chedet.co.cc

1. I can understand Malaysiakini not wanting to be labelled as anti-Semitic but I don't think it is necessary to omit certain words which give a totally different interpretation of what I said in my speech at the General Conference for the support of Al-Quds.
2. What I said was "Jews had always been a problem in European countries".
3. You omitted "in European countries" thus implying that what I said was not just the Europeans but Jews were a problem for everyone including the Muslims.
4. I would like to point out that in the past when Europeans confined (the Jews) to ghettos, and periodically massacred (them), they used to seek refuge in Muslim countries (of North Africa and the Ottoman empire). They couldn't have gone there if Muslim countries were less hospitable than the Europeans. Even today Jews live in Muslim countries including in Iran. It was only after the United States welcome the Jews that they ceased to migrate to Muslim countries.
5. For the hospitality of the Muslim countries they were repaid by the Zionist by seizing Palestine to create the State of Israel. Not content with seizing Arab land they went on to expel the largely Muslim Palestinian.
6. All that I say here can be verified by the history books of Europe. If Muslims are antagonistic towards the Jews today, it is because of the way the Jews repaid them for their hospitality.

To Fingolfin,

You said:

And Quran, since Muhammad (pbuh) finished conveying all of the verses, has not been ammended until this very second you are reading this. I am very confident of it and so are each and every muslim in this world.

Lets go a step further - I challenge you to show me two Quran that is different in its verses from one another. Understand that Im talking about the original version, not the tafsir/translation of It. Let me know if you have found any, ok buddy.

dr. M,

your item no 4. is wrong...

the jews were mistreated both by the white christians and arabs.

over 2500 years ago, many jews who took refuge to India and still residing even today, the jews were treated well by the hindu community from ancient times till today.

jews no need to pay any jiyza to hindus nor any ghettos of jews in any indian city where they chose to reside...

You may have a lot of comments and other things to read so I'll keep this short for you and all readers.

Google "Balfour Declaration 1917" and that might help answer all question you might have (or trigger you to ask more) regarding this matter. No matter who is in charge of Britain, it is their 'duty' now.

Jew and their problems Now has become Arab Palestinian Problems

In the Begining Bible tells handsome Joseph was sold to Eypgtian and later rise to become important man in Eypgt Government. That fortune expended to Jews who migrated to Eypgt and left Palestine.

During Moses time Jew were out of favour and become slaves. Moses lead them to conquer Palestine - dubb as promised land--Bible tell God that promise to Moses . Moses never enter Palestine. So the promise if any has expired!!!

But Jews national ideology remain. It is is the source of Racism and Nationalism .God promise land God Chosen people. Under blue print of Bible Jew claim that right . Joshua implementde it , David continued . Jew made Judaism so exclusive that non can becaome of wanted to convert to Judaism.

Judaism become Nationalism and give rise Zionism.

Being Unique and ultra nationalism unassimilated accept for the lost tribe Jew is not well anywhere When Jew became weak the were driven out of Palestine twice . Once to Babylon present day Iraq and in 73 AD driven out by the Roman.

Paul vesion of Neo Judaism - Christianity spread but it back fire. Christian blame Jew for killing Jesus. Jew are not welcome in Chritian Land. They were free in Andalusia (Spain) under Muslim rule and were presecuted soon when Muslim Andalusia fell. Infact that

By Baiyuensheng  on February 22, 2010 12:10 PM

I don't like Israel Jews for what they do - killing innocent children and women with their 'phosphate bombs' and I would like to think that not all jews are 'war-crimes' criminals and war-mongering. They are everywhere polluting the world - big banks in US, Hollywood movies, etc....

Assalamualaikum dear Tun Dr. Mahathir.

You said that Muslims gave refuge to Jews in their countries. Is this a "total" truth?

As I'm a good music lover of all genres, including SE Asian music, I'm a sworn audiophile. I just picked up yesterday an old LP vinyl record of my collection. The record was pressed in England somtimes in the 50's and is even a mono record. On that record was recorded one of the greatest Israeli singers (the greatest in my perspective). Her name is Shoshanna Damari.

While listening to the record, I read the information on the back cover and found her life story as it was composed that time (in the 50's). The singer passed away already in 2006 but she left us a great artistic legacy.

I would like to share her story with you. I simple photographed the record cover and OCR'ed the text of the back side into a text you can read.

<http://img39.imageshack.us/img39/765/damarilp.jpg>

<http://img168.imageshack.us/img168/5568/p2200007.jpg>

This is the story of Shoshanna Damari:

"When Shoshana Damari first steps into view on stage or on screen, one is struck immediately by a beauty so breath-taking that one's breath literally is taken away for a moment. There is a touch of Near-Eastern exoticism to the face and features of Israel's greatest singer-intense black-brown eyes, a flawless olive complexion, a bewitchingly flashing smile that parts beguiling lips. And, each gesture of her form is informed with a dynamism that dominates everything within line of its sight. Then, she lifts her voice in song-a strange, throbbing, unique voice that's sultry and haunting in tender moments, irresistibly stirring when the mood is dramatic-and one knows beyond doubt that one is in the presence of one of the world's truly great performers.

Miss Damari's emergence as a star of international fame parallels the entry and growth of Israel as a state upon the stage of the world. Pridefully, Israelis will tell you that, for her people, her rich, incomparable voice, with its tantalizing echo of the orient, reflects an of the joy and pride of a new nation. And, well it might, for Miss Damari's personal tale reads much like that of most of her fellow-countrymen.

The captivating folksinger was born in the town of Damar in Yemen, that mysterious Arabic land of desert wastes and burning sun where life still goes on much as it did in Biblical times. When she was only two years, persecutions against the ancient Jewish communities of the country began. Her father, a distinguished rabbi and teacher, especially was a marked man and was forced to decide to flee the land where his family had lived for many centuries. "We were seven in our family," Miss Damari explained in a recent interview, "my parents and four other children ... And there were a number of other Jewish families in the caravan. In those days, as now, the Yemenite government forbade anyone leaving the country, especially Jews who wanted to go to Israel ... The children were hidden in orange boxes and placed on donkeys. Our parents used bus number eleven - their feet. The Arabs would have killed us. For two months we slept in the mountains and ate hard bread and water until we reached Aden and took the boat to Haifa ..."

I've been told that I became very ill and that all hope for my life was given up. By everyone, except my father. Others in the caravan wanted to leave me behind, because they said I was holding them up, but my father prayed and, miraculously I became well again". It seems a pleasant twist of fate that years later, Miss Damari should earn the honor of starring in the first full-length color film from Israel, "Hatikvah," a drama which recreates with striking similarity the flight to Israel of a band of refugees from Yemen in which, as a child, she played a real-life role.

Arrived in "The Promised Land", Miss Damari's family helped to settle the Zionist colony of Rishon-le-Zion, a city noted for its beautiful vineyard-decked landscape and a source of famous wines. Early I as a child, Shoshana revealed marked singing and acting talents. Friends would tell her father, however, that it was unseemly for the daughter of a rabbi to become a performer. "Fortunately," she notes, "my father was a very wise man, as well as a modern one. When I was twelve, he allowed me to audition for training at the Shulamit Dramatic Studio in Tel Aviv'. When I was accepted" no one was more proud than he. In fact, he even secretly saved from his own food to save' money for my bus fare to the school."

Miss Damari advanced rapidly in her training and made her first theatre appearance at the age of fourteen. So penniless was her family that she had to borrow a dress for the event, one a bit too long and big for her. Even then, however, there must have been something of her present electrifying quality about her. She drew curtain call after curtain call, and, when she emerged from the theatre, an enthusiastic crowd was waiting to carry her shoulder-high in triumph through the streets. Times of struggle and hardship were still ahead, but, says Miss Damari, "At that moment, I knew that it was worthwhile to suffer ... and I continued to suffer."

Over the next two years, her name began to become famous through appearances on radio and, at the age of sixteen, she was able to attract a full-house audience at her first public concert. The success of that event drew her the invitation to become the star performer of the newly-founded "Li-La-Lo" Musical Theatre. It was there that she began a lasting musical collaboration with Moshe Wilensky, one of Israel's outstanding composers, her frequent conductor-accompanist and her conductor-arranger in this album. There, too, she introduced Mr. Wilensky's incomparable song Kalaniot, which has since become her world recognized theme.

By the time Israel's War of Independence broke out, Miss Damari was the emerging nation's "Singing Sweetheart". She toured front-line areas in the Negev, often by tank, entertaining troops. "I felt fear, yes," she will tell you, "but what of the soldiers? I came to sing hope, not fear. What right did I have to show my fear?" Around this time, she was pressed to tour abroad for the first time to help bring Israel's message of courage to the world. Her first New York cafe appearance (at New York's world-famed Village Vanguard) drew national attention to her compelling talents-including a review in Time Magazine which read more like a Valentine than a critique.

Since that time, she has toured America many times to ever-increasing success and in ever varying entertainment media. In the field of concert, her main field of endeavor, she has given a dozen recitals in New York's hallowed Town Hall. In cafes and night-clubs, she can point to a number of stellar achievements, including a record-breaking year-and-a-half headlining engagement at Leo Fuld's Cafe Sahbra in New York City. Recently, she starred in stage presentations at Radio City Music Hall. She is becoming a familiar television guest. And, in the field of films, she has starred in the prize-winning 'Hill 24 Doesn't Answer' and the aforementioned 'Hatikvah'.

Elsewhere in the world, she has concertized in Canada, Cuba, South America'- South Africa, all of the important nations of Europe and some as far off from her homeland as Finland. An especial credit of distinction came when she was chosen to serve as Israel's cultural representative at the Brussels World Fair.

Glamour has grown to surround Miss Damari from triumph to triumph. On the international scene, she has been likened, through her career as both singer and actress, to Anna Magnani, Ava Gardner, Edith Piaf. And yet, her warmth of personality is still as simple and genuine and affecting as in her years of apprenticeship. Self-effacingly, she was heard to remark recently: "Believe it or not, when I shook hands with the President of France at the Palais de Chaillot at the Ambassadors' Ball, the thought flashed through my brain: 'Is it really you, the tiny and thin Shoshana with the long, borrowed dress, from Rishon-leZion, Shoshana the height of whose dreams was once a slice of white bread?'"

While the majority of her songs are in Hebrew, Miss Damari has accepted her international stature by "internationalizing" her repertoire. Thus, one of her performances today might be spiced here by a French chanson, there by a Spanish love song or a Portuguese fado, elsewhere by a Negro spiritual. So subtle yet probing is her sensitivity as a performer that she makes the words of a song-no matter what the language -come to vivid life. The mistress of every musical mood, one needs only watch the compelling changes of her facial expressions, the sway of her body, the gesturing of her hands to know the meanings of her songs. But then, something quite miraculous happens -for one finds that one can close his eyes and just plain listen and that deep effect is still there just as clearly. For, Miss Damari sings pure music and pure emotion-and just the sound of her beguiling voice has the power by turns to move one to tears or to exultant laughter.

All of this excitement is captured in this, Miss Damari's first American-made album. Those who have heard her in her many foreign-made releases on records before know that fine listening is in store for them. But, somehow, here, in this recording, the effects of those past efforts seem surpassed. The arrangements which Mr. Wilensky has devised especially for this album are magnificently imaginative, there is superb support by a large orchestra and chorus, and the studio technicians have achieved stunning realism in the reproduction of sound. With this support, Miss Damari rises to new heights of brilliance, producing a set of performances that are unforgettable in their power and perfection."

You probably noticed the bolded underlined text which is describing the praised refuge the Yemenite Muslims gave the Jews.

Of course we need to thank the Yemenites to let them escape from their claws in 1926.

It was not much different from what happened to the Jews of Iraq, Syria, Lebanon and Egypt.

There was a true love story between the Muslims and Jews that time of the history far prior to the establishment of the Israeli independent state of Zionism.

Where are the Jews of Malaya? Why did they vanish from Malaysia after Merdeka if the Muslims are loving them so much? If you loved them, why didn't you call them back to Malaysia while you were PM?

Dear Tun, keep poisoning your audience with your anti-Semitism since they are good listeners like sheep to their pastor. You call them to think, but you are thinking for them. As long as they are hungry, you can feed them with any food, even spoiled food.

Hanan, Jewish, Zionist,

Dengan izin Tun,

Many non-Muslims like to take a cavalier approach when it comes to the Holy Quran.

It seems even sensible commenters like **dtan** is no exception.

dtan,

The closest verse I can find to the one you quoted is from Surah Maryam (Surah 19:33):

"So peace is on me the day I was born, the day that I die, and the day that I shall be raised up to life (again)!" [Yusuf Ali]

Surah Maryam as you know is named after Maryam [Mary], the mother of Prophet Isa [or Jesus, alayhi salam], and deals with his miraculous birth. In Islam, Mary is highly regarded and revered as a mother of one of Allah's prophets ie Isa (as). She is regarded as one of the purest of Allah's servants. In fact, there are more verses in the Quran that mention 'Virgin Mary,' than there are mentions of her in the whole of the New Testament.

Isa (as) was of course in the cradle when he said the words in Surah 19:33. It is interesting that Isa (as) said ***"I am indeed a servant of Allah: He hath given me revelation and made me a prophet"*** in 19:30. [Bold italics mine]

Surah an-Nisa, verse 21 (Surah 4:21) means:

And how could ye take it when ye have gone in unto each other, and they have Taken from you a solemn covenant? [Yusuf Ali]

Please be very careful when quoting the Quran, dtan.

Don't be like the person ['b' word] referred to in Deuteronomy 23:2 and Zechariah 9:6 [KJV] The World English Bible also mentions the 'b word' in Deuteronomy but has inexplicably changed it to "foreigners" as in: "*Foreigners will dwell in Ashdod, and I will cut off the pride of the Philistines*"

Please don't think that Sunni Muslim Malaysians have not read the Bible. Some have and those that have are very conscious of what Paul said -- more so after the 'Herald' debacle:

"But be it so, I did not burden you: nevertheless, being crafty, I caught you with guile." [2 Corinthians 12:16, KJV] or **"But be it so, I did not myself burden you. But, being crafty, I caught you with deception."** [2 Corinthians 12:16, WEB]

Muslims are also conscious of -- and thus forewarned by -- what Imam al-Ghazali (*Algazel* to those used to Anglicised Arabic names) said about debates:

"Another fault of debate is show and flattering the people in an effort to win their favor and to mislead them."

Sort of fits your style, dtan.

Thanks.

Dear Tun,

I've always heard you mention about the Middle Eastern conflict. But more so from the current situation NOW. This place has been a bedrock of hostility for the past 4,000 years. But we don't need to go back that far.

Maybe you could elaborate on more recent events,

1. 1936–1939 Arab revolt in Palestine
2. 1947–1948 Civil War in Mandatory Palestine
3. 1948 Arab–Israeli War
4. 1949 Armistice Agreements
5. Suez Crisis (1956)
6. War over Water (1964-1967)
7. Six-Day War (1967)
8. War of Attrition (1968–1970)
9. Yom Kippur War, Ramadan War or October War, 1973 Arab-Israeli War and the Fourth Arab-Israeli War

And Many more..... So much unrest. So many people have tried to bring PEACE here. But the result is as we see it now. Can we look at Atrocities done NOW and LAY JUDGMENT on who is right and who is wrong. It's like a 5 year old child telling a 50 year old Man what to do. It's easy to point the finger. So far away and not involved in the solution.

It's like how we rant and rave when Australia tells us what is RIGHT or WRONG... HOW DARE THEY??? HOW DARE US!!!!

God Bless, Tun and Have a great Weekend while you ponder on my question.

Salam Tun

I totally agree with you on this. I think you are one of the very few Moslems (and Malaysian) who is aware of this historical fact and so know the real story about the Muslim's goodwill towards the Jews in offering them a safe haven when they were persecuted by the Europeans.

I think one important point I have to make is that many (if not most) Moslems especially Muslim Malaysians are totally in the dark about this fact. They do not know. I did not know too until I read your blog. You are a very learned and well read man, Tun. Please do continue to share your knowledge with us Malaysians. The more well informed we are, the better people we will be, and the better judgements we will make.

Thank you for this new knowledge on the Muslims offering hospitality to the Jews during the European persecution era. As stated in the Quran, the Jews certainly are an ungrateful lot!

Folks,

Thank you very much for your feedback and criticism.
It is said that a successful man/woman is one who can take a lot of criticism and feedback.

Firstly, I would beg the Good Doctor Tun for my indulgence

Wow! There are an awful large number of Islamic Theologians' in Malaysia eventhough Islam is

is a religion based on jurisprudence :) God Bless your hearts and i do not wish to engage in intellectual sophism.

Yes, I have read the Quran. Infact, I did have a serious one to one conversation for about two weeks with a devout Lebanese Sunni Muslim. Mr J. and I shared scripture Al-Quran and Bible. He made references to the Quran as I with my Bible. So I did read the Quran and discussed differences. That was a while ago.

My favourite verse is:

'Blessed be the day I was born, the day I died and the day I will be resurrected' ~ Surah 4:21

On a serious note. We came to the conclusion that there was an easy way of coming to a consensus. We believed in the God of Abraham. So we both agreed to go home and ask God to reveal himself in private. I recommend that you give it a try.

