

**THE FUTILITY OF WAR**  
**chedet.co.cc**  
**January 1, 2011**

**\*\*Saya mengucapkan Selamat Tahun Baru 2011 kepada semua rakyat Malaysia terutamanya kepada pembaca blog ini\*\***

1. President Barack Obama of the greatest and most powerful nation in the world slipped secretly into Afghanistan in the darkness of the night. Hardly a triumphant entry for a conqueror. The world only got to know it after the event (read here).
2. And why was the great leader there? It is to find ways of getting out of a country which the US had spent a trillion dollars to conquer.
3. After killing a few thousands of America's youths not to mention maybe a hundred thousand Afghanistans to rid Afghanistan of the Taliban and to bring about democracy, the US finds itself accepting a possible Taliban coalition with the Karzai Government. I suspect it is not going to be very democratic.
4. Clearly the war (the mass killings) to rid Afghanistan of the Taliban is futile. Not only has it failed to achieve the objective, it has in fact resulted in more insecurity for America, for Afghanistan and for all America's allies.
5. So far the most powerful countries have lost to the poor, unsophisticated fighters of the very weak in Korea, Vietnam, Somalia, Iraq and Afghanistan. The only place where they have won is in the Caribbean Island of Grenada.
6. Those trillions of dollars spent on research, development and productions of ever more effective murder weapons will prove to be a waste. In the end to claim the rights of the victor you have to be on the ground. And on the ground the people of the defeated countries will use primitive hand guns and home made bombs to kill the victors, within their countries and everywhere else. Like Obama, the victorious leaders will have to slink about in the darkness of the night, frightened by the hatred of those they had terrorized, despite the massive security personnel around them.
7. The victory would be meaningless.
8. When will the great powers learn that their overwhelming military power will avail them of nothing in this modern age.
9. When will they realise that war, the killing of innocent people is futile.

Assallammualaikumwarahmatulahiwarokatuh...

Tun ribuan terima kasih di atas ruangan yang di beri..Mohon ruangan lagi.

[[Wajaperak you think Ahmad Deedat is not a qualified authority?You are better qualified than him?]]

I did not question Ahmad Deedat.I am

Questioning YOU!!

By the way..Ahmad Deedat did not represent Jumhur Ulama..Do you know these fact?..Have you check??

[[1-Wajaperak when you believe that you have the truth on your side you have nothing to fear.]]

In which part of my statement I believe that the truth is on my side??I merely states that I am the follower of the truth.You should check the differences between the ulama that you is part of the mosque congregation..which is..

You are not..

[[The truth they say,will set you free.The question is are you confident enough of your faith?]]

I am utmost confidence in my faith that I dares challenges Hanan,Dtan and difefu..Before that the Anti Hadith and before that scores of non believer..And what do they say about me?..About my credential?..

WHAT ABOUT YOUR CREDENTIAL??...

MR SECULAR MAN..

[[All of us must seek the truth and we must be ready to be challenged of our faith before we will discover the truth]]

Too true.But you have not read the proper Islamic scholar that warned us times and again about this..

"Anda mendakwa menuju Kaabah..Tetapi bagaimana?..Jalan mu menuju ke Turkistan..

[[2-Otherwise yours is only blind faith.If you want to insists that it is your rights to blind faith then they too can insist on the same rights.]]

You are dead wrong here.See Surah AL Baqarah this verse that you have not shown any comprehension..

"Tunjukkan bukti jika kamu orang yang benar!!"

Allah challenges and dares you..Not me..:)

[[The consequence of all these then,the people will all only remain in what they have all been so accustomed to.They will be deprived of the truth]]

Which is?..According to your style of comprehension??

[[4-Please do not assume that you have absolute knowledge of Islam.That over confidence is very dangerous]]

I never did. On the contrary, you did. I always emphasize that we must not follow our own thinking but yet here you keep repeating them.. Now.. If you are the brave man and knowledgeable you thought to be, ask this question hard.. Very hard..

"Mengapakah merokok itu haram dari segi Tasauf and Kesufian"??

On your own comprehension.. This just escapes your's.. So?

Ask from the hafiz any that you could find...:)

Terima kasih Tun.

Dearest Tun,

Only if you allow me to put forth my finding:

>By parameswara 2 on January 9, 2011 12:45 PM

Dear parameswara 2,

I did some homework, and found that, as per point 4, as it was the custom to place a sign stating the crucified's offense on the cross in Latin, Greek, and Hebrew, so, depending on whom you refer to, they will base their "eye-witness' account" on either Latin, Greek and Hebrew.

I would say, different sources of of different background (Latin, Greek, Hebrew), all describing the same event with such high accuracy.

It shows to me how credible it is that the event two thousand years ago has indeed taken place.

If someone refute that event many hundreds of years later, in his own language, then, what can I say.

Thanks Tun.

Dearest Tun,

Only if you allow, and only if it is not infringing on the law of this land..

Dear Parameswara 2,

>so that the Christians and the Muslims could be reconciled

I don't think there is any fight between the REAL Christ's followers with the Muslims.. because by following Christ's teachings in the New Testament, they could not have possibly made enemies with anyone. Even if they do make enemies, they are supposed to love their enemies as commanded by Jesus.

Without any hatred towards the Muslims in the first place, what is there to reconcile?

I am just a layman. Christ may have revealed more detail to people close to Him, like dtan, than to the general public who may not have enough knowledge to handle the truth.

But I do find this keyword "transfiguration" helpful in explaining the question you are asking.

Thanks Tun.

Dearest Tun,

Only if you allow me to add:

I forgot mention one very important point in my last message, regarding the person whose creatinine tests showed that he was healed after his prayer and repentance.

In his prayer, he mentioned that if G-d willing, that if he got healed, he would spend the rest of his life serving G-d.

This reminds me of the following which I learned at around the same time (only if you would allow me to quote without infringing on the law):

"1 What causes fights and quarrels among you? Don't they come from your desires that battle within you? 2 You desire but do not have, so you kill. You covet but you cannot get what you want, so you quarrel and fight. You do not have because you do not ask God. 3 When you ask, you do not receive, because you ask with wrong motives, that you may spend what you get on your pleasures."

Thanks Tun.

Dearest Tun,

Only if what I say is allowed by G-d, by Tun, and is not against the counties' law:

Speaking of sins, perhaps Tun will find the following thought provoking.

I have heard from a person who suffered from kidneys failure, and needed dialysis. The doctor said he had no chance of surviving except to undergo a transplant operation.

Out of desperation, he went to a 24-hr prayer session. During the session he was praying and crying for help from G-d.

Then, with the support of the other elders, praying earnestly, suddenly flashback occurred to him.

The scenes he saw were those sinful acts that he performed since his early childhood (like stealing other people's rambutan, cigarettes) till the very recent act. It seemed that G-d showed him and guided him along to repent, in the name of \*

He repented as flashback continued, till the very last scene.

The next day, he went to the hospital, and the doctor told him he was totally healed, and no longer needed to undergo the operation anymore.

He went for a second opinion in Subang Jaya, another doctor confirmed his recovery too.

Thanks Tun.

Tun,

If I may respond

Per Wajaperak on January 9,2011 12:33pm

What can I say, I hope you get where you're hoping to get to.

May Jesus Bless You

Per Parameswara 2 January 9,2011 12:45pm

Per 4: The canonization of the New Testament was compiled by multiple scriptural text on the accounts by Jesus's disciples. If it was copied i.e. exact wording then the argument could be made that the disciples plagiarized from each other. This I accept, for sure, agreed there variations or inconsistencies (New & Old) for the Zakir Nairs and Dedaads of the world to throw 'Red Herrings'. It diverts attention away from Jesus and who he is. It depends on what you consider as a benchmark. If I made a chair. What would I consider to be an except-able benchmark. Made of wood, 4 legs & a Back rest? If that's the case. Is a bench, couch or stool not a chair or variations of a chair? I did make a 'Six Sigma' case against the Quran a while back simply to prove that you can make a case against anything. Not to prove that the Quran was wrong. I believe people who are inspired by the Quran will continue to be inspired by the Quran but it does not change what Jesus said or did despite many attempts to obfuscate the Bible.

