SANCTIONS

1. At a forum in UKM recently, Dr Chandra Muzaffar raised the matter of sanctions in international affairs and suggested that sanction is war by other means. Therefore it should be made a crime and that the campaign to make war a crime should include sanctions. 2. I fully agree with Dr Muzaffar that sanction is a crime.

3. In the past, during the numerous wars of the European nations, one of the most effective weapons was the siege. This consisted of cutting off communication of a city with the outside through positioning soldiers all round the city so that the citizens would be starved to death or surrender.

4. The concept has been “upgraded” so that whole country could be cut off from communication and trade with other countries. The effect is to starve and deprive the people of food and medicine until the country surrenders. It is another way of killing people as in war.

5. We talk a lot about the rule of law. We know that for justice to be done everyone must be equal before the law. No one should be above the law.

6. But sanctions can only be effectively applied by the powerful against the weak. There is no way for a weak country to apply sanctions against a strong power, indeed against another weak country even.

7. Against a strong country even the whole world or the United Nations cannot apply sanctions. The strong country can just ignore sanctions. There is no equality before the law. And therefore there is no justice. The rule of law cannot be applied.

8. What is worse about sanctions is that it is not the only country under sanctions which will be deprived of their rights, other countries which have trade and even friendly relations with the sanctioned country will also suffer the loss of trade and relations. This is so because if a country continues to trade with the sanctioned country, the powerful country can punish the recalcitrant by cutting off trade, denying banking facilities etc. In effect the other countries have to suffer sanctions as well.

9. We talk about free trade. We talk about borderless world. We talk about human rights. But the big power or power can deprive weak countries of all their freedoms with impunity.

10. Truly sanction is war by other means. It is an expression of might being right. It is cruel and inhumane. It denies the claim of the big powers that they want to see nations uphold freedoms including. It negates their assertion that trade should be free.

11. Since sanction is war, it should be made as criminal as other forms of wars, conventional or otherwise.

["It is very clear, Tun, that SANCTIONS only cause suffering to the ordinary folk who do not care about politics in any form. SANCTIONS are also ineffective as a War weapon in the present day 21st Century"]

I respectfully disagree with you and Mr Mubarak Chan with this opinion.

In Islam,Allah ordained Rasullulah s.a.w. sanctions for certain 'correctional measure's'.

You can see this applied when one suspected the inclination of one wife less obedience.

Now,now..The feminist will join the 'crusader's' to crucify me..:)

Again.

I did not make any law.

I only follows rule and regulation.

But the contention will always be there.

What is the best way to live one life?

I only know I follow's Islam to the best of my comprehension and limited understanding and the supporter's on no sanctions erred.

Let take back a moment of reflection and ask ourselves an honest question.**HAVE WE DONE ENOUGH?**

Very good, nice and motivating sentence. “If I can change, and you can change, then everybody can change!”.

Well the oil price have changed and what are the changes for Malaysians?

The Berlin Wall there or not, Germans go on living. Maybe accessibility is better. Had the changes transform Germans to become Martians. Then again, first we must understand why there was a wall? Is it all because of belief or mindset of their leaders? If it is “YES” then it is not the wall that separate the people but the “mind”. The root cause of the all effects is the dirty MIND. Ha ha Dirty as too political and opinionated. Dirty mind make unhappy man.

Maybe we are too small and insufficient to be taken into consideration but then again we feel big and important. So what can we do? We make noise or we just live within our capabilities and go-on with our life in smarter/wiser ways? (remember human evolution)

I agree to disagree with your style of “fight back” or the law of retaliation. We live in conditioned world. My conditioning are different from yours, so it is fine or no problem.

Tun

The word 'Sanctions' has been part of the American vocabulary since 1807 ! In 1807, Thomas Jefferson sponsored the Embargo Act for domestic purposes. By 1861-1865, the Civil War brought about blockade by the Union navy of the Confederate ports. In the Spanish-American War 1899, both Havana, Cuba and Manilla, the Phillipines, were subjected to sea blockades.