I believe that we are close to the 'end of days'. One of the bloggers' called me a 'Parrot'. My reply is this. If I am a Parrot and I keep repeating 'the house is on fire'. It's up to you to decide if you want to stay in it or leave.

Acts 2:17

In the last days, God says, I will pour out my Spirit on all people. Your sons and daughters will prophesy, your young men will see visions, your old men will dream dreams.

Kat sini saya saja nak bagitau kat Tun yang saya 'for the first time' melayari laman web Malaysiakini itupun saja nak baca isikandunganya sebab Tun ada memberi komen dalam blog Tun nih. Tapi selepas melayarinya buat hanya seketika dan saya dapat simpulkan bahawa laman web Malaysiakini memang betul2 mengarut dan dipenuhi dengan segala fitnah, dakyah dan hasutan pada tahap tertinggi yakni pada tahap 'Dewa'.

Pendapat saya yang ikhlas buat Tun insan yang tersayang tak payah lah lagi Tun membuang masa dan tenaga mengunjungi laman web Malaysiakini yang sememangnya dizahirkan oleh manusia2 yang 'half-cooked' atau separuh masak serta dilayari dan disokong pula oleh mereka2 yang sewaktu dengannya.

Saya dapati laman web malaysiakini sedikitpun tidak memiliki unsur2 ilmiah dan hanya lebih mirip dan cenderung hatta hanya kepada fitnah,tohmahan dan putar alam semata-mata.

Malaysiakini terang dan nyata dimiliki dan dirancarkan oleh manusia-manusia yang 'bodoh takleh diajar, cerdik takleh nak tumpang'.

By Jukebox  on [February 18, 2010 8:44 PM](#)

quoted from dtan

"Dear Wajaperak,

I would suggest that you broaden your horizons rather than have a singular minded approach to history. If you want to compare history and scripture. You need to use a benchmark i.e. timeline.

For example:

The birth of Islam did not occur until 610AD (after Christianity). How can you say that the Prophet Daud (King David) is a Muslim ? He was an Israelite. How can Muslims take ownership of a lineage when you don't even call yourselves Israelite's? Is it because Muhammad claimed to have a final revelation? Even that is disputed, as Islams' revelations differ so greatly between Judaism and Christianity. Jesus didn't die on the cross, Jews believe in Ezra (Where did that come from?) etc etc etc.

I would say that Muhammed had a different revelation simply because Islam does not accept any of the Torah or Bible scriptures. It makes logical sense because if you want claim lineage you have to accept some portions of older/other scripture in order to connect the dots."

Few words of advice for you dtan.....please get your facts correct and do some research before trying to correct others. I have read both the bible and Quran, as to me i need to know and understand both of it's content before i can make any judgement or comments towards other religion.

As from your reply i can simply say that you've never read the Quran and that's why the contents of your reply above are of no value and shows of how ignorant you are.

1. Islam is derived from the Arabic root "Salema": peace, purity, submission and obedience. In the religious sense, Islam means submission to the will of God and obedience to His law.

If you have read the Quran.....you'll know that

2. The birth of the religion that is built upon peace, purity, submission and obedience has never had a date because no one knows when exactly prophet Adam was created or even the angels....everything that is created by God submits to God....since prophet Adam, countless prophets were sent by God to deliver his divine messages to their people and it just so happens that prophet Muhammad was the last prophet as promised by God and mentioned in the bible itself, ignorant people like thinks that was the birth of Islam.

3. Below taken from bible King James version (the first version of the bible that was translated to English in the year of 1611 and to think all of those years the Bible was in Greek language...so all christians that can't read Greek refers to what?

From Bible KJV : Deuteronomy 18:18 - 20

18 I will raise them up a Prophet from among their brethren, like unto thee, and will put my words in his mouth; and he shall speak unto them all that I shall command him.

19 And it shall come to pass, that whosoever will not hearken unto my words which he shall speak in my name, I will require it of him

20 But the prophet, which shall presume to speak a word in my name, which I have not commanded him to speak, or that shall speak in the name of other gods, even that prophet shall die.

4. Again you are ignorant, never did Islam rejects the Bible and Torah altogether but simply many of it's contents had been changed by man

5. Just imagine, how could just because to please Emperor Constantine and convert the Roman empire into christianity, they come up with the Trinity Doctrine.....dosen't that meant that the bible had been changed since then? Why does the words of prophet Jesus, Saul of Tarsus and the other apostles not enough? and had to be added to the bible? Can you say the current bible today with it's countless versions are authentic?

By aziz  on February 18, 2010 8:41 PM

A'kum Tun!

It's been awhile now the last time I wrote on your blog. I've always keep track on your post but this time I've decided to pen my thoughts.

First of all, I would like to comment on your son being listed as one of the richest man in Malaysia. He is not a millionaires but a billionaires! I wonder how would he make that amount of money.

Well, maybe itu rezeki dia.

Criticizing Jews regarding their wrongdoings is not an issue here. It is like the Western criticizing the muslims when they bomb or kill anyone around the world. So if the Jews also do an act of terror, they must be condemned as well. Does not matter if they are Muslims, Christians, Jewish or any other religions. But every time we criticize the Jews, we are to be condemned of being anti Israel! This is not fair!

My comment on the issue of Islam and Christians and Jews, to me they are all the same. All the religions in this world come from Allah. He has sent down His messengers to give one duty to us which is to worship God Alone. Nothing else. It is the same commandment in all the Books sent down. So, the Christian, Jews and Islam must come from Allah as well because Prophet David (Daud) is a Jew but practicing the correct teaching of Islam based on the teaching of the Book(Torah). Torah was also from God(Allah). Same goes to Jesus(Isa). He is a Muslim too. He brought down Bible(Injil). And Muhammad was the last prophet. He brought us the Koran(Quran). s

So here you can see that all the teachings in Islam is the same but it was better from time to time by Allah. From the time of Christian until Islam the last religion. So it is not up to us to judge anyone in this planet whether or not they are believers or non-believers. To me all of them are believers provided they believe in God(Allah).

You see the sufferings of the Muslims and the people around the world today is because they do not pray to God anymore. They abandon God. They instead turn to another human being or to statue or to animals to ask for forgiveness and blessings. Human being, animals and knowledge all are made by God. He has placed into this world. Why cant we just stop fighting and protesting against one another and instead start worshipping God alone and pray to Him day and night.

Insyallah He will give us His blessings!

thank you

aziz

Assalamualaikum TUN,

To dtan,

Obviously u know nothing about Islam.

Every muslim all over the world will tell u that Beginning from Prophet Adam till the Final Messenger Prohet Muhammad, They are all Muslim. Yes the word Islam and Muslim comes into usage at a later stage along the line of Prophethood.

Islam puts Faith before race.

All the Prophets and Messengers before Prophet Muhammad came with similar message that is there is only one God.

Next message was to follow new order or to follow orders, rules given earlier which was revealed to Prophets or Messengers that came earlier and has pass his time.

Next message was informing their followers of the coming of Prophet Muhammad as the Final Messenger and to follow Him if they live to meet Him.

Some Messengers and Prophets were given revelation such the Torah, Zabur, Injil(Bible) and Finally The Quran as the Final revelation.

All these revelation are from God indeed.

But only in the Quran that God promise to keep this Particular Revelation intact as it was revealed to Prophet Muhammad.

This prove to be so as most of the earlier revelation has been ALTERED by human who has vested interest.

Just take the Bible which has gone tru so many changes by Human ever since the council of Nicea decided to include and exclude whatever they feel suitable that meet their interest.

Some revelation have been hidden by people who have interest.

Just ask yourself why were there Jews in Madinah before the coming of Prophet Muhammad. Bcos their earlier revelation revealed that the last Messenger will be coming to a place with description that fits Madinah.(Go check it out if u bother)

But as usual the Jews being very racist people on earth are not able to accept Prophet Muhammad as He was not of their stock,a Jew, got it dtan. But only one Jew at that time and place accept Prophet Muhammad as He fit all the description provided in their earlier scriptures. Part of our faith is to believe all the scriptures given earlier to the Prophets and Messengers. But most if not all has been lost or distorted except for the Quran which God promise to protect it till doomsday.

Israelite is not a faith, it is a race.

By the way do you know that the Jews do not accept conversion into Judaism by any Tom, Dick or Harry. Only selcted people can convert to Judaism. What does that mean? Racist lah. got it dtan.

Attempt has been made to distort the Quran, but like God promise it was discovered by Muslim time and again. It is still happening till today. The west will never stop their effort to change the Quran or distort its message.

As Muslim we accept all Prophets and Messengers as Muslim regardless of their ethnic racial background.

But what happen to their teaching later on that was distorted by their followers, is not their fault. Thanks Tun for this opportunity.

Tun M, you have eulogised PM Najib's administration and leadership as good because you are hoping that he would elevate your beloved son to be a full Minister soon!

In politics, all leaders without exception, are egocentric, just wanting to gain self-glory and build their own empires. No one is selfless. All this talk about people first is empty talk, with double-standards being practised all the time in most countries. History is replete with numerous examples of political leaders pursuing their own selfish personal agenda.

Salam kasih dan salam hormat Ayahanda Tun. Selepas membaca komen anakbudu3 saya terpanggil untuk memberikan sedikit kata nasihat kepada sahabat saya ini. Minta izin Tun dahulu.

Mungkin saudara/saudari ini masih muda dalam batuan politik beliau. Mula-mula sekali saya ingin menjelaskan disini bahawa cabaran tidak menjanjikan kemenangan atau juga kekalahan. Cabaran hanyalah laungan untuk perhatian ataupun juga adakalanya cabaran adalah merupakan sebuah ekspresi kekecewaan. Pada komen saudara/saudari, saya rasa biarlah umum menjadi hakimnya samada komen dizahirkan dari inginkan perhatian atau sebenarnya sebuah nukilan kekecewaan yang tidak dapat dibendung lagi. Kita semua perlu ingat apa yang Datuk Seri Abdullah Badawi serta cabinet beliau telah buat ketika berhadapan dengan asakkan pembangkang sebelum PRU12 yang lalu, masiakah anda ingat apa yang beliau serta menantu beliau katakana kepada rakyat? "Kalau tidak puas hati, bawa ke peti undi". Namun saya tidak berjumpa dengan ayat itu pada komen anda. Mungkin anda juga sudah sedar akan hakikat ini? Sebenarnya kami juga adalah bukan dari puak pembangkang. Tetapi dengan cara anda mencabar secara terbuka serta anda menulis seolah-olah rakyat perlu berterima-kasih kepada pihak kerajaan yang mentadbir tanpa lagi mempunyai sebarang rasa betul/salah sesuatu perbuatan adalah sebenarnya berbentuk cabaran yang menghina mentality rakyat. Jika anda berceramah/berkempen politik secara ini, pastinya anda akan menerima kecaman umum. Saya amat berharap anda tidak akan berkempen untuk BN pada PRU13 kelak. Anda perlu tahu bahawa sebelum Datuk Seri Abdullah Badawi meletak jawatan dan selepas beliau meletak jawatan sebagai PM, dan selepas Tun Dr. Mahathir memasuki semula UMNO, kunjungan ke laman chedet ini telah susut 25% ke 30%. Apakah mesej disitu wahai sahabat ku? Jangan marah saya atas komen ini, tetapi anda perlu menganalisa isi komen ini. Sebenarnya, jika pada suatu masa dahulu Datuk Seri Dr. Mahathir mencabar "jika tak puas hati bawa ke peti undi", ini adalah disebabkan beliau tahu kekuatan dan kelemahan sendiri secara ikhlas dan jujur kepada diri sendiri. Dan cabaran beliau tetap membawa kepada kemenangan. Sebab beliau tahu, segala apa yang telah diberikan adalah terbaik dan tidak mampu lagi memberi lebih baik. Maka beliau yakin rakyat sedar dan memahami hakikat ini dan beliau mencabar dan berjaya menjuarai cabaran beliau kepada 26 juta rakyat. Jika pada masa itu, saya pernah turun berkempen untuk beberapa kawasan DUN/Parlimen pada tahun 1999, dan kami melontarkan cabaran yang sama kepada rakyat, dan keputusannya memihak kepada kami. Ini adalah disebabkan kewibawaan dan ketokohan Tun Dr Mahathir. Tetapi formula ini cuba digunapakai oleh Pak Lah, anda lihat apa yang telah berlaku? Jika formula ini juga digunapakai oleh Datuk Seri Najib hari ini, anda tahu apa akan berlaku? Oleh itu saya harap pemikiran anda tidak dikongsi oleh pihak-pihak pentadbir/polisi kerajaan. Kerana laungan anda sebenarnya hanyalah satu laungan untuk projeksi kekecewaan diri anda sahaja. Anda mempertikaikan pihak penjawat kerajaan yang mengambil piasiswa Petronas dan JPA namun memangkah pembangkang seperti PKR, PAS dan DAP. Mari kita rungaikan kekusutan minda anda disini: Petronas adalah milik Negara dan bukannya milik BN atau UMNO. Kerajaan mengutip cukai daripada kesemua rakyat tidak mengira fahaman politik, oleh itu logic saya mengatakan bahawa

dana biasiswa JPA adalah milik rakyat umum dan bukannya hanya milik UMNO atau BN. Betul atau salah aturan ini wahai sahabat mudaku? Malaysia mengamalkan sistem demokrasi berpalingan. Bererti Parlimen dipilih oleh rakyat untuk mentadbir negara dan menggubal undang-undang untuk semua rakyat – untuk semua rakyat. Maksudnya undang-undang yang digubal parlimen tidak hanya laku digunapakai kepada UMNO atau BN sahaja, malah ianya digunapakai oleh semua rakyat – sekali lagi saya gunakan semua rakyat. Disini dapat kita lihat bagaimana peranan setiap rakyat amat terikat dengan institusi kerajaan dan undang-undang. Oleh itu, tidak kira siapa anda, anda adalah layak mengundi untuk menentukan pembentukan majority yang akan menewaskan minority (walaupun 1 undi sahaja) dalam proses perjalanan negara ini. Oleh itu anda perlu akur bahawa hak memilih rakyat melepasi segala definasi politik (BN ataupun PR) dan juga melepasi sebarang undang-undang (jika ada – namun tak ada) yang menghadkan mana-mana penjawat awam supaya hanya mengundi BN. Jika ini berlaku, maka baiklah terus digubalkan supaya semua undi penjawat awam adalah automatic kepada kerajaan hari ini. Jadi eloklah kerajaan mengambil kerja kesemua rakyat yang layak mengundi dan buka lagi 20 kementerian untuk menampung pekerja-pekerja baru ini. Pasti mudah politik sebegini kan? Namun realitinya tidak begitu saudara ku. Realitinya, kita mesti memenangi undi dengan cara rela-hati rakyat untuk membentuk majority kemenangan. Mapukan cabaran saudara tadi memberikan walaupun hanya satu undi kemenangan yang mungkin diperlukan untuk mana-mana kawasan? Formula ini telah terjawab pada PRU12 yang lalu, dimana cabaran Abdullah BAdawi akhirnya memusnahkan UMNO dan BN. Untuk memenangi harapan rakyat kita mestilah mengenal pasti aspirasi akibat daripada kekecewaan rakyat. Ini akan kita dapat lihat dengan hati yang penuh rendah diri, jiwa yang sanggup menerima maki hamun rakyat dan selepas proses “lepas geram” ini selesai, apabila tiada lagi kemarahan, maka mungkin- mungkin sahaja kita akan mampu menjadi rakan mereka semula jika kita pandai mengambil hati mereka. Bukan dengan cara masuk kampung dan cabar sana sini kiri kanan macam apa yang dilakukan oleh Pemuda UMNO semasa Khairy Jamalludin membimbing mereka pada PRU12 yang lalu. Anda tengok apa jadi? Anda kena kurang mencabar sana sini, anda kena sedar kelemahan dan kelebihan diri anda dan juga kita semua. Kemudian anda ambil semua hakikat itu dan anda gembelingkan kepada usaha dan harapan kemenangan anda. Ada saya kata cabar lagi supaya menang? Hakikatnya saudara/saudari anak budu, mungkin kita sehaluan dalam fahaman dan pegangan politik kita, namun anda masih lagi perlu banyak mempelajari liku-liku selok kepimpinan diri sendiri, dan juga menghargai kekecewaan rakyat, kemarahan rakyat dan akhirnya harapan mereka semula. Ini adalah apa yang Datuk Sri Najib sedang lakukan hari ini. Beliau sedar, untuk menerima semula sesuatu, mesti ada proses pemulihan kepercayaan dan proses pemulihan kepercayaan tidak akan boleh berlaku jika anda hanya mahu dengar irama yang anda suka dan anda akan hanya jadi “yes man” mana-mana pihak, proses pemulihan tidak akan boleh berlaku selagi mana anda tidak sanggup menerima hentaman rakyat. Anda ingat PM hanya orang biasa? PM adalah institusi demokrasi Malaysia, maka kita perlu sedar siapa PM sebenarnya dan keupayaan beliau. Namun kita hentam beliau sana sini dan beliau hanya diam sahaja dan terus buat kerja beliau. Sebab apa? Sebab beliau sudah lebih 32 tahun hidup naik jatuh dalam permainan ini. Maka anda juga perlu sedar dan jangan jadi takabur dalam fahaman politik anda wahai sahabat ku. Nasihat ini adalah ikhlas dan sebenarnya membuang masa saya juga, tapi saya buat juga sebab saya tak tahu apakah destinasi politik anda. Mungkin anda akan jadi seorang ADUN atau Menteri satu hari kelak, maka izinkan saya menumpang nasihat minta ikhsan perhatian sahabat ku ini. Saya rasa anda pastinya berumur dalam lingkungan awal 30’an. Wahai saudara ku, semasa saya turun kempen dalam tiga PRU yang lepas, saya pernah diludak,

