Country Heights Holdings Bhd - Fast work

Steven Teoh

IN CONJUNCTION with his visit to Country Heights Holdings Bhd's unique The Mines Resort City development in Kuala Lumpur recently, Prime Minister Datuk Seri Dr Mahathir Mohamad officially launched the new logo of The Mines Resort City, the 'Golf for Charity' event at The Mines Resort & Golf Club, and the opening of The Mines Shopping Fair Public Driving Range.

Since the PM's last official visit a year ago, construction at the 1,000-acre site has achieved rapid progress, resulting in the completion of The Mines Shopping Fair and the near completion of The Mines Beach Resort, Palace of the Golden Horses and The Mines Waterfront Business Park.

Strategically located at Sungei Besi on the outskirts of the Federal capital, the integrated development of the RM2 billion resort city involves over five million sq ft of built-up area and is set within the Multimedia Super Corridor.
