

**Menegur
Chedet.cc
18 August 2014
Tun Dr Mahathir Mohamad**

1. Ada orang yang memberitahu kepada Dato Seri Najib Tun Razak yang saya telah memburukkan pemerintahannya.
2. Saya tidak akan menyangkal kerana saya telah berkali-kali menegur dasar-dasar Kerajaan sekarang.
3. Saya menegur kerana saya berpendapat pemimpin yang tidak ditegur akan percaya segala-gala yang dilakukan oleh mereka baik-baik belaka. Hanya apabila ditegur sahaja barulah pemimpin akan sedar akan kesalahan dan mungkin akan memperbetulkannya.
4. Izinkan saya menceritakan cerita dongeng berkenaan seorang raja Inggeris. Ia dikelilingi dengan ramai dato-dato yang mendakwa dia adalah seorang raja yang amat berkuasa keatas segala-galanya. Demikian pasang-surut air di laut pun akan patuh kepada perintahnya.
5. Alkesah, maka pada satu hari raja menitah untuk meletakkan takhtanya di pantai menghadapi laut.
6. Air sedang pasang dan raja bertanya kepada dato-datonya apakah baginda boleh hentikan air pasang supaya tidak basahkan kakinya.
7. Jawab mereka, "Ya, Tuanku. Air tidak akan sampai kaki Tuanku."
8. Maka raja pun menitah supaya air laut itu tidak naik lagi.
9. Tetapi air laut itu terus pasang dan kena pada kaki baginda. Maka baginda pun murka kepada dato-datonya. Demikianlah sikap dato-dato kerana ingin menyenangkan hati raja mereka.
10. Satu lagi cerita dongeng juga ialah berkenaan dato-dato istana yang tidak pernah menegur raja. Mereka sepanjang masa mengiyakan saja apa juga yang dilakukan oleh raja.
11. Satu hari raja masuk dewan dalam keadaan bogel. Baginda bertanya cantikkah pakaiannya. Semua angguk kepala dan berkata "Ya Tuanku".
12. Hanya seorang budak yang berkata, "Tuanku bogel."
13. Maka raja pun murka akan dato-datonya yang tidak berkata yang benar apabila dia bogel.
14. Kita boleh dapat sedikit pelajaran dari cerita-cerita dongeng ini.

15. Orang Melayu mempunyai banyak pepatah yang boleh jadi panduan dalam kehidupan mereka. Antaranya ingin saya sebut disini: "Sayangkan anak tangan-tangankan Sayangkan isteri tinggal-tinggalkan" Dengan izin saya ingin menambah sedikit kepada pepatah ini. "Sayangkan pemimpin tegur-tegurkan"

16. Saya lihat bagaimana orang Melayu tidak mudah menegur pemimpin. Walaupun pemimpin jelas bersalah, tidak ada siapa yang sanggup menegur secara terbuka. Tetapi di belakang pemimpin mereka akan keluarkan kata-kata yang kesat terhadapnya.

17. Mungkin saya berbeza sedikit dari Melayu lain. Apabila YTM Tunku membuat beberapa dasar dan tindakan yang tidak disenangi oleh ramai orang Melayu, saya menulis surat menegur Tunku.

18. Walaupun kerananya saya dipecat, tetapi YTM Tunku meletak jawatan sebagai Perdana Menteri. Mungkin bukan kerana teguran saya, tetapi hakikatnya Tunku mengundur diri.

19. Demikian juga dengan Tun Abdullah Ahmad Badawi. Mungkin kerana teguran, mungkin kerana prestasi buruk Pilihanraya ke 12. Tetapi hakikatnya Tun Abdullah juga letak jawatan.

20. Saya sendiri pun letak jawatan. Sebahagian dari sebabnya ialah kerana saya dengar bisik-bisik yang menyoal "Bila lagi orang tua ini akan pergi." Saya percaya jika saya tidak letak jawatan, bisik akan jadi jeritan.

21. Pilihan saya bagi mengganti Tun Abdullah ialah Dato Seri Najib. Setelah beberapa lama dilihat bahawa dasar dan tindakan Dato Seri Najib tidak lebih berkesan dari Tun Abdullah.

22. Saya tidak sangka yang pencapaiannya dalam Pilihanraya Umum ke13 lebih buruk dari Tun Abdullah.

23. Harapan saya Dato Seri Najib akan mengambil ikhtibar dari prestasinya yang buruk dalam Pilihanraya Umum ke 13. Malangnya sehingga kini tidak ternampak apa-apa perubahan dari segi dasar atau pendekatan walaupun saya cuba menyampaikan pendapat saya, (yang juga pendapat ramai yang datang bertemu saya) secara langsung kepada Dato Seri Najib.

24. Saya tidak ada pilihan selain dari menarik balik sokongan saya. Ini pun tidak berkesan. Oleh itu terpaksa saya menegur.

25. Apakah dianya yang saya fikir salah. Ia bermula dengan pendirian melayani semua tuntutan musuh. ISA dan undang-undang buang daerah dimansuh. Tindakan ini tidak sedikit pun mengurangkan tentangan oleh parti lawan. Sebaliknya jenayah bertambah dengan banyaknya kerana pembebasan ketua-ketua geng.

26. Demikian juga dengan sikap merendah diri kepada negara jiran sehingga urusan dalam negeri pun tertakluk kepada pendapat Kerajaan negara jiran.

27. Tetapi pendapat kaum dan parti yang kuat menyokong untuk menyelamatkan kedudukan Kerajaan tidak diberi layanan yang saksama.

28. Wang Kerajaan diguna untuk mempengaruhi sokongan rakyat apabila sahaja pilihanraya umum diadakan. Ini menjadikan rakyat terlalu bergantung kepada Kerajaan untuk segala-galanya. Bagi yang betul-betul miskin, bantuan seperti ini memanglah wajar. Tetapi beribu rakyat yang ditawarkan menolak bantuan wang seperti ini. Semangat rakyat untuk bekerja menjadi luntur apabila mereka diberi ganjaran tanpa apa-apa usaha oleh mereka. Semangat ini tidak akan menolong pembangunan Negara.

29. Dasar ekonomi mengutamakan tuntutan pengguna. Impot barangan digalakan dan industri tempatan diabaikan, bahkan dihalang oleh dasar Kerajaan.
30. Cuti ditambah sehingga adakalanya pekerja bercuti lebih satu minggu. Sebaliknya gaji minimum dinaikkan tanpa mengambilkira kenaikan kos yang boleh menjadi perniagaan dan perusahaan tidak bedayasaing dengan barangan impot.

31. Sesungguhnya banyaklah dasar, pendekatan dan perbuatan Kerajaan pimpinan Dato Seri Najib yang merosakkan hubungan antara kaum, merosakkan ekonomi dan kewangan negara.

32. Semua ini disebabkan penyokong Kerajaan tidak pernah menegur pemimpin.

33. Jikalau tiada siapa yang sanggup menegur, biarlah saya menegur. Saya pernah dipecat oleh Tunku Abdul Rahman, dipulau oleh Datuk Seri Abdullah dan difitnah oleh ramai. Jika kerana menegur saya akan didera, terpaksa saya terima.

34. Bukanlah saya tidak sayang pemimpin. Tetapi saya lebih sayang bangsa dan negara saya.

Assalamualaikum Tun.

Saya fikir saya percaya pada kepimpinan Dato Najib Tun Razak.

Tetapi arahnya kelihatan biasa biasa sahaja tidak seperti ‘suntikan’ yang diberikan ketika Pak Lah melepaskan jawatan.

Saya tak berapa biasa menggunakan istilah, tetapi kepimpinan Dato Najib terlebih kepada liberal yang sebenarnya liberal kekal. Bukan liberal yang positif untuk politik Malaysia.

Seperti yang pernah saya berikan komen pepatah sayang anak tangan tangankan, sayang isteri tinggal tinggalkan bagi menjelaskan bagaimana janggalnya cara penasihat Dato Najib menaikkan imej baik Dato Najib berkaitan keluarga.

Saya tak fikir asyik asyik sebar gambar PM dengan anak, PM dengan anak bini tengok badminton dalam rumah sendiri satu propaganda yang sedap mata memandang.

Bagi yang tidak mengetahui, kita memang tidak mempunyai kuasa di tangan tapi kita punya keupayaan untuk mengukuhkan kedudukan PM.

Penyelesaian MH17 mengukuhkan kedudukan Dato Najib. Dan Tun sekadar melakukan tawar menawar untuk minta PM lakukan permintaan rakyat yang menyokong beliau dan bukannya terlalu ikut pembangkang seperti yang terjadi dan seperti yang dinasihati.

MH370 pun tak selesai sehingga tahap keselamatan negara diragui. MH17 menutupi semuanya. Ia adalah agreement yang besar. Eloklah Tun tawar menawar.

