Salam YABhg Tun dan para pembaca...

satu komen yg bagus untuk kita renungkan di bawah ini, yeah i'm Malay, but when thinking about mutually beneficial of co-existence as synergy in the long run and also for unity, saya bersetuju juga dgn pendapat seperti ---

Assalamualaikum Tun,

GO XI FA CAI and to all Malaysians of Chinese origin.

I think it is time that the government and the people of Malaysia I mean the malays should accept that children of Chinese, Indian or others born in Malaysia are also the Bumi Putra of Malaysia. With conditions that their parents MUST send them to NATIONAL SCHOOLS which the medium of teachings are in Bahasa Malaysia, make Malay language as their mother tongue language with English as second language and Chinese, Indian or others as their culture or 3rd language. If, they can do that and speak fluent Bahasa Malaysia and willing to serve and be loyal citizens of Malaysia why not accepting them as ONE people and enjoy equal benefits like the Malay. Of course, not like some non Malay MP or Minister in cabinet or parliament who hardly could speak Bahasa fluently. How to accept people like these as Malaysians?

Wasalaam

yeah, kita akhirnya PERLU letak tepi sebarang perasangka dan 'fear factor'... of late, saya dapat lihat significant change pada rakan2 kita Cina dan India terutama dalam berbahasa Melayu/Malaysia, dan kadang2 lebih fasih dari sesetengah orang Melayu sendiri. ye mungkin kita pernah bertengkar, mengondem atau merungut, tetapi itu asam garam hidup berjiran dalam satu kampung.

maka jika 1 hari orang2 Cina dan India sanggup berkorban dengan menyokong satu sekolah kebangsaan, apa salahnya kita anugerahkan penerimaan yg lebih menyeluruh kepada mereka selagi mereka Setia, Bangga menjadi Rakyat negara bertuah ini, Taat kepada Tuhan dan Raja2 Melayu, dan menghayati Rukunegara, apa salahnya org Melayu berkorban beberapa perkaRA untuk dikongsi bersama mereka. Why not??????

Win Some-Lose Some, Make some-buy some, give some-take some.. and synergy is more than live together but share the same common goal.

But, Culprit like GUNASEEGARAM always menjadi obstacles to our dream of 1 Malaysia. Why he wants to question a religion he dont belong and even he do not have sufficient knowledge about the subject he wanna yell. Like a blind man wanna condemn why should there traffic lights at the crossroad. So funny this fella.

How about , when the Muslims retaliate by questioning why his religion should have certain rituals that not suit to Muslims??? Can he take it, hmmm ... but it is difficult to talk to illiterate like GUNASEEGARAM.. hi hi. Orang ini kita biasanya panggil "BODOH SOMBONG" tak tau hujung pangkal, takde ilmu nak berlagak pandai..

I don't see whoever controls any occupation as an issue as long as they got it legally and deservedly. Should we see it as an issue Arab countries control global oil resources, western nations control global finance, Asian nations control commodities, Americans control entertainment. We want to practice robbing Peter to pay Paul with them?

The key is learn and work for it yourself. There is no quick fix and magic solution that will turn a race into a financial, business, commodities, entertainment wizard or wonder overnight. Not even DEB. DEB provides temporary reprieve not lasting relief. Mahathirism is the word for that fanatic belief, after 40yrs testing the theory.

Gong Xi Fa Cai rhymes with bring the red packet here, in the Chinese language. Anyway, some of the comments here regarding Chinese businesses. Well, many Chinese work hard in Malaysia including the businessmen. You must know that it is not that easy for Chinese here. Therefore

after many days of hard work, they will take the first day of the Chinese New Year off and then it is back to work, work, work and more work.

By mgpunya  on February 17, 2010 10:28 AM

YABhg Tun,

S..Tan sir, I share your views....

But, most ofter it is easier said than done...

Sadly, we are still distinguished by our occupations...

It's so hard NOT TO NOTICE.. that the Chinese are controlling businesses...especially so....during Chinese New Year Holidays!!

No ill feeling intended...sir.

Gong Xi Fa Cai to all friends..!!!

.....GREETINGS

A very Happy Chinese New Year to everyone and festive greetings to those celebrating this festival. May the the new year bless all M'sians with another year of peace, progress and prosperity.

The tiger shares the jungle with other tigers. Humans should learn to share this earth with other humans. M'sians must live together as M'sians. We cannot live as Chinese, Indians or Indonesians do.

M'sia is truly one and only. There is only one M'sia in this whole world.

