

THE PARIS ATTACK

Chedet.cc

23 December 2015

Tun Dr Mahathir Mohamad

1. Everyone, certainly every Muslim must condemn the dastardly attack by Muslims in Paris when more than 100 innocent people were killed. It was not one incident but it consisted of a series of coordinated attacks in different parts of Paris. It certainly gave Islam and the Muslims a bad image. It practically justified the claim that Islam is associated with terrorism.

2. Obviously, something has to be done to put an end to such attacks. The French Government is calling for a coalition of countries against the ISIS and against terrorism generally. The whole world seems prepared to join in the fight against ISIS in particular.

3. If we care to study history, we would not fail to note that such acts of terror have been escalating over the years. They are getting more and more terrifying and brutal all the time.

4. Those who feel concerned would notice that these acts of terror are largely confined to the Arab States in the Middle East. They began with the creation of the state of Israel on Palestinian land. The Palestinian Arabs were massacred and expelled from their country by Irgun and Haganah terrorist groups of the Israelis. They lost their land, their homes and their fruit orchards. They had to live in shabby refugee camps in other countries in the region. For well over 60 years they suffer the deprivations of displaced people. At first a few Arab countries tried to regain Palestine through conventional wars. From 1948 to 1982 they attacked Israel. But every time they were defeated as Israel was supplied with arms and money and even soldiers by America and the European countries.

5. The Arab countries accepted the fact that they could never win a war against Israel. So they ceased trying after 1982.

6. In 1987 Yasser Arafat set up the PLO Al Fatah group and started the first intifada. At first it consisted of Palestinian children throwing stones at Israeli tanks. The Israelis countered by shooting at the children, with rubber coated and live bullets killing many, arresting and jailing some of the others. Far from stopping the Israelis, they actually expanded their territories by building settlements on Palestinian land. This setting up of settlements in other people's land is totally unprecedented. Yet the world did not condemn Israel.

7. Then the Palestinians set up guerrilla units to attack the Israelis. The Israelis retaliated by bombarding and reducing to rubble Arab towns and villages. There were many arrests of Arabs, who were jailed without trial.
8. When the Palestinians sought refuge in Lebanon, Israel invaded Lebanon and massacred thousands of refugees in Sabra and Shatila camps. They forced the expulsion of the PLO from Lebanon.
9. The Palestinians resorted to suicide bombings. They did little damage but their action was described as terrorism. They also fired primitive rockets at Israel, with hardly any effect.
10. The Israelis retaliated by bombing, rocketing Gaza, Jenin and other towns until thousands died, hundreds of thousands wounded.
11. Rebuilding the destroyed homes was blocked by the Israeli blockade of building materials. The blockade also prevented supplies of food and medicine from reaching Gaza and other destroyed towns and villages. The survivors had to shelter in wrecked buildings and tents, exposed to freezing cold in winter. Until now they have not been able to rebuild their homes.
12. The Gazans made primitive rockets and fired them at Israel, as usual with little damage. Israel rocketed and bombarded Gaza invading it and destroying almost all the buildings including schools and hospitals.
13. Then Iraq was attacked by the American and British forces and Saddam Hussein was overthrown and hanged. Without a strong Government, the Sunnis and Shiahs began to fight each other, committing brutalities against each other. Under Saddam they had lived in peace.
14. Then the West urged the Arabs to overthrow the autocratic Governments of many of the Arab states. The result was chaos, anarchy and civil wars.
15. There is an uprising in Syria. The civil war destroyed the whole country. Four million Syrians fled the country. They suffered terribly. The same is now happening in Yemen.
16. The whole Arab world is in a state of turmoil as Arabs fight Arabs. Groups of Syrian rebels were trained, equipped and financed by foreign powers to fight against the Bashar Assad Government. The Government fought back.
17. Some of the rebels decided to use the weapons supplied to them by America to fight for the setting up of an Islamic State. To be noticed and to be feared they indulge in unheard of brutality. They slit the throats of innocent captives with short knives and they shot dead a lot of other innocent captives including teenage boys. They burnt alive some of their captives. And now they have expanded their activities to Europe, shooting innocent people.
18. While mounting military operations against these people are logical and will probably be fairly effective; the acts of terror and the killing of innocent people will not end. The death of leaders or killers will be replaced by new recruits who probably would be more brutal.
19. The only way to end the terror is to tackle the root causes. Among these will be the unstinting support for Israel by Americans and Europeans. This must stop.

20. The setting up of the state of Israel is a fait accompli which even the Arabs have to accept. They put their faith in the Stockholm agreement but Israeli oppression continued. They killed Yitzhak Rabin to ensure that peace will not prevail.

21. Killing stone throwing children, arresting them and jailing them for years without trial is excessive and criminal.

22. Building settlements on Palestinian land and excluding the Palestinian from what is their land, building roads on Palestinian land which the Palestinians are barred from using, erecting road blocks obstructing travel in Palestine by Palestinians, delaying pregnant mothers from going to the hospital until they gave birth to their children at the road blocks; building walls to split up villages, killing thousands of Palestinian refugees in the refugee camps, breaking into hospitals to drag out sick Palestinians for execution, illegally blockading relief food, medicine and building materials from reaching the Palestinians, arresting thousands of Palestinians and detaining them for years without trial, using them as hostages to exchange for captured Israelis, destroying towns, villages and the Gaza Strip with rockets, bombs, heavy guns, tanks and tractors, often destroying houses while the people are still inside and lots more, are still being committed by Israel.

