

FREEDOM OF EXPRESSION

Chedet.co.cc

Addendum to "Freedom of Expression", updated Sept 19, 2012

- 1. Hillary Clinton says the film insulting to Muslims cannot be stopped because of freedom of expression.*
- 2. The French and Italian papers published photos of a naked Duchess of Cambridge. Now a French court has ordered the publishers to surrender all the pictures to the royal couple and to stop publishing them. The Italians are also going to do the same.*
- 3. So freedom of expression is selective, not to be used against a countess but okay for the prophet of the Muslims.*
- 4. I know there are many hypocrites in the West but this is the mother of all Western hypocrisy.*

ORIGINAL POSTING FOLLOWS;

1. Hilary Clinton defends the film which insults the Prophet of the Muslims because of freedom of expression, a part of human rights. I think Western values have gone crazy. In the name of human rights and free speech one can insult anybody. What kind of human society will we have if everyone can curse and denigrate everyone else? There will be no peace either between countries or religions or races or members of the public anywhere.
2. How would one feel if someone comes up to you and calls you "a bastard, the offspring of sex between your mother and some man who is not your legally wedded father."
3. Well how would one feel? The Americans would feel nothing because in their society this is normal. Their mothers sleep around with just about anybody. That is the norm, they would say. So do their fathers. It is an expression of the equality of the sexes.
4. Asians, and Muslims would feel insulted. They would probably kill the persons who say such things of their mothers. Free speech, yes. But insulting speech, no! Certainly no Asian would like to be called a bastard even as a joke.
5. It would seem that the liberal West believes that free speech is licence to curse and insult other people without limit.
6. They can enjoy this licence among themselves. That's okay. But they cannot insist that everyone accept their coarseness and lack of manners. If freedom is a part of human rights, not the rights of the West alone, Asians must have their rights to their own norms and code of morality. Otherwise Western freedom would be about denying others their freedom.
7. If that is what Western freedom is about then how others react to Western freedom must be accepted by the West as the expression of freedom of these others.

8. Western values are not universal, no matter what the Westerners claim or believe about their values. Other people and Asians have their own values. If the West believes that freedom must be enjoyed by all, must be universal, then that freedom must be extended to the values subscribed by others.

9. If you don't believe others should have freedom to enjoy their own values then you do not really believe in freedom as a part of human rights. Of course certain events we are seeing today seem to indicate that the West has arrogated freedom to themselves only. The freedom to kill people, including innocent people, is obviously a part of Western freedom.

10. That would mean the West is more authoritarian and undemocratic than the very people they accuse of being authoritarian and undemocratic.

11. It is about time that the West rethink their beliefs in freedom. If you really believe that freedom should be enjoyed by all, then respect other peoples' rights to their faiths, their values and their freedoms.

12. I deplore the extremely violent reactions to the film and killing of the American consul but I fully understand that some people's feelings are stronger than some other people. In a free world the strength of these people's feelings is their right. If there is such a thing as human rights then there should also be respect for the sensitivities of other people.

13. Otherwise stop talking about human rights and certainly stop violently promoting these so-called rights. You have no right to take the moral high ground.

Dear Tun,

Please allow me to address Mr MiddleAges

//and BTW Amin Tan, since when is Malaysia an Islamic State ? Since PAS gained entry into Pakatan ? Malaysia never was an Islamic State and never will be if we sane Malaysians can help it. Not with your kind of Islam anyway. Malaysia must remain sane and beautiful as she is, a progressive secular state with respect for all religions of her inhabitants and citizens, within limits.

Any religion wanting to take over and rule the nation must obtain a unanimous vote, which is not possible in multi-cultural multi-religious society. This is not Pakistan.

In any society, there will always be religious pressure groups wanting their own religion to be "state religion". But this begs many suspicious questions such as "what about others not of that religion ?", "is everyone to follow a certain religious law only ?", "being a belief, is then everyone forced to have the same belief ?".

I can go on, but people can see the point and the ridiculous nature of Amin Tans claim that Malaysia is a Islamic State. What he is saying is that he (and many muslim fanatics) wishes it is an Islamic State, and this muslim dream i know from very early days ever since the 80's.//

Dear Mr MiddleAges,

When I said Malaysia is an islamic country, I mean islam is the official religion. Muslims are allowed to put out loud speakers at the mosque to call the Faithful to prayer. What do you mean by 'your kind of islam' and 'my kind

of islam'. There is only one version of islam based on the revealed knowledge as in the Quran and the prophet is Mohammad. Christianity and Judaism are religions from revealed knowledge too, but the prophets were Jesus Christ and Moses. Islam is not Christianity or Judaism. The basic difference is the shahadah, 5 daily prayers, fasting during the month of Ramathan and perform the Haj.

Can you explain when you said you don't hate islam but in the same sentence you said 'Malaysia never was an islamic State and never will be unless over your dead body'?"

'Everyone forced to have the same belief'. This is not true. Other religions are allowed to practise freely in Malaysia, Pakistan or any islam majority country in the world. Islam is the religion of AlMighty Allah, most merciful, most forgiving. May peace with MiddleAges and Allah have mercy on you. Let us live and let live. Wallahu alam

Salam Tun.

I'm most concerned this to be only the beginning.

The real perpetrators could well be providing all the financial needs to the so-called 'run-down' producers on the pretext of going for cheap publicity, just to see the reaction by Muslims worldwide and to 'test the market'.

With mossad around, it will not be surprising for such things to become common occurrence. Even 9/11 was made to look like an al-Qaeda terrorist attack.

Such irresponsible things could become more frequent and their contents could get worse, especially now that B. Hussein Obama has personally given the green light with the same 'freedom of expression' excuse. Knowing fully well the US presidential election looming ever closer, the jews will demand the best offers from Hussein Obama else Romney will get the much sought-after 'dirty jewish' support!

Hussein Obama recently explained to American voters the promise of "change" that he forgot(?) to implement (of course due to the several more pertinent jewish agenda, which he could not spell out loud).

Dear Tun,

Please allow me to address Mr MiddleAges who says I have insulted his race and religion.

//Mr Amin Tan, your response is typical of a religious bigot and a fanatic/extremist. Not only do you insult my race, you also insult my religion, which profess freedom with qualified guidance from the Holy Books.

Your kind or version of Islam is blind obedience, to the point of stupidity and arrogance. As such, i would not to have anything to do with you. Please... do go to your heaven, and please...stay there and don't come back.

I do not hate Islam, i have no business to hate Islam. However, there are many muslims i do not want to even get close to, and possibly you are one of them. It is very likely you are one of those you gives the salam and wish peace to others, and then go on to say and do so many things to upset a peaceful soul.
And the most painful aspect, is that you think you are doing good for Allah. I think not.

That's it Tun, i do no wish to dwell too much on this favourite subject of Amin Tan. He might get over excited, as most of them do.//

Dear Mr MiddleAges,

May I know what is your race and what is your religion? I can't be debating with somebody whose identity, race, religion are dubious and unknown except he calls himself StoneAges or Zoro or Batman or Joker who wears a perpetual smiling mask as in the movie. You are a mystery like the JOKER in the movie, who plays the evil part. When the JOKER eventually dies, they removed his mask, he actually has a sad face and attached behind the mask is a recorder of somebody continuously laughing. Wallahu alam.
I am not your enemy. You are your own enemy.

137. I guess both these founding fathers knew very well that when UMNO pushed for nationalist Islam fighters via votes, UMNO will be weakened.

Salam Tun.

To MiddleAges (whoever or whatever you are).

You are not a Malay and not a Muslim, and definitely you’ve never been both, however you blatantly lied to tell otherwise to all the visitors in Tun’s blog.

Your dirty tactic and most obvious kafir behavior to spin and manipulate facts on whatever the little knowledge that you possess on Islamic matters, and trying hard to cause friction and hoping to undermine unity among Muslims, is very obvious.

1. You declared yourself as belonging to the never heard before “ anti-Mohammadan Islamic sect”.
2. You ridiculed Hj Amin Tan’s unblemished statement of “Tuhan maha kaya” by sarcastically inferring “Ini dusta paling besar. Tidak pernah Allah menyampaikan bank statement kepada Amin Tan, tetapi dia kata Allah Maha Kaya.”
3. You unashamedly claimed your late father fought for the British in defense of our lives against the communist threat. (You want me to guess correctly who your father was?)

I do not wish to add further on the numerous other stupid lies that you’d written, not to mention to your uncountable crazy statements.

You are indeed a PERPETUAL LIAR!

You are a hardcore kafir who will stop at nothing in order to spread/create disunity among Muslims.

Now, don’t let anyone here think of you as being a coward as well, because I’m inviting/daring you to come to Masjid Subang Jaya which is very near to your home on any Sunday from 6.00am to 9.30pm during the whole of October 2012.

Just pick your time then and type it out in this same entry from Tun.

See you.

I have not examined in depth on my previous exhortations to all Malaysians especially the Malaysian Chinese why they should vote for the BN at the next elections apart from a generalised comparison with the grand mistakes made by the rule of the awesome Lee Kuan Yew since 1966 and the hastily patched-up political tactics of the Opposition which are focussed on certain iconic figures of the BN based mainly on hate and nit-picking.

The Opposition has no political philosophy which is different from the BN because they were recently the lower-ranking members of BN who now make a play for all or nothing – a dangerous game using the beloved Nation’s well-being as their ultimate prize.

Why the Malaysian Chinese should vote for BN ?

1. If you vote for the DAP thinking that you will get the awesome Lee Kuan Yew their inspiration and hope, you are wrong by a thousand miles! Because by submitting to the Pakatan Arrangement (a pale copy of the BN), the DAP is in a much worse position than their counterparts in the BN because they are not practising what they preached. This is 'Malaysia for Malaysians' – a mischievous slogan thought out by the PAP before the DAP's inception to create division amongst the different communities. It backfired on PAP.

One former leader of the MCA opined years ago when he was in power that the Malaysian Chinese were fast disappearing into the ground. He is now on the other side of the fence. And I dare say how far he is from the truth about the Malaysian Chinese !

If the Malaysian Chinese vote for the Opposition, they would be the only one group in the whole wide-world who voted against the wishes of their forefathers who came to Malaya or other places, with the hope of peace, stability and prosperity. And they did not have the faintest idea to oppose the Government of the day but be thankful that they were permitted a peaceful haven for themselves and their descendants and worked hard in co-operation with other inhabitants.

We must always remember we were not born out of a rock.

Our personal history is what makes us human beings different from animals. Beasts of prey fight for the right to be the king of the jungle, but for how long ?

OK. the Malaysian Chinese want to vote for DAP because it is inspired by the awesome Lee Kuan Yew. Facts are facts of Singapore.

1. Money is used as an instrument of foreign policy resulting in the killing of innocent men, women and children in friendly countries.

Vide. ASEAN Regional News. The Flying Dutchman Epic. The Star. Seah Chiang Nee Columns.

2. Singapore promoted the 2-child family from 1966 to 1986 probably in contravention of Clause 16 of the United Nations Universal Human Rights Charter. Now, Singapore has to import Indian and Chinese billionaires to fill in the void of the missing Singaporeans who went down the longkang (drain). Hence, the numbers of multi-millionaires increase annually concomitant with the wealth per capita because the thousands of imported foreign manual workers are not counted. QED? 3. Singapore did not practise humanity and multiculturalism as in Malaysia by our icons the Royal Sultans and the successive BN Governments.

4. Malaysia does not have a perfunctory judiciary system.

7. The lifestyle and wealth of the ruling elite.

(4) Miscellaneous.

8. One single ruler from 1962 to 2012. (50 years).

Vide. Channelnewsasia. The Star. Seah Chiang Nee Columns. Possibly Queen Victoria ruled longer.

And many, many more.

OK. DAP is with the PKR and the PAS for the next General Elections to get to power in Putrajaya. What for ? Their political beliefs are the same as the BN. Revenge ? To garner millions of innocent votes for revenge ? It is more effective to do this through the media in colour photos.

In fact, the realpolitik move for DAP and PAS to do is to join the BN and assume political power to do good for all Malaysians. Why waste time ?

Why should the Malaysian Chinese vote for DAP which desires to be in the Opposition since 1969 ? What are the Malaysian Chinese who is in the political minority in our beloved Malaysia trying to prove to the world ? Tell the world Chinese, they will laugh at the Malaysian Chinese who are stupid not to earn money in peace and stability but to get involve in Oppostion politics which have nothing to do with them really ! Do not be misled by the cleverer and sweet-talking amongst your ken ! Think hard.

Why some leading lights want to be in the Opposition ? Why ? Why ?

Are the Malaysian Chinese leaders speaking for the Opposition, are not speaking with forked-tongues and without hidden agendas (foreign or otherwise) and overseas citizenships and bank accounts, really and sincerely prepared to die for all Malaysians in this beloved land when they are 100 years old and not in Perth ?

If the awesome Lee Kuan Yew who ruled from 1962 to 2012 with a wartime starred Double First in Law from Cambridge and probably a Third Class at the London Bar Finals (professional) admitted recently he made some mistakes, what do you expect the DAP to deliver – durians or rambutans ?

Vide. Malaysian Insider. TR Emeritus.

For all my fellow Malaysians, to vote BN is to underline, establish, confirm etc. proudly, respectfully and honestly that Malaysia is one of the unique countries in this small planet called Earth today ! We should evolve into a better society without the copy-cats.

A frivolous vote could undo what the BN had built-up all these years in a jiffy !

Think of your past ! Think of your present ! Think of your future !

Salaam Tun,

At the time when the Muslims are being redicule, Mr. Amin Tan goes on as usual with his upsided logic in his arguments. He just refuse to understand the problems with those who call themselves 'Muslims' and keep calling names and using bad language and being angry. He called me as Kafirun and very dangerous to Islam.

To Mr. Amin Tan, I would like you to go and study more about your loving Hadiths of which I presumed that you are lack of. The Hadiths about Prophet marrying Aisah when she was still 'playing with the dolls' and the Prophet sleep with her when she was nine is a 'Sahih' hadith and also that about the Prophet wanting to jump from the mountain. What I want to tell you is that those are false stories NOT TRUE, do you understand???? But they are recorded in the Hadith books and supposed to be believed by PEOPLE LIKE YOU. And now you go on the rampage by calling me names !!!!!??? You can go to your MULLAHS and ask them if those Hadiths are true or not. Those two Hadiths are very well known to the Muslims who know something about 'Islam'. I feel sorry for you.

Mr. Amin Tan, you are a symbol with what is wrong with Islam and think that you already have the ticket to Heaven!! Until and until the Muslims keep themselves from mixing falsehood with truths, they will never be seen as normal people. It is time that we should take a serious look with what is wrong with us.

Let the believers be victorious wherever they may be.

Thank you Tun.

Assalamualaikum WBT YBHG Tun,

Izinkan saya mengambil sedikit ruang dan peluang seterusnya melalui tajuk "Freedom of Expression" yang masih hangat diperkatakan oleh masyarakat khususnya masyarakat Islam. YB Dato' Seri Anwar Ibrahim Ketua Pembangkang dan Penasihat/Ketua Umum PKR yang telah menyatakan bahawa terdapat masalah jiwa dan beremosi orang Islam dalam menangani isu penghinaan Baginda Rasullullah dan agama Islam oleh barat dan yang anti Islam (di dalam dan luar negara Malaysia). Orang Islam cepat marah dan beremosi begitulah lebih kurang bunyinya pandangan DSAI. Amat dukacita sebagai umat Islam DSAI gagal mempamerkan dirinya terhadap kecintaan kepada Baginda Rasullullah dan agama Islam. Mungkin juga DSAI mengikut trend freedom of expression sehingga meminggirkan kepentingan Islam, lebih dari itu DSAI sangat berharap dengan berbuat demikian beliau tidak hilang

penyokong dan pengundi bukan Islam dalam pilihanraya umum ke 13 nanti. DSAI juga kelihatan amat takut kepada YAB Lim Guan Eng sekutunya dari DAP sehingga tidak berupaya membela nasib kaum Melayu dan India di Pulau Pinang setelah diabaikan oleh Lim Guan Eng kepentingan kehidupan mereka di Pulau Pinang. Perinsip keadilan dan kesaksamaan untuk semua yang sering diungkapkan oleh DSAI dalam kempen politiknya tidak memberi erti apa-apa, kerana cakap tidak serupa bikin.

