

## **CONSPIRACY**

**Chedet.cc**

**20 July 2015**

**Tun Dr Mahathir Mohamad**

1. There has been much talk by certain people of a conspiracy to overthrow Dato Sri Najib as Prime Minister.

2. Is there a conspiracy? Is there someone or some group conspiring i.e moving in secret in the underground to overthrow Najib. There could have been before but apart from people complaining privately about their dissatisfaction with Najib's administration, no one was planning his overthrow. That is not to say that they did welcome the idea of his resigning or vacating his post. But active underground planning and action there was none.

3. What we do know now is that I had openly called for his stepping down. No conspiracy. Just open declaration to the whole nation that I would like to see Najib cease to be Prime Minister.

4 So if any investigation is to be made, there is no need for detectives or special agents. That there is a move or push for Dato Sri Najib to step down is known to everyone.

5. So again where is the conspiracy!! It is all in the open. There is no need to conspire. There is open campaigning for his ceasing to be Prime Minister.

6. Lately we are seeing many funny statements. The Utusan loudly proclaimed that the Prime Minister had taken action against the Wall Street Journal.

7. Actually it was not legal action or suing for defamation. Just politely asking the Wall Street Journal why do they publish the article.

8. Is there a need to ask that silly question? Isn't it obvious that as a newspaper the information obtained by Wall Street Journal was sensational. Any newspaper, convinced of the authenticity of the information would have printed it. Of course the local mainstream papers will not for obvious reasons.

9. To ingratiate themselves with the Prime Minister they would rather mislead people. The sub-editors are good at writing misleading headlines. For example when a statement is made to let the task force of four do their work this is headlined as support for the Prime Minister.

10. Then there was a minister who, after saying that the interim report shows nothing wrong with 1MDB, then went on to advise people not to say anything about 1MDB until the report is out. But he himself had made a premature statement.

11. To all comments made against 1MDB, the standard answer is to deny, to say "No it is not true." It is like somebody upon being asked whether he had stolen the money as alleged, simply denies that he had stolen, expecting the judge to acquit him simply because he denied.

12. There is no denial that money was deposited in the private account. The explanation to UMNO is that it was for the elections. UMNO seems satisfied. Don't they know that Government money cannot be used to help a political party to win elections? But the money was from donation. Who donated 2 billion Ringgit? No answer.

13. But what about BR1M? Isn't it Government money, all 7 billion Ringgit and more. That was clever. It is not for elections but given before any election, with the promise of more if the party wins, isn't it about using Government money to win elections?

14. Truly cash is king!!

15. Then there is this insistence that since Najib was elected, no one has any right to demand he should step down.

16. How short is their memory. Don't they remember Abdullah who was also elected being asked by Najib to step down. And he did.

17. And I myself, also an elected PM, did step down in 2003.

18. All over the world elected Presidents and Prime Ministers have been asked or forced to step down and they all did. In fact in some countries, if something untoward happens, Ministers, Prime Ministers step down.

19. So don't be silly and demand that since Najib was elected, no one has a right to ask him to step down. Abdullah won more seats in 2008 than Najib in 2013. If Abdullah was prepared to step down, Najib after his poor performance in the general election should not even offer to be the PM. He should resign from being President of UMNO and head of BN and let somebody else lead and become PM.

20. There is this suggestion that the amendment to the election rules in UMNO was meant to make it more democratic. Very many more members would vote in the UMNO elections than the 2,000 or so delegates to the UMNO General Assembly.

21. Actually the intention is to limit the number of entities involved in the election. The winners would be those getting the biggest number of divisions voting for. Effectively this means the real electors have been reduced from 2,000 to about 190 UMNO divisions. The number of members voting for a candidate is nullified. Far from making UMNO elections more democratic, Najib has actually restricted the right to vote from ordinary members to just the divisions. And Najib has a strangle-hold over most of the division heads.

22. So much for more democracy in UMNO.

## VERSI BM

1. Terdapat banyak perbincangan oleh orang-orang tertentu tentang konspirasi untuk menggulingkan Dato Sri Najib sebagai Perdana Menteri.

2. Adakah terdapat konspirasi? Adakah terdapat seseorang atau beberapa kumpulan bersubahat, iaitu bergerak secara rahsia di bawah tanah untuk menggulingkan Najib? Mungkin terdapat sebelum ini, tetapi selain daripada orang-orang yang mengadu secara peribadi tentang rasa tidak puas hati mereka dengan pentadbiran Najib, tidak ada orang yang merancang menjatuhkan beliau. Itu bukan menyatakan bahawa mereka sebenarnya mengalu-alukan idea beliau meletakkan jawatan atau mengosongkan jawatannya. Tetapi perancangan bawah tanah yang aktif dan tindakan tidak ada.

3. Apa yang kita tahu sekarang adalah bahawa saya telah secara terbuka menggesa beliau meletak jawatan. Tiada konspirasi. Hanya pengakuan terbuka kepada seluruh negara bahawa saya ingin melihat Najib terhenti menjadi Perdana Menteri.

4 Oleh itu, jika ada apa-apa penyiasaan mahu dibuat, tidak ada keperluan untuk detektif atau ejen khas. Ujudnya langkah atau desakan untuk Dato Sri Najib berundur diri diketahui semua orang.

5. Jadi sekali lagi, di mana konspirasinya!! Ini adalah semua terbuka. Tidak ada keperluan untuk bersubahat. Terdapat kempen terbuka untuk beliau berhenti daripada menjadi Perdana Menteri.

6. Akhir-akhir ini kita melihat banyak kenyataan yang melucukan. Utusan dengan lantang menyatakan bahawa Perdana Menteri telah mengambil tindakan terhadap Wall Street Journal.

7. Sebenarnya ini bukan tindakan undang-undang atau saman malu. Ianya hanya tertanya dengan sopan kepada Wall Street Journal mengapa mereka menerbitkan artikel itu.

8. Adakah keperluan untuk menanyakan soalan yang bodoh itu? Bukankah ianya jelas bahawa sebagai akhbar maklumat yang diperoleh oleh Wall Street Journal adalah sensasi. Mana-mana akhbar yang yakin dengan kesahihan maklumat itu pasti mencetaknya. Sudah tentu akbar-akbar utama tempatan tidak akan berbuat demikian atas alasan-alasan yang jelas.

9. Untuk mendamping diri dengan Perdana Menteri mereka lebih sanggup menyesatkan orang. Sub-editor pandai menulis tajuk utama yang mengelirukan. Sebagai contoh, apabila kenyataan dibuat untuk membiarkan pasukan petugas empat orang melakukan kerja mereka, ini ditajuk utamakan sebagai sokongan kepada Perdana Menteri.

10. Kemudian ada pula seorang menteri yang selepas mengatakan bahawa laporan interim menunjukkan tidak sebarang yang salah dengan 1MDB, kemudiannya menasihatkan orang ramai supaya jangan berkata sebarangan mengenai 1MDB sehingga laporan itu disiarkan. Tetapi dia sendiri telah membuat kenyataan terlebih awal.

11. Bagi semua komen yang dibuat terhadap 1MDB, jawapan standard ialah menafikannya, mengatakan "Bukan, ia tidak benar." Ia ibarat seseorang apabila ditanya sama ada dia telah mencuri wang seperti yang didakwa, hanya menafikan bahawa dia telah mencuri, mengharapkan hakim akan membebaskannya kerana ia menafikan.

12. Tidak ada penafian bahawa wang telah didepositkan ke dalam akaun peribadi. Penjelasan kepada UMNO adalah bahawa ia adalah untuk pilihan raya. UMNO nampaknya berpuas hati. Tidakkah mereka tahu bahawa wang Kerajaan tidak boleh digunakan untuk membantu parti politik memenangi pilihan raya? Tetapi wang ini adalah dari sumbangan, Siapa yang menyumbangkan 2 bilion Ringgit? Tiada jawapan.

13. Bagaimana pula dengan BR1M? Bukankah is wang Kerajaan, semua 7 bilion Ringgit itu dan banyak lagi. Itu bijak. Ianya bukan untuk pilihan raya tetapi diberikan sebelum mana-mana pilihan raya, dengan janji lebih jika parti menang, bukannya ini hal menggunakan wang kerajaan untuk memenangi pilihan raya?

14. Sesungguhnya tunai adalah raja !!

15. Kemudian terdapat desakan bahawa oleh sebab Najib dipilih, tiada siapa pun mempunyai sebarang hak untuk menuntut beliau berundur.

16. Betapa pendek ingatan mereka. Tidakkah mereka ingat Abdullah yang juga telah dipilih diminta oleh Najib untuk berundur. Dan dia melakukannya.

17. Dan saya sendiri, juga seorang PM yang dipilih, berundur pada tahun 2003.

18. Di seluruh dunia Presiden yang dipilih dan Perdana Menteri telah diminta atau terpaksa berundur dan mereka semua melakukannya. Malah di sesetengah negara, jika sesuatu yang tidak diinginkan berlaku, Menteri-menteri, Perdana-Perdana Menteri akan meletak jawatan.

19. Janganlah jadi bodoh dan menuntut bahawa oleh sebab Najib dipilih, tiada siapa yang mempunyai hak untuk meminta beliau untuk berundur. Abdullah memenangi lebih banyak kerusi pada tahun 2008 daripada Najib pada tahun 2013. Jika Abdullah bersedia untuk meletak jawatan, Najib selepas prestasi buruk dalam pilihan raya umum sepatutnya tidak menawarkan diri untuk menjadi PM. Dia harus meletakkan jawatan daripada menjadi Presiden UMNO dan ketua BN dan biarkan orang lain memimpin dan menjadi PM.

20. Terdapat pandangan ini bahawa pindaan kepada peraturan pilihan raya dalam UMNO adalah bertujuan untuk menjadikannya lebih demokratik. Lebih ramai ahli akan mengundi dalam pilihan raya UMNO daripada 2,000 atau lebih perwakilan ke Perhimpunan Agung UMNO.

21. Sebenarnya niatnya adalah untuk menghadkan bilangan entiti yang terlibat dalam pilihan raya. Pemenang adalah mereka yang mendapat bilangan terbesar undi bahagian. Keberkesannya bererti pemilih sebenar telah dikurangkan dari 2000 kepada kira-kira 190 bahagian UMNO. Bilangan ahli yang mengundi untuk calon dibatalkan. Jauh daripada membuat pilihan raya UMNO lebih demokratik, Najib sebenarnya telah menghadkan hak mengundi ahli-ahli biasa kepada bahagian sahaja. Dan Najib mempunyai pegangan ke atas sebahagian besar ketua-ketua bahagian.

22. Begitulah untuk demokrasi yang lebih dalam UMNO.

Assallammualaikum Tun.  
Saya mohon ruangan.

[Suhainin Sahibul..

Tun Mahathir ada berkata yang serupa ini maksudnya : “Saya menjadi Doktor bukan sebenarnya untuk mengubati pesakit...tetapi... supaya kata-kata saya dituruti.”]

Alangkah malangnya kini anda sudah benar-benar keterlaluan dan melampaui batas!!!!

[Lihat jauh-jauh ke dalam kata-katanya itu, ini merupakan bahasa orang yang “Tidak Ikhlas” terhadap setiap yang dilakukannya serta apa yang disumbangkannya. Sentiasa melakukan gerak kerja untuk meraih keuntungan bagi dirinya sendiri]

Sebagai manusia kita boleh terus bermusuhan,caci-mencaci malah berbunuhan antara sesama sendiri.. Tetapi itukah tujuan Allah menjadikan manusia?

Tahukah anda dan sedarkah anda Allah memilih peranan manusia tidak sama antara satu sama lain?  
Apa peranan anda untuk menilai Tun?

Siapakah yang berani memaki George Bush kerana menganiyai rakyat Palestin?

Anda atau Tun yang ada tuduh tidak jujur?

Untuk membeli kapal dan segala keperluan masyarakat Islam melalui Perdana Foundation memerlukan banyak dana.

Duit anda kah yang menolong umat muslimin atau duit Tun?

Kekayaan milik Allah disebarkan melalui tangan Tun..

Apa pengiktirafan Allah terhadap anda yang paling agung?

