1. I would like to thank everyone for their comments on the above. I appreciate very much the positive comments and I accept the negative ones also. I am not perfect. I make mistakes. But some of the wrongdoings attributed to me are just not true or correct.
2. We see what we want to see. Everyone is like that. So do I. But I try my best to be factual.
3. My greatest mistake is in the choice of people. I seem to be picking the wrong people all the time. They not only did not live up to my expectations but they went all out to do all the wrong things, including abusing me.
4. I accept the blame for making wrong choices. But they were all so good before they were chosen.
5. Anwar was pious and holy almost. Before I admitted him into Umno no one told me of his peculiar inclinations.
6. The other one was known as Mr. Clean. Well he and his family certainly did a lot of cleaning.
7. Awarding privatisation at inflated prices! Well the contract to double track and electrify the railways from Johore Baru to Padang Besar was for RM14 billion (including the spur line to KL). It was cancelled by Abdullah.
8. Then it was found necessary to double track and electrify from Ipoh to Padang Besar. I understand the price is RM12 billion. Work out the new cost if we build up to Johore Baru.
9. Putrajaya and Cyberjaya - bought by the acres. Putrajaya, 10,000 acres for RM700 million or approximately RM17,500 per acre or RM0.43 per square foot.
10. Today average price of Putrajaya land per square foot is RM130.00.
11. Bailout happens when a business receives injection of capital to get over a financial crisis.
12. Selling a business at below cost is not a bailout. It is called a fire-sale. That was what my son had to do. Petronas subsequently sold $\frac{3}{4}$ of the fleet for more than what it paid for the whole fleet when the market was good.
13. Ekonomi Malaysia berkembang pada kadar 8.5% dari 1987 dan bukannya 10% dari 1991. Mula merosot pada 1997 di waktu Anwar sebagai Menteri Kewangan melaksana "ubat" IMF tanpa IMF. Memang Anwar ditangkap semasa krisis hampir berakhir. Kerana kegagalannya MTEN ditubuh untuk ambil alih tugas memulih semula kewangan dan ekonomi Negara, jauh sebelum dia ditangkap.
14. Sila semak SEJARAH dalam laporan akhbar dalam dan luar negeri.
15. Thank you for agreeing that I am a dictator. Tell me which dictator ever resign.

16. Terima kasih kerana membaca blog saya.

Assalamu Alaikum Tun,

To, m'cho76..

saya bersetuju dengan anda..orang kita yang berpendirian begini kalau boleh pergilah try untuk hidup di negara lain seketika..paling dekatpun singapura..cuba rasa perbezaannya..dengarnya ramai orang Malaysia yang sudah buang kewarganegaraannya berminat untuk kembali ke negara asal? tapi kerajaan kata.."boleh tapi tidak semudah itu..."

Salam untuk Tun dan semua,

DICTATOR ka, DEMOCRACY ka....kita semua baru kenal those words sejak merdeka kut tapi la ni duk guna dengan megahnya against Tun M. Bila zaman Tun M internet kita mula guna Malaysians pun dah terlebih celik dan nak lawan TOWKAY pulak.

Tun M,

I do not see why you need to be concerned about these label...they are not important to you at all...Need I say that there are thousands and millions of Malaysians I believe respect, support and LOVE you ?????

LAWAK LAWAK rakyat Malaysia ni....bila dah pandai sikit ceduk habis-habisan apa yang MAT SALLEH ajar walau berpandukan pada fikiran dan amalan bertentangan dengan AGAMA, BUDAYA dan SEJARAH MALAYSIA.....

fikir-fikirlah sendiri....bukan semua WESTERN theories and ideas are good and reliable.....Democracy is alright with ISA (DEMOCRACY WITH ISA) because we do not want our children's life to be ruined due to a few groups of people who will bring chaos and unstability to Malaysia.

Salam,

Semoga Tun dan keluarga sihat selalu.

Malam tadi saya melihat documentary tentang Tun di Astro "History" Channel. Terdetik dihati saya betapa bertuahnya negara dan rakyat yang menyaksikan transformasi pemodenan negara sepanjang 22 tahun Tun menerajui negara. Sesungguhnya saya berbangga mempunyai pemimpin yang berjiwa rakyat seperti Tun. Pandangan dan Idea bernas Tun telah menjadikan negara Malaysia yang tercinta ini dikenali diseluruh dunia.

You are "One in a Million".

Salam Ayahanda,

Baru tadi saya saksikan History Channel "Mahthir" part 2 tapi rasanya tidak puas kerana saya rasa banyak lagi kisah sumbangan/cabaran ayahanda yang tidak muat dipaparkan. Tat kala saya habis menonton, saya rasa begitu kehilangan kerana ayahanda tidak lagi di tampuk kepimpinan negara. Saya dibesarkan di era tampuk kepimpinan ayahanda dan saya amat berbangga negara kita yang tercinta ini mempunyai seorang pemimpin yang mempunyai semangat dan keinginan untuk melihat anak bangsanya berjaya setaraf dengan bangsa lain.

Dalam komen ayahanda di akhir rancangan itu, ada nada kekecewaan tat kala ayahanda katakan "i've tried for 22 years but i think i've failed"...ayahanda tidak pernah gagal...cuma "mereka" yang gagal untuk mengikut tunjuk ajar ayahanda.

Walaupun saya rasa saya juga belum mencapai apa yang ayahanda inginkan untuk anak bangsa ayahanda capai, tapi saya berjanji 'Inshaallah' saya juga ingin anak bangsa kita untuk berjaya, kerana telah diberi tanggungjawab sebagai pendidik anak bangsa. saya harap akan ada lagi rancangan yang memaparkan kisah hidup ayahanda bagi menjadi inspirasi untuk semua anak bangsa.

Mendoakan ayahanda sekeluarga dalam keadaan sihat dan bahagia hendaknya.

Sekian, wasalam.

Assalamualaikum Tun,

Saya baru sahaja habis menonton dokumentari tentang Tun di History Channel. Saya disini ingin

mengucapkan rasa syukur kerana dapat hidup di negara yang masih mempunyai rasa aman dan harmoni berbanding negara lain. Disini saya ada satu soalan yang ditanyakan kepada Tun (saya tidak berharap tinggi Tun akan menjawabnya disebabkan kesibukan Tun). Apakah maksud Tun yang Tun berasa Tun masih gagal mengubah orang Melayu dari hari Tun sedar bahawa Melayu perlu berubah berbanding orang Melayu hari ini? Saya sendiri orang Melayu dan saya berharap Tun dapat memberi sedikit pendapat dari segi perspektif Tun. Sebab saya bertanyakan soalan ini kerana saya masih muda (20 tahun) dan kamilah yang akan menjadi masa hadapan negara ini. Selain itu saya berharap Tun akan sihat sentiasa supaya akan ada seseorang di negara yang dapat menyuarakan suara 'lantang' jika negara tidak diuruskan dengan teratur.

Wasallam Tun.

It's been a long time I did not visit your blog. It was a year ago when I visited your blog and dropped some comments. After a year, things seem to not change much. Most of the comments posted here are pleasant and adulatory. Perhaps you love to see them, reminiscing your tenure of PM when you see those flattering comments??

Or perhaps you selectively filter comments that you like and get it posted here with a few negative ones to make it so real that the positive ones outnumber the negative ones??

I still don't get the point that why you always like to talk about history that has happened long time ago. Your criticisms regarding Anwar and Abdullah seem endless. You said that no one is perfect. Yes, I am extremely agreeable to that. But you seem to practise double standard.

Since Abdullah has stepped down as the PM, shouldn't you too stop criticising his wrongdoings and mishandlings. History remains history. What is your actual intention to keep harping on his wrongdoings in your perception such as the bridge issue, the award of projects etc?? To indoctrinate fellow Malaysians that Mahathir is much more outstanding than Abdullah as a PM?? Does that serve your purpose??

And talking about Anwar, you seem to point your 10 fingers at him NOW when he was the finance minister who made some policies after the financial crisis in Malaysia. What was your position in the cabinet when he was the finance minister?? Shouldn't you too must shoulder some responsibilities when you allege that his policies is a failure financially and economically?? And more importantly, why now only you point out the alleged mistakes that he made decades ago?? Let me tell you why. Because you've heard that Anwar was conferred with the post of economic advisor by the Selangor state government. So, you desperately trace his poor record so that people of Selangor will lose confidence in him?? Isn't that a child play, Tun??

Well, since you like to talk about history, then let's talk about history. I guess you must have heard about the news of the PKFZ controversial issue whether in the media or local dailies. As a citizen of Malaysia, I am very curious that you have remained relatively silent in this issue.

As a constant reader of newspapers,I've never seen your comments in this issue.Lately,Tun Ling Liong Sik claimed that when he was the transport minister,his ministry did not get to handle the funds regarding the controversial PKFZ lands.And he made a bold claim that the funds were handled by the ministry of finance when you were the PM and coincidentally the finance minister at that particular period.

Since you are a nostalgic person who loves to talk about history,maybe you can give us insights on what has actually taken place as Malaysians are concerned about this.Tun,allow me to say that "silence is not golden".Would you like to take up my challenge to post my comment in your blog fo see the feedbacks??As a democratic leader who incessantly fights against war,I wish you will not hesitate to post this in your blog.Thank you very much.

Assalammualaikum Tun Mahathir,

I don't know where to start..all i know is i admire you so much...me and my family is in UMNO and BN is because of you. My parents serve UMNO before I was born. When there is election my parent is consider as "orang kuat" for BN. They will conduct the campaign but the level is only "cawangan". When you were in UMNO I don't mind they work hard but now I feel its not worth it for them to do it anymore. Tun pernah berkata, undi kerana parti dan bukan kerana pemimpin. Tapi kalau pucuk pimpinan tidak ada ketokohan memimpin macam mana kami orang bawahan nak menyokong(Pak Lah). Even now, saya meragui ketokohan PM sekarang. Maybe I'm obsess with you so i refuse to accept other people as my leader.

Saya menyertai UMNO tapi apa yang dapat saya lihat di peringkat bahagian ialah mereka terlalu mengampu menteri which to me the menteri is the one should serve the people. I'm sick of bodek people. There are time I think is a waste of time joining UMNO. Every time i try to voice out my opinion, the elder will stop me and said "tak baik cakap macam tu". But how can UMNO improve if people only tell them good news rather than the real thing.

I just wanted to share this with you because I don't know what else can I share with you.

Walaupun saya bukanlah orang penting dalam UMNO but I love my negara, bangsa and agama.

Anyway, I was watching you biography today and you said that the reason you stepped down was because you believe you have failed changing the Malays within the 22 years being the PM. I cried when you said that. I felt guilty because YOU DID NOT FAILED US, BUT WE HAVE FAILED YOU. Tun, please never ever feel that way ever again. If the Malays change, will you be the PM again?

Tun, I need to meet you. Hidup hanya sekali, and I really want to meet you in person, to shake your hand and to thank you personally. How can I do that?

Semoga Allah memberi kesihatan kepada Tun dan memberi peluang kepada saya untuk bertemu dengan Tun.

Assalamu'alaikum Tun sekeluarga

Thank you for yr post, simple, precise and perfect.

I'm a senior citizen, inactive in politics but keeps interest in the political tantrums of the country quietly.

Kindly allow me to present my views on items 3 & 4.

I was one of the many who had written to you of yr wrong choices when it comes to picking people, the only fault that I can find during yr tenure. I believe you had made the right decision by sacking DSAI and then by pressuring AAB to the extent that he had to step down. I'm pissed-off by the actions of these 2 persons whom you had picked. The only correct english words that I could find which describes these two - Holy shit!!

Do keep on writing and share us yr frank views.

My salam to you and to all yr siblings.

May Allah swt bless you and yr family.

Salam..

Maafkan sy andainya komen sy mungkin akan sedikit tersasar dari topik yang dibincangkan.

1. Pada pendapat sy, TUN mmg mengamalkan diktator semasa zamannya. Namun, beliau juga menerima pendapat dan pandangan orang lain terutamanya dalam membangunkan negara.
 2. Sy menyanjung TUN bukan kerana sikap diktator di zaman pemerintahannya, tapi kerana idea dan visi yang dimiliki TUN.
 3. Sy tak peduli adakah anda seorang Ir. Dr. atau siapa sahaja, tapi mampukah anda untuk memberikan idea tentang "Wawasan 2020" pada tahun 1991 seperti yang dilakukan oleh TUN?
 4. Selain daripada pasukan bolasepak negara yang begitu gah di zaman lampau, bagaimana nama Malaysia ingin dikenali? TUN memberikan idea untuk mendirikan menara berkembar Petronas, yang secara tidak langsung menjadi salah satu simbol kepada negara kita sekarang.
 5. Malaysia bukan sebuah negara yang hebat dalam industri permotoran. Untuk meningkatkan minat rakyat dalam bidang ini, diwujudkan Litar F1. Mendapat tentangan hebat, namun apa yang berlaku sekarang? Singapura juga sudah nampak tentang kelebihan ini.
 6. Petronas dibangkang habis-habisan, dan dikatakan Petronas hanya merugikan. Andaikata Petronas tidak wujud, semua hasil bumi Malaysia akan digunakan untuk mengaut keuntungan oleh orang asing, sepertimana yang berlaku dengan bijih timah di negeri Perak.
 7. Menjadi tuan rumah untuk sukan Komanwel 1998, bagi yang tidak berfikir secara mendalam tidak akan nampak akan impaknya. Semuanya dikatakan sebagai projek gajah putih.
- Banyak lagi contoh yang ingin sy berikan, namun sy sedar diri sy yang kerdil ini, bukanlah seorang yang pakar dalam bidang ekonomi. Tapi sy pasti, jika ditanya tentang Malaysia pada orang luar, mereka pasti kenal dengan Dr. Mahathir.

Ekonomi pada perspektif sy bukan hanya sesuatu yang dilihat dalam bentuk wang, namun juga dalam bentuk iklan dan promosi yang secara tidak langsung akan meningkatkan keyakinan terhadap Malaysia.

Adakah anda akan yakin dengan barang yang tidak popular? Barang yang tidak pernah anda dengar selama ini?

Contoh mudah, anda kenal dengan "Hang Buah" ??

Maaf andai komen sy mengganggu ideologi sesiapa.

Sekian.

Assalamualaikum W.B.T Tun Dr. Mahathir.

Dengan izin Tun, saya ingin membalas kenyataan dari [rarunasalam @ Ravi on November 20, 2009 7:46 PM].

Ravi,

You are confused with yourself. That is because you do not read enough historical facts, examine the timeline or sequence of events and too clouded with your own weak presumptions without approaching the issue in an objective manner.

The worse part about you is simply that, you blindly bombarded Tun with all the nonsense accusations as if 'he was that bad'.

First, you questioned why Anwar was slapped with all the legal actions and not Pak Lah?

Hello!!!! What's wrong with you? The Pak Lah's Saga came into the picture after Tun Dr. M has resigned while the sacking of Anwar followed by his saga is during the premiership of Tun Dr. M.

The police even warned certain group of people only for inviting Tun Dr. M to officiate a ceremony or to give a talk regardless how remote or 'innocent' the topic was against the administration of Abdullah Badawi. How do I know this? I was there and I was warned!

Tun M was severely isolated until he had to resign from UMNO! How do you expect him, being a commoner now just like you and me to take legal actions against Pak Lah when the issue in question involved public interest and thus public administration law?

Mind you, for Anwar's case it is not within the scope of power for the Prime Minister to charge him but it is the Attorney-General of Malaysia instead. The AG who is also the Public Prosecutor will decide to proceed or not to proceed with legal actions upon due considerations on the facts and evidences derive from investigation.

Perhaps it is better for you to ask our current PM why no action being taken on Pak Lah!

I don't think we need the court to decide on Pak Lah's doing. If you read and observe enough the state of affairs during the reign of Abdullah Badawi, you'll know what Tun Dr. M was talking

about. I don't suggest that we take the law into our own hands or taking over the court's function, but I believe we Malaysians are smart enough to comprehend the surroundings even without the newspaper reports or complaints from Tun Dr. Mahathir in his blog.

Secondly, you ask what sort of 'cleaning' that Tun was referring to against Pak Lah and his family? Again refer to the above paragraph, and try digging Tun previous posts about Pak Lah. You don't need to believe whatever was written by Tun, if you choose not to, but open your eyes widely, 'see' and think by yourself, if you are capable of doing so.

Next, about Musa Hitam, go ahead and do your own research about the reason why Tun sacked him. Look for the case that occurred in Kedah long time ago about the cult led by Ibrahim Libya, among others.

Lastly, you rudely accused Tun Dr. Mahathir for not 'preparing' the next generation of leaders! Back then it seems very promising that Anwar would be the best candidate to lead this country. The same thing goes to Pak Lah. Just look at how powerful the Government was by winning the 2004 general election right after Pak Lah took over premiership from Tun.

But it is their own doings (Anwar and Pak Lah) that rendered them as wrong candidates in becoming the next leaders of this country. Tun admitted he made a mistake in choosing the right people to lead. So what now? Keep on blaming him on that won't improve this country either. Then again you want to talk about Tun, not being a progressive leader, when you don't even fully understand what progressive leadership is all about! Look at the bigger picture and don't blatantly blame the elder statesman! He has moulded this country to the extent that is so admirable in the eyes of the world! The world knows Malaysia better under 'Mahathirism' be it about our social harmony, when there is no racial conflict whatsoever when he was the PM, or about our economic growth and recovery from the economic crisis, or with regards to our international relations and the list goes on and on, if you just read enough.

If you don't understand, ask politely. And if you know nothing, just shut up and get your facts correct first before you want to debate with Tun Dr. M!!!

p/s: I don't see any promising leader from 'Pakatan Rakyat' as well.

erm...is it with najib administration? or it can be others fault...seems you are very close to datuk seri najib..i hope that you can provide him a plan to recover back what the problem is..

i'm a student tun..i feel very sad watching everybody(malay) fighting,crumbling each other...then,other races seems to laughs to us...can i make an appointment to meet with you tun..it

is a great pleasure if i can meet with u...discussing about the malay problem....probably, i can be PM in the future...same as u did...but even greater.....for my race...MALAY..

By kel9  on November 22, 2009 11:12 PM

I believe the current biggest problem in our country is not Dato Seri Anwar becoming the economic advisor to Selangor. Rather it is summarized succinctly in an old proverb - "If the legal system is unjust and when laws are not fairly enforced, Government officials will be complacent and Evil doing will abound."

