

MENDAULATKAN ISLAM

Chedet.cc

8 Mei 2019

Tun Dr Mahathir Mohamad

1. Saya mengalu-alukan perhimpunan umat Islam yang bertujuan mempertahankan kedaulatan Islam dan Perlembagaan. Saya sokong penuh tujuan-tujuan tersebut.
2. Tetapi saya tertanya-tanya samada benar tujuan mendaulat Islam atau bertujuan mendapat sokongan bagi parti-parti politik tertentu. Yang pertamanya yang memimpin dan berucap ialah pemimpin Parti politik UMNO dan PAS. Dan akhbar melapor hasrat perhimpunan ialah untuk memperingati Kerajaan akan kedudukan agama Islam.
3. Jika ia bertujuan mendaulat Islam, sepatutnya ia tidak terhad kepada parti politik tertentu sahaja. Gandingan parti-parti ini tidak mencerminkan solidariti orang Islam. Bahkan ia mengasing dan memisah umat Islam di Malaysia.
4. PAS sejak awal lagi mendakwa orang parti UMNO adalah kafir kerana bekerjasama dengan orang kafir. Dakwaan ini masih tidak dibatalkan. Bahkan Amanat Hadi yang mendakwa Kerajaan UMNO adalah kafir dan kematian pejuang melawan Kerajaan UMNO, jika meninggal adalah syahid.
5. Sekaligus dakwaan PAS dan Amanat Hadi memecah belah orang Melayu buat kali pertama. Orang Melayu semuanya beragama Islam dan termasuk golongan Sunni (Ahli Sunnah Wal Jamaah) pimpinan Imam Shafie. Tidak ada kelainan pendapat atau fahaman mereka berkenaan agama Islam sejak dahulu kala lagi. Mereka berpecah dengan mendalam dan teruk hanya apabila PAS ditubuh dan mendakwa orang UMNO kafir kerana bekerjasama dengan orang kafir. Demikianlah taksubnya orang PAS terhadap dakwaan ini sehingga ada yang anggap ibu bapa mereka yang menyertai UMNO sebagai kafir. Mereka dakwa perkahwinan orang UMNO tidak sah dan perlu dikahwin semula. Sembelihan orang UMNO haram dan tidak boleh dimakan oleh orang PAS dan bermacam lagi.
6. Sehingga sekarang PAS tidak pernah batalkan dakwaan UMNO kafir mereka dan Amanat Hadi. Bagi PAS orang yang tidak sertai PAS adalah kafir. Mengikut PAS hanya ahli PAS sahaja Islam. Sudah tentu orang Islam yang mencari suaka di Negara bukan Islam sudah jadi kafir.
7. Bagaimanakah PAS bersama UMNO berhak dakwa perhimpunan mereka menggambar solidariti orang Islam untuk kedaulatan Islam.
8. Ada pula orang yang berjawatan, yang membisu seribu bahasa berkenaan dakwaan PAS dan Amanat Hadi. Apakah mereka terima kesahihan dakwaan PAS dan Amanat Hadi.
9. Ada orang Islam yang kononnya ingin mengamal ajaran Islam. Tumpuan mereka adalah kepada perkara yang kecil yang mempunyai unsur politik. Sebaliknya larangan keras agama Islam tidak mendapat teguran dari mereka.

10. Sekarang kita sudah dapati orang Islam Malaysia yang menyertai peperangan sesama orang Islam. Mereka sanggup membunuh orang Islam, sesuatu yang dilarang oleh agama Islam. Tidak ada gerakan oleh orang Islam yang ingin mendaulatkan Islam ini yang berhujah berkenaan dosanya membunuh, terutama membunuh orang Islam.
11. Orang Islam itu bersaudara. Tetapi persaudaraan orang Islam dihapuskan dengan penubuhan PAS yang memperalatkan Islam secara salah untuk hancurkan persaudaraan antara orang Melayu Islam yang wujud sebelum PAS ditubuh.
12. Yang lebih buruk lagi ialah melaungkan nama Allah semasa himpunan untuk memperkuatkan politik pecah belah oleh parti. Nama Allah diguna untuk menghalalkan penolakan ajaran Islam bahawa mengkafir orang Islam tanpa sebab yang nyata. Membuat dosa dengan melaku amalan yang dilarang oleh agama tidak sepatutnya disusuli dengan menyebut nama Allah.
13. Islam melarang mencuri, tetapi PAS berunding dan bekerjasama dengan pemerintahan sebelum ini yang terkenal dalam dunia sebagai pemerintahan pencuri. Sekarang PAS terus berganding bahu dengan orang yang ditolak oleh masyarakat kerana mencuri.
14. Ramai juga orang Melayu yang kerap menuduh Kerajaan ini tidak mendaulatkan Islam. Tetapi sebaliknya rombongan demi rombongan orang Islam datang dari negara-negara Islam lain yang dakwa bahawa Malaysia adalah contoh negara Islam. Dimana-mana juga di luar Negara terdapat orang Islam yang pandang tinggi Malaysia sebagai negara Islam. Mereka nyatakan keinginan melihat negara mereka menjadi seperti Malaysia.
15. Kata mereka penduduk Negara mereka yang 100% Islam tidak pun dapat mentadbir dan menstabilkan Negara mereka, jauh sekali dari membangun Negara mereka. Kerap kali mereka bermusuhan sesama mereka, membunuh dan berperang. Demikianlah huru-hara di Negara mereka sehingga ramai yang terpaksa berhijrah ke Negara bukan Islam. Kelainan suku kaum, kelainan fahaman ajaran Islam, kelainan politik, kelainan pemimpin menghalang keamanaan. Kerap kali mereka terpaksa akur dengan kehendak kuasa besar yang bukan Islam. Ada juga yang dipengaruhi oleh Yahudi, samada secara langsung atau tidak langsung.
16. Orang Islam di Negara-negara ini sering kagum dengan Islam di Malaysia. Mereka tidak mendakwa bahawa Islam tidak didaulat di Malaysia. Yang menuduh hanya orang Islam di Malaysia sahaja.
17. Ya. Kita tidak potong tangan, tidak pancung kepala, tidak lontar batu untuk bunuh wanita yang dituduh berzina. Kita tidak berbuat demikian kerana Islam utamakan keadilan. Apakah adil memotong tangan orang Islam tetapi mengenakan penjara dua bulan pencuri bukan Islam. Apakah adil menghukum wanita yang dirogol tetapi tidak lelaki yang merogol. Ya. Tidak ada empat orang saksi. Tetapi ada bukti lain. Ingatlah Zulaikha bersalah kerana baju Yusuf koyak dibelakang. Ini disebut dalam Al-Quran. Di zaman ini kita boleh kenal perogol melalui berbagai cara.
18. Syariat Islam mengutamakan keadilan, bukan hukum dan bukan saksi. Sesuatu yang tidak adil bukan Islam. Menentukan keadilan adalah ajaran Islam.
19. Sesungguhnya tuduhan yang dilempar terhadap Kerajaan bukan kerana tidak mendaulatkan Islam, tetapi semata-mata kerana politik. Dalam usaha ini agama Islam yang suci menjadi buruk kerana kepentingan bukan agama.

20. Sekali lagi saya ingin bertanya kepada Haji Hadi dan PAS samada mereka masih nafikan Islam saya dan orang yang bukan menjadi ahli atau penyokong PAS.

Loyalty is the utmost priority in umno baru political party whereby all members wajib to follow, jika tidak, mereka pasti akan dicantas, and it happened right before general election was called, dah lupa?

Yang aku tahu punya, bini bekas perdana menteri dan menteri pertahanan suka menyanyi karaoke.

Beliau kata she needs to spend myr1,200 on her hair alone for government functions, dah lupa?

The jewelleries that she ordered is it for her own?

The real threat to the beijing's commmunist political party is massive corruption that could split china into pieces, and at the end, their people will suffer too.

There must be solid reasons on corruption ground why beijing hold the 2 ex-diplomat of 2 canadians until today after the exposure of huawei's cfo with her illegal dealing with iran on the soil of usa.

I already said, the more the malay and bumiputra protest and demand, the more their political parties' members get confuse.

But they have choice either to protest, to settle in court or out of court without jeopardizing the ongoing projects at state and federal level that would be enough to feed all of us in a generation or 2.

It is not about people power, it is those who are elected able to do their job or not.

There is always a starting point to rectify what when wrong.

Similarly, there is always an ending point to rectify what went wrong.

Vote counts is a must to dictate federal budget, or the unearned future revenue for the current and opposition coalitions.

Vote counts is not a must to get bailout at the expense of other races.

Why challenge the status quo of malay biased policy?

To them, only they can be perdana menteri because malay is muslim.

Bak kata, jika tersalah tema dan langkah, yang untung pun boleh jadi rugi.

But, malay are nice people too, in fact, they are more than delighted to welcome regulated fdi to build their states at federal level.

But, malay too just like other races, could be manipulated to topple a government.

P/s: the likes garnered in the official facebook account of dsn is spammed by his hardcore supporters, and why are they still doing that? Will he get re-elected? Who send dsai to jail? Can you guess? to be the perdana menteri of malaysia, he or she must be jack of all trades, and master of none. why? because he or she needs to support his political first via money politics, and this is something not unfamiliar to the insiders.

Bak kata, you can fool someone sometimes, but you cannot fool them all the time.

Assalamualaikum,

Tahun 2018 adalah satu tahun yang mana saya banyak ditipu. Dalam tahun inilah saya ditipu seorang jurujual kerusiurut menyebabkan saya kerugian besar. Saya juga ditipu oleh seorang mekanik yang mana kereta saya tidak dibaiki walaupun wang telah dibayar penuh malah alat2 ganti sedia ada dicuri dan dijual kepada orang lain.

Dari segi politik, saya juga diyakinkan oleh Tun supaya undi PH kononnya negara akan bankrap tetapi akhirnya mendapati bahawa ini juga adalah satu penipuan yang besar. Malah nilai pegangan saham saya jatuh dengan teruk hingga menyebabkan saya pula hampir bankrap. Nilai tukaran wang teruk, harga komoditi jatuh menjunam, sektor pekerjaan semakin menguncup, harga barang makin naik, hutang negara bertambah, aset negara banyak dijual dan yang paling keji : peningkatan sentimen anti agama Islam dan bangsa Melayu dari juak penyokong PH terutama DAP dalam kempen alam maya mereka.

Pedih rasanya tapi apalah yang hendak dikata. Satu yang saya dapat pelajari dari tahun 2018 ialah saya tidak akan mudah percaya lagi kepada orang. Apalagi orang itu telah banyak kali tipu, u-turn dan tuduh sebarangan.

Semoga Allah selamatkan Malaysia dari segala bala bencana dan juga musuh2 Islam. Disini saya juga ingin mengucapkan selamat berpuasa kepada semua umat2 Islam di Malaysia.

Wassalam.

On the LGBT controversy, in my honest opinion... I don't think we are ready to accept it yet.

The reason is firstly, our nation has an 'official religion', and when you have an official religion, all laws can only be passed in parliament if they don't contradict the essential tenets of that religion. I believe, as Musato said, most other religions are similar in their basic tenets as to Islam. Secondly, religious beliefs are still embedded in the Majority of Malaysians. And when the majority does not agree with a proposed law, and as we are a democratic country, that law will not be passed. This is the same thing that happened in the United States, where anti-abortion laws are easily passed in certain states but are strongly opposed in others.

In short, Malaysia is not ready yet to pass what I consider very liberal laws, as the majority of its citizens are not prepared to accept them yet. But in the future., that may be a different result. But for now, no.

About 15 hours ago HISTORY Facebook share ini

On this day in 1950, the design of Malaysia's national flag, the Jalur Gemilang, was first adopted and hoisted in front of the residence of the Sultan of Selangor.

After the foundation of Federation of Malaya on 1 February 1948, the Federation Legislation Council held a national competition for the design of a new flag in 1949. Among the 373 entries, the final 3 designs were announced through a public poll published in The Malay Mail. On 28 November 1949, majority of the votes had chosen the flag designed by architect Mohamad bin Hamzah.

The initial design by Mohamad had 11 blue and white stripes with a yellow star and crescent over a red background on the top left corner. The design was adjusted, and the stripe color was changed into red and white, while the canton color became blue. Yellow symbolises the sovereignty of Malay rulers, while red, white and blue indicate that the country belongs in the Commonwealth. The crescent represents Islam which is the official religion of Malaysia. The current flag has 14 stripes and a 14-pointed star which shows the unity of the Malay states.

On 26 May 1950, the Federation of Malaya flag was first hoisted in the Sultan of Selangor's residence in an official procession held by British High Commission.

Good morning Tun

Antara kes ayng tak manis Gara2 salah masuk laluan, wanita Cina diserang sekumpulan pengunjung Bazar Buluh Kubu Kota Bharu. In the first place kenapa dia gatal2 masuk situ. Dah tau bulan ramadan, mestilah pengunjung ramai disitu.

Cerita ini I dengar dari my daughter, dia kata wanita Cina ini terlanggar kaki budak, dah tu sebut perkataan 'bodoh'. I fikir sejak Tun mempopularkan perkataan 'bodoh' ramai pula pengikutnya. Kalau Tun kata TMJ bodoh, tak salah kalau orang lain pun bodoh sama.

Anyway to me salah wanita ini, siapa suruh dia main masuk2, I sendiri pun kalau nak pergi bazar ramadan, pasar tani or even pasar malam mana ada main masuk laluan, mesti park jauh2.

Salam YAB dan DiSanjunggi PM Tun Dr. Mahathir,

Kewajipan membayar hutang menurut ISLAM:

Dalam Islam, jika seseorang berhutang tetapi tidak berniat (dan tidak berusaha bersungguh-sungguh) untuk membayar hutang tersebut, dia mati sebagai PENCURI (jika hutang tidak dilunaskan bila dia mati).

Contohnya: Seorang pelajar mengambil pinjaman PTPTN (berhutang dan sudah ada kontrak untuk membayar balik mengikut terma2 & syarat2), tetapi tidak langsung berniat untuk membayar hutang tersebut, dan cuba sedaya upaya memberi pelbagai

alasan dangkal @ bodoh untuk mengelak dari membayar hutang tersebut (walaupun mampu; telah bekerja, dan mampu pergi bercuti ke luar negara, dan membeli harta/aset dan barang2 yang bukan keperluan dan boleh lagi bermewah-mewah dengan HP canggih, dll.). Tiba2 mati kemalangan...

Rasulullah SAW bersabda,
“Siapa saja yang berhutang lalu berniat tidak mahu melunasinya (membayarnya), maka dia akan bertemu Allah (pada hari kiamat) dalam status sebagai pencuri.” [HR. Ibnu Majah no. 2410. Syaikh Al Albani mengatakan bahwa hadits ini hasan sahih].

Para peminjam PTPTN yang enggan membayar hutang mereka memanglah ibarat pencuri. Disebabkan mereka tidak ada rasa tanggungjawab untuk membayar hutang mereka, pelajar2 baru yang ingin mengambil pinjaman dari PTPTN menghadapi masalah sebab PTPTN sudah kekurangan dana. Para peminjam yang liat membayar hutang telah MENCURI peluang pelajar2 baru untuk mendapatkan pembiayaan bagi pengajian mereka – menyusahkan orang lain.

Malangnya, Kerajaan PH telah MEROSAKKAN POLISI berkesan / efektif (termasuk menghalang peminjam2 yang enggan membayar hutang untuk ke luar Negara – mesti bayar amaun minima baru boleh pergi) yang telah Kerajaan BN perkenalkan sebelum ini.

Jadi siapakah yang telah merosakkan sistem dalam PTPTN yang menyebabkan PTPTN berdepan masalah lebih besar (kutipan hutang semakin berkurangan)?

P/S:

- Prinsip saya, “hutang mesti dibayar” (wajib). Jadi para peminjam PTPTN mesti melunaskan hutang mereka.
- Saya harap HBT456 [May 25,2019 8:36 AM] (penyokong kuat DAP) yang suka memutar-belit penulisan saya (memfitnah saya) patut cermin diri sendiri dan insaf. Agaknya fahaman Taoism dia membenarkan dia memfitnah orang lain sesuka hati kot...Ataupun dia sudah nyanyuk dan lupa apa yang orang lain tulis.

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

It is an open secret of such quota, but the point is not about this quota, the point is whether their state governments are ready to handle such infra structure eclr.

It they failed, then, its a debt trap at state and federal level.

This is something that bn and ph need to consider.

Jangan nanti tak jadi, they blame their failure at beijing's one road, one belt initiatives via anti-chinese in the name of race and religion supremacy outside federal parliament.

To legalize same sex marriage or not at federal level first, or state level first, its up to the mps of the divides to debate the pro and cons in federal parliament.

