

THE TRAGEDY OF LIBYA

Chedet.co.cc

October 28, 2011

By Dr. Mahathir Mohamad

1. One is always shocked when someone one knows suffers a tragic end. Maybe for the enemies of Gaddafi, he deserves what he got. But that does not lessen my sadness over the manner of his demise.

2. As Prime Minister I met Gaddafi several times. He was always hospitable. Much of my time with him was spent in answering questions explaining about Malaysia. He seemed to want to learn about developing a country. I believe he wanted to do the same for Libya.

3. In his early years he had plans for improving the lives of the Libyans. He, it was, who initiated the irrigation of the fertile coastal areas through building the great artificial river. A Korean contractor undertook the job, building a huge pipeline to carry underground water from the distant interior to huge tank storage farms and then to irrigate the land.

4. I was much impressed by this project. Obviously he cared enough for his country and people to do this. But beyond that nothing much was done. Despite huge revenues from oil exports the country remained poorly developed. The people were relatively poor for a country with huge oil reserves.

5. The Western press reported about his alleged cruelty against his detractors and enemies. But I have always been leery of the Western press. According to them I am also a great dictator who imprisoned hundreds of my political enemies. I know this is not true. And so I discounted much of the western press reports about Gaddafi.

6. But he was certainly deficient in understanding the purpose of

Government. He had no real plan for developing his country and prospering his people. He did not travel much to see how the other countries were developing. But his house where my wife and I had lunch with him and his wife was no palace. It was not even luxurious.

7. Most of the time he was reclusive and after the western attempt to kill him, he feared for his life. He met visitors in a tent in a walled compound.

8. I do not know about the cruelties perpetrated by him or his people. During his retreat recently I did not read about his prisoners being liberated or mass graves of the victims of his cruelty. Maybe these will be discovered later.

9. In war cruelty is to be expected. In fact war legitimises cruelty, including killings. Still to see the cruelty, the killing inflicted on someone you know, shocks and saddens you.

10. I am saddened by the killing of Gaddafi. He should be arrested and tried for his crime. But I know that is not the way today. Osama bin Laden was also executed by the United States' soldiers. There are contracts made by "civilised democratic" Governments on several people as there were in the past I fear the fate of Gaddafi will befall others who fail to see the writing on the wall. The powerful, with vested interest in a regime change will ensure that this will happen. They have much to gain.

11. I hope and pray that Libya will get a good Government after this, headed by leaders who truly believe in good Government, who will be prepared to lose in clean elections which will not be manipulated.

Salam TUN,

The West's favourite pasttimes is, as sheriff of the world.

Their pasts are peppered with violences, The Wild Wild West and Civil Wars. Killing is a norm.

Their addiction to killings of human beings remain till today.

Now, the killing theatre is not in their homeland, but around the world.

As super power, the world has become their chess board.

Installing and dismantling sovereign countries by deceit to their whims and fancies in term of check and balance to stabilise the regions.

They even raped words like collateral damages and democracy to justify it means in false pretence to create wars.

Their addiction to oil as admitted by past President decided the fate of Libya.

This time around, the lead role is taken over by their buddies, they lay in wait coverting as planners.

Assalamualaikum

Dear Tun,

Alhamdulillah, I have been reading your blog for the last few years and I find your analysis and comments on the unfolding of events in the world interesting. In my opinion, you have contributed immensely not only to Malaysia, but also to Asean, OIC and other world organizations in which you were involved in. The Perdana Global Peace conference initiated by your goodself is a very good idea. Malaysians and the rest of the Muslim Ummah should support this movement. Tun, it's about time that we should call for one more conference to highlight what is happening in the Middle East. (maarji2020)

Assalamu'alaikum Tun,

mohon izin mengulas komen biadap ch lewd...ch lewd,sesuai dgn nama anda,anda sememangnya jenis kaum kurang-ajar yg tidak mengenal adat-susila dan cara untuk hidup di bumi Melayu yg bersopan ini.

if the Government here is stupid,..then is your CCCP government is the only one clever enough to your standard? if the Education Minister is stupid for promoting the usage of the language of the Land,then your Chairman Mao,your Brother Deng.your Comrade Wen are also equally stupid for promoting your mandarin language in your ancestral land,isnt'?

if you are not happy here,just pack up and go home.it's not our mistake that you are being born here.blamed your economic-refugee ancestors for that.they landed in our shores begging for sympathy.our sympathetic gestures have been stretched long enough in accomodating your unquenchable greeds,way beyond our famously known level of tolerance.

since you are not happy with our system,our cultures,our traditons and our Religion,just leave...nobody stopping you.in fact,it's a good riddance.

ch lewd,sorry.my english is not good enough to write long comment.but for your info,i have clear idea about you people.care to correct my grammar? or spelling maybe? but let me clarify with you,this Semenanjung Tanah Melayu is part of Nusantara and as long as i stay put in any part of it,i have no need to speak other than the Bahasa Melayu.

maaf Tun,sedikit terkasar bahasa.darah tersirap meluap-luap membaca komen-komen orang-orang asing ini.lama kita sudah bersabar tapi tidak sedikit pun mereka mahu sedar dari sifat-sifat bangsa mereka.mereka begitu racist dgn dasar supramacist bangsa mereka namun bijak membalikkan pula

menuduh kita perkauman sebagai cara membunuh jiwa patriotik Bumiputra.

terimakasih Tun

We find it hard to believe that a leader who comfort his people FIRST before his families wud be crazy to kill or maimed the people he cared for.. unless those killed were 'agents' of the West and a threat to the national security and the Gaddafi's visions/missions... ie. to 'free' Libya and Africa from Western imperialism and the creation of a United States of Africa with a common currency unit... the Gold Dinar!

