

ISRAELI NUCLEAR BOMB

By Dr. Mahathir Mohamad on August 12, 2010 2:21 PM

1. Israel has consistently refused to sign the Nuclear Non-Proliferation Treaty. When accused of having nuclear weapons Israel refused to either admit or deny the fact.
2. The international edition of the Guardian (British paper) of 24th May 2010 under the headline, "Revealed : How Israel offered to sell South Africa the bomb" reported that secret document made available to an American researcher Sasha Polakow Suransky, revealed that "in 1975, South Africa's Defence Minister, P.W. Botha asked for the warheads and Shimon Peres, then Defence Minister, now its President responded by offering them "in three sizes."
3. This document proves that Israel has nuclear weapons. Israel claims that "if" it has nuclear weapon, it is a "responsible" power that would not misuse them, whereas countries such as Iran cannot be "trusted".
4. One wonders about Israeli claim to be a responsible power when the whole world knows that Israel very often attack Palestinian villages such as Jenin and the Gaza strip during which bombs, rockets and missiles are used and bulldozers destroy houses while the occupants are still in it. Israel also builds settlements on Palestinian land, completely ignoring the resolutions of the United Nations. It had also built a wall through Palestinian villages, roads through Palestinian land which the Palestinians are not allowed to use, mount road-blocks in Palestinian territory. Are these the acts of a "responsible power" which can be trusted not to misuse nuclear weapons.
5. And lately the attack against the Mavi Marmara and the brutal killing of nine Turkish aid workers in international waters illustrate the kind of that cannot be associated with responsibility for a nation.

Yes, I agree with Kulupali . How about Conspiracy of Sept.11, stampede tragedy on the World Trade Centre – New York.?

Apart from that, without realizing it, America has used by the Israel as a stepping stone(as a proxy) in order to achieve their mission objectives, and it will could possible at one day, Israel will dominate the world for all people to embrace Judaism.tq.

Dear Tun and all,

My apologies for one of my previous postings, in which:

Firstly,

>.. one can see that this is the follower of Christ.

should have been

"..one can see that this person has one of the characteristics of being a follower of Christ."

Secondly,

I fully retract those sentences related to Book, as I am not supposed to rephrase at all, which could have been prone to typo errors, and distortions in meaning.

The so called Arab leaders are a BIG joke. They do not represent their people when they fear more of a nuclear Iran than a nuclearized Israel. I also agree wholeheartedly with some of the comments that said Israel lies endlessly through its world controlled media and yet we are ask to trust it on it's nuclear weapon? USA, Israel's protector cum soldier and slave, had done great injustice to the Palestinian people. Change, sadly, can only be effected if the Americans start knowing the truth. We must, through the use of digital media, enlighten them.

I also fear for Pakistan, for it now represents the only Muslim country with the Bomb and USA will not have that. Expect 2 false flag incidents that will embroil both Iran and Pakistan.

German(Hitler) amat benci kepada orang Yahudi kerana mereka Ibarat pokok PARASITE(dedalu) yang tidak boleh dipercayai, cuba MENDOMINASI tempat apabila telah lama bertapak, berhati jahat dan pembelot. Sebab itu mereka membunuh orang Yahudi.

***Tanggapan orang German itu ada kebenarannya. Jika kita lihat Amerika hari ini telah dikuasai oleh orang Yahudi dalam banyak perkara. Daripada membuat keputusan di Dewan Senat tentang dasar luar U.S hinggalah kepada penguasaan ekonomi Negara tersebut.
KENAPA ISRAEL ANGKUH.....

Kita harus bertanya; Kenapakah Israel sebuah Negara kecil di kelilingi negara Arab menjadi berani & tidak takut kepada negara Arab yang lebih besar dan bilangannya?. Jawabannya ialah kerana negara Israel telah bersiap sedia membina kekuatan negaranya(demi untuk survival) dari segi ketenteraan, penguasaan teknologinya, mendominasi Negara besar seperti US(menjadi Proxi kepadanya dan menguasai ekonomi dunia.

Selain pendedahan The Guardian itu, Israel mempunyai LOGI NUKLEAR sendiri dan zon kebal serangan Nuklear untuk kegunaan ketenteraan di sebuah tempat terpencil bernama DIMONA di tengah gurun NEGEV dan dikatakan mempunyai lebih 200 peledak nuklear buatannya dalam simpanan.(google search – Dimona nuclear plant).

***Tetapi semua ini dinafikan dengan kerasnya oleh Israel. Malahan tidak ada Negara kuasa besar yang membuka mata untuk menyiasat. Yang anehnya Agensi Tenaga Atom Antarabangsa pun mendiamkan diri tanpa ada syak wasangka kerana tidak mendapat lampu hijau kuasa besar dominan.

***Selain backing kuasa besar, Israel juga mampu dan berupaya membuat sendiri peralatan ketenteraannya, dari sekecil peralatan hinggalah sebesar peralatan seperti KERETA KEBAL(Jenis Merkava Mk3 yang sedang diguna menyerang Gaza dan Jenin), Jet Pejuang KFIR(model asal - Mirage Perancis), sistem UAV(kini diguna oleh Amerika di Afghanistan sebagai ujian/ percubaan), PELURU BERPANDU peledak NUKLEAR besaiz kecil bagi memusnahkan BUNKER dan trowong bawah tanah yang dibuat dari KONKRIT tebal(telah diguna dalam perang Iraq, Afghanistan dan memusnahkan terowong kegunaan Palestin di Gaza) hingga lah kepada kepala PELEDAK NUKLEAR Ballistic. Tetapi dinafikan oleh Israel.(googles search – Israel military Industries).

***Amerika melindungi Israel kerana mereka saling bekerjasama dalam penyelidikan bidang ketenteraan, risikan dan dana. Dua Negara ini bertukar-tukar maklumat hasil penemuan penyelidikan dan teknologi). Contoh selain diatas ialah; Uzi Submachine gun, system pengintip dan penyerang tanpa pemandu UAV, bom berangkain, microchip ketenteraan, Peledak Nuklear bersaiz kecil yang boleh menghancurkan besi dan konkrit tebal untuk memusnahkan Bunker dan Terowong(telah diuji ketika serangan Iraq, Gaza dan Afghanistan yang memusnahkan gua tempat sembunyi Taliban dan Osama Laden dan banyak lagi kerjasama yang mereka sedang lakukan.(googles search – Israel weapons industries).

