Saya dan isteri mengucapkan Selamat Menyambut Hari Raya Aidiladha kepada semua rakyat Malaysia, khususnya kepada jemaah Haji kita di Tanah Suci, semoga mendapat Haji yang Mabruk dan selamat kembali ke tanah air. Selamat Hari Raya Aidiladha

1. Asean businessmen wants to know about the European Union and the Eurozone and the financial crisis plaguing them.
2. For this they invited Tony Blair – the failed Prime Minister of Britain. Blair is the least educated about Europe and its management.
3. What he did as PM of the United Kingdom was to trot at the heels of President Bush. When Bush lied, he came up with an even more amazing lie. He claimed that Iraq could attack Britain with missiles etc within 45-minutes, using weapons of mass destruction which he declared Iraq had.
4. To prevent this attack Britain must, together with the United States, attack Iraq in a pre-emptive war.
5. Then after occupying Iraq and searching for weapons of mass destruction, none were discovered.
6. Unfazed Blair declared that the attack on Iraq was to remove “dictator” Saddam Hussein.
7. After he was removed as PM, the British set up a Commission to go into the misdeeds of Blair. The British regarded Blair as the worst PM of Britain. They made it clear he was a liar. His lies resulted in British soldiers being

killed and wounded. (That a hundred thousand plus of innocent Iraqis were also killed is of course acceptable).

8. This liar is apparently looked upon by Asean businessmen as a sage, as a man whose words must be listened to in order to understand the problems faced by the EU.

9. The only thing they can learn from the liar Blair is how to lie. This man is guilty of war crimes, of mass murder. He should be tried and punished. And businessmen should not learn how to lie.

Good morning YAB Tun,

From MIQK's comment, I Google Wikipedia in Bahasa Malaysia, the definition of Surah Al-Humazah Daripada Wikipedia, ensiklopedia bebas.

Surah Al-Humazah (سورة الهمزة) adalah surat ke-104 dalam Al Quran. Surat ini terdiri atas 9 ayat dan tergolong pada surah makiyyah. Kata Al Humazah bererti pengumpat dan diambil dari ayat pertama surat ini.

Isi kandugan surah ini adalah ancaman Allah terhadap orang-orang yang suka mencela orang lain, suka mengumpat dan suka mengumpulkan harta tetapi tidak

menafkahkan di jalan Allah.

[sunting]Terjemahan ayat

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ: Dengan nama Allah Yang Maha Pemurah lagi Maha Penyayang.

وَيْلٌ لِّكُلِّ هُمَزَةٍ لُّمَزَةٍ Kecelakaanlah bagi setiap pengumpat lagi pencela,

الَّذِي جَمَعَ مَالًا وَعَدَّدَهُ الذي mengumpulkan harta dan menghitung-hitung,

يَحْسَبُ أَنَّ مَالَهُ أَخْلَدَهُ dia mengira bahawa hartanya itu dapat mengekalkannya,

كَلَّا لَيُنْبَذَنَّ فِي الْحُطَمَةِ sekali-kali tidak! Sesungguhnya dia benar-benar akan dilemparkan ke dalam Huthamah

وَمَا أَدْرَاكَ مَا الْحُطَمَةُ Dan tahukah kamu apa Huthamah itu?

نَارُ اللَّهِ الْمَوْقَدَةُ (iaitu) api (yang disediakan) Allah yang dinyalakan,

الَّتِي تَطَّلِعُ عَلَى الْأَفْئِدَةِ yang (membakar) sampai ke hati.

إِنَّهَا عَلَيْهِمْ مُّوَصَدَةٌ Sesungguhnya api itu ditutup rapat atas mereka,

فِي عَمَدٍ مُمَدَّدَةٍ (sedang mereka itu) diikat pada tiang-tiang yang panjang.

Thank you MIQK for leading me in understanding Islam more which is similar to what we are learning daily in our life to breakthrough the superstitious wall between religions.

Good day, YAB Tun.

Tony Blair is definitely a MUPPET!

I think the reason of him being invited is because of his lowest charge and the fact that Asean businessmen are looking for cost down...

Salam Bahagia Tun,

I guess Malaysians and like many in these region whose country was once colonised by the British, still looks amicably at the English as their “master”. They love anything about British. Probably that’s why too many Malaysians of all races will flock to the land of cold and damp just to be with their “master”.