dibaling botol mineral semasa berdiri ditepi kereta Proton Perdana Tun (sewaktu Tun nak balik) di PWTC semasa mesyuarat khas MT UMNO pada malam 5 Sept 1998, saya pernah berkali diugut pukul/nyawa, saya pernah suatu ketika masuk kampung pada pukul 10 malam untuk kempen dan dikepung oleh sekumpulan pemuda pembangkang yang marah kerana saya memandu pacuan empat roda saya dengan lampu tinggi. Itu saja salah saya. Dalam situasi begini adakah saya turun kenderaan dan cabar mereka? tidak sekal-kali. Saya turun dna bersalam dengan rendah diri dan memohon maaf serta meminta sedikit laluan daripada mereka. Saya berpendidikan: 1) ijazah sarjana ekonomi (international business - USA) serta 2)LLB (Hons)dari London dan (3) LLM UIA (international maritime law) dan bukan nak menunjuk, jauh sekali, tetapi hanya nak menjelaskan bahawa saya lebih tahu hak saya sebagai rakyat, kalau saya ada ego pasti saya akan tercabar dan melatah tetapi saya akur sentiment semangat muda pada saat itu. Di pendekkan cerita, kami menang di kawasan ADUN berkenaan. Saya tak turun dari 4 wheel drive saya dan cabar mereka, mampuslah kami semua kalau saya buat macam tu betul tak wahai saudara ku? Saya memilih untuk mencari kekuatan dalam keikhlasan pada detik itu, keikhlasan yang saya hanya akan mampu perolehi dengan bersifat jujur pada diri sendiri dan pada ketika. Maksud saya, saya mengambil sikap merendah diri dan berhadapan dengan kumpulan pemuda kampung berkenaan. Saya sangat berpuas hati bila akhirnya mereka panggil saya “abang, silakan lalu, ikut sini lagi dekat bang”. Saya tidak akan dapat semua itu jika saya turun dan cabar mereka. Seperkara lagi wahai saudara ku, saya suatu ketika dahulu turun berkempen di DUN – tak payah saya sebut kawasan - (menang), dan ada seorang remaja yang meghulurkan tangan untuk bersalam dengan saya, apabila saya bersalam baru saya tahu dalam tangan beliau penuh dengan ludah. Bayangkan, wahai sahabat ku, bayangkan airliur penuh dengan gelema yang dipicit keluar dari tangan anda. Apa anda nak buat? Saya kena sebegitu hampir seminggu. Tapi selepas kita menang saya akhirnya dapat bersalam dan bermesra dengan mereka semua tanpa ada ludah ditapak tangan lagi. Patutkan kita marah dan cabar mereka jika menghadapi situasi ini wahai sahabat ku? JAWapan nya adalah tidak sama sekali. Kita bawa marah kedalam senyum dan kita bersihkan diri (saya bawa air mineral/tissue). Inshallah, selepas kita mendengar kemarahan mereka dan menerima semua penangan mereka, kita akan mampu semula bangun dari “leveled field” berkenaan. Pernah kena LDK? (create a leveled field first), Jangan anda berkata bahawa ketua-ketua jabatan mempunyai masalah membendung fahaman politik pembangkang dalam selimut mereka. Ini jelas menunjukkan anda hanya berpolitik “arm chair”. Tak payah saya ulas lebih lanjut tentang ini. Keadaan sebenar jauh lebih kronik dari bayangan anda. Saya berharap yang sahabat ku ini tidak akan melontar sebarang cabaran terbuka lagi dalam batuan politik beliau. Saya doakan kejayaan dalam impian beliau dan saya juga berharap beliau mampu menerima semangat perjuangan politik. Jangan kita hanya tahu menulis didepan komputer mencabar sana sini tetapi kecundang dimedan “pertempuran” politik. Cabaran wahai sahabat ku, adalah bagaimana nak bagi puak yang berkunjung ke ceramah pembangkang tetapi pada hari undi pangkah BN? Pernah rasa kehebatan “kemenangan” ini? Belum tentu kita menang lagi kawasan tadi, tapi kita telah menang harapan mereka. Itu sangat penting . Jangan mudah melontar cabaran sahabat ku, ianya akan makan anda semula. Ambil iktibar semua ini. Tengok cara Datuk Najib, apa dia buat kalau kena hentam? tak ambil peduli. Apa Tun Dr. Mahathir buat dulu kalau kena hentam? Kita jawab sendiri. Masa telah berubah wahai sahabat ku, kita perlu membuka semua ruang untuk permasalahan dan perbincangan serta kritikan, kita jangan sekali-kali melatah dengan laungan “cabaran”. Jangan jadi macam Khairy Jamalludin dan UMNO pada tahun 2008 di PRU12 yang lepas. Belajar dari kesalahan kita. Jangan jadi “yes man”. Jangan buta kepada kesilapan dan jangan mengiakan kesalahan atau kepincangan dimata/mata hati kita.

Berdiri dan cakap pengamatan/kritikan anda. Cara ini anda akan dapat kawan lebih banyak dari lawan. Anda bukan lagi orang muda hari ini, anda sudah jauh matang dalam politik. Carilah kemengangan bukannya kekalahan, tetapi lebih penting anda cari sahabat atau paling tidak pun kenalan dari lawan atau musuh. Maaf Tun, saya ikhlas dalam komen ini. Saya merasakan bahawa kematangan berpolitik insan bernama Dr. Mahathir Mohamad tidak diwarisi oleh generasi Tun sepenuhnya. Apapun, saya pohon maaf jika tersindir mana-mana pihak. Tun, saya terjumpa sebuah komik tentang diri Tun. Cerita memaparkan Tun masa masih seorang Doktor muda keluar masuk kampung membawa ubat dan mengubat rakyat. Penuh dengan inspirasi positif ketokohan Tun. Saya dah beli komik itu, tengah baca tetapi selepas sanak saudara berkumpul cuti Hari Raya Cina lepas, komik tu jadi rebutan ramai pembaca dan terus juga lesap. Agaknya anak-anak buah saya pinjam dan bawa pulang. Saya akan cari lain di kedai dan bercadang nak poskan kepada Tun.

Wassalam.

Saya harap sahabat saya anak budu faham isi kandungan surat terbuka ini. Maaf jika beliau tersinggung, jauh sekali niat dihati saya. Apapun, saya akan terima komen balas beliau dan berbangga dengan kematangan politik beliau kini. Dalam perjuangan kita perlu flexible dan mampu mendapat hadirin dari mana-mana jua pelosok perjalalan ini.

Assalamualaikum Ayahnda Tun & Bonda,

please allow me,

couldnt agree more with ahmadkamal on the heavy-bag issue & the way our government is handling the price of goods especially daily provisions. as i've mentioned somewhere, a few times, i'll say what i think is not right with our government though i support them (not blindly, thy) . it's not because of self-righteous claim or being hatred about almost everything but simply because we have our own thoughts and can be empathy with people at the grass root.

im a teacher myself & can see my daughter struggling every morning with her heavy bag stuffed with the textbooks, notebooks, workbooks n sationery for the day even after she has followed the schedule. this issue has to be resolved by education minister a.s.a.p. because we dont want our children suffer with their back. and it's the norm in any ministry that they, the subordinates, have to wait for the minister in charge to say something, then only they will act! do they not have the capacity to overcome things???

once we were introduced by this flexible time-table some time ago but sadly, i dont know why, it didnt work the way it was supposed to work... it was a good move to relieve the children's burden but all had gone in vain due to no reason. dead. pls do something ds muhyidin!

used to go to the markets & grocery shops, met with lower-income people who've been directly hit by hike in prices. we may not feel that bad about the prices of goods nowadays since financially, we can afford to buy daily provisions according to our need. fish, vegetables, rice, sugar, flour etc & ready-made or fast foods - some people have them every day as they find these convenient & time saving. but imagine families with only meager income, a trishawman, a small stallkeeper, cakes seller or odd job man in the village... they will be blinking their eyes hearing

the prices of the things & later, what they take home may only last for that day. the next day will be another heartbreaking story...

it's high time that the government own the stock of basic stuffs as to help the poor at time needed most. government must see that people are kept at bay when emergency arises & not to let the third party take the opportunity to mess up the situation especially with the capitalism pattern intermittenly occurs in our market. the poor will never make it in this very competitive market world. pls hear our plight, dear PM.

on behalf of my poor relatives whom i know still, many back in my kampung, planting paddy, tapping rubber for their landlords, doing odd jobs around the kampung & in other kampungs, i can feel your hardships. every time we went back, they'd be praising our parents (bless arwah ayah) me & my siblings for having a good & stable lives as all of us got through our study, managed to support ourselves & repay their kind deeds as much as we can, Alhamdulillah...

Tqvm Ayahnda Tun & Bonda. Both of you've been my inspiration.

May Allah SWT bless both of you, always.

Wassalam.

just my brain wave...

Hi all,

Just want to respond to some of dtan's postings:

-----snip-----

dtan; u said:

"The birth of Islam did not occur until 610AD (after Christianity).
How can you say that the Prophet Daud (King David) is a Muslim ?
He was an Israelite. How can Muslims take ownership of a lineage
when you don't even call yourselves Israelite's? "

fingolfin;

dtan, u really sound like someone who talks and repeats after listening to others... just like a parrot, if one wants to put a synonym on your name.

before you ask "How can you say that the Prophet Daud (King David) is a Muslim ?", u should try to go and understand the word 'muslim' first.

A "Muslim" is a person who keeps Islam as his faith.

What is Islam? Islam is a religion which believes in The One True God (whatever name ppl call him - but this is another entire lengthy topic so I wont go there).

Now lets look at what was the One message EACH AND EVERYONE of the prophets (these include, among others, the names like david, solomon, mooses, abraham, jesus, jaacob, muhammad - peace be unto all of them) tried to convey to their people. Its simple - THAT THERE IS BUT ONE GOD!

Now His religion (I use the masculine term for God just for simplicity) has been around since before any of these prophets were born, in fact, since before humans came into existence i.e. before He created Adam.

"Islam" is just a word, in Arabic means, 'to surrender'. In essence, to surrender your entire being to the service of the One True God. Hence, there is nothing wrong, in whatever angle one wants to see it, with the statement that "King David (pbuh) was a muslim". It just means that King David was a prophet who believes in The One True God.

And further, Islam is not 'taking ownership' of any lineage whatsoever. To God's eyes, we are ALL human beings - be it jews, chinese, indians, malays, caucasians, african, latino etc. We are all the same as far as He is concern. He created us in different races just so that we could learn about ourselves from one another, not for an excuse to have bloody wars against each other!!

-----snip-----

dtan; u said:

Is it because Muhammad claimed to have a final revelation? Even that is disputed, as Islams' revelations differ so greatly between Judaism and Christianity. Jesus didn't die on the cross, Jews believe in Ezra (Where did that come from?)

fingolfin:

dtan, i should say what u said above to you - Where did that come from, mate?

When has Muhammad's (pbuh) teachings differ so greatly with the teachings from the other monotheists? Islam believes in Jesus (not as a god but as a prophet). Islam believes in Jesus being resent to earth again as the Messiah. And most of His teachings bear great resemblance of all of the teachings of the Books - Torah, Psalms and Bible before he revealed the final revelation in Quran.

Now you may ask why then, Islam doesnt accept all of these other Books, now?? The answer is - All of the other Books are not in its full entirety, in its original form anymore. Some of the verses and messages were added and/or omitted in the "recent" publications.

Who are we to ammend what has been said by the prophets?? I leave that for you to ponder.

And Quran, since Muhammad (pbuh) finished conveying all of the verses, has not been ammended until this very second you are reading this. I am very confident of it and so are each and every muslim in this world.

Lets go a step further - I challenge you to show me two Quran that is different in its verses from one another. Understand that Im talking about the original version, not the tafsir/translation of It. Let me know if you have found any, ok buddy.

There is nothing wrong with God's religion, be it judaism, christianity or islam. Its just we, the ones who are supposed to practise them in His way were the ones doing all the wrong things in this world. And Im talking about each and every one of us!!

Peace to all...

Assallammualaikumwarahmatullahiwabarokatuh..

Semoga mendapat keiizinan dan perkenan dari Tun..

Mr ravi aka rarunasalam..Finally..I got you where it matter's most!!

Now..read carefully..

When Bill Clinton "misdemeanor" with Whitehouse unpaid summer intern broke out,naturally the American press hounded him.This is my own version of his interview ("press" and "release" ?)with one fictious press representative.

Light Note:

Press : Mr Clinton sir..it is true to you have sex with her?

Clinton : No..No..utter nonsense.Just where you do you get this idea?

Press : Ok..Mr President..maybe you did bed her?

Clinton : No..It's all rubbish..

Press : Or did copulation between you and her took place?

Clinton : No damn you.Nothing "improper' took place between us!!

Press : Ok..Mister President..Do you care to told your account?

Clinton : In brief?

Press : Yes..in your brief..err I mean make it brief..

Clinton : You know I am a saxphone player.So..All I did, I taught her sax (emm..the sound does not seem's right?)in courses.You know I even treats her many meal.

Press : So..You did admit of having intercourse with her?

Clinton : Yes I did..Between the course of the sax and the meal I did have "intercourse" with her..:))

Press : There you have it..Our esteemed Mister President categorically denied any sexual relations with the Intern (who cannot be named for obvious reasons..psst.Until she willing to sell the confession to the highest bidder).But Mister President did admit having intercourse with her!!

GO FIGURE!!

There Mr Ravi..For the Great "US" of "A" it is a joke playing in term and definition..Coming back to local scene..There is one Senior Politician who verified that tomorrow is not an election date when asked when is the election date..

Walla!!!..Lo and behold..The Parliment dissolved the very next day and what does the Senior Politician said??

It is a "strategic disinformation" of winning several leverage..

For us..The farmer,rubber tapper,fisherman,peasant and the man on the street..This is pure lying..And again when asked when will be the next petrol increased..No..not in few month time..Again..

Lo and behold..The next day the petrol price increased manyfold that makes the rakyat suffers and angry still..

So..Mister Ravi..Life is all about belief.You does not belief Tun have contributed so much to this countries..Yet you believe in his sucesor..Who "lost in deep meditation looking for Al Ghazali" ..many times over..Ordinary people like me believes that he stole forty winks more so often..

So..here we differ..It's ok to have differrent beliefs..It's ok to have irritant that provides catalyst for oyster to breeds pearls..But the pertinent question is..

Do you think you can hoodwink us the ordinary citizen..? The commoner?

Mr Ravi sir..I remember you are the needed irritant in Tun blog to breeds pearls..But sir..it is necessary?..

Terima kasih Tun..

First treat your fellow Malaysian with respect and as an equal. Then go and talk about other countries.

When you discriminate against other Malaysian because of their religion or race, what right do you have to tell others not to do it. It's like the pot calling the kettle black.

King David ruled Israel about 3,000 years ago while islam was born in 632 A.D. (about 1,600 years later than King David). So, please reveal to us how David was Muslim. It was the Muslims who changed David to Daud and Abraham to Ibrahim and Moses to Musa.]]

You are an educated man of a calibre. At least a lot more than Mr Ravi.. in my opinion that is.. So..

Apart of having my own opinion, I have my own belief. This set of belief I shared most with my muslim counterpart. We got our source information from Al Quran and hadith. In this belief.. Allah stated all that I have stated earlier.. And I respect your views and belief of not believing them..

[[Is it your contention then that Abraham and Moses, born Jews who practised Judaism, were also Muslims? And perhaps the Buddha and Guru Nanak too?]]

Yes.. it is true.. Starting from Adam, Noah, Abraham (Ibrahim) and Jews.. all were Muslim. Buddha in other name is a muslim too. Have you seen the monk practiced their prayer's.. In China once I saw them rise up and down similar to muslim prayer's.. Guru Nanak.. I believe so too.. Have you check their integral part of faith??

Muslim are united once.. From Ham and Sam (Black and White) they multiply to many faith and believes.. It's ok not to beliefs.. It is not ok to ridiculed other faith and belief..

What was that? I am guilty of my own admonishment?? Nah.. That ain't true brother.. I responded they ways thing warranted response.. In this sense.. donplaypuks please "look" up the real definition of "blind".. For where tunnel vision is concerned, there is no

new definition to the terminologies..

I am not guilty of this view where tunnel vision and parallax view distorts my images.. but

Do you??

[[dtan

I would suggest that you broaden your horizons rather than have a singular minded approach to history. If you want to compare history and scripture. You need to use a benchmark i.e. timeline.]]

Agreed. On this aspect, you should take your own advice.. The timeline is from Adam a.s. where the Jews and the Christian refused to acknowledge. They have their own version of truth regarding history. We have our own that is Al Quran. The TIMELINESS..

[[The birth of Islam did not occur until 610AD (after Christianity)
How can you say that the Prophet Daud (King David) is a Muslim ?]]

