

Censorship

Tun Dr Mahathir Mohamad

1. During the time when I was leading the Government, I was accused by Western nations, in particular by the Western media of controlling the press. Since retirement I read a lot about the administration of Western countries. The censorship they practise on their press and publication is more stringent than anything we have seen here.

2. The American and Western media and publishers are totally forbidden to say anything unseemly about the Jews and in particular Israel. They may also not report about the unAmerican activities of the Jews in their own country.

3. I read a book on banking, on the setting up of the central banking system, on how the banks finance both sides in the wars of Europe, how they actually manipulate the politicians into going into meaningless wars so they can earn profits from lending the money they created out of thin air. They abuse the financial systems to such an extent that financial crises would plague the countries and even the world every now and again. And when they go bankrupt they force Government's to borrow money from them to bail out their companies and banks.

4. The creator of the banking system and the setting up of the Federal Reserve System as the central bank of the United States was Rothschild and members of his family. Almost all the other great bankers in the U.S. and European countries were people with clearly Jewish names. Yet throughout the book of 600 over pages there was no mention at all that they were Jews.

5. Why is this so? It is because effectively this fact is not allowed to be mentioned. The Jews of the world demand that nothing bad may be said about Jews. All Western Governments all concur. Any unsavoury reference to the Jews and to their depredations will earn the condemnation not just of the Jews but also of Western Governments as "anti semitic." In today's world no one is allowed to be anti-semitic (Incidentally the Arabs are also Semitic people). And the media and publishers must never publish anything that may be considered anti-semitic. If they try they will be censored.

6. One can condemn any race or any nation for anything whether false or true but no one may condemn the Jews. If anyone does that, his statements or his book or article will not be published. Only unknown publishers or the writers themselves may publish. The great bookshops will not sell them.

7. It is clear that there is censorship in the West and it is even more rigid. In fact there are Western countries which have laws to punish anti-semitic utterances.

8. When a British journalist, David Irving, wrote that the number of Jews killed by the German Nazis may not be 6 million but less, he was arrested when he visited Austria,

tried and jailed for being anti-semitic. That is the extent of censorship in Europe. Even if you say anything supposedly anti-semitic in another country, you may be jailed by any European country.

9. The West has therefore no right to lecture others about freedom of speech, of the media or of publication. They themselves do not practice what they preach. They are the worst censors in the world.

“.....Just goes to show that these politicians will resort to stupidity at will for the sake of political gains.”

They resort to stupidity knowing fully well the shallow mentality of their supporters are well proven.

They resort to stupidity after having witnessed in awe on the great success of PKR's similar tactics taking full advantage of Anwar's "I can fool all of them all of the time" hardcore supporters.

Salam Tun,

Apologise to fellow readers for the unintentional triple postings. It seems that lately there are some glitches in the comments section approval system.

Anyway let's never forget the sacrifices of RACHEL CORRIE. Her heroism and ultimate sacrifice is being played down by western media although her tragic story is Hollywood material.

And please be reminded that the Jewish regime leaders in Israel have been indicted by Yayasan Global Perdana for war crimes.

Our Tun's bravery and commitment to expose these war criminals is laudable and should be supported by all Malaysians regardless of political beliefs.

Dearest YAB Tun,

In a country very near to Malaysia, oppositions/opponents will be sued and will be made bankrupt if they criticize their Government. Dictatorship?

Clearly in Malaysia, we have opposition leaders and supporters who also like to censor peoples' opinions & criticisms by SUING their political opponents millions of ringgit. Just imagine if they become the Government. They will sue the rakyat if the rakyat criticize them.

“You ulang I saman...”...ha..ha..ha..

What a JOKE when someone here thinks that she or he is so open minded and is always right. Sikit2 cakap pasal UNDI, sampai dah naik muak baca pasal undi.

Thanks Tun.

*** May Allah SWT bless Tun and family ***

Salam Tun,

Well as Mubarakchan rightly pointed out, the dictator is down south. Anyway going back to the anti – semitic issue let's not forget what happened to Mel Gibson's career after his anti Jew outburst.

There are some shadowy conniving hands behind the scenes orchestrating events and scenarios.

But this does not in any way change the fact that THE JEWISH REGIME IS THE MODERN DAY NAZIS.

They are doing exactly what the Nazis purportedly did to the Jews in WW2 now to the Palestinians.

Off topic, the government should seriously consider letting buffoons from DAP to lead the search for flight MH370, as they claimed they surely would have found it by now. Such bravado! Such prowess coming from politicians! In their twisted minds they think that they are better than our Army Commanders.

Just goes to show that these politicians will resort to stupidity at will for the sake of political gains.

Uncle mubarak chan, the info that you got now is from wikileaks, an alternate media created to post issues that were never allowed in mainstream or government controlled newspaper. Even this blog was created out of anger when tok det's voices was censored and not allowed to voice his voice during pak lah's era.. it depends how you look at it in managing this censorships. Menang atau kalah undi, we will know in next ge.

Tun

For HockBengTeohhalfpastsic. You mentioned that he or she goes for censorships, then he or she is a dictator. The following confirms your valid point.

From Wikileaks. A new set of web censorship regulations thought up by the Media Development Authority of Singapore became effective on 1 June 2013. The new regulations impose that " websites with at least 50,000 unique visitors from Singapore every month that publish at least one local news article per week over a period of two months..... will have to remove prohibited content such as articles that undermine 'racial or religious harmony' within 24 hours of being notified by Singapore's media regulator"

HockBengTeohhalfpastsic were you referring to the " he or she is a dictator " ?

Tun,

You have been called many name and label many type of person but it is not important as YOU ARE WHAT YOU ARE. Too some you are “God send” and to some you are “Devil”. Say what they want as you are still a leader that made Malaysia, Malaysia. If the Jews claim they are “God People” then let them claim. To me some Jews are very very greedy people and some are good and peace loving people. Let time decide and judge and YES the media are controlled by a few people and they do anything to protect their investment and themselves. I think most humans will do exactly the same too.

Salamualaikum, Nabi SAW cakap kaum Yahudi memang terkenal dengan RIBAny. Yang pelik kenapa dunia mengiktiraf sistem perbankan kafir mereka? Terutama dunia Islam sampai ada sistem perbankan “Islam” kononnya. Saya tidak menyalahkan umat Islam ketika itu kerana mereka berada dalam keadaan yang cukup tenat dan darurat. Sebagai contoh, Malaysia di bawah British, Indonesia di bawah Belanda, negara China yang kuasa dunia ekonomi 2 sekarang, ketika itu berada dalam keadaan hina. Jepun dengan wang kertas pisangnya.

Saya takut Tun M kerana sistem perbankan Yahudi ini akan runtuh jua. Keadaan ini akan menyebabkan ekonomi satu dunia akan hancur. Ketika itu masyarakat sedar bahawa duit kertas yang mereka pegang dan simpan di bank sebenarnya bukan duit tapi hanya ilusi. Saya kuatir “Hitler” baru akan muncul yakni pemimpin yang zalim. Kemungkinan “Messiah” Raja Yahudi iaitu DAJJAL akan muncul!

Alternative media is created out of censorships. It is popular and has huge readers.

But as government head, if he or she goes for censorships, then he or she is a dictator.
