

SEKSUALITI MERDEKA

Chedet.co.cc

November 18, 2011

By Dr. Mahathir Mohamad

1. Masyarakat mana-mana pun tahu adanya orang yang dilahirkan dengan jantina tidak menentu. Ada yang memiliki tubuh badan lelaki tetapi bahagian-bahagian tertentu lebih mirip kepada perempuan. Mereka dikenali sebagai pondan atau ponen dan ada yang sebaliknya, iaitu tubuh badan perempuan tetapi mirip lelaki.
2. Mereka diterima oleh masyarakat sejak dahulukala lagi tanpa banyak masalah.
3. Tetapi di Barat, kerana gerakan bagi mendaulatkan kebebasan (freedom), mereka ini digesa untuk menuntut hak supaya diiktiraf sebagai sejenis yang berlainan. Mereka juga manusia dan manusia mesti diberi kebebasan untuk melakukan apa sahaja.
4. Yang menjadi masalah ialah mereka yang tidak ada apa-apa kecacatan tetapi menuntut supaya larangan agama dan undang-undang terhadap perbuatan seks di luar tabii seperti meliwat dihalalkan.
5. Dari sini tuntutan diteruskan untuk bukan sahaja dihalalkan seks songsang tetapi juga perkahwinan sejenis, lelaki dengan lelaki, perempuan dengan perempuan. Akhirnya perlakuan seks dibebaskan di Barat sehingga apa sahaja diterima oleh masyarakat sebagai hak seseorang manusia. Anak perempuan dan anak lelaki belasan tahun pun boleh tidur dengan siapa sahaja, melakukan apa jenis seks sesuka hati mereka. Tidak ada lagi anak dara atau teruna semasa berkahwin.
6. Kita banyak terpengaruh dan menerima pendapat dan nilai hidup serta adat resam Barat. Kita hidup dalam dunia yang berpusat kepada Eropah (Eurocentric). Kita terima sistem pemerintahan demokrasi umpamanya.

7. Tetapi perlukah kita turut dan terima segala-galanya yang dilakukan di Barat? Sebenarnya budaya dan nilai hidup Barat sudah runtuh, runtuh kerana terlangsung taksud dengan kebebasan (freedom). Apa sahaja yang hendak dilakukan oleh seseorang individu tidak boleh dilarang kerana larangan bermakna meniadakan hak asasi individu atau kumpulan.

8. Sesuatu yang dilarang oleh agama memang mempunyai sebabnya. Mungkin kita tidak kenal atau tahu sebabnya. Tetapi kita harus ingat penyakit HIV Aids dahulu tidak ada. Ia mula dikenali dikalangan mereka yang mengamalkan seks songsang di California, Amerika Syarikat, secara pilihan walaupun tidak ada kecacatan apa-apa. Sehingga kini tidak ada ubat yang boleh menyembuh penyakit HIV Aids. Mereka yang mengidap penyakit ini bukan sahaja akan musnahkan diri sendiri tetapi juga isteri, suami dan anak cucu. Mereka tidak akan hidup sempurna.

9. Manusia yang bertamadun tidak menurut nafsu semata-mata. Budaya Barat menggalakkan manusia mengikut nafsu. Kebebasan bagi mereka bermakna apa sahaja yang didorong oleh nafsu tidak boleh ditegah oleh agama atau undang-undang manusia.

10. Sifat ini adalah sifat haiwan. Manusia memiliki akal fikiran. Orang yang bertamadun menggunakan akal fikiran untuk menghalang diri dari terikut-ikut dengan nafsu. Sebabnya nafsu perlu dibendung ialah sesuatu yang tidak baik akan menimpa mereka yang mengikut nafsu. Tamadun yang utamakan nafsu akan runtuh akhirnya.

11. Kita sedang melihat keruntuhan akhlak dalam masyarakat Barat. Sementara agama mereka melarang seks songsang, paderi mereka secara terbuka mengamalkan seks songsang. Mereka ditugaskan untuk mengahwini sepasang lelaki dan perempuan. Apakah maknanya apabila mereka menasihati pasangan itu supaya setia kepada masing-masing.

Sesungguhnya institusi perkahwinan dan kekeluargaan sudah luput dalam

masyarakat Barat. Ramai daripada mereka tidak tahu siapa bapa mereka. Kemungkinan besar akan berlaku perkahwinan atau hubungan seks antara adik dengan abang, kakak dengan adik, bapa dengan anak, anak dengan ibu.

12. Mereka yang taksab dengan kebebasan akan berkata apa salahnya jika ini berlaku. Percayalah, masyarakat selepas ini akan dipenuhi dengan manusia yang cacat tubuh-badan, cacat akal fikiran dan besar kemungkinan aneka jenis penyakit baru akan menyerang msyarakat itu.

13. Sementara kita akui ada manusia yang jantina mereka tidak jelas, janganlah kerana ingin tidak memencilkan mereka, kita terima amalan Seksualiti Merdeka atau Free Seks dalam masyarakat kita. Amalan ini bukan sahaja berdosa tetapi akan runtuhkan masyarakat kita.

YAB Tun,

1. LGBT is a normal being, an insan kepada Negara kita.

2. In order for us to understand LGBT behavior, we need Psychology post degree, the mother global degree of human behavior + scientific method to study and understand them so that we will not prejudice and fear them wrongly, similar to AIDS.

3. If they do not have this know how, then, they will continue to use their own self-superstitious beliefs to fear and prejudice themselves against LGBT.

4. If LGBT upload their intimate relationship in youtube in Malaysia for us to see, then they are sick and need to be attended by Rumah Sakit Jiwa or Medical Centers in Malaysia.

5. If LGBT fight among themselves, then, PDRM will need to attend this case under akta apanama.

6. However, if LGBT hits us because we humiliate them in the public due to mulut jahat, then, the public will be the judge.

7. I am not in this line, so I will leave it to the people to think again how should we treat LGBT who are born this way under the relevant Ministries.

Good day, YAB Tun.

To andrewtay, quote from you,

“Im not gay nor do I prejudice their existence. I just feel that we are matured enough to face their existence. I do not to use the word “problem” to describe a homosexual’s existence.

They are homosexuals around us. We talked about them, we know that they are here but we ignore them. We treat them with prejudice. We treat them with disgust. We fear them.”

Don't generalise that all of us, we treat them with prejudice, did we? We treat them with disgust, did we? We fear them, did we?

Now this is the point, I am straight too, whenever I met my straight friends for coffee, LBGT is not the topic of conversation hence we don't deride this people. They are not the centre of the world, why the hooaaa about them, if they want to do their things let them. It is when they want assert the freedom of their choice on us ordinary people that they draw attention. Aren't they too infringing on our rights?

Do they need a festival to assert their rights? Isn't this festival infringed our rights? They used to be secretive about their affairs, some still are. When they want to come out in the open, do we worry? But why do they make us feel that we are guilty, as if we made them into what they are?

I think these people are like everybody else, but those who declare themselves to be LGBT, and wanting this Seksualiti Merdeka? they must have an ego the size of the universe.

Haadi1983

Man's perception of moral differs from time to time. However, no matter where you go, incest and beatiliality are not accepted.

I should make myself clear, I do not support or encourage homosexuality, incest and beastiliality. In fact, incest and beastiliality is a big no no.

I still get all uncomfortable when i see homosexuals kissing. Im not going to lie at the fact that im still not used to that. But to me, they are still human. What do you propose to do? Congregate them in a gas chambers and gas them?

We just have to accept them and not condemning them. As long as they dont step on your foot, why should you step on theirs? Why so hateful while they have done nothing? Have they approached your father and asked him to give them handjobs? In fact most gay people I know are very well-mannered and shy (unless they are drunk). More importantly, they dont rape girls. Who rape girls? Heterosexuals. So why are you worried so much about gay people. The more gay guys, the more girls for you my Muslim friend. All they want is a street rally. Its not even Mardi Gras. So what if there is Mardi Gras in KL, is Mardi Gras going to meruntuh akhlak and umnah orang Islam? Besides, thats the job for the Internet.

And why is this an issue at the first place where they are other issues that are worth discussing like our Ifagging economy or how to mobilise the 60% to be more productive instead.

Enough said, back to work.

To all supporter of homosexuality,

1. I believe your support to homosexuality is based on the freedom to choose our sexual orientation as long as it does not harm anyone in anyway.

2. Some might argue that if that the case, we should allow rapist and thieves to walk freely in the world since it is their decision to become ones, but however they do cause harm and inconvenience to other people. Thus we can not let them walk freely.

3. But, if we leagalise homosexuality, then we also have to legalise zoophilic (a sexual act with animal), paedophilia (a sexual act with minor), incest (sexual intercourse between family member) since these unnatural sexual acts do not really harm anyone, if all those involved are willing commit into such acts.

4. My question to ANDREW TAY85, if let say one day your father wants to have sex with your daughter and both of them are ok with it, are you going to allow it. If you do not allow them, thus you are actually violating their human rights.

5. For me, I do not see any difference between homosexuality, zoophilic, paedophilia and incest. They are all psychiatric disorders.

salam Tun Dr Mahathir yang saya kasihi. 😊 moga sihat selalu dan ceria disamping keluarga tercinta.

berkaitan dengan tajuk entri Tun pada kali ini, saya sememangnya menentang keras pergaulan seks bebas serta pembudayaan seks songsang di negara kita, mungkin mereka boleh sangkal larangan tersebut dgn merujuk kepada Perlembagaan Persekutuan yang menjamin hak asasi manusia. Tetapi, perkara sebegini sememangnya tidak boleh dianggap hak asasi jika bertentangan dengan hukum hakam manusia itu sendiri. Sudah menjadi fitrah manusia dijadikan berpasangan dengan berlainan jantina. Dan perkara ini bukan hanya pada prospek Islam sahaja malah agama lain turut tidak membenarkan amalan songsang ini diamalkan penganutnya. Elok-elok dibuat jalan yang benar hendak juga dipilihnya jalan yang salah.