2. Kerisis dalaman kerajaan DAP Pulau Pinang dengan PKR diantara Ketua Menteri dan Timbalan Ketua Menteri 1 (dari PKR) yang masih hangat diperkatakan, masih tak nampak jalan penyelesaian, yang nampak hanya siatan dalaman terhadap Timbalan Ketua Menteri 1 melalui disiplin parti PKR sedang dilakukan mengikut kenyataan Setiausaha Agung PKR. TKM 1 Pulau Pinang mungkin menerima nasib yang sama seperti TKM1 yang terdahulu terkeluar dari PKR dan Pakatan Rakyat. Nampaknya Timbalan Ketua Menteri 1 dari PKR agak takut hendak berkata benar terhadap dakwaannya Sombong, Angkuh dan Tokong buat Lim Guan Eng yang disiarkan melalui klip video TV 3 baru-baru ini. Seseorang pemimpin mestilah berani berhadapan dengan realiti dan sesungguhnya bertanggungjawab terhadap sesuatu pendirian yang diambil. Walau apapun sudah nampak jelas kepada rakyat bahawa hubungan antara DAP, PKR dan Pas dalam Pakatan Rakyat sentiasa ibarat api dalam sekam, mereka tidak sehaluan cara, hanya bersatu meniru Parti Perikatan/Barisan Nasional terkini untuk mencari kekuatan menumpaskan UMNO dan Barisan Nasional. Rakyat dan pengundi kena bijak berfikir dan menilai untuk memilih parti politik yang benar-benar kuat, bersepadu dalam hala tuju demi kepentingan rakyat dan negara Malaysia. Pilihannya yang ada hanya Barisan Nasional yang telah terbukti berjaya mentadbir urus negara dan kepentingan semua rakyat Malaysia.

Sekian, terima kasih dan Wassalam.

Salam Tun.

Untuk 'dtan'.

Nice try. Ada peningkatan mutu tulisan anda dalam Bahasa Malaysia jika dibanding dengan yang terdahulu. Tapi macam ini ke seseorang yang dilahirkan, dibesarkan, mendapat didikan, mencari rezeki dan membanggakan diri dia rakyat Malaysia mampu menulis? Tambahan pula bila telah berkali2 mengeluarkan 'suara lantang' untuk mengutuk kerajaan, ugama resmi Islam, dan kaum Melayu sedangkan diri tu bangsat?

Look yourself in the mirror.
Ask yourself whether you deserve to be a Malaysian.
Go apply to become an israeli citizen, hopefully Hanan may help.
Or citizen of any western country.
(But don't ever dream to be a Chinese national because they will automatically reject.)

If you feel shy or afraid to apply on your own, take along juks, andrew'glamour'tay, tuacheng the 'tochang', and even MiddleAges may be keen to migrate as well.
Don't worry about leaving us behind, we will manage.

By the way, that J. Lo (glamour for Joshua Lopez) and donplaypuks(whoever or whatever you are) may be keen to come along with you.
They were also born, raised, educated and earning for livelihood in Malaysia and they never wrote a complete Malay sentence here in Tun's blog (because they can't?), yet proudly claimed themselves as true Malaysians thereby give them licence to be troublemakers (which I presumed).

Assalamualaikum Tun.

Antara perbahasan antara golongan celik pengetahuan agama adalah berkenaan selisih keperluan demonstrasi ketika mengutuk filem yang menghina Rasulullah s.a.w

Hal ini nampaknya berlanjutan di antara perbahasan ilmiah antar Dr Maza dan Fathul Bari. Saya tertarik mengikuti arah mana golongan celik agama ini membawa arah pemikiran politik mereka.

Seperti pengetahuan saya yang tak berapa banyak ini, kemahiran mentadbir dan memperolehi kuasa memerintah hanya diberikan kepada yang terpilih dan ditentukan oleh Allah s.w.t

Tinggi bagaimana sekalipun pembelajaran agama kita tetapi untuk bercerita tentang politik dan mentadbir adalah sedikit kompleks dan hanya tipis selisihnya.

Tetapi apabila ditulis dan diluahkan akan membawa maksud yang besar. Seperti keperluan menasihati pemerintah secara tertutup.

Antara contoh yang diberikan adalah kritikan terbuka Tun Mahathir kepada Tun Abdullah.

Namun saya beroleh pembelajaran bahawa kritikan kepada pemimpin adalah kepada kritikan tertutup. Allah Maha Pemberi Nikmat.

Terima kasih Tun.

Dear BroAmin tan

//1-I agree with your comments.We must support with our lives to support the cause of Islam.We must show respect to our leaders and give them all the support that he need.For as long he is on the right path.

2-But if it is clear that he has not complied to the directive of the AlQur'an to judge by the Qur'an alone and began to accept other sources that he knows contain corrupted materials dangerous to the aqeedah of his people he must be opposed with all our might,don't you agree?//

HUDAIBIYAH

//'SUPPPORT FOR AS LONG AS HE IS ON THE RIGHT PATH'// SAYS BROTHER ISKANDAR SHAH 2. My answer is yes and no

Let us look at the general outline of events leading up to the agreement of Hudaibiyah between the Quraish and the Muslims. After the Battle of Ahzab, Nabi declared all muslims go to Mekah to perform Haj pilgrimage in the month of Zulkaedah sixth year of Hijrah, a peaceful and religious ritual. Nabi led the Faithful of 1400 companions from Medinah to Mekah which was under the control of the enemy, the non muslims Quraish. Along the way, it was reported the Quraish cavalry of about 300 horsemen led by Khalid ibn Walid waited to blocked the Nabi's pilgrimage and do battle. The Holy Prophet in his wisdom ordered a detour to avoid an ugly confrontation and bloodshed. Eventually, they arrived at Hudaibiyah, an outskirt hamlet a few kilometres from Mekah. Nabi ordered the Muslims to set up camp at Hudaibiyah. At first Nabi asked Omar to enter Mekah to negotiate with the Quraish. Omar suggested Othman saying he may not survive in Mekah, alone and unarmed. Whereas Abu Sofyan, the Quraish chief was Umayyad and related to Othman. Othman took longer than expected and the Muslims were anxious and the Holy Prophet started to prepare for war if Othman was beheaded or killed. During those tense moment, the Prophet could sense the Muslims loyalty towards him was in doubt and He asked for loyalty pledge from every individual Muslim or "BY AH".

EVENTUALLY when the Hudaibiyah agreement was signed between the Prophet and Suhail bin Amr from Quraish mushrikin. It was lopsided in favour of the Quraish. It was the low point in the Muslim struggle. The Muslims were not allowed to enter Mekah to perform the Haj pilgrimage. They returned to Medinah sad and frustrated and there was almost an open rebellion against the Holy Prophet.

So, Brother Iskandar Shah 2, are you in the same league as Saidina Ali, Omar and many of the Prophet's companions to instigate a rebellion against our azan, 2 kalimah shahadah, ijmak ulamak and all our eminent islamic scholars.? Let us pray to Allah to show us the right path, insha Allah, the right path shall be shown for us to follow. Wallahu alam.

"It's anyones right to THROW jokes for as long as he finds laughers for them",

the use of the word THROUGH was a spelling mistake.

Assalamualikum Tun

Saya berpendapat yang sebahagian bukan Islam sangat takut kepada kebangkitan agama Islam yang menyebabkan berbagai provokasi terutama yang ditaja oleh Yahudi terutamanya Zionist & kristian.

Yang utamanya, kebiadapan sedemikian disokong oleh kerajaan-kerajaan barat kerana tidak menghalang malh menggalakkan lagi dengan alasan 'freedom'.

Janganlah kita buang masa dengan membuat kecoh & menjana keganasan dengan alasan 'protest'.

Saya cadangkan kita cadangkan kepada seluruh umat Islam mengadakan acara 'Maulud Nabi' tanpa henti disetiap pelusuk dunia sebagai tanpa kecintaan kita kepada Nabi Muhammad SAW.

Saya percaya mereka akan lebih takut!

Dear Tun,
It was only a shot in the dark or a wild guess and it hit a bull's eye. Yes. Datuk Ambiga admitted to be a foreign agent and thus a traitor to the nation. Masquerading behind high sounding name of so-called DEMOCRACY, she led a mammoth and destructive street demonstration in the heart of our capital city, Kuala Lumpur. She should be charged in court for TREASON. Now she is receiving funding from Israel or jewish organisation through third party Malaysians opposition party individuals to work against the legally elected government of our beloved country.

today's STAR online report
//KUALA LUMPUR: The Bersih movement had received funds from the George Soros-linked Open Society Foundation only once, which was for an electoral delineation project last year, said Bersih chairman Datuk S. Ambiga.

The group is now "fully supported" by Malaysians, she told a press conference here yesterday.//

"4. I know there are many hypocrites in the West but this is the mother of all Western hypocrisy."

With all due respect, dear Tun, the Freedom of Expression Acts in Western Societies do not cover anyones right to photograph someone else unknowingly in the naked and then publish it.

To name Hillary Clinton the producer of "The Mother of all Western Hypocrisies" could be seen as a gross offense

to her and one might consider apologizing – a Great Man like you will do that for a comment he may have made in affection as it would seem.

No one, neither Hillary Clinton nor any one else for that matter, has ever advocated that this plainly stupid and simply vulgar video which is taken as an insult to the Prophet of the Muslims now by Muslims worldwide was acceptable in its content or in the message it carries.

The video is the work of ill mined individuals and as such isn't even worth discussing it amongst civilized people.

Radical Muslims though have welcomed it and are delighted to use it now for their purposes to seed hatred in the world.

It's anyone's right to through jokes for as long as he finds laughers for them. In the Western World not many laughers will be spread over this stupid video for it is simply disgusting and so for Western feelings too.

The ones laughing though are the Radical Muslims who are now using it for their movements.

Barack Obama said in his Address to the United Nations yesterday that he himself is the object of thousands of insults world wide EVERY DAY and that for the sake of freedom of expression he has to live with it without further ado.

Educated Westerners of any culture who are respectful to others will deplore the incident of this video – something like this simply isn't done. It's bad manners to say the least.

But who wants to discuss this with the authors at their level?

Given! Insult is effective only if it is TAKEN. But there is no need for any Muslim to be offended by this video which is but the work of narrow and ill minded people. They didn't even know what they were doing.

What Muslims must watch with real care though is how their Radical Brothers take advantage of this video now – how they are using it as their instrument to spread hatred. Islam is not a religion to spread hatred – neither are Western Cultures.

As-Salamu Alaykum, dear Tun, and to all those of good will in this world. God is Great and He is everyone's God – regardless of how they worship Him. He will not take offense on this video – He will forgive those who did not know what they were doing and eventually He will even forgive those who are now taking advantage of it once they found their way back to the right route again.

Alfred Willner, still looking forward to meeting you upon his next trip to Malaysia.

Salam hormat YBHG Tun,

“FREEDOM OF EXPRESSION”.

Sebagai umat Islam kita harus membuat penentangan terhadap sebarang usaha yang dibuat oleh pihak barat dan anti Islam melalui berbagai cara menghina Islam dan kewibawaan Nabi Muhammad SAW. Pengerusi DAP Perak tumpang semangkuk membuat provokasi terhadap Pergerakan Pemuda UMNO dan Dewan Pemuda Pas menganjurkan aktiviti memperotes penghinaan terhadap Nabi SAW dan Islam. Bila dah terima kecaman dari berbagai pihak dengan mudah YB Datuk Ngeh Koo Ham minta maaf, dan menganggap isu yang dibangkitkannya sudah selesai. Begitulah amalan sifat yang dianggap betul oleh sebahagian besar kepimpinan parti pembangkang (PKR, DAP & Pas). YB Dato' Seri Nizar Jamaluddin dari Pas pula membuat kenyataan isu yang dibangkitkan oleh sekutu (YB Ngeh Koo Ham) politiknya itu bukan isu, kerana dah minta maaf secara terbuka melalui media, dan ianya sudah memadam. Dalam usaha sebahagian kepimpinan Pas menjaga hati dan perasaan sekutu politiknya ia itu DAP dan PKR seringkali mereka dilihat mencari sesuatu helah supaya hubungan politik mereka tidak terjejas. Sebahagian

Kepimpinan tertinggi Pas begitu takut dengan DAP dan Dato' Seri Anwar Ibrahim sehingga meminggirkan konsep perjuangan asas Pas itu sendiri terhadap Islam. Dalam Pakatan Rakyat (DAP, PKR & Pas) memang tiada agenda terhadap Islam seperti yang telah disahkan sendiri oleh YAB Lim Guan Eng dan YB Dato' Seri Anwar Ibrahim melalui beberapa kenyataan media.

2. Ramai dikalangan masyarakat termasuk penyokong-penyokong Pas sendiri merasakan sesuatu yang tidak kena dalam hala tuju perjuangan Pas terhadap Islam. Sikap dan pegangan konsisten YB Ustaz Nasharuddin Mat Isa (Bekas Timbalan Presiden Pas) terhadap perjuangan Islam seharusnya dipuji dan mendapat sokongan ahli-ahli Pas dan masyarakat amnya. Begitu jugalah konsistensi yang diamalkan oleh YB Datuk Dr. Hassan Ahli (Bekas Pesuruhjaya Pas Selangor) terhadap perjuangan Islam yang seharusnya dipuji dan diberi sokongan oleh masyarakat Islam.

3. Yang menjadi tandanya oleh masyarakat, sebahagian kepimpinan tertinggi Pas mengambil sikap diam membisu terhadap tindakan memperlekehkan kedudukan Islam oleh sebahagian kepimpinan DAP. Kemungkinan besar kepimpinan Pas terlalu taksub untuk bersama-sama DAP dan PKR untuk menakluki Putrajaya dengan mengalahkan UMNO dan Barisan Nasional dalam PRU ke 13 yang akan datang, maka amat perlu dijaga hubungan antara Pas dengan PKR dan DAP dijaga begitu rapi. Pas dilihat mengenepikan perinsip perjuangan setelah bergabung dengan PKR dan DAP hanya dengan satu matlamat mahu menumbangkan UMNO dan kononnya hendak mengganti UMNO. Pejuang-pejuang Islam tulen tidak akan mahu bersaing dan menghancurkan pejuang-pejuang Islam dari kelompok lain dalam merebut kuasa tertentu. Mereka seharusnya bersatu dan bersepadu membina suatu benteng kekuatan mempertahankan dan memperkukuhkan Islam, bukannya berpecah belah seperti Pas, UMNO dan Melayu Islam dalam PKR.

4. Presiden Pas dengan sokongan padu Mursyidul Am Pas dan sebahagian kepimpinan tertinggi Pas menolak sebarang usaha untuk bekerjasama dengan UMNO demi kepentingan Islam dan bangsa Melayu. Pas secara konsisten mendakwa UMNO menolak Islam. Dimana logik dan rasionalnya UMNO menolak Islam? Semenjak UMNO ditubuhkan dalam tahun 1946 dan selepas Merdeka 1957 sehingga kini menjadi tulang belakang kepimpinan Parti Perikatan dan Barisan Nasional, UMNO terus secara konsisten memperjuangkan kepentingan Islam dalam negara Malaysia, malah melibatkan diri secara amat efektif diperingkat antarabangsa memartabatkan Islam. Pas mestilah berpijak di bumi nyata dan bertindak mengikut lunas-lunas Islam yang sebenar. Segala hasil perjuangan UMNO terhadap kepentingan Islam di Malaysia terlihat dengan jelas dan nyata, tidak boleh dinafikan oleh sesiapa pun dengan begitu sahaja. Negara Malaysia telah dianggap sebagai negara Islam contoh oleh masyarakat dunia khususnya pengiktirafan dari negara-negara Islam lain di pelosok dunia. Pengiktirafan sedemikian tidak akan berlaku secara automatik tanpa usaha oleh UMNO dan keizinan dari Allah SWT. Kita sebagai rakyat Malaysia dan beragama Islam seharusnya berterima kasih kepada UMNO dan bersyukur ke hadhrat Allah SWT kerana telah memberi rahmat terhadap kesuburan Islam di Malaysia.

