By Dr. Mahathir Mohamad

1. I had written in this blog that the attack against the New York World Trade Centre and the Pentagon on 9/11 2001 was not by Muslim terrorist. It could have been by other groups.

2. In the Star of Friday 2nd September, a report by AFP, date-lined New York has this to say:

“For some Americans, the deaths of nearly 3000 people was not the scariest thing about 9/11. It was realising who carried out the attack: yes, the American Government.”

3. I believe Arab Muslims are angry enough to sacrifice their lives and become suicide bombers. But they or their handlers do not strike me as capable of planning and strategising such attacks so as to maximise the damage to the enemy.

4. More often they would kill other Arabs who may be quite innocent. Frequent targets are mosques at prayer time.

5. But consider the attack on 9/11. The planning must have taken a considerable length of time. The candidates had to learn to fly in tiny aircrafts. Unless they were already airline pilots familiar with big passenger aircraft, their pupil pilot licenses would not be of much help to fly the four aircrafts to their targets which were not on the route of the planes.

6. Planning to hijack four aircrafts simultaneously would require great precision in timing and logistics. One aircraft maybe. But four simultaneously!! I don't think Arab terrorists from Saudi Arabia can carry out this highly sophisticated operation with such success.

7. Then there was the collapse of the two towers hit by the aircrafts. They came down nicely upon themselves without toppling against the other buildings close by. It looks more like planned demolition of buildings than collapse consequent upon being hit by aircrafts.

8. But a third building also collapsed in the same fashion although it was not hit by any aircraft or by the collapsing twin towers. What is the explanation for this untouched building collapsing upon itself and not damaging other buildings nearby?

9. Then there is the total disappearance of the aircraft which hit the Pentagon building. There was no debris of any kind, no broken parts of the aircraft, no black box, and no human bodies flung into the surroundings. Is it possible for an aircraft to vaporise totally after a crash?

10. And the fourth aircraft which was supposed to have crashed in an open field. Again no sign of any debris. No big crater. Did it vaporise into nothingness also. Did the innocent passengers also vaporise?

11. The American press is great at reporting incidents. They will give full coverage, with great pictures sketches and detailed descriptions. For months they would publish stories with revealing photographs. They would interview the relatives of the passengers who died in the crashes. But the American press was strangely silent about 9/11.

12. It is now the 10th anniversary of 9/11. Bush lied about Saddam's weapons of mass destruction. As a result hundreds of thousands of Iraqis, Afghans and a few thousand of young American soldiers died, thousands more are wounded, maimed for life, suffering mental breakdowns. Two countries have been devastated and fratricidal wars have become endemic. And still no democracy.

13. This is the legacy of George W. Bush. If they can lie so as to kill Iraqis, Afghans and American soldiers, it is not unthinkable for Bush & Co. to lie about who was responsible for 9/11. Human lives do not seem to mean much to Bush!!

In democracy, as long as the majority likes the story, the story become true..

Bush is creating perception to Americans with the Weapon of Mass Destruction and fight against terrorism but cannot get the votes to get to Iraq..He became desperate and create the story of 9/11 to get there since he know, angry people needs to be calm, and they are is the state of confused..then he get the votes to go to Iraq and topple Saddam..

In the first place, why want to meddle in anyone's country when they did not harm others? Stupid Americans..

Results is, there is no WMD and we don't even know whether Osama is really a person, or a cover-up as well..why Americans don't dare to bring in Osama's body for viewing, but disposed it to the sea?

Get the thinking right, boys..

Salam Tun,

Let me deconstruct the Arab Muslim. My guide Sam (West Bank Muslim) put it succinctly. He calls himself a Palestinian Muslim. However, there are by nature three types of

Arabs in Israel. The Israeli Arab, Jordanian Arab and the Palestinian Arab (Sam's Words). The Israeli Arab who lives and let lives with other Israelis. It matters not whether this person is religious, secular, gay etc etc etc. They are, will always be, loyal Israelis. I've seen them. I was in Israel. In the disputed territories and in greater Israel. The Jordanian Arab is one who lives in the West Bank. Who are, technically Jordanian Citizens, who hold Jordanian Passports. Lastly, the Palestinian

Arabs Gaza and West Bank (East Jerusalem). They (Islamist) fire rockets and perform suicide attacks whilst crying, humming and hawing. One wonders as Tun says 'have no other choice

but to kill themselves while their mortality rate are one of lowest in the middle east and continue grow demographically at an exponential rate. Mr/Ms fadzireen, i guess if one believes

in a lie long enough. It takes on a life of its own. Facts don't lie, its much harder to twist actual verifiable data. They are, will always be, Arabs. Same culture, same language, same religion

and same attitude. Supernaturally brainwashed to Hate Jews by Islam. I've read the Koran First, the Saturday People, then the Sunday People. Do you know why Islam is no longer the epicentre of world culture. They are stuck in the past quoting the Prophet's and Saladin's conquests and dreams

of a Caliphate. By the way, I admire Saladin the Kurd. I wonder, likewise, If Saladin saw how his people were murdered indiscriminately by Islamists today, would he have continued to lead the Caliphate. Perhaps, he would have had a change of heart?

Peace Be With You in Jesus Name

Salam TUN,

This event is designed to evolve into a religion.

The eternal flame is deligently lighted in perception as Eastern perperated atrocity,with annual vow renewal.

Young American's mind are bombarded with this,thus sowing the seed of hatred against the East till eternity.

This is in contrast to their behavior,as they have forgiven the Jew's involmment in Jesus's death.

Today,they championed the Jews and even coined 'anti semetic'

A word dreaded/distant by the rest of the civilisations,if used, be considered as a 'pariah'.

In the news,as a super power, will veto the Palestinian's plead to come back into civilisation (as member of UN)or else be branded as 'anti semetic' themselve.

They rather sacrifice as darling of world democracy,then threat on the word 'anti semetic'.

A demon born out of wedlock with the Jews

Palestinians will go down in history as a race with no country,how cruel.

Even animals are well represented.

I wonder,whether the tag line 'Dont threat on us' on aircraft carrier USS Enterprise has substance.

Assalamualaikum TUN,

To all Muslim, please remember that if any of you who call yourself a

Muslim then you should not and should never believe what the US is saying about who is responsible for 9/11.

If you do believe the US version then you should beware of your faith. The Holy Quran instruct us Muslim to check and verify of any, before accepting anything

It is so obvious that the US is hiding something or rather many things that's been exposed by their own citizen from day one of 9/11.

Thanks TUN.

Mgpunya,

I believe tht after America are done with the Muslims, they will start demonising China. Infact it has already started in the South China Sea right this moment. China is being portrayed as an aggressor. There are even calls to drop the word 'CHINA' from the name 'SOUTH CHINA SEA'. I believe it is a provocation orto show that China is irrelevant here.

Greetings, Tun.

I'd like to add more to the many other obvious things about 9/11 that points to America killing its own people.

How did Tower 7 went down on its own? Explanations on the net

completely baffles me, they expect me to believe that? BBC and CNN news also caught red-handed reporting live telling that it went down, but 20 seconds before it actually did!!

All this can be seen here
<http://www.youtube.com/watch?v=NO8HjUTULeo>

Also, how does Larry Silverstein know something's going to happen to the WTC? He insured it just in time before they went down.

And what about Israelis who have prior knowledge to the attack? 5 Israelis setup filming equipment pointing at the WTC before it happened? Police confirmed reports by witnesses and residences that they did so, and danced once it happened, taking pictures in joy. They were arrested but later released. FBI concluded at least 2 were Mossad Operatives. This report was reported by FOX News but pulled out soon after. Fortunately, the video was saved before it was pulled down.

<http://whatreallyhappened.com/WRHARTICLES/fiveisraelis.html>

And about the Pentagon, much much later after the WTC collapse, fighter jets had ample time to intercept the plane heading to the pentagon, heck the jet hoodwinked so many military bases that had fighters who could take it down easily.

The destruction on the pentagon also baffled me. No bodies, no real plane wreckage, no black box (I am in the aviation industry, nobody here believes, in Malaysia and elsewhere, the 9/11 lies). I've seen much worse without even needing a plane.

Salam Tun.

I'm not giving any comments here but suffice to say that your entry certainly did help to expose the specially classified group of morons called the 'katak bawah tempurung' to indirectly identify themselves!

Led by that 'Ernest' (a hypocrite that usually accuse others as being one, and even chose a namesake that contradicted his corrupted mind!) who are telling/asking others from within his tempurung "Don't you see the light of day?" A perfect question from the katak!

It used to be mostly the Malays that comprise of Anwar's "he can fool them all of the time" supporters, but now the scenario has changed; while the Malays are deserting that maniac Anwar (with good reasons) like being chased by hungry lions, this Ernest and some other newly established/self-proclaimed non-Malay 'toads under the coconut shell' are proud to tell the world "go see the light of day" and "Anwar please fool us to eternity".

How things changed! What a moron. Must be Syed Alwi's favourite deciple!!

Maybe Ernest will wait to the day when he catches that maniac bedding his wife or his love ones, or when Lizzie Wong come knocking on his door looking for fun, or when Mat Sabu having lurid phone calls with his wife, only then he realises that he's a katak moron!

Come on Ernest, get out from the tempurung! See for yourself how Guan Eng disqualified all bidders except his chosen one, learn how Ean Yong handpicked Chinese only with no competitors and gave out greatly bloated

contract sums, and so and so and so....., a never ending list! Don't be bias like that jolly 'the baby' preacher.

Show/proof to us all that you deserve to have the namesake 'ernest'!!

Assalamualaikum Tun,

1. Muslims all over the world should mourn 9/11 together with fellow Americans. 9/11 marks the starting day that muslims are no longer safe to be muslims.

2. Those who did the unjustified crime do not represent muslims, and they certainly want muslims to suffer. And believe it, they have achieved it

to certain extends. Many people have lost their lives during the tragic event and many more beyond that date all over the world.

3. Since then, any muslims could be taken into custody without any charges, and can be held in places such as the Guantanamoo as long as the authority wish. Praying five times a day at a local mosque may get you into a big trouble.

4. Try to have Muhammad or Bin Hassan in your passport, and you will have a more intimate treatment at any airports' security checkpoints in western countries. You will gain more security attention when you keep your beard or wears hijab.

5. If you are an excellent muslim immigrant doctor in a foreign country, always keep your clothes packed as you never know when and why you will be jailed and sent back to your home country.

6. 9/11 marks the starting day of wrong and negative interpretations of words like islamist, islam fundamentalist, jihadist, and islamic movement. What is in your mind when you read these words? Are you sure those are the real meaning of these words?