Dengan penganjuran program sebegini, mungkin juga kita tak diterangkan terlebih dahulu tentang modus operandi program ini dilancarkan. Khabar yang disampaikan oleh pihak penganjur, program ini untuk membimbing yang terbabit untuk kembali ke pangkal jalan. Kalau begitulah tujuannya, memang wajarlah diteruskan tapi kalau sebaliknya. Bagaimanapula? Oleh itu, pihak penganjur dalam konteks penerangan perlu menerangkan secara terperinci program ini diadakan. Dan mana-mana pihak pula jangan memanipulasikan sebarang komen, pandangan yang dibuat pihak penganjur. Akibat

memanipulasi, nilai murni tergendala. Dan kalau benar penganjur mahu menyebarkan amalan songsang ini, pihak berkuasa perlu mengambil tindakan drastik dan sewajarnya. Dalam entri di blog saya sebelum ini juga pernah menyentuh tentang amalan songsang ini yang pada hemat saya, semakin berleluasa di Malaysia. Dan maaf jika saya katakan jika amalan songsang ini banyak bertapak di negeri di kawasan pantai timur Semenanjung. Saya sendiri mempunyai ramai kawan yang amalkan amalan ini yang berasal dari kawasan sana. Laman sosial menjadi tapak mereka memulakan aktiviti dan melebarkan sayap amalan mereka. Dan amat menyedihkan lagi bila kumpulan-kumpulan ini dianggotai oleh anak Melayu yang beragamakan Islam. MasyaALLAH. Susah untuk saya bantu mereka. Dah berbuih mulut saya membantu dan menasihati tapi mereka tetap mengatakan yang mereka mempunyai hak asasi.

Maka dengan itu, saya amat berharap Kerajaan tak kira BN atau PR perlu mencari mekanisme baharu bagi menangani masalah ini. Kumpulkan sumber, kumpulkan mereka yang terlibat dan bawa mereka kembali ke pangkal jalan.

Di sini juga, saya lampirkan beberapa artikel saya yang berkaitan dengan isu ini :

[Seksualiti Songsang](#)

[ISU : Memerdekan Seksualiti](#)

[ISU : Homoseksual Meningkatkan](#)

Sekian.

Moga Tun diberkati olehNya selalu dan diberi kesihatan yang baik untuk terus membimbing kepimpinan negara membangunkan negara.

**harap Tun dapat menghasilkan sebuah artikel berdasarkan urus tadbir negara berlandaskan Laporan Audit Negara 2010.

Askm Tun,

Dengan izin..

My dear Mr Andrewty,

By you saying " I say you dont know shit about Islam", you are really shooting at your own feet. Let the people to comment on what I've said because your statement is really a mockery for all to judge.

Is it all you can say, my boy? Run out of ideas ehh...while your brain is going through a cleansing process, I believe.

1. "Wow you seem to be a smart ass".

- If it is the right description of me me than you may be the worst kind, at least I am smart.

2. "If you feel that this world evolves around Islam".-

Well, since you've said it, I am not afraid to confirm that with facts. If you really need to understand the true Islam, you must read the Quran and not only by seeing what is happening around you and reading only books or articles written by the those themselves have little knowledge about the true Islam. Just like some journalists who write about

Malaysia (of course highlighting the negative aspects) without even setting a foot in the Malaysian soil. And the funny thing is that many believe them.

3. “Jump in the queue. Join the jihadist” –

You don't even understand the true meaning of “jihad”. Who coined such words to reflect that; Islam is religion of terror? Muslims are terrorist? Islam is a backward religion? Covering the aurat for women is depriving women for freedom of expression.? blaaaa....

4. ” If so, be a man. Practice what you preach: The word of Allah”.

What am I preaching? You must know that Judaism, Christianity and Islam are religions from “above” .. not man- made. Originated from Abraham who preached the people to believe and accept ONE GOD that is Allah ...but unfortunately the followers of Ismael and Isaac took different routes. Then the followers of Isaac too broke into another different directions, that's how Judaism & Christianity come about. Why then Mohamad was appointed as Messenger from the followers of Ismael, the Arabs? Well you may know the answer if you are having a true Christian faith...

5. “If you decide that you are man enough and intend on helping your Arab brothers, I can assist by purchasing an airticket (one way) for you. But only if your religion accepts the help from a kafir like me. I dont want to hurt your chances to get into heaven”.

That really reveal your shallow understanding of Islam & the Muslims. If only I have the capability and the capacity and with the grace from Allah, I would like to help all men who are being oppressed, not limited to the Arabs only. (by the way, you must have known that not all Arabs are Muslims, right? There are Arabs Jews & Christians too.) Please take note that **DON'T JUDGE PEOPLE OF THEIR RELIGION BY HAVING THE NAME ATTACHED BUT BY THE FAITH OF THE RELIGION THEY ARE PRACTISING.... with PEACE, LOVING CARE & RESPECT.**

NB – By the way, thanks for the offer..but why not you donate that to the poor? That will make more sense.

I rest my case... and May Allah bless us all with goodness & protect us all from evils.

Dearest Tun

1-Sodom is the most advance first sexual revolution attempted in history.The men prefer men only.God didn't approve at all.Sodom became history and it disappeared underneath the Dead Sea.

2-If we believe in the scriptures we can only attempt to understand the predicament with the love in our heart of those people who though andrewtay may not agree actually have a big problem we must help to solve and not to judge.

3-Accepting people as they are who have wrongly landed themselves into this situation is not the solution.We must help them get out no matter how difficult.It may be just as difficult as how to get out of drug addiction problem.

4-The Govt must set up think tank to truly solve this issue delicately since these people are very very powerful and they may already control the world...

5-Allowing males to marry males or female marrying females will make the animals laugh at us.It may offend many in this blog but I think that is the least creative and most simplistic solution in the world.

6-If this solution has been suggested by the bushmen of the Kalahari the world would be laughing till they cry..

7-If this is what will happen to us when we become advance Tun then I'd rather remain primitive as we are now . Ask Najib to slow down the ETP...

Thanks Tun

Askm Tun, Semuga Allah menguatkan Iman kita semua dan mengekalkan nikmatNya dan memberikan kita semua perlindungan dari syaitan & tentera2nya,

Andrewtay...

You are definitely one among the confused majority that disobeyed the words of GOD. By belittling Quran & Islam, you are not really a true believer of the religion of Allah, who had sent great prophets Abraham, Moses (Musa) and Jesus (Isa) among the people like you as to enlighten them of the truth. Quran through Mohamad PBUH, is the final book and will remain unchanged unlike the books before, the bible etc
In Allah, we completely submit ourselves and His words are the truth. There is no such thing as majority/minority to determine the rights or wrong.

“Gay or not they are civilians of Malaysia who pay taxes and progress the country. You cant just sideline them because of your religion. The moment Malaysia prosecute gays or any minorities would the moment the world sidelines Malaysia. No one will ever want to do business in Malaysia because it is so closed-minded and populated with the likes of you.” –

Do you really believe that? But how come it has been proclaimed that Islam is the fastest growing religion in the world.

Please clean-up your brain, once & for all, as to think that Islam belong to the Arabs or the Malays. Don't be so narrow-minded in judging what the true Islam is. The true Muslims are those who accept ISLAM as FAITH and practise the teaching of Quran & Hadith. By having own interpretation of it contents one will denitely deviate from true Islam and those people that you praise being good muslims who accept the separation of business & religion will in the eyes of Allah, destine to hell. Islam is just NOT in the name but in the Faith and TOTAL SUBMISSION to Allah's commands.
Andrewtay... please keep your opinion about Islam to yourselves. We do not need you to enlighten us.

May Allah bless & protect us all.

Assallammualaikumwarahmatullahiwabarokatuh..

Semoga mendapat izin dan perkenan Tun..

[[andrewtay]]

[[Homosexuals just disgust moronic bigots like you. They do no actual physical harm]]

Sez who mister?..Of course..I says so..!! There..

But for ‘whom it may concience’ information..I wish to adress your attention that homosexual do cause actual physical harm like drug addicts...This is not debatable at all and I meant all physician will tell you..What was that?..In real life?..Yes..I do not doubt even physician might involve themselves in homosexual activities..But do physician promotes homosexuality?...No...The point will be, it is always the non-clinical personnel like Mr Andrewtay who will gives ‘proper’ advice in matter his is not the expert...Get the idea?...:)

[[Its about freedom of expression that im favouring]]

Tun..if you will allow me to divulge a little secret about human norm in the medical aspect or rather the abnorm...Thank you..

Do you know mister Andrewtay that the medical fraternity have documented volumes of human behaviour or rather misbehaviour in many aspect and fields regarding their perfomance say like sports?...In this approach,I would like to ‘inform’ you a bit about human behaviour in war regarding few aspect and their sexual inclination..

To perform admirably in war,the nation have to prepares their few select armies the best in term of technicalities..The most determine factor will be their spies and special forces.. The military instructors will straight away knew that human like Mister Andrewtay are not fit to blend and perform.Like what Trautman said to Rambo...”We do not made you.We only sharpen the rough edges.You are here because your own calling”.There are a few “Nature Born Killers” in our midst.When the nation need them in appropriate moment in war..we will use them to the best of their abilities.But when there is no more war, this kind of ‘special’ people need to be contained.They cannot be allowed to mix freely with the normal human population.

That is you and your homosexual proclivity Mr Andrewtay..

You and your brethren cannot mix up freely in our society.

Stay where you are because we are not ready for you..

Sit boy..Stay.....:)

[[The moment Malaysia prosecute gays or any minorities would the moment the world sidelines Malaysia]]

Which world?..Of saying and not saying a fact, why don't we take Singapore as example.It is 'turn another direction' when National Service is concern about gays.Do they admitted the fact that the 'weaker' male have to be subservient 'wife' to more physical trainee?...

Ow..Shuck..Don't bother Mr Andrewtay...No.

[[No one will ever want to do business in Malaysia because it is so closed-minded and populated with the likes of you]]

What next?Give my wife to escort you to secure deals?.....)

[[They are Arabs for christ sake. Well they sure as hell know that it is money that makes the world go around and not Islam]]

Now..you are shooting yourself in the foot here mister.Allah my god have reminded us about the arab.They have been mentioned in Al Quran as the utmost 'recalcitrant'.Now again Mr Andrewtay...Don't bother...Don't.

[[It is the poor ones with bomb straps on their waist that they dont really like]]

Who like the bomb strappers??..You don't like them dtan..Me too.I don't approves the bomb strappers!!If you want to fight..come out in open or in the ring and shows me what kind of man you are...But sure..WE ALL CAN TALK BIG!!

[[Religion conformity at the end of the day is for the poor and the masses. Rich people basically are “immune” to religion. I may sound harsh but in reality I have seen this so many time in my life and had party up with my Malay friends]]

Too true mister. But the very fact is.. We do not allowed them in the masses of norm society. By being honest about their traits and attributes... There!

[[Rich Malays in Zouk, they dont give a fcuk about Islam when they are drinking or having wild after-party sex. Do we condemn them too Tuntuah?]]

Of course we do condemn them mister. The question is do you have the ball to do it openly.. The word is ball and not f.....