5. Kebebasan bersuara ala barat atau anti Islam tidak sepatutnya dijadikan contoh terbaik untuk diamalkan di Malaysia. Rakyat Malaysia terbina dengan begitu baik sekali mengikut tradisi dan kepercayaan masing-masing, mengamalkan budaya lemah lembut, ramah mesra, berhikmah tinggi dalam segala tindakan, mempunyai rasa toleransi yang tinggi dan hormat menghormati antara satu sama lain. Kita terus berpegang kepada amalan murni demi kesejahteraan negara dan rakyat Malaysia.

Sekian, terima kasih dan Wassalam.

If anyone have any objection to US or Israel policies go to US or Israel soil and take action against the govt or its people and if you have any personal objection to anyone statement or video go to the source of the problem to confront the person or group.

Why do all the harm in your own country by destroying your own public properties and harming your own policeman, public and yourself. I just cannot comprehend what is going on!! Is this the way our religion or God teaches us. So much hate and anger in our heart until we are blinded. Please take a 2nd look or maybe 3rd look.

For those who like to "fight" and argue in this blog, please be more human as everyone is entitle to express his or her opinion. There is no need of "firing" or calling someone moron. Why need to show that you are smarter or your opinion is better or right? Just give or contribute your ideas and opinions for a better Malaysia without prejudice and with good intention. Chedet just give his ideas and opinion and hardly answered any comments. If you belief in a religion so be it, if your interpretation of the Religion is different so be it too. There is no need to "drill" anything into anyone's mind. God make us different and surely there is a good reason. No one can be better and worst just different.

PEACE is what everyone looking for but we argue, fight, kill and go to war just to get peace or think of peace. Funny isn't it! I think human have too much of "me", "you" and "us". I think we are born selfish and we need great energy/effort to correct ourselves. All of God's messengers told us clearly long time ago on the subject and we still waiting and thinking.....

Just GIVE (GIFT) without any EXPECTATION and the world will be a better place for all of us

Assalamualaikum Tun,

Freedom is just a propaganda tool used by the West to fool the people of the world. Even in the US, the so called freedom to vote, does the US people really have a choice on who to elect as their President? Whether its Obama, Bush, Mit Romney, whomever becomes the US president, they all support Israel and the so called war on terror.

In other words, the action plan for whomever becomes president have been decided i.e support Israel, destroy Iran, and anyone that stand in the US way. The action plan have been decided, what needs to be decided is whether the president will be white, black or yellow. The US election is just to create the illusion that the US people have power over who leads them.

Look at Obama, before he became President, he promised for change. Until now, the illegal detention of innocent people in gitmo still exists. They talk about our Internal Security Act, but their gitmo is still detaining people without any trial whatsoever.

Now he is doing the same thing as Bush did. Bush attacked Iraq, now he is planning to attack Iran on false pretenses of Iran wants to build a nuclear weapon. The US lied about Iraq having WMDs, and they are lying again about Iran having nuclear weapons. Same method used, different president. There is really no difference if its Bush or Obama elected as President.

Same goes in the UN, the majority of the countries wanted to recognise Palestine as country and punish Israel for the genocide of the Palestinians. By right, the US, so called champion of freedom, should respect the will of the majority, but look what happen? The US vetoed every resolution to condemn Israel for the genocide of Palestinians, and threaten any country that supported Palestine to be recognised as a country.

The US only supports freedom for other countries so that chaos and killings can happen in other countries. The people of the world have been deceived the freedom championed by the West. The US and the West is the greatest hypocrite for freedom.

Asians should do well to reexamine everything coming from the West like freedom, liberal, democracy, managing the economy, etc. There is more bad if Asians were to follow the West.

Perhaps they deserve a 'better' RESPECT than that of a bastard and/or a bitch... or are we being 'punished' for adhering to her remarks?

Why is it...

The freedom of expression is selective, not to be used against a Secretary of State and/or a Presidential candidate but okay for the prophet of the Muslims.. Uh?

Dear Tun,

While i agree that it was in bad taste and insensitive, i do agree much with Middleages.

Yes, there seems to be an issue with commonsense. Rights To Privacy is protected by the Law, Hence The Duke & Duchess are entitled to their Privacy as much as all human beings are.

Time and Time again we simmer hatred. Many have had academic debates about Christ, many of which are practising Christians, they are never subjected to torture or violence. Many had directly insulted Christ too, yet no acts of violence or demonstrations are held. At the end of the day, it's about being civil and leaving people to be free to express and choose their lifestyle and beliefs.

In this time and age, no one should be forced, worse still imposing on others and breaking into people's privacy in the name of religion. Little do we realize that when we call others animals, we seem to be feudal animals who are caged in a culture of force and dictatorship. No one should be entitled to Parental Governance.

What's the logic in voting in government into power just to find that the same very government ends up Moral Policing the people who placed them in power? Tun is still living in the old days. totally lost touch with the reality of politics in today's world. No one has to right to interfere with another person's thinking, lifestyle and opinions. Everyone has the right to live their lives in the manner they choose and are entitle to their privacy and civil rights.

Holding a person by force in the name of religion is what feudals uphold. No one has the right to force or impose anything down the throats of others. Never impose your moral benchmark on others. We are born to live our lives and we have every right to our lives. This is not Pakistan, Taliban or Afghanistan!

Assalamu'alaikum Tun,

mohon izin mengulas komen Hj Amin Tan berkenaan middleages....

Tuan Haji,kita semua sehati dgn anda dalam mengutuk penghinaan yg di lontarkan terhadap Rasulullah s.a.w.tidak kira penghinaan itu datang dari mana,sama ada dari pihak yg mengaku Islam seperti antihadis dan middlesage mahupun kafir yg menerbitkan film ‘Innocent of Muslim’,kita kutuk keras sekeras-keras nya.

namun sayang nya,Kerajaan ini tidak berkongsi sentimen kita dalam bertindak terhadap orang-orang yg menghina Islam di Negara ini.Teresa Kok,Karpal Singh dan sebagai nya lepas begitu saja.padaahal beratus-ratus laporan polis di buat terhadap mereka.

dan di blog ini pun,Tun kita kasihi tidak berkongsi sentimen kita dgn membiarkan orang-orang seperti andrewtay yg hendak mengebom Kaabah,dpp,s.tan,d.tan,middlesage,golongan antihadis dan sebagai nya terus-menerus menghina Islam dan Rasulullah s.a.w. melalui komen-komen biadap yg amat keji.

padahal orang-orang ini boleh di jejaki dan di heret ke muka pengadilan atas Akta Hasutan.namun kebebasan bersuara di blog ini setara dgn kebebasan bersuara di Amerika dan negara-negara Barat.

namun pelik nya,Tun menempelak kebebasan bersuara yg menghina Islam di Amerika dan membiarkan saja Islam di hina di blog nya.

mungkin ini sebagian dari kebijaksanaan Tun yg ingin melihat Umat Islam bangkit mempertahankan Agama melalui debat yg akademik.tidak semata-mata mengharap perlindungan Undang-undang dan Kerajaan untuk memelihara kesucian Islam.

kalau benar begitu,maka ia adalah perjudian yg menakutkan.sebab Umat Islam belum lagi mencapai tahap

‘lantang-bersuara’ seperti Hindraf,Bersih mahupun badan-badan supramacist-china yg banyak berserak di negara ini.

malah golongan LGBT yg terkutuk mempunyai suara yg lebih lantang di bandingkan dgn seluruh Umat Islam Malaysia.

harap-harap Tun sudi lah sekurang-kurang nya membuat laporan polis terhadap komen-komen yg menghina Islam di blog ini.

Insya-Allah,kami semua sentiasa menyokong usaha-usaha Tun memuliakan Agama Islam dan Rasulullah s.a.w.dan semoga Allah Subhanaullah Ta’ala mencurahkan Rahmat Nya kpd Tun sekeluarga dan kami sekalian juga.

terimakasih Tun

Assalamu’alaikum Tun,

terimakasih PASHit kerana berkongsi maklumat tentang Mukjizat Al Quran.memang Al Quran di penuhi mukjizat-mukjizat yg menakjubkan,yg tidak berkesudahan setiap zaman.di zaman IT ini kita temui pula ‘mathematical miracles’ sebagai suatu lagi ketakjuban Al Quran yg memang menakjubkan.

namun harus berhati-hati membersihkan jiwa menghadapi keajaiban Al-Quran.sebab kalau tidak,ada kemungkinan kita terperosok jatuh ke-lembah kesesatan seperti yg terjadi kpd kaum anti-hadis yg hanya taksub bermain dgn nombor.

Al-Quran disanjung tinggi,Pembawa Al Quran di singkir ketepi dgn memakai Ayat-ayat Al Quran yg disalah-tafsir sebagai alat menegakkan hujah-hujah songsang Nabi mereka Rasyad Khalifa.

tak ubah seperti kata pepatah;

“bunga dipetik,perdu diberakkan”

sebenar nya,kaum anti-hadis ini juga adalah suatu penghinaan terhadap Islam dan Rasulullah s.a.w.namun dgn berselindung di sebalik Al-Quran,mereka terlepas dari pandangan kita.

Sejarah amat penting untuk memahami bagaimana AlQuran dijadikan alasan untuk mengingkari Rasulullah s.a.w.Perang antara Muawiya menentang Syaidina Ali kwj adalah juga dgn memperlakukan Al Quran.

tentera Muawiya yg memberontak hampir dapat di hancurkan oleh Malikil Asytar,panglima Syaidina Ali.namun atas kelicikkan Amr bin Al ‘As,di cadangkan pasukan pemberontak mengangkat Al Quran di hujung tombak sebagai meminta gencatan senjata.

akibat nya tentera Syaidina Ali mula berpecah-belah.sebahagian inginkan kemenangan mutlak menumpaskan pemberontakkan Muawiya,sebahagian yg lain mahu bertolak-ansur demi menghormati 500 buah Naskhah Al Quran yg di cacak di hujung tombak.hingga mendorong Syaidina Ali berkata;

“...Kalimah yg Haq di ucapkan dgn niat yg Batil”

akibat nya,Umat Islam yg di-satukan oleh Allah dibawah pimpinan Rasulullah s.a.w menjadi berpecah-belah dgn kefahaman sendiri-sendiri mentafsirkan Al Quran sesuka hati dgn ilmu yg tidak seberapa.

dan ini bukan lah kejadian pertama yg memecah-belahkan Umat Islam sejak dulu hingga ke zaman kita kini.tanpa memahami sejarah perjalanan Agama Suci ini,amat sukar membezakan mana yg Haq dan mana pula yg Batil.

Sejarah adalah teramat penting.sama penting nya dgn kepentingan memahami sejarah Negara dan Bangsa,tapi dalam

kapasiti yg berbeza. Sejarah agama besar sebab membawa kpd ketepatan Iman dan Amal.

kalau agama hanya di-imani secara ikut-ikut tanpa memahami Sejarah, maka terpecah lah kita tergolong-golong menjadi berbagai mazhab yg umpama pendatang asing didalam Islam.
mazhab tidak wujud di zaman Rasulullah s.a.w.

ia di wujudkan oleh orang-orang lapar yg mentafsir Al Quran dan mencipta hadis-hadis palsu dgn tujuan yg berbagai-bagai. ia suatu bentuk kebebasan bersuara dikalangan 'ulama' saja. padahal 'elitisme' begini tiada dalam Islam.

dalam Islam, tiada Ulama. ini bukan agama-agama penyembah berhala dimana sami dan paderi di anggap 'wakil-tuhan' yg berwenang mengeluarkan fatwa. ini adalah Agama Suci Islam.
dimana setiap orang diwajibkan 'menuntut' ilmu dan menjadi ulama sebagaimana juga setiap orang diwajibkan mendirikan sholat.

meletakkan Iman kita diujung lidah ulama hanyalah mengundang bencana.

kita tidak ingin melihat Islam dihinakan seperti agama-agama lain di para sami dan paderi bebas berfatwa dan lebih bebas pula menubuhkan gereja-gereja fahaman baru yg mengenakan 20% dari gaji ahli sebagai yuran bulanan. atau membanding-banding antara 'tuhan' yg lebih 'powerful' untuk penyakit kencing-manis dgn 'tuhan' yg lebih cepat membantu orang-orang yg ada masalah duit.

kunci memahami Al Quran adalah memahami sejarah. Sejarah yg berkaitan dgn Rasulullah s.a.w si sebut Hadis. dan perbuatan atau perkataan Rasulullah s.a.w disebut Sunnah. dan majoriti Umat Islam hari ini telah tahu bahwa Hadis dan Sunnah amat banyak sekali di palsukan.

namun adakah itu membuat kita berputus-asa lalu menolak hadis dan sunnah sepenuh nya seperti golongan anti-hadis? Demi Allah, meneliti hadis ada nikmat yg tersendiri.

iaitu nikmat mengetahui dgn jelas siapa musuh Islam yg sebenar dan apa tujuan sesuatu hadis itu di palsu. di zaman Internet ini, pembohongan yg tertimbus lebih seribu tahun pun dapat dikesan dgn mudah.

yg penting, beri lah masa se jam sehari untuk Ilmu. lihat kumpulan-kumpulan Hadis Bukhari, Muslim, Baihaqi, Abu Hanifa, Tirmidzi dan sebagai nya. ikut rating-system yg mereka aturkan. dan bandingkan pula dgn buku-buku sejarah seperti Tarikhul Khulafah dan sebagai nya.

pasti kita akan takjub melihat percanggahan yg begitu banyak bertentangan dgn Al Quran dan merendahkan Rasulullah s.a.w sendiri. ini semua harus kita tahu dan peduli terlebih dulu sebelum kita membulatkan tekad menerima bulat-bulat hukum-hakam yg disumbat ke kerongkong kita.

Assalamu'alaikum Tun

kebebasan bersuara hanya hak orang-orang kafir saja. di Negara ini sendiri pun kita tidak bebas bersuara. sebalik nya suara orang-orang asing lebih lantang dan didengar oleh telinga-telinga tuli pemimpin-pemimpin kerajaan.

di negara ini, umat Islam hanya majoriti pada nama saja. sedang kuasa kita tertumpu kpd segelintir pemimpin-pemimpin Umno yg begitu tunduk kpd kaum kafir dgn membelakangkan kepentingan Umat Islam sebagai majoriti.

ini lah akibat nya bila kita mendiamkan orang-orang yg dayus memimpin kita. disini pun ada banyak penghinaan-penghinaan terhadap Islam dan telah beratus-ratus laporan polis dibuat, namun tiada satupun tindakan di kenakan.

terimakasih Tun

Freedom of Expression : Do What You Feel Is Right!
But make sure it does not offend others and before we do anything think of the consequences. Mutual respect is they key to social harmony among human being. Those who cannot practice and appreciate this don't be a human.

Some of the bloggers (MiddleAge especially) here always have this hatred to other people religion of which i do not know why. Is it so difficult to respect other people religion. If you cannot respect other people religion meaning you do not have self respect.

Do not play with religious sentiment as everyone have their belief and faith to follow respect that. If you are not a follower of a religion refrain from making comment of that particular religion. This is because you know nuts about the religion to begin with and why making comment on something you do not know or understand. Only monkeys do that as the saying goes "what monkey see, monkey do" or shall I say "what monkey hear, monkey says" or perhaps "only monkey wants to hear, what monkey says".