Per 5: Well, apply Occam's Razor methodology as I suggested at the end of my last message. 1 person, 1 prayer (Eg. Who are you Jesus?) and 1 answer from God. Complexity is not a requirement to know Jesus.

Per 6: Gods' Nature is much bigger most of us realize. Here are some other names of God

Elohim ~ Creator/Originator

El Shaddai ~ I am God, the Almighty

Jehovah Jireh ~ The Lord my provider

Jehovah Rophe ~ I am the Lord who heals you

Jehovah Nissi ~ The Lord is my Banner

Jehovah M'Keddesch ~ I am the Lord who makes you holy

Jehovah Shalom ~ The Lord of Peace

Jehovah Rohe ~ The Lord is my Shepherd

Jehovah Tsidkenu ~ The Lord Our Righteousness

Jehovah Shammah ~ The Lord is there

Adonai ~ The Lord of All

Matthew 4:18-20

As Jesus was walking beside the Sea of Galilee, he saw two brothers, Simon called Peter and his brother Andrew. They were casting a net into the lake, for they were fishermen. "Come, follow me," Jesus said, "and I will send you out to fish for people." At once they left their nets and followed him.

I believe his calls to follow him still rings true today

Dearest Tun,

Only if you allow me to respond to Parameswara 2 to clarify things:

Dear Parameswara 2,

> 3-Thanks also for letting us know that trinity was the codeword for the successful atomic bomb test.

G-d let them know one tiny knowledge of the universe.  
But those people have been so naive to have revealed the knowledge to others. G-d is the Almighty who is Original, never need to copy from someone.

.. >Jesus himself was beseeching to in a loud voice when he was crucified" ..

I was also thinking why G-d ignored Jesus, and I prayed for an answer. Nong later, I got the answer from someone whom I never asked. He told that at that time on the cross, Jesus was bearing the sins of the whole world, even including the sins of the unborn.. so "sinful" that G-d could not help him, until..

(sorry, I could not elaborate more, especially what happen the third day after that Friday, as I have to observe the law of this land)

I am not as great as one of those early believers in Rome, who were willing to be burnt alive, than to renounce their faith and escape the flame. And to be fed to the lions in the Colloseum.

That kind of faith had touched many people, and the whole city started believe, until even the emperor himself started to realize.

Also, I am not as great as the early deciples of Jesus.. who were willing to die for their faith.

They did not return to their old professions (fishing etc) after Jesus' departure, but rather, followed the painful path of spreading the good news everywhere they went to. Many were captured and sentenced to death.

Had they not seen the extraordinary things while Jesus was still with them and not long after Jesus had been sentenced, surely they would have returned to where they came from, since their Teacher, Jesus had already gone anyway.

But they didn't.. Something must have happened which had convinced them about their faith.

>the Christians could also try to convince the Muslims,which is unlikely,

They are only meant to explain things related to them, that they think others might have misunderstood them.

To clarify misunderstanding is what we need to to live in this planet peacefully, and not to force our believes onto others.

As it is written,

"And whosoever shall not receive you, nor hear your words, when ye depart out of that house or city, shake off the dust of your feet."

Sorry about the little knowledge I have. I don't refer to the other knowledge as I have yet to study them.

But one thing I have to point out is, even Oxbridge have centers for Islamic and Oriental and African studies. Do we have a center for Christianity studies? We don't.

So, if we were to engage them and try to convince them about our believe and understanding of the universe, we will never be able to. They know us more than we know them.

Hope we love G-d more.

For those who have been justified by G-d grace, it is "to love G-d". For the others, it is "to fear G-d".

Thanks Tun.

3-Thanks also for letting us know that trinity was the codeword for the successful atomic bomb test.I have never imagined the creation of weapons of mass destruction could be regarded a holy mission to be worthy of God's blessings.

4-To Dtan thanks for the numerous quotations from the mostly new testaments to prove that Jesus himself have made a claim to his divinity.But please remember that these Gospels you refer to can't even agree on what is written on the sign above Jesus' head when he was crucified.

Mark: The King of The Jews

Luke: This is The King of The Jews

John: Jesus of Nazereth,King of The Jews

Matthew: This is Jesus,The King of The Jews.

5-If in such a short and simple thing like this they can't all agree wonder how reliable they would be with more complex things.

6-May Peace be upon all of you in the name of the Almighty God,The Creator of The Heavens and The Earth,the one Jesus himself was beseeching to in a loud voice when he

was crucified" eli, eli lama sabachtani" Allah,Allah,why has thou forsaken me"(mark 15;34)  
Since Eli can't be Abba(father),or Yahweh,or Jehovah so it has to be Allah.

Is not a man made concept.

Tun,

If i may respond to Parameswaras 2 comments on January 6, 2011 2:02 PM

"7-Christianity on the other hand although claiming to be a monotheistic and coming from the same source,have this unique concept of divinity called the Holy Trinity ; The Father,The Son and The Holy Spirit, a three in one and a one in three.A concept which was decided by the various denominations at the Nicene Council in 325 AD by way of 'vote'.But most of the time on the teachings of St Paul through his epistles

mention only 'in the name of our lord Jesus 'to represent the whole God package."

Yes, St Paul in his epistles only mentions 'in the name of our lord Jesus ' to represent the whole God package. Similarly, I would not call a person by his full name all the the time. St Paul does not repeat 'Jesus Christ Son, Father and Holy Spirit' in the full context. However, Jesus mentions it once and for all in Matthew 28:18-20 (See Below)

Yes, the Council of Nicene did formalize the the trinitarian concept. What can I say, except we got together and agreed on the obvious :) You would be doing a disservice to non-christians by implying that it is a man made concept. If you look into the context of the Bible and Torah. There is ample evidence of God's multifaceted appearance.

The Torah refers to God as 'Elohim' in Genesis 1:1. The word itself is plural.

'In the beginning 'Elohim' created the heavens and the earth'

Those of you who love the scientific efficacy of the Quran may also be impressed with this statement

Big Bang = Time (In the Beginning) + Space (Heavens) + Matter (Earth)

Jesus himself makes many references to his divinity and to the trinity

John 15:26

[ The Work of the Holy Spirit ] "When the Advocate comes, whom I will send to you from the Father—the Spirit of truth who goes out from the Father—he will testify about me.

John 15:1

[ The Vine and the Branches ] "I am the true vine, and my Father is the gardener.

John 11:25

Jesus said to her, "I am the resurrection and the life. The one who believes in me will live, even though they die;

Why did the Pharisees want to stone Jesus in John 8:54-58 because he made a blasphemous claim about his divinity.

John 8:54-58

Jesus replied, "If I glorify myself, my glory means nothing. My Father, whom you claim as your God, is the one who glorifies me. Though you do not know him, I know him. If I said I did not, I would be a liar like you, but I do know him and obey his word. Your father Abraham rejoiced at the thought of seeing my day; he saw it and was glad." "You are not yet fifty years old," they said to him,

"and you have seen Abraham!" "Very truly I tell you," Jesus answered, "before Abraham was born, I am!" At this, they picked up stones to stone him, but Jesus hid himself, slipping away from the temple grounds.

The 'I am!' statement angered the Pharisees because he claimed divinity and they were going to kill him for saying that (Refer to Exodus 3:14).

Exodus 3:14

God said to Moses, "I AM WHO I AM. This is what you are to say to the Israelites: 'I AM has sent me to you.'

Everyone knows John 14:6 'I am the Way, The Truth and The Life,.....' but listen to Jesus's answer to Philip's doubting in the following verses:

John 14:8-11

Philip said, "Lord, show us the Father and that will be enough for us."

Jesus answered: "Don't you know me, Philip, even after I have been among you such a long time? Anyone who has seen me has seen the Father. How can you say, 'Show us the Father'? Don't you believe that I am in the Father, and that the Father is in me? The words I say to you I do not speak on my own authority. Rather, it is the Father, living in me, who is doing his work. Believe me when I say that I am in the Father and the Father is in me; or at least believe on the evidence of the works themselves.

