

TUN DR. MAHATHIR: IT ALL STARTS WITH YOU!
Prowaris, 28 June 2005

PUTRAJAYA, 13 June 2005 : Malaysia's former Prime Minister, YABhg Tun Mahathir Mohamad, who is also the Chairman of Perdana Leadership Foundation today summoned all Malay Professionals to work within solid work ethics and focus on quality.

He added "Even though a small salary earned by a Malay Professional is just a small fraction, it is definitely a start to phenomenal impact in developing future Malays"

In the meeting with ProWaris at Perdana Leadership Foundation to discuss on ProWaris' mission, aspirations and challenges facing Malay Professionals, YABhg Tun Mahathir nonchalantly sums up the predicament with Malays Professionals as a problem in "attitude" particularly towards work, subsidy, loans and grants. In the said discussion, he also expressed his concern on unemployed graduates who normally demand for high salaries even before they have proven themselves.

ProWaris' members were also advised to strive harder in respective business acumen and collectively contribute to the renaissance of the Malays. He also expects ProWaris to revert to him by the end 2005 with a detailed progress report on ProWaris' activities in facing the challenges of Malay Professionals in meeting the
Malay
Agenda.

The session ended with En Feriz Omar and En WM Jauhari presenting a framed poster “Melayu Mudah Lupa” and an exclusive ProWaris’ shirt to YABhg Tun Mahathir