Of course you have the affirmative action policies in place, but that is not so much an immediate problem. Our country should be an example of composure, compassion and justice! Give us a trustworthy and fair police force Najib!!! Not just trustworthy and fair to UMNO... but I guess that is not to your favour is it?

Semoga Allah panjangkan umur Tun...

By iamfrank  on November 22, 2009 9:33 PM

Dear Tun,

I may not agree with all your policies, and I do believe you have made colossal mistakes in your choice of people (Mr. Clean ruined our country. I despise that man and I apologise but if there is one thing I will blame you for is passing the mantle to that selfish abhorrent man who was happy to play the pious role while he swindled money for himself and drained our proud nation).

However, I respect you greatly and I do believe that regardless of the end results, your actions were always done with our country and our people in mind. As a leader that is all I could ever ask for. Whatever your detractors may say, they cannot ignore the fact that under you our country prospered and we rose as a people. While you made mistakes, on the whole you gave us hope that we could break the glass ceiling. I completely blame your successor 'Mr. Clean' for destroying that hope.

I find the Anwar topic intriguing. If you really just got rid of him because he was bisexual then I would find that problematic. His sexual choice does not make him a bad man, it is how he uses it that makes him so. The fact that he coerces people (male or female) against their will - that he would use his power to make people submissive towards him for his own ends - makes him a terrifying prospect for a leader.

I am a 21 year old Malaysian female and it is my generation that will lead the future of this country. I hope for all our sakes that my peers can learn from the mistakes and the triumphs of our past leaders and move on.

Hi Tun,

There is no need to blame yourself being unable to choose the right person as there isn't anyone that up to your expectation. If time can turn back, I believe it would end the same way.

The way I see, it is you that keep on progressing and others are just being force to look like they are progressing. The country may have progress well, but the people are still in stone age.

Thanks

i do admire your progressive leadership and how articulate you can be, not just agreeing with people with powers. i don't think you're a dictator because you do look into the welfare of your people (i'm not a malaysian). but i guess there's a double-edged sword in that regards; you look into their welfare too much(of the malays) that they take their priviledges as God-given and hence, this manifests itself as a barrier to their progress- complacency.

nevertheless, i really admire your strong stance in whatever you believe in. keep on writing. you're on my bookmarks' list! (:

By KHALIDALWALEED  on November 22, 2009 8:19 PM

Before i begin this, may Allah Almighty blessings be upon you and your family, dear Tun Dr Mahathir. To all those who detest your way of governing Malaysia during your tenure, they should do some soul searching on themselves. What have they done for their country themselves? Unlike them, you who have given your blood and sweat for more than 22 years in building Malaysia from a third world country to a country that is to be reckon with. As a non Malaysian and a Singaporean, I appreciate of what you have done for your country and your people. Malaysian should not have criticised the way of your governing but instead should help to contribute ideas to improve Malaysia in terms of economy and in the eyes of the world. Tun Dr Mahathir may have chose the wrong guy for all the wrong reasons but no matter what he should be respected and honoured. If Anwar were to be the next PM, Malaysia would fall in turmoil and chaos. To Malaysians who voted for BA, Barisan Alternative, do not gamble with your future and your generation future. BN has done a good job in governing the country up to date but it still need to be "clean up". Once BN is clear of corrupt ministers, officers etc, they can do much more for the people and the country. So please, for your future and the future of your generations, do not ever gamble by voting for Anwar and BA. You Malaysians will be the one decides what best for your country and what best for your future generations.....

By toratoratora  on November 22, 2009 8:15 PM

Dr. Mahathir,

I have just watched a full documentary about you on History Channel.

You are a great man! As a Singaporean, I respect you.

Your journey to premiership does not come easy and unchallenged.

I knew very little about you before I watch this full documentary series.

At first, I did not understand why you got yourself so involved in Malaysian politics even after your retirement. Now I know. You love your country, just as I love mine. When things are not right, you champion your stand and speak your mind out.

That is what I like!

I wish you good health and you will continue to contribute in bringing your country Malaysia to greater height!

Salam TUN Dr Mahathir,

Bagi saya TUN adalah Perdana Menteri yang terbaik dalam hidup saya.

Dengan sedikit kejayaan yang saya kecapai sekarang ini adalah hasil cabaran demi cabaran yang dikeluarkan oleh TUN. Selain Rasulullah, Kedua Ayah Dan Bonda saya, TUN adalah idola saya sepanjang hayat. Insyallah cabaran yang TUN utarakan ini akan sentiasa disahut selagi ada hayat. Saya adalah hasil dari zaman kepimpinan negara yang dipimpin oleh TUN sebelum ini.

Akum Tun,

Semoga Tun Dalam keadaan sihat sentiasa,

Pada saya kesilapan pemilihan Anaur Brahim, bukanlah tanggungan Tun, Tetapi bila si Anuar ni dapat kuasa , Seekor syiatan telah merasuk dia dengan Kuasa, Duit,Rasuah dan Perempuan...."opsssss LELAKI". Judi pun rasanya sangkut juga la kalau ikut Bekas kawan karibnya , Nalakaruppan.

Perwakilan2 bahagian di Pulau Pinang waktu si Anuar ni nak bertanding lawan Arwah Tun Ghafar pun dah kenyang, kembong duit saham seorang sekeping saham DRB Hicom (Harga Pasaran tahun 1993 waktu itu RM7.00++)yg sebelum itu tersimpan dalam peti besi di sebuah bank di Komtar Pulau Pinang.

Akibatnya si Anuar ni dah DIANUGERAHKAN SATU KOBODOHAN menaikkan OPR dari 6% hingga ke 15%. Maka tercatatlah, Malaysia mempunyai serang Menteri Kewangan Terbodoh dan Homoseks. Tuhan pun menurunkan bala pada rakyat Malaysia seperti juga kepada kaum Nabi Lut waktu itu dengan Krisis kewangan melanda kita kerana pemimpin yg ada HOBI PELIK. Nasib baik Tuhan tak TERBALIKKAN MALAYSIA. Itu pun masih ada orang Melayu/ islam sekong orang macam ni sampai sekarang, masih belum sedar tuhan dah turun bala pada kita waktu itu

YABhg Tun

I agree with you when you wrote that "My greatest mistake is in the choice of people. I seem to be picking the wrong people all the time. They not only did not live up to my expectations but they went all out to do all the wrong things, including abusing me." If I'm not mistaken, Daim Zainudin implied similar things about you in "The Man Behind the Enigma". It helped me to understand a little bit more about you after reading the book. According to him, you just could not fire anybody. And the public thought you were a heartless tyrant!

When you were the PM, I used to wonder why a highly intelligent leader and an alpha male like you seemed to be appointing the corrupt and the weak. Most of your ministers did not have your kind of brains and paper qualifications. Most of them were not technocrats. Most of them were lazy and did not believe in life-long learning and it showed in the way they talked and went about their business. It was also evident in their thick jowls and roly-polly tummies. They not only let you down but they generally gave hardworking, smart and noncorrupt Malays a bad name.

I refuse to believe that you were naive. Most probably after all is said and done, with all your imperfections and flaws - you live by your own code of honour - if you were to stab a guy, you'll look him in the eye and stab him in the chest and not in the back.

Anyway, with all your imperfections, I still miss PM Mahathir. Thank you for all the good deeds that you have done for this country and moga-moga Allah panjangkan dan berkati umur TDM sekeluarga.

Assalamualaikum dan Salam Sejahtera.

Semoga Tun dan keluarga dalam keadaan sihat hendaknya. Saya mohon Tun jangan ambil hati dengan rakyat yang tak tahu mengenang budi ni. Betul pepatah ada menyebut "HANYA JAUH HARI YANG MENGENAL MANIKAM". Saya, keluarga dan seluruh rakyat Pokok Sena serta Kedah umumnya amat menyanjungi pengorbanan dan jasa Tun pada negara dan negeri. Dari dulu kami amat mengenali siapa sebenarnya Anuar Ibrahim.

Jika di imbas kembali tindakan yang dikenakan ke atas Anuar Ibrahim memang ada asas yang amat kukuh. Beliau terbukti melakukan kesalahan tersebut, kalau penyokong jumut pembangkang tak percaya sila rujuk Ustat Taib Azamuddin berkaitan kes liwat yang mana beliaulah yang menjadi saksi semasa bertugas sebagai imam Masjid Negara dahulu. Sekarang bila Anuar Ibrahim menyertai pembangkang, semua penyokong jumut mereka diam dan menyembunyikan fakta serta sering menyalahkan kerajaan dan memberi alasan sebagai konspirasi. Disini kita lihat bahawa pembangkang hanya pandai berpolitik. Bagi saya, Anuar memang patut dipenjarakan dan cuba pembaca bayangkan jika beliau dapat menagambil alih negara pada ketika itu. HANCUR la jawabnya.

Perkara paling mudah, Anuar Ibrahim ni hanya pandai berdebat dan memutar belit fakta. Cuba pembaca kaji setiap ceramah dan ucapannya, di setiap lokasi dan demografi mesti ada perbezaan dalam setiap ucapannya. Beliau hanya nakkan kuasa. Apasalahnya jika berjuang dan menyumbang dalam membangunkan negara tanpa jawatan sebagai Perdana Menteri, mesti Anuar tak sanggup.

Kedua, perkara paling sangat mudah dimana memang benar Anuar ni agen Amerika. Ingatkah lagi semasa reformasi penderhaka pada 1997/1998, dimana Naib Presiden Amerika/Yahudi ketika itu Al Gore datang ke satu majlis dimana kita Malaysia sebagai tuan rumah/pengerusi, adalah sangat biadap beliau menyeru rakyat Malaysia untuk bangkit merusuh dan menyokong tunjuk perasaan jalanan yang pembaca sedia maklum di amerika sendiri demokrasi/kebebasan bersuara bukanlah sesuatu yang boleh dibanggakan, ia sekadar retorik semata. Merusuh dan tunjuk perasaan jalanan serta main belakang adalah main Anuar semasa di Universiti Malaya lagi. Tak percaya sila rujuk rakan-rakan Anuar. Memang kelat untuk diterima penyokong jumut mereka. Prinsipnya mudah, MUSUH KITA AKAN MENYOKONG SETIAP USAHA YANG BOLEH MENJATUHKAN KITA, disini jelas lagi terang Anuar Ibrahim adalah agen amerika/yahudi. Mana ada musuh dalam dunia ini akan membantu kita untuk terus berjaya dan maju. Jelas anuar adalah agen amerika dan penyokong jumut mereka sengaja memekakkan telinga walhal mereka tahu fakta yang sebenar yang Anuar yang pandai berdebat, bercakap, memutarbelit dan berpolitiking sahaja namun gagal dalam menguruskan ekonomi negara. Beliau sebagai timbalan perdana menteri yang hanya bertindak atas perancangan Tun ketika itu.

Ketiga berkaitan diktator, Tun bukanlah diktator, sudah beberapa kali Tun ingin meletakkan jawatan, namun Tun adalah pemimpin agung Malaysia sejati yang tidak meninggalkan tanggungjawabnya tatkala Malaysia dilanda kegawatan dan konflik. Bayang jika Tun tidak sayangkan tanah bertuah ini, pasti kita akan berada dibawah telunjuk IMF seperti yang Anuar inginkan/mungkin hanya menerima nasihat kerana tiada strategi ketika kegawatan tersebut. Bagi saya diktator yang sebenar berada di kelantan, dahulu sering dengar dalam ceramah politiknya

mengatakan Tun sebagai diktator dan kuku besi. Sekurang-kurangnya Tun ada jugak sumbangan dan jasa pada negara. Ini untuk memajukan negeri pun tidak mampu, kejayaan negeri hanya di ukur berdasarkan hutang pada kerajaan pusat. Manakala ramai anak negeri melimpah ke negeri lain untuk mencari rezeki. Orangnya tidak lain tidak buka Nik Aziz. Mahu menjadi Menteri Besar sampai mati. "PAKU BILAH PAKU SERPIH, MENGATA ORANG DIA YANG LEBIH".

Sekian, moga Tun dan keluarga diberkati. Maaf jika ada yang tidak bersetuju dengan pendapat saya. Sekadar untuk tatapan mata dan hati bagi yang mahu BERUBAH.

"HANYA JAUH HARI YANG MENGENAL MANIKAM"
"PAKU BILAH PAKU SERPIH, MENGATA ORANG DIA YANG LEBIH"

Dear Tun,

I am a commoner in the street, and i hear all kind of comments about you, good and bad. As a man of reasonable rations,I know our country had advanced to greater height through your premiership.Huge projects were accomplished and pocket scandals were not to the extent then.Even opposition parties struggled to win votes.Flags were hanged all around during Merdeka and the patriotic spirit were alive.We really feel proud to be malaysian. I was a BN voter.

We did not mind you being branded as a dictator as you kept security safe at home and abroad with the nation interest at heart. Check and Balance were norm then even with some untoward feelings. That was a great Era.

Since you left;nepotism thrived,economy shrink,scandals wildly spread,in-fightings fired up and more shameful happenings in the headlines.

Your point 15 was a good one and it hit your critics hard.

As for DSAI,he is not qualified to be economic adviser.

Of course, there are other unqualified figures in the present government.

We are looking forward to a brighter future and i wonder where our leaders are leading us?

By SnF  on November 22, 2009 4:37 AM

People can say whatever that they want about you but they definitely cannot deny all the great things that you had done for the country.

I am 23 years old and you have been an inspiration to me since i was 15.For me, people can say whatever that they want and they can claim those stories as true but they can never erase all the great achievements that you had helped the country to achieve while being the Fourth PM. You were a great leader and because of you Malaysia is able to stand proud and tall in the eyes of the world.

Dear Tun, salam mesra harap sihat sejahtera. Kiriman saya untuk ulasan Tun terhadap komen pengirim dgn izin

.....PENGHARGAAN

Bukan tujuan saya mengatakan ekonomi M'sia berkembang mula 1991 saja. Betul ekonomi mula berkembang selepas krisis pasaran saham dan hartanah 1987. Angka saya pakai pun, 10% dari 1991 bukan sumber rasmi, boleh dipertikai.

Tun ada alasan menyuara pendapat menyalahkan DS Anwar memburukkan keadaan ekonomi (fair comment). Saya menyanggah komen yg mengutuk DS Anwar pengkhianat, pembelot, pembawa malang krisis 97 bulat bulat (emosi).

Benar MTEN ditubuh awal 98, tapi tanggapan umum DS Anwar masih DPM, Menteri Kewangan dan berkuasa hingga Sep 98. Saya terima bahawa dasar MTEN yg memulihkan ekonomi.

Terima kasih krn menyiar tulisan saya.

Selanjutnya untuk bacaan umum saja...

.....FACTUAL

We are not journalists and less bound to be factual. Fair assumption should suffice. Accusing Pak Lah is a cleaner (tukang sapu) is fair assumption at best. If it is factual, Pak Lah will be tending the garden in Sg. Buloh instead of relaxing in his orchard.

.....RESPONSIBILITY

A leader has to be responsible. He is not liable for others action and failure but he is answerable to prevent, mitigate and punish those involved. It is in these situations a dictator's claw goes missing when it is most needed.

.....BAD CHOICE

There are bad choices of policy also, besides people. Awarding money spinning IPP, highways to cronies with profit guarantees. Disastrous protectionism trials with Perwaja and Proton.

.....ANJING GIGIT TUAN

On abusive appointees, lets see who got abused more. Who paid the higher price?

Musa lost his whole future in Umno and M'sian politics. He was a PM designate! Ghafar was unceremoniously dumped like a hot potato. Habis manis sepah dibuang. Anwar spent 6 lonely years in jail after suffering a swollen eye. From blue eye boy(83-98) to black eye traitor. Pak Lah is the third PM (after Tunku, Hussein) to be forced out by the same force. A spare tyre (not first choice) forced to retire.

.....INFLATED PRICES

We all know the project quote is useless. By the time the project finishes the cost would have ballooned. Only a novice contractor will inflate the price at bidding stage. Everybody knows you will get a better deal if you abandon the project after getting it.

.....PUTRAJAYA

RM20bil spent on it i.e. RM2 mil per acre. Which is RM46 per sq ft. Taxpayers or public (Petronas) paid for this. Other places values go up much higher without govt spending a single sen!!

Please note the maintenance and repair cost not included yet. We know govt procurement horrors, one street bulb will cost thousands of ringgit to replace.

No other city in M'sia requires such govt spending to build or maintain. DBKL is self sustaining.

.....BAILOUT OR FIRE SALE

Selling a ship costing 10mil with 9mil outstanding loan at 3mil (e.g) is a fire sale? In a financial crisis, selling below cost is the norm. Housebuyers face the same thing.

Buy house RM300K, loan 250K. Property crash sell 200K is a fire sale (capital loss, still burden with debt). Sell at 270K is a bail out! (capital return 20K) Both sell below cost, but one helps to cover debts with capital return.

Buy at 270K, when property market recovers, sell property for 300K considered big profit? It will make bigger profit if buy at 200K, which was the market price!!!

To judge a bail out or fire sale look for arm's length transaction, independent valuation, due diligence study. Without these look for bankruptcy rate, cos fire sale almost always result in bankruptcies. If without these, sniff for bail out.

MV Agusta was bought for 70mil euros but encumbered with huge debts. So look for the loan outstanding not just selling price.

Tun dan bloggers yang lain

Jawatan

Saya lebih mengharapkan Tun tidak menerima Jawatan Menteri Kanan sekiranya di tawarkan. Tun lebih diperlukan di luar kerajaan untuk mendengar dan memberi idea kepada kerajaan sedia ada. Mungkin ianya sama dengan nasihat Tun kepada Ustaz Asri tempoh hari. Terserah la..

Diktator

Kesilapan terbesar Tun semasa 22 tahun menjadi "Diktator" adalah tidak melakukan penghapusan kaum. Malah mengimpot berbagai lagi kaum lain ke negara ini. Orang Islam di Malaysia semakin terpinggir semenjak merdeka dan akan hilang segalanya suatu hari nanti. Masih menyanyi Biarkan! Biarkan! walaupun Long Chai mengambil segala-galanya. Ingat cerita

Luncai? Minda Muslim telah di kawal dari sekolah rendah untuk membiarkan Long Chai berbuat apa saja. Belum lagi cerita Han Too Ah, Han Lee Kiew dan rakan-rakan.