The birth of Islam is engendered together with Prophet Adam a.s..So
if you all the people in this world does not believes them will not changed the salient fact.Thus..it
does not comes as suprise that Prophet Daud a.s is a Muslim!!

[[He was an Israelite. How can Muslims take ownership of a lineage
when you don't even call yourselves Israelite's? Is it because Muhammad claimed to have a final
revelation? Even that is disputed, as Islams' revelations differ so greatly between Judaism and
Christianity.Jesus didn't die on the cross, Jews believe in Ezra (Where did that come from?) etc
etc etc.]]

It is true Nabi Daud a.s is an Israelite.That's why Allah admonished them in Al Quran..Surah
Bani Israil is specifically mentioned them..Muhammad s.a.w does not claimed final
revelation..It was commanded and decreed to him by Allah.Disputes..yes..that is the term and
definition's..

Islam says Nabi Isa a.s (pray who is Jesus ?) did not die on the cross.Isa as.

"Di angkat kepada Kami (Al Quran)

And we believes in Ezra too.Only in Islam he is Nabi Uzair a.s, the story mentioned in Al
Quran..

[[I would say that Muhammed had a different revelation simply because
Islam does not accept any of the Torah or Bible scriptures. It makes logical sense because if you
want claim lineage you have to accept some portions of older/other scripture inorder to connect
the dots.]]

Agreed.Islam does not accept Torah and Bible.We only accepts Taurat and Injil.Taurat and Injil
is unblemish from human interference..The same cannot be said about Torah and Bible..It is
logical sense to accept the portion of older scripture..That is unblemish Taurah and Injil which is
consolidated in one final and perfect scripture..Broaden you horizon's..Wether to agrees or to
diasgrees..

That final scripture is

Al Quran..

Per Wajaperaks' entry Feb 17, 2010 8:31 AM

Dear Wajaperak,

I would suggest that you broaden your horizons rather than have a singular minded approach to history. If you want to compare history and scripture. You need to use a benchmark i.e. timeline.

For example:

The birth of Islam did not occur until 610AD (after Christianity). How can you say that the Prophet Daud (King David) is a Muslim ? He was an Israelite. How can Muslims take ownership of a lineage when you don't even call yourselves Israelite's? Is it because Muhammad claimed to have a final revelation? Even that is disputed, as Islams' revelations differ so greatly between Judaism and Christianity. Jesus didn't die on the cross, Jews believe in Ezra (Where did that come from?) etc etc etc.

I would say that Muhammed had a different revelation simply because Islam does not accept any of the Torah or Bible scriptures. It makes logical sense because if you want claim lineage you have to accept some portions of older/other scripture inorder to connect the dots.

Assalamualaikum ayahnda Tun & Bonda,

Izinkan anaknda,

Sabarlah ayahnda Tun. doa kami yg menyayangi Tun agar Allah Ta'ala tetap memelihara Tun. apa nak dikata, rata2 dunia berita telah dipengaruhi oleh cara pemikiran zionist. contoh paling dekat yang ada di malaysiakini. umum mengetahui semua berita dlm malaysiakini tentang Tun

merupakan berita buruk2 belaka, tidak ada sedikitpun kebaikan Tun bagi mereka ini walaupun hakikatnya mereka hidup senang hari ini hasil dari pemikiran & pemerintahan Tun dulu. sengaja mereka buta, Tun. semuanya dirancang sebegitu rupa supaya ketua umum mereka di sini nampak hebat & betul sentiasa. namun bukan semua rakyat malaysia ni berfikiran seperti malaysiakini & angkatan kaki pusing berita mereka. saya yakin sebahagian besar rakyat malaysia masih bersama Tun & percaya kita bukan mudah dibututulkan oleh puak2 yang berpaksikan zionist ni. kita juga tidak semestinya menerima bulat2 apa yg Tun kata tetapi bila kita merujuk kepada sumber2 lain yg menyokong kenyataan Tun, tentunya kita harus menerima kenyataan yg ada.

saya akui bukan semua yahudi itu jahat kerana ada yahudi yg mendapat hidayah & memilih menjadi Muslim (banyak bukti di u-tube) tapi yahudizionist yg totok tak mungkin menerima hakikat bahawa mereka ialah bangsa yang dilaknat oleh Allah Ta'ala. mereka tetap merasakan mereka bangsa yang terpilih sedangkan hakikat itu hanya wujud hanya semasa mereka diselamatkan oleh Nabi Musa A.S dari kekejaman firau yang menghalau mereka dari bumi mesir dahulu. Bila Nabi Muhammad S.A.W diutuskan ke dunia, umat Islam pula yang menjadi umat terpilih sebagaimana tersebut dlm AlQuranulKareem. inilah hakikat yang tidak dapat diterima oleh zionist sehingga hari ini, Wallahu'aklam... Namun, dalam Islam hanya mereka yang betul2 beriman & bertaqwa diterima Allah SWT. sayangnya dunia hari ini lebih menerima kelaziman yang dibawa oleh yahudi terutamanya melalui budaya melulu barat yang menghalalkan segalanya demi kemenangan mereka. politik barat terutamanya yg diterajui US bukanlah satu2nya sistem yg perlu kita teladani kerana banyak yang tidak kena dgn sistem itu sendiri.

terbaru, senator evan bayh (indiana) meletakkan jawatan sebagai anggota senat US kerana tidak dapat menerima sistem politik US yang beliau anggap "gagal berfungsi", "mempunyai penyokong2 tegar yang lumpuh pemikiran" & menjalankan kempen2 yang berterusan untuk mempertahankan kedudukan anggota senat sehingga mereka ketiadaan masa & sukar meluluskan undang2. "AP's Liz Sidoti says Evan Bayh's dislike for the Senate is a reflection of the public's perception that there's too much partisanship and things don't get done in Congress". dalam sistem liberal US pemilihan senat dipengaruhi oleh sokongan koperat yg mengeluarkan perbelanjaan yg besar bagi memastikan kemenangan tokoh pilihan mereka. persoalannya, siapakah dibelakang korporat2 ini? tentunya mereka yg menguasai ekonomi US & mahu terus menguasai ekonominya....

dan kita di malaysia pun mempunyai tokoh yg ditaja oleh kuasa asing ni. asyik sibuk menafikan hubungannya dgn mereka sedangkan rentak hidup sentiasa dibayangi puak2 barat hinggakan pihak asing dijemput masuk ke dalam kediaman untuk makan semeja, menerima sokongan dari semasa ke semasa dalam pelbagai bentuk, pengajian anak2nya sendiri dia akui ditaja oleh barat. sebab itulah dia sedia tunduk kepada kuasa asing dgn sentiasa menagih simpati dari pihak asing dalam kes perbicaraannya dulu & sekarang. semalam khabarnya pemimpin2 asing di doha menunjukkan simpati mereka terhadap beliau yg kononnya dianiayai dgn konspirasi yg tak habis2...

ingatlah hai rakyat malaysia, takkan ada pihak asing yg bersimpati dgn nasib seorang melayu beragama Islam jika tidak ada kepentingan di pihak mereka! kalau ada mamat sorang ni dari kg jenahak ka, kg gelam ka, yg merayu simpati dari pihak US atau Australia kerana kes perbicaraannya di mahkamah, adaka US @ Australia akan menerkam tunjuk simpati mereka?? maaf, tak ciembau punya...yg merayu ni sorang penentang kerajaan tersohor, yg

pihak asing boleh gunakan sepenuhnya untuk menyalurkan pengaruh mereka...sendiri mau ingatla!

kita juga tidak nafikan pemikiran tokoh pengikut parti2 politik di malaysia juga wujud. kadangkala tidak masuk dek akal cara penyokong2 parti2 politik ini menyuarakan sokongan mereka. saya tidak menamakan mana2 parti tetapi boleh dikatakan ramai yg hilang pertimbangan dalam menunjukkan sokongan kepada pilihan mereka sehinggakan ahli2 politik yg terang2 merosakkan agama, bangsa & negara disokong membuta tuli, mereka yg dikatakan alim ulamak menjaja agama, menukar watak dari bandar ke desa, dari biasa2 kepada ustaz waraq, dari arus moden ke cara kampung ulu, penuh kepura-puraan tanpa rasa segan & malu kepada Allah Ta'ala yg Maha Melihat, Maha Mendengar & Maha Mengetahui!!!

mereka tunduk kepada tekanan rakan & lawan, tidak berupaya membimbing keluarga kejalan Allah, tidak berani & gagal menyatakan kebenaran, bersubahat dlm segala kemasyalahatan, mempermainkan undang2, memanipulasikan orang bawahan, menfitnah, berbohong hari2 bak makan nasi hatta sanggup memperdagangkan ayat2 suci AlQuran semata2 hendak kekal berkuasa termasuklah yg menjadikan parti politik mereka sebagai warisan ahli keluarga tanpa mengenangkan susahpayah, penatjerih penyokong2 tegar mereka yg miskin dan kaumkeluarga mereka yg papa kedana yg sepatutnya wajib mereka tolong. sebaliknya tokoh2 politik ini memperdaya & mempergunakan penyokong2 setia mereka demi untuk menjayakan cita2 sendiri yg tersangat ingin berkuasa. setelah berkuasa sedikit, mereka ke sana ke sini berkawan dgn bangsa asing yg sedia menanti peluang untuk memecahbelahkan kita...berapa ramai yg sudah merasa peritnya tapi belum juga sedarkan diri semata2 kerana berpegang kepada slogan yg basi??? bila anda susah, ditangkap kerana berdemonstrasi menyokong tokoh pilihan anda, apakah tokoh pilihan anda pula menyokong anda bermati-matian? harap2 ramai yg semakin sedar...

begitu sinis politik kepartian di negara kita. sayangnya rakyat biasa tersepit di bawah. namun sebagai manusia yg di kurniakan akal, fikirkanlah kesannya kepada keluarga kita - anak cucu keturunan kita - sekiranya kita menganggap kerajaan yg ada di malaysia ni tidak cekap mentadbir negara, buatlah pertimbangan yg wajar. namun jangan kerana membangkang membabi buta, kita gagal melihat kebaikan yg sedia ada. kita sepatutnya mendokong aspirasi kerajaan yg mahu melihat negara kita menuju wawasan 2020 sebagaimana yg ingini oleh Tun, Insyallah. tetapi bukan semua bentuk perlaksanaannya kita patut sokong. jika ada kecelaruan, berbincanglah melalui saluran yang betul, jangan asyik menghentam dari belakang kerana ianya tidak memberi apa-apa kebaikan bahkan menambahkan dosa kita yang semakin bertambun, membazir masa kerana cara begitu tidak mendatangkan hasil kecuali syok sendiri dok maki hamun kerajaan...apa yang kita dapat? syaitan jugak yg untung!

namun, ada kakitangan kerajaan yg bersikap seperti gunting dlm lipatan, pembelot & hari2 hidup dalam kepura-puraan demi gaji yang mereka terima. di kalangan guru ramai yg TERANG2 menyokong pembangkang & sentiasa berfikiran macam pembangkang, serba-serbi dibangkang walau kepada perkara baik sekalipun, semata2 kerana mereka penyokong pembangkang & mengiyakan apa saja kata pembangkang tanpa menyelidik lebih lanjut. saya bersimpati dengan mereka tetapi lebih bersimpati dengan majikan/gb/pengetua yang terpaksa menghadapi karenah guru2 bertalam dua muka begini. takut meletakkan jawatan tetapi terus-terusan sampai mati mematak tangan yang memberi...

bukankah pelik ada "seorang cikgu tu" (rasa2nya ramai kakitangan kerajaan persekutuan yg berperangai begini) yang terang2 mengaku menyokong tok guru, atau pemimpin pkr, dap dan mengatakan kerajaan malaysia ni kejam, penipu, pemimpin malaysia dilabelkan sebagai pembohong, penyangak, menyalak sana-sini bagaikan anjing, sultan di negeri sendiri di anggap tidak ada hak menentukan MB dan bermacam tohmahan serta memberitahu beliau tidak membaca suratkhbar, menonton tv tetapi menghentam kerajaan seolah2 dia tahu serba-serbi selok-belok pemerintahan negara & negeri. rasa2nya perlembagaan negara & negeri sendiripun buta!!!

cikgu2 yg begini eloklah letak jawatan kerana jika anda berkata kerajaan penipu, mengapa anda sanggup makan gaji dengan kerajaan penipu? jika anda mengatakan kerajaan ini pembohong, menindas cikgu, mengapa anda masih juga ingin makan gaji dengan kerajaan begini? jadilah seorang guru mulia pekerti, letaklah jawatan anda sekarang & kerjalah dengan kerajaan yg anda anggap tidak menipu, yang anda sokong sepenuhnya. mengapa? tak berani? sebab gaji guru kerajaan negeri kecil dari yang anda terima sekarang kan? pencen pun ciput jugak, kan? sayangnya pulak jika anda berhenti walaupun BERLAWANAN dengan jiwa pembangkang anda kerana anak2 anda juga sedang menerima tajaan kerajaan penipu ini iaitu dari jpa, petronas & mara dan lain2 tajaan. habis pengajian mereka juga mengharapkan kerajaan akan mengambil mereka bekerja seperti anda, kan? mengapa anda terima tajaan dari kerajaan penipu ini? tidakkah anda bersubhat juga namanya bila menerima tajaan jpa, petronas & mara bagi pengajian anak2 anda sedangkan badan2 ini adalah kepunyaan kerajaan yang anda anggap penipu? bagaimana anda nak menjawab jika anak2 anda tanya soalan yang sama macam saya tanya kerana kita sudah tentu ajar anak2 kita jangan ambil barang atau terima duit dari orang lain apatah lagi jika orang itu kita tidak suka @ benci...senang saja didikan kita, kan? tetapi amalan, tindakan & perbuatan kita jauh berbeza dengan ajaran kita sendiri...amat jauh

anda katakan anda berhak terima gaji kerana anda BEKERJA tetapi anda lupa DENGAN SIAPA anda bekerja? apa pulak yang anda tarbiahkan kepada anak2 anda? bahawa tidak mengapa kita menerima pemberian dari pihak yang menipu kerana kita berjuang atas landasan yang betul? bahawa tidak salah kita memakan hasil dari pekerjaan kita yang gajinya diberi oleh pihak yang menindas? bahawa kita redho sekarang berada di bawah kerajaan penipu & menerima gaji darinya kerana kita tidak ada pilihan lain? bahawa kita tidak salah menerima tajaan kerajaan penipu ni walaupun kita sedar hakikat kita menerimanya dari pihak yang amat kita benci? bahawa berkerja dengan kerajaan penipu ini adalah demi kelangsungan hidup kita ke anak-cucu? untuk memberi contoh kepada pelajar2 kita bahawa tidak salah melawan pihak yang sedia memberi kebaikan kepada kita? bahawa apa yang kita perjuangkan hari ini walaupun terpaksa bergaul, makan & minum bersama2 pihak yang menyokong kerajaan tetapi tidak lari dari "perjuangan" asal kita?

ada juga mengatakan sultan tidak ada hak menentukan MB. bagaimana jika gb/pengetua menukarkan seseorang guru itu ke sekolah lain? adakah anda akan kata gb/pengetua anda tidak berhak menukarkan anda? gb/pengetua mempunyai hak penuh menukarkan anda sekiranya beliau berpendapat anda tidak memberikan kerjasama sepenuhnya kepada beliau atau dia memang tidak menyukai anda - satu sebab itu sahaja mampu membuatkan anda ditukar, belum lagi sebab2 lain!. bolehkah kita bekerja dengan orang yang tidak kita sukai? apa lagi jika sekolah "cluster" atau sekolah cemerlang. gb/pengetua berkuasa penuh! tetapi biasanya yang menjadi gb/pengetua sekolah begini amat tinggi rasional mereka, mereka selalunya menukar orang yang

suka membangkang, saya amat memakluminya... tidak seperti pembangkang, kalau boleh semua orang dia nak ketepikan, satu sekolah, dia sorang saja dok ada!!

jadi, mengapa pulak sultan yang memerintah negeri & rakyatnya, yang tahu undang2 badan tubuh negeri perlu tunduk pada pendapat anda sedang baginda tahu natijahnya jika terus mengikut rentak pembangkang? mau tergadai negeri nanti...selidiklah dahulu undang2 tubuh negeri sendiri sebelum melompat kepada kesimpulannya. tanyalah diri sendiri siapa sebenarnya yang mahu merosakkan kita di negeri kita sendiri...orang lain kah atau kita sendiri?

bertindaklah segera jika anda merasakan anda jujur dan berada di pihak yang betul. letak jawatan sebagai guru yang berkhidmat dengan kerajaan persekutuan kerana rasanya mendengar nama kerajaan persekutuan pun anda dah loya, bagaimana anda boleh tahan bekerja dengan kerajaan ini, ya? bekerjalah sendiri, berniaga atau buka taska, sekolah sendiri, gunakan kepandaian yang anda dapat hasil dari ilmu yang anda belajar disekolah kerajaan, dimaktab kerajaan atau di universiti kerajaan untuk mencari rezeqi yang lebih bersih & mulia. saya bukan sengaja mencabar anda yg berfikiran begini tetapi hakikatnya anda tidak layak menyatakan apa-apapun mengenai majikan anda kerana anda tidak berupaya untuk berbuat lebih baik dari itu.