Blockades or embargoes were 19th century words which have the same meaning as 'Sanctions' in the American vocabulary in the 21st century.

By 1940, an oil embargo which also included other materials essential for War was declared on Japan which forced her to create her own 'Co-Prosperity Hemisphere'. War followed on 7 December 1941 at Pearl Harbour.

With the advent of World War II, America built up a huge stockpile of strategic materials essential for the War effort through the establishment of the General Strategic Administration (GSA) eg. rubber, tin, etc. to forestall any counter blockade by the U-boats of Nazi Germany.

Out of the Cold War sanctions, 1948 – 1989, similar sanctions were applied to Cuba 1962, Burma 1962 and Iran 1979. At this point in time, sovereign states with a modicum of national interest and self esteem have stood fast against such tactics as is exemplified by Cuba. Yet, there is normalization of relationships between the 2 countries without a single iota of political change by Cuba. Was the Cuban 1962-2015 sanctions meaningless after causing much human suffering amongst the ordinary Cuban folk who really do not care about the difference between Karl Marx and George Washington ?

Sanctions are still being applied to Iran, an ancient civilization amongst equals. Then, the other sanctions on Libya and Iraq which hit the general civilian populace but gave rise to all sorts of wheeling and dealing on the side.

Since the 1990s, Pax America with its post Cold War slogan, ' Globalization, Free Trade, Human Rights' has brought death and destruction to the Middle East which may have been better ruled by the disposed Rulers. Do we see an example of a well-established Ruler 1959 – 2015 next door to us ?

Just a few days ago, the ex-Chief of US Military Intelligence, Lieutenant General Mike Flynn admitted that they were hitting at the wrong targets before 2005 with the age-old conventional strategic mind-set. At that point, the Americans discovered they were fighting a belief which is a part of the make-up of their adversaries. Unlike the previous conventional wars, the Americans really have no targets. They are now thinking out the options in 2015 according to Lieutenant General Flynn.

With the huge paraphernalia for War, America is now caught in a long war as a result of the advice of her strategic advisers which forgot about the long, long history of the Arab nations and their peoples and most important of all, their Islam religion. As of the last report, America is going into the Middle East for the 3rd time in 25 years.

Not only that, the Arab Spring phenomenon was an event which moved against American interests and hegemony. I would reckon during this period, American diplomacy was not functioning at its peak in Uncle Sam's interests. And with the arrival of the Americans in East Africa, all manner of regional Wars sprung up with the easy acquisition of weapons everywhere.

Finally, there were so many ways to bake the Ukrainian cake. The worst option was to do a Ukrainian Spring next door to the huge bear of a Russia. Given the opportunity, anyone would have grabbed Crimea. Sanctions again for Russia. Is this a case of too big to sanction Russia? Some pundits have said that the Russian sanctions will last 10 years.

Maybe I do not understand international politics? HAS ANY LITTLE BOY FROM HANS CHRISTIAN ANDERSON'S FAIRY TALES ASKED, ' Uncle Sam, you fought against Communism from 1948 to 1989 and the Soviet Union imploded. And yet, you are now creating conditions for a return to the 2nd Cold War after the World had found its feet on free trade and democratic ground for the very first time since 1990 ! '

Maybe the answer to why America seems to be in one war after another is the fact that America grew stronger and stronger through Wars. Even Senator McCain mentioned that America seems to be warring all the time. There was the War of Independence 1776, the Civil War 1861-1865, the Spanish American War 1899, the First World War 1914-1918, the Second World War 1939-1945, the Korean War 1952-1953, the Vietnam War 1962-1975, the Afghanistan – Middle East War 1991 – ? . The latter will probably turn out to be the longest War undertaken by the American war machine.

America has not won a War since the Second World War. In the latter War, I could see her power. At every 15 minute intervals the Republic C-45 Commando transport aircraft would land at the Jhelum Airport, New Delhi, day and night. The house where I lived was right under the landing flight path. And the whole of New Delhi was taken over by the GIs.