Ekonomi

Rakyat memilih pemimpin untuk membawa mereka ke arah kesejahteraan hidup. Pemimpin yang sanggup bersusah payah untuk rakyatnya. Bukan pemimpin yang mengembalikan "susah" kepada rakyat dengan membuat keputusan yang tak susah tak payah pun. Contohnya, naikkan harga petrol apabila harga minyak mentah dunia naik. Macam Tun Pak Lah buat kan Mr Ravi kan?

Gaji Minima

Harap DS Najib dapat laksanakan sebelum PRU13. Kalau BN bercadang nak menang la. Kaji dan tetapkan nilai yang sepadan. Gaji asas operator kilang kat Jepun dah lebih dari RM4,500 sebulan. Kat Singapura dan Amerika pun tinggi. Tutupkah kilang2 yang ada di sana? Bukan semua kilang berteknologi lebih tinggi di sana. Ramai warga kilang termasuk saya, dah puluhan kali pergi melawat kilang2 di sana.

Operator kat kilang saya berkerja, gaji asas RM420.00. Kalau suami isteri berkerja dapat RM840.00. Campur elaun itu elaun ini dapatlah bersih kurang lebih RM1000.00. Kalau dah ada anak cukupkah? Tuanpunya kilang peduli kah? Prioriti Pertama "Profit" kata CEO Mattel tak lama dulu.. Tak cukup pekerja, impot buruh murah dari negara jiran. Tertanya jugak, Kerajaan peduli kah nasib ratusan ribu pekerja kilang dan juga "ingin bekerja" warga Malaysia?

Pemimpin di pilih untuk mensejahterakan rakyat. Jadi, Tolonglah bertanggungjawab. Janganlah meminta kami warga Malaysia hidup seperti pekerja asing di bumi sendiri. Seperti warga Myanmar mengejar biawak atau warga Nepal menangkap anjing atau warga Vietnam mengutip kangkung di tepi parit untuk di buat hidangan. Kalau cara hidup sebegini, RM420.00 sebulan pun mungkin memadai.

Bukan membesarkan cerita, tapi hakikat Tun.

Tun

Saya sedari Tun tidak lagi berada di dalam kerajaan dan tulisan sebegini tidak sepatutnya di hantar kepada Tun. Tapi saya tahu Tun peduli dan ramai orang besar "Gomen" juga melawat laman ini. Dengarlah keluh kesah warga2 kilang.

Terima kasih..

Hi, Tun & All

1. You seem tired sir..Chill..anyway, again a good revelation & you've try to imply open-minded discussion here..It's what blogging all about.

2. I do agree at some point with lot of peoples here saying that you brought a lot of development,achievement and such..

3. But sorry sir, I still doubt your so called 'apologies'..You simply just mention it's a wrong choice..Futher to that, plus with some defensive statement saying that they're look good before been chosen..Again sorry Sir and 'the supporters'..it's = Lame..I'm not trying to be rude, but if you really want to make sincere apologies, do it all out..If not, pls dont..

----> As a primere Leader back then, you should not only choose, but recruit, train,develop a successor..If so many of choice of yours is wrong, you r not a good decision maker and risk malaysia to be run by a wrong-chosen-leader..

----> Anyway sir, it's so hard to hear from you, who is really able to run this country...Is it the answer still= YOU???.I understand you want to critic for good, but sometime why not we say something GOOD ABOUT OTHER PEOPLE..

4. I'm not sure wether Anwar is good man or not..Hate his style anyway..But it's just a matter of time..Lets wait for the result..

Dear Tun,

Wish to inform you that you did not make a mistake in the choice of your successors.

In fact it turned out to be a blessing.

It enabled Malaysians to see that people who frothed religion at their mouths were nothing more than quacks.

One mouthed "menegakkan" Islam and the other Islam hadhari. Where was their Islam when "doing the cleaning" at the expense of the rakyat.

I prefer a secular leader with values anytime.

Best Regards Tun,

Ataturk

You're our HERO.....really.

Thank you TUN and TAKE CARE.

Tun,

You should not delve too much in the past especially with regard to Anwar. Your bitter experiences with him should be forgotten. Best to turn to a clean slate.

Many people who are not Anwar's personal friends will not know of his inclinations. It is a medical problem if it is true. However a lot of people suffer from the perception problem--it is hard to comprehend & believe also that he has this unnatural inclination 'cos after all he is a married man with so many children too & a wife who is so smart. Well it is purely personal & we should not delve on it. If he is good professionally & can administer then it is okay as far as Rakyat are concerned.

Allah will guide our leaders whoever they are so long as they have the mandate to rule from the RAKYAT.

cheers

Saya rasa perlantikan DSAI sebagai penasihat ekonomi kerajaan Selangor itu adalah satu gesture penghargaan kerana dialah penyumbang utama yang menyatukan pakatan sehingga terbentuknya kerajaan baru Selangor. Walau pun fee nya RM 1.00 dia mungkin dapt kemudahan yang tidak berbentuk elaun atau gaji, mungkin ada reimbursable boleh juga menampung perbelanjaan saudara Anwar.

Walaupun saya tak ingin bincang soal masa lalu sebab tu saya ingin meminta pendapat anda mengenai forecast siapa Perdana Menteri mengikut teori baru

Teori RAHMAN telahpun selesai, selepas ni mungkinkah teori nama MAHATHIR pula akan jadi panduan siapa perdana menteri di masa akan datang. Mohyidin, Ahmad Zahid atau Anwar, Hishamudin atau...?

By nase2  on November 21, 2009 5:03 PM

Salam buat Ayahanda Tun,

Mana lebih baik, tersalah membuat pilihan atau bersalah kerana tidak membuat pilihan..? Atau salahnya yang terpilih..?

Dan samalah juga, mana lebih anak jantan, mengundur kerana disahkan kalah perbicaraan atau mencari dalih untuk mengundur sebelum perbicaraan..?

Sekurang-kurangnya Ayahanda dah membuat pilihan..

SEREMBAN - Tidak seperti murid Tahun Enam lain yang kegirangan ketika menerima keputusan cemerlang 5A Ujian Pencapaian Sekolah Rendah (UPSR), Siti Aynur Ain Putri Rosdy (gambar kecil) terpaksa menempuh kesedihan semasa menerima keputusan itu di hadapan jenazah ibu.

Apabila keputusan UPSR diumumkan di pejabat Sekolah Kebangsaan (SK) Taman Dusun Nyior di sini semalam, Siti Aynur Ain Putri berada di surau rumah rakyat Taman Dusun Nyior untuk membantu anggota keluarga yang lain menguruskan jenazah ibunya, Rusmah Abdullah, 47, yang meninggal dunia akibat tekanan darah rendah pada tengah malam Rabu selepas terlanjar di wad hospital selama dua minggu.

Berderai air mata Siti Aynur Ain Putri dan anggota keluarga yang lain apabila guru besar sekolah itu, Noreha Adam menyampaikan keputusan ke tangan pelajar itu sendiri di hadapan tubuh kaku ibunya beberapa minit sebelum solat jenazah dimulakan pada pukul 11.30 pagi kelmarin.

"Saya sedih sangat, ibu tidak dapat melihat keputusan ini. Ibu selalu berpesan semasa hidup bahawa saya ini harapan dia, ayah pula sudah meninggal dunia empat tahun lalu," katanya dalam linangan air mata.

Pelajar itu kini hidup yatim piatu bersama abangnya yang berusia 14 tahun.

Selepas ayahnya meninggal dunia akibat sakit tibi, ibu Siti Amynur Ain Putri bekerja sebagai tukang cuci di sebuah hotel bajet rendah di Seremban dengan pendapatan RM500 sebulan. - Bernama

Dear Tun,

don't be sad by some of the goons who has been commenting negatively about you. Sometime I just wonder if they dislike you sooo... much why their name keep appearing in your blog. You have to realise that they had nothing better to do than to keep on condemning you , as if they can do better than you if they were the prime minister of Malaysia. To me these type of people " cuma pandai kondem tapi bila bagi keje hancur'.

Yes you were authoritarian , but I for myself has no problem with that. You get work done and a simple citizen , I had benefited from that. Even the goons who keep on condemning you did benefited from the progress and peace we had in Malaysia during your tenure as prime minister. Malaysia is not ready for full democracy. We know now it doesnt work in this multi racial society.

What ever it is thank you for being the best PM for Malaysia. Thank you for your hard work and good visions. May Allah give you His Blessing.

By Jc  on November 21, 2009 1:30 PM

Hi Tun,

You don't have to bother what people comment about you, I personally felt that you have contributed enough to the country and in this country with the people still are not matured enough we need a dictator to rule otherwise we will be seeing a lot of the current condition from your time. People do demonstration or strike for reason that they don't even know, just like what I witnessed when I was working in Indonesia. Those people that have not leave our country, I advised that you try leaving Malaysia and go and live in others' country, developed or undeveloped nation, and then you will know that you are very lucky to be Malaysian. Tun, you are a great man and you are the one that really made Malaysia. Without you we might not gained world recognition and I admire your courage to criticize even the most powerful nation. KEEP IT UP, until your last breath.

Take care TUN.

Assalamualaikum Tun,

Tiba-tiba rasa sedih bersarang dihati saya..

Saya xpernah pikir Tun adalah diktator. Saya dah katakan dulu lagi. Dari saya form 2. Saya kagum dan bangga dengan Tun.

Tun adalah pemimpin negara saya, pemimpin yang dikurniakan Tuhan utk berkhidmat di bumi

Melayu bertuah ni. Sampai sekarang Tun adalah tetap No 1.

Dari apa yang Tun usahakan, tidak lain tidak bukan untuk meletakkan kita, MALAYSIA di tempat sekarang. Alhamdulillah..dengan nikmat dan jalan yang ditunjukkan Tuhan..Kita menikmati apa yang dikecapi sekarang.

Mungkin Tun juga buat salah, tapi normal sebagai manusia yang xsempurna. Kita perlu mengakuinya. Tapi Tun tidak menghancurkan Malaysia, tidak membinasakan bangsa. TUN CUBA MEMBINA BANGSA..

Hm, xpelah Tun, apepn tuduhan, beristighfarlah banyak2 je.. Kadang sesetengah org ni dah xleh cakap ape dah. Dah perangai macam tu... Cakap ape pn mcam tu jugak. Xde pekдах..

Salam Tun..Kirim slam Dr Hasmah..jaga kesihatan..

By daniel noor  on November 21, 2009 12:58 PM

Assalam mualaikum Tun.

Hahaha..you still have a sense of humor. No Dictator ever resign except You !!

These people that give negative comments, in my opinion they are too emosional or dalam arti bahasa Melayu lebih suka ikut hati aje bila buat komen., They never like to use their brain. Tak tau la dia orang ni nak buat apa dgn otak2 mereka tuh.,

As one reader said..if Dictatorship can bring good to this country..WHY NOT ?

Memang yg mau demokrasi ala Amerika ato England ato Europe where sodomising is not a crime ?

They fail to see that democracy can be in any form or idealogi . There is a Western type of democracy and there is also the Oriental type of democracy where we still retain our cultures, respect our elders and understand each other better compared to the Western style.

Sadly for these people, when mentioned ' Democracy (which Anwar Ibrahim is trying to introduce) their thoughts are immesiatly " American style ' Of course if we adopt " American style Democracy " then bro Anwar can continue with his peculiar behavior lah without worry at all !!

By albert ch lee  on November 21, 2009 12:46 PM

Dear Tun,

Your name emerged recently in media writings about a senior minister post, suggested by 1 or 2 BN politician. This, to me, is an admission of leadership failure in BN currently that they need to bring you out of retirement and subject you to mental wear and tear in our political domain.

Unlike Singapore, where demography, geography and race are quite homogeneous, whereas you had to deal with 3 main races in our vast country landscape where racial chauvinism can get out of control sometimes.

Let you not worry about what your detractors say, it is rare to find a statesman so obsessed in defending his own Malay race that you may never find a successor like you, Tun. I read your biography and watch the History channel because I think it is worth knowing.

If you read the latest TI 2009 report on PKFZ, you will see self-serving politicians and the complicated intertwining of politics and business - they call it revolving doors. I wish we have a "dictator" like you who has the guts to haul the guilty to jail, whether UMNO or MCA.

BN is doing their marketing now for 2013 votes, without a clear and detail solution of how to get our country out of the economic quagmire, improve our quality of life and enhance our competitiveness. This is a clear intention of securing power and later, abuse it. Maybe the double-track railway is next.

I humbly request for your consideration to be the Voters' Champion instead of SM: teach us voters how to wisely elect a government by educating us on the essential voter issues:-

education
fiscal policy
tax
economy
business
healthcare
employment etc.etc.

I think it is high time our population starts grilling our government and get intelligent answers from them, instead of simple, non-thoughtful remarks to the press. If we need 5.4% economic growth to achieve 2020, our politicians would require 154% mental ability and expertise. I trust you, Tun, only you, to tell us the truth.

May God bless you abundantly and long live your youthfulness, Tun Dr. M.

Tun, everybody makes mistakes.

Your blogger is good and right for everybody.

Yes, on such we have to name a person, a leader, a nation, etc.

IT is not meant to disrespect or whatsoever reasons.

We are in an open blogger, with positive, negatives, appreciations, criticism so on and so forth. You have been criticize in your own blogs, but yet you choose to blogs it out. No double standard, it reflects your character.

A man got to do what a man need to do.

Don't be discourage to bring out facts, fears, unresolved matters, etc.

Along with my Doa, I will always be with you.

What true of you that I respects most, that differs you from most leaders, is that You are open and sincere.

Unlike Most leader, speaks only to show their good self, make low image of their opponents, hiding their true colors.

Sometimes they need to know the question first before an assembly. It is hypocrite. I don't trust this hypocrite eventough

everything that came from them is beautiful.
You are indeed a true leader. Doa and I Salute you, Sir.

By aziz  on November 21, 2009 11:29 AM

A'kum Tun!

Please do not worry or bothered by some critics who may not like you or fancy you. It is okay Tun. I am sure you will still have a good night sleep every time you go to bed.

The prove is there for everyone to see what you had done to the country. I just watched your Autobiography last night on part 1 on history channel. It really gave me different look at you altogether.

You are such a great debater, also great leader. Since you were young, you never want to be a follower instead you want to be leader. That is always the best criteria in any leader to be successful. Since you were young, you were always honest and sincere with your speech and also your leadership. You were the first Malay doctor in Alor Setar back then and everybody call you Dr UMNO. It shows everybody at the time respect you and admire you. Your suffering from the Japanese occupation and fighting against for Independence has made you to be more sensitive towards the people of the country, the Malay in particular.

Unlike some of the leader that you choose after you were the PM, they were not there to see the suffering and understand the importance of it. They are here today without even understand the "Perjuangan UMNO". SO sometimes its hard to have high expectations on people like this. People with no knowledge. People like Anwar and Pak Lah are not leaders. I am sorry to say this but they are definitely not.

You are different Tun. You have contributed a lot to the country. Above anyone else. Sometimes I wish that you can remain young forever so that you can be our PM forever. Your experience, knowledge, vision, ideas, and most of all, your sincere heart has put us Malaysia on the world map. I am proud to say that I am Malaysian and Tun Mahathir Mohammed was our former PM.

Of course in life you are bound to make mistakes in choosing people around you. That's why Allah said in the Koran, choose your friends carefully. It is because they might be bad influence to you or might back stab you. Either way, it is not good thing to do. But people like Anwar, he would do anything on anyone just to ensure that he gets what he wants which is to be the PM of the country. God is great. He will grant to whoever He wills.

Thank you Tun. I am looking forward to watching you on part 2 tonight.

Salam Tun,

1. Terdapat idea Tun yang jauh ke depan dan tidak dapat diterima oleh sesetengah orang. Tapi ianya terbukti berhasil.

2. Beberapa elemen Dictatorship diperlukan di dalam sebuah negara membangun yang tidak mempraktikkan politik matang dan kaum-kaum yang terikat secara longgar di antara satu sama lain.

3. Tetapi dictatorship secara total tidak pernah wujud di negara ini. Manakala elemen dictatorship yang dipraktik akan dikurangkan bergantung kepada suasana politik, ekonomi dan perhubungan kaum-kaum.

4. Tetapi yang membezakan seorang pemimpin yang berjiwa diktator dengan seorang pemimpin yang menggunakan beberapa elemen dictatorship yang membawa kebaikan ialah pemimpin itu tidak akan meletakkan jawatan.

ayahanda Tun,

Dalam banyak-banyak penulisan ayahanda setelah sekian lama inilah yang menampakkan kekecewaan ayahanda kepada mereka yang tidak bersyukur dan tidak berterima kasih kepada yang memberi.

Bukankah baru-baru ini negara kuasa terbesar dunia pun cuba untuk menggunakan strategi bailout dengan membailout bank terbesar di Amerika Syarikat. Apakah pendekatan ini tidak bagus sehingga negara lain ingin mengikutnya.

Ekonomi pada ketika ini lain pada zaman kegawatan 1997. Saya dapat merasakan kemungkinan ianya akan menjadi lebih teruk lagi kerana kegagalan sistem ekonomi kini dan ini termasuklah IMF. Nasib baik kita tidak mengambil pendekatan IMF pada ketika itu. Saya masih ingat sewaktu saya muda mendengar ayahanda Tun berucap mengatakan bahawa jika orang luar ingin memporak perandakan negara dia mesti meletakkan sebutir bom yang boleh meletus bila-bila masa sahaja. Dan bom yang dimaksudkan ketika itu ialah IMF.

Apa jadi sekiranya kita meminjam IMF pada ketika itu? Apa jadi kepada negara-negara yang membuat pinjaman IMF kini. Bila negara menghadapi kesusahan, ekonomi tak stabil, pasti akan ramai orang yang susah. Pada ketika ramai yang susah perlukah kita mencari siapa yang harus dipersalahkan dan dipertanggungjawabkan?

Kita seharusnya bersyukur bahawasanya kita masih lagi mempunyai bekalan makanan yang cukup, kebanyakan dari kita mempunyai tempat berteduh yang selesa, walaupun negara kita kini berdepan cabaran ekonomi dunia. Bagi saya keadaan ini hasil dari kesinambungan pencapaian ayahanda Tun dalam mentadbir ketika zamannya dan tindakan yang diambil bertepatan dengan keadaan sesuatu perkara pada ketika itu. Saya sebagai generasi muda dapat merasa dasar-dasar kerajaan yang dilaksanakan pada zamannya dan saya pasti ramai yang sezaman dengan saya juga dapat merasainya. Jangan kita hidup dalam sindrom penafian seperti Anwar Ibrahim.