Lastly,

Matthew 28:18-20

Then Jesus came to them and said, "All authority in heaven and on earth has been given to me. Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I am with you always, to the very end of the age."

Why would he make this statement if he did not mean what he said? You can only accept Jesus on 'face value'. What he did and what he said. Above all, personal prayer and revelation can reveal more than what meets the eye. I invite all seekers to use prayer as a guide to truly understand who Jesus is.

Blessings in Jesus Name

Dearest Tun,

I wish to clarify matters with parameswara 2 regarding point 5.. only if you allow:

>5-The Muslims accept Jesus as one born miraculously without a father just quite like Adam who was born without both mother and father.

Dear Parameswara 2

In my opinion,  
Not only G-d made Adam, but all other materials in the world.  
I believe you also think the same.

But according to certain source, there is this "Word" which has been with G-d from "alpha" to "omega" (from infinite beginning to infinite end).

As for the reason why G-d participated in the birth of Jesus in a way that, G-d let the other half of Jesus parent be a human being, instead of creating Jesus straight out of a template just like in the case of Adam, is worth pondering.

But I am only a layman.. perhaps those who study theology in that field are more qualified to point out to you. But due to certain restriction found in this country (which i also not very familiar of).. I guess you will never know their findings and understanding by way of two-way discussions in Tun's blog.

I just wish to point out that, there must be a reason.  
If "thing" created by G-d, sacrificed to redeem us, it would surely be futile.

On the other hand, if the other half is from "Word" then it will be according to G-d's plan, as understood by this group of people who endeavor to understand G-d's plan according to their bible.

As for the other points, I respect your views, though I may disagree with you. G-d bless! As dtan always say, may peace be with you, in the name of J.

Thanks Tun.  
By difefuAuthor Profile Page on January 8, 2011 2:15 AM

Dearest Tun,

Only if you would allow me..

Dear parameswara 2

>to accept that God Almighty being eternal requires no successor

Successor? What successor? I don't think "Son of G-d" means "Successor of G-d". G-d is of course eternal. So, how to succeed Who is eternal?

For the Christians, I believe, It is of utmost importance for the sequence of "in the name of the Father, Son, and Holy Spirit" mentioned in prayers, to be strictly followed "in order".

They never permute them.. such as, saying the "Son" in front of the "Father"..

I happened to know an elder who used Jesus name to heal, and he had specifically reminded us about the importance of having the "Father" first, then "Son", followed by "Holy Spirit".

Hope this helps clarify some of your doubts..

>have this unique concept of divinity called the Holy Trinity ;

I wonder, why would G-d allow the Trinity test (the code name for the first atomic bomb test) to succeed.. since it bears such a name.

>St Paul through his epistles mention only 'in the name of our lord Jesus 'to represent the whole God package.

I guess St Paul must have mentioned "Jesus" name, to serve as a "bridge", between him and G-d the Father, so that his prayer could reach G-d.. if he didn't quote Jesus, who he belived serving as a bridge, the message may end up in "someone".

Please forgive me if I say wrongly.. just my personal opinion. This world has so many different people, can't expect everyone to think the same.

Thanks Tun.

Dearest Tun

1-Further to my earlier comments to ekompute on the preemptive initiative of the Prophet I have quoted the Bible Isaiah 21 to have prophesied about a people who were fugitives from persecution who would later succeed in ending the glory of the persecutors.If this prophecy 'concerning Arabia' is not about the conquest of Mecca then it has not been fulfilled until today.

2-Now what is interesting to note here is the number of the soldiers involved in this triumphant entrance into Mecca, a total of 10,000.This is the number recorded,accepted and recognized in history.So for those of you who find it difficult to swallow that the Bible actually was prophesizing about this triumphant entrance of the Prophet into Mecca please now refer to this other prophecy in the Bible.

3-Please check the revised edition 1901 Deuteronomy 33:2 'the Lord came from Sinai and dawned from Seir upon us;he shone forth from Mount Paran he came from the ten thousand of the holy ones with flaming fire at his right hand.'Flaming fire from his right hand merely means he will issue powerful laws over the people.That is what the Prophet did from Mecca after he has entered with the 10,000 of the holy ones.If it is not about the Prophet then again this prophecy after 3,000 years have not yet been fulfilled until today.

4-The Christians claim that this is one of the Prophecies about Jesus.May be he would do all these in his second coming.The Jews on the other hand is still waiting for the fulfillment of the Prophecy until today.To the Jews that great Prophet foretold must only be a Jew.Although Jesus was a Jew the Jews didn't see him fulfilling all these prophecies in his lifetime.The Jews reject Jesus totally. Since they do not buy this immaculate conception idea,Jesus was just someone born out of wedlock to them.

5-The Muslims accept Jesus as one born miraculously without a father just quite like Adam who was born without both mother and father.If the Christians could be convinced by the Muslims,which is unlikely,to accept that God Almighty being eternal requires no successor,the Muslims and Christians could be reconciled.

6-The Jews and the Muslims are also actually one if only they could accept 'that Prophet' to be a non Jew.They both believe in a one absolute God.They share many of the Prophets .Their male must be circumcised.They do not eat pork ( swine) for it is considered unclean as commanded by God in the Bible Old Testament; Deuteronomy 14;8 and Leviticus 11;7.

7-Christianity on the other hand although claiming to be a monotheistic and coming from the same source,have this unique concept of divinity called the Holy Trinity ;The Father,The Son and The Holy Spirit, a three in one and a one in three.A concept which was decided by the various denominations at the Nicene Council in 325 AD by way of 'vote'.But most of the time on the teachings of St Paul through his epistles mention only 'in the name of our lord Jesus 'to represent the whole God package.

8-They may consume pork and they no longer circumcise for religious purposes.

9-Because of all these differences the Jews,the Christians and the Muslims will fight till kingdom come!

Thanks Tun

Dear Tun,

Since the dawn of time...it had been told that Iblis swore in front of God that he and his kind will work FULL TIME 24/7 to get the human race to be astray.

Iblis is always getting us to be astray.

What is the worst type of going astray beside assigning partners to God; if NOT killing other Humans!

But we must not rest as we also need to work 27/4 to counter Iblis; our clear and sure enemy.

May God bless you noble efforts.

Assalamualaikum Tun,

Every time the President of USA visited Iraq or Afghanistan, no one would know until he has landed in the country. Same goes to President Bush last time. For security reason I guess.

But it shows that they are scared of their own doing by killing innocent people of Iraq and Afghanistan. Let God deal with them all.

But talking about war, it has been more than 60 years since the WW2 and yet country like American, Australia and Britain want to go into that part of history again. They want to conquer as much as they can to pursue their dream and become super power of the world. Yet they never learn from their lesson given by the Vietnamese and Iraqis.

I am totally against war under any circumstances because it is not relevant in today's world anymore. We have the brain and we can discuss properly and try to work things out accordingly. People are smarter now and nobody would like to see bloodshed around them and innocent people being killed.

The most sad part is that the reason behind the war is nothing real. They made it up to fool people of the world to justify their reasoning on going into Iraq and Afghanistan. And yet people believe them.

On the other hand, war is something important to the people of those time. The time of Prophet for example. He was called to go to war not by his choice but because of the situation forcing him to. In fact, in Islam, we have rules and regulations regarding war. We cannot simply go into war and claim it to be in the name of God. God does not like human taking another human's life. Unless the person is attacking you first or self-defense.

Maybe we all should read the Koran about war because it has many stories about how prophet handle it and treat their enemy.

Thank you Tun..Selamat Tahun Baru and May God bless you always!

There is no doubt about the futility of war and the sophisticated and state of the art weaponry as even the greatest scientist who helped develop them has predicted that "Men will fight the Fourth World War with stones and sticks". Apparently those sophisticated weaponry will be of no use by then.

