

STATEMENT ON CAAM
Chedet.cc
1 May 2018
Tun Dr Mahathir Mohamad

***** In an earlier release, the date on paragraph nine read 28th of May. It should read 28th of April as in this statement. The error is regretted.*****

1. The Civil Aviation Authority of Malaysia (CAAM) and Vista Jet have refuted my accusations that there was sabotage involved when the plane I was going to fly to Langkawi had problems with its front wheel.
2. But they admit there was some leakage of fluid from the front wheel which means that the front wheel cannot steer the plane.
3. This is a very serious thing, because it may result in the plane going off track when taking off or landing. But fortunately, the pilot discovered the leak before the plane took off, and told me that he cannot fly in that condition.
4. He told me he would try to repair it but after some time, he said that it cannot be repaired.
5. The statement that another plane was offered is sheer nonsense, because after I found the plane could not fly, we tried to borrow from friends with private aircraft.
6. I contacted three friends. Normally they would lend me their aircraft. But this time they refused to lend their aircraft, and one of them indicated that he is under pressure not to lend me his aircraft.
7. I also read that the plane was my private jet. That is also a lie. I do not have RM2.6 billion in my account to spend on a private jet or a yacht.
8. Neither did the CAAM do anything nor did it provide any alternative plane.
9. So combining the two facts – that the plane is damaged and cannot fly and I cannot get my friends to lend me their plane – it is logical to believe that there is a deliberate attempt to stop me from going to Langkawi. If I had wasted more time I might not have been able to be nominated on the 28th of April.
10. Fortunately, a friend had chartered a plane to go to Singapore. I persuaded him to let the plane take me to Langkawi. That's how I got a plane to Langkawi without any help at all from CAAM.

11. I have flown thousands of times in private jets; there has never been any serious incident that forced the plane to be grounded. This is the first time I have to experience damage to the front wheel of the airplane. At other times engine may not be functioning well, and they could be repaired in time, but this damage to the front wheel of the plane is very serious damage.

12. And it could have stopped me from flying to Langkawi. That this should happen on this occasion is very significant. I've been flying in the same leased plane from the same charter company many, many times. I never had any problem.

13. But I am aware that one of the ways for BN to stop Pakatan Harapan to win the election is by stopping people from being named as candidates. There are other attempts of course, where several of the Pakatan Harapan candidates could not be registered or nominated as candidates.

14. For example not having the Election Commission pass, which is not necessary at all. I have never used the pass before and it is enough for you to show a blue Identity Card for you to be nominated and named as a candidate.

15. But obviously, there were deliberate attempts to stop an opposition candidate from being nominated so that the Negeri Sembilan Menteri Besar wins uncontested.

16. And there's the case of Tian Chua (Pakatan Harapan's candidate for the Batu parliamentary seat) who has every right to be named as a candidate but again, on a flimsy reason was unable to be nominated.

17. When this happened to me and my plane tampered with, to me it is a very serious matter. The denial by the CAAM is not the result of a proper investigation. It is just a denial to say that what I've said is not true. I'm not accusing the CAAM of doing anything wrong. I know the CAAM does not have a very tight security all over the country to ensure that planes are not tampered with.

18. That is a very big job to the CAAM, but we are dealing with a government party which is known to use all kinds of tricks in order to win the election. And one of the tricks, of course, is to stop me from being nominated, and especially me, because I happened to be the leader of the opposition, and if I am not nominated as a candidate, this will have a negative effect on Pakatan Harapan.

19. So I maintain my belief that the plane was deliberately tampered with to stop me from going to Langkawi.

Assalamualaikum Tun,

I read this horrified beyond words but not really surprised. Those people who have running Malaysia lately do not seem like good people. I hope that now have won the election that you will have this matter thoroughly investigated. Such actions are not compatible with democracy and I am glad that you and everyone who was traveling with you did not come to harm.

It's too bad that you plan to be prime minister for only a month or so. Not only is Malaysia in good hands, it is also in witty hands. Where will all the fun go if you retire again?

Salam Tun dan Penyokong PH

Heading **3 calon PH gagal bertanding kerana didakwa mufliis**

Berikutan itu :

DUN Penaga bakal menyaksikan perlawanan antara penyandang, **Mohd Zain Ahmad dari BN dengan Yusni Mat Piah mewakili PAS.**

DUN Kuala Balah bakal menyaksikan pertandingan 1 lawan 1 antara **Datuk Abdul Aziz Derashid (BN) dan Mohd Apandi Mohamad (PAS).**

DUN Bukit Pasir bakal menyaksikan pertandingan 1 lawan 1 antara **Noriah Mahat (BN) dan Najib Lep (PAS)**

Nampak tak similarities, BN PAS? Dah macam bendera BN bergantung pokok ke pokok but the pokok itself bendera PAS.

