1. I am against war. I am against killing people. I don't think it is Islamic. So I join the French people in mourning the death of twelve members of the staff of Charlie Hebdo.

2. I condemn the killings. But I condemn also the killing of Iraqis, Afghans, Arabs etc. They did not do anything to harm the soldiers, or their families. At least the babies, the children, the sick and the old had done nothing to deserve being killed. But they were killed. Nobody demonstrated in sympathy with their families over their loss.

3. Are the Iraqis, the Afghans and the Palestine Arabs not of the human race? Is killing hundreds of thousands of them okay but not 12 Frenchmen? If they have a bad leader, should they be killed, their countries devastated and civil war unleashed upon them.

4. I do not ask for justice from those who are mighty. Might is always right. But don't preach to us about human rights, about the right to insult people, about free speech and freedom of the press. Just go on killing the people you label as terrorists along with the hundreds of thousands collaterals. That is justice.

5. History repeats itself. You killed the natives by the millions because you wanted their land. There is no change. You are still killing them so as to rid them of their bad leaders, so they will become democratic. It is a great mission. People should understand and appreciate. You are just being helpful.

6. There are 1.4 billion Muslims in the world. Mostly they accept their fate. But two Muslims killed their tormentors, for denigrating their prophet. This is intolerable. Kill them. Then go after the others. Justice (Western style) will be done.

PERKASA...

7. On another note, there was a news report that I had apparently "parted ways" with Perkasa because I was "uneasy with the group's direction".

8. I must say that there is no basis to my distancing myself from Perkasa. For starters I am not formally attached to them.

9. However, I must admit that I do support their views. Especially when it comes to reacting against extremist views of the non-Malays.

10. During my time as Prime Minister such groups did not exist. And Perkasa would not have existed had it not been for the rise in extremist views among the non-Malays, questioning Malay rights and privileges when Malays themselves did not question the rights of non-Malays nor denied the privileges accorded them in the Constitution.

11. If at all, I may have shared with Perkasa some of my ideas and my thoughts may have coincided with theirs.

Assallammualaikum Tun.

Saya mohon ruangan.

Dear Mr Mubarak Chan.

[This is a strange World in which bullets and bombs are used to eliminate recalcitrant Islamists extremists who are obviously not fighting for democracy as we know it]

With all due utmost respect sir.

Allow me to offer a diferrent perspective.

You are an accomplished man.

You accomplish many that we especially commoner like myself can only dream of.

But as usual,most of us forgetting the basic.

The basic of one faith and belief it is in the foundation and principal.

The very much tenet that holds and bind.

Here as muslimin most of us forget's the basic.

We must set aside our own feeling that we the servicemen adhered to.

We always felt and thought diferrent as oppose as Islam taught us.

We can differ's in the interpretation of how we must be muslimin in the present world.

Nevertheless one must always stick to the basic.

And you dear sir in all your writing does not reflect this.  
Maybe you write something and does not write something as a default.  
And in here I must offer my diferrence of opinion with your kindness.  
First there is no 'recalcitrant Islamist extremist'.  
This is a term by 'kafirians'.Muslimin must refuse to accept as we refused to accept that  
Mussalaimatul Al Kazzab was a prophet rivalling the real Prophet Muhammad s.a.w.  
Terminology and naming convention must be strictly adhered to by muslimin.  
We can always use Imam Al Ghazali methodology when referring to something.  
"I was told.."  
"The non muslimin label and stigmatized certain..."  
"To my understanding.."  
"To my certain knowledge.."  
Fighting?  
What is fighting amounting too?  
I believed that the real and proper terminology would be 'struggle'.  
We always struggle in our daily life.  
That is what Allah ordained us.  
If in this present life we find we are not in accordance of sunnatullah we should be very wary.  
But life is everybody responsibility to live them.  
What I find amusing is we does not agree to consult each other the very basic of Islamic  
teaching.  
I think we should start now.

**AWALTULUDDIN MAKRIFATULLAH.**

**Terima kasih Tun.**

Tun

The Westerners have been warring with each other since the beginning of time. As new weapons were invented to gain maximum killing efficiency the more innocent men, women and children have been killed or maimed.

From the mass killing fields of the Flanders in the First World War through the mass killings in Asia, and Spain in the 1930s and onto the mass destruction of German and Japanese cities in the Second World War, the killing of innocent people seemed to increase in intensity. There might

have been a plausible reason to destroy in the Second World War due to the fact that the Allies were fighting a war against the Evil Axis.. Huge American bases are still in Germany and Japan today. So much for American Hegemony.

From this point onwards, the American military was fought by North Korea and China to a standstill and so it was with North Vietnam.

Politically, all the above-mentioned Wars maybe labelled as Good v Evil.

With the collapse of the Soviet Union, America became a stand – alone Superpower. The Muslim countries in the Middle East did not stand as a threat to the might of the United States. From 1989 – 2000, and well before this, the Islam religion was not involved in any of these conflicts. If any battle was fought, it was fought on territorial gains only.

From the turn of the 21st Century, especially arising from the caper known as the Arab Spring which strangely now there is no mention of it, the battle became more and more religious with the presence of Islamic Jihadists battling the West today. I am also against the brutal killing of civilians. An interesting question arises, how effective are bullets and bombs against a religion, the Islamic religion ?

This is the first time in the World that a War has been waged against a religion, Islam, with bullets and bombs. And this War which began over 10 years ago and increased in intensity with more deaths and destruction. The Second World War lasted only 6 years in Europe and 4 years in Asia. Maybe, it is time for the West to review their age-old strategy of fighting a War which was successful in destroying Fascist or Communist philosophies. But are the conventional methods sustainable against a population of 1.4 billion Muslims which in themselves comprise an ancient civilization which is older than any of the Western powers ? And in most of these Arab countries, the word Democracy is unknown since the Ottoman Empire, 1492 – 1919. This is a strange World in which bullets and bombs are used to eliminate recalcitrant Islamists extremists who are obviously not fighting for democracy as we know it.

With the established trans-migration of yesteryear into all the Western countries, any observer can hazard a guess that it is difficult to maintain a 100% security coverage of a country and the population has to remain vigilant at all times. With so many types of extremists entering the fray all over Africa and the Middle East, it is a distraction to an emerging country's development and increases its poverty from wanton destruction.

Maybe it would have been better not to have Arab Spring after all. And our Malaysian Spring ?

In response to.., ‘ilioni’ as commented on January 25, 2015 at 6:47 p.m.

What we have witnessed in Paris (and even in Norway) have yet to be fully proven who are the real culprits or ‘terrorists’ who had committed such evil misdeeds.

Who are we to say that it was those so-called ‘Extremists’ who committed those evil misdeeds and thus conclude that it was an act of retaliation and an ‘Eye for an eye’...? For all we know it could have an ‘Inside-job’ or the act of foreign Saboteurs so that certain ‘Extremists’ shall get the blame.