23. All these things are wrong, are against the laws of all countries and of International laws and practices, against the norms of human behaviour, inhuman and immoral. But the Europeans who insist they believe in the rule of law, believe in human rights, in justice and fairplay did not condemn the Israelis, and certainly did not try to stop them. They even seem supportive of all the wrong deeds of the Israelis.

24. The world does not care for the sufferings and humiliation of the Palestinians. It's as if the Palestinians are not of the human race.

25. The sufferings of the Palestinian, the injustice towards them, the humiliation are felt also by other Arabs, even other Muslims. Angry and frustrated, humiliated, unable to retaliate conventionally, insulted over their beliefs and their faith in Islam, the Arabs and other Muslims had to retaliate, to give back as much as they can the cruelties perpetrated against them.

26. And so their so-called acts of terror escalated. The more they fail the greater is the brutality which they exercise. As no Muslim states are prepared to act, they attempt to set up their own state. Unable to launch a conventional war, they resort to what is described as acts of terror.

27. And the acts of terror will continue and escalate until there are some real effort to redress the sufferings, humiliation and injustice that the Palestinians, the Arabs and Muslims have been subjected to by the Israelis backed by the European and the Americans.

28. I have no sympathy for IS and abhor the kind of terror they indulge in. What they do is completely against the teachings of Islam and the accepted norms of human behaviour.

29. Terrorism is a bane on the life of ordinary people. They never know when they will be victims of terror. We applaud the idea of stopping acts of terror. But mere military action will not defeat terrorists. Only the removal of the causes of terrorism will do that.

30. The causes are known and have been listed above. Israeli intransigence must be stopped and the settlements and seizure of Palestinian land be reversed. When these things are done then only will

there be less frustrations and anger among Muslims and less resort to acts of terrorism. Failure to admit the causes will only lead to the continuance and escalation of acts of terror.

VERSI BM

SERANGAN DI PARIS

1. Setiap orang, sudah semestinya setiap umat Islam, pasti mengutuk serangan pengecut oleh orang Islam di Paris yang mengakibatkan lebih daripada 100 orang yang tidak bersalah terbunuh. Ia bukanlah hanya satu insiden tetapi melibatkan beberapa siri serangan yang diselaraskan di beberapa tempat di Paris. Ini semestinya memberikan imej yang buruk terhadap Islam dan umat Islam. Secara praktiknya, ia mengiakan tuduhan bahawa Islam ini berkait dengan keganasan.
2. Jelaslah, sesuatu perlu dilakukan untuk menghentikan serangan seumpamanya. Kerajaan Perancis menyeru pembentukan satu gabungan negara-negara menentang ISIS dan keganasan amnya. Seluruh dunia seakan bersedia untuk bergabung menentang ISIS khususnya.
3. Kalau kita bersedia mempelajari sejarah, kita tidak akan gagal untuk memperhatikan bahawa tindakan keganasan seperti ini sudah bertambah demi tahun. Mereka semakin dahsyat dan kejam setiap masa.
4. Sesiapa yang mengambil berat akan dapati bahawa tindakan-tindakan keganasan ini kebanyakannya terbatas di negara-negara Arab di Timur Tengah. Mereka bermula dengan terciptanya negara Israel di tanah Palestin. Rakyat Arab Palestin dibunuh beramai-ramai dan disingkirkan daripada negara mereka oleh kumpulan-kumpulan pengganas Irgun dan Haganah dari Israel. Mereka kehilangan tanah, rumah dan kebun buah-buahan mereka. Mereka terpaksa tinggal di kem pelarian yang buruk di negara-negara lain di benua tersebut. Selama lebih 60 tahun mereka menderita dengan serba kekurangan golongan yang disingkir. Pada mulanya, sebilangan negara-negara Arab cuba untuk merampas semula Palestin menerusi peperangan-peperangan konvensional. Dari tahun 1948 hingga 1982, mereka menyerang Israel. Namun, setiap kalinya mereka tewas kerana Israel dibekalkan dengan senjata dan wang serta bala tentera oleh Amerika dan negara-negara Eropah.
5. Negara-negara Arab menerima hakikat bahawa mereka tidak akan memenangi peperangan menentang Israel. Jadi, mereka berhenti mencuba selepas tahun 1982.
6. Pada tahun 1987, Yasser Arafat menubuhkan kumpulan PLO Al Fatah dan memulakan gerakan intifada yang pertama. Pada mulanya, ia melibatkan kanak-kanak warga Palestin membaling batu ke arah kereta kebal milik Israel. Tentera Israel membalas dengan menembak kanak-kanak dengan peluru disaluti getah dan peluru hidup yang membunuh ramai kanak-kanak, memberkas dan memenjarakan kebanyakan daripada mereka. Jauh sekali daripada menghentikan tentera Israel, mereka sebenarnya meluaskan kawasan dengan membina penempatan di atas tanah rakyat Palestin. Pembinaan penempatan di atas tanah milik orang lain tidak pernah berlaku sebelum ini. Namun, dunia tidak pernah mencemuh Israel.
7. Selepas itu, rakyat Palestin menubuhkan unit-unit gerila untuk menyerang Israel. Israel membalas dengan mengebom dan menjadikan bandar-bandar dan kampung-kampung orang Arab runtuh batu. Ramai orang Arab ditahan dan dipenjarakan tanpa pembicaraan.