7. You are a lone criminal if your name is Anders, but you are a islamic related terrorist if your name is Ahmad.

8. Since then, every course on how to become a well known security pundit must have included, "When you say terrorist, immediately don't forget to say Islam. Think later".

9. A new word. Islamophobics.

10. Et cetera. You get the point.

11. No muslim is wishing for these things. 9/11 is a sad day as more than 3000 people have lost their souls. Adding to that, it is a sad day to remember as a muslim too.

Pat Ong

It is time for us Malaysians to clear some cobwebs in our minds after years of brainwashing.

The facts are that in November 2008, it was officailly announced by the Singapore authorities that as Trustees, US\$108 Billions of Trust money was lost at one stroke on Wall Street. No one seems to know the unofficial figure. Obviously it must be more. This is real hard-earned money from the toil and sweat of Singaporeans and Malaysians who contributed to the CPF. The CPF buys special bills issued to it by the Singapore Government without the operations of a Central Bank. This clearly illustrates that Malaysia is right to have a Central Bank as banker to the Government. The official loss is about equivalent to the total foreign reserves held by Bank Negara Malaysia.

There was not much publicity about this gigantic loss until Gillian Tett of the Financial Times wrote on the 'Harvard Investment Model' adopted by Singapore in April 2009. A whole nation, Iceland, with a large land mass, went bankrupt during the same period. And it has natural resources whereas Singapore is a one-street town.

A hastily written book 'Malaysian Maverick' inspired by the Singaporeans followed in 2009 to denigrate our great statesman Tun Dr Mahathir to even things up. This claimed that Malaysia under his 22 years of Administration lost RM 100 Billions ie. US\$25 Billions over 22 years or US\$1.12 Billion per annum, through inefficiencies. The real difference in the garnering of funds between Malaysia and Singapore is that the funds utilised for developmental expenditure were openly raised by an elected Government through Bank Negara Malaysia – this is fiat money – not real hard-earned savings of the citizens. You may say we spend ahead of our time. This is alright as long as a country has natural resources like Malaysia and the money was used for development for the benefit of the Malaysian people by an elected Prime Minister like Tun Dr Mahathir who was not a Trustee. And the best of all, Malaysia had peace and harmony, and created a larger middle income class of citizens who are now active on the Web (attacking Tun Dr Mahathir?) etc.etc !

What Singapore has done is that the Trust money held by CPF on behalf of its citizens and Malaysians was used to invest in institutions who were managed by lessor individuals than themselves in Singapore Inc. Look at the risk when hundreds of billions of US dollars were entrusted to these ordinary individuals who rewarded themselves promptly with hundreds of millions of US dollars as bonus on acquiring the Singapore portfolio. Singapore was already a unique world class bank when this happened. It did not capitalise on a chance of a lifetime to really become the Singapore which it always claimed to be. The answer was Gold !

The US Ambassador to Singapore has invited the country to be closer to the US. Has Singapore lost its bearings in a financial Titanic scenario ?

Salam Tun , To Jolly and all those who disagree with Tun's theory about 9/11,

please remember that all those theories of conspiracy did not come from Tun himself. It all came from the American themselves who witness it first hand and some were even at the scene. I myself saw it on TV that night in Singapore live. Tun is only endorsing their conspiracy theory after evaluating after watching and even spoken to some people who were there themselves on that very day itself.

The Americans are questioning as to who could have done such a magnitude of damage never seen before in US history.

After things settle down a week or two after 9/11 Americans start questioning who is responsible for it. Slowly but surely things are put into perspective and doubts began to appear one after another.

White House and George Bush simply and quickly put the blame on Osama and Alqaidah without any investigation or commission of enquiry saying it has intelligence. If it has intelligence obviously it was on off day on 9/11.

All conspiracy theories were not given publicity, after all the press are own by those who have interest and connection to those in White House.

So these people who come out with these theories have to do their own publicity. Its all over the internet, if you care at all.

I still remember how collin powell went all the way to the UN security council lecturing and lying to the members as to the amount of weapons of mass destruction Iraq possess.

US will do anything and go all the way to fulfill their agenda and ambition just like when they killed JFK their President who is not willing to follow the agenda set by those who run the white house from within.

So those who have intelligent please use it wisely and independantly. Think for yourself and dont let others do the thinking for you and make you look like a fool.

So remember Tun is only echoing what many Americans are saying but are not getting it tru to their press.

Maybe in the future your children or grandchildren will come to you and tell you what actually happen and who is responsible for it when they are expose to all theories. Just like JFK assasination. Like many of us, Tun is also intelligent and dare to speak up about this issue to the international audience tru his blog. Be intelligent by reading and watching all available vcd's regarding 9/11 conspiracy theories in order to be fair to yourself.

To Jolly, in the name of Jesus accept Islam as that is what the basis of the teaching of Jesus and the Bible is all about.

By accepting Islam you will be able to put Jesus in his proper perspective and position.

Thanks TUN.

May ALLAH shower you with long live and good health and please continue to provide us with your wisdom.

By the way Tun LKY have been said by wikileaks to have said that Islam is a Venomous religion. Please gives your comment on that.

Thanks again Tun.

I have viewed the videos in You Tube questioning the veracity of allegations that the collapse of the towers were the work of Islamic terrorists. Amongst them are (i) one of the airplanes plunging into the tower was equipped with strange objects depicting bombs/rockets underneath the fuselage, (ii) explosions were seen coming out of the building seconds before the airplane hit the tower, (iii) the airplane was without windows which is unusual for a commercial plane, (iv) the airplane was manouver in delicate moves that could only be done by experienced pilots, (v) shouts of explosions by rescue workers, (vi) the manner the buildings collapsed was synonym to a systematic demolition of an unwanted building etc.

With that and Tun's views over the whole episode changed my perceptions over the truth of ground zero and made me to believe that it was a cruel act by the supposedly "World Police" ie. the U.S. Government.

Ink can be easily removed, says firm

By MARTIN CARVALHO and RASHVINJEET S. BEDI

newsdesk@thestar.com.my

PETALING JAYA: An international firm specialising in fingerprint security systems claims it has evidence to show that indelible ink used for voting may not be foolproof and that it can be easily removed with common solvents.

The Europe-based company, with 25 years of experience in over 40 countries, has carried out a reliability test on the ink with its findings to be submitted to the authorities.

In a demonstration for The Star, it was shown the indelible ink stain on the test subject's index finger was easily rubbed off in minutes using off-the-shelf stain removal solvent found in most hardware shops.

"The ink is a controlled item which contains silver nitrate and is not openly sold in the market," a senior company spokesman said, adding that India was the main source for indelible ink.

The controversy over indelible ink is not new as its use was questioned in the Afghan presidential elections in 2004 and elections in Palestine in 2005.

"It was discovered in both elections that some voters managed to remove the ink and vote more than once," the spokesman said.

"Indelible ink could also be easily substituted with other inks and polling stations may not be equipped with test kits to test their genuineness."

Health concern is another factor affecting the use of the ink as it contains silver nitrate which can cause irritation.

"Its use is not permitted in Europe and the US," he said.

The use of indelible ink was among the demands of Bersih 2.0 which described it as a simple and cost-effective means to prevent voter fraud.

In 2007, the EC decided to implement the use of indelible ink but did not do so in the 12th General Election following fears of fraud.

Election Commission chairman Tan Sri Abdul Aziz Yusof refused to comment on the company's findings, saying that any such matter would be discussed by the Parliamentary Select Committee set up to implement electoral reforms.

Comment:-

QA: If incredible ink is found to be fault proving for General Elections held in Afghanistan and Palestine (mereka ada Raja Perlembagaan ke?), will this be another "gigitan bunyi" in Malaysia after Merdeka 54 years since developed "united nations" do not need PRU to run its nations with independent "Sovereign Authority"?

QB: Traditional, after 12 times of running PRU for the past 54 years di bawah National Anthem, Negaraku, after Merdeka in Peninsula and Sabah that have brought Malaysia forward, does our SPR needs bio-metric system either in GE?

QC: General Election atau Pilihan Raya Umum is held each time during national school holidays dalam sekolah-sekolah jenis kebangsaan, jenis agama, jenis cina dan jenis tamil with the assistance from NGOs' Rela and Sukarelawan according to the statistic and areas set by Suruhanjaya Pilihan Raya to guide and monitor pilihan raya Malaysia secara "Telus Amanah Cekap/TAC" do we need bio-metric system, either?

QD. SPR does not have to answer media question, look more, see more, feel more before SPR make the decision.

Good day, Tun.

christian. I am one too. Just because the person who kills/ strap themselves with bombs ends with a muslim name, that doesnt mean that Islam is encouraging their people to kill. They are just puppets pulled by the puppet masters. Who are the puppet masters? That is what you should find out. For one, the CIA/ British Intelligence are known for recruiting people to terrorize a target country. To bring a country into chaos. These people have no religion. They are not christians or muslims...and they do not care if you are an american or malaysian. They have a duty to bring a given country's civilisation down and they will do what ever it takes. Wake up Jolly. Dont be naive.

9-11 as a false flag operation dont surprise me. What surprises me is people...intelligent, educated people do believe the official version of events. Even if the facts show otherwise. The propaganda from the mainstream media including our very own newspapers are just too powerful. We need to wake them up. Nothing in this world happens without a reason. We are being manipulated everyday of our lives.

Dear dr Mahathir,

The Ageing Firebrand

Malaysia's Mahathir: 9/11 not work of Muslims

The ageing firebrand, who was in power in Malaysia at the time of the attacks and stepped down in 2003 after 22 years in power, slammed former US president George W. Bush ahead of the 10-year anniversary Sunday of 9/11.

Washington blames the attacks on Al-Qaeda.

"Bush lied about Saddams weapons of mass destruction... If they can lie so as to kill Iraqis, Afghans and American soldiers, it is not unthinkable for Bush & Co. to lie about who was responsible for 9/11," the 86-year-old wrote in his blog Friday.

Listing out reasons in line with a conspiracy theory that the US government was behind the attacks, he wrote the Twin Towers in New York "came down nicely upon themselves".

"I believe Arab Muslims are angry enough to sacrifice their lives and become suicide bombers. But they or their handlers do not strike me as capable of planning and strategising such attacks so as to maximise the damage to the enemy," he said.

Mahathir, a fierce critic of the West, is known for his anti-Jewish and anti-American statements in Muslim-majority Malaysia.

Last year, he said if the US could make the 3D science fiction film Avatar, "they can make anything", adding there was strong evidence that the 9/11 attacks were staged.

He has also condemned Bush and then-British prime minister Tony Blair as "child killers" and "war criminals", saying they should be put on trial for the military invasion of Iraq.

Hajj Abdassamad Clarke

The human being often passes judgement on others according to what he himself would do if he was in their shoes. Thus, he is passing judgement on himself and announcing it to the world.

