Even if you are not hepi with that, there is no reason to be hostile or emotional to this golongan since each of us is entitled to vote when general election is called.

Whatever the political, economical and social reasons behind the attack at kuil india in subang there, it is up to the ministry, state government, political parties involved and voters there to decide when next general election is called.

Bak kata, if its yours, it shall be yours.

If it is not yours, it shall not be yours.

There are so many choices out there, therefore, don't be too obsessed with such ruling, and don't get emotional and angry with it, it is not worth it.

P/s: I chosen not to be like her, hence, I choose to leave without questioning since I am not a member of any political parties. As long as you willing to work just like everyone, you will not be in kelaparan and left out from the employment sector.

Really dissappointed with such narrow, dangerous, ugly and evil minded thinking mind.

Aku sebagai kaum cina kini halalkan perbuatan dia so that she can continue to get funding from the respective ministry to do whatever she wants as muslim.

P/s: suka hati golongan dia nak buat apa pun since mof pasti akan korban kaumnya just to make kaum ini hepi. I have no anger, jealousy, hatred or frustration, and I wish her all the best. Suka atau tidak, general election must be called to get the mandate from the voters. whichever coalition gets the majority votes, they will form the cabinet and perdana menteri.

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Mohon izin Tun:

1. Saya ingin bercerita tentang pengalaman-pengalaman saya di luar negara yang berkaitan dengan hubungan orang Islam dan orang kafir buat renungan kita bersama.

2. Tidak lama dulu saya ada berjalan-jalan di bandar-bandar (New / Old Delhi, Agra, Jaipur) dan beberapa kawasan peranginan Kashmir di India.

3. Kita sedia maklum majoriti penduduk India beragama Hindu. Lembu memang bersepeh tidak kira di bandar atau di kampung. Di tengah jalanraya pun lembu boleh berehat-rehat macam raja.

4. Namun agak mengejutkan bila saya dapat tahu bahawa penduduk ISLAM di Kashmir melebihi 95 peratus. Mereka rata-rata tidak mengaku yang Kashmir ialah sebahagian dari India. Masjid memang banyak. Makanan semuanya halal dan boleh makan di mana2 restoren. Saya suka sangat suasana di Kashmir. Cantik dan nyaman. Salah satu tempat tercantik di dunia.

5. Saya faham mengapa orang Kashmir tidak mahu jadi sebahagian dari India. Bayangkanlah lembu-lembu pun mereka (umat Islam) disuruh sembah dengan mengucap 'Namaste' (it means "I bow to you" in Hindi), dan letak tangan seperti orang Hindu sembah tuhan mereka. Jika ternampak (ditangkap) mereka tidak berbuat sedemikian (menurut pemandu pelancung dan tuan punya guesthouse) orang Islam tersebut akan dimarahi dan boleh menimbulkan pergaduhan besar. Takkanlah umat Islam di sana mesti sembah lembu semata-mata kerana mahu menjaga hati penganut agama Hindu. Ini SYIRIK namanya. DOSA SYIRIK merupakan dosa terbesar yang TIDAK AKAN DIAMPUN oleh Allah SWT (kekal dalam neraka jahanam). Maksudnya dosa rasuah tidak sebesar dosa syirik. [Saja beritahu sebab di Malaysia Baharu sesiapa yang terlibat dengan rasuah (selektif?) tidak akan terlepas dari 'THE RULE OF LAW', dan akan dicari sehingga ke lubang cacing; tetapi kalau syirik / murtad, boleh pula dilayan dengan lemah lembut dan diberi peluang, dimaafkan dan diberi sokongan padu oleh pihak-pihak tertentu yang beragama Islam. Alahai...]

6. Saya juga pernah ke Palestin dan lihat penempatan2 haram kaum Yahudi yang didalangi oleh rejim Zionist. Pemilik sebenar ialah rakyat Palestin, tetapi tanah hak milik sah (ada geran) mereka dirampas begitu saja. Pemilik tidak boleh tinggal di rumah mereka sendiri (dihalau), dan akhirnya tanah berpindah milik kepada kaum Yahudi. Banyak rakyat Palestin yang dibunuh, dan yang masih hidup terus dizalimi. Nampak atau tidak perangai keji orang kafir ini? Ini bukan cerita dongeng, ini kenyataan.

7. Sebab itu saya sedih (juga amat marah) kerana kita (Melayu Islam) di Malaysia yang ternyata amat berhemah terhadap penganut-penganut agama lain tetapi difitnah pula dengan teruk oleh sesetengah pihak termasuk oleh rakyat Malaysia sendiri. Anehnya, orang seperti ini pula yang dilantik menjadi Menteri.

8. Jangan nanti kita jadi seperti rakyat Palestin sudahlah. Menyesal dahulu pendapatan, menyesal kemudian tidak berguna.

9. Jadi, saya cadangkan supaya AKTA HASUTAN tidak dimansuhkan.

10. Memandangkan di negara kita masih ada yang tergamak membelasah orang yang sedang berkhidmat (berbuat baik) sehingga hampir mati, eloklah HUKUMAN MATI dikekalkan. Jika tidak, dengan mudah segelintir manusia akan membunuh manusia lain sesuka hati. Singapura yang dibanggakan serta dipuja oleh segelintir penduduk Malaysia pun masih ada hukuman mati.

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Tun

I baru baca syedoutofthebox, petikan berikut

4. Maszlee Malik the nonperforming Minister of Education.

Contrary to your belief Maszlee Malik may know what he wants to achieve. It may not be what you and me want to achieve.

His latest totally stupid suggestion was that hotels with swimming pools make available their swimming pools for school students to learn to swim.

I think Maszlee must be from the real backwoods with no idea of how the world works.

– Masya Allah. Maslee ini tak buat research ka? Masa anak I lepas tunggu SPM, I hantar belajar swimming kat olympic class pool. Nak tau dimana? Shah Alam sebelah Tesco. Masa tu entah siapa tenaga pengajar tak ada sijil pun tapi anak I boleh renang macam2 stail. You name it. Apa la Maslee ni. I rasa Tun kena kasi tau budak ini, slot agama dalam sekolah biar satu sahaja. Murid nak belajar renang guna facilities kerajaan yang sedia ada. Jangan ganggu facilities orang lain. I rasa dia ini kena dictate. Dia belajar Jordan dulu? huh

Tun

Semalam hari sabtu. Semalam dekat my house, masjid ada buka ruang dalam kawasan masjid untuk gerai2. Dah lama buat, tapi semalam kenderaan cukup banyak, dah macam time sembahyang Jumaat, dah macam time pasar malam. Ramai orang Melayu dah beli barang. I hanya lintas I tak singgah.

Since I suka roti canai, I singgah kedai mamak, kurang orang Melayu di situ. Petang I lintas kedai kopitiam, dah sunyi macam musim bulan puasa.

I senyum dan kata kat hubby, orang Melayu dah bersatu hati.

Good morning Tun

I nak share apa I nampak dalam kawasan rumah I. Parents yang dua2 bekerja, usually selepas anak habis sekolah, hantar anak sambung belajar kelas agama seperti di masjid.

Mungkin mereka rasa tiada masa nak didik anak, lebih baik anak belajar luar soal2 agama ini. Kalau sekolah biasa dah jadi sekolah agama, it doesn't make sense kan.

I ada satu kawan muda sedikit dari I, I pernah tanya dia sekolah mana dulu. Dengan humble dia jawab sekolah agama klang sebelum sambung belajar ITM. Dia tak pakai kopiah, dia biasa sahaja.

Orang selalu beranggapan jika you sekolah rendah menengah agama, you besar nanti jadi pak lebai. Kalau you sekolah rendah menengah sekolah kristian, you besar nanti jadi kristian. From my experience itu semua tidak benar.

I juga wonder apa Nazri maksud tentang sijil sekolah cina yang dia tak dapat lakukan. Adakah dia maksudkan sijil ikhtiraf untuk sambung belajar ke peringkat lebih tinggi seperti University kerajaan?

She still have the guts to bring the matter out.

Perhaps she is trying to menegaskan benang cowgate scandal tu as if voters dont remember kut?

What is in the mind of kadir jasin and awang selamat?

Utusan melayu changed to utusan malaysia, and why new straits time is formed, are they making money, or losing money, tak payah tengok their balance sheet, you will know they are not making money.

Pendek kata, the suhu politik penceborohan ganas kuil india di subang telah meningkat daripada land territory to land grab, iaitu the repeat of winner takes all, loser takes all, tak gitu?

P/s: petrolpayers and taxpayers do not mind paying taxes kerana memang wajib, jika parti politik terkini masih put their party interests above the country by claiming muslim boleh kahwin 4 and kanak2, then, you will understand why malaysia is being labelled as republic of bangladesh in un. Am i being racist, or am i being honest as malaysian representing my country malaysia, issue penting macam ini, it is best we let the states' sultan and political parties to decide because such ruling will affect the demographic and position of this country in the next 50 years.

In this country, rural kampong people of all races too can get jobs easily in here if they are not lazy, not racist, not over estimated themselves, not pampered, not choosy, willing to learn and do better, but if they think political parties representing them must provide them with jobs and merits, then, they are wasting their life in berangan 2 saja, and this golden rule of thumb applied to all races tak kisah mereka ada kaya atau miskin pun parents.

Racism and religion conflicts are very much alive in this country due to vote counts, and i sure hope both of the divides will stop it, if not, such hate speech and terrorism action would be automatically censored via artificial intelligence of the media owner sooner or later.

It is mustahil to ractify icerd because the federal constitution is already had more than enough to cover this topic.

P/s: my economic senses is simple and straight forward, when we see our surroundings in neighbourhood with people getting jobs, people of multi racial bantering among themselves during lunch, people dining with family and friends, no pergaduhan, no keganasan, no kekecohan, no suicide bombing, than, we are consider a lucky and peace loving country. pendek kata, when force is applied, apa2 bonding pun boleh patah. There are no perfect beings, but there are perfect intention, bak kata pandai2 lah mereka yang menjaga maruah diri, parti politik, negeri dan negara.

Barisan nasional had only interested to build more bawang kepala (mosques) to tax the non muslim in non muslim majority states rather than focusing on domestic and international economic issues.

Now mca only left with 1 mp seat, tak cukup terang lagi?

P/s: ph too is heading to this direction quietly, is there any hope as non muslim to stay in a country that only favor muslim? they have no shame at all in using the official religion to rich themselves via racial and religion strokes. in other words, non muslim need to work harder, but muslim tak payah work harder because they are majority race? ia

memang tak masuk akal punya, but they still want to do it because of vote counts, itu saja.

Salam Tun

I think apa yang kadir jasin maksudkan sekolah jenis kebangsaan jangan disekolahagamakan.

I faham maksudnya sebab sekolah jenis kebangsaan dari dulu pun memang ada kelas agama. Memang ada satu slot kelas agama.

I tau sebab I dulu sekolah kristian. My sisters semua pun sekolah Convent. Sekolah convent dulu ada chapel dan mubaligh. Mungkin ada yang rasa strange sebab arawah datuk I guru agama, syeikh. I ingat dulu I nak masuk chapel pun nun tak kasi sebab I orang Melayu. Tapi the head nun kata ok, budak saja nak tengok.

Sekolah convent dulu tak sama macam sekolah convent sekarang. Namun gitu dari dulu lagi, orang Islam memang wajib ikuti kelas agama. Gurunya kami panggil ustazah. Bangsa lain boleh ikuti kelas muzik/nyanyi.

I juga ada sedara mara anak2 mereka sekolah agama. Ada juga yang sekolah biasa. Ada juga yang masuk MRSM. Sekolah agama kena lulus bahasa arab. Budak sekolah agama lepas SPM masuk Maktab MARA. Katanya ambil nak ambil English language, sebab tok dan nana dok ajar mereka cakap bahasa Inggeris dari kecil.

Yang mana masih bersekolah dalam sekolah biasa dapati ada masaalah terlalu banyak pelajaran agama malah student juga dipisah pisahkan ikut laluan yang berasingan. Bila komplek kena jeling dengan cikgu, lepas tu kena sabo.

I ingat dulu zaman kakak I sekolah orang putih semua pelajaran dalam bahasa inggeris kecuali subject bahasa melayu. Masuk zaman I, history dan geography bahasa Melayu. Lepas tu yang mana bawah2 I, semua dalam Bahasa Melayu.

Itu sebab orang lama2 pandai cakap orang putih.

I ada satu kawan, isteri kepada partner hubby, dia orang Cina Malaysia. Dia cakap kat I dia sekolah Melayu, kalau tulis surat dalam Bahasa Melayu dia boleh sangat.

I mula2 terkejut juga, rupanya time dia sekolah semasa semua subject dalam bahasa melayu. Dia sekarang pangkat besar juga, kerja dalam sebuah bank besar yang bukan milik gomen.

Zaman my son pun sama, I kena hantar extra class Bahasa Inggeris, yang dikendalikan oleh British Council.

I berpendapat, ini semua terpulang pada parents, kalau rasa nak anak pandai mandarin, nak kerja kat Hong Kong atau company China boleh sekolah Cina. Kalau nak broader market ada baik sekolah Inggeris.

Just saying.

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Mohon izin Tun:

1. Saya ada juga baca beberapa artikel di blog A. Kadir Jasin. Pada pandangan saya, kalau melibatkan banyak perkara, beliau bolehlah dianggap berpengetahuan luas, namun bila melibatkan beberapa bab tentang agama Islam, ada pendapat beliau yang Tun patut periksa dan perhalusi dahulu (minta nasihat ahli2 agama yang pakar) sebelum ambil maklum atau terima. Saya juga ada beberapa kali baca penulisan di blog seseorang yang kononnya rapat dengan Tun – nama pena bermaksud 'di luar kotak'. Tun janganlah ambil bulat-bulat pandangan orang ini tanpa diperhalusi. Maaf cakap, ada pandangan beliau yang merapu.

