

**SEPARATION OF POWERS**  
**Chedet.cc**  
**20 October 2015**  
**Tun Dr Mahathir Mohamad**

1. The Deputy Prime Minister made reference to the separation of power when commenting on the statement of the Rulers over the need for investigations on 1MDB and the 2.6 billion Ringgit in Najib's account to be expedited. Is this a breach of the assumed separation of powers between the Rulers and the Government?
2. It is true that the Agong and the Malay Rulers are constitutional monarchs. But that does not mean that they are just rubber stamps to validate all the acts of their governments.
3. Sec 39 of the Federal Constitution (State constitutions follow closely that of the Federal constitution) states clearly that "The executive authority of the Federation shall be vested in the Yang di-Pertuan Agong and exercisable, subject to the provision of any Federal law and of the Second Schedule, by him or any Minister authorised by the Cabinet, but the Parliament may by law confer executive functions on other persons.
4. Section 40 states clearly that the Agong shall be entitled, at his request to any information available to the Cabinet.
5. These two sections clearly gives the Yang di-Pertuan Agong some executive roles.
6. Section 40 para (2) clearly states the Yang di-Pertuan Agong may act in his discretion in the performance of;
  - a) the appointment of the Prime Minister
  - b) the withholding of consent to a request for dissolution of Parliament
  - c) Federal law may make provisions for requiring the Agong to act after consultation with or on the recommendation of any person or body of persons
7. In the recent past we have seen Rulers rejecting nominees by the majority party for the office of Menteri Besar.
8. Should the Prime Minister request for the dissolution of Parliament, the Agong may reject.
9. Again we see here that the Agong and the Rulers may act on their own discretion. They may also consult and accept recommendations of any person or body of persons.
10. Obviously if petitions are made or there is a public clamour, the rulers may not have to listen only to the Cabinet.
11. Section 41 unequivocally states that the Yang di- Pertuan Agong shall be the Supreme Commander of the Armed Forces of the Federation. Clearly it is not just the privilege of wearing the uniform.

12. What is clear is that nothing in the Constitution talks about the separation of power between the Government and the Agong. In fact in many instances the Agong may act at his own discretion.
13. And the Agong may listen to other people than the Cabinet. This is only as it should be as failure of the Cabinet to address complaints by the people may require the Agong and the Rulers to urge the Government to respond.
14. In making their statement the Rulers were not in any way exceeding the provisions of the constitution. They were in fact abiding by the provisions of the constitution.
15. On the other hand the same cannot be said regarding the principle of the separation of powers between the legislative, the executive and the judiciary.
16. Currently the Prime Minister as head of the elected legislators is clearly not respecting these principles.
17. For example officers of the administration who were investigating 1MDB and the 2.6 billion Ringgit account have been transferred out to the Prime Minister's Office, resulting in their stopping their work. Their replacements apparently was with approvals of the Prime Minister.
18. Officers of the MACC have been similarly treated, again resulting in the investigations being obstructed.
19. The Attorney-General, a member of the judicial establishment have been removed while he was carrying out the task of preparing the said case for the courts. In his place a judge was transferred to take over as AG. This is actually usurping the powers of the judiciary.
20. The AG was said to be sick, but he denied he was sick. As far as is known no medical certificate certifying that he was sick seem to have been issued.
21. All these are public knowledge. The Rulers may have heard and probably received petitions on the authoritarian disregard for the law and rules of Government.
22. The citizens of this country are the subjects of the Rulers. As Rulers they must care for the welfare of the people.
23. If in their opinion the Government should allow expeditious investigations to be carried over the issues of concern to the people and the country it is the duty of the Ruler to make known to the Government the dissatisfaction of the people over the issue and to ask for the matter to be attended to.

VERSI BM

PENGASINGAN KUASA

1. Timbalan Perdana Menteri merujuk kepada pengasingan kuasa apabila mengulas kenyataan Raja-Raja mengenai keperluan mempercepatkan penyiasatan ke atas 1MDB dan RM2.6 bilion dalam akaun Najib. Adakah ini satu pelanggaran pengasingan kuasa yang diandaikan antara Raja-Raja dan Kerajaan?

2. Ianya benar bahawa Agong dan Raja-Raja Melayu adalah raja berperlembagaan. Tetapi itu tidak bermakna bahawa mereka adalah pak turut semata-mata untuk mengesahkan semua tindakan Kerajaan.

3. Perkara 39 Perlembagaan Persekutuan (Perlembagaan Negeri mengikuti Perlembagaan Persekutuan) menyatakan dengan jelas bahawa "Kuasa Eksekutif Persekutuan hendaklah terletak kepada Yang di-Pertuan Agong dan, tertakluk kepada peruntukan mana-mana Undang-Undang Persekutuan dan peruntukan Jadual Kedua, dijalankan olehnya atau mana-mana Menteri yang diberi kuasa oleh Jemaah Menteri, tetapi Parlimen boleh, melalui undang-undang, memberikan fungsi eksekutif kepada individu lain."