Tun,

Per Haneefa

I would very much like you to provide evidence of Bush's guilt as apposed to more Conspiracy Theories. You are, as i explained to Tun. Drawing concentric circles around your imagination by simply barking in a louder voice ` who was or were ACTUALLY behind it'. Size of holes in the Pentagon, how the building collapsed etc,etc,etc are conjecture not evidence. Simply put, Evil Arab Muslims perpetrated these acts under the Leadership of Osama Bin Laden. Are all Muslims bad. No, I certainly don't believe that, but if you wont admit guilt on the

part of your Brethren, that is the same as aiding and abetting the guilty party. Sin is not relativistic. Bush being more guilty does not make Osama less guilty or more innocent. Do you believe he is a righteous man?

Per JB_FROM

I don't value an opinion based on a fiction writer the likes of Tom Clancy, in as much as i belief in Queen Rania discussing Islam or Michael Jackson talking about Christianity. They are celebrities in their own right. With due respect to their roles, they live or lived in their own sheltered fantasy's. A lot of Iraqis were murdered by your Sunni Hero Saddam Hussein. Why You,

Tun or Malaysia did not care about them before perplexes me. I mourn the deaths of Iraqis. The US will have to pay for their Sins before God. They should have allowed Saddam to continue to Murder Sunni, Kurds, Shiite and Marsh Arabs.

After all, its OK for Muslims to Murder Muslims. Shiite and Sunni sectarian violence is acceptable. Tun dare not speak-up

against Ahmadinejad or Assad. They are Brethren let them work

things out while they butcher Muslims indiscriminately.

Peace Be With You In Jesus Name

Assalamu'alaikum Tun,

mohon izin mengulas komen 'middleages'...anda mempamirkan bahasa inggeris yg baik.sekali imbas,macam orang bijak-pandai.tapi faham kah anda bahasa kebangsaan? setahu saya,anda seperti jurujual-jurujual fahaman anti-hadis lain nya enggan baca "Koran" dalam bahasa Arab. cuma baca terjemahan inggeris nya saja sudah mencukupi bagi anda.nampak educated sikit...dan tak terlihat murtad sangat,kan?

tapi di Malaysia ini bahasa kebangsaan nya adalah Bahasa Melayu.jadi izinkan saya mengulas anda dalam bahasa Melayu.semuga anda MAHU faham.

anda ingin menyebelahi jolly? kenapa? adakah komen nya berasas menurut sistem matematik kod 19 anda? atau dia mengatakan sesuatu yg betul dan kami semua nya salah? kata anda kami melawan api dgn api dan

itu tidak mencerminkan sikap Islam sebenar? apa yg anda tahu tentang Islam untuk buat konklusi begitu?

butakah akal anda tentang ayat yg mengatakan 'mata dibalas dgn mata'? jolly,d.tan ekompute dan sebagai nya hanyalah kaum pendatang yg mengambil langkah berani memusuhi Islam sebab mereka melihat peluang terbuka,bukan kerana mereka yakin tentang 911 dilakukan oleh Osama atau tidak.

anda fikir orang cina di Malaysia,atau dimana saja, peduli sangat tentang rakyat Barat yg terkorban di WTC? jolly,d.tan dan sebagai nya hanya sekedar menumpang peluang untuk menghentam Islam.tidak kah anda tahu mereka ini kaum opportunist yg akan memanfaatkan apa saja peluang yg menguntungkan mereka?

kalau Islam hari ini lebih kuat dan kaya dari Barat,apakah anda fikir mereka akan sama-sama berlinang airmata memasang lilin mengenang kematian 3000 rakyat Amerika di WTC,seperti yg ditunjukkan oleh Channel News Asia di Singapura? lihat saja komen d.tan begitu beriya-iya benar membela penganiyaan Israil ke atas rakyat Palestin.adakah anda buta? atau dungu? atau anda juga mencari kawan untuk menentang Islam?

huhh,anda mengigau meracau-racau hendak bela jolly seolah-olah kebenaran ditangan anda.tumpul sungguh akal pendek anda.

bodoh sangat tak apa.jangan jadi bodoh sengat.iaitu sudah lah bodoh,tapi ada hati hendak buat komen yg menyengat pulak.

berhentilah daripada menyebarkan ideologi sesat anda.saya sarankan anda secepat mungkin,sebelum datang ajal,bergegas ke Pejabat Jakim untuk bertaubat dan kembali kpd Jalan yg Lurus.tinggalkan Rashad Khalifa

Askm Tun,

Good articles for those with open mind. Just ignore Jolly's entry as it reflects the level of his/her mental capacity.

This is my comment in the yahoo facebook. I wonder whether it will be published or not.

USA IS THE CAUSE OF THE WORLD PROBLEM

As long as the international communities do not want to address the root of the problem then this kind of activities (in memory of the victims of 9/11) will be held year after year. Justice for one will be injustice to another in the perspective of the affected parties.

USA have the opportunity to make the world be a better place to live but instead prefer to become the problem rather the solution in reference to its political, economical and military strength and how can they impose on others that USA is indeed the Master of the New World Order.

POLITICAL – USA Administration in blind support of Israel for the treatment of Palestinian is indeed a great liability to USA. What right of the British to create Israel in 1948 of course it happen with USA strong support in UN. Of course, it was already a history but why now will USA object /or threaten to veto for the Palestinian's request for a state of it own through UN where the similar approval was given to the Israel in 1948? In this aspect, Palestians have more right to stay in their land unlike the Israel in 1948. USA should not show her political biasness & prejudice. Asking the Palestinians to negotiate directly with Israel is just like asking a poor deer to negotiate directly with the hungry lion. It is very obvious , USA IS THE CAUSE OF THE PALESTINIAN PROBLEM and so with GLOBAL TERRORISM and other world problems.

ECONOMY: The USA economic strength is only based on "global perception". Technically, USA is a bankrupt country, living in deficit year after year. As we can see, economic sanction on countries that refuse to submit to meet USA's agenda is frequently used as an affective weapon to destroy the country. So evil that it can also be rightly termed as " crime to humanity " as the effect is the same . USA will create its justification to her convenient on case to case basis only, may not be applicable to others. In addition, USA will "blackmail" others to support her evil actions. There goes into the drain for the concept of freedom, democracy, social justice etc that USA has been promoting to the world. Indeed, military industries are the backbone of USA economy. We should be wary that whenever there is sign of economy slow down in USA, trouble will likely to start somewhere in the world.

MILITARY: One in wise mind may wonder why USA need to allocate extremely huge budget for military purposes especially in continuous development of new weapons. They need to maintain the status of super power, just to create fear environment of " MASTER & SLAVE" culture.. going back the period dark ages where evil prevailed.

CONCLUSION – It is very clear that all these are due to the evil mind of the few powerful people in the US administration who have managed to influence the mind of the peace loving American people. These few people

are nothing else are in fact the servant of the Great Satan.... with the objective to lead the human (the desendent of Adam) to the HELL of FIRE.
– Bible & Quran.

May Allah bles us all.. ameen

Yusuf Islam – In The End

You can't bargain with the truth
'Cause whether you're right or you're wrong
We're gonna know what you've done
We're gonna see where you belong in the end

You can't bargain with the truth
'Cause whether you are black or you're white
We're gonna know who's right
We're gonna see you in the light in the end

Oh and every little thing you do
You better know it's coming back to you
You can't bargain with the truth
'Cause one day you're gonna die

And good's going high
And evil's going down in the end

You can't bargain with the truth

'Cause whether you're old or young
We're gonna see what you've done
There'll be nowhere else to run in the end

You can't bargain with the truth
'Cause whether you're rich or you're poor
You're gonna meet at the same door
You're gonna know the real score in the end

And if you want to help your fellow man
You better start with what is in your hand
You can't bargain with the truth
'Cause whether you're right or you're wrong

We're gonna know what you've done
We're gonna see where you belong in the end

You can't bargain with the truth
'Cause if the world you chose
No further than your nose

Will be where the doors will close in the end
You can't bargain with the truth
'Cause for those who were deceived

There'll be no reprieve
Or there'll be no time to believe in the end

Oh with every little thing you do
You better know it's coming back to you
You can't bargain with the truth
'Cause one day you're gonna die

And good's going high
And evil's going down in the end

Assalammua'laikum wrt... Tun yang dihormati,

"Kita" merujuk kepada diri penulis, berbahagia Tun dan pembaca mesej ini.

1. Syukur kehadiran Allah SWT kerana masih memberi kita rezeki yang melimpah ruah, keamanan, kemakmuran, dan yang paling utama memberi kita nikmat Islam. Janganlah sampai kita lupa bahawa kenikmatan tersebut hanyalah sementara di alam dunia ini dan Allah boleh menariknya pada bila-bila masa. Mungkin selepas dari membaca mesej ini, Allah mencabut nikmat nyawa kita kerana yang hidup pasti mati. Selagi nyawa dikandung badan, selagi itu tanggungjawab yang di amanahkan oleh Allah SWT wajib dilaksanakan dan diamalkan.

2. Semoga Allah SWT terus mengurniakan Tun kesihatan mental dan fizikal, dipanjangkan umur, diberi taufik hidayah dan dirahmati Allah SWT

selalu. Amin.

3. Saya amat berminat untuk memberi sedikit komen mengenai ucapan Berbahagia Tun ada disiarkan dalam TV mengenai ulang tahun kemerdekaan kita yang 54 ini.

4. Pertama sekali saya ucapkan ribuan terima kasih kepada Tun di atas pengakuan ikhlas Tun dalam ucapan tersebut. Diatas kejayaan kita berjaya mentadbir negara mengikut cara kita sendiri tanpa diganggu oleh anasir luar.

5. Memang benarlah apa yang berbahagia Tun katakan itu, oleh sebab kita berjaya mentadbir negara mengikut cara kita sendiri (ikut acuan Tun) dan tidak mengikut sepenuhnya acuan yang Allah SWT dan rasul-Nya tetapkan. Maka negara kita telah melahirkan bangsa yang maju dari sudut fizikal dan kosong dari sudut rohaninya. (Ini saya tujukan khususnya untuk bangsa Melayu Islam.) Natijahnya, maka lahirlah bangsa yang berani melawan & menghina Allah SWT dan rasul-Nya dengan tidak menunaikan solat fardu, tidak berpuasa, tidak membayar zakat, mendedahkan aurat dikhalayak umum, berjudi, minum arak, berzina, pembuangan bayi, membeli nombor ekor, rasuah, memfitnah, menyalah gunakan kuasa, murtad, hiburan melampau, dan sebagainya.