Negara Islam juga harus berfikiran positif melakukan perkara yang sama(secara bersungguh-sungguh)dalam membina kekuatan sendiri seperti yang sedang diusahakan IRAN yang cuba bersungguh-sungguh tetapi disekat Barat kerana desakan kuat Isreal. Yang anehnya disokong Negara Islam pula; termasuk Malaysia sendiri.

***Negara Islam harus mepelajari dan menguasai teknologi nuklear. Ilmu Allah ini sepatutnya dibongkar orang Islam, tetapi malangnya dilakukan oleh orang Barat dan Yahudi.

Nuklear bukan tujuan untuk berperang dan membuli Negara lain dengan menggunakan kuasa tersebut tetapi hanya sebagai TONGGAK PENGHORMATAN sama seperti stok Jongkong Emas sesebuah negara yang diiktiraf Bank Dunia sebagai SANDARAN KEKUATAN nilai matawang bagi sesebuah Negara

***Sebab itu beberapa Negara Barat dan Asia seperti Israel, Korea Utara, China, Iran, India, Pakistan dan lain-lainnya(walaupun sentiasa tegang tapi masing-masing mengawal keadaan) berusaha memajukan kuasa nuklear untuk LAMBANG KEKUATAN ketenteraan mereka, selain bagi kegunaan tujuan keamanan(sepeti tenaga elektrik, kuasa jet dan roket, peledak terkawal bagi memecah batu bagi membina terusan dan berbagai peralatan yang menggunakan bahan Plutonium dan radio aktif.(googles

search – Plutonium).

***Demikianlah hebatnya rahsia ATOM ciptaan Allah(yang rahsianya telah dibongkar oleh orang Yahudi dan Barat), dapat menghasilkan tenaga nuklear yang mempunyai banyak kegunaanya kepada manusia. Tenaga itu lah yang membuatkan matahari terus terbakar dan sentiasa bersinar bagi menerangi alam semesta yang luas ini.

The rogue state Israel is using nuclear arsenal as a deterrent and to intimidate Middle East countries. It wouldn't nuke its neighbours because the radiation fallout from the nuclear explosion will destroy Israel also. Only as a last desperate measure Israel may use it to oblivion.

The atomic bomb dropped on Nagasaki on August 9, 1945 weighed about 10,000lbs and contained 15 lbs of Plutonium-239. The energy released was equivalent to 20,000 tons (20KT), of TNT, which corresponds to 1.3KT/lb of Pu-239. It wiped out 40% of the city and killed about 35,000 people.

The destructive effects of such bomb size include:

1. Ground burst crater
Diameter 600ft
Depth 40ft

2. Blast destruction of buildings, radius (miles)
Brick-ground burst 0.9
Brick-air burst 1.2
Wood-ground burst 1.5
Wood-air burst 2.0

3. Fire, radius (miles)
Destroys everything combustible 0.7
People received 2nd degree burns 2.1

4. Initial gamma radiation of 500R, radius (miles) 0.8

After more than 60 years, the US attended the annual remembrance day at Hiroshima recently.

- 1)pemanasan global(paras air laut naik)
- 2)tolak ansur tanpa kajian dari malaysia(kasi segala2nya kt org)
- 3)negara kita lemah(jet singapura selamba je masuk ruang udara kita& aset pertahanan kita banyak yang hanya replika untuk pameran)
- 4)politik bercelaru(org melayu je yang duk bergaduh)

5)ekonomi lemah(KDNK negara sekangkang kera pun lagi tinggi& xde alasan untuk nafi perkara ni kecuali kelalaian je)
6)urus tadbir lemah(rasuah)
7)cakap xserupa bikin(1malaysia rakyat didahulukan masa pilihanraya je)rakyat xkan undi anda,kerajaan akan lemah,lemas&lumpuh.(flip-flop)semua kerja xjadi.

saya bukan ahli pembangkang malah saya adalah ahli umno,tp kenapa ayat saya mcm pembangkang,kembalilah pada asas2 islam,amanah,jujur,ikhlas&takwa jika anda islam wahai pemimpinku,hidup di dunia ini hanya sementara,marilah kita sama2 renungkan.

Dear Dr. Tun. I know that the two idiots gunse007 and ray2467 are stupid and know knowthing about the Middle East and the Palestinian issue. They have probably listened to that Serbian fascist villian named Dr. Serge Trifkovic. This man is truly evil. He condemned the Hague Tribunals and his books "Sword of the Prophet" (2002) adn "Defeating Jihad" (2006) are both works of propaganda. He is a proven liar and he is very anti-Islamic and pro-Israeli. I hope he is arrested and put in jail forever. We all know that Israel is a lunatic and a rogue state. This was said so by the great professor Norman Finkelstein. He knows what is best. Dr. Serge Trifkovic is a liar. Just watch this youtube video on Russia Today http://www.youtube.com/watch?v=eB_CKL5h2_8 and you will find out. Also just read Eric Margolis' wonderful columns on Israel. His books are much better than that evil Serbian pig. Just read his book "American Raj" (2008). He also praised you too. I hope you succeed against both the evil Benjamin Netanyahu and Avigdor Lieberman. Israel is a lunatic state and its suporters are lunatics. God Bless you Dr. Mahathir!!!!!!!

Tun,

Per 1. Pakistan is also non-signatory nation. Is Pakistan more deserving of nuclear weapons than Israel? Is Pakistan more stable than Israel? So, nukes in the hands of Muslims are safer and would be put to better use?

I would like to draw your attention to the Kurds who are surrounded by Turkey, Iran and Iraq. Are they not slowly being exterminated.

Why does Israel have nukes? Should they be willing victims like the Kurds? I'm sure islamists would savour that. Tun, its all about numbers 7.5 million versus 1 billion. If you want a fair fight then maybe Israel should give some nukes to the Kurds. God knows they've been forgotten and continue to be slaughtered. If they had some nukes. I'm sure the Kurds would have their own country by now and their neighbours would be begrudgingly respectful towards them. That seems to be the only way to prevent oneself from systematic extermination from Islamists.