Surely, the USA, the Jew pariahs and their Nato allies won't allow the gold dinar to replace their 'paper' currencies which may deemed 'useless' for international trades with the Africans and the Muslim world... in short, they will be made BANKRUPT!

So what better way to kill two birds with a stone... get those dumb

Libyans to do their dirty jobs!

...and sadly, there are D.U.M.Bs (Deranged Useless Mental Blockheads) in our midst who rejoiced the death of a man who visioned a free and united Africa and initiate of the gold based currency unit but are 'blinded' by the evils of the West which remain very much visible even in total darkness!

May Allah Swt bless the souls of Muammar Gaddafi and the Libyans (on both sides) who died in the uprising..

Mr. Mahathir, with heartfelt respect,

Our Muslim politicians want to rule forever but don't want to learn how to. Justice and wisdom and self-criticism haven't even touched them. They never educate their peoples to win self-sufficiency, prosperity, freedom, and height of self-respect. Finally they (Rulers) leave this world and worldly powers as rotten rulers and never come to unforgettable Leaders whom History always remember.

Dear Dr Mahathir,

Salaams

In Memoria Muammar

(the tragedy of libya)

I. Consuelo's Love Theme

(part one)

Consuelo's love theme begins

to the sounds of the heights

it is rainy days and mondays

and thoughts Mahathirs

Consuelo's love theme plays on sad and haunting

Let love sleep and do not stir up love

andante goes the guitar

the violin fingering invitation

a flugle horn blows center stage

it comes and softly then goes a voice

a breath exhaled away imitating the wind
playing on her mind an election to win
in a far country

Let love sleep and do not stir up love

For thoughts Marina

it is not the supremacist macho is enough azmi
and everything to be gained for Angela and Lalitha
as being male is different from hawa and eve
but to bare your fangs in public will remain
an indiscretion in need of incriminating proof
for the west is just as wonderful as the east

It is not the female loves her cubs
and all wolves smile the same

It is Tunisia – old Thrace
when Libya has lost a lovely face
it is the day of their angry reckoning
the hopes of all Arabs in the Awakening
Spring with a new beginning

It is not about winning an election

it is about justice and love
and peace for all generations
says she

Let love sleep and do not stir up love

II. Old Soldiers Never Die, Muammar

(the perfect death of the last of the desert samurai)

Of thoughts Mahathir: you have written the Tragedy of Libya with a sad heart; but even in sadness, we must be lucid in our thoughts and our actions. The tragedy if you must call it of the loss of Muammar is still up in the air, for I say the jury is still out. The wound is still fresh.

There are those who love him and there are those who wanted him dead when he was still alive. Muammar he knew that. Muammar is an old brave soldier, Muammar was a fighter to the end. He fought his battles to the last drop of his blood. He had wanted a brilliant death; he knew this could well happen: a shot to the head just like what they allowed to happen to Osama.

Indeed, Muammar's demise is a tragic end; but his passing is not yet to be deemed a tragedy of Libya. There is the surviving family of Muammar that now begs the dispensing of justice in post-Gaddafi Libya. There will be wounds to heal.

It can only be a tragedy this Tragedy of Libya – and all other countries – whose people have known you and looked up to you when they refused to believe that you can help make a great change to their lives when they know

that you are still very much alive. The tragedy is when they say they love you and respect you when the truth is they will not accept you into their homes and walk amongst them for they refuse to believe in their hearts that you are still able to show them how to bring up their nation and their countries more than any other Muslim can. The tragedy is when they say they love you but they do not know what love is really, Dr Mahathir.

Neither did they know Muammar nor do they know you; and yet they say they love Muammar and they love you. That is the tragedy. They hurt themselves and know not the cure; and yet they cried out: For the likes of Dr Mahathir!

Let love sleeps and do not stir up love
for love shall awaken when love pleases

It will be a tragedy when you allow a tragic end her tragic ways
for Muammar knew well that you would still be around
and Saif Al-Islam will still have us.

assalamualaikum wbt YBhg Tun. moga sentiasa sihat dan ceria bersama keluarga tercinta.

saya amat bersetuju dengan entri Tun kali ni.tentang Allahyarham Muammar Gaddafi.ini lah akibat terlalu mahukan pembaharuan dalam negara sehingga melibatkan campur tangan orang luar.blok barat telah berjaya memanipulasikan berita dan berjaya mempengaruhi minda rakyat Libya yang memberontak menentang arwah Gaddafi.

kita mungkin menerusi berita mengetahui beliau seorang diktator dan sebagainya.tapi sebaliknya banyak yang tidak kita ketahui semasa pentabirannya di Libya dan sumbangannya dalam membantu negara Islam terutamanya Palestin.

lagi satu,saya amat terperanjat dengan tindakan yang mengaibkan jenazah arwah dengan mengadakan pameran di sebuah pasar raya.ya.dia memang jahat bagi mereka tapi sebagai saudara sesama Islam.tiada belas kasihan betul.