Only one words to discribe this "RESPECT"//

Abdulazizomar says

//Besides the false and provocative stories in the film, some were copied from our own (Muslim) Hadiths regarding our Prophet. Things like Muhammad marrying a seven or nine years old Aisha and of the one about our Prophet wanted to commit suicide by wanting to jump from the mountain. So we have to take a good look at what we teach and believe as well by not taking these false stories about our Prophet and write them in the so-called Hadiths of the Prophet. (Those two stories are derived from the Hadith books).//

Dear Aziz, your hadith book may be written by Tony Blair or Natanyahu. You are more dangerous than the kafirun by ridiculing the Prophet marrying Aishah. Like MiddleAges claiming himself a Malay but continue to insult islam and muslim saying muslim is oppressive. He says islam is ok, only muslim is not ok. You say muslims do not follow the teaching of Quran. You accuse muslims as stupid not using brains believing in the unseen like the angel, israz Mehraj. You are never tired of repeating your attack on islam and Prophet Mohammad. May Allah have mercy on you and show you the right path. Wallahu alam.

Assalamualaikum WBT YBHG Tun,

Nabi Muhamad dan Islam telah dihina oleh pihak barat melalui sebuah filem yang disiarkan melalui You Tube. Pengerusi DAP Perak mengambil kesempatan mempertikaikan rancangan Pergerakan Pemuda UMNO dan Pemuda Pas menganjurkan satu perhimpunan bagi menentang kegiatan menghina Nabi Muhamad dan agama Islam. Setelah mendapat kecaman dari berbagai pihak Pengerusi DAP Perak itu telah tampil memohon maaf. Itulah sifat dan perilaku kepimpinan DAP terhadap Islam, DAP ada agenda yang tidak lagi tersembunyi terhadap Islam di Malaysia. Pas dan UMNO terbukti boleh bersepadu dan sekata terhadap kepentingan Islam, ekoran dari itu sekutunya DAP dan PKR sudah mula bimbang dan ragu terhadap kesepaduan UMNO dan Pas melalui pergerakan pemuda kedua-dua parti berkenaan. Kesepaduan UMNO dan Pas dalam isu Islam dianggap boleh menjejaskan kesepatakan PKR, DAP dan Pas dalam Pakatan Rakyat, lebih-lebih lagi menjelang pilihanraya umum ke 13.

Belang DAP sudah terang dan nyata terhadap Islam melalui beberapa kenyataan yang dibuat secara konsisten oleh kepimpinan DAP terhadap pendirian Pas mengenai Islam. Pas tidak perlu berlengah lagi, harus melangkah keluar meninggalkan Pakatan Rakyat, berdiri atas kekuatan sendiri seperti yang telah lalu, atau mahu lebih kuat bersepakat pula dengan UMNO rakan sebangsa dan seagama demi merealisasikan dengan lebih unggul kedudukan agama Islam yang terjamin dalam perlembagaan Malaysia, namun secara konsisten sedang diperlekehkan oleh berbagai pihak (NGO bukan Islam, DAP dan sebagainya). Inilah masa yang sesuai mengikut syariat Islam yang mahukan umatnya bersatu padu bagi mengukuhkan integriti Islam dan penganutnya. Umat Islam dipelosok dunia termasuk di Malaysia mengikut syariatnya tidak mengganggu gugat kepentingan agama lain di dunia termasuk di Malaysia, kecuali jika Islam itu dihina. Saudara-saudara dalam kepimpinan Pas dan penyokong-penyokong Pas segeralah bermuhasabah menentukan halatuju perjuangan Pas yang asal (menegakkan negara Islam), kerana jelas dan nyata DAP dan PKR tiada agenda Islam dalam perjuangan mereka. Sekian, sama-sama fikirkan demi Islam.

Salam Tun.

I'd prefer not to use the phrase 'Western values' to describe the immoral free sex which the Americans have practiced long ago and now preaching hard for the Europeans to follow, with the Brits proving to be their first success.

The most appropriate term is 'American no-values'.

Tun just mentioned the naked Duchess of Cambridge, an American, tarnishing the Brit royal family with her usual/typical American low moral attitude!

While the Japanese, Korean, Indian, mainland Chinese and other Asian races still regard free sex and the resulting

bastards as an heinous & unforgiven sin, it seems the Chinese not residing in mainland China are easily carried away by the 'American no-moral values'.

As an example, the then still unborn child of Beng Hock is nothing to be ashamed about, in fact the kindness and caring accorded is pure American copycat.

Hillary Clinton never give negative remark to hubby Bill's grappling & fondling in perpetuity on the likes of Monica Lewinsky, Paula Jones, Kathleen Willey, Christy Zercher, Elizabeth Gracen, Michelle Obama as well(?), ...the never ending list (just like Anwar maniac).

Even Hillary is referred as a lesbian by some!!

That's the American value, the one thing that Anwar is trying hard to emulate (and with a high % success story).

That's also how wife Kak Wan and daughter Izzah will follow in the footsteps of Hillary Clinton, 'Anwar anugerah Tuhan'.

Salam Tun,

more for Amin Tan,

and BTW Amin Tan, since when is Malaysia an Islamic State ? Since PAS gained entry into Pakatan ?

Malaysia never was an Islamic State and never will be if we sane Malaysians can help it. Not with your kind of Islam anyway. Malaysia must remain sane and beautiful as she is, a progressive secular state with respect for all religions of her inhabitants and citizens, within limits.

Any religion wanting to take over and rule the nation must obtain a unanimous vote, which is not possible in multi-cultural multi-religious society. This is not Pakistan.

In any society, there will always be religious pressure groups wanting their own religion to be "state religion". But this begs many suspicious questions such as "what about others not of that religion ?", "is everyone to follow a certain religious law only ?", "being a belief, is then everyone forced to have the same belief ?".

I can go on, but people can see the point and the ridiculous nature of Amin Tans claim that Malaysia is a Islamic State. What he is saying is that he (and many muslim fanatics) wishes it is an Islamic State, and this muslim dream i know from very early days ever since the 80's.

However, the intention of having an Islamic State is not to serve the people, it is to obtain special privileges for

“muslims” i.e. the reason is political.

The saying goes that you can fool some of the people some of the time.

Thank You Tun

Salam Tun,

Islamic Muslim extremist Amin Tan is getting a little personal with me Tun, and so if you would kindly allow, here is my response.

Amin Tan writes...

Dear Mr MiddleAges,

I remember you said you are a malay Muslim living in Subang Jaya. A malay Muslim would not oppose islam so vehemently and so unfairly. You are neither sincere nor honest. You can eat pork as much as you like and you do not have to abide by the muslim dress code if you are not Malay or not a Muslim. You can wear mini skirt until people can see your panty. Malaysia is a muslim country. Therefore, muslims have special privileges here. Muslims in Malaysia can put out loud speakers at the mosque to call the faithful to prayer. Muslims can double park their cars even along yellow lines near the mosque during friday prayers. Whereas in Singapore and England, Muslims are not allowed the call for prayer or azan. To the muslims azan or the call to prayer is so beautiful to listen to and the emphasis on the word RASULLULLAH is so touching to the heart and unifying. A devout muslim would reply to the azan ‘la how la wa la ku wa tak al la....’ meaning only Allah is capable of such greatness. Azan is so awesome to the muslims. Whereas anti muslims like you abhor azan. We are different Mr MiddleAges. You hate islam and I love islam. You go to your heaven and paradise in Beijing or Tel Aviv. We muslims go to Jannah. Lakun dee nukun wa lee ya deen.

Mr Amin Tan, your response is typical of a religious bigot and a fanatic/extremist. Not only do you insult my race, you also insult my religion, which profess freedom with qualified guidance from the Holy Books.

Your kind or version of Islam is blind obedience, to the point of stupidity and arrogance. As such, i would not have anything to do with you. Please... do go to your heaven, and please...stay there and don’t come back.

I do not hate Islam, i have no business to hate Islam. However, there are many muslims i do not want to even get close to, and possibly you are one of them. It is very likely you are one of those you gives the salam and wish peace to others, and then go on to say and do so many things to upset a peaceful soul. And the most painful aspect, is that you think you are doing good for Allah. I think not.

That’s it Tun, i do no wish to dwell too much on this favourite subject of Amin Tan. He might get over excited, as most of them do.

Thank You Tun

SEBARKAN !!! NABI MUHAMMAD SAW sebagai bahan lawak..tu dah melampau giler nama nya LAHANAT ... Film 786 (innocence of muslim) adalah sebuah film yg dibuat di Holland tentang lawak mengenai Nabi Muhammad SAW yang kita cintai.

60 juta masyarakat muslim dpt menghancurkan ekonomi Holland dengan waktu kurang dari 5 minit dgn cara mengirimkan pesan ini,

Mudah2han kita dapat menjawab pertanyaan dari Allah SWT kepada kita, ketika Allah SWT menanyakan kepada kita nanti mengenai apa tindakan yang kita lakukan ketika Rasul yang dicintai Nya dijadikan bahan lawak?

Denmark telah mengalami kerugian...tolong jangan biarkan pesan ini berhenti di Whatsapp anda. Seperti yg anda ketahui, semua surat kabar Denmark memuat lawak tentang Nabi Muhammad SAW dan sampai sekarang mereka juga tidak menyesal. Jom kita buat mereka menyesal dengan perbuatan mereka...

The Danish Ambassador, Perdana Menteri dan Denmark Nasional Channel; sekarang

sdg berusaha melakukan sesuatu utk menghentikan boikot yg dilakukan oleh umat muslim sejak 1 bulan lepas, dimana atas pemboikotan tersebut mereka mengalami kerugian sekitar £ 4 Miliar. Jika kita terus melakukan boikot terhadap produk2 Denmark dalam 7 bulan atau lebih akan mengakibatkan mereka dpt kehilangan £ 80 milyar.

Percayalah, jangan stop untuk meneruskan pesan ini sebanyak mungkin kpd saudara-saudara muslim..., yakinlah anda dapat melakukannya dlm waktu 15 minit utk menyebarkan kpd saudara2 muslim lainnya....SECEPATNYA?

INGAT RASULULLAH MUNGKIN AKAN MENANYAKAN KEPADA KAMU (MEMINTA JAWAPAN)

DIHARI PEMBALASAN NANTI, APA YANG TELAH KAMU LAKUKAN KETIKA MEREKA

MENJADIKANKU SEBAGAI BAHAN LAWAK? Adakah kita akan terus diam apabila Rasul tercinta yang akan memberi syafaat pada kita dipadang mahsyar nnti terus dihina? ALLAHUAKHBAR

Tun

These are exciting times for Bloggers of all descriptions. There is never a day which passed without any poignant news of one kind or another.

It is now very appropriate to air the topic ‘ Freedom of Expression ‘ at this point in time.

The revolting and disgusting insults to all Muslims by this political pornographic film which purportedly originated from the innards of the Land of Freedom of Expression, has opened the floodgates to all attacks on other religious beliefs and personal rights as well. This is not only limited to the hurt inflicted on Muslims alone.

The Pandora’s Box has been opened by people with sinister motives. For every action there is a counter reaction !

And finally, our own people has been awakened by the growth and growth of NGOs since 2003 without the awareness of the Government.

I had suspected that foreign money was doing the mischief all the time because in the early 1980s a veteran UMNO politician told me that RM 20 Million would give the Government of the day a lot of trouble. That was 30 years ago. The coffers of non-Governmental bodies could be as high as US 1 Billion or more with promises of more if the detractors are successful whoever they are. Of course, to recoup would be to control the finances of the beloved

Nation which is bountiful with natural resources and development projects. The cost to the human digits is disregarded especially the young. In any case, no foreigner will care two-hoots for the sufferings of the young locals.

We the common folk, the 99%, the young and old alike, are just treated like donkeys by the clever folk who pretend to be our friends to obtain our precious votes.

All these NGOs' (under the close supervision of vested interests) demands for this and that, are just a cover-up for the control of the riches of the beloved Nation and its strategic position in terms of politics and socio-economics which took the BN under UMNO's leadership more than 55 precious years to build-up.

It is high time for the Government to investigate the source of the funds from the very beginning of these so-called NGOs. And apply the income tax on them with an 8% interest per annum. All NGOs should be liable for income tax at source including the one known as 'Society for Marbles Collectors'!

The personal finances of all NGOs office bearers etc should be transparent and taxable and all such money placed in a special account to fund whatever reforms deemed essential for our beloved's Nation's good.

If I had known earlier that I could have lots of fun and games with the formation of an NGO at some gullible foreigner's expense, I would be a very rich man by now ! It is as simple as uttering the words ' Democracy for Malaysia '.

Let the world know that Malaysian NGOs (even the so-called respected ones) do hand out the begging bowl in their own interests and not the beloved Nation's to rich foreigners who actually made money out of our own folly/s and returned these sin money to the NGOs to stir the boiling pot of our domestic politics. This cost the troublemakers no money. If at all, the opportunity to control the local proxies and our natural resources come cheap cheap in the name of freedom of expression and democracy. What a wonderful world we live in ! More and more of everything etc !

All Malaysians 'beware of,' as Tun quoted ' Greeks bearing gifts ' plus Trojan horses who galloped into our beloved Malaysia with empty pockets and galloped out laden with the finest gold and Stradivarius violins !

The NGOs have lost their credibility and propriety if these took foreign money without declaring their largesse transparently and openly. Those in charge must be held accountable and responsible for misleading both the authorities and the citizens.

How could us Malaysians believe what the NGOs tell us anymore ? Their integrity has been compromised by foreign lucre ++ !

Who pays the piper, calls the tune! Which naturally follows the Pied Piper of Hamelin who led all into oblivion and maybe destruction and death.

All Malaysians especially the Malaysian Chinese. Do not be misled by this magic show of smoke and mirrors funded by foreign money with sinister motives when our beloved Malaysia could be turned into shambles overnight by people who might have been promised foreign citizenship, jobs and money in foreign lands by making a fool of us, good people.

Let us have the last laugh and not these fly-by-night types with their hidden and secret agendas !

Now that the cat is out of the bag concerning the high ground which the NGOs used to occupy only yesterday, it is good if the Government have a look-see what sort of people are behind all these money-for-jam schemes which actually operate with foreign or other people's money – And most importantly, they preach that they are better than every one else.

What happened to the money ? Let us have transparency, clarity of purpose, good accounting practice, reputable personalities with good tertiary degrees etc. as preached by these NGOs.

Not forgetting that Malaysia has a long record of innovative schemes concerning money e.g.

1. The Social Lottery of the MCA -1950s
2. Tontine – 1940s – 1960s
3. The mushroom insurance companies -1960s
4. The Chit Funds – Early 1970s
5. The Co-Operative Societies Caper – Late 1970. To compete with Sime Darby !
6. The Public Listed Companies Caper inclusive of the Pan-El Ltd – 1980s. To compete with Sime Darby !
7. The Insurance Policy Guarantees of 1980s.
8. Miscellaneous.

This morning I was looking high and low in the Star for my favourite journalist Seah Chiang Nee who writes the only fair reports on Singapore. Previously, he had confirmed what I have been saying all the time that Singapore had a one-man ruler who ruled to this day since 1962 (50 years) and various social issues which have now come home to roost in a country which has compassion in short supply.

This common commodity in Malaysia is further underlined by the awesome Lee Kuan Yew. MP, or the lack of it in Singapore, in his latest dictum ‘ My Mission was to establish a clean government ‘.

I would have thought that this is a normal function of any normal Prime Minister. What is so special about this ?

I was so surprised that many Malaysians knew nothing about the real Singapore until my comments appeared in this Blog. They were naturally very upset and shocked about the facts that they have been misled all these years by Singapore’s special brand of bluffology or ‘bullshit’ a word commonly used by Malaysia’s very own riff-raff.

Vote BN. All Malaysians especially the Malaysian Chinese. Vote for BN which will evolve into something worthwhile for all of us as proven by more than 55 years of leadership by UMNO !

Malaysia is a country in which all of us are proud of and we will stand tall together in our own lifetimes !

Salam Tun and fellow bloggers,

My topic today, Express Freely OK, But We Do Wag The Dog

Hillary Clinton and other American-pro jews leaders are convinced about the freedom of expression....yup, they never stopped anybody from expressing freely what are on their minds...except that...

....they have the powers to do something else – taddaa...they can do WAG THE DOG stuff to distract attention.
Study President Clinton's (yup, Hillary's hubby) method below;

#1. Refer to this interview reported by Jake Tapper, Sep 24, 2006 6:35pm

The truth about Clinton and "Wag the Dog"

President Clinton got into a heated discussion with Fox News Channel's Chris Wallace Sunday about whether he could have done more to kill Osama bin Laden.