They are facinated by the purity of the spoken english, and the much gentlemen style and characteristics of an English men, that somehow goes overboard and turned into an awe-struck trance.

Some seminar goes there to listen to the man that committed his country to a war. A man that is so powerful that thousands of the country’s armies are in deserts thousands of kilometers away within weeks.

They are curious to learn how he become so powerful, and wanted some of the tricks he has which the listeners hope to be able to adopt into their business practices.

Some went to be with the “elite crowd”. They reckon by attending such talks, they set themselves apart from the rest of the commoners who still ‘playing in the sand box’ of local political scene.

Tun,

I am sure till today, if you ever held any talks about Malaysia and what’s it supposed to be and what’s not now, I am sure thousands will throng the hall.

We wanted to know what great mind that you have and what wisdom that you could impart to the current government of the day. We wanted to know your 'wawasan' about Malaysia by teaching Science and Maths in english.

We wanted to know what set you apart from the present premier and his cohorts who seems to be not able to visualize a modern, progressive and competitive Malaysia in the future.

Tun,

Walaupun Tun dah bersara, tetapi pendapat and prihatin Tun kepada negara, bangsa, and agama masih cekal and tajam.

Kenapa generasi pemerintah sekarang masih lagi meraba-raba akan apa yang perlu dibuat untuk negara dan apa yang perlu dilakukan untuk menjamin masa-depan negara yang lebih berdaya maju?

Tun,

Saya harap mereka ini membaca komen-komen disini dan sedari akan kesilapan mereka dan mengubah untuk negara dan bukan untuk kepentingan diri sendiri atau pun untuk segelintir "puppet master" disebalik tabir.

Salam Bahagia Tun.

Good morning YAB Tun,

1. The Star online reported the following on the decision of PPSMI made by TS Myuhiddin in the capacity as Deputy Prime Minister (not as MOE Minister?):-

Published: Friday November 4, 2011 MYT 4:57:00 PM

Updated: Friday November 4, 2011 MYT 7:41:43 PM

PPSMI to continue for students already in it: DPM

By KAREN CHAPMAN AND M PRIYA

PUTRAJAYA: Those already in the PPSMI system will be allowed to continue learning Maths and Science in English until they complete their studies in Form 5, Deputy Prime Minister Tan Sri Muhyiddin Yassin said.

He said this when announcing the soft landing approach to the shift away from PPSMI (Teaching of Science and Maths in English).

Below are highlights of his announcement:

> All Year 2 to Form 5 students who do their Maths and Science in English this year will be allowed to finish their studies in those subjects in English.

> Next year's national school students of Year 3 to Year 6 would be allowed to continue their studies in both subjects in English, Bahasa Malaysia or both.

> Those who have been studying those subjects in Bahasa Malaysia, or both languages, would be allowed to continue studying entirely in Bahasa Malaysia.

> Teaching and learning of both subjects will be done entirely in Bahasa Malaysia in 2016 for primary schools.

> For secondary schools both subjects would be taught fully in Bahasa Malaysia

in 2021.

2. Both TS Myuhiddin (UMNO) and YB Wee (MCA) dare not implement the ban of PPSMI immediately.

3. TS Myuhiddhin is wearing Baju Melayu representing kaum Melayu only as MOE Minister under FEDERAL GOVERNMENT?

4 If he is not, then why is he wearing Baju Melayu as MOE Minister by inviting inviting PKR Melayu, PAS Muslims and DAP Cina to go against him, personally?

5. In the past, MCA is used to tell us that MCA will fight for more rights for Chinese community by making us look like 2nd class citizens similar to the level of foreign labors in Malaysia.

6. MOE has made a mistake in changing Bahasa Malaysia into Bahasa Melayu.

7. In Malaysia, schools are categorized as Jenis Kebangsaan, Jenis Cina, Jenis Tamil dan Jenis Agama under MOE syllabus.

8. There is not even one school categorized as Jenis Melayu, why Bahasa Melayu di perkasakan, not Bahasa Malaysia?

9. People and MPs also can have the constitutional right to agree to disagree the ban of PPSMI, just like DAP agrees to disagree to PAS Muslim Hukum Hudud .