2. Terdapat agak banyak penasihat dan ahli-ahli politik di sekeliling Tun (bukan khusus kepada mana-mana individu tertentu) yang saya lihat yang pengetahuan agama mereka lemah (dangkal/cetek) dan tidak berasaskan hukum hakam Islam sebenar. Mereka samada jahil (tidak faham hukum hakam Islam sebenar, tetapi tidak sedar) ataupun bersifat liberal (Islam Liberal).

3. Tentang isu pemilihan Sekolah, terpulang kepada ibu-bapa pelajar (Melayu/Islam) untuk menghantar anak-anak mereka samada ke Sekolah Kebangsaan atau sebaliknya, tetapi lihatlah kepada implikasinya (yang lebih besar) terhadap kanak-kanak.

4. Ada yang kata, ada ibu-bapa (Melayu) yang hantar anak-anak mereka ke Sekolah Cina kerana mahu anak lebih pandai. Betulkah mereka akan jadi lebih pandai? Pandai dari segi apa ye? Pandai Mandarinkah? Lebih pandai mengirakah? BM bagaimana?

5. Ilmu pengetahuan boleh dicari di mana-mana. Asas-asas pengetahuan (membaca, menulis, mengira, berfikir, moral / asas agama, etc.) saja yang paling utama. Selepas itu, kita mesti berusaha untuk menambah (update) ilmu kita. Contohnya, jika seseorang berjaya mendapat ijazah dalam Kejuruteraan atau dalam apa saja bidang, jika mahu kekal bersaing / relevan, mereka mesti terus belajar untuk meningkatkan pengetahuan

dalam bidang tersebut kerana banyak ilmu baru terbit dari semasa ke semasa. Mesti peka dan mesti rajin. Itu saja petuannya.

6. Pada pendapat saya ada beberapa perkara yang perlu diberi perhatian jika mahu menghantar anak ke Sekolah Cina. Pertama, anak masih kecil dan tidak bijak membezakan mana yang betul dan mana yang salah. Contohnya, mereka mesti mahu makan dan minum (ini perkara amat penting untuk tumbesaran) sebab lama di sekolah. Ada yang kata, itu bukan masalah sebab anak diberi bekalan makanan yang mencukupi oleh ibu-bapa.

7. Masalahnya, bekal (mee, bihun, nasi, etc.) mungkin sudah sejuk (tidak sedap...) dan mungkin ada tarikan lain di kantin sekolah (Cina /India) yang biasanya ada makanan-makanan yang haram (untuk umat Islam). Takkan kita boleh jamin yang anak-anak tahu apa yang halal dan apa yang haram (nak ajar macamana ye). Bagaimana pula jika ada kawan-kawan (bukan Islam) yang mahu berkongsi makanan mereka? Adakah ibu-bapa boleh jamin yang anak tahu membezakan halal dan haram (yang dewasa pun ada yang 'blur')? Makanan/Minuman amat penting sebab ia jadi darah daging kita. Jangan ambil mudah. Alangkan pelajar yang pergi ke luar negara selepas SPM (dari pengalaman saya) pun boleh tersasar bila melibatkan bab makanan/minuman, inikan pula budak sekolah rendah.

8. Bagaimana pula tahap penguasaan BM para pelajar Sekolah Cina/Tamil?

9. Apa pun, kita mesti mengutamakan asas-asas ILMU AGAMA yang kuat untuk melahirkan umat Islam yang berjaya dunia-akhirat. Tidak ada ajaran-ajaran Islam yang buruk atau membawa keburukan – semuanya baik belaka. Bersih, cekap, amanah, berintegriti, bekerja dengan bersungguh-sungguh, menuntut ilmu sehingga ke akhir hayat, beribadat, etc. semuanya ditekankan dalam Islam. Ini asas-asas penting untuk berjaya.

10. Jika ada sifat buruk pada mana-mana orang Islam, ia bukan salah atau kelemahan agama Islam; mereka yang ingkar akan ajaran Islam yang sebenar.

11. Sama juga dengan sikap semasa bekerja; yang kaki ponteng, biasanya, orang ini semasa jadi pelajar mereka memang suka ponteng (pantang ditegur). Dalam Islam DISIPLIN amat penting – ini nilai murni yang ingin diterapkan di sekolah. Tun selalu bercakap tentang disiplin.

12. Yang kaki songlap/ mencuri/ korup /etc., mereka semasa kecil sudah ada ciri-ciri ini (tidak mendapat didikan yang betul; ibu-bapa terlalu percayakan anak). Allah SWT tidak menilai kita semata-mata berdasarkan 'outcome /keputusan'. Allah menilai USAHA kita (walaupun kita gagal mencapai keputusan yang dikehendaki) dan doa kita. Lihat saja riwayat-riwayat tentang para Nabi sebagai rujukan.

(P/S: Yang baik datang dari Allah SWT; yang buruk datang dari diri saya sendiri)

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Why bank bumiputra commerce u-turn, i mean tukar kepada cimb, the 2nd largest banker hold by malay muslim?

Why arab malaysia bank is changed to am bank?

Why bank utama and other smaller banks sudah hilang di dunia?

They are so far ahead, but we still stuck in dulu punya mindset, how to compete with them?

They now samseng, then, you samseng back?

Hanjin is japanese word, and maksudnya adalah orang han jepun punya shipping business before and after ww1, ww2 and civil wars between japan, north, south korea peninsula and northern east china termasuk mongolia.

Today, both are the innovators, inventors and creators of world market, but we still stuck in assembly stage, how to compete?

I have watched the singaporean law makers in grilling facebook management team in london for handling of the sri lankan case that caused tensions between muslim and hindu.

Yes, i think it is a nessecity to do that being part of the commonwealth member countries in utilizing law in protecting the sri lankans and facebook management team from terrorism and hate speech between these 2 religions in post IT era so that fb management team and law makers can understand better and find a long term solution to this rather than just tutup mata via instruction from the minister.

Jika mereka tak tahu and really want to improve, it is acceptable, but if they still do it by stroking terrorism and hate speech via social media to manipulate the sentiments of the voters in that area, no isa, but got sos ma and pocca what, right?

P/s: jika golongan ini tetap mahu pakai taktik kotor yang menjijikan, the best way is to buat tak tahu, and just halalkan their perbuatan because one day, they will realize they gain nothing when they are too obsess with their kuasa to rich themselves. We have wasted 3 decades on this samseng gangsterism, do you still want to pass down to your next generation? If you think biting the fingers that give you power that could make you

rich overnight, and migrate to your dream countries by all means go a head. Why? Such ugliness and evilness can never escape the power of divine. If the balasan is not on us, then, it will be our next generations.

Good morning Tun

I semalam baca keliling online, I puji MIC kerana sikap prihatin.

Tun

Pernah tonton cerita ini tak? THE BONFIRE OF THE VANITIES. Cerita tahun 90han, astro ada tayang beberapa kali. It is based on best selling novel by Tom Wolfe.

Tun, dari apa I baca I boleh kata ini

Isu kuil ini terlalu panjang.

Dari kerajaan pusat BN dan kerajaan negeri BN, dari kerajaan pusat BN dan kerajaan negeri PKR, dari kerajaan pusat PH dan kerajaan negeri PKR.

Tanah dari satu developer jual ke satu developer. Dari satu developer jual saham syarikat pada foreign developer.

Yang kekal sini hanya puak dalam temple yang tak bersatu. Tuduh menuduh antara satu sama lain. Satu gup setuju satu grup tidak bersetuju pindah. It goes on and on sehingga Adib masuk IJN.

If you think this is funny, it is not!

P.S Musato, budak tidak pergi sekolah ada masanya sebab cikgu garang, ada masa sebab parents, kalau datang dari broken family, mereka tak minat belajar nak jadi orang dewasa cepat, mereka nak kerja, tapi tanpa cukup pelajaran mereka tak boleh maju kedepan. Pada yang berminat untuk lebih pengetahuan bidang masak, jahit, rambut dll boleh cuba giat MARA.

Assalamualaikum Tun,

Regarding the temple issue, the dispute is between the temple and the land owners. Nothing more nothing less. This issue should be settled by the courts. This is in line with Pakatan Harapan's policy to the rule of law.

I know some of your ministers want you to intervene, but if Pakatan believes in the system and the rule of law, let the courts decide.

It has nothing to do with racial or religious. So there is no reason for the government to intervene.

What the government should intervene is the riots part. That is criminal and could jeopardise racial harmony. In your first tenure as Prime Minister, it was just about using the Sedition Act and Internal Security Act (ISA). No matter how crude it was, it did serve its purpose in keeping the peace of our multiracial country. No one dared to speak anything racial or cause disharmony, or they will be jailed without question.

Now I would like to know how the government will handle with these acts to keep the peace. The opposition for these two laws, says we can still keep the peace without these two laws. So I want to see how these works. It is ironic the burden of proof is on you Tun, since you had always been in favor of the Sedition Act and ISA. It should be they who oppose who needs to prove this.

If the ISA and the Sedition Act is still in force, a lot of people would be in jail by now. But without them, no one is arrested. Look at the comments in social media. There are a lot racial comments, and no one is arrested. This has caused racial disharmony which is a crime. But no one is arrested or taken action. Why? Do we have a government that follows the rule of law or not? Or is the current laws insufficient?

For the temple issue, I'm sure if it was a mosque or muslim burial ground, we would have no problem relocating it. In Islam, it is a big sin to use other peoples land.

Maybe Tun's government can look to India, how they solve these issues of building Hindu temples in land that do not belong to them. It must bear in mind, however the government treat this temple, it will set precedence to all the hundreds of temple that was built on land that do not belong to them. So its just not about this temple alone.

My belief is in India that allow temples to be relocated. Therefore, there should not be an issue or fuss. Some more it is just sinful to take someones land and simply build on it, but I'm not sure how Hindus view this.

The government will be tempted to intervene, particular by the ministers around around you, but this an issue between the temple and land owners and it is to the courts to decide.

Salam Tun

Baca tulisan Musato.

I teringat ini, my sister selepas pencen swasta, guna duit EPF buka business. Business dia masa tu ambil budak2 seperti Musato sebut. Mereka diajari perhotelan, repair computer. Dia sewa satu shoplot dari atas sampai kebawah. Projek gomen tak silap under Ministry Sumber Manusia. My sister layak buat business ini sebab dia dulu GM human resources disatu international company.

Problem timbul nak dapat bayaran dari gomen. Banyak red tape. Sehingga duit habis, her staffs – tenaga pengajar dari bawa PROTON bawa motorsikal. To that extend kesusahan mereka, memang mengejutkan.

Pasal tak tahan, kakak terus tutup sekolah. Lari balik kampung hubby. If I'm not mistaken program ini masih dijalankan oleh instuasi besar seperti taylor's or sunway, cuba musato check.

Lagi satu tempat GIAT MARA, cuba tanya. Gomen selalu tak rajin war war kan. Tapi kalau tanya mereka beritahu. KEMAS another tempat tapi sejak gomen kita bukan BN lagi, tak tahu lah wujud lagi ke tak.

Itu saja I boleh share apa I tau.

Federal constitution is the highest level in bonding all states, and though it has the highest power of authority, no doubt it has the absolute power to intervene, to question, to over-ride state constitution, to appeal and to change law, but it needs 2/3 majority of mps to support such ruling to make it effective.

P/s : changing law set by the forefathers of merdeka is difficult and tough, therefore, it would be best not to change the law because no one knows what is in the mind of mps of political of the divides and what will happen in the future. The issue here now is not the law, the issue here now its domestic economical issues in changing time when external factors are beyond our control. Winning or loosing is not important, the most important thing to do now is get the economy on the right track whereby all races of the citizens of this country are included, tak kisah mereka undi, atau tidak undi, muslim atau tidak.

Dulu, rakyat dan aku mana erti?

Kini, selepas terbongkarnya skandal 1mdb, baru kita semua nampak, betul tak?

The bad news is 1mdb scandal is the worst kleptocracy case ever filed by doj in international level in post it era.

Dulu, kes macam ini pun ada tapi dikawal ketat di bawah kdn demi keselamatan negara, tak gitu?

The good news is everyone including federal and state governments are aware of this billion dollar whale 1mdb scandal.

What will happen next, i am not sure, but will such case happen again in the future, hard to say since the wannabes are so used to the tabiat of suap kuasa whereby i help you help me kind of thingy thing.

Bak kata, lawan tetap lawan.

Selepas lawan, jom teh tarik di mamak restaurants (remarks: in government sector, only muslim can operate the restaurant, tak gitu?)

P/s: aku tak berapa minat pasal murid dan cikgu yang dikomplen musato kerana kes macam ini boleh disetelkan di kompaun sekolah, kan sekolah kita wajib ada cikgu disiplin yang digariskan moe. Sekolah kampung musato takda cikgu disiplin, mustahil kerana ia memang wajib tak kisah sekolah kebangsaan, vernakular termasuk agama dan private, betul tak?

How to tangkap under current rule of law whereby each ministry has their own officials spying, i mean managing, the laws set by their political parties di dewan rakyat?

Their political party members are members of parliament, the officials in the ministry are their members, and those who made police reports also their members.

Mana ada democracy?

Jika tanpa recommendation from state exco, sesiapa pun tak boleh dapat approval from the state government.

Dulu, hanya umno saja yang wajib memegang jawatan ini kerana menang 2/3 majoriti sebelum negeri tersebut terjatuh ke tangan pkr pada mac 8, 2008 sampai hari ini.

Mr trump is a business billionaire with military backgroud, and in usa, it is not wajib for their citizens to join army, and everyone knows about it.

In usa, tak kisah you support republican atau democrat, if they contest and wins out the presidency, the president will decide the team that he sees fit to do the jobs.

Being the president, he too has the absolute right to do business in moscow atau shanghai just like others in usa.

As president of usa, he has the official national obligation to protect the country and citizens of usa from any threats/military wars, or any losses of lives and sovereign wealth yang ditanggungkan current and future taxpayers, right?

Jika beliau decided to cancel the meeting with mr putin in argentina, adakah itu rasis, ego, salah, ignorant atau prejudice to protect american technology owned and invested by american taxpayers to maintin their dollar?