In the interview Clinton said that during the 1990s conservatives criticized him for "obsessing" over bin Laden and "they ridiculed me for trying" to kill bin Laden.

So let's examine the record... The most aggressive strike the Clinton Administration launched against al Qaeda was in August 1998 when U.S. cruise missiles were sent to six terrorist compound sites in Afghanistan and the El Shifa Pharmaceutical Industries factory in the Sudanese capital of Khartoum where U.S. officials say chemical weapons were being housed.

Those of you old enough to remember may recall people raising the "Wag the Dog" scenario...(The idea, nicknamed from the David Mamet movie, being that the attack was unnecessary and only to distract from the president's troubles; he was in the midst of the Lewinsky scandal at the time.)

#2. Clinton WAS slammed by Republicans for using "Wag the Dog" tactics after he authorized a strike against Iraq in December 1998, during impeachment. According to the Los Angeles Times, then-Senate Majority Leader Lott took the step of refusing to back the military action, saying "the timing and the policy are subject to question." And other Republicans — including then-House Majority Leader Dick Armey (R-TX) and then-Rep. Bob Barr (R-GA) — expressed similar sentiments.)

The one guy who is capable to do the same Wag The Dog tactic is none other than anwar – give him power, he does wonders...but the wrong kinds!

Dear Tun,

Please allow me to quote Mr. MiddleAges as below

//If there is truly freedom of religion, then any acceptable world religion will be allowed to preach their gospel, to anyone. But in Malaysia, other religions are oppressed and not allowed to preach to muslims ? But it is ok for muslims to impose their values (no-pork, dress code, syariah law etc etc) on others?

So i really think you purposely blind yourself towards this unfairness or perhaps, you feel those of other regions happily accept your oppressions ? I think not.//

Dear Mr MiddleAges,

I remember you said you are a malay Muslim living in Subang Jaya. A malay Muslim would not oppose islam so vehemently and so unfairly. You are neither sincere nor honest. You can eat pork as much as you like and you do not have to abide by the muslim dress code if you are not Malay or not a Muslim. You can wear mini skirt until people can see your panty. Malaysia is a muslim country. Therefore, muslims have special privileges here. Muslims in Malaysia can put out loud speakers at the mosque to call the faithful to prayer. Muslims can double park their cars even along yellow lines near the mosque during friday prayers. Whereas in Singapore and England, Muslims are not allowed the call for prayer or azan. To the muslims azan or the call to prayer is so beautiful to listen to and the emphasis on the word RASULLULLAH is so touching to the heart and unifying. A devout muslim would reply to the azan 'la how la wa la ku wa tak al la....' meaning only Allah is capable of such greatness. Azan is so awesome to the muslims. Whereas anti muslims like you abhor azan. We are different Mr MiddleAges. You hate islam and I love islam. You go to your heaven and paradise in Beijing or Tel Aviv. We muslims go to Jannah. Lakun dee nukun wa lee ya deen.

This film is just a senseless and childish. It was a total failure when it was first shown. The trailer is just trying to get publicity.

I think my Muslim brothers should not fall into their trap. The protests and violence will only give the firm makers the publicity they seek. Muslims should just ignore it. Islam is a far greater religion than the film. As the Arabic proverb says, "the dogs bark, but the caravan passes".

Tun

Just before our next General Elections, we find the World embroiled in counter reaction to a most insulting and revolting film produced in the Land of the Free (the indigenous Indians have been conveniently forgotten) against the Islam religion.

Fortunately, for our beloved Malaysia, we had some time to build up the foundations of a brand new country despite the the difficulties to assimilate the 3 major communities and others as well.

The latest under the belly attack on the Islam religion is not without a deeper meaning. What was the intention we have yet to find out ?

For one thing, the film was made revolting and disgusting enough for all the world to take notice and to have a de-stabilising effect.

To de-stabilise a country, this is a common and cunning weapon which has been used on us for decades. But unfortunately, those who used it shot themselves in the foot when their intentions were not holistic and political enough and got side-tracked or distracted or seduced into making money which brought their downfall without end. They ended up with feet of clay. And Malaysia escaped by the skin of her teeth since 2003. Stupid !

The trumpets of bluffology are still blowing full blast to counter the effect of some slip-ups on our fellow countryman, Tan Koon Swan who became history some 26 years ago !

Today, the New Straits Times headlines emblazoned the words 'destabilize' on the effect of the entry of foreign funds from disparate sources concomitant with the rise of the number of NGOs in this land. This is a new phenomenon of the past decade since 2003 and before this date, there were other direct sources to destabilize our beloved Malaysia, like the Stock Exchange !

The use of NGOs to disrupt and confuse the populace of a target country is a new phenomenon for us because we are friendly to all countries of the World. Then, who are the agents provocateur who could convince and assure that these foreign funds would be put to good use in the interests of the phantom hands who might be the same people of long ago ? Hence, we have an interesting age old profession known as espionage. This is as old as the other profession which you mentioned in the Blog. And our Special Branch, hopefully, their plate is full and not half empty !

The Malaysian NGOs are now opened to foreign influence and intimidation until proven otherwise. Who pays the piper, plays the tune !

And as I said recently in your Blog, Tun, Kuala Lumpur has become a leading espionage centre on the assumption that each NGO is a sub-branch of the parent. We have entered a most unlikely sphere of business ahead of Bangkok and Singapore which held sway in the Cold War.

Who can trust the credibility of the NGOs if they are in the national interest, having organised mass demonstrations of any ilk in the streets of Kuala Lumpur for scenic shots. And why the very beneficiaries of the policies of the BN Government embark on this ever since they were born ?

Strange !

The interesting question is where all the money came from to organise such demonstrations which could be turned

on and off at will ?

Hypocrisy is the appropriate word for those NGOs which took foreign money against the national interest.

I will certainly support those who only demonstrate for hours with an empty stomachs and not after lunch at Big Mac or KFC !

Vote BN (all Malaysians especially the Malaysian Chinese). It is now proven that the more noise is made in the streets of our beloved Kuala Lumpur, the more money will come from foreign lands. Please do not make others very rich but some are already very rich !

And by voting BN, we are definitely not selling our grandmothers down river because we never had the benefit of foreign money !

Salaam Tun,

The Muslims the world over have been insulted by the cheap film produced in America regarding our Prophet. It is clear that the producers were successful in their evil works to get the intended violent reactions from the Muslims.

But I think that it was also wrong or unwise for the Muslims to react at all. These producers and writers often write

insulting things about their leaders and religious figures including Jesus and others and many Christians are also very angry at things like these because they too have suffered from these kinds of 'freedom'. The difference is that they do not react at all, at least violently.

Besides the false and provocative stories in the film, some were copied from our own (Muslim) Hadiths regarding our Prophet. Things like Muhammad marrying a seven or nine years old Aisha and of the one about our Prophet wanted to commit suicide by wanting to jump from the mountain. So we have to take a good look at what we teach and believe as well by not taking these false stories about our Prophet and write them in the so-called Hadiths of the Prophet. (Those two stories are derived from the Hadith books).

Let the dogs bark and just do not pay attention.

Thank you Tun and all. God Bless.

Salam Tun and fellow bloggers,

If you use yahoo, you will see this opportunist (maybe sponsored by soros, suaram, PKR) clara chooi who chose to highlight Tun's remark about American mothers rather than about misplaced freedom of expression. She published in the Malaysian insider entitled 'Dr M says American mothers are promiscuous in attack against US free speech.'

Only ignorants who refused to see the bigger picture will get 'mad' at Tun (I supposed that is what stooge like clara tries to do).

For those who wants the truth, firstly, tell yourself that Tun reads a lot, knows a lot, and has got facts....secondly, when Tun said American mothers, Tun surely did not mean ALL American mothers like what balaci clara tried to make us believed that Tun meant all mothers.

You want the truths, please refer these articles from refereed journals;

Title 1: He Says, She Says: Gender and Cohabitation
Researchers: Penelope M. Huang, Pamela J. Smock, Wendy D. Manning and Cara A. Bergstrom-Lynch
Journal: Journal of Family Issues 2011 32: 876

Part of the content:

'Cohabitation has been increasing markedly in the United States over the past few decades. In 2002, more than 60% of women aged 25 to 39 years had cohabited at least once (U.S. Department of Health and Human Services, 2005). Just 7 years earlier, this percentage was roughly 48% (Bumpass & Lu, 2000). The percentage of marriages that began as cohabiting relationships has also risen from 41% in the early 1980s to 65% for marriages formed between 1995 and 2002 (Bumpass & Lu, 2000; Manning & Jones, 2006).

Title 2: Marriage, Abortion, or Unwed Motherhood? How Women Evaluate Alternative Solutions to Premarital Pregnancies in Japan and the United States
Researchers: Ekaterina Hertog and Miho Iwasawa
Journal: Journal of Family Issues 2011 32: 1674

Part of the abstract;

'Using mixed methods, the authors demonstrate that for a typical Japanese woman, giving birth outside marriage is the morally inferior solution. For many American women, in contrast, choosing to bear a child outside wedlock rather than rushing into a marriage or having an abortion is often seen as a sign of greater maturity.'

Oh yes, that ungrateful son and no...hubby azmin ali had these to refer to Tun (in clara's article), This moron said 'those who blames freedom for the production of the film are leaders who are anti-democratic and anti-freedom of the people and are exploiting the anger of the people to reduce democracies space for political purposes...' What do you expect from this scum? Nama macam melayu, perangai macam setan.

Assalamualaikum WBT Yg Bhg Tun,

Sebuah filem yang jelas mempersenda dan menghina Nabi Muhammad yang diterbitkan oleh seorang rakyat Amerika menimbulkan rasa marah dan penentangan oleh seluruh umat Islam di pelosok dunia. Setiausaha Negara Amerika Syarikat membuat kenyataan bahawa atas nama kebebasan bersuara maka perbuatan sedemikian (menghina Nabi muhammad) tidak dianggap salah. Begitulah perpsepsi dan pendirian sebahagian pihak barat dan yang anti Islam terhadap agama Islam. Persepsi dan pendirian sedemikian (memperlekehkan agama Islam) sudahpun mula menular dengan segarnya di negara kita Malaysia. Atas nama kebebasan bersuara dan kepentingan politik pihak-pihak tertentu di Malaysia, Islam sudah mula dicabar dan diperlekehkan kedudukannya.

2. Bebas bersuara tidak bererti seseorang boleh berkata apa sahaja (menghina sesuatu agama anutan pihak lain) dengan sesuka hati yang boleh mencetuskan perasaan marah dan penentangan yang diluar batasan oleh penganut sesuatu agama yang dihina. Penganut Islam di Malaysia tidak pernah cuba menghina atau memperlekehkan agama lain di Malaysia atas nama kebebasan bersuara kecuali jika dicabar oleh sesuatu pihak yang boleh mengganggu gugat akidah umat Islam. Kenyataan Pengerusi DAP negeri Perak yang cuba membuat provokasi melalui suatu pertanyaan terhadap Ketua Pergerakan Pemuda UMNO yang mahu bersama-sama pemuda Pas mengadakan penentangan/protes bersama terhadap isu penghinaan Nabi Muhammad, seperti yang tersebut dalam twitternya Khairy mahu memprotes Sam Bacile. Ia untuk Islam atau kepentingan politiknya? Adakah kenyataan sedemikian boleh diterima sebagai hak kebebasan bersuara dalam konteks di Malaysia? Sebagai seorang pemimpin yang dalam satu gabungan politik Pakatan Rakyat yang dianggotai oleh multiracial dan berlainan agama Pengerusi DAP Perak itu tidak sewajarnya melontarkan soalan sedemikian yang berbentuk provokasi menghina Islam dan boleh menimbulkan kemarahan pihak Islam. DAP sudah menampakkan belangnya terhadap Islam yang tidak menghormati kepentingan penganut agama Islam dan Islam itu sendiri. Tak perlulah nak jadi jaguh politik dengan memainkan isu-isu agama dalam konteks Malaysia.

3. Pas seharusnya sedar bahawa DAP memang ada agendanya tersendiri terhadap Islam di Malaysia. Tak perlu buat kajian mendalam terhadap DAP, Pas dah boleh keluar dari Pakatan Rakyat berdiri atas keupayaan sendiri dan kembali kepada perjuangan asal Pas ditubuhkan terhadap kepentingan Islam, jika benar-benar tulin asas perjuangan Pas yang tidak pernah berubah terhadap Islam. Yang lebih afdalnya Pas mengadakan kerjasama dengan UMNO, mengukuhkan perpaduan sesama Islam dan sebangsa bagi merealisasikan perjuangan Islam ke tahap yang lebih tinggi, terjamin kukuh dan tidak boleh diganggu gugat oleh mana-mana pihak anti Islam atau atas kepentingan politik. Bergabung dengan DAP dan PKR dalam Pakatan Rakyat tidak memberi apa-apa kebaikan terhadap perjuangan Islam oleh Pas. Buktinya sudah jelas apa yang telah dan sedang berlaku di negeri Selangor dan Pulau Pinang yang di kuasai oleh DAP dan PKR dimana Pas tidak boleh main peranan mengenai Islam.

4. Sebagai umat Islam jika agamanya dihina dan diperlekehkan amat wajar diberi tentangan terhadap sesiapa sahaja pihak yang membuat penghinaan. Saya juga amat yakin dan percaya bahawa jika agama anutan kepimpinan dan penyokong DAP dihina dan diperlekehkan, mereka juga akan membuat protes atau penentangan yang hebat. Maka kita negara multiracial dan multi-religious jika mahu hidup aman, bebas dan sejahtera seharusnya mengamalkan

rasa hormat menghormati ditahap yang tinggi terhadap kepentingan sesuatu kaum yang jelas berbeza. Kepentingan kaum dan agama yang berbeza haruslah ditangani dengan begitu berhikmah dan bijak oleh kepimpinan politik dan rakyat di Malaysia. Suasana dan amalan di barat tidaklah boleh ditiru bulat-bulat lebih-lebih lagi yang jelas bertentangan dengan amalan rakyat Malaysia.

Sekian, terima kasih dan Wassalam untuk semua.

Actress sues California man behind anti-Islam film

Actress Cindy Lee Garcia, who also named Google Inc and its YouTube unit as defendants, asked that the film be removed from YouTube and said her right to privacy had been violated and her life endangered, among other allegations...For many Muslims, any depiction of the prophet is blasphemous. Caricatures deemed insulting in the past have provoked protests and drawn condemnation from officials, preachers, ordinary Muslims and many Christians.

“This lawsuit is not an attack on the First Amendment nor on the right for Americans to say what they think, but does request that the offending content be removed from the Internet,” the lawsuit said.

The suit accuses Nakoula, Google and YouTube of invasion of privacy, unfair business practices, the use of Garcia’s likeness without permission and intentional infliction of emotional distress.

A representative for Nakoula’s criminal attorney declined to comment on the lawsuit.

“We are reviewing the complaint and will be in court tomorrow,” said a Google spokesman.

Freedom of Expression : Do What You Feel Is Right!
But make sure it does not offend others and before we do anything think of the consequences. Mutual respect is they key to social harmony among human being. Those who cannot practice and appreciate this don’t be a human.

Some of the bloggers (MiddleAge especially) here always have this hatred to other people religion of which i do not know why. Is it so difficult to respect other people religion. If you cannot respect other people religion meaning you do not have self respect.

Do not play with religious sentiment as everyone have their belief and faith to follow respect that. If you are not a follower of a religion refrain from making comment of that particular religion. This is because you know nuts about the religion to begin with and why making comment on something you do not know or understand. Only monkeys do that as the saying goes “what monkey see, monkey do” or shall I say “what monkey hear, monkey says” or perhaps “only monkey wants to hear, what monkey says”.

Only one words to discribe this “RESPECT”

Salam,

To all muslim brothers and sister please stop falling into unbeliever trap to be provoked from the cheap movie.