4. Perkara 40 menyatakan dengan jelas bahawa Agong adalah berhak, atas permintaannya, mendapat segala maklumat yang ada kepada Kabinet.

5. Kedua-dua bahagian ini jelas memberikan Yang di-Pertuan Agong beberapa peranan eksekutif.

6. Perkara 40 Peranggan (2) jelas menyatakan Yang di-Pertuan Agong boleh bertindak menurut budi bicaranya dalam melaksanakan fungsi:

a) melantik seorang Perdana Menteri

b) tidak memperkenankan permintaan bagi pembubaran Parlimen

c) Undang-Undang Persekutuan boleh membuat peruntukan bagi mengkehendaki Agong bertindak selepas berunding dengan atau atas cadangan mana-mana individu atau sekumpulan individu.

7. Pada kebelakangan ini, kita melihat Raja-Raja telah menolak pencalonan oleh parti majoriti bagi jawatan Menteri Besar.

8. Sekiranya Perdana Menteri meminta untuk membubarkan Parlimen, Agong boleh menolak.

9. Sekali lagi kita lihat di sini bahawa Yang di-Pertuan Agong dan Raja-Raja boleh bertindak atas budi bicara mereka sendiri. Mereka juga boleh berunding dan menerima cadangan daripada mana-mana individu atau kumpulan individu.

10. Jelas sekali jika petisyen telah dibuat atau ada suara desakan ramai, Raja-Raja tidak perlu hanya mendengar Kabinet.

11. Seksyen 41 tanpa ragu-ragu menyatakan bahawa Yang di-Pertuan Agong hendaklah menjadi Pemerintah Tertinggi Angkatan Tentera Persekutuan. Jelas sekali ini bukan sahaja hak istimewa untuk pemakaian seragam tersebut.

12. Apa yang jelas ialah tiada apa jua dalam Perlembagaan yang bercakap mengenai pengasingan kuasa di antara Kerajaan dan Agong. Malah dalam kebanyakan keadaan, Yang di-Pertuan Agong boleh bertindak mengikut budi bicara sendiri.

13. Dan Agong boleh mendengar individu selain daripada Kabinet. Inilah sebenar hakikat yang diharapkan kerana kegagalan Kabinet untuk menangani aduan rakyat memerlukan Agong dan Raja-Raja menggesa Kerajaan untuk bertindak balas.

14. Dalam membuat kenyataan mereka, Raja-Raja tidak berada dalam keadaan melebihi had peruntukan Perlembagaan. Mereka sebenarnya mematuhi peruntukan perlembagaan.
15. Sebaliknya, yang sama tidak boleh dikatakan mengenai prinsip pengasingan kuasa antara perundangan, eksekutif dan kehakiman.
16. Pada masa ini, Perdana Menteri, sebagai ketua penggubal undang-undang yang dipilih, secara jelas tidak menghormati prinsip-prinsip ini.
17. Sebagai contoh pegawai-pegawai pentadbiran yang sedang menyiasat 1MDB dan akaun RM2.6 bilion telah dipindahkan ke Jabatan Perdana Menteri, menyebabkan pemberhentian kerja mereka. Penggantian mereka adalah ketara dengan kelulusan Perdana Menteri.
18. Pegawai-pegawai SPRM telah diberi layanan yang sama, sekali lagi menyebabkan siasatan terhalang.
19. Peguam Negara, seorang ahli badan kehakiman telah disingkirkan ketika beliau menjalankan tugas menyediakan kes tersebut untuk mahkamah. Di tempat beliau seorang hakim telah dipindahkan untuk mengambil alih tugas sebagai Peguam Negara. Ini sebenarnya perampasan kuasa badan kehakiman.
20. Peguam Negara dikatakan sakit, tetapi dia menafikan dirinya sakit. Setakat yang diketahui, tiada sijil perubatan yang mengesahkan bahawa dia sakit telah dikeluarkan.
21. Semua ini adalah pengetahuan umum. Raja-Raja mungkin pernah mendengar dan mungkin juga menerima petisyen mengenai sikap pengabaian secara authoritarian undang-undang dan peraturan Kerajaan.
22. Rakyat negara ini adalah subjek Raja-Raja. Sebagai Raja-Raja mereka perlu menjaga kebajikan rakyat.
23. Jika pada pendapat mereka, Kerajaan perlu membenarkan siasatan cepat dan cekap dijalankan ke atas isu-isu yang penting kepada rakyat dan negara ini, adalah kewajipan Raja untuk memaklumkan kepada Kerajaan rasa tidak puas hati rakyat dengan isu ini dan meminta perkara ini diberi perhatian.