Oleh yang demikian saya secara peribadi disini ingin meluahkan kesyukuran saya dan mengucapkan terima kasih yang tidak terhingga kepada ayahanda tun dalam mentadbir kerajaan satu ketika dahulu dengan jayanya.

Percayalah sekiranya ayahanda Tun sendiri tersilap memilih Anwar Ibrahim sebagai TPM dulu takkan kita masih lagi nak memilih Anwar lagi-lagi penasihat ekonomi. Orang suka Anwar nie sebab dia suka suruh orang bagi rasuah kat orang jer.

Tun,

Setelah mengamati ulasan-ulasan pengkritik Tun, saya merumuskan mereka ini seperti begini:-

1. Mereka ini terdiri daripada tiga kaum teras yang utama di Semenanjung iaitu Melayu, Cina dan India.

2. Mereka ini terdiri daripada mereka yang tidak mahu menggunakan akal dan fakta (disebabkan fahaman, ideologi politik, sentimen perkauman, hasad dengki).

3. Mereka ini lebih suka menulis berdasarkan emosi (mereka tuduh orang lain pula yang menyokong Tun sebagi menulis mengikut emosi dan pengampu walaupun sebenarnya merekalah lebih emosional).

4. Pengkritik Tun daripada kaum Melayu terdiri daripada mereka yang fanatik agama, pentingkan diri sendiri dan lupa serta tak sedar diri (yang dah kaya, pandai sedikit (atas bantuan kerajaan), the so call liberals, fahaman politik yang menebal dan mereka yang iri hati, dendam kesumat serta mempunyai agenda tertentu yang Allah sahaja yang tahu.

5. Pengkritik Tun daripada kaum bukan Melayu pula terdiri daripada mereka yang sengaja tidak mahu menggunakan fakta (jika tahu fakta pun mereka sengaja buat tak tahu atau buta fakta dan juga memutar belitkan fakta) disebabkan sikap rasis (mereka akan menuduh orang lain pula sebagai rasis) yang menebal.

6. Disebabkan sikap perkauman dan iri hati (seperti penulis S. Tan, Dass dan lain-lain), mereka lebih suka memutar belitkan fakta walau pun mereka tahu orang Melayu yang merupakan penduduk majoriti di negara ini lebih miskin daripada kaum-kaum lain dan mereka lebih suka orang Melayu kekal miskin untuk selama-lamanya di negara ini.

7. Kalau orang Melayu pandai atau kaya, mereka akan menuduh disebabkan bantuan kerajaan dan jika orang Melayu miskin disebabkan orang Melayu bodoh dan pemalas.

8. Mereka menuntut hak sama rata, sedangkan pada masa sama mereka menyedari bahawa kaum Cina lah yang masih kaya raya (termasuk kaum India jika dibandingkan dengan nisbah kaum itu di negara ini) disebalik dasar ekonomi baru.

9. Mereka ini lebih berkiblatkan Singapura (semangat pariotik dan cintakan negara mereka dipersoalkan) walaupun mereka tahu republik itu menindas bangsa Melayu (Melayu hanya layak jadi peon dan wanita Melayu sebagai GRO, jumlah pelajar Melayu tercicir pelajaran dan anak luar nikah Melayu terbesar di negara itu).

Mereka tahu Singapura hanya sebuah pulau kecil yang maju disebabkan putar belit melalui pergantungan terhadap jiran tetangga tetapi suka membuat perbandingan dengan Malaysia. Ada bekas rakyat negara ini yang sewenang-wenangnya dan dengan mudah mengoyakkan pasport negara ini kerana hendak menjadi warganegara Britain, tergamak mahu meminta pertolongan daripada Kerajaan Malaysia (termasuk konco-konco mereka di negara ini) setelah mendapati Kerajaan British menolak kehadiran mereka di negara tersebut.

10. Disebabkan sikap rasis dan benci yang mendalam, kaum ini sanggup mengundi parti pembangkang walaupun mereka tahu mereka sebenarnya memperjudikan nasib dan masa depan mereka di negara ini.

Kepada kaum lain yang memuja pemimpin pembangkang, mereka sepatutnya membaca tulisan seorang kolumnis akhbar The Star bertarikh 5 November 2009.

Antara lain penulis itu menulis, quote "One prominent glib-tongued one has long mastered the art of saying one thing to supporters who are of his race and religion, and another to racially mixed crowds. I still remember the old days when he was in a very powerful position.

He would bluntly tell reporters covering his event: What I said in my speech was only meant for the Malay media. Others need not report (it)."

Salam Tun.

Salam Tun sekeluarga...

Memang kebijaksanaan segelintir rakyat Malaysia melabel siapa sahaja yang mereka tidak suka. Khasnya golongan yang merasakan diri mereka dijamin syurga. Mereka ini tidak memahami maksud sebenar diktator. Hanya tahu bercakap dan berkelulusan tinggi tetapi otak mereka 'ground zero'.

Tun pada hemat saya lebih bersifat sebagai seorang ketua negara yang tegas dan berani. Sentiasa konsisten dalam setiap tindakan. Berjiwa Islam dan Melayu yang mendalam. Bijak.

Tun juga seperti ketua keluarga dalam sesebuah rumahtangga. Jika ketua keluarga lembik, lesu, selalu tidur, malas, tidak berfikir, melakukan maksiat, hanya petah bercakap dsb bolehkan keluarga itu berjaya? Dalam keluarga, ketua semestinya seorang yang garang (bertempat) jika ingin menjadikan keluarganya berjaya. Tindakan bapa-bapa dahulu yang seakan-akan diktatorlah yang membawa ramai anak-anak Melayu kini berjaya ke menara gading dan menjawat jawatan yang hebat.

Dearest Tun,

many of us think that you are a great leader for our country.

so all you haters, please think of what you have done for the country, before accusing others for not doing enough!

So Tun, don't get so offended by them. They think they are good enough to talk trash about you, actually they are not.

Love you Tun! have a good weekend!

Nadiah.

Salam Hormat Tun

1) Saya pun tak faham lah mengapa mereka gelar Tun dictator. Certainly you are not dictator you are a good leader. That is pure fact.

2) Kalau Lah Tun dictator tak lah penyangak penyangak seperti ravi, pak pandir dan ramai lagi penyangak dapat melihat komen komen mereka tersiar di blog Tun. That shows you dont dictate. That is fact.

3) Lain lah kalau negara jiran kita.

Your komen (15) is just marvellous- Tell me which dictator ever resign. Ha ha.

3) Dahulu saya pernah komen kalau lah Tun dictator tiada yang menangisi dan meratap semasa Tun umum letak jawatan. Lihat sahaja di perhimpunan UMNO ramai ahli UMNO meluru kearah Tun. Tun mengapa Tun? Tun mengapa Tun?. Mereka tidak bersetuju dengan perletakan jawatan oleh Tun. Ada yang jelas menangis sama ada di atas pentas atau pun di bawah pentas. Pak lah juga berperasaan begitu. MELAYU MUDAH LUPA. Tapi saya tak lupa. Saya berharap RTM dapat tayangkan saat syahdu ini berulang kali.

Saya ingat lagi bila di temuramah rakyat ada yang menangis, bukan orang Melayu sahaja berbagi bangsa pun merasa sedih. Certainly that is asin of a LEADER not DICTATOR and THAT IS A FACT.

4) Satu persoalan lagi kami sangat bersetuju sekali kalau Tun di lantik menjadi menteri kanan seperti yang di cadangkan. Boleh lah Tun membantu negara kita dalam persoalan isu air dan jambatan bengkak agar maruah yang tercemar akan pulih seperti di zaman Tun dahulu. Entah bila jambatan tu nak siap.

ONCE AGAIN CERTAINLY YOU ARE NOT A DICTATOR. YOU ARE A TRUE LEADER.

TUN MAY GOD BLESS YOU WITH YOUR KIND DEEDS. AMIIN

By orgsmpg4  on November 21, 2009 7:54 AM

Salam Yg Berbahgia Tun.

Saya kenal Tun lama dulu, 50 tahun. tapi Tun tak kenal la saya. You were our family doctor. we were poor family, tapi "family doctor" tu bukan la kami engage Tun to look after our health. but simply because u charged the lowest and that was what we could afford, and we frequented your clinic.

Sekarang sedihnya, kawasan MAHA Cilinic, ditempat bernama pekan melayu tu sebenarnya takada org melayu lagi. dihadapannya ialah pekan china, dan memang 100% tetap china.

seorg diktator atau ultra, chauvanistic etc. akan sudah tentu membuat sesuatu supaya pekan melayu akan dipenuhi melayu.itu tidak berlaku.

dalam era Tun,chinese remain the richest,and an indian became super rich.a dictator wouldnt allow that to happen because that would damage his pride as a malay prime minister.

Tun sudah tentu bukan seorang dictator.

Ada org dlm blog ni tanya what went wrong with the first DPM.

TMH marah kerana Tun tak buang Y.M Tengku.apa jenis orang macam ni?dia pula nak dictate Tun sapa nak ambil sapa nak buang.itu lah dictator namanya.dictator inilah menteri dalam negeri semasa org memali ditembak bertalu talu.

DSAI pula di tanya apa salah nya.saya tak tau,tapi pada eranya ramai school mate dia jadi top business man.Tapi Tun tak pula buat schoolmate dia dari KSAH jadi instant top business man. manusia memang pelik.org yang paling kuat sokong Tun ialah bekas MB kedah orang Yan.dia pula tak disangka very hot tampered sampai terajang org kat airport.

manusia memang pelik.seorang bekas MB,jadi superrich selepas cuma beberapa tahun jadi MB.kalau gaji MB 20K,gaji ADUN 6k,say 26K/month and in a year,dapat RM312K.in 10 years dapat RM 3.12 million if he keep all the money and never spent.tapi kalau in less than 10 years ada property exceeding RM 3 million,kenapa Surhanjya Rasuah tak siasat.mana punca income yg lain?rasanya itu lebih diktator,dalam mencuri harta negeri.

banyak kesah yg kita lihat berlaku dlm pemerintahan kesemua PM di malaysia.tiga org lawyer,satu doktor,satu B.A malay studies?,seorang economist?,saya tetap memilih Tun,seorang saintis,to the best PM our country ever had.u start the ball rolling,but many of the trusted player,played the ball wrongly.ada skor gol sendiri,ada main dribble sorang2 dan macam2 lagi. Kerajaan dulu paksa malay yg dapat good result ambil sceince,tapi all kena tipu.those sceince student could have been more successful if they became D.O or ambassadors by taking B.A.So a sceince graduated PM did not make anything good to his fellow sceince student.the thing never change even after 50years.in this country who studied hard,good achievers,ended as losers.those who failed math & sceince,became top people who made policies for the country.

we need a real dictator to revamp this whole scenario.

So,Tun,keep up your good work keep healthy.

15. Thank you for agreeing that I am a dictator. Tell me which dictator ever resign.

ROFL! Probably the greatest 'hit back at your detractors' statement Doc!

I also were one of those who thought you were a dictator and got bought in by (for example) Dollah Ahmad's famous statement that you will KSM - kerja sampai mati. Well he is both wrong and right. You did resign but you also KSM, often working so hard that puts even young men to shame.

I learnt alot from your leadership - be it content and style. Particularly the way you prepare bullets to hit back at the West be it at world forums or HardTalk BBC. Suddenly since you were in the hot seat, so many people around the world hears and looks up to Malaysia.

It made all of us proud. And good thing is that we do not get attacked by foreign forces. Others who dare go against are often attacked physically or mentally.

It was a normal thing that we have pro and contra in our life. But like u said everything u did for a nation's interest. U don't seek for popularity what u do is for our country.

I'm always grateful to God that you refuse to accept IMF otherwise our country will become like Indonesia. People will keep accusing you as dictator etc etc but at last they have to admit that there is no dictator volunteer himself to resign.

I believe in you tun. That's why i never hesitate to assist Perdana Global Peace to get solidarity from youth group.

Thank you for being my prime minister. Thank you for approving this comment

Guys,

ASM TUN.

The only reason that he used IMF methods was to implicate TUN. People will think that TUN is incapable of running the country likewise Suharto. As what he did to crush Allahyarham TUN Ghafar Baba during UMNO deputy presidency campaign in 1993 until Pak Ghafar back out. Fortunately TUN sensed the motive.. Instead of resigning the post, TUN managed to get ride of him and the rest are history.

By Afandi  on [November 21, 2009 6:32 AM](#)

Dear Tun,

I was about to comment about your wrong choosing of successor and leaders. And to mention that your succession planning is not spot on. I was about to stress on the importance of succession planning and that you could have made better choices.

But I come to realize that if I were in your position at the same point of time I would have made the same mistakes of choosing.

The Idea is

It is very difficult to be right. You know why? You had Malay dilemma, I had this feeling of Malaysia Dilemma.

The fact is most of the time people in this country are incompetent and failed when subjected and tested with power and wealth. The fact is we have become or we are the kind of people who has so much greed, greed for power and wealth. Even if we have chosen somebody who are clean and humble, soon after most will turn to be arrogant, greedy and abusive.

Very few people will be otherwise... That is our dilemma and that is the problem of our people and society. They can never maintain integrity and humility. We tend to forget to be thankful. Commoners can say this and that... but the fact is, if even most of commoners in this country is given the same chance to lead, 99% of them will turn up to be the same!

I could not even have made better choice than either if I were in your shoes!

And that is the brutal fact!

Rgds

Tun memang arif apa yang Anwar ni lakukan semasa dalam kerajaan. Apa yang Tun katakan itu sememangnya benar belaka. Anwar ni sudah kempunan nak menjadi PM Malaysia. Itu pasal bila Selangor tawarkan jawatan penasihat ekonomi pun dia sambut baik punya. Janji dapat jawatan. Tu lah Anwar dengan kegilaan kuasanya.

Apa yang Gomo ingin sampaikan di sini bukanlah cerita palsu atau pun rekaan, kisah Glamour yang Nik Ajis cari dalam memasyurkan dirinya. <http://www.papagomo.com/2009/11/sayuti-omar-mso-pernah-ditawar-balak.html>

Assalamualaikum dan salam sejahtera

Kepada Tun yang banyak menderita untuk Agama, Bangsa (Melayu dan Cina, India, Sikh, Sabah, Sarawak dan lain2) dan Negara saya sarankan agar Tun teruskan usaha Tun yang belum selesai ini hingga keakhirnya. Allah melihat apa yang kita buat, termasuk yang memberikan komen disini, samaada yang ikhlas, yang ingin menyampaikan pendapat orang lain, yang tak puas hati tak bertempat, yang racist tak mau baca "kontrak sosial", yang blurr ataupun yang saja nak "probing"

dan yang paling bahaya orang yang celik tapi buta segalanya dan saja buat buta. Bagi yang islam tu renung2kan lah.

Saya bukan sekadar menaip tapi penderitaan ini memang berlaku kepada tun, yang saya tau ni sikit saja yang lain2 tu wallahwalalam/only allah knows it.

Does everybody perfect? or trying to be perfect? or do their best for perfection?

Come on lah, be fair to yourself first then only u can judge people by having a thorough n fair investigation not just using M-16 or GPMG upon cheap talk at kopi tiam n prejudice, tarak baik lo, "mai tham sim ka phai sim, bo ho lo" hokkien dialect

Disini tak perlu saya nyatakan fakta2, cerita2 dan lain2 kerana commentor semua yang ada ni adalah dari golongan cerdik pandai dan pemikir2 yang baik atau sebaliknya dan sesetengah cerita tu ada yang mungkin betul atau sebaliknya dan saya ni cuma orang biasa saja.

Tapi dipermulaan ayat saya tadi, saya ada sebut "menderita" hangpa tau ka apa benda yang dideritai tun tu, pernah ka hangpa korek cerita dia dalam misi untuk menaikan MALAYSIA, insafi dan berfikir sejenak kalau lah anda is in his shoe? Serupala macam kita dok demand/complaint/pok pek/ kat mak bapak kita, ada pernah hangpa tau susah depa, mendengar cerita mereka saja kah atau benar2 menghayati kesusahan mereka? beranikah anda kutuk mak bapak anda, sepatutnya kita memberikan pendapat bukan kutuk dan tomahan setelah apa yang telah mereka curahkan kat kita, mak bapak kita pun hanyalah manusia biasa yang selalu membuat kesilapan, so carilah jalan penyelesaian insyaallah akan terbuka luas jalan di hadapan. (Saya tak kata TUN ni bapak kita, dan bukan membandingkan tapi buat perumpamaan saja, takut2 nanti disalah ertikan pulak oleh pihak lain pulak kerana salah erti ni boleh diseleweng sewenang2nya walaupun sebenarnya fakta telah difahami.

Saya nak kongsi satu cerita (Tiada mengena dengan sesiapa OK, just a moral story), cerita dia macam ni...saya buat summary saja sat lagi panjang pulak.

Di suatu masa di suatu tempat di suatu negeri, ada seorang pemilik mempunyai kuda2 yang berbaka baik. Datanglah raja berkehendakan kuda2 nya dengan menjanjikan balasan yang setimpal jika setuju menjualnya. Tetapi pemilik tersebut enggan menjual kerana katanya diantara dia dan kuda tersebut ada "sentimental value" yang susah nak dijelaskan. Berlalulah raja dengan kecewa, dan terus pemilik tersebut dicaci, maki, kutuk, bodo la, nasihat pun ada dan macam2 lagi oleh jiran dan taulan sebab hanya kerana dia tak mahu menjual kudanya dan dia telah pun menerangkannya kepada mereka fasal tindakannya. (dah buat penerangan dengan jujur pun kena jugak)

Selang beberapa hari, anaknya yang sedang menjaga kuda2 itu telah di tendang oleh kuda2 tersebut dan patah lah tangan dan kakinya. Sekali lagi pemilik tersebut di kutuk dan dicemuh ("tengok dulu tak mau jual, sekarang harta takdak sakit yang dapat", (tau la kalau dah kena kutuk macam2 keluar dari mulut orang)tetapi dia tetap bersabar dan memujuk hatinya.

Ditakdirkan, berlakulah peperangan dan semua rakyat lelaki dikerah untuk mempertahankan negara tercinta, dan banyak lah yang terkorban dalam peperangan itu termasuklah anak dan warga2 kampung pemilik itu. Pemilik itu terkecuali kerana sudah berumur (nanti tanya pulak, biasalah orang malaysia ni semua nak tau).

