

Tidak wajar minta tolong Dr Mahathir

Chedet.cc

7April 2015

Tun Dr Mahathir Mohamad

1. Saya tidak tawar untuk menolong sesiapa untuk mengatasi apa-apa masalah.
2. Dalam blog saya, saya tidak menuduh Dato Seri Najib melakukan apa-apa jenayah. Itu boleh ditentukan jika polis dapat membuat siasatan. Yang saya pohon ialah jawapan kepada soalan-soalan yang disuarakan oleh ramai rakyat.
3. Saya akui dimasa saya juga ada kehilangan wang negara. Tetapi rakyat dan dunia tahu bagaimana wang ini hilang. Kerugian yang dialami oleh Perwaja diketahui. Demikian juga dengan salah urus Bank Bumiputra oleh pengurusannya. Maminco rugi kerana London Metal Exchange memutuskan bahawa bijih timah yang dijual mengikut perjanjian jual beli yang sah tidak perlu ditunaikan dengan membekal logam berkenaan kepada pembeli. Ini diputuskan untuk menyelamatkan penjual yang tidak ada timah. Malaysia sebagai pembeli mengalami kerugian.
4. Saya ingin penerangan berkenaan bagaimana Konsortium Perkapalan dan Forex merugikan Kerajaan dan bagaimana saya terlibat dalam perkara ini.
5. Yang nyata ialah negara tahu dimana pergi wang yang dilabur semasa saya. Dalam perniagaan adakala untung, adakala rugi. Yang tidak boleh diterima ialah duit itu hilang tanpa diketahui kemana.
6. Hari ini nilai Ringgit jatuh sebanyak 70 sen. Tiap satu Ringgit jatuhnya matawang kita, negara, Kerajaan dan rakyat kerugian berbillion. Kejatuhan sebanyak 70 sen pun merugikan berbillion Ringgit juga.
7. Tetapi apabila Ringgit diselamatkan dari penyangak matawang, berbillion Ringgit duit Kerajaan diselamatkan. Dan ramai peniaga yang muflis dan hampir muflis terselamat pada tahun 1998. Lupakan sahajalah peristiwa ini kerana ia berlaku dizaman saya.
8. Tetapi dalam kes 1MDB, tidak ada jawapan yang munasabah berkenaan 42 billion Ringgit yang dihutang. Kenapa bayar lebih 10% komisyen kepada Goldman Sachs hanya kerana menjual bond atau membuat pinjaman bagi Kerajaan. Kenapa faedah 5.9% dikenakan, satu faedah yang amat tinggi.
9. Disoal juga peranan Jho Low. Siapa dianya yang diberi kepercayaan mengendali wang 1MDB berbillion-billion ringgit milik syarikat Kerajaan. Tidak ada persamaan antara Jho Low dengan Daim yang saya lantik sebagai Menteri.

10. Dimana datangnya ratusan million Ringgit untuk membeli bangunan-bangunan dan melabur dalam filem “The Wolf of Wall Street” oleh Riza Aziz, anak tiri Dato Seri Najib.

11. Saya bukan tuduh Dato Seri Najib. Saya bertanya beberapa soalan kerana hutang berbillion ini akan ditanggung akhirnya oleh rakyat. Jawapan tidak juga diberi oleh mereka yang mengecam saya selain daripada berkata saya punyai kepentingan atau saya juga buat kerja yang sama.

12. Apabila saya letak jawatan satu usaha dibuat untuk mendapat bukti saya lesapkan duit Kerajaan. Kalau hendak buat siasatan lagi, saya tidak ada halangan.

Dahulu sokong, kenapa tidak sekarang?

13. Pembaca portal “Free Malaysia Today”, Izack Chin bertanya kenapa saya dahulu sokong Dato Seri Najib supaya mengganti Tun Abdullah. Pada masa itu Najib ternampak bersih. Sekarang ada syak wasangka dikalangan orang ramai yang tidak terjawab..

14. Sudah lapan tahun berlalu kenapa bangkit perkara ini? Ini bukan masalah lapan tahun dahulu. Yang saya soal ialah berkenaan masalah hari ini – masalah nyawa dua orang anggota polis yang dihukum bunuh. Amatlah tidak adil jika mereka dibunuh sedangkan mereka sebagai pegawai rendah polis hanya mengikut perintah.

15. Saya hanya tanya berkenaan siapa yang mengeluarkan perintah kepada Sirul dan rakannya.

Temasek and 1MDB

16. Salleh Said Kruak compares Low Taek Jho and my critic of him with the criticism against me regarding Ananda Krishnan’s involvement in Petronas and the appointment of my friend Daim Zainuddin as Finance Minister. I really do not see any similarity.

17. Ananda Krishnan bought the race course in Jalan Ampang. He could develop this prime land by himself. But he decided to sell one half share of the 100 acres land to Petronas and developed it together. Later he sold his tower to Petronas. What is wrong with that? Petronas made tons of money from the project.

18. There is no similarity at all between Temasek of Singapore and 1MDB. Temasek did not lose money but money borrowed by 1MDB has disappeared.

19. 1MDB is not excess fund belonging to the Government. 1MDB borrowed all its billions. Borrowed money cannot be regarded as wealth. So far the only asset owned by 1MDB are the pieces of land bought from the Government at a price very much below market price. They have been highly revalued. But until they are sold, they cannot be used to pay the 42 billion the 1MDB borrowed. They cannot even pay the interest.

20. As for the comment that it is unfair for me to ask Najib to step down as he was elected through democratic process, I would like to remind Datuk Jamal (Md Yunus) that Tun Abdullah was also elected but Najib was partly instrumental in asking him to step down.

21. With regard to my political agenda, what is wrong with that? A Prime Minister must be seen to be clean and able to explain and answer questions and to be good for the country. Najib cannot even answer and has not answered any question, beyond exercising elegant silence or saying the allegations are not true.

22. There is also an attempt to divert attention from my question by saying that I am siding with the opposition, even that I have become leader of the opposition.

23. If saying something that is similar to the opposition makes me aligned with the opposition, then Najib must be more with the opposition than me because he agreed with the opposition to abolish the ISA, the prevention of crime law and ignore the NEP. He also wanted to abolish the Sedition Act as demanded by the opposition. If UMNO did not object the Sedition Act would have been abolished. So is Najib a member of the opposition?

24. I am still an UMNO member. My disagreement is with the leader, not with the party. I criticised the leader, not the party. It is simply because I want to see the party win. It will not win if Najib is the leader.

25. I had great hopes when Najib took over from Abdullah.

26. But he did even worse than Abdullah, losing more badly in Selangor where he was the Head of UMNO. There are so many scandals surrounding him now. His popularity is now even lower than when he led the BN in 2013. In a number of constituencies the margins won by Barisan Nasional (BN) are very narrow.

27. Sabah and Sarawak, are now no longer safe, no longer BN's fixed deposits.

28. Is it too absurd to predict defeat for the BN in 2018.

29. As for my sons, if I had wanted them to succeed in politics I could have done so when I was Prime Minister. If they succeed it will be by their own effort. If the people don't like them they will not get this support.