10. Is KERAJAAN PERSEKUTUAN represents Malays only including Sabah and Sarawak?

11. If students are good in technological courses, teachers teaches PPSMI in any languages will not affect them if they like Science and Mathematics.

12. If BN Federal Government is only interested to look at the Malays' votes only, then they are no different from PKR, DAP and PAS.

13. Will PM Najib dare to take up this challenge to over-rule MOE by sacrificing his political chance to be the 6th PM?

14. The 6th PM must remember that it is the rakyat votes that will give him the PM mandate to lead, in developed country.

15. YAB Tun, MOE does not have to go for referendum for PPSMI to "jimatkan duit rakyat" since GE 13 is around the corner.

16. The result of the banning of PPSMI will be reflected in GE13.

17. Both BN and PR said that they work for the rakyat.

18. From what I read, political parties' leaders are more interested to work for themselves 1st whether they Malaysian or Malaysian 1st.

19. Whether the country could be bankrupted in 8 years time, it is none of their businesses and political agenda.

Good day, YAB Tun.

Mudah2an Tun and family di berkati Allah S W selalu. Saya sungguh bangga sebagai orang Muslim dan lebih berbangga lagi sebagai orang Melayu kerana Tun made me feel so.

Anyway, I just want to share with Malaysia Malays yang memberontak dan tak sedarkan diri hendak menjatuhkan Kerajaan UMNO dan yang selalu memuji negeri Singapura yang kononnya maju....yang sebenarnya sekarang ini orang cina dan india Singapura sekarang sendiri merasakan yang diri mereka di diskriminasi oleh pendatang asing (China Chinese, India Indians, Filipinos dan Msian Chinese). Orang Singapura kini telah diketepikan(Melayu Singapura dari dulu dah kena). Sekarang pendatang Asing get all the good jobs at the expense of locals. Harga rumah, kereta, etc etc semua has become unaffordable. Tak percaya log into website sg politics or The Online Citizen. Saya harap Tun, Melayu Intellektuals and Malaysian Malays in general bersatu padu untuk mempertahankan hak dan Martabat Melayu Islam Malaysia. Jangan terpedaya dengan hasutan orang kafir. Dtan,

Could you enlighten us on why you always sign off with 'peace be with you in Jesus name'? What is it that you are trying to prove? You seem to condone the criminal acts of western leaders and using Jesus's name to legitimize your perverted views. I find this disgusting. What kind of a Christian are you? Jesus would never allow us to kill one another for whatever reasons. He has always asked us to love. But from your post... I only see your hatred of Muslims. You think that you're fighting for the cause of all Christians? You're wrong. Bush, Blair.... they are not Christians... they are satanists. It's a fact. So please, stop using Jesus's name.

Dear YTM Tun,

Interesting you chose to write about this because I had a conversation with my mate (an ex Lehman guy) about this situation. I did explain how it was important for a country to be able to grow its way out of an economic slump through credit creation and how that was the approach you took during the Asian Financial Crisis. So perhaps you should be lecturing the Greeks on what they need to do i.e. set up capital controls, gain control of monetary policy, etc.

Unfortunately, the world will not have you recognized as an expert. Even though you mention that because of Jews and what have you (that's the level of thinking your supporters have), another reason was that your actions over the last several years really destroyed your brand by your racism, which amounted to a level equivalent of Apartheid South Africa. This turned off a lot of your non Malay supporters who previously held you in positive light but now see you in the most negative light ever. They will not even see anything you do in a positive manner and will treat everything you have done in a negative manner.

I would categorize myself firmly in anti Dr Mahathir category. But I will recognize the smartness of some of the actions you made because I do not need to demonize you to dislike you. I can dislike you equally as much as I would have recognizing your pros and your cons, because even though you have some pros, the way how you handled the economic crisis being one example, the cons you have done is just far far far worse.

Unfortunately, your Perkasa and traditional Malay supporters aren't able to comprehend the larger more innovative things you did, and can only see you in the light of being a so called defender of Malay rights and Ketuanan Melayu. Furthermore, what you want is really the white man to recognize you as the brilliant leader you consider yourself to be and your not really all that thrilled if the regular pencacai call you with all those honorifics because their support is of little quality. Since then, you are not recognized as an expert on economic matters and people have to turn to Tony Blair to seek advice.

I think its a Greek tragedy to me, but perhaps you know it yourself.