Kemudian berkatalah warga/jiran/taulan kampungnya, "nasib hang memang baik la/hang pandai la/bagus jugak la/tindakan hang tu betui la/kami menyesal kutuk hang la...(dan ada juga yang diam dalam kedegilan) dan banyak lagi kenyataan kerana anak2 mereka telah terkorban dan anak pemilik kuda tersebut terselamat kerana tak dipilih untuk berperang disebabkan patah kaki tangannya ditendang kuda2 bapaknya. Jadi sekarang keputusan yang dulunya salah kerana enggan menjual kuda2nya menjadi betul pulak! Itulah yang dikatakan manusia...

Anda pikiaq la sendiri moral cerita ni...ia boleh jadi macam2 mengikut EQ dan IQ anda juga kepercayaan anda.

Bagi saya tun hanya manusia biasa yang tak lekang dari melakukan kesalahan dan banyak jugak kebaikan dia yang kita tak mau nampak atau memang tak nampak, kutuk pi kutuk mai biasa la dalam liga ni, kita ni rakyat/manusia biasa harus bijak dan ada sifat memberi dan menerima juga pemurah dalam berterima kasih.

Sekian, maaf dipinta kalau menyinggung kepada yang tersinggung, sekadar ingin berkongsi dan menyedarkan diri sendiri takut2 terlambat sedar.

Yang baik itu dari Allah dan kalau ada apa2 yang silap tu sudah semestinya dari saya yang banyak kekurangan ni

Kepada TUN, "Terimakasih"...

Tun, sebelum ini memang saya sangat mengagumi Tun. Selepas satu demi satu bukti bahawa Tun tidak cekap dalam pentadbiran, dalam pemilihan menteri dan dalam pemilihan tycoon, saya rasa Tun telah meranapkan keseluruhan pembangunan yang telah Tun bina untuk Malaysia.

Apa terjadi kepada:

1. Sammy Velu
2. Ling Liong Sik
3. Rafidah Aziz
4. Abdullah Badawi
5. Anwar Ibrahim
6. Vincenrt Tan
7. Ananda Krishnan
8. Nazri Aziz
10. Eusoff Chin
11. VK Lingam
12. Pemilik Perwaja Steel (lupa nama)
13. dan ramai lagi, sekadar menamakan sebahagian dari mereka di sini

Tun lah juga yang telah bertanggungjawab memecah belahkan kesepakatan UMNO sejak menentang keluar Anwar dengan pelbagai tuduhan yang memalukan. Sejak itu UMNO tidak kuat lagi, UMNO dari hari ke sehari semakin pudar dari sokongan rakyat. Ini semua angkara Tun kerana gilakan kuasa.

Hari ini, Najib terpaksa bertungkus lumus membersihkan kerak yang Tun tinggalkan selepas pemilihan Abdullah Badawi juga dilihat sekadar pemilihan yang amat buruk dalam signifikan politik Malaysia. Abdullah diburukkan lagi dengan campurtangan menantu hantunya.

Najib berkemungkinan menjadi PM Malaysia yang akan gagal mempertahankan UMNO untuk terus menguasai pemerintahan pusat dalam PRU akan datang. Ini dibuktikan sejak PRU yang lalu di mana Pakatan Rakyat hanya memerlukan 30 kerusi Parlimen sahaja lagi untuk mengambil alih tampuk pemerintahan pusat. Ini tidak mustahil mereka lakukan pada PRU yang akan datang.

Saya melihat Tun sebagai seorang yang amat pintar dalam mengekalkan kekuasaan peribadi, tetapi Tun seorang yang gagal dalam menentukan kesinambungan politik UMNO. Saya sedih kerana jasa Tun yang begitu besar dinafikan oleh cita-cita busuk dalam diri Tun sendiri. Ini lah yang dinamakan 'Senjata Makan Tuan'. Tun kini berhadapan dengan satu realiti yaitu 'Kematian' yang pasti datang. Itu janji Allah bagi semua yang bernyawa.

Saya masih teringat bagaimana dengan bangga Tun mencemuh sunnah nabi saw dalam perhimpunan agung UMNO suatu ketika dulu. Tun katakan orang yang berjanggut itu bukan mengikut sunnah nabi saw tetapi menyerupai kambing. Kata-kata Tun dalam ucapan itu telah membangkitkan rasa marah kebanyakan orang Islam yang juga majoritinya Melayu. Tun tunggulah siksaan Allah kerana menghina sunnah nabi saw itu.

assalamualaikum.

Tun,

.....D I C T A T O R.....

Setelah menjadi perdana menteri selama 22 tahun dengan rekord yg cemerlang di dalam memacu negara ke arah kegemilangan dengan mengekalkan keharmonian kaum yang terdiri dari pelbagai

bangsa dan agama, menjadikan Malaysia sebagai sebuah negara yg membangun, disegani dan menjadi contoh kepada negara2 lain terutamanya negara2 Islam. Mengangkat martabat bangsa Melayu dgn meletakkan mereka setanding dengan bangsa2 lain di negara ini.....ini lah saja anugerah ataupun hadiah yang mereka berikan terhadap Tun iaitu D I C T A T O R.

Kalau bangsa lain yg beranggapan sedemikian tidaklah juga mengapa kerana kita tahu segelintir daripada mereka ini mmg x pandai berterima kasih apatah lagi mengenang budi. Tetapi ini orang Melayu sendiri yang berpandangan dan beranggapan sedemikian memang amat menyedihkan. Perjuangan dan pengorbanan Tun terhadap anak bangsa sendiri nampaknya tidak dihargai ini lah dikatakan Anak Melayu Moden.

Sayapun hairanlah, mengapa orang begitu benci terhadap Tun. Saya sendiri x nampak dari sudut mana Tun jadi diktator tapi kalau ada di antara mereka ini merasa x mendapat apa2 imbuhan dari apa yg mereka mahu dan kebebasan bersuara mereka disekat, itu saya x tahulah. Tapi walau apa pun yg Tun lakukan pada masa pemerintahan Tun, saya percaya itu adalah untuk kesetabilan politik dan untuk kebaikan rakyat. Seperti yg pernah saya katakan sebelum ini, politik adalah politik dan bukan senang untuk memuaskan hati semua orang tapi sebagai pemimpin Tun telah menjalankan tanggungjawab dengan penuh didikasi sehingga rakyat merasa nikmatnya bukan hanya untuk orang tertentu sahaja tetapi untuk keseluruhan rakyatnya. Saya sebagai rakyat biasa ini berasa, cukuplah dengan kesetabilan negara, kemudahan pendidikan, perkerjaan, pasarana yang sempurna dan kehidupan yang aman dan damai serta kos sara hidup yang x membebankan sewaktu pemerintahan Tun, bagi sudah cukup untuk saya mengenang jasa Tun tapi bagi orang lain mungkin mereka mahu lebih daripada itu.

Saya berharap Tun tidak akan patah semangat dengan kata2 mereka terutamanya org Melayu yang tidak tahu berterima kasih dan tidak tahu diuntung itu, yang tahu mengkritik tapi tidak pernah pun berbuat apa2 kepada negara. Sewaktu belajar dulu kerajaan telah membiayai pendidikan mereka, waktu tu Tun lah yang menjadi ketua kerajaan dan duit itu adalah duit kerajaan sekarang dah keluar universiti dapat kerja elok2 dihina nya pula Tun, dasar2 kerajaan yang melindungi dan banyak memberi manfaat kepada mereka sewaktu dulu kini dipertikaikan.

Senang sangat kah menjadi ketua negara? Bagi saya hanya orang yang gila kuasa sahaja yang merasa bahawa dia lah yg layak mementadbir negara ini dengan mudah. Pada suatu ketika dulu Tun menyerahkan kepimpinan negara kepada timbalannya, itu pun setelah beliau yakin dengan perpaduan dan keharmonian, kesetabilan ekonomi dan politik negara ini adalah utuh. Pada waktu itu ramai dikalangan pemimpin dan rakyat yang tidak sukakan Tun gembira kerana mereka menjangkakan bahawa negara akan menjadi lebih baik dibawah pempinan baru tapi apakah yang berlaku? Adakah nasib rakyat bertambah baik, Setelah menubuhkan Suruhanjaya Anti Rasuah, adakah rasuah terhapus? Siapakah pula yang terbabit dgn politik Wang sewaktu pemilihan majlis tertinggi UMNO baru2 ini? Adakah kestabilan politik dan perpaduan kaum dapat dikekalkan sama seperti dulu atau pun lebih baik daripada dulu?. Oleh itu janganlah mengangap bahawa PR dengan penasihatnya itu akan dapat menjamin masa depan yang lebih baik tanpa apa2 pun penyakit politik kemungkinan ia akan membawa penyakit yang lebih teruk memang x dapat disangkal lebih2 lagi kerana penasihatnya itu sememangnya ada penyakit tersebut sejak dulu lagi. Kerajaan yang dipimpin oleh 3 nakoda tidak akan mampu membawa kita ke mana2 tersilap langkah tenggelam dipukul ribut.

Biar sakit mata membaca biar sakit telinga mereka mendengar....sama ada setuju atau x, mereka terpaksa akur kerana Tun Dr.Mahathir adalah Negarawan Ulung merentas zaman, (ONE IN MILLION).

P/S: Boleh Tun komen sedikit tentang saranan ramai pihak yg saya rasa majoriti rakyat pun bersetuju untuk Tun membabitkan diri didalam politik ataupun sebagai penasihat Kerajaan demi kepentingan rakyat dan negara didalam situasi sekarang ini.

Dear Tun,

Can't help it but feeling a bit strange reading your last posting. A bit surreal, the same feeling that I had when i was inside PWTC on the day you announced that you're quitting , relinquishing all posts at once.

Thanks for everything dear Tun.

Dear Tun,.

Yes, u made mistakes. U picked the wrong people all the time. I always heard the ppl who comment here claims that melayu mudah lupa, melayu diabai, melayu pecah sebelah. Please!!! Don't be dramatic. Infact, melayu are the one who get the most privilege in Malaysia. Melayu are so pamper by the government. Most of the kakitangan kerajaan are malays. They know they are the boss. That's y their work and result sucks. I saw a banner outside one of the government building. The banner title is "BUAT KERJA"!! WTH was that!!! Do u even need to put this banner? This means that all the while they are giving the ppl impression that they are slacking, curi tulang, minum teh and wasting time. And the police!!! They put those stupid sticker "Jangan RASUAH SAYA!!! ANTI RASUAH!!!" STUPIDD!!!!!! STUPID STUPID!!.

This country sooner or later will become another indonesia. Najib is trying his back to lure back those malaysian who work outside the country. Who the hell would like to back to this country? Dirty!! Corruption!! Racist country!! Lousy government!!

Dear Tun

Everyone who commented on your blog has access to internet and should be able to read for themselves on what is happening in the world.

They talk about Lee Kuan Yew as dictator and being hated in Singapore. Are they nuts?

They want to compare Lee Kuan Yew and you? You are now a blogger but Lee is known as Minister Mentor all over the world and his opinion is highly sought after.

I will go with all the praises being heaped on you. I can accept your admission of making mistakes when you were PM. Why don't you tell us what are the mistakes that you have made since you said you speak with facts?

You keep harping on the Water issue with Singapore but do you respect agreements? If not, why sign agreements?

You sent Ministers to negotiate and agreements were signed but when they went home, you wanted to shift the goal post, right? That was when you got to know the real Singapore.

Singapore's attitude towards Malaysia has helped to establish Singapore to be one of the best countries to do business with for the world. Malaysia Gov is wishy washy (Today, like this and tomorrow, like that) but Singapore is steady fast (The policies are adhered to). If you do not agree, please let us know.

The railway issue? If only Malaysia and Singapore had developed the land in Tanjong Pagar, today, the rents collected would be unimaginable. It is still not too late. Develop it with Singapore and move your railway station to Woodlands which is next to the Causeway. Then create a rapid transit like Singapore's MRT to JB. That is the way to promote tourism.

In Singapore, the people are always suspicious of Malaysian Government because of the following reasons (but not limited):

- (a) Don't sell sand to Singapore, then they cannot build
- (b) Don't sell grass to Singapore, so they cannot be so green
- (c) Don't send goods to Singapore, so we can make the money
- (d) Build our own ports and get shippers like Maersk Line etc, to call at our ports, even at a loss
- (e) Use Singapore as an example of ill-treating the Malays to garner Malay votes(But today, when the truth is out, no such speeches except for those bloggers who still ask "Where is your Malay Army General or any Malay who is one of the richest Singaporeans? They do not know what is meritocracy).
- (f) Iskandar Malaysia, they want Singapore's investments but they do not want Singapore to make money from it.

Someone mentioned that Sultans came to Singapore for medical treatments and the doctors were Malaysians. Yes, not only doctors but also scientists, engineers, lecturers, Ministers, MPs, many from Malaysia. Why? Just a clue, they are all Chinese and Indians.

Do you know who is Olivia Lum? If not search the internet. She was a Malaysian but came to Singapore to study and is the boss of HIFLUX which is in water technology.

Singapore was bullied by Malaysia for years with the war cry "Turn off the tap". Today, we are selling water technology to the world. Hope the day will not come when Malaysia, with its tail wagging ask Singapore to supply water, which is new water, toilets waste water. Why? I visit Malaysia very often and your canals and rivers are getting very filthy.

Why do I visit such a country when there is so much crimes and corruption. Where the Police are waiting to get some money from you instead of helping you. I have to visit my relatives and my friends. I must say, blood is thicker than water.

I would not comment if your commentors just talk about Malaysia but everytime they hantam Singapore, I will respond because I am Singaporean.

By the way, what has happened to "Malaysia Boleh!""? Even UMNO looks like Tak Boleh.

with warmest regards and the best of health

Nevertheless, you are still the most outstanding leader that Malaysia used to have. We can see that Malaysia always come first to you.

Salam Tun and Che Det bloggers,

Saya nak response kepada komen Kanes 20/11 terutamanya dan kepada sesiapa yang taksub sangat dengan PR.

Sebenarnya PR tak menang PRU12 tapi BN yang kalah. Semua tahu yang ramai marah pada Pak Lah dan orang2 UMNO yang tak sedarkan diri dan angkuh dengan menghukum BN.

Ini politik Kanes bukan main2, kenapa pula nak biarkan PR bukti kemampuannya untuk memerintah? It is NO GO dari mula lagi. PKR-PAS-DAP? Only "a marriage of convenience ", tak ada faktor penyatu antara mereka melainkan nak jatuhkan BN. Itu saja. Masing2 ada ideologi sendiri dan ikut jalan sendiri. PAS di Kelantan & Kedah, Keadilan di Selangor dan DAP di Penang. Sorrylah Perak bagaikan yang dikejar tak dapat yang ada berciciran. Nak take over federal government konon akhirnya senjata makan tuan. Yang untung sebenarnya ialah DAP.

Ramai sebenarnya tak suka sangat pun pada PR. Tapi mereka nak ajar UMNO. Wake dari tidur kamu, wahai orang2 UMNO. Sedarlah dan buanglah perangai angkuh dan tamak mengejar kuasa dan kekayaan peribadi. Tak kemana pun perkara itu bila kamu diusung ke kubur nanti. Jangan jadi pengkhianat ugama, bangsa dan negara. Allah lagi mengetahui dan kamu telah diuji oleh Allah. Bertaubatlah banyak2 semuga BN akan dikembalikan memerintah negara. Tak mesti perfect tapi akhirnya lebih baik pilihan.

Salam Tun,

Jangan berkecil hati kepada orang yang memanggil Tun diktator. Jika cara diktator boleh membawa kesejahteraan kepada rakyat tidak ada salahnya dari cara Mr.Clean yang nampak baik akhirnya buat rakyat sengsara tidak ada masa depan. Betul kata Tun kadang-kadang demokrasi tidak akan dapat menyelesaikan masalah negara , malah di tempat kerja pun sama , demokrasi akan melambatkan pelaksanaan, sekali sekala kita sebagai bos kena guna kuasa sebagai kata pemutus barulah ada daya kepimpinan. Lebih-lebih lagi kalau ada orang bawah yang tahu nak membangkang je kerjanya apa-apa idea. Saya banyak belajar dari cara Tun memimpin negara untuk menjadi pengurus yang efektif dan baik.

Tun patut menulis buku berkenaan kepimpinan dan pengurusan organisasi berdasarkan pengalaman Tun tersebut untuk panduan kita semua. Mungkin Tun boleh menulis macam mana nak menguruskan staf bermasalah macam Anwar tu.

Thank you for your contributions for our nation.

By rarunasalam  on November 20, 2009 7:46 PM

Tun

you say you want to highlight the wrong doings of the people whom you backed. However I see inconsistencies in how you highlight their wrongdoings.

For instance, in

1/ Anwar's case

due to his "peculiarities" as you call it, you had him sacked from Government, and then had police and legal charges thrown at him.

BUT with

2/ Tun Abdullah's

you've claimed he was corrupt but till todate, you have only been talking about it but have not placed any open charges about what these corruption or mishandling is. Why?

Why on one instance, you're happy to involve the law for one person, but not on the other?

Also, you state Tun Abdullah did some cleaning - are you referring to him cleaning up post your administration decisions OR something else altogether?

If something else and you have proof of it, why not just file a case?
And if you don't have proof, then what is the basis of your claim?

And as for your First Deputy, what is your claim about him?
Or do you not have one. Is Musa Hitam the best Deputy you ever had?
And if he wasn't, what was the issue with him?

Tun, you're the longest serving Prime Minister this country has had - we expect leadership from you. However in your leadership, we also expected you to build and grow leaders so the country will have sustainable and mature leadership.

But looking at both UMNO, and the BN component parties, I can't see one progressive leader in any of the National alliance.

And with your recent blog, your statements imply you have not delivered on a sustainable leadership succession - so how can you say you've been a progressive leader?

Assalamualaikum...

Dear Tun,

Human is just a creature... Not a God or an angel... We are not 100% perfect and might be from the 10/100/1000 things that we do daily or weekly, one and two of them might be a mistake. The one who has a good heart will try to repair the mistake and work hard to prevent it again... And those who have an ugly heart will be the ignorant and do the mistake again and again even in a massive scale of unshamefulness... At least you are admitting and already tried your best to serve our beloved motherland. Yes, maybe you have chosen wrong people, wrong ministers, wrong candidate and whatever it was...

But as a minister, as a candidate, as a leader which are being chosen and also being paid expensively, whatever it takes you have to do your job... I repeat, being chosen and being paid...