As monotheistic religious scriptures have revealed to us that – Was it not Iblis (Satan), the cursed one, out of envy to Adam, had promised to himself.., i.e. to attack children of Adam (mankind) on this earth so that those who fall prey to his deceptive attack will also have suffer the same fate as himself and to be damned into Hell..?

So Iblis (Satan) said, “...I will attack mankind from the front, behind and sides...” In other words Satan will disguise himself as a friend, as our opponent as well as side distractions of this world. He will then make us do wrong by presenting evil as good (like poison candy in a nice wrapper), or to make us angry, jealous, envious, or simply as to ‘follow-the-foolish-leader’..., but when we have wronged ourselves and fall prey to his temptation.., thus Iblis (Satan) and his followers shall have feasts of joy and laugh at man’s foolishness.

But yes.., there is a better way. And, the way to go is to reveal the deception of Iblis (Satan) and his followers. The way to go is expose who are the REAL culprits who commit such evil acts but who point their filthy finger and put the blame on others.

As example, the way to go is reveal and expose the REAL perpetrators who had shot down Flight MH 17 and had murdered hundred of innocent lives. Till now, has that been done...!?

However, why then now are people like you raising the issue of... ‘the leadership and the number of “capable” candidates that can rise up to the leadership role..?’ What has that issue have anything to do with the ‘Extremists’ situation as you have raised..?

Moderation or the concept of ‘Wasatiyah’ as the cry and chant of some leaders of those UMNO leaders may be a rather ‘trendy’ political slogan since the past several years.

However, the concept of moderation coming from a Banker, is quite something else.

Nonetheless, I am pretty sure that all of those ‘International Bankster’ would not agree with such a concept of ‘moderation’. And.., those International Bankster need not at all be involved in local or global politics to have total control of the global financial and economic issues.., when they can get others to be their political tools and proxies.

As the good Tun Dr. Mahathir had once before said that he is an ‘Islamic Fundamentalist’. Nonetheless to some of those Western powers, an ‘Islamist Fundamentalist’ can also be dubbed as an ‘Islamic Extremist’..! So, how do we come to terms with that..!?

Lastly, it is good that we conform in the conduct to.., ‘Act poor when poor’. But I do not believe that we have to.., ‘Act rich when rich’. Would it not be better that we.., ‘Act in moderation, even when rich..!’

Cheerio for now.

WESTERN JUSTICE

*1. I am against war. I am against killing people. I don't think it is Islamic ....*

**“The moment young Omar discovered the price of war”**

These cowardly words accompanied a photograph of an American marine reaching out to comfort 15-year-old Omar, the marine having just participated in the mass murder of his father, mother, two sisters and brother during the unprovoked invasion of their homeland, in breach of the most basic law of civilised peoples.

No true epitaph for them in Britain’s famous liberal newspaper; no honest headline, such as: “This American marine murdered this boy’s family”. No photograph of Omar’s father, mother, sisters and brother dismembered and blood-soaked by automatic fire. Versions of the Observer’s propaganda picture have been appearing in the Anglo-American press since the invasion began: tender cameos of American troops reaching out, kneeling, ministering to their “liberated” victims. [ [read here](#) ]

2. We should not be playing along with the Western so-called moral standards and the legendary free speech of the Islamophobes that seems to be the steroid encouraging the perverts at Charlie Hebdo to exercise their righteous muscles to a bulk, only to be gunned down like swines by two of their own.

3. A magazine should adhere to the civic respect of its citizens' personal beliefs in religion and not cause social disorder – or face legal punishment. As for the local issue, The Herald should take lessons from Charlie as to where they intended to outreach in their Islamized Malay Gospel.

4. Syabas Tuan Karl @ <http://chedet.cc/?p=1593#comment-121617> There should be more people like you writing in this blog, and I totally agree with you, “... *the European were not disturbed by the death of thousands of innocent Palestinians, but are now fully awake and roused up by the killing of a dozen useless seditious pseudo-journalists.*”

5. If the Constitution does not legislatively defend its ( Muslims ) citizens it will entail the collapse of its state superstructure. The state is not upheld by principles, including the legendary free-speech, but rather by civic harmony.

Assallammualaikum Tun.

Saya mohon ruangan.

Mr balance.

[Wow! you got a wonderful, colorful and interesting life and career]

On the contrary.Do you know what I do for living?

I collected trash and garbage.An odd job worker.The American call this gopher.

Go for this and go for that.I learns many interesting thing's from the garbage that the doctor,physician and specialist throw inside their garbage bin.

So if you happen to find that my English and spelling's wanting,the comment odious and suffocating what do you expect from the uneducated me?...:)

[ Good for you lah! Now i think you should be enjoying those fruits of your sincerity,faithfulness and loyalty to the nation and its citizens]

Dear Mr balance.

Truth hurts and I am going to hurt somebody with this truth namely keeping up appearance.And in relation of western justice and PERKASA? I simply have no idea...:)

Dear Mr balance.

Look around you.People wants to keep up appearance of an image that is something we call idealism.Example?

Elderly male hair is always grey or white.The age at which you'll get your first gray hair (assuming your hair doesn't simply fall out) is largely determined by genetics.

But most elderly folks hair you met is black.Or bald.How many percent keep up at their real age

decay? Or exponential decay at that that comes with age?

Half or 50%?

Meaning. Most male still wants to believe that they are still young. Maintaining the image that they are not.

And the female equation?

Can be worse still to certain equation.

Do you know that up to 50% of female population wore bra not their 'actual' size?

Certain room should be allowed so the 'protrusion' is proportionedly contained.

But most female wore bra harder than their 'inside' giving the impression to the male counterpart that the 'fruits' is bumpy and juicy from the outside.

The moment the device is remove ( minus the padding, ahem ) you will surprise to find them shrunk in size. So does your appetite to certain extent...)

Why I am telling you this?

People keep up appearance or we says they put up a facade and play the charade.

Consequently ,we the servicemen feels the civilian can and should put up more effort in doing complementary duty to our nation.

[killing and quarreling because i understand that all things happened or happening are due to the root cause such as political views, ego, fear, desire, opinion, etc etc or should i just call it emotions]

No Mr balance.

This is where divine understanding comes into the picture.

One have to believe to certain principal in life.

A set of belief.

I believe Islam is the best way of life.

But and estimated 80% of world population does not believe so.

Meaning I am a minority in this world.

Since we become adult, we can tell what is wrong and what is right.

This is Allah given faculty that is called instinct.

This faculty is the most abused in human. War and other thing's happen because of postulation from this equation.

[Like now i am experiencing the clarity and happy feeling as I understand you, your views and your condition or conditioning]

Thank you Mr balance.

My whole idea is getting everybody to heed's the call.

The call to break the stranglehold of human faculty have gone astray.

One of the basic is reducing patient waiting time in health and all health related facilities in Malaysia.