Orang kerajaan berkata Tun zaman Tun. Dan ini adalah zaman yang sesuai dengan Dato Najib kerana sekarang ada zaman internet/alam maya.

Seolah olah Tun tidak reti dalam penggunaan teknologi alam maya. Pada saya Tun adalah pelopor alam maya dalam usia 89 tahun. Alam maya punya kuasa luar biasa yang tidak terhingga.

Saya sendiri masuk universiti untuk belajar apa yang ditawarkan dalam kursus tetapi saya diajarkan mengenai 'alam maya' pula.

Itulah apa yang dapat difahami dan dijelaskan dalam Al Quran surah al Falaq dan An Nas.

Saya tidak guna sepenuhnya teknologi alam maya seperti twitter, fb dll cuma sekadar blog ini.

Menteri menteri tidak membaca komen komen blog ini, tetapi ketahuilah yang Tun adalah berada pada zaman mana mana sekalipun. Antara kelebihan yang Allah s.w.t kurniakan kepada pemimpin seperti Tun.

Terima kasih Tun.

Assalam,

I think any individual has the right untuk "menegur" especially if "teguran" could bring positive result.

Problems that may occur are third parties take the opportunities to be the "fire-stone" or what we normally say batu api to provoke worsening relationship.

Fair enough, when there are teguran, leaders need to micro-manage when the scenario requires them to micro-manage. When a leader micro-manage, he would see the "mutually exclusive and completely exhaustive events" and "actors" more clearly, and he could articulate about the events much better.

A leader who does not micro-manage may not be able to control the scenario within the space constraint. For example, the abolishment of ISA. If ISA is not abolished, then the situation remains status quo. If ISA is abolished, then it may give two types of consequences – positive and negative. The oppositions (and their venomised public) may be happy if ISA is abolished because they can get a freer hand in doing something and some of the venomised public may change to neutral stand.... (may does not mean must). But, if all the crooks are let go squat free, then prolific and high profile crime rate will increase and would not give good image to the government. What leaders need to do is to look into the micro-structure of abolishment of ISA. The questions that are always asked – define? what if? why need? Because public debate could purge out "what if questions on what may happen", public debate on this is very healthy with one condition – it is conducted through the right channel and without getting personal and bias to one side of view. Allow public debates before taking action.

So, someone may ask – what about some "advisors" and the laboratories" and the painted conclusion based on the advisors and laboratories purported outcome (didn't they do a good job?)? They have done a good job but the tiny bits and details are with the "advisors". Advisors are human, they may make mistake. Sometimes, their attention may tunnel on certain information that they like or looks catchy, sometimes they may have some biasness, and there are a lot of psychological stuff that may influence the advisors which may finally affect the leaders. The "Advisors" argument is that, since they do laboratories and many people involve in it, they may never go wrong because many people may not go wrong. But, real fact is that, they may still go wrong if we take into consideration about the human factors and psychology related factors. More people equal to more data does not necessarily equal to more information if the data is equal to noise and this world consists a lot of noise.

Leaders, meanwhile needs to show values in every of their decision. So, if advisors accidentally or purposely make mistakes, leaders would lose much time to show real value and leaders could lose credibility if they sign for the policy mistakes that they made. Many more could be written ...I guess this small bit is too much.

Hope tegur-menegur do not go personal. Everyone will lose if it goes that way. Teguran could be a positive feedback to improve performance.

Salam YAB & Yg DiKasihi Tun,

Saya makan di sebuah restoren 'halal' di Amsterdam sebentar tadi dan pemiliknya tanya saya dari mana. Bila saya kata Malaysia., beliau sebut nama 'Mahathir Mohamad' dan puji Tun. Saya bangga sangat2.

Dalam hati saya tertanya-tanya kenapa beliau tidak sebut nama DS Najib. Ini menunjukkan yang Tun telah meninggalkan impak yang besar kepada ramai orang – Malaysia & dunia.

DSN mesti beri perhatian terhadap teguran Tun, dan ambil tindakan pembetulan. Jika tidak BN/UMNO akan 'bungkus' pada PRU-14 kerana orang Melayu sudah meluat melihat tanduk DSN & gang.

Terima kasih Tun.

*** Semoga Allah SWT memberkati Tun sekeluarga ***

Tegur menegur adalah urusan Manusia sesame
Yg pandai pada so bodoh , si bodoh pad si pandai
Namun Keaiban seseorang perlu kita jaga
Secara lembut dan bijak
Hubungan yg baik akan membuahkan teguran yg bernas & positive
Teguran membuahkan persahabatan bukan kebencian

Begitu juga saya keras berpendapat
Perpecahan Ummah sememangnya yg mengizinkan pihak musuh mengambil kesempatan
Yg mengakibatkan juga kita bertikam sesame sendiri
Maka perlu berkomunikasi yg ikhlas
Ikhlas ini Indah
Saya yakin jika PAS , UMNO berjabat tangan DAP secara automatis akan goyang
Jika umat Islam sedunia dapat bersatu tak perlu kita perlu senjata
PERPADUAN INI AKAN MENGERUNKAN PIHAK MUSUH YG SEBENAR
HANYA DENGAN BERJABAT TANGAN SAHAJA
KAN IA LEBIH MUDAH DARI KITA BERTEGANG URAT

Assalamualaikum Tun,

I hope one day DS Najib will feel the hardship of the people.

I dare DS Najib and also other minister in the cabinet to live with RM1,500 per month salary for 3 years. There are still many of us living below this much of income.

They will 'feel' how is it like to struggle with that much per month these days. It is irritating when politician tells the people to settle with less but in the same time they live life luxuriously.

When the Minister are poor for 3 years and in the same time they are in the Cabinet, I bet they will have the urgency to make sure that the poor will no longer be deprived by the expensive goods and services price these days.

But the sad fact is that, a lot of politician will swindle more money when they are poor.

There are some politician who enters politics with original intention to make more money.

DS Najib government may not be that 'bad' but I view it as weak and ineffective.

Assallammualaikum Tun.
Saya mohon ruangan.

Menegur Tun.
Saya pun dah banyak menegur Tun.
Apakah Tun ambil peduli teguran saya?
Yang mana satu?
Pastilah tentang Al Hadith.
Jadi teguran perlukan satu persetujuan nilai teguran itu sendiri.
Contoh yang paling nyata adalah teguran Allah terhadap hambaNya.
Banyak sangat di dalam Al Quran.

Dalam suatu hadis diriwayatkan bahwa Rasulullah saw datang kepada Ali dan Fatimah pada suatu malam lalu bertanya:

الا تصليان؟ فقلت يا رسول الله إنما أنفسنا بيد الله فإذا شاء أن يبعثنا بعتنا، فانصرف حين قلت ذلك ولم يرجع إلي شيء ثم سمعته وهو مول يضرب فخذه ويقول: وكان الإنسان أكثر شيء جدلاً

Artinya:

“Apakah kamu berdua shalat? Maka saya (Ali) menjawab, “Hai Rasulullah, diri kami ini sesungguhnya ada di tangan Allah, kalau dia mau membangkitkan kami, tentu Dia sanggup membangkitkan kami. Maka beliau berpaling ketika saya mengucapkan itu, dan beliau tidak menjawab perkataan saya sedikitpun. Kemudian saya mendengar beliau memukul pahanya sendiri sambil berpaling dan mengucapkan

ولقد صرفنا في هذا القرآن للناس من كل مثل وكان الإنسان أكثر شيء جدلاً

“Dan sesungguhnya kami telah mengulang-ngulangi bagi manusia dalam Al-Qur’an ini bermacam-macam perumpamaan dan manusia adalah makhluk yang paling banyak membantah” (Al-Kahfi: 54).

Menegur adalah admonish?
Menegur adalah reprove?
Menegur adalah chastise?
Menegur adalah reprimand?
Menegur adalah rebuke?
Menegur adalah scold?
Menegur adalah upbraid?
Menegur adalah chide?
Menegur adalah censure?
Menegur adalah castigate?

Begitulah Tun.

Israel is a warrior to certain billion of people in this world and
Israel is a terrorist to other billion.

Sama juga dengan Palestin.

Untuk mencapai kejayaan di dalam hidup kita,
kita mesti bersetuju dengan nilai majoriti masyarakat kita.

Masyarakat ini tidak bersuara lantang terhadap Abdullah Ahmad Badawi.

Mengapa mereka mesti bersuara lantang terhadap Tun?

Mengapa sekarang bersuara lantang terhadap Najib?

Sudah insaf akibat berdiam diri di zaman Abdullah Ahmad Badawi?

Tun.

Orang melayu pernah berpantun sebegini.

Marilah kita renungkan bersama.