Blessed thee,

In order to separate some form of power we need tremendous amount of energy, unlike any other it needs to be generated for it has no source. This energy is so powerful it made the so-called god's particle machine whines and yet we still facing a hard time describing a plasma.

I'm aware you have shown interest in a proton membrane cell, there must be a hint of cold fusion somewhere in those literature you've read.

Should this sounds logical, will it be possible for history to repeat itself for the likes of Guthrie on TNB?

Moving back to the basics, it possesses true power, LENR yet perpetual if I may show

you.

110. Look at klia2, why this happened?

111. It is because of nep bumiputra policy set by umno baru based on race meriocrity, not on race meritocracy.

112. AP also based on race meriocrity, not on race meritocracy.

113. As I said, the malay rulers should worry more.

114. Because bumiputra policy is to favor umno baru members, not malaya, not sarawak, not sabah via capital control and pegging ringgit to us dollar that made investors run away whenever there is political uncertainties.

Tun,  
Malaysia in the eyes of the world has lost all credibility..  
I doubt it will be developed. Not for another 50 years.

When you have an uneducated majority holding the balance of power, holding the country back from progressing, coupled with a patronage system of government, never ending racially based quotas, a reduction in standards to accommodate for laggards, a corrupt government that has complete control over every aspect of the finance administration, MACC, legislature etc ... you get what you get...

Yes, indeed.. Malaysia is a scary place to invest money. There is just too much risk. The Government can not operate when it has been doing dodgy dealings and is spending 100% of its time to save its skin...

It's too late Tun. God father....60 years of independence with your 22 years in government has culminated to this....

87. I dont know what will be the american response.

88. I think he is guilty of what he did in the past in the oval office that caused his wife, hillary, to run for the 1st female president candidate.

89. I personally think bill has made the right choice to endorse donald trump as the next candidate as husband to hillary because he loves her so much that this is the best way to say how sorry he is to cause such frustration to hillary, to his family to the americans and to the world.

Najib memang Blur

Blur like Sotong

Yg membimbangkan saya

Kita menyerahkan Malaysia pada seorang Pemimpin yg tunduk pada Isteri

Sejurusnya kita juga tunduk pada Isteri Beliau

Dengan Berita Anak Rosmah bolih ada Movie , ada Harta di Amerika

Ia membuktikan sesuatu yg sama sekali juga yg tidak betul sama sekali

Dulu bolihkah Rosmah mampu membiaya ini semua untuk anak beliau ?

Saya pun Salahkan Tun Mahthir

Memilih Najin kerana Tampan ,ada Height , Putih pula tu ,Paha mesti putih merah gebu, tanpa pakai liptic bibir beliau sudah merah semula jadi

TAPI ini bukan ciri untuk memilih Pemimpin

Kita tidak perlu Pemimpin yg Bijak

Lebih Bijak beliau Lebih beliau akan menipu Rakyat seperti

Idola kesukaan Mubarak , Lee Kuan Yew

LEBIH PANDAI CAKAP MELAYU

LEBIH BANYAK TIPU MELAYU

Kita perlu Pemimpin yr Bersungguh Jiwa  
Perlu lihat Apa Niat Beliau ingin jadi Pemimpin  
Walau Bijak adalah Keperluan juga

Salam YAB & Yg DiKasihi Tun,

1. Kita ada PM yang 'blur'. Selalu saya lihat beliau kelihatan kurang faham atau tidak faham lamgsung mengenai banyak perkara. Sebab itu PM Najib @ Ah Jib Gor tidak berani untuk berhadapan dengan Tun secara langsung bersoal-jawab. Dalam banyak hal orang lain yang tolong jawab untuk beliau (walaupun selalunya 'jawapan tidak cerdas' yang diberi), atau pun diam membisu dan buat2 'pekak badak' saja.

2. Nampaknya kita juga ada TPM yang agak 'blur'. Ada Ph.D. dari UPM, tapi tidak nampak kecerdikan / kebijaksanaan beliau. Jika seseorang sudah ada Ph.D., sepatutnya orang yang amat terpelajar ini tahu yang sebelum berkata apa2 yang amat penting yang pasti menjadi tatapan umum, kenalah kaji dulu (buat 'homework / research').