6. Nasihat saya mungkin boleh dianggap cucu kepada yang berbahagia Tun; selagi Allah SWT memberi kita nyawa untuk hidup di alam dunia ini. Selagi itu, Allah SWT masih memberi peluang kepada kita untuk memperbaiki amalan seharian kita supaya selaras dengan Al-Quran dan Sunnah Rasulullah Muhammad SAW. Semoga kita mendapat kebahagiaan hidup di dunia dan juga di akhirat kelak. Amin. InsyaAllah, sama-samalah kita mulakan dengan amalan nabi, solat fardu 5 waktu berjemaah di rumah Allah (Masjid) untuk menyembah Tuhan yang satu. Dari-Nya kita datang dan kepada-Nya kita akan kembali, Tuhan yang mentadbir sekalian alam.

7. Di mana jua kamu berada, maut akan mendapatkan kamu (bila sampai ajal), sekalipun kamu berada dalam benteng-benteng yang tinggi lagi kukuh dan kalau mereka beroleh kebaikan (kemewahan hidup), mereka berkata: Ini adalah dari sisi Allah dan kalau pula mereka ditimpa bencana, mereka berkata: Ini adalah dari (sesuatu nahas) yang ada padamu. Katakanlah (wahai Muhammad): Semuanya itu (kebaikan dan bencana) adalah (berpunca) dari sisi Allah. Maka apakah yang menyebabkan kaum itu hampir-hampir tidak memahami perkataan (nasihat dan pengajaran)? (Terjemahan surah An-Nisa' ayat 78)

Tun gives Msian confidence and teach Msian to question things before believing them. That is good but lesson is not over.

Pls. do not jump to conclusions and take your time to continue assess and review. Tun can be right but what if he is wrong.

Pls. do not worship and idolize Tun or anyone it will make you unfair person. Support facts not support idol.

Pls. learn to work hard and do not depend on NEP. If you work hard and fair, you do not need NEP. NEP will make you weak and lazy.

Pls. be friend to other races and non Muslim. Islam do not teach to dominate others by unfair advantage. If you get something you must earn it and not merely by depend on political ways to be rich.

Let there be strong opposition so that there is competition and no monopoly. We also do not want opposition to dominate. Either way no monopoly pls.

Do not be too rich. It is ok to be rich but if you are statesman then then do avoid being billionaires. It can be doubtful to people if you or your children is too rich.

If you accuse someone of sodomy pls. provide proof beyond reasonable doubt and have fair trial. Good and fair person will hv trouble to believe you and they sympathize victim whom has family.

Thats all for now. Tks.

1. Bukan kah sejarah pentadbiran amerika penuh dengan konspirasi? Yang berhati mulia tidak di benarkan memimpin.

2. Jika CIA(berada di mana-mana negara dunia) dan pelobi yahudi sebagai tulang belakang, apa yang boleh di harapkan kepada keamanan untuk dunia Islam? Hanya doa dan Satu jemaah mampu menyelamatkan keadaan. Tapi kita semua cepat lupa. Orang-orang arab moden lagi pula pelupa. Sejarah depan mata 'beralih fungsi' dari menjadi iktibar kini menjadi penjana pendapatan tarikan pelancongan. Sejarah komunis malaysia sudah di bangga-banggakan! Akta sudah di lupakan.

3. Mereka telah isytihar terang-terangan siapa musuh mereka yang nyata. Jadi 911 itu sebenar nya 119 dalam kategori nombor kecemasan untuk mereka. Orang-orang Islam lah yang sebenar nya menjadi mangsa dalam kecemasan mereka.

4. Tidak timbul masaalah untuk orang-orang kristian, yahudi atau sealiran gaya hidup dan kepercayaan yang lain nya selain dari orang-orang Islam. Itu kenapa Palestin menjadi padang jarak padang tekukur. Padang yang kian mengecil tidak ada apa selain menjadi penjara besar dunia. Negara-negara Islam afrika di binasakan, dibahagikan. Kini Libya terlerai dendam kesumat sudah pasti. Tangan konspirasi mereka tidak kelihatan. Kemungkinan berlanjutan ke syria?... walaupun liga arab kata menyanggah?

Salam, Tun. SHR, MZB.

I personally think that we've been hoodwinked; the whole 9/11 episode was just a diversion.

It happened during the Enron debacle, and main offices of Enron were located at the Towers. Destroying all the evidences was their best option to close the case. To-date, has any of the Enron big-wigs been charged or penalized? Debates on Enron were suddenly quiet! Put the blame on others... especially the al-Qaeda.

And they can build new towers—now they can regain the tallest title again—at prime land, groundzero...

Bush and Co. conspiracy towards the Muslims is unforgivable. The muslims must stood against this conspiracy. We are not a cowards and the best thing we can do is to bring the culprit behind this to the International Court of Justice. Justice must be served now and always if not there's no justice in this world. God wouldn't permit that.

To Jolly and Dtan, I see that you guys are missing the point. By the way, I believe both of you are the same person by the way you signed off on your comments. This is not an issue. But it only shows how insecure you are.

I you look back into history long enough, you will see massacres done by people from all religions. And these people called these religious wars, in the name of their religion. Even when these massacres were committed there were many people from their own religion (and most of the time these were the majority) who were opposed to what they did, as no religion would sanction the killing of innocent people. What Al Qaeda and others recently did were no different. And this "wars" will continue to take place as long as human brain remains the way it is wired today. No one can do anything about it except wait for evolution to run its course.

9/11 must be looked at in a very objective way. It should not be about whether Al Qaeda did it or not but rather who was or were ACTUALLY behind it. This is important as the world biggest superpower has decided that Al Qaeda did it and is using the event to justify its actions which have tremendous impact on the future of humanity.

We humans, citizens of this planet, have the responsibility to ask questions. The future of our children is at stake. Recent history of the US has confirmed their ability to do injustice, eg to the South American countries, the island countries of the Pacific, Japan, Afghanistan, Iraq, Malaysia, Iran, China, Palestine..... As any entity, there were also many good things that the US did. It is our continuous effort to minimize the bad things that will make our world a better place.

Looking at the many evidence of 9/11, the way those buildings collapsed, the size of the hole in the pentagon, the partying those so called jihadist had the night before 9/11, reports by fire fighters of hearing explosions just before the towers collapsed etc, I question the final conclusion made by the 9/11 committee. And I demand that another team be created to look at all evidence again.

One thing to remember though, Al Qaeda could still be involved, but they could unknowingly be actually working for someone else closer to the US government.

This posting from Tun has nothing to do with Anwar, PR, BN, or the Malaysian Govt.

Tun is sharing his views on the 9/11 disaster, as he sees it and he has raised some pertinent points. And I have, in agreeing with Tun, followed up on some points that Tun has raised. It's as simple as that. However, Malaysians, in their ever dramatic fashion, have brought in Anwar and topics, totally and completely unrelated to Tun's post. Now, that is sad. One, because, it takes a simple post like this, to see how Malaysians can be out of focus so easily, and two, some people carry hatred too far, and are intent on showing it, even if what they say is irrelevant.

Tun is not "America bashing", on this issue at least. The truth is available, if one cares to read it.

There is more evidence linking the Americans to the 9/11 disaster, than there is linking Osama bin Ladin to the 9/11 disaster. In 1963, the Americans assassinated their own President, because his policies were seen to against the powerful Mafia, some powerful Senators', etc. But the evidence took 30 years' to surface, as they only had their own citizens to contend with, and of course the internet was non existent then. But with 9/11 disaster, the Americans found it difficult to convince the entire world that Osama was behind it, and this time, the internet played an important and crucial part, especially in asking some relevant questions to the American Govt. and ensuring that the whole world knew about the inconsistencies of the information that they were telling us.

Please do stick to Tun's post, otherwise take your hatred somewhere else.

Assalamualaikum Tun.

Saya tertarik dengan saranan Ibnu Sulaiman yang menulis kata-kata

nasihat kepada Tun dengan menterjemahkan surah al-kahfi.

Tapi benarkah kita sebagai hamba Allah swt ini sanggup meninggalkan harta dan anak pinak kerana semata-mata cinta kepada Allah swt?

Memang benar.Sengsara dalam Surah al-kahfi adalah makam kelazatan.Seperti apa yang dikatakan iman itu manis.Kalau tak silap saya surah tersebut adalah popular dalam tasawuf.

Kalau tak salah saya,dikatakan juga untuk mengenal Allah swt itu lebih mudah dari kita untuk mengenal kekasih Allah swt.

Bahkan Syeikh Abdul Kadir Al-jilani pernah berpesan bahawa cukuplah kamu menghormati wali Allah dan rendah hati kepada orang miskin semasa kamu hidup di atas dunia ini.

Anggap saja apa yang saya tulis ini tidak akan anda dapati dari buku zaman moden ini,kecuali perbahasan buku dari era moyang kita semua yang tersohor.

Terima kasih Tun

Salam Tun,

1. There is something that has been disturbing me since i came into puberty. It seems here in Malaysia, we accept people with two heads as the norm. In fact some have so many heads it would make Medusa actually look beautiful.

2. For example, we have our honourable Prime Minister, who is also the presiden of UMNO. He is of course also husband to D.S Rosmah and probably goes shopping together. He is also Finance Minister, and so he needs to keep several sets of wallet so as not to mistakenly use the wrong one while paying for say, an iPad. And i am sure he does it well, i trust our honourable Prime Minister. But i am not sure i trust the President of UMNO as PM, and i don't really care for the husband of D.S. Rosmah.

3. This gives me a headache everytime D.S. Najib opens his mouth, i am not certain if he speaks as PM, or UMNO, or Finance Minister or all at the same time. It is scary at times, when he screams that Telcos are not supportive of our struggle for economic well being, siapa yang marah ? PM, UMNO or FM ? Or again all ?

4. To solve this clear cut conflict of interest, so that we simple minded mortal beings are not dazed and confused by the government, may i humbly propose that one man holds only one post or position. Because it seems to me the referee is also sometimes the player. Sometimes he scores but cry foul. Sometimes he misses but claims being pushed and declares a penalty.

5. The MAIS meeting is another such Medusa reincarnation. Star reported that MAIS officers are Government officers, but who are there in their role or capacity as NGO supporter. So i am not sure if MAIS works for the people, or the government. If the government represents the people, then MAIS should be MAS, because the people have many religions. So i am again utterly confused, and HBT 456s weird numbering system does not help.

6. I am merely speaking my mind here, in my capacity as a spokesperson for myself. Fortunately or unfortunately for me, i do not represent any other organisation or persons. And so i think i have not the conflict of interest many seems to have.

7. So please Tun, can you whisper some suggestions to the powers that be so that when a person speaks, it be clear for whom He or She speaks. Then Prime Ministers can be selected by the people freely, without worrying about party politics. And may the best man wins.