Apa di harap padi seberang?

Padi seberang tak kan menjadi..

Apa di harap kuasa di tangan orang?

.....

Terima kasih Tun.

Yang Amat Berbahagia Tun,

Semoga sentiasa berada dalam keadaan sihat sejahtera.

1. Sememangnya orang Melayu berada dalam keadaan bimbang.
2. Bukan sahaja ahli politik yang tidak mengendahkan nasib jangka panjang Melayu, bahkan pegawai tinggi kerajaan pun tidak berbuat apa-apa untuk memperbetulkan keadaan.
3. Lihatlah di MITI. Ia diterajui oleh pemegang jurusan English Literature yang sukar memahami selok belok ekonomi. Akhirnya, terlibatlah negara dengan rundingan TPP yang membawa lebih banyak kerugian daripada kebaikan. Walhal, negara kita mempunyai pertumbuhan ekonomi yang lebih sihat daripada negara barat.
4. Demografi umur negara kita juga menjanjikan bekalan tenaga kerja yang mencukupi pada masa akan datang. Di samping itu, peratus golongan belia yang tinggi negara ini memastikan pasaran yang subur. Mereka merupakan golongan pengguna utama (main consumers).
5. Tidak seperti negara kita, negara barat khususnya Amerika Syarikat berhadapan dengan demografi umur yang tidak begitu baik dari sudut ekonomi. Mereka berhadapan dengan peratus golongan pencen yang tinggi (aging population).
6. Sepatutnya kita mempunyai kelebihan dalam membuat rundingan.
7. Jadi mengapakah kita boleh terlibat dengan rundingan perdagangan bebas yang merugikan negara? Ketua Setiausaha Kementerian Perdagangan Antarabangsa dan Industri (MITI) perlu sedar bahawa beliau telah memperjudikan nasib negara.
8. Tiada sesiapa yang berani mengambil tindakan terhadap beliau, baik pemimpin politik mahupun pegawai tinggi kerajaan yang lain. Mereka khawatir mereka akan digelar rasis. Biarlah Ketua Setiausaha tersebut merosakkan negara asalkan mereka tidak dilabel rasis.

Tun,

9. Keadaan orang Melayu di Johor amat membimbangkan. Saya khawatir mereka akan menjadi orang Melayu di Pulau Pinang.
10. Kuota rumah untuk orang Melayu telah dibebaskan sebelum pelancaran sesuatu projek perumahan. Oleh yang demikian, orang Melayu terpaksa bersaing dengan kaum yang jauh lebih kaya daripada mereka untuk membeli rumah.
11. Tidak ramai orang Melayu yang kaya seperti kaum Cina. Mereka tidak mampu membeli rumah yang mahal terutamanya di Nusajaya. Akhirnya, mereka ditolak jauh dari pusat bandar. Jadilah mereka seperti orang Melayu di Pulau Pinang suatu hari nanti.
12. Tiada apa-apa yang dilakukan untuk memperbetulkan keadaan ini, sama ada oleh pemimpin politik mahupun pegawai tinggi kerajaan.
13. Sememangnya orang Melayu patut berada dalam keadaan bimbang.

Assalamualaikum Tun,

Sebenarnya saya sedih apabila melihat perbalahan antara pemimpin-pemimpin Melayu berlaku. Seperti yang kita sedia maklum, PRU 13 telah menyaksikan kaum cina telah tinggalkan BN secara total. Yang masih menyokong hanyalah orang-orang Melayu dan kaum pribumi di Sabah dan Sarawak. Kaum Cina menyangka dengan meninggalkan BN secara total, maka kerajaan BN akan tumbang. Dengan ini mereka akan berjaya menguasai kuasa ekonomi dan kuasa politik.

Kita tahu rancangan mereka gagal kerana kerajaan BN masih berkuasa. Kalau bukan kerana orang-orang Melayu bersatu menyokong BN di PRU 13, rancangan mereka pasti berjaya.

PRU 13 telah menimbulkan kesedaran kepada orang-orang Melayu tentang pentingnya mereka bersatu sehingga timbulnya pertukaran dari 1Malaysia kepada 1Melayu.

Sebenarnya teguran-teguran Tun itu telah lama dibuat oleh Tun. Kalau sesiapa yang telah lama berada di blog Chedet ini, pasti ingat teguran-teguran itu. Teguran-teguran itu bukanlah sesuatu yang baru ditulis oleh Tun. Saya masih ingat sebab di sebalik teguran-teguran itu saya ada memberi pandangan saya mengenainya.

Berkenaan pemansuhan ISA ada Tun sebut di blog ini. Apabila ISA dimansuh, sukar untuk menahan ketua-ketua penjenayah sebab mereka begitu lick di dalam melakukan jenayah. Mereka bijak menyembunyikan bukti-bukti yang boleh menyabitkan mereka melakukan jenayah. Disebabkan tiada bukti, maka pihak polis tidak dapat menahan mereka dan mereka bebas melakukan jenayah.

Demikian juga berkenaan negara terpaksa ikut arahan daripada negara jiran. Pastinya ini adalah berkenaan Jambatan bengkok. Tun ada sebut mengenainya di blog ini. Jambatan bengkok tidak sedikitpun berada di kawasan Singapura. Oleh itu buat apa kita perlu persetujuan Singapura untuk membina jambatan ini. Dengan adanya jambatan bengkok, Malaysia bakal menggantikan Singapura sebagai pelabuhan utama di dunia. Tentunya ini akan menambahkan pendapatan negara dan seterusnya memakmurkan rakyat yang sekarang ini dihimpit kos sara hidup yang tinggi.

Berkenaan pemberian kepada kaum bukan Melayu juga ada disebut di blog ini. Sebelum PRU 13, BN telah memberi sepenuh perhatian kepada kaum bukan Melayu sehingga menidakan hak-hak orang Melayu. Mana nak disangka, segala pemberian itu dianggap orang bukan Melayu sebagai hak mereka kerana mereka adalah pembayar cukai. Dengan itu, mereka tidak berterima kasih dan terus menyokong pembangkang. Sepatutnya, orang Melayulah yang perlu dibela sebab merekalah yang menyokong BN selama ini.

Demikian juga berkenaan BR1M. Tun ada sebut bahawa ianya bukanlah cara yang sesuai untuk membantu rakyat miskin. Bahkan, pemberian tanpa sebarang produktiviti akan hanya

menambahkan beban kewangan kerajaan. Kerajaan telah pun mengurangkan subsidi minyak. Sepatutnya duit itu digunakan sebaik-baiknya untuk menjanakan lagi pendapatan negara.

Berkenaan menjadi negara import, adalah berkenaan negara kita terlalu mudah mengurangkan sekatan-sekatan import sehingga mejejaskan industri-industri tempatan, antaranya ialah Proton. Kalaulah TPPA berjaya ditandatangani, mungkin ini akan menyebabkan negara kita dibanjiri barang-barang import yang murah tetapi kita akan kehilangan industri-industri tempatan kita. Dengan ini ekonomi kita akan dikuasai oleh syarikat-syarikat besar luar negara. Perlu diingat, penjajahan bukan sahaja dari segi ketenteraan, penjajahan juga boleh dibuat dalam bentuk ekonomi.

Demikian juga dengan penambahan cuti hari. Rasanya benda ni Tun tegur sejak zaman Pak Lah lagi. Ianya dibuat di blog ini juga. Kita lihat negara-negara Eropah telah kehilangan daya saing mereka apabila rakyat mereka tidak mahu bekerja. Akhirnya Negara-negara Asia yang kuat bekerja seperti Jepun, China dan Korea telah berjaya mengatasi negara-negara Eropah.

Dasar keterbukaan kerajaan telah melihat internet telah disalahgunakan untuk menimbulkan isu-isu sensiti yang boleh menjejaskan hubungan baik antara kaum. Internet telah dikuasai oleh “red bean army” yang mempersoalkan kontrak sosial, agama Islam sebagai agama rasmi negara dan juga institusi raja.

Tun telah melihat, jika kesilapan-kesilapan ini tidak dibetulkan oleh kerajaan dengan seberapa segera, ianya akan membawa padah kepada rakyat. Disebabkan itulah Tun membuat teguran ini.

Pada pendapat saya, sebagai Perdana Menteri yang perhatin, Datuk Seri Najib perlulah lihat teguran-teguran Tun ini sebab ianya melibatkan kesejahteraan rakyat. Kaji balik, betulkah apa yang dikata Tun ini. Kalau betul, maka perbaikilah kesilapan-kesilapan itu.

Saya harap Datuk Seri Najib tidak melakukan “elegant silence” dengan harapan perkara ini akan selesai dengan sendirinya. Kalaulah Tun seorang yang saya kenali, beliau akan terus membuat teguran selagi mana kesilapan-kesilapan itu tidak dibaiki. Bayangkan pasal hari cuti yang banyak yang disebut pada zaman Pak Lah, masih lagi disebut oleh Tun dalam posting terbarunya.

