juga mesej ini ke websitenya.

berjaya atau tidak kita mesti mencuba.

Saya sentiasa berdoa semoga bergerak hatinya untuk bersara secepat mungkin.

Selamat Hari Raya kepada Tun dan Tun Siti Hasmah.

TDM

in this case, I ask myself why did PM Abdullah pick a croony, oops, I mean friend of yours, as his economic advisor.

DS Shahidan does have a wealth of knowledge of the area in concern, and I hope that this benefits the economic corridor to generate positive returns in the years to come.

In your case, you're just spiteful that you weren't invited as Mentor Minister as your counterpart in Singapore.

Maybe, for the good of the nation and for yourself, you should take a long break (a real vacation) and reflect on your rantings of the last year+.

What about a holiday to one your offshore villas (or all of them for that matter)?

Dear Tun,

Apa yg Tun cakap tu semuanya benar belaka. Pak Lah ni nampaknya terlampau mendengar nasihat keluarga dari ahli parti dan rakyat. Tak serik2 dengan keadaan negara yg tak tentu hala. Banyak

keputusan yg dibuat Pak lah ni tak dihalusi masak2. Lepas buat keputusan baru lah persan yg keputusan tu banyak kelemahan. Ini mungkin jugak disebabkan oleh penasihat yg tak mampu/layak menasihat. Cukup la tu Pak Lah. Saya minta dengan segala hormatnya Pak LAh turun sebelum nasi menjadi bubur. Please, fikir lah masak2. Turun lah segera demi negara yg tercinta.

"Laporan Utusan Malaysia semalam (Sept 23, 2008) amat menggembirakan saya. Sahabat saya Dato Seri Shahidan Kassim, Menteri Besar Perlis yang gagal menjadi Menteri Besar walaupun Perlis di antara negeri yang menang dalam pilihanraya 2008 telah dilantik oleh YAB Dato Seri Abdullah Ahmad Badawi, Perdana Menteri Malaysia untuk menjadi penasihat dan pembantu beliau dalam mencapai visi serta misi Wilayah Ekonomi Koridor Utara.

Orang yang busuk hati mungkin menyangka perlantikan ini adalah sebagai cara untuk Abdullah mendapat sokongan ahli Majlis Tertinggi ini supaya dia tidak sokong tuntutan beberapa ahli lain supaya Abdullah berhenti sebelum mesyuarat bahagian."

Rupa-rupanya saya dalam golongan orang yang busuk hati...hahahaha..

Tetapi dalam politik macam-macam boleh berlaku...contoh DAP kata xmau negara islam dan manakala PAS pula "Berteraskan Islam". Inilah jadinya bila menghalalkan sesuatu untuk mendapatkan sesuatu tanpa mengambil kira jalan depan atau jalan belakang?? (aik lain macam je bunyi ???) hehehe

SALAM TUN,

1. Perlantikan Shahidan satu kejutan. Perkataan kejutan.....

sedikit pun tidak terlintas. Lebih dari itu ianya satu kebiasaan. Selepas mengurangkan jumlah Menteri-Menteri Kabinet kerana ramai yang kalah PRU lepas, jawatan Penasihat Bertaraf Menteri pula timbul. Macam biasa yang ini adik-beradik flip-flop.

2. Isu Teresa Kok nak gelak pun ada. Bila dia cakap "makanan seperti anjing" lepas tu buat bising di beberapa jabatan nampak sangat mutu MP yang kita ada hari ini. Buat press statement cakap ada hari dapat makan ayam, telur rebus 2 biji dan macam2 lagi, nampak macam mewah pula. Sebab orang biasa pun makan telur rebus sebiji satu hidangan. Ringkasnya senang, sendiri cari fasal, sendiri tanggung.

3. Minyak yang dijangka turun. Saya ingat dah lebih 3 minggu dah minyak di bawah paras US110. Semalam minyak naik lebih US120 tapi pagi ni turun semula ke US106. Macam2 perbincangan nak dibuat sebab nak bagi turun harga minyak. Masa naik dulu tak payah fikir panjang pun. Tak payah tunggu pun. Mungkin nak tunggu minyak naik semula cakap tak jadi turun atau macam TUN cakap tunggu ada satu lagi Pilihanraya Kecil.

Wasalam.

sekali baca TUN mcm berbangga dan gembira dgn perlintikn itu (terutama pd permulaan), 2 kali baca rupa2nya bahasa terbalik, cukup mencabar minda utk berfikir bg mereka yg benar2 bijak mgunakn akal fikiran.

dr dahulu lagi sbb saya menghormati Tun adalah krn cara berhujah dan mjwb persoalan yg diajukn, cukup tajam dan cukup pedas. hanya mendengar jwpn serta hujah Tun org boleh tau tahap ilmu dan kbijaksanaan Tun. bila saya dengar hujah pak lah, aduhh... mcm budak2 tak ada isi tak ada maknanya, bercakap straight to the point walaupun ia bagus tp mudah diputar belit dan mjd kritikn pihak lawan yg lebih pandai dlm berhujah dan bijak mengada2kn cerita yg tak ada. Lihat saja tajuk berita utama UTUSAN MALAYSIA hari ini 'LAPORAN PALING GILA' memetik kata2 pak Lah. kenapa tak digunakan saja ayat 'Laporan Yg tak berasas' atau 'Laporan yg tak mempunyai fakta' atau guna ayat yg lebih sinis lagi bg menyindir laporan berita AFP.

sbagaimana Tun mjwb persoalan wartawan mengenai menara Taiwan akn mengatasi KLCC dulu, Tun jawab Malaysia ada 2 KLCC (ckp ringkas tp sggh tajam kata2 sini itu). maknanya kalau 2 KLCC di sambung mjd 1 mungkin berabad lamanya tak ada menara lain boleh menandingi KLCC termasuk yg bakal terbina di Dubai bahkan 2 WTC yg dah runtuh sekalipun kalau disambung tak dpt mgatasi 2 KLCC. Semua pihak boleh faham maksud kata2 Tun itu.

Salam Tun & Fellow Bloggers

AAB boleh diibaratkan sebagai musuh dalam selimut untuk menjatuhkan UMNO dan bangsa Melayu.

Menurut firasat saya yang mungkin salah, jika tidak ada cara2 lain lagi untuk menyelamatkan kedudukannya sebelum mesyuarat Agong Umno Disember ini, AAB pengkianat bangsa Melayu ini lebih rela untuk menyerahkan kuasanya kepada Anwar daripada Najib.

Jikalau Anwar berjaya jadi PM, Negara akan menjadi huru hara kerana Anwar adalah agen Zionis yang merbahaya. Sila lihat video di URL google ini tentang kuasa yang ingin menguasai dunia ini.

<http://video.google.com/videoplay?docid=-2908429904168167174&hl=en>

Wahai semua ahli2 UMNO yang masih cintakan Negara Malaysia dan bangsa Melayu, bangunlah dari tidur dan bangkitlah untuk bersama2 menentang petualang bangsa Melayu seperti AAB dan AI ini sebelum terlambat. Lupakanlah ganjaran2 didunia ini dan ingatkanlah ganjaran2 dari Allah di akhirat nanti jika kita memilih jalan yang benar. Ketahuilah bahawa ganjaran2 didunia ini tidak akan kekal untuk selama2nya.

1. Salam Tun yg dihormati semoga sentiasa segar dan terus menulis.
2. Sindiran Tun amat berbisa. Saya sebagai warganegara biasa yang tidak berapa arif dlm sepak terajang politik pun amat terasa dgn sindiran Tun.
3. Terlintas di hati di manakah letaknya MARUAH orang yg berniat sedemikian iaitu memberi jawatan bertujuan tutup mulut. Bagaimana pula MARUAH si penerima tersebut.
4. Kadang2 macam cerita kartun lah TUN.
5. Benar. Apabila terlalu banyak sangat penasihat bermakna Pemimpin tersebut sebenarnya LEMAH. Apakah rasional jawatan tersebut diadakan dan diwujudkan?
6. UMNO jika berdiam dan tidak mengendahkan perkara sedemikian ia sebenarnya ke arah merosakkan imej parti dan menjerumuskan kehinaan dan kehancuran.
7. Sekali lagi benar penjajah British kata bahawa pemimpin orang Melayu dipujuk dengan mudah hanya memberi pangkat gelaran dan elaun-elaun.?? Ternyata benar wallahua'lam.
8. Wahai bangsaku jangan biar diri kita dipijak dan dihina.

Imbas kembali kata-kata Za'ba memerihalkan tentang perangai orang Melayu dikaca mata orang Cina:

"Hai ya! Olang Gulayu Ming ngong! Kilija satu tawun, mau makan lua tawun" (Hoi! Orang Melayu bengong! Kerja satu tahun, mahu makan dua tahun!)

Mengamati kata-kata diatas janganlah dianggap isu ini perkauman. Ia banyak pengajaran berguna demi bangsa kita. Bukan bermaksud menghina orang Melayu tetapi kata-kata tersebut adalah gambaran orang

terhadap kita berkenaan hal bagaimana budaya kita bekerja.

memang berita pasal pelantikan penasihat itu ke udara kat tv3 namun sekejap sahaja.. seolah2 berita itu tak penting/ingin rakyat buat tak endah----- pak lah pak lah....

semakin hari makin ade2 jer penasihat pak lah.. tapi makin banyak penasihat makin parah pulak negara.. entah pe pe la pak lah..

mane lak penyakong pkr yg lantang cakap 16/9 110% jadi.. sekarang 24/9 la oiii -110% :P

Dearest Dr M

When a leader is overly bound by family ties at the expense of the nation, the rakyat can only watch in frustration.

Something must have happened between the passing of his first wife and the marriage of his second wife...

UMNO and BN will be history at this rate.

Umpama anak kecil yang menangis kerana tidak puas hati, ayah atau ibu akan memberikan coklat atau gula2 supaya anaknya diam. Mcm itulah jugak cara AAB dlm menangani masalah ahli2 Umno 'yang bermasalah'.

Masalahnya semua bukan anak2 kecil yang boleh digula2kan. Namun hukum alam, kalau org beri 'makanan', takkan nak balas dengan tahi. Jadi 'termakan' budilah.

p/s: mungkin diorg berpegang kepada pepatah melayu:

Permisi Tun,
cerita pasal koridor ini telah diwar warkan banyak tahun .siap dengan master plan sekali. Tapi kalau diteliti kenyataan terbaru hanya melibatkan pembinaan kemudahan asas macam terminal stesen bas , taxi , kolej komuniti dan sebagai nya, tidak ada apa nak dihairankan sangat . lainlah kalau pembinaan yang betul2 menjanakan economic activity yang meningkatkan pengeluaran negara. selain dari itu, ada yang saya terbaca pasal menambah pengeluaran bahan makanan dan ternakan yang melibatkan padang ragut untuk lembu kerbau. Projek macam ni pun memerlukan ramai penasihat?, dan RM 70 billion. Macam tidak masuk akal pun!.

Umno(PM) sepatut nya apabila mengumumkan apa projek mega yang melibat ekonomi negara tolonglah umumkan ahli penasihat atau ahli jawatan kuasa bertindak dengan senarai ahli politik mca, mic , dll sekali , ini secara tidak langsung akan membuka mata umum yang kita membangunkan negara bersama sama. sentimen begini mestilah dipupuk sebanyak boleh dari sekarang, mungkin ia nya boleh membangkitkan semangat setiakawaaan dalam BN.

2. Inilah juga menggambarkan mentaliti umno - merompak segala apa yang rakyat ada dengan sistematik

3. Tun asyik kondem sana-sini padahal bagi saya Tun lagi jahat daripada Pak Lah...bezanya antara Pak Lah n Tun adalah Pak Lah tak berapa pandai nak jadi orang yang sekejam Tun

4. saya doakan umno boleh pergi jahanam - malaysia tak perlukan para penyangak harta rakyat yang berlindung di sebalik pakaian Yang Berhormat

5. hanya manusia yang sama spesies jahat n perompak sahaja yang memerlukan umno...

Salam Tun

Shahidan Kassim has been 13 years as MB Perlis and yet doesn't know when to relinquish power. He is too greedy. In fact when he was rejected by the Perlis Sultan, the shock and disbelief on his face betrayed it all. This man only thinks HE is the one layak to head Perlis. Nobody else can. This is why he has been MB of Perlis for 13 years. And for 13 years what has Perlis achieved under him and under you Tun ? It is only a small state. Very easy to modernize and make into a shining example with not so big capital injection. And yet I see Perlis have not modernized and developed to the extent I think it should.

Someone should be brave enough to put a ruling for the Malaysian Government that no leader should stay in power for more than 4 years. This is to prevent him from being sombong and from building his cronies. However, he should be open to re-election and extension if he has done a good job and the people are satisfied with him and want him to stay.

By robertnigel on September 24, 2008 4:01 PM

Dear Tun,

I am deeply sad all your advice fell on deaf ears. I think it is pointless to advise them anymore and take action to set up your own party ASAP. It may be a long while before it can make any difference but at least there is light at the end of the tunnel. May I also suggest you set up a multiracial party because people now as I see it they want progress and for progress people of all races should work together. People of all races have learned to live with one another without any racial tension. The racial tensions are all caused by politicians to make a big fuss out of a small matter with the help of media. I do not see Umno will be any better any time soon unless Tengku Razaleigh can be made PM instead of Najib which I doubt could happen. With so much tension within UMNO and from outside it maybe falling apart. With the new party people can jump over should UMNO really fall apart. So I do hope you can consider my suggestion

Selamat Hari Raya to you TUN and your Family

Assalamualaikum Tun Dr Mahathir,

Kali ini saya gagal untuk membaca apa yang sebenarnya di dalam sanubari Tun samada Tun secara jujur mengakui bahawa Shahidan layak sebagai Penasihat NCER atau sebaliknya.

Cuma di akhir nya Tun menyatakan yang bermaksud " sokong cepat" saya merasakan bahawa Shahidan sememangnya tidak berkelayakkan dan cuma satu contoh bagi Tun untuk menunjukkan kepada ahli UMNO dan Rakyat bahawa kegilaan kuasa PM Abdullah sudah mencapai tahap kronik!

Saya berdoa semoga Tun sihat dan berdoa PM Abdullah tak serah kuasa BN kepada Anwar PKR.

I think Pak Lah is fighting the wrong war .. a war against him. Either he is so oblivious to the whole current situation or he is just plain stupid.

Maybe he wants to go off with a BANG! ... like the CERN bang...

I said this again, does he think Malaysian are stupid people or the whole family think Malaysian are stupid.... hemmm I wonder ???

Selamat Hari Raya sir. Will always admire you.

Salam Tun,

Desperate times calls for desperate measures. Abdullah Ahmad Badawi and Anwar Ibrahim are examples of desperate politicians, one clinging to power, the other wanting power. Fools!

I do hope that the UMNO branches are "brave" enough to reject the current President. He has been given time. He has been given notice. If UMNO do not send this message to him, then the fall of UMNO can only be attributed to Abdullah Ahmad Badawi and those who insist on him continuing, ironically UMNO people themselves too!

assalamualakim TUN, hopefully sihat sejahtera.

Dalam masa Paklah perlukan sokongan sabah,sarawak,dia juga la ni cuba memancing pula negeri perlis yang menang besar dulu(dulu d lupakan,sikalang diadamkan).Dia mengharapkan sokongan menjelang pemilihan umno nanti.ini berlaku apabila TPM berkata biarlah akar umbi yang menentukan pemilihan Presiden UMNO nanti.maka ternampaklah kita apa yang Pak Lah akan lakukan @pun mungkin untuk KJ yang akan bertanding ketua Pemuda nanti. jawapan saya JANGAN HARAP KJ nak menang.

Saya betul2 berharap agar DMM(Datuk Mukhriz Mahathir)menang sebagai Ketua Pemuda Umno.Pada Saya,dia akan dapat mengembalikan sokongan anak muda kepada Umno kerana dia adalah presiden kepada ANSARA.saya juga berharap,cerdik pandai yg lahir dari ANSARA,berilah sokongan tak berbelah bagi kepada DMM agar UMNO bangkit kembali dan BN akan menjadi kuat seperti dahulu.faktor DMM juga mampu menarik anak muda untuk kembali menyokong UMNO dan memadamkan istilah "UMNO TIDAK RELEVAN LAGI" kepada perjuangan membela bangsa.

Keris yang di hulur dahulu patut di hulurkan lagi dengan lebih gagah dan hebat.Pemuda perlu menjadi tulang belakang kepada Datuk Seri Najib untuk menjadi Presiden UMNO sekaligus PERDANA MENTERI malaysia.tak lupa juga ,DMM menjadi jambatan untuk mengukuhkan lagi hubungan dgn Pemuda MCA,MIC,Gerakan,dan kompenan BN lain.

DMM inilah yang akan menguatkan lagi hak keistimewaan orang2 melayu dan menjadikan semua rakyat Malaysia adalah ANAK MALAYSIA.

DMM juga perlu bergerak cergas terutama mendapatkan kembali sokongan bukan sahaja di malaysia tapi rakyat malaysia di luar negara terutama pelajar2 yang belajar di luar negara yang amat mudah terpengaruh dengan dakyah palsu manusia bernama ANWAR IBRAHIM.

Sekian sahaja salam kepada isteri & anak2 TUN.semoga DMM akan melahirkan lebih ramai melayu bersifat TUN Dr. Mahathir Mohamad.

Assalamualaikum Ayahanda Tun,

Sepanjang saya membesar pada zaman Tun sehingga zaman Pak Lah...hanya ada seorang sahaja politician yang berani bercakap melalui nalurinya tanpa bersandarkan kepada sokongan dan simpati daripada politician2 yang lain.....iaitu tak lain dan tak bukan, Tun sendiri....semasa September 1997, ramai yang cuba 'rationalize' yang DSAI dibuang bukan kerana moralnya tapi kerana sebagai agen US, tetapi Tun tetap dgn pendirian Tun yg DSAI bukan sahaja diharamkan jawatan didalam kerajaan kerana peranannya sebagai agen US, tetapi kerana salah laku moralnya...yg bakal men'jeopardize'kan Malaysia....Tun tak perlukan pengampu..itulah yang saya nampak...teruskan usaha Tun untuk membuka minda melayu2 kita un...tanpa jawatan dalam kerajaan,...tindakan Tun sekarang lebih Efektif.....

You have been given with a foresight and good vision.

No wonder you manage to do lots of things during your time at the premier.

Unfortunately, you never vision PL would rather be as bad as now.

Maybe because PL know how to disguise himself. You have under estimated this 'weak' leader in the 1st place.

I'm glad you admitted your wrong and willing to rectify thing before it's too late (already late) but i salute your never say die attitude.

[PART1]

Asalamualaikum Dear Tun

I agree with you that the concept upon which Barisan National is formed is relevant to the context of Malaysian multiracial society and we need a strong government in order to rule multiracial Malaysia. Unfortunately there is only one party with the concept of different races united and cooperate with each other to form a party known as Barisan National. Pakatan Rakyat tries to emulate on similar principle but each has diametrically different priorities with PAS on Islam, DAP on race and Party Keadilan on social

justice. Pakatan Rakyat is not the same concept as Barisan Nasional, as in Barisan Nasional all the parties have the same priorities, i.e. their race. All these while for the last fifty years, Barisan Nasional wins all the general elections with two third majority and the President of Umno has been collectively agreed by all the parties in Barisan Nasional to be the Prime Minister of Malaysia and the Deputy President of Umno as the Deputy Prime Minister. Nearly half a century Barisan Nasional rules Malaysia and Umno appear like a Dynasty. Whoever wants power, he must join the Dynasty of Umno. There is hierarchy of power and everyone takes its turn to become the King and Crown Prince of Umno. No one is allowed to overtake the turn to become the King and Crown Prince. Now Abdullah is the King and Najib is the Crown Prince. There will be the succession of power in 2010. Although Malaysia appear to be a democratic country with general election every five years but the Malaysians have no say in the choice of their Prime Minister. The Prime Minister of Malaysia is the President of Umno and the President of Umno is the choice of the Head of Divisions of Umno who can be easily be bought with money. The Prime Minister of Malaysia is not the one that the majority of Malaysians votes but the Majority Head of Umno Division votes. The position of Head of Umno Division has become very powerful and they become the King maker of Dynasty of Umno. These Heads of Umno Division uses their position to amass wealth with corrupt practices. They got government projects from the Ministers and Prime Minister and uses them to gain personal wealth. Everybody sees that to become Head of Umno Division is a gold mine and during the campaigns to become Head of Division money politic is rampant and out of control.

BERSAMBUNG PART2

By drNAuthor Profile Page on September 24, 2008 5:26 PM

[PART2]

Money is used to gain position in Umno and the practice cannot be curbed anymore. One or two are caught for practicing money politic as political gimmick but the rest freely practicing money politic. It has become a culture in Umno that even Tun is prevented from representing your Division in the General Umno meeting because of money politic. The members of parties of Barisan Nasional especially Umno has become arrogant and proud and they no longer join the party because they want to help their races as their predecessors did but they join the party for the struggle of power and wealth . Finally after fifty years with the increasing cost of living, the high fuel prices, difficulty in getting projects as all projects are mainly in the hands of few individuals in Umno, they opted to go against Barisan Nasional for the first time. The Indians no longer believed in their leader so as the Chinese and the Malays in Barisan Nasional. Is there a choice. Basically there is no choice as there is no other party similar with the concept of Barisan Nasional in Malaysia. The only choice and out of anger they either vote for Pas, DAP or Party Keadilan or they do not vote at all. The ones that always votes for opposition will vote for opposition ,but the one that used to votes for Barisan Nasional either vote for Opposition, or do not vote at all or spoil their votes and as a result the opposition party wins. We should have more than one party with the concept of Barisan Nasional but unfortunately we don't. The leaders of Barisan Nasional are no longer sensitive with the needs and the feelings of the people as they have remain too long in power.

A person like Khairy Jamaluddin and many others of the young Umno members either men or women are no longer joining Umno in order they can help the people but they see Umno as a way to gain wealth and power. Malaysia is on the road of destruction, if we do not make a drastic turn of our political system. Give a thought to it Tun. Wassallam and Selamat Berpuasa.

Salam Tun,

Semua ahli2 UMNO harus buka mata, buka telinga and buka hati. Ini adalah muslihat yang terang lagi bersuloh, percaturan yang busok, terang2 yang dilakukan oleh Pak Lahap.

Sudah terang lagi bersuloh Pak Lahap, tidak faham dan tidak reti apa yang sebenarnya Islam Hadhari yang di ura urakan. Islam Hadhari hanyalah rhetoric, slogan, dan hanya tinggal biri2 saja. Islam Hadhari bermaksud, berani, bertanggungjawab, excellence. Tapi inilah ciri2 yang terang lagi bersuloh tidak ada dalam diri Pak Lahap. Sikap dia yang suka flip flop dan amalan gula2 yang dilakukan dia, hanya akan meranap UMNO, negara dan bangsa.

Sudah terang lagi bersuloh, dendam dia terhadap Tun, adalah menunjukkan betap busok hati sanubari dia yang sebenar.

Ini dia Mr Clean yang sebenarnya. Negara dan bangsa ranap, tapi dia, keluarga, konco2, penjilat2, dan pembodek2 hidup, senang lenang, rumah besau, kereta besau, isteri besau dan pewot besau macam ikan buntal.

Pak Lahap harus berambus dari Putrajaya sekarang, GET LOST!!!, pi TERJUN!!! dengan labu labinya.

Pak lahap tak layak jadi PM negara. Jadi pemimpin Tabung Haji bole lah kot!! Tidak ada ciri2 seorang pemimpin langsung!!!

Sudah cukuplah kehancuran dan seksaan terhadap rakyat yang beliau lakukan. Ingatlah awak akan dihadap ke pengadilan Allah.

Taubat lah Pak Lahap!!!! Berambus lah dari Putrajaya.

Semua konco2, penjilat2, pembodek2, perakus2, pengecut2, bachul2 dan dayus2 ahli2 MT, Ketua2 Cawangan dan bahagian, awak adalah pengkianat UMNO, negara dan bangsa. Awak bole hidup senang lenang di dunia, tapi dilaknat dunia dan akhirat. Your days are numbered, hanya masa yang menentukan, dan tunggulah tiba masa yang awak akan jatuh tersungkor dalam kemaluan.

Semua ahli2 UMNO, marilah bersatu, menegakan yang Hak, yang benar, demi bangsa dan negara. Buanglah cancer2, penjilat2, pengecut2, bachul2, dayus2, perakus wang haram kejadah, dari dalam parti.

Jangan biarkan nasib bangsa dan generasi kamu, jadi merempat di negara kamu sendiri. Jangan biarkan durjana2 ini bebas, meranapkan bangsa dan negera kamu.

Ayuh ahli2 UMNO, bangsa dan negara kamu memanggil kamu, untuk melaksanakan kebenaran dan yang Hak!!!!

Hidup Tun!!! Hidup UMNO!!!!, Hidup Melayu!!!

Wassalam.

Salam TUN,

Tahniah!! Ni la jadinya PM yang digelar BAPA HIP-HOP. Tetiba ja terang-terangan dilihat cuba menyelamatkan hayat politik yang dah nak HANCUS. RAKYAT boleh nampak lo punya gaya memang tak bijak la PAK LAH. Tak boleh CONTROL dah koridor tu, SAHIDDAN juga yang dicari konon jadikan PENASIHAT? PELIK TAPI BENAR... LUCU juga orang POLITIK seperti PAK LAH ni yeeaa.. Nak tutup lubang yang dah bocor tu nampak sangat di mata rakyat. Apakah namanya KEBIJAKSANAAN PAK LAH NI?

Tahniah!! kepada bakal2 yang akan dilantik oleh PAK LAH melalui jawatan2 yang akan dikhaskan. Ntah la brapa lagi kejutan PAK LAH ni yee.. memang PAK LAH ni nak buat MAGIC. RAKYAT yang menyaksikan semakin meluat; apa jadi, jadilah. Huh!! Tak terdaya nak lihat KEJAHILAN MU PAK.

KHAIRI? Siapa la BUDAK tu jika tak menjadi menantu kesayangan PAK LAH? KEBIJAKSANAAN? Apakah yang beliau lakukan? Sibuk campur tangan dalam pentadbiran kerajaan. SUARA PEMUDA? Wah! TAK PADAN LANGSUNG dan memang TAK LAYAK. Biasanya orang yang berwibawa akan datang dengan senyap memberikan idea2 yang bernas, bertoleransi dan sederhana dalam serba serbi tetapi bijaksana dalam setiap tindakan dan pertuturan. Bukannya bersandar kepada bapa mertua yang namanya PM tak ke mana.

Hapuskan la golongan ini dalam menguasai kepentingan politik mereka sekeluarga. HAPUSKAN DARI BUMI KU MALAYSIA...

Conclusion Tun:

Pak Lah cuba rasuah MT dgn jawatan. Jadi bila mereka yang di offer ini menerima jawatan, bererti mereka menerima rasuah.

Kalau PM dah boleh bagi, menteri pun boleh terima, ahli biasa lagi la teruk..

Salam Tun,

Semua ahli2 UMNO harus buka mata, buka telinga and buka hati. Ini adalah muslihat yang terang lagi bersuloh, percaturan yang busok, terang2 yang dilakukan oleh Pak Lahap.

Sudah terang lagi bersuloh Pak Lahap, tidak faham dan tidak reti apa yang sebenarnya Islam Hadhari yang di ura urakan. Islam Hadhari hanyalah retoric, slogan, dan hanya tinggal biri2 saja. Islam Hadhari bermaksud, berani, bertanggungjawab, excellence. Tapi inilah ciri2 yang terang lagi bersuloh tidak ada dalam diri Pak Lahap. Sikap dia yang suka flip flop dan amalan gula2 yang dilakukan dia, hanya akan meranap UMNO, negara dan bangsa.

Sudah terang lagi bersuloh, dendam dia terhadap Tun, adalah menunjukkan betapa busok hati sanubari dia yang sebenar.

Ini dia Mr Clean yang sebenarnya. Negara dan bangsa ranap, tapi dia, keluarga, konco2, penjilat2, dan pembodek2 hidup, senang lenang, rumah besau, kereta besau, isteri besau dan pewot besau macam ikan buntal.

Pak Lahap harus berambus dari Putrajaya sekarang, GET LOST!!!, pi TERJUN!!! dengan labu labinya.

Pak lahap tak layak jadi PM negara. Jadi pemimpin Tabung Haji bole lah kot!! Tidak ada ciri2 seorang pemimpin langsung!!!

Sudah cukuplah kehancuran dan seksaan terhadap rakyat yang beliau lakukan. Ingatlah awak akan dihadap ke pengadilan Allah.

Taubat lah Pak Lahap!!!! Berambus lah dari Putrajaya.

Semua konco2, penjilat2, pembodek2, perakus2, pengecut2, bachul2 dan dayus2 ahli2 MT, Ketua2 Cawangan dan bahagian, awak adalah pengkianat UMNO, negara dan bangsa. Awak bole hidup senang lenang di dunia, tapi dilaknat dunia dan akhirat. Your days are numbered, hanya masa yang menentukan, dan tunggulah tiba masa yang awak akan jatuh tersungkor dalam kemaluan.

Semua ahli2 UMNO, marilah bersatu, menegakan yang Hak, yang benar, demi bangsa dan negara. Buanglah cancer2, penjilat2, pengecut2, bachul2, dayus2, perakus wang haram kejadah, dari dalam

parti.

Jangan biarkan nasib bangsa dan generasi kamu, jadi merempat di negara kamu sendiri. Jangan biarkan durjana2 ini bebas, meranapkan bangsa dan negera kamu.

Ayuh ahli2 UMNO, bangsa dan negara kamu memanggil kamu, untuk melaksanakan kebenaran dan yang Hak!!!!

Hidup Tun!!! Hidup UMNO!!!!, Hidup Melayu!!!

Wassalam.

Assalamualaikum....

Ini merupakan sindiran Tun yang terbaik pernah saya baca sepanjang chedet.blog dilancarkan.

Sebenarnya, apa yang paklah lakukan semuanya dapat diketahui oleh rakyat akan tujuannya. Sebabnya, paklah ni tak genius langsung. Makin LEMBAB ada la...

Walaupun paklah meRASUAHkan bermacam-macam jawatan kepada MT UMNO yang tidak sehaluan dengannya, saya yakin mereka semua ini akan tetap dengan pendirian mereka.

Wahai Ahli-ahli Majlis Tertinggi, TAK GUNA KITA MEMEGANG JAWATAN-JAWATAN BESAR sekiranya nanti Barisan Nasional hanya menjadi PEMBANGKANG di Malaysia.

Wahai paklah, di Bulan yang mulia ini eloklah kalau paklah umumkan perletakan jawatan kerana paklah jadi PM dulu pun bulan Ramadan jugak.

Salam Tum,

Tu la Pak lah ni sejak dari dia muda sampai la ni duk kerja kerajaan. Mana dia tahu susah, mana dia tahu masalaah orang berniaga, masalaah sebenar rakyat dari semua peringkat.

Jadi PM dia kata sibuk sangat banyak kerja. Ada dua tahun nak siap semua kerja pulak. Gila ke apa? Dah enam tahun tak nampak satu apa pun.

Dah tu serah jawatan Menteri Kewangan kat Najib. Habih apa dia buat. Nak perabih duit pulak beli senjata. Baik jadi saja Menteri Belia dan Sukan atau Menteri Kebudayaan. Peduli apa 2010 dia berhenti orang tak boleh tuduh apa apa.

Tapi sebelum undur bagi segala macam jawatan kat siapa yang ada buat bising sikit. Sebab tu ada 32 orang anggota kabinet, paling ramai dalam sejarah. Orang Sabah masih tak dapat jawatan juga. Dia lupa.

Kalau tak nampak juga memang alamat nak mam.....oss

Tun,

Sometimes I could only find that Tun's character and personal behaviour were really bewildering.

During your reign as the Prime Minister of Malaysia, you proclaimed to the whole world that Malaysia has long since been and is still "an Islamic state", as opposed to the political stand of DAP which stipulates that Malaysia is "the Secular State with Islam serving as the official religion." However, in this holy month of Ramadhan, I was quite confused why Tun did not practise the core values of "Maaf, Zahir dan Batin" which had always been preached by Islam. In many occasions, Tun indicated to us that your hatred towards the Prime Minister Dato Seri Abdullah Ahmad Badawi had not been alleviating, but as shown in your blogs Tun had launched an intensified and ruthless attack on Dato Seri Abdullah even in the fasting month which is supposed to promote forgiveness, holiness and purity. The message Tun is trying to convey in this blog is only the sarcastic remark and biased accusation on Dato Seri Abdullah's abuse of power. Didn't Tun ever do the same things also when Tun was the Prime Minister of Malaysia? Had Tun ever considered to appoint a competent man from MCA, Gerakan, or MIC to chair an important economic development zone without taking into the consideration of the potential losses of support Tun might incur when UMNO members were to be annoyed or displeased by such an appointment of a non-Malay? What is wrong with Dato Seri Abdullah when he appoints a political strong man to chair over an important organisation which requires a capable leader who is well equipped with proven track records and good career history in leadership skill?

Tun has been so persistent and so consistent in your indiscriminate effort of asking Dato Seri Abdullah to be removed from the UMNO presidency and the premiership of Malaysia. The only goal of Tun may be just to ensure that someone who is from your political camp can be enthroned as the successor of Dato Seri Abdullah. However, does the end itself justify the means? Does the political power really mean everything to you, Tun? Doesn't Tun fear Allah and understand that Tun has the spiritual obligations to meet in the fasting month in order to cleanse up your soul from the taintedness and impurities of the handful sins?

In this blog, I really do not find any kind of moral suasion or noble idea from Tun in relation to the meaning of Ramadhan, which will inspire me to follow suit and strive hard to become a much better person in the eyes of Allah!

May Allah be still with you, Tun!

Ape la pengganti Tun ni gila kuasa sangat? Bak kata P.Ramlee "kecik-kecik tak nak mampos, dah besar menyusahkan orang"

Pak Lah blah lah, rakyat dah benci.

Minyak dunia dah turun minyak Malaysia bila la lagi. Mungkin cam tun cakap, kena adakan pilihan raya baru rakyat dapat nikmai penurunan jualan runcit minyak. Macam macam mana kalau dicadangkan Kepala Batas? Ahli Parlimennya mati akibat rakyat yang merusuh.

When we talk about all 'Corridors' especially NCER created by AAB it really makes my high blood pressure 'goes upstairs to 88th floor'. Let me explain why.

On 29th August 2007, AAB himself acknowledged in Dewan Rakyat that his government spent RM10.9 million just to launch the so called NCER in July 2007. This fact was not revealed or uttered by Mat Sabu PAS, or Mat Rempit but it is very well stated in Hansard (official report of Dewan Rakyat). So, this is not a fitnah.

He made my high blood pressure 'jumps further up to 99th floor' when he said that this RM10.9 million is for hotel accommodation, transport, rentals of launch sites, tents and food and beverages. Can you believe it? RM 10.9 million of TAXPAYERS' money spent for the expenses that have not benefitted the rakyat at all. It is RM 10 million, not RM 10 or RM10,000 for goodness sake!

The fact remains that this RM 10 million is tax money collected from hardworking businessmen and workers on the street. The fact also remains that it does not at all benefits any poor people like Wak Parjo, Wak Limah or Wak Tuminah in Parit Jawa. It only benefits the cronies who got the contract and tenders to 'perhabis' this taxpayer's money.

Again, I can't help but to compare with the scenario here in the UK. First and foremost there is no such thing as 'government money', the reality is all are 'taxpayers' money'. In April 2008 when Tom Harris, MP for Glasgow South hired his wife Carolyn as part-time office manager, at the taxpayer's expense it became a real big issue here. The amount is much smaller compared to RM 10 million spent by AAB administration just to launch NCER alone.

If this lavish and irresponsible spending of RM 10 million just for launching a 'corridor' happens here, I believe PM Gordon Brown will be attacked by all daily newspapers mercilessly day and night. That's for sure even though UK is a Kafir country (not a Islamic country)

In my beloved country Malaysia, nothing happened when AAB wasted taxpayers' money for launching NCER. But I am sure if it happens in the UK, surely PM Gordon Brown's face not only turns red but most probably turn 'brown' due to the backlash from the public!

Ayahanda Tun sekeluarga assalamualaikum.

Kepada mereka yang dah jadi tuan penasihat tu tunaikanlah tanggungjawab anda dengan ikhlas. Anda dibayar gaji yang lumayan utk menasihati PM. Jika nasihat anda tidak diterima bermakna anda gagal menjalankan amanah. Adakah lantikan itu kerana kepakaran anda atau pun sebagai syarat utk mendapat imbuhan sahaja. Wallahualam.....

Utk Ayahanda Tun sekeluarga dan bloggers, selamat berbuka puasa.

The economist made the remark that currently currency peg is not required, yet. However with the US\$700Bil will be used to bail out those giants, the issue is how are they going to pay the creditor back? 1% loan will make a US\$7Bil worth of interest. What if 2%, or even 3%, how are they going to payback the "ansuran mudah" scheme when the housing market is still in the quick sand?

I have a hunch that they are going for another commodity bull run, especially oil, perhaps as high as US\$200/barrel. That should be good for the country, I mean if we look only at Petronas' coffer. Perhaps this time they are going to make it to Fortune50. But what about the petrol price? What are those idiot going to do about it? Adjust it to the market price? And continuously "pantau" the consumer prices' hike? Try get wiser this time. Please adjust the exchange rate so that nobody feel the impact!

How high? Let the people in BNM think about this one!

May i know how to change the attitude of the people in UMNO? How to get rid of the greedy people in UMNO such as K.J. and MP of Pasir Salak (the MP who has worse attitude)? In our mind, UMNO= corruption, greedy, dumb.

They should learn the good personalities from Lim Guan Eng, Tony Pua, Hannah Yeoh and etc... really feel grateful that there are still bunch of sincere people to serve for the rakyat. Thanks God.

Salam Tun.

Saya baru saja membaca berita malaysiakini@

<http://www.malaysiakini.com/columns/85611>

Saya sangat sedih dengan media masa kini yang seolah-olah cuba menghasut rakyat untuk menggunakan kekerasan menentang kerajaan. What's da point they are trying to say. Kenapa nak samakan keadaan politik negara dengan sejarah politik dunia luar? Adakah media cuba memberikan idea secara tidak langsung, tentang bagaimana nak jadi terrorist?

Pls lah malaysiakini. Tak perlu bandingkan politik negara dengan politik luar yang sememangnya tak boleh digunapakai. Jangan nanti remaja2 mendapat idea drp media untuk 'melakonkan' kekejaman politik luar didlm negara pula!

By kamal ahmad on September 24, 2008 8:35 PM

Salam Ayahanda Tun, izinkan saya yang cuma ingin menambah di sini kenapa saya teramat meluat dengan AAB dan polisi beliau. Maaf kalau ianya terlalu simplistik, tetapi saya teramat sekali meluat dengan beliau kerana Perintah Am supaya pegawai/kakitangan kerajaan PERLU memakai batik pada hari Khamis (mulanya setiap 15hb). Tahukah beliau bahawa tidak semua kakitangan kerajaan mampu membeli kain batik yang sepasang set baju kurung wanita berlegar pada harga RM200-RM400. Baju lelaki sahaja sehelai RM300-RM400. Ini harga bagi kualiti yang rendah. Ramai yang berpendapatan rendah atau yang mempunyai tanggungjawab kewangan yang berat terpaksa berhutang bayar bulan untuk beli pakaian ini. Dan arahan ini kekal sampai kehari ini. Saya bukannya seorang kakitangan kerajaan (saya berniaga sendiri), akan tetapi saya prihatin dengan isu ini melalui perbualan bersama kenalan-kenalan yang terbabit. Di manakah logiknya polisi ini? Keseragaman? Efisyensi? Identiti korporat? Tak nampak langsung pada saya. Apa yang jelas saya nampak adalah seorang pemimpin yang telah hilang arah kewajaran pada nilai dan dalil keputusannya sendiri dan juga pada nilai polisi-polisi beliau. Tan Sri KSN kemudiannya memberi arahan supaya kakitangan kerajaan ikut arahan atasan, maka kakitangan terpaksa ikut arahan. Duit gaji bulanan tolak sikit bayar hutang batik, terpaksa kurangkan sikit belanja rumah. Maklumlah, barang semua naik mendadak semenjak 2006. Betul gaji dinaikkan dan bonus juga diberikan, akan tetapi arahan batik ini telah keluar daripada 2005 lagi. Adakah faktor ini juga salah satu penyebab kecil kepada keputusan PRU12? Sungguh saya tak sangka sama sekali bahawa Pak Lah akan jadi begini. Sebenarnya saya teramat sedih dengan nasib politik yang menimpa beliau. Akan tetapi, saya juga akur bahawa setiap tindakan pastinya ada tindak balas dan kesan. Maka inilah kesannya kepada beliau. Maka beliau juga mestilah menerima hakikat dan menerima keadaan apa adanya. Rintihan, suara, laungan umum masa kini jangan diambil mudah, ianya mestilah didengari dengan jelas. Saya minta maaf jika komen ini ada menyinggung mana-mana pihak atau keluarga saya. Bukannya niat saya. Saya hanya ingin memperkatakan tentang hal polisi batik ini, kerana ianya terlalu tersasar daripada realiti dan keadaan sebenar kehidupan harian.

Orang putih kata; "just to get that out of my system". Saya sedih Tun. Tapi apa nak buat. Terima kasih.

Salam Yg Dikasihi Tun,

1. "PEPIMPIN YANG HEBAT DI KELILINGI OLEH ORANG-ORANG (PENASIHAT) YANG HEBAT." Jadi kita boleh buat rumusan mengapa keputusan dan tindakan yang dibuat oleh DSAAB TIDAK BIJAK. Silap

pilih PENASIHAT2 lah tu.

2. DSAAB memang jenis pemimpin yang memerlukan orang-orang di sekeliling beliau untuk terus mengampu beliau (kerana beliau LEMAH), supaya beliau boleh terus PERASAN yang beliau masih diperlukan untuk memimpin Malaysia. Jadi kenalah pandai bagi gula-gula...

3. DSAAB, TOLONGLAH SEDAR DARI MIMPI. Anda sudah menjadi BEBAN kepada UMNO dan BN. Kedegilan anda untuk terus berkuasa menambah buruk keadaan.

Salam TUN,

Saya telah lama menyepi memberi pandangan dalam Chedet sejak 2 bulan lalu. Namun saya secara regular mengikuti pandangan TUN.

Apapun, saya memerlukan sedikit penjelasan TUN berhubung beberapa fakta yang BOLEH mengelirukan. Hampir majoriti besar rakyat Malaysia sedar bahawa DSAAB tidak berupaya untuk mengatasi kecelaruan politik dan ekonomi Malaysia. Hampir kesemua pandangan TUN menjurus ke arah tersebut.

Saya secara peribadi lebih 100% setuju dengan pandangan tersebut.

Sebagai rakyat biasa, seorang pemimpin itu berkebolehan atau tidak, itu mungkin soal kedua. Soal pertama adalah TINDAKAN.

Apa guna ada KEBOLEHAN tetapi tidak mampu BERTINDAK atau TINDAKAN TIDAK MENDATANGKAN SEBARANG KESAN ATAU lebih parah lagi BERTINDAK ATAS NASIHAT mereka yang tidak berauthoriti.

Back to my worry, TUN's view sometimes seem that DSAAB is pandai berpolitik (atau mungkin pandai berlakon). Sebagai contoh dengan melantik Shahidan Kassim sebagai penasihat ECER, Tindakan Kalimullah berkaitan media dan sebagainya.

Betulkah our beloved PM sehebat tersebut?... Mengapa ramai pemimpin sukar menegur atau takut menegur. Atau mungkin ini semua angkara 'Chorus Group' yang mengambil 'advantage'?

Apa komen TUN?

By No Longer Can Be Proud Malaysian on September 24, 2008 8:54 PM

SHAHIDAN PENASIHAT NCER

Salam Tun,

Nampak jelas PMAAB terikut ikut strategi Presiden Gloria Arroyo di Filipina yang ghairah melantik penasihat penasihat untuk mengukuh kedudukan politik nya, bukan untuk memberi ide ide bernas untuk memantapkan pembangunan ekonomi negara. Biasa nya kalau kita perlu ikut teladan orang lain, biar lah ikut orang serta negara yang kita segani dan yang kita anggap berkebolehan. Kalau AAB begitu terikut ikut seorang pemimpin yang reputasi tercemar dengan pelbagai tuduhan menipu dalam pilihanraya dan penyelewengan dan pemimpin sebuah negara yang mana pencapaian pembangunan ekonomi dan politik adalah yang paling rendah, ini jelas mencerminkan "incompetence of the highest degree" kepimpinan AAB.

Jelas dibawah pimpinan AAB, negara Malaysia akan, jika ia belum lagi, menjadi ahli kelab negara yang paling miskin, paling korupt dan kurang stabil sekali. Negara kita akan menjadi bahan 'ketawa' masyarakat asing!

Can't be a proud Malaysian anymore!

Berita terbaru, Najib tidak jadi ke US. Beliau diperlukan untuk mempertahankan Pak Lah. Kalau inilah caranya mereka memerintah, maka inilah masanya bangsa Melayu perlukan seorang pejuang ala Fidel Castro (tapi version baik punya). Alkisahnya, Castro semasa mudanya menggulingkan kerajaan Cuba pada masa itu yang penuh dengan salah guna kuasa, rasuah dan penyelewengan. Kerajaan Castro menjadi pemerintah tunggal sehingga ke hari ini. Tidak wujud 'DAP', 'Lim Kit Siang', 'Teresa Mangkok', 'Hindraf', 'Majlis Peguam & Zaid Ibrahim' dan petualang sekelian di negara Cuba. Parti SAPP cuba utk adakan undi tak percaya keatas PM tapi langsung tidak dapat sambutan malah kena hemtam oleh pemimpin-pemimpin BN lain. Jadi apa lagi Tun mahu bising-bising dan juga selalu menyentuh soal perkauman dalam blog Tun. Ini hanya memburukkan keadaan. Hanya akan menyusahkan rakyat saja.

Soal rasuah dalam UMNO, memang semua tahu ia sudah jadi adat dari dulu lagi, lebih-lebih lagi

salam tun,

apa pendapat tun kalau kita rakyat Malaysia saman Pak lah beramai-ramai bersama kuncu-kuncunya kerana mengamalkan rasuah dengan menawarkan jawatan kepada ahli UMNO untuk kekal berkuasa.Atau kita bukak kes Pak lah dan anak-anaknya kerana syarikat SCOMI yang menjual peralatan membuat senjata nuklear untuk di supply ke Iran .Atau kita bukak kes syarikat keluarganya yang menyalah gunakan kuasa dalam program Food for oil di Irag.Masa tu kita tengok mesti Pak lah takut bila anak dia dan keluarga dia di hantar ke penjara Guatamalo.Mesti dengan rela hati dia turun tanpa di paksa.sebab tu dia tukar portfolio dengan Najib sebab dia takut nak pergi New York.Nanti di tangkap oleh CIA Amerika.Dia takut nak jawab dengan Bush.Sebab tu dia menyorok belakang Najib .Pak lah ni kan terkenal pengecut dan tidak pernah bermuhasabah diri bahawa dia ni beban ke atas negara Malaysia.Siapalah punya idea yang boleh kata Pak lah ni masih di perlukan untuk menerajui negara.Adakah menteri dalam UMNO telah melalui test IQ untuk menjadi menteri.Nampak sangat menteri Melayu ni taraf IQ mereka rendah.Saya hairan bagaimana tun boleh beranak buah seperti menteri-menteri Melayu ni dalam kabinet Tun dulu.Lepas tun bersara barulah kami tahu memang selama ni tun saja yang bekerja dan menggunakan akal fikiran sedangkan menteri-menteri melayu dalam UMNO ni kerjanya tidur selain mengilat kasut tun.Sebab dah biasa sangat kerja mengilat kasun tun, bila tun bersara mereka dah tak boleh berfikir bagaimana menerajui negara.Memang mentaliti pengilat kasut apalah yang boleh di harap dari mereka.

To share facts about numbers,

What did 0 say to 8
"nice belt"

Why is 6 afraid of 7
"Because 789"

What did 2 say to 3 about the unruly 6

If you have so many advisors, you really don't know who to listen to. A good judgement of character is one of the wisdoms in life. Isn't it laughable if the advisor is more wise, more intelligent and in the end, should be the leader instead ? History tells us so.

Yes, corruption comes in many forms. Even when the government has business deals with private companies. This is something many Malaysians know. But for the sake of money, people would do anything and everything. When we think deep about it, it has something to do with the motive of the heart. Like for the ordinary person on the street receiving something, how will he know that it is not corruption ? Sometimes we are paranoid over corruption. But sometimes we just let a genuine corruption case pass by before our very own eyes. Many times, we think of corruption as involving money. But things that cannot be seen like favours or something done on condition. Once, people say that RM 500 is corruption. Less than that can also be. Why should an elected politician's name cost money ? Doesn't that elected politician work for the people ? Afterall it is the people who helped him to win. So that money goes to where or whose pocket ?

Salam Tun,

Bermula daripada intro perenggan pertama pada pemahaman saya Tun benar-benar gembira dengan perlantikan Shahidan Kassim sebagai Penasihat NCER. Saya silap...hehehhe, maksudnya lain sungguh.

Bercakap tentang Koridor Pembangunan ini saya cuma ada sedikit kekeliruan, terutamanya Koridor Pembangunan Iskandar. JASNAC, PTP, Kawasan Industri Senai dan Pasir Gudang dan keseluruhan Kawasan Industri di JB diserap ke dalam IDR. Semua ini sebenarnya sudah dirancang sendiri oleh Kerajaan Negeri Johor melalui pelbagai badan kerajaan dan swasta. Persoalannya, apakah sebenarnya IDR itu jika ia hanyalah konsep menyerap kawasan yang sudah ada sebagai kawasan pembangunan yang sebenar? Kawasan pusat pentadbiran baru kerajaan negeri Johor (JASNAC) sudah lama dirancang sebelum PakLah menjadi PM, PTP dibangunkan oleh Syed Mokhtar, Kawasan sekitar JASNAC (bandar-bandar baru) sudah lama dirancang dan dibangunkan oleh pelbagai pemaju, Linkedua siap semasa Tun masih PM, kawasan industri Senai, Tampoi dan Pasir Gudang memang sudah lama ada. Jadi sebenarnya IDR itu hanyalah pentadbir kepada semua kawasan ini semuakah? Di mana pelaburan yang diwar-warkan? Kami rakyat Johor tidak nampak hasil daripada IDR ini. Sudah 2 tahun sejak pengumumannya. Yang ada hanyalah projek-projek yang sudah lama dirancang sebelum IDR diumumkan.

Salam Tun,

Abdullah perangai macam ni siapa yang nak hormat dia?

Rakyat semua dah fed-up dengan Abdullah. Dia bukan menyelesaikan masalah negara tapi masalah diri sendiri dan keluarga.

Kali ini kalau orang UMNO tak sedar sedar jugak dan masih lagi calon Abdullah, nescaya BN akan tinggal

kenangan.

Abdullah, seperti biasa akan dikenang sebagai PEROSAK agama, bangsa dan negara.

Salam sehat Tun,

Pisang emas di bawa belayar,
Masak sebiji di atas peti.
Hutang emas boleh di bayar,
Hutang budi di bawa MATI.

Kalau meka meka ni semua nya memakan budi..Maka akan MATI lah UMNO.
Di kebumikan di lautan kejahilan Bangsa Melayu.

Orang berbudi kita berbahasa, orang memberi kita merasa.

Kalau meka meka ni bersikap begini tak hairan lah RASUAH berluasa di kalangan orang melayu. Yang memberi taukey - yang menerima Melayu dapat rasa.

Pak Lah sudah bercelaru. Ingat nya dia nak berpaut di dahan yang repuh. Sudah terlambat lah Pak Lah.

Hentakkan dikit demi dikit Chedet, pembaca chedet, akar umbi UMNO dah sampai ke Ahli Majlis Tertinggi. Hentakkan dikit demi dikit telah pun menjadi retak - menanti belah.

Memang yang di laporkan mungkin 4 atau 6 orang ahli MT bersuara. Tetapi hakikat nya yang menyokong mereka lebih dari itu - cuma mereka membiarkah ahli2 senior ni yang bersuara. Yang duduk di pagar banyak lagi.

Tetapi yang ultra-Pak Lah berapa kerat aja.

Dari itu sama ada tuan/puan terhormat ahli akar umbi atau ketua bahagian UMNO - bangkit lah dan dukong ahli2 MT yang telah bersuara. Sokong lah keluhan mereka.

Tunjukkan sapa yang lebih POWER (berkuasa) pemimpin2 yang telah sesat dan hilang hala tuju ATAU

ahli akar umbi dan bahagian2 UMNO.

Jangan di biarkan UMNO terkubur dan anak2 watan merempat di tahan tumpah darah nya sendiri.

Buat lah yang betul. Buat lah yang terbaik untuk Malaysia, UMNO dan anak cucu kita.

UMNO tidak bersalah. Ahli UMNO tidak bersalah - yang salah (pemimpin) mesti di singkir!

Jangan biarkan Pak Lah menguna taktik kotok Anwar untuk menghancur kan Malaysia, UMNO dan BN.

Mari lah sama sam kita berdoa dan mengaminkan;

Ya Allah selamatkan lah BUMI ini di mana rakyat nya yang masih ramai menyembah mu. Beri lah kami dan ahli2 UMNO hidayah supaya berbuat yang terbaik untuk menyelamatkan kami yang beriman kepada mu Ya Allah Ya Rahman Ya Rahim.

Assalamualaikum Tun,

Amat susah untuk menolak tawaran jawatan dan wang ringgit bila diberi tetapi kalau prinsip kita teguh, beri apa pun, kita tidak akan jual maruah kita. Maruah bukan boleh diniagakan.

Saya ingin menarik perhatian kepada pengundi2 di Kelantan. Kerajaan BN mencurahkan ratusan juta ringgit untuk membangunkan Kelantan dengan hasrat untuk mendapatkan undi mereka. Tetapi rakyat Kelantan bijak. Mereka mempunyai prinsip yang teguh yang tidak boleh dijual beli. "SURUNG PAPAN TARIK PAPAN BUAH KERANJI DALAM PERAHU, SURUH MAKAN KAMI MAKAN SURUH MENGUNDI BN KAMI TAK MAHU"

Apakah orang UMNO tidak boleh berbuat begitu kepada pemimpin2 yang kurup, yang menyogok jawatan dan wang ringgit untuk membeli undi. Pemimpin jenis ini harus kita tolak kerana mereka tidak ikhlas berjuang. Mereka menyangka bahawa semua benda boleh diperolehi dengan memberi rasuah. Kita perlu ajar mereka. SURUNG PAPAN DI POKOK DELIMA, BUAH KERANJI DALAM PERAHU, BERI JAWATAN DAN WANG RINGGIT KAMI TERIMA, UNTUK MENGUNDI KAMU MAAF KAMI TAK MAHU.

Semoga Tun sihat walafiat.

Salam kepada YAB Tun dan rakan2 bloggers,

1. Agaknya apabila Dollah diserang oleh Rafidah yang 'got nothin to loose..', timbullah idea kepada Dollah supaya melantik 'opinion leaders' menjadi penasihat, orang kanannya, dll. Shahidan mula merasakan dia 'got nothin to lose'.

2. Cumanya Dollah tidak jujur...dia lantik mereka semata2 untuk tutup mulut bukan untuk mendapat idea yang bernas.

3. Tapi dosa lagi besar ialah...duit gaji orang tu yang menjadi tukang sokong dan menyorok kebenaran tu, duit sapa? Kalau dana bapak Dollah, takpalah, tapi yang sahinya duit rakyat. Untuk tutup mulut pasti gajinya besar, kan?

4. Berani bet, ramai lagi 'opinion leaders' yang akan ditawarkan jawatan.

Tun, we have a long way to go in educating our people, especially our so-called khalifahs to become a 'real muslim'; no hypocrisy, no bluffing, no kidding, no boot licking, etc.

Dear TUN,

1. Before the 12th GE, AAB so eagerly introduce the use of special colour to be use during election only to cancel its days before the election day.
2. Just after the 12th GE, AAB was heard speaking that only the elected MP appointed to ministerial post. But, later he defy his own word by piking and appointing Zahid, Amir Sham, and others to be ministers and many more to be adviser post equivalent to minister such as Sarhrizat and others as mentioned by Tun. At lease, Sahidan is the elected YB.

3.AAB also told us that no more parliamentary secretary post but then he recreated that post to some ministerial.

4. Just after the 12th GE, AAB said that he heard the voice of rakyat and promise not to increase fuel price, but just 3 months later turn 180 degree by announcing a Malaysia Book of Record increase of RM0.70 to RM1.00 fuel price per liter.

5. Ohya, AAB promised to Tun that any mega project that approved during Tun will be done only to announcing the cancellation of many project including the bridges to Singapore.

6. After take the helm of PM of Malaysia he promised to fight corruption to root only to let his son and son-in-law to be a king of corruption.

7. And now he promised the MT of UMNO that, he will hand over everything to Najip by year 2010. Guess what, is this really going to materialize? Only GOD knows but based on the above fact.... I am advising MR.Najip and his supporter to think again. Why don't Najip fight before its too late.

8. I hope Tun have something so say about this and hopefully some of Mr.Najip man eventually read and tell his master.

Thanks. Have a nice day to Tun & family

Yang Dikasihi Tun & keluarga,

Masalah utama AAB adalah beliau beranggapan jawatan PM/Presiden UMNO adalah milik peribadi beliau dan oleh itu beliau bebas untuk berbuat sesuka hatinya dalam apa jua keputusan. Lebih menyedihkan lagi adalah sokongan membabi buta orang UMNO terhadap beliau tanpa mengambilkira kepentingan orang Melayu. Mereka inilah adalah pengkhianat yang lebih besar dari AAB sendiri terhadap orang Melayu yang sekarang ini terkontang-kanting tanpa arah.

Diceritakan oleh sahabat saya bahawa di Serdang sekarang ada kedai mamak jual "roti Najib", apabila ditanya apa jenis rotinya, ia berkata ia "roti takda teloq"..

Hi Uncle Tun,

Saya ingat Pak Lah kasihan sama orang yang makan anggur, jadi dia buat macam2 post la supaya mereka boleh tanam anggur, Kerajaan supply subsidi baja Pak Lah apa peduli. Turun minyak pun sekupang saja, itu pakar ekonomi lagi bagi komen pun otak basung, ekonomi akan pulih dengan penurunan tersebut. Barang semua naik tidak pandai turun sudah, kalau boleh kasi naik lagi.

By Anfarri on September 24, 2008 11:54 PM

Salam Tun,

Pak lah semakin terdesak. Keadaan memaksa dia me 'rasuah'. Ini boleh disamakan dengan rasuah. Bayangkan melalui orang-orang ini, mereka boleh menggugurkan Pak lah menggunakan cara yang sah, tetapi selepas di 'rasuah' oleh pak lah, maka orang-orang ini pun senyap.

Sebenarnya, dengan memberi Shahidan jawatan sbg penasihat, dia berharap selepas ini tiada tentangan terhadapnya supaya berhenti sbm mesyuarat bahagian. Begitu juga yang lain

Saya yakin, keadaan ini akan menyumbangkan rasa semakin benci rakyat terhadap UMNO dan BN, seterusnya mengulangi sejarah buruk 2008 dengan rekod yang lebih buruk buat BN.

By KhairulHisham-London on September 24, 2008 11:55 PM

Salaam Tun...

When we talk about all 'Corridors' especially NCER created by AAB it really makes my high blood pressure 'goes upstairs to 88th floor'. Let me explain why.

On 29th August 2007, AAB himself acknowledged in Dewan Rakyat that his government spent RM10.9 million just to launch the so called NCER in July 2007. This fact was not revealed or uttered by Mat Sabu PAS, or Mat Rempit but it is very well stated in Hansard (official report of Dewan Rakyat). So, this is not a fitnah.

He made my high blood pressure 'jumps further up to 99th floor' when he said that this RM10.9 million is for hotel accommodation, transport, rentals of launch sites, tents and food and beverages. Can you believe it? RM 10.9 million of TAXPAYERS' money spent for the expenses that have not benefitted the rakyat at all. It is RM 10 million, not RM 10 or RM10,000 for goodness sake!

The fact remains that this RM 10 million is tax money collected from hardworking businessmen and workers on the street. The fact also remains that it does not at all benefits any poor people like Wak Parjo, Wak Limah or Wak Tuminah in Parit Jawa. It only benefits the cronies who got the contract and tenders to 'perhabis' this taxpayer's money.

Again, I can't help but to compare with the scenario here in the UK. First and foremost there is no such thing as 'government money', the reality is all are 'taxpayers' money'. In April 2008 when Tom Harris, MP for Glasgow South hired his wife Carolyn as part-time office manager, at the taxpayer's expense it became a real big issue here. The amount is much smaller compared to RM 10 million spent by AAB administration just to launch NCER alone.

If this lavish and irresponsible spending of RM 10 million just for launching a 'corridor' happens here, I believe PM Gordon Brown will be attacked by all daily newspapers mercilessly day and night. That's for sure even though UK is a Kafir country (not a Islamic country)

In my beloved country Malaysia, nothing happened when AAB wasted taxpayers' money for launching NCER. But I am sure if it happens in the UK, surely PM Gordon Brown's face not only turns red but most probably turn 'brown' due to the backlash from the public!

Regards,
Khairul Hisham,
'The Man From Malaysia',
London.
By mekyam on September 24, 2008 11:56 PM

Hahahaha, vintage CheDet!

Ayahnda, saya rasa barisan para penasihat PM ini patut pakai seragam, dengan warna-warna tertentu untuk membezakan peranan mereka. Yang dilantik sebagai penjaga koridor harus diberi seragam yang lengkap dengan walkie-talkie dan wisel macam Pak Guard. :D

Sementara itu...

Rakan pengunjung dan rakyat Malaysia, sambil urat geli kita tercuit dengan komen sinis Ayahnda Tun, jangan sekali-kali kita lupa bahawa jawatan-jawatan bertujuan sogok ini siap dengan ganjaran [yang sudah tentu besar-besar] daripada tabung rakyat.

Satu hakikat lagi yang harus disedari adalah betapa mudah sekali "pembesar-pembesar" UMNO ini dibeli.

Ingat nama mereka, Malaysia!

Jangan sekali-kali lantik orang seperti mereka ini kepada sebarang jawatan bertanggungjawab, baik yang rendah-rendah seperti ahli jawatankuasa PIBG sekolah atau rukun tetangga maupun sebagai wakil rakyat.

Kalau ssh sgt dgn UMNO ni, adakah mustahil Tun bergabung dgn Anwar Ibrahim untuk menyelamatkan Malaysia ini?

Sy x nmpk mslh ini akan selesai sama ada Pelan Peralihan Kuasa dipercepatkan.

Yg sy nmpk skandal penggantinya terlalu ketara.

Dear Tun,

Hishamuddin meyarankan Semua Badan Perhubungan UMNO negeri diingatkan supaya tidak bersikap retorik menentukan pelan peralihan kuasa sebelum menyerahkan kepada akar umbi di bahagian untuk membuat keputusan. Ketua Pergerakan Pemuda UMNO, Datuk Seri Hishammuddin Tun Hussein berkata, ingatan tersebut bertujuan mengelakkan kredibiliti dan kedudukan parti terjejas di masa-masa akan datang.

""Saya nak bagi saranan kepada mereka yang meluahkan sokong atau tidak sokong, jangan setakat cakap retorik semata-mata sebab ahli di peringkat akar umbi bukanlah mereka yang tidak faham politik."Kalau ia tidak menggambarkan keadaan sebenarnya, kata-kata itu tidak membawa apa-apa makna, maka akhirnya yang terjejas adalah kredibiliti parti," katanya.

This is the kind of leader we want. If if can get 10 leaders who are brave and intelligent than there is hope for UMNO to survive oe else UMNO will be haprak and HP6.

Syabas, syabas, syabas ! Hisham. Keep it up. But unfortunately you have failed in running the Ministry of Education portfolio. I must say that without the slightest shadow of doubt. Saya rasa Tun hanya nak selamatkan "air muka" Musa Hitam saja. Walaupun Musa Hitam tak patut dikasihani langsung. Tun beri jawatan PBB utk dia keluar negara (serta ambil peluang sambung belajar) where he can lick his wounds, at the same time dia tak boleh buat huru hara dlm UMNO conniving more plans and shooting more bullets at Tun. That is one smart move by Tun and yet still menjaga air muka lawannya. IMHO :)

Dear Tun and Visitors,

In history, any government or dynasty getting into such chaos and corrupted like BN will eventually collapsed or overthrown. This is fact. So far, I don't think there is any government able to recover from such sickness. BN is not excepted.

To me, I don't blame AAB to appoint more advisors to help him digging BN's grave faster and stronger. Let him, as leader, to decide what best for BN's grave.

For those who hate 'racist' remark in job vacancy advertisement. Don't blame the company. Blame UMNO. Why? Very simple. You only need chinese workers to do business/deal with all Malaysian and you only need Malays as director to get contracts. Got it?

Tun;

Tak lah menhairankan - permainan politik. Nama pun Penasihat - alasan yang akan diberikan "tak semesti nya PM ikut nasihat depa." Pak Lah pun bukan tak pandai politik nya. Lebih pandai pada DSAI. Bukti nya dia jadi PM sementara DSAI kempunan. Diam2 ubi Pak Lah. Dalam sudut ini saya was-was - pada hakikat nya dia paling pandai. Minta maaf Tun kalau saya katakan dia pandai hingga Tun pun percaya kapada nya walaupun pada satu ketika dia menentang Tun. DSAI pulak nampak pandai tetapi kelam kabut sikit. Pak Lah masa Tun PM dia angguk2 geleng2 je, penuh kesabaran menunggu masa je jadi PM. Pandai Pak Lah ni. Jangan main2. Kesian rakyat malaysia.

P/S: Kalau kari ayam, telur dan ikan 2 ketul sekali makan dianggap makanan anjing, saya hari2 sekarang ni makan makanan apa yang lebih banyak kurang dari itu. Kalau kerajaan naikan taraf makanan tahanan ke makanan hotel 3 bintang, saya pun ikut jadi tahanan lah kot. Kat luar ni pun sekarang susah nak cari makan. Inflasi melambung.

Want to know why Najib canceled his NY trip?

With the turn of events, notably Tengku Razaleigh's Malaysiakini message, Rais Yatim's strongly worded message, Shahidan's appointment and the PM's meetings with the many divisions' heads asking for support would inevitably have forced Najib to rethink his support level should he want to challenge the Pm for the UMNO Presidential post in Dec.

A storm is brewing up with so many signs that each aspirant has to play by ear his next move.

It appears no one trusts another within the Supreme Council members. Guess what? Tikam-menikam dengan keris Hishamuddin

Salam Tun,

Saya adalah penyokong UMNO/BN tegar dari dahulu lagi dan sentiasa respect dengan buah fikiran Tun semenjak dari Tun jadi PM sehinggalah masa bersara kini.

Cuma kini saya sedikit berbeza dengan pendapat Tun tentang penyelesaian politik Malaysia yang hanya tertumpu kepada hanya UMNO/BN yang perlu menjadi solutionnya....(walaupun Pak Lah, MT dan golongan elit UMNO buat pekak aje dengan saranan Tun)

Semua orang tahu kini bahawa Pak Lah dan KJ hanya menjadikan UMNO sebagai vehicle untuk

kepentingan diri dan Pak Lah/KJ tahu bahawa golongan elit UMNO (pembesar/menteri/MT) boleh dibeli dan golongan bawahan UMNO menganggap parti itu keramat sampai bila2. Cinta 3 segi (Pak Lah/UMNO/rakyat) yang menjahanamkan itu telah digunakan oleh Pak Lah dan KJ seburuk-buruknya sehingga menjadikan UMNO menjadi parti yang begitu rendah martabatnya kini.

Kini saya terfikir adakah kebanyakan rakyat malaysia masih mahu menderita kerana ini? Ini kerana Tun yang pernah menjadi PM dan Presiden UMNO sebegitu lama pun tidak dapat mengubah keadaan melalui influence dan nasihat Tun bahkan mereka boleh membuat Tun sebagai sampah dalam UMNO sekarang.

Kini saya amat percaya bahawa hanya satu cara untuk keluar dari kepompong bodoh ini iaitu.....sudah tiba masanya Malaysia memerlukan sistem dua parti ala BN untuk mengelakkan penyakit atau sindrom Pak Lah/KJ ini yang banyak mengganggu perjalanan lancar politik dan ekonomi untuk faedah rakyat keseluruhannya. Kalau kita kaji sistem ini telah berjalan lancar di kebanyakan negara2 maju dunia. Jadi apalah salahnya jika sistem ini diguna pakai di Malaysia pula.

Kini saya berharap benar agar DSAI dan Pakatan Rakyat dapat memerintah negara dengan kadar segera dan biar UMNO/BN menjadi pembangkang supaya mereka dapat memcerminkan keegoan dan kesombongan mereka untuk memuhasabahkan diri bahawa 'money is not everything' dalam politik malaysia dan hidup ini. Juga saya percaya hanya dengan cara inilah UMNO dapat disamak dan dibersihkan dengan cara paksa. Lantaklah dengan DEB dan hak orang2 melayu yang diwar2kan oleh pembesar2 UMNO untuk perang psychology bagi kepentingan diri (Pak Lah/KJ dan periuk nasi mereka) kerana anyway orang melayu masih menjadi majoriti dalam negara Malaysia yang demokrasi ini dan Raja2 melayu masih menjadi paksi perlembagaan Malaysia. Bahkan saya rasa tindak-tanduk Pak lah dan KJ kini pun lebih menjahanamkan orang melayu dan visinya secara jangka panjang.

Saya percaya apabila mereka memerintah, DSAI dan Pakatan Rakyat juga akan menggunakan pendekatan UMNO/BN untuk mendapatkan sokongan rakyat dan DSAI perlu insaf dan menjadikan Pak Lah sebagai iktibar bahawa PM yang tidak efficient, effective dan bertanggungjawab perlu di tendang keluar oleh RAKYAT.....

Salam Ayahanda Tun. Nampaknya banyak juga rakan yang komen tentang justifikasi kewangan perantikan penasihat dan perbelanjaan pengendalian "functions" atau upacara bagi majlis-majlis protokol NCER ini. Apakah mekanisma yang diperlukan agar PAC (Public Accountability Committee) menengok dan membuka fail ke hala ini? Saya tidak arif tentang ini dan pastinya ada yang lebih berpengetahuan dalam selok ini. Saya rasa patut PAC membuat perkiraan terperinci keatas perbelanjaan wang negara/rakyat.

Dear Tun,

"Yang belum sokong sila percepatkan sokongan. Masih banyak jawatan yang kosong atau dicipta khusus."

komen:

Ya Tun, ada banyak jawatan kosong untuk ditawarkan kepada konco-konco Pak Lah yang dah jadi DEADWOOD.

1. Jawatan Penasihat-penashat kepada Perdana Menteri di semua koridor-koridor utara, selatan ,timur, Sabah dan Sarawak.

2. Chairman kepada semua agency kerajaan dan Pengarah GLCs

Itulah caranya yang tak bermoral untuk Pak Lah berpaut kepada konco-konconya. Ini memperlihatkan bahawa Pak Lah memang tak ada "backbone" untuk berdiri sendiri tanpa TONGKAT SAKTI kerana dia sudah "tempang terok".

Dear Tun,

Pak Lah masih lagi main politik kampung. Rakyat dah mju kehadapan tetang cara berpolitik tapi Pak Lah dah ketinggalan jauh caranya untuk meraih sokongan. Cara mendapatkan sokongan begini adalah outdated dan tak bermaruah. It is so artificial and he is lowering the intelligence of the grassroot UMNO members.

Pak Lah memperkecilkan kebijaksanaan ahli-ahli UMNO yang telah nyata bosan dengan cara Pak Lah bermain politik sehingga larut malam, tak habis-habis demi untuk mengekalkan jawatannya yang dah hampir riwayatnya.

Pak Lah tidak tahu yang pemergiannya nanti yang sudah tentunya akan berlaku, akan menguntungkan konco-konconya yang telah diberi jawatan. Pak Lah tidak sedar bahawa apabila dia tombang konco-konconya tidak akan bersama dengannya dan tapi hanya berterima kasih kerana dapat jawatan ATAS ANGIN dengan alaun lumayan.

By mahyuddin on September 25, 2008 6:49 AM

1.Memang itu satu jenis 'rasuah'. Apa-apa yang diberi untuk menyembunyikan dan mendapat faedah dari perbuatan itu ialah rasuah.

2.Tabiat politik di Malaysia sudah sebegini dari dulu lagi, tidak hairanlah kalau tabiat buruk ini masih berterusan dan ia akan terus begini, jika tidak ada sesuatu dilakukan sekarang untuk generasi muda.

3.Perlantikan seseorang yang tidak mahir didalam sesuatu bidang itu akan meerosakkan lagi organisasi itu. Lagi merosakkan jika ia menjadi penasihat atau orang kanan kepada pemimpin.

4.Tidak adakah kejujuran didalam diri Pak Lah dalam menjalankan tugasnya sebagai Pemimpin Malaysia?

5.Yang malangnya ialah rakyat Malaysia yang ternyata ditindas dan dibelangi idea-idea yang bernas untuk negara yang mereka cintai.

Dear Tun,

My analysis of the UMNO election come December is as follow:

1. If Pak Lah decides to contest for Presidency, Pak Lah and Najib will lose their seats to Tengku Razaleigh and Mahyuddin respectively.
2. If Pak decides to resign, Najib will also lose his seat to Tengku Razaleigh or Mahyuddin as President.

So just too bad for Najib. Bang balls !!

By RahimOmar on September 25, 2008 7:31 AM

Salam Tun,

Thing not happen during your time... Renung2kan lah

KUALA LUMPUR, Sept 24, 2008 (AFP) - Malaysia's inflation rate jumped to a 26-year high of 8.5 percent in August, driven by the escalating cost of food and fuel, according to official data released Wednesday. "The result was slightly higher than expected but the central Bank Negara would not raise interest rates to ensure growth," said Wan Suhaimi Saidi, an economist with Kenanga Investment Bank. "It is slightly above my expectation. I was looking at 8.4 percent. I don't think the government will increase the key interest rates. It will be maintained at 3.50 percent till the year-end to support growth," he told AFP.

The Department of Statistics revised downwards the inflation figure for July to 8.3 percent. It said the cost of food and non-alcoholic drinks rose 11.7 percent in August compared to a year ago. The high inflation is already hurting consumers with many Malaysians cutting down on their food bill. "The increase (in inflation for August) was shown in the selected main groups, namely food and non-alcoholic," it said in a statement.

The August data showed escalating prices in most categories, including transport which jumped 21.8 percent, and restaurants and hotels which rose 6.5 percent.

Malaysia's government hiked the fuel price by 41 percent in June, in a move to rein in the ballooning cost of subsidies but it has indicated prices could be lowered soon.

High inflation was one of the factors that led to an unprecedented humiliation at March general elections for the ruling coalition, which lost five states and a third of parliamentary seats.

Bank Negara has said it expects inflation to moderate in the second half of 2008 as economic growth is likely to slow down

p/s Simple understanding..... Cost will always be upward but not the economy growth..

Salam Tun,

Saya rasa Paklah telah menyedari betapa rakyat Malaysia tidak lagi menyokongnya. Walau bagaimanapun, beliau enggan menerima fakta ini dan cuba untuk terus berkuasa dan mengguna segala kelebihan yang dimiliki untuk memastikan beliau terus. Saya tidak lagi minat pada UMNO walau pun satu masa dulu saya amat menyintai parti ini. Apabila UMNO tidak lagi mengamalkan prinsip demokrasi, hilang sudah kepercayaan kepada pemimpin-pemimpin UMNO yang lebih mementingkan peribadi bagi pendapat saya. Kalau Mac 2008 saya masih mengundi untuk BN tetapi 2012 sekiranya berterusan saya mungkin mengubah haluan pendirian saya. Saya tidak mahu menjayakan ketamakan pemimpin dan mengabaikan tugas sebenar mereka. Apa yang berlaku sekarang jelas hanya untuk memastikan kepentingan tidak terjejas. Pemimpin-pemimpin UMNO yang vokal semasa zaman tun, dan pernah mengkritik tun juga sekarang lebih bersikap tunggu dan lihat. Saya sungguh tidak percaya kepada UMNO lagi sekiranya Pak lah tidak dicabar dalam pemilihan Presiden. Negeri-negeri BN yang kalah sebelum ini Perak, Selangor, Kedah, Penang, Kelantan sekiranya Bahagian-Bahagian ini masih mencalonkan Pak Lah, saya rasa UMNO tiada lagi maruah. Simpan saja kerisnya. Sudah lah negeri tergadai tetapi masih sanggup lagi mencalonkan dan mengekalkan orang yang sama.

Saya ingat lagi pasukan Bola Malaysia setiap kali gagal mencapai misi, jurulatih atau pengurus pasukan akan meletak jawatan atau ditamatkan kontrak oleh FAM. Begitu juga pasukan bola sepak dunia. mereka akan bersara sekiranya gagal mencapai matlamat. Tetapi tidak bagi UMNO, dah lah gagal mengekalkan majoriti 2/3, 5 negeri tewas tetapi masih enggan menggunakan haknya untuk menukar kepada kepimpinan lebih berwibawa. Risiko pertukaran kepimpinan memang ada. Tetapi risiko pengeklakan juga perlu dikaji. Bagi negeri yang menang juga harus diingat bahawa kekalahan negeri-negeri lain sebanarnya nasib yang sama bakal menimpa sekiranya tidak diberi perhatian serius. Sekiranya diabaikan

mereka akan mengalami nasib yang sama. Johor yang tidak pernah ditembusi oleh pembangkang telah berjaya di masuki. Biarpun kalah di negeri itu tetapi saya rasa bagi pembangkang ialah satu kemenangan!

Saya doakan pemimpin UMNO bahagian adalah diterajui oleh orang yang cerdik dan bermaruah. Keyakinan kepada UMNO semakin pudar.

Sekian Tun.

Salam TUN.

Shahidan!!! Oh!! Shahidan!!

Nak ucapkan TAHNIAH lah kat Shahidan kerana perlantikan penasihat kepada Pak Lah.

Dalam suasana gawat dalam Umno dan pelbagai masalah kesukaran hidup rakyat masih termamampu

Pak Lah nak fikirkan macam mana nak perkuatkan kedudukan nya untuk terus kekal sebagai PM.

Langkah demi langkah disusun. Namun untuk berundur tidak sama sekali.

Memang DEGIL lagi liat bapak mertua KJ ni. Tak kira lah nak bagi gula2 ke, angpau raya ke, jawatan dalam kerajaan ke, janji dapat sokongan.

Begitulah kalau Rasuah Politik di halalkan dalam parti dan kerajaan.

BPR kata, tidak ada peruntukan dalam mana2 seksen untuk mendakwa kes2 macam ini. Kalau ada mesti lah ketua pengarah nya akan mengarahkan dan mengeluarkan arahan pada pegawai2 nya menyiasat.

Ketua Pengarah nya yang kena arah kot...Tak bebas lah BPR.

Asalamualaikum Tun sekeluarga

Sealamat menyambut Ramadan dan Salam Aidilfitri

diucapkan pada Tun diatas segala jasa yang ditaburkan pada bangsa dan negara.

Saya antara individu yang sentiasa mengikut perkembangan Tun semenjak Tun masih menjadi Perdana Menteri dan antara individu yang selalu melayari blog Tun, untuk melihat ketajaman Tun menganalisis setiap isu. Terima kasih diucapkan kerana ketajaman minda Tun telah berjaya merobek minda kami semua untuk turut sama menilai situasi negara.

Disini saya ingin mencadangkan supaya Tun mengadakan satu perjumpaan khas dengan para pengunjung dan pemberi komentar yang melayari laman blog Tun "chedet"

Diharapkan dengan adanya perjumpaan ini dapat :

1) Melepas kan rindu kami pada TUN, kerana rata-rata pengunjung laman ini tidak pernah berpeluang untuk berjumpa dengan Tun secara langsung. Serta tidak dapat dinafikan ramai diantara pengunjung laman ini termasuk saya teringin sangat untuk berjumpa dengan Tun secara langsung.

2) Mendengar sendiri apa saja isu yang Tun perjuangkan selama ini dan melalui laman ini secara langsung.

3) Merungkai persoalan terkini yang berlegar difikiran kami yang kusut tanpa ada sumber yang mampu memberi penjelasan dan maklumat yang meyakinkan kepada kami.

4) Mengeratkan lagi perhubungan anantara kami (pengunjung) blog Tun dan Tun sendiri sebagai pemilik.

5) Supaya sokongan terhadap isu yang Tun perjuangkan berpanjangan.

saya berharap cadangan saya ini dapat dipertimbangkan oleh Tun, kerana kami amat berharap agar dapat berjumpa dengan Tun secara langsung dan bukan sahaja melalui cambahan fikiran di blog ini

sahaja.

Mungkin perjumpaan ini boleh diadakan semasa sambutan Hari Raya nanti atau secara berasingan, terpulanglah kepada kebijaksanaan Tun.

Yang penting Perjumpaan antara TUN dan pengunjung laman chedat masti diadakan oleh Tun sebagai penghargaan Tun kepada semua pengunjung blog Tun, dan sebagai tanda sokongan kami kepada Tun yang tak pernah berbelah bagi.

Sekiranya, memerlukan bayaran sedikit pun tidak mengapa, saya percaya ramai pengunjung laman ini menyokong acara ini dan bersedia untuk menghadirinya.

kami akan melihat acara ini sebagai peluang keemasan untuk bertemu dengan Tun yang tidak akan dilepaskan.

Semoga cadangan saya mendapat pertimbangan sewajarnya oleh Tun.

Sekian, terima kasih.

Assalamualaikum, Tun.