Thank You Kindly Tun

Dear Dr Mahathir,

Salaams

To All -Surah Fatiha!

3. I believe Arab Muslims are angry enough to sacrifice their lives and become suicide bombers. But they or their handlers do not strike me as capable of planning and strategising such attacks so as to maximise the damage to the enemy.

4. More often they would kill other Arabs who may be quite innocent. Frequent targets are mosques at prayer time.

Terima Kasih & Salam Teramat Takzim

Maybe, that's why you stepped down from being PM. You can express your true concern for truth as well as not get your country Malaysia into much trouble (pressure from US, etc). Plus, you still have alot of influential power (ni comment yang ke 59 tau). Bless you Dr. M.

Saya orang Singapore, minta maaf kalau kurang sopan lah ye... And I also saw ur recent Independence msg on TV1, nampak macam dah agak berumur & uzur, inshaAllah, God will protect you with panjang umur in health and in iman, Amin.

Assalamualaikum wr wb,

Dear Tun Mahathir,

I hate to say this publicly but with all due respect and with the interest of Malaysia and ASEAN in mind – I think the time has come for both you and LKY – to walk into the sunset and forget anymore publicity. Both you and LKY are making a fool of yourselves publicly and it does not do justice to your lifetime achievements.

I say this with no regrets. ASEAN has to move on and please – both Tun and LKY – you both have one last contribution to make – and that is – LEAVE THE SCENE.

A wise man should know when his time is up.....

Wassalam

I am sorry if i am being unreasonably emotional but i think this whole parade of commemoration of the 911 incident is too much over the top. Click on history channel, discovery and bio channel among others and you'll see my point. Yes, i am sorry for the loss of the many families due to the incident. But i also felt strongly about the loss of many other lives in iraq and palestine. Just because many that died in iraq and palestine isnt american and isnt christian does not make their lives less valuable. Yes, 3,000 people died in 911 but double the figure died in iraq, palestine and bosnia. But, i dont see the whole world mourn for them. Thousands and thousands died in somalia due to drought, starvation and bad governance (i am grateful that i am a malaysian) but do we see the western media ever care to highlight these issue? this is the problem with america. they think that the world only revolves around them. america is the world and the world is america. guess what, we across the globe couldnt care less. we too had our loss to mourn about. go mourn in your backyard!

Dtan,

Your comment,

"On the eve of 9/11. Muslim Apologists like yourself gather together to brew your cocktail of Conspiracy Theories. 'Double, double toil and trouble; Fire burn, and caldron bubble ,....'. I guess it helps your Brethren sleep better."

There is an famous American Novelist who specialize in espionage and

military warfare called Tom Clancy who quote:

“Four planes? That many people willing to die for the same cause at the same time? If any writer had turned in a story like this, the publisher would have just handed it back and said, ‘No way. Not believable.’ ”

By the way, this is not a Muslim who quote this.

Secondly, if you stretch your head a bit further, maybe there will doubts in you on how is it possible that a person in a remote cave out of nowhere have the ability to plot this type of attack that involved four American aircraft simultaneously.

Thirdly, Bush indeed had lied about the justification of war to Iraq. If Bush can lied about Iraq then he can lie about a lot of things.

Finally, on your comment,

“Many people were murdered in those buildings. Do you think you honour their memory with your conjecture ? Do you think God Almighty equates Conspiracy Theorists to Slanderers ?”

Do you think God Almighty will condone the killing of Iraqis in numbers hundreds times greater in 911 who have absolutely nothing to do with 911 at all.

There is now a lot of hype in the media pertaining to the 9/11 twin towers in USA. To be fair, the international media should also repeatedly broadcast the bombings in Afghanistan, Iraq, Gaza, Hiroshima & Nagasaki, Sabra & Shatila massacre etc. In my opinion, these tragic events would portray a fair view of who the real terrorists are.

Total collapse of the twin towers can only happen due to earthquakes or man-triggered demolition.

Good afternoon Tun,

30. If I am chosen as one of the jury, in order to respect and accept Justice is trialed at fairest manner in Malaya High Court, My Lord, we announce that Anwar bin Ibrahim is not guilty of sodomy act because there are no concrete evidences to prove that he is guilty.

31. Hence, My Lord/Yang Ariff, we have made the decision that he is not guilty.

32. We would like to My Good Lord to read the court sermon/khutbah mahkamah that Anwar Ibrahim is trialed fairly in the eyes of Common Law.

33. Today, 19 September, 2011, My Good Lord should announce that Anwar Ibrahim can walk out as a free man from the court today.

34. Since Anwar bin Ibrahim as Malay bumiputra, he has chosen not to bertaubat di Istana Negara sebagai Malay Muslim bumiputra, even though he was advised by his own skilled and good lawyer, Mr Karpal Singh.

35. Therefore, Anwar Ibrahim has chosen his path for not contesting for the pangkat Perdana Menteri, Timbalan Perdana Menteri, Menteri dan

Pakar Ekonomi in Selangor, in the name of Allah dalam Istana Negara.

36. Will Bush who claimed himself as the self-claimed Jesus who is above politics to be brought into justice in USA High Court, Tun, we should respect and accept the Good American Soldiers' decision for not bringing him into court.

Salam Tun,

1. People attack jolly for displaying the truth. And the attack includes the form of insult to another religion as well as personal. This method of

fighting fire with fire is not to seek the truth, merely to satisfy the lust for hatred. So i will stand by her and her reasoning.

2. Islam muslims who are lost or have gone astray bring bad name to what is actually a beautiful religion. They use the name Islam and commit crimes to humanity. If true muslims, Islam muslims or Christian muslims or even a Jew muslim do not stand up and point out the false, then all muslims will suffer.

3. I only partly agree with Tun that this 9/11 is US gov inside job. I think there were outside collaborators as well, maybe by the name Osama. This looks like a CIA job. I think it was funded by the peoples money. The aim i think is to shake the Earth and make a dream (or nightmare) come true for some.

4. From a distant, we can only create theories. We cannot test & verify them. But if Tun is right that the 9/11 may be a creation, for if the 9/11 did not happen, then there is a real possibility a similiar heinous act be done by some mad person or group. That was what jolly was so desperately trying to say, but her alphabeths fell on deaf eyes. What her religion is, what music she likes, i don't care. What she says hold water.

5. According to Tun, Arabs not capable of planning this. An obvious lie from Tun, who once said something like "there is no proof that any single race is cleverer than another." Indeed, one can find a Scientist of any race around the world. And of course, Arabs too.

6. But it may be a prompt for the Arabs to contribute something worthwhile to the World again, besides oil. Oil is not their contribution anyway, it is a natural resource. In other words, bring back the glory and sweetness of Islam, suited to this age, the Age of Reason.

7. The Arabs are the ones who gave the world the religion of Islam. The original Quran is in classical Arabic, i was told. It is definitely Arabic. There are now some 1.5 billion Islam muslims in the world who reads arabic Quran, most of whom understand but a few words of arab. I'm not at all surprised that Arabs now revolt and want change.

8. English is the international language, if you fly around the world. The Arabian Nights magic carpet makes good bedtime story, but the Arab language is not as widely used as English. Ironically, the culture that gave the world Science, is now far behind in time. Something must have gone wrong somewhere along the way. Time for a check-up i guess.

Thank You Tun

1-The truth shall prevail in the end.One of the truth that have come out now is that they have underestimated the enemies or overestimated themselves as a result of which they are now stuck on a path of no return.

2-They have started something they could not stop.They should have listened to you then Tun,the only PM in the world then who warned Bush from attacking Iraq.

3-This war is what that is going to guarantee their economic collapse.The what that is surely going to help them raise their debt ceiling

again next year if not sooner. By suddenly ending Osama, Obama actually want to stop the war but as you are aware he is not the real president of America.

4-Jolly, if you want to show that you are such a peaceful person very unlike the Muslims, then you should reassess whatever you are doing here in this blog? Tun the host is a Muslim and the majority of the visitors are also Muslims but your unrelentless attack on the Muslims based on your one sided bias support of the Christians is downright unwarranted and rude.

5-It clearly shows that you are the real true militant in this blog insulting our faith while promoting a highly blasphemous idea of associating partners to God. Have you come across any of us insulting your faith before? If we have it is only in our defending our faith after you people have attacked us first.

6-If you are truly the peaceful person you claim to be just blog in it peacefully without touching on our sensitivities or better still go blog amongst the Christians and insult the Muslims as much as you like after all, that is what peaceful people do don't they?

Thanks Tun

As it has always been said, it takes a thief to catch a thief and logically it takes a bigger liar to know another liar. Now Tun has to think up a bigger lie to top 911, that is if his theory of it all is correct. Tun has always been envious of anything that is bigger or better than he achieves. Salam Tun.

Even while watching live the whole episode of the Twin Towers back then, I did manage to ask/become curious and mentioned to my family members "WHY ARE THE TOWERS STARTING TO COLLAPSE FROM LEVELS WAY BELOW THE BURNING FLOORS?"

Bush & Blair (initial as BB or babi, very close relative of swine) or even that Hanan the jew probably know the answer.

Americans nowadays are so materialistic and also fully engrossed in all things that can provide entertainment and glamour that they are not bothered by all the on-going politicking and manipulations that are strongly moulded to the wishes of the jews.

The yankees normally leave all investigations and detailing to the mass media and they fully concurred to all the news report provided, no questions asked. The mostly jewish-owned newspapers and electronic media will ensure first & foremost to publish/report on any news that can stir negative perception about Islam.

Jolly 'the preacher', Andrew 'glamour' tay, ecompute 'the tongkangman', tuchang 'the pigtail' will then be so happy. Typical racist ingrates! Maybe they ate too much 'fliced lice'!

They all don't have any remorse or never feel anything when discovered to lie openly!!

Come to think about it, Malaysians are much more advanced/open when practicing democracy as compared to Americans. Even super morons like Mat Sabu and Latifa Koya(k) are getting extensive coverage with strong support for being perpetual liars and trying hard to tell everyone "we belong to the eternal morons club".

Anyone who are close to Mat Sabu please tell him noniwahid and jo want to become life members of the club.

Tun,

On the eve of 9/11. Muslim Apologists like yourself gather together to brew your cocktail of Conspiracy Theories. 'Double, double toil and trouble; Fire burn, and caldron bubble ,....'. I guess it helps your Brethren sleep better.

Let me explain away all the BS that is floating around. Firstly, in every crime scene there will always be some unexplained phenomena i.e. loose ends or inconsistent accounts. Is the main premise plausible ?