Saya menyokong dan memang ada wajarnya TUN menyuarakan bergitu.
Terdesak Dan Terus terdesak NAJIB terburu buru melaksanakan sesuatu yang akhirnya terbeban keatas rakyat malaysia yang rakyat sendiri tidak mampu untuk menanggungnya.
NAJIBnama ini bakal mengakhiri kesinambungan dan pemerentahan UMNO dan BARISAN NASIONAL di malaysia. Saya amat pasti dan ianya telah jelas sekarang ini....Sebagai rakyat malaysia saya amat sayangkan BN tetapi masa telah menentukan sesuatu itu pasti ada akhirnya.....Serpeti yang pernah dikatakan TUN ABD RAHMAN parti ini berdiri selagi ada namanya didalam UMNO

R TUN ABDUL RAHMAN
A TUN ABDUL RAZAK
H TUN HUSSIN ONN
M TUN DR MAHATHIR
A TUN ABDULLAH AHMAD BADAWI
N NAJIB TUN RAZAK

NO MORE UMNO OR BN IN MALAYSIA AFTER THIS NAME (NAJIB TUN RAZAK)

Assalamualaikum Tun,, saya generasi muda yang sentiasa memerhati perkembangan Malaysia. kenapa pemimpin yang ada tidak memandang kepada YAB menteri besar Negeri sembilan. Datuk Seri Utama Mohammad Bin Hassan. saya memerhati pendirian dan tanggungjawab yang dipikul oleh YAB menteri besar negeri sembilan. Bagi sy beliau sangat layak untuk menerajui negara dengan kebolehan dan kecekapan yang beliau ada. beliau adalah antara pemimpin yang

saya kagumi berbanding dengan menteri yang ada. antara yang tegas adalah menteri besar melaka. bg sy hanya 2 orang pemimpin ini layak untuk membetulkan situasi negara jika diberi peluang... salam sayang saya untuk Tun,

Cruel gst vs depreciating ringgit, which one will hurt umno more? Why ringgit depreciate? It depreciates because of massive clearance of land in building highways killing her on industrialization. Sibotak can buat laporan pdrm on me. He can also deny non malay the basic right to become a truly malaysian. Pm najib has already said, he is responsible for rakyat and umno. daim is right, the support of umno members to pm najib is not genuine. they will get panic when things turn sour. Thank you sibotak for denying the non malay from being a malaysian. spent almost 7 years in this blog made me realize this country is no longer safe country to live. I no longer look up at the official religion, and tok det.

Surat terbuka untuk Tun:

April 11, 2015 at 2:32 AM | [Permalink](#)

Tiada yang lebih kenal Malaysia lebih dari Tun. Sebagai PM selama 22 tahun yang telah terbukti mengangkat tinggi nama Malaysia dihormati dunia, saya yakin apa yang Tun buat adalah yang terbaik untuk negara walau dimana dia berdiri. Mungkin itu bukan yang terbaik untuk UMNO tapi kepentingan negara adalah lebih utama. Ramai ahli UMNO masih hidup dalam kenangan perjuangan silam. Sesungguhnya UMNO hari ini bukanlah UMNO yang ditubuhkan pada tahun 1946 kerana jangan kita lupa sejarah UMNO yang itu sudah lama terkubur setelah ianya diharamkan. UMNO hari ini adalah UMNO yang diberi nafas baru oleh Tun setelah berjaya didaftarkan semula. UMNO yang “diasaskan” Tun inilah yang menjadi peneraju kepada pembangunan negara yang kita kecapai hari ini. Lalu siapakah lagi yang lebih mengenali UMNO yang ini lebih dari Tun?. Sesungguhnya kita pada hari ini hanyalah orang-orang baru yang hanya menerusi atau ingin mengambil alih pemerintahan untuk mengambil bahagian merasai nikmat kemajuan yang bermula dari hasil usaha orang terdahulu. Jangan kita lupa siapakah yang memulakan semua ini, apatah lagi orang itu masih hidup. Mementingkan kepentingan diri membelakangkan pandangan dia yang lebih faham kesan buruk dan baik sesuatu perkara yang kita lakukan hari ini di hari mendatang. Penyokong-penyokong DS Najib hari ini adalah terdiri dari golongan over-confident. Masih merasakan mereka masih kuat sepertimana zaman Tun menerajui kepimpinan. Percayalah apa yang Tun katakan itu adalah benar. Sokongan rakyat pelbagai kaum kepada DS Najib semakin merosot. Jangan terperasan masih disokong hanya mendengar beberapa orang atau kumpulan yang berlumba-lumba menyatakan sokongan kerana itu hanya memakan diri. Berjalanlah ke setiap ceruk. Pasar ikan, kedai-kedai kopi, ke pejabat-pejabat kerajaan dan ke mana saja. Tanyalah mereka yang bergelar rakyat marhaen apa pandangan kamu mengenai DS Najib. Buat analisa lihat yang mana lebih ramai. Sokong atau tidak. Sabah is no longer fixed deposit untuk BN. Sebab fixed deposit itu sudah tidak secure. Apa dia?. Saya bagi contoh, di Sabah Tun dikatakan bersalah hanya dalam 1 perkara iaitu pemberian IC. Itu saja. Tapi perkara ini ada pro dan kontra. Ada pihak memandangnya sebagai kesalahan ada pula yang memandangnya sebagai jasa yang tidak terbalas. Kerana mereka diberikan kehidupan yang lebih baik. Dan golongan itu sudah beranak cucu pada hari ini. Warganegara yang sah dan juga pengundi. Itu salahsatu dari fixed deposit. Yakinkah fixed deposit ini masih secure? berdiri dibelakang DS Najib? Apatah lagi mereka juga turut sama sebagai rakyat terkesan dengan apa yang berlaku pada hari ini. Jika saya seorang Presiden atau Perdana Menteri, saya tidak kata ianya berlaku di Malaysia, apa yang saya lakukan untuk memastikan saya menang dalam pilihanraya bukanlah mengharapkan semata-mata orang-orang kuat saya berkerja tapi saya perlu

satu jaminan yang betul-betul memastikan saya akan menang walaupun cara itu tidak beretika. Boleh saja saya arahkan orang saya mencipta 10 identiti berbeza untuk seorang yang sama supaya boleh undi 10 kali. Contoh suruh cetak 10 IC gambar sama, nama lain nombor lain. Kemudian daftar identiti-identiti ini sebagai pengundi. Bayangkan beratus orang, atau ribu bukankah ianya satu fixed deposit yang mudah bagi saya?.. Tapi tetap juga ianya tidak secure, cukup orang ubah sistem dakwat kekal kepada thumbprint scanning untuk mengundi ianya boleh dipatahkan dengan begitu mudah. Apatah lagi kalau orang-orang yang berada dipihak lawan terdiri dari mereka yang lebih berpengalaman dan boleh membaca gerak-geri saya. Itu contoh saja. Mungkin ianya tidak berlaku di Malaysia. Sekadar gambaran fixed deposit tidak selamanya secure walau sampai ke tahap itu.

Assalamualaikum Tun,

Of late I have been writing late to your blog. The reason for this is that I do want to contribute and add value to your topic. I do not want to just be just shouting “Hidup Tun” or agreeing with you just like that. That can be done by someone else.

I still have no idea what to write. I do hope the ‘ilham’ will come soon.

I have watched Datuk Seri Najib’s arguments and I have read your arguments regarding the many issues that befell our beloved country.

Suffice for me to say that I support your stand. You are right, as always.

p/s: You wanted the Jambatan Bengkok. Datuk Seri Najib say it like its a bad thing to have the Jambatan Bengkok. Less he forget, the Sultan of Johor and the Johor people also wanted the Jambatan Bengkok. If I am not mistaken the DPM is from Johor and a loyal subject of the Sultan. Wallahualam.