Semalam 24hb September, 2008 ada disiarkan di Buletin Utama TV3 tentang gabungan NGO yang menyokong penuh tentang penyerahan kuasa Pak Lah kepada Najib pada 2010. Apa yang saya hendak tekankan disini mereka-mereka inilah yang saya maksudkan sebagai kaki ampu, kaki bodek dan tukang kipas profesional. Sudah tentu ada habuan yang mereka akan terima atas sokongan yang kononnya tidak berbelah bahagi kepada Pak Lah.

Mereka juga ada mengatakan bahawa orang UMNO ini lalang, perkara ini memang tidak dapat dinafikan. Tapi mereka harus sedar mereka sendiri adalah lalang. Jika dulu ketika pemerintahan Tun mereka juga adalah tukang ampu tapi sekarang siapa yang mereka ampu??

Di kampung saya (Rembau) ketua kampung (yang juga ketua UMNO cawangan) saya pada ketika Isa menjadi MB, hubungan beliau dengan bekas MB tersebut adalah seperti adik beradik dan apabila Isa jatuh dan Mohd Hassan menjadi MB sokongan ketua kampung saya telah beralih arah. Sekarang beliau adalah penyokong kuat KJ yang juga MP Rembau. Ini jelas menunjukkan sifat lalang yang dimaksudkan.

Mereka-mereka harus sedar diri, janganlah asyik hendak membodek sahaja. Kita tahu tindakan mereka ini tak lebih dari untuk mendapatkan habuan. Carilah rezeki cara lain...

Pak Lah turun minyak 10 sen pun boleh dikatakan bodek juga. Bodek rakyat.

Selamat berpuasa Tun. Wassalam.

Tun,

Perlantikan seperti itu boleh dibaca dalam 2 keadaan. Satunya mungkin seperti rasuah dan satunya mungkin untuk menjaga perpaduan parti. Seperti yang pernah Tun lakukan satu masa dahulu iaitu menawarkan Tengku Razaleigh sebagai Menteri tanpa portfolio dan menjadikan Tun Musa Hitam sebagai Duta Khas ke PBB.

Sebab itulah saya berpendapat mengklasifikasikan sebagai rasuah adalah amat subjektif sifatnya. Saya khuatir ianya akan menjadi satu fitnah kepada Y.A.B Abdullah seperti yang pernah berlaku dalam sejarah kesultanan Melayu Melaka apabila Bendahara yang sekadar menerima satu pemberian difitnah sebagai perasuah.

Tulisan ini menggelikan hati saya.

'Jangan guna nama akar umbi'

Oleh HASNURUL MOHAMED

SEBAHAGIAN ahli Gabungan NGO Malaysia melahirkan sokongan kepada peralihan kuasa 2010 pada sidang akhbar di Kuala Lumpur, semalam.

- Gambar ZULKARNAIN MOHD. SAIDIN

KUALA LUMPUR 24 Sept. - Gabungan Badan NGO Malaysia hari ini memberi amaran kepada segelintir pemimpin UMNO yang gemar menggunakan nama 'akar umbi' untuk mencapai agenda peribadi.

Gabungan Badan NGO itu turut menyelar sikap segelintir pemimpin tertinggi UMNO yang mendesak pelan peralihan kuasa Perdana Menteri, Datuk Seri Abdullah Ahmad Badawi dipercepatkan sebagai tindakan seorang yang tamak kuasa, tidak menghormati pemimpin dan tidak beradab.

Pengerusi Gabungan Badan NGO Malaysia, Md. Radzi Daud berkata, dalam apa jua keadaan, sebagai

orang Melayu, perlu ada adab dan bukan budaya orang Melayu mengaibkan pemimpin sendiri.

"Kalau kita tidak hormat pemimpin, kepada Perdana Menteri, bermakna kita tidak menghormati keputusan yang telah dipersetujui sebelum ini iaitu pelan peralihan kuasa.

"Justeru, tunggu sahajalah masanya (2010) dan biar keadaan tenang apabila penyerahan kuasa dilakukan secara baik," katanya pada sidang akhbar di sini hari ini.

Gabungan Badan NGO Malaysia yang didaftarkan di bawah naungan Yayasan Aminul Ummah Malaysia dianggotai 150 NGO di seluruh negara.

Kali pertama badan tersebut menyatakan sokongan terhadap kepimpinan Abdullah ialah pada Program Bersama Perdana Menteri sempena majlis penyerahan memorandum menyokong kepimpinan Perdana Menteri pada 12 Julai lalu bertempat di Pusat Konvensyen Antarabangsa Putrajaya (PICD).

Sementara itu Timbalan Presiden Pertubuhan Teksi Malaysia, Shahril Abd. Aziz berkata, gabungan badan tersebut sebenarnya tidak puas hati apabila ada pihak pemimpin dalam UMNO yang menggunakan nama akar umbi kononnya tidak lagi menyokong kepimpinan Presiden UMNO.

"Jangan pakai nama akar umbi dengan mengatakan pelan peralihan kuasa 2010 kepada Timbalan Perdana Menteri, Datuk Seri Mohd. Najib Tun Razak harus dipercepatkan kerana di peringkat akar umbi, kita masih menyokong penuh kepimpinan Pak Lah," katanya.

Beliau berkata demikian kepada Utusan Malaysia ketika ditemui selepas sidang akhbar tersebut.

Shahril berkata, beliau kesal apabila segelintir pemimpin UMNO menggunakan nama akar umbi untuk mencapai cita-cita peribadi mereka.

Tun,

Dari duku sampai sekarang saya tak faham kenapa rasuah dalam parti atau politik wang dalam parti, BPR tidak ambil tindakan walaupun majlis disiplin telah mendapati tertuduh bersalah dan dikenakan tindakan dalaman sahaja.

Kenapa pesalah yang terbukti bersalah tidak diambil tindakan? Terkini Raymond Lim mengaku menghalang PM dari menahan Yong TL atas tuduhan rasuah. Ini juga satu contoh penyalahgunaan kuasa eksekutif secara terang terangan.

Kenapa perlu ada 'double standard' dalam sistem pengurusan nasional?

1) I would like to add to comments by Khairul Hisham-London 24 Sept 7.04pm regarding the RM10.9million spent on the launching of NCER.

2) Please note that the first business that will benefit from this is the PR or Event Management company which handles the event in the 4 Northern States.

3) And this company belongs to no other than relatives to our PM's wife.

4) Imaging if the same company handles the other corridors too. That's a lot of money to be made at the taxpayers' expense.

Bravo... Petrol Price have drop another 10 cent .

Comments heard in TV3 news yesterday that government could only afford that much as the ringgit have depreciated against the US dollar.

Wow , when the Ringgit was strengthening against the USD around 3.25 to 1 usd , nothing is mentioned

on this . Now with the ringgit depreciating and Petrol price reduced , they said it was offset by the weaker ringgit.

Look at what the transporter association said ... transport cost will not be reduced as the reduction was not enough.

Cost of living have gone up and inflation keep skyrocketing and will never stop even though the price of petrol is reduced .

Inflation shot up because the petrol price was increased too drastically by 0.78 cents for around one month plus only and see what damage have been done to our economy. All price gone up and it's hard for them to go down again.

Damage have been done and the government is now pedalling back to try to save it . Why dig a hole and then cover it up in the first place? Now , they are trying to control the price by employing housewife to do spot checks on supermarket and hypermarket and wet market for an allowance of Rm 1,500 per month. This is purely a wastage of public fund as a result of improper planning by the government for increasing the petrol cost too drastically in the first place!

First was the anti inflation council and now the economic council but until now , nothing is done! Their job is just to monitor and make surveillance on the situation as it is. All talking by AAB on identifying and emphasising growth area in the economy are all public statement only. If he is genuine , then he or the government have clearly failed! as they are already outdated and slow in response to the global market condition!

So , the only one question I would like to ask our big mouth Domestic Minister and our honourable AAB is what is the main rationale and benefit that economy have in raising the petrol price to Rm 2.70 per litre and only lasted about a month plus ? Just to show the world that Malaysian is practicing global market mechanism?

Honestly speaking , Malaysia is just a such small country compared to the giants of UK , US , Japan , China etc. The economy is easier to handle compared to such big countries if you have control on the main variables that affect much on the economy; namely petrol price ... which have high correlation with the product and service pricing. So fixing at a certain rate for a certain fixed period is more suitable for a small country Malaysia.

Next , I also agree that the Ringgit should be pegged so that there is certainty in the business environment. There is not much adverse effect from the global perception as we have done this before. However , the pegging rate is not fixed forever and should be reviewed accordingly but not in a short period of time.

Having control on this two element , we can safely strategise our path for economy growth . Inflation can be controlled and business and investment are easier to evaluate. This is what most investor preferred ... stability.

Are we so engrossed in following the global economic player where they are already a developed nation? We are not ready yet for global competition. Unless we can achieved the same income per capital with them , then maybe we are more ready.

So , what is there to show the whole world ?

Just my 2 cents worth.

Bagi saya Dato' Seri Shahidan Kassim adalah orang yang paling layak. Letak dia kata rasuah, kalau letak

orang lain, nanti kata tak layak pulak. Susah betul kalau orang dah tak suka ni.....

Kenapa banyak orang bodoh dan bebal pasal agama selalu bagi ulasan pasal merokok haram?

Mana ayat yang sabit secara qat'ie kata merokok haram? sorang dua yang mengaku alim sekarang je kata merokok haram. Kalau setakat ayat dalil sipi2 tak payah cakaplah. Takde ulamak yang sepakat sekarang atau pada masa sebelum ni yang kata merokok haram. Kalau setakat pandangan peribadi, sapa2 pun boleh bagi, tapi tak semestinya jadi hukum!

salam TUn,

ni first time saya hantar comment kat sini, coz sebelum nie, saya just baca je sumer post2 dari bloggers. hurmmm..nak cakap rasuah ke, apa ke, saya tak berani la..tapi, saya boleh kategorikan sebgai bodek.heheh..pada pendapat saya, paklah sendiri pun dah cuak..memang pada dasarnya, dia cakap dia tak ambik peduli sumer citer2 "kosong" tu, tapi pada hakikatnya, sikit sebnyak, tergugat jugak dia kan?...kalau dah hari2 disogok dengan berita2 n citer2 supaya pak lah turun "tahta", nak tak nak, mau tak mau, kena la jugak dia ambik mana2 tindakan yang patut..contohnya, macam yang Tun cakap tu la..bagi pangkat, bagi jawatan etc..sya berani potong jari bila saya cakap, dikalangan pemimpin2 umno sendiri pun, ada yang bercakap belakang hal2 paklah..nak cakap depan2, tak berani.almaklumlah, nak jaga periuk nasik masing2..tapi, tabik spring saya pada Tan Sri Muhyiddin Yasin...bravo...bravo...beliau memang berani..tapi sayang, tak ramai pemimpin kita seperti tu..

Salam Tun,

Kaedah mendapat sokongan dengan cara ini memang banyak berlaku akhir-akhir ini. Jika itu berlaku di peringkat tertinggi pentadbiran negara di peringkat perkhidmatan awam sudah pasti banyak lagi perkara yang berlaku, contohnya..

1. Pegawai perkhidmatan awam dari semenanjung ke Sabah mendapat kemudahan elaun yang lebih tinggi berbanding yang sebaliknya. Guru dari Sem di Keningau EPW: RM 730-830. Guru dai Sbh di Subang, Selangor, EPW: RM 530-630.

2. Bila sampai di Sabah, pengaruhi orang sabah jadi pembangkang kerajaan. Cuba tanya PERAKAN dan macam-macam lagi persatuan negeri.

3. Lepas tu cepat pula naik pangkat. Anak watan nada apa.

Ingatlah Pak Lah orang masih diam bila belum tepu.

just wonder, why Tun didn't take the Sr. Minister position when handover the helm to current PM. Everyone knows that, no minister under Tun's administration are capable seeing beyond yesterday and you had vision 20 years coming.

Salam Tun,

Semoga Tun & Isteri sehat selalu.

Jelaslah bahwa orang2 yang diberi jawatan telah diborong oleh PM sibijak bistari. Matlamat PM ini ialah mencapai matlamat kepentingan peribadi; si-penyokong pula, apa lagi, kalau Boss ada matlamat peribadi, mereka pun ada. Apa salahnya mereka raggut dan makan sama2 (aggaknya begitulah mentaliti mereka) Soal Negara dan Bangsa lingkup, tidak timbul kerana, menurut ajaran Islam Hadhari TUHAN akan "insha'allah" melindungi Negara dan Bangsa. Mereka ada banyak Mufti: Mufti2 ini diberi tugas/jawatan untuk berdoa agar UMNO, Negara dan lain2 semuanya selamat.

Sekian, Terima kasih.

Salam Tun,

1) I would like to add to comments by Khairul Hisham-London 24 Sept 7.04pm regarding the RM10.9million spent on the launching of NCER.

2) Please note that the first business that will benefit from this is the PR or Event Management company which handles the event in the 4 Northern States.

3) And this company belongs to no other than relatives to our PM's wife.

4) Imagine if the same company handles the other corridors too. That's a lot of money to be made at the taxpayers' expense.

Assalamualaikum Tun,

Semuga semua di kalangan ketua-ketua UMNO Bahagian membaca segala rintihan dan keluhan rakyat yang mengharap masa depan politik dan ekonomi Malaysia yang lebih baik.

Semuga mereka di anugerahkan Allah dengan kematangan dan kejujuran hati dalam membuat keputusan yang terbaik untuk Negara, kerana mereka tahu yang sistem UMNO sekarang memberikan ketua-ketua bahagian kuasa menentukan siapa mengetuai Kerajaan.

Jika mereka merasa keliru saya harap mereka memohon pertolongan Allah dengan sembahyang Istikharah meminta petunjuk semuga pilihan mereka memberikan manfaat kepada Negara, dan bukannya untuk diri sendiri.

Jika Ketua-Ketua UMNO membuat pilihan yang salah kali ini, mereka tidak lagi boleh memberhentikan pertukaran angin politik Malaysia semasa PRU13 nanti. Dan sehingga PRU13, politik dan ekonomi Negara pastinya terumbang-ambing.

Salam Sejahtera keatas mu Tun Dr Mahathir

Pertamanya syabas saya ucapkan dgn kata2 yang sungguh tajam dari hati Tun itu. Sungguh tak kusangka cempedak menjadi angka,harapkan pagar pagar makan padi, kusangkakan panas hingga ke petang tapi hujan ditengahari. Saya difahamkan bahawa ayah DSAB seorang yang peka terhadap hukum hakam, halal dan haram atau bolehlah dikatakan seseorang yang disanjung sebagai seorang ulama yang terkenal di utara malaysia. Dengan tindakan yang beliau lakukan terhadap negaraku yang tercinta Malaysia,amatlah memalukan dan menjijikkan sikap seorang anak ulama yang terkenal itu. Anyway pintu taubat sentiasa terbuka untukmu wahai PM ku. Kembalilah dikau dilandasan yang sebenar. Jadilah seorang pemimpin yang disegani dan diingati sepanjang zaman. Bukannya menjadi seorang pemimpin yang diingati kerana kerakusan,kebodohan dan kelembapan yang terserlah didalam mentadbir dan memimpin sebuah negara especially negaraku yang amat kucintai. So the solution now is you better retired a.s.a.p and go to the Mosque for the little time that you only had and ask for forgiveness from allah for what you did to Malaysia. Anyway, you're the one who will answer all the question that rakyat suffered. What a long question that you need to answer. Dont you afraid of that son of ulama?hu hu....

Assalamualaikum Ybhg Tun & famili selamat menjalani ibadah puasa.

1. Mr 'Clean' bermaksud bersih - jadi DSAAB perlu membersihkan namanya sebelum berundur setelah banyak harta rakyat disapu bersih oleh kaum keluarga dan penyokongx samada sengaja atau tak sengaja.
2. NCER indah khabar dari rupa - mcm ayam katek.
3. Tiada apa yg boleh dibanggakan sejak NCER dilancarkan - besi buruk pun tak nampak. Ianya mcm tengok duit BILLIONx atas kertas shj ttapi duit tersebut tak boleh digunakan - utk pameran mata dan halwa telinga bila kempen politik.
4. Kalau duit tak ada apa yg nak dinasihatkan oleh penasihatx yg dilantik oleh DSAAB. Semua perlu duit, ada ke duitnya? Jangan harap berlabun/labun/sembang je dgn satu tangan masuk poket mcari apa yg boleh dipegang.
5. Walau perlantikan itu boleh dianggap satu rasuah politik ttapi yg lebih penting adakah tindakan itu dapat menyelesaikan keadaan? NCER dapat dilaksanakan dan pelaburx akan berduyunx dtg membuat pelaburan dgn ghairah?

Wuallahhualam.
By anak jati kola kedah on September 25, 2008 12:17 PM

Salam Ramadhan alMubarak TUN...

Seperti diduga, 'ketidakcerdikan' ini semakin hari menjadi semakin menyerlah. AAB yg begitu sinonim dgn 'kuat tido' dan 'buat bodo' ni dah semakin DESPERADO. Hari ni turun minyak (sekupang), 'esok' boleh selesaikan kemelut ekonomi negara? Hari ni lantik Shahidan jd tuan penasihat NCER, esok2 boleh ka dia convince Ust Azizan, Nizar dan Guan Eng utk sama contribute utk NCER ni. Bak kata DS Hisham "jangan setakat cakap retorik semata-mata".

Tindakan bagi jawatan (walaupun sebagai penasihat) pada puak2 yg terbabit ni dah SINONIM dgn Mr Ulama AMNO HADHARI ni. Mungkin sampai skrg rakyat masih tertanya2: bagaimana Mat Taib boleh jd menteri semula? Macamana Ku Nan (yg dipinggirkan sbg Menteri Plancongan utk bagi laluan pd Azalina) dilantik jd Setiausaha ganti Radhi? Dah tak dak calon2 lain lagi ka yg lebih layak? Then timbul isu pelantikan Zaid Ibrahim jd Menteri bgitu jugak dgn Ulama Wanita HadHari tersohor Mashitah Ibrahim (yg mengharuskan melacur dlm keadaan 'darurat')? Tak dak org lain ka?

Saya 110% bersetuju dgn pandangan TUN ni: "Dengan begitu banyak penasihat amat menghairankan kenapa tidakan Perdana Menteri Abdullah tidak begitu bijak. Mungkinkah ini disebabkan adanya penasihat bertaraf Menteri pun tetapi tidak ada suara. Ikatan kekeluargaan antara penasihat dan yang dinasihati mungkin lebih utama daripada yang tidak ada ikatan kekeluargaan, wallahua'lam."

Penasihat2 tu sebenarnya dummy semata2 kononnya untuk divert perhatian umum bahawa yg sebenar2nya PENASIHAT UTAMA AAB ni adalah 'kaum-puak' aka anak pinak, sedara2, sepupu sepapat dia semuanya...

Atau penganugerahan jawatan2 ni adalah tanda2 awal kpd 'pengambilalihan' GLCs dan organisasi yg depa ada kepentingannya secara besar-besaran? Kita tunggu... lepas ni mungkin Petronas akan ada Pengerusi barunya (mungkin)? How about Khazanah Nasional? Felda?... dan yang sewaktu dengannya..

One thing 'good' about AAB ni adalah dia punya 'family values'. Very good family leader ma.. Kerap kita

denga slogan: RumahKu SyurgaKu but this concept when applied to AAB n family may go like this:
"RumahKu adalah NegaraKu; Dah negara aku, ikut suka la apa aku nak buat dgn 'rumahku' ini. Bukan rumah hangpa pun... Syurga, memasing la pilih cara mana nak pi sana"

So, TUN take a very good care... Never give up.

Selamat Hari Raya Maaf Dzahir Batin

Bila nak turun Kola Kedah?:-)

22 th jadi PM Msia bukan satu tempoh yang singkat. Jadi, kalau pandangan dan cadangan Tun langsung dipinggirkan, sangat kurang bijak orang yang berkenaan itu. Saya fikir tambatan RM kpd US dolar satu idea yang bagus...Lagipun ia terbukti berkesan pada krisis 97/98 dulu. Cuma pendekatan menyingkirkan DSAI yang saya tak setuju.

Tun

Orang lain sibuk cakap pasal PM dan lain-lain tapi saya gemar kritik orang seperti dalam penulis blog diatas, Izinkan saya...

Kepada Cik Nasha Bin Edwin, saya tidak tahu saudara ini berbangsa melayu atau yahudi? Islam atau Kafir Cuba saudara tengok negara Turki. Adakah saudara suka dengan corak pemerintahan Sekular yang diamalkan di Turki sehingga PM turki membenarkan rakyatnya memakai Tudung dan ditentang hebat oleh sebilangan ahli parlimen turki yang tidak setuju tindakan PM berkenaan. Saudara begitu yakin Yang PKR parti berasaskan Kafir dan juga DAP memerintah Negara Malaysia dan PAS parti berasaskan Islam tidak akan berlaku perebutan kuasa jika mereka berjaya menewaskan BN.

Saudara sedar atau tidak bumi yang saudara pijak sekarang adalah hasil perjuangan pahlawan melayu UMNO dari 4 Perdana Menteri sehinggalah Tun yang terakhir. Tk usah nk ckap mengenai telefon canggih dan teknologi kalau tidak ada Tun saudara tidak pakai Hp yang canggih dan tidak menulis blog kritik tak tentu hala. Saudara tanya la diri sendiri. Kalau tk kerana BN saudara tidak akan ada peluang pekerjaan yang ada sekarang, kalau tak kerana BN saudara tidak menikmati kemudahan yang ada sekarang! kalau tak kerana BN proton,perodua dan mcm mcm lagi hasil dari BN. Kalau tak kerana BN jangan mimpi nak pijak KLCC, KL Tower,KL sentral dan banyak lagi hasil dari titik peluh kerajaan BN untuk rakyat Malaysia.

Saya tidak tahu lah saudara ni sekolah sampai tingkatan bapa? atau Univesiti Kerajaan BN mana yang saudara belajar. IPTS pun boleh dianggap hasil idea kerajaan BN. Kalau tkda BN saudara belajar kat pondok aje. Tapi pasti la saudara belajar hasil dari kemudahan yang BN sediakan. Jika saudara menaiki kereta Jalan yang saudara lalui pun hasil dari kerajaan BN. Mungkin saudara ini jenis tidak mengenang budi atau jauh sekali berterima kasih kepada Kerajaan BN. Saudara ada menyebut tentang Allah.. saya rasa saudara tak sedar saudara diciptakan Allah untuk dijadikan khalifah di bumi ini. Tetapi saya kesal dalam Tuhan menciptakan saudara. saudara sendiri yang memusnahkannya. Mungkin saudara tak ingin melihat rakyat malaysia hidup berbilang kaum yang telah diwarisi BN. Saudara lebih cenderung kepada kemusnahan orang lain khususnya orang melayu. Itu pun kalau saudara mengaku melayu lah ...so kesimpulannya saya tolak dakwaan anda mengatakan UMNO akan musnah seperti kerajaan Umayyah or Abbasiyah kerana BN bukan kerajaan yang saudara dakwa. Sebaliknya PR akan musnah jgn mimpi mereka akan tubuhkan kerajaan.

Salam sejahtera buat Tun & semua pembaca,

Keadaan dah semakin haru-biru dalam banyak hal. Yang belum berlaku hanyalah huru-hara. Kalau tak ditangani dengan betul, tak lamalah ia akan menjadi kenyataan.

Saya rasa keadaan akan aman dari apa jua jenis rasuah apabila pemimpin/ketua dari setiap peringkat (politik, kaki tangan awam, swasta & sebagainya) mempunyai amalan agama yang kuat & membaca Al Quran setiap hari selain surat2 khabar, majalah2 & melayari internet.

Bayangkan sekiranya MENTERI-MENTERI, KSU-KSU, KP-KP, CEO-CEO, IGP, PAT, PROFESSIONAL & penjawat-penjawat awam & swasta yg lain semuanya ALHAFIZ? Dengan Quran sebagai teman hidup harian, saya yakin apa yang berlaku hari ini tidak mungkin berlaku. Soal hidup antara kaum akan dapat diamalkan sebagaimana kehendak Islam. Soal kontrak/projek pun akan diberi secara Islam. Tidak mungkin ada hina menghina serta caci mencari antara pihak yang bertelagah. Apa yang terdapat hari ini ialah menggunakan Islam untuk kepentingan peribadi. Samada di Putra Jaya, Pulau Melaka, Rusila atau Permatang Pauh, sama sahaja.

Sebenarnya calun-calun tahfiz di atas telah ada. Kebanyakan yg berjaya menjadi AlHafiz meneruskan kerjaya hanya di bidang agama semata-mata seperti imam2 masjid dsbgnya. Di Terengganu program Ulul Albab diperkenalkan pada tahun 2004. Inilah program yang akan melahirkan AlHafiz & Hafizah di tingkatan 5 serta berjaya dlm mata pelajaran sains di peringkat SPM. Inilah professional2 Tahfiz yg akan menyelip masuk ke alam pekerjaan masa depan negara. Sayangnya hanya 4 buah sekolah sahaja (SM IMTIAZ) di Terengganu yang melaksanakan program ini. Kalau Dato' Idris (pengasas Ulul Albab) masih ada, pastinya program ini akan berkembang dengan pesat. Walau bagaimana pun Dato' Yeh, sebagai Pengerusi Mara tu, fikir-fikirkanlah. Harap-harap berputik pula MRSM ULUL ALBAB. Barulah lebih banyak jawatan-jawatan penting negara diisi oleh generasi Ulul Albab. Akan sampailah masanya negara ini betul-betul menjadi NEGARA ISLAM yang rakyat bukan Islamnya akan senang utk tinggal di dalamnya. Saya berharap saya sempat utk menyaksikan keadaan ini menjadi realiti.

Selamat berbuka puasa kepada semua rakyat Malaysia..

Assalamualaikum Tun,

Politiking, politiking, politiking..

Dah malas nak fikir pasal keadaan politik negara sekarang ni Tun..
Dah muak rakyat di buatnya.. Tun pun nak penat cakap, tak jadi apa juga..

Dia orang kat atas2 tu yang senang lenang dan kaya raya, hidup rakyat tak senang juga lagi.. Itulah bila dah ada kuasa & kekayaan di tangan.. Lupa janji2 dan ikrar2 sebelum berkuasa.. Mereka lupa bahawa itu semua adalah amanah...

Minyak baru turun 10sen, barang2 keperluan lain tak turun lagi.. Raya kali ni kami sekeluarga raya yang paling minimal saje berbanding dengan tahun2 lepas..

Sungguhpun begitu, Raya is Raya.. Excited juga nak menyambut kedatangannya selepas habis puasa Ramadhan.. lagi 5 hari nak raya ni, masing-masing sibuk lah juga buat persiapan ala kadar..

Saya mengambil peluang kat sini mengucapkan 'Selamat Hari Raya Aidil Fitri' kepada Tun Dr Mahathir, Tun Dr Siti Hasmah, serta Keluarga Tun.. Tak lupa juga kepada seluruh warga bloggers di sini..
Maaf Zahir & Batin sekiranya ada salah & silap atau terkasar bahasa..

Buat Tun, lupakan sahaja episod politik ni buat sementara.. Sambutlah Aidil Fitri dengan penuh ketenangan, kesyahduan, kegembiraan dan kebahagiaan bersama orang2 tersayang..

P/S: Tun tolonglah share & bagi Tips bonus bagaimana Tun menjaga 'Your Youth', brain, & skin selama ini.. dan semua petua-petua Tun berdua hingga maintain begitu cergas otak, badan, kesihatan & pergerakan.. Apa kah amalan2 serta ubat2 akar kayu atau vitamin2 yang Tun berdua ambil??..

Banyak penjual ubat di luar sana claim Tun makan ubat mereka untuk melariskan jualan.. Tak tau yang mana satu betul.. Tun bagi tau okay..

Nampak nya, nik aziz, hadi awang, lim kit siang, kapal sing, anwar beraim berjaya mempengaruhi jins shamsuddin (tiada esok bagi mu) dan kononnya ngo2 (entah siapa ?) supaya dolla kekal sebagai pm. Mereka nampak nya sehati sejiwa dengan nik aziz, hadi awang, lim kit siang, kapal sing, anwar beraim supaya senang pembangkang menang pru13 nanti. jin shamsudin memberi amaran mt umno ????. Tidakkah jin shamsuddin dan ngo2 sedar apabila BN dah kalah nanti apa akan jadi pada orang2 Melayu dan mereka ?? Mungkin juga jin shamsuddin dan ngo2 ini mempunyai agenda yang didalangi oleh pembangkang ??? Atau telah mendapat ganjaran lumayan dari dolla dan khairy ???

Wahai jin shamsuddin dan ngo semua jangan hancurkan orang2 Melayu untuk mempertahankan dola badawi, khairy dan kuncu2 mereka, berbalik lah kepada perjuangan Umno asal bukan umno dola badawi. Sedarlah sebelum terlambat. dolla badawai wajib berundur sekarang!!!! BUKAN 2010 ! (esok akan lingkup - filem baru jin shamsuddin)

Entah siapa proses komen2 yang dihantar melalui warkahuntukpm (<http://www.warkahuntukpm.com.my/index.php>), Tingkat 4?

Yang baik, akan sampai ke telinga PM.

Yang buruk, akan dicampak tah ke mana

Dah menjadi trend sekarang, dimana:

- pihak pembangkang terlanggar kucing seekor, maka laporan polis, berita utama akhbar kerajaan, Edisi Utama TV3 dan lain2 lagi akan ternampak

- pihak yang lain, dengan bukit konkrit selori dan laporan polis - semuanya akan disiasat dan disiasat lebih terperinci dan siasatan selanjutnya keatas siasatan pertama akan dibuat. Lepas tu semuanya akan diserahkan kepada mereka-mereka yang bekerja untuk pihak yang lain itu.

Dimanakan fairness, budak umur 3 tahun pun tahu malu... mereka tak tahu ke?

Aslkum YABhg. Tun yang dimuliakan...

Saya amat kagum dengan padangan dan kritikan membina yang telah Tun berikan yang mana ianya akan banyak memberi manfaat kepada Agama, Bangsa dan juga Negara kita yang tercinta, Negara Malaysia.

Saya dilahirkan pada awal 80-an, celik2 saja dah dengar nama Tun dalam arena Politik yang juga sebagai Perdana Menteri Malaysia. Banyak perkara luar jangka yang telah Tun adakan untuk negara kita. Projek-projek yang pada mulanya ditentang hebat oleh segelintir pihak tertentu kini diterima baik dan diiktiraf oleh mereka sendiri.

Kini Petronas Twin Tower, PLUS, Putrajaya, Cyberjaya, Stesen Keretapi Ringan (LRT), Litar Sepang, KLIA dan banyak lagi menjadi kebanggaan negara.

Begitu juga apabila Tun memulakan ucapan, ramai ternanti-nanti dengan ucapan yang dianggap paling bernas dan penuh dengan idea2 baru. Antara ucapan yang boleh saya katakan sebagai ucapan sentuhan menyeluruh iaitu bertajuk 'Mendedah Yang Terbuka' yang diucapkan di Perhimpunan Agung UMNO 2002; sehinggakan saya sendiri boleh menghafal ucapan dan tonasi gaya Tun berucap hampir 100%. Ini adalah kerana saya begitu kagum dengan semua ucapan Tun yang boleh membuka minda rakyat Malaysia khususnya Bangsa Melayu.

Ucapan Tun semasa sidang NAM berkenaan orang Yahudi amat menarik. Penerangan yang diberikan itu membuatkan kita akan lebih mengenali siapakah Yahudi dan orang Eropah. Semua itu akan memberi satu pengajaran tentang asal-usul mereka. Kritikan pedas Tun kepada Kuasa-kuasa besar seperti Amerika mencerminkan Tun seorang Pemimpin yang benar2 berani untuk memperkatakan yang benar.

Justeru saya amat kagum dan memohon supaya Tun dapat terus dengan usaha itu. Isu dalam negara juga tidak terlepas dari kritikan Tun yang menampakkan keikhlasan Tun untuk menyelamatkan Negara dari masalah-masalah yang boleh merugikan bukan sahaja orang Melayu malah kepada semua rakyat Malaysia.

Saya amat2 berharap agar Tun dapat kembali ke pangkuan UMNO dan membantu kami dapat membangun dan mengembalikan keyakinan rakyat kepada BN.

Akhirnya saya menyeru sangat2 supaya Tun tidak mengkritik Paklah secara terbuka; tetapi lebih kepada duduk semeja bagi membincangkan hal-hal yang perlu diselesaikan. Kini sudah wujud segelintir di akar umbi yang mula bercakap berkenaan kebijaksanaan Tun. Kadang2 kenyataan mereka membuatkan saya marah kerana saya begitu kagum dengan Tun dari dulu lagi.

Tapi apa boleh buat, itu hak mereka untuk menyatakan pendirian itu. Itulah harapan saya. Saya sendiri dapat melihat tindakan kritikan mereka kepada Tun.

Sekian dan diharap Tun sentiasa sihat Walafiat.

Selamat Hari Raya Aidilfitri.

Tun,

We saw how stupid 50% of the Americans were in the last election - where they have again voted for George W. Bush after the Iraq war fiasco. I hope most WE Malaysians are wiser than that 50% of Americans.

Malaysians, please think wisely before you choose the leader who can bring goodness to the country. Not

the 'leaders' who siphon money from the rakyat to feed their cronies.

Cheers

2.Kalau pemimpin-pemimpin Umno dan ahli-ahlinya tidak dengar suara Tun macam mana nak turunkan PakLah?

3.Bersabar dan tunggu sampai PRU13 barulah Tun berkempen, jangan cakap saja tidak buat sehingga negara huru-hara dan menyebabkan rakyat yang susah. Nanti orang cakap Tun sama saja dengan Anwar.

Dear Tun,

Salam sejahtera, semoga Tun bahagia berpuasa sekeluarga. I have not officially thanked you in this blog for releasing my comments so far. Each time I thank you my comments got stuck - after re-edit I miss out the TQ. Terima kasih Tun beri saya ruang tumpang "GLAMOUR" di blog Tun yang panas dan popular ini. TERIMA KASIH. Harap ini kali jadi....

PEKUNG RASUAH

They say it takes a thief to catch a thief. Tun, you can smell a rat from a mile away? Atau Tun pakar dan kenal mesra dengan selok belok membeli kerbau hidung tercucuk – you were the chief buyer for 22 years! Budaya Umno 'MEMBELI KERBAU' mula zaman Tun tapi orang tak nampak. Tun pandai – smokescreen canggih! Beli kerbau lepas maghrib, matahari dah terbenam bukan Pak Lah lepas subuh matahari dah terbit! PAK LAH NI SLACK, LURUS SANGAT, DIA TARIK NAFAS TUN DAH TAHU LANGKAH KIRI ATAU KANAN!

JAWATAN ANUGERAH

Budaya ini perosak Umno. Tun dulu ada kuasa hapuskan budaya ini tapi Tun tak buat. Things were

favouring you so Tun famously 'LUPA' about it. Lihat semua ketua bahagian Umno sarat dengan Datuk,Dato Seri,Tan Sri..Lihat rumah mereka (rumah Ahmad Ismail mewah dari Ketua Menteri Penang dulu, dengan kolam renangnya- membazir air di beli dari Kedah!)Lihat kereta mrk. Lihat gaya hidup mrk. Lihat hidup mrk sebelum masuk Umno.

Merekalah Panglima yang semua MT kena tunduk. Sogok mrk(dengan anak buah lagi) dengan jawatan, tanah, lesen, permit, concession, nak dapat undi.

BERANI!

Kalau berani Umno sepatutnya larang ketua bahagian dan negeri dari pegang sebarang jawatan kerajaan kecuali jawatan politik. Semua jawatan di pegang orang mahir dan 'professional' berkecuali. Ahli politik main peranan pengawas,pemantau bukan sekarang -suruh tikus baiki labu.

Saya harap Pak Lah sebelum turun membersihkan Umno dan MT dengan perubahan besar besaran. Tak mengapa orang baru ni tak di sokong Panglima busuk, kalau kerja betul berhasil pengundi akan balas. KALAH PILIHAN UMNO TAK APA ASAL MENANG PILIHANRAYA. Yang menang pilihanraya bekerja untuk rakyat, yang sibuk pilihan Umno bekerja untuk siapa?

Selamat Sejahtera Tun,

Nampaknya Dato Seri Abdullah sanggup berkorban untuk kebaikan keluarganya daripada parti dan negara. Dulu dia sedaya upaya memberika gula-gula kepada rakyat sebelum 308 supaya rakyat melupakan keseksaan didup mereka sementara tetapi gagal. Kini dia memberikan kedudukan kepada ketua-ketua UMNO supaya dapat mengukuhkan kedudukannya. Nampaknya dia nak UMNO hancur dan selepas itu BN runtuh dan seterusnya Dato Seri Anuar akan dapat berkuasa. Inilah perjuangan Dato Seri Abdullah sekarang.

Sebenarnya Dato Seri Anuar takut kepada Tun. Sekiranya Tun dapat balik ke UMNO ini merupakan mimpi ngeri kepada Dato Seri Anuar. Rasa saya cuma Tun sahaja yang akan dapat mengalahkan Dato Seri Anuar seperti kucing lawan tikus.

1.Malaysia perlu contohi negara jiran iaitu Singapura.

2.Walaupun negara mereka kecil,ekonomi mereka stabil,keadaan politik mereka stabil,nilai mata wang mereka stabil.

3.Hal ini kerana mereka mempunyai PENASIHAT KANAN yg berpengalaman selok belok negara mereka iaitu mantan PM mereka,Goh Thoc Tong.

4.Malaysia mempunyai tokoh yg layak utk menjd penasihat kanan negara tetapi mereka tidak mahu melantik tokoh tersebut.(TUN)

5.Ini kerana mereka tidak mengenang jasa Tun yg telah membuat perubahan besar terhadap Malaysia ketika zaman pemerintah Tun.

6.Ia memberi impak yg sgt besar bg Malaysia dan rakyat Malaysia.

7.Negara asing sgt menghargai Tun tetapi mengapa Malaysia tidak sgt menghargai Tun.

8.Tun dpt mengatasi pelbagai krisis ketika zaman pemerintah Tun dgn stratigik sendiri dan idea-idea yg

bernas.

9. Mengapa mereka tidak melantik Tun sebagai penasihat?

10. Jika mereka mendgr nasihat Tun, tidak mustahil lah Malaysia boleh jd seperti Singapura dan negara-negara maju yg lain.

11. Banyak idea-idea dan pandangan Tun digunakan oleh negara luar.

12. Tetapi mengapa Malaysia tidak?

13. Adakah mereka masih tidak sedar lg? mahupun masih keliru? Ataupun buat-buat keliru?

14. Saya memohon kpd Allah agar mereka yg MASIH keliru atau dibutakan oleh oleh pihak2 yg mempunyai agenda atau kepentingan diri sendiri spt DSAAB dan DSAI.

15. Perjuangan Tun masih belum selesai. teruskan dgn usaha-usaha Tun utk menyedarkan mereka.

Saya dan keluarga sentiasa menyokong Tun

Dear Tun,

This is the very reason why Malaysians have become nausea with BN. The double standard treatment given by the PDRM, ACA, even judiciary is so bloody obvious that only "the fools and horses" can't see what is happening. If this is not BRIBERY of the highest order, what's else is this? Bet you even if there is a police report and report to the ACA made, nothing shall be done to it. And worse of all, how is the PM going to pay his "Advisors"? It's from us "THE TAXPAYERS" money.

Aku tak halalkan walau sesenpun duit rakyat yang disalah gunakan oleh pemerintah BN sampai bila2.

Dear Tun Dr Mahathir Mohamad,

This piece of information the topic of your post, is scary.

As you know, Abdullah Ahmad Badawi, Is Mr Clean, In His Position as the Prime Minister Of Malaysia, He Can Do A Way To Gain, Yet, Come Out Clean. Scott free.

Is this his, A Possible Way, in a Move To Retain In Power Through His Power To Reward Those Who are After Being Rewarded Turned Loyalists.

It is true that Abdullah Ahmad Badawi is in a position to appoint from his party, his my UMNO, an individual, or individuals, to a position filling a vacancy, or creating a new position in order to assist him to run the country successfully.

The power to reward.

So far so good.

The finer point which is bad is that, Abdullah Ahmad Badawi now prefers to contest for the President Of UMNO position in the coming UMNO General Assembly and Leader Election. Of course, recently postponed.

Possibly Abdullah Ahmad Badawi is not getting enough nominations from UMNO Bahagian leaders, at this point in time.

So, Abdullah Ahmad Badawi has a lot to gain, appointing these individuals, as a form of reward, then these individuals turn loyalists, not only can each be giving nomination to Abdullah Ahmad Badawi, but also can up to influencing others to nominate Abdullah Ahmad Badawi at the UMNO Bahagian level.

Doing so to ensure an obtainment of 58 solid nominations, then, the rewarding is surely to Abdullah Ahmad Badawi's gain, especially to retain being in power continuously. Perhaps, until 1st June, 2100.

If this practice does not contribute to anything beneficial to the party or government, the Rakyat and Negara Malaysia, then, it is true this Mr Clean is NOT clean afterall.

Another point is, can these individuals be easily bought?

Scary!

By azharad on September 29, 2008 9:44 AM

Assalamualaikum Tun, semoga Tun suami-isteri dan keluarga berada dalam keadaan yang sihat hendaknya.

Tun,

Pada pendapat saya Pak Lah memang bukan layak menjadi seorang pemimpin, apatah lagi menjadi seorang pemimpin yang bijak.

Seorang pemimpin yang bijak akan selalu mendapat pendapat dan nasihat daripada pemimpin-pemimpin yang bijak dan ikhlas di dalam perjuangannya. Pemimpin yang bijak takkan contradict his statements, apatah lagi janji.

Tun,

Perlantikan Shahidan Kassim sebagai penasihat beliau bagi Wilayah Ekonomi Koridor Utara menunjukkan betapa daifnya dan terdesaknya Pak Lah untuk mendapatkan sokongan daripada pemimpin-pemimpin UMNO.

Kenapa tidak beliau melantik MB Perlis iaitu MD Isa Sabu sebagai penasihat beliau? Kenapa Shahidan? Satu tamparan tepat ke muka MB Perlis....apa nak buat..mungkin dia not as cunning and manipulative as Shahidan. Saya berani kata Pak Lah kurang bijak dan akan terus membuat keputusan-keputusan yang lemah pada masa yang akan datang.

Tun,

Shahidan dah menguasai Pak Lah, bukan sebaliknya. Salah satu contoh, Shahidan masih tidak mahu melepaskan jawatan Pengerusi Perhubungan UMNO Perlis kepada MB yang baru. Shahidan pernah membuat pernyataan kepada Setiausaha Politik MB Perlis bahawa beliau cuma akan melepaskan jawatan tersebut kepada Ketua Bahagian, kita tunggu dan lihat. Jika MB Perlis bijak, beliau mesti BERANI BERUBAH, bukan bermakna melawan pemimpin tetapi menegur jika ada perkara yang perlu dibetulkan, lagipun beliau harus sedar Pak Lah tidak menyokong beliau.

Tun,

Pak Lah 'buang' pemimpin2 berkaliber seperti Dato' Seri Radzi Sheikh Ahmad kerana Shahidan, siapa Pak Lah dapat? Zaid Ibrahim?!

Yang Disanjung Tun,

Saya bukan orang senang tetapi saya sanggup hidup secara sederhana daripada menjadi seperti sesetengah pemimpin yang kejam tetapi kaya.

Seperti dialog dalam filem P. Ramlee (Tiga Abdul)

Sadiq Segaraga: Tuan Penasihat?

Tuan Penasihat: 20 persen.....

Take care Tun, salam...

Selamat Hari Raya di ucapkan kepada Ayahanda Tun...ape yg telah terjadi kepada Shahidan dan yg sewaktu dengannya ini adalah telah ramai menjangka...saya sudah pasti dan tentu Ayahanda Tun mesti mengetahui terlebih dahulu dengan ape yg akan terjadi...Ayahanda Tun, saya risau dengan ape yg akan terjadi ini...ia boleh menyebabkan huru hara lagi di dalam parti...walaupun saya bukan penyokong sepenuh hati UMNO tetapi saya masih lagi ingin cube menyelamatkan bangsa saya yg semakin lalai dan leka...saya terfikir2 barang kali knp sebenarnya Shahidan dilantik menjadi penasihat kepada NCER?ape sebenarnya portfolio dia yg boleh menyebabkan dia dilantik untuk menjadi penasihat kepada projek mega angan2 pakdoglah ini?atau pun ini disebabkan masalah peribadi Shahidan sendiri...ada sesetengah kawan2 menyatakan yg isteri shahidan sendiri yang telah menyebabkan perkara ini berlaku..dia sendiri telah menjadi org panggil TOL GATE GIRL terhadap projek NCER ini pada masa shahidan menjadi menteri dahulu..so setelah tidak dilantik semula untuk menjadi menteri besar, itu yg menyebabkan shahidan kelanm kabut meminta pakdoglah surat sokongan dan juga berbagai cara lain untuk diberikan kepada Sultan bagi menerima semula shahidan untuk menjadi menteri besar...alhamdulillah nasib baik tak jadi balik menteri besar.kalau jadi taktau lah aper yg akan berlaku...so kemungkinan dijangkakan shahidan atau pun isterinya telah berjanji kepada kontraktor2 bagi memberi projek NCER kepada mereka....mesti berpuluh juta RM telah diterima shahidan terlebih dahulu semenjak projek NCER itu di rasmikan...so terpaksa pakdoglah membuat satu jawatan penasihat bagi membantu shahidan...ish2ishish..kesian shahidan...

1. The goings on in the UMNO Supreme Council are supposed to be secret. So it was quite a surprise when the press reported some important details regarding the Supreme Council's meeting on Thursday, September 18. What is even more surprising is that the reports expose the attacks against Dato Seri Abdullah Ahmad Badawi by several members of the council and their demand that the transfer of power

should take place before the divisional meetings which would nominate the candidates for President.

2. It appears that the words used by some of the members were very strong. Dato Seri Rafidah Aziz even attacked the roles played by Abdullah's son-in-law Khairy Jamaluddin and the PM's son, Kamaluddin.

3. So harsh were the words used that Abdullah's face changed and he was reeling from the onslaught when Dato Seri Najib Tun Razak, ever the protector of Abdullah, stopped the proceedings. Najib promised he would speak on the matter with Abdullah.

4. It seems that the other Supreme Council members were not happy as once again controversial council matters were made into private deals between Abdullah and Najib. It is the kind of negation of council rights that both Abdullah and Najib had frequently resorted to. The two would later come out with decisions which were unsatisfactory to the council members. Najib would then stress on the need to be united and loyal to the President.

5. This time around it is not going to be any different. When faced with a tricky problem Abdullah would consult his family members, usually his son and son-in-law but now also his wife.

6. It is well known that the family is enjoying the power and freedom to shape Abdullah's decisions based on their own personal interest i.e., to accumulate as much wealth as possible and to ensure Khairy's political ambitions, including to become the country's youngest Prime Minister.

7. By the time Abdullah meets Najib he would have been briefed by his family on what to say. And Najib being Najib would then accept Abdullah's solution to the problem. In this case he would want to insist on staying until June 2010 or maybe a short while before. Najib would then have the task of selling this solution to the Supreme Council. By doing so Najib would go down further in the estimation of the members and of the public when Najib's behaviour is leaked to the public.

8. When UMNO was formed the founders wanted to ensure that no decisions which seem to contradict the basis of the party's struggle would get through without the Supreme Council approving them. What happened to Dato Onn Jaafar, the first President (Yang di-Pertua) of UMNO is an excellent example. The President was not obeyed blindly. Instead because he proposed something contrary to the basis of the party's struggle, it was rejected and as a man of honour he resigned.

9. For almost 50 years the Supreme Council played this role. Thus when (Tun) Musa Hitam resigned as Deputy President of the party, the Supreme Council did not just agree with the President but sat until the early hours of the morning and then decided, the President's views notwithstanding, to send a delegation of senior members to London to persuade Musa to reassume his post of Deputy President of the party and Deputy Prime Minister. Musa agreed to return as Deputy President, though not as Deputy Prime Minister. And so he was well positioned to bring me down by persuading Tengku Razaleigh Hamzah to contest for president against me. Incidentally during his campaign to become UMNO Deputy President he claimed that I backed him.

10. But after Abdullah took over party Presidency and became Prime Minister the character of the Supreme Council changed completely. It became the personal instrument of Abdullah for approving and legitimising all and everything he did.

11. I believe on Thursday the worm turned partially. A few members found courage to demand the early resignation of Abdullah. Of course the "Yes-men" did not turn. The worm became so twisted that there is real danger it would break into two.

12. I suppose this would worry Najib who wanted a peaceful transfer of power in order to keep the party intact. So he is likely to accept any scheme which would allow Abdullah to relinquish his post in a blaze of glory.

13. Unfortunately Najib will not get his wish. There has never been a President of UMNO who is as much

disliked and even hated by the people as Abdullah. Malays, Chinese and Indians, whether members of the Government component parties or mere supporters or ordinary people all want Abdullah to go, the sooner the better.

14. The only people who want him to stay are those who owe their positions to him, or who benefited from contracts and other largesse distributed by him. For some, including civil servants there is just fear of him which keeps them silent but sullen.

15. Strangely the true supporters of Dato Seri Abdullah Ahmad Badawi as Prime Minister and UMNO President are members of the opposition. Karpal Singh, Anwar Ibrahim and Nik Abdul Aziz Nik Mat want him to stay, at least till the next election.

16. However it is not for love of him but because they believe that with him leading the Barisan Nasional the opposition stands a better chance of winning the 13th General Election and forming a Government. They feel they are within reach of their objective and did not want to see the renegades of UMNO, MCA, MIC, Gerakan and PPP returning to the fold and make defeating the BN probably an impossible task.

17. So much for the Supreme Council which is no longer Supreme.

MAJLIS TERTINGGI

1. Perbincangan di dalam Majlis Tertinggi UMNO sepatutnya rahsia. Jadi amat memmeranjatkan apabila akhbar melaporkan beberapa butiran penting berkenaan mesyuarat Majlis Tertinggi yang diadakan pada hari Khamis, 18hb September. Apa yang lebih mengejutkan lagi ialah laporan tersebut mendedahkan tentangan terhadap Dato Seri Abdullah Ahmad Badawi oleh beberapa ahli majlis dan desakan oleh mereka agar peralihan kuasa diadakan sebelum mesyuarat Bahagian-bahagian yang akan menamakan calon Presiden.

2. Difahamkan bahasa yang digunakan sesetengah ahli agak keras. Dato Seri Rafidah Aziz turut membangkitkan peranan yang dimainkan menantu Abdullah, Khairy Jamaluddin dan anak beliau, Kamaluddin.

3. Begitu keras bahasa yang digunakan hinggalah muka Abdullah berubah. Beliau nampak tertekan dengan desakan ahli majlis apabila Dato Seri Najib Tun Razak, yang sentiasa menjadi penyelamat Abdullah, menghentikan mesyuarat. Najib berjanji untuk bercakap dengan Abdullah berkenaan hal ini.

4. Difahamkan ahli Majlis Tertinggi yang lain merasa tidak puas hati kerana sekali lagi perkara kontroversi yang melibatkan majlis dijadikan bahan perbincangan tertutup antara Abdullah dan Najib. Menidakkan hak majlis adalah sesuatu yang sering dilakukan Abdullah dan Najib. Mereka berdua akan membuat keputusan yang tidak pun memuaskan hati ahli majlis. Najib kemudian akan tekankan betapa pentingnya untuk bersatu dan setia kepada Presiden.

5. Keadaan kali ini juga sama seperti sebelumnya. Apabila berhadapan dengan sesuatu masalah rumit, Abdullah akan meminta nasihat keluarganya, terutama anak dan menantunya termasuk sekarang ini isterinya.

6. Umum mengetahui keluarganya mempunyai kuasa dan kebebasan untuk mempengaruhi segala keputusan-keputusan Abdullah berdasarkan kepentingan diri mereka iaitu untuk mengaut sebanyak mana kekayaan yang mungkin dan untuk memastikan cita-cita politik Khairi termasuk untuk menjadi Perdana Menteri termuda.

7. Apabila tiba masanya untuk bertemu Najib, Abdullah sudahpun diberi taklimat oleh keluarganya tentang apa yang harus diperkatakan. Dan Najib akan terima apa sahaja keputusan Abdullah untuk meleraikan masalah yang timbul. Di dalam kes ini, Abdullah akan tetap dengan pendiriannya untuk kekal hingga Jun 2010 atau mungkin awal sedikit sebelumnya. Najib kemudian akan ditugaskan untuk

"menjual" keputusan ini kepada Majlis Tertinggi. Dengan ini Najib akan lebih dipandang rendah oleh ahli majlis dan rakyat apabila sikapnya ini didedahkan kepada umum.

8. Apabila UMNO ditubuhkan, pemimpin terdahulu memastikan yang tidak akan ada keputusan-keputusan yang bercanggah dengan asas perjuangan parti dibuat tanpa terlebih dahulu mendapat kelulusan Majlis Tertinggi. Apa yang terjadi kepada Dato Onn, Yang di-Pertua UMNO yang pertama merupakan contoh terbaik. Presiden tidak diturut secara buta-tuli. Sebaliknya apabila beliau mencadangkan sesuatu yang bercanggah dengan perjuangan parti, cadangan beliau ditolak dan sebagai seseorang yang mempunyai maruah, beliau telah mengundur diri.

9. Selama lebih kurang 50 tahun, Majlis Tertinggi memainkan peranan ini. Demikian apabila (Tun) Musa Hitam meletak jawatan sebagai Timbalan Presiden parti, Majlis Tertinggi yang bersidang tidak bersetuju bulat-bulat dengan Presiden, sebaliknya bermesyuarat hingga ke awal pagi dan membuat keputusan, walau apa juga pendapat Presiden, untuk menghantar satu delegasi yang terdiri daripada ahli-ahli kanan majlis ke London untuk memujuk Musa menerima kembali jawatan Timbalan Presiden parti dan Timbalan Perdana Menteri. Musa bersetuju kembali sebagai Timbalan Presiden tetapi tidak sebagai Timbalan Perdana Menteri. Dengan itu beliau berada di landasan yang baik untuk cuba menjatuhkan saya dengan mempengaruhi Tengku Razaleigh Hamzah bertanding jawatan presiden menentang saya. Secara kebetulan semasa berkempen untuk bertanding jawatan Timbalan Presiden UMNO, beliau mendakwa mendapat sokongan saya.

10. Tetapi apabila Abdullah mengambil alih Presiden parti merangkap Perdana Menteri, perwatakan Majlis Tertinggi bertukar. Ianya menjadi alat peribadi Abdullah untuk melulus dan menghalalkan apa sahaja yang beliau buat.

11. Saya percaya pada hari Khamis keadaan ini telah berubah sedikit. Beberapa orang ahli telah berani meyuarkan desakan supaya Abdullah melepas jawatan awal. Sudah tentulah penyokongnya tidak beralih arah. Demikian ada kemungkinan majlis pecah dua.

12. Saya rasa ini merisaukan Najib yang hendakkan peralihan kuasa secara aman supaya parti tidak pecah-belah. Oleh itu dia akan terima apa sahaja cadangan yang membenarkan Abdullah lepaskan jawatan dengan penuh kegemilangan.

13. Malangnya Najib tidak akan capai impiannya. Tidak pernah ada Presiden UMNO yang begitu sekali dibenci rakyat seperti Abdullah. Melayu, Cina dan India, samada ahli parti komponen Kerajaan mahupun penyokongnya atau rakyat kebanyakan kesemuanya mahukan Abdullah mengundur diri. Lagi cepat lagi baik.

14. Yang mahukan beliau terus pegang jawatan adalah mereka yang kedudukan mereka bergantung kepadanya, atau mereka yang mendapat untung daripada pemberian kontrak dan sebagainya oleh beliau. Bagi sesetengah yang lain, termasuk kakitangan awam, hanya ketakutan terhadapnya yang menyebabkan mereka tidak mahu bersuara tetapi mereka tetap marah.

15. Yang peliknya ialah yang benar-benar menyokong Abdullah sebagai Perdana Menteri dan Presiden UMNO adalah pembangkang. Karpal Singh, Anwar Ibrahim dan Nik Abdul Aziz Nik Mat hendakkan beliau (Abdullah) kekal sekurang-kurangnya hingga pilihanraya akan datang.

16. Tetapi ini bukanlah kerana mereka sayang kepadanya tetapi kerana mereka percaya dengan beliau mengepalai Barisan Nasional, pembangkang mempunyai peluang yang lebih cerah memenangi pilihanraya umum ke-13 dan mendirikan Kerajaan. Mereka rasakan yang mereka hampir mencapai matlamat mereka dan tidak mahu golongan yang memberontak di dalam UMNO, MCA, MIC, Gerakan dan PPP kembali kepada parti dan menyukarkan usaha mereka untuk kalahkan BN.

17. Begitulah Majlis Tertinggi yang tidakpun lagi tinggi.

salam buat Tun,

Abdullah Badawi sememangnya dibenci oleh rakyat kerana selalu tunduk dengan nasihat menantu
kesayangannya.Sebaiknya dia menasihatkan menantunya supaya berhenti dari berpolitik dan ianya baik
bagi mengelakkan persepsi masyarakat tentang hubungan kekeluargaan mereka.Begitu juga dengan
anaknya dalam Scomi.Syarikat ini tak pernah kita dengar sewaktu era Tun tetapi menjadi popular apabila
Pak Lah memerintah.Begitu juga dengan ECM Libra tak ramai yang tahu.Nampaknya Pak Lah tak mudah
untuk berundur kerana kepentingan Khairy dan Kamaluddin harus diperkukuhkan dulu.Maka akan
ramailah rakyat beralih memilih pembangkang kerana mereka bencikan Abdullah, Khairy dan Kamaluddin
yang memerintah negara.UMNO akan terus dibenci oleh non-malay kerana jika mereka menyokong
MCA,GERAKAN atau MIC, bermakna mereka juga menyokong Abdullah dan keluarganya menerajui BN.
By adamjohari on September 23, 2008 6:13 PM

Metaphorically, Dato Seri Rafidah Aziz got some balls. Good job. I applaud the other high committee

members who voiced out their opinions as well. Take Pak Lah down for the survival of BN. I wonder if he will even win in the December elections... I highly doubt it.

It is just a matter of time, a short period of time to be precise, before the downfall of Pak Lah.

3) BERTAUBATLAH wahai paklah, kamu tu dah banyak terlanjur melakukan kesalahan dan penyelewengan kepada rakyat Malaysia.

Dear Tun,

Nice to know your input about the whole MT of UMNO.

It seem this is not UMNO or BN era anymore, everything is just getting worse by the days and months. With the current progress, surely it is suck into an Abyss!

Uncertainty is the word of the day. True, as long the current CEO of the country is still there then BN and even UMNO would be a laughing stock and simply fade away.

The By-Election in Permatang Pauh was indeed a good test to see whether the rakyat is still with BN/UMNO or not. Looking at the results, clearly shows that BN needs to totally buck up and revamp starting from the top. Again, it is not happening.

Today's leaders have personal agenda to ensure certain individualistic goals or dreams will be come a reality in the expense of the rakyat.

We just have to pray and continue the struggle in the name of democracy, stability, and security.

Cheers!

Assalamualaikum Tun,

Fear of losing what they LOVED most, is what causing us to react instead of making correct decision and action. What we see in the events folding currently in our beloved country, is a bunch of oldkids trying to hold on to what CANDies that they have taken. Life is too short for all that. May Allah blesses us all.

Salam Tun,

Your blog is so popular that within 2 hrs of new log, the comment would reached the hundreds.

1. On Barisan National II, I would like to say that it is not true that the Chinese are angry with the Malay or vice vesa, far from it I think the general population get along rather well, excluding those who are politically motivated.
2. You mention that other component parties should make a stand to remove Umno leadership. That I think would be totally unwise, especially for a non malay party to criticise a malay(Umno) party leadership. You see here too create racial sensivity.
3. Here is one fine example of racial party many short comings. This one says that other races has no control over the selection and removal of the head of Umno hence head of BN.
4. The merit of a non racial party is that for a Malay political figure to advance his political career. He must not be too ultra or he will risk losing the chinese members support. Whereas a Chinse political figure will try to take care of the Malay interest or else he could not gather support from the majority Malay members.
5. All BN component parties should be dissolved to form a single BN party. That I think will rid Malaysia of racist politics.

Sorry Tun for posting BNII comment this here.

Assalamualaikum,

Tun,

Saya ingin membuat kesimpulan dari perspektif rakyat,

"UMNO merupakan satu pertubuhan yang lemah dari segi sistem dan perlaksanaannya. UMNO merupakan ruang bagi mereka-mereka itu mencari keuntungan dengan jalan mudah. UMNO merupakan satu langkah mudah untuk menjadi pemimpin, tidak kira pemimpin yang baik atau yang buruk. Dan ketika akhir zaman ini (tak perlu disangkal lagi) lebih ramai pemimpin yang keji dan tidak terpuji mengisi ruang, dan UMNO seperti ruang 'pengkulturan' yang sempurna".

Tun,

Sila perbaiki kelemahan UMNO.
Kami rakyat hanya menilai dan sekali sekala memberi pandangan.

Hanya pendapat.

Assalamualaikum Tun.

I just hope that those voices who boldly spoke of the grassroots' dissatisfaction would always be heard. Hopefully their courage would not whittle down to meaningless ashes.

This is indeed an interesting turning point of event. The DPM has an enormous task ahead of him. I just pray that he's able to withstand the onslaughts and backlash from those who're not comfortable with the speeding of the power transition.

Whatever it is, politics is politics and health is health. Take care of yours my beloved Tun. As well as your family.

Take very good care.

Salam,

Tun seems to know the process here so well, maybe because he was doing similar things during his admin. Largesse to loyalists and all....

By the way I read a very nasty comment in a singapore blog by a singaporean and here it is:

"Mahathir and his kuncu2 used to say that Singapore could achieve what it did because it is small".

And this singaporean went on:

"So I say, why don't those fools just carve their country into 10 small pieces each with lesser population than Singapore and then voila they will have 10 great countries run by 10 bunch of stupid Malays!

So easy also don't know more?

So you see Singapore has many racists too!

But the idea of carving smaller pieces to easier manage...Hmmm..Tun might want to consider...since it is not corruption that did us in.

Mucho Gracias!

Salam TDM,

Agak pelik dengan perangai ahli UMNO ketika ini terutama ahli MT. Adakah mereka ini semua kini berjuang untuk diri masing-masing? Jika ya, patutlah mereka diam menikus. Orang biasa kata dah takde telur.

Perkara begini memang terjadi apabila matlamat perjuangan parti diperibadikan. Ahli MT kini hanyalah seperti 'puppet' tidak boleh bersuara, tidak mahu bersuara, tidak didengar suara, tidak tahu nak bersuara. Entahlah, nak berpolitik tapi tak tahu caranya. Lebih baik berhenti jadi PM, TPM, menteri, ahli MT dsbgnya. Berilah peluang kepada mereka yang sayangkan Malaysia untuk memerintah bukan mereka yang sayangkan KELUARGA.....

Assalamualikum Ybhg Tun & famili selamat berbuka puasa.

1. Kepentingan peribadi dan keluarga mengatasi segalanya maka kepentingan rakyat sebagai amanah Tuhan tiada makna lagi. Ini adalah lumrah bagi org di Tuhan kuasa, pangkat dan kekayaan. Jelas dlm Al-Quran menceritakan banyak kisah sebegini, seperti ketamakan manusia yg tak akan cukup dan bersyukur.

2. Dalam hal DSAAB ini bukan setakat harta, kuasa & pangkat tetapi kemungkinan menjurus kepada MARUAH beliau. Sesiapa pun tak nak di cop sebagai Pengkhianat atau org yg Gagal. Apa yg sedang DSAAB buat sekarang ialah cuba memperbaiki kerosakan.

3. Apa yg merisaukan rakyat ialah takut nanti jadi seperti 'TIKUS MEMBAIKI LABU'.

4. Persoalan yg sering saya komen ialah bagaimana suarax ketidakpuasan hati terutama dari Ybhg Tun dapat diambil kira sebagai 'inspirasi keramat' yg perlu diguna pakai oleh MT UMNO untuk membuat keputusan?

5. Fikirkanlah.

Wuallahualam.

Tun,

To get back the confidence from the rakyat; firstly, the country economy must be strengthen. Secondly, PM & Samy must step down NOW. Thirdly, BN components parties must be united and carrying out frequent discussions. Fourthly, stop playing racial cards by all BN components parties. Finally and most importantly, get rid of the evil Anwar.

Jenis ketua apakah kita jika barisan belakang yang diharapkan akan menyokong turut sama mendesak kita berundur.

Umno mempunyai tiga naib presiden. Muhyiddin, Ali Rustam dan Isa Samad yang dibekukan. Selain mereka, Rafidah dan Hishammudin juga adalah pemimpin sayap utama. Muhyiddin, Rafidah, Hishammudin telah lantang bersuara mahukan perubahan di dalam pucuk pimpinan. Isa Samad juga, walaupun 'di luar' mahukan perubahan. Pendekata, kepimpinan tertinggi Umno mahukan perubahan. Malunya kita berpresidenkan orang macam ini!

slmt berpuasa tun dan keluarga,

saya harap ahli majlis tertinggi akan lebih berani menyuarakan apa yg benar, mungkin akan hilang pangkat mentri/t/mentri dan dari membiarkan perasaan tanggung jawab pd rakyat yg dikorbankan atau dibuang begitu saja. rakyat akan buang tuan bila pru 13 nanti atau setelah pkr berkuasa dan memusnahkan negara ini.

harap ahli mt umno bertanya atau turun kabawah dengar apa rakyat cakap, orang melayu.cina, india yg rata rat dah meluat dengan kerajaan skg ni.

saya ada ramai kawan peringkat bawah dan pertengahan dlm usia 30-40tahun. mereka ini yg tengah bertenaga dan mewarna dan gambaran perasaan rakyat.antara 10 orang cuma satu/dua saja yg masih boleh tungu dan lihat dan berharap kerajaan akan buat sesuatu perubahan.yg lain dah meluat dan mengeluh dengan gawat poket dan segalanya.

saya harap ayahanda tun cepatlh tubuhkan atau buat sesuatu bagaimana kami semua yg tak ahli umno ni nak buat perubahan,kami sayang kat negara malaysia ni.

harap ada ahli mt yg sedar akan tanggung jawab mereka bercakap benar dan feham suara rakyat ni, paklah harus terima untuk berundur dan rakyat akan hargai dan kenang juga paklah.

LJ

By dzulman on September 23, 2008 6:57 PM

Assalamuailaikum YABhg Tun;

Tidak salah jika di katakan UMNO sekarang sedang tenat dan Kerajaan pula terumbang ambing. Tidak pernah berlaku percakapan dalaman UMNO kian rumit dan anggota kabinet membuat kenyataan umum yg bertentangan dengan dasar Kerajaan. Ini adalah kerana kepimpinan yang tidak berkesan dan tidak dihormati.

Mesuarat MT kali ini ramai mengetahui berlangsung dalam keadaan tegang dan panas. Iron Lady dikatakan yang lantang sekali meminta Pak Lah turun dari "tahta" sebelum Okt 08. Seperti kata Tun tak mungkin Pak Lah akan akur kerana desakan dari "kitchen kabinet" adalah lebih berpengaruh. Jika demikian dijangka krisis akan melanda bukan saja UMNO malah sudah tentu negara. Anwar menunggu dipinggir dan akan menanggung di air keruh. Tidak mustahil Anwar atau elemen elemen yg dibawahnya memainkan peranan dibelakang tabir untuk terus memprovokasi situasi ini supaya menjadi lebi kusut.

Di bulan yg mulia ini tidakkah ada sesiapa yg boleh membuka pintu hati Pak Lah untuk menerima hakikat bahwa masanya sudah tiba untuk berundur secara terhormat. Jika bersempang dengan 10 orang khususnya Melayu, 8 diantaranya mengeluh dan kesal Pak Lah jadi PM. Difahamkan dia sudah dimaklumkan tentang reaksi rakyat tetapi dia masih tidak percaya. Marilah kita beramai berdoa negara ini selamat dan Pak Lah boleh menyelamatkannya dengan berundur dalam waktu terdekat ini tanpa berdolak dalik lagi.

Salam Tun,

Siapakah yang mengancam (Threat) sebenarnya, UMNO, Pak Lah atau Anuar Ibrahim? Kalau dilihat keadaan sekarang, saya berpendapat bahawa UMNO dibawah pimpinan Pak Lah yang mengancam ekonomi, kesejahteraan serta perkauman negara. Kerana Pak Lah seorang, ramai pemimpin yang menolak kepimpinannya terpaksa berbohong kononya masih menyokongnya. Kalaulah Pak Lah bertanggung jawab atas kemerosotan PRU-12 dengan meletakkan jawatan, saya rasa keadaan hari ini tidak berlaku. Lihat sahaja kerajaan Jepun, PM tawarkan diri untuk meletakkan jawatan dan bukannya atas desakan rakyat atau pemimpin lain.

Banyak keputusan yang telah dibuat tidak mendapat sokongan ramai, umpamanya kes Ahmad Ismail, kerana beliau orang lain yang menjadi mangsa ISA. Lagi lama Pak Lah bertahan, lagi banyak peluang pembangkang meraih kepercayaan rakyat.

Tun, saya sokong dari dulu lagi cadangan Tun supaya Pak Lah meletakkan jawatan. Tapi siapalah saya ini, ahli umno pun tidak, wakil rakyat pun tidak. So, Tun join la balik UMNO dan kembalikan kepercayaan orang ramai terhadap UMNO serta Barisan Nasional. Kalau Tun bersuara je, tentu mendapat perhatian.

Selamat berbuka puasa Tun.

Macam mana boleh wajar ahli SAPP keluar BN jadi Timbalan Ketua Menteri Sabah?.....

Kalau dia sudah keluar SAPP, dia da tak ada parti.....Bolehkah dia jadi Timbalan Ketua Menteri.....

Sabah kata wajar.....

Pelik juga ya UMNO dan BN ni sekarang, parti cowboy.....

Salam, semoga Tun sihat sejatara.....

Hi Tun,

AAB ain't really that useless... he should at least be credited for his ability to deceive you in accrediting him as the current PM. Same might applies to probably, the in-power DPM. ^_^

Selamat Berbuka Puasa Tun.

Dear Tun,

The UMNO Supreme Council members have now become as haprak and HP6 as their President. There is not much to look forward with these council members. As what you rightly say they are no more supreme. The Supreme Council is no more respected by the grassroot members and the rakyat.

They are like a bunch of "clowns" who don't deserve to be appointed at all by the grassroot members as supreme council members. Habiskan boghas je !!.

NOW IS THE TIME TO KICK THEM OUT COME DECEMBER.

The following people must be out totally from the UMNO Supreme Council;-

1. Pak Lah
2. Najib
3. Mat Tyson
5. Shahidan
6. Anuar Musa
8. Tengku Adnan

These people are DEADWOOD and hopeless. Kaki "bodek". UMNO akan hancur kalau pemimpin begini masih dikekalkan. Bermakna ahli-ahli UMNO pun sama 2 X 5 !!

By Orang Edgecumbe Road on September 23, 2008 7:16 PM

Ayahanda Tun, how r u? My apology for not been writing to you for a while now. Busy preparing my research proposal. Back to this issue, why can't some of the supreme council think aloud? or is it simply they do not have the courage to speak their mind? Or they are too worried that their seats in the government at risk if they go against PM? As ordinary rakyat, I am so worried that this hypocrisy will continue, thus eventually destroys the Malay Unity and this country for good. UMNO - United Malay is not so united now. I pray to Allah in this Holy month of Ramadhan, for our country's dignity to be restored once again. I have another query, a few moths ago you said that you will not join UMNO until Pak Lah resigns? Why did you announce recently that you are making a comeback? whatever it is, I'm sure you have made the right decision. I admire you Ayahanda. I know you are making another witty move. I'll support you. No one will ever replace you Ayahanda. May Allah grant you the very best of health and be strong...for all of us..Love you Ayahanda Tun.

Salaam Tun,

There is at least light the end of the tunnel to know that some of Supreme Council members at last woke-up from their long dream to say the truth to AAB, though it is too late.

However, I always believe 'better late than never'(Lebih baik LEWAT, jangan LIWAT). Please do not ever forget if its too late to take action to get rid AAB, UMNO will die and become The Late UMNO (not UMNO yang Terlambat) tapi Allahyarham UMNO, like the Late Bruce Lee, the Late Princess Diana etc.

Supreme Council members should be the hope of the grassroots of UMNO to express any disagreement

towards President. That's why it is called 'Supreme', because byright the member of the Supeme Council must listen to the grassroots and become an effective postman to deliver the grassroots message without fear to the President.

I wonder as to why those Supreme Council members are so deaf and so blind to see AAB leadership is the 'Mother of All Disasters' at least to the Malays. Even blind man like Stevie Wonder can differentiate good melodies from the irritating one. How on earth our honourable Supreme Members can't hear how sumbang is the style of AAB premiership.

Over here, the Labour party is currently having its Annual Conference in Manchester. Though Gordon Brown used to be an excellent Chancellor Of Exchequer. But now when he seems to be a new 'Badawi' in UK politics, he has been attacked left and right even by his own Cabinet Minister, David Milliband. The British people are traditionally very gentlemen and will use of diplomacy to tell the truth, yet this time they are blatantly and openly attack the PM Gordon Brown. Why on earth in Malaysia our Supreme Council members are so penakut and pengecut.

I bet my Jakarta ex-colleague, Suparjo is more 'supreme' in term of the ability to evaluate personalities when compared to this so-called Supreme Council members!

Japanese Minister resigned over rice issue

Chinese Minister resigned over contaminated milk scandal

Olmert resigned over corruption scandal

Thabo Mbeki resigned over party dispute

and all of them resigned without conditions or dilly-dally transition, all for the sake of unity, party and country, not for themselves. And Malaysia?

Abdullah masih tidak mahu mengalah, peralihan tetap pd 2010. Jika perkara ini tetap berlaku, BN akan hancur. pernahkah di kaji sekarang ini, berapa ramaikah ahli di cawangan? berapa ramaikah ahli yg hadir di mesyuarat cawangan? Mereka tetap berdiri di atas pagar menantikan detik Abdullah meletak jawatan segera. Terdegar suara jika sehingga pemilihan disember ini Abdullah tetap dengan pendiriannya, maka UMNO akan menjadi sejarah! Percayalah, pada ketika ini sebahagian org2 di UMNO bahagian hanya mementingkan poket, bukan mementingkan bangsa melayu. Mereka menuruti pendekatan Abdullah, mereka menuruti pendekatan Khairy. Lihat sahaja pada pemilihan jawatan cawangan, hanya membacakan senarai nama pemegang jawatan, itupun setelah dipaksa. Tidak seperti dulu, bila ada pemilihan jawatan, masing2 berebut utk memegang jawatan! Pada ketika itu mereka mahu dipilih tanpa paksaan untuk berkhidmat kepada masyarakat.

Dahulu masa zaman Tun, adakah yang boleh mempersendakan BN? Nik Aziz? jauh sekali. Langsung tidak di endah. Nik Aziz hanya di puji sebagai guru agama, tidak lebih dari itu. Lihatlah sekarang, pemikiran nik aziz pun kotor, semata2 ingin menjatuhkan BN, sanggup berkerjasama dgn DAP. semua sudah tahu siapa DAP. Barulah kita tahu apa motif PAS sebenarnya. Bukan kerana asasnya ingin menegakkan Islam dan Melayu, tetapi menegakkan poket minda sempit mereka. Islam hanya dipolitikkan.

Kenapa Anwar masih megusik Abdulah? Usikan Anwar berlarutan bukan kerana Abdullah tidak berani, tetapi tiada siapa di peringkat bawah mahu menangkis setiap serangan Anwar dan membantu Abdullah. Kenapa? Lu pikirlah sendiri.....

Kami diperingkat bawahan bukan mahu suara kami di ikuti, tetapi cukuplah jika boleh diperhalusi. Apa yg kami suarakan hanyalah untuk UMNO terus cemerlang dan berkerlipan.

Memilih khairy sebagai ketua pemuda UMNO, akan mengelapkan lagi UMNO di masa akan datang. Fikirlah sejenak demi agama bangsa dan agama. Buangkan lah sementara pemikiran keduniaan diri.

Salam wrt.

I personally think that Najib would not make much difference from Pak Lah if he assumes the role of Prime Minister.

I am quite surprised to see that he enjoys good support from the grassroots since he seems to be disconnected from the ordinary people that yearn for a more capable leadership in the government.

I hope you can do more to endorse the nomination of Ku Li as the President of UMNO.

Selamat Berpuasa and Salam Aidilfitri.

The cowardly Umno leaders have grown a spine, apparently.
And it's mostly thanks to you, Tun!

I feel your previous comments here against their cowardice - being mere "Yes-men" and head-nodders even when Umno, the BN and the country was going down the drain - have finally shamed some of them enough to at least voice out. I feel this has been one of your most important contributions to everyone since after the Permatang Pauh debacle.

But we are dealing with a shifty character here; who has deceitful and powerful minders behind him in the form of spin-doctors and assorted goons (but in respectable suits) who have been protecting his regime all this while by trying to create "false impressions and perceptions" in the minds of various leaders and the people. And they are busy at work fighting for his survival and won't stop until he gets booted out.

I've informally enlisted to join your noble cause to help set things right in Umno. I don't have much resources, but I do have my laptop and GPRS 53.6Kbps Celcom Internet connection, and I'll do what I can "my way". But I hope those with the resources could help me "with what they can".

What had really resulted from that Umno meeting:
UMNO Supreme Council & media 'kena kencing' by drug-addicted President!

Assalamualaikum Tun

Semasa Tun jadi PM dulu lagi saya dah tak suka Pak Lah. Bila Tun memilihnya saya berasa amat kecewa yang teramat sangat. Semasa Pak lah jadi timbalan Tun saya tidak nampak sebarang inovasi atau idea bernas yang beliau lahirkan. Saya paling tidak suka mendengar ucapan beliau, tidak menarik langsung. Berlainan dengan ucapan Tun, bernas, bersahaja ada unsur humor yang boleh mematahkan hujah lawan sampai arwah ayah saya yang pada satu masa penyokong fanatik PAS boleh mengakui Tun benar - benar hebat dan tidak pernah ketinggalan mengikuti ucapan Tun di Perhimpunan Agung Umno. Saya pula akan berasa rugi jika tidak dapat mendengar ucapan Tun semasa perhimpunan Agung Umno. Sayangnya sehingga ke hari ini saya tidak kesampaian untuk berjumpa dengan Tun. Ikhlas dari saya buat Tun.

Runsing dengan keadaan politik di Malaysia sekarang ni...

By Mozafar on September 23, 2008 8:03 PM

Salam Tun.

Dengan tabiat Najib yang terlalu lemah untuk mengasaskan sesuatu yang tegas demi menegakkan martabat MT dan UMNO yang tercalar, adakah wajar untuk menaikkan Najib sebagai PM selepas AAB.

Kemungkinan besar tindakan sama akan diharapkan Najib kepada timbalannya dan majlis tertinggi jika memegang tampuk kuasa sebagai PM akan berulang. Bahkan sudah tersebar luas melalui tulisan2 RPK sebelum ini bahawa Najib takut bini dan terbiasa ditengking dan diherdik oleh isteri sendiri. Dahsyat sungguh.

AAB jadi PM, 3K yang berkuasa. Najib jadi PM, Rosmah menentukan segalanya. Malaysia bergelora dalam kedua2 zaman.

By riotersjb on September 23, 2008 8:05 PM

salam tun,

pada hemat saya, jika perdana menteri tidak meletakkan jawatan dengan kadar segera, pihak pembangkang akan menggunakan sepenuhnya peluang ini untuk merosakkan lagi keyakinan rakyat kepada UMNO, dengan cara sedemikian, sebenarnya perdana menteri memberi ruang yang terbuka

supaya proses "PEMBENCIAN" rakyat kepada pemerintah akan berterusan walaupun setelah "PENGANTI" yang baru dari parti UMNO memegang tampuk pemerintahan. kesan dari tindakan beliau ini menjadi duri dalam daging kepada para pemimpin UMNO memulihkan semangat dan kepercayaan rakyat kepada parti.

salam TUN,

biasa lah TUN, ramai pemimpin sukar nak leatk jawatan tinggi yang mempunyai banyak kuasa untuk letak jawatan walaupun ramai pengikut nya yang dah tak suka kepada nya. Macam-macam lah alasan yang diberi kononnya banyak tugas yang belum selesai..entah apalah tugas yang maha penting itu sehingga kan macam tak de orang lain yang boleh melaksanakannya.

Yang peliknya dikatakan kedudukan PM sekarang memerlukan endoresment dan keputusan mesyuarat peringkat bahagian, Tup-tup keputusan mesyuarat diperingkat beberapa perhubungan negeri telah pun memutuskan untuk menyokong tempoh peralihan yang telah dibuat diperingkat pusat.

Jika begitu jadinya, macam mana ahli/perwakilan diperingkat bahagian hendak menyatakan pendirian mereka apabila diperingkat perhubungan negeri (yang diwakili oleh ketua-ketua bahagian berkenaan) telah mendahului mereka didalam hal berkenaan....banyak pelik betul...

Memang itulah yang selalu terjadi jika timbul isu kepimpinan...strategi ialah awal-awal lagi peringkat tertinggi dah bagi petunjuk supaya tiada sesiapa yang boleh menyata pendiran selepas itu. Jika ada pun yang berani maka dia akan dilabel sebagai ahli yang tidak patuh kepada keputusan pemimpin.

Walaubagaimana pun, jika dilihat dalam TV semalam mengenai keputusan yang diumumkan oleh seorang timbalan ketua perhubungan negeri, saya nampak ada juga muka-muka ahli mesyuarat itu dengan air muka yang kelihatan semacam tidak puas hati...Mungkin dalam hatinya dia berkata lain...Tetapi mungkin alam hal berkenaan dia mengambil keputusan jika tak dapat ubah baik join sekali walau tak setuju...sekurang-kurangnya kedudukan dia selamat...Aduhai UMNO apa nak jadi la ni...Dato SM Salim sepatutnya dulu dah buat lagu untuk UMNO ni...haha...