It is very clear, Tun, that SANCTIONS only cause suffering to the ordinary folk who do not care about politics in any form. SANCTIONS are also ineffective as a War weapon in the present day 21st Century.

IT IS BETTER FOR AMERICA TO WAIT IT OUT THEIR OPPONENTS BY THE BLANDISHMENTS OF DEMOCRACY OR WHATEVER THIS MEANS. SANCTIONS ARE 19TH CENTURY WEAPONS TO ATTEMPT A 21ST CENTURY RESOLUTION. SANCTIONS DO NOT WORK ANYMORE GIVEN THE GLOBALIZATION AMONGST NATIONS. SANCTIONS MIGHT EVEN HURT THE INSTIGATOR MORE.

**MALAYSIA BOLEH ! MALAYS BOLEH ! MALAYSIANS BOLEH !**

YABhg. Tun Dr.,

The issue of 'sanction' is an old story that has been going on for more than a hundred years ago.

In modern times (20th century) the first nation to be threatened and fell victim by sanctions or 'universal boycott' (i.e. via some 'hidden' forces) was the nation of Germany.

Listen to this Jewish man's speech (an ex-Zionist) with regard to the sanction against the nation of Germany, DURING the period of the 1st World War.., as per this URL below:-

<https://www.youtube.com/watch?v=UH7ti2B8EPc>

Mind you.., way back in the year 1961 the above mentioned speech was made by Mr. Benjamin Freedman when he had boldly said that:-

“... that here in The United States of America, The Zionists and their co-religionists have complete control of our (US) government...”

He goes on to say that:-

“...The Zionist and their co-religionists rule this United States (of America) as though they were the absolute monarch of this country...”

As history will tell us that the 1st World War broke out in the Summer of 1914. The said war was waged on one side by Great Britain, France & Russia while on the other side was by Germany, Austria-Hungary and Turkey.

As elucidated by Benjamin Freedman, within two years of bloody war & fighting, Germany (and her allies) had almost literally won the First World War. Thus, it was Germany who had offered Britain for negotiated peace terms and let matters remain as it was before (prior to the war).

By Summer of 1916, Britain was seriously considering the offer by Germany, because they had no choice other than being totally defeated in the war. However, while that consideration by Britain was going on, the Zionist forces (in Germany as well as in Britain) went to the British War Cabinet offering Britain that the British can still win the First World War if they (the Zionists) can guarantee and get The USA to join into the war to be allied with Britain..., but with certain conditions and ‘strings’ attached for such an offer.

And..., the ‘condition’ was that Britain shall have to hand over the land in Palestine (under British mandate territory) to the Zionists..., AFTER Britain shall win the war (with the help of USA) against Germany. In other words, the Zionist made this deal with Britain that the price is the land in Palestine to be handed to the Zionists..., after WW-1.

Thus, when the deal was finally struck between the Zionists and the British, that was when the ‘sanction’ or the universal boycott by those Zionist and Jewish forces against the nation of Germany had begun..., to such an extent that even most of those very wealthy Jews living in Germany was involved in the sanction and economic campaign against Germany.

This revelation was elaborated in the above YouTube URL audio from minutes 7:00 onwards. As such, the USA was duped and was railroaded into being involved in a World War that had NOTHING WHATSOEVER to do with them. Thus, the sanction against Germany by those wealthy Jews and Zionists (especially their merchants & Bankers) in Germany, Britain and in the USA had completely turned the tide of World War-1 against Germany.

Germany had thus eventually totally lost in the WW-1..., while subsequently the land in Palestine was ‘handed over’ by the British to the Zionist powers under the promise of the so-called ‘Balfour Declaration’.

The lesson to be learned here is that ‘money’ (i.e. Bankers money and finance) controls people and rules the world. No sanction against any nation can be triumphant without the issue of money & finance as being the principle tool of such sanctions. Thus, the question remains – Who are those who really controls the flow of money & finance around the globe..!?