Tun, you can ask them on who you have chosen, why you were joining the political field and why you were trying your best to get the position? Went all out at full capacity before being a minister, officer, director and so on? Why? Means that yes, they all were really-really wanted to be chosen and elected...

We can see - A total of 720 dengue cases was recorded from Nov 8 to 14 compared with 618 cases the previous week, the number of Chikungunya cases also rose to 277 compared with only 202 the previous week, and today the High Court of Shah Alam ordered a retrial for a former police inspector found guilty of agreeing to accept RM1,000 bribe from a woman as inducement not to proceed with the hearing of a rape case which involved her stepbrother...

What the fish are happening in our country? When the selected people didnt accomplish their job at their best and just wanted the highly paid salary, what do we can expect from them? Without honest and dignity holding such an important position, we cant go anywhere... Shame on them...

p/s: I read today's newspaper that Malaysia will be the first nation in the world to own the "Amphibious Sealegs," a high-tech boat which is functional both on water and on land, if the purchase receives the green light from the Government... Yeeaaah, now that's what we call a development...

Assalamualaikum Tun dan semua muslimin

Memang senang utk manusia bercakap kalau ikut suka hati. Sepatutnya kalau nak tuduh tanpa sebarang bukti dan cuma andaikan apa yang kita lihat, itu sesuatu yang tidak baik atau boleh disamakan dgn fitnah. Jadi kepada blogger semua, jangan lah tulis benda yang kita pun tak tahu sama ada benar atau tidak. Sesuatu yang kita dengar dari orang lain pun tak semestinya benar. Kalau orang2 Islam kita disuruh dan dinasihat supaya menilai apa yang kita dengar dan tidak menerimanya bulat2. Sebab itulah Islam tak suka kita mengumpat kerana takut2 jadi fitnah

pulak. Kalau sesuatu yang tak ada, kita ada2kan ataupun sesuatu yang kita "tambah" burukkan faktanya.

Jadi bloggers pun kalau nak tulis biarlah ada fakta, jangan tulis ikut suka hati aje. Kalau cakap berdasarkan teori boleh jadi pensyarah, tapi kalau cakap sekadar agak2 aje, samalah macam loyar buruk (cakap tapi tak patut dapat bayaran). Dan berhati2 lah dalam melemparkan tuduhan kerana di akhirat nanti kita akan disoal jika menfitnah.

Kalau bukan beragama Islam, berilah komen yang bermoral dan bertanggungjawab. Tulis jika ada bukti dan kemukakan bukti seterang yang boleh. Don't just simply say something if you don't even know it is true or not. Be responsible to what you code. Jangan jadi ULAR yang suka "belit" orang. Atau pun jangan nak tunjuk pandai tapi sebenarnya "AHOK" (dalam bahasa Jepun).

Yang baik tu dari Yang Maha Esa....

By solidsnakeckw  on November 20, 2009 5:53 PM

1. You are NOT a dictator, in fact you are one of Malaysia's best leader. Anyone who call you a dictator is either out of his/her mind or never read newspaper or go outdoor in the past 28 years.

2. But still, everyone has their character flaw, that's why we are human. Everyone from a different political standpoint has their own reason to do the things they are doing. That's why we had cold war (Communism VS Capitalism)

3. In order to united our country, we must first make sure all the people in Parliament sees the same things the same way, if not, unity will be the last things to happen in M'sia.

4. Just look at our government now, everything looks really bad. So, letting Anwar become an economic adviser might just be a big chances for him to show his bad deeds again, then our government will have another chance to throw him into a federal prison again, and this time, it might just last forever.

Dear Tun Dr M,

Thank you for being truthful and frank. It shows that you are a gentleman. A lot of corporate figures more prominent and popular during your time are now maintaining low profile. The reason only they can expose.

It is no joke to be the Prime Minister as well as the Finance Minister. One needs a strong, expert and hardworking team and even that too would not produce 100% success.

The Finance Ministry is one of the ministries that should not be run on political and personal grounds. It should be run independently, transparently and sincerely. It is the front runner to boost the economy of the country.

DSAI jadi Penasihat Ekonomi Selangor sebab Tan Sri Khalid semakin tak popular walaupun dalam partinya sendiri. Jadi, DSAI not effort to throw Tan Sri because it will cost him and party alot. Banyak persoalan akan timbul; mungkin lebih teruk daripada apa yg berlaku dalam PAS.

Dengan perlantikkan ini, DSAI akan menjadi indirect MB for Selangor.

Apakah dalam Pakatan Rakyat tidak ada pemimpin lain yg mampu jadi penasihat ekonomi negeri?

Jadi, Kalaulah Pakatan Rakyat menang dlm pilihanraya; cukupkah pemimpin yang ada capacity untuk memimpin negara? Takan DSAI seorang pegang multi portfolio?

Rata-rata, Pakatan Rakyat kempen bagus. Tapi kerja belum ke tahap mengurus negara. Jauh lagi dan sangat merbahaya.

Salam TUN dan fellow bloggers Che Det,

Saya memang suka mendengar ucapan2, perbincangan2 dan membaca tulisan2 Tun. Banyak points dan ilmu yang dapat saya pelajari dan hayati darinya terutama dalam segi strategi. Saya juga berpendapat Tun adalah salah seorang pemimpin Melayu yang berkaliber tinggi yang mungkin Malaysia tidak akan menjumpainya lagi dalam masa 100 lebih tahun akan datang, wallahua'alam. (Macam tokoh P.Ramli le).

Sebagai pemimpin sudah tentu ada kekuatannya dan kelemahannya dalam menjalankan tugas yang telah dipertanggungjawabkan. Ini bukan kerja mudah. Dalam kejayaan Tun membawa banyak kemajuan kepada Malaysia yang tidak patut dipertikaikan oleh rakyat Malaysia (tapi

hanya pembangkang yang masih angkuh dengan kejahilannya) sudah tentu Tun sebagai seorang insan yang lemah, ada melakukan kesilapan. Kelemahan ketara Tun secara ikhlas saya nampak ialah pemilihan orang (choice of people). You always choose the wrong people yang you trust tapi Tun tertipu dengan lakunannya. Tapi pada saya itu tidak menjadi masalah. Yang saya tabik hormat ialah pengakuan terbuka dan jelas Tun atas perkara itu. Ini memerlukan kekuatan dan keberanian sesaorang. Percayalah, tak ramai yang bolih melakukannya. Semuga Allah mengambil itu sebagai satu lafaz taubat dari Tun dan semuga Allah dengan sifat Pemurah dan Penyayangannya memberi keampunan kepada Tun.

Saya sentiasa mencari kebenaran yang HAQ yang hanya terdapat dengan ucapan2 dan perbincangan2 yang bersandarkan ilmu dari Quran & Hadith. Olih itu saya sentiasa mendengar dan menumpukan perhatian kepada APA YANG DICAKAPKAN dan bukan SIAPA YANG BERCAKAP. Sebab itu saya suka dengar ucapan Tun atas sebab itu bukan kerana Tun ialah PM atau bekas PM.

Memang eloklah Tun tak layan sangat atau tak hiraukan kepada komen negatif dan kutukan2 dari pengecut2 untuk berdepan berbincang dengan ilmu dan fakta2 bukan emosi semata2. Ini sudah memang adat berpolitik, kadang2 memang menjijikkan.

Ada yang komen supaya Tun jangan lagi nak masuk campur dalam hal pentadbiran negara dan menyeru supaya Tun berehatlah semasa bersara. Yang nyata, mereka2 ini adalah samada jahil atau orang2 yang makan cili telah terasa pedasnya. Mereka2 ini memang benar2 telah menunjukkan sifat MELAYU dengan PHD nya. Apa taknya, Tun telah kacau daun saja dalam kegiatan jahat/derhaka mereka kepada Ugama, Bangsa dan Negara. Syabas kepada Tun. Teruslah supaya mereka tidak bolih tidur lena.

Kalau dapat perhatian Tun, saya harap supaya Tun dilantik menjadi Penasihat negara – FOC pun tak apa. (Selangor dah pun melantik penasihat ekonominya – ada kaliber tak pasti pula, hanya Allah yang lebih mengetahui) Sudah tentu ramai yang akan tak setuju dengan cadangan ini. Saya sebenarnya kurang yakin dengan kemantapan kepimpinan negara yang ada sekarang terutama dalam menghadapi kerana2 jiran kita – Singapura yang bersifat KIASU dan tak bolih dipercayai, umpama berbincang dengan dolak daleh alah Israel, 60 tahun berbincang tak ada penghujung, berpusing2 kat tu juga. Saya takut kepimpinan sekarang kurang pengalaman dan pengaturan strategi dalam bagaimana nak mengatasi kelicikan Menteri Kanannya. Ini telah terbukti dalam kes Batu Putih. Yang menjadi bahaya besar pula ialah musuh dalam selimut yakni tingkah laku DAP yang memang kita tahu adalah pada hakikatnya ialah cawangan PAP di Malaysia. Tengok sajalah 4 perkara yang masih tak selesai tu. Mereka hanya menunggu satu ketika yang sesuai untuk mematuk. Mereka tahu masa adalah memihak kepadanya. Tun adalah satu masalah / penghalang (pain in the arse pada mereka, sorry for the language), kepada hajat perancangan mereka. Saya harap Tun fikirlah cadangan saya demi keselamatan Negara dan anak cucu kita kelak. Ini lah sahaja tanah Melayu, satu tak ada yang lain.

Saya juga ingin mengesyurkan supaya tambahlah kekuatan TUN itu dengan pertolongan dari Allah bukan dari mereka yang Tun percayai termasuk kepimpinan sekarang sebok dengan politik sahaja. Kalau tak betul2 cara, kita akan dijajah olih orang luar dengan pengkhianat dari dalam. Kita patut belajar dari sejarah kejatuhan Melaka.

Kami bolih di hubungi di orbee007@hotmail.com

Assalamualaikum Sir and Tun Dr Siti Hasmah ,

Pak Det have done a great and wonderful thing during your tenure as Minister Education , Deputy Prime Minister and Prime Minister. I can say that you are NOT DICTATOR at all and I can say most of person who said might seeing their face at mirror first and all the narrow minded person should know that Tun Dr Mahathir was fairly given opportunity to all of Malaysian Citizen.

The richest man in Malaysia is a CHINESE and also an Indian. For chinese and indian please check to our neighbour hood country Singapore wheather overthere got any MALAY (MELAYU) being a RICHEST MAN in Singapore ?

Previously myself being grow up with Chinese and Indian even though my 2 son also in boarding school at MRSM previously and both of them are not racious at all . Dasar Ekonomi Baru not even affected to Chinese and Indian , as I'm a senior citizen I don't know why these people still not thankful being born in Malaysia and still want to say everything against the right NATURE. Even though I can say previously Pak Det good friend together in MAHA CLINIC also an Indian Dr Shah (now he with his own clinic at Penang Klinik Sentosa) and I can say for some chinese and indian don't feel piece off because the current government since independent always there to help you all th way but we as human being kenalah berusaha.

I know Pak Det very daring in made decision and always analyst all comment and opinion well eventhough as human being the small mistake always there. For young generation who read this please tell your friend during Tun Dr Mahathir be as Prime Minister , he had done lots of good thing which I can't mentioned it in detail. Pak Det turn our country from agriculture towards industrial and K Knowledge . Multimedia Super Corridor happened because of Pak Det . Now all government materialize e-government through online really give Malaysia one of the best country towards government electronic . For those who study well and and get a good result easily can apply for IPTA and get PTPTN loan.

Now our BN government still can survive because the long term plan was well done by Pak Det . But after 2003 very sorry to say we had a WEAK AND USELESS Prime Minister who only help his son in law and his son . Pak Det ! Please mention to Dato Seri Najib that Biro Tata Negara should be revamp and structure back ! Ketua Pengarah BTN should be replace with capable person. We want high ranking government purely support BN like Tan Sri Ibrahim Shah UiTM

Vice Chancellor who purely support our government.

I know during Pak Det time very hard to get appointment with you because you got 2 useless ' Ketua Setiausaha Sulit ' previously Tan Sri Aziz Ismail and second one is Dato' Badariah. I'm quite surprise Pak Det still keep Dato Badariah at Yayasan Kepimpinan Perdana , might be she got talent made people find difficult to meet Pak Det .

During your time as Prime Minister multi racial living healthy and wealth. Business opportunity not being manipulate among some people only as Pak Lah did which he think level 4 so clever but the last election result already gave a good answer that level 4 graduated from Offord or what ever such a STUPID person .

I'm as senior citizen I'm noticed that many of young generation don't know a lots of the real story . I can say here Tan Sri Khalid Ibrahim also not thankful for BN goverment that picked him as CEO for Perbadanan Nasional Berhad and yet he very closed to Anwar Ibrahim who was the real MB Selangor behind the scene. Tan Sri Khalid Ibrahim frustrated he can't bought Guthrie share because he miss use the loan gave by bank. During Tan Sri Khalid Ibrahim being as CEO to Guthrie he dare to made lots of human being bankrupt. His brother Hajiman Ibrahim only like his puppy to do this and that .

Now our BN goverment should be very open minded and not listen message from your own circle and try to built up your own empire as what Dato' Seri Husni Hanazdlah is doing now .For all minister please Don't concentrate at your own parlimentary only . Don't think to make your own pocket money as Dato' Noh Omar want to do so . Pak Det , can you imagine previously during Tan Sri Muhyidin we already got MAHA exhibition at Serdang nearby UPM but now Dato' Noh Omar easily want to spend million of RM to re do at his Parliment , why this happen ? Waste public money easily !

Believe me Pak Det , BN will lose many seats of parliment if some of minister only think for them to make as money they can , all bad altitude have to change because nowadays we got our young generation very smart to read goverment mind and direction.

Lastly I can say that Pak Det contribute a lots to our belove Malaysia without you Malaysia go no where. Myself , my wife , my son and daughter and also my granddaughter Shazwani and grandson Azrizhah Aziz menyampai salam kepada Tun Dr Mahathir dan Tun Dr Siti Hasmah serta keluarga semoga sentiasa dirahmati Allah SWT and sampai ke temu lagi.

We love Malaysia
Malaysia Boleh !!!!

Dear Tun, you are correct. People can change for good to bad and otherwise. From Mr Clean to Mr Unclean. Do not regret if u choose wrong person because it already pass.

Your leadership was not dictatorial but authotharian. The executive power were centralized in your time but you manage it well. Your have a lot of chance to abuse it but you never. You use it for purpose to develop your nation by your own way. Your way,, as the song My Way.

Your resign at the moment you at pinnacle of power and glory. Not many leader do that. You prove that authotarian also can develop the nation. But it depend to the quality of the leader. And you have quality of that. Your quality is much better than Dato Seri Anwar. Rhetoric lies with him, so far he was fail to manage the economy crisis 1997 and he made our economy more worst.

DSAI fail the test,,he were, are and may be excellent in rhetoric speech but managing the financial crisis he fail. We need leader who also capable in facing the crisis and evaluate him by the which action he made.

Hello Dr.M,
Good evening.

I am one of your biggest fan. But I have to comment when I feel that you are wrong. Being an advisor does not mean that he will take over the other party's job. Advisor is required to check and balance. Even Umno and BN is asking you to be their advisor or "menteri kanan". Is that mean that the existing cabinet ministers are not capable?

Lets give DSAI and pakatan a chance to show their capability. Even right now, they are doing good. Go to ground level and talk to people. You will understand the real scenario. Now days, media can't manipulate the truth.

Or you just being afraid that pakatan in selangor will do better.

If pakatan can't perform, people will give their judgement during PRU13. Until then let them do their work and BN do its work.

Take rest and be healthy.

Salam Tun,

Alhamdulillah dan syukur saya kerana Tun menyatakan dan mengakui bahawa Tun juga berbuat silap...pada saya senang sahaja pendekatan yang saya ambil. Bila mengaku itu jujur dan berhalus...dan Tun berlaku jujur pada diri dan juga kepada semua yang berada di dalam atau luar blog ini.

Pada manusia yang tidak dapat menerima kenyataan bahawa kesilapan itu memang berlaku tetapi mempertahankan bahawa kesilapan tidak harus berlaku, itu adalah manusia yang hipokrit...

Tanya diri sendiri, apakah kita tidak pernah silap dengan keputusan kita sendiri, dan mampukah kita mengakuinya sekiranya kita sendiri telah sedar akan kesilapannya??? Mungkin ya jawapan anda...sekarang letakkan diri anda itu sebagai pembikin keputusan yang muktamad...apakah jawapan anda sekarang???

Tun,

When you are the Head of the Country, everyone wish to pleased you Tun. Show you what they can, say word which is sounded good to you, always support...but for what? For them, showing their credibility to you and rakyat will build a strong beam for them to jump for the gold nest. After that...it shown right!!!

Kekadang...kita selalu tidak menghargai apa yang kita ada pada hari ini sebab semalam dah pun menjanjikan pulangnya. Lupa langsung kita untuk memikirkan tentang esok, anak-anak kita,

cucu-cicit. Yang kita dok sibuk sangat ialah menaksir samada yang baik itu buruk atau yang buruk itu baik...(akal manusia nie apa la sangat...)

Saya faham langkah Tun sekarang untuk memperbetulkan apa juga yang telah silap semalam (mengawal). Kerjanya tidaklah mudah. Bangsa kita nie jenis yang tidak mudah untuk melupakan...cuma yang saya harapkan, agar kesihatan Tun sentiasa baik dan teruskanlah mencuit hati rakyat Malaysia ini agar berfikir lagi dan tidak melulu dalam membuat keputusan.

Kesian dan hairan pulak saya pada mereka yang mengatakan Tun diktator...yang ada depan mata mereka tu takkan mereka tak nampak kot...Oh yea, 22 tahun Tun jadi PM itu ukurannya...takpa la Tun, Alhamdulillah. (saya suka soalan Tun kat atas tu).

Dear Sir,

Your blog is one of my favorite to follow since the beginning cause it happen to give different perspective. As Robert Kyosaki said you can't make everyone happy as long as you could make 2 third of people care for you and listen to you is damn good already.

Hornestly as a young age citizen I'm really confuse about the local politician it really seem that "SERVING PEOPLE" are no longer main priority. It it so obvious that is for the benefit themself and family. Where is the Fire and Passion?

I would like to participate in a political party that I could really contribute but I have fail to do so, due to this.