8. Apabila rakyat Palestin mencari perlindungan di Lebanon, Israel menyerbu Lebanon dan membunuh secara beramai-ramai ribuan pelarian di kem-kem Sabra and Shatila. Mereka memaksa penyingkiran PLO Dari Lebanon.

9. Rakyat Palestin beralih kepada pengeboman tekad mati. Tindakan ini menyebabkan kerosakan kecil tetapi tindakan mereka dianggap sebagai keganasan. Mereka juga melancarkan roket-roket kuno ke arah Israel yang tidak memberikan sebarang kesan yang ketara.

10. Israel membalas dengan mengebom, melancarkan roket ke arah Gaza, Jenin dan bandar-bandar lain hingga menyebabkan ribuan mati, ratusan ribuan cedera.

11. Membina semula rumah-rumah yang telah musnah dihalang oleh Israel dengan sekatan bahan-bahan pembinaan. Sekatan itu menghalang bekalan makanan dan ubatan sampai ke Gaza dan bandar-bandar serta kampung-kampung lain yang termusnah. Mangsa-mangsa yang terselamat terpaksa berteduh di bangunan-bangunan dan khemah-khemah yang ranap, mendedahkan mereka kepada kesejukan di musim sejuk. Sehingga kini, mereka tidak berupaya untuk membina semula rumah mereka.

12. Rakyat Gaza membina roket-roket kuno dan melancarkannya ke arah Israel, seperti biasa dengan kesan kerosakan yang kecil. Israel melancarkan roket dan membedil Gaza menaklukinya dan memusnahkan hampir keseluruhan bangunan-bangunan termasuk sekolah-sekolah dan hospital-hospital.

13. Selepas itu, Iraq diserang kuasa Amerika dan British dan Saddam Hussein telah digulingkan dan digantung. Tanpa sebuah kerajaan yang kuat, Sunni dan Shiah mula bergaduh sesama sendiri, melakukan keganasan sesama sendiri. Di bawah pemerintahan Saddam, mereka hidup dengan aman.

14. Kemudian, Barat menggesa orang Arab menggulingkan kerajaan autokratik banyak daripada negeri-negeri Arab. Hasilnya, ialah keadaan yang huru-hara, anarki dan perang-perang saudara.

15. Berlakunya pemberontakan di Syria. Perang saudara itu memusnahkan seluruh negara itu. Empat juta rakyat Syria lari meninggalkan negara itu. Mereka amat terseksa. Perkara yang sama berlaku di Yemen.

16. Seluruh dunia Arab berada dalam keadaan kacau-bilau kerana Arab menentang Arab. Kumpulan-kumpulan pemberontak Syria dilatih, dibekalkan senjata dan ditaja oleh kuasa luar untuk menentang Kerajaan Bashar Assad. Kerajaan tersebut melawan balik.

17. Sebilangan pemberontak tersebut memutuskan untuk menggunakan senjata-senjata yang dibekalkan oleh Amerika untuk menjuangkan penubuhan sebuah Islamic State. Agar mendapat perhatian dan ditakuti, mereka terjerumus dalam keganasan yang luar biasa. Mereka menyelar leher tebusan yang tidak bersalah menggunakan pisau pendek dan menembak mati ramai tebusan yang tidak bersalah termasuk remaja lelaki. Mereka membakar hidup-hidup beberapa tebusan mereka. Dan sekarang mereka telah meluaskan aktiviti-aktiviti mereka ke Eropah, menembak orang-orang yang tidak bersalah.

18. Sementara sokongan kepada operasi-operasi ketenteraan menentang golongan ini adalah logik dan berkemungkinan agak efektif; tindakan keganasan dan pembunuhan orang-orang yang tidak

bersalah tidak akan berakhir. Kematian pemimpin-pemimpin atau pembunuh-pembunuh akan digantikan dengan orang baru yang mungkin lebih kejam.

19. Satu-satunya cara untuk menghentikan keganasan ini adalah berdepan dengan punca-punca masalah. Antaranya ialah sokongan tidak terhingga untuk Israel oleh pihak Amerika dan British. Ini perlu dihentikan.

20. Penubuhan negara Israel adalah fakta yang sudah terjadi (fait accompli) yang orang-orang Arab harus terima. Mereka meletakkan kepercayaan kepada Perjanjian Stockholm tetapi penindasan Israel diteruskan. Mereka membunuh Yitzhak Rabin untuk memastikan keamanan tidak akan wujud.

21. Membunuh kanak-kanak yang membaling batu, memberkas mereka dan memenjarakan mereka bertahun-tahun tanpa perbicaraan adalah bertelalu dan zalim.

22. Membina penempatan di atas tanah rakyat Palestin dan mengecualikan rakyat Palestin daripada tanah milik mereka, membina jalan-jalan di atas tanah milik Palestin di mana rakyat Palestin dihalang untuk menggunakannya, membina sekatan jalan raya, menghalang perjalanan di dalam Palestin oleh rakyat Palestin, melengahkan wanita-wanita mengandung pergi ke hospital sehingga mereka melahirkan anak di sekatan jalan raya, membina dinding-dinding untuk memisahkan perkampungan, membunuh ribuan pelarian Palestin di kem-kem pelarian, memecah masuk ke hospital-hospital untuk menarik keluar rakyat Palestin yang sakit untuk dibunuh, menyekat tanpa sah bekalan makanan, ubatan dan bahan-bahan pembinaan daripada sampai ke Palestin, menangkap ribuan rakyat Palestin dan menahan mereka bertahun-tahun tanpa perbicaraan, menggunakan mereka sebagai tebusan untuk pertukaran bagi rakyat Israel yang ditangkap, memusnahkan bandar-bandar, kampung-kampung dan Semenanjung Gaza dengan roket, bom, senjata berat, kereta kebal dan traktor, selalunya ketika orang masih berada di dalamnya dan banyak lagi, masih dilakukan oleh Israel.