A normal building has 4 main supporting pillars. Plane crashes into side weighing several tonnes with jet fuel burning weakening one pillar. Three pillars cannot support what's left. High School Physics, building collapses. Why the 3rd building collapsed when not expected. The only way to test that premise is to have a real life test. Crash 767 fueled planes into the Twin Towers and see if it does not effect buildings around

it as it topples. I bet ya you'd be surprised !

Conspiracy Theorists focus on all the extraneous events. Why the building didn't fall the way they expected and come up with BS Theories using fantastical explosives like Thermite. They themselves have no evidence on how these explosives were placed. As if, there was a great plan whereby dozens of building or elevator technicians sneaked around placing the precise explosives did not draw any attention months before this event. Their mentality like yours (its been researched) is to draw concentric circles around your imagination to explain or deny what you want or not to believe.

The same Nut Jobs also believe that the Moon landings were faked i.e. with circumstantial anecdotes like the lack of stars in pictures, why the flag is missing certain attributes, why the Astronauts walk a certain way when they expect to see something different ,etc,etc,etc. Similarly, they cannot explain why thousands of engineers, technicians, scientists etc,etc, etc

would lie or cover-up this event. Instead they draw wider and wider concentric circles around their imagination to explain their neurosis.

Many people were murdered in those buildings. Do you think you honour their memory with your conjecture ? Do you think God Almighty equates Conspiracy Theorists to Slanderers ?

Peace Be With You In Jesus Name

Good morning Tun,

11. After reading this sound bite, translated by Google in Malay today as gigitan bunyi, I need 3 days to use my heart to see the truth which will never be published, trialed or told.

12. The 9/11 conspired plot had made Malaysia gone through 3 massive major demonstrations lead by Anwar and his die hard fans only.

13. Because of THE 9/11 CONSPIRED LIE, the world leaders and Americans no longer trust both Republic and Democrat parties , and this was why less than 20% of the total population of Americans came out to vote for USA presidency.

14. If Tun ask me is Anwar guilty of sodomy as rakyat Malaysia?

15. No, he is not until today in my heart.

16. Can he be appointed by political parties and rakyat to be our PM?

17. No, he will never be because Anwar is more interested to bring down Najib, emotionally.

18. Musato, do not judge Mr Lee Kuan Yew and I believed he has only congratulated Guan Eng dan tak pesan apa2 kat Guan Eng dan Tok Nik Aziz.

19. DAP Lim Kit Siang, Guan Eng and their pembodek2 are CAT handler by scoring high as copycats/peniru saja, and they can be in culture shock too kerana Cina pun boleh jadi Mat Sabu atau Pak Pandir, kan mereka ni manusia biasa, tak haram kan?

19. The reason I joined Che Det because I believed that Tun Dr MM is a good man and he did not mastermind the THE REFORMASI PLOT 98 to bring down Anwar, anak bumiputra Melayu, though many people told me that he did.

20. We want a Good Government, we do not want a Government who are up there to abuse public monies.

21. Tuntuah, I do not want a Malay PM either whom can bully his puak puak di luar sana, and KDN tak buat apa2.

22. Since Najib gave the speech in Bahasa Melayu as UMNO president, than I assumed he was referring to Malays only, not US, the Bumiputra.

23. Who was the one who has Bush's style in Malaysia, Tun?

24. Why do we we cast votes?

25. We cast votes because we want a Good Government.

26. Cast our votes wisely to elect a Good Government in GE13.

27. Why Put-rajaya, Pusat Pentadbiran Negara project was witnessed at the pleasure of Tuanku Sultan in the land of Selangor?

28. To be or not to be is that the question to be asked again and again after 54 years of Merdeka, truth will prevail one day.

29. It is time to end the Chapter of REFORMASI in Malaysia in the name of "Allah", bukan di atas nama puak2 ketuanan Melayu, Cina, India, Iban, Dayak, Bengali, etc. etc. as bumiputra of Malaysia.

Good day, Tun.

tidak mungkin anda tidak tahu tentang bagaimana British membahagi-bahagi wilayah-wilayah Islam kpd negara-negara kafir lain sebagai persediaan untuk mencetus konflik masadepan dalam memastikan Negara-negara Islam tidak mungkin dapat bersatu sebagai satu Negara besar lagi hebat dibawah seorang Khalifah.

tiadak mungkin anda bodoh sangat untuk tersalah anggap tentang pengeboman-pengeboman `suicide-bomber`.selepas kejatuhan Empayar Turki,British-Amerika-Yahudi begitu gigih memastikan tiada satupun Negara Islam akan dibiarkan lebih kuat dan makmur dari jiran nya yg kafir.berbagai cara digunakan untuk mencapai maksud itu.

kaum China adalah bangsa hebat.tidak mungkin anda begitu bodoh tentang ini.tapi anda sekalian memilih untuk berlagak tidak tahu dgn tujuan busuk untuk mengelirukan Umat Islam konon nya anda berpegang pada prinsip moral yg jelas terlihat didada akhbar dan berita-berita palsu ciptaan Perikatan Barat.

jgn sangka orang Melayu dan Umat Islam tidak tahu tentang anda.baik anda,d.tan,ekompute,LKY,LKS mahu pun Wen jiabao sebenar hanyalah mahu menumpang kejayaan Perikatan Barat membendung Kebangkitan Islam.

adapun segala cakap-cakap anda sekalian mengenai moral dan agama hanyalah kata-kata opportunist saja.hari ini anda keluar-masuk gereja menyembah Nabi Isa dan Ibu nya,bercakap tentang Bible seolah-olah telah menemui kebenaran hakiki.tapi seandainya esok-lusa Negara China

benar-benar bangkit sebagai kuasa-besar dunia yg lebih kuat dari Amerika...tidak mustahil anda sanggup downgrade-kan Virgin Mary hanya setakat sebagai isteri kedua Jade Emperor.sebab sebagai bangsa supramacist,tidak mungkin anda secara ikhlas mahu meletakkan Jesus ditempat yg lebih tinggi dari Jade Emperor.

kita tahu dgn pasti tentang anda sekalian.jadi jgn lah berlagak 'innocent' konon nya mementingkan kebenaran,membenci kejahatan atau berpegang pada prinsip.sekali lagi saya ulang...anda-anda sekalian tidak lebih daripada kaum opportunist yg tidak mengenal tamadun moral.sebab itu Ajaran nilai moral Islam begitu menakutkan anda.

jolly,kita tidak sepatut nya hidup sebagai jiran,sama ada dalam sebuah taman perumahan atau pun dalam satu Daratan.kita sepatut nya bertemu dimedan pertempuran,di Spratly atau di Natuna.and a dgn seragam PLA dan saya sebagai Askar Melayu.kita bertempur mempertahankan Negara-Bangsa dan Fahaman masing-masing dan mati secara terhormat.itu lah Kemuliaan.

dan itu adalah lebih mulia dari kehidupan anda beberapa generasi askar PLA yg menyamar sebagai pelarian ekonomi yg bila dikasihani dan diberi makan,melahirkan pula generasi kedua-ketiga pencuri-penipu yg kaya-raya lalu selanjut nya melahirkan generasi-provokasi seperti anda sekarang ini.

jolly,mula nya saya tidak faham kenapa sebuah bangsa hebat seperti anda begitu rendah nilai moral nya,malah dibawah paras yg boleh diterima akal.d.tan,s.tan dan segala setan pelesit begitu gigih menyebarkan kebencian terhadap umat Islam dan bangsa Melayu,dari sekadar masuk kristian hinggalah sehingga begitu beriya-iya benar membela kezaliman yahudi..kemudian seorang kawan membisikkan kpd saya bahwa akhlak sesuatu bangsa atau kaum ada bersangkutan-paut dgn apa yg mereka makan.

anda gemar pada daging haiwan yg menyondol maka akhlak anda pun ikut tersondol-sondol, sedangkan yg vegetarian dikalangan anda pula begitu melampau ketagihkan Bunga (interest). jadi... ini lah yg terjadi!

izinkan saya mengingatkan anda pesanan Confucius;

"Real knowledge is when you know the extend of your ignorant".

kata-kata yg indah ini tidak akan berguna selagi anda tidak mengubah tabiat pemakanan anda. ambil lah langkah pertama dgn berhenti makan khinzir dan riba' dan jgn minum arak. kemudian 100 hari sesudah daging dan darah anda bersih dari kotoran, pasti otak dan hati anda akan kembali jernih untuk mula membezakan mana yg baik dan buruk.

tapi jangan jadi seperti LKY, tak makan khinzir, tak minum arak tapi cinta pada riba'. otak nya Islam, hati nya kafir. dia buat perkara baik dgn niat yg paling busuk. anda harus ambil iktibar jgn jadi seperti itu.

terimakasih Tun.

Assalamualaikum Tun,

Considering the 9/11 incident has a high impact on US foreign policy i.e pre-emptive strike and started two wars in Afghanistan and Iraq, and that the whole world seems to be playing along with the US version of what happened in 9/11, and not one country dare to challenge this, it exposes just how powerful these group of people are.

Are these the same people when you referred to during the last OIC meeting when you were still Prime Minister when you said "But today the Jews rule this world by proxy. They get others to fight and die for them."

I also read that the previous world war 1 and 2 was started by them, and that their 2 major victories was the fall of the Caliphate of Ottoman empire and the creation of the state of Israel.

I was also informed the creation of the current world financial which is based on riba and depegging of currency from gold creating worthless paper money is also by them. I wouldn't be surprise if the current financial turmoil is also done by them in a deliberate attempt to create a new world order.

They may plan all they want, but Allah will decide on what will happens.

May Allah protect us from their evil plans.

Is the truth that we seek is the truth that we want? Mostly, people wanted their version of truth, not the facts that has been scattered around us. Nowadays, the "truth" is labeled as such, without it, it would be lies.

At least, Tun is fighting for the truth, labeled or not. Do we?

Great one Tun. Astro now keep showing the 9/11 incident but it will just make people remember the conspiracy behind it.

To Jolly,

Just because you have seen footage of Osama's 'meeting' to create 9/11 doesn't mean it's true and have you forgotten that Osama was one of the CIA before. Just one meeting footage cannot challenge the scientific and physical evidence that was there on the site. Tell me, how did the building collapse from top to bottom in less than 10 second? If you can't answer that, that means you have very little knowledge.

Dear Jolly,

The list has nothing to do with the religion Islam. Check out the roots of the problem.

What about lists of non-muslim intruders in Muslims countries, divide the people in factions, so that they killed each others.

1. What business has US and accomplice got to do in Afganistan, the Talibans are the Afganistan people, let them decide how to rule their own country, as and how they like;

2. In Pakistan, why do US wants to interfere?

3. In Libya? Why is US and Nato interfering with their internal problems? Only Libyans have the rights to topple Gaddafi not US!