Sometime I really wish that you never retired from Prime Minister post at least at that time I'm really proud of Malaysia and we have the right direction to move on. However today what is happening in MACC and MCA is a real shame to Malaysia. I ask myself that this should not be happening. "Honesty, Intergerity and Change" is always carry in their mouth but too too too sad to say..... it only carry in their mouth, there is no action!

Sorry to say Tun, I'm just voicing my taught as a commoner I really don't know what is the best way to express but this site I think is one of the best way to do so.

About this article I just want to say

"Government is not yet a choice and Opposition is definitely not a choice!
So where is the Choice? Hope you can tell me!"

Tun, all I have say for you are
"You are the MAN!!!"

A'kum Tun & Keluarga.

You know what Tun? That was a really good ones!he...he...

So, for those all Mr Find Fault Tun really gave you guys on-your-face facts and 'padan muka' you all.

Memang Tun buat silap dalam pemilihan sesetengah individu bagi menjawat sesetengah jawatan. Masalahnya beruk-beruk tersebut mula jadi tak sedar diri, angkuh, tamak haloba, munafiq, etc. setelah berada ditampuk kuasa.

"15. Thank you for agreeing that I am a dictator. Tell me which dictator ever resign."

That is a very GOOD one Tun! I like the part 'Tell me which dictator ever resign' - voila la vida de la loca!!!

You are damn superb Tun! I know your pragmatic and no-nonsense approaches always perceived by others as 'Dictator'. Well Tun to hell with them all.

Apapun 'dictator' inilah yang paling banyak menaburkan jasa pada bumi Malaysia tercinta sehingga mencapai kepada tahap sepertimana kita kecapai hari ini.

To all the 'mangkuk hayun' please do yourself a favour by open your eyes a bit more wider.

Wassalam

jangan lupakan jasa2 org sebelum kita...Tun membangunkan malaysia setanding dengan negara2 maju di eropah & jauh lebih maju dari negara afrika & arab yang masih dibayangi kancah rasuah yang hebat & peperangan saudara yang tidak dapat dibendung....

Assalammu`alaikum Tun,

You are the most intelligent statesman ever..you were able to foresee the power of ICT years before anybody can think that it is very very important to be IT literate..

It takes a gem to know a gem..and you always see the good in other people. It was not your mistake of choosing the two people, it is their mistake for abusing power that is "loaned" to them.

In the Malay history, there are only two statemen that has such intelligence. The first stateman was alive 600 years ago, it was Tun Perak. After you have resigned, may be we have to wait another 600 years for someone like you..

May Allah bless you always dear Tun..

You are Allah's blessing to the state of Malaysia..

Dear Tun,

I can feel your sadness and anger when you write this blog. I just hope you just be patience and dont be sad. The god will be the judge for all we done.

What you wrote there is all correct. And you have show your sincere heart when you admit you mistake. All major decision you make during your time in office has proven to be right and wise. For those people that do not have the eye and heart to see and feel what you done, its too bad.

We cannot pleased everyone but at least we need to do the right things. If we do wrong, we need to do it right. You have done what you can and I just wish to say thank you, Tun. Without you, Malaysia will still be nobody and Malaysia will not have what we enjoy today.

You might not be able to read this message but my sincere pray to you and your family. May god blessed you and family with health and peace.

Take care and hope to see more of your blog.

Selamat Hari Jumaat ya Tun,

Your detractors will only see what they want to see. And what they want to see is so narrow and shortsighted that they will fall into the big gapping hole in the ground right in front of them.

To err is human...which human being in the whole wide world and since the beginning of time did not make mistakes?

All dictator were resigned to the isolation in far away uninhabited islands, expelled, killed etc... there were actually some labelled as Dictators by the media, freedom fighters and "west" who actually resigned but they left the country in chaos and deep division.

I FOR ONE DISAGREE UNEQUIVOACLLY THAT TUN IS A DICTATOR - TUN is the god sent saviour of Malaysia.

Semoga Allah meredhi segala usaha Tun di dunia ini, Amin.

2. You are STILL THE BEST PM.
3. Of course you also made MISTAKES as the PM (especially on your decision to have DSAI as your DPM – I always view him as "tin milo kosong"), but I believe we have to look at your OVERALL PERFORMANCE. Overall, you did WELL/EXCELLENT. As for Mr. Clean, obviously he's TOO WEAK to be the PM; he lost control & "TIDAK AMANAH".
4. Tun, please IGNORE those DESTRUCTIVE NEGATIVE comments – "MERAPU - KEBANYAKANNYA DARI TIN MILO KOSONG."

Thanks again Tun!

Salam Tun,

1. Undoubtedly, Tun had contributed a lot to the nation.
2. Tun is a semi-dictator, as he said, he resigned lastly. Now, Tun is just a blogger.
3. Lingam case. Chose wrong friend that debunked your dictatorial.
4. There is another dictator in the region, Mr. Lee Kuan Yew.

Now we compare Mentor Lee with Tun.

1. The exchange rate from SG\$1=RM1 to SG\$1=RM2. (Now, is Rm2.4 but the 40 cents is not Tun's fault.)

2. Singapore Airline having growth every year, inversely, MAS having bailout every year. Two company originated from a same company, Malaysia-Singapore Airline (MSA) having such an extreme result. Tun, that's not your fault?

3. Singapore got no national car, what they have is a perfect public transport system. Yes, we won this round, we got Proton as infant company for 20 years.

4. When we talk about economics, average income or standard of life, the rakyat is lose out. Even the leaders or Sultan chose to have medical treatment at Singapore. (The funny part is most of the doctors in Singapore are from Malaysia.)

5. Corruption. I think you all notice the recent report. Singaopre near to zero-corruption, contrary Malaysia became worse.

Yes, Lee Kuan Yes is a dictator but he brought Singapore from third to First. Whether you are dictator or not is meaningless. When the law doesnt stand anymore, the country will collapse. Who spoiled Malaysia's law or constitution?

By Oumono  on November 20, 2009 12:14 PM

Dont listen to those idiot sir.

Adakah mereka sendiri paham maksud diktator? Apa mereka sendiri benar-benar faham sejarah? Bercakap tak menggunakan otak. Bercakap atas pemahaman sendiri yang buta!

Bodoh orang-orang sebegini. Di akhirat menjawab la pada Tun bila segala kebenaran ditunjukkan.

Si bodoh yang berfikiran pendek hanya akan bercakap mengikut telunjuk nafsu dan syaitan.

Betapa berat dosa fitnah yang Nabi sendiri perkatakan. Lagi berat memfitnah orang yang mulia seperti Tun. Memang sudah diperkatakan dalam Quran. Umat Nabi akhir zaman akan memfitnah orang-orang yang mulia. Renung-renungkan diri wahai si bahalol yang memfitnah Tun. Bahawa tanda-tanda akhirat itu diletakkan atas bahu kamu semua.

Jangan sampai di akhirat baru nak tunduk depan Tun minta maaf. Si bodoh!

Salam Tun,

How about our current PM, sir? I think he is a mistake too. Is he abusing you? Yes, I could see the pattern. He even is abusing his late father for the same reason. But you and his father were totally of different breed. While you and Tun Razak had always put the country's interests first, he seems to be enjoying his time opening up for others.

You were surely not perfect, sir. But you did your best and YOU DID NOT CHEAT. Malaysians were generally happy and feel very proud under your leadership then. Most of the worthwhile things that we could see in our country today were born during your tenure. For that, I feel very grateful and thank you.

Salam Tun.

The PKR adviser now become Selangor economic adviver. It's asking a cat to look after your fish, or asking a dog to guard your meat!

I think that's exactly MB Selangor had in mind, knowing or/and not forgetting his PNB days when he wanted to own Guthrie, the jewel of British colonialism that became ours after the 'dawn raid'. Ex-PM Pak Dol's son-in-law also had wanted the same, plus Golden Hope plus Island & Peninsular + IJN + Petronas + becoming youngest PM himself +++++, the list has no ending.

That no. 1 thief is an expert in calling another person a thief, and a master hipocrate (again, exactly like ex-PM Pak Dol's son-in-law), and proven to be a great liar (just like ex-PM Pak Dol himself).

Like Lincoln said "you can fool some of the people all of the time.....", but this PKR adviser can fool so many people all of the time (those who supported him blindly, and they don't want to believe/accept whatever reasoning on anti-Anwar, dah seakan2 macam katak bawah tempurung)!

Hello Tun.

Penjelasan Tun dah cukup jelas. Tapi bagi org yg dh tak suka kt Tun, nak cakap apa pun tak guna. Some people r just like that Tun. They r only a few. Tun also know this i reckon. One of them, surren. Just ignore them. They were born to be like what they are. They think they r good. They can't see anythings right and may also not realize they were communicating with an ex-Prime Minister.

My brother-in-law has just finished painting my sister's office. It is an architect firm. He told me about comments n suggestions he received after the work was done. He looked confused and sound disappointed. One of the comments was about the colour of the wooden rail at the staircase. One staff said this, the other said that. My sister couldn't care much coz she has too many other things to think about. But in my opinion, everything look terrific!

I told my brother-in-law exactly like I've just suggested to Tun, ignore them.

There goes the comment from the horses' mouth. Hopefully those whose comment in the past article would eat back their own words.

Tahniah Tun. You always have my full respect. Walaupun Tun tak pandai dalam bidang agama,(Infact ada jua Tok-tok guru dan ahli pandai agama yang melebel Tun sebagai Fasik), bagi saya, Tun tetap berphala kerana jasa-jasa Tun pada negara. Bagi saya SYURGA itu milik ALLAH dan dia saja yang mengetahui siapa yang dapat masuk di dalamnya.

Saya tak sikit pun heran kalau orang kata Tun 'dictator' Bagi saya kalau bukan kerana Tun seorang yang dictator, Negara kita takkan maju hingga ke tahap ini dan kalau di biarkan pada Mr Clean yang kononnya nak menghapuskan rasuah, negara kita akan jadi kapitalis dan lebih teruk dari Indonesia.

Carilah mana bahagian di mana-mana organisasi yang berjaya. Kita akan dapati bahagian itu selalunya di terajui oleh seorang boss yang bersifat dictator ini lah. Kalau boss yang lembut(macam si lembik Mr Clean), biasanya organisasi tu takkan berjaya... Sama juga Tun, kalau tak kerana Tun seorang yang bersifat dictator dengan intergriti yang tinggi, Tun takkan menjadi PM yang terbaik yang di bangga-banggakan seluruh dunia...

Syabas Tun.. Saya sentiasa doakan keselamatan Tun dan keluarga.

Assalamualaikum YBhg Tun Dr. Mahathir,

It has been awhile since I commented on you blog.

Tun, you are well aware that there will always be a detractors against you, your administration, your vision, your achievements and your ideas. In short these people will always have a negative views of anything about you.

I've followed your blog since the very beginning and have read both the positive and negative remarks written in response to your writing. The sad thing about the dissenting views is that they always criticize you because you're Tun Mahathir and not on the writings that are written for all the world to see.

With regards to Anwar as an economic adviser to the state of Selangor, we the people of Selangor really hope that the state economy is alleviated and the state become more prosper. That is our hope.

However, with Anwar's track records when he was heading the Ministry of Finance, I seriously doubt it. Anwar did not has an inclination of how the economy operate. Case in point is the recently "concluded" Talam round-tripping exercise which was approved by DUN sitting. This exercise did not inject any fresh capital into the state economy, hence no new economic activities to generate growth.

As widely mentioned, the round-tripping is just an accounting treatment to make the book looks good. What they should've done with Talam is to continue to press them to pay whilst at the same time use the state reserve to generate new economic activities. As we stand now, the state book will look good for the auditors but Selangorean are suffering.

If this is the caliber of the state economic advisor, I've to agree with Tun that the state will be under administration soon.

On the so called Mr. Clean, again, you are right in the sense they cleaned up the coffers and is now enjoying a lonely life. He lost the respect of the rakyat for all his undertakings which put the country especially the Malays at risk of losing the country. Since he is not being appointed to any "public" office, I would just stop here.

Now, coming back to your decision to appoint those two persons, as you mentioned, they were smart to hide their tendencies. Both almost brought calamities to the country. One by implementing IMF recommended solutions without any of IMF funds and the other of "selling" off part of the country to foreigners. But, remember Tun, our decision is always be based on the sets of information that we have with us at that particular time. We can't tell the future. So, to those who conveniently point their fingers at Tun Dr. Mahathir, please look into yourself and tell us that you never, ever make a decisions which are proven wrong overtime.

Finally Tun, it would take a big man to admit to their shortcomings and in this case you're a bigger and better man than Anwar.

Regards and Wassalam.

Salam TUN,

Kepada semua orang melayu yang tidak meyokong TUN Dr Mahathir, sedarlah akan kesilapan yang sedang anda lakukan sebelum terlambat, sebelum bangsa dan negeri melayu tergadai.

Tun bukan Malaikat tapi tidak terlihat kah akan usaha Tun untok memajukan negara dan bangsa melayu. Kalau tak nampak juga, itu buta namanya.

Lagipun takkan Semua orang melayu boleh jadi Jutawan dan memegang jawatan tertentu, kan? Sekali kali jangan lupa akan apa terjadi pada 1965, bila singapura di lepaskan dari kuasa orang melayu.

Baik atau buruknya nasib orang melayu singapura tak perlu lagi di bincangkan, kita harus pandang ke depan.

Tapi tak mustahil peristiwa itu berulang pada negeri2 yang lain di tanah melayu ???

Satu lagi yang ingin saya utarakan ialah pada pemimpin PAS yang bergelar ulamak. Pada hemat saya orang yang di panggil Uztad tidak sepatutnya bergiat dalam politik kepartian.

Apabila seorang uztad memasuki politik ia akan secara langsung atau tidak terlibat dalam mengumpat. Bukan kah mengumpat itu satu dosa besar. Lebih baik uztad2 beri NASIHAT dari luar parti yang ikhlas demi bangsa melayu. Bagi mereka yang mengaku sebagai orang alim tak wajar berkecimpung dalam politik . Anda lebih mengetahui dari saya yang daif ini. Tapi kalau nak terus berada dalam politik, lucutkan lah semua gelaran uztad, bersedia untok di caci maki saperti lazim nya orang politik hadapi dalam dunia politik. Jangan sekali kali mengaku Alim dan sebagainya saperti yang berlaku di Kelantan dengan gelaran Tok guru lah ,murshidul am lah, seakan akan satu kebanggaan bagi mereka yang mengelarkan diri mereka dengan gelaran tersebut. Lupakah mereka2 ini akan Imam Shafiee dan ramai lagi Imam2 yang hebat, mereka sanggup di penjarakan dari memegang jawatan umum.

Cukup lah satu singapura dan cukuplah satu pulau batu putih, takkan nak gadai apa lagi , maruah dan seterusnya.....

After more than two decades of Tun Dr Mahathir present in Malaysian politics if you still cannot comprehend Tun's work I feel sorry for you plus worry too.
May Allah Bless you Tun and family.

Dear Tun,

Saya rasa kita cuba lihat dan perhatikan dahulu, kegagalannya nanti akan menjadi modal kepada golongan pro-kerajaan, dan kejayaannya juga nanti akan memberi impak yang bagus kepada perkembangan ekonomi negara.

Harap sekali lagi Tun dapat Ulas isu panas di tempat saya belajar, di mesir, di mana Pengarah MSD baru, DR Mohammad Jamil telah melakukan provokasi yang melampau dengan pelajar yang tidak sebulu dengannya hinggakan memburuk-buruk nama persatuan yang paling dihormati di mesir ini.

Dear Sir, if you are indeed a Dictator then i am proud to be one of your subject!

Salam Sejahtera Tun,

I have stated before, I may not agree with everything you do or say, but for what you have achieved for the nation, I will always respect you and be eternally grateful. I am a prудuct of your policies, and in some ways, I feel Malaysia is not ready for full democracy, and may need a "Dictator" like you to helm and steady the ship, autocracy can keep Malaysians in check. But you should not be dejected. Your great nemesis, Lee Kuan Yew is a much hated figure in Singapore, but he is also greatly respected for his achievements. So you must really be upset by the 'Company' you find yourself in. Jokes aside, I agree your biggest failing was in choosing people. Perhaps it was because you were too trusting, or thought that they as your brothers in race, would live up to your ideals. Your other major failing was allowing thuggery in BN, and keeping people who had lost touch with reality.

Even today, the bulk of the Rakyat are suffering. The Wakil they elected are too busy lining their own pockets, immaterial to which side of the divide they are on. As a result, the rakyat is still suffering from the high cost of living on low salaries, and the Government is talking about raising money via other means, such as the credit card service tax (which you had also done 1997 to 2001 albeit for different reasons), If the Government was worried about rising bankruptcy from credit card debt, they can very easily get Bank Negara to raise the minimum income for eligibility from RM18k to Rm36k or even RM48k. The effect would be the same, cardholders will be reduced, but the Government will not be able to raise many hundred millions of ringgit from this service tax, and some Government "servant" would not be able to take an all expense paid holiday courtesy of the rakyat, specifically the credit card holders.

But I digress, you as an elder statesman should take up the mantle of keeping at least your "juniors" in line, but it is difficult as you had for some time left the party, and everyone, including your past proteges, came out knives sharpened for the kill. It is the poor and deprived like us who came to your support, but we ask for nothing, no Government Contracts, no priviliges, just peace in this blessed country before it is too late, to fragmented to pick up the pieces. Help us by being and remaining to be the voice of the country's conscience, and keeping relevant issues in the public eye via your blog. Perhaps you might want to be a Monister Mentor as well, to channel the rakyats view to the Government, or maybe as the Chairman of the Public Accounts Committee, or national Ombudsman,...

Before I sign off, caught part one of the documentary Mahathir on History Channel last Sunday, and am awaiting part two this week.

Carry on Tun, and to those who denigrate and oppose you (if you can understand the English), well we are in a democracy, and if I can respect your views, however wrong and shallow they may be, you should at least have the temerity to accept mine.

Selamatkanlah Malaysia, tanahair kita bersama!!! Hidup Malaysia!

Dear Tun,

I have been blogging for just over a month now.

As of the short period, this is by far, the best writing from you.

It shows humality, leadership, fact, accountabilty. Syabas.

One more thing, If I were the prime minister, I would have been the "dictator" as well. This country need alot of drive, it need strong leadership. Too many people wonder about and stray without direction.

Without that strong leadership, people seems to be busy about doing the wrong things. Discussing and learning the wrong things. We does not seem to improve in term of moral and education.