3. Semalam saya jalan2 di sebuah bandar di Sweden, dan lalu di beberapa gerai (kawasan jualan pelbagai buah-buahan dan sayuran yang agak unik – very colorful). Tiba2 saya ditegur oleh beberapa penjual yang nampak seperti dari Timur Tengah. Mereka melambai-lambai dan tanya 'Malaysia? Malaysia?' beberapa kali kepada saya. Saya pun singgah sekejap dan tanya bagaimana mereka kenal saya dari Malaysia...dan salah seorang kata cara pemakaian tudung saya seperti orang Malaysia yg biasa mereka lihat. Dan mereka kata 'Viva Malaysia!' beberapa kali...saya kata 'thank you' dan cepat2 beredar sebab takut pula nanti mereka tanya saya tentang keadaan Malaysia sekarang yg sudah dalam keadaan haru-biru.. Dan tadi masa jalan2 dan singgah di sebuah kedai cenderamata, seorang Bangla (pekerja kedai) cakap Melayu dengan saya...terkejut saya sebab ada pula orang Bangla di Sweden amat yakin yang saya dari Malaysia. Rupanya dia pernah bekerja di Malaysia...rasa pelik betul cakap Melayu dengan Bangla di Sweden...terlebih ramah pula Bangla tersebut...

Terima kasih Tun.

\*\*\* Semoga Allah S.W.T. memberkati Tun sekeluarga \*\*\*

Hari ini nazri bersuara setelah dua bulan lebih kurang mendiamkan diri mengumpul idea untuk hentam Tun.

Rasanya nazri tidak berfikir panjang sebelum berkata " budak2 tingkatan 1 pun tahu akan kisah Tun dan kekebalan Raja2".

Fikir semula nazri sebelum menghentam orang kerana :

- a. Kaedah ini adalah seperti kanak kanak kecil bertengkar.
- b. Anda pasti remaja tingkatan 1 boleh ingat kusah ini? Cuba putar semula kejadian tersebut dan lihat umur budak tingkatan 1 berbanding kisah itu?
- c. Permohonan Tun terhadap isu kekebalan hanya pada isu isu yang tertentu sahaja.
- d. Isu 1 mdb ini bermotifkan kewangan negara yang di pinjam oleh najib untuk berniaga.
- e. Jika di lihat Majlis Raja-Raja lebih bijak dari nazri, ahmad maslan dan azalina othman kerana mereka lebih mampu berfikir jauh (memang sesuai mereka menjadi Raja dalam negara kita) mereka tidak mencampur adukkan urusan peribadi dan negara.

Mohon maaf kepada nazri, ahmad maslan dan azalina, jika mahu berkata adalah lebih bagus jika berfikir dahulu agar masyarakat mengagumi akan kebolehan menteri kita berfikir.

Penurunan nilai ringgit kata nazri aziz dan ahmad maslan pakar ekonomi tu baik dan bagus untuk rakyat malaysia.

Akhbar harian minggu ini mengatakan " syarikat honda akan menaikkan harga semua kereta

keluarannya kerana perbandingan nilai us dan ringgit.  
Bijakkah nazri dan ahmad maslan?

Assalamualaikum Tun.

Terima kasih wajaperak kerana menegur.

Suatu masa minggu pertama orientasi, ustaz saya menangis semasa membaca doa qiamulai.

Kelasnya juga mengingatkan saya tentang cerita Nabi Sulaiman a.s yang berkaitan antara kehebatan manusia dan jin.

Setelah cerita tersebut diceritakan, ustaz saya telah menanyakan apakah yang boleh dipelajari?

Giliran saya untuk menjawab adalah yang terakhir dalam kiraan lebih kurang 40 orang. 3,4 orang terakhir sudah tiada jawapan, manakala jawapan saya adalah "perlu bijak berpolitik" berdasarkan pada lantai yang dipijak oleh Puteri Balqis kelihatan seperti air, tetapi tidak sebenarnya.

Cerita Nabi Sulaiman a.s adalah cerita mengenai kekuasaan kerajaan yang teragung.

Ustaz saya ini juga saya telah melihat memanggil kehadiran seorang kawan lelaki yang lembut, dan tiba tiba membalikkan tapak tangan kawan tersebut sambil merenung dan mengganguk nganguk kepala. Tiada kata keluar dari mulut ustaz. Hanya untuk pengetahuan sendiri.

Cerita ini ketika saya berada di Kelantan.

Di sebuah negeri yang lain pada 1999/2000 saya tidak meminta ditilik. Saya tak percaya pada tilikan. Ia cuma untuk pengetahuan orang itu yang mahu melihat atas permintaannya.

Tiada apa apa yang merosakan akidah.

Seperti yang saya tulis sebelum ini, abang itu berkata kamu memiliki darah ulama dan panglima.

Sesuatu yang masih belum saya ketahui ketika itu. Sesuatu yang saya tidak ambil pusing langsung. Ia cuma kata kata yang kosong.

Sekarang tahun 2015. Saya mengenali sejarah Terengganu siapa itu Tok Pulau Manis dan siapa itu Tokku Paloh.

