

THE A.G's REPORT
Chedet.cc
20 July 2016
Tun Dr Mahathir Mohamad

1. In any other country the report by the Auditor General would be a public document. But in Malaysia the A.G's Report is made a Government secret, denied access by the public. And this despite the provision in the Constitution that the report is to be made to the King and by his order to be tabled in Parliament.

2. It was Dr. Kissinger the Secretary of State of the United States of America who said that once the Xerox machine was invented secrecy became impossible. Since then we have come a long way with the advent of the Internet and mobile phones and instant transmission electronically. All documents can be copied and broadcast worldwide. And secrecy has become a thing of the past. The best of security systems have all been hacked by computer savvy amateurs.

3. And so it is with the A.G's Report. Everyone should have read it if not actually possessing or copy of the document.

4. And what a revelation. How a Government agency can be set up and managed as if it is selling nasi lemak bungkus is beyond imagination.

5. How billions of Ringgit are borrowed without approval by the directors of 1MDB and then invested again without approval is amazing.

6. When one borrows even a few thousand dollars, entries are made in books in the bank and the records of the companies or the individual. When it is spent cheques are written, stumps are kept, records are made by the bank and the recipients, stamped and signed by authorised personnel. All these are meant for checking the movements of the money and the legitimacy of the transactions.

7. But with 1MDB, all these documents and records were not shown to the A.G. They don't seem to have been kept by the management of 1MDB.

8. If the A.G had doubts, the actual person giving or receiving payments should be questioned. The records and documents should be requested for. The banks involved should be identified and their records studied and questions asked. But none of these things were done. The Attorney General simply said there has been no wrong doings and the report was categorised as official secret.

9. We are not dealing with the sale of nasi lemak. It is not about two or three Ringgit. It is about billions of Ringgits. Yet the investigations and the reports make it look like auditing the sale of nasi lemak bungkus.

10. Then there are the bogus companies to which billions of US Dollars are paid. Not once but many times with different cheques. Clearly 1MDB did not care to check the status of the company. It seemed to have relied on the name only. Why there is a slight difference in the names seems not to have been noticed by the paying agency or officer.

11. Looking at other reports it became obvious that there are other companies with the same name, albeit with minor differences which 1MDB do business with.

12. There is Petro Saudi. Then there is Petro Saudi International (Saudi Arabia) Ltd, Petro Saudi International (Cayman Islands), Petro Saudi Holdings (Cayman) Ltd, and Petro Saudi International Ltd (Seychelles). Payments are made to one entity when ownership of oil concession assets was by another entity, loans to yet another entity and profit from another all having very nearly the same name.

13. Banks and companies are set up, registered in different places, owned by one person. Subsequently these banks and companies are closed down. They are registered in the British Virgin Islands, in the Seychelles, Hong Kong, Singapore, Switzerland, Luxembourg. Huge sums of money passed through these entities.

14. Even an experienced auditor would have a nightmare tracking the movements of money in different forms as they pass between these entities and locations.

15. A suspicious mind would suspect that all these entities were set up or used in order to prevent auditing from being done properly. A suspicious mind would suspect that the whole thing was set up and managed in order to siphon money into some account. And those suspicions will remain until all the documentations, records and personalities are indentified, questioned and verified.

16. The only real conclusion that can be made is that billions of Ringgit have been stolen from the Government. Someone stole it. The A.G. is not saying. But the fact that the Government is making a secret of the report implies a cover-up.

17. The OSA is not for hiding criminal acts. It is for protecting legitimate administrative matters, such as drafts for new agreements or contracts or Cabinet papers.

18. Hiding criminal acts behind the OSA is wrong, is illegal, is criminal.

19. The Auditor General's report clearly shows that wrongs and illegal things were committed by 1MDB and its staff. At least USD7 billion of Government money have been lost. Selling land bought from the Government at below market price and claiming that the loss has been recovered is not acceptable. The USD 7billion is with some people and they must be made to return the money.

20. It is time that the Government comes clean and allow the courts to hear charges against the people who mismanaged the 1MDB. Zeroing in on one CEO is not enough. Besides he is not being investigated as promised by the IGP. The IGP must explain this inaction.

21. A tribunal of independent judges, including foreign judges need to be set up to hear the case. The Attorney General may defend the Government or the officers but he should not be the judge. Let the tribunal do the judgment. The OSA should not be used to hide evidence of criminal acts.

VERSI BM

LAPORAN KETUA AUDIT NEGARA

1. Di dalam mana-mana negara lain laporan oleh Ketua Audit Negara adalah dokumen awam. Tetapi di Malaysia Laporan Ketua Audit Negara ini dijadikan rahsia Kerajaan, dinafikan akses oleh orang

ramai. Dan ini walaupun terdapat peruntukan dalam Perlembagaan bahawa laporan ini akan dipersembahkan kepada Agong dan dengan perintah Baginda akan dibentangkan di Parlimen.

2. Dr. Kissinger, Setiausaha Negara Amerika Syarikat, adalah orangnya yang menyatakan bahawa sebaik sahaja mesin Xerox dicipta kerahsiaan menjadi sesuatu perkara yang mustahil. Sejak itu kita telah jauh maju dengan adanya internet dan telefon mudah alih serta penghantaran segera secara elektronik. Semua dokumen boleh disalin dan disiarkan di seluruh dunia. Dan kerahsiaan telah menjadi sesuatu perkara yang lampau. Sistem keselamatan yang terbaik pun boleh digodam oleh amatir yang celik komputer.

3. Dan itu adalah hakikatnya dengan Laporan Ketua Audit Negara ini. Setiap orang mungkin telah membacanya, kalau tidak, mungkin juga telah memiliki satu dokumen itu.

4. Pendedahan yang mengejutkan. Bagaimana sebuah agensi Kerajaan boleh ditubuhkan dan diuruskan seolah-olah ia terlibat dengan jualan nasi lemak bungkus, adalah di luar imaginasi.

5. Bagaimana berbilion Ringgit dipinjam tanpa kelulusan oleh pengarah-pengarah 1MDB dan kemudian dilaburkan juga tanpa kelulusan, ianya sungguh menghairankan.

6. Apabila seseorang meminjam walaupun hanya beberapa ribu dolar, entri akan dibuat dalam buku di bank dan rekod-rekod syarikat atau individu. Apabila dibelanjakan, cek-cek akan ditulis, tunggungnya disimpan, rekod dibuat oleh bank dan penerima, dicop dan ditandatangani oleh mereka yang diberi kuasa. Semua ini adalah untuk memantau aliran wang dan memastikan kesahihan urusan niaga.

7. Tetapi dengan 1MDB, semua dokumen dan rekod tidak ditunjukkan kepada Ketua Audit Negara. Seolah-olah dokumen-dokumen itu tidak disimpan oleh pengurusan 1MDB.

8. Jika Ketua Audit Negara mempunyai keraguan, orang yang sebenarnya membuat atau menerima bayaran hendaklah dipersoalkan. Rekod-rekod dan dokumen-dokumen berkenaan perlu diminta. Bank-bank yang terlibat perlu dikenal pasti dan rekod mereka diselidik serta soalan-soalan ditanya. Tetapi semua perkara-perkara ini tidak dilakukan. Peguam Negara hanya berkata tiada perbuatan yang salah dan laporan itu dikategorikan sebagai rahsia rasmi.