Even if he is not president, he and his family members too can decide to support republican, do business, join military, or join government sector and cast votes as warganegara, and pay taxes to the government, betul?

Everyone knows in this country, malay and orang asli yang dia katakan muslim dia is wajib masuk islam. but there is no law that stated that other races wajib masuk islam termasuk hindu dan yang lain2. Even if the orang tua kampung muslim pas atau umno kata mereka tetap support kahwin empat dan kanak2, ia takda masalah kan ini adalah between the husband and wife.

Jika wife kata rela share, then suami boleh kahwin empat.

Jika wife kata tak nak share, then cerai saja, still need to sorok and get approval from the woman ministry mer?

P/s : the land was ironed out at the ministry level, and the donation, i mena wang politik, of myr1.5 million already paid to temple hindu, tak kisah kini ph atau bn yang menang, the temple must move out because the land belong to the developer, mana boleh gostan dan buat kecoh macam ini? Unless someone is trying to instill race and religion supremacy, kan tabiat ini memang susah diubah, bak kata pandai2 lah ciku mb selangor yang terkini as everyone is watching him closely to deliver their stand on state land issue. sabah and sarawak do not have mamak restaurants, maybe because they dont have indian muslim political party there kut.

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Mohon izin Tun untuk ulas petikan kenyataan Tun dalam Parlimen seperti berikut:

Jaga mulut, demokrasi ada batas

"Kerajaan tidak berniat menyekat kebebasan bersuara tetapi jika apa yang disuarakan itu tidak benar dan mengancam ketenteraman awam, kita tidak teragak-agak mengambil tindakan," katanya.

"Namun jika ada sebarang usaha provokasi, kerajaan akan mengambil tindakan tegas terhadap mereka yang cuba mencabar undang-undang," katanya.

1. Baguslah, saya sokong penuh kenyataan Tun.

2. Harapan saya ahli-ahli Kabinet dan para pemimpin dalam PH turut faham dan mendokong apa yang Tun katakan. Jangan nanti jadi bagai "ketam mengajar anaknya berjalan lurus..." .

3. Tangkap segera para penjenayah dan samseng dalam rusuhan di kuil Hindu USJ 25 tempoh hari. Jangan sekadar nampak kesalahan 50 orang Melayu yang diupah oleh pihak tertentu. Yang membakar kenderaan/motosikal, merusuh, serta menyerang dan membelasah penjawat awam wajar ditangkap dengan kadar segera tidak kiralah berapa banyak yang terlibat. Jangan ada rasa takut dan jangan pilih kasih.

4. Tangkap saja kumpulan yang memfitnah pihak Bomba. Mereka cuba melindungi para penjenayah.

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Assalamualaikum Tun.

Hati saya bagaikan dikoyak koyak apabila dapat tahu ramai part time di tempat saya kerja adalah budak budak belasan yang telah dibuang sekolah.

Umur baru 14, 15 tahun dah dibuang sekolah?

Kesalahan apa yang besar sangat sampai di buang sekplah? Dadah? Beetumbuk? Kurang ajar kat cikgu?

Kementerian pendidikan perlu periksa cikgu cikgu. Jangan jangan cikgu yang terlebih emosi. Hati tisu mungkin. Budak budak yang mereka sendiri tidak faham tentang perubahan zaman serba pantas dan cikgu tidak boleh kejar, merasa tercabar dan cepat koyak hatinya senang senang je ambil tindakan buang sekolah budak budak yang baru nak membesar, baru nak masuk alam remaja.

Budak lelaki umur 13,14 tahun baru nak baligh.

Di sekolah rendah anak saya pun, cikgu perempuan berani kata pada saya bapa kepada pelajar, patut anak encik dah kena buang sekolah sebab campur tolak dah 50 hari tak hadir ke sekolah?

Kenapa masa ambil result akhir tahun baru nak ugut? Kenapa tidak panggil ibubapa jumpa guru besar masa dalam tahun persekolahan harian?

Kenapa tidak panggil saya jumpa guru besar? Tahulah saya jawab nanti. Takut?

Saya dapat jawapannya. Tidak hadir sekolah sebab tidak potostat kerja sekolah. Bila tak potostat, kena marah dek cikgu.

Cikgu kata potostat 10 sen sahaja.

Cikgu ajar apa? Berkesan ke cikgu suruh potostat tu sampai budak takut nak ke sekolah?

Nak saya paksa. Nak saya pukul anak sebab tak ke sekolah?

Mahu patah riuk saya kerjakan. Atau patut saya kerjakan cikgu?

Anak saya dapat no 5, tak datang campur tolak 50 hari. Tahun depan tetap di kelas depan.

Siapa yang salah? Ibu bapa ke, murid umur 10 tahun ke atau cikgu yang dikatakan komited?

Atau patut anak saya dibuang sekolah saje atas alasan tak hadir 50 hari ke sekolah tanpa sebab walau dapat result okey?

Patuhilah undang undang, kerana rule of law.

Anak orang lain macam mana?

Anak kampung orang Melayu macam mana?

Bukan seorang dibuang sekolah dalam satu satu sekolah, tapi lebih dari 10 orang. Apa yang cikgu buat? Makan gaji?

Ooo....patutlah, Najib bila tak suka orang tu, dia akan buang sesuka hati orang tu. Bagus cikgu, bagus...

Terima kasih Tun.

**Pork, fish (except salmon), seafood, lamb, kerbau (local or imported depending the country of origin) and chicken meat are required to fully cooked before you consumed if not, the blood of these species in processing can do harm to the employees and consumers based on world health organization's journals. Farm seafood i eat, but deep sea seafood with beautiful rainbow colours i dont take though is not banned because i do not want them to hilang di dunia, thats the moral obligation i vowed to protect these deep sea creatures as civilized human being.

When she said ramai kaum melayu marah, i am not sure which puak melayu that she referred to, lawyers atau doctors?

But, the puak melayu yang paling bermahalela, ada power godam, pandai bercucuk tanah dan main kipas, from the news you will know who are there.

To understand her chronology of orang asli, we must be able to differentiate indon melayu, india melayu dan arab melayu.

Issue yang berat ini, saya tak akan peningkan kepala since original sovereign wealth owners of the land need to decide on that, bak kata, the coalition that wins will dictate khazanah sovereign fund, and henceforth here comes the filipino corp to the rescue site.

No worries, the institutional and local investors know how to do their jobs in money market.

As for fiscal expenditure including government expenditure, welfare and military budget, it is solely depends on the ruling government and their pakar ekonomi hired by them.

Too bad, tengku adnan berambut tebal must have pissed off sibotak, and what happened to tengku adnan at putrajaya can happened to mca, but not mic, umno, pas, hindraf, dan yang lain kan ini isu politics., betul tak?

From here, we will see the pattern of their cantas style, amat bahaya, kan kronologi of kenapa mereka boleh buat, kenapa kami tak buat?

Henceforth, general election must be called.

Jika muslim kata daging babi tu kotor dan haram, then, the kaum cina is entitled not to makan with finger or sharing utensil kerana tabiat tradisi ini bahaya, can menjangkit penyakit, cara ini haram to muslim?

P/s: Chinese in china and outside china can eat, shop in japanese, koreans or foreigner owned chain stores, but i think until today, both japanese and korean dont do that due to deep rooted rivalry, and i am not sure the 7th pm aware this or not. To china with only 1 communist political party voting power, all rakyat wajib to defend the country when under attack by foreign power just like national anthem of all countries in the world. For malaysia, national anthem is negaraku, and all of us can read and sing in malay right? Even cannot read also, someone must have translated in english and chinese right? National anthem must be in the bahasa of the negara, tak boleh tukar punya kerana tukar gomen, but gomen can be tukar when they loose votes, itu saja.

Baru baca ini, I turunkan news sepenuhnya :

Lawyers to take action against WhatsApp culprit

PETALING JAYA: Lawyers Mohamed Haniff Khatri Abdulla and Muhammad Rafique Rashid Ali will take legal action against the culprit who created the WhatsApp message alleging their involvement in hiring thugs, leading to the riots at the Seafeld Sri Maha Mariamman Temple in USJ 25.

"We will lodge a complaint with the Malaysian Communications and Multimedia Commission to get to the source of the WhatsApp message and take legal action against the culprit," Haniff said in a press conference at his law firm yesterday.

"We will also lodge a police report soon ... within this week."

Haniff said that they will also lodge a complaint and police report on another Facebook post published by Raja Petra Kamaruddin on Nov 28 at 12.28am.

The blogger's post includes a photo of Prime Minister Tun Dr Mahathir Mohamad and Haniff, with wordings, "Misteri Nusantara", "One City Owners and Teresa Kok are close relatives", "Tun and attackers share the same lawyer".

Haniff said all of these are fake and malicious allegations.

"I am a private lawyer for Dr Mahathir. But this doesn't mean that I cannot manage other cases," he added.

Pictures of both of them with captions claiming that they were the lawyers responsible in hiring the thugs had gone viral on social messaging platforms such as WhatsApp.

Haniff is representing two of the detained One City staff members while Rafique is representing another.

Haniff said it is appropriate for Home Minister Tan Sri Muhyiddin Yassin to hold a press conference to inform the public about the incident but said the authorities and ministers have to be careful on what information should be shared with the public.

Muhyiddin reportedly said the lawyers to the developer involved in the Seafeld Sri Maha Mariamman Temple issue hired thugs that led to the riots.

He said police investigations revealed that the leader of the group which instigated the conflict was handed RM150,000 by the lawyers. This was used to pay the thugs, from RM150 to RM300 each.

Haniff said the authorities and the minister should act more professionally and some of the details of the case should not be shared with the public before the police concluded their investigations.

At the press conference, Haniff also clarified that he and Rafique were appointed by developer One City Development Sdn Bhd after the first incident on Monday.

"Our roles are to foresee the process of investigation for the staff and company, and see to their best interests," he added.

Meanwhile, the detained One City Development Bhd staff member, who was said to be a lawyer, was actually working as an adviser for the developer, according to Tan Sri Mohamad Fuzi Harun.

The Inspector-General of Police clarified that while the man is said to have qualifications as a lawyer, he did not serve in that capacity for the company.

"He is a lawyer who worked as an adviser," he said at a press conference at the Royal Malaysian Police College yesterday.

Meanwhile, Haniff said the Philippines-based Ayala Corporation, the ultimate owner of the land on which the temple is located, has denied the company is involved in hiring thugs.

The company has sent a letter to the Prime Minister's Office about its role and investments in the country through the Philippine embassy, he said.

Yang ini pula tulisan dari columnist thestar, I pernah letak link ini di sini;

The mess that is the Seafeld temple issue

THE scuffles at the Sri Maha Mariamman temple in USJ25 have brought out the very worst in Malaysians.

What began as a humdrum issue of land acquisition and the relocation of a place of worship has erupted into a theatre of misinformation, race-baiting, conspiracy theories, and violence that has left property destroyed, communities broken, people injured – and one fireman fighting for his life.

As the drama develops and more conflicting stories and theories pop in to lend to the confusion, I think it is important for us to take a step back to try and piece together what exactly happened, and why things are playing out the way they are.

Contrary to claims by the temple leadership that it has been in Seafield for over 100 years, this temple was actually built in 1981. In 2007, the land the temple is on was purchased by One City Development, which had plans to develop the land.

After a legal tussle, the temple leadership agreed to relocate to a one-acre plot of land in USJ23, in July 2014.

One City Development gave the committee a RM1.5mil donation and built the facilities for the new temple in USJ23, about three kilometres from the original site. MCT Bhd, whose office was smashed up earlier this week, was the owner of One City Development but sold it off in December 2017.

This is where the facts go, as far as I can prove. The internal dynamics of the temple following this decision is unclear.

What is clear, however, is that there seems to be a rift between camps that support the relocation and those that do not, based on interactions between the temple's core committee members on social media.

Accusations have been thrown over an apparent coup d'état of the temple's top leadership by disgraced former members who are now running the place of worship, and conspiracy theories of hidden hands trying to create disharmony in the temple for ulterior motives.

Members of the temple committee did not respond to interview requests.

This has spun into national news, with unnamed people being quoted in the press about the developer hiring thugs of a different race to smash up the temple and how even authorities were in on the whole game to spread disharmony in the community – leading to some of them being attacked by the mob.

Politicians and online commentators have taken these speculations and ran with it, leaving police and security forces to handle the riots that ensued.

While it is fun to indulge in conspiracy theories of how this temple is now suddenly the hot proxy war of higher powers, my experience in media has taught me that people have an overblown sense of agency and prefer to assign blame than to take a long hard look in the mirror.

From the brief history lesson of Sri Maha Mariamman Temple, there are two things that I can conclude: 1) It was all systems go on the temple relocation and the deal with the developer; and 2) There clearly is internal politics going on inside the temple.

It is very clear that this internal politics has spilled out into the mess that we have today.

It is shocking to see how an internal conflict can so easily be assigned to a massive racial conspiracy by the committee with no evidence, and how a sensitive subject as that – despite every statement from the cops saying otherwise – can be treated with such carelessness with misinformation and race-stoking by online commentators.

It's almost as if people want to be angry and divided.

So where does that leave us now?

It's hard to say, since the state of things is still ongoing. The important thing is for the authorities to de-escalate tensions, regardless of how and where they are being manufactured.

The million-ringgit question now is, how can you – the level-headed Malaysian – help in that de-escalation?

As hard as it may be, I think it's important for people to not buy into the whirlwind emotion of the whole thing, to not believe sinister plots and conspiracy theories wholly, to search out facts from reliable sources, and to correct the misinformation.

Keep calm, carry on.