Yes the movie insults our beloved Prophet saas but Insult belongs to those who utter it. The producer of this movie told himself in this movie and thus insulted himself.

The provocation accomplished its goal in a short while: as a result, an ordinary, anti-Islamic producer of a very ordinary film, which is entirely divorced from facts and based on distortions, has become world famous. This weird film which is composed of made-up stories which would otherwise not be heard by anyone if these incidents have not occurred also became well-known.

What is astonishing is that, upon the word of an impertinent anti-Islamic person, Muslims immediately believed that this movie was about our blessed our Prophet (saas). This incomprehensible assertion of an impertinent person was somehow taken seriously. Muslims adopted this assertion simply because he told so, not realizing the fact that they have become instrumental in spreading this provocation. They did not understand that they were fallen into a trap. They could not realize that the goal of this poor, ordinary person was to become renowned while and to disintegrate religions. The fact is however, believers had to think in line with the Qur'an and realize that they have been instrumental in making an ordinary person accomplish his goal. They had to comprehend that they had become instrumental in making an unknown person present like a very important individual.

But why have Muslims been so rapidly provoked? There are two reasons of it. First; ignorance and lack of knowledge. Second; fanaticism, that is bigotry. The fact is however, lack of knowledge is a concept that also includes bigotry, because in our day many people assume the bigotry they experience to be Islam. They think that being a Muslim necessitates feeling rage and spilling blood. For this reason, they take an impertinent seriously, invade embassies, murder people, curse countries and nations, burn flags and continuously mention blood and rage.

These Muslims are even unaware that they, in fact, commit a sin

The goal of the satan is driving a wedge among believers; Muslims must not permit this to happen

Salah satu sifat Tun yang saya sanjungi ialah berani mempertahankan Islam dan dunia ketiga walaupun terhadap Amerika atau Israel. Tun berani menggunakan hujah yang amat jelas serta menyengat. Tun mededahkan diri kepada kritikan antarabangsa sejak dari dulu lagi kerana mempertahankan kebenaran terutamanya berkaitan hal Islam dan umat Islam.

Pendirian Tun amat jelas ,tiada samar2. Tun berusaha membantu orang Islam di Bosnia, Palestin, dan lain2 negara. Tun mempertahankan Islam di peringkat antarabangsa menggunakan saluran antarabangsa. Tun terang2 berusaha mengembangkan syiar islam di Malaysia melalui UIA,Bank Islam dan lain2. Sifat sebegini saya tak nampak ada pada pemimpin pembangkang walaupun depa “nampak macam” lebih Islamik. Depa ini bukan nak kata peringkat antarabangsa , dalam Malaysia pun depa dah kecut dengan DAP. Kalau di interview akhbar/berita antarabangsa, depa berhati2 bimbang menguris hati orang Amerika dan sekutu2nya. Mohon maaf sekiranya kecil hati atau panas hati para pemimpin pembangkang.

Salam Tun dan Semua,

Memang sudah termaktub didalam kitab bahawa takkan redha Yahudi dan Nasrani selagi kita tidak mengikut cara hidup mereka.

‘Freedom of Expression’ actually does not apply to them. It applies to us only. Naturally, no human in a right mind would like anybody to curse them. Even a thief is going to kill you when you stole his stolen goods. He will not be happy that there is another thief other than him.

We are meant to be different. We could not even choose who is our parents, races and how every other things were created. There are whole lot of goodness being different. It teaches us to respect each other and have varieties in life. Life would be boring if everybody are the same.

I notice freedom of expression is the in thing of today. But the irony is that, the very people who preaches it couldn’t stand being criticised back.

I fear that this provocation is just the beginning.....

Salam Tun,

RE: FREEDOM OF EXPRESSION

1) Referring to the above subject, in my humble opinion Freedom of Expression is a very subjective matter, the Western would turn and twist when ever it is convenient to them. Or anyone for that matter, politician can also be a good example for this especially the Opposition.

2) The rage and anger that the Muslim all over the world is showing, isn’t that too is Freedom Of Expression? Violence can also be Freedom Of Expression, if you look at it as “Freedom to Express Ones ANGER”. Isn’t that too Freedom to Express? Freedom Of Expression can be both physical and verbal, movies, song, poetry, etc.

3) There should be a boundary to this, don’t you think so? How do we set the Boundary?

4) That is all for now. Thank you Tun for this blog that lets me Express my Opinion.

Salam Tun and readers all,

1. Perhaps some non-muslim readers of this blog do not quite understand WHY we are angry. Perhaps I can help a little bit to explain why.

2. Love for Prophet Muhammad, Peace and Blessings of Allah be upon him- sits at the core of our Islamic faith and belief.

3. Allah the Almighty- is God, the only Being that is worthy of worship.

4. Muhammad, sallahu ‘alaihi wasallam (SAW)- is Allah’s Messenger, the chosen one who was sent to mankind to bring messages of the Islamic way of life and to be the role model for human beings to lead this worldly life in order to have a blessed life in the hereafter. It is through the Prophet that the Quran was revealed, and the Quran is Allah’s

words.

5. This is a very basic explanation so that my non-muslim friends will know WHERE the prophet Muhammad SAW stands as regards us Muslims and our Islamic faith and way of life- or deen.

6. So, when our Messenger, the one who had sacrificed his life so that Allah's message was clearly and faithfully spread to us- mankind- is being ridiculed and made fun of, it is natural that we feel offended, to say the least.

7. Actually, I don't know about others, but I am personally not only offended but more importantly, I feel afraid and fearful. Because in our belief, Allah loves His Messenger very, very, very much. And Allah IS The CREATOR of this universe, the All- Hearing, All-Knowing, All-Powerful. When His Messenger is being ridiculed, do you think ALLAH does not know? Do you think Allah will just let it be?

8. Do you want to SEE what Allah will do to show His anger? Are we ready to SEE and WITNESS Allah's anger?

9. I am not – and may Allah Show us all His Mercy and save us all from the stupidity of some shallow thinking human beings.

10. And I wish to tell my non-Muslims friends and fellow readers, the prophet Muhammad was deeply revered by His Companions for his beautiful nature and manners- please refer to any authentic books on the prophet if you wish to know more. And now, after more than 1400 years, we Muslims still revere and hold him dear deep in our hearts.

11. We would never attempt to visualise him through drawings, animations or whatsoever- as all these would be demeaning him- and we would never-ever ever do that. Hence the reason why we feel angry when others try to visualise him through drawings, whether out of mischief or bad intentions or for what ever commercial or stupid reasons at that.

12. I am not trying to explain about Islam here, I am just trying to explain why we feel angry. We love our Prophet Muhammad SAW deeply- extremely deeply, even more than our love for ourselves, our mothers, our fathers, our children. You would love him too if you know him. Why don't you try and find out more about him? There's plenty of information on the net.

13. And we would never ever play tit for tat by ridiculing Moses or Jesus. Know why? Because these are all our prophets whom we love dearly too.

14. Which is why some stupid humans love antagonising us Muslims. Because they know we would never do the same demeaning things to 'their' prophets. And the sad fact is, they do not love their prophets as much as we do, because they play all sorts of jokes and say all sorts of things about their prophets.

15. At the end of the day, in the name of freedom, and under the name of free speech, some people displayed the level of stupidity they have. Not to mention their ridiculously bad manners and bad taste.

16. Nobody dares tell them that, Thank you Tun for being here.

May Allah Subhanahu wa Ta'ala forgive us all, may He show us His Kindness and Mercy.

Salam Tun,

1. I see My archangel, archrival Amin Tan is back with vengeance. I hope Tun will allow me my self defense.

2. Amin Tan says ...

Dear MiddleAges,
I disagree with you that islam oppresses other religion. In Malaysia preachers of other religions are not allowed to preach and convert muslims into other religion.

You can disagree all you like, but your statement above shows clearly the bias and oppression.

If there is truly freedom of religion, then any acceptable world religion will be allowed to preach their gospel, to anyone. But in Malaysia, other religions are oppressed and not allowed to preach to muslims ? But it is ok for muslims to impose their values (no-pork, dress code, syariah law etc etc) on others ?

So i really think you purposely blind yourself towards this unfairness or perhaps, you feel those of other regions happily accept your oppressions ? I think not.

However, they are allowed to practise their religions freely without any harassment. Surah kafirun explains the position of non muslim that they are free to practise their religions.

Obviously non-sense. There is no freedom of religion in Malaysia, Malays are forced Islam, and no other religion allowed preaching on mainstream airtime. Your personal view of surah kafirun whatever that is fine, but is not the public muslim opinion. BN cannot do anything about it. Islam rules.

2. Rachel Corrie was a 23 year old university student from Evergreen State College of Olympia, America. She was a full blown adult peace activist. I salute her for standing up against Israeli cruelty and tyranny. She had paid for her life the price of going against Israeli state brutality.

Ditto. I agree.

3. You call for a total revamp of islam and you say islam is a sick ideology with a sick God. You are the one who is sick and ignorant. Allah has promised those who oppose islam that their place in the hereafter is JAHANNAM or hell. So, my friend please be careful of what you say. I pray that you become a devout muslim one day.

Islam today is a sick ideology. It was not in the original form. it is today the most misunderstood religion, the basic Islam today is fight, fight, fight, whereas the real doctrine of Islam is peace.

But no one today can claim Islam is religion of peace because the results worldwide shows clearly violence in the name of Islam.

4. You predict that our children will fight against one another if they practise islam. This is not true. On the contrary, islam is the way to peace, harmony and bliss in the world and the hereafter, wallahu alam.

It is not so. You are wrong. If you want peace, then do not impose on others, religion or opinions. But Islam in Malaysia is imposing to a very high degree.

5. Vote BN

I honestly wish i could, but BN is so weak that it can no longer struggle for the freedom of Malays or Muslims as well as other races. It is a failed concept, although it started out well. Wake up Amin Tan, don't be a dead wood in the country's admin.

Thank You Tun

Dear Tun,
Please allow me to address Mr. MiddleAges who says

//4. Thus, if the government or friend or family member do wrong, we cannot criticize, or we will be said to be "biadab" or "kurang ajar". And this culture has led to the rampant abuse of religion, culture and public funds to such an extent, most people know it, are not happy with it, but cannot say anything, or not allowed to say anything, afraid of being said to be "biadab".//

Dear Mr MiddleAges, I disagree with what you said above. In this modern world, no sensible person would be offended or biadab or kurang ajar if you point out their mistake sincerely and they realise that it is their mistake. In this forum too everybody tolerates differences of opinion or ideology and even different religion. You are called biadab or kurang ajar only when you are rude, vulgar, disrespectful by doing or saying something WRONG like those young opposition supporters stepping on and showing utter disrespect on our national flag and leaders in public. That action is wrong and is called durhaka, biadab or kurang ajar. Religion is a sensitive issue. Please be careful of what you say, whether it is Hinduism, Christianity, Sikhism or Islam. Every religion has their own way of practice. In Malaysia nobody has any right to criticise other people or even their own religion. For example I become offended when somebody like abdulazizomar says it should only be one kalimah shahadah, and dua kalimah shahadah is wrong. Clearly somebody is trying to corrupt islam or he is truly deviated or insane. I too disagree with you when you mention about forcing muslim woman to wear tudung. In the Holy Quran, woman's hair is considered aurat and should be covered in public. Those who do not cover their hair in public are against the teaching of Quran. Muslim women not properly covered may not be allowed to enter the grand mosques of Mekah and Medinah. Wallahu alam.

Salam Tun,

off – topic a bit but what the heck since many people are fond of Islam bashing. Please figure out these facts...

When The Holy Quran challenged all mankind and angels to produce a book comparable to it was no empty boast from the AlMighty Creator.

Intricate mathematical equations and formulas make the Holy Quran impossible to imitate and not even a single letter or word can be taken out lest it upsets the equations.

Intrigued? Feel free to check the facts on your own accord. There is no compulsion in Islam and I am just stating the facts which many people with devious intentions are trying to keep secret.

“The Canadian Council on the Study of Religion reported in its QUARTERLY REVIEW of April 1983 that the code in the Holy Quran is “an authenticating proof of the divine origin of the Quran.”

Have a look how many times the following words

appear In The Holy Quran:-

* Solat (Prayer) 5

* Month 12

* Day 365

* sea 32

* Land 13

* Sea + land = $32 + 13 = 45$

* % sea = $32/45 \times 100 = 71.11111111\%$

* % land = $13/45 \times 100 = 28.88888889\%$

Modern Science has only recently proven that the water covers 71.111 % of the earth, while the land covers 28.889 %. Is this a coincidence?

Who taught prophet Mohammad (PBUH) all this?

Allah, the All Mighty taught him this.

As the Quran tells us:

(This is) a Book, the Verses whereof are perfected (in every sphere of knowledge, etc.), and then explained in detail from One (Allâh), Who is All-Wise and Well-Acquainted (with all things).

‘(Quran 11:1)’

Quran has all the secrets of world and answer to every question is presenting Quran, but it just needs to research on it or to explore it. On exploration one can find the answer of each and every question.

There are so much more to discover! What’s the importance of the number 19? Why 19? Well mathematicians will immediately realise the significance! Go ahead and start your research now!

Da Vinci’s Code? Haha it can not even light a fire to the greatest miracle of all time!

Saya sedih kerana niat jahat adalah se-orang penghasut. Dia yang tidak menghormati Muslima. Oleh itu, menguasai extremists untuk membunuh orang lain yang tidak ada masalah tentang Agama Islam.

Saya nak katakan. Saya faham Sopan-Santun itu memang penting dalam budaya Muslima. Tetapi se-seorang yang budaya yang di-panggil 'Religion of Peace'. Mengapa mestilah marah sampai darah didih-kan?

Kalau se-orang katakan ber-salah sampai Muslima Nak-Amok. Itu betul-keh bila Muslima membunuh kaum yang sama di-depan atau di-merantasi laut. Itu bukan salahan orang lain. Fatwa-lah kepada kumpulan atau se-orang yang buat fitnah. Walaupun saya tidak setuju, itu lebih Suci dari membuat 'Amok'. Lebih baik beri-kan se-orang atau kumpulan ke-sempatan untuk ber-taubat. Itu-lah perbuatan yang mulia.

Salam Tun and fellow bloggers,

I want to share something I found from Big Dog's blog which are relevant to the zionist protocols;

- place our agents and helpers everywhere
- take control of the media
- appoint puppet leaders
- rewrite history

Right after PRU 12, this shani ross published an article in the jerusalem post on 20 march 2008, entitled 'Anwar Ibrahim: Malaysia's Future PM?'

(shani ross was the coordinator for the executive programs and conferences at the international institute for counter-terrorism (ICT), interdisciplinary centre, herzliya, israel).

Here are some of the contents that I purposely 'hand-picked' because they are relevant to those protocols above;

1. 'PKR's success has been attributed largely to the revival of former Deputy PM Anwar Ibrahim's political career.' (I'm certain anwar was the one who gave these infos, thus making him indispensable, that all dealing must be with him only...sorry you idiots from PAS and DAP...you people are just anwar's tools, nothing more. The jews are grooming anwar alright..)
2. 'Anwar's term as minister of finance was characterized by unprecedented economic prosperity and growth, awarding him widespread acclamation.' (the process in making him their puppet, agent, helper...they knew all along that anwar knew nothing about economy, finance...Tun made a mistake for putting anwar there, but Tun was misled by anwar into believing he could deliver. anwar made himself king, because politicians only kowtowed the guy who had the money. anwar was just a joker with bahasa baku...a real idiot.)
3. 'however, his political career came to an abrupt stop when he voiced strong opposition to Mahathir's support for the Bumiputera (sons of soil) programme.' (only the sane ones would know how in 1997 when karpal wanted the government to 'siasat Timbalan PM'...but Tun said anwar was innocent, when most of the ministers talked bad about anwar, Tun was on anwar's side, ...for more than 16 years Tun groomed anwar to become PM because that anwar devil managed to influence Tun, an innocent person who got full of love from his family and that make him a loving trusting (trust himself and others) person. Never mind, the important thing here is that the jews are portraying anwar as a victim – sodomy? anwar takkan buat kerja tu...but all the judges who freed him agreed there was sodomy, I rest my case!. Tun who still believed that anwar was innocent if not because of anwar's 'admittance' to this pervert action (when anwar was asked during closed-door meeting, he did not deny but instead pointing to others who he said did worst thing than him), when the ladies went to bukit aman and lodged reports against anwar...The jews still want anwar, because it is easier to control someone who they can blackmail or threaten later.

