

THE MALAYSIAN CONSTITUTION

Chedet.cc

24 April 2019

Tun Dr Mahathir Mohamad

1. When the MacMichael Treaties (or agreements) were signed, the states of Malaysia became a colony of the British. The Malayan Union would be ruled entirely by the British. The Malays could no longer claim ownership of the states. There no longer was a Tanah Melayu or Malay Land.
2. As one, the Malays rose in protest. Such was their unity that the British had to back down and abrogated all the MacMichael Treaties. The British agreed to replace the Malayan Union with the Federation of Malaya. Officially the accepted name was the "Persekutuan Tanah Melayu". It reverted to being a protectorate by treaty.
3. The Government of the Federation of Malaya was led by the High Commissioner as the Chief Executive, presiding over the Executive Council and the Legislative Council. All members were nominated by the High Commissioner.
4. In 1955 the British decided to hold partial election for 52 of the 98 seats of the Federal Legislative Council.
5. The British believed that no single party could win more than 49 seats to claim a right to form a majority Government.
6. But in the event the Alliance of UMNO, MCA and MIC won 51 of the 52 seats and was able to claim the right to form a home-rule Government.
7. Immediately there was a clamour among the people and the parties in the Government for independence.
8. Negotiations were held in London and eventually it was agreed that Malaya would become independent in 1957.
9. In preparation for this, the Reid Commission was tasked with drawing up the independent Federal Constitution.
10. It was agreed that Malaya would be a democracy where the people would choose the Government. The rulers would be constitutional heads without executive power. Their position would be guaranteed by the Constitution which would be the supreme law of the country.

11. The party winning the election would name the Prime Minister (or the Chief Minister – Menteri Besar) and the constitutional head would endorse.

12. Should the constitutional monarch refuse to endorse and proposes his own candidate and endorses him, the winning party can reject him in the assembly – ‘dewan’, through a vote of non-confidence.

13. The constitutions of Johore and Terengganu which were promulgated earlier were nullified by the new constitution which was accepted by all the states of Malaysia. Accordingly on the 9th of May, 2018, the peoples of Malaysia went to the polls to elect the Governments of (the Federation) Malaysia and the Governments of the states.

14. It is important that everyone concerned respects the constitution and abide by it. Failure to do so would negate the rule of law.

Chedet Sir,

I feel like a dufus here trying to explain the future outlook to people. Well Chedet, you are a medical doctor, so nothing should surprise you:

My dear Chedet,

I thought of concealing my anger from you because I do have a bad temper. But after some deliberation I figured, whaddaheck... I am not here to win the Miss Universe pageant. So here I am warts and all:

Assalamualaikum Tun.

Jika saya, mungkin saya akan mengeluarkan kenyataan begini :

Kita orang Islam memang tidak memandang rendah pada amalan agama masing masing. Ikut agama masing masing.

Tapi mungkin orang yang ditahan ini adalah saudara baru Islam, mualaf yang menceritakan sedikit pengalaman penghijrahannya dari sebelum Islam kepada Islam.

Mungkin ada kata kata yang terlalu jujur terkeluar dari kawalannya.

Walaubagaimanapun, biarlah pihak berkuasa melakukan siasatan terlebih dahulu. Sementara kita di pihak kerajaan berusaha menjaga maslahat umat Islam yang didengari sedikit gusar dengan keadaan semasa.

Terima kasih Tun.

Assalamualaikum Tun.

Saya baca jawapan balas Menteri Agama berkenaan isu Dr Maza.

Tahniahlah sebab Menteri Agama berjaya buat banyak kerja. Wow! Banyak senarai usaha untuk menjaga Islam di Malaysia katanya.

Tapi bila baca jawapan Menteri Agama dari mula sampai habis, entah kenapa saya masih bagi markah 4/10 kepada jawapan beliau.

Di manakah silap jawapannya? Bolehkah Tun tolong carikan dan betulkan?

Jawapan yang tiada jati diri sebagai Muslim sejati pada firasat saya.

Terima kasih Tun.

My beloved Chedet,

This is it Sir. The end of our journey together. Musashi said, "Do nothing that is of no use." I had completed my ethereal missions a few years back. I had defeated Iblis and I had set course for KBOOOM 2041.

20 years can make or break a man. I'm glad I discovered that I am one of those that wear the iron clad. Of course I think part of it is due to the teaspoon of Parsi Indian blood in me, making me a true blue Iron Maiden/Iran Maidin LMAO.

Gosh Chedet, time flies so fast. We crawl, we walk, we run, then we fumble and we fumble some more... But we never lose sight of what lies ahead. The key is in the moving dear Vader 7:7.

You know, 2 decades ago I prayed for you to live a life of a centennial. All because I want you to see the damages you had caused ripple through time. Now I still want you to be a centennial. But this time so that you can set right the wrong that was done because of your pride as a Young Turk. Do you know you are about to make one more major mistake?

Chedet, this is no place for me to criticize you. But you certainly missed the opportunity for Malaysian Malaysia and The Global World of Hybrids. For that I still consider you a stubborn Old Coot (I mean it in a doting way LOL).

Finally, and I really mean it this time, there are my parting thoughts:

<https://sharudinthehermit.blogspot.com/2019/04/29419-day-119-watch-avenger-infinity-war.html>

<https://sharudinthehermit.blogspot.com/2019/04/29419-i-retire-from-information-warfare.html>

Not to worry Chedet. I will still visit Chedet.cc But as far as the affairs of the Last Kingdom is concern, they no longer matter. I already forgo TraXX my Star Fleet today and transcend to Kiss92 Singapore. Line drop is so rampant that I can no longer tolerate the substandard Service Quality Level..

Avoir Chedet.

Assalamualaikum Tun.

SEKARANG

Kebanyakan orang Melayu risaukan adanya DAP dalam PH.

Ini kerana beberapa pandangan dari pihak DAP adalah bertentangan dengan kebiasaan yang diamalkan oleh negara kita selama ini.

SEBELUM PRU14

Sebenarnya saya agak terkejut apabila Tun melaksanakan langkah sertai BERSIH (yang keberapa entah, tak ingat) apabila pulang dari Johor ketika itu. Saya faham tujuannya, kerana ia adalah seperti yang dibincangkan.