Per 5. Your social justice fervour for the Turkish peoples are commendable. While we are on that subject. In addition to the Kurds. Maybe you can help the Orthodox Christians in Constantinople (Istanbul). You see they were there hundreds of years before Muslims. Lately, it seems that systematic persecution is another social genocide the Turkish are committing. They have closed Churches, Seminaries and Schools. The Orthodox Church is dying thanks to extremist islamist who spew their hatred.

Tun, don't you think you're being a 'fair weather' moralist. Shouldn't justice be for all peoples? Dare I say, even for the Israelis? If the Israelis were truly inhuman they would have done to the Palestinians what Hitler, Saddam, Pol Pot, Mao, Stalin etc did. Palestinian demographics have actually grown in the last decade. Tun, your polemical arguments come up far too short when you compare apples to apples. Sadly, I believe the Kurdish nation will be gone soon. Islamists seem to be good at that. Lament the loss of the Armenians.

Dear Tun,

Peace be with you.

To fadzeerin:

From what I know, it is not for one to say whether he or she is a Christian or not.

A person who claims to be Christian, or have been baptized, may not be a Christian after all. Depends on what they did in their lives. For Jesus clearly said that he would not open the door of Heaven to those who claimed to know him, but did bad things.

Jesus was not a Christian, contrary to what you mentioned.. because Christian by definition is "follower of Christ".

If that meaning is strictly followed, did Christ ask them to launch the crusades? Surely not! So, they did not follow what Christ taught them. Strictly speaking, are they Christians then?

Why, then, did those people behave in such a way. It was because at that time, the printing technology has not been widely available in Europe yet. Only a handful of rich people, royalties had access to the Christian's bible. So, it was easy for some to spread false teachings and turned those medieval knights' attentions from fighting each other into sharing a common aim of attacking their "enemies" in the Holy Land.

But, from what I know, in the Christian bible, it is clearly mentioned that they should love their enemy! Christ, for instance, never hurt anyone. So, if those were called Christians, then, by definition it should not be so, because they did not follow Christ's teachings.

If someone turns their left cheek when his right cheek is hit by his enemy, and then forgives his enemy, then, one can see that this is the follower of Christ.

According to what Jesus says, Christians do even have to go to Jerusalem to pray! They can just pray anywhere as they wish. Why then, the crusaders wanted to reconquer Jerusalem for the pilgrims? It is more a political agenda rather than what a "Christian" should do. Human, anyway, is easily influenced by evil. If we want to gauge the Christian faith, just look at Jesus and not the so-called "Christians".

"I am going to kill you Malaysians! I swear I will. Six years! I am going to bomb all the embassies!" Elie shouted as his lawyer S. Selvam tried to calm him down.

Yup, we should all take note of the Arab's graciousness. Arab 1 - 0 Malaysia. Its probably the right time the government take this douchebag's word seriously. After all, the Arabs are totally notorious for exploding themselves into a million pieces along with heaps of innocent civilian of their own kind just to kill a couple of white dudes. Sad...

In the old ages, civilizations believe in multiple Gods. This single God entity believe started with the Jews and spread to the Christians and then the Moslems. The sad reality is that this the same God that all these three religions subscribe to. The Jews believe that they are the chosen people of God. The Christians believe that the only way to God is through Jesus and the Moslems believe that Mohammed is the last great messenger of the true God. It is like all 3 are chasing each other's tails and going round and round with who is right or wrong.

What if there is no single God? What about the civilizations before the belief in a single God? Are they all doomed to hell because of their non belief in the true God? Is a person going to hell if he or she does not accept Jesus as their savior even if he is a good person who commits no sin? Is Mohammed the last and greatest messenger of God or are there more after him? Does a person who does not follow Islam automatically condemned to hell? Does God even exist or are we being fooled by religion as a mind control tool? Is there any scientific proof that there is a God? Was there any sign of "it"? There are even some that believe that the God is a space alien.

As for me I subscribe to live and let live for the moment. Life is too short to worry about what Israel has or do or what the Palestinians are going through. If there is a God, he would love those who take care of themselves instead of bothering "it" with requests and wishes every single day and doing the exact opposite of what he would like one to do anyway. Israel is praying to the same God to protect their soldiers when they go to war with the Palestinian Hamas and Hamas is praying to the same God to protect them when they go to war with the Israelis. What is wrong with this picture?????

I think I know why you love the Jews so much. Because the Jews were responsible in getting Jesus crucified right? So you are eternally grateful to them because with this crucifixion the Christians had received redemption for their original sins.

As an appreciation you support them to destroy the Palestinians people who believe in the miraculous birth of Jesus and believe that Jesus was taken up to heaven and are also awaiting his second coming. The Jews do not believe in all these 'nonsense'.

You are more like a confused crusader to me.

It is no denying that the rogue state has the nuclear bombs. If it was ready to export them to South Africa in 1975 then surely they have them at a much earlier date. Israel was treating such bombs simply as a commercial item without due concern for world safety. This adds to the macabre of nuclear proliferation which is what the Nuclear Non-Proliferation Treaty trying to control.

Their scientists and compatriots (in the US and elsewhere) have full command of the nuclear technology. Einstein, a German Jew in 1905 came up with the theory of relativity, interconversion of matter and energy, $E=mc^2$. Since then, physicists in Europe were experimenting to release the 'frozen energy' indicated in the formula. Einstein fled to the US in 1934.

In 1932, Chadwick, a British physicist discovered neutron, a new atomic particle with no electric charge. In 1937, Fermi, an Italian physicist using neutrons experimented bombarding Uranium-235 with neutrons but it was 2 years later that Lise Meitner, an Austro-Jewish refugee from Hitler and Otto Frisch provided the correct explanation of the outcome.

The U-235 nucleus, absorbing the neutron, splitted into two fragments ie. fissioned. In the course such event, more neutrons are emitted. Another refugee from the Nazis, Hungarian physicist suggested that a chain of such reactions can be sustained.

By the summer of 1939, German physicist Werner Heisenberg commented there were 12 people who knew how an atomic bomb would be assembled. By 1941, the race for an atomic bomb was going neck-to-neck between the US and Germany. By 1945, by all accounts Germany had lost the race mainly because many of its nuclear physicists had fled to former.

