

## **THE 2.6 BILLION DONATION?**

**Chedet.cc**

**26 August 2015**

**Tun Dr Mahathir Mohamad**

1. Dato' Sri Najib and his supporters should stop trying to convince Malaysians that the 2.6 billion Ringgit in his private account is a donation.
2. No one believes or can believe such a huge sum of money can be donated by anyone to Dato' Sri Najib or to anyone for whatever reason.
3. Explaining that it was given because of Malaysia's stand against the Islamic State is absurd as the Islamic State showed their brand of terrorism only in 2014 whereas the money came in in 2013 or before.
4. Saying that it is because of Malaysia's moderation in Islam is equally absurd as Malaysia had never been extreme in its practice of Islam.
5. Why 700 million dollars? Surely it is too big for the needs of Malaysian elections, except if it is to bribe the Malaysian electorate. Why should anyone want to bribe the Malaysian electorate so Najib would win. Malaysians have supported the BN without the need to be paid huge bribes by anyone, least of all by foreigners.
6. The new DPM says he has seen the Arab who gave the money. Then let him give proof that this Arab has huge sums of money to give away to Malaysia and many other countries. Which countries. What is the source of this money. What business does he do? What is the name of the bank he uses. Show his account in the bank, the cheques he issued, particularly the 700 million USD. The recipient bank should be holding these cheques.
7. All these information could have been verified by the task force of four. But Najib dismantled the task force by sacking the A.G., sending the head of MACC on leave, and accusing Bank Negara of leaking Government secrets.
8. Now the MACC is said to be still investigating the 2.6 billion. It is an emasculated MACC. If Najib is serious about investigating his 2.6 billion Ringgit in Ambank, he should reconstitute the original tasks force. A new task force filled with his people has no credibility.
9. Banks have to maintain banking secrecy. But banks are also required to report suspected money laundering. Malaysian banks, Singapore banks, Swiss banks and American banks must not keep secret their business with money suspected of being stolen. What have they done?
10. When stolen money is put through banks, the objective is to make it legal, to launder it. Yet the money has disappeared from Ambank because because the account was closed.
11. When the account is closed, it cannot mean that the huge amount of money is taken out in cash. It must have been transferred to another bank. Yet we don't hear of any bank anywhere reporting this money is with them. Two accounts are reported to be frozen in Singapore. Is that all. Surely the holder of the account should be investigated. But so far nothing is heard. Do the banks get to keep the

money! If it is not reported to the authorities for action to be taken, then effectively the money has been laundered.

12. If this is so then why have banks to scrutinise large amounts of money deposited with it. They might as well not scrutinise if the suspiciously huge amount of money, the subject of much controversy is just retained by them.

13. The public has a right to know because the public does not believe that the 2.6 billion Ringgit was a gift personally to the PM of Malaysia for him to win elections. Malaysians would not like to believe their candidate for the highest office in the country is a nominee of some person from another country. What will be his obligation to his supporters. Will he serve Malaysians or some foreign country.

14. Stop thinking that Malaysians are stupid.

VERSI BM  
DERMA 2.6 BILION

1. Dato' Sri Najib dan penyokong-penyokongnya perlu berhenti untuk cuba meyakinkan rakyat Malaysia bahawa 2.6 bilion Ringgit dalam akaun peribadinya adalah derma.

2. Tiada siapa percaya atau boleh percaya bahawa wang sejumlah besar itu boleh diderma oleh sesiapa kepada Dato' Sri Najib atau kepada sesiapa sahaja atas apa jua sebab.

3. Menjelaskan bahawa ia telah diberi kerana pendirian Malaysia terhadap Islamic State (IS) adalah tidak munasabah kerana Islamic State mulai menunjukkan jenama keganasan mereka itu hanya pada tahun 2014 manakala wang itu masuk pada tahun 2013 atau sebelum.

4. Berkata ia adalah kerana sikap kesederhanaan Malaysia dalam Islam adalah juga tidak masuk akal kerana Malaysia tidak pernah berpendirian melampau dalam amalan Islam.

5. Mengapa 700 juta dolar? Sesungguhnya ini adalah terlalu besar untuk keperluan pilihan raya di Malaysia, kecuali ia adalah untuk merasuah pengundi Malaysia. Mengapa ada orang yang mahu merasuahkan pengundi Malaysia supaya Najib boleh menang. Rakyat Malaysia telah menyokong BN tanpa perlu dibayar rasuah besar oleh sesiapa sahaja, lebih-lebih lagi oleh orang-orang asing.