[[So what ever you read in the Quran, it seems practical 1600 years ago where there is no internet, sexual equality, Western civilisation, nukes, and Arab Spring]]

Ow.. I am sorry Mister.. I don't know that you are a GURU like Sai Baba and all.. My apologies.. But I believe that religion is a personal matter by consensus of the religious followers. I salute your status of GURU.. but no... Thank you. I rather be a muslim then be your followers..

[[But today, religions, i mean every religion has to accommodate a world with 7 billion people with moderate teaching. We do not want the crusade war to be upon us once more. With no nukes, i say this one will be swift and short. Just saying]]

Hear.. Hear.. The GURU saying... But arent you suppose to gather few million by now being GURU and scores of hawt blondes??

WHY BOTHER WRITING IN THIS ‘CHEAP’ TUN BLOG??

Ribuan terima kasih Tun..

dtan.. we are not enemy.. only on the opposite side of the fence..

Saudara Wajaperak,

Terima kasih dan saya menghormati pandangan saudara. Rujukan “Agama” di dalam hujah saya yang terdahulu bukannya hanya untuk Islam malah ia meliputi secara universal baik agama Kristian, Hindu, Buddha dan sebagainya. Banyak yang berselindung di belakang “Agama” di dalam menghalalkan kritikan dan kecaman terhadap golongan LGBT.

Anak TDM juga mempunyai pandangan bebeza malah melobi hak-hak golongan LGBT untuk wujud dan hidup setara di negara kita.

Selagi kita mencampur-adukkan agama dengan isu seksualiti merdeka, perbincangan dan usaha untuk mencari penyelesaian yang sesuai baik bagi manusia yang dikategorikan normal atau LGBT tidak akan ada penhujungnya kerana “Agama” tidak boleh dicabar kebenarannya. Kalau dicabar melenting ke semua pengikutnya.

Sains dan pemahaman terhadap LGBT berevolusi setiap hari. Fakta-fakta bercanggah dikemukakan pelbagai golongan ilmiah. Yang pentingnya, bukan siapa yang betul atau siapa yang silap, bukan siapa yang “straight” atau siapa yang “tersongsang” tetapi pemahaman terhadap kompleksiti manusia berkembang dan diskriminasi terhadap LGBT bertukar menjadi penyelidikan saintifik dan sosial yang membawa kepada kesejahteraan manusia sejagat.

Ada yang mengutarakan golongan LGBT patut dikawal. Nak kawal macam mana sedangkan manusia yang “tidak tersongsang” banyak yang tidak terkawal dan bergelumang dengan dosa korupsi, kaki minum, kaki perempuan (makan anak sendiri banyak juga), merokok walaupun memudaratkan, melayar laman lucah demi memuaskan nafsu, sejuta lebih rakyat Kelantan menagih air bersih tetapi Menteri BN tidak Songsang kata “nak air bersih kena sokong BN”.

Dosa mana yang lebih keji saya tak tahu tetapi isu LGBT masuk media utama.

Salam!

Khairul-Dean, i did not lay an ultimatum. That phrase you are referring to is what i meant about the current political state of affairs. It's very simple Khairul, We aren't third class animals prostituting ourselves as what My Beloved exPM as mentioned. We are mostly educated beings, serving this nation with our whole hearts, we just like everyone else pay our income taxes, contribute to EPF & Socso, we put food on our table, we lead the same lives that most people lead and we are full citizens with full voting rights just like everyone else. It would be utterly illogical for me to vote for a government that ends up moral policing me, off course the rural states may find moral policing a government responsibility but really it isn't and it violates the very fact on why i vote a government. I vote a government to manage my country in term of finance, performance and delivery, a government that brings in revenue. Not a government that harps as self righteous pricks do while not realizing that most of them lack morality themselves, no one can be 100% in Morality and Perfection. So cast the first stone if you're truly 100% perfect. Simple as that. At the end of the day, all i am saying is; Love, Mutual Respect & Understanding. And i don't think it's too much to expect from my beloved exPM. Hatred must cease and using religion as a tool to spread hatred is beyond animalistic nature, infact it's barbaric. Religion, Culture and Race is something personal and should be kept at home. We should work together and love one another irrespective of colour, race, religion, creed, sexual orientation and political opinions.

Salam Tun,

Saya amat menunggu tun mengupas isu semasa berkenaan nuklear Iran kerana saya tidak mempercayai sama-sekali apa yang dilaporkan oleh akhbar-akhbar harian tempatan dan media barat yang semestinya mengamalkan 'Eurocentric'. Saya harap tun dapat mengulas dengan lebih terperinci dari semua aspek.

Saya amat ingin mengetahui cerita sebenar kerana ia melibatkan maruah Islam dan musuh utama iaitu Israel.

Salam Tun.

Masih di beri kesempatan untuk perbetulkan yang tak betul maka betulkan lah. Nak tunggu apa lagi? Nak tunggu bila jenis orang2 begini tuntutan untuk berkahwin sesama jenis secara terang terang, mungkin waktu itu sudah terlambat, bahkan sekarang pun agak terlambat juga, namun masih ada ruang untuk perbetulkan yang tak betul ini.

Apa yang sedang berlaku di dunia barat sungguh mengelirukan dan menyeramkan dan sungguh keji.

Ingatlah bahawasanya BINATANG pun tak melakukan apa yang sedang dilakukan oleh golongan yang sedang cuba hendak mengoncangkan umat Islam di Malaysia ini, kecuali binatang khinzir saja . Ini bukan tuduhan melulu tapi berdasarkan kajian yang pernah dilakukan oleh para saintis di eropah setelah di cabar oleh ulama Islam.

Jadi golongan sebegini adalah lebih burok dari BINATANG, jika di biarkan mereka dengan agenda busok mereka.

Ingat lah sudah banyak negara yang mengizinkan perkahwinan sesama jenis atas kebebasan hak konon nya. Nau'zubillah.

Orang Melayu yang beragama Islam dan beriman kepada Allah harus bangun dan bertindak dengan tidak mengizinkan perkara ini berterusan di bumi Malaysia yang tercinta atas nama ALLAH dan Rasul Nya.

Dan satu lagi perkara yang orang Melayu patut ambil perhatian ia lah bahawa si Anwar Ibrahim adalah antara orang2 Melayu yang telah memberi sokongan terang2 pada perkara sekutok ini yang di laknat ALLAH. Masih ada lagi kah orang Melayu yang beragama Islam yang menyokong si Anwar ni? Jelas dia sanggup lakukan apa saja walaupun

mengeneipkan hukum Allah sekalipun, dia sanggup, asalkan dia dapat sokongan untuk mencapai cita2 nya.

Mana Nik Aziz, mana PAS, mana Hadi Awang???

Ingat nasihat Dr Asri.

Bertaubat lah sebelum terlambat.

Terima Kasih pada TUN DR MAHATHIR.

Semoga di panjangkan usia dalam kesehatan, Ameen.

Good morning YAB Tun,

1. My SPM youngest boy has decided to take up post graduate degree in Medicine.
2. To these Science students regardless of races, they are aiming all 'As' in order to be qualified for Institutional or JPA scholarships with priority objective of developing future talent base.
3. In the past, JPA scholarship were give out to the poor rakyat just to tangkap undi even if they get satu A+ in order to further their studies in western countries, can they do well in these countries, we do the math ourselves.
4. Today, the institutional scholarships are given up base on their capability in excelling themselves further which have nothing to do with poverty, religion or race supremacy.

5. My boy has decided to apply for matriculation under Federal Government scheme in funding Pre-University Foundation (or Grade 13) studies for Post Graduate studies in local, private or overseas universities.

6. He told me that he wants to excel in medicine so it does not affect him if he skips Form 6 syllabus that would take him 2 years.

7. To encourage RM100 to form 6 students is cost viable and human management efficiency when MOE is facing shortage of teachers in Matriculation/Grade 13 level as pre-university foundation diploma to enter Public Universities, MOE decides.

Good day, YAB Tun.

To Andewtay85,

I disagree with you on this topic. When the Adulteress Woman was caught by the Pharisees. Jesus knew their self-righteous thoughts. So he brought into fore-front the full picture of Sin. Notice what happened, they were convicted of their Sin and left her alone. Neither did he commend the Woman for her actions but Grace Abounded by forgiving her, before questioning her sin. Did anyone condemn her thereafter:

But she said, "Not even one, LORD GOD"; and Yeshua said, "Neither do I condemn you. Go, and from now on, sin no more." John 8:11

We should empathize and love Transgendered, LGBT and pray that Grace Abounds in their lives. If they are Christians turn to Jesus and Sin no more.

Per Wajaperak,

No offense taken. I'm part Jewish, at least by relation on my dad's side

Peace Be With You in Jesus Name

Wow you seem to be a smart ass.

If you feel that this world evolves around Islam. Jump in the queue. Join the jihadist. Is this not what it meant by “striving” in the Quran or is this word taken out from its context and muddle by Muslims?

If so, be a man. Practice what you preach: The word of Allah. Your religion is under threat from kafirs, your muslim brothers are fighting a jihad against the West and is in need of dire help while you are sit in front of a computer arguing with a mediocre me. Walk the talk dude. Your call. If you cant do it, dont you put the “I know all about my religion” crap in front of me if you dont even practice the FULL the word of Allah. Dont just take bits out of the Quran just for the sake of this argument.

Ps: If you decide that you are man enough and intend on helping your Arab brothers, I can assist by purchasing an airticket (one way) for you. But only if your religion accepts the help from a kafir like me. I dont want to hurt your chances to get into heaven.

Tuntuah

No im not equating rapist with a lecturer. Im not saying a thief is the same as a police...well maybe in malaysia they are the same but definitely not rapist and lecturer. Thief and rapist do harm to others. They cause grief. Homosexuals just disgust moronic bigots like you. They do no actual physical harm.

At the end of the day, its not about sexuality or gay pride. Its about freedom of expression that im favouring. Gay or not they are civilians of Malaysia who pay taxes and progress the country. You cant just sideline them because of your religion. The moment Malaysia prosecute gays or any minorities would the moment the world sidelines Malaysia.

No one will ever want to do business in Malaysia because it is so closed-minded and populated with the likes of you.

Even Dubaians are better minded about the concept of separating business from religious bigotry. They are Arabs for christ sake. Well they sure as hell know that it is money that makes the world go around and not Islam. I know, because I see a lot of Arabs drinking like camels, with posh Ferraris and surrounded by hawt blondes. Dont just take my word for it. Go to Goldcoast at the middle of the year (winter in Aus). Aussies love rich Arabs..it is the poor ones with bomb straps on their waist that they dont really like. Religion conformity at the end of the day is for the poor and the masses. Rich people basically are “immune” to religion. I may sound harsh but in reality I have seen this so many time in my life and had party up with my Malay friends.