9. Kita bukan berurusan dengan penjualan nasi lemak. Ini bukan melibatkan lebih kurang dua atau tiga Ringgit. Ini melibatkan berbilion Ringgit. Namun siasatan dan laporan yang dibuat kelihatan seolah-olah seperti pengauditan penjualan nasi lemak bungkus sahaja.

10. Kemudian terdapat syarikat-syarikat palsu yang mana berbilion Dolar AS dibayar. Bukan sekali tetapi berkali-kali dengan cek-cek yang berbeza. Jelas 1MDB tidak mengambil berat untuk memeriksa status syarikat. Ia seolah-olah seperti bergantung semata-mata kepada nama sahaja. Terdapat sedikit perbezaan dalam nama-nama seolah-olah tidak disedari oleh agensi atau pegawai yang membayar.

11. Melihat kepada laporan-laporan yang lain, jelas terdapat syarikat-syarikat lain dengan nama yang sama, sekalipun dengan perbezaan yang kecil, yang mengurus niaga dengan 1MDB.

12. Terdapat Petro Saudi. Adanya juga Petro Saudi International (Saudi Arabia) Ltd., Petro Saudi International (Kepulauan Cayman), Petro Saudi Holdings (Cayman) Ltd., dan Petro Saudi International Ltd (Seychelles). Pembayaran dibuat kepada satu entiti manakala pemilikan aset konsesi minyak adalah dimiliki oleh entiti yang lain, pinjaman diberikan kepada entiti yang satu lagi dan

keuntungannya pula datang daripada entiti yang lain, kesemuanya mempunyai nama-nama yang hampir sama.

13. Bank-bank dan syarikat-syarikat ditubuhkan, didaftarkan di tempat-tempat yang berlainan, tetapi dimiliki oleh orang yang sama. Selepas itu, bank-bank dan syarikat-syarikat ini ditutup. Hanya semua berdaftar di Kepulauan British Virgin, di Seychelles, Hong Kong, Singapura, Switzerland, Luxembourg. Sejumlah wang yang besar mengalir melalui entiti-entiti ini.

14. Juruaudit yang berpengalaman pun akan mengigau mengesan aliran wang di dalam bentuk yang berbeza apabila dipindahkan di antara entiti-entiti dan di antara lokasi.

15. Minda yang mencurigai akan mengesyaki bahawa semua entiti ini telah ditubuhkan atau digunakan untuk mengelakkan daripada pengauditan yang betul dilakukan. Minda yang mencurigai akan juga mengesyaki bahawa segala-galanya telah ditubuhkan dan diuruskan untuk menyedut wang ke dalam beberapa akaun. Dan syak wasangka ini akan berkekalan sehingga semua dokumen, rekod-rekod dan personaliti-personali terlibat dikenalpasti, dipersoalkan dan disahkan.

16. Satu-satunya kesimpulan sebenar yang boleh dibuat adalah bahawa berbilion Ringgit telah dicuri daripada Kerajaan. Ada seseorang telah mencurinya. Ketua Audit Negara tidak menyatakan. Tetapi, hakikat bahawa Kerajaan merahsia laporan ini membayangkan wujudnya perselindungan.

17. Akta Rahsia Resmi bukan untuk menyembunyikan perbuatan jenayah. Hanya adalah untuk melindungi hal-hal pentadbiran yang sah, seperti draf-draf untuk perjanjian baru atau kontrak-kontrak atau kertas-kertas Kabinet.

18. Menyembunyikan perbuatan jenayah di sebalik Akta Rahsia Resmi adalah salah, menyalahi undang-undang, adalah perbuatan jenayah.

19. Laporan Ketua Audit Negara jelas menunjukkan kesalahan dan perkara-perkara haram yang dilakukan oleh 1MDB dan kakitangannya. Sekurang-kurangnya USD7.0 bilion wang Kerajaan telah hilang. Menjual tanah yang dibeli daripada Kerajaan di bawah harga pasaran dan mendakwa bahawa kerugian telah ditampung tidak dapat diterima. USD7.0 bilion itu berada dalam tangan beberapa orang, dan mereka mesti dipaksa memulangkan wang itu.

20. Sudah tiba masanya Kerajaan berterus terang dan memberi ruang kepada pihak mahkamah mendengar pertuduhan-pertuduhan terhadap orang-orang yang menyalahadbir 1MDB. Menumpukan ke atas seorang Ketua Pegawai Eksekutif sahaja tidak mencukupi. Lagi pun beliau tidak disiasat seperti yang dijanjikan oleh Ketua Polis Negara. Ketua Polis Negara mesti menjelaskan kegagalan mengambil tindakan ini.

21. Satu tribunal yang dianggotai oleh hakim-hakim bebas, termasuk hakim asing, perlu ditubuhkan untuk mendengar kes ini. Peguam Negara boleh menjadi peguambela Kerajaan atau pegawai tetapi beliau tidak boleh menjadi hakim. Biarlah tribunal melakukan penghakiman. Akta Rahsia Resmi tidak boleh digunakan untuk menyembunyikan bukti perbuatan jenayah.

To Karl,

I am sure Mahathir would be more than happy to take up your challenge and have all the AG's Reports made during his time public. If Mahathir is corrupt – then Najib will have no problem is raking up the shit by now.

Assalamualaikum Tun dan pejuang pejuang yg cuba menegakkan kebenaran. saya orang kampung yang tidak mengerti apa apa mengenai putar belit I MDB ini. Ditambah pula dengan penafian oleh beberapa pengkhianat negara dan UMNO seperti nama nama yang telah dinyatakan oleh CRUZE.

Akan tetapi setelah mengikuti perkembangan didalam blog Tun ini saya sedikit sebanyak mula faham dan dengan berita terkini maka saya makin faham, ternyata dan akan terbukti bahawa NAJIB patut dikenakan tindakan undang undang.

Saya sangat bersetuju dengan cadangan Tuan Daeng supaya majlis Raja Raja bersidang dan menitahkan sipengkhianat itu bercuti untuk siasatan bebas yang terperinci.

UMNO juga perlu memecat pengkhianat lain dan memulihkan keadaan dan Tun kembalilah didalam UMNO untuk menyatukan PKR, PAS dan DAP didalam satu barisan yang lebih kukuh dan lebih besar daripada Barisan Nasional.

Ya Allah ya Tuhan ku yang seru sekelian alam, engkau bukalah hati Raja Raja Melayu untuk membuat persidangan dengan segera untuk memecat PM Najib yang telah mengkhianati rakyat Malaysia.

Ya Allah ya Tuhanku perkenankan doa kami rakyat jelata yang dianiaya ini. Berilah balasan yang setimpal kepada pengkhianat negara.

Saya sangat menghargai usaha Tun untuk mencari kebenaran, semoga Tun dan keluarga didalam sehat dan sejahtera.

There must be 22 or many more AG Reports during DrM premiership, but it will take only one damning report by AG Ahmad Nordin to expose DrM sleight of hands in BMF, among other deadly financial scandals, to incur his wrath.

The poor AG got treated worst than a pariah by DrM and the media. All his findings were rubbished and he was made to appear like a subversive civil servant, bent on trying to sabotage DrM's seemingly clean administration.

After that, nobody dares to take the AG report too seriously, lest DrM will go after them like how he tags after Najib nowadays.

Perhaps it will be of real benefit if all the AG reports during DrM administration are scrutinized to identify the money trail, the political cronyism and all the financial rock and rolls that missed the headlines ...

