

The Rohingyas
19 September 2013
Tun Dr Mahathir Mohamad

1. If you want to fight then pick on someone you can beat. If you do this you will always win. But then you will be called a bully. That is alright.
2. The weak of today are the Muslims. And the Muslims are weak because they choose to be weak. I say they choose because Allah has not just given them a good religion, a religion of high values which when practiced would make them strong and respected but Allah has also given them resources of wealth which enable them to have a good life doing nothing. With money they can get others to do their work for them.
3. Because of all these the Muslims are weak and can be bullied by anyone. And when they get bullied no one, certainly not their Muslim brothers will come to their help. So whenever a bully wants to bully he will always pick on the Muslims.
4. Almost all Muslim countries and people are in trouble today. The latest are the Rohingyas of Myanmar. They have been in Rakhine state of Myanmar for centuries but now they are being told by Myanmar that they are not a people, that Myanmar is not their land. They are being forced to leave their own homes and country, to flee in leaky boats, over loaded and prone to being wrecked and they would be drowned. All countries refuse to help these unfortunate creatures and they and their leaky boats get pushed back into the sea. Certainly no Muslim country has lodged protests against the Government of Myanmar for tolerating violence against the Muslim Rohingyas.
5. Strangely, this time the bullies are the Buddhist monks of Myanmar. It is strange because Buddhists are said to be against violence. And Buddhist monks must certainly know about Buddhist non-violence. They are supposed to abhor killing, in particular the killing of fellow human beings. Yet the Buddhist monks lead the vicious attacks against the Muslims of Myanmar, burning their houses, chasing the Muslims as they flee and beating them to death with heavy wooden sticks. They loot the houses and shops with impunity.
6. And they did all these in the Rakhine state and in Myitlenna in full view of the police and even the military. The police and the military did nothing, did not stop the violence and killings.
7. As for the Government, they simply explain that these people are Bangladeshis as if this justifies the brutalities perpetrated against them.
8. The Muslims worldwide are weak. Naturally they have not raised meaningful objection against the atrocities. It is as if Muslims care only for themselves and not their brothers, yet Islam enjoined upon them the brotherhood of all Muslims.
9. Since the Muslims care not for each other or for Islam anybody can beat any Muslim to death in full view of the other Muslims. I feel sorry for the Rohingyas. It is their turn today. We Muslim in Malaysia think this will not happen to us. So why should we care about what happens to the Rohingyas. It is their problem, not ours.

Salam Tun,

If you are the PM of the muslim country, will you take in these Rohingyas instead of sending them back to the seas?

There is nothing wrong with the teaching, just people defraying...due to temptation created by authorities and monies in the modern world.

Around the world, Muslim are easily manipulated. In the case of Rohingyas, they are being blatantly discriminated. If this occurs in Myanmar, it certainly could happen in Malaysia.

I used to have some small discussion with my doctorate degree supervisor in Japan. He mentioned that Buddhist and Shinto followers used killed each other in Japan ancient age. Most people are nice, but when they are in power crazy frenzy mood, they just become barbaric.

For us muslim, our problem can be traced back to leadership. While many others in the world are being united because of the same root and similarity, muslim are fond not to be helping each other very much. If, we are united and making loud noises and fight, then every one will fear us and think twice before committing such atrocities.

Pi mai pi mai tang tu jugak ..

Muslims and Islam has fallen into disgrace a thousand years ago. From thence on everything was and is still about prophets, ulamas, walis, mazhabs and akhirat. There was and is nothing about Allah and all His creations. Muslims were and are wasting their times about jihads and kilings, about heaven and 72 maidens. They never use their brains about Allah and His

earthly domain. They never even gave thanks to Allah for the bodies and lives loaned to them by Allah. Prophets, ulamas, and walis they all have rituals and muslims thought these ‘holy’ people were and are closer to Allah, and they blindly follow them, even emulate the serbans and the beard.

They never try to learn and appreciate what Allah have in store for them right on this earth, to use all His nikmats for the best of mankind. At least the jews and the christians do appreciate Allah’s creations and they showed them through Discovery chanel and Animal Planet, for the muslims to eyeball.

For a couple of hundred years after the prophet, a few eminent muslims did some excellent jobs using their brains. It just stop there.

Up until now the muslims just forget Allah and His nikmats and they study more about their prophets, ulamas and walis. So much literatures were created, until they need a university for all those akhirat ‘knowledge’.

And that all-great university now lies in DMZ, where muslims are still fighting for the 72 maidens now turned virgins.

Few things are not right about Tun’s article, but I am sure Tun did it on purpose to encourage responses.

First of all, not all Muslims are weak, as a matter of fact; Islamic political and economies power are among the fastest growing in the world today. The Islamic Finance industry alone is USD \$1.6 trillion whereas the Halal industry is worth \$2.1 trillion. More than GDP of over 185 countries in the world today! As we all know, financial and political power are inseparable.

The Rohingyas are the unfortunate ones that live in the borderlands between Myanmar and Bangladesh but are officially a stateless people; both governments disavow the Rohingyas. Someone may be willing to help by issuing them with Malaysian citizenship so they and their descendants would reciprocate by voting BN.

Tun is correct about one thing: Buddhism abhors killing. None of the Buddhists teaching in this world would concur to the act of “Burmese bin Laden”. The incident was a product of yearlong racial tension among the Rohingyas and Burmese, sparked by an unconfirmed report that four Rohingya males raped and killed a Buddhist woman in the area.

Nevertheless, as human being, when the angry mob ransack the homes of Rohingyas, some Buddhists actually protected and helped their Muslim friends to flee the besieged area and put

them in safe place, just like some Malays protecting and providing shelters to the Chinese during May 13 turmoil.

Malaysians has been proud to be a multi-cultural country for decades, we need to build greater trust and cultural understanding rather than promote division and negativity. Puan Zaharah Sulaiman's racially insensitive remarks, especially the used of "invasion" at a recent symposium would stir up racial tension and potentially violence in Malaysia.

Allah created the world with difference races, whoever not happy with Allah's creation can always leave the world.

We don't want a Ashin Wirathu in Malaysia.