Hi Tun Dr Mahathir,

I have admired all your policies and decision, be it political or apolitical in the eyes of the rakyat.

But one thing for sure, they were all made with great sense, whether people like it or not. Anybody can analyse each and every of your policies, decisions or remarks.... they are all based on sense. For which the rakyat has and will always have a special respect for you forever.

However, I have yet to understand your decision to bow down or keep mum on

the reversal of PPSMI which was started by you.

I have yet to see the sense of reasoning to bow down to this reversal. Its very unlike the Tun we all know.

Really looking forward to your frank comments on this matter.

Thank you and best regards Tun,

Salam Tun.

[[dtan

You've gone out of your way to portray Bush and Blair as liars.

The facts about Saddam are undisputed]]

Tun is right. Bush and Blair is liars. What is the fact that you are oblivious about Benjamin Netanyahu?.. That he is

- 1) Not so true in telling lies?
- 2) Disputedly telling lies?
- 3) In my belief he never tell lies?
- 4) What the heck of people opinion about my opinion?...:)

Israel did not "invaded" other countries. They just simply claiming it back as the rightful owner.

Israel never used chemical weapons against their "enemy".

Never did anything "inhumanly against Palestinian"

[[Of Course, its OK for Muslims (Sunni) to murder other Muslims (Shiite) or visa-versa. The Arab Spring is proof of that]]

No..Nope..That is because I..dtan says so...There!!

[[Perhaps the West should wall-up the middle-east]]

They did..in a way..And you turned blind eyes towards Palestinian..Gazan to be specific..

[[A Hundred Thousand plus of Innocent Kurds, Iraqis, Iranians and Kuwaiti's died during Saddams reign. That somehow is more moral than the US involvement in Iraq]]

Excuse me.This Saddams reign happened where? Texas? Morality of your story??

[[Are American Soldiers killing Iraqis on purpose or is it because of Blood Thirsty sectarian violence caused by your Brethren?]]

And I must intervenes to fulfill the role of the "World Police".Hey you..What will the world be without us?..And I mean US..

[[They seem to be behaving the same way in Pakistan, Southern Thailand, Jammu and Kashmir, Philipines etc, etc, etc]]

Aha..Now your true colour shows..It is about your hatred against muslims....:)

[[The Sage (Blair) seems to have more respect in South East Asia than the West seems to think of you.]]

Too true.Because the west is the dominion of kafirian?..Er I mean Christianist??

[[You seem to be garnering much more infamous titles as an Anti-Semite, Anti-West and Pro-Jihadist supporter of Gaza]]

And dtan...your titles will be..

[[Peace Be With You in Jesus Name]]

Who is Jesus?..How come he comes into this picture??..:)

1. Blair & Bush are the white man. what you can do?
2. as usual, we cannot brand the westerners as a racist. it is wrong. but we can be blamed as racist. if you dont believed me, ask TUN, the ultra malay.
3. Just boycott them. period.

Other issue.

Universities ACT.

- 1.Damn to those people who like to demolish this UUCA. I like KJ but sometimes

his brain got worm and been bugged.

2. Malaysian graduated student these days are lazy, stupid and use less of their brain to think.

3. why? because they have been spoon fed during the uni days.

4. now you want them to have access to politics? What a mistake.

5. Student first obligation is to study. However they are not fulfill this obligation yet. now you ask them to involve in politics? you must be mad!

6. i have debated this for so many times. the results were, you student just being a student and finish your studies. dont involve in politics. Your subjects is more difficult to pass than the politics.

7. my argument on this because, the family spent so much monies to make sure that this student get a good result and graduated on time. so this student can help the burden of the family by helping them to get out from "poverty" that haunted them for so long.

8. If this student busy involve in politics, it is sad becoz the chances of this student to graduate on time, i can say 20% or none. so the family will suffer more...

9. If you say i am wrong, you can check with the uni on how many students have failed, didnt get 1st class honours eventhough they are yet involve in politics?

10. What the government should do is to reduce number of days that they need to go to classes. limit to 3 of 4 days a week. and encourage them to go for a part time work if they are lazy to studies. hence it will reduce the government burden to provide educational loans.

11. further more this student could learn / experience the working live which is hard, tension and tired. in other word – kerja teruk but less pay. so they will know that by passing with a good grade they will not suffer.