Yang Berbahagia Tun,

Precisely why everyone is talking about the need to see the PM and DPM go and go quickly. Just listen to what the masses are talking about at all those cafes and pubs in the city and you will know how sad it is for UMNO and this country.

Khairy as the youngest PM? My my, bad enough for helping his senile father in-law to lose 5 states and with Anwar staring from across the bench in parliament, does he want to see the country really go to pots??

UMNO youth must wake up and throw this man out and put Mukriz in as the next Youth Leader.Enough is enough!

Thank you Tun for sharing the truth about the Supreme Council with us. God Bless!!

Salam Tun,

Jika beginilah keadaannya hingga 2010 pasti UMNO TUMBANG.. Sudah terbukti TPM Najib hanya mengikut telunjuk, dan saya pasti beliau tidak akan menjadi PM sampai bila2. Prinsip perjuangan dan strategi mereka berdua ni makin menjadikan rakyat meluat.

I suppose it is time for Tan Sri Muhyiddin Yassin go all out for the UMNO President post and Dato Mukhriz as a Pemuda Head.

Saya yakin dan percaya jika kedua2nya berjaya menguasai tunjang UMNO ini, pasti kita akan melangkah lebih jauh dan UMNO akan terus relevan memartabatkan prinsip perjuangan agama, bangsa dan negara yang telah pupus sejak gandingan Pak Dollah dan Najib.

Sepatutnya selepas 8 Mar sudah mesti memberi tekanan pada AAB untuk letak jawatan serta merta dan mungkin ada harapan untuk BN. Tapi sekarang, tunggulah kalau matahari terbit dari barat mungkin ada harapan.

AAB bukan saja presiden paling dibenci, tapi yang terbodoh sekali dan yang paling mengaibkan nama Malaysia.

By The Simple Man on September 23, 2008 8:42 PM

Dear Tun,

I don't believe that Anwar and the other opposition leaders want him there. You are wrong about that as so much of damage has been done by his administration both economically and socially. He is not only under pressure in his party but also pressure from the opposition to meet or reconvene Parliament. I am a businessman and i tell you its hell out there. There is really no confidence in the market domestically. Its tough Tun and even banks are more than extra careful nowadays. All this is due to BN Govt. under Pak Lah in the last 5 years. There is no one in the BN today looks to have the capability of running the country. Their MSM's are no better too.

I am not sorry to say this but seems like the end is nigh for BN. Go to the grounds TUN and you will mostly see support for Pakatan and that is the truth. From Pak Lah to Najib to Alba Botak to Samy to OKT and the others in BN most of the Rakyat don't trust you guys anymore.
By mrnawie on September 23, 2008 8:48 PM

salam buat TUN N Family,

I have said all along that the survival of other race base parties in Barisan much depend on a stronger UMNO which sadly is at it weakest period. Though this parties can capitalise this moment of weakness by asking and getting alot of concession for the benefit of the race they represent, this is actually short term gain. In the long run it creat disharmony and even more dissatisfaction among the races which eventually led to the downfall of us malaysian.

The coalition ie Barisan by far is the best suited model for us. The culture of tolerance, respect and compromise has been norture for the past 50 years. The University Merdeka was a big issue back then but look what UTAR has achive now! Lee Liong Sik manage it again the backdrop of a very strong UMNO back then.

As such it is not to the best interest of other Barisan members to have a weak UMNO. It about time the big three ie MCA, MIC and Gerakan to be more vocal in demanding changes in UMNO leadership. Why ask for the sacking of Ahmad Ismail only, because if you don't change the current UMNO leader alot more Ahmad Ismail will be allow to surface!

After the last election, Lim Keng Yaik was among the first to critices the current leadership. If you love this nation sir you should not stop talking. Lee liong Sik must not play the elderly statemen in MCA only. You know what it take to run this country. Together with TUN, the three of you can effect changes to our leadership non leadership. If UMNO members are too scared to change their Presiden, uoy guy should take charge, after all Ghaffar Baba use to run MCA once upon a time. Good Luck Sir, Sir and Sir!

By coolrontin on September 23, 2008 8:49 PM

Good evening Tun,
Hope you read through my comment. Sometime, i felt curious why parties in BN never voice out their view against Pak Lah when they suppose to have the rights to do so..besides UMNO members. If they do so, i believe pak lah can't even stand as the prime minister. It should be the voice come from all parties rather than from a few of the UMNO members as most of the others still afraid of speaking out loud...hope to get feed back from you....

Thanks

Salam Ybhg. Tun,

Memang saya faham betapa sayangnya Tun terhadap UMNO dan BN. Dari awal lagi Tun telah menggesa agar sesuatu perlu dilakukan untuk menukar 'captain' yang sedia ada. Dan memang ramai juga tidak sanggup berbuat demikian kerana takut hilang pengaruh, jawatan dan harta pencarian.

Keadaan sudah menjadi semakin gawat. Adalah sangat-sangat diharapkan agar mereka yang benar-benar sayang terhadap negara ini akan melakukan sesuatu yang drastik demi masa depan negara pada pemilihan UMNO hujung tahun nanti.

Saya secara peribadi tidak mahu negara ini berpecah menjadi 3 buah negara yang berasingan kelak hanya kerana mengejar ego seorang bapa mertua.

Maaf, Ybhg. Tun kerana saya bukan ahli UMNO. Saya cuma sorang rakyat marhaein yang berlindung di sebuah negara yang dinamakan Malaysia.

Pemimpin selepas ini perlu mempertingkatkan lagi kerjasama antara semua kaum di Malaysia.

Malaysia ini bukan hanya Melayu, Cina dan India sahaja. Jangan lupakan kaum Malaysia yang sebelah sana iaitu Iban, Melanau, Bidayuh, Iban, Kadazan, Bajau, Dusun, Murut dan lain-lain.

Hairan juga Tun, kadang-kadang sesetengah kita hanya melabelkan 'Malaysia' itu cuma sebelah Malaya sahaja. Lebih ganjil lagi ada juga mempersoalkan kepada saya 'Kalau kau kat sana (Malaysia Timur) kau pakai matawang apa?'

Ini sesuatu yang serius. Jangan lagi ada parti komponen Malaysia Timur yang akan menjejaki SAPP lagi selepas ini. Seperti biasa bapa mertua itu sentiasa tidak akan mengendahkan apa-apa yang berlaku di sekelilingnya.

Selamat Hari Raya kepada Ybhg. Tun dan Keluarga.

Minta jasa baik Ybhg. Tun untuk menurunkan sedikit ilmu dan pengalaman kepada YB Datuk Mukhriz supaya dia memenangi kerusi Ketua Pemuda kelak. Kalau si menantu itu juga yang berkuasa nanti Tun, saya khuatir seluruh negara akan turut berlakon cerita 'Madu Tiga' versi yang baru.

Assalamualaikum Tun,

Sudahlah itu Tun, apa lagi yang Tun mahu. Tak habis-habis menuduh. Tun, yang lemah perlu dibantu dan disokongan bukannya menambah buruk keadaan. Kita semua tak sempurna, ada kelemahan masing-masing. Oleh itu, hulurkanlah bantuan supaya kita semua dapat bersatulah demi ugama, bangsa dan negara.

Sekian, wassalam.

4. najib kan dah buat website sendiri untuk mempromosikan diri supaya mendapat sokongan bagi menjamin kedudukannya dan seterusnya dengan lancarnya menjadi PM yang seterusnya. tapi dr m tengok tak najib punya website? ada komen kah?
5. civil servants ni diam pasal masa zaman dr m tu mereka dah ditekan. so nak buat macam mana? dah dilatih jadi tukang turut dulu dan tak boleh bersuara, akhirnya ini jadinya.

Tun,

Pak lah punya standard rasa saya hanya boleh jadi ketua kampung permatang Bertam , Kepala Batas sahaja. Tok Siak masjid kepala batas pun belum tentu boleh jadi, takut terlelap semasa masuk waktu solat. Nanti orang tak dgr pulak azan. SAYA semasa kecil selalu berimamkan Tuan Ahmad Badawi yg terkenal dgn kelantangan suara beliau semasa menyampaikan khutbah jumaat. Lihat bagaimana sesaorang itu boleh berubah setelah mendapat power.

Team Abdullah yakin dapat pencalonan yang cukup. Kalau begitulah pilihan beliau jadi kenalah kalahkan dalam pemilihan nanti.

Diharap ketua2 bahagian dengar apa yang diinginkan oleh akar umbi.

Salam kpd Tun dan semua pembaca,

Izinkan saya berkongsi sedikit pandangan. Mesyuarat UMNO peringkat Bahagian yang akan bermula pada awal bulan hadapan amat penting kerana:

- i) Menentukan barisan kepimpinan yang akan menerajui UMNO sebagai tunjang BN bagi menghadapi PRU13,
- ii) Menentukan barisan kepimpinan UMNO yang perlu memenangi semula hati ahli2 UMNO akar umbi serta golongan 'atas pagar' di luar UMNO yang mengundi mengikut rasional dan perkembangan semasa, dan
- iii) Menentukan pemimpin yang akan menjadi Perdana Menteri bagi negara Malaysia yang perlu mengembalikan kestabilan politik serta berusaha menangani krisis ekonomi di peringkat global.

Kepada para perwakilan UMNO yang akan membuang undi di peringkat Bahagian dan juga kebangsaan, sesungguhnya TANGGUNGJAWAB anda amat BESAR dan janganlah dipersiapkan AMANAH yang diberikan. Ini bukan masa untuk memberi undi simpati atau undi kerana sudah termakan budi. Ingatlah, masa depan MELAYU dan ISLAM di Malaysia berada di tangan anda. Jika kita gagal melaksanakan tanggungjawab dengan bijaksana, janganlah kita marah jika suatu hari nanti 'orang lain' bermaharaja lela mengeksploitasikan kelemahan kita.

Selamat Sejahtera Keatas mu Tun Dr Mahathir

Disini perlulah disegerakan mencari bakat2 muda kepimpinan melayu yang berkaliber,berilmu,berwawasan tinggi,aktif dan progresif demi membentuk dan mentadbir kerajaan dengan lebih berkesan. Lihatlah cara Singapura. Mereka telah mendidik dan melatih anak2 muda yang bijak pandai dengan persekitaran politik,ekonomi dan pentadbiran kepimpinan yang sedia ada bagi menggantikan pemimpin2 yang akan bersara. Dengan cara ini, saya percaya anak2 muda yang berjiwa dan berkarisma pemimpin akan dapat memimpin Malaysia menjadi sebuah negara yang disegani di seluruh dunia kerana mempunyai kepimpinan yang jitu. Tidaklah seperti sekarang ini. Kalau boleh selagi nafas dikandung badan, jawatan yang disandangannya tidak akan dilepaskan kepada orang lain. Ini menyebabkan manusia yang seperti ini mempunyai kekuatan dan kekuasaan yang sukar untuk ditumbangkan walaupun dengan jelas lagi bersuluh mereka2 ini tidak lagi disukai oleh rakyat kerana perbuatan mereka yang tidak bertanggungjawab seperti rasuah dan kronisma. Diharapkan perlaksanaan tempoh penggal bagi seseorang Perdana Menteri itu tidak boleh melebihi 2 penggal demi mengelakkan gejala yang kurang sihat seperti yang telah dinyatakan seperti diatas. Sekian sahaja pandangan dari saya.

Dear Tun,

Some UMNO Supreme Council members have been "diperkudakan" by Pak Lah. Some of them are really good for nothing, only thinking of their political survival. People like Mat Tyson, Tengku Adnan, Anuar Musa, Shahidan and few others don't deserve to be members of Supreme Council because it is very glaring they are there only for their own vested interest rather than involve themselves in helping to formulate good policies for the benefit of the Malays and the rakyat.

The UMNO members must ensure that these people should be politically out from the system. They are not sincere and committed politicians but purely opportunists of the first order. Their attitude is very "cancerous" and we unchecked could destroy the credibility of the Supreme Council.

As for Najib, I can safely deduced that his leadership quality is suspected to be also like Pak Lah. I don't think he can be as dynamic as what we want him to be. HE HAS NO BALLS, period.

Permisi Tun,

Ahli MT telah memberi isyarat yang jelas kepada Pak Dolah supaya berundur daripada memimpin UMno. Dia tidak ada karisma lagi, ketokohan nya sudah menjadi satu bende yang ramai ahli sudah bosan nak lihat, dengar dan kongsi bersama.

Saya berasa sungguh kecewa dengar sikapnya yang tidak mahu menerima kenyataan bahawa Umno dan BN memerlukan pemimpin yang dynamic, tajam pemikiran nya , cergas, pantas bertindak. Pak dolah kurang sangat bergading bahu dengan mca , mic ,gerakan dan parti koponen lain.

dia buat LUPA MCA , MIC DAN GENG LAIN DALAM BN ITU PENTING . pARTI2 tu MEWAKILI rakyat malaysia juga yang ingin kan kesejahteraan , kemakmuran dalam hidup.

Saya berdoa Tan Sri Muhyidin menang Tim. presiden umno dan DS chua Jui Meng menang presiden mca , Depa dua tu buddy kat Muar tu hopefully something good will happen and restore BN credibility for the rakyat to vote in the next election and further on.

Assalamualaikum Tun,

Diharap Allah meminjamkan Tun umur yg panjang dan diberkati Allah sentiasa. InsyaAllah.

Ternyata si khairy suruh bapak mertuanya si Dol kekal PM sehingga dia menang Ketua Pemuda Umno dan seterusnya dilantik menteri penuh. Dollah Badawi hanya layak jadi tukang kebun sekolah. Tukang kebun kalau dipakaikan suit mahal Brioni, kasut Bally boleh jadi PM sama seperti si Dol.

Si Dol sememangnya tiada mata untuk melihat kerana lanun-lanun sedang menunggu masa merampas kapal yang mana kaptennya buta hati dan pekak !! .

Pada 16 September lepas si lanun gagal merampas kapal kerana strategi yg agak bodoh, mana ada lanun memberitahu kapten kapal bila si lanun akan merampas kapal tersebut & setelah gagal ketua lanun itu mahu berbincang pula dengan kapten kapal yang kuat tidur itu cara mana yg paling halus untuk merampas kapal.

Baru-baru ini si Dol mengadakan kempen atas topeng `majlis terbuka-puasa` dengan semua ketua UMNO bgh. Inilah si bahlul yg tamak kuasa.

I whole heartedly with bloggers who say "Pak Lah is the best PM". In all seriousness, if not for this incapable leader, we will not have this open discussion about taking the country forward! This is my assertion; Pak Lah is a necessary "evil" (pardon the expression). I am sure we'll thank him in 30 years time ... thru history books that will remember him as the accidental hero who transformed Malaysia into One Nation!

By tecksang on September 23, 2008 9:37 PM

I fully support Rafidah Aziz to fire Pm 's racist Son-in-law. We Chinese will never forget his racist statement: "he will rather sell his shares cheap cheap to a Malay and will not sell to a non-malay ". Whom he want to sell his shares to is up to him, but why make such a racist statement to hurt us!

Kebocoran ini menjadi semacam peluru emas untuk menembak orang yang ditembak oleh ramai penembak.

Penonton tepi gelanggang seperti KS AI NAANM bertambah gelisah kalau kalau yang ditembak gugur terlalu cepat ... habislah peluang mereka pada PR-13 nanti.

Harap yang terlantun-lantun tu... buatlah persiapan untuk buat 'open house' untuk kali terakhirnya...

Masak sedap-sedap, mana tahu tertambat pula hati rakyat jelata bukan pasal kepimpinanan, tetapi pasal hidangannya yang lazat lagi menyelerakan. Surat khabar pun ada tukang "spin" inikan pula tiada chef yang boleh "spin"...

Manalah tahu tahun hadapan ada peluang buat "open house" lagi..

Saya kurang pasti adakah ini komen ataupun cadangan.

salam buat Tun,

Benar sekali tulisan Tun bahawa walaupun Tun dilihat sebagai pemerintah kuku besi yang apa kata Tun perlu dituruti tetapi hakikatnya tidak semua keputusan Tun 100% Tun yg tentukan. Walaupun Tun mempunyai pandangan sendiri tetapi diakhir perbincangan suara ramai juga yang dipilih setelah dibahaskan secara ilmiah secara tertutup.

Cuma pemilihan anwar Ibrahim kedalam UMNO adakah ini keputusan majlis tertinggi atau keputusan Tun sendiri? Tolong Tun singkap semula akan kemasukan Anwar sebagai ahli UMNO kerana kalau tak silap saya Tun sendiri yang membuat pengumuman kemasukan Anwar kedalam UMNO.Sedangkan Tun tahu bahawa Anwar telah menyalak menentang kerajaan atau UMNO sebelum ini. Kenapa Anwar diberi peluang ketika itu..kenapa?

Wahai wakil wakil UMNO yg diamanahkan mengundi di dipemilihan UMNO yg akan datang....calonlah calon selain daripada Abdullah dan Najib. Muhyiddin adalah calon terbaik setakat ini.

Singkirkan khairy Jamaluddin dari memenangi Ketua Pemuda Umno...dia bukan kebal..dia boleh disingkirkan dan inilah masanya. Yang penting biarlah maruah mengatasi kepentingan peribadi..untuk sekali ini saja....kalian akan mendapat kembali Nilai maruah UMNO apabila UMNO dihormati dan diyakini...Malahan UMNO akan bertambah kuat dari sebelumnya dan Pak Muhyiddin...jadikan lah TUN sebagai penasihat UMNO kerana sumbangannya masih berguna untuk pembangunan negara seperti mana Lee Kuan Yew menyumbang kearah kegemilangan Singapura.

Jgn buang yg lama kerana akin yg buruk itu banyak gunanya...

salam Tun dan Selamat Menyambut Hari Raya...saya doakan kesejahteraan Tun..amin

We have a SubPrime Minister and a Subprime Council to endorse whatever he said.

And with the SubPrime Minister holding the post of Minister of Defence, we have a General (Pak Lah) and his kitchen cabinet members acting as his Major. The General make general decisions on national matters and let his Major make the major decisions.

Dear ayahanda Tun,

Saya percaya dengan perkembangan terkini, iaitu pemberian jawatan-jawatan strategik seperti Pengerusi Felda dan Penasihat NCER merupakan sogokan peringkat tertinggi oleh pihak desperado seperti Dolah. Dan bagi mereka-mereka yg TIDAK memikirkirkan akibat yang mendatang akibat dari menerima sogokan dari puak-puak Dolah, Saya khuatir UMNO sedang menuju ke arah kehancuran SEKIRANYA DOLAH TIDAK BERUNDUR SEBELUM PEMILIHAN DAN MESYUARAT BAHAGIAN. Tempohnya semakin suntuk untuk UMNO!

Berkenaan Dato Najib, memanglah beliau sentiasa 'play safe' sehingga akar umbi bosan dengan kelembikkan beliau. Saya juga khuatir, jika beliau menjadi orang No1 nanti negara kita mungkin akan menghadapi PELBAGAI TEKATAN DARI PIHAK LUAR AKIBAT DARI CERITA-CERITA YG KURANG ENAK MENGENAI BELIAU.

Tun, saya rayu, selamatkan UMNO!

Salam,

1. kadang kadang saya tak nak ambil tahu langsung soal politik semasa tetapi sakit hati ,gundah gulana sebab politik berkait dgn ekonomi. Nak buat keputusan tak boleh ada duit nak beli kereta tapi takut 3 bulan lagi tak ada kerja sebab ekonomi meleset. Do they care about consumer's sentiment. Kadang2 rasa mungkin sentiment saya sorang tetapi bila terpikir kalau semua pengguna berfikir mcm saya dah tentu domestic demand akan jatuh ,ekonomi meleset...dan seterusnya...nak buat macamana pak lah tak peduli, anwar tak peduli...

2. minggu lepas bila lepas baca The Star tentang Supreme Council rasa macam lega sikit tapi lepas dengar komen Annuar Musa dan Che Alwi rasa loya ...ada lagi yang dok sokong...lepas tu macam kata Tun bukan nak cari jawapan ,perkara yang paling mudah dibuat hentikan mesyuarat...cara orang melayu kendali mesyuarat kalau kusut sikit malas nak fikir...stop dan cari jalan mudah...tak buat apa apa....kalau mesyuarat Majlis Tertinggi macam tu cuba bayangkan mesyuarat cawangan...ha,ha,ha...

3. Bila mesyuarat ditangguh Pak Lah balik rumah...nak buat macamana Tun ...dia tu Mr. Nice Guy..so kena jadi Family man pulak...ikut la nasihat keluarga...tak jadi berhenti la tu...hari ni tunjuk lah pak lah dah mula melawat kelantan...cari orang kuat dia..lepas tu yg dok sebelah Mahadhir Khalid..faham saja la depa akan bincangan pasai apa...

4. Tak faham betul ...apa akan jadi nasib rakyat. Dalam suasana politik begini teringat saya tentang kata kata sorang politikus veteran yang pernah berbual dgn saya...saya tanya pada dia apa perbezaan cara Tun dgn Pak Lah...dia jawab begini...masa Tun ibaratkan seorang driver bas yang bawa ramai penumpang..jalan tak elok tapi penumpang tak merungut sebab tak ada langgar tembok, masuk lopak, brek mengejut atau corner baring tapi masa zaman pak lah ni...jalan highway tapi bas brek selalu, masuk lopak, langgar tembok dan mcm mcm lagi....renungkanlah

salam Tu..smg dipanjangkan usia oleh Tuhan. saya tertarik ngan cara penulisan Tun yg sebegini..dlm bentuk note yg mantap.. Oklah Tun, seandainya saya berada dalam posisi Pak Lah buat masa sekarang...

1. akan bekerjasam dengan DS Anwar Ibrahim dan Pakatan Rakyat
2. Dakwa pemimpin umno yang kaki rasuah..for sure hampir 100% pemimpin umno memang kaki rasuah..dakwa jer yang jenis menentang terutama yang menjadi kroni kepada Tun..hehe
3. Buka fail penyelewengan Tun selama menjadi PM..huh rasa2 mungkin Tun akan jadi cam suharto..sorry Tun nie bukan doa tapi harapan

4. Pastikan najib suami isteri menerima hukuman setimpal dalam kes Attantuya..sejuta kali dia bersumpah dia tak kenal attantuya lagi sejuta kali saya percaya mamat miang nie ada skandal ngan pompuan.

so itulah sahaja tindakan saya jika saya adalah Pak lah..salahnya Pak lah nie sebab pengecut bila berdepan ngan org2 umno yang jahat.. alang2 menjadi jahat biarlah menjadi bapak segala jahat.. so what ever it cost, rasanya Pak lah perlu memusnahkan kekuatan org2 yang cuba menentangnya.. Adoi..U still the PM, Pak lah.., jangan mengalah..kalau dah tak mampu berdepan dengan para penjenayah, hero malaysia - DS Anwar Ibrahim sedia membantu.. Daripada diri sendiri karan, lebih baik Pak lah mengkaramkan seluruh jentera kejahatan umno bersama2 ke dalam kubur...

Selamat hari raya Tun

Salam utk Tun,

baguslah kalau semua dah berani bersuara, tapi kalau boleh biar le tegas tapi beradap. Dan bagus jugak kalau menjaga air muka orang lain, harap2 org yang dijaga tu paham maksud yg tersirat. kalu tak paham jugak masaalah besar kita umno sekarang. Apapun saya terkilan Umno sekarang ni langsung tak jaga air muka bekas pemimpin seperti tun inikan pula pemimpin2 veteran umno yang lain. Ini kes sama lebih kurang, anak dah kaya - mak bapak dok diam2. Kaum dalam umno ni perlu sensitif sikit dalam hal2 macam ni - satu pengajaran untuk pak lah dan bakal pemimpin yang lain, jangan cuba menidakkan keupayaan dan kejayaan orang lain. Jangan ingat kita betul sangat sampai nak buka pekung org lain.

Satu yang tak sihat, macam tun bagitau bagaimana apa yang di perbincangkan dalam majlis tertinggi boleh terkeluar dengan begitu mudah. Nampaknya penyakit pemimpin umno sekarang ni dah tak tau simpan rahsia.....Bak kata org membuka pekong didada dah menjadi perkara biasa! itu lah unity dalam UMNO!

Salam Tun,

Seperti yang saya katakan, Majlis Tertinggi adalah seperti bakul yang penuh dengan kacang merah dan hijau. Kalau nak asingkannya memang amat susah, lebih-lebih lagi pemimpinnya buta warna. Bagi saya kalau BN disenaraikan di Bursa Saham KL, saya yakin BN layak masuk PN17. Jika tidak ada 'restructuring and consolidation', BN pasti akan kena 'delisted'. Siapa lagi berani beli saham BN.

Lucu benar saya tengok UMNO Sabah sokong KJ jadi kepala Pemuda. Dia orang seperti mengorek kubur sendiri. Nama KJ lansung dapat dicari dalam teori 'RAHMAN' dan 'ANWAR'.

Kepada semua ahli-ahli MT, nasihat orang Cina kata 'jangan sampai keranda dibawa ke depan mata baru menyesal'. Nasihat umat Islam kata 'Sembayanglah Sebelum Disembayangkan'.

Feng Shui BN mungkin ada masalah. Kena kaji betul-betul.

saya menyokong penuh apa yang tun katakan.pada masa pemerintahan Tun,anak2 tun tidak dibenarkan menyertai politik.apabila Tun bersara dengan cemerlang,barulah Datuk Mukhriz masuk ke arena polotik.dengan ini iya tidak merosakkan karier politik Tun dan juga Kesenambungan kepada datuk Mukhriz.Apa yang berlaku sekarang,apabila pak lah membenarkan kj & kamaluddin bergerak seiringan dengannya,dgn sendiri akan merosakkan masa depan karier politik kedua-duanye.

Saya rasakan pak Lah harus memikirkan perletakkan jawatan dengan pantas tanpa menyerahkan sedikit demi sedikit tugas kepada TPM kerana jika sedikit kesilapan yang TPM (sebenarnya menanggung kesilapan dari paklah), maka akan rosaklah masa depan TPM pula.so,tak taulah sapa pula yang berkaliber utk mendokong aspirasi UMNO.Tan sri Muhyiddin yaasin tak mampu mendokong seorang diri. akhir kata,kepada melayu yang mudah lupa diri & haprak(yg mendapat pertolongan dari kerajaan)tapi sesuka hati kokonnye sangat terbuka dan bijak,sedarlah sedikit bahawa nasib orang2 melayu bab di hujung tanduk di negara sendiri.maybe jadila seperti melayu singapura yg terpaksa beramai2 menjadi PR di australia.dahulu ada hak2 keistimewaan melayu di singapura,tetapi sewenang2nye dipadamkan dari peta singapura.

Tun,

Memang tepat sekali kata Tun bahawa banyak menteri membisu selama ini kerana mereka terhutang budi kepada AAB. Satu contoh yang jelas ialah Rafidah yang sebelum ini suka melenting dan membangkang Tun. Sekarang dia tak ada peluang jadi menteri lagi, itulah sebabnya dia sudah berani bersuara menentang AAB kerana nak cari peluang baru bila Najib ambil alih. Lihat seorang lagi iaitu Nazri yang sedang mencari tempat di atas pagar bersedia melompat ke arah Najib. Depa ini semua pelakon yang patut diberi anugerah pelakon wanita dan lelaki terbaik !

Tun tak boleh banding Onn Jaafar dengan AAB kerana dulu Onn Jaafar tak ada menantu untuk menolong dia. Lainlah AAB ada sokongan budak oxford. Itu sebab Onn Jaafar berhenti terus. Lagipun Onn Jaafar dulu bukan boleh dapat duit banyak2 jadi presiden. Kalau ada duitpun tak tau nak beli apa. AABpun bagus juga sebab dia bukan nak harta bertimbun2 cuma dia terpaksa kerana menantu dan keluarga. Dia dapat sikit2 saja daripada yang BANYAK2.

Tun, kalau Tun ada peluang jadi PM lagi, Tun jangan buat silap lagi. Tun buang semua budak2 pandai bodek tu ke laut. Tun jangan ambil lagi musuh Tun jadi menteri. Itu saja nasihat saya kepada Tun.

Saya harap Tun banyak berehat. Cari rotan siap-siap untuk sebat budak2 nakal seperti Pidah dan Nazri OK ?

Selamat Hari Raya.

By muja on September 23, 2008 10:42 PM

Tun dan semua,

Selepas keputusan pilihanraya yang keduabelas diketahui, saya dan ramai berpendapat bahawa akan berlaku perubahan drastik terhadap struktur kepimpinan UMNO.

2. Telah menjadi amalan pemimpin yang bermaruah, jika kepimpinannya telah tidak diterima, maka ia akan berundur secara terhormat. Malangnya ini tidak berlaku dalam UMNO. Presidennya tidak mahu melakukan tindakan yang diinginkan oleh ahli dan rakyat keseluruhannya - iaitu berundur.

3. Apabila Presiden tidak mahu berbuat demikian, maka adalah menjadi tanggungjawab MT untuk menyatakan pendirian mereka dan hasrat kebanyakan ahli. Jika ini tidak berlaku, maka ini menunjukkan bahawa MT UMNO sudah tidak relevan lagi.

4. Suka atau tidak, semua pihak mestilah mengakui bahawa kemelut yang dihadapi oleh UMNO pada hari ini adalah disebabkan oleh masalah kepimpinan.

5. The UMNO Supreme Council needs to understand that UMNO does not belong to them. They also need to realise that they are not the best Malay brains around. Just because they are in the Supreme Council, they cannot take it for granted that they are the only ones who can make decisions for the

Malays. What is the use of being in the Supreme Council when they cannot put pressure for the President to step down after countless of errors and blunders.

6. This again clearly shows the massive influence Khairi has over his father-in-law and the toothless Supreme Council. This only makes us ponder whether the Supreme Council is afraid of the President or that boy from Oxford. To me Khairi has done a lot of irreparable damage to UMNO.

7. The Opposition is worried if UMNO manages to put pressure on the PM to step down. It is to their disadvantage. The Opposition simply love the present UMNO president. You don't have to be a genius to figure out the reason.

8. TO KHAIRI JAMALUDDIN - I WANT TO THROW YOU A CHALLENGE. LET US HAVE AN OPEN DEBATE ON THE CURRENT POLITICAL SITUATION - "KEMELUT UMNO HARI INI ADALAH DISEBABKAN MASALAH KEPIMPINAN"

9. We can have the debate anywhere. The best would be in Port Dickson where the Division head was suspended for three years due to Khairi's dirty tactics in politics.

This is a genuine challenge from an ordinary UMNO member from Manchester to the UMNO national youth hopeful from Oxford.

Waiting for Khairi's response.

Good day Tun and everybody.

I do hope PakLah step down as early as possible before greater damage done to Malaysia. Malaysia needs a strong leader as new PM. Try Mahyuddeen, try Najib, try Tengku Li it does not matter for nookvillage, as PM PakLah has proven incapable to lead.

Sir,

This is indeed interesting fodder for the gossip columns. Tourism Minister Azalina has called those who leaked the proceedings of the Supreme Council (no longer supreme though) traitors. I wonder who they are? From the look of it, I suspect Rafidah herself to be the main canary.

I really wish the honorable King would get more involved and, at least, publicly reprimand DSAAB & Co for the mess they have created. Abdullah's skin must be made of the highest grade steel, three inches thick or more.

Olmert is gone, Mbeki is going, Thaksin ran off, Samak got sacked and Bush will be leaving office soon. I wonder when our very own not-so-funny clown will become sweet history? I'll celebrate the very day he goes. I guess all right thinking Malaysians will also do likewise.

Dearest TUN,

UMNO must revamp itself now. A new leader must take over immediately, but not Najib. He is too similar to Bahdawi. The new administration should put KJ in jail for ruining the country (Don't be surprised with what is said/rumoured on how he made his millions).

Dear Dr. M,

Your insight and opinions on the supreme council are very interesting, especially to assess the state of mind and outlook of those holding the power in Umno.

I believe Najib is supporting PakLah and doing what he does best, because Najib intends to put himself on the helm of power (after all he is part of the elitist – and they always dream of more political power).

He is playing it safe, and at the same time at a snail's pace trying to court the support from the other council members. I think he dare not openly oppose his boss as he then might as well yield his resignation letter. At the same time Najib needs the support of the other members, if not, when Najib takes power, they would be the first one to disrupt and disturb his plans for the country.

The other members know the political game that Najib plays, and I am sure, they are enjoying every minute of it. After all, how long can Najib endure in such a game when many of the council members know how to pull the string. Not to mention Najib is merely one person, and the rest can cooperatively ruin his agenda.

As such, in my view, Najib has lost the political edge, credibility and integrity to become the PM. What's amusing is that PakLah knows this and he is no stranger to be flippant in his own tactics of the political game.

PakLah and Najib are strange and bizarre partners, and I think due to their own political ambition, they would eventually politically neutralize each other, while everyone else would just observe, eat popcorn and cackle in amusement.

As for the others in the supreme council, I am sure several are waiting for the opportunity to take the over

what is left of the tattered leadership of Umno. Every politician is an opportunist (if not, then they have no business playing politics). Every one will dream for the glory of running the country. After all isn't this the democratic ideals which PakLah wants in his team?

Its similar to a web of spiders, where the small offspring would consume each other to survive, sometimes the mother-spider would eat her own young, and sometimes, even the offspring would eat its own mother.

Dear Tun,

From what you are saying.

Pak Lah will not resign even the whole country asking him to do so.

Even if an angel send by god to him, it won't change his mind.

Coz u said he only listens to his anak and menantu.

Even the MT now is becoming EMPTY

And ministers tuning to half past six.

BN coalation parties? Not a word!

Now the time has come. Time to make him listen. But how?

I suggest either: -

1. U to lead a MASS RALLY to pull him down from power. Are u prepare to lead us?

or;

2. U to rejoin UMNO and contest for the presidency post yourself. Are u prepare to do this?

or;

3. Declare your open support and start a MASSIVE CAMPAIGN through your blog here on any candidate your choose for no.1 and no.2 post in UMNO. Other than Pak Lah and Najib!

ARE U READY? WE ARE READY WHEN U ARE!!!

Else, we are just wasting our time here. Macam anjing menyalak bukit.

Let put this to end. Or we all end up like a useless talking to unspeakable pc screen as all of us doing right now.

I want u to challenge us here. Let see the outcome.

If none response from us here, meaning all that leaving their comments here is not your genuine supporters. They just leave a comment to please u. Or perhaps just pay their respect on you. Sebagai seorang bapa. A statesmen.

If so happen, u should stop blogging and let the time heals the wounds made by Pak Lah.

Banyakkan beramal untuk bekalan akhirat dan sentiasa doakan kesejahteraan kami semua. Itu rasanya lebih afdal dan berkesan.

Dan kami sentiasa mendoakan kesejahteraan Tun sekeluarga.

Anyway. U are still My Icon. My Hero. My Pejuang Negara.

Dear Tun,,

I believe the people nowadays do not favor Pak Lah. Looks like there are quite a number of people want him to resign.

We all hated the son in law who is so arrogant.

The problem is that there is this system in place which ensure that the UMNO president can maintain his position until the challenger can have a very high number of nomination.

Well you have created this system yourself and look what it gotten us into.

The bigger problem compared to Pak Lah is the system that is not democratic and it must be reviewed. Luckily Pak Lah is willing to step down. If another leader comes along, suck us dry and not willing to step down. We will be in more difficult position.

I do not think the supreme council is so supreme. During your time, they are all yes man.

It never been supreme since the beginning.

The longer we let him stay there,the more corrupted he will be.

Please Tun,please organise some sort of signature campaign to chase AAB away.I think a lot of people will support you.Maybe you can do it in your blog.

Wow! That was a good news, at least got some supreme members dare to speak the truth. Clearly, it had shown a growing dissatisfaction among UMNO supreme counsil itself. This certain UMNO supreme members should keep pushing DSAAB over and over again until DSAAB step down eventhought his Deputy not willing to do that.

To Dato' Najib,

You digging your own grave if you keep putting yourself attached to DSAAB. Hey please wake up its your time to do something to save UMNO.

It appears that our PM is fighting all battles entirely on his own. Hence, the many instances where his ministers all gives contradicting statements which do not reflects his directions.

He is, afterall, a caring PM to say the least. But definitely not a firm and decisive leader.

On one hand, the rakyat viewed him as a very sympathetic leader, while the opposition respected him with so many options to relinquish his position.

He may be playing for time to decide on the best possible ways to step down, but time really isn't on his side right now. Hope he make the right one and very soon.

Maybe he will be remembered as the FATHER OF TRANSITION.

Salam Tun,

Semenjak AAB menjadi PM yang ke-5 di MALAYSIA, memang terserlah segala macam ketidaktentuan dalam negara tercinta ini seperti era KOBOL. Tidak boleh disangkal lagi NAFSU rakus keluarga ini bersungguh-sungguh membina EMPAYAR yang ala-ala ZAMAN KOBOL memperlihatkan kecekapan menunggang KUDA (UMNO) dengan senjata di kiri kanan (KAMALUDDIN DAN KHAIRI) sentiasa disisi.

KUDA itu semakin lemah longgai dan masih dipaksa berlari mengikut kemahuannya dan tidak mempedulikan kecederaan yang parah bakal menjadi BARAH. Aduhai senjata PM masih dahagakan LEBIH BANYAK EMPAYAR tercipta dengan petikan picu sedia melenyapkan pihak penentang. Hebat sungguh AAB dengan KUDA itu serta senjata KIRI KANAN (KAMALUDDIN DAN KHAIRI) mengejar cita-cita peribadi.

Dear Tun,

I can understand why some UMNO Leaders are still supporting Pak Lah to contest PAU 2008 because other Prime Ministers before his were no match for Pak Lah outstanding achievements which among others as below:

1. Achieve the feat of obtaining less than 2/3 majority in Parliament for Government.
2. Achieve the feat of losing Penang, Perak, Selangor, Kedah on top of Kelantan.
3. Achieve the feat of losing in the home state of current serving PM.
4. Achieve the feat where the government of the days are under threat of its own MPs switching to Opposition.
5. Achieve the feat of being the PM where close family members son, son-in-law and wife are the real decision makers for the country and party.

With those outstanding achievement above which I bet no other Prime Minister, even yours truly Tun, could match; Pak Lah deserve Gold Medals for his contributions for the nation!!!!

Pak Lah is without doubt in different league and in the class of his own on the above listed achievements!!!

I rest my case.

Assalamualaikum Tun,

Saya ingin menyentuh sedikit berita Sept 23, 2008 (AFP) bahawa pembangkang ada cukup ahli parlimen yang akan melompat parti untuk PR menubuhkan kerajaan...

Jika ini betul, saya pasti ramai yang telah mengundi ahli parlimen berkenaan kecewa kerana beliau menang melalui tiket BN, dan dengan sewenang-wenangnya mengadai maruh diri dan mempermainkan pengundinya untuk kepentingan diri sendiri dan orang tertentu. Apa yang ahli-ahli parlimen tersebut perlu lakukan:

1. Anda lepaskan diri sebagai ahli parlimen, masuk parti pembangkang yang anda suka, kerajaan adakan pilihan raya kecil untuk kawasan parlimen anda semula, anda masuk bertanding dan jika anda menang barulah gentleman yang anda tidak mengecewakan rakyat di parlimen anda.

ATAU

2. Jika anda masih tidak melepaskan diri sebagai ahli parlimen dibawah tiket BN sebelum ini, BPR perlu menyiasat samada ada atau tidak unsur-unsur rasuah yang ahli parlimen tersebut terima yang boleh melompat parti dan mengecewakan rakyat di kawasan parlimen beliau.

Ini adalah pandangan saya yang rasa kecewa dan letih dengan masalah politik Malaysia sekarang ini yang tentunya merugikan banyak pihak di Malaysia yang disayangi ini...

Diharap Tun sedang dan akan melakukan sesuatu dalam masa terdekat ini untuk meyelamatkan Malaysia.

Terima Kasih

ASWB TUN,

well, u r the ONE who appointed DSAIB & AAB as the prime minister. Even a great leader like you also seems not to be able to come up with an effective succession plan. Now you are calling for AAB to be removed honourably and it seems that he refuse to budge and give in despite being given countless indicators even by his Generals of the Supreme Command council. Even the Kelantan & Penang UMNO strongly support for his blueprint handover plan to Najib come this year 2010.

WE are afraid tht 2 years appear to quite long for Najib(if were to be the PM) to organize the BN forces against the overwhelming forces of THE FIELD MARSHALL DSAIB and his allies. Now they are the forces to be reckoned with and in another 2 years' time, we are afraid they will be a much more superior and vaunted forces that will annihilate the BN outright. YES, YOU ARE RIGHT TUN, WE NEED TO APPOINT A NEW FIELD MARSHALL TO SYSTEMATICALLY REORGANIZE THE FORCES AND COME UP WITH THE BATTLE PLAN TO REGAIN THE LOST GROUND IN THE 5 STATES AND LAUNCH PREEMPTIVE DEFENCE AGAINST GENERAL ANWAR AND HIS COHORTS.

Tun,

This time around I hope you'd approve my comment. I have checked with 2-3 Division Heads in Penang UMNO, the statement by State Deputy UMNO Liaison Rashid Abdullah that all Penang divisions support Pak Lah was untrue. In fact, not all attended the meeting, but they sent their reps instead. Rashid Abdullah is one of the few who gain direct benefit thru political patronage with Pak Lah. Others include Datuk Zainal Abidin Osman (recently appointed as advisor to Ministry of Rural Development) and key leaders of UMNO Kepala Batas Division.

Readers here would also be suprised that Pak Lah had also condemned on the interference of the Malay Rulers in the appointment of Menteri Besars in several states in UMNO Supreme Council meeting after the March '08.

In fact, during the recent meeting, not just the 'four' (whose names were made public) commented against Pak Lah. There were at least 2 more. More members wanted to have a go on Pak Lah but lucky for him,

Najib interfered. Just for everyone's info, Supreme Council members are not all 'Pak Turut' like some people claims. They are trying every nicest way to deliver the message to Pak Lah. In the history of UMNO, never a President been humiliated before. Everyone in UMNO hope that they don't need to go down that path.

Cerita mengenai ketam.. untuk renungan bersama

Pada suatu hari, di sebuah pasar ikan, terdapat seorang pelanggan yang ingin membeli ketam daripada si penjual ketam. Walau bagaimana pun, pelanggan tersebut berasa pelik. Didepannya terdapat dua jenis ketam yang disimpan di dalam dua kotak yang berbeza. Sebuah kotak ditutup rapat dan sebuah kotak lagi dibiarkan terbuka.

Pelanggan itu pun bertanya kepada si penjual ketam.

Pelanggan : Bang, kenapa ketam ni disimpan dalam dua buah kotak?. Lepas tu kenapa satu kotak ditutup, dan satu kotak lagi dibiarkan terbuka?!

Peniaga: Ohh, kita jual dua jenis ketam dik. Ketam Melayu dan Ketam Cina. Yang dalam kotak tertutup tu Ketam Cina dan yang dalam kotak Terbuka tu Ketam Melayu.

Pelanggan: Eh, kenapa kotak Ketam Melayu Terbuka dan kenapa kotak Ketam Cina tertutup?.

Peniaga: Ohh, macamni dik, kotak Ketam Cina ni kita tutup sebab perangai ketam dia nilaa.. Kalau seekor naik, yang naik akan tolong yang lain. Kemudian ketam-ketam ni pun naik beramai-ramai. Akhirnya kesemua ketam dapat keluar dari kotak. Kotak Ketam Melayu ni pulak kita biar terbuka pun sebab perangai Ketam dia juga. Kalau seekor ketam naik, ketam-ketam yang lain akan tarik kasi turun bawah balik. Jadi tiada seekor ketam pun terlepas.

Pelanggan : ohh.. (tergelak sedikit, kemudian tersenyum sambil berfikir, inilah realiti..)

As always, you seem to take a savage pleasure in belittling Pak Lah! You are desecrating the holy month of Ramadan, As a practising Muslim, I detest this despicable habit and attitude of yours. Even now, great many people despise you, condemn you. So,if supreme council members speak their mind about the power transition, what is wrong. Such things did not happen during your regime, not because UMNO members liked or loved you so much, but because you were autocratic and vindictive- they were scared of victimisation. But Pak lah is genial, open-minded. He allowed people to talk. On a scale of 10 (being the highest), I give you 2 and Pak Lah 8.

Ybhg Tun dan sekeluarga,

Setiap individu seharusnya mempunyai perinsip iaitu lebih mengutamakan kepentingan umum melebihi kepentingan peribadi. Umpama sebatang pokok boleh berdiri kukuh kerana akar, batang, dahan, ranting dan daun.

Pokok tanpa akar tidak akan dapat bertahan kerana akan tumbang (umpama tapak kaki),

Pokok tanpa batang tidak akan dapat berdiri kerana batang umpama kaki,

Pokok tanpa dahan tidak akan dapat hidup kerana dahan umpama tangan,
Pokok tanpa ranting tidak akan dapat hidup kerana ranting umpama tangan,
Pokok tanpa daun tidak akan hidup kerana daun umpama mulut,
Tanpa kesemua mekanisma ini jika pokok itu hidup akan menyusahkan pokok-pokok lain.
Pokok yang menjadi tonggak kepada pokok-pokok lain seharusnya mempunyai kesemuanya
sifat-sifatnya barulah pokok-pokok lain yang menumpang boleh tumbuh dengan sempurna walaupun
pokok yang menumpang itu cacat.
Manusia biasa atau pemimpin seharusnya mempunyai sifat-sifat seumpama ini. Tanpa sifat-sifat ini
serumpun pokok atau sekumpulan manusia akan musnah dan tumbang.
Apa pendapat Ybhg Tun mengenai perkara ini.
By arjunasakti on September 24, 2008 12:07 AM

Perkembangan semasa menunjukkan Pak Lah semakin lemah untuk mengawal sebilangan ahli-ahli MT
dan bagaimana pula beliau mengawal rakyat Malaysia yang berbilang kaum yang jumlahnya berpuluh
juta orang? Beliau menggunakan penyokong kuatnya sebagai kambing hitam dan keluarganya
menggunakan beliau sebagai kambing hitam.

Jika perkara ini berlaku dalam tempoh beberapa bulan lagi tidak mustahil rakyat akan memberontak dan
negera akan menjadi huru-hara. Apabila negara huru-hara tidak mustahil negara akan diisytiharkan
darurat. Di sinilah peranan Pak Lah sebagai Menteri Pertahanan yang baru. Merangka strategi yang
berkesan untuk dirinya dan juga kaum keluarganya.

Najib terlalu berlembut dan bermain permainan secara terlalu selamat. Beliau ingin menjamin
kedudukannya tanpa mengambil sebarang risiko sedangkan diluar rakyat sedang memerhatikan setiap
langkah beliau kerana semakin lama beliau bertahan semakin beliau menghadapi kehancuran.

Di sini perancangan seorang budak hitam untuk menjatuhkan kedua-dua orang ini semakin menemui
matlamatnya untuk menjadi Perdana Menteri termuda. Serampang dua mata untuk menjatuhkan Pak
Lah, Najib dan sekaligus Anwar Ibrahim. Jangan lupa budak hitam ini pernah rapat dengan Anwar. Sama
ada dia bersengkokol dengan Anwar atau tidak yang pastinya matlamatnya adalah untuk menjadi
Perdana Menteri termuda. Jadi untuk mengelakkan negara kita menjadi mufliis, lebih baik kita mohon
kepada semua bahagian agar tidak bersetuju untuk mencalonkan Pak Lah sebagai Presiden UMNO.

Apabila perkara ini berlaku budak hitam ini kehilangan kambing hitamnya dan dia terpaksa menyusun
strategi baru. Budak hitam ini telah merancang dengan begitu tersusun semasa Pak Lah menjadi TPM.
Beliau mengawal media utama di Malaysia dan kita juga dapat lihat banyak Dato'/Datuk muda yang
menerima habuan berkawan dengan budak hitam ini. Sokongan kepada budak hitam ini jangan
dipandang kecil kerana rakannya yang terhutang budi ini akan sentiasa menyokongnya dan tidak lupa dia
pernah berguru dengan mentornya iaitu Anwar Ibrahim.

Oleh yang demikian, sama-samalah kita berdoa kepada Tuhan agar Pak Lah tidak lagi menjadi Presiden
UMNO dalam masa terdekat. Jangan takut untuk membuat keputusan dan takutlah hanya kepada Allah
SWT. Kerana tempoh di neraka lebih lama dari tempoh di dunia. Kerana Pemimpin bertanggungjawab
untuk memastikan rakyat mempunyai kelebihan dari pemimpin dan pemimpin dipilih oleh rakyat untuk
rakyat. Jalankan tanggungjawab anda sebagai pemimpin kerana rakyat telah bersuara...

Salam kepada YAB Tun dan rakan2 bloggers,

1. 'Supreme' menjadi tidak supreme lagi kerana Dollah jumpa formula
untuk tutup mulut mereka.
2. Dollah akan menggunakan BPR apabila ada sesiapa yang mengacau
atau menentang dia;
 - a. Raymond Tan (SAPP)beritahu dalam bulan Jun dia masuk campur

(mungkin mempengaruhi) so Dollah tidak jadi siasat Yong Teck Lee dalam kes rasuah. Dollah bengang bila Yong umum tentang 'no confident' terhadap dia...so pakai BPR

b. Tan Sri Sanusi Junid, biliknya digeledah BPR sebaik saja Tan Sri keluar dari UMNO

c. yang lain ada, tapi saya tidak ingat sekarang...maap noo.
Kemungkinan kes Linggam, kes tribunal tahun 1988 adalah untuk membalas dendam kepada Tun.

3. Dalam supreme council, saya yakin tidak ada se ekor pun yang 100% bersih, itu sebabnya ketakutan dengan Dollah. Dollah jenis balas dendam. Dollah pegang nyawa mereka. Maka manusia tidak bermaruah akan sanggup buat apa sahaja asalkan tidak hilang kekayaan dan nama. Perhatikan mereka dalam MT...Dollah tahu kenapa dia pilih orang2 ini. Tidak perlu secret police, KGB..

4. Najib tahu apa Dollah boleh buat kepadanya, itu sebabnya Najib akur macam dicucuk hidung. Najib juga tidak bermaruah.

5. Tun mempunyai personaliti yang tegas, membuat teguran secara berdepan dan tidak menyimpan dalam hati...tetapi Dollah yang 'mr clean' ni menghidapi penyakit psikologi, dia jenis pendendam.

6. Kacau aku, BPR datang (macam boogeyman pulak), kacau aku, BPR datang...maka ketakutanlah semua yang berdosa tu...Macam askar Israel, baling batu, aku tembak peluru hidup...semuanya untuk menimbulkan ketakutan.

Tun, now I think I know why ACA is given the ultimate power...to become our boogeyman.

I think AAB will step down (or be forced to step down) before the end of this year. He may have one last request; that his son-in-law be made UMNO youth chief. At least with him in this post, he can still try to influence Malay politics.

AAB is indeed without any shame. Like Nero of Rome, he is fiddling while UMNO burns (and in turn Malaysia burns)!

Minta tumpang lalu...

Dear Mukhriz,

What is so wrong about putting up a wanted ad to recruit a prospective employee who knows both English and Chinese if the company's projects are meant to serve the clients from Europe, America or Mainland China. Please try to widen your scope of perspective and not try to sensationalise the racist issue simply for the sake of fulfilling your personal political ambition.

If an employer is looking for an employee who is proficient in both English and Chinese, what wrong does he commit? Please explain!

Dear Tun,

Salam dan semoga bahagia berpuasa. I wish to dissend with your view, to show courage like you, so as not to be labelled 'yes man'. Gementar saya gelaran 'pak turut' ni selepas Tun menyembur ahli Umno yang turut kata ketua. (Zaman Tun di panggil bersatu padu)

PUZZLING? KELIRU!

Blog Tun semua kata Pak Lah lemah lesu lembik tapi Tun kata dia dah jadikan MT alat peribadi. Terror

dan gagah pencapaian ni Tun....! Alat ni di cipta zaman Tun dulu, lebih separuh kabinet dan MT, Tun yang alihkan pada Pak Lah.

Ingatan saya Tun di kritik kuku besi dalam MT dan kabinet dulu. Tun bercakap panjang lebar yang lain dengar tak ada peluang debat. Siapa berani debat dengan Tun depan ramai ahli MT dengan jelingan garang. Banding cara Tun dan Pak Lah menyambut soalan pemberita. Wartawan pun kena sembur, tegur oleh Tun entah mana nak letak muka. Siapa berani bertikam lidah dgn Tun. Tun lipat lidah saja terpelanting dia terus tak bangun.

Pah Lah ni nice man. Dia sanggup dengar kecaman, tak pandai bertekak, tak reti berbelit belit, tak sanggup menekan orang, pendek kata tak secocok dalam politik. Cakap bohong pun kalah anak saya, tak macam Tun 'first class spinner'! Kalau di kelilingi buaya, bahaya lah dia.

OPPOSITION LOVE PAK LAH?

Pembanggang kata 'the devil you know better than the devil you dont' - bukan sebab mudah nak guling kerajaan. Najib dll pilihan lebih dasyat berdasar 'report card' mereka berapa tahun ini. Pak Lah paling bersih (sebelum naik pangkat) tapi ini saja persembahan dia, KERTAS BERSIH TAPI KOSONG!

Pada Tun saya harap cukuplah persembahan Tun sampai sini. Tamatlah bersama sama Pak Lah. Biar negara hadapi masa depan baru menyeluruh - total revamp. Old ones outside new ones inside.

The MAHA TIER era is gone. We must learn from MAHA TEARS history lesson!

Salam buat Tun sekeluarga dan semua pembaca blog Tun,

Saya rasa Pak Lah dan anak bini dia terlalu kemaruk - pada kuasa dan harta!!! Maklumlah peluang jadi PM bukan semua orang boleh dapat. Jadi, buat apa nak senang2 lepaskan pada oranglain. Tambah pulak dia dah tengok pada nasib Tun sendiri sekarang. Bila hilang title PM, maka macam2 dugaan yang terpaksa dilalui. Jadi...lebih baik betul2 pulun habis2an apa yang patut...nanti orang nak kutuk ka...marah ka...menyampah ka....kurang2 hidup sampai ke 7 keturunan dia kelak kaya-raya.... masa tu nanti kalau ada yang berani nak buka fail penyelewengan ka..rasuah ka...dia pasti tak payah worry coz....FULUS nya....boleh control keadaan dan boleh bayar fees tinggi mana2 lawyer dalam dunia untuk fight buat dia anak beranak, betul tak??

Saya pun heran apa peranan si Khairy tu sebenarnya dalam kerajaan ?? Macamana dia boleh bersuara sedangkan dia cuma wakil rakyat bagi satu kawasan kecil di Malaysia ni...itu aje... Dia tu bukan nya menteri pun lagi tapi dah cakap macam PM.... beranganlah kau...takkan ada yang waras di Malaysia ni yang nakkan kau jadi PM termuda....lupakan aje... Mana2 yang kuat ikut belakan si Khairy ni memang banyak dapat habuan...perut kenyang, poket pun kenyang maka hati pun buta, melatah tak tentu hala. Tuhan patut beri sikat petunjuk pada mereka2 yang buta hati dek sebab wangringgit ni.... AMIN!!!!

Akhirnya... untuk pengetahuan semua, saya dan suami adalah antara ramai orang yang sangat gembira mendengar Tun akan masuk Umno balik...biar Pak Lah tahu BN menang banyak dulu2 tu sebabkan kepimpinan Tun.... jadi janganlah perasan tak tentu hala.

Wassalam

Salam Tun.

My worst fear is not that Pak Lah wont step down by 2010, but, there is nothing left for BN to hold to by 2010.

After all this drama, i'm not sure whether najib is still a preferred choice by the party members. I believe, now there should be alternative candidate to Najib. Muhyidin seem to gain strength and might be a suitable candidate, i'm not sure whether Kuli can still amass support from the grassroots.

To be frank, i wish for somebody from Johor to take over the helm (just thinking out loud).

Assalamualaikum Tun Dr M & Siti,

Terlebih dahulu diucapkan selamat menjalankan ibadah puasa. SELAMAT MENYAMBUT HARIRAYA AIDILFITRI YANG KIAN MENJELANG TIBA, MAAF ZAHIR DAN BATIN. Moga Allah melindungi Tun sekeluarga.

Pasai DSAAB, kebencian dah sampai tahap menyampah!.. DSAI pula petualang bangsa dan negara. Masa Tun PM dulu.. tak nampak kah yang Pak Lah ini bodoh macam ni??.. tak pandai mentadbir dan mengurus negara.

Sebenarnya tak kisah Khairi jadi PM esok pun tak pe kalau dia betul2 ikhlas dan jujur serta bertunjangkan perjuangan agama, bangsa dan negara.

Ini awal2 sudah tunjuk kuasa.. saya mula kesan dia tembirang dan ada ciri2 akan salah guna kuasa bila berlaku banjir kilat di kelang.. TV3 buat liputan, dia boleh kata.. dia bagi amaran kepada pegawai JPS bahawa hal (banjir) ini tidak akan berulang lagi.. siapa dia ni??? saya bertanya kpd kawan2.. oh rupanya dia KJ, menantu Pak Lah.. dia hanya naib ketua pemuda UMNO, tak ada jawatan pun dalam kerajaan.

Isu-isu lain seperti ECM Libra, wang subsidi minyak, tindak-tanduk Pak Lah yang bersandarkan nasihat KJ.. semuanya menjahanamkan bangsa dan negara.. mudah2an dijauhkan oleh Allah dari malapetaka ini.

Kalau Najib macam tu.. harap Muhyidin bertanding presiden UMNO utk menyelamatkan bangsa dan negara, harap dia ok, yang penting tidak sebodoh dan selembik DSAB.

Dear Tun,

UMNO is not that different than any other organization. When a strong leader such as yourself leaves the top post you leave a great VOID that needs to be filled in by your successor. In your case it is quite a task since you have been heading the country for an extended period. In the period of your leadership the country (and the world in general) has also moved leaps and bounds which created a substantial cultural change to its rakyat. This in turn makes the VOID to fill become greater than if we were to still be in the same state we were in the 80's.

Any joe or jane public can tell that the current prime minister (nor any candidate at the time of your leaving) will not be able to fill in the VOID when you left the administration. This is where the support of the senior personnel in the organization (MT) comes in.

When the council fails to voice out and debate serious matters objectively then the whole system breaks down. This leaves the entire system open to abuse which as you have stated numerous times in your writing is happening now.

This is common particularly in Asian Organizations where we lack the proper succession planning (or implementation?). I believe the way forward now would be to reorganize structure of UMNO and its component party and to force the implementation of a majority in the supreme council when it comes to crucial decisions.

Sudahlah itu Tun, apa lagi yang Tun mahu. Tak habis-habis menuduh. Tun, yang lemah perlu dibantu dan disokongkan bukannya menambah buruk keadaan. Kita semua tak sempurna, ada kelemahan masing-masing. Oleh itu, hulurkanlah bantuan supaya kita semua dapat bersatulah demi agama, bangsa dan negara.

Komen saya :

Rasanya lepas Tun letak jawatan, Tun tak ganggu pun urusan pentadbiran negara di bawah pimpinan DSAAB. Cuma sekarang kelemahan DSAAB semakin ketara. Tun sebagai bekas Perdana Menteri berhak untuk menegur. Kalau selama ni prestasi DSAAB bagus, mesti Tun duk diam2, cuma pantau dari jauh..ni tak capai pun standard yang rakyat Malaysia harapkan, sapa lagi yang berani menegur, nak harap Majlis Tertinggi..hmm...hampeh...last2 BN yang jadi korban, tu yang Tun tak mau, saya pun tak mau kerajaan BN tumbang. Masalahnya nasihat & segala tunjuk ajar Tun tidak diterima..dah la tak berapa reti wat keje, cikgu besar ajar tak nak dengar, abih tu macam mana? budak kecil boleh la nak pulas telinga dia..

Kalau saya di tempat Tun, saya dah cemuih dah nasihatkan orang yang tak nak dengar kata, dah pencen baik saya rehat2 ke, pi melancong ke, tak payah susah2 fikir hal negara..tapi saya bukan Tun..sebab tu saya lebih pentingkan diri sendiri..huhu..

Rakyat Malaysia cuma inginkan negara yang stabil, aman & makmur buat semua, tu saja..

Terima kasih Tun...

Assalamualaikum Ayahda Tun,

Telah banyak artikel yang Ayahda Tun kemukakan yang banyak membuka minda anak Melayu kita tapi namun tak ada perubahan yang baik berlaku di pucuk pimpinan UMNO.

Saya rasa pendekatan yang lebih berani yang harus Ayahda ambil ialah mengadakan ceramah tiap tiap minggu diluar yang aman (bukan reformasi yang dilakukan oleh Anuar Al Juburi) supaya ramai rakyat akan dibuka minda.

Dengan tindakan demikian saya yakin ramai rakyat akan berpihak kepada Ayahda dan ini akan memberikan tekanan kepada kroni DSAB untuk berundur.

Tindakan begini akan memberhentikan keselamatan Ayahda, tapi demi negara dan keamanan.

We need Change even though Change is Pain.

Mungkin ini adalah dari pemikiran ikhlas saya yang sempit but our day and your day are numbered.

Salam

Kami sungguh berharap agar Tun meneruskan perjuangan bangsa dan Negara tercinta kita melalui blog yang sangat kami minati ini.

Merujuk kepada topik diatas saya hanya mengharapkan kita mendapat Presiden UMNO dan PM yang baru bulan Dec 2008 ini. Saya dah naik jemu tengok cara Dato Najib dan tidak faham apa masalah dia. Sampai sekarang belum lagi ada satu pendirian tegas untuk bertanding Presiden. AFP kata orang Pak Lah dah jumpa Anwar. By: Tun Mahathir

"What happened to Dato Onn Jaafar, the first President (Yang di-Pertua) of UMNO is an excellent example. The President was not obeyed blindly. Instead because he proposed something contrary to the basis of the party's struggle, it was rejected and as a man of honour he resigned."

Assalamualaikum Tun...

Yes, he was a man of honour because he resign in a really respectable and merit way.

But you can see that only a greedy people, greedy leaders and greedy blood-sucker only want to stay in power even its really obvious the rakyat want them down. The control is down, I repeat... The control is down... So when the holy control (Supreme Council which is no longer Supreme) is down, the idiot and corrupted upstairs will totally begin to crawling gathering the "country resources" as much as possible before the down, or being pulled-down. The Romans destroyed most of Jerusalem but left the Western Wall, a retaining wall of the Temple Mount. After the end of this first revolt, the Jews continued to live in their land in significant numbers, and were allowed to practice their religion. So, did UMNO left the East Wall? Think about it...

p/s: Salam from the University of Malaya supporters of Tun. Down Pak Lah!!! Down!!!

By amran1975 on September 24, 2008 1:19 AM

if only those in BN could also reflect on themselves to see what is the real problem that lead to the near defeat in the previous PRU. corruption in the government should be dealt firmly so that the people could regain their faith in the government.

we need a new generation of leaders who strive not for themselves but for the people. The kind of leaders who honestly care about the people like Syaidina Abu Bakar and Umar. it is very very sad to see that the main reason why leaders nowadays get into politics is due to the idea of accumulating wealth... for themselves. such materialistic motivation would lead to the corruption of morality.

Pak Lah , Family & Assoc. tidak tercuik sedikitpun tentang apa yang berlaku kini,

Tetapi UMNO juga bakal melakonkan skrip yang sudah dijangka ,
biar berjuta ahlinya yang kununnya sayangkan bangsa menolak Pak Lah & Khairy , keputusan yang pasti pada pemilihan nanti ,

Presiden : Pak Lah kekal , Ketua Pemuda : Khairy

selepas pemilihan Pak Lah akan menolak Najib dari tampuk kuasa dengan pelbagai kontroversi yang Najib hadapi sekarang ,

seterusnya Khairy dilantik menjadi Menteri (atas kapasiti ketua Pemuda) ,

maka cita-cita Khairy untuk menjadi PM sebelum 40 "on track", seterusnya Malaysia akan memiliki PM yang paling dibenci oleh rakyat - tragik?

percaya atau tidak, perwakilan UMNO akan mengiyakannya pada pemilihan kali ini,

kini UMNO bukan lagi parti yang memperjuangkan nasib bangsa, hanya untuk kepentingan golongan elit melayu keluarga tertentu sahaja, tiada apa yang perlu dikesalkan jika UMNO kini berkubur.

Tun,

Walaupun ada yang mengatakan Tun dah tua dan 'nyanyuk', tapi komen-komen Tun memang bernas dan jantan! Saya setuju tua tapi nyanyuk tu kena ambil nombor 'q' dan tunggu lama-lama. Saya berharap Malaysia dan rakyat boleh mendapat khidmat Tun untuk 10-20 tahun lagi.

Komen 2sen sayang tentang Pak lah:

Semakin hari, semakin parah....

Perkara-perkara yang Pak Lah boleh/harus buat untuk menyelamatkan namanya:

- mengaku kesilapan-kesilapannya
- memohon maaf kepada rakyat jelata (optional)
- abolish ISA (pasti jasanya akan diingati)
- meletakkan jawatan sebagai PM dan Presiden Umno sebelum pilihanraya Umno

Pasti terdapat banyak lagi yang boleh dilakukannya seperti melepaskan tahanan Hindraf, RPK dan sebagainya. Tetapi yang berikutnya boleh diserahkan kepada successornya.

Pak Lah - insaf dan ikutlah niat hati yang baik

Dear Tun,

How long do you think the "rakyat" will suffer for the consequences of few people gain at the expenses of majority group. Why the Supreme Council does not have the absolute power to decide their leadership of UMNO?

Maybe if one fight for the truth they will be bonded by the task chain of corruption investigation or ISA detention. Is this democratic resolution or are we commune back to the ease of the authoritarian power in governing the country?

Is there no one dare to fight for the justice and truth of the ground root agony of the "rakyat"? Are we defending the UMNO party or are we defending the trust and loyalty of the "rakyat"? If defending UMNO our trust will be adverse to the PM dreams. By defending the PM vision we will be entangle with the agony of the "rakyat".

So it comes to point seems that everybody dare not move for fear of personal betrayal, offering and condition status quo. Likewise they will be put on a task of character assassination, detention, police and ACA harassment or to certain extent political pressure to relinquish their power and livelihood.

So what will be the resolution and outcome to this "check mate" situation?

I, the "rakyat", am believe that the PM, Datuk Seri Abdullah Badawi has to step down for the sake of "rakyat" and the reputation of the growth of the nation.

May Allah bless this nation Malaysia!

I mean what's the point of making statement urging the grassroots to decide the power-trans plan if you later opt to consult with Abdullah,my worth. It was Muhyiddin who has been very consistent from the early of the GE aftermath until now.whithout muhyiddin,rafidah and co the voice of grassroots cant be heard though.

And the first lady is the new recruitment in the CROOKED family.lol

recently the MoF rejected the ringgit pegging meassure which proposed by you.but, can you elaborate consequences of this.I wonder if the their refusal is driven by political purpose to deny your popularity.once again abdullah seemed to influence najib's authority in MoF.

Assalamualaikum Tun,

Bila pemimpin negara meletakkan kepentingan diri, keluarga, kawan, harta, kemewahan hidup dan pangkat mengatasi atau melebihi kepentingan Agama, Bangsa dan Negara maka tunggulah kehancurannya.

Supaya perkara ini diharap tidak berlaku, maka di bulan Ramadhan yang mulia ini, marilah kita semua berdoa ke hadzrat Ilahi semoga PM kita insaf dan sedar untuk kembali ke landasan perjuangan yang diredhai Allah Subhanahuwataala. Marilah kita berdoa agar beliau mencontohi pemimpin2 yang terdahulu iaitu Dato Onn Jaafar, Tunku Abdul Rahman Putra Al-haj, Dato Hussain Onn dan Tun Dr. Mahathir Mohammed yang telah mengutamakan Agama, Bangsa dan Negara. Dan semua tindakan pemimpin2 ini tidak pernah bercanggah dengan Perlembagaan UMNO.

Waktu Tun Dr. Mahathir mengambil keputusan untuk meletakkan jawatannya, isterinya sendiri Tun Dr. Siti Hasmah tidak diberitahunya. Tun tidak pernah mengambil ahli keluarganya sebagai penasihat untuk mentadbir negara.

Amat malang dan sedih sekali sekiranya PM memilih untuk mendengar nasihat dari ahli keluarganya serta kawan2 yang berkepentingan dan meneruskan hasrat untuk bertanding bagi mempertahankan jawatan presiden kemudian didapati tidak mencukupi quota untuk bertanding.

YA ALLAH YA TUHAN KAMI LINDUNGILAH PERKARA YANG MEMALUKAN INI DARIPADA BERLAKU KEPADA PM KAMI.

YA ALLAH YA TUHAN KAMI, DI BULAN YANG MULIA INI, KAMI MENADAH TANGAN MEMOHON KEPADA MU BERILAH PETUNJUK DAN HIDAYAH KEPADA HAMBAA MU DS ABDULLAH AHMAD

Disini saya ingin memberitahu, tidak ada seorang pon daripada mereka (Kawan2 saya) ini, yang menyokong kerajaan sekarang, iaitu kerajaan Barisan Nasional yang di pimpin oleh Pak Lah. Begitu teruk maruah kerajaan BN sekarang nie. Di manakah maruah Barisan Nasional atau UMNO sekarang. Rata2 atau kesemuanya benci atau tidak suka pada PM kita sekarang (Pak Lah).

Kepada Pak Lah, tolong lah undur.... yang pemberi semangat dan menyokong kamu untuk terus jadi PM, hanyalah penyokong kamu yang ada di depan mata kamu sahaja.

Ramai juga kawan saya, mengatakan Dato Sri Najib pon tidak layak menggantikan Pak Lah, atau menjadi PM Malaysia, kerana Yang Berhormat di kaitkan dengan scandal Alatunya, walaupun Dato Sri tidak terbabit, Maruah dah tecemar.

Dear Tun,

This is right and a humongous SMACK on the FACE!

Will this episode end soon? or the people do what?

The way I see it, Country and Family are two different things. NEVER mixed and mess them up. The saying, "Never mixed business with pleasure" come to mind.

We all have to agree, that our leader has tried to make things into shape lately. But, the people think it is already too late to make amends, damaged already 3/4 done.

Now the only thing to do is, re-organize. How to do that with the "IMAGE" or stigma of family members mixing business with pleasure.

Our beloved Country has Citizens in them, with that citizens are among them are old folks, retired folks and folks, the most folks are, our future generation, our children.

Please do not gamble and jeopardize our children's future for own personal/family interests, or more

bluntly, DON'T BE SELFISH, THINK OF OTHERS! We too do actually exist in this country and world.

We are Humans too.

The Facts remain, We need to make things happen quicker to enable MALAYSIA rise as ONE without color or race.

The Structures are there in UMNO, MCA, MIC, but respective party leaders abuse them. Especially MIC, really upside down the looking at it. Perhaps due to leading over-stayed. Could reason the same as mixing business with pleasure? I don't know.

Changes also should be for the ABUSE of Responsibility by Leaders, whether big or small. Leaders must have the the ability to use "common sense" as basis of decision making.

If they make a WRONG decision, Admit to it. I always tell my children, these is no shame in admitting your mistake, so long you learn from it and not repeat it. This is the process of life. We make mistake, learn from it and move on forward.

If they are Right, fight for Justice. Be "Open" and don't hide when things got out of control. Face it.

These are the basics, but sometimes we forget. After all we are just human.

Therefore, we should STOP doing the negative things and START doing the positive things for the "RAKYAT'S" SAKE.

What we have now is, the dire need for a RESPONSIBLE LEADER.

Thanks, Tun. Dr. Mahathir for the paradigm shift and making of us the "Rakyat", THINK.

Salam terhormat Tun,
I tend to agree with what "Pembela" wrote; i.e. strike the iron while it is hot.

What happened during the last Supreme Council meeting may not come to any solid conclusion yet, but it's the biggest "shake" so far on AAB. Wonder how the "Spin Doctors" are going to spin this time.

Hope we are really seeing the beginning of the end.

Salam Tun!

Saya sokong agar Tengku Razaliegh Hamzah diangkat sabagai PRESIDEN UMNO! Kita tidak perlu pemimpin penakot untuk membuat sabarang keputusan penting tanah air seperti Najib lagi. TOLAK NAJIB!

Sekiranya perlu, gandingan Ku Li dan Muhyiddin perlulah diketengahkan! Kita juga perlu kekuatan UMNO peringkat petengahan Naib PRESIDEN yang terdiri daripada Rais Yatim, Shafie Afdal, Bung Mokhtar, Isa Samad, Ali Rustam @ Rahim Tamby Chik.

Kita juga perlu kekuatan akar umbi dikalangan PEMUDA UMNO! Pilihlah Mukhriz Mahathir serta gandingan nya Razali Ibrahim sebagai regu terbaik!

UMNO akan selamat dan terus membela bangsa Melayu yang kini lemah longlai dibawah naungan pemimpin yang tidak ada otak dan tak bertanggungjawab saperti Perdana Menteri Malaysia, Khairy Jamaluddin dan Perdana Menteri boneka, YAB Abdullah Hj Ahmad Badawi.

Dikhuatiri jika Melayu terus lemah, maka agak sukar untuk kita mewujudkan KONSEP BANGSA MALAYSIA SAPERTI YANG DIGAGASKAN MELALUI WAWASAN 2020!

MULAI SEKARANG! WAHAI AHLI UMNO SEKALIAN!

KITA BERSIHKAN PARTI KITA! KITA BERSIHKAN HATI KITA!

KITA ANGKAT PEMIMPIN IKHLAS UNTUK JAGA TANAH AIR KITA!! SUARA AKAR UMBI!

By Mohamad Lenny Hasan on September 24, 2008 4:32 AM

Salam My Beloved Tun & Madam Tun,

1. Kisah dalam kelambu UMNO sekarang dah jadi topik umum yg disiarkan di akhbar.

Motif : Untuk raih simpati kepada Pak Lah. Jadi lepas ni kalau ada ketua2 bahagian yg sokong Pak Lah terus jd Presiden, mereka boleh kata sebab mereka simpati dengan Pak Lah & tak setuju dng beberapa ahli MT

Apa yg ahli MT perlu buat, sekiranya sampai juga Pak Lah pd UMNO GE nanti, ialah boikot opening speech Pak Lah!

2. Apa yg akan jadi bila No.1 & No. 2 dalam UMNO bersekongkol??

Rasanya jalan makin sukar utk ahli2 MT yg mahu Pak Lah turun jawatan segera sebab Najib dah sokong Pak Lah.

3. Kenapa Najib boleh sokong Pak Lah?

Saya rasa ada kaitan dengan tukaran jawatan Menteri Pertahanan yg dulu disandang Najib & kini diambil alih oleh Pak Lah.

Kalaulah ada apa2 dealing dalam Kementerian Pertahanan yg dilakukan oleh Najib yg tak betul, mesti lambat laun Pak Lah akan notice sebab dia dah pegang kementerian tu sekarang.

So apa2 yg tak betul, pasti akan jadi 'asset' oleh Pak Lah untuk suruh Najib ikut kata dia or untuk 'backing' dia.

Ini mungkin tekaan or omong kosong saje tapi tak mustahil sebagai salah satu kemungkinan bukan??

Adios!

By tongkat on September 23, 2008 11:42 PM

hey Tongkat, your rationales have so many loopholes in them.

1) Why mandarin and not Cantonese if the company is dealing with companies in Hong Kong? If the company has its HQ or deals with companies in Japan, will it demand Japanese speaking employee? Or better yet, can we have ad stating must know how to speak Tamil or Punjabi or Bengali?

2) The ad is racist and bigoted. It wants to hire a Chinese person per se. I bet even if there are Malays and Indians who can speak Mandarin, these applicants will be rejected. So it used metaphor such as: must know mandarin, to percolate dangerously within the acceptable criteria.

3) This ad is just a prolongation of another ad - salegirls needed, must know mandarin. Even salegirls in Malaysia need to know mandarin. I kid you not.

4) All of us WHO REFUSED to learn mandarin are forced every day to face this kind of ad or forced to face the four-language signboards. This is Malaysia where the national language is Malay. If some people cannot even speak the national language, they should be ashamed of themselves. Like that Tamil lady who could not even remember her IC # and could not even speak Malay and when sent to deportation centre, gained so much outcries. WHERE ARE THE OUTCRIES WHEN SHE COULD NOT EVEN SPEAK MALAY?

5) Ad like this is racist without being overtly racist.

By M Nasri on September 24, 2008 6:23 AM

Salam Tun ,

Kalau nak diikutkan hati ni memang dah tak leh nak sokong UMNO... sebab UMNO sekarang ini tidak lagi memenuhi aspirasi rakyat. Tapi setakat ahli biasa seperti saya ni rasanya tidak ada apa-apa kesan, kalau nak meninggalkan parti. Memikirkan yang parti masih mempunyai waris dan wakil yang "berteloq" (macam anakanda Tun Mukhriz) maka kita perlu dipihak mereka yang berteloq ini. Walaubagaimana pun geng yang tidak berteloq selalunya mendapat imbuhan. Seperti mana kedatangan bakal perdana menteri termuda malaysia si mangkuk ayun ke Kedah Jumaat lalu atas alasan majlis berbuka puasa. Mangkuk ini akan menawarkan diri untuk bertanding sebagai ketua pemuda UMNO setelah melihat dan berbincang dengan akar umbi, (akaq pokok ubi mana????? kita tak tau) yang mau dia dipilih sebagai ketua pemuda.

Cakap-cakap politik yang keterlaluan sejak March 08 ini sebenarnya sangat tidak baik terhadap negara. Selagi tidak ada peralihan kuasa selagi itulah suara-suara ini takkan hilang. Tetapi agak malang kerana suara ini tidak didengar oleh pimpinan atasan yang mungkin pekak, bisu dan tuli. Kepentingan peribadi melebihi kepentingan negara. Jika kepentingan itu baik untuk negara tak pa... ini sokongan ahli sendiri semakin hari semakin menurun... tetapi seperti mana ayat standard " kita masih lagi kuat", rasanya dia sorang perasaan yang dia kuat.

Saya pasti orang muda macam saya ini, kami tidak mempunyai kedudukan dan pangkat didalam parti... tetapi kami hanya mempunyai kuasa untuk kerajaan BN terutamanya UMNO pada PRU akan datang. Jangan hairan jika UMNO dan BN hanya akan tinggal dalam lipatan sejarah... kerana mereka. Bermacam-macam suara bermacam tulisan di blog.. tetapi belum response tidak memuaskan. Suara kita tidak boleh menyekat, tetapi selepas ini rasanya suara ini akan kurang kedengaran kerana kita sudah "mangli", kita hanya perlu melihat "siluncai dan labu-labunya"

UMNO sekarang ini berkata pihak satu lagi sebagai "pengkianat bangsa", tetapi siapakah SEBENARNYA PENGKIANAT BANGSA?

By Pangait on September 24, 2008 6:30 AM

A quick look will tell dat Najib tryin to be a nice Guy, loyal and stick with d Malay Hang Tuah Motto, but when you observe carefully, actually Najib is in a big and dangerous situation, He's not strong enough to topple d PM & d fact is by controlin d Army it would bcom more dangerous. Malaysia might be lucky dat the YDPA and the states Sultan still in d favor of d army & most malay. Definately Malaysia wont end up like the Thai, i may b wrong but Najib might b waitting d rite time to struck on the PM. Base on d elite theory, relyin on a group of elite supporters will be much in favor than being the only one whom opposed PM. Furthermore, by capturing d elite supporters will provide much advantages & charm on the Royal families. D Sultan still possessed abig tempt & influence on d PUBLIC whether Malay, Chinese & Indian. In fact D Rukun Negara had big role in describing d truly Malaysian hearts, Sultan will in d end play big role in bcoming d savior of d nation. Najib is an oportunist, he will embarked and rally with D Head of d Nation to lead and getin d Basic support and establish a strong alliences with MCA & MIC, once d YDPA or Sultans entering d Political ring. I am sure dat, currently the Sultans r tryin to avoid in involving d local politics & only will react once d chaos is out of control.

Just have " sahur"

The menu was rice, left over " kuah lemak " from berbuka puasa and 2 boiled egg.

YB Theresa Kok suddenly pop in into my mind.

My food is " worse ... similar to dog food"

b'coz do not want to eat a dog food. I add fried "ikan bilis"

Now Its " slightly better than dog food". Enough for me until buka puasa. I do not feel like dog.

Sorry for out of topic. Gerammmmmmmmmmm? For those who have undernourished dog, kindly send them to YB Theresa. Plenty of good dog food there.

Those who do not have enough food at home also can go there. Just see which one YB Theresa will choose, them or her dog.

Note to YB Theresa, Please joint our puasa, then you will realise how delicious is your dog food.

Assalamualaikum Tun.

Daripada apa yang Tun coretkan, saya gambarkan di sini bahawa adalah wajar DAAB segera letak jawatan. Ini kerana, selagi beliau masih kekal sebagai PM Malaysia, makin banyak cemhuan, tomahan malahan maki hamun dari rakyat semua.

Mungkin DAAB mahu membersihkan namanya dahulu sebelum berundur. Akan tetapi, keadaan di dalam

negara sekarang makin meruncing. Sebelum ianya makin teruk eloklah DAAB letak jawatan sahaja.

Salam YABhg Tun,

Rata-rata rakyat setuju dgn hujah Tun. Kami dah bosan dgn kecelaruan politik yang tak pernah habis sejak PRU-12.

6 bulan berlalu tanpa ada kemajuan sekalipun. Kredibiliti Abdullah bin Ahmad sbg PM tiada langsung. Bukan semakin memperbaiki tapi memburukkan lagi keadaan. Makin byk masalah timbul.

Najib juga telah hilang kredibiliti dek kerana sikap 'playsafe'nya. Kita tak perlukan pemimpin seperti ini!!!