Salam Ayahanda Tun,

Its a good article. i really like the last 2 pharagraph

-When will the great powers learn that their overwhelming military power will avail them of nothing in this modern age.

-When will they realise that war, the killing of innocent people is futile.

My Opinion, they will not and never learn because they thought they are powerful

By zulkiflee\_ArifAuthor Profile Page on January 5, 2011 2:20 AM

Assalamu'a;ikum Tun,

Perang dan scientific-researches adalah dua peranan terpenting yg di tentukan oleh Allah Subhanaullahu Ta'ala bagi manusia sebagai Khalifah di mukabumi ini.cuba lah hayati Surah Al-Baqarah ayat 30-37....menumpahkan darah dan merusak di mukabumi,ia-itu Berperang dan membongkar rahsia bumi melalui kajian sains (seperti yg sedang dilakukan oleh Amerika-Barat)hingga memudaratkan Bumi memanglah bertentangan dgn naluri setiap

orang yg cintakan Perdamaian.

ketika Allah Subhanaulla Ta'ala mengumumkan untuk mencipta manusia sebagai Khalifah dimukabumi, para malaikat menyuarakan kebimbangan mereka bahawa manusia akan merosakkan dan menumpahkan darah. Allah Yg Maha Bijaksana tidak membantah andaian para malaikat tentang kerosakkan dan pertumpahan darah yg bakal di lakukan oleh manusia. tapi sebalik nya Dia dgn segala hak Kebesaran Nya menegaskan "...Aku Mengetahui apa yg tidak kamu ketahui...".

salah kah perang? salah kah mengorek lombong mengeluarkan hasil bumi? yg satu menumpahkan darah, yg satu lagi merosakkan mukabumi. kedua nya memang membawa mudarat. tapi Manfaat nya adalah jauh lebih besar dari mudarat nya.

Perang adalah untuk menegakkan Kebenaran, mengembalikan Hak kpd yg Berhak. untuk mengembalikan manusia kpd naluri nya iaitu Kalimah Tauhid. Tiada tuhan selain Allah. Islam menganjurkan kita mendahulukan Dakwah yg berterusan. seandai nya Dakwah itu di tentang atau dikeang, adakah cara lain selain dari Perang?

malang sekali Tun, kita terlalu bersikap defensif. kita gagal meletakkan Kebenaran pada tempat nya yg sebenar. malah sikap defensif itu sendiri pun gagal kita pertahankan dgn argumentasi yg kukuh. kita lebih rela ikut telunjuk acuan orang-orang kafir yg sedang mengelirukan kita. padahal ini adalah perang antara Islam dgn kafir. Perang sebenar dan Perang Ideologi.

apakah yg Tun rasa ketika membaca komen andrewtay yg menyeru digugurkan bom hidrogen keatas jemaah Haji? adakah Tun anggap ia hanya sebagai komen liar yg tak perlu dilayan? ini adalah provokasi terhadap Umat Islam. sama buruk nya dgn penganjur Hari Membakar Al-Quran di Amerika atau pelukis karaketur Rasulullah S.A.W. dan lebih buruk lagi, ia di lakukan di Malaysia, di-blog pemimpin teragung umat Islam zaman ini. dan kita tidak bertindak apa-apa?

adakah kita telah terbiasa dgn penghinaan sebegini? berpuluh malah beratus aduan polis dibuat terhadap Karpal Singh, Lim Kit Siang dan lain-lain, oleh NGO, oleh Umno malah oleh PAS pun, tiada satu yg diambil tindakan... lalu mendorong extremist-supremacist cina seperti difefu, tuacheng, andrewtay dan kaum mereka datang dgn lebih berani menyebarkan fahaman kebencian mereka terhadap Melayu dan Islam di-blog Tun sendiri dan kita biarkan saja? apakah demikian dayus nya kita? tidak kah ini suatu hasutan yg boleh menggugat keamanan Negara?

ketika tuacheng secara kurang-ajar berulang-kali menyebut Tun tanpa gelaran terhormat sebagai mr mahathir saja, kita masih boleh sabar menahan marah. walaupun itu tindakan biadap yg secara terang-terangan menolak pengiktirafan Negara dan Raja kpd Tun, kita diamkan juga. tapi kali ini, sudah lebih daripada melampau. impian andrewtay untuk menggugurkan bom hidrogen keatas jemaah haji menggambarkan betapa dalam nya kebencian nya dan orang-orang seperti nya terhadap Islam. sekalipun dia dipenjarakan, kerakyatan nya ditarik balik dan dihalau keluar dari Negara ini, tetap kebencian yg dia sebarkan tidak akan berakhir. hukuman keras harus dikenakan untuk mengembalikan rasa hormat kpd undang-undang. ISA-kan lah orang-orang yg berhak di-ISA-kan.

terimakasih Tun.

What should I say? Like how some Indonesian hate us Malaysia for no reason, then the hatred happens in term of US and Israel towards Islamic nations no matter how they twist their words for democracy.

Tun..blog Tun amat menghiburkan...harap sudi mengizinkan ruang..

[[ekompute]]You believes in wikipedia.It is well known as fair.But I stick to Islamic principal in saying one who practice is the only one who believes..

[[On the surface, "exhaust all avenue" sounds very reasonable. But who is to decide whether one has exhausted all avenues]]

Mr ekompute.Please admits you are a civilian.Hence don't understand the military strategist.The real one.In Islam,the proper leaders does not know what his foes are up to.This foe can take advantages when they are weak.Look at Tun as examples.Tun Dr Mahathir is not weak.He have manages to turn his foe to become ally and manages to keep at bay "the potential enemy".In return we reap benefit of Tun charismatic persona.The details?..It is need to know basis and you are not needed to know the basis..:)

[[And don't you think that timing is a very important strategic factor in war, that is if you want to win the war? By the time you exhaust all avenues, you may have become so weak or the enemy has become so strong that to enter into a war is suicidal. And isn't it true that an inept party exhausts all avenues faster than a capable one?]]

Spoken like true civilian..You have forgotten what I said about dracula showed fangs when he saw blood?Meaning..time and again we must enticed our known foe and unknown foe of baits..

The one who are not sincere never could resist the temptation of baits..Throw your cast..and wait for the bite..

The wolf in the lamb clothing could not resist bait..

The moment we reels in the catch..Proper and immediates actions follows suit..

[[Generally, wars are never started by weak parties who knows that they are going to lose. They are started by those who thinks that they can subdue the other party. Thus, to avoid a war, just submit to that other party, even if he says black is white. In other words, if the weaker party doesn't respond even if the enemy starts attacking, would there be any war?]]

Why would we want wars?In Islam, you prepares for war because you don't have to get caught unprepared..

[[But this is not a solution either. In short, war will continue. Greed, hatred, and ignorance is an inalienable part of the human psyche and as long as humans exist, there will continue

to be wars. Wars have existed since prehistory and World War 1 was supposed to be the war to end all wars, so why did World War 2 happened 21 years later?]]

Allah have answered this in Al Quran.All you need is just know where to look.Ask Mr Parameswara 2 perhaps?...:)

Terima kasih Tun.

Tun,

Per 3. If the Taliban had given up Bin Laden. The US would not have invaded Afghanistan. I agree with you that its an un-win-able war. Simple because there are 6 million Pashtun Jihadists in Northern Pakistan. The US did not take that into account. Nevertheless, a coalition between Karzai and Taliban is a lesser evil than allowing these 'barbarians' who burn, splash acid and practise honour killings on women to be brought into the 20th century. I would have advised the Americans differently. Arm India to the teeth since these Jihadists are itching to reclaim Jammu and Kashmir. I share common cause with Dr Shashi Tharoor that 'Jammu and Kashmir are part of the Indian Union and democracy is part of the Indian Ethos'.

Per 4,5. Agreed, War is futile and ineffective unless you are an Extremist who commits genocide on a large scale i.e. Armenians, Maronites, Kurds, Sudanese, Coptics etc. They have effectively used the mass murder of men, women & children with great brutality to wipe out most if not all opposing populations. The US is too honourable to commit such acts. Therefore the Taliban will get their way. Is that a good thing for the Afghans?

