

The Jews
Chedet.cc

Tun Dr Mahathir Mohamad

1.The Jews claim they are the “chosen” people of God. Despite being persecuted by the European Christians who accused them of the crucifixion of Christ; despite being forced to live in ghettos in Europe, despite having to endure periodical massacres (pogroms) by Europeans, the Jews never ceased to believe that they are superior beings who are the chosen people of God.

2.The Jews are Semitic people. So are the Arabs. But today the Jews behave as if they are the only Semitic people. They accused everyone of being anti-Semitic if they criticised the Jews or accuses them of wrong doings. For whatever they do, however criminal it may be they would accuse their detractors as being anti-Semitic.

3.In this free world we can accuse anyone of anything and it is tolerated because it is part of freedom of speech. But the Jews may not be a criticised in any way without the critic being labelled “anti-Semitic”. And many European countries support this view to the extent of jailing anyone accused of being anti-Semitic.

4.Clearly the Jews think of themselves as special beings who are privileged to the point of being above condemnation or even criticism.

5.Their present behaviour confirms this arrogance. They do what they wish even when the world considers their deeds as criminal, inhuman even. Currently they are engaged in killing hundreds of the people in Gaza and razing their cities to the ground. Hospitals, schools and private dwellings have been bombed and rocketed.

6. The world may condemn this inhuman acts but the Jews don’t care. They announce their intention to kill more people and devastate the Gaza strip.

7.When the Europeans took Palestinian land to create the state of Israel, they clearly stated that the rights of the Arab people within the new state must be respected.

8.The Jews just ignored this injunction and simply seized all Arab land and properties in Israel including houses and farms. Through violent attacks and massacres e.g. at Deir Yassin, they forced the Palestinian Arabs to flee their land. They then claim the Arabs left freely.

9.For more than 60 years these refugees have been forced to live in refugee settlements. No compensations have been paid for the expropriation of their property. They are not allowed to return and live in the Jewish State. This is racism at its worse.

10.Not satisfied with the seized Palestinian land which the UN made into the state of Israel, the Israelis occupied Palestinian land outside Israel. They built fortified settlements exclusively for themselves; another act unprecedented in the history of the nations of the world.

11.They built roads through Palestinian lands which no Palestinian may use. They built high walls through Palestinians villages, breaking them up so that the Palestinians cannot visit their own friends and relatives living on the other side of the wall. They did not allow the Palestinians to have a Palestinian nation. They can only be a Palestinian Authority. And the Europeans endorse this overbearing arrogance.

12.They laid siege to the Gaza strip so that food and medicines and building materials cannot be sent to the aid of the Gaza people after the bombings and rocketing by the Israel military forces. Ships trying to supply Gaza with their needs are seized in International waters and forced to sail to Israel where their cargo is confiscated. Frequently the ships are attacked by the Israelis navy outside Israeli waters and aid workers are shot and killed.

13.Israel has more than ten thousand Palestinians in custody at any time for alleged anti-Israel activities. No charges and no trial have been instituted. The length of the detention is not stated.

14.Periodically should the Palestinians capture an Israel soldier, Israel would offer to release a few hundred of these detainees in exchange for the Israel soldier. But very quickly new Palestinians are arrested so that they can be used in exchange for captured soldiers.

15.If in frustration the Palestinian send in suicide bombers or fire rockets to retaliate against Israeli atrocities, they would ensure the Palestinians pay a high price. They would send in their military forces to destroy Palestinian villagers and kill hundreds of innocent Palestinians, men, women, children the old and the sick.

16.Currently after the alleged killing of three Israeli students by unknown persons, Israel bombarded the Gaza strip with aerial bombs and rockets. Hospitals, schools and private houses are destroyed. More than 500 people have been killed and thousands injured. The hospitals where the injured are taken to are rocketed by Israel without any consideration for the sick who cannot flee.

17.The message for the world seems to be that Israel and Israelis are sacred and anyone touching them would have to pay a price a hundred times more than that inflicted on Israelis.

18.All these things the Israeli are doing are against International law, against morality, against human rights. They are criminals in every law of the civilised world.

19.But the Israeli Jews do this with impunity. They have the whole of America and Europe behind them. They are the chosen people of God and they are above any laws, any moral code, any human values.

20.When Jews were persecuted by the Nazis in Germany they seek the sympathy and support of the world. But their sufferings have taught them nothing, have not made them understand the pain of suffering. Instead they are now behaving worse than Nazis, not caring at all for the sufferings and deaths they inflict upon others.

21.The Europeans and the Americans created this monster and they care not for the atrocities committed by it. They will continue to support Israel even if the Israelis commit genocide, kill all the Arabs. This is their way to atone for all their treatment of the Jews in the past. The Jews should really be venting their spite on the Germans and other Europeans. But they are too smart. Killing Arabs is easier and more fun.

Wajaperak,

The origin of the name “Jehovah” first appeared in the original Hebrew manuscripts of the Jews in the form of the Tetragrammaton. “Jehovah” is the best known English pronunciation of the divine name, although “Yahweh” is favored by most Hebrew scholars. “Jehovah” in Hebrew literally means “He Causes to Become” which describes Jehovah’s ability to become whatever he chooses. The divine name “Jehovah” in the form of the Tetragrammaton appeared over 6800 times in the original Hebrew ancient manuscripts of the Jews. The prophet Isaiah refers to the name “Jehovah” at Isaiah 43:10 stating, “‘You are my witnesses’ is the utterance of Jehovah, ‘Even my servant whom I have chosen’”.

The nation of Israel lost God’s favor repeatedly and ceased to be a nation in 607BCE when Jerusalem was destroyed by the Babylonians and the Israelites were taken captive for 70 years. Jerusalem was eventually rebuilt as well as the temple under Governor Zerubbable’s direction in 537BCE. However the Israelites lost God’s favor as his chosen people when they as a whole rejected the messiah in 33CE (Christ’s Era). The destruction of Jerusalem and the Temple in 70CE by the Romans demonstrated God’s disfavor of the Israelites who had broken their covenant relationship with Jehovah God by rejecting Christ Jesus as their savior. The new Christian Church of anointed followers replaced the disobedient Jews of the first century as Jehovah God’s true or chosen worshippers. Decades later as prophesied by the apostle Paul at 2 Thessalonians 2:3 a great apostasy occurred within the Christian church away from true worship. Jesus also spoke about this great apostasy when discussing the parable of the “Wheat and the Weeds” at Matthew 13:24-30. This parable basically describes the great apostasy of Christendom away from the original teachings of Jesus Christ and the apostles. The Catholic church and the other numerous denominations which developed are representative of the “weeds” described in Jesus parable. While the “wheat” is representative of Jehovah God’s faithful and anointed servants on earth today from the time of Christ’s apostles.

As to the origin of the name “Jehovah’s Witnesses” we must look back in history to the 1870’s when Charles Taze Russell began a small Bible Study group in the US known as the “Bible Students”. This small group of men and women began searching the Holy Scriptures to discover genuine Bible truths which had been hidden away for almost 1800 years by the “weeds” of false religion. Eventually this small group shared what they were learning and spread those bible truths to many other nations and then they became known as the “International Bible Students”. In 1933 they adopted the name “Jehovah’s Witnesses” recognizing that they were being used by God to ‘witness’ his truths to the nations as described at Isaiah 43:10.

Salam Tun,

I am pleased that you have taken the time to delve farther. Your research and questions demonstrate a keen interest which I most appreciate.

Remember not to take every word at face value. I to have researched the beginnings of Jehovah's Witnesses organization. It is possible that Charles Taze Russel may have had a back ground in Free Masonary. I have not been able to prove or disprove the possibility. Regardless, what a person may have been I will not judge them. We do not worship men but Jehovah God. Mr Russel was an imperfect man whom as your prophet Muhhamad was searching for the truth. Russel never claimed to be a prophet or to have been inspired by God.

Jehovah's Witnesses have been declaring that the League of Nations and the United Nations which followed after World War Two are the image of the Wild Beast spoken of in the book of Revelation which represents Satan the Devil as declared in the Holy Bible.

Jehovah's Witnesses were also the first people imprisoned in Nazi Germany in 1933 years before the Jews because of their neutral stand and for refusing to Hiel Hitler. To this day we remain neutral in all political and military matters.

Also as Christians we are commissioned to preach about God's Kingdom to the nations in fulfillment of Matthew 24:14 regardless of the laws of those nations prohibiting our God given assignment.

We preach love and acceptance of all races. We do not take part in politics and Jehovah's Witnesses do not join worldly organizations such as the Free Mason's who are controlled by the illuminati.

Immorality is not tolerated among Jehovah's people or smoking, drunkenness or illegal drug use, violence or porn.

Salam Tun.

to Theresa,

I'm personally against all acts of and attempts at proselytism be it of Islam or Christianity or other religion.

Just a friendly reminder to you, that in Malaysia, we are guided by a law that you may not be aware of :

Freedom of religion is enshrined in the Malaysian Constitution. First, Article 11 provides that every person has the right to profess and to practice his or her religion and (subject to applicable *laws restricting the propagation of other religions to Muslims*) to propagate it. Second, the Constitution also provides that Islam is the religion of the country but other religions may be practised in peace and harmony (Article 3).

However, I still believe that the Islamic dakwah (proselytism) should also be subject to the same, and confined to their adherents only.

The proselytizing attempts made by the Catholics evangelists lately, to replace the word god with "Allah" in their Bible, have caused much confusion and tension among our people.

The Jehovah Witnesses, or in Arabic (YaHuwa = He) His Witnesses appears to me as a branch of the [Jesuit or Freemasonry sect](#). Please correct me if I'm wrong.

Tun Perak & Malaysia Bagus,

Thank you for your response. I am sorry M. Bagus if you are feeling offended by any of my comments.

I left the link to Walid Shoebats interview by Dr Monteith so that Malaysians would know what we in the west are being told about the Muslim faith. I do not support the religious beliefs of Walid Shoebat but I believe he brings forward the hidden and unspoken fears of many Americans.

I have no hatred for the Muslim people and I believe that their are good men and women from all corners of the earth who are searching for true peace and meaning.

I also am well aware that Christian church attendance in Europe and the US is dropping. However I do not belong to a mainstream Christian church but the Christian organization I belong to is growing and spreading earthwide into the millions. Check out our website; <http://www.jw.org>

Theresa,

When people has faith in some religion, they believe in that religion. Most people , including yourself do not question their religion, because that is their faith. If you look into your own denomination, you will realise how fragile your religion reasonings might be. That is why , in US and Europe , church congregation diminish with respect to time.