Salam Tun and fellow bloggers,

1. The enemies of Islam had proven to us again that they rule the world – US and other western countries.

2. Remember when azizah announced to everybody 'tengok, orang putih pun ada..' she referred to mat salleh from western countries who came to listen to her

3. So, its not difficult for the enemies of Islam to do their jobs, because they have people who will start the trouble...just like the people of Libya (obviously those from the opposition group) who are eager to get rid of late Gaddafi. Pay them, give them weapons, back them with nato attacks, what else?

4. I supposed someone here will try to do the same thing..bring in the enemies of Islam to change the PM, so he will take over.

5. Why do you think Bersih was organized?

Salam Alikom Tun,

Dengan izin Tun I wish to refer to your blog of last month on 9/11.

The Arab Spring would certainly jolt the Perpetrators of 9/11. Bush B*****rd, Liar Blair, Dying Sharon and all their cronies have wasted too much money, sending their soldier's to heaven including outright lying in United Nation to finally kill Saddam Hussein. Military expenditures after 9/11 is still counting fast before any last foreign soldier leave Iraq.

We don't need Bush and Blair to lie to the world. All we need is just a policeman asking for a bribe from a poor trader in Tunisia to start a regime change in the Arab States. I am sure if Saddam is still alive he will be the next candidate to go.

The lesson learn from the Arab Spring is just too easy to understand....The Arabs must show similar unity in tackling the Jewish State!!

Meantime, can the neighboring army of Syria and Yemen provide assistance just like the quell in Bahrain? Enough is enough, Al Jazeera News should minimize or even stop their broadcasting news from Syria and Yemen, instead, put more focus on independent Palestine.

Thank You Tun for having this blog and be my PM.

With GST not only the foreign workers pay tax, Malaysians pay more

taxes. We should not only be paying so much and many type of taxes. Why GST when almost (90+%) of all things in Malaysia already kena high tax. Are we paying double taxation? Singapore have GST but a simply thing like apple and oranges is cheaper. Thailand have VST but their Japanese Rest. food is cheaper. Why ???

We common Malaysian have Petronas but we don't have the benefit of enjoying it as all the income channel into a few pockets only. Even Libyans enjoy a few good things from their oil income. Everything tax but where is the service to the tax payers? Why Govt need employ so many people to do so little things and best dare to say openly their are not capable and unsuitable and then engage a consultant or contractor to do the actual work . Salam,

Little is known about what Gaddafi had done for Libya. Not the same can be said for Malaysian leaders. Among them are:

1. There is no electricity bill in Libya; electricity is free for all its citizens.

2. There is no interest on loans, banks in Libya are state-owned and loans given to all its citizens at 0% interest by law.

3. A Home is considered a human right in Libya – Gaddafi vowed that his parents would not get a house until everyone in Libya had a home. Gaddafi's his wife and his mother are still living in a tent.

4. All newlyweds in Libya receive \$60,000 Dinar (US\$50,000) from the government to buy their first apartment so as to help start up the family.

5. Education and medical treatment are free in Libya.

6. Before Gaddafi only 25% of Libyans are literate. Today the figure is 83%.

7. Should Libyans want to take up farming, they would receive farming land, a farm house, equipment, seeds and livestock to kick- start their farms– all for free.

8. If Libyans cannot find the education or medical facilities they need in Libya, the government funds them to go abroad for it – not only free but they get US \$2,300/mth, accommodation and a car allowance.

9. In Libya, if a Libyan buys a car, the government subsidizes 50% of

the price.

10. The price of petrol in Libya is \$0.14 per liter.

I am not sure if it possible to give Gaddafi or Osama a fair trial when they fought back furiously with all they had.

There was a window period when Gaddafi were given a chance to surrender but of course one can argue it was a certain that he wld not accept surrender, thus, his execution without trial is expected.

If Gaddafi indeed is good to his people he shd attempt to fight through election instead of arms. Maybe he is used to getting his ways through force. On the other hand, maybe he fear that he wld be executed without a fair chance of election.

I am doubtful that Gaddafi is not spending luxuriously for his personal interest since you mentioned Libya people are poor. So where did all the oil money go if not for the people and he himself is not using it? Math is not working somewhere.

War is not good but Gaddafi seem to me is not without blame.

I wish people think fairly, neither favour the western world nor favour Islam unjustly. I see a great religion Islam to be not in need of unfair support. If people attempt to support Islam just because you are a muslim and neglect justification it wld only make us blind.

Say and comment with truth in your heart and uphold justice. If Islam is right truth shall prevail god willing.

It was a sad ending for Muammar Gaddafi. He was executed just like that.