12. we no longer require mat bangla since the service industries can take this student as their part timer and filling the gaps of shortage of staff.

13. Oh ya.. you will say this will not work but why oversea graduates can manage that and they are more brilliant than others?

14. for me, who are supportting UUCA to be demolished, they are rich enough and no longer require subsidies from the government. like HBT, do not mind to pay GST

of 6%.

15. Talking about that, HBT, you got BMW which i also have BMW. but yours from Bavaria Motor Works and mines Buatan Malaysia Waja. thats why i hate to pay another 6% of tax.

Tun,

Your angst against Tony Blair is unbecoming of the pedestal your followers have put you on as a Statesman.

Are your attacks objective or personal?

Granted that the issue of WMD claims were disproven. You've gone out of your way to portray Bush and Blair as liars. The facts about Saddam are undisputed.

He invaded other countries. Iran, Kuwait and Saudi.

He used chemicals weapons against his people and inhumanly against Iranians. Of Course, its OK for Muslims (Sunni) to murder other Muslims (Shiite) or visa-verse. The Arab Spring is proof of that. As you also mourn for Gaddafi. This very well proves your biasness towards your own Brethren. What can be said Tun. Perhaps the West should wall-up the middle-east and let Muslims continue to purge each other, while your followers continue to blame the West for all your problems

A Hundred Thousand plus of Innocent Kurds, Iraqis, Iranians and Kuwaiti's died during Saddams reign. That somehow is more moral than the US involvement in Iraq. Are American Soldiers killing Iraqis on purpose or is it because of Blood Thirsty sectarian violence caused by your Brethren? They seem to be behaving the same way in Pakistan, Southern Thailand, Jammu and Kashmir, Philipines etc, etc, etc

The Sage (Blair) seems to have more respect in South East Asia than the West seems to think of you. You seem to be garnering much more infamous titles as an Anti-Semite, Anti-West and Pro-Jihadist supporter of Gaza

Peace Be With You in Jesus Name

Salam Tun and fellow bloggers,

I'm surprised too, cos this is not the first time some people of Malaysia invited that liar...unless of course, there are changes going on, that these people and people like them are actually a bunch of garbage who rose to the top due to their lies, cheating, lying, manipulating, etc. Like birds of a feather..my god, and they're in charge of our affairs.

Mr. Mahathir, the smiling Loin!

For the West, honesty is nothing but the best policy. If it doesn't suit they give away. For us, honesty is moral & religious value. Similarly, lie or the truth are dealt with as policy by the Western power hungers and sometimes they tell half truth which is more deadly than lie. Thanks

Good evening YAB Tun,

1. Blair came here as invited speaker not representing UK Government.
2. To them, what Blair did is not important.
3. What is important to them is the UK Prime Minister post and what made EU landed in this crisis.
4. Furthermore, no respectable PM in the world can be invited to speak in business seminars in Malaysia.
5. Blair has committed the same mistake similar to Bush.
6. It's not fair if we push all the blame onto Blair.
7. In civilized world, no one is found guilty unless he is proven guilty in the high court.
8. Blair is luckier than Saddam and Gadaffi because his people have chosen to let go and forget what he did.
9. Today, the only thing that Blair can share with us is his experiences and know how, and I am sure he would tell us what lead him made that mistake.

10. If I am aware of his seminar, I may pay a fee to listen to what he has for us if I find him relevant to my career.

11. EU is not what I am looking into, hence, I will not attend even if it's free of charge.

12. Did he lie?

13. If Blair lied, then the labor party machinery is guilty of lying too.

14. In Malaysia, majority of the MPs support huge education funding, not huge military funding.

15. In Malaysia, Muslims are taught to "Jom Solat Fardu 5 Waktu Berjemaah", hence, they will never get themselves engage in wars.

16. In Malaysia, non-Muslim parents will never allow their children to join army to fight for wars.

Goodnight, YAB Tun

Dear Tun,

It is obvious that some businessmen in Malaysia are learning from Tony Blair. But the government of Malaysia did consult industry players (including these businessmen) in drafting the Economic Transformation Plan. The government should be careful with ideas and suggestions forwarded by them. We need government officers who are able to think and analyze.*

* Some corrections made.