Namun saya telah membantah dan melarang Tun dari sertai perhimpunan BERSIH seterusnya. Yang terakhir sekali adalah di ibu kota.

Ia perlu dilakukan bagi meningkatkan sokongan Melayu kepada Tun. Yup, itu pun cuma berbelas persen orang Melayu yang undi PH masa PRU14.

SEKARANG

Bagi saya tiada kesalahan pun untuk DAP berada di dalam PH.

Cuma parti Bersatu perlu lebih kelihatan dominan keMelayuan Islamnya. Termasuk menteri menteri Islam dalam kabinet.

Apabila saya menulis mengenai frasa tasawuf satu ketika dulu di sini, terdapat satu komen dari non muslim yang menyatakan adalah faham bahawa dalam Al Quranul Karim sendiri punyai separuh kelembutan dan separuh ketegasan di dalamnya. Bahkan mengakui bahawa tasawuf 'jalan menuju kepada tuhan' itu amatlah dialu alukan.

Sedangkan frasa tasawuf itu sendiri keluar masuk gereja bagi menerangkan peri pentingnya 'mengenali tuhan' seperti yang pernah disiarkan dalam satu artikel akhbar arus perdana tak lama dulu.

Itulah apa yang diharapkan oleh saya apabila saya menyetujui tindakan Tun dalam melaksanakan apa yang telah diperbincangkan oleh Tun dan Musato semasa di sini.

Itu bukanlah satu perkara yang Tun pernah lakukan selama 22 tahun dulu. Sekarang pun nampaknya Tun tidak ke arah itu. Tiada orang di bawah Tun yang berkemampuan untuk melaksanakannya atau membantu Tun.

Pada saya untuk menjawab Dr MAZA pekak apabila tidak tahu bahawa PH telah banyak mengambil tahu berkenaan Islam, 22 tahun dulu pun Tun telah berbuat perkara yang sama apabila bersama UMNO. Sekarang pun sama.

Saya bukanlah penyokong Dr MAZA. Sekadar contoh permasalahan sahaja.

Saya fikir, saya boleh selesaikan perkara yang diutarakan. InsyaAllah. Namun saya berada di luar kerajaan. Lagipun, berada di alam maya tidak sama berada di alam fizikal, walaupun berada di alam maya lebih susah.

Masa akan menentukan.

Pada usia 42 tahun ia adalah antara usia permulaan kerjaya politik Tun masa muda dulu.

Tapi pada masa usia tersebut saya telah lalui 2 kejatuhan PM yang telah kita usahakan tukar. Bermula dari umur saya 32 tahun. Manakala jarak usia saya dan Tun adalah 51 tahun!

Sekarang Tun adalah PM.

Saya bukanlah menceritakan tentang kebanggaan dan kehebatan seorang manusia.

Tetapi ketahuilah untuk mengetahui dan ditunjukkan walau sedikit kekuasaan Allah swt sudah cukup untuk membuatkan hambaNya kecut perut. Malah mungkin tiada lagi keperluan di dunia ini.

Inilah jalan menuju kepada Tuhanmu.

Terima kasih Tun.

Assalamualaikum Tun.

Alhamdulillah. Selesai sudah dari Makkah ke Madinah dan pulang ke Malaysia.

Saya tidak menemui 'seseorang' seperti yang difikirkan sebelum ini. Melainkan tanda tanda positif untuk langkah kehidupan seterusnya.

Seterusnya saya akan ke Brunei untuk rasai kerja di tempat orang, sambil memperkemaskan keperluan diri sendiri. InsyaAllah.

Sudah tentu lebih baik saya tulis di sini untuk diceritakan dari 'dirisik'...hahhah.

Dulu, masa Tun mula mula nak bongkar isu 1MDB dan diadakan di sebuah hotel kecil di JB, kebetulan saya berada di sana dan kebetulannya juga lokasinya mudah untuk saya drop by.

Maka masuklah saya di sana keseorangan dengan melihat ruang dewan yang sempit sudah dipenuhi oleh orang ramai. Walaubagaimanapun, saya dapat satu tempat duduk.

Masa itu saya tidak update pun di sini bahawa saya akan hadir. Namun selepas saya duduk, seseorang telah membisik sesuatu kepada Tun, dan Tun telah memanjangkan leher untuk memerhati ke arah yang diberitahu.

Saya fikir "bagaimana diaorang tahu saya datang?" atau saya cuma perasan? hahhah..

Sebab tu orang kata intel Malaysia sangat bagus.

Terima kasih Tun.

IF DAP withdraw from Pakatan
Changes will happen and opposition has no room to blame Tun no more
But it is UNfair for DAP as a coalition to PH

Tun menjadi tidak suka ramai penyokong Tun
Kerana bersekutu dengan DAP
PRU14 Tun terpaksa bersekutu dengan Parti lain untuk mencapai Kemenangan
Saya yakin Tun tetap akan menang jika Tun tidak bersekutu dengan DAP
DAP akan jadi temuhan dan jadi bahan untuk Pembangkang melemahkan Kerajaan PH
Saya tidak menyalahkan DAP .DAP bersekutu dengan PH pun pasti ada agenda sendiri
Kerana DAP, kedudukan Tun, Syed Sadiq juga PH terugut

Yg nyata Melayu tidak mahu Bangsa lain menerajui Kerajaan
Mereka lebih redha Berkaki Ayam ,Beratap Rhumbia
Ini satu kenyataan yg tidak bolih dinafikan

Respect needs to be Earned
One can never command respect regardless of who you are
Welcome to the 21st Century

Recent News Tunku Idris Iskandar indicates he will contest on the next PRU
My respect to you Tunku
It shows you care and you are a True Gentleman
That how a True Leader should behave

Its the Voice of the People that Rule
One need to seat in Parliament for the voice to be heard
and for the decision to make
But one need to contest in PRU to earned that seat
It should be interesting to see Prince getting into Politics
Perhaps you can pair with Syed Sadiq of building Johor & Malaysia
Wish you all the Best, Tunku
My Respect to you, Tuanku

No matter how dsai and ph put it, this is still an election budget in which it is no different from dsn and bn, tak gitu?

Pendek kata, its about my men or your men to in charge, itu saja.

Big can never fail?

Big can bully?

If gerakan cannot deliver, meaning dap also cannot deliver.

Federated and unfederated malaya states must be factored in in order to form the federal constitution via political parties from the past until today.