On July 16, 1945, the first atomic bomb, code-named Trinity, was exploded at Alamogordo, New Mexico. The Manhattan Project, headed by Robert Oppenheimer took 3 years to make it happen. He was stunned by the sheer magnitude of the blast and 'I am become death, shatterer of worlds', a passage from a Hindu scripture came across his mind.

By difefuAuthor Profile Page on August 14, 2010 2:02 PM

Dear Tun,

According to helmykl, they took over Palestinian's land in 1948.

From a third-party point of view, first, they took over that land as commanded by God according to their old testament, due to its original occupants' corrupt practices which were immoral and angered God (like idol worshipping, immoral sexual practices etc.), so God promised that land to the forefathers of the Jewish people.

Many years after that, they lost their homeland to the Babylon, and later, to the Romans. The reasons given by some historians include their disobedience to God's commands which include worshipping other gods of their local spouses.

Now, they are given the might by God again to return to their homeland.

Even though they had the nuke, they didn't use it to occupy the whole world. Only that small piece of land with defined boundaries according to their old testament.

Now that if we believe the nuclear power is the water-shed in human history (not everybody has that wisdom given by God), why do we still want to keep that vicious circle alive? Can't we just accept the fact

that this is a sign that "God is giving them back the land as promised"?

To emphasize again, they are kind enough not to have used the new-found knowledge to occupy the whole world in 1945. Can we expect the same if the nuke knowledge was given to the other party in the opposite camp, instead? Surely the world would be in chaos if the latter happened. Like that in Star Wars.

If the people in the world really cares about the Palestinians' hardship, and not just politically or religiously motivated, why not just offer them a piece of land through the UN? Or even accept the Palestinian people as our own citizens?

The world is so big, why are we so narrow minded?

Just leave the Jewish people alone and let them live in the land promised to them by God, and admister to God in their own way.

So many obvious signs, such as the exodus from Egypt, the nuke power, the talented people they have, their settlement in the new world (America) etc., given to us, but still we want to challenge God's promise to them, for what? E.g. Why God didn't want to let the Chinese nor the Indon discover Australia first, even though they are nearer to that new land. There must be a reason.

I also happened to learn that the Jews' and Arabs' ancestors, while they were still two babies in a womb, they were already fighting each other.

So, two nations exist. The "Arab nation", as we know today, spans from Africa to Asia. Why, then, the so called "Arab nation" cannot just leave Israel alone, and absorb the Palestinians as their own citizens? The sizes of the two "nations" are disproportionately different. One is so small and another is so big. Why then, be so greedy?

The only reason I can find is that, the Jerusalem / Baitul Maqdis is claimed by both party. So, does that mean that there is no solution to this?

I am optimistic that there is actually a solution, according to (kpio 5:22) (this message need deciphering). But, are we listening? Only those people whose heart are not hardened listen. Those people who live in relative peace and harmony.

Tun, like many out there, we are hoping Tun could bring back the might of the OIC like what when you are at the helm and with many times Malaysia was chosen as the host to meet with OIC members.

OIC should have its own allies. It should have its own police to government their members' states and countries. The Arabs are rich enough. They could sponsor OIC countries with tools and infrastructures required to bring the Muslim world out of suppression from jihadist pretenders, and self-gain leftist Muslim who only lived to hold guns and too lazy to work for an economic living.

Israel is a pariah terror state, ruled by zionist nutters who have no problem using "scorched earth" policies to murder and annihilate whole villages and communities of innocent men, women and children in the occupied Palestinian territories.

It is not a hidden fact that Israel continues to function with such impunity due to the political, financial and military backing from its slaves in Washington and EU. Israel would not survive a single day without such support nor would it be emboldened to continue its genocide against Palestine without such support.

Israel has nuclear weapons and this is why the zionist terrorists in Tel Aviv remain the single greatest

threat to global peace and security. The UN and the international community (which has not been blackmailed by Israel/America) must act to hold Tel Aviv responsible for its crimes against humanity for the last 6 decades; and to ensure the zionist terrorists sign the NPT and other policies that safeguard nuclear material from misuse.

For your info,Jews believed in Judaism and not Christianity.

Jesus is a Christian.

During the many medieval Christian Crusades to free Jerusalem,many Jews suffered colleteral death along the way.

Assalamualaikum Tun.

Manusia yang mempunyai problem berat akan berusaha melepaskan diri dari ikatan perjanjian.

Sebab tu ada jugak manusia menganut atheis (tiada tuhan). Dengan harapan tanpa ikatan, hidup lebih ceria dan bebas.

Tapi manusia lupa yang apabila problem berat tak dapat dikawal sendiri, manusia lebih cenderung untuk membunuh diri.

Hubungan ikatan adanya Tuhan dalam hati manusia hanyalah ibarat sehelai benang yang amat halus.

Hidup tanpa ikatan dengan anggapan diri boleh mengawal diri sendiri- dianggap 'responsible power' adalah tidak betul sama sekali.

Kerana tanpa ikatan, manusia sentiasa hanyut. Sebagaimana hanyutnya Israel yang sentiasa beroleh 'kemenangan'.

Terima kasih Tun.

Dear Tun,

Billions of people in the world share your views about the terrorist state Israel. Israel was formed by terrorism where they took Palestinian lands by criminal force. Criminals cannot definitely be regarded as responsible. Israel not only took Palestinian lands but continue to brutally attack the Palestinians as if the Palestinians are the aggressors. Israel is an arrogant terrorist state. There is a GOD and believers know that the Almighty will punish the evil Israelis in this world and in the hereafter.

Dear Tun,

Nothing that we Malaysians and the world say about Israel seems to change anything. Between US and Israel, the world can be shaped anyway they want. US is completely under Israel's spiritual control. What does the al-Quran have to say about Israel? Check Surah al-Baqarah, verse 122; some translations are given below:

O Children of Israel! call to mind the special favour which I bestowed upon you, and that I preferred you to all others (for My Message).

O Children of Israel! Remember My favour wherewith I favoured you and how I preferred you to (all) creatures.

Hai Bani Israil, ingatlah akan ni'mat-Ku yang telah Ku-anugerahkan kepadamu dan Aku telah melebihkan kamu atas segala umat.