Nicholas Cheng

The beauty of Islam of consenting to marry
Women of yr choice 2, 3 or 4 IF Not choose only 1
Is the solution to Today's World problem and even beyond
And is the only religion on Earth that allow so

Your Monk, yr Priests, yr Pastors, yr Gurus
Says Marry only 1
But yr Monk, yr Priest, yr Pastors or so no
If you understand History, Not just did they married more than one
They keep stocks in their refrigerator

We Muslims are allowed to do so as to Keep The Dignity of our Women As Legitimate wife or wives NOT as Public property and left them dry Our wives are given equal rights of property and right to bears children

Why do you left yr Mistress Dry & Not allow her to carry yr Children ? And what if that Mistress women is yr Mother , Sister or Daughter ? Islam forbids prostitution ,Keeping Mistress in the Fridge Its Haram

This came to my attention. I knew I had to address it right away.

About Tengku Adnan. It seemed the Tengku Adnan betul ambil sogokkan duit and not only that si tukang sogok di arah kenakan orang itu orang ini.

Si tukang sogok yang kena arah ada banyak masalah dengan ramai Ministers PKR. Though directors yang lain nak suruh this guy take a back seat, dia pulak degil masih nak ke depan. What a pening lalat story.

In my humble opinion, sepatutnya bila contract or sesuatu kerja diberi, berilah pada yang layak, bila yang layak buat kerja jangan pula mereka disogokkan dengan political agenda.

I wonder benda yang sama jadi dengan Khalid Ibrahim. He is known as professional man, tapi dok kena DSAI dan gang, dia kalah dan berundur.

To me orang professional jika diberi kerja tak suka kerja mereka diganggu dengan kerja yang bukan kerja mereka.

Good morning Tun

I tertarik baca blog kadir jasin semalam. I like the lampu picit part. Datuk, masa dulu musim Thaipusam kat my hometown memang gelap. Pergi pekan siang hari pun gelap. Tapi tiada rusuhan.

My hometown good, kuil besar India kat Pekan, ada satu kuil kecil tepi jalan, jauh sedikit. Masjid besar kecil pun ada. Surau pun ada. Church pun ada.

I pernah balik kampung ambil gambar sebuah bangunan, dan letak kat FB. Seorang kawan dari Sabah tanya, what building is that?. I jawab church. Dia tanya, Lutheran?. I jawab, yes, how do you know? Dia kata similar building ada di Sabah.

Part polis, actually hubby also hot, hubby kata polis bodoh. Hubby kata kalau dah ada perintah mahkamah pindah, suruh pindah saja, sekarang dah ada polis berkawal, pasal apa tak pindah. Benggang orang tua tu.

I told hubby, ada orang kata tanah adat. Tanah adat?, hubby tanya. Tapi bila I check online tanah adat di Selangor adalah tanah orang asal. Orang asal adalah orang asli.

Bila fikir jadi kelakar, bila fikir lagi, dah macam kes di Perak, DAP dan Nizar buat pindah pindah tanah Melayu kepada kaum Cina, sehingga UMNO kena ambil Perak.

Lepas tu kempen ICERD, konon tertindas, to me kalau rasa tertindas boleh migrate, Malaysia pun tak pernah tahan, kecuali you ada court case, you tak boleh pergi mana2.

Malaysia juga tak janji negara baru nanti sebaik Malaysia. Pandai la bawa diri kat negara baru, tapi kalau kurang ajar macam kat sini, jangan mimpi la hidup senang ditempat baru nanti.

For us kita orang Melayu, tanah ini tanah Melayu, that's why I like G3. You rampas barang orang Melayu chances are you akan diguling dari jawatan dan position yang you ada sekarang.

I pernah beritahu Tun siang2 lagi, orang Melayu dah ramai marah. I beritahu sebab I nak Tun tau, jangan terlalu makan cakap orang sekeliling hingga Tun tak sedar apa jadi luar sana.

Good evening Tun yang disayangi

Harap Tun dan isteri dalam keadaan sihat. Makan bersama, bergurau senda bersama.

I tertarik baca ini "Tiada pengesahan rasmi Agong berkahwin – PM". I tersenyum dan tertanya dalam hati, siapa lah gerakan yang tanya soalan ini pada Tun.

Orang Melayu biasanya tak tanya soalan ini. Sebab orang Melayu tau Sultan2 mereka memang ada kahwin dalam diam. Kalau tiada pengesahan dari istana, it simply means unofficial wife bukan official wife. Begitulah adatnya, istana hanya issue berita rasmi berkenaan dengan istana sahaja.

Goodnight Tun, Sleep Tight.

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Mohon izin Tun:

1. Betullah tekaan saya puak samseng mana yang membakar lebih 20 kenderaan dalam rusuhan di kuil USJ 25. Jika marah pun takkan sampai merosakkan dan membakar harta benda orang lain sehingga begitu sekali. Memang kurang ajar betul. Jangan berlembut dengan golongan samseng ini.

2. Tentang keperluan (peraturan baru) untuk dapatkan permit rumah ibadah dari PBT, saya ingatkan perkara ini memang telah dilaksanakan. Takkanlah main bina saja rumah ibadah tanpa apa-apa kelulusan atau permit. Patutlah golongan yang tidak makan saman ambil kesempatan – degil pula bila diarahkan berpindah. Tanah orang lain dibuat macam tanah sendiri. Tidak malukah?

3. Masalahnya, mahukah golongan samseng yang degil ini patuh kepada undang-undang tentang keperluan mendapatkan permit PBT untuk pembinaan rumah ibadah? Arahan mahkamah pun mereka ingkar. Pemilik tanah sudah berusaha untuk mengambil balik tanah, tetapi setiap kali mereka dihalang dari berbuat demikian oleh orang-orang di kuil tersebut.

4. Saya harap Kerajaan & pihak berkuasa berlaku adil terhadap kumpulan Melayu yang dibayar untuk 'mengawal' kuil pada pagi 26 Nov 2018. Adakah mereka merusuh dan merosakkan kuil? Mungkin mereka fikir dengan adanya perintah mahkamah mereka

tidak melanggar undang-undang bila diminta MENGAWAL kuil pada tarikh tanah/kuil akan diambil alih oleh pemilik sebenar (pada 26 Nov 2018). Memang ada manusia yang lurus bendul sikit.

5. Susahlah kalau ahli-ahli Bomba (majoriti Melayu) pun sanggup diserang dan dibelasah setengah mati (hampir mati) cuma kerana insiden berlaku di kuil Hindu. Ini satu realiti yang menyedihkan.

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

P/s: jika konco dia boleh pilih, konco bukan dia pun boleh pilih. whatever will be the consequences politically, life will go on as usual for voters, but for political parties of the divide, they can either support, or not support, itu saja. jika wang dan rasuah politik masih diteruskan, i believe the insiders pun rasa stres dan tergugat, and they will just do whatever they could in 4 years time. jika kerabat negeri pun tak bimbang, who are we to risau? Can do, you do, cannot do, dont force just because of kerja deadline construction because that is very risky to the developers, main contractors, sub contractors and foreign workers since the power of authority at putrajaya can do what they like without turun padang.

Well, if people keep saying we stupid, we lazy and all, that's a maybe. Honestly, a single one of us are that, heran kan?. I think its time to lead them on, its not hard. "I cuma nak tanya dimana Tun dan PH nak buang orang Melayu?"

She meant nak buang melayu ke perak?

Look at tolled highway in reducing traffic in greater kl, using new toll highway kena bayar 2 tolls at myr2.50 per toll with short distance, total is myr5 per day, but using the old roads, eventhough traffic jam of 15 to 20 minutes, can jimat myr5 x 20 hari berkerja iaitu myr100 satu bulan, and in 1 year, can jimat myr 1200 per year.

She still have the guts to say kena ikut rule of law so that mempercepatkan pembangunan macam singapura, but i cannot be jealous of her with vvip with power godam of my way, betul tak?

What to do, thats bollywood style, and thats nothing wrong with that when majority of the political parties allied to bersatu since there is no way umno-pas can take charge to dictate the federal government to suap their members of few millions in many years to come after the exposure of 1mdb vanity fair project to make malaysians proud,.

Its alright to build toll highways the countries, but with this kind of just hantam saja punya sikap, sure kena 'tiau' in hokkien, meaning sure kena f..k lor.

Selepas pencerobohan ganas berlaku di subang sana, now anti-icerd diadakan secara besar besaran, peacefully atau tidak, the general perception would be membasirakan current and future taxpayers punya money under federal constitution, itu saja.

The sentiment shall be janji bukan umno-pas, are they okay with this strategy?

Adakah itu kera dapat cincin, atau bunga, itu terpulang kepada citarasa negeri mereka masing.

P/s: the highest honorable list of titles offered by agong, states sultan, federal government and other states without sultan can be tarik balik too depending on the result of general election, so pandai2 lah mereka ini yang menggelar mereka ini perjuang ketuanan melayu dan agama islam.

Tun
ISA Wajib ditubuhkan semula
Najib memang bodoh kerana menghapuskan ISA
Bukti dia Bodoh....Dia Kalah di PRU
UMNO , Najib was in the upper hand to Win
Dengan menaburkan Dedak , juga dengan Meganya reputasi UMNO dahulu
Tewas juga di tangan orang Tua yg bernama Mahathir

ISA Perlu, ISA Wajib
Bagi mengekal Keadayaan , Memakmurkan Negara
Malaysia di belenggu dengan Budaya Gangsterism , Ah Long ,Pak Long
Anggota Polis juga ada kaitan dengan Gangsterism , Rasuah dan sebagainya
Inilah CANCER Masyarakat . Inilah Wabak Pelacuran , Perjudian , Penjualan dan
Kegunaan Narkoba

Malaysia mesti banteras Budaya yg akan mengganggu Kemakmuran Negara
Perlu di beri Amaran
Seperti yr di lakukan President Duterte, Phillipine
Kalau tidak dihabiskan
Ia akan jadi Budaya Turun Kemurun

Perlu tubuhkan Badan yg Active bagi membanteras Gejala
ini hingga ke lobang cacing .Jika perlu , Askar juga di kerahkan

Contoh terkini rusuhan di Kuil
Jika tidak ditangani dengan Tegas & Professional
Ia akan Berlarutan dan Merebak
Gangster Melayu yg di tuduh ini adalah Gangster 10c , 20c
Upah hanya tidak seberapa sen pun
Seharusnya mereka fikir kedepan

Dengan Hapusnya gejala ini
Kita 1 Malaysia bolih Kedepan demi Anak Cucu
Harap yg beremosi , biar Pihak Polis yg membetulkannya

Pegawai Kerajaan mesti Keluar Berpasukan apabila menjalankan tugas
Dan mesti berkawan, tidak bersendirian
Jika ada Kekacauan dalam menjalankan Tugas
Pihak Polis mesti ada Unit yg berkejar ketempat tersebut
Bawa balik si Penghalang
Jangan ajak Berunding
Rundingan harus di Pejabat Polis

Selamat pagi Tun

Tun kata RULE OF LAW kenalah untuk semua ikut. Jangan pula kerana Waytha dalam regime Tun, LKS dalam regime Tun, LGE dalam regime Tun, DSAI dalam regime Tun, rule of law tu boleh bend bend ikut suka hati.

Kalau mahkamah dah keluar perintah keluar. Hormatilah. Janganlah putar belit. Kes ini kes lama Tun. Kuil pun bukan berusia 100 tahun seperti diwar warkan certain blogger. Cuba kaji balik history, Subang Jaya adalah projek UEP, tahun berapa mereka mula bina rumah dalam Subang Jaya. Kalau tak silap I, directors MCT adalah contractors UEP.

Selalunya kuil dibina bila ada pembangunan dalam kawasan tersebut. Bila nak expand development mereka tuntutan duit pampasan untuk pindah. Bila tak roboh bangunan ada group lain masuk, nak tuntutan pampasan juga. Itu kes biasa dari zaman BN lagi.

Baru2 ini Mufti Perlis pun bercakap tentang ini. Kalau BN tak boleh tangani isu rumah berhala ini, PH boleh tangani.

I fikir ada baiknya Tun sekali sekala baca Utusan. Situ adalah pendapat orang Melayu.

Maaf cakap Tun, PH, Menteri Cina sokong kaum Cina, Menteri India sokong kaum India, Menteri Melayu sokong semua kaum. Mana tempatnya orang Melayu sekarang? Sehingga kami perlukan G3. Seheinggakan dengan bayaran 150 ringgit untuk guard kuil yang controversy pun rela. A young man yang sedang tenat dalam IJN. Anak Melayu Tun!

I cuma nak tanya dimana Tun dan PH nak buang orang Melayu?

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Mohon izin Tun untuk ulas isu semasa yang berkaitan dengan kedaulatan undang-undang:

1. Isu kuil di USJ25 menyedarkan kita betapa lemahnya penguatkuasaan undang-undang yang berkaitan dengan kesalahan MENCEROBOH tanah hak milik orang lain oleh sesetengah pihak yang tidak tahu menghormati hak orang lain – pencerobohan haram.
2. Ini bukan isu terpencil, malahan banyak lagi kes-kes sebegini. Mengapakah isu ini tidak ditangani dengan tegas berdasarkan peruntukan undang-undang negara? Adakah kerana ianya melibatkan kaum minoriti?
3. Apakah mereka ingat mereka ada HAK KEISTIMEWAAN untuk melanggar perintah mahkamah dengan sesuka hati?
4. Agak pelik bila puak yang dikatakan (hasil siasatan) menceroboh kawasan kuil telah didalangi peguam pemaju yang mengupah dalam 50 orang Melayu (mengapa Melayu?) untuk mengambil alih kuil yang memang pun bukan hak milik kuil tersebut. Kuil tersebut berada di tanah yang dicerobohi (sejak sekian lama).

5. Siapakah sebenarnya yang wajar digelar PENCEROBOH? Lagi satu, PEGUAM pemaju dari kaum mana? Melayu, India, Cina, Sikh, etc. atau orang asing? (<https://www.mstar.com.my/lokal/semasa/2018/11/28/peguam-dalang-kecoh-kuil>)

6. Saya sarankan supaya Kerajaan PH terangkan kepada rakyat Malaysia siapakah PENCEROBOH SEBENAR dalam kes ini? Tidak perlulah terus menjaga hati pihak tertentu. Bukankah PH memang sentiasa dengan bangganya mempromosi 'The Rule of Law'?