Saya tahu seorang muslimin pernah bermimpi mendapat surat dari Allah..

YA..

Para muslimin yang tidak beramal akan mengeji dan mencaci maki muslimin yang sebegini..

Persoalannya GUA ADA..

LU ADA???

Suhainin Suhaibul..

Sentiasalah manusia itu berselisih faham menyangka diri merekalah yang benar.

Allah menawarkan perdamaian di antara kita semua..

**“Hai orang-orang yang beriman, taatilah Allah dan taatilah Rasul (Nya), dan ulil amri di antara kamu. Kemudian jika kamu berlainan pendapat tentang sesuatu, maka kembalikanlah ia kepada Allah (Al Qur’an) dan Rasul (sunnahnya), jika kamu benar-benar beriman kepada Allah dan hari kemudian. Yang demikian itu lebih utama (bagimu) dan lebih baik akibatnya. (QS al-Nisâ [4] : 59)**

Assalamualaikum Tun,

Salleh Said Keruak dalam ulasannya “Tun Mahathir bukan mahu jatuhkan Najib tetapi UMNO sekali”:

1. Pertamanya saya ingin ulas betapa gerunnya Najib, menteri-menteri di bawah Najib dan talibarut Najib tentang PENGARUH TUN MAHATHIR.

2. Kedua, kenyataan Salleh Said Keruak itu umpama ORANG BODOH kerana bercakap ikut mulut saja. Ia seolah-olah mengajak semua ahli UMNO membenci Tun. Pada hakikatnya, dengan jelas Tun bercakap Najib patut meletak jawatan. Najib seorang, ini bukan bermakna turunnya Najib, hancurnya UMNO.

3. Ketiga, Salleh Said Keruak ni umpama katak bawah tempurung. Ini kerana cara dia bercakap seolah-olah dia sudah membuat kajian atau survey tentang perkara itu.

4. Salleh Said Keruak ni seorang yang tidak cerdas lagi bodoh kerana tidak faham gelombang politik semasa di mana rata-rata rakyat kini membenci Najib dan Rosmah bukan kerana Tun yang hasut tetapi sikap degil sombong Najib sendiri.

5. Salleh Said Keruak tidak memahami status ekonomi negara sepanjang pentadbiran Najib menyebabkan rakyat sengsara khususnya pelaksanaan GST ( government sangat tamak ) yang mengakibatkan tambahan inflasi iaitu harga barang/service naik. Ia mengecilkan pendapatan rakyat. Rakyat dari peminta sedekah, fakir miskin hinggalah orang kaya dipaksa membayar cukai dengan peratus kenaikan yang sama. Bijak atau bodoh Najib, jika mereka yang menyokong pelaksanaannya pun dianggap bersubahat bodoh sama. Bila harga barang/sevice naik, sampai bila-bila pun ianya tidak turun. Salleh Said Keruak pun BODOH.

6. Salleh Said Keruak ni memang bodoh.

Wassalam.

Wa'alaikummussalam warahmatullahiwabarakatuh sekali lagi Tuan Suhainin Suhaibul (nama sebenar)...

Saya merasa cukup 'bertuah' & 'terharu' kerana dalam banyak2 kecaman sehari dua ni pada Tuan Suhainin Suhaibul/bol (not sure... who cares..), Tuan sangat TERKESAN dengan komen saya terhadap 'komitmen tak kena tempat' Tuan yg semata2 mencemar blog Ayahanda Tun ni, sampai 'reply' balik 1

post saya dgn 2 post Tuan.

Siap acknowledged 'kelibat kebolehan komunikasi' saya. Jadi, sebagai orang Melayu yang TIDAK KURANG AJAR, TIDAK SOMBONG & TAHU MENGENANG BUDI, setinggi2 penghargaan saya rakamkan pada Tuan, nun di Negeri Di Bawah Bayu.

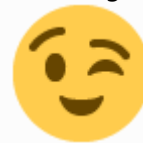

Tuan Suhainin Suhaibul/bol rupanya kata nak 'Pencerahan' saja di blog ni.. Ingatkan apa, sampai 'putus jari' menaip cerita yg tiada siapa kisah dah pun. Caranya pun sungguh 'mulia'.. Ungkit (& create) cerita backdated yg dah tak berbekas, tambah Aji No Moto (& racun Spark Monsanto) lalu menyerang Ayahanda Tun di sini, demi membela Bugis Warrior Yang 'Maksum' di matanya.. Sayangnya, Tuan Suhainin Suhaibul/bol pun nampak dibalut 'Emosi' : jelas sangat dalam post kedua

komen 'Cash Is King' yg dituju pada saya.

Hidup berdendam ni memang menyiksakan Tuan.. Seperti maksud kata 'Hajar' dlm komennya yg juga menyelar Tuan. Sesuatu musibah yg menimpa diri kita dulu bukan hasil tangan2 manusia semata2. Dlm kes Tuan Suhainin Suhaibul/bol, mungkin tangan tu di'scapegoat'kan pada Ayahanda Tun.. Tangan manusia ni hanya perantara Tuan.. Semuanya takdir Ilahi, terimalah sebagai ujian atau balasan dosa2 kita yg silam. Selagi manusia yg terus dipersalah, kita pasti mati ditelan kesumat.. Biarlah hidup ber'Pemikiran Sehalu', dari hidup ber'Pemikiran Bercabang Lagi Songsang' & akhirnya mati mata terbentang!

Seperkara lagi, yg pasti 'Buffon' bukan nama Jews macam 'Benjamin', tapi nama keluarga yg diguna majoriti warga Perancis, dan sebilangan warga Itali dari susur galur diraja Mediterranean.. Pelik juga Tuan tak kenal Kapten & goalie legenda Itali yg menang World Cup 2006, Gianluigi Buffon! ..Berkiblat BPL Tuan ni mungkin. Tak kisah la. Apa pun terima kasih sekali lagi kerana Tuan menganggap nama

itu 'macho' bila digabung dengan perkataan Melayu (atau mungkin Bugis?) Lagipun, apa salahnya kan pinjam separuh unsur Mat Saleh wahai Tuan Suhainin Suhaibul/bol? Bugis Warrior pun buat.. Bukan saja pinjam unsur, siap ambil terus & 'gaji besar'kan lagi 3 Mat Saleh utk menasihatnya kaedah mentadbir Malaysia yg tercinta ini selepas 58 tahun 'Semenanjung Emas' atau 'Golden

Chersones' merdeka.. Terlanjur cakap pasal pinjam juga, bukan ke meminjam (atau mengghaib?) berpuluh bilion dolar tu juga cara paling afdal utk 'bangunkan' negara jangka panjang. Macam hal kesesuaian pelaksanaan GST juga la, rakyat juga yg tak faham kan Tuan Suhainin

Suhaibul/bol? ..Ya la, bukan semua rakyat Malaysia dapat CGPA 3.80.

Tak lupa, terima kasih juga pada Tuan Suhainin Suhaibul/bol, individu (out of all people) yg rupa2nya bertanggungjawab memberi gelaran BAPA PEMODENAN MALAYSIA kepada Ayahanda Tun.. Though it sounds like too good to be true, rakyat Malaysia seluruhnya amat menghargai jasa besar Tuan tu. Jadi

tak perlu la menyempit atau membunuh sesiapa pula ya Tuan Suhainin Suhaibul/bol?

Last but not least, Janda Baik bukan di KL ya Tuan.. Lokasinya mmg tak jauh dari KL, tapi di negeri Pahang, cuma jauh juga la drp home'Town' Bugis Warrior.

SELAMAT HARI RAYA YA.

LOVE & RESPECT AYAHANDA TUN FOREVER.

If UMNO members does not want Najib to resign, then the other coalition parties such as MCA..MIC..etc should be brave enough to tell Najib to resign or these parties call for a vote of no confidence to Najib. Then not only Najib but UMNO itself will find they have no allies or support from other component parties. These component parties must realised should Najib destroy this country, their supporters too will be destroyed. These parties may even become extinct and only exist in the history of Malaysia just like Semangat 46.

Dear Tun – Your intentions were good for the sake of the Rakyat and the Nation for the PM to go on your assessment that the country is going to run into many problems but then your advice has been not been adhered to. Now you see the many many problems Which are coming in the open vide WSJ. Tun and the Rakyat are all monitoring the ‘Circus’. Tun is a great PM who administered Malaysia for 22 years efficiently and the credit for what Malaysia is today with the fantastic development is your focus and direction. We wish you good health and look forward for the best you could do for our Country Malaysia we all Love.

Whilst I do agree the demands of people like you and those in the opposition for Datuk Najib to stand down is gaining more legitimacy each day a comprehensive explanation and failure of disclosures about the Goldman Sachs deal Najib has bound the country to is not forthcoming there are some things that would make total support for that proposition a dangerous proposition for everyone.

The evidence that the 1MDB fund and transfer to Najib of several hundreds of millions of dollars appears to be unreliable. In any event it is not evidence many including the opposition is convinced is sufficient to support action in a court of law.

Just because people have been saying certain things about Najib does not make it true. Najib's present position, many say is self inflicted. But till real proof is submitted as to his alleged financial 'misconduct' the attacks against his failure to respond is his greatest failing. As the old Malay proverb goes which is what many expect him to do:

"Sesal Dahulu pendapatan, Sesual Kemudian apa guna nya?"

Claire Rewcastle Brown attempted to get Rebehhah Brookes the convicted hacking conspirator in the Murdoch press (who now own the Wall Street Journal) to back and support her Sarawak Report. And it is widely believed she did get some backing for the Sarawak Report and its disinformation campaign.

Whats also widely believed is that Claire Rewcastle Brown attempted to get a hacker to hack into Taib's accounts and to even your own email accounts and telephone.

The whole Claire Rewcastle Brown saga is the runt of the failed Blair Bush campaigns of world domination that failed.

Najib asking the Wall Street journal why it printed the story if thats indeed true I agree was a stupid act. But why attack an entity as big as the Murdoch organization? Murdoch is a protected species in world politics the Queen of England, Scotland Yard and MI 5 leave him alone except for the occasional slap on the wrist for his major crimes.

The Queen of England must be a bit stupid herself for not suing him would you not think? Murdoch and his darling Rebekah Brookes through their underlings hacked into the Queen's security detail. Now how much more audacious can you get?

The point I agree with you on is the way in which Najib has handled this entire affair. His public relations and his responses for which he pays millions are dead ducks, lame ducks and an embarrassment.

The damage has been done. The rumours have become "credible" in the eyes of many. The same man you assisted in building his business when you were PM Lim Kwok Wing has asked you to not criticise Najib. Others like the betting and fast food millionaire with a soccer club in the UK who you also assisted has been a vocal critic of yours asking his investigative journals not to mention you by name although they adopt the same narratives of the opposition in indirectly blaming you for what they believe are the country's woes.

At this time of the nations crisis of confidence your criticisms are perhaps understandable. But by taking opportunity shots with Claire Rewcastle Brown you will do your image and your credibility no service at all. Your image and credibility would have been better served having a photo of you taken next to Donald Rumsfeld and Menachim Begin on either side of you. The following Malay proverb perhaps illustrates this point best is this:

"Adah Ke Pernah telagah yang keroh mengalir ayer nya jerneh?"

The way this entire matter has been handled speaks volumes for the people you educated. It appears that the majority of them succeeded in obtaining an academic orientation complete with a parchment on passing but in sum total they received no education at all.

Dear Tun,

Why can't they just let the whole Malaysia know DID HE OR DID HE NOT RECEIVED THE BILLIONS RINGGIT VIA HIS AMBANK ISLAMIC ACCOUNT ???

If YES.. that's means please step down or take a long leave, go to USA visit his step-son since he got a 100 million house there. Why is he still the PM when so many negative issue are mentioned towards him, non can be given a good explanation.

Hello, this is Malaysia, not a poor African Country !! What are the rest of the cabinet doing? Sleeping? Can't they tell RIGHT and WRONG?? Or shall we said they are involved as well? They dare not bring up the issue because they are in the same boat ??