I juga tertarik baca posting seorang kawan FB, bila dia sebut dia hampir terlanggar pemasangan bendera BN dengan kenderaan yang dibawanya, sebab malam gelap dan pekerja budak muda yang pasang bendera tak diberi baju keselamatan oleh BN. Dia juga sebut bukanlah mahal sangat baju itu, boleh dapat dari budget election.

Pasang bendera dalam gelap? Kenapa pulak mereka2 ini pasang bendera malam buta? Dah macam zaman dulu bila mana pekerja PAS perempuan bertudung labuh bawak gunting, gunting banner2 BN yang tergantung dalam gelap. Bila dapat tangkap mereka kata AKU TAK HALAL ENGKAU DUNIA AKHIRAT.

Boleh juga diguna pakai ayat ini kau tak bagi aku bertanding, aku tak halal engkau dunia akhirat!

Tun,

It sounds to me like the hydraulic fluids were leaking from the front tyre and had been manipulated in such an easily accessible area of the aircraft. Anyone could have done it, quickly and easily.

Was the tubing severed cleanly? The pilot could inspect where the leak were occurring to establish sabotage via inspection of the leakage point. ie: taking a close look to see if the hydraulic hose was severed cleanly, or roughly, Cleanly implying someone had come along and cut it with a metal object.

My second point:

There was pressure from your friend not to lend you their plane. How very convenient. BN obviously know what they have done and who to pressure. Don't you think that the series of events are so carefully planned ?

Do you have faith in CAAM? Do you have faith in your Police force 'The Head' who has been caught money laundering? Do you have faith in your AG, the one that was handpicked by Najib to keep his Corrupt mouth shut?

Do you have faith in your Government? The CIA and FBI have labelled Malaysia a Kleptocracy. The meaning of Kleptocracy is: When a **Government** steals from **its own** people....

I am surprised Bloomberg did not question this when Najib claimed 'No Evidence'. There are files sitting in New York, files sitting in Langley Virginia, Files sitting in Switzerland and Singapore. There are plenty of Files... He will soon have plenty of time to read them.

Good luck Tun. All the best...

Salam Dearest Tun,

<https://www.thestar.com.my/news/nation/2018/04/30/dr-m-insists-there-were-deliberate-attempts-to-stop-him-from-flying-to-langkawi/>

I agree with Tun on the above issue.

CAAM chairman Datuk Seri Azharuddin Abdul Rahman responded so fast, and it showed that thorough or proper investigation was not carried out to identify the cause of the leakage.

Anyone could have tampered with the front wheel, or it can also be done on purpose by an insider (for some 'dedak @ suapan?').

Did he interview those who refused (under pressure) to lend their jets to Tun?

Furthermore, it's strange because Tun already boarded the plane, and then only the pilot noticed that there was something wrong with the front wheel. Did he notice it on his own or he discovered it after reading the maintenance report?

DS Azharuddin mentioned about the maintenance report for the plane dated 27 April 2018, which reported the leakage (minor and routine technical fault).

Did the pilot only receive the report after Tun boarded the plane and ready to fly?
Who did the maintenance (on 27 April 2018)?

I don't think the explanation given by DS Azharuddin makes sense. It only works for kids and 'dung*s'.

Dear Tun,

I remember the Double Six tragedy 6/6/76. I was still a little kiddo. Some of those who perished were close friends of my late dad.

I pray for you dear Tun Mahathir. Pray that God will be with rakyat Malaysia and PAKATAN HARAPAN. For a new Malaysia, for everybody, regardless of race and religion.

Take good care Tun.

Happily no one was hurt. I remember a DRB Hicom Executive had a fatal helicopter crash some years ago. I worked with a relative of his, and there were all sorts of rumours about that! Obviously, its election season. Hopefully this was just an unfortunate coincidence.

Salam Tun

Nampak jelas jawapan dari pihak berwajib lebih berbaur pada alasan. Kalau you BN ada budi bicara, kalau you PH no budi bicara.

Pihak2 yang berwajib tampak lebih suka BN menang. Mereka tak mau fikir demokrasi, undang2, asal poket mereka kembung, lantak lah kalian mampus.

Saya sempat jalan2 tengok heading berita news portal

Rafidah did good work, but time to move on, says Kuala Kangsar incumbent

– yes indeed, lets move on to PH

We'll remember you, Mukhriz warns senior civil servants who abuse position

– couldn't agree more

Minimum wage to be raised if BN wins, says Najib

– the richer they are, the poorer we become

Salam Tun

Kita tak sependapat. Saya tak suka Tun mewujudkan sentimen benci kerajaan yang melampau. Kerana nyamuk seekor kelambu dibakar.