kita & anak2 kita membesar hasil dari kebajikan yang kerajaan sediakan - klinik ibu, hospital kerajaan, sekolah kerajaan, maktab kerajaan, universiti kerajaan, segala2nya dari kerajaan tetapi kita sengaja lupakan semua hakikat itu hanya kerana beberapa perkara yang tidak memihak kepada kita & keluarga kita atau pemimpin pilihan kita? adakah semasa belajar kita & anak2 kita tidak mendapat bantuan biasiswa, buku teks atau bahan2 pembelajaran? adakah kita tidak mendapat guru2 yang baik semasa belajar dulu? adakah bila habis pengajian kita tidak diberi tempat yang sewajarnya? adakah selama kita bekerja, kita di tindas sehingga tidak mendapat faedah apa-apapun? adakah bila bekerja, orang lain naik gaji, kita tidak mendapat kenaikan tersebut? adakah kita tidak diberi cuti mengikut peraturan kerja dan tidak pernah dibenarkan bercuti sepanjang bekerja? adakah ketua tempat kita bekerja mencekikdarah kita dengan memotong gaji kita sesuka hatinya? adakah kita yakin gaji yang kita terima adalah yang kita terhak?

belajarlah menerima hakikat walaupun pahit. jangan anggap pertanyaan2 saya ini sebagai tidak perlu direnungkan. tanyalah hati kecil anda, anda mahukan yang macam mana sebenarnya? kalau anda mahukan kekayaan seperti oranglain, carilah kekayaan tersebut namun bukanlah dengan cara menjatuhkan oranglain atau melalui cara yang keji. bukan semua keinginan kita boleh dizahirkan, bukan semua impian boleh kita capai kecuali mati. yang ini, tidak ada insan yang mampu menolak takdirnya, saudara saudari. akan adalah serba sedikit kecacatan sepanjang hidup kita kerana tidak ada sesiapaupun yang sempurna kecuali junjungan kita yang maksum. jika ini kita fahami, kita patut bersyukur banyak2 kerana kita tidak miskin sebenarnya... mungkin jiwa yang miskin kerana sukar menerima takdir!

belajarlah menghargai kebaikan yang ada sebelum semuanya hilang di telan usia. belajarlah menyedari bahawa tidak guna membangkang semata2 kerana sikap yang suka membangkang. jangan suatu hari nanti anak2cucu kembali membangkang & memaki hamun anda semata2 kerana anda anggap anda berhak atas segala2nya kerana mereka juga akan berkata mereka berhak! jangan bersikap orang lain semua salah tetapi aku tidak. kembalilah mengenang jasa, tak kiralah dari siapapun kerana itulah yang dituntut oleh Islam. lihatlah kebaikan yang selama ini anda nikmati. takkanlah tidak ada satu apapun yang anda pernah nikmati dari kecil hingga

dewasa? adakah anda terus-terusan mewarisi kemiskinan ibubapa anda? adakah anda menjadi semakin bodoh setelah bertahun2 belajar sehingga tidak mampu memikirkan kebaikan2 yang ada disekeliling? apa lagi yang anda inginkan setelah menghampiri suku abad, setengah abad atau hampir satu abad hidup anda hinggakan terus merasakan masih serba-serbi kurang? lihatlah orang yang lebih susah hidupnya tetapi mereka tidak mengeluh-kesah, membangkang segalanya seperti anda. jika anda rasa kekurangan dari segi ilmu agama, maka itu adalah lebih baik dari memanjang menidakkan nikmat yang dirasakan selama ini...

Maaflah ayahnda kerana mengambil ruang menyatakan hal ini kerana anaknda hairan mengapa ramai yang suka melihat gelas setengah kosong dari gelas setengah penuh!!!

jadilah insan yang tahu berterima kasih & bersyukur dengan nikmat kemerdekaan ini. negara kita aman & damai kerana kitalah yang mendokong keamanan ini, bukan oranglain yang datang membantu...jangan jadi bangsa yang angkuh, yang tidak mahu bersyukur. sekali lagi ingin bertanya kepada kakitangan kerajaan yang tidak pernah mahu berterimakasih atas segala nikmat Allah Ta'ala turunkan kepada negara kita melalui kerajaan kita, apa lagi yang anda semua mahu? mahu memerintah sendiri? perintah anak2 anda sendiri dahulu terutamanya yang sudah sewasa. jika semuanya mengikut kata2 anda 100%, mujur...

Semoga kita semua mampu memperbaiki kekurangan diri, anak2 & keluarga sendiri dari asyik melihat kekurangan orang lain & melabel & memaki hamun mereka sesuka hati...sempat mintak maafka nanti? kalau tak sempat, susah ooo nak mati...

Salam bahagia akhir kata buat Ayahnda Tun & Bonda. Moga diberkati Allah Ta'ala selalu..
Wassalam...

You are an absolute denial person. I think you are under someone payroll and your sole responsibility is to rebut anything and everything about Jews evil doings.

You need not to do all these rebuttal as we that you called Goyim knew Jews a lot more better that you do, and you seemed to be so naive and blurred about your very own natives. And you must be ashkanazi Jews (the fake Jews of Khazars origin with Talmud faith).

Salam Tun,

Kita tahu permainan mereka, tetapi bagaimana mereka(Zionist) memanipulasi situasi sehingga dunia terpaksa tunduk dan mengiakan yang putih adalah hitam dan sebaliknya.

Ketamakan dan tipu helah mereka menyebabkan ketidak tentuan politik dan keselamatan dunia sekarang.

Jangan kita ambil tak endah akan kemampuan mereka. 2 state solution memang telah dipersetujui oleh pihak Palestin pada siding keamanan Oslo, akan tetapi ianya tidak menjadi kenyataan kerana permainan kotor pihak Zionist ditambah pula mereka merancang untuk menundukan Hizbollah dan Iran dengan permainan kotor yang sama. 3 in 1. assalamualaikum Tun.

malaysia kini atau orang yang mengendalikannya adalah mereka yang tidak mempunyai matlamat .hanya nak cari populariti kononnya mereka pejuang kebebasan.lihat lah latarbelakang mereka.diri sendiri pun tak betul.

memperjuangkan tamadun songsang.mcm amerika.kononnya pejuang kebebasan manusia sejagat,tapi dia lah yang telah menyebabkan ratusan ribu rakyat iraq mati,rakyat palestin menderita tak kurang juga ramai yang meninggal dunia. sesungguhnya manusia adalah ciptaan ALLAH yang mulia dan tinggi darjat nya berbanding mahkluk lain ciptaan NYA.kita diberi akal oleh NYA untuk kita berfikir yang baik dan buruk.

namun begitu ALLAH tetap bekalkan kita(hambanya) dengan Al-Quran sebagai panduan andai manusia buntu atas apapun masalah yang kita hadapi. apabila manusia berfikir sebagai seorang manusia tanpa panduan agama dan Al-Quran sama lah macam haiwan yang hidup dalam dunianya iaitu hanya mengikut fitrah kejadiannya ,tanpa panduan dan pedoman.

hebatnya manusia bukan kerana mereka bijak dan pandai berfikir tetapi kerana kita ada panduan, pedoman. barangkali tidak ada manusia yang berjaya tanpa pedoman dan panduan oleh manusia terdahulu. berkaitan dengan kebebasan pula .sebenarnya jika kita anggap diri kita sebagai manusia maka tiada kebebasan mutlak untuk kita, sebab kita hidup berteraskan agama juga undang undang. KECUALI haiwan yang hidup tanpa undang undang . Wallahualam.
minta maaf Tun jika lari dari tajuk.

Assalamu'alaikum Warahmatullah Dear Tun,

Well Sir, what can we expect from a group that was saved from the calamities by Allah s.w.t through

his servant Prophet Musa a.s in which they suffered for hundreds of years and then later went astray

by worshipping the 'golden calf'.....? There's something about the character that could tell us all about the group....And that has got nothing to do with anti-semitic...that's just some facts from the

history...

May Allah s.w.t bless you with a great health and grant us the great victory !

Thank You, Wassalam

Ravi,

If you are talking about "the rise of Israelite Kingdom", have you ever question yourself regarding the original people occupying the Canaan (Palestine) at that time?

Who did invade them?

Who did brought the 12 Israelite tribes to the Canaan? and whence?

And at what rights, the Israelite can reclaim their lost kingdom and land?
If they can do that, then why the original occupants of the Palestine land loss their rights to do the same? and whence?

If you don't have the answers to all the questions instantly,

Then I believe your history knowledge is just limited to "the rise of Israelite Kingdom", not hundreds of years before that.

On the false claim of the Jewish homeland - Mohammad Assad* (Polish Jew who embraced Islam) argued with Dr. Chaim Weizmann, foremost Zionist:

'But it is our country,' replied Dr. Weizmann, raising his eyebrows. 'We are doing no more than taking back what we have been wrongly deprived of.'

'But you have been away from Palestine for nearly two thousand years! Before that you had ruled this country, and hardly ever the whole of it, for less than five hundred years. Don't you think that the Arabs could, with equal justification, demand Spain for themselves - for, after all, they held sway in Spain for nearly seven hundred years and lost it entirely only five hundred years ago?'

Dr Weizmann had become visibly impatient: 'Nonsense. The Arabs had only conquered Spain; it had never been their original homeland, and so it was only right that in the end they were driven out by the Spaniards.'

'Forgive me,' I retorted, 'but it seems to me that there is some historical oversight here. After all, the Hebrews also came as conquerors to Palestine. Long before them were many other Semitic and non-Semitic tribes settled here - the Amorites, the Endomites, the Philistines, the Moabites, the Hittites. Those tribes continued living here even in the days of the kingdoms of Israel and Judah. They continued living here after the Romans drove our ancestors away. They are living here today. The Arabs who settled in Syria and Palestine after their conquest in the seventh century were always only a small minority of the population; the rest of what we describe today as Palestinian or Syrian "Arabs" are in reality only the Arabianized, original inhabitants of the country. Some of them became Muslims in the course of centuries, others remained Christians; the Muslims naturally inter-married with their co-religionists from Arabia. But can you deny that the bulk of those people in Palestine, who speak Arabic, whether Muslims or Christians, are direct-line descendants of the original inhabitants: original in the sense of having lived in this country centuries before the Hebrews came to it?'

Dr. Weizmann smiled politely at my outburst and turned the conversation to other topics.

Dear friends,

Besides condemning and telling the world of Isreal's explicit intention to take on whole Palestinian lands, do not forget our individual roles to enrich and prepare ourselves now for the sake of Muslim future. Don't be like a cock that tells people that morning has approaching while others do a right thing by working. Fix ourselves, don't be consumed with bumiputra status, rich ourselves with knowledge, facilities, money, infrastructure, be creative and innovative. InsyAllah we can beat 'them' in future.

Dear non-muslim friends,

Maybe you choose to be blind with this Palestine issue. Palestine is very close to our heart. Our brothers and sisters are suffering over there. If you don't understand this, just think of robbers breaking into your house, robbing your belonging, damaging your house and expel you from your house, shot your 2 years old daughter at her forehead from 1 meter range, strip your wife naked while those robbers wearing spectacles laughing at her. Do you stay still or fight? I do not know what kind of 'human race' are you to just forget about this and urge Malaysian to think about our troubled internal issues alone. You try to hear voices from both parties (Palestine and Israel) and finally you unjustly have tolerance to a murderer that wearing coat and necktie, because they talk nice and many of them are professional and not like Arab that full of anger in their voices and live in a desert. Why don't you stamp America as terrorist when they lied about WMD in Iraq which killed thousands of grandfathers, grandmothers, fathers, mothers, sisters, babies in a war that was created based on lies? Is it because they have manners in talking and wear coat and necktie? Or is it because the company you worked belongs to Americans and it feeds your wife, sons and daughters? Wrong is still wrong no matter how you picture it to make it looks right.

Assalamu Alaikum Tun,

Tun, let me use your blog to response "dtan"'s idea in your blog. He raised an issue about the unrest or unhappiness of Muslims in many part of the world--in southern Philippines, southern Thailand, India, Indonesia. Verry simple answer dtan. Because they are not treated as they deserved. Don't forget Muslims in the eastern part of China. They too are being brutally oppressed..look at non Muslims in the muslim countries..are they being oppressed? no, they aren't. They even given special previlige ex.appointed as senior minister or senators. About the Muslims unhappiness in Indonesia is not the same case as in southern Thai dan Philippines and India. Some Muslims in Indonesia might only not happy with certain system being implemented by their own govenment. So, dtan in future, be careful in making conclusion from observation.

HISTORY CHANNEL

The stories depicted by History Channel should be treated as another opinion or differences in opinion. It may be correct or biased or just another assumption as all of these events happended thousand of years ago. This depends entirely on how the appointed "experts" or "panels" define "history". Some are really good and some are biased.

Most of the biblical tell-tale such as narrated by "Battle B.C." is a mixture of gospel, assumption, and entertainment based on the Old and New Testament. Non, as far as I'm concerned, uses The Al-Quran as one of the main sources. Of course, a Christian will rely on the Bible as its main reference, a Jew will go for the Torah and a Muslim would definitely go for the Al-Quran. So, who's right and who's wrong is subjective.

But the elected "panels or commentators" in History Channel do gave us a powerful hint;

"History are written by winners"

True indeed. True or False? I truly belief the one and only untainted 1400 years old Al-Quran and As-Sunnah explains everything clearly. :)

Assalamualaikum wbt Yg Bhg Tun & family,

Today is 3rd Rabiul Awal 1431 Hijrah, Wednesday, 105pm (17/2/2010).

Yg Bhg Tun as rightly pointed out by Mr T in his comment today, kindly accept my apology for such comparison for my intention is only to illustrate a few examples of other leaders who were also quite vocal against US & Israel. I have no intention whatsoever to also refer to whatever human weaknesses that they may have committed. And yes, in my opinion, you stand above the rest as countlessly the US & Israel were put on the defensive spot as they dare not seriously

confront you openly for fear of doing so might increase more and more global support for you. Akhir Kalam thank you to Mr T for alerting me, i really appreciate it and again thousand apology to Yg Bhg Tun. I end with the concept of Taubah (repentance) that is available in Islam as how worst was Saddam Hussein but he passed away with Al Quran and Takbir. This remind me of an incident those days in Islam that a criminal who has murdered 100 person finally was promised Jannah(Heaven) by Allah swt since he was on the way to Masjid to repent when he died. (Malaikat was instructed to measured about the distance to Masjid and the result was that he died closer to Masjid sincerely wanting to repent). Wallahualam.

Wajaperak

King David ruled Israel about 3,000 years ago while islam was born in 632 A.D. (about 1,600 years later than King David). So, please reveal to us how David was Muslim. It was the Muslims who changed David to Daud and Abraham to Ibrahim and Moses to Musa.

Is it your contention then that Abraham and Moses, born Jews who practised Judaism, were also Muslims? And perhaps the Buddha and Guru Nanak too?

Wow, you give a whole new definition to the word "BLIND!!"

Dear Tun MM,

To Hanan on February 15, 2010 6:20 PM,

You are the racist Zionist smut that pervade the blogosphere. You only read what appeals to you and cannot accept a view that does not conform to your ideology.

The genocidal Zionist cause you inadvertently support, distort issues as YOU and they see fit, please read the Goldstone Report on your beloved regime massacre of Palestinians and your bloody Zionist response. You being a blogger can find these links.

Seeing that you have a special interest in TMM, I will let you (if you don't already) know that TMM had allowed an Israeli cricket team to participate in Malaysia, despite very strong opposition from various quarters.

I tell you what (this is local colloquialism), visit my "anti-semitic" blog and let's see if you can accept another point of view. Comment as you see fit and I will be most happy to respond.

Regards to Tun and all at home

Asalamualaikum Tun,

Long time no "write" (no see & no hear). This maybe off topic, I did read a newspaper release on the "Top 40 Richest" people in Malaysia.

Phew~ We are talking about "Billionaires" and Not "Millionaires" or "Jutawan Rupiah".

The world is in the collapse of capitalism and here we have few lucky people manage to overcome the "Recession Tsunami". I congratulate them.

Its RM 1,000,000,000 (minimum) they have in their possession.

Phew~ Wonder where the money comes from? Thehehe, of course lah from "business". This news is really something, a small fry like me would not even dare to comment a lot.

This is the Top 40 Richest Businessman or CEO or Business leaders in Malaysia. Ok, that is a bit "fair" if you ask me. Considering, they are in the private sector. Still can "cover" line a bit though.

But, I wonder, is there any Top 40 Richest "Non-Businessman" or Top 40 "Rich Government people in Malaysia"? (this is a question, not an allegation ;)

If private sector people can hit Billions in Ringgit, wonder how much the "non private sector" people could make? Trillions or Zillions perhaps?

I guess, I have asked too much.