1MDB bukannya isu politic. 1MDB merupakan isu jenayah besar yang dibuat oleh Najib, UMNO, BN, AG dan IGP, dan ianya dilapurkan oleh media-media antarabangsa. Tetapi Utusan Malaysia, NST, Berita Harian dan TV3 tidak melapurkan berita US DOJ.

Oleh kerana isu 1MDB bukan isu politic dan ianya isu jenayah besar oleh Najib, AG, IGP dan lain-lain, semestinya raja-raja Melayu mesti masuk campur. Duit billion-billion ringgit dicuri di siang hari!

Assalamualaikum Ayahanda Tun,

PENDAKWAAN SALAHLAKU DAN PENYELEWENGAN BERBILLION WANG 1MDB OLEH AMERIKA SYARIKAT

Izinkan kami berbicara dengan pakcik2, makcik2, abang2, kakak2 dan adik2 yang berada nun jauh di kampung2 halaman, di tanah2 rancangan Felda dan kawasan2 yang sewaktu dengannya.

Mungkin berjuta rakyat Malaysia di kampung2 tertanya2 apa cerita 1MDB ni yang heboh di televisyen jam 8 malam tadi dan esok mungkin jadi tajuk utama akhbar2 tempatan.

Oleh yang demikian biarlah kami perjelaskan semudah2nya.

Semalam kami di ibunegara dikejutkan dengan berita bahawa Peguam Negara Amerika Syarikat bernama Loretta E. Lynch seorang wanita telah membuat sidang media yang dipancarkan ke seluruh dunia mengenai pendakwaan salahlaku dan penyelewengan beribu-ribu juta (billion) wang 1MDB yang telah dicuri oleh beberapa individu yang telah dikenalpasti dengan membeli hartanah, jet mewah, lukisan mewah dan buat filem Hollywood di Amerika Syarikat.

Kerajaan Amerika Syarikat akan menfailkan tindakan sivil dan merampas semula kesemua harta2 tersebut untuk dipulangkan semula pada rakyat Malaysia.

Berikut adalah sedutan kenyataan media Peguam Negara AS tersebut yang boleh ditonton di youtube yang telah diterjemahkan ke Bahasa Malaysia ;

"Hari ini Jabatan Keadilan Amerika Syarikat telah menfailkan satu aduan sivil bagi membatalkan hak dan merampas semula aset2 bernilai lebih dari 1billion dollar AS (lebih dari 4,000 juta ringgit Malaysia) yang telah dikaitkan dengan konspirasi antarabangsa untuk mengubah wang haram yang telah DICURI dari dana 1 Malaysia Development Berhad atau 1MDB sebuah syarikat milik penuh kerajaan Malaysia.

Dan aset bernilai 1 billion dollar AS yang kita bincangkan hari ini adalah cuma sebahagian dari lebih 3 billion dollar AS (lebih dari 12 billion ringgit Malaysia) yang telah DICURI dari 1MDB dan telah diubah secara haram melalui institusi kewangan Amerika Syarikat yang mencabul undang2 Amerika Syarikat. 1MDB telah ditubuhkan oleh kerajaan Malaysia bagi menggalakkan pertumbuhan ekonomi di Malaysia menerusi perkongsian global dan pelaburan langsung asing dengan tujuan utama bagi memperbaiki kesejahteraan rakyat Malaysia

tetapi MALANGNYA, SEDIHNYA DAN TRAGIKNYA beberapa pegawai 1MDB yang korup telah menganggap dana amanah awam ini sebagai satu akaun bank milik mereka sendiri.

Sekarang pengadu kami mendakwa bahawa dari 2009 hingga 2015, pegawai2 ini dan sekutu2nya telah berniat jahat untuk menyalahgunakan dan mengubahharamkan wang berbillion dollar AS dari 1MDB.

Sebagaimana akan diterangkan oleh rakan setugas saya secara lebih terperinci, orang2 yang bersubahat dengan konspirator telah mengubah haram dana yang DICURI melalui satu siri transaksi yang kompleks lagi berserabut serta tidak telus dan sengaja mengujudkan syarikat2 palsu yang tidak aktif dengan akaun2 bank di serata dunia termasuklah di Switzerland, Singapura dan Amerika Syarikat. Dana tersebut kemudian digunakan untuk membeli pelbagai jenis aset untuk konspirator dan saudara mara dan sekutunya termasuklah membeli hartanah kelas atasan di New York dan Los Angeles, lukisan mewah karya seniman agung Vincent Van Gogh dan Claude Monet dan pembelian jet peribadi. Hari ini merupakan satu kes yang paling besar pernah dibawa Jabatan Kleptocrasi Iniatif Pengambilalih semula Aset yang diperkenalkan Peguam Negara terdahulu iaitu Eric Holder dalam tahun 2010 untuk membatalkan hak dan mengambilalih semua perolehan rasuah pegawai negara asing dan dikembalikan kepada rakyat.

Dalam kes ini menunjukkan ketegasan kami dalam memerangi gejala rasuah diperingkat antarabangsa dan menghantar isyarat bahawa Jabatan Keadilan AS berazam untuk tidak membenarkan sistem kewangan negara ini digunakan sebagai saluran rasuah.

Haruslah menjadi ingatan pada pegawai2 yang rasuah sekeliling dunia bahawa kami tidak akan berdiam diri bagi menghalang mereka mendapatkan perolehan JENAYAH mereka."

Nantikan kupasan ucapan di atas menurut kacamata rabun kami dalam posting kami seterusnya pakkik2, makkik2, abang2, kakak2 dan adik2.

Wasalam Tun.

p/s – Isayso, I still recall what you wrote many2 moons ago that is why I purposely called upon you to

refresh us. What I can offer is only some lousy translation work for my kampung mate .

Assalamualaikum Tun.

Antara komen The Hidden Sewcret:

Antara implikasi 1MBD saga :

1. Rakyat hilang keyakinan terhadap sistem undang-undang Malaysia.

2. Rakyat hilang keyakinan terhadap Parlimen.

3. Rakyat hilang keyakinan terhadap PDRM.
4. Rakyat hilang keyakinan terhadap SPRM.
5. Rakyat hilang keyakinan terhadap raja-raja Melayu.
6. Rakyat hilang keyakinan terhadap UMNO dan BN.

Saya ingin mengulas perkara 5 di atas, andai kata pungutan suara di kalangan raja-raja Melayu diadakan tentang salah-laku Naji\$, saya ramalkan:

A. Raja-raja yang mengatakan Naji\$ tidak bersalah:

1. Pahang

B. Raja-raja yang mengatakan Naji\$ bersalah:

1. Johor
2. Perak
3. Selangor
4. Perlis
5. Negeri Sembilan
6. Terengganu
7. Kelantan

C. Raja-raja yang tidak tahu buat keputusan:

1. Kedah.

Kepada semua raja-raja dan sultan-sultan Melayu, tuanku-tuanku utamakan Naji\$ Razak atau rakyat?

Pandangan saya majlis raja-raja perlu bersidang dan buat keputusan apa pendirian mereka agar rakyat sendiri boleh menilai dan terus menghormati raja-raja Melayu yang ada.

Ini bukan meminta raja-raja campur tangan dalam hal politik negara tetapi meminta raja-raja berfikir utamakan kesejahteraan rakyat.

"TANPA RAKYAT, TIADALAH RAJA".

DAULAT TUANKU. PATIK MAHON AMPUN.

Pandangan patik Raja Johor boleh mengetuai majlis raja-raja Melayu.

Yang lain khususnya Kedah dan Pahang, saya agak bias.

Wassalam Tun.