Nations large or small would surely need money and finance for their development and sustenance. Even the average man on the street would also need money for his daily means of living. So.., who then controls all these so-called money..? Is it not so that those who have control over money are therefore in control of those who need money..?

Who was it who had once said – “...”Give me control of a nation’s money and I care not who makes it’s laws...” Go figure..!

Sanction is nothing new. Who are those who have control of all the money the world over..? Who else but those filthy International Banksters..! But then again, who are those who really owns and control those International Banks..?

Answer that simple question then only can the issue of sanctions can be unraveled and be overcome. Plain and simple. Otherwise, all the verbal rants and outrage are merely antics of beating about the bush.

Wassalam.

Tun,

Good subject “SANCTIONS” for discussion but only as discussion and always remain as discussion. With the power now rest at USA and Europe there is nothing anyone can do. It is their “TIME”. Wait until India, China and Russia rise up or combine or group-up then we can see some changes. Then again it is changes only not necessary fairness and rule of law. I think it is impossible to understand, hold and execute “Fairness” and “Rule of law” as there are always to side of a coin. One side is the view of beholder and the other view from bystander. It will never end the argument and discussion. From history we know that to be self reliance, to be moderate, do not take side and do not be a “HERO” is the only way to live happily in this world. Everyone can express view and hold the meaning of fairness but all will have different versions,

views and interpretations. SO IS THERE AN END OR ANSWER? I think definitely none. I can understand your good intention and the fire burning inside you for righteousness but there is no right or wrong in this world but there are only differences. A small fish can swim safely in a small pond and the big fish swim and hunt in lakes and sea.

Do what we can to live is a solution.

Know our limit is an answer.

Righteousness is only a “word” and we must understand ‘Righteousness to me or to you’

SANCTIONS is only a “word”. It can mean discriminate to some and fairness to others.

Clear our mind and do the best for ‘NOW’ is the better way.

The meaning of problems:

Anything that not going our way is “problem”

Anything that going our way is “no problem”

Happy Holidays

A link to a report about two Australians facing the death penalty for drug smuggling in Indonesia <http://www.nst.com.my/node/72927> .

According to the NST report, PM Tony Abbott of Australia pleads to Indonesian President Joko for clemency for both convicts. He is quoted saying “We abhor the death penalty, we regard it as barbaric.”

Well PM Abbott is entitled to his opinion. In fact anyone is entitled to his own opinion.

As for me I don't see the death penalty as barbaric. Also neither are there elements of barbarism in any part of the Indonesian law, nor that the ones executing the death penalty are barbarians.

I Simply Do Not Understand

World Know US lied so many YET No want Dares to make Right

Instead of looking at the very Facts The very cause The Roots of All Evil

World look at what US want the to Look

Not Looking to the Roots & Facts of US Intentions towards the Muslims Nation

The Betrayal of Muslims against Muslims as Muslims are very Confused now

Again the Muslims Betrayed their own Brothers Their own Good Leader

Allayarham Gadafi ,Osama , Saddam now they are after Assad later will be Iran

Don,t you see it all goes in Series . It was Well Planned

This does not happen in Saudi , Kuwait in US favorite Pet

Does Arab Spring spring by its Citizens itself or Instigation from Foreign Influence ?

Does ISIS created by the people of Syria itself or by Foreign Creations the US

CAN'T WE SEE THE PATTERN ?

ARE WE BLIND ?

ARE WE AFRAID ?