Dear Tun Dr Mahathir,

First of all, before I comment, I just want to know how are you since the heart operation?? How is Tun's health condition so far?? Im scared something will happen to Tun also because if anybody asks questions against him either will be accidentally dead or locked behind bars. Forgive me if I'm going to sound rude in my comments, you may choose not to post this also. Our country soon going to meet 2020, the vision that have set for Malaysia to be a successful country.. but the question is will we really have the chance to meet those years?? I'm sorry I have to say this Tun, with these kind corruptions and debts we will never that day. We are just ordinary people, what power do we have to go against him?? We have Voting rights.. But what is the use? Even the last election PRU13 turned as "blackout incident" in certain places. Last minute amendments on certain acts in Parliament yesterday, that he is playing the game on his own rules. I'm afraid Malaysia might be named as a corrupted country, no difference than India. Dropping of education quality, Ringgit value, govt charging taxes for everything are darkening our countries future.. If this continues no foreign investors or BPO's will ever invest in Malaysia and we will face the fall again. But at 1998 ppl had Tun to recover. In future who will we have??? The upcoming years are a question mark for a graduated students and our children. Will we (our generation and future generations) really have the chance to see the country that Tun wanted us to see.. A succeeded and deliberated Asian country that's peaceful with it's multi-nations with no discrimination. But with these situations... Im afraid that on 2020, there's going to be nothing left but burnt over building, inflation and homeless people like in some places of India. The dark days are not far.. Pls do save this country that you invented Tun. The heaven is turning HELL.. May God help us all.

Assalamualaikum Tun,

Saya suka dengan komen-komen Tun walaupun ada perkara yang saya tidak bersetuju. Penulisan Tun menjadikan politik Malaysia berwarna warni. Memandangkan hubungan Malaysia dengan US begitu rapat, komen sebegini adalah biasa mewarnai politik Amerika Syarikat. Adalah lebih baik sekiranya Malaysia menukarkan pemilihan Perdana Menteri daripada setiap 5 tahun sekali kepada setiap 2 tahun atau 3 tahun. Transformasi ini akan menjadikan politik Malaysia lebih dinamik dan setiap polisi yang diperkenalkan akan difikirkan dengan lebih menyeluruh dan berhati hati. Saya percaya apabila tiba PRU berikutnya ramai sudah adapt dan “buang yang keruh, ambil yang jernih”. Setiap perkara ada kebaikan dan kekurangannya. Tapi, biasanya yang buruk itu akan menutup yang baik. Keep on coloring our politics with those vibrant colors.

Chedet Yang sangat awesome,

Pendapat saya sekiranya segala kesusahan dan kesulitan yang dialami oleh rakyat malaysia masa kini berkenaan kos sara hidup dan kos kenaikan harga yang melampau disertakan dengan cukai 6 peratus yang sangat membebankan, adalah disarankan agar barisan kepimpinan ds najib melepaskan semua jawatan yang disandang..

Bimbang perkara yang tidak akan diingini berlaku dengan lebih teruk lagi...ds najib perlu bertanggungjawab dengan segala usaha gagal beliau...sebagai rakyat berpendapatan sederhana, saya sangat2 terkesan dengan segala kos dan tidak mustahil undi pada pru akan datang akan beralih.

ds najib perlu melepaskan segala jawatan dan bertanggungjawab sepenuhnya diatas kegagalan system yang beliau laksanakan.

Sekian,

Saya berterima kasih atas pentadbiran Tun di Malaysia selama 22 tahun. Suatu pencapaian yang dibanggakan. Jika Singapura ada mendiang Lee, Afrika Selatan dengan Nelson Mandela, kita Malaysia ada Tun Dr. Mahathir.

salam takziah buat keluarga mangsa heli n keluarga DSAI.

vacuum of power terjadi bila penanggungjawab hilang fungsi 'tanggung & jawab' masalah dasar yg berbangkit...

lebih cacamarba bila ianya melibatkan mereka yg tidak berjawatan dalam kerajaan...

jika apa2 masalah berlaku tiada tanggungjawab yang perlu diambil...

untuk pemulihan umno, umno perlu kepada majlis penasihat yg berkuasa menggantikan PM and kitchen cabinet kalau x perform...

komputer yg korup boleh di format pada bila2 masa...

PM dan menteri silih berganti, tapi agenda negara tetap sama...bukannya bertukar2 tiap kali PM/menteri bertukar...

biarlah PM tumpukan pada negara, majlis penasihat fokus pada parti...

terlalu byk jawatan yg dipegang dalam satu2 masa juga menyebabkan decision making byk diserahkan pada third party...

majlis tertinggi lebih kepada menggilap pelapis2 baru dalam kepimpinan...majlis penasihat pula sebagai decision making..

majlis penasihat dianggotai oleh veteran, bekas2 menteri dan PM, ulama, senator, ngo, dll...
demokrasi terpimpin...

Sebagaimana perasaan dan penilaian Dr Mahathir terhadap saya atau sesiapa, setiap perbuatan itu ada balasannya. Saya sedar, saya bukan bernilai di Malaysia ini. Saya di negara ini tidak disayangi bagai VIP elit artis orang kenamaan. Taklah seperti Dr Mahathir yang dimulihkan. Kalau ada tersalah pun, tetap hidup elit dan dimulihkan, nama tercatat dalam sejarah dunia. Jadi kenapa pula Dr Mahathir yang sedih sangat.

Saya yang lebih perlukan bantuan dan sokongan. Tapi ada ke sesiapa. Dr Mahathir ada ramai. Jadi senyumlah dan ketawa dan berbahagialah sambil dihiburkan para artis jelita, tatkala saya sendirian di sini mengenang nasib diri. Cewah ha ha.

Saya tak minta Dr Mahathir tolong saya.

Dr Mahathir janganlah sedih. Saya lagi teruk sebab di Malaysia, saya tidaklah bernilai apa sangat. Ada orang kata saya cuma low class, poor education; melayu bodoh, nenek saya pula cuma buruh saja bukanlah engineer proton yang terlalu hebat berilmuan tinggi yang amat berharga pada negara.

Sejujurnya, saya rasa tidak disayangi oleh orang yang kata semua tu pada saya. Dr Mahathir pernah tak rasa sebegitu, sebab kata orang takdir ada hikmahnya. Dr Mahathir tak terima pun idea-idea saya, jadi saya memahami rasa dibenci itu.

Semoga Allah SWT menyayangi saya. Itu yang terbaik.

Timmy Ti – during Mahathir’s time ALL of us can speak freely. As long as the topics are not sensitive such as race..religion..security of the country. Tengku Razaleigh..Musa Hitam..Lim Kit Siang..Karpal all spoke openly and criticized Mahathir as long as the subjects are not sensitive to other races. During the same period, Spore was ruled by Lee Kuan Yew. He ruled with fear. No one is allowed to criticize him at how he runs the country. Those who spoke OPENLY against him will either be jailed or banished from Spore till today !. Now u compare LKY with Mahathir. Who is more cruel in running the country. In Malaysia those who criticize sensitive issues will be charged under ISA. This is not a prison term but you be remanded for only a certain period and then released. If its a prison term I am sure Lim Kit Siang is still rotting in the prison now.

Different in Spore. U go to prison and serve yr term!. If the gment finds u to be dangerous they take away yr citizenship and chased you out of the island. Those that were sent to prison or banished were not only politician but ordinary citizens who were slightly brave enough to criticize the gment.

In Malaysia only politicians and religious extremist or those suspected of terrorism are charged under ISA. Ordinary citizens can still voice their grievances through the STAR..Sin Chew Jit Poh..Utusan..etc.etc. No problem

Last but not least..if u find this gment rules with fear then migrate to the USA..UK..Australia or even Spore. I like to see whether those people treat you fair and nice. Or whether u allowed to stand at a junction and shout that the gment is shit. Just try it.

Salam Tun,

in reply to Timmy Ti,

I say man you claim Malaysia is the most corrupted country on earth? I tried to verify your stupendous claim from reliable sources but still cannot find any.

But I concur with you that corruption is rampant in Malaysia but most cases occur in the private sector where kickbacks and ‘I scratch your back you scratch mine’ is practically the norm. The Chinese especially love this practice very much.