To publish a porn book in writing, comic or filming, go sell your stories or scripts to the publishers or producers since mereka fasih akta cetak dan akta filem negara ini.

But i am not sure whether child porn is legal or not at federal and state level since our mps are so indulge in vote counts just for sake of winning votes for the past 10 years.

Seperti pasukan keselamatan yang bawa bekal hanya untuk sebulan tetapi operasi memakan masa selama 3 bulan di hutan.

HBT fikir diaorang akan makan apa. Ayam? atau biawak atau babi hutan?

Ini musato kena tanya menteri pertahanan negara, jangan tanya saya.

Benefit of doubts is always there, and there must be good reasons when bad things happened.

Assalamualaikum Tun.

HBT tanya pendapat saya pasal rasa peri kemanusiaan terhadap manusia yang melakukan aktiviti gay dan lesbian dalam soal cari makan.

Saya tahu HBT tiada amalkan apa apa agama. Tapi ramai di sini tidak tahu. Jadi saya bagitau.

Mana mana agama termasuk Kristian melarang perlakuan gay dan lesbian. Hukuman yang termaktub adalah hukum mati.

Saya tahu HBT bukan lesbian. HBT cuma menyokong gay dan lesbian atas dasar kasihan sebagai manusia.

Saya rasa elok kita tidak bercakap mengenai orang lain. Kita cakap pasal diri kita dulu.

Dalam Islam kami membahaskan secara terbuka setiap perkara. Islam mencangkupi cara hidup manusia. Termasuk perkara berkaitan seks (terbuka namun terkawal).

Lelaki perlu berkhatan. Ia membuang sisa kotoran di kepala kemaluan lelaki. Ia juga menambah nikmat ketika aktiviti seks.

Ramai Cina pun berkhatan sekarang.

Posisi seks. Terdapat buku buku untuk bacaan pengantin dijual di kedai buku. Termasuk seni Cina kuno, India kuno dan Melayu.

Posisi seks boleh di mana mana kecuali ketika datang darah dan melalui lubang dubur.

Ia berkaitan dengan kesihatan dan jangkitan kuman. HIV.

Dalam Islam wanita adalah ladang tanaman bagi lelaki. Yang didatangi dengan lemah lembut.

Untuk penjagaan alat sulit wanita, bulu kemaluan perlu dikemaskan. Termasuk lelaki.

Dibasuh dengan air bersih dicelah celah lapisannya. Bersihkan segala kotoran. Atau mungkin perlu diwangikan.

Kenapa perlu guna air, bukan tisu? Tisu pun boleh guna jika tiada air. Guna air adalah keutamaan bagi hilangkan warna dan bau kekotoran. Seperti nasihat seorang perempuan Cina lepas saya eksiden motor. Naik keretalah selamat dari naik motor. Saya fikir amat jarang Cina naik motor, kan.

Babi? Kenapa tak boleh makan?

Orang Melayu boleh makan babi. Dbolehkan makan jika tiada sumber makanan lain selain babi tersebut. Ia dipanggil darurat.

Seperti pasukan keselamatan yang bawa bekal hanya untuk sebulan tetapi operasi memakan masa selama 3 bulan di hutan.

HBT fikir diaorang akan makan apa. Ayam? atau biawak atau babi hutan?

Terima kasih Tun.

When Mrs. Teresa May gave her speech on her resignation as prime minister, and ended her speech with an emotionally choked voice by stressing "I love my country", with her action of turning and walking back into her office, it made me wonder, did she mean she regretted being too indulgent and in love with her conservative party that led her to the victory of being the negotiator for the Brexit deal with the EU?

Huawei is being accused of stealing USA intellectual property, but why no one from the USA is accusing Hollywood Avengers in creating Thor by stealing the character of the Thunder God from Chinese literature who can create wind, thunder, and rain to exploit the Chinese market?

Republicans and Democrats can do what they see fit with the Patriot Act, but in reality, less than 30% of American citizens vote no matter how much political funding they have dumped into it via the US dollar.

If Mr. Trump bombs Iran, and Iran retaliates back, what will happen?

I guess the conflicts of interest between the USA and the Muslim world are more divided than ever, perhaps they enjoy military wars to show their might and WMD.

But, kata, the intelligent people avoid, but the not so intelligent ones retaliate.

It is up to UMNO-PAS to lobby Bersatu, maaf ke, atau pura-pura, the ball is on Guan Eng's table.

Good morning Tun

Maaf cakap, Parti Bersatu Tun ini tidak dilihat sebagai sebuah parti yang mengamalkan budaya Islam. Menteri2 Tun tidak mengamalkannya. Mungkin some of them anggap mereka liberal. Cara Bersatu pun salah, tidak Islam, tidak Melayu. Hari ini tertarik baca soal salam atau berjabat tangan sesama Islam.

I nak kongsi artikel ini **Keutamaan Berjabat Tangan Ketika Bertemu**

Dari al-Bara' bin 'Azib radhiyallahu 'anhu, dia berkata, Rasulullah shallallahu 'alaihi wa sallam bersabda,

تَصَافَحَانِ إِلَّا غُفِرَ لَهُمَا قَبْلَ أَنْ يَفْتَرِقَا مِنْ مُسْلِمَيْنِ يَلْتَقِيَانِ فِيهِ

"Tidaklah dua orang muslim saling bertemu kemudian berjabat tangan, kecuali akan diampuni (dosa-dosa) mereka berdua sebelum mereka berpisah."

<https://www.thestar.com.my/opinion/columnists/one-mans-meat/2019/05/25/when-a-ptptn-uturn-is-okay/>

Pendek kata, when % of students who refused to pay, not consistent to pay or gets excited to be loan defaulters by giving all sort of excuses, what will happen next?

These young students who are serving the pptpn loans will start to think, why should they serve pptpn loan since majority of the students dont serve tak kena apa2.

You cannot have a law implementor who favors a race at the expense of other races, memang tak masuk akal punya.

With the 90:10 quota system proposal, the young non malay muslim generation, then need to serve high property loan, high transportation cost, and now high education loan, but malay muslim is still protected under this quota system, tak bayar pun takpa with the alasan of hajar, janji menang undi negeri, tak gitu?

I am not sure whether they feel proud or not being a protected race, but one thing i am very sure is, 'it is about vote counts of race and religion' to dictate the federal budget.

Jika hajar merajuk, by all means go a head.

Why?

No one can stop her from voting umno malay, but she cannot stop others from voting ph malaysian.

Salam Dearest YAB PM Tun Dr. Mahathir,

1. Umno veep rejects 'Bangsa Malaysia' concept, insists must centre on Islam and Malay culture

<https://www.malaymail.com/news/malaysia/2019/05/24/umno-veep-rejects-bangsa-malaysia-concept-insists-must-centre-on-islam-and/1756065>

I am with UMNO on this matter.

We have vernacular schools (Chinese/Tamil) all over Malaysia, and it's really ridiculous to talk about 'Bangsa Malaysia @ Malaysian Malaysia'.

Please get rid of the vernacular schools first, and then we can talk/discuss about 'Malaysian Malaysia'.

One more thing, ask those non-Malays (majority) to brush up on their Malay language (BM). It's so embarrassing to have Malaysians who can't even speak BM properly. Even the Banglas and Rohingyas speak much better BM than quite a number of those Malaysians who promote the 'Malaysian Malaysia' agenda without shame. These OKUs (in learning BM) should simply give up their citizenship and go back to their beloved Motherland that they are so loyal to until today (and forever...).

2. If PH decides to introduce a subject to teach (introduce) all religions/ faiths at Sekolah Kebangsaan, then I can guarantee that my vote will forever go to BN-PAS (current Oppositions). The only objective of this move is to spread other religions/ beliefs/ faiths to/among the Muslims (so that many will /can become 'murtad'). Those Muslim kids (primary /secondary levels) are too young to differentiate between what is right and what is wrong (in Islam). Please don't make this big mistake. It's going to invite Allah's wrath. Furthermore, it is also against our Federal Constitution. ISLAM is our Official Religion.

Wrong

HBT456.

Google is not open source. Android is. But even that is only the current one and Huawei will face a marketing nightmare once the Android's new version comes into the market

next year. The key to Huawei's success is the number of apps available on its phones.. which it won't have once its developer platform (Google) is not installed as Huawei phones are not certified. Sure, its China market is less affected, but its global market surely will (unless Huawei comes up with another plan.. but it's dead in the water whatever they cook up).

I am not sure what huawei technologies is up to at this special gazetted zone in opening up china at shenzhen first, guandong province, is going to do next but i know their domestic market catering the common buyers of this province and other major cities in other provinces is enough for them to buffer and transform themselves to the next generation, or next level.

Even microsoft is not supplying its software for huawei tablets, mr twinpeaks understand what that means?

For me, huawei or other brands of smart phones, as long as they cater my needs with right pricing, i will buy.

So, pandai-pandai lah mr twinpeaks yang mengelarkan diri dia sebagai sabahan muslim since the voting pattern of general election and by elections is different from owning a smart phone, atau telefon pintar.

Even if i know the truth, there is nothing i can do.

It is up to them to repent or not in the name of official religion.

As saying goes, intelligent people avoid, stupid people follow.

Betul tetap betul.

Salah tetap salah.

Will jho low, his parents and other partners surrender?

Are there in macau, hongkong or cayman island, british overseas territory?

Will they have the courage and gut to come back to be trialed in malaysian high court, on what terms and conditions, since their malaysian passports no longer valid?

Setakat tengok HBT pakai bikini atau seluar pendek apa nak kisah. Pakai singlet pun tak kisah.

Itu ari, i pergi dbkl buat urusan kerajaan wilayah, aku tak pakai mini skirt, tapi skirt aku sikit pendek dari lutut kaki saya.

Itu pemuda melayu kakitangan kerajaan persekutuan kata aku tak boleh masuk, tapi, kakak melayu, kata, takpa, boleh bagi masuk aje, very sopan and understanding.

So i looked at that young man in his late 20s, and asked him, must i go back and change my skirt, but the more matang punya kakak, kata, tak payah, dan suruh saya masuk.

So how ar?

So in order to make both hepi, i pulled down my skirt since i lost weight so that i can cover half of my lutut, and senyum dengan ucapan terima kasih for their servis kerajaan persekutuan walaupun aku ini subsidy, tax payers, epf and socso contributors who pay them gaji bulanan, and i walked in.

There are ways to solve problems, it is very much depend how we solve problems especially dealing with mankind.

I chosen the polite diplomacy, not the confrontational hostile diplomacy.

Game of throne?

I never even watch one episode of such drama, but i am happy that the fans like the drama that create income for the old, middle age and young actors, actresses or even gay and lesbians, and thats my choice micro-economics preference.

What about musato?

Assalamualaikum Tun,

Why dont you try and have a sitting with those you speak about and come to a consensus for benefit of the ummah. If the leaders could sit together and put ego aside and do it for Allah Im sure the result shall be good. The followers will follow the actions of the leaders, and the leaders have to ask themselves as to whether their actions divides or unites the ummah.

whether its for their own political goals and egos, or their outmost love for their Agama, Bangsa dan Negara.

The disputes are mostly petty, and a united front could achieve far greater.

Sometimes i do wonder why leaders like yourself daim, anwar, najib, hadi etc couldn't put aside their differences and work collectively.

right now its so divisive, when in reality we are all brothers under islam.

i know it may be naive, but maybe we should work for it, instead of accepting the status quo.

Are you ready for the bigger picture that is about to turn?

No matter how political parties and middlemen organizers in politicalizing pptpn loan, subsidy petrol and bantuan sara hidup, these programmes, atau portfolios, will only increase fiscal expenditure of the ex- bn and current ph coffers, in exploiting the current taxpayers for the future generations in order to retain votes.

What will happen next?

Myr will depreciate further, bursa malaysia remains robust and challenging with bnm opted cutting points of base lending rate to stimulate domestic property and manufacturing industries to generate growth, why?

I dont think bn or ph want to abolish nep sooner, or later, to keep status quo, iaitu, mesti menang dulu, baru bikin.

Jika tak boleh, we will see whether they will set up new political parties, lompat atau retire just to stay relevant tanpa kira mampu atau tidak, janji menang undi kaum majoriti

even at expense of sitting down there doing nothing at all, or main politik yang amat tak masuk akal punya as if voters are blind and deaf.

Why deloitte is being raided, but no arrests made?

What happened to goldman sach of 1mdb?

Once a trust is being betrayed, it may take years to rebuild, but when a trust is betrayed, it might not be recovered.

Dont forget, perdana menteri of malaysia must called for general election to get mandate from the voters of all states including sabah, excluding sarawak.

After more than 60 years of merdeka, why challenge the status quo of malay bumiputra policy?

They will never appreciate nor be grateful because to them chinese is pendatang under the topic of "mendaulatkan islam".

Dont forget, all political parties have silently back this topic dari dulu hingga kini behind the voters via agree to disagree, disagree to agree, reject or accept, tak gitu?

P/s: beijing will continue with their one road, one belt initiative cautiously. huawei got no pre-download of google service spells the end of huawei market capitalization? google is an open system, and buyers of new huawei can choose to download or not google services outside china, why? chinese in china dont use google services some 15 years ago what, so without pre-download of google services wont hurt the chinese mainland market capitalization of 1.3 billion population. but, beijing and their ministries will continue to support boeing usa, but some provinces in mainland china may opt to penalize boeing usa. being the leaders of prc, both president and premier cannot take side, and they must honor what they have sign in any treaties with the world, and that's china, janji no civil and international military war that could split china apart.

Berita terbaru penyanyi Korea disabitkan dengan kegiatan merakam video lucu sendiri.

Just because of 1 bad apple, young korean industry players are being generalized as all bad apples?

Jangan lupa, korean entertainment could be rigged too just like their politicians too.

Jika mereka yang terbabit dengan kesalahan, mereka pasti akan dihukum penjara.

Mahkamah mereka tidak boleh pilih kasih atas alasan kaum mereka dengan bukti kukuh dan lepaskan mereka.

The old way of doing things via pilih kasih no longer relevant, itu lah sebabnya, umno baru dan barisan nasional tertumpang.

Mike pompeo of usa said pentagon could send 10,000 usa troops to counter iran, and there is no way beijing, china, can stop them, then how?

Of course, jika betul2 berlaku, beijing will evacuate their ambassodor staffs and employees working in this middle east region.

Apa2 pun, american taxpayers and voters need to decide with 2 political parties whether to support republicans or democrats atau military war or no military war?

P/s: is republican mr trump calling a bluff in using patriot law to counter iran as last option? he is not bluffing, and if he wins big in his general election which due in year 2020, mr trump will bomb iran. itulah sebabnya, beijing, prc stands firm with their principle in not supporting or using military as last option in mainland and outside china to counter failed negotiation even at the expense of crippling huawei technology.

Assalamualaikum Tun.

HBT Korea dan Jepun menjadikan ia sebagai satu industri. Video adalah terancang dan difilemkan.

India tidak. Tetapi terdapat beberapa keadaan di mana India ke arah itu. Ia diarahkan.

Bodoh tu maksudnya bodoh la HBT.

Porno tu maksud ada bunyi, ada posisi dan bahagian sulit didedahkan.

Setakat tengok HBT pakai bikini atau seluar pendek apa nak kisah. Pakai singlet pun tak kisah.

Salam YAB dan DiSanjunggi PM Tun Dr. Mahathir,

Sempena sambutan NUZUL AL-QURAN semalam, wajarlah kita (umat Islam) berusaha dan istiqamah untuk memahami kandungan Al-Quran Al-Kareem. Eloklah belajar B. Arab (nasihat kepada diri sendiri), dan faham nahu2 B. Arab yang amat rumit berbanding BI, dll. bahasa.

Kerajaan yang mendaulatkan Islam sudah semestinya mendaulatkan Al-Quran, dan cuba dengan sedaya upaya untuk mengikut ajaran Islam dan menurut segala perintah Allah SWT yang tercatat dalam Al-Quran.

Jika Islam dan umat Islam dibiarkan dihina dan tiada tindakan tegas diambil oleh Kerajaan, keadaan ini menunjukkan yang Kerajaan tidak mendaulatkan Islam. Peliknya jika sebaliknya yang berlaku cepat saja tindakan diambil terhadap orang Islam. Adilkah?

Umat Islam juga mesti istiqamah dalam memperbaiki taraf hidup (ekonomi) kita supaya tidak dihina, dianiaya, difitnah dan dipandang rendah oleh orang kafir. Tengok saja golongan kiasu yang fikir mereka saja yang bayar cukai. Meluat betul dengan perangai buruk orang sebegini. Kaki fitnah, jadi batu api dan menghasut saja kerjanya, tetapi perasan bagus.