[Wish you the best for anything and everything. Continue to pen your thoughts without fear, favor and prejudice. Love to read them]

Thank you again Mr balance.

But as they says one meat is another poison.  
My cat loves me but so does he love consuming rat...)  
But all said and done,

**PLEASE HEED THE CALL..**

**Thank you Mr balance.  
Terima kasih Tun.**

Salam Tun,

Allow me to share my 2 cents,

1. Any form of extremist action from any side of the fence will just have bad consequence regardless of religion, race or sexuality. We have witnessed before it in Paris and in Norway.
2. Do we approve extremist vocal action (eye for an eye?) and let it snowball into a bigger problem that will divide our people more and more?
3. Is there a better way?
4. Where is the root cause of the problem when the formula have worked for so long and out of the sudden, why is it not working? If things are getting better and better by each day, do you think these will happen? I personally think not. The majority of the people will still choose to support the current government regardless of some inequality to balance things out. The real problem is that things have been deteriorated so much that unless there is a major change in the way things work today, our future is quite bleak. The people has already given their opinion through the ballot box in the past two election. Yet, UMNO have chosen to ignore it and business as usual. We have yet to see any light in the dark tunnel.
5. Yes. The problem is with the leadership and the number of “capable” candidates that can rise up to the leadership role. I think that Tun is trying to salvage the situation and address the root cause by trying to advise UMNO to start attracting more talents into the party rather than being a “Family Party” for the craze of power to gain personal gains.

6. Silence is not always golden. A leader cannot be silent on everything (esp. issues that is important) and not have an opinion or stand on them. But, when a leader opens his mouth, it needs to be something that is well thought out rather than flip-flopping around. When you have a blind person leading the pack, and the ones following who can see just kept their mouth shut, it won't be long before the whole pack will just fall down.

7. Moderation is the way forward. While writing this comments, I happened to come across these article today which I wanted to share with Tun and the rest of the blog readers. An honest wise opinion by our PM's brother, Datuk Nazir. Sir, you have my respect.

[Banking on moderation](#)

[Speaking up against extremism](#)

8. As for Tun's comment on how to run a country yesterday, this is most probably going to be another unheeded advise.

[Dr M's prescription: When poor, act poor](#)

9. This year is going to be a tough year both global and locally. With the implementation of GST, all Malaysian should brace for the rocky ride and I hope that the government is going to keep a close eye after the implementation and keep the price of most daily goods under control. And, not just keeping the inflation numbers looks good but the poor citizen out there don't feel the same. If this is not kept under control, it won't be long before it comes back to haunt and bite you!

Salam Tun.

Pardon me if my following statement may be construed as excessive.

The slanders against Tun and the government which were first started by Anwar and his Malay supporters spread rapidly due to Tun's "no suing" stance. The DAP and the non-Malays soon followed suit, and then PAS befriended those dirty-mouth hooligans to complete Malaysia's worst garbage politic.

Tun should take all the necessary measures to punish every slanderous garbage thrown at Tun, just like Singapura's ikan yu.

Let it not be seen by those law abiding Malaysians as though Tun's no action against those

rumour-mongers is one of the main reasons the opposition thrive on and continue to become stronger.

Both the Israelis and the Palestinians have similar teachings in both the Torah and the Quran:

Exodus 21:23 And if any mischief follow, then thou shalt give life for life,

Exodus 21:24 Eye for eye, tooth for tooth, hand for hand, foot for foot

Quran 5:45 We ordained for them therein a life for a life, an eye for an eye, a nose for a nose, an ear for an ear, a tooth for a tooth, and for wounds is legal retribution. But whoever gives up his right as charity, it is an expiation for him. Whoever does not judge by what Allah has revealed, then it is those who are the wrongdoers.

I don't see any problem with regard to Israelis killing Palestinians, and Palestinians killing Israelis. Both sides have every right to even the numbers (civilian casualties).

In response to..., 'balance', as posted on January 24, 2015 at 12:43 p.m.

Be advised that...,

“...Those who seek peace, prepare for war....” – Vegetius

If a country desires peace they must have a military force, armed and prepared, to protect its citizens from those who desire to overtake it.

If you are still against killing and war, then kindly make sure that none of next-of-kin joins the military or security forces. Can you do that..!? Because if they are members of the military, then it is their sworn duty to kill the enemy and to be ever vigilant and prepared for war.

Meanwhile...,

“...Those who seek health, prepare to fight diseases....” – anti-jibaok

Those who want to be healthy, they must not only be fit and strong but must also strengthen their immune system to ward-off diseases and pathogens.

And.., only fools would go running to the nearest Medical Specialist because of being so afraid of death. What can the Medical Specialist do, other than to diagnose and prescribe medications...!

Even if you suffer from that dreaded disease of Cancer, the Medical Specialist (or Oncologist) can only prescribe that your body to either be – ‘Cut’ (Surgical removal), ‘Burn’ (Radio-therapy) or be ‘Poisoned’ (Chemo-therapy). Nothing more..!

Thus as a measure to remain healthy, one must always be prepared to keep one’s body immune system (defense system) to be at optimum condition to overcome and ward-off any invading pathogens and diseases. OK..!?

Tun,

Allow me to throw a unnecessary controversial thought. Suicide-bombers are people who do what they preach or belief. They belief in their God and mission and are willing to die for it moreover they are very sure (full faith) that their heaven is waiting for them. While there are many who talk alot or instigate others about their God and belief but when they catch flu or cold they run to the nearest medical specialist because they are so afraid of death (trying hard to stay alive) and dont trust (no faith) that their heaven is waiting for them with all the glories. Today there are political leader who are so sure about their political views but they only send someone else to die for their views. These leaders will be at the comfort of their home or office or eating in nice restaurant or partying while ordering others to die for their views. The olden days or ancient leaders are better they go to war with the army.

I am still against killings and war. I think it is stupid to die or to be at war or just to be angry for someone else views and opinion.

Just thinking out loud not serious 1

YABhg. Tun Dr.,

I must say that I am NOT against war. However, may I say that I am against and abhor any form of violence and unwarranted aggression.

War is ultimately unavoidable when the people are oppressed, tyrannized, attacked and violated by the wicked and malicious ones. The purpose of any nation's Ministry or Department of Defense has been put into place specifically for the defense of its people as well as the nation's interest, thus justifying for response in preparation for any outcome of aggression or war.

Therefore, if we are truly against war, then we must propose that all nations in this world to disband its standing military and defense forces. We should also fight against the development of any form of lethal weapons and demand that all nations to totally wipe-off their military and defence budget. By merely saying that we are against war but doing nothing to disband our arms and defense forces is merely wishful thinking.

Realistically and for sure that is not going to happen even despite after a nuclear holocaust that someday mankind may have to face., may God Almighty forbid so. This is because, it is inherent in man to fight each other (i.e. since the time of Abel and Cain – or Habil dengan Qabil), which only God Almighty knows why.