We dont question our religion as though the religion is wrong. But , the main point about question is we question about how the human understanding about religion is correct according to what being taught by prophet against what being taught by their priest.

Example Al-Maidah : 82-84 were revealed to the prophet Muhammad around the time of Khandaq war (Battle of the trench). You can read about Khandaq War here : http://en.wikipedia.org/wiki/Battle_of_the_Trench .

Khandaq is the war which the Pagans Arabs (Quraish), the idolators attacked Muslim in Yathrib (Madinah) with the help of Qurayza Jewish tribe. The Quraish attacked from the front and Qurayza blocked the supply from the back and prevent Muslim from retreating. Allah had decided that Muslim won the war and God had revealed :

” Strongest among men in enmity to the Believers wilt thou find the Jews and Pagans;”

What many of us do not realise is how to become specific. That is – the strongest enemy is the Jews and Pagan who hate Muslim. In Gaza case, it is correct to hate those Israel Jews who utter hatred towards Muslim and killed the women and children of Gaza; and it is also correct to give an olive branch to Jews (elsewhere) who do not kill and advocates peace with the Muslim. If the peace loving Jews and Muslim are not friends, then Muslim will not help the Jews from being killed by the Isabella and Ferdinand forces during Spanish Inquisition.

The verse continued with this – “and nearest among them in love to the Believers wilt thou find those who say, “We are Christians”: because amongst these are men devoted to learning and men who have renounced the world, and they are not arrogant. And when they listen to the revelation received by the Messenger, thou wilt see their eyes overflowing with tears, for they recognize the truth: they pray: “Our Lord! We believe; write us down among the witnesses”

A number of Christians were mentioned in the history of Muhammad to be some of the best companions of Muhammad. Let me describe two of them :-

1) Waraqah ibn Naufal. Believed to be Nestorian Christian or Arianism Christian.

What Muhammad has said about Waraqah :

Al-Haakim reported with a saheeh isnaad from 'Aa'ishah that the Messenger (saw) said, "Do not slander Waraqah ibn Nawfal for I have seen that he will have one or two gardens in Paradise" [Saheeh al-Jaami as-Sagheer, 6/1534, no. 7197]

and What Waraqah has said about Muhammad :

A narration from Aisha gives these details:

" Khadija then accompanied him (Muhammad) to her cousin Waraqa bin Naufal, who, during the Pre-Islamic Period became a Christian and used to write the writing with Hebrew letters. He would write from the Gospel in Hebrew as much as God wished him to write. He was an old man and had lost his eyesight. Khadija said to Waraqa, "Listen to the story of your nephew, O my cousin!" Waraqa asked, "O my nephew! What have you seen?" Muhammad described whatever he had seen. Waraqa said, "This was the same one who keeps the secrets whom Allah had sent to Moses (angel Gabriel). I wish I were young and could live up to the time when your people would turn you out." Muhammad asked, "Will they drive me out?" Waraqa replied in the affirmative and said, "Anyone (man) who came with something similar to what you have brought was treated with hostility; and if I should remain alive till the day when you will be turned out then I would support you strongly."

So, Waraqah ibn Naufal , the Christian, has foreseen Muhammad prophecy before Gabriel announced it clearly to him. Waraqah dies a few days after that, before Muhammad proceed with his struggle and Allah has guaranteed paradise for Waraqah.

Nestorian or Arianism or Ebionites Christian are not the mainstream Christian today because most of them had converted to Islam during the time of prophets and his companions. Even though the teachings are different, the unique similarities between those the teaching of Nestorian , Arian and Ebionites and Islam- they do not consider Jesus as "Son of God".

2) Salman Al-Farsi.

Salman Al-Farsi is a Christian slave of some Jews in Madinah. When Muhammad was hunted to Madinah, Salman has prayed that God bring war to the tribes that supported Muhammad in Madinah. His prayers were not answered and he met Muhammad. Salman gave Muhammad some dates as gift to the poor (Muslim who were forced to migrate from Mecca to Medina without belongings) . Muhammad distributed the gift to the Muslim and did not eat it , seeing this, Salman gave Muhammad some dates as a personal gift to Muhammad, Muhammad ate the dates with his friends. Muhammad freed Salman from his Jew master and Salman converted to Islam.

Uniquely, in the battle of Khandaq, Salman, the Christian convert to Islam, devised Muslim defensive military strategies and Allah has bestowed upon Muslim as a clear winner of that war.

Dr. Mohamad,

As a peace loving westerner who has read several books about the Jews and Muslims I have come to realize how deceived the world truly is. I have known people of both faiths and it has become apparent that most people never truly question their faith or the motives of those instructing them.

Most people do not have the mental fortitude to stand up and to scrutinize their faith and to face the possibility that what they have been taught is any thing but the truth or reality. Death, killing and destruction is much preferred by the mindless masses who on both sides who are convinced that God is with them!

Here in the west we try to be tolerant of all faiths but the truth is the US is becoming more and more Godless and immoral as Satan completely is taking over the minds and hearts of men the world over! Narrow and cramped is the road leading to life as is wide and spacious the road leading to destruction. Listen to the small still voice of conscience with in each one of us not the voice of those leading the masses not the voice of Mass Media, Entertainment or Politicians who are mainly bought and paid for prostitutes of big business! Listen to the voice of reason and those who preach peace and good will towards all! There is one such group of people on this earth and though we are relatively small we do number into the millions earthwide and we come from all nationalities and tongues and tribes and we preach peace and obedience to God's Kingdom and we do not take up arms against our fellow man;

Kartanikasuria,

If we look in the context of history, Jews had been very nasty to the Muslim since the time of the prophet such that this verse Al-Maidah 82-84 were revealed to Muhammad. And the early friends to Muhammad were the Nestorian Christians (Church of The East) and Nestorian teaching was blamed as heresy by the Roman Catholics.

“Strongest among men in enmity to the Believers wilt thou find the Jews and Pagans; and nearest among them in love to the Believers wilt thou find those who say, “We are Christians”: because amongst these are men devoted to learning and men who have renounced the world, and they are not arrogant. People hate Jews because they take the rumors about them seriously. People do not try to find out what is right or wrong and simply believe what the rumors say. And, there a lot of rumors about Jews spread all over the world over the period of time. And let me tell you, none of those rumors have been proved correct and all of them are false claims. Jews are being lied about, a lot. Most of those lies are spread by those anti-Semites. Those rumors have been spread and used for political reason and to benefit one with the votes. Some examples of those untrue rumors are: Jews killed Lord Jesus, they were the cause of plague, they were responsible of spreading AIDS to non-Jews, they want to control everything in the world and already control the banks, media as well as government, (one of the most funniest) they drink blood of non-Jewish people for festival and holiday celebrations. Jews Killed Lord Jesus is not a complete lie though, but it is equally true that Romans also killed Him; and I never came across a group of people hating the Romans. It is always the Jews who are being hated for this; not only that, but Jews were hated even before the Lord was crucified.

Dear Tun,

Assalamualaikum, I 'm aware that it is extremely difficult to avoid using any product connected to USA or Israel. But it is not impossible. I believe we should start planning and review any contracts or any dealings involving those that assist the Israelis . We don't have to dramatically stop using their products but we should start looking for alternatives so that probably within the next 5 years or 10 years or even more , we could stop relying on their products. Patience is a virtue. USA and Israel have many enemies, well they say, your enemy is my friend. Why not? I believe the products from their enemies could be as good or even better than the US and Israel. Anyway, there are a few other countries who remain neutral. Start having closer ties with them too. With careful planning and perseverance, it can be done. I really wish we could help the Palestinians like the way the US government is helping the Israelis but we may have a 'justifiable excuse' that we are just a small and helpless country.

Salam Tun.

The USA (under the instruction of israel's mossad?) is most likely to be in collaboration with Ukraine in the missile attack that destroyed the MAS flight MH17.

Ukraine is making it most difficult for the investigation team to start work and/or to work freely, and the USA and most of her news portal (which are pro-israel) keep pointing baselessly to the rebels that shot down MH17.

An extract from today's NST report:

INTELLIGENCE analysts in the United States had already concluded that Malaysia Airlines flight MH17 was shot down by an air-to-air missile, and that the Ukrainian government had had something to do with it.

This corroborates an emerging theory postulated by local investigators that the Boeing 777-200 was crippled by an air-to-air missile and finished off with cannon fire from a fighter that had been shadowing it as it plummeted to earth.

In a statement released by the Ukrainian embassy on Tuesday, Kiev denied that its fighters were airborne during the time MH17 was shot down. This follows a statement released by the Russian Defence Ministry that its air traffic control had detected Ukrainian Air Force activity in the area on the same day.

They also denied all allegations made by the Russian government and said the country's core interest was in ensuring an immediate, comprehensive, transparent and unbiased international investigation into the tragedy by establishing a state commission comprising experts from the International Civil Aviation Organisation (ICAO) and Eurocontrol.

Experts who had said that photographs of the blast fragmentation patterns on the fuselage of the airliner showed two distinct shapes — the shredding pattern associated with a warhead packed with “flechettes”, and the more uniform, round-type penetration holes consistent with that of cannon rounds.

Michael Bociurkiw, a Ukrainian-Canadian monitor with OSCE who, along with another colleague, were the first international monitors to reach the wreckage after flight MH17 was brought down over eastern Ukraine, said in an interview

“The wreckage was still smouldering when a small team from the OSCE got there. No other officials arrived for days”.

“There have been two or three pieces of fuselage that have been really pockmarked with what almost looks like machinegun fire; very, very strong machinegun fire,” .

Retired Lufthansa pilot Peter Haisenko pointed to the entry and exit holes centred around the cockpit,

“You can see the entry and exit holes. The edge of a portion of the holes is bent inwards.

These are the smaller holes, round and clean, showing the entry points most likely that of a 30mm caliber projectile.

“The edge of the other, the larger and slightly frayed exit holes, show shreds of metal pointing produced by the same caliber projectiles. Moreover, it is evident that these exit holes of the outer layer of the double aluminum reinforced structure are shredded or bent — outwardly.”

No surface-fired missile (or shrapnel) hitting the airliner could possibly punch holes into the cockpit from both sides of the plane.

It had to have been a hail of bullets that brought the plane down.

This rules out any ground-fired missile.