Holy "notes" to ponder:-

"Allah melaknati pemberi rasuah dan penerima rasuah dalam hukum." (HR al-Tarmizi, Ahmad & Ibnu Hibban)

"Dan janganlah kamu makan harta benda kamu di antara kamu dengan batil dan kamu ajukan perkara itu kepada penguasa (hakim) dengan maksud supaya kamu makan sebahagian dari harta orang lain dengan dosa, sedangkan kamu mengetahuinya." (al-Baqarah: 188)

"Dan ketahuilah harta benda kamu dan anak-anak kamu itu hanyalah menjadi ujian, dan sesungguhnya di sisi Allah jualah pahala yang besar." (Surah Al-Anfal ayat 28)

"Barangsiapa yang mengumpulkan harta yang haram kemudian mendermakannya, tiadalah baginya sebarang pahala (kerana harta itu bukan hartanya) dan penanggungan dosanya kekal (sehingga bertawbat)" (Riwayat al-Hakim, sohih menurut al-hakim dan disepakati oleh az-Zahabi ; Albani : Ianya lemah)

Diriwayatkan oleh Abu Hurairah Radhiallahu ‘anhu katanya:
Maksudnya: “Rasulullah Shallallahu ‘alaihi wasallam melaknat pemberi rasuah dan penerima rasuah dalam hukuman.” (Hadis riwayat at-Tirmidzi)

If what Tun claiming true, then fire the reporter and/or editor. Make a public apology.

If what Tun claiming is not ture, then upload the voice recoding (your reported should have) to public domain for us to decide.

If you do not have voice recording, then stop calling your self as independent new network. And refund my subscription.

Dear Tun,

You were fast when MalaysiaKini 'miss-lead' your statment, but you were silent when Utusan and other UMNO controller natioanl media 'spin' sotry to thier benefite.

I know you will justify this with good and sarcasm answer (as you did for 22-years).

Tun, I think Malaysiakini is just learning from the great master - you yourself. When you said Johor sells water to Singapore for 3 sen, you omitted the cost of building the dam, infrastructure and the cost of purification of the raw water. When you accused the previous administration of selling Agusta for only 1 Euro, you omitted to mention that the price took into consideration the debt, liabilities and contingent liabilities.

Yes, we only realize such things when it happens to us.

Assalamualaikum Tun.

Islam itu cantik, indah serta berseni kata orang-orang agama.

Islam dijalankan perintah-Nya oleh Nabi Muhammad s.a.w. Berketurunan Nabi Ibrahim a.s yang sanggup berkorban nyawa, seterusnya Nabi Daud a.s (keturunan ke-12) serta Nabi Sulaiman a.s yang mempunyai kerajaan terunggul.

Setiap solat kita membaca selawat ke atas Nabi Ibrahim a.s berserta keturunannya iaitu Nabi Muhammas s.a.w.

Mereka yang dangkal dalam suasana Malaysiakini.. semakin dangkal dan galak bermain nama Allah dan Muhammad. Mencipta satu-satu isu dengan tujuan untuk menguji respon dan betapa kuatnya iman Melayu.

Melayu yang telah diasahkan dengan ucapan 'Tiada Tuhan Selain Allah dan Muhammad adalah Pesuruh Allah' oleh anak-anak yang lahir dari perut Fatimah r.a.

Dari Hadramaut ke Majapahit dengan berpandukan perintah hadith Muhammad s.a.w dan seterusnya ke Melaka.

Melahirkan berpuluh-puluh jenis pangkat panggilan... Syed, sheikh, syarif, mahupun wan...

Sesungguhnya saya berlepas diri dari bermain dengan kata-kata Allah dan Muhammad.

Marilah kita bersama-sama melihat bagaimana Allah s.w.t mentadbir alam. Allah yang Maha Agung dan Maha Berkuasa.

Mencipta gerakan kewujudan empayar yang beralih dari satu tempat ke satu tempat, umpama mencamtumkan tanah-tanah dari satu negara dengan negara yang lain. Negara jauh dari tempatnya antara satu sama lain.

Bagaimana mungkin Dajal tidak mempunyai pengetahuan yang luas setelah melihat segala peristiwa yang berlaku dari zaman ke zaman?

Allah Maha Pengasih Dan Maha Penyayang.

Terima kasih Tun.

Ravi I don't know whether to laugh or cry at your ignorance.. and yet you claimed Tun supporter's is 'blind' and your vision is perfect of 20/20..

For your information David in the name Prophet Daud a.s is a muslim. Not was but still is. He never was a Jew in your definition. He is one of the "Israel" and rightfully "yahudi" is different term that you can ever imagine..

The Bani Israel under him is muslim too. The jews like always..claimed he is not among other..Therefore...in Islam..identity is utmost important..We truly values the proper marriages to borne proper lineage of the generation..

In this sense..The jews claimed what does not belonged to them..They claimed certain prophet is their's and never was muslim..This can go on forever but one thing for sure is just why you are

Acting on their behalf??

[[If your blind followers wish...am happy to get extracts of history books that you obviously haven't made reference to.

Or are you going to claim that only your references are correct and everyone else who has a different view to yours is wrong?]]

I am happy to rebut your allegation anytime Ravi..But please spare me any "intelligent" references because it can blinded me for their very "illuminating" light..

Dr Mahathir,

Sir,

Allow me to make a few observations

Your premise that western colonials are responsible for the current mess is a gross generalization of the Palestinian issue.

In your speech in support of Al-Quds you seem to imply that the Jews were the problem and the birth of terrorism is the result Palestinian injustices.

Only look at your own backyard in South East Asia and realize that there are many unhappy Muslims wherever they are.

Remember the recent slaughter in India and the continuing unrest by Muslims' in India. What does this have to do with Israel? India through partition experienced an incredible blood letting as a result of the insistence of Muslim fringe groups for their own lands. Pakistan and Bangladesh were given as a concession to Muslim demands. India, as far as I know. While not perfect has actually elected a Muslim Prime Minister. Why does Al-Qaeda continue to resort to terrorism in India?

The unrest in Southern Thailand. Unhappy Muslims living under Thai rule. What does this have to do with Israel?

The ethnic unrest in Indonesia. Unhappy Muslims. What does this have to do with Israel?

Again in the Philippines, Muslim unrest. What does this have to do with Israel?

In Malaysia, fringe groups are also claiming unfair use of the word 'Allah', burnt Churches. Personally, I would urge my brothers and sisters to 'give in'. What does this have to do with Israel?

Does the Muslim world tolerate the Jews or do you accept them. I accept that Palestinians are suffering. I also accept after Aushwitz, Dachau etc sharing biblical land is the acceptance of Israel and the righteous thing to do. Sadly, we see the world from our own pedestal.

Assalamualaikum wbt Yg Bhg Tun & family,

Tonight is 2nd of Rabiul Awal 1431 Hijrah 947pm Tuesday (16/2/2010).

In winter 1995 prior to proceed to UK to pursue my MBA, I was performing Umrah Akhir Ramadhan/Syawal in cold Makkah Al Mukkarammah & ziarah in colder Madinah Al Munnawarah. At that time a return ticket by MAS was only about RM2,100. Upon arriving from Jeddah to Makkah, I proceeded straight to Makkah Hilton and was shocked to note that I cant stay there for a night as the rate is the same as if I am taking for 2 weeks which was about 14,000 Rial. I left and started to check other nearby hotel and although there were slightly cheaper but all of those hotels insisted on staying a minimum of 2 weeks. One old bangladeshi Imam at a small mosque near Misfalah notices what was happening and invited me to stay at his house near Misfalah after knowing that I am from Malaysia and he introduced me to more than 10 of other Bangladeshi staying there and he then started to talk about how you (he referred as just Dr Mahathir) is brave in voicing out for the Muslim world. So also with other Bangladeshi staying in the house. He had so much respect for you and Malaysia and that when I wanted to travel alone on taxis sharing with 6 other strangers after Solat Terawikh to proceed to Madinah he asked his assistant to accompany me and make sure that I got a 10 Rial per night comfortable accomodation in Madinah and we arrived during Azan Subuh in Madinah and he left immediately after having Ziarah Makam Nabi Muhammad s.a.w. after Solat Subuh. In my more than a week in Madinah, the same experience-people there respected Malaysia and spoke the same subject--'your Dr Mahathir is brave etc etc'.

Well, dear Yg Bhg Tun I did plan to pay the house owner i.e. the Imam in Makkah for letting me to stay in his house for almost a month as I celebrated Syawal and the second Eid (6th day in Syawal fasting) in Makkah. But to my shock, he refused to take a single cent but instead bought many gifts for my father who has in 2002 passed away, for my mother and my wife and soon to be born baby way back then in 1995.

Well, people know u everywhere in Makkah & Madinah and during Syawal celebration, I was invited by the Imam to a former Bangladeshi minister house in Makkah for a big Syawal dinner gathering.

My point of telling all this to you Yg Bhg Tun, after so many years has passed and your stand remains the same on the issue beforehand with your famous speech during OIC 2003 that was broadcasted in CNN that Jews rules this world by proxy.

Just about a week upon returning to KL prior leaving for my postgrads to UK in 1995, I was invited to attend your Sahoca Syawal gathering at your original Seri Perdana in Jalan Damansara KL even though I was not a former student at Sahoca at all where your Yg Bhg Datin Seri (now Tun) was asking me why I shaved all my hair, then I explained to her that just came back from Umrah, murah rezeki when in Makkah & Madinah people were praising Malaysia & Dr Mahathir and upon arrival in KL, I got the opportunity to directly attend a private gathering meant for Sahoca and of course I took the opportunities to take quite a number of photos together with you and Tun Dr Siti Hasmah. Well, Tun if you still keep the front page of Minggu Malaysia the sunday issue a day after the gathering, you can see me clearly walking with you and the rest from your house gate towards the main house at the old Seri Perdana -the published coloured photograph.

Many of us believe that beside you Yg Bhg Tun there are only fews Statesmen & world leaders that can just speak bravely against the superpower including leaders such as Cheves, Fidel

Castro, Ahmadinijad, North Korea President, Allahyarham Saddam Hussein, Gadafi, former Russian President Putin (now PM) etc. In Arab Countries most of its citizen are ok but their leaders sadly , as exposed openly during your recent Criminalize War Conference at the PWTC, sadly these Arab leaders are afraid of US & Israel to the extend they willingly cooperate with these actual terrorist to kill other Muslims including women,children and babies. It is very strange for a Muslim nation bordering Palestine started to build concrete fencing to add and increase the pain and suffering of Palestinians. Many other inhumane acts done by nearby Muslim nations simply because they were afraid of the US & Israel.

Well while poorer Muslim Nations choose to keep quite due to they are afraid that they will be force to settle the mountain high interest based debts, worst the rich Muslims Nations that promised to donate to reduce the suffering of the Palestinians did not really perform what has been promised in a timely manner. Why donate moneys just to be kept away in other accounts that ultimately didnt bring any benefits to our Muslims childrens ,babies etc in Palestine except only might ultimately benefit the enemies and their banking system. Thus it is strange la Yg Bhg Tun to see that a Dubai Islamic Bank appointed Rothchild to arrange and advice the selling of stake in Bank Islam Malaysia Berhad. Yes, perhaps Rothchild has the expertise but is it only Rothchild that has the expertise--what is in the brain of this Dubai Islamic Bank management. (I am not discussing about our Bank Islam here at all, please dont get me wrong) (please also refer to few videos posted on my blog late last year on Rothchild)

Well, many in Malaysia unintentionally helped killing another Muslims brothers,sisters,childrens,babies by couldnt care less attitude by continuing to support the product and services that has been widely known to contribute financially to Israel.

Back in UK in october 1995 upon commencing my postgrads at Aston University Birmingham UK, it was strange to note that amongst the best selling book was the red cover International Terrorism written by Benjamin Nentanjahu that was sold out. (I have to order it in London that has in turn to import it from US and a few weeks later posted it to my studio flat at Handsworth Wood Village, Birmingham) It is quite strange when the promoter of terrorism wrote the book about International Terrorism and it became a best seller. Perhaps all other criminals out there be it robbbers, fraudsters etc etc need to start to write something about the subject that they know most and it will become best seller and thus create another overnight millionaire by virtue of high global demands for such books.

Last but not least Yg Bhg Tun, it is best that you continue to speak strongly on behalf of Muslim nations against those actual terrorist as will contribute InsyaAllah a great deals as your ibadah and rewarded accordingly by Allah swt to you Yg Bhg Tun, InsyaAllah. May you also , in addition, rectify whatever needed to be rectify so that you will InsyaAllah Yg Bhg Tun get the best rewards and benefit from Allah swt plus Syafaat from Nabi Muhammad s.a.w., InsyaAllah Tun.

Tun

I guess the books you're referring to does not account for how the Romans sacked the indeginious people of the land.

Maybe you have never read the history book that documents that Jews have been presided there for over three thousand years, longer than the Arabs.

Maybe, your references do not account for the rise of an Israelite kingdom, first under Saul and then under David at about 1000 BC, the date of David's conquest of Jerusalem.

If your blind followers wish...am happy to get extracts of history books that you obviously haven't made reference to.

Or are you going to claim that only your references are correct and everyone else who has a different view to yours is wrong?

This is an age old argument Tun - who does this land called Palestine belong to...just taking sides won't do Tun...you need to be sincere to find peace in this region.

And in case you want to argue on the basis of legality, let me politely remind you what your friend Yasser Arafat did post UN Partition Plan in 1947.

He not only rejected what he had been championing for which is for an independent Palestinian Arab state - he decided to go to war and lost whatever he had.

The Palestinians could have only had an area much larger than the West Bank and Gaza, which would have been created along with Israel. Thanks Yasser for messing this up!

Salam Tun,

Malaysiakini is one Bias and Racist news portal in Malaysia!!

There is only negative thing that's been reported by this portal.When matters concerning the Malays communities and Muslim at large, their angel of perspective seem rather very narrow indeed.

Anything to do with the Government or the ruling BN party , it's must be bad through their eye's. As though there nothing Good been done by the present Government or the past administration.

As for yourself Hons.Tun, you too are not been spared off from their negative views upon what ever matters that may be concern of your. Nothing you have done seem to impress their intellectual faculty.

This Malaysiakini are so narrow minded and so does the portal editotials. They are trying very hard to steer or shape their reader's to a certain level of their approval thou !!

As for me, this bias portal is for one,to glance through for certain matters of the day. And of course the glaring differences of the bias reporting is always there for one to check it out!!

Why don't you get off this subject of the Jews once and for all?

Everytime you open your mouth on it, it makes you look worse as a racist of the highest order. After all, it's not as though your ill-worded and ill-eceived comments will help in any way in resoving the complicated Isreal-Palestine confict.

Why don't you spend all you your valuable time ensuring all M'sia's woes - economic, financial, political, social, corruption, race relations, religious bigotry etc., - are put right first before you go on about the Jews and Israel. Charity begins at home and an elder Statesman should be rectifying the major problems in his country rather than the Middle East conflict which to the average M'sian is a remote issue of little consequence to the bread and butter issues he/she is confronted with on a daily basis!!

You do realise that if you don't get a proper, official investigation going on the MV Augusta fraud and how Petronas' dividends were misused by the AAB Govt, you will have failed the Rakyat as Advisor to Proton and Petronas!! That's more important than whether the jews derserveed to be in ghettos or the holocaust ever happened (it did)!! You don't wish to be accused of "Gaji Buta" post retirement, do you

Salam kasih dan salam hormat Ayahanda Tun.

A Political Secretary to a senior Penang Federal Minister was recently detained with RM2 million cash in his condominium. Should we be surprised? Not really, and not at all anymore. Quite frankly I am surprise at the inanity in carrying that much cash at once. It is common for all this to happen quietly and goes unnoticed, that was the norm then. Political secretaries and their families and close associates too should be openly audited. It is time we take a sober look at the performance of UMNO and BN ministers. It is high time we ask ourselves honestly, could this people really make it past PRU13? Could this gang of shady politicians really be the best hands to save the Kedaulatan Bangsa Melayu dan Kedaulatan Raja-Raja Melayu? Could they even keep parliament after PRU13? Do they even care after that point? Would they still even be in Malaysia for that?

We need to stop bluffing ourselves already. Truth is bitter, but that is the truth for political Malaysia at present.

Tun, perhaps the time has come where we need a new representation. I support UMNO and BN, but I also say that we need a new platform and a new representation to bridge us through this chapter. Carry your responsibility through this Tun. Inshallah, may Allah give you strength to show us the way forward in this epic rescue effort for race, religion and country.

For “centrist”, we are right with you on this one.

Salam kasih dan salam hormat Ayahanda Tun.

I am going to say it bluntly: what's the mileage on that set of 1 Malaysia tyres? If it's high, probably because they were running in the same round about the opposition threw them in! The opposition had successfully tamed them into towing the line even when no lines existed and even when it's not worth towing!

Recently an English media had reported in great detail about a fault in one of our submarines. Thus opening the possibilities of a possible naval invasion by any interested party (as it was, none of our neighbors were interested – holiday weekend you see, and not to mention new casino). Even if the RMN has fixed this defect, the whole world already knows by now a portion track record of our submarine service history. Was that not jeopardizing national security by the media? What the government do? Nothing.

Our government today mostly waits first for a report to be lodge before acting on anything, even more so in politically charged scenarios. Indirectly are we saying hail bureaucracy? Imagine, when the first battalion of the Japanese Imperial Army landed in Kota Bharu in 1939, did the British waited for a report first before launching counter attack? These are the British we are talking about here! When General Montgomery was advancing his tanks deep into Normandy at the outset of D-Day 1944, at one point he stopped his special tank at sharp 4.15pm and instructed his staffs to set up tables for evening tea and biscuits for him. Are we regressing worst then the British now?