Tun,

Compassion is very good but compassion without expectation, judgement and prejudice is even better. Seeing "both side of a coin" and understanding "reaction come from action" will make human more understanding and peaceful. There is this saying "if you cannot win then follow them" and this unfair and uncivilized happening occur to many over many centuries and everywhere . Maybe this is part of human nature to win at all cost or simply to survive.

Happy days and nights

Salam Tun,

Kepada Dtan@ shalom or yeshua or whutever.

Kami hargai comment anda yang macam berniat baik walaupun bahasa buruk google translate kadang2 menyusahkan otak saya.

Tapi saya juga tidak tahu apakah motif anda hadir disini seperti tidak pastinya saya pegangan agama atau kepercayaan anda, tapi apa yang difahami oleh saya ialah anda menyalahgunakan fakta2 komentar di blog ini, dicopy paste separuh2 dan memburukkan imej islam di dalam blog anda.

Siapa anda saya tidak peduli, tetapi topic2 anda di dalam blog yang serupa tong sampah itu sangat2 mengelirukan, jika anda betul berniat baik gunakanlah saluran atau channel yang betul untuk mengenali islam, bukan sumber dari blog ini.

Jika pembohongan yang kamu cari, ia sudah lama kamu kenal melalui pastor2 atau rabbi2 yang dibanggakan oleh kamu didalam blog kamu itu, kamulah yang harus kembali ke kebenaran, bukanlah kami muslimin yang akan kembali kepada ajaran kamu, sebelum mahu berdakwah kepada kaum melayu, haruslah belajar bahasa melayu yang proper dahulu.

Warga blog yang dihormati, tak perlu la layan Yahudi sorang ni, dia anggap Gentile melayu ni senang dia nak perdaya, bak kata pepatah kampung saya, PERGI JAHANAM KAU SAMA PENULISAN2 KOTOR KAU TU,!!ptui ptui ptui...

Maaf Tun,semak saya ngan Pro Yahudi sorang ni..

Tun,

You are right Tun, no Muslim Country, including Malaysia will lift up the cause of the Rohingyas even though Petronas hands are deep into Burmese Oil exploration and wealth.

While, i emphatize with the Rohingyas. Indian columnists have correctly pointed out that the Rohingyas are a demographics time bomb waiting to happen in the State of Myitlenna. They only speak Chittagonian (Southeastern Bangladesh) thus the Burmese Buddhists discriminate and persecute them. Indian Intelligence Agencies believe that Lashkar-e-Taiba, Jamaat-ud-Dawah and Jaish-e-Mohammad have now started training camps in Chittagong (ibtimes india)

You forget, when you were in power. The Karen Peoples were being and continue to be slaughtered by the Burmese. While it was fine for Muslims to ignore others. It suites you fine to paint Muslims as always being victims and forget injustice is also done to others.

You could lobby the Bangladesh or even the Malaysian government to be generous, and absorb these refugees.

Assallammualaikum Tun..Moga diizinkan ruangan..

Saudara Sentinel3..

Kalau kita ada masalah kita buang masalah itu atau kita selesaikannya?..

Setau saya mengatasi masalah lebih baik dari membuang masalah tersebut..

HBT seperti mana saudara sedia maklum bermasalah..Tapi barang sayugia harus diingat bahawa HBT adalah mewakili konco-konconya yang bermasalah..Oleh itu..

Jika kita berjaya menyelesaikan enigma yang bernama HBT ini sebenarnya..

We are in good stead to solve other sign and symptom of the said phenomenon..

Masalah HBT bolehlah di kategorikan sebagai OCD (Obsessive Compulsive Disorder).

Mereka-mereka yang terkena penyakit ini seperti yang di dokumentasikan di Hospital Bahagia Hulu Kinta adalah berulang-ulangkali melakukan sesuatu pekerjaan tanpa mendapat kepuasan untuk memberhentikan aksi tersebut.Contoh membasuh tangan.Jika tangan di basuh tanpa mendapat kepuasan takpalah, tetapi jika bahagian 6 inci dari navel from the rear side bagaimana?...:)

Begitulah saudara Sentinel3. Saya ini seorang pemain catur yang tidak mahir dan cekap. Oleh itu saya mesti mencuba pelbagai kombinasi dan 'gambit' yang bersesuaian dalam 'build up' attack saya.

Sekian. Tun apa masalahnya sekarang hingga 'f' word di benarkan di dalam blog Tun ini??

Terima kasih.

Salam Tun,

Dear Balance,

Comment saya awal tadi berdasarkan comment HBT45678 , siapa yang unfair?? Dan saya bagi pendapat base dari pengalaman saya, saya tidak pandai tulis cantik2 untuk bagi u seronok-seronok baca penulisan saya, saya pun bukan syok mau tulis ini perkataan berbunyi macam sentimen tapi bila ramai kawan sudah mati, ini cantik punya perkataan sudah tak ada lagi,lagipun saya memang sekolah tak tinggi dan hanya pandai meluahkan isi hati yang ikhlas dan tidak bertapis, kalau u rasa tersinggung dengan comment i baguslah, maknanya ini komen lagi bagi impact dekat orang yang bersalah itu, hari2 pun ada orang unfair sama saya, tapi kalau hari2 saya mau layan n jaga hati semua orang, ini bukan perjuangan, perjuangan itu ialah sesuatu yang pahit,sukar dan tidak disukai semua orang, kalau kamu tersinggung, lebih ramai oang melayu yang tersinggung dengan kata2 pemimpin chinese, i bukan racist, i pun suka tgk jacky chan sama chow yuen fat,tapi limitnya ialah apabila orang pertikai fahaman agama dan bangsa saya, saya pasti akan fight bagi melindungi maruah dan kesuciannya.

Tq and have a gud day

Please use some wisdom if you really love PEACE, Malaysia and Malays.

Tun,

Izinkan saya memberikan nasihat 3 sen saya kepada sdra wajaperak.

Sdra wajaperak, tak usah dilayanlah tulisan aso HockBengTeoh (HBT456) ini, begitu juga kepada Hafiz@brokermaut yang baru mengenali tulisan aso ini.