“Flight MH17 Shoot-Down Scenario Shifts”

By Robert Parry

Global Research, August 04, 2014

Consortium News 3 August 2014

Region: Russia and FSU, USA

Theme: Intelligence, US NATO War Agenda

In-depth Report: UKRAINE REPORT

Contrary to the Obama administration's public claims blaming eastern Ukrainian rebels and Russia for the shoot-down of Malaysia Airlines Flight 17, some U.S. intelligence analysts have concluded that the rebels and Russia were likely not at fault and that it appears Ukrainian government forces were to blame, according to a source briefed on these findings.

This judgment – at odds with what President Barack Obama and Secretary of State John Kerry have expressed publicly – is based largely on the absence of U.S. government evidence that Russia supplied the rebels with a Buk anti-aircraft missile system that would be needed to hit a civilian jetliner flying at 33,000 feet, said the source, who spoke on condition of anonymity.

Despite U.S. spy satellites positioned over eastern Ukraine, U.S. intelligence agencies have released no images of a Buk system being transferred by Russians to rebel control, shipped into Ukraine, deployed into firing position and then being taken back to Russia. Though the Obama administration has released other images of Ukraine taken by U.S. spy satellites, the absence of any photos of a rebel-controlled Buk missile battery has been the dog not barking in the strident case that Official Washington has made in blaming the rebels and Russia for the July 17 shoot-down that killed 298 people.

Given the size of these missile batteries – containing four 16-foot-long missiles – the absence of this evidence prompted caution among U.S. intelligence analysts even as senior U.S. officials and the U.S. mainstream media rushed to judgment blaming the rebels and Russians. President Barack Obama delivers a statement on the situation in Ukraine, on the South Lawn of the White House, July 29, 2014. (Official White House Photo by Lawrence Jackson)

Image: President Barack Obama delivers a statement on the situation in Ukraine, on the South Lawn of the White House, July 29, 2014. (Official White House Photo by Lawrence Jackson)

In making that case, Kerry and other senior officials relied on claims made by the Ukrainian government along with items posted on “social media.” These snippets of “evidence” included ambiguous remarks attributed to rebels who may have initially thought the shoot-down was another of their successful attacks on lower-flying Ukrainian military aircraft but who later insisted that they had not fired on the Malaysian plane and lacked the longer-range Buk missiles needed to reach above 30,000 feet.

If the U.S. intelligence analysts are correct – that the rebels and Russia are likely not responsible – the chief remaining suspect would be the Ukrainian government, which does possess Buk anti-aircraft missiles and reportedly had two fighter jets in the vicinity of Malaysia Airlines Flight 17 at the time of the shoot-down.

Some independent analyses of the initial evidence from the crash site suggest the jetliner may have been destroyed by an air-to-air attack, not by an anti-aircraft missile fired from the ground. Yet, the working hypothesis of the U.S. intelligence analysts is that a Ukrainian military Buk battery and the jetfighters may have been operating in collusion as they hunted what they thought was a Russian airliner, possibly even the plane carrying President Vladimir Putin on a return trip from South America, the source said.

The source added that the U.S. intelligence analysis does not implicate top Ukrainian officials, such as President Petro Poroshenko or Prime Minister Arseniy Yatsenyuk, suggesting that the attack may have been the work of more extremist factions, possibly even one of the Ukrainian oligarchs who have taken an aggressive approach toward prosecuting the war against the ethnic Russian rebels in the east.

Obviously, a successful shoot-down of a Russian plane, especially one carrying Putin, could have been a major coup for the Kiev regime, which ousted Russian ally, President Viktor Yanukovich, last February touching off the civil war. Some prominent Ukrainian politicians, such as ex-Prime Minister Yulia Tymoshenko, have expressed the desire to kill Putin.

“It’s about time we grab our guns and kill, go kill those damn Russians together with their leader,” Tymoshenko said in an intercepted phone call in March, according to a leak published in the Russian press and implicitly confirmed by Tymoshenko.

The Shoot-Down Mystery

The Malaysia Airlines plane, flying from Amsterdam to Kuala Lumpur, was not expected to be over the eastern part of Ukraine on the afternoon of July 17, but was [allegedly] rerouted to avoid bad weather. The plane was nearing Russian airspace when it was shot down.

Some early speculation had been that the Ukrainian military might have mistaken the plane for a Russian spy plane and attacked it in a scenario similar to the Soviet shoot-down of Korean Airlines Flight 007 in 1983 after misidentifying it as a U.S. spy plane.

In the two-plus weeks since the Ukrainian air disaster, there have been notable gaps between the more measured approach taken by U.S. intelligence analysts and the U.S. politicians and media personalities who quickly rushed to the judgment blaming the rebels and Russia.

Only three days after the crash, Secretary of State Kerry did the rounds of the Sunday talk shows making what he deemed an “extraordinary circumstantial” case supposedly proving that the rebels carried out the shoot-down with missiles provided by Russia. He acknowledged that the U.S. government was “not drawing the final conclusion here, but there is a lot that points at the need for Russia to be responsible.”

By then, I was already being told that the U.S. intelligence community lacked any satellite imagery supporting Kerry’s allegations and that the only Buk missile system in that part of Ukraine appeared to be under the control of the Ukrainian military. [See Consortiumnews.com’s “What Did US Spy Satellites See in Ukraine?”]

On the Tuesday after Kerry’s Sunday declarations, mainstream journalists, including for the Los Angeles Times and the Washington Post, were given a senior-level briefing about the U.S. intelligence information that supposedly pointed the finger of blame at the rebels and Russia. But, again, much of the “evidence” was derived from postings on “social media.”

The Los Angeles Times article on the briefing took note of the uncertainties: “U.S. intelligence agencies have so far been unable to determine the nationalities or identities of the crew that launched the missile. U.S. officials said it was possible the SA-11 [the Buk anti-aircraft missile] was launched by a defector from the Ukrainian military who was trained to use similar missile systems.”

That reference to a possible “defector” may have been an attempt to reconcile the U.S. government’s narrative with the still-unreleased satellite imagery of the missile battery controlled by soldiers appearing to wear Ukrainian uniforms. But I’m now told that U.S. intelligence analysts have largely dismissed the “defector” possibility and are concentrating on the scenario of a willful Ukrainian shoot-down of the plane, albeit possibly not knowing its actual identity.

A Hardened Conventional Wisdom

Nevertheless, even as the mystery of who shot down Flight 17 deepened, the U.S. conventional wisdom blaming Putin and the rebels hardened. The New York Times has reported Russia’s culpability in the airline disaster as flat-fact.

On July 29, Obama prefaced his announcement of tougher sanctions against Russia by implicitly blaming Putin for the tragedy, too. Reading a prepared statement, Obama said:

“In the Netherlands, Malaysia, Australia, and countries around the world, families are still in shock over the sudden and tragic loss of nearly 300 loved ones senselessly killed when their civilian airliner was shot down over territory controlled by Russian-backed separatists in Ukraine. ...

“Since the shoot-down, however, Russia and its proxies in Ukraine have failed to cooperate with the investigation and to take the opportunity to pursue a diplomatic solution to the conflict in Ukraine. These Russian-backed separatists ... have continued to shoot down Ukrainian aircraft in the region. And because of their actions, scores of Ukrainian civilians continue to die needlessly every day.” [Emphasis added.]

Though one could argue that Obama was rhetorically tip-toeing around a direct accusation that the rebels and Russia were responsible for the Malaysia Airlines shoot-down, his intent clearly was to leave that impression. In other words, Obama was pandering to the conventional wisdom about Russian guilt and was misleading the American people about what the latest U.S. intelligence may suggest.

It’s also grotesquely deceptive to blame the Russians and the rebels for the indiscriminate shelling by government forces that have claimed hundreds of lives in eastern Ukraine. The rebels have been resisting what they regard as an illegitimate coup regime that, with the aid of neo-Nazi militias from western Ukraine, overthrew elected President Yanukovich in February and then moved to marginalize and suppress the ethnic Russian population in the east.

By presenting the conflict in a one-sided way, Obama not only misled Americans about the origins of the Ukraine crisis but, in effect, gave the Kiev regime a green light to slaughter more ethnic Russians. By pointing the finger of blame at Moscow for all the troubles of Ukraine, Obama has created more geopolitical space for Kiev to expand its brutal onslaught that now has included reported use of poorly targeted ballistic missiles against population centers.

Obama’s covering for the Kiev regime is even more outrageous if the U.S. intelligence analysts are right to suspect that Ukrainian forces were behind the Flight 17 shoot-down.

And as for who's been responsible for destroying evidence of the Flight 17 shoot-down, an assault by the Ukrainian military on the area where the plane crashed not only delayed access by international investigators but appears to have touched off a fire that consumed plane debris that could have helped identify the reasons for the disaster.

On Saturday, the last paragraph of a New York Times story by Andrew E. Kramer reported that "the fighting ignited a fire in a wheat field that burned over fuselage fragments, including one that was potentially relevant to the crash investigation because it had what appeared to be shrapnel holes." The shrapnel holes have been cited by independent analysts as possible evidence of an attack by Ukrainian jetfighters.

Accepting Reality

Yet, given how far the U.S. political/media establishment has gone in its Flight 17 judgment pinning the blame on the rebels and Russia even before an official investigation was started, it's not clear how those powerbrokers would respond if the emerging analysis fingering Ukrainian forces turns out to be correct.

The embarrassment to high-level U.S. officials and prominent mainstream U.S. news outlets would be so extreme that it is hard to believe that the reality would ever be acknowledged. Indeed, there surely will be intense pressure on airline investigators and intelligence analysts to endorse the Putin-is-to-blame narrative.

And, if the investigators and analysts won't go that far, they might at least avoid a direct contradiction of the conventional wisdom by suggesting that the Flight 17 mystery remains unsolved, something for historians to unravel.

Such has been the pattern in other cases of major mainstream mistakes. For instance, last year, some of the same players, including Secretary Kerry and the New York Times, jumped to conclusions blaming the Syrian government for an Aug. 21 sarin gas attack that killed hundreds of people in a Damascus suburb.

On Aug. 30, Kerry gave a bellicose speech filled with "we knows" but providing no verifiable evidence. A punitive U.S. bombing campaign against the Syrian government was averted at the last minute when President Obama decided to first seek congressional approval and then accepted President Putin's assistance in working out a deal in which the Syrian government surrendered all its chemical weapons while still denying a role in the Aug. 21 incident.

