**Chedet.cc**  
**3 November 2017**  
**Tun Dr Mahathir Mohamad**

IN an article published by Malaysiakini [here](#) on 30th Oct, 2017 titled "Najib launches into lengthy broadside against Dr M at dinner event" the PM made remarks which most believe is directed at me. I am reproducing Malaysiakini's article below and my responses in bold. Malaysiakini reports Najib's lengthiest broadsides against me though not by name.

He did this in a keynote address, titled "Governance in a Developing Democracy", at a dinner organised by the United Nations Association Malaysia (UNAM) in Kuala Lumpur. The Prime Minister in his speech lamented what he termed to be the "epidemic of fake news".

**Dr M: What fake news! If they are fake prove that the Dept of Justice, America's report about purchases of residence in UK and US, Wolf of Wall Street film, purchases of paintings, pink diamonds did not happen, that USD 3.5 billion of Riza's money came from his family, that 1MDB money did not pass through Singapore banks as reported by officials, that USD 681 million was not in his account at AmBank, that Jho Low is not the recipient of 1MDB money." Don't just deny. Don't ignore. Give prove. All money transactions are documented. Show us the documents on all the transaction involving 1MDB money. Sue the Dept. of Justice of America, the Monetary Authority of Singapore. Let Jho Low answer questions by American authorities.**

Najib said: "From time to time, some Western media outlets have been featuring interviews with one of our former leaders and presenting his allegations about the country as facts.

"They are not. This former leader has been on a nearly three-year mission to illegitimately topple the democratically elected government of Malaysia in between election cycles."

**Dr M: What is illegitimate about toppling a democratically elected Government? It happens in Brazil, in South Korea and in many democratic countries in the past, between elections. The evidences against the overthrown leaders were not even clear. Already they were overthrown. Here the evidence is overwhelming – but hidden by the Attorney General. If the A.G. charges him in court, he would be overthrown today.**

This former leader, Najib added, has tried "every method at his disposal and failed each time".

**Dr M: The attempts failed because there is no rule of law in Malaysia. Reports against Najib result in arrest and jailing of the man reporting. Reports by institutions are made official secrets. Judgement is passed by the A.G., not a court of law. Have a proper hearing and I will accept the verdict. If guilty step down.**

As a result, Najib said, the leader was making himself available to any media organisation that was willing to listen so that he could "spread fake news and tell lies about his country for selfish political gains".

**Dr M: The print and electronic media in Malaysia is controlled by Government. Even Parliament cannot discuss 1MDB and the 2.6 billion Ringgit in Najib's account. UMNO General Assembly was instructed to be silent on these. Am I supposed to censor myself when asked by foreigners. I have been talking to foreigners throughout my life. Prove that what I say is fake. Let's have "Nothing to hide 3".**

Najib said: "He seems to think that if he tells a lie often enough, people will begin to believe it is true. And unfortunately, that may be the case as no one would expect a former leader to tell outright untruths."

For instance, Najib cited the former leader's oft-repeated claim that Malaysia was among the top 10 most corrupt countries in the world.

"When challenged to produce evidence for this, he is unable to do so. That is because it is nonsense."

**Dr M: It is the foreign media which repeatedly and extensively published Malaysia as among the 10 most corrupt country [here](#), [here](#), [here](#), [here](#) and [here](#) to name a few. During by-elections money was openly paid to voters, kitchen appliances were given. The 2018 budget is offering money to people prior to an election. I don't have to repeat my accusations. The people are already repeating them and telling me.**

Citing Transparency International's latest ranking, Najib pointed out how Malaysia was listed among the top third least corrupt countries, at 55th place out of 176.