Saya masih teringat suatu ketika dahulu apabila aso ini menulis bahawa dia mahu sign off buat selama-selamanya daripada blog Tun, saya sendiri menasihatkannya supaya jangan berbuat demikian dan teruskan perbincangan secara sihat kerana blog Tun adalah satu-satunya blog yang adil yang memberi peluang kepada semua pihak termasuk kepada mereka yang propembangkang (blog propembangkang sendiri tidak akan memberi ruang kepada orang ramai yang memberi pendapat bertentangan dengan mereka) menyuarakan pendapat mereka dan mewakili suara ketiga di negara ini.

Malangnya, rupa-rupanya ugutan aso ini untuk sign off selama-lamanya daripada blog Tun menjadi satu bahan jenaka yang diulangi banyak kali dan diambil mudah aso ini.

Bagi saya setelah meneliti tulisan aso HBT456 ini, saya merumuskannya sebagai seorang chauvinis cina yang tebal sikap perkaumannya, tidak patriotik terhadap negara malah seorang pengkhianat yang lebih menyayangi negara lain daripada negara sendiri.

Disebabkan hatinya penuh dengan venom (ular) kebencian kerana dipengaruhi sikap rasisnya, aso ini menulis mengikut sesuka hatinya walaupun tidak berpijak di bumi nyata.

Malangnya lagi, orang seperti aso HBT456 ini, masih mahu menganggap dirinya sebagai Malaysian dan rakyat negara ini dan tidak mahu berhijrah ke negara lain.

Bagi saya lagi, aso ini sebenarnya sakit jiwa, hatinya terlalu kotor kalau kita gunakan clorox atau hydrochloric acid pun tidak akan dapat menanggalkan kekotoran tersebut.

Cuba sdra wajaperak baca dua SMS ini yang saya petik daripada ruangan SMS Utusan Malaysia berhubung perjuangan pihak tertentu mahu membawa balik abu mayat Chin Peng ke negara ini.

1."DADA kakak saya ditembusi peluru komunis yang membawa maut. Abang saya pula cacat seumur hidup akibat peluru komunis. Kami mengutuk kekejaman dan dosa Chin Peng yang terkutuk terhadap rakyat negara ini."

ANAK SEORANG S.C

2."KEPADA mereka yang pro-Chin Peng termasuk akhbar Cina yang didakwa berkempen mahu abunya dibawa balik ke Malaysia, mana dia kubur datuk saya, Udoh Saad yang ditangkap agen Bintang Tiga di sempadan Kedah Perlis? "

019-385XXXX

Saya percaya bagi orang yang sakit jiwa seperti aso HBT456 ini, tiada sedikitpun hatinya yang busuk akan tersentuh dengan SMS tersebut dan orang sakit jiwa seperti HBT ini yang gagal dalam hidupnya di negara ini atau kata mat sallah sebagai loser, idolanya yang dipujanya, Lee Kuan Yew pun tidak mahu dia (berhijrah) di Singapura.

Sdra wajaperak, saya masih boleh terima sikap aso ini yang seperti saya katakan cauvinis cina dan sikap anti nasionalnya tetapi saya tidak boleh menerima atau berbahas dengan seorang penipu atau kata mat sallah despicable person kerana mahu sign off permanently daripada blog Tun tetapi masih tidak berasa malu meneruskan penulisan di blog Tun.

Mengikut kamus Inggeris maksud despicable antara lain ialah seseorang deserving hatred and contempt, contemptible, vile, loathsome, hateful, detestable, reprehensible, abhorrent, abominable, awful, heinous.

Aso ini patut berterima kasih kepada Tun kerana bermurah hati membenarkan orang sakit jiwa sepertinya terus menulis di blog Tun.

Ada pantun Melayu berbunyi begini, :- Siakap senohong gelama ikan duri. bercakap bohong lama-lama jadi pencuri.

Kita tidak boleh percaya kepada seseorang itu apabila kita ketahui jiwanya yang terlalu rendah (contemptible & vile?) sebagai penipu dan pencuri. Buat apalah kita membazir masa berbahas dengan seorang penipu dan pencuri?

Salam Tun.

P.S Nasihat sama juga saya tujukan kepada sdra Mubarak Chan supaya jangan melayani orang sakit jiwa seperti aso HochBengteoh456 ini.

Assalamualaikum Tun.

Berkaitan dengan pemilihan UMNO tak lama lagi saya berkeinginan menulis sepatah dua kata.

Datuk Mukhriz telah mendaftar untuk bertanding Naib Presiden sebagai orang muda sesuai dengan tema yang dikatakan Politik Idea.

Untuk mengatakan Datuk Mukhriz sebagai penyambung dan membawa gagasan Tun Mahathir sendiri, bagi saya adalah tidak adil untuk berkata sedemikian. Pada pengamatan saya, Datuk Mukhriz dengan Tun ada kelainannya.

Saya mengaku saya sendiri yang aktif di dalam blog chedet sejak 2008 hingga sekarang adalah orang muda yang hampir sebaya dengan Datuk Mukhriz sendiri.

Saya melalui pengalaman berguru dengan seorang negarawan yang telah berpolitik selama lebih 50 tahun dan sebagai Perdana Menteri Malaysia selama 22 tahun. Begitulah peluang yang diberikan oleh Allah s.w.t kepada hambaNYa yang tidak mempunyai sebarang kemampuan jika tidak dari izin Yang Maha Kuasa.

Jika saya tidak berpeluang berpolitik dan berkerja dengan Tun Mahathir seperti berkerjanya Anwar Ibrahim satu ketika dulu, maka saya berpeluang bersama-sama dengan Tun setelah beliau bersara dan meletak jawatan dan sebagai bukan ahli UMNO ketika itu.

Saya juga mengaku bahawa saya adalah keturunan yang berkait dengan Syeikh Abdul Malek (Tok Pulau Manis) yang dikatakan wali Allah yang berkaramah dan juga dikatakan kebanyakan ahli keluarga moyang beliau dikurniakan darjat yang mulia disisiNya.

Dan kita perlu sedia maklum bahawa bukanlah keturunan yang memuliakan kita, bahkan amalan kita kepada Allah s.w.t lah yang menentukan kedudukan kita disisiNya. Walaupun dikatakan sejarah keluarga dan warisan Tok Pulau Manis 'telah digelapkan dalam sejarah'.

Namun jika dibenarkan Allah s.w.t, keturunannya akan tetap berjumpa dan berkenalan dengan nenek moyang mereka sendiri.