Only later did much of Kerry's case fall apart as new evidence pointed to an alternative explanation, that extremist Syrian rebels released the sarin as a provocation to push Obama across his "red line" and into committing the U.S. military to the Syrian civil war on the side of the rebels. But neither U.S. officialdom nor the mainstream U.S. press has acknowledged the dangerous "group think" that almost got the United States into another unnecessary war in the Middle East. [See Consortiumnews.com's "The Collapsing Syria-Sarin Case."]

It may seem cynical to suggest that the powers-that-be in Official Washington are so caught up in their own propaganda that they would prefer the actual killers of innocent people – whether in Syria or Ukraine – to go unpunished, rather than to admit their own mistakes. But that is often how the powerful react. Nothing is more important than their reputations.

Investigative reporter Robert Parry broke many of the Iran-Contra stories for The Associated Press and Newsweek in the 1980s. You can buy his new book, America's Stolen Narrative, either in print here or as an e-book (from Amazon and barnesandnoble.com). For a limited time, you also can order Robert Parry's trilogy on the Bush Family and its connections to various right-wing operatives for only \$34. The trilogy includes America's Stolen Narrative. Assalamualaikum Tun,

Below is an article worth reading by David Hearst, editor of Middle East Eye. Although it is entirely his opinion, I think it is something everyone should know.

Saudi Crocodile Tears Over Gaza

It is tough work being the Saudi ambassador to the UK. First, you have to stir yourself into action to deny the undeniable: The Israeli attack on Gaza comes with Saudi backing. That, in itself, is demeaning. But no sooner has your wrath been righteously expressed, than a colleague contradicts you. Worse still, he's the boss's brother. What is a prince to do?

In his reply to my column, Prince Mohammed bin Nawaf Al Saud wrote: "To think that Saudi Arabia, which has committed itself to supporting and protecting the rights of all Palestinians to self-determination and sovereignty would knowingly support the Israeli action is quite frankly a grotesque insult." He then admits "dealings" between the Kingdom and Israel but claims those "limited to bring about a plan for peace." Then he says: "The Palestinian people are our brothers and sisters -whether they are Muslim Arabs or Christian Arabs. Be assured we, the people and Government of the Kingdom of Saudi Arabia, will never ever give up on them, we will never do anything to harm them, we will do all we can to help them in their rightful claim to their own homeland and return of lands taken illegally from them."

Hardly was the ink dry on this official news release, when Prince Turki al-Faisal, Bin Nawaf's predecessor as UK ambassador, former intelligence chief and the brother of the current foreign minister wrote in al-Sharq al-Awast that Hamas was to blame for firing rockets and for refusing to accept Egypt's ceasefire plan (which would have disarmed them). This is Israel's and Egypt's view too.

So which is it? Does the Kingdom of Saudi Arabia support Palestinians in their resistance to the occupation? Or does it support the siege manned by Israel and Egypt, until Gaza is demilitarized? These are two clear policies — support for the Palestinian resistance to the occupation and ending the siege of Gaza, or keeping the siege in place until all factions in Gaza are disarmed. Either Israel is engaging in genocide (strong words, Mr. Ambassador) or the resisters are terrorists who must be disarmed. Decide what it is you want the Kingdom to say. You can't say both. You can't swear allegiance to the Palestinians and give a nod and a wink to their killers.

And are the kingdom's dealings with Israel really "limited to bring about a plan for peace"? You are privy to the cables, Mr. Ambassador. Tell us what passed between Prince Bandar and the Mossad director Tamir Pardo at that hotel in Aqaba in November last year. The Jordanians leaked it to an Israeli newspaper in Eilat. Were Bandar and Pardo: 1. soaking up the winter sun, 2. talking about the Arab Peace Initiative, or 3. plotting how to bomb Iran?

And why are your new friends the Israelis being so loquacious? Why, to take the latest example, did Dan Gillerman, Israeli ambassador to the UN 2003-08, say at the weekend that “representatives from the Gulf states told us to finish the job in Gaza time and again.” Finish the job? Killing over 1,000 Palestinians, most of them civilian. Is that what you meant when you said “we will never do anything to harm them”?

The carnage in Gaza at least gives the world clear sight of the protagonists. The wonder of it is that all are American allies, three have US bases on their soil and a fourth is a member of Nato. America’s problems in the Middle East are more to do with their sworn allies than their sworn enemies.

On one side, stands Israel, Saudi Arabia, Egypt, United Arab Emirates and Jordan. They consider themselves the voice of reason and moderation, but their methods are violent — the military coup in Egypt and the attack on Gaza have all happened in the space of 12 months. On the other, stands Turkey, Qatar, the Muslim Brotherhood and its affiliate Hamas.

We should, however, talk of governments rather people, because one reason why the government of Saudi Arabia has such an extreme position on Hamas and the Brotherhood in general, is that it knows full well that its own people don’t share their view.

Saudi Arabia’s leading pollster Rakeen found that 95 percent out of a representative sample of 2,000 Saudis supported the continuation of the Palestinian resistance factions. Only three per cent did not. Eighty-two percent supported the firing of rockets into Israel and 14 percent opposed it. The kingdom’s hatred of Islamism stems not from the fact that it presents a rival interpretation of Islam. It is that it presents to a believer, a democratic alternative. That is what really scares the monarchy.

The proof of all those secret Saudi-Israeli meetings is to be seen in the behavior of Egypt. It is impossible to believe that its new president Abdel Fattah al Sisi could act towards Hamas in Gaza independently of his paymasters in Riyadh. He who pays the piper — \$5 billion after the coup, \$20 billion now — calls the tune.

Sisi sees Hamas entirely through the prism of the Muslim Brotherhood he deposed last year. Hamas is villified in the lickspittle Egyptian press as the enemy of Egypt. A trickle of aid has been allowed through the border crossing at Rafah, and it is sporadically opened to a few thousand wounded Palestinians. The Israeli Army is not alone in blowing up Hamas’ tunnels. The Egyptian army announced recently they had blown up 13 more, a deed which earned them the title of being “a sincere neighbor” of Israel. Sisi is content to let Hamas and Gaza take a hammering, and make no efforts to get a ceasefire. The last initiative was not even negotiated with Hamas.

Mubarak made a similar miscalculation during the 2006 incursion into Lebanon, supporting an operation which he believed would cripple Hezbollah. In the end he was forced to send his son Gamal to Beirut to express Egypt’s support for the Lebanese people. Both the kingdom and Sisi know that dropping the Palestinian card is a risky business.

Saudi Arabia is treading a fine line. According to my sources, Netanyahu’s rejection of Kerry’s peace initiative over the weekend was due in part to the full support of its Arab allies. Saudi Arabia’s active support is keeping this brutal war going.

Salam Tun.

Malaysia hanya perolehi 6 pingat emas dan keseluruhan kurang dari 20 pingat di Sukan Komenwel XX di Glasgow, amat menyedihkan dan memalukan. Athlit2 "Cina mali" yang mewakili Singapura dapat 8 pingat emas.

They were most confident the very conservative target of 7 gold medals will easily be exceeded, thus allowing budak KJ to make a proclamation, "we have done better than expectation".

Dulu menerima kekalahan yang tak pernah berlaku pada Jepun, dipertandingan akhir Piala Thomas pula tu.

Yang pasti bermacam2 lagi akan berlaku kalau budak KJ tak letak jawatan.

KJ must go!!

Maka akan berkuranglah satu lagi agen Singapura/israel selepas Anwar maniak dikecewakan oleh PAS.

Tak ada masalah, sibotak nak bikin apa2 pun boleh. Still come back to the question, will malaysians vote bn in the next ge? No one knows. Furthermore, malaysians are split into muslim and non muslim already. There are choices out there, so it is really up to bn and pr coalitions to practice what they set. Voters hanya undi saja in every 5 years. Politicians come and go, some did okay, some did badly, some did outstanding. No matter what they do, they will have to face judgement on their performance on the general elections in every 5 years.

Good luck to bn and pr, wish you all the best, and tok det too.

Bahkan bukan setakat itu, PAS juga sekali2 tak mahukan mana2 ahli keluarga Anwar maniak jadi ketua.

Assalamualaikum Tun,

I agree with grkumar. The external enemies of the Muslim Ummah is already known namely the Nasrani and Yahudi, as stated in the Al-Quran. But what is more worst and more than dangerous than these are the internal enemies i.e the munafiqin (Pretenders). The munafiqin will suffer more than the kafirin on day of judgement. It is said the munafiqin will be thrown in to deepest of hell (Jahanam).

These are pretenders who say that they are Muslims but in actual fact work closely with the enemy to bring the destruction and downfall of the Muslim Nkrumah. Grkumar has listed some of the internal enemies of Islam and their evil deeds.

The recent Gaza incursion by Israeli forces really show how the internal enemies of Islam helped the Israelis forces. When Israel forces was bombing and killing the Palestinians, Egypt actually closed the Rafah border, thus trapping the Palestinians from escaping the Israel onslaught. Not only that, by closing the Rafah border, food and medical supplies are prevented from entering Gaza. The excuse for the closing was that Egypt was no friend to Hamas. Whether Eygpt is a friend or not to Hamas is beside the point. The killings of Palastinians would override anything, and as Muslims, Egypt is duty bound to open the Rafah border. Of course this was not done, and many Palestinians died as a result of the closure of the Rafah border.

The house of Saud, through its oil production, receives USD billions of oil revenue yearly, only promised to donate USD 27 million to help the Palestinian. On the other hand, when US halted much needed aid to Eygpt when Sisi overthrow Morsi, the Saud generously donated billions to Eygpt.

The ikhwanul Muslim are branded terrorist by some Muslim countries. How is it they are terrorists? Did they blow up or kill innocent citizens? No. Instead, they are good Muslims who follows Sunnah and Al-Quran. They pray like any other Muslims. They fast like any other Muslims. They read the Quran like any other Muslims.

In 2012, we see how the Ikhwanul Muslim under Turkey and Egypt united and forced Israel to ceasefire and stop attacking the Palastinians.

So what did they do wrong? They were branded terrorists simply because they were seen as a threat to the ruling class of some Muslim countries. In other words, these ruling class branded ikhwanul Muslim as terrorist not because they are murderers but because the ruling class they fear they will lose their power (ad-dunia/materialistic) to the Ikhwanul Muslim. So many ikhwanul Muslim was killed so that the rulling class was able to hold on to power. Is this what Islam teaches?