Agak mengaibkan cara beliau diperlakukan di penghujung hayat beliau. Saya turut berasa sedih melihat beliau diperlakukan sedemikian rupa.

Thanks Tun.

Salam,

Sudah lama saya tak beri komen, sungguhpun boleh dikatakan sekurang2nya sekali seminggu saya baca blog Chedet. Tun, saya cadangkan Tun adakan semula blog dwibahasa(Melayu-Inggeris) agar dapat mengembalikan kegemilangan blog Chedet seperti pada awal dahulu. Kebanyakan yang sokong kerajaan BN adalah terdiri dari mereka yang menggunakan Bahasa Malaysia pekat. BN juga nak dapatkan undi dari golongan yang simpati kepada PAS. Dengan penerangan bertubi-tubi dari Tun dan para penyokong BN ,InsyaAllah dapat menarik sokongan dari kalangan Lebai-lebai PAS sendiri. Lebai-lebai PAS pun dah mula jemu dengan pemimpin depa, kerana bercakap berlebihan tapi kerja berkurangan.Tempat saya tinggal dah ada beberapa Lebai PAS dah mula jemu dengan tingkah laku pemimpin depa. Asyik duk hentam orang saja,lama-lama orang Melayu semakin sedar pemimpin PAS yang warak sebenarnya hanyalah sikit, yang bising lebih pula banyak.

****1. Allahyarham Ghadaffi"**

Saya pun sedih kenapa orang Libya sanggup lanyak Allahyarham Ghadaffi. Kata perjuangan Islam tetapi tak nampak cara menanganinya cara Islam.

Ghadaffi sebagai pemimpin memang sepatutnya menumpaskan pemberontakan sekumpulan rakyat yang tidak semestinya mewakili suara majoriti. Pemberontakan sekumpulan rakyat Libya itu yang bermula dengan satu isu kecil tetapi telah diperbesarkan dan dilaga2kan oleh golongan kafirun Barat disebalik naungan Bangsa-bangsa Bersatu.

Mungkin kesilapan Ghadaffi ialah beliau tidak memantau bagaimana asykar beliau bertindak terhadap rakyat jelata. Jadi rakyat naik angin dengan Ghadaffi. Sepatutnya Allahyarham mengambil tindakan terhadap

asykar yang telah menzalimi rakyat semasa pemberontakan.

Saya doakan Libya tidak jadi seperti Iraq padang jarak, padang terkukur.

Ingatlah zaman sekarang musuh Islam bukan sahaja yang berkeliaran berterbangan diudara melepaskan bom2 ke bumi tanpa belas kasihan tetapi juga dikalangan rakyat sendiri yang sanggup membelot kepada agama dan tanah airnya sendiri. Ramai yang bersedia jadi agen2 musuh demi kegilaan kepada pangkat dan harta benda duniawi. Kat Malaysia ada tak?

****2. Pesanan kepada Rakyat Malaysia******

Rakyat Malaysia harus ingat bahawa demonstrasi Pakatan Rakyat bukanlah mewakili suara majoriti rakyat Malaysia terutamanya dikalangan bumiputera. Suara Pakatan Rakyat bising saja lebih seperti suara2 komen sumbang sumbing dalam beberapa portal berita terkenal berbahasa Inggeris yang tidak mewakili suara majoriti rakyat Malaysia.

*****3. Kepada Tan Sri Muhyidin berkaitan pengajaran Sains dalam Bahasa Inggeris*****

Pasai apa Tan Sri kacau ibubapa? Biarlah ibubapa pilih yang mana yang terbaik untuk anak2 depa. Baru2 lah depa berseri2 sikit. Kalau ibubapa yang ada duit tentu depa hantar anak pi international school macam anak2 Tok Menteri, YB2, def2 dan lain2 lagi.

Kononya PIBG seluruh Malaysia kata ibubapa tak mahu guna Bahasa Inggeris dalam sains. Bila masa pula depa buat soal selidik kat sekolah anak saya? Mungkin anak saya kumpulan depa tak nak bagi surat PIBG kot.

Jangan lah duk dengar cerita ahli akademik yang kata orang jepun,

Korea, German, dan lain2 guna bahasa ibunda pun boleh maju. Depa nama saja ahli akademik tapi tak ada buat comparative analysis dari segi pelbagai sudut. Pelajar luar negara buat Phd di Jepun, Korea, German dan lain2 dalam Bahasa apa ye? Depa rujuk journal, buku dalam bahasa apa ye?

Bahasa Inggeris adalah bahasa Ilmu sekarang. Buat apa nak buang masa suruh budak2 Melayu yang malas2 baca buku itu cari bahan di perpustakaan atau internet dengan mencari translation daya itu force, pecutan itu acceleration, organisma itu adalah organism, metabolisma itu ialah metabolisme, kimia itu chemistry, ionik itu ialah ionic. Itu belum cerita ketidaksefahaman antara istilah IPTA dan Dewan Bahasa. Kerja buang masa!!!! Malaysia ini negara kecil, berikan tumpuan kepada yang mana yang perlu disegerakan dahulu!!! Beri tumpuan kenapa budak Melayu zaman dulu ramai yang bergraduat dari aliran Melayu tetapi di swasta, pegawai tinggi amat kurang golongan Melayu. Adakah Dasar pelajaran kita salah? Kenapa budak Melayu ramai cemerlang SPM tetapi di luar negara tak ramai yang cemerlang?? Kenapa budak Melayu ramai dapat bantuan kerajaan tetapi akhirnya ramai yang terpengaruh dengan anasir2 menghentam kerajaan???

