

# *No reshuffle*

## *in Cabinet: PM*

THE present Cabinet will not be reshuffled, Datuk Hussein Onn said today.

The Prime Minister's remarks came in a written reply in the Dewan Negara to Senator Datuk Haji Ahmad Arshad who asked whether a reshuffle would take place in view of the slowness of some ministries in carrying out their duties.

In another written reply, to Senator Michael Wong Kuan Lee, he said Petronas had taken action to refine local crude oil at the Port Dickson refinery and also overseas as part of the effort to meet the oil shortage.

Datuk Hussein said the senator was inaccurate in assuming that Malaysian would be isolated from world market and price fluctuations by refining its own oil.

The determination of the oil price must take into account various factors and also problems and implications that might arise, he said.