4. 'this opposition led to criminal convictions for corruption and sodomy...' (again, the jews wanted to portray anwar as a victim and should become the PM of Malaysia but instead was jailed due to conspiracy....my foot again! he had so much fun making money, bullying the public, having free sex...now he's a hero. Again, the sane ones can see why jerusalem post agreed to publish these nonsense about anwar...because they handpicked him as the potential puppet, agent and helper for their cause. Mossad knows a lot about the truths relating to anwar...enough to blackmail and threaten him in future).

That's why anwar is fighting for whatever the jews want – including the freedom of expression; liberalism (in sex, religion, etc – those related to the protocols).

Askm Tun, semoga kita semua terus diberi petunjuk & nikmat Allah SWT.

Tun have described the true picture of the present world where everything must fit the mould that the powerful countries have decided among themselves to set for others to follow... based on the infamous words of Bush Jr...."either you are with us or against us". The world now is "governed" by the greatest power, Anglo-American and "controlled" by the Zionist, period.

Since the 11th century, the British, France, Spain, Portugal, Belgium, Italy had basically divided the world among themselves, thus the 1st wave of western colonisation of the world.

After these countries had gained independence, the western countries introduced other forms of colonisation, basically based on mental colonisation by setting standards, cultural values through human rights, environmental issues etc to be imposed on others as if theirs are the best/universal.

We, as Muslims should realised that all men-made laws or whatever created by men are with many flaws, ONLY those designed by Allah SWT are absolute & perfect. The only reason why Islam has been treated badly by others because Muslims themselves are to be blamed for not studying and understanding the knowledge contain in Quran and practising the Prophet PBUH ways in life and lead the world.

Now the world is really suck. While most wants to believe that today is better than yesterday and tomorrow is better than today but the truth is by introduction and adopting current values, the world today is worst than yesterday and tomorrow will be worst than today...

So let us go back to basic.. read, study, understand Quran & hadiths and insya'allah, Allah SWT will show us the right way for better life now and day-after.

Maka dapat disimpulkan bahawa pergerakan keganasan dikatakan muslim itu tidak berada di peringkat antarabangsa sebenarnya. Hanya disekeliling negara yang terbabit.

Salam Tun and fellow bloggers,

Regarding Hillary's statements and other American leaders, or other leaders on the so-called freedom of expression, again, they have a lot to do with the Zionist protocols;

Protocol 1 – Place our agents and helpers everywhere; in most countries, especially US, the leaders are without denying the facts are pro-Zionists and working for the Zionists...so what do we expect? The ordinary citizens are being cheated, lied to, manipulated...US citizens were told that US leaders are protecting them and other innocent parties/countries...but these 'ignorant' citizens who are actually naive, sociable...really thought their government leaders are doing the best for everybody – they are being manipulated because the leaders are doing for themselves...by working for the Jews. Hillary is just one of their agents/helpers.

Protocol 2 – Take control of the media and use it in propaganda for our plans; jews and US leaders control the media – can you imagine the people of america do not know what are happening outside their country..they really on tv, radio, newspapers that are being vetted to show what the public should see, hear, etc. Therefore, freedom of expression would be from their leaders, not from others. They will block, vet anything contradicting the government's motives...it is happening in America, the so-called democratic nation. In Malaysia, we can get access even to the opposition news.

Protocol 4 – Use bribery, threats and blackmail to get our way; American leaders are being threatened and blackmail by the jews and in return they threatened and blackmail others....just to make sure they kow-tow the jews.

Protocol 7 – Appoint puppet leaders who can be controlled by blackmail; Do you really think Hillary is the best in US to become 'KSN'/ Secretary of State? She, Obama, Bush, Romney and others are just puppets. When Hillary mentioned about freedom of expression, she was just parroting what the jews told her...

Protocol 9 – Abolish all rights and freedoms, except the right of force by us; only they have the freedom of expression, according to their advantages...like in this case about saying nasty things about the prophet and Islam.

Protocol 10 – Sacrifice people (including Jews sometimes) when necessary; let the insults on Islam continues, the worst thing to happen is ...some people will fight, die, etc, so what? just sacrifice them!

Protocol 11 – Eliminate religion; replace it with science and materialism; keep on showing the 'badness' about Islam and yes, even some muslims are doubting their Islamic religion.

Protocol 12 – Control the education system to spread deception and destroy intellect; instill into the peoples' minds about freedom of expression (regardless what, no matter what); present trend, the 'in-thing', fashionable, cool, etc

Protocol 13 – Rewrite history to our benefit; try to convince everybody that freedom of expression is something acceptable, allowable by all religions, mankind, etc – historically, freedom of expression is something awesome, cool...democratic...

Protocol 24 – Give bad advice to governments and everyone else; just like what Hillary is telling the people about the freedom of expression...surely a bad advice...but her master, the jews are demanding her to do just that.

Conclusions;

1. the jews are indeed enforcing their protocols through 'great' leaders of America...these leaders in return make policies, including 'the freedom of expression'

2. the Americans at large are actually 'good citizens' who are being manipulated by the 'zionist-friendly' leaders...and they have more to gain (these leaders). I remember during the first Gulf war, after the successful hits by the patriot missiles, the shares on the defense industries went up! someone made monies while someone else died.

3. these kafirs will only stop if the muslim countries are strong, with nuclear warheads....IF ONLY....

Salam Tun,

1. Well, despite the jeering and blind mocking of my comments, i wish to continue, if YB Tun would kindly allow.

2. The time has come for me to depart from Tun's Philosophy of Life, a very distinct Asian and Malay set of Philosophy, although a very polished and highly learned one at that.

3. The principle of freedom of speech is that one can say anything about anyone so long as one keeps their hands in

their pocket and peace is preserved. This is something Asians cannot or has not learnt to accept, because we are an oppressed culture and we think that is the right way to live, ie. with fear.

4. Thus, if the government or friend or family member do wrong, we cannot criticize, or we will be said to be “biadab” or “kurang ajar”. And this culture has led to the rampant abuse of religion, culture and public funds to such an extent, most people know it, are not happy with it, but cannot say anything, or not allowed to say anything, afraid of being said to be “biadab”.

5. This culture is like having a dictator parent, looking over our shoulders of every single move we make, so as they assure they remain as feared “parents”. It is not a very nice culture, it does not promote harmony, it degrades our livelihood, it sets this part of mankind behind time remaining in the middle ages of ignorance. In simple terms, it makes us “bodoh”.

6. If i were to take an excellent example from our most advanced Asian culture, the Japanese, in one story, a teenager who wants marry her choice boyfriend is being blocked by her parents due to her parents discrimination. This is oppression at a very basic and simple level.

7. As it turns out the mother managed to convince the father to not block or protest the marriage, because she feared their daughter would commit harakiri should the father impose further his will on their beloved daughter. And the father yielded. And so it ends a happy ending.

8. So, what does it take for Asians to accept “rude” and remarks not tuned to their music ? In the Japanese case, a harakiri threat. In our case, perhaps instability and riots ?

9. But this is not to me a good method. If older generation who insist on being rulers simply because they are elders, and impose their values on us the younger, restricting our freedom of speech, you elders need to know there are many us younger generations who put up our hands to God asking for these elders to die earlier. Of course we also beg for forgiveness for thinking like this, but with God, we be truthful of our true feelings. Elder people should know how they really look like in a clear mirror, as seen by teenagers.

10. Often, they are seen as egoistic old persons, dumb but arrogant, power crazy, filthy rich and in general an unpleasant human being. It is time Asian culture evolve to be a thinking culture, that we think about it when people call us stupid bastards as you put it Tun, and to examine every inch of truth in such free speech. And often we can find plenty of truth to it.

Thank You Tun

Since the United States embarked on the war on terror after 9/11, more and more participants entered the fray against them which is a pity. Such a war has never been seen on the face of this Earth.

And to add on to their own difficulties, the United States confirmed their utter belief in the Freedom of Expression within the American and Western context which contretemps with Arab or Middle Eastern or Asian values and beliefs.

This war on terror is more than guns and tanks. It is a war of the minds and beliefs on both sides of the divide unlike the wars of the past and in the 20th century when American fire-power held sway. Their opponents in this war are not afraid of death or retribution but in the staunch religious beliefs.

It is all the more surprising that the United States Government were lackadaisical in their control of the media which is not in their cause especially this dastardly film of the worst kind in a war which could be longer and have wider consequences than the 2nd World War. There seems to be that all the firing power of the think-tanks have been spiked to the detriment to the will and intentions of the White House !

At the slightest whisper of treason, all the Japanese Americans were locked up on some American hostile plain at the beginning of the 2nd World War. This action was proven to be a sad mistake.

And yet, in the World of the Web etc, all sorts of denigrating and detrimental issues to the American cause are not censored or controlled in the cause of Freedom of Speech. It is not funny when a person's spiritual beliefs are insulted or innocents are wounded or killed.

I could observe there is no single panacea for the United States in this war against terror where it is like a many-headed snake with heads which are programmed. Even Captain America will find himself lost in such a scenario ! We find surprising incidents of the most shocking kind popping up here and there. Hence, I always urged our own people not to take things for granted and become complacent but go with the flow and vote BN for our beloved Malaysia's peace and tranquillity, especially 6 distinguished leaders (of which 5 are of a certain age) of the Opposition do not make a complete Government with 55 years of experience like the BN. Remember the saying 'To err is human, to forgive is divine.'

To resolve the dilemma of the United States, it is extremely difficult given the creation of the State of Israel in 1949 and the centuries of the poverty and subjugation of the Arab peoples in their own lands.

If the United States is serious in humanity and multiculturalism, she should use all that is in her power to up-lift the livelihood and living standards of the Arab peoples in the Middle East and leave the resolution of the political wherewithal later. At least with success, the United States might gain some kudos in this field of endeavour. Bullets and tanks will not begat Pax Americana but jobs, better standard of living, education, housing, etc will.

Just a few minutes ago, a Syrian TV host who defected to Paris said on CNN ' Why are the Americans so silent on our plight ? ' What say you Uncle Sam ?

Maybe a better Freedom of Expression comes from the respected Prime Minister of Singapore, quote ' Singaporean Tells China US Is Not In Decline ' Vide. NYT. 6 September 2012.

But a History Fellow of Jesus College, Cambridge, told me many years ago that when a country becomes flooded with foreigners like Rome before its decline, will decline.

Your guess is as good as mine.

Vote BN (all Malaysians especially the Malaysian Chinese) whose leadership is more than the 6 distinguished leaders of the Opposition and 5 of them are already of a certain age as suggested in a recent seminar.

Hilary Clinton defends the film which insults the Prophet of the Muslims because of freedom of expression, a part of human rights,

then I would like to ask everybody here to remind her of all the wonderful things her Husband President Bill Clinton did with Monika Lewinsky. Lets talk all over again in the interest of freedom of expression.

Extracted from http://en.wikipedia.org/wiki/Monica_Lewinsky

“testimony from Lewinsky that the President had inserted a cigar tube into her vagina, Clinton stated, “I did have a relationship with Miss Lewinsky that was not appropriate.”[1] Clinton denied having committed perjury because, according to Clinton, the legal definition[17] of oral sex was not encompassed by “sex” per se. In addition, relying upon the definition of “sexual relations” as proposed by the prosecution and agreed by the defense and by Judge Susan Webber Wright, who was hearing the Paula Jones case, Clinton claimed that because certain acts were performed on him, not by him, he did not engage in sexual relations. Lewinsky’s testimony to the Starr Commission, however, contradicted Clinton’s claim of being totally passive in their encounters.[18]“

Dear Tun

Please allow me quote Mr. MiddleAges

//1. Islam has been abused to a very high degree, and has been made a religion to impose and oppress other peoples and other religions. This is definitely wrong.

2. Adding insult to the religion, children was and is still being used for propaganda and skewed opinions. I do not know how old Rachel Corrie was, but shouldn't children be at school playing with friend rather than stopping bulldozers ?

3. Recent disturbances in the Islamic World shows how misguided muslims are. Here is a picture from Hyde Park,Sydney of a perhaps two year old asking for beheading those who insult the Prophet.

4. Is this what the Islamic World demands ?

http://richarddawkins.net/news_articles/2012/9/15/behead-them#.UFTFW64suVp

5. It is time for a total revamp of the entire Islam Religion and World, so that this sick brianwashing and extreme worshipping of a sick God is kept to a sane level, and hopefully eliminated, for the sake of us all.

6. We have a situation in Malaysia where children are taught blindly religious fanaticism and forced to follow (wear tudung, say certain words, belief in certain things without proof), and this sick ideology is being propagated in schools and all academic institutions, under the name of “official religion”.

7. If nothing is being done NOW, our children and grandchildren will be at each others throats, in the name of God. And they will think they are righteous, and that they will go to heaven.

Over to you Tun.

Thank You Tun//

Dear MiddleAges,

I disagree with you that islam oppresses other religion. In Malaysia preachers of other religions are not allowed to preach and convert muslims into other religion. However, they are allowed to practise their religions freely without any harassment. Surah kafirun explains the position of non muslim that they are free to practise their religions.

2. Rachel Corrie was a 23 year old university student from Evergreen State College of Olympia, America. She was a full blown adult peace activist. I salute her for standing up against Israeli cruelty and tyranny. She had paid for her life the price of going against Israeli state brutality.

3. You call for a total revamp of islam and you say islam is a sick ideology with a sick God. You are the one who is sick and ignorant. Allah has promised those who oppose islam that their place in the hereafter is JAHANNAM or hell. So, my friend please be careful of what you say. I pray that you become a devout muslim one day.

Salam Tun.

Now things are beginning to become more interesting.

How about the US be given the honour of the first developed nation coming in very close to be called "The land of the bastards"?

Or probably she has already reached that status?

Mrs Clinton greatly encouraged freedom of expression, and the above title is not even mooted due to the freedom to express but all the hard facts will point to the US as the nation having the greatest bastard population in the developed world, if not in the whole world!

If Americans are to become angry after having their country labelled as "The land of the bastards", blame Hillary Clinton for encouraging the people to uncensored freedom of speech, freedom to express.

The Salman Rushie Syndrome II

(the innocence of muslims)

The movie: is low-budget anti-Islam film by a completely down-and-out coptic christian living in LA that has generated anti-American protests across the Arab world

The head of a Christian charity that provided its Duarte headquarters as a set for "Innocence of Muslims" said Monday that he was duped into participating in the

Joseph Nassralla, president of Media for Christ, made the assertion in a statement posted on the website of anti-Muslim blogger and activist Pamela Geller.

Nassralla wrote that a fellow Egyptian immigrant named Nakoula B. Nakoula had approached him last year for help making a movie about Christian persecution and said “it would examine the culture of the desert and how it is related to what is going on right now.”

Nassralla said he offered the charity’s broadcast studio for 10 days of filming but had nothing further to do with movie, which depicted the prophet Muhammad as a buffoon and sexual deviant.

“The final product ... bore no resemblance to the film I thought he was making,” Nassralla wrote. “Nakoula altered the film without anyone’s knowledge, changing its entire focus and dubbing in new dialogue.”

Nassralla, who said he was in hiding after receiving death threats, was drawn into the firestorm over the film because his charity’s name was listed on permits for the movie. In his statement, Nassralla said he was unaware that Nakoula had listed his organization on the government documents.

His charity runs a satellite television network, The Way TV, which airs sermons and hymns alongside anti-Islamic rhetoric. The host of one such program is Steve Klein, a militant evangelical Christian from Riverside County who worked as a script consultant for “Innocence of Muslims.”...

Even as Nassralla distanced himself from the movie, he wrote that blame for the worldwide violence triggered by the film’s trailer that was posted on YouTube lay not with the filmmakers but “those who are rioting and murdering.”...