Similarly, Malaysia Kini should have been history long ago. Just like how the Arabs regrets being nice to the Jews long ago, we are now repeating the same blunder here. Our government would waste time explaining things to the 50 Aussie MPs? For what? Give them a pack of cold Rudd subsidize Tooheys and tell them to go to hell.

Our government is presently stressing high income nation for us, whereby all citizens would be competitive and highly learned in their trade and professions. But they are regressing when last week they approved a further 100,000 foreign workers for factories here. So all the previous brouhaha had been nothing much but mere political slogans I take it?

Before you implement GST, before you tell us we are moving into high income bracket, just get your act together first and then you talk again later. See, if you implement formulas for such a "high income" module, removing subsidies without proper assimilation by the mass, you would have a colossal disaster on your political hands.

Datuk Seri PM, I don't know what your people are telling you sir, but from our field and town walk-about, people are complaining of prices increase for basic goods. The government keeps playing this down, but the fact speaks otherwise. Maybe you knew this all along but are just playing things out? You do not remove subsidies to create competitiveness; you must first take over all supply chain for basic food and stuffs. You must yourself distribute all this at government own stores/facilities. A year or so of this, when you have leveled the field then you talk about reducing (not removing) subsidies. Your aim should be getting rid of middle man, these are the greed factors. You remove subsidies and they would morph into something more deadly. First you eliminate them for good and then you open up the market. Until then, don't preach high income nation to us yet. Don't tell us about chasing after the 39,000 food-service

workers when you approved 100,000 foreign workers early this month for factories deployment. How can you be taken seriously? Would you even take your own political-self seriously? First you stabilize the pricing chain in accordance to the Rakyat's earnings and then you talk about moving into the next module. You do not run out of present module into the next with all loose ends and weaknesses unsolved and attached. It would be a bigger mess you are making. Ayahanda Tun, I am sorry but I must differ on this for now. It is a good module but we are not ready for it just yet. Separations must be introduced to limit impact on the chain of goods pricing and living standards first.

The Education Ministry keeps on coming up with new plans and blue prints, but the basics like reducing the weight of school bags for Primary School students, the simplest of task remains elusive. As we can see, that has almost zero or minimal press impact and so issues like that don't matter. What ministers do in this country is keep shouting new and newer slogan to stay ahead of the pack while leaving the work loads to the already burdened civil service. It has come to the proportion where it is simply all clogged from 3M, Bahasa Baku, PPSMI, Hishamudin Education Blueprint and now to Muhyiddin Sekolah Prestasi Tinggi. Someday they would roll back some plans somewhere and then there would come new minister with yet another newer slogan to appease the crowd especially appeasing the PM for the RMK budgets. I am not a teacher or even a civil staff, but I am in contact with many enough to know.

Are all of you in Putra Jaya governing by slogans? Batik outfits? Crappy and off beat Filem Negara stiff TV commercials? Think about it and change for honesty sake.

But my dear minister, you cannot even solve the issue of heavy school bags? How can we even take you seriously anymore? People are playing the "appease game" at all of you while counting the days for all of you to just pack up and go for good. Has that not struck any of you yet? Have that not sink into any of you yet? Are you there to make up new slogans and new plans instead of solving all the previous bottle necks? Just show your simple capabilities from now on; just do something about heavy school bags first. Then you go on to solving problems like education modules and fees collections. Today, you are producing future Malaysians (say 50 years from now) with serious back problems – that's how the future would remember you as. I am amazed really; I am amazed at those dinosaurs in Putra Jaya. Someday, we are going to make oil with your fossils and light this nation ahead for another 52 years.

I would not say my English is good. I have seen much better. I was sent to an English type primary school in the mid 70's. I still recall my all time favorite teacher Mrs Beh (also my head mistress) teaching us geography: "Di manakah terletak Sungai Murray Darling? Okay children where is Murray Darling River located? Can anyone answer me? Who could, goes out for recess first". The books were all in BM but she taught us in both languages. Rojak? I don't think so. It shows that education policies today needs to reach back into the past and learn from policies that were left behind in the haste for slogans and RMK funds. I think, I seriously think - that the post of Education Minister should be given to experience teaching heads. Not politicians. That has failed all of us miserably.

Sometimes, too honestly work is to do just that. Educating the future of this nation must be done above slogan chasing and above political insecurities. These are the children of this nation, you failed them and ultimately you would fail all of us. Look at how the children carry their bags, running for school bus, running to cross the street, just barely walking with the bag pack on their

back. See how unstable they are? Even at standing up straight, requires constant balancing effort. You know what is in the bag my dear minister? Your slogans and all your policies; accumulation of your political games they carry on their tiny back Monday to Friday. Their bones are still soft and forming, what are you doing to them? Nowadays, parents are being burdended with buying “exercise modules” from schools. So what use carrying all the heavy text books? What use in carrying all the extra writing books - what use in even buying them in the first place? Shout all the slogans you want, device all the blueprints you and your think tank could come up with, get all the RMK budget allocations you could – but down here where it all matters, we are waiting to see you perform yet. What you have successfully done is to isolate yourself (ministry level) from the daily living realities of your policies. You are becoming another Abdullah Badawi in the making.

How many parents here have the problem of their school going children bags bursting at the top straps (shoulder to bag section) from carrying an ever increasing loads midway through the school year?

Fear not, they shall come up with newer slogans and blueprints soon enough to bury this one over yet again.

Assalamualaikum Tun & to all readers,

I believed it is wrong to label all Jews as problem makers wherever there are in relation to the current situation in the world. Although throughout history and in Quran itself mentioned of their repeated disobedient towards Allah through prophets that were sent to guide them.

The reason why im saying this is that the fact is not only Jews are behind all these troubles but there are groups of secret societies that is being led by the illuminati.

There are so many branches and fractions that linked towards this group. They are the real mover and shaker of the current world we live in now. They control everything.....and i mean everything from financial institutions, world markets, leaders, communications etc

Even training ground for future US Presidents and top ranking to be officials can be found at Yale University through the secret society named skull and bones. Nearly all of US Presidents are members of this secret society.

If i were to list everything, it'll take me ages to list it all but if anyone are interested try to do research about the illuminati, freemasons, skull & bones, east india company (the true pirates), Vril society, symbols within the Israel Supreme Court & in Washington, Albert Pike and Rockefeller just for starters and from there you'll see the link that it all connects and broaden the perspectives of what more to come that would really be simply shocking.

Illuminati dated back from the period of pharaohs in Egypt, they were responsible of the Palestinian raid by the Knights of Templar in what they call crusades as a cover-up, Waterloo, French revolution, overthrowing the Tsar of Russia monarchy, creation of Hitler, Iraqi invasion and the list goes on and on....

I know it sounds so bizarre, but just start to think for an example from where Hitler a bastard gets his finances from.....once you have reached this stage you'll get to know that Prescott Bush (grandfather of George Bush) along with Averill Harriman was one of the many architects behind the rise of Hitler

I have tried in vain to share what i have researched in these past years within the circle of my friends, i just hope that someone would take an interest and open their eyes wide to what is really happening out there in the world that we live in that have rot so bad

Good morning Ayahanda Tun,

Malaysiakini targets readers with irrational mind whom cannot read and see the facts and environment surrounding the issues or persons. Malaysiakini is a new media strategy embracing reporting and blogging.

Ayahanda Tun, Dr Mahathir Mohamad is Nobody in Malaysia now, hence, when Malaysiakini made slanderous remark by twisting and omitting words in his speech is no great deal and even our current PM, DS Mohd. Najib Tun Razak and our 1st lady, Datin Seri Rosmah were constantly being terrorised and harassed by Malaysiakini.

Our PM Najib is wise, civilised and mature in respecting human rights, liberty and justice through main stream presses to walk the talk with Integrity, Accountability and Transparency to realise the concept of 1 Malaysia by instructing Wisma Putra to handle the Anwar's sodomy case:-

//Aussie MPs don't know real situation, says Najib

KUALA LUMPUR: The Malaysian Government, through Wisma Putra, will explain the "real situation" to the Australian MPs who had called for the sodomy case against Datuk Seri Anwar Ibrahim to be dropped, said the Prime Minister.

“We will explain and engage with the Australian MPs. Wisma Putra will handle it. I don't think they know the real situation,” said Datuk Seri Najib Tun Razak at Gerakan's Chinese New Year open house here on Sunday.//

Ironically, TS Khalid Ibrahim, PKR cum Selangor MB only interested to walk his talk by Accountability and Transparency. I guess Selangor MB does not like the word "Integrity" (or 9) because this word has to be linked with religion, conscience and guilt of the individual. The hardest word to say and practice in modern politics is non other than Integrity.

Good day Ayahanda Tun.

Satu tuduhan serius buat Tun disini :

<http://kumanddieaf.blogspot.com/2010/02/perancangan-jahat-yahudi-illuminati.html>

diharap Tun dapat menjelaskannya semula walaupun isu yg diketengahkan itu merupakan isu basi, tetapi ia amat penting untuk membersihkan nama Tun.

saya juga telah membaca penjelasan Tun tentang Letter to Pm of Israel yg ditulis oleh Tun pada 21/5/2008 dlm blog ini, namun penjelasan yg lebih menyeluruh nampaknya masih diperlukan demi menentang dakyah dan fitnah jahat untuk menghancurkan Tun dan apa yg Tun perjuangkan selama ini!

Yang amat berharap, demi membetulkan persepsi rakyat kpd Tun!!!

Salam kpd Tun berdua,

Izinkan saya keluar dari topik asal,

Saya agak terkilan dengan sikap kita, sebabagai sebuah negara merdeka yang berdaulat sepatutnya kita lebih gentlement. Kita tidak semestinya menari ikut rentak musik orang, gunakan musik kita sendiri,pedulikan orang lain.

Dulu kes, seorang perempuan ditahan polis, sampai kenegeri Cina kita pergi minta maaf, hari ini pula kita mengarahkan wisma putra merafak sembah kepada matsalleh kanggaro pulak. Kenapa perlu demikian tindakan kita, tak ada "buah" sangatkah kita sehinggakan terlalu takut kepada lanun dilautan pasifik itu.

Pada saya mereka yang bersikap biadap kepada kita, sepatutnya duta/pesuruhjaya mereka yang patut dipanggil mengadap, bukannya kita yang menyembah mereka.

SEDARLAH WAHAI BANGSA KU, ENGKAU TELAH LEBIH 50 TAHUN MERDEKA.

Sekian,

Hi Tun, I am indeed very perplexed by this Jew-Christian-Muslim conflict. All these followers pray to the same God. It's kind of ironical that there seems to be more inter-religious harmony among the other religions. When did we ever hear of Hindus killing Taoists and Taoists killing Hindus? I wonder when God is going to intercede so that all those praying to Him, at least, can learn to love and respect one another.

To me, it doesn't matter whether you are Jews, Christians, or Muslims. As long as your heart is virtuous, all roads lead to Rome. Religion, to me, is but a mere vehicle to spiritualism. But the greatest irony seems to be that the more religious one becomes, the less spiritual one gets. That is why after all these years, I am still searching.

With due respect to everyone, I am presently trying to learn more about Buddhism. Buddhism says "eradicate greed, hatred, and ignorance". These three simple words are enough to keep one busy fighting with oneself, without minding others' business. Buddhism doesn't allow killing for whatever reasons and they don't have jihad. Why empower mere mortals to kill another when God could have done it Himself if He really wants to?

Killing innocent people like those who were at the World Trade Centre and the tourists in Bali boggles my imagination. Life is sacred. If anyone wants to kill George Bush, I have no objections, but these innocent souls who have died may not even agree with George Bush, to begin with. So for what reason are they killed?

Dearest Tun,

To Malaysiakini konon,

Can Malaysiakini explain HOW the EU can enact laws that prohibits people denying or even a discourse to establish the veracity of the Holocaust?

By taking a position as Tun suggests, is Malaysiakini acknowledging that the Jews do control/influence the media? Even the internet? You can find these links easily.

Lets discuss the Holocaust if you dare Malaysiakini. Lets see some cohones.

Ah! Maybe you can label me a racist and a conspiracy nut. No problem.

"Also, many anti-war and anti-Bush online sites are scared of being called "crazy conspiracy kooks." They protect their sites by staying away from the 9/11 issue, just as so many Americans are scared to death of being called "anti-semitic" and thereby do not dare criticize Israel no matter the heinous war crimes that state routinely commits. Of all the online subscribers to my column, only vdare.com and NewsMax had the courage to post my column. Realizing that even antiwar sites would serve as de facto gatekeepers for the neocons, I offered the column to ICH, whose editor cannot be intimidated"-Paul Craig Roberts, Gullible Americans.

Salam,

Walaupun saya sentiasa ikuti blog Tun tapi dah lama tak bagi komen.

Pada pandangan dan pengalaman saya, ada juga orang Yahudi yang baik hati. Saya tinggal di suatu tempat banyak Yahudi di UK dulu. Depa ini jenis ikut agama mereka secara ikhlas iatu tidak menunjuk2. Saya ada seorang kawan baik Yahudi di England dulu, dia pakai ketayap(lebai). Cakap lemah lembut, sentiasa senyum dan sopan santun. Ada Yahudi pula yang makan ayam sembelih orang Islam. Mungkin kerana undang2 UK ketat atau pun mungkin budaya England sopan santun menyebabkan orang lain pun terikut. Tun lebih tahu kerana lebih pengalaman berurusan di peringkat antarabangsa. Mungkin tak sama kot perangai orang biasa Yahudi dan orang politik atau ahli korporat Yahudi.

Yang saya tak suka Yahudi ialah melakukan kezaliman kepada orang Palestine dan mereka tak terima Islam padahal depa lah paling banyak mempunyai Nabi dan Rasul.

This is a free country, free to twist and turn, to add or omit, just like some known foreign media and TVs which are pro-Zionist. I am not sure if there are any Jewish synagogues in our country. Definitely one can be found in India and may also exist in our neighboring countries. But I wonder how an old Jewish cemetery can be found in Penang island. That shows they were here long time ago and accepted by the local people then.

Assalamualaikum Tun,

Just don't know when this ill-feelings, hatred and suspicious towards each other is going to end. Even in our own background this is happening. People with money, political power and high knowledge assume they can control and manipulate the lesser people. Well they have succeeded. The Jews have become tremendously powerful, politically and economically. I want to believe there are good Jews around. Maybe someday these good Jews will put an end to this unfair war and killings of the Palestinians and give them back their right to live in their own land. Insyallah.

What is the Arab world doing Tun? They have the money and resources. Why can't they help the Palestinians and the people of Gaza? Why do they close their doors? I feel so ashamed of them. I feel less respectful of them now. They bring great developments to their own countries, with the tallest buildings in the world, to buy the world's greatest football club, to pay millions to the western artists and so on and on. Well anyway I already pening kepala thinking of all these. I can only pray that one day the people of Palestine will have back their rights. To make this come true that is why people like you is needed. May there be many Tuns like you, Tun.

May Allah look upon you always.

Isu zionis ini yang merupakan salah satu dari cabang operatif illuminati ini adalah isu lama tetapi sesetengah dari kita terlupa perancangan besar mereka malah ianya bermula dari kemerdekaan U.S lagi hampir dua setengah kurun lalu.

Kemuncaknya adalah Orde Baru Dunia dan Tun lebih arif tentang ini. Lihatlah tangan misteri siapa yang mencorakkan dunia dan susun-atur pemimpin negara-negara utama dunia.

Sukalah saya mencabar S/U politik pemimpin sekarang mengupas isu ini seperti S/U Politik Tun dulu, Sdr M.Chang. Apa yang saya dengar, S/U pemimpin sekarang teramat suka melonggokkan harta dan wang ringgit saja hinggakan lebih dari kalangan usahawan lagaknya dan ramai yang tertangkap dan termalulah bos-bosnya... By Nothing But Wind  on February 15, 2010 8:23 PM

Dear Tun Dr M,

What you said about distorted information (not specifically from any particular source)is rampant in today's wide,swift and very affordable information sources. Please allow me to attach my article for Bernama on this topic:

Information, Misinformation Or Disinformation?

Information plays a pivotal role in our lives. It is acquired by us or fed to us for various purposes i.e. for our comfortable living, enrich our intelligence, to excel in our studies, to acquire and progress in our career, educate our dependents and finally be satisfied that we have lived a fruitful life. It is for these valuable purposes we are given the brain (without which we would live a vegetable's live).

Where do we get the Information from? The sources of information evolved from time to time. Until the late 80s, the information came from the word of mouth, writing, radio, television, observation & instinct.

All the above sources were normally believed to be from reliable sources and the information gained are taken as factual. However, there was certain element of doubt with the information given by radio and television stations (as they would normally edit their news segment in line with their investor's penchant.

Nevertheless, it was still OK as far as identifying reliable information from those sources. Even the international news providers and publications were mostly reliable. We (in Malaysia) did not get the Television broadcasts back then, so we did not bother about the legitimacy of the information they provided.

Today, it all changed. The sources of income increased from that of the 80s. We now have cable TV which gives us information from the local and international scene (including news from international news providers). We are also flooded with A to Z information through the Internet. We also get information in the form of SMS (some are from unknown sources).