Why?

The federal constitution cannot be implemented by force, atau by lompat, lu faham ar?

Nanti tak jadi, then, pusing dan gostan lagi?

Dont forget, malaysians and foreign investors too had witnessed so many protests since 2008 until today.

P/s: the ultimate result is ultra, dan tidak akan kukuh punya jika macam ini diteruskan.

Morning Dr Mahathir,

Glad as i am to've seen you take hold of the helm once again, please may i add that you pay no heed of the naysayers. I've been watching from afar for a quite while now, and genuinely resigned myself to the impending fact that my beloved tanahair ku was doomed to become yet another banana republic under the shenanigans of that najib character. How relieved was i, and the entire malaysian diaspora here when we saw that all our overseas voting efforts(together with all our fellow malaysians back home, for their mammoth effort might i say) were not in vain to overthrow that previous goon and his cohorts of merry-men(sorry, i meant yes-men really). I so wished you'd have taken up the education portfolio as well, so as to be able to accord kids in malaysia these days a quality, english orientated education. Please do keep up the good work and long may you live!

An incredibly appreciative malaysian.

Perhaps these pro-jaguh defenders, must have forgotten, they are part of malaysia and must use ic, myr and passport malaysia to prove their country of origin, tak kisah mereka ini muslim atau pro-melayu.

Jika aksi amoi dap yang tak pakai budget kerajaan wilayah mahupun negeri sabah pun boleh menyinggungkan perasaanmu dan menjolok matamu, then, they really need to ask themselves, apa lagi pro-jaguh mahu?

Aduuuuu pusing lagi, aku pening, kata pengikut jaguh.

They are already very slow kerana they are pampered with tongkat dan kuasa.

Mungkin mereka ingat parti mereka saja yang boleh mudah lupa, then, other parties pun boleh mudah lupa kut.

Perhaps ds, umno kabinet and ahli2 mereka too must have forgotten that ds hishamuddin dari umno went to usa to visit their military defense base in usa many years back, pakai federal budget since ds pegang mof portfolio, tak gitu?

Kini, kj too looks like sadamm hussein, to show he is more layak than mat sabu to hold mod kut.

To the political of the divides is janji menang, then, bikin.

I still think bersatu dan pakatan harapan have higher chance of wining.

Even when ds umno dan pas hadi awang bergabung, mereka tetap tidak akan ke mana 2 atau terlepas keranamu skandal 1 malaysia dan felda global venture terbongkar.

Truth needs to be told?

It depends which card AG at putrajaya want to play, and can their members handle?

Thats politics.

Vote counts is important, but when cash is used to exchange for your votes in by-elections or general elections, thats corruption.

When official complaints is made to ec, then, ec must come up with rules to stop these ugly habit, berani?

Smoke free malaysia portfolio is being played.

Drug free malaysia portfolio is on hold.

Corruption free malaysia bila nak bikin?

Itu lah sebabnya, i said the issue is not tdm, the issue is with those who are appointed can do their job with right attitude or not.

The tussle between tdm and tmj is meaningless, why?

Winner takes all.

Similarly, looser takes all.

P/s: changing law at federal level is difficult and tough since mps of the divides could be rigged to favor an issue that they see fit. the federal constitution is always there, and no one knows what will happen in the future. therefore, be practical and feasible in

approving any must have infra-structure projects, especially at state level that make money, not loose money. when comes to state development, it would be best to let political parties of the divides to be the eyes and ears of the federal government, atau federal constitution.

We understand & We Thank you, Tun,
Very much from the bottom of our Heart
You tried your out best for Malaysia
You Brave The Waves
You safe Malaysian from Drowning

Now you are facing The irrelevant unnecessary interference
seeking attention, intentionally making things hard for you
It's a Baby Tantrum, Tun

Under the constitution, I believe We are Democratic
Every one of us has equal rights
None is above the Law. None is above others
Not just the Human Law even in the Islamic context
No Human differs from nobody
The difference is in our very own Deeds
The Good Deeds is our passport to Jannah
Our wealth, status, health, family, friends are left behind

Govt should not allow any irrelevant seeking attention obstruct our progress
Like the issue of water, instead of with us, He sided Singapore
Aren't we suppose to be a Home Team

We stay a blind eye on prostitution, gambblings, Night Clubbing, Gangsterism, Illegal
money launderings, etc
I do not see K-POP should be an issue nor a threat
Its new trends amongst youngsters of all races
Its a like Kuch Kuch Hota Hai.....
We should not see it as a threat to our local singers or entertainment
After all, our local singers are also express themselves to singing English, Hindi song, etc
Let is flow wisely, make Malaysia more colorful
After all, we have been bored by the unfinished Najib issues

British King & Queen today did not practice ruling
As it was absorbed by Democratic rights of every Nation
Its the People voice via Elections that forms a Govt to Rule

Any born Malaysian are allowed to sit in an elected Parliament
Reasons We see MultiRacial only Malaysian people in the Parliament
But all need to register to form and be in the party
Only the elected Ruling or Opposition candidates that are allowed to debate
Their elected & represented Voice will make the decision for Malaysia
No exceptional representative can be allowed to speak without being elected
All Men are Equal

Dear Chedet,

As you can see, my postings to you are personal in nature. That is because I am a big fan of you since you were the Education Minister. Also because of you, a Kampong Boy from Chukai, Kemaman got to go and study abroad the very moment you became the 4th Prime Minister.

Since then I had been trying to pay forward the kindness that Government of Malaysia had given me. I started my consulting firm in 1991 because I took up your challenge for Malaysia Inc. I joined MSC Technology Center because of your vision on the Multimedia Super Corridor. Of late, I started Project Invasion 9 with TraXX because during your 93rd birthday you called upon us to help rebuild this nation.

I can send you an email but the setback is I don't know whether you read my mail. Here I know you read every bit of what I wrote and attach to you. I even know when you read them. Normally you read your blog after your prayer time. And so I gained insight to how you manage your hectic schedule. You take breaks between prayers.

As a soldier I learned to pray around the clock. You may consider that I had diverged from the *kata* and put more emphasis on the *do*. This is not new in the teaching of the Japanese. It's called Shu Ha Ri. Don't mind me Chedet, I may be a renegade but I am not an apostate LOL.