23. Semua ini salah, bercanggah dengan undang-undang semua negara serta undang-undang dan tuntutan antarabangsa, bercanggah dengan norma-norma perilaku manusia, tidak berperikemanusiaan dan tidak bermoral. Tetapi, orang-orang Eropah yang menegaskan mereka mempercayai kedaulatan undang-undang, mempercayai hak-hak manusia, keadilan dan saksama, tidak mengutuk Israel, dan sudah pastinya tidak pernah cuba untuk menghalang mereka. Mereka seolah-olah menyokong segala kesalahan yang dilakukan Israel.

24. Dunia tidak peduli dengan segala kesengsaraan dan penghinaan rakyat Palestin. Ianya seperti rakyat Palestin bukanlah bangsa manusia.

25. Kesengsaraan rakyat Palestin, ketidakadilan terhadap mereka, penghinaannya juga dirasai oleh orang-orang Arab yang lain, juga umat Islam yang lain. Marah dan hampa, terhina, tidak berupaya untuk membalas secara konvensional, dihina atas kepercayaan mereka dan keyakinan mereka terhadap Islam, orang-orang Arab dan Islam yang lain terpaksa bertindak balas, untuk membalas balik sebanyak mana kekejaman yang telah dilakukan terhadap mereka.

26. Dan dengan itu, tindakan-tindakan kekejaman kononnya semakin bertambah. Semakin mereka gagal, semakin hebat kekejaman yang mereka lakukan. Dengan sebab ketiadaan negara-negara Islam yang sedia untuk bertindak, mereka bertindak menubuhkan negara mereka sendiri. Tidak berupaya untuk melancarkan peperangan biasa, mereka bertindak seperti yang digambarkan sebagai tindakan keganasan.

27. Dan tindakan-tindakan keganasan akan diteruskan dan semakin memuncak sehingga adanya usaha-usaha jitu untuk membentaras kesengsaraan, penghinaan dan ketidakadilan yang dialami oleh rakyat Palestin, orang-orang Arab dan Islam oleh Israel, disokong oleh orang-orang Eropah dan Amerika.

28. Saya tidak ada simpati kepada IS dan amat benci jenis keganasan yang mereka ceburi. Apa yang mereka lakukan adalah bertentangan terus dengan ajaran Islam dan perilaku manusia yang diterima.

29. Keganasan adalah punca penderitaan kehidupan rakyat biasa. Mereka tidak tahu bila masanya mereka akan jadi mangsa. Kita mengalu-alukan idea memberhentikan tindakan keganasan. Tetapi tindakan ketenteraan sahaja tidak akan menewaskan pegganas-peggnas. Hanya penghapusan punca-punca berlakunya keganasan dapat membuat demikian.

30. Punca-puncanya semua diketahui dan di senaraikan di atas. Keras kepala Israel mesti dihentikan dan penempatan dan perampasan tanah Palestin mesti dipulangkan. Apabila perkara-perkara ini selesai dilakukan maka baru sahajalah kekecewaan dan kemarahan di kalangan umat Islam akan berkekurangan dan berkuranglah tindakan keganasan. Kegagalan untuk mengakui punca sebab hanya akan membawa kepada penurusan dan peningkatan tindakan keganasan.

Dear Tun,

The human race have been against each other since time immemorial. The story of Caine and Abel or Kabil and Habil, the sons of Adam and Eve (Adam dan Hawa). From time immemorial the reasons for this rift in humankind have always been jealousy and anger besides the greed to control and rule the world for power and sustenance of their human kind.

Clearly the ISIS is not Islamic in the way they portray themselves. If they are real Muslims they would be portraying themselves as good examples to others especially the non-muslims. It could be true that some kind of Dajjal force is behind all these race and religion fights for power and sustenance to rule this world. The Palestinians have become victims of a facade by those who say they retaliate for the plight of the Palastinians. These other Arabs want to justify their unislamic ways of killing, robbing, raping. All the doings only shaitan would condone.

The human kind will be hard to change. It's been proven since time immemorial. The Jew suffered terribly during the Nazi's. Now the Muslims. We can't say exactly who and who are the real culprits. As long as they are human race they will be fighting because they are all culprits in their own sense. For the world to open its eyes and see or address the real crux of the problem (of the Palestinians and Israel) I guess till the world comes to its end the story would be an unending one. Maybe it's been written in the stars.. wallahualam.

Take good care Tun Mahathir. Do keep on fighting for human rights. If the people of this world cannot see, Allah will see, even the smallest of our deeds. Even through the doa in our hearts when all else fail.

Love yah Tun and Tun Siti Hasmah too.

Salam Tun,

Tumpang laluan sedikit Tun.

Tulisan Brother Musanto mengenai PROTON tu amat bernas. Ingin saya tambah sedikit...