Saya selesa menulis di sini kerana selalu dikatakan bahawa 'rasaan' tasawuf tidak boleh diceritakan kepada orang awam kerana bimbangkan fitnah. Namun dengan izin Allah s.w.t dan kemudahan alam maya ini saya berpeluang berkongsi dan mengetengahkan 'rasaan' tasawuf yang mungkin tidak akan ditulis oleh mana-mana ahli yang berkecimpung dalam tasawuf.

Ini kerana Tun Mahathir adalah guru kepada saya. Sedangkan kita semua tahu bahawa berpolitik tiadalah gurunya melainkan sekadar mentor sahaja.

Namun kita perlu ingat bahawa Syeikh Abdul Kadir Al Jailani ada menulis bahawa setiap ilmu ada gurunya. Semenjak Nabi Adam a.s lagi.

Keturunan Syeikh Abdul Malek adalah keturunan pemerintah atau lebih dikenali sebagai khalifah kerana ilmu pemerintahan keturunannya adalah sekaligus memerintah sebagai ulama yang dikurniakan keramah bagi memudahkan urusan pemerintahan. Semoga Allah s.w.t memberkati.

Dan tidak sah jika tidak disebutkan nama Tokku Paloh yang mulia itu (juga salah seorang wali Allah – rapat dengan pemerintah Terengganu selepas zaman Tok Pulau Manis {dan

keturunannya} turun takhta untuk berdakwah kepada masyarakat). 'Rasaan' dari artikel bekeanan beliau lah yang membuatkan saya aktif di sini.

Untuk makluman Tok Pulau Manis adalah dari gelombang pertama ahlul bait dan Tokku Paloh adalah dari gelombang kedua ahlul bait seperti yang tercatat dalam buku Ahlul Bait (keluarga Rasulullah s.a.w) dan Kesultanan Melayu.

Hidupkanlah suasana malam UMNO dengan qiyaimulai dan zikir sepertimana Perdana Menteri kita, Datuk Seri Najib Tun Razak membaca selawat kepada Rasulullah s.a.w ketika berucap.

Terima kasih Tun.

Salam Mahathir,

Tanjung Lansat jetty, oil rig AD-1.

Besides this, the foreigners, also walked into the prayer room in their boots. and also slept in the prayer area. And the manager, Zentec guys, did not ake any action, until i reported to the Project manager. He was not happy about this, because i believe they are in conflict of interest. The project manager hired them all the way from India. And they can sleep on the job. The Malaysians asked me why they dont hire Malaysians, instead, at least they dont sleep on the job. i reported this to the police guard post at Tanjung langsat, but was told by the agent not to interfere. These people do not have wotk permit but working on business visit visa. They do job for Americans so they have free time to screw us up, expecting us to do all their dirty work for them. And they do nothing except spying on thr workers.

How can foreigners be allowed to mess around with the Muslims prayer area and police kept a blind eye? And working without work permit. And foreigners are bullying the Malaysian workers, mainly Malays.

Today, more than 60 workers from Singapore is coming. May not have work permit. Looks like Malaysians are losers here for no one is going to interfere. The Americans and foreigners can do what they like to Muslims workers. Tun Mahathir, you have fought the Americans over many issues. hope you can help.

salam

This is about Oil Rig, ADRAITIC 1, parked in Tanjong Langsat, Johore, Malaysia. This is a jack-up rig owned by Shelf Drilling.

To make long story short, the Zentec construction manager, Barry Harding, hired by Shelf Drilling, had been bullying all other workers and and abusive in his words and

authority. This had been fed back to me by the Malaysian workers and GOM workers. I am also a victim of his abuse. Even the van driver was threatened with sack by

Barry and Perron.

Last Saturday, i wanted to leave at 5 pm, from worksite or the rig. Out of courtesy and respect for his(Barry) position as construction manager, i told him i am

leaving at 5 pm. and told him my wife is coming to visit me for the weekend. He shouted : We don't pay you to fuck your wife! . i told him not to talk like that but he

went on to do action and say Boom! Boom!. An over 70 age behaving like animal. It shocked to me. i am not amused by this character. He mentioned Gou HX(project

manager) bringing his family down to staff house, earlier. Is he paid to fuck his wife also? i called Goh HX but he cannot be reached. No one with the right mind can

tolerate this. Others guys who heard this urged me to make an official report to the authorities.

On the same day, after 5.05pm we took a van to the police post and Barry took off in a car with 4 Zentec guys. i took the van home. But, later, Barry chased after us,

and ran his car beside us, with no consideration of traffic rules, or other road users, he wind down the window and shouted out to us: where are you going?. (OMG, such

cheap skate character). Is Shelf Drilling trying to save less than 12 ringits(SGD 5.00)? He wanted me to take a taxi home instead of using the van. (i can show him the

middle finger but i didnt becos i am Muslim). He called the driver with his mobile and told me to take taxi. i said ok, i turn around back to police post to take taxi.

(long story). But he rang again, saying i owe him and started to make me promise to do work for him. Is this not misuse of authority or bullying for his personal

gains? Is this not conflict of interest? The driver and the 4 others in the car heard it. (Fishing) VP, Dzul, you want witness? You can't handle the truth. You see,

actual working hours is till 7pm.if correct. And he left at 5.05pm, He and other Zentec guys, cheated the company of 2 hours. But he wanted us to stay till 7pm. (Where

did Shelf Drilling find this Zentec guy?) My hours are accounted for. Because the project manager can deduct my salary for the hours not worked. But the project

manager refused. And Barry made my colleages, the Medic and the Logistics guy, both malaysians, full time workers, who are not interested to do extra hours to stay

till 7pm. Is this not bullying, abusing us? (more stories but i have to keep mail short). Even the driver next to me is threatened with sack, by Barry.As i have

reported to Shelf drilling and have heard nothing from the VP for a week, i decided to write this mail.

i do not want to alert the authorities as this will disrupt the work schedule seriously. i tried not to but it seemed that not only Zentec guys are getting bolder, but

Shelf drilling, also. As such, i have no choice but to inform the manpower or labour force authorities. i had enough of this bullying and abuse, which i will put in

detail later to the authorities and media. The authorities can interview the workers and find out 'right from the horses mouths', so to speak.