My spiritual exposure are namely through Sufism and Zen Buddhism. In that sense I consider myself a Wandering Sufi and a Zen Monk. Both are inclined towards *satori*, the awakening of the soul.

<https://sharudinjamal.blogspot.com/2016/11/of-mind-and-matter.html>

As you can see Chedet, why I can talk openly with you is because you are Vader 7:7. You know why I said that right? Therefore those who mind (the masses) don't matter and those who matter (that is you) don't mind. Hence I can be the free radical that I am with you.

With you Sir, I stretched my intellectual capacity which I cannot do for so long. Therefore you quenched my thirst for a companion to mental joust in a big way.

Now, I'm sure you have many people who befriend you for what you can do for them. For me, I am happy just being able to write my thoughts away. It is of great joy when once in a while I got a glimpse of my ideas reflected in your speeches. You may not intended for it be as such but hey, I have a high sensory acuity. Thus I am subject to patternicity LOL.

OK Chedet, that is the soiree for tonight. We all got to wake up early tomorrow.

One last word if I may, you did good selling durian to China. Boy, here I am thinking that I am a Cracker Jack salesman. You Chedet can even sell sand to the Arabs and ice to the Eskimo LMAO.

Goodnight Sir. Those who fight and run away will fight again another day – Arab proverb.

Tun

It is good very good that you bring up the subject of our beloved Malaysia's Constitution for the general knowledge and discusiion of all and your inputs on it.

It is good very good also that after the 22 year Administration of our beloved Malaysia under your Leadership and Guidance with an ominous break between 2003 and 2018, you had ample time to reflect on the Constitution vis-a-vis your 22 year Administration and your 2 anointed successors who came after it.

On the one hand, the utter Failure of recognition and conformation with the Constitution took pride of place 2003-2018.. On the other, wanton Corruption ruled the beloved Land, 2003-2018. We were just one step away from a One Man Rule type of Administration. Corruption was rife everywhere.

From the beginning in 1954, I have always been a CONSTITUTIONALIST and NEVER A COMMUNALIST. In other words, I always support the incumbent Government of the day.

With the latter COMMUNALIST, I found I could not fit in with all talk about only one community which sounded odd to me being brought up in a more eclectic environment. Through the years, my beliefs became more meaningful like under the present circumstances which make the communalist look very odd by being left high and dry.

Returning back to our beloved Malaysia's Constitution, once again, we must go back to the basics being the historical bases of how and when the British began to think about FREEDOM for their Colonies. Not surprisingly, the British did not think much about FREEDOM before the Second World War for their colonials under their control like India.

There were uprisings in India in the 19th and early 20th Century which were brutally put down.

With the passage of time, and the rise of Leaders like Gandhi, Jinnah and Nehru, the momentum of FREEDOM for India grew in strength which was bolstered by the two World Wars the First and the Second especially the latter.

Even after the First World War, Baldwin came up with a luke-warm Declaration of 1921 for Palestine which cost its Arab residents dear and to their cost in later years and the World at large today.

With the onset of the Second World War, the Indian Leaders were able to extract out of the British their eventual FREEDOM in 1947 but AT A GREAT COST due to the inexperience of all parties concerned. This FREEDOM was preceded by the Malayan Union of 1945 which was quickly aborted due to the RISE OF MALAY UNITY AND NATIONALISM.

It must be remembered at this time and until 1951 with the coming of the Federation of Malaya, the Chinese were still Chinese citizens of China under the Kuomintang of Generalissimo Chiang Kai-Shek. Only a privileged few like my father held the Straits Settlements passport of the British Colonial Government.

Up to the point of the Independence of India in 1947, the creation of Constitutions for FREEDOMS in British Colonies was still a very EXPERIMENTAL AFFAIR.

In other words, there were no legal precedence for creation Constitutions to replace BRITISH COLONIAL POWER in a perfect or satisfactory manner. Hence, it was because of this over 1 millions innocent people died on the PARTITION BETWEEN INDIAN AND PAKISTAN AT THE STROKE OF MIDNIGHT in 1947. At that moment, the British were not only confused but had no inkling or idea of how to create a PERFECT CONSTITUTION FOR COUNTRIES WITH DIVERSE POPULATIONS UNDER THEIR CARE AND CONTROL. At the stroke of midnight on that fateful day, the British were nowhere to be found because they had quickly retreated back to olde Blighty well before this tragedy.

Thereafter India, Sri Lanka had its FREEDOM with a Constitution which eventually led to the War between the North and South of the small island beginning 1972 which only ended a few years ago with thousands of casualties on both sides.

Fortunately, by the time of our beloved Malaya's Merdeka, the wise men of Whitehall had some experience in launching their former Colonies into FREEDOM WITH MORE STABILITY THAN THE PIONEERING PREDECESSORS like India and Pakistan.

And Malaya's Constitution was the best that could be created at that time given the political maturity on both sides of the political divide eg the British and the Malaysians.

The British were so pleased with Malaya's version of a Constitution that they nominated a prominent Malayan lawmaker to be on the panel to write the Constitution for Mauritius which seemed to hold sway to this day without any hiccups.

As our good and beloved Tun knows, in the practice of medicine, common ailments occur commonly. But in the PRACTICE OF THE LEGAL PROFESSION EVERY CASE IS NEW AND DIFFERENT.

Hence, it was difficult to become a Doctor but to practice is not so difficult. In the practice of the legal profession, every case is always new. Similarly, all Laws of the Nation especially the essential Laws like the Companies Act 1965, the Bankruptcy Act 1967 and the Trustees Act 1949 should be revised and brought up to date in line with Britain, Singapore, Hong Kong and Australia.

At the end of the day, every Constitution would be amended sooner or later as the majority demand. The Constitution of any Nation is a work of Laws crafted by the founders of a Nation for the Rulers to govern in peace, harmony and prosperity. And thus, rightly the citizens should expect amendments to be proposed now and then which would be approved by the requisite majority.

Many thanks Tun for bringing up the Constitution for perusal and discussion.

History is the Finest Arbiter of the Truth. And to guide us in a civilised manner for the better future for all of us, citizens.

Malaysia Boleh Tun as always ! No problem. We have come a long way since Merdeka 1957 in PEACE, HARMONY AND PROSPERITY ENTIRELY BASED ON OUR NATION'S CONSTITUTION which is not perfect but to be honed to perfection as our Nation ambled along in the years to come.