Perkataan utamanya adalah KEPERCAYAAN pada diri sendiri. Seharusnya kita perlu kepada ini. Boleh dikatakan selama ini produk hasil keluaran Proton berdasarkan produk luar yang dijanakan semula. Apa tidak cukupkah pengeluaran jurutera dari Universiti-universiti tempatan untuk menghasilkan produk-produk ini dari A hingga Z?

Saya rasa cukup, tetapi apabila dikenangkan ekonomi perniagaan, ianya lebih menguntungkan sekira penghasilan produk tanpa modal diperuntukan untuk pembangunan. Disinilah kita kalah kepada Korea. Mereka juga memulakan perusahaan kereta lebih kurang sama waktunya dengan kita, tetapi lihat dimanakah mereka hari ini.

Apakah bezanya? "Research & Development" mereka cukup hebat. Bilalah Malaysia secara keseluruhannya berani untuk menaruh kepercayaan penuh kepada anak tempatan untuk memajukan sektor ini?

Saya sendiri pernah meminta dari pengurusan Perodua untuk model mereka yang akan datang untuk dianalisa secara "computational fluid dynamic", yakni sebuah analisa yang boleh mengenal pasti kelemahan aerodynamic dan pembaikkan boleh dilakukan keatas model untuk hasil yang lebih baik. Jawapannya – telah dilaksanakan, tak tahulah jika ianya telah dibuat oleh orang kita atau orang luar.

Assalamualaikum Tun.

HBT,

Nampak gayanya pemimpin lain tak kenang segala apa yang Tun usahakan.

Sampaikan PROTON pun diaorang nak jatuhkan masa Lim Kok Wing kerja ngan Najib tempohari. Sekarang LKW dah resign mungkin sebab dah kena tekanan dari lingkaran ahli perniagaan lain.

Nampak segak Tun pakai bow tai. Mana tak resign LKW.

Bagi saya Tun buat sesuatu projek adalah hanya untuk Malaysia. Tapi manusia ni biasalah, Najib yang dikatakan anak didik Tun pun boleh melawan kerana jawatan. Sedangkan arwah Tun Razak mengangkat pengganti beliau kerana melihat bakat yang ada pada Tun.

Dalam hal ini Najib patut muhasabah diri.

Proton tidak akan berkembang selagi ia didominasi oleh bumiputera. Terdapat jarak kemahiran dan amalan perniagaan yang jauh dalam melaksanakan perkhidmatan pelanggan.

Semasa mahu membeli kereta, semasa ingin servis kereta dan juga semasa komunikasi dengan pelanggan.

Kalau mahu duit lebih, mulut mesti kena manis ma. Bukan mahu buat kelentong. Kalau mahu kelentong, mesti selesaikan urusaniaga cepat cepat baru pelanggan tak rasa terkilan sebab bayar lebih untuk khidmat pelanggan yang pantas.

Ini dah la kelentong duit, khidmat pelanggan pun lembap. Saya rasa itu beza antara kelentong orang Melayu dengan kelentong orang Cina.

Proton tidak akan ke mana sekiranya ianya masih lagi menawarkan imej proton sebagai kereta nasional.

Rakyat yang berduit di Malaysia tidak patriotik. Kalau ramai yang patriotik, Proton tidak akan berdepan masalah dengan jualan.

Mungkin ramai yang membeli kerana harga berpatutan dan mampu milik.

Harga Proton tidak perlu dinaikkan.

Tukar logo samakan dengan pengeluar lain, buang imej proton kereta kebangsaan (tapi tetap lakukan pengeluaran tempatan dan tenaga tempatan), buka peluang yang lebih kepada bukan bumiputera dalam hal khidmat pelanggan servis kereta dan pembelian kereta.

Tujuan utama proton diwujudkan adalah untuk mengeluarkan kereta nasional buatan tempatan dan menyediakan peluang pekerjaan kepada rakyat Malaysia.

Jika kerajaan sekarang dan seterusnya tidak mahu membantu, Proton sepatutnya terjun kepada perniagaan yang sepenuhnya, iaitu melibatkan kaum bukan Bumiputera secara aktif.

Proton memerlukan wang untuk R&D yang berterusan bagi menjamin pengeluaran yang berkualiti.

Dan wang ini akan diperolehi melalui mereka yang menjana wang.

Kerajaan tidak menganggap Proton sebagai kereta nasional. Itu cuma tanggapan dan kebanggaan rakyat.

Pendapat saya ini hanyalah hasil dari seorang rakyat biasa dan pengguna Proton.

Untuk laksanakan ini, berdarah jugak hati Tun agaknya.

Terima kasih Tun.

Salam YAB Tun,

Clearly, we have a leader in Malaysia who is willing to 'protect the security of Israel'.

Unfortunately approximately 51% of voters during PRU-13 voted for this 'lidah bercabang' opposition leader (who was the Opposition's candidate for the PM post).

///

2012 – Comment on Israeli-Palestinian Security

In an interview with the Wall Street Journal, Anwar Ibrahim stated, "I think our policy should be clear—protect the security [of Israel] but you must be as firm in protecting the legitimate interests of the Palestinians."

Thanks Tun.

32. Abang musato, you rasa proton perlu menaikkan harga pasaran mereka di negara in termasuk sabah dan sarawak?

33. Saya rasa mereka wajib menaikkan harga mereka supaya they can make profit margin in the next 10 years rather than relying bailout.