Bergantung harap kepada pemimpin yang menjadi jurubicara rakyat dan suara rakyat yg berkesan...Tan Sri Muhyiddin Yassin.

Ayuh Tan Sri Muhyiddin GO FOR PRESIDENT!!!!!!

By Praxis on September 24, 2008 7:51 AM

The ability to allow controversial issues to be debated at length and consensus to evolve, and in the process allow various talents to develop to their full potential and quality solutions to emerge is the key to a viable UMNO. The kind of innovative solutions you came up with during your time could not have emerged without such extensive commitments to consultation and debate, which is the essence of a democratic organisation, whichever level we look at.

If UMNO is viable, then the other component parties will hopefully emulate it's model and follow suit. There are no signs they are subjecting themselves to such objective analysis.

Salam TUN.

copy & paste.

17. Begitulah Majlis Tertinggi yang tidakpun lagi tinggi.

1.Saya sungguh tertarik akan ungkapan ini.Memang tepat sekali.

2.Kekuatan si Dolah tu selama ini kerana ada nya MT yang membodik beliau.

3.MT yang dilihat tersangat membodik beliau diantaranya.Mat Tyson, Tg.Adnan,MB N9, Shahidan, Azalina dan beberapa2 menteri2 yang baru.

4.Mat Tyson bergitu berang apabila mesyuarat MT bocor pada hari itu.

5.Memang jelas orang2 yang sokong Dollah adalah dari kalangan mereka yang berkempentingan untuk agenda diri sendiri,bukan untuk rakyat ataupun negara.

6.Maka itu orang2 ini tak layak untuk diberi apa2 kuasa atau jawatan dalam kerajaan mahupun parti.

7.Saya berpendapat Najib sentiasa 'play safe'. Ini tidak baik bagi nya,kerana memperlihatkan dirinya lemah.

8.Yang tersangat jelas si Dollah ni nak terus berkuasa kerana ada agenda keluarganya yang belum selesai.

9.KJ bercita2 nak jadi PM termuda. Kamaluddin nak jadi antara 10 terkaya di Malaysia.

Copy & paste

15. Yang peliknya ialah yang benar-benar menyokong Abdullah sebagai Perdana Menteri dan Presiden UMNO adalah pembangkang. Karpal Singh, Anwar Ibrahim dan Nik Abdul Aziz Nik Mat hendakkan beliau (Abdullah) kekal sekurang-kurangnya hingga pilihanraya akan datang.

10.Ini lah yang mesti dilihat oleh ahli UMNO dan BN.Percaturan politik parti pemangkang. Satu peluang mudah jika Si Dollah terus berkuasa.

11.MT UMNO, Ketua2 bahagian,Ketua2 cawangan, pemimpin2 pemuda wanita dan Pak2 menteri mesti lah menerima kenyataan dan hakikat bahawasa nya si Dollah ni sudah tidak lagi diterima majority rakyat Malaysia sebagai PM.

12.Walau apapun rancangan Dollah untuk memulihkan keadaan sudah tidak memberi apa2 makna pada rakyat yang terus mahu dia meletak jawatan segera. Kalu tak caya buat pungutan suara.....Jangan la asyik dengar kempen dan propaganda KJ sahaja.

TUN kalau dengak lagi kecoh2 kat meeting MT tu bocok2 la kat ruang blog Tun ni.....supaya rakyat tau MT mana kaki bodik dan yang ada telok....

Selamat menyambut Aidil Fitri untuk TUN sekeluarga dan sekalian peminat Chedet.com.

Pak Lah can't leave because he is conered between the devil & the deep blue sea.For him to lo leave now is a disgrace.I don't think he is concern about UMNO or BN.Also, he is not concerned whether the oppositon will take over. He wants to leave a good legacy but in vain.

Saya sangat bersetuju dengan petikan tun ini,

"Tidak pernah ada Presiden UMNO yang begitu sekali dibenci rakyat seperti Abdullah. Melayu, Cina dan

India, samada ahli parti komponen Kerajaan mahupun penyokongnya atau rakyat kebanyakan kesemuanya mahukan Abdullah mengundur diri."

memang betul tun, pak lah adalah pemimpin yang paling dibenci..
tetapi kenapa dia tidak turun-turun..?

KERANA...

rakyat Malaysia kan baik-baik..

bukan macam Thailand..

mungkin pak lah nak macam tu baru nak turun..

Pak Lah memang masih dibuai angin yang dikipas oleh pihak yang berkepentingan....

Salam Tun,

Mengenai campurtangan Khairy dlm pentadbiran Pak Lah bukanlah perkara baru. Rakan2 saya sering meluahkan rasa gelisah dgn tindakan Pak Lah hingga ada yg menyatakan Malaysia ini di tadbir oleh Khairy. Secara terus terang saya katakan disepanjang Pak Lah menjadi PM tiada satu pun keputusan yg dibuat menunjukkan ia seorang yg "brilliant". Kadangkala keputusan yg dibuat sering menimbulkan rasa marah dan tidak senang hati rakyat. Kelemahan Pak Lah ini di ambil peluang oleh ketua ketua kaum di Malaysia untuk menghentam UMNO dan kelemahan UMNO juga berpunca dari cara Pak Lah mentadbir. Menantunya si Khairy adalah seorang yg jahat dan mempunyai niat menjadi pemimpin negara utk mengumpul sebanyak harta yg bolih. Saya bagi satu contoh...semasa Khairi menerajui satu rancangan TV yg memilih pemain bolasepak di Petaling Jaya....semasa pemilihan itu padang Jalan Timur basah disebabkan hujan maka pemilihan tidak bolih dijalankan, tetapi Khairy telah memanggil Halikopter utk mengeringkan padang tersebut...mana masuk akal keringkan padang dgn menggunakan kipas halikopter dan sumber dari mana ini. Bagi saya ini satu perbuatan yg bodoh dan membazirkan sumber. Begitulah tindakan Khairi dan cuba kita bayangkan jika ia menjadi perdana menteri? Walabagaimanapun saya masih berharap disaat2 yg genting ini ALLAH kurniakan satu pemimpin yg bolih menyelamatkan Malaysia dan masyarakat peribuminya. Sebelum saya ahiri saya ingin pembaca ruangan blok Tun ini memikirkan perkara ini....dimanakah kedudukan najib jika Tengku Razali menjadi PM.....

Salam dan selamat brpuasa.

DS Najib is 'Yes Boss' kind.

Wonder, if he become PM, who is the boss he'll be 'yessing' to?

One thing sure, he'll expect others to 'Yes Boss' him.

I smell trouble, bigger trouble.

Is he still fit for the post?

Somoga peroleh berkat buat Tun berdua.

1. Isu utama adalah keberanian menentang ketidakbetulan.
2. Orang Melayu penuh dengan adab yang baik. Dalam adab yang baik itu juga ada tidak baiknya - dari segi kesan.
3. Apa yang terjadi di MT baru-baru ini adalah contoh pertembungan adab dan keberanian.
4. Ada juga orang Melayu menilai keberanian adalah untuk menjadi jaguh. Tapi dalam hal ini bukan...ianya hanyalah untuk survivor orang Melayu dan rakyat Malaysia supaya perkongsian kuasa dan ekonomi kekal baik. Tidak ada yang tamak. Pegang balik pada perjanjian lama tok moyang kita sandarkan.
5. Tentang survivor diri - terutama sekali ahli -ahli politik...itu juga sesuatu yang "tricky" perlu diperhalusi dengan bijaksana oleh ahli politik sendiri. Dengan kata lain "lawak lama dah tak boleh pakai"
6. MT perlu mainkan peranan MT dengan berani. Kalau tidak berani pun cubalaa...berlagak berani..sekurang-kurangnya tak malu diri tu bergelar MT.

Pesan orang-orang tua

pemimpin yang pandai bercakap
"tak tahu buat kerja"
-macam Anuar Ibrahim
asyik cakap saja, komen saja, itu tak kena, ini tak betul
itu takbur namanya- takbur lah yang menyebabkan iblis di halau dari syurga, bermakna Allah pun tak suka dengan pemimpin yang takbur
-jika berpemimpin yang takbur negara pun akan jauh dari rahmat Allah

Pemimpin yang kurang bercakap
"tahu buat kerja"
-kerana orang yang kurang bercakap, dia akan banyak berfikir,
lebih afdal jika kurang bercakap kerana berzikir.
pemimpin begini yang patut kita cari,
bukan pemimpin yang mencari untung sendiri
untuk anak dan isteri, apatah lagi menantu yang dikasihi,
kelak terjual bangsa dan pertiwi.

malang sungguh nasib Negaraku Malaysia sekarang ini
- dikurniakan pemimpin yang
"Bercakap pun tak pandai, berfikir lagi engkar"
nasib rakyat jadi taruhan demi wawasan yang kelam.
Apakah ini balasan Tuhan, atas kesilapan kita dimasa silam,
yang tidak tahu menghargai sumbangan pemimpin-pemimpin yang lepas,
"segala pengorbanan pemimpin lepas untuk negara di pertikai,
"apakah ini ujian Tuhan atas balasan kepada rakyat malaysia, untuk berfikir sejenak dan merenung masa lampau, setelah nasib
bangsa menjadi taruhan"

Marilah kita rakyat malaysia berbaubat dan meminta ampun kepada Tuhan, diatas kesilapan kita, kerana semuan yang terjadi adalah ketentuannya, semoga sekali lagi kita dianugerahkan seorang pemimpin yang melatakan kepentingan negara dan bangsa melebihi kepentingan keluarga dan peribadi.

Ampuni lah kami semua Rakyat Malaysia wahal Tuhan
seandainya apa yang berlaku ini sebagai balasan,
diatas kesilapan dimasa lampau, kembalikan maruah kami sebagai bangsa Malaysia kelandasan yang benar,
bimbingi lah kami menuju wawasan,
Ya Tuhan kami, Kau lembutkan lah hati Perdana Menteri kami, supaya melepaskan jawatan penting demi bangsa dan maruah,
Kau kembalikan keamanan dan kestabilan negara kami dari sebarang pengaruh dalam dan luar yang boleh membawa kepada kehancuran
segala yang telah kami bina bersama,
bimbingi lah kami semua Rakyat Malaysia, kearah kegemilangan seperti
apa yang pernah pemimpin-pemimpin kami usahakan,
permudahkanlah urusan bangsa Malaysia, dimuka bumi demi kebaikan dunia seagat,
Kau kurniakan sekali lagi kepada kami pemimpin yang bijak, panda, cekap dan berwawasan seperti mana Tun Dr mahathir, semoga
perjuangan kami yang belum selesai menemui titik noktahnya

Amin

Dear all...,

Sy cuma nak inform lg skali.
Sbenarnya DSNajib bukanlah calon yg sesuai utk jwtn PM. Dia ni jenis lalang yg mudah ditiup angin. Ayahnya Tun Razak jg bkanlah seorang PM yg baik sperti yg digambarkn. Semasa T. Razak jd PM beliau dh mmg ada penyakit. Yg tahu hanyalah timbalan beliau T.Dr Ismail. Sbnarnya TDIsmail la yg bnyak bg idea smasa zaman itu. Tp disebabkan org dlu hormat pemimpin jd TDIsmail tk mahu over shadow. Jika TDIsmail tk kna heart attack dia PM kita bukannya kroni TRazak iaitu THussein On. Cba tgok TRazak, THussein On, DSNajib, Hishamudin.
Ni sume kira kroni la ni cume kturunan ni makan snyap je.

My dearest Tun - spot on!!! You are so perceptive and insightful. This is the nub of the problem plaguing UMNO.

Assalamualaikum Ayahanda Tun dan isteri,

Saya tak tahu apa yang Pak Lah kata dia ada banyak sangat kerja yang nak dibuat selepas ditanya oleh pemberita mengenai perletakan jawatan sebagai PM. Mungkin rakyat lain pun sama macam saya sebab tak nampak langsung apa sumbangan beliau kepada negara, tapi kepada keluarganya banyaklah. Saya risau apa akan jadi pada UMNO pada masa akan datang kerana kedegilan, keangkuhan, bodoh sombong dan pandangan rakyat tidak diambil kira oleh PM sekarang. Jadi Menteri Kewangan, bila susah je letak jawatan, susah je letak jawatan. Bila ekonomi tak gawat, takde pulak nak letak jawatan. Gaji ambik jugak. Kalau macam tu lah, sesiapa pun boleh jadi PM. Saya pun boleh buat ECER, war-warkan koridor raya itu, ini, tapi hasil pada rakyat, mungkin la dalam 20-30 tahun lagi. Rakyat nak sekarang hasilnya sebab makin lama RM makin jatuh, harga barang tak pernah turun, naik, naik, inflasi makin tinggi, daya membeli makin kurang sementara pemerintah kerajaan syok naik Mercedes, BMW, minyak free.

Pembangking sokong beliau jadi PM sebab makin lama makin berpecah belah BN. Budak-budak sekolah pun dah tau. Saya harap bahagian-bahagian UMNO akan sokong beliau letak jawatan semasa perhimpunan Agong UMNO Disember nanti. Kalau anda masih nak dia jadi PM, anda adalah termasuk di antara orang-orang yang akan menjahanamkan UMNO dan Malaysia.

Dear Tun,

I'm indeed very surprised that the MT is outdone by Pak Lah again. Why is this man still wanting to cling to the seat? Is he really fighting for the Malays or his personal agenda? What actually is Pak Lah's agenda? Why is he so stubborn beyond comprehension when every single person that I meet on the street irrespective of their political belief has raised their dismay over his leadership?

If he stays for the next 2 years, I'm not surprised the country turns into complete disarray. I guess there's a hikmah behind all this. Your coming home to UMNO is critical to unite the Malays, but I hope it is not too late. I'm sad that not many Malays understood the sacrifices UMNO had undertaken. Many of us fail to see the survival of UMNO is critical. Without UMNO, Islam is under threat as the role of Raja2 as the Ketua Agama Islam will gradually be diminished. The old name of Malaysia is Tanah Melayu and I will fight on to ensure Tanah Melayu tetap kepunyaan Melayu. Hidup Melayu, Hidup Nusantara.

By jAYyy on September 24, 2008 9:09 AM

Dear Sir,

I have to agree with your comment this time. It is obvious that Abdullah is weak and disliked by even BN's members..BUT... BUT....

WHY Abdullah insisted on the transition power to be in the year 2010?

There must be an answer to this.. MAYbe Badawi wanted his son in law that opportunist Khairy to be in power or maybe like what you have commented, become the youngest prime minister in Malaysia? If that happens, you will see many rich Chinese or above average Chinese citizens migrating to other country.

I have chosen to support the opposition because it is obviously a better choice. We would rather take our chances on the opposition. Talking about opposition incompetency in becoming a government? So far as I can see, they are doing better than what previous state BN has done. Best example, Penang State. I never liked Chief Minister like Koh. This is not because i supported the opposition, but is because he is a "Yes Man" and man without action or only action when is near to election. What kind of occasion do i ever see Koh involved in? When there are special festival in Penang like throwing mandarin oranges and etc. BN will never get back the state of Penang because the people here realised that he is indeed a Leader by Example.

Anyway Tun, I respected you as one of Malaysia bold leaders. Thanks.

By kekawan on September 24, 2008 9:14 AM

1. LJ mention that u r the most hated person/PM in history! That may be true during the 1997/98 but Tun recover and enhance his reputation b4 stepping down by avoiding the financial crisis(particularly from IMF). Now I think most M'sians miss Tun except the opposition. Now Pak Lah popularity has dropped below 40% from as high as 80% and yet still unashamed to cling on to power.

2. Hurt me so much as a Malay to hear a S'porean blogger that if M'sia was to divided into 10 smaller states, it will never be great as being managed by 10 stupid Malays! Generally Malaysia has been stupid enough to continue assisting S'pore in most areas as S'pore has never been thankful to Malaysia/Malaya particularly for granting them faster independence from British. Yet remains selfish and kiasu. Like a proverb "Melepaskan anjing tersepit"!

3. For the supreme council, if issues deliberated can leaked what abt other confidential matters! Ridiculous and needs action. Kudos to the ones who speak their mind for loving the country and sad to those who remain to be blinded by the power. No responsibility for religion, country & race.

4. I agree with some comments that Tun should consider being an UMNO advisor/minister mentor once readmitted to UMNO. This may be proposed during the Council Meeting! May be Tun could even propose a Veteran Wing ie for those over 70s to lend their experience in addition to Putera/Puteri & sit in the supreme council.

May Allah bless Malaysia!!

Dear Tun and fellow bloggers ,

I am still flabbergasted on certain bloggers that still rate Pak Lah highly ; especially by Andy2020 and ABI . From ABI comment "But Pak lah is genial, open-minded. He allowed people to talk."

Yes , he did allow people to talk while he sleep and all decision taken are based on his close family opinion .(You know who I am refering to)

Are these two fellow so blind to see the state of our economy,security and political situation now? Every thing are gone from good to worst.

Anyway , I am sure the BN are going to be irrelevant in the near future even before Najib can become the PM.

By zul ali on September 24, 2008 9:21 AM

BN-UMNO, tolanglah memberi fokus kepada kehendak Rakyat, meningkatkan kecekapan pentadbiran, menghapuskan rasuah, mementingkan keadilan/kehakiman dan hak asasi manusia, membaiki sistem pelajaran, mengurangkan kadar jenayah, membaiki tahap ekonomi negara...

Janganlah buang masa dengan masalah dalaman parti, masalah antara parti-parti BN, ini semua akan melemahkan lagi BN...tidak akan mendapat sokongan Rakyat.

By suara rakyatAuthor Profile Page on September 24, 2008 9:30 AM

"15. Yang peliknya ialah yang benar-benar menyokong Abdullah sebagai Perdana Menteri dan Presiden UMNO adalah pembangkang. Karpal Singh, Anwar Ibrahim dan Nik Abdul Aziz Nik Mat hendakkan beliau (Abdullah) kekal sekurang-kurangnya hingga pilihanraya akan datang. "

1. Inilah yang menariknya politik di Malaysia. Sebagai contoh Tuan Guru Nik Aziz dahulunya cukup lantang bila menyuarakan tentang "kronisme"...namun bila menantunya dipersoalkan kerana memegang jawatan dalam kerajaan negeri terus beliau memberikan alasan bahawa Nabi s.a.w dan para sahabat r.a pun mengamalkan "kronisme". Masyaallah tuan guru..kenapa lagu nie?

2. Sememangnya pemimpin pembangkang mengharapkan beliau terus mengepalai kerajaan sekarang. Itu baru hanyalah yang didalam negara yang cuma dahagakan kuasa politik. Namun bagaimana pula dengan kuasa besar yang mungkin akan meratah Malaysia bila penjaganya seorang yang lemah, penakut,tidak tegas,tidak tahu hala tujunya???

Once again you speak (write) exactly what the people think and feel, but do not have the means to bring it up.

I was so frustrated the day he announced the cancellation of the bridge,because it's my dream to see the Selat Tebrau water flows freely and naturally.

Abdullah not only shattered my dream and vision, but he also clearly shows that he has NO IDEA what so ever what's on the people's mind.

But Tun, you gave me hope. I'm 61 now. I pray to God that this dream of mine will come true before I die and I am willing to die for it. InshaAllah.

It is atrocious that KJ still harbours the dream to become the country's youngest Prime Minister. I pray that this will never come true.

You may have heard this many times before but truly a lot of people would like to see you return and lead this beloved country.

As a human being, no doubt you are not perfect. You have faults and flaws but Malaysia flourished under your leadership. One could SEE development taken place. We are able to enjoy the infrastructure facilities built i.e. highways, LRTs, etc. We take pride being Malaysians.

What does one see under the present leadership? Bickering, racial tension, disrespect, etc. We have not progressed at all.

Najib...perlu dihantar ke BINA Negara agar dapat diterapkan kembali semangat keberanian dan berjuang

Tun,

You must admit you are the one who created Anwar Ibrahim [Malaysia's most celebrated political animal], and you are the one who chosen Abdullah Badawi as the Prime Minister.

You are the one who corrupt UMNO and create the sort of pride of becoming UMNOPutra. You are the one who compromised the judiciary.

Yes, you created a modern Malaysia for us, but at what expense. Our human values are declining. Reflect your past and do not speak as if you are not guilty of what is happening to Malaysia.

I pity Abdullah Badawi for you and Anwar Ibrahim taking advantage of his well-known ineffective leadership to show supremacy. You, Anwar Ibrahim, Abdullah Badawi, Lim Kit Siang, Karpal Singh, Rafidah Aziz, Nik Aziz should get out from the mainstream picture. Your time has passed and it is time for new political aspirations in Malaysia.

NO to Reformation!
NO to Government Driven by the Divine Rights Belief!
NO to Politikus!
NO to Politics Driven by Arrogance!

Where are the second tier leadership of Malaysia? Do we see any?

Dalam hal ini, saya rasa Najib patut disalahkan. Najib kena mulakan sesuatu utk mencabar Pak Lah. Najib kena buktikan dia berhak utk menjawat jawatan PM yg seterusnya. Tiada benda dlm dunia ini dpt diperoleh dgn senang atau datang dlm dulang. Mesti ada pengorbanan, mesti ada risiko.

Klu Najib terus dgn sikap tiada "tulang belakang" ini, mungkin Najib juga akan dianggap sebagai liabiliti utk parti. Ataupun mungkin itu percaturan politik Pak Lah dan penasihat2nya. Biar nampak Najib lemah supaya beliau dpt menjawat jawatan PM lebih lama.

Dear Tun,

Doesn't Najib knows that if AAB does not step down soon, there will be no more PM post for Najib to take over. As an ordinary rakyat, we mingle around with ordinary people and everyone is fed up with the current government.

People even said they do not mind what DSAI has done, they are going to vote opposition in the next coming election. All along I hv voted for BN even in the last General Election but the next one, I am not so sure.

Just for records: On the scale of 1 to 10, I give a 10. :) You're the best.

Sebab Pak Lah consult isterinya, Jeanne yang membuat beliau enggan letak jawatan hingga kini....

Sebabnya - Jeanne belum puas lagi jadi 'First Lady' dan apabila Jeanne bosan jadi 'First Lady', maka Pak Lah pun ready nak letak jawatan.... hehehehe sapa tak sayang bini woi!!!

BUAT BADAN PENCEGAH RASUAH,

Sila siasat berapa jumlah harta KJ son-in law...ssebelum Pak Lah jadi PM dan selepas jadi PM.....Kalau dia kumpul hanya 1 atau 2 juta dalam 4 tahun...tak pa la.....tapi cuba check ada kemungkinan dia kumpul berpuluh-puluh juta dalam 4 tahun...

BPR berani ke nak check.....atau dengar nama pak lah dah terketar-ketar.....Dah berapa laporan dan bukti nyata diberikan kepada pak lah tapi BPR "masih menyiasat" habaq la kat rakyat perkembangan kes rasuah Pak Lah.

Assalamualaikum Tun,

Sudahlah itu Tun,apa lagi yang Tun mahu. Tak habis-habis menuduh. Tun,yang lemah perlu dibantu dan

disokongan bukannya menambah buruk keadaan. Kita semua tak sempurna, ada kelemahan masing-masing. Oleh itu, hurkanlah bantuan supaya kita semua dapat bersatulah demi ugama, bangsa dan negara.

Saudara Ran.

kerana demi bangsa, ugama dan negara lah maka TUN yang disokong ramai rakyat mahukan Pak Lah tu mengundurkan diri.

Bukan tuduhan. Kenyataan. Pak Lah tu memang tak layak jadi PM diatas beberapa perkara.

1. Politik nya di pergaruh oleh anak menantu dan keluarga terdekat nya untuk mengaut kekayaan negara.

2. Flip Flop. Tidak konsisten.

3. Bukan lemah....tdak juga lembik...tapi degil...dan jugak buat2 pekak.

Dan banyak lagi....Mungkin saudara Ran baru mengikuti blog ni....tu pasai macam baru bangun tidok, tak faham2 apa sebenar nya yang berlaku...

Tun tak ada pun kepentingan diri sendiri. TUN cuma mahu menyelamatkan rakyat dan negara. Kalau orang macam kita lebih2 cakap, nanti tak pasai2 kena ISA.

Tak payah lah nak nasihatkan TUN. Rasa nya Tun lebih dulu makan garam dari awak.

MT2 yang sokong Pak Lah tu semua nya kaki bodik. Kak Fidah tu dulu bodik jugak. Tapi dah tak jadi menteri, barulah nampak apa silapnya Pak Lah. Mat Taib, Pak Lah tolong jadikan menteri mestilah bodik habis.

Rakyat mesti teruskan beri tekanan pada Pak Lah supaya undur segera.

Dr. M is still in denial mode.

He inherited a 'spined' Supreme Council from Tun Hussein Onn and being the doctor that he was, he removed the spinal cord from them.

In my view, the 2nd half of his reign, he lorded over a spineless Supreme Council. That the current PM is spineless is no surprise as he was a product of the Mahathir era.

For UMNO to reinvent itself, all Supreme Council members that have served under Dr.M and are still on the Council should be removed. They are spineless and have passed their shelf live.

Salam Tun...Morning..

Rasa-rasanya kalau saya jd PM, kompom ISA akan saya gunakan sebaik mungkin. Sebab sekarang saya jd ketua pun, payah betul nak handle orang bawahan. Kalau kita berkompromi sikit, dia org dah start naik kepala.. Buat pengetahuan Tun, kita org cuti raya 2 hari je sedangkan semua pekerja beragama Islam.. Tetapi kita kena berunding dan terangkan situasi sebenar kerana ini adalah arahan pihak atasan.. Degil, ponteng, dapatlah warning letter atau gantung kerja..

Kita kena pakai kuasa veto, ditaktor sikit.. Biar org takut dgn kita.. Klu org suka dgn kita bermakna mrka nak something la tu..

Nasib baik saya x ditakdirkan jd PM.. Klu x memang Teresa, RPK, Anuar Ibrahim, Geng UMNO, BN, Pakatan Rakyat n Bloggers yang mengapikan kedaan kemungkinan hilang tanpa dikesan.. (Without Trace)..

Saya sokong ISA 10000000% sebab saya bukan orang yang akan masuk ISA..Hanya org yang mempunyai kepentingan tertentu dan org yang ada possibility yang masuk ISA je yang x suka ISA..HIDUP ISA!!!!

Assalamualaikum, Tun.

Isu tentang ketirisan maklumat perbincangan Majlis Tertinggi UMNO amat memalukan parti tersebut. Apa tidaknya perbincangan yang sepatutnya dirahsiakan telah tersebar luas. Yang pasti ketirisan ini dilakukan oleh mereka-mereka yang terlibat dalam perbincangan.

Sudah terang lagi bersuluh menunjukkan kepimpinan Pak Lah semakin tidak mendapat sokongan tidak seperti yang digambarkan oleh media arus perdana. Sebagai contoh dua hari lepas UMNO Pulau Pinang dan UMNO Kelantan telah menyatakan sokongan tidak berbelah bahagi kepada Pak Lah berhubung dengan isu peralihan kuasa. Yang membuatkan perkara ini menarik, mereka ini adalah pembangkang dinegeri sendiri. Apa tujuan mereka sebenarnya kalau tidak mengampu atau membodek Pak Lah.

Ini jelas menunjukkan pemimpin UMNO dibawah pimpinan Pak Lah adalah mereka-mereka yang kaki ampu, kaki bodek dan kaki kipas yang mementingkan kedudukan dan kekayaan mereka tanpa memikirkan nasib rakyat tak kira Melayu, Cina dan India.

Baru-baru ini Teresa Kok yang baru dibebaskan dari tahanan ISA telah melalak tentang menu makanan semasa beliau dalam tahanan, sehingga ianya disiarkan dalam media arus perdana. Kenapa perkara ini yang hendak diperbesarkan?? Apakah motif disebalik tindakan ini?? Saya secara peribadi merasakan ia adalah tindakan bodoh kerana isu menu makananpun hendak diperbesarkan. Bukannya tak diberi makanpun. Mana dia kaki pukul UMNO yang selalunya berkokok untuk menjelaskan atau memperbetulkan isu ini?? Lebih-lebih lagi KJ.

Rakyat tak kira apa bangsa telah mula muak dan menyampah terhadap kepimpinan Pak Lah dan Sekutunya.

Pak Lah seharusnya bersyukur kerana rakyat negara ini tidak begitu agresif terhadap pemimpin mereka. Sebagai contoh apa yang telah berlaku di Thailand sepatutnya boleh dijadikan tauladan oleh kelompok-kelompok ini.

Dia seharusnya bersikap gentlemen, letak sahaja jawatan seperti yang dilakukan oleh menteri-menteri dinegara lain. Bukannya membuat kenyataan yang kononya beliau masih banyak kerja yang perlu dilakukan...kerja apa???

Selamat berpuasa Tun. Wassalam

Salam Tun,

Pak Lah berkata bahawa dia mempunyai rencana untuk memajukan rancangan Malaysia ke-9 dan perlu berada untuk memastikan plan-plan yang di rancang akan berjaya tanpa sebarang kesulitan.

Tugas dia belum selesai, maka dengan itu dia perlu terus relevent dalam politik Malaysia.

Orang dibawahnya, terus - terus memberi maklumat yang kurang jelas tentang hasrat rakyat yang sudah 100% menolak nya.

Kita perlu perubahan besar, Tun harus kembali , untuk sekurang kurang nya 3-5 tahun. sehingga kita benar benar stabil dan pulih daripada kemelut politik kini.

Ini yang di nama kan urusan yang belum selesai. Tun harus kembali!!!

Salam

Ada satu fakta yang menarik mengenai kumpulan angsa. Sama- sama la kita renungkan..

Di negara 4 musim, Ketika musim gugur sekumpulan angsa akan terbang ke selatan untuk menghindari musim dingin. Angsa-angsa tersebut akan terbang secara berkumpulan dalam bentuk "V".

Setiap kali burung mengipaskan sayapnya, ia akan memberikan daya tujahan dan membantu angsa-angsa yang terbang dibelakangnya. Dengan terbang dalam bentuk "V", angsa-angsa yang mengekori dibelakangnya akan mempunyai kuasa terbang 72% lebih tinggi daripada terbang secara bersendirian.

Sekiranya ada angsa yang terkeluar dari formasi kumpulan, angsa itu akan terasa berat dan mengalami kesukaran apabila terbang secara bersendirian. Dengan segera angsa itu akan kembali ke dalam formasi untuk mendapatkan semula kelebihan apabila bersama dalam kumpulan.

Apabila angsa di hadapan berasa penat, ia akan terbang kebelakang formasi dan angsa lain akan terbang menggantikan posisi tersebut.

Angsa-angsa yang berada dibelakang menguak dan berbunyi riuh untuk memberikan semangat angsa-angsa yang dihadapan supaya mengekalkan kelajuan.

Sekiranya seekor angsa sakit, terluka atau ditembak jatuh, dua ekor angsa akan keluar dari formasi dan mengikuti angsa yang jatuh itu untuk melindungi dan memberikan bantuan. Mereka akan tinggal dengan angsa yang jatuh itu sampai ia dapat terbang semula atau dipastikan sudah mati. Jika angsa itu dapat terbang semula, mereka akan kembali terbang dalam formasi "V".

Jadi apakah pengajaran dan teladan yang kita boleh perolehi daripada kumpulan angsa tersebut? hmm saya pinjam tagline Nabil Raja lawak.. "lu pikir la sendiri".

Assalamualaikum, Tun dan Keluarga.

Selamat berpuasa dan Selamat berhari raya.

1. Siapakah pada pandangan Tun paling sesuai utk menjadi PM sekarang. Saya nampak DS Najib dah semakin Layu. Dah tak sesuai lagi.

T Razaliegh saya tak berapa perasan. Sekarang semakin sepi.

Muhyiddin - emm, nampak ok tapi tak tahulah. Beranike dia nak cabar Dollah.

2. Masalah utama adalah kuota pencalonan. Itu yg menyebabkan semua tak berani umum bertanding. Takut nanti tak cukup kuota, nama kena black list.

3. MP (menantu Perdana) dah umum nak bertanding Ketua Pemuda. Tengoklah nanti apa nak jadi dgn pemuda kalau dia jadi ketua, kalau najib jadi PM pun panas punggung dibuatnya. Tak lama boleh bertahan. Mungkin tercapai cita-cita MP jadi PM termuda.

Salam, Tun

I refer to this comment http://test.chedet.com/che_det/2008/09/supreme-council.html#comment-38348

How shallow has parts of our society become? The gentleman who inserted that comment cited that "the Malays have been discriminated" because of a requirement in the job ad, just because the ad asked for someone to be proficient in English & Mandarin!

It is comments and thinking of such nature that leads to the polarisation and degradation of our society. I know of many Malays who are skilled in speaking Mandarin (and english) - who have taken the effort to learn different languages and compete. They feel that gives them the advantage in the marketplace. I know of a group of Malay entrepreneurs from Seremban who are now excelling in trading in mainland China, just because they have the language skill.

How absurd and narrow-minded are you, Mukhriz to come in here and play a race card on things as academical as that? Do you not even see that the ad requests for the applicant to be a Malaysian citizen or at the very least a resident? That itself equates to equal opportunity or is that something you are not familiar with? I do hope you start seeing beyond the trees that makes up the forest!

Tun, thanks for the in sight, i already do my part in requesting PM to resigned, like going to the petition online & give my "cadangan" in "Warkah untuk PM" website. I hope all of you that truly believe that the PM should resigned earlier than the given time, should go to voice it out now. I hope that can give pressure to him. Once PM out, hope also Tun can come back to UMNO and become the senior adviser.

I like to take this opportunity to said i dun like DSAI at all! Is He really befriend a Jew?! OMG! No body have a lower opinion of him than me! That's for sure! (May Allah forgive me for hating a person so much! Amin)

1. Komen saya dari AWAL lagi tetap sama bahawa pintu hati Pak Lah dah TERTUTUP untuk berhenti walau pun dibacakan talqin di telinganya. Kalau umur kita panjang, kita akan menyaksikan Pak Lah KEKAL selagi dia HIDUP. Ini adalah balasan Tuhan ugama di jadikan modal politik(hadhari) begitu juga yang lain lain yang seangkatan dengannya.

2. Sekarang terpulanglah kepada orang orang yang rapat dengan Pak Lah Dato ke, Tan Sri ke Datin seri ke atau apa pangkat sekali pun Anda TIDAK akan berjaya mengubah hatinya. Keturunan saya TIDAK akan memaafkan Pak Menteri mahu pun anda anda yang bertanggung jawab sekarang terhadap negara ini. Tidak akan masuk syurga kalian yang beragama islam jika negara ini HANCUR kerna kemaafan dari keturunan saya TIDAK pernah memaafkan kelian yang berkuasa sekarang yang hanya mementingkan kuasa dan perut masing masing yang tidak ada pernah rasa cukup, nauzubillah.

Salam Buat ayahanda Tun dan Bonda,

1. Sememangnya wujud perasaan yang sayu dan pilu dikalangan penyokong UMNO @ MELAYU TULIN apabila Pak Lah melambat lambatkan mengunduri diri. Pihak pembangkang terutama DAP @ CINA TULIN gembira disebabkan orang melayu sekarang mempunyai ketua yg kurang sedikit bijak, tolak ansor dan mudah diperdayakan secara halus.

2. Anuar Ibrahim adalah pemimpin yg dikehendaki pembangkang dan yahudi (One world order). Sebab sebab utama adalah kerana suka dibudik/sangkak, mudah dijilat dan melipat serta ada unsur 'membunuh' sesama bangsa melayu sediri apabila dia merasa keadaan tercabar.

3. Penyelesaian UMNO amat mudah demi kepentingan umat MELAYU, Rakyat Malaysia, Ekonomi Malaysia, Umat Islam dunia dan Dunia seagat. Pertama- Pak Lah Undur diri sbg Presiden UMNO, Kedua- Mesyuarat UMNO bahagian dimulakan diikuti MT pusat. Ketiga - MT mula mesyuarat putuskan perkara yg penting. Keempat- Penasihat UMNO, Veteran UMNO, Hardcore UMNO, Professional UMNO dan IBU UMNO diberi tugas yg sesuai. Kelima- semua ahli UMNO kena dengar baik baik senikata lagu UMNO. Keenam - UMNO kena berani, tegas, bijak, berdisiplin, matang dan 'jangkauan pemikiran yg tajam'

4. Secara peribadi, ketua ketua pembangkang yg ada di MALAYSIA seperti anuar ibrahim, nik aziz, lim kit siang, karpal sing, teresa kok, raja petra bukan golongan bijak pandai, berwawasan atau berstatus pemimpin. Mereka diangkat oleh penyokong kerana popular dan glamour. Langkah dan taktik mereka mudah dijangka.

5. Ayahanda Tun memang 'special' bagi saya. ada dua (2) orang lagi pembangkang yg saya rasa 'special', bijak, pandai dan berkarisma tetapi dia selalu kena cantas geng puak mereka. Special maksud saya ialah 'dah fikir awal', 'dah tahu kesanya awal', 'dah agak tindak balasnya' dan 'dah nampak ruang dan peluang awal'

6. Terima kasih kepada ayahanda Tun apabila membongkar sedikit situasi MT mesyuarat dan nampak impak UMNO terus berani, garang, bersatu, berjaya dan pulih semula akan terlaksana sedikit masa lagi.

Sekian terima kasih

yunos

Salam sekalilagi YAB Tun Dr.M

saya adalah peminat & penyokong Tun sejak saya mengenali Tun dari kecil lagi apabila melihat koleksi buku2 yang menjadi simpanan bapa saya semuanya mengenai Tun. Bermula dari situ lah sehingga sekarang Tun menjadi IDOLA DAN INSPIRASI saya.

Sememangnya benarlah bak kata Tun, MELAYU MUDAH LUPA. Orang2 yang pernah mencium tangan Tun sambil meraung2 menangis macam anak ayam kehilangan ibu, bila Tun sudah tidak lagi pegang apa2 jawatan, bermula sikap KURANG AJAR dan BIADAp kepada Orang Tuanya...Inilah orang kita.

Bukannya nak memuji Singapura tetapi sekurang2nya jadikan sikap mereka kepada bekas pemimpin sebagai tempat merujuk. Tetapi kita disini, di tegur saja bila berlaku kepincangan mulalah melalak dan merapu mengutuk orang yang pernah bagi mereka jawatan. Mulalah bersikap seolah2 tidak ada adab. Sedangkan mengaku diri adalah orang MELAYU!!!!

Balasannya, Tuhan tunjukkan jalan dengan kekalahan yang teruk dalam sejarah pilihanraya di negara kita. Orang no.1 pun tak boleh nak kawal orang bawahan apatah lagi rakyat yang sudah semakin hari ada yang semakin berani menuntut sesuatu yang tidak sepatutnya mereka ungkitkan. Inilah dasar "BAPA" yang terlalu manjakan anak demi survival politik untuk jadi POPULAR kononnya. Inilah Islam Hadhari yang dilaung2kan sampai ke dunia luar. Sekarang, apa dah jadi dengan Hadhari tu, SENYAP DAN BASI....

TUN, TERUSKAN DENGAN KRITIKAN MEMBINA TUN TERSEBUT SEBAB TUN PERNAH KATA " PERJUANGAN YANG BELUM SELESAI" sampai bila2 pun sehinggalah "orang tu" turun dari TAKHTAnyA... Selagi dia berkuasa dalam politik, selagi itulah kacau bilau terus berlaku di negara kita.

Semoga Allah melindungi kita semua di Malaysia!!!!

Assalamualaikum, Tun. The latest comment that i've posted is that there's a black hole of Malaysia. With this blog, Tun has just revealed the most important object entering the black hole of Malaysia. Below are the list of 'objects' entering into the black hole of Malaysia :

- i. Malaysian people tend to believe anything, even if the same person or organisation (PKR) continuously making lies;
 - ii. Malaysian political leaders, like in PAS, who are suppose to be ulamaks, still persistently adhere to political manouvres that include lies, and it seems that they are enjoying it;
 - iii. they want to be democratic, but they could not apply the whole of the democratic ideals;
 - iv. they want to be equal, but there are so many differences;
 - v. they want to do justice, but the justice they are hoping for do not lies in courts but in the heart and mind of the people;
 - vi. they rely on religion to help them out, but the people do not really adhere to religious teachings; etc.
- etc

There's a lot more, and I think readers could understand now the meaning of black hole of Malaysia. These problems or issues seem could not be overcome, because the energy to grind is far powerful than the efforts taken to overcome it.

Yes, Malaysia is heading towards destruction... if all the leaders of each race could not find the solution. They are now facing the wrath of democratic side effects!
By Benderbuzz on September 24, 2008 10:55 AM

Salam Tun.

Nampaknya KJ bertambah perasan bila Ketua Pemuda UMNO Sabah mengatakan sokongan mereka. Ketua-ketua Pemuda UMNO spt Perlis, Sabah dll mempunyai kepentingan dan agenda peribadi.

Begitu juga pak mertuanya bila Pengerusi-pengerusi Perhubungan Negeri turut bertindak demikian. Mereka semua bagaikan cuba cari makan (rasuah) tanpa mengambil kira pandangan grass root.

UMNO perlu makeover. Untuk pemilihan kali ini, bukannya pencalonan utk semua jawatan dan benarkan

pemilihan dibuat secara terus. Macam pemilihan presiden US. Baru kita tahu, siapa di hati kita.
By Airsirap on September 24, 2008 11:05 AM

Salam Tun,

Buat masa nie, hanya Tun yang boleh berbuat sesuatu untuk mengubah scenario pemerintahan Malaysia kerana Tun tidak akan rugi apa-2 dan tiada apa yang dapat menyusahkan Tun. Tidak nampak lagi kelibat calon-calon pemimpin yang berani, cerdik, berilmu dan berwawasan untuk mengambil alih jawatan PM. Tidak mustahil, jika keadaan ini kekal, pihak pembangkang akan menguasai kerajaan pada pilihanraya akan datang. Saya akan menyokong jika kerajaan itu adalah kerajaan PAS sahaja dan bukan campuran seperti PKR sekarang. Lagi huru hara negara di buatnya.

Pilihan saya : samada kerajaan PAS sepenuhnya atau kerajaan yang di dokong oleh UMNO.

Rasionalnya : PAS, sebab saya ingin negara islam sepenuhnya dgn undang-2 islam. ATAU kerajaan yang di dokong UMNO kerana UMNO dapat mengimbangi kepentingan orang Melayu dan Agama Islam.
By watanabe on September 24, 2008 11:20 AM

YABhg Tun perlu menyumbang dalam mengarahkan sokongan kepada pemimpin yang boleh menggantikan pemimpin sedia ada. Daripada pembacaan saya terhadap artikel "Majlis Tertinggi" ini, adalah jelas selain dari Pak Lah, Najib langsung tak boleh di harap. Langsung tidak ada kredibiliti seorang pemimpin. Mungkin fail dalam simpanan Pak Lah dah berat sangat. Hanya Tengku Razaleigh menjadi sandaran rakyat untuk memulihkan keadaan dalam tempoh terdekat ini. Tolonglah Y.Bhg.Tun. Berilah petunjuk !

Dear Tun,

Big 'aye' for transition plan

Bernam reported that State Umno leaders held a meeting that went on until the wee hours of yesterday morning at the Prime Minister's residence -- and came out in support of the party's 2010 transition plan.

They were concerned that statements by Umno leaders to leave the transition plan in the hands of delegates attending the division meetings next month had resulted in confusion among party members.

Comment:

Saya kesian dengan konco-konco Pak Lah sampai bermesyuarat hingga larut malam untuk mempertahankan kedudukan Pak Lah.

Sudahlah Pak Lah, tidak ada gunanya. Pak Lah tidak ada pilihan lagi sama ada untuk berhenti atau terus lawan mempertahankan jawatannya pada bulan December. Tapi Pak Lah mesti mengambil risiko yang sangat tinggi kerana Pak Lah akan kalah terok. Pak Lah jangan lagi "menidakkan keadaan" atau "in a state of denial" kerana telah jelas dan nyata bahawa Pak Lah sudah tidak lagi dihormati dan tidak lagi mampu mendapatkan mandat untuk terus memimpin UMNO. Terimalah hakikat ini dan janganlah terpesona dengan sokongan segelintir dari konco-konco Pak Lah yang sudah kepanasan bontot mereka.

Mereka dalam keadaan terdesak dan tidak ada pilihan melainkan cuba menyokong plan peralihan kuasa supaya hayat jawatan mereka dapat dilanjutkan sekurang-kurangnya 2 tahun lagi.

Salam Tun,

Remember these words? "I Feel Good, nana nana nana...". after reading your latest snippets.

Yes its cumming, could feel it, yehh.

I don't understand how can this PM sleep well at night (in the day too).

We should keep up the pressure for Pak Lah to go, lets shift to the next gear, or maybe its too late for him, it is now in auto mode. With the help of UMNO's MT.

KJ and his other goons will be flushed out automatically too.

Next move, all Malaysians show him the way out by boycotting his open house. No need to have street protest, just stay home.

Yeeee Haaa!!!!

Assalamualaikum YABhg Tun,

Alhamdulillah Ahli Majlis Tertinggi sudah sedar dan berani menyuarakan suarhati rakyat terhadap Presiden mereka.

Biasanya bila orang dah benci kepada kita, tak payahlah terhegeh-hegeh. Nanti digelar hemoi. Muka tebai.

Kisah DSAAB macam dalam drama Indon "Bawang Putih Bawang Merah". Bawang Putih dinasihati pari-pari. DSAAB dinasihati Jane.

Seronok tengok cerita wayang kulit dimana terdapat pelbagai watak yang digerakkan oleh seorang Tok Dalang. Reaksi sebaliknya berlaku jika seorang watak digerakkan oleh ramai Tok Dalang dimana pelbagai cerita tetapi asyik watak tu saja yang muncul. Penonton dah jemu nak tengok tetapi apakan daya Tok Dalang belum puas bercerita. Akhirnya batang pisang hancur, penonton pulang kehampaan.

DSAAB sedang buat road show manakala Perhubungan Negeri Pulau Pinang dan Kelantan sudah nyatakan sokongan terhadap beliau.

Kita harap semua Bahagian berani mencalonkan Presiden baru secepat mungkin demi menyelamatkan parti. Anggaplah perjuangan itu suatu amanah. Pemimpin boleh datang dan pergi sebaliknya UMNO tidak sepatutnya dikorbankan. Rakyat akan menghormati Bahagian yang memahami kehendak pengundi.

Semoga YABhg. Tun sekeluarga dirahmati Allah.

Salam Tun,

It is appalling the Supreme Council which represents a check and balance mechanism for the party is so easily neutralized in such a manner.

And Najid in his desperation to become be throned PM, plays the role of a fool. Maybe he reckons he'll begin salvaging what little credibility he has after becoming PM. But the political situation is so fluid and the enmity towards Pak Lah and his lot so immense that he is risking every shred of credibility he possess only to maintain the status quo.

But I believe if he does ever, inherit the mantle from Pak Lah, he will be confronted with a Malaysia so stricken with social and economic woes, and this will be against his 'easy-going' predilection.

He will be governing or be the leader of the opposition of a 'broken Malaysia'.

A Pyrrhic outcome it will be for people of Malaysia if the situation is nip early at the bud.

UMNO deserve the current problem and I hope more secrets and problem will arise and Malaysian will finally get to know what's going on and get rid of all those useless people. Then Malaysia finally can join the elite developed nations of the world.

Dear Tun,

I am really worried whether Najib is capable of being an effective Prime Minister. Reading his statements and observing his facial expression he seems to be timid and doesn't have the strong character and charisma to lead our country. To be crude, he doesn't have balls. My rating towards him is just B- and this is really rating of mine is a cause for concern.

To all UMNO grassroot members I would suggest the best candidate to replace Najib and Pak Lah should be Tengku Razaleigh and Mahyuddin. Make no mistake about it. UMNO grassroot members must not miss this crucial time and golden opportunity to have a complete overhaul of the leadership hierarchy to ensure that UMNO will continue to be in a strong footing and position. Get rid of all those DEADWOOD leaders who are now just passengers. Don't let them use us as suckers of the first order. We must have the dignity to show to these deadwood leaders that we dictate them and not for them to dictate us.

As America is facing the worst financial crisis ever in term of quantum of losses, we Muslims should be very careful as I believe all these damages were all the doings of the extremist politicians who are desperately seeking election to the white house. Remember last time 9/11, the so called Islamic terrorist damaged WTC which houses many investment banks, and put Bush into power in the name of unison in fighting terrorism. Now Bush has to face their vengeance, US\$700 billion worth of economic troubles and blames that might kick the Republican out of white house for the next term.

As the election is very close, we should be very careful in the sense that Bush & Republicans might play the same tactic again to unite the Americans under the fear of terrorism by creating another attack on USA. This makes sense as Subprime rescue mission is not another ENRON, which only amounted around US\$40 bil. Where and who in the world are going to finance that mission? Another oil well in Iran? Just be careful Malaysia, the catch is just getting bigger!

bagi saya Tun paklah telah membuat kesilapan yg besar kerana membenarkan khairy memasuki arena politik. khairy yg terkenal dgn sikap penyangak, penyamun, mmg x layak mengangotai umno. lihat ditempat saya dun b. maung dgn kuasa khairy ketua bahagian b. baru telah dicalonkan tp ttp klh ditgn keadilan. si ketua bahagian b. baru mmg kawan baik khairy, lihatlah kuasa khairy yg begitu besar menentukan calon pilihan raya. skrg ahli2 umno mesti mengeluarkan khairy penyangak nie keluar dr umno. itu pun ada hati nak jd ketua pemuda umno. khairy+anwar=penyangak rosak negara.

To user tongkat ali :

Please use your rationale/intelligence before posting. With a little research, Cuscapl deals with Hong Kong clients, and therefore needs English and Chinese speaking project managers. Would you tell your overseas customers to learn Bahasa Malaysia to conduct your business? Unless you've been living under a rock, China has been growing as an important player in the world today.

What's wrong with learning another language to compete on the world stage anyway? It is a requirement for me to understand Spanish because we have clients in South America. Do you have a problem with that?

It's this kind of blind racism that's so frustrating.

It is with my upmost rationale, a degree of intelligence, a slice of observance and a hell of a lot of disappointment that I posted my comments. Pls do your homework before barking and making a fool of yourself. Cuscapl had for several years been operating in Malaysia with 7 major clients in the country .. and yes in a country where bahasa malaysia is the lingua franca last time I checked. Hence is why its listed in the local stock exchange. I don't know the reason why tongkat posted the misleading comments about Cuscapl only operating in HK, but I sense that it was done with utter ignorance laced with racial undertones. Shame on you!

On learning a different language, I have no problems with picking up mandarin language or spanish as a second language. entiende usted? But when an organization makes it a requirement to speak a minority language for a job based in malaysia, with malaysian customers where majority population speaks English or BM, I find it offensive when someone argues that this isn't racism in its most evil form.

I can understand tongkat's displeasure or lack of skills at using my country's national language, but to sideline the malays for jobs in their own country and using mandarin as an excuse is despicable.

The malays should wake up!

This kind of racism is SO frustrating!

Dear Tun,

It is because of the "GREEDS" which made our leaders/politicians lost their exact direction to rule the country. It is difficult to topple the PM now as they are all having common personal interests and benefits. As long as everybody shares the cake, they will keep on silent. At least they are still have 4 years to corrupt together before the next election. Other BN parties are not brave enough to ask DSAB to step down as PM to avoid the ISA & seditious Act.

Like what Tun had said "The only people who want him to stay are those who owe their positions to him, or who benefited from contracts and other largesse distributed by him."

Anyway, we have started to suffer and will continuously to suffer more if their practise is not stop now. Eventually, they will ruin the whole country very soon.

Apa maksud politik..Bagi saya Politik lawan statik..Statik x bergerak..pasif...Politik ni banyak bergerak, aktif..Ahli politik sepatutnya aktif turun padang tolong rakyat bukannya turun bila dekat pilihanraya.. Sumer sama je..pembangkang ke kerajaan ke..Yang aktifnya bercakap kosong, makan rasuah, enjoy sana sini..Lagi anuar ibrahim tu lagi x boleh pakai punya orang..

By the way..Semua orang yang saya kenal dari kampung, rakan seuniversiti, rakan sekerja mengatakan yang Tun adalah yang PM terbaik Malaysia.Kalau bukan kerana BN x mungkin saya dapat jd apa yg saya jd sekarang..Dan bukan bermakna sumer orang BN bagus..

unquote.

KJ must realise that he is a BIG LIABILITY TO UMNO! Many grassroots members and the rakyat hate his interfering ways!! will not vote for BN in the GE13 if he is still around.

Those who support him have vested interests / projects to protect!

I fully support Tun's return to UMNO as Adviser / Mentor Minister to stamp out this menace.

All MT members must stand up and be counted. As of now majority of you are viewed as 'YES-MEN/WOMEN'.

You must seek the views of the grassroots members who could vote against you if you do not heed their calls.

Most importantly, you must seek Tun's advice to avoid looming disaster in the next GE!

Sekarang duit rm50.00 nak beli apa?? Harap2 Tun dapat bagi solution yang bernas untuk mengembalikan ekonomi kita..Samada Pak Lah nak dgr itu hal dia..yang penting Tun telah menunaikan tanggungjawab Tun sebagai rakyat Malaysia dalam membantu rakyat, bangsa, agama dan negara..Yang bagi musnah itu nanti dia jawab dalam kubur la..

KJ? who will vote for him? all those people which can take advantage & make a lot of money by standing behind him. he is so stupid, arrogant! is he really an OXFORD grad? he look like only an SPM holder. become the youngest PM? hahaha!! in his dreams. who will vote for him? cronies votes i think.

hope that all the MT will used their brain to think about your advices, have courage to speak them aloud..

i don't understand why abi, LJ and s.tan hate u so much. i know that TDM are hard, strict. thats the quality that we need for a great leader. u still listen to others. u analysed & made the decision based on majority. pak lah is so weak, too many weak points, so that's why other MT members can humiliate him. worst, he is so arrogant and don't want to admit his weakness, mistakes and defeat.

i always admired the way TDM deals & confronts. u know when to become as hard as a rock, and when to become as soft as a sponge. a wise with intelligent brain and courage in his heart.

i always want to be like donald trump in making money, and i want to be like TDM when i become a

leader. salute for u tok det!

for LJ, PM that most people hate the most is TDM in the list of people who cannot take advantage/make money and for apple polisher. I think & i hope other bloggers agree with me that TDM is the best PM ever.. in the malaysia and the world history.

Akum TUN dan selamat berpuasa

Saya bersetuju 100% dengan pandangan TUN dalam hal ini.

Pada Khairy jamaluddin; anda adalah beban kepada UMNO/BN, dan apa yang berlaku pada UMNO/BN adalah hasil dari kegagalan strategi dan cita2 saudara. Justeru itu tak payah bertanding KP UMNO. Lebih baik duduk diam jadi ahli parlimen rembau atau wartawan.

Antara strategi dan cadangan KJ yg gagal dan membangkitkan kemarahan rakyat sebagai ingatan:

1. Mempertikaikan DEB semasa membuat ucapan pada perhimpunan agung UMNO dan mencadangkan Agenda Nasional BARU (ANB) dan di dijalankan oleh Pak mertua dengan nama Mlsi Nasional dan gagal.

2. Beliau menggunakan kata2 yg berbentuk racist dan membangkitkan kemarahan parti gerakan dan MCA. antaranya berbunyi "kalau melayu lemah kaum lain akan ambil peluang"

3. Dlm perhimpunan agung UMNO / suratkhbar beliau berkata akan menggunakan kedudukan beliau sebagai menantu PM (perisai) untuk menghukum sesiapa.....(ini lah gelagak manusia takbur)

4. Beliau juga yang mencadangkan subsidi minyak dikaji dan dilakukan oleh AAB akibatnya rakyat sengsara.

5. dan banyak lagi...

justeru itu saya mencadangkan pada KJ supaya tutup mulut dan sama2 bercuti dgn pak mertua. Kau pemimpin yang gagal.

SELAMAT HARI RAYA IDUL FITRI PADA SEMUA DAN TERUTAMA UNTUK TUN DR MAHATHIR WIRA KITA SELAMA LAMANYA.

Selamat menyambut Aidilfitri untuk semua.

By longjaafar on September 24, 2008 12:47 PM

Tun,

Rafidah may have said her piece and was very direct, but her problem here is credibility, because when she was a minister, she was one of the strongest supporters of Pak lah (She also was your strongest supporter), although she genuinely hates Khairy's guts.

To me it smells of sour grapes, on Rafidah's part.

As for spreading the largesse, to me that has always been UMNO's culture. The sad part is that the wealth that is divided amongst the chosen few does not belong to UMNO, but to the rakyat, e.g. state land, shares, commissions etc.

Badawi has deliberately fixed the power transition in 2010 cos there are several hidden agendas. One of the salient agendas is to ensure that KJ will be winning as Chief Youth then will be a minister.Secondly of course to maintain the 'family business". It would be in Badawi's mind that he want to be the Malaysia's 1st richest PM ever like Thaksin...

Zaman Paklah, orang UMNO lagi sayang pada Presiden dari Negara.. Biar Negara lingkup asalkan Presiden UMNO selamat.. Presiden harus ada visi untuk Negara bukan Misi untuk krabat dan keluarga. I just cannot imagine our country without..

a. North South Expressway

b. KLIA

c. Twin Tower, without it, Malaysia won't be in the world map now.

d. Sepang F1, I never miss the race in Sepang, Thanks Tun.

I wish your Ministers approved the High Speed Train which was proposed by KTMB in early 80's... route from KL-Penang-Johor and KL-Kuantan-KT-KB.. It was only 12 billion ringgit at that time and I still remember that you supported the idea.. for your info I was one of the team member with MMC Engineering Berhad working together with KTMB and JICA. So memang tak layak jugak dipanggil untuk mesyuarat tertinggi... kalau dulu time Tun maybe tak apa sebab bukan dia yang buat keputusan dulu... sekarang dia yang buat keputusan.. kalau banyak sangat yang menentang nanti kena heart attack saja lagi.. kesian.. n to all Umno community, that they call mesyuarat... kita adakan mesyuarat supaya dapat bermusyawarah dan mencari kata sepakat dan persetujuan semua ahli.. bukan presiden dan timbalan sahaja.. kalau antara 2 tu saja diktator namanya. Bukan lagi demokrasi.. (Semenjak pemerintahan Abdullah memang Malaysia merasa politik Diktator dimainkan di negara ini... sangat ketara dan hairan jugak bilamamai yang masih tidak menyedari bahawa kita berpegang kepada Demokrasi bukannya diktator)

Assalamualaikum Tun,

Belum ada dalam sejarah UMNO yang mempunyai Timb. Presiden se-setia Najib.

Apa perlunya beliau menasihati bossnya, sebab tugas2 menasihati Presiden tidak ada dalam 'job spec' beliau, sebab Presiden tidak minta nasihat beliau, sebab Presiden udah ada penasihat2nya sendiri

Memang hebat anak kepada PM ke-2 ni!! Tapi kalau Tun Razak masih hidup sebagai veteran UMNO, beliau akan gembira dan berduka.

Gembira sebab Najib telah cipta sejarah menjadi Timb. Presiden yang amat setia kepada

bossnya.....macam Hang Tuah!!

Berduka sebab Najib ingat jawatan Timb. Presiden dilantik oleh Presiden. Beliau lupa akan mandat yang telah diberi olah peringkat akar umbi.....tak seberani Hang Jebat!!

Kembalikan martabat Melayu sebagai pemimpin yang Adil dan berwibawa disisi Allah dan semua bangsa Melayu dan di mata dunia!

By remiglobalAuthor Profile Page on September 24, 2008 2:52 PM

entah cemani gua terpanggil untuk menulis pemerhatian gua beberapa hari yang lepas.

sebagai seorang muslim, kita pasti tau camana nak sembahyang jemaah. dan kalau dalam sembahyang jemaah, kalau imam anda salah baca, anda tegur. anda baca subhanallah. kalau dia salah lagi, anda baca subhanallah lagi dan mungkin anda bersuara dengan menyebut bacaan yang betul. dengan harapan imam tu ingat bacaan yang betul dan boleh meneruskan sembahyang hingga ke akhirnya.

ok, itu satu. Tetapi dalam situasi yang lain pula dan lebih mendesak, sekiranya terpalit taik burung di belakang baju imam, atau mungkin dengan sebab yang lain, anda terpanggil untuk menyuarakan rasa hati anda yang imam itu harus diganti.

Jadi, apa anda buat, anda suarakan teguran anda dengan menyebut subhanallah. kalau imam tu buat bodo, anda ulang lagi sehingga 3 kali rasanya (betulkan saya kalau salah) sebelum anda terpaksa membuat keputusan. Anda punya dua pilihan:

1. memisahkan diri dengan imam dengan hanya berniat
2. bertekad mengambil alih posisi imam itu seberapa pantas yang mungkin sebelum makmum makmum

lain tersasar lebih jauh

penyelesaian 1 amatlah mudah. anda tak suka, anda blah. mungkin ada antara kita yang berpengalaman dalam hal ini... :-)

penyelesaian 2 mungkin sedikit complicated. Anda perlu mempunyai nyali diri dan ketokohan dan latar belakang yang tiada tolok bandingnya. Anda perlu ke depan menjadi imam kedua dan membesarkan suara anda dan memimpin makmum-makmum marhaen.

jadi soalnya, siapakah yang sanggup memikul tanggungjawab sebagai imam kedua itu? layakkah latar belakangnya? adakah dia muslim sebenar atau orang fasik?

setahu saya, orang fasik takbley jadi imam. orang yang bersekongkol dengan kafirun yg menentang islam juga takbley jadi imam.

kesimpulannya dari pemerhatian saya yang tak pandai ini ialah:

- bacalah buku fiqh kalo nak selesaikan masalah politik negara :-)

salam..

maaf sekiranya kata2 saya akan mengecilkan hati Tun..

saya bukan nye pandai bab-bab politik nie.. dan saya pun adalh salah sorang penyokong Tun.. walau umur saya baru 22thn..

tapi saya ingin menanyakan sesuatu yang bermain didalam fikiran saya..

saya tahu mmg Pak Lah tidak begitu pintar dalam memimpin negara kita.. saya juga sokong ape yang dikatakan oleh Tun dan yg lain2 tentang cara kepimpinan Pak Lah..

tapi saya ingin tau.. kenapa Pak Lah dipilih oleh Tun untuk menggantikan Tun? pertanyaan saya bukan tidak menyokong Tun tapi secara peribadi saya ingin tahu pendapat Tun.. dari sudut mane yang Tun lihat bahawa beliau boleh menggantikan Tun..

sekian..

Salam Tun,

Kejatuhan UMNO, dan BN di tangan Paklah... kenapa orang tua keparat tu tak paham-paham lagi..

rakyat dan MT dah tak nak dia lagi..yang dia degil nak jugak tu apa pasal..??

ker dia takut, sewaktu mengundur diri dari jawatan yang gah ini, dia akan diperiksa oleh BPR kerana sudah banyak Corruption yang telah dia lakukan sehingga dia boleh diheret ke penjara???

Dia sepatutnya sudah sedar, rakyat membenci dia, MT pun menentang dia, dan semakin hari dia memberi janji kosong kepada rakyat hanya untuk mengecewakan hati rakyat kemudiannya. Bukankah rakyat yang memilih paklah, dan rakyat juga dah taknak dia lagi, sepatutnya sesudah mendengar kata rakyat, dia patut mengundur diri dengan penuh bermaruah...tunjukkan diri dia masih ada harga diri lagi, akur dengan kehendak pemilih (rakyat) dan MT. Sekiranya ditentang, semakin ditentang, semakinlah melawan rakyat... api kalau ditentang dengan api, marak lah api.

Salam Ayahanda Tun,

Saya membesar pada zaman Tun memerintah Malaysia. Saya rindu dengan keamanan dan kestabilan politik Malaysia pada masa itu. Tapi apa dah jadi zaman pemerintah sekarang.... kucar kacir jadi nye. Majlis tertinggi pun dah tak mcm ahli tertinggi melayu.....skrg terima lah akibatnya.

By emmet on September 24, 2008 3:36 PM

Sungguh menyedihkan apabila mereka mengaku pejuang demokrasi, adil dan saksama tetapi pada hakikatnya adalah disebaliknya.

Suara-suara yang inginkan arus perubahan ditenggelamkan dan pendapat dan teguran tidak diendahkan walaupun ianya dtg daripada ahli majlis tertinggi. Jadi apakah peranan Majlis Tertinggi? Hanya mampu bersuara tetapi tiada kuasa untuk melaksanakannya? Umpama harimau tidak bertaring.

Saya khuatir andai negara kita bertukar sistem pemerintahan daripada sistem pemerintahan demokrasi parlimen raja kepada sistem pemerintahan demokrasi keluarga. Seperti kata Tun, banyak keputusan negara dipengaruhi oleh keluarga AAB. Beliau umpama mempunyai kuasa veto untuk membatalkan atau meniadakan sesuatu yang tidak mengikut 'garis panduan dan piawaian keluarga AAB'.

Setiap hari rakyat dihidangkan dengan pelbagai 'aneka hiburan' daripada kerajaan AAB. Ini lebih menyeronokkan daripada menonton siaran program TV atau Astro. Kadang2, ia menjadi bahan ketawa apabila memikirkan sesetengah keputusan yg dibuat, lebih kelakar daripada menonton Late Night with David Letterman atau Jay Leno.

p/s: Dlm program Late Night with David Letterman, dengan selamba David Letterman mengkritik Presidennya sendiri.

Kalau buat di Malaysia, apa jadi agaknya? ISA?

Dearest Tun,

Council meetings or not, UMNO elections or not, if PM don't want to step down, there is nothing anybody can do.

PM do not even bother to meet AI for anything, not even over coffee, so nobody will benefit.

All sitting ducks, waiting to be shot.

Dear Tun,

Salam sejahtera, semoga bahagia berpuasa. Izin saya beri pandangan.

GERAM – BAPA BOREK ANAK RINTIK.

Tun jelas sekali tersangat marah dan geram Pak Lah tak turun turun. Tapi ingat, siapa pengasuh dia. Tak lain tak bukan, Tun! Degilnya juga mcm Tun dulu! Tun adalah bapa MT, bapa kabinet, bapa negara selama 22 tahun. Pak Lah ikut Tun lebih dua pertiga jangka masa ini, beberapa penggal sebagai timbalan Perdana Menteri. Dari siapa dia belajar taktik urusan MT begini? People 'learn' even you don't consciously teach them. Tun yang cipta sistem kuota (dulu Tun berdegil), Tun yang hendak peralihan ikut suka presiden kemudian menjualnya kepada MT (bukan...paksa MT membelinya) Dulu Tun kuat (MAHA TIER!) sekarang Tun melalak minta perubahan (MAHA TEARs?) A taste of your own medicine?

PAK LAH MURID LEMBAP – Lain disuruh lain dibuatnya.

Tun tak sangka silembut ni keras kepala juga. Mcm nangka! Kulit lembut biji besar keras. Terimalah padah 'autocracy' zaman Tun. Pak Lah tak sebijak Tun. Curi basikal pun dia tak pass, seluruh kampung tahu. Tun hebat, banyak yang lesap orang tak sedar.

PILIHAN TUN

Pilih Musa dia belah, pilih Ghafar dia kalah, pilih Anwar dia tabiat pula, pilih Pak Lah salah, pilih Najib entah lah! Tun masih degil nak buat pilihan? Tak serik? Sudahlah biar orang baru buat apa mrk fikir perlu.

Dear Tun

I was actually smiling while reading your article.

Why! simple everyone on Malaysia land can see, can tell and can hear how ABD 'leads', but ONLY ABD never wanted to listen to anyone but HIS own kind. He just can't do the job and he got a bunch of SELFISH advisor.

I just don't understand why DPM wanted so much to oblige to ABD demand. It just brings DPM further into the shit. Country & rakyat plight must come 1st NOT ABD wishlist.

Wonder how much of our tax payer monies goes down the drain because we need to PAY SO MUCH for dormant advise & consultation!!!!

Selamat berbuka to Tun and family.

Cheers

Nyatakan, berapa banyak

Walau pun saya

Salam Tun,

Sudah nampak jelas yang Pak Dolah sekarang sedang "membeli" tokoh-tokoh tertentu dalam UMNO khususnya Majlis Tertinggi (yang sudahpun tak tinggi lagi kata Tun)dengan jawatan. Ini dilakukan supaya mereka ini tidak akan menentang Pak Dolah dalam usaha mendesak dia letak jawatan lebih awal.

Puak-puak ini dalam UMNO merupakan oportunist sahaja, bila dapat jawatan pasti tak akan lawan bos. Pandai penasihat-keluarga Pak Dolah mengatur strategi. Memberikan Najib jawatan Menteri Kewangan juga saya rasa menggunakan taktik yang sama, bukan sangat nak menyediakan Najib untuk jadi Perdana Menteri 2010, tetapi lebih kepada persoalan supaya Najib tidak menentang Pak Dolah.

Melantik Shahidan menjadi penasihat NCER kepada Pak Dolah....alahai...umpama orang buta disuruh jadi pemandu arah. Maaf sekiranya saya berbahasa kasar. Saya terbaca satu artikel dalam "The Malaysian Insider", suatu komen mengenai mengapa Pak Dolah tak mahu turun, kata artikel itu, kerana "legacy." Kalau Pak Dolah turun sekarang, apa legasi yang dia nak tinggalkan? Melucukan bila mana artikel itu bertanyakan Bapa apa kita hendak beri kepada Pak Dolah? YTM Tunku Bapa Kemerdekaan, Tun Razak Bapa Pembangunan, Tun Huessein Bapa Perpaduan, Tun Dr. Mahathir Bapa Pemodenan. Pak Dolah Bapa apa? Dengan penuh sindiran artikel itu kata Pak Dolah, kalau dia turun takhta sekarang, hanya akan digelar "Bapa 2 K -Kamaludin dan Khairy" sahaja. Sebab itu Pak Dolah tak mahu letak jawatan sekarang. Sinis betul

Saya tak mahulah mengata Pak Dolah lebih-lebih dalam bulan Ramadan. Ini pun saya rasa pahala puasa saya dah kurang, tetapi saya amat-amat tidak faham mengapa Pak Dolah tidak mahu letak jawatan sekarang. Dia PM dari negeri yang dikuasai pembangkang; dia menang di kubu kuatnya Kepala Batas, tapi majoriti menurun; dia beri penjelasan kenapa BN hilang 2/3 sebab sabotaj; BN pimpinan dia kalah di 7 negeri (5 negeri dikuasai pembangkang 2 negeri "dikuasai" oleh Sultan/Raja masing-masing); dan banyak lagi...jika Pak Dolah seorang yang bermaruah, dah lama dia letak jawatan.

Orang kata Pak Dolah "Mr. Clean", ada yang kata "Mr. Righteous", ada yang kata "Mr. Pious"...tapi saya teringat kata-kata bekas Presiden India Dr. APJ Abdul Kalam sewaktu memberikan ucap tama di Khazanah Global Lecture beberapa minggu lepas bahawa..."politics and righteousness shall never go together." Wallahua'lam

Assamualaikum dear Tun

You have been telling the same reasons why Barisan national lost in the last election. It is not because of the party but because of Abdullah Ahmad Badawi and the ways he has been managing Malaysia. He is influenced ,since he is not as smart as you, by the people around him that he believe to be smart,i.e his

son in law Khairy Jammaluddin, a graduate of Oxford University. Abdullah Ahmad Badawi is a graduate from University Malaya in the field of Islamic Studies and we can imagine his level of intelligence. Abdullah probably good in administrative works and certainly he is not a thinker, a good decision maker and a leader. Most good and brilliant students study abroad or locally usually in the field of medicines, science or engineering like you. I cannot imagine how intelligent and brilliant you are when, in the days where there is little opportunities for the Malay you are one of the seven Malay students including your wife, able to be accepted to enter University Malaya to do Medicine. Even nowadays only brilliant students are doing medicine. A Prime Minister must be intelligent and brilliant, that is why the late Tun Abdul Razak prefer you instead of Ghazali Shafie. The late Tun Hussein Onn choose you when he was told of Tun Abdul Razak preference on you. Anwar Ibrahim, not to talk about his homosexual scandal, is an Arts Graduate from University Malaya, and he is good only in talking but not in doing. This is a common trait in all known Orators of the world like Sukarno, Nehru, Mujibur Rahman and most great leaders of Subcontinent of India. India has achieved independence in 1947, but yet till now is still not developed. Anwar is good in the struggle to achieve independence or to cause riot or to lead a demonstration, but not to become the Prime Minister of Malaysia. Najib although he studied abroad but he studied accountancy and whether he finally graduate is not known. When you choose Abdullah to be your successor, I think you have not made, brilliant and intelligent as a criteria. You choose him because he is clean. No doubt it is an important quality but it is not the most important quality in a Prime Minister. Among those who may have leadership qualities you should choose the most intelligent and the most brilliant to become your successor. Nasi telah menjadi bubur, you have overlooked this factor because you have to please the majority of Umno members, many of whom are simple villages leaders, ex-teachers, and are not so intelligent, that have chosen Abdullah, Mr clean as the vice President of Umno. The whole state of the country is now in jeopardy as you are still alive, and be able to see yourself, the effect of your wrong decision in choosing Abdullah as your successor. You have to rewind it again and remember not make the same mistake for the second time. Everyone make mistakes and May Allah forgive you and me. We learn from our mistake. Selamat berpuasa dan salam sejahtera.

Askam Y. Amat Bhg Tun,

Saya sedih minggu ini. Ayah saya seorang penoreh getah dahulu. Ibu saya juga seorang penoreh getah. Masa tu tahun 80 an. Harga getah murah. Kebun yang ditoreh kecil sahaja tak sampai 2 ekar. Kami tidak mampu beli lauk sedap-sedap. Telur ialah salah satu makanan mewah bagi kami. Jika ada duit lebih, ibu saya akan membeli telur untuk lauk seminggu. Menunya dipelbagaikan. Telur goreng, telur goreng mata kerbau masak sambal, telur rebus masak sambal, telur hancur masak sambal dan lain-lain menu. Sayur standard orang kampung pucuk ubi atau pucuk paku. Timun sekali-sekala sahaja.

Dengan makanan telur inilah (antara makanan yang sedap dan berkhasiat masa itu yang kami mampu) dapatlah saya masuk Sekolah Berasrama Penuh (SBP) atas tiket pelajar luar bandar yang miskin walaupun keputusan Penilaian darjah 5 saya sederhana sahaja. Ibu bapa saya gembira bukan kepalang kerana kerajaan memberikan peluang kepada anak mereka untuk belajar di SBP atas tiket pelajar luar bandar yang miskin.

Saya membalas budi kerajaan dengan membuktikan walaupun keputusan Penilaian Darjah 5 sederhana sahaja (ini disebabkan kekurangan makanan berkhasiat kerana kemiskinan), maka apabila saya mendapat makanan yang berkhasiat di SBP, saya mendapat keputusan yang agak cemerlang pada masa itu. SRP tahun 1988 agregat 6 (5A1 3A2) dan SPM 1990 pangkat 1 agregat 15. Masuk universiti ambil jurusan perakaunan, pernah kerja dengan firma perakaunan terbesar di dunia PwC sampai dapat Chartered Accountant.

Terima kasih Tun. Masa tu Tun PM. Saya bersungguh-sungguh belajar dan tidak memikirkan perkara-perkara lain terutamanya politik. Politik Malaysia dalam keadaan aman masa tu.

Tup-tup ada orang kata, makanan tu 'similar to dog food'. Saya rasa terhina. Saya rasa ramai orang-orang miskin (majoritinya orang Melayu) akan rasa terhina. Bila saya baca utusan ruangan forum, memang betul ramai orang yang marah. Tapi takde pula orang politik yang sebangsa dengan dia yang

marah dengan kenyataan dia tu. Rasa macam nak menunjukan kepada sesuatu atau seseorang aja kenyataan dia tu.

Tak nak mintak maaf pula. Dia ubah ayat pula kata bukan itu yang dimaksudkan.

Saya faham orang yang kata tu dah senang. Duduk pun kat bandar.

Tapi percayalah, masih ramai golongan miskin di era millenium ini yang melihat telur itu sebagai makanan harian yang menyelerakan.

Saya terhutang budi kepada Tun pada masa zaman Tun jadi PM dulu, pelajar miskin macam saya boleh menumpukan perhatian penuh kepada pelajaran dan akhirnya berjaya dalam pelajaran. Tapi, kalau pelajar miskin pada zaman sekarang tidak pastilah dapat menumpukan perhatian penuh kepada pelajaran dengan keadaan politik seperti sekarang ini.

Semoga Tun dipanjangkan umur dan sihat sejahtera selalu!

Those respected ministers should have kept the momentum and pressed DS Abdullah harder despite DS Najib's intervention. If they have continued doing it, DS Abdullah won't stand the pressure. Our PM is a very weak man. He should have respected the 'wish' of the people and resign honorably.

Salam Tun,

1)Terus terang Tun, sejak dari dulu sebelum Tun serahkan jawatan kepada DSAAB, saya memang tidak ada confidence langsung terhadap beliau sebagai seorang pemimpin yang berkaliber. Sekali pandang saja saya sudah tahu because i am a good judge of character. Sama juga dengan menantunya, tidak boleh dipercayai.

2)sebenarnya susah nak cari pemimpin yang berkaliber dalam UMNO sekarang sebagai bahan untuk jawatan PM termasuk Najib. Tidak ada yang charismatic, tegas dan bijak. Tapi, saya boleh bagi peluang untuk Muhyiddin Yasin atas keberaniannya menyuarakan pendapatnya bila perlu.

3) Hari ini gabungan NGO Malaysia mencadangkan peralihan kuasa dari DSAAB kepada Najib mengikut pelan asal 2010 sebab Melayu patut mengikut adab menghormati ketua. Bodoh betul dia orang ni, buat apa mempertahankan adat kalau ia akan membawa kepada kemusnahan bangsa?
Ketua yang bagus akan kita sanjung, ketua yang lemah dan merapu harus disingkirkan. Islam pun menyuruh umatnya mengikut perintah ketua hanya jika perintah itu membawa kebaikan, bukannya kemusnahan.

Mereka ini hanya menyokong untuk keuntungan peribadi mereka bukan untuk negara dan rakyat.

4)Malaysia memerlukan seorang PM yang bijak, tegas, charismatic dan uptodate dengan isu semasa terutamanya tentang ekonomi. Kita tak nak Mr Nice Guy who wants to please everybody dengan memberi gula-gula untuk mendiamkan mereka. We dont want Mr Popular sebagai PM, we want a true leader who can do the job as the CEO of Malaysia!

Salam Tun, wasallam, selamat terbuka.

Hullo Tun again

Black Propaganda? I thought there was only Black Magic???

September 22nd, 2008
Am wondering if some parties are spreading black propaganda to shift public opinion or rather Barisan MPs over to Pakatan.

For instance, this piece of conspiracy theory on Sakmongkol's (an UMNO man) blog.
And another on Hantu Laut's (quite anti-Anwar) blog here.

Wiki says
Black propaganda is false material where the source is disguised. It is propaganda that purports to be from a source on one side of a conflict, but is actually from the opposing side. It is typically used to vilify, embarrass or misrepresent the enemy.[1]

Another website says
Black propaganda purports to emanate from a source other than the true one. This type of propaganda is associated with covert psychological operations.
[.]

The best propaganda often drives a wedge between the other side's leaders and its rank-and-file members. The effectiveness of such propaganda depends on the enemy leaders' conduct.

Yg Bhg Tun,

Selamat berpuasa.

This is my 2 cents worth after reading your recap of current and previous scenario.

I tend to agree with U that the DAP, PAS and PKR leaders are supportive of Paklah being maintained as the PM so that with a weak-link, they cud easily win the PU-13.

On the other hand, wrt power within UMNO, Paklah seems to be more powerful than Tun basing on what had transpired during the present UMNO MT meeting vs. the previous MT meeting chaired by Tun.

Paklah seems to have spiritual a.k.a. kuasa batin which he successfully used to tone down the emotion, anger and dislike from the MT members. I guess his 'muka welfare' [sorry for using this word] had somehow mellowed down the MT members intention to 'shoot' him.

As what Tun had said, during your time, there were so many enemies within UMNO which resulted in Tun Musa and Tg Razaleigh to fight against you. But in Paklah's time, none had the courage to fight against the PM. What does this tells you? In layman's understanding, this shows that Paklah has so much power that nobody dares to fight against him. My assumption could be wrong but this is what I see happening. Wallahua'lam

By joehenry on September 24, 2008 6:27 PM

It seems that there is only one way to show our disgust at AAB and to make clear our stand that he ought to be out from the Government and Barisan Nasional and Umno--by throwing a slipper at him and on his

face. I hope I have the honour of doing that. As for Tan Sri Musa Hitam, he is a typical "shit stirrer" and Tun will be wasting Tun's time to even refer to him.

Salam Tun,

Saya rasa baik Tun je yang rampas kuasa dari Pak Lah ni. Kalau DSAI berjaya rampas, keadaan akan beubah. Nanti BN nak suap keluarga dan kroni pun dah susah. Sebab rakyat akan bertambah bijak. Dan ia juga akan membuktikan tak de BN pun rakyat boleh hidup.

Tapi Pak Lah ni memang perdana menteri Malaysia yang paling dibenci. Kalau dia menjadi PM M'sia yang pertama dibunuh pun orang tak rasa hairan. Pada tahap sekarang dia memang layak digulingkan.

Sang Ketua bukan sahaja perlu didesak/dipujuk selalu untuk melepaskan jawatan, malah mulai dari sekarang MT juga perlu didesak terus-terusan untuk mendesak Presidennya letak jawatan.

Ahli MT nampaknya selama ini tidak tahu atau tak mahu ambil tahu keadaan akar umbi. Mereka gagal menyuarakan keluh-resah orang dibawah. Seolah2 mereka berada didalam dunia mereka sendiri, bukan mewakili masyarakat melayu yang mereka pimpin.