Dear Tun,

May you always be in good health.

1. The current inquest on the death of a firefighter is to find out what happened. But how a lawyer and two doctors behave suggests something is not right; at least in the eyes of a commoner.

2. The lawyer of attorney general's office does not seem to like that there is a challenge against the opinion given by Hospital Kuala Lumpur (HKL) doctors.

3. Additionally, it is puzzling to learn that the HKL doctors lodged a police report against the person who gave an alternative opinion. In the report, the HKL doctors claimed that they were persuaded by the latter to change their opinion. But actually in a meeting or discussion, it is normal for one to convince another on what he thinks. Thus, lodging a police report on this account is unnecessary and overreacting.

4. Lodging a police report, however, may potentially discredit the party being reported. It seems that the HKL doctors were given advice on legal manoeuvring.

Semalam I tergelak besar bila baca FB Najib. Entah macam mana isu ini termasuk dalam fb newsfeed.

Najib kata PH tuduh dia penyamun perompak tapi yang ditanya tangki air, lebih kurang gitu lah kata2nya.

Mana tak I gelak, sebab I pun contractor Syabas dulu. Tapi I hanya buat kerja PR untuk the top guy in Syabas/Puncak. Puncak pun sekarang no longer miliki Syabas. State government dah ambil Syabas.

Tun

Sebenarnya masalah Johor adalah prestasi MB. I baca media massa sana sini, apa yang I nampak sebenarnya adalah soal prestasi. Kita tolak lah apa orang yang emo nak kata. Bila emo memang macam2 boleh keluar. That's why it is very unwise use social media bergaduh.

Firstly masa Sultan Johor minta blueprint, MB tak buat. Timbul pula fake sijil. Kalau fake pun bukanlah isunya, boleh upah orang yang bijak pandai lain buatkan. Lepas tu timbul isu pencemaran sungai yang menyebabkan ramai penduduk masuk hospital. MB dilaporkan hilang. Not only that budget pun tiada, hingga Sultan kena keluar duit sendiri buat tabung kecemasan. Lepas tu Tun buat ship to ship hub, something like that la, Sultan also don't know. Kalau I jadi Sultan Johor I pun upset juga.

Not only that timbul pula soal beli bini nombor tiga rumah. Ini I rasa gang PH yang bawa. Siapa lagi yang tau, I pun tak tahu.

Paling penting soal politik Bersatu ini I rasa Presiden lebih layak handle. I rasa TSMY dah lebih sihat sekarang, tentunya beliau tidak keberatan menjaga kepentingan Bersatu. Beliau orang yang berpengalaman luas. Tun sebagai Pengerusi boleh rest sikit, Mukhriz pun boleh aktif menjalankan tugas beliau dalam parti.

Kalau Tun asyik mengata Sultan Melayu yang lain, nanti orang tanya pula kenapa Tun tak mengata Sultan negeri Tun sendiri.

Assalam Tun Mahathir,

Saya berfikir dan memikirkan sudut mengapa PRU lepas PH banyak calon banyak cina dari pada melayu .Ini adalah kerana Malaysia Melayu fikiran dan perbuatan yang menjatuhkan kaum melayu itu sendiri sebab rasa tiada siapa boleh gugat melayu di Malaysia dan hanya fikirkan bagaimana nak jatuhkan kaum sendiri dari sokong kaum sendiri .Jadi Tun Mahathir tahu hanya dengan cara calon adun dan ahli parlimen yang bukan melayu akan membuka fikiran melayu untuk bersatu dan sepakat kaum melayu akan sedar bahawa kaum lain telah berkuasa di Malaysia bukannya kaum melayu yang berkuasa.Tapi saya percaya Tun Mahathir akan membuat kita melayu insaf dan kembali bersatu tanpa kira politik ,berniaga,rakan sekerja,jiran2 akan menjaga satu sama lain nilai martabat kaum melayu tidak mudah melatah dan tidak mudah di beli dengan wang dan sebagainya .

Tun Mahathir mempunyai pemikiran yang ke hadapan demi masa depan Malaysia dan Melayu itu sendiri .

Terima Kasih Tun Mahathir.

Good evening

Tun

Bila orang Melayu bergaduh ada baiknya jangan kasi bangsa lain dengar. I ingat dulu I ada baca Raja Nazrin pernah sebut, jangan mengata bangsa sendiri ini akan membuka jendela untuk bangsa lain mengata.

I pernah sebut sini kalau Tun rasa tak happy dengan TMJ, Tun adu pada ayahandanya, tidak perlu lah Tun cakap kat suratkhobar.

My hubby pernah kata pada anak2, jangan sekali bergaduh sama sendiri kat facebook. Tak elok orang tengok. I also not tak happy bila anak Rosmah mengata ibunya online.

Tun sepatutnya focus majukan Malaysia. I lihat Tun banyak sangat dengan hal lain2, kejab UMNO, kejab Najib, kejab Johor, kejab TMJ dll. Tun sendiri cakap Tun kurang masa. Kalau dah asyik fikir bende lain macam mana nak tercapai niat nak naikan Malaysia.

Biar saja BERSATU run by Muhyiddin dan Mukhriz. Pandai2 lah dia orang, kalau tak betul Tun boleh lah ketuk kepala dia orang belakang kami semua.

Kalau Tun nak buang raja2 Melayu, maaf I tidak akan setuju. Kalau Tun suruh I pilih antara Tun dan Raja Nazrin. I pilih Raja Nazrin.

By the way thank you so much to those who have visited my wordpress <https://whims2016.wordpress.com/jot/>

Tun sebenarnya ada ramai pengunjung dari luar negara. I tau sebab I nampak dari negara mana yang datang. Nanti tersilap langkah jatuh lagi stock market.

Tun tentu tau stock market Malaysia paling teruk jatuh. Tun juga tentu tau based on a research done tahap happy rakyat Malaysia makin jatuh jauh menurun. Tun juga tentu tau research terbaru Merdeka Centre yang menyebut Tun dan PH populariti makin menurun. Jangan tak percaya sebab yang buat research tu tau kerja mereka.

Good Night. Sleep Tight. Don't worry too much. Majukan Malaysia. Maaf jika I cakap Tun kecil hati.

Assalamualaikum Tun.

Bila ada kuasa yang besar di tangan, berhati hati bila berbicara.