For Faridina:

However I'm glad to hear that Jho Low and Riza Aziz were under investigation by the US Justice Department (just like isayso used to say that Najib will only be charged by a foreign country – isayso pls comment).

The DOJ civil suit is a ray of hope for Malaysians who want to see justice being done. It is the Justice Department of Najib's golf buddy that is using clear and unequivocal terms like stealing and corruption.

Seven months ago I made this comment:

I think the only hope lies in the supposed investigations by the Swiss, Singaporean, British, Hong Kong and the US authorities. They can sit down and trace the movement of funds, to the date and time. They can show whether 1MDB grandfathered the RM2.60 billion via the Petro-Saudi deal or the other hilarious deals that went on.

If you read the complaint filed by the DOJ, they have done just that. They have outlined how money was stolen in three phases and what happened to the money. They have also clearly stated in the complaint that what happened could not have happened without the collusion of 1MDB Officials 1, 2 and 3. It is a masterpiece of report writing allowing a judge or jury to clearly follow the trail. It also contains excerpts of phone conversations which showed how uncomfortable the bank officials had felt sometimes. A friend asked me how they obtained the conversation so I went high pitch with this: "Please be reminded that this conversation is recorded for training purposes".

Najib's defenders are over the moon with the fact that Najib is not named by the DOJ. A primary school student could possibly figure out who is who in the DOJ complaint but not these intelligent Ministers. It will be a short lived dance.

The DOJ is clearly concerned about the dissipation of the ill gotten gains. And this action by the DOJ is the way to prevent further dissipation of the funds. There is, in effect, a caveat on the assets listed in the complaint. The good news for Malaysians is there is a billion dollars that could be given back to the people. Unless there is a sea change in Malaysia, the money will probably go back to the people who stole it in the first place. So be careful what we wish for.

AG Loretta Lynch cannot stand before the world to outline a suit to seize assets that were obtained criminally (the seizure complaint is based entirely on criminal activities by people identified in the report) and then let the perpetrators go free. The whole world will laugh at the DOJ. In my opinion, criminal proceedings will begin soon because by now they know everything.

I think Jho Low, Tan Kim Loong and 1MDB Officials (especially 2 and 3) will be indicted. Najib can possibly get off if all the aforementioned swear he had nothing to do with the looting. If US-Malaysia relationship and politics do not intervene in the process, I believe Najib is on thin ice. He has to explain the money that went into his account. He could say that he woke up one morning and the money was just there like his claim that he taught the RM42m from SRC was part of the donation from the Saudi Royal. The HUGE problem here is that DOJ has proven beyond any doubt that there was no Saudi Royal and the Tanore bank account was controlled by Tan Kim Loong and 1MDB Official No. 3

was a co-signatory of the account. And the funds into that account came from the bonds raised by 1MDB. Very susah kes, this one.

I am looking forward to the outcome of the arbitration process between IPIC and 1MDB. These arbitrators must be poring over the DOJ complaint. I have said in this blog that IPIC has a problem in that their own men at that time were behind the diversion of funds into the bogus Aabar-BVI company and that IPIC must try to prove that certain Malaysians were beneficiaries of the loot. It seems DOJ has now handed IPIC a great gift.

Assalamualaikum Tun,

Tun, we do know that there is misappropriation of the country's funds. Some people or someone has been borrowing and borrowing from these funds to cater for their needs in lavish spending, resulting in accumulation of huge debts shouldered by the rakyat. Our debts are our debts, their debts are our debts, so they say. This is really so very unfair.

Tun, don't we all get a little carried away sometimes. Yes, except that some of us do more than others. Do you think that DSN just got carried away a little too far? These are the sort of people who crave for rewards and desire for more.

How on earth could they do that, I mean borrowed billions to spent at their whims and fancies? It was supposed to be that this borrowed money was to enhance the country's economy but I don't 'see' it, I don't 'feel' it. All I 'see' and 'feel' is the huge burden I have to carry on my shoulders. Everything shoots up! Everyone knows that the economy now is unstable, locally and globally. Please don't bluff us anymore. With new medias cropping up our minds have widen. Thank you for friends here who send in reliable links as new sources of information. I still read BH but without Kunta Kinte it has become boring.

Tun, he employed foreign advisers, didn't they sound the alarm that he had entered into business deals risky enough to threaten its (1MDB) survival? Long before the US DOJ open its mouth, the people of Malaysia has been questioning and asking the 'thieves' on their scheming ventures and to bring back the money they 'stole' and stashed somewhere in paradise to cover up the 'holes' they left behind. I guess now their heads are rolling and grilling to off-set these reckless business blunders and finding ways to set the economy back on its right course.

Tun, it would have been fine if he had stopped to listen to good advises and ideas, had been more thoughtful and a drive for making corrections. But it's of no use now. To describe DSN management style, the answer is a single word: Eccentric, this character can identify either the negative and positive abilities of both business and political leaders. Where does he fit in? He did say he was not aware what he signed. He was not aware money siphoned out of his 'baby' 1MDB . He was not aware he was conned by his CEO. He was not aware billions of dollar landed in his private account. Poor Mr Prime Minister, he's not aware of so many things.

Mr Prime Minister, are you aware that money in Malaysia can crawl out from the banks unnoticed, managed to escape off Malaysian waters, swam across the seas and oceans and somehow landed itself in our neighbour's backyard and in some foreign lands. None of the Malaysian leaders were aware of this. Amazing! Astonishing!

Doesn't he feel guilty of his transgressions, Tun? We, the people of Malaysia entrusted him to administer the country with great integrity, but along the way he broke the rules and laws of Malaysia, someone quickly "fixed" and reassurances that he has done nothing wrong...anywhere on this earth! This is the Najibolehland!

Tun, you're better at making a plan so stay with that plan. We need something solid that we can trust and hold on to. As you once said Tun, to be a great leader one needs to have good strategies, be knowledgeable and able to predict the future. Only Allah Knows best.

May Allah Bless you Tun. May Allah Protect you Always Tun. May Allah grant you great wealth in health, happiness and knowledge. Take extra care in your safety and Thank you Tun.

Kita andaikan PM tidak terlibat dengan penipuan wang rakyat Malaysia.

Selepas pendedahan yang dibuat oleh JK AS, tidak ada pemimpin Kerajaan yang bersungguh2 untuk mendapatkan kembali wang yang dicuri. Mengapa Kerajaan hanya bersedia untuk berkerjasama sahaja dan tidak menerajui usaha mendapatkan semula wang yang dicuri?

PM sepatutnya merasa gelisah kerana wang rakyat telah dicuri. Wang ini merupakan sumber pembiayaan pembangunan dan pengurusan Negara.

Bayangkan bagaimana perasaan dan tindakan kita bila dimaklumkan bahawa wang di dalam akaun bank kita telah dikeluarkan oleh pihak yang tidak diberi kuasa.

Apa yang kelihatan ialah perkara ini seperti tidak penting kepada PM dan penyokongnya. Mereka masih merasa tidak apa yang menjejaskan kemakmuran Negara. Bagaimana dan sampai bila kita dapat bergantung harap kepada pemimpin sebegini?

Renungkanlah wang tersebut didapati dibelanja untuk perkara2 maksiat dan pembaziran. Kita sepatutnya tidak Akan dibebankan dengan yuran sekolah dan GST.

SEDIH DAN MURUNG BILA MENGETAHUI WANG KEMAKMURAN NEGARA DICURI TANPA TINDAKAN AGRESIF KERAJAAN UNTUK MENDAPATKANNYA KEMBALI.