Walaupun Tsunami politik 7 bulan berlalu kesannya masih dapat dilihat sana-sini, Sekarang ternampak mereka sudah tersedar dari lamunan panjang seolah-olah selama ini tiada arah tuju. Sekurang2nya desakan itu menjadi guideline arah tuju yang betul perlu dipikul selari situasi yang sebenarnya berlaku.

Ia meringankan beban dan azab sengsara yang ditanggung PM kebelakangan

ini dek memerah otak memikirkan bagaimana caranya dia hendak melepaskan jawatan dalam keadaan yang terhormat dan penuh kegemilangan. Bilakah tarikh yang sesuai itu akan tiba. Kita sedia maklum PM kali ini memang teramat lembab nak buat keputusan.

Kini PM tidak keseorangan lagi, MT bersama-samanya dan bersedia membantu melicinkan transisi yang dirancang dikaji kadar segera. Tidak perlu fikir banyak nak tanya pendapat anak-menantu dan isteri, ini boleh merunsingkan fikiran. Dengan cara itu keputusan akhirnya dapat dicapai sebulat suara dan lebih meyakinkan.

Inilah dilemma yang mengusutkan keadaan kerana hendak menjaga hati semua pihak, kewibawaan institusi parti, presiden, rakyatlah dan macam-macam perkara remeh yang tak sudah-sudah, hanyalah melengah perjalanan negara itu sendiri. Ia harus ditangani cepat dan semua ini patut dihentikan segera.

Askm Tun,

Dengan ambil contoh Republican di US, saya cadangkan barisan kepimpinan UMNO berikut:

1. Presiden - Tunku Razaleigh Hamzah (macam Mc Cain di US = veteran)
2. Timbalan Presiden - Dato' Seri Rafidah (macam Palin di US = wanita)
3. Naib Presiden
 - i) Muhyidin - sebab dia nak sangat kekal jadi Naib Presiden
 - ii) Rais Yatim - berani mengatakan yang benar
 - iii) Adnan Yaakob - lantang macam gangster bagus lawan Pak Lah & KJ
4. Ketua Pemuda: Mukhriz
5. Ketua Wanita: Sesiapapun boleh kecuali Sharizat
6. Ketua Puteri: Noraini - dia ni pengikut setia sahaja.

Kalau Tun Sokong. KAMI PUN SOKONG!!!

Kupohon padamu supaya Engkau membuka hati Ayahnda Tun Mahathir Mohammad untuk kembali ke pangkuan UMNO dan ke pangkuan sebagai pemerintah.. Engkau jadikannya seorang Khalifah untuk membimbing kami ke jalan yang Engkau Redhai, ke jalan kebenaran dan berikanlah kepadanya kesihatan dan kekuatan untuk menyelamatkan rakyat Malaysia dari ambang kehancuran.. selamatkanlah kami wahai Allah dari segala bencana... Assalamualaikum Tun,kalau dah ahli MT mahu kan DSAAB mempercepatkan penyerahan 'taming sari' ke timbalannya,apa lagi nak di tunggu.walaubagaimanapun seperti yang diketahui semua,DSAAB buat-buat bodoh je..memang bodoh pun.kalau suara MT tak dipedulikan,tak payah ada meeting le,baiak dia buat keputusan sendiri saja.saya berpendapat,adalah lebih baik diadakan pungutan suara (itupun kalau berkesan & diguna pakai).atau satu memorandum yang di tandatangani oleh semua rakyat Malaysia,terutama pembaca dari blog Tun supaya DSAAB meletakkan jawatannya serta merta.DSNTR saya fikir tak layak juga menggantikan DSAAB...mungkin Tan Sri Muhyiddin lebih layak,sebab macam ternampak pula sinar 'bintang' TSMY tu.teringat pula saya semasa gawat 97 & 98,Tun ada Team terdiri dari Tun Daim Zainuddin dan beberapa orang lagi dlm menangani krisis ekonomi pada waktu itu.teruji nya seorang PM bagi saya apabila adanya masalah besar,terutama dlm keadaan sekarng dimana ekonomi dari luar negara mempengaruhi ekonomi kita,disini lah kewibawaan seorang PM tercabar,sekalius memperlihatkan samada layak atau tidak 'taming sari'(kuasa) tersebut dipegang.saya berharap agar Tun dapat kembali ke arena politik untuk memperbetulkan keadaan.selagi DSAAB masih memegang 'taming sari' tersebut,nescaya pilihanraya akan datang BN,terutama UMNO mungkin tidak ada lagi tempat dhati rakyat.....wasalam

Salam Tun,

Dollah already knew he will get few support from UMNO MT, he knew the coffin is ready for him. and now, he's trying to pull najib to reside beside him in the coffin at all cost, including swapping the cabinets. for the sake of what he's dare to do this? For his SIL?. for UMNO members, what choice do we have? vote for Kuli-muhyiddin tags la!! question is, are we going sacrefice ourself and the whole party for a man's political lives? Now,the rakyat have to pay a high price for him!!! UMNO is beyond saving tun! we need you back to glory days! Malaysia wants you!!

By boye on September 24, 2008 11:56 PM

assalamualaikum Ayahanda Tun yg di kasihi.

Saya pernah mencadangkan dalam komen saya yg lalu bahawasanya saya menyokong supaya pada mesyuarat bahagian2 yg akan datang mencalonkan DSN sebagai Presiden dan TSMahyudin sebagai Timbalan.

Disini saya sekali lagi menyeru supaya bahagian2 mencalonkan nama2 seperti di atas. Untuk memperkukuhkan parti Umno yg tercinta ini ahli2 Umno terpaksa mengambil risiko, demi kebaikan dan kekuatan parti. Saya dan ramai lagi ahli2 UMNO peringkat akar bumi yg ingin perubahan menyeru kepada DSN supaya jgn hampakan harapan kami. Saya bukan hendak mengadu domba kepimpinan tetapi ini lah hakikat nye. Hakikat bahawa parti dan negara ingin perubahan drastik dalam memulihkan kepercayaan rakyat kepada UMNO dan BN.

Kita jgn peduli kepada pembangkang kerana memfitnah dan menidakkan jasa UMNO dan BN kepada orang Melayu, bangsa Malaysia dan negara adalah rutin diorang. Sebenarnya UMNO dan BN lah yg banyak berjasa kepada rakyat dan negara. Kerajaan BN adalah penggubal dasar dan pelaksana dalam membangun negara dari dahulu hinggalah sekarang. Pihak pembangkang cuma bercakap, terpekek terlolong tapi abuk pon tiada.

Baru mentadbir beberapa negeri macam2 kemusnahan cuba dilakukan. Kerana inginkan kuasa mereka2 pihak pembangkang mahu memusnahkan perpaduan dan perlembagaan yg sudah termaktub dan diterima oleh rakyat.

Oleh itu bangunlah rakyat Malaysia yg inginkan keamanan tolaklah pembangkang pada PRU13. Bangunlah wahai bangsa ku. Sesal dahulu pendapatan dan sesal kemudian tidak ada gunanya. Saya berharap semoga Ayahanda TUN yg di kasehi terus dan terus memberi pandangan dan penjelasan mengapa UMNO perlu perubahan pada kepimpinan tertinggi parti.

Sekali lagi saya merayu kepada DSN supaya terimalah pencalonan untuk jawatan PRESIDEN bertujuan memperkukuhkan parti UMNO yg tercinta ini.

Saya juga merayu kepada Ayahanda TUN supaya masuk kembali kedalam UMNO dan berilah idea2 dan pandangan 2 kepada DSN dalam memperkukuhkan lagi parti dan negara yg sedang diancam oleh dalang2 pengkhianat bangsa, agama dan negara.

HIDUP UMNO...HIDUP BN....HIDUP TUN...HIDUP BANGSAKU...HIDUP NEGARAKU YG TERCINTA.

Salam untuk semua.

Tak tau lah, rupa-rupanya ada orang yang tak sedar diri dan ketegag sampai macam tu. Dah lah tak kenang budi, nak cuba pulak padam rekod2 baik orang yang telah memberi rezki kepada dia sejak mula aktif dalam politik, (dari Pegawai Kerajaan dan dijadikan Menteri Tak Berfolio) kemudian bagi pulak talian nyawa selepas fiasco Semangat 46.

Tak sangka bumi Malaysia ada melahirkan anak seperti ini.

Any other people would know that he is the most unpopular man around, and as such is a liability to UMNO, the BN, the Govt and the Country. There's nothing he can do to change the perception of the people about him.

By pakaiakai on September 25, 2008 12:12 AM

Assalamualaikum Ayahda Tun,

Harap dalam keadaan sehat dan dirahmati Allah swt

Guru saya ada mengatakan:

Rosaknya kepimpinan seorang pemimpin kerana tiga faktor TA

- 1)TAHTA
- 2)HARTA
- 3)WANITA

Ketiga tiga faktor memang ada pada DSAB. Yang paling menonjol sekali adalah TAHTA dan WANITA. (Hi Darling, Rakyat still "love" you. Why must you step down?)

Dia mana ada masa macam Tun nak baca dan ambil tahu kelohan rakyat. In Love!!!! Semua orang mesti pernah lalui perasaan bercinta. Mana nak peduli tentang keadaan sekeliling.

Dia mesti sadarlal sikit nafas pun dah pendek. Cakap sikit dah batuk batuk.
Dia tak ingat bahawa baki umur dia cuma ada lebih kurang 20 tahun. He will definitely meet his creator and will be ask abt his leadership. That's not a long period of time.

But for you Ayahda Tun,
Teruskan apa yang Tun perjuangkan walaupun ada yang berlagak seperti Pak Lebai yg mengatakan Ayahda Tun tak sepatut mencemuh pada bulan Ramadhan.
Mereka tidak sedar bahawa ini adalah perjuangan demi tanah air, bangsa dan agama. Sedang Rasullullah pun berjuang pada bulan suci ini, cuma pendekatannya berbeza.
Pendekatan begini lebih elok dari reformasi yang diadakan oleh Pembangkang yang mendatang huru hara.

Semoga Allah swt merahmati dgn kesihatan dan keberkatan. Amin

Salam

Semoga Allah merahmati Tun dengan kesihatan dan keberkatan.

Salam Tun.

If the situation persists, I won't be surprised if the existing government falls in the next PRU. Anwar & Co are waiting for the moment eargerly. UMNO & BN will certainly losing the trust of the majority if DSAAB and his loyalists are still in the cabinet. That's why, as you said, the longer the transition period, the better chances that Anwar & co will gain to take over the government. I always pray that DSAI won't be our next PM...

By mzzainal on September 25, 2008 12:30 AM

I agree with Tongkat's views of what Mukhriz said.

Its this kind of ignorance that would lead to more challenges, rather than unite, people will always be suspicious of one another.

However I believe Mukhriz is a typical batu api, trying his luck in spreading the seed of chaos to the blog.

By Misaikucing on September 25, 2008 12:32 AM

Terima kasih Pak Tun diatas perspektif MT UMNO semasa. Saya hanya berharap dengan izin Allah swt jika UMNO benar-benar keramat ia akan dapat atasi unsur-unsur negatif yang menghantui MT. Jika tidak

By zbind on September 25, 2008 1:13 AM

Saya tertarik dan setuju dengan komen dari mukhriz pada 23 September. Ini semua terjadi terang depan mata. Setiap kali iklan jawatan kosong, mengapa perlu mewajibkan bahasa Mandrin walaupun bertugas di negara sendiri. Saya faham sekiranya jawatan tersebut memerlukan diskripsi kerja untuk mewakili syarikat ke China atau Taiwan. Tapi saya sangat tidak puas hati apabila ia turut terjadi pada diskripsi tugas yang boleh dilakukan dengan kebolehan berbahasa Inggeris.

Saya pernah berkhidmat di bidang peruncitan, dan dari pengalaman saya, melayu selalu dipinggirkan. Ada, syarikat yang mewakili jenama antarabangsa yang 90% kakitangan HQ adalah cina dan Melayu hanya memegang jawatan sebagai Setiausaha, jawatan penting seperti Merchandiser, dipegang 100% cina. Mengapa ini terjadi? Sedangkan tugas tersebut tidak memerlukan penggunaan bahasa Mandrin. Apa? tidak layakkah Melayu untuk menyandang jawatan tersebut mewakili jenama antarabangsa? Tidak semua Cina itu hebat dan tidak semua Melayu itu malas atau tidak pandai. Kita juga ada kebolehan malahan boleh berikan khidmat yang lebih cemerlang dan jauh lebih komited dalam kerja.

Semangat bumiputra saya semakin menebal setelah melalui pelbagai cabaran dalam pekerjaan. Siapa kata Melayu senang goyang kaki di Negara sendiri?. Kita turut bersaing.

Salam Tun,

Kami amat berharap Tun dapat kembali dengan segera untuk mengembalikan UMNO ke tempat asalnya. Kami tidak mahu Tun terus dipersalahkan kerana melantik Abdullah yang tak sedar diri. Kalau Tun menyedari kesilapan Tun dulu dengan memecat Anwar Ibrahim, Tun sepatutnya berusaha kembali "pecat" Abdullah dan Khairy si pengkianat negara nie... Ahli2 UMNO yang dah termakan dengan pujuk rayu BODOWI nie kena ikut peraturan jangan main setuju jer.....kalau ikut peraturan, sekiranya pada awalnya majlis tertinggi setuju mengenai peralihan kuasa.....mereka telah dinyatakan bahawa sekiranya tempoh peralihan kuasa ditetapkan maka ekonomi negara akan kembali pulih....namun, apabila melihat keadaan ekonomi negara semakin teruk adakah perlu majlis tertinggi menerima tempoh peralihan kuasa itu lagi? Tolonglah common sense sikit...setengah majlis tertinggi ada otak untuk berfikir mengenai keadaan genting negara...ahli UMNO Pulau Pinang dan yang selebihnya kalau tidak tahu peraturan baik jangan cakap banyak...Jangan jadi sebahagian daripada punca merosakkan dan menghancurkan negara ini....balik baca undang2 dan peraturan keahlian UMNO dulu baru leh bersuara...jangan jadi macam kerbau dicucuk hidung jer...

P/S: Suara UMNO Pulau Pinang sepatutnya lebih kuat daripada dulu lagi, tapi kalau nak kuat lagi tak guna biar cakap dengan 10 pembesar suara pun, suara korang tidak akan kedengaran sebab BN Pulau Pinang dan KALAH TERUKLAH!!!!

1.It may be hard to believe but nobody (malaysian) take Najib and Pak Lah seriously, except when it come to reducing the fuel price down. On other issues it's like a joke.

2.Supreme Council members use to be 'yes-man' and I believe until just recently when members of the ruling party voice out their disagreement on all matters that come-out of Najib and Pak Lah.

3.Najib will not be a good PM. He has shown to be a good 'yes-man' even during your premiership.

4.As long as Pak Lah is still the PM and President of UMNO, we Malaysian will suffer economically and mentally.

5.Pak Lah has to comedown fast together with him will be KJ and Kamaluddin.

6.For UMNO to survive and get the respect of the Malays, the Supreme Councils has to show that they really care and sincere on their struggle to fight for Malays if not Malaysian as a whole.

7.And I believe, the matter of getting opinion from family members by leaders is nothing new and coming up with decision from it.

8.Even during your time Tun, you too defended our childrens and friends but you manage to handle it gracefully.

9.Yes, Supreme Councils is no more Supreme.

salam tun,

saya rasa dato seri najib patut sedar yang dia telah ditipu oleh dato seri abdullah badawi dengan memberi jawatan menteri keewangan kerana harapan dato seri abdullah agar dato seri najib tidak mencabarnya pada pemilihan umno pada disember nanti,saya percaya ini semua cadangan daripada menantunya.

saya takut nanti harapan dato seri najib untuk jadi PM tidak kesampaian kerana mereka punya pelbagai helah,saya juga percaya dato seri abdullah dan keluarga masih punya hubungan baik dengan anuar ibrahim.

By Jebat2008 on September 25, 2008 8:53 AM

Selamat berpuasa Tun Mahathir yang kami sayangi.

Kenyataan Tun tentang majlis tertinggi Umno sekarang ni saya sokong 100% kerana saya juga berpendapat sebegitu.

Saya juga sokong 100% bahawa Pak Lah ni PM Malaysia yang paling rakyat benci termasuk semua

kaum. Ini pemerhatian rambang saya. Rata-rata mereka tak suka Pak Lah kerana bodoh tapi nak memerintah negara.

Saya gembira kerana Muhyiddin saja yang berani menegur Pak Lah. Disamping itu Rafidah juga turut berani menegur Pak Lah yang bodoh ini. Yang lain tiada semangat perjuangan dan tiada sifat "berani kerana benar, takut kerana salah".

Saya juga geram dengan Najib kerana takut hadapi risiko untuk menegur PM. Kalau benarlah kata-kata Tun perangai Najib bersengkokol dengan Pak Lah apabila MT UMNO bertelingkah tentang kedudukan Abdullah sampai 2010, Najib dan Dollah pula membincangkannya secara tertutup apa lah nak jadi dengan UMNO ni Tun.

Saya cukup sedih apa yang terjadi. Kalau macam ini, saya serta keluarga akan terus mensabotaj UMNO dan BN pada pilihanraya akan datang.

Lebih baik pangkah PAS saja....

Nak pilih PKR ... ranaplah Melayu dan Islam di Malaysia pada masa-masa akan datang.

Tun,

Saya pernah terbaca buku yang mengulas mengenai mesyuarat MT di zaman Tun menjadi Perdana Menteri. Cara Tun menjadi pengerusi mesyuarat memang boleh dipuji. Tun ada objektif ketika membuat mesyuarat dan berjaya membuat keputusan di akhir mesyuarat. Namun dalam mesyuarat MT untuk memutuskan tindakan terhadap DS Anwar Ibrahim saya merasakan tidak demokratik dan tidak adiul sungguhpun kesemua MT menyokong usul tersebut. Pemilihan korum MT walaupun mereka mempersetujui Presiden tetapi apabila mereka adalah dari orang yang sependapat dan selairan corak fikirannya maka walau kata sepakat dicapai namun ianya kurang fleksibel dan terbuka.

Saya rasa masalah dalam mesyuarat Y.A.B Abdullah ialah sebahagian MT adalah warisan lama yang agak serasi dengan kepimpinan Tun. Beliau mungkin cuba mengimbangi pengaruh Tun dalam parti tetapi muka baru yang dibawa mungkin kurang berkesan atau mengambil kesempatan. Beliau mungkin sedang menghadapi tekanan seperti yang pernah dialami Tun dalam krisis 1987. Bezanya Tun lebih cepat bertindak dan cekap dengan bercerainya hingga wujud Parti Semangat 46 tetapi kini mungkin beliau sedangkan mempertimbangkan pelbagai opsyen kerana beliau ada pengalaman melihat perpecahan parti itu pada satu masa dahulu. Mari kita lihat apa tindakan beliau selepas ini.

Anwar And Co On The Verge Of Entering Barisan Nasional? - An Evolving Scenario?

I wrote before on the higher likelihood of Anwar returning to UMNO and PKR entering BN rather than some 30+ BN MPs moving the other direction. There is now some possibility that this is in the works, following Pak Lah's denial of an AFP report that his 'representatives' are in discussions with PKR of a transition in power.

The likelihood is greater not just because Pak Lah has denied discussions are taking place between the 2 parties, but as:

1 Anwar has demonstrated that whilst he has not got the numbers, he still has the capacity to create chaos, something Pak Lah the ex-civil servant is terrified of.

2 Pak Lah now needs a new ally, what with him being trapped between a growing KuLi - Tun Dr M alliance and the awakening giant that is Najib's political machinery whilst his old bogeyman for Najib, Muhyiddin, has turned agitator. Pak Lah may even see himself locked out off the UMNO December polls with less than 58 Divisions nominating him!

3. Khairy in his determination to become PM by the age of 40 needs to protect himself from the fall-out of his father-in-law's early demise, and who better than Anwar his idol as a new protector?

4. Pak Lah has acted this way before - sending his personal representatives without prior discussion with the rest of UMNO's leadership to broker a deal. He did this when negotiating away the election petitions in 2004 as well as recently when his people incompetently tried to bring PAS into BN.

5. Anwar is now similarly 're-assuring' PAS of the longer term vision for Pakatan Rakyat. Whilst this may be due to the risk of PR rupturing the way Barisan Alternative did last decade, it may well be that PAS is starting to smell a rat.

6. And as I mentioned, PR is rupturing. Time for Anwar to exit a sinking ship perhaps? The scenario, however unlikely, remains an interesting one and may well be executed before Parliament returns next month. These are wierd time indeed...

Dah lama dah rasa, but I just need to say it, it feels like all these weaknesses was purposely showed and brought upon or acted upon so that rakyat wants alternatives in form of DSAI.All free airtimes,news coverage..di lakukan untuk beri laluan untuk DSAI, so that he can say all the right thing all the time..tambah nilai his oratory skill..makes us wow..ooh ..yeah his good..yes his the one, ok set..but hey,hey, ..not so soon, it will be obvious...so stay put dulu, bertahan,,bertahan...heran ke...is the stage being set up for him?kalau iya, terima aje?..kalau tak suka.. tapi kaya, pergi australia makan angin..kalau tidak.. tinggal aje makan hati.Kehidupan perlu lalui dengan tabah seperti biasa..walaupun esok dah tau nak mati.Bagi orang melayu yang biasa2 macam some of us ni, tiada ada tempat lain selain dari malaysia..negaraku yang ku cintai.Selamat berpuasa Tun dan isteri.

Asalammualaikum wrmth wbkt.

Our dearest Tun,

Beforehand, please forgive me to say this during ramadhan but i think abdullah and family ni sedang dijatuhkan maruah dan segalanya hingga terbenam di dalam bumi, hence dibutakan dan ditulikan dah dia ni..habis keturunan dia akan disumpah oleh masyarakat yang telah dia zalimi. Kalau dia dan keluarga dia

itu tak tahu malu, confirm dia bukan melayu.

Something is wrong with Najib. Why is he so weak? Does that really mean he have so much skeleton in his cupboard? Jika benar dia pemimpin yang berwibawa tak kan dia nak tengok orang-orang yang mengkhianati bangsa kita ni terus menerus robbing our country in broad daylight.

Please our Dearest Tun, save our people. Please.....

My love and prayers to you Sir and your family....

To 'S..Tan'(a,y hidden alphabets..eh?),
The PM AAB(Arrogant, Aimless Bonehead) was never anak didikkan Ayahanda Tun. Perhaps, if 'SayTan' had mentioned Anwar Ibrahim (AI), we would have agreed 100% coz from the early days he joined UMNO we had mentioned him as the future PM. But, alas he lost his 'BALING' spirits along the way and replaced it with the 'BANGSAR' spirits. Even his 'buruk' shoes were replaced with 'BALLY'
Then he became a 'nella'(means good in tamil)tambi to the USA.

As for Tun Patriot, we doubted he 'belah' but 'korban' himself.
As for Tun Ghafar(Allahyarham) he is the victim of AI (Arrogance and Impatience) ambition to be the PM.
As for AAB, he was never the 1st choice but who would be 'SayTan' choice?... Najib and/or Rosmah? (Sorry, Muhyiddin)

By matputeh on September 25, 2008 2:23 PM

salam buat Yang Berbahagia Tun sekeluarga..

Terima kasih atas kesudian Tun utk kembali kepada Umno semula.

Peristiwa Tun kembali kpd Umno sgt penting. Ini adalah kerana Tun keluar dari Umno adalah kerana protes pada kepimpinan. Tapi sekiranya Tun terus lari dari Umno ia spt menunjukkan bahawa Tun tidak lagi sayangkan umno.

Ibnu Khaldun pernah menyatakan teori beliau berkenaan tamadun bahawa apabila sesuatu tamadun/bangsa itu mencapai saat kegemilangan maka akan bermulalah pula zaman kejatuhannya. cepat atau lambat kejatuhan tersebut adalah benar benar bergantung kepada bagaimana sesuatu bangsa itu meneruskan survivalnya.

Walaupun itu adalah sekadar teori namun kita perlu mengambil pedoman untuk survival bangsa kita.

Tun, sepanjang pemerhatian saya monopoli seseorang/kumpulan ke atas

sesuatu parti terutamanya umno adalah kerana kurangnya kesedaran orang melayu kita untuk berpolitik dengan cara yang betul. jadi golongan yang berpolitik dengan cara yang betul ini lah yang selalu memonopoli parti dan seterusnya kerajaan.

Orang melayu kita lebih gemar berpolitik 'kedai kopi' dari berpolitik 'turun padang'. Mereka lebih suka cakap org itu tak betul orang ini tak betul tetapi mereka sendiri tidak mahu menyalurkan pandangan dengan cara yg betul. maksud saya sekiranya kita marah degna pemimpin umno kita kita kena tegur mereka tetapi bagaimana mereka nak terima dan layan teguran kita jika kita sendiri bukan ahli umno. dan kalau ahli pun tidak aktif.

suara suara bukan ahli atau yang ahli tapi tidak aktif ini langung tidak akan menggugat pemimpin tersebut. sama lah seperti rakyat Malaysia yang layak mengundi tetapi tidak mendaftar sebagai pemilih.

Bagi pemimpin tersebut buat apa nak takut kalau anjing menyalak di luar pagar. bukannya boleh gigit pun. (mungkin seperti itu lah perumpamaannya)

Di sinilah pentingnya bagi kita untuk menyedarkan generasi melayu kita hari ini untuk sama sama aktif dalam politik terutamanya umno. kerana hanya itulah saja salurannya untuk kita bersuara secara betul. Seperti mana pemimpin kita dahulu berjaya menyedarkan orang melayu untuk membantah malayan Union, akhirnya orang melayu berjaya. Sebab kesedaran 'wujud' dan cara pun 'wujud'.

kadang kadang kita perlu menegur bersama 'taring dan lidah' bukan sekadar lidah sahaja. Taring itu lambang kekerasan dan di imbangi pula dengan lidah lambang kelembutan.

Tun,walaupun saya baru berumur 30an namun sejarah umno serta sejarah perjuangannya telah saya hayati selama 51 tahun. UMNO is a sentimental value pada saya.

Selamat berpuasa dan SALAM AIDILFITRI BUAT TUN SEKELUARGA dan buat semua. Mudah mudahan jiwa Melayu Sejati akan Bersatu dalam Diri kita Zahir dan Batin. Amin..

Tun the respected one,

I wonder why this MT meeting insider stories when round into the open and got publicised when what transpired should have been a little secret between them?

Is there a possibility of the spin doctor trying to use "reverse psychology" on the grass roots? that, when they see the leader being "harshly" humiliated and blasted in such an important meeting, and I heard at the brink of tears, will it be a good story to spin for sympathy support?

This is not within the scope of this topic, but do you think shahril samad is not very smart about the petrol pricing and the petrol pump business owners' problems? true that the margin falls when the price is lowered by the government, but what about the stocks they have purchased?

ZZZZZZ....

ASSALAMUALAIKUM AYAHANDA TUN

Perkara 1 hingga perkara 17...amatlah benar sekali..

Najib memang telah menampakkan ketokohnya sebagai seorang pemimpin yang tidak cerdas lagi dihujung telunjuk AAB..pendiriannya tidak teguh..mudah bergoyang macam lalang ditiup angin..mula-mula kata peralihan kuasa ditentukan oleh ahli-ahli UMNO dari akar umbi...rakyat pun legalah sikit sebab tak lama lagi boleh ucapkan 'selamat jalan' kpd AAB...waktu tu nampak seolah dia tak setuju peralihan kuasa jun 2010..tak sampai berapa jam dah keluarkan kenyataan lain pulak..MT kena akur keputusan yang sudah dipersetujui..macam ni orang nak jadi PM..nanti 2 x 5 dengan AAB..

cepat-cepatlah Pak Lah tu belaaahh...!!! kami dah runsing..jelak..dengan kegawatan politik sekarang ni..macam-macam hal..seumur saya ni..tak pernah rasanya politik negara dalam keadaan begini..! Nak jadi macam Thailand ke Pak Lah oooiii!!!! jangan asyik berdolak-dalik..

KALAU DAH GEGAK GEMPITA MACAM NI..TAK HABIS-HABIS..TAK SELESAI-SELESAI..TAKKANLAH ITU PUN TAK FAHAM LAGI..MAKSUDNYA..SUKA ATAU SEBALIKNYA..

Dear Tun,

I am going to comment on one particular comment among the hundreds here. No malice intended. Love your insights on the MT meeting by the way.

Dear Mukhriz (the fella who posted the job advertisement citing that it is racist on Sept 23 6.57pm),

I do not see what's your purpose for posting that in here. Not only it is irrelevant, but I would have to say you lack the basic judgement of what constitutes racially unfair. In the job ad, I do not see it stating that only Chinese Malaysians can apply.

If that is your definition of a racist job ad, I pity you as a Malaysian for having such silo thinking. If the ability to speak Chinese/Mandarin, in your opinion, points that only Chinese can apply for this job, well, that means all the other jobs posted are only meant for Englishmen or Americans (with Malaysian PR) because all of them require the candidate to be proficient in English.

Asmkm Tun

1. Margaret Thather once said that Mahathir knows Malaysia like at the back of his palm (not exactly but to that effect). Surely, Tun's article reflects that Tun knows the pulse rate of Malaysians...unlike..
2. Tun keeps doing what he does best, write and inspire...is a deed indeed. In fact Tun is opening the pandora's box...hopefully eventually hell will break loose and change the face of UMNO.
3. Being in business and had gone through 1997 crisis with ineterest rate at 18%, it really hurts. But then knowing that Tun is at the helm, we can sleep well, while Tun did not.
4. Now we have to stay awake to prepare for any eventualities whilst the PM sleeps...Hope Tun keeps writing and inspire us all...
5. Selamat berpuasa dan Selamat menyambut Aidil Fitri

Isn't our era similar to that as illustrated by T.S. Eliot in her well-acclaimed poem 'Hollow Men'?

"The eyes are not here
There are no eyes here
In this valley of dying stars
In this hollow valley
This broken jaw of our lost kingdoms"

Sense of togetherness -- is it almost evanescent now?
We seem returning to the time when solidarity was scarce.

For sure, astute judgments are difficult to make given the current state of pandemonium. Whatever the outcome is, Malaysia will no longer be the same as before.

A commoner like me can only keep my fingers crossed for miracles. Is this a negative characteristic of a bad Malaysian? Too wishy-washy?

Hope you could bear with my tacky response.

Dear Tun,

Kalau beginilah Pak Lah dan konco-konconya buat UMNO kelam-kabut maka UMNO akan ke Pintu Gerbang kehancuran. Make no mistake about it. Selagi Pak Lah tidak berhenti sekarang maka jangan harap UMNO akan kekal memerintah. Rakyat sudah gelisah yang amat sangat dan menunggu sahaja "gunung berapi" akan meletup menimpa semua umat Melayu dan UMNO. Jangan harap Melayu akan sokong UMNO lagi untuk selamanya. Semua Melayu akar umbi akan berhijrah ke parti PAS dalam pilihan raya akan datang. Tunggu sahajalah kalau masih lagi dalam keadaan penafian atau in a state of denial.

Pak Lah telah membawa KECELAKAAN kepada umat Melayu. Sedarlah Pak Lah. Pak Lah dah tidak dapat sokongan padu dari rakyat. Kewibawaan Pak Lah sebagai Perdana Menteri tidak menyerlah dan tidak membawa faedah kepada rakyat. Pak Lah telah gagal menjalankan tanggung jawabnya sebagai Perdana Menteri yang KLAS PERTAMA. Pak Lah lembab, tidak ada idea, tidak ada visi, tidak ada misi yang cemerlang. Semunya haprak dan HP6 dan merugikan rakyat untuk mendapatkan kemajuan yang lebeh bererti lagi.

Pak Lah memang tidak sedarkan diri. Tidak malu dan tidak bermaruah!!

By key on September 25, 2008 11:27 PM

Selamat malam Tun, rasanya tidak terlambat untuk saya menulis disini. Tun, politik negara ini semakin hari nampak kepincangannya. Orang bodoh pun boleh menilainya. Apa yang pak lah cuba lakukan memang

sudah jelas sekali demi kepentingan peribadi dan keluarganya. Apakah masih buta dan jahilakah mt umno dalam hal ini? atau masing2 ada kepentingan sendiri seperti yang di katakan Tun selalu agaknya ,hingga sukar untuk mengambil tindakan. Bagi saya Najib juga tidak layak untuk memimpin negara. Rasanya Tun dan rakyat pun tahu kenapa?. Tun ,sampai bila pekara ini akan berlarutan jika semua tak bersatu padu dalam memberi pendapat atau keputusan. Sebagai rakyat biasa pun sudah cuba yang terdaya tetapi pak lah masih dengan kata2nya juga.....degil juga ye? Nampak je lembut tapi keras kepala ditambah dengan kaum kerabatnya yang sentiasa ambil kesempatan atas kelemahannya sabar aje lah. dia kata 2010 lepas tu si kj lah pengantinya. Nasib lah. Apa2 pun kami akan sentiasa bersama2 TUN.....SEMOGA PEJUANGAN TUN DIMUDAHKAN ALLAH..AMIN.

Dear Tun,

As I see it now Pak Lah is now in limbo. It seems to me he has lost his focus and his priority to govern. He now seems to be more interested in his political survival. This does not augur well if he continues to be in a state of mental distress. How can he function effectively as a Prime Minister. He has lost his energy to move the country forward. This is reflected by his handing over the Finance Ministry portfolio. His confidence level is at the lowest end. So the best alternative for him is to step down immediately to be fair to the rakyat. He has nothing much to offer in terms of ideas and vision for the country. What choice has he got when he is now a lame duck Prime Minister. He is really out of control. The voice of the majority of the rakyat has become louder and louder for to just resign, period. Hopefully, he understands the situation now rather than continueing to be in a state of denial.

Apa gunnya tipu diri sendiri when it is so obvious that the rakyat just got fed up with his delaying tactic in the transition of power.

He must be aware that his power comes from the rakyat and if he could not execute his responsibility to the best of his ability then don't overstay his welcome. The most respectable thing to do is to say YES I am resigning and thank you for giving me the opportunity to govern for the past 5 years. I have done my part and I would like to say sorry if my contribution to the country is not up to expectations.

A'kum Tun,

Besides UMNO President, the supreme council has a say into the business of UMNO. At this critical point in time, majority of the Malays and even the monarch depends on the supreme council to use its role to ensure political survival of Malays and monarch. YTM Raja Nazrin and Tengku Abdullah repeatedly asked the Malays to unite and UMNO to strengthen the monarch institution. If the current President is unable to unite Malays, then in my view, new President needs to be elected. Set aside personal sentiment and go for partisan politics.

Tun,

Saya langsung tak faham. Tun dahulu, walaupun seorang yang lantang dan digelar diktator, masih mempunyai ramai pengkritik walaupun dalam UMNO sendiri. Pak Lah, ternyata seorang pemimpin yang lembik, masih mampu menutup mulut ahli-ahli UMNO hingga tiada seorangpun, walaupun di kalangan yang berjawatan tinggi dalam parti untuk berani bersuara.

Dari apa yang Tun ceritakan di atas, mungkinkah kita akan melihat parti keramat orang Melayu, UMNO, satu hari akan meletup dari dalam?

Sebab itukah di TV3 semalam, saya lihat ahli-ahli UMNO yang diketuai oleh Datuk Jins Samsuddin

mengeluarkan kenyataan supaya orang Melayu mestilah beradab dan tahu menghormati pemimpin.

SEDARLAH WAHAI AHIL-AHLI MAJLIS TERTINGGI. ANDA SEMUA KINI DILIHAT SEBAGAI PARA PEMIMPIN YANG LEMAH KERANA TIDAK BERANI MENEGAKKAN KEBENARAN!

Terima Kasih.

Diharap peralihan kuasa kepada Najib tak akan berlaku..TAK RELA!!! Sebaliknya kepada pemimpin lain yang benar2 ikhlas kepada rakyat dan berwibawa. Dan diharap juga dia dan Paklah + KJ bungkus terus.

Najib selalu bersikap melindungi Paklah bukan kerana dia sayangkan Paklah tetapi disebabkan dia takut perkara sama akan dilakukan terhadap dia kalau dia jadi PM kelak.

Sudahlah lu Najib... orang hentam Paklah biarkan sajalah bodoh!! Mereka nak gunakan hak mereka nak bersuara. Belum jadi PM dah menafikan hak orang lain bersuara.

Lagipun kan ke persidangan tu tertutup!! Mereka menggunakan saluran yang betul untuk bersuara apa!! Kalau di persidangan MT pun tak boleh bersuara lebih baiklah guna saluran media terus !!

Pemimpin apa lu orang ni Paklah dan Najib?????

Dearest Tun,

Tun Abdul Razak, as the Director of the National Operations Council, was in charge of a disarrayed Alliance Party. In June 1970, Tun Abdul Razak, the then Deputy Prime Minister of Malaysia, had said these words to the Umno leaders during the 24th Umno general assembly;

“Saya suka terus terang, jika parti kita sentiasa sanggup menjadi PEMEGANG AMANAH RAKYAT DENGAN IKHLAS, saya tidak bimbang akan cabaran dari pihak lain. Tetapi jika kita tidak ikhlas dalam menjalankan peranan kita sebagai pemegang amanah rakyat, sifat itu dengan sendirinya akan menghancurkan kita. Sebaliknya jika ahli-ahli menjadi pemegang amanah rakyat secara ikhlas, tetapi pertubuhan tidak mempunyai pemimpin-pemimpin yang ikhlas, kekuatan kita akan menjadi pentas pergelutan kuasa sesama sendiri dan ini akan merugikan kita.”

He had stressed on the unity of Umno members and the sincerity of its leaders in lieu of the tumultuous year they had before. I wonder if Pak Lah still remember those words. After all, he was the committee member of the NOC.

Izinkan saya menulis di dalam bahasa Melayu pula. Memandangkan bulan ini bulan Ramadhan, saya ingin menulis mengenai budi bahasa.

Budi bahasa adalah antara perkara penting di dalam jatidiri seseorang Melayu. Ia menjadi satu intipati yang tegar kepada sifat semulajadi kaum Melayu itu sendiri.

Melayu bukan Melayu tanpa budi bahasa.

Mengenang budi dan berbudi sesama insan adalah sifat terpuji kaum Melayu sejak zaman berzaman.

Adalah menjadi suatu perkara yang menyedihkan apabila peribahasa indah orang orang Melayu berkenaan budi telah semakin dilupakan oleh orang Melayu sendiri.

“Orang berbudi kita berbahasa, orang memberi kita merasa”

Jika Umno itu sinonim dengan kaum Melayu, maka Umno semestinya sinonim dengan semangat berbudi dan berbahasa. Oleh itu pemimpin agung Umno ketika ini, Datuk Seri Abdullah Ahmad Badawi sepatutnya mengetengahkan contoh terbaik di dalam perlakuannya.

Perjuangan Umno adalah perjuangan berbudi kepada rakyat dan berbudi kepada kaum Melayu. Inilah yang menjadi kekuatan Umno di dalam politik tanahair.

Walaupun bagaimanapun, Datuk Seri Abdullah telah mengabaikan konsep budi tersebut. Dan oleh sebab itu,

punca kekalahan teruk Barisan Nasional di dalam pilihanraya umum ke 12 boleh dijuruskan kepada lupanya presiden Umno untuk meneruskan penerapan nilai-nilai budi pekerti di dalam kepimpinannya.

Para pembaca sekalian, berikut adalah sebahagian dari ucapan seorang bekas pembesar Umno, yang mengkritik kepimpinan dan karakter Datuk Seri Abdullah Ahmad Badawi yang tidak tahu mengenang budi. Tan Sri Sanusi Junid telah membuat ucapan ini apabila menjadi tetamu jemputan di dalam sebuah majlis Umno yang dianjurkan oleh akar umbi pada bulan April yang lepas;

Bila dah naik ke atas sampai ke peringkat menjadi menteri, sudah mula menyombong, menunjukkan diri tak mengenang budi. Yang kita perlu ingat ialah, Umno ini hidup ialah kerana budi. Umno ini hidup kerana budi dan (berbudi) bahasa.

Kerana anak kecil tadi dipelihara oleh ibulah maka dia kenang budi ibu. Si ibu kenang budi bapa kerana melindunginya. Anak-anak mengenang budi ibu dan bapa yang memeliharanya. Jiran menjadi lebih akrab kerana budi.

Apalah manusia tanpa budi.

Budi antara jiran, budi guru kepada murid, budi antara suami dan isteri, budi ayah dan ibu kepada anak, budi pemimpin kepada rakyat.

Inilah yang menyebabkan rakyat menjadi kasih dan cinta kepada pemimpin. Apabila rakyat tidak lagi kasih tidak lagi cinta kepada pemimpin, dan pemimpin itu hanya tersangkut dalam kuasa kerana perundangan, maka pada waktu itu, bermaknalah, budi itu sudah tidak ada nilai lagi.

Kerana rakyat kecewa. Kerana pemimpin tidak berbudi kepada merekalah, malah (hanya) berbudi kepada kuncu-kuncu, kepada saudara mara, kepada keluarga. Kalau pemimpin hanya berbudi kepada sesama sendiri, maka pada waktu itu rakyat jelata akan menolak pemimpin itu.

Betapa tepatnya beliau di dalam menzahirkan kekusutan yang menimpa Umno sekarang ini.

Izinkan saya mengkiaskan analogi berikut.

Lembu jika dibela dengan baik dan diberi makan satu guni rumput setiap hari, akan menarik beban kereta lembu hingga berdarah-darah lehernya. Anjing jika dipelihara dan diberi makan setiap hari akan mengenang budi tuannya dengan menjaga keselamatan rumah tuannya. Apabila tuannya tidur, ia akan berjaga.

Lihat betapa rendahnya budi Datuk Seri Abdullah Ahmad Badawi kepada orang yang mengangkatnya ke atas. Jika tahap mengenang budi Perdana Menteri kita terhadap bekas tuannya lebih rendah dari tahap anjing dan lembu, apatah lagi tahap budi Perdana Menteri kita terhadap rakyat bawahannya.

Bukan sahaja Perdana Menteri kita leka terhadap tanggungjawab besarnya, malah pemimpin-pemimpin Umno yang lain juga telah lalai di dalam tugas mereka. Lalai dan leka terhadap kuasa dan kekayaan.

Alexander Fraser Tytler telah dikatakan menulis perjalanan sesebuah demokrasi yang saya rasa amat tepat untuk disamakan dengan keadaan demokrasi di dalam Umno dewasa ini;

A democracy is always temporary in nature; it simply cannot exist as a permanent form of government. A democracy will continue to exist up until the time that voters discover that they can vote themselves generous gifts from the public treasury. From that moment on, the majority always votes for the candidates who promise the most benefits from the public treasury, with the result that every democracy will finally collapse due to loose fiscal policy, which is always followed by a dictatorship. The average age of the world's greatest civilizations from the beginning of history has been about 200 years. During those 200 years, these nations always progressed through the following sequence:

From bondage to spiritual faith;
From spiritual faith to great courage;
From courage to liberty;
From liberty to abundance;
From abundance to complacency;
From complacency to apathy;
From apathy to dependence;
From dependence back into bondage.

Kaum Melayu pernah melalui zaman penjajahan. Ini diikuti dengan kesedaran dan semangat percaya kepada diri sendiri. Diikuti pula oleh keberanian di dalam melawan penjajah. Setelah itu, kemenangan telah memberikan kebebasan untuk memutuskan hala tuju kaum Melayu. Dengan sifat percaya kepada diri sendiri, kekayaan datang melimpah untuk pemimpin pemimpin kaum Melayu.

Tun Dr Mahathir pernah berkata di dalam artikel beliau yang lalu - 'the Malays could not handle their wealth as good as they did with poverty'.

Akibatnya, pemimpin kaum Melayu dan Melayu sendiri menjadi lalai dan leka dengan kemewahan. Tanpa dipimpin oleh pemimpin yang berkaliber dan berbudi pekerti, kita sekarang telah berada di zaman kelalaian dan kelekaan. Yang getirnya, kita sekarang sudah berada di ambang zaman lupa diri dan sikap tidak peduli.

Apakah nasib kaum Melayu di masa yang akan datang jika pemimpin tertinggi yang sedia ada tidak ditukar segera? Adakah kita akan menjadi terbelenggu dengan sifat buruk kita sendiri? Adakah kita akan kembali ke zaman semasa kita dijajah dahulu? Penjajahan minda adalah amat dahsyat sekali.

Kelalaian dan kelekaan kita hendaklah dihakis semasa mesyuarat bahagian Umno yang akan bermula pada 9 Oktober nanti. Pilihlah pemimpin yang baik, yang mengenang budi dan yang merendah diri. Bukan pemimpin yang akan membawa kita ke ambang kehancuran budi pekerti dan semangat jatidiri.

Berani Berubah!

Terima kasih Tun,

Umno has postponed its annual general assembly and supreme council elections to March next year to facilitate "an early transition of power". PakLah said he would decide by Oct 9 whether to defend his post in the party.

Sounds like trouble in paradise.

The council should just make a swift decision on PakLah's position and not drag this matter further. It merely makes the country look uncertain and weak, like its leader.

The drama continues...

non of the current potential candidate can lead pemuda umno to it's former glory. pemuda umno have look at the late Jaafar Albar reigned .

pemuda umno need a senior leader to lead at least for one term why not Nazri Aziz or Annuar Musa .

i love malaysia tun, very lucky to be malaysian.

U have endured a lot during your reign and have to be bad at times to be able to keep yourself in power. but one thing, u from anyone else know better about who is working with you. and still u endorse him to succeed you.that shows that you dont love this country because if u do, u wouldnt have put pak lah as ur successor because u know very well that he is stupid.

You put us all in this predicament, and now u r crying and ranting and raving abt your successor being stupid and that reflects u too, who endorse him to be PM.

Only a fool will recognise a fool to succeed him to the highest office in the country and a fool who doesnt love his country.

My dearest Tun

The postponement of UMNO 2008 General Assembly and Supreme Council Elections to March 2009 to facilitate "an early transition of power" has proven once again the flip flopping of the 2 top leadership in the party. It's purely a MOCKERY to ASSUME this will really materialised. They are just simply making an ASS out of U and ME. PakLah said he would decide by Oct 9 whether to defend his post in the party and that the decision is his, makes one to think there are more political scheming in the making. Something is definitely brewing in UMNO and in the nation. It is sad to see that the administering of our nation is being taken so likely to be a big 'fat' joke. The nation had enough with such indecisive leadership and their political antics. What good will come out of such cowardice is anybody's guess. Show me a good, honest and clean leadership and I will show you a monkey that doesn't climb trees!!! Syabas.

Take care Tun...may God bless you.

My dearest TDM

Kudos to pakbelalang....you wrote on Sept 26:

"The most respectable thing to do is to say YES I am resigning and thank you for giving me the opportunity to govern for the past 5 years. I have done my part and I would like to say sorry if my contribution to the country is not up to expectations."

You have written a good script for Paklah's eventual speech..but hopefully he knows how to read it faultlessly. Syabas.

Salam Tun,

Saya amat berharap pada pemilihan UMNO peringkat bahagian yang akan berlangsung nanti agar para perwakilan dapat memilih calon2 yang benar2 berani menegakkan kebenaran, yang mempunyai semangat nasionalis yang tinggi dan yang beretika untuk menjadi pemimpin UMNO. Sesungguhnya UMNO amat memerlukan pemimpin yang berani dan bijak seperti TUN. Dan kini saya rasa yang boleh diharap adalah TS Muhyidin boleh memikul tanggungjawab memimpin UMNO. Malang sekali DS Najib kini telah menjadi seperti lembu dicucuk hidung. Amat malang kepada UMNO kini kerana ramai pemimpin yang tidak berani berjuang demi kebenaran dalam memelihara ketuanan dan nasib bangsa Melayu.

Saya ambil kesempatan ini mengucapkan Selamat hari raya kepada TUN berdua dan sesiisi keluarga. Kepada Datuk Mukhriz, selamat berjaya dalam perjuangan moga datuk dapat memimpin Pemuda UMNO nanti.

Dear Tun

Salam sejahtera, selamat berpuasa sekeluarga.

Harap suntingan ni boleh?

Izin saya keluar sedikit dari tajuk sini nak sentuh ulasan penulis tentang RAKYAT M'SIA TAK RETI BM. Terutama ulasan yang mengecam wanita India ditangkap imigresen. Saya harap pendapat itu tak banyak atau berleluasa.

TENGOK TAPI TAK NAMPAK!

Dengan penuh sedih saya ingin tarik perhatian semua terutama kaum yang mengecapi keistimewaan. TAK NAMPAKKAH KAMU DIA TU MISKIN! Kamu nampak bangsa saja? Soal pertama kita patut tanya

kenapa dia jadi begini, bukan hentam dia. Ada asas kutuk dia kalau dia pandai peringkat Universiti tapi tak reti BM,sebabnya mesti dia degil tak nak belajar, peluang bertaburan.

KENAPA JADI BEGINI?

Dasar kerajaan mungkin punca terjadi begini - mementingkan satu pihak lebih dari yang lain mengabui atau membutakan sekolah kepada kemiskinan orang lain.Meminggirkan sekolah jenis kebangsaan bagi dasar lantaklah kaum lain(yang miskin) nak belajar tak! Bumiputera ada sekolah asrama, sekim khas dll untuk membantu. Memulau sekolah mrk mcm ini menimbulkan masalah orang miskin pun turut di dampar. Peratus keciciran sebab kemiskinan tinggi di sekolah ini - SEMUANYA MISKIN.

Macam mana dia nak belajar BM kalau tersepit begini! Saya cabar sesiapa berani juang bagi dia masuk sekolah asrama penuh dia tak tahu BM lepas 1 tahun! Budak tiga tahun pun boleh belajar bahasa dalam setahun.

TAMBAH KEPERITAN

Dah lah buta huruf, masa depan gelap, nama sendiripun tak tahu tulis, disindir dihina pula. Agak saya dia terpaksa buat kerja hanya buruh asing nak buat, itu sebab dia sama sama ditangkap. Saya tanya APA SALAH DIA?

Sama juga mana warga M'sia lahir lepas Merdeka kalau tak reti BM, mungkin ini puncanya. Tak ada tempat bergantung. Tak ada orang peduli. Jangan kecam dia. Dia jadi begini mungkin kerana dasar kamu.

Cukai yang semua rakyat bayar kira dikhaskan bagi mengejar keistimewaan orang lain lebih dari pelajaran untuk yang miskin.

Saya seru semua tanya hati perut, buka mata dan hati di bulan mulia ini, berapa lama ini harus dibiarkan. Pelajaran asas bukan lesen,jawatan,tanah,concession boleh ada keistimewaan. Pelajaran asas adalah HAK ASASI MANUSIA, kalau kita manusia.

DASAR TERSASAR

Ini bukti jelas kesan serpihan dasar di peringkat sekolah rendah. Kenapa nak bezakan bantuan di peringkat SEKOLAH RENDAH! Peluang BM kembang jadi kukuh lebih cerah kalau sekolah ini dibantu dari terbiar. (ENGAGEMENT NOT SANCTION)

Bahasa itu adalah pusaka, modal, khazanah,kekayaan sebuah negara. Lebih banyak lebih rahmatnya (misalan lebih peluang perhubungan global) la kurniaan Tuhan. Sanggup sesiapa lenyapkannya!

Sibuk dengan hak dan keistimewaan saja dah membutakan hati sesetengah orang tentang malang insan Tuhan yang lain. Sanggup dia terkam si malang ini.

SEDIH

Menangis saya ketika menulis ini. Tak ada orang sedar. Harap tak ramai yang terjerumus dengan pemikiran sempit.

As days goes by, the MT grows more uneasy. We still see a growing unhappiness amongst the MT members of the decision made to postpone the Dec gathering. Too many people are eager for the taste of power and the swift change of leadership.

Because of this and the other past actions of PakLah, our economy grows weaker and the anticipation grows higher.

PakLah does not care about the country. He cannot run away from his Umno problems and he cannot effectively concentrate on important national matters such as the increase of crime, the poor performance of the stock market, the slow demise of foreign investments, the pathetic education system, the monstrous explosion of racial uneasiness, and the decline of society's morale.

PakLah only cares about his own legacy. His legacy is slowing draining our country. Our country cannot survive under is flip-flop Govt.

I dread the day when Najib repeats the same mistakes.

By Sinyeelo on September 28, 2008 5:37 PM

Our country is in a political gridlock now. The stepping down of PM Abdullah Badawi is only an inexpedient act. It will invite more problems that are detrimental to our national integrity. To redress the problem, none of the so-called politic big heads should be relieved from imputations of incompetency, dishonesty and prejudice.

We seriously need a huge political make-over. It sounds, however, too unrealistic an idea since almost every one has their own vested interest. It's easy to abuse power but overcoming crises with combined effort is difficult.

A mount of rubble will never look good, unless all are willing to clear up the mess.

By dorai on September 28, 2008 11:19 PM

Tun,

The biggest problem in UMNO is:-

1 Khairi Jamaludin, he think he wants to hold biggest positions but he never reliase the RAKYAT dosen't like him. He should be not in any position in GOVERNMENT, UMNO OR BARISAN NASIONAL. This will make and build the confident of rakyat and BN.

EVEN IF TUN COME BACK TO UMNO AND LET HIM AROUND ALSO WILL BE SAME BECAUSE NO ONE WANTS KHAIRY BE AROUND AND HOLD THE POSITIONS.

DON'T FORGET HE IS THE BIGGEST CORRUPTION MAN.

2. AAB should resign and without KJ and AAB, Tun advise whoever the President OR PM.

Pls work along this guidelines if we wants BN to stay and lead the Goverment in next election.

Remember all the things done by both AAB and KJ is the ROOOOOT CAUSE and the result ends up with all the RAKYAT SUFFER.

Please get it out this 2 man.

We will support Tun because your track record never fail the RAKYAT and all the while Rakyat happy with Tun.

Our RAKYAT support always for you Tun.

Selamat Hari Raya to you and family.

Thanks

Why do Malaysians still accept Najib Tun Razak, who has been implicated in a brutal murder? Whether he vehemently professes his innocence or not, is besides the point.

The simple fact is, he has been implicated and that should be enough for the public to lose confidence in him.

Only in Malaysia can this really happen. Anywhere else and the politician would have already resigned and continue to maintain a low profile.

I took the effort to find out if your accusation is true or simply shoot without looking, guess what the advertiser says?

Thank you for bringing the matter to our attention.

As a quick introduction of the Cuscap Group of companies, we are a company listed on the MESDAQ board of Bursa Malaysia since 2004, principally involved in ICT related products and services. In true spirit of "Malaysia boleh!", we have customers spanning as far east as South Korea and the United States of America in the west. As part of our expansion and growth plans, we have since early 2008, established an office in Beijing China and as such, would require certain job candidates to have Mandarin proficiency in order for them to discharge their roles effectively, particularly if the candidates were to be deployed to service customers in the Chinese region.

It is indeed disturbing to note that such unfounded accusations going around in the blogosphere today. Nevertheless, it is not the intention of the company to discriminate and we fail to see how such a job posting can be lambasted as such merely on the requirement that the candidates be proficient in English and Mandarin. On a personal note, there are many non-chinese Malaysians who have such proficiency in Mandarin if not, better than some of their Chinese compatriots today.

Hi Tun,

Selamat Berpuasa and i hope you family's well.

I can't help but notice the similarity of Pak Lah's current situations with my late father's. Allahyarham Tun Abdul Ghafar Baba may he rest in peace.

Im not supporting any party nor am i a member of one. Im not pro Abdullah or Pro PKR. The similarity is not exact word for word of what's happening to Pak Lah in comparison of the situation for my late father before.

I was too young to remember, He stepped down graciously from the post DPM because his party did not support him, sole reason : Betrayal.

These two people betrayed him according to my mother, this is because my late father told her: Tun Daim Zainuddin and Tan Sri Megat Junit - They reported to Tun that My late father had lost his grassroots where else the people still loved him. In Jasin, Tan Sri Megat Junit confessed in front of the essembly of supporters that he was the one who brought down my late father from his post.

At the time, i believe it was '93, the post of the UMNO's president was not challenged, only the Deputy President's seat was challenge.

My father, at the time, faced embarrassments because the situation was very uncertain, at one time there was an election, at another time there was no election.

So there you go, It will not be the first time or the last time anybody will see Malaysian's leader being brought down, sacked and embarrassed publicly.

It will not be the last time the "melayus" are questionable on regard of their loyalty and honesty, and the scapegoats being minority Chinese and Indians of causing unpatriotic behavior.

As far as i know, The Chinese and the Indians benefit more when BN is around, and they have always supported this party. This country is in the hands of the fickle melayus. Nothing wrong with that. " Bagaikan lalang diatas pagar".

Salam and Regards,

Happy Andira

Dear Tun,

I know that you have gone through alot of frustration when the person whom you chosen and thought was a Mr Nice Guy is not so nice anymore. Malays ususly dislike Tun because they think Tun has made lots of money through your projects. But alot of others including the non-bumi, especially those who are well educated, know what you have done is for the benefit of the Malaysians. Thank god you are still alive today and able to comment your thoughts and wills in this blog. Take good care of your health and god is always be with you. I believe people like AAB will fall someday, time will tell. We just have to be patient and wait, so is Najib. As for his famous menantu, he got this position is not because he is sincere and clever, it is because of his wife's political cables. Man like him is always not respected and trusted in the world. AAB's current wife is also not respected and trusted in the eyes of women. He married him because of love? At her age is usually because of wealth. The family of AAB now has to be very careful in selecting their direction, whether to maintain wealth and power by disgracing UMNO OR 'berundur' gracefully and live happily ever after like Tengku Razaleigh and Tun Musa Hitam.

Your opinion on " Kepada Mukhriz yang complain pada Sep 23 bahawa: "Sila perhatikan iklan jawatan kosong 'diskriminasi' cina di laman web tempatan baru2 ini ... seperti di bawah ini. Sampai bila mlayu akan didiskriminasi di negara sendiri?". First you have to know why Mukhriz wrote this. To me Mukhriz is so much better than KJ to represent the UMNO Youth. Because we are living in a country of multi racial, and race tend to be best tool to gain votes and populariy, but the above comment is meant for Malays. If you feel offended, just read the chinese newspapers or blogs, they also have this kind of statements to make the chinese feel great and some even gone above the lines. Thus, open up your eyes and read news in malay, chinese and english, then you will be able to think and react in bigger picture of the race complexity of Malaysia. When I turun padang and got feedback on 'the penumpang' topic, non-bumi feel offended, yes as a non-bumi I feel offended too. But we must realized only those people who are desperated for power tend to keluar statement mcm ini. Thus if we don't like Ahmaid Ismail, don't vote him. Please don't contempt Mukhriz of his statement. What Mukhriz is doing is to bring up the semangat of Malays to fight for their race. Always remember, if the people of Malaysia, regardless races, are good, the country will difinitely be richer, developed and be less threatened by social ills.

Tun returns to UMNO

Mukriz as Ketua Pemuda

Majlis Tertinggi compose of Leaders holding post of MP or Divisional Leader who do not hold any post in the Cabinet or State Govt eg Minister, Deputy Minister, Menteri Besar or Ketua Menteri or Government Appointee Post(eg Felda,Felcra,MARA, UDA Chairman to name a few)

Dear Eat Fruit Free - "Mukhriz"

"If Mukhriz is trying to bring up the semangat of the Malays, my personal opinion is that he might have used the wrong approach. It is very dangerous to fan fire now."

On your comment, we have to understand we are living in a country with 3 major races and have rooted since independence day. At this point of time, all the party leaders are using this tool to lead their own races. In BN, we have UMNO, MCA, Gerakan and MIC etc..., the opposition party we have PKR, DAP, PAS, Hindraf etc... Each component need to protect the benefit of their race (people) so that they can debate to get the best solution. This is what we call democracy BUT with restriction (with ISA so that it won't go above the line). In Malaysia, ISA is so much kinder and moderate than those of the communist-china and other countries. If we do not have restrictions, we will end up like Thailand, so think carefully, these leaders doing what they see deem to be necessary to create keharmonian and berpaduan in Malaysia!!!!

2. In the aftermath of the elections, the component parties pointed accusing fingers at each other. Very quickly they were at each other's throats.

3. There were talks about leaving the BN. And now we are seeing the first party to do so and to become an independent party.

4. Where before all parties avoided raising sensitive issues in public, now in the name of democracy and liberalism sensitive issues are brought up in which the component parties of the BN make known the differences in their view. The result is to widen the divide separating the BN component parties.

5. When Ahmad Ismail made unpalatable remarks about the Chinese, it was made out that it was the view of UMNO itself. Far from denying it, the UMNO leadership accepted the blame and apologised. This solved nothing as the Chinese parties refused to accept the apology but demanded the culprit himself should apologise.

6. He refused and UMNO whose president heads the Government suspended Ahmad for three years. This may satisfy some Chinese but almost immediately the Government arrested a Chinese MP under ISA. The effects of Ahmad's suspension have been nullified.

7. Now the Malays are angry with the Chinese and the Chinese are angry with the Malays. Party-wise UMNO is angry with Gerakan and MCA and Gerakan/MCA are angry with UMNO.

8. Threats to leave the BN are made by the Chinese parties, not just because of Ahmad's refusal to apologise but also because of the impression that they are subservient to UMNO. They believe that the failure of Chinese voters to vote for them was due to this junior position they hold in BN. To correct this impression they found it necessary to take pot shots at UMNO and defy the BN leadership.

9. Privately UMNO, MCA Gerakan and MIC express their dislike of Dato Seri Abdullah and his Premiership. But none seem willing to acknowledge that it was dislike for Abdullah which caused the BN to lose the support of the people. Instead they picked on the parties and blame each other.

10. At the rate things are going the BN might split asunder. If each party go their separate ways, none would become a force in Malaysian politics and certainly none, not even UMNO, can aspire to form the Government of Malaysia. Of course they can all join the Opposition under Anwar, but they would still play a subservient role in the Opposition. In any case the Opposition with its ideological incompatibility would not make a good Government, capable of handling Malaysia's multi-racial population. It is difficult to think that the hodge-podge collection of incompatible parties can handle oncoming economic and financial

problems that are inevitable.

11. The stability of this country has been undermined by the weakness and incompetence of the current Government and the harsh bickering between the Government parties. A Government by the Opposition is not going to be any better and probably would be worse.

12. Currently we are seeing the loss of confidence in the ability of the Government to deal with economic problems. Foreign investors are not coming and together with locals are pulling out their investments in the stock market. From a high of almost 1500 the index is now below 1000. God knows how much market capital has been wiped out.

13. The Ringgit is depreciating and may shrink further. The cost of living has shot up. Businesses are having a hard time already. The recent decision to tax excess profits of the Independent Power Producers has caused foreign investors and locals too to lose confidence. The tax has now been withdrawn but not for the first year. This alone would put the IPPs in trouble with their banks.

14. In at least one case a foreign investor has been given back his deposit of almost 100 million Ringgit because allegedly there was some technical error.

15. I once said Malaysia as a multi-racial country needs a strong government. Multi-racial countries have to face race relation problems. With the need to handle racial problems, the management of the economy becomes extremely difficult.

16. I cannot see the Opposition with its loose organisation being able to handle Malaysia's racial and economic problems.

17. In the past, the BN Government had managed to keep Malaysia stable and to develop the country as well. If it seems not to be able to do so now it is not because the BN as a party is no longer suitable for this country. It is simply due to very poor and incompetent leadership.

18. The component parties of the BN should not think that their best hope is to see the demise of the BN. Rather they should all come together to resuscitate it. If it is necessary to dump the leader than they should do so. But destroying the BN will neither be good for the component parties nor for the nation.

19. I am not an UMNO member even but I would like to suggest the component parties should stop blaming each other, stop taking pot-shots at each other. Instead they should all come together and review the structure of BN. They should try for a win-win or lose-lose solution in dealing with inter-party relations. They should listen to the people and to their own members and find ways to satisfy their needs; to overcome their dissatisfaction.

20. There must be some new thinking on the BN concept. But the basic premises about close collaboration between the parties, about the need to help each other, to accommodate and deal with grouses together should be maintained.

21. I believe that for this multi-racial, multi-lingual, multi-religious and multi-cultural country with extreme economic disparities, the BN is still the best political solution provider. It is still the best way for the different races to cooperate to govern this country.

22. As the Malays say "Because of one drop of indigo, a whole pot of milk is spoilt."

23. We must not throw out the baby with the bath water.

24. The BN is still relevant. It is still the ideal coalition for Malaysia's multi-racial population.

Dear Tun,

I am not a fan or die hard supporter of BN but wrote based on my perception of what is good value.

The BN Component parties in particularly UMNO , MCA and MIC must work together and not think of leaving just because of poor election results after 50 years of working together.

True friends must work things out together in the face of hardship or else they would be called fair weather friends.

Times have changed and they need to study what the rakyat wants especially the younger generation of voters and make the changes that is good for our rakyat and country.

By Pak TehAuthor Profile Page on September 22, 2008 2:21 PM

Y.A.Bhg. Tun,

Yes, BN is still relevant and I wonder whether D.S. Samy Vellu will ever get elected for any post in the new non-racial party he suggested as in democracy, majority wins!

Pak Teh

By HasMas7274 on September 22, 2008 2:22 PM

I agree with you 100% percent. If this being going on for so long, I don't know what will be the future for BN. Common Pak2 Menteri, wake up!! Kalau orang di dalam kerajaan sendiri tak berubah, nobody can....

I miss your leadership Tun!

TUN,

Keadaan semakin hari semakin bergerak arak berlainan.

Pak Lah tak menunjukkan kualiti kepimpinan bukan sahaja untuk UMNO tetapi semua parti.

Maka, apalah gunanya dia ada disana.

Selamat Hari Raya... juga sesuram MERDEKA tahun ini...

Tun,

Salam Ramadhan kepada Tun & Tun Siti Hasmah.

Memang benar, sejak kebelakangan ini parti komponen BN 'attack' antara satu sama lain sehingga SAPP pun keluar dari BN.

Hendak 'digress' sedikit, apakah pandangan Tun mengenai kenyataan Dato Seri Najib yang mengatakan Malaysia tidak akan 're-peg' Ringgit kepada Dolar?

By zabidimohamed on September 22, 2008 2:25 PM

the ship is shrinking....and Pak lah is to be blamed for that. UMNO's internal problem is more to structural.

So Tun's advice is badly needed to rectify the matter.

Tun,

Yes, I agree. BN is still relevant. After this, I think BN will be less arrogant, more rakyat-friendly and will be stronger.

I may agree that BN is still relevant, because I have not seen anyone who has the capability to handle the racist problems, let alone to manage current economy situations.

Who will take charge to stop (or at least temporarily hold) the capital flights and by not just twisting figures, but in other word really working to show that Malaysia has not swallowed-up big impact from situations abroad (though not 100%). But at least we in Malaysia, has enough food, no need to drink expensive treatment water, green and quite nature to surrender and on top of that, we have knowledgeable workers. Though our economy does not have large consumption in term of people (~27 mil) - but try to make investors confident.

Hums... Would much appreciate if u can discuss further on pegging Ringgit.

Thanks!
By Lahm on September 22, 2008 2:28 PM

Dear Tun,

But how can non-malay parties be calling for the resignation of UMNO president. Especially since their party are also the main reason for the loss since the non-malays were also the ones that backed away from voting for BN. And yet, no one calls for the resignation of their leaders.

I also believe that when you had voiced out your dissatisfaction of the projects that you initiated, it has caused people to think your call for Abdullah's resignation was personal more than competency. Skeptics are also saying that you may have stakes in those projects that Abdullah canceled. This perception needs to be eliminated.

Dear Tun,

Why people hate UMNO. Look at the following argument.

Tell me Tun, who is right and who is wrong. To me UMNO is dead wrong.

How to support UMNO with such draconian law;

Menurut Mufti Perlis Akta ISA di katakan tidak mengikut lunas lunas ajaran Islam.

RPK dituduh mengina Islam di bawah Akta ISA yang di katakan tidak mengikut lunas lunas ajaran Islam.

Pelik bukan?.

Pelik kerana Kerajaan UMNO yang di katakan mempertahankan Islam menggunakan undang undang yang tidak Islam untuk mengurung Raja Petra kerana menghina Islam.

By Vi on September 22, 2008 2:36 PM

Tun,

I found out that in most of your blog, you stressed that BN is still the best party to rule the country. If AAB is not the best selection for the Prime Minister to handle the racial problem in Malaysia, I do believe that Najib is not a good choice either (when Najib is involved with the Mongolian case). AAB is smart enough to kick recent problems in the country to Najib. So, now everyone is looking at Najib. So, the burden is now on Najib. If Najib is not effective to bring up solutions to make the economy in Malaysia better, this will be a harm for BN to still survive in holding the power to rule the country.

With Tun 22 years experience as a PM, I do believe that Najib is not a wise choice in Tun's mind. Tun stressing that Tun had regret in choosing AAB as the prime minister after you. I hate to say that Tun chosing AAB for your deputy is simply just to reduce the threat that Najib will cause to Tun at that time. No matter how Tun think in the past, that is no longer important. I believe that it is the time for Tun to go back to BN or Umno to restructure BN and compensate the wrong choice of Tun had made. What Malaysia and UMNO need? They just need a wise leader to lead the country which Malaysians can really share the fruits from economic development. Tun, pls come back to BN if you still think that BN is the best political party. Show to all Malaysians that you are regret for choosing AAB and you are prepared to responsible of every wrong decision AAB had made ever since you select him. Dont let Anwar to get advantages of the mess now is BN. Just like what Tun think, I also believe that it is quite impossible for 31 MPs to crossover to PR. Every political members are just in the wait and see thinking. No one will dare to take any action!

Tun, 7 millions of people already support you in your blog! please come back to political stage again for all the Malaysians!

Assalamualaikum Tun,

Apa yang ditulis oleh Tun sememangnya amat benar. Harap-harap terbukalah minda pemimpin Parti komponen dan Umno sendiri tentang perkara ini. Bimbang betui la nie , takut terjadi lagi rusuhan kaum. Bilalah Pak Lah nak sedar..takkan sampai ada tumpah darah baru nak tukar PM. Tun, keadaan ekonomi sekarang nie macam hampir sama (kalau tak silap saya)macam tahun 1997..kenapa Dato'Seri Najib tak nak tambat ringgit? Semalam saja tengok berita ada pakar ekonomi, menyokong cara-cara Tun mengawal nilai ringgit..rasanya itulah yang sewajarnya kerajaan lakukan sekarang. Semoga Allah Swt panjangkan umur Tun dan isteri. Amin.

BN bukan lagi satu pilihan yg ideal seperti dahulu. Sila rujuk kepada perkara yg seperti berikut:

- (1) Kelemahan BN hari ini bukan semata-mata disebabkan oleh kelemahan abdullah. Namun kelemahan abdullah telah membongkarkan situasi yg telah lama berlaku di dalam struktur pakatan BN, dimana UMNO bermahajarela dan tidak menghormati rakan kompponen yg lain.
- (2) Pada pandangan orang malaysia hari ini, UMNO bukanlah seperti parti yg memperjuangkan konsep yg dipersetujui pada zaman dahulu. Pemimpin sekarang sudah dikenali umum gilakan kuasa dan merebut-rebut dengan projek kerajaan. Tun amat jelas keadaan ini sehingga meninis air mata dahulu sehingga terpaksa memaparkan senarai orang yg mendapat projek kerajaan pada satu masa ketika
- (3) Apa yg perlu dihadapi oleh abdullah hari ini adalah sebuah organisasi yg penuh dengan kepentingan diri-sendiri. Dan inilah apa yg diwarisi dari zaman Tun. Kerana kelemahan kepimpinannya, masalah ini akhirnya terbongkar pada hari ini.
- (4) Oleh yg demikian, jelasnya sekali masalah ini tidak boleh disalahkan kepada abdullah seorang sahaja. Ini adalah masalah aptri UMNO sendiri.

Sebagai seorang bukan melayu seperti saya, kami lebih cenderung dibawah kepimpinan orang melayu dari parti PAS dan bukannya UMNO lagi. Ini adalah kelakuan pemimpin UMNO yg bermaharajalela dan menjadikan negara ini huru-hara. Sekurang-kurangnya, PAS mempunyai dasar yg lebih adil dan saksama mengikuti ajaran Al-Quran.

Salam Tun. Saya amat sanjung tinggi peranan Tun dalam memajukan negara Malaysia. Walaupun saya di kategorikan sebagai kaum tumpang oleh Datuk Ahmad Ismail namun saya memang amat menyayangi negara Malaysia. Sejak dari bangku sekolah lagi kami kaum tumpang juga di beri pendidikan yang sempurna. Kejayaan Tun dapat di kecapai pada masa itu dengan terbinanya Lebu Raya Timur Barat, Jambatan Pulau Pinang, perbezaan masa di antara Sabah dan Sarawak dan Semenanjung. Perhubungan diplomatik yang baik semasa zaman pemerintahan Tun di antara Malaysia dan China membolehkan kaum tumpang ini balik untuk meziarahai sanak saudara dan kawan dengan lebih selesa dan senang tanpa peraturan-peraturan yang ketat pada masa dulu. Pendek kata Tun telah banyak menyumbang kepada kemajuan negara. Harap Tun dapat menyediakan idea-idea yang baik untuk kemajuan bangsa Malaysia.
Saya bukan ahli politik atau pun pro atau kontra terhadap kerajaan. Apa yang saya idamkan menjadikan negara Tumpang saya ini satu negara yang aman, makmur dan maju.

Syabas Tun dan Selamat Hari Raya Aidil Fitri untuk Tun sekeluarga.

By MERDEKA on September 22, 2008 2:47 PM

Salam TUN,

Saya setuju "point" 15 dan 20 TUN. Negara yang majmuk seperti Malaysia, memerlukan pemimpin yang kuat. Malaysia sudah memasuki tahap "dewasa" setelah 51 tahun merdeka, dan kini permintaan Rakyat

berbilang kaum terhadap kerajaan telah bertambah, bukan sahaja dari segi ekonomi, ia termasuk keadilan, keamanan, pelajaran, kecekapan, hapuskan rasuah dan sebagainya. Jadi, BN harus berubah mengikut kehendak Rakyat, mesti fokus untuk menyelesaikan masalah yang melanda negara kita sekarang, dan bukan bergaduh sesama anggota parti sendiri sekiranya ingin menang PRU akan datang...

Memang benar BN masih merupakan barisan pentadbiran yang boleh diharapkan oleh Rakyat, tetapi mereka mesti berusaha bersungguh-sungguh demi perpaduan Rakyat, janganlah bersikap rasis lagi, dengarlah suara dan permintaan Rakyat...

In reality, Malaysia has many talents.

In your quest to develop the Malays for betterments of Malaysia, and you had made several attempts to divert plenty of resources to assist the Malays, but in reality you were well informed too that Ali Baba businesses were every where too!

Undeniable about the talents were to be well exhibited, but your biggest regret would be the inability to focus on the mind changing on those poorer Malays over economics, and of course those greedy people who had capitalized your kindness, they simply abused and cheated on you.

Such shaem was on the Plaza Rakyat @ Puduraya!!

A bus terminal which caters for poorer Malaysians in the centre of KL was just abandoned for so many years!!

I blame you on this failure as it was your over excitement in KLIA, Ports, and also Double Track projects, you had ignored and failed to develop this POOREST man's transpor!

But as you are too busy to focus on many other issues, this is an issue you could not handle well, and to blame all on you is very unfair too.

Thank you for having KLCC, and we are enjoying NS Highways, but NOT LDP/SPRINT/KESAS.....

Not IWK, NOT TAG monopolized by some private company!

You have God to square, and I pray for you and wish you all the best!!

Salam Tun,

Masakini, Pakatan Rakyat sudah menjadi alternatif yang berkesan untuk menggantikan Barisan Nasional. Jelas kelihatan pengundi muda telah pun bersiap sedia untuk menerima Kerajaan Persekutuan yang baru. Pihak Barisan Nasional perlu akur, insaf dan muhasabah diri. Hanya ada satu cara jika BN hendak mengekalkan kuasa memerintah negara iaitu dengan membuat reformasi dalaman dari segi strategi dan lebih bersikap mengambil berat akan masalah yang dihadapi rakyat marhaen saban hari. BN perlu berubah dan mencipta suatu evolusi baru jika ingin menarik perhatian anak muda sekarang. Moga negara Malaysia tercinta terus berada dalam keadaan aman, damai, harmoni, maju dan makmur serta dilindungi Allah S.W.T.

Viva Tun Berdua,

Selamat berpuasa, semoga Tun berdua mendapat rahmah Allah sentiasa. Selamat menyambut Eid-mubarak, maafkan saya jika tersilap kata dan terkasar bahasa kepada Tun.

Memang tepat sekali saranan Tun supays Puak-puak didalam BN berhenti bertelagah dan balik ke meja perundingan... tapi GERAKAN dipersilakan keluar seperti yang dihajati. BN ialah sebuah Parti Besar Berbagai Kaum yang berdaftar sedangkan PR hanyalah sebuah komuniti longgar yang bersekedudukan.

Jika kita sayangkan Malaysia, usahakan supaya sebuah parti berbilang kaum tetap terus berkuasa. Ambillah iktibar sejarah didunia nyata ini, setelah Shah Iran dijatuhkan, Iran tidak menjadi lebih hebat, setelah Suharto dijatuhkan, Indonesia menjadi semakin papa, setelah Marcos dijatuhkan, Filipina masi lagi merempat dinegara sendiri... fikir dan pilihlah, terus maju atau terjerumus kelembah kemiskinan. Tun sudah beri nasihat dan amaran, jika kita masih kabur nanti tanggunglah sendiri.
Dirgahayu Tun dan Tun. Maaf zahir dan bathin.

Tun,

Whether it is BN Govt, or Opposition Govt, or any whoever, whoever who runs the govt, it will still be all the govt servants etc. manning the Kementerian and Jabatan's offices. The mechanism and instrument will still be the same to service the nation. It is useless to convince the people that only BN can do the job. What we need is a strong leadership at the very top to unite the people's belief in working towards a common goal. I am so sorry Tun, I don't see anybody with that calibre in BN now.

You think throwing the leader out will solved the BN problem?
You did develop Malaysia to an unprecedented level (at the cost of our future generation). Many people wanted you to go earlier. When you finally volunteered to step down, many people were very happy and thought the country could redeem what went wrong under your government.
Heck! It's even worse. Some will say the global economy is the culprit. Yes, but even if the global economy wasn't this bad, the situation in this country is not any better. The economy is only adding salt to the wound. It was already bleeding, nonetheless.
The government under BN continues to make wrong decisions and to take ridiculous actions. It's the thinking and mentality of the party that put great risk to the country. Unless drastic changes on the party "culture" is taking place, changing the leader is just like eating KFC when McD tastes horrible. It's still fast food.

Tun,

7. Now the Malays UMNO are angry with the Chinese Gerakan/MCA and the Chinese Gerakan/MCA are angry with the Malays UMNO. Party-wise UMNO is angry with Gerakan and MCA and Gerakan/MCA are angry with UMNO.

It is UMNO views which do not represent the whole malay views. At least most of my malay friend, do not care what UMNO has said nowadays because it is showing racism symbol.

Finally, if Koh Tsu Koon supporter is the person who tear Ahmad photos, then he and his supporter will be jailed unlike Ahmad nowadays and This is my malay friend thought.

Anyway, take care of your health, Tun!

1. How would we know something won't work if we don't try? Let's give multiracial party a try!
2. I disagree with the statement that BN is the only model for a 'many multi' Malaysia. Singapore is a good example where multiracial party is striving and they had similar beginnings like BN. So why is it only BN faltered and PAP is thriving?
3. In my opinion, BN have effectively catered to the demands of the races in Malaysia but BN also have effectively caused the races to drift apart. BN concept is like this- 'we all can be under one roof but we can never be together' and thats how BN wants us to view Malaysia, our country.

Just my 3 cents worth of opinion. Lalala

Salam Tun,

Dah tak guna pertahankan dah Tun. Saya cadangkan Tun tubuhkan "UMNO Lagi Baru" untuk gantikan "UMNO Baru".

Saya tak kata PR akan lagi elok berbanding BN. Tapi perubahan kuasa akan menampakkan kuasa rakyat. Jika berjaya, semua kerajaan memerintah selepas ini akan lebih berkerja untuk rakyat.

Pada keadaan sekarang rakyat dalam kerugian, minyak dah turun tersangat rendah sampai rasa macam rakyat pulak yang bagi subsidi kat kerajaan.

Disebabkan isu minyak ini sahaja, saya doakan moga BN cepat mati. Tak cakna langsung hal rakyat.
By sohaimizainal on September 22, 2008 2:56 PM

Dear Tun,

I had and still believe in BN and its' ideals.

I remember having a conversation with my colleagues about 15 years ago, yes you were the PM then. We talked about politics and Gina posed a suggestion saying "why must there be race based parties within the BN. Why can't the BN be a single party that welcomes members from all races"

My response was that even if the BN subscribed to her suggestion, the structure would still be the same. The Chairman/President will be Dr. Mahathir, who will also be the person in charge of Malay affairs, Chinese affairs will be a Lee Liong Sik, Indian affairs will be Samy Vellu so on and so forth. Meaning that it will still be a rose but given a different name.

The PR parties also work in the same manner. You can take the present Penang Government as an example. The affairs of different communities are given to the leader of that particular community to manage and take care.

This clearly shows that the BN formula works in Malaysia. I have to agree with you, Tun that the component parties within BN must get back to the BN basics and discuss among themselves ways to resuscitate BN. There is no point in openly throwing brickbats at each other and at the end of the day, everybody gets hurt but the root cause is still not resolved.

To the BN leaders, please take Tun's advise and work hard to preserve and strengthen the party.

As for Tun & wife, Selamat Berpuasa & Selamat Menyambut Hari Raya Aidil Fitri.

P/S: My daughter was awfully glad that you were there to give away the scrolls at the recent Universiti Teknologi Petronas 8th Convocation. Her photos really show. Thanks Tun.

