Star Saga
salesman

KUALA KRAI, Fri.
Prime Minister Datuk Seri
Dr. Mahathir Mohamad
helped promote sales of the
Proton Saga during his
speech at the opening of the
Kuala Krai Umno division
delegates meeting here to-
day.

"It is different from any-
thing that has been made
before," he said.

Dr Mahathir, who is also
Umno president said: "Its
main feature is that it is ac-
tually dust-proof and we do
not need to wash it regular-
ly. So those of you living in
the kampungs where the
roads are dusty, this is a
good opportunity."

LAUGHTER

As the laughter died
down, Dr Mahathir added
that while it was not his in-
tention to go on an "adver-
tising campaign" for the
car, "since I have the oppor-
tunity now, why not?"

He said that whenever he
attended public functions "I
always get trapped in a situ-
ation where I have to listen
to people complaining about
things they don't like or
even worse, asking for mon-
ey the Government does not
have."

"If other people can say
their piece, so can I and in
this case, please buy the
Saga. It is certainly one of a
kind," he said.