34. They shouldnt focus in manufacturing and property.

35. Instead, they should revive their expansion plan in trading and marketing for many years to come.

Assalamualaikum Tun.

Terdapat satu perkataan 'macai-macai' yang menjalankan tugas.

Mudah je PM kita jalankan tugas, dengan tunjuk jari dan sebut nama orang yang akan selesaikan masalah. PM tak payah fikir. Mudahkan?

Ada pulak Tun yang asyik fikir dan tulis tulis masalah kat blog ni. Lagilah mudah urusan mereka.

Dengan selesaikan apa masalah yang disuarakan oleh Tun, maka payment pun 'masyuk'.

Hidup sekarang hidup dihujung jari. Mudahkan mempergunakan orang?

Yang bezanya, orang berilmu bagi jalan penyelesaian gred A. 'Macai' bagi penyelesaian gred E.

Tapi apa nak ditakutkan. Dulu nama saya pernah kena blok kat <http://www.1Malaysia.com> kerana alasan komen yang merosakkan minda (masa mula-mula jadi PM)

Sudah tentu saya berasakan seperti diri saya dimatikan. Tapi hutang tetap terbalas. Najib terpaksa rehat atas alasan kesihatan. Demam campak ek? Cuti seminggu ek. Dah tak berapa ingat dah. Dikatanya tua tua demam campak lagi.

Sudah tentu idea idea saya di sini dicetak rompak juga. Tapi tak kesahlah. Perkhabaran untuk semua.

Orang cerita pasal internet, korang cerita pasal internet jugak.

Terima kasih Tun.

It is Sad very Sad indeed

Muslim Nation is at its lowest Morale throughout History

Failed to be United Failed to be Military Capable to Defend

Has triggered others to take a Ride on Muslim World

Allah flourished much of the Muslim Nation

With Richnest , with Oil and Rescources

As much as Allah has given Malaysia ,Indonesia ,Brunei

With Resources but Muslim Failed to Appreciate

Gifts of Allah to every Muslim Nation

As they are Divided and Rely much on Kafir for their Resources

As seen the Arabs rely on Western Technology and Military

Here Asis We Rely on the Chinese much for our Development

That indicates our Failure

We rely much on Western and US Weapons

How can we defend ourselves relying on their weapons

They will never sell their better weapons to us

It's simply common sense and stupid decision

Yet when we buy their weapons we feel we are equipped

Islam consent Military Build Up
Islam Uphold Sovereignty of an individual of a Nation
Muslim Failed to Realize this Lapse and now being Framed and Bullied

Muslim World must Strengthen their Military NOT Relying on others
Not to Inavde but able to defend its Sovereignty
Make our own weapons with our own knowledge
The West , US are not gifted in knowledge
But they work on it

As much as I observe and see France Attack , Sept 11 ,ISIS ,Taliban
The intentions of The West ,Israel, US politicians intention for a Regime change

It was never for a Regime Change

It was never Saddam, Assad ,Gadafii and all was Evil as Defame and accused by them

They may not be a perfect leader as much as US ,West never had a perfect leader

They know the weaknesses by instigating ISIS to create Chaos in Middle East that helps US and its intention a lot

Having seen that I also see Najib Razak

I smell Foreign Govt influence exist in Najib Ruling

Of all we know that Donations for UMNO is for Najib UMNO to stay put
not Malay UMNO

As Najib is an easy target for these influence to have what they want .

An Arab's donation for Najib for UMNO for what interest ?

Ridiculous .It must be from a Govt who has interest in much of the Malay and the Malay Leader

Stupidity .As seen much of the Govt Land being wasted by Najib YET Malaysia Debts is increasing .So
what benefits what progress does Najib do

Cash is King meaning Najib is easily bought with Cash

Like the West

What they did now is to make Syria , Libya ,Iraq and the many to Submit to them

Recent efforts by Russia to Unite The Rebels and Assad was Dismiss by US

Excuses by US is Its Premature for such an effort to unite them

It's seen US intention are never True They meant Bad as much as

Outside influences want Najib to still rule Malaysia

It is easier for them and it is already hard for us Malaysian as we are going now

These are indications ,Indications Don't Lie

On the Paris attack of which we all abhor and condemn, we must not forget the great arbiter of Humankind that is History.

This is basic. With this in mind, we permit ourselves to flash back to the Balfour Declaration (dated 2 November 1917) Wikipedia." His Majesty's Government view with favour the establishment in Palestine of a national home for the Jewish people...." This letter which was written to the Head of the British Jewish community, Walter Rothschild, was later incorporated into both the Sevres peace treaty with the Ottoman Empire and the Mandate for Palestine. From this point, the Arabs were not given equal treatment in everything or a hearing.

But the Declaration was in contrast to the McMahon-Hussein correspondence which promised Arab independence and control of their Middle Eastern lands in the limits and boundaries proposed by the Sherif of Mecca in exchange for revolting against the Ottoman Empire.

Perfidous Albion at play and not forgotten in history which gave birth to the State of Israel at the expense of the Palestinians legal and rightful ownership of Palestinian lands for 2,000 years.