Rich Malays in Zouk, they dont give a fcuk about Islam when they are drinking or having wild after-party sex. Do we condemn them too Tuntuah?

No..freedom of expression until at least before JAIS come. Im sure seeing them run off like headless chicken is quite funny after a few drinks.

So what ever you read in the Quran, it seems practical 1600 years ago where there is no internet, sexual equality, Western civilisation, nukes, and Arab Spring. But today, religions, i mean every religion has to accommodate a world with 7 billion people with moderate teaching. We do not want the crusade war to be upon us once more. With no nukes, i say this one will be swift and short. Just saying.

tenori_lopez,

you sound like you are laying an ultimatum.

Change or be change is a two way street.

In short, let's play chicken.

There are gays in the US Army, that does not mean they will win the war. In the end evil is going down.

I have no problem with gays, I have a big problem with bullies.

Death must mean something don't you think?

We learn a lot from Osama Bin Laden's assassination.

When your time is up, there is nothing you can do about it.

We both understand that, don't we.

Peace.

Many know that the World Health Organization (WHO) defined health in its broader sense in 1946 as a state of complete physical, mental, and social well-being and not merely the absence of disease or infirmity. In the case of homosexuals and lesbians including all the rest that are not in the heterosexual category, this definition will say that they are unhealthy. This is not a western thingy. Read up any religious books and you will find that there will be more than one quote which talk about the punishment waiting for these people. Some people can be cured after many sessions of mental therapy. Some people just cannot. Men who are lembut, wave their hands about, walk with the hips swinging from side to side and talk more feminine than a normal female, are not necessary homosexuals. Men who are macho and manly will shockingly turn out to be a homo. Same for females. If the females have the domineering role and not necessary behave Tomboyishly, they could be the man in lesbianism. Tomboyish females who wear like men and play with toy guns do not have to be the man in lesbianism. Probably in their minds they wish to be men. But in the end, they are more attracted to men which makes them normal females. Then there are people who can do with both. Only God as in Tuhan knows why He allows these group of people to be borned. He is all knowing. Then another scenario for example a group of men on a mission that takes them years and years, where and what is their outlet if there is no 1 female around ? Will the heaviest punishment deter the behaviour ? The person who die in his homosexuality will still die as a homosexual. Who will feel the pain will be the people closest to him. At the

meantime, elsewhere there will be other homos. There are many factors which causes one to be abnormal. It could be the lack of love from the family. It could be rejection. It could be hormone imbalance. Of course, it could also be influence. Homos and les talk about coming out. Coming out means daring enough to tell others that they are homos and les. They just know that they are different. On one hand, the society needs to be healthy. On another hand, these people cannot be labelled as criminals as in stealing. A sin is a sin whether it is a moral sin, a physical sin, a mental sin, a social sin. The feeling is shocking when someone comes out. But is he going to be brought to the police station, handcuffed and charged for being a homo ?

Assalamu'alaikum Tun,

keruntuhan moral tidak dapat dibendung tanpa bantuan undang-undang yg ketat,legislasi dan implimentasi nya.kita tak mungkin dapat menentang keruntuhan moral hanya dgn nasihat-nasihat dan cakap-cakap kosong.

sedang Akta Penyalah-gunaan Dadah pun,yg Undang-undang nya begitu ketat,masih gagal membanteras sepenuh nya penagihan di dadah di kalangan Umat Islam,apalagi dgn keruntuhan moral yg bukan saja tiada Akta khas untuk mencegah nya malah mendapat sokongan padu kumpulan-kumpulan dan individu-individu yg begitu vokal memperjuangkan apa yg mereka sebut sebagai "kebebasan hak-asasi Manusia".

orang-orang yg keliru selera nya mendapat begitu banyak sokongan untuk kebebasan berkelakuan melebihi haiwan.NGO-NGO,kumpulan-kumpulan politik,individu-individu tertentu termasuk putri Tun sendiri begitu lantang menyokong kebebasan golongan ini. penghidap-penghidap HIV,yg seharusnya dibakar hidup-hidup mendapat sorotan media dan simpati melebihi simpati yg diberi kpd pesakit buah-pinggang atau penderita penyakit-penyakit lain yg bukan HIV seolah-olah ada undang-undang tidak bertulis untuk mempromosikan keruntuhan akhlak secara meluas dikalangan Umat Islam.

seperti biasa,kaum opportunist seperti andrewtay turut menjuarai isu-isu begini.dan yg lebih buruk lagi,pemimpin-pemimpin terkanan Negara begitu kecut untuk menanganinya dgn tegas.

entah lah Tun,tak tahu apa nak jadi dgn nasib Kerajaan Melayu di pimpin oleh pemimpin-pemimpin pengecut yg ingin di terima oleh bangsa asing dgn jalan mengorbankan kepentingan bangsa nya sendiri.padahal kita ini Umat Islam dan Bangsa Melayu yg berpegang teguh pada nilai-nilai moral yg tinggi.

kita adalah Umat Islam dan Bangsa Melayu yg menyemai nilai suci dan akhlak murni dan perlu berdisiplin tinggi dalam menyalurkan tuntutan nafsu didalam diri-diri kita.Islam adalah untuk mensucikan naluri manusia,bukan membendung nya.

tapi orang-orang kafir yg menguasai jentera propaganda dunia,di satu segi mereka mencipta tahyul yg melarang pemimpin-pemimpin agama mereka dari berkahwin.dan dari segi lain mereka mencanangkan kuat-kuat kebebasan seksual.

kalau cuma di Negara-negara Barat,tak kisah lah...sebab agama mereka memang tidak mengenal nilai moral dan secara terang dan jelas sudah memberi kebebasan tidak terbatas kpd untuk buat apa saja.sebab Tuhan sudahpun mengorbankan anak kesayangan Nya di palang salib untuk menebus dosa manusia.

tidak ada sistem dosa-pahala,baik-jahat sama saja.yg penting kebebasan.

tapi kita adalah Umat Islam di Negara Islam.ada pahala dan dosa.baik dan jahat ada berbeza.perlu disiplin tinggi dalam memenuhi tuntutan naluri.malang nya,tuntutan naluri umpama api,kecil nya berguna.besar nya menjadi neraka.

naluri yg disalur secara benar,membuahkan zuriat sebagai penerus tamadun manusia mencari dan mengenali Pencipta nya.tapi naluri yg tidak terkawal sama jahanam nya umpama neraka.

Tun,Umat Islam perlu dibantu mengawal naluri nya.tanpa bantuan Undang-undang,sukar anak-anak kita menepis pengaruh-pengaruh Iblis yg sentiasa mengasak kita secara agresif.

Terimakasih Tun

Dear Dato' Seri,

As much as i love you, i need to be very frank, you bleed of ignorance when it comes to this subject matter. "Pondans" are Not Gays, both belong to very different worlds. "Pondans" are transgenders who feel trapped in their bodies, Gays aren't trapped in their own bodies but are sexually attracted to the same gender and this is something they realize since a very tender age, at the age where they don't know it's sexual and they don't know about sex to begin with. As they grow, they realize what it is. Transgenders grow up feeling foreign in their own bodies.

Now, to deny a person what he or she is, is something very inhumane and to further use religion as a Passport to Judge and Mock is rather an unlearned thing to do, in many cases very uncivilized. One should never be judge based on another's person's religious or moral benchmark and the religion in itself clearly states that there should be No Compulsion In Religion. Pushing down religion into a person's throat and then arresting

the person if he or she wishes to leave the religion is also very inhumane. You are literally handcuff a person to comply with the religion and there's no other way out of it, smacks of communism if you ask me. In this time and age, most clear thinking people would find it rather draconian and feudalistic.

Let me bring it to your good attention that HIV statistics in Malaysia show that straight couple (heterosexual) are highest victims of HIV and the highest state is Kelantan (so much for ultra fanatism).

You have made rather homophobic statements, infact your entire write up is homophobic and uninformed. You have failed to realize that your write up only creates more hatred and that you are encouraging hatred and violence on the LGBT community.

Going on further, Are you aware of things before you make such shallow statements? What makes you think that the LGBT are the minority in Malaysia? Correction, Only The 'T' is the Minority. The 'LGB' are far from minority, infact their population can easily determine who wins the 2/3rd in Parliament and let me also tell you that most of The 'LGB' are very highly educated Malaysians who contribute very significantly to this country, be it in the private or government sector. Most of them hold outstanding degrees, if not Masters & Doctorates and they are part of the cream of successful Malaysians. They can easily migrate and serve another country, again goes our brain drain which has already reached a very alarming level. They are Doctors, Lawyers, Engineers, Vice Presidents in the Corporate Sector, just name any Professional Industry, they are there and they work very hard and contribute significantly to their jobs. They are not just in the arts scene, they are in every profession. If you want to jail them, you would have to turn all Hotels and Buildings into Prison Cells and half of Malaysia's brains would be in the lock up.

You are always finding and wanting to know successful and highly educated Malaysians, let me tell you they are in the 'LGB' society. The qualifications they hold, the cars they drive, the career success they have and the English they speak.

Let me also tell you that the Gay and Bisexual Men, don't need to look like 'soft boys' because most of them look more straight than you and you would be glued to your seat if you actually knew that they are gay or bisexual.

At the end of the day, to each his/her own. In this time and age we simply cannot judge or criminalize people based on their sexual orientation and you also fail to realize that many of them have family support and their parents educated them very highly so that they would not be discriminated due to their sexual orientation. You have time and time again failed to realized that these people are generally accepted by their families unless you are looking at very rural states.

Now on Seksualiti Merdeka, They are not about 'A Free Sex Party', or gay marriage agenda or anything that runs in that mind of yours. Its formed by educated 'LGB' to to call for mutual respect and understanding, simple as that, nothing more, nothing less. What is so difficult for you to understand about Mutual Respect and Understanding? If you think that everything and anything must revolve around religion, then you are very wrong because matters of religion and race should be kept within the home. What the Nation needs is qualified people who want to serve this country and perform in their professions for this country. Today, it's all about Performance. Not about using religion as means for political club membership to garner popularity. Narrow interpretations of religion and culture cannot develop or save this country, it's education, performance & hardwork.