Memandangkan Tun telah pun bersuara, maka saya harap Datuk Seri Najib dapat menjawab kesemua isu-isu tersebut. What is the government’s position with regard to issues raised by Tun? Rakyat perlu tahu.

Saya percaya kedua-dua Tun dan Datuk Seri Najib mahu lakukan yang terbaik untuk rakyat Malaysia. Niat yang baik adalah satu permulaan yang baik. Dari itu, tidak perlu ego. Kalau salah, betulkan. Kalau Datuk Seri Najib tidak setuju dengan Tun, nyatakan sebabnya. Rakyat perlu tahu.

Dalam pada itu, saya harap Tun dan Datuk Seri Najib dapat capai kata sepakat, demi kepentingan agama, bangsa dan negara. Janganlah kerana kita berbalah, bangsa Melayu berbalah, yang akhirnya menguntungkan bangsa lain.

A screamiing headline hit my eyes today ! LONDON PANEL TO RULE ON US\$1 BILLION MALAYSIA-SINGAPORE DISPUTE, SAYS REPORT.

This refers to the oversight by Malaysia on the Singapore Government's development charge which was imposed on the JV Development Project which was supposed an abang-adek deal. I suppose no one has heard of the phrase 'buyer beware' or 'caveat emptor'. Also no one has mentioned who owns the 25 miles of rails from Woodlands to Tanjong Pagar.

Since 2003, our beloved Malaysia has lost legally to Singapore :-

1. 2002 – 2009. Over RM 900 Billions through illicit outflows.
2. 2004 – 2008. Pulau Batu Putih.
3. 2004 – 2008. The Brunei Re-arrangement.
4. 2010 – 2014. The loss of US\$1.12 billions on an abang-adek deal.
5. 2009 – 2014 ? The ultra-secret TPPA deal which was created and promoted by Singapore just for its own survival by the death of our present day Malaysia. – The poisoned chalice Strategy. Vide. the naive hospitable friendly UMNO owned New Straits Times Streets Supplement Page *. March 8 2014. And <http://www.themalaysianinsider.com/malaysia/article/london-panel-to-rule-on-us1.12-billion-malaysia-singapore-dispute-says-report/>

After 2003, it was so easy for the one-street town of the Republic of Singapore to clean us out. But in the larger context, fortunately the character of the brilliant Lee Kuan Yew with his 26 failed Policies for Singapore brought about Singapore's downfall as a viable State. MAN PROPOSES. GOD DISPOSES.

Salam Yg Bhg Tun,

Cerita dongeng Tun sebagai kiasan adalah menarik. Cerita mengenai raja yang sentiasa bergantung kepada penasihatnya untuk hidup dan mentadbir.

Saya menambah satu cerita dongeng Melayu. Menurut cerita dizaman dahulu, khinzir adalah haiwan yang paling cantik dan yang tersangat handsome diantara haiwan yang ada. Ia memiliki hidung yang mancung, leher yang jinjang dan ekor yang panjang dsb. Disebabkan oleh sifat yang dimilikinya ini, ia menjadi rasa tinggi dan lain2. Ia sentiasa berjalan dengan mata ternonong keatas dan tidak mengendahkan haiwan disekelilingnya. Satu hari khinzir berjalan ternonong keatas seperti biasa melepasi harimau. Harimau menegurnya dengan berkata "gaung!". Tetapi tidak diendahkan oleh khinzir tanpa menyedari gaung dihadapannya. Harimau berteriak lagi "gaung!!". Khinzir terus berjalan sehingga ia terjatuh kedalam gaung tersebut. Tetapi ekor khinzir dapat dicapai oleh harimau menyebabkan khinzir tergantung berpusing2. Akhirnya ekor itu putus terpental dan ianya terus jatuh kebawah menyebabkan hidungnya terpenyek, lehernya tersok kedalam badannya dan ekornya menjadi pendek berpental sehingga kini.

Salam Yg Bhg Tun, cerita dongeng haiwan sebagai jalan cerita. Tiada maksud haiwan harimau, khinzir etc dengan manusia.

Tun

There have been comments on this topic alluding to why the Tunku had to retire.

A fact which has seldom been mentioned is that of the Currency Board of Malaya, Singapore, Sarawak, North Borneo & Brunei. What is a Currency Board ? It is an agency set up by the British in the colonies throughout their British Empire. The Currency Board functions as an issuer of money which amount is limited to what the Colony earned in any particular year. There were no money advances and all transactions were cash transactions. With this system, the rich became richer (the British with 70% of the best assets, the Chinese with 25% of the third rate assets and the others owned 5% in which 1% belonged to the Malays). With the Currency Board, the velocity of money and business were extremely slow. The rich became richer because of their control on the commodities. There was nothing for the Malays.

From 1957 and throughout the 1960s, the economy was extremely slow. My newly graduated Malay friends had no money to buy anything. One could not even buy his favourite suede

shoes and cavalry twill trousers. All of them just gaped at all those urban Chinese cruising around in their Fords, Morris Oxfords, Jaguars, Mercedes, Peugeot etc. The whole economy was lopsided with the Malays holding literally no assets.

The Tunku had his reasons for this state of affairs especially with the very conservatives Chinese controlling the Treasury. The Central Bank, Bank Negara Malaysia was set up in 1958 but did not fulfil its functions as a banker to the Government, guardian and issuer of the currency until 1972 when the Currency Board was dissolved.

The Bank Negara Malaysia from 1972 could become the full-fledged central bank of a developing country and it has performed its allotted task very well – in lock-step with an expanding economy within the context of the NEP from 1972. In reality because of the unfortunate demise of our Prime Minister Tun Abdul Razak, the NEP only took off during the 22 year Administration of our Tun Dr Mahathir Mohamad who created the 3 million Malay middle-income group. This was his finest hour.

Why the Tunku resigned was something to do with the proper allotment of money for all. He did not resign on a whim but on facts. The fact that the Bank Negara Malaysia was not brought into play much earlier and the Currency Board disbanded. It was 10 years too late.

Until the next vignetter in support.

MALAYSIA BOLEH ! MALAYS BOLEH ! ALL MALAYSIANS BOLEH !

Dear Tun,

Please allow me to address to the powers in UMNO and BN. As expected, the UMNO “kaki bodek” are coming in full force. Just like the “kaki bodek” during Pak Dolah’s time.

One thing we have to remember is that these “kaki bodek “ are not affected by DS Najib’s policies. They don’t have to eke out a living, or struggle to get some business. In other words, they are “sudah kenyang,” and so what do they care about the rest of us?

You ask why are we unhappy with DS Najib? Refer to some historical factors.

To begin with, Tunku’s policies were generally good on the surface, but at the expense of the Malays losing greatly, the rights to their land and homeland, the rights to maintain Malay dignity and pride, and we had the May 13th., incidence. Tunku had been told again and again that this “tolak ansur” with the newly created citizens among the Chinese and Indians was largely with the Malays having to “ansur”, giving in practically everything the Malays had their sovereign rights to. But Tunku did not listen. He thought he was right. The Malays kept their dissatisfaction in their heart, until May 13th., exploded. Disregarding the official version, May 13th. had nothing to do with Communist influence as iterated by Tunku but by the greed of the chauvinists who wanted the Malays to go back to the jungle. But, did anyone

dare to say anything? No one in UMNO did dare say anything, because UMNO then means “U Must Not Oppose the Tunku”. Well, except Dr Mahathir. For that he was sacked from UMNO.

When the lame duck Tun Hussein Onn was going nowhere with his policies, a courageous man by the name of Hj Sulaiman Palestin dared to oppose him. During Tun Dr Mahathir’s time there were also daring people who opposed him, Musa Hitam, Tengku Razaleigh, Rais Yatim and gang. And so was Pak Dolah, who inspite of being not so intelligent, was clever enough to step down. And so now, with the dissatisfaction building up on all corners on DS Najib, he should at least start listening. To me he is slightly better than Dolah or Anwar, but he is too stubborn and proud to listen. Understandably he was well brought up, in a family much respected, and so what’s the big deal about listening to others, apart from his yes men?

Remember when Tun was having trouble with Pak Dolah? Big ministers like Hishamuddin, Rafidah, Nazri and even the Kedah MB Mahadzir condemned Tun Dr Mahathir left and right. This country had never seen such hypocrites and morons. Now we see some more hypocrites condemning Tun again. Are we asking him to step down? No. Are we saying he did not deal with MH17 well? No. We are asking him to listen – to the needs of the people, the people who put him there, those who voted him in, those who put BN in power – the Malay people in the hinterland, especially the poor, downtrodden Malays who had been supporting BN all this while. But who is getting the benefits and attention of wealth distributions?