Kepada yang sentiasa sengkek (asyik keputusan wang), sebenarnya, bukan susah untuk jadi kaya (hidup senang), dan ada wang yang banyak. Pokoknya, kena ada disiplin diri yang tinggi dan tahu untuk mengurus kewangan (peribadi) dengan betul. Jangan membazir, dan berbelanja mengikut kemampuan. Ukur baju di badan sendiri. Tahu membezakan antara KEPERLUAN (needs) dan KEMAHUAN (wants). Jangan ikutkan nafsu; gunakan AKAL fikiran yang waras bila berbelanja. Orang Islam (yang ikut ajaran Islam) sepatutnya tahu semua ini.

Lagi satu jangan sombong / angkuh berlagak seolah-olah diri hebat dan tidak layak untuk melakukan kerja tertentu dengan gaji yang tidak seberapa (pada tanggapan mereka). Jika itulah saja kerja yang ada, dan permohonan2 untuk jawatan2 lain ditolak, terpaksa lah lakukan juga kerja tersebut untuk menyara kehidupan. Itu lebih baik dari menganggur dan menyusahkan keluarga. Islam amat menekankan tentang betapa pentingnya untuk umat Islam bekerja (kerja halal) dengan bersungguh-sungguh.

Saya banyak membaca buku/artikel mengenai pengurusan kewangan (peribadi) kerana mahu tahu rahsia menjadi 'Jutawan' (how to achieve 'financial independence': "Financial independence is the moment when your investments start paying more than your expenses."). Sebenarnya tidak susah. Tidak perlu jadi Saintis Raket! :). (tapi saya memang

Saintis.. hahaha...).

Pada saya kalau seseorang sudah ada lebih dari satu juta Ringgit wang tunai ia sudah lebih dari cukup (tiada hutang). Wang kita boleh 'bekerja' (menjana wang) untuk kita, dan kita boleh goyang kaki saja. Kalau rasa2 mahu terbang ke Paris, London, Rome, LA, New York dll. pergi saja.

Saya ada buku "Rich Dad Poor Dad" (Robert Kiyosaki) dan buku "The Millionaire Next Door" yang amat membuka mata/minda tentang siapa sebenarnya yang betul2 kaya. Ada banyak lagi buku2 motivasi dari dalam dan luar Negara yang boleh dibaca untuk meningkatkan ilmu tentang pengurusan kewangan. Saya anggap buku2 bermanfaat sebagai satu pelaburan. Pelaburan yang paling berharga ialah pelaburan untuk menimba ilmu pengetahuan.

P/S: Kalau golongan asnaf dan B40 pun mampu melancong ke luar Negara, maksudnya tiada masalah bagi para peminjam PTPTN untuk membayar hutang tertunggak mereka. "Now everyone can pay their loan!"

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Berkeenan nak panggil BTS, K Pop Korean ke Malaysia untuk menarik pelancong. Jika Syed Saddiq rajin meneroka, Korean bukanlah satu bangsa dan negara yang perlu dicontohi buat masa sekarang dari segi moral.

Tarian dan video dalam FB yang budak budak sekolah pun boleh tengok berkenaan bangsa Korea kebanyakannya adalah bertemakan lucah dan memang porno pun.

Jika macam ini, mungkin parti bersatu primbumi boleh mensyorkan musato sebagai pengarah radio tv malaysia, first thing he must censor tarian hindi movies yang agak porn jugak, very bad for budak2.

Musato rasa peminat hindi movie akan mengamuk tak?

Bodoh itu maksud apa?

With this kind of wannaebes, i wish ph best of luck.

Salam Tun

I nak share cara duduk Rasulullah SAW;

Duduk Bersila. Duduk ini dilakukan dengan cara menyilangkan kedua kaki yang berada dalam posisi rebah dan terlipat, sehingga persilangannya ada di antara kedua betis. Rasulullah SAW pernah duduk bersila dari setelah selesai sholat subuh, hingga terbit matahari;

Assalamualaikum Tun.

Sebenarnya saya memang bertujuan untuk membicarakan berkenaan Tun tidak menyediakan pemimpin pelapis mengikut laluan pengalaman hidup Tun atau saya katakan sebagai tarekat Tun.

Tun cuma ikut sistem. Dulu sistem UMNO. Sekarang sistem PH.

Tun angkat Syed Saddiq jadikan pemimpin muda sebab kebetulan Syed Saddiq muncul dalam radar semasa menentang UMNO.

Ya, kita tahu Syed Saddiq fasih English dan pandai debat. Tapi dari segi pengisian jiwa masih kosong.

Tun kata berikan pengalaman. Tapi pada pendapat saya, pengalaman akan datang mengikut usia, tetapi jati diri dan pengisian jiwa belum tentu dapat jika tidak dipenuhi pada masa kanak-kanak dan remaja, walaupun kita ini dipanggil Islam atau pun 'Syed'.

Maafkan saya jika sebut Syed Saddiq sebagai contoh.

Berkenaan nak panggil BTS, K Pop Korean ke Malaysia untuk menarik pelancong. Jika Syed Saddiq rajin meneroka, Korean bukanlah satu bangsa dan negara yang perlu dicontohi buat masa sekarang dari segi moral.

Tarian dan video dalam FB yang budak-budak sekolah pun boleh tengok berkenaan bangsa Korea kebanyakannya adalah bertemakan lucah dan memang porno pun.

Jika itulah yang perlu dipanggil untuk menarik pelancong ke Malaysia, tak tahulah saya nak kata apa.

Mungkin Syed Saddiq ada baca ini. Maaf sebab taipan ini terlalu terang. Semoga ia perlu diperbetulkan pada masa akan datang.

Pada orang muda, saya pun muda lagi, bila saya tegur bab lucah, jangan nak cerita berkenaan 'burit'.

Peringkat bawah ke atas ke adalah ayat biasa untuk dengar "buaya makan pun, saya tak bising, bang"

Tetapi berbeza dengan Tun. Tun pandai English dan ada prinsip akhlak.

Tun berjaya melalui jalan bahasa. Bahasa Inggeris. Kembangkanlah bakat bahasa Inggeris tu pada yang sudah ada akhlak dan jati diri untuk dijadikan pelapis pemimpin negara.

Bukan hanya ikut sistem. Cungskillah, bukan hanya permudahkan orang yang berada dalam radar penglihatan Tun. Itulah tarekat Tun.

Saya bukan ceritakan berkenaan Bersatu sahaja, tetapi berkenaan semua Menteri menteri Islam Malaysia serta pembangkang.

Terima kasih Tun.

GREAT LEADERS ARE BORN, NOT MADE.

Saya fikir kata kata itu hanyalah kata kata Mat Saleh.

Pepatah Melayu kata, belakang parang diasah lagikan tajam (orang bodoh jika belajar bersungguh sungguh pun jadi pandai).

Maksudnya, jika melayu yang beragama islam bersusah payah untuk menyelamatkan rumah mereka di DEPAN halaman dari tertelan api marak, dan yang berumah bersama mereka pula tanam api-api kecil di BELAKANG rumah yang mereka membina bersama sebagai orang islam adalah halal, musato?

Adakah musato akan tepuk tangan dengan meriaknya sebagai tanda lega dan satisfaction sebagai jiran terdekat rumah terserbut?

Berbini 4 pun mampu, adakah musato rasa mereka x mampu beli apple, huawei, xiomi, oppo, nokia, samsung, sony, asus dll punya jenama?

No matter how great leaders are, they will leave the world when their time is up.

Dulu in the 70s, there are many chinese from mainland china willing to leave their home land to search for their apple dream in new york.

Some made it, some didnt made, and that was tragic.

But, today, they dont need to go through human trafficking syndicates to go overseas, they can fly with boeings what using prc nasional passports, betul?

Even all of us also can afford to take flights to oversea what including musato, betul tak?

Kalau Tun bertanya tentang daulat, daulatkah ini?

Tun, If you can't beat them, join them Kalau UMNO dan PAS kuat maka wajarlah Bersatu join sama. Just saying.

You can never make a baby in 1 month by making 9 women pregnant, and no one can change this mother nature law.

Assalamualaikum Tun.

Terima kasih Pn Mai sebab prihatin apa yang saya tulis mengenai pengalaman makan minum saya yang tak cukup.

Itu pengalaman saya. Pengalaman Tun, Tun tak cerita susah senangnya. Yang kita tahu sebelum ni, bekas orang orang besar negara cuma nak Tun tutup mulut dan diam.

Pada pendapat saya, menjaga negara, baik kita mahupun anggota beruniform serta mana mana individu, pengorbanan adalah asam garam yang perlu ditempuhi.

Ada hadith Rasulullah saw yang memberi maksud kesusahan itu bagaikan air yang mengalir bagi mereka yang mencintai baginda.

Jangan ingat berjawatan Menteri, Perdana Menteri contohnya adalah tempat untuk glamour dan tempat kumpul harta tetapi tidak menjalankan tanggungjawab, amanah pada rakyat dan negara.

Saya di sini saya fikir saya sangat rapat dengan Tun Mahathir. Kami berbincang apa yang patut berkenaan negara. Bagi yang tidak tahu, pada permulaan blog ini diwujudkan "blogging to unblock" Tun dalam keadaan keseorangan disisihkan dan dipaksa diam oleh pentadbiran kerajaan masa itu.

Maka Tun telah pilih seorang dua untuk 'lawan menulis' di sini. Saya adalah antaranya atau satu satunya yang dipilih mengikut gerak hati Tun (alam maya kan, tak nampak siapa).

Dan seperti saya tulis, saya ada sedikit latarbelakang yang membolehkan saya terus menulis di sini.

Saya mungkin tidak capai expectation Tun Mahathir untuk maju ke depan ketika Tun dan negara susah. Tapi setakat itulah saya mampu lakukan. Saya juga individu yang tiada circle dikeliling.

Hanya Allah swt yang ada

Dalam Malaysia ni macam macam ada. SB pun merata rata. Saya tiada apa perlu disorokkan.

Kecuali saya perlu beritahu "saya perlu bergerak", walau negara dalam kerajaan baharu.

Terima kasih Tun.

Good morning Tun

Pilihan Tun perkataan DAULAT. Mengikut dewan bahasa DAULAT Definisi : 1 bahagia; kebahagiaan (pd raja yg memerintah). 2 benar; ya (digunakan utk raja). 3 kuasa atau hak yg tertinggi atas sesuatu hal (spt pemerintahan).

Kalau Tun bercakap soal daulat agama Islam, my pendapat UMNO sudah lakukan, PAS sudah lakukan, PH tidak lakukan.

Kita telah lihat banyak insiden antaranya masuk Masjid berucap, membersihkan kubur Islam yang dilakukan oleh golongan bukan orang Islam. Manis kah? Bukankah ini merupakan satu pencerobohan?

Anehnya bila ada pasukan petugas beragama Islam masuk kuil India, mati, sampai hari ini nasibnya masih tidak terbela.

Kalau Tun bertanya tentang daulat, daulatkah ini?

Tun, **If you can't beat them, join them** Kalau UMNO dan PAS kuat maka wajarlah Bersatu join sama. Just saying.

The opposite of love is hate, but this is the political risk that mr twinpeaks need to take, not me, the voter.

Perhaps, i have been too long in this blog, so it wont matter at all since i believe good deeds are always greater than evil deeds.

Poor daddy is written in traditional chinese as 窮爸爸.

Poor daddy is written in simplified chinese as 穷爸爸.

Rich daddy is written in traditional and simplified chinese as 富爸爸.

The world was never perfect, henceforth, general election must be called to get the mandate from the voters via political parties.

Great leaders are born, not made.

As long as race and religion supremacy exist, there shall never be fairness and equality in malaysia.

GREAT LEADERS ARE BORN, NOT MADE.

Saya fikir kata kata itu hanyalah kata kata Mat Saleh.

Pepatah Melayu kata, belakang parang diasah lagikan tajam (orang bodoh jika belajar bersungguh sungguh pun jadi pandai).

Dikhabarkan dalam buku 'Kitab Ilmu Perubatan Kesufian' (Judul asal Kitab Al Tibb Al Rauhi As Suffi – karangan Sheikh Hakim Moinuddin Chisti) – diringkaskan bahawa Rasulullah saw bersabda bahawa terdapat 300 lebih ahli sufi tulen yang berada dikedudukan tahap masing masing pada setiap masa.

Jika salah seorang meninggal, maka yang dibawahnya akan menggantikannya.

Di bawah 300 lebih ahli sufi ini pula akan diikuti pula oleh pengikut pengikut masing masing yang dikenali sebagai peminat kesufian.

The Great Leader ini yang masih hidup berkebolehan untuk memberitahu/mengajar pengikutnya mengikut tatacara perjalanan kehidupannya.

Maka itu timbulnya pelbagai nama tarekat. Semuanya menuju kepada keredhaan Allah swt. Jalan yang lurus serta benar untuk diikuti.

Dalam solat apabila imam tersilap bacaan, makmum dibelakang akan menegur. Ini kerana pengetahuan bacaan pengikut (makmum) adalah setara dengan imam di hadapan.

Apabila imam batal sembahyang, makmum di belakang akan melangkah ke hadapan menerajui sembahyang berjemaah.

Terima kasih Tun.

This is solely for HBT456 and people of similar inclination in this country. Do you realise how this country was founded ? Perhaps your history knowledge is very shallow, in which case I suggest that you and your type go back to school. Now., here is something that you should know about. It seems that you take a lot of

pleasure instigating the Malays and Borneans into rising up against their own kinds. It is about time that others too instigate you and the Chinese community to fight among yourselves. But, alas, that is a rather pointless exercise, which means that it may not be necessary. Let me tell you why, and please LISTEN very carefully. You repeatedly want everyone in the forum to know that you are an Independent Voter in Malaysia (I rather doubt that you are a real Malaysian citizen, and even if you are, it is very unfortunate), one who has no loyalty to any Coalition of parties. Well, that is your choice... but let me tell you, why you and the Chinese community's choice is of no real consequence in this country, not for the next 2000 years of your Motherland's history (i.e. China).

Malaysia was founded as a Bumiputera country with a Constitutional Monarchy designed to protect the status quo, either by peaceful political means or otherwise (if necessary). Thus, whichever Coalition of political parties that you and the Chinese community choose to give your full support to in any General Elections, You will NEVER have the political power that you wished you can have. There will NEVER be a Chinese Prime Minister.. because as you said, that your ultimate Loyalty is to the People's Republic of China, wherever you are. Your fluency in Bahasa Malaysia is immaterial at any time in your case, because your unkind words show that you have NO LOYALTY to your adopted country Malaysia, let alone any modicum of respect to others. Here is another thing. If you want to prove your loyalty to your adopted country, you and the ultras in the Chinese community should cease asking the government to give Equal recognition to the Mandarin Language, or Matriculation places, or the UEC, or to all the Chinese schools in the country. Malaysian governments from which ever Coalition of parties, whether in power or in opposition, are under NO obligation to give you want you want.

If you are not satisfied, try migrating to neighboring countries like Thailand, Indonesia, the Philippines, Vietnam. Or the USA, the UK, Canada, Australia and New Zealand. And see if you can demand these things from their governments. And we wish you good luck. Or you can become a full member of the Chinese Communist Party and migrate to China. And let me say this., you will be doing the exact opposite of what the smart people of Hong Kong are doing, as they want to get out of China and not to stay there. In short, consider yourself VERY FORTUNATE as being Chinese living in Malaysia. Bumiputeras are very tolerant but even tolerance has its limit. So, bear that in mind at all times. Be moderate in your demands and be humble when you are not in China. By the way, us the Borneo people, if we are sometimes quarreling with the Federal government over our MA63 rights, please remember that You and the Chinese community should Not interfere, as this is merely a Family quarrel (i.e among the Bumiputeras). It does not concern you or the Chinese community, either on the Peninsula, or the Chinese in Sabah and Sarawak. So, if you are polite (perhaps you are not), just stay out of it, unless you wish for the Bumiputeras of this country to hate your kinds even more. And your welfare and that of the future generations of your community will get even Worse than now. So that is my advise for your own sake. And I hope you listen very carefully, good man.

Why?

Menurut perintah vs berkhidmat untuk negara?

Which tagline more feasible and acceptable to the current and future generations to come?

I chosen berkhidmat untuk negara.

Not being in federal & state governments or glc is not the end of the world.

Why?

Here is the fact today. If you hold a public referendum in both Sabah and Sarawak, I can assure you that faced with the prospect of being controlled by the local Chinese population, Sabah and Sarawak natives will gladly remain in Malaysia. Borneo natives are loyal and will fight along their Malay brothers against any attempt to usurp the status quo.