Dear Tun

Why must the main stream media paint a bad picture of Lim Guan Eng and his administration? Politics aside, I sincerely feel that this man is a capable leader. I frankly feel that he is the man who will make the Malays perform in a competitive world. He is not discriminatory against any race. The open tender has brought many Malays secure government contracts. A good effort indeed. If a Chinese leader can make the Malays work hard, let it be. Many Malay leaders have failed the Malays. Let's admit this fact. Lim has even rejected a RM2 company in the open tender process. Why can't Malaysians have a positive impression of the present Pakatan government in Penang? Through my research, most Malays are happy with Lim. Too much politicking and the MSM spinning and spewing venomous rhetoric that Lim is anti Malay will not help the Malays in the long run. The Malays must be taught to compete with others in order to succeed. I remember the term "inbreeding" you used in that famous book of yours - The Malay Dilema. You inbreed the Malays, they will fail. Make them compete, they will succeed. The Malay race has not really changed their mindset after so many years of spoon feeding. Reason? Our approach was wrong. "We gave them fish to eat but we failed to teach them how to fish". My honest view is that what Lim Guan Eng is doing is making genuine hardworking Malays succeed in the open market. This is what we want in the Malay race. Who are going to employ UiTM graduates when they are "inbreeding" Malay students there? Make the Malays study with the non-Malays and make them compete. Then we shall see the Malay race succeed in life.

Salam Tun

I like to read your numerous comments though I may not agree with some of them. Dear Tun, I wish I could read your thoughts and comments on some of the issues that are "paining" UMNO now. The submarine that cannot dive, for instance. We have spent over RM3billion to acquire a second-hand underwater "war boat". The commission was hefty. We have failed to maintain even our jet fighters. The engines of two got stolen. They now want to dump the existing war planes and looking for the US to sell them new fighter planes. Could we maintain this huge submarine? Is it worth the money spent on this "monster boat". What actually has gone wrong with this procurement?

Assalamualaikum TDM

Izinkan saya mengucapkan Selamat menyambut Tahun Baru Cina untuk semua rakan2 tionghua di Malaysia.

TDM, Tolonglah ingatkan rakan2 Tun mereka yang memerintah. Kawal la sikit harga barang ni. Saya dah muak mendengar "Kita akan pantau" dan "amaran menteri kalau naikkan harga kita akan ambil tindakan". Ini semua jawapan PRO dan semua orang tau. Kalau tak nak terus kalah dalam PRU tolong la kawal benda2 ni. Jangan sudah terantuk baru tengadah. Jangan dah kalah baru nak buat post mortem. Masih tak tau ke - harga naik kerana harga kepada penyumbang operating kos mereka naik. Simple economic theory. Tak kan tak pandai2 lagi. Ni la yang akan terjadi kalau letak orang tua jadi PM or TPM. Cakap aja pandai. Takkan nak tunggu kalah baru nak bertindak.

Najib buat roadshow ke universiti baru2 ni, ini bukan puncanya. Nak gain popularity bukan ini caranya Punca nya "HARGA BARANG MAHAL". Kalau tak tau - ini adalah hasil dari proses

indotrinasi. Mak bapak mereka secara tidak langsung berjaya "mengindokrinasikan" pemikiran anak2 mereka. Bila anak mintak duit lebih sikit - jawapan yang ada - duit kurang dan harga mahal and kerajaan tak buat apa-apa. Bila anak2 tanya mengapa kita tak pergi KFC, McD, Pizza dan lain2 - jawabannya - duit kurang dan harga mahal. Bila anak mintak duit nak beli alat tulis - jawapan yang ada - "tunggu hujung bulan, duit kurang, harga semua mahal". So...it only need somebody to promise them a good life. And PKR is good at this. They have succeeded in painting the corrupt government and now they are painting a new picture - that is the government is not capable in handling the rising cost of living and the BN government itself is helping them by showing that they are not capable in handling the government. And that is why there is a rise in household expenses. And PKR only need to leverage this situation and they are good at it.

So TDM, please ... if you love this country, if you want to see the next generation support BN, tell your buddies, wake-up and smell the coffee. They lost in the last PRU is not because UMNO did not meet the people, but its because they failed to contain the high rising cost of living.

Thank you TDM, Love u and Gong Xi Fa Chai to all Malaysians

KERATAN Kosmo! semalam.

KUALA LUMPUR - Rungutan orang ramai mengenai kenaikan harga pelbagai jenis barangan makanan khususnya hasil laut dan sayur-sayuran nampaknya tidak akan terbela disebabkan ia membabitkan barangan yang tidak termasuk dalam senarai harga kawalan.

Kesannya, peniaga berkuasa penuh menetapkan harga tanpa bimbang tindakan pihak berkuasa.

