

# Keep out of politics, students urged

S. I. 190601974  
KUALA TRENGGANU, Sult. — University students were urged last night to concentrate on their studies and not to get involved in politics.

Umno Supreme Council member Dr. Mahathir Mohamed said students' political activities should be limited to the campus only.

He was speaking at a National Front rally at Kampung Paluh, 13 miles from here.

He said students should be grateful to the Gov-

ernment for the thousands of dollars spent on them each year.

People should not be easily convinced by students who were campaigning for the Opposition, and they should study the National Front concept and not blindly accept socialist ideology, he added.

The Partal Socialist Rakyat Malaya, he said, was only confusing people by raising issues without offering solutions to them.