OK, clearer now..?

To usurp the status quo by repeating in taking (a position of power or importance) illegally or by force again?

I oredi said, the only factor that barisan nasional did not take into their political calculation was the migration factor.

Dulu, it was not clear nor loud due to no internet.

Kini, it is lagi clear and loud, itulah sebabnya umno baru bn tetumpang.

Tomorrow, it shall be clearer and louder, so OK or not?

Mr Trump said he is inspired with Great Wall of China, henceforth, he believes creating jobs for american patriots via patriot law is to build wall at mexican border to make america great again because he doesnt like losers of wars.

But, on the other hand, the democrat believes creating jobs for their civilians of usa is to build HSR via grant in their middle kingdom to increase welfare revenue for all american folks.

Frankly speaking, the glass of water is always half empty to me, but i am not sure about those glasses of water that is politically connected to malay parties.

Kuah lebih dari sudu, kata mereka.

Gaya mahu.

Gaji mahu besar tapi tak berkemampuan.

Apabila ada masalah, mereka pilih komplon, lompat, protes, sabotaj dan merajuk.

Therefore, investors can safely conclude the meaning of be fearful when politicians are greedy, be greedy when politicians are fearful since there is no free lunch in this world.

Syed saddiq is young and handsome, and could be ended up as idola gadis2 melayu muda to fancy him, but might made pemuda hates him kerana rasa dengki but politics is not tv apprentice reality show or mr universe crown.

P/s: when you look back what you have done in the past, you laugh, then, you will be OK, but when you cry and frustrated, then, you will be NOT OK. malay bumiputra votes or malaysian votes, the choice is with the political of the divides. rangka is already built, so how you want to make this rangka more feasible and sustainable in the future?

As a Sabah native and a Muslim, with a maternal grandfather who was a Baba merchant from Singapore, and just to briefly enlighten us on Sabah's recent history. I can say this because my ancestors were part of Malaysia negotiations in 1961. North Borneo natives overwhelmingly agreed to jointly form Malaysia with Malayan Malays, in order to counterbalance the encroaching Chinese majority of Singapore. The pro-Communist sympathizers in British Borneo territories of North Borneo, Sarawak and Brunei were almost exclusively Chinese, and they wanted the British government to give independence to the Borneo colonies. They said that the formation of Malaysia was a neo-colonial plot. Here is the fact today. If you hold a public referendum in both Sabah and Sarawak, I can assure you that faced with the prospect of being controlled by the local Chinese population, Sabah and Sarawak natives will gladly remain in Malaysia. If US tak ambil dari China, Malaysia ada, Vietnam ada, India ada product yang sama, beli saja dari negara berkenaan. Kalau kilang sana nak ditutup buka saja la di rantau sini. All we need lobby saja la. My advise jangan hantar China Malaysia nego, the trend now kat sana anti Chinese. Ini semua boleh baca dari cara US bercakap under Trump. China, the People's Republic of China, or whatever shenanigan we want to call it. It is a proven Clear and Present Danger to not only Malaysia, but to all ASEAN countries. Sure, they are pursuing their Belt and Road whatever.. but behind their trade and investment initiatives, they are unashamedly taking over Southeast Asia. If you are not Blind, just look at all the creeping little so-called fishermen airfields built in the middle of international waters in the South China Sea. They are used as military airfields. It is the reason Sabah has a naval base for use by the free world, against oppressive creepy regimes like China, or the Middle Kingdom as they like to call themselves as. It's a joke. Good morning Tun

Sekarang orang bercakap May 13 sempena bulan Mei, dan DAP berkuasa. Banyak perkara dalam kertas putih jadi tajuk bualan. Ada juga yang terlibat buat2 baik tak nak mengaku. Because of this ramai orang Melayu sayang Tun Razak, cara dia bangunkan Malaysia yang punah ranah.

Ini catitan dari wikipedia, boleh compare notes

https://en.wikipedia.org/wiki/13_May_incident

Hajar, Syed Saddiq tu drama queen. Dia main drama aje. Bila get into trouble lagi lah banyak drama dia buat, Anwar Ibrahim pun boleh kalah hahaha. Aritu semasa tunggu kat bilik menunggu dentist, I baca paper BH, rupanya budak nakal Mazlee tu ada column kat situ, I tengok tajuk pun bukan main puitis terus tak baca hahaha I bagi barisan Menteri 20 markah sahajalah. Kalau ikut hati nak kasi 0 markah sebab stock market more merah dan more jatuh dari zaman Najib dan BN. Zaman Pak Lah stock market naik sikit aje, Pak Lah excited. Bangga Pak Lah apa dia cakap dapat menaikkan KLCI.

Assalamualaikum, Tun.

Maafkan, kerana memberi sedikit sebanyak komen yang tidak berkenaan dengan topik ini.

Apa yang disarankan oleh Maszlee, Menteri Pendidikan, sewaktu memberi ucapan di USM sememangnya memalukan.

Janganlah mendaulatkan “undi Melayu”, dengan cara mengorbankan keharmonian antara kaum dan kepentingan Negara. Jangan juga meracunkan pemikiran anak-anak muda kita dengan unsur-unsur perkauman.

Tak usahlah mengatakan yang matrikulasi adalah untuk golongan miskin atau lemah dari segi akademik.

Cakaplah apa yang berlogik. Apa yang BN buat dulu jauh lebih bermakna, iaitu menubuh TARC untuk memberi peluang yang saksama kepada semua kaum. Apa yang LGE lakukan, iaitu mengurangkan peruntukan bajet kepada TARC, mendatangkkn kesan yang TARC tidak lagi menampung bilangan pelajar yang besar, dan seterusnya mengikis peluang pendidikan kepada generasi muda.

Menteri Pendidikan sememangnya yang paling lemah dari segi prestasi di dalam kabinet sekarang.

Assalamualaikum Tun.

Kesinambungan dari penulisan terdahulu...

Antara kelemahan Tun semasa mentadbir negara adalah tidak pandai cungkil dan sediakan pelapis pemimpin.

Tun terlalu ikut sistem. Dulu masa UMNO, Tun ikut sistem UMNO. Dengar kata dulu Tun bela DS Anwar. Tapi saya tidak fikir Tun yang cungkil bakat Anwar. Itulah adalah karakter dari individu itu sendiri. Tun cuma permudahkan sahaja.

Lihat sajalah paras kehebatan pemimpin yang kita ada sekarang ini. Mengagumkan bukan ?

Ada masa kita lihat dan fikir sesuatu perkara itu tidak masuk akal. Tetapi seseorang pemimpin itu lahir dari satu perkara yang ‘luar biasa’.

Rakyat memerlukan pemimpin. Pemimpin memerlukan petunjuk dan hidayah dari Allah swt.

Kita tidak berbicara tentang membangunkan masyarakat. Kita berbicara berkenaan mencungkil bakat pemimpin.

Satu perkara yang Tun tidak lakukan dengan berkesan selama ini. Seperti Tun kata dalam artikel di atas “saya tidak Islamkah?”

Terima kasih Tun.

I just cannot believe that we have people who believe that they are good Muslims but forget (do not know) that debts must be repaid ('wajib'), and must be given priority over other desires / wants.

Even those who want to perform the Hajj must also make sure that they pay their loans accordingly (must not miss any installments).

They performed haj using 1mdb fund, and called themselves good muslim too, but they chosen military action via bombing lahou datu in 2013 stand-off with muslim militant, without even border to get approval from federal parliament , siapakah yang tak betul?

I already said, dont waste time in telling them what is halal or what is haram because they will never appreciate what we have done.

If she is not happy, then, vote opposition party in next general election.

Salam Dearest YAB PM Tun Dr. Mahathir,

1. As a citizen, I am free to vote whoever and whichever party I want – my rights. There's no restriction or direction/instruction for me to support (vote) any particular party. Only a MORON would believe that one needs to vote for the party in power if one is a civil servant. I know many civil servants who voted PH during GE14. But, now they are already talking about changing the Government again. Just look at our hopeless Finance Minister, Lim Guan Eng. If we want to change him, then the only way is to change the Government (if he is still the Finance Minister until GE15).

2. Syed Saddiq: No to blacklisting PTPTN loan defaulters

<https://www.thestar.com.my/news/nation/2019/05/17/syed-saddiq-no-to-blacklisting-ptptn-loan-defaulters/>

Syed Saddiq said: "I disagree with the policy to blacklist those who took up PTPTN loans, who are unemployed graduates or who are not earning a decent salary,"

My questions:

Are you Okay, Syed Saddiq?

How about those loan defaulters who are employed (for many years) and earn decent salaries, but still refuse to repay their loans?

Do you think it's okay (mentally) to simply avoid/evade paying up loans and at the same time travel overseas for holidays, umrah, etc. (Have money for holidays overseas, but no money to repay loans)

I just cannot believe that we have people who believe that they are good Muslims but forget (do not know) that debts must be repaid ('wajib'), and must be given priority over other desires / wants.

Even those who want to perform the Hajj must also make sure that they pay their loans accordingly (must not miss any installments).

3. Travel ban not happening

<https://www.thestar.com.my/news/nation/2019/05/18/travel-ban-not-happening/>

Of course...I believe the majority of more than 400,000 (almost half a million votes) PTPTN loan defaulters who were previously banned from traveling abroad (before GE14) gave their votes to PH during GE14. Now they are free to go overseas. Yeah, PH encourages loan defaulters to not repay their loans. Well done PH! PH is good at instilling NEGATIVE VALUES to the rakyat...

Thank you Tun.

– May Allah SWT bless Tun and family –

Ok. I may be getting into hot water on this, but let me just be frank and honest. In a lifetime, a person can only learn one or two languages really well, and if one hopes to utilize them at the work place, languages MUST be learnt as early as possible. That means parents must begin communicating with their young children from the time they start to speak their first words. So, frankly, if you want to speak English well and fluently, you must learn it as soon as possible from the time you learn how to speak your first words.

So.., don't lose the forest for the trees. But that is just an opinion.

Then, stay in sabah and be the guardian for your forest for the next 200 years, or perhaps 1 trillion years to come.

Dont buy china jet fighters because they are built for their domestic arm sales of 1.3 billion population.

If usa jet too expensive, go buy russian types, cheaper, but make sure your men can be trained and you got zone for them to train.

If not, nanti beli kerana dapat komisyen lumayan, but cannot operate kerana tak erti bahasa teknikal dan geografi, and blame it to the chinese.

P/s: oil and gas you take, timber also you take? if this is wawasan 2020, then, there is nothing to be proud off. to be or not to be, that is not the question. able or not, we will see how far kita semua can go. there is no point crying over spilled milk. move on soldiers, and dont look back.

To be myopic or short-sighted unfortunately is a human condition. Some nations are in this category, either by design or by mistake. The former offers no hope but the latter can be corrected.

When Iran diverged from Western influence, it knew fully well what it was getting into and looks like they are very prepared to pay the high price now. The same with North Korea and Cuba. At the other extreme are economically failed, independent states, of which there are countless examples throughout the world. Malaysia has always had very pragmatic, sort of middle-of-the-road approach, governments. So, we can count ourselves lucky. But we have to keep moving and keep improving our mindset as a nation, so as to keep up with the economic leaders of this world and not be left behind, or at worst be ostracized and left out. That is not good for our future generations. So., don't lose the forest for the trees. But that is just an opinion.

Assalamualaikum Tun.

Oleh kerana pengamalan dalam bidang tertentu dalam Islam telah mengambil masa yang agak lama sepanjang kehidupan seseorang individu, maka perlulah kita tahu di mana saat pertambahan pengetahuan berkenaan ilmu lain dapat dilakukan.

Untuk menghafaz Al Quran yang sempurna mungkin memerlukan 6,7 tahun.

Jika seorang remaja seawal usia 13 tahun telah mengikuti pengajian Al Quran ini, maka usia selesai untuk bergelar hafiz adalah pada umur 20 tahun.

Jadinya pada usia 20 ini, seorang hafiz itu bolehlah dibantu untuk menimba ilmu baharu yang lain pula.

Jika cadangan oleh Perdana Menteri kita untuk menggalakkan pelajar menguasai Bahasa Inggeris, maka eloklah ia di ajar pada usia tersebut kepada para para hafiz kita.

Saya tidak fikir mempelajari Bahasa Inggeris lebih susah dari hafal Al Quran.

Terima kasih Tun.

Assalamualaikum Tun.

Diceritakan dalam buku terjemahan berkaitan perubatan sufi tarekat Chistiyah, bahawa bukanlah seseorang syeikh itu mempunyai semua kemahiran perubatan. Melainkan hanya apa yang telah syeikh tersebut berjaya amalkan sepanjang 20, 30 tahun hidupnya sahaja.

Ia mungkin kelihatan mudah, hanya dengan satu tiupan dari mulut syeikh, maka si pesakit terus sembuh. Tetapi apa yang orang awam tidak tahu adalah amalan berterusan syeikh tersebut sepanjang seluruh kehidupannya.

Terdapat ramai antara kita menyukai cerita cerita bekenaan 'magik' tarekat dan tasawuf, sehinggakan salah tafsir berkenaan hal ini. Maka terjerumuslah ia ke dalam hal hal kebinasaan.

Setiap amalan yang berterusan bagi ahli sufi adalah bagi mencapai keredhaan Allah swt sahaja. Itu sahaja.

Amalan amalan ini seperti dikatakan perlu berterusan. Saya tidak fikir ia adalah meletihkan malah boleh menimbulkan nikmat yang amat pada pengamalnya.

Setiap orang mempunyai pintu diri masing masing bagi mencapai tujuan mendapat keredhaan Allah swt.

Ada yang melalui solat. Ada yang melalui bersedekah. Ada yang melalui pekerjaannya dan seterusnya.

Ya, ia adalah bergantung kepada kesukaan anda. Teruskan dengan hobi anda secara istiqamah dan pastinya terkandung perbuatan baik kepada makhluk Allah swt di dalamnya, termasuk manusia.

Tiada yang menentukan dan mengubah nasib manusia melainkan usaha dan amalannya.

Terima kasih Tun.

Assalamualaikum Tun.

Dalam Islam untuk mencapai tahap tahap tertentu memerlukan pengamalan. Istiqamah. Amalan yang berterusan.

Sejak kecil saya sering terdedah dengan perkataan "pengalaman". Manusia sentiasa berkembang seiring dengan peningkatan usia, samada dari segi fizikal, mental mahupun rohani.

Tapi saya tidak rasa pengalaman membolehkan seseorang pemimpin menjadi semakin baik dalam keupayaannya memimpin.

Seorang pemimpin memerlukan nilai nilai akhlak serta jati diri yang baik yang diamalkan sejak kecil lagi.

Seharusnya pemimpin itu mengikuti peredaran zaman dan perkembangan semasa. Namun yang menjadi pegangan dan prosedur yang membolehkan beliau membuat keputusan dalam cara kepimpinannya adalah nilai akhlak dan jati diri yang sudah terbenam sejak kecil lagi.

Pengalaman mungkin mengajar manusia jangan berbuat demikian, berbuatlah demikian. Tetapi akhlak tidak berbolak balik.

Berbuat baik hatta kepada kejahatan yang mendatang pun boleh dikatakan satu kemestian yang perlu ditunaikan. Itu adalah pengamalan dalam Islam.

Maka itulah dikatakan Tiada Daya Melainkan Dari Allah swt.

Adalah salah untuk mengukur kewibawaan seorang individu itu untuk memimpin melalui "pengalaman".

Pastikan akhlak dan jati diri itu telah terbentuk dan cunghillah ia. Insyallah, insyallah beroleh aman adanya rakyat.

Terima kasih Tun.

There is nothing to be ashamed of what we do in our own country. It is completely up to us as only we know what's best. The most important thing is peace, so that there is prosperity for our future. But that does not mean the world will agree with what we do. For instance, the OECD is a prestigious club to belong to. All nations know this, yet there are less than three dozen countries. Membership is not easy. And remember, most of the existing members are Western countries. They have ideas on democracy and economy that we don't necessarily agree with. Even though we will be economically developed soon, our socio-political ways may not be acceptable... A good case in point is the rejection of the International Convention on the Elimination of All Forms of Racial Discrimination as well as the Treaty of Rome. You cannot have your cake and eat it too. But that's the choice we make.

HBT456., an ounce of discretion is worth a pound of wit. Stick to the facts, good man. I was referring to China, not the Chinese.

What is the correct name of modern china?

It is called People's Republic of China, not China or Communist China.

Why Beijing shall never surrender to terms and conditions requested by Washington DC, United States of America?

Because such terms and conditions could split china into pieces.

I am chinese, yellow skin, and this is the biological fact that i can never deny or feel ashamed off, what about you as sabahan muslim?