The history of the Saud, and how they came to power was well documented. They came to power with the help of the British. And so, till this day they feel indebted to the British. Being the keeper of the Kaabah, and the holy city of Mekah and Madinah, and hold oil revenue in the billions, they have very strong influence among Muslim countries and the Organisation of Islamic Countries (OIC). We can see how OIC have become impotent because the Saud chose to remain silent with regard to the suffering of the Muslim Ummah. No Islamic country have ever dared to criticise the Saud, for fear the quota for Haji and Umrah will be reduced if they criticising. Many ulama in Saudi Arabia have been jailed for criticising the Saud.

It was also Saudi Arabia, which allowed for the buying of oil can be made in US dolar, thus pushing up the demand for US dolar which have no real value. Countries wanting to purchase oil would need to purchase US dolar first.

This in turn allowed the US dolar to become the world currency. Currently all international trade is in US dolar. This allowed the United States to simply print money to buy warplanes, tanks, bombs, which would be given to Israel. Israel would in turn use these weapons to bomb and kill Palestinians.

The downfall of the Ottomon Caliphate was also done by the internal enemies of Islam i.e Kamal Attaturk. If there was a caliphate existing today, all Muslim countries would be united as it is compulsory to obey the orders of the caliph. Right now, Muslims countries would be bombing Israel if there was a caliphate.

And it was in 1948 Israel was born.

All the above, happened before our time. If we were there at that time, maybe we could have stop it from happening. Events such as the rise of the Saud, the use of US dolar as the world currency, the destruction of the Ottoman caliphate, and the creation of Israel all happened before we were even born.

Because the above happened, the Palestinians is suffering till this day and the Muslim Ummah is powerless to stop the Israel forces.

And so we see this every time. Israel will attack Palestine. Many Palestinians would be killed. The Rafah crossing will be closed trapping the Palestinians. OIC will issue condemnation and then keep quite. After so much killing of Palestinians, then Israel forces will withdraw. The good Muslim countries will help and rebuild Palestine. After a period of time the process will repeat, until I guess there is no more Palestinians.

On the positive note, we know there are good Muslim countries, who wants to help the Palestinians such as Turkey, Malaysia and Indonesia. But there are just so few of the good Muslim countries to fight against the internal and external enemies of the Muslim Ummah.

As for Balance, thank you for your comment about my article. I appreciate that. However, to rely on the US people to change the current government so that the United States will become good is really wishful thinking. The fact is, whether it is Republican party or Democate party, all bow to the powerful Jews lobbyist. This was discussed in this blog in an article by Chedet about the powerful Jews in the United States. There is really no difference whether its

Bush (Republican) or Obama (Democrat) ruling the United States. When it comes to Israel, both party will try to outshine each other that they are the one most friendly to Israel.

There was one US President, John F. Kennedy who defied the Zionists when he said and I quote :

“For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence—on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations. Its preparations are concealed, not published. Its mistakes are buried, not headlined. Its dissenters are silenced, not praised. No expenditure is questioned, no rumor is printed, no secret is revealed. It conducts the Cold War, in short, with a war-time discipline no democracy would ever hope or wish to match.”

He was later assassinated.

Salam Tun.

We are thankful to grkumar, for reminding the Muslims who have overlooked the bloodstains on their hands, being a lion's share from the Palestinian turmoil.

The Zionist engineered it, the Vatican-Christians are complicit in its design, but it is the Muslims who execute the plan so well by turning the Israeli aggression into a religious war.

Having done so, the Muslims have taken the pressure off the Israeli terrorist to deal with the rest of the non-Muslim world in this war against humanity.

Politics of inclusivity have taken shape in the non-Muslims' apathy towards this Muslim jihad against the Jews. They now have a clever reason to avoid confronting the rich and the almighty assailant. They have no conscience and very well cleared of all guilt from this war.

Israel is not their problem. Worldwide, it is the Muslims' problem. And the problem with the Muslims and their ulamaks, is their gullibility in reading the road signs, the false flags and their failure to come up with a different route. With ignorance, there simply cannot be peace nor can real Islam ever be established, except the Rothschild version that we are currently living in.

As the Quran always questioned us – WAFI ANFUSIKUM AFALA TUBSIRUN ?

GAZA

1. According to theguardian.com, Saturday 19 July 2014 14 —David Cameron and Barack Obama reiterated their support for Israel's right to take PROPORTIONATE ACTION to defend itself from rocket attacks from Gaza.
2. Reuters latest report Tue Jul 29, 2014 — total number of Palestinian dead in the conflict 1,200, mostly civilians. On the Israeli side, 53 soldiers and three civilians .

PAS DICABAR KELUAR PAKATAN

1. DAP mungkin perasan dah kuat sangat dengan sokongan orang Cina dan juga Melayu liberal .Malahan boleh halau PAS keluar Pakatan.
“If PAS is adamant on making decisions and taking actions that do not have the consensus within Pakatan Rakyat, then the more honourable and proper thing for PAS is to leave Pakatan Rakyat,”
Anthony Loke Setiausaha DAP , Leave Pakatan if bent on hudud, DAP rep tells PAS ,Malay Mail April 25, 2014,
2. Berbeza pula dengan PKR yang talian hayatnya amat bergantung kepada PAS mungkin sangat berdukacita jika PAS keluar Pakatan.

Misalnya Shamsul Iskandar, AMK disagrees with DAP's call for PAS to leave Pakatan over hudud, Bernama , April 27, 2014 .

Lebih dahsyat lagi persoal apa tindakan disiplin perlu diambil terhadap AJK Pusat PAS (Rafizi Ramli, What disciplinary action is PAS taking on Mohd Zuhdi,astroawani news,July 28,2014)

APA PERLU PAS BUAT?

1. Keluar Pakatan Rakyat——Hidung tak macam pipi tersorong2. Keluarlah Pakatan Rakyat . PAS telah dipermainkan oleh parti komponen Pakatan sendiri. PAS setahu saya pernah menyatakan akan berkerjasama dengan DAP selagi DAP tidak menentang Islam. La ni dah terang2 DAP menentang hudud di Kelantan padahal UMNO pula yang sokong. Maka secara otomatis dah terbatal perjanjian kesefahaman PAS dan DAP. La ni DAP dah tak nak Lebai2 kerana rasa cukup kuat dengan letak “Si gadis Ayu” untuk menarik sokongan Melayu. Jantan Melayu gatai no.1 . Bila ada Gadis Ayu, jantan Melayu pun layu.Dah habis posa pula tu. Adakah ini strategi terkini DAP menggunakan gadis Melayu sebagai bahan iklan untuk dapat sokongan Melayu?

2. Pecat pembocor maklumat whatsapp—PAS septutnya pecat ahlinya yang menyebarkan mesej whatsapp. Dia la yang sebenarnya pengkianat kepada perjuangan PAS. Tidak menjaga amanah . Whatsapp hanyalah perbincangan pendapat tak rasmi tapi dia teleh membongkar rahsia PAS kepada orang luar . Dah jatuh wajib bagi PAS pecat ahli tersebut. Entah berapa banyak rahsia PAS telah disampaikan kepada orang luar PAS. Lebih baik maklumat bagi kat saya sorang2 sebab hajat saya ingin menyatukan umat Islam. Hajat ahli PAS yang tidak amanah dan kianat kepada rakan whatsapp PAS sendiri hanya dia dan Allah sahaja yang tahu. Adakah untuk Islam atau untuk dunia dia saja? Jangan main2 whatsapp ingat tau!!!

3. Masuk BN— Lebai PAS telah dipermain2kan oleh PKR dan DAP selama ini. Tak sedar2 lagi ke? Hangpa dipandang rendah dalam Pakatan. Kurang makanan zat besi ke? Banyak pemimpin PKR dan DAP buat sesuka hati tapi PAS hanya simpan dalam hati. Mungkin masa kanak2 atau muda2 hangpa banyak tengok sangat cerita filem “Haathi Mere Saathi”

PAS tak boleh bersendirian tak cukup kuat. Orang PKR dan DAP kebanyakannya sombong melampau. Depa yang sebenarnya bergantung kepada PAS dan bukan sebaliknya. PKR mungkin akan pupus dalam PRU akan datang sekiranya PAS masuk BN. Undi PKR itu banyak datang dari penyokong PAS . Juga DAP akan hilang banyak kerusi kerana majority Melayu akan sokong parti komponen BN sekiranya PAS bersama UMNO dalam BN. Maka bungkuslah PKR dan DAP. Tamatlah riwayat dan kembalilah Malaysia aman makmur denga rakyat berbilang kaum. In sya Allah Sokongan PAS terjamin sekiranya masuk BN. Bincanglah pembahagian kerusi –meja, pinggan-mangkuk dengan UMNO untuk PRU akan datang. Maka PAS dan UMNO boleh senyum selalu, pi surau sama-sama, pi majlis bersama2, pi mana2 bersama2. Jimat tenaga, jimat wang ringgit, baik untuk kesihatan diri sendiri, baik untuk umat Islam keseluruhan. Portal dan Blog2 penyokong PAS dan UMNO boleh berubah daripada saling menghentam kepada saling menyanyangi seperti yang diwajibkan Islam. Maka boleh lah ditumpukan segala usaha kearah kemajuan Malaysia termasuk juga utnuk yang bukan Islam .

Masya Allah banyak sungguh faedah jika dijaga perpaduan Islam.

“Bandingan orang mukmin dalam hubungan baik mereka rahmat merahmati mereka, sayang menyayangi mereka seperti sebuah jasad apabila suatu anggota daripadanya sakit maka semua anggota lain terpaksa berjaga malam dan terasa demam.” (riwayat Muslim)

The world and in particular the Islamic world have blood stained hands where the plight of the Palestinians are concerned.

In particular I single out the family of the “dwarf King” Hussein of Jordan and the current ruler of that state. His entire family acted in concert with the colonial rulers of the time and after that. They assisted in the massacre of Palestinians who likewise were forced into an uprising against Hussein in 1971. They were oppressed by him and his cronies using up all the aid money destined for Palestinian refugees, imprisoning members of various factions in favour of others.

Hussein then brought in an entire army of mercenaries led by Pakistani Gen Zia Ul Haq (who was subsequently rewarded by Henry Kissinger and Washington with the coup that brought him into power and had Zulfikar Ali Bhutto executed).

Saudi Arabia the lynchpin underwriting Israel's safety in the region with the US then recruited Pakistanis into their own forces. Not ten years after the Black September uprising in Jordan, Saudi Air force officers revolted against the House of Saud. More than 1200 were executed many thrown out of helicopters from a height, a trick the US developed in Argentina during the conflict there in the 1970's. (operation Condor).