Leaders seem to be lost. They do not know what to do. They at the end put their personal interests more than anything. More than for the good of country. Be it leaders of the ruling party or the opposition.

I am sorry to say that I feel that the 2020 vision is a bit blurry right now. I think the core of our development is our society. The society moral, education, intelligence and ethics. Well all these elements are currently offline!

As for Najib, I have seen him so far a man with good intentions. I yet to see him to deliver results. May be it is too early. I fear and I pity him. He needs more courage and leadership than you. The environment now for him is much hostile and demanding than it was in your time.

huhu

Many regards to you Dr M

Salam 1 Malaysia Tun dan semua pembaca budiman,
Dewasa ini kita sering terbaca di dada akhbar malah dalam media elektronik. Tidak terkecuali melihatnya dari kaca TV tentang kehebatan Amerika kononnya dalam membentuk dan mengangkat demokrasi di seluruh dunia. Tapi jika kita tidak hanya melihatnya dengan mata tetapi turut menilainya dari hati, demokrasi ala Amerika ini sebenarnya hanyalah senjata senyap untuk membunuh bangsa dan negara lain atau tidak keterlaluan jika saya katakan untuk membunuh Umat Muhammad S.A.W. Lihat sahaja di mana-mana negara yang kononnya tidak demokrasi dan dihancurkan pula oleh Amerika, adakah selepas itu negara itu lebih demokrasi atau lebih hancur... Siapa yang akan tersenyum selepas itu... Siapa pula yang akan menderita selepas itu... Lihat sahaja Iraq, adakah tika dan saat ini rakyat Iraq lebih aman damai berbanding era Saddam Hussien... Marilah kita fikirkan dan renungkan bersama... Ketika ini di negara kita sebenarnya ada seorang manusia yang telah pun secara tidak langsung menjadi DUTA BESAR AMERIKA khusus untuk umat Islam. Siapa lagi kalau bukan ANWAR IBRAHIM. Lihat sahaja tindak tanduknya membawa demokrasi ala Amerika di Malaysia. Adakah ia lebih aman atau lebih huru-hara... Kita sendiri dapat melihatnya... Malah melalui YAYASAN UNTUK MASA DEPAN, Amerika mempercayai Anwar mampu menjalankan kerja bagi pihak mereka tanpa siapa pun tahu bahawa negara-negara Islam ini bakal dihancurkan secara senyap. Juga atas nama demokrasi... Yang sedihnya, kita masih lagi belum terjaga dari lena yang panjang ini... Bangunlah... Selagi mata kita masih mampu terjaga jangan sampai kita akhirnya menutup mata dalam keadaan bangsa dan agama kita terkubur pada makam tidak bernama...

Assalamualaikum Tun,

Negara kita tidak mempunyai pakar yang boleh meramal masa depan. Sejauh ini hanya Tun yang dilihat mampu meramal masa depan. Keupayaan Tun meramal menyebabkan negara kita menjadi maju di bawah pimpinan Tun.

Apa yang terjadi selepas era Tun, penggubal dasar suka melihat merubah dasar mereka. Mereka tidak mahu berpegang teguh kepada apa yang telah mereka rencanakan. Mengapa? Kerana mereka tidak mempunyai kemahiran meramal masa depan.

Nama lagi ramalan. Ramalan Nostradamus pun banyak yang tersasar. Tetapi keupayaan meramal menyebabkan kita membuat persediaan. Kita akan memegang tanggungjawab dan cuba sedaya upaya untuk mencapai apa yang dirancangan. Jika berdepan masalah, kita perlu berfikir cara untuk mengatasi masalah, bukannya terus menutup perancangan tersebut. Tahniah Tun kerana banyak melaksanakan program masa depan negara. Sesungguhnya penarikbalikan PPSMI dari sekolah merupakan satu kerugian besar kerana masyarakat tidak sabar berdepan dengan kegagalan.

Berbeza dengan kemahiran meramal tingkahlaku manusia, amat sukar sekali Tun. Tidak ada satu penanda aras bagaimana untuk meramal tingkahlaku manusia. Manusia boleh berubah pada setiap saat. Yang nyata, kita hanya berserah pada takdir. teringat petikan pramoedya anantatoer dalam keluarga gerilya " seorang yang jahat itu sebenarnya bukanlah sememangnya jahat, tetapi

kerana dia mempunyai kekuatan. seorang yang baik itu sebenarnya bukanlah sememangnya baik, tetapi dia tidak mempunyai keberanian".

Semoga Tun sentiasa tenang dan Allah merahmati tanggungjawab yang telah Tun laksanakan kepada kami rakyat Malaysia.

ikhlas,

You did make mistake but may be due to wrong info and advise from people surrounding you. Yang amat dikasihi oleh segala makluk yang berakal, Tun Dr Mahatir

If not the greatest, you were one of the greatest leaders the world has seen. Unfortunately, the world acclaims it but your own people, not only disown but trample you. You have fed them and now they are biting your hands. Even a wild dog will not do this.

Personally, I have not witnessed any significant mistake you have made that would have caused the downfall of Malaysia. If any, it is just an honest one which you could easily rectify.

However, you have made two blunders during your life-time as the leader of Malaysia. Unknown to you, Anwar Ibrahim and Abdullah Badawi and some others, far and near, had been waiting for your retirement. Superficially, those two 'musuh dalam selimut' were gentlemen, admired by you and the Malaysian population, in general. You had the opportunity to make good your

oversight had you followed the examples set by some other great leaders who remained in power albeit on the background.

The shrewd schemes of Anwar Ibrahim and Abdullah Badawi that made them appear to be mistakes are actually legal corruption which is the norm in the world of politics of today.

Needless to say, the Malays are in general short-sighted, whereas you are the only exception. Historically, if all the Malays had your vision, very likely the Malay Archipelago is still around.

Your body, your mind and your soul, all belong to Malaysia and the same cannot be said for many of the others who are active in Malaysian politics, today.

Disaster has already come about, after your retirement, while total disaster is just waiting to happen, the moment you leave Malaysia or upon your demise. Like it or not, most likely this is the prayer of all the callous leaders which we now have to endure.

May Allah s.w.t. save and protect you and your family, as well as, your supporters, still attempting to make Malaysia and Malaysians, one of the proudest nations in this world? It is just unfortunate there are many Malaysians who are 'celik' but 'buta' with the false promises of our so-called great leaders of Malaysia.

Thank you.

Dear Sir,

Most Malaysian:

1. Like to make assumption based on very little fact.
2. Always think they're right.
3. Thinking 'if I'm that person (PM, DPM, CEO, whoever) I can do better'
4. Too emotional when making opinions.

So for your comments:

2. We see what we want to see. Everyone is like that. So do I. But I try my best to be factual.
4. I accept the blame for making wrong choices. But they were all so good before they were chosen.

I thank you for being honest. And honestly speaking, most of us doesn't have the gut nor the balls to do what you did in crisis situations during your tenure as PM.

Kebanyakan orang cakap sahaja pandai Tun.

Thank you.

Assalamualikum Tokdet,

Seronok baca ulasan Tokdet dan komen bloggers yang lain berkenaan Anwar Ibrahim. Ada kalangan peminat dan kunci-kunci Anwar pun terlibat sama dalam perbincangan ini. Rata-rata ramai lagi yang masih terpicik dengan pimpinan beliau. Ada yang bagi 'remarks' memdihkan kepada Tokdet mungkin sebab hati mereka ini sumer pedih bila kenyataan terhadap Anwar didedahkan. Bukan nak taksub dengan Tokdet sebab Tokdet pun manusia biasa juga ada buat silap tapi khususnya pada semuer bloggers kat luar sana kalau tak tau fakta jangan cakap bukan-bukan, nanti mengelirukan orang. Lagi satu, evaluate fakta anda dengan sah dan cuba bersikap 'factual' and be more 'academical' than emotional. Ada yang kelakar i.e. to mattblaccqk 'how do you know that malaikat maut punya air liuh tak meleleh tengok you' ha ha ha ...

Enough said than done, lets strive for clear understanding about the fact and dont be misjudged by the wrong fact. I have to admit Tokdet contribution to Malaysia is trully amazing. I don't have any personal issues with Anwar but lets faced it we are what we achieved and we should've achieved more. We need to blame ourselves also once in a while for not making this country among the best country the world could have.

Dear Tun Dr. Mahathir Mohamad yang sangat-sangat dihormati kerana jasa-jasa mu terhadap negara MALAYSIA sepertimana sedia ada nya sekarang...

1. History cannot be changed. What is to be "the future" can be planned.. But if plans are not followed, then you get disasters... That is why we need good leaders with good vision.. and one of them (arguably, the best Malaysia had) is you, Dr. MAHATHIR MOHAMAD, besides the respected Tun Abdul Razak...

2. History shows that the one after you was not even up to the mark being a Prime Minister !!

And it took them 5 years to realize it... He had spoiled all the development programmes that you have laid out. He made all sorts of blunders (worse than what Benitez did to Liverpool, he, he...). I know why you chose him instead of Najib at that time.., and I think it was the correct choice. Nobody expected that he turned out to be the worst Prime Minister, Malaysia had...and it's in the History books !!

3. The other one that you picked to joint UMNO and trained to succeed you was also seemed to be the correct choice at that particular moment. Like you've said.., pious and almost holy. Luckily for us Malaysian, god was on our side!! If not, Malaysia would have become another Somalia... (No offence to Somalian) It took you quiet some time to really, really believe us that that person is "such and such and such"... Well, typical of you, Dr. Mahathir. You are the type who makes decision after going through all the details, one by one.. And that is also why you are such a great Prime Minister.. The problem is: That person uses the public to get their sympathy. He is the most cunning person, the best actor in the world. I just don't understand why till today..., there are people (especially in Selangor, of all the states) still believe in him!!! There was RM3 million in cash with him when he was arrested that night in 1998. Are political figures suppose to keep such amount of money at home?? I don't think so...., unless you are planning to run.....

4. Tun, can we have the subject HISTORY taught in schools, to double up the subject SEJARAH now taught in schools. I don't think the 3 periods per week of Sejarah is enough for the students... Lets have 3 periods of Sejarah and 3 periods of History in schools beginning next year. I think this can be done by our Deputy PM, since PPSMI could be scraped off in a matter of seconds.....

Have a nice day, Tun...

Dear Tun,

It's always refreshing to read your comments.

You articulate your thoughts with conviction, and are mostly factual.

Yes you are a dictator, but a fine dictator that loves peace and harmony. Heck, we need a dictator to rule this country! It is a multi race, multi religion and a multi cultural country - you can't be too nice to everyone. Besides, you can't take everything to be democratic, otherwise nothing gets done and all of us come out with ideas and implementation that are boring, popular but acceptable!

A lot of people dislike you but many more love you. The world consists of many types of people and not all people are nice, so there are bound to be ones that oppose you. Those Malaysians that oppose you - most of them failed to see the bigger picture and less appreciative. They want more and more - some day when they lose what they have now then only they realise how fortunate they were.

This Anwar person is something else. Politically, you got to take him seriously because he is a threat to BN. Idea wise, you shouldn't take him seriously as his ideas and thoughts are junks.

With regards to history, I'm afraid non-Malays must accept the fact. They benefit too from the NEPs and such, probably benefited them more than the Malays. you can't deny the fact that they are wealthier, more successful than the Malays - so why should they complaint? There are comparatively lots of poor Malays around you know.. They are saying that because they don't go beyond towns and cities in this country (revolving around Penang and Ipoh I suppose). You got to look at Bumis in Sabah and Sarawak you see..

Some of the Malaysians felt that they want to live somewhere else like the States or Switzerland - but can they? Can they have equal rights there if they migrate today? It's not their choice for being born in Malaysia. I guess people have to accept things as it is, and work for their own achievements. If you're good, you're good! Some people say take out the 'tongkat' - you wouldn't say that if you yourself are hoping to receive just that! Just be independent and work for yourselves!

Thanks a lot for giving lots of Malaysians aspirations, strength and pride. You define patriotism in true sense and have done a lot of good to this country.

Well - choice of people may be your weaknesses but it's unfair to judge your deeds by just that. Have to see the bigger picture.

By best4rakyat  on November 20, 2009 9:11 AM

As'kum Tun,

Tak apa lah....segala dah jadi sejarah kelmarin. Yang penting pendapat masa akan datang or besok Malaysia perlu seorang pemimpin yang betul-betul untuk semua rakyat dan tak "kotor" biar apapun saja.

Harap Tun sihat dan sentiasa bahagia pada Hari Raya Haji tahun 2009.

Sekian sahaja.

By ezani  on November 20, 2009 9:11 AM

Salam Tun

First of all, I would not like Anwar to be my Finance Minister. I believe to be a Finance Minister, one must be OUTSTANDING in the field of Economics or Accounting or Finance. The Prime Minister should be wise enough to study an individual's background and choose accordingly. For example, the choice of Bank Negara top leaders in Professor Dr Lin and Zetty are wise choices. If one wants a strong govt, one must choose the makeup of the Govt/cabinet wisely.

Secondly, I do not think you are a dictator and I "know" you and your family "quite well". Sometimes it is good to have your sons helping you out in running the country as long as all have hati yang ikhlas for the betterment of Malaysia. After seeing your track record and your character, and I was in same school as Mukhriz at MRSM Pengkalan Chepa, I do not believe you and your sons have corrupted the nation but in fact, have done good for the nation. In Prophet PBUH also we can see that he did not face the struggles of implementing Islam alone. Allah Subhanahuwa Ta'ala had given him 4 strong friends and many sahabats!

However, I have to agree that you keep on choosing the wrong people. At leadership level, we cannot afford to make mistake to choose the wrong people, otherwise there will be big catastrophe. Take time to choose wisely. The qualities to go for are : Qualification, Experience and Good Islamic Akhlak.

Take care for now. God Bless.

Salam kasih dan salam hormat Ayahanda Tun.

Not a good cheerful tone as usual from our beloved Tun; we have all and many come to fondly call Ayahanda here.

The one thing about blogging Tun is that never take anything or anyone seriously. They could be anyone or no-one, but what ever it is they are largely unaccountable and unreliable at best. Do not rely on them, as for me; I leave my tracks here for Tun's verdict (cant be kicking my own self here now can I?).

Konsortium Perkapalan sold the ships to Petronas in a sure fire-sale. To make things uncomplicated; they were all low miles with new paints and set of good imported tyres. Then Petronas sold them off in the open market for profits. Your son was lucky to keep his pants seriously. Any tire kickers would have asked for a bail out. But it was not a bail out. Those who know would stand with you and those who don't would keep firing blanks for fireworks effects. It's a circus from where they come from, thus attractions has to be at par with the zoo's, for they must earn feeding time.

What is really bugging me is two things: my new laptop needs a new mother board and also the fact that Anwar is now moving in to dissect UMNO via, Tengku Razaleigh, using Petronas, sling-shooting around Oil revenue royalties' issues and a topping of Anwar offering Tengku Razaleigh as chief to a carcass of something. Both issues are no good and sound like someone is pulling the rug from under many, while on at least one of the above the rug is gone and someone is starring the ceiling I can confirm here. MCA is still roasting on the slow fire like Kenny Rogers wood roasted chickens, and now its UMNO time at the broilers. We hope and we pray like Mc Hammer for Najib to be as smart and as clever as he walks and talks in good BBC. Anwar is going for quick PRU here Najib Boss Man!

Ayahanda Tun, don't take anyone here seriously; me included and Najib too. We could be writing from anywhere: office, kitchen, free WiFi spots, mental asylum with good WiFi connections, even on a borrowed laptop that is long overdue past return date...from many point Tun.

Best thing is, you write and we read.

Furthermore Ayahanda Tun, a dictator in these days and age, would never – I say NEVER – put a comment room in his blog for inputs from just any Tom, Dick and Ahmad or just about any common mongrels. That's what any good dictators would do nowadays. A good dictator would know that by natural cosmic/karma order.

“If I Had My Life To Live Over: I'd dare to make more mistakes next time. I'd relax, I would limber up. I would be sillier than I have been this trip. I would take fewer things seriously. I would take more chances. I would climb more mountains and swim more” – Web Anonymous. (Moral is: Get extended warranty on mother board).

Salam hormat buat Tun.

Pengakuan Tun tentang kelemahan memilih orang bukanlah suatu yang terpencil. Semua manusia pun sama tapi kadang kala bukan silap orang yang memilih tapi apa yang terjadi ialah orang yang sudah dipilih atau lantik itu boleh berubah disebabkan suasana yang baru.

Orang alim, warak Dan berilmu boleh berubah sikap bila dapat kuasa atau peroleh kemewahan secara luar biasa. Itulah yang terjadi dengan 2 orang penting yang pernah Tun naikkan taraf mereka. Banyak manusia dianugerahkan sikap macam 2 orang ini agar kita boleh jadikan contoh dan pengajaran.

Cuma saya berharap benar agar MACC yang dikatakan independent ini dapat berbuat sesuatu tentang perkara 7 yang Tun bangkitkan. Seperti KJ bangkit mengenai kes saham Azmin Ali rasanya wajar MACC

bertindak tanpa berpilih biar nampak betul2 independent. Semua kes membabitkan X PM lah n KJ dalam ECM Libra, Agusta dll kena di siasat dan ambil tindakan. Janganlah jika melibat opposition baru MACC sibuk tapi senyap buat2 bodoh bila kena orang kuat UMNO atau mantan seorang PM.

Ayahanda Tun,

//6. The other one was known as Mr. Clean. Well he and his family certainly did a lot of cleaning.//

Yes, Mr Clean and his family did a lot of cleaning.... what is wrong then if ANwar did his cleaning in Pakatan Rakyat.. today?? Liberty and Justice by twisting and taking over media ownerships through parties ??

By the end of the day, MyConstitution will tell us which party to vote !!!! It will be our turn to pick Malaysia's Mr Clean for Malaysia

//12. Selling a business at below cost is not a bailout. It is called a fire-sale. That was what my son had to do. Petronas subsequently sold 3/4 of the fleet for more than what it paid for the whole fleet when the market was good.//

This happened to my family's business and assets. But Tun put it as "Fire Sale" but I put it as "Robbing in the day light wearing Mr Clean's Mask" by manipulating and controlling the KLCI index, constitution, liberty and justice ..

Dictator mana boleh Resign, it's an on-going strugglings Ubat IMF tanpa IMF, that is not ubat, it's poison to the average Malaysians through back stabbing not knowing our constitution It's no more of the "back-door KLCI share index of Mr Clean ..