The public money of prc nationals is also my public money too.

Why?

Because i am a chinese, and i have the national and international obligation to protect the land of my ancestors.

Other races dont protect, its alright, but that does not mean you can simply said what was not true as if i can only afford to travel local sites.

ECONOMIC

ACHIEVEMENT.

The solution to the long standing problem of racism and prejudice is, there isn't one. It will always exist. A fact of life. The best way not to be treated as a butt of joke is to focus on better economic achievement than everyone else. The Japanese and Koreans have done it. So have the Taiwanese and Singaporeans. The Chinese are trying their hardest right now.. not sure if they will ever succeed (probably not, sorry China). Malaysia is on the verge of developed country status. Once we are officially an OECD member country as the first Muslim nation to do so, global opinions on Islam will start to turn for sure.. albeit very gradually. Don't expect miracles.

If you as muslim doesnt feel ashamed, then, dont expect me to feel proud of your achievement as sabahan muslim.

To nail, or delay, it is up to AG to decide at Putrajaya.

Assalamualaikum Tun.

Bila kita nampak DS Anwar bakal ganti Tun sebagai PM, kita gelabah sebab nampak Tun ni macam orang tak berperasaan.

Tun tak tahu ke bla...bla..bla..

Pada satu masa ID saya disekat di blog 1Malaysia (Najib) sebab post link web lucah, saya mengadu pada Tun di sini.

Tun kata buat apa nak bising? Periksa mesti juga periksa. Saya (Tun) pun kena periksa tapi takkan nak panggil kawan kawan, "hei, tolong saya, saya PM Malaysia, tau?"

Pasal kelucahan, Tun kata "takkan saya bodoh nak biar pisang berbuah 2 kali?"

Tentang Tumblr tempohari, saya ada terlihat ada individu yang sanggup muncul dalam tv mendedahkan bahawa ada kebocoran dalam tapisan dewasa tumblr.

Terima kasih kerana membawa isu berkenaan.

Sekarang saya lihat, ia sedikit okey. Ia memerlukan pemantauan berterusan.

Terima kasih Tun.

Assalamualaikum Tun.

Selamat Hari Guru.

Semua orang ada guru. Saya juga ada guru di sini. Guru saya di sini adalah Tun Mahathir.

Tun tak buka kelas. Tapi saya berjaya masuk kelas Tun.

Berkenaan artikel di atas, ia adalah artikel berkenaan politik. Sebab tu saya tak nak panjang panjangkan.

Jika dipanjang panjangkan, ia perlu tersusun dan berpanjangan. Rasanya mungkin tak berbaloi dengan masa dan tenaga serta hasil kemudiannya.

Lagipun, DS Anwar Ibrahim akan ganti Tun kan. Biar dia lah nanti buat kerja pulak. Tun sekarang ni buat bahagian admin siap siap sudahlah. Ambil masa Tun sikit. No hal punya.

Perlu saya beritahu Tun, Tun jangan ambil serius sangat apa yang saya taip la ni, seperti dulu dulu.

Dulu apa yang saya taip, dalam masa 3 hari akan Tun setelkan. Paling lama pun, dalam masa seminggu lebih berkenaan penyelesaian krisis harga minyak dunia.

Saya kata buat cepat cepat. Tun kata "ada prosedur".

Saya cuba tulis santai santai je la ni di sini. Saya tak update hal politik semasa. Mungkin tak berkenaan dengan tajuk artikel pun.

Kalu tak nanti saya pun susah nak bernafas. Asyik fikir mati sahaja. Sebab takut. Takut pada kuasa Allah swt.

Kalu macam tu, tak jadi apa satu pun saya nak buat. Nak buat gempak gempak itu takut, nak buat gempak gempak ini takut.

Last last buat yang biasa biasa ja boleh. Sebab takut tak tentu arah.

Dulu lagi la, ada satu artikel tu yang Tun baru post tengah malam, saya telah dikejutkan (dibangunkan dari tidur) untuk membacanya. Yang mana saya bagi pandangan kontra dari apa yang Tun tulis pada malam itu juga.

Kerana itu saya katakan pengalaman berada di sini "ia menakutkan". Takut pada kuasa Allah swt.

Terima kasih Tun.

Dear Tun,

May you always be in good health.

The Nation That Never Sleeps

1. Imagine the 4×100 metres relay. In this event, four sprinters run in turn to complete the 400 metre track. If there are enough runners to participate, the relay can keep on going. At any time then, there will always be people running on the track.

2. Imagine the same relay happens in offices. Forever, the offices will be in continuous operation. Processing time will be drastically reduced since now there are always people working in turn.

3. An eight hour work day becomes a 24 hour work day. Literally, three work days are shortened into one work day. This will also mean three work years become one work year. Plainly, three years of work is done only in one year.

4. The economic benefits of this conversion are multi-fold. First, people will find more flexibility in their working hours. One will be able to work during the day while the spouse works in the evening or at night. Taking care of children will be more manageable under this scenario compared to both working at the same time.

5. Second, offices will require less space. One desk or office room can be shared by three employees as they now work in turn. This means less expenditure on buildings and assets for organisations – be it in terms of purchase or rental.

6. Third, utility consumption may increase but considering the overall demand will become more evenly distributed for the day, peak charges may be eliminated.

7. Fourth, congestion – typically faced by many cities of the world – may be subdued. Not only will we see better traffic flow on road but we will also observe less overcrowding at LRT and Commuter stations.

8. Finally, we will be able to interact with any part of the world without time difference delay. Difference in operating hours will no longer be a cause of delay.

9. I am not sure when we can really become the nation that never sleeps but the eco-system in Klang Valley is conducive enough for us to start working towards it. Perhaps, the civil service could start first by gradually rearranging its current set of flexible working hours.

Hi everyone,

About the prejudice we sometimes encounter travelling overseas, this is how I see it. The Japanese used to be butt of jokes for Americans at the beginning of the Twentieth Century, but after the Bubble Burst in the late 1980s, Americans and Europeans started to love everything Japanese. Koreans too were laughed at when Hyundai and KIA boxy imitations of Toyota and Honda, were first introduced to the world market around the same time, but today who is laughing at Samsung phones or the Koreans themselves. No one is laughing at the Americans and the Europeans for as long as people can remember, perhaps only when Marco Polo first visited China centuries ago. In Malaysia, to be honest, We too look down at anyone from 'Africa' (doesn't matter they are rich Africans). We say they are smugglers and what not. In Sabah, I haven't come

across a single Sabahan who has anything good to say on Indons and Pilaks, sad to say of my own home state. So what is the common thread here? ECONOMIC ACHIEVEMENT. The solution to the long standing problem of racism and prejudice is, there isn't one. It will always exist. A fact of life. The best way not to be treated as a butt of joke is to focus on better economic achievement than everyone else. The Japanese and Koreans have done it. So have the Taiwanese and Singaporeans. The Chinsese are trying their hardest right now.. not sure if they will ever succeed (probably not, sorry China). Malaysia is on the verge of developed country status. Salam YAB dan DiSanjunggi PM Tun Dr. Mahathir,

1. Saya yakin Tun berusaha mendaulatkan Islam di Malaysia dan di mata dunia.
2. Namun demikian, saya sedikit pun tidak percaya kepada Anwar dan yang sewaktu dengannya (dalam PKR/DAP/Amanah) untuk mendaulatkan Islam. Saya doakan Allah SWT tidak benarkan Anwar jadi PM Malaysia walaupun untuk seketika.
3. Sepanjang pengalaman saya dan pengembaraan saya di luar negara, satu perkara penting yang saya amat syukuri sebagai rakyat Malaysia ialah hakikat bahawa masjid2/surau2 di Malaysia yang amat mesra wanita. Syabas kepada Negara Islam Malaysia! Tempat berwuduk boleh dikatakan (majoriti) ada di dalam kawasan solat wanita (tidak risau tentang aurat terdedah).
4. Umat Islam selalu didiskriminasi bila berada di Negara2 kafir. Contohnya, baru2 ini di lapangan terbang satu negara kafir (negara maju), beg galas (backpack) saya habis diselongkar. Lagak pegawai tersebut macamlah saya ini penjenayah (mesti sebab saya pakai tudung – Islam), sebab dia bercakap pun menengking-nengking, macamlah saya pekak. Malu betul sebab semua barang pun dia buka (letak atas meja) termasuk barang2 peribadi; geli pun ada. Amat menyusahkan; bila beg sudah diselongkar bukannya senang nak susun balik – berserabut. Kerana geram, saya hempuk2 beg tersebut untuk zip balik setelah saya sumbat saja apa2 yang telah diselongkar. Mungkin pegawai tersebut tidak puas hati bila tiada apa2 dijumpai di badan saya bila diperiksa oleh pegawai lain; ada bunyi bila lalu bawah pengimbas – biasanya sebab seipit/pin rambut/ kerongsang; orang lain pun ada juga yang berbunyi, tapi tidaklah teruk beg mereka diselongkar. Lagipun takkanlah pengimbas tangan canggih yang dilalukan di seluruh badan saya masih tidak mencukupi; habis kepala saya ditekan-tekan/picit dan badan saya diraba-raba entah

berapa kali lalu sebab tidak percaya saya tidak sorok apa2 benda terlarang; ingatkan negara canggih/maju tidak perlu raba-raba lagi...

5. Banyak masa terbuang melayan kerenah orang kafir yang berprasangka buruk terhadap umat Islam. Penganas (terrorists) sebenar bukan dari kalangan umat Islam (yang ikut ajaran Islam sebenar). Islam melarang (haramkan) kita memberontak/mengganas/membunuh diri/ melakukan kerosakan di bumi Allah SWT. Bukannya susah bagi mana2 penganas untuk menyamar sebagai orang Islam semata-mata untuk mencemar imej Islam. Di blog ini pun ada orang kafir yang menyamar/menipu jadi orang Islam.

6. Umat Islam mesti bersatu dan berusaha mengubah nasib kita yang asyik ditindas dan difitnah. Jangan haraplah orang kafir mahu mendaulatkan Islam. Bagaimana untuk mendaulatkan Islam jika aktiviti2 maksiat (haram dalam Islam) dibolehkan di kalangan mereka. Pesta arak/judi dan aktiviti haram LGBT pun mereka daulatkan juga!

7. Saya bukan ahli politik. Jadi saya tidak boleh dituduh menggunakan agama & bangsa semata-mata kerana politik. Saya berhak untuk memilih mana2 pihak yang saya yakin lebih berusaha dalam mendaulatkan Islam. Saya bangga menjadi Melayu Islam di Tanah Melayu yang bertuah dan permai ini. Setiap kali saya ke luar negara, saya amat bersyukur bila selamat mendarat di Tanahair tercinta ini.

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Mendaulatkan Islam

"Dan berpegang teguhlah kamu sekalian dengan tali Allah dan janganlah kamu sekalian berpecah belah, dan ingatlah nikmat Allah atas kamu semua ketika kamu bermusuhan-musuhan maka Dia (Allah) menjinakkan antara hati-hati kamu maka kamu menjadi bersaudara sedangkan kamu diatas tepi jurang api neraka, maka Allah mendamaikan antara hati kamu. Demikianlah Allah menjelaskan ayat ayatnya agar kamu mendapat petunjuk"

Jika Hati Ikhlas
Yang susah jadi mudah ,yang benci jadi sayang ,wang harta bukan ukurannya
Saya menyeru saudara saya di PAS, UMNO , PKR ,PRIBUMI yg beruagama Islam BERSATU dengan Ikhlas dengan tidak mengeneipkan Bangsa atau Agama lain

ISLAM di Hina
Taraf Umat Islam adalah yg terbawah sekali dek di Fitnah
Peinpuan Media juga Politik Barat
Mereka merancang ini semua
Dari Sept 11 hingga kini
Umat Islam di Fitnah melakukannya
Sedangkan Israel Yahudi yg merancang dan menuduh Islam melakukannya
Dunia Islam Tidak di bela
Walau di Fitnah , di Zalimi dari Sept 11 , Musnah nya Negara Islam
Afganistan , Syria, Iraq , Libya dan banyak lagi
Pemimpin Islam yg tulin , Saddam ,Gadafi, Osama, Assad & ramai lagi di fitnah kononya mereka menzalimi Rakyat sedangkan merekalah yg sesungguhnya membela rakyat mereka sendiri

Kezaliman terhadap Rohingya , Rakhine, Malawi di Philliphine tidak di bela PBB hanya Bersandiwara

Yahudi , Israel merancang ini semua dengan menganjingkan Amerika Meraka memfitnah segala Kejahatan yg berlaku kini pada Dunia Islam Seolah merekalah mangsanya dan berlagak seperti Hero sedangkan mereka merancang ini semua

Kini Israel bersungguh sungguh merapikan Dunia untuk memusnahkan Iran Dengan menanjingkan Amerika , menipu Dunia seolah Israel adalah Mangsa Ini bukan persoalan Nuclear Ini mencari alasan menipu Dunia supaya menzalimi dan memusnahkan Iran Dimana Pegangnya kita Berpaut pada Tali Allah ?

Kita sudah lihat Negara Islam di Timur Tengah di Tumbang satu persatu Apakah Suara kita untuk Iran pada Dunia ?

I am not sure have you played rope game or not.

I played in primary school, and until today, i still remember the rule of rope game very clearly,

P/s: today internet had advanced to a stage whereby all of us can access to news that are relevant to us. Jika referee suddenly main kotor and cut the rope in the middle, both sides will fall, how will the voters, fdi, media, political parties and world perceive the referee di bawah tajuk "mendaulatkan islam?" mereka pun tak rasa segan, who are we to tell them off, tak gitu?

Good evening Tun

Tadi I ada komen about Warisan kat my wordpress. I baca berita online about it. I rasa aneh bila ada yang menyebut special branch masuk menyamar jadi reporter. Setau I mana ada special branch masuk pakai pakaian polis. Apala you all ini.

For example, masa Tun dulu buat function kat Shah Alam – Kempen Selamatkan Malaysia. I ada singgah dengan hubby. I tengok ramai lelaki Melayu professional disitu.

Hubby bisik bukan, special branch yang ramai. Hubby memang tak nak duduk lama, I masukkan sedikit duit dalam tabung kat kaunter. Bukan besar hanya ratusan ringgit sahaja. I ingat masa tu I nampak Datuk Noor Farida diri situ sembang dengan seorang wanita lain. Tidak tau apa mereka bualkan, nampak macam serious juga.

Good Night.

Dear Tun,

Selamat berbuka puasa, and a Happy Mother's Day to bonda Tun Dr. Siti Hasmah.

Behind every family is a woman who nurtures love soft and gentle yet she is as strong as steel. Bonda Siti Hasmah is mother to all Malaysian, she is the backbone that bonds not only her immediate family but all Malaysians who regard her as the mother of this nation this country called Malaysia.

May God bless you dear mother with excellent health, strength and longevity of life. May God protect you and surround you with love. I love you dear Tun Siti Hasmah. Happy Mother's Day.

Love you too dear Tun Mahathir. Take good care both of you, drink lots of water during this hot month.

Hi

Nampak gambar Tun pergi bazar ramadan. Crowd tak lah ramai macam lawatan Najib. Tun jangan pula bersedih. Sebab area orang Melayu. Kalau Tun pergi China town mungkin ramai kerumun Tun.

I juga pergi beli my favourite popiah kat Section 14 PJ semalam. Crowd beli popiah amboi panjang juga, setiap orang beli paling kurang 15 popiah. Tukang gulung popiah seorang sahaja, so kena lah tunggu lama.

Bila I balik nak masuk Federal Highway nampak terpampang PBPM, cukup besar tulisan tergantung, pendekata orang buta pun boleh nampak. Barangkali Tun nak I tau situlah opisnya, datanglah.

I juga nampak Najib pergi Sandakan tumpang Mat Sabu. Mula2 I ingat Najib bergurau bila tengok video betul lah. Mereka naik satu pesawat kapal terbang.

I kasi tau hubby semalam DAP menang kat Sabah. Hubby terkejut. I biasalah neutral sebab kat Sabah macam2 boleh jadi. Rasanya tak perlulah LKS dan LGE sombong lebih2 konon dah kalahkan Najib pukulan knockout. Takut esok LKS dan LGE pulak yang knockout.

Oh ya I juga ada nampak Hadi Awang kata terima kasih kat Tun kerana telah membersihkan nama PAS dan UMNO. I wonder juga adakah sebab FUH kat wall FB

KCD Or maybe Tun memang hati baik dalam diam walau luar nampak jahat. Entahlah I dunno.

Selamat berpuasa.

Assalamualaikum Tun.

Secara beradabnya saya tulis saya ini adalah penasihat Tun Mahathir.