7. Dalam kes kecederaan Muhammad Adib (ahli Bomba) pula, ada pihak mendakwa kononnya dia dilanggar oleh trak bomba. Logikkah dakwaan ini? Siapa pula yang mengheret dia keluar dari kenderaan tersebut? Yang membakar banyak kenderaan siapa pula? Siapakah agaknya yang suka (pakar) membakar?

8. Apapun, masalah pokok ('root cause') atau utama ialah pihak yang menceroboh tanah yang bukan hak milik mereka berdegil untuk tidak mahu keluar dari kawasan / tanah yang diceroboh. Ini perlakuan salah.

9. Agama suci Islam MELARANG kita mengambil (mencuri) barang yang bukan hak kita dan kita dilarang menceroboh tanah milik orang! Maaf cakap, golongan ini umpama penyangak kerana tanpa rasa segan silu menentang pula pihak yang sebenarnya ada hak ke atas tanah tersebut. Wajarkah Kerajaan PH mempertahankan puak ini? Dulu bukan main lagi marahkan rejim Najib yang dikatakan pencuri, perompak, penyangak, etc. Entahlah...

P/S: Senada dengan 'Sri Sense' dalam isu kuil ini.

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Jack ma is listed in the honorable list of communist political party member.

He cannot reject because thats china, that is you wajib to obey under communist political system.

They have never enjoy the political system of westminster left by the british.

But, in malaysia, are we a communist, marxist or commonwealth country after merdeka?

Itu kena terpulang kepada citarasa yang diinginkan putrajaya.

P/s: i dont know what will happen in the future, but i know if the new government prefer to the old government way of doing thing, then, there myr will further depreciate, and

share market will be stagnant and trapped in the middle, meaning tak nak banyak, tak turun banyak to run their trx operating expenses, itu saja, bak kata, lambat takpa, janji selamat.

I guess the new tourism minister mesti lega hati and wont even tanya khabar on this issue, naikan tax csino, kan kerabat n9 dah tarik balik hak istimewa of dsn and wife of pahang.

If hanjin shipping of south korea can bankrupt, then, genting malaysia can bankrupt too.

Sometimes, bankruptcy is not a bad thing to re-structure their businesses.

Biasalah tabiat ini susah diubah kerana hanya menurut perintah parti bersatu, kan beliau ini pm malaysia baru.

But, the position that they pegang is minister level, and issue like this dia tak boleh buat tak nampak, buat tak tahu kerana itu bukan kroni aku, atau negeriku.

Its alright, i think genting resort world will sort out their problems sooner or later.

P/s: malaysia is in such situation, the old malaysia punya head can wash hand, but the new malaysia punya head cannot wash hand because such impact will affect share market, myr, confidence of investors and voters. if new malaysia punya head thinks thats pahang punya issue, then, new malaysia is bound to fail eventually as expected.

Now ph punya hanipal told umno punya loyar, shafee to mirror himself, kan puak kedua2 ini muslim, jika tidak, mana layak apply for status bumiputra betul tak?

Semasa perhimpunan sidang media bersama 7th pm di putrajaya baru2 ini, beliau di reported pengang kerana tak boleh tahan suhu panas sana kut.

Of course, the compassion media owners would use the angle of kasihan beliau kerana tak dapat bertahan diri lama, panas dan penat.

Biasalah, kan ini adalah very very important person of putrajaya, wajib sedapkan hati mereka, jika tidak mungkin permit ditarik balik, atau takut kena warning letter, betul tak?

Jika beliau berdiri, belum lagi puasa month, pun pengsan.

Imagine, yang kerja under construction, mereka pun muslim dan bukan muslim under hot sun 8 hours, pun terpaksa bertahan, and adapt to this heat because they have chosen this industry, jika mereka ini muslim, then, is it they wajib to berpuasa and take light jobs, and the non muslim need to be swapped and took over the heavier jobs, tapi gaji sama?

If this is not prejudice against non muslim, then, compassion or complacent?

Will new malaysia site follow the old malaysia site yang kini in twilight years, kerana dah in love with the kuasa baru ini yang mereka berebut2 berpuluh tahun?

P/s: malay representative for transportation companies can asked for higher salary for bus driver, is it neccessary, or not, i am sure transport ministry can their decent and honest officials to set an appointment to interview with the owners or management of individual bus companies owned by them but regulated by mot to get the geniune feed back.

Good morning Tun

The best way ikut saja rule of law seperti Tun selalu kata. Nak Malaysia maju cepat, cantik macam Singapore, ikut saja rule of law. Janganlah rule of law hanya untuk war warkan kejahatan UMNO. Ministers DAP pun harus berhenti dari jadi hero kaum. All this "mesti mintak maaf to us" thing really jelak already. Your fault also we must mintak maaf, what is this, man!

I nak share ini :

1. Everyone is entitled to their opinion about the things they read (or watch, or listen to, or taste, or whatever). They're also entitled to express them online.
2. Sometimes those opinions will be ones you don't like.
3. Sometimes those opinions won't be very nice.
4. The people expressing those may be (but are not always) assholes.
5. However, if your solution to this "problem" is to vex, annoy, threaten or harrass them, you are almost certainly a bigger asshole.
6. You may also be twelve.
7. You are not responsible for anyone else's actions or karma, but you are responsible for your own.
8. So leave them alone and go about your own life."

When we can nasionalize japanese automobile technology via monopolitics vp system, we dont see any reasons why we cannot accept shinkansen technolgy of hsr.

If petro nasional vvips can barter trade with jepun in exchange of engines for proton and perodua for local assembly, i dont see any reasons why puak cannot do that again.

If petro nasional wips can subsidize petrol to air asia so that everyone can fly at cheap rate, i dont see any reasons why this puak cannot do that again.

But, if her puak still prefer to monopolize this shinkanzen technology in the name of her race and religion ideology via kekecohan and pilih kasih by chopping heads and hands, ultimately, the result would be maverick, dan akan rugi in the long run kerana tukar gomen.

Technology, or advance technology can never be implemented based on race and religion quota set by political parties.

Why?

There is no way japan can do the shinkanzen project by using 100% material and human talent from their country because these 2 main components can fluctuate memang tak boleh dikawal selama-lamanya because when project completed, they still need to maintain the system to make it more efficient to bring the operating cost down, meaning they required right talent to manage, bukan race and religion quota to manage.

Jika berbandingkan yen dengan rmb, which cost is more cheaper?

Jika berbandingkan teknologi jepun dengan china, which option is more acceptable?

Jika berbandingkan agama, budaya dan tradisi jepun dengan india, which option is more profitable via roi?

P/s: i can imagine when musato kata dia comel dan ada power godam, it must pissed off the other wanita who dont buy such shit. Really sickening to see these so called red riding hood in manipulating the sentiment of kesengsaraan. if they still insist to divide the muslim and non muslim in the name of sin tax, then, its time to kiss selamat tinggal to this puak tudung merah atau reg flag.

Tun

I baca tulisan Hajar. I turut bersedih dengan nasib the fireman. Orang Melayu orang Islam. Usia masih muda. Nak kawin tak lama lagi. Tiba2 jadi begini.

I nak komen sedikit about the company MCT. MCT ini public listed company. Company Cina Malaysia. My son kata Chinaman company, sebab bagi new idea pun tak nak ikut and kedekut.

The Filipino pada mulanya one of the majority shareholder. If I'm not mistaken another majority shareholder jual share pada Filipino ini, so now mereka ada like 70% share dalam MCT. And yes Filipino ini macam giant developer di negara mereka sendiri, so duit banyak.

I tidak ada shares dalam MCT but shares MCT juga tidak mahal. Bawah 1 ringgit. Banyak lagi interesting developer yang listed kat Bursa. One City pun bukanlah satu mall yang menarik. Ianya agak gelap dan terletak dalam kawasan banyak shophouses, so terdedah dan tidak begitu ketat kawalan.

Kalau famous pun tempat ini sebab sering ada wedding Melayu buat sini. More of a place for events. And tempat parking basement untuk event pun agak ngeri dan menakutkan.

The last time I pergi sini masa lepas raya bawa orang Ipoh dan orang Batu Gajah pergi kedai jual barangan 2nd hand Jepun.

Masa tu I nampak ramai tourist dari China berlegar-legar. Kerja mereka asyik nak bergambar dengan kita. Selagi orang nampak, mereka tarik tangan ajak gambar sama. Ada satu Cina local kata, mereka ini dari multi level marketing, so bila gambar dengan kita konon-konon agent mereka di Malaysia lah hahaha

Itu saja I tau about MCT, I rasa MCT beli tanah dari Sime UEP. And I also don't think mereka baru beli, should be around the same time dengan tanah yang ada bangunan One City sekarang.

Salam Dearest YAB PM Tun Dr. Mahathir,

Allow me Tun to give my opinion on the following issue:

Instead of fighting fires, injured fireman now fighting for his life

"And it also looks like he was whacked and stomped, which caused his ribs to fracture and puncture his lungs."

<https://www.thestar.com.my/news/nation/2018/11/27/instead-of-fighting-fires-injured-fireman-now-fighting-for-his-life/>

1. My prayers for Muhammad Adib Mohd Kassim.

2. Those who whacked and stomped him without mercy must face the law and must be severely punished for their crime.

3. PH leaders always talk about 'The rule of law'. So I would like to see how they are going to handle this case (without prejudice). I just cannot believe the cruel action of those gangsters who pulled Muhammad Adib out of the vehicle (to be beaten) though he was merely doing his job as a fire fighter. Why him?

4. If he succumbs to his injury ("mohon Allah SWT selamatkan beliau"), those crooks responsible for beating him must be charged with murder.

5. As for the court ruling (regarding the temple & land ownership), why can't they (temple – its management and others) just accept the ruling? The land belongs to a private company (in fact the mother company is a foreign company), and it has got nothing to do with the Malaysian Government. Now I wonder how much more of our lands have been sold to foreigners.

6. I really hope the PH leaders (they know who they are) who don't seem to trust the Police to just keep their opinions to themselves. They are giving statements (in public) that make the situation worse! Just let the Police do their job.

Thank you Tun.

– May Allah SWT bless Tun and family –

Assalamualaikum Tun,

The ICERD issue was a close one for the Pakatan government. Malaysian was deeply divided along racial lines, with Malays against the ICERD ratification and the non-alays for the ratification. Neither side won't budge. And you have PAS and UMNO drumming for ICERD not to be ratified. the In a multiracial country like Malaysia, this is not a situation we want to be in.

Tun did the right thing by pulling the plug on the ratification of ICERD. Whether ICERD is right or wrong is beside the point. The greater good of the country is paramount. You don't fight fire with fire. You fight fire with water. With UMNO and PAS planning to hold

demonstration, and the non-malays playing into UMNO and PAS narrative by not wanting to budge and forcing the government to sign the ICERD.

By pulling the plug on ICERD, UMNO and PAS has lost the basis to hold the demonstrations. The tense situation quickly de-escalate after that. Now is the cooling off period.

Thank you Tun for the quick thinking and making the right decision. We would have gone to a different road had Tun maintained to ratify the ICERD.

It never succeed in forcing malaysians of all races to live the lifestyle of prophet nabi muhammad, and if they still insist on that by allowing the segregation of muslim and non muslim zone, even if they put non muslim to implement the syariah compliant policy, the result would be negative, and would be reflected in myr and share market.

Why?

Because the federal constitution just dont allow that to happen.

Too bad, mca carries the word ' chinese' that must have pissed him off.

He even gave the reason that the top management of these university and colleges are drawing high salary.

The education property hub no longer sustainable, and might be losing money due to low demand of the property, and i guess, mr lim guan eng had no choice but to sacrifice mca, but not umno related universities and colleges to maintain their support to pakatan harapan.

Good evening Tun,

I would like to share my thoughts and discuss together with Tun and everyone else here about the recent news regarding the budget 2019 for allocation of funds to Colleges and Universities. Particularly, Tunku Abdul Rahman University College and Universiti Tunku Abdul Rahman .

The allocation of funds to the mentioned college and university above will be reduce from RM 30 millions previously to RM 5.5 millions. RM 5.5 millions are just for development expenditure, excluding any operating expenditure. How can a major institution like TARUC and KTAR be able to cope with the huge monthly operating expenditure with these little development funds... Even if this RM 5.5 millions are split for operating expenditure, it would not be enough to sustain the overall operation. Where is the fairness in this allocation? Why are only TARUC and KTAR receive such a heavy cut in funds. Are other colleges and Universities that receive funds from the government also receive the same heavy cut?

This news give me chills as I fear that the semester fees will raise to the roof and no longer be affordable by the majority of Malaysians. This budget 2019 will force TARUC and KTAR to raise their fees to sustain themselves. The ones who will bear the costs and suffer will be Rakyat themselves. I love Malaysia very much, it is such a beautiful and peaceful place. But now it seems the opportunity to get good quality tertiary education

at an affordable prices will just get slimer and slimer. Where else can future young Malaysians get a good and affordable tertiary education...

As a rakyat of Malaysia, I deserve to have good quality education at an affordable price. TARUC and KTAR had produced a great amount of brightful graduates to the work force and contributed to Malaysia greatly. The priceless goodwill has already established there, why can't the new government continue to support them? Is like after someone had contributed so much but get penalties instead of rewards. That I believe is unfair to TARUC and KTAR, and also to all Malaysians who planned to enroll in them to continue their tertiary study.

Yang Amat Berhormat Lim Guan Eng clearly stated in the parliament that the government will not allocate any more funds to TARUC and KTAR. Did he made a mistake? TARUC and KTAR are neutral institutions that free from any political influences and have been relying on public donations and support from government to grow. The tuition fees to the students are so low that it is not profitable at all. I wonder do they even break-even with such a low price. Now with only RM 5.5 millions, I feel Yang Amat Berhormat are forcing TARUC and KTAR to shut down after years of contribution to Malaysia. I demand Justice for TARUC and KTAR and also for all the students and future students.