However, I am against the act of MURDER but not against the act of KILLING. And religious scriptures do reveal to us that Cain (Qabil) did commit the act of murder (not merely to 'kill') of his own brother., i.e. Abel (Habil).

Therefore, to 'KILL' someone while on the other hand to 'MURDER' someone would totally have different meaning and implications which are poles apart, despite the fact that such an act (of killing or murder) is the quite the same, i.e. to terminate someone else's life. To kill (especially in warfare) the enemy is definitely very much different from committing murder. To kill the enemy in battle or to die fighting in warfare is a courageous and noble deed, but to murder someone is a sinful and criminal act. Soldiers fight in warfare not to 'murder' but to kill and to defeat the enemy.

Thus, what had happened to the 12 members (staffs) of 'Charlie Hebdo' is the vicious act of pure murder..! Despite the fact that those Charlie Hebdo people had been so brazenly and blatantly in expressing their 'Freedom to Insult Others' through their magazine issues of comical satires (especially towards the various religious groups), nonetheless that does not at all justify any quarters in retaliation., resulting in some of those Charlie Hebdo members to be brutally murdered.

However the question remains, who then are the ones who had murdered them and for what reason..? But then again, apparently the Western media are again quick to point their fingers towards the Muslim radicals, extremists and terrorists for such an incident. How convenient again., huh..?

However, let us see what some other observers and researchers would have to say about the Charlie Hebdo incident, as per this URL below:-

<https://www.youtube.com/watch?v=7nEWdyGMzDk>

(Brother Nathanael – Did Mossad Do Charlie Hebdo?)

In the words of Brother Nathanael – “...It’s 9/11 all over again...” and who also seem to think that the Israeli-Mossad did have a hand in the Charlie Hebdo incident.

While this video URL seem to also suggest that the Charlie Hebdo incident, was also an Inside-job, as below:-

<https://www.youtube.com/watch?v=vZceMEQ9Jhs>

If that is the case, thus the Charlie Hebdo incident appears to be another ‘False-flag’ operation committed by those hidden powers from behind the scenes, in their deceptive agenda to again paint a horrible picture towards the Muslims and Islam.

Such was the case of that had occurred in New York City and Washington DC during the 9-11 incident on the year of 2001. However, for the past of almost 14 years, in the issue of 9-11 incident there has never-ever been provided some very clear-cut evidence that 19 Arab Muslim terrorists had staged the ‘terror-attack’ on US soil..., as elaborated by this guy here:-

[https://www.youtube.com/watch?v=S10Aotp\\_tvo](https://www.youtube.com/watch?v=S10Aotp_tvo)

(911 False Flag – American Traitors & Mossad – Ken O’Keefe)

Such is also the case of ‘The London Bombing’ that had occurred almost 10 years ago in London, England. However, one truthful and courageous Englishman (JAH – John Anthony Hill or known as Muad’Dib) had managed to piece the puzzle together and have provided conclusive evidence that ‘The London Bombing’ was surely an ‘Inside-Job’ committed by certain ‘authorities’ of the UK..., but purposely to put the blame on some Muslim ‘terrorists’, as elaborated below:-

<https://www.youtube.com/watch?v=RUZ3Ezi9QhQ>

(7/7 Ripple Effect – 2)

<https://www.youtube.com/watch?v=fjbbRYdYTqg>

(Muad’Dib / John Hill discusses his release, 7/7 and other loose ends)

In these regard, it is quite evident that the 9-11 Incident and the 7/7 Bombing were most possibly ‘Inside-jobs’ committed by the ‘Powers That Be’..., but to put the blame on Muslim ‘terrorists’. Such staged and orchestrated incidents are purposefully to divert and influence the general public and give a slanted and prejudicial view in their deceitful agenda towards the Muslims and Islam.

Thus, the Charlie Hebdo incident may possibly also be another ‘Inside-job’ or even a sabotage attempt to discredit the Muslims and Islam. Regardless of whoever had committed such a despicable act, however on the other hand there are some Muslim apologists who can provide

some other perspective into the ‘Paris Shooting’, as elaborated by one particular Muslim Qur’anic teacher and preacher as per this video URL below:-

[https://www.youtube.com/watch?v=SzP8e9b\\_OT8](https://www.youtube.com/watch?v=SzP8e9b_OT8)

(My Thoughts on Paris Shooting – Khutbah by Nouman Ali Khan)

As mentioned by Ustadh Nouman Ali Khan that the Muslim ummah these days are in very difficult and challenging times. With regard to the Paris Shooting (Charlie Hebdo) he thus makes the followings key points:-

- 1) Our wrongdoings (as Muslims) does not justify in retaliation for the wrongdoings of others,
- 2) Some of the heinous acts of those so-called Muslims (in the name of Islam) is a disgrace towards the Muslims and teachings of Islam,
- 3) Insulting and hateful speech and caricatures towards Rasullullah SAW, the Qur’an, the Muslims and Islam is surely offensive and hurtful. However, the reaction and response of the Muslims towards those insults must be submissive to the guidance of Allah SWT and in accordance to the teachings and examples of Rasullullah SAW.
- 4) Islam and the Muslims had been insulted by those Western Kuffar because the basic morality and conduct of the Muslims is questionable by them. In this regard, the Muslims ummah shall have to change such a situation within themselves, because Allah SWT will not change the situation of the ummah until they transform something that is wrong within their own selves

With regard to the ‘Inside-job’ issue, apparently the Muslims are so simplistic and too naïve, who are unable to defend themselves when they are blamed for atrocities committed by others. Not much research and investigation has been made by the Muslims themselves to prove that 9/11 incident, the 7/7 London Bombing or even the Madrid, Jakarta, Bali or the Mumbai Bombing apparently committed by others but to put the blame on Muslim radicals and terrorists. How so sad..!

The Muslims ummah shall have to take a very, very good look within themselves and make the transformation for their own good. Muslims can no longer depend on others to defend for the Muslims themselves., as what Ken O’Keefe and John Anthony Hill had done.

Apparently the Muslims only know how to react and retaliate, like what Hamas had done and some of those so-called Muslim ‘Jihadists’ suicide bombers continue to do. In fact, that is exactly what the enemies of Islam wants the Muslims to do., i.e. to react and retaliate., which ultimately shall give the Muslims and Islam a bad name.

By simply saying and yelling out that that evil is surely evil and wicked., but then to commit wrongful deeds against the innocent others, would make one to be no better than evil itself and thus instead to be dubbed as being ‘Muslim terrorists’ by those evil ones.

---

With regard to Perkasa, it has displayed its commitment in keeping for the plight, rights and the interest of the Malays and Bumiputras in all aspect. However, Perkasa leaders shall have to grow up and display maturity and wisdom. By being an NGO pressure group who are primarily conscientious of local political issues, Perkasa must be able to differentiate between how to react and how to respond. By making silly statements or taking some hasty action without thinking it out clearly is actually being negatively reactive. However, by thinking clearly, taking proper actions and making good progress for its own sake, then that should be the positive responsive action.