Tapi disebalik sebenarnya, sayalah pentadbir negara. Melalui Tun M.

Berkenaan DAP, saya tidak kisah DAP berada dalam PH.

Dalam hidup saya, saya bukanlah jenis yang play safe. Saya juga risk taker macam Tun.

Kita boleh uruskan. Cuma saya risau anggota pentadbiran selain Tun M mampu atau tidak melakukan apa yang perlu untuk menstabilkan politik dalam negara.

Dari kenyataan umum menteri menteri pun, kelihatan tidak mampu.

Sudah tentu pandangan saya ini adalah pandangan salah seorang selain Tun M yang telah berusaha dan telah berjaya menukar satu kerajaan negara kepada kerajaan PH.

Saya bukan ahli politik. Saya bukan orangnya yang pandai mengambil peluang.

Seperti saya jelaskan susungalur saya adalah dari darah ahli sufi Tanah Melayu. Sebelum ini saya tidak tahu menahu langsung berkenaan itu.

Saya sedikit ragu ragu, kenapa dan mengapa? Namun ia terjawab melalui ruangan di Utusan 2008 melalui artikel Syeikh Yayasan Sofa yang mengiyakan, bahawa pengetahuan dari Allah swt hanya diberikan kepada orang yang baik baik.

Baik baik dari segi menjaga amanah, jujur, ikhlas serta tiada unsur niat lain selain memberi nasihat yang benar.

Saya masih muda. Masih perlu melalui fasa fasa kehidupan.

Untuk melalui fasa fasa ini saya tidak boleh memberi separuh jiwa di sini (mentadbir negara) dan separuh jiwa lagi untuk bekerja yang bergaji.

Saya fikir nilai saya bukanlah rm600 atau gaji minimum rm1100 sahaja.

Bukanlah satu perkara yang elok untuk saya mengutus surat atau bertemu Tun untuk mengadu masalah tiada pekerjaan yang bagus untuk diri saya setelah semua yang berlaku di sini. Seolah olah saya minta habuan.

Saya rasa Tun perlu lakukan apa yang perlu. Betul orang politik selalu mengambil peluang. Tapi di sini, kami hanyalah rakyat biasa.

Bagi orang sufi, jika menangis tiada makanan untuk dimakan, maka Allah swt berikan kemewahan itu, itu sudah cukup merasa terhutang budi dengan Allah swt.

Bukanlah mengharapakan kemewahan diri sendiri. Tiada kuasa selain Allah swt.

Namun bagaimana dengan rakyat kebanyakan?

Kita boleh zuhud. Namun bukan mereka.

Saya dalam mood standby ke Brunei untuk kerja Baker. Mungkin setahun dua atau dua tiga tahun di sana.

Saya tidak berasa untuk menulis di mana mana seperti Sri Sense.

Saya tidak pernah tampilkan wajah dan mungkin Tun pun dah lupa wajah saya.

Musato 010-2353950

Terima kasih Tun.

Mahathir, aku tak nak cerita panjang. I give you a message man to man straight to the point. DAP, the well known chinese chauvinistic party of the 80s and 90s is in power. Unbelievable. What have you done. You owe big time to the malays to undo this blunder before you hit your grave.

Good morning everyone.
Just a few words from me. For all those who decided not to write in Tun's blog (any longer), I beg you all to rethink. If I may say so, but there could be other reasons which I completely understand, we need a healthy dose of discussions in the new era. And this is just the beginning of that road to becoming a fully developed society. Here is my angle. Just because we don't agree with one another and throw insults and counter arguments at one another, does not mean that any side should get upset. It is all done in the spirit of democratic participation. Don't feel intimidated. Stand your ground. You have every right to be heard, and that applies to everyone. I personally wish for more participants to contribute their thoughts. I have no right to impose my way of thinking on others anymore than others on everyone else. But it does not mean that we should get upset or be a bystander. So, please participate in discussions, as it is all done in a good spirit of participation. Tun has given everyone space to speak so let us make full use of it. Thank you

Salam YAB dan DiSanjunggi PM Tun Dr. Mahathir,

1. Mungkin Tun lupa bahawa pihak yang memulakan budaya DEMONSTRASI JALANAN ialah pihak Kerajaan PH (PKR/ DAP/Amanah). Saya masih ingat lagi, saya pernah merayu

kepada Tun supaya tidak turun menyertai demo jalanan 'Bersih', tetapi Tun dan Tun Hasmah turun juga.

2. Jadi, Kerajaan PH rasakanlah kesan demo jalanan yang Pembangkang sekarang pelajari dari PH. Salahkanlah diri sendiri di atas (masalah) aktiviti demo jalanan ini yang sudah jadi budaya orang Malaysia .

3. Mengenai sogokan/dedak/elaun /dll, dari dulu lagi saya sudah banyak kali katakan (di blog ini) bahawa budaya memberi 'wang tunai percuma' kepada rakyat dimulakan oleh bekas Pembangkang (DAP/PKR/PAS). Dalam Manifesto PRU-PRU lepas, macam2 dedak dijanjikan, termasuklah tol percuma (orang dungu saja yang janjikan tol percuma). Lihatlah apa yang diberikan oleh Kerajaan Selangor dan Kerajaan P. Pinang kepada rakyat mereka – pelbagai bantuan sara hidup; goyang kaki dapat duit percuma. DSN/BN belajar budaya buruk ini dari bekas Pembangkang.

4. Kalau PH betul2 mahu hapuskan budaya memberi 'dedak' (sogokan), sepatutnya pemberian wang tunai RM100 kepada anak2 muda yang sihat walafiat tidak berlaku. Takkanlah dedak RM100 halal pula sedangkan dahulu dedak yang lebih banyak dikatakan haram (rasuah). Rasuah tetap rasuah walaupun pun nilainya sama dengan sebungkus nasi lemak berharga RM2.

5. Sedih melihat golongan dalam PH yang bersikap munafik, dan suka cakap berbelit-belit. Orang lain beri (BR1M), dikatakan dedak @ rasuah, bila PH beri dikatakan bantuan sara hidup (BSH). Rakyat bukannya bodoh untuk menilai semua ini.

6. Saya memang tidak hadap kepada apa2 jenis dedak @ sogokan sebab duit saya pun lebih dari cukup. Wang akan sentiasa cukup jika ia datang dari sumber yang halal (berkat); keberkatan wang amat penting. Kepada yang tamak haloba, ada wang tunai sejuta Ringgit pun masih tidak mencukupi.

P/S:

Terima kasih @Sri Sense kerana bersetuju dengan saya.
Terima kasih @Musato kerana membaca penulisan saya.

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

Tun

Baru baca wall KCD – FB. Pasa beg plastic 20 sen.

I nak share my pengalaman. Since I tinggal di bandar dalam Selangor, beg plastic 20 sen ini bukan perkara asing to me. Mula dibuat zaman PKR. Mungkin sebab politik PKR ini kencang maka lepas Khalid masuk Azmin, benda itu tinggal begitu, hari weekend no plastic bag, kalau nak bayar 20 sen.

Now hari2 pun tak ada plastic bag kalau nak satu kena bayar 20 sen. Because of benda in dah lama, I selalu bawa bag sendiri dalam kereta, jadi habit.

Nak beli baju pun ada kedai tak nak kasi beg, kalau nak beg, mereka suruh bayar 20 sen. Ridiculous kan, baju pun kena.

Dimana duit 20 sen ini pergi? Tentunya kocek peniaga. Isu ini pernah berbangkit lama dulu kat Selangor. Then again politik Selangor kuat sangat maka benda yang dibuat tinggal begitu saja. Timbul pula PH main copy saja usaha2 ini.

What Tun can do, kalau tiada undang2, maka buat undang2 a portion of this amount peniaga beri pada government. Kalau 100% tak adil la, kan! Don't worry none of my money going into this

OK Tun, I pun nak jadi macam Musato, tak nak tulis sini, kalau rindu lawatlah laman wordpress <https://whims2016.wordpress.com/jot1/>

Assalamualaikum Tun.

Saya dah tau awal sikit dari Sri Sense pasal Fuhh. Tapi tak nak bagitahu la sebab dah tau Sri Sense rajin membaca.

Tapi ok la, PM promote chedet.cc pada public dalam FB dalam media perdana. Jadi seluruh Malaysia tahu tentang kewujudan chedet.cc dan mungkin Menteri menteri pun baca sini.

Tentulah di sini kita bagi idea free. Percuma. Saya pun tak berani nak kata apa apa sebab dah banyak kali saya cuba hindarkan diri dari chedet.cc

Biar saya segarkan balik apa yang terjadi.

Bermula Mei 2008 sehinggalah 2010, keadaan kehidupan saya semakin merosot dari segi kewangan diri sendiri. Nak kerja pun, kerja biasa biasa sahaja boleh, dalam rm600 masa tu. Belum ada gaji minimum.

Kemudian terjebak pula dengan kerja gaji rm13 sehari. Dalam keadaan demikian saya tetap menulis tanpa cerita di sini. Sebab bagi saya "ada something berlaku pada diri saya".

Dengan gaji rm13 sehari itu, saya perlu bayar parking dan isi minyak kereta kancil buruk saya untuk ke kerja. Untuk famili saya? Orang yang sudah berkahwin mesti tahu apa yang patut berlaku bila sudah ada 2 anak masa itu. Asam garam perkahwinan.

Dengan gaji rm13 sehari itu pada tahun 2010 lah saya menangis dalam kereta kerana tidak cukup duit untuk makan tengahari.

Saya berkata pada diri saya, "apa yang aku buat ni?" "Apa yang Engkau, Ya Allah lakukan pada diri aku ini. Tunjukkanlah apa sebenarnya. Sesungguhnya aku tidak nampak dan tahu, Ya Allah!"

Dan di tengahari itulah saya semasa sedang menitikkan air mata, saya tertidur dan bermimpi diubati dan ditunjukkan wajah orang yang amat kita kasihi, Rasulullah saw. Pernah saya rekodkan secara terperinci dahulu di sini.

Masa terus berlalu, alhamdulillah saya berpeluang memasuki industri perhotelan. Dengan gaji yang ada bolehlah saya bagi famili saya walau seciput cuma. Makan? Kat hotel makan tak payah bayar.

Boleh rasa breakfast, lunch, dinner, sahur. Percuma.

Aahhhh...semasa sedang menaip ni baru saya terfikir, Allah swt bagi saya rezeki makanan. Ya Allah. Engkau Maha Pemurah.

Bertukar tahun, terjadi peristiwa MH17. Ia berjaya diselesaikan dalam tempoh yang singkat. Alhamdulillah.

Semasa itu kerja saya adalah steward (basuh pinggan, periuk, inserts).

Saya tak berani nak cakap berkenaan idea free, idea percuma.

Tapi saya rasa saya perlu bekerja dan dapatkan wang untuk menjalani kehidupan dengan selesa di dunia tanpa meninggalkan kasih kita pada manusia dan Allah swt.

Saya perlu beli pakaian dan tanggung famili dan anak anak saya.

Saya perlu bekerja. Saya harap saya boleh bekerja. Bekerja tanpa rasa takut pada setiap nafas yang dihirup. Semoga Allah tunjukkan jalan yang diredhai. InsyaAllah.

Terima kasih Tun.

Good morning

Hari ini election. I baca tajuk berita Sabah slangs made famous. I don't think di Sabah saja, malah hubby pun suka guna perkataan boss. Hubby guna perkataan ini sebelum kempen Najib Bosku. Hubby bukan orang Sabah.

Macam I sebut earlier disini perkataan ini biasa hubby guna, berapa harga boss?, boss sihat nampak arini! Kira lebih kurang macam perkataan darling, yang, dik, abang, orang guna bila tak tau atau lupa nama orang yang mereka berbual dengan tapi masih nak tunjuk hormat.

Tun, I ini rajin juga pergi kedai rambut. Seminggu sekali. Dah pencen kan. Kena pandai jaga diri sendiri. Ada budak Sabah kata ramai orang kat Sabah nak buang Shafie Afdal sebab isu IC. Ada lagi cerita, segan nak cakap, I rasa Tun carilah sendiri. I also think the Kitingan lebih popular. Tapi research ini tak menyeluruh hanya dari mulut kenalan dan I sendiri pun masih ingat nama Pairin Kitingan up to now.

I mula2 confuse dengan Parti Bersatu Sabah. Sebab Tun buka parti baru nama itu kat Sabah. Then I teringat PBS, oh ya Pairin Kitingan. Oh parti lama. Samada calon DAP boleh menang, I kasi 50-50 lah Tun. Calon DAP ini macam cerita calon Bersatu kat Semenyih. Yang Semenyih bapa mentua, Yang Sabah bapa. Anyway Sabah ini banyak parti dan sering tukar2 nama, but I ingat Kitingan macam sinonim dengan Sabah.

Ini pandangan dari orang Semenanjung. Salam mesra untuk semua orang Sabah. Selamat mengundi pada yang mengundi hari ini. Ada masa lawati lah <https://whims2016.wordpress.com/jot1/>

Thank you Tun Mahathir. Dan to Tun Siti Hasmah Happy Mother's Day!

Adios!

How many aircraft carrier does China have? One. It wasn't even designed or built by them, but by the Soviets who sold it to the Chinese laughingly because it was useless.
How many Chinese carrier is combat-ready? NONE. They don't even have naval planes that can last a dogfight with the Taiwanese, let alone the Americans.
How many aircraft carriers does the US Navy have? Twelve. ALL combat-ready. They have Top Gun – trained pilots who can fly just a handful of Raptors and run circles around

China without even the Chinese knowing it. Let's not even go into nuclear weapons. So, that's the balance of power for the next 200 years, if not forever. Accept reality.

Good evening Tun

I semalam terkejut bila masuk FB ternampak my comment yang kat sini duduk wall KCD. I fikir juga kenapa tak komen Hajar ka, Musato ka, atau si kuat berlagak tu ka, tapi I punya. Pasal itu penat pulak I baca wall KCD. KCD Fuh I, KCD pula kena Fuh dengan ramai orang.

I sebenarnya komen sini free. Kalau I rasa nak share, nak beri pendapat, I kongsi lah. Andaian Tun buat sendiri lah. I kan ada my own wordpress. I tak terikat pada mana2 pihak. Memang betul ada budak2 Tun kat KCD I kenal tapi takat situ saja. The forummers here kat wordpress Tun, lagilah I tak kenal langsung secara peribadi.

Then again macam Najib kata kat FB, MenHen. Menteri hal ehwal Najib hahaha so kat sini pun ada satu kikiki entah2 orang yang sama.

Secara jujur, I rasa Tun jangan kuat sangat mengata orang dalam bulan puasa. Jangan terlalu bercakap kat media massa hal yang bukan2. Orang Melayu tak suka. Orang Islam tak suka. Bulan puasa ini bulan yang mulia. Yang keduanya jangan suka cari pasal dengan orang yang tak mengata Tun. Public tengok mereka akan buat penilaian. Nanti Tun dapat macam2 label yang tak manis.

I ada sebut I follower Hadi Najib Tok Mat dan beberapa lagi orang BN. Bukan saja I follower KCD atau Mahathir kat FB. Perlu ingat sini follower tapi I tak pernah komen apa2 pun kat wall mana2 pihak. I juga baca banyak blog yang pro dan tak pro PH. Selain itu I baca banyak berita online local dan luar negara. Juga I tidak pernah komen apa2 pun

disana. I baca dan kaji keadaan semasa, tapi seperti I sebut earlier, right now business I stock market, I bukan PR consultant untuk sesiapa pun.

Lagi satu kalau Tun tak nak kecil hati atau marah ada baiknya Tun jangan baca apa orang tulis. Jangan pula biar orang bergaduh sebab nak cari idea, idea begitu takan datang manafaat.

Seperti I pernah sebut sini, kalau Tun nak I buat campaign untuk Tun, Tun boleh minta budak2 Tun kat KCD talipon I.

Goodnight Tun.

Singapore airline shall never merge with malaysia airline system because singapore is for singaporean.

But air asia must merge with MAS because they dont have choice as MAS carries the name of the country name Malaysia.

Proton car look so much better after geely took over but the name is still proton, you see the difference?

Dont forget, china has PLA, and their patriotism is definitely higher than the usa.

Trump increased tariff on chinese products because he believes beijing is supporting democrat.

Trump too is afraid of his own shadow since not all republicans support him, but american prefer him over hilary and obama because both these democrat support muslim faith more than christian faith, and that made democrat looses votes.

Time has come for china to slow down, and with external pressure from trump, beijing will thank him for his hard talk and tarrif pressure in the long run.

Import tariff and building wall along mexico border, who will asorb the costs?