The government could at least reduce the allocation by half due to Malaysia is in great debts, but now less than half. That just unsustainable. The only way for TARUC and KTAR to continue to operate in the follow years are to sky-rocket their semester fees. Malaysians will not be able to study under them anymore but have to find other cheaper alternative without proper goodwill. When the brand name is weak the quality will also be perceived as weak, and it is true most of the time.

That's my thoughts, I hope Tun could lend a hand and help TARUC and KTAR in this crisis of raising tertiary education fees. Anyone is free to discuss this topic with me. Your opinions and helps will be greatly appreciated.

P.S. I am not Indian, I am not Chinese, I am not Malay, I am not Iban, I am not Kadazan. I am just a Malaysian who worry about the future generation's education.

Jika menteri menjolok mata dan menyinggung perasaan mu, atau you tarak suka, tukar gomen saja, apa2 yang susah2 ini?

Whichever coalition that gets the majority, we still need to pay taxes to the government in myr, unless you decided to leave this country or work in other countries, itu saja.

Cantas mencantas, sabotaj, tunjuk perasaan, jeles, gosip, tikam menikam di belakang, dodoi, bangsat, galeri, blah blah and until now, they still do that as if the voters are stupid and dumb like them.

P/s: even if they play dirty, and use force, thats nothing the voters can do except to vote for the coalition that they feel comfortable and safe, itu saja. therefore be grateful with what you have.

Yup apa hajar cakap betul. I suka baca tulisan Hajar dari baca tulisan HBT yang merapu tak bertempat.

And yes I dapat contact orang2 yang di atas. Satu sokong Anwar, satu anti Anwar. Yang anti Anwar classmate Anwar MCKK. And both of them kenal I.

Berbalik pada isu ICERD, I sokong G3, atas alasan yang mereka beri logik.

Sekian. Terima Kaseh.

Good morning Tun

I tadi sempat pergi blog ini:

<https://blog.steadyaku47.com/home/2018/10/17/cakap-cakap-ahmad-ghiti-and-anwar-ibrahim/>

I baca then I tergelak besar. I kasi tau hubby "people I kenal in real life gaduh". Hubby tersenyum panjang.

I teringat masa kes penangkapan directors SRC dulu, I pernah tulis sini, salah seorang yang kena tangkap, I pernah duduk semeja dinner dengan beliau dalam satu event, it make me sad to know dia kena tangkap. His involvement in this buat I terkejut. Anyway beliau dah lepas. Anak Felda.

Berbalik to blog atas, dear Hussein, the picture shown on your wall is indeed Ahmad Ghiti. Yup the insurance guy, from UMBC Insurance. I do know him personally. Kenal not in the 80s but early 2004. Like you he is a sweet gentle guy.

I remember dia dulu duduk board listed company ASB, you know Ahmad Sebi, orang Tun M dan Tun Daim. I also wonder jugak macam mana penyokong PKR duduk board penyokong UMNO at that time. Then again maybe bukan politik its just keperluan perniagaan. I hilang his phone nos because my phone crashed. I hope he can contact me and I akan tanya about this.

Take care Tun!

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Mohon izin Tun:

1. Pembetulan (ejaan) dalam komen terdahulu saya pada Nov 23, 2018 7:58 AM : "Jika PH meratifikasi ICERD, ini satu **pengkhianatan** terhadap AGAMA, BANGSA dan NEGARA."

2. Terima kasih Tun kerana Kerajaan PH pimpinan Tun (berjanji) tidak akan meratifikasi ICERD. Syabas! Harapan saya perkara ini (ICERD) tidak lagi ditimbulkan di masa hadapan.

3. Menyamakan Malaysia dengan Myanmar kerana tidak mengiktiraf dan meratifikasi ICERD ialah pendapat yang amat dangkal. Ini kerana di Malaysia penganut2 agama lain dilayan secara berhemah, dan mereka bebas mengamalkan kepercayaan mereka (selagi tidak melanggar undang2 Negara). Mereka tidak dihalau, kediaman (rumah) mereka tidak dibakar, dan mereka tidak dizalimi seperti yang berlaku di Myanmar. Adakah berita mengenai pelarian2 (pendatang) haram Malaysia ke negara2 jiran (dalam jumlah besar)? Israel bagaimana?

4. Saya ada pengalaman menaiki bas di Eropah tidak lama dahulu. Perjalanan waktu malam dan dalam pukul 3-4 pagi (lebih kurang) bas berhenti, dan beberapa Polis dari sebuah negara (di sempadan) naik ke atas bas dan kata 'Passport...Pasport...Passport'. Dalam banyak2 penumpang 'passport' saya yang diambil dan disemak di dalam kereta peronda (dalam 10-15 minit); mungkin mereka ada sistem keselamatan (untuk periksa butir2 pemegang passport) berkaitan di dalam kereta peronda. Diskriminasi kah? Ya,

kebetulan cuma saya seorang sahaja memakai tudung di dalam bas tersebut. Nasib baik rekod saya cemerlang!

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Even crossing over the road, pedestrians are killed too, and recently the hit and run case happened in cyberjaya too.

Is it because of such incidents, then, the ruling government will ban street hawker food after working hours just to show off they care?

Moe recommending private hotels to provide swimming pools to school children is another tak masuk akal punya idea.

Even if hotels allowed due to force, i mean, top down instruction from ministry, saya pun tak akan bagi my children to join because swimming lessons need to be supervised and trained by swimming instructor on one to one basis with the guidance of parents, tak boleh cincai punya to tangkap muat untuk sedapkan hati orang atas atau kaum mereka saja.

P/s: jika pemandu tidak bertimbang rasa, tak kisah dimana2 pun, golongan ini tetap akan membahayakan diri mereka dan pedestrians on road.

Usa authority too had long facing illegal drug trafficking at the mexico border, but due to resistance from human right groups, they cant do it until mr trump comes along.

If these illegal immigrants still use force to enter the border of usa illegally even though their president declared they must come in legally, they will for sure pissed off the american voters in general.

Assalamualaikum Tun,

Walaupun kerajaan telah buat keputusan untuk tidak menandatangani ICERD (dimana ianya keputusan tepat), izinkan saya memberi pendapat.

Sebenarnya isu seperti ICERD ini pernah muncul dalam sejarah negara kita iaitu di zaman penjajahan British. Selepas berakhirnya perang dunia kedua, British kembali mengambil alih kuasa dari Jepun. Sekembalinya berkuasa, British telah memperkenalkan sesuatu yang tidak pernah diperkenalkannya sebelum ini. British ingin menukar struktur pemerintahan Persekutuan Tanah Melayu kepada bentuk baru yang dikenali sebagai "Malayan Union".

Apakah ianya "Malayan Union"? Ianya menggabungkan kesemua negeri-negeri Melayu ke dalam satu kesatuan. Antara intipati Malayan Union adalah saki baki kuasa Sultan dikurangkan kepada hal-hal berkaitan agama Islam sahaja, orang-orang cina dan india diterima sebagai warganegara Persekutuan Tanah Melayu, dan mereka ini mempunyai hak yang sama dengan orang-orang Melayu, iaitu tiada hak istimewa orang Melayu.

Akibat dari cadangan penubuhan Malayan Union inilah, maka semangat nasionalisme Melayu terbangkit, dan tertubuhnya UMNO pada tahun 1946 untuk menentang Malayan Union ini.

Demikianlah British tersilap langkah. Mereka dapat memerintah selama beratus-ratus tahun tetapi apabila mereka berani sentuh kesultanan, kewarganegaraan dan hak-hak istimewa orang Melayu, maka terbangkitlah orang Melayu. Tiga perkara ini adalah amat sensitif pada orang-orang Melayu.

Kebangkitan orang Melayu inilah yang akhirnya membawa kepada kemerdekaan negara kita pada tahun 1957.

Walaubagaimanapun, untuk mencapai kemerdekaan, British telah menetapkan syarat iaitu orang cina dan india perlu diberi hak kerakyatan. Maka atas semangat maufakat antara kaum, founding fathers negara kita, telah bersetuju untuk memberi kerakyatan kepada orang cina dan india, dengan syarat bahasa melayu adalah bahasa rasmi, agama Islam adalah agama rasmi, dan hak-hak istimewa orang Melayu dikekalkan atau dikenali sebagai kontrak sosial.

Benar kontrak sosial ini tidak dapat dilihat untuk dibaca, tetapi intipati kontrak ini dapat dilihat dalam perlembagaan negara kita terutama artikel 153 berkenaan hak istimewa orang Melayu.

Demikianlah orang Melayu bertolak ansur memberi hak kewarganegaraan kepada orang Cina dan orang India. Maka pada tahun 1957, 1 juta orang bukan Melayu menjadi warganegara persekutuan Tanah Melayu (yang kemudian dikenali sebagai Malaysia), secara jua soli.

Apa yang ingin saya sampaikan, terdapat kesilapan umum apabila ramai yang mengatakan ianya satu bentuk diskriminasi apabila orang Melayu mendapat hak-hak istimewa. Ianya bukan diskriminasi tetapi perjanjian yang dipersetujui semasa pembentukan negara ini.

Setiap kaum mendapat hak, iaitu orang bukan Melayu mendapat hak kewarganegaraan dan orang Melayu mendapat hak-hak istimewa.

60 tahun selepas kemerdekaan, pada tahun 2018, sekali lagi kontrak sosial ini diuji (dan saya percaya kontrak sosial ini akan terus diuji pada masa-masa akan datang). Orang bukan Melayu mahukan ICERD ditandatangani. Orang Melayu mahu kekalkan kontrak sosial yang asal.

Selagi mana ada yang ingat sejarah negara kita, mereka akan faham mengapa negara kita tertubuh sebegitu rupa. Mengapa ada institusi diraja, mengapa Bahasa Melayu adalah Bahasa Rasmi, mengapa agama Islam adalah agama rasmi dan mengapa adanya hak-hak istimewa orang Melayu.

Kita kena kaji sejarah dan tidak semata-mata mengatakan ianya satu bentuk diskriminasi tanpa mengetahui sebab mengapa ianya terjadi sebegitu rupa.

Common sense will tell us these separatists' suicide bombers are related to underground drug plantations and cartel.

After the attack of 911, i guess leaders of all over the world had began to set up policy to curb such terrorisms, and since no leaders are willing to sell them the wmd, perhaps they had no choice but used human to do such dirty works.

Aceh punya gam pun macam ini according to indonesians, and southern thailand border also got this and asean, philliphines also got such activities.

As for sabah and sarawak, i think its same too.

P/s: i hope our leaders too see things differently for such terrorism, drug tolerant, or drug free, is not a trivia matter like icerd, lgbt programmes or banning of smoking and alchhol.

Assalamualaikum tun.

1. Saya melihat pas umno sekarang menuju kearah yang sangat radikal dalam memainkan sentimen perkauman. Kita boleh faham objektif utama mereka adalah ingin memberi persepsi yang kerajaan PH membelakangkan melayu islam dan mereka adalah hero baru melayu islam seperti apa yang DSAI kata...

2. Untuk melakukan sesuatu yang agak luar dari kelaziman seperti meraktifikasi icerd ni mungkin boleh dikatakan mustahil kalau masih ada pemimpin umno seperti zahid hamidi dan pemimpin pas seperti hadi awang.

3. Orang melayu ni hanya perlu dicuit sedikit sahaja... Dipengaruhi dengan cerita sedikit dah cukuplah untuk mempengaruhi mereka. Bangsa yang mudah terpengaruh dengan orang.malas menggunakan otak untuk berfikir.<http://www.astroawani.com/berita-malaysia/malas-berfikir-punca-mudah-terpengaruh-sebar-maklumat-buruk-dr-hasan-mad-99635>

4. <https://www.adk.gov.my/orang-awam/statistik-dadah/>

Kalau dilihat dari statistik penghisap dadah ni pun orang melayu memang juara.pada tahun 2017 81% penghisap dadah adalah orang melayu kita(20956 dari 25922).. Kalau ingin dikatakan kerana melayu majoriti di malaysia orang melayu hanya 53% sahaja...jadi kalau ikutkan nisbah sepatutnya ade 13k penghisap dadah melayu sahajalah..

5. Ini semua terjadi kerana orang melayu ni senang terpengaruh dengan orang lain. Mudah ikut orang lain tiada pendirian sendiri. Malas nak berfikir. ICERD memang tak boleh diraktifikasi lagi selagi pemikiran orang melayu tak berubah..

6. Baru-baru ini hadi awang si penunggang agama cakap yang ICERD ini adalah agenda freemason... Die sedar tak kenapa negara seperti myanmar tak meraktifikasi ICERD? apa yang akan berlaku pada orang rohingya andai myanmar meraktifikasi ICERD? Orang disekeliling hadi awang, pengikut hadi awang betul2 tiada otak.mengiyakan sahaja cakap tuannya...selagi orang melayu malas befikir, selagi tulah hadi awang akan tetap menunggang agama sepuasnya kerana dia tahu, orang bodoh disekelilingnya akan mengiyakan sahaja setiap perkataan yang keluar dari mulutnya.Hanya perlu dicakap semuanya dibuat atas dasar bangsa dan agama. Maka akan bertakbirlah pengikut2 hadi awang.

7. Dari 57 negara OIC(organisation of islamic cooperation) hanya dua negara yang tidak meraktifikasi ICERD, iaitu Malaysia dan brunei...Brunei dengan hukum hudud korup yang diperkenalkannya(pengecualian hukuman hudud kepada keturunan sultan) tidak perlu diambil pedulilah..selain brunei,myanmar lah geng kita di negara ASEAN yang tidak mengiktiraf icerd..syabas rakyat Malaysia.