Ever since the 1MDB office being raided, I have notice there are not many words our form the Minister office or DSN himself, I guess they are working hard, overtime on how to cover up the whole thing. Why can't the authority let the whole Malaysia/World know what we all waiting so anxiously for ... DID HE OR DID HE NOT RECEIVED THE BILLIONS RINGGIT VIA HIS AMBANK ISLAMIC ACCOUNT ??? WHERE IS HIS ACCOUNT STATEMENT??? EVEN THE ACCOUNT IS CLOSED, YOU STILL CAN RETRIEVE THE STATEMENT JUST BY A FEW CLICKS. PLEASE DON'T TELL US THEY ARE INVESTIGATING IF THE FUND IS CLEAN OR NOT. SURELY AS A PM (ANY PM IN THIS WORLD) WILL NEVER HAVE SO HUGE FUND IN HIS ACCOUNTS!

WE WANT THE TRUTH.

Dear Tun,

Umno is blinded by greed. This was the Umno you created Tun.

Its time to clean it up and rebuild it all over again on foundations of sincerity and courage for the Malays, Islam and Malaysia.

If that does not happen soon. Umno will perish once and for all; and another will take over in its place.

1MDB are being investigated by 4 Superior Govt Authority

If they failed to nail Najib or truly Najib is Innocent  
The next laps Opposition will accuse is all these 4 are instructed & corrupted by Najib . So what exactly Opposition want ?

In Islam if you listen to Bad News and if you are unsure  
It is wise to know the truth then after you are allowed to spread the news  
1MDB has not conclude Oppositions has so many fantastic stories telling to the World

1MDB has to settle among ourselves  
Foreign interference is inviting Disaster  
It meant No Good

So go to International Court of Justice  
How justice is International Court of Justice ?  
When it is represented by Foreign Interest Lobbied by US , Israel Interest  
Like the Pulau Batu Putih ( Padra )  
Between S,pore & Malaysia  
If this disputes goes to Iran or Russia Court  
Malaysia will win

Assalamualaikum Tun.

Izinkan saya sambung manusia mirip suhainin suhaibul....

Setelah saya study sikapnya antaranya mereka-mereka cerita mengikut hayalan sendiri atau pengaruh orang lain.

Dia juga bersikap berpura-pura.

Dia sanggup melakukan fitnah walaupun terhadap seorang ketua agama setempat.

Kesimpulannya, andainya "suhainin suhaibul" sikapnya hampir serupa dengan orang yang saya kenal dahulu, maka tidak hairanlah saya "suhainin suhaibul" sanggup memfitnah Tun Mahathir.

Sekian Tun, prinsip saya "tidak tumbuh tidak melata, tidak sungguh saya tidak kata".

Pandangan saya tentang saranan saudara novo, agar admin tidak menyekat tulisan "suhainin suhaibul" di blog chedet, saya serahkan atas kebijaksanaan Tun. Harap semua yang tertulis dalam blog ini, bukanlah fitnah tetapi bicara berdasarkan fakta dan pengalaman nyata.

Semuga Tun sentiasa terpelihara dari orang yang membuat fitnah.

Salam,

Ringgit jatuh lagi. 1usd = rm4 iaitu 17.5% dalam masa kurang setahun. Dengan kejatuhan ringgit secara tak langsung harga komoditi minyak dunia akan kekal tinggi apabila ditukarkan dalam nilai ringgit. Jadi walaupun harga minyak dunia jatuh tapi di Malaysia masih kekal dengan harga yang sama.

Rm jatuh tapi pelancong menolak untuk datang ke Malaysia atas dasar "keselamatan sosial". Mereka lebih gemar datang ke Singapura, Indonesia dan Thailand. Malaysia hanya sekadar menjadi hub transit.

Buat apa jadi negara pengeluar minyak jika harga minyak yang rakyat beli sama dengan harga negara bukan pengeluar? Kes penyeludupan minyak ditutup terus walhal amatlah berleluasa dengan penangkapan pegawai kastam di sempadan-sempadan negara.

Rakyat sabah masih dikenakan perintah darurat. Apa komen saudara suhainin tentang negeri anda? Duit dah banyak belanja untuk ESSZONE dengan peralatan "canggih" kononnya, tapi lanun naik

"tongkang" masih bebas. Orang ranau masih beraya dalam "khemah" tapi saudara suhainin sibuk dengan hal politik lapuknya. Inikah dasar yang diperjuangkan oleh suhainin?

TQ

Dear Tun,

I respect you for your wit and charisma. You are a true leader. You stand amongst the greatest world leaders, past and present. When you were PM, you were respected by supporters and haters alike. The kind of PM that the people, regardless of their political views, are proud to have.

So sad that most of the current ministers we have now, are not blessed with your charisma and brain. When they speak, we cringe. Or laugh. Probably that is why one in particular prefers to keep mum. (It is not 'elegant' silence. Irritating, frustrating and perhaps exasperating are better adjectives for it).

If only they have just a quarter of your qualities, Malaysia would be in a better condition. In my opinion, NONE of them can hold a candle to you.

I hope that we will find someone like you. Soon.

Salam,

Kepada saudara suhainin, bagi saya apa yang Tun M lakukan memang gentle, terus terang dan straight-to-the-point. Bukan seperti anda yang berkhidmat bersama kerajaan, mendapat benefit kerajaan tapi menjadi musuh dalam selimut.

Apa yang Tun M cuba tunjukkan ialah politik dalaman sebenar di dalam UMNO dimana semua berebut kuasa kerana sadar dengan platform yang telah disediakan dan diusahakan orang terdahulu boleh menjana self-profit.

Jika benar Tun M ingin menaikkan Mukhriz apa masalah anda saudara suhainin? Najib buat benda yang sama pada Pak Lah tetapi dengan cara kotor dan licik (menggunakan KJ gila kuasa). Tun M gentle bawa permasalahan dalaman ke mata masyarakat.

Inilah politik dan tiada konspirasi mengenainya. Pokoknya, bagaimana CARA, MASA dan KEBIJAKSANAAN dalam melakukan strategi politik.

TQ

Assalamualaikum Tun,

Kepada Suhainin Suhaibul ini saya mengamati sekali pandang ayat-ayat yang ditulis adalah copy and paste sebelum-sebelum ini yg mana saya banyak lupa dari mana sumbernya.

Bila diamati lagi dia sama seperti perangai seorang nak katakan gila dia tak gila tetapi dia suka berfikir seolah-olah dirinya sama level atau bawah sedikit dari menteri.

Pada mulanya saya tak faham tentang manusia ini tetapi bila saya kaji dan selidik orang tersebut rupa-rupanya dia terlalu berangan tinggi dan seolah-olah dia tahu serba serbi dan menjadi penasihat menteri. Kononnya pak menteri termasuk diri Tun Mahathir sering memanggilnya dan minta pendapatnya samada dalam hal politik hinggalah ekonomi.

Rupa-rupanya dia cuma berkhayal dan mewar-warkan pada rakan-rakan yang dikenalnya kononnya Tun Mahathir sering mendapatkan nasihat darinya.

Lama-kelamaan saya sedar tentang orang seperti ini bukannya seorang yang bijak tetapi hidup seperti ada "orang halus" mengawal tingkahlakunya.

Saya percaya spesis ini ada di dunia dan ianya serupa dengan perangai "suhainin suhaibul".

Jadi tahap "gila" dan "tidak siuman" seperti "suhaimun suhaibul" usah diambil pusing sangat kerana dia sedang cuba "publish" dirinya dan jika kita ambil pusing, kita pun boleh "gila" dibuatnya.

Saya harap sesiapa yang bersaudara dan mengenalinya tolonglah bawa dia ke hospital sakit jiwa kerana dia sewajarnya tinggal di tempat seperti itu.

Sekian Tun.

Greeting!!!

Dear Tun,

Firstly, I would like to wish Tun & Families.

##Selamat Hari Raya Aidilfitri##

By here I would like to give some of quotes for those of our leaders. I hope them will understand what our felt right now.

1. I have been given the authority over you, and I am not the best of you. If I do well, help me; and if I do wrong, set me right. Sincere regard for truth. ~ Abu Bakr Al-Siddiq

2. When you seek advice, do not withhold any facts from the person whose advice you seek. ~ Abu Bakr Al-Siddiq

3. Intentions count in your actions. ~ Abu Bakr Al-Siddiq

4. Do not follow vain desires; for verily he who prospers is preserved from lust, greed and anger. ~ Abu Bakr Al-Siddiq

5. If you want to control other people, first control yourself. ~ Abu Bakr Al-Siddiq

I hope these quotes will make them better understand about the people and make the good action for peoples.

Dearest YAB Tun,

1. Last night I dreamt that PM Najib announced his resignation. I was so happy, but suddenly I woke up and realized that it was just a dream. I hope my dream will become a reality soon...Amin.

2. It's funny to see Salleh Said Keruak 'meroyan' – Sinar Harian  
<http://www.sinarharian.com.my/nasional/dr-m-bukan-nak-jatuhkan-najib-sahaja-umno-pun-1.411685>

Salleh is not a smart person – always talks nonsense/garbage; he only knows to 'membodek'. He ignores the fact that PM Najib is the one who is destroying UMNO/BN with all kinds of scandals (not Tun M). He could not even comprehend Tun M's simple article.

Salleh and commenter 'Su-su' are alike – always 'merapu/meraban'.

Thanks Tun.

\*\*\* May Allah SWT bless Tun and family \*\*\*

Assalamualaikum tun..

ketawa saya membaca tulisan tun kali ni.. mmg kna batang hidung org yg

patut terkena. bila dia sebut konspirasi, mereka2 pun kelam kabut berkata konspirasi. tanpa ambil tau pun apa makna sbenarnya.

dh mcm badut2 diatas pentas pulak dah.. tp prsembahan diaorg tak mlucukn tp bodoh. as for utusan, mana2 kdai yg saya pegi, brlambak2 naskah yg tak abis dijual brbanding newspaper lain. utusan kna muhasabah diri knapa pmbaca dh mcm geli dgn utusan.

p.s;: suhainin suhaibul, udah2la tu. tulis pjg brjela tp isi kosong takdak sapa pun larat nk baca. nk tulis cmtu pi kat fb najib, dia msti happy dpt pujian dlm ramai2 yg mnghentam.

Salam Tun.

PER; KES saudara suhainin suhaibul

1. Adalah diharap admin chedet tidak mengambil tindakan untuk memyekat setiap hasil tulisan manja saudara suhainin suhaibul ini.
2. Walaupun Sarawak Report telah disekat aksesnya oleh PM kepada saudara suhainin suhaibul atas dasar dituduh mengeluarkan maklumat yang tidak disahihkan kebenarannya.
3. Harapan saya ini agar saudara suhainin suhaibul tidak di sekat dari menulis di bolg chedet ini adalah diatas beberapa pertimbangan iaitu,
4. "Mungkin" beliau mendapat upah, diatas segala penat lelah beliau didalam menghasilkan tulisan yang dipostkan di blog chedet ini.
5. "Mungkin" upah itu dalam lingkungan RM 100 untuk setiap tulisan yang berjaya dipostkan.
6. Atas sebab itu saya merayu agar sumber rezeki beliau tidak di sekat oleh admin chedet disini kerana
7. Sanggupkah admin chedet melihat anak kepada saudara suhainin suhaibul berpakaian koyak rabak sambil memegang tin meminta sedekah?
8. Sanggupkah admin chedet melihat isteri beliau mengambil upah membasuh pakaian warga asing yang berkerja di tapak binaan?
9. Kalau isterinya pemilik kedai dobi, lain lah ceritanya pula. Bolehlah diatas budibicara dan mengikut Comment Policy pihak admin chedet untuk menyekat tulisan saudara suhainin suhaibul ini.
10. Dan kepada semua pembaca dan penulis di chedet, anggaplah segala tulisan manja dan tidak berilmu dari saudara suhainin suhaibul sebagai satu sedekah kerana kita tidak melapurkan kepada admin chedet di atas ketidakpuasan hati kita terhadap tulisan beliau.
11. Kalau kita melapurkan kepada admin, ada kemungkinan tulisan beliau akan di sekat atas dasar " tulisan saudara suhainin suhaibul adalah terang-terangan bodoh" dan hanya layak dibaca oleh macai-macai Najib sahaja.
12. Kan akan terputus sumber rezeki saudara suhainin suhaibul dan seluruh keluarga beliau.