Assalamu'alaikum Tun,

Tun..., Blair dan Bush yg membunuh Umat Islam di Iraq dan Afghanistan dan campurtangan mereka mencetus kekacauan di Negara-negara Islam lain seperti di Libya, Syria dan Pakistan. tetapi Tun, itu bukan lah perkara yg terburuk. yg lebih buruk, jauh lebih teruk dari Bush, Blair dan Beruk adalah kaum opportunist penyokong-penyokong Blair dan Bush yg bertaburan di seluruh Nusantara kita ini.

kaum yg suatu ketika dulu hanyalah pelarian ekonomi atau hamba-abdi yg di bawa British, kini merupakan penyokong kuat apa-apa pun polisi sesiapa saja pemimpin yg menentang Islam dan Umat Islam.

permusuhan terhadap Islam tidak terbatas di Amerika saja. dan mangsa nya bukan setakat di Timur Tengah saja. malah di rantau kita ini, kalau mahu di teropong betul-betul, Bangsa Melayu, dari segi ekonomi, adalah mangsa yg lebih teruk rugi. lebih 70% kekayaan rantau ini dikuasai oleh kaum pendatang.

namun adakah sesiapa dikalangan kita yg bertanya bagaimana ini boleh terjadi? bagaimana kaum pelarian ekonomi boleh menguasai sebagian besar kekayaan bumi kita?

Tun, senjata kaum pendatang iaitu mencuri-menjarah, merasuah dan menipu-helah adalah jauh lebih efektif dari segala macam peralatan perang tercanggih

Perikatan Barat.

senjata Perikatan Barat melahirkan ratusan ribu Syuhada di Timur Tengah.ada juga sudut positif nya.namun senjata kaum pendatang yg mencuri-menjarah,merasuah dan menipu-helah hanya melahirkan pemimpin-pemimpin dayus yg makan rasuah dan bangsa yg lemah dikalangan Bumiputra Nusantara ini.

kita perlukan revolusi pemikiran ala-Arab Spring.bukan untuk menjatuhkan Kerajaan.sebalik nya untuk menguatkan Pemimpin-pemimpin kita agar tidak ragu-ragu akan sokongan padu Orang Melayu.agar Pemimpin-pemimpin Bangsa kita menjadi berani bertindak,tidak terikat dgn perhitungan politik yg merugikan Bangsa nya.

kaum pelarian ekonomi yg kita beri terlalu banyak muka ini sejak dulu lagi sudah mempamirkan dgn jelas kpd kita bahwa antara kita dgn mereka adalah musuh yg nyata.dan mereka tiada segan-silu menumpang kejayaan Perikatan Barat membendung kebangkitan Islam dan mengambil peluang menggigit tangan-tangan kita yg pernah memberi mereka makan sejak beberapa keturunan.

anjing tersepit yg kita beri makan ini adalah jauh lebih buruk dari Bush,Blair dan Beruk terkutuk. mereka adalah ancaman terhadap penakatan kita sebagai sebuah bangsa berdaulat di bumi dan rantau kita sendiri.mereka menyokong siapa saja yg memusuhi kita.padahal mereka kaum pendatang yg kita beri izin menumpang,lengkap dgn kerakyatan serta hak-mengundi sekali.

kita beri mereka hak yg hampir setara dgn kita dgn harapan mereka mahu hidup secara damai dan berharmoni dgn kita namun,sudah menjadi dasar kaum opportunist yg tamak,apa di beri,tak pernah cukup.lalu mereka memilih jalan permusuhan dgn mengambil posisi dgn sesiapa pun juga yg memusuhi kita.

ingat Yahudi Bani Qainuqah dan Bani Quraizah? mereka membuat perjanjian damai dgn Rasulullah SAW,kemudian dalam senyap menyokong dan menghasut Jahiliah Quraisy memerangi Islam.

Bangsa Melayu dan Umat Islam Nusantara pun sedang menghadapi masalah yg serupa.tanpa Pemimpin yg benar-benar jantan,bangsa pelarian ekonomi yg kita beri makan ini akan menerbalikkan keadaan dan menjadikan kita pula sebagai bangsa pelarian.lihat saja apa yg di lakukan oleh Lee kuanyew terhadap Bumiputra Singapura.

terimakasih Tun.

Asians are generally still mentally colonised and almost always have the perception that everything (or everyone) from the West is great. It's sad, and tragic.