If someone threatens to burn down your house, it does not make things any better if you also threaten to burn down that someone's house. Thus, if a certain leader of Perkasa wants to burn the Christian Bible because of something provoking (issue Allah) that may be incorporated in the Bible, nonetheless would such a reaction (by burning the Bible) be any good to anyone and or to make any good progress for Perkasa..? Thus, reacting and responding are poles apart.

Any Malay or Bumiputra who do realise that their community is still lagging behind in many aspects, should support Perkasa and such like NGOs. However self-reflection, maturity and the wisdom should the approach to be displayed to fulfill one's objective. Immature and hasty reactions would only be ignored by the authorities as well as sidelined by one's adversaries.

The fight and struggle for one's community interest should not be considered as being racist. As example, The Malay Chamber of Commerce or the Chinese or the Indian Chamber of Commerce had always fought for the interest of their own business community and had never been dubbed as being racist groups.

However, when Zionist-Israel fights for the interest of the Jewish state which has not been considered as being a racist act by any quarters.., but when others criticise Zionist-Israel for committing atrocities, oppression and apartheid in The Palestine.., then how come others are deemed as being anti-Semitic..!? How so ironic..!

Tun

For Amin Tan. I agree with your comments through my observations of Malaysian life after 2003.

Malaysian Politics became disorderly and is one big personal quarrel without a dram of POLITICAL PHILOSOPHY. At the drop of the hat, the embattled parties would refer to the venerable Consitution with more fuel added to the imbroglio by unemployed lawyers. ( I know one lawyer who only had a set of 2 rooms in my friend's office building. And with wonderful foresight the lawyer whipped up a thousand or two of the recalcitrants dressed in yellow and walked the hot and humid streets of Kuala Lumpur for only 3 hours. [ In Hong Kong, they lasted over 3 months ] After being ennobled, the good lawyer retired and is now operating on a higher plane of human endeavour. Who says our beloved Malaysia is racist and non-Malays are marginalised ? Further, I can even quote 3 prominent nobodies who are ennobled with Tan Sriships, Datukships, and Doctorates. And a further, 71/2 ex-Singapoean NEP billionaires who have returned to Singapore to boost the GDP. The 1/2 is Japanese soldier )

Since 1965, after the ignominious defeat of the PAP by our Tunku and fast trek right up to 2015, our beloved Malaysia has been beset with surprising problems one way or another which culminated in Malaysians with THE SAME POLITICAL OBJECTIVES CALLING EACH OTHER NAMES ! This is the finest which could be achieved by mischief or troublemakers who hide outside our jurisdiction using proxies for the benefit of the few. WHERE IS THE POLITICS ? WHERE IS THE POLITICAL PHILOSOPHY ?

Hence, these sad state of affairs between nice, friendly and wise grown-up Malaysians made me scratch my simple head to understand what is wrong with us all Malaysians in a unique and fabled land which even the International Living has awarded as one of the best 3 places in the World to live and play for both the actives and the retired.

I knew the brilliant Ruler 1959 – 2015 has more than a friendly interest in our beloved Malaysia. This is confirmed by the Singaporean spies of swallows, ducks, journalists, tycoons, academics etc which were revealed by Wikileaks. Fair enough for his theory of Singapore's LIEBENSRAUM both in fact and in deed.

But I was still disturbed by this great wayang of brainwashing with thick smoke and broken mirrors which began in the early 1960s and fast trek to 2015. Through my thoughts which brought together the bits and pieces of our local history and the participants lliving in Malaysia and Singapore, it suddenly dawned on me THAT OUR BELOVED MALAYSIA PRACTICES A DIFFERENT POLITICAL PHILOSOPHY WHICH IS FREE MALAYSIAN STYLE DEMOCRACY WITH ITS OPEN CAPITALISITC CHARACTERISTICS GOVERNED BY OUR VENERABLE CONSTITUTION WHICH SAFEGUARDS ISLAM AND THE OTHER RELIGIONS as diametrically opposed to the godless ULTRA COMMUNISTIC POLITICAL AND SOCIAL PHILOSOPHY IMPOSED ON THE CITIZENS BY THE RULER 1959 – 2015 THROUGH APPARATCHIKS.

The vital difference between Malaysia and Singapore is our different Political Philosophies which are as different as chalk and cheese.

Hence, the Ruler 1959 -2015 was brilliant to brainwash all in his brilliant image to FORGET ABOUT THE ULTRA COMMUNISTIC PHILOSOPHY WHICH HE IMPOSED ON THE CITIZENS surreptitiously. And he applied the same MAGICAL BALM ON THE NAIVE MALAYSIAN CHINESE WITH STRONG DOSES OF CONFUCIAN VIRTUES which are now found to be absent in the balmy tiny isle of the Republic. Why ? Because Confucius was tossed up by the brilliant Ruler 1959 – 2015 in the mid-1980s when his fellow compatriots retired and he pushed himself forward as the Father Founder of Modern Singapore for the impressionable sycophants, on both sides of the Causeway. The real founder of 20th Century Singapore Dr Alfred Winsemius, was conveniently forgotten.

Once our fellow Malaysians, Malays, Bumiputeras, Chinese, Indians and all understand the good virtues of the FREE MALAYSIAN STYLE DEMOCRACY WITH OPEN CAPITAL CHARACTERISTICS AND ITS CONSTITUTION WHICH NURTURED THEM SINCE 1957 as compared with all the problems caused by a foreign toxic ULTRA COMMUNISTIC POLITICAL AND SOCIAL SYSTEM IMPOSED ON ITS CITIZENS BY THE RULER 1959 – 2015 THROUGH APPARATCHIKS, they will for the very first time view each other in a different light. They all believe in something which serves all AND NOT A GODLESS ULTRA COMMUNISTIC PHILOSOPHY WHICH ONLY SERVES ONE RULER 1959 – 2015

Arising from this the Singaporean Trojan Horse DAP has to answer some searching questions on its very political existence in our beloved Malaysia because it has such strong umbilical links with a toxic foreign entity and took no part in our National Development since 1966.

Assallammualaikum Tun.

Saya mohon ruangan.

Mr balance

[I am also against war and killing]

On the contrary Mr balance.I am not against war and killing.

Only I would like to rephrase them to ‘affirmative action’ and ‘correctional measure’s”:)

Thank you Mr balance for writing and I would like to share something maybe worthy a cent.

I had to remind to certain rocket scientist please refrain from reading any of my posting for second time.You have been forewarned that my unintelligible writing is here only for them who

cares even for a minion ranting.

Capisce??

To Mr Karl.

This ayat Al Quran is actually more appropriate.

سورة الحجر Surah Al Hjr 72.

By your life, [O Muhammad], indeed they were, in their intoxication, wandering blindly.