6. TPM baru mengatakan dia telah berjumpa Arab yang memberikan wang itu. Jikalau begitu hendaklah ia buktikan bahawa Arab ini mempunyai sejumlah wang yang banyak untuk diberikan kepada Malaysia dan negara-negara lain. Apakah sumber wang ini? Apa perniagaan yang dia buat? Apakah nama bank yang dia gunakan? Tunjukkan akaunnya di bank, cek-cek yang beliau keluarkan, terutamanya USD700 juta itu. Bank penerima mesti masih memegang cek-cek itu.

7. Semua maklumat ini mungkin telah pun disahkan oleh pasukan petugas yang empat itu. Tetapi Najib telah membongkarkan pasukan petugas dengan memecat Peguam Negara, menghantar ketua SPRM bercuti, dan menuduh Bank Negara membocorkan rahsia Kerajaan.

8. Sekarang SPRM dikatakan masih menyiasat 2.6 bilion itu. Ia adalah suatu SPRM yang telah dilumpuhkan. Jika Najib serius untuk menyiasat RM2.6 bilion kepunyaannya dalam Ambank, beliau

perlu melantik semula pasukan tugas yang asal. Satu pasukan petugas baru yang penuh dengan orang-orangnya tidak mempunyai kredibiliti.

9. Bank perlu mengekalkan kerahsiaan perbankan. Tetapi bank-bank juga dikehendaki melaporkan pengubahan wang haram yang disyaki. Bank-bank Malaysia, bank-bank Singapura, bank-bank Switzerland dan bank-bank Amerika tidak patut merahsiakan perniagaan mereka yang melibatkan wang yang disyaki dicuri. Apa yang telah dilakukan mereka?

10. Apabila wang yang dicuri dimasukkan melalui bank-bank, objektifnya adalah untuk menjadikan ia halal, untuk menyucinya (launder). Namun wang itu telah lesap dari Ambank kerana akaun itu ditutup.

11. Apabila akaun ditutup, ini tidak bermakna bahawa jumlah wang yang besar itu dibawa keluar secara tunai. Ia semestinya telah dipindahkan kepada bank lain. Namun kita tidak mendengar mana-mana bank yang melaporkan wang ini ada pada mereka. Dua akaun dilaporkan dibekukan di Singapura. Itu sahajakah? Sesungguhnya pemegang akaun perlu disiasat. Tetapi setakat ini tiada apa yang kedengaran. Adakah bank-bank boleh ambil wang ini! Jika ini tidak dilaporkan kepada pihak berkuasa untuk tindakan yang perlu diambil, sudah jelas wang ini telah dicuci (laundered).

12. Jika ini adalah demikiannya, maka mengapa bank perlu meneliti sejumlah wang yang banyak yang didepositkan dengannya. Lebih baik mereka langsung tidak meneliti jika jumlah besar yang mencurigakan itu, yang menjadikan subjek penuh kontroversi ini, disimpan sahaja oleh mereka.

13. Orang ramai mempunyai hak untuk tahu kerana orang ramai tidak percaya bahawa RM2.6 bilion adalah hadiah peribadi kepada PM Malaysia untuk beliau memenangi pilihan raya. Rakyat Malaysia tidak mahu mempercayai bahawa calon mereka untuk pejabat tertinggi di negara ini merupakan penama seseorang dari negara lain. Apakah yang akan menjadi kewajipan beliau kepada penyokong-penyokong? Adakah beliau akan berkhidmat untuk rakyat Malaysia atau untuk negara asing?

14. Berhentilah berfikir bahawa rakyat Malaysia bodoh.

Salam Tun.

1. Satu ketika dahulu Rimba Emas pernah mengalami 'Short' selepas kiraan 'balancing' wang 'pety cash' ketika bekerja di sebuah bank pada tahun 90 an.

2. Jumlahnya tidaklah sampai 2.6 Billion tetapi hanya genap Rm 1000.00. Setelah kepastian tiada kesilapan transaksi keluar masuk, Rimba Emas pasti wang yang diterima pada awal dari penyelia tidak mencukupi dan akibat terkejar masa menyebabkan Rimba Emas tanda tangan mengakui jumlah yang diterima betul.

3. Kelalaian tersebut menyebabkan Rimba Emas terpaksa membayar jumlah wang tersebut walau pun tahu bukan Rimba Emas yang mengambilnya. Tiada kemaafan Rimba Emas terpaksa membayar wang itu segera tanpa penyiasatan atau membayar secara ansuran ibarat kesilapan atau kecurian dari pihak Rimba Emas.