Wahai Bani Israil, kenanglah akan limpah kurnia nikmatKu yang telah Kuberikan kepada kamu dan Aku telah melebihkan (datuk nenek) kamu (yang taat dahulu) atas umat-umat yang lain (yang ada pada zamannya).

Note that except for the Malay translation (the last one) no conditions or limitations are mentioned in regardf to the 'special favour ' given by Allah to Bani Israel. How did the Malay version come to have those conditions, no one can tell. The 'special favour' or 'preferred' status seems to be absolute.

If Allah wills it that way, what can the world say. We can continue to curse and condemn the injustices done and brutalities committed. Nothing will change unless Allah wills it in response to the prayers of all Muslims. But the Muslims are the most divided people on earth. Many have become the servants of US and the west.

Dear cfwong,

If you watch CNN news on middleast conflicts, you will see for real how palestinian homes, plants and orchards were bulldozed, electricity and water was cut, their basic necessities were denied, they were also seen to live as in the stone age era. This was done by israeli govt. using the mighty israeli forces on the helpless people. the attack by palestinean as you said was in retaliation to the israeli brutality. Many jews are good people of the book, but zionism make some of them the hatestock. Wong, please put yourself in the palestinean shoes, what will you feel?. Reading to your comment, Im sure you are a racist malaysian chinese who doesnt like malaysia and malays. you are dreaming of becoming a singaporean and be part of chinese diaspora. the reason you are so adorable to israel is simple. Singapore has diplomatic tie with israel.

Salam TUN,

For the past 2-3 years, i have attended WUPID debates events, i really like to watch debates especially on world peace issue. I'm thinking that maybe PGPO interested to work with WUPID to organized the event on yearly basis. Its in a way can promote PGPO efforts to criminalize war. Details on WUPID are as in the url:

<http://wupidmania.wordpress.com/about-wupid/wupid/>

Example of past WUPID motions are such as:

THBT There should be a limit on the number of terms that elected officials may serve

THW support al-jazeera's right to air their propaganda.

THW abolish vernacular school in Malaysia.

THW suspend protest in new democracy

THBT western nation should withdraw all military support from Pakistan.

I think WUPID events should be aired on television too (TV3?). Even, a spelling competition like Spell-it-right (SIR) got aired on national TV with Adibah Noor as their host, then why not debates activities? i think its very beneficial to expose young Malaysian on World issues through debates && not just Spelling activities...

Lets Speak Up && Be Counted!!!

Thank you TUN,

Salam sejahtera Tun;

KENAPAKAH ISRAEL ANGKUH...??

Kita harus bertanya; Kenapakah Israel sebuah Negara kecil di kelilingi negara Arab menjadi berani & tidak takut kepada negara Arab yang lebih besar dan bilangannya?.

Jawapannya ialah kerana negara Israel telah bersiap sedia membina kekuatan negaranya(demi untuk survival) dari segi ketenteraan, penguasaan teknologinya, mendominasi Negara besar seperti US dan menguasai ekonomi dunia.

Selain pendedahan The Guardian itu, Israel mempunyai LOGI NUKLEAR sendiri dan zon kebal serangan Nuklear untuk kegunaan ketenteraan di sebuah tempat terpencil bernama DIMONA di tengah gurun NEGEV dan dikatakan mempunyai lebih 200 peledak nuklear buatannya dalam simpanan(google search - Dimona nuclear plant).

***Tetapi semua ini dinafikan dengan kerasnya oleh Israel. Malahan tidak ada Negara kuasa besar yang membuka mata untuk menyiasat. Yang anehnya Agensi Tenaga Atom Antarabangsa pun mendingkan diri tanpa ada syak wasangka kerana tidak mendapat lampu hijau kuasa besar dominan.

***Selain backing kuasa besar, Israel juga mampu dan berupaya membuat sendiri peralatan ketenteraannya, dari sekecil peralatan hinggalah sebesar peralatan seperti KERETA KEBAL(Jenis MERKAVA Mk3 yang sedang diguna menyerang Gaza dan Jenin), JET PEJUANG(model asal - Mirage Perancis), sistem UAV(kini diguna oleh Amerika di Afghanistan sebagai ujian/ percubaan), PELURU BERPANDU peledak NUKLEAR besaiz kecil bagi memusnahkan BUNKER dan trowong bawah tanah yang dibuat dari KONKRIT tebal(telah diguna dalam perang Iraq, Afghanistan dan memusnahkan terowong kegunaan Palestin di Gaza) hingga lah kepada kepala PELEDAK NUKLEAR Ballistic. Tetapi dinafikan oleh Israel(google search - Israel weapon industries).

***Amerika melindungi Israel kerana mereka saling bekerjasama dalam penyelidikan bidang ketenteraan, risikan dan dana. Dua Negara ini bertukar-tukar maklumat hasil penemuan penyelidikan dan teknologi).

Contoh selain diatas ialah; Uzi Submachine gun, system pengintip dan penyerang tanpa pemandu UAV, bom berangkain, microchip ketenteraan, Peledak Nuklear bersaiz kecil yang boleh menghancurkan besi dan konkrit tebal untuk memusnahkan Bunker dan Terowong(telah diuji ketika serangan Iraq, Gaza dan Afghanistan yang memusnahkan gua tempat sembunyi Taliban dan Osama Laden dan banyak lagi kerjasama yang mereka sedang lakukan.

Negara Islam juga harus berfikir positif melakukan perkara yang sama(secara bersungguh-sungguh)dalam membina kekuatan sendiri seperti yang sedang diusahakan IRAN yang cuba bersungguh-sungguh tetapi disekat Barat kerana desakan kuat Isreal. Yang anehnya disokong Negara Islam pula; termasuk Malaysia sendiri.

***SEMASA KEJATUHAN EMPAYAR SOVIET UNION; banyak pakar-pakar Russia(dlm berbagai bidang teknologi ketenteraan, angkasa lepas dan nuklear); dari bekas tanah jajahannya tidak diperlukan lagi, tetapi TIDAK BANYAK NEGARA ISLAM ambil peluang ini menawarkan kepada mereka untuk diambil berkhidmat bagi menggunakan kepakaran mereka, kecuali/mungkin dilakukan oleh IRAN, Isreal dan Negara lain.