And

فَلَوْلَا إِذَا بَلَغَتِ الْحُقُوفَ

Then why do you not intervene death when it reaches Al-Hulqum ?

Mr balance.

Just a few day's ago I met a few of my old buddies of army and air force officer's.

One Brigadier General that is a Panglima Brigade.

Four LTC that is Leftenant Colonel and I 've been in contact of two Mejar that all currently still in service.

And can you imagine?

They still treat me as a friend!..Buddy..buddy..:)

And the whole idea is about?

Shared responsibility.

How much weight do you think the nation hold?

Can it be measured?

To certain extend you can.

Let say's for my buddies of 100 Tuah and Jebat,the burden for us is 1000kg.

That mean we have to shoulder the responsibility for one and each of us 10 kg.

When a few of us dies for any number of reason's,the weight is now intensifies on the shoulder of the still living comrade.

Meaning?

There are extra burden to be weighted and shared.

So?

Buddy..DON'T DIE ON US!!!

The same can be said of other intake.

If certain squadron lacks the skill to accomplish certain tasks another have to take over.

The whole burden is shared among comrades.

We can joke and poke fun on each other.

But when we return to civilian companies we are all lost.

We cannot tells them how courageous we are.

We cannot tells them how much we have contributed.

Like LTC Roslan said.

"I cannot be bothered with the civilians remarks.They simply have no idea".

So..

If you happened to see any enforcer personnel's and wondering wether they have serves the

nation interest at the best of their capabilities,actually they have.And they still do.  
I know because I keep in touch with all my buddies.  
And this is a little bit secret..  
Hush..  
My buddies currently is 20 Leftenant Colonel and one a due promotion of 2 star that is a General.  
You should have been proud that we have serve's the nation as best as we could.  
That is better than certain somebody.  
And why the rambling and ranting here?  
I wish Tun could influence Najib and to whom it may conscience that they must remove Allah and Muhammad from any insignia,pip and epaulette.  
  
Thank you Mr balance.  
Terima kasih Tun.

Tun,

I am also against war and killing. I think it is not correct to make fun of other people culture, religion, idol and believe. Making fun of other people's way of life is a form of attack too and best is to avoid doing such things. Freedom of this and that must have limit and self restrain. Mindfulness is a good way to live.

a-Salam Tun.

Stanley Milgram, a psychologist at Yale found that 65 percent of the US and European were easily influenced to violate their own moral standards in obedience to authority.

When unspeakable acts, like the attacks on GAZA where thousands were murdered by the Israeli army, became the norm for the Europeans, it is rather a black comedy that they felt traumatised by the dubious Paris incident : <http://stormcloudsgathering.com/charlie-hebdo-shootings-censored-video> that took the lives of some recalcitrant anti-islam propagandist who were already repeatedly courting for trouble. Even the Pope believes that Charlie was asking for it. It is Western Justice in a way that Christians knew it.

Our beloved Rasulullah s.a.w once said, “people are asleep, death wakes them up”.

Just like the European were not disturbed by the death of thousands of innocent Palestinians, but are now fully awake and roused up by the killing of a dozen useless seditious pseudo-journalists.

Terima kasih ayahanda Tun.

Salam Yg Bhg Tun,

Malaysian Insider membuat fitnah lagi dengan mengatakan Tun M parted away from Perkasa didalam Yahoo News. Mereka ingin melihat bangsa Melayu bertelagah. Seperti yang terdapat didalam risalah satu parti itu ketika PRU yang lepas di Kuala Lumpur, ‘kita perbodohkan bangsa Melayu ini. Kita memainkan bangsa Melayu ini. Mereka adalah sebenarnya bangsa yang bodoh.’

Dear Tun,

Please allow me to quote you as follows,

“”And Perkasa would not have existed had it not been for the rise in extremist views among the non-Malays, questioning Malay rights and privileges when Malays themselves did not question the rights of non-Malays nor denied the privileges accorded them in the Constitution.””

I would not fully blame the non Malays for questioning Malay rights and privileges. The present state of affairs is mainly due to the aftermath or consequence of the power struggle for the Presidency under Tun in 1998. The Malays should not blame the non Malays for being made use of by the UMNO reject who form the PKR leadership or Ketua Umum. They even attempt to divide the Malays and isolate UMNO by constantly harping on UMNOputra as the ultimate beneficiary of NEP as if they themselves are the saviour of the non Malays should they come into power. They harp on besmearing UMNO as corrupted and hate UMNO mongering. The gullible non Malays and some not so clever Malays took up the propaganda.

Datuk Ibrahim Ali was targeted because he supported Tun at the final showdown at PWTC in 1998 to sack Deputy President of UMNO.

The Opposition also has been trying hard to divide UMNO leadership and instigate gullible Malays to undermine UMNO President, Datuk Seri Mohd Najib Tun Abdul Razak.

The non Malays are only tools being manipulated by the sour grape PKR leadership trying to overthrow the BN government and grasp power for himself. Wallahu alam.

Assalamualaikum, Tun.

Sesungguhnya Islam mendukung nilai-nilai mulia kemanusiaan. Golongan fanatik silap tafsir mencemari nama baik. Membunuh insan hidup lain itu perkara haram.

Dalam arus globalisasi, manusia telah lebih bebas mengembara dan menetap di tempat-tempat atau negara-negara yang dirasai sesuai. Identiti kaum tidaklah dipertikai selalu. Sebagai contoh, di Indonesia, tak kira kenekmoyangan atau agama, rakyatnya menyebut diri warga Indonesia.

Setelah merdeka lebih 50 tahun, Malaysia masih dihantui isu-isu perkauman. Haruslah kita ubah pemikiran. Jangan juga sebut yang kaum-kaum tertentu ekstremis. Dalam pada mengutuk, haruslah kita lihat pada diri sendiri.

Hak-hak Melayu tetap harus dipelihara. Caranya lebih waras. Fikirlah caranya mempertingkatkan lagi taraf anak-anak muda dengan pendidikan, taraf minda, pengamalan nilai-nilai hidup bermoral, pengamalan cara hidup Islam yang betul yang sebagainya.

Ibu pertiwi kita akan terus berkembang maju dengan masyarakat majmuk yang bersatupadu. Kenalah PERKASA ubah halatuju. Fokus ke atas isu-isu remaja Melayu. Janganlah perapi-apikan keadaan. Hayatilah keharmonian masyarakat majmuk, demi masa depan yang lebih cerah.

Saya tiada senarai bloggers ini. Kalau saya ada senarai tersebut, mungkin bolehlah saya analisa sikit.

Bukan untuk sama sama mencemuh tapi sekadar membaca.

Berkenaan pengumuman terbaru PM mengenai ekonomi negara, saya bukanlah pandai sangat bab ekonomi.

Tetapi ketika inilah di mana BRIM tidak berguna untuk melahirkan rakyat yang gigih dan kental semasa menghadapi tekanan dari luar.