The World is fast evolving, it's not about Western Culture, it's about the entire world evolving, the world does not want to be in the shoes of Zimbabwe or some third world country. As the world evolves, so does principles, culture and morality evolve, you cannot expect Malaysia or the world to remain the in culture, morality and mentality of 1930s. You cannot fight against this because it's a global change and change is rushing like a mighty Tsunami. Your UMNO has not changed because of you and your cohorts including the DPM, so the world will change UMNO. Simple as that, you cannot go against tide, it's fatal.

That's it from me and i have always and will always keep you in my prayers and love you but Dato'Seri, your good reign is over and you cannot brave against the tide of change the world is experiencing. The Non Malays have grown to like Najib but they hate UMNO. If UMNO fails to form government, it is not Najib's fault but the fault of UMNO. And if UMNO wins, it's because of Najib, This is the very truth now whether you like it or not. The same way, sexual orientation is nothing to do with the West, it's Global. Even an ultra conservative country like India removed all laws against the LGBTs in 2009, they have thrown away the draconian British Penal Code and this is a country where all religions are very strong. LGBTs in India is now legal and they are seen equally as all Indians are.

Thankyou & God Bless You Always.

SALAM KASIH DAN SAYANG

AYAHANDA RAKYAT TUN

Izinkan,

Salam kasih sayang adikku Wajaperak,

...The typical Muslim or the atypical muslim?..

Adakah yang dimaksudkan itu orang yang benar2 Muslim atau orang yang pura2 Muslim?

Pandangan kami pula.. orang yang benar2 muslim itu adalah insan yang 'berwajah' dan orang yang pura2 muslim itu adalah manusia yang 'berupa'.

Insan yang berwajah hanya ada satu macam sahaja kemahuan nya untuk kesempurnaan hidup melayan Iman didunia ini iaitu taat kepada kehendak Allah SWT yang Maha Pengasih dan Penyayang.

Manusia yang berupa boleh berupa2(macam2) kemahuan nya untuk kepuasan hidup melayan Nafsu didunia ini iaitu '

menghalalkan segala kehendak diri nya termasuklah perkara yang sedang kita bahaskan disini.

Wallahualam.

Askm Tun,

You have spoken on behalf of the majority view on this issue. It is obvious that this abnormal behaviour should be curtailed now before it destroys the fabric of our society. This is the conclusion irrespective of religious belief. These people obviously need help through counselling but they cannot openly demand to be recognised and accepted as the western countries have done on the basis of western concept of “human right & personal freedom”. Even then not all states of USA have legalised it and then why should we? In Islam, the rights of the society/people over-ride that of the individuals, period.

I and many more would totally reject the view of andrewtay85

November 21,

1. ” I just feel that we are matured enough to face their existence” -

Your feeling is irrelevant to determine our level of maturity.

2. ” Let me tell you what is different between homosexuals and heterosexuals. There is nothing different ” –

Do not try to lecture on us. People like you are the one who cannot see the difference and is the main basis of your argument.

3. ” Those people have done nothing wrong but showing their affections to each other. Most people are hating because homosexuals are different from the norms of existence despite there are homosexuals who may believe in Allah, who prays 5 times a day and are

devoted to Islam. Allah may not have sideline them but humans have jumped the gun to do so in the name of Islam. ” –

Now, you try to educate us on Islam when te level of your Christian faith is also much questionable? Do you really believe that Muslims who prayed 5 times/day can be homosexual? But we all know some Christian priests do and have become great ambarrasment to the Church/Pope.

4. “Your daughter knows better because she sees people as humans. She doesn’t judge them like how you judge people. Only God judges people.” –

She is old enough (I refrain myself of using word “matured”) but she obviously lacks the true Islamic teaching. Correction, God (Allah SWT) not only judges but also punishes those disobeyed His commands as mentioned in Quran. While we can only judge the people but we have no power to “punish” them. However, we have a great duty to guide our children to the true path as Allah commands. Homosexuality is one of those Allah forbids and it is our duty as parents to protect our children. Or you couldn’t careless about the well-being of your own children being influenced by these homosexuals and the likes? I wish you good luck

5. ” Everyone has nafsu. You think Malays and Muslims have no nafsu? Do you think people practice polygamy because they genuinely wanting to help a widow? In that case, why do most of the Malay men get younger girls as wives?” -

Please do not lecture us on subject you clearly have no knowledge about. For you, “nafsu” is only on one thing i.e.sexual desires and this is a strong proof of your ignorance on Islamic teaching.

6. “Im only advocating for homosexuals because it is people in this forum that are religious bigots trying to impose their values on others. Im saying that although the Church condemns homosexuals, I feel strongly to the believe that everyone is equal in God’s eyes. With that in mind, I say the Church is wrong with this one.”-

People who have no faith in religion will be doomed at the end. Period. Don't try to play blame game. You should and need to pray more rather only once on Sunday.

May Allah protect us all from these evils.

Yes we have rights

Rights of feelings too

No one to blame

No one is right or wrong.

Having the same feeling of same gender

Its against most religious foundations.

These are sick in the brain.

As society there are do,s and don,ts.

If we consented these rights to be overwhelmed we could also consent human has feelings towards their pet ,cats and dogs.

Which already happened in Western World.

Is short if we consented gender of the same sex

we could also consent sex with animals.

So What are we human call, pets abuser or pets lover.

As to call our self human with dignity.

YES muslims, malays have nafsu

YES most marry a younger one,some marry the older widow.

Nothing wrong with that.

Everybody wants a new car,some prefer older versions of sentimental values.

The truth of Islam.

We take our women as wives.

We don,t take our women as mistresses or prostitutes.

Islam values our women,dignify our women as legal wife in the eye of God and society.

That if the men are affordable in many,not just financial.

Kafir, they are very good husbands

They do not marry more than 1.

But unfortunately their husband always came home late, overtime, extra works as they say. But in factyou know.

So if you are a women, or if your daughter or sister fall for a married men. Would you consent this relations as

1. Second wife, to share and honor ,
2. A mistress till spare parts became absolute, or
3. A prostitute to be on the roll till dry.

Dignify yourselves through Islam.

A religion that reveals the difference.

Tun dan semua pengikut setia chedet,

Sebenarnya, komposisi hormon setiap manusia berbeza. Jika ciptaan Allah swt tiada cacat celanya, sepatutnya lelaki bersifat “kelelakian” dan wanita sepatutnya bersifat “kewanitaan” tanpa campur aduk seperti pondan dan sebagainya. Sains kemanusiaan and biological study masih diperingkat awal. Adakah kita memahami sepenuhnya kecenderungan homoseksual gay, lesbian dan sebagainya? Jangan kita menggunakan agama sebagai alasan menindas golongan minoriti masyarakat gay dan lesbian. Kalau teh tarik dicampur kopi o, rasanya memang pelik tetapi kalau belum cuba belum tahu rasanya. Ada yang suka, ada yang menolaknya. Untuk manusia, sama juga, komuniti gay dan lesbian mungkin mempunyai tahap hormon yang berbeza kerana ciptaan Allah swt ada cacat celanya. Kita sepatutnya meneliti and memahami cacat cela komuniti gay dan lesbian dan bukannya maki hamun golongan ini.

Bagi mereka yang mempunyai ramai anak perempuan (katakanlah 2 atau 3) dan mempunyai 1 anak lelaki (yang bongsu), anda akan perasan bahawa anak bongsu biasanya mempunyai kecenderungan untuk menjadi “lembik”. Adakah ini pilihan anak lelaki bongsu anda? Sebenarnya tidak! Anak ini akan secara tidak langsung terpengaruh

dengan sikap kakak-kakaknya. Cara komunikasi mungkin akan terpengaruh juga. Selain itu, adakah kita pasti si ibu dan si bapa tiada cacat celanya dari segi genetik and keseimbangan hormon. Kecenderungan mendapat anak perempuan mungkin menandakan bahawa pengawanan si ibu dan si bapa cenderung menghasilkan perempuan atau lelaki lembik.

Hakikatnya, janganlah kita membuat kesimpulan terhadap golongan gay dan lesbian mengikut pandangan serong. Sebenarnya, selagi kita tidak membaca sains kemanusiaan dan sains biologi dan cuma bersandarkan ajaran agama, kita tidak layak membuat kesimpulan terhadap golongan gay dan lesbian. Disertakan di bawah satu artikel menarik untuk bacaan saudara-saudari sekalian:

“In our society the idea that sexual preference might be fixed from birth is not a popular theory. However, the concept that sexual preference is consciously chosen at puberty or at any other age after birth is a biological impossibility. Differences in gender, the state of being male or female, are far more complex than most people realize. Recent studies on bisexual men, homosexual men and homosexual women have found that people with these sexual orientations not only have different hormonal levels from heterosexuals but possess different physical characteristics as well. It has been observed that brain hormone events occurring before birth are a factor in the development of human sexual orientation. It could be that the factors creating homosexual orientation are the same for gay men and gay women. The role hormones play in these mechanisms is influential, but not fully understood.”

Tun

Seksualiti Merdeka should have been a non-starter or non-issue if the BN have component parties that are on their toes at all times. But this is not the case since 2003. The MCA is purported to be a major political party representing an important constituent in Malaysia. But the leaders had not been able to deliver and make themselves credible, trustworthy and respected by the other Malaysians. The party lost its way somewhere and sometime since 1950 when it reached its peak by persuading the Chinese to register as Malayan citizens. The only deeds that can now be discerned of the ex-MCA leaders are that they are either multi-millionaires or billionaires. There are not many exceptions. They begat descendants with big mouths too ! But issues like the vernacular schools, scholarships, jobs, promotions etc. etc. are still with us since 1950 ! Is this what the MCA is good at or is there something wrong with the Malaysian Chinese ?

If the MCA had been effective and caring and explained knotty political issues in an effective manner to its constituents and allies, a lot of the political problems which are around us today, would not have happened. Because of this, many Malaysian Chinese are confused, apprehensive and insecure. These are not their normal attributes. This is

unbelievable knowing full well these citizens have been here for many generations and was comfortable with the MCA. As a component party in the BN, the first and foremost task is to act like a real partner which furnish information and suggestions to the other partners. In order to get others to listen, respect, trustworthiness and credibility must be attained. Most of us were happy that the BN structure was announced in 1970. But the MCA turned out to be a weak link at times like now when its support etc. is most needed. For example, MCA holds 4 Ministerial portfolios which together are more important than the Ministry of Finance eg. Health, Transport, Tourism and Housing Development. This is a large part of the economy. But nothing was forthcoming from these Ministries except negative reports like spending on overseas trips, etc. These Ministries can contribute much. But nothing happened. The MCA could have gained respect and trust if these Ministries together or together with other Ministries do things which are credible in a socio-economic sense. I believe that the annual budgets for each of these Ministries are substantial.