Maghrib esok akan ada majlis peringatan untuk ulama silam di kawasan tempat tinggal saya.

Terima kasih Tun.

oohh....agung has the power but why he let najib do whatever he want.....mystery remain, maybe i know from a mouth to mouth(2 mouth only)...from a mouth of sultan ibrahim uncle to my bro and from my bro mouth to me.....

but i cannot share....if i do police will catch me under section melancarkan perang terhadap ydp agung...

wtf...i love my sultan and agung,i ve been loyal so do my entire fammily from ancestor....

this is interesting development ant fact by 22 pm.....even me start to think, if agung has so much and great power ie is the highest command power of malaysia army why chinese cnot be pm and why some ppl want to make malaysia as republic.....the power is there even the election won by PR.....

Ia berlaku pada tahun 1999/2000. Dan kini saya perlu akui, ilmu tersebut adalah benar dan tepat]

"Orang-orang bertanya kepada Rasulullah SAW tentang para dukun atau bomoh, maka Baginda SAW menjawab: Mereka itu tidak berguna sedikit pun.

Mereka (para sahabat) berkata: Wahai Rasulullah SAW kadang-kadang mereka berbicara tentang sesuatu dan ternyata benar-benar terjadi.

Maka Rasulullah SAW bersabda: Kebenaran itu ialah suatu yang dicuri oleh satu jin, lalu ia lontarkan pada telinga kekasihnya (dalam kalangan manusia) dan mereka mencampuradukkan dengan seratus pembohongan." (Riwayat Bukhari dan Muslim)

Rasullullah s.a.w melarang dan bersabda ianya batil tetapi anda mendakwa ianya benar?

Rasulullah saw bersabda:

**"Antara kebaikan Islam seseorang itu ialah ia meninggalkan sesuatu yang tidak bermanfaat buatnya." (HR Termizi)**

24. Tok det, in thailand, there is only one king.

25. Due to the deaths and public damages caused by yellow shirts and red shirts, the king had no choice but to interfere to restore public confidence and safety, and the junta in chief was appointed by the king after ying luck was found guilty of power abuse in thai highest court.

26. Thailand monarchy is the oldest monarchy in south east asia that was never colonized by western power.

27. Thailand is not part of commonwealth under the queen sovereign, and the junta chief will pass back the pm position to yellow or red shirt supporters when next general election determine who command highest votes.

28. Malaysia is one of the 53 members of commowealth under monarchy, meaning our yang dipertuan agong is the highest power in malaysia.
29. Each sultan takes turn to be the agong in every 5 years.
29. Tok det, are you saying that if agong is sultan kedah, his royal highness should seek views from orang utara too?
30. If the next agong is from johor, his royal highness should seek views from orang selatan too?
31. If the next agong is from kelantan, his royal highness should seek views from orang timur too?
32. Balance, when president najib as umno said muslim must unite, he is actually telling the umno muslim mps from peninsula and sabah to unite, and najib is pahlawan bugis from pahang and his loyalty to sultan pahang must come first too just like orang kedah, and this is umno tradition, and he is definitely not a gandhi supporter.
33. In dewan rakyat, there are 222 mp seats hold by different political parties since look east policy.
34. It is a number game.
35. The motion of no confidence on pm najib pushed by wan azizah, president of pkr is futile.
36. Even the motion of rejecting the budget is impossible by opposition parties.
37. Tok det,the rukus of samy and murali gangs backed by pkr indian members in pj utara deepavali bazaar has shown how the indian putera thugs too take law in their own hand.
38. I still think umno bugis pahlawan will ride through this perfect storm.
39. We have to understand, pm najib's schedule is very tight, and he hardly has time to rest at all, and his schedule is arranged by his pa.
40. Umno will thank pkr vp dato seri mb selangor azmin ali to have succeeded to get pas to support wan azizah to push motion on no confidence vote against najib.
41. It will make other component parties in bn and opposition parties to decide which side they will support especially dap.
42. To umno, loyalty to the president is crucial.

Maafkan saya yg kurang memahami bidang kuasa Agong dan majlis raja2..

Cuma satu perkara yg ingin saya tau,

Bolehkah agong dlm mana2 cara, merehatkan pm sementara siasatan dijalankan? Adakah mungkin atau sememangnya mustahil?

Semoga tun sihat selalu. .

Assalamualaikum Tun.

Berhubung dengan salahlaku PM di Malaysia, saya bersetuju dengan rimba.emas bahawa:

6. Tidak ada jalan lain ketika di dunia ini iaitu kita manusia tidak boleh memberi kuasa kepada sesama manusia. Dalam melantik seorang ketua kita perlu meletakkan syarat yang ketat iaitu hanya melaksanakan tugas-tugas yang ditentukan.