Yes, the american consumers will absorp the cost, not malaysian, china and other countries.

Are american willing to absorp such cost?

It depends on the maturity of trump's opponents and usa media in challenging him.

Will he be re-elected?

Everyone will know when he must call for general election by 2020.

Beli ubat dengan harga myr1 dan myr5 dia pun rasa tak mampu kerana pencen, now gucci frame with lens dengan servis bos jepun oc myr700 dia kata mampu, dia ingat semua pengundi bersikap macam dia kut?

I guess she will never understand why the purchasing power of japanese remain as one of the highest in the world eventhough yen value is lower than that of china but i am not wasting my time to tell her kerana dia memang bodoh sombong tak erti tempat.

Perhaps she thinks yen value is equivalent to rupee and rupiah kut.

I am wondering why only indian muslim can do mamak restaurant and money changer?

She can continue with her bullshit, and thats her choice.

But when come general election is up to the political parties and voters to decide.

To be or not be, thats not the question, able or not we will see how far kita semua can go.

I rest my case as i already done my part in last general election.

Let me reiterate once again, for the benefit of one or two commentators here, what I meant when I said that we should think as Malaysian first, and only second as of our own ethnic, religious or provincial backgrounds. When I said that we need our leaders to serve all communities, I meant that they must look after the Interests of All communities, not merely those who can ordinarily survive without anyone's help. In Malaysia, we have people who are slower and more relaxed in life, and then there are those who choose to live their lives in a rushed hectic manner. There are people who need help not because they are lazy, but simply because of cultural differences. We must accept this and take it as a given. When the Chinese immigrated from China to settle in Malaysia, like every other immigrants at those time, it is logical that you need to adopt your new country's way of life. Likewise, the people of Borneo knew full well what we were getting into when we joined hands with Malaya to create Malaysia. Fast forward today, I strongly believe that, no matter how I wish that we can do away with affirmative actions like the NEP, it is irresponsible of any leader or future leader who supposedly looks after the interests of All communities, to abolish the NEP or any related policies that gives the Bumiputeras an advantage. At the same time, as a Bumiputera myself, I cannot agree with my other Bumiputera friends that government assistance is enough. It is imperative for every Bumiputera to improve him/herself educationally and without government assistance if possible. In short, NEP policies will always be upheld by any future Prime Minister, including a Chinese one, if he finally accepts that he is a leader for ALL communities in this country, and not just a handful. I hope that I have made myself much clearer.

"I trust that you don't mean to insult the people of Borneo over finances..." My comment was meant to be a reply to HBT456's insulting comment on the people Sabah and Sarawak, who have done nothing but good deeds for the country. Firstly by joining the new nation to counter-balance the Chinese population, Secondly, by transferring hundreds of billions to Federal coffers so that West Malaysia can build its highways and industries. My comment was not directed at Tun Mahathir, whom we hold with great respect. During Berjaya time, when I was just a small boy, he visited Keningau to officiate the OISCA Training Center at a time he was still a Deputy Prime Minister. My father told me that they both wanted Malaysia to emulate the Japanese. Hence the Look East Policy.

Kedaulatan Islam di Negara ini, tak kira HARAPAN atau BN yang memerintah, terbelah pada setiap masa.

Wahai, UMNO dan PAS, cukuplah, janganlah buat gambaran palsu yang kedudukan Islam di Malaysia seolah-olah tergugat atau diancam. Buatlah sesuatu yang baik dan berjasa buat ibu pertiwi! Jangan pula selalu tujukan panah ke arah orang Cina, menghasut dan memincangkan masyarakat majmuk kita.

The objective of wawasan 2020 is to make malaysia a developed industrialized nation via petrol subsidy of look east policy first, and no one can deny.

It is up to sabah and sarawak ruling and shadow political parties to decide their destiny after more than 3 decades in such policy whether to continue, or discontinue the nep with bumiputra status.

They wont be able to get 5% oil royalty back just like terengganu and kelantan, why?

Because these royalty is used to fund highway and petrol retail stations for car users to pump petrol in property development what.

Instead, they should hire reliable consultants, bukan syarikat konsultant of rm2 punya yang dipilih oleh parti politik, that is really good in city planning to conduct feasible study to increase their state government income revenue from their city dwellers to run their state government operating expenses.

To make america great again is to make china angry this time so that china may retaliates with wars, or an eye for an eye.

Will some leaders in mainland and outside china see this as opportunity by raising the flag of anti-american and allies, we just have to watch closely.

Bak kata, the one that baling the 1st stone is the most guilty one.

Dont forget, usa presidents lied, and what happened to those countries with dictator leaderships in middle-east region?

As for peninsulan, race and religion are not the issues, but there are some members of political parties are trying to stir malay and islam supremacy to make malay happy, and its not new.

When trump said to make america good again, then, copycats would follow to make their countries great again secara buta- tuli, its not new what.

P/s: whoever garner the majority votes via coalition, they will name the perdana menteri and the kabinet. pakai hitam, kuning, hijau, oren, ungu atau merah, it makes no differences, why? because no one knows who is swimming naked in there as long as the tide is not off.

Good morning Tun

I haritu pergi kedai jual barang elektrik. I cari dapur RUBINE, tapi jumpa ROBAM pula.

I tanya pekedai produk mana ini? Uncle tu jawab China. Tanpa di minta uncle ini tambah "Sikalang semua barang buat China ma" I toleh lihat muka uncle ini dengan tegas berkata, it doesn't matter, saya tanya ini product asal usul mana? Gelabah apek ini terus jawab China.

Buat mana2 pun boleh buat, cheap labour kan. Kat China, Indonesia, India semua tempat pun boleh. Anyway I tak beli ROBAM sebab I cari RUBINE.

Semalam I pergi kedai cermin mata, I lihat satu jejaka datang tegur I. Laju betul dia ini. Sah dia ini bukan orang Malaysia. Cakap orang putih pun lintang pukang. Pekerja local datang tegur I, I terus tanya "boss you tu jual cermin mata pula ka?" Pekerja tu terus senyum jawab, "Boss baru seminggu sampai dari Jepun, jarang masuk kedai".

I lihat frame Gucci dan tanya berapa kos dengan lens. Pekerja panggil boss dalam bahasa Jepun dan boss datang bawa calculator, kira2 dan tunjuk harga 700 ringgit dengan lens sekali to me. Walau yang diskaun hanya frame, tapi pasal dia suka kat I kut, kasi all in one hahaha

Selamat berpuasa semua.

Assalamualaikum Tun.

Saya sebenarnya berusaha bersungguh sungguh untuk meninggalkan blog ini.

Apabila PH mengalahkan BN saya fikir keperluan saya untuk terus berada di sini sudah tamat.

Saya ada tanggungjawab lain yang perlu dilunaskan. Namun saya tidak engkar bahawa pengalaman berada di sini adalah amat 'menakutkan'. Takut pada kuasa Allah swt.

Saya mengaku setiap tindakan Tun Mahathir sejak saya 'berbincang' dengan beliau di sini adalah mengikut apa yang betul pada keinginan serta pandangan saya.

Sejak Mei 2008 sehinggalah setahun lebih sebelum PRU14, yang mana apabila Tun mula bongkar 1MDB, Tun mulakan langkah dengan mengumpul rakan rakan untuk melawan Najib/kerajaan. Tetapi ia tidak berhasil dan dapat dipatahkan dengan mudah.

Rasanya itulah kali pertama saya rasa 'ditinggalkan'. Walaubagaimanapun, saya faham bahawa ia adalah keperluan 'dunia nyata/dunia fizikal'.

Namun setelah Tun tidak berjaya, kita kembali 'berbincang' dan Alhamdulillah PH menang walaupun Bersatu dinafikan bertanding.

Pengalaman kita adalah pengalaman menurunkan kerajaan. Kita tahu di mana mahu menyentuh titik kelemahan.

Dan saya fikir politik Tun tidak cukup bagus untuk menangani situasi politik semasa. Malah tiada orang yang bagus dalam kerajaan untuk menangani suasana politik selain Tun.

Itu pendapat saya. Saya perlu mengurangkan menulis di sini. Saya benar benar perlu meninggalkan blog ini. Saya harap saya berjaya.

Saya tahu Tun masih dapat memberi markah yang betul pada prestasi kerajaan iaitu 5/10. Saya setuju dengan itu.

Take care Tun.

Terima kasih Tun.

Malaysia tidak boleh diganggu oleh perosak Negara yg tidak Bertanggung Jawab Ada pembangkang , ada golongan yg tidak senang, merosakan Pentadbiran Negara dengan menghasut ,menyelewengkan Orang Malaysia yg keliru dan yg tidak ada kerja menunjuk perasaan yg tidak ada tujuannya

Seperti menuduh Kerajaan tidak berkebolehan , tidak tunaikan janji ,tidak menghormati Islam , Raja Raja dan mereka cari fasal hingga menyalahkan tidak ada sambal belacan pun salah kerajaan. Gejala bergini akan membelakangkan & mengundurkannya Malaysia Kita ada Parliament untuk berdebat bertujuan untuk mendapat kata putus di Parliament.Tapi masih ada yg bertujuan menyeret tidak puas hati mereka ke jalanan yg bakal mengakibatkan memborontak dan tidak stabil Negara. Maka saya berpendapat ISA perlu ditubuhkan semula

1. Mungkin Kerajaan belum tepati janji Tunjukan saya mana Kerajaan yg boleh menepati janji begitu saja Process perlu di laksanakan untuk berjaya . Semua harus berkerjasama termasuk pembangkang untuk menuju pada apa yg di janjikan . Bukan mengamuk nak tepuk meja saja tanpa sokongan dari pembangkang. Kita perlu kerjasama untuk memajukan Malaysia

2.Tidak hormat pada Sultan ? Saya tidak nampak Tun bertujuan menjatuhkan KeSultanan

Malaysia atau tidak hormat pada Sultan .Yang saya lihat Tmj sendiri yg tidak menunjukkan Penghormatan .Tidak nampak Tun memperkecilkan Sultan sama sekali . Sultan manusia biasa juga macam kita, bakal melakukan kesalahan . Namun No one is above the Law . Ini seharusnya , No EXCEPTIONAL among us. Tmj perlu bercampur , masuk arena politik dan bertanding untuk Suara beliau kedengaran di Parliament.Begitu juga Beliau perlu menonjolkan bakat beliau bermain bola sepak
Ada kata yg Tun tidak tukar PM ke DSAI
Setahu saya Tun mengatakan dalam tempoh 2 tahun
Ini baru tahun pertama

Mengata, mencerdik senang, macam Tin Kosong
Tapi duduklah di tempat Tun dan bagi seorang yg sudah berumur 93 tahun

I trust that you don't mean to insult the people of Borneo over finances. If you read the economic history of this nation properly, you will discover that the Borneo states of Sabah and Sarawak are largely responsible for building up what you have in West Malaysia today. Remember the oil and gas revenue of Petronas? In any case, the generous people of Sabah and Sarawak are proud to have contributed to the overall development of Malaysia to the extent that it is virtually a developed country soon. On the other hand, we have no problem with anyone becoming a Prime Minister, not only for the Borneo states but for all Malaysia. You see, in Sabah, we have no problem with race. We had three Chief Ministers who were ethnic Chinese. But they were Sabah Chinese and they don't see themselves as serving only the Chinese community but all communities in Sabah. Perhaps you are not ready to accept this development in West Malaysia?

Dear Tun,

Tahniah genap setahun Pakatan Harapan mentadbir negara. Teruskan segala niat yang murni, teruskan maju ke hadapan. Jangan mengalah pada cabaran, tegas dalam membuat keputusan dan terima kritikan demi memperbaiki diri. Pakatan Harapan telah membawa negara kembali ke landasan yang betul post GE14. Masa akan membuktikan.

I pray for you, your team of Pakatan Harapan government. May Malaysia prosper from this day forth.

Take care dear Tun. Remember to drink lots of water during this time of the year. Love Tun and Tun Siti.

Estate people?

Dont you think its too late to gostan?

Take it, or leave it since there are so many of them berebut2 to be the perdana menteri, dpm and menteri.

Once bitten by snake, one will be frightened by a sight of rope.

Jika mahu politik sampai tahap ini, malaysia wont be a failed state, but when perdana menteri failed, he will be voted out, it is only a matter of time since truth shall prevail.

Yesterday was past, thats why we called past tense.

Today is present tense, that why today is a gift.

Tomorrow is future tense, thats why its mystery.

Accidents happened, and when they happened, they must be good reasons.

Assalamualaikum Tun.

Setakat pengetahuan saya, Syeikh Abdul Malek (Tok Pulau Manis) dan Sayyid Abdul Rahman (Tokku Paloh) adalah orang sufi.

Orang sufi yang berkebolehan memerintah.

Sejarah moden Terengganu adalah dari susungalur keturunan anak perempuan Syeikh Abdul Malek yang dikahwinkan dengan galur Habib Abdul Majid (Johor).

Mereka ini adalah dalam kategori ahlul bait (keturunan dan keluarga Rasulullah saw).

Syeikh Abdul Malek memilih jalan pertabalan kesultanan Terengganu moden tersebut setelah dipujuk untuk meninggalkan zuriat pada pusat memerintah setelah tidak mahu lagi duduk ditakhta melainkan menumpukan tenaga pada hal hal dakwah.

Salasilah kesultanan Terengganu boleh diterangkan sepertimana salasilah kesultanan Johor sekarang.

Namun pasti ada perbezaannya di antara sejarah kesultanan Johor dan Terengganu seperti yang ditulis sejarahnya dalam buku buku Tun Suzana.

Saya adalah dari susungalur anak anak lelaki Syeikh Abdul Malek (1860-an) yang berada di luar istana setelah syeikh turun takhta.

Sejarah asal usul keluarga moyang syeikh adalah dari Bahgdad, seperti yang tercatat.

Berkemungkinan besar selama saya di sini ia adalah antara pengetahuan dari zaman kegemilangan empayar Abbassiyah.

Sepertimana yang tertulis pada Batu Bersurat. Islam akan muncul dari tempatnya.

Satu perkara yang besar terpaksa saya tulis berkenaan pengetahuan ini, berkemungkinan besar saya telah dan sedang melalui proses ilmu laduni semasa saya di sini.

Komen ini tidaklah berkaitan dengan artikel di atas. Tapi adalah satu kenyataan yang perlu diberitahu.

Terima kasih Tun.

After sharing power for more than 30 years, now only want an orang asli as prime minister for malaysia?

Prime minister or chief minister for sabah, political parties of the divide to choose, takda masalah.

Perhaps, taxpayers in peninsula do not need to subsidize orang sabah and sarawak, and we at west here can save the subsidy to develop other states in west.

I sure hope pengundi orang sabah and sarawak to decide in ballot boxes when her geng proposed orang asli as prime minister for bot sabah and sarawak.

Good luck to whoever she is....

In today's Daily Express (the one in Sabah) front page, the headline "Can't Satisfy Everybody: Dr M" aptly describes the present government's and all previous governments dilemma since independence. In a heterogeneous society like ours, it is almost an impossible dream. Thus, rather than focusing too much of our national attention on our provincial, religious and ethnic little problems, we should be focusing what we have in common. We should be working together hand-in-hand, despite our endless and permanent differences, and get on with the job. Our job as citizens of this country is to ensure that the future generations will inherit a much better economy and therefore livable society. The choice is simple. Do we want to forever bicker with each other over religious, ethnic and provincial matters and end up not working at all but instead forever fighting each other in successive General Elections (and god forbid, into actual riots like in Africa, Middle East and the Indian sub-continent); or do we want to prosper together regardless of who leads the trains as long as we are all moving nicely towards becoming a highly prosperous and developed economy alongside Japan, South Korea, Australia, to name just a few in the region? For me, the answer is simple. I don't care who becomes the Prime Minister. I am a Muslim (albeit of Sabah native background) but I believe that an Orang Asli Prime Minister, if he is the best candidate we have, is good enough for all of us.

Good morning Tun

Saya setuju dengan Hajar.

Lgipun setau I Haji Hadi tak mengata Tun. Macam mana I tau? I jadi pengikut Hadi kat Facebook. Kalau mengata pun Anwar PKR ada, itu pun kecil sangat.

Hadi selalu bercakap tentang kuliah agama, aktiviti agama seperti di Terengganu for example. I pernah baca ada orang menulis kenapa orang tak mengata Haji Hadi? Mudah sangat jawapan itu sebab Haji Hadi tak mengata sesiapa. hahaha You nak gaduh dengan Tok Guru? Buang masa sahaja lah. Bulan puasa lagi pulak tu.