Peace to you Tun In Jesus Name

..But one thing I never manage to grasp is why the Prophet also had to engage in wars and pre-emptive strikes. In self-defence, one has no choice and cannot be considered a willing participant, but pre-emptive strikes belong to a different kettle of fish altogether. Everyone is a potential enemy and if that is sufficient reason to start a war, then we can safely say that war is a necessity. //

1-Mecca was the centre of the Arab Civilization by virtue of being custodian of the Ka'abah,the holy shrine built by prophet Abraham and his son Ishmael that had been turned into a Pagan Shrine by the idol worshippers of Mecca.The Prophet had the wisdom to

understand that to convert the whole of the Arabian Peninsular he must first tackle the Centre of this Pagan civilization.

2-This religion of submission to a one God that the prophet was promoting was contrary to their belief of many Gods,and if the prophet was successful as they have been observing,then the Prophet would be the new ruler, and the keepers of the Pagan faith will lose all the power that they had been enjoying throughout the Arabian Peninsular.Therefore the Prophet can only expect that the Meccans will fight him with all their might.It is akin to the Prophet trying to promote Islam in the Centre of the American civilization,New York,do you think they will let him be free?But of course the Prophet of God had no choice..

3-When his uncle Abu Talib died,the clan system was no longer able to protect him so he had to get out of harms way.He didn't want his followers to be slaughtered by the Meccan Authority.With God's help he obtained a strange asylum given by the people of Medina,people who were willing to risk their lives to take in someone the Centre of the Arab civilization Mecca had rejected.This was a great insult to the pride of the Meccans so the people of Medina could only expect to be punished.So that's how all these wars began.

4-So shouldn't the Prophet fight to defend the Medinans who have only got themselves into trouble for giving him refuge? Or was it better for him to just surrender and let the Meccan people execute him and all the refugees?Than how can this message if Islam be made to prevail over the idolaters? The Arabs then would not have a chance later to achieve a Golden Age that would later influence all its once mightier neighbors like Egypt,Mesopotamia and Persia.

5-In all the wars you will find that the Prophet was only seeking to minimise casualties on both sides.Mecca was not a potential threat.It was a real threat.Otherwise all the wars between Mecca and Medina would not have taken place.In the treaty of Hudaibiyah the Muslims were even willing to accept the unfair terms as long as they could secure peace.And of course during this time of peace the Prophet was wise enough to strengthen the army so that they would be able to ward off future threat to devote their time and energy for the real mission God had sent them,that is to spread the message of Islam.

6-The preemptive attack on Mecca was only done when the Meccan had violated the treaty of Hudaibiyah.But this preemptive attack was the most awesome and least violent one in history.The prophet with his 10,000 strong force invaded Mecca without a fight after successfully confusing the Meccans.Only 4-8 people were executed after they have refused to repent for their sins against the Muslims while all the rest were given a general amnesty.

7-All the staunch enemies of Islam starting with Abu Sufyan eventually accepted Islam.The original mission of the Prophet to convert Mecca has eventually been accomplished.Once this centre of the Arab civilization has been converted,it was then just a matter of time before the whole of the Arabian Peninsular,lock stock and barrel came into the bond of this Islamic brotherhood.

8-Never before in history has any one single person been able to convert in their lifetime peoples in a land area of 3 mio sq km.That is why prof Hart a Jew had chosen the Prophet as the no 1 out of a hundred most influential man in history.This significant event has even been prophesied by the Bible pls check the revised std version 1901,in the old testament,Isaiah 21.Under 'oracle concerning Arabia.

9-'In the thickets in Arabia you will lodge O caravans of the De'danites.To the thisty bring water,meet the fugitive with bread O inhabitants of the land of Tema.For they have fled

from the swords,from the drawn sword,from the bent bow,and from the press of battle.For thus the lord said to me,'within a year,according to the years of the hireling,all the glory of Kedar will be no more,and the remainder of the archers of the mighty men of the sons of Kedar will be few,for the lord,the God of Israel has spoken.' Only God knows best.

Thanks Tun.

Selamat Tahun Baru 2011 untuk Tun Dr Mahathir Mohamad dan keluarga. Semoga tahun ini dan tahun-tahun akan datang memberi kebahagiaan dan kesejahteraan untuk Tun and keluarga. Teruskan kerja kerja amal anda semoga diberkati oleh Allah s.w.t.

There are many resolutions and wishes for the new year 2011. However, I wish that Malaysians can start with 3 simple matters;

- 1) Improve cooperation - 1Malaysia is a good start.
- 2) Improve prosperity - There are many poor Malaysians especially in rural areas.
- 3) Improve governance - Be it a home as a family unit, state level whether Barisan State Government or Opposition and National level.

Well enough said about Malaysia. It is still a warm and peaceful country which attracts people from the south like myself to it every holidays.

Going back to the issue of war issue brought up earlier. Apparently, American military commanders still assume they have the best military in the world and they can conquer and defeat any opposing force. Thus, it shows clearly in their arrogant stance in wanting to liberate Iraq, then Afghanistan, Iran next ??, Malaysia perhaps on the waiting list of countries to be invaded God knows what is inside the mind of the military commanders of USA.

Don't those well trained and schooled military commanders learn their art of war properly. The best victory of war is NO WAR. Well we have seen great ancient empires like the Romans,Mongols, Mughal, Han, Qing, Song etc after conquering masses of land crumbled at the expense of prolong war. We have seen that as American economy had crumbled and mind you people are living in the streets in USA not Malaysia.

Thus I urge all Malaysians, please read up history of ancient empires and learn from their history. Not you being a subject of history lesson.

Selamat Tahun Baru 2011

The Americans never learn, wars cause more debt, not money in their pockets. Now they have to find ways to raise cash... and war is the cause of it.

They have no Gold, No Backing whatever, so unless China and the East Asia says NO to the US DOLLAR, we are all still...being jerked off by zionist and financial-terrorists of the 21st century.

So...start saying.. No to Dollars, Yes to Dinars and Dirhams. Euro did a good start...but now it's time to change back to Gold..and No Interest.

Wow, what an enthusiastic response to my post! Unable to reply to all but let me reply to wajaperak.

wajaperak asked: "First and foremost whose Prophet?" Wikipedia defines prophet as "an individual who is claimed to have been contacted by the supernatural or the divine, and serves as an intermediary with humanity, delivering this newfound knowledge from the supernatural entity to other people." The definition does not say that one must be a follower in order to call someone a "prophet". He only needs to acknowledge that the individual has had some kind of supernatural or divine contact.

wajaperak further says: "War is the only violent mean to achieve peace. But have you truly exhaust all avenue of peace??"

On the surface, "exhaust all avenue" sounds very reasonable. But who is to decide whether one has exhausted all avenues. And don't you think that timing is a very important strategic factor in war, that is if you want to win the war? By the time you exhaust all avenues, you may have become so weak or the enemy has become so strong that to enter into a war is suicidal. And isn't it true that an inept party exhausts all avenues faster than a capable one?

First and foremost whose Prophet?..Your's or our's?If you think you shared our prophet than you are a believer.If you are a believer,you must know certain things are not visible through naked eyes.Your blood circulation,your life and so on.We can only have faith that they are in working order.So is Islam.It "architechure" lies invisible.You can only have faith as option.But faith must be validated by proofs.Islam have ample proof to wards of any cynic.Trust me.Thefore..my Rasullulah s.a.w never erred in any of his decisions.See Surah An Najm.

He will then propose this solution to our Vice Premier, TS Myuhiddin to get support from our President Umno before announcing this proposal that "tally with People First, Performance Now". Have confidence with them since BN is serious to re-gain KLFT and Selangor as BN territories. Take care.