Orang Malaysia cipta alat sendiri pun susah nak dapat sambutan kalangan rakyat sendiri. Buku2 Dewan Bahasa Pustaka dalam Bahasa Melayu dah seperti bukit tak ada siapa nak beli. Tolong bagitau siapa nak beli jika bahan internet dalam Bahasa Inggeris percuma bercambah2. Kecualilah Kementerian boleh suruh SKMM (MCMC) halang membaca dan download bahan bacaan Bahasa Inggeris. Dah la tu, buku2 Melayu banyak yang diterjemahkan dari Bahasa Inggeris. Ada nama pengarang tempatan tetapi isinya banyak yang cedukan bertubi2 dari beberapa buku Bahasa Inggeris. Pasai apa nak bagi ilmu "secondhand" kat anak2 kita?

Semua Pejuang-pejuang Bahasa terutamanya Pak2 Profesor di IPTA semua pakai kereta "Prooooooton"? Kata pejuang kebudayaan dan jatidiri tetapi suka budaya dan gaya Inggeris, kereta Eropah, Jepun, dan lain2 lagi. Rumah dihias secara kontemporari Eropah. Jangan marah ye. Usik sikit saja. Kalau banyak nanti pejuang Bahasa mula nak berbalas pantun.

Bagaimanapun tak dinafikan beberapa pejuang Bahasa memang Melayu sejati tetapi bilangannya sangat kecil.

Dulu Malaysia ada sekolah aliran Bahasa Inggeris, aliran Bahasa Melayu, Cina dan Tamil. Tak dak pun masalah perkauman. La ni anak-anak Cina ramai yang nak masuk aliran Cina. Kaji kenapa jadi begini, yang ini lebih baik!!!

Pejuang Bahasa kalau nak perjuang Bahasa ada banyak cara, pi join Perkasa paksa semua syarikat guna Bahasa Malaysia. Mintakan syarat Bahasa Malaysia diperketatkan untuk semua jawatan di kerajaan dan swasta untuk kenaikan pangkat dan juga pengambilan baharu. CEO hanya boleh bercakap Bahasa Malaysia. Profesor bila mesyuarat guna Bahasa Malaysia tau. Iklan2 tak boleh guna Bahasa Inggeris. Di pasar-pasar terutamanya di bandar2 besar seperti PJ dan Georgetown, Butterworth hanya boleh bercakap Bahasa Malaysia. Suruh semua majlis guna Bahasa Malaysia. Banyak sangat pasai apa hang pa kacau pelajaran anak2 sekolah pula????

Untuk mengelakkan masalah, wujudkan semula aliran Bahasa Inggeris. Siapa suka Bahasa Inggeris untuk Sains dan Matematik, biarlah itu pilihan ibubapa. Kalau siapa nak Bahasa Malaysia, biarlah dia pilih aliran Melayu.

Mohon maaf atas kesilapan dan kekasaran Bahasa.

Dear YTM Tun,

Why are you so close to leaders like Gadaffi, Omar Bashyid, Mugabe,

Idi Amin, Chavez and Castro?

These leaders are hated by their own people and only remain in power because of a powerful military and internal security apparatus.

Perhaps there is more commonalities than meet the eye. You can say what you want about the Western press but the truth is that it is objective, fact based and free. You can't expect the world to take seriously the glowing tributes paid to you from Utusan Melayu, The Star or Berita Hairan? After all, the West has paid countless tributes to Lee Kuan Yew even though he was a strongman type leader, much in your mould, but I think it's because he was a good leader for his nation

YAB Tun,

10. Comment by CH LiewOctober 20, 2011 at 9:38 am on "Those foreign workers should pay a small income tax too."

11. Foreign labors who came to Malaysia to work are short term labour supply on contractual basis based on demand of labor in a particular industry whom opted to return to their country homelands when they have finished the contract period.

12. Once the Federal Government has decided to implement 6% Government Sales Tax in the consumer and servicing industries, then these foreign labours are required to pay GST in order to enjoy what the consumers are enjoying in Malaysia.

13. For those who do not support this, contohnya, Tuntuah and his gangs, then, they are favoring what we called "Sui 13" (Against Rule # 13).

14. "Sui 13" means those who have had raped children under age below 13, and they will be sentenced for life in Common Court.

