JOHORE BARU, Fri. — Pas, which previously branded those working hand in hand with non-Muslims as *kafirs*, has now to swallow its own words since the party itself is co-operating with non-Muslims.

Barisan Nasional chairman Datuk Seri Dr Mahathir Mohamad said today: "What Pas is doing now is even worse because the party goes out of its way to seek the DAP's support to form an opposition front."

Pas had demeaned itself by going on its knees before the DAP to seek its sympathy and support, he said at a Barisan National gathering in Tampoi this evening.

The party, which is now working with non-Muslims, should therefore brand itself *kafir*.

Pas practised double standard because the party told its supporters in one State it had nothing to do with non-Muslims when it had, in fact, sought the support of non-Muslims in other States, he said.