13. Maka akan bergantunglah saudara suhainin suhaibul dengan bantu Jabatan Kebajikan Masyarakat dan BRIM.

14. Atau kemungkinan beliau sakit hati dengan Tun diatas pendedahan 1MDB kerana beliau sebenarnya kerja sebagai pencuci tandas di 1MDB.

15. Atas rasa terkejut akan kehilangan kerja "suci" tersebut jika 1MDB ditutup, maka beliau bertindak menghemtam Tun.

16. Kita sebagai pembaca dan penulis di sini mestilah fahami situasi jiwa dan ekonomi yang di hadapi oleh saudara suhainin suhaibul ini. Bayangkan jika NO.14 dan 15 diatas adalah situasi sebenar beliau ini.

Wassalam Tun

I don't understand why some people were still bothering about the past years of tun as a pm. No one can ever turn back the time. No point for you to list all the wrong doing that tun has done. Im not backing up tun because I adore tun, but it is because the common sense of tun itself. Everyone make mistake. But why only now you wanted to conceal all the past mistakes that tun had done? Why only now? Yeah, everyone has the freedom of speech. So tun as well has the freedom of speech.

One more thing, why most of the news over the tv keep troubling themselves by digging into a news that no one even care. All the Malaysian citizen now wanted a clear statement on the current issue. Instead of the tv trying to create a new news in order to take away the citizen attention, please stick to the issue. No one even care about the other crap. You don't have to keep on avoiding about the issue of 1MDB, 42 Billion and all the scandal. This is the only thing that the citizen wanted to know.

GenY nowadays are smart. We will stand for our right. We have the right to know. We may not have the power to be a leader, we will make sure that once we have the prove, YOU MUST STEP DOWN. Don't ever think that we are stupid. Actually GenY now days are more powerful than your generation. We study hard to achieve what we want. Not to fulfil your stupid wish in such 'don't travel in order to reduce the fuel and toll consumption'.

The major problem is what we are having now. You should bother more about the crisis now before it's too late. About the 42 billion and 1MDB, I don't mind if the money were going through a right platform for our own country. But where is the prove? How are we going to support you based on your verbally? Show us the prove of black and white. We pay gst every day. But where the money goes? We can't see any improvement and action from the gov side. How long do we have to wait in order to receive an explanation from PM? Until bankruptcy occurs?

We pay gst every day because it an ORDER from the gov. We do our part as a citizen. But you as a pm? You can't even show us the prove of the truth. The fuel price keep on rising because you can afford to support the subsidy. Instead of spending the money to 1MDB, it is so much better for you to use the money for the subsidy. Everyone will be more than happy for that. As long as the necessity things is under control, then you can only take action on improving the country. what the point of being a modernize country if the citizen itself were still unable to feed themselves? Once you are able

to control on the necessity need then only you are able to proceed with 1MDB or all the modernization.

Malaysian population today is 30 million plus. If every day we pay gst of min rm1, by a month the gov will able to gain rm900 million. By year will be 10 billion of gst received from the citizen. It takes 4 years to paid the debt of 42 billion. Is it our fault for the gov to give such burden to the citizen? We did not receive anything in return but have to take the debt burden. This really pissed me off. How long do we have to wait? Tell me how long?

Please argue with me if I'm wrong. Thankyou.

Dearest YAB Tun,

Allow me Tun:

'Suhainin Suhaibul @ Su-su' is someone from the Oppositions, and is Pro-Anwar. He is just 'menanggung di air keruh'.

In the past (before Tun asked PM Najib to step down), he used to write all kinds of bad things about Tun M. He blamed Tun M & the federal Government for everything that happened to Sabah/Sarawak. From his past writings, I believe he is from Sabah. He accused the Federal Government of 'robbing' Sabah ('Su-su', if I am wrong, please correct me).

Just ignore this 'nyamuk / bug'. He just needs attention, and I believe he has some kind of 'mental problem'.

Lagipun, jika dilihat kepada penulisan2 beliau, beliau selalu 'claim' yang beliau tahu banyak perkara2 ghaib (beliau selalu cakap tentang 'dunia lain' selain dari dunia manusia) dan kononnya tahu macam2 rahsia Tun M yang orang ramai tidak tahu dan juga tahu macam2 perkara yang manusia lain tidak tahu. Cara beliau menulis seolah-olah orang MERACAU/MEROYAN, dan ini petanda manusia yang ada masalah mental. 'Su-su' gembira jika Sabah/Sarawak keluar dari Malaysia (macam yang Anwar kempen)..

To 'Su-su', please stop all this nonsense. If you think that Tun M is guilty of any wrongdoings, please just lodge a police report or 'sue Tun M', and please do not forget to bring along at least some proofs (of course not Barry Wain's book..).

'Su-su' mungkin boleh dapatkan maklumat akaun bank Tun di mana ada duit 'ber-billion/ million' di deposit ke akaun Tun. Kalau dapat bukti ini, Tun M pasti tidak boleh melepaskan diri. Dengar cerita di Singapore ada akaun bank Tun M dan keluarga beliau. Mungkin Barry Wain boleh bantu 'Su-su'?

Remember, Tun M already challenged his detractors to go ahead and investigate him.

P/S: Lagi satu, 'Su-su' kena menulis dengan jelas dan 'straight to the point'. Tidak perlulah ingin bemadeh-berhelah dan menulis berbunga-bunga teramat sehinggakan banyak perkara yang ditulis menjadi kurang jelas (berserabut). Cuba belajar menulis seperti Tun M – ringkas, padat, jelas dan mudah difahami. Dan, hormatlah sikit kepada Tun M sebagai orang tua; janganlah terlampau BIADAB. Ini kritikan ikhlas dari saya.

Thanks Tun.

\*\*\* May Allah SWT bless Tun and family \*\*\*

Assalamualaikum Tun,

suhainin suhaibul ....

1. Siapakah "suhainin suhaibul", jika ada yang kenal tolong perjelaskan. Saya langsung tidak mengenalinya.
2. Apakah sumbangan "suhainin suhaibul" pada negara? Kalau tiada sumbangannya pada negara, usahlah jadi seperti "anjing menyalak bukit".
3. Adakah dia insan yang banyak pengalaman dalam politik? Kalau setakat pengalaman politik di peringkat kampung atau di kedai kopi, usahlah mempertikaikan pengalaman Tun.
4. Adakah "suhainin suhaibul" insan yang sangat mahir dalam ekonomi? Kalau dia ni bagus tentang ekonomi, eloklah Najib tambah seorang lagi penasihat ekonominya. Jika ekonomi Malaysia tidak bagus jugak, elok lantik "suhainin suhaibul" sebagai pemandu lori tahi.
5. Adakah "suhainin suhaibul" faham tentang istilah diktator? Ternyata cetek dan sempit pemikiran dia mengelaskan Tun sebagai seorang diktator.
6. Apakah kefahaman kronisme dalam hidup "suhainin suhaibul"? Juga bila mengelaskan Tun seorang yang pentingkan kronisme, ternyata danggalnya pengetahuan "suhainin suhaibul" ini.
7. Adakah "suhainin suhaibul" tahu apa yang dimaksudkan dengan "corruption"? Ternyata satu tuduhan yang liar dan "suhainin suhaibul" tidak faham apa yang dimaksudkan dengan "corruption".
8. Adakah "suhainin suhaibul" faham istilah "meminjam boleh membawa keuntungan"? Hanya manusia bodoh sahaja dalam dunia sekarang yang tidak berhutang, lainlah kamu lahir ke dunia ini datuk moyang kamu meninggalkan harta berjuta-juta kepada kamu. Hutang yang dianggap bagus ialah hutang yang mampu dibayar dan bukan menyusahkan rakyat.
9. Adakah "suhainin suhaibul" adalah manusia yang amat luar biasa yang mampu menelah masa depan perangai insan? Cetek betul penilaian kamu dalam kontek ini. Cuba berlagak bijak malangnya ternyata bodoh bila membuat penilaian.

10. Biarlah "suhainin suhaibul" ini meracau-racau dengan kenyataannya mengenai Tun yang mana saya sendiri boleh pertikaikan.

Wassalam Tun.

jelmakan lah diri kamu untuk membuktikan dakwaan kamu adalah benar, jangan mengambil kesempatan ini untuk melindungi DSN. Jangan lah menjadi pahlawan Bugis yang tidak berani menjawab segala tuduhan dan menjelaskan kedudukan sebenar....

Apa yang dijelaskan oleh Tun adalah bukan konspirasi, tapi persoalan yang perlu dijelaskan. kalaulah benar tubuhkan Suruhanjaya Di Raja....

kepada Tun, teruskan usaha kerana jika dibiarkan nanti Malaysia mungkin jadi seperti Greece....  
Semoga Allah memberi petunjuk.

Politics aside, what conspiracy in our beloved Malaysia known for its naive, hospitable and friendly peoples who have been constantly exploited by the PAP Government of the tiny Republic of Singapore and other jobless foreigners ?

We were an Open Society from 1957 to 2003 until the folks became exclusive when they were overwhelmed by the Ali Baba's treasure house which is our beloved Malaysia. The treasures were the results of hardwork, sweat and toil from generations of the Royal Rulers and the Rakyat through the centuries. This wealth did not come just like that in a jiffy.

Let us compare the Dictatorial Regime of Lee Kuan Yew (1959-2015) which was imposed on the citizens through his creation the Godless Ultra Communistic Political and Social System by his Apparatchiks aka Meritocrats. It was a ONE-MAN show which was abetted by the Western Powers through the nexus of politics-industry-media. The hapless Malaysians were totally brainwashed by the very best brain laundry machines of the West to this day. Hence, we now have the Malaysian Chinese and some Malays hard-core worshippers of the Dictator Lee Kuan Yew in our midst.

The tiny isle of Singapore is a Police State in which every person man, woman and child are monitored and controlled by the State which power rested in the hands of just ONE PERSON. It has its contrived electoral System which was concocted by the Dictator Lee Kuan Yew.

There is no separation of the executive, legislative and judiciary powers as confirmed by the Festschrift published by his underlings in "The Big Ideas of Lee Kuan Yew." 2014. They salaamed their Big Boss who made them rich, very rich.

In parties or public places, whenever the name Lee Kuan Yew was mentioned, a Singaporean would turn his or her head to see anyone was listening in. This is FEAR inculcated deliberately in the minds of the citizens of the application of Income Tax measures etc on recalcitrant citizens.

The over-reach of the Police State Apparatus on an intelligent teenage, Amos Yee who wrote good Anglo-Saxon words is a typical example of the all pervasiveness and its cruelty treatment of a digit by the Regime.

The Dictator tailor fit the socio-economic environment of tiny Singapore to his personal needs as regards the sustainability of his power which he was forever fearful of losing.

On the one hand, it was an absolute that all money is channelled legally to the State coffers monitored and controlled by the Dictator. On the other, an effective Spy System was at work even in the neighbouring countries to keep tab on important digits and their sexual peccadilloes. This Spy System works together with the Judiciary and the secret police which is different from the Police Force of which there are only about 4,000 personnel. The Spy System, the Secret Police and the Judiciary made sure everyone is locked in rich or poor by the Dictator.

THE REPUBLIC OF SINGAPORE IS THE ANTI-THESIS IN EVERYTHING WHICH OUR BELOVED MALAYSIA WAS FROM 1957 TO 2003.

IT IS ONLY IN A PLACE LIKE THE POLICE STATE OF SINGAPORE CREATED BY THE DICTATOR LEE KUAN YEW THAT A CONSPIRACY HAD TO BE HATCHED. But to this very day, I have not heard of any conspiracy to overthrow the PAP Government despite its unusual sanguine attitude towards its citizenry.

CONSPIRACIES ARE ONLY HATCHED IN POLICE STATES LIKE SINGAPORE IF ANY !