The big trouble with the cabinet ministers and many big time politicians is that they know nuts about the people’s daily plight and predicament. They spend much time with their politician jobs, meetings, decision making, political visits and functions, and facing “big” problems of the nation, but not the big problems of the people. They get fat cheques. And now they are wondering why the urban voters are no longer supporting BN. Where have you been Mr Minister? Why can’t you take time off and go and talk to the people, the farmers, fishermen, the small time shopkeepers, those who lost their land, their homes to the greedy bankers, those who cant afford the medical bills, the costs of education, the jobless graduates and the students about to graduate. You don’t need a whole battalion to accompany you on these visits. No need to bring the press, and don’t choose whether it’s the opposition area or not, because the opposition YBs don’t go to the ground themselves. But between the two devils, the people hate you more, and so just take it at face value.

We the people, the original people, who had been supporting UMNO and BN since 1957 have lost too much. We lost our land, we lost our homes, we lost our identity, we lost several generations of young people who never learnt our history, we lost our rights to our original values, our pride and dignity as Bumiputras and Malays had been slowly wiped off, and soon even our souls would be de-merited, with the position of our Malayness being washed off. Why? Because the family Lim demands it, the family Anwar wants it, and the unprincipled PAS will abide by it all, and you, great grand people in UMNO are doing nothing.

We who are dissatisfied with DS Najib are not from the opposition. The opposition members and voters all hate you, full stop. That’s about half the population. We don’t hate UMNO, we are just sick and tired of your hypocrisy, and taking our support for granted.

If you understand English, I am sure you will understand what I am saying. If you are angry with me, I would suggest you find another job. We have enough morons, idiots and betrayers.

I will seek the Tun's leave to provide my comments to this article in English as my level of competence in Bahasa reduces me to below the Bahasa pasar level and would be an embarrassment to all.

The problem with any democratic system is the existence and tolerance of lobby groups. Those who seek favour will always speak in comforting tones and sing high praise of those in power however ridiculous those sentiments may in truth be.

In the end it is these same singers of the panegyric who abuse the privileges given to them and then remain mute when their benefactors in government come under attack.

Perhaps the best example would be the example the Tun himself showed the writer during a visit to his offices at level 86 of the PETRONAS Towers in KL in late 2010.

The Tun showed the writer the KL office and business districts as their were visible from that height and pointed out a small fraction of those impressive tall buildings dotting the landscape in KL which were in fact in Malay hands. The rest I was told were in the hands of Chinese and Indians. I researched the point and found it to be accurate.

Yet when the bile, the vitriol and poisonous rhetoric began to flow free and fast directed mainly at the Tun by the opposition, Anwar, DAP and Bersih none of the beneficiaries of the Tun's policies that made them rich by providing a healthy environment where their businesses could thrive in Malaysia dared or were willing to stand up in defence. None.

All these people the beneficiaries of the Tun's policies did was to play in the sidelines like shadows. None showed the spine or integrity one would have expected of them. And we know who all of these people are.

A colleague who once worked with the writer (now at the US state Department) acknowledged that many of these business people including some Malays were more inclined to side with US government policy in the region even if that meant attacking the person and the record of the Tun. "Horses for courses" was her response.

The last paragraph is one which is telling and notable for one thing. The US and most of the west require compliant yes men in government. The Tun did not fit into that bill.

I do not suggest that everything that the Tun did in office was perfect or beyond criticism, but certainly I like many others disagree these were times when Malaysians were oppressed, and the economy irreparably damaged as the DAP, Anwar and the Ambiga's would have the world believe.

The idea of repression and undemocratic behavior warrants a mention here. The same political rhetoric, NGO's, slogans and media outlets funded by the Heritage Society, Civil

Societies, Neo Cons and the World Bank funded and trained the so called “Mujaheds” in Libya to murder Colonel Ghadaffi, then overthrow Mubarak and bring in a Jewish leader (the first for Egypt) through a military coup, destabilize Irak and Syria were and remain at play in Malaysia’s opposition. They have now infiltrated government.

As has been the case in most foreign adventures by US in their history of failed foreign policy initiatives, these “trained freedom fighters” have now turned on them. ISIS are Arab and Muslim fighters with a discipline and motivation the US cannot handle. Air strikes would not do anything to stop them.

The call to condemn them for the decapitation of the “journalist” Folley must be resisted. The execution of two black Americans in the streets of Ferguson is the reason. The second “execution” by white racist police condemns the police and law enforcement authorities to an unpardonable hell.

Immediately the chief of police had made his statement vilifying the poor young victim than a full film shoot of the event emerged on another channel debunking the lies of the police chief.

Why should the execution of a suspected spy in Folley be any less lawful (especially in a war zone) than that of the beheading of a combatant captured in Folley (posing as a journalist according to ISIS) ? is it because one was white and the other four not.

In New York a man was strangled to death by a policeman the killing was filmed. The victim was unarmed and black. In Los Angeles an unarmed man Etsel Ford was shot to death by Police He too was black and unarmed. How much more immoral were these killings to that of Follays?

This is the problem with listening to Yes men as PM Najib does. Obama has the same problem. He won’t say anything because the true consequences would then be for his government to reckon with. His yes men tell him he should do nothing and nothing he does.

If we had succumbed to the Bersih attempts to overthrow government to the extent anticipated by these US groups, not doubt Malaysia would be in the midst of a civil war as Syria, Libya, Egypt to some extent and Irak are faced with.

Thailand stood up but for how long we do not know. Najib Razak’ government like that of Abdullah Badawi’s has bowed to pressure of these groups and their foreign backers created a deep divide in Malaysia.

PM Najib appears to be surrounded by young advisors many of whom hold foreign degrees but who have no idea of the dynamic at play here. They have no knowledge of Malaysia’s political culture and its recent post independent history either. Much of what they know are written for them by foreigners to suit their perspectives of Malaysia and its recent political history.

Through the mists of the World's Political History, three sayings of famous United States Presidents have always been in my mind :-

1. Franklin D. Roosevelt. " The only thing we have to fear is fear itself. "
2. Harry S. Truman. " The Buck stops here. "
3. John F. Kennedy. " Ask not what your country can do for you. Ask what you can do for your country. "

I have always been confident that all our Prime Ministers who led us and ruled over us have better sentiments than these !

Assalamualaikum Tun.

Saya tak tahu nak cakap macam mana la...

Tapi esok jenazah akan sampai ke Malaysia. Kira rasanya saya berpeluang tengok besok akan ketibaannya.

Kita perlu juga ucap terima kasih pada 'dozen person' yang berusaha dan dengan beraninya bersemuka dengan puak pemisah yang diiringi oleh 4 orang komando PASKAU mejar,sarjan,koperal dan LUK.

Dalam keadaan sebegitu menaiki tingkat 11 mereka masih berfikir mencari jalan keluar sekiranya sesuatu berlaku pada ahli pasukan mereka.

Mereka pergi untuk mati. Terima kasih berbanyak akan niat mereka.

Dari pembacaan rambang saya boleh agak pergerakan mereka, takkanlah Dato Seri Najib tak boleh berfikir sendiri dan sentiasa memerlukan penasihat sediakan kertas kerja yang detail supaya mudah faham untuk buat keputusan.

Terima kasih Tun.

For chitchat, you speak the truth.

However, I always exhorted all the Malays to unite under the BN or UMNO banner. If they do not and get fragmented by the smart and cunning thrusts of the foreign interlopers and their proxies which have nearly succeeded despite all the song and dance, our beloved Malaysia could be a hostile place to live for all of us, especially for the non-Malays whom a majority of the Chinese still think it is just fun and games.

It is the Malays with the traditional and conventional historical rule who must be responsible and serious about the political power which they now hold. It is the Malay's heritage, legacy and royal traditions which must always come to the forefront. This is why the slogan "Malaysia for Malaysians" is mischievous and a troublemaker. The aborted Malayan Union of 1946 was this and was overwhelmingly discarded. Somewhat like the rise of the slogan now, "Singapore for Singaporeans" All countries in the World with a Royal Tradition are not ashamed to be called names when their Royalty are all decked out in medieval garb. So it is for our beloved Malaysia where the humane and just and fair Royal Sultans have ruled over us for centuries. The words like liberal and reformist which have been introduced recently by the Opposition are just words as far as I can discern at the moment and for want of an issue to harp on.