Walaupun saya harap Tun dan isteri sentiasa diberi kesihatan yang baik. Diberi kelapangan hati dan fikiran. Dimudahkan segala urusan. Semoga Allah redha dengan kita semua.

Seperti Tun... saya juga begitu sayangkan negara saya.

Salam Tun.

1. Alhamdulillah Allah s.w.t gerakan Pilot untuk mengesan kejadian itu sebelum berlepas.
2. Betul Tun kenyataan CAAM macam hendak menegakkan benang yang basah.
3. Bila Tun kata kejadian ini ada sabotaj mereka nafikan. Mereka kata ada kebocoran di tayar.
4. Sepatutnya mereka kena siasat kenyataan Tun ini bukan nafikan. Malah jawapan mereka pun kita sangsi sebab minyak bocor sebelum berlepas. Maknanya tiada pemeriksaan sebelum berlepas.
5. Adalah tidak munasabah tiada pemeriksaan sebelum berlepas yang mana ia sudah lari dari prosedur kebiasaan dalam manual penyelenggaraan sebelum berlepas.
6. Ada yang tidak kena pada pekerja penyelenggaraan yang mana boleh membenarkan penerbangan dan telahan Tun pasti betul mungkin ada sabotaj sebab unit keselamatan berlepas cuai sengaja atau tidak sengaja dalam tugas.
7. Sabotaj boleh berlaku secara individu dari pihak pekerja yang terlepas dari pandangan pihak pengurusan. Ada kes pernah berlaku yang di luar pengetahuan pihak pengurusan seperti kecurian oleh pekerja penyelenggaraan barangan dalam kabin kapal terbang yang di sebar orang awam.
8. Kenapa CAAM tidak mahu mengakui kesalahan dalam isu ini malah menyalahkan pihak Tun malah cuba menutup kesalahan yang mungkin boleh berlaku oleh organisasi sendiri.
9. Budaya Politik buruk bukan sahaja boleh terbawa dalam kalangan ahli Politik tetapi boleh berlaku pada mana organisasi tidak kira kerajaan atau pun swasta.
10. Di mana ada kes yang timbul pasti ada persoalan yang perlu di siasat sebelum sesuatu musibah boleh berlaku yang mana boleh mengancam nyawa seseorang termasuk yang tidak berdosa.
11. Kepada tuhan kita berdoa agar terhindar dari kejadian yang tidak di ingini.

Wallahua'lam.

Assalamualaikum Tun.

Berkenaan ini, saya telah keluarkan kenyataan saya terlebih awal lggi rasanya.

Dengar kata PAS sekarang sibuk juga bercerita tentang mimpi. Mimpi Hj Hadi bertemu Rasulullah saw.

Saya juga pernah dengar Allahyarham Haron Din mimpi jumpa Rasulullah saw.

Maka bila ramai sangat yang membaca pasal mimpi berjumpa Rasulullah saw ni, jadi akan ada pertanyaan macam mana kita boleh kenal Rasulullah saw sedangkan kita tak pernah jumpa?

Jawapannya, kita akan kenal Rasulullah saw secara automatik bila kita bermimpikan baginda. Tanda tanda mimpi ini rasanya ada ditulis dan dijual di kedai kedai buku.

Kita bertuah kerana negara kita adalah Ahli Sunnah Wal Jamaah. Maka buku buku bacaan yang dikarang oleh ustaz ustaz InsyaAllah benar benar belaka dalam pengetahuanNya.

Berkenaan kenyataan awal saya juga adalah berkenaan mimpi.

Mimpi yang saya telah jelaskan adalah berkenaan mimpi masa akan datang iaitu mimpi Nabi Yusuf as. Adakah Pn Mai masih ingat?

Malaysia adalah negara demokrasi berparlimen. Maka InsyaAllah saya menyokong Tun teruskan perjuangan.

9 Mei nanti rakyat yang akan tentukan kerajaan. Semoga tipu daya manusia itu tidak berkesan di Tanah Melayu ini.

Terima kasih Tun.

Alhamdulillah Tun tak naik pesawat tu. To say that there is a possibility of an intended sabotage is not exaggerated as the overall circumstances support Tun's claim. Its obviously very possible fot it to happen, if its just one case, its an accident, if its two cases, probably its a coincidence, if its three or more, its likely to be a planned intention.

May Allah swt protect you at all times.