Saya cukup yakin jika seorang PM diberi kuasa tertentu dan hanya terhad dengan tugas-tugas tertentu, nescaya pada masa depan PM Malaysia akan lebih beretika, lebih jujur dan lebih berhati-hati dalam tindak-tanduk mengurus tadbir negara demi kebaikan semua rakyat.

Jika perkara di atas tiada maka lahirlah seorang PM "bebal alam" seperti Najib ini dan pemimpin yang seangkatan dengannya.

Wassalam.

The unprecedented decree by The Council Of Rulers is not an ordinary issue and should not be interpreted as an INTERVENTION of the Rulers.The ensuing euphoric response by Zahid Hamidi with

regards to "Separation Of Powers" is a shockingly noticeable disregard to the decree. I sincerely hope that someone among his good and sincere friends, having read Dr.M's explicit explanation on the matter will be able to convey the message to him. Perhaps in simple English OR for that matter in Bahasa.

Assalamualaikum Ayahanda Tun,

That is why we need Ku Li a very honorable MP who is also a royalty to be the link between the heavyweights in politics representing the rakyat and the ruler.

With due respect to the Rulers they will definitely listen to Ayahanda Tun and the rest of your team.

Get hold of all the heavyweights as I have listed before and take the initiative to conduct a close door meeting with YDP Agong and what you wrote about the above can be further elaborate to the YDP Agong.

It seems now that the rakyat and country can only be saved by the monarch and whether they can actually deliver the bullet we shall see just give it a shot as the saying goes;  
DO SOMETHING OR DIE FOR NOTHING!

Insyallah we will succeed.

Amin Ya Rabbil Alamin.

Wasalam Tun.

1. Bukan semua akan faham setiap butiran yang terkandung didalam undang-undang negara. Kadang-kadang apa yang tertulis sukar untuk difahamkan lebih-lebih lagi pihak awam yang pastinya menolak untuk menjadikan bacaan harian.
2. Maka disebabkan itulah menyebabkan orang -ramai tidak dapat bertindak keatas seseorang yang melakukan kesalahan sebab selalunya tindakan yang diambil akan disalahkan atas akta yang lain.
3. Maka jelaslah undang -undang ini hanya milik sebelah pihak sahaja iaitu intitusi-institusi yang menggunakan ilmu perundangan ini sebagai hasil pendapatan dari kerjaya yang dimiliki.
4. Undang-undang ini pastinya menjadi satu perbelanjaan kepada orang awam dan menjadi hasil pendapatan kepada peguamcara. Hasilnya samaada makan gaji oleh kerajaan dan swasta.

5. Bila ada sistem perkhidmatan ala jual beli ini maka keadilan yang tertegak memerlukan kekuatan dalaman pengamalinya barulah hak kita sebagai pengguna undang-undang ini dapat terlaksana dengan adil.
6. Tidak ada jalan lain ketika di dunia ini iaitu kita manusia tidak boleh memberi kuasa kepada sesama manusia. Dalam melantik seorang ketua kita perlu meletakkan syarat yang ketat iaitu hanya melaksanakan tugas-tugas yang ditentukan.
7. Di bimbangkan kalau kita telah memberi kuasa kepada seseorang itu maka undang-undang boleh di jual beli sebagaimana yang berlaku sekarang dalam negara kita. Kesilapan ini telah mula dirasai oleh pihak yang dibawah walau pun kebenaran berada di pihaknya.
8. Bila ada pihak lain yang lebih berkuasa dari undang-undang maka kebenaran hanya akan dapat diadili di alam lain. Sebagaimana Allah s.w.t mengingatkan manusia yang melakukan kecurangan ingatlah akan hari kebangkitan (hari akhirat).
9. Kalau kita tidak melakukan sesuatu iaitu mengubah kuasa yang ada pada seorang Perdana Menteri iaitu sebagai ketua yang menjalankan tugas-tugas yang perlu mematuhi undang-undang yang mempunyai kuasa sebagai pemutus.
10. Allah s.w.t maha berkuasa mewahyukan Al-Quran kepada manusia sebagai ikutan sehinggalah kita kembali kepadanya pada hari kebangkitan (hari akhirat) untuk diadili atas semua usaha yang dilakukan di dunia ini.

Wallahua'lam

Salam sejahtera Tun,

Like the proverbial saying..' Dog that bites the hands that feed 'and that is NAJIB.

He forgets that Tun M and Muhyiddin were the ones that worked hard to put him where he is now.

When Tun M was challenged by T.Razalaeigh, Najib actually was in Team B. Only at the last minute he crossed into team Tun M. I guessed after Tun M indicated that he could one day become the PM.