I HAVE ALWAYS THOUGHT OUR BELOVED MALAYSIA HAS BEEN FAIR, JUST, LIBERAL AND REFORMIST TO PROTECT OUR HERITAGE ESPECIALLY DURING THE 22 YEAR RULE OF TUN'S ADMINISTRATION. Otherwise, how a huge new group of over 3 millions middle income group of Malays was created to up-lift the 3 millions middle income group of non-Malays? We reform not by suddenly repealing the ISA but provide answers to our MALAYSIAN DREAM OF JOBS, HOUSES, CARS, FAMILIES, A GOOD EDUCATION FOR ALL AND OUR TRADITIONAL LIFE-STYLE.

In this bountiful land of natural resources and good people, let us not shoot ourselves in the foot for the joy and happiness of others, the foreigners who want to harm us naive, hospitable and friendly Malaysians.

Salam Tun.

and to all the good bloggers here.

You have made the correct observation about Najib's invincibility. The almighty Najib, set in the midst of a bunch of political eunuchs and idiots in the UMNO Supreme Council, the yes men who are not unlike the red old China Dolls lounging with eyes wide open, ravenous and

despicable if not less sinister than the Emperor himself – most of them have long past their use date, utterly useless and toxic, but are still hanging around the palace compound being the insatiable shameless beggars they are. Perut buncit kuning dengan duit haram, tapi tak pernah cukup. Haramzada! to use the punjabi phrase.

Just before the PRU13, an elderly lady, a Wanita UMNO in an informal gathering courageously asked Najib, “why are you too soft on Anwar when you now have all the power to beat him to a pulp in submission?”

Najib retorted, “Tak sayang mulut ker, Datin?”, while his suspicious eyes nervously screens the listeners around him.

I believe there are many secrets about Najib that Anwar holds that Tun Mahathir dont. In his precarious position and love-hate relationship with the Opposition leader past and present, Najib is greatly influenced by Anwar more than Tun. An x factor that is only Anwar’s privilege to wield and plunder as he pleases. Just look at the 75 postponements that Anwar had managed to squeeze out for his Sodomy trial. Do we all think that any of us can possibly do better than Anwar? Can anyone really bulldoze his way around like that if he is not Anwar, the defacto Minister of Information and Propaganda.

The insolent remarks made by Zahid recently against Tun is the benchmark of the sycophantic mentality of the UMNOs Supreme Council members, [sixty of them](#) in numbers, that surrounded and walled Najib to protect him with the invincibility of the naked Emperor. The ~~third~~ turd in line is a fine replicate of the Singaporean nudist enthusiasts in Penang, together with the rest of the AMT entourage, whose naturalists call is so instinctive as to shamelessly cheer on the densely spirited naked Emperor in his uncircumcised leap of faith. Si Lanchau Lanchau Lanchau terjun dengan labu-labunya. Biarkan .. biarkan ...

Save Malaysia ! ... Say NO to Singapore PAPigs and DAPigs ... Say NO to Nudist PM

I have no doubt you would want najib to stay. After all you and your people benefit most from najib administration and you show your appreciation by voting the dap. And he never learn so you guys keep benefiting further without having to put any real commitment or support to the gov.

I f you have bothered to read what ive written earlier than you would know theres no replacing najib through the PAU. Even kadirjasin admitted that najib is in a solid position politically even while the country is going down.

Assalamualaikum, . Tepat sekali apa yang dikatakan oleh Abu Alya. Tetapi masalahnya apa yang dapat kita buat demi menyelamatkan agama, bangsa dan negara kita. Saya tiada

keyakinan langsung PAS dapat menjaga kepentingan agama kita memandangkan apa yang diputuskan oleh Majlis Syura nya dah tak dipedulikan lagi. Ada seorang penulis di Star yang melabelkan mereka sebagai pihak konservatif dan perlu dilemahkan. Pilihanraya akan datang, tak kan saya perlu buat undi rosak. Diharapkan masih ada pemimpin dalam BN yang dapat menerajui BN ke arah yang tepat.

WHATEVER THE BRILLIANT ACHIEVEMENTS MADE BY THE REPUBLIC OF SINGAPORE TODAY ARE DUE TO ONE MAN, DR ALFRED WINSEMIUS OF THE NETHERLANDS. He nudged up Singapore like a baby 1961-1984 before he let go. HE WAS PAID PEANUTS AND WAS REWARDED 2 MEDALS OF WHICH ONLY ONE WAS GOLD AND A PIECE OF PARCHMENT PAPER ON HIS RETIREMENT IN 1984. His main task was the infra-structural development of Singapore sans the human development which was left to the brilliant Lee Kuan Yew who screwed up his own supporters and citizens big time.

It is alleged that some fresh faced foreign consultants were employed by our Federal Government to teach us how to suck eggs. It is also alleged that these were paid at least RM 10 Billions if not Billions. AND AT THE SAME TIME WE APED THE ONE-STREET TOWN OF THE REPUBLIC OF SINGAPORE IN SPENDING MONEY ELITE STYLE. I apologise profusely if I am wrong.

The aforementioned are for all to see – A TALE OF TWO CITIES without the participation of their citizens as regards the MONEY – THE BILLIONS AND BILLIONS OF RM OR SINGAPORE DOLLAR.

Salam Tun.

Saya rasa terpenggil untuk mengulas tulisan Tun sekali lagi.

1. Ada orang beritahu Najib bermakna Najib sendiri tidak berhubung dgn Tun

2. Teguran Tun tidak sampai ke telinga Najib atau dibakulsampahkan sahaja.
3. Najib anggap teguran Tun bermotif jahat. Najib tak berminat untuk layan teguran Tun.
4. Tun marah kerana dasar pemerintahan Najib di tahap buruk, bahaya dan tidak berubah, antaranya :-
 - 4.1 Melayani tuntutan musuh.
 - 4.2 Pemansuhan ISA.
 - 4.3 Peningkatan Jenayah.
 - 4.4 Tunduk kepada kerajaan Singapura
 - 4.5 Layanan tidak saksama kepada pengundi Melayu yg sokong BN
 - 4.6 Wang sogokan BRIM untuk beli undi (rasuah)
 - 4.7 Dasar import (kereta mewah) merugikan industri tempatan (Proton)
 - 4.8 Budaya kerja yang tidak produktif dan tidak kompetitif
5. Tun tidak lagi sokong Najib. Begitu juga penyokong Tun di dalam UMNO. Majoriti ahli UMNO sokong Tun.
6. Najib sudah kehilangan sokongan majoriti ahli UMNO. Kedudukan Najib sebagai Presiden diragui dan boleh dipertikaikan. Najib sudah hilang kepercayaan majoriti ahli UMNO. Najib perlu dapat pengesahan semula melalui undian.
7. Ahli UMNO dan rakyat diperingatkan untuk lebih sayang kepada Negara dan tidak taksab kepada pemimpin.
8. Sokongan kepada pemimpin yang merosak negara samalah dengan menyokong musuh di dalam dan di luar selimut.

catatan

- A. musuh di luar selimut ialah PAPigs Singapura pro-Israel
- B. musuh di dalam selimut ialah DAPigs dan rasis anti-Melayu

Salam YAB & Yg DiKasihi Tun,

1. Memang sudah menjadi budaya orang Melayu yang amat takut untuk menegur ketua/pemimpin atau orang atasan mereka. Ini kerana orang yg menegur akan dianggap 'jahat' & 'biadab' dan biasanya akan ada para 'pembodek/pengampu' yang akan menambah lagi rasa marah ketua yang ditegur dengan bertindak sebagai 'batu api'. Lagipun orang yg menegur ini akan mendapat 'balasan/hukuman' di atas perbuatan 'menegur' tersebut walaupun apa yang ditegur memang ada kebenarannya. Yang menegur biasanya akan dipulau (seperti yang Tun pernah alami) oleh golongan 'pengampu/pembodek' tersebut. Ini cara pembodek2 menyatakan sokongan terhadap ketua tersebut. Maka kehidupan orang yang menegur ini akan menjadi lebih sukar. Maka si ketua/pemimpin pun berasa yang beliau amat berkuasa, sentiasa betul, dan tidak boleh ditegur.

2. Dari pengalaman saya, para pembodek ini akan cuba membuat ketua/pemimpin tersebut rasa yang mereka ini amat prihatin dan sentiasa menyebelahi/menyokong (walaupun ketua salah) ketua/pemimpin mereka supaya ketua tersebut di masa hadapan akan membalas 'jasa' mereka yang amat 'setia' serta sentiasa 'akur' terhadap ketua/pemimpin tersebut. Pelbagai ganjaran (seperti naik pangkat, etc.) akan dapat dinikmati oleh para pembodek ini dengan cara lebih mudah.