Whilst the shouting was in the East, the real thing happened in the West. It is alleged that the once extreme right MCA has become extreme left without informing its members. In other words, the members thought they voted for a horse which turned out to be donkey. Does the leadership with its amateurish advisors and their phantom connections know what it means to be to the left of the DAP ? And in terms of the country's ancient history and Constitution ? And in terms of our beautiful country's existing peace and harmony ? And in relation to its allies ? And finally, the promised land 'Australia' ?

It is still not too late. But with the accretion of all the negative factors over such a long time, it is a hard task to put the MCA on the road to political professionalism, to eschew money and accept sacrifices for the Rakyat !

In such an event, will the Malaysian Chinese lose out on an unexpected political debacle. Of course, the answer is a firm ' no '. The Government of the day in all sincerity and care towards all the communities just take a leaf out of the British and appoint real Malaysian Chinese who are respected, trustworthy and credible to represent the community. QED. And in time, so too will such a political party arise !

Im not gay nor do I prejudice their existence. I just feel that we are matured enough to face their existence. I do not to use the word "problem" to describe a homosexual's existence.

They are homosexuals around us. We talked about them, we know that they are here but we ignore them. We treat them with prejudice. We treat them with disgust. We fear them. Let me tell you what is different between homosexuals and heterosexuals. There is nothing different. They are humans. The only difference is that they like other same-sexed people.

Those people choose not their feelings for another. Like any other feeling, it comes naturally. You cant control the way you feel about another. You can try resisting it or hide it underneath the carpet but you cant deny that it exist.

Those people have done nothing wrong but showing their affections to each other. Most people are hating because homosexuals are different from the norms of existence despite there are homosexuals who may believe in Allah, who prays 5 times a day and are devoted to Islam. Allah may not have sideline them but humans have jumped the gun to do so in the name of Islam.

Your daughter knows better because she sees people as humans. She doesn't judge them like how you judge people. Only God judges people.

Everyone has nafsu. You think Malays and Muslims have no nafsu? Do you think people practice polygamy because they genuinely wanting to help a widow? In that case, why do most of the Malay men get younger girls as wives?

Im only advocating for homosexuals because it is people in this forum that are religious bigots trying to impose their values on others. Im saying that although the Church condemns homosexuals, I feel strongly to the believe that everyone is equal in God's eyes. With that in mind, I say the Church is wrong with this one.

Kenapa keadaan jadi begini adalah kerana pengaruh media tempatan (kerajaan dan bukan kerajaan) yang sering menampilkan golongan ini didalam rancangan mereka. Dan golongan ini diberikan kelonggaran dan kebenaran untuk melakukan watak "lembut" yang mana ianya boleh mempengaruhi masyarakat. Persoalannya perlukah watak-watak ini dipamirkan sebagai hiburan. Tepuk dada tanya selera.

Assalamualaikum Tun.

Mengapa kita perlu takut pada kelahiran zuriat kita?

Islam mengajarkan kita supaya membaca doa hatta ketika bersetubuh. Ya Allah jauhkanlah syaitan dari rezeki yang Engkau kurniakan.

Ketika mengandung,kita disuruh membaca Al Quran, antaranya surah Yusuf dan surah Mariam.Kalau tak pandai baca sekalipun,pasanglah cd mengikut teknologi semasa. Apabila saya mengatakan saya menerima tasawuf,ia juga bermakna saya juga turut didedahkan secara tidak langsung pada pengetahuan seksualiti.

Pada komen terdahulu pasal seksualiti, sebenarnya saya mengkritik sebuah kerajaan negeri di mana perlakuan 'threesome' remajanya adalah menjadi perkara biasa dalam kehidupan. Bukan setakat bohsia. Pengalaman yang saya kutip ketika bermusafir satu ketika dulu.

Semoga kita dijauhkan dari semacam benda yang didorong oleh syaitan. Yang bermakna bukan semulajadi tetapi didorong oleh keinginan melakukan yang terlarang. Inilah yang kita tidak sokong dan tegahkan.

Pada yang asalnya dilahirkan sedemikian rupa, perlulah kita bimbing ke jalan yang benar bukannya mengiktiraf perlakuan sumbang mereka.

Pilihlah wanita kerana agamanya, keturunannya dan hartanya. Dan juga telah menjadi lumrah alam, orang yang berakhlak turut diminati oleh ramai wanita dan secret admirer. Dan itulah sunnah Rasulullah s.a.w yang bukan berlandaskan nafsu semata-mata. Cukuplah sekadar Allah s.w.t

Terima kasih Tun.

Salam Tun,

Kupasan Tun cantik sekali. But its nothing new actually. Seks terlampau ini sudah ujud dari zaman kaum Nabi Lut lagi. Ini semua orang tahu.

Apa yang terkini ialah sikap kurang ajar sesetengah pihak yang cuba mengambil kesempatan dalam pelbagai isu. Kebanyakannya hanya untuk 'test the market'. Mereka ini tergolong dari kaum bijak pandai yang diterajui oleh Dajal. Generasi Y konon, tetapi sebenarnya mereka hanya mengambil kesempatan atas sikap keterbukaan kerajaan sendiri.

Masa zaman Tun, golongan2 ini kurang berani. Tetapi kini, golongan ini tahu mereka semakin kuat kerana mereka tahu pemerintah hari ini cukup takut dengan mereka. Kerajaan hari ini beriya-iya hendak menjaga hati mereka2 ini dengan harapan mereka akan menyokong parti pemerintah. Tun tolonglah beritahu pemimpin-pemimpin kita hari ini bahawa hati golongan2 ini jahat dan jangan haraplah hati mereka akan puas walau apapun yang dihidangkan kepada mereka. Hendak menyokong? Maafla....

Oleh itu kerajaan hari ini sudah-sudahlah memberi muka sangat kepada kumpulan yang biadap ini. Ini tidak, jika orang kita tersilap sedikit, bukan main laju diambil tindakan. Tun tidak berasa hairan ke hari ini, pemimpin/polis kalau mengambil tindakan kepada bangsa kita bukan main samseng...tetapi kalau bangsa lain? Tengoklah Bersih 2.0, ada kita nampak bangsa lain dipukul dan dibelasah? Dan baru2 ini 13 orang dituduh JI.... dan banyak lagi contoh-contoh pemimpin 'jaguh kampung' kita hari ini apabila mengambil tindakan. Begitu juga parti-parti politik....UMNO paling suka berkonfrontasi dengan PAS, begitu juga sebaliknya? Berapa kerat sangatlah parti2 bangsa-bangsa lain berkelahi sesama sendiri. Entahlah Tun, semakin panjang saya menulis semakin teringat kata seorang rakan yang menepis kata-kata kesat seorang CEO dikedai kopi betapa buruknya bangsa kita dan ketidakadilan yang diberikan kepada bangsanya. Kata rakan tersebut... "Well, i'm not too good to debate further since i am not a politician, but i reckon the only way to settle all this rubbish is, this country should have another round of May 13th...!" and the CEO walk off without saying one single word.

Assallammualaikumwarahmatullahiwabarokatuh..

Semoga Tun sudi mengizinkan ruangan..

1. I don't agree to what you said]]

Can I draw you to a parallel perception? A comparison?

Consider yourself as an Israeli..Sorry dtan..I am using you as an example..So you will be diehard in your opinion that it is Israel view and perception that must prevail over the whole wide view.

Thus by saying you do not agree to Tun is simply saying that you agree to sexuality merdeka..It is plain and simple when one taking a stand..But sadly in life the proclamation of view in one minute can differ in another..We call them coward or hypocrite..The integrity between this line is blur and that is what happen...The organiser and their cohort says that they only tries to liberate the 'oppressed'..What you does not realizes that these kind of people populate the sanatorium and mental institution..One

minute we believe them as sound mentally..Could or should we open the door for them to try being fair the next minute and does not regret..."letting the beast pounce on the society"...Whose blood will be in thy hand??..

It always Tun and us the protector..The protector of the sanctity of sanity..

[[3. There are minority parents who gave births to these children yang semulajadi without knowing until their children turned into adulthood]]

Fortunately Madam HBT456..Islam have mechanism to check and balance any impropriety of mental and physical attributes.And dealing with the idiosyncrasies and the peculiarity of the temperament..

[[4. Perhaps, Marina as Malay, is serious in helping this fortunate parents and children, she should make sure the organizer, Mr Paul, get some campaign fund from Ministry of Women and Family to raise public awareness into national level so that all Malaysians from all walks of life cannot discriminate this minority group so that they can have normal lifestyle just like us under this ministry]]

Now you are transgressing Madam..Do you know that meat eater is hated by the vegetarian?..To what extend?.. Now..eating meat is basis to most of us but the vegetarian claim that we are immoral..How could you?..Yuck..

Hence this dispute will never end.What we have will be compromise but you cannot compromise any value that did not have approval from religion aspect and most religious body does not agree to the theme of sexuality merdeka..

We do have our sexual inclination as human being.So be sincere in admitting that you yourself would not want to be caught in a compromising situation!!...:)

Easy way out Madam?..The typical malay or the atypical malay?

The typical Muslim or the atypical muslim?..

You decide but the best lesson we should heed is never open the Pandora Box despite the gentle pleas of the voice within the box..

Containment is the word and concensus is needed when talk about the public interest.

The majority of level headed concensus....

Assalamualaikum Tun.

Macam Mufti Pahang katalah,kita sepatutnya mendekatkan diri kita dengan golongan golongan tersebut dengan tujuan untuk membetulkan mereka ke jalan yang benar,bukannya menyokong perlakuan sumbang mereka.

Pada Marina Mahathir,saya nasihatkan supaya pilihlah kawan untuk dijadikan kawan,kerana kita akan mengikut perangai kawan kita.Begitu juga dengan falsafah Tajdid (yang bukan tajdid pun).

Saya mungkin memberi komen yang tak seberapa kerana saya tidak berkerja dalam bidang ini.Tapi saya mungkin mengikut pandangan surah an-nisaa' ayat 83.

Yang bermakna : usahlah kita galak sangat menyebarkan cerita cerita sedangkan masih ada pemimpin yang lebih tahu caranya,orang yang lebih luas ilmunya.

Assalamualaikum Tun,

I agree with your posting. We cannot blindly follow the West as now not only have their economy failed them, their culture for freedom and liberal thinking is destroying them as a society as well. They have only themselves to blame, because it is their own doing they are in this mess, be it economically or culturally.