**Dr M: What about Transparency International (TI) Chief, Jose Ugaz's speech on 2nd Sept. 2015 at the opening of the 16th IACC in Malaysia. Among other things Ugaz said;**

*"...What does that mean for Malaysia? The government has taken measures and initiatives to tackle corruption. We will surely hear that from the minister. We want to see more progress but that cannot happen while there are unanswered questions about the \$700m that made its way into the Prime Minister's personal bank account. In recent weeks we have seen the Attorney-General who was critical of the government suddenly replaced, the 1MDB taskforce suspended, investigators at the Anti-Corruption Commission arrested or transferred, and newspapers suspended for reporting on the matter. These are not the actions of a government that is fighting corruption. We may well hear promises of reform. That is not what is needed at this time. And promises alone will not restore confidence and trust. There are two questions that need to be answered: Who paid the money and why? Where did it go? One man could answer those questions. If that does not happen then only a fully independent investigation, free from political interference, can uncover the truth.*

*Until that happens, no claim from the government on anti-corruption will be credible.*

**You can read the whole speech [here](#) or watch the video clip at the end of this posting**

On the former leader's claim that the country was going bankrupt, Najib refuted this by quoting the World Bank, which stated that the "Malaysian economy is progressing from a position of strength".

**Dr M: The Malaysian Government total debt is almost one trillion Ringgit. Show how you are going to pay this. Let independent auditors audit KWSP, Tabung Haji, KWAP, FGV and PNB.**

Najib said: "Another, which is laughable, is that Malaysia is in danger of sliding into dictatorship."

**Dr M: There already is a dictatorship in Malaysia now. There is no rule of law. A.G. prevents Najib's case from going to court. Opposition figures are hounded and detained. Possible supporters of opposition are accused by MACC of corruption and money laundering without proof.**

**Ignoring the 2.6 billion in Najib's account, the MACC is instead accusing, detaining and questioning a former minister on unfounded suspicion of corruption.**

Najib insisted that elections are fiercely fought in the country, while the opposition has significant representation in Parliament and also controls three states.

**Dr M: Elections were free before. Now there is a lot of cheating especially postal votes. In Pekan, Najib's margin of 250 in 1999 increased to 25,000 in 2004 while the electorate increased from 35,000 to 80,000. There is no way for these increases to happen. Obviously the additional voters were created out of nothing. Financing of the opposition is actively blocked by Najib. All banks, even private one are closed to the opposition.**

Najib said: "We have allowed demonstrations against the government in Kuala Lumpur. These are not the markers of a dictatorship. The claim is ridiculous. The irony is that this former leader has admitted that he himself was a dictator when in office. And this is his words, not mine," said Najib to laughter from the audience."

**Dr M: If I can call myself a dictator, Najib should call himself a tyrant. I respected the law and I resigned of my own free will. Let's see Najib do the same. Najib abuses the law with the help of the IGP and A.G. Or he should consider calling himself a crook. After all he had attained that acclaim in the [Newsweek report](#) during his Trump visit.**

Despite all these, Najib noted that many things have changed since the former leader's time. "We have made it clear that there will be no more crony capitalism. We have invested in the infrastructure and public transport Malaysia needs and in opposition states as well as BN states, unlike his time."

**Dr M: I had no Jho Low or Riza Aziz**

Apart from his veiled attack against Mahathir, Najib in his speech outlined initiatives he had undertaken, which he claimed, were essential to good governance in the country.

"Firstly, the concept of 1Malaysia, People First, Performance Now, secondly, the Government Transformation Programme and thirdly, the Economic Transformation Programme."

**Dr M: This concept is great. People are the first to bail out Government through G.S.T. The only performance we see is the corruption of senior Government servants, hospitals without medicine, low-cost housing not built, additional taxes based on nothing, and raids to oppress people and deter them from supporting the opposition. Registration of the opposition coalition has not been given. 1 Malaysia is about BN first. The only transformation is the new security laws being tightened and more power to the PM to detain people.**

He also cited his brainchild – National Transformation 2050 (TN50) – which he said was launched to further strengthen the country.

**Dr M: TN50 is launched. By 2050 the debt will bankrupt the country. The 1 trillion national debt will increase to 3 trillion. The Ringgit will depreciate further.**

The government's bottom-up approach in TN50, he said, was a clear example of the government practising good governance in response to the changing needs of a young population.