Salam Tun & all chedet.com members,

You became a troubleshooter for nation & country when you were a PM, but now already turned upside down. I befriended with non-malays as well and they also perceive that the power transition must be expedited asap. But as you said in earlier article 'Pak Lah pejamkan mata & pekakkan telinga' against all critics and comments from rakyat. Janganlah pula memekakkan telinga & memejamkan mata sehingga memaksa rakyat meniru apa yg terjadi di Thailand, tak pasal2 rakyat berdemonstrasi dan mengepung Putrajaya...nauzubillah...

In my opinion I confident that if someone capable to replace Pak Lah, the BN coalition parties will be strengthened and absolutely "no confident motion" will be heard...

Semoga Tun membantu menyelamatkan tanah air Malaysia yg tercinta ini ...Amin

We live in a plural nation, thus we need each other to survive. I do personally hope that in any workplace there isn't any racism been practiced. For instance the Malay hate the Chinese or vice versa or perhaps other races hate each other.

It is so sad to see this happening.

For the ISA, probably it is still relevant to ensure things are back to normalcy.

Just want the best for Malaysia.

Thank you.

my 3rd comment.

Tun,

i have great respect of BN, i think it is a great concept until ppl exploited it.

But, don't just blame on the leadership alone. Young malaysian now adays, majority doesn't really mind who is in power, as long as it is not BIAS.

just look at how irritated people get when keris is uphold. a statesman fr a big country when asked to comment once said - "It is NOT THE KERIS, it is the manner and who is holding it that matters."

just look at how bloggers responded when the son-in-law shouted that they are monkeys.

just look at how disgusted malaysian get when we see the lawyer brokering judges. (this is one of the korek-korek-korek that swing the votes - who are part of them? are you?)

just look at APs being distributed in favour to create personal wealth, in the name of NEP (how many bumi really get rich through APs)

just look at how many get away unpunished - Bung Mokhtar on bocor remarks, OneEyeClose - MP, the son-in-law and keris Hisham.

Hopefully, we get a leader, INCLUDING YOU, will speak up on behalf every UNJUST. NOT ONLY RACE, not by getting votes through being ULTRA.

A Poem of "The evil of silence" dedicated to you.

In Germany they first came for the Communists,
and I didn't speak up because I wasn't a Communist.
Then they came for the Jews,
and I didn't speak up because I wasn't a Jew.
Then they came for the trade unionists,
and I didn't speak up because I wasn't a trade unionist.
Then they came for the Catholics,
and I didn't speak up because I was a Protestant.
Then they came for me —
and by that time no one was left to speak up.

Dear Tun,

Now the Malays are angry with the Chinese and the Chinese are angry with the Malays.

The above statement is UNTRUE, our economy and political problems are not because of racial issue. Chinese did not cause the Malay to suffer and vice versa. The issue is with the BN government who led the people down. People are not happy with the way BN is ruling the country.

By KhairulHisham-London on September 22, 2008 3:04 PM

Salaam Tun,

What's happening now in Malaysia has never happened before during your era. No Hindraf, No Ahmad Ismail, Nobody dares to play the race card to the level or degree that we are seeing now.

Why? Because of the strong and decisive leadership by you (your political enemies may say because of your dictatorship style)

But the fact remains that race relationship was far much better from 1981-2003. Those who deny this fact are indeed blind and should be sent to "Pusat latihan Orang Buta Brickfields" to learn new skills in order to survive in this era.

Another factor is due to indecisiveness and 'flip-flop' stand of AAB. At one time he said Ahmad Ismail should apologise, then he said Ahmad did not mean to be a racist, then after that he told all of us that Ahmad was too much. Even my kids are confused. Let alone the British investors that are ready to open their company branch in Malaysia.

Please accept the fact that BN consist of at least 3 main racist parties; UMNO (Malay racist party), MCA (Chinese racist party) and MIC (Indian racist party). These parties are racists. Period.

So to manage and control three different race-based party, BN needs a very strong type of leader like Tun Dr Mahathir.

If the government arrested Sin Chew reporter and Teresa under ISA only to be released in a short time, why on the first place bother to arrest them. Both Ahmad and the reporter should be arrested. You have done that during Operasi Lalang. You arrested leaders from opposition, Lim Kit Siang as well as the Malay champion like Ibrahim Ali that time

When AAB arrested them, the Chinese are angry. When he released them in such a short time as if the initial arrest were made without any strong legal basis, the Malays are angry.

Now Teresa's accusation about 'dog food' quality for ISA detainees published everywhere, even here in the UK. So what benefits that our country gained from AAB short-mindedness and recent ISA outburst? Nothing.

One thing for sure, every time I passed-by Madame Tussaud here on my way to Regents Park Mosque to pray, I am positively sure that if Abdullah Badawi was to be put inside Madame Tussaud, they will be spoilt for choices, in term of as to which sleeping styles to select from many different styles of AAB caught sleeping in public!

By nusams on September 22, 2008 3:04 PM

Assalamualaikum Tun,

At least the chinese, indian and malays in the BN coalition still got one thing in common; none are willing to speak up and stand up for the truth against Abdullah Badawi.

By pdm1421 on September 22, 2008 3:05 PM

A wife told me: 'I rather have a dominant and slightly naughty husband (mean sometimes fool around outside) but can earn a lot of money and protect my family; rather than married a mr. nice guy who cannot make money and yet always surrender to outsider who I quarrel with'

Chinese got one word "If a man not naughty, woman will not like him"

To certain extent, I think sometimes this apply to a leader.

What for we have a Mr. Nice guy, who only know how to visit the immigration department, taking LRT with rakyat and etc, BUT do not know how to make the country stable and prosperous.

Beside angry and dislike, sometimes we feel the SHAME of being lead by him.

Barisan Nasional component party's leader seem to be panic without the right leadership among them. This situation gave advantages for the opposition, people seem to have no better choice than giving the opposition an opportunity. The culture of BN make leaders not willing to give but only take, so restructuring BN is not easy if the leaders are greedy. Each of them still protecting for their own position.

This mean we still do not have the real leaders to lead us. It is because our country do not practise meritokracy.

Salam Dr M

Kekadang kita pelik bin ajaib bila ada ramai orang berminat nak jadi pemimpin walaupun mereka-mereka ini tidak tahu untuk menjalankan tugas mereka yang sebenar sebagai seorang pemimpin.

Pemimpin mestilah mempunyai ciri-ciri berikut yang boleh diperlihat dan diterjemahkan dari firikan dan tindakannya.

- a) SIDDEK = SENTIASA BERKATA BENAR
- b) TABLIGH = MENYAMPAIKAN PERKARA KEBENARAN
- c) AMANAH = PEMIMPIN YANG BERTANGGUNGJAWAB
- d) FATONAH = MEMBAWA KEBAIKAN KEPADA RAKYAT YANG DIPIMPIN

Sukar untuk saya mencari mana-mana ahli politik samada dari BN atau PR yang mempunyai ciri-ciri diatas.

Salam Tun,

Artikel Tun menunjukkan keadaan dlm BN sudah semakin parah. Makanya anwar berani cabar paklah untuk sidang tergempar. Beliau ingin mengambil kesempatan atas keadaan sekarang. Waktu sama anwar juga tahu paklah gelabah dan takkan berani sahut cabaran, jadi serampang dua mata - lebih masa buat anwar kerana belum cukup katak

- mcm catur, anwar dah jalan, sekarang giliran paklah pula. jadi rakyat dah lupa janji 16/9. Kemaluan anwar tak lah besar !

dalam apajua perbalahan, kalau isu sebenar tidak mau diakui, kita akan ungkit segala macam ketidakpuasan hati. Tidak akan ada penyelesaian, lepas satu2 di ungkit. puncanya tidak disentuh langsung walaupun masing2 tahu dan cuma pendamkan. isu utama paklah, tapi yang diungkit sentimen kaum...

sudah2lah paklah. Tolonglah...rakyat nak cari makan. Dalam keadaan berpecah belah begini, mustahil negara dapat menangani masalah ekonomi global yang semakin parah. Hari2 berita politik, berita ekonomi makin meruncing cuba di 'downtone' kan, seolah2 negara tidak ada masalah.

By hazard72 on September 22, 2008 3:13 PM

Assalamualaikum Tun,

Apa yang Tun perkatakan bahawa BN masih relevan memang tidak dapat dinafikan. Dari sejarah memang BN telah memainkan peranan yang begitu besar sekali dalam pembangunan negara Malaysia.

Walaubagaimanapun, hari ini kita boleh lihat disebabkan kepimpinan yang lemah dalam BN menyebabkan parti ini sedang menuju kemusnahan. Sehingga diantara parti komponen dalam BN saling menuding jari antara satu sama lain untuk menutup kelemahan masing-masing.

Negara ini memerlukan pemimpin yang dapat menyatukan rakyat berbilang kaum. Jika dilihat kepada senario sekarang pemimpin-pemimpin tak kira dari mana-mana parti, sewenang-wenangnya meniupkan api permusuhan antara kaum.

Minta jasa baik untuk Tun melakukan sesuatu bagi memperbetulkan keadaan ini. Jangan sampai nasi sudah menjadi bubur.

They have set up their factory for the plastic medical equipments and obtained an approval from the custom exercise in PUTRAJAYA and confirmed the item imported to M'sia will be tax free but was being charged 24 % tax when the containers arrived in KLIA cargo simply because that the officer in KLIA refused to recognise the approval letter from Putrajaya & Kelana Jaya. Akum Tun,

Pak Lah telah gagal menyatukan BN serta tidak dapat menangkis serangan dari pembangkang, seperti kes2 berprofile tinggi seperti pengambilan tanah di Pulau Pinang, Najib dengan wanita Mongolia (mengapa menahan RPK dalam ISA), Pak Lah asik tidur serta tiada perkembangan ekonomi. Akibat itu sebilangan rakyat telah yakin dengan tomahan2 pembangkang walaupun adanya yang tidak benar.

Akhir2 sekali harga minyak meningkat dan kini dengan harga minyak dunia turun keparas USD105 per barrel, kalau mengikut pengiraan purata sebulan USD 100 per barrel.
 $\text{USD100} \times \text{RM3.48/159 litre} = \text{RM2.19 per litre}$
discount 10% = RM 1.97 per litre

Sekarang rakyat yang menderita terpaksa menanggung kerajaan dengan membayar RM 2.50 seliter iaitu perbezaan 0.53sen. Sungguh lucu sekali apabila menanggung kerajaan. Hehehe

Oleh saya yakin BN akan tewas pada PRU13 akan datang, memandangkan sikap pemimpin BN yang ketidakperhatian terhadap rakyat.

By chan on September 22, 2008 3:17 PM

Dear Tun,

I wish someone can save the economy of our country. Like what Tun quoted at your previous write-up, the world is facing a bad time but none of our leaders notice it coming. They only worried about their own interest. I'm really worried, day by day we see the currency shooting up, business decreasing, bad collection, things getting more and more expensive. It has affected not only the lower income group but also the middle income group. I also agreed with Tun if we re-peg the Ringgit. I do not know how much it will be, but for me I think it shouldn't be more than RM 3.10 = USD 1.00. Although it may not be a good revenue for our export market, but most of our operating cost are due to imports. If import cost are high, it will not benefit the export as well because of the cost of operation are high too. God bless this country!
By IjaLittleSamurai on September 22, 2008 3:17 PM

I agreed with you Tun. My mother always said whatever happens, she will always with UMNO dulu kini dan selamanya, and I believe we should not run away or blame each other. "15. I once said Malaysia as a multi-racial country needs a strong government. Multi-racial countries have to face race relation problems. With the need to handle racial problems, the management of the economy becomes extremely difficult."

Saya sangat setuju tun. kawan-kawan saya samada orang melayu, india dan cina mengeluh pasal kerajaan yang lembek ni.

menurut mereka, kita hadapi krisis 3F sekarang ni (Foods, Fuels and Finance) tapi kerajaan sekarang hilang punca dan arah tuju pulak.

kawan-kawan dalam parti pembangkang pun takut. mereka cuma nak membangkang je.. tapi bila kerajaan sekarang ni goyang, mereka takut mereka terpaksa pikul beban tu nanti. jadi mereka minta supaya kerajaan yang ada sekarang ni lakukan sesuatu supaya menjadi kuat semula. jelas mereka mereka hanya tahu membangkang je... mereka tak berminat untuk memerintah..

Tun,

Apa yang Tun huraikan satu per satu sememangnya kebenaran yang sebenarnya sedang berlaku. Kepimpinan yang ada kini telah hilang pertimbangan. Gantung yang satu tapi tangkap yang lain. Ketidaktentuan menentukan keputusan atau tindakan telah menyebabkan kebangkitan lebih ramai

kemarahan antara kaum dan menjadi alasan untuk menjadikan pembangkang lebih kuat dan BN menjadi terus lemah.

BN sesungguhnya masih relevan dan terus relevan untuk sesebuah negara berbilang kaum.

Buah fikiran Tun sememangnya menampakkan apa yang berlaku sekarang dan bagaimana cara terbaik untuk mengatasi dan menyelesaikan masalah ini. Tetapi adakah orang yang berada di dalam, berani dan sanggup melakukannya apa yang dicadangkan oleh Tun dari luar demi bangsa dan negara dan bukan kerana kepentingan peribadi semata2.

Katahuilah dan akuilah yang berada "di dalam" akan apa yang diperkatakan oleh Tun itu sebenarnya benar dan itu sahaja cara untuk mengatasinya. Maka, dengarlah dan lakukanlah.

Mungkin kita bukan negarawan, mungkin kita bukan patriotik, mungkin juga kita tidak menghiraukan orang lain dan mungkin kita tidak menghiraukan apa yang berlaku disekeliling kita, Tapi apa yang penting sekali walau apa pun pandangan kita, kita harus hidup dalam keadaan aman dari segala espek baik dari segi politik, ekonomi, bangsa dan juga agama.

Maka, orang2 "di dalam" lakukan lah sesuatu kerana ianya adalah lebih baik di lakukan dari dalam. Ianya akan menjadi buruk sekiranya ianya berlaku dari luar. Renungkan lah, NAUZUBILLAH-MINZALIKH.

WASSALAM.

Salam Tun

While I disagreed slightly with your earlier post (BN I), I now fully agree with your latest post (BN II), especially your view that there is need for 'new thinking on BN" while maintaining the underlying spirit of inter-ethnic accommodation.

Also, on the economic side, Al Jazeera today 22/9, quoted an economist from Third World Network who pointed out the ironic double standard of the current US government's bailout of Wall Street versus accusation of cronyism against your administration's intervention to rescue government-linked companies in 1997.

You must feel vindicated ! Well done for doing the right thing.

Salam Tun. Saya sebenarnya agak terkilan juga negara kita sudah merdeka 51 tahun tetapi perkauman masih lagi wujud dalam diari masyarakat kita. Sudah 51 tahun negara merdeka tetapi perpaduan kita gagal utuhkan.

Hairan... sudah 51 tahun masih 'perpaduan teras kejayaan' diungkapkan. Tun, pendapat peribadi saya dengan jujur saya beranggapan masalah perpaduan sebenarnya berpunca daripada sistem pendidikan yang lemah! Pendidikan kita sebenarnya menggalakkan perkauman.

Tidakkah kita lihat bahawa mengelompok kanak-kanak mengikut ras menanamkan sikap perkauman? Sekarang inipun Menteri Pelajaran telah mengatakan sekiranya PnP Matematik dan Sains diajar semula dalam Bahasa Melayu, ia akan bermula di sekolah rendah lagi. Darjah satu. Katanya untuk elak kekeliruan pelajar.

Jadi, dalam hal perkauman bagaimana? perlukah kita menunggu semua kanak-kanak mencapai umur 13 tahun baru ditanamkan sikap tidak 'berpuak-puak?'. Ini juga perlukan pendekatan 'mula dari bawah...'

Saya bukanlah pakar bahkan saya cumalah semut kecil lagi tidak berkuasa. saya sekadar memberi komentar apa yang sepatutnya dilakukan untuk mewujudkan bangsa Malaysia sejati.

SK, SJKC, SJKT bagaikan kelompok parti.Bergabung membentuk kerajaan. Kanak-kanak dari 3 jenis sekolah inilah mewujudkan pemimpin BN, MCA, MIC. Sampai bila ingin begini. Percayalah, perkauman akan terus menebal sekiranya sistem pendidikan tidak diubah mulai sekarang!

Lihatlah apa sudah jadi sekolah wawasan? sekolah integrasi? semua untuk mewujudkan perpaduan. Tetapi hasilnya? nothing! selagi SK, SJKC, dan SJKT tidak difikirkan semula, beginilah kita... bertelagah sesama sendiri, curiga-mencurigai...

Assalamualaikum...

"22. As the Malays say "Because of one drop of indigo, a whole pot of milk is spoilt."

Bak kata pepatah melayu " Bersatu Teguh, Bercerai Roboh ". Kehadiran Tun yang saya hormati. Saya adalah insan yang baru berumur 24 tahun. Ini bermakna hampir 90% umur saya adalah ketika dalam pemerintahan Tun.

Namun, apa yang paling membuatkan saya kagum pada Tun ialah ketika krisis kewangan pada 1997-1999. Yang mana ketika itu Tun menongkah arus. Dan ramai mungkin yang kata ketika itu bahawa tindakan Tun "Bodoh" "Bebal" namun hakikatnya??????

Ramai yang terpaksa tabik spring kepada Tun kerana berjaya mengemudi Malaysia daripada terjerumus kedalam krisis kewangan yang lebih teruk.

Ramai cendekiawan dan ekonomis yang terkejut dengan kejayaan tersebut.