Its proven US only able to Bully Weak Nations

Nations that Bores Peace No Weapons to Defend

Till Today US Balls Shrink hearing North Korea

I don,t see much North Korea & South Korea have much Frictions

But I see Sparks made by US in between both Korea

Days before I don,t see much Hatred between Sunni & Shiite

Both have been living Donkey Year together despite their Differences

Now US pictured to the World as if This Two will never be together

Potray to the World as if These two are Cats & Dogs

Now Cats & Dogs can live together in the same cage

US have Spikes them with Hatred with Confusion Fuming more Flames

End Day US walk with a Smile

Its Like the DAP of Malaysia

They are up to no Good to Anwar , PKR even PAS

Infront of cause Anwar the Hero, Anwar the True Leader , Anwar the Democratic Leader

Behind Anwar I need you to Fumes the Malay with the Malay

Do you think Lim Kit Siang or Guan Eng much Bothered of Anwar Imprisonment ?

Yes they are Bothered Only because they have lost their important Tool

Sanctions are Like Imprisonment

Its imprisonment yr Freedom of movement , Economic , Infrastructure  
thus it will have an Impact

Sanctions are also meant to Weaken before they could Attack

It has proven

Senior Bush sanction Iraq for 10 years to weaken

Junior Bush does the Attack after they are sure Iraq is Weak

They are now Testing on Russia , North Korea

Of cause These Two are No Toy to Play with

Salam Tun,

Sorry out of topic but this is interesting news.

It seem that Tan Sri Shafiee has thrown the gauntlet and succeeded in making the Bar Council look like stupid bumbling fools. In the exclusive NST article he has made all Anwar sympathisers appear idiotic conniving and insincere with evil hidden agendas.

It would be interesting how the shameful Bar Council, especially Christopher Leong will try to recover their dignity and respect which has deteriorated badly in the eyes of the ordinary rakyat.

Tan Sri Shafiee has also called a spade a spade. ANWAR IS A COWARD. I quote:

” KUALA LUMPUR: Those intent on continuing to politicise the Federal Court’s unanimous decision convicting Datuk Seri Anwar Ibrahim of sodomising his former aide Mohd Saiful Bukhari Azlan will not have a leg to stand on if Anwar had been called to the stand.

The grilling by the prosecution team, Tan Sri Dr Muhammad Shafee Abdullah said, would have been incessant. The torrent of questions would have come in rapid-fire, staccato bursts, withering and unrelenting. Anwar, Shafee said, would have been cut to pieces.

The scale would have also tipped in the prosecution’s favour from the start, had Anwar’s alibi witnesses taken the stand, he said.

Shafee began leading the prosecution team only when the case was brought to the Court of Appeal in 2012. He said if Anwar had, at the High Court in 2010, agreed to subject himself to questioning by the deputy public prosecutor, it would have been like bringing the proverbial knife to a gunfight.

“If the prosecution had been cross-examined, I think he would have fainted in the witness box because he would not be able to explain a lot of things, like why he put in his defence of alibi and then backed off.

“He made silly remarks from the dock, saying this was because his alibi witnesses would be interviewed by the police. Look, that’s the whole idea of a notice, isn’t it? You give a notice of alibi so that the police can interview the alibi witnesses as provided for by the law (under the Evidence Act 1950).

“I can easily tell you hundreds of facts that would have been zoomed in on if he was cross-examined. He knew that, so that is why I believe he took the cowardly step of giving a statement from the dock,” he told the New Straits Times in an interview, a day after he secured the conviction against Anwar under Section 377B of the Penal Code.

Anwar is now serving a five-year jail term at the Sungai Buloh Prison.

Shafee, who during the trial at the High Court was just an observer, said it was clear to him that Anwar retracted his list of alibi witnesses as he knew it could go pear-shaped in a hurry under his cross-examination.

“His main defence was his alibis. Yet none of his 13 alibi witnesses, including his own wife, was produced.

“We even got the closed-circuit television camera calibrated to the very second, showing the exact time Anwar and Saiful arrived and left the apartment on separate occasions. It was clear that Anwar’s alibi had been cooked up.

“He said he was never in apartment No. 1 but was in apartment No. 2. Yet they were just next door to each other and were owned by the same person, who was his friend,” he said.