***Negara Islam harus mempelajari dan menguasai teknologi nuklear. Ilmu Allah ini sepatutnya dibongkar orang Islam, tetapi malangnya dilakukan oleh orang Barat dan Yahudi.

Nuklear bukan tujuan untuk berperang dan membuli Negara lain dengan menggunakan kuasa tersebut tetapi hanya sebagai TONGGAK PENGHORMATAN sama seperti stok Jongkong Emas sesebuah negara yang diiktiraf Bank Dunia sebagai SANDARAN KEKUATAN nilai matawang bagi sesebuah Negara.

***Sebab itu beberapa Negara Barat dan Asia seperti Israel, Korea Utara, China, Iran, India, Pakistan dan lain-lainnya(walaupun sentiasa tegang tapi masing-masing mengawal keadaan) berusaha memajukan kuasa nuklear untuk LAMBANG KEKUATAN ketenteraan mereka, selain bagi kegunaan tujuan keamanan(sepeti tenaga elektrik, kuasa jet dan roket, peledak terkawal bagi memecah batu bagi membina terusan dan berbagai peralatan yang menggunakan kuasa radio aktif.

***Demikianlah hebatnya rahsia ATOM ciptaan Allah(yang rahsianya telah dibongkar oleh orang Yahudi dan Barat), dapat menghasilkan tenaga nuklear yang mempunyai banyak kegunaannya kepada manusia. Tenaga itu lah yang membuatkan matahari terus terbakar dan sentiasa bersinar menerangi alam semesta ini. Tq Tun.

I am in full agreement with takaful. We the Islamic countries should increase our economic value by going into manufacturing and exporting like Germany today. Oil producing countries should refine their own oil before selling it in the market. We our-self should refine our so call high grade crude and sell it to the highest bidder and not wasting the income on non-productive projects. I would like to suggest since the real culprit behind Israel is the US. We should train young Palestinian (not to be suicide bomber) but expert in electronic, computer science and economics, so that they can plant "bombs" in US electronic and economic system similar to like Ma doff did with its get rich quick scheme. If the US economy is not so great like the once upon Great Britain. Then they will not be so arrogant. Sorry if its effect affect the innocent US citizen BUT take it as collateral damage.

Dear Tun,

It is quite irrelevant whether Israel has the n-bomb or not. India and Pakistan also has the bomb, both demonstrated this fantastic toy for the world to observe and both did not sign the Nuclear Non-Proliferation Treaty.

My point is that even if Israel has not the bomb, it can acquire one with ease. I am sure many countries would be willing to sell them a high tech bomb. So it really does not matter if they have it in their backyard or not.

What matters if people who have the bomb, lots of them, believe others should not have any. To me its either all countries should have such a bomb, as defense and deterrent, or all countries should not have it, making the world a safer place. Leaders in all nations are caught in this predicament. The human race is in danger.

Unless these world leaders act on behalf of all humans, instead of only soveriegn interests, this stupid race will never stop. They say the human race is the most intelligent species on this planet. I beg to differ, i don't see how it is so when we manufacture our own destructive powers. That is not very smart.

I am not against nuclear power for peace, but no one, no world leader, has been able to convince their own people, and perhaps even themselves, that it is against human interests to use destructive nuclear power.

And is one of these reasons mankind is doomed.

Dear Mr Mahathir

If the world would want to punish Israel, they would have done so. If the OIC would want to punish the Israel, they would have done so.

I dont see any OIC resolution to restrict its members trade with Israel? I dont see any OIC embargo on Israel. OIC is weak? Nahh, they hold too much of the world's oil to be weak. So what are they? Just another US puppet. OIC need alot of balls and less talking. Be a man!

So if you are so pissed at Israel, get OIC up and running. Start making OIC a big player if you really want to help the Palestinians. I would like to see a fair fight. Seeing the palestinians getting owned everyday is just pathetic and boring. More so is the constant hypocritical political jabbering from ex politician.

Tun,Sir ,

Here is the trillion dollar question.

Israel as a nuclear armed state is a forgone conclusion.I am certain Arab nations are well aware of that.

Why than did OIC & Islamic nations ,including Malaysia ,did not raise that as an issue with the G.Bush

Administration when Iraq was about to be invaded for the possession of WMD ?

Which begets the next question.

Given that Israel owns WMD...and that millions of innocent lives are lost in Iraq because of US & UK false alarm about Iraqi WMD...aren't the Coalition of the Willing referred to as the countries who supported, militarily or verbally and the military action in Iraq and subsequent military presence are equally guilty too?.....and that the OIC & Islamic countries as privy to the slaughter of innocent lives in Iraq by their silence?...in their gross silence about Israeli nuclear bomb ?...Since "Silence gives consent"-- so runs an ancient maxim of common law...

Pardon my expression but something stinks horrible here.

What about now, Sir !

Since US is poised to attack Iran anytime now for the very reason that Iran should not be a nuclear state...Why have not OIC & the confederation of Islamic Nations put Israel under scrutiny for the possession of WMD by raising that in UN or the United Nations Security Council ?

I am really bawled at the silence of Arab and other Islamic nations ,including Malaysia, by their silence over Israel's WMD....The silence is quite deafening

Dear warrior Tun Mahathir....Thumb up to Israel for having such a fantastic Master Plan, we Malaysia should follow the same (i.e. not their behavior only the plan). Formulate urgently master plan to have possession of nuclear war head (or other extreme technologies) by this meant we are gigantic government who dare to touch the world. The Jew at once time was astonished by Adolph Hitler but yet they emerged hardly and now the whole world look-up upon them. Even before eclipsed was nearly banished by Arab. This is mainly because of their great Master Plan, they know exactly their vision. We could be/do the same.

They are a great thinking and inventors. However, their proud a huge and that the reason why they are curse by Allah S.W.T. if you dont like the blog, then dont read it. It is Tun's personal opinion, it is his blog,he pays for it, so he writes what he wants.

i agree with pakbelalang, it is useless to blame obama, bush, blair etc of terrorism when the so called great arab leaders are puppets to these people.

Looking things in a different perspective - generally people say the jew controls the world's economy. Now how can i blame them? If they are smart enough to dominate the world economy, then others should learn and follow suit!