However, Gou HX terminated my service with Shelf Drilling yesterday, 10th Sept2013. i expected that days ago, because of the way they had given me jobs. i tried to do

many jobs at the same time, like running to site and coming back to office and do engineering work and replying, reporting to Gou and Barry. i never complained

although i am trying to juggle many different duties at the same time. So far i have helped fixed the air conditioning, started the engines, started the cranes and got

many stuffs unloaded from the rig. There are minor glitches which is not a problem to solve. Isn't that good enough? i was about to attend to other problems in the

rig, when Gou HX showed up and terminated my services. There were many happenings which is outright Conflict of interests. Now that i am out, God willing, i will

'fight' these guys.

Please excuse me if the contents is not suitable for your knowing. THE BUCK STOPS HERE. Help us stop this guy or Zentec or Shelf Drilling. I MEAN NO ONE IN THE LABOUR

FORCE SHOULD ABUSE THE WORKERS AND MISUSE AUTHORITY. Do you want a foreigner to come to your country and bully your workers, threaten them with sack and make them do

work beyond work limits or scopes. Ask yourselves, may i repeat the similar offensive language Barry used, to you all, ” Did you all get paid to fuck your wife?” How

do you feel? (God forgive).

Mahathir, what can you do? its in your own country. Please HELP.

and all Malaysians and all other workers, what can you do? please HELP.

This is about Oil Rig, ADRAITIC 1, parked in Tanjong Langsat, Johore, Malaysia. This is a jack-up rig owned by Shelf Drilling.

To make long story short, the Zentec construction manager, Barry Harding, hired by Shelf Drilling, had been bullying all other workers and and abusive in his words and authority. This had been fed back to me by the Malaysian workers and GOM workers. I am also a victim of his abuse. Even the van driver was threatened with sack by Barry.

Last Saturday, i wanted to leave at 5 pm, from worksite or the rig. Out of courtesy and respect for his(Barry) position as construction manager, i told him i am leaving at 5 pm. and told him my wife is coming to visit me for the weekend. He shouted : We don't pay you to fuck your wife! . i told him not to talk like that but he went on to do action and say Boom! Boom!. An over 70 age behaving like animal. It shocked to me. i am not amused by this character. He mentioned Gou HX(project manager) bringing his family down to staff house, earlier. Is he paid to fuck his wife also? i called Goh HX but he cannot be reached. No one with the right mind can tolerate this. Others guys who heard this urged me to make an official report to the authorities.

On the same day, after 5.05pm we took a van to the police post and Barry took off in a car with 4 Zentec guys. i took the van home. But, later, Barry chased after us, and ran his car beside us, with no consideration of traffic rules, or other road users, he wind down the window and shouted out to us: where are you going?. (OMG, such cheap skate character). Is Shelf Drilling trying to save less than 12 ringits? Barry wanted me to take a taxi home instead of using the van. (i can show him the middle figer but i didnt becos i am Muslim). He called the driver with his mobile and told me to take taxi. i said ok, i turn around back to police post to take taxi. (long story). But he rang again, saying i owe him and started to make me promise to do work for him. Is this not misuse of authority or bullying for his personal gains? Is this not conflict of interest? The driver and the 4 others in the car heard it. (Fishing) VP, Dzul, Shelf Drilling, you want withness? You can't handle the truth. You see, actual working hours is till 7pm.if correct. And he left at 5.05pm, He and other Zentec guys, cheated the company of 2 hours. But he wanted us to stay till 7pm. (Is this not bullying? Abuse of authority? where

did find this Zentec guy? in flea market?) My hours are accounted for. Because the project manager can deduct my salary for the hours not worked. But the project manager refused. And Barry made my colleagues, the Medic and the Logistics guy, both Malaysians, full time workers, who are not interested to do extra hours to stay till 7pm. Is this not bullying, abusing us? The Malaysian Authorities must act to stop these foreign guys from bullying and abusing the Malaysian workers and others.

i am now jobless. Goh HX of Shelf Drilling, asked me to help and i left my good job. Very Silly. By the way the the shelf life of equipments and rig is over 30 years, and ABS is chosen to approved the rig. Good Luck.

For HockBengTeohhalfpast6. I offer you my profound apologies for including you as one of the many who stand with our beloved Tun. You forgot you wanted to know my views on Uncle Chin's ashes. I have answered your question in 2 parts. OK. You now know as a FACT that I was nearly killed but Uncle Chin did not pull the trigger, It is OK. It had nothing to do

with him. I suppose the same excuse might be applied to the thousands of innocents killed and wounded.

Salam Tun dan semua abang2 bijaksana, terutama saudara Rosas.

Itu lah yang cuba saya beritahu berkenaan buta hati seseorang itu, wajar atau tidak wajar itulah yang sudah berlaku, kita hanya sekadar makhluk, bukan hak kita untuk menentukan kewajaran sesuatu perkara yang terjadi, kalau daya dan gerak adalah milik makhluk, saya yakin tak perlu saudara bagitau, Tun dah lama setlekan isu2 global ni, tapi sadarkah saudara daya dan gerak adalah milik Allah. Saudara mungkin pandai syariat tetapi nampaknya clueless berkenaan limit makhluk dan Kekuasaan tuhan, kalau Allah nak aman bagi semua masuk islam pun boleh, kalau Allah nak takde perang pun boleh, tapi nanti neraka banyak kekosongan pulak. Selagi saudara menidakkan daya dan gerak dari Allah selagi itulah saudara akan terus kebingungan dengan kata2 saya.

Saya tidak perlu disokong oleh sesiapa, hanya menyampaikan maksud yang jelas untuk tatapan saudara2 bijak pandai yang sudah lupa bahawa kebijaksanaan saudara dianugerahkan Allah, gunakanlah sebaik-baiknya. Ada perkara yang tidak layak difikirkan oleh tahap ilmu dan logik makhluk yang cetek tak kira saudara lulusan dari mana pun.

Sekian sahaja dari penulis cincai, renungkanlah..