Kerana dengan kuasa itu dapat mempengaruhi orang lain.

Apatah lagi apabila seorang putera raja memberi pandangan berkenaan politik negara. Samada pandangan itu betul atau salah, seorang putera raja bukanlah pakar berkenaan politik/pentadbiran negara, kecuali telah dapat dibuktikan terlebih dahulu i.e musato.

Kerana inilah Tun tegah seorang putera raja dari berbicara tentang perkara yg bukan dalam bidang kuasanya. Jika apa apa berlaku, bukan putera raja yang akan bertanggungjawab, tetapi kerajaan.

Lebih baik jaga negeri sendiri dan kembangkan Islam dan jadikan ia satu cara hidup untuk rakyat Johor. Ia dalam bidang kuasanya.

Tapi putera raja tahu ke pasal tasawuf, syariah? Acah acah tahu pun bahaya jugak.

Jadi musato (bukan putera raja Terengganu pun) fikir lebih baik musato jadi Baker sahaja terlebih dahulu. Mungkin lain kali.InsyaAllah, ada masanya.

Terima kasih Tun.

Zaman Pemerintahan	Dang Sultan	Anom pun	sudah sudah	berlalu Bersemadi
-----------------------	----------------	-------------	----------------	----------------------

Hulubalang , Pendekar sudak tak pakai Keris lagi
Seulas Nangka masak dah tak bolih dihukum bunuh lagi
Namun Ke Sultanan Melayu masih di Budayakan

Yang memerintah adalah Suara Rakyat
Melalui process pengundian Kerajaan

Penjajahan British sudah berlalu
Sekarang Malaysia MERDEKA
Kita yang mengaturkan perjalanan kita sesama bukan Donald Trump
Sultan di di Budayakan
Rule of Law di hormati
Hukum , Hadith dipatuhi

Sultan juga kena ikut The rule of law
Quran & Hadiths di patuhi
Tiada siapa yg diberi ruangan special

Sultan tidak berhak memilik Tanah Negeri beliau semahunya
Sultan juga perlu dihadap ke Mahkamah jika perlu
Begitu juga di di akhirat
Kita semua akan di hisam akan amalan kita
Bukan keturunan ,bukan warna kulit atau sebagainya

TMJ masih Muda
Perlu banyak mengenal diri
Perlu berdamping Tun untuk belajar memerintah

Indeed a Ruler's duty insofar as governance should be as what the YamTuan Besar of Negeri Sembilan says – to advise, to be advised and to warn. Rulers reign but do not rule. Perhaps the 9 Rulers should look at what the last British Monarch of Malaya and Borneo (Queen Elizabeth) has done in her duties. She acts on advise of her Ministers only and as such does not need to use any of her Reserve Powers. She does not comment on politics and her meetings with her PMs, Ministers and various vice-regents and even guests are always kept private.

The 9 Rulers should strive to follow this and if they have any issue, they should grant an audience with their respective Menteri Besars and offer their advice or warnings as the case may be, but they should not disclose what happened in these meetings except for a general summary.

Similarly, the Menteri Besars should keep their respective Rulers informed of matters of State and not share what transpired in such meetings to the Press of rakyat except in most necessary of circumstances.

And if despite all of this, the respective Ruler is still unhappy with the advice given by his MB or a responsible state councillor (acting on the MB's orders, he must in the end, accept that the Menteri Nesar gets his power and authority from the Rakyat, and the Ruler MUST act on such advice.

The only exceptions are where the Constitution (whether Federal or State) gives the Ruler some personal or reserve powers where he can act independently of such advice. These include areas of religion where the Ruler is Supreme Head of Islam and protector of the rights of persons of different faiths, matters of confidence where he feels his MB lacks majority support or the decision to hold elections (where the MB lacks confidence). The Federal Court decision in the Perak MB saga should give light to what courses are open to the Ruler in such circumstances.

Rulers should not provide any advise or even hints as to what voters should do at the ballot box. They MUST NOT openly express displeasure with their MBs nor demand their resignations (unless there is a loss of confidence in the Dewan) as these matters are firmly in the hands of the Rakyat to decide on their choice of party (and its leader) as the person or party that should lead and govern them.

That said the Ruler is free to speak on issues of unity, diversity, tolerance, respect and even promulgate a "Bangsa" that embodies all these traits. But this promulgation should not be used as a political tool or to give rise to 'an us vs them' mindset.

Since Malaysia is Union of States coming together as one country, every subject or citizen of Malaysia is entitles to move around freely and be treated as equals even in different states. Malaysians should NOT be considered as 'outsiders' if they hail from a different state. They should enjoy freedom of speech and the right to comment, criticise or praise matters in other states, excepting only that they cannot vote in that state if they are not registered there.

Whatever Bangsa is promoted in any state CANNOT override the right of every Malaysian to speak out and express any issue that they feel is not right in a state, especially where the issue of Law and the Federal Constitution is at stake. Whatever Bansa or whatever state a person hails from, he or she is first and foremost and always a Malaysian.

Rulers must remember this. It's no use being charitable and doing many wonderful things for your state but at the same time disenfranchising other Malaysians or worse, sidestepping or ignoring the Federal Constitution. The Federal Constitution provides for a Federal Government which has authority to act for the nation as a whole and to do certain things for or in each state, except where the relevant State Constitution places in the hands of that state's government.

Rather than telling the Federal Government to butt out, Rulers should work with the Federal Government through their respective State Governments. Where the State Govts and the Federal's are from differing parties. The Rulers should help foster a friendly relationship between the 2, rather than taking sides. Where there is dispute, the Ruler should then only act on the advise of his MB unless the Federal Constitution explicitly provides the Federal Govt with the final say.

While it has become customary now for Rulers to ask for a few names, in deciding whom to appoint as their MB, they should pay close attention to what the Late Agong and former Supreme Head of Judiciary, Sultan Azlan Shah advised – that such demands are improper.

The Party or Alliance that won the elections, decides among themselves who shall be their leader in the Dewan. Since they now are likely or assured of a majority in the Dewan, accordingly their chosen leader is the one who now commands the confidence of the Dewan. A Ruler should not insist on several names, when the party has already decided its choice. The Ruler MUST appoint that person as MB, even if he dislikes or disagrees with that choice.