Dear Tun,

May I refer to ekompute on January 1, 2011 7.12pm 'But one thing I never manage to grasp is why the Prophet also had to engage in wars and pre-emptive strikes'

You have to understand that the Prophet was hounded out of Mecca when his uncle Abu Talib died. The Quraish of Mecca wanted to kill him for spreading Islam in Mecca. He had to escape from Mecca under cover of darkness and had to take detour to escape from the marauding Quraish. With this kind of background, the Quraish of Mecca were the aggressors. At the Battle of Badr, the Muslims took the initiative to intercept the Caravan of the Quraish as these people were persecuting the Muslims in Mecca even though the Prophet had left for Medinah. These enemies of Islam cannot be left alone because they wanted to destroy Islam and Muslims. Don't you think that is self defence?

But the Prophet never sought to destroy these people. He only wanted to convert them. Those who refused to be converted were left alone like the jews of Medinah. Eventually when the jews colluded with the enemy of Islam, the invading Quraish of Mecca at the Battle of Khandak, then they were told to leave Medinah. Don't you think that is reasonable?

In the end, almost all the great enemies of the Prophet in Mecca converted to Islam except Abu Jahal who was killed at the Battle of Badr. Those are the historical facts. You can check it out.

Dearest Tun

//6. Those trillions of dollars spent on research, development and productions of ever more  
effective murder weapons will prove to be a waste. In the end to claim the rights of the  
victor you have to be on the ground. And on the ground the people of the defeated  
countries will use primitive hand guns and home made bombs to kill the victors, within their  
countries and everywhere else. Like Obama, the victorious leaders will have to slink about  
in the darkness of the night, frightened by the hatred of those they had terrorized, despite  
the massive security personnel around them.//

1-The fact that they are willing to spend trillions of dollars on the development of these  
weapons indicate just how very big this business is in America. The livelihood of the  
Americans are very dependent on this single industry. This is a multi trillion dollar industry  
that is now mainly dominated by the US and her allies.

2-Every country in the world will have a huge defense budget. Even the poorest of nations  
that may not have enough to feed their own people must allocate substantial amount of  
money for their national security. They have been told that their neighbors have already  
possessed the latest most advanced equipments so these nations must also keep up to the  
Joneses. It will surely be worth billions annually. The USA is one of their favorite suppliers.

3-The industry is so important that these arms manufacturers actually control the United  
States of America. Once in a while we would hear in America of some lunatics on a shooting  
spree taking many innocent lives. One of the reasons to this phenomenon is the fact that  
firearms are not controlled in America. So isn't it strange the USA doesn't think it is  
necessary to reevaluate the situation after every new occurrence now and then? It seems no  
one in the Congress would even dare suggest the need for tighter control of the firearms.

4-This is the only industry that the Americans are still the key player and competition is not  
so great. In most other sectors they are no longer respected. In carmaking American cars are  
only trying to make a comeback. In electronics even the Americans are going Japanese or  
maybe Korean these days. Only in this big war industry, a company like Harliburton, also a  
big supplier in the industry is still formidable.

5-So whether the Americans will be embarrassed or not that they will be defeated on the  
ground through these guerilla warfares the Arms makers as professional people don't give a  
hoot. All that is important is that the war must go on as long as it takes. The longer the war  
the more weapons they can supply and that is a lot of money for them to make. It's good for  
America anyway.

6-After all the wars are always done away, on foreign ground. And with all these destructive  
missiles they have tested on the Afghans, Iraqis etc. they may now have the necessary  
experience to fight the comets heading our way as difefu has warned us. They can actually  
help save the world!

7-This is the only reliable industry to keep and create the jobs directly or indirectly and

boost consumption for the economy that they still have. Its not safe to survive just to depend on money printed 'ex-nihilo'. They must also show they know how to work for money. After their war machines have destroyed the cities, their other friends will make billions in rebuilding the infrastructure. So there is a lot of cross-selling to be made in this industry.

8-That is why there will always be wars around the World. Its simply America's economic survival. They have no choice but to create a demand somewhere for these trillion dollar weapons they are producing. Even if they have to forego a multi billion building and a few aircrafts to get to create a war so be it.

9-Well everybody is going to die someday so to the capitalist losing other people's lives is really not an issue. Can you guarantee to the capitalist that people won't die if there is no war? As capitalist their only mission in life is to maximise profit.

10-After the communist terrorist has been exterminated, they have found the present muslim terrorists to terrorize. The next on the favorite nation list to 'war' with, once the Muslims have been deterrorized, I suspect would be the yellow terrorists. The people they know will soon claim the throne to rule the world which they are now sitting on.

11-This, their biggest Ah Long may be the only one who may reverse anything at all eventually. But whether it will be for better or for worse, only God knows best.

Thanks Tun

Most of the facts on what the US is doing to force its hold on other countries, are already known, Tun. The question is: what can we do about it? How can we stop the bully? It's so powerful and it has most of the developed and rich developing nations ( the oil-rich countries) under its thumb.

One possible approach is to flood the US with students from all over the world - maybe increase the number by three or four fold. Jointly they can initiate or join protest movements condemning some of the US foreign policies.

Student movements can be influenced to represent our interests and influential student leaders overseas should be financially supported by their governments including Malaysia, to undertake the task.

Next, keep the US government busy on home and domestic issues with adequate security problems to keep the US military's hand fully occupied. Existing threats and natural calamities can be highlighted to ensure that Americans focus their attention on domestic

matters.

Finally, US embassies overseas should be fed with so much information by the government that there is no opportunity for other parties to give distorted information to suit their own interest. It's always a lack of information which allows distorted information to creep in. That should be enough for a start. I think these efforts would be better than trying to make the US listen to empty curses and threats.

Dearest Tun,

It is out of the topic.. but since I have a little opinion in response to HBT's message, only if you allow..

Dear HBT,

I am not familiar with the Kampung Baru issue.

But if I could offer a bit of advice, perhaps the government can help the land owners to build high rise condo / apartment / flat and rent the condo / apartment / flat to the KL people, the congestion in the city will be greatly reduced.

Because, the office workers will no longer need to commute between the CBD and the outskirts day in and day out.

Assalamualaikum Tun Yang Amat Dihormati,

Bukan sahaja Presiden Barack Obama, sesiapa yang menjadi Presiden Negara 'Uncle Sam' ini tidak akan mampu menyelesaikan masalah di negara bergolak di Timur Tengah, selagi ada tangan ghaib (zionist/yahudi) yang sentiasa 'menyucuk jarum' secara nyata atau halus, penyelesaian sesuatu konflik secara peperangan akan sentiasa terjadi, tetapi saya bersyukur bahawa Tun adalah antara pemimpin yang begitu mengambil berat dan vokal akan ketidakadilan sebegini.

Teruskan Tun, saya sentiasa menyokong Tun.

Akhir sekali, belum terlewat untuk saya mengucapkan Selamat Tahun Baru kepada Tun dan Tun Siti Hasmah, semoga Tuhan melimpahi rahmat serta keberkatan kepada Tun sekeluarga. Terima Kasih yang tidak terhingga di atas segala jasa dan usaha berterusan Tun untuk negara tercinta ini.

Salam Tun DM and respected visitors,

In the end to claim the rights of the victor you have to be on the ground.

What happened to Crusaders, Romans, Alexander of Macedonia, Germans, Napoleons, Japanese?

It does not pay to stick to too many grounds nor to take more than you can bite.

Dear mfh84,

I didn't know that. I was blind. Thank you for telling.  
I thought people always says that word meant "Peace".. now I see.

I can only tell the Jewish people about the guiding priciple of my life, from my beloved Book:

"Anyone who hates his brother is a murderer, and you know that no murderer has eternal life in him."

See how strict it is. Even stricter than yours.

Tun,

I imagine this is what is taking place.

Axis of evil HQ:

Obama: We have a lot of smart weapons. Why can't we achieve victory?

Blair: Yes, I think we should programme them take out innocent women and children.

Netanyahu: I think it is better we just nuke them.

Axis of angels HQ:

Osama: We must in no way harm civilians in our suicide bombings.

Ahmadenijad : Yes, we will only target soldiers. Only this way will the world respect us.