But from 2003, there have been attempts to ape the Dictator Lee Kuan Yew (1959-2015) without understanding or study of what he represented and his Dictatorial Legacy which is anathema to the precepts of his famous Alma Mater, the University of Cambridge. Like the Cold War British traitors, Blunt, Maclean and Burgess, Lee Kuan Yew was actually a traitor to the venerable University of Cambridge by his pursuit of dishonourable methods to cow the citizenry into submission. He was ABNORMAL. The craziest thing a Government can do is to ape the Dictator's GLCs which he controlled and counted the money personally till his demise. WHO IS GOING TO COUNT THE MONEY MONEY MONEY NOW ?

We should know our own beloved Malaysia. But most of us do not and are not aware what Political System we practise even the Aduns ! Why ?

Because of the easy living which was presented to us from 1957 to 2003 by successive BN/Alliance Governments which practised our unique FREE MALAYSIA STYLE DEMOCRACY WITH OPEN CAPITALISTIC CHARACTERISTICS AND MALAY BIAS.

And now attempts are being made to ape the cruel Dictatorial Regime of the Dictator Lee Kuan Yew without understanding or study what he represented. HE REPRESENTED HIMSELF ONLY.

By aping the ways and means of the Dictator Lee Kuan Yew without a study or understanding this Dictator WE ARE ACTUALLY TRYING TO TURN A GOOD OLD WESTERN STYLE DEMOCRACY LIKE OUR BELOVED MALAYSIA INTO A DICTATORIAL POLICE STATE LIKE THE FAILED STATE OF SINGAPORE. Uncle Sam where are you ?

The first step was the creation of the 100 GLCs which together with the Government incurred nearly ONE TRILLION RINGGITS IN DEPT (not loss). This has never succeeded anywhere except by a REVOLUTION which cannot happen here because the ideals of FREEDOM AND DEMOCRACY ARE ALREADY BEEN INCULCATED DEEP IN ALL OF US CITIZENS. And our freedom to worship which is safeguarded by the Constitution.

WE ARE NOT A GODLESS SOCIETY LIKE THE FAILED STATE OF SINGAPORE !

SINCE THE PROPER PRACTICE OF DEMOCRACY IS THROUGH A SYSTEM OF CHECKS AND BALANCES, anyone veering from this norm is bound to fail even though he/she might have irrational exuberance at the height of his/her apparent power which in our beloved Malaysia is now MONEY MONEY MONEY – a poisoned chalice copied from the failed State of Singapore which was based on MONEY MONEY MONEY !

There is no basis to make this MONEY MONEY MONEY POWER SUSTAINABLE GIVEN THE INTERNATIONAL FINANCIAL TURMOIL WHICH IS BEYOND MALAYSIA'S CONTROL ! We are now seeing something ephemeral.

WITHOUT THE MONEY MONEY MONEY HOW ? Print some more ? Even Greece could not print some more !

Therefore, in our beloved Malaysia it is nonsense to say that there is a conspiracy against anyone even the Government. A CONSPIRACY DOES NOT WORK IN OUR BELOVED MALAYSIA BECAUSE WE ARE VERY GOSSIPY AND NO ONE CAN KEEP A SECRET EVEN TOLD TO DO SO. So, how to conspire when all the walls have ears, including the toilets ?

AND FINALLY, TO WRAP AND PUT INTO A DICTATORIAL BOX LIKE THE DICTATOR LEE KUAN YEW WITH THE FAILED STATE OF SINGAPORE, OUR UNIQUE FREE MALAYSIAN STYLE DEMOCRACY WITH ITS OPEN CAPITALISTIC CHARACTERISTICS AND MALAY BIAS IS ABSOLUTELY IMPOSSIBLE.

But it is easy for the Godless Ultra Communistic Political and Social System of the failed State of Singapore to be free and democratic. PLEASE ASK UNCLE SAM, HOW ?

Please, Ladies and Gentlemen, when a person tells you that a conspiracy against the Government is on-going, ask him or she to go and fly kites ! THERE IS ABSOLUTELY NO SUCH THING. Ask yourselves, if the folks do not know what Political System we practise, how to conspire ?

WE ARE NAIVE HOSPITABLE AND FRIENDLY MALAYSIANS. WE DO NOT CONSPIRE AGAINST ANYONE !

MALAYSIA BOLEH ! MALAYS BOLEH ! MALAYSIAN BOLEH ! NO CONSPIRACY FOR US WE ARE MALAYSIANS AND NOT YET LIVING IN A POLICE STATE !

Doc,

Sir, the reason why the BN/UMNO Government are unable to follow through with their legal claim is because equally the WSJ, News Corp, Farifax would take the Malaysian Government to Court. The international media would love to 'bring this on'. They would have a field day with Malaysia! Why?

International courts do not operate like Malaysian courts. No bribes or tom-foolery. Truly independent judiciary. The truth would inevitably prevail.

It is quite obvious, UMNO and Najib do not want independent auditors to fully scrutinise and audit precisely what has occurred. Hence the reason why Ernst Young, PWC, Deloitte do not want to even touch 1MDB for fear of international audit requirements/ benchmarks and standards reputational damage.

Furthermore, you take Western media to court, they will have a field day at all of Malaysia's corrupt practises. The fact that there are pockets / ISIS cells operating out of Malaysia, Taib corruption in Sarawak. It would bring Malaysia into the spot light. Does the government want this? Does it want investors to leave in droves like they are presently? This is all a game... a game of chess, and UMNO have placed down their Queen.

Legal action would open up Pandora's box. So we see, Najib and his party spewing hot air..... The corrupt unable to take control of their corruptness. Malaysia will one day run out of money because it has absolutely no self-sustainable industry, and has driven its entrepreneur base out to the developed world.

Why? Because of Corrupt, incompetent, greedy, uneducated, selfish policy makers lining their own pockets with nepotism, chroni-ism, All the things that Anwar was fighting against.

You should have let the man be PM. The biggest mistake you have made is to deny the Darwinian theory of natural selection. Let Democracy take its course without intervention.

The question I have for you is, deep down inside your heart, Is there any regret?

Salam Tun,

Ada seekor kera sumbang dalam blog ini seperti kera yang termakan belacan.

Nama penanya "suhainin suhaibul".

Apa yang dia mahukan kita pun tak jelas. Nyatakanlah apa yang dia mahu?

Samada dia ni sedang "kepanasan" kerana sana-sini rakyat semakin hilang kepercayaan pada pemimpin pujangganya Najib atau marahkan Tun kerana kononnya Tun adalah penyebab rakyat bencikan Najib?

Saya percaya dalam diri kera sumbang ni "suhainin suhaibul" ada saka Rosmah Mansor telah merasapnya membuatkan dirinya melalut tak tentu pasal.

Kesian "suhainin suhaibul" .... Mungkin Najib boleh mengubatinya.

Salam Tun, Selamat Hari Raya Aidilfitri to you and family. Dear Tun, so many statements and comments suddenly coming out of the blues from 'who-where they come from people'. Are they talking on the majority? Whoever they are and whatever they say to to deflect the people's attention from the main issue, ie what where how who lost the billions of \$\$\$, I have lost faith in believing in them, all of them sitting in out besides up under DSN. Even my 17yr old son and his classmates have lost faith and trusts in the current leadership. Don't think that these kids are ignorent, mind you they are your saviors, your future. So right now we are in a 'distrust syndrom'. We just want to hear his appologies his admissions for listening to his not so clever advisors, but it seems he has a 'so what' attitude. Dear Tun, just to tell you this of how myself, my sons, his friends feel about the current government and especially Umno, it is so so sad that it has to come to this point where we are in a delima, to trust to believe or not. Take care Tun and always believe Allah is all Knowing and Merciful.

Absolutely I see & sense Conspiracy  
A positive Conspiracy  
Unless we are Blind & Deaf not to identify

Conspiracy not to topple PM Najib  
BUT Conspiracy to topple UMNO

The grouping of DAP , PKR & PAS  
Is a conspiracy abetting with intentions to topple UMNO  
PM Najib is just part of the Package

They will not hit the lower UMNO to Defame UMNO  
Defamation of UMNO is their Definite Agendas  
At all cost and all out War to topple UMNO

You have seen these from day 1  
The slightest mistakes Govt did is a Headline  
Even their public supporters have challenge UMNO Video record their Handphone  
post it on social media against the Authority to make the Govt looks Ugly  
Why its happening because Authority are not Stern

They even attempts to bring foreign interference , foreign media  
foreign comment to weaken the Govt  
Tun has experience this  
At one incident Al Gore of US Govt slants " Reformasi " in front  
of political Assembly in Malaysia itself  
It was a Barbaric act of Al Gore very unprofessional Politician  
Very Rude but I can understand him as his Parent never teach him manners

Opposition abetting & inviting foreign interference  
IS A BETRAYAL TO MALAYSIA  
THEY MUST BE TERMINATE FOR GOOD  
NOT TO GIVES THE SLIGHTEST CHANCE  
They cannot fight their own battle Gentlemen with Honor

Salam Tun

I am on your side.

Conspiracy. Seriously? Seriously?!

Mana ada conspiracy. We want DSN to resign, loud and clear. Every election pangkah BN, after this no more. Slogan IM4U atau I love PM, hmmm ... to lift low self esteem.

Actually Sarawak Report, WSJ bukan play a big part, kita dah lihat macam-macam. Kalau ada peranan pun hanya mengiakan apa yang ramai dah teka.

Overspending masa GE13 dan sikap orang UMNO acuh tak acuh, maaf Tun I nak tegur ini. Masa GE13, I lihat banyak banner gantung, PKR, BN. So I talipon kawan Wanita UMNO, kasi tau, how come banner BN not prominent, banner PKR prominent kat my area. Kawan ini buat tak tau. I think masaalah UMNO too sure mereka akan menang besar. Riak and sombong, apa kita kata no hal, tak jadi kudis pun!

Zaman my arwah ayah jadi government servant dihormati, ayah pencen Tun M naik, government servant masih dihormati dan rajin pula bekerja, now rata2 my kawan2 dah tak hormati government servant. Pendapat kawan2, politician come and go, government servant buat kerja aja la.

Bila sebut soal creativity dalam usaha berniaga, now no more. A young man I jumpa recently nak buka business, tanya kenapa, dia jawab sebab government suka belanja. A friend of mine sebelum puasa jumpa minum petang, dia kata nak buat proposal. I tanya government ada duit ka, dia jawab tu tengok belanja sana-sini.

Loud and clear, I nak Najib berhenti, I hope Muhyiddin can do a better job. Nasib baik boleh menang besar GE14 nanti...hmmm

Assalamualaikum Tun.....

Tun Mahathir ada berkata yang serupa ini maksudnya : "Saya menjadi Doktor bukan sebenar-benarnya untuk mengubati pesakit...tetapi... supaya kata-kata saya dituruti."

Lihat jauh-jauh ke dalam kata-katanya itu, ini merupakan bahasa orang yang "Tidak Ikhlas" terhadap setiap yang dilakukannya serta apa yang disumbangkannya. Sentiasa melakukan gerak kerja untuk meraih keuntungan bagi dirinya sendiri.

Dia tidak memimpin untuk kepentingan rakyat tetapi sentiasa mencari ruang untuk memperoleh manfaat bagi diri dan keluarganya sendiri sahaja.

Pemimpin ini kah yang sedang kita agung-agungkan? Dia tidak melakukan sesuatu tanpa imbalan terhadap dirinya sendiri tetapi mengerah orang lain agar menjadi "Sukarelawan" tanpa gaji dan imbuhan.

Lihat..... Betapa culas dan kotornya pemimpin bergelar Tun Dr.Mahathir Mohamad ini. Dia hanya mementingkan diri sendiri dan agendanya sendiri sahaja. Tidak kesah pun jikalau orang mati bergelimpangan di kiri dan kanannya asalkan hajatnya untuk dirinya tercapai?

Tun Mahathir tidak kesah untuk membunuh sesiapa sahaja demi mencapai niatnya. Tun Salleh Abbas sebagai salah satu contoh kecil:-

"Everyone thought that the 1988 Tun Salleh Abbas case would be over after the PM announced that Tun Salleh and others would be given ex-gratia payment, in acknowledging the injustice done towards them since 1988."