It has become all too common now for Rulers to reject choices. It has occurred in Selangor, Terengganu, Perlis, Kedah, Johor, Pahang and Perak. This is WRONG. If Rulers are unhappy with the sole nominee, then the only recourse they can have is to demand that he then proves his confidence in the first/next sitting of the Dewan. However they MUST first appoint him to the position as the Dewan may only sit at a later date. If when the Dewan sits and a vote of confidence is called and the person named as MB fails to muster a majority, then only can the Sultan demand his removal.

A Ruler can of course suggest to the winning party for a few names and if they acquiesce, fair enough. But if they don't, the matter should be settled. The sole nominee is appointed and unless he ever fails a confidence vote, the Ruler must work with him and accept his advice. In all these matters, the Ruler should never make his personal feelings known, it's a matter between him and his MB according to the Constitution.

Rulers should not turn a routine matter provided for by Law, into a constitutional crisis by expressing personal preferences and then having them reported in the Press or on social media.

Finally, Rulers should remember that the convention is that they act only on advise of MBs or Ministers. They should not solicit or accept advice from the Opposition or outside parties, without first seeking approval from their MBs. Only in exceptional circumstances, should outside advice ever be sought – like a govt that has lost confidence or a major catastrophe that even the govt is unable to advise and of course on matters of religion where the Ruler as Supreme Head may need the advice of religious experts.

Rulers should keep all of these in mind and also to ensure that their issue/siblings/consort do not interfere in matters that the Constitutions specifically entrusts only to the Ruler or his MB. Any statement by any Royal even with good intentions, will give rise to political issue, if it touches on areas where the Constitution spherically entrusts to an elected govt.

If Rulers want to be neutral and above politics and revert to the role specified for them in the Constitution, and further the promotion of harmony, unity, peace and prosperity of all their subjects and that of the country as a whole, then they should talk less and be heard less on issues of politics and the governance of their states or nation as a whole.

NB: Whatever references to Rulers and MBs, similarly applies to the Agong and his Prime Minister. Except that the Agong enjoys slightly more authority as King of the Nation, where the Federal Constriction expressly provides him with.

Whoever become the mb selangor, atau dll mb, hakikatnya adalah sama saja, iaitu orang BERSATU atau orang UMNO, betul tak?

Tetapi, jika pas mps dan wr merajuk, lebih baik diam aje jika mereka hanya ingin tumpang rezeki dan jaga tepi kain orang lain since mereka suka benda2 percuma saja, betul tak?

The issue is not about tdm, the issue is about those who are appointed can do their work or not with the right attitude.

If they do their work with right attitude, umno wont loose 2/3 majority since 2008.

The rest is history.

P/s: the purchasing power of the majority malay is still low even when ruling government dumped so much federal budget on them, where is the leakage?

Assalamualaikum, Tun.

Sorry, for taking the opportunity to sway a bit in discussion about the topic of "Constitution".

Our economy is not as good as what the Government says or prescribes. The Minister of Finance has not performed up to Rakyat's expectation. Instead of broadening the nation's income base to raise revenue, the Minister is seen as suppressing Rakyat for more taxes, more subsidies cut, more stuff price hikes.

Please re-look into the following policies-

- Real property gain tax which causes severe slow-down in property market
- SST on stock brokerage fee
- Water tariff hike (Remark: Please understand that nobody likes to waste water, paying more water bill. Hawkers need water to clean utensils.)
- Proposed removal of petrol pump price cap
- Cut of budgetary allocation to TAR University for political revenge

There are so many aspects to explore in broadening income base:

- Special 4D draws
- Soccer gaming license
- Banking license for more foreign banks to operate
- Approved permit fees
- Digital business license
- Increase in import duty for luxury items

And, many more...

Rule of law prevails. The existing democratic nation is by the people and for the people. The monarchy system is inherited, and as a sign of Malay's grasp of power.

We love good leaders, like Tun and Dato' Seri Anwar. And, we also love Sultan of Johor, who brings about some much progress and development to the state, where Johorians enjoy peaceful, harmonious and progressive living, with vast of opportunities for business and jobs.

Rakyat do wish to see a sustainable peaceful and progressive nation.

Tun

Saya dapat rasakan kerunsingan Tun pada masa depan negara sekiranya negara dikuasai pemerintah sama ada raja atau ahli politik yang menyimpang dari jalan yang benar.. Tun benar-benar rungsing.. umpama ditelan mati anak..diluah mati mak... benar sekali apa yang dikhabarkan dalam kitab junjungan kita..akhir zaman kita diuji dengan pelbagai ujian..berkata benar seumpama menggengam bara api.. ingin dipadam api ini dengan sekuat gengaman..tetapi semakin kuat digengam semakin sakit... apakah perlu tun dikeluarkan kenyataan2 diatas??? mungkin pada firasat tun..ianya perlu supaya tersedar anak emas kecil yang cuba bermain api... pada masa yang sama saya ingatkan.. musuh2 kita sedang tersenyum lebar.. pintu sudah terbuka..

kepada anak emas tadi...sudah2lah bermain api..kembali kejalan yang hakiki..lihatlah sekeliling dengan mata dan hati...rujuklah sirah... pandang sebelah apa yang telah dibuat oleh anak2 emas yang lain..ada yang baik alhamdulillah..ada yang menyedihkan Subhanallah..ingatlah tidak mudah untuk orang tua menegur sejauh ini....

kepada Tun..Istighfarlah.. ingatlah yang Tuhan sedang menguji..bukan Ujian pada Tun seorang ..tapi kita semua umat.. moga Tun terlindung dari berbuat keputusan yang salah lagi...ketika Tun menghalau si kucing dari rumah..tikus yang manja bersama nak emas bermaharajalela..banyak kerosakan dilakukan mereka...memempersepahkan kantung beras yang ada...terpaksalah kudrat Tua mengambil semula kucing yang terbang.. manfaatkanlah masa Tun yang berkurang..tumpukan saja pada niat suci Tun untuk tolong kemaskan kantung beras yang tersepah..usahlah dinyalahkan api berlebihan.. walaupun dengan niat medidik anak emas menanak nasi.. kelak mungkin terbakar rumah.. perhatikan juga kucing yang Tun janjikan menjadi tuan... berhemahlah dalam setiap tindakan Tun.. percayalah..apa yang terjadi sudah tersurat diazali.. kita hanya merancang..dan hanya Dia sebaik2 Perancang...