**Dr M: Bottom up means the people must pay GST, endure high cost of living, no scholarship for their children while Najib enjoy the billions stolen from 1MDB, KWAP, KWSP etc.**

"The economic performance I have outlined and the acclaim we have received from international organisations should be conclusive proof of the good governance this government has practised in Malaysia," Najib said.

**Dr M: What acclaim! Is being called a kleptocratic country an acclaim?**

MO1 dakwa Forest City adalah reclaimed land, jadi bukan kawasan/isu sekuriti negara? Jadi sesiapa selepas ini boleh buat apa apa pulau di perairan negara dan cakap kawasan reclaim itu harta bapak dia sendiri yang punya.. hakmilik kekal sampai kiamat. Perairan negara adalah hak negara, bukan hak peribadi sesiapa. Ini mengesahkan mentaliti lanun dalam kepala MO1. Hanya orang bodoh lagi buta undang-undang yang cakap reclaimed land di perairan negara tiada kesan sekuriti.

Lagi pulak mana boleh negara jual tanah kepada orang luar dengan hakmilik kekal? Orang yang mata duitan sahaja yang akan jual macam itu, jual negara demi keuntungan sendiri. Malang sungguh rakyat Malaysia. Orang seperti MO1 merupakan ancaman amat jelas ke atas keselamatan dan kedaulatan negara.

Assalamualaikum Tun.

Najib adalah lanun Bugis.

Amat memalukan bagi seorang Melayu menggelarkan dirinya sebagai pahlawan Bugis tetapi bertindak macam perangai lanun Bugis.

Najib memalukan keturunan pahlawan Bugis keseluruhannya.

Tidak bertindak menjawab apa yang ditanya oleh Tun Mahathir. Malah menggunakan saluran yang tidak sepatutnya bagi mendiamkan Tun Mahathir.

Menarik khidmat tukang masak, outrider dan UTK bagi melemahkan Tun kononnya.

Saya pun tak ada bodyguard. Biasalah tu. Tak ada apa nak hairan sangat Najib oi.

#NajiblanunBugis #NajiblanunBugis

Saya tak kisah pun kalau lanun nak melanun.

Tetapi sekarang Najib berjawatan PM Malaysia dan bertindak seperti lanun. Itu patut dihentikan.

Ini negara saya. Tempat tinggal saya. Di mana bumi dipijak, di situ langit dijunjung.

Terima kasih Tun.

Assalamualaikum Ayahanda Tun.

Najib?...Hmmmmm...

Let him believe what he need to believe...but I don't believe him at all. Najib and his gang of bandits are the clear and present danger to the nation.

I have 3 simple questions (facts)

1. Najib received USD 681 million (RM 2.6 billion) in own oersonal account at AmBank.
2. AG Pandi confirmed this and further said that USD 600 million was returned to sender.
3. AG Pandi further confirmed that Najib received RM 42 million but Najib is not aware of this money...yet he spent the money...without knowing?

Najib never disputed the "accusations"...but he simply denied without a shred of evidence....and yet the gang of bandits accepted his denial.

Do you still want to believe him?

I just wish him a long life...so that he will face real justice when all his Kings is no more...not only him...but his gang of bandits as well.

If you want this to happen...it is so easy...no more vote for BN...simple as that.

We deserved the truth.

Assalam Tun.

Najib tries hard to create jokes hoping his forced smile clearly noticeable by all will help diffuse his worries. Instead he entrenched his growing reputation as also a jester, and the reluctant audience will needless clap for this modern day jester.

Assalamualaikum Tun.

Rasanya agak lewat sudah untuk Najib membersihkan diri.

Seperti duit klepet meninggalkan jejak. Begitu juga tindakan Najib sekarang meninggalkan jejak dokumentasi/sejarah.

Jika Najib menang kali ini, mungkin Najib akan menjadi seperti raja. Raja sementara di dunia. Tapi jika Najib kalah, saya terbaca bahawa ia akan memberi kesan sepertimana ia dilakukan.

Menarik untuk dinantikan apakah penyudahannya.

Tapi berhati hatilah Najib. Setakat ini saya belum kalah lagi. InsyaAllah.

Terima kasih Tun.