Sorry Tun but I wish to digress from your topic as I think it is a matter of urgency and importance.

As we know, base on the the current APEC meeting, the US is now focusing its attention on Asia. The US has made it known that it is here to stay as a Pacific power. The US would send its military aircraft and 2,500 marines to northern Australia. The US also wants Asia to be a major destination of US products to give jobs to the American people. Many are still trying to interpret what this all means.

I think it is dangerous now that the US is now focusing on Asia. Asian countries inclusive of China must deal collectively and carefully when dealing with the US.

The reason I am saying this is because by having a military presence in Northern Australia while at the same time have military presence in South Korea and Japan, it does the US is encircling China. The US may say it is not doing that, but look at the actions, never believe in what they say.

And whats make it more dangerous, out of the blue, the Spratly issue suddenly crops up. Why now? The Spratly issue has been there even when Tun was still Prime Minister. So far the Asians countries has been dealing well without outside interference.

Why now the US is showing a keen interest and “concern” on the Spratly issue?

I wonder whether the US do have good intentions focusing on Asia.

Another is the US wants the create a Free Trade Area among Asian countries minus China. Why exclude China?

The US knows that Asia has become the new engine growth for the world. China, India, Malaysia, Indonesia, Singapore, the Philippines and many others are experiencing high growth. Therefore, the US wants to be part of this growth.

Notice how Obama is making announcements on behalf of Asian countries. To me, the announcements was not consulted or agreed by the Asian countries. They were more of the US giving order to the Asian countries on what to do. Basically ordering open up your market, let us export our products to you so that Americans in the US can get jobs. Notice how it is about American jobs, not about Asian jobs.

There was no mention about opening their economy the the Asian countries so that we can increase Asian jobs as well. Clearly this is not a win-win situation, it is a US win everybody else lose situation. If any country have a problem with that, the US have army is in South Korea, Japan and Australia.

In my earlier posting I did refer the US as “wolves”. I did not mean to demonize the US by labeling them as such, but the method used is similar to how a wolf hunt its prey. When a wolf hunt a prey, such as a wild buffalo, the herd would instinctively close in on each other. When the wolf want to attack one buffalo, the other buffalo would hit the wolf, does making it impossible for the wolf to prey on the buffalo. So what does the wolf do? The wolf first target one of the buffalo in the herd, and try to separate that buffalo from the rest. Alone, the lone buffalo, separated from the herd, will become easy prey for the wolf and be devoured.

In my opinion this is exactly what is happening now in the Asian context. They would need to find some issue that would divide the Asian countries and quarrel among themselves. Thus, the Spratly Islands issues is the perfect issue to make the Asian countries quarrel and create tension and distrusts among fellow Asian countries. Once they are not united, it just so happens one of the claimants is China. The smaller Asian countries would be no match for China. So who do they turn to? Out of the blue,

the US appears offering “assistance” to counter China power. At that time, the smaller Asian countries would be desperate and would give anything for US “assistance”. The same goes for creating a Free Trade Area minus China. This is to separate China from the rest of the Asian countries.

The day they ask for US help, is the day they are colonised by the US, as in return for the help, they will be forced to do whatever the US say or orders.

Asian countries together with China must be united and set aside their difference now that the US is focusing here. It is the only way for the Asian countries to remain prosperous and live peacefully as it has always been. Asian countries must give their full support to China.

The lone buffalo the wolves are trying to separate from the rest of the herd, is China.

Once China is weakened, the other Asian countries will easily be overtaken.

If Asian countries are not careful and united, we can become the next middle east, where there is war and people kill each other. All the Asian countries will be the real losers if this happens, and the winner would be US, profiting from “assistance” given.

Let us learn from the middle east and not allow outsiders interfere with our affairs.

Dear Dr Mahathir,

I recently read your article in the newspaper today and was greatly affected by your words and comments with regards to the state of Malaysian Muslims.

I too have joined the bandwagon to form one of my own NGOs The sole purpose of this group is to increase our awareness of a plague that is affecting our community.

We may not realise that in our quest to up hold our democratic right to propagate certain ideals, we are essentially tearing our community apart. It might not be our intention to do so, however.. the framework in which the political system operate does and will punish us.. if we forsake unity for our ideals.

There is a malay saying which goes” kerana marahkan nyamuk, kelambu dibakar”.

In this group it seeks for us not forsake our religion and our community for our various ideals, lets put aside our petty worldly differences for the good of our Community for our Ummah. For our parents and forefathers who have fought for our survival in this blessed land.

Lets believe in a future where our various political democratic ideals could still exist, but within the greater appreciation of our religion.

we stand as a community and that is the main plight.

I quote from a speaker who said ” if you imagine a tree, and how its composed out of a main trunk from which multiple branches shoots out..... that is how we should be as a community.On the surface each of us is entitled to a particular view, but at the crux of it all we come from one belief”

this group hope to highlight to our leaders to put aside differences for a common cause. that they may stand for their ideals but always ensure whatever the outcome may be, the community wont be at stake.

we do believe there is a way for healthy competition to exist for the rights to administerthis country while maintaining the unity of our community.

We should be united. thus ensuring that whatever petty differences that exist between us is controllable within the bond that ties us, and never sacrifice the future of our community.

and whenever in doubt or under threat, we shoud with one voice choose the best vehicle(political vehicle) that ensures the survival of our community.

More than ever we feel the need to voice out on the current dicourse that is breaking us apart. Thus feel free to discuss, and share but always bear in mind of the common goal. Jihad in the modern day doesn not necessarily mean drawing our swords. it could be of a greater magnitude if we focus on sharpening the strength of our economy. Imagine if we could take over american, chinese, indian establishments such as coca cola , kraft and something closer to home such as Air Asia.

wouldnt it be greater and more influential!

They say that we cant do it, they brand us names such as lazy malays, incompetent, untrustworthy.. i dont think much of that is true. Lets turn to the core of our religion and be the khalifahs that we are meant to be. Everything is worthwhile if we dedicate our lives for Allah.

Yours faithfully

Hafiz Fazillah

ASSALAMUALAIKUM dan SALAM SEJAHTERA..

Tun yang dihormati,

Maaf sekadar ingin bertanya, bagaimanakah pandangan Tun sendiri terhadap kenyataan anak Tun, DS Marina seperti berikut,

“I am angry and was sickened to read how they labelled the movement’s activities as a free sex festival. I am a supporter of the group and had launched their programme two years ago without problems. The programme is to educate those who come under the scope of the movement of their rights and all this does not go against the law or religion”

Sedangkan adalah jelas kenyataan pada laman Web Seksual Merdeka sendiri menyatakan,

“We believe that everyone in Malaysia deserves to be free from discrimination, harassment and violence for their sexual orientations and their gender identities. We believe it is our right to be responsible for our own body. We believe everyone is entitled to the freedom to love and the freedom to be, whether gay, lesbian, bisexual, transgender, intersexed, straight, asexual, pansexual, or simply fabulous.”

Adakah anak Tun ini terkeliru atau dikelirukan? Pandangan kami sebagai jurublog telah dijelaskan di sini..

<http://sensecredaccountability.blogspot.com/2011/11/when-heroins-show-that-they-also.html>

Kami harap agar Tun dapat memperjelaskan pandangan Tun terhadap anak Tun sendiri kerana kami sebagai rakyat sangat jelas dan faham pendirian Tun selama ini terhadap isu sebegini..

Seseorang yang digelar 'otak kuning' ialah seseorang yang dianggap kuat seks dan sentiasa berfikiran kotor dan lucah. Tetapi kini kuning menjadi lambang bersih diasaskan oleh manusia yang menyokong seks bebas. Amatlah diketahui bahawa bersih lambangnya adalah putih bukan kuning. Mengapakah orang ini memilih kuning? Kini telah jelaslah akan sebabnya.

Salam Tun,

Mereka yang dilahirkan pondan tidak meminta dilahirkan pondan. Kumpulan ini ialah lelaki dari segi “genotype”, tetapi ini mempunyai satu extra kromosom X, yang membuat mereka mempunyai sifat kewanitaan, dari segi tingkah laku, sifat, perangai dsb. Organ

seks mereka yang natural masih lelaki, tetapi mereka tidak boleh terima diri mereka sebagai lelaki. Kadang-kadang mereka ini lebih jelita daripada wanita. Saya pernah lihat sendiri satu show tarian mereka di Chengmai, putih gebu lemah lembut dan sangat menawan. Dah habis show kami bersalam, baru tahu mereka ini pondan.

Kita terpaksa terima kumpulan yang betul-betul pondan ini memang wujud, dimana-mana negeri, mana-mana masyarakat – Melayu, mat saleh, Cina, India, Bangla, Jepun, Mongolia, Arab sekali pun. Macam mana kita nak “melakikan” mereka pun memang tak boleh, tak akan ubah keadaan, sebab sudah ada pembawaan genetik. Dikampung saya dulu bapa sipondan ini memaksa anaknya yang pondan berkahwin dengan satu perempuan pilihan keluarga. Kenduri punya kenduri, si isteri cabut lari salepas dua hari. Perkahwinan pun tamat.

Kumpulan ini harus diasingkan daripada mereka yang nersifat gay oleh kerana tekanan atau pengaruh sosial dan mungkin mempunyai hormon wanita lebih sedikit dalam diri mereka. Mereka ini 100% lelaki, tanpa extra X kromosom. Kini mereka menjadi lebih berani dan lantang bersuara oleh kerana hampir seluruh Hollywood dikuasai oleh kumpulan gay, ramai padri pun gay, ramai pemimpin politik pun gay, dan ramai penyanyi pujaan pun gay. Dan mereka disokong oleh kumpulan “pro-human rights” seperti manusia Ambiga. Di airport Australia ramai lelaki berkucupan sesama lelaki, itu telah diterima masyarakat mereka. Yang ini saya dan ramai antara kita tak tahan. Saya rasa kerajaan patut betul-betul tegas dengan kumpulan terakhir ini yang kini telah melampau. Hari ini dapat seinci, esok mereka akan dapat sedepa. Nanti lelaki sesama lelaki berkucupan di KLIA. Minta simpang.

5. From the news, YAB Tun asked Tan Sri Koh Tsu Koon to step down.

6. Politically, it is very hard for Tan Sri Koh to step down today.

7. In the past, YAB Tun also advised Tun Ling Liong Sik and TS Lim Ah Lek to step down, unwillingly.

8. Both DAP and Gerakan have similar political agenda.

9. But DAP won all constituencies dominated by Chinese Malaysians in GE12.

10. Like Apco, Merdeka and Lynas, NFC, Kedai 1Malaysia issues became political issues when Anwar Ibrahim, his wife, his daughter brought this matter into Malaysian Insider owned by your ex-political secretary, Mathias Chang.

