

Help national integration: PM

5 2 1 AUG 1963
LUBOK ANTU (Sarawak), Tues. — The Prime Minister has called on the people to help promote national integration which will become part of the foundation for the nation's future.

Datuk Seri Dr Mahathir Mohamad said focusing attention on short-term interests would not help the country.

Dr Mahathir, who is also Barisan Nasional chairman,

says this in the souvenir programme of the workcamp for Youth wings of Barisan component parties which begins here tomorrow.

The five-day workcamp has the theme *Towards Achievement of the Objectives of National Integration*.

Dr Mahathir says he is pleased with the theme, which "reflects the deter-

mination of the future leaders in tackling such an important matter."

He is confident that the workcamp will result in new efforts towards national integration.

Umno Youth leader Anwar Ibrahim will present a paper on *National Integration — the Foundation of the Nation's Strength* at the workcamp.