8. Walaupun saya rasa kita masih belum sampai ketahap boleh meraktifikasi icerd, kerajaan pakatan harapan pun sebenarnya dah melakukan kesilapan sejak dari awal dalam hal ini. Kita sepatutnya perlu menerangkan kepada rakyat secara terperinci apa itu icerd. Gunakan segala saluran yang ada untuk mendekati rakyat dan terangkan kepada mereka. Kerana apa kita kena berbuat begini?kerana orang melayu malas berfikir dan mudah dipengaruhi. Cukuplah hanya sekadar semasa sedang lepak minum dikedai kopi, datang sahaja puak penunggang agama 2-3 orang bercerita membangkitkan semangat pakcik2 yang sedang minum tentang perjuangan melayu islam menentang icerd. Saya pasti balik sahaja dari kedai kopi, pak2 lebai dah tak sabar untuk turun kejalan raya berjuang untuk menjadi jaguh melayu islam di era Malaysia baru.

Tolong jaga kesihatan Tun.

Common sense will tell us that the 1mdb scandal is one of the largest kleptocrat case lead by mo#1 and his advicers ever happened in usa land that for sure will pissed off their lawmakers from republican and democrats.

Because of this exposure, it would effect the image and confident of malaysian business community who had worked so hard to gain the recognition of usa market, and its not fair to this particular business community in concern.

Some hard core umno members will continue to deny, justify and support dsn and his family by pointing fingers at jho low of penang and others, but dsn as prime minister (pahang) and the wife (n9) as 1st lady should not have done that because it is criminal act under white collar tak kisah mereka ini vvips atau president umno.

I guess he, his wife and children who involved do not want to land in jail, anak elites biasanya tak boleh terima hakikatnya macam ini.

Perhaps to some mps, they see as lessons but to some mps, they see as blessings.

Isu macam ini pasti akan berlaku, its either dsn or his successors akan kena bak kata tabiat parti politik memang susah payah diubah after in control for more than 60 years to dictate the federsl budget.

Today, with billions of eyes watching their moves, will they do something stupid that would lead to path of no return that would hurt their political parties, family members and business associates?

I sure hope both of the divides wont do that if they are man enough to solve the problems with smooth transition.

If they dont, then, they will be alot of boat rocking that can prevent the country from progressing under this tajuk.

P/s: bolehkah parti musato survive belum tahu lagi jika ada mereka yang berusaha mempermainkan isu perkauman dan agama. jika parti musato boleh survive, itu bukan satu kebanggaan atau kebangsaan yang murni dan pasti dihormati di seluruh dunia, jadi kena tanya diri, mampu bikin atau tidak.

Good morning Tun

Harap dah sarapan pagi. Today I buat menemen. Hubby kata kalau makan kat kedai Turki mahal dan tak berapa sedap.

Senang saja hanya perlu telur 4 biji, ripe tomato 2 biji, bawang besar 1 biji, ricotta cheese. Dalam frying pan taruh sedikit olive oil, bila cukup panas masuk onions dah dihiris. Masak sampai layu, kemudian masuk tomato yang telah dipotong, masuk satu sudu teh gula, garam masak semua sampai layu. Bila dah agak berair masuk telur sebiji on top of the ramuan dalam pan – seperti masak telur mata kerbau, bila dah tampak telur hampir setengah masak, taburkan ricotta cheese, tutup api. Boleh makan.

Cuma share sahaja bukan nak lawan musato. Musato expert roti, I tidak pandai buat roti pandai beli sahaja. My favourite roti adalah freshly baked dari bakery. I miss the loaf!

Tahniah Musato dengan buku masak. Saya doakan segala cita2 anda tercapai. Insyaallah.

Berkekaan dengan website? Mungkin anda tersilap buat. Website ini silap sikit pun boleh jadi lintang pukang. Tapi facebook Pribumi Kuantan ok. Baru lawat.

Kalau tak biasa buat website memang perlu sikit masa nak pandai. Facebook lebih mudah buat page. But its ok kalau ada masa, kalau tiada masa baik ambik professional buat.

Hussein (yep I pernah bagi link kat sini) pun I find his blog jadi lintang pukang, hard to baca his postings. Hussein sebenarnya my old boss, not direct boss sebab beliau masa tu director, and I masa tu jadi PA pada one of the management staff. Hussein actually a very sweet guy. Nice of him to remember me after such a long time. I kerja situ tahun 80han. Then again sebab I cute, cantik (saja nak sakitkan hati, you know who) senang men nak ingat.

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Mohon izin Tun:

1. Mengenai ICERD, saya harap Tun tanpa berlengah perlu menyatakan pendirian TEGAS yang Malaysia MENOLAK konvensyen ini. Saya ulang lagi: Malaysia negara berdaulat, dan kita tidak perlu tunduk kepada pihak luar. Hormatilah Perlembagaan kita yang telah sekian lama kita junjung.

2. Uniknya di Malaysia orang Melayu beragama Islam. Maksudnya, Islam dan umat Islam turut akan terkesan dan mendapat akibat buruk jika Kerajaan PH mengiktiraf dan meratifikasi ICERD. Jika PH meratifikasi ICERD, ini satu pengkhianatan terhadap AGAMA, BANGSA dan NEGARA.

3. Saya harap Tun tidak mengulangi salah satu kesilapan besar rejim Najib yang kerjanya tidak habis2 membodek kaum Cina dan India. Salah satu sebab utama UMNO ditolak oleh kaum Melayu yang dahulunya tegar menyokong UMNO ialah kerana UMNO kelihatan sudah hilang pedoman/arrah dan tidak lagi menghiraukan perjuangan asal UMNO iaitu untuk Agama, Bangsa, dan Negara. Harapan saya peminpin2 UMNO sudah insaf.

4. Percayalah Tun, umat Islam dan Melayu di Malaysia akan ditindas habis-habisan jika ICERD diperaku dan diterima oleh Kerajaan PH. Banyak ajaran dan hukum hakam dalam Islam yang perlu kita pertahankan (jika tidak mahu dimurkai Allah SWT) yang tidak selari dengan apa yang diperjuangkan oleh golongan liberal dan penganut pluralisma agama, dan golongan yang memperjuang hak asasi manusia (yang mempromosi ICERD).

5. Saya baca tentang berita berikut:

(i) **Give Waytha a chance, says PM**
<https://www.malaysia-today.net/2018/11/22/dr-m-defends-waytha-amid-backlash-says-everyone-has-own-past/>

Komen saya: Maaf cakap Tun, saya tidak nampak dan dengar apa2 penyesalan dari P. Waytha Moorthy. Orang sebegini tidak boleh dipercayai (kaki putar belit). Dasar pengkhianat negara. Elok ditarik saja kewarganegaraan si pengkhianat ini. Tun mempertahankan orang yang tidak wajar dipertahan.

(ii) **ICERD: Kerajaan jamin pelihara Perkara 153 Perlembagaan Persekutuan**

<http://www.utusan.com.my/berita/parlimen/icerd-kerajaan-jamin-pelihara-perkara-153-perlembagaan-persekutuan-1.792164>

Komen saya: Alahai...Hipokrit! P. Waytha Moorthy ingat orang Melayu/ Islam di Malaysia bodoh-bodoh belaka. Kita bukan bercakap tentang Perkara 153 sahaja, tetapi keseluruhan Perlembagaan Persekutuan (Malaysia). Mereka ini tidak akan ragu2 membawa kes ke mahkamah untuk menekan orang Melayu dan Islam setelah ICERD diiktiraf dan diratifikasi oleh Kerajaan PH.

P/S:

– ‘Sri Sense’, thanks for reading my comments. I believe Tun also reads my comments ... Sayang Tun ...

– Penat melihat si Polan yang entah yang seberapa kali mengugut mahu berambus dari blog Chedet. Misi dan visi si Polan (wajah sebenar DAP) ini cuma satu, iaitu mengutuk

dan menghina bangsa Melayu dan agama Islam, tetapi menuduh orang lain rasis. Si Polan ini berfahaman Taoism, dan tiada sesiapa pun yang mengutuk /menghina fahaman beliau. Jadi siapa yang rasis dan bersikap kurang ajar?

Terima kasih Tun.

What do you think Juice? Do you think I manage to scramble his neuro-associative conditioning? Tony Robbins did even more drastic pattern interruptions. This is mild LOL.

Now, Juice these are my observations, they are neither true or false. Only Chedet can reaffirm that. What I am doing is part hypnosis and part auto-suggestion.

This will be interesting. If he publish, Chedet is game. If not he is one of those with insecurity about sex ROTFLMAO.

Dear Chedet,

I cannot *[] making these observations;

* External intervention.

- Chedet compartmentalizes his breaks based on prayer times
- He sleeps max 1:00 am
- At home on Saturdays he starts work at 8:00 am
- He is a speed reader
- Chedet has a youthful mind in an aging body (I say at least 40 years difference)
- He has the eyes of a child
- Chedet thinks in absolutes
- Chedet is as vigorous as a young man sexually
- He still have a strong sexual drive
- He likes history
- Chedet is a technology geek

Now Chedet, this is a personal observation based on evidence Sir. It is something I share with you because I have a high sensory acuity. You don't have to publish it.

Something to ease your tension. Hey, at least I'm being frank LMAO.

Take care... Love you.

Greetings Chedet,

In the spirit of Raja Dr Nazrin's speech, today I talk about **Liberation Management**:

First thing that comes to mind is maturity. Next is abundance mentality. Finally is trust.

The only setback is those in power is scared to let go of power. They are thinking in scarcity. Actually this is the issue with men who are insecure physiologically.

I know it may sound funny, but men with certain physical condition are insecure. So they fortify their surrounding with pseudo security. This is not a hypothesis. Hitler and Napoleon suffered from this physical condition.

I'll make it short. Liberation Management require 3 major components:

- * Intelligent Workforce
- * The Right Attitude
- * People With Integrity

It applies across the board especially from the top.

Not all in the workforce can be liberated. a dumb, lazy and dishonest person doesn't belong in this environment.

All 3 components cannot be developed in an instant. They require inculcation and gestation of values, beliefs and culture.

All we need now is the critical mass to cross the chasm. Besides thought leaders we need paradigm shifters; men and women who take the bull by the horn.

People who understand that excellent servicemen/women = excellent service quality level.

In the end we are here to serve. This service mentality is what makes us want to go the extra mile.

I got to edit a few sentences to avoid profanity but as a whole the idea of Liberation Management is Freedom of Expression by the citizens within the boundary of self-actualization.

Einstein said, "Everything that is really great and inspiring is created by the individual who can labor in freedom".

Keep fighting the good fight Chedet.

Veni, vedi, vici.

Assalamualaikum Tun.

Terima kasih Sri Sense.

Saya sekarang ada sedikit peluang untuk mengemaskini page PPBM Bahagian Kuantan. Jadi kalau boleh setiap hari juga saya kemaskinkan.

Di sini Tun dah tak tulis berkenaan masalah lagi. Jadi tiada apa nak difikirkan.

Cuma saya terfikirkan untuk menemui Tun. Saya sedang cari untuk slot tersebut. InsyaAllah kalau dapat. Saya pun bukan tahu sangat.

Sebelum ini saya tiada keperluan untuk jumpa Tun. Sekarang pun tiada keperluan. Cuma berniat untuk ziarah dan sebagai menunjukkan tanda berterima kasih.

Kalau boleh saya nak dapatkan kata kata aluan untuk buku terbitan saya, sebagai cenderahati bagi diri saya sendiri. InsyaAllah.

Bukan buku politik atau seumpamanya. Cuma buku yang di dalamnya ada resepi meroti. Resepi inilah yang saya gunakan untuk mencari rezeki lepas saya berhenti bank.

Pekerjaan itulah yang saya gunakan sepanjang saya menulis dan berada di sini.

Sudah tentu juga, saya berasa amat perlu berterima kasih pada Tun kerana sudi menjalankan idea idea dan pandangan saya selama ini. Lebih lebih lagi walaupun selepas menjawat jawatan PM sekarang.

Sekarang Menteri Pendidikan sedang berusaha melaksanakan penguasaan kemahiran di air/renang bagi pelajar sekolah.

Saya kira hampir 3 tahun telah saya tulis berkenaan renang di sini. Anak saya sekolah rendah baru baru ini pun dah berani terjun dari platform dan habiskan 50m freestyle dan sekali lagi 50m, kolam Sukma.

Tidaklah terlalu serius sampai upah jurulatih profesional. Cuma main main dan ikut kemahuan/keberanian kemahiran anak anak. Just for fun.

Biasanya saya tulis 'kebetulan'.

Tapi bukanlah satu kebetulan bila perkataan 'lanun Bugis' digunakan oleh Tun untuk menggambarkan Najib satu ketika dulu.

Anti Rasuah bersetuju dengan perkataan 'lanun' yang ditulis oleh saya. Saya ada baca komennya dan tahu.

Tapi lepas kecoh satu Indonesia dan Malaysia berkenaan perkataan lanun ini, anti rasuah terus hilang.

Pastinya menulis di sini bukan sekadar mainan.

Saya dah kata Najib bukan pencuri, tapi adalah lanun. Maka sampailah satu masa Tun Mahathir/PM keluaran kenyataan bahawa kerosakan yang berlaku adalah lebih buruk dari jangkaan.

Apakah saya tidak perlu berterima kasih pada pemimpin yang dikasihi ramai rakyat jelata?

Saya perlu dapatkan cenderahati kata kata aluan dari beliau untuk buku meroti saya (belum dikemaskini lagi, tapi material dah ada). InsyaAllah.

Terima kasih Tun.

Good evening Tun

Goldman drops after downgrade by Morgan Stanley on 1MDB

<https://www.thestar.com.my/business/business-news/2018/11/22/goldman-drops-after-downgrade-by-morgan-stanley-on-1mdb/>

– I remember Kimora: Life in the Fab Lane. Kimora fashion model and fashion designer. Show ini ada di tayang kat Astro E channel. Masa tu I suka tengok cara Kimora jalan her successful urban couture line, Baby Phat, and her newer fashion line, KLS. At that time her husband Russell Simmons and not Tim Leissner. She married Tim Leissner in 2013. Just sharing maybe Tun nak tau.

Edi rejang is terminated by his employer, but, government can provide him a job.

This is the public obligation of the needy that any ruling governments need to do due to his naive in playing the racial card tanpa timbang rasa sebagai warga negara ini that would made the voters to generalize his race as racist, and thats bad and unfair to his race.