Saya menggunakan perkataan 'flexible seperti gelang getah' masa lalu mengenai konsep ekonomi Malaysia yang digunakan.

Inilah masanya untuk melihat kebenarannya.

Tun

For Saudara Abu Alya. I could not agree with you more on your comments.

I became active when I saw, experienced, read and felt how our beloved Tun's lifetime of building up our Nation plus his successful 22 year Administration which made up his sacrifice, was being torn to shreds from 2004 onwards. Not only that, abuses, insults, vulgarities, venom etc were heaped unjustly on the Tun by the very people you mentioned and more, Saudara Abu Alya.

When facts are presented and with a firm leadership like our beloved Tun's 22 year Administration, most of the Rakyat are busily working to produce productive results – even those who planned to overthrow him. Tun's understanding of the Malaysian body politic and its participants the Rakyat was what held the Nation together for so long despite strenuous efforts by the recalcitrants to breakdown the whole established edifice.

What held up the stability, peace and stability for so long was the innate goodwill and good instincts which we the Rakyat all have.

The bad hats from the Malaysian Chinese which you mentioned are true.

Just recently, my friend was pushed off the highway near the Science Museum, Kuala Lumpur by a sub-continent Tan Sri in his white Porsche Cayenne complete with Bollywood toughs in black. The Tan Sri told my friend, ' Don't you see I am a Tan Sri.' pointing to a little badge attached to the backside of his car. ' And I am in a hurry !'

This sort of incident, the ones you mentioned like the one I mentioned, happened all the time. Hence, a firm political leadership at whatever level is imperative for good order and civility in a diverse land.

Good laws like the ISA should always been retained to maintain good behaviour on the hoodlums and recalcitrant types. The ISA is meant to protect the elite not the Rakyat. But without the ISA, the Rakyat suffer the most.

And all your comments are true which were made worse by a failed regime down South which was based on MONEY MONEY MONEY policies in support of the Ruler 1959 – 2015 who imposed the ULTRA COMMUNISTIC POLITICAL AND SOCIAL SYSTEM ON HIS CITIZENS THROUGH APPARATCHIKS.

The Ruler 1959 – 2015 came into power in the late 1950s applying the methods somewhat like what the Singaporean Trojan Horse DAP, a foreign entity, is attempting to do now.

The Ruler 1959 – 2015 co-operated with the Leftists and the Communists at first. By 1962, with the purported advice of the Tunku through the most Senior Chinese Adviser, Tan Sri Dr C.C. Too, the Ruler 1959 – 2015 with the Singapore Police Chief in attendance, George Bogaars, accepted the advice and launched 'Operation Coldstore'. This Operation entailed the arrests of all the Leftists and the Communists. By 1970, the Nantah University and the Chinese vernacular schools in Singapore were no more to this day. And by the time, all the original comrades of the Ruler 1959 – 2015 retired by mid-1980s, the Ruler slowly slipped in his political philosophy of the ULTRA COMMUNISITIC POLITICAL AND SOCIAL SYSTEM IMPOSED ON THE CITIZENS IMPLEMENTED BY THE APPARATCHIKS.

The Singaporean Trojan Horse DAP, a foreign entity with an umilical link to the PAP, is alleged to support the move to bring the remains of Malaya/Malaysia No. 1 Enemy home. The DAP is alleged to support the Chinese vernacular schools in Malaysia.

DO THESE MOVES SOUND FAMILIAR, MCA ?

## **PERKASA**

1. The Chinese in general are well known all over the world for their racist attitude and mentality. It is a fact, and there is nothing we can do about it. If the Chinese wants to race up and down, up and down – it is up to them, it is up to the Chinese people to change, to UBAH, their worldview and way of life so as to render themselves acceptable and esteemed by others.

2. Just the other day and not for the first time, I witnessed how a Chinese family unashamedly devise a method to beat the Express Lane queue at a supermarket. It resonates the kind of methodology and mentality that had won them and DAP the GE13 votes. Put it simply as Kiatsu-ness and cheater. But so long as it works for them, its good enough.

3. On the other hand, the Malays by nature are a hospitable, giving, naive, friendly lot whose main concern is to live a 'relaxed' calm existence and where they can do without much luxury or money – which is good news for the elite few Malays and also their Chinese partners in crime. Robert Kuok the billionaire did not get to where he is now, without a Malay's help.

4. PERKASA exists as a counter-extremist organization. They give early warnings to what trouble the Chinese racists and extremists are up to. We must support PERKASA because they are also educating the Malaysian society to reject racism and extremism. PERKASA is doing the check and balance for us Malaysians who are too lazy to think, and for those anti-Malays who are gobbling mouthfuls of poison from news portals the likes of MalaysiaKinki etc etc ...

Perkasa are born by the illegal illicit act of Anwar Ibrahim  
to pleased his Lust supported by DAP , PAS & foreign influence that have a definite  
interest in Malaysia

Even at the expense of his own Malay community & religion  
Anwar has gone Munafik has gone political psychiatric ill

DAP , PAS applause Anwar not because Anwar is up holding human right  
But because Anwar seems to be a good tool to topple UMNO as alike DAP using Dyana & few  
UMNO members So its not a news It is common sense

It is quite the same as US making Arab & Islamic World a BiG FOOLED

Instigating , influencing to unrest a Family member not just a Nation  
is better off than attacking that family or the Nations

Thus corrupted the system of Malaysia Democratic

As it was corrupted by an individual , with political Parties interest than upholding the true  
Democratic Values as Voters and swayed from Truth

Nevertheless said these UMNO on its part also has been weaken by  
its very one Performance thus unable to withheld the Storms that Challenge

Malaysia had enough nonsense of each Political Party Agendas

Malaysian had enough of these Political Childish Blames on each other

Nothing moves forward ahead as Its always listening to these MakCik MakCik accusations

UMNO as the ruling Govt must be Silence Swift in their Actions and Delivers Malaysia Goals  
Not focusing on all nonsense brought by Oppositions

Get to the Point. Ignore & Bull thru the obstruction in a Silence Swift Manner

Lies after Lies after Lies even the cheapest Lie  
World were Silence by fear of US Suppression  
For Israel Ignored by United Nation

The Sad part even the Islamic World bought these cheap Lies at very an expensive Price  
towards their own Brothers for fear of Suppression

North Korea & Russia showed the Difference as they have the Might

Islamic World are proven Idiot

US hit Iraq though no WMD was found, Saddam was Killed

US breeds ISIS with intentions to destroy Syria against Assad

and Arab Spring was definitely born by US also

Now ISIS betrayed US Intentions

US Fooled most Arab Nations to help them to destroy their very own creations ISIS

The pattern are there The Muslims World includes Asia are made Fool to US lies

The Sunni the Shia Yes , They have their differences BUT

They have been living Peacefully together for Donkey years acknowledge each Existence

No Deny there are Frictions even with other races, religion with the Jews, Christian even the Buddist

NOT TILL THE ILL INTENTIONS OF ISRAEL BORNE BY US & ITS ALLIES

THESE ARE HAPPENING TILL TODAY

The ISIS are moving towards Europe as had happen in France

They cannot stick together in Syria & Iraq waiting for US Air Strikes to hit them

And now as such makes the World Not at Peace

Even water bottle are not allowed on board the Planes

The End Day everyone is Suffering Everyone Feared

Its simply if we are at the Wrong Time & Place

And it is all because Men prefer to produce more Weapon than Babies

Salam YAB & Yg diKasihi Tun,

1. Western 'INJUSTICE'?

Even in Malaysia (nowadays), the term/label 'extremist' is only applicable to Muslims/Malays; all non-Muslims/non-Malays in Malaysia are 'moderate people'. That is why we have SIS & 'Liberal 25' to assist Muslims/Malays to become moderate.