If he has stuck with T.Razalaeigh I am sure now he is a nobody.

Najib born lucky but not thankful to those that helped him to become PM.

I am sure there is Karma to it.

Another thing that I noticed, Najib seems to prefer appointing Ministers and Deputies from the East Malaysian states besides his home state Pahang. The Dewan Speaker is from East Malaysia too.

I guessed Najib knows it is more easy to control and beckon these people according to his wishes. He said that Sabah and Sarawak is Fixed Deposit for him.

I hope those Sabahans and Sarawakans that read your blog should start thinking is it genuine that Najib like them or just to use them for his own personal and political gains

Assalamualaikum Tun.

Dulu sebelum GST, Najib kata krisis penurunan harga minyak tidaklah seteruk semasa krisis kenaikan harga minyak dunia.

Kemudian kenyataan tersebut telah diubah, krisis kenaikan harga minyak 2008 hanya melibatkan faktor yang sempit tak seperti krisis penurunan harga minyak yang melibatkan banyak faktor luaran.

Pada pandangan saya ketika itu, krisis ekonomi 1997/1998 adalah lebih kecil dari krisis 2008.

Krisis penurunan harga minyak ketika ini telah diambil mudah seperti kenyataan dari PM sendiri pada mulanya bahawa ia tidak seteruk 2008.

Tetapi kerana penyelesaian krisis penurunan harga tidak tepat, maka ia telah mengheret banyak masalah lain.

Faktor ketidakberkesanan berpolitik turut mempercepatkan penyusutan ekonomi dan ketidakseimbangan politik negara.

Cara untuk meningkatkan pendapatan negara melalui 1MDB menampakkan tindakan yang tidak rasional dan tersalah haluan, bahkan meningkatkan hutang negara.

GST menyebabkan ketidakseimbangan dalam berpolitik. BR1M tidak dapat membantu mengurangkan beban hasil GST, dan bagaimana ia dapat membantu meningkatkan imej kerajaan di mata rakyat.

Kenyataan kenyataan Menteri yang semberono menunjukkan bahawa prestasi kerajaan tidak mungkin akan meningkat secara mendadak.

Krisis ekonomi tidak akan dapat diselesaikan secara efektif jika tidak dapat mencari hanya satu suis yang betul.

Jika banyak menekan banyak suis maka lebih banyak masalah akan timbul.

Penyelesaian 2008 meningkatkan hasil negara, membantu kestabilan politik dan mengelakkan kemungkinan dari gangguan luar disebabkan kelemahan ekonomi negara.

Kesilapan bagi diri saya, apabila mengingatkan dasar 2008 akan diteruskan apabila Najib naik jadi PM.

Dasar tersebut telah diubah, jaringan keselamatan sosial tidak dihiraukan lagi. Kecuali dengan BR1M.

Jelas sekali dasar sekarang telah dipengaruhi.

Terima kasih Tun.

Assalamualaikum Tun.

Kita ni selalu fikir setiap orang berbuat sesuatu kerana untuk sesuatu seperti dapatkan kesenangan hidup, kumpul harta, nak bagi anak jadi Perdana Menteri, untuk bina legasi, untuk kroni kroni dll

Ini kerana kita sendiri tidak pernah berjumpa dengan orang yang tidak mengharapkan semua itu. Mengharapkan dunia?

Berharap pada manusia bukan kepada Allah s.w.t

Ya betul, Tun pernah bagi saya duit. Siapa kata Tun tak pernah bagi duit?

Saya dapat rm10 untuk duit raya. Sorang anak rm5, dua orang anak maka dapatlah rm10.

Saya tak simpan duit tersebut hanya semata mata sebab Tun Mahathir bagi duit raya. Saya belanjakan.

Bayar tol la, bayar apa lagi...

Setakat ni saya tidak berhajat apa apa dengan Tun. Nak mintak peluang niaga pun, modal takde. Nak mintak kata kata aluan untuk tulis buku pun, banyak dah rahsia dan memoir tulis kat sini.

Jadi saya tiada alasan untuk berjumpa Tun kecuali alasan untuk beraya.

Tidak salah pemimpin untuk bergaya dan menjalani hidup yang melambangkan status mereka.

Raja dengan istana besarnya. Perdana Menteri dengan elaun freenya tanpa GST.

Kalau pemimpin tidak bergaya seperti status mereka tidakkah kita malu apabila pemimpin kita bertemu dengan orang luar? Malah pastinya diperlekehkan.

Zuhud? Tiada salah untuk pemimpin bergaya sesuai dengan statusnya. Asalkan sesuai dengan keadaan negara dan rakyat serta pada pandangan dunia.

Terima kasih Tun.