I for example puasa, tapi jika my blood sugar turun atau terlebih naik, I buka puasa. Pada semua yang ada penyakit baik lah makan ubat, monitor your health. Almaklumlah masuk 40 tahun aje dah ada macam2 sakit. Ada juga umur 20han dah ada kidney failure. Kena jual kuih nak tampung kos hemodialysis yang menelan ribuan ringgit sebulan. Ini cerita orang Melayu Islam. Mana ada free free zaman PH.

Kalau nak beli rumah pun sama, mana syarikat nak war warkan bumiputra diskaun. Kena pulak yang membeli bertanya, ada bumiputra diskaun?. Zaman PH, kalau ada apa yang istimewa dan khas untuk orang Melayu, Bumiputera kena sorok sorok beb!

Tun, dalam PH tiada semangat Melayu, dalam PH juga tiada semangat Islam. Jika ramai memilih UMNO dan PAS, Tun jangan berkecil hati, Tun jangan murung. It is what it is.

As usual my complain about stock market, that's my business, business dalam lautan merah, politik ini I macam Hadi juga, sentuh sedikit sahaja <https://whims2016.wordpress.com/jot1/>

Selamat berpuasa semua.

I realise that this is off the main topic, but like I said previously, as a country that aspires to become a fully developed economy, we as citizens must get rid of our mutual suspicions toward each other. As a Sabah native, I do not see why Sabah and Sarawak must demand to be equal partners in the federation. We can only get this if the federal capital is cloned three-ways, each located in KL, KK and Kuching. As it is presently set up, the federation operates as unitary state with almost absolute control over finances from the federal capital. The alternative is to devolve more development responsibilities and financial resources to support these, to both Borneo states. But the issue here is not political, but economic. We seem to regard that all economic malaise can be resolved by political solution. And that is what devolution of powers simply is... simply a political solution. It will not resolve anything. We must try to understand the root of Sabah's and Sarawak's claims for equality. It is the same reason as to why the founding fathers of this country fought for independence from the British, which was to enable us to chart our own economic progress. And look at the result today.. we are regarded as the only Muslim majority country that is knocking the door of the OECD group of industrialised economies. So, is that because of independence? If we are deluded then we say yes. If we look outside our country and see 50 to 100 other independent countries which are struggling to even get to the starting line, or fighting between themselves, then we will realise that political declaration of independence or equality does not make you prosperous as a nation. If it did, then no ordinary Bruneians ever need to work again in their lifetime, as they are an oil-rich sovereign nation with a total population less than a third of metropolitan KK. And ordinary Bruneians still need to work to make ends meet. In short, political equality will not solve the reason why we strive to be equal partners in the first place, that is economic inequality. And economic inequality is due to lack of jobs. Jobs are created through long-term investment by the private sector, not by the government. Civil service is not part of the real economy, it as its limits. So what creates investments and jobs? Is it infrastructures? If we think that is the solution, then KL is already the wealthiest economy in Southeast Asia. But it is not. It has superb infrastructures but the vast majority of its inhabitants are only average and struggling to make ends meet. It is the same everywhere in the country, only a little less visible than KL. It is the same in KK, Kuching, Keningau, Sabah, Sarawak, Kedah, Pahang, Penang and Johor. But at the same time, we can see that certain parts of the country have superior concentrations of certain job types. For instance, almost all significant private sector investment in the electrical and electronic sub-sector in the country are in Penang. Why is that? It is not because Penang has anymore devolved political power than the rest of

Malaysia. The answer is not political but economic. It is because that it makes more economic sense to invest in Penang than say, Perlis. (my apology to Perlis residents). For the same reason, Sabah and Sarawak leaders must stop chasing the wrong solution to the wrong problem. The problem is economic, not political. The solution is therefore economic. What every citizen in this country must strive for is to ensure that their respective areas are economically attractive enough compared to other areas for private sector investors. And the real solution lies in personal choices and sacrifices. Individuals must be ready to train and be trained. All the training facilities will be useless unless individuals make use of them, not only during their training period, but after they are qualified. They must look for jobs and not wait for jobs to be created next to their houses. Private investors can see if Sabah is the Real McCoy like Penang if we work hard, individually. Sabah is very lucky that its people don't have to struggle as much as other states to receive investors. We just open our doors and let people see our mountains and oceans, and presto!, everyone comes from everywhere. Even to stay permanently and make KK their second homes. Without our natural landscape, we will be as bad as Perlis (sorry again to Perlis). It is the plain truth. Sabah's problem is not its unequal political inheritance, but its problem is that it exists in a country that is on the verge of becoming an OECD developed economy. That is the problem. The inequality in development surfaces and its leaders blame the political masters in KL. If Malaysia is still struggling like the Philippines and Indonesia, or even Thailand, this provincial complaint is still a long way off. We have to be careful how we resolve the problem. Political solution may change the ways things are done forever, and if we are not careful the baby may be thrown out with the bath water, so to speak. Meanwhile, the problem is not resolved.

Pak Jokowi telah disahkan menang undi majoriti against Pak Prabowo di negara besar Indonesia walaupun bukan besar, but got room for improvement.

It was reported over 150 members of EC and PDRM died due to over work, and that's tragic.

Kenapa Pak Prabowo kalah, dan siapakah Pak Prabowo?

Pak Prabowo kata negara Islam tak boleh membenarkan lelaki peluk lelaki, perempuan peluk perempuan, mereka ini adalah dusta, iblis, atau syaitan, something like that.

Inilah sebabnya para pengundi marah, dan kasi undi kepada Pak Jokowi.

Itu apanama Rahman dari UMNO baru BN Sabah kata Allah telah memberi penunjuk sokongan undi kepada Sandakan, you rasa UMNO baru BN beliau boleh menang?

It is just only a week to go whereby voters in sandakan will cast votes on may 11, 2019 whereby there have entah berapa corner fights, atau vote splitting and swap seats behind the voters, we just have to wait it out lor.

Good day and enjoy ourselves for those who fast and dont.

Assalamualaikum Tun,

Saya ada terbaca dalam akhbar yang Tun akan menyerahkan kempimpinan kepada Dato' Seri Anwar apabila tiba masanya. Apabila Anwar menjadi Perdana Menteri, beliau akan diberi ruang untuk mentadbir negara tanpa terikat dengan cara-cara Tun. Saya rasa begitulah hendaknya, setiap Perdana Menteri ada cara masing-masing. Sesiapapun yang akan menjadi Perdana Menteri, beliau kelak akan dinilai oleh rakyat dalam pilihanraya umum. Inilah sistem demokrasi yang diamalkan negara kita.

Cuma saya pernah sebut, betapa menderitanya rakyat di bawah pemerintahan Najib sebagai Perdana Menteri. Sebagai Perdana Menteri, Najib begitu berkuasa, sehingga walaupun terlibat dengan skandal 1MDB yang berbilion ringgit, negara dihina diluar negara sebagai negara kleptokrat, tiada siapa mampu menghalangnya. Gabungan AG, Gabenor Bank Negara, IGP, dan Ketua SPRM atau dikenali sebagai "the 4 Tan Sri", pun tidak mampu melawan Najib ketika dia menjadi Perdana Menteri. AG dipecat dan pakatan "the 4 Tan Sri" dibubarkan.

Tun terpaksa kembali aktif masuk politik, mendapatkan 1 juta tandatangan dan bawa ke Majlis Raja-Raja. Majlis Raja-raja pun tidak dapat melawan Najib, walaupun sekarang ada raja yang bersuara tentang isu politik. Pemimpin-pemimpin UMNO, dari akar umbi sehinggalah ke Majlis Tertinggi terus menyokong Najib. Mana-mana pemimpin yang menentang, seperti Tan Sri Muhyiddin, dan Dato Seri Shafie Apdal, dipecat.

Langkah terakhir adalah melawan Najib melalui pilihanraya umum. Maka ditubuhkan Bersatu. Tetapi pada hari menjelang pilihanraya, Bersatu diharamkan dari bertanding. Pendaftaran Pakatan Harapan ditangguhkan. Maka dalam pilihanraya terpaksa Pakatan Harapan terpaksa menggunakan lambang PKR.

Walaupun skandal 1MDB terang-terang adalah kecurian besar berbilion-bilion ringgit, BN tetap dijangka akan menang PRU 14.

Namun, seperti yang kita tahu sekarang, buat pertama kalinya dalam sejarah, pihak pembangkang Pakatan Harapan akhirnya menang PRU 14 dengan Tun kembali sebagai Perdana Menteri ke-7.

Semua orang setuju kemenangan Pakatan Harapan adalah sesuatu yang diluar jangkaan atau "miracle".

Yang menjadi kerisauan saya, jika seseorang seperti Najib menjadi Perdana Menteri lagi sekali, tidak mungkin kemenangan seperti ini berlaku lagi. Andaikata seseorang seperti Najib memerintah negara ini sekali lagi Negara pasti akan hancur.

Sementara Tun menjadi Perdana Menteri, saya harap Tun dapatlah meletakkan "check and balance" ke atas kuasa Perdana Menteri yang sangat berkuasa ini. Inilah cita-cita kita semasa mahu menumbangkan Najib dahulu. Seperti yang pernah kita bincangkan, Perdana Menteri tidak boleh memecat AG, tempoh maksimum seseorang menjadi Perdana Menteri adalah dua penggal sahaja, SPRM diberi kuasa menyiasat sesiapa sahaja yang terlibat dengan perbuatan korup tanpa campurtangan dari mana-mana pihak, termasuk Perdana Menteri, Parlimen diangkat sebagai tempat "check and balance", wujudnya dua parti sistem dan wujudnya pembahagian kuasa antara kehakiman, eksekutif dan parlimen.

Terima kasih Tun. Selamat menjalani ibadah puasa di bulan Ramadhan.

Salam YAB dan DiSanjung PM Tun Dr. Mahathir,

1. Eloklah kita bersangka baik terhadap sesama Islam di bulan Ramadan Kareem ini.
2. Pada pengamatan saya, sudah ada nampak sedikit perubahan sikap yang ditunjukkan oleh ahli2 dan pemimpin2 PAS terhadap umat Islam yang bukan ahli PAS. Mereka sudah boleh bertoleransi dengan golongan yang berbeza pandangan politik. Niat mereka biarlah Allah SWT sahaja yang menilainya.
3. Golongan munafik amat dilaknat oleh Allah SWT. Mereka ini pura2 beriman kepada Allah SWT. Golongan ini biasanya tidak segan-silu menghina dan mengutuk Islam (umat Islam), tetapi mengaku Islam. Kita juga ada orang kafir di blog Chedet yang mengaku 'Islam', dan secara halus menghina Islam (mudah sikit kerja dia).
4. Antara ciri-ciri orang munafik ialah bila mereka berjanji, mereka mungkir. Apabila mereka bercakap mereka dusta @ suka menipu, dan bila diberi amanah mereka khianat. Orang munafik juga melampau batas bila berbeza pendapat (sanggup berbunuhan contohnya).
5. Memanglah Malaysia dianggap Negara Islam contoh di serata dunia, tetapi bukankah kawan2 Tun (terutamanya Kit Siang & geng) dalam DAP tidak mahu (tidak pernah)

mengaku bahawa Malaysia ialah sebuah Negara Islam? Jadi, bolehkah kita katakan yang PH mendaulatkan Islam?

Terima kasih Tun.

– Semoga Allah SWT sentiasa merahmati Tun sekeluarga –

In order to be fair and equal partners, sabah and sarawak should be granted as equal partner, not puppet to putrajaya, imso.

As for penang and kedah, they can do what they see fit, but they cannot treat other states as their puppet under this tajuk, and they must bear the consequences of their action.

Privatization is good, but it could be regressive when race and religion supremacy of islam diutamakan, imso, not imao.

Mark my word, mereka dipilih bukan kerana mereka berkemampuan, mereka dipilih kerana mereka masih ingin menguasai ekonomi negeri mahupun negara, and cronism and nepotism would be repeated in the form of lobby within their circles of influences since this way out is the easiest, by the end of the day.

They will never progress nor live up to the most advance technology, and will be left behind, it is just only a matter of time.

Barter trade diplomacy is goodwill in the name of donation, globalization to help thy neighbours to grow, but this goodwill could be see as threat to the opposition who dont believe in barter trade.

Usa has patriot act, and they are very skillful in war strategy, and this is something that no one can deny.

Whether presidents of usa like it or not, they must get the mandate from the american voters iaitu taxpayers of those who vote and dont vote to represent the country to earn back the cost of expensive wars of their past presidents.

Privatization of MAS?

It will be interesting to see who gets to do the privatization deal.

Aku jual, malu apa bossku?

Race and religion issues become complicated when personal interests is above fdi, people and country.

They are elected to solve problems facing the country and allies, they are not elected to monopolize the market.

Voters are not puppet, but members of political parties can be puppet to their masters.

It is still come back to my land, or your land.

Jika pengundi tak rela and not ready, then, be prepared for another money loosing mega project skandal.

We are living in 2019, bukan 1969, please bear that in mind.

P/s: the old ones will leave, but are the old ones ready to let go? the new one come in, but are they prepared to take over? this is some thing that tdm needs to think deeply as perdana menteri ke-7 di bawah tajuk ini whereby only 52% of the population is muslim.

Perbelahan Agama berlaku bukan kerana Agama
Berlaku disebabkan keinginan dan nafsu politik
Ingin menguasai Kuasa & Ekonomy
Begitu juga persoalan Sunni & Shia
Tidak tertulis di Quran huruf Sunni & Shia
Semasa itu Nabi Muhammad S.A.W adalah Rasul juga Pemimpin Kaum
Setelah wafatnya Nabi Muhammad S.A.W
Barulah timbul Sunni & Shia untuk masing masing hendak menjadi Pemimpin juga untuk
dasar ekonomi

Begitu juga yg berlaku di Timur Tengah
Di Syria, Iraq, Libya ,Afganiztan, Vanuzuela dan yg lain
Bukan kerana Amerika membela Demokrasi ,membela Kezaliman , membela Hak asasi
Manusia . Tetapi membela Kepentingan Tamak Haloba Amerika sendiri

Satu Dunia tahu Amerika Pembohong
Satu Dunia tahu Amerika ingin menakluk dengan memperbonekakan Pemimpin negara
tersebut .Kerana Amerika Gagah & Lengkap akan segala Keperluan
Maka Salah Amerika di nampak Benar
Kentut Amerika yg Busuk dikata Wangi

Maka saya SiBotak sering merayu ,memohon , mengalu alukan Ummah untuk Bersatu Bersatu jika tidak perlawat PH , hanya UMNO & PAS Itu bukan untuk Ummah , malah terserlah nafsu ingin Berkuasa mempergunakan Agama untuk Kepentingan Politik mereka Mermecah belahkan Ummah akan membinasakan Ummah sendiri

Maka perlu setiap perbuatan kita mesti berniat Niat yg baik di percepatkan ,niat jahat di musnahkan saja

PH akan lemah selagi bersekutu dengan DAP Terkecuali Tun dapat dapat Bermualafkan DAP Walaupun DAP satu Party yg berupaya Orang Melayu tidak mahu mempertuankan DAP

Tun berhadapan dengan krisis ini sekarang Berkuasa bersekutu dengan DAP ,Pembangkang akan menggunakan ini sebagai satu senjata mereka. PH akan tumbang di PRU15 akan datang selagi PH bersekutu dengan DAP. Perkauman satu Kenyataan yg tidak perlu berlakun seolah ia tidak wujud. Begitu juga jika DAP berkuasa kelak Adakah Tun fikir DAP akan mengupamakan hak Melayu Lihat saja jiran terdekat kita sekarang Itu Kenyataan yg Tun tidak bolih Nafikan

"Dimana-mana juga di luar Negara terdapat orang Islam yang pandang tinggi Malaysia sebagai negara Islam. Mereka nyatakan keinginan melihat negara mereka menjadi seperti Malaysia."

I completely agree with this statement. The truth is, irrespective of whether we want to accept it or not, the only reason why these countries which I believe are Middle Eastern countries, are in a dilemma is this. They are still stuck with a medieval era political system, that does not accord equal rights to their citizens or any freedom of speech or choice. This keep their citizens in their place, with no incentive to shine, and this effectively leaves only their undemocratic governments to run their economies to their dire consequence (luckily they still have some oil and gas, for now). And as we have discovered rather a bit late in our own country, government must not meddle in running any type of business. But it is not too late to change the basic policy of turning into a truly developed economy. If we aspire to join the rank of a truly self-sustaining developed economy, government must not interfere with how the economy should be run. It should be run entirely by the private sector. Malaysia Airlines should be sold to the private sector, and not to another government-controlled company (that is not privatisation). The new national car project must be started entirely by a private company, with

incentives given by the government. But it must not be another Proton-like model again. Otherwise, we are just repeating the same mistake.