By your own corrupted thinking if ISA is the cause then Singapore must be a bigger culprit because they still have ISA !

Of course the Chinese love Singapore very much so they wouldn't even dare to criticize them even though if you study carefully Singapore's media is practically a more hip and happier version of North Korea.

You talk cock and you expect people to believe your crap.

Kerjasama politik diantara Parti Islam Se-Malaysia (PAS), Parti Tindakan Demokratik (DAP), Parti Keadilan Nasional (KeADILan) dan Parti Rakyat Malaysia (PRM) bermula ketika Pilihan Raya Umum ke 10 (PRU10) diadakan pada tahun 1999, setahun selepas Datuk Seri Anwar Ibrahim dipecat daripada jawatan Timbalan Perdana Menteri Malaysia. Kerjasama politik keempat-empat parti tersebut ketika itu dikenali sebagai Barisan Alternatif (BA) yang bermatlamatkan untuk mengurangkan majoriti Barisan Nasional dalam Pilihanraya. Hasilnya pada PRU10, BA telah berjaya meningkatkan jumlah kerusi mereka dalam Parlimen dan Negeri Terengganu berjaya ditawan oleh PAS.

Dear Tun,

I cannot represent the Rakyat but I am one. I am not concerned whether UMNO will win or lose the next general election. If UMNO loses as TUN expected it, another Party which the Rakyat prefer governs this country. If UMNO/BN is still interested in gaining back the support of the Rakyat, then good/sincere efforts shall be made to attain that. Winning or losing an election is just a concern at the party level.

What really concerns me is the well-being of this nation. Are we heading to a state of no return, to somewhere where collapse is inevitable. There are already ample examples of countries going bankrupt and the pain those nations had to endure. Are we making history of this kind after a good 58 years of independence?

It is unfathomable that our nation be let destroyed after all the hardship and challenges our forefathers had overcome in making this country independent. It is indeed very painful to watch the nation's achievements, the development, etc., made mostly during your time, being torn down piece by piece without mercy.

I don't see we have a good future, just like you don't see UMNO have a winning chance in the coming election. I really appreciate your courage and relentless efforts in pointing out bad administrations openly.

Thank you, Tun.

Assalamualaikum Tun Mahathir,

Terima kasih atas usaha Tun mengkritik Najib yang takut bini tu.

Saya sudah terlalu meluat dengan muka Najib dan Rosmah.

Next election saya, keluarga dan kawan-kawan akan mengundi PAS saja kerana meluat dengan cara Najib mentadbir negara. Bagi saya dia cuma bijak sedikit dari bodoh. Saya meluat dengan beberapa perkara dalam penyadbirannya:

1. harga rumah yang naik melampau – kenapa kerajaan gagal mengawalinya seperti mewujudkan database pemilikan 1 rumah untuk 1 rakyat atau 1 rumah untuk pasangan suami/isteri
2. pemberian br1m – sepatutnya kerajaan fokus pada golongan miskin dan susah sahaja
3. 1MDB – tiada ketelusan dalam pengurusannya
4. pemimpin takut bini – hampir semua orang percaya keyataan ini
5. kurang penguatkuasaan – pembalakan haram berleluasa, penyeludupan minyak ke luar negara seperti Thailand, membentaras rumah perjudian/tempat pelacuran dan byk lagi
6. matawang negara yang semakin merudum – kesannya hutang negara bertambah
7. membiarkan tambak bengkok penghubung Johor – Singapura terbiar
8. kepimpinan yang lembik – mengikut cakap pembangkang
9. kegagalan merampas Selangor kepangkuan UMNO adalah penanda aras kejayaan politiknya di peringkat nasional. Jika dia bertanding di Selangor, saya yakin dia tumbang
10. berbelanja wang negara melebihi pendapatan
11. Memperkenalkan GST tidak sesuai masa
12. Inflasi yang semakin meningkat

Kami tetap di belakang Tun. Biarkan Najib rebah bersama penyokongnya kaki ampu dan kaki bodek berterusan mengkritik Tun. Saya harap Tun sentiasa tabah mengharungi dugaan ini.

Kami hidup tenang dan meyakinkan di bawah pentadbiran Tun tapi amat risau era Abdullah Badawi dan Najib. Lebih risau masa depan Melayu / Islam / Bumiputera di Malaysia.

Saya berpendapat PM Najib perlu jemput Tok Det berbincang secara langsung di TV... jika PM berani ambil keputusan untuk abolish ISA to looks more open and transparent in the public eyes..he should shows... .lead by examples.. firm and accountable with what has been done.
PM Najib perlu berani luahkan dan jawab semua tuduhan.. silent is not an option lebih lebih lagi di zaman sekarang...maklumat tersebar dgn pantas..

This is what I like about you sir. You speak and answer right to the point. As for PM Najib, I pity him because he is a good man. But I heard and read from internet that he is being control by his wife Rosmah (more like a queen control). I don't know how true. But if it is so, then I also would like to say here that Najib is not fit to be PM. A leader especially being a husband, he must know how to control and contain his wife 1st before he can control others. If he is afraid of his wife then I am sorry to say that he better resign lah. Buat malu orang Bugis sahaja.

Tun, what is your opinion on these:

Priority level, humanity... is like rubbing salt on victims wound. Shopping at Pavillion (high end goods) when plane was down. ... moreover the passengers were foreigner... diplomatic skill nil.

Lead luxurious, high profile life... branded expensive from head to toes....did they know what the citizen feel?

MIA, missing in action on critical moment. Used law to oppress when unable to answer questions and doubts.

Wastage, uncontrollable spending. I warned when oil price is low and will fall further, gov never listened, they ridiculed and harass me and keep spending... now, cash flow has problem...

Now our debt multiplied, not focusing on how to revive the ringgit nor economy, instead focusing on how to collect the tax only.... My fear is debt will exceed trillion even tax unable to cover... we will be another Greece.

Clueless... did he learn anything from Tun, during your administration? Why he kept harass me, follow me with spies and police, even my lecturers (I'm speechless) just to get idea from me...

'hire people to give idea, not harass people'

No segregation of top level administration from fund management cost millions and billions loss.

So much extra expenses, billions of them, a lot actually can be used for Sabah and Sarawak infrastructure development. Now, the development gap has widen even further, between east and west.

What self inflicted masochism. Najib is just continuing the hanky panky policies founded during ur time n now firmly set in stone.

Ariel Sharon was indicted for mass murder in Lebanon.

Ex President katsev was jailed 10 yrs for rape n power abuse.

Ex premier Olmert is awaiting sentencing for corruption.

All above was charged when still in office. Over here?

Memang pun...

Populariti dan ke'glamour'an; ia akan hilang bila kita dilupakan
Pangkat dan jawatan; ia akan hilang bila kita diberhentikan
Harta kemewahan; ia akan hilang dan habis dibelanjakan
Hidup ini memang penuh dengan dugaan

Akan tetapi...

Semua ini bukan bermaksud kita tidak perlu ada harapan
Kita patut ada impian sebab impian itu lah semangat
Kita harus berusaha demi mencapai matlamat hidup ini
Tepuk dada tanya selera, apakah itu matlamat kehidupan anda?

Adakah ia...

Memudaratkan jiwa anda
Berserabut dengan minda anda
Melupakan siapakah diri anda?