Hezbollah boss: Yes, we will stop firing katyusha rockets into Israel with immediate effect.

Hamas boss : We must try to secure smart weapons that will take out only military personnel.

I shudder to think what would happen to the world if the US was an Islamic nation.

Best Regards.

Salam Tun,

Kita berharap US akan belajar dari kesilapan tapi adakah kita akan melihat itu berlaku. Saya tidak pasti. Apakah keamanan yang kita harap-harapkan akan menjadi kenyataan satu hari nanti. Hanya Tuhan saja yang tahu. Setiap individu di dunia ini punya tanggungjawab ke arah mencapai keamanan sejati. Untuk kita mengubah sesuatu yang terlalu besar mungkin tidak akan berlaku. Tetapi dengan punya matlamat untuk mencapai keamanan di sekeliling kita setiap hari, nescaya usaha sebegini akan lambat-laun memberi kesan ke seluruh penjuru alam. Itu pendapat saya Tun.

Minta izin Tun - saya ingin mengucapkan tahniah kepada pasukan bolasepak kita yang menang Piala Suzuki 2010. Saya juga berpendapat gelaran 'Harimau Malaya' bolehlah ditukar kepada 'Harimau Malaysia'. Barulah kawan-kawan kita di Malaysia Timur tidak rasa kecil hati.

Terima kasih Tun.

I totally agree with Tun on the futility of war. Wars have been fought over such abstract things as ideological differences, not to mention wealth and even spices. Alexander the so-called Great spend almost all his life fighting and what happened in the end? His empire died with him.

But one thing I never manage to grasp is why the Prophet also had to engage in wars and pre-emptive strikes. In self-defence, one has no choice and cannot be considered a willing

participant, but pre-emptive strikes belong to a different kettle of fish altogether. Everyone is a potential enemy and if that is sufficient reason to start a war, then we can safely say that war is a necessity.

Tun,

Despite historic knowledge at the effects of war. Just like the Vietnam war which is a unique war with much lessons to be learned. The great powers still think that modern warfare will have positive results. They do not. Especially when conflict arise in our time where there is possibility of a nuclear war.

Their defense budget seems to be always larger than for budgets that actually do count like education, health care and retirement programs and many more that could benefit (they could spend it on poor nations to help them, maybe develop sustainable clear water supply). They should also call it attack budget since all the weapons they spend it on seems to be designed for one purpose only to eliminate human life.

Tun,

Your fore sight have always been impressive and an inspiration.

Selamat Tahun Baru 2011.

Assalamualaikum and hi Tun and the blog readers.

A war is futile when justice is not considered. It is a sad thing because justice is not that hard to understand. When it is ignored, the damage caused by war will be permanent. But for some people, they believe that the damage can be repaired by creating arguments. The fact is there is no winning argument without the quality of being just.

Thank you.

Salam Yg Bhg Tun, we just met at LIFE 2 recently held at Pelangi Meritus Langkawi. Congrats for the award Yg Bhg Tun that will be greatly respected globally.

Your subject about war--just recall what is the progress of the War Tribunal that was suppose to call Bush and Blair or at least their reps and the hearing will proceed in the event that none of them choose to appear.

If u could recall before the start of the afternoon session of the War Tribunal in October 2009 at PWTC, I was telling u that there Nobel Prize should not be important to us as it is referring to the inventor of dynamite and u told me 'precisely' where I suggested that we create our own award that can also be recognize internationally.

Assalamulaikom YDH Tun Mahathir dan Tun Siti Hasmah, terlebih dahulu izinkan saya mengucapkan selamat menyambut tahun baru 2011,semogo membawa banyak barakah, kesihatan serta kebahagiaan kepada kehidupan Tun dan keluarga serta manusia sejagat. Tun pada pendapat saya pihak AS perlu sentiasa mengushakan perok perande di mane juge mereka boleh melaksanaknannye demi menjaga kepentingan kekuasaan mereka supaya rakyat mereka sentiasa dipesongkan pandangan daripada ape yang melande AS dari segi keruntuhan morale, ekonomi, perkauman dan tatasusila keagamaan yang berlaku dinegara mereka.Untuk itu kerejaan AS perlu sentiasa mencetuskan huru hara diluar negara mereka dan menggunakan isu isu yang bersetentangan dengan prinsip yang mereka anuti, i.e democracy. Untuk ape dihidupkan democracy dengan membunuh bagitu ramai manusia termasuk kanak kanak yang tidak bserasah dengan hanye menyatakan in beraku sebagai 'justified coleteral' atau something like that. The american has a lot of blood on their dirty hands and this is not only to be borned by the US government, but also by the american people who voted the cruel regime to power. Barrack Obamma has been given the opportunity to remedy the atrocity committed by the previous regime, and if he fail to do so he is also accountable to god, if he bilieve if there is god. Uptill now he has not been able to deliver anything simply because of his colour, the american white is not going to allow that to happen and they have their watchdog in the pentagon to ensure that it does not happen. Tun, back to the issue that you have highlighted, there will come a time, in order to ensure that they achive victory in some of their crusade, and especially in the contack oh Iran and North Korea a country that have the capicity to develop necluar weapon, a mad president or power crazy general will deploy the usage of the ultimate weapon and i believe the possibility is there. And assessing the game played by their secret services and their capabilty to built up disinformation to justify and to give the justification to use the weapon, as clearly proven in their campaign against Iraq that led to the using of tradinional missiles again the defenceless country. They might get their hands burn if they use the same tactic against North Korea or Iran for that matter, but then it will to the detriment of mankind if they do that.However if ego and the need to achive victory to prove to the world how powerful they are, this can happen So Tun, thats how close we are now for the world to be embroiled in a necluer war which as you know, there will be no victory to any particular side but will be the distraction of the universe as a whole.

Some might say that my commet is a bit naive, but then again look at what is happening in the world today, promise have never been kept, instead of withdrawing the war in afghanistan is escalating, the killing in all these area of turmoil, i.e palestine, iraq, african states, south/north korea is still very high and there is no sign of resolving. So Tun, its a trouble world and its all due to one reason a superpower trying to impose their brand of decracy on to others and are prepared to kill for it. There are others involve coining the words of Bush, the .... of evil and the countiees are England, Australia, europe etc.

So Tun in order to stop the strategic onslaught of these powerful nation against the weaker

nation who does not conform to their ideology, the third world countries should unite especially the OIC and asian nations, in order to correct the imbalance that is prevailing now. In order to achieve this, in my humble opinion OIC countries will have to dismantle the hold the US have on all the OIC and Arab states. Until this can be achieve, the possibility of uniting the OIC and the Arab states is very slim. But if this can be done, with the Russian and the Chinese nation in play the whole ball game might change.

I was interested in your comment on using the dinar as oppose to other monetary system, if the arabs withdraw all their assets in US and convert tp dinar, the US economy might collapse overnight, but alas as i have said earlier, the hold the US have on the OIC State have to be broken first. Thanks Tun just my two cents contribution here, salamualaikom.

Salam Ayahanda Tun.

The war started by that bushy head was a joke, but it was a deadly joke.

By HBT Author Profile Page on January 1, 2011 1:53 PM

Ayahanda Tun,

A. From ST, it was reported that Vice Premier Mr Li Keqiang vowed to take stern action on those Chinese who illegally inflated property market value and disobey Beijing Central Government development national construction plan.

B. He further said that he aimed to build 100,000 unit of low cost housing, and his move was backed up by Mr Hu-jintao.

C. From MI, it was reported that Pas's Dr Lo' Lo's disapproved the construction of Kg Baru KL proposed by Raja Nong Chik and MAS (Malaysia Agriculture).

D. The reason given by Dr Lo' Lo' that this project will make Malays lost their land title in KL.

E. Both Raja Nong and Dr Lo' Lo' are too carried away with the fear of loosing political power and Ketuanan Melayu in KL without thinking about the 'kemampuan' of these Malays.