2. PERKASA: Sebenarnya ada pihak yang cuba melaga-lagakan Tun dengan PERKASA untuk kepentingan politik sempit mereka. Ada juga yang jadi 'batu api' antara Tun dan Kerajaan, dan yang lagi pelik sekarang ada pula media-media yang kononnya (dahulu) pro-Kerajaan tetapi

secara terang-terangan membawa agenda Pembangkang. Mungkin mereka belajar dari PM Ah Jib Gor yang ternyata membantu melaksanakan agenda Pembangkang seperti memansuhkan ISA/EO dan bermacam-macam lagi.

Terima kasih Tun.

\*\*\* Semoga Allah SWT sentiasa melindungi Tun sekeluarga. \*\*\*

Salam Hormat dari Jakarta Tun,

Saya melihat tak ada salahnya Perkasa pertahankan Hak Melayu, seperti Tun menulis mengenai hak hak melayu, hanya segelintir dari orang/pemimpin melayu yang tak senang duduk bila ada yg cuba pertahankan hak melayu, saya tak tau kenapa. Mereka boleh saja diam (sebahagian pemimpin Melayu) bila kita bercakap pertahankan hak melayu. Saya menetap di Indonesia cukup lama, dan mereka disini pertahankan hak peribumi Bangsa Indonesia walau terdiri ratusan ethnik. Mereka semua bangsa Indonesia pertahankan NKRI (Negara Kesatuan Republik Indonesia) bagi bangsa Indonesia ini harga mati. Orang Melayu bercakap mengenai hak melayu, tapi yang bantah melayu juga. YBhg Tun, saya cukup kagum dengan jiwa anda pertahankan Bangsa Melayu Malaysia.

Pertembungan Islam dengan Barat akan terus berlaku sehingga Kiamat

Masyarakat barat khususnya Eropah sebenarnya mempunyai sejarah yang sangat panjang dengan Islam. Mereka sangat kenal dan memahami Islam serta umat Islam. Hanya orang yang lupa atau buta sejarah sahaja yang mengatakan bahawa Barat mempunyai banyak salah faham terhadap Islam, maka umat Islam perlu memberikan kefahaman mengenai Islam kepada mereka.

An extremist is free to be extreme. A terrorist is free to create terror. I don't see these two groups being a problem in today's world of almost limitless freedom.

Assalamualaikum Tun.

Seingat saya kisah Perkasa ini telah saya tinggalkan komen pada artikel Wisma Putra.

Sebelum itu Tun juga telah memberi sokongan pada MAZA.

Dan saya juga telah terlihat poster Datuk Mukhriz bersama MAZA ketika menziarahi IJN dalam tahun 2009 kalau tak salah ingatan.

Cerita cerita lama. Tapi sebenarnya kita tak proceed dengan Perkasa. Kalau kita proceed pun okey...hari biru jawabannya. Ha ha ha Barulah orang tentu akan ingat (OTAI) siapa kita.

Terima kasih Tun.

Your Perdana Peace foundation has this ‘criminalise war’ slogan.

Shouldn't the word ‘perjuangan’ be substituted as it has connotation of war n strife if the ‘matlamat’ is invariably (human are never satisfied) never reached.

‘Persaingan’, ‘Gerakan Maju’ is more apt n more peace like. The Muslim world got into a rage when bush announced ‘crusade against terrorism’ which prompted the west to pander n dropped the C word. How about we reciprocate? Your analogy is deceptive. When babies, innocent people are killed by Muslim despots the Muslim world stood still. That cowardice is now transferred to the west who rather than b accused of ‘campurtangan’ was pleaded by those involved to get involved, oil notwithstanding. All Arabs are human. So are the Jews. But when u have leaders calling for the extermination of a race n religion which they inferred from their scriptures ‘they are the lowest of creatures’, ‘the rocks n stones will call out to kill the Jews hiding behind’, u are not dealing with humans in the first place.

Killings in the annal of human history must always include Mother India now a space power, ripped asunder both side from it's womb the failed state of Pakistan n the basket case bangla desh. There the casualties dwarfed those done by the west.

The British mandate gave 70% of Palestine to the overthrown, humiliated, disrespected, kicked about by Arabs rulers. The British with Zionist influence recognised the unimpeachable line of descent of prophet Mohammad lineage n created a land called Jordan for a sovereign without a kingdom, a land without a sovereign the highest form of respect ever. Jordan is thus Palestine in population n history. That should have been the end but Hamas n PA want another Palestine n ‘drive the Jews into the sea’.

In 2008 the most reliable of statistics, from the Vatican stated that as from 2006 Islam have overtaken Catholicism at 1.3bil as the largest religious group. Since then many leaders have given figures of 1.5 to 2 bil. Which is impossible but a ‘feel good’ thing. How can countries n UN n others bodies plan their economies, policies with such variances?

The root cause of our extremism is not the extreme comments. They were long there. Caused by supremacist exclusivism, eschewing integrative inclusivism. It is just that those comments found platforms in new found multiple media. Similarly the printing press was the precursor to church influence declining from the middle ages. And what a better thing it was for both state n church n the human race. The antidote is not suppression but deftly dealing with the new information age. Accusing the Jews, zionists, crusaders for inventing this weapon as alleged to cause disunity n conquer our minds is infantile. Wasn't it claimed that Arabic algorithm pave the way?.

Western justice might not b perfect. Just compare it with IS, Communist china, Hindu BJP, third world, Saudi justices. But it serve as some sort of benchmark not absolute. As in pricing of petrol prices, Brent benchmark.

Perkasa was born, in the rise of non Malay extremism ,and UMNO and government look clueless in defending and protecting the the Malay and Islam .

Depression towards Islam and Muslim ,has make some people take justice in their own hand ,though Islam never promote that .

Nothing actually went wrong ,probably that the ways they expect it's.

Salam Tun yang dihormati,

Just because a few Malay politicians & intellectuals prostitute their religion, customs and Malay sultanates..it doesn't mean that the majority Malay are in agreement with the them. Perkasa do the job where UMNO and PAS fails miserably.
