

BMF to 1MDB

Tun Dr Mahathir Mohamad

1. Suddenly UMNO Youth want the BMF scandal of 40 years ago to be subjected to enquiry by a Royal Commission.
2. Most of these UMNO Youths were not born yet or were tiny tots when the BMF scandal made headlines. Obviously some slightly older people have been putting ideas into their heads. They could not know much about BMF. Essentially their resurrection of the BMF scandal is intended to divert attention from the current serious scandal regarding 1MDB and Najib's 2.6 billion Ringgit in his account.
3. There is no comparison between BMF and my handling of the affair with Najib and his abuse of authority and losses of billions of Ringgit of 1MDB money. Certainly at no time did I have billions of Ringgits in my private account. The losses in the BMF case were due to imprudent management of loans of the BMF. The culprits had been identified and legal action taken by the relevant authorities.
4. The BMF affair started before my time and I ensured that an enquiry be carried out by an investigative body headed by Tan Sri Ahmad Nordin, the Auditor-General at that time.
5. His report was published and available to the public. It was not made into an official secret to hide what it says about me. I am sure the report can be accessed by anyone, including UMNO Youth even now.
6. Then there was a White Paper presented to and debated by Parliament. No one suggested that I should be charged for any crime involving the BMF.
7. Everything about the BMF was out in the open so that the opposition could scrutinise and make allegations against me should there be a case against me. The proceedings are in the Hansard and anyone can have access to it. They are not under the OSA, unlike the reports on the investigation into the 1MDB and Najib.
8. Under him 1MDB borrowed billions of Ringgits at high interest rates and commission. He bought power plants whose license were about to expire at well above market price. Later he sold these power plants to foreign companies at huge losses.
9. The reports on 1MDB by Bank Negara and MACC were dismissed by a newly appointed A.G., who then declared they were official secrets.
10. It is the same with the report by the Auditor-General. It is also declared to be official secret.
11. Putting evidence under the OSA results in the evidence being hidden. Even quoting from it by people who have read it would breach the OSA. Yet the law also says that hiding evidence is a crime. The courts should be asked to determine whether hiding evidence is a lesser crime than quoting from evidence that has been criminally hidden.
12. I will accept a Royal Commission to investigate anything that I did during my term of office.

13. But Najib and the UMNO Youths must also agree on a Royal Commission to investigate the setting up, borrowing and losses suffered by 1MDB. All evidence, including the aforesaid reports must be made available to the Commission.

14. If UMNO Youths cannot agree to an Independent Royal Commission on 1MDB, I will have to assume that Najib is guilty as charged.

15. Justice should not only be done but should be seen clearly to have been done.

Assalamualikum Tun.

Pemuda UMNO yang mencadangkan kes BMF tahun 1983 disiasat semula adalah PEMUDA BODOH YANG MAHU MENUNJUKKAN DIRINYA KONONNYA PANDAI. Bapak dia kalau hidup lagi pun tak berani menyalahkan sesiapa, inikan pulak anaknya. Skandal sendiri banyak, inikan pulak mahu baling batu sembunyi tangan. Ini semua kita tahu pemuda didikan Najis Razak, jenerasi harapan kini kononnya.

HINGUS MELELEH, TAK MINUM KETAGIH....

Wassalam Tun.

Assalamualaikum, Tun.

Clearly, it is an-eye-for-an-eye strategy.

You dig an issue out, and I will revenge with an issue pointed at you. The vicious cycle will be on endlessly.

Our politicians are doing too much politicking, not focusing on important issues affecting the country. Most often or not, they tend to shift focus on critical issue to race/ religion-based issue.

How this country can progress further? "HALAL" has been manipulated, for the interests of certain parties, at the expense of non-Muslims! Imagine what will the foreigners think of Malaysia upon coming across the various out-of-sense issues brought up to create hatred feelings against one another!

Assalam Yg Bhg Tun,

Didalam Alquran ada menyatakan bahawa yakni "Setiap perbuatan seseorang itu akan ditunjukkan oleh Allah pada air muka mereka sendiri". Jika baik perbuatan seseorang itu maka baiklah air mukanya. Jika jahat perbuatan seseorang itu maka jahatlah airmuka nya. Sebab itu kita boleh mengetahui personaliti seseorang itu hanya dengan meneliti air muka seseorang itu. Didalam sesi interview misalnya, kita boleh mengetahui personaliti seseorang calon itu melalui apa yang dipanggil "first impression" terhadap air muka calon itu, atau melalui cara percakapannya dan apa yang dicakapkan oleh calon itu. Ini adalah rekacipta Allah kerana Allah yang mencipta (design) manusia dan Dia menyatakan nya didalam AlQuran. Perkara ini hanya apply kepada orang yang bukan PBT sahaja.

Bagi orang yang berbuat jahat seperti menipu, pecah amanah, mencuri, berpura2, menyeleweng, perasuah dan sebagainya, segala ini ada ditunjukkan pada airmuka dan diri orang itu.

Apabila ini terjadi, maka apabila seseorang itu berbuat banyak kebaikan,ia secara automatik akan disukai dan disayangi oleh orang sekeliling. Dia akan sentiasa disenangi. Cakap nya sangat berpengaruh dan melihatnya akan memberi keselesaan. Tetapi bagi seseorang yang banyak berbuat fasik dan kemungkaran Allah, menipu, menyeleweng, berpura2 dan sebagainya, secara automatik ia sangat tidak disenangi oleh orang sekeliling atau masyarakat.

Didalam konteks sekarang ini, jika pemimpin2 itu ada melakukan semua kemungkaran2 tersebut, secara automatik mereka tidak disenangi oleh masyarakat atau rakyat. Bukan disebabkan oleh khabar2 atau cerita2 fitnah dsb tetapi ianya secara automatik mereka tidak disenangi. Melihat diri mereka didalam berita TV pun tak suka. Mereka meluat. Mendengar ucapan pertuturan mereka pun merasa getik rasanya. Ada sebahagian orang merasa seolah2 mahu memecahkan peti TV itu daripada melihat pemimpin2 seperti ini.

Tetapi memang sifat orang mungkar yakni akan sentiasa menghalalkan yang haram. Mereka tidak percaya akan hukum Allah. Itu semua belakang kira. Didalam Firman Allah mengatakan " Hendaklah kamu bersyukur (yakni berterima kasih) dan azab Ku amatlah keras".

Wassallam Tun

Very nice words. Hope the people asking for the RC shall also ask the same for 1MDB. The fact is we know they won't as they continue to focus on the irrelevant. Only our country is not taking any action while the rest of the world is prosecuting without fear or favour. Truly Malaysia Boleh.