Memanglah bukan senang nak jadi senang

Tapi biarlah hati kita ini tenteram semungkinan yang boleh
Biarlah jasa baik dan sumbangan kita sahaja yang berkekalan
Walaupun tidak di dunia tapi di syurga

Assalamualaikum Tun,

Saya setuju 100% dengan pendapat tentang hal masalah negara kita dengan pemimpin yang tidak menjawab soalan-soalan yang perlu diketahui oleh rakyat sendiri. Sebelum itu saya ingin mengucapkan takziah atas peninggalan Tan Sri JJ dan Datuk Azlin baru-baru ini. Saya melihat sendiri pengebumian Tan Sri JJ di Masjid Negara dan bertembung dengan Dato Sri Najib dan juga pemimpin-pemimpin lain yang turut hadir. Saya amat risau akan negara kita, akan rakyat, akan UMNO dan juga melayu kita terjejas di masa hadapan jika hal ini berterusan sedemikian rupa. Jelas saya lihat mata wang Ringgit jatuh begini teruknya dan secara langsung hutang negara meningkat tinggi. Apakah muslihat dan agenda yang ingin dilakukan oleh PM sendiri sehingga saya dan keluarga berbeban nasib yang sedih seiring dengan Tun. Alangkah baiknya jika saya dapat bertemu janji dengan Tun sendiri di pejabat Tun lebih banyak boleh dikongsikan cerita dan pendapat masing-masing tentang hal negara kita. Niat baik dalam melakukan sesuatu pasti mendapat ganjaran yang lebih manfaat dan bermakna.

The truth about a ethically-guided democracy rather than a purely rights-based democracy is that it requires a truly ethical leader. Our past history offered us Malaysian sons and daughters who conducted the governance of the people with a sound judgment of ethics to promote shared wealth, citizenship unity and forward-looking commitments to national prosperity. Leaders may make mistakes and some bad decisions, but the bottom line is that any leader with firm ethical conscience should stop short from putting the rakyat in danger of economic, moral and morale, and social cohesion bankruptcy. Najib has the worst spot in Malaysia's premiership history, and really, UMNO chiefs should not be issuing statements of support (i.e. We stand behind the PM), when they themselves (the chiefs) have been elected by the people who no longer find they can tolerate Najib's elegant but weak and misdirected leadership. To you Tun, my thanks for the remembered times of national pride and glory – but as the common adage would remind us, good leaders come but once in a century. But I think we may override this scarcity by having good national leadership development programs (for MPs, Ministers, EXCOs etc) which makes compulsory the training for ethical leadership, economic acuity, agility in developing local, regional and global wealth, and the ability to design and implement a wholistic , well-

coordinated blueprint for Malaysia. Good leadership perspectives and skills rarely come by chance – even though the means of being elected/appointed to lead may themselves be fortuitous. In 2020, Malaysia SHOULD NOT BE and SHOULD NEVER BE in the ranks of third world countries, or riot-torn country. Malaysia today (2015) appears paralyzed, stung into a state of helplessness and confusion, awaiting the hand of fate to deliver us mercy, or God forbid, calamity and annihilation. We have not developed our nation and our people for almost 6 decades now post independence to be dragged down (yet again!) to this level of pessimism and helplessness, suppressed in our ability to think ahead or even act proactively because we are too worried about how 2015 will even end for most of us.

Tun

From their superficial and biased comments, these detractors rather not want to believe that Tun you are a person of honour and integrity and a Malay, I hereby reiterate what I have said about all those purported scandals again.

1. The total sum of the purported scandals was RM 51.3 Billions over a span of 22 years. Loss of RM 2.3 Billions a year. 1MDB alone incurred RM 42 Billions debt in 22 months and opaque.
2. All the scandals were transparent and the losses could be traced. Bank Bumiputra was a borderline case.
3. All the scandals were for a specific National Interest purpose either to protect the value of a natural resource or the currency within the parameters of Sovereignty, National Interest, Self-

Esteem. There is no suggestion or indication whatsoever that any money felled into Tun's pockets because the REAL IMPLEMENTATION OF THE TASKS WAS THROUGH HIS CLOSEST AIDES who dealt with the hoi-polloi. We do not expect the Prime Minister to use the phone to buy and sell like a remisier. Hence, the closest aides were responsible and should not have permitted matters to come to a head when things went wrong. They kept mum and carried on.

4. The RM 2.3 Billions per year losses for 22 years could be written off against an annual GDP of 7% as developmental charges as these were clear and transparent in the National Interest.

What was RM 2.3 Billions a year when the total asset stock of Malaysia was created by hundreds of billions of ringgits a year. Don't the detractors read figures ? The RM 2.3 Billions loss per year were pea-nuts concomitant with the fact that everyone made money during Tun's 22 year Administration. Since 2004, we saw the goodies defied gravity and flowed to the top.

5. The Tun cannot be a dictator or a thief when he single-handedly created the 3 million families Malay Middle Income Group which up-lifted the 3 million families non-Malay Middle Income Group by purchasing the goods and services of the latter by the former. (In 1970, Malay participation in the general economy was 2%, 70% of the best owned by the British, 25% of the 3rd rate assets owned by the Chinese). We just go to Penang Village or Secret Recipe restaurants and do a head count. The late Ruler (1959-2015), a dictator, screwed down the indigenous citizens from 100% in 1959 to 62% in 2010. This is the difference between Tun Dr Mahathir Mohamad, a Malay and the late Ruler (1959-2015). A thief has no brains and only know how to steal unlike the creation of money without money through ideas by the Tun – the 3 million families of Malays belonging to the Middle Income Group and the 3 million families of the non-Malays Middle Income Group now living side by side in peace and harmony due to the Tun's wealth creation through his ideas.

6. My Chinese friend was one of the first to be given a task by Tun. He found the task could not be accomplished. He told the Tun bluntly. There was no Mother of all scandals. He was loyal and honest. The first and the last.

7. In the mid-1980s, a foreign closest aide of the Tun boasted to Dr Goh Keng Swee and his cohorts in front of my Chinese friend's cousin that ' he had the good and the great of KL by the ear.' at the Singapore Island Golf Club. Later this foreign closest aide forced my Malaysian Chinese friend who represented a major Malaysian Trust to resign immediately from his Directorship of a Singapore blue chip company so that he could sell the lush properties Ardmore Park and Petaling Jaya to his personal friends. My friend resigned immediately to catch this stupid foreign closest aide in the Annual Reports concerning these sales. These are recorded forever. THIS IS SOLID PROOF WHAT THE CLOSEST AIDES DO WITHOUT THE KNOWLEDGE OF THE TUN who did not know from the point after giving his orders to what transpired via the phone etc. by the closest aide. Interestingly, this closest aide made so much in between the Tun and the next that he now collects Stradivarius violins at US\$ 5 millions a piece which he on-lends to the Singapore Philharmonic and not the KL Philharmonic. This enterprising closest aide was only a bag carrier for the General Manager of a small factory at JB.

8. From the few snippets of Tun's honourable attribute and integrity, we can clearly see the scandals were created by the closest aides for reasons best known to themselves.

9. IF I CAN VOUCH FOR OUR BELOVED TUN'S HONOUR AND INTEGRITY, I CAN ALSO VOUCH FOR THE LATE RULER'S (1959-2015) HONOUR AND INTEGRITY IN THE HORRENDOUS LOSS OF US\$ 108 BILLIONS BY SINGAPORE ON WALL STREET IN OCTOBER 2008. HE TOO WAS LET DOWN BY HIS DYSFUNCTIONAL APPARATCHIKS aka MERITOCRATS THROUGH FLATTERY AND THE FINE PERKS IN WALL STREET AND THE CITY WHICH THEY WERE NOT ACCUSTOMED TO.

It is good very good that the detractors or the nay-sayers bring up these scandals over and over again because these will only confirm the honour and integrity of our beloved Tun who cared only for our Malaysia and her Rakyat.

IT IS EASY TO TURN A GOOD PERSON BAD. BUT IT IS VERY DIFFICULT TO TURN A BAD FELLOW GOOD or IT IS IMPOSSIBLE TO TURN A GOOD FELLOW BAD OR A BAD FELLOW GOOD. Please take your choice.