4. Do you think the Egyptians is better off without Mubarak?

5. Why get the Southern Sudanians go against present rulers?

6. Why bother Syria and Iran? Did they blow up US rice bowl?

7. Untold damage has been done in Iraq. The factions in Iraqs were not that brutal until US intervention! There were much more killings after the intervention than during Saddam. Is it because Muslims enjoy killing others?

8. What about the Palestinian in Gaza? Do you think they enjoy killing others?

US (of course, the Jews behind them) can't accept a UNITED ARAB NATION and a UNITED AFRICAN NATION.

This is a game of survival: This is all about POWER and being superior Jolly...

Never mind the killings

Jolly Green Giant

America became great through wars. The War of Independence, 1774, the American Civil War 1861, the Spanish-American War 1898, the World War 1, 1914-1919 (she entered in 1918), the World War 2 etc were an integral part of America's greatness in expanding her Empire at the expense of Great Britain and the rest of the world in her pursuit of world hegemony.

As the main beneficiary of World War 1, America found to her horror the backlash of outdated laissez-faire socio-economics which hit her by the late 1920s culminating with the Crash of October 1929 on Wall Street and the Great Depression which followed in the ensuing years. Her population was hit hard by the unemployment and by 1940 a large portion was looking towards the apparent great success of Hitler's Germany beginning in 1934 including the Ambassador to the Court of St. James, Joseph Kennedy. Roosevelt's New Deal was going no where - 'James Quinn - The Burning Platform' - and the general opinion of the Americans was anti-war in the face of gathering war clouds over Europe. By the late 1930s, the Imperial Japanese Army was romping all over Asia. Sanctions against the Japanese developed so much so that by 1941, both the Americans and the Japanese were negotiating desperately to avoid war. The Japanese struck at Pearl Harbour on 7 December 1941. Their spies reported that the whole American Pacific Fleet were there. When their planes arrived, the four aircraft carriers were missing but the old battleships of the 1920s were all lined up to be bombed. The aircraft carriers vital in naval warfare, the 'Enterprise', the 'Hornet', the 'Yorktown' and 'Lexington' were out at sea hundreds of miles to the north. In formal history books, the fact is admitted that the Americans cracked the Japanese Naval Code after Pearl Harbour and because of this, the Americans beat the Japanese many months later at Midway. No one has ever explained why the 4 vital aircraft carriers were out at sea and the aged battleships were left behind on 7 December 1941! Did the Americans have already cracked the Japanese Naval Code before Pearl Harbour? Did Roosevelt know that if the whole American battle fleet had been missing from Pearl Harbour, there would have been no single

horrendous catalyst to change the mind-set of the anti-war populace to all out war with the Axis ? A single picture of a burning and sinking battleship and the words 'Remember Pearl Harbour' – the whole nation went to war.

This is one of the great mysteries of American War History, like the unexplained sinking of the US battleship 'Maine' in Havana in 1898 and the 9/11 tragedy and its conspiracy theory. America – A great nation which relies on its 'politico-military-industrial complex' to achieve world hegemony, a phrase coined by President Eisenhower in the early 1950s !

Salam Tun,

1. What struck me most on the 9/11 story is a a documentary made by NuoViso (German). And what is my personal favourite is when the video clip of WTC 7 collapsing to a german Demolition Expert, Daniel Jowenko, who cooly said it is a controlled demolition and he is sure about it. When told it was the video clip of 911, he said. "That can't be true. They must have worked very rapidly."

2. jolly was trying to say ther are bad bad Islam muslims, by giving us the long list. what she says and what you say Tun is the same, but she understands not. it is because there are too many bad Islam muslims that this false flag was necessary, as America and the west seems to be elected as representative of "satan" in the minds of these bad muslims.

3. muslims do not agree with the wests freedom and democratic way of life, it is very painful for them. this was probably started by one lost imam, or leader, who cannot seem to adapt to the west life. and thus begin to poison the minds of his people and the cancer spread over the years.

4. the false flag then is absolutely necessary to stop this cancer. but the wars, i understand there is plenty oil there, so the war is desirable perhaps for some countries and the false flag provides a damn good excuse.

5. i honestly think acts of war are against human rights. against the spirit of mankind. surely there are other peaceful ways to handle Islam muslim issues or terrorist issues. Must we take out lives and play god ?

6. if mankind believes in war to solve problems, there will never be peace. so much for what we call civilisation then. we will go back in time to the wild wild west. well, so be it then. it is for this reason i propose UN peacekeepers enhance their role. what good is UN if they cannot tame the raging fire of war ?

Thank You Tun

Another great logical article by Tun. But do not expect the minority of dumbed down Americans to question this. For most Americans, they actually do not believe the official government propoganda about 9/11, most believe it was either an inside job or that it was "allowed to happen" to justify American invasions and destruction of Muslim lands.

Salam Tun,

UNTUK MEREKA YANG MASIH KURANG SEDAR

British telah berjaya dihambat keluar dari Tanah Melayu kerana anak semua bangsa telah bangun mengangkat senjata melawan mereka. Perjuangan angkat senjata ini adalah fakta sejarah. Fakta yang selama ini telah cuba ditenggelamkan oleh United Malay National Organisation. Niat busuk menenggelamkan fakta ini bertujuan untuk menipu orang ramai agar percaya bahawa gerombolan United Malay National Organisation ini sahaja yang berhak menjadi 'raja' memerintah Tanah Melayu/Malaysia sampai hari kiamat.

Semenjak tahun 1958 United Malay National Organisation telah ke hulu ke hilir menjajakan ikan busuk – Merdeka dicapai tanpa tumpah darah. Setiap bulan Ogos United Malay National Organisation jadi mamai dengan kesah-kesah dongeng tentang bagaimana mereka menentang gerila Pembebasan Rakyat Malaya yang dipimpin oleh Parti Komunis Malaya (PKM). United Malay National Organisation ini agak bebal kerana kesah kesah dongeng ini membuktikan bahawa mereka – dalam Bahasa Inggerisnya menjadi British's running dog atau anjing suruhan British. Rakyat Tanah Melayu bangun menentang British tetapi United Malaya National Organisation menentang orang yang menentang British. Jelas ini perbuatan

dan kerja barua British.

Perjuangan mengangkat senjata melawan British bermula pada 20 Jun 1948. Sebelum angkat senjata melawan British ini dilancarkan, Parti Komunis Malaya telah juga melancarkan gerakan gerila bersenjata menentang kuasa fascist Jepun. Ini adalah jawapan anak semua bangsa terhadap fascist Jepun yang telah menawan Tanah Melayu pada tahun 1941-1945. Ini fakta sejarah.

Babak-babak sejarah sejarah gilang gemilang bermandi darah ini cuba dilupakan kerana dalam sejarah ini nama United Malay National Organisation tidak pernah muncul. Bau bau kentut mereka pun tidak terdengar dalam babak-babak sejarah ini. Gerombolan United Malay National Organisation tidak pernah wujud dalam perjuangan anti-imperialis.

Kuasa imperialis Kulit Puteh (White Colonial Power) – Portugis, Belanda dan British – datang ke Tanah Melayu ini kerana mencari harta kekayaan. Kuasa imperial ini datang untuk mengambil hasil bumi – bijeh, emas, getah dan rempah rampai. Buktinya: gerombolan yang datang awal untuk menjarah harta kekayaan di Kepulauan Nusantara adalah lanun seperti Raffles dari East India Company.

Semenjak kuasa imperialis ini – Portugis, Belanda, Inggeris dan Jepun – menjejakkan kaki ke Tanah Melayu – mereka terus diserang. Nama seperti Mat Kilau, Datuk Bahaman, Tok Jaggut, Maharaja Lela, Haji Abdul Rahman Limbong – adalah pemula gerakan anti-imperialis di Tanah Melayu. Ini fakta yang tidak mungkin luput hingga hari kiamat.

Mari saya cerahkan para pembaca dengan beberapa fakta-fakta sejarah yang juga tidak mungkin akan berubah hingga hari kiamat. Para pembaca yang budiman : Sila buka minda dan pakukan ke dalam otak kita semua bahawa parti dan pertubuhan politik Melayu yang tertua di Tanah

Melayu ialah Kesatuan Melayu Muda (KMM) yang ditubuhkan pada tahun 1938 dibawah pimpinan Ibrahim Yacoob. Ini diikuti pula dengan Parti Kebangsaan Melayu Malaya (PKMM) yang ditubuhkan pada tahun 1945 dengan sayap mudanya Angkatan Pemuda Insaf (API) dan Angkatan Wanita Sedar (AWAS).

United Malay National Organisation hanya ditubuhkan pada tahun 1946. Sila baca betul betul. Buka mata dan buka kepala: KMM 1938, PKMM, API dan AWAS pada tahun 1945. United Malay National Organisation ditubuh pada tahun 1946. Baca sekali lagi : sembilan belas empat puluh enam United Malay National Organisation ditubuhkan dan bukan sembilan belas tiga puluh lapan. Tarikh 1946 ini pun untuk United Malay National Organisation telah ditalkinkan. United Malaya National Organisation yang baru ini ditubuhkan pada tahun 1988. Ini fakta sejarah yang tidak akan berubah hingga hari kiamat.

Kemudian mari kita lihat garis-garis perjuangan parti-parti ini. Kesatuan Melayu Muda dan Parti Kebangsaan Melayu Malaya telah memekikkan slogan – MERDEKA! Laungan ini telah menghantui kuasa imperial British. Tuntutan kemerdekaan ini telah mengampoh dan ini menakutkan kuasa kolonial British.

United Malay National Organisation bukan sahaja TIDAK berani melaungkan – merdeka – malah gerombolan ini telah mengeluarkan slogan lawak seram yang berbunyi: Hidup Melayu! Slogan lawak seram ini seolah-olah orang Melayu 'kurang oxygen'. Masih tidak jelas – apakah pada tahun 1946 dahulu orang Melayu sedang nyawa-nyawa ikan atau kurang oxygen untuk bernafas sehinggakan perlu dilaungkan 'hidup Melayu'. Atau kerana hakikatnya United Malay National Organisation ini satu gerombolan yang bebal dan tidak dapat memikirkan slogan yang masuk akal.

Lawak seram – Hidup Melayu – masih ditakbirkan ke hulu ke hilir hingga ke hari ini. Adalah satu fakta bahawa yang masih lantang

melaungkan Hidup Melayu hari ini adalah kaum Mamak Kimma dan kumpulan Awang Hitam yang semakin di sangsikan teromba dan salasilah kerurunan mereka. Kenapa Awang Hitam ini suka melaungkan Hidup Melayu ini memerlukan satu kajian yang lebih rapi.