Ironically, the richest countries are the muslim countries. Blessed with natural resources, ie oil, gas, gold and etc etc. Unfortunately, the muslim countries decide to "save brain power" and let corporation from the west to "manage" their wealth and resources. See how small country like Singapore manage to buy various international corporation via Brunei's funds? Easy peazy!

Ironically - I have nothing against sending aide to Palestine. But the funny thing is, there are still lots of poor people in Malaysia. We sail thousands of miles, but we overlook a few hundreds kilometers.

Well, all i can say is that the world doesn't revolves around us. And at times, theres nothing much we can do about it. I love my country very much, lets learn from the worlds mistake and make sure we don't let it happen to our beautiful and prosperous Malaysia.

They were one of the first peoples in this world to have mastered the nuke, during the most defining time in human history (apart from the crossing of the Red Sea event). God help them afterall.

They should have carried out their duty by not letting other people have it. But they failed. So now we are living in a more dangerous world.

Please stop racism against these talented people.

Someday, we may need their nuclear technology to target an E.L.E. astroid. Afterall, Einstein was a Jew too, and his contribution to the human race in this field was .. (no need to elaborate more).

Or else, we are either communicating in Japanese, or German (?) now, if our grandparents were allowed to live at all which I doubt so due to their racism.

Our ENEMIES should be E.L.E. asteroids, comets, super volcanos, etc.

Not the Chinese, not the Jews, not the Americans, not the British.

Why make enemies out of these old and new civilizations? They have gone through a lot. We might as well learn from their past mistakes.

IGNORING these lies,letting them campaigning these lies through our media,is abbetting to them.

Dearest Tun,

Selamat Berpuasa Tun,

Israel has the Bombs.I figured that out a long time ago.They need it.They can afford it.All they've got to do is just express their desire,and Unc Sam will frantically do all their bidding.Wonder if Singapore has it too.Being one of Israel's best friend she is also surrounded by 'terrorist' Muslim nations.Of course she can

afford it.

Whatever Tun let's not worry about things that is completely beyond us. The World has its owner and He oversees over us continuously. He is merely testing the freewill of these people. They've got away with crime all these time so they thought that God is dead. So they will be bolder. They will scheme even more evil schemes Tun. But the Lord is the best of planners. Soon they'll know who'll get home in the end.

Let us just do the right things. Let us keep the commandments especially more in this holy month of Ramadhan. Let us pray and invoke His protection for He is the only who can protect us. We must be patient in this time of great tribulation. From God we come to God we shall return. To Him alone we shall surrender our fate.

Life is short don't worry be happy. Thanks Tun.

Sorry, DR. I disagree with your view on Israel. Your disdain about Israel is understandable, coming from a great muslim statesman. I believe your view of Israel as the offender is somehow clouded by your emotional feeling for Palestinian people. It is true that Palestine people have suffered greatly, but the suffering to some extent is self-inflicted by their sending rockets to attack Israel without any provocation from Israel. Israel on her own will never deliberately without just cause attack Palestinian people. You might have forgotten that Israel almost daily endures rocket attack by Hamas. The retaliation by Israel is only one side of the story and I think it has been over-sensationalised by media sympathetic to the Palestinian cause. The other side has to be told objectively. It is hoped that the middle east conflict can be settled amicably without further loss of precious lives.

We also start to get bored of this issue. From our side we always think they are wrong by bullying palestinian. On the other side, some thinking they deserved occupying the stolen land and nothing wrong by keep stealing and stealing palestinian land.

Camp supporting palestian says I will keep shooting rockets to revenge your action of stealing land.
Camp supporting Israel says it is ok to keep occupying to revenge your action of shooting rockets.

How to end? I dont think that is no solution at this moment.

As mentioned by someone in the earlier topic that public housing will be in millions RM in coming years therefore prices for every daily items especially petrol will simultaneously skyrocket to the max.

a)Malaysia by now should consider either compact the people in a small area like Singapore by making them living vertically in a highrise flats or condos where amenities will just be around the corner thus minimise the needs of expensive petrol.

OR

b)be like Iran where soon cheap affordable nuclear energy will be relevant for Malaysian lifestyles living horizontally on the vast ground in a landed properties or kampongs. Drive or ride the train as much as u

like.

Dear Tun,

Let's say, eventually there's going to be just Heaven and hell..
so, I guess God will not put two kinds of peoples who have been fighting each other in Heaven or else Heaven will not be "Heaven" anymore.

Most of us know that the "hister" (according to Nostradamus) will eventually go to place A. There is this place B, prepared for those people who have been oppressed by that "h".

Assuming that I too oppose to the majority of those who were oppressed by "h", thus, God may put me in place A someday, so that the status quo of place B is maintained, i.e., peaceful, tranquil.

Now, if I have a choice, I would rather not oppose to those people who were oppressed by "h". For I am very certain that "h" will live in place A.

Now the logic makes sense..
mm..

Asslmkm Tun,

terlebih dahulu, diucapkan selamat menjalani ibadah puasa semoga kita semua dirahmati Allah swt. Allah maha kuasa..... segala kelakuan serta tindak-tanduk kaum yahudi membuktikan kebenaran Al Quran mengenai mereka.

Mereka membuktikan diri mereka lebih dahsyat dari binatang (worst than the beast).

Sama samalah kita berdoa moga kita semua terutamanya saudara saudara kita di Timur tengah dilindungi Allah dari kejaman BEAST yang bertopengkan manusia ini.

Amin.

Tq Tun.

This is a Red Herring. Nuclear bombs are never used since World War II and never will be. Same like threats of May 13 at home. People here learnt their lesson of what bloodshed meant and will never cast the first stone again.

When the West did test a more powerful hydrogen thermonuclear bomb they all agreed to stop it completely as they are too destructive. What bombs we have today are smaller but still too destructive. It is a mutually assured ending.

No, no one will take nuclear bombs seriously and the sooner we return to realistic activity the better.

Salam Ramadhan alMubarak

illegal nuclear centrifuge export case....

ISN'T THERE ANY OTHER ISSUES TO COMMENT ABOUT? THIS BLOG SEEMS TO BE USED FOR SOLE PURPOSE OF GARNERING HATRED TOWARD THE ISRAELIS.