MALAYSIA BOLEH ! MALAYS BOLEH ! MALAYSIANS BOLEH !

WHATEVER IT MAYBE TUN M...

Well I may not agree to some of Tun's policies and governance, but I still stand behind him. We the people all know, there is always money, wealth, fame and fortune behind the political scenario locally, and well maybe abroad too.

1. Ask any layman around. They all know that lately the key figure have their personal interest being on Top. Say what they like, it is true. Facts or rumours, it is true. However, most people would still prefer Tun M. Money gone...well there are something you see, there are something you use in everyday of your life. Most development and projects came up during his time.

2. You will hear the common statement that even though he is like that, he still leave something behind for the people. ada juga ikan kecil kecil untuk kita. Now this one, sampai tulang pun habis lor...

3. Yes, they harp on your roots. Tell me is there a real Malay, pure to to very bones and hair. I guess not. All are mixtures. Most people, either mixed of Thai descendant or Indonesian Descendant or even from India. I have yet to see the real real no mixed origin. Do not spit onto the sky, it eventually falls onto one's face.

4. Well, they say say that you are eyeing the position for your son. It could be true, it could be false. You are correct Tun, to a point when you say, you could have lifted your siblings up when you are in office. But then again maybe all your son, should only stay home. I wonder if they are would do that, if they are in office.

As I have said earlier, there are things that I may disagree during your times, but you have build the nation too that many are enjoying today. For that I Thank You.

Your effort to try and do something about the country's dilemma may be frail. They are all out to attack you. Is it because they are genuine or is it because they too have personal interest, gold mine, wealth and fortune that they are after? I wonder then.

Sometimes, I think the best lessons is life itself. I have always believe that Rust will eat it's own iron. Maybe, if your effort is not being appreciated, Let It Be !

Maybe only life itself can show them what the end is like. Then again it maybe too late to cry. A foreign newspaper wrote that this Country of ours is bound to collapse on its knees if the present leadership does not change the attitude in Good Governance. The most corrupted country in the world. Then again, it has been so right during your times. It is no more a habit, but it is a culture that has been sown. And as you sow, shall you reap.

Maybe we have been so comfortable in the way we are being nurtured that someday it is bound to collapse.

The Post Millennium Malay Dilemma. Sometimes, they don't deserve to be helped.

Just passing through with my 2 cents perspectives.

Still embraces ISD , Defamation ,firm rules & regulations

The Govt is the Father of a Nation

He command Respect despite Respect has to be Earned

The govt mould the Nation to what success it want to be

The Govt is the main circuit breaker of the Nation

If the circuit breaks the whole Nation will breaks and stays dark

The Prime Minister is major of controlling the Breaker

He is not strong and competence will now and then breaks the system

It has to be transparent but of cases it has to be in closed recorded secret doors
Its the Nation secret but it has to go recorded

The govt is contained by the Party elected
The opposition which job is to make things right
Not to destabilize as to meet their personal agendas , as what seen much on DAP , PKR
Seen in Anwar , Lim Kit Siang , Lim Guan Eng , Arbiga is just the Udang Kering and the
several of the Nasi Tambah. These will distorts the Nation as seen much of Anwar cases of
someone Asshole which affects the Economy and a waste of Malaysia valued time

What seen in Najib is not just him
Its also the people who are with him to put matters right
Najib cannot conclude , conclusion should be done by Cabinet after much Brain Storming
Najib wife , Rosmah must hand off as she is seen much as being the PM or they called it the
RM. She was never elected and Malaysia never recognize First Lady
This is not America
Behind a successful man is a Woman as much seen in LKY wife
Behind a Failed man is also a Women as now quite seen in Najib

It already show Najib is a Weak Leader
His first move of abolishing ISD and to nearly abolish Sedition is an indication
With the Billions of tripled Debts , the continuations falling of Malaysia Ringgit
and the Clumsy Unacceptable reasons to bank our money in Singapore that tells it all
Let me keep it I will secure the money .Look at the money I don,t have to eat
My Diabetics, my Heart problems , my flu , high fever will all be gone

The Govt need to implement National Serviceman
To strengthen the Nation , to mould the younger generations to a Disciple Matured path
and Govt will saves a lot than relying much on corrupted full time careered service man
It Helps It Helps a lot . It will be a Win for the Nation

We are giving time to Najib and his Team to Amend
We are not condemning nor We ask Najib to steps down
We are making matters right for Malaysia
That what matters out Great Leader Tun Mahathir is pulling, so am I
Tun has nothing of his own personal interest
About money ? An Old Man does not need much money
If its for his son , Tun can do it during his Ruling

Me Si Botak , Without asking him
He do it for Malaysia

When He could just rest with his wife at home
Watching TV , spending time with his grandchildren

Where is Pak Lah by the way
Oh ! watching Sandiwara bit its ok , It is his Right

Are'nt you not Great full to Tun Mahathir
Malaysia ?

Its important Najib must have an open heart to Tun,s touching

1. This is not about how Tun Dr M perform during his tenure as the PM. Tun have retired for good. Therefore please stop from going back throughout the whole 22 years of his tenure.

The rakyat wants to know what on earth happened with 1MDB and how it happened? That is all. Answers please – not character bashing session.

The rakyat will not be distracted that easily. This is not the 1990s or 1980s ladies and gentlemen!! Or do all of you think you are still in that era ??

And for the blind supporters, please don't be like frogs under a coconut shell. Do not treat the people like idiots.

Who likes to be treated like idiots? please raise your hand.

Thats the answer for GE14, if they choose to remain cozy under the coconut shells.

2. Answer all the criticisms and answer them with confidence and conviction. Don't sugar coat or give mumbo jumbo to confuse the people further. Enough of the twisting tongue techniques.

3. Tun Dr M is the rakyat who highlighted on these issues, and this is how the Government give an ANSWER ???!! Just imagine if the one who highlighted is just an ordinary rakyat? Come on man!! It is so lame!

4. I am a supporter of BN... but now with this attack on Tun Dr M, just because he asked a few questions....if this continue, I think BN need to be taught a very tough lesson. BN, you guys and

ladies better get your act together fast, or else seal your fate and prepare to become ordinary citizens like the rest of us, with no power YOU HAVE BEEN WARNED.

“Forward Thinking” atau Pemikiran Hadapan

1. PRK Permatang Pauh sudah pasti PR tambah majoriti.
PRK Rompin akan menyaksikan pengurangan majoriti BN.
2. “Vote Swings” berlaku kerana isu “glokal” yang meruncing namun pemerintah membisu seribu makna, spt biasa pendekatan “wait & see approach” diadaptasi dan ditafsir sbg “new politics” bagi gen Y & Z.
3. Kehilangan MH370 bermakna kehilangan kepercayaan terhadap pemerintah.
4. Peralihan kuasa presiden berlaku pada parti-parti komponen bn, namun tidak berlaku dalam umno.
5. Drama dicipta, masalah semasa diselesaikan oleh pemerintah, seolah pemerintah cekap merumuskan penyelesaian masalah.
6. “Continuum”, itulah kot kata kunci pada abad ini.
7. “Rakyat memberi mandat, dan saya sbg pm berkhidmat kepada rakyat.”
Kami tidak berapa nampak keberkesanan slogan tersebut.

Salam Tun,

Tun Dr Mahathir telah banyak berjasa kepada negara. Sumbangan Tun terhadap negara tidak terbalas sampai ke yauma kiamah.

Sebagai seorang negarawan yang matang, pintar, waras, bijaksana, berpandangan jauh dan berani serta bertanggungjawab, Tun telah mengemukakan kebimbangan tentang hala tuju kerajaan dan mendesak supaya ada ketelusan dan keterbukaan dalam pentadbiran demi kebaikan kepada negara.