Each of the Gulf states, Algeria and Egypt have all at various times betrayed the Palestinians and made slave out of them because of the convenience of using the Palestinian and "Muslim solidarity argument" to raise the price of oil for their own benefit.

Pakistan used various Islamic groups to do what they do to themselves now in order to destabilize their neighbour India at China's and the US's behest. Former head of ISI (Pakistani intelligence Gen. Hamid Gul) now reveals that the US paid ISI in order to try to and to control some Palestinian factions in order to be called upon to destabilize non compliant Arab states, India and other countries.

Today the US has changed in favour of India (not totally friendly with the US) . The US is doing everything in its power to make Pakistan implode.

Nothing of this fictitious "Muslim Solidarity" exists anywhere. The Saudis are the worst example of human exploitation in the name of the almighty. On occasion they throw scraps to Muslim countries as a gesture of good will.

The Gaza Palestinians are rising up like the Jews did in Warsaw's ghettos in the 1940s and in Treblinka to free themselves in desperation. Hitler used the same excuse that they were terrorists and smashed them burning them in ovens for the same thing.

The Jews appear to have learned well from the Nazis. Palestine will win. Because it is they who are Gods chosen.

Assalamualaikum Tun.

Salam sejahtera warga chedet.cc

Saya terasa ingin berkongsi kisah kejayaan terbaru kita semua di sini agar mudahan mudahan dapat membangkitkan semangat untuk terus menyumbangkan sesuatu yang berguna melalui penulisan.

Wajaperak ada menyebut yang beliau masih lagi praktik keselamatan. Dan beliau memberitahu bahawa cara orang perang berfikir adalah tidak sama dengan cara orang awam berfikir.

Kejayaan terbaru yang ingin dikongsikan di sini adalah kejayaan menyelesaikan masalah yang dihadapi oleh Malaysia dalam isu MH17.

Iaitu setelah mencapai 3 hari pertama kebuntuan, adalah bagaimana caranya untuk mengambil mayat, kotak hitam dan menganalisis bukti kejadian di Donesk, Ukraine.

Seperti semua orang dah tahu macam mana ia diselesaikan oleh Datuk Najib Tun Razak, begitulah caranya.

Adik saya ada beritahu yang memeriksa black box dalam tv tu adalah officer dia.PASKAU.

Ia dilakukan upacara serahan ditingkat 11 bangunan kerajaan yang dikawal sepenuhnya oleh pemberontak pro Russia.

Itu patut menjadi berita gembira bagi kita di hari raya ini walaupun ditimpa kesedihan bagaimana GAZA diperlakukan.

Semoga Al Qassam yang melatih anggotanya melalui latihan solat subuh, membaca Al Quran dan amalan zikir dan dapat membentengi Palestin senantiasaa.

Ketika perundingan hanya ada beberapa orang kepercayaan Najib. Dan dilaporkan penasihat beliau bukanlah dari kalangan mereka : sumber World street journal.

Theresa, human race needs to fight for more civilized world. Can ww3 happens? I dont know as I m not a citizen of the military states. What I know, in the land of God, we have great movie makers in hollywood, canes and other part of huge populated countries like russia, china and india also gearing up this entertainment industry in shaping the mind of the audience. Also, we have you tube, many types of social networking websites competing to shape the world. It is up to the leaders to think what they can do if got elected after winning the general elections.

In malaysia, I already gave up the hope, and how could bn be so blind and discriminating in drafting the deb and look east policy? War or no war, life must go on. I believe the good ones will be blessed, and no one can rewrite hitory, or change the world.

Dear Tun,

As a first Generation German American and former Catholic I am very aware of the involvement of the Vatican, America and Germany in the creation of the Zionist state of Israel. However was not the state of Israel created by the financial elite Ashkanazze Jews of Europe and are they not in bed with Saudi Arabia? Are they not also funding ISIS in the middle east?

Those in the US believe what their Zionist led media declares with hardly a shred of evidence. World dominance is the goal while America lives in apathy and ignorance as the

Zionist police state is steadily expanded upon them with the borders wide open for all any illegals to call home all thanks to a wider agenda.

The Jews are no longer God's chosen people which became evident in 70AD when Jerusalem and its temple were destroyed by the Romans under general Titus as prophesied by Christ (Luke 21:20,21) God's true followers are no longer a part of this unGodly murderous world nor do they support any of its regimes. They look to Jehovah their God to completely establish his Kingdom earth wide where man will not learn war or murder or defraud his fellow man. To learn more go to;
<http://www.jw.org>

False flag attacks such as the downing of MH17 are the order of the day. Facts have become irrelevant as the Zionist led media twists and bends the created evidence to fulfill their ultimate goal. The American sheeple are none the wiser nor are my own German kinsmen or even the average Israeli. All have been lulled asleep by their own ignorance and self-apathy and wishful desires along with self-denial of reality.

US Senate Bill 2277 which will soon be voted upon will give the US the ability to by-pass NATO and to declare Ukraine a US ally against Russian aggression. Close to 80% of American's believe that Russia shot down MH17 even though no evidence has been presented while almost 10% of American's support military action against Russia for the downing of MH17. The brainwashing of America is very apparent. Just repeat the same old story line long enough and the sheeple will fall in line. It appears that we stand at the threshold of a possible nuclear attack or a world war three event. May God be with the true peace lovers and those who are seeking not their own agendas but the true will of God.

Salam Tok Det,

Selamat Hari Raya and Maaf Zahir dan Batin.

1. The Jews are indeed the “chosen people of God” because they go against every God instruction even after many prophets are brought to them to correct their misbehaviour.
2. The Torah (Taurat) in the Old Testament instructed the Jews to obey – “An eye for an eye”. What we have seen in Gaza is a contracy acts against the Torah by the Israeli Jews. Jews are the chosen people by God to do sin and go against God’s instruction.
3. The zionist symbol is the Star of David and Jews claimed that David (Daud alaihi salam) is a murderer and adulterer. In the bible, David (Daud alaihi salam) was written as a person who had committed adultery with the wife of Uriah. So the zionist is indeed worshipping the symbol of an “adulterer” and “murderer”.
4. The Quran has corrected Jews accusations on David. Muslim do not accept that David is an adulterer and murderer and the false accusations contained in the Taurat. Jews is chosen by God to be commit false accusation in the Old Testament. Indeed, the Quran has repeatedly claimed that David is a righteous ruler, the King of the Israel, lawgiver , prophet and given the instruction by God through Zabur. David is never wrong but the zionist jews are always wrong.
5. Gaza lacks basic human needs. Its hospital lacks electricity, clean water and medicine. And what the Zionist did was to use cluster bombs to inflict the most damage on human so that their victims continue sufferings at a malfunction hospital before they they die.
6. Israel is a nation who speak against injustice other than the injustice that they themselves commit.
7. So, we have a new equation – > Zionist = Nazi.
8. The British when they have war with the IRA never bomb IRA in the fashion Israel bomb Gaza even though IRA had detonated several bombs in Manchester and London.
9. The point is that Britain has a more high valued moral standing compared to Israel.
10. European governments need to wake up about the monster that they have jointly created.
11. Dont the European government have the leadership voice to save humanity in Gaza and ensure freedom of its citizen.

12. And the United States of America ? It voted against every single UN proposals to save human rights in Gaza even to the proposal to enquire about violations of international humanitarian and human rights laws in the Occupied Palestinian Territory, including East Jerusalem.

<http://www.un.org/apps/news/story.asp?NewsID=48330#.U9UXqLGnS8A>

13. We need to give a big big boooooo to Israel and America for being a bully and hypocrite.

And the mistake, an unforgivable mistake, was based on his real brilliance at an exam in the University of Cambridge in 1947. Salam Tun,

Refer your point #21 “The Jews should really be venting their spite on the Germans and other Europeans.” Please allow me to explain.

But before that, can we all agree to appropriately call the bastard as the “Terrorist State of Israel” atau “Regime Pengganas Israel”

The Jews at one time, before the creation of the Terrorist State of Israel in 1948, were looked down and persecuted by the Christians. However, after the WW2, some of the Christian leaders had a change of heart as they realized that they needed tons of money to rebuild their war-torn countries. Who can they turn to? Needless to say ...

At the behest of the extremely rich and powerful Jewish bankers from the House of Rothschild, the Pope exonerate the Jews of blame for their perceived murder of Jesus. The

reconciliation of some Jews and some Christians lead to the formation of an satanic alliance that is now known as Zionism. This wicked entity has nothing to do with Judaism or Christianity, but everything to do with power and money and satanic worship.

The reason, and it is an open secret, why some Christians are sympathetic towards the Israeli cause is because they partake in this conspiracy to rob the Palestinian people of their homeland. The Vatican-Rothschild connection also saw the birth of the UN, IMF, World Bank, OIC – that these were instrumental in shackling the young but otherwise rich in natural resources nations, including Malaysia, into perpetual slavery with mega loans that they can never ever hope to repay. (this Raya while waiting for the Dodol to gel, you may want to read John Perkins' Confessions of an Economic Hit Man for some glues)

The Rothschild House, IMF and World Bank sales promoters, the likes of the late Tunku "biaq pi-lah" Abd Rahman, the Anwar "Chameleon" Ibrahim and even our ehem ehem will never be short of the White (Zionist) House voracious approval and generous support to reinforce and shoulder on their hidden agenda to rule the world by proxy.