Adalah juga fakta sejarah bahawa United Malay National Organisation tidak – diulangi sekali lagi dengan huruf besar – T-I-D-A-K – berjuang untuk mendapat kemerdekaan. Apabila kuasa imperial British merasa tekanan senjata dan gerakan massa politik di Tanah Melayu semakin melonjak dan mengampoh maka kuasa imperial memerlukan budak suruhan yang setia. Justeru, diwujudkan satu gerombolan yang dipanggil United Malay National Organisation. Nama Inggeris kumpulan ini masih dipakai hingga ke hari ini. Nama Inggeris ini sahaja sudah memadai sebagai bukti bahawa gerombolan ini ditelor, dieram dan dinetaskan oleh British.

Pada 20 Jun 1948 kuasa kolonial British telah mengistiharkan apa yang dipanggil 'darurat'. Perkataan 'darurat' ini adalah kelentong besar dari pihak British. British dengan licik telah menggunakan perkataan 'darurat' agar orang Melayu tidak sedar bahawa apa yang sedang berlaku pada tahun 1948 sebenarnya ialah perjuangan bersenjata untuk menghalau British. Tidak ada warga Tanah Melayu dalam darurat. Yang darurat ialah kuasa kolonial dan soldadu British yang telah diserang oleh gerila Pembebasan Rakyat Malaya.

Apabila darurat diistiharkan – kuasa kolonial British telah mengharamkan KMM, PKMM, PKM, API, AWAS, Hisbul Musliman dari bergerak bebas di Tanah Melayu. Ramai pemimpin parti, kader politik dan aktivis dalam gerakan nasionalis ini telah di tangkap oleh soldadu British. Nama-nama seperti Burhanuddin al-Helmy, Ishak Haji Muhamad, Chen Peng, Rashid Maidin, Shamsiah Fakeh, S.A. Ganapathy, Ustaz Abu Kabar al-Bakir, Ahmad Boestaman, Kamaruzaman Teh, Abdullah Sidi adalah nama-nama nasionalis yang dikhendaki oleh British.

Apabila pemimpin dan kader dari gerakan nasionalis ini ditangkap, diburu atau dibunuh maka barulah United Malay National Organisation dapat berkembang. Gerombolan United Malay National Organisation dapat bernafas dengan slogan Hidup Melayunya kerana ramai pemimpin-pemimpin rakyat telah memulakan kerja dibawah tanah atau masuk ke hutan mengangkat senjata untuk menjadi gerila Pembebasan Rakyat Malaya.

British dengan licik telah lebih awal merancang satu strategi untuk memastikan United Malaya National Organisation dapat mara ke hadapan. Strategi ini cukup senang: Dua tahun sebelum darurat diistiharkan kuasa kolonial British telah menimbulkan konsep politik yang dinamakan Malayan Union. Ini adalah taktik British untuk mematahkan gerakan nasionalis Melayu yang anti- British. Dengan mencadangkan konsep Malayan Union ini British telah memberi nafas kepada United Malay National Organisation untuk mengumpulkan orang-orang Melayu.

Justeru apabila darurat diistiharkan dua tahun kemudian – pada tahun 1948 – pucuk pimpinan nasionalis Melayu dari KMM, PKMM, PKM telah dipatahkan. Gerakan yang tidak diganggu gugat malah mendapat sokongan British hanyalah United Malaya National Organisation, Malayan Indian Congress dan Malayan Chinese Association – semuanya menggunakan nama Inggeris. Ketika pemimpin gerakan nasionalis dalam penjara atau kini di hutan bergerila maka ketika inilah United Malay National Organisation mencelah masuk menawarkan diri untuk menjadi barua British yang setia. Ini fakta sejarah yang sampai kiamat pun tidak akan berubah.

Onn Jaafar dan Tunku Abdul Rahman – dua bengolan ini bukan – B-U-K-A-N – dieja dengan huruf besar – bukan perjuang menentang British. Mereka berebut-rebut menawarkan diri untuk menjadi barua British yang setia. Pada ketika itu penjajah British memasang dua kuda. Justeru, kuasa kolonial British memiliki dua pilihan. British akan memilih kuda yang lebih setia dan yang boleh menipu orang Melayu dengan bijak bistari. Akhirnya Tunku menjadi kuda pilihan British.

Dengan kemunculan budaya internet segala pembohongan United Malay National Organisation telah diketahui umum. Satu demi satu tipu helah dan fakta songsang tentang perjuangan kemerdekaan Tanah Melayu telah mula dibongkar. Anak-anak muda semakin sedar kenapa pada ketika ini United Malay National Organisation sedang bermati-matian cuba memesongkankan fakta perjuangan bersenjata melawan British.

Hari ini – pada 5 haribulan September 2011 – United Malay National Organisation sedang bernafas dalam lumpur untuk mempertahankan babak serangan gerila Pembebasan Rakyat Malaya keatas Rumah Pasong Bukit Kepong. United Malay National Organisation melihat serangan ini sebagai detik sejarah perjuangan mereka.

Serangan gerila ini telah dipimpin oleh Mat Indra – seorang guru agama, seorang kader dari Parti Komunis Malaya dan aktivis API. Kemunculan Mat Indera pada tahun 2011 telah meledakkan mitos bahawa Parti Komunis hanya dianggotai oleh orang China. Roh Mat Indra juga telah meledakkan mitos bahawa kaum komunis tidak ada agama. Roh Mat Indra yang muncul tahun ini telah juga mensahehkan bahawa United Malay National Organistaion adalah barua setia British. Ini kerana Sarjan Ketua Rumah Pasong Bukit Kepong pada malam serangan itu ialah Ray Dancey. Sila baca namanya sekali lagi. Namanya bukan Mat Rais bin Lebai Dasi tetapi Ray Dancey – seorang Mat Salleh yang sebelum ini kerjanya ialah mengharu birukan rakyat Palestin.

United Malay National Organsation ini bukan sahaja barua yang setia malah telah menjadi barua yang amat bebal. Tidakkah mereka sedar bahawa serangan keatas Rumah Pasong Bukit Kepong ini berlaku pada 23 Februari 1950. Tahun seribu sembilan ratus lima puluh Tanah Melayu masih dibawah British. Bendera yang berkibar di rumah pasong Bukit Kepong ialah bendera Union Jack. Lagu yang dinyanyikan ialah lagu God Save the Queen dan bukan lagu Memula Moon atau Terang Bulan.(TT)

Just answer Mahathir's questions and doubts and you will have the answer. The arabs are idiots, they couldn't plan a football match and have to bring foreigners in, and to think that they can plan the bombing the WTC is way too much. Just answer Mahathir's questions and doubts and you will have the answer. The arabs are idiots, they couldn't plan a football match and have to bring foreigners in, and to think that they can plan the bombing the WTC is way too much.

There was no plane found at the Pentagon, the diameter of hole in the Pentagon building, was too small to have been hit by an aircraft, indeed the aircraft that supposedly crashed into the Pentagon building, was never found.

When President Bush was told about the bombing, he was reading to a group of students, and even AFTER he was told about the bombing, he

continued reading for an hour, before he flew back to Washington. Seems he wasn't too surprised.

The American Council of Building and Structural Engineers have said that there was no way that the buildings would collapse the way it did, if it was hit by an aircraft. They were of the opinion that there was already explosives placed INSIDE the WTC.

There was a time difference of 35 minutes between the first crash, and the second one. At any one time, there are almost 4200 aircraft flying in American airspace, and each one is tracked every second. Even if one aircraft is missing for a few seconds, it would create a panic, and a search immediately put into place and the Air Force immediately informed. Yet, though the 2nd aircraft went off course and crashed into the WTC, 35 minutes later, no one can explain why when that plane that went off course, it was never traced or detected immediately. America has the equipment to track that plane instantly.

To make it worse, the aircraft that apparently smashed into the Pentagon too, was never "missed", and so was the plane that smashed into Pittsburgh.

All these are on record. You can find them under, "Loose Change" on the internet, if it is still there.

Dear Jolly, thanks for your details comments. However, all religion in this world against cruelty and killing each other. Be it another human being or animals.

Another thing, please add up all the casualties/victims as per your list in your comment and compare to the total number of casualties resulting from US invasion in Iraq...there you can see US in no different from the so called terrorist that you mentioned above. lol

Akm,

Renungan,

Bila org buat tak elok kat kita, kita boleh tahan, tegur dan doa supaya benda tak elok tak jadi kat kita. Walau bagaimanapun, kita kena tengok diri kita, macammana sampai org boleh buat tak elok kat kita. Kita kena sepakat supaya org tahu, nampak dan hormat, jadi org tak ganggu, kalau ganggu pun, kita boleh tahan, tegur dan doa ramai-ramai. Tak kisahlah kalau org buat tak elok diluar atau dalam negara. Mungkin pasal org tak cukup tahu, nampak dan hormat, pasal tu org buat tak elok kat kita.

See when u hv conspiracy theory u think its ok. When mat sabu has his conspiracy theory not ok. You said Mat Sabu touched the sensitivity of fallen patriots. How about you, touching the sensitivities of 9/11 victims?

I think you had been a great leader but for recent issues I think you are just mere politician "dua kali lima" the standard of Mat Sabu. I admire some of the things you wrote but sometimes you are also quite silly.

Of course for Tun's fans that idolize him you wld 100% swallow his spits but bear in mind it is not good to see someone so godlike. Try to also challenge Tun once a while.

Salam YAB Tun

Most people hate the truth.

They were so absolutely sure.

Nothing happens to us except in accordance with Allah's will.

All decisions are made by Allah.

We shall put our trust in the One who is Alive – the One who never dies – and praise Him and glorify Him.

Truth shall prevail and falsehood shall vanish.

Our ultimate return is to Allah.

Wassalam.

This time I agreed with u.

Americans have to make conspiracy in order to remove saddam, no matter how much the price they have to pay, even to the extend of killing their own people but not Jews. That's why they chose the day when Jews were off duty (Jews public holiday),

Why they wanted to remove saddam? One of the reasons, saddam was a threat to Americans, esp in oil dealing (control market price). The rest are only Americans & Jews know.

They purposely created tension (thru wars) in order to cari makan. Who Will buy their weapons if the world is in peace? Who will pay for their people working in the weaponry if lose the jobs when the factories / industries closed down?

The rest all common sense- just like Malaya bully It's small brother Sarawak. Tun is good to make the dayaks remain poor so that they continue to support BN (taib) who in return saved yr son from bankruptcy. Small kids also know this.

Here u don't care how much dayaks had suffered as long as UMNO remain in power.

Al-Qaeda seems to be functioning more like a department of the CIA, used or abused as convenient by their master.

Whatever our background, Muslim or Christian, we have to support

efforts to seeking the truth about 9/11, so that it can properly inform our actions and decisions for a more just and peaceful world.