Jikalau benar bersalah dalam menculusi "Kuasa", mengapa perlu ada "Ex-Gratia Payment" ?

Inikah Manusia (Tun Mahathir) yang mengatakan dirinya tidak pernah melakukan kesilapan sepanjang pemerintahannya? Mempergunakan dengan licik institusi Raja demi mencapai hajatnya?

Deretan "Kontroversi" melanda Sepanjang pemerintahan Tun Mahathir dan Tun Mahathir menafikan dirinya bersalah. Dia sedar dan merasai bahawa dirinya tidak bersalah...maka... dia mempertahankan dirinya?

Andai begitu mengapa hendak membunuh Najib dengan beberapa "Kontroversi" yang kesahihannya masih diragui. Najib turut mempertahankan dirinya kerana sedar dan merasai dirinya tidak bersalah. Najib berhak melakukan yang sebagaimana dilakukan Tun Mahathir untuk membela dirinya?

Mengapa Tun Mahathir menembak dengan "Meriam Buluh"? Kenapa tak guna "Bom Atom" sahaja? Biar semuanya bergelimpangan mati terburai perut dan bersememeh otak?

Nampaknya jauh di sudut hati Tun Mahathir masih tersimpan "Kasih Sayang" untuk anak murid kesayangannya ini(Najib). Anda semua Nampak tak akan aliran perasaan Tun Mahathir ini?

"SANGKAKU FIRAUN...RUPANYA BAPA SINGA" .....Sedang Beraksi.....

"SAYANGKAN ISTERI TINGGAL-TINGGALKAN; SAYANGKAN ANAK TANGAN-TANGANKAN"

Saya teringatkan permainan kanak-kanak di zaman dulu – "Main Tembak-Tembak" – Bukanya nak bagi mati betul-betul. Kemudian teringatkan pula "Latihan Tentera"...tapi... apa yang mereka lakukan ini iras-iras latihan tentera "Komando Elit"...ehehehe...

"Rakyat"...Melopong...tetapi masih juga tidak mahu berfikir secara kritis. Sentiasa sahaja terpedaya dengan "Pandangan Mata" dan "Emosi".

Buka Mata luas-luas... ini merupakan persediaan akhir sebelum menjelang tarikh akhir "Misi 2020". Ketika itu; bukan Tun Mahathir yang datang membawa "Banjir Besar" dan "Gempa Bumi"...tetapi... Mungkin "Diri Kita Sendiri" dengan "Bahan Bakarnya" daripada "Ideologi Luar" atau "Ciptaan dengan Saduran Ideologi merosakkan, lalu dilebelkan 'MADE IN MALAYSIA'@'Musang Berjanggut P.Ramlee'".

Sedih rasanya jikalau "Mata" masih belum mampu melihat dengan jelas.

Bangun...dan...Jaga lah wahai saudara-saudara senegaraku. Tanggungjawab ini terpikul dibahu semua, termasuk "Parti Pembangkang".

Tun suka tak menonton filem "Simba The Lion King" bersama kami?

Assalamualaikum warahmatullahi wabarakatuh...

**Effectively this means the real electors have been reduced from 2,000 to about 190 UMNO divisions.**

Perwakilan Titiwangsa dipecah-pecahkan untuk membuang undi di bahagian Bukit Bintang, Kepong dan seterusnya. Perwakilan Bukit Bintang pula boleh membuang undi di bahagian-bahagian lain. Dengan ini diharap 100,000 ini dapat memilih dengan bebas dan membuat pilihan terbaik.

Semua ini bertujuan mengelak kelompok kecil 2000 yang ter'sequestered' di PWTC.

Suhainin sahibul,

Saya bersetuju bila Tun minta orang beritahu apa kesilapan yang beliau lakukan supaya mudah beliau nak buat tesis.

Saya juga begitu bila bos saya kondem saya. Saya akan kata 'apa masalahnya?'.  
Tun juga begitu beri jawapan bila ditanya?

Saya boleh bagi jawapan pada soalan. Tun juga begitu beri jawapan bila ditanya?

Jadi apa masalahnya?

Salam Tun.

1. Rimba Emas pun rasa tiada 'konspirasi' untuk menjatuhkan PM tetapi datang dari nukilan seseorang yang merasa tertekan dalam keadaan semasa sekarang oleh tempiasnya kesalahan pengurusan wang kerajaan.

2. Malah antara Rimba Emas dan Tun pun ada setengahnya tidak sependapat dengan tindakan kerajaan terhadap perkara seperti BR1M dan GST.

3. Tun lebih kepada permasalahan 1MDB dan tidak bersetuju dengan pemberian BR1M manakala Rimba Emas berpendapat lain pula dalam soal BR1M dan GST.

4. Persamaan kami hanya kemahuan pada seorang pemimpin yang berkebolehan menguruskan wang kerajaan dan Rimba Emas bersetuju dengan BR1M kerana memikirkan golongan bawahan yang gajinya setakat minima.

5. Semuanya disebabkan GST yang pada Rimba Emas diadakan oleh kerajaan tanpa pandangan mata hati dan lebih kepada soal untung rugi formula bagaimana memperolehi duit bentuk cukai tanpa berjual beli.

6. Mata hati dari kaca mata Rimba Emas selalu digunakan dengan memerhati gelagat manusia melalui cermin tingkap sebagaimana kita Tun pernah bertemu ketika Tun pulang bersembahyang Jumaat di Masjid Negara bila Tun membuka tingkap kereta bahagian belakang sambil memerhati rakyat lain berjalan kaki yang hanya berkenderaan awam yang terpaksa bayar tunai harian.

7. Sikap ini diteruskan sehingga kini dari satu kejadian yang lepas dari sisi tingkap dapat dilihat kelibat seorang lelaki memboncengkan tiga orang anak dengan motornya yang agak lama. Sambil menyelok-yelok saku pokit seluar sebelum kekedai mengira duit syiling. Akhirnya keluar dari kedai dengan anak merengget mungkin tidak mendapat benda yang dimahunya kerana ternampak satu buangkusan sahaja. Adakah GST setiap barangan membebankan yang menyebabkan barangan yang penting sahaja diutamakannya ?

8. BR1M sekurang-kurangnya sebagai pengalok pembeli barang atau meringankan beban kewangan harian mereka disebabkan terbeban dengan GST harian dengan jumlah gaji yang diperolehi dalam bulanan atau harian yang makan gaji atau mungkin bekerja sendiri.

9. Sebab itulah Rimba Emas takutkan para pembuat dasar GST ini adakah mempunyai pemikiran begini kerana mereka yang hidup berkeadaan seperti lelaki dengan tiga orang anak yang diceritakan tadi yang memahami situasi begini dalam sistem GST.

10. Pesalah-pesalah yang menghilangkan wang 1MDB akan tetap bersalah walau pun usaha mengantikannya dilakukan. Kepada yang bersubahat menolong kerja-kerja salah ini ingatlah kata-kata Allah s.w.t bahawa yang dinilai pada hari pembalasan nanti ialah amalan-amalan dan kebaktian dalam kehidupannya dan juga pada hari pembalasan itu tiada kuasa yang berkuasa atas kuasa yang lain bermakna tiada siapa yang dapat menolong hanya kekuasaan Allah s.w.t semata-mata yang tiada kepentingan dan semua makhluk adalah sama disisi Allah s.w.t.

Wallahua'lam

Assalamualaikum Tun.....

Sebenarnya Mahathir sedang melihat cermin lama dalam dirinya bilamana cuba menikam dengan kejam serta menggunakan hanya "Satu Mata" bilamana mengadili pemimpin lain seperti Najib. "Satu Mata" hanya digunakan oleh sesuatu yang serupa dengan "Yakjuj dan Makjuj".

(By Nawawi Mohamad)-

Former premier Mahathir Mohamad has criticized every prime minister of Malaysia from the late Tunku Abdul Rahman to the current leader Najib Razak, sparing no one except of course, himself. Mahathir has also criticized other world leaders including UK's Tony Blair and of course George W Bush, the 43rd president of the United States.

So far none of his local peers have swung back at him, which is not surprising considering that several are already dead and only Najib and 5th prime minister Abdullah Badawi are alive. As for the international leaders, they have largely ignored Mahathir's existence, which only adds to his frustration, but there is nothing he can do to them. However, he can make life miserable for his successors here, and this he is already doing.

When Mahathir retired in 2003, after 22 years as PM, there was talk about his 'great' legacy and he was even called Bapa Pemodenan or Father of Modernization. Some 9 years after his retirement, the excesses and sheer ill-judgement of his economic, social and political decisions have come back to wallop the nation with a backlash stronger than the ferocious tsunami of 2006 that devastated much of South Asia.

At 86, Mahathir is now reviled by most Malaysians, blamed for the massive corruption that may soon bankrupt the country if no remedial economic action is taken, and for the apartheid-scale racial fissures amongst the various ethnic groups in the country.

## NEP

Just pick the New Economic Policy, which was the brainchild of the policymakers of the 1960s but which he abused to the maximum. This abuse alone is enough to ensure that he will stay in the Malaysian Hall of Villains rather than in the Hall of Fame which he still thinks he belongs in.

His peers with better memories including former Finance minister Tengku Razaleigh Hamzah said last week that the NEP was never meant to create or to be used to incubate a class of Malay capitalists, but to address poverty and to raise the level of Malay participation in the economy. It was never meant to be abused by the government of the day to handpick a select group of Malay entrepreneurs, load them with sharply-discounted government deals and then expect them to prosper and create enough economic ripples to help lift the rest of the community.

This was Mahathir's first and major mistake. But was it really a mistake? Doubters and critics point to the enormous wealth he accumulated for his cronies and proxies through the money-making schemes hatched under the guise of the NEP, and by privatizing government assets to favored Malay entrepreneurs, one of whom is the disgraced former MAS chairman Tajudin Ramli. Not able to deal with the 'instant success' or the stress of big time business, many succumbed to debt during the 1998 Asian financial crisis. Tajudin and friends like Halim Saad fell from hero to zero, losing enormous amounts of money and requiring massive government bailouts.

## Cronies but the masses get nothing

The second mistake Mahathir, in his foolishness, made was to pool the major part of the nation's wealth in the hands of a few. This time he included non-Malays millionaires such as Vincent Tan, Robert Kuok and Ananda Krishnan. Tan has just announced his retirement, Kuok unhappy with the worsening racial system in the country has chosen to stay Hong Kong, while Ananda is wanted by the Indian authorities for allegedly having corruptly wangled a telecoms licence to buy into Aircel.

This pooling of wealth in the hands of a few inevitably left the ordinary Malays and Malaysians with just a few crumbs to share amongst themselves, a slow-boil situation that has blown up to today's red-hot disputes about social and economic fairness. Not only is there not enough money for scholarships, education, healthcare, employment and welfare for everyone, even the Malays who have been repeatedly told by Mahathir's Umno party that they will get priority, have left in the lurch.

Malays now form 96% of the poorest 40% lowest income earners in the country. As for the non-Malays, of course, they have felt the pinch more. Many have been forced to go overseas to work and to study. That's right, educational and employment opportunities are scarce for the non-Malays in the country. Again, the only group that benefited were the elite in the Umno party, their families and cronies. So Mahathir – despite his self-praise – was in fact rather shortsighted. Money was far more important to him than he cared to admit.

## Trusting the wrong people

The third mistake that Mahathir made was choosing the wrong people for the wrong jobs. He also trusted the wrong people. All of the Malays tycoons that he picked had no real business savvy but were merely the trusted aides of former Finance minister Daim Zainuddin. That is why guys like Tajuddin, Halim, Rashid Husein of RHB Bank, Mohd Noor Mutalib and Abdul Rahman Maidin of MRCB fared poorly in the end. Some have even been hauled to court to settle debts.

Only Daim Zainudin remains 'filthy' rich. His nominees ended up owning all the various banks and business enterprises meant to be transferred into Umno Baru. Somehow, as the Umno legend goes, Daim managed to secure these for himself. This was obviously a huge letdown for Mahathir. Instead of 'tricking' people over to his point of view, for once, he had been had!