Dalam konteks internal pula saya berpendapat tidaklah salah pun sekiranya Tun memberikan teguran... " Ambil Yang Jernih Dan Buang Yang Keroh "

~~~~~ Wassalam ~~~~~

whatever you are saying - is not working out. the future pm doesn't want to peg ringgit. and for your info- this country is going hay-wired- i have no idea who has cursed this country!! actually it seems more like a drama- anwar is saying something and no action from him. badawi is saying something and changing minds frequently- najib is staying away from all the troubles - denying everything just like pak lah!! seems to be living in fantasy!..everyone are the same!! SEMUA SAMA AJE!!

By KhairulHisham-London on September 22, 2008 3:27 PM

Salaam Tun,

What's happening now in Malaysia has never happened before during your era. No Hindraf, No Ahmad Ismail, Nobody dares to play the race card to the level or degree that we are seeing now.

Why? Because of the strong and decisive leadership by you (your political enemies may say because of your dictatorship style)

But the fact remains that race relationship was far much better from 1981-2003. Those who deny this fact are indeed blind and should be sent to "Pusat latihan Orang Buta Brickfields" to learn new skills in order to survive in this era.

Another factor is due to indecisiveness and 'flip-flop' stand of AAB. At one time he said Ahmad Ismail should apologise, then he said Ahmad did not mean to be a racist, then after that he told all of us that Ahmad was too much. Even my kids are confused. Let alone the British investors that are ready to open their company branch in Malaysia.

Please accept the fact that BN consist of at least 3 main racist parties; UMNO (Malay racist party), MCA (Chinese racist party) and MIC (Indian racist party). These parties are racists. Period.

So to manage and control three different race-based party, BN needs a very strong type of leader like Tun Dr Mahathir.

If the government arrested Sin Chew reporter and Teresa under ISA only to be released in a short time, why on the first place bother to arrest them. Both Ahmad and the reporter should be arrested. You have done that during Operasi Lalang. You arrested leaders from opposition, Lim Kit Siang as well as the Malay champion like Ibrahim Ali that time

When AAB arrested them, the Chineses are angry. When he released them in such a short time as if the initial arrest were made without any strong legal basis, the Malays are angry.

Now Teresa's accusation about 'dog food' quality for ISA detainees published everywhere, even here in the UK. So what benefits that our country gained from AAB short-mindedness and recent ISA outburst? Nothing.

One thing for sure, every time I passed-by Madame Tussaud here on my way to Regents Park Mosque to pray, I am positively sure that if Abdullah Badawi wax to be put inside Madame Tussaud, they will be spoilt for choices, in term of as to which sleeping styles to select from many different styles of AAB caught sleeping in public!

Saya setuju dengan pendapat Tun,

Kalau pakatan rakyat memerintah ,saya rasa akan berlaku huru hara,sekarang pun pelbagai isu perkauman dan agama dimainkan walaupun mereka tahu ia begitu sensitif, saya pun tidak tahu berapa lama orang melayu akan menahan sabar dan saya rasa begitu juga cina, ini disebabkan oleh pihak-pihak yang tidak bertanggungjawab mencetuskan api kemarahan termasuk majlis peguam dan sesetengah ahli politik yang mengambil langkah mudah dan sempit untuk mendapat sokongan.Saya rasa kemarahan semakin meningkat hanya tunggu meletus sahaja jika perkara ini tidak dibendung.Pentadbiran sekarang terlalu terbuka dan membenarkan orang terlalu bebas bersuara termasuk menyentuh sensitiviti sesuatu kaum, sepatutnya ini tidak berlaku kerana boleh mencetuskan keadaan yang tidak tenteram.Diharap tindakan ISA dikenakan dengan tegas keatas sesiapa yang memulakan atau menyentuh isu-isu sensitif.

Kita tak cuba PR lagi.

So far BN dah bercelaru sebab paklah tak reti nak handle. Nak betulkan balik BN ni will take time.

Let us be fair.

Open up our mind.

Let PR perintah first and we'll see the outcome.

Anwar had gone thru quite a long training under you sir. And you had confirmed his ability to run the country. This endorsement is very important. Out of personal disliking, you suddenly disapprove him.

I know deep in your heart you will agree that Anwar is still the best choice we have at this very moment, to save the country from all the havoc.

so, please sir, for once, for the sake and for the love of our country. If you could probably try to admit this fact. Just throw away your pride for a moment and declare the truth.

yee.

Tun,

1) Since you have made a diagnosis of the current situation, why not suggest a detailed solution? Just like you have suggested that our RM should be repegged, now the government may agree to implement it.

2) What do you think of the post of FM 2? Do you agree that it is about time to get rid of it?

3) You mention that the BN is still the best political solution Provider. How? For once I cannot view the current leaders are capable to sort out a new path for the rakyat and economy. What is the new ideal solution for all or where is the central line which every one should adhere to?

4) The Chinese would want the FM portfolio back. Can it be done?

By kochebin on September 22, 2008 3:34 PM

Salam TUN,

I am retiree from my own business. I moved my family to Kuantan from Kuala Lumpur. I find peace and tranquility facing the South China Sea. But, now I am saddened with the current politics in the country. How my children gonna face in years to come. Politicians bickering at each other, 1 year already wasted. If in business 1 week without any closed deal, means 3 months down the line means trouble in getting the overhead cleared let alone talking about profit. Please do something TUN. Majority of the politicians we have in UMNO are licksters. They are empty cans, as a result they play money politics in order to win (source from govt. tenders) as such they are tight lip in addressing issues which affects their livelihood. At least our former DeFacto law minister has the guts to quit and put his foot down.

I agree with that BN is still the best party at this time, what we need is a concerted effort from all parties to sit down and think of reengineering back BN, personal and race matter aside.

The only person that can bring all BN component parties together is only YOU TUN.

bila kita rasa kita saja yang betul..orang lain semuanya nampak salah...bila kita rasa mungkin kita tersilap,maka mungkin ada orang lain yang betul...dan bila kita rasa menyesal...sudah tentu kita tersilap...maka masih ramai lagi orang yang sudi bersama kita dan menolong kita...

Dear Tun,

My father and my whole family have all the high respects towards you. We all cried when you announced that you were going to step down. Looking back at the video, everybody was surprised and shocked with

your decision and all of them were feeling sad at that moment. Everybody, BUT....Pak Lah! Try to look back at the video. Muka yang langsung tidak ikhlas.

Anyway, of course Pak Lah tak nak resign. Who is behind him? KJ...Pak Lah is like a puppet. KJ has his own agenda. He will make sure he will be in a strong position before he allows Pak Lah to resign. KJ ni dia macam Anwar lah....the younger, much more educated version of Anwar.

By the way, the best candidate to be our PM will be either one of these two:

- 1) Tengku Razaleigh hamzah
- 2) Musa Hitam

But then, the question is how to get these either one?

To Our Beloved Tun Dr Mahathir....pls pls pls....Be our PM back even for a short period, just to repair what ever the damage that Pak Lah has done. I pray for your good health and May Allah bless you!! I love you!

Assalamualaikum w.b.t Ayahanda Tun,

Sebenarnya, saya masih sokong BN tapi "Tua Nyanyuk Dollah" ada dalam BN, sumpah aku tak sokong BN. Nanti dia ingat kita sokong dia padahal kita cuma wakil rakyat di tempat kita sendiri yang berjuang demi BN dan bukannya Pak Lah. Pak Lah masih bongkak pasal dia menang kat tempat dia sendiri. Itu pun pasal dia bolot dan salah guna media untuk berkempen. Sebelum pilihanraya, muka dia la yang banyak keluar tv. Publisiti murahan.

Sekarang ni saya nak percaturan Anwar pula macam mana? Seperti saya komen sebelum ni, saya tak menyokong mana-mana parti kecuali parti yang hebat saja. Cuma kalau Pak Lah masih gila kuasa lagi, tak mustahil Anwar akan memerintah negara. Ini kerana saya tahu Anwar bijak. Tak kira la orang nak kata apa, tapi selagi Pak Lah pencetus kebangkitan Anwar dan kemarahan rakyat cuma tahu menuduh itu ini tak letak jawatan, orang yang cintakan negara, rakyat dan BN tak akan boleh bangkit.

Sekian.

Selamat Hari Raya dan Selamat Sejahtera kepada Tun sekeluarga serta rakyat Malaysia.

Wasalam.

Assalammualaikum TUN

Seperti artikel Tun sebelum ini, tonggak kekuatan BN adalah terletak kepada kekuatan UMNO. Untuk mengembalikan kekuatan BN; UMNO perlu diperkukuhkan semula.

UMNO harus dikembalikan kepada ahli-ahlinya kerana UMNO kepunyaan semua dan bukan hanya sekelompok sahaja.

Budaya orang UMNO harus diubah, UMNO bukan untuk mengkayakan diri atau kumpulan tertentu.

Percayalah..apabila UMNO menjadi kuat, BN akan menjadi kuat dan semua parti komponen akan bersatu dan inilah kekuatan BN yang tiada pada Pakatan Rakyat.

Permisi Tun,

Yes the time has come for BNII.

Pak Dolah must go first, .

ALL the component mca, mic , gerakan and umno must elect their presidents,

Cabinet major reshuffle with new PM.

Then put all the thrust with full power to propel this malaysia to new height.

Review the 2009 budget and put every thing on track again.

The opposition party should put on assesment about their performances in the five states they are governing. Have they deliver the goods?.

Some one from BN or better still all those BN taiko must do all the talking to counter all d bad mouth from the oppsition with the same tune.

Tun , I praise for your good health, maaf zahir bathin.

By skip on September 22, 2008 3:41 PM

Dear Tun, you are absolutely right that the BN concept is very much relevant and even if the opposition is in the government, they still have to use the BN concept where all races need to work hand in globe. No single race can rule this country be it Chinese, Indian or Malay. They still have to work and cooperate closely together.

I do not know why the BN component parties are so afraid to kick out leaders who are non performance and have no ideas on how to rule the country and solve problems. What are there to loose? Nothing! at the most you will only be passed on for some other leaders who like to 'bodek' the leadership. But you be proud of yourself for holding your head up because you have stood your ground. Come on leaders stand up and be counted! Do not be afraid, please save this country from the imminent disaster! It is coming if you all do not boot out the present leadership and with the global economic downturn looming, the disaster is definately coming our way. Amen.

Salam TUN,

Really agree with your thoughts esp point no. 19.

Stop all the nonesense, wake up and start working. There are many things ahead need to done(3F= fuel/food/financial)

Kerajaan BN, kerajaan yg disegani oleh semua parti. Namun disebabkan oleh faktor2 seperti yg sudah jelas, BN tumbang. Tapi setakat itu sahajakah kemampuan pemimpin kita?

Sebagai perwarisBN, saya tidak jemu mengatakan kepada sume rakan pembangkang, yg BN is still the best solution provider. As per your thoughts, there's no party that have this type of formula:

multi-racial + multi-lingual + multi-religious + multi-cultural country = BN

Sebagai org muda, sy dah jemu dgn propaganda pembangkang. We need a new BN, fresh thoughts but still hold to the basic.

We need you TUN..PM utk kali ke-2??

Asalamualaikum and Hi,

May Allah bless you Tun, your family and the rest of Malaysia citizens. A very wise advice from a senior citizen; which were once a head of our country. Tun Dr. Mahathir has his share of our finest history in developing Malaysia and whether we like him or not, he has proven it! Malaysia Boleh!

Although you're powerless now, I believe your words are listened even more via the internet blogging world. I believe the power-of-speech you're yielding now is far more superior than those people in our weak Government and those culprits from the Oppositions.

You are a prime example of 'freedom of speech'. While the Opposition's blog kept on censoring Pro-Government's comments, and the Government's blog kept on censoring Anti-Government comments; you on the other hand, allows a handful of these Pro-Government and Opposition's comments to seep into your blog website. Thus giving a full view of the entire Malaysia perspective on politics, sociology and economics.

Never I have seen a political-based blogging website has such higher degree of credibility and freedom. Anwar, Raja Petra and other blogging websites are rubbish, gibberish and one-sided political drama.

As for your share of opinion up there, I have to agree, our BN components are starting to shaken up. They should stop acting like a small 2 years old kid and start thinking like a grown up. They should loosen up a little bit. Take a deep breath, and discuss professionally amongst themselves on how to pressure Pak Lah's resignation as soon as possible.

Restoration of Barisan Nasional credibility must commence now and it should start with the resignation of Pak Lah. The other leaders in UMNO should view this matters seriously and don't take things for granted. BN and UMNO are at the brink of destruction. I really wonder why the Malays in UMNO are still silencing? Silence of the lamb 'kot'? That 'gula-gula' given out by Pak Lah will not last long my dear Malays.

The world economy is collapsing due to weak Dollar and we have no time to play politics; its time to stabilize our economy. Once, in the past, during the days of Tun Dr. Mahathir premiership, our country's economy are nicknamed as the Oriental Tiger. Today, we are no more than a toothless tiger waiting to be devour by the bigger lions out there.

May Allah bless us all in this month of Ramadhan Al-Mubarak.

Dearest Tun,

Agree with Tun, in this time of re-branding and re-structuring, it is timely that UMNO and BN to review and re-structure the org respectively. But I'm not seeing it happening, not this near future. It is business as usual at all grass-root levels. Nobody is leaving any post, especially the old timers who had been there ever since due to the "pak-turut" ability. Many are without constructive ideas but are there due to claimed loyalty, but at any opportunity will have lots to bicker at each other. How can we progress?

I am at the grassroots and love UMNO and BN, but with what's happening, I now understand the stand I took in protesting the 2008 election. Regret it, but had no choice. On the other hand, one thing good had surfaced, the truth in every character/player. Just hope the damage is remediable.

Salam. Selamat Berbuka Tun dan keluarga.

Yang dihormati TDM

Adakah boleh kita katakan makanan ini, sebagai makanan Anjing

a) Nasi, Lauk telur, kuah gulai dan timun.
Atau b) Nasi bubur, Lauk sayur dan Lobak Asin.
Atau c) Tose, dal, susu masam dan sambal kelapa.

Kalau saya katakan (a) adalah makanan Anjing = Saya pasti Melayu Akan Marah
Kalau saya katakan (b) adalah makanan Anjing = Saya pasti Cina Akan Marah
Kalau saya katakan (c) adalah makanan Anjing = India Akan Marah

Semua makanan yang disebut diatas itu adalah makanan standard Malaysia, mengapakah ia dikatakan Makanan Anjing, saya sebagai orang melayu sangat rasa terhina kerana makanan (a) itulah yang membesarkan kami sekeluarga dan ia menjadi makanan sarapan setiap keluarga melayu yang berpendapatan sederhana dan rendah, adakah makanan kami disamakan dengan makanan ANJING wajarkah, bantulah kami Dr.M sabar kami ada batasnya! Jangan lagi kami diinjak-injak sebegini, kami melayu ada maruah.

By Chedet_Jr on September 22, 2008 3:46 PM

Salam TUN,
Memang tepat analisa yang Tun berikan,
Sekarang kita dpt lihat yang parti komponen BN tidak mempunyai semangat persahabatan dan kerjasama sebagai satu pasukan lagi.
Masing-masing cuba menjadi jaguh kampung bagi kaum mereka sahaja dan mengeluarkan kenyataan-kenyataan yang menyinggung perasaan kaum lain.
Pada masa yang sama parti pembangkang mengambil kesempatan ini bagi menanam perasaan benci masyarakat kepada BN melalui ROAD TOUR mereka terutama di 5 negeri yang mereka perintah.
Pelbagai perkara dibangkitkan didalam siri ceramah mereka, dan dengan keadaan percakapan diantara parti komponen BN sekarang yang tersebar luas didada-dada akhbar maka mereka (parti pembangkang) mendapat kelebihan.
Saya hanyalah Insan kerdil yang tidak mempunyai apa-apa pangkat dan pengaruh di dalam sistem politik Malaysia. Tetapi apa yang saya perhatikan, dan hendak saya nyatakan ialah..
Sudah sampai masanya kita semua (parti komponen BN) membuang yang keruh dan mengambil yang jernih. Janganlah hanya tahu menjaga kepentingan peribadi iaitu pangkat dan harta...berhentilah dari apa yang anda semua lakukan dan perhatikanlah kami yang berada di bawah ini. Malaysia yang disayangi sedang menuju ke arah kehancuran.

Ya . saya memang bersetuju dengan Tun supaya BN duduk berbincang dgn semua anggotanya untuk menjelaskan kedudukan sebenar UMNO , MCA , MIC dan lain2. Yang perlu di jelaskan lagi tentang sejarah penubuhan BN dan apakah peranan UMNO dalam pembentukan BN. Sejarah politik kita harus dicerita kepada rakyat untuk pemahaman yang jelas. Sukatan pelajaran sejarah di sekolah juga perlu diperkemas dan semua maklumat harus lebih detail lagi. Ini untuk menyedarkan pelajar tentang susahnyanya mencapai kemerdekaan dan asas2 penubuhan BN yang tersiratnya adalah untuk mewujudkan persefahaman antara kaum.

Nampaknya keterbukaan dan ketelusan yang dianjurkan oleh BN sekarang ini rupanya banyak membawa kepada kehancuran dari kebaikan. Dari pemerhatian saya , sejak 4 tahun ini , akibat banyak pendedahan2 yang berlaku dalam negara lah yang telah membuatkan pergolakan dalam BN. Sebab itulah kita perlu ada ISA dan OSA untuk menjaga kepentingan negara dan bukan kepentingan individu.

Jadi untuk menyelesaikan perkara2 ini bukanlah mudah. Setelah hampir 39 tahun selepas peristiwa 69' kita berusaha menjaga negara kita dari dirosakkan dgn dakyah2 perkauman ini . Usaha ini nampaknya bagai retak menanti belah. Saya rasa Tun patut masuk campur dalam urusan ini kerana ini adalah untuk keselamatan negara yang Tun kasihi. Tolonglah Tun buatlah sesuatu agar kita melayu ,cina dan india dapat hidup bersama kembali seperti dulu tanpa banyak bicara mengenai hak - hak melayu. Yang penting mereka dapat menghormati hak-hak melayu dan sebaliknya hak mereka untuk mencari rezeki di Tanah Melayu tidak akan diganggu. Sama-sama lah kita bertolak ansur. Beginilah yang berlaku di zaman Tun menjadi PM kalau tak salah saya.

Akhir sekali bagaimana pandangan Tun untuk menghadapi ancaman Anwar Ibrahim? Beliau ini lebih menakutkan kita.

By jamil on September 22, 2008 3:52 PM

Salam Tun

Agak pelik jugak sesetengah kenyataan Tun. contohnya BN masih relevan..jika masih relevan, siapakah pemimpin pemimpin pelapis kerajaan BN ...jika sungguh Pak Lah tiada langsung karisma dan tak patut meneruskan menjadi PM, kenapa semua Pemimpin BN takut bersuara?Tun pun telah menukar timbalan sebanyak 3 kali kerana tidak bole mencari pemimpin pelapis yg layak.Agak sedih melihat BN yg tak sampai 5 tahun bole sampai haru biru . Sebenarnya walaupun idea multi racial itu relevan dan lengkap untuk Malaysia, tapi atas dasar korupsi dan penyalahgunaan kuasa yg meladak dalam BN, parti itu tersungkur jatuh dan susah nak bangun dah.alangkah bagusnyanya jika Tun mengubah cara Tun dan mula menekankan idea PR iaitu ketelusan, dan Islamic approach.bermula dengan kes DSAI.Insyallah
By DAH IkhwanAuthor Profile Page on September 22, 2008 3:53 PM

Assalamualaikum Tun,

I agree fully with your views, Tun. The only hope for this country to survive and continue to prosper is for the component parties of BN to work together as before. There must be spirit of give and take among these political parties and racial rethorics must be minimised in order to prevent BN disintegration. The racist political atmosphere make the Malays/Bumiputera moving to one side and the Chinese and Indians to the other side of the political divide. This is a very unhealthy and dangerous prospect for our country. A Statement by an MCA vice president on this matter today is very relevant.

Anwar may be very naieve to think thatMalays, Chinese and Indians could united under his umbrella. The

Malays/Bumiputeras will not abandon UMNO or PBB(in Sarawak) as these are the only parties that guarantee their survival in their own country. Given such a scenario, I believe PAS is likely to pull out of Pakatan Rakyat, otherwise it becomes the only awkward man with Anwar, and very vulnerable in the emergency general election soon(if there is one).

Malay/Bumiputera voters' loyalty to these parties is very high. A multiple regression analysis of UMNO votes in 2008 election in the Peninsular Malaysia confirm a high Malay loyalty to UMNO. This factor will deter any Malay MP from leaving UMNO, otherwise he will lose, should general election come soon.

For detailed analysis, please see article 'Analisis Undi UMNO dalam pilihanraya 2008: Kajian Kesetiaan Pengundi dan Ahli Parlimen UMNO', di Blog saya seperti di bawah.

By pg13 on September 22, 2008 3:55 PM

I agree that we need a strong government. But then again, which country doesn't?

The BN platform is obsolete as Malaysia no longer needs a racial based party that 'pretends' to champion communal interest. If Pakatan Rakyat is the only option to get change in this direction, so be it!

By nmjnhAuthor Profile Page on September 22, 2008 4:00 PM

Tun,

I respect your decision to uphold with the stance that BN is still the best to rule the country given all its leaders are cooperated with each other for the goodsake of the country.

However, since the problem now is with the leaderships, with most of the components in the BN, thus something drastic must be done for the BN survival itself.

Any delay to the change would severely resulted in the breakdown of the BN itself. People need a more reliable and capable leader to lead the country.

Of course Pakatan Rakyat is not as strong as the BN as it is only come into establishment since last election. However, one thing for sure, its leader Anwar Ibrahim recently is the best leader in our political scenario as proven by his capability of bringing together DAP and PAS which BN failed to do for decades.

Assalamualaikum wbt,

Saya sangat sedih melihat senario politik tanahair dewasa ini. Hari-hari ada saja isu yang dibangkitkan.

Kerajaan hentam pembangkang, pembangkang pun begitu. Dalam parti kerajaan bercakar sesama sendiri. Bila lagi nak reda. Kalau asyik macam nie nanti orang luar akan bersorak melagakan kita. Saya dah tak tahu nak sokong yang mana satu. Walaupun saya tak sokong mana-mana pihak, saya nampak pembangkang sekarang lebih menonjol dan lebih berhemah, Tidak menunjukkan persengketaan seperti parti-parti kerajaan. Pergolakkan (jika ada) hanya ditunjukkan oleh media pro kerajaan sahaja, tetapi hampir tiada dalam media alternatif. Parti kerajaan sentiasa melaungkan hanya mereka sahaja yang layak memerintah negara. Tetapi kalau mengikut falsafah di tempat kami, 'BELUM CUBA BELUM TAHU' seharusnya digunapakai dalam keadaan sekarang ini. Biarlah DSAI dengan rakan-rakannya ambil alih dan kita boleh menilai dari masa ke semasa kemampuan mereka. Jika baik, teruskan dan jika sebaliknya, kita boleh ubah dalam PRU 13 nanti. Renung-renungkan..

Dear Tun,

Malaysia had done well during your tenure as Prime Minister, including the Prime Ministers before you. We had peace, and even when there were some ripples, the seas remained calm.

Today, Tun, deep within our hearts, some of us are concerned that the calm might soon be disrupted. However, Malaysians in general would like to maintain that calm, and we are able to cope because we believe that Tun is still in our midst.

Tell us, Tun, that we are all Malaysians! It means a great deal to hear you declare so!

Salam Tun..

Saya ini memperbetulakn pemahaman 'siam kedah on September 22, 2008 2:34 PM' mengenai kenyataan mufti perlis tentang penahanan RPK dibawah ISA..

Ape yang di pertikaian oleh Dr.Asri ialah mengenai rasional kerajaan menggunakn ISA kepada RPK..bukannya mengenai ISA tidak berlandaskan Islam atau tidak..kesalahan yang dibuat RPK ialah mengenai siasah dan hukum Islam..maka kerajaan perlu menjawab tohmahan dan ketidakpahaman hujah yang dikemukakan oleh RPK..

Ini Kenyataan Dr.Asri....

“Jadi tidak ada alasan untuk menahan orang dengan tidak memberi peluang membela diri. Ini adalah satu tindakan yang salah. Sekiranya orang itu mempunyai kesalahan dari segi hukum agama, buktikan dari segi dalil-dalil agama.

“Cara kita tangkap orang guna ISA atas kesalahan agama tidak akan menghilangkan salahfaham terhadap Islam. Seharusnya diperjelaskan dulu apa kesalahan itu. Kalau misalnya orang itu menghina Islam atau menyeleweng, buktikan dulu berdasarkan Quran dan hadis.

“Perlu diperdengarkan pertuduhan itu kepada orang yang dituduh itu. Mungkin juga, ia hanya satu salah faham. Yang penting perdengarkan dulu hujahnya,”

“Islam bukan agama yang bacul. Perbuatan ISA kerana kesalahan agama seolah-olah menggambarkan orang Islam tidak mampu berhujah, terus tangkap orang. Mereka akan kata mereka benar kerana kita takut berhujah dengan dia.”

Harap Siam Kedah baca dan paham dengan teliti...

Dear Tun,

Salam Ramadhan dan Salam Syawal.

Seharian kancah politik negara semakin merapuh hanya menunggu tumbangny satu persatu pemimpin-pemimpin negara. Saya sendiri semakin perit dan kalau boleh malas nak tengok TV.. Disebabkan laporan-laporan 'twister' dari stesyen-stesyen TV..

Apa akan terjadi kepada negara kita Tun? Adakah dengan perletakan jawatan oleh Pak Lah akan memperbaiki keadaan yang ada sekarang? Dapatkah DS Najib mengawal keadaan?

Saya semakin takut dengan keaaan yang tak menentu sekarang ni.

Apa cadangan Tun selain dari perletakan jawatan oleh PM?

as salaamu alaikum Yg Bahagia Tun dan rakan2,

Masih ada terdengar suara bebudak di bahagian respon blog ini dan dimerata blogosphere yang merintih, kenapa kita tak bagi peluang multi-racial parti memerintah Malaysia, kerana mengikut mereka parti berkomponen ala BN sudah tidak relevan.

Saya cuma mahu mereka2 ini melihat sekeliling, kerana dunia ini juga ada negara2 yang berbilang kaum atau berbilang ugama atau paling tidak berbilang bahasa, dan lihat bagaimana Malaysia lah satu2 nya negara yang tidak pernah mengalami huru-hara seperti negara2 lain yang berbilang kaum, ugama atau bahasa yang lain.

Apakah ini kerana tuah tak sengaja atau apakah ini kerana sistem yang kita olah bersama selama 51 tahun yang lepas?

Saya berpendapat ini adalah kerana usaha2 parti komponen BN dan dasar2 parti komponen BN. Kerana di negara2 lain yang huru hara, mereka tidak mengikut sistem dan dasar yang kita buat selama ini.

Juga, seperti TDM sarankan, satu pakatan seperti PR yang rapuh secara semulajadi, tidak akan berjaya memerintah negara berbilang kaum ini. Lihat saja di Perak, dimana Menteri Besar memberi tanah kepada sekolah2 Cina atas desakan DAP. Untung MB nya MELayu, kalau terbalik yaitu orang PAS mendesak MB dari DAP untuk memberi tanah kepada sekolah2 ugama apakah kita benar boleh percaya yang MB itu akan akur kepada desakan dari PAS?

Dear Tun, you need to make a come back real soon before this country sink further. Look at the economy of the world now, all is not well and can Malaysia withstand it this time. I doubt it very much because the

present leadership are so ordinary and all of them cannot think like you did when you were the Prime Minister. We need someone who are really brilliant and experience like you to weather through this gloomy and unpredictable weather. The other day I was scanning through those names in the present cabinet who can lead this country just in case Pak Lah wake up from his slumber and want to resign, non can lead not even Najib. I think the rakyat is really worried. You are the saviour Tun, you have no choice but to come back if you love this country and her people. Maybe not as a Prime Minister, but a senior adviser to the government but with the status of a Minister. Maybe one of your roles is to advise the government and to steer them to the right track so that problem can be overcome and development can continue. I do not know what contingency has pak lah have on his sleeves to counter this global economic downturn. He seems to be very quiet on this subject. He is still harping on his micro unfinished business for the country but nothing on the economic typhoon which will touch on everyone life in the country. Please Tun, save us all and make a come back.

Dear Tun,

..mmg betul BN masih lagi relevan dan saya yakin sampai bile2 yg malaysia adalah contoh resepi utk rakyat yg multi-racial kpd negara besar dan membangun.. semua pemimpin parti BN mmg kena berhenti menuding jari dan bersatu tukar paklah; utk cara pemerintahan dan keputusan yg lebih baik. aduhaiiii semua yg dia buat tak kena dari isu jambatan johor-singapura, isu bar counsil sehingga keputusan tangani isu perkauman..semua tak betollah..tak reti buat keputusan. patut dia pergi jumpe Tun dan bincang dan buat jer apa yg tun suruh, sebab tun jer yg tahu semua resepi demokrasi di malaysia =]

Assalam Tun,

BN is relevant, UMNO is relevant, MCA is relevant, MIC is relevant.

Let's start be relevant, please.

What is practically not relevant is the current leadership and its premiership.

By yourhighness on September 22, 2008 4:09 PM

Tun,

Pimpinan MCA semacam jaguh Cina kerana pemilihan parti.

Pimpinan UMNO semacam jaguh Melayu kerana pemilihan parti.

Pimpinan MIC semacam jaguh India kerana everything has been lost.

Sikap tidak menerima kekalahan dan tamakkan harta akan menjahanamkan BARISAN NASIONAL.

1. Semoga Tun sihat walafiat. Ceria selalu Tun dengan keluarga Tun.
2. Saya mengamati setiap tulisan Tun. Setiap hari saya layari Blog Tun.
3. Tulisan Tun amat kukuh dan berdasarkan bukti. Cita-cita saya ialah hendak menulis secara ilmiah berkenaan dengan Tun dan Za'ba. Ada persamaan yang saya lihat dari segi hal orang Melayu.
4. Benar kata Tun Negara Malaysia memerlukan sebuah pentadbiran yang berdasarkan pelbagai kaum. Untuk mentadbir Malaysia, kerajaan seperti BN setakat ini adalah yang terbaik.
5. Segalanya boleh kita nilai dalam aspek sejarah kita. Pada mulanya sejarah Negeri-negeri Melayu, Negeri-negeri Selat, Negeri Melayu Bersekutu, Tidak Bersekutu, Malayan Union, Persekutuan Tanah Melayu dan wujudlah MALAYSIA (Sabah, Sarawak, Singapura dan Brunei). Hayatilah konsep MALAYSIA yang diperkatakan oleh Rupert Emmerson.
6. Kedudukan Orang Dagang juga dipertimbangkan semasa ke arah Pembentukan Persekutuan Tanah Melayu.

7. Inilah sedikit sebanyak gambaran betapa Malaysia sekarang terbina berdasarkan pelbagai kaum yang sudah wujud sejak zaman kesultanan Melayu Melaka, Baba dan Nyona, Cheh Tu, orang Laut dan seangkatan dengannya. Datang pula Portugis kawin dgn orang tempatan, begitu juga Belanda, Arab, kemudian British kawin dan bawa sistem dan dasar imperialisme, kangany, kangchu, imigran-imigran lain, Gurkha dan sebagainya. Sekadar ingatan bahawa Malaysia sebelumnya sejarahnya begitu.

8. Pertanyaan saya bolehkah kita mentadbir Malaysia hanya berdasarkan satu kaum sahaja? Mampukah kita melayani semua tuntutan setiap kaum yang ada di Malaysia ini?

9. Justeru melihat kepada BN yang terdiri daripada hampir semua kaum di Malaysia ia dilihat masih relevan berbanding dengan parti pembangkang.

10. Parti berasaskan kaum spt UMNO, MCA, MIC mempunyai ikatan atau kontrak sosial yg wujud walau tidak diwartakan tetapi atas dasar kefahaman kedudukan mereka ketika itu dan orang Melayu, maka hak-hak orang Melayu diakui oleh MCA dan MIC.

11. Bayangkan andai hak org Melayu dihapuskan? Persamaan taraf diberi maka prinsip Jus soli yang diperkenalkan oleh British dahulu kita ikut kembali.

12. Konsep Bangsa Malaysia harus dikukuhkan untuk ke arah kesejahteraan Malaysia bukan menghapuskan sama sekali kepentingan Melayu. Ambil contoh mudah kedai milik Cina, menyediakan barangan yang semua kaum boleh beli. Siapa yang maju dan siapa yang telah membantu memudahkan sesuatu kaum? Bukankah wujud rantai saling memerlukan. BN sebenarnya yang memahami konsep sedemikian.

Namun krisis kepimpinan dan ketidakpercayaan pengundi terhadap BN adalah disebabkan urus tadbir negara yang terkucil sedikit dari landasan yang harus diikuti.

13. Salam Tun.

By Tanah Melayu on September 22, 2008 4:10 PM

1. Yang tak sedar diri Pak Lah

2. Umno, MCA, MIC tak perform pun sebab Pak Lah

3. Sebab kalau berjaya - mengaku sebab "kepipinan saya" bila kalah mengaku laa gak... tak payah nak betulkan...lagi rosak gayanya..henti saja

4. Najib kene perform. Najib kena jadi Wira orang Melayu dan dalam masa yang sama kena juga jaga kepentingan bangsa lain.

5. Bukan tugas mudah + masalaah ekonomi.

6. Tapi saya percaya, walaupun beliau dikaitkan dengan banyak skandal kalau dia berjaya selesaikan masalah ini - rakyat bole terima. Kene juga jaga partner dia - orang dok perhati. Ini semua punca-punca...orang start benci...

7. Tapi si Pak lah tak paham sampai sekarang...nasi dah jadi bubur...tak bole baiki...

8. Masih tak paham kenapa Pak Lah tak paham.....

Salam Ayahanda Tun, at the rate things are going now, we are most probably looking at a minority government horse trading scenario akin to Pakistan right after our incoming PRU13. No one party would hold the needed majority to form a government as and all parties would most likely had contested on their own ticket- no JV as what we presently have under BN & PR set up. At that time, UMNO and PAS would be forced to set up a coalition to salvage what's left of Malay and Islamic politics in this country, while the non-Malays would gather to form their own platform. Should the Malays hold more seats in Parliament, the non-Malays could go back to Anwar and have him yell a few more rounds till PRU14, so on and so forth. And lets not forget our silent majority; the military. These are the scenario that's starring Najib right in the face. And to remedy all this is only by way of salvaging BN now and today, just exactly like what Tun had stated and posted on his blog site countless of times already. A move that indeed requires a lot of work, efforts and faith. And work and efforts, do not go together with time wasters.

So look around Datuk Seri Najib, look past everyone and everything else around you. Look into the rational part of this whole chapter and sum up your answer. Then, you act accordingly to it. Sometimes the best advice one can have, have already been told many times by ones own conscience and clarity, but often gets brushed away by daily ignorance, or just by plain "being nice". Datuk Seri Najib's task is "nearly" overwhelming. And I am of the conviction that he has insurmountable stratagem and wisdom ready just as well. I pray for his political strength and success. Time is the essence; don't waste any of it on anything or anyone. An old Yemeni traders proverb my late grandfather used to say: A pocketful of time once spent can never be taken back. So make it worth all your spending while.

Tun, you are the one voice that's keeping rationality in check for our country's politics now. Take care of your self and Thank you always. Tun, saya nak singgah bazar Ramadhan sat. Pi tengok apa-apa sikit kut ada mana bekenan teringin. Salam Ramadhan Tun.

hi, good day...thanks TUN for this sharing...i thinks this is not the 1st time TUN raised up the same issue,which Malaysia need a strong leader and strong 'power sharing' based component party...i strong believe that at this moment, Malaysia still need the sharing of power among different races because i agree with TUN that we are still not yet cross the border of race...but, for me, the ideal condition for Malaysia is to become a true nation which we are talking about cross races border condition in all aspect...this is the way we need to move to for a better Malaysia...

hope this sharing can open some of the readers mind...

Dearest Tun & All Readers,

Pembentukan Pakatan Rakyat masih 'muda' lagi..... dan kerjasama antara PKR-PAS-DAP masih perlu diperkuatkan dan diperkukuhkan.

Walaupun ada ketidaksamaan dari segi pandangan, tapi masih boleh diselesaikan melalui "RUNDINGAN".

Tapi... dalam BN.... hanya UMNO saja yang menentukan keputusan!!!

Kalau PEMIMPIN itu berwibawa, masih boleh diterima lagi... Tapi... jika PEMIMPIN yang lemah berkuasa... HABIS SEMUA...

Salam Ramadan To Tun & All Dear Bloggers,

All the current leaders of BN must realise that time and conditions have changed. They MUST wake up, sit straight, clear their mindsets and be ready to revamp and rejuvenate in every sense of the word in order to be relevant with the current requirements. Otherwise, the Pakatan Rakyat will seize every little opportunities available, driving the sleeping BNs deeper into their slumber.

Malaysia Boleh !!!

Salam Tun,

The pattern is similar, after the 1969 election others took the opportunity to attack UMNO even though they were once in the same team. They went back to their races for support despite helping the Government which is now headed by an incompetent leader to implement the same policies.

I believe we need to allow the opposition to govern if that's the people's choice, and BN especially UMNO should be the checker.

"The opposition will fail" is only a theory. We do not know it until we give it a try. As I have said earlier, if UMNO is truly the people's party then it should be able to be a good opposition. Only then we can claim that BN is still the best!

SALAM TUN,

Melihat kepincangan yang berlaku terhadap Malaysia baik dari segi politik dan ekonomi yang kian putus menggambarkan kedudukan sebenar kelemahan pemerintah yang mewakili rakyat.

Ramai yang tidak terkejut, apabila Fukuda, PM negara maju Jepun meletakkan jawatan atas tekanan pembangkang dan mengakui tidak punya karisma bagi mengawal keadaan ekonomi negara yang kian meleset. Karisma dan kredibiliti adalah sesuatu yang tidak boleh dijual beli kerana ia datang secara lahiriah.

Kemampuan mengawal segala yang berada dalam lingkungan adalah kurniaan, kerana hanya mereka yang hebat dapat memberi impak kepada persekitarannya dan bukan persekitaran yang mengawal dirinya.

Di Malaysia sesuatu yang berlaku adalah berlainan, walaupun banyak tekanan, terdapat suara dari akar umbi, desakan mahukan perubahan, proses menyalahkan sesama sendiri berlaku, dan kejutan demi

kejutan berlaku dalam pola politik dan ekonomi negara, pihak pemerintah masih tidak sedarkan diri.

Tidak banyak perubahan dilaksanakan. Pemerintah masih yakin dengan kemenangan majoriti mudah hasil dari PRU lepas. Rakyat pula terus dihidang dengan ketidaktentuan politik dan ekonomi yang berlaku hampir setiap hari. Sistem sosial pula terhakis sedikit demi sedikit.

Mengapa Malaysia yang satu ketika dahulu diakui politik, ekonomi dan sosial kekuatannya kini menampakkan jurang kelemahan ketara?

Mengapa Malaysia yang punya pemerintah atau cerdik pandai berbilang bangsa berjaya membawa kesejahteraan lebih setengah abad, kini senyap takut menyatakan kebenaran sedang rakyat menuntut perubahan di peringkat tertinggi negara?

Setelah rakyat menyatakan protes mereka pada PRU lepas, mengapa pemerintah peringkat tertinggi takut melakukan perubahan demi MALAYSIA.

Melepaskan jawatan bukan bererti kalah, tetapi rasa tanggungjawab supaya MALAYSIA negara kita dapat terus memacu pembangunan demi kesejahteraan rakyat.

Rakyat dan pemerintah, kita semua adalah RAKYAT MALAYSIA.

Berani melakukan PERUBAHAN bukan satu liabiliti tapi menunjukkan rasa sayang kita kepada MALAYSIA untuk melihat MALAYSIA yang lebih maju, aman dan damai untuk hari ini dan masa depan.

1.Saya berpendapat agar Tun menyegerakan kemasukan semula kedalam UMNO.

2.Dengan yang demikian usaha TUN untuk menyelamatkan Umno,BN dan negara akan lebih berkesan.

3.Selagi TUN diluar, pandangan dan kritikan TUN terhadap kerajaan dan pemimpin tertinggi nya hanya dianggap remeh.

4.Kedadaan ini juga agak kurang berkesan untuk memperbaiki dan merawat ahli2 yang telah kecewa atau yang dah tidak lagi menyokong parti.

5.Saya yakin masih ramai ahli dan pemimpin di akar umbi yang masih setia dengan TUN. December ini ada lah waktu yang terbaik untuk bertindak memperbetulkan keadaan.

6.Kepimpinan AAB mesti di akhiri segera sebelum rakyat hilang berminat lagi pada umno dan BN. Dan rakyat melihat parti ini tidak lagi relevan. 7.Perlu di ingatkan sebahagian besar rakyat adalah sebagai peminat parti sahaja, bukan ahli parti yang sentiasa setia dan tunduk pada ketua. Cita rasa ini boleh berubah2

8.2010 adalah satu jangka waktu yang lama untuk peralihan kuasa. Dan berapa banyak lagi kesilapan demi kesilapan dan kerosakan akan dilakukan AAB.

9.Kegagalan DSAAI pada 169 tidak bolih dipandang ringan dan berasa selesa. Hanya pelanduk sahaja lupakan jerat. Perangkap tidak akan lupakan mangsanya.

10.DSAAI akan sentiasa mengintai peluang dan mencari kelemahan kerajaan untuk memerangkap.

11.TUN telahpun melihat dan meramalkan apa akan terjadi pada negara bilamana DSAAI berkuasa.

12.Apabila PKR berkuasa bukan lah satu perkara mudah pulak untuk menumbangkan semula.

13.Sudah tentu DSSAI akan gunakan segala kuasa yang dia ada untuk mempertahankan dan menghalalkan kedudukan nya. Mungkin 50 tahun kemudian baru lah UMNO dan BN bolih menang kembali.

Wallahwaalam.

Tun,

Selamat jalan BN, parti yg pentingkan utk dapat projek dan kekayaan orang politik tertentu sahaja. Tak nampak lagi perjuangan seperti UMNO dahulu yg pentingkan keikhlasan dalam perjuangan. Hari ini, pemimpin hanya pentingkan untuk kumpul harta dan dapat saham2 dgn mudah. Kami orang kampung berdepan dengan kos hidup yang tinggi, bukan nak kaya tapi nak makan pun susah. Nak isi minyak motor pun perit, kata minyak nak turun dan kaji setiap bulan bila harga minyak global turun, hapak pun tarak.

Selagi tak ada keikhlasan dalam kepimpinan, selagi itulah BN akan terus tersungkor, macam graf BSKL pulak. Sedih dgn keadaan yg berlaku dan takut dengan kepimpinan yg ada untuk menghadapi ekonomi yg kian meruncing.

Orang Kampung.

Sir, Even though you have taken racial line lately which caused uneasiness among the non malay (me included),you are still the most capable PM Malaysia have got so far. I agree with you that BN concept of running the country (minus the UMNO ber maharajalela culture)is still the best platform to bring the nation forward.But by the events that is unfolding lately,I doubt the BN will survive beyond the next general election.One of the way to rescue it is YOU going back to UMNO ,wrest back the presiden post and become our PM for another term,kick out the whole existing cabinet(Nasri,Hisham,Khairi,Tyson and Syed Hamid a must go AND must not repeat the mistake of appointing KHIR TOYO again) and replaced them

with new faces which are more higher educated,proffessional,capable,corrupt free background.This way the rakyat will see a big revamp with all the black sheeps that have contributed significantly to the down fall of BN.Try imagine Najib becomes the PM by succesion and the black sheeps are still around,do you think it will be any difference from the rakyat's perception on the BN of its arrogance,corruptions,ignorance,stupidity etc etc ???

Other than this way,dont think any other strategy will work faster and more effective to wrest back the support from the PEOPLE.

Assalamualaikum Ayahnda Tun n Bonda,
With permission from Tun,

It's very ideal to say that PAS can manage this country well just because of its so-called Islamic policy. Preaching is NOT practising. If you see from outside, everything looks so wonderful but the lust for power n status has also crept into PAS n some groups within the party have been backstabbing each other. The new n young idealists in the party do not very much agree with the fundamentalists. Some young members adapt, adopt n embrace friendships with DAP n PKR although their basic principles are so wide apart...the fundamentalists in the party will hv to accept the change bcoz thay realize they are not going to be there long...what much can they do??? at times their premier leader in Kelantan has to accept the youths' revolutionary ideas in certain issues regarding their own welfare n relationships with other parties in their coalition...that's why sometimes we could see tok guru would say something today but the next day changed his words...

Still, BN is our hope to lead this country as the component parties share some same principles - to see that we stay unite for the better of our country. The members of BN must not let their personal views or minor interests harm the healthy relashionships that hv been long built.

Have a nice day, best regards...

Wassalam.

salam Tun,

Your political comeback is very much needed.

One last great effort is required to pull this country together through this troubled times.

Time is not on our / your side.

You are the only one who can pull this off as you have the charisma and clout to save this country and put it back on the right track!

UMNO leaders must wake up and assess the situation. Every UMNO member is morally required to support Tun's comeback if you sincerely love your agama, bangsa dan negara.

Please do not continue to live in dreamland with DSAAB.

The 3F crisis (fuel, food and financial) is staring us in the face and yet we are happily declaring the situation is OK.

UMNO must change it's approach and mindset to ensure it's survival.

DSAI & PR think they can rule better, but hey, America's economy is crumbling! They got loads of their own problems to attend to first.

DSAI wants so much to take power that he is making all kinds of conflicting promises to everybody. What will happen if he renege on his promises?

Can DAP and PAS agree on a Malaysian Malaysia or the creation of an Islamic State?

I DON'T THINK SO! DO NOT FOOL YOURSELVES.

They all are just putting their respective agendas on hold just to try and take power first.

The best alternative is still the BN.

It just need a strong captain to take command up to the next GE at least.

And that captain is Tun.

Saya setuju dgn Tun. BN masih relevan. Dan hanya BN yg telah memakmurkan Malaysia. Bukannya parti2 pembangkang sekarang. Bukannya senang nak satukan parti2 yg mempunyai pelbagai bangsa dan agama.

Drp ini lah pemimpin2 BN sekarang kena kuatkan BN. Bersatu demi BN. Struktur balik BN supaya ianya dpt mengembalikan kegemilangan Malaysia. Buang mana2 pemimpin yg menjadi liability parti, tak kira samada ianya paling atas ataupun sebaliknya. Tapi setakat yg kita tahu, pemimpin numero uno la yg kena cantas dulu. Baru yg lain tu akan berubah!

Hidup BN, hidup Tun M!

Salam Tun.

Ya, very poor and incompetent indeed yet the UMNO MT still support that very poor and incompetent leader. It seems they are very reluctant to let go and dump this man. I wonder what inspired them to continuously blind support this man. Undeniably money & power is behind all these.

In my opinion UMNO constitution should be reviewed and upgraded so that any lousy or weak President or Ketua Bahagian should be dumb immediately by MT and not wait till he destroyed the party what more the nation. We encounter this problem because we have a person lacking in integrity, less credible and stubborn as president.

UMNO should form advisory councils to monitor the performance of the President and recommend actions to be taken in case he is sleeping on his job just like we have now.

BN tidak mempunyai cukup pemimpin yang berani.
Kecuali Yang Berhormat Ku Li, Muyyidin dan Mukhriz.

Akibatnya mereka tak dapat nak berkampen untuk membuang Pak Lah yang tak syak lagi menjadi punca segala masalah negara.

Hampir kesemua ahli BN yang penakut ini hanya cakap di belakang.

Jelaslah yang BN masih tak dapat dipulihkan lagi buat masa ini, memandangkan punca masalah (Pak Lah) belum dapat dibuang.

Kita kena tunggu sampai ahli BN berani membuang Pak Lah barulah boleh.

For what is a man, what has he got, if not himself , if he has not, to say the thing he truly feels !!!

Assalamualaikum Tun,

1. Semua orang yang komen dalam blog ini menyatakan sokongan mereka pada Tun, pandangan Tun dan segala tindak-tanduk Tun.

2. Tapi apa yang kita semua buat untuk menyokong Tun?

3. Kita menghantar pelbagai komen yang panjangnya berjela-jela. Tapi apakah kesan komen kita yang panjang mengutuk DSAAB ini memberi kesan dan akan mengubah pekara yang kita tentang, menjatuhkan pemerintahan beliau, mengembalikan semula keamanan dalam UMNO dan Malaysia?

4. Jawapannya TIDAK!

5. Orang UMNO di akar umbi harus dan JANGAN mencalonkan DSAAB pada perhimpunan Agung kali ini. Kita tidak perlu takut jika digantung dari UMNO. Kita tidak rugi apa-apa. (Kecuali sesetengah yang mendapat kepentingan peribadi melalui UMNO)

6. Ini kuasa kita sebagai mana kita dapat lihat kuasa pengundi yang menghancurkan majoriti 2/3 BN.

7. Kita undi Tengku Razaleigh, kita undi siapa yang Tun rasakan layak menggantikan DSAAB, dan siapa yang harus ada dalam MT UMNO kali ini. (Minta Tun senaraikan)

9. Ini sahaja cara mempercepatkan pemindahan kuasa dalam UMNO dan BN sebelum 2010.

10. Saya amat berharap Tun akan menyertai semula UMNO dan mejadi perwakilan UMNO kali ini. Saya akan menjadi ahli UMNO di kawasan Tun walau jauh di utara atau terceruk di selatan dan undi Tun.

11. Dan yang terakhir orang Melayu harus bersatu mengukuhkan ekonomi Melayu. Dengan cara ini sahaja kita dapat menjaga kedaulatan kita.

Salam saya buat Tun sekeluarga.

Selamat Hari Raya Aidilfitri dan Maaf Zahir Batin.

Salam Yg DiKasihi Tun,

1. Amat setuju dengan pandangan Tun. BN masih relevan. PR bukan alternatif yang baik. Sekarang pun sudah nampak belang mereka – BELUM LAGI BERKUASA. Semoga komponen2 parti BN "buang yang keruh, ambil yang jernih".

2. Yang sudah TIDAK RELEVAN IALAH DSAAB. Semoga DSAAB terbuka hati untuk meletak jawatan dengan kadar segera. Agak kesian melihat DSAAB yang seakan tidak sedar yang beliau memang TIADA KEMAMPUAN untuk memimpin Malaysia. Beliau sudah menjadi BEBANAN kepada BN dan UMNO.

Semoga Tun sekeluarga dirahmati Allah SWT. Saya sokong Tun.

Selamat sejahtera buat Tun dan juga keluarga Tun yang setia kepada negara dan bangsa, Selamat Menyambut Bulan Ramadan dan Selamat Menyambut Hari Raya Puasa :)

Bertitik tolak dengan isu semasa yang sering diwar-warkan oleh semua orang yang nampaknya masing-masing ingin menjadi hero kepada penyelamat negara dan rakyat tetapi hakikatnya hanya semata-mata ingin menaikkan imej masing-masing di kalangan pengundi.

Semua ingin memberi kata-kata mudah kenapa ianya berlaku dan kenapa ianya perlu dilakukan tetapi tiada siapa yang memikirkan kesan sekiranya ianya dilakukan. Asalkan ianya mencerminkan budaya pentadbiran yang telus dan terbuka, semua orang kata "OK" atau mesti boleh dibawa berbincang.

TELUS DAN TERBUKA BUKANLAH SIFAT KEBURUKAN TETAPI KETERLALUAN DALAM SIFAT KETELUSAN DAN TERBUKA BOLEH MEMBUKA RUANGAN KEPADA SIFAT YANG BERUNSURKAN KEPENTINGAN.

SEBAGAI PEMIMPIN NEGARA, SESEORANG MESTI TEGAS KERANA TIADA KETEGASAN, SEMEMANGNYA DIA BUKANLAH SESEORANG YANG BERDISIPLIN DALAM MEMASTIKAN TANGGUNGJAWABNYA DALAM MEMIKUL TUGAS MEMIMPIN NEGARA.

Note: Tun sepatutnya menjadi penasihat parti dan kerajaan kerana Tun ialah mentor kepada kepimpinan yang sebenarnya.

Hidup Tun Mahathir.....

Sir,

I had agreed earlier on of the viability of BN concept of governing by consensus. After all, they did very well since the time of Alliance until before DSAAB stepped in. The thing is, if they are to do what you have suggested, then they must change the present leaders. Samy Vellu has been asking for the BN to meet up more for discussions on what they can do to regain the peoples confidence. I think he does not have the vision and foresight that you possess. He is only interested to regain power for his own selfish purposes. I cannot speak in defense or against the other components parties as I am an Indian. But I'm sure they are more or less the same. So, if these are the leaders who come together to repair BN, then I'm sorry I will never vote BN in future elections. I do not trust them any longer. I would like to see a complete change in leadership starting from the main leader of BN who happens to be the worst leader unleashed on our country. I guess you know who that is.

Sir, one point that has been bothering me for a long time is how come you had no inkling of Abdullah's incompetence when you picked him for PM after you retired? Didn't you study his abilities or put him through some sort of test to gauge the outcome? I cannot help feeling that maybe you chose him simply so that the so-called RAHMAN theory would be completed nicely. Since Anwar was jailed out of the picture, there was nobody with the initial A but Abdullah and to be followed by N, Najib. Was this the case, sir?

They are so concerted at getting at each others' throats until they are so blind of the current worsening economic conditions.

Assalamu'alaikum Tun,

Saya sokong pendapat Tun, tetapi walau pemimpin BN duduk semeja setiap hari berbincang tetapi mereka tidak berani bersuara tentang kepincangan yang ada kerana takut hilang "TITLE" masalah dalaman BN tidak akan selesai, tunding menunding tidak akan berhenti.

Pemimpin BN kena ubah style dengan berani menegur apa yang salah dengan cara BOSS mereka bukan hanya jadi PAK TURUT mengiyakan semua perkara walaupun lubuk hati mereka mengatakan perkara itu tidak betul.

Saya rasa mereka perlu menerima teguran dari orang lain dengan hati terbuka.

Orang Melayu perlu bersatu kerana dengan itu sahaja Melayu boleh menjadi bangsa yang perkasa (ambil dan timbang pendapat dari pemimpin lama kerana pengalaman mengatasi segalanya).

Masalahnya seperti Tun pernah kata:

"MELAYU MUDAH LUPA"

InsyaAllah BN akan kembali menjadi perkasa.

Salam Tun.

Bila pemimpin BN bercakapan sesama sendiri, maka pemimpin PR menyangkakan peluang mereka untuk merebut kuasa terbentang luas. Padahal majoriti rakyat sedang memerhatikan tingkahlaku mereka.

Bolehkan PR mengambil tempat BN? Besar sungguh tanda soalnya. Mana kan tidak, dilihat pada prestasi mereka selama ini sebagai pembangkang di parlimen, tidak lebih dari retorik semata-mata.

Apakah Islam bertambah maju di Malaysia seiring dengan kemajuan negara di bawah PAS? Mungkin tidak. Lihat sahaja di Kelantan, majulah mereka? Yang pasti, orang Islam di Malaysia makin berkurangan kerana orang UMNO dilabelkan sebagai kafir @ bukan Islam. Bolehkah PAS mentadbir di negara yang penduduk majoritinya "bukan Islam"?

PAS hanya bermimpi di siang hari!

Tun,

I remember that a Chinese Kung Fu movie highlighted a brief conversation between a Ching Dynasty Emperor and a Beggar Clan insurgent leader during a short negotiation.

Emperor: Don't you ever dare to challenge and devastate the dignity of my throne again? Be careful I will be ruthless and show no mercy upon you by beheading you and hanging your bloody fool head on the Tian An Men Square!

Insurgent Leader: Pardon me His Majesty! Whether the dignity of His Majesty's throne will be devastated is all depending on the decision choice which is to be made by His Majesty. If His Majesty really cares enough to love the subject of His Majesty like loving a son, then there will be no more influential insurgents whom His Majesty will bother to personally deal with again. Who else will still want to sign up for the membership of a beggar's clan if with the implementation of a correct government policy, all the hungry stomachs can be satisfactory filled up in order to avoid starvation?

The morale of the story: Whether the BN is still relevant in the Malaysian political context will all depend on how well the BN government can perform to ensure a good governance and to position itself to be a recognisable good government!

Tun Mahathir,

Salam Dengan Penuh Hormat.

Hanya BN yang bolih memikul legacy PERIKATAN dan membimbing Negara kearah kemajuan dan kemakmuran Rakyat dan Negara.

Terbukti kejayaan PERIKATAN kemudainnya berkembang maenjadi BN memimpin Negara sahingga ke taraf diatara Negara yang termaju di rantau ini dan juga Dunia.

Mengapa harus perpecahan berlaku di kalangan component BN yang telah mencapai kejayaan demi kejayaan sejak 1957 ?

1. Kejayaan telah meluputkan semangat Kenegaraan Pemimpin dari setiap kaum, Melayu, Cina , India termasuk kaum senegara kita di Serawak dan Sabah. Kekayaan diri telah mengambil alih kepentingan Kenegaraan.

2. Rakyat turut mengecap kejayaan dan tidak terasing menjadi tamak dan iri hati kepada yang lebih berjaya. Ini adalah lumrah.

3. Party Pembangkang membangkang kejayaan ini dan melaksanakan agenda untuk melemahkan Party (BN) yang memerintah melalui anasir mereka yang di semai di dalam Party party Component BN. Party Pembangkang menghasud Rakyat melalui berbagai fitnah untuk mendapat sokongan.

Jika Negara telah mencapai kejaan dan jelas dengan perancangan untuk terus maju ketaraf " Developed Nation " mengapa harus di tentang ?

Mengapa Pembangkang harus menghasud Rakyat dan beselindung di belakang Prinsip prinsip anjuran barat ?

Mengapa berbagai NGO's di tubuhkan hanya mencari ruang untuk melemahkan Kerajaan dan memecah belahkan perpaduan Rakyat ?

Jelas ini adalah mainan Kuasa Besar yang tidak mahu Negara berjaya dan mampu mencapai hasrat dan cita cita Negara Malaysia kerana Malaysia adalah sebuah Negara Islam yang di pimpin terutamanya oleh orang Melayu melalui UMNO dan di sokong oleh semua kaum melalui party masing masing.

4. Akhir sekali; retak menjadi belah, apabila AAB sambil leka dengan Hadari nya terus lewa kepada kepentingan Negara.

Kini saya rasa tiada berfaedah mengikut bapa saya kesana sini membantu Leong Yew Koh berkempen pada tahun 1955 kerana semangat yang ada pada masa itu telah bertambah pudar dengan keadaan sekarang.

Saya berharap pemimpin MCA dan MIC masih beramanah dan memelihara perjajian yang di bentuk bersama ketika mengujudkan PERIKATAN dan bersama UMNO membimbing parti parti component BN untuk mencari penyelesaian dan mengataisi masaaalah yang di hadapi sekarang.

Memahami masalah sebenar bagaikan mencari cahaya dan melepaskan diri dari alam kegelapan. Apabila terang, mudah untuk kita melihat arah tuju .

Apa pun, bertindak biar bijak, berusaha biar lasak.

Jika dihati tulus dan ikhlas pasti mudah memahami dan bertanggung jawab kepada dan di atas dasar kebenaran.

By banjol on September 22, 2008 5:07 PM

Dear Tun,

Have you thought of forming a new party, maybe a multiracial one to challenge BN or PR. When all the parties in BN already rotten to the core, it will be extremely difficult to heal them. Even if you were to rejoin UMNO and try and make changes from the inside.

I am sure there will be many from UMNO, MIC, MCA or Gerakan would support you.

Salam Tun,

First and foremost congratulations to chedet.com for getting more than 7.3 million hits.

Saya tertarik dengan komen-komen yang menyarankan agar para pemimpin sekarang (dan yang dahulu juga mungkin) kembali ke jalan Allah dalam melakukan sesuatu perkara. Jauhkan daripada memfitnah, mengaibkan orang lain dan perkara-perkara lain yang ditegah Islam.

Yang nyata sekali dilihat rakyat pada masa ini dan masa dulu juga, pemimpin2 kita berpakaian Melayu, kelihatan very islamic ke majlis2 keagamaan seperti berbuka puasa, tilawah Al Quran dan sbgnya..tetapi yg sedihnya ialah melihat isteri2 mereka tidak tutup aurat dgn sempurna. Kalaupun hukum Allah yg mudah tidak dpt dipraktikkan di rumah, bagaimana nak mengharap memantapkan pentadbiran negara yang lebih mencabar.

Di sebelah sana pula kaum keluarga mereka mempunyai keterampilan yang dituntut tetapi para suami/ketuanya pula amat taksub dgn perjuangan2 yang gilakan kuasa dan menggunakan agama utk

menghalalkan perlakuan mereka.

Mungkin ramai (termasuk Tun) melihat komen saya ini sebagai remeh dan tidak membangun. Mungkin juga fahaman saya tentang agama Islam masih cetek. InsyaAllah saya akan terus menimba ilmu buat bekalan akhirat.

Perjuangan Tun masih lagi relevan dan didoakan Tun sentiasa sihat utk meneruskannya. Berhati-hatilah supaya tidak terpesong tanpa sengaja.

Salam Aidilfitri.

SALAM TUN,

Melihat kepincangan yang berlaku terhadap Malaysia baik dari segi politik dan ekonomi yang tidak putus-putus menggambarkan kedudukan sebenar kelemahan pemerintah yang mewakili rakyat.

Ramai yang tidak terkejut, apabila Fukuda, PM negara maju Jepun meletakkan jawatan atas tekanan pembangkang dan mengakui tidak punya karisma bagi mengawal keadaan ekonomi negara yang kian meleset. Karisma dan kredibiliti adalah sesuatu yang tidak boleh dijual beli kerana ia datang secara lahiriah.

Kemampuan mengawal segala yang berada dalam lingkungan adalah kurniaan, kerana hanya mereka

yang hebat dapat memberi impak kepada persekitarannya dan bukan persekitaran yang mengawal dirinya.

Di Malaysia sesuatu yang berlaku adalah berlainan, walaupun banyak tekanan, terdapat suara dari akar umbi, desakan mahukan perubahan, proses menyalahkan sesama sendiri berlaku, dan kejutan demi kejutan berlarutan dalam pola politik dan ekonomi negara, pihak pemerintah masih tidak sedarkan diri.

Tidak banyak perubahan dilaksanakan. Pemerintah masih yakin dengan kemenangan majoriti mudah hasil dari PRU lepas. Rakyat pula terus dihidang dengan ketidaktentuan politik dan ekonomi yang berlaku hampir setiap hari. Sistem sosial pula terhakis sedikit demi sedikit.

Setelah rakyat menyatakan protes mereka pada PRU lepas, jelas kelihatan dalam pentadbiran negara iaitu pemerintah peringkat tertinggi takut dan gentar melakukan perubahan demi MALAYSIA.

Melepaskan jawatan bukan bererti kalah, tetapi rasa tanggungjawab supaya MALAYSIA negara kita dapat terus memacu pembangunan demi kesejahteraan rakyat.

Mengapa Malaysia yang satu ketika dahulu diakui politik, ekonomi dan sosial kekuatannya kini menampakkan jurang kelemahan ketara?

Mengapa Malaysia yang punya pemerintah atau cerdik pandai berbilang bangsa yang berjaya membawa kesejahteraan lebih setengah abad, kini senyap takut menyatakan kebenaran sedang rakyat menuntut perubahan di peringkat tertinggi negara?

Rakyat dan pemerintah, kita semua adalah RAKYAT MALAYSIA.

Kita semua sayangkan MALAYSIA.

Berani melakukan PERUBAHAN bukan satu liabiliti tapi menunjukkan rasa sayang kita kepada MALAYSIA untuk melihat MALAYSIA yang lebih maju, aman dan damai untuk hari ini dan masa depan.

Dear Tun

I am giving my two cents worth of thoughts from outside Malaysia.

It is about time PM AAB take stock of the political situation in Malaysia. About Anwar Ibrahim, he is only good at talking. You can ask MOF officials who used to work under him in the 90s. He can talk about politics, philosophy etc but he is zero as the Minister of Finance. Remember that he is a Malay Studies graduate, a third year repeat to boot. It was a great mistake to have him appointed as a minister in charge of finance. The only positive result about his tenure was to make his political buddies including those working for him in MOF filthy rich. I bet my bottom dollar that Anwar is not clean. His greatest burning desire is to be PM at all cost. If he is a man with good intentions, he would have concentrated on governing the PR/PAK states well so that they would stand a chance of forming the next Federal Government.

It is about time PR/PAK act as a party of Government not as a party of agitators and anarchists. Above all, Anwar is a stooge of the west particularly USA. Remember the 21 gun salute that was given to him by

Cohen at the Pentagon. Don't forget that his good friend and strong supporter is the top American neocon (also a Jew) who was booted out of the World Bank for sex offence. Malaysians should be aware of this fact. Anwar is revered in the west, not for nothing.

I pity Malaysia and Malaysians if ever Anwar becomes PM. I pity Wan Azizah for standing by him.

By mzzainal on September 22, 2008 5:12 PM

Dear Dr. M,

I agree with many things you had highlighted, however the trick of the matter is that BN does not have the leadership capability anymore. BN has destroyed itself and its ability to govern our country. Not to mention they seem to be addicted to fighting amongst themselves. There is no spirit of values, and there is only a void of confusion. The BN mechanism is no longer effective to support the new mentality of Malaysians, thanks to PakLah.

I believe even if there is a change of leadership within BN/Umno, the alliance is still too weak to control its parties. There would be a continuation of political drama and battles, that would further destroy the hope of Malaysians, the political infrastructure and naturally sink our country.

I used to believe in BN, and was a member of Umno. Your action of leaving Umno was inspiring to my politically motivated soul. I believe whatever you are doing now (outside of Umno) is more effective and productive for our country. However I do not intend to re-join Umno, as I know it cannot escape its fate and eventual political demise.

Malaysians should build a more effective platform for all Malaysians to progress further, within the Vision2020. We should not be standing in a ship that is almost about to sink.

By dido on September 22, 2008 5:13 PM

Tun,

As for point 10, I think you have very bad judgement when appointing Pak Lah as PM..Even though it was the party's choice, but as ex-President should have your thoughts and voice it out but you didn't and you still want to teach people how to voice out? New generation of M'sian already knows how to voice out..Also this shows that you are very bad at making decision for your own party. How can you be so sure of your opinion that Pakatan Rakyat will not work?

Be open minded, PLEASE!

YA! BN masih relevan dalam pemerintahan kerajaan Malaysia. Yang tak relevan ialah pemimpin yang ada dalam BN, halatuju BN, pendekatan BN.

Masa telah berubah maka pemimpin BN juga perlu ubah diri mereka, halatuju perjuangan BN juga perlukan pembaharuan dan pendekatan BN juga perlukan evolusi.

Sayangnya saya hanyalah 1/26,000,000 rakyat Malaysia. Layakkah sedikit sebanyak pendapat saya ini didengar?

Aslkum Ayahanda TUN,

Aper khabar TUN? Selamat Berpuasa hendaknya.

UMNO sekarang adalah sebuah parti yang tiada mempunyai jati diri yang utuh. Kenaper boleh sampai jadi begitu? Parti yang di asaskan oleh mendiang Dato' Onn Jaafar - Mentri Besar Johor (yang sepatutnya diangkat mertabatnya menjadi 'TUN') adalah seorang yang berani kedepan memperjuangkan Hak-Hak Raja serta setiap bangsa pada waktu itu. Dan dialah yang telah mempercetuskan semarak dan

semangat untuk mencapai kemerdekaan.

Dan Tun pula telah membawa MALAYSIA ke sebuah puncak... dimana rakyat negara tercinta ini pun tidak pernah mimpi bahawa ia akan dicapai.

Sekarang negara kita, telah sampai pula kedetik dimana kita telah berhenti dan kadang kala berundur dari matlamat memajukan negara kononnya membazir duit rakyat. Setiap pembagunan yang dirancang atau dicanangkan tidak boleh ditolak bulat-bulat kerana ia melibatkan puluhan industri dan ribuan pekerja dan jutaan nilai biznez!

Projek-projek TUN lancarkan dulu yang so-called 'MEGA' sebenarnya tidak MEGA tetapi it was very necessity untuk menarik pelabur-pelabur asing ke Malaysia. I am a firm believer that apabila adanya sesebuah infrastruktur yang moden dan tersusun, ia akan secara tidak langsung menarik pelabur-pelabur asing untuk melabur disesebuah negara. India dan Cina sekrang sedang melaburkan berbilion ringgit untuk menaikkan taraf insfrastruktur di negara mereka dan tiada satu pun tohmahan dari rakyat mahupun pembangkang di parlimen mereka bahawa projek-projek itu adalah projek MEGA. Saya ambil contoh kecil iaitu pelabuhan di Tg Pelepas Johor, jikalau ayahanda TUN tidak memaksa syarikat tersebut melaksana impian mereka semasa gawat 97 dulu, maka tidak adalah sebuah pelabuhan yang termoden dan tersohor didunia dalam masa yang tersingkat! Pelabuhan Klang yang telah established berpuluh tahun pun tidak dapat mencapai apa yang dicapai oleh mereka.

Melihat negara-negara seperti Cina dan India yang dahulunya mundur, sedang dan dibeberapa arena telah pecut mara kedepan untuk menjadi negara yang maju dan moden.

Harapan dan doa saya bahawa idea-idea konstruktif Tun dapat di manafaatkan oleh pihak yang memerintah. Dan saya juga berdoa kepada s.w.t. supaya Anwar Ibrahim tidak menjadi PM Malaysia dan Pak Lah dengan segera turun takhta diPutrajaya secepat mungkin.

HIDUP TUN!
AllahuAkbar!

Tun,

Someone says, 'A Politician looks at the next election, whereas A Statesman looks at the next generation'.

Unfortunately in Malaysia today, we have plenty of politicians, and sadly nobody worthy of being called a statesman except for yourself and a few other leaders of the past.

What we need are people with uncompromising integrity to be in the office and to lead our beloved country. If the government keeps talking about human capital development, maybe they should start with developing the right persons to lead the office and the country.

Hi Tun,

I'm not Pro to Oppositions nor BN but how can you foresee the opposition cant manage the country better than BN?

At the beginning of BN era, Yes! UMNO/MCA/MIC faced alot of challenges and obstacles. Alot of things, they were trial n error... Nevertheless, old parties like PAS and DAP also does their studies and homework researching other Parties strength and weaknesses. Throughout their management in their respective control states, so far they managing quite well and it's people are happy!

Yes! IF Oppositions did forms a new government, they might have to go through all the painful process again BUT they might have already learnt the mistakes done by the BN Government and they enhance further the existing policies and structures. It probably may turn out to be better result!

BN knew there're alot of changes need to be done BUT they're just too afraid to do it as it might spoilt some individuals' interest in BN. SO in this case, Opposition's new government wont hesitate to make changes which BN afraid to do so all this while...

I would say overall, Oppositions are more transparent then the BNs. It's healthy to see reform of new government replacing weaker government. If opposition's new government not doing their job correctly, SIMPLE... RAKYAT can just vote and change the government just like what is happening now...

Tun,

Sorry to said that but the fact is you have made the wrong decision to hand over the country to him and the rakyat has to suffer now. This the bigger mistake in your life that you had made and is the most serious one. However, no one is perfect but must be brave enough to make things right as you should responsible for your mistake.

Assalamualaikum.....

Mudah saja Tun, seperti yang Tun katakan sebelum ini, untuk menjatuhkan paklah.

1) SEMUA PRESIDEN PARTI KOMPONEN BN PERLU BERSATU UNTUK USUL UNDI TAK PERCAYA KEPADA PAKLAH SEBAGAI PENERUS BARISAN NASIONAL. TAPI, MEREKA JANGAN KELUAR DARI BN

2) SAYA YAKIN WALAUPUN UMNO DIPAKSA OLEH PAKLAH SUPAYA TAK SETUJU, USUL INI AKAN BUATKAN PAKLAH PIKIR 2 KALI. (Kecuali paklah tak ada akal)

Salam Tun,

MARAHKAN NYAMUK, KELAMBU DI BAKAR! Itulah yang dapat dicerminkan terhadap tindakan rakyat yg kecewa terhadap pucuk pimpinan negara yg diterajui oleh BN yg CEMERLANG, GEMILANG dan TERBILANG sehingga hampir hampir kita tergadai kepada parti pembangkang dalam pilihan raya yang lalu.

Adakah kita masih punya harapan untuk bangkitkan BN kembali, sekiranya tindakan rakyat yg sebergini membuatkan kita kalah dan pucuk pimpinan dirampas oleh pihak pembangkang pada pilihanraya yg lepas?

Tun, kalau rakyat sedar akan kelemahan kepimpinan BN tetapi bertindak MEMBAKAR KELAMBU, siapakah yang rugi? Kelemahan BN dan kesempatan pembangkang mengeksploitasikan Perlembagaan, Perkauman, Pentadbiran dan agama membuatkan kerugian kepada Rakyat Malaysia dan ia dilihat semakin meruncing.

Tun, siapa yg SALAH tidak penting, apa yg harus diubah dan bagaimana untuk merubahnya adalah yg paling penting sebelum terlambat.

Adakah wajar tindakan rakyat untuk menyedarkan pemimpin dengan menghancurkan 51 tahun kubu BN yang dibina? Tetapi adakah wajar para pemimpin menafikan kehancuran kubu (51 thn) ini demi menjaga kepentingan pribadi?

Wassalam.

1. How would we know something won't work if we don't try? Let's give multiracial party a try!

2. I disagree with the statement that BN is the only model for a 'many multi' Malaysia. Singapore is a good example where multiracial party is striving and they had similar beginnings like BN. So why is it only BN faltered and PAP is thriving?"

Dheepan, are you kidding me man? PAP is thriving because Singapore is an autocratic Chinese state where opposition is incapable of winning due to strict propaganda. For God sake, try living or at least reading Singaporeans' views before praising Singapore to the sky. That's why most tak-malu Malaysians tend to do- praising Singapore without a single mention of Temasek, the propaganda and the brutal control of minds or the amount of racism and bigotry non-Chinese have to endure.

Trying the PR (whose political ideologies ranged from right wing to left wing, from anti-Islam-rhetoric to Islam is the way to live, from introduce dinars to save the country's economy to abolish NEP) is an emotional decision rather than a wise, pragmatic one. PR will shatter in months of coming to power or be so weak that it is incapable of making right and robust decisions to save Malaysia - its economy and its social structure.

We can give a try for the sake of proving the liberals of Malaysia wrong, but alas, given how manipulative liberals can be, even the failure of PR will be called as the sign that democracy is strong in Malaysia.

But trust me, making Anwar Ibrahim as our PM, the man whose friends are neo-cons and world bank leaders; will just mean, our sovereignty will be on sale.

Salam Tun,

Komentor saya yang lepas kena ban ke Tun?

He..he...

Tak pe lah Tun...

Saya juga berpendat dengan Pakatan Rakyat yang longgar sebenarnya BN adalah masih pilihan yang terbaik.

Namun bagi saya Tun, jika BN masih mempunyai ramai pemimpin yang korup dan berkepentingan diri atau keluarga akan gagal juga.

Pak Lah gagal kerana anak menantu dan kronei yang tak sedar diri.

Tapi Najib, dari sumber yang rapat kata akan juga gagal kerana keluarga. Mungkin akan jadi sehebat Imelda Marcos yang mengumpul kasut berbondon-bondon.

Kita perlu seorang pemimpin yang sekuat Tun atau seikhlas Nik Aziz.

Tun, kita tak boleh mengharapkan sokongan orang kampung sahaja untuk mengundi BN dengan terus memberi gula-gula tapi pada masa yang sama menoleh juga kehendak orang-orang di bandar.

Kita tidak mahu nanti ada trend di kampung terus menyokong BN tapi di bandar menyokong parti lain.

Seperti Tun katakan, hanya dalam tempoh 4 tahun rakyat telah menukar haluan dengan hampir kesemua nya mengundi barisan alternatif terutama nya di bandar besar.

Tengok sahaja seperti beberapa kawasan seperti Kelana Jaya cukup besar majoriti di beri kepada calon yang tidak langsung fasih berbahasa Malaysia menang.

Ini semua undi protest Tun...

Pak Lah gagal untuk mentadbir negara semasa mendapat sokongan majoriti yang kuat, adalah sangat meragukan beliau boleh memulihkan UMNO dan BN dalam masa sokongan yang terlalu lemah...

Fikir-fikir lah Pak Lah dan Konoc-konco nya kalau anda semua membaca Blog Tun ini.....

Jangan salahkan rakyat jika memberi peluang kepada PR memerintah, sekurang-kurang nya masa di perlukan untuk membuat perubahan atau mungkin masa juga di perlukan untuk membuat kekayaan untuk mereka atau keluarga mereka sendiri (baru nak mula flatform tapi BN sudah ada Flatform)...

Salam buat Tun,

Actually Tun, only the politician are bickering with each other...but we, people outside here are still in good relationship with each other...just have a good walk at the bazaar ramadhan...see for yourself....

We need a leader with good fighting spirit to work for the people to manage this country. But sad to say...there's none in the present government. All they are doing are for their own benefit and less effort to change and upgrade the PEOPLE standard of living...we would like to move forward. Worst still, there's not an effort to take care of the younger generations, - criminal amongst the young people and even children are on the increase - such as killing and raping. Scary isn't it? Majority of them have less respect for the elders and pathetic level of morality. Cannot imagine the kind of future our children will have???!!!

Crime rates are on the increase, almost all housing area wants to be gated and guarded. Walking at night alone to Pasar Malam is not even safe nowadays. No offence to the foreigners, but some of them does not respect the locals.

Treating every race equal??...then there should only be one National school, one language but all info and teachings about other races cultures and language can be taught in the same school for the benefit of all.

When one race is given extra privilege or business opportunity, it's obvious they will share it with their own race and to improve their networking. Be it Malay, Chinese or Indian...it's all the same. They will of course help their own race. And what is unique about here in Malaysia, almost all race are in good position, which is some are richer than the rest and some are poorer than others. That's life! What is important is to have peace and tolerate with each other needs.

So, the present leaders, do you think you have done enough to solve and improve all the above. This is for you to ponder and decide and take action before it's too late.

P/S - just to side track a bit:-

No one should interfere with other religion or even comment. It's an insult and one should just take care of their own religion. Who are we to judge other people religion. Let those who are qualified and master the religion discuss and debate about it to come to an agreement. This is important for the country stability and harmony.

Wassalam, have a good "berbuka puasa" Tun....

Dear Tun,

Sometimes I think Pak Lah is a joke.

By bangsamalaysia on September 22, 2008 6:04 PM

Dearest Tun,

>>>4. Where before all parties avoided raising sensitive issues in public, now in the name of democracy and liberalism sensitive issues are brought up in which the component parties of the BN make known the differences in their view. The result is to widen the divide separating the BN component parties.>>>

These issues are always in the community. At any instance, the gulf between the races can be narrow or wide, depending on the issues prevailing at that moment. All races, including their leaders, have worked hard to ensure racial harmony is not disrupted.

>>>5. When Ahmad Ismail made unpalatable remarks about the Chinese, it was made out that it was the view of UMNO itself. Far from denying it, the UMNO leadership accepted the blame and apologised. This solved nothing as the Chinese parties refused to accept the apology but demanded the culprit himself should apologise.>>>

Tun, from my conversations, many perceive there are many "Ahmad Ismails" in UMNO. Your pohon maaf 1 also did not distance yourself from "Ahmad Ismail" according to some.

>>>8. Threats to leave the BN are made by the Chinese parties, not just because of Ahmad's refusal to apologise but also because of the impression that they are subservient to UMNO. They believe that the failure of Chinese voters to vote for them was due to this junior position they hold in BN. To correct this impression they found it necessary to take pot shots at UMNO and defy the BN leadership.>>>
Wonder why the Chinese voters should feel like so. Maybe there is some truth in their perception?

>>>9. Privately UMNO, MCA Gerakan and MIC express their dislike of Dato Seri Abdullah and his Premiership. But none seem willing to acknowledge that it was dislike for Abdullah which caused the BN to lose the support of the people. Instead they picked on the parties and blame each other.>>>
Quite the contrary. Many put great hope on AAB but were disappointed. Some blamed AAB but many blamed the party that he inherited too. Perhaps, a combination of these 2 in various proportions.

>>>20. There must be some new thinking on the BN concept. But the basic premises about close collaboration between the parties, about the need to help each other, to accommodate and deal with grouses together should be maintained.>>>

BN should change. UMNO should change. The relationship between the component parties should be more equitable based on fairness and reasonableness. To not change is to ensure BN's own demise through implosion from within.

Yours Respectfully.

Dear TUN,

I agree that BN is still the viable route for all in Malaysia; though the execution part may have to fine-tune according to times. I hope leaders of all parties could sit down together and work out the best routes to take; taking cognisance of the sensitivities of all communities. GIVE and TAKE attitude AND respecting each other for the good of nation building together. Let there be fair play.

I think the call by the Minister of Trade today is very important; if parties in UMNO do not recognise that we may actually see the end of UMNO and BN (in power) come the next GE. Speaking as a concerned citizen and one that supports BN, if the leaders do not hear the voices on the ground and bring reforms and damage control SOON (and AAB still in denial mode), will be disastrous to say the least. Act now before it's too late!!!!

Take care TUN, your suggestion to re-peg is thrown out by the DPM and Bank Governor - I hope they are right! God bless you.

By LRJ on September 22, 2008 6:05 PM

Dear Tun,

Re: You are the reason BN/UMNO is finished

You are wrong again. The truth is that – but you will never accept it – the defeat of UMNO was merely postponed to March 2008 from 2004 (when Pak Lah had a landslide victory). If you had led BN in the 2004 GE you would have lost even worse than in 2008 and would have been decimated. You forget how hated you were by the Malays (I haven't), who considered you the Great Pharaoh, remember?

The people were sick of Mahathirism and its corruption, cronyism, oppression and racism. The people of all races wanted to believe that Pak Lah would be different and would put an end to Mahathirism and so they gave him the opportunity (as only generous Malaysians can) with the landslide. But, alas, Pak Lah failed us all because he is weak. But the real reason March 2008 happened was because Pak Lah failed to end Mahathirism as promised, he did not do anything new to be hated. He continued your policies of

corruption, cronyism, oppression and racism and that is what has brought him down. You are the cause, Tun.

So the ultimate fault is yours alone. Who cares about ICQ, half bridge and other discontinued mega projects of yours? No one, only you!

You are the culprit who destroyed UMNO/BN and history will record it as such despite your bitter attempt at historical revisionism.

Today, I withdraw my support for him if there is any left with me.

Frankly Tun, I just do not know what is going to happen to this country.

But one thing, I will not give up easily as you really inspire me not to.

Dear Tun,

The problems facing the nation are many and truly it is sad that you are unable to enjoy your retirement and even sadder to see that all your efforts are being ridiculed and scorned.

However I for one take heart that you are still so concerned of this country you love and hope that you will be able to engineer a coup to fix BN before BN is no more. Of course hopefully whoever you assist will be much better and stronger leader (as i think anyone can be a bit better or even a lot better).

I think you should blog on the viability not just of BN but also of the component parties. To have a leader so blatantly clinging on to power despite the huge election defeat cannot be good for the coalition. The

voters voted for change and yet see more of the same, next election they would then be forced to throw the baby out with the bath water. The thinking of giving the opposition a chance to govern the country is getting ever stronger. I for one believe it is misguided as such turbulent economic waters that we are heading for calls for a strong and stable government in which the people are united behind and support fully, and yet this is not forthcoming and all hope seems lost. Therefore the fire of the opposition burns ever brighter while the flames of BN is being doused by their own people.

PS : I am very happy to see that you do read the comments of your postings. Though most of those who read your posts are supportive of your cause and therefore a lot is preaching to the converted.
By scor on September 22, 2008 6:21 PM

Dear Tun,

I am sure BN can regain the rakyat's support and trust. However, looking at the current situation, BN is not making any move to improve the situation. They are seem just waiting for the opposition to make their move. I am sure Tun, you are still influential and can contribute much to the strength of the coalition. My hope is the current leader will accept you back, consolidate all the parties within BN, create a new understanding and common target to be achieved by the country in handling the current economic problem and to tackle the problem faced by the rakyat.
By s arasu on September 22, 2008 6:22 PM

Dear Tun,

We have given the Barisan 50 years and with all the problems now, it is TIME FOR CHANGE. Malaysians, by far and large have changed and are more aware of the happenings around them and in the country.

The country needs NEW MANAGEMENT (and that is not one person only) but the whole lot of them! If it doesn't work out we can always change again! This country cannot be destroyed in one term of a new Government. That I am sure of.

Assalamualaikum,

Saya bersetuju dengan Tun menyatakan BN adalah yang terbaik dalam menegakkan negara berbilang bangsa. Parti yang terbaik.

Tapi rakyat sudah tidak mahu parti yang begitu teruk akhlaknya.

BN terbaik kerana tiada perbandingan dapat dibuat. PR pula tidak dianggap baik di peringkat persekutuan kerana ia tidak pernah memerintah, sebab itu rakyat hendak pilih PR kerana ia ingin melihat ke tahap mana PR boleh memerintah. Tun hanya bercakap menggunakan andaian, mengatakan PR tidak mampu, tapi pernahkah kita melalui ketidakmampuan itu. BN telah melaluinya, bukan satu percaturan rakyat, tapi ia lebih dari satu harapan. Biar wujud satu persaingan untuk menjadi baik. Tidak perlu rakyat didedahkan tentang "perbandingan yang bodoh". Bandingkan dengan yang ada bukan yang tiada.

Saya rasa kalau di tanya majoriti sekarang siapa yang mendapat sokongan rakyat. Mungkin itu bukan satu yang soalan yang ingin Tun jawab. kerana berdasarkan apa yang diceritakan diatas oleh Tun telah menjelaskan segalanya. Tapi mampukah TUN, UMNO & BN menjawab secara jujur soalan tersebut. Tapi saya tahu, Tun amat yakin dapat mengubah sokongan rakyat. Saya ucapkan semoga berjaya.

Ingatlah, sesuatu kaum itu tidaklah susah bagi Tuhanmu untuk menukarkan dengan kaum yang lain. Pepatah Hang Tuah tidak sehebat Ayat-ayat Allah. Sajak Tun tidak seindah Al-quran.

Kami rakyat bukanlah seperti Tun, terperangkap dalam satu parti (walaupun dah keluar) kami rakyat tidak hanya melihat satu parti sahaja, tidak pula melihat dari satu sudut, kerana itu yang kami belajar dari kecil. lihatlah dari semua sudut. dimana lebih kebbaikannya Dan disitulah sokongan kami. Kami tidak meminta untuk mengubah sokongan kami dengan duit atau harta tapi tunjukkanlah jalan kebenaran. Satu pesanan, kalau Tun ingin membuka keburukan orang (Paklah), tapi dapatkah kami memaafkan keburukan

Tun(kalau ada) selepas itu, silalah kami nie rakyat Tun yang pemaaf, tak suka saman menyaman, kalau orang pukul kami senyum ja.

(Saya baru baca 13 Mei (part 3) kat Malaysia todays, nice history article, should be quote into secondary school history subject)

Hanya pendapat seorang rakyat.

The power of Abdullah casts fear among the UMNO members. There a lot talks about hoping for him to step down. The only hope for a revival of BN comes from UMNO. Only UMNO members could do this because their objective is complete and clear. Therefore, a strong force is needed either in a person or a group of very well understood people is needed. DO WHATEVER IT TAKE BY THE RIGHT WAY TO PROTECT OUR RELIGION AND RACE. Other big components seems wants to take an advantage of this situation. Probably, there are intentions to resuscitate BN. However, how could they not resist the temptation of absolute freedom ? A possibility they probably thought impossible in their life because UMNO the ruling party was so strong. But the situation now is different. UMNO is weak and the leader is in denial. Nobody will notice that they are not making a real effort. Actually, they had been doing that like this since forever but it doesn't matter because UMNO was strong. The opportunity of abolishing ' hak keistimewaan melayu' is this. They are certainly economically most stable as far as their race is concern and most likely able to survive. Pushing for their ambition is more rewarding and worth a try. As long as a person or a group is not able to do this, then the Bumiputras must be ready. They must equip themselves as fast as they possibly could with the right attitude, values and their own strength for survival. Because, prepare for denial of your own race and religion in your own country just like what is happening in Singapore. When that happens, our religion is pushed aside in our daily lives. Please pray hard that somebody could help build this nation in balance once again where the poor and weak are not slaves of the rich and powerful. Most importantly, Where ISLAM could be fully practiced. Work hard, pray hard, built strength and STAY TOGETHER TO PROTECT OUR RELIGION AND RACE !!

Hi Tun,

1. BN is no longer relevant in the sense of building the Nation nor Unity.
2. BN has loss their causes in their own leadership arrogance.
(Leadership by arrogance and rhetoric was founded by the previous PM)
3. BN can no longer be a torchbearer of the faith of Rakyat as long as it do not practise Justice. (Because they dont know the meaning.)
4. Not sure why you are fighting a loosing battle. Since Tun was one of the reason BN has been weakened.
5. Why dont Tun for once repent for your mistake. THough you don have to admit it publicly but you can just move on with your life rather than try to impose your minority idea to the majority people who rejects it.

Thank you. Just setting the record straight.

Salam sejahtera YAB Tun,

I remember when UMNO diharamkan in 1987, Tun opened the present NEW UMNO. So may be we should haramkan UMNO now and Tun can open a NEW UMNO again. As it is Pak Lah seems to be all too powerful even for Tun, it is better to replace UMNO with a new party by Tun. I am sure Tun will get 90% of present UMNO members joining Tun's new UMNO. With that all the problems will be solved. BN can be re-invented using another name with the exclusion of Pak Lah's UMNO. In 1987, all BN parties gave their support to Tun's NEW UMNO and accepted your leadership under new Umno without any question. This can be repeated again this time for the sake of the nation.

Why Tengku Razaleigh, Muhyidin and Dato Seri Najib have to tow the line and wait for the nation moving back 10 years economically before taking over the ruins from Pak Lah. People's interest come first and that is to have a new PM from BN which seems to be so far away.

I am very sure all BN component parties including SAPP will come back and resuscitate as Tun advised in the new BN. Tun walking out of UMNO without opening a new BN leadership party has kept Pak Lah longer in power and also more peace without your threat within his UMNO. All BN MPs would have still switched to Tun's new BN as now they are rumoured to be switching to PR! Poor BN MPs are left with not much choice.

Selamat berpuasa.

Assalamualaikum wr wb,

Dear Tun Mahathir,

I think that somewhere down the line - Malaysian Malays have become 2 distinct groups. One supports racialism etc while the other, liberal, English-educated lot prefers a non-ethnic approach to politics.

From my vantage point in Singapore, I think the BN must be sensitive to these changes in perceptions, aspirations, values etc. Rapid industrialisation leads to many social changes. The BN cannot use a one-size-fits-all formula. I say it again - while racialism has benefitted the Bumiputeras - I don't think the Non-Muslims are happy with it as they tend to lose out by the practice of racialism.

Malaysians have to be mature enough to realise the major changes taking place in their society. For BN to stay relevant - is precisely to question the current dogma of race-based politics. Otherwise the BN really will become irrelevant...

Finally - some readers here cannot accept frank and honest feedback. Too bad. The truth may hurt - but it still remains the truth.....I speak my mind freely and without hesitation.

Best Regards
Dr Syed Alwi Ahmad

assalamualaikum tun,

1. rakyat asyik menyalahkan pemimpin jika ada sesuatu yang tidak mereka fahami. Mereka cuma nampak apa yang di depan mata tanpa cuba untuk menganalisa dahulu keputusan seseorang pemimpin. Peristiwa ini selalu berlaku dalam masyarakat kita terutama sekali orang melayu. Keupayaan untuk menganalisa sesuatu itu amat kurang menjurus kepada rusuhan, tidak kepuasan hati dan sebagainya. Saya jenis anak muda yang berfikir berlandaskan logik akal dan analitikal untuk menyelesaikan masalah saya. Jika orang melayu dapat melihat dari sudut tun ketika membuat sesuatu keputusan itu maka baru lah mereka akan menghargainya. Dengan pendirian ini lah saya tetap pertahankan tun jika sesiapa soalkan kejayaan dan keputusan tun selama ini.

2. negara kita memang pelbagai kaum jadi memang lumrah yang kita ini bersifat perkauman jadi perlu ada parti seperti UMNO, MCA dan MIC untuk mewakili suara kaum masing-masing. Parti multi-racial seperti PR ini hanya akan bertahan seketika kerana kepopularitian Mr. Al tetapi akan timbul kesulitan seperti ketidak fahaman tentang agama, budaya dan adat di antara kaum itu sendiri yang akan membawa kepecahan kepada PR itu akhirnya walau pun dewasa ini penyokong PR berpendapat ia boleh di lakukan.

3. Kefahaman antara kaum ini telah pun dicapai dalam BN selama ini tetapi akhir-akhir ini hancur akibat kepimpinan yang lemah yang ditunjukkan oleh Mr AB. Sepatutnya Mr. AB lebih banyak berkomunikasi

dengan tun untuk mendapat nasihat dan pandangan kerana tun mempunyai pengalaman menjadi perdana menteri. Bukan nya dengar cakap orang yang tak berpengalaman. NI sikap orang melayu jugak ni..bodoh sombong..

4. Konsep politik BN adalah yang terbaik untuk malaysia tetapi orang yang didalamnya yang patut dicantas keluar supaya tunas yang baru tumbuh dan dapat di bentuk semula. Bukan ambik jalan mudah dengan mengantikannya dengan PR yang konon-konon nya adil lah sangat.. telus lah sangat sampai nak rasuah orang terang-terang pun rakyat halalkan.. BODOH sangat orang sekarang ni.

buat tun.. selamat berbuka puasa.. wassalam

1. 20 years ago when we talk about Kelantan, Penang, Perak, Kedah, KL and Terengganu may drop to opposition, many people do not believe it and said it is "miracle" to happen.

2. When voters gave the state seat to Opposition, they will always consider and reserve the parliament seat to BN. Because a strong government is needed to govern this multi-racial country.

3. In 2008 Election, may be because of the failure to understand the voters feeling and may be with a bit over-confident. "Miracle" happened.

4. Many still do not believe the voters would "dare" to give the Parliament seat to opposition. This situation never happen before.

5. Malaysia been enjoying the harmony and stability because of strong Government. It is not a " miracle". hope voters could understand this point.

TUN, Twenty-two years of Mahathir's administration has done considerable damage to every important national institution. Emasculated completely the judiciary, the police, the AG's chambers, the ACA, which claimed they were independent but we all knew they were not independent
By Neil on September 22, 2008 7:30 PM

TUN, The damage was created by the Mahathir administration. When he came in, he had no understanding of the workings of the civil service, unlike the previous PMs who were all civil servants or former civil servants. Mahathir just dispensed with their advice. He wanted to do everything according to his own standards and civil servants were marginalised. They were under threat. They felt threatened, very senior people were demoted. They became de-motivated.

Dear Tun and warga chedet,

1) BN was formed base on multi racial component parties. It has been a formula of success to handle a multi racial country and economy. We do enjoy great success for the past 46 years and regression in the past 5 years. In this 51 years we learnt a lot and getting smarter. We know what we want.

2) BN has come to this stage not that the Malay was angry with the Chinese or Chinese angry with the Malay. It is maily due to the OLD MINDSET + CORRUPTION. All this tension is politically motivated for personal gain, just like the previous May 13. You should know better than us Tun. UMNO should bear the responsibility of BN down fall and not the Rakyat. UMNO is too corrupted. I hope you can clean it up before your son take over. If not UMNO will be in Hari Ini Dalam Sejarah as a party who failed the rakyat.

3) Malaysia need to go through a reform (No choice). During this reform process everyone will get hit and we have to come out from the comfort zone and compete with rest the world. Proton (your baby) is a good example of protectionalism and favoritism. Now Proton can't even compete with the Korean made. At one point we are on par with them, now they are ahead of us. The world has changed, Malaysian must be united and stop wasting time politicking.

4) Malaysian politicians and rakyat need to change, or else we will be left behind. Look at the developed nations, they do have 2 parties system that will check on each other. So all policies made are after debates and consensus. Stop using Politic for Personal Gain.

STOP USING RACE CARD TO HIDE CORRUPTIONS FOR PERSONAL GAINS

BN is the political Alibaba business operated by UMNO against Chinese and Indians. The minorities have

no real power, although they have the names, but all tiny, given by UMNO. In real, the good ones should become the ministers and so on, not decided by the race.

If you need more Chinese ministers and you don't have Gerakan and MCA, go and pick up all those MPs from SUPP. In this case, one stone serves many purposes because it satisfies the Chinese under this Alibaba business and it also throws out the claim that East Malaysia has been marginalised. You may have to answer to this claim because you have not done anything to correct the problem, but escalate the marginalisation when you were holding the great power.

I hope that the racism in governing that is the basis of BN should not continue. BN should break apart such that people will look for new concept in managing this country, for a better tomorrow.

Dearest Tun,

I don't believe that Pakatan Rakyat n Anwar is even an option for Malaysia.
The best thing to do is to revive Barisan Nasional.

Tugas berat skrg ini terletak pada bahu ahli-ahli UMNO n BN.
Mereka mampu dan perlu buat perubahan dan desak perubahan dgn segera.
Rakyat bukan politik hanya punya jalan undi sahaja untuk lakukan perubahan dan jalan itu tidak akan datang sehingga 4 tahun lagi.

Kita semua rakyat harus memberikan idea untuk menyelamatkan negara kita.
Bukankah ini negara kita bersama juga?
Janganlah kita sibuk menuding jari sehingga terlepas pandang pihak2 yg mengambil kesempatan.

Assalamualaikum Tun.

Sesuatu yang menarik berlaku dengan suasana politik negara pada masa kini.

Beberapa minggu yang lepas saya baru membaca sebuah buku yang saya beli pada 1998.Tapi tak habis-habis baca pun.Baru sampai separuh.Di situ saya mengenali satu perkataan baru bagi saya.Conceal.

Pada dasar ekonomi dalaman Malaysia terdapat satu 'conceal move' yang mana semua orang tahu.Sabah dan Sarawak menyumbang kepada kemenangan BN.Dan di situ jugalah Anwar dan sekutunya mencari makan.

Perlunya pemikiran baru tentang konsep BN dan kita akan lihat siapa yang akan mendapat keuntungan.

Pada saya jika MCA benar-benar ingin keluar dari BN,dipersilakan.Ekonomi dan politik Malaysia akan tetap baik walaupun bukan untuk masa sekarang.

Terima kasih Tun.

"The Ringgit is depreciating and may shrink further. The cost of living has shot up. Businesses are having a hard time already. The recent decision to tax excess profits of the Independent Power Producers has caused foreign investors and locals too to lose confidence. The tax has now been withdrawn but not for the first year. This alone would put the IPPs in trouble with their banks."

Yes. BN IS relevant to Malaysia's survival - same as said to the other parties.

But what Ahmad has done, has sparked a civil war, in terms of politics.

What happened to the Chinese MP FURTHER added oil to the fire.

All for political reasons and gain.

It is not fair to us, the rakyat. We are suffering the effects of the unnecessary and pointless bickering of the politicians.

Malaysia is falling, because of internal war fare.

Yours sincerely.

Tun,

Apa yang Tun kata memang ada betuinya tapi sejak Paklah naik, sorang2 ahli UMNO tunjuk kepala hinggakan rakyat nampak terang tang tang perangai buruk mereka, isi hati mereka malah rasuah yang mereka terima. Dengan adanya dunia Internet, macam2 cerita baru rakyat mengetahui dengan mudah dan cepat.

Masa zaman Tun dulu, kebijaksanaan Tun membuatkan BN dalam keadaan yang sangat selamat sebagai kerajaan. Paklah tidak memiliki kebijaksanaan macam Tun.

Mungkin sebab Tun seorang mamak dan sudah tentu dalam diri Tun wujud perasaan sebagai seorang pemimpin pelbagai kaum. Tun jaga semua dan semua puas hati, tidak wujud perasaan benci sesama, wujud tolak ansur dan wujudnya pelbagai kaum tidak menjadi isu.

Paklah seorang Melayu asli, dan dia tidak berfikir sebagai seorang pemimpin untuk rakyat pelbagai kaum. Dia lebih buyers terhadap Melayu, tengok kes Ahmad Ismail cukuplah. Sudah jelas yang Paklah seorang buyers. Kalau time Tun dulu, awal2 lagi dah masuk dalam tp Paklah pula biarkan dia menyalak macam anjing hinggakan makin kemarahan makin menegang.

Itu saja coretan hati saya untuk artikel ini. Terima kasih Tun

Dear Tun,

To solve all this problem is for the leading BN component party ie UMNO should go back to BASIC. UMNO grassroot members should be willing to make drastic changes to their party structure and leadership. As it is now the leadership of UMNO under Pak Lah is incapable to get the respect from the grassroot members of his own party what more the rest of BN component parties. That is the reality!

Get rid of Pak Lah and all those DEADWOOD leaders like Mat Tyson, Tengku Adnan, Anuar Musa and the rest of his haprak and HP6 konco-konco who have been overstaying their welcome within UMNO hierarchy.

If this not changed then I am afraid you will see UMNO will soon become a "mosquito" party.

By peteryap on September 22, 2008 10:13 PM

Yang Berbahagia Tun,

Total agreement with your views. Barisan is still the best solution for this country and Anwar and Pakatan Rakyat is not even a logical alternative.

However, for Barisan to come together quickly and sort things out NOW before it's too late, requires strong and competent leadership at the very top. We simply dont have this at the moment!!

UMNO is the big brother in the Barisan and I am sure all the other components are waiting to see what will take place at this November's party election. It requires a Tsunami within Umno to ensure that it remains a relevant and leading party within the Barisan.

We have to have nothing less than a new PM and DPM to avoid further disaster to the well being of our beloved country.

Selamat Hari Raya to Tun and family. God Bless!

Akum TUN berdua,

semoga sihat dan dilindungi Allah sentiasa.

Tun,

Saya bersetuju dengan pendapat Tun bahawa BN dan konsepnya masih relevan, namun pemimpin yang sedang berkuasa kini telah merosakkan imej BN dimata rakyat dengan memesonkan fakta dan menyimpang jauh dari matlamat asal.

Tun, saya juga bersetuju dengan pendapat ramai pihak hanya Tun yang dapat memulihkan imej BN dengan memimpin kembali BN seperti dahulu dan memperbaiki segala kepincangan yang ada. Saya amat berharap agar Tun dapat segera mengembleng kekuatan jentera penggempur dari segenap peringkat UMNO agar dapat menyalakan petualang-petualang yang bermaharaja lela didalam UMNO kini yang telah merosakkan payung keramat Orang Melayu itu. Dan semua ini harus dilakukan demi survival ketuanan Melayu di bumi ini.

Tun, saya amat berharap pada pemilihan UMNO kali ini, ahli-ahli UMNO dapat bersatu menolak pemimpin2 yang telah mengkhianati perjuangan bangsa Melayu agar UMNO kembali gagah dalam perjuangan yang masih belum selesai.

Tun, saya sebenarnya amat berharap dan berterima kasih kiranya dapat berbicara dan mendapat nasihat dari Tun melalui e-mail memandangkan saya amat2 mengagumi Tun dan menjadi impian saya sejak dulu agar dapat berbicara dengan Tun. Namun saya faham saya hanya lah rakyat marhain.

Akhir kata, Hidup Tun, Hidup Pejuang Bangsa

By barmember on September 22, 2008 10:15 PM

Dear Tun,

I think your call for more unity now in BN is the only way and noble but I believe it is already too late.

The damage done is too great. At the rate the component party like MCA, MIC and Gerakan is taking pot shots at UMNO can only mean that they no longer treat UMNO as their "big" brother". They are now presenting their views more towards the racial tone of their own party interest and not BN's interest.

Clearly they are thinking of their party own survival so that they can bring back support that were lost in the last election. BN component party is being more racial than it ever was, so I don't think we can expect them to go back to the position prior to the election.

It sad but true Tun, I really don't see how UMNO can gain the respect of their component members.

Unless UMNO can produce another true leader like you TUN...it's all over for BN. It may still exist in form but the substance will never be the same.

By zarathustra on September 22, 2008 10:18 PM

Salam to the greatest PM in the world -Tun MM.

I think enough is being said about the present situation in our country. Pak lah is not reading or listening and neither is DSAI giving up his ambition. Its the role of the rakyat now to take the que to make things happen.

"Get up stand up, stand up for your rights.

Get up stand up don't give up the fight" -Bob Marley

By cakkuncak on September 22, 2008 10:21 PM

YAB Tun,

Weak and incompetent leadership sums it up accurately but the failure of other leaders to act is also the cause that have made this mistake evolve into a deadly virus.

I think the rakyat have done their part in the last General Election by giving the BN and its ridiculously 'stubborn person' who assume leadership position a very clear signal, in the hope that BN and this 'stubborn person' would get it.

Now, it is clear apart for you and a few other voices; what the rakyat signalled did not mean anything.

There remain only 3 likely outcomes :

1. BN is toppled by the Opposition - in whatever way that may be..(who can guess anyway - with the BN in a shambles ,it can be terminated in more than a hundred ways)
2. The rakyat wait until the next election and make the choice to end this mistake and most likely end BN rule.
3. UMNO realise and admit to this mistake and take action immediately.

Out of these three options...no.3 is highly unlikely now if UMNO leaders continue to refuse to face reality and act for the rakyat's sake.

What else can we expect my dear Tun?

There is only one way to teach DS Abdullah to get the message and that is by removing him from office.

He and all the current UMNO leaders are destroying the country and I just dont see any way out unless they wake up and act.

ASSALAMUALAIKUM WARAHMATULLAH HI TAALA WABAROKATUH

Yang dihormati lagi di sayangi Ayahanda Tun dan Bonda Siti Hasmah

Benar seperti kata ayahanda. BN IS STILL RELEVANT BUT IT IS SIMPLY DUE TO VERY POOR AND INCOMPETENT LEADERSHIP THAT BN IS ROCKING NOW AND ON THE VERGE OF BREAKING UP.

Dahulu ,semua isu2 sensitif yang di anggap KERAMAT DAN TAK BOLEH DI PERBINCANGKAN kini telah di timbulkan kembali baik oleh pihak

pembangkang mahu pun pihak mca,mic,gerakan dsb.

Isu2 seperti ISA juga hangat di perjuangkan oleh bar council untuk di mansuhkan .hindraf dengan agenda2 karut nya.anwar ibrahim dan pkr dengan segala tipu muslihat nya demi hanya untuk menjayakan supaya anwar al juburi menjadi PM Malaysia.dap dengan motto nya "BY HOOK OR BY CROOK" Malaysia tak boleh jadi Negara Islam dan pas pula dengan kealiman yang di tunjuk2kan dengan harapan agar Malaysia menjadi Negara Islam. GANJIL SUNGGUH PAKATAN RAKYAT NI.

BETUI2 MACAM POMPUAN SIAM KAT DANOK THAILAND.BAR/KARAOKE DENGAN PEREMPUAN YANG SEPARUH TELANJANG SEBELAH MENYEBELAH DENGAN KEDAI MAKANAN ISLAM YANG POMPUAN NYA BERTUDUNG CANTIK.KAKI2 PENIPU DAN PEMBELIT PUN RAMAI JUGAK DI SANA -PKR LE TU.

Kalau pemimpin2 BN (BUKAN PEMIMPIN TERTINGGI YANG SEKOKO TU) tahu bahawa pakatan rakyat ni nampak saja BERGABUNG TAPI TAK SEHALUAN DAN GOYAH DAN CURIGA MENCURIGAI ANTARA SATU SAMA LAIN

tentu depa tau bagaimana nak buat kerja.

TAK PERCAYA KALAU KATA MEREKA TAK PERCAYA ANTARA SATU SAMA LAIN?

SAYA CABAR PEMIMPIN2 PAS ATAU AHLI2 NYA -bawak anwar ibrahim ke Kuala Trengganu dan suruh dia jadi IMAM SOLAT ZOHOR DI MASJID RUSILA dan tengok berapa ekok orang PAS yang akan jadi makmum-rasa2 nya sekok pun tak dak- PASAI APA? -TAKUT AL JUBURI.

Boleh jadi kah pemimpin2 mca,mic ,gerakan dan lain2 nya CUBA NAK TIRU LANGKAH AYAHANDA TUN - TAK AKAN MASUK UMNO SELAGI pak lah tak letak jawatan .jadi di sini -TAK AKAN MASUK BN SELAGI pak lah TAK LETAK JAWATAN.

Walaubagaimana pun ayahanda Tun dan Bonda jaga lah kesihatan baik dan semoga Ayahanda Tun dan Bonda selalu berada di dala, liompahan Rahmat ALLAH SWT

Salam Tun,

I have learn a lot from reading your blog. At least, the version from the government point of view (from Tun as an ex-PM).

I do agree with you that the Opposition may not be able to handle the racial problems as there is actually nothing to fall on in this issue. They had yet to show any framework or blueprint or model on how to tackle this problem. In fact, I do not think any of us do.

However, I do not agree with you that BN is still the ideal coalition for Malaysia's multi-racial population. BN had not done anything to create a Malaysian race.

We had never try to improve our racial relationship even though all our national policies always had unity

of the people in mind.

We only show unity in both ends but not in the middle. We show our unity in the school children and unity in the top BN leaders.

But in the middle, in the university, in the workforce, in giving out scholarship, in promotion of government positions, in giving out business licences, the common middle class people do not see any unity. We see racial policies.

I think BN had only Malay unity, or Chinese unity or Indian unity in mind but never try to foster a Malaysian unity. Cooperation is not a unity.

We still follow the British model, divide and rule in BN.

So I do not think another legal law enacted will not create a united Malaysian. It only "taboolised" the subject.

By peacemind on September 22, 2008 10:34 PM

Good day to you Tun,

Unity in BN ? Stop pointing finger? I don't think so. Human behaviour tell one thing save yourself first. BN members are busy protecting their own interest. No one would stand up and fight for rakyat or even BN future. They just need to concentrate on how to suck rakyat hard earn money and leave this country if thing go wrong.

I guess our mindset is still weak. We need great leader to guide us. If leader like to sleep, the whole nation will sleep. If the leader good, then we are good. This type of nation cannot last long. Why we have such weak nation? Because to remove AAB is like killing Hitler or Shi Huang Ti. Like that we call democracy. Better call it dictatorship because dictator setup their own rules but AAB is worst. He use ISA with no rules. He raise petrol prices like a dictator raise taxes. Dictator have no idea about economy. Dictator only know how to use army to rules. AAB is planning his way now. He did it. Congratulation Defence minister. I guess our children will be reading history AAB the great.

I love peace. Definitely cannot find peace in dictatorship country.

Dear Tun

Again I disagree with you that BN is still relevant.

At one point I admire you for you were the unchallenged leader and you have made Malaysia known in the world. On the other hand, with all things look nice on the surface, the coalition led by you were spawning corruption, incompetency, cronism and discontent among races. It's a can of worms. You had been spoon-feeding and you were spoiling them. You have to take equal responsibility for it's current state. It just take an incompetent leader to expose that that.

We will not forget how Hisham and KJ waved the Keris, and we will not forget Ahmad Ismail. We will not forget the words they utter about the Chinese..

I paint a bleak future for BN. The cracks are appearing everywhere. The leaders incapable of leading the parties and the country. It's a total lost of confidence. The component parties are splitting off. There is no more credibility. PKR does not even need to do much to promote but just let BN see to their death. Then PKR becomes the coalition, although weak there is non other. The people are not all too trusting of Anwar and his schemes. But it's a calculated risk taken because after all there is no credibility with BN. The MPs jump ship and PKR takes the lead effortlessly. Even if that doesn't happen, it will will happen then when BN faces a total loss in next general election and left with nothing but to cry and sulk.

In the meantime, we have friends migrating. Ya.. If we don't like the country, then we can just migrate isn't it. So not only foreign investors are fleeing, Malaysian are fleeing too. If BN still leads, and UMNO still being as arrogant as ever, then you will have more people leaving. Then it is of no question that Malaysia is an Islamic state, UMNO can do all they want, say all they want. If that happens.

Salam Tun,

Saya rasa kita perlu memberi cadangan sekali kalau kita nak komen tentang sesuatu.
Dalam kes AAB ramai sangat yang komen tapi saya belum dengar cadangan yang betul2 bernas.
Tun mencadang kan AAB letak jawatan. Tapi sapa yang perlu menggantikannya?. Macam mana kita nak tau Najib atau Ku Li atau Muhyidin lebih baik, sama atau lebih parah?
Saya percaya setiap yang berlaku ade sebab-musabab untuk kita fikir jauh kedalam lagi.
Bukan setakat jatuhkan AAB tetapi kita kene fikir mcm mana AAB no 2 tidak naik tahta pulak lepas tu.
Saya bersyukur pada Allah kerana mengurniakan tun sebagai pemimpin Malaysia selama 22 tahun.
Terlalu banyak yang tun lakukan untuk Malaysia. Tapi saya fikir itu semua adalah tanggung-jawab tun sebagai pemimpin. 'Nothing less any malaysian should do'
Mungkin orang akan tanya kenapa AAB tak macam Tun? Apa perbezaan nya?
Kalau kita interview sesiapa pun untuk jawatan PM semua akan jawab dan janji akan melakukan yang terbaik. Tetapi kenapa kalau dah dapat jawatan kadang2 tak seperti yang diharapkan?
Saya fikir keikhlasan dan kejujuran lah yang penting. Takdanya ke2-2 element ini menyebabkan seseorang itu gagal melaksanakan tanggungjawab nya dengan berkesan. Dan rakyat Malaysia penat pulak lah nak menjatuhkan pemimpinnya lagi.
Sekurang-kurangnya saya dan ramai rakyat Malaysia percaya Tun ikhlas dan pada Tun lah semua

harapkan untuk melantik pengganti.

Sekarang ni yang Tun pilih dulu tu tak menjadi! Tun kene fikir jugak kenapa begitu?

Tun masih mempunyai pengaruh, cadangkan lah pemimpin untuk menggantikan AAB. Yakin kan semua yang Tun tidak melakukan kesilapan lagi. Promote lah pemimpin ini dengan strategi2 yang boleh menjayakan nya.

Semua ahli UMNO dan kebanyakan rakyat setuju dah sekarang nie yang AAB perlu turun. Dia sendiri pun setuju yang dia kene turun! Unsur subversion tak timbul lagi.

No need to fight with AAB. He is not even in your league. You are ex-PM and he is just the PM. I don't think you are afraid of his power, do you? Trust me you yourself under estimate how much people would listen to you. You just need to talk at the right place(s) with the right message. 'That is the least you can do for all Malaysian'. We all put our confident in you again now!

Dear Tun,

BN must not break up. BN is the best option for Malaysia even until now. BN needs a change of approach. BUT BN must stay together and work out the problems together.

Pak Lah is not blind, Pak Lah is not deaf, Pak Lah is not dumb. Pak Lah knows what is going on. Pak Lah know that he has to step down to save UMNO, BN and ALL of Malaysia. However, as a PM he needs to have the space and time to step down gracefully and honourably.

But Pak Lah, time is not on his side.

Now Muhyiddin had back tracked his earlier statement - Probably to give Pak Lah time to do the wise thing i.e. to step down. But the the damage is done.

The grassroot is now ready for a change of leadership. They want to save UMNO and BN from disintegration.

MCA, MIC, Gerakan and the fellow BN component parties are waiting on the wings and waiting for the UNMO grassroot to do what is RIGHT for BN and Malaysia.

As a matter of fact ALL Malaysians who love peace, harmony, prosperity and progress are all looking at you the grassroots of UMNO to do the right thing for this Nation.

The world is also look at Malaysia and waiting to see if UNMO grassroot will do the right thing.

All UMNO grassroot members now you've got to look seriously at yourself and decide should you do the right thing! If not for UMNO or BN or Malaysia atleast for yourself.