F. KL is actually over-built with high rise shopping malls, offices and high cost condominiums.

G. In order to make our Malay land owners of Kg Baru comfortable and affordable to own re-construction of property, they should propose 20th storey apartment (eg; Menara Kg. Baru) at the market rate that is affordable; upgraded with condominium facility if both political parties are sincere in fighting for Malay commoner asset rights.

H. Due to political indifferences, both these parties have forgotten what PM Najib wants for People First, Performance Now.

I. In order to prevent futility of war due to political indifferences, maybe Yang Berhormat Dato' Seri Chor Chee Heung as Federal Government Housing Minister can buy the DVD on Hong Kong ICAC 2009, and watch how Common Law implemented by The Housing Ministry

works for win-win situation that benefit the island and its people according to government policies sincerely and passionately.

Good day, Ayahanda Tun.

P.S. Have they learned the lesson in construction due to over-confidence just like The US because they are too big to fail?

Selamat Tahun Baru, Ayahnda TDM dan Bonda TDSH!

By HBTAuthor Profile Page on January 1, 2011 11:59 AM

Ayahanda Tun,

I respect human rights and do not practice prejudice, as usual I copy-paste The Star Group reported PM Najib new year message 2011 for Ayahanda Tun to read...

1. Saturday January 1, 2011

Power to build nation is with the people, says Najib

2. KUALA LUMPUR: Malaysians must fulfil their responsibility in building a better future for the coming generations and place the country in its rightful position, said Datuk Seri Najib Tun Razak.

3. "Let's not be satisfied and just sit back to be mere critics. Let's mould a better future for the coming generations.

4. "The power to build lies in the hands of the people. Fulfil this responsibility as best as you can," said the Prime Minister in his 2011 New Year message.

5. Najib reminded the present generation not to gamble away the future of the coming generations by making wrong decisions, stressing that the Government's plans and programmes would not be successful without the support and cooperation of the people.

6. "This is not the time to experiment, but a time to renew and strengthen the trust in what has been proven to be effective," he said.

7. The Prime Minister said the Government always adopted full responsibility in the management of the country, in particular the economy.

8. "As a government sensitive to the pulse of the people, we will not at all neglect the people's interests by making a promise or a decision which seems to be popular but is actually to the detriment of the interests of everyone," he said.

9. He said any government which promised or formulated popular but irresponsible policies would gain recognition or support in the short term, but in the long term it would be the people who would suffer.

10. "Learning from mistakes, throughout 2010, we built a strong foundation to ensure that the nation's potentials and resources can be stimulated and mobilised towards achieving the national vision," he said.

11. He identified the Government Transformation Programme (GTP) along with the six National Key Result Areas (NKRAs) and the Economic Transformation Programme (ETP) with

the 12 National Key Economic Areas (NKEAs) as the basis of the New Economic Model, the 10th Malaysia Plan and Budget 2011, which served as a comprehensive roadmap to raise the living standard and quality of life of the people to a higher level.

12. "All this while, the Government, which was given the mandate, has striven with sincerity to meet the people's needs and national progress to the best of its ability.

13. "Unfortunately, some quarters have arbitrarily accused the Government of being inclined to implement specific projects, particularly mega projects. Such accusations are not true at all," he said.

14. Some people, especially the opposition, had criticised the construction of several projects including the North-South Expressway, the Petronas Twin Towers and the Penang Bridge, he said, adding that they were now too embarrassed to admit their mistakes because these projects had brought much benefit to the people.

15. "The question is if their opinions have proven to be wrong in such major matters, how can the people possibly trust any of their promises?" he said, adding that the opposition's proposed 100-day reform announced recently would only raise expenditure as it did not consider the realities of the national revenue and sources of funds.

16. Saying he hoped that the people would be able to make their own evaluation, Najib said the Government had all along focused on the objective of ensuring sustainable economic growth.

17. This was because a boost in national wealth would provide for a rise in expenditure and enable the implementation of social justice, he said.

18. "It is directly proportional, meaning an increase in government revenue will result in a rise in expenditure for the people's well-being," he said and urged the people regardless of race and religion to heed the call to strive for the pinnacle of success.

19. His deputy, Tan Sri Muhyiddin Yassin urged Malaysians to continue with their practice of respecting each other and to strengthen their co-operation for the betterment of the nation.

20. In his 2011 New Year message, he said Malaysians should be proud with the uniqueness of the country that has been able to strengthen the harmony between the different communities that have different religious and cultural practices.

21. "I believe that all Malaysians realise the importance of political stability that has enabled all of us to enjoy the wealth and richness of this blessed land," said Muhyiddin.

22. In wishing the people a Happy New Year, he also thanked the people for co-operating with the government on making development programmes a success.

Good day Ayahanda Tun. By the way, from Nanyang Siang Poh, it was reported that new China may increase Military Budget in building their own developed war weapons without relying on the foreign supply in 2011 that are not meant for global war.

The rational factor that prompted China Military Defence Ministry to get support from the people is that such military measure is required to protect the sovereign of People's China from sudden and unplanned attack from enemies/terrorists within China itself and the neighbouring countries.

Dearest Tun,

The UN, assisted by the US, should spend more research money on developing certain kind of methods, which do no harm to human lives, merely make them sleep, faint.

Then, base on the intelligence gathered, just remove the identified fainted negative elements away from among the sleeping crowd, and make sure that the whole process is transparent (video taped or even broadcast live to the participating UN members) and when these elements are awake, find out from them what are really want, what their plights are, and if necessary, reform them in a UN reformation prison / camp, and after they have been reformed, just release them.

War without death, and transparency are the keys to avoid suffering and future lawsuits from these reformed "victims".

"Abu Hurairah reported that the Prophet ('alaihi al-Salam) said: Black banners shall emerge from Khorasan (i.e. an area which is now included in Afghanistan, Pakistan and a little in Iran and Central Asia), and no force will be able to stop them until they are inserted in Aelia (Jerusalem)." (Sunan Tirmidhi)

Dajjal would attack the Imam in Damascus, and Jesus the true Messiah, would then descend and kill Dajjal the false Messiah. After Dajjal is killed it would be at that time that the last of Y'ajuj and M'ajuj are released and they pass by the Sea of Galilee declaring, "there used to be water here". Y'ajuj and M'ajuj would pursue Jesus the Messiah to a mountain in Jerusalem and Allah would command Jesus to climb the mountain. Y'ajuj and M'ajuj would then boast that they have killed those who are on earth and they now turn to kill those who are in the heavens. They shoot their arrows

up into the sky and Allah allows the arrows to return with blood upon them. Jesus the Messiah would then pray to Allah to destroy Y'ajuj and M'ajuj and Allah would destroy them with insects that attack them at the back of their necks. When Y'ajuj and M'ajuj are destroyed the dominant 'white world order' will crumble and the modern world of scientific and technological wonders will collapse.

This book anticipates that that event is not more than another fifty years away. It is at that time that the Muslim army would emerge from Khorasan and would then face the Jews on a level battle field. The Prophet (sallallahu `alaihi wa sallam) declared in a Hadith that is located in both Sahih Bukhari and Sahih Muslim that Muslims would then fight the Jews. Here are his words:

"You will surely fight the Jews, and you will surely kill them. (And this will continue) until(even) the stones will speak (saying): Oh Muslim! There is Jew hiding behind me so come and kill him."(Sahih, Bukhari)

"Narrated Abu Hurairah: Allah's Messenger said: The Last Hour would not come unless the Muslims fight against the Jews. The Muslims would kill them until the Jews would hide themselves behind a stone or a tree, and a stone or a tree would say: Muslim, or the servant of Allah, there is a Jew behind me; come and kill him; but the tree Gharqad would not say (such), for it is the tree of the Jews."  
(Sahih Muslim)

It is a very simple matter indeed to eliminate those scholars of Islam who are incapable of providing true guidance in this age. They would be scholars who would never, or hardly ever, publicly quote the above Hadith. The destiny of Jerusalem is such as to give to Muslims the greatest confidence and hope that Truth will triumph over falsehood and oppression.
