PARLIAMENT: RAFIDAH SHARES APPROVAL CASE A TECHNICAL ERROR, SAYS PM

KUALA LUMPUR, July 22 (Bernama) -- The approval of several million shares to the son-in-law of International Trade and Industry Minister Datuk Seri Rafidah Aziz was a technical error and, consequently, no legal action will be taken, Datuk Seri Dr Mahathir Mohamad said.

The Attorney-General decided that the approval by Rafidah of 1.5 million shares in Leader and 4,173,901 shares in FACB to Razrin Azwar was a technical error which does not automatically make it an offence, the Prime Minister said in a written reply to Lim Guan Eng (DAP-Kota Melaka) in the Dewan Rakyat today.

He said the Attorney-General has made a decision regarding the investigation by the Anti-Corruption Agency of the case and did not propose to bring charges against anyone. -- BERNAMA