## Set Malaysia off on the borrowing habit

Mahathir did not foresee that the National Debt could be as high as it is today, having ballooned to over RM450 billion. Despite several 'begging' trips to Singapore and Brunei, he was politely rebuffed. In the end, he borrowed from overseas by issuing bonds and 'stealing' every spare sen from Petronas and the other Government-Linked-Companies to fund his mega projects. Throughout his 22-year rule, Mahathir never saved a sen for Malaysia for a rainy day. And this was his fourth mistake.

## Weak grasp of economic principles

Mahathir is just an ordinary doctor; a general practitioner and not a specialist. His understanding of economics is as rudimentary as the average Malaysian. His idea of increasing the equity of the Malays is so simplistic – use the GLCs. Mahathir's vision of doing business is by profiteering through controlling shares in as many companies as possible without considering the possibility of losing money. Sad to say, real life businesses involves losses, not just profits.

Mahathir's economic policy was not based on any solid foundation and had never been tested in any country before. It was based on his opinions and viewpoints. If these had been any good or worked, many countries would have already implemented similar ideas centuries ago. Even established capitalist and communist economic systems have come under fire and economic collapse is a norm these days, part of a man-made boom and bust cycle. Several economists have even urged nations to revert back to gold-based currencies, an ancient and established type of monetary system, so what are Mahathir's child-like economic concepts by comparison? His fifth mistake is therefore his skewed understanding of the economy. It led to the controversial de-pegging of the ringgit from the US dollar and the overnight closure of the CLOB share market trading in 1998 – two events that investors have still not forgiven Malaysia and Mahathir for.

## Dictator syndrome

Mahathir's ego and unconscious desire to be a dictator is his sixth mistake. He amended the constitution to weaken the Agong and the Sultans and then made sure that the law and enforcement bodies obeyed him. He sacked the Chief Justice Tun Salleh Abbas and closed both eyes when judges were openly bought by those who had money. It would be tough for Malaysians and their investors to fully trust the judiciary system again. This is why the Umno-BN has lost its integrity and the people their faith in the coalition. Malaysians will always distrust whatever Umno-BN does even if it may be well-intentioned.

## Racist policies

To prevent the disintegration of his policies and his misdeeds from being exposed, Mahathir had to resort to his favorite racial politics. He had to convince the Malays that what he had done was necessary and in their interests. He kept for himself the great jewels and gave out the small chips so as to convince the Malays that the war against the other races was real. The non-Malays had to be kept back. Thus the budget allocations for places like BTN or the National Civics Bureau where Malay graduates and civil servants were openly taught to be suspicious of the other races.

But not all the Malays bought it. Such teachings were against Islam and also against universal values. The Malays were left confused, while the non-Malays totally sidelined. So being racist is Mahathir's seventh mistake.

#### Corruption

If Mahathir and Umno have been successful in making sure Malaysia achieves developed nation status by 2020, why does the record show so many serious faults to date. There are only eight years to go but the economy is still in a shambles with the national debt soaring, racial and religious harmony in disarray, and the political situation worsening with Umno-BN now openly resorting to physical violence to stop the opposition from holding their rallies.

The education system is also leading nowhere, healthcare is getting worse and more expensive, the much-touted and corrupt 1Care already rejected before it can even come on-stream, law and order is still questionable, mismanagement and graft more entrenched than before in the Umno-BN government. Instead of all cylinders kicking in, and culminating into the realization of Vision 2020, Malaysia may go bankrupt instead. Not fighting corruption, but perpetuating it is Mahathir's eighth mistake.

#### Meddling with the running of the country

The majority of the Malays are poor and still need government help despite 55 years of Umno "successes" (read failures). The non-Malays have been patient enough and have given Umno enough chances. They have waited until the third generation after the nation's independence in 1957 and they are now fed-up with Umno-BN. The same too is happening with the Malays. Those not in the direct line of the Umno gravy train, and this would be the great majority, are getting fed-up too. More have voted for the opposition and will continue to do so.

When Mahathir realized that things were turning sour, he handed over the baton to Abdullah Badawi, thinking that he could still control the running of the government by 'remote control'. But when things were not carried out as he had wished, Mahathir forced an ouster and replaced Badawi with Najib. Granted, the disorganized Badawi was in no capacity to lead Malaysia but Najib is just as incapable too. All through, instead of giving a helping hand, Mahathir continued to meddle with the running of the country. Interfering with the running of the country and disallowing the current leaders to put in solutions that suit the era is Mahathir's ninth mistake.

#### Causing trouble in Umno and pushing Mukhriz up the ladder

Yet Mahathir stubbornly refuses to accept or to admit to his mistakes. This is one man who refuses to face up to reality. He is not really interested in the welfare of Malaysians at all, not even the Malays or Umno. He only wants to save his face and to make sure that his son Mukhriz will become prime minister no matter what deals he has to execute with the current batch of Umno warlords to effect this.

Ruthless and completely selfish, Mahathir would think nothing of creating chaos just to fulfill that ambition. After all, he could de-register Umno just to stay in power. Imagine what he won't dare to do to get Mukhriz in as Umno president. But it is this incessant interfering and trouble-making in Umno that will be his tenth and last mistake.

Mahathir will doom Umno, and in imploding, Umno will very likely take Mahathir down for the count.

Assalamualaikum Tun.....

Hanya orang yang rasa 'Angkuh'nya tinggi ke langit sahaja yang mengaku tidak melakukan apa-apa kesilapan....umpama Firaun dan Haman... Apa Tun benar-benar tidak melakukan kesilapan?

Dr Mahathir Mohamad said that he committed no mistakes during his time as prime minister, just days after he called for Prime Minister Najib Razak to resign for allegedly failing to perform well.

When asked at a forum what his biggest mistake was, Dr Mahathir said he was at a loss for an answer, adding that he had never stole government money.

"I'm still trying to find out what mistake that I did. I didn't steal government money. I didn't do quite a lot of things. You tell me what is my mistake," he told a laughing audience.

He said people had accused him of being an authoritarian, but he said that he had voluntarily stepped down as prime minister – something no authoritarian ruler would do.

"I've been accused of being authoritarian. I'm not. If I was, I wouldn't resign. I was enjoying life, you know, flying here and there, all paid for by the government.

"So you can tell me where I went wrong. I would like to study it and write a thesis on it," he said at a forum in Cyberjaya.

He added that many people had told him his biggest mistake was to have resigned as prime minister, but he insisted today he had done the right thing in leaving the government.

He said it was important for leaders not to overstay their welcome, no matter how popular they were.

"By 2002 I thought, well, most things are okay now, financially okay, government is okay, party is okay, I can step down. But I did not expect, of course, what my successors would do.

"So that was not a mistake, that was the right thing to do. Step down," said the country's longest-serving prime minister.

He also contrasted his departure from the government with that of the late Lee Kuan Yew, who had stayed on in the Cabinet after stepping down as prime minister of Singapore.

"Kuan Yew resigned but he was still there as senior minister and minister mentor... I don't want to come back, I've had enough, 22 years," said Dr Mahathir.

Dr Mahathir added that one of his finest acts as prime minister was to ensure there was peace and no racial conflicts in Malaysia.

"I give myself credit for doing the right thing, and I think the best thing I did was during my time, there were no racial conflicts.

"You can't stop extremists from saying all kinds of nasty things, but by and large the people lived in peace with each other."

When asked why Malaysia was not as well-developed as Singapore, Dr Mahathir said the island republic had less problems to deal with.

"They don't have to build many roads. They don't have racial problems. We have racial problems. And they can forget about the minorities and do what they like.

"We can't do that here, we have to think about minorities, think about the rights of people, etc.

"So there is a certain give and take that we have to do here which you don't have to do in Singapore. So I would like to say that he (Lee) had a much easier time than I had."

Begini caranya seorang penipu dan pembohong berkata-kata. Jikalau anda mempelajari bidang "Psikologi" maka kata-katanya ini berpaling kepura-puraan yang penuh dengan "Helah Bela Diri". Tidak menghairankan kerana Tun belajar daripada buku perang Tsun Tzu yang dilumuri helah dan tipudaya licik..... Lidah bercabang?

Hanya "Allah S.A.W" yang tidak pernah melakukan apa-apa kesilapan... Apakah Mahathir itu sama upayanya dengan Allah? Lihat... Betapa sombong dan bongkaknya manusia bernama Mahathir Mohamad bergelar Tun Dr. ini?

Assalamualaikum warahmatullahi wabarakatuh.....

Mana ada konspirasi nak menjatuhkan Najib.

Takde arahan pun. Kalau jawab tohmahan, InsyaAllah semua masalah selesai.

Masalahnya, Najib memang bersalah dan buat salah. Tetapi Najib sedang lena diulit oleh kesenangan dan sokongan orang sekeliling.

Tanyalah Tun Mahathir bagaimana Tun pernah lena diulit suatu ketika dahulu oleh orang orang sekeliling dan mengagau mencari kebenaran.

Alhamdulillah kerana perkara pertama yang diberikan Allah s.w.t pada hambaNya adalah keyakinan.

Keyakinan yang bermaksud mengenali bahawa Islam itu benar.

Tiada konspirasi. Semua hanya drama yang syok sendiri. Yang memuji muji diri dan merasa diri hebat menjadikan kenyataan yang keluar dari mulut menampakkan keangkuhan.

Merasakan diri itu disayangi dan disanjung padahal sebaliknya.

Ia adalah istidraj. Nauzibillahiminzalik.

Mungkin itulah yang dikatakan awal mengenal agama, adalah mengenal diri.

Keyakinan mengenal Islam itu adalah benar.

Datanglah ribut badai sekalipun, ia tidak menghakis apa apa sekalipun. Apa yang perlu dirisaukan.

Allah s.w.t Maha Besar.

Assalamualaikum Tun.

1. Saya bersetuju dengan Tun, setakat ini tiada konspirasi atau perancangan rahsia untuk menjatuhkan Najib.

2. Tun melafaskannya dengan jelas, kami juga melafaskannya dengan jelas untuk tidak menyokong Najib sebagai PM mahupun presiden UMNO.

3. Kami dan Tun adalah sehaluan dalam perkara ini kerana kita nampak kepimpinan Najib selama enam tahun menunjukkan kemajuan yang negatif kepada ekonomi negara, kepercayaan rakyat terhadap kepimpinannya, ketidakyakinan tadbir urus kewangan negara, dasar-dasar dalam dan luar negaranya, tiada aura sebagai pemimpin kerana dia dibayangi aura "meluat" rakyat terhadap isterinya dan berbagai lagi.

4. Seperti yang selalu saya perkatakan Najib ini seorang yang perasan dan tidak pandai menilai yang mana satu intan dan yang mana satu permata.

5. Najib seorang pergaulannya terhad dari kecilnya, dia dikelilingi orang yang memujinya, orang-orang senang, orang-orang koperat, orang-orang yang berambitious politik tetapi tidak nampak dan tidak memahami golongan lainnya.
  6. Dia cuma mempelajari gelagat manusia selain dari di atas menerusi cerita orang lain, bacaan dan bukannya pengalaman bergaul terus dengan masyarakat.
  7. Kefahamannya salah terhadap masyarakat khususnya di Malaysia.
  8. Apabila dia menjadi pemimpin, dengan kefahaman yang salah, dia cuba menzahirkan keperluan dan kehendak rakyat ikut kefahamannya yang salah.
  9. Cetusan idea yang tidak betul diwujudkan dihuraikan ikut kefahamannya seperti "rakyat didahulukan", "BR1M", "1Malaysia", "mendengar denyut nadi rakyat", "GST" dan sebagainya.
  10. Malangnya niatnya seakan betul seperti pembentangan kertas kerja seakan cantik hanya di atas kertas sahaja tetapi pelaksanaannya "tidak seindah rupa". Apa yang dicakap lain, dibuat lain. Ini yang kita namakan "menipu rakyat tanpa diri dia sedari".
  11. Selama 6 tahun pentadbirannya, rakyat kian bosan. Kini apa sahaja kenyataannya membuatkan rakyat meluat dan peluang untuk Najib membetulkan keadaan tiada lagi. Rakyat kini menghukum Najib dengan kesimpulan "tiada maaf bagimu".
  12. Tiada konspirasi untuk menjatuhkan Najib melainkan cara terang-terangan.
  13. Najib kini saya percaya kian risau dan takut pada bayangnya sendiri.
  14. Kalau saya, orang seperti saya adalah penasihat Najib, saya akan menasihatkan dia letak jawatan sebagai PM dan presiden UMNO kerana pengamatan saya di luar hampir semua rakyat membenci Najib lebih-lebih lagi isterinya Rosmah Mansor.
  15. Rakyat tidak yakin dengan kredibiliti Najib sebagai PM.
  16. Ada kemungkinan nahas MH370 dan MH17 ada kaitan pemimpin luar yang berniat jahat dengan kemampuan dan kredibiliti Najib sebagai PM Malaysia. Saya seakan mempercayainya tetapi tidak cukup fakta untuk mengulasnya.
  17. Kesimpulannya, eloklah Najib berundur secara terhormat sebelum Malaysia lebih teruk dari sekarang.
- Sekian Tun.