Menteri Perdagangan Dalam Negeri, Koperasi dan Kepenggunaan, Datuk Seri Ismail Sabri Yaakob mengakui kenaikan itu berlaku kerana peniaga tahu mereka ada kuasa menentukan harga barangan bukan kawalan.

"Barangan itu (hasil laut dan sayur-sayuran) bukan barangan kawalan, jadi kami agak sukar mengawal harganya," ujarnya ketika dihubungi di sini semalam.

Assalamualaikum wbt Yg Bhg Tun sekeluarga,

Gong Xi Fa Cai Tahun Baru Cina kaum Tionghua hari ini 14/2/2010, ahad. Pada 21/2/2010 pula adalah tahun baru kaum Hokkien & pada 27/2/2010 pula adalah Hari Chap Goh Meh.

Akhir tahun lepas kita menyambut Awal Muharram Tahun baru Hijrah 1431 Hijrah dan pada awal tahun ini kita menyambut tahun baru 2010 .

Tahun 2010 adalah merujuk pada tahun baru tuhan orang orang Roman dimana setiap bulan di namakan sempena nama tuhan Roman. Contohnya bulan January di ambil daripada Janus iaitu bermaksud Tuhan Langit.

Maka untuk menyambut ketibaan tuhan langit di gemerlapkan seluruh langit dengan percikan bunga api yang berwarna warni diseluruh dunia dan banyaklah negara negara OIC pun mengikut

tradisi ini tanpa menyemak asal usul sambutan tahun baru tuhan orang orang roman ini. Malah perkataan Kalendar juga diambil sempena Hari Kalend-hari suci orang orang roman menyambut ketibaan tuhan tuhan roman. Elok juga jika Malaysia dapat mula menggunakan perkataan Taqween. Ini sesemua memberi kesan kepada kerbekatan dalam berdoa dimana kita tidak akan lagi berdoa contohnya dengan menyebut 14 Februari 2010 bersamaan dengan 29 Safar 1431 Hijrah. Macamana boleh kita samakan Safar dengan februari yang bermaksud means of purification bagi mengagungkan tuhan roman.

Akhir Kalam Yg Bhg Tun sekeluarga seperti kata Prof Izi HotFM, renung renungkan selamat beramal ok Yg Bhg Tun dan buat kaum Tionghua Gong Xi Fa Cai.

Saya merasa amat dukacita kerana Tun yang "kununya" berhujah mahu penjelasan dibuat terhadap kes MV Augusta bertindak meng-ISA-kan komen saya.

Penjelasan saya yang berdasarkan fakta fakta terkini mampu merungkai misteri kes MV Augusta.

Hanya mereka yang cuba berselindung dibalik pelbagai fitnah dan cerita dongeng begitu takut menghadapi kebenaran.

Bah kata Parpu -"KEBENARAAN MEMANG PAHIT UNTUK DITELAN"

Ni mungkin kerana Tun seorang yang hanya konfiden berdepan dengan golongan yang kurang cerdas dan tidak mampu berdepan dengan golongan yang jauh lebih pandai dan berkebolehan.

Terpulanglah kepada cita rasa Tun.

Salam YAB dan diKasihi Tun,

SELAMAT BERCUTI kepada Tun dan Tun Siti Hasmah.

Dan Selamat Menyambut Tahun Baru China kepada kaum China.

Tapi Tun, setiap kali tahun baru China, tepat saja pukul dua belas tengah malam telinga saya BINGIT (terkejut/terjaga dari tidur) dengan **dentuman mercun** (amat kuat; terlalu hampir dengan tingkap bilik) kerana ada yang main bunga api/mercun di kawasan perumahan awam di celah-celah bangunan2 yang tinggi. Bayangkanlah pantulan bunyi mercun kerana kiri-kanan bangunan.

Saya hairan mengapa tiada sesiapa yang boleh menghalang penjualan BERLELUASA MERCUN & BUNGA API. Lagi satu, kecelakaan mungkin berlaku. Adakah saya dikira sebagai tidak bertoleransi jika saya tidak mahu mereka ini bermain mercun/bunga api dengan sesuka hati mereka tanpa menghiraukan kesanya kepada orang sekeliling??? Jika ingin main juga, pergilah main di kawasan lapang & jauh dari kawasan perumahan di mana tiada orang yang akan terganggu.

Terima kasih Tun.

**** Saya doakan Tun sekeluarga sentiasa sihat sejahtera & dilindungi Allah SWT ****

Chedet,

Anda & isteri berhati mulia kerana walau pun sibuk dengan tugas tetapi tidak lupa untuk mengucapkan Gong Xi Fa Chai kepada mereka yang meraikannya.Syabas.