IF ALLAH THE GREAT DOES NOT RECOGNIZED THEM, THEN SO BE IT!

JESUS CHRIST THE FORGIVING IS STILL THERE TO PROTECT THEM.

TRUE CRUSADER

3) INI BERMAKNA MASIH ADA JALAN UNTUK MENGHINDAR KUASA KEJAHATAN.SUDAH BOLEH DIPASTIKAN BUKAN SELURUH WARGA ISRAIL. CUMA KEJAHATAN ITU ADA PADA KETUA PEMERINTAH YANG DITUGASKAN DALAM SISTEM KENTENTERAAN NEGARA MEREKA KINI.

3) WAL HAL KALAU BETUL ANGGAPAN NEGARA ISRAIL TERLALU JAHAT KENAPA TIDAK TERUS DI GUNAKAN KUASA BOM ATOM TERSEBUT. PAKATAN ANTARA KETUA-KETUA PEMERINTAH ITU MASIH ADA KETAKUTAN AKIBAT MENEKAN SATU PUNAT (SUIS) BOM ATOM ITU.

time. Then they will be placed permanently inside the hell.

Thanks tun for highlighting a fact which the world knows but chose to ignore. This is what is called sheer arrogance. They can afford to be arrogant because of their military might and money. But i am sure that these attributes were attained through knowledge in science. Here in Malaysia, when you proposed that English be the medium of instructions, they say it is very " un malay". It is no wonder despite the oil wealth of the arabs, they seem powerless to dictate terms to the Jews. They lack knowledge and are sheer greedy, only worrying of their own interest. I remember you advocating that the arabs use their oil as a " weapon". But if they do not sell it to the americans and the jews, how are they going to maintain their jets and numerous wives. They seem more interested in wealth than acquiring knowledge. This will go on as long as we are perceived to be weak, and malaysia is no exception. Take the cancellation of the bridge in Johor as an example. " Ummah yang miskin dan bodoh, tidak akan menguntungkan agama".

I clearly remembered how the Jewish media accused Saddam and Tarik Aziz as liars and drummed it everywhere in the papers, TV and electronic media to the point that every word that came out of them are lies.

Then came Colin Powell(USA) and Tony Blair (the USA junior partner)who made high profile statements that Iraq has an elaborate WMD and can assemble a nuclear head in 45 min!!!!

The world now knows that there was no WMD in Iraq and 45 mins is a complete fabrication of lies

The real liars are the Jews, the Jew-controlled media and their Western cohorts.

THEY ARE THE BIGGEST LIARS. COULD WE TRUST LIARS WHO CLAIM THEY ARE RESPONSIBLE POWER. COULD WE TRUST WORDS THAT COME OUT FROM THEIR MOUTH (THEIR MEDIA)???
NEVER !!!

As long as the Arab countries are ruled by selfish leaders who are being corrupted by the American CIA and Mossad for their own vested interest, I think there will be no peaceful settlement in the conflict for a long, long time to come. The Arabs leaders will be cursed by Allah. Make no mistake about it!!

The only solution is to have total revolution in all the Arab countries and unite to topple all these leaders who don't really care much about their citizens but only to protect their fragile position.

Then only you can face the Israelis with confidence. As it is now the Arabs are literally being "kena main bontot dengan Yahudi dan American".

Salam Tun & fellow CheDets bloggers,

Kepada Muslim Ummah, "Selamat berpuasa sebagaimana yang diperintah oleh Allah ke atas kita, semoga segala amalan ibadah kita sempurna, lancar, dilipat-gandakan keberkatan, diterima & direndah oleh Allah SWT...Ameeen".

Jadikanlah bulan puasa ini bukan sahaja masa untuk beribadah tapi juga untuk meningkatkan lagi ketaqwaan kita kepada Allah SWT dengan kesabaran & kesyukuran.

Saya tak nak berbincang banyak2, hanya sebagai insan yang kerdil ini hanya dapat berpesan2 supaya kita berbalik semula kepada ilmu Quran & hadith sebagai rujukan dan pegangan yang akan, sebagai yang telah dijanjikan, menjamin kebahagiaan kita di akhirat yang kekal nanti, insya'allah.

Dengan itu jadikanlah Yahudi itu satu batu mengukur kepada kita untuk menguatkan lagi keimanan kita. Mereka adalah a "living example" untuk kita tuntuni dan saksikan sekarang sebagaimana yang telah diceritakan dalam Quran sifat2 keji Yahudi yang telah dilaknati Allah SWT atas kekufuran mereka kepada Allah dan yang Allah telah janji Neraka jahanamlah untuk mereka di akhirat nanti.

Tak ada apa pun dan sesiapa pun di dunia ini yang lebih berkuasa melainkan Allah yang Esa dan Pencipta Alam. Apalah sangat kuasa bom nuclear itu kalau nak dibandingkan dengan seksaan Allah kelak. Tidakkah mereka sedar ketika melihat keadaan "Sharon the Butcher" yang masih dalam keadaan koma untuk dituntuni oleh semua yang belum insaf keatas penganiayaan yang telah dilakukan keatas manusia. Ini juga ditunjukkan kepada mereka yang bersekongkol dengan kaum Yahudi yang dilaknati. Tidakkah ini memberi kesedaran lansung untuk mereka bertaubat dan menjauhi dari azab & seksa neraka Allah SWT.

Ambillah iktibar tuntunan ini dan sentiasa berdoalah kepada Allah dengan ikhlas dan penuh keinsafan, memohon petunjuk dan perlindungan dari Allah SWT dari kekejaman kaum Yahudi dan kaum2 sapertinya kerana Allah tidak mungkir janji.

Ameeen...

Sentiasa bersyukur wujudkan insan bernama Hitler yang telah menghapuskan sebahagian besar daripada mereka. Tak dapat bayangkan sekiranya mereka semua masih ada...la bergantung dari sudut mana kita melihat peristiwa itu. Setiap apa yang berlaku mmg telah Allah janjikan hikmahnya.

Israeli=Yahudi=Jew=Zionists are worldwidely recognized not even by human but also by Allah The Great as the most untrustworthy races..so, this statement concludes everything..so,why bother to make peace with them..no worries for the muslimin,Allah's hell is gladly waiting for them.