Salam TUN,

bagus juga Tun beri ulasan on isu Gaddafi kerana semacam ada

confusion kerana Gaddafi ini dikira banyak juga jasanya pada Libyan tetapi rakyatnya masih keluar memberontak? yang mengejutkan Gaddafi menyerang rakyatnya Libyan menggunakan jet pejuang kerajaan Libya. Manalah rakyat tak marah. Kalau di Malaysia, tidak pula kerajaan kita buat seperti itu, contohnya BERSIH dan HIMPUN semua layanan sama rata mengikut undang2 yang ada. Yang dapat saya simpulkan dari isu Libya ini, jika rakyat sentiasa dihimpit kemiskinan dan tiada ruang untuk membaiki kualiti hidup, walau sebaik mana pun pemimpin itu akhirnya akan dibuang rakyat juga. Juga jika tiada kerajaan yang stabil undang2 hutan yang akan bermaharajalela, jadi gaddafi ini dihukum rakyatnya sendiri tanpa sebarang process undang-undang. Selain itu, jenayah juga akan berleluasa seperti zaman komunis semasa peralihan kuasa di Malaya dulu, juga akibat tiada kerajaan yang stabil akan timbul banyak group2 "oppurtunist" yang lebih memburukkan keadaan. Saya juga berharap kerajaan kita dapat mengambil pengajaran untuk lebih berhati-hati melibatkan isu rakyat supaya dapat memahami aspirasi semasa dan memberi yang terbaik untuk rakyat. Juga dalam isu "pembaziran" yang melibatkan perbelanjaan kerajaan yang kini jadi isu hangat, pendapat saya pihak Perdana Menteri wajar menjalankan siasatan lanjut dan menghukum pihak-pihak yang terlibat mengikut lingkungan undang-undang yang ada. Jangan di biarkan menjadi barah sehingga tiada ubat lagi. Janganlah kerana nila setitik, maka seluruh jentera kerajaan diburukkan. Sebagai ketua kerajaan PM Najib dilihat sebagai seorang yang prihatin dan mesra rakyat, semoga PM Najib akan terus cekal melayan karenah pelbagai pihak dan memberi penyelesaian kepada segala macam masalah rakyat. Itu saja pendapat saya kali ini.

Terima Kasih Tun,

Terima kasih PM Najib,

Emma~~

Salam Tun,

It is sad to see him GO in this manner. Since they wanted him out for being a terrible leader, the NTC is no saint either. One would expect a proper trial be given to a man by a civilized government. But then again, sometimes liberty may lead to anarchy. Out of control, ineffective government. Iraq and Afghanistan are the case in point.

But, he stayed in power for far too long. Perhaps, no else during his time could have develop the country the way he did, but one should know when to step down and allow its people to "experience" change. "Thats before they force the change".

What is wrong with world? Can't the Govt of any countries run anything without being foolish?

The world is going forward and Malaysia is going backward and committing stupid things . The biggest stupid thing that happen in Malaysia is to teach students in BM. What good can it do for all, we don't need to learn BM as we are already using it everyday. Do we need to learn how to eat? Indonesia and Thailand realize the important of international language and they are doing changes for improvement but over-here we are changing too but backwards and into dark-ages just because some kampung people do not have the ability to study and teach in English. Our Govt think that a

few kampung people will can help the county? Don't you think that the Education Minister statement is stupid when he said that our Malaysian teachers are not good in English. Then they should not be teachers they should be pasar-malam traders. Why employ people that are not suitable for the profession and waste money.

Those people that are running the county is so lack of ideas that they create stupid ideas and statements. Hope PAS will not win the next election if not more stupid things will happen. They will BAN anything and everything except praying and making-love. Ha! ha!

Good morning YAB Tun,

1. Gaddafi was tortured and murdered by his Muslim detractors whom all his life he had tried to develop and protect.

2. To his detractors with least tolerance, he was considered an extreme dictator in their dictionary whom they preferred not to have mercy on him.

3. To those who known him, he was a man of honor whom was willing to die in battlefield, and he died peacefully without regrets.

4. Will Libya get good government with their own Muslim population under NTC?

5. I doubt so.

6. NTC was not able to get Gaddafi buried according to Islamic ritual, and his corpse was being exposed to the public, like an wild animal.

7. In a civilized common world, no matter how we hated a person, we shall never want to curse, spit and take photograph with of the hated person.

8. In a civilized Malaysia with general election in every 5 years, no matter what the detractors wanted to do onto BN, they will never succeed.

9. Government is minimizing subsidies gradually, and within 8 years from now, if we still cannot maintain and adjust our lifestyle, blame ourselves for not working smart.

YAB Tun@ Sungguh menghairankan bagaimana seorang dictator boleh bertahan sehingga 40 tahun memerintah sebuah negara yang kaya dengan sumber minyak dan akhirnya berakhir dalam masa begitu singkat melalui pemberontakan rakyat yang disokong oleh NATO. Kita tidak dapat berita yang sebenarnya berlaku di Libya kerana media dikawal oleh pihak Barat dan kita tidak tahu sejauh mana credibility Aljazeera sebagai media bebas.

2. Pengajaran dari kejatuhan Gadaffi harus dijadikan panduan kepada pemimpin- pemimpin di Malaysia supaya tidak menyalahgunakan kuasa. Tanggongjawab pemerintahan adalah untuk memerintah dengan telus dan sentiasa sensitive kepada kepentingan negara mengatasi kepentingan diri dan keluarga.