After decades of ill-treatment, the Arabs in the Middle East lived in peace except for pockets of up-rising, we were suddenly confronted by the Arab Spring maneuver which gave rise to deaths of

hundreds of thousands and injuries and displacement to millions. Why ? It is because the huge Arab population divided into many different countries by the victors of World War 1, have no leader to this day. They are open to all sorts of ill-treatment by superior forces since the fall of the Ottoman Empire in 1919.

Take the case of Egypt, from the previous form of government under President Hosni Mubarak which had US\$ 5 Billions Aid per year from the United States into Democracy and then back to the previous form of government under President Issi with the US\$ 5 Billions Aid per year – after the deaths and injuries of thousands of good and innocent people.

How can people with superior powers and responsibility be so daft without considering the eventual consequences to Humankind and their own credibility ?

The West did not foresee that the Arab people had not known DEMOCRACY as they were the subjects of the Ottoman Empire since 1492. Their rulers have always been despotic and chosen for them by the Western victors after 1919.

Under Ghaddafi and Saddam Hussein, it was purported that the secret police murdered and suppressed the populace. Some of them were gassed in Northern Iraq. And with the excuse of Weapons of Mass Destruction, these despotic regimes were overthrown many years ago. To this day, there is still violent battles with no resolution, thousands of innocents died and millions maimed or displaced. Yet, where are the promoters of DEMOCRACY in this tragic lands today ? Millions of Arabs are now in a DIASPORA heading towards Europe and North America. What goes round, comes around !

From this Arab Spring Adventurism of no import but of wanton destruction, does the World have a CONSCIENCE like all civilised Humankind ? Do we the naive, friendly and hospitable Malaysians learn from the tragic circumstances of our fellow Humankind ? Or do we just believe what the relevant authorities tell us that our beloved Malaysia has sunshine and blue skies every day ? In time history will be our arbiter of our eventual destiny.

MALAYSIA BOLEH ! MALAYS BOLEH ! MALAYSIANS BOLEH ! THE WORLD AND SINGAPORE NOW LOVE OUR ICONIC UMNO ! UMNO BOLEH !

ISIS was created by the West to create chaos and sufferings in countries especially in the Middle East that are against the propaganda of the West. Hence Libya..Sudan..Iraq.and now Syria are being attacked relentlessly not caring for the death of thousands of innocent young and old.

I remembered in one of your famous speech at the OIC conference that you mentioned Israel use their proxies to create chaos and unrest not only in the Middle East but the whole world. The West immediately protested what you have said and if I can recalled not one Mid East country came to your side you defend what you have said.

Recently at the UN a Malaysian leader who proclaimed himself a ' Warrior ' shook hand with the No.1 KILLER in the world i.e Netanyahu. And he was smiling while shaking hand.

A true ' Warrior ' will not even like to share the same corridor or even the timing with his enemy going to the main hall leave alone to shake hand.

Now the ' Warrior ' is becoming closer to Obama and soon should Trump or whoever will become the next US President he may even become ' kissing cousin'.

Therefore before this happen, the Warrior should be replaced by a Real Warrior who will not sell an inch of this beloved land to foreign powers or proxies such as Spore, Australia, etc.

The incidence reminds us, Malaysian Muslims, to go for moderation. Being good Muslims, we must always remember that we are obliged to uphold values and principles of Islam.

Islam never teaches us to kill. That is not right. Now, hopefully, in Malaysia, such NGOs as PERKASA, ISMA etc. do not promote fanatic and racial thinking that spoils our young generation and nation's future.

ISIS is nothing but a propaganda for "GREATER ISRAEL PROJECT" as reported by many Western personals. e.g Ken O' Keefe

The strategy is well planned, the mission is also working as planned. Fleeing of Syrians to other parts of the world. The land will be occupied by Israelis and the resources will be claimed by them.

Unfortunate for the Europeans and Americans, The supply of counter-attack sources pointing back at them. whilst Israel doesn't care about the consequence to Europeans and the Americans. They have no choice but to accept the consequence and the massive refugees into their space.

Russia in the other hand, with the Orthodox- Christians majority, Knew the true story and into another plan. By attracting the Christians to be in the position to defense against the Zionism. However Either way, Islamophobia is the major strategy to step the feet into the Middle East.

Assalamualaikum Tun,

Saya ingin mengucapkan Selamat Menyambut Maulidur Rasul kepada semua brothers and sisters in Islam.

Rasulullah Habibullah saw sebagai manusia terbaik di muka bumi ini. Baginda dianugerah dengan keperibadian dan perwatakan yang istimewa kerana padanyalah terdapat contoh untuk diteladani. Rasulullah saw diutuskan di muka bumi ini adalah untuk menyempurnakan akhlak manusia. Basahilah lidah kita dengan berselawat kepada Baginda sebagai bukti cinta kita kepadanya, maka dengan perasaan cinta ini akan menyebabkan kita beroleh syafaat daripada Baginda pada akhirat nanti.

Tun, pelbagai ikhtiar dan cara telah pun dicari untuk mendapatkan penyelesaian terhadap krisis yang dihadapi di bumi Islam terutama di bumi Palestin yang ditindas dan dihalau oleh puak zionist israel yang kejam, zionist ini umpama serigala buas kerjanya hanya membuas siang dan malam setiap saat. Tun, ramai remaja Palestin sejak lahir hidup dalam suasana perang, daripada budak hingusan lastik burung, besar menjadi remaja kental sanggup bertarung nyawa dengan hanya menggunakan lastik dan batu sebagai senjata untuk mempertahankan diri. Malah remaja perempuan sudah tidak lagi berdiam diri dan menyorok dalam rumah, mereka bersama2 berjuang bersenjatakan lastik dan batu. Tetapi sungguh sedih Tun, puak zionist israel tanpa peri kemanusiaan sanggup membunuh remaja2 yang berani ini, malah remaja perempuan ditembak bertubi-tubi walaupun hanya menggunakan lastik batu atau pisau. Sangat menyanyat hati, sedih dan geram. Zionist israel lebih takut mati dilastik batu oleh remaja Palestin.