SEMOGA ALLAH MEMBANTU SEMUA PIHAK YANG MAHUKAN KEBENARAN SEPERTU TUN. AMIN.

Even when the DOJ is in the process of indicting the 3 rogues MINUS the Malaysian Official No.1, something tells me this is just a show.

I am sure there will be some sort of Barter or Counter trade as the US need a weak and corrupted leader in rhis region to be their ally. And Najis fits the qualification.

The US is trying to muscle their influence in this region in order to stop or slow down the Chinese influence militarily and economy. The US need a base or a launching pad for their military and Malaysia is the best spot available.

So I rathet wait and see what will the next action of the US as much as we the 30 millon Msians want Najis to step down yesterday

Assalamualaikum Tun,

The Malaysian AG have responded that Najib's name was never mentioned in US AG report. With such a response, how he became the AG is beyond my understanding.

Although the US AG never mention Najib by name, the report did mention 'Public Official No. 1'. The report also mentioned the criteria for 'Public Official No. 1'. The clues are there. He is the Malaysian AG after all, he should be an expert on clues.

If normal rakyat like me and many many others can deduce who 'Public Official No. 1' is, why can't he as the Malaysian AG can't? He can't be a dumb person, can he? If he still can't understand who 'Public official No. 1' is, even after all the clues are given, maybe the US AG need to spell out to him just who is this mysterious 'Public Official No. 1'.

Clearly Public official No.1 has wronged the Malaysian public and he needs to be tried in a court of law. The US AG needs to disclose who this 'Public official No. 1' is, so that justice can be carried out.

Assalamualikum Tun,

Kalau dilihat dalam konteks yang lebih besar, kita boleh lihat dari pelbagai sudut kes IMDB ni. Maafiah saya ni bukannya orang terpelajar tapi pandangan dari segi logik. Bagi sesetengah orang bila kerajaan bersedia mengambil alih IMDB bermakna seluruh aset dan liabilitinya terpaksa ditanggung dan dari situlah semua kementerian terpaksa menutup salah laku yang berlaku di IMDB yang boleh kita lihat sekarang ni. Yang peliknya separuh dari ahli lembaga pengarah yang dulu adalah tokoh terkenal GLIC, takkanlah mereka tak dapat hidu salah laku, penyelewengan yang berlaku dan segala keputusan penting mestilah di persetujui oleh ahli lembaga pengarah terlebih dahulu. Rakyat memilih kerajaan untuk kesejahteraan rakyat tapi dalam soal ni hak rakyat untuk mengetahui hal sebenar yang berlaku dinafikan. Tak tahulah nak dikategorikan orang yang menafikan hak orang lain.

Baru-baru ni kita dapat lihat penyiasatan oleh kerajaan Amerika Syarikat dan Singapura ke atas kes IMDB. Apa yang Tun mahu mencerahkan rakyat dalam perkara ini mula mendapat perhatian. Satu

sudut rakyat dapat tahu yang sebenarnya ada perkara yang tak betul dalam kes 1MDB ni dan tanpa bertanggung lagi kementerian yang terlibat akan cuba untuk mengalihkan pandangan rakyat. Rakyat akan mendesak kerajaan untuk mendedahkan perkara tersebut. Dari sudut lagi satu pula tekanan pihak luar kepada kerajaan menyebabkan!!! (ni spekulasi sahaja) Jangan terkejut jika perjanjian TPPA ditandatangani lebih awal, Amerika Syarikat akan membuka pejabat penyiasatan sementara di sini, kontrak pembekalan alatan tentera yang canggih untuk ESSCOM dan lain-lain lagi. (saya akan doakan semua ini tidak akan berlaku)

Dalam pada itu integriti kerajaan, badan penyiasatan negara seperti PDRM, SPRM dan Jabatan Audit akan sedikit terjejas dan boleh dipersoalkan kerana tidak menangani masalah tersebut dengan baik.

1MDB: Malaysian PM under pressure over \$1bn US fraud case

Malaysian PM Najib Razak is facing pressure internationally and at home amid US allegations of massive fraud at state investment fund 1MDB.

The fund was set up by Mr Najib in 2009 with the stated aim of boosting the Malaysian economy.

But US Attorney General Loretta Lynch said evidence showed it had defrauded Malaysians "on an enormous scale".

On Wednesday, US authorities moved to seize more than \$1bn (£761m) in assets related to the fund.

Mr Najib is not named in the papers and has consistently denied wrongdoing.

But he is identifiable as "Malaysian Official 1", whose account allegedly received millions in funds originating from 1MDB.

The \$1bn the US hopes to seize would make up only a proportion of the more than \$3.5bn (£2.6bn) allegedly diverted.

1MDB scandal: Singapore uncovers lapses at DBS, UBS, Standard Chartered

DBS, UBS and Standard Chartered have become embroiled in the scandal surrounding 1MDB, with Singapore's central bank saying it had found lapses and weaknesses related to the beleaguered Malaysian wealth fund.

The Monetary Authority of Singapore (MAS) said on Thursday that it found "lapses and weaknesses" in anti-money-laundering controls at the banks' Singapore operations and that it would be taking actions against them.

The preliminary investigation found "extensive layers of transactions and subterfuge aimed at disguising the nature of certain activities and fund flows," with shell companies in various jurisdictions used to conceal the funds' true beneficiaries.

Call for Malaysia PM to step down over 1MDB scandal

A Malaysian opposition party leader has called on Prime Minister Najib Razak to step down following the lawsuit filed by the US Justice Department to seize \$1bn in assets linked to the country's scandal-plagued 1MDB state investment fund.

The Justice Department said on Wednesday that the assets were "associated with an international conspiracy to launder funds misappropriated" from 1MDB, and included lavish real estate in Beverly Hills and New York, artwork by Monet and Van Gogh, and a business jet.

"I believe the Malaysian people want Dato' Sri Najib to go on leave as prime minister so as not to create the perception of abuse of power or process to halt or hinder a full and transparent investigation on this very serious issue," Wan Azizah Wan Ismail, president of the People's Justice Party (PKR), said in a statement on Thursday.

Salam Tun,

This is to share with my brothers and sisters here, about a press release you recently made. Alas it is not from our local media but one from our neighbour.

<http://www.straitstimes.com/asia/se-asia/malaysias-mahathir-calls-for-a-referendum-on-pm-amid-1mdb-scandal>

Sokong! A referendum at this point of time would be one solution that can quickly solve this problem if the UMNO members themselves are too scared/dense to see the writing on the wall. I am not really big on a rally, no matter how peaceful, because it is very easy for them to manipulate it into a "threat" to 'socio-political security'. If push comes to shove however and the referendum is rejected then it is something to be considered.

Thank you Tun.

P/S: I apologize for my frequent posts. I will try to limit it. Its just that there are so many news and I am literally glued to my mobile, checking constantly for new development on this issue. Unfortunately, in cyber space at least, I find that most of the people who talk about it are the international community instead of us Malaysian and our media.

That is why I feel I should temper my elation when I first heard the news. This announcement is a double edged sword. Things are unravelling one by one. Soon the culprits and their master will have no place to hide. Very soon nothing that PM, AG Apandi, IGP or the OSAed Audit Report can do to hold their false fortress

from crumbling. Already the bastardised three have been named by the US DOJ and the Arab donor unmasked. Serve them right.