3. Apa pun, PM DSN @ Ah Jib Gor memang gagal. Prestasi beliau dengan Tun Pak Lah lebih kurang sama. Sikap liberal beliau pula menambah lagi masalah kerana rata2 orang Melayu/Islam menolak kebanyakan ide2 liberal beliau serta penasihat2 beliau yang lebih berat ke arah ide2 pembangkang. Beliau lupa yang beliau dapat menjadi PM kerana orang Melayu/Islam tidak boleh menerima sikap liberal Pembangkang; malangnya setelah menang PRU-13, beliau lupa janji & gagal untuk menghargai sokongan/undi yang telah diberi oleh majoriti kaum Melayu/Islam kepada UMNO/BN.

4. Saya harap PM DSN @ Ah Jib Gor sedar sebelum terlambat.

5. Teguran Tun memang tepat pada waktunya.

Terima kasih Tun.

*** Semoga Allah SWT memberkati Tun sekeluarga ***

In better times, a gift of money or ang pow, was a delight of the young and old as practised in our once unstressed beloved Malaysia.

Now we are faced with the spectacle of RM500 thrown out by our Government as a lifeline for our very own survival. Someone must have forgotten Malaysian values and Malaysian dreams along the way to Putrajaya.

This could be a short road or a long one. But this RM500 baksheesh is definitely medieval as though it came from one of the three aforementioned ancient civilizations or medieval fiefdoms.

WHAT WE MALAYSIANS ALL WANT IS THE FULFILMENT OF OUR MALAYSIAN DREAM – OUR HOPES, ASPIRATIONS AND DELIVERANCE OF JOBS, HOUSES, CARS, FAMILY AND A DECENT EDUCATION FOR OUR CHILDREN TO GIVE US ALL A PLACE IN THE SUN. ALL OF US WHO ARE NOT SO FORTUNATE TO BE BILLIONAIRES OF THE MALAYSIAN KIND ! Our Malaysian Dream is modest. AND THIS WAS ACHIEVED BEFORE 2003 WHEN THE GOOD TUN COULD CREATE OVER 3 MILLIONS MIDDLE INCOME GROUP OF MALAYS WHICH UP-LIFTED THE 3 MILLIONS NON-MALAYS ! How ? One group used or purchased goods and services provided by the other !! This has also literally ground to a halt to the consternation of all due to the lack of money all round !!

Yes ! Our Malaysian Dream is a modest one. It was achieved before – before 2003. Some Malaysians have voiced the return of the good old days ! Why ? Because things seem to be moving backwards !

IF WE DO NOT LEARN FROM HISTORY, WE CANNOT MAKE HISTORY LIKE THE BRILLIANT LEE KUAN YEW WITH HIS 26 FAILED POLICIES FOR SINGAPORE !

Setiap Perbuatan pasti ada Niat
Niat baik dipercepatkan Niat Jahat dilambatkan malah sebaiknya dihapuskan

Tegur Menegur Perlu
Si Bodoh bolih menegur si Pandai
Si pandai tidak sentiasa pandai , kadang kala si pandai tidak dapat melihat tahi hidungnya yg terselit di ruang pintu hidungnya
Begitu juga sang Isteri jika menegur ada bernasnya jika kita merenungkannya

Hakikatnya jika Pemimpin membuat Keputusan
Seharusnya menimbang nimbang , berbincang , Brain Storming ,Perah Otak
Jika masih belum kepastian sebaiknya di perlambatkan keputusan tersebut sehingga yakin
sesterus berserah & berdoa , istillah kita manusia memang lemah

Saya lihat Najib lebih bagus dari PakLah tapi tidak tegas
Lebih menunduk mungkin kerosakan yg telah berlaku dari tangan PakLah
Paklah sams sekali tidak layak jadi PM malah Kementerian apa pun
Saya tidak lihat Kewibawaan beliau hanya beliau berakhlak Baik
Tun Mahathir the Best namun ada juga kelemahan beliau
Kesilapan Tun melantik Paklah adalah satu kesilapan besar
Kerana nak jadi kan sesuatu perlu banyak berusaha seperti perniaga
Dah jadi perlu Kawalan jika tidak hanya tunggu masa untuk Terlungkup
Dah Terlungkup susah nak bangun sebab banyak luka setelah jatuh

Saya pertikaikan bukan Pemimpin sahaja
Malah setiap anggota yg menarajui Kerajaan
Setiap Rakyat jelata juga jika apa yg tak betul wajib di betulkan
Seperti Dayusnya Johor mengizinkan Singa kasi makan anak Harimau
Tunggu masa sang Singa akan baham sang Harimau

Tak betul juga di betulkan lagi sehingga tenang
Dah betul jangan gatal merubah
Setiap perubahan kecil bolih membanggunkan atau menjatuhkan
Jadi graphic kita tidak perlu terlalu tinggi jangan terlalu rendah
Kita mesti mampu mengawal perbuatan kita

I dont have citation or financial advice and political know-how. I only got common sense and if the govt or the leaders are using people like the boyfriend of Paris Hilton as financial adviser and doing mega project with such people, then the people of Malaysia should be very afraid or to be concerned and anxious. Most Fund Managers are dangerous people they are here/there to only hit when the “iron is hot” then disappear. Iron is hot or hot iron situation are desperation or very very greedy situation so Malaysian should be very aware and awake.

YBhg Tun

Pres Obama dilaporkan kata Natanyahoo is a bit too strong whereas Abas is too soft. Boleh diinfer : Tun has a strong high order thinking potential as cf to our existing PM.

Salam Tun.

I believe our nation is targeted to be brought down by a new variant of the [Economic Hit Man](#)
Indeed, we are in the years of living dangerously.

They, the EHM, have become a hidden component of Najib’s version of the BN govt and they have taken full control over the management of our economy.

The PM Najib govt hierarchy is such that these EHM ranks way above the UMNO’s Supreme Council who now lounges like an old prostitute with eyes wide open. No brains, no class and past obsolete.

As Tun rightly pointed out, we are witnessing how Najib is carrying out more of the EHM's order and less of the ruling govt or UMNO.

I think the Malaysian govt has been over-ruled and there will be a rise of a New Economic Order that will slaughter the country's wealth to a fraction. Its time to buy gold while you can.

salam hormat Tun,

walaupun saya benci Pak lah, saya tetap sokong UMNO, saya juga tak sokong Dato Najib melantil KJ dalam kabinet.. saya tetap sokong UMNO.. lebih menyakit hati bila KJ datang merasmikan mesyuarat Wanita, Pemuda & Puteri UMNO, bahagian Kubang Pasu dan ketua bahagian memuji KJ sebagai manusia yang paling bersih dan baik dari semua aspects. kalau inilah adaian..tidak hairan lah semua pemimpin atasan dikelilingi oleh ' Yes man' walaupun pemimpin masih berbogel, menindas orang Melayu/Bumiputra yang memberi sokongan padu kepada UMNO selama ini.

Pemimpin Melayu masih cintakan orang Cina, Orang yang berharta, orang yang ada kelas, orang Koporat dan juga peliwat. Apa yang mereka diminta akan ditunai sepenuhnya. Orang bawahan hanya meminta harga barang-barang keperluan jangan naik, gaji yang mecukupi untuk membeli barang keperluan, peluang untuk anak-anak melanjutkan pelajaran. bayaran tol dan tambang bas juga jangan naik. ini pun pemimpin Melayu tak dapat tunai. sedih..sungguh sedih

Assallammualaikum Tun.
Saya mohon ruangan.

Mr Balance.

This is a nice comment from a blogger.

Let us share's and give our own perspective.

We can say that this is a citation from Tun blog.

[what we the people had been wantng to be made known to DS Najib. He is just like Tunku, surrounded left and right by yes men. He thinks he is right, and he thinks he is popular, but he is mistaken. He should do his homework better]

The people must be fair to Dato' Seri Najib.Else why would he set up numerous media for us to reach him?The question should be..

Is all these feedback really 'feeds' Dato' Seri Najib?

Yes men..

You could not avoid this from the ruling class.

The function of the 'lullaby' is to lull someone to sleep.

These 'lullaby' comes from all form and sizes.

The most confusing of all is narcissism belies as self belief.

[Now there is hardly any business for the small people like us. But the rich towkeys are getting more fat, and big bankers are singing songs while our homes are getting auctioned. The car re-possession business had never been better. Right now there are more homes being auctioned daiily than being built.]

There is some brutal truth here.

But the contention will be..

My time is better than Pak Lah..

Too true.

Our contention will be..

Your time is worse,

Than Tun Mahathir!...:)

[We know he goes shopping with his beloved wife now and then, buying what the wife wants. But please go to the supermarket and wet market and see the prices we the people have to pay in order to survive. But dont bring your yes men around]

True too.Why?Because some small and pretty trader's is awe and struck (DSN learn this from George Bush team of psychiatrist's) when he appears from nowhere and shake's their hand and says hi..

It is a good policy like when DSN visited the tramp,transient and the vagabond.

What is not good in this policy?

Sustainable.