Dearest YAB Tun,  
Firstly and foremost, I would like to wish Tun & Family ##A Selamat Hari Raya Aidilfitri##. May you be in good health always.  
I am with "alex7877".. on the delay in the findings of all the issues related to 1MDB which is related to the "yunno-who".

The "diverting tactics" doesn't work here anyone as Malaysian is getting smarter by the days. The main issue is "where is the RM42b"?? Jst show us where is the fund and the subject is closed. Delaying and diverting the main issues would only caused the Rakyat to think that the funds are misused???

Where is the transparency???

Worrying state of mind..

Salam TUN.

Look at a brighter side.

1. By blocking the Sarawak Report, it means that Najib tenure as a Prime Minister is getting shorter.
2. Its show that, the Najib goverment is weakening by day. Their "denial strategy" is no longer seen as a effective means for them to counter back the question that had arose by WSJ and Sarawak Report .
3. As to strengthen their grip on us and bar us from questioning further, they have move to the next stage. That is deny us the information on the basis that all Sarawak Report news is the "blatant lies" and also will effect national stability.
4. But what about WSJ? Do you have all the guts to block their website after they blatant accused Najib as a KAKI SONGLAP DUIT KERAJAAN?
5. Not to worry, the fall of Najib is on the card.

Wassalam Tun.

Salam,

Bagi pendapat saya, teori konspirasi 1MDB lebih rakyat perlu tahu dari teori konspirasi menjatuhkan najib.

Adakah jalan cerita 1MDB sama jalan ceritanya dengan filem "Wolf of Wall Street". Jika di wall street dengan adanya konspirasi saham memang boleh naik turun tapi bagi seorang pemimpin hanya ada satu jalan iaitu turun.

Najib masa anda di atas sudah cukup tibalah masa anda untuk turun dan disiasat dengan cara terhormat sebagai seorang bekas pemimpin bukan sebagai rakyat biasa.

TQ

Salam,

Jika benar dakwaan mengatakan terdapat konspirasi untuk menjatuhkan najib, tolonglah teruskan. Kenapa dengan teori konspirasi ni najib ni masih tak jatuh-jatuh. Teori konspirasi MH17 dah jatuh, teori konspirasi MH370 terus tiada khabar berita.

Najib, ini soal masa depan anak bangsa MALAYSIA, tidak kira melayu, cina, india atau kaum-kaum yang lain. Sampai bila anda boleh lari dan berdolak dalih.

Orang dah fed up/meluat/kecewa/sakit hati tengok berita/gosip anda dan keluarga anda. Rakyat dah jadi personal dari professional. Cukup lah.

Boleh kah rakyat MALAYSIA hantar memorandum kepada Agong mengatakan rakyat menolak kepimpinan sekarang dan parlimen dibubarkan bagi melantik ahli-ahli baharu.

Lebih baik adakan konspirasi rakyat dari mengadakan konpirasi politik. Jika cash is king bayarlah rakyat with a handsome amount of money. Bukan setakat rm100 sebulan.

TQ

Assalamualaikum Tun,

If my add, around the world not only are Prime Ministers forced to resign, they should take leave pending outcome of an investigation with him as a suspect.

But Najib will be Najib. He says he will not resign as long as he has the support of his party and the people. For the a people, I know many wants him to resign. But my question is the party i.e UMNO.

Based on my understanding, not one of the UMNO leaders be it cabinet ministers or high council members have asked him to resign. Yes, some have asked for audit report or investigation for 1MDB, but no direct asking for najib's resignation. This is probably to show the people, look I'm on your side, should anything bad happen. At the same time, they would show support to the Prime Minister. This is clearly a play safe strategy.

This observation that UMNO leaders support Najib is further strengthen with UMNO election be postpone 18 months which requires UMNO high council approval.

I am wondering whether UMNO leaders are playing their part to protect the agama, bangsa dan negara. Or are they doing their part to protect Najib only.

Looking at 1MDB, there is serious alegations against Najib, his wife and family, shouldn't at least UMNO leaders ask Najib to take leave, pending outcome of the investigations.

As I see it, they continue to play safe, looking like that are concerned about the rakyat's interest, while at same time support the Prime Minister by not asking him to resign.

They are depending only on Tun to force Najib to resign. If Tun succeed, the next Prime Minister will be amongst them. So they have nothing to lose.

In a way, Tun was correct when Tun first said that Tun was alone in asking for Najib's resignation. Tun was not refering to the rakyat, but UMNO leaders.

I wonder whether this is the type of leaders who really cares about the rakyat.

If these are the leaders UMNO are producing, which shows blind loyalty with no regard to the rakyat, then I wonder whether we should be voting them at all, even if Najib resign.

Salam Tun,

1MDB fiasco is getting complicated day by day if they refused to provide full disclosure of their accounts everything can be twisted to their favour. But no matter how its twisted n spin the fact remain 1MDB is facing severe cash flow problems and left many questions probed by Tun

unanswered. I am wondering recent loan by IPIC of 1 billion is guaranteed by which collateral of assets owned by 1MDB? Imagine simple question like this cannot be verified by the public how else can we do as ordinary rakyat.

I am praying hard TUN will prevail again under the most difficult atmosphere. But I believe in God eventually the truth will prevail. Meantime TUN pls be strong n stay cool not let any of this to effect yr health, sorry I mentioned this before I am selfish at other sites but Malaysia still needs you.

And I would like you to know I am very grateful citizen for all you hv done for us during your time as PM. You are my idol till to my grave.

Good Luck Tun and once again Selamat Hari Raya.

Apabila kuasa disalah gunakan. Kesalahan terlalu jelas untuk dinafikan. Sebesar-besar kuasa kita ada pasti akan ada kuasa lebih berkuasa.

Kuasa Rakyat > Kuasa Pemerintah

Dear Tun,  
Firstly, I would like to wish Tun & Family & all ##Selamat Hari Raya Aidilfitri##

Well, It seems they are working over-time looking high and low to cover up the whole issue. Now the News focus on Lester?? Some guy who said they paid for air-fare, hotel stay plus rm1000-rm2000 (paying him if without sign any payment voucher is it consider bribe?) to make video with any solid supporting proof. With this issue, all previous 1MDB story seem to be putting asid?? What happen to those accounts frozen, what happen to DSN accounts which were closed. Why are not disclose yet?

Simple question, did or did not the accounts received the sum of money as stated? What happen to his wife account that accused received 2 million?? Why there are no report from it anymore? If this is some other people's account or can I say opposition politician accounts, I believe within a day or two, they will tell the answer to the media.

I personally believe by dragging it, they are thinking of a way how to cover up as all those accusation should be true. If it is not true, I believe they will immediately denied it rather than keep quiet or bring other news report to cover it up. What happen to the supposed to be transparent task force?

Worried Malaysian

Assalamualaikum Tun M dikasihi,

Sebagai rakyat Malaysia, saya merasa sedih dengan keadaan politik negara yang dipimpin oleh DSN. Adakah rakyat Malaysia ini bodoh? Konspirasi untuk mejatuhkan DSN? Untuk PRU 14 kemungkinan besar saya tidak akan menyokong barisan nasional.

Semoga Tun dipanjangkan umur dan kesihatan yang baik.

Sekian terima kasih

Dearest YAB Tun,

// 5. So again where is the conspiracy!! It is all in the open. There is no need to conspire. There is open campaigning for his ceasing to be Prime Minister.//

My comment: Exactly! Everything is done openly...no conspiracy at all. DSN is using Anwar's strategy – 'conspiracy' lah kononnya.

//19. So don't be silly and demand that since Najib was elected, no one has a right to ask him to step down. Abdullah won more seats in 2008 than Najib in 2013. If Abdullah was prepared to step down, Najib after his poor performance in the general election should not even offer to be the PM. He should resign from being President of UMNO and head of BN and let somebody else lead and become PM. //

My comment: This is what we call 'muka tak tahu malu & tidak bermaruah'. PM Najib must step down immediately. I am just a voter who voted BN/UMNO during PRU-13 (I will not vote in PRU-14 if DSN is still UMNO President/PM).

I believe PM Najib has become the biggest 'liability' to UMNO/BN, and the majority of 'rakyat' is more than happy to see him go. No one ('rakyat') is going to cry (or stop him) if he decides to resign tomorrow. In fact most people would definitely welcome/celebrate his resignation!

Thanks Tun.

\*\*\* May Allah SWT bless Tun and family \*\*\*

My Salam to Tun and Tun Dr. Hasmah. We really dont care what WSJ says. For that matter we really dont care what any body says. WE JUST WANT TO KNOW WHERE ARE THE MISSING BILLIONS.

This son of Tun Razak has brought shame to his father.

Thank you, Tun. I miss your days as PM.

Dear Tun,

It seems Hypocrisy is our leaders principle. Everyone knows that there is a wound in middle of palm. They shouldn't need anybody to show it. So there is no need task force, court or judge. Just Keep it Simple. Someone from UMNO must take over the PM post and hopefully he could settle everything. I think we wasting our time because day after day so many bad news published about Malaysia in International daily. It is unacceptable since we build our country so far; and as I know Tun is the utmost man to put Malaysia in world level. SO the answer is simple "MAJLIS TERTINGGI UMNO SHOULD DECIDE" as earlier as possible before this wound turn purulent.

Assalam Tun,

The word conspiracy is synonymous with Anwar maniac.

It is either Najib & his yes-man UMNO no-hopers are trying to become Anwar copycats or they are Anwar's sympathizers.

These UMNO "boleh blah" no-hopers simply do not have any credibility, not qualified to be where they are.

Dear Tun,

Agree with u Tun:

About BR1M, it is Government money, it is not for elections but given before any election, with the promise of more if the party wins, it using Government money to win election. Truly cash is king.

Tun, Najib ni lebih bodoh dari cerdik. Dia ingat rakyat ni tak cerdik. Rupanya dia yang tak cerdik. Perasan 1000 kali perasan.

Malang betul 1,000,000,000,000 kali malang rakyat Malaysia berPMkan Najib.

Menyesal pangkah BN pada PRU13 yang lalu.

Sekian Tun.

Assalamualaikum WBT

Dear Tun

May God grants you strength and continuous health in this noble fight against the weak Government of Malaysia. I am a supporter of BN and UMNO, and have no intention to alter my allegiance to any other party as a mark of respect to what they have done in moulding me as I am now for the past 20 years. However, the weak administration of Dato' Najib has somehow caused me to rethink my stance. If my leader is weak and fails to display his worthiness to lead me and the people to promising future, I deem him unfit for the post. There are plenty of good characteristics that make an ideal leader but I fail to notice that in my current PM. Avoiding an open debate on a ridiculous 'security' excuse; weak line-ups of Ministers, who are only satisfied with a 3.8 Bachelor's degree; misusing the holy teachings of Islam as a facade only to defend himself; and empty promises – these factors only cause me to think that my elected PM is a coward. A coward has no value and function to a society. In a war, he only demoralises his troops, which signals the end of his people. If a leader commands the confidence of his people, his government and people will prevail. Confidence is definitely a must-have for a Government; yet our government favours cash over confidence. In this government, I have none.