I hope others who have not been able to access SR and blocked blogs like OSTB will find ways to access them. There are many alternative ways to access these blocked sites. If you find difficulty with TOR browser, try Opera or Opera Mini! I haven't tried Firefox or Chrome.

Tun, I pray for your safety and health. I am confident that you have put much thought to the new political party. Even if it will be a platform for the Malay it will work hand in hand and heart to heart with the other members in this new coalition. We try our best to erase our differences for the sakes of our future descendants. We can do it.

To PM Najib, I am very disappointed in you dear sir. You have let people nearest to you your spouse your stepson and his friends to ride on you. Shame on you. You have killed your own conscience and let greed and stupidity rule your life.

We await you and your new coalition dear Tun Mahathir. Don't look back nor rush. Good things don't come easy but they will stay.

Yes Mr. Karl-iskandar.

"Washington is still plotting", as they did in Venezuela, Countries in the Middle-East and most recent, Ukraine where we're somewhat involved when we lost MH370, then MH17.

If we care to notice, anywhere China had disputes or engaged in hostility, over anything with its neighbours, it must be with staunch allies of the US, most of them with Naval or Military bases/attachments on their land.

Malaysia have inhabited Layang-Layang (a tiny shoal in the Spratlys, 300km from Labuan), since 1982, ordered by Dr.M, 2 months after becoming PM. Today, we have light plane landing stripe and it had become an exclusive tourist attraction, manned by our boys.

But ours boys manning Terumbu Layang-Layang have never been provoke in anyway, most probably because we are not aligned to any super-power. There were instances that PLA's vessels turned their guns away from Terumbu Layang-Layang as a gesture of friendly passage, when they passed-by. But that would last long if Najib were to decide that Malaysia be a new American ally against China's so-called aggression or expansion in South China Seas.

And now, the US' DOJ is pursuing 1MDB's money-laundering. Obama or maybe Trump could hold some incriminating evidence to squeezes Najib's balls to their whims and fancies. It would not be a surprise if Malaysia were to host another new US Naval Base, most probably in Sabah, if things gets rowdy in the Spratlys. Or they could just take-over Sepanggar Naval Base if there exist an urgency.

Singapore is pursuing 1MDB's money laundering too. Some Bank Accounts frozen. Remember that billion worth of money 'turned into units' by our former 2nd. Finance Minister?

I just hope that Najib would not forfeit anything away just to evade conviction or the return of that

'units'.

Or maybe already, during the recent High Speed Rail MOU. What about the KTM land? Do we lose anything?

I just hope Najib have not been 'arm-twisted' by anybody yet due to 1MDB.

Note:'Cash is King' needs lots of money if he were to hold GE14. He is an extremely desperate man now. Therefore, he would be tempted to do anything to remain in Power.

Chaos is a good word to start with, because most people take peace for granted.

I hope you're not one of them, or worst still someone who likes to start trouble and lead the country into a chaotic existence.

Like what happened in the Arab Springs, where simple, but somewhat gullible people were hoodwinked into a planned disaster.

Planning a chaos is also what the CIA and US is famous for and are expert at. Nearby, we have Spore to assist and usher us into chaos. There's plenty of chaos to chose from. But, you don't have to choose any.

Kita harus memberi semua tekanan terhadap Najib dengan berbagai cara yang kita ada kerana kita berdepan dengan manusia yang menyalahgunakan semua kuasa yang ada.

Nak harapkan dan yakin dgn ahli majlis Tertinggi UMNO mula sedar dan membuka mata untuk menyingkirkan NAJIB dan KUNCU KUNCU nya?

Usahlah berharap kepada mereka ini yang telah bertahun-tahun khayal dengan "dedak". Ahli Majlis Tertinggi UMNO ini bolehlah diibaratkan sebagai penagih dadah tegar yang sanggup membunuh darah daging sendiri demi untuk "dedak". Kita sebenar telah terlambat dalam bertindak bagi menangi

masaalah 1MDB ini. Penangguhan penubuhan parti baru akan memberi peluang dan ruang untuk Najib terus bermaharajalela dengan berselindung di sebalik Polis dan Peguam Negara. Nak harapkan Raja-raja kita, mana mungkin kerana mereka masih "beradu nyak".

Ini boleh dianggap sebagai permasalahan rakyat sahaja kerana Raja-Raja kita kelihatan tidak mahu terlibat.

Kita hanya boleh yakin dengan diri sendiri sahaja dan jangan meletakkan keyakinan kita kepada orang lain. Usaha kita pasti ada balasannya.

"Hidup parti baru"

Salam Tun,

Datuk Salleh Keruak has issued a formal statement

<http://www.nst.com.my/news/2016/07/159658/statement-salleh-keruak-over-us-justice-dept-1mdb?m=1>

Is it just me or is this reaction SEVERELY muted in comparison with his statement in regards to the Sarawak Report exposé? I hear the words 'treason' and 'ANC(Anti-Najib Coalition)' bandied around then. Now we have a very uncharacteristic, unbombastic reaction towards one of the most HUMILIATING allegations against our country, and the best he could do is an 'innocent until proven guilty' and emphasizing on the 'donation' as a separate case(yeah good luck convincing people of that in light of the DOJ allegations).

I am even more angry that our PM, DS Najib remains silent. He should be at the forefront to protect Malaysia's tarnished global image (whether he is guilty or not) IMMEDIATELY. All we get are muted statements.

OK I will take the statements so far as face value. Full cooperation is what they said. Then please:

- 1) Release the OSA'd Auditor General Report on 1MDB. Table it properly in Parliament.
- 2) Let us hear the IGP's report on the 3 months investigation on 1MDB.
- 3) Let us set up this independent tribunal as Tun had suggested. It is important for us to do this to gain back our reputation in the eyes of the global community.
- 4) DS Najib, say or do SOMETHING to mitigate this fiasco. In respect to you as our leader, I urge you also to do the noble thing and step aside. Whether you are guilty or not this happened on your watch, please be brave enough to say this was on you.
- 5) current UMNO leaders, ex-BNM Governor, our ex-Attorney General, this is time to think about your country and step forward if you have something to say to shed more light on this allegations.

Tun I agree that perhaps there is still a chance UMNO might be saved. If you feel that way as well then please let us do our best to do so. UMNO can still be cleansed and reformed. UMNO might still lose in GE14 but then they will still have their integrity(battered but at least not obliterated).

Thank you Tun, May Allah continue to Bless you and your Family. Bless the people of Malaysia and may we get through this tough times more united, humbler and wiser.

Government took a loan on behalf of the people of Malaysia including those who practice the religion of Islam. Loan is acquired with riba' (usury) from Goldman Sachs. Funds were moved to offshore banks and private investors. Jho low, according to the filing, spent the funds originated from 1MDB at nightclub, \$12 million to Caesars Palace in Las Vegas and \$13.4 million to the owner of the Venetian Las Vegas casino.

Our judicial system remains paralyzed in the wake of surmounting evidences.

When truth is exposed, Malaysians will not forget those who are complicit with the criminals at all level and branches of the government.

Assalamualaikum Tun dan para penentang kes putar belit duit IMDB,

seperti berita terbaru yang telah dipanjangkan oleh FARZ tadi saya berharap TUN menagguhkan sekejap penubuhan pakatan baru kerana saya yakin majlis Tertinggi UMNO telah mula sedar dan membuka mata untuk menyingkirkan NAJIB dan KUNCU KUNCU nya.

Saya juga yakin bukan semua didalam Majlis Tertinggi UMNO itu bengap dan buta mata.