Pada hari Ahad minggu lepas, saya dan keluarga berkesempatan mengunjungi Pusat Membeli Belah 1U.

Saya mengamati suasana didalam kompleks tersebut dimana didapati bilangan besar yang hadir ialah mereka yang akan menyambut Tahun Baru seminggu lagi.Mereka kelihatan membeli sakan.

Sebelum kami hendak balik, saya ingin menyinggah ke Pasaraya Jusco dahulu. Tetapi hajat saya itu dibatalkan kerana terlalu ramai orang dan kesemua lorong-lorong bayar (cashier) pun orang beratur panjang.

Ingatan saya terimbau kembali pada ketika kita akan menyambut Adil Fitri pada tahun lepas.Saya rasa bilangan kaum yang hadir untuk menyambut perayaan Aidil Fitri di kompleks ini tidaklah seramai jika dibandingkan dengan bilangan mereka yang akan menyambut Tahun Baru seperti saya nampak pada hari Ahad lepas.

Saya duk terfikir pula;

1. Adakah ekonomi kita sudah baik pulih berbanding ketika perayaan Aidil Fitri pada tahun lepas?

Atau,

2. Adakah sememangnya kaum mereka ini yang menguasai ekonomi negara dari dahulu hingga sekarang dan untuk selama-lamanya?

Atau pun

3. Bilangan kaum ini adalah terbesar di kawasan berdekatan dengan kompleks beli belah 1U?

Saya sempat juga mengunjungi Pasaraya Isetan semalam (Sabtu, 13 Feb) di Suria KLCC. Keadaan yang sama juga berlaku dimana kesemua lorong-lorong bayar dipenuhi kaum yang akan menyambut Tahun Baru beratur untuk membayar.

Walau apa pun jawapannya saya fikir suasana yang saya lihat di 1U pada hari Ahad lepas dan di Isetan semalam ialah pada dasarnya mereka mempunyai kuasa membeli.

Terfikir pula saya, kenapa pemimpin politik mereka, berapi-rapi mengatakan DEB berat sebelah, dan kaum mereka didiskriminasikan?

Saya langsung tidak faham.

Untuk mengelirukan lagi keadaan pemimpin-pemimpin parti Melayu pula termakan dengan lakonan mereka. Pemimpin parti Melayu utama kuat melatah dan sekarang hampir semua kemudahan yang ada pada kaumnya sendiri ditarik balik.

Saya bukan nak beremosi namun jauh sekali bersifat rasis. Tapi ini adalah kenyataan.

Sekarang ini Chedet pula bangga dengan prestasi beliau. Saya lagilah tak faham.

Wassalam.

This is the first time after more than half a century of UMNO rule that we see some semblance of an attempt at racial unity. A comment on this page, however, seems to indicate that Malaysia has still a long way to go, after years of UMNO's divide and rule strategy and indoctrination. Hopefully, it does not require Pakatan Rakyat to set things right for Malaysia! But I take my hats off to UMNO for being able to reconcile Islam and racial discrimination for so long.

Dear Tun Dr M,

GO XI FA CAI to all Malaysians of Chinese origin

Festivals like remind (many Malaysians) that we are a multi racial society. Many of us find it difficult to digest. Fact is fact, we cant deny it.

The only solution is live and let live, exists and coexist. Many do not realize the advantages of multiracial country with strong existence of minorities.

I remember one of the Malaysian Tourism Board's slogan to promote our country i.e. 'Malaysia Truly Asia'. It is very true indeed. One just need to visit Malaysia and leave home with the satisfaction of the whole Asia.

Apart from the major economic powers, Oriental and South Asian countries invest in our country mainly because we have strong cultural ties.

On the race relations in our country, which had undergone acid test lately, it is time for us to deeply analyse as to what sort of live we and our children want to live.

We have a very beautiful, strategic and gifted county with natural rich resources. All these are to be enjoyed by all Malaysians immaterial of their ethnicity. Do not look at what the other community is getting, look at what your community is getting.

Once again, happy holidays and have true 'open house' and invite your friends. Maybe food might be subject to taboo, but packet and bottled drinks with purchased halal food items would be sufficient.

Let us forgive and forget and forge true communal relationship. Anybody who intends to stimulate, instigate and propagate communal hatred should be severely dealt with no matter what is the position he has in the government and in the society.

It is people like this who should be arrested under "Seditious Act". Finally, Let the year of the tiger give us the strength to withstand the economic, financial and racial crisis.

By [manifestogwl](#) on [February 13, 2010 12:07 PM](#)