I dont care what or how or why or where about Chin Peng, to me anyone or any group that use violence, threat or kill for his/her/their belief is wrong and they should be condemned. You are right that religion do not kill but human likes to enforce their belief to others and kill if they cannot get they way. Politics and politicians kill but religion and real holy people dont do that. As a matter of fact, holy people should not or dont involve in politics. Those holy man should be teaching and spreading God's messages in temples, mosques and churches. They should not be inside Parliament or Congress and those that are inside politics are people that want power and money. Today because of religion and politics mix-up (like a cake mixture) that is why there is so much killing and war or fighting. Until humans understand and can separate the two things there will be killing and fighting. The real sinners and the worst people are those that used the name of God to kill and to cheat. USA Govt and its politicians is/are the most dangerous and efficient killing machine/thing on earth.

Abdullah Ahmad Badawi juga telah merancang koridor ekonomi dari Sarawak sehingga Sabah yang di hubungi oleh lebuh raya Pan Borneo dan juga jalan keretapi dari Sarawak ke Sabah..

It is good that we all stand with you including our HockBengTeohhalfpast6. All the talk concerning the remains of an individual which has been raised by the Opposition for want of a more tangible topic to argue, are by those who were born after the Communist terrorism which reigned over this beloved land from 1948 to 1989. Have they experienced what most of us went through :-

1. In 1948, an innocent tapper on my family rubber estate in north Johore was murdered. And this is only one innocent life lost to terrorism.
2. In 1951, I was really frightened by the events of killings as reported in the Straits Times as I began to understand but could not interpret these events. In order to get out of this fear, I studied very hard to go overseas. There was an atmosphere of fear all round.
3. In 1951, I sat in front of my classmate who was recruited into the Auxilliary Police. He accidentally discharged his revolver. The bullet passed through my desk. I could have been killed and Uncle Chin would have been an innocent party to another killing. Fellow Malaysians why some of you are so easily brainwashed ? Is it because you are not hardened

by war or hardship ? Is it because the nice life which had been laid out for you by the Alliance and the BN as led by the UMNO since 1957 through a lot of hardwork does not deserve recognition since you are a citizen ?

IF ALL MALAYSIAN CITIZENS ARE SO EASILY BRAINWASHED EITHER BY THE BRILLIANT LEE KUAN YEW WITH HIS 10 FAILED POLICIES FOR SINGAPORE AND OTHERS, WE ARE SUBJECTED TO BEING ENSLAVED MENTALLY AND EVENTUALLY BODILY ALWAYS !

Dah berabad isu Rohingya berlaku... begitu juga di Palestine..di Filipina. Di Selatan Thailand, di blok Afrika, di Negara Teluk, Negara blok Caucasus... semua insiden ini tidak diambil peduli oleh OIC sbg badan yg ditubuhkan utk bela kesejahteraan Ummah across the globe. Sekali sekala orang kita menyalak di bangunan kedutaan asing melahirkan kekecewaan. Resultsnya tidak seberapa... probably to these foreign nationals, it sound more of a noise that does not require any serious response. OIC hanya melihat gelagat orang kita & then it falls back asleep. The land of Arabism now in bad shape... Arabism does not appreciate culture of moderation, Arabism breeds evaporation of trust amongst Arab nation, Arabism breeds disintegration of bonding amongst their own spesies, Arabism polluted the dignity of Deenul-Islam & the ummah across the globe, Arabism drive the whole Arab states towards unordnung & heading their nation towards Classius 3rd law of thermodynamics. Polarisation of malay spesies in the country seem to duplicate the culture of Arabism. If this is left untreated, tak wajar dikatakan keadaan ini sudah ditakdirkan di Loh Mahfuz selagi tiada kesungguhan utk melakukan perubahan. It takes 3 to make things happen (malay reconciliation) : 1) the scholarly intellectual academicians 2) the scholarlry thoughtful Ulama 3) the scholarly patriotic politicians. Jika ketiga-tiga kumpulan ini berjaya menghasilkan perancangan strategic jangka panjang ke arah penyatuan & pembangunan ummah di Negara ini, banyak Negara majority muslim akan dapat adopt model kita, malahan Arabism akan berkubur & OIC akan revitalized. Salam Tun,

Penulisan Tun nampaknya dicemari oleh mereka yang tidak faham ataupun buta hatinya , diterjemahkan oleh akal yang sempit dan bersifat kebudak- budakan , perhatian tukang2 komentar lebih kepada siapa betul dan siapa yang menang, isu yang sepatutnya menyedihkan dijadikan platform untuk tunjuk hero dalam perdebatan bukannya mengambil iktibar atas apa yang berlaku...

Mungkin inilah hasilnya jika awal niat ketika menimba ilmu dulu samada di sekolah atau di universiti dahulu berkiblatkan kesenangan atau mahu menunjuk-nunjuk siapa lebih bijak, malangnya orang2 ini walaupun berilmu tetapi mentaliti seperti kanak2 taska yang berebutkan patung Ultraman.

Mudahnya bercakap dan menyalahkan orang lain sedangkan mereka di rumah bersenang2 menonton Astro ria dan melayari internet, kalau ana betul prihatin , gunakanlah wang anda bayar bil2 mengarut tu untuk bantu etnik rohingya tu, tak cukup skadar pandai komen tapi hakikat masih hanyut dengan rancangan hiburan tajaan US. Tahukah anda apakah sifat orang munafik?!? Silalah kaji fakta kemunafikan kata2 anda masing2 kerana munafik lah yang banyak hancurkan negara Islam.

Tahukah kalian apakah itu Loh Mahfuz, semuanya sudah tercatat dan akan berlaku mengikut aturannya, kita manusia hanya berikhtiar, Allah lah yang menentukan segala-galanya, semua orang mahukan kehidupan yang baik dan aman sentosa, tapi bukan kita yang menentukan semua tu, bukan hak makhluk, apa yang terjadi haruslah diterima dengan sabar dan berikhtiar untuk hidup yang lebih baik, bukannya menyalak2 seperti orang yang tidak beragama. Baik betulkan diri masing2 supaya kat akhirat kelak tak seksa.

Tun maafkan saya kerana bahasa tidak indah dan tak tersusun, tetapi darah muda macam saya cepat meluap apabila melihat si tua – tua dari saya menulis seperti mereka yang mengasaskan tamadun manusia. Penakut yang duduk depan pc bukanlah pejuang sebenar, sebarkanlah kata2 berani anda di dunia luar baru kau tahu langit tu tinggi atau rendah.