4. Dalam kes 1MDB ini penyiasatan telah terganggu sedangkan pihak yang disiasat dibenarkan melalui tempoh membayar balik wang kerajaan yang bukannya sedikit iaitu jumlahnya berbillion. Apa yang Rimba Emas hendak tekankan disini bahawa soal wang wajib didahulukan dari penyiasatan sebagai mana yang dialami oleh Rimba Emas kekurangan wang pihak bank perlu dibayar dahulu baru soal kesalahan disiasat kemudian.

5. Ketika Rimba Emas bekerja di bank tersebut nampak bank telah memberatkan soal kewangan bank dahulu dari kuasa pekerja dan sistem yang diguna pakai.

6. Dalam soal 1MDB ini nampak kuasa dan sistem didahulukan dari mendapatkan wang dahulu sebelum penyiasatan. Adakah sebab ini menyebabkan seseorang yang menerajui sistem kewangan itu berani mengambilnya tanpa rasa takut ?

7. Kebetulan pula dalam kes ini wang hilang di kaburkan oleh hutang dan ada pula wang dalam akaun persendirian oleh yang membuat hutang. Hutang pula dibayar dari wang milik kerajaan. Kalaulah dikedatikan sepertimana yang Rimba Emas dikenakan oleh pihak bank maka tidakkah wang 2.6 billion akan di gunakan membayar wang hutang bukannya wang dari pihak kerajaan.

8. Hutang wajib dibayar dari wang pihak yang membuat hutang (si penandatanganan ) bukannya dari pihak yang memberi wangnya digunakan (kerajaan).

9. Malah yang membuat hutang ini merugikan wang milik kerajaan dengan faedah-faedah yang pernah merugikan negara-negara yang menanggung hutang seperti Greek. Adakah kerajaan pula yang terpaksa menanggungnya walhal yang membuat hutang oleh seorang pentadbir yang dipilih menggantikan yang terdahulu dan boleh diganti oleh yang kemudian.

10. Allah s.w.t yang akan melindungi bangsa Melayu daripada menjadi bangsat bukannya seorang yang mengelar dirinya pemimpin yang menentukan bangsatnya seorang Melayu. Ingat pepatah kita patah tumbuh hilang berganti walau pun Tuah hilang didunia Melayu tetap ada malah masih boleh berkuasa jika diizinkan oleh Allah s.w.t.

Wallahua'lam.

Salam Ayahanda CheDet..

Siapa lebih korup..? Tentulah orang Arab terutama Arab Saudi sebab depa mengajar dan beri duit 'derma' kat najib untuk manipulasikan pilihanraya dan perundangan Malaysia. Jadi, guru pengkorupnya adalah Raja Arab Saudi dan seangkatan dengannya. Diharap benda ni tak benar dan pihak istana negara terbabit sewajarnya segera me'nidak'kan pemberian derma penuh misteri ini demi membersihkan nama baik institusi pemerintahan mereka.

Hari raya haji dah dekat. Harap Ayahanda bersabar dan berdoalah yang terbaik untuk kita semua.. Inshaa Allah..

Dear Tun,

Also to note:

Najib has claimed the funds in his account were to be used to fight ISIS.

Ok. So the funds were to be used to fight ISIS. Please show proof of where the funds were spent to fight ISIS?

Secondly, to fight the DAP. Ok, Please show where the funds were spent in fighting the DAP.

Not for personal gain. MACC Need to audit is Bank Account and explain the funds going in and the funds going out....

Najib should transfer all funds into an UMNO Trust Account whilst the investigation is going on, He should do this immediately....

The man is a crook and deserves to be locked up

Well written Tun. Classic Mahathir.... Malaysians are definitely NOT stupid. So is the whole world. They are also definitely NOT stupid... We have a JOKER running the country. Unfortunately, Malaysia and Najib are fast becoming the laughing stock of the world... DONATION? Are we at the same level as Zimbabwe, Burundi, Chad or what? The leadership of the country has to change, and it better happen fast... If not, in the year 2020, 1 USD will be MYR 2020. This had happen to many countries before, for example Philippines under Marcos. Is Najib = Marcos and Rosmah = Imelda??? Hope not for the sake of all Malaysians, but what is happening in Malaysia today is certainly very worrying indeed..

Great insight by Tun Dr.M. I believe you. You are a good person. But can Malaysia be saved from Najib? Is Najib a bad person. Only Allah knows. Is obvious he is corrupted but keep denying. Can Allah make Najib fall ? as no one in Malaysia appears to have the ability to make it happens. Pray for the best happening.

Dear Tun,

I was a citizen under your premiership.

I grew up in Batu PAHAT under your administration and those days was the best of my years..