Among the names in Anwar’s list of alibis that the prosecution were looking forward most to grilling, he said, would have been the owner of the apartment, whom Shafee was confident would have been able to contribute significantly to the facts of the case, and the maids who were apparently present in apartment No. 2.

“And, of course, Datuk Seri Dr Wan Azizah Wan Ismail, who was on the top of the list of alibi witnesses. We wanted to know why she was significant to the alibi when she was never even there.

“At the end of the day, to me, Anwar hid behind a skirt. He didn’t dare come into the witness box to be cross-examined and he never provided any defence at all.

“Instead, he hatched this idea of a conspiracy when he knew we had all the hard, incontrovertible evidence which was clinically true. Crying political conspiracy is a convenient way of hoodwinking the public, so that they get all excited and readily subscribe to the ‘Anwar is a victim of political conspiracy’ theory, so he can blame everyone else,” Shafee said.

But the lynchpin, the cornerstone of Shafee's methodical, surgical, legal hammerblow that blew Anwar's arguments clean out of the water was the strength of the DNA evidence the prosecution team had at its disposal.

This, coupled with the credibility of the two chemists produced as prosecution witnesses.

Shafee said with the stellar track record from scores of criminal cases, nobody had been able to poke holes in the result of the evidence examined by the Chemistry Department.

He asked those who bought into the conspiracy theory to look at the case purely on facts.

"Anybody with half a brain, when he finally reads the full judgment, would know that the Federal Court came with a judgment based entirely on facts, not fanciful ideas like the ones the opposition and the Bar Council are entertaining.

"I will politely tell them to go and read the judgment. I have read the compressed summary of the judgment and can gauge what is coming, and I'm sure the full version of the judgment will be very thorough."

Shafee said he had guessed as much, that if the verdict were to go his way, he would be accused of having fixed the judges.

"My answer to them is: 'that's utter rubbish, go and read the judgment'.

"Have a debate with me. I am game for a public debate with the Malaysian Bar Council or whoever.

"I will tell the public why Anwar is guilty and why the Federal Court was right."

Shafee said he wanted to make it clear that Section 377B of the Penal Code (offence does not require lack of consent of the complainant) was preferred instead of 377C (lack of consent must be proven), which comes with harsher penalties, was not a misstep on the part of the attorney-general.

"If the A-G had gone for 377C, Anwar would still have been convicted and the sentence may have been more than five years because five years is the minimum.

"Maybe the A-G was being sympathetic and exercising his discretion as a public prosecutor, because under 377C, you will not escape caning even if you are above 50 years old."

To those arguing why action was not taken against Saiful, Shafee said if they had the two previous two judgments, they would find the answers staring at them right in the face.

“Saiful resisted, he was not willing, he did not go willingly to be sodomised by his dominant employer.”

Shafee said he fought to the best of his ability to convict Anwar with a clear conscience and that he was 100 per cent sure of the latter’s guilt.

“If you ask me if I am satisfied that Anwar was found is guilty, I say yes. But I had argued with the court that as he was a repeat offender, he should serve a longer prison time.

“If I had the chance, I would have told Anwar in court that day ‘to stop this habit and repent’ and use his prison time to do that.”

WOW THAT MUST REALLY HURT! HAHAHA! eeeee...tak malu penyokong Anwar seluar terlondeh, half-brainer idiots.

Salam Tun,

Long time no comment.

To ignorant adikk, please check your facts and sources. Do you not recall that Tun personally approved RM 600 million loan to Kelantan during the PAS years to help resolve the dirty water crisis? It was done without publicity and the mostly ignorant PAS jumud and taksub supporters never knew about it.

Do not make a fool out of yourself.