Sebenarnya Tun Dr Mahathir telah mewakili 85% rakyat Malaysia apabila Tun dengan seorang diri tampil ke hadapan dan pohon penjelasan tentang 1MDB dan pembelian jet baru yang diguna oleh vvip yang telah disoal di parliament oleh pihak Pembangkang. Pada masa yang sama negara sedang menghadapi kepincangan ekonomi negara akibat kejatuhan nilai ringgit dan melancarkan cukai GST daripada semua lapisan rakyat mengumpul dana demi perbelanjaan mungkin termasuk 1MDB dan beli jet eksekutif baru.

Maka Tun memang ada hak membela dan menyoal kuatir berlaku penyelewengan dan kecurangan di kalangan mereka yang mengendalikan 1MDB sebab mereka yang bertanggungjawab sehingga kini mendolak dalik memberi jawapan.

Walaupun, YAB Perdana Menteri telah mengambil langkah2 mengarahkan siasatan terhadap issue2 yang dikemukakan. YAB Perdana Menteri juga telah mendakwa seorang ahli politik DAP atas sebab memburukkan nama baik beliau(defamation) atau menfitnah. Saya harap YAB Perdana Menteri lakukan kunjungan silaturahmi ke rumah Tun untuk menjelaskan dengan penuh ikhlas segala apa yang sebenarnya berlaku dan di samping menerima nasihat ikhlas daripada Tun.

Marilah kita pakat berdoa agar Malaysia dan kerajaan selamat aman damai dan maju, insha Allah.

Tun,

Berhubong dengan Konsortium Perkapalan yang di mileki oleh Mirzan,anak Tun.syarikat nya mengalami masaalah kewangan apabila berlaku krisis matawnag .Konsotium Perkapalan telah meminjam sabanyak US\$280 million untuk membeli sabuah syarikat perkapalan di Hong Kong.

Tun telah meminta MISC anak syarikat Petronas untuk membeli syarikat perkapalan milik konsortium tapi MISC setelah membuat penilaian hanya berani membayar sebanyak \$900 million.

Mirzan berkata jika ia terima harga tawaran itu ia akan mengalami kerugian. Ia meminta MISC membeli nya dengan harga \$1.3 billion ringgit baharu ia tidak rugi.

Tekanan di kenakan kepada Pertronas untuk membayar harga \$1.3 billion.

Tun memberitahu Tan Sri Rashid Hussein supaya memanggil Tan Sri Hassan Marican untuk makan malam di rumahnya dan Tun memberitahu TS Rashid, Tun akan datang ke rumahnya.

Dalam pertemuan dengan Hassan Merican di rumah TS Rashid, Tun memberitahu TS Hassan supaya menolong membeli syarikat Pacific Shipping dengan harga yang tidak merugikan Konsortium Perkapalan.

Hassan Marican dapat message dengan jelas.

Besoknya TS Marican memberitahu kepada Anwar Ibrahim, menteri kewangan apa yang berlaku di rumah TS Rashid.

MISC setuju untuk membeli Pacific Shipping dengan harga yang diminta oleh Miszan iaitu \$1.3 billion demi untuk mengelakkan ia mengalami kerugian.

Apabila selesai pembelian di buat oleh MISC, Mirzan memberi satu interview kepada Asia Wall Street Journal bahawa syarikatnya Konsortium Perkapalan mendapat keuntungan \$300 juta dengan penjualan Pacific Shipping kepada MISC.

Anwar berasa malu dengan Perronas kerana dana berasa dirinya di 'tipu' dalam pembelian oleh MISC.

Ia terus menuju ke Pejabat Tun dan berdepan dengan Tun berhubung interview Mirzan dengan Asia Wall Street Journal. Anwar mengeluarkan kata-kata yang kesat kepada Tun.

Tun berasa malu dan amat marah dengan outburst oleh Anwar.

Tun memanggil Daim dan menceritakan apa yang berlaku dan meminta Daim untuk mencarinjaian mesej Anwar dari Kerajaan dan party. Tun berkata Anwar ini amat bahaya jika ia terus dalam kerajaan.

Daim yang juga amat marah dengan Anwar yang menggantinya dan tidak mendengar cakupannya seolah orang mengantuk di surong bantal.

Daim berharap jika Anwar di pecat ia akan menjadi semula Menteri Kewangan.

Ini lah sebenarnya punca Anwar di pecat oleh Tun dari party UMNO dan kerajaan.

Cerita ini di beritahu kepada saya oleh Dato Affifuddin Omar yang pada masa itu Timbalan Menteri Kewangan.

Harap mendapat penjelasan dari Tun jika cerita ini tidak benar.

Salam.

Saya rasa Dato Seri Najib ni dah tersilap langkah by abolishing ISA. Dan Dato Seri Najib juga seharusnya ada sebuah team penguam atau penasihat yang mna harus dibentuk solely utk mengingatkan beliau utk menangani isu2 yg terdesak yg memerlukan jawapan dari nya. Malaysia is a country apa yg blh saya klasifikasikan as sensitif.Sensitif terhadap isu isu sebegini. Apatah lagi dgn PR yg amat senang menyelami hati rakyat utk membenci BN. Oleh kerana itu saya juga mengharapkan agar Dato Seri Najib dapatlah menjaga nama baik nya sendiri, nama baik almarhum bapa nya Tun Haji Abdul Razak dan yg saya takuti adalah jika beliau d kluarkan dari jawatannya dgn cara yg amat memalukan kel almarhum Tun Haji Abdul Razak. Saya nk komen panjang lg tapi buat masa ni cukupla sampai sini dahulu ya?

“But he did even worse than Abdullah, losing more badly in Selangor where he was the Head of UMNO. There are so many scandals surrounding him now. His popularity is now even lower than when he led the BN in 2013.”

Tun yg dihormati, ini memang benar. Izinkan saya member pendapat – according to the last Merdeka survey Najib Razak’s current approval rating is 44%. But not many people remember that in March 2013 during the GE13, the same survey recorded PMs approval rating as just under 60%. This means it has plummeted 16% since the last GE, what would BN performance be if the GE is held now?

Dear Dr. Mahathir Mohamad,

07th April 2015

WHO SHOULD RESPONSIBLE? WHO SHOULD TO BLAME? YOU BE THE JUDGE.

I am not a politician in any camp either BN or PKR. I am merely a Malaysia citizen holding a blue colour identity card. I am writing to you through your blog, "Chedet" that I want to convey my message to you as a pure Malaysia citizen.

As a Malaysian, I truly understand your feeling that you felt at this moment, especially you are well respected by many because of your longest serving PM for Malaysia. I wish to be like your daughter Marina Mahathir who can openly comments about whoever or whatever position in Malaysia, but I just cannot to do that because I am not the son of Tun Dr. Mahathir.

Dear Dr. Mahathir, recently I heard from the SwitchUp.tv that you said you had been patiently waited for 4 years to finally broke up your silent to comments about Najib administrative. In between you been advising him, Najib, but seems it didn't work so you think this is the better way to broke your silent.

DO YOU KNOW HOW MANY MALAYSIAN CANNOT AND DO NOT HAVE THE GUTS TO SPEAK OR BREAK THEIR SILENT?

DO YOU KNOW WHY DO MALAYSIAN DO NOT HAVE THAT PRIVILEGES TO SPEAK LIKE YOUR DAUGHTER MARINA MAHATHIR?

DO YOU KNOW WHO IS THE ONE WHO RESTRICTED ALL MALAYSIAN TO SPEAK OPENLY?

DO YOU KNOW WHY THE ACADEMICS SYSTEM BEEN CHANGING FREQUENTLY IN MALAYSIA?