Me and my friends have always enjoyed ur leadership and style of steering Msia.

Hard talking and straightforward.

I'd like to thank you for championing this current 1MDB issue and pushing for a "correction"

Msia to prosper and continue to grow, we critically need a stable and the integrity of our institution must be protected. my biggest fear is Msia is being turned to be the next North Korea!

Dear Tun, u have always been our "father" of the country... we need your strong leadership again!

Thank you and May God bless u with continued health...

Salam Tun and fellow Malaysians readers,

It is quite simple, you don't have to continue to carry premiership and leading the nation when there is an obvious case of untrustworthy and suspicion like what is happening now in Malaysia. Just put a step back, let the authority continue the task and we are quite sure you will be remembered as a brave leader and like a famous Malay proverb always says "berani kerana benar" while not forgetting the nature/fitrah in this life, i.e, "the truth will prevail" surely, insyallah.

Dear Tun,

People can not stand the BS emanating from Najib and his cronies....They are just blatant lies, excuses.

1MDB and this 'donation' will end UMNO. That is a promise...And Najib has no one to blame but himself. Not even the Jews are involved in this man's immoral actions...

It is NOT a fact that Najib thinks Malaysians are stupid. He could proclaim a 'fairy' gave him the money...

The question is, what can be done about the inherent corrupt practises that is plaguing Malaysia?

Nothing... except protest. But even protest is now deemed illegal... the Malaysian System is built for Authoritarian Rule, and Complete Abuse of Power. Democracy is dead. All it takes is one Adolf to destroy a nation....

PKR has been trying to 'market' dismantling this Bad Bad System.

For the sake of the Rakyat, please support these reforms!!!

Tun

Singapore practises double standards in their own vested interests. It is not CORRUPTION. It is the RULE OF LAW !

In 2007, I received a cheque of US\$ 107,000 drawn on New York issued by the Trustees of my late father's Estate. I banked this cheque into OCBC Chulia Street Main on a Saturday morning. It was accepted for clearance. But on the following Monday, I received a call from the Bank which said that they have rejected my request. On Tuesday, I was at the front counter of the Bank and enquired from the Banking Hall Manager why the Bank rejected my cheque. I told her I knew all the Chairmen of OCBC and had been a customer of the Bank for decades. She appeared non-plussed with a look of fear in her eyes. I even told her that one of the signatories of the cheque was the nephew of Lee Kuan Yew. With no plausible answer forthcoming, I was forced to retrieve the cheque which I credited elsewhere.

A few days later, a report appeared in the Singapore Business Times which said that some customers of the Singaporean banks might sometimes be inconvenienced due to new regulations.

And now we have reports of Malaysia's public money in huge amounts being laundered through the Singapore Banking System without any hindrance whatsoever.

To quote Tun, " Stop thinking that Malaysians are stupid."

MALAYSIA BOLEH ! MALAYS BOLEH ! MALAYSIANS BOLEH !

Hello Tun, You are with all due respect stating the obvious. I am sure International banks are monitored by their respective regulating authorities, Malaysia included.

I am not a banker, or rich, however when sending money over \$10,000 abroad from America it was obligatory to fill in a government form. Thats not to say that a drug dealer for example wouldn't find a way to circumvent this, or that (honest) people just sent smaller amounts more regularly in order to avoid the paperwork.

Anyway, I hope all this sorts itself out in an honest and open way.

I'm not Malaysian by the way, however there are people out there who think I'm stupid!

Feel free to check out my profile and decide for yourself.

Salam Tun,

I believe not just Najib, but the whole newly-appointed 1MDB cabinet must go, in order to salvage whatever dignity, honor & trust left in UMNO. I am under the biggest voting demographic (same age as current news-spinner like Rafizi, KJ etc), and have always be a pro-Govt. I had my trust questioned during Pak Lah's era, but voted BN anyway due to being optimistic about Govt reform. But 2013 was probably my last vote for BN. Najib's era is so incredibly depressing & down-witted, with corruption, abuse of power, financial crisi, not to mention numerous act of God (missing planes, flood, earthquake).

Najib doesn't have to cater to those Pakatan malays to make them understand and support him ; he needs to cater to supporters like me & my demographic who had put him & his cohorts into office, all this while.

For the first time in my voting life, I AM READY TO MAKE A CHANGE!.

If this is the only way to cure the cancer, then UMNO as a whole will need to die entirely and reborn a new soul.

Its time Najib & all the ass-kissing, corrupted-money-minded, arrogant, good-for-nothing ministers pay the price for selling their soul to the devil.