The trains, with 4G network coverage and eco-friendly equipment, will be used on a 900-km railway in Malaysia, China's Xinhua news agency quoted the train manufacturer as saying.

The trains will run at an average speed between 140 to 160km per hour.

The first train is scheduled to be delivered in two years, and the rest nine months later, according to the agreement.

Salam Tun,

Malaysia perlukan seorang pemimpin, seperti Tun, yang berani menyuarakan pendapat sehingga ke peringkat antarabangsa sebagai wakil kepada insan yang tertindas, terutama orang Islam yang non-Arab seperti kaum Rohingya, Chechnya, Uyghur, Zaghawa dan etnik lain.

Selain itu, inisiatif Tun dan mantan Presiden Iran, Muhammad Khatami untuk menyatupadukan orang Islam Syiah dan Sunni adalah satu langkah yang bijak dan berpandangan jauh, namun telah di'sabotaj' oleh media arus perdana yang terikut dan terperangkap dalam kemelut anti-Syiah hingganak membiar bahaya dakyah Kristian terlepas dari fokus, manakala memilih untuk bertindak agresif terhadap Islam Syiah.

Konspirasi untuk mencetus provokasi terhadap sesama Islam, seperti yang terjadi di Iraq, Syria, Pakistan sepatutnya menyedarkan Editor di Utusan dan BH, tapi nampaknya mereka itu lebih bahlol dari yang disangka dan mudah kena tipu.

Tun,

Please explain your actual meaning of your comment-

5. Strangely, this time the bullies are the Buddhist monks of Myanmar. It is strange because Buddhists are said to be against violence. And Buddhist monks must certainly know about Buddhist non-violence. They are supposed to abhor killing, in particular the killing of fellow human beings. Yet the Buddhist monks lead the vicious attacks against the Muslims of Myanmar, burning their houses, chasing the Muslims as they flee and beating them to death with heavy wooden sticks. They loot the houses and shops with impunity.

Are you comparing religion and its teaching?

or

Are trying to say that Buddhism is comparable/similar/equivalent to Islam?

or

Are you saying that Buddhism is the only religion that preach no killing while other religion preach otherwise?

or

Are Buddhist monks hypocrites

Just curious what you trying to say!!

Salam Tun, tindakan Tun untuk memprovokasi masyarakat Islam untuk membantah tindakan kerajaan Myanmar tidak selari dengan tindakan Tun sebagai pengerusi Petronas. Dengan membenarkan Petronas menjalankan carigali di Myanmar dimana keuntungan diperolehi oleh warga petronas dan kroni-kroni Tun sahaja. Saya sebagai rakyat Malaysia berhak untuk tidak mendengar rayuan Tun tersebut. Islam sesama Islam pun bergaduh di negara Arab juga di Malaysia sendiri pun bergaduh termasuk dibunuh di Memali. Sekian Ulasan saya.

September 21, 2013 at 7:20 PM | [Permalink](#)

Buddhism is a contradiction as many other “peaceful” religions and philosophies tend to be in reality. Each of the following prominent Buddhist nations have been at the centre of some of the most brutal and violent campaigns for political and racial supremacy in recent times. How could we forget Japan and what it did in world war 2? a Buddhist nation. Then there is Korea North and South, much of China although they were not Buddhist dominated at the time, there was a substantial and influential Buddhist population there then till the Maoist purges were forced on them.

India and Nepal the birthplace of Buddha has a history that is bloodstained like no other. Sri Lanka and the actions of Buddhist monks which precipitated the civil war that cost over 100,000 lives and brought into existence the Tamil Tigers. And finally the home of the Dalai Lama.

I have always like many others tried to look beyond the larrikin spiritual “genius” of the reincarnation of the Buddha the Dalai Lama to see how real his compassion and his adherence to his “peaceful” Buddhist values are. As a former journalist and a producer what I found beyond the hype of his Hollywood handlers, choreographers and agents was a temperamental individual who relied on a form of ‘peasant type’ humour to distract the world to his weaknesses. Much like Mother Theresa. Both well rehearsed saints for an adoring camera crew already of the converted conveying selective images of these manufactured false prophets to a world starved of common sense and compassion.

Sadly into this trap of vanity and western cultivated “heroes” for our little ignorant masses is also that woman of the decade Aung San Suu Kyii. People fail to remember that she is like she used to say but no more “I am my fathers daughter”. Her father was a fascist who supported the brutal regime of the Japanese. No different to her who chooses to remain silent in the face of an overwhelming human tragedy lest her involvement on the side of justice offend her new found backers the Americans and the British.

As you so rightly point out, Islam is and has been under attack for some time now. And it is from within Islam that a new guard has to emerge. Strong youthful, loyal and intelligent enough to straddle all the cultures of the world without contaminating their core spiritual beliefs.

Syria and Egypt are two examples of how Islam sold Muslims to the west. Saudi Arabia and its Royal Family entrusted over centuries to be the custodians of Islams (and mankind's) holy

of holies spend billions on women, gambling, luxury and the clandestine support of the state of Israel against the Palestinians and other front line Arab states.

Unless there is an exemplary and visionary Musliman who rises to the fore to take Islam to the heights it deserves amongst the great religions of the world, it will gradually die down, destroyed by ignorance, violence and the love for money.

If people wish to stop the tyranny by the biggest bully on this planet, they should expose its biggest lie.

A new book on 9/11 is out.

Dimitri Khalezov has spent 10 years researching and writing a book on what happened during 9/11. The book is now available on the internet.

Instructions for downloading his book:

<http://www.youtube.com/watch?v=x0pdmokX9s8>

In a 2010 interview, Dimitri Khalezov explained that anyone who wants to build a skyscraper in NYC must submit a satisfactory demolition plan to the building authorities before the project is approved. On 9/11, the demolition plan of the World Trade Center ('WTC') was activated to destroy the complex.

He learned of this demolition plan from his job in the Soviet Union. He had worked in the nuclear intelligence unit and under an agreement between the Soviet Union and the USA, each country was obliged to inform the other of peaceful uses of nuclear explosions. The WTC was constructed with built-in explosive charges for its eventual demolition – 3 thermo-nuclear devices were placed within the foundations of the complex for this purpose.