Good morning Tun

Tun merajuk ka? Rasanya tak perlu. Exco Johor dah ada seat tambah dari Bersatu. Bab MB Johor, ramai dah agak dia naik. Tun pergi Sabah pun dia ikut, function retreat pun dia ganti Osman. Ini semua berlaku sebelum dia naik jadi MB.

Rombakan EXCO? Itu biasalah Tun. Zaman Khir Toyo jadi MB pun sama. Ganti MB, barisan Exco ganti. Tak kiralah dari parti mana, mesti nak letak gang2 dia. Perak for example, ada company sana dah letak orang DAP jadi directors. Orang Bersatu diam kah?

Tun nak berhenti jadi PM? Baiklah tak payah. Sebab kalau Tun main berhenti ikut suka hati Tun, Wan Azizah naik. Ramai pangkah PH dulu sebab Tun kata Najib and gang jahat nak jual Malaysia. Janganlah ada yang perasan pula, ramai pangkah sebab suka logo PKR.

Assamualaikum Tun,

Tambahan kepada tulisan saya sebelum ini. Saya fikir yang penting semua pihak perlu ikut perlembagaan atau "rule of law". Semuanya telah tertulis apa yang boleh atau tidak boleh dilakukan. Ianya menjadi masalah apabila ada pihak berasa lebih berkuasa daripada apa yang tertulis dalam perlembagaan. Lagi satu, punca raja-raja dapat campurtangan adalah apabila ahli-ahli politik membenarkan. Ahli-ahli politik perlu tahu mereka dilantik oleh rakyat dan untuk rakyat. Ahli-ahli politik perlu hormati raja-raja tetapi dalam masa yang sama perlu ada keberanian untuk mengatakan "Tidak".

79.

80. [Log in to Reply milshah](#) Apr 25,2019 10:24 AM

Assalamualaikum Tun,

Negara kita mengamalkan sistem raja berpelembagaan dan bukannya raja berkuasa mutlak. Maksud raja berpelembagaan, walaupun negara kita mempunyai raja, tetapi kuasa raja adalah tertakluk kepada perlembagaan negara kita. Ini bermakna raja tidak boleh bertindak sesuka hati, tetapi perlu mengikut apa yang tertulis dalam perlembagaan.

Contohnya, dalam perlantikan Perdana Menteri, benar Agong mempunyai kuasa melantik. Tetapi adakah ini bermakna Agong boleh melantik sesiapa sahaja sebagai Perdana Menteri? Di dalam perlembagaan telah pun tertulis siapakah yang Agong boleh lantik sebagai Perdana Menteri, iaitu seseorang yang pada pandangannya mendapat sokongan majoriti ahli-ahli Parlimen.

Jadi tugas agong adalah melantik Perdana Menteri tetapi terbatas kepada ahli parlimen yang mempunyai sokongan majoriti. Kita ambil contoh pada PRU 14 lepas, Pakatan Harapan telah memenangi PRU. Pakatan Harapan telahpun bersetuju bahawa Tun adalah Perdana Menteri, maka mengikut perlembagaan, Tun adalah seseorang yang mendapat sokongan majoriti ahli-ahli Parlimen.

Adakah agong boleh melantik Kak Wan, Najib, Lim Guan Eng atau Mat Sabu sebagai Perdana Menteri sebab Agong mempunyai kuasa melantik? Jawapannya tidak, kerana agong mesti lantik seseorang yang mempunyai sokong majoriti, iaitu hanya Tun sahaja. Jadi kuasa melantik Agong telah terbatasi oleh perlembagaan iaitu hanya melantik Tun sahaja sebagai Perdana Menteri kerana hanya Tun sahaja mempunyai sokongan majoriti.

Demikianlah juga dalam perantikan Menteri Besar. Benar Sultan ada kuasa melantik Menteri Besar, tetapi terbatasi untuk melantik Adun yang mempunyai sokongan majoriti.

Apabila agong di kerajaan pusat atau sultan di peringkat negeri tidak melantik seseorang yang mempunyai sokongan majoriti, maka ianya tidak mengikut perlembagaan, sedangkan negara kita mengamalkan sistem raja berpelembagaan.

Demikianlah juga segala tindak-tanduk agong, adalah terbatasi kepada nasihat Perdana Menteri. Nasihat Perdana Menteri ini adalah mesti diikuti seperti yang tertulis dalam perlembagaan.

Apakah intipati sistem raja berpelembagaan ini? Intipatinya ialah kuasa eksekutif sebenarnya terletak kepada Perdana Menteri, seseorang yang mendapat majoriti dalam parlimen yang dipilih oleh rakyat setiap 5 tahun dalam pilihanraya umum. Intipati sistem raja berpelembagaan adalah sebenarnya sistem demokrasi, di mana kuasa sebenar terletak pada rakyat yang memilih pemimpin.

Berdasarkan sejarah, raja-raja lebih akan menjaga kepentingan diri. Ini sememangnya lumrah manusia. Kita dapat lihat apabila skandal 1MDB di mana berbilion duit rakyat dicuri, raja-raja tidak dapat menolong rakyat. Kita dapat lihat pada PRU lepas, ada raja yang secara terang mahu rakyat menyokong kerajaan Najib. Kita dapat lihat betapa kuatnya tentangan terhadap Statut of Rome, walaupun sebenarnya Agong tidak boleh disabitkan sebarang kesalahan kerana terikat dengan nasihat Perdana Menteri. Kita dapat lihat, tanah forest city dijual kepada warga asing sehingga dijangka seramai 700,000 orang negara China akan datang dan tinggal di Malaysia.

Sebenarnya raja-raja tidak patut terlibat dalam politik ataupun perniagaan. Raja-raja tidak patut campurtangan dalam pentadbiran negara. Barulah raja-raja akan dihormati rakyat.

I cannot imagine anyone genuinely supporting absolute monarchy, except those with vested interest like family and close associates who will personally benefit.

Without the need to prove themselves in anyway whatsoever, the king can be a complete idiot or a horrible person... Even if a ruler is wise and just, history provides too

many examples of ruin in the hands of the offsprings who assumed power automatically just by virtue of their birth right.

Although democracy does not guarantee getting an effective leader, at least the people can change him if he is no good, like what happened in GE14.