Tun, tiba2 terasa masa terlalu singkat. Dahulu kita merasakan dalam sehari dapat kita selesaikan banyak perkara, tetapi sekarang dalam sehari yang sama sedikit perkara kita dapat laksanakan. Adakah ini petanda kiamat hampir tiba Tun?

Tun, jangan gusar jikalau apa yang diharapkan seperti dirancang belum membuahkan hasil. Manusia merancang Allah SWT yang menentukannya. Masanya akan tiba jua dengan berkat kesabaran, cepat atau lambat hanya Allah yang lebih Mengetahui.

Tun, kejadian akhir zaman ini memang kian terasa, perlu renung pada diri empunya, lebih lagi saya yang hina ini, agar kita yang bergelar manusia tidak menyesal di hari muka.

May Allah Bless and Protect you Tun. May Allah grant you great wealth in health and happiness. Thank You and Take good care Tun.

Isis adalah sebahagian dari perancangan zionis menghancurkan Islam. US & UK berpura-pura menentang Isis utk mengaburi mata manusia. Rancangan mereka seterusnya adalah negara Islam lain dan bukannya ingin menyerang Arab Saudi, Turki masuk perangkap, Arab saudi takut kehilangan takhta, Iran tdk mempercayai negara2 Islam lain , Negara2 Islam Timur Tengah saling bersengketa sesama sendiri, seterusnya satu lagi negara Islam bakal tumbang.. Umat Islam dan negara2 Islam di benua asia di tindas dan hidup sebagai pelarian..Umat Islam di asia tenggara pula hanya tinggal menunggu pemimpin..perancangan zionis adalah melumpuhkan keimanan umat Islam dan menghancurkan negara2 Islam..ingatlah mereka sebenarnya ingin menawan arab saudi dan seterusnya menghancurkan kiblat umat Islam. wallahualam. sekadar teori.

Salam Tun,

Saban hari kita mendengar bagaimana rakyat Pelestine ditindas dan tanah-tanah mereka dirampas oleh pendarang Yahudi yang dilindungi kuasa dunia . Sunguh bermaharajalela mereka dan ramai yang menghalalkan perbuatan mereka.

Di Malaysia juga ,saban hari juga kita dengar ,tanah-tanah rezab Melayu diambilalih ,dan dengan alasan pembangunan, penduduk asal Tanah Melayu makin terpinggir kekawasan-kawasan yang jauh dari bandar dan sering dilanda banjir .

Bezanya di Pelistine ,kekerasan digunakan , di Malaysia pulak pengaruh memainkan peranan . Mungkinkah satu hari nanti kekerasan akan digunakan keatas mereka-mereka yang terpinggir ini apabila mereka mula bangkit menuntut layanan yang lebih seimbang ?.

1. ISIS di lahirkan oleh badan-badan risikan CIA , MOSSAD dan M16.
2. Di asas oleh empayar Zionis-Anglo-Amerikan.
3. Di cetus di Paris kerana ingin menakutkan rakyat Perancis disebabkan adanya agenda yang tertentu ?
4. Malah perang telah di cetus di Pakistan , di Afghanistan , di Syria , di Iraq , di Lubnan , di Libya dan di Palestin.
5. Terbaru kini dicipta di Somalia , di Nigeria , di Ukrain dan di Mali.
6. Tujuannya tidak lebih kerana harta kekayaan petroleum dan gas.

9. Semua katanya akibat penurunan harga minyak. Maka semua rakyat tidak kira yang miskin harus menanggungnya.
10. Dalam ekonomi kapitalis kaum pemodal mengaut keuntungan mudah dari pelaburan ramai rakyat jelata dalam masa yang singkat. Berbanding penggupulan secara individu yang memakan masa yang lama.

11. Peperangan antara negara kerana wilayah meluaskan ekonomi kapitalis adalah satu bencana kepada umat manusia.

Acts of terror by any groups must be condemned...

I condemn the 'Paris Attacks' by the IS.

I also condemn the acts of terror by the Israelis on the Palestinians.

And, I totally agree with Tun's opinion. In order to effectively overcome the acts of terror by IS and other extremists the ROOT CAUSES must be tackled. Tun has listed the root causes many times in the past.

But the main question is: "Who sponsor the IS?"

Thanks Tun.

Syeikh Abdul Qadir Al Jailani juga berpusat di Iraq.

IS juga bertempat di Iraq.

Kedatangan ke Nusantara oleh golongan terdahulu adalah kerana mengikut sebuah hadith Rasulullah saw (yang dimaksudkan tempat itu adalah nusantara).

Ketika ini berlaku sedikit peralihan. Malaysia sendiri dikatakan melalui proses teori RAHMAN dan RAHIM.

Dan dikatakan bahawa zaman RAHIM adalah zaman yang meningkat cemerlang.

As per the speeches given by the Russia's Premier, it is likely so.
