projects in Kubang Pasu

ALOR STAR, Sat. — Datuk Seri Dr Mahathir Mohamad is satisfied with efforts to reduce poverty in his Kubang Pasu parliamentary constituency.

The Prime Minister said today the Kubang Pasu District Office had taken several steps to eradicate poverty, including providing aid to the poor and implementing economic projects.

He said development projects were proceeding smoothly to turn the district into a very important gateway into the country.

"All areas have been supplied with electricity, with 70 per cent of the district enjoying water supply," he told newsmen after a 2½-hour briefing at the district office here.

Also present were Menteri Besar Datuk Seri Haji Osman Aroff and senior government officials.

The Prime Minister, who arrived here last night to attend a breaking of fast ceremony, left for Kuala Lumpur at noon.
