All should join in and condemn action against PM

A.E. Pereira

AS a poineer who witnessed the proclamation of our country's independence, I was very disturbed by the call by 34 US Congressmen for Prime Minister Datuk Seri Dr Mahathir Mohamad's resignation.

I firmly believe that it was an attempt to undermine our country's sovereignty.

Malaysians exercise their democratic right to choose the people they want to represent them in the law-making chambers under the leadership of our well-respected and well-loved Prime Minister Dr Mahathir.

It is well-known fact that under the leadership of Dr Mahathir, Malaysia has grown from a country with an unknown future to one that has gained international recognition for its socio-economic and industrial development.

Malaysia is an independent and sovereign country, therefore, it is the legitimate and constitutional right of all Malaysians to determine who they want as their leader and foreign powers have no right to interfere.

Asian countries as well as others that uphold democratic principles and strive for peace should join in and condemn the action by the Congressmen against Malaysia.

As a veteran, I join the multitude of Malaysians in praying for peace all over the world and an end to poverty and hunger.