Afternoon Tun,

All your explanations on the above are not new and have been splashed in the web...obviously for reasons only being true to the core.. including the removal of the AG which could only be moved by The Agung..

With all said and done, The Agung is not moving as whisker to initiate the call of the Rakyat to ensure righteousness are exercise to enhanced the confidence of the Rakyat and Foreign Investors.

They are just too indebted to the ruling party, i guess...

The solution is so simple...Let the PM go on garden leave and expedite the investigation by the relevant bodies on the issue of 1Mdb.. without fear and favour.... This will clear all the air!!!

I rest my case..

Assalamu-Alaikum,

Dear Leader Dr. Mahathir Mohammad,

I want to say some personal talk with you. Cause my family is oppressed by PHP Chairman Sufi Mizanur Rahman. In the past, our family was a solvent family of Bangladesh, but now we are losing our solvency only for various types of conspiracy of PHP Chairman Sufi Mizanur Rahman. He occupied our 107 acres of land by some forged land document in May 2005. So my father filed a case in Court. Previous case No. was 403/05 and now the number is CR 68/08. The CID police report of CR 68/08 is also in favour of us. The high court order about CR 68/08 is also in favour of us. Where High Court

accused Sufi Mizanur Rahman & his evil allies & ordered for quick disposal of this case in lower court (Chittagong Chief Magistrate Court).

My father S. M. Nazrul Islam is a well-known historian & rightist intellectual & columnist in our country. He has written already 6 books & he has many seminar papers. He is also an Editor of a Monthly Magazine Named Itihas Onnesha or Discover History in English (a history based Bengali Magazine). But, dear leader, I think you know that this time is very difficult for our rightist people in Bangladesh.

PHP Chairman Sufi Mizanur Rahman & his evil allies tried many times to kill my father by various types of conspiracy.

But now an arrest warrant issued by Chittagong Court against Sufi Mizanur Rahman & his 34 evil allies. Actually, we don't want to fight-fight & fight against a "bandit" like Sufi Mizanur Rahman. We need a fair negotiation with him. But he doesn't want it & want's to destroy us by his evil black money power. Beause he founded his maximum industries by occupied others land & negotiated them low or cheap payment & here my father is different. So he is fighting against PHP Mizan during 10 years.

Why I saying this to you?

I'm saying this to you for various reasons. These are:

1. I found a news that you have good business relation with PHP Group.  
News Link:<http://www.thedailystar.net/business/php-assemble-proton-cars-locally-72440>
2. I believe this you are an honest & good leader for the Muslim World. So you are always in favour of right people.
3. We hope you are able to do the right work for negotiation with PHP & our family.
4. I personally believe that my or our great Muslim leader will not favour the evil person against our legitimate right, after hearing this.

Dear leader, if you are interested to help us you can contact with me on my mobile: +8801816-826217 & My father's mobile number is +8801711-720923.

Thanks & regards

Assalamualaikum Tun.

Mungkin orang ingat bila kita menerima jawatan Perdana Menteri dan kita perlu angkat tangan membaca sumpah, ia adalah amalan atau adat istiadat Melayu semata mata.

Namun saya telah ditunjukkan ilmu membaca tapak tangan atau dinamakan tilik tapak tangan semasa saya bermusafir suatu ketika dahulu.

Ketika diperantauan saya telah diminta angkat tangan seperti mengangkat sumpah dan ditilik tapak tangan dari jauh seperti jarak antara angkat sumpah Perdana Menteri dengan jarak kedudukan YDP Agong.

Ia berlaku pada tahun 1999/2000. Dan kini saya perlu akui, ilmu tersebut adalah benar dan tepat.

Saya orang muda. Peristiwa tersebut membuka mata saya tentang peri penting adat istiadat diraja mungkin, dan juga yang berkaitan adat resam tinggalan nenek moyang kita i.e peribahasa dan pepatah Melayu.

Cara TPM menjawab gesaan Majlis Raja Raja, semacam mengingatkan tentang pembahagian kuasa eksekutif antara kerajaan dan Raja Raja.

Secara kasarnya boleh dimaksudkan Raja raja jangan masuk campur hal kerajaan. Sepertimana Nazri Aziz mengingatkan TMJ.

Seperti kata Mat Salleh di suatu pagi breakfast yang membebel, dah letak tanda untuk slice bread only, tapi tetap letak roti besar dalam toaster. Kata dia :

MORON!!!

Terima kasih Tun.

Well if you only DYMM Agong and Tuanku would listen to the other person/persons.

Hmmm...somebody should make the move. Who might that be?

Im sure Tun would have no problem solving this..

MYS is now seen to be a proxy to the ruling power of the World. Im sure they will ensure whoever can serve them best will rule MYS. Theres a big prawn behind the rock!