3. Kerajaan BN telah menunjukkan rekod pemerintahan yang baik untuk tempoh yang lama semenjak merdeka. Negara telah maju ke hadapan tetapi masih terdapat ruang untuk tambahbaik bagi kelemahan-kelemahan yang menyebabkan sokongan rakyat kepada BN berkurangan. Pentadbiran Najib harus sensitive kepada perkara-perkara yang dibenci oleh rakyat khususnya berkaitan nepotisma, rasuah dan penglibatan keluarga dalam pentadbiran. Inshallah sekiranya perkara ini dibenters, Kerajaan BN akan terus berkuasa untuk tempoh yang lebih lama.

4. Kebiasaannya mereka yang berada ditampok pemerintahan sentiasa berada dalam keadaan terlalu selesa sehingga tidak sensitive kepada perkembangan sekelilingnya. Mereka hanya ingin mendengar yang baik dan tidak suka ditegur atau tidak ada pihak yang berani membuat teguran kerana masing-masing ada kepentingan. Kejatuhan pentadbiran Abdullah Badawai adalah satu contoh dimana seperti pepatah Melayu harapkan sokong tetapi sokong bawah rebah. Pak Lah dikelilingi oleh penyokong-penyokong yang hanya membawa kemusnahan kepada pentadbirannya.

4. Najib sedang menghadapi cabaran hebat untuk pilihanraya ke 13. Saya yakin BN akan kembali berkuasa dengan majority yang lebih besar sekiranya Najib berani dan tegas membenters perkara-perkara yang sensitive dan dibenci rakyat. Kebanyakan pengundi sedar bahawa formula perkongsian kuasa BN adalah terbaik untuk kestabilan politik Negara oleh kerana BN disokong oleh komposisi parti politik yang mewakili semua kaum di negara ini. Semua pihak boleh tidur lena berkongsi satu bantal dibawah

BN kerana masing-masing mempunyai impian yang sama untuk masa depan Negara. Berbeda dengan komposisi dalam Pakatan Rakyat, muafakat mereka hanya bersifat sementara kerana masing-masing mempunyai impian yang berlainan.

5. Didoakan semoga Najib dapat meneruskan kesinambungan sebuah pemerintahan yang baik demi masa depan Negara,

Iklas,

rahim

Salam,

Little is known about what Gaddafi had done for Libya. Not the same can be said for Malaysian leaders. Among them are:

1. There is no electricity bill in Libya; electricity is free for all its citizens.

2. There is no interest on loans, banks in Libya are state-owned and loans given

to all its citizens at 0% interest by law.

3. A Home is considered a human right in Libya – Gaddafi vowed that his parents would not get a house until everyone in Libya had a home. Gaddafi's his wife and his mother are still living in a tent.

4. All newlyweds in Libya receive \$60,000 Dinar (US\$50,000) from the government to buy their first apartment so as to help start up the family.

5. Education and medical treatment are free in Libya. 6. Before Gaddafi only 25%

of Libyans are literate. Today the figure is 83%.

7. Should Libyans want to take up farming, they would receive farming land, a farm house, equipment, seeds and livestock to kick- start their farms- all for free.

8. If Libyans cannot find the education or medical facilities they need in Libya,

the government funds them to go abroad for it – not only free but they get US

\$2,300/mth, accommodation and a car allowance.

9. In Libya, if a Libyan buys a car, the government subsidizes 50% of the price.

10. The price of petrol in Libya is \$0.14 per liter.

11. Libya has no external debt and its reserves amount to \$150 billion – now frozen globally.

12. If a Libyan is unable to get employment upon graduation, the state would pay the average salary of the profession as if he or she is employed until employment is found.

13. A portion of Libyan oil sale is, credited directly to the bank accounts of all Libyan citizens.

14. A mother who gives birth to a child receives US \$5 ,000

15. 40 loaves of bread in Libya costs \$0.15

16. 25% of Libyans have a university degree

17. Gaddafi carried out the world's largest irrigation project, known as the Great Man-Made River project, to make water readily available throughout the desert country.

Salam Tun,

6. But he was certainly deficient in understanding the purpose of Government. He had no real plan for developing his country and prospering his people. He did not travel much to see how the other countries were developing. But his house where my wife and I had lunch with him and his wife was no palace. It was not even luxurious.

This is one aspect of dictatorship without constraint. It eludes the real

purpose of having power.

There is another, which is that if the people or society does not understand the government's role, then no matter how good that government is, it will also not bring benefit, and in fact can lead also to tragedy.

We can only do our best in life. What happened to Gaddafi is a tragedy for mankind. It makes one ashamed to be of the human species. I agree he should be taken alive and put on trial, and not be killed in this manner, not even in a war.

This is what happens when people believe in imposing their values. We have no choice really, but to exercise maximum restraint, but when limits are exceeded, madness will rule. There must be plenty of unhappy people in Libya, with no one listening to them, for this to have happened.

Thank You Tun

Dear Tun,

I am too saddened by the passing of Muammar Gaddafi. As English idioms says what goes around, come around, maybe the fate that was befell to Mr. Gaddafi served as punishment to his misdeed during his reign, Wallahhulalam.