11. Malaysian Insider is not telling the whole story.

12. This time, I support, the Chairman of NFC using her wife, a Minister, as contact point to get Federal Government Loan in setting up the cattle farm in kawasan perkampungan Melayu Gemas, N9.

13. In the past, during Pak Lah's era, the Ministry of Farm and Agriculture have sent Malay Ministers to Germany for case study on piglet farming which is against our National Islamic Religion.

14. This is the highest hypocritical and distorted fact in social contract of Merdeka being abused by the Ministry whereby none of MCA and Gerakan senior members, not in the Ministry, dare to stand up to prevent this from happened.

15. Both orang lama and Tuntuah are malays, and they always want the easy way out.

16. Is YAB Tun a Malay who wants the easy way out?

17. Last but not least, may I know why Chedet administrator was so stupid by linking this blog to Malaysian Insider?

Goodnight, Tun.

Salam bahagia Tun,

Itulah persoalannya yang juga diutarakan di sini:-

[‘Not My Way’ tetapi bebas in ‘every way’](#)

Rasanya, semua orang tahu jawapan kepada persoalan yang dikemukakan dalam artikel di atas, tetapi mengapa ya?

Mengapa kita pun mahukan “liberal” tanpa batas ini, mahu meniru barat?

Salam Tun,

Apa yang berlaku sekarang sudah berlaku kepada orang-orang yang terdahulu daripada kita. Pendek kata, cerita sama di zaman yang berbeza.

Apa yang berlaku sekarang adalah hasil daripada perancangan yang licik puak-puak tertentu yang ingin melihat masyarakat lain hancur. Puak -puak yang sama jugalah yang merancang secara licik dan juga menjalankan program-program supaya masyarakat tidak percaya lagi kepada Tuhan dan mengamalkan perkara-perkara yang diluar tabii dan bermacam-macam lagi. Ini bertujuan untuk menghancurkan masyarakat supaya mudah untuk puak-puak ini mengawal mereka. People who stand for nothing, will fall for for anything.

Tun, puak-puak yang sama juga menggalakkan peperangan untuk membuka pasaran baru, memperkenalkan berbagai-bagai sistem dan ideologi untuk merosakkan masyarakat, mengawal minda masyarakat melalui program-program TV dan berita, memperkenalkan budaya hidup pop dan menyelitkan unsur-unsur negatif di dalamnya dan bermacam-macam lagi. Tujuannya hanyalah untuk menyesatkan manusia.

Tidak akan ada satu negeri pun yang akan terlepas dari fitnah-fitnah di atas. Hanya mereka yang percaya kepada Allah dan mengamalkan cara hidup yang diajar kepada kita oleh rasulNya akan berjaya di dunia dan di akhirat.

The hour is near.

1. SEKSUALITI MERDEKA = "FREE SEX"

Satu penjelasan yang JELAS & PADAT dari Tun. Kita tidak mahu MALAPETAKA menimpa masyarakat kita jika perkara yang terang-terangan bertentangan dengan ajaran agama dibiarkan berleluasa. Memang kita ada mereka yang dilahirkan dengan jantung yang kurang jelas – khunsa. Dan kita memang tidak patut meminggirkan mereka dan

mesti menerima "keadaan" mereka seadanya. Tetapi, bagi yang cuma mengikut *nafsu syaitan*, jangan sekali-kali kita bertoleransi.

2. WANG BANTUAN PERSEKOLAHAN RM100

Sepatutnya wang bantuan diberi cuma kepada ibu-bapa yang benar-benar memerlukan & mempunyai pendapatan rendah atau banyak anak-anak yang masih bersekolah & pendapatan tidak mencukupi untuk membiayai anak yang ramai.

Lagi satu sepatutnya bantuan diberi dalam bentuk baucer/voucher & boleh diguna di mana-mana pusat membeli-belah/pasaraya/koperasi (kalau di kampung mungkin boleh adakan kedai bergerak) yang diiktiraf untuk membeli barangan keperluan sekolah. Saya bimbang duit RM100 digunakan untuk tujuan lain. Lagipun orang yang kaya dan berpendapatan tinggi pun dapat duit tersebut. Saya tahu sangat dengan sikap sesetengah orang yang tanpa segan-silu akan menuntut wang RM100 (duit percuma) tersebut walaupun duit mereka sudah banyak (orang tamak). Saya harap Kerajaan berfikir/mengkaji tentang kewajaran memberi duit kepada mereka yang sah-sah tidak layak untuk mendapat bantuan.

Terima kasih Tun.

**** Semoga Allah SWT melindungi Tun sekeluarga. ****

Secara mudah apa yg tun katakan itu benar. Akan tetapi kita harus memahami kekeliruan jantina ini dengan cara baik bukan dengan menghina. Sy bukan bermaksud tun menghina tetapi sy harap klu ada yg cenderung menghina tu cuba elakkan. Ada cara memberi pandangan tanpa perlu menghina.

Wlu kita rasa diri betul kita mesti memahami keadaan org bila memberi pandangan dan elakkan mengutuk atau perli yg hanya akan menjadikan lebih banyak tentangan dari penerimaan. Bila dihina org tu takan terima bukan kerana betul atau salah tetapi org akan menentang krn dibuat malu.

Salam Tun.

Jangan lah kita biarkan mereka yang menyokong akan seksualiti merdeka berbuat sesuka hati dan nafsu mereka. Jika kita tidak ambil tindakan, takut2 apabila Allah mengambil tindakan nya, sudah terlambat. Selagi Allah masih beri kita kesempatan untok mengambil tindakan, ambillah, supaya kita semua tidak akan terkena akan tindakan yang bakal di ambil Allah. Na'uzubillah.

Apabila Allah bertindak, semua , tak kira penyokong atau penentang akan menjadi mangsa.

Sudah jelas siapa di antara penyokong benda maksiat ini, tak lain tak bukan, si anu tu lah. Yang aneh nya masih ada ramai yang setia menyokong orang tu. Apa nak jadi pada rakyat Malaysia yang Muslim ni semua? Tak takut Allah ke? Tak baca sejarah dalam Quran dan Injil ke? Bacalah tentang apa yang terjadi zaman Nabi Lut. Sudah terang dan jelas.

Menyokong seksualiti merdeka sama seperti menjemput Allah untuk melaknat dan menghukum sesuatu kaum.

Sungguh pelik melihat ada orang Muslim di Malaysia yang memberi sokongan secara terang2 pada perbuatan maksiat dan terkutuk ini, kononya atas nama kebebasan. Ini bukan kebebasan tapi kebodohan dan meniru apa saja yang di laungkan di barat, pak torot nama nya. Na'uzubillah. Antara nya ialah Anwar Ibrahim.

Dia ni sanggup lakukan apa saja asalkan dapat undi undi memenuhi hasrat peribadi nya untuk menjadi PM kononya.

Cuba bayangkan besok kalau dia jadi PM dan dia beri kebebasan pada pergerakan haram ini, hancur lah Malaysia segalanya.

Ya Allah pelihara lah Malaysia dan khusus nya Masyarakat Muslim nya. Wahai penyokong2 PR dan PKR yang beragama Islam, insaf lah sebelum terlambat, selagi masih di beri kesempatan untuk insaf. Jangan tunggu sampai Allah ambil tindakan Nya. Tak sempat nak insaf dan taubat. PAS pun senyap aje
Terima Kasih TUN.

Salam,

Tajuk "seksualiti Merdeka" sendiri seolah menggambarkan seks bebas. Tentulah semua orang yang beragama akan menentang kerana amat jelas beretentangan dengan kefahaman mana2 agama. Dah la tu dalam banyak2 manusia ada di Malaysia, Datuk Ambiga pula muncul namanya. Kalau diterajui oleh agamawan seperti Tok Guru Nik Aziz mungkin orang faham tujuan program ialah untuk membimbing ke jalan Allah.

Sekiranya ,pihak penganjur ada perasaan belas kasihan kepada golongan “Jantina Bermasalah” ini, mereka harus menyediakan banyak program membimbing mereka. Panggil pakar2 perubatan, ahli psikologi, pemimpin2 politik, agama dan lain2

Pendapat saya kenapa berlaku masalah “jantina bermasalah”

1. Pergaulan bebas

Kebanyakan kes “jantina bermasalah” ini kerana berpunca dari pergaulan . Misalnya seorang budak lelaki yang normal yang ramai kawan wanita samada jadi “jantina bermasalah” atau sebaliknya “jantan gatal lagi bermasalah” . Begitu juga dikalangan golongan wanita. Islam dan juga agama lain melarang pergaulan bebas.

2.Ibubapa

Ada ibubapa nak sangat anak jantan ,habis dia layan anak dia yang perempuan style jantan. Sebaliknya ada yang anak perempuan tapi dapat anak jantan, habis dibagi manja sampai jadi macam perempuan tanpa disedari. Ibuabapa harus dinggat bahawa bila akhirat nanti masing2 bawa hal sendiri. Anak2 yang dianugerahkan kepada kita hanyalah amanah yang dikenakan kepada kita didunia untuk memeliharanya. Bukannya hak kita tetapi tanggungjawab kita!

Ada anak perempuan duk tengok abang dia, atau adik lelaki dia bebas merayau-rayau Dia pun nak bebas juga , ikut cara abang atau adik lelaki dia, tanpa sedari hari demi hari perangai dia pun bertambah kejantanan. Ada anak jantan duk asyik dengar bapa dia puji kaka atau adik perempuan pandai dan lain,dia nak perhatian dan kasih sayang juga. Jadi tiru sikit2 perangai kaka atau adik dia, tanpa sedari ,jalan dah mula lenggang lengguk. Ada banyak punca tetapi sayang Institut Sosial Malaysia seperti Institut Keselamatan Jalanraya tak tahu macam mana nak selesaikan masalah lenggang lengguk di jalanraya!!!!

Yang semulajadi, Bagaimana?

Kena tanya pakar la!

Setiap orang ada tanggungjawab masing-masing . Guru tanggungjawab kepada anak muridnya. Doktor, ustaz, ahli psikoloji , ahli sosiologi dan yang lain berkaitan kena lah pertingkatkan usaha membantu golongan “Jantina Bermasalah”. Jangan duk asyik makan gaji buta, bahaya tu di akhirat kelak!!! InsyaAllah, sekiranya semua orang jalankan tanggungjawab sebaik mungkin, bertambah aman, makmur dan sejahtera negara kita .