Can we say that we are getting legitimate information from all the available sources today? Of course the bulk of the information we get from those sources give room for doubt. The following are the possibilities that influence us to apply reservation on the information:-

- In a haste to deliver the information as soon as possible, the possibility of errors in their information to have slip-ups is very likely.
- Some deliberately adulterate the information to please their political and financial bosses.
- Some write or upload information with ½ truth just to garner support or discredit their choice of personality, organization or country.
- Some, so called 'writers, journalists & website masters' whose credibility is under question, write a lot of unfounded and biased information either knowingly and unknowingly.
- Some mischievous juveniles and 'fun' loving adults issue sensitive and provoking statements in the net without bothering the consequences of their act.

Therefore, it is necessary for us to confirm and reconfirm whatever information we get especially the information from on-line and the SMS.

By the way, I received an SMS a few months back that said I had won RM 10,000 in a contest unknown to me and it asked me to go to my bank's teller machine and call the number given by them. Thank god, I didn't believe the message. The call apparently came from Sarawak.

Salam hormat Tun,

Don't worry, Tun. Sites like Malaysiakini will never, ever, be called anti-Semitic. It's like calling CNN or the New York Times anti-Semitic.

I don't subscribe to Malaysiakini. I don't believe in unnecessarily spending money on -- how shall I say it politely -- "altered" news. I don't mind paying for alternative news, but certainly not altered ones.

I managed to scan the comments [all 133 of them] to your piece on their site though -- full of bile aimed at your speech save one. They're the indignant Malaysians; quick to condemn Malaysia, and equally quick at licking gweilos' boots. To them, even a road sweeper in Washington is superior to most Malaysians except perhaps themselves. As long as the sweepers are from the West.

A reviewer of Avatar said, "Recently, a number of Indian people from the rainforests of South America went to see "Avatar" in Quito, Ecuador. Afterwards, they said they could relate to the theme of the movie because patterns and elements of the story were analogous to the real life stories of their own peoples."

But forget about Malaysiakini's subscribers being able to understand the sub-theme or underlying message of Avatar. They're just gaga about the movie for no other reason than it came from the West.

By Hanan  on [February 15, 2010 6:20 PM](#)

Assalamuaalaikum Tun Dr. Mahathir,

You are trying to twist your own words backwards like you did in your all anti Semitic speeches in the past. I read your speech transcript well from the website perdana4peace.

In paragraph #7 it is written: "**7. The Jews had always been a problem in European countries. They had to be confined to ghettos and periodically massacred. But still they remained, they thrived and they held whole Governments to ransom. Even after their massacre by the Nazis of Germany...**"

What means "*They had to be confined to ghettos and periodically massacred*" ?

Why didn't you use instead "**had to be**" a simple word like "**were**" or "**used to be**"?

Isn't it because of your anti Semitic characteristic? As a very good politician and an excellent rhetoric speaker, you are selecting well your words and compose well your sentences. You composed it intentionally to become a confusing meaning so it can be interpreted well by the anti Semites and leave you some retraction from anti-Semitism. The usage of the simple word "**were**" would remove any anti Semitic suspect in your problematic sentence. I'm sure the word "**were**" is very familiar to you. But "**were**" is not encouraging hatred toward the Jews who you hate so much. Isn't it?

You chose intentionally the composition of "**had to be**" since you still believe that the Jews had to be confined in ghettos and periodically massacred, even these days. This is the hidden or not hidden message you are transmitting to your Muslim audience.

So kindly, don't try and twist your own words backwards. Malaysiakini is probably interpreting well what you mean (and wish in your heart). Now it may be claimed that Malaysiakini is owned and controlled by Jews like all those lies people are poisoned with.

Palestine was never an independent Arab state and will not be as long as the Jews are living here. All those Arab tribes from the Arabian Peninsula and North Africa are not the owners of the land of Israel and they should return to their original places. The Jews are the owners of that land, even according to Islam. So kindly, take your beloved Palestinian brothers and give them a shelter and place to live in your own country if you love them so much.

Muslim countries gave refuge to Jews. But those Jews paid back those countries by contributing their economy and social life. Even so, Jews suffered pogroms from time to time in Muslim countries as well. The Muslim leaders from the history are so different from the present Muslim leaders so the comparing is absurd. The current Muslim leaders are false Muslims, greedy, arrogant, racist and corrupt. Thus is their hate to the Jews, no other reason. The current Muslims are jealous about the success of the Jews anywhere and the Israeli miracle that we established in one decade or less. Thus you are an anti Semite. I know how angry you are that you cannot defeat the Jews. It looks like you'll never defeat them. The defeating approach will never work. It is because you hate them so much. Those who are hating in their blood will never defeat their enemy, they will never become friends and will never make peace and they'll always oppress, even their own brothers, their own women and citizens (Iran, Afghanistan-Taliban).

What is the reason that almost all Malaysian Jews vanished from your country? I know it well from first hand testimony of several Jews who lived in your country. What is the reason that significant figures of Chinese and Indian minorities are emigrating elsewhere from Malaysia? Muslims hate anyone who is not a Muslim or obey Islam (recent burned churches in Malaysia).

Dear Tun, you are continuing spreading hatred and poison people with your anti Semitic out speaking from time to time. Unfortunately you'll remain forever a non friendly to Jews even your polite and humble outlook. It looks like that I was the only fool on the hill who tried to create some friendship with you but ignored the simple fact of life like "can an Ethiopian change his skin or the leopard his spots?" (in Hebrew it is "היהפוך כושי עורו ונמר חברבורותיו")

Those who want to massacre the Jewish people are meaning to kill me as well (as a person). Those will not be my friends even I'm looking for **Friendship prior Peace** <http://friendship-prior-peace.blogspot.com/>.

**Wassalam,
Hanan, Jewish, Zionist,
Israel.**

Dr M,

I advise you to be happy & less combative. I see that you want to clarify your point to clear some misunderstanding. You are very passionate abt the Palestinian cause for personal reasons. You must have a lot of Palestinian friends. Both sides have their grievances. That much I know. I thought during biblical times Jews were already in the holy land. That was how Jesus was born in Bethleham & went to Jerusalem to preach the word of God & healed the sick. He also performed miracles during his work to witness to his followers & those in doubt.

Two great religions--Christianity & Islam were founded in the Middle East. Being over-zealous in our religion can cause grief to others too.

The Christians (Europeans) believe that Jews was responsible for the 'crufixation' of Nabi Isa in Jerusalem in 30 AD. This set their persecution of diasporic Jews since then.

The Jews through their financial prowess (Rotschids, Soros ...) are now the power brokers in the US, Europe and in fact the rest of the world. To bow to their demands if not suffer financial backlash, the West must assiduously atone for their crimes of atrocities committed against the Jews in the past.

The Europeans must cleanse their bloody hands, bury history and shift the burden of guilt to the Muslim world. The Muslims are terrorists. The crusade is against them. The holocaust is on them.

Major flashpoints in anti-Jewish pogroms by Europeans:

70 AD - Roman legions under General Titus sacked Jerusalem and destroyed the temple while crushing a Jewish revolt.

132-35 - Romans quelled 2nd Jewish revolt.

1096 - a crusader Count on the way to Jerusalem massacred 1000 Jews at Mainz, Germany.

1099 - by the fall of Jerusalem during the First Crusade some 40,000 Jews and Muslims were savagely butchered.

1492 - at the fall of Granada, the last stronghold of Muslim Andalus, King Ferdinand of Spain issued an edict that expelled 100,000 to Portugal. Many fled to Morocco.

WW2 - holocaust, purportedly 6,000,000 Jews sent to the incinerator by the Nazis.

Allah said the Jews are the chosen people. But they are arrogant, committing genocide in Palestine and Lebanon. Allah knows all what's in store for all.

Salam Tun & Fellow CheDet's bloggers,

As for Malaysiakini, it is part of the Jews's propaganda powerful machine that can make black into white as to prove that if they can disobey GOD (ALLAH)all this while, who are we that they have to be scared of? There is nothing to be surprised about how they managed to have control in every areas in our present lives; economy, politics, military, social activities, cultural activities, environments etc. They continue to belittle Islam, (silly issues such as wearing of scarf, building of minaret, Muslim terrorists, cartoons of prophets Muhammad BPUH are some the recent events to reflect the extend of their activities with no boundaries. The key is to offer those selected people or group of peoples (as you have said earlier) to act as their proxy,through human greed for power and wealth.

Do we really believe that Obama can deliver what he had promised, during his "great" speech in Cairo, to the Muslim? The US & European soldiers (great numbers with trained soldiers, sophisticated & high-tech weaponry, latest technology)will continue to die in Afghanistan fighting "kampong soldiers/people" and they will loose but not perhaps to run between their tails as what had happened in Somalia a few years back. They need face saving but we have yet to see what face-saving action will they take. Little Iran too has become pain-in-arse to them (sorry for the language)Perhaps, the Russian have been and will be laughing because they have learnt the lesson in Afghanistan. Really one should be asking oneself for whom are they fighting and for what? They (Enemy of Islam) had never learnt from their defeat during the Crusade. Allah is Great.

We may wish that Hitler should have finished Jews off then but Hitler may also want to leave some of them for history to remember the rationale and justification of his "action" to eliminate the Jews in the first place. Similar setting why the Firaun was mummified for all of us at present time to see how helpless the once self-proclaimed god, who can decide who should live who should die, had become. Wallahuallam.

May Allah bless us all for ALLAH is great.

Could you please explain more on point no.1?

Why Malaysiakini do not want to be seemed as Anti-semitic?

Who are their masters actually? Are they Zionist/USA?

Maybe you can enlighten us on things outside our knowledge.

Thank you Tun.

Salam Tun & fellow CheDet's bloggers,

Taking this opportunity to wish our Chinese friends "Gong Xi Fa Cai" may the new year bring happiness, peace & prosperity to all.

Back to your topic ----

Well I have said again & again, the TRUTH can found in the QURAN & HADITH. Jews has been condemned by ALLAH for their ungratefullness to ALLAH's special blessing given to them since the beginning of time. If that is so, the question then is why ALLAH do not just banish them as what had happened to others before them?

They are left unpunished in this world and continue to inflict cruelty to others fellow human beings with impunity so that the faithfuls (Yg Beriman) can witness and be reminded and be alert as not to be like them, if we seek for Allah's blessing & paradise. wallahuallam.

Therefore let us live with complete obedience to Allah commands & leave out all that Allah forbid, insya'allah, we will be protected.

May Allah bless us all.

salam, Tun..

A simple, but a great post.. I also do not understand why some people are kind of afraid to mention the wrong doings done by the Zionists.. I just don't understand why.. Are they afraid of something? Don't they ever think the sufferings of the people of Palestinians? How if we are those people.. Who's gona speak for us? Come on press.. Don't be afraid to tell the people the truth just to salvage your credential..

May Allah bless you, Tun..

Dear Tun and family, Aslmkm,

The portal media, Malaysiakini was created in the late 1990s with an agenda. Coincidence with the time when a certain Pro-American- ex-Deputy Prime Minister failed to rise to become Prime Minister...

It's not as simple as to merely propagate so-called "freedom of information". Believe me, even the pro-Zionist western Mainstream media, such as TIME, Newsweek, The New York Times, The Washington Post, the main American TV channels, such as CNN, FOX, CBS and numerous others, are tightly controlled by 'certain quarters' to ensure only "NEWS" that they want the "world to know", are transmitted out.

Why? To mould into the minds of the world, the public, certain images that THEY want the world to perceive. Even if they are LIES and HALF-TRUTHS. Such lies are deliberate and purposeful.

Examples?

1. The lies about IRAQ, Saddam and Weapons of massive destruction (WMD).
2. The LIES about "Al-Qaeda/ Saddam Hussein" and "Muslim terrorists" attacking the NY Twin Towers and WT7 collapse.
3. The ongoing LIES about IRAN and "nuclear weapons".
4. The LIES about "Muslim terrorists" bombing - London buses, Bali, Spain trains, Mumbai, and many more.

I welcome factual gathering and shared fact-finding on the "hiddenhands" that do the heinous jobs, and blame the "Muslims".

If I say more, I will be labelled as "anti-Semitic". How convenient for 'them' to label others.

May I share with you my article about Malaysiakini.

WE LOVE YOU, TUN

YAB dan dikasihi Tun

Maaf Tun keluar tajuk!

saya sangat tidak setuju dengan cara anjuran populariti dalam Facebook yang dibuat oleh Kosmo, walaupun Tun dapat nombor undian tertinggi tetapi cara itu memang saya rasa amat tidak sesuai. Siapa persiang-persiang Tun itu? kalau nak dibandingkan dengan Tun dan Dato Najib, lebih-lebih lagi Tun sendiri. Apakah Tun hanya layak dipertandingkan dengan mereka-mereka itu sahaja? bukankah Tun seorang Negarawan yang sememang tidak ada tolak bandingnya!! harap lain kali sama ada Kosmo atau lain-lain akhbar berhati-hati atau fikirkan dengan sepanjang-panjangnya sebelum menganjurkan sesuatu pertandingan, biarlah kena dan munasabah!!

Terima Kasih Tun!!

Salam Tun,

Malaysiakini tried to portray you as an anti-semitic. they've always tried to tarnish your good name sir. on another note, why are there so few newspapers in this world except in muslim countries, write about the atrocities committed by the israeli government on the palestinians? the westerners like to lecture us about the freedom of speech and yet when someone tells the truth about the zionists they are condemned and labelled as anti-semitic. but it is absolutely acceptable for them to insult islam. This is hypocrisy at its worst. What's even more worse is that some of us think that the west is always right.

By zaki_77  on [February 15, 2010 2:53 PM](#)

Malaysiakini is not an 'independent' and 'impartial news portal. It has its own agendas and its own political affiliations no matter how many times they deny it. Their content is largely filled with sensational news items, otherwise they would be deemed boring and lose readership.

People feast of controvesy and sensationalism and Malaysiakini, unfortunately, gives them what they want; whether its truth or fiction!

By Mohd Faried  on [February 15, 2010 2:24 PM](#)

Salam Tun,

The MalaysiaKini always have are different agenda and try to look bad for everything.

MalaysiaKini is not Malaysia kini, they news look no use for the public to refer as are knowledge and info.

People know, rakyat know that Tun never lie and Tun always talk the true and reality not fantasy.

I hope MalaysiaKini should learn more how to become professional in news and to become journalist and other one please dismiss Raja Petra are coward or pondan!

Salam Tun, wee love u.

Salam Ybhg Tun,

The Jews have a very big appetite for owning land,their mission to take over Palestine has been susccessful and almost completed.

Their next target is to invade and colonize LEBANON,if this is successful than they will proceed further to Syria and Iran.Once all this mission is accomplished than a new Middle East will emerge,a New Middle East that will control all ARAB OIL.The Arabs will be the slave of the JEWS.

Note:The writter was in Lebanon during the Israel - HEZBOLLAH war in 2006.My salute to Hezbollah fighters,they fought the battle with minimum sophisticated weapon and yet they WON.

By [Aku Pening](#)  on [February 15, 2010 1:58 PM](#)

Salam Ybhg Tun,

The Jews has always been a "problem" to all. But sadly we cannot labelled all Jews the same. I used to study in the US and some of my friends are American Jews. They know I'm a Muslim and this does not stop us sharing views and understanding on certain issues.

I must say the younger Jews generation feels that the occupying of Israel in Palestine land is wrong. But the most sad of all is that the Arabs country can't be united to help Palestine at all. Here we in Malaysia keep championing the liberation of Palestine BUT what does the Arab nation does? The Arabs are just one big ass smoother when comes to American!

We have OIC to represent Muslim nations but what does it really do? I don't see what achievement or function OIC stands for. I can see that OIC is a gathering for Muslim nations leaders. Maybe through this gathering, the Muslim leaders can only talk and have short vacation on the nation expenses.

The UN is even worse organization, I don't see why we need the UN when the world powers can do what they want to do without getting punish.

Just imagine if Malaysia decided to invade Singapore, the US would automatically come and defend Singapore no matter what ever reason or justifiable is our reason to take back Singapore. I'm just saying that the US is just one big bully! The UN are powerless against US.

The Jews can still enjoy their stay in the Palestine land as long as the US control UN and the Arab nation keep on sleeping.

By Mis_bah  on [February 15, 2010 1:27 PM](#)

Assalamu Alaikum Tun,

I totally agree with your points Tun. All the while, Malaysiakini has claimed themselves to be championing human rights and "justice". But what they have done to your speech has tarnished their own image and people trust on them. So Malaysiakini, don't be double standard.

By milshah  on [February 15, 2010 1:22 PM](#)

Assalamualaikum Tun,

The jews have become the most powerful race in the world. They control the US, the world politics and enonomies. And yet everytime someone mention something bad about the jews even though it is a fact that person will be labelled anti semetic. The fact that Israel is exterminating the palastinians in front of the whole world no one care to bother. The muslim world are more concerned with what the US say than doing what is right. What are words compared to innocent lives lost in cold blood. The irony is that the holocaust ended 70 years ago and people still remember but the gaza tragedy people forget as yesterday's news. And the Gazans are still suffering due to the blockade by Egypt (muslim country?) and Israel.

On another matter, I just like to commend you Tun on your writings. As far as I can remember as I follow your blog, there is not a single spelling or gramatical error. I still do make mistakes in

writing reports or making presentations during work. I think if you can do it then I as younger person can do it also. That will be my resolution for this year.

Thanks.