His greatest mistake is, staying too long. For over 42 years, there's nothing much he bring to his people and country. When people getting fed-up, they will find ways and means to rebel. Unfortunately, Gaddafi decided to fight fire with fire, not by fight fire with water. The end result was, catastrophe, end-up with the killing of Gaddafi.

I am truly agree with you, that Gaddafi should be sent to trial, a democratic way of accusing person. Ironically, the people who are seeking the democracy, chose undemocratic way to serve their purpose. The future remain bleak for Libyan although their worst enemy has died.

satu demi satu Pemimpin Umat Islam dijatuhkan,kesalahan mereka diperbesar-besarkan,digembar-gemburkan secara besar-besaran melalui media-media Barat dan disokong serta di gemakan pula sokongan itu oleh

kaum opportunist yg melihat permusuhan antara Islam dgn Barat sebagai semacam periuk-nasi,pintu rezeki bagi mereka.

saya bercakap tentang Singapura,yg kaum majoriti nya begitu takjub mempamirkan kekaguman mereka diatas ketinggian peradaban moral Amerika Syarikat dan Perikatan Barat dalam menjuarai Hak Asasi Manusia yg tertindas khusus nya di Negara-negara Islam.

Saddam di gantung,Osama di buang ke laut dan Gaddafi di tembak mati.media dan akhbar di Singapura menyiarkan apa yg mereka sebut sebagai 'analisa-analisa akademik' dan 'berkecuali' yg menjunjung tinggi dan menyokong penuh segala tindak-tanduk Perikatan Barat terhadap Umat Islam.

Gaddafi,Osama dan Saddam sudah tiada.Umat Islam sedang tewas.namun Amerika,Britain dan Israil bukan lah pemenang sebenar.yg sedang menang adalah Iblis dan setan-setan kecil nya yg sedang bertakhta di seluruh Nusantara,menjarah hasil bumi Umat Islam tanpa perlu berperang.

dgn hanya menyokong dan menumpang kejayaan Perikatan Barat,sejak tahun 60an segala kekayaan Nusantara mengalir dan terus mengalir deras,tanpa henti,ke Singapura tanpa ada sesiapa yg berani bersoal-jawap tentang nya.bangsa yg licik ini lah pemenang sebenar dalam permusuhan antara Islam dgn Kafir.

sebagai umat Islam,kita tidak pandai dalam hal merancang strategi.soal 'rancang-merancang' biasa nya kita serahkan kpd Keadilan dan Kebijaksanaan Tuhan.Qada' dan Qadar adalah sebagian dari bagian terpenting Iman kita.namun kita wajib sedar akan ada nya perancangan jahat musuh-musuh Islam terhadap kita.

Umat Islam di Timur Tengah memang ada masalah.untung nya mereka tahu dan melihat masalah mereka.kita pula Umat Islam di Nusantara ini,kita tak tahu kita bermasalah.kita peluk `masalah' kita,bawa masuk bawah selimut dan kita gemakan sekuat tenaga slogan "Satu Malaysia,Satu Selimut" padahal dibawah selimut yg sama,kedaulatan kita sebagai sebuah bangsa merdeka,harga-diri kita sebagai orang melayu,dipijak-pijak dalam senyuman,diperkotak-katikkan terang-terangan.

kekayaan dan hasil-bumi kita secara terus-menerus di salurkan untuk mengayakan dan menguatkan lagi kedudukan bangsa asing yg bertakhta di Singapura.padaahal itupun sebagian dari pulau kita juga.

Tun,nasib Gaddafi tidak sesedih nasib sebagian dari bumiputra Singapura yg terpaksa berkemah dilaut sebab rumah nya terpaksa dijual kerana tak mampu melunas ansuran.tragedi Saddam tidak se-pilu tragedi anak-anak Melayu yg di tolak ke kancah penagihan dadah dan jenayah oleh tangan-tangan ghaib yg tak kelihatan.

harap-harap Tun sudi lah buat tinjauan akan nasib Umat Islam dan Bangsa Bumiputra Singapura.sebab punca kemelaratan,kemunduran dan kerendahan martabat mereka adalah kerana Perdana Menteri Malaysia juga.

kalah Tunku tidak bermurah hati memberi kerakyatan kpd orang-orang asing,....

terimakasih Tun

because of oil a lot of people were killed.

because of oil we have seen so many wars.

so which country next?

1. in libya case. libyans are stupid. asking for democracy and now what you get?

2. UK at the moment penniless, going for bankrupt, took this opportunity " to help" the libyan. now libyan have to pay the fees of nearly 2billion pound sterling just to get rid of gaddafi.

3. US will be next. definitely more than the british becoz the british a bit conservative in claims.

4. Sure italy and other european countries also busy to submit theirs.

5. so what the libyan will get? hutang. all the oil now belong to US, british and others.

6. the libyans are still poorer as before.

7.so what democracy they are talking about now?

8. are you sure this democracy that you asked will make u happy?

9. if this democracy makes you happy, and why still we have people like you making hell of noise because of dissatisfaction?

10. how you rule your family? democratic way? hahaha. not a chance.

11. generally you are all tipu diri n hipokrit.

12. what a crap.