The Quran has forewarned us about this satanic alliance of not all but a particular *kumpulan sesat* Jews and Christians and the so-called "liberal Muslims", in the following verse:

O you who have believed, do not take the Jews and the Christians as allies. They are [in fact] allies of one another. And whoever is an ally to them among you – then indeed, he is [one] of them. Indeed, Allah guides not the wrongdoing people. HQ 5:51

Salam Tun,

Salam Ramadhan & Lebaran,

Raya tahun ini lebih suram berikutan issues Gaza-Palestine dan MH17, banyak pengajaran yang boleh diambil. Gaza defendless sekarang ini, tiada bantuan dan simpati dari dunia arab, hanya berharap belas kasihan dunia, inilah cabaran ummat islam masa kini, Cabaran dunia islam bukan issue remeh temeh yang tak habis habis dibahaskan , issue siapa yang lebih islam atau yang kafir, bergaduh issue poligami, pelaksanaan hudud atau tak. Cabaran Islam masa kini ialah penguasaan ilmu sains technology, dalam Islam dikehendaki agar tentera Islam perlulah dilengkapi dengan senjata yang paling moden untuk pertahanan kita. Tapi, aspek penguasaan ilmu seolah bukan keutamaan oleh ummat sekarang ini. Lebih dikejarkan ialah kesenangan dan kemewahan dan tidak menghayati kepentingan ilmu dalam memajukan agama sendiri. Bukan telah disebut Allah S.W.T takkan mengubah nasib sesuatu kaum selagi tak berusaha mengubah nasib kaum sendiri? Saya berharap Malaysia akan jadi sebuah pusat serantau dunia Islam dalam aspek pengembangan ilmu sains dan teknologi bagi sekalian ummat Islam, rasanya dah jatuh fardhu kifayah memandang tiada usaha yang diambil oleh negara Islam lain. Jadi rasanya Malaysia perlu lebih agresif dalam aspek kemajuan sains dan technology untuk kemajuan ummat Islam sejagat.

Saya juga bersimpati dengan MAS atas pelbagai peristiwa yang menimpa. Sebagai sebuah entiti corporate MAS terjejas teruk tapi kita still berharap MAS mampu mengatasinya. Financially, in my opinion MAS tak sesuai running as goverment entity , because airlines business banyak bergantung kepada style of management yang effcient, cost-saving initiative and free from amalan2 yang merugikan seperti corruption or favouritism. MAS perlu decisive

and firm demi survival sendiri, orang2 politik tidaklah perlu menyibuk dalam aspek pengurusan MAS dan cuba menangguk di air yang keruh. Kita tak mahu MAS jadi mangsa dan tersepit kerana kepentingan pihak pihak tertentu. Saya berharap MAS mampu dan kembali jadi profitable corporate entity.

Itu saja untuk kali ini.

Salam Tun,

APARTHEID IS ALIVE AND KICKING IN THE BASTARD STATE OF ISRAEL!
THE JEWISH REGIME LEADERS ARE WAR CRIMINALS.
THEY ARE THE MODERN DAY NAZIS WHO ARE REPLICATING WHAT THE
NAZIS DID TO THEM ONTO THE PALESTINIANS NOW.

Luckily and finally many individual Westerners themselves are beginning to realise the evil zionist regime murderous and criminal ways and are thankfully beginning to oppose this apartheid regime.

Of course their governments still choose to close their eyes to these evil acts but truth can never be fully suppressed and justice will eventually prevail and these war criminals will be brought to justice.

Here in Malaysia many (not all) of the Chinese descendants secretly support the atrocities committed by the zionist jews as can be seen through their comments and reactions to past Israeli aggressions and invasions.

It is actually their deceitful hatred and opportunistic tendencies in relation towards the Muslim community in general that block any sense of justice towards the Palestinians.

Even APARTHEID in Israel is OK with them and their cousins south of the border.

Very good comment and agree with you on many points. Hoping for USA to collapse via boycotting USA companies products will not be effective as if their economy or big companies collapse it will effect us directly or indirectly moreover they will try harder to gain back and they will become more evil. The best option is that their people of USA realise that their Govt ways are not helping them and actually killing their businesses and friendship with other people around the world. When the people of USA starts to reject their Govt evil ways then the world will have some peace. We non-USA people cannot do anything we can only hope and pray that they will wake-up to become humans again. Our collective prayers can be very powerful and we should not curse them (if not we become the same as them) but we only pray for them to become humans again. I sympathise with the people of Palestine and wish them well and I wish the people and Govt of USA to become good and normal humans

Assalamualaikum Tun,

We are concerned that two major events have affected us deeply as Malaysians and as a country. What more these events occurred during the holy month of Ramadhan. Truly, this is a very trying times for Malaysia. We have not yet recovered from the tragedy of the lost of flight MH370. And we now are struck with another two tragedy with the downing of flight MH17 and also the Israel massacre of innocent Palestinians in Gaza.

While we appreciate the condolences and the help from other countries to help us in bringing those responsible for the downing of MH17 to justice, it seems ironic these so called champions for justice countries turn a blind eye to the killings of innocent Palestinians. The United States for example, assured Malaysia that they will not rest until those responsible for downing of flight MH17 is brought to justice. So good of them. There were 298 passengers that died on board flight MH17. But what about the deaths of innocent Palestinians which as time of my writing is around 600 people and continue to rise as we speak? Who will bring the Palestinians justice?

Why is the United States so eager to help us Malaysians regarding the flight MH17 tragedy? There are so many injustices in this world, why only MH17 tragedy the United States is so eager to help?

As we know, there is a civil war in Ukraine. Before we jump the gun and start blaming and lambasting Russia and the Ukraine separatist for the downing of flight MH17, we need to understand the civil war in Ukraine. Ukraine was part of the Soviet Union until it declared independence. Even though it became an independent country, Ukraine has always been close allies with Russia. The Russians naval army is in the Black Sea and its naval army is in Ukraine. Russian as a maritime naval power is situated in Ukraine. Without this base, Russia would lose its status as a maritime naval power. Previously, Russia and Ukraine are allies and therefore Ukraine allowed for Russia to continue to use Ukraine port for its navy army.

However, Ukraine protesters through mass protests, toppled the duly elected Ukraine government. Unlike the duly elected Ukraine government, these protesters are pro Western.

It was said, the Zionist planned for this to happen. Their plan was for a pro Western government installed in Ukraine so that this government would not allow anymore for the Russians naval army to use Ukraine port as base. Thus , destroying Russia's status as maritime super power. This was the Zionist end goal.

However, the Zionist can plan all they want but it is Allah who decide what happened. The toppled government, asked Russia to intervene. Many in Ukraine who are Russians felt betrayed as the duly elected government was toppled by the protesters. And so they rebelled against the Ukraine government. Even Crimea which was part of Ukraine went for a referendum and a majority voted to be independent. They do not want to be with the protesters that toppled a duly elected government.

For the separatist, they are fighting for the right cause as their rights as Ukrainians have been violated when those protestors toppled the duly elected government. The Russians was right to help these separatists to stop the Zionists from achieving their goal which is to destroy Russia as a maritime super power.

Was the Zionist angry their plan did not go as plan? Of course. The United States was very angry that the Russians helped the separatists. And so the United States put economic sanctions to Russia.

The United States later found that its economic sanctions had no effect on Russia. Russia was resolute in its position to help the separatist. The truth is, the United States is a bankrupt nation. It is no longer as powerful as it was. And so it needed the help from the European Union (EU). But the EU believed this was not their fight. They prefer to continue to trade with Russia.

Suddenly, the tragedy MH17 happened. Was this planned by the Zionist? We will have to wait for the outcome of the investigation. The United States jumped at the opportunity, blaming the Russians for supplying and supporting the separatist. The United States quickly blamed that it was the separatist that shot down flight MH17. And so the United States show that it is the champion for justice, vowing to bring those responsible to justice.

How ironic, due to the MH17 tragedy, the EU had to rethink its decision not to apply economic sanction to Russia. I would suggest the EU to decide only when the outcome of the investigation is know. Where is the innocent until proven guilty? Whether by plan or not, MH17 tragedy has put the United States in a good position against Russia.

In my opinion, even if the outcome is that a Russian soldier shot down MH17, then only the Russian soldier and the one who gave the command to shoot should be held responsible. Not the whole country or the whole army. Similarly if a bad cop killed an innocent man, does it mean the whole police force need to be punished as well? Of course not.

Malaysia position should be only those directly responsible should be tried in a court of law. Not the country or the whole force. The reason I'm asking for this, I do not want the tragedy MH17 to be use by the Zionist to achieve their aim. I believe the Zionist do not care at all

about the tragedy of MH17. Therefore, why should Malaysia help them achieve their aim in their war against Russia?

Now for the second tragedy, the killings of Palestinians by Israel. As we know, Malaysia have no direct relationship with Israel. So we have little influence over it. However, we know the warplanes, the tanks, the missiles used by the Israel to kill the Palestinians is coming from the United States. Even the so called dome shield is from the United States.

There has been calls for boycott of companies helping Israel. I agree with this. But if I may add, boycotting these companies is the same as boycotting the United States as most of these companies are coming from the United States.

So long as the United States is the lone super power of the world, Israel will continue its massacre of Palestinians. But the United States is no longer as powerful as it once were. Its economy is bankrupt is deficits in the trillions. It has withdrawn most of its armed forces from Iraq, Afghanistan, and Asia.

And so what we are seeing in Ukraine and events in Asia, is the United States desperate attempt to remain the sole super power of the world. In Asia, the United also try to stop the rise of China. It tried to rally the Asian countries just like it tried to rally the EU, to stop China. But Asian countries are smart and instead helped China. Even the EU does not want to join its fight against Russia.

I believe if the United States fall as a super power, Israel will fall as well.

Indeed, the Zionist can plan all they want, but its Allah that decide. Allahuakhbar!

YES YES YES USA is anak satan, ibu satan and bapa satan!

Whenever, whatever and what-so-ever USA or EU (not all) involved in any issues or they say anything we just turn the other way and we get the correct answer. The jews and USA controlled media quickly point to Russia (trying to fool the world) and now we know that Russia and it partners are actually helping. They keep the bodies in refrigerated wagon and keep the Black Box safe so it can be return to the rightful owners or not falling onto wrong hands. If the bodies or black box falls on USA hands we will get zero answer. The truth will come out and this time USA is going nowhere to hide. But only Russia and China can kick them back, for us small countries we can only “kena tembak buta”. I think all the countries of the world should group-up to support Russian and China to bring down USA and Israel nonsense.

Salam Tun,

Thank you for speaking up.

The great power the Jews have is their money. Democratic elections need money. Even Obama is hopelessly tied up because every single US Congressman got to be where they are because of Jewish money. And so are the politicians all over Europe. The Jews had used their money to lend European Emperors and kings to do battles, except for Hitler. Even Hitler had said in his Mein Kemp, “I could have killed all the jews, but I left some behind so that you can see what kind of people they are.”

Many US Presidents had problems with the jews. Some even said they are very selfish people, only concerned about themselves. Even Henry Ford had problems with the Jews, not to mention Marlon Brando and many other Hollywood stars.

But that’s how things are. Everyone needs money, and the one with the money is bigger than king.

We can yell, scream and shout about the jews, their american and european slaves, but the jews will continue with what they are doing. They will go on killing the Palestinians, and the rich Arabs will be stone deaf, unable and not-wanting to offer any help.