Tun,

Assalamualaikum. The seizure of the assets link to 1MDB by US Justice department hopefully would start the ball rolling. Subhanallah, Alhamdulillah! It's a really good news. Not because I'm happy for the misery of those involved but because I can now see there's a hope in my children's future. Thank you Tun. I know you played a very major role in the action and continue to do so to help us the rakyat and save this country.

Semoga Allah SWT panjangkan umur Tun berdua dan sentiasa melindungi Tun.

Salam Tun,

@Milsha, actually it can be both. Based from the US press conference, seems Jho Lo funneled the money he stole to an account for a Prince Turki (the alleged Saudi Prince) who then funneled the

money to the Ambank account of a certain Malaysian Official One(minus his commission. It wasn't a full amount transfer).

They described this Malaysian Official One (I am paraphrasing) related to Riza Aziz, and holding a high position in 1MDB. This description seems to fit DS Najib but the US AG stopped short of naming him specifically. Please correct me if I'm wrong.

The US AG made it clear that they seized the property to stop it from dissipating further and hindering further investigations. Basically they are preparing their case and don't want the evidence to disappear. They also made it clear that they aim to return the seized property and funds back to Malaysia and once they have a credible enough case to specifically name everyone involved(although a few are named already). It will take years however for the civil suit to be tried.

I think theMalaysia1MDB Arul Kanda has already announced that since the assets are not 1MDB's the case has nothing to do with the company. And Riza Aziz's lawyers announced there was nothing wrong with Red Granite. Again please correct me if I'm wrong.

All in all it is a huge case, the US said it was the biggest case of its kind to date. Malaysia is now infamous globally.

Hope my attempt at an explanation helps to clarify matters a bit.

Thank you Tun, Allah Bless you and your family.

Antara implikasi 1MBD saga :

1. Rakyat hilang keyakinan terhadap sistem undang-undang Malaysia.
2. Rakyat hilang keyakinan terhadap Parlimen.
3. Rakyat hilang keyakinan terhadap PDRM.
4. Rakyat hilang keyakinan terhadap SPRM.
5. Rakyat hilang keyakinan terhadap raja-raja Melayu.
5. Rakyat hilang keyakinan terhadap UMNO dan BN.

Bukannya rakyat sahaja yang hilang keyakinan... pelabur asing dan kerajaan negara lain pun hilang keyakinan terhadap Malaysia, kecuali Singapore.

Assalam Dearest Tun,

Tan Sri Muhyiddin Yasin best describe 1MDB as a scheme to scam therefore it is no surprise that A.G's Report is made a Government secret obviously to cover all the wrongdoings.

The A.G's office faces limitations course of the audit where some of the original documents and important later submitted or not submitted by 1MDB for verification of transactions and as audit evidence.

To put it in simple term the audit was not made possible to be completed and it was task to be carried out to save Najib and to silence the critics and it's just another cunning delay tactic.

Why must we be alarmed when the report goes under OSA when 1MDB and its activities were kept a secret even to the knowledge of the second most powerful individual the ex-DPM TS Muhyiddin.

Even Najib went hiding and missing for a Nothing2Hide forum on 1MDB.

Najib then sent 2 clown ministers live on national television to jester with rakyat's perception.

At the end Jho Low the main character was not call upon by Hassan budak cari makan from the PAC.

However I'm glad to hear that Jho Low and Riza Aziz were under investigation by the US Justice Department (just like isayso used to say that Najib will only be charged by a foreign country – isayso pls comment).

From the US Department of Justice suit:

G. FUNDS MISAPPROPRIATED FROM 1MDB WERE TRANSFERRED TO THE CO-FOUNDER OF PETROSAUDI AND THEREAFTER TO MALAYSIAN OFFICIAL 1

99. As set forth above, between September and October 2009, \$700 million was fraudulently diverted from 1MDB to the Good Star Account. An additional \$330 million was fraudulently diverted from 1MDB to the Good Star Account between May and October 2011. According to J.P. Morgan Chase banking records, between February and June of 2011, approximately \$24,500,000 of these funds was transferred to an account at Riyadh Bank maintained in the name of a Saudi prince who, together with the PETROSAUDI CEO, co-founded PetroSaudi ("PETROSAUDI CO-FOUNDER").

From those funds, \$20,000,000 was then transferred, within days, to an account belonging to **MALAYSIAN OFFICIAL 1**.

102. Plaintiff alleges on information and belief that MALAYSIAN OFFICIAL 1 is the ultimate beneficiary of the AMPRIVATE BANKING-MR Account. The AMPRIVATE BANKING-MR Account is the same account that later received certain payments totaling approximately \$681 million in March 2013. As set forth in Paragraph 263 below, the Attorney General of Malaysia has publicly stated that the account into which these \$681 million payments were made belonged to **MALAYSIAN OFFICIAL 1**.

<https://sg.news.yahoo.com/us-moves-seize-1-bn-assets-malaysian-1mdb-130112171.html>

In a stunning blow to Malaysia's political establishment, the US Justice Department said Wednesday it was moving to seize more than \$1 billion in assets allegedly tied to corruption at a state-owned investment fund.

In court papers filed in California, federal prosecutors listed the Hollywood financial crime caper "The Wolf of Wall Street" and nearly twenty other assets to be seized, including lavish real estate from Beverly Hills to a penthouse in New York's Time Warner Center to London's high-end Belgravia neighborhood.

Also included were artworks by the painters Monet and Van Gogh as well as a Bombardier Global 5000 business jet.

All were the tainted proceeds of the misappropriation of billions of dollars from the scandal-tarred 1Malaysia Development Berhad investment fund.

The development was likely to prove particularly embarrassing for Malaysian Prime Minister Najib Razak, who, in his concurrent position as finance minister, controlled the company until its dissolution in May.

The Wall Street Journal reported last year that investigators had tied nearly \$700 million to Najib's personal bank accounts. Najib had previously denied wrongdoing.

Subsequent reports said the money originated from 1MDB and may have exceeded \$1 billion, which 1MDB denies.

The government later acknowledged the payments, but called them a "personal donation" from the Saudi royal family.

Using the pseudonym "Malaysian Official 1," Wednesday's complaint identifies a "high-ranking official" in the Malaysian government with control over the fund as being involved in the misappropriation of funds.

US Attorney General Loretta Lynch will reveal details of the seizure effort later on Wednesday.

The move to seize the funds, which is subject to what could be lengthy legal proceedings, emerges from a 2010 Justice Department anti-kleptocracy initiative intended to confiscate the ill-gotten gains of world leaders which pass through the US banking system.

The scandal around the embezzlement of billions of dollars from the fund, much of them borrowed, has battered Najib's government.

Authorities from Singapore to Switzerland and the United States have joined in tracking down missing funds of 1MDB.

Switzerland and Singapore have frozen millions of dollars worth of assets on suspicion of 1MDB-related embezzlement and money-laundering, but so far no major figures have been brought to justice.

'They can say I'm nyanyuk, that's all right'

Tarrence Tan | July 20, 2016

Former PM Dr Mahathir Mohamad says those who demonise him for wanting to form a new party show they are worried.

mahathir

KUALA LUMPUR: Dr Mahathir Mohamad says those criticising his plan to form a new party can "say what they like" as he has refused to be disheartened by the brickbats.

"They can say I'm nyanyuk (senile) and all that, that's all right.

"That's normal for people who are worried and need to demonise their opponents, so it's okay."