P/s: i sure hope he learned his lesson, and if that person that he bullied is not a lady of a company with social corporate responsibility, he might be belasah kow kow.

When a country had excessive law to govern their people without transparency, the corruption rate of bribing is definitely higher.

Yup, they can sue goldman sachs, but the chances of goldman sachs will win the case is higher.

Why?

The pr company does not have the obligation to differentiate corruption or lobby cost.

Ex-pm cum mof dsn can claimed penangite jho low cheated him, but he cannot denied his family in accepting the bribes, i mean, lobby cost in commission cash and hadiah form, betul tak?

It looks like umno-pas had decided to do anti-rally icerd in kl, will they bring along their magnet super star this time, zakir naik?

Even if they bring in orang kampong in kl by force with or without permit, they are shaming themselves only.

If their political parties still got cash, and boleh sponsor the kampong folks for 1 day makan angin trip, tak da masalah because these kampong folk are legal tourists can increase businesses of penjaja for makan and shopping, bak kata, the money that they spent is still in myr what.

Jika pdrm tak cukup kakitangan, the ruling government can get mat syabu mod punya pasukan rela to jaga keamanan anti-protest ini, murah aja, upah myr100 with lunch boxes provided untuk 10 jam kerja, kan, rezeki ini halah di sisi labor market rate, betul tak?

P/s: melayu punya pemimpin bodoh, sengsara atau tamak, itu terpulang kepada ajaran agama mereka, and thats nothing the government and political parties can do, bak kata, mind our own business.

Dear Tun,

How are you Tun? I hope you are doing fine with the very busy schedule you have running here and there. I just cannot help worrying how you cope with everything. Keep going strong my dearest Tun, but remember your health is of utmost importance too.

Tun, I guess it isn't too late to wish you Selamat menyambut Maulidur Rasul 1440H 2018. I wish Tun Siti Hasmah the same, your Muslims readers too. Great people are remembered beyond their own times and for the contributions they made and legacies they left for humanity. 'Greatness is when you rise above your times and create an example of goodness and justice for all humanity for all time.'

Tun, our Malaysia has a long way to go before our people will learn to accept each other's differences. It isn't something that will happen with the click of a switch. But that day will come, though it may take some time, for people to learn acceptance and defeat pride.

Tun, I hope you will serve at least a full term as our Prime Minister. To heal a wound will take time, to heal a nation and a country will take a life time. Two years is a short time frame for you to mend what has been left by the crooks. And I dread to think if you would leave us in the hands of a worse crook than the last! Please re-think about this Tun. It isn't just about passing the baton. It's about the survival of a people a nation a country.

Love you dear Tun Dr. Mahathir. Do take good care.

Assalamualaikum Tun,

Trump dengan jelas telah membela Saudi berkenaan pembunuhan penulis akhbar Jamal Khashoggi.

<https://www.theguardian.com/us-news/2018/nov/20/trump-saudi-arabia-jamal-khashoggi-crown-prince>

Bayangkanlah, musuh ketat Islam, Trump yang begitu rapat dengan negara zionist Israel, membela negara Saudi, tempat terletakinya Mekah dan Madinah.

Ramai tertanya apabila Palastin dibom dan ditindas, mengapakah tiada negara Islam yang datang membantu? Kalau Saudi, pemimpin kepada negara-negara Islam pun dibela oleh Trump, memang tidak mungkin negara-negara Islam membantu Palastin. Begitu juga Mesir, yang telah menutup sempadannya dengan Palastin, maka sukarlah untuk rakyat Palastin mendapat bekalan-bekalan makanan. Rakyat Palastin terkepung dan negara mereka menjadi penjara.

Tun pernah bertanya, mengapakah negara-negara Islam tidak menggunakan minyak sebagai senjata untuk menentang Israel dan sekutunya Amerika Syarikat? Mengapa negara-negara Islam berpeluk tubuh melihat sahaja kesengsaraan rakyat Palastin?

Inilah jawapannya untuk semua melihat.

Pictures of kuasa 3 speaks thousand of words, and what is in the mind of tdm, i guess his kaki bodek like sri sense race knows very well.

It is not a secret what to the insiders.

Yup, movie-goers in the world will spend money to watch that movie, but will they be allowed to produce this movie under copyright of hollywood is still too early to tell since the slogan of mr trump is to make america great again, and can he survives or not, its still too early to tell.

The hollywood movie of rich boy's club starring kevin spacey couldnt sell due to his sexual harrassment that pissed off the hollywood entertainment industry, and movie goers is another concerns to them too.

It is about favoritism and absolute power, it was never about nation building to include all races, but, you must get the mandate from the political parties and voters, and thats common sense.

P/s: each time when there is important summit in asia, the usa president couldnt make it, and this time around is devastating of forest fire that burned over 1000 human lives and millions dollar worth of property. The writing of puppet china, pro-usa, anti-israel or

anti- jews are just conspiracy writings only, or in other words, spinning stories to make themselves tampak righteous and bijak, itu saja.

If i stay longer in this blog, i will become weak and racist just like them.

Its not about nation building, its all about personal power struggling within their circles of influence to dictate the budget.

When things turned messy, they just sue here and there entah untuk apa.

Its scary, uncertain, insecure and could lead to another cycle of anger, hatred and sabotage just to cover themselves,

Racism and extremism are very much alive in here.

Henceforth, the best way out is to leave this blog without questioning.

Salam Tun

I kalau free rajin baca news dan blogs, ada masa I ketawa, ada masa I sedih membaca tulisan mereka.

Lain masa free sebab dah retired, I tengok Astro. Movies channel, Masak Channel but mostly US products. I seldom tengok Malay channel and I never minat Parliment thing. If Astro tidak ada product ini, I pun tak kisah. Not my thing.

I seldom baca komentari sini. Hajar I baca, Musato I baca, Mubarak Chan kadang2 I baca.

Kalau HBT tu lagi I elak baca sebab I tahu dia kaki meraban dan tidak hormat orang lain. Baca sekali dua, lepas tu tak payah la. Dia kaki spin macam politician. Mungkin dia politician or mungkin dia otak tak betul.

Berbalik pada apa I baca online, I nak kongsi link dengan Tun, mungkin Tun nak tau

Tun

I dan hubby kalau dapat whatsapp apa sekali pun kami tak pernah forward. Kami baca dan lihat.

I rajin baca berita online, yang mana I rasa penting sahaja.

I nampak heading about beer promoter kena marah I also tak baca. Lepas tu I nampak heading minta maaf dengan beer promoter I also tak faham.

Dapat tau sikit, something about this guy marah beer promoter suruh cakap Melayu sebab Bumi Melayu. And ada kaki forward forward the identity of this guy, anak dia, something like that.

Kalau melihat dari news sekali imbas, I would say yang salah kaki forward. Yang keduanya adakah beer promoter tu promote beer pada this guy bercakap bahasa Cina? Adakah orang DAP nak naik bahasa Cina mengganti Bahasa Inggeris.

Kalau lihat dari kemarahan Sultan Johor dan Sultan Selangor, sikap tidak baik ini sedang menular dengan sekelip mata. Just because LGE Minister of Finance, lagak sudu lebih dari kuah.

I nak cerita about buying laptop. I bought laptop before GE, kedai milik kaum Cina di Subang Parade but after that asyik crash, sebab mereka letak segala benda dalamnya. I kena buang sendiri banyak Tun. Nasib baik I pandai serba sikit.

After that due to microsoft updates my laptop hilang suara. So I pergi balik suruh budak sini betulkan. Bukan saja dia betulkan dia juga letak homepage bahasa Cina kat my laptop. Can you imagine that? Bukan dia tak tau I boleh berbahasa Inggeris dan Melayu sahaja. Tak pasal2 I kena buang dan betulkan sendiri.

Its either rude or bodoh, that's all I can say. Orang Melayu nak beli barang my advise please beli dari company Melayu, kalau tak you dapat problem mereka asyik promo bahasa mereka eperti Malaysia ini sudah jadi negara China.

Sekian Terima Kasih.

Please do not allow politics in schools by top down instruction.

If they insist to do it, then, they will go back to square one, that is political parties to decide who gets what, and who dont get whats.

Tun sebenarnya bagus jadi PM sebab Tun bijak dari Najib dan PM sebelum ini. Tun tau cari tempat yang baik untuk naikkan nama Malaysia. Najib hanya pandai berpesta. At one time I ingat semasa zaman Tun jadi PM dulu, Malaysia dapat jolokkan the cili padi country.

Tapi Tun kalah sebab Menteri keliling Tun sekarang ramai tak betul. Maaf cakap orang Melayu sekarang dah ramai marah. Frank Swettenham pernah menulis orang Orang Melayu pada amnya bersopan santun, beradab serta peramah tapi suka mengamok bila kepala selalu kena pijak.

I would say lim kit siang is also another laughing stock here, 2 x 5, as if outsiders do not know what is happening in this country?

So old edi, still want to poke fun on your own race?

As chinese saying goes, never go to the extreme path until no return.

Inilah Kunci Kelemahan Ummah sekarang
Semoga kita Bersatu bermula diri kita sendiri sesama Keluarga
Jiran , Kampung , Masyarakat dan Dunia Islam yg sekarang digugat oleh
Fitnah & Kekejaman

Salam YAB dan DiSanjungi PM Tun Dr. Mahathir,

Salam MAULIDUR RASUL buat Tun dan Tun Hasmah serta seluruh umat Islam.

Saya doakan semua umat Islam bersatu, dan mengetepikan apa saja permusuhan politik demi memelihara kesucian Islam dan maruah bangsa.

Saya suka melihat perpaduan di antara UMNO dan PAS (walaupun sekian lama menjadi musuh politik) dalam mempertahankan kesucian Islam, dan juga mempertahankan maruah Melayu Islam yang dicabar serta diperkotak-katikkan oleh segelintir orang bukan Islam di Malaysia (yang dahulunya dikenali sebagai Persekutuan Tanah Melayu).

Nama jalan-jalan di Selangor yang diletakkan tulisan Cina (di atas tulisan Melayu) satu contoh sikap biadab orang Cina terhadap orang Melayu Islam yang rata-rata amat bertolak ansur dalam banyak hal. Sultan Selagor sudah bertitah tentang hal ini.

Kepada orang Melayu Islam yang suka (tabiat buruk) sangat menghina kaum sendiri dan turut menghina Islam dengan pelbagai hujah yang mereka anggap amat cerdas (tetapi membuka pekung di dada tentang tahap kefahaman mereka tentang Islam dan tahap pemikiran mereka), insafilah.

Jika orang Melayu sendiri sanggup menghina (secara melampau) kaum Melayu dan agama Islam, tidak hairanlah jika yang bukan Melayu/Islam tanpa segan silu turut menghina Melayu/Islam dengan lebih teruk. Jadi, berpada-padalah...

Lihat saja perangai rasis Menteri Waytha Moorthy yang tanpa segan silu memfitnah Malaysia dan agama Islam (umat Islam) di seluruh dunia. Menteri PH ini sungguh menjengkelkan. Yang lebih menghairankan dan amat memualkan ada pula Melayu Islam yang mempertahankan orang yang teramat kurang ajar ini (mempromosi ICERD pula). Kononnya, kenyataan dibuat beberapa tahun lalu. Mudah sungguh orang ini disucikan oleh PH (yelah geng sendiri). Maaf cakap. Jika benar-benar berhati mulia, maafkan jugalah musuh-musuh politik anda semua (mereka pun sudah tumbang; tiada kuasa). Ini baru betul-betul berhati mulia.

Orang yang berhati mulia tidak akan terus menerus memijak/menendang orang yang telah jatuh atau tumbang dengan teruk tanpa belas ihsan.

Contohnya keperibadian mulia Nabi Muhammad SAW, SURI TAULADAN bagi umat Islam (manusia).

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Assalamualaikum Tun.

Selamat Menyambut Maulidur Rasul.

Pernah saya rekodkan kalau tak salah saya dalam tahun 2010/2011 gambaran wajah Rasulullah saw di ruangan komen ini.

Keperluan rekod itu dilakukan setelah mendengar penjelasan ustaz Badlishah di satu siaran radio semasa mengenai gambaran Rasulullah saw.

Benarlah seperti yang disebut sebut, wajah Rasulullah saw itu bercahaya.

Dituliskan juga di dalam buku mengenai mimpi Rasulullah saw, bahawa pertama kali melihat Rasulullah saw adalah tiada terlintas ingatan lain dalam fikiran si pemimpi melainkan terus sahaja tertuju kepada Rasulullah saw.

Ya, Allah apa yang kamu telah perbuatkan kepada aku ya Allah?, sambil air mata mengalir laju mengenangkan nasib diri terperangkap di sini.

"Adakah	itu	kamu	ya	Rasulullah"
"Adakah	itu	kamu	ya	Rasulullah!"
"Adakah itu kamu ya Rasulullah!!"				

Sambil baginda menggosok bahagian belakang badan sambil membaca sesuatu dan seterusnya memeluk dari belakang.

Setelah selesai, maka telah diperlihatkan dan seterusnya diberi jawapan siapa gerangan orang asing tersebut.

Sinar cahaya yang terang benderang terpancar dari wajah yang diperlihatkan sehingga di dalam sekalipun perkataan SUBHANALLAH!!! terpancul dari mulut dan seterusnya terjaga dari tidur.

Mimpi ketika tidur tengahari. Di mana antara tanda tanda kebenarannya, iaitu bermimpi Rasulullah saw di siang hari.

Salam sejahtera ke atas Rasulullah saw.

Seperti mana salam yang disampaikan di makam baginda tempohari di Mekah, yang membuatkan saya beralih tempat tidur di Malaysia.

Sesungguhnya Rasulullah saw memberi syafaat kepada umatnya. Semoga saya dan keluarga turut beroleh syafaat dari Rasulullah saw. InsyaAllah.

Selamat menyambut Maulidur Rasul

Terima kasih Tun.