More info on the author:

http://www.bibliotecapleyades.net/sociopolitica/esp_sociopol_911_154.htm

The links for the 2010 interview are at the end of the webpage.

In # 4, Khalezov talks of the demolition plan of the WTC.

In # 14, he explains what happened to Building 7 (which fell down nearly half an hour AFTER the BBC reporter announced its collapse).

Khalezov was recently interviewed on the Mike Harris show on 4th September 2013:

While it is most appropriate for the world to condemn such astrociities and bullying, nonetheless we must not go overboard in our assessment. The Rohingyas too are not entirely innocent. For centuries nothing serious happen but now all of a sudden something went

wrong. Who started it?? The muslim Rohingyas (did they rape somebody?) or the Buddhist monks? Muslim countries have a problem now because of their own doing !! Even though most muslim countries are rich and endowed with resources such as oil etc etc but their people are poor except those in the corridors of power. Most dictators are found in Muslim countries!. When a muslim country suffers serious internal upheaval, who comes to their aid?? The christian west, not the muslim east. it already happened in malaysia...

we hate kasta but we put highly respect on those with datuks..datuk sris..tan sris..

ask who owns the petrol gas station at the strategic location (ie highway), of course it belongs to them.. ask who owns shop lots in klia, klia 2, klcc, of course it belongs to them...

the anchovy muslims only can do business under trees, next to busy roads..

then we have so called shiah-sunni clashes..

like the classic umno-pas clashes..

who are being bullied? muslim in malaysia as usual...

Ya Allah Musnahkan kaum yang zalim, musnahkan tentera² yang zalim terhadap orang² islam.

Musnahkan orang² yang bermusuhan dengan orang² islam. Musnahkan senjata² cangih musuh² islam. Dan kembalikan ImamMu yang terpilih secepat mungkin.

Amin.

Salam Tun,

It is indeed very sad for all of the Muslim World that we could not be united. We either choose to be divided or with just a covert nudge from people and nations who fear Muslim's unity will go at each other throats.

Muslim are disunited and distrustfully of each other. They even dare to kill in the name of ALLAH...na'uzubillah min zalik. Allah and the religion of PEACE i.e. ISLAM does not and has never thought us Muslims to kill each other. Yet today we are all at it with impunity, with out fear for Allah's punishment.

Just look at ourselves, be it PAS or what not. We can't even unite with the other Muslims who are not PAS members and supporters. It has even gone to the extend of some Muslims calling others infidels, without due basis.

How on earth then can the Muslims of the world unite.

Even the Sunnis can be united, not to mention the Sunnis and the Syiahs.

In all this Allah has his designs. It is for the believers who have chosen the Siratal Mustakim, the RIGHT path to see the Hikmah, behind these happenings and occurrences.

It is for these people to raise up to Allah challenge to unite the whatever and whoever they can, in their circle if influence.

Tun is a progressive and active party in this respect. We should take Tun's lead and make him as a ROLE MODEL for all Muslims, young and old, Male and Female. To seek Allah's blessing, grace and guidance to Unite ALL MUSLIMS and be the torch bearer to bring the world to be really peaceful, just and blessed world.

Just like Prophet Musa's experience with Nabi Khidir, some things which may look bad that happen may actually be a good thing. Its just that from which perspective we are looking at the incident. For Us Muslims, the lesson learned by Prophet Musa and for all of us to ponder and use as guidance is; we MUST look at the incident(s) from the perspective of Islam and the religion as a whole. Meaning also from Allah viewpoint as taught to us by the Al Quran and Prophet Muhammad SAW.

Wasalam Tun.

Aung San Su Kyi begitu lantang bersuara tentang demokrasi dan isu-isu sejagat namun membisu bila orang Islam di negaranya sendiri ditindas dengan kejam. Betapa hipokritnya !

Tun,

Orang Islam terlalu sibuk bergaduh dan berbunuh-bunuhan sesama sendiri, jadi mereka tidak ada masa untuk membantu saudara islam mereka kaum Rohingya di Myanmar.

Sebagai contoh, di Malaysia, sejak bangun tidur hingga waktu tidur, orang Pas sibuk menuduh orang Melayu lain tidak islamik manakala orang UMNO pula sibuk dengan urusan perniagaan masing-masing mencari keuntungan untuk menjadi kaya di dunia.

Di Mesir, Syria dan kebanyakan negara Asia Barat, orang Arab sedang sibuk berbunuh-bunuhan semasa mereka kerana baru kenal dan mabuk demokrasi setelah berkurun lamanya di bawah sistem pemerintahan diktator.

Di Pakistan dan Afghanistan pun sama juga, berbunuh-bunuhan sesama Islam sedang berlaku dengan menggunakan pengebom berani mati kerana ada yang mendakwa mereka lebih islamik daripada saudara mereka.

Di Filipina, orang Moro yang beragama Islam tidak peduli jika orang Islam lain dijadikan sebagai tebusan asalkan cita-cita mereka untuk mendapatkan sebuah negara kobo mengikut style Islam mereka sendiri tercapai.

Jadi Tun, mana ada masa bagi orang islam untuk melihat dan membantu saudara mereka yang lain yang sedang dizalimi oleh sami Buddha?

Bagi sami Buddha di Myanmar itu pula, mungkin darah orang Islam terkecuali daripada ajaran Buddha kot setelah orang Islam sendiri di seluruh dunia menunjukkan bahawa mereka tidak sayang darah saudara Islam mereka sendiri dengan berbunuh sesama sendiri?

Salam Tun.

P.S Kalau tidak silap saya Tun, mengikut ajaran Buddha, apabila seseorang penganut agama Buddha itu mati, rohnya akan masuk ke dalam jasad mahluk lain pula dalam satu kitaran kelahiran semula di dunia.

Kalau seseorang itu jahat di dunia, dia akan dilahirkan semula dalam bentuk binatang atau haiwan yang buas mengikut kejahatan yang dilakukannya di dunia manakala yang baik akan menjadi sami suatu hari nanti di dunia.

Sami Buddha di Mynamar yang mengetuai gerakan pembunuhan penduduk Rohingya itu, apabila mati kelak, rohnya mungkin masuk ke dalam jasad seorang bayi dan apabila besar nanti menjadi seorang ketua sami Buddha di negara tersebut. He...he...he.