Kelantan Mundur sebab Pemimpinnya pilih untuk Mundur

Bukan Salah BN atau Tidak Sehaluan Agama

Penang pun Parti Pembangkang tapi Maju

Salah dan Betul Siapa ? Ini pilihan masing masing

Is what you want it to be

Alfateeha pada Yg Berhormat Nik Aziz

Takziah pada Kelantan Takziah Pada Malaysia

Takziah pada Keluarga Allahyarham

Lagi satu Saya yakin jika Cina tidak ada di Malaysia

Melayu masih Berkaki Ayam , Ber Keris di Pinggang ,Keris pun Made in China

Beratap Rumbia , Si dara Jelita masih mandi di Sungei

Tapi akan tetapi Tuan Hamba , Saudaraku yg bergelar Adik

Tidak Salah bagi masing masing cari tujuan matlamat hidup masing masing

Apa hendaknya kamu itulah Kemajuaan

Bukan orang ke Bulan , Kita pun nak ke Bulan

Yang Penting ini Amanah si Botak dari Semenanjung

Jangan sampai Bergadai Tanah

Habis Tanah Maruah akan di Tebus

Lagi satu pesanan Hamba kepada Teruna yg bergelar Adik  
Orang Cina ada satu Berpatah Hidup mereka

Mana Lebih Baik ?

Tidur Bersama Mimpi Berlainan ?

Atau

Mimpi Bersama Tidur Berlainan ?

Saya perhatikan Cina satu Dunia Tidur Berlainan Mimpi Bersama

Adakah Aduka si Adik Tidur Bersama Isteri anda Tetapi ada mimpi tersendiri ?

Jangan Dik , Bahaya ! Mesti Serumpun Sepakat untuk Menuju ke Matlamat Hidup

In Masalah Permikiran Orang Melayu

Merela Tidur Bersama Tapi Mimpi Brelainan

TIDAK Serumpun TIDAK Sepakat

Sekian Salam Hamba untuk Malaysia

AllahuAkhbar !

You are missing the point.

Y wait for criminalizing war sanction? Prevent war.

The West have tossed into the dustbin using religion as the basis for warring. So too the communist with their ideologies. So too buddhists. Hindus responds to past foreign religious intrusions but are genetically peace like.

To criminalize sanction u first have to go to the root cause. Criminalize using religious text as pretext for warring— ‘ there is a Jew behind, come n kill him’ so said the rock; ‘ they are the worst of creatures’; when in the minority smile to them outwardly, but curse them inwardly; Darul Islam must conquer Darul harb ( house of war ). Criminalize those who misrepresent- Qaradawi, IS, Saudis, Iran,. Distribute your free updated translated Quran to Muslims rather than the already converted.

Israel have been subjected to Boycott, Divestment, Sanction to no effect. Learn n emulate the Jewish state their policies to make sanction a sanctimonious quicksand.

Making sanction a war crime? Y wait for a war?

Making sanction a war crime is going after the effect not the root cause.  
The west have relegated using religion as the basis for war to the dust bin.

Ayahanda Tun- may I ask in all sincerity; why Kelantan state govt has been sanctioned from enjoying development to such an extent the state has become so poor just because the state is an opposition state. Acute non availability of treated water, road asses to other states like highly linkage not available, lacking of business opportunities due to lack of support of federal funding, deprived of oil royalty. Is this islamic? In His world (duniya) Allah almighty does not sanction men who are non muslims, those who are fasiq and those who are munifiqoon.  
Why torture the Kelantanese people who are Muslim brothers as well all these while.

Assalamualaikum, Tun.

Sekatan ekonomi sememangnya tidak adil dan mendatangkan mundarat dan sengsara kepada rakyat negara-negara yang tertakluk kepadanya.

Namun, sekatan ekonomi adalah pengajaran/ hukuman yang lebih “ringan” berbanding dengan peperangan di mana nyawa-nyawa yang tak berdosa terkorban.

Apakah negara-negara yang mempraktiskan nilai-nilai yang bercanggahan dengan kemanusiaan dibiarkan begitu sahaja? Jangan lupa juga segelintir rakyat Malaysia termangsa dalam tragedi penerbangan tahun lepas, yang diakibatkan agenda politik haram.