The former prime minister said this when speaking to reporters after attending the launch of a book titled "My Name is Hasmah". The book is a biography about his wife, Dr Siti Hasmah Ali.

Present were Mahathir's children, Mokhzani, Mukhriz and Marina as well as former MCA President Ling Liong Sik.

Those unhappy with his plan to form a new party, Mahathir added, would attempt to create the impression that what he was doing looked "stupid and silly."

He hinted the party could be launched in a couple of weeks.

Mahathir was asked to comment on remarks by certain quarters that the party he intends to form, in a bid to oust Prime Minister Najib Razak, was made up of disgruntled individuals.

Among those he claimed to have expressed interest to participate were former Umno leaders Muhyiddin Yassin, Mukhriz Mahathir and Shafie Apdal.

Mahathir, who has emerged as one of Najib's fiercest critics, also said he was unsure if the new party would spilt the Opposition votes, adding that Malaysians would have to "wait and see."

The former Umno president, however, remained tight-lipped when asked for updates on the party, explaining that he was not supposed to talk about it until he had reached an agreement with the sponsors.

"Only after I meet them, I am free to talk."

Mahathir also said the party's line-up would be announced once it was formalised.

He stressed that he had no intention to lead the party and dismissed claims he would be its de-facto leader.

KUASA PERDANA MENTERI DAN SOKONGAN RAKYAT

Amat malang sekali bila orang yang mentadbir kerajaan berlaku tidak jujur, tidak amanah, makan gaji buta, selalu keluar pejabat urusan peribadi, tidak mencatat kedatangan waktu bekerja. tidak berdisiplin dan mematuhi peraturan undang2 yang mesti diikuti walaupun dia orang pihak atasan.

hanya beri pendapat bukan nak keruh keadaan,

Jika Perdana menteri DS Najib bertanggungjawab dalam kehilangan wang berbillion negara dan mampu menutup semua kesalahanya, maka dia boleh dikatakan perdana menteri yang paling banyak helah, Jika tidak bersalah, tidak bersalah.

mendapat raih sokongan penuh dari ahli politik dan sokongan rakyat mampu menjatuhkan pemimpin yg rakus. soal nya sekarang apa rakyat sedar atau tahu keadaan hutang negara? jika keadaan seperti biasa, maka rakyat tidak percaya apa yang tun mahathir cakap.

Mendapat KEPERCAYAAN RAKYAT sangat penting sebab yang membangunkan negara adalah orang muda yang akan menentukan masa depan negara. JIKA tiada tindakan sekarang, maka tiada lah hasil.

Salam Tun,

It is funny Tun, to hear people say you are over-spinning this 1mdb issue, too much, too personal.

I apologize in advance if this sounds disrespectful, but I wish to point out to these people, if anyone knows what over-spinning and long-lasting controversies it would be Tun himself. I seem to recall certain quarters harping about things happening half a century ago regarding Tun.

The 1MDB issue is only less than 2 years old. Compared to the decades some accusation still tried to be spun on Tun, this is nothing.

Excessive on 1MDB? Please. Overly lacking is more like.

I do somewhat agree however, I think it is high-time to go beyond just attacking certain personalities(as it does sound too much like a personal vendetta).

Thank you Tun.

Somewhere in the previous thread, Puan Housewife left an interesting caption about selling an idea.

In order to buy, people need not understand what you're selling, but they will buy if they feel understood.

Dr M in pushing the 1MDB issue excessively, is himself becoming a suspect to a personal vendetta, only displaying desperate selling off. Too much spin detected.

The rakyat as per PRK results, have given Dr M the cue for his next CTA. But will the good doctor listen? Nope, he calls them despicable and corrupt people.

Not nice lah like that.

Salam Tun,

Yes, the exposé is incredible (If the report is true.....but let's face it, it probably is). From the tone of your writing, I feel you are also convinced of the reports authenticity.

What is more disconcerting is our silence ('our' being the government of Malaysia). There was some noise about it a few weeks ago, from an esteemed federal minister no less, and then silence.

I spoke before that I feel the 1mdb issue, by itself, is a dead end for our cause. Unless someone else is the PM, I see no way DS Najib will allow what you proposed to happen.

Tun, it occurred to me he still has a secret weapon. The All-Mighty National Security Act which he passed through parliament at the end of last year. My wonder if he will use it with the situation as it is.

He has countless reasons to invoke it if we take a moment to think about it. The spate of violent crimes involving guns and murder, alleged IS attacks, kidnappings(Sabah) and gang related killings(Sarawak) are all easy excuses for him to do so, thanks to the wordings and definition used in the Act.

Internationally, apparently steps to seize 1MDB assets is underway, and domestically increasing and daily pressure from you and others are pushing him more into a corner.

My point being is, he is now trapped. He is in a precarious position for if any of his so-called allies fold then he is finished. I predict sooner or later he will be stabbed in the back as his own allies try to save themselves. I see it as a high probability (he has nothing to lose) that he will invoke this Act, and the thought chills me to my bone.

Tun you are one of the most exposed people and an easy target if he does so. Please take the necessary steps to protect yourself as much as possible. I feel there is a certain urgency now, the quiet (of the present government) before the storm. I'm sorry if I seem to put extra pressure on you but I am just voicing my concern to you and my brothers/sisters here. I fervently hope I am proven wrong and my daily 'DOA' is for this not to happen.

Thank you Tun, may Allah bless you and your family and the people of Malaysia.

Salam Dearest YAB Tun,

It's funny when Tun mentioned about 'Nasi lemak bungkus' business, which I believe DSN and gang would also fail to manage properly. May be most of the 'capital' for the business (including the nasi lemak) will be 'songlap-ed' and eaten by them...and definitely, after a while the business also 'bungkus' like what happened to 1MDB.

DSN and gang said many times that 1MDB has such an 'ideal' business model. Ideal is not the right word, 'haprak or hampeh' is more suitable because 1MDB did not achieve anything good. Instead it had caused us to lose very valuable assets dan lands to foreigners. And, we are still burdened with billions of ringgit of debt that 1MDB still has not settled.

Thanks Tun.

*** May Allah S.W.T. bless Tun and family ***

2. Kena kata 'yes' memanjang pada neajib, sesiapa kritik, nasihat dibuang parti, gantung keahlian.

3. Tiada apa dalam parti amno, ketua bahagian kata 'yes neajib', ahli amno kata 'i love pm', ahli parlimen kata 'mesti sokong neajib' pada siapa rakyat nak mengadu kalau orang buat salah, songlap duit semuanya kata 'YES NEJIB'.

PERLUNYA PARTI MELAYU BARU BUKANNYA PARTI BERBILANG BANGSA TUN KERANA...

1. Amno selalu memainkan perkauman, kononnya DAP ambik kuasa orang melayu, apa lagi cina mau, menakut-nakutkan orang melayu negara orang lain memerintah bukan orang melayu, melayu terbangsat kata PM separuh akal. Tun pun pernah gunakan strategi begini kan he he..

2. Perlu sokongan orang melayu dan bumiputera kerana mereka pengundi terbesar negara.

3. Senang membentuk gabungan dengan parti politik dari kaum lain + pakatan lain. Mungkin ada parti dari sekutu BN nak bergabung dengan tun, mana tau?? MCA, MIC tak sebulu dengan neajib isu PAS AMNO.

KITA PERLU SENTIASA BELAJAR DARI SEJARAH, KERANA ORANG YANG CERDIK TIDAK AKAN TERJATUH DUA KALI KEDALAM LUBANG YANG SAMA