It's you Dr. Mahathir Mohamad,

During your tenured as a PM for Malaysia; it's you who used ISA to restricted ALL Malaysian to speak openly.

Therefore those unfinished job during your tenured as a PM for Malaysia that had caused the Malaysia situation became so terrible that Malaysia is the most corrupted country in the WORLD.

“IF A LEADER SETS A BAD EXAMPLE, IT WILL BE FOLLOWED BY HIS SUBORDINATES.”

WHO SHOULD RESPONSIBLE? WHO SHOULD TO BLAME? YOU BE THE JUDGE.

Salam Yg Bhg Tun,

Tun mengatakan; “He also wanted to abolish the Sedition Act as demanded by the opposition. If UMNO did not object the Sedition Act would have been abolished. So is Najib a member of the opposition?” Dia membuat keputusan itu bersendirian. Bukan Tun seorang bersuara demikian tetapi mungkin ramai lagi. Boleh dibayangkan jika Sedition Act itu dihapuskan. Lebih banyak lagi penghinaan cerca secara terbuka kepada masyarakat Melayu Islam dan ugama Islam. Ditangkap pun tiada makna kerana tiada akta untuk mengaitkan kesalahan. Lebih banyak huru-hara akan berlaku. Akhirnya kekacauan berlaku. Mengapakah dia sanggup berbuat demikian. Mustahil dia tidak arif terfikir akan implikasi ini. Boleh diandaikan trend kepimpinan ini seolah sama dengan yang terdahulu yaitu dengan halus dan senyap sengaja mengujudkan huru hara dinegara. Harapan Barat terhadap negara Islam Malaysia ini.

Tidak perlulah lagi berpura2. Agenda itu sudah mula menampakan diri. Harapkan pagar, pagar makan padi. Kini cuma tinggal 3 tahun sahaja lagi untuk pilihanraya umum. 3 tahun ini untuk menentukan hidup mati UMNO/BN dan bangsa Melayu ini umumnya. Its now or never kerana 3 tahun tidak cukup untuk membaiki keadaan.

Kaum pembangkang kini senyap berdiam diri malahan menyerang pula siapa yang mengkritik atau bertanya kepimpinan UMNO/BN. Mereka tidak menyanyikan lagu Kangkung seperti dahulu akibat daripada kenaikan barangan GST. Kerana mereka tahu dan memastikan UMNO/BN akan jatuh dengan sendirinya.

Salam Tun.

Salam YAB & Yg diKasihi Tun,

1. Di sini kita boleh lihat betapa pantas Tun memberi jawapan kepada mereka yang menyerang Tun dengan tuduhan2 melulu tanpa tahu fakta sebenar. Ada juga yang menuduh Tun 'histeria' dalam mengkritik PM, tapi apa yang saya nampak 'bloggers bang*ng' (gelaran yang PM beri kepada bloggers yg dibayar, tapi 'tembak' balik Tuannya) yg memihak PM yang betul2 'histeria' sehinggakan nampak sangat mereka dibayar untuk menyerang Tun, sambil membela PM & isteri beliau. Cara mereka nampak kelakar..mereka 'serang' bekas PM yg sangat dihormati ramai. Bang*ng? Tun M cuma bertanya dan mengkritik, tetapi 'bloggers bang*ng' bukan menjawab soalan2 Tun dan menangkis kritikan menggunakan fakta, tetapi menyerang Tun dengan membabi-butu.
2. Soalan2 Tun masih belum lagi dijawab (lembab? 2-0), tapi Tun pula yang sudah menjawab isu2 yg dibangkitkan oleh para 'Jemuan & Pembodek' PM Ah Jib Gor yg memang bersungguh-sungguh mahu menjatuhkan kredibiliti Tun, tapi ternyata gagal.
3. PM lemah, lebih pro-Pembangkang dalam membuat keputusan (banyak merugikan Bumiputra/Islam/Negara), liberal & tiada jati diri Melayu (tapi Presiden UMNO), tidak tahu ('blur/clueless') banyak perkara yg berlaku di sekeliling beliau, suka membazir, terpalit dengan pelbagai isu/skandal (tidak ditangani dengan baik), dan juga buat 'pekak badak' saja bila Tun M (yang senada dengan majoriti rakyat) menegur/mengkritik beliau/Kerajaan.
4. Jadi, dengan segala hormatnya, saya mohon PM meletak jawatan. Jangan nanti rakyat yang terpaksa bertindak pada PRU-14, dan akibatnya amat buruk kepada BN/UMNO, dan ini yang Pembangkang nanti-nantikan.

Terima kasih Tun.

*** Semoga Allah SWT sentiasa melindungi Tun sekeluarga. ***

Assalamualaikum Tun,

Tun,

Izinkan saya menyatakan kebenaran.Kebenarannya ialah orang-orang melayu sebenarnya hilang tempat bergantung.Walau tongkat berganti dengan paruh.Paruh yang menikam dada.

Tun,

Mungkin ada ada sesetengah pihak mengatakan kita tubuh parti yang baru dan Tun adalah pengasasnya,tp tahukah kita orang-orang melayu semakin berpecah?Kita tidak mampu menghadapi satu lagi perpecahan yang timbul sebab itulah semagat 46 dan Umno bergabung kemabali.

Tun,

Terlampau ramai pemimpin yang hebat seperti Allahyarham Tun Dr ismail, Tun Daim,Tun

sendiri dan banyak lagi tetapi kenapa cara berfikir Pedana Menteri kita tidak seperti pemimpin-pemimpin terdahulu? Walau cara berbeza tapi asas tetap sama bukan? Iaitu mengutamakan hak-hak Islam dan Orang-orang bumiputra tanpa mengabaikan hak-hak bukan bumiputra serta berkongsi kekayaan negara bersama. ITUKAH YANG NAJIB BUAT? MEMIHAK KEPADA KITA KAH?

Tun,

Kenapa orang Melayu tidak berfikir seperti Tun? BERSATU PADA APA YANG KITA PATUT BERSATU demi kepentingan kita bersama. Bukan kecil langkah wira bangsa (maaf pinjam ayat Tun) untuk menjadikan Malaysia seperti ini. Terlampau banyak pergorbanannya.

Tun,

Saya hanya mengatakan hak saya sebagai orang Melayu dan kalau ada yang menyatakan saya racist... ia saya mmg racist. Tun I GIVE MY RESPECTS TO YOU.

terima kasih TUN

Assalamualaikum, Tun.

Pada hakikatnya, dalam PRU 505 yang lalu, PM telah berjaya memenangi kembali Kedah, di mana Datuk Mukhriz dilantik sebagai MB. PM juga berjaya mengukuhkan kedudukan BN di Perak. Bilangan kerusi yang dimenangi UMNO juga bertambah.

Mungkinnya NGO-NGO yang berbaur perkauman, yang diberi bantuan kewangan menyebabkan kekalahan di tempat-tempat tertentu dan pengikisan sokongan Rakyat.

Kami yakin PM akan memberi jawapan ke atas soalan-soalan yang dibangkitkan. Mungkin PM memilih masa yang betul untuk mengumumkan, demi mengurangkan pertikaian ke atas jawapan-jawapan yang akan diberi.

Saya amat menghormati Tun.

Saya adalah pengundi setia Tun walaupun Tun dihentam dari pelbagai sudut oleh pembangkang. Cuma sekarang ni perasaan meluat saya semakin bertambah bila melihat gelagat Tun. Saya juga sayangkan negara saya dan saya bukannya menyokong najib seratus peratus tetapi sejak akhir-akhir ini saya tak boleh menghalang diri saya dari meluat melihat gelagat Tun.

Maafkan saya Tun.