In the words of Golda Meir, “There is no such thing as the Palestinians.”

The jews now control all the politicians in USA and Europe, the academics, the media, the newspapers, the banks and financial institutions, Hollywood, the movies, distribution networks of films and movies and books. Let’s not hope for any change to come soon among the big powers of the world. Dont hope for the Americans or the Europeans, or even the rich Arabs to do anything. No one can change or alter the jewish onslaught. The only people who can make any change are the small number of good jews, those who have the heart and the human feelings, who can understand the meaning of sufferings and justice, those who can feel the guilt of their own kind being more merciless than the Nazi.

Even if I know the reason for bringing up this issue, I know this issue is a self made story by politicians. The conflict in gaza shall never end, and will continue to progress to the next level for their self survival to run for putrajaya's pm office. No one can change the world including tok det. I am not a muslim, and will never be no matter how we play the numbers. Force other races to assimilate to nabi muhammad way of life is a no no as I have never live in desert before. Forest is a no no to me because I am afraid of insects, and reptiles especially snakes. Politicians come and go. I dont know what will happen in the future, but if we are able to love, we will always be blessed. The handling of two air traffic disasters indeed made pm najib and those who were with him realized how fragile is human lives as leaders, and this will shape him to manage the country in a more mature way. A leader with no support from the people through election cant survive politically. There is no turning back, the good ones will always be the winner by the end. God Bless Malaysia and the peace loving malaysians.

Within an hour after MAS flight MH17 crashed, Ukraine knew precisely the plane had been shot and quickly pointed to the rebel group as the one that shot down the plane. Ukrainian officials even released what they say are intercepted communications in which rebels talk about downing the civilian airliner as proof, without first verifying the authenticity, which is unusual.

What followed afterwards, a non-stop barrage of accusations by the western media blaming Russia for arming the rebels, condemning Russia and insinuating her to be responsible for the tragedy. They even accused President Putin as the main culprit.

The jewish owned media (especially CNN) and those media under the jewish influence never report on the israeli army attacking Gaza, killing, maiming and injuring thousands of Palestinians, and destroying anything that they want.

As if by coincident, the israeli attacks on Gaza started almost simultaneously at the time flight MH17 was downed!!

No western media ever condemn the USA for supplying arms to israel, or to the Syrian rebels, the rebellion that toppled Gaddafi, creating civil war in Iraq, behaving cowboy-like when arresting President Noriega, bluffing the world with the so-called weapons of mass destruction to invade and killing millions of innocent Iraqis,the satan will never stop!

The USA IS SATAN.
Long live Putin!

Assalamualaikum w.b.t. Tun,

1. These Jews should be condemned and punished. I agree completely with your statements.
2. There are people who compile your blog posts. There should also be people who compile comments made by madam HBT, as example of how ignorant and twisted a person can be.

Have a blessing Ramadhan Tun.

So what is the difference between the JEWS that Invade the Arab World
The Difference of Johor , Malaysia being Invaded by Foreigners
The difference is JEWS by Force
Malaysia Land by Economic means
Seems Foreigners now Invading Malaysia are much more Smarter

Than the JEWS

They don,t need Force , They Buy , They Cheat and the Land is Theirs for Freehold

JANGAN SALAHKAN SI PENIPU YG MENIPU
SALAHKAN DIRI SENDIRI SEBAB DI TIPU

It goes with the Arab World

IT IS NOT ISRAEL, NOT AMERICA NOT THE WESTERN WORLD

THEY ARE UNITED PEOPLE WITH INTELLIGENCE WITH BRAINS

THE ARABS THEMSELVES ARE NOT UNITED ADDS MORE THEY ARE
BRAINLESS

SO AS THE MALAYS IN MALAYSIA

ALMOST NON EDUCATED , EVEN MOST OF THE UMNO LEADER

AND ALL NEVER WHAT TO SEE

WHAT IS WRONG WITH MY COMMUNITY RATHER PREFER TO ACCUSE

BURN THE AMERICA FLAG , BURN THE ISRAEL FLAG

BOYCOTT THEIR PRODUCT , I am using their product now to communicate my thoughts

Haha what a Shame of me

BUILT HUGE DEMO , CARRY BANNERS , GO RAMPAGE

WAS THAT TO SOLVE THE PROBLEM ?

NO WONDER IT HAS BEEN DONKEYS YEARS THIS WILL NEVER BE SOLVES

AS IT WAS MANAGE BY DONKEYS

AS A MUSLIM MYSELF I,M NOT ASHAMED TO SAY

DONKEYS NOW ARE SMARTER & MORE STUBBORN THAN THE MUSLIMS

IT IS VERY IMPORTANT TO LOOK AT ONESELF ONE COMMUNITY
WEAKNESSES

TILL TODAY THE ARAB WORLD KNOWING AMERICA IS IN FAVOR OF ISRAEL
THEY STILL LEAN ON AMERICA INSTEAD OF GROUPING TOGETHER FOR
UNITY

TO BE STRONG & RESPECTFUL

EVEN BOTH THE INCIDENCE OF BOTH MH AIRLINE

MALAYSIA ARE MORE BEGGING FOR PITY

THAN STANDING UPRIGHT AS A MAN FOR OUR RIGHT

AS IN UMNO THEY ARE MORE KNEELING FOR SYMPATHY

THAN STANDING UPRIGHT AS GOVERNMENT

IF NAJIB NOR UMNO ARE UNABLE TO DO SO

IT IS A WISE DECISION TO LET IT GO

LET SOMEONE TAKE CARES OF THEIR WIFE & FAMILY

ONE MAY BE SMALL , ME BE WEAK & POOR , MAYBE NOT ADVANCE

BUT ONE MUST HAVE THAT DETERMINATIONS

ITS NOT ABOUT TALKING...TALKING ? Achi Bunting pun bolih cakap

ITS ABOUT DOING THE RIGHT POSITIVE DECISION

UNITY IS THE FIRST ANSWER TO THE EVERY PROBLEM OF THE MUSLIM
WORLD NOW
LEANING ON UNITED STATES , LEANING ON NEIGHBORS TO LOOK INTO OUR
PROBLEMS
THE PROBLEMS WILL NEVER SOLVE

APAKAH UMAT ISLAM DAYUS SAMPAI MASALAH BERGINI

Salam Tun,

1. The Israel regime is a demonstration, a premonition if you like, of things to come in our way when land, properties and human capital in this country is bought over and fall into the control of foreign agents. Especially so, when the new owner is a hostile neighboring country and also a proxy of Israel.

2. Even as we condemn the Zionist inhumanity unleashed on the Palestinian people, we have to acknowledge their expertise in planning their moves which are always tactically numerous steps ahead of their victims. Why the victims repeatedly fall for the same trick and into the same trap is also something we have to be wary of. Madness is doing the same thing, expecting a different result. Perhaps we need to verify where Hamas get their funding from. I wont be surprise if there's a Rothschild in the back room.

3. The gun business cannot flourish when there is no war or political turmoil. Ironically, countries that are ranked high on the [Islamicity values index](#) are not Islamic countries, because these countries do not consume as many guns and weapons for peace keeping. However, it doesnt stop them from manufacturing arms nor does it affect their Islamicity ranking in a very convenient way.

4. The Israeli Jews, they are not my concern. I'm more worried about the trouble makers in our own backyard, disguised as NGOs, supported and funded by Hillary and Soros, roaming around freely organizing their move to bring down the government via mob rules like what we have now in Ukraine.

5. Najib must be firm where Zahid is not. Like Phua ChuKang said, "dont play play". Please, no more approval for BERSIHT rally or the country will go down with the **Dogs And Pigs**.

6. It is my opinion that UMNO should handle the 'Malaysian Jews' or the 'Singaporean Jews' first, and not making too much noise complaining about the Jews of Israel who are thousands miles away from home. Get real-lah. Di mana kaki berpijak, di situ langit di junjung.

7. I feel pity for the Palestinians, but I cannot pretend that I'm feeling the heat of the Israeli soldiers hunting me down. That said, I'd rather hunt down those 'Jews' in my own backyard before the fortune is reversed.

Tun,

Your comments make me very sad. I am sitting in Malaysia and trying to manifest my thoughts to feel what the people of Palestine feel. I cannot create the pain and how the palestinians feel and i think it is because it is beyond human comprehension what Israel is doing to the people of Palestine. What make a human to be so barbaric and to believe they are they the "chosen one". Maybe they are really a "chosen one to be the most barbaric people of this era" as they surely cannot be the "God chosen one" as God suppose to be pure, compassion, merciful and etc etc etc....

Anyway when a person or a group thinks that they are special or chosen, then it is the ending time of these people or group. We have read and see in history that all such happening ends when people or group move above nature and human comprehension.

Wish the people of Palestine enjoy peace soon.

Wish Israel realise that "God Chosen One" are suppose to help people not killing people.

Wish Malaysia stay peaceful

Wish Malaysia dont have such or any "Chosen or Special People"

Wajarperak, you are right. Indeed, this monster is self-created by BN via vote buying and lobbying to rich themselves first, but blaming Chinese, Hindus, Christians, Israelis, Singaporeans, Americans and Europeans have proven that BN has failed miserably. BN has

no choice after clearing so much land for their ambition, contohnya Felda Global Venture, but to stick to the Federal Constitution.

Agree to disagree like BN behind the rakyat, Pakatan Rakyat, you decide.

That's all, Selamat Menyambut Hari Raya Aidilfitri.

PS: Malaysia is now on world radar.

Assallammualaikum Tun.
Saya mohon ruangan.

[21.The Europeans and the Americans created this monster]
I respectfully disagree with Tun on this account.
This monster's were not the creation of the European and the American's.
They were self created.
Al Quran tell's us so.

So?

The beast like all mythical beast's cannot be slain just like that.

They will be destroyed in another 40 year's at latest.

Meanwhile.

We can hurt the beast by the damnest and earnest one at that!

Bila kasi kuasa, nanti fatwa ini, fatwa tu. Mereka tak pakai senjata, mereka pakai fatwa to control the people, macam sini adalah tempat lahir Nabi Muhammad. Thank God, Jawi was taken out from the National School Syllabus kerana kurang sambutan. Well, mereka pakai Bahasa Arab, India pakai Tamil, Cina pakai Bahasa Cina, dan other minorities also have their mother tongue languages. Therefore, PAS Youth and UMNO Youth cannot bersuhabat di belakang kita.