Iran vows to track down ‘Innocence of Muslims’ makers – vice president

Sep 17, 2012 17:15 Moscow Time

The Iranian government has vowed to “track down” those responsible for the making of “Innocence of Muslims,” a low-budget movie mocking the Prophet Mohammed.

“The government of the Islamic Republic of Iran condemns this inappropriate and offensive action,” First Vice-President Mohammad Reza Rahimi has said. “Certainly it will search for, track, and pursue this guilty person who ... has insulted 1.5 billion Muslims in the world.”

Clips from the controversial film were uploaded to YouTube as early as in July by a man called Sam Bacile, although insider sources claim it to be a pseudonym.

Earlier Tehran demanded formal apologies from the United States for the California-made film.

‘Here We All Are, and Hooray For Us’

By MONISHA RAJESH

LONDON – It had been several years since the author Salman Rushdie was shadowed by London’s Special Branch officers, but on Friday night they were once again by his side. However, this was a celebratory occasion — to join him for the release of his latest book, “Joseph Anton: A Memoir,” in South Kensington.

Accompanied by the actors Stephen Fry and Eric Idle, the authors Ian McEwan and Hanif Kureishi, the rock legends David Gilmour of Pink Floyd and Nick Rhodes of Duran Duran, and fifty publishers who had flown in from around the world, Salman Rushdie devoted the night to those who had supported him since Valentine’s Day in 1989, the day that changed his life.

That morning, Mr. Rushdie received a phone call from a BBC reporter who informed him that Ayatollah Khomeini had sentenced him to death for the publication of his novel, “The Satanic Verses,” and asked how he felt. “It doesn’t feel good,” he replied. He then left his home in the London neighborhood of Islington, never to return, and spent the next nine years living under the fatwa – until the Iranian government lifted it in 1998...

Canada’s announcement that it has severed diplomatic relations with Iran was surprising, even unprecedented, experts in international relations say.

Foreign Minister John Baird was in Russia when he announced Friday the government was kicking Iran’s diplomats out of Canada and recalling the handful of Canadian diplomats in Tehran.

“I was very surprised by the Canadian announcement,” James Devine, an Iran expert at Mount Allison University in Sackville, N.B., told CBC News, noting that it isn’t tied to a specific event or a reaction to “an acute crisis in the relationship.”

“Oh my God, I can’t tell you how upset and scared I am right now,” Niaz Salimi, the president of the Iranian-Canadian Community Council, said in an interview with Embassy magazine.

Baird’s statement lists a series of old grievances but does not say what specifically prompted the surprise move.

He did say “the Iranian regime has shown blatant disregard for the Vienna Convention and its guarantee of protection for diplomatic personnel,” likely a reference to the ransacking of the British Embassy in Tehran by protesters in 2011 while Iranian police looked on.

He also alluded to the safety of Canadian diplomats — something Canada’s last ambassador to Iran, John Mundy, told the CBC’s Nancy Wilson has been a long-standing concern, though he noted the government has not provided any information about specific threats.

Mundy, who was expelled from Iran in 2007, has since retired from the diplomatic corps. He called Canada’s action “a very drastic step” and one that surprised him, too.

In an interview Saturday on CBC Radio’s The House, Baird emphasized his “concern was for the safety of the men

and women working at the Canadian mission,” but when asked by host Evan Solomon whether there was “something specific” he conceded there was “not a direct threat” or an increased security risk.

“The mission in Tehran is not one of the safest we have,” Baird also told Solomon. “It faces a busy road and it could be overrun pretty quickly.”

Janice Stein, arguably Canada’s leading Middle East expert and the director of the Munk School of Global Affairs at the University of Toronto, told CBC News she sees the move as an “issue of security for diplomatic personnel in Tehran as the sanctions ramp up, and Canada’s remaining diplomatic personnel would be a prime target were crowds to turn hostile.”

Janice Stein of the Munk School of Global Affairs says Canada’s decision to break diplomatic relations with Iran was not in response to specific intelligence about an imminent military strike against Iran. Canada in the headlines

Canada’s move is making international headlines and its significance shouldn’t be underestimated.

Even after its embassy in Tehran was ransacked — an attack Ambassador Dominick Chilcott described as “a state-supported activity — Britain did not suspend diplomatic relations, although it did expel Iran’s diplomats.

At the time, Deputy Prime Minister Nick Clegg told the BBC the U.K.’s response “doesn’t mean we’re cutting off all diplomatic relations with Iran; it doesn’t mean we are in any way lessening our determination to try to find a diplomatic solution to the nuclear question.”

So why did Canada suspend relations now?

Devine points to the Non-Aligned Movement (NAM) summit in Tehran last week. Iranian officials boasted about a successful summit, which involved most countries from Africa, Asia and Latin America.

He says the summit “was not an overwhelming success for Iran but demonstrated they are not as isolated as the West would hope.”

The West is trying to isolate Iran over the dispute about Iran’s nuclear program. In that context, Devine says, Canada may be trying to send “a symbolic message to Iran after the NAM meeting that they should not conclude that their isolation is over or that they can escape western pressure.”

He believes the suspension’s timing could be related to Canada’s Justice for Victims of Terrorism Act, which allows victims of terrorism to sue a country that Canada lists as a state sponsor of terrorism. On Friday, Baird said he was adding Iran to that list, along with Syria.

The act, passed in March, gave the federal cabinet until mid-September to list states sponsoring terrorism. Why make the announcement in Russia?

“The timing and the way they did it is rather awkward because they chose to announce it on the doorstep of Russia, which is the country that is the strongest proponent of the negotiated settlement to the nuclear issue,” Mundy said, calling Canada’s announcement “an implicit criticism of Russian policy toward Iran.”

However, the timing may also be connected with when the last Canadian diplomats left Iran, which was ahead of the announcement. That Baird made the announcement in Russia also raises the question of whether there was some urgency for Canada’s actions.

Ray Boisvert, the assistant director of Canadian Security Intelligence Service until April 2012, told Solomon that Canada’s move was unprecedented, since that is something that only “usually happens in very severe conditions.” He also noted that Canada does not normally take the lead in this kind of foreign policy action.

Boisvert also pointed to what he said was the Iranian Embassy “running some kind of threatening operation” aimed at the Iranian community in Canada. According to Boisvert, Iran “absolutely” poses a security threat in Canada.

Kaveh Shahrooz, vice president of the Iranian-Canada Congress, told Wilson that “members of the community are worried if they partake or speak out, that will be reported to [the Iranian Embassy in] Ottawa and there’ll be repercussions for that person if they go back home, or for their family.”

“We’ve been concerned for some time about the actions taken by the mission in Ottawa,” Baird told Solomon.
Possible military strike

Mundy, Salimi and others point to a possible military strike against Iran’s nuclear facilities as a motive behind Canada’s announcement.

“For us, it’s an immediate sign of attack on Iran,” Salimi told Embassy magazine.

However, Baird said on The House that the government has “received no notice of any decision taken by the United States or Israel in this regard, so I can categorically say that the timing of the decision had nothing to with an imminent strike.”

James Devine, an Iran expert at Mount Allison University, says Canada’s announcement is likely to have little impact in Iran. James Devine, an Iran expert at Mount Allison University, says Canada’s announcement is likely to have little impact in Iran. (Information Morning Moncton/CBC)

For his part, Devine said an imminent strike is not on tap.

“The signs don’t suggest there’s an imminent attack coming from the Israelis or the Americans right now. And the Americans, especially, are not going to want to get into anything until the elections are over.”

Stein also told CBC News she does “not believe Canada’s action was in response to any intelligence information about an imminent strike.”

The U.S. has been building up its forces in the region and putting pressure on Iran, Devine points out,

“They want to make sure the Iranians feel there is a possibility of attack, because if the Iranians were ever to decide there is no chance the Americans are going to attack, their [American] leverage would be significantly reduced. Building up forces is consistent not just with an attack but consistent with the idea they are trying to use pressure.”

Stein agrees: “The U.S. is at pains to say there is no specific intelligence yet that suggests the Iranians have made the decision to weaponize their nuclear program and, given that, I would be very, very surprised if President [Barack] Obama would resort to force before the election.”

Iranian Canadians will feel it most

The Canadian government’s move is likely to have little impact in Iran.

“The Iranians are not looking at Canada as that important an actor in all of this,” Devine said, adding Canada’s economic relations with the Islamist nation have gradually weakened.

Stein holds a similar view, noting that “the Iranian government certainly knows where we stand, we’ve made our position forcefully.”

Ken Taylor, who was Canada’s ambassador in Iran during the U.S. hostage crisis that began in 1979, told CBC’s Hannah Thibedeau he doesn’t agree with Canada’s decision to suspend diplomatic relations.

“Given Canada’s status as an international player, there’s great value to having someone there on the ground who can interpret what is going on, to the extent that there are challenges to doing that properly,” he said.

Mundy said that now, “We no longer have the ability to communicate directly, government to government, with the

Iranian government.”

Stein says, “The major impact will be on the Iranian diaspora in Canada, which will have a lot more difficulty getting visas to go home for visits.”

Canadians imprisoned in Iran

Another significant impact to Mundy is that “we no longer have Canadian diplomats on the ground to protect the interests of Canadian citizens” in Iran. “There are a lot of Canadian citizens in Iran, some of whom are in jail, and some of whom depend upon the Canadian diplomats to make representations on their behalf.”

Hamid Ghassemi-Shall, a Canadian citizen jailed in Iran since 2008, is one of three Canadians being held in Iran’s notorious Evin prison, the same prison where Canadian photojournalist Zahra Kazemi was killed in 2003, which led to a serious worsening of relations between the two countries.

Iran sentenced Ghassemi-Shall to death in 2009.

His wife, Antonella Mega, told Thibedeau on Power and Politics that she feels the Canadian announcement is “a great disappointment for me and Hamid.” The diplomats who have now left Iran “have expressed great concern for Hamid’s case” and “have been continuously advocating for him.”

Feeling that “a door is now closed,” Mega said she wants to hear from the Canadian government, “What is the plan that Canada has to help Hamid?”

How to sell in Islamic markets

Finding strategies to market goods and services to the world’s highly diverse Muslim consumers

Although an estimated 23% of the world’s population is Muslim, creating brands and marketing strategies that resonate among Muslims is tricky business. Living in more than 200 countries with a wide range of cultural traditions, ethnic backgrounds and standards of living, Muslims hardly constitute a homogenous single market.

Yet, as Paul Temporal points out in his book *Islamic Branding and Marketing: Creating a Global Islamic Business*, there are shared Islamic values that non-Muslim companies can tap into to reach Muslim consumers, and that Muslim companies can better leverage to go global. While few Muslim companies have built brands extending beyond their nation’s borders (and those few mostly in the oil and gas industry), Temporal offers international companies straightforward advice on integrating themselves into Muslim markets.

The demand for halal products and services (the word halal means “lawful”) is one commonality of Muslim life from Muslim-majority countries like Saudi Arabia and Indonesia to Muslim-minority countries like France, Germany and the U.S. “The term is most frequently linked to food that is permissible according to Islamic law, but in fact it applies to all categories of products and services used in Muslim life,” writes Temporal, who is an associate fellow at the Saïd Business School at the University of Oxford in the U.K. “Conforming strictly to Islamic law means that everything a Muslim does must be halal. In reality, however... there are different degrees of religiosity practised, from orthodox to liberal.” Halal products not only meet the requirements of Shariah law, which is drawn from a variety of sources including the Qur’an, they are also a mark of purity and quality. Interestingly, one study suggests that 16% of U.S. Muslims buy kosher food when they are not able to gain access to halal products.

Sectors where halal is especially important include food and beverage; education; tourism and hospitality; medical and pharmaceutical products and services; entertainment; financial products and services; cosmetics and personal

care; and Internet and digital products and services. The Noor Global Brand Index, a 2010 study of consumer perceptions of halal status, ranks Europe-based brands like Lipton and Nestlé at the top, showing that country of origin matters less than a well-executed commitment to halal principles.

Globalization and rising incomes in many emerging economies have, perhaps unexpectedly, made halal increasingly important to Muslim identity. In a case study of OnePure, a cosmetics company founded in 2007 by Canadian-born Muslim Layla Mandi, the marketing strategy targets affluent Muslim women who appreciate global brands like Clinique, Lancôme and Chanel, but see an added value in halal-certified products. Designed and formulated in Canada, OnePure uses financial products and services from Emirates Islamic Bank (which follow Shariah principles, including not charging interest), sources halal raw materials, ensures products don't come in contact with non-halal products or processes, such as machinery cleaned with substances containing alcohol, uses halal-compliant transportation and storage throughout its supply chain and ensures that its female sales personnel wear abayas, loose dresses meant to protect their modesty.

"This enterprise shows that, with determination, Islamic brands can penetrate every market and attract non-Muslim consumers as well—for example, people who are interested in organic, eco-friendly, ethical and authentic beauty products," writes Temporal.

Attaining halal accreditation is not straightforward, since different regions, countries and communities have different standards. Brunei Darussalam, a Muslim country with a population of about 381,000, is trying to overcome these hurdles to become a major player in the global halal industry. In 2009, the government launched the Brunei Halal Brand which, although not necessarily universally accepted, sets a high benchmark for its certification processes. "Having obtained certification in Brunei, products can generally be expected to pass audits undertaken by other countries," writes Temporal.

Reaching Muslim women remains a challenge. Tougher still is reaching Muslims in emerging markets in regions such as North Africa, sub-Saharan Africa, the Mideast and Asia-Pacific, though increased penetration of mobile communication technology is making that easier.

"The use of digital channels by brands also allows marketers to carefully target Muslim consumers without over-using their 'religious' identity to attract their attention," writes Temporal.

At the top end of the market, increasing incomes in countries such as Malaysia, India and Indonesia mean an appetite for luxury products. Closer to home, the number of Muslims in Canada are expected to nearly triple in the next 20 years, from about 940,000 in 2010 to nearly 2.7 million in 2030. Unlike Muslim minorities in much of Western Europe, who tend to be much poorer than average, North American Muslims are more likely to have incomes comparable to their non-Muslim peers.

"However one slices and dices the numbers, there is no escaping the fact that the Muslim population is not only huge, it is growing," writes Temporal.

The movie was edited to incite the predictable rage the innocent muslims:

"I'm kind of an unsophisticated James Bond operative. I want to piss this guy off, I want to find out why does he want to kill me?" Klein explained to the A.P. "Why does he want to capture my daughter and granddaughter and rape them? Why does this guy want to act this way?"

The YouTube video is blamed for inciting riots in Egypt and Libya where the U.S. Ambassador Christopher Stevens was killed along with three other American embassy personnel. Angry demonstrations have spread throughout the Muslim world Friday.

"Do I have blood on my hands? No. Did I kill this guy? No," said Klein. "Do I feel guilty that these people were incited? Guess what? I didn't incite them. They're pre-incited, they're pre-programmed to do this."

Salam Tun,

You are absolutely RIGHT.
The West always determine concepts only from their point of view.

They are so intoxicated by the word FREEDOM, DEMOCRATIC, HUMAN RIGHTS, EQUALITY, FREE SPEECH... and so on...

But they only preach something that they never practice on they own.

Well... tell me something new bout the West.

They thoughts is so limited and they told people to think outside the box.... ohh boy COME ON...

We Asian must start on initiatives to conquer the world meaning to reword those phrase and force the West to accept our values.

Even in al-Quran the teachings is a normal and good thing to practice in our daily life. Why would any religion teaches us to become abnormal?

Last but not least I think the West is SICK; they are mentally retarded because they determine this life by their own limited functional brain. No faith in GOD.

May peace be upon you Tun,

You speak my mind in this matter :)

Just to add, regardless of the pain resulting from the insult, Muslims resort to the teachings of the Quran and Sunnah. We must remind each other on this. As it may be easier said than done. Ask ourselves before making any response: Would Rasulullah S.A.W approve the response that we are about to commit? If we think he would, then we can proceed to respond. Kalau sayang Rasulullah, let us follow his examples.

Peace be upon you Tun.