If there is not UMNO and no BN your life will be irrelevant, you will be past tense, you will be nobody and finally you will be penumpang in your own Tanah Air.

Then where can you go - Singapore? or India? or China? or Bangladesh? or Philipines? or maybe Indonesia. Your future will be as bleak as the Bankrupt Lehman.

Dear Tun,

Pak Lah akan TEGAS mempertahankan Jawatan Presiden UMNO. Diberitakan keputusan ini diambil susulan mesyuarat antara "loyalist" Pak Lah yang mendesak agar beliau mempertahankan JAWATAN Presiden UMNO.

Mereka-mereka yang dipercayai mendesak Pak Lah kekal sebagai Presiden UMNO adalah Kahiry Jamaluddin, Alwi Che Mat serta Ahmad Zaki yang berjaya menyakikan Pak Lah bahawa sekurang-kurangnya 100 pencalonan akan pasti didapati oleh Pak Lah sebagai calon Presiden UMNO.

Komen:

Kalau betul berita ini, maka jelas bahwa Pak Lah hanya mementingkan dirinya dan keluarganya. Kalau ahli-ahli akar umbi masih lagi termakan umpan maka ianya jelas memperlihatkan bagaimana ceteknya akal ahli-ahli UMNO.

Anli-ahli UMNO masih cetek pemikiran mereka dan tidak matang berpolitik tidak seperti parti komponen lain macam MCA, Gerakan dan MIC yang sudah masak politik mereka. Ahli-ahli mereka lebih kuat mementingkan perjuangan kaum mereka tetapi UMNO masih mementingkan perjuangan untuk mempertahankan pemimpin mereka, sungguhpun pemimpin mereka itu haprak dan HP6. Mereka masih lagi mempunyai sifat "belas kasihan" yang tak tebingga walaupun akhirnya mereka sedar akan membawa bencana kepada masyarakat kaum Melayu.

Itu bezanya orang Cina dan India berpolitik bebanding dengan orang Melayu berpolitik. Selagi sikap ini tak berubah maka jangan harap UMNO dapat dipulihkan lagi. UMNO akan hancur dan rakyat akhirnya akan tinggalkan parti UMNO beramai-ramai untuk selama-lamanya dan menurun ke anak cucu mereka.

Pak Lah has no more credibility. He does not get anymore respect from the rakyat. That is a fact. The rakyat will definitely make their decision NOT to support UMNO anymore next election if UMNO is not willing to change its weak leaders soonest.

I'd like to comment on the statement below:

"7. Now the Malays are angry with the Chinese and the Chinese are angry with the Malays. Party-wise UMNO is angry with Gerakan and MCA and Gerakan/MCA are angry with UMNO."

Undeniably, this two-liner is written with some thought - the message and its order of appearance. While the second line is apparent, the first line is totally unfounded. It is such over-generalization by a great ex-PM that has the word "racism" written all over it. Its implication can be profound. For it becomes self-fulfilling when read many a time and by many a people.

As a responsible reader, I suggest a correction. Each race is not angry with the other. It is the rakyat that is angry with irresponsible and uncaring politicians.

BN now is like dod eat dog (chinese proverb). If there is no respect within the coalition, why outside party people would want to respect BN? Have a thought....

Tun,

I have long discussion with my best friend from Alor Star, Kedah just now. During coversation, he had express his disappointment toward Malay behaviour politically until even shy became Malay. It sound so serious and too extreme I guess, but the facts is the current situation has make him be like that. It probably him alone who has that thinking, but I never believe that. Im sure there a lot of other Malays has

From my point of view, all this is due to Malaysian current political senario. The corruption precticised among BN politician especially and Opposition as well has make him feel sick. In many things I agreed with his opinion eventhought it sound to extreme to me. But as person who do really care about UMNO, BN and Malay especially we need to listen to his expresion, but this is not happen in UMNO currently.

Beacused this is the only way we have to be back to what we should be.

Tun,

I have a lot of non-Bumi friends and most of them are dissatisfied with the Special Rights of the Malay and how frustrated they are with the current leadership and political situation. But why blame them, if I was to be in their shoes, I would probably do the same. My justification is simple, I was born as Malaysian, I sing the same National Song, I chant the same National Principles, and I fight the same course and battle, but then why punish me only because I was born as a non-Bumi. Moreover, even the Malays are starting to reject the idea of the Special Rights. The two main reasons for this grievances to occur that I could think of were because of the poor leadership of the Bumi Prime Minister and the lack of understanding of the history of Malaysia and most importantly, the chapter that was not written in depth in the text book, the Social Contract.

Thus I will fight for the Malaysia that the people believed in, although 99% of my guts tell me that it would be hard, but there is still 1% hope that I will succeed, in which that I believe that it is my destiny, or at least die trying.

Dear Tun

Can't they read the rakyat sentiments out there the cost living is hurting lots of people what is the government doing I wonder.

Like i said before the Pakatan can be formidable provided they kick Pas out of their coalition the non malays cannot accept their extreme ideologies only then they can match BN.

Take care...

BARISAN NASIONAL – MAHATHIR'S LEGACY

The Barisan Nasional as it is today is a legacy left behind by you.

The question one should ask is what was it before your leadership and what has it become after you left.

What was left behind was a bunch of so called leaders that were more interested in their selfish accumulation of power and wealth rather than the interests of the people. This is true for all the parties in the Barisan.

Overall, you have failed to find or groom any one person amongst the many leaders in UMNO that could have offered the country a leader that is corrupt-free, educated with capable leadership qualities that put the people first.

After all It was you who gave us DSAAB.

In the 2004 elections, DSAAB won because he was perceived to offer a clean leadership that promised transparency and moderation as compared with your somewhat draconian way of doing things. Very soon however, it became clear that transparency and leadership went through the window when it became apparent it was those chaps in the 4th floor that were really running the show.

UMNO became a party of money politics, with corrupt leaders of somewhat questionable education standards and being increasingly racist in tone and manner. They have lost the respect of not only the Malays but also of the other races.

MCA, MIC is also perceived in a similar way with leaders only putting their self interests first. I think even the leaders of Sabah and Sarawak component parties will also be seen in a similar light and this will probably become evident in the next elections.

The old formula of race based parties that formed a coalition to look after their communal interests worked if their leaders did their job. But they did not. The component party leaders are perceived as being yes-men to the dominant UMNO. Hence they are loosing the trust of their own communities.

As regards to your point -

16. I cannot see the Opposition with its loose organisation being able to handle Malaysia's racial and economic problems

> Well, at present, I don't foresee BN doing a good job either.

Tun, even if you come back to UMNO, I don't think you can undo the damage that has been done. Then there is your age factor.

Can you name me one person in your party leadership that is respected by all communities - truly scandal-free, clean, educated, and a moderate with capable qualities of leading this country forward?

I do not see any, do you?

Your legacy

By mzzainal on September 23, 2008 12:08 AM

It was reported in The Star that State Umno liaison committee deputy chairman Datuk Abdul Rashid Abdullah announced that all the divisions and wings have pledged to nominate Abdullah and his deputy Najib for the party president and deputy president's posts respectively.

Yes it seems that PakLah will surely sit on the helm regardless of what others (eg. KuLi) might do or say. There is no such thing as democratic reforms within Umno. Umno's system has changed, if not on its interpretation of its constitution than on the mentality of its politicians. There seems to be too many of these politicians who rather have someone who has failed constantly then choose someone who can revamp the country back to its original goal. Unless of course if I am wrong.

As Tun had indicated constantly, there are many Yes Men in the country. Well if this is what PakLah's democracy is all about, then I am more comfortable in the times of Dr. M's Govt. At least the economy, security and racial interaction was more stronger than what it is now.

Yes times are changing and people must accept the realities, however I do not agree with such 'developments' and I do not think our political climate is conducive for Malaysians to unite as a common race with a common goal. It is sad to know that we are living in an age of ignorance. After 22 years of Dr. M's Govt, we should at least know our priorities based on lessons learned.

Umno and BN will never change. Even when PakLah steps down, the PakLah Mentality will be a common flaw within BN. The BN ship has been damaged and there should be an option of moving forward under a different flagship. I do not think in 2010 we can depend on Umno and BN to represent Malaysians as a whole, in line with the basic principles of Dr. M's Vision 2020.

After all, there are no evidence of positive changes within BN. Can we really depend on BN to represent our issues, needs and concerns? I believe not.

Assalamualaikum Tun yang di kasihi,

Semoga Tun di kurniakan kesejahteraan kesihatan oleh Allah Taala.

Memang benar kata2 Tun, kerajaan Dolah sekarang ini seperti tidak mahu mengaku yang mereka ini begitu lemah untuk menangani apa jua krisis yang melanda. The biggest culprit is Dolah himself.

Saya rasa yang menteri2 kabinetnya juga tahu akan kelemahan & ketidak cerdikkan si Dolah ni tapi cuma tidak berani hendak membuka mulut tentang kebenaran ini. Dan si Dolah juga tau dia memang gagal sebagai seorang pemimpin. Tetapi oleh kerana sifat bodoh sombong, angkuh & egonya dia tetap merasakan yang segala yang dibuatnya adalah benar belaka. Dan dia juga mempunyai barisan penasihat yang dunggu seperti Nor Mohamed Yakob & Shahrir yang selalu memberikan idea2 & info2 yang salah kepada Dolah yang bodoh sombong ni. Sebagai pemimpin dia berhak menolak apa jua nasihat yang diberikan oleh penasihatnya. Tetapi kerana tahap ilmu Dolah amat cetek, dengan senangnya si 2 orang ini dapat meyakinkan beliau. Nor Mohamed Yakob baru ini menyatakan Anwar lah yang menjadi penyebab ekonomi negara meleset. Kenapa mesti menuding jari dan tidak bertindak dari awal atau mempersiapkan action plan. Itu memang kerja Anwar ddari dulu lagi, dia sanggup menggadaikan negara demi kepentingan sendiri.

Cadangan Tun untuk menambat nilai RM telah ditolak bulat2 oleh Najib seperti disiarkan di Buletin Utama. Kononnya biar RM ditentukan oleh mengikut pasaran dunia. Satu dunia tahu yang idea bernas Tun untuk menambat nilai RM sewaktu krisis dulu amat berkesan bagi Malaysia & ini memang terbukti. Saya rasa Najib memang mahu mengikut nasihat Tun untuk menambat nilai RM tetapi mungkin si Dolah telah memberi amaran supaya jangan berbuat demikian kepada Najib.

Sebab idea ini datangnya dari Tun, si Dolah menolaknya kerana sifat egonya. Biarlah ekonomi Malaysia merundung & rakyat menderita asalkan ia dapat memuaskan egonya. Dari sini kita dapat melihat betapa Dolah mempunyai sifat mementingkan diri sendiri. Teruskan perjuangan Tun untuk membela Malaysia dari Dolah pemimpin yang gagal dalam segala-galanya. Anyway Tun dekat KL ni kuih vadai dekat mana yang paling sedap?

Salam untuk semua.

These people are really too much. Whilst one is stubborn and ungrateful and refused to listen to good advice, the other is trying to show his colour by making a press statement and saying that the Govt (he) will not not peg the Malaysian Ringgit to US Dollar now and in the future. That's right he said NOW and in THE FUTURE. What is he up to? Or trying to prove? Is it because he is in power he can say so! Is he as adamant and stubborn as his boss or as arrogant? What about if it really necessary that Malaysia has to peg the Ringgit to USD. This narrow mindedness is not a good quality and creative thinking expected of a future PM (or will he be one). Just became Finance Minister for two three days already an expert in Financial Management? Oh God bless Malaysia.

I really do not know what holds for Malaysia's future in the hands of these people.

Pak Lah must go now, Najib should not be around after UMNO's General Assembly in December.

The Ship is unstable and sinking, so UMNO people, stabilise and float the ship and sack the Captain and the Chief Officer. Let others be in Command!

Salam Tun dan semua warga chedet.com

1. Pada PRU yang lepas saya dapat rasakan yang BN akan kalah banyak kerusi. Sebabnya banyak kekecohan dalam urusan pemilihan calon BN. BN macam tak bersedia pun untuk hadapi PRU, tarikh PRU dah dekat tapi senarai calon duk tunggang langgang lagi, sebab tu la ada ahli akar umbi yang sabotaj kempen BN. Rasanya masa zaman Tun, takde kecoh2 macam tu pun..

2. Saya rasa BN masih relevan untuk rakyat Malaysia yang cintakan keamanan dan kemakmuran. PR bukan alternatif yang baik untuk menggantikan kerajaan BN. Sapa yang untung sebenarnya kalau PR berkuasa? Fikir elok2, jangan tipu diri sendiri.

3. Ada pemimpin PR kata dia dapat makanan yang lebih kurang sama macam makanan anjing masa kena tahan dulu. Dia dah biasa makan makanan mewah, sebab tu dia kata macam tu. Bagi majoriti rakyat Malaysia, tu lah makanan kita terutama masa dalam kesusahan (masa banjir, masa takde duit...). Macamana dia nak berjuang untuk rakyat Malaysia, baru kena skit tu pun dah kecoh sedunia!

4. DSAI bukan pemimpin yang hebat, dia cuma pandai berkata2. Saya tak suka dia sebab dulu berlaku rusuhan di KL akibat ucapan dia yang berapi2, rosak harta benda awam. Orang yang sanggup kucar kacirkan negara tak layak dilantik sebagai pemimpin. Kalau dalam PRK Pmtg Pauh ari tu, ada calon bebas yang benar2 berkaliber, berpengaruh dan berasal dari sana, barulah nampak kesannya. Ni orang kelantan pi masuk lawan kat penang, tak kena la...

Dear Tun,

Salam dan selamat berpuasa.

BANGKIT ISU SENSITIF

I believe sensitive issues were stirred by only Umno - the other parties responded due to the fallout. The full Govt media and post election political gatherings by Umno keep analysing PRU12 results as loss of Malay (not Umno) power. The current 2008 PARLIAMENT HAS MORE MALAY MPs THAN 2004! And 2004 was the best result for Umno!

Every event was twisted by govt media to 'reflect' this apparent loss of power, events which would be non-issues if BN had won. To frighten the Malays main stream media (MSM) twisted everything and link it to questioning of Malay special rights, questioning social contract, minta hak lebih, gugat kedudukan Melayu dll. Tun main peranan bapa penghasut nak tanggung sokongan jatuhkan Pak Lah.

Hak istimewa

Yang dipersoal cara Umno mengurusnya (sarat dengan rasuah, anak buah tamak) Kaum lain sanggup Melayu lain (Pas PKR) urusnya tapi Umno hebohkan konon hak ini di soal bukan Melayu. Siapa bangkit isu sensitif?

Social contract

Yang di minta perlaksanaan lebih telus dan adil. Dah 51 tahun Umno pegang hasil negara, kuasa lesen, kontrak, saham. Kalau masih banyak Melayu miskin salah Umno. Bagi Melayu lain urus. Tapi Umno tak nak lepas walaupun kepada Melayu sendiri. Dia guna kaum lain menakutkan Melayu. Siapa bangkit isu sensitif?

Gugat kedudukan Melayu

Kaum yang jumlahnya majoriti mutlak, kuasai pentadbiran awam, polis, tentera, kehakiman (tambah ada institusi Raja) mustahil di gugat. The maths don't add unless your teacher is Umno. Orang lain cuma boleh melaung laung saja tak ada daya laksana apa apa.

Orang Melayu jangan khuatir parlimen boleh di kuasai bukan Melayu sebab Tun dah rungkai sempadannya dulu menjadikannya mustahil. Tapi Tun tak terfikir bukan Melayu sanggup undi Pas atau Melayu PKR lebih dari BN tanpa kira bangsa (you believe extreme racial differences makes this improbable) Jadi kingmaker! Hasil kepintaran Tun!

Minta lebih lebih..

Siapa yang minta lebih lebih...selepas 51 tahun tak ada keistimewaan minta sedikit keadilan mengada ngada? Jaga kaum sendiri itu yang dah berada (rumah kolam renang, berkereta Mercedes) melaung hak istimewa atau hak dia! DAH BESAR BERBULU MASIH NAK MENYUSUP SUSU IBU - UMNOPUTRA!

Mat-mat saham, kontrak, lesen (untuk pajak gadai) adalah Umnoputra yang pengkhianat, musuh bangsa bukan orang yang minta keadilan.

By momot on September 23, 2008 12:58 AM

Tun..kalau parti A menang PRU, Parti A akan membentuk kerajaan. Jadi Ketua parti A akan jadi ketua kerajaan. Kalau ketua parti A tak mampu mentadbir negara dengan baik, boleh ke lantik ahli parlimen dari Parti A yang tiada jawatan dalam parti sebagai ketua kerajaan ?

Ringkaskan soalan...tak boleh ke lantik ahli parlimen UMNO yang lebih berkaliber tapi tiada jawatan dalam parti sebagai ketua kerajaan ?

Bunyi macam soalan bodoh tapi saya perlukan penjelasan . Sesiapa ada jawapan, tolong bagitahu! Kalau Tun yang jawab , lagi bagus!

Terima kasih, Tun..

Dear Tun and Malaysian,

Satu cerita fiksiyen yang ingin saya kongsi bersama.

M'sia telah mencapai kemerdekaan selama 51 tahun. Tetapi perpaduan kaum hanya dicapai setakat kerjasama dan saling bertolak ansur dikalangan kaum di M'sia. Mengapa ini terjadi? Salah satu sebab utamanya adalah dasar pemerintahan UMNO iaitu 'Break and Rules'. Dasar ini memang sudah lama dipakai oleh Kerajaan British sebelum 1957 dan merupakan satu 'jalan mudah' untuk memerintah sebuah negara yang terdiri daripada pelbagai kaum dan agama. Namun malangnya bangsa UMNO ini yang menjadi bangsa majoriti bukan bangsa yang paling dominan di negara ini. Ini menjadi satu masalah kerana tidak mungkin bangsa yang kurang dominan boleh memimpin bangsa-bangsa lain yang lebih dominan dari banyak segi. Oleh itu, perlu diwujudkan dasar 'social contract' untuk menjaga kepentingan bangsa pemerintah. Dasar-dasar ini telah diterima oleh semua bangsa demi keamanan dan kemakmuran negara dan dengan ini membolehkan UMNO mengekalkan kuasanya sehingga kini.

Tetapi hari ini PKR kata dasar-dasar ini tidak relevan lagi kerana kita sekarang sudah berada dalam dunia globalisasi dan liberal kononnya. Sudah tentu konsep baru ini diterima baik oleh semua bangsa di negara ini kecuali bangsa UMNO kerana ini memberi peluang kepada semua orang untuk bersaing secara adil dan telus. Agenda PKR ini datang tepat pada masanya kerana rakyat sudah hilang keyakinan kepada kepimpinan UMNO dan BN. Yang mahu perubahan pilih PKR, yang jemu dengan BN pilih PKR dan yang suka dengan mulut DSAI pun pilih PKR. Jadi PKR terus mara dan mencapai kejayaan demi kejayaan.

Apabila PKR jadi kerajaan, rakyat yakin negara akan kembali seperti biasa dan terus membangun mencapai Wawasan 2020. Akan tetapi apabila sampai 2020, negara memang menjadi negara maju dan disanjung tetapi tanpa disedari, bangsa majoriti yang kurang dominan kini terpaksa diperintah oleh bangsa-bangsa minoriti yang lebih dominan. Yang lebih menyedihkan ialah mulut manis DSAI yang dirindui sudah pun dihantar ke akhirat. Sejarah M'sia akan ditulis semula dengan ayat pertamanya berbunyi " Sejarah M'sia bermula pada tahun 1963 dimana Ibukotanya berpusat di S'pura..."

Siapakah yang rugi? Jawapannya tiada sesiapa yang rugi, cuma bangsa majoriti bukan lagi pemerintah. Orang Barat panggil ini 'Evolusi' atau 'Survival of the Fittest'.

Tun,

To komando_robot> akhirnya Dato Seri Anwar Ibrahim berjaya mendapatkan 30 kerusi tambahan.....sumbangan Chan Furniture....

Dengan 31 kerusi yang sudah diperolehi pada 16 Sept dari Courts Mammoth, bererti Dato Seri kini mempunyai sejumlah 61 kerusi.

Dipercayai Dato Seri Abdullah Badawi dan menantunya Khairy Jamaluddin juga akan menyumbang kerusi mereka kepada Anwar Ibrahim, menjadikan jumlah 63 kerusi.

Sayangnya Dato Zaid Ibrahim tiada kerusi untuk diberi kepada Anwar kerana beliau tidak mempunyai kerusi, malah terpaksa berdiri selama memegang jawatan Menteri Undang2 (dikhuatiri sebab utama beliau meletak jawatan adalah kerana penat berdiri, tetapi beliau masih ingin mengekalkan jawatan Senator kerana telah diberi bangku panjang iaitu selama 3 tahun).

Maaf Tun, dah larut pagi ni terpaksa berhumor sedikit. Tapi saya yakin para penyokong taksub Dato Seri

Anwar Ibrahim tentu percaya dan gembira dengan berita perolehan 61 + 2 "kerusi" ini.

TUN Yang disayang dan disegani,

Kalau dilihat mana mana negara yang dah beratus tahun merdeka, kerajaan mereka hanya mempunyai 2 parti. Parti ini pula silih berganti memerintah negara. Tetapi sayangnya tanah air kita telah dijajah lebih 400 tahun oleh portugis, belanda dan british lalu terhasil negara kita yang terdiri drpd berbilang kaum. Kita sangat beruntung kerana di pimpin oleh BN sejak 51 tahun yang berjaya memajukan kita ke tahap sekarang tidak seperti berpuluh puluh negara lain (yang juga berbilang kaum) di Asia dan Afrika yang masih tak kemana.

Saya amat bersetuju dengan pendapat TUN, agak mustahil kalau Malaysia ada BN dan PR kerana PR terlalu bercelaru tak tahu hujung pangkal ibarat tangki minyak yg ada 8 kepala paip. (berebut kepala paip nak jual minyak). Tetapi kami kadang tertanya tanya juga bagaimana TUN boleh terkeluar nama Pak Lah sebagai pengganti. TUN, rosak ikan bermula di kepala, dan kalau ketua jadi ZOMBIE maka melaratlah ke kiri ke kanan dan ke bawah parti. Tak nampak kami siapa yang boleh jadi pengganti melainkan TUN naik sekali lagi.

TUN, lahir je kami bercakap lain bahasa
budaya dan agama pun lain
sekolah tadika pun lain
sekolah rendah pun lain
sekolah menengah asing asing
subject belajar kadang tak sama
hobi, sukan masing masing
di universiti/kolej tidak sebilik
study group tak join.

TUP TUP bila keluar bekerja/berpolitik kena sama sama seiring, tolak ansur, faham memahami, bekerjasama.....

Sesuatu perlu di mulakan oleh Pemimpin(bukan sekarang punya) agar semua semua lebih selesa,, khidmat negara suatu permulaan yang baik walaupun mungkin agak lewat dan singkat. Tetapi tidak terlalu lewat usaha memalaysiakan agar masalah sama (politik sekarang) dapat dielakkan agar BN tak jadi tangki minyak 8 kepala paip. sekian. selamat berpuasa TUN yang disayangi.

Hello Tun,

I read some comments that are quite daring. I suppose there are some liberalism & freedom of expression. But the writers use their pseudonyms. Again there is no total freedom. Many people fear being put under ISA. If Govt just catches anyone whom they think is a threat imagine how many will be put under it. The DAP politician Theresa who was detained for a week said she was fed very poor food, something like "Dog's food". I cannot believe things like that can happen to fellow citizens during Ramadan. Don't know what poor RPK would be eating. Many are praying for his early release too. Despite what the Press says abt Race relations taking a bashing I think majority of all races get along well at least on the surface. Harmonious Inter-ethnic relations in a multi-racial, multi-cultural, multi-religious & multi-lingual society are of foremost importance. If you don't have this harmony when the delicate fabric that binds the different races is torn, I dread to think what will happen to Malaysia then. We have seen on TV & read enough to fear the outcome.

Tun, you have a good indepth knowledge on race relations & the present Malaysian politics. So I think you would have made a good Prof of Political Science.

Pak Lah faces huge political & economic problems. Of course when things go wrong the first person to blame is the PM 'cos he's the chosen leader. The political impasse posed by problems from within & outside his party is just too much for him to bear without strong support from his deputy & inner circle. Many people are not sure who will be PM next yr. It is quite fluid.

Dear Tun,BN must not break up. BN is the best option for Malaysia even until now. BN needs a change of approach. BUT BN must stay together and work out the problems together. Pak Lah is not blind, Pak Lah is not deaf, Pak Lah is not dumb. Pak Lah knows what is going on. Pak Lah know that he has to step down to save UMNO, BN and ALL of Malaysia. However, as a PM he needs to have the space and time to step down gracefully and honourably.But Pak Lah, time is not on his side.

Komen pakbelalang;

Yeh,yeh,yeh !!

Pak Lah tak pekak!

Pak Lah tak buta!

Pak Lah tak bisu!

Tapi Pak Lah haprak, HP6, kuat tidor dan khayal!!

We can't give him the luxury of space and time because the oppositions are at UMNO's doorstep to go for a "kil". Make no mistake about it. I tell you, it is a matter of time only.

Sir,

I would like to comment on the statement below:

"7. Now the Malays are angry with the Chinese and the Chinese are angry with the Malays. Party-wise UMNO is angry with Gerakan and MCA and Gerakan/MCA are angry with UMNO."

No, I do not believe Malays are angry with the Chinese and the Chinese are angry with the Malays. Ahmad's unprofessional behaviour only reflected on his weakness and that of his supporters and caused so much embarrassment for UMNO. Just because of a few Ahmad-type persons around, it does not mean the average Chinese will get angry with the average Malay. We work in the same office, talk, etc. We just ignore the unprofessional behaviour of such weak people. We urban folks are busy earning a living while the politicians are busy with own agendas and leaving the economy to run on its own.

Aslmkm Tun...

UMno tidak perlukan lagi post mortem atau kajian lagi... segala dah parah... apa yang perlu sekarang :

1. pak lah melepaskan jawatan PM
2. khairi tidak dibenarkan menjadi ahli UMNO
3. pemimpin yang tidak berkualiti jgak kena lepaskan jawatan
4. minda melayu kena ada anjakan paradigmia
5. melayu harus bersatu.

Dear Tun,

The present Captain of UMNO dah jadi macam Captain Crooket!
Bila dah jadi Captain Crooket dia pun "mabuk kuasa" tak tentu hala dalam kapal. When the captain is "intoxicated" on board the ship he will act flip, flop, flup !! The tendency will be that the ship he stirs will go haywire with no direction to reach the port.

When the situation is out of control normally there will be a mutiny and his crew will just throw the Captain into the sea.

Assalamualaikum Tun,

I just like to point 1 thing that most people forgets,the hand pick of Prime Minister was done by Tun himself. Sorry to say this, but I really think that all this problem occurs by bad leadership. If we ask back

who choose this leader? Then we know who made the wrong judgement. I'm really sorry but I'm a person that talks straight & facts.

If I'm wrong about this you can always back fire me. Since Pak Lah took over all the problems are there & I don't see any Leadership character on Pak Lah since he was a Menteri Luar.

Don't get me wrong Tun, I really admire Tun from my childhood till today Tun are the one that changes a lot of our "Lifestyle". Appreciate that. But a simple mistake can effect the whole nation. Am I right Tun on this?

I'm sorry Tun If I say something that hurts Tun's feeling.

Thank You

Regards,

Mohd Jamal

mat binggung said,

Dah lama tak komen saya tak komen walaupun tak miss buka blog yang dihormati Tun.

Saya dari dulu memang tak jadi ahli mana-mana parti politik dan jika mengundi, saya biasanya pilih calon yang saya rasa boleh dipercayai dan berjiwa rakyat. Kalau calon-calon tak sesuai, saya tak mengundi seperti pada pilihan raya lalu.

Seperkara lagi nak komen adalah mengenai Perhimpunan UMNO Disember ini. Saya lihat persaingan akan datang mewakili dua kelompok iaitu pemimpin yang mahu menyelamatkan semula UMNO atau pro-Tun dan satu lagi yang pro-Pak Lah.

Susah nak ramal siapa antara dua kumpulan ini yang akan menang tapi saya percaya jika tiada mainan politik wang, kumpulan pro Tun akan menang dan jika ini berlaku, saya percaya UMNO akan kembali disegani seperti dulu.

- Dari segi pemimpin, saya perhatikan pemimpin yang tidak pernah menghentam dan mengkritik Tun semakin mendapat tempat di hati rakyat. Sebab tu, menteri yang dulunya lantang kritik Tun, mula berubah sikap.

- Saya juga percaya Najib boleh dijadikan sandaran dan saya percaya Tun pun percaya dengan kewibawaan Najib. Lihat nasib golongan kerdil di kementerian pertahanan dan Felda yang dibela oleh Najib.

Jangan kita salahkan Najib kerana beliau juga menghadapi dilema. Jika lawan tauke, nanti tak pasal-pasal kena pecat, berkokok di luar pun tak guna jika tiada kuasa. Dalam UMNO dan kerajaan, kawan hanya datang jika kita ada kuasa dan pangkat.

- Saya percaya gandingan Najib, Muhyiddin, Rais, Syed Hamid, Hishammudin dan pelapis baru seperti Ketua Pemuda Johor dan anak Tun sendiri boleh mengembalikan kegemilangan UMNO dan kerajaan.

- Seperkara lagi saya perhatikan dalam akhbr Keadilan sejak beberapa keluaran kebelakangan ini amat jarang menghentam Tun. Saya percaya Keadilan percaya, bila hentam Tun, akan timbul reaksi daripada penyokong setia Tun.

Itu saja. Harap Tun dapat adakan Open House Aidilfitri. Dulu pergi masa Tun jadi PM tapi patah balik kerana tak sanggup nak beratur panjang. Terima kasih kerana pernah membawa Malaysia ke mercu kejayaan.

By HaizarFarizTahir on September 23, 2008 2:51 AM

Dear Tun,

Interesting points, all needed to be said is said out loud.

How many citizens agree to these points as stipulated by Tun?

17. In the past, the BN Government had managed to keep Malaysia stable and to develop the country as well. If it seems not to be able to do so now it is not because the BN as a party is no longer suitable for this country. It is simply due to very poor and incompetent leadership.

18. The component parties of the BN should not think that their best hope is to see the demise of the BN. Rather they should all come together to resuscitate it. If it is necessary to dump the leader than they should do so. But destroying the BN will neither be good for the component parties nor for the nation.

19. I am not an UMNO member even but I would like to suggest the component parties should stop blaming each other, stop taking pot-shots at each other. Instead they should all come together and review the structure of BN. They should try for a win-win or lose-lose solution in dealing with inter-party relations. They should listen to the people and to their own members and find ways to satisfy their needs; to overcome their dissatisfaction.

Is the VOICES out there LOUD ENOUGH to enable our leader to hear what is being said and what should be done?

Let me share my opinion, steps taken to ensure reading and understanding of the QURAN is crucial rather than just reading the text is a positive step taken, as only then can the MUSLIMS conclude the summary of life in this temporary stop-over. The Hereafter is sought more at the end.

I saw today on NTV7 News at 7.00 pm, with YB Tan Sri Dato Hj Muhiyiddin bin Mohd Yassin, said that it is Allah who decides my fate. I said to myself, that is a responsible leader.

Thanks Tun.

Salam.

Ayahanda Tun sekeluarga assalamualaikum.

1. Kenapa cadangan tambatan rm tidak diterima pakai. Adakah ianya ditolak kerana idea tersebut datangnya dari Ayahanda Tun. Fikir masak2,jgn perjudikan nasib negara.
2. Kenapa isu makanan tahanan ISA perlu dihighlihtkan. Memang sifat pembangkang mencari peluang nak hentam kerajaan walau pun isu kecil. Kepada media jgnlah perbesarkan isu ini. Kepada yb yang mendakwa dijamu makanan yang lebih baik sedikit berbanding anjing cubalah jengok2 di kawasan orang susah. Mereka ini tidak pernah mengenali apakah itu makanan VIP. Jgn cari publisiti murahan,buat malu sahaja.Pihak kerajaan jgn dok layan sangat putarbelit mereka ni. Buang masa aje.
3. Nak tahu kemajuan kes yang melibatkan Yb Karpal Singh berkaitan dengan isu institusi diraja sama ada akan dibawa ke muka pengadilan atau pun diam seribu bahasa.

Asalamualaikum Ayahanda Tun. Terima kasih kerana masih sudi menulis dan menyumbangkan buah fikiran untuk dikongsi bersama dengan para bloggers ini. Saya kagum dengan keupayaan, semangat, ketekunan, keikhlasan dan kejujuran ayahanda Tun untuk meyedarkan rakyat melalui blog ini. Seperti para bloggers yang lainnya, saya berasa hairan kenapalah pemimpin pemimpin dan menteri menteri UMNO tidak bersatu dan berani untuk menasihati DSAAB supaya mempunyai maruah dan melepaskan jawatan PM demi menyelamatkan agama, bangsa dan negara tercinta ini. Saya penuh yakin dan percaya bahawa sekiranya beliau berbuat demikian dan negara terselamat selepas itu, nama beliau akan tetap harum dan dikenang oleh anak cucu rakyat Malaysia. Bukankah itu yang dituntut oleh agama juga? Bukankah DSAAB seorang yang datang dari keluarga yang tebal bukan hanya di bidang pengajaran islam bahkan juga politik??? Apa dah jadi? Adakah ini bermaksud bahawa mengejar kekayaan dan kuasa itu adalah mengatasi segala galanya kepada beliau? Adakah beliau memilih untuk dicaci dan dibenci oleh setiap anak cucu rakyat Malaysia akan datang sekiranya beliau gagal untuk menyelamatkan generasi rakyat Malaysia ini dimasa yang akan datang? Wahai DSAAB, berundur diri bukan bermakna kalah. Lebih lebih lagi kalau perbuatan itu kelak akan menghasilkan kejayaan kepada objektif dan akhirnya matlamat tercapai. Fikirkanlah wahai DSAAB. Salam hormat kepada ayahanda dan ibunda Tun berdua.

Today is Sept 23, the day of reckoning. Or the day that will pass by and nothing happens. As I write this, we see West Malaysia is in a state of haywire and amazingly all eyes are suddenly on us in the East now. The politicians here are now being looked upon as the KingMakers to decide the fate of the nation. As we muddled through 2008, the state of chaos has resulted a deeper economic hardship to us. While you politicians are fighting each other for political dominance, we the rakyat, are suffering. And yet, you guys still doesn't sit down and asked of what we really want. Instead, you continue to create issues that are degenerating our nation into mayhem.

Let us tell you that we, the People of the East want this chaotic situation to end. When we became part of Malaysia in 1963, there was a consensus under the Cobbold Commission. It gave each and every one of us the opportunity to show our preference. Now, what we want is a consensus again to determine to whom our allegiance are. Politicians may said they have the support from the people, but do they? All, in all we are the ones suffering from this debacle.

One day soon, the BN will in essence comprise of only Umno and MIC (plus a few of the nonsensical hidup segan, padan mati-LAH ones like PPP)

The Sabah and Sarawak-based ones will most probably follow where the wind blows. MCA and Gerakan are into their last months, if not weeks.

If this scenario comes to pass, then Umno will be like what PAS once was in the mid-1980's - all alone against the world ... with MIC maybe still loyal "for old-time's sake" and remain. Maybe this new-version BN should change its name to Barisan Zorro & Tonto.

Sekali lagi saya ingin memberikan sedikit komen terhadap perkara yang berhubung kait dengan kenyataan YB Teresa Kok baru baru ini yang menyamakan makanan yang diberikan kepada beliau semasa di Pusat Tahanan dahulu. Kenyataan beliau yang menyamakan makanan yang dihidangkan kepadanya adalah sama seperti "makanan anjing" adalah tidak patut dan menjijikkan. Wahai YB Teresa Kok, untuk maklumat anda, itulah makanan yang kami bekas tentera pernah memakannya dahulu semasa kami berkhidmat untuk mengamankan negara Malaysia yang tercinta ini supaya YB dan ahli ahli YB yang lainnya dapat hidup aman tenteram sehingga sekarang ini. Tak ada beef steak atau masakan yang seenak seperti dihidangkan di rumah YB atau hotel hotel kalau itulah yang YB maksudkan. Furthermore, do you expect to be served as VIP in a Pusat Tahanan? If we had survived then until our retirement, what and who are you to bring up that kind of treatment accorded to you for the benefits of your political games? Do you bother to find out how we, as soldiers have suffered and eaten our canned food all those years while we were fighting the communist terrorists in the jungles just to make you and your parents enjoy the peaceful life as you are enjoying today? Are you trying to imply that we too had eaten what you termed as "dog food?" all those years? Please do not humiliate us and I demand for an apology for that ok? By the way, if the Pusat Tahanan srves the kinds of food that you are hoping to be served with like kueh teow goreng, bee hun soup and perhaps pork meat, then I think you yourself would purposely do something wrong to warrant yourself to be arrested, enlisted and admitted as permanent detainee just to enjoy the good feed!!! I guess you can put that in your DAP's future manifesto right? Maaf ayahanda Tun kerana tumpang lalu dan salam hormat sekali lagi. We love you always!

Dear My Beloved Tun & Madam Tun,

1. In my personal opinion its not right to say that the success of a country or nation or even a government is due to 1 person or 1 leader only. Without prejudice.
2. I think its the whole organization that govern the country or the nation that will determine this.
3. But in any organization, it needs a leader, a head. This leader that plays a big roll in determining the success of the organization & directly, the nation or country that its govern.
4. If the organization & its system is good & very strong, a weak or bad leaders might not damage the organization. This provided the leader have little influence to the organization & its system.
5. But if the leader's influence is well spread inside the organization, it can simply make or break the organization & its country or the nation its govern.
6. So here it will test whether the leader want to strengthen the organization & its system or to deepen his influence to the system.

7. Tun, u have surely wanted to strengthen this organization & its system by being independant, not involving your family in the govt., advocates no money-politic, practice media freedom etc.

8. And bcoz of this, the organization & its sytems become stronger, running smoothly & successfully. And since u're the leader of this organization, u're more than deserve to receive our appreciation, love, and our undivided support.

9. But Pak Lah do the opposite. Which clearly shows that he's spreading his influence onto the organization & this system. Thats why its fails together when Pak Lah's administration is weak, uncertain, corrupted & polluted.

10. At the same time its also wrong for us to support Anwar. Bcoz its a support for the leader only & not his organization together with the system.

11. Its clearly seen with his sandiwara / soap-opera where he's the one & only actor in it.

12. There is no proven record on the organization (PKR) & its sytem. The PKR itself is setup for the leader i.e. Anwar!! To ensure his goal to become PM!

13. They don't even bother on showing to rakyat how well this first-timer organization is making a success.

14. They're not emphasising to rakyat their good governance & how well they've manage the 5 states they're already owning. But being greedy enough, they're more focusing on becoming the ruling party so Anwar can become the PM!

15. Does the rakyat in the 5 states that already voted for them (PKR) really cares whether PKR will become the ruling party or not? I don't think so. They only want them to manage them well first before talking about the whole malaysia.

16. I wonder what happen to their election manifesto in these 5 states. I also bet that they're having problems in managing these 5 states now. Thats why the spotlight diverted to Anwar only. I think one should also check the accounts of these 5 states. Must be quite messy!

(This is what Pak Lah should do to counter attack Anwar! Check the 5 states & how PKR is performing. But maybe Pak Lah is too busy lobbying himself for the upcoming UMNO GE!!)

17. So if this leader (Anwar) fails, what happen to this ever-fragile, no proven track record organization & its system? Kindly be reminded that leader is human & human make mistake & not perfect. And in this case it comes together with proven court case!!! Of a sodomy case!!! :-)

18. So we should go for a strong organization, with proven history and workable system to govern our country & our nation. We already have 1 which is BN.

19. And as a voter and shareholder of BN, we should demand for a change of leader!!

20. Especailly when this organization & its system is polluted with Pak Lah's bad influence & beginning to falls....

My humble opinion.... Adios!

Dear Tun

Well said but deep inside your heart, do you think it works even with the rejuvenation of the concept to accommodate the younger generation needs?

I doubt so, having seen what the Government and UMNO in particular had done for the past 51 years in power.

It is not the changing of the shirt that matters in essence but more towards whether the body is suitable. An oversize or under size shirt does not fit into the body. That simple. No matter what you call it, a black pot is still a black pot even if you were to disguise it a white pot.

Your above items 19 and 20 particularly on, quoting you and unquoting you here "but I would like to suggest the component parties should stop blaming each other, stop taking pot-shots at each other. Instead they should all come together and review the structure of BN. They should try for a win-win or lose-lose solution in dealing with inter-party relations. They should listen to the people and to their own members and find ways to satisfy their needs; to overcome their dissatisfaction. There must be some new thinking on the BN concept. But the basic premises about close collaboration between the parties, about the need to help each other, to accommodate and deal with grouses together should be maintained"

holds truth only if the demands by the minority BN component parties (MCA, Gerakan, MIC and other Sarawak/Sabah-based parties) are met with a sincere UMNO heart to resolve grouses without the ill-intentions of just helping the Malays. It will only work out if UMNO:-

- i) sees it in the context of Malaysian Malaysia, helping all Malaysians irrespective of race, color or creed
- ii) fair in all decisions in terms of opportunities for all Malaysians although the special rights of Malays is undeniable
- iii) walk the talk and not just talk the talk (meaning saying one thing and doing another thing behind the back of others)
- iv) be transparent in all dealings with each and every other race
- v) determined to eradicate corruption and abuse of power by any leader
- v) Malaysian laws must apply to all Malaysians fairly; irrespective of race, color and creed
- vi) not oppress Malaysians but instead help them irrespective of their political divide inclination
- vii) respectful of each other's religion, cultures, social needs and practices etc

Although many politicians deem these may be not be achievable in the context of a multi-racial country like Malaysia, it is not what is perceived as possible or not but more of whether there is a desire to make it possible. Remember the word "IMPOSSIBLE". If you break it up, by essence dismantling the impossible, it will become "I'm possible". It all boils down to the "niat", determination and visions of all politicians across the race divide.

No matter how many Acts being enacted such as the Race Relations Act, it would not resolve the differences amongst races in Malaysia if the above (i) to (vii) are not addressed. Let's face reality, Tun. I believe with your experience and exposure into politics, deep inside your heart.....it only works within these context of equality amongst all Malaysians. Let's not cover up by blaming the demise of BN on just one person but more towards the mechanism BN was "constituted" and "the structure it premised upon". Reality remains reality.

Being fair to all is expounded in all religions in the world. God had commanded this need to be practised dearly and anyone amongst us homo sapiens who does not adhere to God's words shall not be able to achieve results. Let's not be guided by greed as greed in our holy books spell out it's unacceptable and fatal is the ultimate result.

Let's be guided and adhere to God's words in dealing with each other. History has proven and will prove again that it either works or not at all.

Salam Ramadhan Tun Dr. Mahathir yang disanjung.

Nama saya Syazrul Aqram Iman. Pelajar tahun 3 Sains Fizik Universiti Sains Malaysia.

Entri saya bukanlah untuk membela atau ingin mencetuskan perbalahan. Sekadar ingin mengingatkan bahawa 'Kita dah terlalu melampau mengeji PM kita Dato Seri Abdullah Ahmad Badwi'

Saya pelik dan saya rasa kesal dengan majoriti rakyat Malaysia kini, terutama pelayar dalam laman web ini yang seringkali mengeji, mengkondem kepimpinan Pak Lah. Saya tahu dan sedar bahawa Pak Lah

bukanlah pemimpin yang sempurna. Ada yang mengatakan dia kuat tidur, cakap tak serupa bikin dan sebagainya.

Tapi, pernahkah kita bertanya. 'Apa sebab dia jadi macam itu?'. Apa yang pasti berdasarkan pengamatan saya. Menjadi seorang Perdana Menteri bukanlah mudah. Bukanlah sesenang seperti kerja2 yang lain. Lebih tepat lagi, setiap pekerjaan mempunyai kesusahan dan dugaan tersendiri. Tapi, yang pasti tanggungjawab sebagai PM merupakan yang terbesar akan ditanggung. Tun sendiri mengerti bukan?

Betulkah Pak Lah kuat tidur? Kalau betul kita nampak dia ketiduran di majlis2, mungkin kerana Pak Lah bekerja lewat malam mencari penyelesaian masalah negara. Berfikir sepanjang malam dan melakukan kertas kerja bagi memastikan negara ini aman dan sejahtera. Kita yang mengeji beliau kuat tidur, kita ni buat apa? Kita hanya tidur seenak-enaknya waktu malam tanpa nak pikir masalah negara sangat pun. Kalau adapun, masalah rumahtangga dan anak2. Boleh ke nak dibandingkan masalah yang dihadapi Pak Lah? Saya rasa Tun sedar akan perkara ini bukan?

Kita buka keaiban Pak Lah tanpa sedikit pun rasa peduli. Tak peduli bahwa kita juga bukanlah seperfect mana. Saya nak tanya la, apakah ini dikatakan Kesopanan dan Kesusilaan? Mungkin kita tak mengerti lagi Rukun Negara tersebut. Kita kata Pak Lah kroni dan macam2 lagi. Saya nak bgtau la, pengertian kroni itu sendiri bermaksud long-term friendship. Sepatutnya kroni bukanlah satu masalah yang besar kerana ianya lebih kepada kepercayaan Pak Lah kepada orang-orang disekelilingnya. Bolehkah kita mempercayai orang yang kita baru kenal atau langsung tak kenal, untuk kita serahkan projek berjuta-juta? Tidak sesekali bukan? Yang dipikul adalah kepentingan negara. Jika silap langkah Pak Lah mempercayai yang ada kaitan dengan musuh Malaysia. Apa akan jadi?? Rahsia negara akan diketahui oleh musuh Malaysia dan masa tu baru nak fikir pasal kepentingan kroni?

Buka lah minda, jangan terlalu pandang negatif sahaja.

Bagi saya, Pak Lah seorang pemimpin yang lembut. Dia tidak setegas Tun Dr. Mahathir. Tapi, dia tetap berusaha melaksanakan tanggungjawab dia sebagai PM. Dia tak zalim, kalau dia zalim. Dia takkan beri bonus kepada kakitangan kerajaan. Dia tak kedekut, kalau dia kedekut dia takkan peruntukkan kemudahan masjid-masjid baru dan sebagainya. Dia suka kayakan anak bini dia? Em, janganlah jadi naif sangat menuduh. Siapa yang boleh menolak kekayaan?? Ada sapa pelayar dalam blog ni boleh tolak kekayaan bulat2? Tun, boleh Tun tolak?

Kita mungkin takkan tolak, tapi perlulah kita jangan tamak. Itu sahaja.

Di samping itu, saya dapt merasakan bahawa kelemahan-kelemahan yang ditonjolkan oleh Pak Lah bukanlah 100% dari kesilapan Pak Lah sendiri. Tapi, dari sikap kita sebagai rakyat yang semakin hilang rasa hormat antara sesama sendiri mahupun terhadap yang lebih tua dan berpengalaman. Kita rakyat sendiri adalah penyumbang kepada kelemahan Pak Lah kerana atas desakan kita, kutukan kita, ketidapuasahan kita. Ianya membei tekanan kepada Pak Lah sehingga dia mengulangi kesilapan.

Kesimpulannya, saya rasa Tun sendiri boleh mengerti akan keperitan sebagai PM bukan? Keperitan Tun menangi sehingga Tun nak letak jawatan pada persidangan UMNO, mereka yang membangkang pernah mengatakan sandiwara.. sandiwara. Tak sakit hati ke dengar? Bukan senang nak jadi PM. Kroni, wang dan kuasa bukan segalanya bagi jalan menjadi PM. Tetapi, yang segalanya ialah kepercayaan, keyakinan dan usaha tanpa henti bagi memajukan negara. That's wht Pak Lah terpilih. That's why Tun terpilih.

Persoalan terakhir. Siapa boleh buktikan dia adalah RAKYAT BERTANGGUNGJAWAB TERHADAP NEGARA?

Tepuk dada, tanya akal, muhasabah hati.

Wassalam.

Syazrul Aqram Iman.

I can't disagree with you more. I wrote earlier and want to say it here again:

Tun, you are no longer relevant to UMNO and Malaysia. You have left an era of your own. That's the best that had happened. The current global economic crisis cannot be met by racial politics. We only need to turn to each other for strength in facing this crisis. We have the resources and the means internally. We can continue to develop this beautiful country together with each other resources. Today there are still people hopeful of securing contracts thru direct nego with th BN govt, that shows corruptions is still alive and kicking..

Transparencies and good governance will lead this country to greater heights insensitive to global crisis. To care the individual wil make this country stronger against the viral attacks of the likes of Ahmad Ismail who should be exterminated from the face of the earth!

Salams Tun,

7. Now the Malays are angry with the Chinese and the Chinese are angry with the Malays. Party-wise UMNO is angry with Gerakan and MCA and Gerakan/MCA are angry with UMNO.

Saya sungguh tidak bersetuju dengan kenyataan ini. Untuk pengetahuan Tun, kami orang melayu sesungguhnya tidak marah kepada orang Cina diatas apa yg berlaku. Sebagai orang melayu, kami lebih marah kepada orang melayu yang suka melaga-lagakan bangsa sendiri untuk kepentingan peribadi mereka.

Jauh disudut hati saya, saya berharap agar Tun sedar, sesungguhnya yang buat orang melayu marah bukanlah bangsa lain, tetapi bangsa melayu itu sendiri. Pemimpin melayu akan berkata, "Saya akan perjuangkan nasib bangsa melayu!". Sesungguhnya mereka hanya pandai berkata-kata, hanya untuk mendapatkan pangkat dan kuasa. Bila mereka ada kuasa, lain pula yang mereka buat. Penuhi poket sendiri dan keluarga sendiri. Itu pon setelah mereka kaya, mereka akan terlupa perjuangan asal mereka.

Tun, jangan anggap perjuangan bangsa melayu hanya untuk mereka yang kaya sahaja. Yang mengundi pon bukanlah dari golongan melayu kaya. Jika golongan melayu miskin mengundi, yang mendapat kenikmatan hanya golongan melayu kaya, ini bukanlah keadilan namanya.

Memang benar, jika tiada kesungguhan dari mana datangnya hasil. Pernahkah Tun berfikir, bagaimana nasib orang melayu yang bersungguh-sungguh, tetapi kesungguhan nya dicantas oleh orang melayu yang lebih hebat ilmu bodeknya?

Orang melayu sekarang ini bukan marah kepada orang Cina. Orang melayu marah kerana orang melayu didalam UMNO terlampau pengecut untuk berkata benar, terlalu pengecut untuk mengatakan "YA KAMI SUDAH SALAH!"

Jika orang-orang melayu ini sedar akan kesilapan mereka, belum terlambat untuk mereka bertaubat dan kembali kepangkal jalan.

Assalamualaikum wr wb,

Dear Tun Mahathir & Other BN Supporters,

I think that you people have seriously mis-interpreted the current situation. I totally 100 % dis-agree with Tun that the present problems lie with Badawi. After all, Badawi inherited a lot of problems in society from the Mahathir administration. Badawi is a fall guy - he gets blamed for what is already done by the Mahathir administration.

No matter who replaces Badawi - the problems remain. Firstly - the amount of corruption in the BN is

terrible. Secondly - BN's racial policies only benefits the Bumiputeras and Umno-puteras. The Indians and the Chinese have been left out by such racial policies. For how long can MCA and MIC retain grassroots support if the Indians and the Chinese keep losing out due to racial policies ?

A multi-racial country like Malaysia must set its sights and goals on a Malaysian Malaysia and NOT a Malay Malaysia. If you are going to promote Malayism at the expense of the Indians and the Chinese - then I suppose you deserve the current situation.

You simply cannot maintain this apartheid racial policy forever. The Indians and the Chinese have lost their patience with UMNO and the BN.

I am not a supporter of Badawi. But I know its not his fault - Badawi inherited a lot of nonsense from the Mahathir administration. For Tun to go around now and point fingers at Badawi - is very unbecoming. Tun should lend Badawi a hand and not make the situation worse. Do you honestly think that anyone else can do better than Badawi ?

Ultimately Malaysian Malays must grow up and accept the Indians and the Chinese as EQUAL Malaysians. The future lies in a Malaysian Malaysia and NOT Ketuanan Melayu yang dah lapok !

Today's world is one of high technology and globalisation. How does Ketuanan Melayu help the Malays face a NON-RACIAL future ?

Tun - you ought to encourage Malays to go after science & technology. You should NOT be promoting racialism and whacking Badawi. The truth is - the system and legacy you left behind is NOT functional. Thats the painful truth !

Best Regards

Dr Syed Alwi Ahmad

Interviewed by the Oral History Department in 1989, Dr. Toh Chin Chye said it was appropriate for the national anthem to be in Malay, "the indigenous language of the region, as English is not native to this part of the world." He felt that the "Malay version of the national anthem would appeal to all races... it can be easily understood. And at the same time [it] can be easily remembered... [I]t must be brief, to the point; ... and can be sung".[30] However, on 22 July 1991, the English daily newspaper The Straits Times reported that during a meeting between the then Prime Minister Goh Chok Tong and community leaders,[31] a group of grassroots leaders and a lawyer had suggested that "adjustments" should be made to the national anthem. The given reason was that many Singaporeans could not sing it in Malay and therefore did not have "strong feelings" or "strong emotions when they sing the national anthem".[32] In particular, some grassroots leaders argued that since the Chinese constitute a majority of the population, a Mandarin version of the anthem should be used.[32] The Prime Minister's response was that he would keep the national anthem as it was while ensuring that translations in other mother tongues were more easily available.[31] The proposal to change the lyrics was also criticized by former Deputy Prime Minister S. Rajaratnam, who felt that the Malay lyrics of the anthem were so simple that "anyone over the age of five, unless mentally retarded, had no difficulty singing the anthem. All Singaporean children of kindergarten age have not only had no difficulty memorising the words but have for decades sung it every morning with 'strong feelings and emotion'." He also noted that the anthem had been translated into Singapore's three other official languages (English, Mandarin and Tamil) for those who cannot understand Malay.[32]

A subsequent poll by The Straits Times found that while many Singaporeans knew what the anthem generally meant, only seven out of 35 persons interviewed knew the meaning of each word. However, all but three of those interviewed agreed that the anthem should continue to be sung in Malay. The three persons who disagreed felt that the anthem should be in English because that was the language most commonly used in Singapore. All the interviewees, including those who did not know the meaning of the lyrics, said they felt a sense of pride when they heard or sang the national anthem.[31]

Guidelines for use

The use of the national anthem is governed by Part IV of the Singapore Arms and Flag and National Anthem Rules[19] made under the Singapore Arms and Flag and National Anthem Act.[20] These rules provide as follows:

- * The national anthem may be performed or sung on any appropriate occasion.[21] In particular, it must be performed when the President receives a general salute.[22]

- * When the national anthem is performed or sung, every person present must stand up as a mark of respect.[23]

- * As regards musical arrangements of the national anthem:

- o Any person performing or singing the national anthem must do so according to the official arrangement set out in the Third Schedule to the Act or any other arrangement permitted under the next paragraph of the Act.[24]

- o The national anthem may be rearranged in any manner that is in keeping with the dignity due to it, subject to the following conditions:

- (a) the national anthem must not be incorporated into any other composition or medley; and

- (b) every arrangement of the national anthem must accurately reflect the complete tune and the complete official lyrics of the National Anthem.[25]

- o Any person who sings the national anthem must follow the official lyrics and must not sing any translation of those lyrics.[26]

It is an offence for any person to knowingly perform or sing the national anthem in contravention of rule 13(1) (not performing or singing the anthem according to the official arrangement or any other permitted arrangement) or 13(3) (not singing the anthem according to the official lyrics or singing a translation of the lyrics); the penalty is a fine not exceeding S\$1,000.[27]

In addition, guidelines issued by the Ministry of Information, Communications and the Arts (MICA) state that either instrumental or vocal versions of the national anthem may be performed, and that dignity and decorum should be observed whenever the anthem is played or sung.[9]

So as a malay i am proud of my chinese majority singaporean to still kept the song its original way.. You are still the majority of the first class minded not like the minority low class minded here.. Here they have all the wealth they can get but still they are lack of brains..

Dear Tun,

To those who think that PAS treats the Chinese well in K'tan, It's just because you are not seen as a threat over here..if you are perceived as such...god knows what will happen. How much do you think a

house costs over here for the other races ? Nearly Klang Valley's rate you know? The simple reason being you need state exco's approval to convert the otherwise bumi land in the grant. Try to hold a demonstration over here on that matter and see what will happen.

I can't imagine if HINDRAF held a rally over here instead of KL on the purported discrimination by the Malay Muslims...I think all hell will break loose....

Why Tok Guru & Gang support RPK and the likes? It's because they are too lazy to read what is in Malaysia today. Read from the start what RPK & gang wrote about Islam & our prophet and you will know what I mean. He said that he is condemning Muslims and not Islam but he himself disputes the validity of the messages relayed by the prophet and the Sahabah. Don't condemn me....take time to read (If the articles haven't been deleted yet).

One more observation, last year in Kubang Kerian a church put up a signage in one of the newly constructed shophouse opposite HUSM...after a few months it was taken down. My father in law said that it was due to the pressure from the community....don't really know truth but do you seriously think everything will be rosy once PKR is in control?

It may be difficult to understand and accept TDM's thinking since everybody claims that we are in a new age where everybody is more tolerant, understanding bla bla bla...when you still find that race/religion fights still exist around the world. Even people of the same religion will find excuses to fight due to geopolitical reasons.

After 300 plus years of independence, Americans still talks about Obama being a black and still you see some of the whites having problems to accept him as a leader. If race is not an issue why do they need to bring the matter up again and again. We are very young nation and our rakyat has more diverse background be it racially or religion wise so the BN way where every race takes care of it's own and the leaders work out any problems between them is still relevant. We just need to kick out those who seek personal wealth, fame and glory even if it means almost all of the current leaders.

Just my two cents...

Selamat Hari Raya Tun berdua, maaf zahir & batin.

Many wanted Tun Mahathir to come back to UMNO and become the PM and thus save Malaysia to save the world.

Unfortunately that is not the way things work in UMNO. It has always been UMNO President who becomes the country's PM. If Tun ever joins UMNO again, he will have to climb up the UMNO ladder once again. Under the current system, it will take years before Tun could hold the post of UMNO President again. By then Tun will be too old to become an effective PM.

51 years after independence, we still stick to this old-fashioned constitution. Many things we adopted from other countries, but others have moved on long time ago, and yet we still use the 51 year old methodology. We should be able to have anyone who is brilliant enough from the party to offer himself or herself to be the leader of the party and thus becoming the PM. This President thing, where nomination has to start from the branch level is too cumbersome and out of date and making the weeding off of an ineffective PM, such as the one we face today, almost next to impossible. Other ministers in other modern countries will resign at the slightest mistake they made. Over here, even the resignation of Tun Mahathir, from UMNO, has not changed anything in UMNO. The party has been around for too long and being sucked by the horrendous bureaucracy. If I were Tun Mahathir, during the 22 years I were the PM and President of UMNO, I would have overhauled the system to make the party modern and progressive, the

like of Twin Towers and KLIA.

What Tun wrote in this blog is extremely valuable and one that can be expected from the former CEO who run the country for 22 years. I doubt of the present PM has ever read Tun's posting for there are lots of things he could learn from Tun's perspective. We are afraid, he would not dare to read, for fear he might fall asleep while reading. Even worst, he might need dictionaries to understand some of the words used by Tun. And yet he will continue to become the PM. Only the wake up call could change things. Any ideas of how to do this in the quickest manner? Hopefully Tun will write something on this ...

Dear Tun

This is the time to see how strong and sincere the component parties of BN are. If the leadership is strong, BN will not be in such disarray.

In times of such turmoil, it is the leaders of all component parties led by the leader of BN who should be coming together to figure out where have they gone wrong and where is the disconnect between them and the grassroots.

To abandon ship is no different than being a coward. It's just like a marriage...you stick together through good and bad times. You support each other no matter how difficult the challenges are.

Tun, you are right! If the leader is incapable of leading the group, then the leader should take heed and not risk the future of the country any longer.

What does it take for the leader to acknowledge that the March election result is a failure of the single most important KPI of the government i.e to gain support from the masses? Take responsibility for the failure and the buck should stop with the leader of BN and the leaders of all component parties!

tun,

we have 2 choices revamp BN dissolve UMNO ,MCA ,GERAKAN ,MIC and other component party remodel BN like PAP Singapore . Parliamentary area also remodel to Group representation like Singapore system OR BN badly need a very strong leader (of course with wisdom) to discipline every component member and to apply Sun Tzu art war decisiveness . for UMNO more on structural problem the selection of leadership not necessarily base on merit but more on popularity just like MTV or Vchannel.

Sedar atau tidak, Teresa, Ahli Parlimen Seputeh sedang mengalihkan pandangan rakyat dari membincangkan sebab kenapa beliau ditahan di bawah ISA dengan mempertikaikan makanan yang diberi kepadanya semasa ditahan. Ini mungkin untuk meraih simpati rakyat.

Kami tetap tidak akan lupa dan kami tetap tidak boleh terima isu yang dibangkitkan oleh beliau. Kami menyokong tindakan tahanan yang dibuat ke atasnya.

kemundurn dan kjatuhn ssbuah ngra dan bangsa adalh krn lupa sjarah, tdak ambil iktibar dr sjarah. brapa byk sbkm ini sjarah mnunjukkn kpimpinan yg lemah, korup, bongkak dan zalim telah memporak perandakn negara dan perpaduan rakyat serta bangsa yg akhirnya melemahkn ngra dan dikuasai oleh pjajah serta bgsa asing yg lebih kuat, kaya dan bersatu.

hanya dgn kbijaksanaan sja dpt meneguhkn kdudukan sesebuah bangsa yg kecil (Melayu/bumiputera) (india & cina Malaysia adalah sbhgian dr bgsa India dan China dr tanah besar Asia yg mpunyai tamadun yg tggj sjak berkurun dahulu lagi) dan negara yg masih membangun. kbijaksanaan itu perlu ada pd seorg pemimpin no.1 ngra (PM) dan kbijaksanaan itu perlu dikongsi brsama dgn pemimpin2 bwhnnya serta pemimpin2 shbntnya (komponen BN).

drpd sjarah juga kita akn dpt melihat jatuh bgn ssbuah bgsa dan negara adalah akibat drpd kepimpinannya. Jika pemimpinnya baik dan mempunyai kualiti serta thp ksedarn yg tggj maka majulah bgsa dan ngra itu. Jk sbaliknya, punahlah bgsa dan ngra itu sdikit demi sdikit. Tetapi jika kita pelajari sejarah awal Islam, penglibatan rakyat awam dlm menentukn siapa yg layak jd pemimpin akn menyelamatkan ngra dan bgsa dr dipimpin oleh pemimpin yg lemah, tamak dan zalim. Begitu juga dlm sjarah awal Amerika, keterlibatn rakyat dlm politik scara aktif melalui proses demokrasi telah bjaya membentuk dan menyatupadukkan 52 wilayah Amerika Syarikat.

walaupun bagaimanapun, dlm sjarah juga kita dpt perhatikn ada di antara pemimpin yg telah dipilih akhirnya mjd pembelot dan pgkhianat kpd kepercayaan rakyat dan pemimpin sbkmnya. pemimpin yg diharap dpt mtadbir dan memimpin dgn lebih bijaksana tidak berupaya memikul amanah dan tggungjwb sbaliknya menyalahguna kuasa dan menyeleweng serta lemah dlm memimpin. apabila didesak letak jwtn oleh majorti rakyat, dgn alasan masih disokong oleh puak2 dlm kumpulnnya yg hnya sebilangn kcil sj dr kseluruhn rakyat negara ini utk trus jd ketua memimpin seramai 26 juta. suara siapa perlu di dgr? suara yg seramai 2 juta atau suara 24 juta?

Bkn MELAYU saja yg MUDAH LUPA tp kbykn MANUSIA itu memang mudah lupa. Krn itu diperturunkn QURAN kpd manusia spy mereka mdpt ilmu dan iktibar dr pengajarnnya yg telah pun berlaku spjg sejarah manusia dr zaman sbkm ilmu itu ditulis dan direkodkn oleh manusia shgga ke zaman internet skrg. seharusnya subjek SEJARAH perlu sebaris dgn subjek SAINS dan MATEMATIK krn ia akn menyelamatkan bgsa dan negara dr dijajah dan dikuasai bgsa asing yg lebih maju ilmunya dan sejarah ketamadunannya. SEJARAH mampu mbina tamadun bgsa dan negara yg lebih cemerlang. knapa pula ia dipinggirkn atau hnya jd subjek utk hafalan dan bkn pula sbgai subjek yg prlu difikir dan dicari jln penyelesaiannya jka bhadapn dgn sejarah itu skali lagi jka ianya berulang. kita bkn robot utk mghafal, kita adalah manusia utk berfikir apa yg baik utk kita dan masa depan.

Diharap TUN siarkn penuh post saya ini spy kita masing2 mdpt nasihat dan ianya sampai kpd pihak yg berkuasa dan memegang tampuk kekuasaan utk menilai smula sistem pdidikn negara yg kurang bkesan mdidik rakyat utk bfikir scara rasional dan kritis.

Tun DR M,

I am sad when I read an Asussie News saying that our taxi is the worst in the world. This has never ever happen when you were our wonderful PM. I am really ashamed of what is happening now under the so call PM(Pass Motion). Unlike you, you are braineier and can see well into the distance future. I was once told by one old man while I was doing my uni in UK. He told me if you cannot see five years ahead of what the market or the world is then you are not the boss of either an organisation nor a corporate nor a nation. What he told me I listen enthusiastically for my mind wander back to you. You are our great and big boss who make and made all Malaysian all over the world proud off but atlast now we feel ashamed to tell anybody who we are.

When you pick the Pak Lah to be the next PM after you step down in 2003, I can feel and sense that Malaysian in fall sky roketing into a doldrum which make and made Malaysian become pariah. I feel sad at that time and I keep on telling myself why, why my beloved Dato /seri M do that. I did not understand at that time. After reading allyour blog daily and weekly now I understand more about you. I know that wacky Bush does not like you for when you comapre 1 to 100 youre 100 and he is only in the 20's. That is why he tainted you and all the fools listen to him including those who force you to step down whether in Malaysia or anywhere. But he forget his Abraham Lincoln' saying. You can fools some people all the time but you cann fools most people all the time.

Good health and luck to you, your supporting wive and your family. May you the Dr M's force come back and make all the Malaysian proud of their country again. May the force be with you Dr M.

Dear Tun,

MIC should stop calling for release of Hindrafs in ISA. Even if they now want to show that indians are united. They are Malaysians. They must acknowledge that Malaysian Indians and most Malaysians do not condone Hindraf's manifesto. That manifesto was malicious and insensitive to the unity of this country.

UMNO should not allow Ahmad Ismail to go on road shows to explain what he said to other UMNO parties. UMNO must put a stop to this. We need to move away from the topic. By allowing him to do what he wants even though he is suspended reflects severe lack of monitoring of UMNO members by its leaders. It will perpetuate hate towards UMNO.

MCA and GERAKAN must do more to show that Malaysian Chinese are giving back to Malaysia not just to Malaysian Chinese.

Each party can take care of its race but must be able to contribute as Malaysians for Malaysia. Eg: If we have money, we should donate to programmes which promote well being of Malaysians in the future; Not to programmes that just "tolong orang kita sahaja" or Not with thoughts like "what do the Chinese or Indians will get out of this"

Salam Tun

Pak Lah is obstinate. He got nothing to lose by burying UMNO & BN with himself. After all, he is a gone case. Najib, Muhyiddin & others will lose. Malays, Chinese, Indians etc will not lose. Malaysia will prevail even if the opposition wins. It can come either from evolution of UMNO/BN or tranfer of power to the opposition. It's time for change !

Selamat Berpuasa dan Selamat Menyambut Hari Raya buat Tun dan seisi keluarga.

Saya baru je terjebak di dalam arena blog Tun ni, yang saya nampak blogger's comments dalam arena ni cukup padu dan memberangsangkan khasnya untuk golongan muda spt saya ni.

Cuma saya ingin nyatakan di sini keadaan dalam negara kita secara peribadi amatlah membimbangkan, dan jika tidak diubah dengan segera saya berpendapat kita semua rakyat Malaysia akan melalui tahun baru 2009 dengan satu pengalaman ngeri yang tidak pernah dialami sebelum ini oleh rakyat.

Golongan saya ini boleh dikatakan generasi yang baru matang dalam arena profesion, golongan yang baru hendak memulakan perniagaan, tetapi dapat dikatakan golongan yang paling tersepit disebabkan keadaan kucar-kacir dalam negara kini.

Taraf yang kehidupan yang tinggi, berbanding dengan gaji semasa yang tidak mencukupi amatlah membebankan walaupun mempunyai kelulusan yang baik. Saya rasa ramai yang bersetuju sekarang bergaji RM 2200 sebulan sekarang boleh dikategorikan miskin. Apapun saya berharap Tun dapat terus memberi idea2 Tun kepada rakyat Malaysia untuk bebaskan diri dari KEPOMPONG PIMPINAN SEKARANG. Insyallah

Salam Ayahanda Tun and a very good morning.

The best place to sort out all this is at the incoming UMNO meeting in December. When the top management has failed, perhaps its best to let the small folks with their big stakes speak their mind and cast their votes. I have always learned that to be the real turning point to truth. BN must make some modifications; there is absolutely no doubting that point. UMNO too must undergo one very serious overhaul. AAB & Sekutu has got to go pronto and Najib must read all the writings on the walls. BN is a tried and tested platform for this country; it works and we have to keep it working. And in a gradual but firm pace, I also believe that all Malaysians should be Bumiputra. In this concept, we can still be who we are and yet see ahead together as one team. NEP should stay and be further reinforced. The new BN must somehow accommodate all these factors into its operational concepts and implementations. What the country needs at all times is a very strong economic foundation. A very strong base for an even bigger and better NEP cakes for all. We could make Wawasan 2020 real in these shoes. The Malays must not worry too much about opening up a bit more to just share a bit more. Sometimes, in the giving and taking we can see our better selves. Under our existing Perlembagaan and Panji Raja-Raja Melayu we have a very strong platform to move ahead in this direction. But without a strong credible government to keep these focuses in check, all our hopes and dreams would flounder to oblivion. What the present is showing us is just that, without a strong credible leadership, even for just one brief second - we are already hundreds of miles off course. The winds and tides are just simply too strong. UMNO must take stock, learn, stand up, implement and move on. Tun, the little guys usually carry the big stick nowadays and they are waking up to it fuming mad. So don't worry too much. Please look after your health for all of us. -Kamal

ASSALAMUALAIKUM

Yang di hormati lagi di sayangi Ayahanda Tun dan Bonda Siti Hasmah
Selamat Berpuasa.

Saya setuju dengan pendapat Tun, The BN is still relevant.

22. As the Malays say "Because of one drop of indigo, a whole pot of milk is spoilt."

Saya percaya bukan hanya setitik 'nila' yang ada tapi banyak.

Bagaimana kalau selepas ini semua 'nila' yang ada itu di buang jauh2 sebelum ianya termasuk kedalam susu.

Kepada YB Tressa, kalau selepas ini kamu betul2 dapat makanan anjing baru padan dengan muka kamu. Awas mulut kamu! Jangan pandai2 nak cari publisiti murahan.

Semoga Tun sihat sentiasa di samping keluarga tercinta... Saya sentiasa sokong Tun...

All this while, we dare not talk or even discuss sensitive issues in public let alone put it in writing. Since Malaysian are all mature and the younger generation don't give a damn about what is happening in the country, it is up to the older generation and hardcore politician like yourself to make things right.

I don't feel any lost when one day UMNO were to phase out of the political scene.

You should know better the strength of UMNO/BN and the strength of Anwar Ibrahim, since both are under your guidance when you were once the premier. When we see Anwar Ibrahim in action now, people will say 'look at the product of Che Det'. He might not be as good as you but he is going there, insyallah, and he has his own way of doing things too.

By samarasa on September 23, 2008 8:31 AM

Dear Sir,

I enjoy reading your articles which are simple and succinct, and so are capable of reaching many people. Had you been to a law school instead of a medical school, perhaps you could have been a better PM.

However, most of your articles have only one message- kick AAB out. What is your justification? Is it because of his performance in the election or your personal aversion towards him? Why can't you spare him now? After all he is going to step down soon.

Akum, Dr M

First and foremost, selamat menjalani ibadat berpuasa di bulan yang mubarak ini. Tidak lama lagi kita, umat Islam akan menyambut hari raya Aidilfitri dan saya mengambil kesempatan di sini untuk mengucapkan 'Selamat Hari Raya' kepada Dr. M dan keluarga.

Regarding the problems that Malaysia is facing and will face, let the current leaders solve them, as they are their responsibilities. If they are smart, they will ask for your advice and guidance; as you had went thru basically the same problems before. If they are too proud to ask, then, may GOD help us all!

Regards to Tun Dr Siti Hasmah and the family. Do take care and have a nice day.

Tumpang lalu:

DR SYED ALWI AHMAD, "Finally - some readers here cannot accept frank and honest feedback. Too bad. The truth may hurt - but it still remains the truth.....I speak my mind freely and without hesitation."

1. Congratulations! You have now upgraded yourself to that of being "the Judge, the Jury, and the Prosecutor!"
2. Who needs your "frank and honest feedback" anyway? Just because YOU ARE A SINGAPOREAN, AND HAVE THAT 'DR' BEFORE YOUR NAME, AUTHORIZED AND MADE YOU SO RIGHTEOUS?
3. Perhaps, maybe because nobody listens to you in your godly Singapore that you would want to preach us WITH YOUR VALUES & VIRTUES, WHICH TO YOU IS AN ALL ENCOMPASSING TRUTH AND ACCURATE?!
4. If you are a Muslim, which I am sure you are, as "identified" by your name, in all your postings thus far, you SOUNDED VERY ARROGANT AND ALOOF, which virtues were both against the teachings of Islam!
5. Like I said in my previous respond to you, you are welcome here BUT please OBSERVE SOME COURTESIES!
6. You DO NOT HAVE TO HAVE the insignia of 'Dr' to know that WHEN YOU VISIT SOMEONE'S ELSE'S HOME, YOU DO NOT BE RUDE TO YOUR HOST LEST YOU BE JUDGED AS KURANG AJAR!
7. UNLESS IN YOUR ULTRA MODERN SINGAPORE, YOU ALLOW THIS CULTURE, WHICH AFTER ALL ONLY BEFITS YOUR SINGAPOREAN IDENTITY TO THAT OF 'THE KIASU COMMUNITY!'
8. Again, I would like to reiterate that YOU ARE WELCOME HERE, AS ALWAYS, BUT PLEASE KEEP YOUR COMMENTS AND OPINIONS TO YOURSELF LEST YOU ARE MEMANG KURANG AJAR!

Dear Tun,

As a Multi-racial country, Malaysian has vast advantages but sad to say, our politicians were not able to see and value such gift. Just imagine a well trained multi linguist with multi understanding of various religions' and races' culture can do for a Malaysian in today's globalized world with frontier! High demand that can result in high capital income for our Malaysian.

But we are being destroyed by the short sighted, selfish and self interested politician who are even bothered if the Rakyat are suffering from the inefficient policies set by them.

Pls follow the look east policy.....where the PM honorably step down when they are not capable or have done something wrong.

By shake_nik on September 23, 2008 8:58 AM

Salam Tun,

I have to say that comments by S..Tan on September 23,2008 12:46 AM have some truth in them. We have to admit that. Malays that are nobody in the society get involved in politics only to get rich (thru contracts, all type of permits and licences etc). They do not have to look afar for example. Top Malay politician (ex teacher and ex MB) have houses in Australia and was caught carrying tonne of money couples of years ago. They get into politics only to serve themselves. They don't care s@%t about us. They use DEB and Hak Keistimewaan Orang Melayu to meet their own end. Then they spend part of the fortune to gather followers around them. Present Malaysia is not so different from 250 years ago, maybe now we have Twin Towers, but we still live in a feudal system where warlords still dictate who will become who in the government.

I am totally agree with you.

What I would say is; players in the field may not see what is happening because they couldn't see the whole thing. Only manager out side the field will see what is going on and give the right direction and order. If the player in the field refuse to accept their mistake and find out the blind spot, no one can help them.

Assalamualaikum

Tun dikenali sebagai bapak kemodenan Malaysia. Membawa pembaharuan yang dulunya tidak pernah dibayangkan oleh orang-orang seusia Tun. Saya masih ingat bagaimana projek-projek Tun dikritik dan dibualkan di kalangan orang-orang terpelajar dikedai-kedai kopi mahupun dikampung-kampung kononnya projek-projek yang dirancang oleh tun contohnya KLIA yang kini menjadi mercu kebanggaan rakyat Malaysia adalah projek yang tak masuk akal, membazir duit rakyat dan tah apa-apa lagi komen tapi sekarang orang tabik spring dan kerana semua projek tersebut masuk duit dan mengharumkan nama negara diperingkat antarabangsa. Ini kerana Tun mempunyai pemikiran yang luar biasa hebat, pemikiran yang mengjangkau jauh ke hadapan. Kredibiliti Tun dalam memimpin negara adalah sukar dicari galang ganti. Saya mengkagumi pemikiran Tun tetapi saya sedikit terkilan kerana keputusan Tun melantik pengganti Tun adalah orang yang tidak sehebat Tun dan saya seakan tidak percaya Tun boleh mengambil Paklah sebagai pengganti Tun. Apakah sebenarnya yang terselit disebalik pelantikan tersebut sehingga tun mengambil orang yang tidak bijak mentadbir negara sehingga kesannya begitu teruk kepada negara. Negara semakin kucar kacir dari segi politik. Mengapa Tun? Apapun saya adalah orang yang mengkagumi Tun sebagai pemimpin yang hebat.

Dear Tun and fellow commentators:

Selamat berpuasa and selamat Hari Raya. The only thing that will brings joy to Malaysia at the moment I presume.

While so many of you are dissatisfied with BN and Umno, many more are calling the leader to step down. But the writing is not just on the wall. Evryday when you see his picture on the newspaper or from the news, it is crystal clear that he is not and will not step down. Period.

Those who think that he will hand over before 9th October or before December general meeting can dream on for what is worth. (Take lead from the son in law contest for the top post)

Our country political scenario is so, so superficial and artificial. How many of them are really doing it for the love of the country and the people? While kudos to the minister who resigned for his stand for opposing ISA. The rest are just too proud and arrogant to admit that the current administration is at the worst stage which translates into their incompetence in holding the position.

Forget about PR will take over the government, we will comment about them after they take over. Otherwise they are just opposition doing what opposition suppose to do. Oppose!

Are the present leader or the so called successor capable of resuscitating the flagging economy? the deminished independence of the judiciary system and the police force? Its a hugh task and I think requires someone of the calibre of Tun and you can take that to the bank!

I always thought that we can not be so negative or the negative will keep coming back for more. Lets just hope the holy Bulan Ramadan will bring good luck for Malaysia and the turn of events will favour we common citizen and most importantly get rid of the bad things or persons so to speak.

Good health to Tun and family

Assalamualaikum YABhg Tun.

Terima kasih dan tahniah di atas analisa YABhg Tun mengenai kepentingan pelbagai parti politik mendokong konsep permuafakatan untuk kestabilan sosio-ekonomi Malaysia.

Memang benar bahawa sekarang ini semua parti-parti politik ingin menonjolkan diri sebagai pejuang kaum masing-masing. Samada parti komponen BN maupun parti pembangkang. Malahan tidak terkecuali dengan blogger berbangsa Cina yang lantang mengkritik YABhg Tun kononnya atas dasar persamaan hak, demokrasi, keadilan dan pelbagai alasan yang retorik.

Dengan memperbesarkan isu perkauman sudah pasti masing-masing parti akan dapat sokongan daripada ekstrimist bangsa. Tetapi pada masa yang sama jurang persefahaman diantara kaum akan meningkat, ketegangan antara kaum mudah tercetus walaupun dengan isu yang kecil. Ketidakstabilan politik tidak memungkinan pelaburan baru. Ini menyebabkan KDNK jatuh dan pendapatan merosot.

Jika digabungkan keadaan ekonomi semasa sekarang dimana kadar harga barangan berada diparas yang tinggi bersama dengan kejatuhan KDNK kerana tiada pelaburan baru yang dapat menyerap penawaran tenaga kerja akan menjuruskan ekonomi kedalam kancah stagflasi.

Oleh itu kita perlu bertindak bijak dalam mengurus persoalan politik. Kepentingan negara lebih penting dari sikap mengagung-agungkan seorang pemimpin yang tidak cekap.

Semoga YABhg Tun sekeluarga dirahmati Allah.

Salam Ayahanda Tun. It may borders on wasting time, but I humbly again seek you kind latitude for this communiqué.

I quote Dr. Syed Alwi: "From my vantage point in Singapore, I think the BN must be sensitive to these changes in perceptions, aspirations, values etc. Rapid industrialisation leads to many social changes. The BN cannot use a one-size-fits-all formula. I say it again - while racialism has benefitted the Bumiputeras - I don't think the Non-Muslims are happy with it as they tend to lose out by the practice of racialism."- End of quote.

I fail to see your vantage point Dr. Syed Alwi. But perhaps your definition of "racialism" based politics may just as well reflect on to you at your "vantage" point. Dr. Syed Alwi, sometimes a pot belly may miss seeing his toes all together. That's normal and acceptable for some vantage point views. I say it again just as well, while racialism has benefitted the Singapore non-Malays - I don't think the real Malays (not the Malays by professions) are happy with it as they tend to lose out by the practice of racialism as experienced in Singapore by the predominantly Chinese run government.

http://detik.daily.tripod.com/feb02/16feb_3.htm

I hope you may find the time to click that link and read. Some of your points are indeed relevant while some others seem a bit off mark. Finally - all readers can accept frank and honest credible feedback and we have always welcomed it. The truth as they say; may hurt - but it still remains the truth. And one must be prepared to like freely without hesitation what one hears when one chose to speak ones mind freely and without hesitation. Salam Ramadhan and thank you.

TUN,

As you can see you may try to argue that UMNO is the supreme leader of Malaysia and they do everything within their mean to protect their leadership. The opposition may not come out with its shadow cabinet yet, by the things going on now, Would it ever occur to you that giving the 50 in power, we are still in the loop with corruption & arrogance? For the sake of Malaysian, a shift of power will be a learning lesson for BN and UMNO to be modest and come into term with what the public wish for? If UMNO can proof themselves to be the supreme ruler of this country, they can always win the PUBLIC heart on the next general election. AS chinese would say "Failure is the key to all Success".

Salam Ayahanda Tun,

Saya menyokong penuh tulisan Tun kali ini. keadaan negara semakin teruk. Dalam diam-diam suasana ketegangan kaum semakin terasa. Soal perpaduan semakin di pandang remeh. Bangsa melayu telah semakin retak menanti belah, bangsa lain semakin mengambil kesempatan atas apa yang ada.

Dato' Seri Najib hadapi saat sukat di Kementerian Kewangan, cabaran n tugas besar menanti beliau. Saya harap sangat beliau dapat buat yang terbaik untuk kembalikan pe yang telah kita capai, malah yang lebih baik lagi. Kepimpinan Abdullah mmegang hancur, saya tidak suka untuk membelakangi pemimpin, tetapi cara dan corak kepimpinan Abdullah semakin teruk.

Tun, lakukanlah sesuatu sebelum tiba masa dimana pemimpin kita dipandang lebih hina di mata rakyat. Bangsa kita bansa yang tinggi. Perjuangan kita belum pernah selesai.

A holy man was having a conversation with God one day and said, ' God , I would like to know what Heaven and Hell are like.' God led the holy man to two doors. He opened one of the doors and the holy man looked in. In the middle of the room was a large round table. In the middle of the table was a large pot of stew, which smelled delicious and made the holy man's mouth water. The people sitting around the table were thin and sickly. They appeared to be famished. They were holding spoons with very long handles, that were strapped to their arms and each found it possible to reach into the pot of stew and take a spoonful. But because the handle was longer than their arms, they could not get the spoons back into their mouths. The holy man shuddered at the sight of their misery and suffering. God said, 'You have seen Hell.' They went to the next room and opened the door. It was exactly the same as the first one. There was the large round table with the large pot of stew which made the holy man's mouth water. The people were equipped with the same long-handled spoons, but here the people were well nourished and plump, laughing and talking. The holy man said, 'I don't understand.' It is simple,' said God . 'It requires but one skill. You see they have learned to feed each other, while the greedy think only of themselves.' Guess this message should be shared with all political parties in Malaysia yaa ?

By bunnies on September 23, 2008 10:35 AM

Tun,

Let's put it this way... it is not about the party.. it is all about the "commander in chief" of the party that matters.. that make or break the party.

BN is so irrelevant now because :-

Number 1, the commander in chief is KNS (kanasai.. meaning like shit!! Sad but true)Need I say more??

Number 2, for the longest time, UMNO has been playing with fire.. always acting, saying and thinking like they are LORDs of this land. The other races like mine, the pendatangs, are simply very fedup to be told time and time and time and time again that whatever we do for the country will not be appreciated, that we dont belong here, that we are to accept whatever crumbs that this ketuanan Melayu decides to scatter and splatter at us. Enough! And..

The audacity of the Pendatangs representatives in BN to keep their gap shut and act like sick dogs all these times is the reason why they lost their pants off! And yes, these Pendatang representatives are told loud and clear of this and that's why these "gap shutters" have decided to speak up before they lose their bolas off too! Nothing to do with democracy and liberalism!!

Number 3, BN propoganda is no longer attractive. It sold well a few decades ago because people then were more guilable, easier to pacify, their needs are more simple, have gone through tremendous hardship of war and conflicts and therefore appreciates the small tiny blessings enshrined by BN propoganda but today, people have changed!! Leaps and bounds!! Blame it on whatever you like.. education, western influence, information access at our fingertips but you cannot deny the fact that BN never moved with times. Never did want to move.. stuck there! Rooted there with their "dulu kini dan selamanya" manifesto and propoganda.

Yah, the Opposition may not know how they are going to make their promises work. Opposition may not be able to achieve all their promises and perhaps Opposition may even pull a fast one on all of us.. but hey! what have we got to lose for trying Opposition out? Afterall, we are already abused, bullied, battered, raped and cheated by BN to oblivion. How bad can Opposition be? You tell me. Nope, I am not a die hard fan of the Opposition but I am willing to give them a chance.

Of course, I am ever willing to ditch the Opposition if BN rejuvenate itself with a "today" manifesto/propoganda, change its commander in chief to someone like you or you.. Perhaps then, I will not "throw the baby out with the bath water".

Dear Tun,

Pak Lah masih lagi mimpi disiang hari. Hidung tak mancung pipi tersorong-sorong. Naik meluat saya. Perdana Menteri yang kredibiliti pimpinannya dah jadi "itek tempang" masih lagi beria-ia hendak memegang jawatan Presiden UMNO. Tidakkah Pak Lah sedar dirinya bahawa setiap hari Pak Lah memegang jawatan Perdana Menteri negara terpaksa menanggung kerugian kerana hasil kerjanya tidak setimpal dengan jawatan yang dipegangnya. Merugikan wang rakyat !!

Pak Lah kononnya masih mengharapkan sokongan dari konco-konconya yang dah luput (expired) tarik laku dalam parti UMNO seperti Mat Tyson, Anuar Musa, Shahidan Kassim, Tengku Adnan yang masing-masing akan tumbang jawatan mereka jika Pak Lah letak jawatan. Inilah manusia-manusia haprak dan HP6 yang menyokong Pak Lah. All of them are DEADWOOD leaders who are thinking of their own survival. They have no choice but to back the wrong horse. They have no conscience whatever happens to the party, knowing very well that the wind has change course and yet they want to be the spoilers because of their own personal vested interest. Let us see who will be the winners among them. Even if they win it will be at the expense of UMNO party which will be doomed to collapse like Humpty Dumpty had a great fall!! Then these are the people who will be the culprit and can be accused as pengkhianat bangsa! Make no mistake about it!

Salam Tun,

quote"

7. Now the Malays are angry with the Chinese and the Chinese are angry with the Malays. Party-wise UMNO is angry with Gerakan and MCA and Gerakan/MCA are angry with UMNO. " unquote

Sebenarnya isu antara kaum yang dok hangat sekarang ni bukan isu rakyat, ianya isu politik, berikut adalah petandanya :

1) Cuba perhatikan rakyat dijalanan, perumahan, kawasan awam atau dimana saja, bila-bila saja diseluruh pelosok negara. Rakyat tak kira apa bangsa mereka, semuanya meneruskan kehidupan harian dengan harmoni

2) Sebaliknya cuba baca media cetak, eletronik, internet, isu antara kaum hangat diperkata, cuba perhatikan siapa yang dok bising dengan isu perkauman ? mereka ialah orang politik atau pun penyokong - penyokong fanatik politik!

Jadi apa isu sebenarnya?, ianya nampak seperti orang politik menggunakan modal perkauman untuk mempengaruhi rakyat supaya menyokong mereka (untuk terus kekal berkuasa bagi BN dan mengambil alih kuasa bagi PR)

Pada saya, isu rakyat ialah :

- 1) isu kos sara hidup yang sangat membebankan,
- 2) isu ketelusan dan kualiti wakil rakyat dan kabinet,
- 3) mutu perkhidmatan awam yang rata2nya rendah,
- 4) isu rasuah ataupun tidak amanah dalam kerajaan.

Semua ini sangat jelas pada rakyat. Dalam tempoh antara pilihanraya Mac lepas dan pilihan raya 5 tahun

sebelumnya, rakyat telah bersuara supaya isu-isu ini ditangani, apabila mereka gagal mendapat perubahan yang diinginkan dari wakil rakyat mereka, malah pada masa itu terdapat wakil rakyat yang bongkak dengan kuasa yang ada pada mereka. Oleh itu sebilangan rakyat (tanpa mengira kaum) telah menggunakan kuasa yang ada pada mereka untuk memilih apa yang janggal bagi mereka iaitu memilih pakatan pembangkang untuk menjadi wakil rakyat dalam pilihanraya Mac lepas.

Jadi ianya tiada kena-mengena dengan rakyat sudah tidak dapat menerima parti perkauman seperti BN, PAS atau DAP.

Apabila perubahan kuasa berlaku terlalu mendadak bagi BN dan PR, kedua-dua pakatan ini tidak dapat menyesuaikan diri!, inilah masalahnya!, BN masih cuba bergayut dengan baki kuasa yang mereka ada dan PR cuba mendapat lebih dari apa yang mereka layak.

Dan disini semuanya bermula ! kegawatan politik yang tak kunjung surut dan orang2 politik cuba menggunakan apa saja kaedah yang mereka rasa dapat memberikan mereka kuasa yang lebih besar.

Dalam perebutan kuasa ini mereka telah memainkan isu-isu sensitif yang bukan saja menyebabkan isu-isu asal tidak dapat ditangani tetapi juga mengundang masalah baru iaitu kegawatan politik dan ketidaktentuan dalam hala tuju negara, malah memburukan lagi masalah sara hidup rakyat dan juga berpotensi menyebabkan ketegangan kaum. Mujurlah rakyat awam lebih rasional dari wakil rakyat mereka !!! dan berjaya mengekalkan keharmonian kaum !!!.

Apa yang rakyat perlukan sekarang adalah pemimpin yang cekap dan cepat mengeluarkan rakyat dari kemelut yang dihadapi dan mengemudi Malaysia dalam keamanan dan makmur.

Saya berharap wakil parti yang memerintah segera meninggalkan kesilapan mereka dan bergerak secara pasukan yang mantap untuk keluar dari kemelut demi kebaikan rakyat dan negara.

Kepada umat Islam semua selamat berpuasa dan kepada bukan muslim, sama-sama kita menyambut hari raya.

Hi Tun,

I think BN has lived its good old days. Change is here whether we like it or not. If there has to be a change then it must be just not the leader or any political party but the system itself needs a change. It is just not the dressings but the contents.

The Malaysia of Muhibbah concept of yesteryears must evolve according to the times and mentality of today's generation. Racial distinction should not be emphasized but the patriotic word "Malaysian" must become the byword in the mouths of Malaysians.

I agree one person in the football team can make a difference but at the end of the day its the performance of the whole team that brings victory. I have noticed that the chinese played an important role in the finance ministry those days but now we hardly see any of them playing an important role, why is it? This is because of race based politics; I agree we need racial balance yet we should not compromise the availability of capable persons irrespective of race or political party.

The governance of a nation should not only be placed in the hands of the elected politicians alone but everyone plays a part including bankers, businessmen, professionals, civil servants and the public sectors. Its about time that consultative bodies be appointed to work hand in hand with the politicians in the Government Ministries.

We need changes and we should not be afraid.

An elected politician is sometimes heading a Ministry or department in which he or she may lack the experience or expertise in which case a professional consultative body can assist.

Salam Tun,

TENTANG PERALIHAN KUASA :- Pak Le...Lah memang lebih mementingkan diri, keluarga dan kroninya saja, bukan pentingkan parti dan rakyat jelata, bagi beliau hang semua pergi mampuslah asalkan aku masih lagi berkuasa. Beliau telah pergi berbuka puasa keseluruhan negeri nak minta Perhubungan Negeri menyokongnya dalam isu peralihan kuasa. itulah sebabnya semalam Pak Turut Dan Kaki Bodek Tan Sri Anuar Musa yang banyak scandal duit dan lain2 beri sekongan 100% bagi pihak UMNO Kelantan dan membuat keputusan macam UMNO Kelantan hak mak bapaknya yang punya. Kalaulah betul mintalah pandangan dari semua Cawangan dan Bahagian.

TENTANG PERLANTIKAN WAKIL KHAS PM UNTUK NCER KEPADA SAHIDAN KASSIM.

Wahai Pak Le....Lah apakah orang didalam MOF, EPU,JKR dan Khazanah tidak layak diberi tanggung jawab itu, dan kenapa wang rakyat dibazirkan untuk diberi kepada Sahidan Kassim ?.

TENTANG PERLANTIKAN IDRIS JUSOH SEBAGAI Pengerusi MARA.

Semua orang tahu yang Idris adalah seorang yang boros dalam segi pembelanjaan dan keras kepala kenapalah letaknya dia ditempat rakyat miskin meminta bantuan. Orang yang ego akan pergunakan MARA 100% untuk kepentingan puaknya dan diharap BPR memantau MARA dalam isu pemberian kontrak, takut2 nanti adalah puak dari MONSUN CUP, PARTICK ABDULLAH diberi Perojek Pembinaan SEK .MARA atau MRSM.

WAHAI AHLI UMNO AKAR UMBI TOLAKLAH KJ.AZEEZ PUTRA, SHAZAMIN,ZAKI,ALWI,PATMI,DAN SOKONGLAH MUKRIZ, SAZMI,TG,TOK PA,untuk pemilihan Disember ini.

Salam Tun.

Perhatian kepada Abdul Rashid Abdullah dan Annuar Musa.

Saya tidak pasti apa yang sedang anda fikirkan. Tidakkah anda mendengar suara akar umbi yang tidak setuju dengan pelan peralihan 2010 @ "Pelan Pelan-Pelan"

Adakah anda ingin menonjolkan diri sebagai juara kampung yang menyokong pucuk pimpinan yang lemah semata-mata ganjaran yang ditawarkan?

Atau anda masih menaruh harapan manalah tahu satu hari nanti ganjaran lebih besar bakal menanti.

Abdul Rashid, andalah salah satu punca BN kalah di PP. Kegagalan anda menjaga kepentingan orang melayu keseluruhannya menyebabkan BN hilang pengaruh di kalangan orang melayu.

Semasa menjawat sebagai TKM anda ternyata gagal melaksanakan tugas yang diamanahkan. Anda tidak sepatutnya menyalahkan Dr Helmi (penyandang sebelumnya) kerana anda dan beliau tiada bezanya.

Kesilapan besar anda yang utama adalah kerana menjadi pak turut kepada Tsu Koon, Hock Nan dan konco-konconya. Juga kerana terlalu melayan nafsu besar para pemimpin UMNO bahagian untuk mengagih-agihkan projek sesama sendiri tanpa mengambilkira persepsi rakyat jelata yang sentiasa memerhatikan gelagat anda.

Adakah anda rasa kali ini dengan mengisytiharkan sokongan anda kepada "pelan pelan-pelan 2010" anda sudah 'secure'kan kedudukan anda?

Sesungguhnya memang "Melayu Mudah Lupa".

Dr M,

Again I disagree with you on the continuance on racial politics and the fear of what would happen if Malaysia do not have parties along racial lines. It might be fine if Malaysia is extremely self sustainable and does not need to live with the rest of the world. In today's world, it is considered politically incorrect to invest in countries like Malaysia where racial bias is practiced by the government. Say what you may about what the rest of the world not understanding the true intentions of the government.

It is still constitutional racism rearing it's ugly head. Given the choice, I would not invest in Malaysia. 30 years ago, it was predicted that Malaysia would turn into another Indonesia with the majority of the people being poor. There was just no effort to keep the best brains to run the country as efficiently as possible. All natural resources were squandered with white elephants projects and stolen from the people through corruption.

Malaysians have some really talented people and they are now living overseas or just across the border to the south. Singapore is built mainly by Malaysians who were recruited by Singapore. They recognised wasted talent and welcome them in willingly. Malaysia on the other hand willingly kick them out due to the fact that they are not bumis. Fine. Your loss, our gain to Singapore and the rest of the world.

Wake up Dr. M, Malaysia is falling further and further behind in terms of being competitive with the rest of the world and has even fallen further behind a lot of third world countries that it used to be ahead of. It is because of racial politics. I for one would not want to sacrifice for Malaysia if treated like a second class citizen and would gladly die and even fight Malaysia for my new country that treated me so well and respectfully.

Salam Tun,

UMNO mesti kena berubah dengan segera sebelum berkubur. Buka peluang kepada generasi pelapis yang berkelulusan tinggi dan mempunyai kelayakan profesional, mereka ni lah yang kena groom sebagai generasi pelapis.

pendapat saya UMNO jadi seperti sekarang adalah disebabkan oleh system peringkat pemilihan pemimpin dari peringkat bawahan yang seperti cawangan, bahagian di mana siapa dapat bagi lebih dia tu yang dilantik atau di pilih. Background education priority tu jatuh no dua. Bila pemimpin di lantik berdasarkan siapa yg bagi lebih ni la yg terjadi sekarang ni..peringkat pelapis pemimpin UMNO

pertengahan ni yg bermasalah dah la cakap pun tak pandai..ada pi beli degree on line je..So bila mereka ni naik yang jadi pelapis yang dilantik pun di lantik yang macam lembu juga.. ikut je cakap je..kalau lantik yang pandai nanti nampak yg ketua ni bodoh pulak..so tradisi ni dah berterusan..

Golongan profesional ni dah tak de platfrom nak ketengah dan awal awal lagi dah kena cantas jadi cam na..

Sebagai alternative tempat pun tak da, idea pun tak nak di dengar..dok dengar idea bodoh pun boleh diterima oleh penyokong si ketua ni ..Mereka ni la pi menyokong pembangkang at least sekurang kurangnya mereka ni ada yg nak dengar dengan tujuan bagi sedikit mesej supaya UMNO sedar...Kalau UMNO tak sedar lagi dan tak berubah saya risau UMNO akan berkubur dan Bangsa Melayu pun akan ikut layu di Tanah Melayu...

I'm just thinking that if there are only 2 choices a rakyat can pick:- Either a reformed BN or a newly formed Pakatan Rakyat, I'll bet my money on the formal. We can see what BN have done and contribute to the country but we see as well their 50 years of hardwork and reputation are deteriorating very fast. I agree with Tun that most of the rakyat voted for opposition because of their dissapointment with BN. They (BN) have totally ignore the voice of rakyat. I believe not much are willing to take the risk to hand over our future to the opposition, which I thought still too inexperience to manage the whole country. I really love this country from my heart since I was a child and I really proud of this beautiful country. I can feel the hair standing on my neck whenever I told people where am I from when I was overseas. Sadly, I don't have this feeling anymore. I can feel that I'm actually hesitated sometimes to tell people where am I from. I'm really sad that as I'm growing older, my proud feeling of this country is decreasing. I'm not anti-BN or anti-opposition, I'm just thinking the best for this country at this time. I'm actually glad at what happened after the 308, at least some of the BN people started to think about what they did wrong in the past and where they should be going in future(unlike some stubborn monkey still playing with races issue). I really hope the current government can really take some actions sooner rather than later to save our country from further economic and political turmoil. Up until now, I'd rather risk my future on the hand of opposition than the dissapointing BN.

Saya amat berharap kerajaan sekarang boleh ditukar dengan segera memandangkan penyalahgunaan kuasa (oleh Botak no.1) telah meleluasa. Hari ini Raja Petra (Botak no.2) telah dibuang ke Kamunting untuk menikmati makanan yang bernilai RM4.50 sehari (McK valued meals).

Apakah tiada bill yang lagi sesuai selain ISA? Baik mansuhkan semua bills yang lain dan kekalkan satu sahaja, iaitu ISA. cukup dah tu. One for all.

UMNO memang tidak relevan lagi. Tetapi Pakatan rakyat akan terus mengingati jasa mereka dalam memory lane (1981-2003).

Dear Y.A.Bhg Tun

Dengan jelas sekali BN & UMNO sedang menuju ke arah yang amat membimbangkan.

Pemimpin2 kerajaan dan menteri2 pulak masih ikut tradisi dan tidak membuat perubahan(Masih jadi Pak Turut). Kerana mementingkan diri sendiri dengan jawatan yang disandang. Cuma ada 2 atau 3 pemimpin yang berani bercakap BENAR dan mahukan perubahan yang secepat mungkin.

Kami amat menghargai keberanian menteri kabinet yang berani bersuara, mahukan perubahan dan abaikan kepentingan diri sendiri demi parti, bangsa dan negara.

Ini adalah "basic requirement" yang mesti ada pada setiap pemimpin negara.

Di sini kami amat merindui zaman kepimpinan Tun dan harap-haraplah ia akan jadi "Back To The Future"

By Burrsingh on September 23, 2008 11:59 AM

Salam Tun,

I feel that the UMNO party Whip has to do its job more rigorously and keep its MPs in check. This will send signals to its MPs to be wary. MPs have to live up to a higher moral self for they represents their constituency.

I think the same should apply to BN. It should have a coalition whip to reign in its rank and file.

This is one way to reduce the mixed signals sent out from MPs from the same party. One voice.

By MinAuthor Profile Page on September 23, 2008 12:11 PM

Setuju, M'sia masih memerlukan parti yg mewakili kaum masing2. Jadi masalah yg membelenggu kaum masing2 dpt disampaikan pada PM oleh ketua2 yg dipilih.

Tetapi yg kesiannya kaum India, yg mana saya rasa tidak begitu diambil berat oleh ketua kaumnya terutamanya membabitkan pelajaran.

BN harus mengambil berat pada beberapa perkara:

Rasuah - Saya percaya rasuah tidak dpt dihapuskan sama sekali tetapi patut dikurangkan terutamanya di pejabat2 kerajaan.

Persefahaman kaum - Harus diajar disekolah2 utk menghormati kaum & kepercayaan masing2.

Last, ketua pemimpin haruslah yang bijak memimpin, tegas & bebas dari rasuah.

By MdmLley on September 23, 2008 12:21 PM

Salam Tun.

Of course BN masih relevan tapi hanya apabila ia dapat mengekalkan non-malays dalam parti. Bagi saya kita tak perlu salahkan Pak Lah sepenuhnya kerana membinasakan negara tercinta. Mungkin Pak Lah silap kerana tidak mempergunakan kebijaksanaan dan pengaruh Tun ketika mula2 menjadi PM dulu malah membatalkan banyak projek tanpa memikirkan implikasinya kepada ekonomi negara, dengan alasan kononnya kewangan tidak mencukupi. Walhal semua orang tahu nilai KLCI hampir mencecah 2000! Hari ini kita dapat lihat balasan kepada Pak Lah kerana menjadi si Tanggang yang lupa diri, tidak menghormati pemimpin Terulung yang pernah mengangkat martabat negara dimata dunia!

Yang menghancurkan negara bukan Pak Lah tetapi Anwar yang meracun minda rakyat. Siapa yang memulakan perbalahan antara kaum kalau tidak Anwar yang gilakan kuasa.

Salam Tun,

This is my first comments since I visit ur blog 2 months ago.

I wonder why today many Malaysian

1. Did not respect others religion and sensitivity.
2. Did not know how to differentiate Malaysia and Sabah/Swak (Many semenanjung people, they always call semenanjung is Malaysia.)
3. When the first time i came to Peninsular in Dec 1998, many people ask me whether S'wakian still living on the tree, living in the deep jungle.(x sekolah punya orang)
4. support Anwar Ibrahim...

According to one pak cik i knew from Kedah..

During Rundingan Baling between Tunku Abdul Rahman and Chin Peng. So the solution is, to get Merdeka and to smooth the merdeka plan, Chin Peng has to out from Malaya. So Merdeka lah.. Then Lee Kuan Yew as a Chinese Leader also want a post...kacau-kacau punya hal..cina sama melayu gaduh.. Then terpaksa lepaskan S'pore.. Then saki baki Chin Peng pun tidak puas hati.. they try so hard to fight the Gov... Dgr cherita..Lim Kit Siang tu anak buah Chin Peng la tu..

Tun, tolong betulkan saya jika silap..Jika pakcik ni bohong saya pun bohong la..

By ZINNZAIN on September 23, 2008 12:24 PM

YAB Tun,

I am a partyless person. I mentioned this before in my comments but during every election, I performed my duty as a responsible citizen to vote. Please do not ask me which symbol did I put my pen onto because my vote is supposed to be secret.

I voted during PRU 12, March 8, 2008. That date could be the beginning of a new chapter in Malaysian political history - the worst ever result for BN. Ever since that date, Malaysian political scene has been the same as before.

As an ordinary citizen, I do not see any concrete effort taken by the present administration to serve the rakyat. What we have seen so far are decisions that affect the lives of ordinary rakyat. Increase in the price of fuel has a chain reaction in the increase of others such as food, transportation etc.

BN leaders seems to be preoccupied with party matters rather than pooling their effort and resources to serve the rakyat. MCA will be having their party election in October. UMNO will be having theirs in December. Judging by the number of UMNO members who are aspiring to fill the various posts of Vice Presidents and Supreme Council Members, its like as if everyone wants to be there. They want the post because with that, comes power. Personal agenda supercede every other thing, including providing service to the rakyat who voted these representatives to where they are now.

Voters can take a back seat. Election has just been completed and the next is still a long way to come....so they could be disregarded for now.

Any party including BN could still be relevant provided it follows and upholds the principles that has been laid down. Another important aspect is its leadership. For a party like BN, it needs a strong and visionary leader who could lead, NOT a leader who is being lead to lead!

I sincerely hope that our leaders would read what has been written in this blog. There are lots of good comments that could be used by the administrators as a guide to help better manage this beloved country.

For those representatives that will be attending UMNO and MCA party election in December and October respectively, use your voting power to chart this beloved country's future to ensure a better and secure environment for us and our generation to live in.

May ALLAH protect and guide us all through this trying times.

Selamat menyambut Hari Raya Aidilfitri buat YAB Tun sekeluarga.

Assalamualaikum Tun Dr Mahathir,

First of all, thank you for the good article again. Surely, MCA & Gerakan once again play the racial issue to save their faces from the poor performance in the last GE.

UMNO has been a punching bag from its own partner in BN and from the opposition. The sad story is PAS overreact in belittle UMNO and its nationalism movement.

What UMNO can do now is to quickly change its leader. But unfortunately Pak Lah refuse to give on. I bet you Tun he will stay on for the December UMNO election and win easily. The rules in UMNO makes him so powerful and the laws in the country make him super power.

As such, looking at the current state of affair, the political scenario will not be much change and UMNO ship will continue to slow down. The opposition will cross the final line because it is not to say they are good but UMNO, MCA, Gerakan and MIC have made a lot of mistakes. They argue openly in the public society make the rakyat give up of them all.

Once BN lost, you can see a new era of Malay become slave in its own land. The lyric of anak kecil main api by dr nordin kardi will be played in the near jungle in 10 years after that where Malay will stay; waiting for another good leader to guide them. The Malay wouldnt know that no such man will come since they are interested in making fast money, selling their land, stabbing in the back, jealous, greedy and most of all sleep during working hours.

Very sad. But you and I will not be around to watch this episode. We are gone. Your grandchild and my children are going to experience all this.

By jesselabu on September 23, 2008 12:31 PM

Dear Tun,

There are many reasons why some UMNO members, cabinet ministers and even people of Malaysia voiced out their unhappiness. The most important and significant reason is because we are currently having the weakest leader ever.

Salam kepada YAB Tun dan rakan2 bloggers,

1. Apa yang saya nampak, kaum Cina dan kaum India rata2 mahu kita percaya bahawa parti seperti BN yang kononnya 'race-based' adalah tidak relevan lagi...maka alternatif yang ada ialah parti yang ala 'malaysian malaysia'

2. Ini satu perjudian. Nothin to lose. Kalau masih berterusan parti 'race-based' mereka masih ada tempat, ada bajet untuk tolong kaum masing2, masih boleh minta apa yang diinginkan...

3. Tapi kalau berjaya menyakinkan semua orang bahawa BN tidak relevan, maka tuntutan 'malaysian malaysia' akan menjadi kenyataan, tambahan pula terdapat orang melayu yang sudah tidak suka lagi cara UMNO, tetapi lebih selesa dengan saranan pakatan rakyat.

4. Jadi saya nampak segelintir kecil sahaja kaum cina, india dan melayu yang berminat untuk mempertahankan BN.

5. Teori saya adalah berdasarkan apa yang sedang berlaku dalam BN sekarang. Tidak nampak semangat setiakawan...Ahmad bercakap sebagai Ahmad, tapi parti komponen serang Ahmad mewakili UMNO. Si baghal Dollah dan Najib pulak cepat2 mohon ampun, maka otak bisnes ni tahulah sedalam mana dosa orang UMNO ni, maka 'play hard to get'. Kalau ada setiakawan, bisik dalam mesyuarat BN apa yang terbaik, tetapi diriuhi-rendahkan dalam media...apa motifnya?

6. Motifnya ialah 'to get the ball rolling, to get momentum, to increase the support....'. Ini cara terbaik untuk membuat tuntutan yang se adanya. Same thing had happened during PRU 1999.

7. Why these nonsenses were effectively managed during Tun's time? why now its like nobody's business?

8. Why BN members from non-UMNO keeping quiet bout Dollah's weaknesses? bout him as the main culprit? You would rather hurt the malays in general than going straight to the source, why? Becos you wanna use that lame duck, right? You've waited so long to get people like Dollah to come to make demands and 'throwing your tantrums'

Tun, how I wished the leaders of those component parties in BN (other than UMNO) are more sincere, genuine.

Dear TUN,

I have always admired your leadership and courage, but are getting more frustrated with the policies in our country the past 51 yrs without much improvement.

I agreed with Tun that running a country is like running a business, so is the way we teach our kid the same way leader bread good citizen. For those who are weak, we should give them courage and an environment to be train well, and not to give any sort of "tongkat". Tongkat have made the Malay getting weaker. Malay, as well as other races could have good potential and succeed in life without tongkat. Look at Malay working in Public Bank, they are so good and efficient if not better than Chinese or Indian cause they are being treated like the rest without bias. The environment has really released their hidden talent.

When politicians said having AP is to bread Malay entrepreneur, that is really a joke, because any given person in this world given such privilege could hardly fail. So do you think doing business in such protected environment could bread good entrepreneur? Please stop lying, these people could never be able to counter any economic upheaval, could not compete in equal ground. Why our government keep making Malay worse off in long run. No one in the world look up to them when they succeed, no one trust their ability, no one sincerely wanted to work with them. Ask yourself how many Malay would be successful in the international arena? Perhaps our government just want to give Malay money for their living, and not planning to train them? Does the government think that the Malay are hopeless?

Pamper a child could only bring them misery and failure in their adult life, so is pamper the Malay. Let them experience falling; let them experience bitterness; let them experience hardship, could then bread successful; respectable Malay entrepreneur that work well within and outside Malaysia.

God bless our Malay friends.

Selamat Hari Raya Tun

Dear Doctor Mahathir,

I am sad to see that after so many years of your contribution to the country that you still have to worry for the future of our nation. Just only after a few years of your retirement, the foundation that you build so hard for is now shaken

I hate to realise that WE RAKYAT MALAYSIA (NOT ONLY THE GOVERNMENT) are so incompetent.