How many DSN policy is self sustainable??

[Look at the unemployment data, rising cost of education, horrible cost of living, ridiculous prices of basic stuff, rentals, cost of buying a home, cost of children's expenses, our medical expenses. Look at the rising crime rate, murder, smuggling, thefts, big and small, it's never been worse]

This is happening because again the policy.

'Honesty is the best policy'.

Why policy?

Because policy is sustainable.

How many of us could and would perform honesty all the time?

So we compromise.

Let's the ruling class practice honesty to the best of their abilities!

[He is surrounded by economists and central bank advisors giving rozy pictures of great economic indicators. We the people cant be bothered with the rozy economic indicators. We need money to survive. We get angry when we give full support to you, the "others" are reaping the benefits. Those greedy, selfish, ungrateful, opportunistic "others", who come smiling to you. You think we cant a feel a thing? Sir, this has gone far too long]

So..

The sage and wise men have indeed cometh to his gate palace,only to be denied entry at the door.

The sentries demanded what they get in return as compensation of the entrée?

10 lash perhaps for the guard's at the door?

And how many door have these sage and wise men have to go through to get to DSN?

The guard's have wizeden up from their first lashes..)

[While his father, whom we greatly respect went from kampong to kampong to be with the people and listen to their problem all his political life, the son has done nothing of the sort, except near election time]

Truth hurt's.

It hurt's more so when Dato' Mukhriz have been accused the same thing.

But Dato' Mukhriz have perform reasonably well.

We the people of the masses have trouble to get into the inner circle of DSN.

Can and would DSN consider a day of trial?

THE TRIAL OF SWORD OF DAMOCLE..

Terima kasih Tun.

Salam Tun and fellow bloggers,

Tqvm for doing all these Tun – menegur PM.

Sometimes these ex PM (Dollah la tu..) and present PM refused to talk to you due to;

1. bodoh sombong
2. running away from issues/problems
3. wanting to have their own legacies
4. convincing yes-men around them
5. having 'secret' selfish agendas

They know you have been around, read a lot, observe others, had talked to others around the world, having more infos, experiences, knowledge...but due to the reasons above, they chose to consult others. They are reinventing the wheels whereas they can just consult you and improve everything.

If you had informed PM Najib, and he nodded his head but didn't do anything about it, then he is showing us that he doesn't understand or stubborn or forgetful...too bad. Drop your ego Najib and talk and listen to Tun.

Tqvm Tun.

Assalamualaikum Tun.

Harap harap Dato Seri Najib Tun Razak dapat menyelami kehidupan sebenar sebagai rakyat mahupun sebagai manusia.

Kita ni dijadikan Allah s.w.t sebagai manusia dan bukannya sebagai malaikat.

Usahlah berpura pura kita perlu sempurna. Setiap dari kita ada kelemahan sebagai hamba Allah.

Cuma kita perlu berusaha ke arah kesempurnaan.

Selepas MH17 diharapkan Dato Najib lebih berwaspada dengan binaan kerajaan yang dibuat oleh Dato Najib sendiri.

Tiada penasihat yang bergaji disekeliling Dato Najib yang dapat menyelesaikan isu MH17 dalam tempoh masa 3 hari melainkan dari idea saya – MUSATO

Seperti yang pernah saya hebah hebahkan, saya asalnya dari mana, apa ikutan saya, dan itulah tugas saya.

Tugas turun temurun dari nenek moyang terdahulu.

Dan ingatlah kita akan salah satu sifat Rasulullah s.a.w adalah menyampaikan.

Sebagai orang yang terlibat dalam pemerintahan negara adalah satu kebiasaan bilamana kita perlu memperkenalkan diri kita.

Anda boleh menulis musato bodoh atau sebagainya tetapi pastikan teguran dan kritikan itu datang dari jiwa yang lebih bagus.

Bedesing telinga hamba dengar cerita cerita macam ni.

Terima kasih Tun.

For alshahbandar. I support your comment 100% because I walk the streets of Kuala Lumpur a whole life-time and feel how people of all walks of life struggle to make ends meet. They have been unhappy since 2003 and the stress is building up on them every day.

As a born-optimist, I am of the opinion that once NORMALITY returns again, our beloved Malaysia will sky-rocket to the top without help from the rocket scientist from the one street Republic of Singapore.

MALAYSIA BOLEH ! MALAYS BOLEH ! ALL MALAYSIANS BOLEH !

ini kalilah.. saya pun mahu menegur chairman proton..

byk auto-bloggers bicara tentang project Perdana dimana Proton memperuntukkan rm65 juta kepada Bufori Motor Co untuk membina SATU kereta prototype.

Jika dibandingkan dengan harga Bugati Veron, sebanyak 7 buah kereta Bugati Veron dapat dibeli! Secara logiknya ia tidak masuk akal..

Harga kereta Prototype di UK hanya bernilai Rm500k ~ Rm3 juta sahaja bergantung pada spesifikasi..

Harap2 Chairman dapat membantu proton lebih dari membantu kawan2 seperti bufori dsbg.

Alhamdulillah, Tun, you have spoken, and well said, what we the people had been wanting to be made known to DS Najib. He is just like Tunku, surrounded left and right by yes men. He thinks he is right, and he thinks he is popular, but he is mistaken. He should do his homework better.

Now there is hardly any business for the small people like us. But the rich towkeys are getting more fat, and big bankers are singing songs while our homes are getting auctioned. He is surrounded by economists and central bank advisors giving rozy pictures of great economic indicators. We the people cant be bothered with the rozy economic indicators. We need money to survive. We get angry when we give full support to you, the "others" are reaping the benefits. Those greedy, selfish, ungrateful, opportunistic "others", who come smiling to you. You think we cant a feel a thing? Sir, this has gone far too long.

Clearly, as a rich man's son, he sees no problems with the people's struggling and suffering to meet ends, and with their pride and dignity slowly being peeled off, so that one day we the Bumis will become the Palestinians.

While his father, whom we greatly respect went from kampong to kampong to be with the people and listen to their problem all his political life, the son has done nothing of the sort, except near election time.

At the rate you are going DS Najib, you will wake up one morning to see UMNO sent to the way of those once great ruling powers of India and Indonesia. And you will go down in history as the one making it happen. Sorry, just like Tun, I have to have my say.

dear tun,

i think it is a litle bit too late to say this now. He has a strong hold on the current gov. the last PAU was all about his men and women. I wonder if the outcome gonna be diff had you voiced this out earlier. we were all excited to see if najib was gonna be challenged.

unfortunately this is not the same situation like when we were dealing with paklah.

I doubt if he even gonna change listening to your criticism. this guys just wanna live in his own world with his happy go lucky advisors.

while I am happy with your criticism, i am sceptic as to what this might bring fourth.

my wish is to see him go, but i dont think this is gonna be the case. this, i believe is the shared sentiment among us the malays.

Kalau pemimpin dibesarkan tanpa kesusahan, pemimpin yang sedemikian tidak akan faham masalah rakyat. Bukan dimaksudkan pemimpin mesti datang dari golongan susah atau miskin, tetapi pemimpin perlu ada sikap ambil tahu, bersama menyelami keperitan rakyat.

Pemimpin kalau dah gila kuasa dan harta benda sudah tidak bermakna lagi. Pemimpin yang gadai bangsa, negara dan agama tidak layak untuk memimpin.

Negara menuju kepada kehancuran dan pemimpin sudah tidak peduli lagi....tunggu saja bila maut menjelma, namun mereka tidak peduli. pemimpin sudah tidak gentar dengan apa jua hukuman, pemimpin berkulit agama tetapi dalamnya kosong....tidak pernah jemu mengaut kekayaan dan terus menerus membuat maksiat.

Pemimpin menggelar diri mereka sebagai ulama tetapi sebenarnya ular yang berbisa yang terus menerus membelit. Rakyat yang menyokong berbelah bagi dan tidak pasti atau pura pura tidak sedar siapa yang harus mereka dokong sebagai pemimpin.

Saya inginmerujuk kepada kenyataan Tun perkara 26,
“Demikian juga dengan sikap merendah diri kepada negara jiran sehingga urusan dalam negeri pun tertakluk kepada pendapat Kerajaan negara jiran.”

Ini semestinya dah jadi kes berat.

Mungkin dia boleh dinasihatkan supaya ‘bertaubat’, saperti juga macam Pak Dol PM ke5 tu dulu.

Baru saja jadi PM dah mohon maaf dengan China sebab kes ketuk-ketampi seorang gadis Malaysia!!!

Kalau pun betul gadis tu seorang rakyat China atau mana2 negara lain sekalipun, perlu ke seorang pemimpin negara mohon maaf disebabkan hanya seorang rakyat disuruh melakukan ketuk-ketampi?

Lemah sungguh.
